THE ARIZONA ADMINISTRATIVE CODE

Within the stated calendar quarter, this Chapter contains all rules made, amended, repealed, renumbered, and recodified; or rules that have expired or were terminated due to an agency being eliminated under sunset law. These rules were either certified by the Governor’s Regulatory Review Council or the Attorney General’s Office; or exempt from the rulemaking process, and filed with the Office of the Secretary of State. Refer to the historical notes for more information.

Please note that some rules you are about to remove may still be in effect after the publication date of this Supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

RULES
A.R.S. § 41-1001(17) states: “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE
The Arizona Administrative Code is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions. Virtually everything in your life is affected in some way by rules published in the Arizona Administrative Code, from the quality of air you breathe to the licensing of your dentist. This chapter is one of more than 230 in the Code compiled in 21 Titles.

ADMINISTRATIVE CODE SUPPLEMENTS
Rules filed by an agency to be published in the Administrative Code are updated quarterly. Supplement release dates are printed on the footers of each chapter:

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2016 is cited as Supp. 16-1.

HOW TO USE THE CODE
Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the Arizona Administrative Register for recent updates to rule Sections.

ARTICLES AND SECTIONS
Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering system separated into subsections.

HISTORICAL NOTES AND EFFECTIVE DATES
Historical notes inform the user when the last time a Section was updated in the Administrative Code. Be aware, since the Office publishes each quarter by entire chapters, not all Sections are updated by an agency in a supplement release. Many times just one Section or a few Sections may be updated in the entire chapter.

ARIZONA REVISED STATUTE REFERENCES
The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules are often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES
Arizona Session Law references in the introduction of a chapter can be found at the Secretary of State’s website, www.azsos.gov/services/legislative-filings.

EXEMPTIONS FROM THE APA
It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the Arizona Administrative Register online at www.azsos.gov/rules, click on the Administrative Register link.

In the Administrative Code the Office includes editor’s notes at the beginning of a chapter indicating that certain rulemaking Sections were made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR
If you are researching rules and come across rescinded chapters on a different paper color, this is because the agency filed a Notice of Exempt Rulemaking. At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE
This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1., R1-1-113.

Public Services managing rules editor, Rhonda Paschal, assisted with the editing of this chapter.

D. § 260.2, titled “Availability of information; confidentiality of information” is amended by the following:

1. § 260.2(a). Any information provided to [the DEQ under [R18-8-260 et seq., shall] be made available to the public to the extent and in the manner authorized by the [Hazardous Waste Management Act (HWMA), A.R.S. § 49-921 et seq.; the Open Meeting Law, A.R.S. § 38-431 et seq.; the Public Records Statute, A.R.S. § 39-121 et seq.; the Administrative Procedure Act, A.R.S. § 41-1001 et seq.; and rules promulgated pursuant to the above-referenced statutes], as applicable.

2. § 260.2(b) is replaced with the following:

a. The DEQ shall make a record or other information, such as a document, a writing, a photograph, a drawing, sound or a magnetic recording, furnished to or obtained by the DEQ pursuant to the HWMA and regulations promulgated thereunder, available to the public to the extent authorized by the Public Records Statute, A.R.S. §§ 39-121 et seq.; and the Administrative Procedure Act, A.R.S. §§ 41-1001 et seq.; and the HWMA, A.R.S. §§ 49-921 et seq. Specifically, the DEQ shall disclose the records or other information to the public unless:

i. A statutory exemption authorizes the withholding of the information; or

ii. The record or other information contains a trade secret concerning processes, operations, style of work, or apparatus of a person, or other information that the Director determines is likely to cause substantial harm to the person’s competitive position.

b. Notwithstanding subsection (a):

i. The DEQ shall make records and other information available to the EPA upon request without restriction;

ii. As required by the HWMA and regulations promulgated thereunder the DEQ shall disclose the name and address of a person who applies for, or receives, a HWM facility permit;

iii. The DEQ and any other appropriate governmental agency may publish qualitative and quantitative statistics pertaining to the generation, transportation, treatment, storage, or disposal of hazardous waste;

iv. An owner or operator may expressly agree to the publication or to the public availability of records or other information.

