Within the stated calendar quarter, this Title contains all rules made, amended, repealed, renumbered, and recodified; or rules that have expired or were terminated due to an agency being eliminated under sunset law. These rules were either certified by the Governor’s Regulatory Review Council or the Attorney General’s Office; or exempt from the rulemaking process, and filed with the Office of the Secretary of State. Refer to the historical notes for more information. Please note that some rules you are about to remove may still be in effect after the publication date of this Supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PUBLISHER
Arizona Department of State
Office of the Secretary of State, Administrative Rules Division
Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the Administrative Code. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

ADMINISTRATIVE RULES DIVISION

RULES
A.R.S. § 41-1001(17) states: “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE
The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions. Virtually everything in your life is affected in some way by rules published in the Arizona Administrative Code, from the quality of air you breathe to the licensing of your dentist. This chapter is one of more than 230 in the Code compiled in 21 Titles.

ADMINISTRATIVE CODE SUPPLEMENTS
Rules filed by an agency to be published in the Administrative Code are updated quarterly. Supplement release dates are printed on the footers of each chapter:

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2017 is cited as Supp. 17-1.

HOW TO USE THE CODE
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARTICLES AND SECTIONS
Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering system separated into subsections.

HISTORICAL NOTES AND EFFECTIVE DATES
Historical notes inform the user when the last time a Section was updated in the Administrative Code. Be aware, since the Office publishes each quarter by entire chapters, not all Sections are updated by an agency in a supplement release. Many times just one Section or a few Sections may be updated in the entire chapter.

ARIZONA REVISED STATUTE REFERENCES
The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES
Arizona Session Law references in the introduction of a chapter can be found at the Secretary of State’s website, www.azsos.gov/services/legislative-filings.

EXEMPTIONS FROM THE APA
It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Arizona Administrative Register online at www.azsos.gov/rules, click on the Administrative Register link.

In the Administrative Code the Office includes editor’s notes at the beginning of a chapter indicating that certain rulemaking Sections were made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR
If you are researching rules and come across rescinded chapters on a different paper color, this is because the agency filed a Notice of Exempt Rulemaking. At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE
This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Public Services managing rules editor, Rhonda Paschal, assisted with the editing of this chapter.

The operator of a "health or fitness establishment" or a "private recreational establishment," as defined in A.R.S. § 42-5073(C), shall exclude from the tax base under the amusement classification all gross proceeds of sales or gross income from membership fees and initiation fees charged for the use of the establishment, or any portion of the establishment, for 28 days or more, and fees charged for the use of the establishment by bona fide accompanied guests of members. Any other fees for the use of a health or fitness establishment or a private recreational establishment, or any portion of the establishment, are included in the tax base of the amusement classification.

B. Gross proceeds of sales or gross income derived from other businesses that are located on the premises of a health, fitness, or recreational business shall not be considered when determining whether a health, fitness, or recreational business is a "health or fitness establishment" or a "private recreational establishment" if the other businesses are separate and independent from the health, fitness, or recreational business. Whether the other businesses are separate and independent depends upon the facts in each case. The Department considers several factors in making this determination including but not limited to the following:

1. Whether the business is open to both members and non-members;
2. Whether the primary purpose of the business is closely related to the primary purpose of the health, fitness, or recreational business;
3. Whether the business could exist without the health, fitness, or recreational business; and

1. Establish the total selling price of the product outside Arizona.
2. Deduct, from the total selling price, costs incurred out-of-state that increase the value of the product. These costs include:
   a. The cost of actual freight paid, as provided in R15-5-908, to the point of sale outside Arizona;

ARTICLE 10. TRANSACTION PRIVILEGE TAX -- TRANSIENT LODGING CLASSIFICATION

R15-5-1001. Application of the Definition of Transient for Purposes of Taxation under the Transient Lodging Classification
A. Effective January 1, 1979, the leasing or renting of dwelling units and lodging facilities to a person shall not be taxable under the transient lodging classification if the lodging is obtained for a continuous block of time for 30 or more consecutive days except as provided under A.R.S. § 42-1310.10(B). For purposes of this rule, “person” has the same meaning as under A.R.S. § 42-1301.

B. Gross receipts from providing lodging obtained for a continuous block of time for 30 or more consecutive days shall not be taxable under the transient lodging classification from the first day of occupancy.
1. Lodging obtained for 30 or more consecutive days in increments of time for a period of less than 30 consecutive days rather than for a continuous block of time shall be taxable under the transient lodging classification except as provided under A.R.S. § 42-1310.10(B).
2. A lodger may originally acquire lodging on an incremental basis for a period of less than 30 consecutive days and subsequently change to a continuous block of time for 30 or more consecutive days; however, the lodging originally obtained on an incremental basis of less than 30 consecutive days shall remain subject to tax regardless of any subsequent action on the part of the lodger.

C. If lodging is obtained on a continuous basis for 30 or more consecutive days but the person obtaining the lodging leaves before the 30-day period ends and only pays for a period of 29 days or less, the exclusion shall not apply. The gross receipts from providing lodging for 29 days or less shall be subject to tax under the transient lodging classification.

D. The following situations are indicative of the application of the provisions in this rule:
1. A person rents a motel room on a weekly basis for 10 consecutive weeks. The total rental period is greater than 30 consecutive days; however, the method of renting by the week meets the definition of “transient.” Gross receipts from renting lodging space on such a basis are subject to tax under the transient lodging classification.
2. A motion picture company contracts with a hotel to rent a block of 15 rooms for a three-month period during which filming will occur in the area. During that three-month period, a variety of crew members and actors will occupy the rooms. Any one room may have a different occupant during the three-month time period as filming progresses and different actors or crew members are involved in the production of the film. The rental by the motion picture company for the three-month period is not subject to tax under the transient lodging classification since the motion picture company contracted with the hotel to rent for a three-month period and, therefore, does not meet the definition of a transient.
3. An individual reserves a room in a rooming house for two weeks. The individual decides to stay another two weeks. The total number of days’ stay is now at 28 days. Once again, the individual extends the stay by two weeks. Each time period is less than 30 days. Even though the total period of time is over 29 days, after the third extension of two weeks, the individual continues to be a transient for purposes of taxation under the transient lodging classification. If the individual had rented the room for 30 days or more after the first two weeks, gross receipts from the additional time would not be subject to tax. However, the first two-week block of time would remain taxable since that time period falls under the definition of transient.
4. An individual is not sure how long he will be staying at a hotel so, upon registration, gets the room for 35 days. After 21 days the individual decides to leave and pays only for the 21-day stay. Gross receipts are subject to tax under the transient lodging classification. If the individual had a contractual agreement in which, regardless of length of occupancy, he was required to pay for the entire 35 days, the gross receipts from such a transaction would not be taxable.

