- H. With the consent of the hearing officer, the parties may stipulate to factual findings or legal conclusions.

- C. The Appeals Board shall decide the appeal based solely on the record of proceedings before the hearing officer and any further evidence or testimony presented to the Board.

Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1993, Ch. 6, § 34. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules.  - The Administration or a contractor may waive the covered services referral requirements of this Article.
 - Except as authorized by the Administration or a contractor, a primary care provider, attending physician, practi-

tioner, or a dentist shall provide or direct the member’s covered services. Delegation of the provision of care to a practitioner does not diminish the role or responsibility of the primary care provider.

- A contractor shall offer a female member direct access to preventive and routine services from gynecology providers within the contractor’s network without a referral from a primary care provider.
- A member may receive behavioral health services as specified in Articles 2 and 12.

The Administration or a contractor shall not provide prior authorization for services unless the provider submits documentation of the medical necessity of the treatment along with the prior authorization request.
- Services under A.R.S. § 36-2908 provided during the prior period coverage do not require prior authorization.
- Prior authorization is not required for services necessary to evaluate and stabilize an emergency medical condition. The Administration or a contractor shall not reimburse services that require prior authorization unless the provider documents the diagnosis and treatment.
- A service is not a covered service if provided outside the GSA unless one of the following applies:
 - A member is referred by a primary care provider for medical specialty care outside the GSA. If a member is referred outside the GSA to receive an authorized medically necessary service, the contractor shall also provide all other medically necessary covered services for the member;
 - There is a net savings in service delivery costs as a result of going outside the GSA that does not require undue travel time or hardship for a member or the member’s family;
 - The contractor authorizes placement in a nursing facility located out of the GSA; or
 - Services are provided during prior period coverage.
- If a member is traveling or temporarily residing outside of the GSA, covered services are restricted to emergency care services, unless otherwise authorized by the contractor.
- A contractor shall provide at a minimum, directly or through subcontracts, the covered services specified in this Chapter and in contract.

- I. - K. Subject to CMS approval, the restrictions, limitations, and exclusions specified in the following subsections do not apply to American Indians receiving services through IHS or a tribal health program operating under P.L. 93-638 when those services are eligible for 100 percent federal financial participation:

R9-22-217. Services Included in the Federal Emergency Services Program

- A. Definition. For the purposes of this Section, an emergency medical or behavioral health condition for a FES member means a medical condition or a behavioral health condition, including labor and delivery, manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in:
1. Placing the member's health in serious jeopardy,
 2. Serious impairment to bodily functions,
 3. Serious dysfunction of any bodily organ or part, or
 4. Serious physical harm to another person.
- B. Services. "Emergency services for a FES member" mean those medical or behavioral health services provided for the treatment of an emergency condition. 1. Placing the member's health in serious jeopardy, or
 2. Serious impairment of bodily function, or
 3. Serious dysfunction of a bodily organ or part.
- C.** Covered services. Services are considered emergency services if all of the criteria specified in subsection (A) are satisfied at the time the services are rendered. The Administration shall determine whether an emergency condition exists on a case-by-case basis.
- D.** Prior authorization. A provider is not required to obtain prior authorization for emergency services for FES members. Prior authorization for outpatient dialysis services is met when the treating physician has completed and signed a monthly certification as described in subsection (B).

R9-22-705. Payments by Contractors

- A.** General requirements. A contractor shall contract with providers to provide covered services to members enrolled with the contractor. The contractor is responsible for reimbursing providers and coordinating care for services provided to a member. Except as provided in subsection (A)(2), a contractor is not required to reimburse a noncontracting provider for services rendered to a member enrolled with the contractor.
1. Providers. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of March 6, 1992, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
 2. A contractor shall reimburse a noncontracting provider for services rendered to a member enrolled with the contractor as specified in this Article if:
 - a. The contractor referred the member to the provider or authorized the provider to render the services and the claim is otherwise payable under this Chapter, or
 - b. The service is emergent under Article 2 of this Chapter.
- B.** Timely submission of claims.
1. Under A.R.S. § 36-2904, a contractor shall deem a paper or electronic claim as submitted on the date that the claim is received by the contractor. The contractor shall do one or more of the following for each claim the contractor receives:
 - a. Place a date stamp on the face of the claim,
 - b. Assign a system-generated claim reference number, or
 - c. Assign a system-generated date-specific number.
 2. Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
 - a. Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
 - b. Six months from the date of eligibility posting.
 3. Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
 - a. Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
 - b. Twelve months from the date of eligibility posting.
- C.** Date of claim.
1. A contractor's date of receipt of an inpatient or an outpatient hospital claim is the date the claim is received by the contractor as indicated by the date stamp on the claim, the system-generated claim reference number, or the system-generated date-specific number assigned by the contractor.
 2. A hospital claim is considered paid on the date indicated on the disbursement check.
 3. A denied hospital claim is considered adjudicated on the date of the claim's denial.
 4. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the contractor shall assign a new date of receipt upon receipt of the additional documentation.
 5. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the contractor shall not assign a new date of receipt.
 6. A contractor and a hospital may, through a contract approved as specified in R9-22-715, adopt a method for identifying, tracking, and adjudicating a claim that is different from the method described in this subsection.
- D.** Payment for in-state inpatient hospital services. A contractor shall reimburse an in-state provider of inpatient hospital services rendered with an admission date on or after March 1, 1993, at either a rate specified by subcontract or, in absence of the subcontract, the prospective tiered-per-diem amount in

A.R.S. § 36-2903.01 and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715. This subsection does not apply to an urban contractor as specified in R9-22-718 and A.R.S. § 36-2905.01.

E. Payment for in-state outpatient hospital services.

1. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after March 1, 1993 through June 30, 2005, at either a rate specified by a subcontract that complies with R9-22-715(A) or, in absence of a subcontract, as described in R9-22-712 or under A.R.S. § 36-2903.01. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
2. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

F. Inpatient and outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent state-wide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b). In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the contractor shall pay the claim by multiplying the covered charges for the outpatient services by the state-wide outpatient cost-to-charge ratio.

G. Payment for observation days. A contractor shall reimburse a provider and a noncontracting provider for the provision of observation days at either a rate specified by subcontract or, in the absence of a subcontract, as prescribed under R9-22-712, R9-22-712.10, and R9-22-712.45. An "observation day" means a physician-ordered evaluation period of less than 24 hours to determine the need of treatment or the need for admission as an inpatient.

H. Review of claims and coverage for hospital supplies.

1. A contractor may conduct a review of any claims submitted and recoup any payments made in error.
2. A hospital shall obtain prior authorization from the appropriate contractor for nonemergency admissions. When issuing prior authorization, a contractor shall consider the medical necessity of the service, and the availability and cost effectiveness of an alternative treatment. Failure to obtain prior authorization when required is cause for nonpayment or denial of a claim. A contractor shall not require prior authorization for medically necessary services provided during any prior period for which the contractor is responsible. If a contractor and a hospital agree to a subcontract, the parties shall abide by the terms of the subcontract regarding utilization control activities. A hospital shall cooperate with a contractor's reasonable activities necessary to perform concurrent review and shall make the hospital's medical records pertaining to a member enrolled with a contractor available for review.
3. Regardless of prior authorization or concurrent review activities, a contractor may make prepayment or post-payment review of all claims, including but not limited to a hospital claim. A contractor may recoup an erroneously

paid claim. If prior authorization was given for a specific level of care, but medical review of a claim indicates that a different level of care was medically appropriate, a contractor shall adjust the claim to pay for the cost for the appropriate level of care. An adjustment in payment for a different level of care is effective on the date when the different level of care is medically appropriate.

4. A contractor and a hospital may enter into a subcontract that includes hospital claims review criteria and procedures if the subcontract meets the requirements of R9-22-715.

5. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:

- a. Patient care kit,
- b. Toothbrush,
- c. Toothpaste,

- k. Disposable razor,
- l. Shampoo,
- m. Powder,
- n. Lotion,
- o. Comb, and

- b. Diaper,
- c. Underpad,
- d. Special mattress and special bed,
- e. Gloves,
- f. Wrist restraint,
- g. Limb holder,
- h. Disposable item used instead of a durable item,
- i. Universal precaution,
- j. Stat charge, and
- k. Portable charge.

7. The contractor shall determine in a hospital claims review whether services rendered were:

- a. Covered services as defined in R9-22-102;
- b. Medically necessary;
- c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
- d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2904.

8. If a contractor adjudicates a claim or recoups payment for a claim, a person may file a claim dispute challenging the adjudication or recoupment as described under 9 A.A.C. 34.

I. Non-hospital claims. A contractor shall pay claims for non-hospital services in accordance with contract, or in the absence of a contract, at a rate not less than the Administration's capped fee-for-service schedule or at a lower rate if negotiated between the two parties.

J. Payments to hospitals. A contractor shall pay for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and as described in A.R.S. § 36-2904:

1. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.
2. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.
3. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a 1 percent penalty of the rate for each month or portion of the month following the 60th day of receipt of the bill until date of payment.

- K.** Interest payment. In addition to the requirements in subsection (J), a contractor shall pay interest for late claims as defined by contract.
- L.** For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article 2 of this Chapter, once the limit is reached the Administration will not reimburse the services.

 - i. “FQHC or FQHC Look-Alike pharmacy” means a pharmacy that dispenses drugs to FQHC or FQHC-LA patients and that is owned and/or operated by an FQHC/FQHC-LA or by an entity that reports the costs of an FQHC/FQHC-LA on its Medicare Cost Report, whether or not collocated with an FQHC or an FQHC Look-Alike.
2. Effective the later of February 1, 2012, or CMS approval of a State Plan Amendment, an FQHC or FQHC Look-Alike shall:
 - a. Notify the AHCCCS provider registration unit of its status as a 340B covered entity no later than:

 - c. Identify 340B drug claims submitted to the AHCCCS FFS PBM or the Managed Care Contractors’ PBMs for reimbursement. The 340B drug claim identification and claims processing for a drug claim submission shall be consistent with claim instructions issued and required by AHCCCS to identify such claims.
 3. The FQHC and the FQHC Look-Alike pharmacies shall submit claims for AHCCCS members for drugs that are identified in the 340B pricing file, whether or not purchased under the 340B pricing file, with the lesser of:
 - a. The actual acquisition cost, or
 - b. The 340B ceiling price.
 4. The AHCCCS Fee-for-Service and Managed Care Contractors’ PBMs shall reimburse claims for drugs which are identified in the 340B pricing file dispensed by FQHC and FQHC Look-Alike pharmacies, whether or not purchased under the 340B pricing file, at the amount submitted under subsection (C)(3) plus a dispensing fee listed in the AHCCCS Capped Fee-For-Service Schedule unless a contract between the 340B entity and a Managed Care Contractor’s PBM specifies a different dispensing fee.
 5. Contracted pharmacies shall not submit claims for drugs dispensed under an agreement with the 340B entity as part of the 340B drug pricing program, and the AHCCCS Administration and Managed Care Contractors shall not reimburse such claims.
 6. The AHCCCS Administration and Managed Care Contractors shall reimburse contracted pharmacies for drugs not dispensed under an agreement with the 340B entity as part of the 340B program at the price and dispensing fee set forth in the contract between the contracted pharmacy and the AHCCCS or its Managed Care Contractors’ PBMs. Neither the Administration nor its Managed Care Contractors will reimburse a contracted pharmacy that does not have a contract with the Administration or MCO’s PBM.
 7. The AHCCCS Administration and its Managed Care Contractors shall reimburse FQHC and FQHC Look-Alike pharmacies for drugs that are not eligible under the 340B Drug Pricing Program at the price and dispensing fee set forth in their contract with the AHCCCS or its Managed Care Contractors’ PBMs.
 8. AHCCCS may periodically conduct audits to ensure compliance with this Section.

R9-22-712. Reimbursement: General

- A.** Inpatient and outpatient discounts and penalties. If a claim is pending for additional documentation required under A.R.S. § 36-2903.01(H)(4), the period during which the claim is pending is not used in the calculation of the quick-pay discounts and slow-pay penalties under A.R.S. § 36-2903.01(H)(5).
- B.** Inpatient and outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent state-wide urban cost-to-charge ratio as determined in R9-22-712.01(6)(d). In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse an out-of-state hospital for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the Administration shall pay the claim by multiplying the covered charges for the outpatient services by the state-wide outpatient cost-to-charge ratio.
- C.** Access to records. Subcontracting and noncontracting providers of outpatient or inpatient hospital services shall allow the Administration access to medical records regarding eligible persons and shall in all other ways fully cooperate with the Administration or the Administration's designated representative in performance of the Administration's utilization control activities. The Administration shall deny a claim for failure to cooperate.
- D.** Prior authorization. The Administration or contractor may deny a claim if a provider fails to obtain prior authorization as required under R9-22-210.
- E.** Review of claims. Regardless of prior authorization or concurrent review activities, the Administration may subject all hospital claims, including outliers, to prepayment medical review or post-payment review, or both. The Administration shall conduct post-payment reviews consistent with A.R.S. § 36-2903.01 and may recoup erroneously paid claims. If prior authorization was given for a specific level of care but medical review of the claim indicates that a different level of care was appropriate, the Administration may adjust the claim to reflect the more appropriate level of care, effective on the date when the different level of care was medically appropriate.
- F.** Claim receipt.
1. The Administration's date of receipt of inpatient or outpatient hospital claims is the date the claim is received by the Administration as indicated by the date stamp on the claim and the system-generated claim reference number or system-generated date-specific number.
 2. Hospital claims are considered paid on the date indicated on disbursement checks.
 3. A denied claim is considered adjudicated on the date the claim is denied.
 4. Claims that are denied and are resubmitted are assigned new receipt dates.
 5. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the Administration shall assign a new date of receipt upon receipt of the additional documentation.
 6. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the Administration shall not assign a new date of receipt.
- G.** Outpatient hospital reimbursement. The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through

June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.

1. Computation of outpatient hospital reimbursement. The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital's Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:
 - a. Cost-to-charge ratios. The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital's Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
 - b. Cost-to-charge limit. To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.
2. New hospitals. The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
3. Specialty outpatient services. The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
4. Reimbursement requirements. To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services

provided before the hospital admission are included in the tiered per diem payment.

5. Rebasing. The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.
6. If a hospital files an increase in its charge master for an existing outpatient service provided on or after July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:

$$CCR * [1.047 / (1 + \% \text{ increase})]$$

Where "CCR" means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and "% increase" means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master.

"Charge master" means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

Historical Note

R9-22-712.01. Inpatient Hospital Reimbursement

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons with admissions on and after October 1, 1998, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHCCCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant

claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for fiscal years ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital's 1996 fiscal year end.
 - a. Medicare Cost Report data. Because Medicare Cost Report years are not standard among hospitals and were not audited at the time of the rate calculation, the Administration shall inflate all the costs to a common point in time as described in subsection (2) for each component of the tiered per diem rates. The Administration shall not make any changes to the tiered per diem rates if the Medicare Cost Report data are subsequently updated or adjusted. If a single Medicare Cost Report is filed for more than one hospital, the Administration shall allocate the costs to each of the respective hospitals. A hospital shall submit information to assist the Administration in this allocation.
 - b. Claim and encounter data. For the database, the Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were accepted and processed by the Administration at the time the database was developed for rates effective on and after October 1, 1998. The Administration shall subject the claim and encounter data to a series of data quality, reasonableness, and integrity edits and shall exclude from the database or adjust claims and encounters that fail these edits. The Administration shall also exclude from the database the following claims and encounters:
 - i. Those missing information necessary for the rate calculation,
 - ii. Medicare crossovers,
 - iii. Those submitted by freestanding psychiatric hospitals, and
 - iv. Those for transplant services or any other hospital service that the Administration would pay on a basis other than the tiered per diem rate.
2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.
 - a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:
 - i. Data preparation. The Administration shall identify and group into department categories, the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.
 - ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital's claims and encounters. The AHCCCS inpatient days of care on the particular hospital's claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital's Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimbursable costs. The Administration shall further inflate operating costs to the midpoint of the rate year (March 31, 1999).
 - iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital's certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).
 - iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.
- b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.

- c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.
- d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.
3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these.
 - a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.
 - b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.
 - c. Seven tiers. The seven tiers are:
 - i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.
 - ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.
 - iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.
 - iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.
 - v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the psychiatric tier with any tier other than the ICU tier.
 - vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.
 - vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.
4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.
5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The

Administration shall update new hospital tiered per diem rates through September 30, 2011.

6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.
 - a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.
 - b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.
 - c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.
 - i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.
 - ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.
 - iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.
 - d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.
 - i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.
 - ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).
 - iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after April 1, 2011 by an additional percentage equal to the total percent increase reported on the charge master.
 - iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.
7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed

through the terms of the relevant contract. As described in R9-22-716, if the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.

8. Ownership change. The Administration shall not change any of the components of a hospital's tiered per diem rates upon an ownership change.
9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.
10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, "specialty facility" means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.
11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.
12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

R9-22-712.05. Graduate Medical Education Fund Allocation

- A. Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(H)(9)(a).
- B. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(H)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
 - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
 - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
 - c. It is not administered by or does not receive its primary funding from an agency of the federal government.

2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
 - a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(H)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
 - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(H)(9)(a) that were established before July 1, 2006.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The program name and number assigned by the accrediting organization;
 - ii. The original date of accreditation;
 - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
 - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
 - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
 - b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
 - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
 - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
 - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.

4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
 - a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
 - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
 - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
 - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
 - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
 - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
 - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
 - d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per resident conversion factor shall be determined as follows:
 - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
 - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for those hospitals described under subsection (B)(4)(d)(i).
 - iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
 - a. The allocated amounts shall be distributed in the following order of priority:
 - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(H)(9)(a) for the direct costs of programs established before July 1, 2006;
 - ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(H)(9)(a) for the direct costs of programs established before July 1, 2006;
 - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
 - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
- C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(H)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
 - a. All filled resident positions in approved programs established on or after July 1, 2006; and
 - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably

- expected by the program to be enrolled as a result of the most recently completed annual resident match.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The requirements of subsections (B)(3)(a)(i) through (iv);
 - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
 - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
 - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
 4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
 - a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
 - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
 - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.
 - d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
 - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
 5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).
- D.** Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(H)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
 - a. It is a hospital in Arizona that is the sponsoring institution of one or more of the GME programs in Arizona or the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;
 - b. It incurs indirect program costs for the training of residents in the GME programs;
 - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
 - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
 - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.
 3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The requirements of subsections (B)(3)(a)(i) through (iv);
 - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
 - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
 - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
 4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
 - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month

conversion factor determined under subsection (D)(4)(b).

- b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:

- i. Calculate each hospital's Medicaid share by dividing the AHCCCS inpatient hospital days of care by the total inpatient hospital days from the Medicare Cost Report. For this purpose, the Administration shall use the information described by subsection (B)(4)(c) for adjusting allocated residents for Arizona Medicaid utilization.
- ii. Calculate each hospital's Medicare share by dividing the Medicare inpatient days on the Medicare Cost Report by the total inpatient hospital days on the Medicare Cost Report.
- iii. Divide the Medicaid share by the Medicare share and multiply the resulting ratio by the indirect medical education payment calculated on the Medicare Cost Report.
- iv. Total the results for all hospitals, divide the result by the total allocated residents determined under subsection (B)(4)(b)(i) for these hospitals, and divide that result by 12.