c. A person submitting records or other information to the DEQ may claim that the information contains a confidential trade secret or other information likely to cause substantial harm to the person’s competitive position. In the absence of such claim, the DEQ shall make the information available to the public on request without further notice. A person making a claim of confidentiality shall assert the claim:

i. At the time the information is submitted to, or otherwise obtained by, the DEQ;

ii. By either stamping or clearly marking the words “confidential trade secret” or “confidential information” on each page of the material containing the information. The person may assert the claim only for those portions or pages that actually contain a confidential trade secret or confidential information; and

iii. During the course of a DEQ inspection, or other observation, pursuant to the administration of the HWMA Program, by clearly indicating to the inspector which specific processes,
operations, styles of work, or apparatus constitute a trade secret. The inspector shall record the claim on the inspection report and the claimant shall sign the report.

d. The Director shall provide the claimant with an opportunity to submit written comments to demonstrate that the information constitutes a legitimate confidential trade secret or confidential information. The comments shall be limited to confidential use by the DEQ pursuant to A.R.S. § 49-928. Pertinent factors to be considered by the Director for making a determination of confidentiality, and that the claimant may address in the claimant’s written comments, include the following:

i. Whether the information is proprietary;
ii. Whether the information has been disclosed to persons other than the employees, agents, or other representatives of the owner; and
iii. Whether public disclosure would harm the competitive position of the claimant.

e. The Director shall make a determination of each confidentiality claim using the following procedures:

i. When a claim of confidentiality is asserted for information submitted as part of a HWM facility permit application:

(1) The claimant shall submit written comments demonstrating the legitimacy of the claim of confidentiality; and

(2) The Director shall evaluate the confidentiality claim and notify the claimant of the result of that determination as part of the completeness review pursuant to § 124.3(c) (as incorporated by R18-8-271(C)).

ii. When a claim of confidentiality is asserted for information submitted or obtained during an inspection, or for any other information submitted to or obtained by the DEQ pursuant to this Article, but not as part of a HWM facility permit application:

(1) The claimant may submit written comments demonstrating the legitimacy of the claim of a confidential trade secret or other confidential information within 10 working days of asserting the confidentiality claim; and

(2) If a request for disclosure is made, the Director shall evaluate the confidentiality claim and notify the claimant of the result of that determination. In all other instances, the Director may, on the Director’s own initiative, evaluate the confidentiality claim and notify the claimant of the result of that determination within 20 working days after the time for submission of comments.

iii. When any person, hereinafter referred to as the “requestor,” submits a request to the DEQ for public disclosure of records or information, the DEQ shall disclose the records or information to the requestor unless the information has been determined to be confidential by the Director, or is subject to a claim of confidentiality that is being considered for determination by the Director.

(1) If a confidentiality claim is under consideration by the Director, the requestor shall be notified that the information requested is under a confidentiality claim consideration and therefore is unavailable for public disclosure pending the Director’s determination pursuant to subsection (D)(2)(e)(ii)(2).

(2) When a request for disclosure is made, the claimant shall be notified, within seven working days by certified mail with return receipt requested, that the information under a claim of confidentiality has been requested and is subject to the Director’s determination pursuant to subsection (D)(2)(e)(ii)(2).

(3) If the Director disagrees with the confidentiality claim, the claimant shall have 20 working days to submit written comments either agreeing or disagreeing with the Director’s evaluation.

(4) If a confidentiality claim is denied by the Director, the Director may request the attorney general to seek a court order authorizing disclosure pursuant to A.R.S. § 49-928.

e. Records or information determined by the Director to be legitimate confidential trade secrets or other confidential information shall not be disclosed by the DEQ at administrative proceedings pursuant to A.R.S. §§ 49-923(A) unless the following procedure is observed:

i. The DEQ shall notify both the claimant and the hearing officer of its intention to disclose the information at least 30 days prior to the hearing date. The DEQ shall send with the notice a copy of the confidential information that the DEQ intends to disclose;

ii. The claimant and the DEQ shall be allowed 10 days to present to the hearing officer comments concerning the disclosure of such information;

iii. The hearing officer shall determine whether the confidential information is relevant to the subject of the administrative proceeding and shall allow disclosure upon finding that the information is relevant to the subject of the administrative proceeding;

iv. The hearing officer may set conditions for disclosure of confidential and relevant information or the making of protective arrangements and commitments as warranted; and

v. The hearing officer shall give the claimant at least five days’ notice before allowing disclosure of the information in the course of the administrative proceeding.

