Gross mismanagement of Arizona's finances by Governor Brewer including budget cuts to programs vital to the health, welfare and education of Arizonans that could have been avoided with bipartisan cooperation and willingness to consider alternate proposals to address the state's fiscal challenges. We are ashamed that our state was first in the nation to cut organ transplant funding from its Medicaid program (AHCCCS) which insures the poor and has already resulted in lost lives. It is unacceptable that the Governor has proposed further cuts to AHCCCS funding that would also illegally cancel medical coverage for roughly 280,000 of the state's poor and needy. This defies and undermines the will of the people of Arizona who guaranteed AHCCCS coverage to these individuals with the passage of Proposition 204 in 2000 and constitutes an abuse of gubernatorial power. Arizonans are a people of conscience and we will no longer tolerate the type of heavy-handed governing and unwillingness to consider alternative bipartisan solutions to the state's fiscal challenges that do not compromise the health, welfare and education of the people of this great state. It is time to restore credible leadership to the Office of Governor and to rebuild our state's tattered reputation.