5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (D)(4) to the program's sponsoring hospital or the program's base hospital if the sponsoring institution is not a hospital, up to but not exceeding:

- a. The amount calculated for the hospital at subsection (D)(4)(b)(iii), or
- b. The median of all amounts calculated at subsection (D)(4)(b)(iii) if no amount was calculated for the hospital.

- E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.

- F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals specified by the local, county, or tribal government for indirect program costs other than those reimbursed under subsection (D). Funds transferred and available under this subsection shall be distributed in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons.

 - c. The inpatient component of any Critical Access Hospital payments made to the hospital for the previous state fiscal year.

- B. Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:

1. Rural hospitals with fewer than 26 PPS beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds; and
3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds.

- C. The Administration shall allocate the Fund to each pool according to the ratio of total inpatient payments to all hospitals assigned to the pool to total inpatient payments to all rural hospitals.

- D. The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospi-

tal in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.

- E.** The Administration shall not make a Fund payment to a hospital that will result in the hospital's total inpatient payments plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
1. If a hospital's total inpatient payments plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's total inpatient payments.
 2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims

paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.

- F.** If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.
- G.** Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

Exhibit 1. Pool Example

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation (\$2,000,000 + \$3,000,000 = \$5,000,000).

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

A. To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:

1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
 - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
 - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or

c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.

10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
 11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.
- B. For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.
1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
 2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.
- C. The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

- A. AHCCCS shall calculate a statewide CCR for a service where a specific fee cannot be determined under R9-22-712.20.
- B. For claims with a begin date of service on or before September 30, 2011, the statewide CCR shall be calculated based on the costs and covered charges associated with a service under subsection (A) for all Arizona hospitals, using the method specified in R9-22-712.20(A)(3).
- C. For all claims with a begin date of service on or after October 1, 2011, the statewide CCR calculation shall equal either the CMS Medicare Outpatient Urban Cost-to-charge Ratio or the CMS Medicare Outpatient Rural Cost-to-charge Ratio published by CMS for the state of Arizona. AHCCCS shall use the urban cost-to-charge ratio for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. AHCCCS shall use the rural cost-to-charge ratio for hospitals located in a county of fewer than 500,000 residents. On October 1st of each year, AHCCCS shall adjust urban and rural CCRs to the CCRs as published by CMS in the *Federal Register* on or before August 1st of that year.
- D. To determine the payment amount for procedures where a specific fee is not determined under R9-22-712.20, the statewide CCR is multiplied by the covered charges.
- E. Reductions to payments for outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule. Outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rate published by CMS pursuant to subsection (C) of this Section.

A hospital shall receive an increase from only one of the following categories:

R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update

- A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
- B. APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C. Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
 1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
 2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.
- D. Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E. Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F. Statewide CCR:
 1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
 2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).

 3. The service contributes directly to the diagnosis or treatment of the member; and
 4. The service ordinarily requires performance by the type of provider seeking reimbursement.
- C. The Administration or a contractor may make a payment for covered services only:
 1. To the provider;
 2. To anyone specified in a reassignment from the provider to a government agency or reassignment by a court order;

 - b. The market value of real property if the assessor's value of the real property does not include the value of permanent structures on that property,

R9-22-1702. Enrollment of a Member with an AHCCCS Contractor

A. General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
 - a. IHS if the member is a Native American living on a reservation,
 - b. A contractor based on family continuity, or
 - c. A contractor by using the auto-assignment algorithm.
3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
 - a. The member no longer resides in the contractor’s GSA;
 - b. The contractor’s contract is suspended or terminated;
 - c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;

- d. The member chooses another contractor or chooses IHS, if available to the member, during the annual enrollment choice period; or
 - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
- 4. When the member's disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
- 5. The Administration shall not enroll a member with a contractor if a member:
 - a. Is eligible for the FESP under R9-22-1419;
 - b. Is eligible for less than 30 days from the date the Administration receives notification of a member's eligibility, except for a member who is enrolled with CMDP or IHS;
 - c. Is eligible only for a retroactive period of eligibility, except for a member who is enrolled with CMDP or IHS; or
 - d. Resides in an area not served by a contractor.
- B.** Fee-for-service coverage. A member not enrolled with a contractor under subsection (A)(5) shall obtain covered medical services from an AHCCCS-registered provider on a fee-for-service basis under Article 7.

 - 2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
 - 3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
 - 4. The Administration shall provide the member 60-day advance notice of the member's option to change plans by the member's annual enrollment date.
 - 5. A member may disenroll from a plan if:
 - a. The member moves out of the GSA;
 - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
 - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.
 - 6. For exceptions to this Article, the Administration shall approve a change for an enrolled member as determined by the Director.

R9-28-303. Preadmission Screening (PAS) Process

- A. The assessor shall use the PAS instrument to determine whether the following applicants or members are at immediate risk of institutionalization:

1. The assessor shall use the PAS instrument prescribed in R9-28-304 to assess an applicant or member who is EPD except as specified in subsection (A)(2) for an applicant or member who is physically disabled and who is less than 6 years old. After assessing a child who is physically disabled and age 6 years to less than 12 years, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
2. The assessor shall use the age-specific PAS instrument prescribed in R9-28-305 to assess an applicant or member who is physically disabled and less than 6 years old. After assessing the child, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
3. The assessor shall use the PAS instrument prescribed in R9-28-305 to assess an applicant or member who is DD, except as specified in subsection (A)(4) for an applicant or member who is DD and residing in a NF. After assessing a child who is DD and less than 6 months of age, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
4. The assessor shall use the PAS instrument prescribed in R9-28-304 for an applicant or a member who is DD and residing in a NF.
5. The assessor shall use the PAS instrument prescribed in R9-28-304 or R9-28-305, whichever is applicable, to assess an applicant or member who is classified as ventilator-dependent, under Section 1902(e)(9) of the Social Security Act.

- B. For an initial assessment of an applicant who is in a hospital or other acute care setting:

1. A registered nurse assessor shall complete the PAS assessment; or
2. In the event that a registered nurse assessor is not available, a social worker assessor shall complete the PAS assessment; and
3. The assessor shall conduct the PAS assessment and determine medical eligibility when discharge is scheduled within seven days.

- C. An assessor shall conduct a face-to-face PAS assessment with an applicant or member, except as provided in subsection (F). The assessor shall make reasonable efforts to obtain the applicant's or member's available medical records. The assessor may also obtain information for the PAS assessment from face-to-face interviews with the:

1. Applicant or member,

2. Parent,
3. Guardian,
4. Caregiver, or
5. Any person familiar with the applicant's or member's functional or medical condition.

- D. Using the information described in subsection (C), an assessor shall complete the PAS assessment based on the assessor's education, experience, professional judgment, and training.

- E. After the assessor completes the PAS assessment, the assessor shall calculate a PAS score. The assessor shall compare the PAS score to an established threshold score. The scoring methodology and threshold scores are specified in R9-28-304 and R9-28-305. Except as determined by physician consultant review as provided in subsections (G) through (J), the threshold score is the point at which an applicant or member is determined to be at immediate risk of institutionalization.

- F. Upon request from a person acting on behalf of the applicant, the Administration shall conduct a PAS assessment to determine whether a deceased applicant who was residing in a NF or who received services in an ICF-MR any time during the time period covered by the application would have been eligible to receive ALTCS benefits for those months.

- G. In the following circumstances, the Administration shall request that a physician consultant review the PAS assessment, the available medical records, and use professional judgment to make the determination that an applicant or member has a developmental disability or has a nonpsychiatric medical condition that, by itself or in combination with other medical conditions, places an applicant or member at immediate risk of institutionalization:

1. The PAS score of an applicant or member who is EPD is less than the threshold specified in R9-28-304, but is at least 56;
2. The PAS score of an applicant or member who is DD is less than the threshold specified in R9-28-305, but is at least 38;
3. An applicant or member scores below the threshold specified in R9-28-304, but the Administration has reasonable cause to believe that the applicant's or member's unique functional abilities or medical condition may place the applicant or member at immediate risk of institutionalization;
4. An applicant or member scores below the threshold specified in R9-28-304 and has a documented diagnosis of autism, autistic-like behavior, or pervasive developmental disorder;
5. An applicant or member who is seriously mentally ill as defined in A.R.S. § 36-550 who scores at or above the threshold specified in R9-28-304, but may not meet the requirements of A.R.S. § 36-2936. When an applicant or member who is seriously mentally ill scores at or above the threshold, the physician consultant shall exercise professional judgment to determine whether the applicant or member meets the requirements of A.R.S. § 36-2936.
6. An applicant is an AHCCCS acute care member and scores at or above the threshold specified in R9-28-304 but the Administration has reasonable cause to believe that the applicant's condition is convalescent and requires less than 90 days of institutional care;
7. An applicant or member is a child who is physically disabled and is at least 6 but less than 12 years of age;
8. An applicant or member is a child who is physically disabled and is under 6 years of age; and
9. An applicant is under 6 months of age.

- H. The physician consultant shall consider the following:

1. Activities of daily living dependence;

2. Delay in development;
 3. Continence;
 4. Orientation;
 5. Behavior;
 6. Any medical condition, including stability and prognosis of the condition;
 7. Any medical nursing treatment provided to the applicant or member including skilled monitoring, medication, and therapeutic regimens;
 8. The degree to which the applicant or member must be supervised;
 9. The skill and training required of the applicant or member's caregiver; and
 10. Any other factor of significance to the individual case.
- I.** If the physician consultant is unable to make the determination from the PAS assessment and the available medical records, the physician consultant may conduct a face-to-face review with the applicant or member or contact others familiar with the applicant's or member's needs, including a primary care physician or other caregiver, to make the determination.
- J.** The physician consultant shall state the reasons for the determination in the physician review comment section of the PAS instrument.

R9-28-304. Preadmission Screening Criteria for an Applicant or Member who is Elderly and Physically Disabled (EPD)

- A.** The PAS instrument for an applicant or member who is EPD includes the following categories:
1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of the intake information category are not included in the calculated PAS score.
 2. Functional assessment category. The assessor solicits functional assessment category information on an applicant's or member's:
 - a. Need for assistance with activities of daily living, including:
 - i. Bathing,
 - ii. Dressing,
 - iii. Grooming,
 - iv. Eating,
 - v. Mobility,
 - vi. Transferring, and
 - vii. Toileting in the residential environment or other routine setting;
 - b. Communication and sensory skills, including hearing, expressive communication, and vision; and
 - c. Continence, including bowel and bladder functioning.
 3. Emotional and cognitive functioning category. The assessor solicits emotional and cognitive functioning category information on an applicant's or member's:
 - a. Orientation to person, place, and time. In soliciting this information, the assessor shall also take into account the caregiver's judgment; and
 - b. Behavior, including:
 - i. Wandering,
 - ii. Self-injurious behavior,
 - iii. Aggression,
 - iv. Resistiveness, and
 - v. Disruptive behavior.
 4. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
 - a. Medical conditions that have an impact on the applicant's or member's functional ability in relation to activities of daily living, continence, and vision;
 - b. Medical condition that requires medical or nursing service and treatment;
 - c. Medication, treatment, and allergies;
 - d. Specific services and treatments that the applicant or member is currently receiving; and
 - e. Physical measurements, hospitalization history, and ventilator dependency.
- B.** The assessor shall use the PAS instrument to assess an applicant or member who is EPD as specified in this Section. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS assessment to calculate three scores: a functional score, a medical score, and a total score.
1. Functional score.
 - a. The Administration calculates the functional score from responses to scored items in the functional assessment and emotional and cognitive functioning categories. For each response to a scored item, a number of points is assigned, which is multiplied by a weighted numerical value. The result is a weighted score for each response.
 - b. In the functional assessment matrix, all items in the following categories are scored according to subsection (C):
 - i. Activities of daily living,
 - ii. Continence,
 - iii. Sensory,
 - iv. Orientation, and
 - v. Behavior.
 - c. The sum of the weighted scores equals the functional score. The weighted score per item can range from 0 to 15. The maximum functional score attainable by an applicant or member is 166.
 2. Medical score.
 - a. In the medical assessment matrix, all items in the following categories are scored according to:
 - i. Medical conditions as specified in subsection (C), and
 - ii. Medical or nursing services and treatments in subsection (C).

Arizona Health Care Cost Containment System – Arizona Long-term Care System

- b. The Administration calculates the medical score based on the applicant's or member's:
 - i. Diagnosis of Alzheimer's, dementia, or organic brain syndrome (OBS);
 - ii. Diagnosis of paralysis; and
 - iii. Current use of oxygen.
 - c. The maximum medical score attainable by an applicant or member is 31.5.
3. Total score.
 - a. The sum of an applicant's or member's functional and medical scores equals the total score.
 - b. The total score is compared to the established threshold score as calculated under this Section. The threshold score is 60.
 - c. As defined in R9-28-303, an applicant or member is determined at immediate risk of institutionalization if the total score is equal to or greater than 60.
- C. The following matrices represent the number of points available and the respective weight for each scored item.
 1. Functional assessment points. The lowest value in the range of points available per item in the functional assessment category, zero, indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
 2. Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
 - a. Does not have the scored medical condition,
 - b. Does not need the scored medical or nursing services, or
 - c. Does not receive the scored medical or nursing services.

R9-28-305. Preadmission Screening Criteria for an Applicant or Member who is Developmentally Disabled (DD)

- A. The Administration shall conduct a PAS assessment of an applicant or member who is DD using one of three PAS instruments specifically designed to assess an applicant or member in the following age groups:
 1. Twelve years of age and older,
 2. Six through 11 years of age, and
 3. Birth through 5 years of age.
- B. The PAS instruments for an applicant or member who is DD include three major categories:
 1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of this category are not included in the calculated PAS score.
 2. Functional assessment category. The functional assessment category differs by age group as indicated in subsections (B)(2)(a) through (e):
 - a. For an applicant or member 12 years of age and older, the assessor solicits the functional assessment category information on an applicant's or member's:
 - i. Need for assistance with independent living skills, including hand use, ambulation, wheelchair mobility, transfer, eating or drinking, dressing, personal hygiene, bathing or showering, food preparation, community mobility, and toileting;
 - ii. Communication skills and cognitive abilities, including expressive verbal communication, clarity of communication, associating time with an event and action, and remembering an instruction and a demonstration; and
 - iii. Behavior, including aggression, verbal or physical threatening, self-injurious behavior, and resistive or rebellious behavior.
 - b. For an applicant or member 6 through 11 years of age, the assessor solicits the functional assessment category information on an applicant's or member's:
 - i. Need for assistance with independent living skills, including rolling and sitting, crawling and standing, ambulation, climbing stairs or ramps, wheelchair mobility, dressing, personal hygiene, bathing or showering, toileting, level of bladder control, and orientation to familiar settings;
 - ii. Communication, including expressive verbal communication and clarity of communication; and
 - iii. Behavior, including aggression, verbal or physical threatening, self-injurious behavior, running or wandering away, and disruptive behavior.
 - c. For an applicant or member 6 months through 5 years of age, the assessor solicits the functional assessment category information on an applicant's or member's performance with respect to a series of developmental milestones that measure an applicant's or member's degree of functional growth.
 3. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
 - a. Medical condition;
 - b. Specific services and treatments the applicant or member receives or needs and the frequency of those services and treatments;
 - c. Current medication;
 - d. Medical stability;
 - e. Sensory functioning;
 - f. Physical measurements; and
 - g. Current living arrangement, ventilator dependency and eligibility for DES Division of Developmental Disabilities program services.
- C. The assessor shall use the PAS instrument to assess an applicant or member who is DD. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS instrument responses to calculate three scores: a functional score, a medical score, and a total score.
 1. Functional score.
 - a. The Administration calculates the functional score from responses to scored items in the functional assessment category. Each response is assigned a number of points which is multiplied by a weighted numerical value, resulting in a weighted score for each response.
 - b. The following items are scored as indicated in subsection (D), under the Functional Assessment matrix:
 - i. For an applicant or member 12 years of age and older, all items in the behavior section are scored. Designated items in the independent living skills, communication skills, and cognitive abilities sections are also scored;
 - ii. For an applicant or member 6 through 11 years of age, all items in the communication section are scored. Designated items in the independent living skills and behavior sections are scored;
 - iii. For an applicant or member 6 months of age through 5 years of age, items in the developmental milestones section are scored based on the age of the applicant.
 - c. The sum of the weighted scores equals the functional score. The range of weighted score per item and maximum functional score for each age group is presented below:

Arizona Health Care Cost Containment System – Arizona Long-term Care System

AGE GROUP	RANGE FOR WEIGHTED SCORE PER ITEM	MAXIMUM FUNCTIONAL SCORE ATTAINABLE
12+	0 - 11.2	124.1
6-11	0 - 24	112.5
0-5	0 - 5.0	106.02

- d. No minimum functional score is required.
2. Medical score.
- a. Subsections (C)(2)(a)(i) through (iii) are scored as indicated in subsection (D), under the Medical Assessment matrix:
- The assessor shall score designated items in the medical conditions for an applicant or member 12 years of age and older and 6 years of age through 11 years of age.
 - The assessor shall score designated items in the medical conditions and medical stability sections for an applicant or member 6 months of age through 5 years of age.
 - The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.
 - The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.
- b. The Administration calculates the medical score from information obtained in the medical assessment category. Each response to a scored item is assigned a number of points. The sum of the points

equals the medical score. The range of points per item and the maximum medical score attainable by an applicant or member is presented below:

AGE GROUP	RANGE OF POINTS PER ITEM	MAXIMUM MEDICAL SCORE ATTAINABLE
12+	0 - 20.6	21.4
6-11	0 - 2.5	5
0-5	0 - 10	60

- c. No minimum medical score is required.
3. Total score.
- The sum of an applicant's or member's functional and medical scores equals the total score.
 - The total score is compared to an established threshold score in R9-28-304. For an applicant or member who is DD, the threshold score is 40. Based upon the PAS instrument an applicant or member with a total score equal to or greater than 40 is at immediate risk of institutionalization.
- D. The following matrices represent the number of points available and the weight for each scored item.
- Functional assessment points. An applicant or member age group 0 to 5: The value is received for each negative response. An applicant or member age groups 6 to 11 and 12+: the lowest value in the range of points available per item in the functional assessment category indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
 - Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
 - Does not have a medical condition specified in the following matrices,
 - Does not need medical or nursing service as specified in the following matrices, or
 - Does not receive any medical or nursing service as specified in the following matrices.

