ABOUT THIS PUBLICATION

The paper copy of the *Administrative Register* (A.A.R.) is the official publication for rules and rulemaking activity in the state of Arizona.

Rulemaking is defined in Arizona Revised Statutes known as the Arizona Administrative Procedure Act (APA), A.R.S. Title 41, Chapter 6, Articles 1 through 10.

The Office of the Secretary of State does not interpret or enforce rules published in the *Arizona Administrative Register* or *Code*. Questions should be directed to the state agency responsible for the promulgation of the rule as provided in its published filing.

The *Register* is cited by volume and page number. Volumes are published by calendar year with issues published weekly. Page numbering continues in each weekly issue.

In addition, the *Register* contains the full text of the Governor's Executive Orders and Proclamations of general applicability, summaries of Attorney General opinions, notices of rules terminated by the agency, and the Governor's appointments of state officials and members of state boards and commissions.

ABOUT RULES

Rules can be: made (all new text); amended (rules on file, changing text); repealed (removing text); or renumbered (moving rules to a different Section number). Rules activity published in the *Register* includes: proposed, final, emergency, expedited, and exempt rules as defined in the APA.

Rulemakings initiated under the APA as effective on and after January 1, 1995, include the full text of the rule in the *Register*. New rules in this publication (whether proposed or made) are denoted with underlining; repealed text is stricken.

WHERE IS A "CLEAN" COPY OF THE FINAL OR EXEMPT RULE PUBLISHED IN THE REGISTER?

The *Arizona Administrative Code* (A.A.C) contains the codified text of rules. The A.A.C. contains rules promulgated and filed by state agencies that have been approved by the Attorney General or the Governor's Regulatory Review Council. The *Code* also contains rules exempt from the rulemaking process.

The printed *Code* is the official publication of a rule in the A.A.C. is prima facie evidence of the making, amendment, or repeal of that rule as provided by A.R.S. § 41-1012. Paper copies of rules are available by full Chapter or by subscription. The *Code* is posted online for free.

LEGAL CITATIONS AND FILING NUMBERS

On the cover: Each agency is assigned a Chapter in the *Arizona Administrative Code* under a specific Title. Titles represent broad subject areas. The Title number is listed first; with the acronym A.A.C., which stands for the *Arizona Administrative Code*; following the Chapter number and Agency name, then program name. For example, the Secretary of State has rules on rulemaking in Title 1, Chapter 1 of the *Arizona Administrative Code*. The citation for this chapter is 1 A.A.C. 1, Secretary of State, Rules and Rulemaking

Every document filed in the office is assigned a file number. This number, enclosed in brackets, is located at the top right of the published documents in the *Register*. The original filed document is available for 10 cents a copy.

Participate in the Process

Look for the Agency Notice

Review (inspect) notices published in the *Arizona Administrative Register*. Many agencies maintain stakeholder lists and would be glad to inform you when they proposed changes to rules. Check an agency's website and its newsletters for news about notices and meetings.

Feel like a change should be made to a rule and an agency has not proposed changes? You can petition an agency to make, amend, or repeal a rule. The agency must respond to the petition. (See A.R.S. § 41-1033)

Attend a public hearing/meeting

Attend a public meeting that is being conducted by the agency on a Notice of Proposed Rulemaking. Public meetings may be listed in the Preamble of a Notice of Proposed Rulemaking or they may be published separately in the *Register*. Be prepared to speak, attend the meeting, and make an oral comment.

