### **ARTICLE 5. GENERAL PROVISIONS AND STANDARDS**

#### **R9-22-501. General Provisions and Standards – Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:

“Quality management” means a process used by professional health personnel through a formal program involving multiple organizational components and committees to:

Assess the degree to which services provided conform to desired medical standards and practices; and

Quality improvement or maintenance of care and services.

“Quality Improvement” means a process designed to achieve, through ongoing measurements and intervention, significant improvement that is sustained over time, in the areas of clinical care and non-clinical care and is expected to have a favorable effect on health outcomes and member satisfaction. Quality Improvement includes focusing organizational efforts on improving performance and utilizing data to develop intervention strategies to improve performance and outcomes.

“Utilization management/review” means a methodology used by professional health personnel to assess the medical indications, appropriateness, and efficiency of care provided. Utilization management applies to a contractor’s process to evaluate and approve or deny the medical necessity, appropriateness, efficacy and efficiency of health care services, procedures, or settings. Utilization review includes processes for prior authorization, concurrent review, retrospective review, and case management.

#### R9-22-504. Marketing; Prohibition Against Inducements; Misrepresentations; Discrimination; Sanctions

A. A contractor or the contractor's marketing representative shall not offer or give any form of compensation or reward, or engage in any behavior or activity that may be reasonably construed as coercive, to induce or procure AHCCCS enrollment with the contractor. Any marketing solicitation offering a benefit, good, or service in excess of the covered services in Article 2 is deemed an inducement.

B. A marketing representative shall not misrepresent itself, the contracting health plan represented, or the AHCCCS program, through false advertising, false statements, or in any other manner to induce a member of another contractor to enroll in the represented health plan. Violations of this subsection include, but are not limited to, false or misleading claims, inferences, or representations such as:

1. A member will lose benefits under the AHCCCS program or lose any other health or welfare benefits to which a member is legally entitled, if the member does not enroll in the represented contracting health plan;
2. Marketing representatives are employees of the state or representatives of the Administration, a county, or any health plan other than the health plan by which they are employed, or by which they are reimbursed; and
3. The represented health plan is recommended or endorsed as superior to its competition by any state or county agency, or any organization, unless the organization has certified its endorsement in writing to the health plan and the Administration.

C. A marketing representative shall not engage in any marketing or pre-enrollment practice that discriminates against a member because of race, creed, age, color, sex, religion, national origin, ancestry, marital status, sexual preference, physical or mental disability, or health status.

D. The Administration shall hold a contractor responsible for a violation of this Section resulting from the performance of any marketing representative, subcontractor, agent, program, or process under the contractor's employ or direction and shall impose contract sanctions on the contractor as specified in contract.

E. A contractor shall produce and distribute informational materials that are approved by the Administration to each enrolled member or designated representative after the contractor receives notification of enrollment from the Administration. The contractor shall ensure that the informational materials include, at a minimum:

1. A description of all covered services as specified in contract;
2. An explanation of service limitations and exclusions;
3. An explanation of the procedure for obtaining services;
4. An explanation of the procedure for obtaining emergency services;
5. An explanation of the procedure for filing a grievance and appeal; and
6. An explanation of when plan changes may occur as specified in contract.

**R9-22-509. Transition and Coordination of Member Care**

- A. A contractor shall assist in the transition of members to and from other AHCCCS contractors.
  1. Both the receiving and relinquishing contractor shall:
    - a. Coordinate with the other contractor to facilitate and schedule appointments for medically necessary services for the transitioned member within the Administration’s timelines specified in the contract. If requested by the Administration, a contractor shall submit the policies and procedures regarding transition of members to the Administration for review and approval;
    - b. Assist in the referral of transitioned members to other community health agencies or county medical assistance programs for medically necessary services not covered by the Administration, as appropriate; and
    - c. Develop policies and procedures to be followed when transitioning members who have significant medical conditions; are receiving ongoing services; or have, at the time of the transition, received prior authorization or approval for undelivered, specific services.
  2. The relinquishing contractor shall notify the receiving contractor of relevant information about the member’s medical condition and current treatment regimens within the timelines defined in contract;
  3. The relinquishing contractor shall forward medical records and other relevant materials to the receiving contractor. The relinquishing contractor shall bear the cost of reproducing and forwarding medical records and other relevant materials;
  4. Within the timelines specified in contract, the receiving contractor shall ensure that the member selects or is assigned to a primary care provider, and provide the member with:
    - a. Information regarding the contractor’s providers,
    - b. Emergency numbers, and
    - c. Instructions about how to obtain services.
- B. A contractor shall not use a county or noncontracting provider health resource alternative to diminish the contractor’s contractual responsibility or accountability for providing the full scope of covered services. The Administration may impose sanctions as described in contract if a contractor makes referrals to other agencies or programs to reduce expenses incurred by the contractor on behalf of its members.

#### **R9-22-512. Release of Safeguarded Information**

- A.** The Administration, contractors, providers, and noncontracting providers shall limit the release of safeguarded information to persons or agencies for the following purposes in accordance with 45 CFR 160 and 45 CFR 164, October 1, 2004, and 42 CFR 431.300 through 431.307, October 1, 2004, incorporated by reference, on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments:
1. Official purposes directly related to the administration of the AHCCCS program including:
    - a. Establishing eligibility and post-eligibility treatment of income, as applicable;
    - b. Determining the amount of medical assistance;
    - c. Providing services for members;
    - d. Performing evaluations and analysis of AHCCCS operations;
    - e. Filing liens on property as applicable;
    - f. Filing claims on estates, as applicable; and
    - g. Filing, negotiating, and settling medical liens and claims.
  2. Law enforcement. The Administration may release safeguarded information without the applicant's or member's

written or verbal consent, for the purpose of conducting or assisting an investigation, prosecution, or criminal or civil proceeding related to the administration of the AHCCCS program.

3. The Administration may release safeguarded member information to a review committee in accordance with the provisions of A.R.S. § 36-2917, without the consent of the applicant or member.
- B.** Except as provided in subsection (A), the Administration, contractors, providers, and noncontracting providers shall disclose safeguarded information only to:
1. An applicant;
  2. A member;
  3. An unemancipated minor, with written permission of a parent, custodial relative, or designated representative, if:
    - a. An Administration employee, authorized representative, or responsible caseworker is present during the examination of the safeguarded information; or
    - b. After written notification to the provider, and at a reasonable time and place.
  4. Persons authorized by the applicant or member; or
  5. A court order or subpoena compliant with 45 CFR 164.512(e), October 1, 2004, incorporated by reference, on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments.
- C.** The Administration, contractors, providers, and noncontracting providers shall safeguard identifiable information, protected health information as specified in 45 CFR 160, and information obtained in the course of application for or re-determination of eligibility concerning an applicant or member, that includes, but is not limited to the following:
1. Name and address;
  2. Social Security number;
  3. Social and economic conditions or circumstances;
  4. Agency evaluation of personal information;
  5. Medical data and information concerning medical services received, including diagnosis and history of disease or disability;
  6. State Data Exchange (SDX) tapes, and other types of information received from outside sources for the purpose of verifying income eligibility and amount of medical assistance payments; and
  7. Any information received in connection with the identification of legally liable third-party resources.
- D.** The restriction upon disclosure of information in this Section does not apply to:
1. De-identified information as described by 45 CFR 164.514, October 1, 2004, incorporated by reference in subsection (A); or
  2. A disclosure, in response to a request for information, that complies with 45 CFR 160 and 45 CFR 164, October 1, 2004, and 42 CFR 431.300 through 431.307, October 1, 2004, incorporated by reference in subsection (A).
- E.** A provider shall furnish records requested by the Administration or a contractor to the Administration or the contractor at no charge.

- B.** In addition to any requirements specified in contract, a contractor shall:
  1. Submit to the Administration a written QM/UM plan that includes a description of the systems, methodologies, protocols, and procedures to be used in:
    - a. Monitoring and evaluating the types of services provided,
    - b. Identifying the numbers and costs of services provided,
    - c. Assessing and improving the quality and appropriateness of care and services,
    - d. Evaluating the outcome of care provided to members, and
    - e. Determining the actions necessary to improve service delivery;
  2. Submit the QM/UM plan to the Administration on an annual basis within timelines specified in contract. If the QM/UM plan is changed during the year, the contractor shall submit the revised plan to the Administration before implementation;
  3. Receive approval from the Administration before implementing the initial or revised QM/UM plan;
  4. Ensure that a QM/UM committee operates under the control of the contractor's medical director and includes representation from medical and executive management personnel. The committee shall:
    - a. Oversee the development, revision, and implementation of the QM/UM plan; and
    - b. Ensure that there are qualified QM/UM personnel and sufficient resources to implement the contractor's QM/UM activities; and
  5. Ensure that the QM/UM activities include at least:
    - a. Prior authorization for non-emergency or scheduled hospital admissions;
    - b. Concurrent review of inpatient hospitalization;
    - c. Retrospective review of hospital claims;
    - d. Program and provider audits designed to detect over- or under-utilization, service delivery effectiveness, and outcome;
    - e. Medical records audits;
    - f. Surveys to determine satisfaction of members;
    - g. Assessment of the adequacy and qualifications of the contractor's provider network;
    - h. Review and analysis of QM/UM data;
    - i. Measurement of performance using objective quality indicators;
    - j. Ensuring individual and systemic quality of care;
    - k. Integrating quality throughout the organization;
    - l. Process improvement;
    - m. Credentialing a provider network;
    - n. Resolving quality of care grievances; and
    - o. Quality improvement activities focused on improving the quality of care and the efficient, cost-effective delivery and utilization of services.

- C.** A member's primary care provider shall maintain medical records that:
  1. Conform to professional medical standards and practices for documentation of medical diagnostic and treatment data;
  2. Facilitate follow-up treatment; and
  3. Permit professional medical review and medical audit processes.
- D.** Within 30 days following termination of the contract between a subcontractor and a contractor, the subcontractor or the subcontractor's designee shall forward to the primary care provider medical records or copies of medical records of all members assigned to the subcontractor or for whom the subcontractor has provided services.

- E. The Administration shall monitor each contractor and the contractor's providers to ensure compliance with Administration QM/UM requirements and adherence to the contractor's QM/UM plan.

1. A contractor and the contractor's providers shall cooperate with the Administration in the performance of the Administration's QM/UM monitoring activities; and
2. A contractor and the contractor's providers shall develop and implement mechanisms for correcting deficiencies identified through the Administration's QM/UM monitoring.

### ARTICLE 6. RFP AND CONTRACT PROCESS

#### R9-22-601. General Provisions

- A. The Director has full operational authority to adopt rules for the RFP process and the award of contracts under A.R.S. § 36-2906.
- B. This Article applies to the award of contracts under A.R.S. §§ 36-2904 and 36-2906 to provide services under A.R.S. § 36-2907 and the expenditure of public monies by the Administration pertaining to covered services when the procurement so states. The Administration shall establish conflict-of-interest safeguards for officers and employees of this state with responsibilities relating to contracts that comply with 42 U.S.C. 1396u-2(d)(3).
- C. The Administration is exempt from the procurement code under A.R.S. § 41-2501.
- D. The Administration and contractors shall retain all contract records for five years under A.R.S. § 36-2903 and dispose of the records under A.R.S. § 41-2550.
- E. The following terms are defined as related to this Article: "Procurement file" means the official records file of the Director whether located in the Office of the Director or at the public procurement unit. The procurement file shall include in electronic or paper form a list of notified vendors, final solicitation, solicitation amendments, bids/offers, final proposal revisions, clarifications, and final evaluation report.

#### Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-601 adopted as an emergency

now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983 (Supp. 83-5). Adopted effective July 16, 1985 (Supp. 85-4). Amended effective December 13, 1993 (Supp. 93-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Amended by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

#### **R9-22-602. RFP**

##### **A. RFP content.** The Administration shall include the following items in any RFP under this Article:

1. Instructions and information to an offeror concerning the proposal submission including:
  - a. The deadline for submitting a proposal,
  - b. The address of the office at which a proposal is to be received,
  - c. The period during which the RFP remains open, and
  - d. Any special instructions and information;
2. The scope of covered services under Article 2 of this Chapter and A.R.S. §§ 36-2906 and 36-2907, covered populations, geographic coverage, service and performance requirements, and a delivery or performance schedule;
3. The contract terms and conditions, including bonding or other security requirements, if applicable;
4. The factors used to evaluate a proposal;
5. The location and method of obtaining documents that are incorporated by reference in the RFP;
6. A requirement that the offeror acknowledge receipt of all RFP amendments issued by the Administration;
7. The type of contract to be used and a copy of a proposed contract form or provisions;
8. The length of the contract service;
9. A requirement for cost or pricing data;
10. The minimum RFP requirements; and
11. A provision requiring an offeror to certify that a submitted proposal does not involve collusion or other anti-competitive practices.

##### **B. Proposal process.**

1. After the deadline for submitting proposals, the Administration may open a proposal publicly and announce and record the name of the offeror. The Administration shall keep all other information contained in a proposal confidential. The Administration shall open a proposal for public inspection after contract award unless the Administration determines that disclosure is not in the best interest of the state.
2. The Administration shall evaluate a proposal based on the GSA and the evaluation factors listed in the RFP.
3. The Administration may initiate discussions with a responsive and responsible offeror to clarify and assure full understanding of an offeror's proposal. The Administration shall provide an offeror fair treatment with respect to discussion and revision of a proposal. The Administration shall not disclose information derived from a proposal submitted by a competing offeror.
4. The Administration shall allow for the adjustment of covered services by expansion, deletion, segregation, or combination in order to secure the most financially advantageous proposals for the state.
5. The Administration may conduct an investigation of a person or organization who has ownership or management interests in corporate offerors or affiliated corporate organizations of an offeror.

6. The Administration may issue a written request for best and final offers. The Administration shall state in the request the date, time, and place for the submission of best and final offers.
7. The Administration shall not request best and final offers more than once unless the Administration determines that it is advantageous to the state to request additional best and final offers. The Administration shall state in the written request for best and final offers that if the offeror does not submit a notice of withdrawal or a best and final offer, the Administration shall take the most recent offer as the offeror's best and final offer.

##### **C. Proposal rejection.**

1. The Administration may reject an offeror's proposal if the offeror fails to supply the information requested by the Administration.
2. The offeror shall not disclose information pertaining to its proposal to any other offeror prior to contract award. The offeror may disclose proposal information to a person other than another offeror if the recipient agrees to keep the information confidential until contract award. Disclosure in violation of this subsection may be grounds for rejecting a proposal.
3. The Administration shall provide written notification to an offeror whose proposal is rejected. The rejection notice shall be part of the contract file and a public record.
4. If the Administration determines that it is in the best interest of the state, the Administration may reject any and all proposals, in whole or in part, under the RFP. The reasons for rejection shall be part of the contract file. An offeror shall have no right to damages for any claims against the state, the state's employees, or agents if a proposal is rejected in whole or in part.

##### **D. Proposal cancellation.** If the Administration determines that it is in the best interest of the state, the Administration may cancel a RFP. The reasons for cancellation shall be part of the contract file. An offeror shall have no right to damages for any claims against the state, the state's employees, or agents if a RFP is cancelled.

#### **Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-602 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983 (Supp. 83-5). Adopted effective July 16, 1985 (Supp. 85-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

#### **R9-22-603. Contract Award**

The Administration shall award a contract to the responsible and responsive offeror whose proposal is determined most advantageous to the state under A.R.S. § 36-2906. If the Administration determines that multiple contracts are in the best interest of the state, the Administration may award multiple contracts. The contract file shall contain the basis on which the award is made.

#### **Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-603 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983

(Supp. 83-5). Adopted effective July 16, 1985 (Supp. 85-

4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999

(Supp. 99-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

#### **R9-22-604. Contract or Proposal Protests; Appeals**

- A.** Disputes related to contract performance. This Section does not apply to a dispute related to contract performance. A contract performance dispute is governed by 9 A.A.C. 34.
- B.** Resolution of a proposal protest. The procurement officer issuing a RFP shall have the authority to resolve proposal protests. An appeal from the decision of the procurement officer shall be made to the Director.
- C.** Filing of a protest.
  1. A person may file a protest with the procurement officer regarding:
    - a. A RFP issued by the Administration,
    - b. A proposed award, or
    - c. An award of a contract.
  2. A protester shall submit a written protest and include the following information:
    - a. The name, address, and telephone number of the protester;
    - b. The signature of the protester or protester's representative;
    - c. Identification of a RFP or contract number;
    - d. A detailed statement of the legal and factual grounds of the protest including copies of any relevant documents; and
    - e. The relief requested.
- D.** Time for filing a protest.
  1. A protester filing a protest alleging improprieties in an RFP or an amendment to an RFP shall file the protest at least 14 days before the due date of receipt of proposals.
  2. Any protest alleging improprieties in an amendment issued 14 or fewer days before the due date of the proposal shall be filed before the due date for receipt of proposals.
  3. In cases other than those covered in subsections (D)(1) and (2), a protester shall file a protest no later than 10 days after the procurement officer makes the procurement file available for public inspection.
- E.** Stay of procurement during the protest. If a protester files a protest before the contract award, the procurement officer may issue a written stay of the contract award. In considering whether to issue a written stay of contract, the procurement officer shall consider but is not limited to considering whether:
  1. A reasonable probability exists that the protest will be sustained, and
  2. The stay of the contract award is in the best interest of the state.
- F.** Stay of contract award during an appeal to the Director. The Director shall automatically continue the stay of a contract award if:
  1. An appeal is filed before a contract award, and
  2. The procurement officer issues a stay of the contract award under subsection (E), unless
  3. The Director issues a written determination that the contract award is necessary to protect the best interest of the state.
- G.** Decision by the procurement officer.
  1. The procurement officer shall issue a written decision no later than 14 days after a protest has been filed. The decision shall contain an explanation of the basis of the decision.
2. The procurement officer shall furnish a copy of the decision to the protester by:
  - a. Certified mail, return receipt requested; or
  - b. Any other method that provides evidence of receipt.
3. The Administration may extend, for good cause, the time-limit for decisions in subsection (G)(1) for a time not to exceed 30 days. The procurement officer shall notify the protester in writing that the time for the issuance of a decision has been extended and the date by which a decision shall be issued.
4. If the procurement officer fails to issue a decision within the time-limits in subsection (G)(1) or (G)(3), the protester may proceed as if the procurement officer issued an adverse decision.
- H.** Remedies.
  1. If the procurement officer sustains the protest in whole or in part and determines that the RFP, proposed contract award, or contract award does not comply with applicable statutes and rules, the procurement officer shall order an appropriate remedy.
  2. In determining an appropriate remedy, the procurement officer shall consider all the circumstances of the procurement or proposed procurement, including:
    - a. Seriousness of the procurement deficiency,
    - b. Degree of prejudice to other interested parties or to the integrity of the RFP process,
    - c. Good faith of the parties,
    - d. Extent of performance,
    - e. Costs to the state, and
    - f. Urgency of the procurement.
    - g. Best interest of the state.
  3. An appropriate remedy may include one or more of the following:
    - a. Terminating the contract;
    - b. Reissuing the RFP;
    - c. Issuing a new RFP;
    - d. Awarding a contract consistent with statutes, rules, and the terms of the RFP; or
    - e. Any relief determined necessary to ensure compliance with applicable statutes and rules.
- I.** Appeals to the Director.
  1. A person may file an appeal of a procurement officer's decision with both the Director and the procurement officer no later than five days from the date the decision is received. The date the decision is received shall be determined under subsection (G)(2).
  2. The appeal shall contain:
    - a. The information required in subsection (C)(2),
    - b. A copy of the procurement officer's decision,
    - c. The alleged factual or legal error in the decision of the procurement officer on which the appeal to the Director is based, and
    - d. A request for hearing unless the person requests that the Director's decision be based solely upon the procurement file.
- J.** Dismissal. The Director shall not schedule a hearing and shall dismiss an appeal with a written determination if:
  1. The appeal does not state a basis for protest,
  2. The appeal is untimely under subsection (I)(1), or
  3. The appeal is moot.
- K.** Hearing. Hearings under this Section shall be conducted using the Arizona Administrative Procedure Act under A.R.S. Title 41, Ch. 6.

**Historical Note**

Adopted effective July 16, 1985 (Supp. 85-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Amended by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

**R9-22-605. Waiver of Contractor's Subcontract with Hospitals**

If a contractor is unable to obtain a subcontract with a hospital as contractually required, the contractor may request in writing a waiver from the Administration as allowed by A.R.S. § 36-2906. The contractor shall state in the request the reasons a waiver is believed to be necessary and all efforts the contractor has made to secure a subcontract.

**Historical Note**

Adopted effective January 31, 1986 (Supp. 86-1). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

**R9-22-606. Contract Compliance Sanction**

- A. The Director may impose sanctions upon a contractor for violation of any provision of this Chapter or of a contract. Sanctions include but are not limited to:
1. Suspension of any or all further member enrollment, by choice and/or assignment for a period of time.
  2. Imposition of a monetary sanction.
- B. The Director shall consider the nature, severity, and length of the violation when determining a sanction.
- C. The Director shall provide a contractor with written notice specifying grounds and terms for the sanction.
- D. Nothing contained in this Section shall be construed to prevent the Administration from imposing sanctions as provided in contract under A.R.S. § 36-2903.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

**ARTICLE 7. STANDARDS FOR PAYMENTS****R9-22-701. Standard for Payments Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning:

“Accommodation” means room and board services provided to a patient during an inpatient hospital stay and includes all staffing, supplies, and equipment. The accommodation is semi-private except when the member must be isolated for medical reasons. Types of accommodation include hospital routine medical/surgical units, intensive care units, and any other specialty care unit in which room and board are provided.

“Aggregate” means the combined amount of hospital payments for covered services provided within and outside the GSA.

“AHCCCS inpatient hospital day or days of care” means each day of an inpatient stay for a member beginning with the day

of admission and including the day of death, if applicable, but excluding the day of discharge, provided that all eligibility, medical necessity, and medical review requirements are met.

“APC” means the Ambulatory Payment Classification system under 42 CFR 419.31 used by Medicare for grouping clinically and resource-similar procedures and services.

“Billed charges” means charges for services provided to a member that a hospital includes on a claim consistent with the rates and charges filed by the hospital with Arizona Department of Health Services (ADHS).

“Business agent” means a company such as a billing service or accounting firm that renders billing statements and receives payment in the name of a provider.

“Capital costs” means costs as reported by the hospital to CMS as required by 42 CFR 413.20.

“Copayment” means a monetary amount, specified by the Director, that a member pays directly to a contractor or provider at the time covered services are rendered.

“Cost-to-charge ratio” (CCR) means a hospital’s costs for providing covered services divided by the hospital’s charges for the same services. The CCR is the percentage derived from the cost and charge data for each revenue code provided to AHC-CCS by each hospital.

“Covered charges” means billed charges that represent medically necessary, reasonable, and customary items of expense for covered services that meet medical review criteria of AHC-CCS or a contractor.

“CPT” means Current Procedural Terminology, published and updated by the American Medical Association. CPT is a nationally-accepted listing of descriptive terms and identifying codes for reporting medical services and procedures performed by physicians that provide a uniform language to accurately designate medical, surgical, and diagnostic services.

“Critical Access Hospital” is a hospital certified by Medicare under 42 CFR 485 Subpart F and 42 CFR 440.170(g).

“Direct graduate medical education costs” or “direct program costs” means the costs that are incurred by a hospital for the education activities of an approved graduate medical education program that are the proximate result of training medical residents in the hospital, including resident salaries and fringe benefits, the portion of teaching physician salaries and fringe benefits that are related to the time spent in teaching and supervision of residents, and other related GME overhead costs.

“DRI inflation factor” means Global Insights Prospective Hospital Market Basket.

“Eligibility posting” means the date a member’s eligibility information is entered into the AHCCCS Pre-paid Medical Management Information System (PMMIS).

“Encounter” means a record of a medically-related service rendered by an AHCCCS-registered provider to a member enrolled with a contractor on the date of service.

“Existing outpatient service” means a service provided by a hospital before the hospital files an increase in its charge master as defined in R9-22-712(G), regardless of whether the service was explicitly described in the hospital charge master before filing the increase or how the service was described in the charge master before filing the increase.

“Expansion funds” means funds appropriated to support GME program expansions as described under A.R.S. § 36-2903.01(G)(9)(b) and (c)(i).

“Factor” means a person or an organization, such as a collection agency or service bureau, that advances money to a provider for accounts receivable that the provider has assigned, sold, or transferred to the organization for an added fee or a deduction of a portion of the accounts receivable. Factor does not include a business agent.

“Fiscal intermediary” means an organization authorized by CMS to make determinations and payments for Part A and Part B provider services for a given region.

“Freestanding Children’s Hospital” means a separately standing hospital with at least 120 pediatric beds that is dedicated to provide the majority of the hospital’s services to children.

“GME program approved by the Administration” or “approved GME program” means a graduate medical education program that has been approved by a national organization as described in 42 CFR 415.152.

“Graduate medical education (GME) program” means an approved residency program that prepares a physician for independent practice of medicine by providing didactic and clinical education in a medical environment to a medical student who has completed a recognized undergraduate medical education program.

“HCAC” means a health care acquired condition described under 42 U.S.C. 1395ww(d)(4)(D)(iv) but does not include Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) as related to total knee replacement or hip replacement surgery in pediatric and obstetric patients.

“HCPCS” means the Health Care Procedure Coding System, published and updated by Center for Medicare and Medicaid Services (CMS). HCPCS is a listing of codes and descriptive terminology used for reporting the provision of physician services, other health care services, and substances, equipment, supplies or other items used in health care services.

“HIPAA” means the Health Insurance Portability and Accountability Act of 1996, as specified under 45 CFR 162, that establishes standards and requirements for the electronic transmission of certain health information by defining code sets used for encoding data elements, such as tables of terms, medical concepts, medical diagnostic codes, or medical procedure codes.

“ICU” means the intensive care unit of a hospital.

“Indirect program costs” means the marginal increase in operating costs that a hospital experiences as a result of having an approved graduate medical education program and that is not accounted for by the hospital’s direct program costs.

“Intern and Resident Information System” means a software program used by teaching hospitals and the provider community for collecting and reporting information on resident training in hospital and non-hospital settings.

“Medical education costs” means direct hospital costs for intern and resident salaries, fringe benefits, program costs, nursing school education, and paramedical education, as described in the Medicare Provider Reimbursement Manual.

“Medical review” means a clinical evaluation of documentation conducted by AHCCCS or a contractor for purposes of prior authorization, concurrent review, post-payment review, or determining medical necessity. The criteria for medical review are established by AHCCCS or a contractor based on medical practice standards that are updated periodically to reflect changes in medical care.

“Medicare Urban or Rural Cost-to-Charge Ratio (CCR)” means statewide average capital cost-to-charge ratio published annually by CMS added to the urban or rural statewide average operating cost-to-charge ratio published annually by CMS.

“National Standard code sets” means codes that are accepted nationally in accordance with federal requirements under 45 CFR 160 and 45 CFR 164.

“New hospital” means a hospital for which Medicare Cost Report claim and encounter data are not available for the fiscal year used for initial rate setting or rebasing.

“NICU” means the neonatal intensive care unit of a hospital that is classified as a Level II or Level III perinatal center by the Arizona Perinatal Trust.

“Non-IHS Acute Hospital” means a hospital that is not run by Indian Health Services, is not a free-standing psychiatric hospital, such as an IMD, and is paid under ADHS rates.

“Observation day” means a physician-ordered evaluation period to determine whether a person needs treatment or needs to be admitted as an inpatient. Each observation day consists of a period of 24 hours or less.

“Operating costs” means AHCCCS-allowable accommodation costs and ancillary department hospital costs excluding capital and medical education costs.

“OPPC” means an Other Provider Preventable Condition that is: (1) a wrong surgical or other invasive procedure performed on a patient, (2) a surgical or other invasive procedure performed on the wrong body part, or (3) a surgical or other invasive procedure performed on the wrong patient.

“Organized health care delivery system” means a public or private organization that delivers health services. It includes, but is not limited to, a clinic, a group practice prepaid capitation plan, and a health maintenance organization.

“Outlier” means a hospital claim or encounter in which the operating costs per day for an AHCCCS inpatient hospital stay meet the criteria described under this Article and A.R.S. § 36-2903.01(G).

“Outpatient hospital service” means a service provided in an outpatient hospital setting that does not result in an admission.

“Ownership change” means a change in a hospital’s owner, lessor, or operator under 42 CFR 489.18(a).

“Participating institution” means an institution at which portions of a graduate medical education program are regularly conducted and to which residents rotate for an educational experience for at least one month.

“Peer group” means hospitals that share a common, stable, and independently definable characteristic or feature that significantly influences the cost of providing hospital services, including specialty hospitals that limit the provision of services to specific patient populations, such as rehabilitative patients or children.

“PPC” means prior period coverage. PPC is the period of time, prior to the member’s enrollment, during which a member is eligible for covered services. The time-frame is the first day of the month of application or the first eligible month, whichever is later, until the day a member is enrolled with a contractor.

“PPS bed” means Medicare-approved Prospective Payment beds for inpatient services as reported in the Medicare cost reports for the most recent fiscal year for which the Administration has a complete set of Medicare cost reports for every rural hospital as determined as of the first of February of each year.

“Procedure code” means the numeric or alphanumeric code listed in the CPT or HCPCS manual by which a procedure or service is identified.

“Prospective rates” means inpatient or outpatient hospital rates set by AHCCCS in advance of a payment period and representing full payment for covered services excluding any quick-pay discounts, slow-pay penalties, and first-and third-party payments regardless of billed charges or individual hospital costs.

“Public hospital” means a hospital that is owned and operated by county, state, or hospital health care district.

“Rebase” means the process by which the most currently available and complete Medicare Cost Report data for a year and AHCCCS claim and encounter data for the same year are collected and analyzed to reset the Inpatient Hospital Tiered per diem rates, or the Outpatient Hospital Capped Fee-For-Service Schedule.

“Reinsurance” means a risk-sharing program provided by AHCCCS to contractors for the reimbursement of specified contract service costs incurred by a member beyond a certain monetary threshold.

“Remittance advice” means an electronic or paper document submitted to an AHCCCS-registered provider by AHCCCS to explain the disposition of a claim.

“Resident” means a physician engaged in postdoctoral training in an accredited graduate medical education program, including an intern and a physician who has completed the requirements for the physician’s eligibility for board certification.

“Revenue code” means a numeric code, that identifies a specific accommodation, ancillary service, or billing calculation, as defined by the National Uniform Billing committee for UB-04 forms.

“Specialty facility” means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.

“Sponsoring institution” means the institution or entity that is recognized by the GME accrediting organization and designated as having ultimate responsibility for the assurance of academic quality and compliance with the terms of accreditation.

“Tier” means a grouping of inpatient hospital services into levels of care based on diagnosis, procedure, or revenue codes, peer group, NICU classification level, or any combination of these items.

“Tiered per diem” means an AHCCCS capped fee schedule in which payment is made on a per-day basis depending upon the tier (or tiers) into which an AHCCCS inpatient hospital day of care is assigned.

“Trip” means a one-way transport each time a taxi is called. If the taxi waits for the member then the transport continues to be part of the one-way trip. If the taxi leaves and is called to pick up the member, that is considered a new one-way trip.

#### R9-22-701.10 Scope of the Administration’s and Contractor’s Liability

The Administration shall bear no liability for providing covered services for any member beyond the date of termination of the member’s eligibility or during the member’s enrollment with a contractor. A contractor has no financial responsibility for services provided to a member beyond the last date of enrollment except as provided in Articles 2 and 5 of this Chapter and as specified in contract.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

#### R9-22-702. Charges to Members

- A. For purposes of this subsection, the term “member” includes the member’s financially responsible representative as described under A.R.S. § 36-2903.01.
- B. Registered providers must accept payment from the Administration or a contractor as payment in full.
- C. Except as provided in subsection (D) a registered provider shall not request or collect payment from, refer to a collection agency, or report to a credit reporting agency an eligible person or a person claiming to be an eligible person.
- D. An AHCCCS registered provider may charge, submit a claim to, or demand or collect payment from a member:
  1. To collect the copayment described in R9-22-711;
  2. To recover from a member that portion of a payment made by a third party to the member for an AHCCCS covered service if the member has not transferred the payment to the Administration or the contractor as required by the statutory assignment of rights to AHCCCS;
  3. To obtain payment from a member for medical expenses incurred during a period when the member intentionally withheld information or intentionally provided inaccurate information pertaining to the member’s AHCCCS eligibility or enrollment that caused payment to the provider to be reduced or denied;

4. For a service that is excluded by statute or rule, or provided in an amount that exceeds a limitation in statute or rule, if the member signs a document in advance of receiving the service stating that the member understands the service is excluded or is subject to a limit and that the member will be financially responsible for payment for the excluded service or for the services in excess of the limit;
  5. When the contractor or the Administration has denied authorization for a service if the member signs a document in advance of receiving the service stating that the member understands that authorization has been denied and that the member will be financially responsible for payment for the service;
  6. For services requested for a member enrolled with a contractor, and rendered by a noncontracting provider under circumstances where the member's contractor is not responsible for payment of "out of network" services under R9-22-705(A), if the member signs a document in advance of receiving the service stating that the member understands the provider is out of network, that the member's contractor is not responsible for payment, and that the member will be financially responsible for payment for the excluded service;
  7. For services rendered to a person eligible for the FESP if the provider submits a claim to the Administration in the reasonable belief that the service is for treatment of an emergency medical condition and the Administration denies the claim because the service does not meet the criteria of R9-22-217; or
  8. If the provider has received verification from the Administration that the person was not an eligible person on the date of service.
- E.** The signature requirement of subsections (D)(4), (D)(5), and (D)(6) do not apply if:
1. The member is unable or incompetent to sign such a document, or
  2. When services are rendered for the purpose of treating an emergency medical condition as defined in R9-22-217 and a delay in providing treatment to obtain a signature would have a significant adverse affect on the member's health.
- F.** Except as provided for in this Section, registered providers shall not bill a member when the provider could have received reimbursement from the Administration or a contractor but for the provider's failure to file a claim in accordance with the requirements of AHCCCS statutes, rules, the provider agreement, or contract, such as, but not limited to, requirements to request and obtain prior authorization, timely filing, and clean claim requirements.

#### R9-22-703. Payments by the Administration

- A.** General requirements. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of October 1, 2012, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- B.** Timely submission of claims.
1. Under A.R.S. § 36-2904, the Administration shall deem a paper or electronic claim to be submitted on the date that it is received by the Administration. The Administration shall do one or more of the following for each claim it receives:
    - a. Place a date stamp on the face of the claim,
    - b. Assign a system-generated claim reference number, or
    - c. Assign a system-generated date-specific number.
  2. Unless a shorter time period is specified in contract, the Administration shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
    - a. Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
    - b. Six months from the date of eligibility posting.
  3. Unless a shorter time period is specified in contract, the Administration shall not pay a clean claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
    - a. Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
    - b. Twelve months from the date of eligibility posting.
  4. Unless a shorter time period is specified in contract, the Administration shall not pay a claim submitted by an IHS or tribal facility for a covered service unless the claim is initially submitted within 12 months from the date of service, date of discharge, or eligibility posting, whichever is later.
- C.** Claims processing.
1. The Administration shall notify the AHCCCS-registered provider with a remittance advice when a claim is processed for payment.
  2. The Administration shall reimburse a hospital for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and in the manner and at the rate described in A.R.S. § 36-2903.01:
    - a. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.
    - b. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.

- c. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a fee of one percent per month for each month or portion of a month following the 60th day of receipt of the bill until date of payment.
- 3. A claim is paid on the date indicated on the disbursement check.
- 4. A claim is denied as of the date of the remittance advice.
- 5. The Administration shall process a hospital claim under this Article.
- D. Prior authorization.**
  - 1. An AHCCCS-registered provider shall:
    - a. Obtain prior authorization from the Administration for non-emergency hospital admissions, covered services as specified in Articles 2 and 12 of this Chapter, and for administrative days as described in R9-22-712.75,
    - b. Notify the Administration of hospital admissions under Article 2 of this Chapter, and
    - c. Make records available for review by the Administration upon request.
  - 2. The Administration may deny a claim if the provider fails to comply with subsection (D)(1).
  - 3. If the Administration issues prior authorization for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the Administration shall adjust the claim payment.
- E. Review of claims and coverage for hospital supplies.**
  - 1. The Administration may conduct prepayment and post-payment review of any claims, including but not limited to hospital claims.
  - 2. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:
    - a. Patient care kit,
    - b. Toothbrush,
    - c. Toothpaste,
    - d. Petroleum jelly,
    - e. Deodorant,
    - f. Septi soap,
    - g. Razor or disposable razor,
    - h. Shaving cream,
    - i. Slippers,
    - j. Mouthwash,
    - k. Shampoo,
    - l. Powder,
    - m. Lotion,
    - n. Comb, and
    - o. Patient gown.
  - 3. The following hospital supplies and equipment, if medically necessary and used by the member, are covered services:
    - a. Arm board,
    - b. Diaper,
    - c. Underpad,
    - d. Special mattress and special bed,
    - e. Gloves,
    - f. Wrist restraint,
    - g. Limb holder,
    - h. Disposable item used instead of a durable item,
    - i. Universal precaution,
    - j. Stat charge, and
    - k. Portable charge.
  - 4. The Administration shall determine in a hospital claims review whether services rendered were:
    - a. Covered services as defined in Article 2;
    - b. Medically necessary;
    - c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
    - d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2903.01.
- 5. If the Administration adjudicates a claim, a person may file a claim dispute challenging the adjudication under 9 A.A.C. 34.
- F. Overpayment for AHCCCS services.**
  - 1. An AHCCCS-registered provider shall notify the Administration when the provider discovers the Administration made an overpayment.
  - 2. The Administration shall recoup an overpayment from a future claim cycle if an AHCCCS-registered provider fails to return the overpaid amount to the Administration.
  - 3. The Administration shall document any recoupment of an overpayment on a remittance advice.
  - 4. An AHCCCS-registered provider may file a claim dispute under 9 A.A.C. 34 if the AHCCCS-registered provider disagrees with a recoupment action.
- G. For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article 2 of this Chapter, once the limit is reached the Administration will not reimburse the services.**
- H. Prior quarter reimbursement. A provider shall:**
  - 1. Bill the Administration for services provided during a prior quarter eligibility period upon verification of eligibility or upon notification from a member of AHCCCS eligibility.
  - 2. Reimburse a member when payment has been received from the Administration for covered services during a prior quarter eligibility period. All funds paid by the member shall be reimbursed.
  - 3. Accept payment received by the Administration as payment in full.
- I. Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. The Administration shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.**
- J. Payment for out-of-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. The Administration shall reimburse an out-of-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b).**
- K. Payment for inpatient hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. The Administration shall reimburse an in-state or out-of-state provider of inpatient hospital services rendered with a discharge date on or after October 1, 2014, the DRG rate established by the Administration.**
- L. The Administration may enter into contracts for the provisions of transplant services.**

#### **R9-22-705. Payments by Contractors**

- A.** General requirements. A contractor shall contract with providers to provide covered services to members enrolled with the contractor. The contractor is responsible for reimbursing providers and coordinating care for services provided to a member. Except as provided in subsection (A)(2), a contractor is not required to reimburse a noncontracting provider for services rendered to a member enrolled with the contractor.
- Providers. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of March 6, 1992, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
  - A contractor shall reimburse a noncontracting provider for services rendered to a member enrolled with the contractor as specified in this Article if:
    - The contractor referred the member to the provider or authorized the provider to render the services and the claim is otherwise payable under this Chapter, or
    - The service is emergent under Article 2 of this Chapter.
- B.** Timely submission of claims.
- Under A.R.S. § 36-2904, a contractor shall deem a paper or electronic claim as submitted on the date that the claim is received by the contractor. The contractor shall do one

or more of the following for each claim the contractor receives:

- Place a date stamp on the face of the claim,
  - Assign a system-generated claim reference number, or
  - Assign a system-generated date-specific number.
- Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
    - Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
    - Six months from the date of eligibility posting.
  - Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
    - Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
    - Twelve months from the date of eligibility posting.
- C.** Date of claim.
- A contractor's date of receipt of an inpatient or an outpatient hospital claim is the date the claim is received by the contractor as indicated by the date stamp on the claim, the system-generated claim reference number, or the system-generated date-specific number assigned by the contractor.
  - A hospital claim is considered paid on the date indicated on the disbursement check.
  - A denied hospital claim is considered adjudicated on the date of the claim's denial.
  - For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the contractor shall assign a new date of receipt upon receipt of the additional documentation.
  - For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the contractor shall not assign a new date of receipt.
  - A contractor and a hospital may, through a contract approved as specified in R9-22-715, adopt a method for identifying, tracking, and adjudicating a claim that is different from the method described in this subsection.
- D.** Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. A contractor shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at either a rate specified by subcontract or, in absence of the subcontract, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715. This subsection does not apply to an urban contractor as specified in R9-22-718 and A.R.S. § 36-2905.01.
- E.** Payment for Inpatient out-of-state hospital payments for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b).
- F.** Payment for inpatient hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01

regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

**G. Payment for in-state outpatient hospital services.**

A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.

**H. Outpatient out-of-state hospital payments.** In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the contractor shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.

**I. Payment for observation days.** A contractor shall reimburse a provider and a noncontracting provider for the provision of observation days at either a rate specified by subcontract or, in the absence of a subcontract, as prescribed under R9-22-712, R9-22-712.10, and R9-22-712.45.

**J. Review of claims and coverage for hospital supplies.**

1. A contractor may conduct a review of any claims submitted and recoup any payments made in error.
2. A hospital shall obtain prior authorization from the appropriate contractor for nonemergency admissions. When issuing prior authorization, a contractor shall consider the medical necessity of the service, and the availability and cost effectiveness of an alternative treatment. Failure to obtain prior authorization when required is cause for nonpayment or denial of a claim. A contractor shall not require prior authorization for medically necessary services provided during any prior period for which the contractor is responsible. If a contractor and a hospital agree to a subcontract, the parties shall abide by the terms of the subcontract regarding utilization control activities. A hospital shall cooperate with a contractor's reasonable activities necessary to perform concurrent review and shall make the hospital's medical records pertaining to a member enrolled with a contractor available for review.
3. Regardless of prior authorization or concurrent review activities, a contractor may make prepayment or post-payment review of all claims, including but not limited to a hospital claim. A contractor may recoup an erroneously paid claim. If prior authorization was given for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the contractor shall adjust the claim payment.
4. A contractor and a hospital may enter into a subcontract that includes hospital claims review criteria and procedures if the subcontract meets the requirements of R9-22-715.
5. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:
  - a. Patient care kit,
  - b. Toothbrush,

- c. Toothpaste,
- d. Petroleum jelly,
- e. Deodorant,
- f. Septi soap,
- g. Razor,
- h. Shaving cream,
- i. Slippers,
- j. Mouthwash,
- k. Disposable razor,
- l. Shampoo,
- m. Powder,
- n. Lotion,
- o. Comb, and
- p. Patient gown.

**6. The following hospital supplies and equipment, if medically necessary and used by the member, are covered services:**

- a. Arm board,
- b. Diaper,
- c. Underpad,
- d. Special mattress and special bed,
- e. Gloves,
- f. Wrist restraint,
- g. Limb holder,
- h. Disposable item used instead of a durable item,
- i. Universal precaution,
- j. Stat charge, and
- k. Portable charge.

**7. The contractor shall determine in a hospital claims review whether services rendered were:**

- a. Covered services as defined in R9-22-201;
- b. Medically necessary;
- c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
- d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2904.

**8. If a contractor adjudicates a claim or recoups payment for a claim, a person may file a claim dispute challenging the adjudication or recoupment as described under 9 A.A.C. 34.**

**K. Non-hospital claims.** A contractor shall pay claims for non-hospital services in accordance with contract, or in the absence of a contract, at a rate not less than the Administration's capped fee-for-service schedule or at a lower rate if negotiated between the two parties.

**L. Payments to hospitals.** A contractor shall pay for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and as described in A.R.S. § 36-2904:

1. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.
2. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.
3. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a 1 percent penalty of the rate for each month or portion of the month following the 60th day of receipt of the bill until date of payment.

**M. Interest payment.** In addition to the requirements in subsection (L), a contractor shall pay interest for late claims as defined by contract.

**N. For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article**

2 of this Chapter, once the limit is reached the Administration will not reimburse the services.

#### R9-22-708. Payments for Services Provided to Eligible American Indians

- A. For purposes of this Article “IHS enrolled” or “enrolled with IHS” means an American Indian who has elected to receive covered services through IHS instead of a contractor.
- B. For an American Indian who is enrolled with IHS, AHCCCS shall pay IHS the most recent all-inclusive inpatient, outpatient or ambulatory surgery rates published by Health and Human Services (HHS) in the Federal Register, or a separately contracted rate with IHS, for AHCCCS-covered services provided in an IHS facility. AHCCCS shall reimburse providers for the Medicare coinsurance and deductible amounts required to be paid by the Administration or contractor in Chapter 29, Article 3 of this Title.
- C. When IHS refers an American Indian enrolled with IHS to a provider other than an IHS or tribal facility, the provider to whom the referral is made shall obtain prior authorization from AHCCCS for services as required under Articles 2, 7 or 12 of this Chapter.
- D. For an American Indian enrolled with a contractor, AHCCCS shall pay the contractor a monthly capitation payment.
- E. Once an American Indian enrolls with a contractor, AHCCCS shall not reimburse any provider other than IHS or a Tribal facility.

*Editor's Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.*

**R9-22-710. Payments for Non-hospital Services**

**A.** Capped fee-for-service. The Administration shall provide notice of changes in methods and standards for setting payment rates for services in accordance with 42 CFR 447.205, December 19, 1983, incorporated by reference and on file with the Administration and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

1. Non-contracted services. In the absence of a contract that specifies otherwise, a contractor shall reimburse a provider or noncontracting provider for non-hospital services according to the Administration's capped-fee-for-service schedule.
2. Procedure codes. The Administration shall maintain a current copy of the National Standard Code Sets mandated under 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004), incorporated by reference and on file with the Administration and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

- a. A person shall submit an electronic claim consistent with 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004).
  - b. A person shall submit a paper claim using the National Standard Code Sets as described under 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004).
  - c. The Administration may deny a claim for failure to comply with subsection (A) (2) (a) or (b).
3. Fee schedule. The Administration shall pay providers, including noncontracting providers, at the lesser of billed charges or the capped fee-for-service rates specified in subsections (A)(3)(a) through (A)(3)(d) unless a different fee is specified in a contract between the Administration and the provider, or is otherwise required by law.
- a. Physician services. Fee schedules for payment for physician services are on file at the central office of the Administration for reference use during customary business hours.
  - b. Dental services. Fee schedules for payment for dental services are on file at the central office of the Administration for reference use during customary business hours.
  - c. Transportation services. Fee schedules for payment for transportation services are on file at the central office of the Administration for reference use during customary business hours. For dates of service beginning:
    - i. October 1, 2012 through September 30, 2013, the Administration and its contractors shall reimburse ambulance services at 68.59 percent of the ADHS rates that are in effect as of August 2, 2012.
    - ii. October 1, 2013 through September 30, 2014, the Administration and its contractors shall reimburse ambulance services at 68.59 percent of the ADHS rates that are in effect as of August 2, 2013.
    - iii. October 1, 2014 through September 30, 2015, the Administration and its contractors shall reimburse ambulance services at 74.74 percent of the ADHS rates that are in effect as of August 2, 2014.
  - d. Medical supplies and durable medical equipment (DME). Fee schedules for payment for medical supplies and DME are on file at the central office of the Administration for reference use during customary business hours. The Administration shall reimburse a provider once for purchase of DME during any two-year period, unless the Administration determines that DME replacement within that period is medically necessary for the member. Unless prior authorized by the Administration, no more than one repair and adjustment of DME shall be reimbursed during any two-year period.
- B.** Pharmacy services. The Administration shall not reimburse pharmacy services unless the services are provided by a pharmacy having a subcontract with a Pharmacy Benefit Manager (PBM) contracted with AHCCCS. Except as specified in subsection (C), the Administration shall reimburse pharmacy services according to the terms of the contract.
- C.** FQHC Pharmacy reimbursement.
1. For purposes of this Section the following terms are defined:

## Arizona Health Care Cost Containment System – Administration

- a. “340B Drug Pricing Program” means the discount drug purchasing program described in 42 U.S.C 256b.
  - b. “340B Ceiling Price” means the maximum price that drug manufacturers can charge covered entities participating in the 340B Drug Pricing Program as reported by the drug manufacturer to HRSA.
  - c. “340B entity” means a covered entity, eligible to participate in the 340B Drug Pricing Program, as defined by the Health Resources and Human Services Administration.
  - d. “Actual Acquisition Cost (AAC)” means the purchase price of a drug paid by a pharmacy net of discounts, rebates, chargebacks and other adjustments to the price of the drug. The AAC excludes dispensing fees.
  - e. “Contracted Pharmacy” means an arrangement through which a 340B entity may contract with an outside pharmacy to provide comprehensive pharmacy services utilizing medications subject to 340B pricing.
  - f. “Dispensing Fee” means the amount paid for the professional services provided by the pharmacist for dispensing a prescription. The Dispensing Fee does not include any payment for the drugs being dispensed.
  - g. “Federally Qualified Health Center” means a public or private non-profit health care organization that has been identified by HRSA and certified by CMS as meeting the criteria under sections 1861(aa)(4) and 1905(l)(2)(B) of the Social Security Act and receives funds under section 330 of the Public Health Service Act.
  - h. “Federally Qualified Health Center Look-Alike” means a public or private non-profit health care organization that has been identified by HRSA and certified by CMS as meeting the definition of “health center” under section 330 of the Public Health Service Act, but does not receive grant funding under section 330.
  - i. “FQHC or FQHC Look-Alike pharmacy” means a pharmacy that dispenses drugs to FQHC or FQHC-LA patients and that is owned and/or operated by an FQHC/FQHC-LA or by an entity that reports the costs of an FQHC/FQHC-LA on its Medicare Cost Report, whether or not collocated with an FQHC or an FQHC Look-Alike.
2. Effective the later of February 1, 2012, or CMS approval of a State Plan Amendment, an FQHC or FQHC Look-Alike shall:
    - a. Notify the AHCCCS provider registration unit of its status as a 340B covered entity no later than:
      - i. 30 days after the effective date of this Section;
      - ii. 30 days after registration with the Health Resources and Services Administration (HRSA) for participation in the 340B program, or
      - iii. The time of application to become an AHCCCS provider.
    - b. Provide the 340B pricing file to the AHCCCS Administration upon request. The 340B pricing file shall be provided in the file format as defined by AHCCCS.
    - c. Identify 340B drug claims submitted to the AHCCCS FFS PBM or the Managed Care Contractors’ PBMs for reimbursement. The 340B drug claim identification and claims processing for a drug claim submission shall be consistent with claim instructions issued and required by AHCCCS to identify such claims.
  3. The FQHC and the FQHC Look-Alike pharmacies shall submit claims for AHCCCS members for drugs that are identified in the 340B pricing file, whether or not purchased under the 340B pricing file, with the lesser of:
    - a. The actual acquisition cost, or
    - b. The 340B ceiling price.
  4. The AHCCCS Fee-for-Service and Managed Care Contractors’ PBMs shall reimburse claims for drugs which are identified in the 340B pricing file dispensed by FQHC and FQHC Look -Alike pharmacies, whether or not purchased under the 340B pricing file, at the amount submitted under subsection (C)(3) plus a dispensing fee listed in the AHCCCS Capped Fee-For-Service Schedule unless a contract between the 340B entity and a Managed Care Contractor’s PBM specifies a different dispensing fee.
  5. Contracted pharmacies shall not submit claims for drugs dispensed under an agreement with the 340B entity as part of the 340B drug pricing program, and the AHCCCS Administration and Managed Care Contractors shall not reimburse such claims.
  6. The AHCCCS Administration and Managed Care Contractors shall reimburse contracted pharmacies for drugs not dispensed under an agreement with the 340B entity as part of the 340B program at the price and dispensing fee set forth in the contract between the contracted pharmacy and the AHCCCS or its Managed Care Contractors’ PBMs. Neither the Administration nor its Managed Care Contractors will reimburse a contracted pharmacy that does not have a contract with the Administration or MCO’s PBM.
  7. The AHCCCS Administration and its Managed Care Contractors shall reimburse FQHC and FQHC Look-Alike pharmacies for drugs that are not eligible under the 340B Drug Pricing Program at the price and dispensing fee set forth in their contract with the AHCCCS or its Managed Care Contractors’ PBMs.
  8. AHCCCS may periodically conduct audits to ensure compliance with this Section.

6. An individual receiving nursing facility or HCBS services under R9-22-216;
7. An individual receiving hospice care as defined in 42 U.S.C. 1396d(o);
8. An American Indian individual enrolled in a health plan and has received services through an IHS facility, tribal 638 facility or urban Indian health program;
9. An individual eligible in the Breast and Cervical Cancer program as described under Article 20;
10. An individual who is pregnant and through the postpartum period following the pregnancy;
11. An individual with respect to whom child welfare services are made available under Part B of Title IV of the Social Security Act on the basis of being a child in foster care, without regard to age;
12. An individual with respect to whom adoption or foster care assistance is made available under Part E of Title IV of the Social Security Act, without regard to age ; and
13. An adult eligible under R9-22-1427(E), with income at or below 106% of the FPL.

##### **D. Non-mandatory copayments. Unless otherwise listed in subsection (B) or (C), individuals under subsections (D)(1) through (6) are subject to the copayments listed in this subsection.**

A provider shall not deny a service when a member states to the provider an inability to pay a copayment.

1. A caretaker relative eligible under R9-22-1427(A);
2. An individual eligible for Young Adult Transitional Insurance (YATI) in A.R.S. § 36-2901(6)(a)(iii);
3. An individual eligible for State Adoption Assistance in R9-22-1433;
4. An individual eligible for Supplemental Security Income (SSI);
5. An individual eligible for SSI Medical Assistance Only (SSI/MAO) in Article 15; and
6. An individual eligible for the Freedom to Work program in A.R.S. § 36-2901(6)(g).
7. Copayment amount per service:
  - a. \$2.30 per prescription drug.
  - b. \$3.40 per outpatient visit, excluding an emergency room visit, if any of the services rendered during the visit are coded as evaluation and management services or non-emergent surgical procedures according to the National Standard Code Sets. An outpatient visit includes any setting where these services are performed such as a physician's office, an Ambulatory Surgical Center (ASC), or a clinic.
  - c. \$2.30 per visit, if a copayment is not being imposed under subsection (D)(7)(b) and any of the services rendered during the visit are coded as physical, occupational or speech therapy services according to the National Standard Code Sets.

##### **E. Mandatory copayments.**

1. Copayments for individuals eligible for Transitional Medical Assistance (TMA) under R9-22-1427(B)(1)(c)(i). Unless otherwise listed in subsection (C), an individual is required to pay the following copayments for prescription drugs and outpatient services unless the service is provided during an emergency room visit or the service is otherwise exempt under subsection (B). An outpatient visit includes any setting where these outpatient services are performed such as, an outpatient hospital, a physician's provider's office, HCBS setting, an Ambulatory Surgical Center (ASC), or a clinic:
  - a. \$2.30 per prescription drug.
  - b. \$4.00 per outpatient visit, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
  - c. If a copayment is not being imposed under subsection (E)(1)(b), \$3.00 per visit if any of the services rendered during the visit are coded as physical, occupational or speech therapy services according to the National Standard Code Sets.
  - d. If a copayment is not being imposed under subsection (E)(1)(b) or (c), \$3.00 per visit, if any of the services rendered during the visit are coded as non-emergent surgical procedures according to the National Standard Code Sets.
2. Copayments for persons eligible under R9-22-1427(E) with income above 106% of the FPL and for persons eligible under A.R.S. §§ 36-2907.10 and 36-2907.11. Subject to CMS approval, unless otherwise listed in subsection (C), these individuals are required to pay the following copayments for prescription drugs and outpatient services unless the service is provided during an emergency room visit or the service is otherwise exempt under subsection (B). An outpatient visit includes any setting where these outpatient services are performed such as, an outpatient hospital, a physician's provider's

office, HCBS setting, an Ambulatory Surgical Center (ASC), or a clinic:

- a. \$4.00 per prescription drug.
  - b. \$5.00 per outpatient visit when the AHCCCS fee schedule for the visit code is a rate from \$50 to less than \$100, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
  - c. \$10.00 per outpatient visit when the AHCCCS fee schedule for the visit code is a rate of \$100 or greater, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
  - d. If a copayment is not being imposed under subsection (E)(2)(b) or (E)(2)(c), for services coded as physical, occupational or speech therapy services according to the National Standard Code Sets.
    - i. \$2.00 if the rate on the fee schedule is \$20 to \$39.99,
    - ii. \$4.00 if the rate on the fee schedule is \$40 to \$49.99, or
    - iii. \$5.00 if the rate on the fee schedule is \$50 and above per visit.
  - e. If a copayment is not being imposed under subsection (E)(2)(b) – (E)(2)(d), for services coded as non-emergent surgical procedures according to the National Standard Code Sets,
    - i. \$30.00 if the rate on the fee schedule is \$300 to \$499.99, or
    - ii. \$50.00 if the rate on the fee schedule is \$500 and above per visit.
  - f. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay \$2.00 per trip for non-emergency transportation in an urban area.
  - g. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay \$8.00 for non-emergency use of the emergency room.
  - h. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay \$75 for an Inpatient stay.
  3. The provider may deny a service if the member does not pay the copayment required by subsection (E), however, a provider may choose to reduce or waive copayments under this subsection on a case-by-case basis.
- F.** A provider is responsible for collecting any copayment imposed under this Section.
- G.** The total aggregate amount of copayments under subsections (D) or (E) may not exceed 5% of the family's income as applied on a quarterly basis. The member may establish that the aggregate limit has been met on a quarterly basis by providing the Administration with records of copayments incurred during the quarter. In addition, the Administration shall also use claims and encounters information available to the Administration to establish when a member's copayment obligation has reached 5% of the family's income.
- H.** Reduction in payments to providers. The Administration and its contractors shall reduce the payment it makes to any provider by the amount of a member's copayment obligation under subsection (E), regardless of whether the provider successfully collects the copayments described in this Section.