 2. SSI benefits paid under 42 U.S.C. 1382(e)(1)(E) and (G) to a person who receives care in a hospital or nursing facility are not included in calculating the share-of-cost.
 3. The share-of-cost of a person with a spouse is calculated as follows:
 - a. If an institutionalized person has a community spouse under 42 U.S.C. 1396r-5(h), share-of-cost is calculated under R9-28-410 and 42 U.S.C. 1396r-5(b) and (d); and
 - b. If an institutionalized person does not have a community spouse, share of cost is calculated solely on the income of the institutionalized person.
 4. Income assigned to a trust is considered in accordance with federal and state law.
 5. The following expenses are deducted from the share-of-cost of an eligible person to calculate the person's share-of-cost:
 - a. A personal-needs allowance equal to 15 percent of the FBR for a person residing in a medical institution for a full calendar month. A personal-needs allowance equal to 300 percent of the FBR for a person who receives or intends to receive HCBS or who resides in a medical institution for less than the full calendar month;
 - b. A spousal allowance, equal to the FBR minus the income of the spouse, if a spouse but no children remain at home;
 - c. A family allowance equal to the standard specified in Section 2 of the AFDC State Plan as it existed on July 16, 1996 for the number of family members minus the income of the family members if a spouse and children remain at home;
 - d. Expenses for the medical and remedial care services listed in subsection (6) if the expenses have not been paid or are not subject to payment by a third-party, the person still has the obligation to pay the expense, and one of the following conditions is met:
 - i. The expense represents a payment made and reported to the Administration during the application period or a payment reported to the Administration no later than the end of the month following the month in which the payment occurred and the expense has not previously been allowed a share-of-cost deduction; or
 - ii. The expense represents the unpaid balance of an allowed, noncovered medical or remedial expense, and the expense has not been previously a share-of-cost deduction;
 - e. An amount determined by the Director for the maintenance of a single person's home for not longer than six months if a physician certifies that the person is likely to return home within that period; or
 - f. An amount for Medicare and other health insurance premiums, deductibles, or coinsurance not subject to third-party reimbursement; and
 6. In the post-eligibility calculation of income;
 - a. The Administration recognizes that the following medical and remedial care services are not covered under the Title XIX State Plan, nor covered by a program contractor for a person determined to need institutional services under this Article when the medical or remedial care services are medically necessary for the person:
 - i. Nonemergency dental services for a person who is age 21 or older;

- ii. Hearing aids and hearing aid batteries for a person who is age 21 or older;

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by exempt rulemaking at 7 A.A.R. 4691, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2).

R9-28-409. Transfer of Assets

- A.** The provisions in this Section apply to an institutionalized person who has, or whose spouse has, transferred assets and received less than the fair market value (uncompensated value) specified in A.R.S. § 36-2934(B) and 42 U.S.C. 1396p(c)(1)(A), August 10, 1993, incorporated by reference and on file with the Administration and the Secretary of State. This incorporation by reference contains no future editions or amendments.
- B.** A person shall report transfer of assets. The Administration shall evaluate all transfers occurring during or after the look-back period under 42 U.S.C. 1396p(c)(1)(B), August 10, 1993, incorporated by reference and on file with the Administration and the Secretary of State. This incorporation by reference contains no future editions or amendments. The person shall provide verification of any transfer.
- C.** Certain transfers are permitted under 42 U.S.C. 1396p(c)(2), August 10, 1993, incorporated by reference and on file with the Administration and the Secretary of State. This incorporation by reference contains no future editions or amendments.
- D.** If the Administration determines a disqualification period applies due to a transfer, and the person is otherwise eligible, the person may remain eligible for ALTCS acute care services but shall be disqualified for receiving ALTCS coverage under 42 U.S.C. 1396p(c)(1)(C), August 10, 1993, which is incorporated by reference and on file with the Administration and the Secretary of State. This incorporation contains no future editions or amendments.
- E.** The period of disqualification for transfers shall be computed by dividing the cumulative uncompensated value of the transferred assets by the average cost for a private pay patient for nursing care services at the time of application.
1. For single or multiple transfers occurring in the same calendar month, the sum of all uncompensated value shall be divided by the monthly private pay rate. Disregarding fractions, the result of this calculation equals the number of months of ineligibility.
 2. For multiple transfers occurring in different calendar months, the total uncompensated value for each transfer of assets shall be determined under subsection (E)(1) but, if the periods of ineligibility overlap, the period of ineligibility shall run consecutively. Fractions are disregarded at the end of the entire period.
 3. For multiple transfers occurring in different months, the total uncompensated value for each transfer shall be

determined under subsection (E)(1), but if the periods of ineligibility do not overlap, each period of ineligibility shall be treated under subsection (E)(1).

- F.** Transfers of assets for less than fair market value are presumed to have been made to establish eligibility for ALTCS services.
- G.** Rebuttal of disqualification.
1. A person found ineligible for ALTCS services by reason of a transfer of assets for uncompensated value shall have the right to rebut the disqualification under 42 U.S.C. 1936p(c)(2)(C), August 10, 1993, incorporated by reference and on file with the Administration and the Secretary of State. This incorporation by reference contains no future editions or amendments.
 2. The person shall have the burden of rebutting the presumption.
 3. If a person rebuts a transfer on the basis of debt repayment, the Administration shall determine the validity of the debt under A.R.S. § 44-101.
- H.** Undue hardship. A period of disqualification for ALTCS services due to a transfer may be waived by the Director if the person is otherwise eligible and a substantial showing is made by clear and convincing evidence that:
1. The person is unable to obtain necessary medical care without ALTCS eligibility, and
 2. Is in imminent danger of death.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1).

R9-28-410. Community Spouse

- A.** The methodology in this Section applies to an institutionalized person who has a community spouse.
- B.** If the institutionalized person's most current period of continuous institutionalization began on or after September 30, 1989, the Administration shall use the methodology for the treatment of resources under 42 U.S.C. 1396r-5(c).
1. The following resource criteria shall be used in addition to the criteria specified in R9-28-407 to be eligible:
 - a. Resources owned by a couple at the beginning of the first continuous period of institutionalization from and after September 30, 1989, shall be computed from the first day of institutionalization. The total value of resources owned by the institutionalized spouse and the community spouse, and a spousal share equal to one-half of the total value, are computed under 42 U.S.C. 1396r-5(c)(1).
 - b. The Community Spouse Resource Reduction (CSRDR) is calculated under 42 U.S.C. 1396r-5(f)(2).
 - c. The CSRDR is subtracted from the total resources of the couple to determine the amount of the couple's resources considered available to the institutionalized spouse at the time of application under 42 U.S.C. 1396r-5(c)(2).
 - i. Resources in excess of the CSRDR must be equal to or less than the standard for a person specified in R9-28-407.
 - ii. The CSRDR is allowed as a deduction for 12 consecutive months beginning with the first month in which the institutionalized spouse is eligible for ALTCS benefits. Beginning with the 13th month, the separate property of the institutionalized spouse must be within the resource standard for a person specified in R9-28-407.
 - iii. If a person who was previously eligible for ALTCS as an institutionalized person with a

Arizona Health Care Cost Containment System – Arizona Long-term Care System

- community spouse reapplies for ALTCS after a break in institutionalization of more than 30 days, the CSRSD will be allowed as a deduction from resources for a 12-month period in addition to the period in subsection (c)(ii).
2. Resources are excluded as specified in R9-28-407, except that one vehicle is totally excluded regardless of its value, and any additional vehicles are included using equity value.
 3. The Director may grant eligibility if the Administration determines that a denial of eligibility would create an undue hardship for the institutionalized spouse.
- C.** This Section applies to the income eligibility and post-eligibility treatment of income beginning September 30, 1989, regardless of when the first period of institutionalization began.
1. Income payments are attributed to the institutionalized person and the community spouse under 42 U.S.C. 1396r-5(b)(2).
 2. Income is excluded as specified in R9-28-408.
 3. The institutionalized spouse's income eligibility is determined by combining the income of the institutionalized person and the community spouse and dividing by two. If the institutionalized person is not eligible using this method, the income eligibility shall be based on the income received in the person's name.
 4. The following allowances described in 42 U.S.C. 1396r-5(d)(1) and (2) are allowed as deductions from the institutionalized spouse's income in determining share-of-cost:
 - a. A personal-needs allowance specified in R9-28-408(f)(5)(a);
 - b. A community spouse monthly income allowance, but only to the extent that the institutionalized spouse's income is made available to or for the benefit of the community spouse;
 - c. A family allowance for each family member equal to one-third of the amount remaining after deducting the countable income of the family member from a minimum monthly-needs allowance (MMMNA);
 - d. An amount for medical or remedial services as specified in R9-28-408; and
 - e. An amount for Medicare and other health insurance premiums, deductibles, or coinsurance not subject to third-party reimbursement.
- D.** Transfers.
1. The institutionalized spouse may transfer to any of the following an amount of resources equal to the CSRSD without affecting eligibility under 42 U.S.C. 1396r-5(f). The institutionalized spouse may transfer resources to:
 - a. The community spouse; or
 - b. Someone other than the community spouse if the resources are for the sole benefit of the community spouse.
 2. The institutionalized spouse is allowed a period of 12 consecutive months, beginning with the first month of eligibility, to transfer resources in excess of the resource standard in R9-28-407(E)(2) to the persons listed in subsection (D)(1).
 3. All other transfers by the institutionalized person or transfers by the community spouse are treated under the provisions in R9-28-409.
- E.** Specific hearing rights as described under 9 A.A.C. 34 apply to a person whose eligibility is determined under this Section.
1. The institutionalized spouse or the community spouse is entitled to a fair hearing if dissatisfied with the determination of any of the following:
 - a. The community spouse monthly income allowance,
 - b. The amount of monthly income allocated to the community spouse,
 - c. The computation of the spousal share of resources,
 - d. The attribution of resources, or
 - e. The CSRSD.
 2. The hearing officer may increase the amount of the MMMNA if either the community spouse or institutionalized spouse establishes that the community spouse needs income above the established MMMNA due to exceptional circumstances.
 3. The hearing officer may increase the amount of the CSRSD to allow the community spouse to retain enough resources to generate income to meet the MMMNA. The hearing officer may allow the community spouse to retain an amount of resources necessary to purchase a single premium life annuity that would furnish monthly income sufficient to bring the community spouse's total monthly income up to the MMMNA.

- 2. "Personal care or similar services" means assistance provided to an ALTCS member with a disability or chronic illness to enable the member to perform Activities of Daily Living (ADL) or Instrumental Activities of Daily Living (IADL) that the member would normally perform for himself or herself if the member did not have a disability or chronic illness. - B. As authorized by the Section 1115 Waiver, a member may choose to have personal care or similar services provided by the member's spouse as a paid caregiver if the following conditions and limitations are met:

 - 3. The personal care or similar services is described in the member's plan of care prepared by the member's case manager;

- D. The Administration or Program Contractor shall cover SDAC services only if the member resides in the member's home, and shall not cover SDAC services if the member is institutionalized or residing in an alternative residential setting. R9-28-509. Agency with Choice

A. Definitions. The following words and phrases, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, have the following meanings specific to this Section:

“Agency” means a provider of home and community based services, other than an individual, that has a co-employment relationship with one or more members for purposes of this Section.

“Co-employment relationship” means a situation where the Agency serves as the legal employer of record and the ALTCS member or authorized representative assumes certain responsibilities related to directing and or managing care.

“Individual’s representative” means a parent, family member, guardian, advocate, or other person authorized by the member to serve as a representative in connection with the provision of services and supports. This authorization should be in writing, when feasible, or by another method that clearly indicates the individual’s free choice. An individual’s representative may not also be a paid caregiver of an individual receiving services and supports.

“Standardized training” means minimum training standards required of all paid caregivers by the Administration as specified in contract.

B. Purpose. The Agency with Choice program is an ALTCS member directed service model for the provision of home and community based services. Under this model, the ALTCS member or individual’s representative and the agency enter into a co-employment relationship.

C. In lieu of receiving HCBS services under a traditional service model, a member or the member’s individual’s representative may choose to participate in the Agency with Choice service model. Under the Agency with Choice service model, the

agency shall maintain the authority to hire and fire paid caregivers and provide standardized training to the caregiver, and the member or individual representative may elect to recruit, select, dismiss, determine duties, schedule, specify training to meet the unique needs of the member, and supervise the paid caregivers on a day-to-day basis.

D. Setting. This program is applicable to ALTCS members who reside in their own home.

E. A member who chooses to receive services under the Agency with Choice service model is not precluded from receiving medically necessary, cost-effective services and supports from other agencies or providers if the services provided are not duplicative of the specific attendant care or skilled service already received through the contractor.

2. Develop a service plan by:
 - a. Completing a case management plan when a member is enrolled in ALTCS and authorizing services for a member who continues to be financially and medically eligible for services;

 - c. Specifying the paid and natural support services to be received by the member, including the duration, scope of services, units of service, frequency of service delivery, provider of services, and effective time period; and
 - d. Coordinating with the primary care provider in determining the necessary services for the member, including hospital and medical services;
3. Submit a written justification to the case manager’s supervisor to include HCBS in the case management plan if the services exceed 80 percent of the institutional cost;
4. Manage a case management plan by:
 - a. Re-evaluating and revising the case management plan when the member transfers to another facility, transfers to a hospital, has a change in level of care; and
 - b. Monitoring receipt of services by a member;
5. Assist the member to maintain or progress toward the highest level of functioning;
6. Ensure that records are transferred when the member is transferred from a facility or provider to a new facility or provider;
7. Perform additional monitoring of a member with rehabilitation potential and whose condition is fragile or unstable, whose case management plan is marginally cost effective, or whose use of medical and hospital services is unusual;
8. Arrange behavioral health services, if necessary. The case manager shall have initial and quarterly consultation and collaboration with a behavioral health professional to review the treatment plan, unless the case manager meets the definition of a behavioral health professional under A.A.C. R9-20-101.

TITLE 19. ALCOHOL, HORSE AND DOG RACING, LOTTERY, AND GAMING**CHAPTER 2. ARIZONA RACING COMMISSION**

(Authority: A.R.S. § 5-101 et seq.)

Editor's Note: The Office of the Secretary of State prints all Code Chapters on white paper (Supp. 03-4).

Editor's Note: This Chapter contains rules which were adopted under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 41-1005(A)(18). Exemption from A.R.S. Title 41, Chapter 6 means that the Arizona Racing Commission did not submit these rules to the Governor's Regulatory Review Council for review and approval; the Commission did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Commission was not required to hold public hearings on these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

- K.** A trainer shall not have an ownership interest in a horse unless the trainer trains the horse and the horse is located at the track where the trainer trains.  12. Notwithstanding the provisions of subsection (16) of this Section, a person shall not administer or cause to be administered a foreign substance, internally or externally, to a horse entered in a race, prior to the race on the calendar day in which the horse is to run, except that:
 - a. With permission of the Department veterinarian, a licensed veterinarian may administer furosemide or conjugated estrogens on the day of the race to control exercise-induced pulmonary hemorrhage, subject to the restrictions prescribed in R19-2-121(P)(5), (6), and (7). The Department veterinarian shall place these horses on the lasix list. The Department veterinarian shall grant permission for placement of a horse on the lasix list if a veterinarian licensed by the Department determines that a horse suffers from exercise-induced pulmonary hemorrhage or a racing regulatory agency has placed the horse on a bleeders' list at a track outside of Arizona.
 - b. A person shall not administer furosemide within four hours prior to post time of a race in which the horse is run.
 - c. A permittee shall clearly identify horses given furosemide on the program or on a list located in areas where mutuel tickets are sold.

 15. Test samples
 - a. Animal testing
 - i. A steward or Department veterinarian may subject an entry in a race to saliva, urine, blood, or other tests for the purpose of finding foreign substances.
 - ii. Persons approved by the Department shall take samples of saliva, urine, blood, or other substances.
 - iii. A steward may authorize the splitting of any sample.
 - iv. A Department veterinarian may require blood, urine, or saliva samples to be stored in a frozen state for future analysis.
 - v. The owner, trainer, or their representative may be present at all times during the taking and sealing of such tests and samples.
 - vi. The owner, trainer, or representatives of either shall sign documents evidencing the procedure.
 - vii. A person shall not interfere with the collection or procedures conducted under this rule.
 - b. Human testing
 - i. As set forth in A.R.S. § 5-104(C) and R19-2-112(8) and (10), a licensee shall immediately submit to blood, urine, breath, or other tests ordered by the stewards, if the stewards have reason to believe the licensee is under the influence of or in possession of any prohibited substance or has consumed alcohol in violation of subsection (8) or (10) of this Section.
 - ii. A licensee shall provide a test sample in the presence of a steward or the steward's designee, submitted in a container furnished by the Department and immediately sealed by the steward or steward's designee in the presence of the licensee being tested.

 - vii. The steward's or designee's compliance with these rules constitutes prima facie evidence that the chain of custody of the test samples is secure. The presiding officer in an administrative proceeding of the Department or Commission shall admit the results of such tests.
 16. The trainer, groom, and any other person charged with the custody and care of a horse is required to protect and guard the horse against the administration, either internally or externally, of any foreign substance. A positive test indicating the presence of a foreign substance (except as set forth in subsections (12) and (13) of this Section) creates the presumption of failure to meet the duty imposed by this rule.

- a. The stewards shall distribute winnings forfeited pursuant to this subsection among the remaining entitled entries in the race.

 - e. The Department veterinarian shall review all reports indicating the presence of a foreign substance and consult with the stewards prior to the initiation of disciplinary action. When a report indicates the presence of a substance classified as Class 3, Class 4, or Class 5, the Department veterinarian's review shall specifically address trace-level detection to prevent the initiation of disciplinary action based upon pharmacologically insignificant traces of a substance.
18. The Department may suspend the license of a licensee who refuses to make a payment for financial obligation incurred in connection with racing in this state.

R19-2-113. Entries and Subscriptions

A. Entry.

1. An owner or trainer shall not register a horse for racing under these rules unless the horse is registered by the Jockey Club, American Quarter Horse Association, Arabian Horse Club Registry of America, Inc., Appaloosa Horse Club Inc., American Paint Horse Association,

American Donkey and Mule Society, or American Mule Association.

2. An owner or trainer shall list each person with an ownership interest in a horse on the back of the horse's registration papers.
3. An owner, trainer, or their authorized agent may enter a horse in person, by telephone, by telegram, or in writing.
4. The stewards shall consider a horse entered for a purse a "starting horse" unless they declare the horse out of the race.
5. A person nominating a horse in a stakes race shall write the person's full name, mailing address, and telephone number on the nomination form.
6. A person shall not enter a horse in more than one race in one day.
7. An owner shall not transfer a horse to a new trainer after entry.
8. An owner shall not enter a horse if the horse's performance records for the preceding calendar year are not printed in the Daily Racing Form Monthly Chart Book, unless the owner provides the horse's performance records to the racing secretary prior to entry.
9. An owner or trainer shall sign and certify a horse's performance record and shall include the following information for the horse's last four races in the record;
 - a. Where and when the horse raced;
 - b. The distance, the weight carried, and the amount earned.
 - c. The finishing position and time of the race.
10. The second half of an entry has no preference over a single entry except in stakes, handicaps, and qualifying races.
11. An owner entering two or more horses in a race shall indicate the owner's preference for the horse that is to start if the race overfills. A horse excluded because a race overfills receives no consideration.
12. Two or more horses that are entered in a race may be uncoupled for wagering purposes in stakes, handicaps, futurities, and maturities if approved by the stewards and:
 - a. Both horses are owned, in whole or in part, by the same person; or
 - b. Both horses are trained by a trainer who owns an interest in one of the horses.
13. In a race in which spouses who are both licensed trainers have entered horses, the trainers are not required to list an overfill preference unless there is "common ownership of the horses entered."
14. The racing secretary shall decide whether to use an "also-eligible" list for any meeting.
 - a. The racing secretary shall determine the number of "also-eligibles" if the entries of a race exceed the capacity of the starting gate.
 - b. If the number of entries to a race exceeds the number of horses permitted to start, the racing secretary shall determine the starters by lot in a drawing supervised by a steward and witnessed by those making entries. If any of the starters declare out, the racing secretary shall draw, by lot from the "also-eligible" list, the number of horses needed to fill the vacancies in the race.
 - c. The racing secretary shall assign horses, other than quarter horses, that gain a position in a race from the "also-eligible" list, to the outside post positions in the order in which they are drawn from the list. The racing secretary shall assign a quarter horse to the stall of a horse that is declared out.