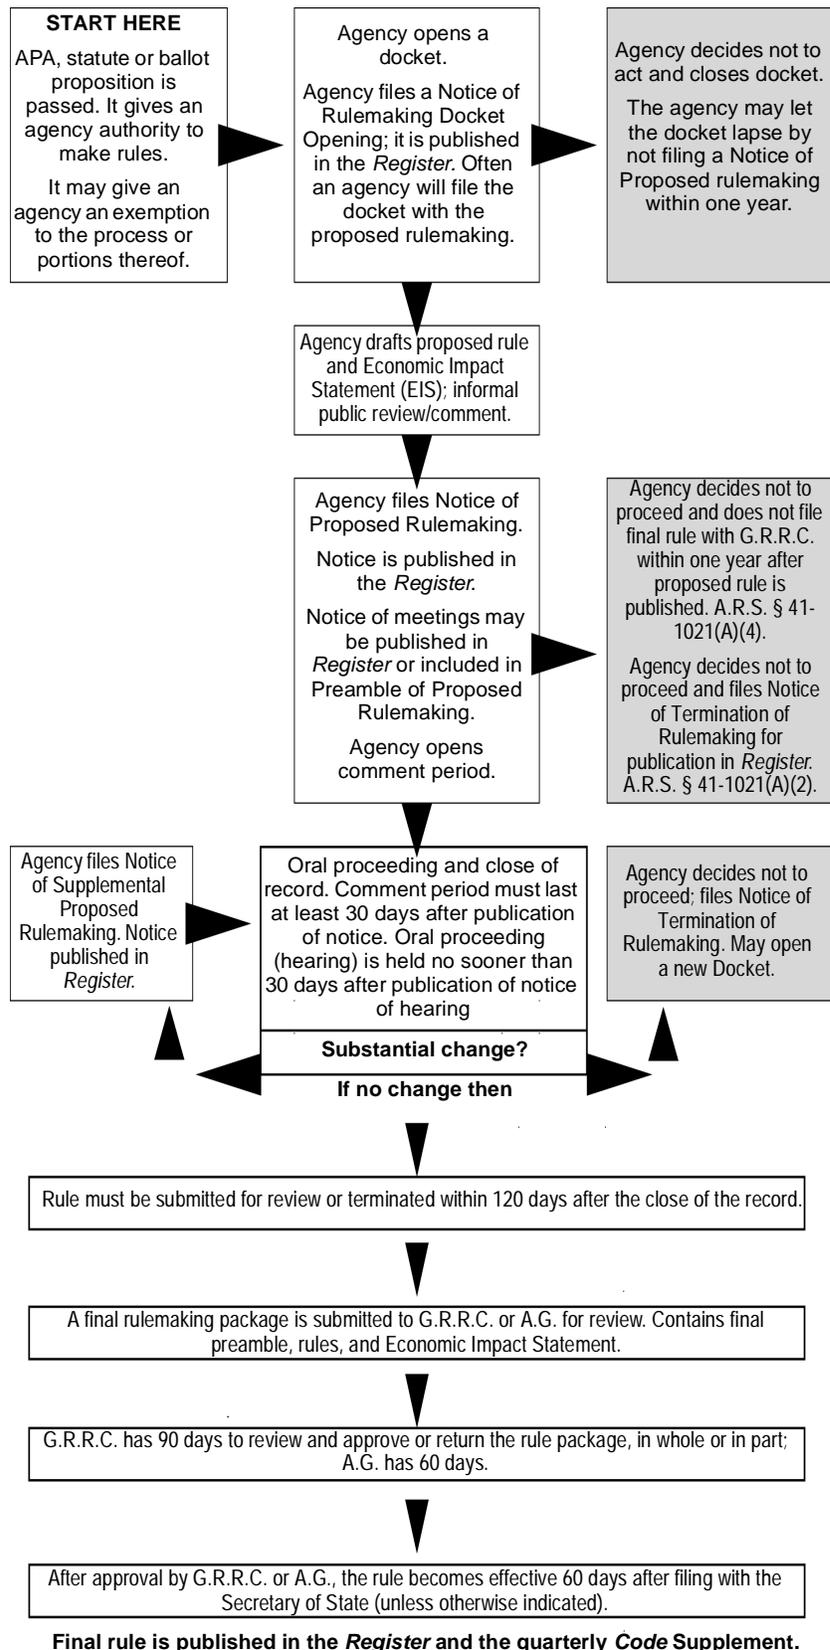

An agency may not have a public meeting scheduled on the Notice of Proposed Rulemaking. If not, you may request that the agency schedule a proceeding. This request must be put in writing within 30 days after the published Notice of Proposed Rulemaking.