This Section was subsequently amended through the regular rulemaking process.*

### R9-22-712. Reimbursement: General

- A.** Inpatient and outpatient discounts and penalties. If a claim is pending for additional documentation required under A.R.S. § 36-2903.01(G)(4), the period during which the claim is pending is not used in the calculation of the quick-pay discounts and slow-pay penalties under A.R.S. § 36-2903.01(G)(5).
- B.** Inpatient and outpatient in-state or out-of-state hospital payments.
1. Payment for inpatient out-of-state hospital services for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(d).
  2. Payment for inpatient in-state hospital services for claims with discharge dates on or before September 30, 2014. AHCCCS shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.
  3. Payment for inpatient in-state or out-of-state hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-

- 718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in the absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
4. Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse an out-of-state hospital for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the Administration shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.
  5. Outpatient in-state hospital payments. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
- C. Access to records. Subcontracting and noncontracting providers of outpatient or inpatient hospital services shall allow the Administration access to medical records regarding eligible persons and shall in all other ways fully cooperate with the Administration or the Administration's designated representative in performance of the Administration's utilization control activities. The Administration shall deny a claim for failure to cooperate.
- D. Prior authorization. The Administration or contractor may deny a claim if a provider fails to obtain prior authorization as required under R9-22-210.
- E. Review of claims. Regardless of prior authorization or concurrent review activities, the Administration may subject all hospital claims, including outliers, to prepayment medical review or post-payment review, or both. The Administration shall conduct post-payment reviews consistent with A.R.S. § 36-2903.01 and may recoup erroneously paid claims.
- F. Claim receipt.
1. The Administration's date of receipt of inpatient or outpatient hospital claims is the date the claim is received by the Administration as indicated by the date stamp on the claim and the system-generated claim reference number or system-generated date-specific number.
  2. Hospital claims are considered paid on the date indicated on disbursement checks.
  3. A denied claim is considered adjudicated on the date the claim is denied.
  4. Claims that are denied and are resubmitted are assigned new receipt dates.
  5. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the Administration shall assign a new date of receipt upon receipt of the additional documentation.
  6. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the Administration shall not assign a new date of receipt.
- G. Outpatient hospital reimbursement. The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.
1. Computation of outpatient hospital reimbursement. The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital's Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:
    - a. Cost-to-charge ratios. The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital's Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
    - b. Cost-to-charge limit. To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.
  2. New hospitals. The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
  3. Specialty outpatient services. The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
  4. Reimbursement requirements. To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services

provided before the hospital admission are included in the tiered per diem payment.

5. Rebasement. The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.

6. If a hospital files an increase in its charge master for an existing outpatient service provided on or after July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:

$$CCR * [1.047 / (1 + \% \text{ increase})]$$

Where “CCR” means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and “% increase” means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master.

“Charge master” means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

#### Historical Note

Adopted as an emergency effective February 23, 1983 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule identical to emergency (Supp. 83-3). Former Section R9-22-712 repealed, new Section R9-22-712 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-712 renumbered and amended as Section R9-22-1001 effective October 1, 1985 (Supp. 85-5). New Section R9-22-712 adopted under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.01. Inpatient Hospital Reimbursement for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014**

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct

graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHC-CCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for the fiscal year ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital's 1996 fiscal year end.

a. Medicare Cost Report data. Because Medicare Cost Report years are not standard among hospitals and were not audited at the time of the rate calculation, the Administration shall inflate all the costs to a common point in time as described in subsection (2) for each component of the tiered per diem rates. The Administration shall not make any changes to the tiered per diem rates if the Medicare Cost Report data are subsequently updated or adjusted. If a single Medicare Cost Report is filed for more than one hospital, the Administration shall allocate the costs to each of the respective hospitals. A hospital shall submit information to assist the Administration in this allocation.

b. Claim and encounter data. For the database, the Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were accepted and processed by the Administration at the time the database was developed for rates effective on and after October 1, 1998. The Administration shall subject the claim and encounter data to a series of data quality, reasonableness, and integrity edits and shall exclude from the database or adjust claims and encounters that fail these edits. The Administration shall also exclude from the database the following claims and encounters:

- i. Those missing information necessary for the rate calculation,
- ii. Medicare crossovers,
- iii. Those submitted by freestanding psychiatric hospitals, and
- iv. Those for transplant services or any other hospital service that the Administration would pay on a basis other than the tiered per diem rate.

2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.

a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:

- i. Data preparation. The Administration shall identify and group into department categories,

- the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.
- ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital's claims and encounters. The AHCCCS inpatient days of care on the particular hospital's claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital's Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimbursable costs. The Administration shall further inflate operating costs to the midpoint of the rate year (March 31, 1999).
  - iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital's certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).
  - iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.
- b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.
  - c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.
  - d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.
3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these.
    - a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment through September 30, 2014 in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.
    - b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the

- maternity or nursery tier, or the outpatient hospital fee schedule.
- c. Seven tiers. The seven tiers are:
- i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.
  - ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.
  - iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.
  - iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.
  - v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the psychiatric tier with any tier other than the ICU tier.
  - vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.
  - vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.
4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.
  5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The Administration shall update new hospital tiered per diem rates through September 30, 2011.
  6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.
    - a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.
    - b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.
    - c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.
      - i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital specific inpatient cost-to-charge ratio and the effective

- Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.
- ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.
  - iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.
  - d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.
    - i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.
    - ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).
    - iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after April 1, 2011 by an additional percentage equal to the total percent increase reported on the charge master.
    - iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.
  7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed through the terms of the relevant contract. If the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.
  8. Ownership change. The Administration shall not change any of the components of a hospital's tiered per diem rates upon an ownership change.
  9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.
  10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, "specialty facility" means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.
  11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.
  12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

#### R9-22-712.05. Graduate Medical Education Fund Allocation

- A. Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(H)(9)(a).
- B. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(H)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All

determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).

1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
  - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
  - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
  - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
  - a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(H)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
  - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(H)(9)(a) that were established before July 1, 2006.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
  - a. A GME program shall provide all of the following:
    - i. The program name and number assigned by the accrediting organization;
    - ii. The original date of accreditation;
    - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
    - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
    - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
  - b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
    - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
    - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
  - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.
4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
  - a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
  - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
    - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
    - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
  - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
    - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
    - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under

- subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
- d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per resident conversion factor shall be determined as follows:
    - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
    - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for those hospitals described under subsection (B)(4)(d)(i).
    - iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
- a. The allocated amounts shall be distributed in the following order of priority:
    - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(H)(9)(a) for the direct costs of programs established before July 1, 2006;
    - ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(H)(9)(a) for the direct costs of programs established before July 1, 2006;
  - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
  - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
- C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(H)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).
1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
  2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
    - a. All filled resident positions in approved programs established on or after July 1, 2006; and
    - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
- a. A GME program shall provide all of the following:
    - i. The requirements of subsections (B)(3)(a)(i) through (iv);
    - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
    - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
  - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
- a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
  - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
  - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.
  - d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
  - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).

- D.** Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(H)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
    - a. It is a hospital in Arizona that is the sponsoring institution of one or more of the GME programs in Arizona or the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;
    - b. It incurs indirect program costs for the training of residents in the GME programs;
    - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
  2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
    - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
    - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.
  3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
    - a. A GME program shall provide all of the following:
      - i. The requirements of subsections (B)(3)(a)(i) through (iv);
      - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
      - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
    - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
  4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
    - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
    - b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
      - i. Calculate each hospital's Medicaid share by dividing the AHCCCS inpatient hospital days of care by the total inpatient hospital days from the Medicare Cost Report. For this purpose, the Administration shall use the information described by subsection (B)(4)(c) for adjusting allocated residents for Arizona Medicaid utilization.
      - ii. Calculate each hospital's Medicare share by dividing the Medicare inpatient days on the Medicare Cost Report by the total inpatient hospital days on the Medicare Cost Report.
      - iii. Divide the Medicaid share by the Medicare share and multiply the resulting ratio by the indirect medical education payment calculated on the Medicare Cost Report.
      - iv. Total the results for all hospitals, divide the result by the total allocated residents determined under subsection (B)(4)(b)(i) for these hospitals, and divide that result by 12.
  5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (D)(4) to the program's sponsoring hospital or the program's base hospital if the sponsoring institution is not a hospital, up to but not exceeding:
    - a. The amount calculated for the hospital at subsection (D)(4)(b)(iii), or
    - b. The median of all amounts calculated at subsection (D)(4)(b)(iii) if no amount was calculated for the hospital.
- E.** Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.
- F.** The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to

qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals specified by the local, county, or tribal government for indirect program costs other than those reimbursed under subsection (D). Funds transferred and available under this subsection shall be distributed in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 1782, effective June 30, 2007 (Supp. 07-2). Amended by exempt rulemaking at 13 A.A.R. 4032, effective November 1, 2007 (Supp. 07-4).

#### R9-22-712.06. Reserved

#### R9-22-712.07. Rural Hospital Inpatient Fund Allocation

A. For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:

1. "Calculated inpatient costs" means the sum of inpatient covered charges multiplied by the Milliman study's implied cost-to-charge ratio of .8959.
2. "Claims paid amount" means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered during the previous state fiscal year.
3. "Fund" means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02 and any federal funds that are available for matching the state funds.
4. "Inpatient covered charges" means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.
5. "Milliman study" means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled "Evaluation of the AHCCCS Inpatient Hospital Reimbursement System" prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.
6. "Rural hospital" means a health care institution that is licensed as a hospital by the Arizona Department of Health Services for the previous state fiscal year and is not a hospital operated by IHS or a special hospital that limits the care provided to rehabilitation service and:
  - a. Has 100 or fewer beds and is located in a county with a population of less than 500,000 persons, or
  - b. Is designated as a critical access hospital for the majority of the previous state fiscal year.
7. "Total inpatient payments" means the sum of:

- a. The claims paid amount,
  - b. Any disproportionate share hospital payments for the previous fiscal year, and
  - c. The inpatient component of any Critical Access Hospital payments made to the hospital for the previous state fiscal year.
- B. Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:
1. Rural hospitals with fewer than 26 PPS beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
  2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds; and
  3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds.
- C. The Administration shall allocate the Fund to each pool according to the ratio of total inpatient payments to all hospitals assigned to the pool to total inpatient payments to all rural hospitals.
- D. The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.
- E. The Administration shall not make a Fund payment to a hospital that will result in the hospital's total inpatient payments plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
1. If a hospital's total inpatient payments plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's total inpatient payments.
  2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
- F. If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.
- G. Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

#### Exhibit 1. Pool Example

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation (\$2,000,000 + \$3,000,000 = \$5,000,000).

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

**R9-22-712.10. Outpatient Hospital Reimbursement: General**

- A.** Effective rule. The outpatient hospital reimbursement rules apply to dates of service beginning July 1, 2005, subject to Laws 2004, Ch. 279, § 19.
- B.** Basis For Payment. Except as provided under R9-22-712.30, AHCCCS shall pay for designated outpatient procedures provided to AHCCCS members according to the AHCCCS Outpatient Capped Fee-For-Service Schedule as defined in R9-22-712.20.
- C.** Data. AHCCCS shall use Medicare Cost Report and adjudicated claim and encounter data from non-IHS acute care hospitals located in the state of Arizona to develop fees for the AHCCCS Outpatient Capped Fee-For-Service Schedule.
- D.** Hospital Services Subject To Fees. AHCCCS shall reimburse services, in the following outpatient hospital categories under the AHCCCS Outpatient Capped Fee-For-Service Schedule:
  1. Surgery,
  2. Emergency Department,
  3. Laboratory,
  4. Radiology,

5. Clinic, and
6. Other services.

- E.** Reimbursement. AHCCCS shall reimburse outpatient hospital services by procedure codes, in proper combination with revenue codes, as prescribed by AHCCCS.

- A.** To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:
  1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
  2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
  3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
  4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
  5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
  6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
  7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
  8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHC-

- CCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
    - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
    - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
    - c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
  10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
  11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.
- B.** For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-Service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.
1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
  2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.
- C.** The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

#### **R9-22-712.30. Outpatient Hospital Reimbursement: Payment for a Service Not Listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule**

- A.** AHCCCS shall calculate a statewide CCR for a service where a specific fee cannot be determined under R9-22-712.20.
- B.** For claims with a begin date of service on or before September 30, 2011, the statewide CCR shall be calculated based on the costs and covered charges associated with a service under subsection (A) for all Arizona hospitals, using the method specified in R9-22-712.20(A)(3).
- C.** For all claims with a begin date of service on or after October 1, 2011, the statewide CCR calculation shall equal either the CMS Medicare Outpatient Urban Cost-to-charge Ratio or the CMS Medicare Outpatient Rural Cost-to-charge Ratio published by CMS for the state of Arizona. AHCCCS shall use the urban cost-to-charge ratio for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. AHCCCS shall use the rural cost-to-charge ratio for hospitals located in a county of fewer than 500,000 residents. On October 1st of each year, AHCCCS shall adjust urban and rural CCRs to the CCRs as published by CMS in the *Federal Register* on or before August 1st of that year.
- D.** To determine the payment amount for procedures where a specific fee is not determined under R9-22-712.20, the statewide CCR is multiplied by the covered charges.
- E.** Reductions to payments for outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule. Outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rate published by CMS pursuant to subsection (C) of this Section.

- A.** For all claims with a begin date of service on or before September 30, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule established under R9-22-712.20 (except for laboratory services and out-of-state hospital services) for the following hospitals submitting any claims:
1. By 48 percent for public hospitals on July 1, 2005, and hospitals that were public anytime during the calendar year 2004;
  2. By 45 percent for hospitals in counties other than Maricopa and Pima with more than 100 Medicare PPS beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
  3. By 50 percent for hospitals in counties other than Maricopa and Pima with 100 or less Medicare PPS beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
  4. By 115 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the criteria during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
  5. By 113 percent for a Freestanding Children's Hospital with at least 110 pediatric beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective; or
  6. By 14 percent for a University Affiliated Hospital which is a hospital that has a majority of the members of its board of directors appointed by the Board of Regents during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective.
- B.** For all claims with a begin date of service on or after October 1, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services) for the following hospitals. A hospital shall receive an increase from only one of the following categories:
1. By 73 percent for public hospitals;
  2. By 31 percent for hospitals in counties other than Maricopa and Pima with more than 100 licensed beds as of October 1 of that contract year;
  3. By 37 percent for hospitals in counties other than Maricopa and Pima with 100 or fewer licensed beds as of October 1 of that contract year;
  4. By 100 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the critical access criteria;
  5. By 78 percent for a Freestanding Children's Hospital with at least 110 pediatric beds as of October 1 of that contract year; or
  6. By 41 percent for a University Affiliated Hospital, which is a hospital that has a majority of the members of its board of directors appointed by the Arizona Board of Regents.
- C.** In addition to subsections (A) and (B), an Arizona Level 1 trauma center as defined by R9-22-2101 shall receive a 50 percent increase to the Outpatient Capped Fee-for-service Sched-

ule (except for laboratory services and out-of-state hospital services) for Level 2 and 3 emergency department procedures.

- D.** Hospitals with greater than 100 pediatric beds not receiving an increase under subsection (B) shall receive an 18 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services).
- E.** Fee adjustments made under subsection (A), (B), (C) and (D) are on file with AHCCCS and current adjustments are posted on AHCCCS' web site.

- A.** Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
- B.** APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C.** Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
  2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.
- D.** Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E.** Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F.** Statewide CCR.:

1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
  2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).
- G. Other Updates.** In addition to the other updates provided for in this section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

#### R9-22-712.60 Diagnosis Related Group Payments

- A.** Inpatient hospital services with discharge dates on or after October 1, 2014, shall be reimbursed using the diagnosis related group (DRG) payment methodology described in this section and sections R9-22-712.61 through R9-22-712.81.
- B.** Payments made using the DRG methodology shall be the sole reimbursement to the hospital for all inpatient hospital services and related supplies provided by the hospital. Services provided in the emergency room, observation area, or other outpatient departments that are directly followed by an inpatient admission to the same hospital are not reimbursed separately. They are reimbursed through the DRG methodology and not reimbursed separately.
- C.** Each claim for an inpatient hospital stay shall be assigned a DRG code and a DRG relative weight based on version 31 of the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health Information Systems. If version 31 of the APR-DRG classification system will no longer support assigning DRG codes and relative weights to claims, and 3M Health Information Systems issues a newer version of the APR-DRG classification system using updated DRG codes and/or updated relative weights, then the more current version established by 3M Health Information Systems will be used; however, if the newer version employs updated relative weights, those weights will be adjusted using a single adjustment factor applied to all relative weights to ensure that the statewide weighted average of the updated relative weights does not increase or decrease from the statewide weighted average of the relative weights used under version 31.
- D.** Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to quick pay discounts and slow pay penalties under A.R.S. 36-2904.

- E. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to the Urban Hospital Reimbursement Program under R9-22-718.
- F. For purposes of this section and sections R9-22-712.61 through R9-22-712.81:
  1. “DRG National Average length of stay” means the national arithmetic mean length of stay published in version 31 of the All Patient Refined Diagnosis Related Group (APR-DRG) classification established by 3M Health Information Systems.
  2. “Length of stay” means the total number of calendar days of an inpatient stay beginning with the date of admission through discharge, but not including the date of discharge (including the date of a discharge to another hospital, i.e., a transfer) unless the member expires.
  3. “Medicare” means Title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq.
  4. “Medicare labor share” means a hospital’s labor costs as a percentage of its total costs as determined by CMS for purposes of the Medicare Inpatient Prospective Payment System.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### R9-22-712.61. DRG Payments: Exceptions

- A. Notwithstanding section R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E. Jefferson St., Phoenix, AZ. If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the outlier CCR. The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS. The resulting amount will be the total reimbursement for the claim. There is no provision for outlier payments for hospitals described under subsection (A)(3).
  1. Hospitals designated as type: hospital, subtype; rehabilitation in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website in March of each year;
  2. Hospitals designated as type: hospital, subtype: long term in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
  3. Hospitals designated as type: hospital, subtype; psychiatric in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
  4. Transplant facilities to the extent the inpatient days associated with the transplant exceed the terms of the contract.
- B. Notwithstanding section R9-22-712.60, claims for inpatient services that are covered by a RBHA or TRBHA, where the primary diagnosis is a behavioral health diagnosis, shall be reimbursed as prescribed by ADHS; however, if the primary diagnosis is a medical diagnosis, the claim shall be processed

under the DRG methodology described in this section, even if behavioral health services are provided during the inpatient stay.

- C. Notwithstanding section R9-22-712.60, claims for services associated with transplant services shall be paid in accordance with the contract between the AHCCCS administration and the transplant facility.
- D. Notwithstanding section R9-22-712.60, claims from an IHS facility or from a hospital operated as a 638 facility shall be paid the all-inclusive rate on a per visit basis in accordance with the rates published annually by IHS in the federal register. A 638 facility is a hospital operated by an Indian tribe or tribal organization, as defined in 25 USC 1603, funded, in whole or part, by the IHS as provided for in a contract or compact with IHS under 25 U.S.C. §§ 450 through 458aaa-18.

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### R9-22-712.62. DRG Base Payment

- A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital’s labor-related share of that amount is adjusted by the hospital’s wage index, where the standardized amount is \$5,295.40, and the hospital’s labor share and the hospital’s wage index are those used in the Medicare inpatient prospective payment system for the fiscal year beginning October 1, 2013.
- C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the “pre-HCAC” DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the “post-HCAC” DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount

Notwithstanding section R9-22-712.62, the amount of \$3,436.08 shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:

1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
2. Hospitals designated as type: hospital, subtype: short-term that has a license number beginning “SH” in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.64.DRG Base Payments and Outlier CCR for Out-of-State Hospitals****A. DRG Base payment:**

1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be \$5,184.75.

**B. Outlier CCR:**

1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.

**C.** A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2010.

**D.** Other than as required by this section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.65.DRG Provider Policy Adjustor**

**A.** After calculating the DRG base payment as required in sections R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor of 1.055.

**B.** A hospital is a high-utilization hospital if the hospital had:

1. At least 46,112 AHCCCS-covered inpatient days using adjudicated claim and encounter data during the fiscal year beginning October 1, 2010, which is equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals of 11,528 days; and,
2. A Medicaid inpatient utilization rate greater than 30% calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital's Medicare Cost Report for the fiscal year ending 2011.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.66.DRG Service Policy Adjustor**

In addition to subsection R9-22-712.65, for claims with DRG codes in the following categories, the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code, and the DRG provider policy adjustor shall be multiplied by the following service policy adjustors:

1. Normal newborn DRG codes: 1.55
2. Neonates DRG codes: 1.10
3. Obstetrics DRG codes: 1.55
4. Psychiatric DRG codes: 1.65
5. Rehabilitation DRG codes: 1.65

6. Claims for members under age 19 assigned DRG codes other than listed above: 1.25

**Historical Note**

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.67.DRG Reimbursement: Transfers**

**A.** For purposes of this subsection a “transfer” means the transfer of a member from a hospital to a short-term general hospital for inpatient care, to a designated cancer center or children’s hospital, or a critical access hospital.

**B.** Designated cancer center or children’s hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.

**C.** The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.

**D.** The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjustors, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.

**E.** The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.

**F.** Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjustors, or the transfer DRG base payment, whichever is less.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.68.DRG Reimbursement: Unadjusted Outlier Add-on Payment**

**A.** Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.

**B.** The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:

1. For hospitals designated as type: hospital, subtype: children’s in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.

**C.** AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.

**D.** The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss

amount is \$5,000 for critical access hospitals and \$65,000 for all other hospitals.

- E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage is 90% for claims assigned DRG codes associated with the treatment of burns and 80% for all other claims.

#### **R9-22-712.69.DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment**

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.70.Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members**

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as

described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.

2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.71.Final DRG Payment**

- A. The final DRG payment is the sum of the final DRG base payment and the final DRG outlier add-on payment. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
- B. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
- C. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration's website and is on file for public inspection at the AHCCCS administration located at 701 E. Jefferson St., Phoenix, AZ.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.72.DRG Reimbursement: Enrollment Changes During an Inpatient Stay**

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission. The claim may include all surgical procedures performed during the entire inpatient stay, but the hospital shall only include revenue codes, service units, and charges for services performed on or after the date of enrollment.

- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the same manner as other interim claims as described in R9-22-712.76.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.73.DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare**

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.74.DRG Reimbursement: Third Party Liability**

DRG payments are subject to reduction based on cost avoidance under section R9-22-1003 and other rules regarding first-and third-party liability under Article 10 of this Chapter including cost avoidance for claims for ancillary services covered under Part B of Medicare.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.75.DRG Reimbursement: Payment for Administrative Days**

- A. Administrative days are days of a hospital stay in which a member does not meet criteria for an acute inpatient stay, but is not discharged because an appropriate placement outside the hospital is not available, the Administration or the contractor fail to provide for the appropriate placement outside the hospital in a timely manner, or the member cannot be safely discharged or transferred.
- B. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital's administrative or operational delays.
- C. Prior authorization is required for administrative days.
- D. A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.
- E. Administrative days are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care (e.g., as nursing facility days).

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.76.DRG Reimbursement: Interim Claims**

- A. For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.

- B. Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.

- C. Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.77.DRG Reimbursement: Admissions and Discharges on the Same Day**

- A. Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B. Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired on the date of discharge shall be reimbursed under the DRG methodology.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.78.DRG Reimbursement: Readmissions**

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.79.DRG Reimbursement: Change of Ownership**

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

#### Historical Note

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

#### **R9-22-712.80.DRG Reimbursement: New Hospitals**

- A. DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in section R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in section R9-22-712.62(B) shall be calculated as the statewide standardized amount of \$5,295.40 after adjusting that amount for the labor-related share and the wage index published by CMS as described in section R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in section R9-22-712.62(B).
- B. Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the

impact file described in section R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in section R9-22-712.68(C).

- C. In addition to the requirement of this section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### R9-22-712.81. DRG Reimbursement: Updates

In addition to the other updates provided for in sections R9-22-712.60 through R9-22-712.80, the Administration may adjust the statewide standardized amount in section R9-22-712.62, the base payments in sections R9-22-712.63 and R9-22-712.64, the provider policy adjustor in section R9-22-712.65, service policy adjustors section R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in section R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

#### Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

#### R9-22-713. Overpayment and Recovery of Indebtedness

- A. If a contractor or a subcontracting provider receives an overpayment from the Administration or otherwise becomes indebted to the Administration, the contractor or subcontracting provider shall immediately remit the amount of the indebtedness or overpayment to the Administration for deposit in the AHCCCS fund.
- B. If the funds described in subsection (A) are not remitted, the Administration may recover the funds paid by the Administration to a contractor or subcontracting provider through:
1. A repayment agreement executed with the Administration;
  2. Withholding or offsetting against current or future payments to be paid to the contractor or subcontracting provider; or
  3. Enforcement of, or collection against, the performance bond, financial reserve, or other financial security under A.R.S. § 36-2903.

#### Historical Note

Adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule identical to the emergency (Supp. 83-3). Former Section R9-22-713 repealed, new Section R9-22-713 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-713 renumbered and amended as Section R9-22-714, former Section R9-22-709 renumbered and amended as Section R9-22-713 effective October 1, 1985 (Supp. 85-5). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002

(Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

#### R9-22-714. Payments to Providers

- A. Provider agreement. The Administration or a contractor shall not reimburse a covered service provided to a member unless the provider has signed a provider agreement with the Administration that establishes the terms and conditions of participation and payment under A.R.S. § 36-2904.
- B. Provider reimbursement. The Administration or a contractor shall reimburse a provider for a service furnished to a member only if:
1. The provider personally furnishes the service to a specific member. For purposes of this Section, services personally furnished by a provider include:
    - a. Services provided by medical residents or dental students in a teaching environment; or
    - b. Services provided by a licensed or certified assistant under the general supervision of a licensed practitioner in accordance with 4 A.A.C. 24, 9 A.A.C. 16, 4 A.A.C. 43, or 4 A.A.C. 45;
  2. The provider verifies that individuals who have provided services described in subsection (B)(1) have not been placed on the List of Excluded Individuals/Entities (LEIE) maintained by the United States Department of Health and Human Services Office of the Inspector General (OIG), located at OIG's web site;
  3. The service contributes directly to the diagnosis or treatment of the member; and
  4. The service ordinarily requires performance by the type of provider seeking reimbursement.
- C. The Administration or a contractor may make a payment for covered services only:
1. To the provider;
  2. To anyone specified in a reassignment from the provider to a government agency or reassignment by a court order;
  3. To a business agent, if the agent's compensation for the service is:
    - a. Related to the cost of processing the billing;
    - b. Not related on a percentage or other basis to the amount that is billed or collected; and
    - c. Not dependent upon collection of the payment;
  4. To the employer of the provider, if the provider is required as a condition of employment to turn over the provider's fees to the employer;
  5. To the inpatient facility in which the service is provided, if the provider has a contract under which the inpatient facility submits the claim; or
  6. To a foundation, plan, or similar organization operating an organized health care delivery system, if the provider has a contract under which the foundation, plan or similar organization submits the claim.
- D. The Administration or a contractor shall not make a payment to or through a factor, either directly or by power of attorney, for a covered service furnished to a member by a provider.
- E. Reimbursement for a pathology service. Unless otherwise specified in a contract, the Administration or a contractor shall reimburse a pathologist for a pathology service furnished to a member only if the other requirements in this Section are met and the service is:
1. A surgical pathology service;
  2. A specific cytopathology, hematology, or blood banking pathology service that requires performance by a physician and is listed in the capped fee-for-service schedule;
  3. A clinical consultation service that:

- a. Is requested by the member's attending physician or primary care physician,
- b. Is related to a test result that is outside the clinically significant normal or expected range in view of the condition of the member,
- c. Results in a written narrative report included in the member's medical record,
- d. Requires the exercise of medical judgment by the consultant pathologist, and
- e. Is listed in the capped fee-for-service schedule; or
- 4. A clinical laboratory interpretative service that:
  - a. Is requested by the member's attending physician or primary care physician,
  - b. Results in a written narrative report included in the member's medical record,
  - c. Requires the exercise of medical judgment by the consultant pathologist, and
  - d. Is listed in the capped fee-for-service schedule.

**Historical Note**

Adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule is similar to the emergency (Supp. 83-3). Repealed effective October 1, 1983 (Supp. 83-5). Former Section R9-22-713 renumbered and amended as Section R9-22-714 effective October 1, 1985 (Supp. 85-5). **R9-22-715. Hospital Rate Negotiations**

- A. A contractor that negotiates with hospitals for inpatient or outpatient services shall reimburse hospitals for services rendered on or after March 1, 1993, as described in A.R.S. § 36-2903.01 and this Article, or at the negotiated rate that, in the aggregate, does not exceed reimbursement levels that would have been paid under A.R.S. § 36-2903.01, and this Article. This subsection does not apply to urban hospitals described under R9-22-718. Contractors may engage in rate negotiations with a hospital at any time during the contract period.
- B. The Administration may negotiate or contract with a hospital on behalf of a contractor for discounted hospital rates and may require that the negotiated discounted rates be included in a subcontract between the contractor and hospital.

**R9-22-718. Urban Hospital Inpatient Reimbursement Program**

- A. Definitions. The following definitions apply to this Section:
  - 1. "Noncontracted Hospital" means an urban hospital which does not have a contract under this Section with an urban contractor in the same county.
  - 2. "Rural Contractor" means a contractor or program contractor as defined in A.R.S. Title 36, Chapter 29 that does not provide services to members residing in either Maricopa or Pima County.
  - 3. "Urban Contractor" means a contractor or program contractor as defined in A.R.S. Title 36, Chapter 29, that provides services to members residing in Maricopa or Pima County and may also provide services to members who reside in other counties. An urban contractor does not include ADHS/BHS, or a TRBHA.
  - 4. "Rural Hospital" means a hospital, as defined in R9-22-712.07, that is physically located in Arizona but in a county other than Maricopa and Pima County.
  - 5. "Urban Hospital" means a hospital that is not a rural hospital and is physically located in Maricopa or Pima County.
- B. General Provisions.

1. This Section applies to an urban hospital who receives payment for inpatient hospital services under A.R.S. §§ 36-2903.01 and 36-2904.
  2. AHCCCS shall operate an inpatient hospital reimbursement program under A.R.S. § 36-2905.01 and this Section.
  3. Residency of the member receiving inpatient AHCCCS covered services is not a factor in determining which hospitals are required to contract with which contractors.
  4. An urban contractor shall enter into a contract for reimbursement for inpatient AHCCCS covered services with one or more urban hospitals located in the same county as the urban contractor.
  5. A noncontracted urban hospital shall be reimbursed for inpatient services by an urban contractor at 95% of the amount calculated as defined in A.R.S. § 36-2903.01 and this Article, unless otherwise negotiated by both parties.
- C. Contract Begin Date.** A contract under this Article shall cover inpatient acute care hospital services for members with hospital admissions on and after October 1, 2003.
- D. Outpatient urban hospital services.** Outpatient urban hospital services, including observation days and emergency room treatments that do not result in an admission, shall be reimbursed either through an urban hospital contract negotiated between a contractor and an urban hospital, or the reimbursement rates set forth in A.R.S. § 36-2903.01. Outpatient services in an urban hospital that result in an admission shall be paid as inpatient services in accordance with this Section.
- E. Urban Hospital Contract.**
1. Provisions of an urban hospital contracts. The urban hospital contract shall contain but is not limited to the following provisions:
    - a. Required provisions as described in the Request for Proposals (RFP);
    - b. Dispute settlement procedures. If the AHCCCS Grievance System prescribed in A.R.S. § 36-2903.01(B) and rule is not used, then arbitration shall be used;
    - c. Arbitration procedure. If arbitration is used, the urban hospital contract shall identify:
      - i. The parties' agreement on arbitrating claims arising from the contract,
      - ii. Whether arbitration is nonbinding or binding,
      - iii. Timeliness of arbitration,
      - iv. What contract provisions may be appealed,
      - v. What rules will govern arbitrations,
      - vi. The number of arbitrators that shall be used,
      - vii. How arbitrators shall be selected, and
      - viii. How arbitrators shall be compensated.
    - d. Timeliness of claims submission and payment;
    - e. Prior authorization;
    - f. Concurrent review;
    - g. Electronic submission of claims;
    - h. Claims review criteria;
    - i. Payment of discounts or penalties such as quick-pay and slow-pay provisions;
    - j. Payment of outliers;
    - k. Claim documentation specifications under A.R.S. § 36-2904.
    - l. Treatment and payment of emergency room services; and
    - m. Provisions for rate changes and adjustments.
  2. AHCCCS review and approval of urban hospital contracts:
    - a. AHCCCS may review, approve, or disapprove the hospital contract rates, terms, conditions, and amendments to the contract;
    - b. The AHCCCS evaluation of each urban hospital contract shall include but not be limited to the following areas:
      - i. Availability and accessibility of services to members,
      - ii. Related party interests,
      - iii. Inclusion of required terms pursuant to this Section, and
      - iv. Reasonableness of the rates.
- F. Quick-Pay/Slow-Pay.** A payment made by urban contractor to a noncontracted hospital shall be subject to quick-pay discounts and slow-pay penalties under A.R.S. § 36-2904.

**Historical Note**

Adopted under an exemption from the provisions of the Administrative Procedure Act, effective January 29, 1997; pursuant to Laws 1996, Ch. 288, § 24 (Supp. 97-1). Amended by exempt rulemaking at 10 A.A.R. 500, effective February 1, 2004 (Supp. 04-1). Amended by exempt rulemaking at 13 A.A.R. 3190, effective October 1, 2007 (Supp. 07-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-719. Contractor Performance Measure Outcomes**

The Administration may retain a specified percentage of capitation reimbursement to distribute to contractors based on their performance measure outcomes under A.R.S. § 36-2904. The Administration shall notify contractors 60 days prior to a new contract year if this methodology is implemented. The Administration shall specify the details of the reimbursement methodology in contract.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

**R9-22-720. Reinsurance**

- A.** Reinsurance is a stop-loss program provided by the Administration to a contractor for partial reimbursement of the cost of covered services for a member with an acute medical condition when the cost of covered services exceeds a pre-determined deductible level amount within a contract year. The Administration self-insures the reinsurance program through a reduction to capitation rates. The reinsurance program also includes a catastrophic reinsurance program for members diagnosed with specific medical conditions.
- B.** The Administration shall specify in contract guidelines for claims submission, processing, payment, and the types of care and services that are provided to a member whose care is covered by reinsurance.
- C.** When the Administration determines that a contractor does not follow the specified guidelines for care or services and the care or services could have been provided at a lower cost according to the guidelines, the Administration shall reimburse the contractor as if the care or services had been provided as specified in the guidelines.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

**A.** For purposes of this Section, the following terms are defined as provided below unless the context specifically requires another meaning:

1. “2011 Medicare Cost Report” means:
  - a. The Medicare Cost Report for the hospital fiscal year ending in calendar year 2011 as reported in the CMS Healthcare Provider Cost Reporting Information System (HCRIS) release dated December 31, 2012; or
  - b. For hospitals not included in that CMS HCRIS report, the “as filed” Medicare Cost Report for the hospital fiscal year ending in calendar year 2011 submitted by the hospital to the Administration.
2. “2011 Uniform Accounting Report” means the Uniform Accounting Report submitted to the Arizona Department of Health Services as of December 19, 2012.
3. “2012 Uniform Accounting Report” means the Uniform Accounting Report submitted to the Arizona Department of Health Services as of August 2, 2013.
4. “Quarter” means the three month period beginning January 1, April 1, July 1, and October 1 of each year.

**B.** Beginning January 1, 2014, for each Arizona licensed hospital not excluded under subsection (I) shall be subject to an assessment payable on a quarterly basis. The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E) and (F). For the period of July 1, 2014 through June 30, 2015, the assessment shall be calculated by multiplying the number of discharges reported on the hospital’s 2011 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as “Other Long Term Care Discharges” by the following rates based on the hospital’s peer group:

1. \$387.00 per discharge for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.
2. \$387.00 per discharge for hospitals designated as type: hospital, subtype: critical access hospital.
3. \$96.75 per discharge for hospitals designated as type: hospital, subtype: long term.
4. \$96.75 per discharge for hospitals designated as type: hospital, subtype: psychiatric, that reported 2,500 or more discharges on the 2011 Medicare Cost Report.
5. \$309.50 per discharge for hospitals designated as type: hospital, subtype: short-term with 20% or more of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital’s 2012 Uniform Accounting Report.
6. \$348.25 per discharge for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as

reported in the hospital’s 2012 Uniform Accounting Report.

7. \$387.00 per discharge for hospitals designated as type: hospital, subtype: short-term not included in another peer group.
- C.** Peer groups for the four quarters beginning July 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website March 1, 2013.
- D.** Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital’s 2011 Medicare Cost Report, are assessed a rate of \$96.75 for each discharge from the psychiatric sub-provider as reported in the 2011 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).
- E.** Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital’s 2011 Medicare Cost Report, are assessed a rate of \$0 for each discharge from the rehabilitative sub-provider as reported in the 2011 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).
- F.** Notwithstanding subsection (B), for any hospital that reported more than 29,000 discharges on the hospital’s 2011 Medicare Cost Report, discharges in excess of 29,000 are assessed a rate of \$38.75 for each discharge in excess of 29,000. The initial 29,000 discharges are assessed at the rate required by subsection (B).
- G.** Assessment notice. On or before the 15th day of the quarter, the Administration shall send to each hospital a notification that the assessment invoice is available to be viewed on a secure website. The invoice shall include the hospital’s peer group assignment and the assessment due for the quarter.
- H.** Assessment due date. Assessment must be received by the Administration by the 15th day of the second month of the quarter.
- I.** Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital’s 2011 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March 1, 2013:
  1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
  2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning “SH”.
  3. Hospitals designated as type: hospital, subtype: psychiatric that reported fewer than 2,500 discharges on the 2011 Medicare Cost Report.
  4. Hospitals designated as type: hospital, subtype; rehabilitation.
  5. Hospitals designated as type: hospital, subtype: children’s.
  6. Hospitals designated as type: med-hospital, subtype: special hospitals.
  7. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.

- J.** New hospitals. For hospitals that did not file a 2011 Medicare Cost Report because of the date the hospital began operations, the hospital assessment will begin with the hospital's second quarter of operation but no sooner than January 1, 2014. The assessment will be based on the number of discharges reported by the hospital to AHCCCS for prior quarters until the hospital files its initial Medicare Cost Report. Thereafter, the assessment will be based on the discharges reported in the hospital's initial Medicare Cost Report.
- K.** Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- L.** Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- M.** Required information. For any hospital that has not filed a 2011 Medicare Cost report, or if the 2011 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the assessment, the Administration shall use data reported on the 2011 Uniform Accounting Report filed by the hospital in place of the 2011 Medicare Cost report to calculate the assessment. If the 2011 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2011 Medicare Cost report to calculate the assessment.
- N.** The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in 36-2901.08.
- O.** Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.

### **ARTICLE 10. FIRST- AND THIRD-PARTY LIABILITY AND RECOVERIES**

#### **R9-22-1001. Definitions**

In addition to the definitions in A.R.S. §§ 36-2901, 36-2923 and 9 A.A.C. 22, Article 1, the following definitions apply to this Article: “Cost avoid” means to deny a claim and return the claim to the provider for a determination of the amount of first- or third-party liability.

“First-party liability” means the obligation of any insurance plan or other coverage obtained directly or indirectly by a member that provides benefits directly to the member to pay all or part of the expenses for medical services incurred by AHCCCS or a member.

“Third-party” means a person, entity, or program that is, or may be, liable to pay all or part of the medical cost of injury, disease, or disability of an applicant or member.

“Third-party liability” means any individual, entity, or program that is or may be liable to pay all or part of the expenditures for medical assistance furnished to a member under a state plan.

##### **Historical Note**

#### **R9-22-1003. Cost Avoidance**

- A. The Administration’s reimbursement responsibility.
  1. The Administration shall pay no more than the difference between the Capped Fee-For-Service schedule and the amount of the third-party liability, unless Medicare is the third-party.
  2. If Medicare is the third-party that is liable, the Administration shall pay the Medicare copayment and deductible regardless of the Capped Fee-For-Service Schedule.
- B. The Contractor’s reimbursement responsibility.
  1. If the contract between the contractor and the provider does not state otherwise, a contractor shall pay no more than the difference between the contracted rate and the amount of the third-party liability.
  2. If the provider does not have a contract with the contractor, a contractor shall pay no more than the difference between the Capped Fee-For-Service rate and the amount of the third-party liability.
- C. The requirement to cost avoid applies to all AHCCCS-covered services under Article 2 of this Chapter, unless otherwise specified in this Section. The following parties shall take reasonable measures to identify potentially legally liable first- or third-party sources:
  1. AHCCCS, the Administration, or a contractor;
  2. A provider;
  3. A noncontracting provider; and
  4. A member.
- D. When the Administration or a contractor determines that a third party may be liable for services provided, the Administration or contractor shall pay the full amount of the claim according to the Capped-Fee-For-Service Schedule and then seek reimbursement, when:
  1. The claim is for labor and delivery and postpartum care; or
  2. The liability is from an absent parent, and the claim is for prenatal care or EPSDT services.

##### **Historical Note**

#### R9-22-1008. Notification Information for Liens

- A. Except as provided in subsection (B), a hospital, provider, and noncontracting provider identified in R9-22-1007 shall provide the following information to AHCCCS in writing:
  1. Name of the hospital, provider or noncontracting provider;
  2. Address of the hospital, provider or noncontracting provider;
  3. Name of member;
  4. Member's Social Security Number or AHCCCS identification number;
  5. Address of member;
  6. Date of member's admission or date service is provided;
  7. Amount estimated to be due for care of member;
  8. Date of discharge, if member has been discharged;
  9. Name of county in which injuries were sustained; and
  10. Name and address of all persons, firms, and corporations and their insurance carriers identified by the member or legal representative as being liable for damages.
- B. If the date of discharge is not known at the time the information in subsection (A) is provided, a party identified in subsection (A) shall notify AHCCCS of the date of discharge within 30 days after the member has been discharged.

#### Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1).

#### R9-22-1009. Notification of Health Insurance Information

A provider or noncontracting provider shall notify AHCCCS, in writing, of the following health insurance information within 10 days of receipt of the health insurance information:

1. Name of member,
2. Member's Social Security Number or AHCCCS identification number,
3. Insurance carrier name,
4. Insurance carrier address,
5. Policy number or insurance holder's Social Security Number,
6. Policy begin and end dates, and
7. Insurance holder's name.

### ARTICLE 11. CIVIL MONETARY PENALTIES AND ASSESSMENTS

#### R9-22-1101. Basis for Civil Monetary Penalties and Assessments for Fraudulent Claims; Definitions

- A. Scope. This Article applies to prohibited acts as described under A.R.S. § 36-2918(A), and submissions of encounters to the Administration. The Administration considers a person who aids and abets a prohibited act affecting any of the AHCCCS programs or Health Care Group to be engaging in a prohibited act under A.R.S. § 36-2918(A).
- B. Purpose. This Article describes the circumstances AHCCCS considers and the process that AHCCCS uses to determine the amount of a penalty, assessment, or penalty and assessment as required under A.R.S. § 36-2918. This Article includes the process and time-frames used by a person to request a State Fair Hearing.
- C. Definitions. The following definitions apply to this Article:
  1. "Assessment" means a monetary amount that does not exceed twice the dollar amount claimed by the person for each service.

2. “Claim” means a request for payment submitted by a person for payment for a service or line item of service, including a submission of an encounter.
  3. “Day” means calendar day unless otherwise specified.
  4. “File” means the date that AHCCCS receives a written acceptance, request for compromise, request for a counter proposal, or a request for a State Fair Hearing as established by a date stamp on the written document or other record of receipt.
  5. “Penalty” means a monetary amount, based on the number of items of service claimed or reported, that does not exceed \$2,000 times the number of line items of service.
  6. “Person” means an individual or entity as described under A.R.S. § 1-215.
  7. “Reason to know” or “had reason to know” means that a person, acts in deliberate ignorance of the truth or falsity of, or with reckless disregard of the truth or falsity of information. No proof of specific intent to defraud is required.
- b. All the dates of services occurred within six months or less,
  - c. The number of claims submitted is less than 25,
  - d. The nature and circumstances do not indicate a pattern of inappropriate claims for the services, and
  - e. The total amount claimed for the services is less than \$1,000.
2. Degree of culpability. The degree of culpability of a person who presents or causes to present a claim is a mitigating circumstance if:
    - a. Each service is the result of an unintentional and unrecognized error in the process that the person followed in presenting or in causing to present the service,
    - b. Corrective steps were taken promptly by the person after the error was discovered, and
    - c. The person had a fraud and abuse control plan that was operating effectively at the time each claim was presented or caused to be presented.

#### Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).  
 Amended subsection A. effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective June 9, 1998 (Supp. 98-2).  
 Amended by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3). Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

#### R9-22-1102. Determining the Amount of a Penalty and an Assessment

- A. AHCCCS shall determine the amount of a penalty and assessment according to A.R.S. § 36-2918(B) and (C), R9-22-1104, and R9-22-1105.
- B. AHCCCS shall include in the amount of the penalty and assessment the cost incurred by AHCCCS for conducting the following:
  1. An investigation,
  2. Audit, or
  3. Inquiry.

#### Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).  
 Amended effective December 13, 1993 (Supp. 93-4).  
 Amended effective June 9, 1998 (Supp. 98-2). Section repealed; new Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
 Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

#### R9-22-1103. Repealed

#### Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).  
 Amended effective December 13, 1993 (Supp. 93-4).  
 Amended effective June 9, 1998 (Supp. 98-2). Section repealed; new Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
 Section repealed by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

#### R9-22-1104. Mitigating Circumstances

AHCCCS shall consider any of the following to be mitigating circumstances when determining the amount of a penalty, assessment, or penalty and assessment.

1. Nature and circumstances of a claim. The following are mitigating circumstances:
  - a. All the services are of the same type,

- b. All the dates of services occurred within six months or less,
  - c. The number of claims submitted is less than 25,
  - d. The nature and circumstances do not indicate a pattern of inappropriate claims for the services, and
  - e. The total amount claimed for the services is less than \$1,000.
2. Degree of culpability. The degree of culpability of a person who presents or causes to present a claim is a mitigating circumstance if:
    - a. Each service is the result of an unintentional and unrecognized error in the process that the person followed in presenting or in causing to present the service,
    - b. Corrective steps were taken promptly by the person after the error was discovered, and
    - c. The person had a fraud and abuse control plan that was operating effectively at the time each claim was presented or caused to be presented.
  3. Financial condition. The financial condition of a person who presents or causes to present a claim is a mitigating circumstance if the imposition of a penalty, assessment, or penalty and assessment without reduction will render the provider incapable to continue providing services. AHCCCS shall consider the resources available to the person when determining the amount of the penalty, assessment, or penalty and assessment.
  4. Other matters as justice may require. AHCCCS shall take into account other circumstances of a mitigating nature, if in the interest of justice, the circumstances require a reduction of the penalty, assessment, or penalty and assessment.

#### Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).  
 Amended effective June 9, 1998 (Supp. 98-2). Section repealed; new Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
 Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

#### R9-22-1105. Aggravating Circumstances

AHCCCS shall consider any of the following to be aggravating circumstances when determining the amount of a penalty, assessment, or penalty and assessment.

1. Nature and circumstances of each claim. The nature and circumstances of each claim and the circumstances under which the claim is presented or caused to be presented are aggravating circumstances if:
  - a. A person has forged, altered, recreated, or destroyed records;
  - b. The person refuses to provide pertinent documentation to AHCCCS for a claim or refuses to cooperate with investigators;
  - c. The services are of several types;
  - d. All the dates of services did not occur within six months or less;
  - e. The number of claims submitted is greater than 25;
  - f. The nature and circumstances indicate a pattern of inappropriate claims for the services; and
  - g. The total amount claimed for the services is \$5,000 or greater.
2. Degree of culpability. The degree of culpability of a person who presents or causes to present each claim is an aggravating circumstance if:
  - a. The person knows or had reason to know that each service was not provided as claimed,

- b. The person knows or had reason to know that no payment could be made because the person had been excluded from reimbursement by AHCCCS, or
  - c. The person knows or had reason to know that the payment would violate the terms of an agreement between the person and AHCCCS system.
3. Prior offenses. The prior offenses of a person who presents or causes to present each claim are an aggravating circumstance if:
- a. At any time before the submittal of the claim the person was held criminally or civilly liable for any act, or
  - b. The person had received an administrative sanction in connection with:
    - i. A Medicaid program,
    - ii. A Medicare program, or
    - iii. Any other public or private program of reimbursement for medical services.
4. Effect on patient care. The adverse effect on patient care that resulted, or could have resulted, from the failure to provide medically necessary care by a person in connection with a claim.
5. Other matters as justice may require. AHCCCS shall take into account other circumstances of an aggravating nature, if in the interest of justice, the circumstances require an increase of the penalty, assessment, or penalty and assessment.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

**R9-22-1106. Notice of Intent**

If AHCCCS imposes a penalty, assessment, or a penalty and assessment, AHCCCS shall hand deliver or send by certified mail return receipt requested or Federal Express to the person, a written Notice of Intent to impose a penalty, assessment, or a penalty and assessment. The Notice of Intent shall include:

- 1. The statutory basis for the penalty, assessment, or the penalty and assessment;
- 2. Identification of the state or federal regulation and state or federal law that AHCCCS alleges has been violated;
- 3. The factual basis for AHCCCS' determination that the penalty, assessment, or the penalty and assessment should be imposed;
- 4. The amount of the penalty, assessment, or penalty and assessment;
- 5. The process for the person to accept or request a compromise of the penalty, assessment, or penalty and assessment; and
- 6. The process for requesting a State Fair Hearing.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

**R9-22-1107. Reserved****R9-22-1108. Request for a Compromise**

- A. To request a compromise, the person shall file a written request with AHCCCS within 30 days from the date of receipt of the Notice of Intent. The written request for compromise shall contain the person's reasons for the reduction or modification of the penalty, assessment, or penalty and assessment.

- B. Within 30 days from the date of receipt of the request for compromise from the person, AHCCCS shall send a Notice of Compromise Decision that accepts, denies, or offers a counter proposal to the person's request for compromise. If AHCCCS offers a counter proposal the amount of the counter proposal shall represent the penalty, assessment, or penalty and assessment.

- 1. If AHCCCS does not withdraw the Notice of Intent under R9-22-1112 or denies the request for compromise the original penalty, assessment, or penalty and assessment is upheld.
- 2. To dispute the Compromise Decision, the person shall file a request for a State Fair Hearing under R9-22-1110 within 30 days from the date of receipt of the Notice of Compromise Decision.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

**R9-22-1109. Failure to Respond to the Notice of Intent**

If a person fails to respond timely to the Notice of Intent, AHCCCS shall uphold the original penalty, assessment, or penalty and assessment.

**R9-22-1110. Request for State Fair Hearing**

- A. To request a State Fair Hearing regarding a dispute concerning a penalty, assessment, or penalty and assessment, the person shall file a written request for a State Fair Hearing with AHCCCS within 60 days from the date of the receipt of the Notice of Intent under R9-22-1106 or within 30 days from the date of receipt of the Notice of Compromise Decision under R9-22-1108, if applicable.
- B. AHCCCS shall mail a Notice of Hearing under A.R.S. § 41-1092.05 if AHCCCS receives a timely request for a State Fair Hearing from the person.
- C. AHCCCS shall mail a Director's Decision to the person no later than 30 days after the date the Administrative Law Judge sends the decision of the Office of Administrative Hearings (OAH) to AHCCCS.
- D. AHCCCS shall accept a written request for withdrawal of a hearing request if the written request for withdrawal is received from the person before AHCCCS mails a Notice of Hearing under A.R.S. § 41-1092 et seq. If AHCCCS mailed a Notice of Hearing under A.R.S. § 41-1092 et seq., a person may withdraw the hearing request only by sending a written request for withdrawal to OAH.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).  
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

**R9-22-1111. Issues and Burden of Proof**

- A. Preponderance of evidence. In any State Fair Hearing conducted under R9-22-1110, AHCCCS shall prove by a preponderance of the evidence that a person presented or caused to be presented each claim in violation of this Article and any aggravating circumstances under R9-22-1105. A person shall bear the burden of producing and proving by a preponderance of

the evidence any circumstance that would justify reducing the amount of the penalty, assessment, or penalty and assessment.

**B. Statistical sampling.**

1. In meeting the burden of proof described in subsection (A), AHCCCS may introduce the results of a statistical sampling study as evidence of the number and amount of claims that were presented or caused to be presented by the person. A statistical sampling study constitutes prima facie evidence of the number and amount of claims if computed by valid statistical methods.
2. The burden of proof shall shift to the person to produce evidence reasonably calculated to rebut the findings of the statistical sampling study once AHCCCS has made a prima facie case as described in subsection (B)(1). AHCCCS shall be given the opportunity to rebut this evidence.

#### R9-22-1202. ADHS and Contractor Responsibilities

- A. ADHS responsibilities. Except as provided in subsection (B), behavioral health services shall be provided by a RBHA through a contract with ADHS/DBHS. ADHS/DBHS shall:
1. Be responsible for providing all inpatient emergency behavioral health services for a non-FES member with a psychiatric or substance abuse diagnosis who is enrolled with a contractor in accordance with R9-22-210.01(A)(3);
  2. Be responsible for providing all inpatient emergency behavioral health services for a FFS member with a psychiatric or substance abuse diagnosis who is not enrolled with a contractor in accordance with R9-22-210.01(A)(3);
  3. Be responsible for providing all non-inpatient emergency behavioral health services for a non-FES member in accordance with R9-22-210.01;
  4. Be responsible for providing all non-emergency behavioral health services for a non-FES member;
  5. Contract with a RBHA for the provision of behavioral health services in R9-22-1205 for all Title XIX members under A.R.S. § 36-2907. ADHS/DBHS shall ensure that a RBHA provides behavioral health services to members directly, or through subcontracts, with qualified service providers who meet the qualifications specified in R9-22-1206. If behavioral health services are unavailable within a RBHA’s GSA, ADHS/DBHS shall ensure that a RBHA provides behavioral health services to a Title XIX member outside the RBHA’s GSA;
  6. Ensure that a member’s behavioral health service is provided in collaboration with a member’s primary care provider; and
  7. Coordinate the transition of care and medical records, under A.R.S. §§ 36-2903, 36-509, R9-22-512, and in contract, when a member transitions from:
    - a. A behavioral health provider to another behavioral health provider,
    - b. A RBHA to another RBHA,
    - c. A RBHA to a contractor,
    - d. A contractor to a RBHA, or
    - e. A contractor to another contractor.

- B. ADHS/DBHS may contract with a TRBHA for the provision of behavioral health services for Native American members. Native American members may receive covered behavioral health services:
1. From an IHS facility,
  2. From a TRBHA, or
  3. From a RBHA.
- C. Contractor responsibilities. A contractor shall:
1. Refer a member to an RBHA under the contract terms;
  2. Provide EPSDT developmental and behavioral health screening as specified in R9-22-213;
  3. Provide inpatient emergency behavioral health services as specified in R9-22-1205 and R9-22-210.01 for a member not yet enrolled with a RBHA or TRBHA and all behavioral health services as specified in contract;
  4. Provide psychotropic medication services for a member, in consultation with the member’s RBHA as needed, for behavioral health conditions specified in contract and within the primary care provider’s scope of practice; and
  5. Coordinate a member’s transition of care and medical records under subsection (A)(7).

rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1).

#### **R9-22-1204. General Service Requirements**

- A.** Services. Behavioral health services include both mental health and substance abuse services.
- B.** Medical necessity. A service shall be medically necessary as provide under R9-22-201.
- C.** Prior authorization. A service shall be provided to a member under Title 36, Chapter 29, Article 1, by a contractor, subcontractor, or provider consistent with the prior authorization requirements in contract and the following:
  - 1. Emergency behavioral health services. A provider is not required to obtain prior authorization for emergency behavioral health services.
  - 2. Non-emergency behavioral health services. When a member's behavioral health condition is determined by the provider not to require emergency behavioral health services, the provider shall follow the prior authorization requirements of ADHS/DBHS or the RBHA/TRBHA.
- D.** EPSDT. For Title XIX members under age 21, EPSDT services include all medically necessary covered behavioral health services.
- E.** Experimental services. Experimental services and services that are provided primarily for the purpose of research are not covered.
- F.** Gratuities. A service or an item, if furnished gratuitously to a member, is not covered and payment to a provider shall be denied.
- G.** GSA. Behavioral health services rendered to a member shall be provided within the RBHA's GSA except when:
  - 1. A contractor's primary care provider refers a member to another area for medical specialty care,
  - 2. A member's medically necessary covered service is not available within the GSA, or
  - 3. A net savings in behavioral health service delivery costs is documented by the RBHA for a member. Undue travel time or hardship for a member or a member's family is considered for a member or a member's family in determining whether there is a net savings.
- H.** Travel. If a member travels or temporarily resides outside of a behavioral health service area, covered services are restricted to emergency behavioral health care, unless otherwise authorized by the member's RBHA or TRBHA.
- I.** Non-covered services. If a member requests a behavioral health service that is not covered or is not authorized by a RBHA or TRBHA, an AHCCCS-registered behavioral health service provider may provide the service according to R9-22-702.
- J.** Referral. If a member is referred outside of a RBHA's or TRBHA's service area to receive authorized, medically necessary behavioral health services, the TRBHA or RBHA is responsible for reimbursement if the claim is otherwise payable under this Chapter.
- K.** Restrictions and limitations.
  - 1. The restrictions, limitations, and exclusions in this Article do not apply to a contractor, ADHS/DBHS, or a RBHA when electing to provide a noncovered service.
  - 2. Room and board is not a covered service unless provided in an inpatient, Level 1 sub-acute, or residential facility under R9-22-1205.