- d. If a horse on the “also-eligible” list does not start because of insufficient declarations, the racing secretary shall place the horse on the preferred list. The racing secretary shall not place a horse on the preferred list if the owner does not accept the opportunity to start the horse.
 - e. A horse whose owner, trainer, or authorized agent has drawn its position in a race and entered it again for the next race day is called an “in today horse.”
 - i. If a race in which a horse is entered overfills, the racing secretary shall not consider the “in today horse” except in cases where the conditions read “Arizona Breds Preferred,” stakes, and handicaps.
 - ii. The racing secretary shall not consider a horse on the “also-eligible” list as an “in today horse” until it has been given a position in a race or an opportunity to run.
 - f. At tracks where entries are taken two or more days ahead of the date of the race, an owner, trainer, or authorized agent may re-enter a horse on the next date if it has been placed on the “also-eligible” list. If it is drawn into a race from its position on the “also-eligible” list, the horse shall be declared an “in today horse” and be withdrawn from the race the following day in favor of a horse on the “also-eligible” list of that race.
15. A person shall make a claim of preference at the time of entry by noting it on the entry blank or the preference will be lost.
- a. When a horse has been entered in a race, a person shall withdraw a horse only with permission of the stewards.
 - b. The racing secretary shall post a copy of the preferred list each afternoon, and any person making a claim of error shall do so by 10:00 a.m. of the following day. The stewards shall not recognize a claim of error made after this time.
16. If an owner or trainer does not declare a horse from the “also-eligible” list by the prescribed time, the racing secretary shall consider the owner or trainer willing to start the horse if another horse is scratched from the race. The racing secretary shall not place a horse on the preferred list if the owner does not accept the opportunity to start the horse.
17. A person shall not alter an entry after the closing of entries. The racing secretary may correct an error in an entry at any time.
18. If the name of a horse is changed, the racing secretary shall publish the new name and the former name in the official entries for the horse’s first three starts after the name change. If the name of an Arizona-bred horse is changed, the racing secretary shall report it to the Department in writing within 30 days, listing the new name and the former name.
- B. Conditions for entry.**
1. A person shall not enter a horse in a race unless its certificate of foal registration, certificate of foreign registration, or racing permit is on file in the racing office of the track at which the horse is to race, or unless permission is granted by the stewards. Foal certificates, which are registered with the racing secretary and are in transit between that office and the American Quarter Horse Association because of a transfer of ownership, are considered to be in the possession of the racing secretary.
 2. A horse that has reached its 14th birthday is ineligible to race in Arizona.
 3. The stewards shall not permit a horse to run for a purse or stakes unless it is entered in a race and is eligible for the race.
 4. The stewards may summon a person in whose name a horse is entered to produce proof that the horse entered is not the property, either in whole or in part, of a person who is disqualified, or to produce proof of the extent of a person’s interest in the horse. Failure to produce satisfactory proof shall result in the stewards declaring the horse out of the race if the stewards determine that it is necessary to protect the public peace, safety, or welfare.
 5. A horse is not qualified for entry if it is on the stewards’, paddock judge’s, starter’s, or veterinarian’s list, or if it has been ruled off.
 6. The racing secretary shall consider the performance record of a horse racing on the county fair circuit to determine its eligibility at a commercial meet. A county fair racing secretary shall place a county fair win on the back of the foal certificate.
 7. The owner, trainer, or authorized agent shall ensure that a horse that has not started within 45 days has one official workout before starting at a commercial meet.
- C. Starts.**
1. A person shall not start a horse in a race unless it is fully identified and tattooed, or otherwise authorized by the stewards. A person who participates in any manner in establishing the identity of a horse, including the breeder, owner, trainer, and identifier, is responsible for the accuracy of the information the person provides.
 2. An owner, trainer, or authorized agent shall not start a horse in a race until all stakes, forfeits, entry fees, and arrears due on the horse have been paid.
 3. The racing secretary shall not permit a horse to start in a stakes race unless it has passed the entry box on the day on which entries for the stakes race are taken.
 4. An owner, trainer, or authorized agent shall not start a horse in a race unless all persons having an ownership interest in the horse or an interest in the winnings of the horse have registered with the racing secretary.
 5. The racing secretary shall post the saddle-cloth numbers of the horses in a race after overnight entries are closed and post positions are drawn. If a horse with an assigned saddle-cloth number does not start or run the course, the stewards may require an explanation from the owner, trainer, or jockey.
- D. Fees.**
1. The entrance to a purse race is free unless otherwise stipulated in the conditions of the race. If the conditions require an entrance fee, the fee is paid at the time of entry.
 2. The person entering a horse is liable for nominating, sustaining, and starting fees. The subscriber or subscriber’s transferee are not entitled to a refund in the event of horse death, withdrawal, or mistake in a horse’s entry if the horse is eligible, except as provided in subsection (D)(3).
 3. The permittee shall not refund entrance money for a purse race that is run if a horse fails to start or dies unless otherwise provided in the conditions of the race.
 4. The permittee shall distribute the entrance money, starting, and subscription fees, as provided in the conditions of the race. If a race is not run, the permittee shall refund all stakes or entrance money.
 5. The death of a nominator or subscriber does not void an entry, subscription, or right of entry.

6. A person shall not transfer a horse to an owner or trainer to avoid disqualification. The person making or receiving such a transfer may be fined and suspended.
- E. Closing.**
1. The racing secretary shall close the entries for purse races at the time advertised in the condition book and shall not receive an entry after that time. If a race fails to fill, additional time may be granted by the stewards.
 2. In the absence of notice to the contrary by the permittee, nominations for stakes which close during or on the eve of a racing meeting close at the office of the racing secretary at the published time.
 3. The racing secretary shall not receive entries and declarations for stakes after the designated closing time.
 4. The racing secretary shall not accept an entry after a race has been drawn even though the number of horses on the "also-eligible" list is insufficient to provide a full field.
 5. The racing secretary shall consider a horse, withdrawn from a race after the overnight entries are closed, a scratch. The scratched horse loses all of its accrued preferences up to that date unless it is excused by the stewards.
- F. Declarations.**
1. An owner, trainer, or authorized agent shall declare a horse from a stakes, handicap, or qualifying race in writing no later than one hour prior to post time of the race.
 2. The racing secretary shall not give preference to a horse which is declared from the "also-eligible" list of a race for having entered in that race. The horse may retain the position it previously held on the preferred list if a full field is left in the race at scratch time.

R19-2-114. Penalties and Allowances

- A.** Eligibility, penalties, and allowances of weight for all races shall be determined after consideration of the reports, records, and statistics published by the Daily Racing Form and by other racing statistical publications. Responsibility for weight carried and for eligibility shall remain with the owner and trainer.
 - B.** Penalties and allowances shall not be cumulative unless so declared by the conditions of the race. They shall take effect at the time of starting; provided, however, that in overnight events a horse shall have only the allowance to which it was entitled at the time of entry.
 - C.** Penalties shall be obligatory. Allowances shall be optional in whole or in part. In overnight events, allowances must be claimed at the time of entry.
 - D.** Failure to claim a weight allowance by overnight omission shall not be a cause for disqualification. A claim of weight allowance to which a horse is not entitled shall not be a cause for disqualification unless such incorrect weight is carried in the race. However, a fine may be imposed upon the person claiming allowance to which such person's horse is not entitled.
 - E.** A horse shall not receive an allowance of weight or be relieved from extra weight as a result of having lost one or more races. This rule does not prohibit a maiden allowance or an allowance to a horse that has not won a race within a specified period or a race of a specified value.
- F.** No horse shall incur a weight penalty for a placement from which it is disqualified, but a horse placed through disqualification of another horse shall incur the weight penalties of that placement. No such placement shall make a horse ineligible for a race which has already been run.
 - G.** When a race is in dispute, both the horse that finished first and any horse claiming the race shall be liable to all penalties attaching to the winner of that race until the matter is decided.
 - H.** Horses which have started for a claiming price in optional or combination races shall be considered to have started in a claiming race.
 - I.** Races written to be run under "scale weights" or "weights for age" shall be run under the scale approved by the Department.
 - J.** In races of intermediate length, the weights for the shorter distances shall be carried.
 - K.** In all races except handicap races and races in which conditions expressly provide otherwise:
 1. Two-year-old fillies are allowed three pounds.
 2. Fillies and mares 3 years old and older are allowed five pounds before the first of September and three pounds thereafter.
 3. The provisions of subsections (K)(1) and (2) of this Section shall not apply to quarter horse fillies and mares.
 - L.** The racing secretary may write races either above or below the scale, in the racing secretary's discretion; provided that:
 1. Not more than 10 pounds shall be deducted from the scale of weights for age with the exception of allowances in overnight races.
 2. The total allowances of any type shall not reduce the lowest weights below 100 pounds in any race.
 3. The provisions of subsection (L)(1) of this Section shall not apply to handicap races.
 4. The provisions of subsection (L)(2) of this Section shall not apply to 2-year-olds racing with older horses.
 - M.** Starter allowance eligibility conditions.
 1. A horse shall have started in a claiming race, or in an optional claiming race to be claimed, in order to establish eligibility in a starter allowance race.
 2. In addition to the provisions of subsection (M)(1) of this Section, to be eligible for a starter allowance a horse shall:
 - a. Have started for the claiming price designated in the conditions of the race or have started for a price less than that claiming race.
 - b. Not have won for a price higher than that designated in the conditions of the race since last starting for that price or for less than that price.
 - c. Not have won a race other than a claiming race since last starting for the claiming price designated in the conditions of the race or for less than that price.
 3. A horse claimed in a claiming race must subsequently start for a claiming price to establish new eligibility for a starter allowance race.
 4. Eligibility for a starter allowance race remains unchanged following a private sale.

- B. A permittee shall recognize any horse for which there is an Arizona Bred Certificate on file with the Department or an association contractor as an Arizona bred horse.
- C. For races that offer a guaranteed purse value of \$50,000 or less, the Department shall make an award based on the total amount earned by the winner, including nominating, sustaining, and starting fees. For races that offer a guaranteed purse value of more than \$50,000, the Department shall not include nominating, sustaining, or starting fees when calculating an award.

- D. The Department shall calculate and pay breeders' awards to eligible breeders.
1. Definitions
 - a. "Quarterly Breeders' Award" means an amount of money based on the quarterly breeders' award payment factor determined by the Department each fiscal year by October 30.
 - b. "Substitute Breeders' Award" means an amount of money based on a substitute payment factor because of the lack of sufficient money to pay conventional Quarterly Breeders' Awards.
 - c. "Supplemental Breeders' Award" means an amount of money that corrects a shortfall between conventional Quarterly Breeders' Awards and Substitute Breeders' Awards.
 - d. "End-of-year Bonus Award" means an amount of money that may be paid to breeders from available monies that remain in the breeders' award fund after payment of Quarterly Breeders' Awards, Substitute Breeders' Awards and Supplemental Breeders' Awards.
 2. The Department shall pay awards at the end of each fiscal year quarter, provided that the total amount of the awards payments does not exceed the total amount of money available in the fund less the amount required to be set aside for contingent liabilities in subsection (D)(8).
 3. Quarterly Breeders' Awards. Before October 30 of each year, the Department shall determine a quarterly breeders' award payment factor that will be applied during the entire fiscal year. The payment factor determined by the Department is not subject to appeal.
 - a. The Department shall evaluate anticipated revenues for the breeders' award fund and anticipated purses for eligible Arizona-bred animals and set the payment factor at a level that permits recipients of quarterly breeders' awards to receive awards throughout the fiscal year based on the same payment factor.
 - b. The Department shall notify representatives of each breeders' association of the quarterly breeders' award payment factor in writing before October 30 of each year.
 - c. The Department shall calculate quarterly breeders' awards by multiplying the amount of each purse won by an eligible animal during that quarter by the quarterly breeders' award payment factor established for the fiscal year.
 - d. The Department shall make quarterly breeders' awards not later than 30 days after the end of each quarter, unless full quarterly breeders' awards cannot be made due to the lack of available money in the fund.
 4. Substitute Breeders' Awards. The Department shall make substitute breeders' awards if there are sufficient monies in the fund to allow for an award but not enough monies to provide for full payments of quarterly breeders' awards based on the quarterly breeders' award payment factor.
 - a. The Department shall determine the substitute payment factor by dividing the total amount of monies in the Arizona breeders' award fund at the end of the quarter less the amount required to be set aside for contingent liabilities in subsection (D)(8) by the total amount of purses won by eligible Arizona-bred animals during that quarter.
 - b. The Department shall calculate substitute breeders' awards by multiplying the amount of each purse won by an eligible animal during that quarter by the substitute payment factor for that quarter.
 5. End-of-year bonus pool. After payment of all quarterly breeders' awards and any substitute breeders' awards has been calculated, the Department shall determine the amount of monies remaining in the fund. The end-of-year-bonus pool is the amount of monies remaining in the Arizona breeders' award fund after the payment of all quarterly breeders' awards for the fiscal year less the amount required to be set aside for contingent liabilities in subsection (D)(8).
 6. Supplemental Breeders Awards. The Department shall first pay any monies in the end-of-year bonus pool in the form of supplemental breeders awards to recipients of substitute breeders' awards.
 - a. The Department shall pay supplemental breeders' awards in an amount equal to the difference between the substitute breeders' award and the quarterly breeders' award the breeder would have received if there had been enough in the fund to pay an award based on the quarterly award payment factor.
 - b. In the event the end-of-year bonus pool cannot pay supplemental breeders' awards to make up for the shortfall to all substitute breeders' award recipients, the Department shall pay supplemental breeders' awards to all breeders eligible to receive a supplemental breeders' award on a pro-rata basis.
 - c. A breeder is eligible to receive a supplemental breeders' award from the end-of-year bonus pool only if the breeder received a substitute breeders' award during that fiscal year.
 - d. The Department shall not make supplemental breeders' awards if all eligible breeders received quarterly breeders' awards during the fiscal year.
 7. End-of-year Bonus Awards. The Department shall pay end-of-year bonus awards if monies remain in the end-of-year bonus pool following any supplemental payments.
 - a. The Department shall determine an end-of-year bonus payment factor by dividing the monies in the end-of-year bonus pool by the total amount of purses won by an eligible animal during the fiscal year.
 - b. The Department shall calculate end-of-year bonus awards by multiplying the amount of each purse won by an eligible animal by the bonus payment factor.
 8. Contingent liabilities. The Department shall retain \$10,000 in the Breeders' Award fund for contingent liabilities.
 9. The Department shall not make quarterly breeders' awards, substitute breeders' awards, supplemental breeders' awards or end-of-year bonus breeders' awards if the total amount available for distribution is less than \$10,000. In the event the Department does not pay an award because less than \$10,000 is available for distribution, the Department shall carry forward the amount in the fund for payment of awards when the Department next calculates awards.
 10. Appeal of Director's Rulings
 - a. The Director shall make the final decision concerning a breeders' award.
 - b. The Department shall give written notice of the decision to an applicant by mailing it to the address of record filed with the Department.
 - c. After service of the Director's decision, an aggrieved party may obtain a hearing under A.R.S. §§ 41-1092.03 through 41-1092.11.

- e. The Department shall notify the Office of Administrative Hearings, which shall schedule and conduct the hearing.
- E. The permittees shall submit to the Department an Arizona Breeders' Award Report in the form prescribed by the Department. The report shall include name of the animal, name of the breeder, date of win, win purse amount, type of race, name of track, and such other information as may be required by the Department to calculate awards.
- F. The Arizona Thoroughbred Breeder's Association, Arizona Quarter Racing Association, Arizona Greyhound Breeder's Association, and such other associations as may represent breeders in this state may assist the Department in periodic reviews of eligibility lists and may provide such other assistance in administering the fund as may be required by the Department.
- G. At least every other three years the Commission shall select a committee, consisting of representatives of each breeders' association and the Department, which shall review this rule and submit written recommendations to the Commission.

3. If a horse is led to the post with permission of the paddock judge, it carries its weight and shall pass the stewards' stand on its way to the post.
4. After the horses are ordered to the starting post and until the stewards direct the track gates to be reopened, all persons except licensees designated by the stewards shall be excluded from the track.
5. After the horses have entered the track, not more than 12 minutes shall elapse during the parade of the horses to the post, except with the approval of the stewards.
6. After passing the stand once, the horses will be allowed to break formation, canter, warm up, or move in any other manner until they are within 100 yards of the post.

C. Races

1. All races shall be started by a starting gate approved by the Department.
 - a. A race may be started without a stall gate or a gate with the doors open may be used in case of necessity and with the permission of the stewards.
 - b. If a race is started without a stall gate, there shall be no start until, and no recall after, a starter's assistant has dropped his flag in response to the order of the official starter.
2. In the event of unavoidable delay in the starting of a race, the starter shall instruct the riders to dismount and to lead their horses.
3. When a horse, during the post parade, is deemed unfit to start or is injured by an accident in the gate, it may be excused by the stewards. Such a horse shall not be considered to have started in the race.
4. When a horse misbehaves in the gate and thereby unduly delays the start of a race, it may be excused by the starter and the stewards. Such a horse shall not be considered to have started in the race, but it shall be penalized by being put on the schooling list. Its entry in future races will be refused for a period of time to be determined by the starter, with the approval of the stewards.
5. No race shall be run when it is so dark that the horses cannot be plainly seen from the stand by the judges or stewards.
6. Every horse in a race is entitled to racing room and shall not be deliberately pocketed and, in a straightaway race, each horse shall maintain the position in the lane in which it starts as nearly as possible.
7. If a horse is ridden or drifts out of its lane in such a manner that it interferes with or impedes another horse in any way, a foul has been committed. The offending horse may be disqualified if the outcome of the race is affected by the foul and replaced at the discretion of the stewards in a manner as to correct the effect of the interference as nearly as possible. The provisions of this subsection shall apply to fouls caused by the horse or the jockey and fouls caused either carelessly or purposefully.
 - a. In the event of disqualification of any part of an entry, it shall be at the discretion of the stewards as to whether such disqualification shall extend to all or any part of the entry.
 - b. If the stewards rule that the foul referred to in subsection (C)(7) of this Section was caused by the horse, despite the obvious efforts of the jockey to maintain position in its lane, the jockey shall not be penalized.

- c. If the stewards rule that the foul referred to in subsection (C)(7) of this Section was caused by the jockey's failing to attempt to prevent the foul or willfully riding the horse out of its lane, the jockey shall be penalized.

8. In a race run around a turn, a horse which is in the clear may be taken to any part of the track. Weaving back and forth in front of another horse may be considered interference or intimidation and may be penalized.
9. A jockey shall not cause such jockey's horse to shorten stride with a view to complaint. If the stewards decide that an intentional foul was committed in the riding of a race or that any jockey was instructed or induced to ride in such a manner, all persons guilty of complicity shall be suspended.
10. When a horse is disqualified by the stewards under these rules, every horse in the race belonging wholly or in part to the same owner, or under the management of the same trainer, may be disqualified and replaced upon a finding of good cause by the stewards.
11. A horse shall be ridden across the finish line carrying its assigned weight in order to participate in the purse distribution of the race unless the nomination blank states otherwise.
12. No whip shall be carried on any 2-year-old in a race on the straightaway before March 1. After March 1, following satisfactory performance out of the gate with a whip and with the approval of the starter, a whip may be carried in such a race.
13. No owner, trainer, handler, or jockey shall attempt to prevent his horse from running its best and winning.