Write the agency

Put your comments in writing to the agency. In order for the agency to consider your comments, the agency must receive them by the close of record. The comment must be received within the 30-day comment timeframe following the *Register* publication of the Notice of Proposed Rulemaking.

You can also submit to the Governor's Regulatory Review Council written comments that are relevant to the Council's power to review a given rule (A.R.S. § 41-1052). The Council reviews the rule at the end of the rulemaking process and before the rules are filed with the Secretary of State.

About Preambles

The Preamble is the part of a rulemaking package that contains information about the rulemaking and provides agency justification and regulatory intent.

It includes reference to the specific statutes authorizing the agency to make the rule, an explanation of the rule, reasons for proposing the rule, and the preliminary Economic Impact Statement.

The information in the Preamble differs between rulemaking notices used and the stage of the rulemaking.

NOTICES OF PROPOSED RULEMAKING

This section of the *Arizona Administrative Register* contains Notices of Proposed Rulemaking.

A proposed rulemaking is filed by an agency upon completion and submittal of a Notice of Rulemaking Docket Opening. Often these two documents are filed at the same time and published in the same *Register* issue.

When an agency files a Notice of Proposed Rulemaking under the Administrative Procedure Act (APA) the notice is published in the *Register*. The notice is published within three weeks of filing. See the publication schedule in the back of each issue of the *Register* for more information.

Under the APA, an agency must allow at least 30 days to elapse after the publication of the Notice of Proposed Rulemaking in the *Register* before beginning any proceedings for making, amending, or repealing any rule. (A.R.S. §§ 41-1013 and 41-1022)

The Office of the Secretary of State is the filing office and publisher of these rules. Questions about the interpretation of the proposed rules should be addressed to the agency that promulgated them. Refer to item #4 to contact the person charged with the rulemaking and item #10 for the close of record and information related to public hearings and oral comments.

R4-18-904. Dispensing; Intravenous Nutrients

A. To prevent toxicity due to the excessive intake of a natural substance, drug, or device, before dispensing the natural substance, drug, or device to an individual, a certified physician shall:

1. Conduct a physical examination of the individual,
2. Conduct laboratory tests as necessary that determine the potential for toxicity of the individual, and
3. Document the results of the physical examination and laboratory tests in the individual’s medical record.

B. For the purposes of A.R.S. § 32-1504(A)(8), a substance is considered a nutrient ~~not~~ suitable for intravenous administration if it is:

- 1. ~~Not manufactured and supplied for intravenous use by a manufacturer registered with the United States Food and Drug Administration or compounded by a pharmacy licensed in Arizona, another state, or United States territory; or complies with A.R.S. § 32-1501(15)(iii).~~
- 2. ~~One of the following:~~
 - a. ~~Silver protein, or any substance that contains silver;~~
 - b. ~~Cesium chloride;~~
 - c. ~~Hydrazine sulfate; or~~
 - d. ~~Lipid replacement as used in total parenteral nutrition.~~

4. The agency’s contact person who can answer questions about the rulemaking:

5. An agency’s justification and reason why a rule should be made, amended, repealed, or renumbered, to include an explanation about the rulemaking:

During the 2007 Five-Year Review, it was determined the Board’s rules do not include the application requirements that are contained on the Board’s website. In 2010, the Board’s agenda included submission of rules to the Governor’s Regulatory Review Council (“GRRC”). The Board did not submit rules at that time because of the rulemaking moratorium. The Board is amending its definitions in R4-18-101 for clarification purposes. Under the definition of Approved Specialty College or Program in R4-18-101, The Arizona Naturopathic Medical Association (“AzNMA”), and, the Council on Naturopathic Medical Education (“CNME”), are being removed because they do not approve specialty postdoctoral training programs. The Board is inserting; **“a college or program must be certified by a Specialty Board of Examiners, The American Association of Naturopathic Physicians (“AANP”) or another professional association, or, another states licensing agency, recognized by the Board.”**

A.R.S. § 32-1524(A) requires each applicant for licensure to submit a verified completed application form. The Board is adding the definition of verified to mean; a notarized form dated, and signed by the applicant, affirming the information provided in the application, including any accompanying documents submitted by or on behalf of the applicant, is true and complete.