**R9-22-1207. General Provisions for Payment**

- A.** Payment to ADHS/DBHS. The Administration shall make a monthly capitation payment to ADHS/DBHS based on the number of acute members at the beginning of each month. The Administration shall incorporate ADHS/DBHS' administrative costs into the capitation payment.
- B.** Claims submissions.
1. ADHS/DBHS shall require all service providers to submit clean claims no later than the time-frame specified in ADHS/DBHS' contract with the Administration.
  2. A provider of behavioral health services shall submit a claim for non-emergency behavioral health services provided to a member enrolled in a RBHA to the appropriate RBHA, and if not enrolled in a RBHA, to ADHS/DBHS.
  3. A provider of behavioral health services shall submit a claim for non-inpatient emergency behavioral health services provided to a member enrolled in a RBHA to the appropriate RBHA, and if not enrolled in a RBHA, to ADHS/DBHS.
  4. A provider of behavioral health services shall submit a claim for non-inpatient emergency behavioral health services provided to a member enrolled in a RBHA to the Administration.
  5. A provider of behavioral health services shall submit a claim for non-emergency behavioral health services provided to a member enrolled in a RBHA to the Administration.
  6. A provider of emergency behavioral health services, that are the responsibility of ADHS/DBHS or a contractor, shall submit a claim to the entity responsible for emergency behavioral health services under R9-22-210.01(A).
  7. A provider shall comply with the time-frames and other payment procedures in Article 7 of this Chapter, if applicable, and A.R.S. § 36-2904.
  8. ADHS/DBHS or a contractor, whichever entity is responsible for covering behavioral health services, shall cost avoid any behavioral health service claims if it establishes the existence or probable existence of first-party liability or third-party liability.
- C.** Prior authorization. Payment to a provider for behavioral health services or items requiring prior authorization may be denied if a provider does not obtain prior authorization from a RBHA, ADHS/DBHS, a TRBHA, or a contractor.

**R9-22-1208. Repealed****Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 11 A.A.R. 5480, effective December 6, 2005 (Supp. 05-4).

**ARTICLE 13. CHILDREN'S REHABILITATIVE SERVICES (CRS)**

*Article 13, consisting of Sections R9-22-1301 through R9-22-1306, made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3).*

*Article 13, consisting of Sections R9-22-1301 through R9-22-1306, made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Exemption to promulgate rules repealed under Laws 2012, Chapter 299, Section 7 (Supp. 13-3).*

*Article 13, consisting of Sections R9-22-1301 through R9-22-1309, repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004. The subject matter of Article 13 is now in 9 A.A.C. 34 (Supp. 04-1).*

**R9-22-1301. Children's Rehabilitative Services (CRS) related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning:

"Active treatment" means there is a current need for treatment or evaluation for continuing treatment of the CRS qualifying condition(s) or it is anticipated that treatment or evaluation for continuing treatment of the CRS qualifying condition(s) will be needed within the next 18 months from the last date of service for treatment of any CRS qualifying condition.

"CRS application" means a submitted form with any additional documentation required by the Administration to determine whether an individual is medically eligible for CRS.

"Chronic" means expected to persist over an extended period of time.

"CRS condition" means any of the covered medical condition(s) in R9-22-1303.

"CRS provider" means a person who is authorized by employment or written agreement with the Administration to provide covered CRS medical services to a member or covered support services to a member or a member's family.

"Functionally limiting" means a restriction having a significant effect on an individual's ability to perform an activity of daily living as determined by a CRS provider.

"Medically eligible" means meeting the medical eligibility requirements of R9-22-1303.

"Redetermination" means a decision made by the Administration regarding whether a member continues to meet the requirements in R9-22-1302.

**Historical Note**

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3).

**R9-22-1302. Children's Rehabilitative Services (CRS) Eligibility Requirements**

Beginning October 1, 2013, an AHCCCS member who needs active treatment for one or more of the qualifying medical condition(s) in R9-22-1303 shall be enrolled with the CRS contractor. An American Indian member shall obtain CRS services through the CRS contractor. A member enrolled in CMDP shall also obtain CRS

services through the CRS contractor. Initial enrollment with the CRS contractor is limited to individuals under the age of 21. The CRS contractor shall provide covered services necessary to treat the CRS condition(s) and other services described within the CRS contract. The effective date of enrollment in CRS shall be as specified in contract.

#### R9-22-1303. Medical Eligibility

The following lists identify those medical condition(s) that do qualify for the CRS program as well as those that do not qualify for the CRS program. The covered condition(s) list is all inclusive. The list of condition(s) not covered by CRS is not an all-inclusive list:

1. Cardiovascular System
  - a. CRS condition(s):
    - i. Congenital heart defect,
    - ii. Cardiomyopathy,
    - iii. Valvular disorder,
    - iv. Arrhythmia,
    - v. Conduction defect,
    - vi. Rheumatic heart disease,
    - vii. Renal vascular hypertension,
    - viii. Arteriovenous fistula, and
    - ix. Kawasaki disease with coronary artery aneurysm;
  - b. Condition(s) not medically eligible for CRS:
    - i. Essential hypertension;
    - ii. Premature atrial, nodal or ventricular contractions that are of no hemodynamic significance;
    - iii. Arteriovenous fistula that is not expected to cause cardiac failure or threaten loss of function; and
    - iv. Benign heart murmur;
2. Endocrine system:
  - a. CRS condition(s):
    - i. Hypothyroidism,
    - ii. Hyperthyroidism,
    - iii. Adrenogenital syndrome,
    - iv. Addison's disease,
    - v. Hypoparathyroidism,
    - vi. Hyperparathyroidism,
    - vii. Diabetes insipidus,
    - viii. Cystic fibrosis, and
    - ix. Panhypopituitarism;
  - b. Condition(s) not medically eligible for CRS:
    - i. Diabetes mellitus,
    - ii. Isolated growth hormone deficiency,
    - iii. Hypopituitarism encountered in the acute treatment of a malignancy, and
    - iv. Precocious puberty;
3. Genitourinary system medical condition(s):
  - a. CRS condition(s):
    - i. Vesicoureteral reflux, with at least mild or moderate dilatation and tortuosity of the ureter and mild or moderate dilatation of renal pelvis;
    - ii. Ectopic ureter;
    - iii. Ambiguous genitalia;
    - iv. Ureteral stricture;
    - v. Complex hypospadias;
    - vi. Hydronephrosis;
    - vii. Deformity and dysfunction of the genitourinary system secondary to trauma after the acute phase of the trauma has passed;
    - viii. Pyelonephritis when treatment with drugs or biologicals has failed to cure or ameliorate and surgical intervention is required;
    - ix. Multicystic dysplastic kidneys;
    - x. Nephritis associated with lupus erythematosus; and
    - xi. Hydrocele associated with a ventriculo-peritoneal shunt;
  - b. Condition(s) not medically eligible for CRS:
    - i. Nephritis, infectious or noninfectious;
    - ii. Nephrosis;
    - iii. Undescended testicle;
    - iv. Phimosis;
    - v. Hydrocele not associated with a ventriculo-peritoneal shunt;
    - vi. Enuresis;
    - vii. Meatal stenosis; and
    - viii. Hypospadias involving isolated glandular or coronal aberrant location of the urethralmeatus without curvature of the penis;
4. Ear, nose, or throat medical condition(s):
  - a. CRS condition(s):
    - i. Cholesteatoma;
    - ii. Chronic mastoiditis;
    - iii. Deformity and dysfunction of the ear, nose, or throat secondary to trauma, after the acute phase of the trauma has passed;
    - iv. Neurosensory hearing loss;
    - v. Congenital malformation;
    - vi. Significant conductive hearing loss due to an anomaly in one ear or both ears equal to or greater than a pure tone average of 30 decibels, that despite medical treatment, requires a hearing aid;
    - vii. Craniofacial anomaly that requires treatment by more than one CRS provider; and
    - viii. Microtia that requires multiple surgical interventions;
  - b. Condition(s) not medically eligible for CRS
    - i. Tonsillitis,
    - ii. Adenoiditis,
    - iii. Hypertrophic lingual frenum,
    - iv. Nasal polyp,
    - v. Cranial or temporal mandibular joint syndrome,
    - vi. Simple deviated nasal septum,
    - vii. Recurrent otitis media,
    - viii. Obstructive apnea,
    - ix. Acute perforation of the tympanic membrane,
    - x. Sinusitis,
    - xi. Isolated preauricular tag or pit, and
    - xii. Uncontrolled salivation;
5. Musculoskeletal system medical condition(s):
  - a. CRS condition(s):
    - i. Achondroplasia;
    - ii. Hypochondroplasia;
    - iii. Diastrophic dysplasia;
    - iv. Chondrodysplasia;
    - v. Chondroectodermal dysplasia;

- vi. Spondyloepiphyseal dysplasia;
- vii. Metaphyseal and epiphyseal dysplasia;
- viii. Larsen syndrome;
- ix. Fibrous dysplasia;
- x. Osteogenesis imperfecta;
- xi. Rickets;
- xii. Enchondromatosis;
- xiii. Juvenile rheumatoid arthritis;
- xiv. Seronegative spondyloarthropathy;
- xv. Orthopedic complications of hemophilia;
- xvi. Myopathy;
- xvii. Muscular dystrophy;
- xviii. Myoneural disorder;
- xix. Arthrogryposis;
- xx. Spinal muscle atrophy;
- xxi. Polyneuropathy;
- xxii. Chronic stage bone infection;
- xxiii. Chronic stage joint infection;
- xxiv. Upper limb amputation;
- xxv. Syndactyly;
- xxvi. Kyphosis;
- xxvii. Scoliosis;
- xxviii. Congenital spinal deformity;
- xxix. Congenital or developmental cervical spine abnormality;
- xxx. Hip dysplasia;
- xxxi. Slipped capital femoral epiphysis;
- xxxii. Femoral anteversion and tibial torsion;
- xxxiii. Legg-Calve-Perthes disease;
- xxxiv. Lower limb amputation, including prosthetic sequelae of cancer;
- xxxv. Metatarsus adductus;
- xxxvi. Leg length discrepancy of five centimeters or more;
- xxxvii. Metatarsus primus varus;
- xxxviii. Dorsal bunions;
- xxxix. Collagen vascular disease;
- xxxx. Benign bone tumor;
- xxxxi. Deformity and dysfunction secondary to musculoskeletal trauma;
- xxxxii. Osgood Schlatter's disease that requires surgical intervention;
- xxxxiii. Complicated flat foot, such as rigid foot, unstable subtalar joint, or significant calcaneus deformity; and
- xxxxiv. Club foot
- b. Condition(s) not medically eligible for CRS
  - i. Ingrown toenail;
  - ii. Back pain with no structural abnormality;
  - iii. Ganglion cyst;
  - iv. Flat foot other than complicated flat foot;
  - v. Fracture;
  - vi. Popliteal cyst;
  - vii. Simple bunion; and
  - viii. Carpal tunnel syndrome;
  - ix. Deformity and dysfunction secondary to trauma or injury if:
    - (1) Three months have not passed since the trauma or injury; and
    - (2) Leg length discrepancy of less than five centimeters at skeletal maturity.
- 6. Gastrointestinal system medical condition(s):
  - a. CRS condition(s):
    - i. Tracheoesophageal fistula;
    - ii. Anorectal atresia;
    - iii. Hirschsprung's disease;
    - iv. Diaphragmatic hernia;
    - v. Gastroesophageal reflux that has failed treatment with drugs or biologicals and requires surgery;
    - vi. Deformity and dysfunction of the gastrointestinal system secondary to trauma, after the acute phase of the trauma has passed;
    - vii. Biliary atresia;
    - viii. Congenital atresia, stenosis, fistula, or rotational abnormalities of the gastrointestinal tract;
    - ix. Cleft lip;
    - x. Cleft palate;
    - xi. Omphalocele; and
    - xii. Gastroschisis;
  - b. Condition(s) not medically eligible for CRS
    - i. Malabsorption syndrome, also known as short bowel syndrome,
    - ii. Crohn's disease,
    - iii. Hernia other than a diaphragmatic hernia,
    - iv. Ulcer disease,
    - v. Ulcerative colitis,
    - vi. Intestinal polyp,
    - vii. Pyloric stenosis, and
    - viii. Celiac disease;
- 7. Nervous system medical condition(s):
  - a. CRS condition(s):
    - i. Uncontrolled seizure disorder, in which there have been more than two seizures with documented adequate blood levels of one or more medications;
    - ii. Cerebral palsy;
    - iii. Muscular dystrophy or other myopathy;
    - iv. Myoneural disorder;
    - v. Neuropathy, hereditary or idiopathic;
    - vi. Central nervous system degenerative disease;
    - vii. Central nervous system malformation or structural abnormality;
    - viii. Hydrocephalus;
    - ix. Craniosynostosis of a sagittal suture, a unilateral coronal suture, or multiple sutures in a child less than 18 months of age;
    - x. Myasthenia gravis, congenital or acquired;
    - xi. Benign intracranial tumor;
    - xii. Benign intraspinal tumor;
    - xiii. Tourette's syndrome;
    - xiv. Residual dysfunction after resolution of an acute phase of vascular accident, inflammatory condition, or infection of the central nervous system;
    - xv. Myelomeningocele, also known as spina bifida;
    - xvi. Neurofibromatosis;
    - xvii. Deformity and dysfunction secondary to trauma in an individual;
    - xviii. Residual dysfunction after acute phase of near drowning; and
    - xix. Residual dysfunction after acute phase of spinal cord injury;
  - b. Condition(s) not medically eligible for CRS
    - i. Headaches;
    - ii. Central apnea secondary to prematurity;
    - iii. Near sudden infant death syndrome;
    - iv. Febrile seizures;

- v. Occipital plagiocephaly, either positional or secondary to lambdoidal synostosis;
  - vi. Trigonoccephaly secondary to isolated metopic synostosis;
  - vii. Spina bifida occulta;
  - viii. Near drowning in the acute phase; and
  - ix. Spinal cord injury in the acute phase;
  - x. Chronic vegetative state;
8. Ophthalmology:
- a. CRS condition(s):
    - i. Cataracts;
    - ii. Glaucoma;
    - iii. Disorder of the optic nerve;
    - iv. Non-malignant enucleation and post-enucleation reconstruction;
    - v. Retinopathy of prematurity; and
    - vi. Disorder of the iris, ciliary bodies, retina, lens, or cornea;
  - b. Condition(s) not medically eligible for CRS
    - i. Simple refraction error,
    - ii. Astigmatism,
    - iii. Strabismus, and
    - iv. Ptosis;
9. Respiratory system medical condition(s):
- a. CRS condition(s):
    - i. Anomaly of the larynx, trachea, or bronchi that requires surgery; and
    - ii. Nonmalignant obstructive lesion of the larynx, trachea, or bronchi;
  - b. Condition(s) not medically eligible for CRS:
    - i. Respiratory distress syndrome,
    - ii. Asthma,
    - iii. Allergies,
    - iv. Bronchopulmonary dysplasia,
    - v. Emphysema,
    - vi. Chronic obstructive pulmonary disease, and
    - vii. Acute or chronic respiratory condition requiring venting for the neuromuscularly impaired;
10. Integumentary system medical condition(s):
- a. CRS condition(s):
    - i. A craniofacial anomaly that is functionally limiting,
    - ii. A burn scar that is functionally limiting,
    - iii. A hemangioma that is functionally limiting,
    - iv. Cystic hygroma, and
    - v. Complicated nevi requiring multiple procedures;
  - b. Condition(s) not medically eligible for CRS:
    - i. A deformity that is not functionally limiting,
    - ii. A burn other than a burn scar that is functionally limiting;
    - iii. Simple nevi,
    - iv. Skin tag,
    - v. Port wine stain,
    - vi. Sebaceous cyst,
    - vii. Isolated malocclusion that is not functionally limiting,
    - viii. Pilonidal cyst,
    - ix. Ectodermal dysplasia, and
    - x. A craniofacial anomaly that is not functionally limiting;
11. Metabolic CRS condition(s):
- i. Amino acid or organic acidopathy,
  - ii. Inborn error of metabolism,
  - iii. Storage disease,
  - iv. Phenylketonuria,
  - v. Homocystinuria,
  - vi. Maple syrup urine disease,
  - vii. Biotinidase deficiency,
12. Hemoglobinopathies CRS condition(s):
- a. Sickle cell anemia,
  - b. Thalassemia.
13. Medical/behavioral condition(s) which are not medically eligible for CRS:
- a. Allergies;
  - b. Anorexia nervosa or obesity;
  - c. Autism;
  - d. Cancer;
  - e. Depression or other mental illness;
  - f. Developmental delay;
  - g. Dyslexia or other learning disabilities;
  - h. Failure to thrive;
  - i. Hyperactivity;
  - j. Attention deficit disorder; and
  - k. Immunodeficiency, such as AIDS and HIV.

**Historical Note**

Adopted effective September 9, 1998 (Supp. 98-3).  
 Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3).

**R9-22-1420. Income Eligibility Criteria**

- A.** Evaluation of income. In determining eligibility, the Administration or its designee shall evaluate the following types of income received by a person identified in subsection (B):
1. Earned income, including in-kind income, before any deductions. For purposes of this Section, in-kind income means room, board, or provision for other needs in exchange for work performed. The person identified in subsection (B) shall ensure that the provider of the in-kind income establishes and verifies the monetary value of the item provided. The provider may be, but is not limited to:
    - a. A landlord who provides all or a portion of rent or utilities in exchange for services;
    - b. A store owner who gives goods such as groceries, clothes, or furniture in exchange for services; or
    - c. An individual who trades goods such as a car, tools, trailer, building material, or gasoline in exchange for services;
  2. Self-employment income under R9-22-1424, including gross business receipts minus business expenses; and
  3. Unearned income, including deemed income under R9-22-317 from the sponsor of a non-citizen applicant.
- B.** MAGI income group. The Administration or its designee shall include the following persons in the MAGI income group:
1. When the applicant is a taxpayer include:
    - a. The applicant,
    - b. Everyone the applicant expects to claim as a tax dependent for the current year, and
    - c. The applicant's spouse, when living with the applicant.
  2. Except as provided in subsection (B)(3), when the applicant expects to be claimed as a tax dependent for the current year include:
    - a. The taxpayer claiming the applicant,
    - b. Everyone else the taxpayer expects to claim as a tax dependent,
    - c. The taxpayer's spouse when living with the taxpayer, and
    - d. The applicant's spouse, when living with the applicant.
  3. When any of the following apply, determine the persons whose income is included as described in subsection (4)(a) or (4)(b) based on the applicant's age:
    - a. The applicant expects to be claimed as a tax dependent by someone other than a spouse or natural, adopted or step-parent;
    - b. The applicant is under age 19, expects to be claimed as a tax dependent by a natural, adopted or step-parent, lives with more than one such parent and the parents do not expect to file a joint tax return; or
    - c. The applicant is under age 19 and expects to be claimed as a tax dependent by a non-custodial parent.

4. When the applicant is not a taxpayer, does not expect to be claimed as a tax dependent and is:
    - a. Under age 19. Include the income of the applicant and when living with the applicant, the applicant's:
      - i. Spouse;
      - ii. Natural, adopted and step-children;
      - iii. Natural, adopted and step-parents;
      - iv. Natural, adopted and step-siblings; and
    - b. Age 19 or older. Include the income of the applicant and when living with the applicant, the applicant's:
      - i. Spouse;
      - ii. Natural, adopted and step-children under age 19.
  5. When the applicant is a pregnant woman, the Administration or its designee shall also include the number of expected babies only for the pregnant woman's income group.
  6. When the taxpayer cannot reasonably establish that a person is the taxpayer's tax dependent, inclusion of the person in the taxpayer's MAGI income group is determined as provided in subsection (B)(4).
- C.** A person whose income is counted. The Administration or its designee shall count the MAGI-based income of all members of an applicant's MAGI income group with the following exceptions:
1. The income of an individual who is included in the MAGI income group of his or her natural, adoptive or step parent and is not expected to be required to file a tax return for the year in which eligibility for Medicaid is being determined, is not counted whether or not the individual files a tax return.
  2. The income of a tax dependent other than the taxpayer's spouse or biological, adopted or stepchild who is not expected to be required to file a tax return for the year in which eligibility for Medicaid is being determined is not counted when the tax dependent is included in the taxpayer's MAGI income group, whether or not the tax dependent files a tax return.

Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

#### R9-22-1421. MAGI based Income Eligibility

- A.** In determining eligibility, if an individual would otherwise be ineligible under this Article due to excess income, the Administration or its designee shall subtract an amount equivalent to five percentage points of the Federal Poverty Level (FPL) from the household income.
- B.** A person is eligible under this Article when:
1. Subject to subsection (A), the monthly household income does not exceed the appropriate FPL;
  2. If ineligible under (B)(1), the household income determined in accordance with 26 CFR 1.36B-1(e) is below 100 percent FPL; or
  3. For eligibility under R9-22-1437, the person's income during the period defined in R9-22-1437(C) does not exceed the FPL under R9-22-1437(B).
- C.** The Administration or its designee shall consider the following factors when determining the income period to use to determine monthly income:

1. Type of income,
2. Frequency of income,
3. If source of income is new or terminated, or
4. Income fluctuation.

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

#### R9-22-1422. Methods for Calculating Monthly Income

- A.** Projecting income.
1. Description. Projecting income is a method of determining the amount of income that a person will receive.
  2. Calculation. The Administration or its designee shall project income by:
    - a. Converting income to a monthly equivalent,
    - b. Using unconverted income, or
    - c. Prorating income to determine a monthly equivalent.
  3. Exclusion. When calculating projected monthly income, the Administration or its designee shall exclude an unusual variation in income under R9-22-1424(E), except for a month in which the variation is anticipated to occur.
- B.** Averaged income.
1. Description. Averaging income proportionally distributes the person's income received on a regular basis.
  2. Calculation. To average income, the Administration or its designee shall add the amount of the income and divide by the total number of pay periods. If the amount of income received per pay period fluctuates, and the fluctuation is expected to continue, the Administration or its designee shall:
    - a. Use the averaged weekly or bi-weekly amounts to convert weekly or bi-weekly income to a monthly equivalent;
    - b. Use the averaged monthly or semi-monthly amounts to project monthly income; and
    - c. Use the averaged hours worked and multiply the average by the current rate of pay. If there is a change in the rate of pay, use the new rate of pay when calculating projected income under subsection (A).
- C.** Prorated income.
1. Description. Prorated income evenly distributes a person's income over the period the income is intended to cover to calculate a monthly equivalent.
  2. Calculation. To prorate income, the Administration or its designee shall divide the total amount of the person's income received during the period by the number of months that the income is intended to cover.
- D.** Converted income.
1. Description. Converted income is income received weekly or biweekly that is changed to a monthly equivalent.
  2. Calculation.
    - a. The Administration or its designee shall average the weekly or bi-weekly income amounts before converting to the monthly equivalent if the person's past income fluctuates and the fluctuation is expected to recur.

- b. To convert income paid weekly to a monthly equivalent, the Administration or its designee shall multiply the weekly average by 4.3 weeks.
- c. To convert income paid bi-weekly to a monthly equivalent, the Administration or its designee shall multiply the bi-weekly average by 2.15 weeks.

**E. Unconverted income.**

- 1. Description. Unconverted income is the actual amount of income received or projected to be received during a month.
- 2. Calculation. The Administration or its designee shall sum the actual amount of income received or projected to be received during a month.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

**R9-22-1423. Calculations and Use of Methods Listed in R9-22-1422 Based on Frequency of Income**

- A. Monthly income.** If otherwise countable income is received monthly or in a lump sum, the Administration or its designee shall use the unconverted method for calculating monthly income.
  - 1. Lump sum means a nonrecurring payment that serves as a complete payment.
  - 2. Lump sum payments include but are not limited to: rebates or credits; inheritances; insurance settlements; and payments for prior months from such sources as Social Security, Railroad Retirement, or other benefits.
  - 3. A lump sum payment may include a portion intended for the current month.
- B. Weekly income.** If income is received weekly, the Administration or its designee shall convert the income to a monthly equivalent under R9-22-1422(D).
- C. Bi-weekly income.** If income is received bi-weekly, the Administration or its designee shall convert the income to a monthly equivalent under R9-22-1422(D).
- D. Semi-monthly or daily income.** If income is received semi-monthly or daily, the Administration or its designee shall use the unconverted method for calculating monthly income under R9-22-1422(E).
- E. Bimonthly, quarterly, semi-annual, or annual income.** If income is received bimonthly, quarterly, semi-annually, or annually, the Administration or its designee shall prorate the income received or projected to be received under R9-22-1422(C).

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

**R9-22-1424. Use of Methods Listed in R9-22-1423 Based on Type of Income**

- A. New income.**

- 1. Description. New income is income received from a new source during the first calendar month that the income is received from the source.
- 2. Calculating monthly income.
  - a. If a full month's income is received, the Administration or its designee shall use the appropriate method described in R9-22-1423 to calculate the monthly income.
  - b. If less than a full month's income is received, the Administration or its designee shall use the unconverted method to calculate the monthly income.

**B. Terminated income.**

- 1. Terminated income is income received during the last calendar month when no more income is expected to be received from that source.
- 2. Calculating monthly income.
  - a. If a full month's income is received, the Administration or its designee shall use the appropriate method described in R9-22-1423 to calculate the monthly income.
  - b. If less than a full month's income is received, the Administration or its designee shall use the unconverted method to calculate the monthly income.

**C. Break in income.**

- 1. Description. A break in income is a break in established frequency of income of one calendar month or more.
- 2. Calculating monthly income.
  - a. If a full month's income is received, the Administration or its designee shall use the appropriate method described in R9-22-1423 to calculate the monthly income.
  - b. If less than a full month's income is received, the Administration or its designee shall use the unconverted method to calculate the monthly income.

**D. Contract or regular seasonal income.**

- 1. Descriptions.
  - a. Contract income is income a person earns under a contract that specifies a length of time the contract covers, the amount of income to be paid, and the frequency of payment.
  - b. Regular seasonal income is income that fluctuates based on season or is only received during a certain season, and can reasonably be anticipated based on history or other verification.
- 2. Calculating monthly income.
  - a. When the contract or regular seasonal income will not fluctuate over the 12-month period beginning with the month the application or renewal is submitted, the Administration or its designee shall use the appropriate income calculation method in R9-22-1423 for the frequency of receipt.
  - b. When the contract or regular seasonal income is anticipated to fluctuate over the 12-month period beginning with the month the application or renewal is submitted, the Administration or its designee shall calculate the monthly income as follows:
    - i. For a one-time contract that ends between the month the application or renewal is submitted and the end of the calendar year, divide the income that will be received from the application or renewal month through the end of the calendar year by the number of months in that period to get a monthly equivalent;
    - ii. For contracts that extend into the next calendar year, contracts that are anticipated to be renewed and regular seasonal income, the

Administration or its designee shall divide the income that will be received in the 12-month period beginning with the application or renewal month by 12 to get the monthly equivalent.

**E. Unusual variation in the amount of income.**

1. Description. Unusual variation is an amount of income that is different from the established amount received and is not projected to continue or recur.
2. Calculating monthly income.
  - a. When calculating income for the month in which an unusual variation in income occurs, the Administration or its designee shall include the unusual variation in the income calculation.
  - b. When an unusual variation in income occurs during the month, the Administration or its designee shall use the converted method for calculating monthly income if income is received weekly or bi-weekly.
  - c. When projecting income for the months following the month in which the unusual variation occurs, the Administration or its designee shall exclude the unusual variation in income from the income calculation.

**F. Self-employment income.**

1. Description. Self-employment income is income a person earns from the person's own trade or business less allowable expenses.
2. Calculating monthly income. The Administration or its designee shall prorate the income under R9-22-1422.

**R9-22-1427. Eligibility Under MAGI**

- A. Caretaker Relatives.** An individual is eligible for AHCCCS medical coverage as a Caretaker Relative when the individual meets the following requirements:
1. Is a caretaker relative as defined in R9-22-1401.

2. The total countable income under R9-22-1420(B) does not exceed 106 percent of the FPL for the number of people in the MAGI income group.

**B. Continued medical coverage.**

1. A caretaker relative eligible under subsection (A) and all dependent children eligible under subsection (D) in the caretaker relative's MAGI income group are entitled to continued AHCCCS coverage for up to 12 months if eligible under subsection (B)(1)(c)(i) and up to four months if eligible under subsection (B)(1)(c)(ii) if the MAGI income group's income exceeds the limit for the income group's size and the following conditions are met:
  - a. The caretaker relative still lives with a dependent child;
  - b. A caretaker relative in the income group received AHCCCS medical coverage under this Section for three calendar months out of the most recent six months; and
  - c. The loss of AHCCCS coverage under this Section is due to:
    - i. Increased earned income of a caretaker relative, or
    - ii. Increased spousal support.
2. An applicant may be added to the continued medical coverage under subsection (B)(1), if the applicant did not reside in the household at the time continued medical coverage under this Section was determined and the applicant is:
  - a. The spouse or dependent child of a caretaker relative receiving continued medical coverage, or
  - b. The parent of a dependent child who is receiving continued medical coverage.

- C. Pregnant Women.** A pregnant woman is eligible for AHCCCS medical coverage when the total countable income under R9-22-1420(B) does not exceed 156 percent of the FPL for the number of people in the MAGI income group. A pregnant woman who applies for AHCCCS medical coverage during the pregnancy or postpartum period and is determined eligible, remains eligible throughout the postpartum period. The postpartum period begins the day the pregnancy terminates and ends the last day of the month in which the 60th day following pregnancy termination occurs.

- D. Children.** A child less than 19 years of age is eligible for AHCCCS medical coverage when the total countable income under R9-22-1420(B) does not exceed the following percentage of the FPL for the number of people in the MAGI income group:

1. 147 percent for a child under one year of age,
2. 141 percent for a child age one through five years of age, or
3. 133 percent for all other persons.

- E. Adults.** An individual is eligible for AHCCCS medical coverage when the individual meets the following eligibility requirements:

1. Is 19 years of age or older but less than 65 years of age;
2. Is not pregnant;
3. Is not eligible for AHCCCS Medical Coverage under any other coverage group listed in 42 U.S.C. 1396a(a)(10)(A)(i);
4. Is not entitled to or enrolled for Medicare benefits under Part A or Part B;
5. The total countable income under R9-22-1420(B) does not exceed 133 percent of the FPL for the number of people in the MAGI income group; and
6. When the individual is a caretaker relative, but has income exceeding the limit in subsection (A)(2), each child under age 19 living with the individual is receiving

AHCCCS medical coverage or KidsCare, or is enrolled in minimum essential coverage as defined in 42 CFR 435.4.

#### R9-22-1431. Family Planning Services Extension Program (FPEP)

- A. A member who loses eligibility for AHCCCS medical coverage due to the postpartum period ending and who has no other creditable coverage, as specified in 42 U.S.C. 300gg-3(c)(1), may receive up to 24 months of family planning services as provided in this Section and A.R.S. § 36-2907.04.
- B. Review of eligibility.

1. The Administration or its designee shall complete a review of each member's continued eligibility for FPEP at least once every 12 months.
2. If a member continues to meet all eligibility requirements, the Administration or its designee shall authorize continued eligibility for the FPEP and notify the member of continued eligibility.
3. The Administration or its designee shall discontinue eligibility and notify the member of the discontinuance if the member:
  - a. Has income that exceeds 156 percent of the FPL at the time of the 12-month review,
  - b. Fails to comply with a review of eligibility under this subsection, or
  - c. Meets any of the criteria under subsection (D).
- C. Changes in the member's income after the initial or review eligibility determination shall not impact the member's eligibility during the following 12-month period.
- D. The Administration or its designee shall deny or terminate a member from FPEP under this Section if the member:
  1. Voluntarily withdraws from the program;
  2. Cannot be located;
  3. Fails to provide information to the Administration or its designee;
  4. Moves out-of-state;
  5. Has creditable coverage under 42 U.S.C. 300gg-3(c)(1);

**R9-22-1435. Eligibility for a Person With Medical Expenses Whose Income is Over 100 Percent FPL**

An applicant who is not eligible for AHCCCS medical coverage due to excess income may become AHCCCS eligible by deducting medical expenses from the applicant's income. This coverage is called Medical Expense Deduction (MED).

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

**R9-22-1436. MED Family Unit**

- A.** For the purpose of this Section, a child is an unmarried person under age 18.
- B.** The Department shall consider each of the following to be a family when living together:
  - 1. A parent and the parent's children;
  - 2. A married couple without children;
  - 3. A married couple and the children of either or both spouses;
  - 4. Unmarried parents who live with at least one child in common, and the parents' other children, whether in common or not; and
  - 5. A person without children.
- C.** If an applicant is pregnant, the family unit includes the number of unborn children.
- D.** A child of the children included in subsections (B)(1), (B)(3), or (B)(4) is considered part of the family unit when living together.
- E.** The Department shall not include a SSI-cash recipient in the MED family unit even if the SSI-cash recipient is a parent, spouse, or child.

**R9-22-1437. MED Income Eligibility Requirements**

- A.** Income exclusions. The exclusions in R9-22-1420(C) apply to the MED family unit.
- B.** Income standard.
  - 1. The Department shall divide the annual FPL for the MED family unit that is in effect during each month of the income period by 12 to determine the monthly FPL.
  - 2. The Department shall add the monthly FPLs for the income period and multiply the resulting amount by 40 percent.
  - 3. Changes to the annual FPL are implemented in April of each year.
- C.** Income period. The income period is the month of application and the next two months. The Department shall add together the three months' income to establish the MED family unit's income amount.
- D.** Medical expense deduction period. The medical expense deduction period is a three-month period consisting of:
  - 1. For a new application, the month before the application month, the month of application, and month following the application month; or
  - 2. For a MED eligibility review, the last month of the prior MED eligibility period and the following two months.
- E.** The Department shall calculate the amount of countable monthly income as follows:
  - 1. Subtract a \$90 cost of employment allowance from the gross amount of earned income for each person whose earned income is counted;
  - 2. Disregard from the remaining earned income an amount billed by the provider for the care of each dependent child under age 18 or incapacitated adult member of the MED family unit if the care is for the purpose of allowing the person to work. If more than one person in the household is responsible for and billed for the care of a dependent child, the disregard may be split between the wage earners if splitting the disregard is to the benefit of the family, but shall not exceed the maximum disregards as follows:
    - a. A maximum of \$200 for a child under age two and \$175 for other dependents for a wage-earner employed full-time (86 or more hours per month); and
    - b. A maximum of \$100 for a child under age two, and \$88 for other dependents for a wage earner employed part-time (less than 86 hours a month);
  - 3. Add the remaining earned income for each MED family member to the unearned income of all MED family members;
  - 4. Compare the MED family's unit countable income amount to the income standard in subsection (B). The difference is the amount of medical expenses the family shall incur during the medical expense deduction period to become eligible;
  - 5. Subtract allowable medical expense deductions that were incurred by:
    - a. A member of the MED family unit;
    - b. A deceased spouse or minor child of a MED family unit if this person would have been a member of the MED unit during the MED expense deduction period;

- c. A person who was a minor child of a MED family unit member when the expense was incurred but who is no longer a minor child; or
- d. A minor child, including a child who is a runaway, who left home before the date of application to live with someone other than a parent; and
- 6. Compare the net MED family income to the income standard listed in subsection (B).
- F. The family is eligible if the net income in subsection (E)(6) does not exceed the income standard in subsection (B).

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

**R9-22-1438. MED Resource Eligibility Requirements**

- A. Including countable resources. The Department shall include the resources not excluded that belong to and are available to members of the family of a qualified alien under A.R.S. § 36-2903.03 and the sponsor and sponsor's spouse of a person who is a qualified alien.
- B. Ownership and availability. The Department shall evaluate the ownership of resources to determine the availability of resources to a person listed in subsection (A).
  - 1. Jointly owned resources with ownership records containing the words "and" or "and/or" between the owners' names are available to each owner except if one of the owners refuses to sell. A consent to sale is not required if all owners are members of the MED family unit.
  - 2. Jointly owned resources with ownership records containing the word "or" between the owners' names are presumed to be available in full to each owner. The applicant or member may rebut the presumption by providing clear and convincing evidence of intent to establish a different type of ownership. If the presumption is rebutted, the resource is available to the owners:
    - a. Consistent with the intent of the owners, or
    - b. Based on each owner's proportionate net contribution if there is not clear and convincing evidence of a different allocation.
  - 3. The Department shall establish availability of a trust under 42 U.S.C. 1396p(d)(4)(A) or (C).
- C. Unavailability. The Department shall consider the following resources unavailable:
  - 1. Property subject to spendthrift restriction, such as:
    - a. Accounts established by the SSA, Veteran's Administration, or similar sources that mandate that the funds in the account be used for the benefit of a person not residing with the MED family unit; or
    - b. Trusts established by a will or funded solely by the income and resources of someone other than a member of the MED family unit.
  - 2. A resource being disputed in a divorce proceeding or probate matter;
  - 3. Real property located on a Native American reservation;
  - 4. A resource held by a conservator to the extent court-imposed restrictions make the resource unavailable to the applicant, member, or member of the family unit for:
    - a. Medical care,
    - b. Food,
    - c. Clothing, or
    - d. Shelter.
- D. Resource exclusion. The Department shall exclude the following resources from the calculation of resources under subsection (E):
  - 1. One burial plot for each person listed in R9-22-1436;

- 2. Household furnishings and personal items that are necessary for day-to-day living;
- 3. Up to \$1500 of the value of one prepaid funeral plan for each person listed in R9-22-1436 that specifically covers only funeral-related expenses as evidenced by a written contract;
- 4. The value of one motor vehicle regularly used for transportation. If the MED family unit owns more than one vehicle, the exclusion is applied to the vehicle with the highest equity value;
- 5. The value of a vehicle used to earn income and not used simply for transportation to and from employment;
- 6. The value of a vehicle in which a SSI-cash recipient has an ownership interest; and
- 7. The value of any vehicle used for medical treatment, employment, or transportation of a SSI-cash disabled child, and that is excluded by SSI for that reason.
- 8. Funds set aside in an Individual Development Account under 6 A.A.C. 12, Article 4; and
- 9. Any other resource specifically excluded by federal law.
- E. Calculation of resources. The Department shall determine the value of all household resources as follows:
  - 1. Calculate the total amount of countable liquid resources;
  - 2. Calculate the equity value of each countable non-liquid resource. The Department shall determine the equity value of a countable non-liquid resource by subtracting the amount of valid encumbrances on that resource from:
    - a. The market value of real property if there is no assessor's evaluation of the property,
    - b. The market value of real property if the assessor's value of the real property does not include the value of permanent structures on that property,
    - c. The assessor's full cash value if subsections (E)(2)(a) and (E)(2)(b) do not apply, and
    - d. The market value of a non-liquid resource that is not real property;
  - 3. Not assign an equity value to a resource that is less than zero; and
  - 4. Determine the MED family unit's resources by adding the totals determined in subsections (1) and (2).
- F. Resource standard to be eligible for MED. A person is not eligible for MED if the resources determined in subsection (E) exceed \$100,000 or if more than \$5,000 are liquid resources.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

**R9-22-1439. MED Effective Date of Eligibility**

- A. A MED family unit is eligible on the day the income and resource eligibility requirements are met but no earlier than the first day of the month of application. If the family unit meets the income requirements in the application month but does not meet the resource limit until the following month, the family unit's effective date of eligibility is the first day of the month following the month of application.
- B. The Department shall adjust the effective date of eligibility under subsection (A) to an earlier date if:
  - 1. A member presents verification of additional allowable medical expenses incurred on an earlier date during the medical expense deduction period that allow the member to meet the income requirements, and
  - 2. The member presents the verification within 60 days of approval of eligibility under this Section.
- C. The Department shall not adjust an effective date of eligibility more than one time per application.

- D. The Department shall adjust the effective date no later than 30 days after the end of the 60-day period under subsection (B)(2).
- E. The Department shall deny an application and provide the applicant a denial notice when the applicant does not meet the MED requirements under this Article during the month of application or the month following the month of application.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

**R9-22-1440. MED Eligibility Period**

The Department shall approve eligibility for six months. Changes in circumstances do not affect eligibility for the first three months.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

**R9-22-1441. Eligibility Appeals**

- A. Adverse actions. An applicant or member may appeal by requesting a hearing from the Department concerning any of the following adverse actions:
  1. Complete or partial denial of eligibility under R9-22-1413;
  2. Suspension, termination, or reduction of AHCCCS medical coverage under R9-22-1415;
  3. Delay in the eligibility determination beyond the timeframes under this Article;
  4. The imposition of or increase in a premium or copayment; or
  5. The effective date of eligibility.
- B. Notice of Adverse Action. The Department shall personally deliver or send, by regular mail, a Notice of Adverse Action to the person affected by the action. For the purpose of this Section, the date of the Notice of Adverse Action shall be the date of personal delivery to the applicant or the postmark date, if mailed.
- C. Automatic change and hearing rights.
  1. An applicant or a member is not entitled to a hearing if the sole issue is a federal or state law requiring an automatic change adversely affecting some or all recipients.
  2. An applicant or a member is entitled to a hearing if a federal or state law requires an automatic change and the applicant or member timely files an appeal that alleges a misapplication of the facts to the law.

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

**R9-22-1442. Cessation of MED Coverage**

The Department shall not approve any individual or family who has applied on or after May 1, 2011 as eligible for MED coverage. With respect to any applications that are pending as of May 1, 2011, the Department shall not approve any individual or family as eligible for MED coverage who has not met all eligibility requirements prior to May 1, 2011.

**Historical Note**

New Section made by exempt rulemaking at 17 A.A.R. 1028, effective May 1, 2011 (Supp. 11-2).

**R9-22-1443. Closing New Eligibility for Persons Not Covered under the State Plan**

- A. Definition. For purposes of this Section, "AHCCCS Care" refers to the eligibility category that includes individuals encompassed within the expanded definition of "eligible person" under A.R.S. § 36-2901.01 and R9-22-1428(4), but who

do not meet eligibility criteria for an optional or mandatory Title XIX coverage group described in the Arizona State Plan for Medicaid.

- B. General Rule. Except as provided by this Section, neither the Department nor the Administration shall approve an individual for AHCCCS Care with an effective date of eligibility on or after July 8, 2011.
- C. Exception for pending applications. With respect to any applications that are pending as of July 8, 2011, the Department and the Administration shall approve any individual as eligible for AHCCCS Care who has met all eligibility requirements for AHCCCS Care during or after the month of application but prior to July 8, 2011, and has continuously met all eligibility requirements for AHCCCS Care since that date.
- D. Exception for children. The Department and the Administration shall approve an individual as eligible for AHCCCS Care on or after July 8, 2011 who:
  1. Was determined eligible under the Arizona State Plan for Medicaid based on being under the age of 19;
  2. Would otherwise be discontinued due to reaching the age of 19 on or after July 8, 2011, under subsection (B) of this Section; and
  3. Meets all eligibility requirements for AHCCCS Care on and after reaching age 19.
- E. Exception for KidsCare. The Department and the Administration shall approve an individual as eligible for AHCCCS Care on or after July 8, 2011 who:
  1. Was determined eligible under 9 A.A.C. 31 based on being under the age of 19;
  2. Would otherwise be discontinued due to reaching the age of 19 on or after July 8, 2011, under subsection (B) of this Section; and
  3. Meets all eligibility requirements for AHCCCS Care on and after reaching age 19.
- F. Exception for Young Adult Transitional Insurance (YATI). The Department and the Administration shall approve an individual as eligible for AHCCCS Care on or after July 8, 2011 who:
  1. Was determined eligible for YATI under R9-22-1432;
  2. Would otherwise be discontinued due to reaching the age of 21 on or after July 8, 2011 under subsection (A) of this Section; and
  3. Meets all eligibility requirements for AHCCCS Care on and after reaching age 21.
- G. Exception for certain SSI-MAO. The Department and the Administration shall approve as eligible for AHCCCS Care, on or after July 8, 2011, an individual who:
  1. Was determined eligible for AHCCCS Care; and
  2. Whose eligibility category is changed on or after June 28, 2011, from AHCCCS Care to eligibility based on R9-22-1501(A)(1) (SSI Medical Assistance Only) because the individual, at the time of the change in eligibility category, is age 65 or over, under the age of 65 with Medicare coverage, or who has been determined by ADHS to have a Serious Mental Illness; but who
  3. Subsequent to the change in eligibility category, is determined not to meet eligibility requirements under Article 15; but only if
  4. The individual meets all eligibility requirements for AHCCCS Care on and after the date the individual is determined not to meet eligibility requirements under Article 15.
- H. Exception for redeterminations. This Section does not prohibit the redetermination of an individual as eligible for AHCCCS Care on or after July 8, 2011, if the individual was determined eligible for AHCCCS Care prior to July 8, 2011 and has remained continuously eligible for AHCCCS Care since July

8, 2011 or the date on which the individual was determined eligible for AHCCCS Care under subsections (C), (D), and (E) of this Section.

- I. Discontinuance for other reasons. Nothing in this Section prohibits or restricts the Department or the Administration from discontinuing AHCCCS Care for an individual who does not meet any other eligibility criteria set forth elsewhere in this Chapter including but not limited to discontinuance based on the individual's failure to verify eligibility information upon an application or redetermination.
- J. Review of anticipated expenditures. At least monthly, the Director shall review the most recent estimate of the anticipated expenditures for the remainder of the state fiscal year as compared to funds remaining in the appropriations made to the agency for the state fiscal year as well as any other known or reasonably anticipated sources of other funding. Based on that review the Director may, subject to approval by the Center for Medicare and Medicaid Services, re-open the AHCCCS Care program to new enrollment otherwise prohibited by this Section.
- K. At least 30 days prior to the effective date of any changes to eligibility for the AHCCCS Care program as described in this Section, public notice shall be provided via publication on the AHCCCS web site unless shorter notice is necessary to maintain a program that is reasonably anticipated to remain within available funding.

#### Historical Note

New Section made by exempt rulemaking at 17 A.A.R. 1345, effective July 8, 2011 (Supp. 11-3). Amended by exempt rulemaking at 17 A.A.R. 2624, effective July 8, 2011 (Supp. 11-4).

### ARTICLE 15. AHCCCS MEDICAL COVERAGE FOR PEOPLE WHO ARE AGED, BLIND, OR DISABLED

#### R9-22-1501. General Information

- A. General. The Administration shall determine eligibility for AHCCCS medical coverage for the following applicants or members using the eligibility criteria and requirements in this Article:
  - 1. A person who is aged, blind, or disabled and does not receive SSI cash; and
  - 2. A person terminated from the SSI cash program under R9-22-1505.
- B. Definitions. In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:
  - “Aged” means a person who is 65 years of age or older as specified in 42 U.S.C. 1382c(a)(1)(A).
  - “Blind” means a person who has been determined blind by the Department of Economic Security, Disability Determination Services Administration, under 42 U.S.C. 1382c(a)(2).
  - “Disabled” means a person who has been determined disabled by the Department of Economic Security, Disability Determination Services Administration, under 42 U.S.C. 1382c(a)(3)(A) through (E).
- C. Confidentiality. The Administration shall maintain the confidentiality of an applicant's or member's records and limit the release of safeguarded information under R9-22-512.
- D. Application process.
  - 1. A person may apply for AHCCCS medical coverage by submitting a signed application to any Administration office or outstation location under R9-22-1406.

- 2. The provisions in R9-22-1406(B), (C), and (E) apply to this Section.
- 3. The application date is the date a signed application is received at any Administration office or outstation location approved by the Director.
- 4. An applicant who files an application may withdraw the application, either orally or in writing. If an applicant withdraws an application, the Administration shall send the applicant a denial notice under subsection (G).
- 5. Except as provided in 42 CFR 435.911, the Administration shall determine eligibility within 90 days for an applicant applying on the basis of disability and 45 days for all other applicants.
- 6. If an applicant dies while an application is pending, the Administration shall complete an eligibility determination for the deceased applicant.
- 7. The Administration shall complete an eligibility determination on an application filed on behalf of a deceased applicant, if the application is filed in the month of the applicant's death.
- E. Redetermination of eligibility for a person terminated from the SSI cash program.
  - 1. Continuation of AHCCCS medical coverage. The Administration shall continue AHCCCS medical coverage for a person terminated from the SSI cash program until a redetermination of eligibility under subsection (E)(2) is completed.
  - 2. Coverage group screening. The Administration shall screen a person for eligibility under any coverage group under A.R.S. §§ 36-2901(6)(a)(i), (ii), (iii), (iv), and (v) and 36-2934.
    - a. If a person files an application for Arizona Long-Term Care System (ALTCs) coverage, the Administration shall determine eligibility under 9 A.A.C. 28, Article 4.
    - b. If an applicant or member is aged, blind, or disabled, but not in need of long-term care services, the Administration shall determine eligibility under this Article.
    - c. For all other persons, the Administration shall refer the applicant's case to the Department for an eligibility decision under Article 14.
  - 3. Eligibility decision.
    - a. If a person is eligible under this Article or 9 A.A.C. 28, Article 4, the Administration shall send a notice as under subsection (G) informing the applicant that AHCCCS medical coverage is approved.
    - b. If a person is ineligible, the Administration shall send a notice as under subsection (G) to deny AHCCCS medical coverage.
- F. Eligibility effective date. Eligibility is effective on the first day of the month that all eligibility requirements are met, including the period described under R9-22-303.
- G. Notice for approval or denial. The Administration shall send an applicant a written notice of the decision regarding the application. This notice shall include a statement of the intended action, and:
  - 1. If approved, the notice shall contain the effective date of eligibility.
  - 2. If approved under FESP, the notice shall also contain:
    - a. The emergency services certification end date,
    - b. A statement detailing the reason for the denial of full services,
    - c. The legal authority supporting the decision,
    - d. Where the legal authority supporting the decision can be found,

- e. An explanation of the right to request a hearing, and
  - f. The date by which a request for hearing shall be received by the Administration.
3. If denied, the notice shall contain:
- a. The effective date of the denial;
  - b. The reason for the denial, including specific financial calculations and the financial eligibility standard, if applicable;
  - c. Legal authority supporting the decision;
  - d. Where the legal authority supporting the decision can be found;
  - e. An explanation of the right to request a hearing; and
  - f. The date by which a request for hearing shall be received by the Administration.
- H. Reporting and verifying changes.**
1. An applicant or a member shall report to the Administration the following changes for the applicant or member, the applicant's or member's spouse, and the applicant or member's dependent children:
    - a. Change of address;
    - b. Change in the household's members;
    - c. Change in income;
    - d. Death;
    - e. Change in marital status;
    - f. Change in school attendance;
    - g. Change in Arizona state residency; and
    - h. Any other change that may affect the member's or applicant's eligibility.
  2. A member shall report to the Administration the following changes:
    - a. Admission to a penal institution,
    - b. Change in U.S. citizenship or immigrant status,
    - c. Receipt of a Social Security number, and
    - d. Change in first- or third-party liability that may contribute to the payment of all or a portion of the person's medical costs.
  3. A person other than a member or an applicant who reports a change to the Administration either orally or in writing shall include the:
    - a. Name of the affected applicant or member;
    - b. Description of the change;
    - c. Date the change occurred;
    - d. Name of the person reporting the change; and
    - e. Social Security or case number of the applicant or member, if known.
  4. An applicant or a member shall provide verification of changes if requested by the Administration.
  5. An applicant or a member shall report anticipated changes in eligibility to the Administration as soon as the person knows that the change will occur.
  6. An applicant or a member shall report an unanticipated change to the Administration within 10 days following the date the change occurred.
- I. Processing of changes and redeterminations.** If a member receives AHCCCS medical coverage under subsection (A), the Administration shall redetermine the member's eligibility at least once every 12 months or more frequently when changes occur that may affect eligibility.
- J. Actions that may result from a redetermination or change.** In processing a redetermination or change, the Administration shall determine whether there should be:
1. No change in eligibility,
  2. Discontinuance of eligibility if a condition of eligibility is no longer met, or
  3. A change in the program under which a person receives AHCCCS medical coverage.
- K. Notice of discontinuance.**
1. Contents of notice. The Administration shall issue a notice when it takes action to discontinue a member's eligibility. The notice shall contain the following information:
    - a. A statement of the action that is being taken;
    - b. The effective date of the action;
    - c. The reason for the discontinuance, including specific financial calculations and the financial eligibility standard if applicable;
    - d. The legal authority that supports the action proposed by the Administration;
    - e. Where the legal authority supporting the decision can be found;
    - f. An explanation of the right to request a hearing; and
    - g. The date by which a hearing request shall be received by the Administration and the right to continue medical coverage pending appeal.
  2. Advance notice of changes in eligibility. Advance notice means a notice of proposed action that is issued to the member at least 10 days before the effective date of the proposed action. Except under subsection (K)(3), the Administration shall issue an advance notice when an adverse action is taken to suspend, reduce or discontinue eligibility.
  3. Exceptions from advance notice. The Administration shall issue a notice to a member to discontinue eligibility no later than the effective date of the action if:
    - a. The member provides to the Administration a clearly written statement, signed by that member, that:
      - i. Services are no longer wanted; or
      - ii. Gives information that requires a discontinuance or reduction of services and indicates that the member understands that this is the result of supplying the information;
    - b. The member provides information to the Administration that requires a discontinuance of eligibility and a member signs a written statement waiving advance notice;
    - c. The member cannot be located and mail sent to the member's last known address has been returned as undeliverable under 42 CFR 431.213(d) subject to reinstatement of discontinued eligibility;
    - d. The member has been admitted to a public institution where a member is ineligible for coverage;
    - e. The member has been approved for Medicaid in another state; or
    - f. The Administration receives information confirming the death of the member.
- L. Request for hearing.** An applicant or member may request a hearing under Chapter 34 for any of the following adverse actions:
1. Complete or partial denial of eligibility,
  2. Discontinuance or reduction of AHCCCS medical coverage, or
  3. Delay in the eligibility determination beyond the timeframes listed in R9-22-1501(D).
- M. Assignment of rights.** A person determined eligible assigns rights to all types of medical benefits to which the person is entitled under operation of law under A.R.S. § 36-2903.

#### **R9-22-1502. Repealed**

##### **Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

#### **R9-22-1503. Financial Eligibility Criteria**

- A.** General income eligibility. Except as provided under subsection (B) of this rule, the Administration or its designee shall count the identified income under 42 U.S.C. 1382a and 20 CFR 416 Subpart K.
- B.** Exceptions.
  1. In-kind support and maintenance under 42 U.S.C. 1382a(a)(2)(A) is excluded.
  2. For a person living with a spouse, the Administration or its designee calculates net income for an eligible couple under 20 CFR 416.1160 as of April 1, 2013, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments, even if the spouse is not eligible for or applying for SSI or coverage under this Article.
  3. In determining the net income of a married couple living with a child or the net income of a person who is not living with a spouse but living with a child, a child allocation is allowed as a deduction from the combined net income of the couple for each child regardless of whether the child is ineligible or eligible. For the purposes of this Section, a child means a person who is unmarried, natural or adopted, and under age 18 or under age 22 if a full-time student. Each child's allocation deduction is reduced by that child's income, including public income maintenance payments, using the methodology under 20 CFR 416.1163(b)(1) and (2) as of April 1, 2013, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
  4. In determining the income deemed available to an applicant who is a child from an ineligible parent or parents, an allocation for each eligible or ineligible child of the parent is allowed as a deduction from the parent's income under 20 CFR 416.1165(b). The child's allocation is reduced by that child's income, including public income maintenance payments.

5. In determining the income of a person who receives an annual Title II Cost of Living Allowance (COLA) increase, the COLA amount is disregarded from January until the Administration applies the effective income limits under R9-22-1504 based on the FPL for the calendar year.

##### **Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). #### **R9-22-1505. Eligibility for Special Groups**

- A.** The following are considered special groups:
  1. A person meeting the requirements in A.R.S. § 36-2903.03 who:
    - a. Is aged, blind, or disabled under 42 CFR 435.520, 42 CFR 435.530, or 42 CFR 435.540 as of October 1, 2012, which are incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
    - b. Received SSI cash or AHCCCS medical coverage under this subsection, or subsections (A)(2), (A)(3), or (A)(4) on or before August 21, 1996;
    - c. Was residing in the United States under color of law on or before August 21, 1996; and
    - d. Meets the requirements under this Article;
  2. A disabled child (DC) under 42 U.S.C. 1396a(a)(10)(A)(i)(II). A disabled child is a child who:
    - a. Was receiving SSI cash benefits as a disabled child on August 22, 1996;
    - b. Lost SSI cash benefits effective July 1, 1997, or later, due to a disability determination under Section 211(d) of Subtitle B of P.L. 104-193;

- c. Continues to meet the disability requirements for a child that were in effect on August 21, 1996; and
- d. Meets the requirements under this Article;
- 3. A disabled adult child (DAC), under 42 U.S.C. 1383c(c) who:
  - a. Was determined disabled by the Social Security Administration before attaining the age of 22 years,
  - b. Became entitled to or received an increase in child's insurance benefits under Title II of the Act on the basis of blindness or disability,
  - c. Was terminated from SSI cash benefits due to entitlement to or an increase in income under Title II of the Act,
  - d. Meets the requirements under this Article, and
  - e. Is 18 years of age or older;
- 4. A disabled widow or widower (DWW) under 42 U.S.C. 1383c(b) and (d) who:
  - a. Is blind or disabled,
  - b. Is ineligible for Medicare Part A benefits,
  - c. Received SSI cash benefits the month before Title II of the Act benefit payments began,
  - d. Meets the requirements under this Article;
  - e. Is at least 50 years of age but under age 65; and
  - f. Is unmarried.
- 5. Under 42 CFR 435.135, a person who:
  - a. Is aged, blind, or disabled;
  - b. Receives benefits under Title II of the Act;
  - c. Received SSI cash benefits in the past;
  - d. Received SSI cash benefits and Title II of the Social Security Act benefits concurrently for at least one month anytime after April 1977;
  - e. Became ineligible for SSI cash benefits while receiving SSI and benefits under Title II of the Act concurrently; and
  - f. Meets the requirements under this Article.
- B. Income for special groups.**
  - 1. Except as provided in subsection (B)(2), income eligibility is determined using the income criteria in R9-22-1503.
  - 2. Exceptions to income for special groups.
    - a. For a person in the DAC coverage group under subsection (A)(3), the applicant's Title II of the Social Security Act benefits are disregarded in determining income eligibility under 42 U.S.C. 1383c(c).
    - b. For a person in the DWW coverage group, under subsection (A)(4), the applicant's Title II of the Social Security Act benefits are disregarded in determining income eligibility under 42 U.S.C. 1383c(b) and (d).
    - c. For an applicant or member in the coverage group under subsection (A)(5), the portion of the applicant's or member's Title II of the Social Security Act benefits attributed to cost-of-living adjustments received by the applicant since the effective date of SSI ineligibility is disregarded in determining income eligibility under 42 CFR 435.135.
- C. 100 percent FBR.** As a condition of eligibility for all special groups, countable income shall be equal to or less than 100 percent of the SSI FBR, as adjusted annually.