Historical Note

R15-5-1002. Activities in Addition to Providing Lodging
A. If a transient lodging facility is engaged in the business of providing lodging and engages in the business of providing meals, the gross receipts from lodging shall be separately stated and provided under the transient lodging classification unless otherwise exempt.
B. Gross receipts from the providing of meals or room service shall be subject to tax under the restaurant classification.
C. Gross receipts from the sale of tangible personal property by transient lodging facilities such as from magazine stands, gift shops, or in-room food or beverage bars shall be subject to tax under the retail classification.

Historical Note

R15-5-1003. Providing Lodging to Government Agencies
Gross receipts from providing transient lodging to the United States Government, the state or its political subdivisions, or any other government agency or its employees shall be taxable under the transient lodging classification unless otherwise exempt.

Historical Note
Adopted effective April 21, 1995 (Supp. 95-2).

ARTICLE 11. TRANSACTION PRIVILEGE TAX – JOB PRINTING CLASSIFICATION

R15-5-1101. Definitions
For purposes of this Article, the following definitions apply:
1. “Image developing” means the copying or reproducing by a printer of an image by any means from film, paper, video, or another data storage medium to photographic print paper or another storage medium that can visually display the image.
2. “Job printing” means the copying or reproducing by a printer of documents or data directly or indirectly provided by the printer’s customer, including by another person at the customer’s direction, for the ultimate purpose of producing a physical or electronic copy of the document or data. The document or data can be textual or pictorial, and may be received by the printer in physical or electronic form. Examples of methods of job printing include dye sublimation, electrotstatic printing, flexography, gravure, inkjet printing, laser printing, lithography, offset printing, optical scanning, photocopying, photofinishing, repographic printing, screen printing, thermography, xerography, and similar means of duplication.

3. “Photography” means the process of taking and supplying images to customers, using film, video, or another data storage medium.

4. “Printer” means a person that copies or reproduces textual or pictorial material by any means, process, or method of job printing, engraving, embossing, or copying, but that does not distribute the copied or reproduced material on the person’s own behalf.

5. “Printing” means a finished product in physical or electronic form produced by a printer through job printing, engraving, embossing, or copying and that is held for sale by the printer.

6. “Qualifying health care organization” has the same meaning as prescribed in A.R.S. § 42-5001(10).

7. “Qualifying hospital” has the same meaning as prescribed in A.R.S. § 42-5001(11).

Historical Note
Repealed effective August 13, 1987 (Supp. 87-3). New Section made by final rulemaking at 11 A.A.R. 5493, effective February 6, 2006 (Supp. 05-4).

R15-5-1102. Printer’s Sale of Printing
A. Except as otherwise provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from all of a printer’s costs or expenses of filling a customer’s printing order are subject to tax under this Article. Examples of costs or expenses include charges for setup, die cutting, embossing, folding, and binding operations.

B. Gross income or gross proceeds derived from an Arizona printer’s sale of printing within Arizona are subject to tax even when the printer conducts the job printing, engraving, embossing, or copying activity outside the state, unless the printing is shipped or delivered outside the state for use outside the state.

C. If a printer ships or delivers printing to be used outside the state to a common carrier for transportation to a location outside the state, the common carrier is deemed to be the agent of the printer for purposes of determining whether the printing has been shipped or delivered outside the state, regardless of who is responsible for payment of the freight charges.

D. A printer may substantiate a shipment or delivery of printing outside the state by one of the following records:
   1. An internal delivery order that is supported by receipts for expenses incurred in delivery of printing and signed on the delivery date by the person who delivers the printing;
   2. A common carrier’s receipt or bill of lading;
   3. A parcel post receipt;
   4. An export declaration;
   5. A receipt from a licensed broker; or
   6. Proof of export or import, signed by a customs officer.

E. Except as provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from an Arizona printer’s charges for the distribution of printing are generally subject to tax under this Article. In the absence of documentation listed in subsection (D), it remains the taxpayer’s burden to substantiate that the gross income or gross proceeds derived from a sale of printing are not taxable because the printing is shipped or delivered outside the state for use outside the state, pursuant to A.R.S. § 42-5066(B)(2). A printer substantiates that printing is shipped or delivered outside the state for use outside the state if the printer shows that the address or number to which the printer distributes the printing does not identify or is incapable of identifying an in-state location.

F. Pursuant to A.R.S. § 42-5066(B)(4), a printer may deduct its gross income or gross proceeds derived from charges for postage and freight if the printer separately states the charges on a customer’s invoice and in the printer’s records, except that the amount deducted shall not exceed the amount paid by the printer to the United States Postal Service or a commercial delivery service. A printer may not deduct its gross income or gross proceeds derived from charges for delivery of the printing using the printer’s own conveyance.

R15-5-1106. Sale of Materials to a Printer
Sales to a printer of materials that do not become an ingredient or component part of a printing fall under the retail classification (see Article 1 of this Chapter) and are subject to tax unless otherwise exempt under A.R.S. § 42-5061. Examples of such materials include color process plates, electrotypes, film processing chemicals, printing plates, and wood mounts. In contrast, sales by the printer of any such materials that are job printed, engraved, embossed, or copied by the printer for the printer's customer constitute sales of printing and fall under this Article. An example is a printer's sale to a customer of a printing plate upon which the printer has performed job printing, engraving, embossing, or copying activity for the customer.

R15-5-1301. General
A. The gross income derived from the business of publishing within the state is taxable under this classification. Gross income includes revenue from subscriptions, notices, and local advertising.

B. Subscription income includes all circulation revenue. In determining the taxable base, however, there shall be excluded from such revenue those actual amounts retained by or credited to carriers and other vendors as compensation for delivery or sale of newspapers.
1. Carriers are defined as those persons who deliver newspapers to individual subscribers. Such deliveries are confined to a specific area or route.
2. Other vendors are defined as those persons who deliver newspapers to retailers such as newsstands, convenience markets, drug stores and to coin-operated vending machines located in or near commercial establishments such as office buildings, hotels, motels, grocery and department stores.

C. Income of publishers from sales of newspapers, whether directly or through other vendors, to newsstands, convenience markets, drug stores or other retailers are taxable under this classification. The sales of newspapers by such retailers to consumers are taxable as retail sales. (See R15-5-1802(C))

R15-5-1303. Definitions

B. The term “publication” includes books, newspapers, magazines, music, periodicals, and any other literary work.
C. Effective 9/12/75, the term “publication” shall specifically exclude books. Sales of books directly to a final consumer, however, are taxable under the retail classification (see Article 18).

R15-5-1304. Printing costs
The cost of printing a publication, including the subletting of printing to another person, is not deductible from the gross income.

R15-5-1305. Out-of-state distribution
Income from publications, other than books, mailed or distributed from a point within this state to a point outside the state is subject to the tax under this classification.