D. Dead heats

1. When a race results in a dead heat, the heat shall not be run off.
2. If a race results in a dead heat, all prizes to which the horses finishing in the dead heat would have been entitled shall be divided equally between them.
3. When a dead heat is run for second place, and an objection is made and sustained to the winner of the race, the horses which ran the dead heat shall be deemed to have run a dead heat for first place.
4. If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the permittee.
5. Each horse that runs a dead heat for a race or place shall be deemed a winner of that race or place and shall be liable as such winner for any penalty or disability attaching to the same.

E. Winnings or wins

1. Winnings shall include all prizes and wins up to the time appointed for the start and shall apply to all races in any country; provided that in county fair race meets not having an "also-eligible" list, winnings shall include all prizes and wins up to the time of entry. Maiden races at County Fair Race Meets shall be an exception to this rule.
2. Winnings shall include walking over or receiving forfeit but shall not include second and third money or the value of any prize not of money or not paid in money.
3. Winnings during the year shall be computed from the preceding January 1.
4. Winner of a certain sum shall mean winner of a single race of that value unless otherwise expressed in the conditions.
5. In estimating the net value of a race to the winner, all sums contributed by its owner or nominator shall be deducted from the amount won.

6. Winners or losers of steeplechases, hurdle races, thoroughbred races, or mixed quarter horse races shall be considered winners or losers on the flat, and winners or losers on the flat shall be considered winners or losers of steeplechases, hurdle races, thoroughbred races, or mixed quarter horse races.

 - (3) The signature of Department personnel sealing the container.
 - iv. The container shall be submitted to a Department-approved laboratory for analysis of the sample, in order to determine the presence of alcohol or any substance.
 - v. If laboratory analysis indicates the presence of any prohibited substance in the tested licensee's sample, for which no law fully issued prescription exists, said licensee may be subject to license suspension or revocation or civil penalties, as set forth in R19-2-309(E)(3)(f) and A.R.S. § 5-108.05(A).
 - vi. Test results and information obtained during the testing process shall be accessible only to members of the Commission, the Director or designees of the Director, and the tested licensee and shall be kept in a locked, secured area of the Department office.
 - vii. Compliance with these rules shall be prima facie evidence that the chain of custody of the test samples is secure, and the results of such tests shall be admissible in any administrative procedure of the Department or Commission.
17. The trainer, assistant trainer, and any other person who is charged with the custody and care of a greyhound are required to protect and guard the greyhound against the administration, either internally or externally, of any foreign substance. A positive test indicating the presence of

any foreign substance (except as set forth in subsection (12)) shall give rise to a presumption that the persons referred to in this subsection have failed to meet the duties imposed upon them.

18. No person shall interfere in any manner with the collection or procedures conducted under this subsection.
19. The owner of any greyhound disqualified in a race because of an infraction of these rules shall forfeit and return any portion of the purse or stakes and any trophy received from such race and shall forfeit any entry or subscription money.
 - a. Any winnings which are forfeited pursuant to this subsection shall be redistributed among the remaining entries in the race entitled thereto.
 - b. Any greyhound shall be disqualified and may be declared unplaced for every purpose except parimutuel wagering if the chemical analysis performed pursuant to subsection (16)(a) of this Section indicates the presence of any foreign substance.

R19-2-312. Registration and Transfers

- A. The National Greyhound Association of Abilene, Kansas, (NGA) is the official breeding registry of all greyhounds. The Greyhound Publications, Inc., Information System is the official recordkeeping agency of all greyhound performances and maintains the past performance lines on every greyhound raced at a track licensed by a racing jurisdiction. The Department may certify any greyhound whose registration is attributable to arbitrary, discriminatory, or other unreasonable action or inaction on the part of either agency.
- B. If for any reason the Greyhound Information System ceases operation, the kennel owner is responsible for furnishing the racing secretary with the last six past performance lines when applicable.
- C. The registry and recordkeeping agencies are self-funding, and may charge reasonable fees for their services.
- D. A greyhound shall not be entered for racing or schooling at any official track unless it:
 1. Is tattooed or permanently identified in a manner acceptable to the NGA;
 2. Is registered in the NGA stud book; and
 3. Has its last six performance lines, if applicable, and racing history made available to the racing secretary from the Greyhound Information System.
- E. The NGA breeding registry furnishes all necessary information to the Greyhound Information System when greyhounds are registered and named. A reasonable fee per start shall be deducted from the weekly purses by the track and paid to the Greyhound Information System.
- F. Each track shall provide a copy of the official chart of its races to the Greyhound Information System.
- G. The NGA Breeding Registry and transfer files and the Greyhound Publications, Inc., Information System shall be available to Department officials upon request.
- H. In case of emergency, written authority from the NGA to sign declarations of partnerships shall be given to the racing secretary.

- I. An owner of a greyhound cannot assign the owner's share or any part of it without the written consent of the other partners. The consent shall be filed with the racing secretary.
- J. A certificate of registration for a greyhound shall be filed with the racing secretary at the race track where the greyhound is to be schooled, entered, or raced.
- K. The certificates of registration shall be available at all times for inspection by the stewards.
- L. A transfer of any title to, leasehold in, or other interest in greyhounds schooled, entered, or racing at any track under the jurisdiction of the Department shall be registered and recorded with the National Greyhound Association of Abilene, Kansas.
- M. The Department shall not recognize a title, leasehold, or other interest in a greyhound until the title, leasehold, or other interest is evidenced by written instrument filed with and recorded by the National Greyhound Association of Abilene, Kansas and certified copies of the instrument are filed with the Department and the racing secretary at the race track where the greyhound is to be schooled, entered, or raced.
- N. If a greyhound is sold or transferred, or any interest in a greyhound is sold or transferred, during a meeting or after the greyhound has been registered for a meeting, a copy of the bill of sale shall be filed with the racing secretary and forwarded by the racing secretary to the Department.
- O. If a greyhound is sold with its engagements, or any part of them, the seller cannot strike it out of any engagements. In all cases of private sales, the written acknowledgment of both parties that the greyhound was sold with the engagements is necessary to entitle the seller or buyer to the benefit of this rule. If certain engagements are specified, only those are sold with the greyhound. If the greyhound is sold by public auction, and if certain engagements are specified, only those engagements are sold with the greyhound.
- P. If a greyhound or any interest in a greyhound is sold to a disqualified person, the greyhound's racing engagements are void as of the date of sale.
- Q. In case of transfer of a greyhound with its engagements, the greyhound shall not be eligible to start in any stakes, unless the transfer of the greyhound and its engagements is provided to the racing secretary.
- R. A transfer of a greyhound or engagement shall not be made for the purpose of avoiding disqualification. A person that makes or receives a transfer to avoid disqualification may have a civil penalty invoked or be ruled off by the stewards.
- S. A partnership shall register with the Department. The partnership shall provide the name and address of every person with an interest in a greyhound, the relative proportions of the interest, and the terms of any sales with contingencies or arrangements, which are signed by each party or by an authorized agent, and file this information with the racing secretary. This information shall be provided to the Department before the beginning of the race meet. All persons listed on the partnership registration are jointly and severally liable for all stakes and forfeits.

- C. At weighing-in time, if there is a variation of more than two pounds from the greyhound's established weight, the stewards shall order the greyhound scratched.
- D. At weighing-out time, if a greyhound loses more than two pounds while in the lockout kennels, the stewards shall order the greyhound scratched. R19-2-316. Entries and Subscriptions

- A. Condition for entry
1. The racing secretary shall not allow a greyhound to be entered in a race unless the full name of every person having an ownership in the greyhound or accepting the trainer's percentage or having any interest in its winnings is registered with the racing secretary. A change in a greyhound's ownership or interest made during that meeting shall be registered with the racing secretary; a copy of this shall be delivered promptly to the Department by the racing secretary of the track where the greyhound is racing.

Arizona Racing Commission

2. The racing secretary shall not allow a greyhound to be entered in a race unless the conditions in R19-2-313 pertaining to registration are met.
 3. The racing secretary shall not allow a greyhound to enter or start unless it is conditioned by a licensed trainer or owner-trainer.
 4. The racing secretary shall not allow a greyhound to enter or start in a race unless it has been fully identified and tattooed. A person who participates in any manner in establishing the identity of a greyhound, including the breeder, owner, trainer, and identifier, is responsible for the accuracy of the information the person provides.
 5. The stewards may require a person in whose name a greyhound is entered to produce proof that the greyhound is not the property, either wholly or in part, of any person who is disqualified, or to produce proof of the extent of the person's interest in the greyhound. If the stewards are not satisfied as to the ownership of the greyhound, they may declare the greyhound out of the race.
 6. A permittee shall establish a qualifying time for its 3/8- and 5/16-mile races. The permittee shall notify the stewards at least three days before the first day of official racing of the qualifying time established and specify time which, while in effect, shall be continuously posted on the notice board at the track and approved by the stewards.
 - a. A change in the established qualifying time during the course of a meeting may only be made with the approval of the stewards.
 - b. The racing secretary shall not allow a greyhound to enter or race if the greyhound fails to meet the established qualifying time except in a futurity or stakes race.
 7. A greyhound is not eligible to enter or race if:
 - a. The greyhound is ruled off or suspended.
 - b. The owner or trainer is ruled off the track or suspended until the greyhound is made eligible either by reinstatement of its owner or trainer or a transfer or bona fide sale to an ownership or trainer acceptable to the stewards.
 - c. The greyhound is on the schooling list or on the veterinarian's list.
 - d. The greyhound is under the age of 12 months.
 8. A greyhound or kennel whose entry is ordered refused at any recognized meeting because of inconsistent racing shall not be permitted to race on any track where these rules are in force during the continuance of such ruling.
 9. At least three past performances of a greyhound shall be available for the program.
 10. A trainer shall remove an off-form greyhound from the active list. Failure to do so is grounds for suspension of the greyhound.
 11. A greyhound that has been retired for conditions or worming shall be brought back to racing weight before being entered.
 12. The stewards may allow a greyhound that has not raced in three or more weeks to establish new racing weight.
 13. The racing secretary shall not allow a greyhound in season on the track nor shall she be eligible to school officially or to race if in milk.
- B. Entry**
1. The racing secretary receives entries and declarations.
 2. Each entry in a race shall be in the name of the registered owner or in the kennel name.
 3. The racing secretary shall not allow a greyhound to run in any race unless it has been and continues to be duly entered.
 4. A greyhound eligible at the time of entry continues to be qualified, except in an overnight event in which the greyhound shall be eligible at the time of the start.
 5. A kennel owner, trainer, or authorized agent may enter a greyhound in person, by telephone, by facsimile, or in writing.
 6. A greyhound entered for a purse shall be a "starting greyhound" unless it has been declared out by the stewards.
 7. An entry from a person or of a greyhound that stands suspended or expelled is void. The Department shall refund any money paid for a void entry. A person who wins money with a void entry shall return the money to the Department.
 - a. The entry form to a stakes race shall include the full name and post office address of the person making the entry.
 - b. A person with an interest in a greyhound less than the interest of another person is not entitled to assume any of the rights or duties of an owner as provided by these rules, including the right of entry and declaration.
 - c. Joint subscriptions and entries may be made by any one or more of the owners. However, all partners and each of them shall be jointly and severally liable for all fees and forfeits.
 - d. Nominations for stakes races received and post-marked before midnight of the day of closing shall be valid if received 24 hours in advance of closing of overnight entries.
 - e. If the invalidity of any entry or declaration in a stakes race is alleged, satisfactory proof that the entry or declaration was timely made shall be presented within a reasonable time or the entry or declaration shall be deemed not received.
- C. Closing**
1. The racing secretary shall close entries for purse races at the advertised time. An entry shall not be received after that time. If a race fails to fill, additional time for entries may be granted by the stewards.
 2. Entries and declarations for stakes races that close during or on the eve of a racing meeting shall close at the office of the racing secretary. Closing sweepstakes at all other times shall be at the office of the permittee.
 3. The racing secretary shall not accept entries or declarations for stakes after the designated time.
 4. A greyhound may not start in a stakes race unless it has passed the entry box on the day on which entries for the stakes race are taken.
 5. There shall be at least six different kennel owners in each race. An owner or trainer may have no more than two greyhounds in a race without the permission of the stewards. The requirements of this subsection are applicable to all greyhound races, including all short field races of five or fewer greyhounds. Prior approval of the stewards shall be obtained before conducting any race in which five or fewer greyhounds are entered.
 6. If the number of entries to any purse race exceeds the number of greyhounds that, because of track limitations, may start, the starters for the race shall be determined by lot in the presence of those making entries.
 7. The post position of greyhounds shall be assigned by lot or drawing supervised by the stewards and the racing secretary, at a time and place posted on the trainer's bulletin

board. The draw shall occur at least one day before the running of the race, so that any and all owners, trainers, or authorized agents interested may be present.

- a. A change shall not be made in any entry after closing of entries, but an error may be corrected.
 - b. Each greyhound entered for a purse shall be a starter unless it is declared or scratched.
8. The permittee may withdraw or change any unclosed race.
 9. Following the close of entries, the racing secretary shall compile and conspicuously post the entries.
 10. The holder of any claim, whether a mortgage bill, sale, or lien of any kind, against a greyhound, shall file the claim with the racing secretary before the time the greyhound is entered. The claimholder shall forfeit all rights in any winnings of the greyhound before the claim is filed.

D. Fees

1. Unless otherwise stipulated in the conditions of a race, there is no charge to enter a greyhound in a purse race. When the conditions require an entrance fee, the fee shall accompany the entry.
2. A person entering a greyhound shall pay the nominating, sustaining, and starting fees. Except as provided in subsections (D)(3) and (D)(4) fees are nonrefundable.
3. Entrance fees to a purse race that is run are not refundable unless otherwise provided for in the conditions of the race.
4. Entry, starting, and subscription fees shall be distributed as provided for in the conditions of the race. If a race is not run, all stakes or entrance money shall be refunded.
5. The death of the nominator or subscriber does not void entry, subscription, or right of entry of a greyhound.
6. A greyhound may not start in a race unless any stake or entrance money for that race is paid.
7. A person entering a greyhound is liable for the entrance money or stake.
8. The entry of a greyhound in a sweepstakes is a subscription to the sweepstakes making the subscriber liable for stake and forfeit fees. If the subscriber properly transfers the entry, the subscriber is liable for stake and forfeit fees only if the transferee defaults. The seller of a greyhound with an engagement is liable for stake or forfeit fees if the engagement is not kept.
 - a. If a person is prevented by these rules from entering or starting a greyhound for a race without paying arrears for which the person would not otherwise be liable, the person may, by paying the arrears, enter or start the greyhound and have the arrears placed on the forfeit list as due to the person.
 - b. If the seller of a greyhound with an engagement is compelled to pay arrears because of the purchaser's default, the seller may place the amount of the forfeit list as due from the purchaser to the seller. This rule also applies in the transfer of an entry when the transferee defaults.
 - c. With the approval of the stewards, the racing secretary may waive the obligations incurred by this Section.
 - d. If the racing secretary permits a greyhound to start in a race without the entrance money or stake having been paid, the racing secretary is liable for the entrance money or stake.
9. An entry in a sweepstakes is a subscription and may not be withdrawn.

Amended effective March 20, 1990 (Supp. 90-1). R19-2-316 recodified from R4-27-316 (Supp. 95-1). Amended by final rulemaking at 12 A.A.R. 1771, effective July 1, 2006 (Supp. 06-2).

R19-2-317. Rules of the Race

A. Pre-race activity.

1. A greyhound shall race under its registered owner's name as shown on the registration papers or upon Department approval.
2. All races shall start at regular intervals. Post times shall be based upon the number of races scheduled to run daily. The intervals shall be set by the permittee with the approval of the stewards.
3. A greyhound shall be identified and exhibited in the paddock before post time of the race in which it is entered.
4. A greyhound shall wear the regulation muzzle and blanket while racing. The muzzle and blanket of each greyhound shall be carefully examined:
 - a. In the paddock by the paddock judge before the greyhound leaves for the post;
 - b. Before the stewards at the stewards' stand; and
 - c. By the starter at the starting box.
5. After the greyhounds have entered the track, the parade of the greyhounds to the post shall be no longer than 15 minutes, unless a delay is unavoidable.
6. After the greyhounds leave the paddock on their way to the starting point, and until the stewards signal the start of the race, all persons except the designated licensees shall be excluded from the course.
7. If a greyhound is injured after weigh-in, the greyhound may be excused by the stewards on the advice of the track veterinarian and shall not be considered a starter.

B. Races

1. A race is not declared official by the stewards unless the lure precedes the greyhounds at all times during the race. If, during the race, a greyhound catches or passes the lure, the stewards shall declare it "no race" and all monies wagered shall be refunded.
2. The stewards shall closely observe the operation of the lure and hold the lure operator to strict accountability for any inconsistency of operation. The lure shall be kept at a reasonable distance in advance of the greyhounds.
3. If a greyhound dwells in the box when the doors of the starting box open at the start, there shall be no refund.
4. If a greyhound bolts the course, runs in the opposite direction, or does not run the entire prescribed distance for the race, all rights in the race are forfeited and no matter where it finishes the stewards shall declare the finish of the race as if the greyhound was not a contender. However the greyhound shall be considered a starter.
5. If a greyhound bolts the course or runs in the opposite direction during the running of the race and in so doing, in the opinion of the stewards, alters the outcome of the race, the stewards shall declare it "no race" and all monies wagered shall be refunded.
6. If it appears that a greyhound may interfere with the running of the race because of failure to leave the starting box, or accident, or for any other reason, a person under the supervision of the stewards may remove the greyhound from the track. However the greyhound shall be considered a starter.
7. If a race is marred by jams, spills, or racing circumstances other than accident regarding the machinery or outside interference, and three or more greyhounds finish, the stewards shall declare the race official, but if fewer than

three greyhounds finish, the stewards shall declare it “no race” and all monies wagered shall be refunded.

8. Each permittee shall provide a camera approved by the Department for the purpose of taking photographs of all finishes of all races including schooling races.
9. A greyhound ruled off for fighting or quitting is suspended on any track operating under the jurisdiction of the Commission.
10. If the owner, trainer, or handler of a greyhound is found guilty of an act that prevents the greyhound from running its best, the Department shall suspend the license of the owner, trainer, or handler.

C. Dead heats

1. When a race results in a dead heat, the race shall not be run off. When two greyhounds run a dead heat for first place, all prizes to which the first and second greyhounds are entitled shall be divided equally between them. This applies in dividing prizes whatever the number of greyhounds running a dead heat and whatever places for which the dead heat is run.
2. When a dead heat for win occurs, each greyhound involved in the dead heat shall be considered a winner and is liable for any penalty attached to the winning of the race.
3. If the owners of the greyhounds involved in a dead heat cannot agree on the disbursement of a cup or other prize that cannot be divided, the cup or prize shall be determined by lot.