**ARTICLE 17. ENROLLMENT****R9-22-1701. Enrollment-Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:

“Annual enrollment choice” means the annual opportunity for a person to change contractors.

“Auto-assignment algorithm” or “Algorithm” means a formula used by the Administration to assign to a contractor a member who did not make a timely choice under R9-22-1702.

“CMDP” means Comprehensive Medical and Dental Program.

“Disenrollment” means the discontinuance of a person’s entitlement to receive covered services from a contractor of record.

“Enrollment” means the process by which an eligible person becomes a member of a contractor’s plan.

made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

**R9-22-1702. Enrollment of a Member with an AHCCCS Contractor**

**A.** General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
  - a. IHS if the member is a Native American living on a reservation,
  - b. A contractor based on family continuity, or
  - c. A contractor by using the auto-assignment algorithm.
3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
  - a. The member no longer resides in the contractor’s GSA;
  - b. The contractor’s contract is suspended or terminated;

- c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;
  - d. The member chooses another contractor or chooses IHS, if available to the member, during the annual enrollment choice period; or
  - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
4. When the member’s disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
  5. The Administration shall not enroll a member with a contractor if a member:
    - a. Is eligible for the FESP under R9-22-1419;
    - b. Is eligible for less than 30 days from the date the Administration receives notification of a member’s eligibility, except for a member who is enrolled with CMDP or IHS;
    - c. Is eligible only for a retroactive period of eligibility, except for a member who is enrolled with CMDP or IHS; or
    - d. Resides in an area not served by a contractor.
- B.** Fee-for-service coverage. A member not enrolled with a contractor under subsection (A)(5) shall obtain covered medical services from an AHCCCS-registered provider on a fee-for-service basis under Article 7.
- C.** Foster care child. The Administration shall enroll a member with CMDP if the member is a foster care child under A.R.S. § 8-512.
- D.** Family Planning Services Extension Program. A member eligible for the Family Planning Services Extension Program under R9-22-1431, shall remain enrolled with the member’s contractor of record or IHS.
- E.** Contractor or IHS enrollment change for a member.
1. The Administration shall change a member’s enrollment if the member requests a change to an available contractor or IHS during an annual enrollment period. A Native American may change from an available contractor to IHS or from IHS to an available contractor at any time.
  2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
  3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
  4. The Administration shall provide the member 60-day advance notice of the member’s option to change plans by the member’s annual enrollment date.
  5. A member may disenroll from a plan if:
    - a. The member moves out of the GSA;
    - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
    - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member’s primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.
  6. For exceptions to this Article, the Administration shall approve a change for an enrolled member as determined by the Director.

**R9-22-1703. Effective Date of Enrollment with a Contractor**

- A.** Effective date of enrollment. A member's date of enrollment is the date enrollment action is taken by the Administration. However, if a plan change occurs for an annual enrollment choice, the effective date is the month of the member's enrollment anniversary date.
- B.** Financial liability of the contractor. The contractor shall be financially liable for an enrolled member's care as specified in contract.

**Historical Note**

**R9-22-1704. Newborn Enrollment**

- A.** General.
1. The Administration shall enroll a newborn child of an eligible mother with an available contractor or IHS, based on the mother's enrollment.
  2. The Administration shall auto-assign a newborn child of an eligible mother who is not enrolled with a contractor or IHS or who is enrolled with CMDP. When a mother enrolled in CMDP has a newborn and the newborn is surrendered to Administration on Children, Youth and Families (ACYF), the newborn is then enrolled with CMDP.
  3. The Administration shall notify the mother of the right to choose a different contractor for her newborn child. The mother may make her choice within 30 days from the date of notice of enrollment.
- B.** Financial liability for newborns. The contractor shall be financially liable for the medical care of a newborn as specified in contract.

**Historical Note**

Amended to correct a typographical error, filed in the Office of the Secretary of State October 30, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

**R9-22-1705. Guaranteed Enrollment Period**

- A.** General. Except for members enrolled with IHS or CMDP, the Administration shall provide a guaranteed enrollment period for a one-time period that begins on the effective date of the member's initial enrollment with a contractor and ends on the last day of the fifth full calendar month after the date of the member's initial enrollment.
- B.** Exceptions to guaranteed period. The Administration shall not grant a guaranteed enrollment period or shall terminate a guaranteed enrollment period as provided in subsection (C), if the member:

1. Did not meet the conditions of eligibility when initially enrolled with the contractor;
  2. Except as provided in 9 A.A.C. 22, Article 12, is an inmate of a public institution as defined in 42 CFR 435.1010;
  3. Dies;
  4. Moves out-of-state;
  5. Voluntarily withdraws from the AHCCCS program;
  6. Is adopted; or
  7. Has whereabouts that are unknown.
- C.** Disenrollment effective date. The Administration shall terminate any guaranteed enrollment period to which the member is not entitled effective on:
1. The date the member is admitted to a public institution under subsection (B);
  2. The member's date of death;
  3. The last day of the month in which the Administration receives notification that a member moved out-of-state;
  4. The date the Administration receives written notification of the member's voluntary withdrawal from the AHCCCS program;
  5. The last day of the month in which the Administration receives notification that a member's adoption proceedings are finalized; or
  6. The last day of the month in which the Administration receives notification that a member's whereabouts are unknown.
- D.** Retroactive adjustments. The Administration shall adjust the member's eligibility and enrollment retroactively under subsection (C).

## **ARTICLE 20. BREAST AND CERVICAL CANCER TREATMENT PROGRAM**

**R9-22-2001. Breast and Cervical Cancer Treatment Program Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meaning unless the context explicitly requires another meaning:

“AZ-NBCCEDP” means the Arizona programs of the National Breast and Cervical Cancer Early Detection Program. AZ-NBCCEDP provides breast and cervical cancer screening and diagnosis in Arizona.

“Cryotherapy” means the destruction of abnormal tissue using an extremely cold temperature.

“LEEP” means the loop electrosurgical excision procedure that passes an electric current through a thin wire loop.

“Peer-reviewed study” means that, prior to publication, a medical study has been subjected to the review of medical experts who:

- Have expertise in the subject matter of the study,
- Evaluate the science and methodology of the study,
- Are selected by the editorial staff of the publication, and
- Review the study without knowledge of the identity or qualifications of the author.

“WWHP” means the Well Women Healthcheck Program administered by the Arizona Department of Health Services. The WWHP is one of the programs within AZ-NBCCEDP that provides breast and cervical cancer screening and diagnosis.

**R9-22-2003. Eligibility Criteria**

- A. General. To be eligible under this Article, a woman shall meet the requirements of this Article and:
  1. Be screened for breast and cervical cancer through AZ-NBCCEDP;
  2. Be less than 65 years of age;
  3. Be ineligible for Title XIX under Articles 14 and 15 in this Chapter;
  4. Receive a positive screen under subsection (A)(1), a confirmed diagnosis through AZ-NBCCEDP, and need treatment for breast cancer or cervical cancer, including a pre-cancerous cervical lesion, as specified in R9-22-2004;
  5. Not be covered under creditable coverage as specified in Section 2701(c) of the Public Health Services Act, 42 U.S.C. 300gg(c). For purposes of this Article, IHS or Tribal health coverage is not considered creditable coverage as specified in 42 U.S.C. 1396a(a)(10)(A)(ii), as amended by the Native American Breast and Cervical Cancer Treatment Technical Amendment Act of 2002; and
  6. Meet the requirements under R9-22-1417 and R9-22-1418.
- B. Ineligible woman. A woman is ineligible under this Article if the woman:
  1. Is an inmate of a public institution and federal financial participation (FFP) is not available,
  2. Is at least age 21 but less than age 65 and resides in an Institution for Mental Disease (IMD) as defined in R9-22-112, except if allowed under the Administration's Section 1115 waiver, or
  3. No longer meets an eligibility requirement under this Article.
- C. Metastasized cancer. The AHCCCS Chief Medical Officer may continue a woman's eligibility under this Article if a metastasized cancer is found in another part of the woman's body and that metastasized cancer is a known or a presumed complication of the breast or cervical cancer as determined by the treating physician.
- D. Reoccurrence of cancer. A woman shall have eligibility reestablished after eligibility under this Article ends if the woman is screened under the AZ-NBCCEDP program and additional breast cancer or cervical cancer, including a pre-cancerous cervical lesion, is found.
- E. Ineligible male. A male is precluded from receiving screening and diagnostic services under the AZ-NBCCEDP program and is ineligible under this Article.

#### **R9-22-2006. Approval, Denial, or Discontinuance of Eligibility**

- A.** Eligibility determination. The Administration shall determine eligibility under this Article and send the notice under subsection (B) or (C) within seven days of receiving a complete application.
- B.** Approval. If a woman meets all the eligibility requirements in this Article, the Administration shall provide the woman with an approval notice. The approval notice shall contain:
1. The name of the eligible woman, and
  2. The effective date of eligibility.
- C.** Denial. If the Administration denies eligibility, the Administration shall provide the woman with a denial notice. The denial notice shall contain:
1. The name of the ineligible woman,
  2. The specific reason why the woman is ineligible,
  3. The legal citations supporting the reason for the denial,
  4. The location where the woman can review the legal citations, and
  5. Information regarding the woman's appeal and request for hearing rights.
- D.** Discontinuance.
1. Except as specified in subsection (D)(2), if a woman no longer meets an eligibility requirement under this Article, the Administration shall provide the woman a Notice of Action no later than 10 days before the effective date of the discontinuance.
  2. The Administration may mail the Notice of Action no later than the effective date of the discontinuance if the Administration:
    - a. Receives a written statement from the woman voluntarily withdrawing from AHCCCS,
    - b. Receives information confirming the death of the woman,
    - c. Receives returned mail with no forwarding address from the post office and the woman's whereabouts are unknown, or
    - d. Receives information confirming that the woman has been approved for Title XIX services outside the state of Arizona.
  3. The Notice of Action shall contain the:
    - a. Name of the ineligible woman,
    - b. Effective date of the discontinuance,
    - c. Specific reason why the woman is discontinued,
    - d. Legal citations supporting the reason for the discontinuance,
    - e. Location where the woman can review the legal citations, and
    - f. Information regarding the woman's appeal and request for hearing rights.
- E.** Request for hearing. A woman who is denied, or discontinued for the Breast and Cervical Cancer Treatment Program may request a hearing under Chapter 34.

**R9-22-2008. Redetermination of Eligibility**

- A. Redetermination. Except as provided in subsection (B), the Administration shall redetermine eligibility at least once a year. If a woman continues to meet the requirements of eligibility for the Breast and Cervical Cancer Treatment Program under this Article, the Administration shall notify the woman of continued eligibility. A woman is not required to be screened for breast and cervical cancer through AZ-NBC-CEDP at redetermination.
- B. Change in circumstance. The Administration shall complete a redetermination of eligibility if there is a change in the woman's circumstances that may affect eligibility, including a change in treatment.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

**ARTICLE 21. TRAUMA AND EMERGENCY SERVICES FUND**

*Article 21, consisting of Sections R9-22-2101 through R9-22-2103, made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).*

**R9-22-2101. General Provisions**

- A. A.R.S. § 36-2903.07 establishes the Administration as the authority to administer the Trauma and Emergency Services Fund.
- B. The Administration shall distribute 90% of monies from the trauma and emergency services fund to a level I trauma center, as defined in subsection (F) of this Section, for unrecovered trauma center readiness costs as defined in subsection (F) of this Section. Reimbursement is limited to no more than the amount of unrecovered trauma center readiness costs as determined in subsections (D) and (E) of this Section. Unexpended funds may be used to reimburse unrecovered emergency room costs under subsection (C) of this Section.
- C. The Administration shall distribute 10% of monies from the trauma and emergency services fund, for unrecovered emergency services costs, to a hospital having an emergency department, using criteria under R9-22-2103. Reimbursement is limited to no more than the amount of unrecovered emergency services costs as determined in R9-22-2103. The Administration may distribute more than 10% of the monies

for unrecovered emergency room costs when there are unexpended monies under subsection (B) of this Section.

- D. The Administration shall distribute a reporting tool and guidelines to level I trauma centers to determine, on an annual basis, the unrecovered trauma center readiness costs for level I trauma centers as defined in subsection (F) of this Section. The reporting time-frame is July 1 of the prior year through June 30 of the reporting year. A level I trauma center shall submit the requested data and a copy of the most recently completed uniform accounting report under A.R.S. § 36-125.04 to the Administration no later than October 31 of each reporting year.
- E. When a level I trauma center closes in a county where there are one or more level I trauma center(s) remaining in operation, the following shall occur:
  1. The closing level I trauma center shall submit the requested data under subsection (D) of this Section for the months of the reporting time-frame in which it met the definition of a level I trauma center, and
  2. The data under subsection (D) of this Section, which is submitted by the closing level I trauma center, shall be added to the remaining level I trauma center(s) in that county for the current reporting time-frame only.
- F. In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:
  1. "Level I trauma center" means any acute care hospital that:
    - a. Provides in-house 24-hour daily dedicated trauma surgical services as defined in A.R.S. § 36-2201(26) pertaining to a trauma center, or
    - b. Is recognized as a rural regional trauma center that was providing formal organized trauma services on or before January 1, 2003.
  2. On or after January 1, 2005, "level I trauma center" means any acute care hospital designated by the Arizona Department of Health Services as a level I trauma center.
  3. "Unrecovered trauma center readiness costs" means losses incurred treating trauma patients:
    - a. Determined in accordance with Generally Accepted Accounting Principles,
    - b. Based on both clinical and professional costs incurred by a level I trauma center necessary for the provision of level I trauma care, and
    - c. Based on administrative and overhead costs directly associated with providing level I trauma care.

**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

**R9-22-2102. Distribution of Trauma and Emergency Services Fund: Level I Trauma Centers**

- A. On or after November 1, 2003, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall take into consideration the proportion of those hospitals' trauma case volume. The Administration shall:
  1. Recalculate the November 2003 payments in July 2004 using the formula in subsection (B) of this Section;
  2. Recoup November 2003 overpayments by reducing the July 2004 distributions under subsection (C) as appropriate; and
  3. Redistribute recouped funds, with the July 2004 payment, to level I trauma centers underpaid in November 2003.
- B. On or after January 31 of each year, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma cen-

ters using monies available in the trauma and emergency services fund at the time of payment. The Administration shall determine each hospital's unrecovered trauma center readiness costs for the current fiscal year using data from the most recent reporting year as provided under R9-22-2101(D) and (E). The proportion of each hospital's share of the fund for unrecovered trauma center readiness costs is determined after considering:

1. The professional, clinical, administrative, and overhead costs directly associated with providing level I trauma care, and
  2. The volume and acuity of trauma care provided by each hospital.
- C. On or after July 31 of each year, the Administration shall distribute monies to level I trauma centers using monies, under R9-22-2101(B), available in the trauma and emergency services fund at the time of payment according to the proportions calculated and used for the January payments in the same year, under subsection (B) of this Section.

#### Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

#### R9-22-2103. Distribution of Trauma and Emergency Services Fund: Emergency Services

On or after June 30 of each year, the Administration shall distribute monies available in the trauma and emergency services fund at the time of payment as follows:

1. As allocated under R9-22-2101(C),
2. To hospitals that had an emergency department from July 1 through June 30 of the prior year, and
3. On a pro rata share of each hospital's cost of uncompensated emergency care as a percentage of the total statewide cost of uncompensated emergency care provided by hospitals under subsection (2) as reported in the uniform accounting reports to the Arizona Department of Health Services under A.R.S. § 36-125.04.

#### Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3). Amended by exempt rulemaking at 18 A.A.R. 1748, effective July 1, 2012 (Supp. 12-2).

#### R9-22-2104. Additional Trauma and Emergency Services Payments under the Section 1115 Waiver

- A. Notwithstanding R9-22-2101(D), for the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the balance of the Trauma and Emergency Services fund in the following manner:
1. Ninety percent of the amount shall be distributed to Level I trauma centers based upon each center's pro rata share of each center's acuity-adjusted volume as a percentage of the total acuity-adjusted volume for all centers in the state. The acuity-adjusted volume is calculated by multiplying the Injury Severity Score employed by trauma.org by the number of trauma cases at that level treated at the

center during the reporting year. Hospitals shall report trauma scores and case volume on a worksheet prescribed by the Administration.

2. Ten percent of the amount shall be distributed proportionately to hospitals that had an emergency department from July 1 through June 30 of the reporting year based the pro rata share of each hospital's cost of emergency care as a percentage of the total statewide cost of emergency care provided by hospitals as reported on the Worksheet B, column 27, line 61 of the hospital's most current Medicare Cost Report as of January 31 following the end of each reporting year.
- B. For the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the federal financial participation made available under the section 1115 waiver for the purpose of making payments for unrecovered trauma and emergency services as follows:
1. Thirty percent of such funds to a Level I trauma center, in amounts calculated in the same manner as described in subsection (A)(1) of this Section, for any unrecovered trauma center readiness costs not reimbursed under subsection (A) of this Section;
  2. Thirty percent of such funds to a hospital having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsection (A) of this Section; and
  3. Forty percent of such funds to rural hospitals, as defined in R9-22-718 that are not Level 1 trauma centers as defined in R9-22-2101(F), having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsections (A) and (B)(2) of this Section.
- C. For the reporting years ending June 30, 2011 and June 30, 2012, payments made under this Article shall not be made in an amount that results in aggregate payments to the hospital by the Administration and contractors exceeding of the upper payment limit for the hospital services as calculated in accordance with 42 CFR 447.
- D. For the reporting years ending June 30, 2011 and June 30, 2012, to ensure compliance with subsection (C), payments under this Article shall be reconciled to the federal fiscal year that is two years subsequent to the payment.
- E. Any payments that are determined under subsection (D) to exceed the limit in subsection (C) shall be distributed as described in this Article to hospitals that have not received payments in excess of the limit in subsection (C).

#### Historical Note

New Section made by exempt rulemaking at 18 A.A.R. 1748, effective July 1, 2012 (Supp. 12-2).

## TITLE 9. HEALTH SERVICES

CHAPTER 28. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM  
ARIZONA LONG-TERM CARE SYSTEM

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 01-3).*

*Editor's Note: This Chapter contains rules which were adopted under an exemption from the rulemaking provisions of the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6, §§ 1001 et seq.) as specified in Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1994, Ch. 322, § 21. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; AHCCCS did not submit these rules to the Governor's Regulatory Review Council; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper. The rules affected by this exemption appear throughout this Chapter.*

#### **R9-28-203. Coverage for CRS Services**

- A. Beginning October 1, 2013, ALTCS DD members who need active treatment for one or more of the qualifying medical condition(s) in A.A.C. R9-22-1303 shall receive CRS services

## Arizona Health Care Cost Containment System – Arizona Long-term Care System

through the CRS contractor as described under Chapter 22, Article 13.

- B.** Beginning October 1, 2013, AHCCCS ALTCS EPD members who need active treatment for one or more of the qualifying medical conditions in A.A.C. R9-22-1303 shall not receive CRS services through the CRS contractor as described under Chapter 22, Article 13. These members shall receive treatment for those conditions through their assigned ALTCS EPD contractor. However, an American Indian member with a CRS condition(s) who is enrolled with a tribal contractor or Native American Community Health (NACH) shall obtain CRS services through the CRS contractor.

**Historical Note**

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective June 6, 1989 (Supp. 89-2). Amended effective July 13, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act effective March 22, 1993; received in the Office of the Secretary of State March 24, 1993 (Supp. 93-1). Repealed effective September 22, 1997 (Supp. 97-3). New Section R9-28-203 made by final rulemaking at 19 A.A.R. 2963, effective November 10, 2013 (Supp. 13-3).

**R9-28-204. Institutional Services**

- A.** Institutional services are provided in:
1. A NF;
  2. An ICF-MR; or
  3. A facility identified in R9-28-1105(A)(1)(b), (B), or (C).
- B.** The Administration and a contractor shall include the following services in the per diem rate for a facility listed in subsection (A):
1. Nursing care services;
  2. Rehabilitative services prescribed as a maintenance regimen;
  3. Restorative services, such as range of motion;
  4. Social services;
  5. Nutritional and dietary services;
  6. Recreational therapies and activities;
  7. Medical supplies and non-customized durable medical equipment under 9 A.A.C. 22, Article 2;
  8. Overall management and evaluation of a member's care plan;
  9. Observation and assessment of a member's changing condition;
  10. Room and board services, including supporting services such as food and food preparation, personal laundry, and housekeeping;
  11. Non-prescription and stock pharmaceuticals; and
  12. Respite care services not to exceed 600 hours per benefit year.
- C.** Each facility listed in subsection (A) is responsible for coordinating the delivery of at least the following auxiliary services:
1. Under 9 A.A.C. 22, Article 2:
    - a. Attending physician, practitioner, and primary care provider services;
    - b. Pharmaceutical services;
    - c. Diagnostic services under A.A.C. R9-22-208;
    - d. Emergency medical services; and
    - e. Emergency and medically necessary transportation services.
  2. Therapy services under R9-28-206.
- D.** Limitations. The following limitations apply:
1. A private room in a NF, ICF-MR, or facility identified in R9-28-1105(A)(1)(b), (B), or (C) is covered only if:

- a. The member or has a medical condition that requires isolation, and
  - b. The member's primary care provider or attending physician provides written authorization;
2. Each ICF-MR shall meet the standards in A.R.S. § 36-2939(B)(1), and in 42 CFR 483, Subpart I, February 28, 1992, incorporated by reference and on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation contains no future editions or amendments;
  3. Bed hold days as authorized by the Administration or its designee for a fee-for-service provider shall meet the following criteria:
    - a. Short-term hospitalization leave for a member age 21 and over is limited to 12 days per AHCCCS benefit year, and is available if a member is admitted to a hospital for a short stay. After the short-term hospitalization, the member is returned to the institutional facility from which leave is taken, and to the same bed if the level of care required can be provided in that bed; and
    - b. Therapeutic leave for a member age 21 and older is limited to nine days per AHCCCS benefit year. A physician order is required for therapeutic leave from the facility for one or more overnight stays to enhance psycho-social interaction, or as a trial basis for discharge planning. After the therapeutic leave, the member is returned to the same bed within the institutional facility;
    - c. Therapeutic leave and short-term hospitalization leave are limited to any combination of 21 days per benefit year for a member under age 21;
  4. The Administration or a contractor shall cover services that are not part of a per diem rate but are ALTCS covered services included in this Article, and deemed necessary by a member's case manager or the case manager's designee if:
    - a. The services are ordered by the member's primary care provider; and
    - b. The services are specified in a case management plan under R9-28-510;
  5. A member age 21 through 64 is eligible for behavioral health services provided in a facility under subsection (A)(3) that has more than 16 beds, for up to 30 days per admission and no more than 60 days per benefit year as allowed under the Administration's Section 1115 Waiver with CMS and except as specified by 42 CFR 441.151, May 22, 2001, incorporated by reference, on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation contains no future editions or amendments; and
  6. The limitations in subsection (D)(5) do not apply to a member:
    - a. Under age 21 or age 65 or over, or
    - b. In a facility with 16 beds or less.

**Historical Note**

Exemption to amend rules to expire December 31, 2013 under Laws 2012, Chapter 299, Section 8 therefore this Section was amended by final rulemaking at 19 A.A.R. 2758, effective October 8, 2013 (Supp. 13-3).

**R9-28-206. ALTCS Services that may be Provided to a Member Residing in either an Institutional or HCBS Setting**

The Administration shall cover the following services if the services are provided to a member within the limitations listed:

- 1. Occupational and physical therapies, speech and audiology services, and respiratory therapy:
  - a. The duration, scope, and frequency of each therapeutic modality or service is prescribed by the member's primary care provider or attending physician;
  - b. The therapy or service is authorized by the member's contractor or the Administration; and
  - c. The therapy or service is included in the members case management plan;
  - d. AHCCCS will not cover more than 15 outpatient physical therapy visits for the contract year with the exception of the required Medicare coinsurance and deductible payment as described in 9 A.A.C. 29, Article 3.
- 2. Medical supplies, durable medical equipment, and customized durable medical equipment, which conform with the requirements and limitations of 9 A.A.C. 22, Article 2;
- 3. Ventilator dependent services:
  - a. Inpatient or institutional services are limited to services provided in a general hospital, special hospital, NF, or ICF-MR. Services provided in a general or special hospital are included in the hospital's unit tier rate under 9 A.A.C. 22, Article 7;
  - b. A ventilator dependent member may receive the array of home and community based services under R9-28-205 as appropriate.
- 4. Hospice services:
  - a. Hospice services are covered only for a member who is in the final stages of a terminal illness and has a prognosis of death within six months;
  - b. Covered hospice services for a member are those allowable under 42 CFR 418.202, December 20, 1994, incorporated by reference and on file with the Administration and the Office of the Secretary of State. This incorporation by reference contains no future editions or amendments; and
  - c. Covered hospice services do not include:
    - i. Medical services provided that are not related to the terminal illness, or
    - ii. Home delivered meals.
  - d. Medicare is the primary payor of hospice services for a member if applicable.

### ARTICLE 3. PREADMISSION SCREENING (PAS)

#### R9-28-301. Definitions

A. Common definitions. In addition to definitions contained in A.R.S. Title 36, Chapter 29, and 9 A.A.C. 28, Article 1, the words and phrases in this Article have the following meanings for an individual who is elderly or physically disabled (EPD) or developmentally disabled (DD) unless the context explicitly requires another meaning:

“Applicant” is defined in A.A.C. R9-22-101.

“Assessor” means a social worker as defined in this subsection or a licensed registered nurse (RN) who:

Is employed by the Administration to conduct PAS assessments,

Completes a minimum of 30 hours of classroom training in both EPD and DD PAS for a total of 60 hours, and

Receives intensive oversight and monitoring by the Administration during the first 30 days of employment and ongoing oversight by the Administration during all periods of employment.

“Current” means belonging to the present time.

“Disruptive behavior” means inappropriate behavior by the applicant or member including urinating or defecating in inappropriate places, sexual behavior inappropriate to time, place, or person or excessive whining, crying, or screaming that interferes with an applicant’s or member’s normal activities or the activities of others and requires intervention to stop or interrupt the behavior.

“Frequency” means the number of times a specific behavior occurs within a specified interval.

“Functional assessment” means an evaluation of information about an applicant’s or member’s ability to perform activities related to:

Developmental milestones,

Activities of daily living,

Communication, and

Behavior.

“Immediate risk of institutionalization” means the status of an applicant or member under A.R.S. § 36-2934(A)(5) and as specified in A.R.S. § 36-2936 and in the Administration’s Section 1115 Waiver with Centers for Medicare and Medicaid Services (CMS).

“Intervention” means therapeutic treatment, including the use of medication, behavior modification, and physical restraints to control behavior. Intervention may be formal or informal and includes actions taken by friends or family to control the behavior.

“Medical assessment” means an evaluation of an applicant’s or member’s medical condition and the applicant’s or member’s need for medical services.

“Medical or nursing services and treatments” or “services and treatments” means specific, ongoing medical, psychiatric, or nursing intervention used actively to resolve or prevent deterioration of a medical condition. Durable medical equipment and activities of daily living assistive

devices are not treatment unless the equipment or device is used specifically and actively to resolve the existing medical condition.

“Physician consultant” means a physician who contracts with the Administration.

“Social worker” means an individual with two years of case management-related experience or a baccalaureate or master’s degree in:

Social work,

Rehabilitation,

Counseling,

Education,

Sociology,

Psychology, or

Other closely related field.

“Special diet” means a diet planned by a dietitian, nutritionist, or nurse that includes high fiber, low sodium, or pureed food.

“Toileting” means the process involved in an applicant’s or member’s managing of the elimination of urine and feces in an appropriate place.

“Vision” means the ability to perceive objects with the eyes.

B. EPD. In addition to definitions contained in subsection (A), the following also apply to an applicant or member who is EPD:

“Aggression” means physically attacking another, including:

Throwing an object,

Punching,

Biting,

Pushing,

Pinching,

Pulling hair,

Scratching, and

Physically threatening behavior.

“Bathing” means the process of washing, rinsing, and drying all parts of the body, including an applicant’s or member’s ability to transfer to a tub or shower and to obtain bath water and equipment.

“Continence” means the applicant’s or member’s ability to control the discharge of body waste from bladder and bowel.

“Dressing” means the physical process of choosing, putting on, securing fasteners, and removing clothing and footwear. Dressing includes choosing a weather-appropriate article of clothing but excludes aesthetic concerns. Dressing includes the applicant’s or member’s ability to put on artificial limbs, braces, and other appliances that are needed daily.

“Eating” means the process of putting food and fluids by any means into the digestive system.

“Emotional and cognitive functioning” means an applicant’s or member’s orientation and mental state, as evidenced by aggressive, self-injurious, wandering, disruptive, and resistive behaviors.

“EPD” means an applicant or member who is elderly and physically disabled.

“Grooming” means an applicant’s or member’s process of tending to appearance. Grooming includes: combing or brushing hair; washing face and hands; shaving; oral hygiene (including denture care); and menstrual care. Grooming does not include aesthetics such as styling hair, skin care, nail care, and applying cosmetics.

“Mobility” means the extent of an applicant’s or member’s purposeful movement within a residential environment.

“Orientation” means an applicant’s or member’s awareness of self in relation to person, place, and time.

“Physically disabled” means an applicant or member who is determined to be physically impaired by the Administration through the PAS assessment as allowed under the Administration’s Section 1115 Waiver with CMS.

“Resistiveness” means inappropriately obstinate and uncooperative behaviors, including passive or active obstinate behaviors, or refusing to participate in self-care or to take necessary medications. Resistiveness does not include difficulties with auditory processing or reasonable expressions of self-advocacy.

“Self-injurious behavior” means repeated self-induced, abusive behavior that is directed toward infliction of immediate physical harm to the body.

“Sensory” means of or relating to the senses.

“Transferring” means an applicant’s or member’s ability to move horizontally or vertically between two surfaces within a residential environment, excluding transfer for toileting or bathing.

“Wandering” means an applicant’s or member’s moving about with no rational purpose and with a tendency to go beyond the physical parameter of the residential environment.

C. DD. In addition to definitions contained in subsection (A), the following also apply to an applicant or member who is DD:

“Acute” means an active medical condition having a sudden onset, lasting a short time, and requiring immediate medical intervention.

“Aggression” means physically attacking another, including:

- Throwing objects,
- Punching,
- Biting,
- Pushing,
- Pinching,
- Pulling hair, and
- Scratching.

“Ambulation” means the ability to walk and includes quality of the walking and the degree of independence in walking.

“Bathing or showering” means an applicant’s or member’s ability to complete the bathing process including drawing the bath water, washing, rinsing, and drying all parts of the body, and washing the hair.

“Clarity of communication” means an ability to speak in recognizable language or use a formal symbolic substitution, such as American-Sign Language.

“Community mobility” means the applicant’s or member’s ability to move about a neighborhood or community independently, by any mode of transportation.

“Crawling and standing” means an applicant’s or member’s ability to crawl and stand with or without support.

“DD” means developmentally disabled.

“Developmental milestone” means a measure of an applicant’s or member’s functional abilities, including:

- Fine motor skills,
- Gross motor skills,
- Communication,
- Socialization,
- Daily living skills, and
- Behaviors.

“Dressing” means the ability to put on and remove an article of clothing. Dressing does not include the ability to put on or remove braces nor does it reflect an applicant’s or member’s ability to match colors or choose clothing appropriate for the weather.

“Eating or drinking” means the process of putting food and fluid by any means into the digestive system.

“Expressive verbal communication” means an applicant’s or member’s ability to communicate thoughts with words or sounds.

“Food preparation” means the ability to prepare a simple meal including a sandwich, cereal, or a frozen meal.

“Hand use” means the applicant’s or member’s ability to use both hands, or one hand if an applicant or member has only one hand or has the use of only one hand.

“History” means a medical condition that occurred in the past, regardless of whether the medical condition required treatment in the past, and is not now active.

“Personal hygiene” means the process of tending to one’s appearance. Personal hygiene may include: combing or brushing hair, washing face and hands, shaving, performing routine nail care, oral hygiene including denture care, and menstrual care. This does not include aesthetics such as styling hair, skin care, and applying cosmetics.

“Rolling and sitting” means an applicant’s or member’s ability to roll and sit independently or with the physical support of another person or with a device such as a pillow or specially-designed chair.

“Running or wandering away” means an applicant or member leaving a physical environment without notifying or receiving permission from the appropriate individuals.

“Self-injurious behavior” means an applicant’s or member’s repeated behavior that causes injury to the applicant or member.

“Verbal or physical threatening” means any behavior in which an applicant or member uses words, sounds, or action to threaten harm to self, others, or an object.

“Wheelchair mobility” means an applicant’s or member’s mobility using a wheelchair and does not include the ability to transfer to the wheelchair.

#### **R9-28-302. General Provisions**

To qualify for services described in A.R.S. § 36-2939:

1. An applicant shall meet the financial criteria described in Article 4, and
2. AHCCCS shall determine that the applicant is at immediate risk of institutionalization under the PAS assessment as specified in this Article.

#### **Historical Note**

New Section adopted by emergency action, subsection (A) effective June 30, 1995, subsection (B) effective September 1, 1995, pursuant to A.R.S. § 41-1026, valid for 180 days; entire Section filed in the Office of the Secretary of State June 30, 1995 (Supp. 95-2). New Section adopted again by emergency action with changes effective January 2, 1996, pursuant to A.R.S. § 41-1026 (Supp. 96-1). Emergency expired June 1, 1996. New Section adopted effective January 14, 1997 (Supp. 97-1). Amended by final rulemaking at 7 A.A.R. 5824, effective December 7, 2001 (Supp. 01-4).

#### **R9-28-303. Preadmission Screening (PAS) Process**

- A. The assessor shall use the PAS instrument to determine whether the following applicants or members are at immediate risk of institutionalization:
  1. The assessor shall use the PAS instrument prescribed in R9-28-304 to assess an applicant or member who is EPD except as specified in subsection (A)(2) for an applicant or member who is physically disabled and who is less than 6 years old. After assessing a child who is physically disabled and age 6 years to less than 12 years, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
  2. The assessor shall use the age-specific PAS instrument prescribed in R9-28-305 to assess an applicant or member who is physically disabled and less than 6 years old. After assessing the child, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
  3. The assessor shall use the PAS instrument prescribed in R9-28-305 to assess an applicant or member who is DD, except as specified in subsection (A)(4) for an applicant or member who is DD and residing in a NF. After assessing a child who is DD and less than 6 months of age, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
  4. The assessor shall use the PAS instrument prescribed in R9-28-304 for an applicant or a member who is DD and residing in a NF.
  5. The assessor shall use the PAS instrument prescribed in R9-28-304 or R9-28-305, whichever is applicable, to assess an applicant or member who is classified as venti-

lator-dependent, under Section 1902(e)(9) of the Social Security Act.

- B. For an initial assessment of an applicant who is in a hospital or other acute care setting:
  1. A registered nurse assessor shall complete the PAS assessment; or
  2. In the event that a registered nurse assessor is not available, a social worker assessor shall complete the PAS assessment; and
  3. The assessor shall conduct the PAS assessment and determine medical eligibility when discharge is scheduled within seven days.
- C. An assessor shall conduct a face-to-face PAS assessment with an applicant or member, except as provided in subsection (F). The assessor shall make reasonable efforts to obtain the applicant's or member's available medical records. The assessor may also obtain information for the PAS assessment from face-to-face interviews with the:
  1. Applicant or member,
  2. Parent,
  3. Guardian,
  4. Caregiver, or
  5. Any person familiar with the applicant's or member's functional or medical condition.
- D. Using the information described in subsection (C), an assessor shall complete the PAS assessment based on the assessor's education, experience, professional judgment, and training.
- E. After the assessor completes the PAS assessment, the assessor shall calculate a PAS score. The assessor shall compare the PAS score to an established threshold score. The scoring methodology and threshold scores are specified in R9-28-304 and R9-28-305. Except as determined by physician consultant review as provided in subsections (G) through (J), the threshold score is the point at which an applicant or member is determined to be at immediate risk of institutionalization.
- F. Upon request from a person acting on behalf of the applicant, the Administration shall conduct a PAS assessment to determine whether a deceased applicant who was residing in a NF or who received services in an ICF-MR any time during the time period covered by the application would have been eligible to receive ALTCS benefits for those months.
- G. In the following circumstances, the Administration shall request that a physician consultant review the PAS assessment, the available medical records, and use professional judgment to make the determination that an applicant or member has a developmental disability or has a nonpsychiatric medical condition that, by itself or in combination with other medical conditions, places an applicant or member at immediate risk of institutionalization:
  1. The PAS score of an applicant or member who is EPD is less than the threshold specified in R9-28-304, but is at least 56;
  2. The PAS score of an applicant or member who is DD is less than the threshold specified in R9-28-305, but is at least 38;
  3. An applicant or member scores below the threshold specified in R9-28-304, but the Administration has reasonable cause to believe that the applicant's or member's unique functional abilities or medical condition may place the applicant or member at immediate risk of institutionalization;
  4. An applicant or member scores below the threshold specified in R9-28-304 and has a documented diagnosis of autism, autistic-like behavior, or pervasive developmental disorder;

5. An applicant or member who is seriously mentally ill as defined in A.R.S. § 36-550 who scores at or above the threshold specified in R9-28-304, but may not meet the requirements of A.R.S. § 36-2936. When an applicant or member who is seriously mentally ill scores at or above the threshold, the physician consultant shall exercise professional judgment to determine whether the applicant or member meets the requirements of A.R.S. § 36-2936.
  6. An applicant is an AHCCCS acute care member and scores at or above the threshold specified in R9-28-304 but the Administration has reasonable cause to believe that the applicant's condition is convalescent and requires less than 90 days of institutional care;
  7. An applicant or member is a child who is physically disabled and is at least 6 but less than 12 years of age;
  8. An applicant or member is a child who is physically disabled and is under 6 years of age; and
  9. An applicant is under 6 months of age.
- H.** The physician consultant shall consider the following:
1. Activities of daily living dependence;
  2. Delay in development;
  3. Continence;
  4. Orientation;
  5. Behavior;
  6. Any medical condition, including stability and prognosis of the condition;
  7. Any medical nursing treatment provided to the applicant or member including skilled monitoring, medication, and therapeutic regimens;
  8. The degree to which the applicant or member must be supervised;
  9. The skill and training required of the applicant or member's caregiver; and
  10. Any other factor of significance to the individual case.
- I.** If the physician consultant is unable to make the determination from the PAS assessment and the available medical records, the physician consultant may conduct a face-to-face review with the applicant or member or contact others familiar with the applicant's or member's needs, including a primary care physician or other caregiver, to make the determination.
- J.** The physician consultant shall state the reasons for the determination in the physician review comment section of the PAS instrument.

#### Historical Note

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective July 13, 1992 (Supp. 92-3). Amended under an exemption from A.R.S. Title 41, Chapter 6, pursuant to Laws 1992, Ch. 301, § 61, effective July 1, 1993 (Supp. 93-3). Amended effective November 5, 1993 (Supp. 93-4). Section repealed by emergency action, new Section adopted by emergency action effective June 30, 1995, pursuant to A.R.S. § 41-1026, valid for 180 days (Supp. 95-2). Section repealed by emergency action, new Section adopted again by emergency action effective January 2, 1996, pursuant to A.R.S. § 41-1026, valid for 180 days (Supp. 96-1). Emergency expired June 1, 1996. Section in effect before emergency action restored. Section repealed; new Section adopted effective January 14, 1997 (Supp. 97-1). Amended by final rulemaking at 12 A.A.R. 4007, effective October 5, 2006 (Supp. 06-4). Amended by final rulemaking at 17 A.A.R. 167, effective March 12, 2011 (Supp. 11-1).

#### R9-28-304. Preadmission Screening Criteria for an Applicant or Member who is Elderly and Physically Disabled (EPD)

- A.** The PAS instrument for an applicant or member who is EPD includes the following categories:
1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of the intake information category are not included in the calculated PAS score.
  2. Functional assessment category. The assessor solicits functional assessment category information on an applicant's or member's:
    - a. Need for assistance with activities of daily living, including:
      - i. Bathing,
      - ii. Dressing,
      - iii. Grooming,
      - iv. Eating,
      - v. Mobility,
      - vi. Transferring, and
      - vii. Toileting in the residential environment or other routine setting;
    - b. Communication and sensory skills, including hearing, expressive communication, and vision; and
    - c. Continence, including bowel and bladder functioning.
  3. Emotional and cognitive functioning category. The assessor solicits emotional and cognitive functioning category information on an applicant's or member's:
    - a. Orientation to person, place, and time. In soliciting this information, the assessor shall also take into account the caregiver's judgment; and
    - b. Behavior, including:
      - i. Wandering,
      - ii. Self-injurious behavior,
      - iii. Aggression,
      - iv. Resistiveness, and
      - v. Disruptive behavior.
  4. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
    - a. Medical conditions that have an impact on the applicant's or member's functional ability in relation to activities of daily living, continence, and vision;
    - b. Medical condition that requires medical or nursing service and treatment;
    - c. Medication, treatment, and allergies;
    - d. Specific services and treatments that the applicant or member is currently receiving; and
    - e. Physical measurements, hospitalization history, and ventilator dependency.
- B.** The assessor shall use the PAS instrument to assess an applicant or member who is EPD as specified in this Section. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS assessment to calculate three scores: a functional score, a medical score, and a total score.
1. Functional score.
    - a. The Administration calculates the functional score from responses to scored items in the functional assessment and emotional and cognitive functioning categories. For each response to a scored item, a number of points is assigned, which is multiplied by a weighted numerical value. The result is a weighted score for each response.

## Arizona Health Care Cost Containment System – Arizona Long-term Care System

- b. In the functional assessment matrix, all items in the following categories are scored according to subsection (C):
        - i. Activities of daily living,
        - ii. Continence,
        - iii. Sensory,
        - iv. Orientation, and
        - v. Behavior.
      - c. The sum of the weighted scores equals the functional score. The weighted score per item can range from 0 to 15. The maximum functional score attainable by an applicant or member is 166.
    2. Medical score.
      - a. In the medical assessment matrix, all items in the following categories are scored according to:
        - i. Medical conditions as specified in subsection (C), and
        - ii. Medical or nursing services and treatments in subsection (C).
      - b. The Administration calculates the medical score based on the applicant's or member's:
        - i. Diagnosis of Alzheimer's, dementia, or organic brain syndrome (OBS);
        - ii. Diagnosis of paralysis; and
        - iii. Current use of oxygen.
  - c. The maximum medical score attainable by an applicant or member is 31.5.
  3. Total score.
    - a. The sum of an applicant's or member's functional and medical scores equals the total score.
    - b. The total score is compared to the established threshold score as calculated under this Section. The threshold score is 60.
    - c. As defined in R9-28-303, an applicant or member is determined at immediate risk of institutionalization if the total score is equal to or greater than 60.
- C. The following matrices represent the number of points available and the respective weight for each scored item.
1. Functional assessment points. The lowest value in the range of points available per item in the functional assessment category, zero, indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
  2. Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
    - a. Does not have the scored medical condition,
    - b. Does not need the scored medical or nursing services, or
    - c. Does not receive the scored medical or nursing services.

New Section adopted by emergency action, subsection (A) effective June 30, 1995, subsection (B) effective September 1, 1995, pursuant to A.R.S. § 41-1026, valid for 180 days; entire Section filed as an emergency rule with the Secretary of State's Office June 30, 1995 (Supp. 95-2). New Section adopted again by emergency action with changes effective January 2, 1996, pursuant to A.R.S. § 41-1026, valid for 180 days (Supp. 96-1). Emergency expired. New Section adopted effective January 14, 1997 (Supp. 97-1). Former Section R9-28-304 renumbered to R9-28-305; new Section R9-28-304 renumbered from R9-28-303 and amended by final rulemaking at 7 A.A.R. 5824, effective December 7, 2001 (Supp. 01-4). Amended by final rulemaking at 12 A.A.R. 4007, effective October 5, 2006 (Supp. 06-4).

**R9-28-305. Preadmission Screening Criteria for an Applicant or Member who is Developmentally Disabled (DD)**

- A. The Administration shall conduct a PAS assessment of an applicant or member who is DD using one of three PAS instruments specifically designed to assess an applicant or member in the following age groups:
  1. Twelve years of age and older,
  2. Six through 11 years of age, and
  3. Birth through 5 years of age.
- B. The PAS instruments for an applicant or member who is DD include three major categories:
  1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of this category are not included in the calculated PAS score.
  2. Functional assessment category. The functional assessment category differs by age group as indicated in subsections (B)(2)(a) through (e):
    - a. For an applicant or member 12 years of age and older, the assessor solicits the functional assessment category information on an applicant's or member's:
      - i. Need for assistance with independent living skills, including hand use, ambulation, wheelchair mobility, transfer, eating or drinking, dressing, personal hygiene, bathing or showering, food preparation, community mobility, and toileting;
      - ii. Communication skills and cognitive abilities, including expressive verbal communication, clarity of communication, associating time with an event and action, and remembering an instruction and a demonstration; and
      - iii. Behavior, including aggression, verbal or physical threatening, self-injurious behavior, and resistive or rebellious behavior.
    - b. For an applicant or member 6 through 11 years of age, the assessor solicits the functional assessment category information on an applicant's or member's:
      - i. Need for assistance with independent living skills, including rolling and sitting, crawling and standing, ambulation, climbing stairs or ramps, wheelchair mobility, dressing, personal hygiene, bathing or showering, toileting, level of bladder control, and orientation to familiar settings;
      - ii. Communication, including expressive verbal communication and clarity of communication; and
      - iii. Behavior, including aggression, verbal or physical threatening, self-injurious behavior, running or wandering away, and disruptive behavior.
  3. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
    - a. Medical condition;
    - b. Specific services and treatments the applicant or member receives or needs and the frequency of those services and treatments;
    - c. Current medication;
    - d. Medical stability;
    - e. Sensory functioning;
    - f. Physical measurements; and
    - g. Current living arrangement, ventilator dependency and eligibility for DES Division of Developmental Disabilities program services.
- C. The assessor shall use the PAS instrument to assess an applicant or member who is DD. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS instrument responses to calculate three scores: a functional score, a medical score, and a total score.
  1. Functional score.
    - a. The Administration calculates the functional score from responses to scored items in the functional assessment category. Each response is assigned a number of points which is multiplied by a weighted numerical value, resulting in a weighted score for each response.

## Arizona Health Care Cost Containment System – Arizona Long-term Care System

- b. The following items are scored as indicated in subsection (D), under the Functional Assessment matrix:

- i. For an applicant or member 12 years of age and older, all items in the behavior section are scored. Designated items in the independent living skills, communication skills, and cognitive abilities sections are also scored;
- ii. For an applicant or member 6 through 11 years of age, all items in the communication section are scored. Designated items in the independent living skills and behavior sections are scored;
- iii. For an applicant or member 6 months of age through 5 years of age, items in the developmental milestones section are scored based on the age of the applicant.

- c. The sum of the weighted scores equals the functional score. The range of weighted score per item and maximum functional score for each age group is presented below:

AGE GROUP	RANGE FOR WEIGHTED SCORE PER ITEM	MAXIMUM FUNCTIONAL SCORE ATTAINABLE
12+	0 - 11.2	124.1
6-11	0 - 24	112.5
0-5	0 - 5.0	106.02

- d. No minimum functional score is required.

2. Medical score.

- a. Subsections (C)(2)(a)(i) through (iii) are scored as indicated in subsection (D), under the Medical Assessment matrix:

- i. The assessor shall score designated items in the medical conditions for an applicant or member 12 years of age and older and 6 years of age through 11 years of age.
- ii. The assessor shall score designated items in the medical conditions and medical stability sections for an applicant or member 6 months of age through 5 years of age.
- iii. The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.

- iv. The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.

- b. The Administration calculates the medical score from information obtained in the medical assessment category. Each response to a scored item is assigned a number of points. The sum of the points equals the medical score. The range of points per item and the maximum medical score attainable by an applicant or member is presented below:

AGE GROUP	RANGE OF POINTS PER ITEM	MAXIMUM MEDICAL SCORE ATTAINABLE
12+	0 - 20.6	21.4
6-11	0 - 2.5	5
0-5	0 - 10	60

- c. No minimum medical score is required.

3. Total score.

- a. The sum of an applicant's or member's functional and medical scores equals the total score.
- b. The total score is compared to an established threshold score in R9-28-304. For an applicant or member who is DD, the threshold score is 40. Based upon the PAS instrument an applicant or member with a total score equal to or greater than 40 is at immediate risk of institutionalization.

- D. The following matrices represent the number of points available and the weight for each scored item.

1. Functional assessment points. An applicant or member age group 0 to 5: The value is received for each negative response. An applicant or member age groups 6 to 11 and 12+: the lowest value in the range of points available per item in the functional assessment category indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
2. Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
  - a. Does not have a medical condition specified in the following matrices,
  - b. Does not need medical or nursing service as specified in the following matrices, or
  - c. Does not receive any medical or nursing service as specified in the following matrices.

Section adopted by emergency action effective June 30, 1995, pursuant to A.R.S. § 41-1026, valid for 180 days (Supp. 95-2). Section adopted again by emergency action effective January 2, 1996, pursuant to A.R.S. § 41-1026, valid for 180 days (Supp. 96-1). Emergency expired. New Section adopted effective January 14, 1997 (Supp. 97-1). Former Section R9-28-305 renumbered to R9-28-306; new Section R9-28-305 renumbered from R9-28-304 and amended by final rulemaking at 7 A.A.R. 5824, effective December 7, 2001 (Supp. 01-4). Amended by final rulemaking at 17 A.A.R. 167, effective March 12, 2011 (Supp. 11-1).

**R9-28-306. Reassessments**

- A. An assessor shall reassess an ALTCS member to determine continued eligibility:
  1. In connection with a routine audit of the PAS assessment by AHCCCS;
  2. In connection with a request by a provider, program contractor, case manager, or other party, if AHCCCS determines that continued eligibility is uncertain due to substantial evidence of a change in the member's circumstances or error in the PAS assessment; or
  3. Annually when part of a population group identified by the Director in a written report as having an increased likelihood of becoming ineligible.
- B. An assessor shall determine continued eligibility for ALTCS using the same criteria used for the initial PAS assessment as prescribed in R9-28-303.
- C. An assessor shall refer the reassessment to physician consultant review if the member is:
  1. Determined ineligible,
  2. In the ALTCS Transitional Program under R9-28-307 and resides in a NF or ICF-MR, or
  3. Seriously mentally ill and no longer has a non-psychiatric medical condition that impacts the member's ability to function.

**Historical Note**

Adopted effective September 1, 1995, under an exemption from A.R.S. Title 41, Chapter 6, pursuant to Laws 1994, Ch. 322, § 21; filed with the Office of the Secretary of State June 29, 1995 (Supp. 95-3). Former Section R9-28-306 renumbered to R9-28-307; new Section R9-28-306 renumbered from R9-28-305 and amended by final rulemaking at 7 A.A.R. 5824, effective December 7, 2001 (Supp. 01-4). Amended by final rulemaking at 10 A.A.R. 1312, effective May 1, 2004 (Supp. 04-1).

**R9-28-307. The ALTCS Transitional Program for a Member who is Elderly and Physically Disabled (EPD) or Developmentally Disabled (DD)**

- A. The ALTCS transitional program serves members enrolled in the ALTCS program who, at the time of reassessment as described in R9-28-306, no longer meet the threshold specified in R9-28-304 for EPD or in R9-28-305 for DD but do meet all other ALTCS eligibility criteria. The Administration shall compare the member's PAS assessment to a scoring methodology for eligibility in the ALTCS transitional program as defined in subsections (B) and (C).
- B. The Administration shall transfer a member who is DD from the ALTCS program to the ALTCS transitional program if, at the time of a reassessment, the total PAS score is less than the threshold described in R9-28-305 but is at least 30, or the member is diagnosed with moderate, severe, or profound mental retardation.

- C. The Administration shall transfer a member who is EPD from the ALTCS program to the ALTCS transitional program if, at the time of a reassessment, the PAS score is less than the threshold described in R9-28-304 but is at least 40.
- D. For a member residing in a NF or ICF-MR, the program contractor or the Administration shall ensure that the member is moved to an approved home- and community-based setting within 90 continuous days from the enrollment date of the member's eligibility for the ALTCS transitional program.
- E. A member in the ALTCS transitional program shall continue to receive all medically necessary covered services as specified in Article 2.
- F. A member in the ALTCS transitional program is eligible to receive up to 90 continuous days per NF or ICF-MR admission when the member's condition worsens to the extent that an admission is medically necessary.
- G. For a member requiring medically necessary NF or ICF-MR services for longer than 90 days, the program contractor shall request the Administration to conduct a reassessment under R9-28-306.

**Historical Note**

New Section renumbered from R9-28-306 and amended by final rulemaking at 7 A.A.R. 5824, effective December 7, 2001 (Supp. 01-4). Amended by final rulemaking at 12 A.A.R. 4007, effective October 5, 2006 (Supp. 06-4).

**ARTICLE 4. ELIGIBILITY AND ENROLLMENT****R9-28-401. Eligibility and Enrollment-Related Definitions**

Definitions. For purposes of this Article, the following words and phrases, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, have the following meanings unless the context of the Chapter explicitly requires another meaning:

"ALTCS acute care services" means services under 9 A.A.C. 22, Articles 2 and 12, that are provided to a person who meets ALTCS eligibility requirements in 9 A.A.C. 28, Article 4 and who:

- Lives in an acute care living arrangement described in R9-28-406; or
- Is not eligible for long-term care benefits, described in R9-28-409, due to a transfer under R9-28-409 without receiving fair consideration, or
- Has refused institutionalized or HCBS services.

"Community spouse" means the husband or wife of an institutionalized person who has entered into a contract of marriage, recognized as valid by the state of Arizona, and who does not live in a medical institution.

"CSRSD" means Community Spouse Resource Deduction, the amount of a married couple's resources that is excluded in the

eligibility determination to prevent impoverishment of the community spouse as determined under R9-28-410.

“Fair consideration” means income, real or personal property, services, or support and maintenance equal to or exceeding the fair market value of the income or resources that were transferred.

“First continuous period of institutionalization” means the first period beginning on or after September 30, 1989 that the applicant was institutionalized for 30 consecutive days or more. To be considered institutionalized, the applicant must:

- Have resided in a medical institution;
- Have received paid formal Home and Community Based Services (HCBS);
- Have received a combination of medical institutionalization and HCBS, or
- Intend to receive HCBS and either:
  - Requests a Resource Assessment and is determined in need of institutional services by a Resource Assessment Medical Evaluation; or
  - Applies for ALTCS and is determined medically eligible by the Pre-Admission Screening (PAS).

“Institutionalized” means residing in a medical institution or receiving or expecting to receive HCBS that prevent the person from being placed in a medical institution as determined by the PAS.

“Medically eligible” means meeting the ALTCS medical eligibility criteria under Article 3 of this Chapter.

“MMMNA” means Minimum Monthly Maintenance Needs Allowance.

“Redetermination” means a periodic review of all eligibility factors for a recipient.

“Representative” means a person other than a spouse or a parent of a dependent child, who applies for ALTCS on behalf of another person.

“Share of costs” means the amount an ALTCS recipient is required to pay toward the cost of long term care services.

“Spouse” means a person legally married under Arizona law, a person eligible for Social Security benefits as the spouse of another person, or a person living with another person of the opposite sex and the couple represents themselves in the community as husband and wife.

Section repealed; new Section made by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-401.01. General

##### A. Application for ALTCS coverage.

1. The Administration shall provide a person the opportunity to apply for ALTCS as described under Chapter 22, Article 3, unless specified otherwise in this Section.
2. To apply for ALTCS, a person shall submit an application to an ALTCS eligibility office.

- a. The application shall contain the applicant's name and address.
- b. Before the application is approved, a person listed in A.A.C. R9-22-302(2) shall sign the application.
- c. A witness shall also sign the application if an applicant signs the application with a mark.
- d. The date of application is the date the application is received by the Administration or its designee as described in R9-22-302.

3. Except as provided in R9-22-306, the Administration shall determine eligibility within 45 days from the date of application.
4. An applicant or representative who files an ALTCS application may withdraw the application for ALTCS coverage either orally or in writing to the ALTCS eligibility office where the application was filed. The Administration shall provide the applicant with a denial notice under subsection (E).
5. If an applicant dies while an application is pending, the Administration shall complete an eligibility determination for the deceased applicant.
6. If a person dies before an application is filed, the Administration shall complete an eligibility determination on an application filed on behalf of the deceased applicant, if the application is filed in the month of the person's death.