ARTICLE 15. PERSONAL PROPERTY RENTAL CLASSIFICATION

R15-5-1501. General
A. Gross income derived from the rental of tangible personal property is included in the tax base under the personal property rental classification unless a specific statutory exemption, exclusion, or deduction applies. Examples of tangible personal property include: televisions, cars, trucks, lawn mowers, floor polishers, tuxedos, uniforms, furniture, towels, and linens.

B. In this Article, the terms “lease,” “rental,” and “leasing” are used synonymously.

C. Gross income from the lease of tangible personal property to a lessee who subleases the property is not taxable under the personal property rental classification if the lessee is engaged in the business of leasing the property.

D. Gross income from the rental of tangible personal property includes charges for installation, labor, insurance, maintenance, repairs, pick-up, delivery, assembly, set-up, personal property taxes, and penalty fees even if these charges are billed as separate items, unless a specific statutory exemption, exclusion, or deduction applies.

Historical Note
Amended subsection (D) and added subsection (E) effective March 18, 1981 (Supp. 81-2). Amended by final rulemaking at 6 A.A.R. 3091, effective July 18, 2000 (Supp. 00-3).

R15-5-1503. Sourcing of Leased Tangible Personal Property
A. In this Section:
1. “Business location” means the business address that appears on a lessor’s privilege license, but if the lessor does not have a business address in Arizona, business location means the lessee’s residential or primary business street address.

2. “Source” means to determine the location of leasing or renting activity for tax purposes.

B. The personal property rental classification applies to a person who is engaging or continuing in the business of leasing or renting tangible personal property in Arizona for a consideration. Gross receipts from leasing or renting tangible personal property in Arizona are taxable under this classification.

C. The Department shall source gross receipts from leasing or renting tangible personal property to the business location. Thus, gross receipts of a lessor without a business address in Arizona, derived from leasing or renting tangible personal property, are sourced to the lessee’s residential or primary business street address and are taxable when the property is shipped, delivered, or otherwise brought into the state for use in Arizona.

D. Gross receipts from leasing or renting tangible personal property are not taxable if the property is shipped or delivered outside of the state and intended, at the inception of the lease, for use exclusively outside of the state.

E. Gross receipts from leasing or renting tangible personal property are not taxable if the property is removed from the state and used exclusively outside of the state. Intermittent use of tangible personal property outside of the state does not constitute removal of the property from the state for use exclusively outside of the state, and therefore does not change the business location of the property or liability for the tax. For example, use of a business’s leased tangible personal property by its employees at different locations on business trips and service calls does not change liability for the tax.

F. The burden of proof for establishing the applicability of subsection (D) or (E) is on the lessor.

G. For leasing or renting activity related to a motor vehicle, the Department shall examine whether the motor vehicle is licensed, registered, or primarily used in Arizona.

H. A taxpayer shall not take a deduction or credit for taxes paid in another state on a lease or rental of tangible personal property.

Historical Note
Amended by final rulemaking at 10 A.A.R. 3071, effective September 11, 2004 (Supp. 04-3).

R15-5-1504. Rental of Tangible Personal Property to Government Agencies
A lessor’s gross income from the rental of tangible personal property to the United States Government, the state of Arizona, or other governmental subdivisions is taxable under the personal property rental classification unless a specific statutory exemption, exclusion, or deduction applies.
ARTICLE 16. COMMERCIAL LEASE CLASSIFICATION

R15-5-1501. Definitions

The following definitions apply for purposes of the rules in this Article, unless the context requires otherwise or unless otherwise defined.

1. “Agricultural property” means land or structures which are used for the purposes of growing crops or raising animals including agronomy, horticulture, viticulture, or animal husbandry.

2. “Economic unit of agricultural property” means agricultural property which is rented to the same lessee under one lease or rental agreement but may include more than one parcel or location which is functionally integrated.

3. “Real property used for commercial purposes” means land or structures, including parking lots but not including agricultural property or land or structures used for residential purposes.

4. “Rental” means renting or leasing

5. “Unit” means a single real property location rented or leased to a single tenant under one lease or rental agreement.

R15-5-1502. Casual Leasing Activity

A. For purposes of taxation under the commercial lease classification, there shall be no general exclusion for a casual rental of real property unless delineated under A.R.S. § 42-5059 except as provided in subsection (B) of this rule.

B. For periods ending on or before July 31, 1988, the rental of one unit or real property shall have been deemed to be a casual activity and not subject to transaction privilege tax if:

1. A lessor had income from another source which was unrelated to the income from the rental of real property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and

2. The scope and degree of the rental activity clearly indicated that the rental activity was an investment activity rather than income from a business.

C. For periods beginning on or after August 1, 1988, gross income from the rental of one or more units of real property used for commercial purposes shall be deemed to be a business activity and shall be taxable under the commercial lease classification.

D. For periods prior to July 17, 1993, gross income from the rental of one economic unit of agricultural property shall not be taxable if the following conditions exist:

1. A lessor had income from another source which was unrelated to the income from the rental of one economic unit of agricultural property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and

2. The scope and degree of the rental activity clearly indicated that the rental activity was an investment activity rather than income from a business.

E. For periods from and after July 17, 1993, gross income from the rental of agricultural property shall not be subject to tax if the conditions of A.R.S. § 42-5069(C)(12) are met.

F. The following situations are indicative of the application of the general provisions of the commercial lease classification:

1. A three-story office building is lease in its entirety to a large law firm. The building is one unit of property. Prior to August 1, 1988, the lessor of the office building was not considered to be engaged in business under the commercial lease classification if the conditions of subsection (A) existed. Commencing on or after August 1, 1988, the single rental of commercial real property is subject to tax under the commercial lease classification.

2. Individual spaces in a small medical building are rented to three different members of the medical profession on separate leases. The property consists of three units. Regardless of the time period in which the rental occurred, the lessor in this situation has always been engaged in business under the commercial lease classification.

3. A partnership is formed to hold one unit of real property for purposes of leasing. Income received from this activity is taxable since the partnership was formed for business purposes.

4. Two hundred acres of farmland are leased to one tenant. The acreage is one economic unit of agricultural property.
The lessor is employed as an engineer and leases the property as an investment. Regardless of the time period in which the lease occurred, the lessor of the property is not engaged in business under the commercial lease classification.

5. Two hundred acres of agricultural property are leased to five unrelated parties on separate leases. The property consists of five economic units of agricultural property. Regardless of the time period in which the leases occurred, the lessor is engaged in business under the commercial lease classification. Five separate lease agreements are not a casual activity and the lessor does not fall within any of the current exemptions under A.R.S. § 42-5069(C)(12).