D. Winnings

1. Winnings include all prizes earned up to the time appointed for the start and shall apply to all races wherever run. Winnings shall include earnings from a walk over or receiving forfeit, but do not include second and third money, or the value of any non-monetary prize. Winnings during the year shall be determined from the preceding January 1.
2. Winner of a certain sum shall mean winner of a single race of that value unless otherwise expressed in the conditions.
3. In estimating the net value of a race to the winner, all sums contributed by the owner or nominator are deducted from the amount won.

E. Declarations and scratches

1. Declarations in purse races shall be made by the kennel owner, trainer, or authorized agent to the racing secretary or his or her assistant at least one-half hour before the time designated for the drawing of post positions on the day before the day on which the greyhound is to race, or at the time appointed by the racing secretary.
2. Declarations in sweepstakes shall be made in the same manner as provided for making entries in sweepstakes to the racing secretary, who shall record the day and hour of receipt and give early publicity to the sweepstakes.
3. A declaration in a stakes race shall be made in writing by the kennel owner or trainer of a greyhound or by the kennel owner's authorized agent.
4. The declaration of a greyhound is irrevocable.
5. A greyhound that is withdrawn from a race after the overnight entries are closed is deemed a scratch. The declared greyhound shall lose all preference accrued up to that date unless excused by the stewards.
 - a. To scratch a greyhound entered in a race, sufficient cause shall be given to satisfy the stewards, and the cause shall be reported immediately.
 - b. The owner or trainer of a greyhound that is scratched because of a violation of a racing rule shall be penal-

ized or suspended for six racing days. Scratches for other causes may be disciplined at the discretion of the stewards.

- c. If a trainer fails to have a greyhound entered at the track at the appointed time for weighing in causing the scratch of the greyhound, the stewards shall impose a forfeiture and may suspend or fine the person responsible.
 - d. If three or more greyhounds are withdrawn or scratched in any one race, the stewards may cancel the race.
 - e. The stewards may scratch a greyhound entered in a race for sufficient cause.
6. A greyhound scratched from a race because of overweight or underweight shall receive a six-day suspension and shall school back before starting in an official race. Scratched greyhounds may school during their suspension.

 - b. “Substitute Breeders' Award” means an amount of money based on a substitute payment factor because

- of the lack of sufficient money to pay conventional Quarterly Breeders' Awards.
- c. "Supplemental Breeders' Award" means an amount of money that corrects a shortfall between conventional Quarterly Breeders' Awards and Substitute Breeders' Awards.
 - d. "End-of-year Bonus Award" means an amount of money that may be paid to breeders from available monies that remain in the breeders' award fund after payment of Quarterly Breeders' Awards, Substitute Breeders' Awards and Supplemental Breeders' Awards.
2. The Department shall pay awards at the end of each fiscal year quarter, provided that the total amount of the awards payments does not exceed the total amount of money available in the fund less the amount required to be set aside for contingent liabilities in subsection (D)(8).
 3. Quarterly Breeders' Awards. Before October 30 of each year, the Department shall determine a quarterly breeders' award payment factor that will be applied during the entire fiscal year. The payment factor determined by the Department is not subject to appeal.
 - a. The Department shall evaluate anticipated revenues for the breeders' award fund and anticipated purses for eligible Arizona-bred animals and set the payment factor at a level that permits recipients of quarterly breeders' awards to receive awards throughout the fiscal year based on the same payment factor.
 - b. The Department shall notify representatives of each breeders' association of the quarterly breeders' award payment factor in writing before October 30 of each year.
 - c. The Department shall calculate quarterly breeders' awards by multiplying the amount of each purse won by an eligible animal during that quarter by the quarterly breeders' award payment factor established for the fiscal year.
 - d. The Department shall make quarterly breeders' awards not later than 30 days after the end of each quarter, unless full quarterly breeders' awards cannot be made due to the lack of available money in the fund.
 4. Substitute Breeders' Awards. The Department shall make substitute breeders' awards if there are sufficient monies in the fund to allow for an award but not enough monies to provide for full payments of quarterly breeders' awards based on the quarterly breeders' award payment factor.
 - a. The Department shall determine the substitute payment factor by dividing the total amount of monies in the Arizona breeders' award fund at the end of the quarter less the amount required to be set aside for contingent liabilities in subsection (D)(8) by the total amount of purses won by eligible Arizona-bred animals during that quarter.
 - b. The Department shall calculate substitute breeders' awards by multiplying the amount of each purse won by an eligible animal during that quarter by the substitute payment factor for that quarter.
 5. End-of-year bonus pool. After payment of all quarterly breeders' awards and any substitute breeders' awards has been calculated, the Department shall determine the amount of monies remaining in the fund. The end-of-year-bonus pool is the amount of monies remaining in the Arizona breeders' award fund after the payment of all quarterly breeders' awards for the fiscal year less the amount required to be set aside for contingent liabilities in subsection (D)(8).
 6. Supplemental Breeders Awards. The Department shall first pay any monies in the end-of-year bonus pool in the form of supplemental breeders awards to recipients of substitute breeders' awards.
 - a. The Department shall pay supplemental breeders' awards in an amount equal to the difference between the substitute breeders' award and the quarterly breeders' award the breeder would have received if there had been enough in the fund to pay an award based on the quarterly award payment factor.
 - b. In the event the end-of-year bonus pool cannot pay supplemental breeders' awards to make up for the shortfall to all substitute breeders' award recipients, the Department shall pay supplemental breeders' awards to all breeders eligible to receive a supplemental breeders' award on a pro-rata basis.
 - c. A breeder is eligible to receive a supplemental breeders' award from the end-of-year bonus pool only if the breeder received a substitute breeders' award during that fiscal year.
 - d. The Department shall not make supplemental breeders' awards if all eligible breeders received quarterly breeders' awards during the fiscal year.
 7. End-of-year Bonus Awards. The Department shall pay end-of-year bonus awards if monies remain in the end-of-year bonus pool following any supplemental payments.
 - a. The Department shall determine an end-of-year bonus payment factor by dividing the monies in the end-of-year bonus pool by the total amount of purses won by an eligible animal during the fiscal year.
 - b. The Department shall calculate end-of-year bonus awards by multiplying the amount of each purse won by an eligible animal by the bonus payment factor.
 8. Contingent liabilities. The Department shall retain \$10,000 in the Breeders' Award fund for contingent liabilities.
 9. The Department shall not make quarterly breeders' awards, substitute breeders' awards, supplemental breeders' awards or end-of-year bonus breeders' awards if the total amount available for distribution is less than \$10,000. In the event the Department does not pay an award because less than \$10,000 is available for distribution, the Department shall carry forward the amount in the fund for payment of awards when the Department next calculates awards.
 10. Appeal of Director's Rulings
 - a. The Director shall make the final decision concerning a breeders' award.
 - b. The Department shall give written notice of the decision to an applicant by mailing it to the address of record filed with the Department.

A. General

- 1. All contracts governing participation by a racetrack permittee in interstate common pools shall be submitted to the Department for approval.
- 2. Individual wagering transactions are made at the point of sale in the state where placed. Pari-mutuel pools are combined solely for computing odds and calculating payoffs but will be held separate for auditing and all other purposes.
- 3. Any surcharges or withholdings in addition to the takeout shall only be applied in the jurisdiction otherwise imposing such surcharges or withholdings.
- 4. The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the similar information permitted or required to be displayed under these rules.
- 5. A racetrack permittee may only participate in common pool wagering on the same type of racing as authorized by the permit for live racing conducted by the racetrack permittee.

B. Participation in Interstate Common Pools by Receiving Racetrack Permittee

- 1. With the prior approval of the Department, pari-mutuel wagering pools may be combined with corresponding wagering pools at the sending facility outside of this state.
- 2. The Department may permit adjustment of the takeout from the pari-mutuel pool so that the takeout rate in this

jurisdiction is identical to that at the sending track (within the limits permitted by state law).

- 3. Where takeout rates in the merged pool are not identical, the net price calculation shall be the method by which the differing takeout rates are applied.
- 4. Rules of racing as established for the contest in the sending track shall apply to the merged pool.
- 5. The Department shall approve agreements made between the racetrack permittee and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.
- 6. If, for any reason, it becomes impossible to successfully merge the bets placed into the interstate common pool, the racetrack permittee shall make payoffs in accordance with payoff prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere; except that, with permission of the Department, the racetrack permittee may alternatively determine to either pay winning tickets at the payoff prices at the sending track or declare such accepted bets void and make refunds in accordance with the applicable rules.

C. Participation in Merged Pools by Sending Racetrack Permittee

- 1. With the prior approval of the Department, a racetrack permittee conducting a live racing meeting and conducting pari-mutuel wagering may determine that all or part of its racing program be utilized for pari-mutuel wagering by sending all or part of its racing program to facilities outside this state and may also determine that pari-mutuel pools at such facilities be combined with corresponding wagering pools established by it as the sending track.
- 2. Rules of racing established for races held in this state shall also apply to interstate common pools unless the Department shall have specifically otherwise determined.
- 3. The Department shall approve agreements made between the racetrack permittee and other participants in interstate common pools governing the distribution of breakage between the jurisdictions.
- 4. Any contract for interstate common pools entered into by the racetrack permittee shall contain a provision to the effect that if, for any reason, it becomes impossible to successfully merge the bets placed in another state into the interstate common pool formed by the racetrack permittee, or if, for any reason, the Department's or the racetrack permittee's representative determines that attempting to effect transfer of pool data from the receiving facility may endanger the racetrack permittee's wagering pool, the racetrack permittee shall have no liability for any measures taken which may result in the receiving facility's wagers not being accepted into the pool.
- 5. Amounts wagered in an interstate common pool other than amounts wagered within this state shall not be considered part of the racetrack permittee's pari-mutuel wagering pool for purposes of A.R.S. § 5-111. A racetrack permittee may charge a fee to a receiving facility or location outside this state for the privilege of conducting pari-mutuel wagering on the race and participating in the interstate common pool and for payment of costs incurred to transmit the broadcast of the race.
- 6. Should a racetrack permittee experience a breakdown in the sending of the video signal while conducting interstate common pool wagering, the racetrack permittee:
 - a. Shall notify all receiving locations of the technical difficulties being experienced;

- b. May continue to accept wagers from the receiving out-of-state locations provided there is compliance with the guest site's governing agency.

D. Takeout Rates in Interstate Common Pools. With prior approval of the Department, a racetrack permittee wishing to participate in an interstate common pool may change its takeout rate (within the limits permitted by state law) so as to achieve a common pool takeout rate with all other participants in the interstate common pool.

Title 41, Chapter 6 means that the Arizona Racing Commission did not submit these rules to the Governor's Regulatory Review Council for Review; the Commission did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules.

R19-2-523. Calculation of Payoffs and Distribution of Pools

A. General

1. All permitted pari-mutuel wagering pools shall be separately and independently calculated and distributed. Takeout shall be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall constitute the net pool for distribution as payoff on winning wagers.
2. For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar.
3. Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools.

a. Standard Price Calculation Procedure

SINGLE PRICE POOL (WIN POOL)

gross pool	=	sum of wagers on all betting interests - refunds
takeout	=	gross pool x percent takeout
net pool	=	gross pool - takeout
profit	=	net pool - gross amount bet on winner
profit per dollar	=	profit / gross amount bet on winner
\$1 unbroken price	=	profit per dollar + \$1
\$1 broken price	=	\$1 unbroken price rounded down to the break point

total payout	=	\$1 broken price x gross amount bet on winner
total breakage	=	net pool - total payout

PROFIT SPLIT (PLACE POOL)

Profit is net pool less gross amount bet on all place finishers. Finishers split profit 1/2 and 1/2 (place profit), then divide by gross amount bet on each place finisher for two unique prices.

PROFIT SPLIT (SHOW POOL)

Profit is net pool less gross amount bet on all show finishers. Finishers split profit 1/3 and 1/3 and 1/3 (show profit), then divide by gross amount bet on each show finisher for three unique prices.

b. Net Price Calculation Procedure

SINGLE PRICE POOL (WIN POOL)

gross pool	=	sum of wagers on all betting interests - refunds
takeout	=	gross pool x percent takeout

* for each source:

net pool	=	gross pool - takeout
net bet on winner	=	gross amount bet on winner x (1 - percent takeout)

total net pool	=	sum of all sources net pools
----------------	---	------------------------------

total net bet on winner	=	sum of all sources net bet on winner
-------------------------	---	--------------------------------------

total profit	=	total net pool - total net bet on winner
--------------	---	--

profit per dollar	=	total profit / total net bet on winner
-------------------	---	--

\$1 unbroken base price	=	profit per dollar + \$1
-------------------------	---	-------------------------

* for each source:

\$1 unbroken price	=	\$1 unbroken base price x (1 - percent takeout)
--------------------	---	---

\$1 broken price	=	\$1 unbroken price rounded down to the break point
------------------	---	--

total payout	=	\$1 broken price x gross amount bet on winner
--------------	---	---

total breakage	=	net pool - total payout
----------------	---	-------------------------

PROFIT SPLIT (PLACE POOL)

Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split total profit 1/2 and 1/2 (place profit), then divide by total net amount bet on each place finisher for two unique unbroken base prices.

PROFIT SPLIT (SHOW POOL)

Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit 1/3 and 1/3 and 1/3 (show profit), then divide by total net amount bet on each show finisher for three unique unbroken base prices.

4. If a profit split results in only one covered winning betting interest or combinations, it shall be calculated the same as a single price pool.
5. Minimum payoffs and the method used for calculating breakage shall be established by the Department.

6. The individual pools outlined in these rules may be given alternative names by each permittee, provided prior approval is obtained from the Department.
- B. Win Pools**
1. The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest.
 2. The net Win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:
 - a. To those whose selection finished first; but if there are no such wagers, then
 - b. To those whose selection finished second; but if there are no such wagers, then
 - c. To those whose selection finished third; but if there are no such wagers, then
 - d. The entire pool shall be refunded on Win wagers for that contest.
 3. If there is a dead heat for first involving:
 - a. Contestants representing the same betting interest, the Win pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Win pool shall be distributed as a profit split.

Table 1: WIN POOL
(Standard Price Calculation)

Sum of Wagers on All Betting Interests	=	\$194,230.00
Refunds	=	\$1,317.00
Gross Pool:		
Sum of Wagers on All Betting Interests - Refunds	=	\$192,913.00
Percent Takeout	=	18%
Takeout:		
Gross Pool x Percent Takeout	=	\$34,724.34
Net Pool:		
Gross Pool - Takeout	=	\$158,188.66
Gross Amount Bet on Winner	=	\$23,872.00
Profit:		
Net Pool - Gross Amount Bet on Winner	=	\$134,316.66
Profit Per Dollar:		
Profit / Gross Amount Bet on Winner	=	\$5.6265357
\$1 Unbroken Price:		
Profit Per Dollar + \$1	=	\$6.6265357

- C. Place Pools**
1. The amounts wagered to Place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Place on that betting interest, the resulting quotient is the profit per dollar wagered to Place on that betting interest.
 2. The net Place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. If contestants of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise
 - b. As a profit split to those whose selection is included within the first two finishers; but if there are no such wagers on one of those two finishers, then
 - c. As a single price pool to those who selected the one covered betting interest included within the first two finishers; but if there are no such wagers, then
 - d. As a single price pool to those who selected the third-place finisher, but if there are no such wagers, then
 - e. The entire pool shall be refunded on Place wagers for that contest.
 3. If there is a dead heat for first involving:
 - a. Contestants representing the same betting interest, the Place pool shall be distributed as a single price pool.
 - b. Contestants representing two or more betting interests, the Place pool shall be distributed as a profit split.
 4. If there is a dead heat for second involving:
 - a. Contestants representing the same betting interest, the Place pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Place pool is divided with half of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally amongst Place wagers on those betting interests involved in the dead heat for second.

D. Show Pools

1. The amounts wagered to Show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest.
2. The net Show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. If contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise
 - b. If contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds distributed to those who selected the coupled entry or mutuel field and one-third distributed to those who selected the other betting interest included within the first three finishers; otherwise
 - c. As a profit split to those whose selection is included within the first three finishers; but if there are no such wagers on one of those three finishers, then
 - d. As a profit split to those who selected one of the two covered betting interests included within the first three finishers; but if there are no such wagers on two of those three finishers, then
 - e. As a single price pool to those who selected the one covered betting interest included within the first three finishers; but if there are no such wagers, then
 - f. As a single price pool to those who selected the fourth-place finisher; but if there are no such wagers, then
 - g. The entire pool shall be refunded on Show wagers for that contest.
3. If there is a dead heat for first involving:
 - a. Two contestants representing the same betting interest, the profit is divided with 2/3rds distributed to those who selected the first-place finishers and one-third distributed to those who selected the betting interest finishing third.
 - b. Three contestants representing a single betting interest, the Show pool shall be distributed as a single price pool.
 - c. Contestants representing two or more betting interests, the Show pool shall be distributed as a profit split.
4. If there is a dead heat for second involving:
 - a. Contestants representing the same betting interest, the profit is divided with one-third distributed to those who selected the betting interest finishing first and two-thirds distributed to those who selected the second-place finishers.
 - b. Contestants representing two betting interests, the Show pool shall be distributed as a profit split.
 - c. Contestants representing three betting interests, the Show pool is divided with one-third of the profit distributed to Show wagers on the betting interest finishing first and the remainder is distributed equally among Show wagers on those betting interests involved in the dead heat for second.
5. If there is a dead heat for third involving:

- a. Contestants representing the same betting interest, the Show pool shall be distributed as if no dead heat occurred.
- b. Contestants representing two or more betting interests, the Show pool is divided with 2/3rds of the profit distributed to Show wagers on the betting interests finishing first and second and the remainder is distributed equally among Show wagers on those betting interests involved in the dead heat for third.

E. Double Pools

1. The Double requires selection of the first-place finisher in each of two specified contests.
2. The net Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. As a single price pool to those whose selection finished first in each of the two contests; but if there are no such wagers, then
 - b. As a profit split to those who selected the first-place finisher in either of the two contests; but if there are no such wagers, then
 - c. As a single price pool to those who selected the one covered first-place finisher in either contest; but if there are no such wagers, then
 - d. As a single price pool to those whose selection finished second in each of the two contests; but if there are no such wagers, then

- e. The entire pool shall be refunded on Double wagers for those contests.
3. If there is a dead heat for first in either of the two contests involving:
 - a. Contestants representing the same betting interest, the Double pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Double pool shall be distributed as a profit split if there is more than one covered winning combination.
4. Should a betting interest in the first-half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.
5. Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.
6. Should a betting interest in the second-half of the Double be scratched after the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second

contest shall be allocated a consolation payoff. In calculating the consolation payoff the net Double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net Double pool before calculation and distribution of the winning Double payoff. Dead heats including separate betting interests in the first contest shall result in a consolation payoff calculated as a profit split.

7. If either of the Double contests are cancelled prior to the first Double contest, or the first Double contest is declared "no contest," the entire Double pool shall be refunded on Double wagers for those contests.
8. If the second Double contest is cancelled or declared "no contest" after the conclusion of the first Double contest, the net Double pool shall be distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool shall be distributed as a profit split.

F. Pick 3 Pools

1. The Pick 3 requires selection of the first-place finisher in each of three specified contests.
2. The net Pick 3 pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. As a single price pool to those whose selection finished first in each of the three contests; but if there are no such wagers, then
 - b. As a single price pool to those who selected the first-place finisher in any two of the three contests; but if there are no such wagers, then
 - c. As a single price pool to those who selected the first-place finisher in any one of the three contests; but if there are no such wagers, then
 - d. The entire pool shall be refunded on Pick 3 wagers for those contests.
3. If there is a dead heat for first in any of the three contests involving:
 - a. Contestants representing the same betting interest, the Pick 3 pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Pick 3 pool shall be distributed as a single

price pool with each winning wager receiving an equal share of the profit.