R4-18-107 is the Board fees, which were amended by exempt rulemaking (published at 19 A.A.R. 1986, August 2, 2013) and effective September 16, 2013 (Supp. 13-3). Pursuant to A.R.S. § 41-1008(E), the Board is required to process the exempt rules via the regular rulemaking process.

The Board is amending R4-18-202 by including specific information required on an application form for licensure by examination. R4-18-202(2) requires an applicant to take Homeopathy as an additional clinical elective examination, given by the North American Board of Naturopathic Examiners (“NABNE”) and to have their examination record, including the Homeopathy elective score, sent directly to the Board. In August of 2007, NABNE began including the subject matter of Homeopathy in Part II of the Clinical Science portion of the examination. The Board is eliminating the need to take Homeopathy as an additional clinical elective examination. A.R.S. § 32-1525(H) requires an applicant for examination to take and complete all of the examinations required by this section within a five-year period. The Board is amending its rules to clarify the five-year period means immediately proceeding the submission of the application to the Board.

The scope of practice for a Naturopathic Physician licensed in Arizona includes acupuncture and minor surgery. As a requirement for licensure, applicants must take and pass NPLEX examinations in these subjects. The Board is amending R4-18-203 to require applicants applying for licensure by endorsement, meet the examination standards for Arizona licensure. A.R.S. § 35-1525(4) requires all persons applying by endorsement who were licensed in another state or a Canadian province before January 1, 2005, to complete an additional sixty hour course and examination in pharmacotherapeutics. The Board is amending its rules to define what are considered approved hours in order to satisfy this requirement.

The Board is amending R4-18-204 to include specific information required on an application form for specialty certification.

The Board is amending R4-18-206 to include specific information required on an application for renewal of a naturo-

pathic medical license.

Currently, there are no rules regarding requirements for reinstatement of an expired license or certificate, reinstatement of a retired license or certificate, reinstatement of a suspended license or certificate, reissuance of a revoked license or certificate or application requirements for a surrendered license or certificate. The Board is adding sections R4-18-207, R4-18-208, and, R4-18-209 to address these requirements.

The Board is amending R4-18-501 to specify requirements for certification, and to include specific information required on an application for certificate to engage in clinical or preceptorship training. The Board is amending R4-18-502 to include specific information required on a renewal application form for clinical training or preceptorship certification.

R4-18-904 was revised via emergency rule effective December 18, 2014.

A.R.S. § 32-1504(A)(8) States the Board shall adopt rules for the safe administration of intravenous nutrients and, identify and exclude substances that do not meet the criteria of nutrients suitable for intravenous administration.

A.A.C. R4-18-904(B)(1) identifies nutrients not suitable for intravenous administration as any substance not manufactured and supplied for intravenous use by a manufacturer registered with the United States Food and Drug Administration or compounded by a pharmacy licensed in Arizona, another state, or United States territory. Prior to the emergency rule making, the rule however went further by establishing a list of four (4) excluded nutrients in A.A.C. R4-18-904(B)(2); Silver protein, or any substance that contains silver, Cesium chloride, Hydrazine sulfate, and Lipid replacement as used in total parenteral nutrition. A.R.S. § 32-1501(15)(iii) defines nutrients as a substance that provides nourishment for growth or metabolism and that is manufactured and supplied for intravenous use by a manufacturer registered with the United States Food and Drug Administration or compounded by a pharmacy licensed by the state board of pharmacy. Statute does not require rule to list specific nutrients because both statute and rule already define substances considered not suitable for intravenous administration.