2. If the total cost of processing the application identified in the Table is less than the application fee listed in the Table, the DEQ shall refund the difference between the
total cost and the amount listed in the Table to the applicant.
   a. Permits and permit modifications other than post-closure permits and closure plans. If the total cost of processing the application is greater than the amount listed plus other amounts paid, the DEQ shall bill the applicant for the difference upon permit approval. The applicant shall pay the difference in full before the DEQ issues the permit.
   b. Post-closure permits. If the total cost of processing the application is greater than the amount listed plus other amounts paid, the DEQ shall bill the applicant for the difference upon permit issuance. The applicant shall pay the difference in full within 45 days of the date of the bill.
   c. Withdrawals. In the event of a valid withdrawal of the permit application by the applicant, if the total costs of processing the application are less than the amount paid, the DEQ shall refund the difference. If the total costs are greater than the amount paid, the DEQ shall bill the applicant for the difference, and the applicant shall pay the difference within 45 days of the date of the bill.

3. With an application for a closure plan for a facility, the applicant shall remit to the DEQ an application fee of $5,000 for each hazardous waste management unit involved in the closure plan or $20,000, whichever is less. If the total cost of processing the application, including review and approval of the closure report, is more than the application fee paid, the applicant shall be billed for the difference, and the difference shall be paid in full after the DEQ completes review and approval of the closure report and within 30 days of notification by the Director. If the reasonable cost is less than the fee paid by the applicant, the DEQ shall refund the difference within 30 days of the closure report review and approval. The maximum fee for a closure plan is shown in the Table.

4. The fee for a land treatment demonstration permit issued under § 270.63 (as incorporated by R18-8-270) for hazardous waste applies toward the $20,000 permit fee for a Part B land treatment permit when the owner or operator seeks to treat or dispose of hazardous waste in land treatment units based on the successful treatment demonstration (as incorporated by R18-8-270).

5. The DEQ shall provide the applicant itemized bills at least semiannually for the expenses associated with evaluating the application and approving or denying the permit or permit modification. The following information shall be included in each bill:
   a. The dates of the billing period;
   b. After January 1, 2013, the date and number of review hours performed during the billing period itemized by employee name, position type and specifically describing:
      i. Each review task performed;
      ii. The facility and operational unit involved;
      iii. The hourly rate;
   c. A description and amount of review-related costs as described in subsection (G)(f)(b); and
   d. The total fees paid to date, the total fees due for the billing period, the date when the fees are due, and the maximum fee for the project.

6. Fees shall consist of processing charges and review-related costs as follows:
   a. Processing charges. The DEQ shall calculate the processing charges using a rate of $136 per hour, multiplied by the number of review hours used to evaluate and approve or deny the permit or permit modification.
   b. Review-related costs means any of the following costs applicable to a specific application:
      i. Per diem expenses,
      ii. Transportation costs,

7. Any person who receives a final bill from the DEQ for the processing and issuance or denial of a permit or permit modification under this Article may request an informal review of all billing items and may pay the bill under protest. If the bill is paid under protest, the DEQ shall issue the permit or permit modification if it would be otherwise issuable after normal payment. Such a request shall specify each area of dispute, and it shall be made in writing, within 30 days of the date of receipt of the final bill, to the division director of the DEQ for the Waste Programs Division. The final bill shall be sent by certified mail, return receipt requested. The informal review shall take place within 30 days of the DEQ’s receipt of the request unless agreed otherwise by the DEQ and the applicant. All requests shall be in writing and shall contain facts or reasons supporting the request.

(b) If the Director decides the request is not justified, the Director shall send the requester a brief written response giving a reason for the decision. Denials of requests for modification, revocation and reissuance, or termination are not subject to public notice, comment, or hearings.

(c) Modification, revocation or reissuance of permits procedures.

(1) If the Director tentatively decides to modify or revoke and reissue a permit under §§ 270.41 or 270.42(c) (as incorporated by R18-8-270), the Director shall prepare a draft permit under § 124.6 (as incorporated by R18-8-271(E)), incorporating the proposed changes. (3) “Classes 1 and 2 modifications” as defined in § 270.42 (as incorporated by R18-8-270) are not subject to the requirements of this subsection.

A notice of intent to terminate is a type of draft permit which follows the same procedures as any draft permit prepared under § 124.6 (as incorporated by R18-8-271(E)). In the case of permits that are processed or issued jointly by both the DEQ and the EPA, a notice of intent to terminate shall not be issued if the Regional Administrator and the permittee agree to termination in the course of transferring permit responsibilities from the EPA to the state.

(e) The Director shall base all draft permits, including notices of intent to terminate, prepared under this subsection on the administrative record as defined in § 124.9 (as incorporated by R18-8-271(H)).