4. Should a betting interest in any of the three Pick 3 contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.
5. If all three Pick 3 contests are cancelled or declared "no contest," the entire pool shall be refunded on Pick 3 wagers for those contests.
6. If one or two of the Pick 3 contests are cancelled or declared "no contest," the Pick 3 pool shall remain valid and shall be distributed in accordance with subsection (F)(2) of this rule.

G. Pick (n) Pools

1. The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The permittee

must obtain written approval from the Department concerning the scheduling of Pick (n) contests, the designation of one of the methods prescribed in subsection (G)(2), and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the Department.

2. The Pick (n) pool shall be apportioned under one of the following methods:

- a. *Method 1, Pick (n) with Carryover:* The net Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder shall be added to the carryover.
- b. *Method 2, Pick (n) with Minor Pool and Carryover:* The major share of the net Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major share shall be added to the carryover.
- c. *Method 3, Pick (n) with No Minor Pool and No Carryover:* The net Pick (n) pool shall be distributed as the single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.
- d. *Method 4, Pick (n) with Minor Pool and No Carryover:* The major share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is 1, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.
- e. *Method 5, Pick (n) with Minor Pool and No Carryover:* The major share of net Pick (n) pool shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official

order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool shall be distributed as a single pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded.

3. If there is a dead heat for first in any of the Pick (n) contests involving:
 - a. Contestants representing the same betting interest, the Pick (n) pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.
4. Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.
5. The Pick (n) pool shall be cancelled and all Pick (n) wagers for the individual performance shall be refunded if:
 - a. At least two contests included as part of a Pick 3 are cancelled or declared "no contest."
 - b. At least three contests included as part of a Pick 4, Pick 5, or Pick 6 are cancelled or declared "no contest."
 - c. At least four contests included as part of a Pick 7, Pick 8, or Pick 9 are cancelled or declared "no contest."
 - d. At least five contests included as part of a Pick 10 are cancelled or declared "no contest."
6. If at least one contest included as part of a Pick (n) is cancelled or declared "no contest," but not more than the number specified in subsection (G)(5) of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.
7. The Pick (n) carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the Pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance.

8. A written request for permission to distribute the Pick (n) carryover on a specific performance may be submitted to the Department. The request shall contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
9. Should the Pick (n) carryover be designated for distribution on the final day of the meeting or on another specified date on which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
 - a. Upon written approval from the Department as provided in subsection (G)(8) of this rule.
 - b. Upon written approval from the Department when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued.
 - c. On the closing performance of the meet or split meet.
10. If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the Department.
11. With the written approval of the Department, the permittee may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.
12. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
13. The permittee may suspend previously approved Pick (n) wagering with the prior approval of the Department. Any carryover shall be held until the suspended Pick (n) wagering is reinstated. A permittee may request approval of a Pick (n) wager or separate wagering pool for specific performances.

H. Place Pick (n) Pools

1. The Place Pick (n) requires selection of the first- or second-place finisher in each of a designated number of contests. The permittee must obtain written approval from the Department concerning the scheduling of Place Pick (n) contests, the designation of one of the methods prescribed in subsection (H)(2), the distinctive name identifying the pool and the amount of any cap to be set on the carryover. Any changes to the approved Place Pick (n) format require prior approval from the Department.
2. The Place Pick (n) pool shall be apportioned under one of the following methods:
 - a. *Method 1, Place Pick (n) with Carryover:* The net Place Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first- or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests; and the remainder shall be added to the carryover.
 - b. *Method 2, Place Pick (n) with Minor Pool and Carryover:* The major share of the net Place Pick (n)

- pool and the carryover, if any, shall be distributed to those who selected the first- or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- or second-place finisher of all Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests; and the major share shall be added to the carryover.
- c. *Method 3, Place (n) Pick with No Minor Pool and No Carryover:* The net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no major winning wagers, the pool is refunded.
 - d. *Method 4, Place Pick (n) with Minor Pool and No Carryover:* The major share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- or second-place finisher in a second greatest number of Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests. If the greatest number of first- or second-place finishers selected is 1, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.
 - e. *Method 5, Place Pick (n) with Minor Pool and No Carryover:* The major share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- or second-place finisher in all Place Pick (n) contests, the entire net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests. If there are no wagers selecting the first or second-place finisher in a second greatest number of Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first- or second-place finisher in each of the Place Pick (n) contests. If there are no winning wagers, the pool is refunded.
3. If there is a dead heat for first in any of the Place Pick (n) contests involving:
 - a. Contestants representing the same betting interest, the Place Pick (n) pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including each betting interest participating in the dead heat.
 4. If there is a dead heat for second in any of the Place Pick (n) contests involving:
 - a. Contestants representing the same betting interest, the Place Pick (n) pool shall be distributed as if no dead heat occurred.
 - b. Contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in a dead heat for second.
 5. Should a betting interest in any Place Pick (n) contest be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.
 6. The Place Pick (n) pool shall be cancelled and all Place Pick (n) wagers for the individual performance shall be refunded if:
 - a. At least two contests included as part of a Place Pick 3 are cancelled or declared "no contest."
 - b. At least three contests included as part of a Place Pick 4, Place Pick 5, or Place Pick 6 are cancelled or declared "no contest."
 - c. At least four contests included as part of a Place Pick 7, Place Pick 8, or Place Pick 9 are cancelled or declared "no contest."
 - d. At least five contests included as part of a Place Pick 10 are cancelled or declared "no contest."
 7. If at least one contest included as part of a Place Pick (n) is cancelled or declared "no contest," but not more than the number specified in subsection (H)(6) of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Place Pick (n) carryover but not the carryover from previous performances.
 8. The Place Pick (n) carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Place Pick (n) carryover equals or exceeds the designated cap, the Place Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Place Pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the Place Pick (n) carryover, shall be distributed to those whose selection finished first or second in the greatest number of Place Pick (n) contests for that performance.

9. A written request for permission to distribute the Place Pick (n) carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
 10. Should the Place Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first- or second-place finisher in each of the Place Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pick (n) contests. The Place Pick (n) carryover shall be designated for distribution on a specified date and performance under any of the following circumstances:
 - a. Upon written approval from the Department as provided in subsection (H)(9) of this rule.
 - b. Upon written approval from the Department when there is a change in the carryover cap, a change from one type of Place Pick (n) wagering to another, or when the Place Pick (n) is discontinued.
 - c. On the closing performance of the meet or split meet.
 11. If, for any reason, the Place Pick (n) carryover must be held over to the corresponding Place Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Place Pick (n) carryover plus accrued interest shall then be added to the net Place Pick (n) pool of the following meet on a date and performance so designated by the Department.
 12. With the written approval of the Department, the permittee may contribute to the Place Pick (n) carryover a sum of money up to the amount of any designated cap.
 13. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
 14. The permittee may suspend previously approved Place Pick (n) wagering with the prior approval of the Department. Any carryover shall be held until the suspended Place Pick (n) wagering is reinstated. A permittee may request approval of a Place Pick (n) wager or separate wagering pool for specific performances.
- d. As a single price pool to those whose combination included the one covered betting interest included within the first two finishers; but if there are no such wagers, then
 - e. The entire pool shall be refunded on Quinella wagers for that contest.

 - a. Contestants representing the same betting interest, the Quinella pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish.
 - b. Contestants representing two betting interests, the Quinella pool shall be distributed as if no dead heat occurred.
 - c. Contestants representing three or more betting interests, the Quinella pool shall be distributed as a profit split.
 4. If there is a dead heat for second involving contestants representing the same betting interest, the Quinella pool shall be distributed as if no dead heat occurred.
 5. If there is a dead heat for second involving contestants representing two or more betting interests, the Quinella pool shall be distributed to wagers in the following precedence, based upon the official order of finish:
 - a. As a profit split to those combining the winner with any of the betting interests involved in the dead heat for second, but if there is only one covered combination, then
 - b. As a single price pool to those combining the winner with the one covered betting interest involved in the dead heat for second; but if there are no such wagers, then
 - c. As a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers, then
 - d. As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then
 - e. The entire pool shall be refunded on Quinella wagers for that contest.

2. The net Quinella Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. If a coupled entry or mutuel field finishes as the first two contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest, as well as the first two finishers in the alternate Quinella Double contest; otherwise
 - b. As a single price pool to those who selected the first two finishers in each of the two Quinella Double contests; but if there are no such wagers, then
 - c. As a profit split to those who selected the first two finishers in either of the two Quinella Double contests; but if there are no such wagers on one of those contests, then

- e. The entire pool shall be refunded on Quinella Double wagers for those contests.

Should a betting interest in the second half of the Quinella Double be scratched after the close of wagering on the first Quinella Double contest, all wagers combining the winning combination in the first contest with a combination including the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff, the net Quinella Double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payoff. Breakage is not utilized in this calculation. The consolation payoff is deducted from the net Quinella Double pool before calculation and distribution of the winning Quinella Double payoff. In the event of a dead heat involving separate betting interests, the net Quinella Double pool shall be distributed as a profit split.
- 9. If either of the Quinella Double contests is cancelled prior to the first Quinella Double contest, or the first Quinella Double contest is declared "no contest," the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.

Quinella Double contest, the net Quinella Double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first Quinella Double contest. O. Twin Trifecta Pools

1. The Twin Trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Trifecta contest must be exchanged for a free ticket on the second Twin Trifecta contest in order to remain eligible for the second-half Twin Trifecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Twin Trifecta contest. Winning first-half Twin Trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated Twin Trifecta contests shall be included in only one Twin Trifecta pool.
2. After wagering closes for the first half of the Twin Trifecta and commissions have been deducted from the pool, the net pool shall then be divided into separate pools: the first-half Twin Trifecta pool and the second-half Twin Trifecta pool.
3. In the first Twin Trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Trifecta contest:
 - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - d. The entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second half shall be cancelled.
4. If no first-half Twin Trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Trifecta pool. In such case, the second-half Twin Trifecta pool shall be retained and added to any existing Twin Trifecta carryover pool.
5. Winning tickets from the first half of the Twin Trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the Twin Trifecta. The second-half Twin Trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Trifecta contest:
 - a. As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first three betting interests; but if there are no such tickets, then
 - b. The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Trifecta pool of the next consecutive performance.
6. If a winning first-half Twin Trifecta ticket is not presented for cashing and exchange prior to the second-half Twin Trifecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Trifecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.
7. Should a betting interest in the first half of the Twin Trifecta be scratched, those Twin Trifecta wagers including the scratched betting interest shall be refunded.
8. Should a betting interest in the second-half of the Twin Trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Trifecta contest, the ticket holder forfeits all rights to the second-half Twin Trifecta pool.
9. If, due to a late scratch, the number of betting interests in the second half of the Twin Trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Twin Trifecta pool for that contest as a single price pool, but not the Twin-Trifecta carryover.
10. If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Trifecta, all Twin Trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:
 - a. The first half of the Twin Trifecta, the payoff shall be calculated as a profit split.
 - b. The second half of the Twin Trifecta, the payoff shall be calculated as a single price pool.
11. If either of the Twin Trifecta contests are cancelled prior to the first Twin Trifecta contest, or the first Twin Trifecta contest is declared "no contest," the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second half shall be cancelled.
12. If the second-half Twin Trifecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first-half winning Twin Trifecta tickets shall be entitled to the net Twin Trifecta pool for that contest as a single price pool, but not Twin-Trifecta carryover. If there are no such tickets, the net Twin Trifecta pool shall be distributed as described in subsection (O)(3) of the Twin Trifecta rules.
13. The Twin-Trifecta carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Twin-Trifecta carryover equals or exceeds the designated cap, the Twin-Trifecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the Twin Trifecta carryover is frozen, 100% of the net Twin Trifecta pool for each individual contest shall be distributed to carryover winners of the first half of the Twin Trifecta pool.
14. A written request for permission to distribute the Twin-Trifecta carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
15. Should the Twin-Trifecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the Twin Trifecta after completion of the first half of the Twin Trifecta:
 - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then

- b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - d. As a single price pool to holders of valid exchange tickets.
 - e. As a single price pool to holders of outstanding first-half winning tickets.
 16. Contrary to subsection (O)(4) of the Twin Trifecta rules, during a performance designated to distribute the Twin-Trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the Twin Trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Twin Trifecta, all first-half tickets will become winners and will receive 100% of that day's net Twin Trifecta pool and any existing Twin-Trifecta carryover as a single price pool.
 17. The Twin-Trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
 - a. Upon written approval from the Department as provided in subsection (O)(15) of the Twin Trifecta rules.
 - b. Upon written approval from the Department when there is a change in the carryover cap or when the Twin Trifecta is discontinued.
 - c. On the closing performance of the meet or split meet.
 18. If, for any reason, the Twin-Trifecta carryover must be held over to the corresponding Twin Trifecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Twin-Trifecta carryover plus accrued interest shall then be added to the second-half Twin Trifecta pool of the following meet on a date and performance so designated by the Department.
 19. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and parimutuel department employees for processing of pool data.
 20. The permittee must obtain written approval from the Department concerning the scheduling of Twin Trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Trifecta format require prior approval from the Department.
- P. Tri-Superfecta Pools**
1. The Tri-Superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first Tri-Superfecta contest must be exchanged for a free ticket on the second Tri-Superfecta contest in order to remain eligible for the second-half Tri-Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Tri-Superfecta contest. Winning first-half Tri-Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Tri-Superfecta contests shall be included in only one Tri-Superfecta pool.
 2. After wagering closes for the first-half of the Tri-Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half Tri-Superfecta pool and the second-half Tri-Superfecta pool.
 3. In the first Tri-Superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first Tri-Superfecta contest:
 - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - d. The entire Tri-Superfecta pool shall be refunded on Tri-Superfecta for that contest and the second half shall be cancelled.
 4. If no first-half Tri-Superfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Tri-Superfecta pool. In such case, the second-half Tri-Superfecta pool shall be retained and added to any existing Tri-Superfecta carryover pool.
 5. Winning tickets from the first half of the Tri-Superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the Tri-Superfecta. The second-half Tri-Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Tri-Superfecta contest:
 - a. As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets, then
 - b. The entire second-half Tri-Superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Tri-Superfecta pool of the next performance.
 6. If a winning first-half Tri-Superfecta ticket is not presented for cashing and exchange prior to the second-half Tri-Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Tri-Superfecta pool but forfeits all rights to any distribution of the second-half Tri-Superfecta pool.
 7. Coupled entries and mutuel fields shall be prohibited in Tri-Superfecta contests.
 8. Should a betting interest in the first-half of the Tri-Superfecta be scratched, those Tri-Superfecta tickets including the scratched betting interest shall be refunded.
 9. Should a betting interest in the second-half of the Tri-Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include

- the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Tri-Superfecta contest, the ticket holder forfeits all rights to the second-half Tri-Superfecta pool.
10. If, due to a late scratch, the number of betting interests in the second-half of the Tri-Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover.
 11. If there is a dead heat or multiple dead heats in either the first or second half of the Tri-Superfecta, all Tri-Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in
 - a. The first-half of the Tri-Superfecta, the payoff shall be calculated as a profit split.
 - b. The second-half of the Tri-Superfecta, the payoff shall be calculated as a single price pool.
 12. If either of the Tri-Superfecta contests are cancelled prior to the first Tri-Superfecta contest, or the first Tri-Superfecta contest is declared "no contest," the entire Tri-Superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second half shall be cancelled.
 13. If the second-half Tri-Superfecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first-half winning Tri-Superfecta tickets shall be entitled to the net Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover. If no there are no such tickets, the net Tri-Superfecta pool shall be distributed as described in subsection (P)(3) of the Tri-Superfecta rules.
 14. The Tri-Superfecta carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Tri-Superfecta carryover equals or exceeds the designated cap, the Tri-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Tri-Superfecta carryover is frozen, 100% of the net Tri-Superfecta pool for each individual contest shall be distributed to winners of the first-half of the Tri-Superfecta pool.
 15. A written request for permission to distribute the Tri-Superfecta carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
 16. Should the Tri-Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the Tri-Superfecta after completion of the first half of the Tri-Superfecta:
 - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - d. As a single price pool to those whose combination included, in correct sequence, the first-place betting interest only; but if there are no such wagers, then
 - e. As a single price pool to holders of valid exchange tickets.
 - f. As a single price pool to holders of outstanding first-half winning tickets.
 17. Contrary to subsection (P)(4) of the Tri-Superfecta rules, during a performance designated to distribute the Tri-Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Tri-Superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Tri-Superfecta, all first-half tickets will become winners and will receive 100% of that day's net Tri-Superfecta pool and any existing Tri-Superfecta carryover as a single price pool.
 18. The Tri-Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
 - a. Upon written approval from the Department as provided in subsection (P)(15) of the Tri-Superfecta rules.
 - b. Upon written approval from the Department when there is a change in the carryover cap or when the Tri-Superfecta is discontinued.
 - c. On the closing performance of the meet or split meet.
 19. If, for any reason, the Tri-Superfecta carryover must be held over to the corresponding Tri-Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Tri-Superfecta carryover plus accrued interest shall then be added to the second-half Tri-Superfecta pool of the following meet on a date and performance so designated by the Department.
 20. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
 21. The permittee must obtain written approval from the Department concerning the scheduling of Tri-Superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Tri-Superfecta format require prior approval from the Department.
- Q. Twin Superfecta Pools**
1. The Twin Superfecta requires selection of the first four finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Superfecta contest must be exchanged for a free ticket on the second Twin Superfecta contest in order to remain eligible for the second-half Twin Superfecta pool. Such tickets

- may be exchanged only at attended ticket windows prior to the second Twin Superfecta contest. Winning first-half Twin Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Twin Superfecta contests shall be included in only one Twin Superfecta pool.
2. After wagering closes for the first half of the Twin Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half Twin Superfecta pool and the second-half Twin Superfecta pool.
 3. In the first Twin Superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Superfecta contest:
 - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - d. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - e. The entire Twin Superfecta pool shall be refunded on Twin Superfecta wagers for that contest and the second half shall be cancelled.
 4. If no first-half Twin Superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Superfecta pool. In such case, the second-half Twin Superfecta pool shall be retained and added to any existing Twin Superfecta carryover pool.
 5. Winning tickets from the first half of the Twin Superfecta shall be exchanged for tickets selecting the first four finishers of the second half of the Twin Superfecta. The second-half Twin Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Superfecta contest:
 - a. As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first four betting interests; but if there are no such tickets, then
 - b. The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Superfecta pool of the next performance.
 6. If a winning first-half Twin Superfecta ticket is not presented for cashing and exchange prior to the second-half Twin Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Superfecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.
 7. Coupled entries and mutuel fields shall be prohibited in Twin Superfecta contests.
 8. Should a betting interest in the first half of the Twin Superfecta be scratched, those Twin Superfecta tickets including the scratched betting interest shall be refunded.
 9. Should a betting interest in the second half of the Twin Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Superfecta contest, the ticket holder forfeits all rights to the second-half Twin Superfecta pool.
 10. If, due to a late scratch, the number of betting interests in the second-half of the Twin Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Twin Superfecta pool for that contest as a single price pool but not the Twin Superfecta carryover.
 11. If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Superfecta, all Twin Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:
 - a. The first half of the Twin Superfecta, the payoff shall be calculated as a profit split.
 - b. The second half of the Twin Superfecta, the payoff shall be calculated as a single price pool.
 12. If either of the Twin Superfecta contests is cancelled prior to the first Twin Superfecta contest, or the first Twin Superfecta contest is declared "no contest," the entire Twin Superfecta pool shall be refunded on Twin Superfecta wagers for that contest and the second half shall be cancelled.
 13. If the second-half Twin Superfecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first-half winning Twin Superfecta tickets shall be entitled to the net Twin Superfecta pool for that contest as a single price pool but not the Twin Superfecta carryover. If there are no such tickets, the net Twin Superfecta pool shall be distributed as described in subsection (Q)(3) of the Twin Superfecta rules.
 14. The Twin Superfecta carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Twin Superfecta carryover equals or exceeds the designated cap, the Twin Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Twin Superfecta carryover is frozen, 100% of the net Twin Superfecta pool for each individual contest shall be distributed to winners of the first half of the Twin Superfecta pool.
 15. A written request for permission to distribute the Twin Superfecta carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
 16. Should the Twin Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the Twin Superfecta after completion of the first half of the Twin Superfecta:
 - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then