It came to the Board's attention that some of our licensees have used one or more of the substances listed in A.A.C. R4-18-904(B)(2), and state they have had positive results with their use. The American Naturopathic Research Institute/Naturopathic Oncology Research Institute report, they are currently conducting an IRB (ID # IORG0007953), in which one or more of the excluded nutrients had been used. The current rules have an impact on the data supplied for the IRB. According to the website www.cancer.gov; The Food and Drug Administration (FDA) has approved the study of hydrazine sulfate in clinical trials. According to www.researchednutritionals.com; Lipid Replacement is not just the dietary substitution of certain lipids with proposed health benefits; it is the actual replacement of damaged cellular lipids with undamaged lipids to ensure proper structure and function of cellular structures, mainly cellular and organelle membranes. By removing the use any of the 4 excluded substances, the rule may have impacted the health and safety of the public. The Board requested an emergency rule change under A.R.S. § 41-1032(A)(1), and is seeking continuance of the rule via the regular rulemaking process.

6. A reference to any study relevant to the rules that the agency reviewed and either relied on or did not rely on in its evaluation of or justification for the rules, where the public may obtain or review each study, all data underlying each study, and any analysis of each study and other supporting material:

The Board did not review or rely on any study.

7. A showing of good cause why the rulemaking is necessary to promote a statewide interest if the rules will diminish a previous grant of authority of a political subdivision of this state:

Not applicable

8. The preliminary summary of the economic, small business, and consumer impact:

When used in the economic impact statement summary, annual cost/revenue are designated as minimal when less than \$5,000, moderate when between \$5,000 and \$10,000, and substantial when greater than \$10,000.

The Board will incur minimal expense to write the rules and enforce their requirements. The addition of the definition in R4-18-101 should not result in any additional costs to the applicant, as the Board currently requires all initial application forms for naturopathic medical licensure, clinical training, and preceptorship training, to be notarized. The same is true for including the specific application requirements in R4-18-202, R4-18-203, R4-18-204, R4-18-206, R4-18-207, R4-18-208, R4-18-209, R4-18-501, and R4-18-202. A minimal cost could be incurred by an applicant when applying for licensure by endorsement, in the event the applicant has not met the required competency for licensure in Arizona because they have not taken or passed the acupuncture and minor surgery examinations.

9. The agency's contact person who can answer questions about the economic, small business, and consumer impact statement:

Name: Gail Anthony, Executive Director
Address: 1400 W. Washington, Suite 230
Phoenix, AZ 85007
Telephone: (602) 542-8242
Fax: (602) 542-3093
Email: gail.anthony@aznd.gov
Website: www.aznd.gov

10. The time, place, and nature of the proceedings to make, amend, repeal or renumber the rule, or if no proceeding is scheduled, where, when, and how persons may request an oral proceeding on the proposed rules:

An oral proceeding regarding the proposed rules will not be held. Any and all comments regarding these proposed rules may be submitted directly to the State of Arizona Naturopathic Physicians Medical Board via the following methods:

1. E-mail to Gail Anthony, Executive Director at gail.anthony@aznd.gov
2. FAX to the Arizona Naturopathic Physicians Medical Board at (602) 542-3093
3. Website at www.aznd.gov using the public information request form.
4. In person to the Board offices: 1400 W. Washington Suite 230, Phoenix, AZ 85007
5. Mail to the Board offices: 1400 W. Washington, Suite 230, Phoenix, AZ 85007

The rulemaking record will close at 5:00 p.m. on March 23, 2015.

11. All agencies shall list other matters prescribed by statute applicable to the specific agency or to any specific rule or class of rules. Additionally, an agency subject to Council review under A.R.S. §§ 41-1052 and 41-1055 shall respond to the following questions:

a. Whether the rule requires a permit, whether a general permit is used and if not, the reasons why a general permit is not used:

The Board issues a license or certificate, which fall within the definition of general permit.

b. Whether a federal law is applicable to the subject of the rule, whether the rule is more stringent than federal law and if so, citation to the statutory authority to exceed the requirements of federal law:

Federal law is not applicable to the subject of the rule.

c. Whether a person submitted an analysis to the agency that compares the rule's impact of the competitiveness of business in this state to the impact on business in other states:

The Board did not receive such an analysis from any person.

