MARICOPA COUNTY, ARIZONA

PRESIDENTIAL PREFERENCE ELECTION – MARCH 22, 2016

HAND COUNT/AUDIT REPORT

Synopsis:

Pursuant to A.R.S. §16-602(B), Maricopa County conducted the hand count/early ballot audit for the **March 22, 2016 Presidential Preference Election**. 2% or 2 precincts/polling places, whichever is greater, must be selected. As required by statute, **2** precincts/polling places out of **60** total precincts/polling places were chosen.

The hand count began on **Wednesday, March 23, 2016** at **6:00 p.m.** when the Maricopa County Party Chair of the Democrat and designee of the Green Party met to select the precincts/polling places, early ballot audit batches, and early voting site (DRE) touch screen machine to be audited. The Republican Party Chair was not present for this draw. All ballots were accounted for in the central counting location before the selection process started and reported on the Secretary of State's website. The selection order was chosen by lot, and the **Green** Party was chosen to go first followed by the **Democrat** Party.

With the order established, the specific precincts/polling places to be counted were selected with the participating County Party Chairmen or designee alternating the various selections. Once the precincts/polling places were chosen, the early ballot audit batches to be counted were selected (*1% of the totals early ballots cast or 5,000, whichever is less: 500,000 potential EV's X 1% = 5,000*). A total of **25 batches** were selected to be audited to reach or surpass this 1% required audit total.

Only three (3) contested races exist for this Presidential Preference Election so those races were automatically selected by default: **PRESIDENT-Republican Party, PRESIDENT-Democrat Party** and **PRESIDENT-Green Party** (*60 precincts/polling places possible*)

The master precinct and race selection lists are attached for review. The physical hand count started at **9:00 a.m.** on **Thursday, March 24, 2016** and was concluded at **4:00 p.m.** on **March 24, 2016**. The tabulation method used was the stacking method for the optical scan ballots and the tally method for the touch screen accessible voting devices (DRE). The audit was conducted by **9** boards made up of 3 members, of which not more than 2 members were from the same political party. This hand count included votes cast on both the optical scan and touch screen devises from the selected precincts/polling places.

Early Ballot Audit:

1% of early ballots were audited as per Arizona State Law. The early ballot audit consisted of **25** batches with at least **2** batches from every machine used for tabulation. Each batch contained approximately **200** early ballots. There were a total of **533,760** early ballots cast in Maricopa County for the **2016 Presidential Preference** Election.

Comments:

There were no discrepancies that occurred between the machine and the hand count totals.

Helen Purcell
Maricopa County Recorder
