Allen Imig, Executive Director

In the 2005 Legislative Session Senate Bill 1358 continues the Board of Examiners of Nursing Care Institution Administrators and Assisted Living Facility Managers for one year, modifies the membership of the Board and allows the Board to take action against regulated persons after their license has expired. Continues the Board for one year until July 1, 2006. Shortens the terms of Board members from three-year terms to two-year terms. Eleven members are appointed by the Governor to serve on the board including two new members, a manager of an assisted living center and a manager of an assisted living home. Removes one lay member representing consumers of nursing care institution services and one lay member representing consumers of assisted living facilities from the Board and replaces them with two public members. Prohibits managers of the assisted living centers and managers of assisted living homes from being affiliated with a nursing care institution. Eliminates the option of appointing an administrator at large to the Board and instead requires that only a manager at large who is not affiliated with a nursing care institution be appointed. Requires that the member of the Board that is an administrator of a nonprofit skilled nursing facility be an administrator of a faith-based nonprofit skilled nursing facility. Prohibits members of the board from serving on any other board relating to long-term care during the member's term with the Board. Stipulates that a Board member's term automatically ends when that member no longer meets the qualifications for appointment to the Board. Requires the Board to notify the Governor of the Board vacancy. Requires the Board to provide the Senate and House Health Committee Chairpersons copies of Board minutes and executive decisions. Subjects the Board and its licensees to the same requirements that apply to other health professional boards and licensees including allowing the Board to take action against a licensee after a license has expired.