12. A list of any incorporated by reference material as specified in A.R.S. § 41-1028 and its location in the rules:

None

NOTICES OF RULEMAKING DOCKET OPENING

This section of the Arizona Administrative Register contains Notices of Rulemaking Docket Opening.

A docket opening is the first part of the administrative rulemaking process. It is an "announcement" that the agency intends to work on its rules.

When an agency opens a rulemaking docket to consider rulemaking, the Administrative Procedure Act (APA) requires publication of the Notice of Rulemaking Docket Opening.

Under the APA, effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process. Many times an agency may file the Notice of Rulemaking Docket Opening with the Notice of Proposed Rulemaking.

The Office of the Secretary of State is the filing office and publisher of these notices. Questions about the interpretation of this information should be directed to the agency contact person listed in item #4 of this notice.

EXECUTIVE ORDER 2015-02

Classrooms First Initiative; Increased Dollars to the Classroom

[M15-15]

WHEREAS, Arizona's K-12 public school finance code has existed for generations without the comprehensive reform needed to deliver adequate funding for teachers and classroom instruction;

WHEREAS, reform is needed for the additional reason that the public school finance code has not sufficiently integrated major substantive additions to the public education system, such as charter schools, open enrollment and other school choice options;

WHEREAS, the Auditor General's report, "Arizona School District Spending (Classroom Dollars) Fiscal Year 2013," conducted by the Division of School Audits, concludes that only 53.8 percent of dollars spent on K-12 public education were spent on teachers and classroom instruction;

WHEREAS, to the greatest extent possible, every dollar should be spent on teachers and classroom instruction;

WHEREAS, K-12 education represents 43 percent of Arizona's FY2015 General Fund spending, and Arizona will spend more than \$10 billion on K-12 education in FY15 from all federal, state, and local sources;

WHEREAS, a modernized school finance code is needed to ensure adequate funding for teachers and classroom instruction, directly resulting in student success and ultimately a stronger workforce for the State of Arizona;

NOW, THEREFORE, I, Douglas A. Ducey, Governor of the State of Arizona, by the authority vested in me by the Constitution and the laws of this State, do hereby establish the Classrooms First Initiative, "the Initiative," and I order as follows:

1. The Initiative shall be directed by an Initiative Council consisting of the following members, appointed by the Governor:
 - At least one chair;
 - At least one representative of the Governor;
 - The Superintendent of Public Instruction;
 - The President of the State Board of Education;
 - The President of the Arizona State Board for Charter Schools;
 - A county school superintendent;

 - A school district superintendent;
 - A public school teacher;
 - At least one school finance expert; and
 - A taxpayer representative.
2. Members of the Initiative Council serve at the pleasure of the Governor.
3. The Initiative Council shall meet at least once per month and as often as required, as determined by the chair(s).
4. No later than September 1, 2015, the Initiative Council shall provide the Governor with a preliminary report and, no later than December 1, 2015, the Initiative Council shall provide the Governor with a final report.
5. The report shall address the following.
 - Revisions to the K-12 public school finance code;
 - Maximizing the delivery of funds to teachers and classroom instruction; and
 - Any other items consistent with the policies and principles set forth in this Order.

6. This Executive Order expires on December 31, 2015.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Arizona.

EXECUTIVE ORDER 2015-01

Internal Review of Administrative Rules; Moratorium to Promote Job Creation and Customer-Service-Oriented Agencies

Editor's Note: This Executive Order is being reproduced in each issue of the Administrative Register until its expiration on December 31, 2015, as a notice to the public regarding state agencies' rulemaking activities.