##### B. Conditions of ALTCS eligibility. Except for persons identified in subsection (C), the Administration shall approve a person for ALTCS if all conditions of eligibility are met. The conditions of eligibility are:

1. Citizenship and alien status under Chapter 22, Article 3;
2. SSN under Chapter 22, Article 3;
3. Living arrangements under R9-28-406;
4. Resources under R9-28-407;
5. Income under R9-28-408;
6. Transfers under R9-28-409;
7. A legally authorized person shall assign rights to the Administration for medical support and for payment of medical care from any first- and third-parties as described under R9-22-311;
8. A person shall take all necessary steps to obtain annuity, pension, retirement, and disability benefits for which a person may be entitled;
9. State residency under R9-22-305;
10. Medical eligibility as specified in Chapter 28, Article 3; and
11. Providing information and verification as specified under Chapter 22, Article 3.

##### C. Persons eligible for Title IV-E or Title XVI are only required to meet the conditions under subsection (B)(6), (B)(10), (B)(11) and with respect to trusts, A.R.S. § 36-2934.01.

##### D. Eligibility effective date.

1. Eligibility is effective on the first day of the month that all eligibility requirements are met, including the period described under R9-22-303.
2. The effective date of eligibility for an applicant who moves into Arizona is no sooner than the date Arizona residency is established.
3. The effective date of eligibility for an inmate applying for medical coverage is the date the applicant no longer meets the definition of an inmate of a public institution.

##### E. Notice. The Administration shall send a person a notice of the decision regarding the person's application. The notice shall include a statement of the action and an explanation of the person's hearing rights as specified in 9 A.A.C. 34 and:

1. Approval. If the applicant meets all the eligibility requirements and conditions of eligibility of this Article, the

## Arizona Health Care Cost Containment System – Arizona Long-term Care System

Administration or its designee shall approve the application and provide the applicant with an approval notice. The approval notice shall contain:

- a. The name of each approved applicant,
  - b. The effective date of eligibility for each approved applicant,
  - c. The amount of share of cost, and
  - d. The applicant's right to appeal the decision.
2. Denial. If an applicant fails to meet the eligibility requirements or conditions of eligibility of this Article, the Administration or its designee shall deny the application and provide the applicant with a denial notice. The denial notice shall contain:
- a. The name of each ineligible applicant,
  - b. The specific reason why the applicant is ineligible,
  - c. The income and resource calculations for the applicant compared to the income or resource standards for eligibility when the reason for the denial is due to the applicant's income or resources exceeding the applicable standard,
  - d. The legal citations supporting the reason for the ineligibility,
  - e. The location where the applicant can review the legal citations, and
  - f. The applicant's right to appeal the decision and request a hearing.

- F. Confidentiality. The Administration shall maintain the confidentiality of a person's record under A.A.C. R9-22-512.

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective June 6, 1989 (Supp. 89-2). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Repealed by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

**R9-28-406. ALTCS Living Arrangements**

- A. Long-term care living arrangements. A person may be eligible for ALTCS services, under Article 2, while living in one of the following settings:

1. Institutional settings:
  - a. A Nursing Facility (NF) defined in 42 U.S.C. 1396r(a),
  - b. An Institution for Mental Diseases (IMD) for a person who is either under age 21 or age 65 or older,
  - c. An Intermediate Care Facility for the Mentally Retarded (ICF-MR) for a person with developmental disabilities,
  - d. A hospice (free-standing, hospital, or nursing facility subcontracted beds) defined in A.R.S. § 36-401; or
2. Home and community-based services (HCBS) settings:
  - a. A person's home defined in R9-28-101(B), or
  - b. Alternative HCBS settings defined in R9-28-101(B).

- B. ALTCS acute care living arrangements.

1. A person applying for and otherwise entitled to receive ALTCS coverage shall receive only ALTCS acute care coverage if residing in one of the following living arrangements, settings, or locations:
  - a. A noncertified medical facility, or
  - b. A medical facility that is registered with AHCCCS but does not have a contract with an ALTCS program contractor, or
  - c. At home or in an alternative HCBS setting when the person refuses HCBS services, or
  - d. A licensed or certified HCBS facility that is not registered with AHCCCS.
2. Eligibility income limits.
  - a. For a person residing in a setting described in subsection (1)(a) or (1)(b), the gross income limit is 300 percent of the Federal Benefit Rate (FBR).
  - b. For a person residing in a setting described in subsection (1)(c) or (1)(d), the net income limit is 100 percent of the FBR.

- C. Inmate of a public institution. An inmate of a public institution is not eligible for the ALTCS program if federal financial participation (FFP) is not available as described under R9-22-310.

**Historical Note**

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by exempt rulemaking at 7 A.A.R. 4691, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

**R9-28-407. Resource Criteria for Eligibility**

- A. The following Medicaid-eligible persons shall be deemed to meet the resource requirements for ALTCS eligibility unless ineligible due to federal and state laws regarding trusts.
1. A person receiving Supplemental Security Income (SSI);
  2. A person receiving Title IV-E Foster Care Maintenance payment; or
  3. A person receiving a Title IV-E Adoption Assistance.
- B. Except as provided in subsection (C), if a person's ALTCS eligibility is most closely related to SSI and is not included in subsection (A), the Administration shall determine eligibility using resource criteria in 42 U.S.C. 1382(a)(1)(B), 42 U.S.C. 1382b, and 20 CFR 416 Subpart L. The resource limit for an individual is \$2,000 or \$3,000 for a couple under 20 CFR 416.1205.
- C. The Administration permits the following exceptions to the resource criteria for a person identified in subsection (B):
1. Resources of the spouse or parent of a minor child are disregarded beginning the first day in the month the person is institutionalized.
  2. The value of household goods and personal effects is excluded.
  3. The value of oil, timber, and mineral rights is excluded.
  4. The value of all of the following shall be disregarded:
    - a. Term insurance;
    - b. Burial insurance;
    - c. Assets that a person has irrevocably assigned to fund the expense of a burial;
    - d. The cash value of all life insurance if the face value does not exceed \$1,500 total per insured person and the policy has not been assigned to fund a pre-need burial plan or has a legally binding designation as a burial fund;
    - e. The value of any burial space held for the purpose of providing a place for the burial of the person, a spouse, or any other member of the immediate family;
    - f. \$1,500 of the equity value of an asset that has a legally binding designation as a burial fund or a revocable burial arrangement if there is no irrevocable burial arrangement;
    - g. During the time a person remains continuously eligible, all appreciation in the value of the assets in subsection (C)(4)(f) will be disregarded; and
    - h. The amount of a payment refunded by a nursing facility after ALTCS approval is only excluded for six months beginning with the month the refund was received. The Administration shall evaluate the refund in accordance with R9-28-409 if transferred without receiving something of equal value.
- D. For an institutionalized spouse, a resource disregard is allowed under 42 U.S.C. 1396r-5(c).
- E. Trusts are evaluated in accordance with federal and state laws to determine eligibility.
- F. A person shall provide information and verification necessary to determine the countable value of resources.

**Historical Note**

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective June 6, 1989 (Supp. 89-2). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by exempt rulemaking at 7 A.A.R. 4691, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2). Amended by final

rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

**R9-28-408. Income Criteria for Eligibility**

- A. The following Medicaid-eligible persons shall be deemed to meet the income requirements for ALTCS eligibility unless ineligible due to federal and state laws regarding trusts.
1. A person receiving Supplemental Security Income (SSI);
  2. A person receiving Title IV-E Foster Care Maintenance Payments; or
  3. A person receiving Title IV-E Adoption Assistance.
- B. If the person is not included in subsection (A), the Administration shall count the income described in 42 U.S.C. 1382a and 20 CFR 416 Subpart K to determine eligibility with the following exceptions:
1. Income types excluded by 42 U.S.C. 1382a(b) for determining net income are also excluded in determining gross income to determine eligibility;
  2. Income of the parent or spouse of a minor child is counted as part of income under 42 CFR 435.602, except that the income of the parent or spouse is disregarded for the month beginning when the person is institutionalized;
  3. In-kind support and maintenance, under 42 U.S.C. 1382a(a)(2)(A), are excluded for both net and gross income tests;
  4. The income exceptions under A.A.C. R9-22-1503(B) apply to the net income test; and
  5. Income described in subsection (C) is excluded.
- C. The following are income exceptions:
1. Disbursements from a trust are considered in accordance with federal and state law; and
  2. For an institutionalized spouse, a person defined in 42 U.S.C. 1396r-5(h)(1), income is calculated in accordance with 42 U.S.C. 1396r-5(b).
- D. Income eligibility. Except as provided in R9-28-406(B)(2)(b), countable income shall not exceed 300 percent of the FBR.
- E. The Administration shall determine the amount a person shall pay for the cost of ALTCS services and the post-eligibility treatment of income (share-of-cost) under A.R.S. § 36-2932(L) and 42 CFR 435.725 or 42 CFR 435.726. The Administration shall consider the following in determining the share-of-cost:
1. Income types excluded by 42 U.S.C. 1382a(b) for determining net income are excluded in determining share-of-cost.
  2. SSI benefits paid under 42 U.S.C. 1382(e)(1)(E) and (G) to a person who receives care in a hospital or nursing facility are not included in calculating the share-of-cost.
  3. The share-of-cost of a person with a spouse is calculated as follows:
    - a. If an institutionalized person has a community spouse under 42 U.S.C. 1396r-5(h), share-of-cost is calculated under R9-28-410 and 42 U.S.C. 1396r-5(b) and (d); and
    - b. If an institutionalized person does not have a community spouse, share of cost is calculated solely on the income of the institutionalized person.
  4. Income assigned to a trust is considered in accordance with federal and state law.
  5. The following expenses are deducted from the share-of-cost of an eligible person to calculate the person's share-of-cost:
    - a. A personal-needs allowance equal to 15 percent of the FBR for a person residing in a medical institution for a full calendar month. A personal-needs allowance equal to 300 percent of the FBR for a person who receives or intends to receive HCBS or who

resides in a medical institution for less than the full calendar month;

- b. A spousal allowance, equal to the FBR minus the income of the spouse, if a spouse but no children remain at home;
  - c. A household allowance equal to the standard specified in Section 2 of the Aid for Families with Dependent Children (AFDC) State Plan as it existed on July 16, 1996 for the number of household members minus the income of the household members if a spouse and children remain at home;
  - d. Expenses for the medical and remedial care services listed in subsection (6) if the expenses have not been paid or are not subject to payment by a third-party, the person still has the obligation to pay the expense, and one of the following conditions is met:
    - i. The expense represents a payment made and reported to the Administration during the application period or a payment reported to the Administration no later than the end of the month following the month in which the payment occurred and the expense has not previously been allowed a share-of-cost deduction; or
    - ii. The expense represents the unpaid balance of an allowed, noncovered medical or remedial expense, and the expense has not been previously a share-of-cost deduction;
  - e. An amount determined by the Director for the maintenance of a single person's home for not longer than six months if a physician certifies that the person is likely to return home within that period; or
  - f. An amount for Medicare and other health insurance premiums, deductibles, or coinsurance not subject to third-party reimbursement; and
6. The deductible expense under subsection (5)(b) shall not include any amount for a service covered under the Title XIX State Plan. The deductible expense may include the TPL deductible, co-insurance, and co-payment charges for the following medically necessary services:
- a. Nonemergency dental services for a person who is age 21 or older;
  - b. Hearing aids and hearing aid batteries for a person who is age 21 or older;
  - c. Nonemergency eye care and prescriptive lenses for a person who is age 21 or older;
  - d. Chiropractic services, including treatment for subluxation of the spine, demonstrated by x-ray;
  - e. Orthognathic surgery for a person who is age 21 or older; or
  - f. Co-payments for Medicare Part D prescriptions, if not paid by the State.
  - g. On a case-by-case basis, other noncovered medically necessary services that a person petitions the Administration for and the Director approves.
- F. A person shall provide information and verification of income under A.R.S. § 36-2934(G) and 20 CFR 416.203.

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by exempt rulemaking at 7 A.A.R. 4691, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-409. Transfer of Assets

- A. The provisions in this Section apply to an institutionalized person who has, or whose spouse has, transferred assets and received less than the fair market value (uncompensated value) as specified in A.R.S. § 36-2934(B) and 42 U.S.C. 1396p(c)(1)(A), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- B. A person shall report transfer of assets. The Administration shall evaluate all transfers made during or after the look-back period under 42 U.S.C. 1396p(c)(1)(B), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments. The person shall provide verification of any transfer.
- C. Certain transfers are permitted under 42 U.S.C. 1396p(c)(2), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- D. If the Administration determines a disqualification period applies due to a transfer, and the person is otherwise eligible, the person may remain eligible for ALTCS acute care services but shall be disqualified for receiving ALTCS coverage under 42 U.S.C. 1396p(c)(1)(E), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- E. Period of disqualification for transfers.
  - 1. Calculating a period of disqualification at application. The uncompensated value of all transfers shall be divided by the monthly private pay rate. The result of this calculation equals the number of months of ineligibility.
  - 2. Calculating a period of disqualification after approval:
    - a. For one or more transfers occurring in one calendar month or in consecutive months, the period of disqualification is determined under subsection (E)(1). The period of disqualification begins with the month that the first transfer was made.
    - b. For transfers occurring in nonconsecutive calendar months, the period of disqualification for each transfer of assets shall be determined separately under subsection (E)(1) to determine if the periods of disqualification overlap.
      - i. Periods of disqualification that overlap shall be added together and shall run consecutively, beginning with the month the first transfer was made.
      - ii. Periods of disqualification that do not overlap are each applied separately beginning the month that the transfer was made.
- F. Transfers of assets for less than fair market value are presumed to have been made to establish eligibility for ALTCS services.
- G. Rebuttal of disqualification.
  - 1. A person found ineligible for ALTCS services by reason of a transfer of assets for uncompensated value shall have the right to rebut the disqualification for reasons stated under 42 U.S.C. 1396p(c)(2)(C), July 1, 2009, which is incorporated by reference and on file with the Adminis-

tration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.

2. The person shall have the burden of rebutting the presumption.
  3. If a person rebuts a transfer on the basis of debt repayment, the Administration shall determine the validity of the debt and payment amount under A.R.S. § 44-101.
- H. Undue hardship.** The transfer penalty period may be waived if denial of eligibility for long term care services creates an undue hardship.
1. The Administration shall consider whether the transfer penalty period can be waived when:
    - a. The individual is otherwise eligible for ALTCS benefits and application of the transfer of assets provision would deprive the individual of medical care such that the individual's life or health would be endangered, or
    - b. The individual is otherwise eligible for ALTCS benefits and is deprived of food, clothing, shelter or other necessities of life as evidenced by the fact that the individual's income is less than or equal to the Federal Poverty Level (FPL);
  2. The transfer penalty period shall be waived when:
    - a. The individual is incapacitated as established by the Court or by a physician; and
    - b. The individual who had the legal authority to handle the applicant's finances has violated the terms of that legal authority; and
    - c. An individual acting on the applicant's behalf has exhausted all legal remedies to regain the asset, such as but not limited to, filing a police report and seeking recovery through civil court.
  3. The transfer penalty period shall not be waived when:
    - a. The applicant was mentally competent and would have been aware of the consequences of the transfers at the time the transfers occurred; or
    - b. The applicant gave another person specific legal authority to make the transfers, such as a conservator, or a person granted the applicant's financial power of attorney when the applicant was competent to do so, and the person did not violate the limits of that authority in making the transfers.

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-410. Community Spouse

- A.** The methodology in this Section applies to an institutionalized person who has a community spouse.
- B.** If the institutionalized person's most current period of continuous institutionalization began on or after September 30, 1989, the Administration shall use the methodology for the treatment of resources under 42 U.S.C. 1396r-5(c).
  1. The following resource criteria shall be used in addition to the criteria specified in R9-28-407 to be eligible:
    - a. Resources owned by a couple at the beginning of the first continuous period of institutionalization from and after September 30, 1989, shall be computed from the first day of institutionalization. The total value of resources owned by the institutionalized spouse and the community spouse, and a spousal share equal to one-half of the total value, are computed under 42 U.S.C. 1396r-5(c)(1).
    - b. The Community Spouse Resource Deduction (CSRD) is calculated under 42 U.S.C. 1396r-5(f)(2).
    - c. The CSRD is subtracted from the total resources of the couple to determine the amount of the couple's resources considered available to the institutionalized spouse at the time of application under 42 U.S.C. 1396r-5(c)(2).
      - i. Resources in excess of the CSRD must be equal to or less than the standard for a person specified in R9-28-407.
      - ii. The CSRD is allowed as a deduction for 12 consecutive months beginning with the first month in which the institutionalized spouse is eligible for ALTCS benefits. Beginning with the 13th month, the separate property of the institutionalized spouse must be within the resource standard for a person specified in R9-28-407.
      - iii. If a person who was previously eligible for ALTCS as an institutionalized person with a community spouse reapplies for ALTCS after a break in institutionalization of more than 30 days, the CSRD will be allowed as a deduction from resources for a 12-month period in addition to the period in subsection (c)(ii).
  2. Resources are excluded as specified in R9-28-407, except that one vehicle is totally excluded regardless of its value, and any additional vehicles are included using equity value.
  3. The Director may grant eligibility if the Administration determines that a denial of eligibility would create an undue hardship for the institutionalized spouse.
- C.** This Section applies to the income eligibility and post-eligibility treatment of income beginning September 30, 1989, regardless of when the first period of institutionalization began.
  1. Income payments are attributed to the institutionalized person and the community spouse under 42 U.S.C. 1396r-5(b)(2).
  2. Income is excluded as specified in R9-28-408.
  3. The institutionalized spouse's income eligibility is determined by combining the income of the institutionalized person and the community spouse and dividing by two. If the institutionalized person is not eligible using this method, the income eligibility shall be based on the income received in the person's name.
  4. The following allowances described in 42 U.S.C. 1396r-5(d)(1) and (2) are allowed as deductions from the institutionalized spouse's income in determining share-of-cost:
    - a. A personal-needs allowance specified in R9-28-408(E)(5);
    - b. A community spouse monthly income allowance, but only to the extent that the institutionalized spouse's income is made available to or for the benefit of the community spouse;
    - c. A family allowance for each family member equal to one-third of the amount remaining after deducting the countable income of the household member from a Minimum Monthly Maintenance Needs Allowance (MMMNA);
    - d. An amount for medical or remedial services as specified in R9-28-408; and

## Arizona Health Care Cost Containment System – Arizona Long-term Care System

- e. An amount for Medicare and other health insurance premiums, deductibles, or coinsurance not subject to third-party reimbursement.
  - D. Transfers.**
    - 1. The institutionalized spouse may transfer to any of the following an amount of resources equal to the CSRD without affecting eligibility under 42 U.S.C. 1396r-5(f). The institutionalized spouse may transfer resources to:
      - a. The community spouse; or
      - b. Someone other than the community spouse if the resources are for the sole benefit of the community spouse.
    - 2. The institutionalized spouse is allowed a period of 12 consecutive months, beginning with the first month of eligibility, to transfer resources in excess of the resource standard in R9-28-407 to the persons listed in subsection (D)(1).
    - 3. All other transfers by the institutionalized person or transfers by the community spouse are treated under the provisions in R9-28-409.
  - E. Specific hearing rights as described under 9 A.A.C. 34 apply to a person whose eligibility is determined under this Section.**
    - 1. The institutionalized spouse or the community spouse is entitled to a fair hearing if dissatisfied with the determination of any of the following:
      - a. The community spouse monthly income allowance,
      - b. The amount of monthly income allocated to the community spouse,
      - c. The computation of the spousal share of resources,
      - d. The attribution of resources, or
      - e. The CSRD.
    - 2. The hearing officer may increase the amount of the MMMNA if either the community spouse or institutionalized spouse establishes that the community spouse needs income above the established MMMNA due to exceptional circumstances.
    - 3. The hearing officer may increase the amount of the CSRD to allow the community spouse to retain enough resources to generate income to meet the MMMNA. The hearing officer may allow the community spouse to retain an amount of resources necessary to purchase a single premium life annuity that would furnish monthly income sufficient to bring the community spouse's total monthly income up to the MMMNA.
- Historical Note**
- New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).
- R9-28-411. Changes, Redeterminations, and Notices**
- A. Reporting and verifying changes.**
    - 1. A person shall report to the ALTCS eligibility office the following changes for a person, a person's spouse, or a person's dependent children under 42 CFR 435.916:
      - a. A change of address;
      - b. An admission to or discharge from a medical facility, public institution, or private institution;
      - c. A change in the household's composition;
      - d. A change in income;
      - e. A change in resources;
      - f. A determination of eligibility for other benefits;
      - g. A death;
      - h. A change in marital status;
      - i. An improvement in the person's medical condition;
      - j. A change in school attendance;
      - k. A change in Arizona state residency;
      - l. A change in citizenship or alien status;
      - m. Receipt of an SSN under R9-22-305;
      - n. A transfer of assets under R9-28-409;
      - o. A change in trust income and disbursements in accordance with state and federal law;
      - p. A change in first- or third-party liability that may be responsible for payment of all or a portion of the person's medical costs;
      - q. A change in first-party medical insurance premiums;
      - r. A change in the household expenses used to calculate the community spouse monthly income allowance described in R9-28-410;
      - s. A change in the amount of the community spouse monthly income allowance that is provided to the community spouse by the institutionalized spouse under R9-28-410; and
      - t. Any other change that may affect the person's eligibility or share-of-cost.
    - 2. A change shall be reported either orally or in writing as described under R9-22-306.
  - B. Processing of changes and redeterminations.** A person's eligibility shall be redetermined at least one time every 12 months and when changes occur, under 42 CFR 435.916. A person's share-of-cost, specified in R9-28-408, shall be redetermined whenever a change occurs that may affect the post-eligibility computation of income.
  - C. Actions that may result from a redetermination or change.** Processing a redetermination or change shall result in one of the following findings:
    - 1. No change in eligibility or the post-eligibility computation of income;
    - 2. Discontinuance of eligibility if a condition of eligibility is no longer met;
    - 3. Suspension of eligibility if a condition of eligibility is temporarily not met;
    - 4. A change in the post-eligibility computation of income and the person's share-of-cost; or
    - 5. A change in service from ALTCS to ALTCS acute care services, or from ALTCS acute care services to ALTCS, caused by changes in a person's living arrangement, specified in R9-28-406, or a transfer of assets specified in R9-28-409.
  - D. Notices.**
    - 1. Contents of notice. The Administration shall issue a notice when an action is taken regarding a person's eligibility or computation of share-of-cost. The notice shall contain the following information:
      - a. A statement of the action being taken;
      - b. The effective date of the action;
      - c. The specific reason for the intended action;
      - d. The actual figures used in the eligibility determination and specify the amount by which the person exceeds income standards if eligibility is being discontinued because either a person's resources exceed the resource limit, or a person's income exceeds the income limit;
      - e. The specific law or regulation that supports the action, or a change in federal or state law that requires an action;
      - f. An explanation of a person's right to request an evidentiary hearing as described under 9 A.A.C. 34; and

- g. An explanation of the date by which a request for hearing must be received so that eligibility or the current share-of-cost may be continued.
- 2. Advance notice of changes in eligibility or share-of-cost. "Advance notice" means a notice that is issued to a person at least 10 days before the effective date of change. Except as specified in subsection (D)(3), advance notice shall be issued whenever the following adverse action is taken:
  - a. To discontinue or suspend eligibility if an eligible person no longer meets a condition of eligibility, either ongoing or temporarily;
  - b. To affect post-eligibility computation of income and increase a person's share-of-cost; or
  - c. To reduce benefits from ALTCS to ALTCS acute care services due to a change from a long-term care living arrangement to an acute care living arrangement, specified in R9-28-406(B), or due to a transfer with uncompensated value, specified in R9-28-409.
- 3. Adverse actions. An applicant or member may appeal, as described under 9 A.A.C. 34, by requesting a hearing from the Administration or its designee concerning any of the adverse actions if:
  - a. A person provides a clear, written statement, signed by the person, that a person no longer desires services;
  - b. A person provides information that requires termination of eligibility or an increase in the share-of-cost and the person signs a clear written statement waiving advance notice;
  - c. A person cannot be located and mail sent to that person has been returned as undeliverable;
  - d. A person has been admitted to a public institution where the person is ineligible for ALTCS under R9-28-406; or
  - e. A person has been approved for Medicaid in another state;
  - f. The Administration has information that confirms the death of the person;
  - g. The person's primary care provider has prescribed a change in the level of medical care; or
  - h. The notice involves an adverse determination regarding the PAS, specified in A.R.S. § 36-2936.
- E. Transitional. HCBS services may be provided to a person who is no longer at risk of institutionalization but who continues to require significant long-term care services under A.R.S. § 36-2936(D).

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-412. General Enrollment

- A. Program contractors. The Administration shall enroll each ALTCS member with:
  - 1. An elderly and physically disabled (EPD) program contractor,
  - 2. The developmentally disabled (DD) program contractor,
  - 3. A tribal program contractor, or
  - 4. The AHCCCS fee-for-service program.
- B. Enrollment choice. An ALTCS member may choose a program contractor:
  - 1. At the time of application, or
  - 2. If the ALTCS member establishes a home outside of the GSA.

- C. Annual enrollment. If an ALTCS member is elderly or physically disabled and lives in a GSA served by more than one program contractor, a member may change to an available program contractor during the annual enrollment choice period.
- D. A program contractor is responsible for the enrolled ALTCS member as described in R9-28-712, County-of-Fiscal Responsibility.

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2).

#### R9-28-413. Enrollment with an Elderly and Physically Disabled (EPD) Program Contractor

- A. A member's enrollment with an EPD program contractor. The Administration shall enroll an ALTCS elderly or physically disabled member with an EPD program contractor assigned to that GSA.
- B. New member makes a choice of an EPD program contractor. The Administration shall provide a new member an opportunity to choose an EPD program contractor, if an ALTCS member is elderly or physically disabled, and lives in a GSA served by more than one EPD program contractor.
- C. New member who makes no choice of an EPD program contractor. The Administration shall enroll an elderly or physically disabled new member that lives in a GSA with more than one EPD program contractor and who makes no choice of an EPD program contractor under the following:
  - 1. Criteria. The Administration will prioritize enrollment based on continuity of care and enroll a member with an EPD program contractor chosen under the following criteria, including but not limited to:
    - a. A member's living arrangement, and
    - b. A member's primary care practitioner.
  - 2. Algorithm. The Administration shall enroll a member through an algorithm as specified in contract, when a member has a choice of more than one EPD program contractor and the criteria in subsection (C)(1) does not apply.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-414. Enrollment with the DD Program Contractor

A member's DD program contractor. The Administration shall enroll a member including an American Indian with the DES Division of Developmental Disabilities as specified in A.R.S. § 36-2940, if the ALTCS member is eligible for services for the developmentally disabled.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-415. Enrollment with a Tribal Program Contractor

- A. On-reservation. Notwithstanding R9-28-412, the Administration shall enroll an American Indian ALTCS member who is elderly or physically disabled with the ALTCS tribal program contractor as specified in A.R.S. § 36-2932 if the person:

1. Lives on-reservation of a tribe participating as an ALTCS tribal program contractor, or
  2. Lived on-reservation of a tribe participating as an ALTCS tribal program contractor immediately prior to placement in an off-reservation NF or alternative HCBS setting.
- B.** Off-reservation. The Administration shall enroll an American Indian ALTCS member who is elderly or physically disabled with an EPD program contractor under R9-28-413, if the member lives off-reservation, and does not have on-reservation status as specified in subsection (A)(2).

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-416. Enrollment with the Fee-for-Service (FFS) Program

- A.** No tribal or EPD program contractor in GSA. The Administration shall enroll an ALTCS elderly or physically disabled member who resides in an area with no ALTCS tribal program contractor or EPD program contractor in the AHCCCS FFS program under A.R.S. § 36-2945.
- B.** Prior period coverage. The Administration shall enroll a member in AHCCCS fee-for-service program if a member is eligible for ALTCS services only during prior period coverage.
- C.** The Administration shall enroll a member in the AHCCCS fee-for-service program if the member is eligible for ALTCS services during the prior quarter period.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by exempt rulemaking at 7 A.A.R. 4691, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

#### R9-28-417. Notification Requirements

- A.** Administration responsibilities. The Administration shall notify a member's program contractor when a member is enrolled or disenrolled from the ALTCS program. The Administration shall include the following in the notification:
1. The member's name,
  2. The member's identification number,
  3. The member's effective date of enrollment or disenrollment, and
  4. The member's share-of-cost on a monthly enrollment roster.
- B.** Program contractor's responsibilities. The program contractor shall notify the Administration if an ALTCS member has any change that may affect eligibility including but not limited to:
1. A change in residential address,
  2. A change in medical or functional condition,
  3. A change in living arrangement including:
    - a. Alternative HCBS setting,
    - b. Home,
    - c. Nursing facility, or
    - d. Other living arrangement not specified in this subsection,
  4. Change in resource or income, or
  5. Death.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1).

#### R9-28-418. Disenrollment

The Administration shall disenroll an ALTCS member on the last day of the month following receipt of appropriate notification under R9-28-411 except:

1. The Administration shall disenroll an ALTCS member who dies. A member's last day of enrollment shall be the date of death.
2. The Administration shall disenroll a member immediately when the member voluntarily withdraws from the ALTCS program.
3. If ALTCS benefits have been continued pending an eligibility appeal decision and the discontinuance is upheld as specified in 9 A.A.C. 34, the Administration shall disenroll a member effective on the date of the hearing decision.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by final rulemaking at 14 A.A.R. 2090, effective July 5, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).

### ARTICLE 5. PROGRAM CONTRACTOR AND PROVIDER STANDARDS

#### R9-28-501. Program Contractor and Provider Standards – Related Definitions

**Definitions.** The following words and phrases, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, have the following meanings unless the context of the Chapter explicitly requires another meaning:

“Certification” means a voluntary process by which a federal or state regulatory entity grants recognition to a person, facility, or organization that has met certain qualifications specified by the regulatory entity, allowing the person, facility, or organization to use the word “certified” in a title or designation.

“Therapeutic leave” means that a member leaves an institutional facility for a period that does not exceed nine days per contract year.

#### Historical Note

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). New Section made by final rulemaking at 11 A.A.R. 4286, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4406, effective January 3, 2009 (Supp. 08-4).

#### R9-28-501.01. Pre-Existing Conditions

A program contractor shall comply with the pre-existing condition requirements in A.A.C. R9-22-502.

#### Historical Note

**R9-28-506. Requirements for Spouse as Paid Caregiver**

- A.** For purposes of this Section, the following definitions apply:
1. "Extraordinary care" means care that exceeds the range of activities that a spouse would ordinarily perform in the household on behalf of the ALTCS member if the member did not have a disability or chronic illness, and that is necessary to ensure the health and welfare of the member and avoid institutionalization.
  2. "Personal care or similar services" means assistance provided to an ALTCS member with a disability or chronic illness to enable the member to perform Activities of Daily Living (ADL) or Instrumental Activities of Daily Living (IADL) that the member would normally perform for himself or herself if the member did not have a disability or chronic illness. Assistance may involve performing a personal care task for the member or cueing the member so that the member performs the task for himself or herself.
- B.** As authorized by the Section 1115 Waiver, a member may choose to have personal care or similar services provided by the member's spouse as a paid caregiver if the following conditions and limitations are met:
1. The member resides in his or her own home;
  2. The Administration or a Program Contractor offers the member the choice of a provider of personal care or similar services other than the member's spouse;
  3. The personal care or similar services is described in the member's plan of care prepared by the member's case manager;
  4. The case manager records at least annually in the member's plan of care the member's choice to have personal care or similar services provided by the member's spouse as a paid caregiver;
  5. The personal care or similar services provided by the spouse are extraordinary care;
  6. The spouse is one of the following:
    - a. Employed by a provider that subcontracts with the member's Program Contractor;
    - b. If the member is developmentally disabled, the spouse is either employed by a provider that subcontracts with the member's Program Contractor, or registered with AHCCCS as an independent provider; or
    - c. If the member is a Native American enrolled in FFS, the spouse is either employed by an AHCCCS registered provider or registered with AHCCCS as an independent provider;
  7. The spouse meets the training and other qualifications that apply to other providers of personal care or similar services registered with AHCCCS;
  8. The Program Contractor does not pay a spouse providing personal care or similar services at a rate that exceeds the rate that would be paid to a provider of personal care or similar services who is not a spouse and the Administration does not pay a spouse providing personal care or similar services at a rate that exceeds the capped fee-for-service payment for personal care or similar services; and

9. A spouse providing personal care or similar services as a paid caregiver is not paid for more than 40 hours of services in a seven-day period.

- C.** For a member who elects to have the member's spouse provide personal care or similar services as a paid caregiver, personal care or similar services in excess of 40 hours in a seven-day period are not covered. If a spouse elects to provide less than the hours authorized by the Administration or Program Contractor, the remaining hours of medically necessary personal care or similar services may be provided by another personal caregiver, but the total hours of care provided by the spouse and any other personal caregiver shall not exceed 40 hours in a seven-day period.
- D.** By electing to have the member's spouse provide personal care and similar services as a paid caregiver, the member is not precluded from receiving medically necessary, cost effective home and community based services other than personal care or similar services.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 3587, effective October 2, 2007 (Supp. 07-4).

**R9-28-507. Program Contractor General Requirements**

- A.** To participate in the ALTCS program, through a program contractor or directly through the Administration, a provider of ALTCS-covered services shall be registered with the Administration.
- B.** An ALTCS program contractor shall ensure that providers of service meet the requirements of this Article.
- C.** Each ALTCS program contractor shall maintain member service records for five years, that include, at a minimum, a case management plan, medical records, encounter data, grievances, complaints, and service information for each ALTCS member.
- D.** An ALTCS program contractor shall produce and distribute informational materials that are approved by the Administration to each enrolled ALTCS member or designated representative within 12 business days after the program contractor receives notification of enrollment from the Administration. The program contractor shall ensure that the informational materials include:
1. A description of all covered services as specified in contract;
  2. An explanation of service limitations and exclusions;
  3. An explanation of the procedure for obtaining services, including a notice stating that the program contractor is liable only for those services authorized by an ALTCS member's case manager;
  4. An explanation of the procedure for obtaining emergency services;
  5. An explanation of the procedure for filing a grievance and appeal; and
  6. An explanation of when plan changes may occur as specified in contract.
- E.** A subcontractor shall collect the member's share of cost and report to the program contractor the amount collected as specified in the subcontractor contract. The program contractor shall report the share of cost collected to the Administration.
- F.** An ALTCS program contractor shall monitor a trust fund account for an institutionalized ALTCS member to verify that expenditures from the member's trust fund account are in compliance with federal regulations 42 U.S.C. 1396p(d)(4) and A.R.S. § 36-2934.01.
- G.** A program contractor shall ensure that an institutionalized ALTCS member transferred to an acute care facility to receive

services is, whenever possible, returned to the original institution upon completion of acute care.

- H. A program contractor shall ensure that an institutionalized ALTCS member granted therapeutic leave is, whenever medically appropriate, returned to the same bed in the original institution upon completion of the therapeutic leave.
- I. A program contractor shall ensure that services are paid under A.A.C. R9-22-705.
- J. A program contractor shall comply with the marketing provisions in A.A.C. R9-22-504.

#### Historical Note

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective June 6, 1989 (Supp. 89-2). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 896, effective February 8, 2000 (Supp. 00-1). Amended by final rulemaking at 11 A.A.R. 4286, effective December 5, 2005 (Supp. 05-4).

#### R9-28-508. Self-directed Attendant Care (SDAC)

- A. For purposes of this Article the following terms are defined:
  - “Competent member” means a person who is oriented, exhibits evidence of logical thought, and can provide directions.
  - “Fiscal and Employer Agent” or “FEA” is a company specified by the program contractor or the Administration in contract to serve as an employment/payroll processing center for attendant care workers employed by the member to provide SDAC services.
  - “Medically stable” means the member’s skilled-care medical needs are routine and not subject to frequent change because of health issues.
  - “Personal care” means activities of daily life such as dressing, bathing, eating and mobility.
- B. In lieu of receiving other attendant care services a competent member who meets the requirements of A.R.S. § 36-2951 or the member’s legal guardian may choose to employ through the FEA a person to provide Self-directed Attendant Care (SDAC) services. A paid caregiver described under R9-28-506 and a parent of a minor child shall not receive reimbursement for SDAC services.
- C. The attendant care worker chosen to provide SDAC services does not need to be a registered provider. The attendant care worker shall have, at a minimum, hands-on training in First Aid, CPR, Universal Precautions, and state and federal laws regarding privacy of health information or training of similar efficacy as approved by the Administration.
- D. The Administration or Program Contractor shall cover SDAC services only if the member resides in the member’s home, and shall not cover SDAC services if the member is institutionalized or residing in an alternative residential setting. If the member has a legal guardian, the legal guardian shall be present when SDAC services are provided.
- E. A member who chooses to receive SDAC services is not precluded from receiving medically necessary, cost-effective home health services from other agencies or providers if the services provided are not duplicative of the specific attendant care or skilled service already received through the program contractor.
- F. A competent member or legal guardian may employ an SDAC attendant care worker to provide personal care, homemaker and general supervision services.
- G. A competent member, who is medically stable, or the member’s legal guardian may employ an attendant care worker to also provide the following skilled services:

1. Bowel care, including suppositories, enemas, manual evacuation, and digital stimulation;
2. Bladder catheterizations (non-indwelling) that do not require a sterile procedure;
3. Wound care (non-sterile);
4. Glucose monitoring;
5. Glucagon as directed by the health care provider;
6. Insulin by subcutaneous injection only if the member is not able to self-inject;
7. Permanent gastrostomy tube feeding; and
8. Additional services requested in writing with the approval of the Director and the Arizona State Board of Nursing.

- H. The Administration or program contractor shall not cover services under subsection (G) unless:
  1. For each SDAC attendant care worker employed by a member or legal guardian, a registered nurse licensed under A.R.S. Title 32, Chapter 15 visits the member and SDAC attendant care worker before a skilled service is provided. The registered nurse will assess, educate, and train the member and SDAC attendant care worker regarding the specific skilled service that the member requires; and
  2. The registered nurse determines in writing that the attendant care worker understands how and demonstrates the skill to perform the processes or procedures required to provide the specific skilled service.

#### R9-28-509. Agency with Choice

- A. Definitions. The following words and phrases, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, have the following meanings specific to this Section:
  - “Agency” means a provider of home and community based services, other than an individual, that has a co-employment relationship with one or more members for purposes of this Section.
  - “Co-employment relationship” means a situation where the Agency serves as the legal employer of record and the ALTCS member or authorized representative assumes certain responsibilities related to directing and or managing care.
  - “Individual’s representative” means a parent, family member, guardian, advocate, or other person authorized by the member to serve as a representative in connection with the provision of services and supports. This authorization should be in writing, when feasible, or by another method that clearly indicates the individual’s free choice. An individual’s representative may not also be a paid caregiver of an individual receiving services and supports.
  - “Standardized training” means minimum training standards required of all paid caregivers by the Administration as specified in contract.

## Arizona Health Care Cost Containment System – Arizona Long-term Care System

- B. Purpose. The Agency with Choice program is an ALTCS member directed service model for the provision of home and community based services. Under this model, the ALTCS member or individual's representative and the agency enter into a co-employment relationship.
- C. In lieu of receiving HCBS services under a traditional service model, a member or the member's individual's representative may choose to participate in the Agency with Choice service model. Under the Agency with Choice service model, the agency shall maintain the authority to hire and fire paid caregivers and provide standardized training to the caregiver, and the member or individual representative may elect to recruit, select, dismiss, determine duties, schedule, specify training to meet the unique needs of the member, and supervise the paid caregivers on a day-to-day basis.
- D. Setting. This program is applicable to ALTCS members who reside in their own home.
- E. A member who chooses to receive services under the Agency with Choice service model is not precluded from receiving medically necessary, cost-effective services and supports from other agencies or providers if the services provided are not duplicative of the specific attendant care or skilled service already received through the contractor.

**Historical Note**

Section made by final rulemaking at 18 A.A.R. 3380, effective January 1, 2013 (Supp. 12-4).

**R9-28-510. Case Management**

- A. A program contractor shall assign to each member a case manager to identify, plan, coordinate, monitor, and reassess the need for and provision of long-term care services.
- B. A case manager shall:
  - 1. Ensure that appropriate ALTCS placement and services are provided for a member within 30 days of enrollment;
  - 2. Develop a service plan by:
    - a. Completing a case management plan when a member is enrolled in ALTCS and authorizing services for a member who continues to be financially and medically eligible for services;
    - b. Ensuring that a member participates in the preparation of the member's case management plan;
    - c. Specifying the paid and natural support services to be received by the member, including the duration, scope of services, units of service, frequency of service delivery, provider of services, and effective time period; and
    - d. Coordinating with the primary care provider in determining the necessary services for the member, including hospital and medical services;
  - 3. Submit a written justification to the case manager's supervisor to include HCBS in the case management plan if the services exceed 80 percent of the institutional cost;
  - 4. Manage a case management plan by:
    - a. Re-evaluating and revising the case management plan when the member transfers to another facility, transfers to a hospital, has a change in level of care; and
    - b. Monitoring receipt of services by a member;
  - 5. Assist the member to maintain or progress toward the highest level of functioning;
  - 6. Ensure that records are transferred when the member is transferred from a facility or provider to a new facility or provider;
  - 7. Perform additional monitoring of a member with rehabilitation potential and whose condition is fragile or unstable, whose case management plan is marginally cost

effective, or whose use of medical and hospital services is unusual;

- 8. Arrange behavioral health services, if necessary. The case manager shall have initial and quarterly consultation and collaboration with a behavioral health professional to review the treatment plan, unless the case manager meets the definition of a behavioral health professional under A.A.C. R9-20-101.
- C. A program contractor shall submit a service plan and other information related to the case management plan upon request to the Administration.

**ARTICLE 7. STANDARDS FOR PAYMENTS****R9-28-701. Standards for Payment Related Definitions**

Definitions. In this Article, in addition to definitions contained in A.R.S. §§ 36-2901 and 36-2931, and 9 A.A.C. 22, Article 1, the following phrase has the following meaning unless the context of the Article explicitly requires another meaning:

“County of fiscal responsibility” means the county that is financially responsible for the state’s share of ALTCS funding.

**Historical Note**

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended by final rulemaking at 8 A.A.R. 444, effective January 10, 2002 (Supp. 02-1). Section repealed; new Section made by final rulemaking at 11 A.A.R. 3165, effective October 1, 2005 (Supp. 05-3).

**R9-28-701.10. General Requirements**

The following Sections of A.A.C. Chapter 22, Articles 2 and 7, are applicable to reimbursement for services provided under the ALTCS program, except that the term “program contractor” shall be substituted for “contractor.”

1. Scope of the Administration’s and Contractor’s Liability, R9-22-701.10;
2. Charges to Members, R9-22-702;
3. Payments by the Administration or by a program contractor, R9-22-703 and R9-22-705;
4. Contractor’s Liability to Hospitals for the Provision of Emergency and Post-stabilization Care, R9-22-709;
5. Payment for Non-hospital services, R9-22-710;
6. Specialty Contracts, R9-22-712(G)(3), R9-22-712.01 (10) and Article 2;
7. Payments by the Administration for Hospital Services Provided to an Eligible Person, R9-22-712; R9-22-712.01 and R9-22-712.10;
8. Overpayment and Recovery of Indebtedness, R9-22-713;
9. Payments to Providers, R9-22-714;
10. Hospital Rate Negotiations, R9-22-715; and
11. Reinsurance, R9-22-720.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 458, effective April 7, 2007 (Supp. 07-1).

**R9-28-702. Nursing Facility Assessment**

A. For purposes of R9-28-702 and R9-28-703, in addition to the definitions under A.R.S. 36-2999.51, the following terms have the following meaning unless the context specifically requires another meaning:

“820 transaction” means the standard health care premium payments transaction required by 45 CFR 162.1702.

“Assessment year” means the 12 month period beginning October 1<sup>st</sup> each year

“Medicaid patient days” means patient days reported on the Nursing Care Institution Uniform Accounting Report (UAR) as attributable to AHCCCS and its contractors as the primary payor.

“Medicare patient days” means patient days reported on the Nursing Care Institution UAR as Skilled Medicare Patient Days or Part C/Advantage/Medicare Replacement Days.

“Nursing Care Institution UAR” means the Nursing Care Institution Uniform Accounting Report described by R9-11-204.

- B. Subject to Centers for Medicare and Medicaid Services (CMS) approval, effective October 1, 2012, nursing facilities shall be subject to a provider assessment payable on a quarterly basis.
- C. All nursing facilities licensed in the state of Arizona shall be subject to the provider assessment except for:
  1. A continuing care retirement community,
  2. A facility with 58 or fewer beds, according to the Arizona Department of Health Services, Division of Licensing Services, Provider & Facility Database,
  3. A facility designated by the Arizona Department of Health Services as an Intermediate Care Facility for the Intellectually Disabled,
  4. A tribally owned or operated facility located on a reservation, or
  5. Arizona Veteran’s Homes.
- D. The Administration shall calculate the prospective nursing facility provider assessment for qualifying nursing facilities as follows:
  1. In September of each year, the Administration shall obtain from the Arizona Department of Health Services the most recently published Nursing Care Institution UAR and the information required in subsection (C)(2). At the request of the Administration, a nursing facility shall provide the Administration with any additional information necessary to determine the assessment.
  2. The Administration shall use the information obtained under subsection (D)(1) to determine:
    - a. Each nursing facility’s total annual Medicaid patient days,
    - b. Each nursing facility’s total annual Medicare patient days,
    - c. Each nursing facility’s total annual patient days,
    - d. The aggregate net patient service revenue of all assessed providers, and
    - e. The slope described under 42 CFR 433.68(e)(2).
  3. For each nursing facility, other than a nursing facility exempted in subsection (C) or described in subsection (D)(4), the provider assessment is calculated by multiplying the nursing facility’s total annual patient days other than Medicare patient days by \$10.50.
  4. For a nursing facility, other than a nursing facility exempted in subsection (C), with a number of total annual Medicaid patient days greater than or equal to the number required to achieve a slope of at least 1 applying the uniformity tax waiver test described in 42 CFR 433.68(e)(2), the provider assessment is calculated by multiplying the nursing facility’s total annual patient days, other than Medicare patient days, by \$1.40.

5. For each assessment year the slope described under 42 CFR 433.68(e)(2) shall be recalculated.
6. The total annual assessment calculated under subsections (D)(3), (D)(4) and (D)(5), shall not exceed 3.5 percent of the aggregate net patient service revenue of all assessed providers as reported on the Nursing Care Institution UAR obtained under subsection (D)(1).
7. All calculations and determinations necessary for the provider assessment shall be based on information possessed by the Administration on or before November 1 of the assessment year.
8. The Administration shall forward the provider assessments for all assessed facilities to the Arizona Department of Revenue by no later than December 1 of the assessment year.
9. In the event a nursing facility closes during the assessment year, the nursing facility shall cease to be responsible for the portion of the assessment applied to the dates the nursing facility is not operating.
10. In the event a nursing facility begins operation during the assessment year, that facility will have no responsibility for the assessment until such time as the facility has submitted to the Arizona Department of Health Services the report required by R9-11-204(A) covering a full year of operation.
11. In the event a nursing facility has a change of ownership such that the facility remains open and the ownership of the facility changes, the assessment liability transfers with the change in ownership.

#### R9-28-703. Nursing Facility Supplemental Payments

##### A. Nursing Facility Supplemental Payments

1. Using Medicaid resident bed day information from the most recent and complete twelve months of adjudicated claims and encounter data, for every combination of contractor and every facility eligible for a supplemental payment, the Administration shall determine annually a ratio equal to the number of bed days for the facility paid by each contractor divided by the total number of bed days paid to all facilities by all contractors and the Administration.
2. Using the same information as used in (A)(1), for every facility eligible for a supplemental payment, the Administration shall determine annually a ratio equal to the number of bed days for the facility paid by the Administration divided by the total number of bed days paid to all facilities by all contractors and the Administration.
3. Quarterly, each contractor shall make payments to each facility in an amount equal to 98% of the amounts identified as Nursing Facility Enhanced Payments in the 820 transaction sent from AHCCCS to the contractor for the quarter multiplied by the percentage determined in sub-

section (A)(1) applicable to the contractor and to each facility.

4. Quarterly, the Administration shall make payments to each facility in an amount equal to 99% of the amounts collected during the preceding quarter under R9-28-702, less amounts collected and used to fund the Nursing Facility Enhanced Payments included in the capitation paid to contractors and the corresponding federal financial participation, multiplied by the percentage determined in subsection (A)(2) applicable to the Administration and to each facility. The Administration shall make the supplemental payments to the nursing facilities within 20 calendar days of the determination of the quarterly supplemental payment.
  5. Neither the Administration nor its contractors shall be required to make quarterly payments to facilities otherwise required by subsections (A)(3) or (A)(4) until the amount available in the nursing facility assessment fund established by A.R.S. § 36-2999.53, plus the corresponding federal financial participation, is equal to or greater than 101% of the amount necessary to make such payments in full.
  6. Contractors shall not be required to make quarterly payments to a facility otherwise required by subsection (A)(3) until the Administration has made a retroactive adjustment to the capitation rates paid to contractors to correct the Nursing Facility Enhanced Payments based on actual member months for the specified quarter.
- B.** Each contractor must pay each facility the amount computed within 20 calendar days of receiving the Nursing Facility Enhanced Payment from the Administration. The contractors must confirm each payment and payment date to the Administration within 20 calendar days from receipt of the funds.
- C.** After each assessment year, the Administration shall reconcile the payments made by contractors under subsections (A)(3) and (B) to the portion of the annual collections under R9-28-702 attributable to Medicaid resident bed days paid for by contractors for the same year, less one percent, plus available federal financial participation. The proportion of each nursing facility's Medicaid resident bed days as described in subsection (A)(1) shall be used to calculate the reconciliation amounts. Contractors shall make additional payments to or recoup payments from nursing facilities based on the reconciliation in compliance with the requirements of subsection (B).
- D.** General requirements for all payments.
1. A facility must be open on the date the supplemental payment is made in order to receive a payment. In the event a nursing facility closes during the assessment year, the nursing facility shall cease to be eligible for supplemental payments.
  2. In the event a nursing facility begins operation during the assessment year, that facility shall not receive a supplemental payment until such time as the facility has claims and encounter data that falls within the collection period for the payment calculation.
  3. In the event a nursing facility has a change of ownership, payments shall be made to the owner of the facility as of the date of the supplemental payment.
  4. Subsection (E)(3) shall not be interpreted to prohibit the current and prior owner from agreeing to a transfer of the payment from the current owner to the prior owner.
- E.** The Arizona Veterans' Homes are not eligible for supplemental payments.

**R9-28-712. County of Fiscal Responsibility****A. General requirements.**

1. The Administration shall determine the county of fiscal responsibility under A.R.S. § 36-2913 for an applicant or member who is elderly or physically disabled.
2. A program contractor shall cover services and provisions specified in 9 A.A.C. 22, Articles 2 and 7 and Article 11 of this Chapter.

**B. Criteria for determining county of fiscal responsibility for an applicant.**

1. If the applicant resides in the applicant's own home, the county of fiscal responsibility is the county where the applicant currently resides.
2. This applies only if subsection (B)(3) does not apply. If the applicant is residing in a NF or alternative HCBS setting, the county of fiscal responsibility is the county in which the applicant last resided in the applicant's own home.
3. If the applicant moves from another state directly into a NF or alternative HCBS setting in this state, the county of fiscal responsibility is the county in which the person currently resides.

4. If the applicant moves from the Arizona State Hospital (ASH) into a NF or alternative HCBS setting, or is an inmate of a public institution moving from the public institution into a NF or alternative HCBS setting, the county of fiscal responsibility is the county in which the applicant resided in the applicant's own home prior to admission to ASH or the public institution.
- C. Criteria for determining if there is a change in county of fiscal responsibility for a member moving from one county to another county.
  1. No change in the county of fiscal responsibility. There is no change in the county of fiscal responsibility for a member if:
    - a. The member moves from a NF to another NF in a different county,
    - b. The member moves from a NF to an alternative HCBS setting in a different county,
    - c. The member moves from an alternative HCBS setting to another alternative HCBS setting in a different county,
    - d. The member moves from an alternative HCBS setting to a NF in a different county,
    - e. The member moves from the member's own home to an alternative HCBS setting in a different county,
    - f. The member moves from the member's own home to a NF in a different county,
    - g. The member moves from a NF or alternative HCBS setting into ASH, or
    - h. The member moves from ASH to a NF or alternative HCBS setting.
  2. Change in the county of fiscal responsibility. If a member moves from one county to another, the county of fiscal of responsibility changes to the new county if the member moves from:
    - a. An alternative HCBS setting to the member's own home in a different county,
    - b. A NF to the member's own home in a different county,
    - c. The member's own home to the member's own home in a different county, or
    - d. ASH to the member's own home.
  3. Transfers between program contractors. The county of fiscal responsibility changes if the Administration transfers a member from one program contractor to a different program contractor and if:
    - a. Both program contractors agree, or
    - b. The Administration determines that it is in the best interest of the member.

**ARTICLE 8. TEFRA LIENS AND RECOVERIES****R9-28-801. Definitions Related to TEFRA Liens**

In addition to the definitions in A.R.S. §§ 36-2901 and 36-2931, 9 A.A.C. 22, Article 1, and 9 A.A.C. 28, Article 1, the following definitions apply to this Article:

"Consecutive days" means days following one after the other without an interruption resulting from a discharge.

"File" means the date that AHCCCS receives a request for a State Fair Hearing under R9-28-805, as established by a date stamp on the request or other record of receipt.

"Home" means property in which a member has an ownership interest and that serves as the member's principal place of residence. This property includes the shelter in which a member resides, the land on which the shelter is located, and related outbuildings.

"Recover" means that AHCCCS takes action to collect from a claim.

"TEFRA lien" means a lien under 42 U.S.C. 1396p of the Tax Equity and Fiscal Responsibility Act of 1982.

**Historical Note**

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective November 5, 1993 (Supp. 93-4). Section repealed; new Section adopted effective August 11, 1997 (Supp. 97-3). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3365, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 820, effective April 3, 2004 (Supp. 04-1). New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-801.01. TEFRA Liens – General**

Purpose. The purpose of TEFRA is to allow AHCCCS to file a lien on an AHCCCS member's interest in any real property before the member is deceased, including but not limited to life estates and beneficiary deeds.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-802. TEFRA Liens – Affected Members**

- A. Except for members under R9-28-803, AHCCCS shall file a TEFRA lien against the real property of all members who are:
  1. Receiving ALTCS services,
  2. 55 years of age or older, and
  3. Permanently institutionalized.
- B. A rebuttable presumption exists that a member is permanently institutionalized if the member has continually resided in a nursing facility, ICF/MR, or other medical institution defined in 42 CFR 435.1010 for 90 or more consecutive days. A member may rebut the presumption by providing a written opinion from a treating physician, rendered to a reasonable degree of medical certainty, that the member's condition is likely to improve to the point that the member will be discharged from

**R9-28-804. TEFRA Liens – AHCCCS Notice of Intent**

- A. Time-frame. At least 30 days before filing a TEFRA lien, AHCCCS shall send the member or member's representative a Notice of Intent.
- B. Content of the Notice of Intent. The Notice of Intent shall include the following information:
  1. A description of a TEFRA lien and the action that AHCCCS intends to take,
  2. How a TEFRA lien affects a member's property,
  3. The legal authority for filing a TEFRA lien,
  4. The time-frames and procedures involved in filing a TEFRA lien, and
  5. The member's right to request an exemption.
- C. Request for exemption. A member or a member's representative may request an exemption. To request an exemption the member or the member's representative shall submit a written statement to AHCCCS within 30 days from the receipt of the Notice of Intent describing the factual basis for a claim that the property should be exempt from placement of a TEFRA lien or from recovery of lien based on R9-28-802, R9-28-803, or R9-28-806. AHCCCS shall respond to the member or member's representative in writing within 30 days of receiving a request for exemption, unless the parties mutually agree to a longer period of time.