**Historical Note**
Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-1602 renumbered from R15-5-1607 and amended effective April 21, 1995 (Supp. 95-2). R15-5-1602(A), (E) and (F)(5) corrected to reflect updated citation references to Arizona Revised Statutes (Supp. 06-4).

R15-5-1604. Gross Income

**A.** Gross income under the commercial lease classification shall include all amounts paid to or on behalf of the lessor including but not limited to the following items:

1. Rent;
2. Property tax paid by the lessee either as reimbursement to the lessor or paid directly to the county assessor on the lessor’s behalf;
3. Insurance paid by the lessee either as reimbursement to the lessor or directly on the lessor’s behalf;
4. Common area maintenance charges paid by the lessee;
5. Payments by the lessee for the promotion of the facility or of the lessee;
6. Flat fees paid by the lessee for telephone and reception services, clerical services, library services, reproduction services or facsimile services when such services are contracted for as part of the lease or are obligatory under the lease;
7. Utility connect/disconnect charges;
8. Improvements to the leased property made on behalf of the lessor; or
9. Reimbursement for utility service in excess of the actual amount charged by the utility company.

**B.** Refundable deposits shall not be subject to tax at the time of receipt if such deposits are separate from gross receipts from commercial leasing and are maintained on the books and records of the lessor as a liability and not as income.

1. Any portion of a refundable deposit which is retained by the lessor as a forfeited deposit shall be included in gross receipts subject to tax.
2. Any portion of a refundable deposit which is not claimed by the tenant at the time the tenant departs shall be presumed to be abandoned property if not claimed within five years from the date of departure pursuant to A.R.S. Title 44, Chapter 3 and shall be reported and delivered as unclaimed property to the Department after the five-year period of time has elapsed.

3. If amounts reported as income are claimed as refundable deposits, the burden of proof shall be on the taxpayer to show that the income reported is not gross receipts subject to tax.

**C.** Nonrefundable charges, such as cleaning charges, shall be included in gross income at the time of receipt.

**Historical Note**

R15-5-1605. Rental to Government Agencies

**A.** Gross receipts from the rental of real property to the United States Government, state of Arizona, or any other government agency shall be taxable under the commercial lease classification unless otherwise exempt.

**B.** For periods beginning May 24, 1990, and ending on March 31, 1993, the gross receipts from the rental of a single unit of real property to the United States Government shall not be subject to tax if the lessor did not have any other commercial lease income and either of the following conditions existed:

R15-5-1608. Commercial property -- storage facilities

Income from the rental of storage facilities is taxable, provided the lessee retains the right of direct access to the stored goods. Conversely, the storage of property by a warehouse, when the warehouse proprietor maintains full control over the specific location of the stored goods within the building, is not taxable. Such storage is deemed to be a service rather than rental of real property.

R15-5-1609. Commercial property -- licensee agreements

When a department store enters into an agreement with a licensee to provide space within the store which does not give the licensee exclusive right to any specific area within the store, the income from such an agreement is not subject to tax. The transaction is deemed to be a licensee agreement rather than the subleasing of real property.

ARTICLE 18.1. SALES OF FOOD

R15-5-1860. Definitions
For the purpose of these rules, unless the context requires otherwise, the following definitions will apply:

1. "Accessory food items" means coffee, tea, cocoa, carbonated and uncarbonated drinks, candy, condiments and spices, and other non-staple foods.

2. "Attendant" means a person, generally the employee of the retailer, who waits on the customers, or tends to their needs.

3. "Automatic retailer" means a coin operated mechanical device or system which sells tangible personal property. Such device or system must itself vend or sell the items, i.e., a device or system which delivers the subject of the sale, or by automatic action physically delivers the thing sold. Vending machines are considered automatic retailers.
4. “Caterer” means a person engaged in the business of serving meals, food and drinks on the premises used by his customer, but does not include employees hired by the hour of day.

5. “Delicatessen” means a business which sells specialty food items, such as prepared cold meats, perishable food and grocery items kept under refrigeration.

6. “Facilities for the consumption of food” means appropriate furniture, tableware, or parking areas for sitting both in or on the premises of the business, either in or out of a motor vehicle.

7. “Food”
   a. Under A.R.S. § 42-1387, the Department is required to promulgate rules defining food as those items that may be purchased from an eligible grocery business with food coupons, but in no event may such definition of food include food for consumption on the premises, alcoholic beverages or tobacco. Even though alcoholic beverages and food for consumption on the premises may be intended for human consumption, such items are not considered food by the statutory provisions. In these rules, items that are considered food by the Statutes, and therefore tax exempt if sold by a qualified retailer, shall be referred to as “tax exempt foods.” Other items that may be intended for human consumption but are excluded from the definition of food by the Statute, and are therefore subject to the Sales Tax, shall be referred to herein as “taxable foods.”
   b. “Food” means: Items intended for human consumption. Food is deemed to be intended for human consumption when its intended or ordinary use is as a food for human consumption or is an ingredient used in preparing food for human consumption. For example, even though animal food may be used by some humans, its ordinary or intended use is not for human consumption. Also, even though vitamins and other medication may be ingested, its intended or ordinary use is as a health aid or therapeutic agent or a deficiency corrector and is not intended for use as food. Following is a enumeration of items which the Department does not consider food for human consumption:
      i. Pet food and supplies
      ii. Cosmetics and grooming items
      iii. Tobacco products
      iv. Soaps and paper products and household supplies
      v. Dietary supplements such as vitamins or protein supplements
      vi. Medicines
      vii. Fertilizer

8. “Food for consumption on the premises”
   a. “Food for consumption on the premises” means the following:
      i. Hot prepared food, including products, items or ingredients of food which are prepared and sold or are intended to be sold in a heated condition. This also includes a combination of hot and cold food items or ingredients if a single price is charged by the retailer.
      ii. Hot or cold sandwiches including frozen sandwiches.
      iii. Food served by an attendant to be eaten at tables, chairs, benches, booths, stools, counters and within parking areas (for in-car consumption).
      iv. Food served with trays, glasses, dishes or other tableware. Food which is generally selected by the customer from available displays and then taken by the customer to a checkout stand for payment is not considered to be served by the retailer.
      v. Beverages sold in cups, glasses or open containers. Beverages shall include items such as milk shakes and ice cream floats.
      vi. Food sold by caterers.
      vii. Food sold within the premises of theaters, exhibitions, fairs, amusement parks, bowling alleys, athletic events, and other shows or contests and any businesses which charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction. While food for consumption on the premises includes any food sold within the premises of certain businesses, including businesses that charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction, food for consumption on premises does not include sales of tax exempt food by a qualified retailer within the premises of a full time educational institution that charges tuition for a full course of studies.
   b. Any item enumerated in subparagraph (a) which is sold on a take-out or to-go basis is still considered to be food for consumption on the premises and therefore taxable.