[M15-02]

WHEREAS, Arizona has lost more jobs per capita than any other state and has yet to recover all of those jobs;

WHEREAS, burdensome regulations inhibit job growth and economic development;

WHEREAS, each agency of the State of Arizona should promote customer-service-oriented principles for the people that it serves;

WHEREAS, each State agency should undertake a critical and comprehensive review of its administrative rules and take action to reduce the regulatory burden, administrative delay, and legal uncertainty associated with government regulation;

WHEREAS, overly burdensome, antiquated, contradictory, redundant, and nonessential regulations should be repealed;

WHEREAS, Article 5, Section 4 of the Arizona Constitution and Title 41, Chapter 1, Article 1 of the Arizona Revised Statutes vests the executive power of the State of Arizona in the Governor;

NOW, THEREFORE, I, Douglas A. Ducey, by virtue of the authority vested in me by the Constitution and laws of the State of Arizona hereby declare the following:

1. A State agency, subject to this Order, shall not conduct any rulemaking except as permitted by this Order.
2. A State agency, subject to this Order, shall not conduct any rulemaking, whether informal or formal, without the prior written approval of the Office of the Governor. In seeking approval, a State agency shall address one or more of the following as justification for the rulemaking:
 - a. To fulfill an objective related to job creation, economic development, or economic expansion in this State.
 - b. To reduce or ameliorate a regulatory burden while achieving the same regulatory objective.
 - c. To prevent a significant threat to the public health, peace or safety.
 - d. To avoid violating a court order or federal law that would result in sanctions by a court or the federal government against an agency for failure to conduct the rulemaking action.
 - e. To comply with a federal statutory or regulatory requirement if such compliance is related to a condition for the receipt of federal funds or participation in any federal program.
 - f. To fulfill an obligation related to fees or any other action necessary to implement the State budget that is certified by the Governor's Office of Strategic Planning and Budgeting.
 - g. To promulgate a rule or other item that is exempt from Title 41, Chapter 6, Arizona Revised Statutes, pursuant to section 41-1005, Arizona Revised Statutes.
 - h. To address matters pertaining to the control, mitigation or eradication of waste, fraud, or abuse within an agency or wasteful, fraudulent, or abusive activities perpetrated against an agency.
3. Paragraphs 1 and 2 apply to all State agencies, except for: (a) any State agency that is headed by a single elected State official, (b) the Corporation Commission, or (c) any State agency whose agency head is not appointed by the

Governor. Those State agencies to which Paragraphs 1 and 2 do not apply are strongly encouraged to voluntarily comply with this Order in the context of their own rulemaking processes.

4. Pursuant to Article 5, Section 4 of the Arizona Constitution and Arizona Revised Statutes Section 41-101(A)(1), the State agencies identified in Paragraph 3 must provide the Office of the Governor with a written report for each proposed rule 30 days prior to engaging in any rulemaking proceeding and must also provide the Office of the Governor with a written report within 15 days of any rulemaking. The reports required by this Paragraph shall explain, in detail, how the rulemaking advances the priorities and principles set forth in this Order.
5. No later than September 1, 2015, each State agency shall provide to the Office of the Governor an evaluation of their rules, with recommendations for which rules could be amended or repealed consistent with the priorities and principles set forth in this Order. The evaluation shall also include a summary of licensing time frames and describe how those time frames compare to real processing time, and whether or not they can be reduced. Additionally, each agency shall identify any existing licenses or permits in which a general permit could be used in lieu of an individual permit, pursuant to Arizona Revised Statutes Section 41-1037.
6. No later than July 1, 2015, each State agency shall provide to the Office of the Governor an update on divisions where electronic reporting and payment are not implemented and a suggested plan for how to implement this customer-service-oriented service.
7. This Order does not confer any legal rights upon any persons and shall not be used as a basis for legal challenges to rules, approvals, permits, licenses or other actions or to any inaction of a State agency. For the purposes of this Order, “person,” “rule” and “rulemaking” have the same meanings prescribed in Arizona Revised Statutes Section 41-1001.
8. This Executive Order expires on December 31, 2015.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Great Seal of the State of Arizona.