- d. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - e. As a single price pool to holders of valid exchange tickets.
 - f. As a single price pool to holders of outstanding first-half winning tickets.
17. Contrary to subsection (Q)(4) of the Twin Superfecta rules, during a performance designated to distribute the Twin Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-, second-, and third-place betting interests. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Twin Superfecta, all first-half tickets will become winners and will receive 100% of that day's net Twin Superfecta pool and any existing Twin Superfecta carryover as a single price pool.
 18. The Twin Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
 - a. Upon written approval from the Department as provided in subsection (Q)(15) of the Twin Superfecta rules.
 - b. Upon written approval from the Department when there is a change in the carryover cap or when the Twin Superfecta is discontinued.
 - c. On the closing performance of the meet or split meet.
 19. If, for any reason, the Twin Superfecta carryover must be held over to the corresponding Twin Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Twin Superfecta carryover plus accrued interest shall then be added to the second-half Twin Superfecta pool of the following meet on a date and performance so designated by the Department.
 20. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communications between totalisator and pari-mutuel department employees for processing of pool data.
 21. The permittee must obtain written approval from the Department concerning the scheduling of Twin Superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Superfecta format require prior approval from the Department.
- R. Grand Slam Pools**
1. The Grand Slam requires selection of the Exacta, Trifecta, and Superfecta, respectively, in three consecutive contests. Each winning ticket for the first Grand Slam contest must be exchanged for a free ticket on the second Grand Slam contest in order to remain eligible for the second contest share of the Grand Slam pool. Such tickets may be exchanged only at attended ticket windows prior to the second Grand Slam contest. Winning Grand Slam tickets on the first race shall receive both an exchange and a monetary payoff. Each winning ticket for the second Grand Slam contest must be exchanged for a free ticket on the third Grand Slam Contest in order to remain eligible for the third contest share of the Grand Slam pool. Such tickets must be exchanged only at attended ticket windows prior to the third Grand Slam contest. Winning tickets on the second race shall receive both an exchange and a monetary payoff. The three designated Grand Slam contests shall be included in only one Grand Slam pool.
 2. After wagering closes for the first contest of the Grand Slam and commissions have been deducted from the pool, the net pool shall be divided into three separate pools: the first contest pool (25%), the second contest pool (25%), and the third contest pool (50%).
 3. In the first Grand Slam contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Grand Slam contest:
 - a. If contestants of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise
 - b. As a single price pool to those whose combination finished in correct sequence as the first two betting interests; but if there are no such wagers, then
 - c. As a profit split to those whose combination included either the first-place betting interest to finish first or the second-place betting interest to finish second; but if there are no such wagers on one of those two finishers, then
 - d. As a single price pool to those whose combination included the one covered betting interest to finish first or second.
 4. Winning tickets from the first contest of the Grand Slam shall be exchanged for tickets selecting the first three finishers of the second contest of the Grand Slam. The second contest pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Grand Slam contest:
 - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
 - b. The entire pool for the second and third contests shall be added to any existing carryover monies and retained for the third contest pool of the next performance.
 5. Winning tickets for the second contest of the Grand Slam shall be exchanged for tickets selecting the first four finishers of the third contest of the Grand Slam. The third contest pool and any existing carryover monies shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the third Grand Slam contest:
 - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

- b. The entire pool for the third contest shall be added to any existing carryover monies and retained for the corresponding third contest pool of the next performance.
6. If a winning Grand Slam ticket is not presented for cashing and exchange prior to the next Grand Slam contest, the ticket holder may still collect the monetary value associated with the corresponding pool but forfeits all rights to any distribution of subsequent Grand Slam pools.
7. Coupled entries and mutuel fields shall be prohibited in the second and third races of the Grand Slam.
8. Should a betting interest in the first contest of the Grand Slam be scratched, those Grand Slam wagers including the scratched betting interest shall be refunded.
9. Should a betting interest in the second or third contests of the Grand Slam be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the corresponding contest, the ticket holder forfeits all rights to the remainder of the Grand Slam pool.
10. If there is a dead heat or multiple dead heats in any of the contests of the Grand Slam, all Grand Slam wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be winners. Contrary to the usual practice, the aggregate number of winning tickets shall be divided into the net pool and paid the same price.
11. If any of the Grand Slam contests are cancelled prior to the first Grand Slam contest, or the first Grand Slam contest is declared "no contest," the entire Grand Slam pool shall be refunded on Grand Slam wagers for that contest and the remaining Grand Slam contests shall be cancelled. Any existing carryover monies pursuant to subsections (R)(4) and (5) of this rule shall carryover to the next consecutive racing program of that meeting.
12. If the second contest of the Grand Slam is canceled or declared "no contest," or if less than three contestants finish, the second contest pool of the Grand Slam shall be distributed equally among holders of second contest Grand Slam exchange tickets, and the third-contest pool of the Grand Slam shall carryover to the third-contest pool of the next performance.
13. If the third contest of the Grand Slam is canceled or declared "no contest" before the second contest has been made official but after the first contest (pursuant to subsection (R)(11) of this rule), that racing day's third-contest pool shall be distributed equally among holders of second-contest Grand Slam exchange tickets. If the third contest of the Grand Slam is cancelled or declared "no contest" after the second contest has been made official, that racing day's third contest shall be distributed equally among holders of the third-contest Grand Slam exchange tickets. In such instance, no carryover pool would be generated from that racing day.
14. If no distribution is made pursuant to subsection (R)(5)(a) of this rule, on the last day of the race meeting the permittee shall distribute the third-race pool and any existing carryover monies equally among the holders of exchange tickets selecting the finishing contestants in the third race. The net pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - d. As a single price pool to all holders of third-race tickets.
15. If there were no winning wagers in the second race of the Grand Slam on the last day of the race meeting, the permittee shall distribute the second-race pool and any existing carryover monies equally among the holders of exchange tickets selecting the finishing contestants in the second race. The net pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
 - a. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
 - b. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
 - c. As a single price pool to all holders of second-race tickets.
16. If there were no winning wagers in the first race of the Grand Slam on the last day of the race meeting, the permittee shall distribute the first-race pool and any existing carryover monies as a profit split to the holders of tickets selecting either the first-place finisher to finish first or the second-place finisher to finish second. If there were still no winning wagers in the first race of the Grand Slam, such monies shall be distributed to all ticket holders.
17. Grand Slam tickets shall be issued in multiples of \$1.00.

In this Chapter, unless otherwise specified:

1. "Active management" means directing a licensee's activities by a responsible individual, who:

- a. Is knowledgeable about the licensee's Arizona activities;
 - b. Supervises compliance with:
 - i. The laws enforced by the Department of Financial Institutions as they relate to the licensee, and
 - ii. Other applicable laws and rules; and
 - c. Has sufficient authority to ensure compliance.
2. "Affiliate" has the meaning stated at A.R.S. § 6-901.
 3. "Attorney General" means the Attorney General or an assistant Attorney General of the state of Arizona.
 4. "Branch office" means any location within or outside Arizona, including a personal residence, but not including a licensee's principal place of business in Arizona, where the licensee holds out to the public that the licensee acts as a licensee.
 5. "Business of a savings and loan association or savings bank" means receiving money on deposit subject to payment by check or any other form of order or request or on presentation of a certificate of deposit or other evidence of debt.
 6. "Compensation" means, in applying that term's definition in A.R.S. §§ 6-901, 6-941, and 6-971, anything received in advance, after repayment, or at any time during a loan's life. This subsection expressly excludes the following items from those definitions of compensation:
 - a. Charges or fees customarily received after a loan's closing including prepayment penalties, termination fees, reinvestment fees, late fees, default interest, transfer fees, impound account interest and fees, extension fees, and modification fees. However, extension fees and modification fees are compensation if the lender advances additional funds or increases the credit limit on an open-end mortgage as part of the extension or modification;
 - b. Out-of-pocket expenses paid to independent third parties including appraisal fees, credit report fees, legal fees, document preparation fees, title insurance premiums, recording, filing, and statutory fees, collection fees, servicing fees, escrow fees, and trustee's fees;
 - c. Insurance commissions;
 - d. Contingent or additional interest, including interest based on net operating income; or
 - e. Equity participation.
 7. "Commercial finance transaction," as that term is used in this Section's definitions of the terms "Engaged in the business of making mortgage loans" and "Engaged in the business of making mortgage loans or mortgage banking loans," means a loan made primarily for other than personal, family, or household purposes.
 8. "Control of a licensee," as used in A.R.S. §§ 6-903, 6-944, or 6-978, does not include acquiring additional fractional equity interests in a licensee by any person who already has the power to vote 51% or more of the licensee's outstanding voting equity interests.
 9. "Correspondent contract," as that term is used in A.R.S. §§ 6-941, 6-943, 6-971, or 6-973, means an agreement between a lender and a funding source under which the funding source may fund, or is required to fund, loans originated by the lender.
 10. "Cushion," as that term is used in R20-4-1811 or R20-4-1908, means funds that a servicer or lender may require a borrower to pay into an escrow or impound account before the borrower's periodic payments are available in the account to cover unanticipated disbursements.

11. "Directly or indirectly makes, negotiates, or offers to make or negotiate" and "Directly or indirectly making, negotiating, or offering to make or negotiate," as those phrases are used in A.R.S. §§ 6-901, 6-941, or 6-971, mean:
 - a. Providing consulting or advisory services in connection with a mortgage loan transaction, mortgage banking loan transaction, or commercial mortgage loan transaction;

 - iv. Modifying, renewing, or replacing a mortgage loan, a mortgage banking loan, or a commercial mortgage loan already funded, if the parties to and security for the loan are the same as the original loan immediately before the modification, renewal, or replacement, and if no additional funds are advanced and no increase is made in the credit limit on an open-ended loan. Replacing a loan means making a new loan simultaneously with terminating an existing loan.
12. "Electronic record" has the meaning stated at A.R.S. § 44-7002(7).
13. "Employee" means a natural person who has an employment relationship with a licensee that is acknowledged by both the person and the licensee, and:

Each loan counts only once as of its closing date. A person is not "engaged in the business of making mortgage loans or mortgage banking loans" if the person makes loans solely in commercial finance transactions in which no more than 35% of the aggregate value of all security taken by the investor on the closing date is a lien, or liens, on real property.
15. "Exclusive contract," as that term is used in A.R.S. §§ 6-912 and 6-991.02, means a written agreement in which a loan originator agrees to perform services as a loan originator subject to supervision and control by a person holding a certificate of exemption issued under A.R.S. § 6-912 on an exclusive basis. The agreement provides that the loan originator is expressly prohibited from performing loan origination or modification services for any other person during the time the agreement is in effect.

- R20-4-105. Claims Against a Deposit in Place of Bond**
- A. As used in this Section:
 1. "Deposit" means cash or alternatives to cash deposited by a licensee with the Superintendent in place of a bond.
 2. "Depositor" means licensee or an employee of the licensee who makes a deposit with the Superintendent.

3. "Verified claim" means a claim filed with the Superintendent under subsection (B).
 4. "Award" means an amount of money granted under subsection (F).
- B.** A person may file a claim against a deposit by delivering documentation of the claim to the Superintendent. The claim shall be based on a final judgment in favor of the claimant, entered by a court of competent jurisdiction. To support a claim, the judgment shall be:
1. Against a depositor;
 2. For injury caused by the depositor's wrongful act, default, fraud, or misrepresentation committed in the course of the depositor's licensed business activity; and
 3. Documented by:
 - a. A certified copy of the complaint in the action;
 - b. A certified copy of the judgment in the action;
 - c. A statement that execution of the judgment has not been stayed, or an explanation of the terms and reason for any stay;
 - d. A statement of any amounts recovered on the judgment; and
 - e. A sworn and notarized statement that the claim is true and correct to the best of the claimant's knowledge and belief.
- C.** A claimant shall file a claim with the Superintendent, and all required supporting documentation, not more than six months after entry of the judgment asserted in the claim. However, if execution of the asserted judgment is stayed during the first six months after its entry, the claimant may file a verified claim only during the six months after the stay is lifted. The Department shall process a timely-filed verified claim as a request for hearing under R20-4-1208.
- D.** The claimant shall notify the depositor of the filing of a verified claim under this Section, and make the depositor a party to all proceedings on the claim. To do so, the claimant shall send the depositor a copy of all documents filed under subsection (B). The claimant shall make this delivery no more than 10 days after the original filing with the Superintendent under subsection (B). The Department considers a proceeding on a verified claim to be a contested case, governed by the provisions of 20 A.A.C. 4, Article 12.
- E.** The Superintendent shall, after a hearing, deny a verified claim if the hearing produces evidence of any of the following circumstances:
1. The judgment is not for an injury caused by the depositor and described in subsection (B)(2);
 2. The judgment was awarded by default, stipulation, or consent, and no showing is made in the hearing of an injury caused by the depositor and described in subsection (B)(2);
 3. The judgment's execution has been stayed for any reason;
 4. The judgment was procured through fraud or collusion;
 5. The judgment has been satisfied from other sources; or
 6. The action that produced the judgment was barred by the applicable statute of limitations at the time it was commenced.
- F.** If the Superintendent grants a verified claim, the Superintendent shall do so in the amount of the compensatory damages awarded against the depositor in the judgment, exclusive of:
1. Attorney's fees, and
 2. Amounts previously paid on the judgment.
- G.** A person injured by a depositor shall give the Superintendent written notice at the time of filing a civil action if the claims alleged could be made as a verified claim under this Section. The written notice shall include a statement of the amount of compensatory damages sought against the depositor. The injured person shall provide further information about the civil action to the Superintendent upon request.
- H.** If the Superintendent grants a verified claim under subsection (F), the Superintendent shall authorize the State Treasurer, in writing, to release the deposit to the claimant in the amount stated in subsection (F) if the Superintendent has not received notice of another pending civil action under subsection (G).
- I.** If given notice under subsection (G), the Superintendent shall determine whether the deposit is sufficient to satisfy all claims under subsection (F). The Superintendent shall determine award amounts for each claim of which the Superintendent has notice, and authorize payment, as follows:
1. If the deposit is sufficient to satisfy all claims under subsection (F), the Superintendent shall authorize its release as described in subsection (H).
 2. If the deposit is not sufficient to satisfy all claims under subsection (F), the Superintendent shall calculate the award on each claim as follows:
 - a. Each granted claim shall receive a pro rata share of the total deposit.
 - b. Each pro rata share shall be a dollar amount calculated by multiplying the total deposit by a fraction.
 - i. The numerator of the fraction is the amount of the Superintendent's award for the verified claim.
 - ii. The denominator of the fraction is the sum of the amount of the Superintendent's award for the verified claim plus the total compensatory damages sought in all other civil actions against the same depositor disclosed to the Superintendent under subsection (G).
 - c. The Superintendent shall authorize the State Treasurer to release the pro rata portion of the deposit calculated for each verified claim.
- J.** A depositor or former licensee may request return of its deposit if it substitutes a bond for the deposit, or if its license is surrendered, revoked, or expired, and if all statutory conditions for release of the deposit have been satisfied. The Superintendent shall not release any part of a deposit to a depositor or former licensee until the Superintendent determines whether there are any awards on verified claims unsatisfied because of an apportionment under subsection (I). The Superintendent shall use the deposit amount to pay any unsatisfied portion of those awards. If the deposit amount is not sufficient to pay in full all unsatisfied awards, the Superintendent shall pay the remaining amount of the deposit to claimants in the ratio their awards bear to the total of all awards granted against the deposit.
- K.** The court supervising a licensee in receivership may order the release of a deposit to persons injured by conduct described in subsection (B). In that event, the receiver shall deliver a certified copy of the court's order to the Superintendent. The copy may be uncertified if the receiver is the Superintendent or any other officer or agency of the state of Arizona. The Superintendent shall then authorize the State Treasurer, in writing, to release the deposit to the receiver. The receiver shall distribute the deposit as ordered by the receivership court, rather than under this Section.

Historical Note

Adopted effective August 16, 1991 (Supp. 91-3). R20-4-106 recodified from R4-4-106 (Supp. 95-1). Amended by final rulemaking at 8 A.A.R. 145, effective December 10, 2001 (Supp. 01-4).

R20-4-107. Licensing Time-frames

- A.** As used in this Section, "application" means a document specified or described in this Title, or in any statute enforced by the Department, requesting any permit, certificate, approval, registration, charter, or similar permission described in Table A, together with all supporting documentation required by statute or rule.
- B.** The time-frames in Table A apply solely to applications received by the Department after the effective date of this Section. Each overall time-frame consists of an administrative completeness review time-frame, and a substantive review time-frame. The administrative completeness review time-frame begins to run upon receipt of an application by the Department.
1. Within the administrative completeness review time-frame in Table A, the Department shall notify the applicant in writing whether the application is complete. If the application is incomplete, the notice shall specify the missing information or component.

2. An applicant whose application is incomplete shall supply the missing information within 60 days after the date of the notice. If an applicant shows good cause in writing before the expiration of the 60 day time limit, the Superintendent shall extend the period for administrative completion of an application. The administrative completeness review time-frame stops running on the postmark date of the Department's written notice of an incomplete application, and resumes when the Department receives a complete application. If the applicant fails to submit a complete application within the specified time limit, the Department shall reject the application and close the file. An applicant may reapply.
 3. The substantive review time-frame begins to run on the postmark date of the Department's written notice that the application is administratively complete.
 4. Within the overall time-frame set forth in Table A the Department shall send the applicant written notice of its decision to approve, conditionally approve, or deny a license, unless the time-frame is extended by mutual agreement under A.R.S. § 41-1075. If the Department denies an application, it shall provide written justification for the denial and a written explanation of the applicant's right to a hearing or appeal in the form required by A.R.S. § 41-1076.
 5. The Department shall calculate time limits prescribed in this Section under R2-19-107.
- C.** The time-frames in this Section apply solely to actions taken by the Department. Nothing in this Section relieves a licensee or applicant of a duty to fulfill any other legal or regulatory requirement that is a condition of its power and authority to engage in business.

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 8 A.A.R. 145, effective December 10, 2001 (Supp. 01-4).