9. “Food intended for home consumption” means food, other than food for consumption on the premises, which is usually intended to be consumed at home. Unless the taxpayer can establish to the contrary, food delivered by a retailer to an office or other business establishment shall not be considered food intended for home consumption.

10. “Home” means a natural person’s usual or habitual dwelling place, including rest homes, nursing homes, jails and other such institutions.

11. “Premises” means the total space and facilities, including buildings, grounds and parking lot that are made available for use by the retailer for the purpose of consuming food sold by such retailer.

12. “Qualified retailer”
   a. A qualified retailer or qualified retail business is one that may be eligible to sell tax exempt food without including the sale of tax exempt food items in its taxable base. A retailer other than a qualified retailer must pay a tax measured by the sale of otherwise exempt food even though the sale of such items would be exempt if sold by a qualified retailer.
   b. Qualified retailers are:
      i. An eligible grocery business, which includes retailers who are eligible to participate in the United States Department of Agriculture Food Stamp Program, whether such retailer actually participates in the food stamp program. If a retailer is eligible to participate in the food stamp program, but does not participate in such program, such retailer may only be an eligible grocery business if the retailer first makes application to the Department to sell food tax exempt. Examples of retailers that might be considered eligible grocery businesses include:
13. “Staple food” means those food items intended for home preparation and consumption, which includes meat, poultry, fish, bread and bread stuffs, cereals, vegetables, fruits, fruit and vegetable juices, and dairy products.

14. “Taxable foods” are items which may be intended for human consumption, but are still subject to the Sales Tax when sold. Examples of taxable foods would be alcoholic beverages, and food for consumption on the premises.

15. Tax-exempt foods
   a. “Tax exempt foods” are generally those items of food intended for home consumption which, if purchased from an eligible grocery business, would be eligible as of January 1, 1979, to be purchased with food coupons issued by the United States Department of Agriculture.
   b. Tax-exempt food shall also include any new items of food intended for human consumption which would have been eligible for purchase with food coupons issued by the United States Department of Agriculture if such items would have existed for sale on January 1, 1979.
   c. The following are examples of items which the Department will consider as tax exempt food:
      - bread and flour products
      - vegetables and vegetable products
      - candy and confectionery
      - sugar, sugar products and substitutes
      - cereal and cereal products
      - butter, oleomargarine, shortening and cooking oils
      - cocoa and cocoa products
      - coffee and coffee substitutes
      - milk and milk products
      - eggs and milk products
      - tea
      - meat and meat products
      - spices, condiments, extracts and food colorings
      - fish and fish products
      - frozen foods
      - soft drinks and soda (including bottles on which a deposit is required to be paid)
      - fruit and fruit products
      - packaged ice cream products
      - dietary substitutes
      - ice cubes and bottled water including carbonated and mineral water
      - purchases of seed and plants for use in gardens to produce food items for personal consumption

16. “Two tax computing keys” shall mean the mechanical or electronic function in a cash register which can separately record and accumulate taxable and nontaxable items without having the items presorted.

Historical Note
Adopted as an emergency effective June 30, 1980, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 80-3). Former emergency adoption now amended and adopted effective October 15, 1980 (Supp. 80-5).

Historical Note
Repealed effective April 13, 1987 (Supp. 87-2).

R15-5-1862. Restaurant food sales
A. Restaurants are generally not qualified retailers, and therefore cannot sell food tax free, but are taxable upon all of their gross income or gross proceeds of sale.
B. If a qualified retailer also operates a restaurant, the gross income or gross receipts of a sale from the two (2) activities must be kept separate. The gross receipts or gross income from the operation of the restaurant shall always be taxable, as will the income from all sales of taxable food and nonfood items. Except for items which may be exempt under some other provision, only tax-exempt foods sold by a qualified retailer not in connection with its restaurant operation shall be exempt.
C. To the extent that a delicatessen may sell taxable food, such as hot or cold sandwiches, such delicatessen will be required to report under this classification. Since a delicatessen business may constitute a qualified retailer, such business may still be eligible to sell tax exempt food, if such sales are separately accounted for.

Historical Note
Adopted as an emergency effective June 30, 1980, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 80-3). Former emergency adoption now amended and adopted effective October 15, 1980 (Supp. 80-5).

ARTICLE 20. GENERAL

R15-5-2001. Definitions
The following definitions apply for the purposes of the rules in this Chapter, unless the context requires otherwise or unless otherwise defined. An individual rule may contain definitions which are specific to the context of that rule.
1. “Casual sale” means an occasional transaction of an isolated nature made by a person who is not engaged in the business of selling, within or without the state, the same type or character of property as that which was sold.
2. “Department” means the Arizona Department of Revenue.
3. “Gross income” means all receipts of a trade or business from sales or services. It includes the total consideration received or constructively received. The value of all services which are part of the sale is considered part of the gross income, unless statutorily excluded.
4. “Gross receipts” means gross receipts as defined in A.R.S. § 42-5001.
5. “Real property” means land and anything permanently affixed to land.
6. “Taxpayer” means any person required by law to file returns or to pay transaction privilege tax, use tax, rental occupancy tax, or excise taxes to the Department.
7. “Vendor” means any person engaged in a business which is subject to Arizona tax.

The transaction privilege tax is imposed directly on the person engaging in a taxable business within Arizona. The vendor shall be liable for the tax, regardless of whether or not the vendor passes on the economic burden of the tax to the customer.

A. A taxpayer with multiple licenses for separate businesses shall maintain separate records for each licensed business.
B. A tax is levied upon the privilege of engaging in specified businesses within Arizona. Class codes for reporting gross receipts subject to tax have been determined by the Department based on statutory provisions. Each business classification is independent of the others even when transacted under one license. A person who engages in more than one type of business under each license shall maintain books and records so that the gross proceeds of sales or gross income of each taxable business classification is shown separately.
C. Failure to maintain appropriate books and records shall result in the imposition of the tax at the highest tax rate on gross proceeds of sales or gross income applicable to a classification under which the taxpayer is doing business.

R15-5-2004. Credit for Accounting and Reporting Expenses
A. For purposes of this rule, the following definitions apply:
“Reporting period” means a calendar month unless another period is authorized pursuant to A.R.S. § 42-1322.

2. “Statutory delinquency date” means the date by which a payment of tax is considered delinquent pursuant to A.R.S. § 42-1322.

4. “Taxpayer” means a business which is subject to either transaction privilege or severance tax.

5. “Taxpayer” means taxpayer as defined in A.R.S. § 42-1322.04(C), including an entity which is exempt from state income tax. The following are considered a single taxpayer:
   a. Members of an Arizona affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
   b. Corporations in a unitary business filing a combined corporate income tax return under A.A.C. R15-2-1131(E);
   c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return under A.A.C. R15-2-1131(E); or
   d. Partnerships, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.