**Historical Note**

Adopted effective October 1, 1988, filed September 1, 1988 (Supp. 88-3). Amended effective April 25, 1990 (Supp. 90-2). Section repealed effective August 11, 1997

(Supp. 97-3). New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-805. TEFRA Liens and Estate Recovery – Member's Request for a State Fair Hearing**

- A. If the member or member's representative does not request an exemption under R9-28-804(C), the Administration shall send the member or representative a Notice of TEFRA Lien. The member or representative may file a request for a State Fair Hearing within 30 days of the receipt of the Notice of TEFRA Lien.
- B. If the member requests an exemption and the request is denied, the Administration shall send the member or representative a Denial of a Request for Exemption. The member or representative may file a request for a State Fair Hearing within 30 days of the receipt of the Denial of Request for Exemption. After the 30-day time-frame to file a State Fair Hearing, the member or representative is sent a Notice of a TEFRA Lien.
- C. Hearings regarding TEFRA liens shall be conducted under 9 A.A.C. 34.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-806. TEFRA Liens – Recovery**

- A. AHCCCS shall seek to recover a TEFRA lien upon the sale or transfer of the real property subject to the lien. However, AHCCCS shall not seek to recover the TEFRA lien or attempt recovery against any real property subject to the TEFRA lien so long as the member is survived by the member's:
  1. Spouse;
  2. Child under the age of 21; or
  3. Child who receives benefits under either Title II or Title XVI of the Social Security Act as blind or disabled, as defined under 42 U.S.C. 1382c.
- B. AHCCCS shall not seek to recover a TEFRA lien on an individual's home if the member is survived by:
  1. A sibling of the member who currently resides in the deceased member's home and who was residing in the member's home for a period of at least one year immediately before the date of the member's admission to the nursing facility, ICF/MR, or other medical institution as defined under 42 CFR 435.1010; or
  2. A child of the member who resides in the deceased member's home and who:
    - a. Was residing in the member's home for a period of at least two years immediately before the date of the member's admission to the nursing facility, ICF/MR, or other medical institution as defined under 42 CFR 435.1010; and
    - b. Provided care to the member that allowed the member to reside at home rather than in an institution.
- C. To determine whether a child of the member provided care under subsection (B)(2), AHCCCS shall require the following information:
  1. A physician's written statement that describes the member's physical condition and service needs for the previous two years before the member's death;
  2. Verification that the child actually lived in the member's home;
  3. A written statement from the child providing the services that describes and attests to the services provided;
  4. A written statement, if any, made by the member prior to death regarding the services received; and
  5. A written statement from physician, friend, or relative as witness to the care provided.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-807. TEFRA Liens – Release**

AHCCCS shall issue a release of a TEFRA lien within 30 days of:

1. Satisfaction of the lien;
2. Notice that the member has been discharged from the nursing facility, ICF/MR, or other medical institution, defined under 42 CFR 435.1010, and the member has returned home and is physically residing in the home with the intention of remaining in the home. Discharge to an alternative HCBS setting defined at R9-28-101 does not constitute a return to the home; or
3. Notice of the member's death, if a lien has been filed on a life estate.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-910. Recoveries**

AHCCCS shall recover funds paid before or after the death of a member for ALTCS benefits including: capitation payments, Medicare Parts A and B premium payments, coinsurance and deductibles paid by AHCCCS, fee-for-service payments, and reinsurance payments from:

1. The estate of a member who was 55 years of age or older when the member received benefits; or
2. The estate or the property of a member under A.R.S. §§ 36-2935, 36-2956, and 42 U.S.C. 1396p.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1308, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 14 A.A.R. 3791, effective November 8, 2008 (Supp. 08-3).

**R9-28-911. Estate Recovery and Undue Hardship**

A. Any recovery of a claim by AHCCCS against a member's estate shall be made only after the death of the member's surviving spouse and only at a time:

1. When there exists no surviving minor child under age 21; and
2. When there exists no surviving child who receives benefits under either Title II or Title XVI of the Social Security Act because the child is blind or disabled as defined in 42 U.S.C. 1382c.

B. Undue hardship exemption request. A member's representative may request an undue hardship exemption. If the member's representative wishes to request an undue hardship exemption, the member's representative shall submit the request within 30 days from the receipt of the notification of the AHCCCS claim against the estate. The member's repre-

sentative shall submit a written statement to AHCCCS describing the factual basis for a claim that the property should be exempt from estate recovery as provided under this Section. AHCCCS shall respond to the member or member's representative in writing within 30 days of receiving an undue hardship exemption request, unless the parties mutually agree to a longer period of time.

**C.** AHCCCS shall waive a claim against a member's estate because of undue hardship if any of the following situations exist:

1. The estate consists only of real property that is listed as residential property by the Arizona Department of Revenue or County Assessor's Office, and the heir or devisee:
  - a. Owns a business that is located at the residential property and:
    - i. The business was in operation at the residential property for at least 12 months preceding the death of the member,
    - ii. The business provides more than 50 percent of the heir's or devisee's livelihood, and
    - iii. The recovery of the property would result in the heir or devisee losing the heir's or devisee's means of livelihood; or
  - b. Currently resides in the residence and:
    - i. Resided there at the time of the member's death,
    - ii. Made the residence his or her primary residence for the 12 months immediately before the death of the member, and
    - iii. Owns no other residence; or
2. The estate consists only of personal property and:
  - a. The heir's or devisee's gross annual income for the household size is less than 100 percent of the Federal Poverty Level (FPL). New sources of income such as employment or Social Security that may not have yet been received are included in determining the household's annual gross income; and
  - b. The heir or devisee does not own a home, land, or other real property.

**D.** When the estate consists of both personal property and real property that qualify for the undue hardship exemption criteria under subsections (B) and (C), AHCCCS shall not grant an undue hardship waiver; however, AHCCCS shall adjust its claim to the value of the personal property.

**E.** AHCCCS shall exempt the following income, resources, and property of Native Americans (NA) and Alaska Natives (AN) from estate recovery:

1. Income and resources from tribal land and other resources currently held in trust and judgment funds from the Indian Claims Commission or U.S. Claims Court;
2. Ownership interest in trust or non-trust property;
3. Ownership interests left as a remainder in an estate in rents, leases, royalties, or usage rights related to natural resources;
4. Any other ownership interests or rights in a property that has unique religious, spiritual, traditional, or cultural significance or rights that support subsistence or a traditional life style according to applicable Tribal law or custom; and

**ARTICLE 11. BEHAVIORAL HEALTH SERVICES****R9-28-1101. General Requirements**

General requirements. The following general requirements apply to behavioral health services provided under this Article, subject to all exclusions and limitations.

1. Administration. The program shall be administered under A.R.S. § 36-2932.
2. Provision of services. Behavioral health services shall be provided under A.R.S. § 36-2939, this Chapter and 9 A.A.C. 22, Article 12, as applicable.
3. Definitions. The definitions in A.A.C. R9-22-1201 and R9-22-102 apply to this Article, in addition to the following definitions:

“Case management” means the activities described in R9-28-510.

“Cost avoid” means the same as in A.A.C. R9-22-1201.

“Intergovernmental agreement” or “IGA” means an agreement for services or joint or cooperative action between the Administration and a tribal contractor.

“Qualified behavioral health service provider” means a behavioral health service provider that meets the requirements of R9-28-1106.

“Tribal contractor” means a tribal organization (The Tribe) or urban Indian organization defined in 25 U.S.C.

1603 and recognized by CMS as meeting the requirements of 42 U.S.C. 1396d(b), that provides or is accountable for providing the services or delivering the items described in the intergovernmental agreement.

4. Enrollment of Native American member. The Administration shall enroll an EPD Native American member with a tribal contractor on a FFS basis if:
  - a. The member lives on-reservation of a Native American tribal organization that is an ALTCS tribal contractor, or
  - b. The member lived on-reservation of a Native American tribal organization that is an ALTCS tribal contractor immediately before placement in an off-reservation Nursing Facility or an alternative HCBS setting.
5. Case management. A tribal contractor shall provide case management services to FFS Native American members living on or off-reservation as delineated in the IGA.
6. Services. A tribal contractor or the Administration may authorize behavioral health services for FFS Native American members enrolled with a tribal contractor as delineated in the intergovernmental agreement.
7. Enrollment of Native American members off-reservation. Except as provided in R9-28-1101(4)(b), an EPD Native American who resides on or off-reservation shall be enrolled with an ALTCS program contractor to receive behavioral health services, including case management, under R9-28-415.
8. Enrollment of developmentally disabled Native American member. A developmentally disabled Native American member who resides on or off-reservation shall be enrolled with the Department of Economic Security’s Division of Developmental Disabilities under R9-28-414 and shall receive behavioral health services from the Department of Economic Security’s Division of Developmental Disabilities.
9. Reimbursement. For FFS Native Americans, the Administration is exclusively responsible for providing reimbursement for covered behavioral health services that are authorized by a tribal contractor or the Administration under the intergovernmental agreement as specified in this Article. A program contractor is exclusively responsible for providing reimbursement for covered behavioral health services that are authorized by a program contractor as specified in this Article.

**Historical Note**

Adopted under an exemption from A.R.S. Title 41, Chapter 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 200, effective December 13, 1999 (Supp. 99-4). Amended by exempt rulemaking at 7 A.A.R. 4691, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 1090, effective May 5, 2007 (Supp. 07-1).

**R9-28-1102. Program or Tribal Contractor Responsibilities**

- A. Program contractor. A program contractor shall provide behavioral health services to all enrolled members, including Native American members who are not enrolled with a tribal contractor under R9-28-1101.
- B. Tribal contractor. A tribal contractor shall provide behavioral health services to a Native American member who is enrolled with a tribal contractor as prescribed in R9-28-1101. When a tribal contractor determines that an EPD Native American

member residing on a reservation needs behavioral health services under R9-28-415, the member shall receive services as authorized by the Administration or a tribal contractor under A.A.C. R9-22-1205 from any AHCCCS-registered provider.

- C. A program or tribal contractor shall cooperate when a transition of care occurs and ensure that medical records are transferred in accordance with A.R.S. §§ 36-2932, 36-509, and R9-28-514 when a member transitions from:
  1. A behavioral health provider to another behavioral health provider,
  2. A RBHA or TRBHA to a program contractor,
  3. A program or tribal contractor to a RBHA or TRBHA, or
  4. A program contractor to a tribal contractor or vice versa.
- D. The Administration, a tribal contractor, or a program contractor, as appropriate, shall authorize behavioral health services for Native American members.

#### R9-28-1104. General Service Requirements

- A. Services. Behavioral health services include both mental health and substance abuse services.
- B. Prior authorization for emergency behavioral health services. A provider is not required to obtain prior authorization for emergency behavioral health services.
- C. Prohibition against denial of payment. A program contractor, tribal contractor, or the Administration shall not limit or deny payment to an emergency behavioral health provider for emer-

gency behavioral health services to a member for the following reasons:

1. On the basis of lists of diagnoses or symptoms,
  2. Prior authorization was not obtained, or
  3. The provider does not have a contract.
- D. A program contractor or the Administration shall not limit or deny payment to an emergency behavioral health provider for emergency behavioral health services provided to a member if the member received those services as directed by an employee of the program contractor or the Administration.
  - E. Grounds for denial for persons enrolled with a program or tribal contractor. A program contractor or the Administration may deny payment to an emergency behavioral health provider for emergency behavioral health services for reasons including but not limited to the following:
    1. The claim was not a clean claim,
    2. The claim was not submitted timely, or
    3. The provider failed to provide timely notification to the Administration or the program contractor, as applicable.
  - F. Notification to program contractor for persons enrolled with a program contractor. A hospital, emergency room provider, or fiscal agent shall notify a program contractor no later than the 11th day from presentation of the member enrolled with a program contractor for emergency inpatient behavioral health services.
  - G. Notification to Administration for Native Americans enrolled with a tribal contractor. A provider shall notify the Administration no later than 72 hours after a Native American member enrolled with a tribal contractor presents to a hospital for inpatient emergency behavioral health services.
  - H. Behavioral health evaluation. Subject to A.R.S. § 36-545.06 and R9-28-903, an emergency behavioral health evaluation is covered as an emergency service for a member under this Section if:
    1. Required to evaluate or stabilize an acute episode of mental disorder or substance abuse; and
    2. Provided by a qualified provider who is a behavioral health medical practitioner as defined in A.A.C. R9-22-1201, including a licensed psychologist, a licensed clinical social worker, a licensed professional counselor, or a licensed marriage and family therapist.
  - I. Post-stabilization requirements for members enrolled with a program contractor.
    1. A program contractor is financially responsible for behavioral health post-stabilization services obtained within or outside the network that have received prior authorization from the program contractor.
    2. The program contractor is financially responsible for behavioral health post-stabilization services obtained within or outside the network that have not received prior authorization from the program contractor, but are administered to maintain the member's stabilized condition within one hour of a request to the program contractor for prior authorization of further post-stabilization services;
    3. The program contractor is financially responsible for behavioral health post-stabilization services obtained within or outside the network that have not received prior authorization from the program contractor, but are administered to maintain, improve, or resolve the member's stabilized condition if:
      - a. The program contractor does not respond to a request for prior authorization within one hour;
      - b. The program contractor authorized to give the prior authorization cannot be contacted; or
      - c. The representative of the program contractor and the treating physician cannot reach an agreement con-

cerning the member's care and the program contractor's physician is not available for consultation. The treating physician may continue with care of the member until the program contractor's physician is reached, or:

- i. A program contractor's physician with privileges at the treating hospital assumes responsibility for the member's care;
  - ii. A program contractor's physician assumes responsibility for the member's care through transfer;
  - iii. A representative of the program contractor and the treating physician reach agreement concerning the member's care; or
  - iv. The member is discharged.
4. Transfer or discharge. The attending physician or the provider actually treating the member for the emergency behavioral health condition shall determine when the member is sufficiently stabilized for transfer or discharge and that decision shall be binding on the program contractor.
- J.** Prior authorization for non-emergency behavioral health services. When a member's behavioral health condition is determined by the provider not to require emergency behavioral health services, the provider shall follow the program contractor's or the Administration's prior authorization requirements.
- K.** E.P.S.D.T. services. For Title XIX members under age 21, E.P.S.D.T. services shall include all medically necessary Title XIX-covered behavioral health services to a member.
- L.** Experimental services. Experimental services and services that are provided primarily for the purpose of research are not covered.
- M.** Gratuities. A service or an item, if furnished gratuitously to a member by a provider, is not covered and payment to a provider shall be denied.
- N.** GSA. Behavioral health services rendered to a member enrolled with a program contractor shall be provided within the program contractor's GSA except when:
1. A primary care provider refers a member to another area for medical specialty care;
  2. A member's medically necessary covered service is not available within the GSA;
  3. A net savings in behavioral health service delivery costs can be documented by the program contractor for a member. Undue travel time or hardship shall be considered for a member or a member's family; or
  4. A member is placed by the program contractor in a NF or an Alternative HCBS setting located out of the program contractor's GSA, but remains enrolled with that program contractor.
- O.** Travel. If a member travels or temporarily resides outside of a program contractor's GSA, covered services are restricted to emergency behavioral health care, unless authorized by the member's program contractor.
- P.** Non-covered services. If a member requests a behavioral health service that is not covered or is not authorized by a program contractor, the tribal contractor, or the Administration, the behavioral health service may be provided by an AHC-CCS-registered behavioral health service provider according to A.A.C. R9-22-702.
- Q.** Restrictions and limitations.
1. The restrictions, limitations, and exclusions in this Article do not apply to a program contractor that elects to provide a noncovered service.
  2. Room and board is not a covered service unless provided by the Administration or a program contractor in a Level

1, inpatient, sub-acute, or residential center under A.A.C. R9-22-1205.

- C. The provisions of A.A.C. R9-22-1406(B) and (D) apply to this Section.
- D. An applicant or representative who files an application may withdraw the application either orally or in writing. The Administration shall send an applicant withdrawing an application a denial notice under R9-28-1304.
- E. Except as provided in 42 CFR 435.911, the Administration shall determine eligibility within 45 days.

**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 99, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 9 A.A.R. 5138, effective January 3, 2004 (Supp. 03-4). Section amended by final rulemaking at 15 A.A.R. 269, effective March 7, 2009 (Supp. 09-1).

**R9-28-1304. Notice of Approval or Denial**

The Administration shall send an applicant a written notice of the decision regarding the application. This notice shall include a statement of the action and:

1. If approved:
  - a. The effective date of eligibility,
  - b. The amount the person shall pay, and
  - c. An explanation of the person's hearing rights specified in 9 A.A.C. 34; or
2. If denied, the information required by R9-28-401.01(G)(2).

**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 99, effective January 1, 2003 (Supp. 02-4). Section amended by final rulemaking at 15 A.A.R. 269, effective March 7, 2009 (Supp. 09-1).

**R9-28-1305. Reporting and Verifying Changes**

An applicant or member shall report and verify changes as described under R9-28-411(A), to the Administration, including

any changes in the spouse's income that may affect the share of cost.

#### Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 99, effective January 1, 2003 (Supp. 02-4). Section amended by final rulemaking at 15 A.A.R. 269, effective March 7, 2009 (Supp. 09-1).

#### R9-28-1306. Actions that Result from a Redetermination or Change

The processing of a redetermination or change shall result in one of the following actions:

1. No change in eligibility, share-of-cost, or premium,
2. Discontinuance of eligibility if a condition of eligibility is no longer met,
3. A change in the person's share-of-cost,
4. A change in premium amount, or
5. A change in the coverage group under which a person receives AHCCCS medical coverage.

#### Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 99, effective January 1, 2003 (Supp. 02-4).

#### R9-28-1307. Notice of Adverse Action

- A. The requirements under R9-28-411(D)(1) apply.
- B. Advance notice of a change in eligibility, share of cost, or premium amount. Advance notice means a notice of proposed action that is issued to the member at least 10 days before the effective date of the proposed action. Except under subsection (C), advance notice shall be issued whenever an adverse action is taken to:
  1. Discontinue eligibility,
  2. Increase a person's share-of-cost,
  3. Increase the premium amount, or
  4. Reduce benefits from ALTCS to acute care services.
- C. Exceptions from advance notice. A notice shall be issued to the member to discontinue eligibility no later than the effective date of action if:
  1. A member provides a clearly written statement, signed by that member, that services are no longer wanted;
  2. A member provides information that requires termination of eligibility or reduction of services, indicates that the member understands that termination of eligibility or reduction of services will be the result of supplying the information and signs a written statement waiving advance notice;
  3. A member cannot be located and mail sent to the member's last known address has been returned as undeliverable. A member whose eligibility is discontinued under this subsection is subject to reinstatement of discontinued services under 42 CFR 431.231(d);
  4. A member has been admitted to a public institution where a person is ineligible for coverage;
  5. A member has been approved for Medicaid in another state; or
  6. The Administration receives information confirming the death of a member.

#### Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 99, effective January 1, 2003 (Supp. 02-4). Section amended by final rulemaking at 15 A.A.R. 269, effective March 7, 2009 (Supp. 09-1).

#### R9-28-1308. Request for Hearing

An applicant or member may request a hearing under 9 A.A.C. 34.

#### Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 99, effective January 1, 2003 (Supp. 02-4). Section amended by final rulemaking at 15 A.A.R. 269, effective March 7, 2009 (Supp. 09-1).

#### R9-28-1309. Conditions of Eligibility

An applicant or member shall meet the following conditions to qualify for the Freedom to Work program:

1. Furnish a valid Social Security Number (SSN);
2. Be a resident of Arizona;
3. Be a citizen of the United States, or meet requirements for a qualified alien under A.R.S. § 36-2903.03(B);
4. Be at least 16 years of age, but less than 65 years of age;
5. Have countable income that does not exceed 250 percent of FPL. The Administration shall count income under 42 U.S.C. 1382a and 20 CFR 416 Subpart K with the following exceptions:
  - a. The unearned income of the applicant or member shall be disregarded,
  - b. The income of a spouse or other family members shall be disregarded, and
  - c. The deduction for a minor child shall not apply;
6. Reside in a living arrangement specified under R9-28-406(A);
7. Be determined as physically disabled by meeting the medical criteria under Article 3 of this Chapter; and
8. Comply with the member responsibility provisions under A.A.C. R9-22-1502(D) and (F).

### **ARTICLE 1. FEES**

#### **R12-15-101. Definitions**

In addition to the definitions in A.R.S. §§ 45-101, 45-271, 45-402, 45-511, 45-561, 45-802.01, 45-1001, 45-1201 and R12-15-701, the following definitions apply to this Article:

1. "Application" means a written request submitted by an applicant to the Department for the purpose of obtaining a permit, license or other legal authorization issued by the Department.
2. "Fiscal year" means the year beginning July 1 and ending June 30.
3. "Mileage expenses" means the Department's mileage expenses for travelling to and from a site inspection calculated at the rate set by the Arizona Department of Administration for state travel by motor vehicle.
4. "Municipality" means an incorporated city or town.
5. "Pre-decision administrative hearing" means an administrative hearing held on an application before the Department makes any decision on the application.
6. "Population" means the population according to the most recent United States decennial census.

7. "Review hours" means the hours or portions of hours spent by Department employees in reviewing an application and making a decision thereon, including pre-application consultation time in excess of 60 minutes and site inspection time. Only time spent by the program staff members and technical review team members responsible for processing the application shall be included as review hours. Review hours do not include the first 60 minutes of pre-application consultation time, the time spent traveling to and from a site inspection, any time spent on a pre-decision administrative hearing and any time spent on the application after a party appeals the Director's decision on the application pursuant to A.R.S. § 41-1092.03(B).
8. "Site inspection" means an inspection conducted by the Department before issuing a decision on an application or before issuing a decision on whether water may be stored at an underground storage facility.
9. "Site inspection time" means time spent on a site inspection. Site inspection time includes the time spent conducting the inspection and the time spent preparing an inspection report following the inspection, but does not include the time spent traveling to and from the inspection.
10. "Water resources fund" means the water resources fund established by A.R.S. § 45-117.

b. Issuance, renewal or modification of a groundwater savings facility permit	\$10,000.00
c. Issuance, renewal or modification of a water storage permit	\$10,000.00
d. Recovery well permit, including an emergency temporary recovery well permit	\$10,000.00

9. Assured and Adequate Water Supply:

Type of Application	Maximum Fee
a. Physical availability determination	\$10,000.00
b. Analysis of assured or adequate water supply	\$10,000.00
c. Renewal of analysis of assured or adequate water supply	\$10,000.00
d. Certificate of assured water supply	\$10,000.00
e. Issuance or modification of designation of assured water supply	\$35,000.00
f. Issuance or modification of designation of adequate water supply	\$25,000.00
g. Water report (outside an AMA)	\$10,000.00
h. Assignment of Type A certificate of assured water supply	\$5,000.00
i. Assignment of Type B certificate of assured water supply	\$5,000.00
j. Classification of Type A certificate of assured water supply pursuant to R12-15-707	\$10,000.00
k. Review of revised plat to determine whether changes are material	\$10,000.00
l. New certificate of assured water supply pursuant to R12-15-704(G)	\$10,000.00
m. Letter stating that owner is not required to obtain a certificate of assured water supply pursuant to R12-15-704(M)	\$10,000.00

10. Surface Water:

Type of Application	Maximum Fee
a. Permit to appropriate public water	\$10,000.00
b. Certificate of water right	\$10,000.00
c. Primary reservoir permit or secondary reservoir permit	\$10,000.00
d. Change in use of water	\$10,000.00
e. Severance and transfer of water right to land that is not within the same parcel or farm unit as the current use, or that includes a change in water source, use or ownership	\$25,000.00

f. Severance and transfer of water right to land that is within the same parcel or farm unit as the current use and that does not include a change in water source, use or ownership	\$2,500.00
g. Request for extension of time to complete construction	\$10,000.00

- C. A person filing an application that is subject to an hourly fee shall submit an initial fee at the time the application is submitted to the Department. The initial fee for applications described in subsections (B)(7), (B)(8)(a), (B)(9)(e), (f) and (B)(10)(e) of this Section shall be \$2,000.00. The initial fee for all other applications shall be \$1,000.00. If requested by the applicant, the Department may set a lower initial fee if the Department estimates that the total application fee will be less than the initial fee specified in this subsection. The Department shall not accept an application for which an initial fee is required under this subsection unless the initial fee is included with the application.
- D. The Department shall bill the applicant for processing the application no more than monthly, but at least quarterly. Each bill shall contain the following information for the billing period:
1. The number of review hours accrued by activity and sub-activity code during the billing period, the date of each activity, a description of each activity and the effective hourly rate for all activities;
  2. A description and amount of any mileage expenses charged for the application;
  3. A description and amount of the cost of mailing or publishing any legal notice of the application or notice of a pre-decision administrative hearing on the application; and
  4. The total fees paid to date, the total fees due for the billing period, the date when the fees are payable, which shall be at least 60 days after the date of the bill, and the maximum fee for the application.
- E. A bill for hourly fees becomes past due if the applicant does not pay the bill in full by the due date specified in the bill, unless the applicant submits a timely request for reconsideration of the bill pursuant to subsection (G) of this Section. If the applicant submits a timely request for reconsideration of the bill, the bill becomes past due if the applicant does not pay the amount due under the Director's decision on the request by the date specified in the decision. If a bill for hourly fees becomes past due, the following shall apply:
1. The applicable review time-frame shall be suspended from the date the bill became past due until the applicant pays the bill in full or the application is denied under subsection (E)(2) of this Section, whichever applies.
  2. The Department shall suspend its review of the application and send a written notice to the applicant that the bill is past due. If the applicant does not pay the outstanding bill by the date specified in the notice, which shall be at least 35 days from the date of the notice, the application shall be denied.
- F. After the Department makes a determination whether to grant or deny the application, or when an applicant withdraws the application, the Department shall prepare and send to the applicant a final itemized billing statement for the application fee.
1. If the total fee exceeds the amount of the initial fee paid plus all other payments made to date, the applicant shall pay the balance, up to the maximum fee for the application, plus any mileage expenses and the actual cost of mailing or publishing any legal notice of the application

or notice of a pre-decision administrative hearing on the application, by the date specified in the statement, unless the applicant submits a timely request for reconsideration of the bill pursuant to subsection (G) of this Section. The statement shall specify a date, at least 60 days from the date of the statement, by which the applicant must pay the bill. If the applicant submits a timely request for reconsideration of the bill, the applicant shall pay the amount due under the Director's decision on the request by the date specified in the decision. The Department shall not release the final permit or approval until the final bill is paid in full.

2. If the total fee is less than the initial fee plus all other payments made to date, the Department shall refund the difference to the applicant within 35 days of the date of the statement.

**G.** An applicant may seek reconsideration of a bill for hourly fees by filing a written request for reconsideration with the Director. The request shall specify, in detail, why the bill is in dispute and shall include any supporting documentation. The written request for reconsideration shall be delivered to the Director in person, by mail, or by facsimile on or before the payment due date. The Director shall make a final decision on the request for reconsideration of the bill and mail a final written decision to the person within 20 business days after the date the Director receives the written request. The decision shall specify a date, at least 35 days from the date of the decision, by which the applicant must pay the bill. The Director may reduce the amount of any fees billed under this Section if the Director determines that the number of review hours or mileage expenses billed to the applicant was incorrect or that time spent by the Department to review the application and make a decision thereon was not necessary or advisable.

**H.** If a person receives a bill under this Section and the bill becomes past due under subsection (E) or (F) of this Section, the Department shall not accept for filing any other application by that person until the person pays the past due amount in full.

**R12-15-107. Municipality Fee**

- A.** Each municipality in this state shall pay a fee to the Department each fiscal year in the amount calculated by the Director pursuant to subsection (B). The fee shall be paid by the dates specified in subsection (E).
- B.** The Director shall calculate a municipality's fee for a fiscal year as follows:
- Determine the total amount of fees the Director will assess and collect from all municipalities during the fiscal year as follows:

- a. Determine the maximum total amount of fees the Director may assess and collect from all municipalities during the fiscal year pursuant to A.R.S. § 45-118 consistent with legislative intent. Unless the legislature expresses its intent otherwise in statute or session law, this amount shall be \$7,000,000.
- b. Reduce the amount determined in subsection (B)(1)(a) by the amount of unobligated monies in the water resources fund at the beginning of the fiscal year, except that:
  - i. If the Director determines that such a reduction likely would prevent the Department from using all the monies appropriated to it from the water resources fund for the fiscal year, the Director may decrease the amount of the reduction or make no reduction, as appropriate, to allow the Department to use all the monies appropriated to it from the fund.
  - ii. If the Director determines such a reduction likely would result in an excessive accumulation of unobligated monies in the water resources fund at the end of the fiscal year, the Director may increase the amount of the reduction.
2. Determine the ratio, expressed as a percentage, that the municipality's population bears to the total population of all municipalities in the state by dividing the municipality's population by the total population of all municipalities in the state.
3. Multiply the amount from subsection (B)(1) by the percentage calculated in subsection (B)(2). The result is the municipality's fee for the fiscal year.
- C. By July 15 of each fiscal year, the Director shall mail to each municipality a notice of the municipality's fee for that fiscal year as calculated pursuant to subsection (B), including the manner in which the fee was calculated. The notice shall be mailed to the municipality's city or town manager or city or town attorney.
- D. A municipality may seek review of the calculation of its fee by filing a written request for review with the Director within 15 calendar days after receipt of the initial notice of the fee given by the Director under subsection (C). Review shall be limited to whether the Director's calculation of the fee contains a mathematical, clerical or typographical error. The Director shall make a final decision on a request for review and mail a final written decision to the municipality requesting the review within 10 calendar days after the date the Director receives the written request. The Director's final written decision shall state the municipality's fee following review.
- E. A municipality shall pay at least one-half of its fee for a fiscal year by August 15 of that fiscal year and any remaining portion of the fee by January 15 of the fiscal year. If the due date for a payment falls on a weekend, the payment is due on the next business day.

**Historical Note**

**R12-15-224. Ex Parte Communications**

- A. During the course of a contested case or appealable agency action, a party shall not make an ex parte communication or knowingly cause an ex parte communication to be made to the Director or other Department employee or consultant who is or may reasonably be expected to be involved in the decision-making process of the contested case or appealable agency action.
- B. During the course of a contested case or appealable agency action, the Department personnel listed in subsection (A) shall not make an ex parte communication or knowingly cause an ex parte communication to be made to a party or a person who will be materially and directly affected by the outcome of the contested case or appealable agency action.
- C. Any of the Department personnel listed in subsection (A) of this Section who receives a written communication prohibited by this Section shall file a copy of the communication in the public docket and serve a copy on the Director, the Chief Counsel, and all parties to the contested case or appealable agency action. Any of the Department personnel listed in subsection (A) of this Section who receives an oral communication prohibited by this Section shall file a summary, stating the substance of the communication, in the public docket and

serve a copy on the Director, the Chief Counsel, and all parties to the contested case or appealable agency action.

- D. Upon receipt of an ex parte communication or a copy or summary of an ex parte communication made or knowingly caused to be made by a party in violation of this Section, the Director, to the extent consistent with the interests of justice and the policy of the underlying statutes and rules, may require the party to show cause why the party's claim or interest in the contested case or appealable agency action should not be dismissed, denied or disregarded because of the violation.
- E. For purposes of this Section, "ex parte communication" means any written or oral communication relating to the merits of a contested case or appealable agency action, except:
  1. Communications made in the course of official proceedings in the contested case or appealable agency action;
  2. Communications made in writing, if a copy of the communication is promptly served on the Director, the Chief Counsel, and all parties to the contested case or appealable agency action;
  3. Oral communications made after adequate notice, stating the substance of each communication, to all parties and the Chief Counsel;
  4. Communications relating solely to procedural matters; and
  5. As otherwise authorized by law.

#### R12-15-303. Multiple Applications for Water Rights

- A. If two or more applications are filed with the Director pursuant to A.R.S. §§ 45-152 or 45-273 or both by or for the same applicant and for a right to use the same water, the Director shall consolidate the applications. If the applicant is otherwise entitled to both a permit to appropriate and a certificate of stockpond water right, the Director shall issue to the applicant either the permit to appropriate or the certificate of stockpond water right, whichever would give the applicant the higher priority.
- B. If one or more applications are filed with the Director pursuant to A.R.S. §§ 45-152 or 45-273 or both by or for the same applicant and for a right to use the same water for which the applicant holds a permit to appropriate, a certificate of water right or a certificate of stockpond water right, the Director shall deny the application or applications unless the applicant relinquishes every permit to appropriate, certificate of water right and certificate of stockpond water right which the applicant holds for that same water. The applicant may relinquish

every permit to appropriate, certificate of water right and certificate of stockpond water right on the condition that the Director issues a permit to appropriate or certificate of stockpond water right to the applicant for the same water. In that case, the relinquishment shall be effective when the Director issues the permit to appropriate or certificate of stockpond water right.

- C. For purposes of this rule, "same water" means the same quantity of water from the same source for use at the same place for the same purpose. Water for which a right is applied or held pursuant to an application or permit to appropriate, certificate of water right or certificate of stockpond water right may be the same water in whole or in part as water for which a right is applied or held pursuant to a separate application or permit to appropriate, certificate of water right or certificate of stockpond water right.

### ARTICLE 4. LICENSING TIME-FRAMES

#### R12-15-401. Licensing Time-frames

The following time-frames apply to licenses issued by the Department. In this Article, "license" has the meaning prescribed in A.R.S. § 41-1001. The licensing time-frames consist of an administrative completeness review time-frame, a substantive review time-frame, and an overall time-frame.

1. Within the administrative completeness review time-frames set forth in subsection (7), the Department shall notify the applicant in writing whether the application is complete or incomplete. If the application is incomplete, the notice shall specify what information or component is required to make the application complete.
2. An applicant with an incomplete application shall supply the missing information within 60 days from the date of the notice, or within such further time as the Director may specify, unless another time limit is specified by statute or applicable rule. If the applicant fails to complete the application within the specified time period, the Director may deny the application. Denial of an application under this provision does not preclude the applicant from filing a new application.
3. Within the overall time-frames set forth in subsection (7), unless extended by mutual agreement under A.R.S. § 41-1075, the Department shall notify the applicant in writing that the application is granted or denied. If the application is denied, the Department shall provide written justification for the denial and a written explanation of the applicant's right to a hearing or the applicant's right to appeal.

4. In computing any period of time prescribed by this rule, the day of the filing, notice or event from which the designated period of time begins to run shall not be included. The last day of the computed period shall be included, unless it is a Saturday, Sunday, or a legal holiday, in which event the period runs until the end of the next day which is not a Saturday, Sunday, or legal holiday. When the prescribed administrative completeness review time-frame or substantive review time-frame is less than 11 days, intermediate Saturdays, Sundays and legal holidays shall be excluded from the computation. The overall time-frame is the sum of the administrative completeness review time-frame and the substantive review time-frame calculated as prescribed by this Section.
5. Except as otherwise noted, the licensing time-frames do not include time for hearings. Time-frames in cases where a hearing is held are increased by 120 days.
6. The licensing time-frame rules are effective after December 31, 1998, as prescribed by A.R.S. § 41-1073(A), and apply to all applications filed after that date.
7. The licensing time-frames are set forth in Table A.

**Historical Note**

Adopted effective December 31, 1998; filed with the Office of the Secretary of State July 28, 1998 (Supp. 98-3). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

##### R12-15-701. Definitions - Assured and Adequate Water Supply Programs

In addition to any other definitions in A.R.S. Title 45 and the management plans in effect at the time of application, the following words and phrases in this Article shall have the following meanings, unless the context otherwise requires:

1. "Abandoned plat" means a plat for which a certificate or water report has been issued and that will not be developed because of one of the following:
  - a. The land has been developed for another use; or
  - b. Legal restrictions will preclude approval of the plat.
2. "ADEQ" means the Arizona Department of Environmental Quality.
3. "Adequate delivery, storage, and treatment works" means:
  - a. A water delivery system with sufficient capacity to deliver enough water to meet the needs of the proposed use;
  - b. Any necessary storage facilities with sufficient capacity to store enough water to meet the needs of the proposed use; and

- c. Any necessary treatment facilities with sufficient capacity to treat enough water to meet the needs of the proposed use.
4. "Adequate storage facilities" means facilities that can store enough water to meet the needs of the proposed use.
5. "Affiliate" means a person who, directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with the person specified.
6. "AMA" means an active management area as defined in A.R.S. § 45-402.
7. "Analysis" means an analysis of assured water supply or an analysis of adequate water supply.
8. "Analysis holder" means a person to whom an analysis of assured water supply or an analysis of adequate water supply is issued and any current owner of land included in the analysis.
9. "Analysis of adequate water supply" means a determination issued by the Director stating that one or more criteria required for a water report pursuant to R12-15-713 have been demonstrated for a development.
10. "Analysis of assured water supply" means a determination issued by the Director stating that one or more criteria required for a certificate of assured water supply pursuant to R12-15-704 have been demonstrated for a development.

11. "Annual authorized volume" means, for an approved remedial action project, the annual authorized volume specified in a consent decree or other document approved by ADEQ or the EPA, except that:
  - a. If no annual authorized amount is specified in a consent decree or other document approved by ADEQ or the EPA, the annual authorized volume is the largest volume of groundwater withdrawn pursuant to the approved remedial action project in any year prior to January 1, 1999.
  - b. If the Director increases the annual authorized volume pursuant to R12-15-729(C), the annual authorized volume is the amount approved by the Director.
12. "Annual estimated water demand" means the estimated water demand divided by 100.
13. "Approved remedial action project" means a remedial action project approved by ADEQ under A.R.S. Title 49, or by the EPA under CERCLA.
14. "Authorized remedial groundwater use" means, for any year, the amount of remedial groundwater withdrawn pursuant to an approved remedial action project and used by a municipal provider during the year, not to exceed the annual authorized volume of the project.
15. "Build-out" means a condition in which all water delivery mains are in place and active water service connections exist for all lots.
16. "CAP water" means:
  - a. All water from the Colorado River or from the Central Arizona Project works authorized in P.L. 90-537, excluding enlarged Roosevelt reservoir, which is made available pursuant to a subcontract with a multi-county water conservation district.
  - b. Any additional water not included in subsection 16(a) of this Section that is delivered by the United States Secretary of the Interior pursuant to an Indian water rights settlement through the Central Arizona Project.
17. "Central Arizona Groundwater Replenishment District" or "CAGRDR" means a multi-county water conservation district acting in its capacity as the entity established pursuant to A.R.S. § 48-3771, et seq., and responsible for replenishing excess groundwater.
18. "Central distribution system" means a water system that qualifies as a public water system pursuant to A.R.S. § 49-352.
19. "CERCLA" or "Comprehensive Environmental Response, Compensation, and Liability Act of 1980" has the same meaning as prescribed in A.R.S. § 49-201.
20. "Certificate" means a certificate of assured water supply issued by the Director for a subdivision pursuant to A.R.S. § 45-576 et seq. and this Article.
21. "Certificate holder" means any person included on a certificate, except the following:
  - a. Any person who no longer owns any portion of the property included in the certificate, and
  - b. Any potential purchaser for whom the purchase contract has been terminated or has expired.
22. "Certificate of convenience and necessity" means a certificate required by the Arizona Corporation Commission, pursuant to A.R.S. § 40-281, which allows a private water company to serve water to customers within its certificated area.
23. "Colorado River water" means water from the main stream of the Colorado River. For purposes of this Article, Colorado River water does not include CAP water.
24. "Committed demand" means the 100-year water demand at build-out of all recorded lots that are not yet served water within the service area of a designation applicant or a designated provider.
25. "County water augmentation authority" means an authority formed pursuant to A.R.S. Title 45, Chapter 11.
26. "Current demand" means the 100-year water demand for existing uses within the service area of a designation applicant or designated provider, based on the annual report for the previous calendar year.
27. "Depth-to-static water level" means the level at which water stands in a well when no water is withdrawn by pumping or by free flow.
28. "Designated provider" means:
  - a. A municipal provider that has obtained a designation of assured or adequate water supply; or
  - b. A city or town that has obtained a designation of adequate water supply pursuant to A.R.S. § 45-108(D).
29. "Designation" means a decision and order issued by the director designating a municipal provider as having an assured water supply or an adequate water supply.
30. "Determination of adequate water supply" means a water report, a designation of adequate water supply, or an analysis of adequate water supply.
31. "Determination of assured water supply" means a certificate, a designation of assured water supply, or an analysis of assured water supply.
32. "Development" means either a subdivision or an unplatted development plan.
33. "Diversion works" means a structure or well that allows or enhances diversion of surface water from its natural course for other uses.
34. "Drought response plan" means a plan describing a variety of conservation and augmentation measures, especially the use of backup water supplies, that a municipal provider will utilize in operating its water supply system in times of a water supply shortage. The plan may include the following:
  - a. An identification of priority water uses consistent with applicable public policies.
  - b. A description of sources of emergency water supplies.
  - c. An analysis of the potential use of water pressure reduction.
  - d. Plans for public education and voluntary water use reduction.
  - e. Plans for water use bans, restrictions, and rationing.
  - f. Plans for water pricing and penalties for excess water use.
  - g. Plans for coordination with other cities, towns, and private water companies.
35. "Drought volume" means 80% of the volume of a surface water supply, determined by the director under R12-15-716 to be physically available on an annual basis to a certificate holder or a designated provider.
36. "Dry lot development" means a development or subdivision without a central water distribution system.
37. "EPA" means the United States Environmental Protection Agency.
38. "Estimated water demand" means:
  - a. For a certificate or water report, the Director's determination of the 100-year water demand for all uses included in the subdivision;
  - b. For a designation, the sum of the following:

- i. The Director's determination of the current demand;
    - ii. The Director's determination of the committed demand; and
    - iii. The Director's determination of the projected demand during the term of the designation; or
  - c. For an analysis, the Director's determination of the water demand for all uses included in the development.
39. "Existing municipal provider" means a municipal provider that was in operation and serving water for non-irrigation use on or before January 1, 1990.
  40. "Extinguish" means to cause a grandfathered right to cease to exist through a process established by the director pursuant to R12-15-723.
  41. "Extinguishment credit" means a credit that is issued by the Director in exchange for the extinguishment of a grandfathered right and that may be used to make groundwater use consistent with the management goal of an AMA.
  42. "Firm yield" means the minimum annual diversion for the period of record which may include runoff releases from storage reservoirs, and surface water withdrawn from a well.
  43. "Management plan" means a water management plan adopted by the director pursuant to A.R.S. § 45-561 et seq.
  44. "Master-planned community" has the same meaning as provided in A.R.S. § 32-2101.
  45. "Median flow" means the flow which is represented by the middle value of a set of flow data that are ranked in order of magnitude.
  46. "Member land" has the same meaning as provided in A.R.S. § 48-3701.
  47. "Member service area" has the same meaning as provided in A.R.S. § 48-3701.
  48. "Multi-county water conservation district" means a district established pursuant to A.R.S. Title 48, Chapter 22.
  49. "Municipal provider" has the same meaning as provided in A.R.S. § 45-561.
  50. "New municipal provider" means a municipal provider that began serving water for non-irrigation use after January 1, 1990.
  51. "Owner" means:
    - a. For an analysis, certificate, or water report applicant, a person who holds fee title to the land described in the application; or
    - b. For a designation applicant, the person who will be providing water service pursuant to the designation.
  52. "Perennial" means a stream that flows continuously.
  53. "Persons per household" means a measure obtained by dividing the number of persons residing in housing units by the number of housing units.
  54. "Physical availability determination" means a letter issued by the Director stating that an applicant has demonstrated all of the criteria in R12-15-702(C).
  55. "Plat" means a preliminary or final map of a subdivision in a format typically acceptable to a platting entity.
  56. "Potential purchaser" means a person who has entered into a purchase agreement for land that is the subject of an application for a certificate or an assignment of a certificate.
  57. "Projected demand" means the 100-year water demand at build-out, not including committed or current demand, of customers reasonably projected to be added and plats reasonably projected to be approved within the designated provider's service area and reasonably anticipated expansions of the designated provider's service area.
  58. "Proposed municipal provider" means a municipal provider that has agreed to serve a proposed subdivision.
  59. "Purchase agreement" means a contract to purchase or acquire an interest in real property, such as a contract for purchase and sale, an option agreement, a deed of trust, or a subdivision trust agreement.
  60. "Remedial groundwater" means groundwater withdrawn pursuant to an approved remedial action project, but does not include groundwater withdrawn to provide an alternative water supply pursuant to A.R.S. § 49-282.03.
  61. "Service area" means:
    - a. For an application for an analysis of adequate water supply, a water report, or a designation of adequate water supply, the area of land actually being served water for a non-irrigation use by the municipal provider and additions to the area that contain the municipal provider's operating distribution system for the delivery of water for a non-irrigation use;
    - b. For an application for a designation of adequate water supply pursuant to A.R.S. § 45-108(D), the area of land actually being served water for a non-irrigation use by each municipal provider that serves water within the city or town, and additions to the area that contain each municipal provider's operating distribution system for the delivery of water for a non-irrigation use; or
    - c. For an application for a certificate or designation of assured water supply, "service area" has the same meaning as prescribed in A.R.S. § 45-402.
  62. "Subdivision" has the same meaning as prescribed in A.R.S. § 32-2101.
  63. "Superfund site" means the site of a remedial action undertaken pursuant to CERCLA.
  64. "Surface water" means any surface water as defined in A.R.S. § 45-101, including CAP water and Colorado River water.
  65. "Water Quality Assurance Revolving Fund site" or "WQARF site" means a site of a remedial action undertaken pursuant to A.R.S. Title 49, Chapter 2, Article 5.
  66. "Water report" means a letter issued to the Arizona Department of Real Estate by the Director for a subdivision stating whether an adequate water supply exists pursuant to A.R.S. § 45-108 and this Article.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1).  
 Amended by emergency rulemaking at 11 A.A.R. 2706, effective June 29, 2005 for 180 days (Supp. 05-2). Emergency renewed for 180 days at 12 A.A.R. 144, effective December 23, 2005 (Supp. 05-4). Emergency expired.  
 Amended by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### R12-15-702. Physical Availability Determination

- A. A person may apply for a physical availability determination by submitting an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and providing the following information with the application:
  1. The proposed source of water for which the applicant is seeking a determination of physical availability,
  2. Evidence that the applicant has complied with subsection (C) of this Section, and
  3. Any other information that the Director reasonably deems necessary to determine whether water is physically available in the area that is the subject of the application.

- B. Each applicant shall sign an application for a physical availability determination. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the determination, the authorized representative may sign the application on the applicant's behalf.
- C. An applicant for a physical availability determination shall demonstrate the following:
  - 1. The volume of water that is physically available for 100 years in the area that is the subject of the application, according to the criteria in R12-15-716.
  - 2. That the proposed sources of water will be of adequate quality, according to the criteria in R12-15-719.
- D. After a complete application is submitted, the Director shall review the application and associated evidence to determine whether the applicant has demonstrated all of the criteria in subsection (C) of this Section. If the Director determines that the applicant has demonstrated all of the criteria in subsection (C) of this Section, the Director shall issue a physical availability determination.
- E. Any person applying for a determination of assured water supply or a determination of adequate water supply may use an existing physical availability determination for purposes of R12-15-716. The Director shall consider any changes in hydrologic conditions for purposes of R12-15-716.
- F. The issuance of a physical availability determination does not reserve any water for purposes of this Article.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-703. Analysis of Assured Water Supply

- A. A person proposing to develop land that will not be served by a designated provider may apply for an analysis of assured water supply before applying for a certificate. An applicant for an analysis must be the owner of the land that is the subject of the application or have the written consent of the owner. The commissioner of the Arizona State Land Department may apply for an analysis for land owned by the state of Arizona or may consent to the inclusion of such land in an application.
- B. An applicant for an analysis shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and attach the following:
  - 1. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted, demonstrating the ownership of the land that is the subject of the application;
  - 2. A description of the development, including:
    - a. A map of the land uses included in the development,
    - b. A list of water supplies proposed to be used by the development,
    - c. A summary of land use types included in the development, and
    - d. An estimate of the water demand for the land uses included in the development; and
- 3. Evidence that the applicant has complied with subsection (E) of this Section.
- C. An applicant shall sign the application for an analysis. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the analysis, the authorized representative may sign the application on the applicant's behalf.
- D. After a complete application is submitted, the Director shall determine the estimated water demand of the development.
- E. The Director shall issue an analysis if an applicant demonstrates one or more of the following:
  - 1. Sufficient supplies of water are physically available to meet all or part of the estimated water demand of the development for 100 years, according to the criteria in R12-15-716.
  - 2. Sufficient supplies of water are continuously available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-717.
  - 3. Sufficient supplies of water are legally available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-718.
  - 4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719.
  - 5. Any proposed groundwater use is consistent with the management plan in effect at the time of the application, according to the criteria in R12-15-721.
  - 6. Any proposed groundwater use is consistent with the management goal, according to the criteria in R12-15-722.
- F. For 10 years after the Director issues an analysis, or a longer period allowed under subsections (H) or (I) of this Section:
  - 1. If groundwater is a source of supply in the analysis and the applicant demonstrates that groundwater is physically available under subsection (E)(1) of this Section, the Director shall consider that supply of groundwater reserved for the use of the proposed development in subsequent determinations of physical availability pursuant to R12-15-716(B).
  - 2. If an analysis holder applies for a certificate for a subdivision located on land included in the analysis, the Director shall presume that a criterion demonstrated in the analysis remains satisfied with respect to the subdivision, unless the Director has received new evidence demonstrating that the criterion is not satisfied. If the Director issues the certificate, the Director shall reduce the volume of groundwater reserved pursuant to subsection (F)(1) of this Section by the amount of the estimated water demand for the certificate that will be met with groundwater.
- G. The Director shall reduce the amount of groundwater considered reserved for use of the development upon request by the analysis holder. If the analysis holder requesting a reduction is not the person to whom the analysis was issued, the Director shall reduce the amount of reserved groundwater only if the person to whom the analysis was issued or that person's designee consents to the request for reduction. The person to whom the analysis was issued shall notify the Director in writing of the name of the person's designee for purposes of this subsection.
- H. The analysis holder may apply to the Director for a five-year extension of the time period in subsection (F) of this Section by submitting an application on a form prescribed by the

Director no earlier than 36 months before the end of the time period and no later than 30 days before the end of the time period. If an extension is granted, the analysis holder may apply to the Director for an additional five-year extension by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the extended time period and no later than 30 days before the end of the extended time period. The Director shall extend the time period for no more than two successive five-year periods under this subsection if the analysis holder demonstrates one of the following:

1. The analysis holder has made a substantial capital investment in developing the land included in the analysis.
2. The analysis holder has made material progress in developing the land included in the analysis.
3. Progress in developing the land included in the analysis has been delayed for reasons outside the control of the analysis holder.

- I. After the Director grants two five-year extensions pursuant to subsection (H) of this Section, the Director may extend the time period for additional five-year periods if the analysis holder files a timely application pursuant to subsection (H) of this Section and demonstrates one of the criteria in subsections (H)(1), (2), or (3) of this Section.
- J. The Director shall review an application for an analysis or an application for an extension pursuant to subsections (H) or (I) of this Section pursuant to the licensing time-frame provisions in R12-15-401.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Amended by emergency rulemaking at 11 A.A.R. 2706, effective June 29, 2005 for 180 days (Supp. 05-2). Emergency renewed for 180 days at 12 A.A.R. 144, effective December 23, 2005 (Supp. 05-4). Emergency expired. Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-703.01. Repealed

#### Historical Note

New Section made by final rulemaking at 7 A.A.R. 3038, effective June 18, 2001 (Supp. 01-2). Section repealed by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### R12-15-704. Certificate of Assured Water Supply

- A. An application for a certificate shall be filed by the current owner of the land that is the subject of the application. Potential purchasers and affiliates may also be included as applicants.
- B. An applicant for a certificate shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and provide the following:
  1. One of the following forms of proof of ownership for each applicant to be listed on the certificate:
    - a. For an applicant that is the current owner, one of the following:
      - i. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is filed, demonstrating that the applicant is the owner of the land that is the subject of the application; or

- ii. Evidence that the CAGRD has reviewed and approved evidence that the applicant is the owner of the land that is the subject of the application;
- b. For an applicant that is a potential purchaser, evidence of a purchase agreement; or
- c. For an applicant that is an affiliate of another applicant, a certification by the other applicant of the affiliate status;
2. A plat of the subdivision;
3. An estimate of the 100-year water demand for the subdivision;
4. A list of all proposed sources of water that will be used by the subdivision;
5. Evidence that the criteria in subsections (F) or (G) of this Section are met; and
6. Any other information that the Director reasonably determines is necessary to decide whether an assured water supply exists for the subdivision.
- C. Each applicant shall sign the application for a certificate. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the certificate, the authorized representative may sign the application on the applicant's behalf.
- D. The Director shall give public notice of an application for a certificate as provided in A.R.S. § 45-578.
- E. After a complete application is submitted, the Director shall review the application and associated evidence to determine:
  1. The estimated water demand of the subdivision;
  2. The amount of the groundwater allowance for the subdivision, as provided in R12-15-724 through R12-15-727; and
  3. Whether the applicant has demonstrated all of the requirements in subsection (F) or subsection (G) of this Section.
- F. Except as provided in subsection (G) of this Section, the Director shall issue a certificate if the applicant demonstrates all of the following:
  1. Sufficient supplies of water are physically available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-718;
  4. The sources of water are of adequate quality, according to the criteria in R12-15-719;
  5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works for the subdivision, according to the criteria in R12-15-720;
  6. The proposed use of groundwater withdrawn within an AMA is consistent with the management plan in effect at the time of the application, according to the criteria in R12-15-721; and
  7. The proposed use of groundwater withdrawn within an AMA is consistent with the achievement of the management goal, according to the criteria in R12-15-722.
- G. If the Director previously issued a certificate for the subdivision, the Director shall issue a new certificate to the applicant

if the applicant demonstrates that all of the requirements in subsection (F) are met or that all of the following apply:

1. Any changes to the plat for which the previous certificate was issued are not material, according to the criteria in R12-15-708;
  2. If groundwater is a proposed source of supply for the subdivision, the proposed groundwater withdrawals satisfied the physical availability requirements in effect at the time the complete and correct application for the previous certificate was submitted;
  3. Any proposed sources of water, other than groundwater, are physically available to satisfy the estimated water demand that will not be satisfied with groundwater, according to the criteria in R12-15-716;
  4. Any proposed sources of water other than groundwater are continuously available to satisfy the estimated water demand that will not be satisfied with groundwater, according to the criteria in R12-15-717;
  5. The proposed uses of groundwater withdrawn within an AMA were consistent with the achievement of the management goal according to the criteria in effect at the time the complete and correct application for the previous certificate was submitted; and
  6. The applicant demonstrates that the requirements in subsections (F)(3) through (6) of this Section are met.
- H.** Before issuing a certificate, the Director shall classify the certificate for the purposes of R12-15-705 and R12-15-706 as follows:
1. Type A certificate. The Director shall classify the certificate as a Type A certificate if the applicant meets the criteria in R12-15-720(A)(1) and all of the subdivision's estimated water demand will be met with one or more of the following:
    - a. Groundwater served by a proposed municipal provider pursuant to an existing service area right;
    - b. Groundwater served by a proposed municipal provider pursuant to a pending service area right, if the proposed municipal provider currently holds or will hold the well permit;
    - c. CAP water served by a municipal provider pursuant to the proposed municipal provider's non-declining, long-term municipal and industrial subcontract;
    - d. Surface water served by a proposed municipal provider pursuant to the proposed municipal provider's surface water right or claim;
    - e. Effluent owned and served by a proposed municipal provider; or
    - f. A Type 1 grandfathered right appurtenant to the land on which the groundwater will be used and held by a proposed municipal provider.
  2. Type B certificate. The Director shall classify all certificates that do not meet the requirements of subsection (H)(1) of this Section as Type B certificates.
- I.** The Director shall review an application for a certificate pursuant to the licensing time-frame provisions in R12-15-401.
- J.** An owner of six or more lots is not required to obtain a certificate if all of the following apply:
1. The lots comprise a subset of a subdivision for which:
    - a. A plat was recorded before 1980; or
    - b. A certificate was issued before February 7, 1995;
  2. No changes were made to the plat since February 7, 1995; and
  3. Water service is currently available to each lot.
- K.** A new owner of all or a portion of a subdivision for which a plat has been recorded is not required to obtain a certificate if all of the following apply:
1. The Director previously issued a Type A certificate for the subdivision pursuant to subsection (H)(1) of this Section or R12-15-707;
  2. Water service is currently available to each lot; and
  3. There are no material changes to the plat for which the certificate was issued, according to the criteria in R12-15-708.
- L.** An owner of six or more lots in the Pinal AMA is not required to obtain a certificate if all of the following apply:
1. A plat for the subdivision was recorded before October 1, 2007;
  2. There have been no material changes to the plat according to the criteria in R12-15-708, since October 1, 2007;
  3. The proposed municipal provider was designated as having an assured water supply when the plat was recorded, but is no longer designated as having an assured water supply; and
  4. Water service is currently available to each lot.
- M.** A person may request a letter stating that the owner is not required to obtain a certificate pursuant to subsection (J), (K), or (L) of this Section by submitting an application on a form prescribed by the Director and attaching evidence that the criteria of subsection (J), (K), or (L) are met. Upon receiving an application pursuant to this subsection, the Director shall:
1. Review the application pursuant to the licensing time-frame provisions in R12-15-401.
  2. Determine whether the criteria of subsection (J), (K), or (L) of this Section are met.
  3. If the Director determines that the criteria of subsection (J) of this Section are met, issue a letter to the applicant and the Arizona Department of Real Estate stating that the current owner is not required to obtain a certificate.
  4. If the Director determines that the criteria of subsection (K) or (L) of this Section are met, issue a letter to the applicant and the Arizona Department of Real Estate stating that the current owner and any future owners are not required to obtain a certificate.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 1394, effective October 1, 2007 (Supp. 07-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-705. Assignment of Type A Certificate of Assured Water Supply

- A.** The certificate holder of a Type A certificate and the assignee may apply for approval of an assignment of the Type A certificate within the time allowed by A.R.S. § 45-579(A). The assignee may file the application if there is no certificate holder. The application shall be submitted on a form prescribed by the Director with the initial fee required by R12-15-103(C), and the applicant shall provide the following:
1. One of the following forms of proof of ownership for each assignee:
    - a. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted to the Director and demonstrating that the assignee is the owner of the land that is the subject of the proposed assignment; or

- b. If the assignee is a potential purchaser, evidence of a purchase agreement;
  - 2. A current plat of the subdivision;
  - 3. An estimate of the 100-year water demand for the subdivision, based on the current plat;
  - 4. Certification by each applicant that:
    - a. The proposed municipal provider has not changed and has agreed to continue to serve the subdivision after the assignment; and
    - b. All water supplies listed on the current certificate are physically, continuously, and legally available to meet the estimated water demand of the subdivision after the assignment.
  - B.** Each applicant shall sign the application for an assignment of a Type A certificate. If an applicant is not a natural person, the entity's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land included in the certificate, the authorized representative may sign the application on behalf of the applicant.
  - C.** Upon receiving an application for an assignment of a Type A certificate, the Director shall post the notice required by A.R.S. § 45-579(E).
  - D.** If the Director determines that the application meets the criteria of A.R.S. § 45-579(A), the Director shall issue a Type A certificate to each applicant. A Type A certificate issued under this subsection shall retain the issue date, the number of lots, and the estimated water demand shown on the original certificate, except as provided in subsection (E) of this Section. The Director shall determine that the application meets the criteria of A.R.S. § 45-579(A) if all of the following apply:
    - 1. The application is submitted within the time allowed by A.R.S. § 45-579(A);
    - 2. The assignee is the owner or a potential purchaser of the portion of the subdivision that is the subject of the assignment;
    - 3. There have been no material changes to the plat for which the original certificate was issued, according to the criteria in R12-15-708;
    - 4. Neither the applicant nor a predecessor in interest has impaired the manner in which consistency with management goal requirements were satisfied when the original certificate was issued; and
    - 5. The applicant makes the certifications required in subsection (A)(4) of this Section.
  - E.** In the case of a partial assignment, the Director shall determine whether changes to the plat are material according to R12-15-708. The Director shall issue a Type A certificate to the assignee for the portion of the subdivision that is the subject of the assignment and for the number of lots and the estimated water demand of the current plat of the portion of the subdivision that is the subject of the assignment. The Director shall issue a Type A certificate to the certificate holder for the portion of the subdivision retained by the certificate holder and for the remainder of the number of lots and the remainder of the estimated water demand. The sum of the number of lots and the sum of the amount of the estimated water demand shown on each certificate shall equal the total number of lots and the total estimated water demand shown on the certificate being assigned.
  - F.** The Director shall review an application for an assignment of a Type A certificate of assured water supply pursuant to the licensing time-frame provisions in R12-15-401.
- Historical Note**
- Adopted effective February 7, 1995 (Supp. 95-1).  
 Amended by final rulemaking at 8 A.A.R. 4390, effective November 22, 2002 (Supp. 02-3). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).
- R12-15-706. Assignment of Type B Certificate of Assured Water Supply**
- A.** The certificate holder of a Type B certificate or a certificate issued before the effective date of this Section that has not been classified pursuant to R12-15-707 and the assignee may apply for approval of an assignment of the certificate to another person within the time allowed by A.R.S. § 45-579(A). The assignee may file the application if there is no certificate holder. The application shall be submitted on a form prescribed by the Director with the initial fee required by R12-15-103(C), and the applicant shall provide the following:
    - 1. One of the following forms of proof of ownership for each assignee:
      - a. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted to the Director and demonstrating that the assignee is the owner of the land that is the subject of the proposed assignment; or
      - b. If the assignee is a potential purchaser, evidence of a purchase agreement;
    - 2. A current plat of the subdivision;
    - 3. An estimate of the 100-year water demand for the subdivision, based on the current plat;
    - 4. Evidence that all necessary water rights, permits, licenses, contracts, and easements have been or will be assigned to the assignee of the certificate;
    - 5. Evidence that the assignee has the financial capability to construct adequate delivery, storage, and treatment works for the subdivision according to the criteria in R12-15-720;
    - 6. Evidence that all water supplies listed on the current certificate are physically, continuously, and legally available to meet the estimated water demand of the subdivision after the assignment;
    - 7. Evidence that the proposed municipal provider has not changed and has agreed to serve the subdivision after the assignment;
    - 8. If the applicant requests that the Director classify the certificate pursuant to subsection (E) of this Section, evidence that the requirements of R12-15-704(H)(1) are satisfied;
    - 9. Any other information that the Director reasonably deems necessary to determine whether the application meets the criteria of A.R.S. § 45-579.
  - B.** Each applicant shall sign the application for an assignment of a certificate. If an applicant is not a natural person, the entity's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated

within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the certificate, the authorized representative may sign the application on the applicant's behalf.