B. A taxpayer shall compute the credit, using the full amount of tax as required to be reported on the tax return, including any excess tax collected. The Department shall not allow a credit against taxes other than the state transaction privilege tax and the severance tax.

C. Except as provided in subsection (D), the Department shall not allow a credit if the taxpayer fails to pay the tax due before the statutory delinquency date. Failure to pay the tax due includes the following circumstances:
   1. The taxpayer makes an underpayment of tax due, including any estimated tax due, or,
   2. The taxpayer’s check is dishonored.

D. In the case of taxpayer computational error, the Department shall allow the credit based on the amounts originally filed, if the computational error resulted in the overpayment or underpayment of the tax actually due:
   1. In the case of an overpayment, the Department shall allow the credit on the actual amount of tax due for the reporting period.
   2. In the case of an underpayment, the Department shall allow the credit on the amount of the tax paid prior to the statutory delinquency date.

E. To receive the credit for each reporting period, the taxpayer shall claim the credit on the tax return. If the taxpayer understates the amount of the credit on the tax return, the Department shall allow the amount of credit which the taxpayer has claimed. The taxpayer may file an amended return to claim any unclaimed portion of the credit if the taxpayer timely paid the tax upon which the credit is based. If the taxpayer overstates the amount of the credit, the Department shall allow the amount of credit actually permitted for the reporting period.

F. A taxpayer is entitled to one credit, regardless of the number of licenses, businesses, or locations the taxpayer may have. Taxpayers with multiple licenses for separate businesses or separate locations shall elect the manner in which to allocate the credit among their licenses within the $10,000 annual limitation. The election shall be made on a form 51-T. The taxpayer shall file the election on or before January 15 of the first year for which an election is being made or within 30 days prior to beginning operations if the taxpayer is a new business entity. The taxpayer is required to file an election one time; however, a new election may be filed under the following circumstances:
   1. If a taxpayer does not claim the entire $10,000 credit during the calendar year, the taxpayer may amend the election at the end of the calendar year to reallocate the unclaimed portion of the credit for that particular year. This amended election shall be filed on or before January 31 of the following year. To claim the reallocated credit, the taxpayer shall file an amended tax return for each reporting period in which a sufficient tax was due and timely paid. For example: an individual owns three separate businesses with different transaction privilege tax licenses. At the beginning of the year, the individual allocates the $10,000 credit as follows: $3,000 to Company A; $2,000 to Company B; and $5,000 to Company C. At the end of the year, Companies A and B have claimed the credit up to their allocated amounts. However, Company C has only claimed $1,000 of its allocated credit. Company A timely paid a sufficient amount of tax during the months of August and September to qualify for an additional $4,000 credit. The individual may amend the election to reallocate the unclaimed credit to Company A. To claim the $4,000 credit, the individual must file an amended tax return for Company A for the months of August and September.
   2. If a taxpayer acquires, sells, or terminates a taxable business during the calendar year, the taxpayer may amend the election at that time to reallocate the credit. The taxpayer shall only reallocate the portion of the credit which has not been claimed by the date on which the taxpayer acquires, sells, or terminates the business. The taxpayer shall ensure that the election relates to the acquired, sold, or terminated business and is made on a prospective basis only. The taxpayer shall notify the Department of the reallocation 30 days prior to the due date of the tax return for the reporting period to which the reallocation applies. For example: Corporation A is the common parent of Corporations B and C and elects to file a consolidated corporate state income tax return. Each of the three corporations conducts a taxable business activity. Since the three corporations file state income tax as one entity, Corporation A is required to allocate the $10,000 credit among the three corporations. At the beginning of the year, Corporation A elects to allocate the entire $10,000 credit to Corporation B. On July 1, Corporation A acquires Corporation D which also conducts a taxable business activity. Corporation A may amend its election at this time to take into account Corporation D. Corporation A may reallocate the portion of the credit not already claimed by Corporation B to Corporation D.

G. Where a taxpayer is allocating the $10,000 credit, the following rules apply:
   1. The Department shall allow a unitary business, filing a consolidated corporate state income tax return, or an Arizona affiliated group, filing a consolidated corporate state income tax return, one $10,000 credit. The unitary business or affiliated group may allocate the credit among its members. If the unitary business or affiliated group fails to allocate the $10,000 credit, the Department shall allocate the credit to the corporation in whose name the unitary business or affiliated group files its state income tax return regardless of whether the corporation conducts a taxable business.
      a. If a corporation joins an Arizona affiliated group or unitary business during the calendar year, the
Department shall classify the corporation as a separate taxpayer for the period before it joins the affiliated group or unitary business. The Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period after it joins the affiliated group or unitary business. An affiliated group or unitary business may allocate the $10,000 credit, even if a member corporation claimed the credit before it joined the affiliated group or unitary business.

b. If a corporation leaves an affiliated group or unitary business during the calendar year, the Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period before it leaves the affiliated group or unitary business. The Department shall not classify the corporation as the same taxpayer for the period after it leaves the affiliated group or unitary business. The corporation, as a separate taxpayer or part of a separate taxpayer, may allocate the $10,000 credit, even if the corporation claimed the credit before it left an affiliated group or unitary business.

2. If a partnership, S corporation, trust, or estate conducts multiple taxable businesses, the Department shall allow the partnership, S corporation, trust, or estate one $10,000 credit. The partnership, S corporation, trust, or estate may allocate the credit among its businesses. The credit shall not be allocated to the partners of a partnership, shareholders of an S corporation, or beneficiaries of a trust or estate.

3. In cases where the taxpayers are married and each spouse conducts a taxable business, the Department shall allow each spouse one $10,000 credit. If the married taxpayers file a joint income tax return, the Department shall allow each spouse one $10,000 credit. If the married taxpayers file a joint income tax return, the Department shall allow one $10,000 credit for the couple.

A. For purposes of this rule, the following definitions apply:

1. “Actual ownership” means direct ownership and control but does not include ownership by or through affiliated persons.

2. “Affiliated persons” means members of the individual’s family or persons who have ownership or control of a business entity.

3. “Constructive purchase price” means the fair market value or, if the fair market value cannot be determined, the value established by expert appraisal that takes into consideration all factors relevant to the transaction.

4. “Control of a business entity” means direct or indirect ownership or control of more than 50% of the business entity. The following guidelines, as to indirect ownership, shall apply for purposes of determining control of a business entity.

   a. A corporation, partnership, estate, or trust shall be considered as being owned proportionately by or for its shareholders, partners, or beneficiaries.

   b. An individual shall be considered as owning directly or indirectly that portion which is owned by or for members of the individual’s family.

   c. The ownership of stock by a corporation, partnership, estate, or trust shall be considered actual ownership to its shareholders, partners, or beneficiaries for purposes of making another individual a constructive owner.

   d. Ownership based on a family relationship shall not be treated as actual ownership by the related party for the purpose of making another individual a constructive owner.

5. “Fair market value” means the gross receipts that the transaction would have brought in the open market at a time and location similar to that of the affiliated party transaction and between a willing purchaser and a willing seller, who are not affiliated and have reasonable knowledge of the relevant facts.

6. “Members of the individual’s family” means the relationship of spouse, brothers, and sisters, whether by whole or half blood and including adopted persons, ancestors, and lineal descendants.

B. The tax shall be computed upon the constructive purchase price when:

1. The transaction is between affiliated persons, and

2. The facts and circumstances indicate that the reported gross receipts from the transaction are not indicative of the fair market value of the transaction.

**Historical Note**

**R15-5-2011. Bad Debts**

2. The debt arose from a debtor-creditor relationship based upon a valid and enforceable obligation to pay a fixed or determinable sum of money; and

3. All or part of the debt is worthless.

B. A debt shall be considered worthless if:

1. The surrounding circumstances indicate that the debt is uncollectible; and

2. Legal action to enforce payment has not or, in all probability, would not result in the satisfaction of the debt.

C. The bad debt deduction shall be computed by subtracting the amounts received on the debt from the amount originally reported as taxable. The portion of the amounts received on the debt representing carrying charges, interest, and repossession expenses, which have not been reported as taxable, shall not be allowed as a bad debt deduction.

D. A bad debt deduction shall be taken in the month in which the conditions of subsection (A) apply.

E. A bad debt deduction shall be allowed, pursuant to the provisions in this rule, on conditional or installment sales if:

1. The tax liability is paid on the full sales price of the tangible personal property at the time of the sale; or

2. A contract or other financial obligation is sold to a third party as a sale with recourse and principal payments are made by the vendor to the third party, pursuant to the default of the original payor. Such principal payments
may be taken as a bad debt deduction if the tax was paid by the vendor on the original sale of the tangible personal property or on the subsequent sale of the financing contract.

3. For purposes of the bad debt deduction in situations of default on conditional or installment sales, a “sale with recourse” means that a vendor sells a contract or other financial obligation to a third party but retains liability for payment upon default of the original payor.

F. Any recovery of a bad debt subsequent to a bad debt deduction shall be reported as taxable gross receipts when received.

R15-5-2110. Security Deposits

Gross receipts from customer deposits that are held as security for payment of utility billings are not subject to tax until recognized as income. A deposit that is not applied to a customer’s bill or refunded to a customer when utility services are discontinued shall be presumed to be abandoned property if the customer does not claim it within the period established under A.R.S. Title 44, Chapter 3. Customer deposits that are presumed to be abandoned property under A.R.S. Title 44, Chapter 3, shall be reported and delivered to the Department as unclaimed property. Amounts delivered to the Department as unclaimed property are not included in the tax base. For example:

1. A utility company requires a new customer to deposit $150 before it provides utility service. The customer moves and notifies the utility company to discontinue service. The customer’s final bill is $130. The utility applies the deposit to the final bill and refunds $20 to the customer. The amount applied to the utility bill is recognized as income and subject to tax. The amount refunded to the customer is not recognized by the utility as income and is not subject to tax.

2. A utility company requires a new customer to deposit $150 before it provides utility service. The customer notifies the utility company to discontinue service. The customer’s final bill is $130. The utility applies the deposit to the final bill. The customer does not provide a forwarding address to the utility. The remaining $20 is presumed to be abandoned property if not claimed under A.R.S. Title 44, Chapter 3. The amount presumed to be abandoned property shall be reported and delivered to the Department as unclaimed property under A.R.S. Title 44, Chapter 3. The amount delivered to the Department as unclaimed property is not recognized as income by the utility and is not subject to tax.

**R15-5-2205. Surrender of License upon Sale or Termination of Business**

1. For licensees reporting monthly, four times the average monthly tax liability; and
2. For licensees reporting quarterly, six times the average monthly tax liability; or
3. For licensees reporting annually, fourteen times the average monthly tax liability.

B. For purposes of determining the average monthly tax liability, the bond amount has been increased above the amount computed under subsection (B) of this rule, the licensee may request a hearing pursuant to A.R.S. § 42-112 to show why the order increasing the bond amount is in error.

C. If a licensee provides a surety bond and the bond lapses, the licensee must deposit with the Department cash or other security in an amount equal to the lapsed surety bond within five business days of the licensee’s receipt of written notification by the Department.

**R15-5-2210. Collection of Tax by the Vendor**

A. The vendor may pass on the economic burden of the transaction privilege tax, either as an unspecified portion of the overall selling price or as a separate and distinct item of charge.

1. If a vendor elects to pass on the economic burden of the tax as a separate and distinct item of charge, the vendor’s tax base shall not include any collected state, county, city, or town taxes.

2. If the vendor does not pass on the tax as a separate and distinct item of charge, the vendor may factor out the tax. See R15-5-2210.01.

3. The amount of tax on a transaction shall be the same whether the tax is stated as a separate and distinct item of charge or the tax is calculated using the factoring method.

4. Calculation of the amount of the tax using the separate and distinct item of charge method shall be as follows:

   - Price of tangible personal property $100
   - Multiply the price by the applicable tax rate
   - $100 times 5% equals the tax as calculated $5
   - Total cost to the consumer $105

B. All taxes collected shall be remitted to the Department and applicable taxing jurisdictions. If a vendor has collected tax in excess of the tax liability for the reporting period, the excess tax shall also be remitted.

**Historical Note**

Reference correction (Supp. 95-2).

**R15-5-2210.01. Factoring**

“Factoring” means a method by which the taxpayer may determine the amount of the tax when the tax is collected as an unspecified part of the selling price.

1. The taxpayer may use any factoring method resulting in a tax amount equal to the tax as calculated using the separate and distinct item of charge method.

2. The following factoring method is approved and recommended by the Department.

   To calculate the tax under the factoring method, the total cost to the consumer is divided by one plus the cumulative amount of the state and applicable county, city, and town tax rates, stated as a decimal. The result of this calculation is then multiplied by the cumulative tax rate to arrive at the amount of the tax on the sale. The gross receipts subject to tax, plus the cumulative tax on that amount, shall equal the total cost to the consumer.

   **To factor:**

   - Total cost to the consumer $105
   - Divide the total cost to the consumer by 1 plus the tax rate (1.00 plus .05) $105 divided by 1.05 equals the price of tangible personal property $100
   - Tax as calculated ($100 times 5%) $5

**Historical Note**

New Section adopted effective October 14, 1993 (Supp. 93-4).