- C. Upon receiving an application for an assignment, the Director shall post the notice required by A.R.S. § 45-579(E).
- D. Except as provided in subsection (E) of this Section, if the Director determines that the application meets the criteria of A.R.S. § 45-579(A), the Director shall issue a Type B certificate to each applicant. A Type B certificate issued under this subsection shall retain the issue date, the number of lots, and the estimated water demand shown on the original certificate, except as provided in subsection (F) of this Section. The Director shall determine that the application meets the criteria of A.R.S. § 45-579(A) if all of the following apply:
  1. The application is submitted within the time allowed by A.R.S. § 45-579(A);
  2. The assignee is the owner or potential purchaser of the portion of the subdivision that is the subject of the assignment;
  3. There have been no material changes to the plat for which the original certificate was issued, according to the criteria in R12-15-708;
  4. The applicant demonstrates the financial capability to construct adequate delivery, storage, and treatment works for the subdivision according to the criteria in R12-15-720;
  5. All necessary water rights, permits, licenses, contracts, and easements have been or will be assigned to the assignee of the certificate;
  6. All water supplies listed on the current certificate are physically, continuously, and legally available to meet the estimated water demand of the subdivision after the assignment;
  7. Neither the applicant nor a predecessor in interest has impaired the manner in which consistency with management goal requirements were satisfied when the original certificate was issued; and
  8. The proposed municipal provider has agreed to serve the subdivision after the assignment.
- E. The applicant may include in the application a request to classify the certificate as a Type A certificate. If the Director determines that the request meets the requirements of R12-15-704(H)(1), the Director shall classify the certificate as a Type A certificate.
- F. In the case of a partial assignment, the Director shall determine whether changes to the plat are material according to R12-15-708. The Director shall issue a Type B certificate to the assignee for the portion of the subdivision that is the subject of the assignment and for the number of lots and the estimated water demand of the current plat of the portion of the subdivision that is the subject of the assignment. The Director shall issue a Type B certificate to the certificate holder for the portion of the subdivision retained by the certificate holder and for the remainder of the number of lots and the remainder of the estimated water demand. The sum of the number of lots and the sum of the amount of the estimated water demand shown on each certificate shall equal the total number of lots and the total estimated water demand shown on the certificate that is being assigned.
- G. The Director shall review an application for an assignment of a Type B certificate pursuant to the licensing time-frame provisions in R12-15-401.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section

repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-707. Application for Classification of a Type A Certificate

- A. A holder of a Type B certificate or a certificate issued before the effective date of this Section may apply to the Director to classify the certificate as a Type A certificate by submitting an application on a form prescribed by the Director with the initial fee prescribed in R12-15-103(C), and attaching evidence that the certificate meets the requirements of R12-15-704(H)(1).
- B. At least one certificate holder shall sign the application for classification of a certificate as a Type A certificate. If the applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the certificate, the authorized representative may sign the application on behalf of the applicant.
- C. If the applicant demonstrates that the requirements of R12-15-704(H)(1) are met, the Director shall classify the certificate as a Type A certificate and issue a Type A certificate to each certificate holder.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-708. Material Plat Change; Application for Review

- A. A certificate or a water report is applicable to the original plat for which the certificate or water report was issued and to a revised plat, unless the plat changes are material according to subsections (C) and (D) of this Section.
- B. If a plat is revised after the Director issues a certificate or a water report and the changes to the plat are material according to subsection (C) or (D) of this Section, the holder may:
  1. Apply for a new certificate or water report for the revised plat,
  2. Use the original plat for which the certificate or water report was issued, or
  3. Revise the plat so that any changes are not material according to subsections (C) and (D) of this Section.
- C. Changes to the plat for which a certificate or a water report has been issued are material if any of the following apply:
  1. The number of lots on the plat has increased by more than:
    - a. For subdivisions of six to 10 lots: one lot;
    - b. For subdivisions of 11 to 499 lots: 10%, rounding up to the nearest whole number; or
    - c. For subdivisions of 500 lots or more: 50 lots.
  2. The 100-year water demand for the revised plat exceeds the estimated water demand for the certificate, unless all of the following apply:

- a. The 100-year water demand for the revised plat does not exceed the estimated water demand for the certificate by more than 10%, rounding to the nearest whole acre-foot, or by more than 25 acre-feet per year, whichever is less;
- b. The 100-year water demand is not greater than the supply demonstrated to be physically, continuously, and legally available at the time of issuance of the certificate or water report, and that water supply remains physically, continuously, and legally available; and
- c. For a certificate, one of the following applies:
  - i. The subdivision is enrolled as a member land in the CAGRD;
  - ii. Groundwater is not included as a source of supply; or
  - iii. The subdivision is located in the Pinal AMA and the 100-year water demand for the revised plat will not exceed the sum of the amount of the groundwater allowance and the amount of any extinguishment credits pledged to the certificate, including extinguishment credits pledged after the certificate was issued.
- 3. For a certificate, additional land is included in the plat, unless all of the following apply:
  - a. The land included in the original plat for which the certificate was issued is located in a master-planned community;
  - b. The outer boundaries of the master-planned community have not expanded;
  - c. If the land included in the original plat for which the certificate was issued is enrolled as a member land in the CAGRD, the additional land has also been enrolled in the CAGRD; and
  - d. A certificate has been issued for the additional land.
- D.** Changes to a portion of a plat are not material if one of the following applies:
  - 1. The changes to the portion of the plat being reviewed are not material according to subsection (C) of this Section when compared to the equivalent portion of the plat for which the certificate was issued;
  - 2. The changes to the entire revised plat are not material according to subsection (C) of this Section when compared to the entire plat for which the certificate was issued; or
  - 3. For a partial assignment pursuant to R12-15-705 or R12-15-706, the plat for the portion of the subdivision retained by the certificate holder could be configured so that changes to the total number of lots and the estimated water demand for the entire subdivision, including the portion under consideration, are not material according to subsection (C) of this Section. For purposes of this subsection, the Director may require the applicant to submit evidence demonstrating whether changes to the plat are material. However, the Director shall not require the applicant to submit a plat for the retained portion of a subdivision, unless the materiality of changes to the plat cannot be determined with any other evidence.
- E.** A person may apply for a review of a revised plat to determine whether any changes to the plat are material as follows:
  - 1. The applicant shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and shall attach the revised plat.
  - 2. The Director shall review the revised plat and the plat for which the certificate or water report was originally issued

to determine whether any changes are material according to the criteria in subsections (C) and (D) of this Section.

- 3. The Director shall issue a letter to the applicant stating whether any changes to the plat are material and identifying which changes, if any, are material. If the Director determines that the changes to the plat are not material, the Director's letter shall state that the certificate or water report is applicable to the revised plat.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### **R12-15-709. Certificate of Assured Water Supply; Revocation**

- A.** The Director may revoke a certificate if an assured water supply does not exist.
- B.** The Director shall not revoke a certificate if any of the residential lots within the plat have been sold.
- C.** If the Director determines that a certificate should be revoked, the Director shall provide for an administrative hearing, in accordance with A.R.S. Title 41, Chapter 6, Article 10. To determine whether a certificate should be revoked, the Director shall use the standards in place at the time the original application was submitted for the certificate.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### **R12-15-710. Designation of Assured Water Supply**

- A.** A municipal provider applying for a designation of assured water supply shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and provide the following:
  - 1. The applicant's current demand;
  - 2. The applicant's committed demand;
  - 3. The applicant's projected demand for the proposed term of the designation;
  - 4. The proposed term of the designation, which shall not be less than two years;
  - 5. Evidence that the criteria in subsection (E) of this Section are met; and
  - 6. Any other information that the Director determines is necessary to decide whether an assured water supply exists for the municipal provider.
- B.** An application for a designation shall be signed by:
  - 1. If the applicant is a city or town, the city or town manager or a person employed in an equivalent position. The application shall also include a resolution of the governing body of the city or town, authorizing that person to sign the application; or
  - 2. If the applicant is a private water company, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant.
- C.** The Director shall give public notice of an application for designation in the same manner as provided for certificates in A.R.S. § 45-578.
- D.** After a complete application is submitted, the Director shall review the application and associated evidence to determine:

1. The annual volume of water physically, continuously, and legally available for at least 100 years;
  2. The term of the designation, which shall not be less than two years;
  3. The applicant's estimated water demand;
  4. The applicant's groundwater allowance; and
  5. Whether the applicant has demonstrated compliance with all requirements in subsection (E) of this Section.
- E.** The Director shall designate the applicant as having an assured water supply if the applicant demonstrates all of the following:
1. Sufficient supplies of water are physically available to meet the applicant's estimated water demand, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the applicant's estimated water demand, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the applicant's estimated water demand, according to the criteria in R12-15-718;
  4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719;
  5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works in a timely manner according to the criteria in R12-15-720;
  6. Any proposed groundwater use is consistent with the management plan in effect at the time of the application, according to the criteria in R12-15-721; and
  7. Any proposed use of groundwater withdrawn within an AMA is consistent with the management goal, according to the criteria in R12-15-722.
- F.** The Director shall review an application for a designation of assured water supply pursuant to the licensing time-frame provisions in R12-15-401.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### **R12-15-711. Designation of Assured Water Supply; Annual Report Requirements, Review, Modification, Revocation**

- A.** A designated provider shall include in the annual report required by A.R.S. § 45-632 the following information for the preceding calendar year:
1. The designated provider's committed demand;
  2. The demand at build-out for customers with which the designated provider has entered into an agreement to serve water, other than committed demand;
  3. A report regarding the designated provider's compliance with water quality requirements;
  4. The depth-to-static water level of all wells from which the designated provider withdrew water; and
  5. Any other information the Director may reasonably require to determine whether the designated provider continues to meet the criteria for a designation of assured water supply.
- B.** If there is a change of ownership, the subsequent owner of a designated provider shall notify the Director in writing of the change in ownership within 90 days.
- C.** The Director shall review a designation at least every 15 years following issuance of the designation to determine whether the designation should be modified or revoked. To determine

whether the designation should be modified or revoked, the Director shall use the standards in place at the time of review.

- D.** The Director may modify a designation for good cause, including a merger, division of the designated provider, or a change in ownership of the designated provider.
- E.** A designated provider may request a modification of the designation at any time pursuant to R12-15-710.
- F.** The Director may revoke a designation if:
1. After notifying the designated provider and initiating a review of the designated provider's status, the Director determines that the designated provider has less water, according to the criteria in R12-15-710(E), than the amount required for a 100-year supply for the provider's:
    - a. Current demand,
    - b. Committed demand, and
    - c. Projected demand during the next two calendar years;
  2. The designated provider fails to construct adequate delivery, storage, and treatment works in a timely manner;
  3. ADEQ or another governmental entity with equivalent jurisdiction has determined, after notice and an opportunity for a hearing, that the designated provider is in significant noncompliance with A.A.C. Title 18, Chapter 4 and is not taking action to resolve the noncompliance; or
  4. The designated provider has violated its management plan requirements for two or more consecutive calendar years, and one of the following applies:
    - a. The provider fails to amend its water use plan in a manner that the Director determines will achieve compliance, or
    - b. The provider fails to sign a stipulated agreement to remedy the violation.
- G.** If the Director determines that a designation of assured water supply should be revoked, the Director shall provide for an administrative hearing, in accordance with A.R.S. Title 41, Chapter 6, Article 10.
- H.** If a designated provider's designated status terminates, the provider may apply for re-designation at anytime after termination.
- I.** Notwithstanding any other provision in this Article, a decision and order of the Director designating a city, town, or private water company as having an assured water supply is not affected by this Article solely because the rule numbers cited in the decision and order may have changed after the effective date of the decision and order.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### **R12-15-712. Analysis of Adequate Water Supply**

- A.** A person proposing to develop land outside an AMA that will not be served by a designated provider may apply for an analysis of adequate water supply before applying for a water report. An applicant for an analysis must be the owner of the land that is the subject of the application or have the written consent of the owner. The commissioner of the Arizona State Land Department may apply for an analysis for land owned by the state of Arizona outside an AMA or may consent to the inclusion of such land in an application.
- B.** An applicant for an analysis shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and attach the following:
1. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is submitted to the Director, demonstrat-

- ing the ownership of the land that is the subject of the application;
2. A description of the development, including:
    - a. A map of the land uses included in the development,
    - b. A list of water supplies proposed to be used by the development,
    - c. A summary of land use types included in the development, and
    - d. An estimate of the water demand for the land uses included in the development; and
  3. Evidence that the applicant has complied with subsection (E) of this Section.
- C.** An applicant shall sign the application for an analysis. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant shall sign the application. If the applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land that is the subject of the water report, the authorized representative may sign the application on the applicant's behalf.
- D.** After a complete application is submitted, the Director shall determine the estimated water demand of the development.
- E.** The Director shall issue an analysis if an applicant demonstrates one or more of the following:
1. Sufficient supplies of water are physically available to meet all or part of the estimated water demand of the development for 100 years, according to the criteria in R12-15-716;
  2. Sufficient supplies of water are continuously available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-717;
  3. Sufficient supplies of water are legally available to meet the estimated water demand of the development for 100 years, according to the criteria in R12-15-718;
  4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719.
- F.** For 10 years after the Director issues an analysis, or a longer period allowed under subsections (H) or (I) of this Section:
1. If groundwater is a source of supply in the analysis and the applicant demonstrates that groundwater is physically available under subsection (E)(1), the Director shall consider that supply of groundwater reserved for the use of the proposed development in subsequent determinations of physical availability pursuant to R12-15-716(B).
  2. If an analysis holder applies for a water report for a subdivision located on land included in the analysis, the Director shall presume that a criterion demonstrated in the analysis remains satisfied with respect to the subdivision, unless the Director has received new evidence demonstrating that the criterion is not satisfied. If the Director issues the water report, the Director shall reduce the volume of groundwater reserved pursuant to subsection (F)(1) of this Section by the amount of the estimated water demand for the water report that will be met with groundwater.
- G.** The Director shall reduce the amount of water considered reserved for use of the development upon request by the analysis holder. If the analysis holder requesting a reduction is not the person to whom the analysis was issued, the Director shall reduce the amount of reserved groundwater only if the person to whom the analysis was issued or that person's designee consents to the request for reduction. The person to whom the analysis was issued shall notify the Director in writing of the person's designee for purposes of this subsection.
- H.** The analysis holder may apply to the Director for a five-year extension of the time period in subsection (F) of this Section by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the time period and no later than 30 days before the end of the time period. If an extension is granted, the analysis holder may apply to the Director for an additional five-year extension by submitting an application on a form prescribed by the Director no earlier than 36 months before the end of the extended time period and no later than 30 days before the end of the extended time period. The Director shall extend the time period for no more than two successive five-year periods under this subsection if the analysis holder demonstrates one of the following:
1. The analysis holder has made a substantial capital investment in developing the land included in the analysis.
  2. The analysis holder has made material progress in developing the land included in the analysis.
  3. Progress in developing the land included in the analysis has been delayed for reasons outside the control of the analysis holder.
- I.** After the Director grants two five-year extensions pursuant to subsection (H) of this Section, the Director may extend the time period for additional five-year periods if the analysis holder files a timely application pursuant to subsection (H) of this Section and demonstrates one of the criteria in subsections (H)(1), (2), or (3) of this Section.
- J.** The Director shall review an application for an analysis or an application for an extension pursuant to subsections (H) or (I) of this Section pursuant to the licensing time-frame provisions in R12-15-401.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-713. Water Report

- A.** An application for a water report shall be filed by the current owner of the land that is the subject of the application.
- B.** An applicant for a water report shall submit an application on a form prescribed by the Director with the initial fee required by R12-15-103(C), and provide the following:
1. A title report, condition of title report, limited search title report, or recorded deed, dated within 90 days of the date the application is filed and demonstrating that the applicant is the owner of the land that is the subject of the application;
  2. A plat of the subdivision;
  3. An estimate of the 100-year water demand for the subdivision;
  4. A list of all proposed sources of water that will be used by the subdivision;
  5. If the applicant is seeking a finding that the subdivision has an adequate water supply, evidence that the criteria in subsection (E) of this Section are met; and
  6. Any other information that the Director reasonably determines is necessary to decide whether an adequate water supply exists for the subdivision.
- C.** Each applicant shall sign the application for a water report. If an applicant is not a natural person, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions

for the applicant shall sign the application. If an applicant submits a letter, signed by the applicant and dated within 90 days of the date the application is submitted, authorizing a representative to submit applications for permits regarding the land to be included in the water report, the authorized representative may sign the application on the applicant's behalf.

- D. After a complete application is submitted, the Director shall review the application and associated evidence to determine:
  - 1. The estimated water demand of the subdivision;
  - 2. Whether the applicant has demonstrated all of the requirements in subsection (E) of this Section.
- E. The Director shall determine that the subdivision has an adequate water supply if the applicant demonstrates all of the following:
  - 1. Sufficient supplies of water are physically available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-716;
  - 2. Sufficient supplies of water are continuously available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-717;
  - 3. Sufficient supplies of water are legally available to meet the estimated water demand of the subdivision, according to the criteria in R12-15-718;
  - 4. The proposed sources of water will be of adequate quality, according to the criteria in R12-15-719;
  - 5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works for the subdivision according to the criteria in R12-15-720.
- F. The Director shall issue a water report to the applicant that states whether the applicant has complied with the requirements in subsection (E) of this Section.
- G. The Director shall review an application for a water report pursuant to the licensing time-frame provisions in R12-15-401.
- H. The Director may review or modify a water report if the Director receives new evidence regarding the criteria in subsection (E) of this Section. The Director shall not modify a water report pursuant to this subsection if any of the residential lots included in the plat have been sold. To determine whether a water report should be modified pursuant to this subsection, the Director shall use the standards in place at the time the original application was submitted for the water report. If the Director modifies a water report, the Director shall:
  - 1. Provide for an administrative hearing pursuant to A.R.S. Title 41, Chapter 6, Article 10; and
  - 2. Notify the Arizona Department of Real Estate.
- I. An owner of land that is the subject of a water report may request a modification of the water report at any time by submitting an application in accordance with subsection (B) of this Section. To determine whether a water report should be modified pursuant to this Section, the Director shall use the standards in place at the time of review.
- J. A water report is subject to the provisions of R12-15-708.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-714. Designation of Adequate Water Supply

- A. A municipal provider applying for a designation of adequate water supply shall submit an application on a form prescribed

by the Director with the initial fee required by R12-15-103(C), and the following:

- 1. The applicant's current demand;
  - 2. The applicant's committed demand;
  - 3. The applicant's projected demand for the proposed term of the designation;
  - 4. The proposed term of the designation, which shall not be less than two years;
  - 5. Evidence that the criteria in subsection (E) of this Section are met; and
  - 6. Any other information that the Director determines is necessary to decide whether an adequate water supply exists for the municipal provider.
- B. A city or town, other than a municipal provider, that is applying for a designation shall submit an application on a form prescribed by the Director with the initial fee required in R12-15-103(C), and provide the following:
    - 1. The current demand of the applicant's service area;
    - 2. The committed demand of the applicant's service area;
    - 3. The projected demand of the applicant's service area for the proposed term of the designation;
    - 4. The proposed term of the designation, which shall not be less than two years; and
    - 5. Evidence that the requirements in A.R.S. § 45-108(D) are met.
  - C. An application for a designation shall be signed by:
    - 1. If the applicant is a city or town, the city or town manager or a person employed in an equivalent position. The application shall also include a resolution of the governing body of the city or town, authorizing that person to sign the application; or
    - 2. If the applicant is a private water company, the applicant's authorized officer, managing member, partner, trust officer, trustee, or other person who performs similar decision-making functions for the applicant.
  - D. After a complete application is submitted, the Director shall review the application and associated evidence to determine:
    - 1. The annual volume of water that is physically, continuously, and legally available for at least 100 years;
    - 2. The term of the designation, which shall not be less than two years;
    - 3. The estimated water demand for the applicant's service area for 100 years; and
    - 4. Whether the applicant has demonstrated compliance with all requirements in subsection (E) or (F) of this Section.
  - E. The Director shall designate the applicant has having an adequate water supply pursuant to subsection (A) of this Section if the applicant demonstrates all of the following:
    - 1. Sufficient supplies of water are physically available to meet the applicant's estimated water demand, according to the criteria in R12-15-716;
    - 2. Sufficient supplies of water are continuously available to meet the applicant's estimated water demand, according to the criteria in R12-15-717;
    - 3. Sufficient supplies of water are legally available to meet the applicant's estimated water demand, according to the criteria in R12-15-718;
    - 4. The proposed sources of water are of adequate quality, according to the criteria in R12-15-719; and
    - 5. The applicant has the financial capability to construct adequate delivery, storage, and treatment works in a timely manner according to the criteria in R12-15-720.
  - F. The Director shall issue a designation pursuant to subsection (B) of this Section if the applicant demonstrates that the requirements of A.R.S. § 45-108(D) are met.

- G. The Director shall review an application for a designation of adequate water supply pursuant to the licensing time-frame provisions in R12-15-401.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-715. Designation of Adequate Water Supply; Annual Report Requirements, Review, Modification, Revocation**

- A. By March 31 of each calendar year, a designated provider shall submit the following information for the preceding calendar year on a form provided by the Director:
1. The designated provider's committed demand;
  2. The demand at build-out for customers with which the designated provider has entered into an agreement to serve water, other than committed demand;
  3. A report regarding the designated provider's compliance with water quality requirements;
  4. The depth-to static water level of all wells from which the designated provider withdrew water;
  5. A report regarding volume of water withdrawn, diverted, or received from each source for delivery to customers;
  6. Any other information the Director may reasonably require to determine whether the designated provider continues to meet the criteria for a designation of adequate water supply.
- B. If there is a change of ownership, the subsequent owner of a designated provider shall notify the Director in writing of the change in ownership within 90 days.
- C. The Director shall review a designation at least every 15 years following issuance of the designation to determine whether the designation should be modified or revoked.
- D. The Director may modify a designation for good cause, including a merger, division of the designated provider, or a change in ownership of the designated provider. A designated provider may request a modification of the designation at any time pursuant to R12-15-714. To determine whether the designation should be modified, the Director shall use the standards in place at the time of review.
- E. The Director may revoke a designation if:
1. After notifying the designated provider and initiating a review of the designated provider's status, the Director determines that the designated provider has less water, according to the criteria in R12-15-714(E), than the amount required for a 100-year supply for the provider's:
    - a. Current demand,
    - b. Committed demand, and
    - c. Projected demand for the next two calendar years;
  2. The designated provider fails to construct adequate delivery, storage, and treatment works in a timely manner; or
  3. ADEQ or another governmental entity with equivalent jurisdiction has determined, after notice and an opportunity for a hearing, that the designated provider is in significant noncompliance with A.A.C. Title 18, Chapter 4 and is not taking action to resolve the noncompliance.
- F. To determine whether the designation should be revoked, the Director shall use the standards in place at the time of review. If the Director determines that a designation of adequate water supply should be revoked, the Director shall provide for an

administrative hearing, in accordance with A.R.S. Title 41, Chapter 6, Article 10.

- G. If a designated provider's designated status terminates, the provider may apply for re-designation at anytime after termination.
- H. Notwithstanding any other provision in this Article, a decision and order of the Director designating a city, town, or private water company as having an assured water supply is not affected by this Article solely because the rule numbers cited in the decision and order may have changed after the effective date of the decision and order.

**Historical Head**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-716. Physical Availability**

- A. The volume of a proposed source of water that is physically available to an applicant for a determination of assured water supply or a determination of adequate water supply is the amount determined by the Director to be physically available pursuant to subsections (B) through (L) of this Section.
- B. If the proposed source is groundwater, the applicant shall submit a hydrologic study, using a method of analysis approved by the Director, that accurately describes the hydrology of the affected area. Except as provided in subsection (D) of this Section, the Director shall determine that the proposed volume of groundwater will be physically available for the proposed use if both of the following apply:
1. The groundwater will be withdrawn as follows:
    - a. Except as provided in subsection (B)(1)(b) of this Section, from wells owned by the applicant or the proposed municipal provider that are located within the service area of the applicant or the proposed municipal provider or from proposed wells that the Director determines are likely to be constructed for future uses of the applicant or the proposed municipal provider.
    - b. If the application is for a dry lot development, from wells that the Director determines are likely to be constructed on individual lots.
  2. Except as provided in subsection (C) of this Section, the groundwater will be withdrawn from depths that do not exceed the applicable maximum 100-year depth-to-static water level according to the following:

Type and location of development	Maximum 100-year depth-to-static water level
a. Developments in Phoenix, Tucson, or Prescott AMAs, except dry lot developments	1000 feet below land surface
b. Developments in Pinal AMA, except dry lot developments	1100 feet below land surface
c. Developments outside AMAs, except dry lot developments	1200 feet below land surface
d. Dry lot developments	400 feet below land surface

3. The Director shall calculate the projected 100-year depth-to-static water level by adding the following for the area where groundwater withdrawals are proposed to occur:
  - a. The depth-to-static water level on the date of application.

- b. The projected declines caused by existing uses, using the projected decline in the 100-year depth-to-static water level during the 100-year period after the date of application, calculated using records of declines for the maximum period of time for which records are available up to 25 calendar years before the date of application. If evidence is provided to the Director of likely changes in pumpage patterns and aquifer conditions, as opposed to those patterns and conditions occurring historically, the Director may determine projected declines using a model rather than evidence of past declines.
  - c. The projected decline in the depth-to-static water level during the 100-year period after the date of application, calculated by adding the projected decline from each of the following that are not accounted for in subsection (B)(3)(b) of this Section:
    - i. The estimated water demand of issued certificates and water reports that will be met with groundwater or stored water recovered outside the area of impact of the stored water, not including the demand of subdivided lots included in abandoned plats;
    - ii. The estimated water demand of designations that will be met with groundwater or stored water recovered outside the area of impact of the stored water; and
    - iii. The groundwater reserved for developments for which the Director has issued an analysis pursuant to R12-15-703 or R12-15-712.
  - d. The projected decline in depth-to-static water level that the Director projects will result from the applicant's proposed use over a 100-year period.
- C.** The Director shall lower the maximum 100-year depth-to-static water level requirement specified in subsection (B)(2) of this Section for an applicant seeking a determination of adequate water supply if the applicant demonstrates both of the following:
1. Groundwater is available at the lower depth; and
  2. The applicant has the financial capability to obtain the groundwater at the lower depth, according to the criteria in R12-15-720.
- D.** If the proposed source is groundwater that will be withdrawn from a groundwater basin outside an AMA and transported into an AMA, the Director shall determine that the proposed volume of groundwater will be physically available if both of the following apply:
1. The groundwater will be withdrawn from wells owned by the applicant or the proposed municipal provider or from proposed wells that the Director determines are likely to be constructed for the future uses of the applicant or the proposed municipal provider.
  2. Withdrawal of the groundwater will comply with any depth-to-static water level criteria, decline rate criteria, and volume limitation criteria prescribed by statute. If there are no applicable depth-to-static water level criteria prescribed by statute, withdrawal of the groundwater shall comply with the depth-to-static water level criteria in subsection (B)(2) of this Section.
- E.** Subject to subsection (L) of this Section, if the proposed source of water is surface water, other than CAP water, or Colorado River water, the Director shall determine the annual volume of water that is physically available for the proposed use, taking into consideration the priority date of the right or claim, by calculating 120% of the firm yield of the proposed source at the point of diversion as limited by the capacity of the diversion works; except that if the applicant demonstrates that an alternative source of water will be physically available during times of shortage in the proposed surface water supply, the Director shall determine the annual volume of water available by calculating 100% of the median flow of the proposed source at the point of diversion as limited by the capacity of the diversion works. The Director shall determine the firm yield or median flow as follows:
1. By calculating the firm yield or median flow at the point of diversion based on at least 20 calendar years of flow records from the point of diversion, unless 20 calendar years of records are unavailable and the Director determines that a shorter period of record provides information necessary to determine the firm yield or median flow; or
  2. By calculating the firm yield or median flow at the point of diversion using a hydrologic model that projects the firm yield or median flow, taking into account at least 20 calendar years of historic river flows, changes in reservoir storage facilities, and projected changes in water demand. The yield available to any applicant may be composed of rights to stored water, direct diversion, or normal flow rights. If the permit for the water right was issued less than five years before the date of application, the Director shall require the applicant to submit evidence, as applicable, in accordance with this subsection.
- F.** Subject to subsection (L) of this Section, if the proposed source of water is CAP water, the Director shall determine the annual volume of water that is physically available for the proposed use as follows:
1. If the applicant or the proposed municipal provider has a non-declining, long-term municipal and industrial subcontract for CAP water, calculate 100% of the annual amount of water established in the subcontract.
  2. If the applicant has a lease for Indian priority CAP water, calculate 100% of the annual amount of water established in the lease.
  3. If the applicant has a subcontract for CAP water other than a non-declining, long-term municipal and industrial subcontract or a lease for Indian priority CAP water:
    - a. If the applicant submits evidence of sufficient backup water supplies, calculate 100% of the annual amount of water established in the subcontract. The applicant may establish backup water supplies by one or more of the following:
      - i. A drought response plan;
      - ii. Long-term storage credits;
      - iii. A contract for water with a multi-county water conservation district; or
      - iv. Evidence of other backup supplies that are physically, continuously, and legally available.
    - b. If the applicant does not submit evidence of sufficient backup water supplies pursuant to subsection (F)(3)(a) of this Section, calculate the percentage of the annual amount of water established in the subcontract that reasonably reflects the reliability of the applicant's CAP water supply.
- G.** Subject to subsection (L) of this Section, if the proposed source of water is Colorado River water, the Director shall determine the annual volume of water that is physically available for the proposed use as follows:
1. If the priority of the contract for Colorado River water provides reliability equal to or better than CAP municipal and industrial water, calculate 100% of the annual amount of water established in the contract.
  2. If the contract for Colorado River water provides reliability that is less than CAP municipal and industrial water:

- a. If the applicant submits evidence of sufficient backup water supplies, calculate 100% of the annual amount of water in the contract. The applicant may establish backup water supplies by one or more of the following:
    - i. A drought response plan;
    - ii. Long-term storage credits;
    - iii. A contract for water with a multi-county water conservation district; or
    - iv. Evidence of other backup supplies that are physically, continuously, and legally available.
  - b. If the applicant does not submit evidence of sufficient backup water supplies pursuant to subsection (G)(2)(a) of this Section, calculate the percentage of the annual amount of water established in the contract that reasonably reflects the reliability of the applicant's Colorado River water supply.
- H.** Subject to subsection (I) of this Section, if the proposed source of water is effluent, the Director shall determine the annual volume of water that will be physically available by evaluating the current, metered production or the projected production of effluent. The volume of effluent that is physically available shall not include the following:
- 1. If the effluent will be delivered directly from a wastewater treatment plant, the volume of effluent that exceeds the applicant's estimated water demand that will be met with effluent; and
  - 2. The volume of effluent that does not comply with any applicable water quality requirements for the proposed use of the effluent.
- I.** If the proposed source of water is stored water to be recovered from recovery wells, the Director shall determine the volume of water that is physically available for the proposed use as follows:
- 1. If the stored water is represented by long-term storage credits in existence on the date of application, the amount that is physically available is the amount that may be recovered pursuant to the credits in a manner consistent with A.R.S. Title 45, Chapter 3.1, subject to subsection (I)(3) of this Section.
  - 2. If the applicant proposes to use long-term storage credits that do not exist on the date of application or recover stored water on an annual basis pursuant to A.R.S. § 45-851.01, the Director shall evaluate the following in determining whether to include the proposed credits or the water proposed to be stored and recovered annually in the amount of water that is physically available for the applicant's proposed use:
    - a. The terms of a contract to obtain water to store in a storage facility;
    - b. The physical, continuous, and legal availability of the water proposed to be stored;
    - c. The presence of an existing storage facility that will be available for use for the proposed storage;
    - d. The existence of all required permits of an adequate duration; and
    - e. Whether recovery of the stored water will comply with subsection (I)(3) of this Section.
  - 3. If the applicant proposes to recover the stored water from recovery wells located outside the area of impact of storage, the stored water will be considered physically available only if sufficient water exists for the withdrawals consistent with both of the following:
    - a. The maximum 100-year depth-to-static water level requirements established in subsection (B)(2) of this Section; and
    - b. Any criteria for the withdrawals prescribed in the management plan in effect at the time of the application.
- J.** If the applicant will obtain the source of water through a water exchange agreement, the Director shall determine that the water is physically available for the proposed use if the applicant submits evidence that the source of water the applicant or the applicant's customers will use will be physically available in accordance with the terms of this Section.
- K.** In the case of two or more pending, conflicting, complete and correct applications for determinations of assured water supply or determinations of adequate water supply, the Director shall give priority to the application with the earliest priority date. The priority date of an application for a determination of assured water supply or determination of adequate water supply shall be the date that a complete and correct application is filed with the Director. The Director shall consider an application complete and correct if it contains all the information required and the Director verifies that the information is accurate.
- L.** For a certificate applicant that proposes to use surface water, the Director shall determine that the proposed source is physically available only if the applicant demonstrates one of the following:
- 1. The land that is the subject of the application is a member land of the CAGRD.
  - 2. The applicant has independently obtained the surface water supply.
  - 3. The proposed municipal provider would satisfy the criteria in R12-15-722 if the municipal provider were subject to those requirements.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### R12-15-717. Continuous Availability

- A.** The Director shall determine that an applicant will have sufficient supplies of water that will be continuously available for 100 years if the applicant submits sufficient evidence that adequate delivery, storage, and treatment works will be in place in a timely manner to make the water available to the applicant or the applicant's customers for 100 years and the applicant meets any applicable requirements in subsections (B) through (G) of this Section.
- B.** If the proposed source of water is groundwater, the applicant shall demonstrate that wells of a sufficient capacity will be constructed in a timely manner to serve the proposed uses on a continuous basis for 100 years.
- C.** If the proposed source of water is surface water other than CAP water or Colorado River water, the applicant shall demonstrate that a continuous supply will exist because of one or more of the following:
  - 1. The projected volume to be diverted from the source is perennial at the point of diversion;
  - 2. Adequate storage facilities will be available to the applicant in a timely manner to store water for use when a volume of surface water is not available at the point of diversion to satisfy the applicant's water demands;
  - 3. The applicant has presented evidence of supplies of other sources of water that the Director has determined will be physically, continuously, and legally available to supplement the applicant's proposed surface water supplies;
  - 4. The applicant or the proposed municipal provider will withdraw surface water from wells of sufficient capacity

to meet the applicant's estimated water demand on a continuous basis for 100 years; or

5. The applicant has submitted a drought response plan that the Director has determined will conserve or augment a volume of water equal to the volume of water that is subject to drought.
- D. If the proposed source of water is CAP water or Colorado River water, the applicant shall demonstrate that a continuous supply is available because of one or more of the following:
  1. Adequate storage facilities will be available to the applicant in a timely manner to store water when a volume of CAP water or Colorado River water is not available to meet the applicant's water demands;
  2. The applicant has presented evidence of supplies of other sources of water that the Director has determined will be physically, continuously, and legally available to the applicant to supplement the proposed CAP water or Colorado River water supplies; or
  3. The applicant has submitted a drought response plan that the Director has determined will conserve or augment a volume of water equal to the volume subject to drought.
- E. If the proposed source of water is effluent, the applicant shall demonstrate that the capability to use the effluent to meet the demands of the proposed use will not be affected by any fluctuations in the supply of the effluent.
- F. If the proposed source of water is stored water to be recovered from recovery wells, the applicant shall demonstrate that recovery wells of a sufficient capacity will be constructed in a timely manner to serve the proposed use on a continuous basis for 100 years.
- G. If an applicant will obtain the source of water through a water exchange agreement, the applicant shall demonstrate that the source of water the applicant or the applicant's customers will use will be continuously available in accordance with the terms of this Section.

#### R12-15-718. Legal Availability

- A. The Director shall determine that an applicant will have sufficient supplies of water that will be legally available for at least 100 years if the applicant submits all of the applicable information required by this Section.
- B. If the applicant is an applicant for a certificate or a water report, the applicant shall submit the following, as applicable:
  1. A Notice of Intent to Serve agreement between the owner of the land to be included in the subdivision and the proposed municipal provider, stating the proposed municipal provider's intent to serve the subdivision;
  2. If the proposed municipal provider is a city or town, evidence indicating that the proposed subdivision is located within the incorporated limits of the city or town or evidence of the legal right of the city or town to serve water to the subdivision outside the city or town's incorporated limits; or
  3. If the proposed municipal provider is a private water company, one of the following:
    - a. Evidence that the proposed municipal provider has a certificate of convenience and necessity approved by

the Arizona Corporation Commission and the subdivision is located within the geographic area described in the certificate of convenience and necessity or any other area in which the Arizona Corporation Commission authorizes the private water company to serve water;

- b. Evidence that the proposed municipal provider has an order preliminary issued by the Arizona Corporation Commission authorizing the municipal provider to provide water service and the proposed subdivision is located within the area described in the order preliminary; or
- c. Evidence that the proposed municipal provider is not a public service corporation regulated by the Arizona Corporation Commission.
- C. If the applicant is a private water company applying for a designation, the applicant shall submit evidence that the applicant has a certificate of convenience and necessity approved by the Arizona Corporation Commission, or has been issued an order preliminary by the Arizona Corporation Commission for a certificate of convenience and necessity, authorizing the applicant to serve the proposed use.
- D. If a proposed source of water is groundwater to be withdrawn within an AMA, the applicant shall submit evidence that the applicant or the proposed municipal provider has one or more of the following:
  1. A service area right;
  2. An applicable non-irrigation grandfathered right to withdraw groundwater, in an amount sufficient to serve the proposed use; or
  3. A pending notice of intent to establish a new service area and all of the following apply:
    - a. The notice of intent to establish a new service area identifies the proposed subdivision,
    - b. The applicant or the proposed municipal provider has obtained a permit for any wells used to establish the service area right,
    - c. The proposed municipal provider has obtained a water right or recovery well permit to establish the service area right, and
    - d. The water right is of sufficient volume and duration to meet the estimated water demand of the proposed subdivision until the anticipated date of issuance of a service area right.
- E. If a proposed source of water is surface water other than CAP water or Colorado River water:
  1. The applicant shall submit evidence that the applicant or the proposed municipal provider has a certificated surface water right, decreed water right, or a pre-1919 claim for the proposed source. If the applicant or the proposed municipal provider does not hold a surface water right or claim, but will receive water pursuant to a water right or claim that is appurtenant to the land that is the subject of the application, the applicant shall submit evidence of the water right or claim and evidence that the water right or claim may neither be legally withheld nor severed and transferred by the right holder or claimant.
  2. If the certificated surface water right or decreed water right pre-dates the date of application by at least five years, or the applicant submits a pre-1919 claim, the applicant shall submit one of the following:
    - a. Evidence that the surface water supply has been used pursuant to the applicable water right or claim within the five years before the date of application;
    - b. Evidence that a court has determined that the right has not been abandoned; or

- c. Evidence that the non-use would not have resulted in an abandonment of the right pursuant to A.R.S. § 45-189.
- 3. The Director shall determine that the volume of water that is legally available pursuant to a certificated surface water right, a decreed water right, or a pre-1919 claim is equal to the face value of the right or claim. If the right or claim is subsequently adjudicated, the Director shall determine the volume of water that is legally available based on the adjudicated amount of water.
- F. Subject to subsections (M) and (N) of this Section, if a proposed source of water is CAP water, the applicant shall submit evidence that the applicant or the proposed municipal provider has entered into a subcontract with a multi-county water conservation district for the proposed volume of CAP water. The Director shall presume that a 50-year long-term, non-declining municipal and industrial subcontract is sufficient evidence of the legal availability of the volume of CAP water specified in the subcontract for 100 calendar years.
- G. Subject to subsections (M) and (N) of this Section, if a proposed source of water is Colorado River water, the applicant shall submit evidence of one of the following:
  - 1. The applicant or the proposed municipal provider has a contract with the United States Secretary of the Interior for the proposed supply; or
  - 2. The applicant has obtained an allocation of Colorado River water from an entity to which all of the following apply:
    - a. The entity holds a contract for Colorado River water with the United States Secretary of the Interior;
    - b. The entity provides Colorado River water to the proposed municipal provider;
    - c. The entity has allocated a sufficient volume of the Colorado River water to the subdivision; and
    - d. The area that the entity may serve, described in the contract with the United States Secretary of the Interior, includes the subdivision.
- H. If a proposed source of water is effluent, the applicant shall submit evidence that the applicant or the proposed municipal provider has the legal right to use the effluent.
- I. If the applicant will obtain a proposed source of water through a written contract other than a water exchange agreement, a contract between a certificate applicant and the municipal provider proposed to serve the applicant, a contract with the United States Secretary of the Interior for Colorado River water, or a subcontract with a multi-county water conservation district, the applicant shall submit evidence that the person providing the water under the contract has a legal right to the water in accordance with the terms of this Section and that the terms of the contract will ensure that the proposed source of water will be delivered to the applicant or to the proposed subdivision. The Director shall determine the term of years for which the proposed source of water is legally available based on the term of years remaining in the contract. The Director shall determine the quantity of water legally available based on the volume established in the contract.
- J. If the applicant will obtain a proposed source of water through a water exchange agreement, the applicant shall submit evidence that the water exchange agreement satisfies the requirements of A.R.S. Title 45, Chapter 4.
- K. If the Director can determine the proposed source of water to be physically and continuously available only because of the use of storage facilities by the applicant or by the proposed municipal provider, the applicant shall submit evidence of the applicant's or the proposed municipal provider's legal right to store water in the storage facilities.
- L. If the applicant proposes to use long-term storage credits, the applicant shall submit evidence that the applicant or the proposed municipal provider has the legal right to use the credits under A.R.S. Title 45, Chapter 3.1.
- M. If a proposed supply of water is Colorado River water or CAP water leased from an Indian community, the applicant shall submit evidence that the water leased has a priority equal to or higher than CAP municipal and industrial water, evidence that the Indian community is expressly authorized by an Act of Congress to lease the water for use off Indian community lands, evidence of the lease, and evidence of one of the following:
  - 1. The proposed water supply is available under the lease for at least 100 years from any time during the year in which the applicant submits the application.
  - 2. The term of the lease has less than 100 years remaining in the year in which the applicant submits the application and a supplemental water supply, together with the leased water, provides a 100-year water supply. The applicant shall demonstrate that the supplemental water supply is physically, continuously, and legally available and, if such supplemental supply is groundwater, that use of the groundwater is consistent with the management goal of the AMA. If the supplemental supply is water recovered through the use of long-term storage credits, the applicant shall also submit the following, as applicable:
    - a. If the applicant is to use the long-term storage credits before the beginning of the lease term, evidence that the applicant or the proposed municipal provider has obtained a recovery well permit that allows the applicant or the proposed municipal provider to recover water pursuant to the long-term storage credits; or
    - b. If the long-term storage credits will be accrued in the future, evidence that the applicant or the proposed municipal provider will accrue the long-term storage credits within 20 years after the effective date of the designation, certificate, or water report by storing the water under an issued water storage permit at a permitted storage facility and that no more than 20 years of the applicant's supplemental water supply will be provided by the long-term storage credits.
- N. If the Director previously determined that Colorado River water or CAP water leased from an Indian community was legally available to a designated provider for 100 years, the Director shall determine that the designated provider continues to have a legally available supply of water for 100 years for the annual amount of water available under the lease if:
  - 1. The lease has at least 50 years remaining in its term or the lease has at least 40 years remaining in its term and the designated provider submits evidence to the Director of active and ongoing negotiations with the Indian community to renew or re-negotiate the lease; and
  - 2. One of the following applies:
    - a. No more than 15% of the total water supplies that the designated provider establishes as physically, continuously, and legally available during any year are obtained through leases with Indian communities;
    - b. Groundwater will be physically, continuously, and legally available to the designated provider at the end of the lease term to substitute for the leased water for the remainder of the 100-year period, and the projected use of groundwater is consistent with the management goal of the AMA. For purposes of this subsection, the designated provider may demon-

strate that the proposed use is consistent with the management goal by entering into a written agreement with the Director under which the designated provider agrees to replace through replenishment or underground storage any groundwater used at the end of the lease term if groundwater use is not consistent with the management goal. The written agreement shall provide that specific performance is the only remedy in the event of default;

- c. A non-groundwater source of water will be physically, continuously, and legally available at the end of the lease term to substitute for the leased water for the remainder of the 100-year period; or
- d. The designated provider's governing board or council submits a resolution requesting that the designated provider be allowed to increase its projected use of Indian lease water from 15%, as allowed by subsection (N)(2)(a) of this Section, to 20%, and the Director finds that all of the following apply:
  - i. No more than 20% of the total water supplies that the designated provider establishes as physically, continuously, and legally available during any year are obtained through leases with Indian communities;
  - ii. No more than 15% of the total water supplies that the designated provider establishes as physically, continuously, and legally available during any year are obtained through any single lease with an Indian community; and
  - iii. The designated provider does not meet the requirements of subsections (N)(2)(a), (b), or (c) of this Section.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### R12-15-719. Water Quality

- A. Except as provided in subsection (B) of this Section, when reviewing an application for a determination of assured water supply or a determination of adequate water supply, the Director shall determine that the water supply is of adequate quality if one of the following applies:
  - 1. The applicant certifies on the application that the applicant or the proposed municipal provider will be regulated by ADEQ, or another governmental entity with equivalent jurisdiction, as a public water system pursuant to A.R.S. § 49-351, et seq., unless ADEQ, or another governmental entity with equivalent jurisdiction, has determined, after notice and an opportunity for a hearing, that the public water system is in significant noncompliance with A.A.C. Title 18, Chapter 4 and is not taking action to resolve the noncompliance; or
  - 2. The applicant has submitted results of a lab analysis demonstrating that the water meets water quality requirements in accordance with A.A.C. Title 18, Chapter 4, or that the water will meet these requirements after treatment that is required by law. The lab analysis shall be based on water withdrawn from a well representative of the well or wells from which water will be withdrawn for the proposed use, conducted in compliance with sample collection and analysis requirements in A.A.C. Title 18, Chapter 4, and completed within 60 days of the date the application is submitted to the Director. If ADEQ waives any of the water quality or sample collection and analysis requirements in A.A.C. Title 18, Chapter 4, the Director

shall not require the applicant to meet the waived requirements.

- B. If a well or a proposed well from which water will be withdrawn for the proposed use is located within one mile of a WQARF site or Superfund site, the Director shall determine that the water supply is of adequate quality only if the applicant submits a contaminant migration and mitigation analysis, demonstrating that the water supply will continue to meet the requirements in A.A.C. Title 18, Chapter 4 for 100 years. The contaminant migration and mitigation analysis may include the impact of any mitigation or treatment, including mitigation or treatment required pursuant to a consent decree.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

#### R12-15-720. Financial Capability

- A. The Director shall determine that an applicant for a certificate or a water report has the financial capability to construct adequate delivery, storage, and treatment works if the applicant demonstrates one or more of the following:
  - 1. The applicant will submit its final plat to a qualified platting authority;
  - 2. The applicant has constructed adequate delivery, storage, and treatment works, and water service is available to each lot; or
  - 3. The applicant has posted a performance bond with the platting authority for the entire cost of adequate delivery, storage, and treatment works.
- B. Upon receiving evidence that a platting authority has established standards for proof of financial capability to construct adequate delivery, storage, and treatment works, pursuant to A.R.S. § 9-463.01(C)(8) or A.R.S. § 11-806.01(G), the Director shall classify the platting authority as a qualified platting authority. The Director shall maintain a list of qualified platting authorities.
- C. The Director shall determine that an applicant for a designation has the financial capability to construct adequate delivery, storage, and treatment works if the applicant demonstrates one or more of the following for each of those facilities:
  - 1. The applicant has constructed adequate delivery, storage, and treatment works;
  - 2. The applicant has entered into written agreements requiring a potential developer to construct adequate delivery, storage, and treatment works;
  - 3. If the applicant is a city or town, the applicant has:
    - a. Adopted a five year capital improvement plan that provides for the construction, or the commencement of construction, of adequate delivery, storage, and treatment works in a timely manner, and has submitted a certification by the applicant's chief financial officer that finances are available to implement that portion of the five-year plan; or
    - b. Submitted evidence demonstrating that financing mechanisms are in place to construct adequate delivery, storage, and treatment works in a timely manner; or
  - 4. If the applicant is a private water company, the applicant has received approval from the Arizona Corporation Commission for financing the construction of adequate delivery, storage, and treatment works.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-721. Consistency with Management Plan**

- A.** The Director shall determine whether a designation applicant's projected use of groundwater withdrawn within an active management area is consistent with the management plan as follows:
1. If the applicant is providing water to customers as of the date of application, the applicant's projected water use is consistent with the management plan if either of the following apply:
    - a. The applicant is in compliance with its applicable management plan requirements in the most recent calendar year for which data is available before the date of application; or
    - b. The applicant has signed a stipulation and consent order that is in effect on the date of the application, or that becomes effective during the time of review of the application, to remedy non-compliance with the management plan requirements and the applicant is in compliance with the terms of the stipulation and consent order.
  2. If the applicant has not commenced serving water to customers as of the date of application, the applicant shall submit a water use plan that demonstrates to the Director that compliance with management plan requirements will be achieved through the use of conservation or augmentation measures.
  3. If the applicant has a pending request for an administrative review or variance from its management plan requirements, the Director shall not make a finding regarding compliance with this Section until the Director has issued a final decision and order on the request or the request has been withdrawn.
- B.** The Director shall determine that a certificate applicant's projected use of groundwater withdrawn within an AMA is consistent with the management plan if the applicant submits a water use plan for the subdivision that includes both of the following:
1. Information demonstrating that compliance with management plan requirements will be achieved through conservation or augmentation measures; and
  2. All information required to calculate the water requirements for each proposed water use.
- C.** A certificate applicant for a subdivision of 50 or fewer lots is exempt from the requirements of this rule.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-722. Consistency with Management Goal**

- A.** For the Phoenix, Prescott, or Tucson AMAs, the Director shall calculate the volume of groundwater that may be used consistent with the management goal of the AMA in which the proposed use is located for at least 100 years by adding the following:
1. The amount of the groundwater allowance, according to R12-15-724(A), R12-15-726(A), or R12-15-727(A).
  2. The amount of any extinguishment credits pledged to the certificate or designation, according to R12-15-724(B), R12-15-726(B), or R12-15-727(B).
  3. Any groundwater that is consistent with the achievement of the management goal pursuant to A.R.S. Title 45, Chapter 2.
- B.** The Director shall determine that a proposed groundwater use in the Phoenix, Prescott, or Tucson AMA is consistent with the

management goal of the AMA if the volume calculated in subsection (A) of this Section is equal to or greater than the portion of the applicant's estimated water demand to be met with groundwater.

- C.** For a certificate in the Pinal AMA, the Director shall calculate the volume of groundwater that may be used consistent with the management goal of the AMA for at least 100 years by adding the following:
1. The amount of the groundwater allowance, according to R12-15-725(A)(1).
  2. The amount of any extinguishment credits pledged to the certificate for a grandfathered right that was extinguished on or after October 1, 2007, according to R12-15-725(B).
  3. The amount of any extinguishment credits pledged to the certificate for a grandfathered right that was extinguished before October 1, 2007. The Director shall calculate the amount of the extinguishment credits by multiplying the annual amount of the credits by 100.
  4. Any groundwater that is consistent with the achievement of the management goal pursuant to A.R.S. Title 45, Chapter 2.
- D.** For a certificate in the Pinal AMA, the Director shall determine that the proposed groundwater use is consistent with the management goal of the AMA if the volume calculated in subsection (C) of this Section is equal to or greater than the portion of the applicant's estimated water demand to be met with groundwater.
- E.** For a designation in the Pinal AMA, the Director shall calculate the volume of groundwater that may be used consistent with the management goal of the Pinal AMA on an annual basis by adding the following:
1. The amount of the groundwater allowance, according to R12-15-725(A)(2). If any of the groundwater allowance is not used during a year, the unused groundwater allowance shall not be added to the volume calculated under this subsection for the following year.
  2. The amount of any extinguishment credits pledged to the designation for a grandfathered right that was extinguished on or after October 1, 2007, according to R12-15-725(B), divided by 100. Extinguishment credits for a grandfathered right that was extinguished on or after October 1, 2007 may be used in any year.
  3. The annual amount of any extinguishment credits pledged to the designation for a grandfathered right that was extinguished before October 1, 2007. The following shall apply if any of the extinguishment credits are not used during a calendar year:
    - a. If the extinguishment credits were pledged to the designation before October 1, 2007, any extinguishment credits not used during a calendar year shall be added to the volume calculated under this subsection for the following calendar year.
    - b. If the extinguishment credits are pledged to the designation on or after October 1, 2007, any of the extinguishment credits not used during a calendar year shall not be added to the volume calculated under this subsection for the following calendar year, except that if the extinguishment credits were originally pledged to a certificate before October 1, 2007 and are used to support the municipal provider's designation pursuant to R12-15-723(G)(2), any of the extinguishment credits not used during a calendar year shall be added to the volume calculated under this subsection for the following calendar year.

4. Any groundwater that is consistent with the achievement of the management goal pursuant to A.R.S. Title 45, Chapter 2.
- F. For a designation in the Pinal AMA, the Director shall determine that the proposed groundwater use is consistent with the management goal of the Pinal AMA if the annual volume calculated in subsection (E) of this Section is equal to or greater than the portion of the applicant's annual estimated water demand to be met with groundwater.
- G. Upon application, the following volumes of groundwater used by an applicant are considered consistent with the management goal:
  1. If the Director determines that a surface water supply is physically available under R12-15-716 and the volume of the supply actually available during a calendar year is equal to or less than the drought volume for the supply, the volume of groundwater, other than the groundwater that is accounted for under subsection (A), (C), or (E) of this Section, withdrawn within the AMA that, when combined with the available surface water supply, is equal to or less than the drought volume.
  2. Any volume of groundwater withdrawn within a portion of an AMA that is exempt from conservation requirements under A.R.S. Title 45 due to waterlogging. The Director shall review the application of this exclusion on a periodic basis, not to exceed 15 years.
  3. Remedial groundwater that is consistent with the management goal according to the requirements of R12-15-729.
- H. An applicant for a certificate of assured water supply for a dry lot subdivision of 20 lots or fewer is exempt from the requirements of this Section.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 1394, effective October 1, 2007 (Supp. 07-2).