**R15-5-2211. Election of Basis to Report and Pay Taxes**

2. “Cash receipts method” means that a sale is reported in the reporting period in which payment is received.

4. “Payment” means all consideration received including cash, credit, property, and services.

5. “Reporting period” means a calendar month or as prescribed by A.R.S. § 42-5014.

B. A taxpayer shall elect a method of reporting based on either the accrual or the cash receipts method at the time of making the application for a transaction privilege tax license or use tax registration.

C. A taxpayer shall report allowable exclusions, deductions, and exemptions in a manner consistent with the method of reporting elected under subsection (B).

D. A taxpayer shall provide written notification to the Department prior to changing its method of reporting elected under subsection (B). The Department may audit the books of the taxpayer to adjust any tax liability resulting from the change in the method of reporting.

**R15-5-2213. Alternative Reporting**

A. The Department shall authorize taxpayers to report on an annual or quarterly basis, if the taxpayer has established a filing history that shows that the taxpayer is not currently delinquent and that the taxpayer’s annual tax liability is between $500 and $1250 for quarterly reporting or $500 or less for annual reporting.

B. The Department shall authorize new businesses that reasonably estimate their annual tax liability for the succeeding 12 months will be between $500 and $1,250 to report and remit tax on a quarterly basis.

C. A taxpayer shall increase the reporting frequency to monthly and notify the Department of the change in reporting if the taxpayer’s annual tax liability equals or exceeds or can reasonably be expected to equal or exceed $1,250. The taxpayer shall increase the reporting frequency to quarterly and notify the Department of the change in reporting if the taxpayer’s annual tax liability exceeds or can reasonably be expected to exceed $500, but is or will be less than $1,250. Failure to increase reporting frequency will subject the taxpayer to interest. Failure to increase reporting frequency will also subject the taxpayer to penalties unless the taxpayer can show that the failure was due to reasonable cause and not willful neglect.

D. A taxpayer shall begin to report on a monthly basis at any time during a 12-month period if the annualized tax liability for the taxpayer reporting on an annual or quarterly basis equals or exceeds $1,250. A taxpayer shall begin to report on a quarterly basis at any time during a 12-month period if the annualized tax liability for the taxpayer
The vendor is responsible for the payment of tax and therefore shall provide sufficient documentation in support of all deductions.

A. The vendor may establish a deduction or exclusion from the tax base pursuant to A.R.S. § 42-1316 or 42-1328.
   1. If the purchaser does not have a valid license number, the vendor shall indicate the reason on any certificate.
   2. Marking an invoice may be done either by recording the purchaser’s transaction privilege tax license number on the invoice or by cross referencing the specific transaction to the specific exemption certificate of the specific purchaser.
   3. The Department has prescribed a certificate for establishing entitlement to statutory deductions. Reproductions of the blank prescribed original certificate shall be acceptable for use.
   4. The appropriate certificate shall be accurately and fully completed by the purchaser.
   5. If the vendor has reason to believe that the information contained in the certificate is not accurate, complete, or applicable to the transaction, the vendor may refuse to accept the certificate.
   6. If at any time the vendor has reason to believe that the information in the certificate is incomplete, inaccurate, or if the exemption claimed is not based on statutory provisions. The burden of proof lies with the Department when a vendor accepts a completed departmental certificate and marks the applicable invoice pursuant to statute.

B. A blanket certificate may be accepted if the vendor and purchaser agree. The blanket certificate may continue in force, for applicable transactions, for a period of time as set forth on the certificate. For purposes of this rule, a blanket certificate is one which covers the indicated type of transaction over a specified period of time.
   1. The vendor may refuse to honor a blanket certificate and shall cancel such a certificate if, at any time, the vendor has reason to believe that the information contained in the certificate is no longer accurate or complete or no longer applies.
   2. A new, accurate, and complete certificate may then be accepted.

C. Documentation, including a certificate other than a departmental certificate, may be accepted by the vendor to establish the right to a deduction.
   1. If the vendor accepts a form of documentation other than a completed departmental certificate, the burden of proof remains with the vendor to establish the right to the deduction.
   2. Other documentation necessary to establish a deduction from the tax base shall contain the information required by A.R.S. § 42-1316(A).

D. Documentation or a certificate to establish a deduction from the tax base shall be provided for each transaction or if a blanket certificate is used for each different exemption category.

E. The vendor shall retain all documentation for the required statutory period pursuant to A.R.S. § 42-113.

F. The vendor shall not amend an annual estimated tax payment except to increase the amount of the payment. Taxpayers with multiple locations, shall make a single estimated tax payment each June.

G. A taxpayer shall not amend an annual estimated tax payment except to increase the amount of the payment. Taxpayers with multiple locations, shall make a single estimated tax payment each June.

H. Taxpayers with multiple locations shall make the annual estimated tax payment based on the combined actual or anticipated annual tax liability from all locations. Taxpayers with multiple locations, shall make a single estimated tax payment each June.

I. A taxpayer shall not amend an annual estimated tax payment except to increase the amount of the payment. Taxpayers with multiple locations, shall make a single estimated tax payment each June.

J. Late payment, underpayment, or non-payment of the annual estimated tax payment shall result in the following:
   1. Application of the penalty provisions under A.R.S. § 42-1322(J). The following are considered a single taxpayer:
      a. Members of an Arizona-affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
      b. Corporations in a unitary business filing a combined corporate income tax return under A.A.C. R15-2-1131(E);
      c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return; or
      d. Partnerships, Limited Liability Companies, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.

K. “Total tax liability” means the combined total of the transaction privilege tax, telecommunications services excise tax, and county excise tax liabilities.

L. The requirement to make an annual estimated tax payment is based on the annual tax liability. Use tax and severance tax are not subject to the estimated tax provisions.

M. A taxpayer shall make an annual estimated tax payment if during the current calendar year the taxpayer, through use of ordinary business care and prudence, can anticipate incurring the annual tax liability. For example:

--- Example Text ---

ABC Company has been selling home electronics for several years. Its tax liability for previous calendar years has averaged between $60,000 and $70,000. In February of the current year, ABC Company begins selling computers and accessories as well. Early sales reports show an increase in total sales of approximately 50%. Based on these facts, ABC Company can reasonably anticipate incurring the annual tax liability.

--- End Example Text ---

N. The annual estimated tax payment shall not be applied, credited, or refunded until a Transaction Privilege, Use, and Severance Tax Return (TPT-1) for the month of June is filed.
2. Accrual of interest beginning from the due date of the annual estimated tax payment as prescribed in A.R.S. § 42-1322(D); and
3. Loss of the accounting credit, as defined in A.R.S. § 42-1322.04 for the June reporting period.

F. Taxpayers who are not required to make the annual estimated tax payment but make a voluntary annual estimated payment are not subject to subsection (E).