#### R12-15-723. Extinguishment Credits

- A. Except as provided in subsection (D), the owner of a grandfathered right may extinguish the right in exchange for extinguishment credits by submitting the following:
  1. A notarized statement of extinguishment of a grandfathered right on a form provided by the Director;
  2. The grandfathered right number;
  3. If the right being extinguished is a Type 1 non-irrigation grandfathered right or an irrigation grandfathered right, evidence of ownership of the land to which the grandfathered right is appurtenant;
  4. If the grandfathered right is located in the Prescott AMA, evidence that all of the following conditions are met:
    - a. The land to which the right is appurtenant has not been and will not be subdivided pursuant to a preliminary plat or a final plat that was approved by a city, town, or county before August 21, 1998; and
    - b. The land to which the right is appurtenant is not and will not be the location of a subdivision for which a complete and correct application for a certificate of assured water supply was submitted to the Director before August 21, 1998;
  5. If the right being extinguished is an irrigation grandfathered right, evidence that the development of the land to which the right is appurtenant is not completed; and
  6. Any additional information the Director may reasonably require to process the extinguishment.
- B. The Director shall calculate the amount of extinguishment credits pursuant to R12-15-724(B), R12-15-725(B), R12-15-726(B) or R12-15-727(B). The Director shall notify the owner of the amount of extinguishment credits in writing. If the owner is extinguishing only a portion of the right, the Director shall issue a new certificate of grandfathered right for the remainder of the right.
- C. A Type 1 non-irrigation grandfathered right or an irrigation grandfathered right may be extinguished in whole or in part. A Type 2 non-irrigation grandfathered right may be extinguished only in whole.
- D. The following rights may not be extinguished in exchange for extinguishment credits:
  1. An irrigation grandfathered right that is appurtenant to land that has been physically developed for a non-irrigation use. The Director shall not consider the land to be physically developed until the development is completed.
  2. A Type 1 non-irrigation grandfathered right, if the Director determines that the holder is likely to continue to receive groundwater from an undesignated municipal provider for the same use pursuant to the provider's service area right or pursuant to a groundwater withdrawal permit.
  3. A Type 2 non-irrigation grandfathered right that was issued based on the withdrawal of groundwater for mineral extraction or processing or for the generation of electrical energy.
  4. On or after January 1, 2025, any grandfathered right that is in the Phoenix, Prescott, or Tucson AMAs.
  5. Any grandfathered right in the Pinal AMA beginning in the first calendar year in which the allocation factor for the extinguishment of a grandfathered right is zero, pursuant to R12-15-725(B)(3) or (4).
  6. A Type 1 non-irrigation grandfathered right that was requested to be included by a city or town in the Tucson AMA in the determination made under A.R.S. § 45-463(F).
- E. The owner of extinguishment credits may pledge the credits to a certificate or to a designation before the certificate or designation is issued by submitting with the application for the certificate or designation a notice of intent to pledge extinguishment credits on a form provided by the Director. The extinguishment credits shall be pledged to the certificate or designation upon issuance of the certificate or designation.
- F. The owner of extinguishment credits may pledge the credits to a certificate or to a designation after the certificate or designation is issued by submitting a notice of intent to pledge extinguishment credits on a form provided by the Director. The Director shall notify the owner of the extinguishment credits and the certificate holder or designated provider that the credits have been pledged to the certificate or designation.
- G. Extinguishment credits that have not been pledged to a certificate or designation may be conveyed within the same AMA. Extinguishment credits pledged to a certificate or designation shall not be conveyed to another person, except that:
  1. If extinguishment credits are pledged to a certificate that is later assigned or reissued, any unused credits are transferred, by operation of this subsection, to the assigned or reissued certificate. If the certificate is partially assigned or reissued, a pro rata share of the unused extinguishment credits is transferred to each assigned or reissued certificate according to the estimated water demand.
  2. If extinguishment credits are pledged to a certificate for a subdivision that is later served by a designated provider or a municipal provider that is applying for a designation, any unused extinguishment credits may be used to sup-

port the municipal provider's designation as long as the municipal provider serves the subdivision and remains designated. If the municipal provider is no longer serving the subdivision or if the municipal provider loses its designated status, any unused extinguishment credits shall revert, by operation of this subsection, to the certificate to which they were originally pledged.

- H. The Director shall review a statement of extinguishment of a grandfathered right and a notice of intent to pledge extinguishment credits pursuant to the licensing time-frame provisions in R12-15-401.
- I. A person may apply to the Director on or before December 31, 2015 for the restoration of all or a portion of an irrigation grandfathered right extinguished under this Section during calendar year 2005, 2006 or 2007 if all of the following conditions are met:
  - 1. The person owns the land to which the right or portion of the right was appurtenant;
  - 2. The land to which the right or portion of the right was appurtenant is physically capable of being irrigated and the infrastructure for delivering water to the land for irrigation purposes remains intact and is operable;
  - 3. The person holds extinguishment credits that were issued for the extinguishment of a grandfathered right in the AMA in which the land is located and that have not been pledged to a certificate or designation under subsection (E) or (F) in the following amount, as applicable:
    - a. If the person seeks to restore the entire irrigation grandfathered right, an amount of extinguishment credits equal to the amount of extinguishment credits issued by the Director in exchange for extinguishment of the irrigation grandfathered right; or
    - b. If the person seeks to restore a portion of the irrigation grandfathered right, an amount of extinguishment credits equal to the result obtained by multiplying the percentage of the right sought to be restored by the amount of extinguishment credits issued by the Director in exchange for the extinguishment of the right.
- J. An application to restore all or a portion of an irrigation grandfathered right under subsection (I) shall be on a form provided by the Director and include all of the following:
  - 1. A fee of \$250.00;
  - 2. The irrigation grandfathered right number of the right sought to be restored;
  - 3. If a certificate of extinguishment credits was issued by the Director for the extinguishment credits described in subsection (I)(3), the original certificate or an affidavit stating that the certificate is lost;
  - 4. A copy of a deed showing that the applicant owns the land to which the right or portion of the right sought to be restored was appurtenant and, if the application seeks to restore only a portion of the right, the legal description of the land to which that portion of the right was appurtenant;
  - 5. A certification by the applicant that the conditions described in subsection (I) are met; and
  - 6. An agreement in writing that if the right or portion of the right is restored, the flexibility account for the land to which the right or portion of the right is appurtenant shall have an account balance of zero at the beginning of the calendar year in which the right or portion of the right is restored and that any credits registered to the flexibility account after the right is restored may not be conveyed or sold to any person, including the applicant.

- K. The Director shall approve an application to restore all or a portion of an irrigation grandfathered right submitted under subsection (I) if the application includes the fee and the information required under subsection (J) and the Director determines that the information is correct. If the Director approves an application to restore all or a portion of an irrigation grandfathered right, all of the following apply:
  - 1. The irrigation water duty for the land to which the right or portion of the right is restored shall be the same as it was when the right was extinguished, unless the irrigation water duty is changed in a management plan adopted after the right was extinguished or is modified pursuant to A.R.S. § 45-575;
  - 2. The flexibility account for the land to which the right or portion of the right is appurtenant shall have an account balance of zero at the beginning of the calendar year in which the right or portion of the right is restored and any credits registered to the flexibility account after the right is restored may not be conveyed or sold to any person, including the applicant.
  - 3. The applicant shall forfeit the extinguishment credits described in subsection (I)(3); and
  - 4. The restored irrigation grandfathered right may be extinguished in exchange for extinguishment credits under this Section. For purposes of calculating the amount of extinguishment credits under R12-15-724(B), R12-15-725(B), R12-15-726(B) or R12-15-727(B), the calendar year of extinguishment is the calendar year in which the restored irrigation grandfathered right is extinguished.
- L. The Director shall review an application to restore an irrigation grandfathered right under subsection (I) pursuant to the licensing time-frame provisions in R12-15-401. The application shall have an administrative completeness review time-frame of 30 days, a substantive review time-frame of 90 days, and an overall time-frame of 120 days.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Amended by final rulemaking at 13 A.A.R. 1394, effective October 1, 2007 (Supp. 07-2). Amended by final rulemaking at 17 A.A.R. 1989, effective September 13, 2011 (Supp. 11-3).

#### R12-15-724. Phoenix AMA Calculation of Groundwater Allowance and Extinguishment Credits

- A. The Director shall calculate the groundwater allowance for a certificate or designation in the Phoenix AMA as follows:
  - 1. If the application is for a certificate, multiply the applicable allocation factor in the table below by the annual estimated water demand for the proposed subdivision.

MANAGEMENT PERIOD	ALLOCATION FACTOR
Third	4
Fourth	2
Fifth	1
After Fifth	0

- 2. If the application is for a designation and the applicant provided water to its customers prior to February 7, 1995, multiply 7.5 by the total volume of water provided by the applicant to its customers from any source during calendar year 1994, consistent with the municipal conservation requirements established for the applicant pursuant to

Section 5-103(A)(1) of the Second Management Plan for the Phoenix AMA.

3. If the application is for a designation and the applicant commenced providing water to its customers on or after February 7, 1995, the applicant's groundwater allowance is zero acre-feet.
4. For each calendar year of a designation, the Director shall calculate the volume of incidental recharge for a designated provider within the Phoenix AMA and add that volume to the designated provider's groundwater allowance. The Director shall calculate the volume of incidental recharge by multiplying the provider's total water use from any source in the previous calendar year by the standard incidental recharge factor of 4%. A designated provider may apply for a variance from the standard incidental recharge factor as provided in A.R.S. § 45-566.01(E)(1). The Director may establish a different incidental recharge factor for the designated provider if the provider demonstrates to the satisfaction of the Director that the ratio of the average annual amount of incidental recharge expected to be attributable to the provider during the management period, to the average amount of water expected to be withdrawn, diverted, or received for delivery by the provider for use within its service area during the management period, is different than 4%.

**B.** The Director shall calculate the extinguishment credits for the extinguishment of a grandfathered right in the Phoenix AMA as follows:

1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the difference between 2025 and the calendar year of extinguishment.
2. For the extinguishment of all or part of an irrigation grandfathered right, or all or part of a type 1 non-irrigation grandfathered right, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished irrigation grandfathered right or the number of acres to which the extinguished type 1 non-irrigation grandfathered right is appurtenant, and then multiply the product by the difference between 2025 and the calendar year of extinguishment, except that:
  - a. If only a portion of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right is extinguished, the Director shall include in the calculation only those acres associated with the portion of the right that is extinguished; and
  - b. If an extinguished irrigation grandfathered right has a debit balance in the corresponding flexibility account established under A.R.S. § 45-467, the Director shall subtract the amount of the debit from the amount of the extinguishment.

**Historical Note**

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-725. Pinal AMA – Groundwater Allowance**

The Director shall calculate the groundwater allowance for a certificate or designation in the Pinal AMA as follows:

1. If the application is for a certificate, multiply the applicable allocation factor in the table below for the management period in effect on the date of application by the

annual estimated water demand for the proposed subdivision.

MANAGEMENT PERIOD/ DATE OF APPLICATION	ALLOCATION FACTOR
Third	10
Fourth	10
Fifth	5
After Fifth	0

2. If the application is for a designation:
  - a. If the applicant was designated as having an assured water supply as of October 1, 2007:
    - i. Multiply the applicant's service area population as of October 1, 2007 by 125 gallons per capita per day and multiply the product by 365 days. The service area population shall be determined using the methodology set forth in Section 5-103(D) of the Third Management Plan for the Pinal AMA.
    - ii. Convert the number of gallons determined in subsection (A)(2)(a)(i) into acre-feet by dividing the number by 325,851 gallons.
    - iii. Determine the number of residential lots within plats that were recorded as of October 1, 2007 but not served water as of that date, and to which the applicant commenced water service by January 1, 2010.
    - iv. Multiply the number of lots determined in subsection (A)(2)(a)(iii) of this Section by 0.35 acre-foot per lot.
    - v. Add the volume from subsection (A)(2)(a)(ii) of this Section and the volume from subsection (A)(2)(a)(iv) of this Section.
  - b. If the applicant provided water to its customers before October 1, 2007 but was not designated as having an assured water supply as of that date, and a complete and correct application for designation is filed before January 1, 2012, multiply the applicant's service area population as of October 1, 2007 by 125 gallons per capita per day and multiply the product by 365 days. The service area population shall be determined using the methodology in Section 5-103(D) of the Third Management Plan for the Pinal AMA.
  - c. If the applicant provided water to its customers before October 1, 2007 but was not designated as having an assured water supply as of that date, and a complete and correct application for designation is filed on or after January 1, 2012, the applicant's groundwater allowance is zero acre-feet.
  - d. If the applicant commenced providing water to its customers on or after October 1, 2007, the applicant's groundwater allowance is zero acre-feet.
3. For each calendar year of a designation, the Director shall calculate the volume of incidental recharge for a designated provider within the Pinal AMA and add that volume to the designated provider's groundwater allowance. The Director shall calculate the volume of incidental recharge by multiplying the provider's total water use from any source in the previous calendar year by the standard incidental recharge factor of 4%. A designated provider may apply for a variance from the standard incidental recharge factor by submitting a hydrologic

study demonstrating, to the satisfaction of the Director, that the ratio of the average annual amount of incidental recharge expected to be attributable to the designated provider during the management period to the average annual amount of water expected to be withdrawn, diverted or received for delivery by the designated provider for use within its service area during the management period is different than 4%. The hydrologic study shall include the amount of water withdrawn, diverted or received for delivery by the designated provider for use within its service area during each of the preceding five years and the amount of incidental recharge that was attributable to the designated provider during each of those years. The Director may establish a different incidental recharge factor for the designated provider upon such demonstration.

#### Historical Note

Adopted effective February 7, 1995 (Supp. 95-1). Section repealed; new Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3). Section repealed; new Section made by final rulemaking at 13 A.A.R. 1394, effective October 1, 2007 (Supp. 07-2). #### R12-15-725.01. Pinal AMA – Extinguishment Credits Calculation

The Director shall calculate the extinguishment credits for the extinguishment of a grandfathered right in the Pinal AMA as follows:

1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the applicable allocation factor as determined under subsection (A)(3) or (A)(4) of this Section.
2. For the extinguishment of all or part of an irrigation grandfathered right, or all or part of a type 1 non-irrigation grandfathered right, an amount calculated by multiplying 1.5 acre-feet by the number of irrigation acres associated with the extinguished irrigation grandfathered right or the number of acres to which the extinguished type 1 non-irrigation grandfathered right is appurtenant, and then multiply that product by the applicable allocation factor as determined under subsection (A)(3) or (A)(4) of this Section, except that:
  - a. If only a portion of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right is extinguished, the Director shall include in the calculation only those acres associated with the portion of the right that is extinguished; and
  - b. If an extinguished irrigation grandfathered right has a debit balance in the corresponding flexibility account established under A.R.S. § 45-467, the Director shall subtract the amount of the debit from the amount of the extinguishment credits.
3. Except as provided in subsection (A)(4) of this Section, in calculating the extinguishment credits for the extinguishment of a grandfathered right under subsection (A)(1) or (A)(2) of this Section, the Director shall use the allocation factor associated with the year in which the grandfathered right is extinguished, as shown in the table below.

4. If, before January 1, 2060, there is a moratorium on adding new member lands and member service areas in the Pinal AMA pursuant to A.R.S. § 45-576.06(A), in calculating the extinguishment credits for the extinguishment of a grandfathered right under subsection (A)(1) or (A)(2) of this Section, the Director shall use an allocation factor determined as follows:
  - a. If the grandfathered right is extinguished while the moratorium is in effect, the Director shall use the allocation factor associated with the year in which the moratorium first became effective, as shown in the table in subsection (A)(3) of this Section.

- b. If the grandfathered right is extinguished when the moratorium is no longer in effect, the Director shall use the allocation factor associated with the year determined pursuant to this subsection, as shown in the table in subsection (A)(3) of this Section. The Director shall determine the year as follows:
  - i. Subtract the year in which the moratorium first became effective from the year in which the moratorium ended.
  - ii. Subtract the difference in subsection (A)(4)(b)(i) of this Section from the year in which the grandfathered right was extinguished.

#### R12-15-726. Prescott AMA Calculation of Groundwater Allowance and Extinguishment Credits

A. The Director shall calculate the groundwater allowance for a certificate or designation in the Prescott AMA as follows:

1. If the application is for a certificate of assured water supply, the Director shall:
  - a. Subtract the year of application from 2025,
  - b. Multiply the number determined in subsection (A)(1)(a) by the applicant's annual estimated water demand, and
  - c. Divide that product by two. The minimum volume that may be calculated in this subsection is zero acre-feet.
2. If the application is for a designation of assured water supply:
  - a. Except as provided in subsections (A)(3) and (A)(5), if the applicant was in existence as of January 12, 1999, and the application is filed before calendar year 2026, the Director shall:
    - i. Multiply by 100 the largest volume of groundwater determined by the Director to have been withdrawn by the applicant from within the Prescott AMA for use within the applicant's service area in any calendar year from 1995 through 1998, consistent with the municipal conservation requirements applicable under the second management plan for the Prescott active management area;
    - ii. Determine the volume of the applicant's total water demand, from any source, for 1999, consistent with the municipal conservation requirements established for the applicant in the management plan in effect on the date of application;
    - iii. Determine the volume of the applicant's total water demand, from any source, for 2014, consistent with the municipal conservation requirements established for the applicant in the

management plan in effect on the date of application;

- iv. Subtract the volume calculated in subsection (A)(2)(a)(ii) from the volume calculated in subsection (A)(2)(a)(iii) and then multiply the difference by 26;
  - v. Divide the product obtained in subsection (A)(2)(a)(iv) by two;
  - vi. If any residential groundwater uses, including residential groundwater uses served by an exempt well, in existence on August 21, 1998, have been replaced by permanent water service from the applicant after August 21, 1998, multiply one-half acre-foot of groundwater by the number of housing units receiving the service and then multiply that product by 100;
  - vii. Determine the volume of groundwater withdrawn by the applicant from within the Prescott active management area during the period beginning January 1, 1999, and ending December 31 of the calendar year before the date of the application;
  - viii. Multiply the volume of groundwater withdrawn by the applicant from within the Prescott active management area in 1999 by the number of calendar years in the period beginning with 1999 and ending with the calendar year before the date of application;
  - ix. Subtract from the volume calculated in subsection (A)(2)(a)(vii) the volume calculated in subsection (A)(2)(a)(viii). The volume calculated in this subsection shall not be less than zero; and
  - x. Add the volumes calculated in subsections (A)(2)(a)(i), (A)(2)(a)(v), and (A)(2)(a)(vi), and then subtract from the sum the volume calculated in subsection (A)(2)(a)(ix).
- b. If the applicant did not exist as of January 12, 1999, or the date of application occurs after calendar year 2025, the groundwater allowance is zero acre-feet, except that if any residential groundwater uses, including residential groundwater uses served by an exempt well, in existence on August 21, 1998, have been replaced by permanent water service from the applicant after August 21, 1998, the groundwater allowance is a volume of groundwater computed by multiplying one-half acre-foot of groundwater by the number of housing units receiving the service and multiplying that product by 100.
3. For the purpose of determining the groundwater allowance under subsection (A)(2)(a), at the request of the applicant, the Director shall replace the volume of groundwater calculated in subsection (A)(2)(a)(ii) through (v) with the amount of groundwater necessary for the applicant to serve the residential lots described in subsection (A)(4):
    - a. To compute this amount of groundwater, the Director shall:
      - i. Determine the average dwelling occupancy within the applicant's service area and multiply that average occupancy by an amount of groundwater, calculated by multiplying 150 gallons per capita per day by 365 days; and
      - ii. Multiply the product in subsection (A)(3)(a)(i) by the number of residential lots described in

- subsection (A)(4), and then multiply that product by 100.
- b. The Director shall not include the amount computed in subsection (A)(3)(a) within the amount of groundwater that the applicant may use under subsection (A)(2)(a) until a final plat for the lots has been recorded.
4. The Director shall include residential lots that will be served by the applicant in the calculation made under subsection (A)(3) if the lots meet all of the following criteria:
    - a. A preliminary plat for the lots was submitted to the city, town, or county on or before August 21, 1998, and the final plat is subsequently recorded;
    - b. The lots were not being served water on or before August 21, 1998; and
    - c. Any one of the following applies:
      - i. The lots were included within an application for certificate of assured water supply that was filed before August 21, 1998, the Director determined that the application was complete and correct as of August 21, 1998, and the Director subsequently issued a certificate of assured water supply for the lots.
      - ii. A preliminary plat for the lots was approved by a city, town, or county on or before August 21, 1998. At the time the preliminary plat was approved, the subdivider of the lots obtained a written commitment of water service from a municipal provider that was designated as having an assured water supply and the provider demonstrated to the satisfaction of the Director that sufficient water is physically available to serve the lots under the criteria in R12-15-716.
  5. For the purpose of determining the groundwater allowance under subsection (A)(2)(a), if the applicant makes the request described in subsection (A)(3), the Director shall replace the volume of groundwater calculated in subsection (A)(2)(a)(viii) with an amount of groundwater calculated as follows. The Director shall:
    - a. Determine the number of calendar years in the period beginning with 1999 and ending with the calendar year before the date of application and multiply that number of years by the largest volume of groundwater determined by the Director to have been withdrawn by the applicant from within the Prescott active management area for use within the applicant's service area in any calendar year from 1995 through 1998, consistent with the municipal conservation requirements applicable under the second management plan for the Prescott active management area;
    - b. Determine the average dwelling occupancy within the applicant's service area and multiply that average dwelling occupancy by an amount of groundwater calculated by multiplying 150 gallons per capita per day by 365 days;
    - c. For each year in the period beginning with 1999 and ending with the calendar year before the date of application, determine the number of the residential lots that meet the criteria in subsection (A)(4) and were served water by the applicant as of July 1 of the relevant year and add the number of these residential lots determined for each year;
      - d. Multiply the volume of groundwater calculated in subsection (A)(5)(b) by the number of residential lots in subsection (A)(5)(c); and
      - e. Add the volumes of groundwater from subsections (A)(5)(a) and (A)(5)(d).
- B.** The Director shall calculate the extinguishment credits for extinguishing a grandfathered right in the Prescott AMA as follows:
1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the difference between 2025 and the calendar year of extinguishment.
  2. For the extinguishment of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right:
    - a. Through December 31, 2010:
      - i. If the irrigation acres associated with the extinguished right were irrigated for at least four of the six calendar years preceding January 1, 2000, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished right or the number of acres to which the extinguished right is appurtenant and multiply that product by 25.
      - ii. If the irrigation acres associated with the extinguished right were not irrigated for at least four of the six calendar years preceding January 1, 2000, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished right or the number of acres to which the extinguished right is appurtenant and multiply the product by the difference between 2025 and the year in which the statement of intent to extinguish is filed.
    - b. After December 31, 2010, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished right or the number of acres to which the extinguished right is appurtenant and multiply the product by the difference between 2025 and the year in which the statement of intent to extinguish is filed.

**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).

**R12-15-727. Tucson AMA Calculation of Groundwater Allowance and Extinguishment Credits**

- A.** The Director shall calculate the groundwater allowance for a certificate or designation in the Tucson AMA as follows:
1. If the application is for a certificate, multiply the applicable allocation factor in the table below by the annual estimated water demand for the proposed subdivision.

MANAGEMENT PERIOD	ALLOCATION FACTOR
Third	8
Fourth	4
Fifth	2
After Fifth	0

2. If the application is for a designation and the applicant provided water to its customers before February 7, 1995, multiply 15 by the total volume of water provided by the applicant to its customers from any source during calendar year 1994, consistent with the municipal conservation requirements established for the applicant pursuant to

Section 5-103(A)(1) of the Second Management Plan for the Tucson AMA.

3. If the application is for a designation and the applicant commenced providing water to its customers on or after February 7, 1995, the applicant's groundwater allowance is zero acre-feet.
  4. For each calendar year of the designation, the Director shall calculate the volume of incidental recharge for a designated provider within the Tucson AMA and add that volume to the designated provider's groundwater allowance. The Director shall calculate the volume of incidental recharge by multiplying the provider's total water use from any source in the previous calendar year by the standard incidental recharge factor of 4%. A designated provider may apply for a variance from the standard incidental recharge factor as provided in A.R.S. § 45-566.01(E)(1). The Director may establish a different incidental recharge factor for the designated provider if the provider demonstrates to the satisfaction of the Director that the ratio of the average annual amount of incidental recharge expected to be attributable to the provider during the management period, to the average amount of water expected to be withdrawn, diverted, or received for delivery by the provider for use within its service area during the management period, is different than 4%.
- B.** The Director shall calculate the extinguishment credits for the extinguishment of a grandfathered right in the Tucson AMA as follows:
1. For the extinguishment of a type 2 non-irrigation grandfathered right, multiply the number of acre-feet indicated on the certificate by the difference between 2025 and the calendar year of extinguishment.
  2. For the extinguishment of all or part of an irrigation grandfathered right, or all or part of a type 1 non-irrigation grandfathered right, multiply 1.5 acre-feet per acre by the number of irrigation acres associated with the extinguished irrigation grandfathered right or the number of acres to which the extinguished type 1 non-irrigation grandfathered right is appurtenant, and then multiply the product by the difference between 2025 and the calendar year of extinguishment, except that:
    - a. If only a portion of an irrigation grandfathered right or a type 1 non-irrigation grandfathered right is extinguished, the Director shall include in the calculation only those acres associated with the portion of the right that is extinguished; and
    - b. If an extinguished irrigation grandfathered right has a debit balance in the corresponding flexibility account established under A.R.S. § 45-467, the Director shall subtract the amount of the debit from the amount of the extinguishment.
- Historical Note**
- New Section made by final rulemaking at 12 A.A.R. 3475, effective September 12, 2006 (Supp. 06-3).
- R12-15-728. Reserved**
- R12-15-729. Remedial Groundwater; Consistency with Management Goal**
- A.** Use of remedial groundwater by a municipal provider before January 1, 2025, is deemed consistent with the management goal of the AMA in which the remedial groundwater is withdrawn and is excluded when determining compliance with management goal requirements in this Article if all of the following apply:
1. The Director determines that the remedial groundwater use is consistent with the management goal under subsection (F) or (H) of this Section or the remedial groundwater use is consistent with the management goal under subsection (J) of this Section; and
  2. The municipal provider complies with the metering and reporting requirements in subsection (K) of this Section.
- B.** A municipal provider that is using remedial groundwater or that has agreed in a consent decree or other document approved by ADEQ or the EPA to use remedial groundwater may apply to the Director for a determination that the municipal provider's use of the remedial groundwater is consistent with the management goal of the active management area by submitting an application on a form provided by the Director with the information required in subsection (D) of this Section before January 1, 2010.
- C.** A municipal provider filing an application under subsection (B) of this Section for remedial groundwater use associated with a treatment plant in operation before June 15, 1999, may request an increase in the project's annual authorized volume at the time the application is filed. The Director shall grant the request and increase the annual authorized volume up to the maximum treatment capacity of the treatment plant if the municipal provider submits evidence that an increase in the annual authorized volume is necessary to further the purpose of the remedial action project and that the increase is not in violation of the consent decree or other document approved by ADEQ or the EPA for the remedial action project.
- D.** An applicant shall provide the following with an application submitted under subsection (B) of this Section:
1. A document evidencing ADEQ's or EPA's approval of the municipal provider's withdrawal and use of remedial groundwater, such as a remedial action plan, record of decision, or consent decree;
  2. The volume of remedial groundwater that will be withdrawn and used annually by the municipal provider and the purpose for which the remedial groundwater will be used;
  3. The time period during which the remedial groundwater will be withdrawn and used by the municipal provider;
  4. A reference to the annual authorized volume provided in the document submitted pursuant to subsection (D)(1) of this Section or, if the document submitted pursuant to subsection (D)(1) does not specify the annual authorized volume for the project, the annual authorized volume claimed by the municipal provider and a written justification for that volume;
  5. If the approved remedial action project is currently operating, the volume of remedial groundwater withdrawn pursuant to the project for each year before the year in which the application is filed;
  6. The designated provider or certificate to which the remedial groundwater will be pledged;
  7. If the municipal provider is requesting an increase in the annual authorized volume of the project pursuant to subsection (C) of this Section, evidence that the increase is necessary to further the purpose of the remedial action project and that the increase is not in violation of the consent decree or other document approved by ADEQ or the EPA for the project;
  8. The name and telephone number of a person the Department may contact regarding the application; and
  9. Any other information reasonably required to assist the Director in making the determination under subsection (F) of this Section.

- E. After receiving an application under subsection (B) of this Section, the Director shall determine that the application is complete and correct if it contains all the information required in subsection (D) of this Section and the Director verifies that the information is accurate. If the Director determines that the application is complete and correct, the Director shall assign a priority date to the application according to the following:
1. If the Director determines that the application was complete and correct when filed, the priority date of the application is the date the application was filed.
  2. If the Director determines that the application was not complete or correct when filed because of minor deficiencies, the Director shall notify the applicant of the deficiencies in writing and give the applicant 30 days to correct the deficiencies. If the applicant submits the necessary information to correct the deficiencies within 30 days after the date of the notice, the priority date of the application is the date the application was filed.
  3. If the Director determines that the application was not complete or correct when filed and that the deficiencies are not minor, the Director shall notify the applicant of the deficiencies and give the applicant at least 60 days to submit the necessary information to correct the deficiencies. If the applicant submits the necessary information to correct the deficiencies within the time allowed by the Director, the priority date of the application is the date the applicant submits the necessary information to correct the deficiencies.
- F. The Director shall approve a complete and correct application filed under subsection (B) of this Section if the Director determines that the applicant will use remedial groundwater before January 1, 2025. If the Director approves a municipal provider's application, the Director shall calculate the annual amount of remedial groundwater use that is deemed consistent with the management goal of the AMA as follows:
1. The Director shall determine the total annual amount of remedial groundwater use in all AMAs that is deemed to be consistent with the management goal under this subsection and subsections (H) and (I) of this Section for applications with a priority date earlier than the priority date of the municipal provider's application.
  2. If the amount determined in subsection (F)(1) of this Section is less than 65,000 acre-feet and the difference between those amounts is equal to or greater than the municipal provider's authorized remedial groundwater use during the year, the amount of remedial groundwater use by the municipal provider that is deemed to be consistent with the management goal during the year is the amount of the municipal provider's authorized remedial groundwater use during the year.
  3. If the amount determined in subsection (F)(1) of this Section is less than 65,000 acre-feet and the difference between those amounts is less than the municipal provider's authorized remedial groundwater use during the year, the amount of remedial groundwater use by the municipal provider that is deemed consistent with the management goal during the year is the amount of the municipal provider's authorized remedial groundwater use during the year up to the difference between the amount determined in subsection (F)(1) and 65,000 acre-feet, plus a percentage of the municipal provider's authorized remedial groundwater use during the year that exceeds the difference. The percentage is 50 percent for calendar years 2000 through 2009, 25 percent for calendar years 2010 through 2019, and 10 percent for calendar years 2020 through 2024.
  4. If the amount determined in subsection (F)(1) of this Section is equal to or greater than 65,000 acre-feet, the amount of remedial groundwater use by the municipal provider that is deemed consistent with the management goal during the year is a percentage of the municipal provider's authorized remedial groundwater use during the year. The percentage is 50 percent for calendar years 2000 through 2009, 25 percent for calendar years 2010 through 2019, and 10 percent for calendar years 2020 through 2024.
- G. If the Director determines that remedial groundwater use by a municipal provider is consistent with the management goal of the active management area under subsection (F) of this Section, the determination shall apply to remedial groundwater used by the municipal provider between the priority date of the application and January 1, 2025.
- H. If, before the effective date of this Section, a municipal provider filed an application with the Director requesting that the Director determine that the provider's use of remedial groundwater pursuant to an approved remedial action project is consistent with the management goal of the active management area under Laws 1997, Ch. 287, § 52, as amended by Laws 1999, Ch. 295, § 50, the following shall apply:
1. If the Director approved the application before the effective date of this Section and determined the annual amount of remedial groundwater use by the applicant that will be considered consistent with the management goal, the Director's determination shall apply after the effective date of this Section and the Director shall include the annual amount of remedial groundwater use determined by the Director to be consistent with the management goal in the total amount of remedial groundwater determined in subsection (F)(1) of this Section.
  2. If the Director did not approve the application before the effective date of this Section, the Director shall process the application under subsections (E) and (F) of this Section. If the Director approves the application, the Director's determination shall apply to remedial groundwater withdrawn and used by the municipal provider pursuant to the approved remedial action project from the priority date of the application until January 1, 2025.
- I. A municipal provider that is using remedial groundwater that has been determined by the Director to be consistent with the management goal under subsection (F) or (H) of this Section may apply to the Director for an increase in the annual authorized volume of the approved remedial action project as follows:
1. The applicant shall submit an application on a form provided by the Director.
  2. The Director shall determine that the application is complete and correct if it contains all of the required information and the Director verifies that the information is accurate.
  3. If the Director determines that an application filed under this subsection is complete and correct, the Director shall assign a priority date to the application using the criteria in subsection (E) of this Section.
  4. The Director shall approve the application if the municipal provider submits information that demonstrates one of the following:
    - a. The annual authorized volume of the approved remedial action project has been increased in a consent decree or other document approved by ADEQ or the EPA; or
    - b. An increase is necessary to further the purpose of the approved remedial action project, and the increase is

not in violation of the consent decree or other document approved by ADEQ or the EPA for the project.

5. If the Director approves the application, the Director shall determine the additional annual amount of remedial groundwater use by the municipal provider that is deemed consistent with the management goal of the active management area, using the criteria in subsections (F) and (G) of this Section. The Director shall include the annual amount of remedial groundwater use determined by the Director to be consistent with the management goal under this subsection in the total amount of remedial groundwater determined in subsection (F)(1) of this Section.
- J. Until January 1, 2025, use of remedial groundwater by a municipal provider during a year is deemed consistent with the management goal of the AMA in which the remedial groundwater was withdrawn without approval of the Director under subsection (F) or (H) of this Section if:
  1. The total annual amount of remedial groundwater withdrawn from all wells pursuant to the approved remedial action project does not exceed 250 acre-feet; and
  2. If remedial groundwater withdrawals pursuant to the approved remedial action project commenced before June 15, 1999, the municipal provider notified the Director in writing of the volume and duration of the anticipated withdrawals on or before August 15, 1999. If remedial groundwater withdrawals pursuant to the approved remedial action project commenced on or after June 15, 1999, the municipal provider gave written notice of the volume and duration of the anticipated withdrawals on or before August 15, 1999, or before the date the withdrawals commenced, whichever is later. If the municipal provider gives notice after the effective date of this Section, the municipal provider shall include or attach all of the following:
    - a. A copy of a document evidencing ADEQ's or EPA's approval of the municipal provider's withdrawal and use of remedial groundwater, such as a remedial action plan, record of decision, or consent decree;
    - b. The volume of remedial groundwater that will be withdrawn and used annually by the municipal provider and the purpose for which the remedial groundwater will be used;
    - c. The time period during which the remedial groundwater will be withdrawn and used by the municipal provider;
    - d. If the approved remedial action project is currently operating, the volume of remedial groundwater withdrawn pursuant to the project for each year before the year in which the application is filed;
    - e. The designated provider or certificate of assured water supply to which the remedial groundwater will be pledged; and
    - f. The name and telephone number of a person the Department may contact regarding the exemption.
- K. A municipal provider withdrawing remedial groundwater that has been determined to be consistent with the management goal under subsection (F) or (H) of this Section or that is consistent with the management goal under subsection (J) of this Section shall meter the remedial groundwater withdrawals separately from groundwater withdrawn pursuant to another groundwater withdrawal authority. The municipal provider shall include in its annual reports, filed under A.R.S. § 45-632, the amount of remedial groundwater withdrawn during the reporting year that is consistent with the management goal

under this Section and the purposes for which the remedial groundwater was used.

### ARTICLE 8. WELL CONSTRUCTION AND LICENSING OF WELL DRILLERS

#### R12-15-801. Definitions

In addition to the definitions set forth in A.R.S. §§ 45-101, 45-402, and 45-591 and in R12-15-202, the following words and phrases in this Article shall have the following meanings, unless the context otherwise requires:

1. "Annular space" means the space between the outer well casing and the borehole wall. An annular space also means the space between an inner well casing and outer well casing.
2. "Aquifer" means an underground formation capable of yielding or transmitting usable quantities of water.
3. "Artesian aquifer" means an aquifer which is overlain by a confining formation and which contains groundwater under sufficient pressure for the water to rise above the top of the aquifer.
4. "Artesian well" means a well that penetrates an artesian aquifer.
5. "Bentonite" means a colloidal clay composed mainly of sodium montmorillonite, a hydrated aluminum silicate.
6. "Cap" means a tamper-resistant, watertight steel plate of at least one-quarter inch thickness on the top of all inside and outside casings of a well.
7. "Casing" means the tubing or pipe installed in the borehole during or after drilling to support the sides of the well and prevent caving.
8. "Confining formation" means the relatively impermeable geologic unit immediately overlying an artesian aquifer.
9. "Consolidated formation" means a naturally occurring geologic unit through or into which a well is drilled, having a composition, density, and thickness which will provide a natural hydrologic barrier.
10. "Department" means the Arizona Department of Water Resources.
11. "Director" means the Director of the Arizona Department of Water Resources.
12. "Drilling card" means a card which is issued by the Director to the well drilling contractor or single well licensee designated in the notice of intent or permit, authorizing the well drilling contractor or licensee to drill the specific well or wells in the specific location as noticed or permitted.
13. "Exploration well" means a well drilled in search of geophysical, mineralogical or geotechnical data.
14. "Flowing artesian well" means an artesian well in which the pressure is sufficient to cause the water to rise above the land surface.

15. "Grout" or "cement grout" means cement mixed with no more than 50% sand by volume, and containing no more than six gallons of water per 94 pound sack of cement.
16. "Mineralized water" means any groundwater containing over 3000 milligrams per liter (mg/l) of total dissolved solids or containing any of the following chemical constituents above the indicated concentrations:
 

Constituent	Concentration (mg/l)
Arsenic	0.05
Barium	1.0
Cadmium	0.01
Chromium (total)	0.05
Fluoride	4.0
Lead	0.05
Mercury	0.002
Nitrate (as N)	10.0
Selenium	0.01
Silver	0.05
17. "Monitor well" means a well designed and drilled for the purpose of monitoring water quality within a specific depth interval.
18. "Open well" means a well which is not equipped with either a cap or a pump.
19. "Perforations" means a series of openings in a casing, made either before or after installation of the casing, to permit the entrance of water into the well.
20. "Piezometer well" means a well that is designed and drilled for the purpose of monitoring water levels within a specific depth interval.
21. "Pitless adaptor" means a commercially manufactured watertight unit or device designed for attachment to a steel well casing which permits discharge from the well below the land surface and allows access into the well casing while preventing contaminants from entering the well.
22. "Polluted water" means water whose chemical, physical, biological, or radiological integrity has been degraded through the artificial or natural infusion of chemicals, radionuclides, heat, biological organisms, or mineralogical or other extraneous matter.
23. "Pressure grouting" means a process by which a grout is confined within the borehole or casing of a well by the use of retaining plugs, packers, or a displacing fluid by which sufficient pressure is applied to drive the grout into and within the annular space or interval to be grouted.
24. "Qualifying party" means a partner, officer, or employee of a well drilling contractor, who has significant supervisory responsibilities and who has been designated to take the licensing examination for that well drilling contractor.
25. "Single well license" means a license issued to a person which allows the drilling or modification of a single exempt well on land owned by that person.
26. "Vadose zone well" means a well constructed in the interval between the land surface and the top of the static water level.
27. "Vault" means a tamper-resistant watertight structure used to complete a well below the land surface.
28. "Well abandonment" means the modification of the structure of a well by filling or sealing the borehole so that water may not be withdrawn or obtained from the well.
29. "Well drilling" means the construction or repair of a well, or the modification, except for abandonment, of a well, regardless of whether compensation is involved, including any deepening or additional perforating, any addition of casing or change to existing casing construction, and any other change in well construction not normally asso-

ciated with well maintenance, pump replacement, or pump repair.

30. "Well drilling contractor" means an individual, public or private corporation, partnership, firm, association, or any other public or private organization or enterprise that holds a well driller's license pursuant to A.R.S. § 45-595(B).

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

#### R12-15-802. Scope of Article

This Article shall apply to man-made openings in the earth through which water may be withdrawn or obtained from beneath the surface of the earth, including all water wells, monitor wells and piezometer wells. It shall also apply to geothermal wells to the extent provided by A.R.S. § 45-591.01, and all exploration wells and grounding or cathodic protection holes greater than 100 feet in depth. However, this Article shall not apply to the following:

1. Man-made openings in the earth not commonly considered to be wells, such as construction and mining blast holes, underground mines and mine shafts, open pit mines, tunnels, septic tank systems, caissons, basements, and natural gas storage cavities.
2. Injection wells and vadose zone wells which are subject to regulation by the Arizona Department of Environmental Quality.
3. Oil, gas, and helium wells drilled pursuant to the provisions of A.R.S. Title 27.
4. Drilled boreholes in the earth less than 100 feet in depth which are made for purposes other than withdrawing or encountering groundwater, such as exploration wells and grounding or cathodic protection holes; except that in the event that groundwater is encountered in the drilling of a borehole, this Article shall apply.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

#### R12-15-803. Well Drilling and Abandonment Requirements; Licensing and Supervision Requirements

- A. A person shall not drill or abandon a well, or cause a well to be drilled or abandoned, in a manner which is not in compliance with A.R.S. Title 45, Chapter 2, Article 10, and the rules adopted thereunder.
- B. A person, other than a single well licensee or a bona fide employee of a well drilling contractor, shall not engage in well drilling or abandonment without first securing a well drilling license in accordance with R12-15-804, R12-15-805 and R12-15-806.
- C. A qualifying party of a well drilling contractor shall provide direct and personal supervision of the contractor's employees to ensure that all wells are constructed and abandoned in accordance with this Article.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Section 12-15-803 amended and the text of former Section R12-15-804 renumbered to subsections (B) and (C) and amended effective June 18, 1990 (Supp. 90-2).

#### R12-15-804. Application for well drilling license

- A. An applicant for a well drilling license shall submit a verified application of a form prescribed and furnished by the Director which contains the following information:
  1. A designation of the classification of license sought by the applicant.

2. If the applicant is an individual, the individual's name, address and telephone number.
  3. If the applicant is a partnership, the names, addresses, and telephone numbers of all partners, with a designation of any limited partners.
  4. If the applicant is a corporation, association or other organization, the names, addresses and telephone numbers of the directors and of the president, vice president, secretary and treasurer, or the names, addresses and telephone numbers of the functional equivalent of such officers.
  5. The address or location of the applicant's place of business, the mailing address if it is different from the applicant's place of business, and if applicant is a corporation, the state in which it is incorporated.
  6. The name, address and telephone number of each qualifying party, the qualifying party's relationship to the applicant, and a detailed history of each qualifying party's supervisory responsibilities and well drilling experience, including previous employers, job descriptions, duties and types of equipment utilized.
  7. The names, addresses and telephone numbers of three persons not members of each qualifying party's immediate family, who can attest to each qualifying party's good character and reputation, experience in well drilling, and qualifications for licensing.
  8. Such additional information relevant to the applicant's or qualifying party's experience and qualifications in well drilling as the Director may require.
- B.** An applicant shall notify the Director in writing of any change in the information contained in the application within 30 days after such change.
- C.** The Director shall not issue a license under this Article if the applicant or a qualifying party lacks good character and reputation.
- D.** Prior to the issuance of a license, a qualifying party shall demonstrate three years of experience, dealing specifically with the type of drilling for which the applicant is applying for a license. This experience requirement may be reduced if the Director finds that the qualifying party has clearly and convincingly demonstrated a high degree of understanding and knowledge of well drilling techniques for the type of drilling for which the applicant is applying for a license. In no case, however, shall the practical experience requirement be less than two years.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Former Section R12-15-804 renumbered to R12-15-803(B) and (C), new Section R12-15-804 adopted effective June 18, 1990 (Supp. 90-2).

#### R12-15-805. Examination for Well Drilling License

- A.** The Director shall offer an examination for a well drilling license no less than six times yearly. The examination shall be administered to those eligible applicants whose applications were submitted at least 20 days prior to the date of the examination. The examination shall consist of a section on legal requirements, a section on general knowledge and one or more of six specialized sections. The section on legal requirements shall test the qualifying party's knowledge of A.R.S. Title 45, Chapter 2, Article 10, and the rules adopted thereunder. The section on general knowledge shall test the qualifying party's knowledge of general hydrologic concepts, principles, and practices in the well construction industry, and shall test knowledge of groundwater protection, pollution, water quality and public health effects. The specialized sections shall test the qualifying party's knowledge in the following classifications:
1. Cable tool drilling in rock and unconsolidated material.
  2. Air rotary drilling in rock and unconsolidated material.
  3. Mud rotary drilling in rock and unconsolidated material.
  4. Reverse rotary drilling in rock and unconsolidated material.
  5. Jetting and driving wells in unconsolidated material.
  6. Boring and augering in unconsolidated material.
- B.** Only the qualifying party, department personnel, and persons having the express permission of the Director shall be permitted in the examination room while the examination is in progress. The qualifying party shall not bring books or notes into the examination room, or communicate by any means whatsoever while the examination is in progress without the express permission of the presiding examiner. The qualifying party shall not leave the examination room while the examination is in progress without first obtaining the permission of the presiding examiner. The Director may disqualify an applicant for violation of this subsection.
- C.** To obtain a well drilling license, a qualifying party of the applicant shall pass the section on legal requirements, the section on general knowledge, and one or more specialized sections. Each section of the examination shall be graded separately. The passing grade on each section shall be 70 percent.
- D.** No person may take the examination more than twice during any 12 months.
- E.** The Director may exempt a qualifying party from taking the section on general knowledge, and one or more of the specialized sections, if the qualifying party provides proof of passing an equivalent examination given by the National Ground Water Association.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Section repealed, new Section adopted effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

#### R12-15-806. License Fee; Issuance and Term of Licenses; Renewal; Display of License

- A.** The fee for a well driller's license shall be \$50.00.
- B.** Upon submittal of the license fee and satisfactory completion of an examination, the Director shall issue the applicant a well drilling license. The license shall be numbered and shall state the specialized classifications of drilling activities for which the applicant is qualified and licensed. The applicant shall be licensed in only those classifications for which the qualifying party has passed the specialized sections of the examination. If the qualifying party subsequently passes other specialized sections, the applicant's license shall be amended. The applicant shall pay a fee of \$50.00 for the amendment of a well driller's license.
- C.** A well drilling contractor shall notify the Director in writing within 30 days of the date on which the well drilling contractor no longer has a qualifying party for one or more of its specialized drilling classifications. Upon such notification, the Director may revoke or suspend part or all of the well drilling license of the well drilling contractor and require a new qualifying party to take and pass the examination.
- D.** A well drilling license shall expire each year on June 30th, unless renewed pursuant to subsection (E).
- E.** A person may renew a well drilling license by submitting an application for renewal on forms prescribed and furnished by the Director and a fee of \$50.00. If the application and renewal fee are postmarked on or before June 30, the well drilling contractor may operate as a licensee until actual issuance of the renewal license. A license which has expired may be reactivated.

vated and renewed within one year of its expiration by filing the required application and a reactivation fee of \$50.00. If a license has been expired for one or more years for failure to renew, the well drilling contractor shall apply for a new license and repeat the examination.

- F. A well drilling contractor shall prominently display the well drilling license number on all well drilling rigs owned or operated by the contractor in this state. Good quality paint or commercial decal numbers shall be used in placing each identification number on the drilling rig. The license number shall not be inscribed in crayon, chalk, pencil, or other temporary markings.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-807. Single Well License

- A. An applicant for a single well license pursuant to A.R.S. § 45-595(D) shall submit a verified application on forms prescribed and furnished by the Director, which shall include:
1. The name and address of the applicant.
  2. The location of the well and whether the applicant owns the land.
  3. The type of drill rig to be used and the owner of the rig.
  4. The proposed design of the well or method of abandonment.
  5. The names of any people who will be assisting the applicant in the drilling or abandonment of the well, and whether the applicant will compensate them for their efforts.
  6. The applicant's experience, if any, in well drilling or abandonment.
  7. Such other information as the Director may require relevant to the applicant's experience and qualifications in well drilling or abandonment.
- B. The Director shall offer the single well examination no less than six times yearly and shall administer the examination to those eligible applicants whose applications were submitted at least 20 days prior to the date of the examination.
- C. The single well examination shall be of a form prescribed and furnished by the Director and shall test the applicant's knowledge of abandonment techniques, or those minimum well construction requirements and drilling techniques applicable to the proposed design of the well. The passing grade on the sections of the examination dealing with construction requirements and drilling techniques, respectively, shall be 70 percent.
- D. Rule R12-15-805 relating to testing procedures shall be fully applicable.
- E. Applicants who twice fail the examination shall wait a minimum of 90 days before re-testing.
- F. Upon passing the examination, the applicant shall be issued a single well license, authorizing the applicant to drill or abandon one exempt well at the location specified in the application. The license shall be valid for a period of one year from issuance.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

#### R12-15-808. Revocation of License

The Director may revoke, suspend, or place on probationary status a well drilling license issued pursuant to R12-15-806, or a single well license, for good cause, including:

1. Intentionally making a misstatement of fact on any filing with the Department.
2. Violating any provision of A.R.S. Title 45, Chapter 2, Article 10, and the rules promulgated thereunder, or aiding and abetting in such a violation.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Section number corrected (Supp. 93-1).

#### R12-15-809. Notice of Intention to Drill

A notice of intention to drill required to be filed pursuant to A.R.S. § 45-596 shall be signed by the owner or lessee of the property upon which the well is to be drilled.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2).

#### R12-15-810. Authorization to Drill

- A. A well drilling contractor or single well licensee may commence drilling a well only if the well drilling contractor or licensee has possession of a drilling card at the well site issued by the Director in the name of the well drilling contractor or licensee, authorizing the drilling of the specific well in the specific location.
- B. In extraordinary situations not requiring a permit but only a notice of intention to drill, the Director may grant a request by telephone for emergency authorization of commencement of drilling prior to the actual receipt by the well driller of the drilling card. Within seventy-two hours after such a request is granted, the well driller shall file a written statement indicating the nature and reasons for the request, and the date, time and Department employee granting the request, and the well owner shall file a notice of intent to drill if such a notice has not previously been filed.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

#### R12-15-811. Minimum Well Construction Requirements

- A. Well casing
1. Casing shall be of a sufficient strength and wall thickness to hold the borehole open and survive any necessary grouting. A person shall use only steel or thermoplastic casing in the construction of a well, unless the person has received a variance from the Director pursuant to R12-15-820. The well casing or an extension of the casing shall extend a minimum of one foot above ground level. When installing a pitless adaptor, the casing may be terminated below ground level for aesthetic reasons or freeze protection purposes. Casing made of, or which has been exposed to, hazardous or potentially harmful materials, such as asbestos, shall not be used.
  2. All well casing joints or overlaps shall be made watertight to prevent the degradation of the water supply by the migration of inferior quality water. Except as provided in subsection (H) of this rule, any openings in the casing that will be above the water level in the well, such as bar holes, cracks or perforations, shall be completely plugged or sealed.

3. Thermoplastic casing shall be installed only in an over sized drillhole without driving. Thermoplastic casing shall conform with American Society for Testing and Materials Standard Specification F480-89 (1989), which is incorporated herein by reference and is on file with the Office of the Secretary of State. Rivets or screws used in the casing joints shall not penetrate the inside of the casing.
  4. Steel casing shall be new or in like-new condition, free from pits or breaks, and shall conform with American Society for Testing and Materials Standard Specification A53-89a (1989), A139-89b (1989) or A312/A312M-89a (1989), whichever is applicable, all of which are incorporated herein by reference and are on file with the Office of the Secretary of State.
  5. Copies of The American Society for Testing and Materials standard specifications referred to in subsections (3) and (4) above may be obtained with these rules at the Office of the Secretary of State of the State of Arizona, State Capitol, West Wing, Phoenix, Arizona 85007; from the Department of Water Resources, 3550 N. Central Avenue, Phoenix, AZ 85012; and from the American Society for Testing and Materials, 100 Barr Harbor Drive, West Conshohocken, PA 19428-2959. This rule does not include any later amendments or editions of those standard specifications.
- B. Surface seal**
1. Except as provided in subsections (2) and (4) of this subsection, and R12-15-817(B)(1), all wells shall be constructed with a surface seal as herein provided. The seal shall consist of steel casing, one foot of which shall extend above ground level, and cement grout placed in one continuous application from the bottom of the zone to be grouted to the land surface. If a pitless adaptor is utilized, the cement grout may terminate at the bottom of the pitless adaptor. The minimum length of the steel casing shall be 20 feet. The minimum annular space between the casing and the borehole for placement of grout shall be one and one-half inches. Curing additives, such as calcium chloride, shall not exceed ten percent of the total volume of grout. Bentonite as an additive shall not exceed five percent of the total volume. The minimum length of the surface seal shall be 20 feet. Any annular space between the outer casing and an inner casing shall be completely sealed to prevent contamination of the well.
  2. All hand-dug wells shall be constructed with a watertight curbing extending, at a minimum, from one foot above the natural ground level to the static water level, or into the confining formation if the aquifer is artesian. The curbing shall consist of poured cement grout or casing surrounded by cement grout. Concrete block with cement grout and rock with cement grout may also be used. The poured cement grout shall not be less than six inches thick. If casing is to be used, the minimum annular space between the casing and the borehole shall be three inches. Hand-dug wells shall be sealed at the surface with a watertight, tamper-resistant cover to prevent contaminants from entering the well.
  3. All wells constructed by jetting or driving shall have cement grout placed in the annular space to a minimum depth of six feet. The minimum annular space between the casing and the borehole for placement of the grout shall be one and one-half inches.
  4. All horizontal wells, to prevent leakage, shall be constructed with a surface seal consisting of steel casing and cement grout extending a minimum of ten feet into the land surface.
- C. Access port.** Every well with casing four inches in diameter or larger shall be equipped with a functional watertight access port with a minimum diameter of one-half inch so that the water level or pressure head in the well can be monitored at all times.
- D. Gravel packed wells**
1. If a gravel pack has been installed, the annular space between the outer casing and the inner casing shall be sealed, either by welding a cap at the top or by filling with cement grout from the bottom of the outer casing to the surface.
  2. If a gravel tube is installed, it shall be sealed with a cap.
- E. Vents.** All vents installed in the well casing shall open downward and be screened to prevent the entrance of foreign material.
- F. Removal of drilling materials**
1. In constructing a water well, the well driller shall take all reasonable precautions to protect the producing aquifer from contamination by drilling materials. Upon completion of the well, the well driller shall remove all foreign substances and materials introduced into the aquifer or aquifers during well construction. For purposes of this subsection, "substances and materials" means all drilling fluids, filter cake, lost circulation materials, and any other organic or inorganic substances.
  2. Materials known to present a health hazard, such as chrome-based mud thinners, asbestos products, and petroleum-based fluids, shall not be used as construction, seal or fill materials or drilling fluids.
  3. Drilling fluids and cuttings shall be contained in a manner which prevents discharge into any surface water.
- G. Repair of existing wells**
1. If, in the repair of a well, the old casing is withdrawn, the well shall be recased in conformance with these rules.
  2. If an inner casing is installed to prevent leakage of undesirable water into a well, the annular space between the casings shall be completely sealed by packers, casing swedging, pressure grouting or other methods which will prevent the movement of water between the casings.
- H. Monitor wells**
1. A monitor well may be screened up to ten feet above the highest seasonal static water level of record for the purpose of monitoring contaminants.
  2. A monitor well shall be identified as such on the vault cover or at the top of the steel casing. Identification information shall include the well registration number.
- I. Completion at the surface.** In areas of traffic or public rights-of-way, wells may be constructed below the land surface in a vault. All other requirements in this Article shall apply.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). The reference to R12-14-817(B)(1) in subsection (B)(1) corrected to read R12-15-817(B)(1) (Supp. 93-1). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

#### R12-15-812. Special Aquifer Conditions

##### A. Artesian wells

1. The well casing shall extend into the confining formation immediately overlying the artesian aquifer and shall be grouted from a minimum of ten feet into the confining formation to the land surface to prevent surface leakage into and subsurface leakage from the artesian aquifer.

2. If leaks occur adjacent to the well or around the well casing, within 30 days the well shall be completed with the seals, packers, or casing and grouting necessary to eliminate such leakage or the well shall be abandoned according to R12-15-816.
3. If the well flows at land surface, the well shall be equipped with a control valve, or suitable alternative means of completely controlling the flow, which must be available for inspection at the well site at all times.

**B.** Mineralized or polluted water. In all water-bearing geologic units containing mineralized or polluted water as indicated by available data, the borehole shall be cased and grouted so that contamination of the overlying or underlying groundwater zones will not occur.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

#### R12-15-813. Unattended Wells

All wells, when unattended during well drilling, shall be securely covered for safety purposes and to prevent the introduction of foreign substances into the well.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Section number corrected (Supp. 93-1).

#### R12-15-814. Disinfection of Wells

A well drilling contractor shall disinfect any well from which the water to be withdrawn is intended to be utilized for human consumption or culinary purposes without prior treatment before removing the drill rig from the well site in accordance with the requirements contained in Engineering Bulletin No. 8, "Disinfection of Water Systems", issued by the Arizona Department of Health Services in August 1978, and Engineering Bulletin No. 10, "Guidelines for the Construction of Water Systems", issued by the Arizona Department of Health Services in May 1978, both of which are incorporated by reference and are on file with the Office of the Secretary of State. Copies of the Engineering Bulletins referred to above may be obtained with these rules at the Office of the Secretary of State of the State of Arizona, State Capitol, West Wing, Phoenix, Arizona 85007, and from the Department of Water Resources, 3550 N. Central Avenue, Phoenix, AZ 85012. This rule does not include any later amendments or editions of those Bulletins.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

#### R12-15-815. Removal of Drill Rig from Well Site

The drilling rig shall not be removed from the well site unless the well is in one of the following conditions:

1. Constructed in full conformance with R12-15-811 and R12-15-812 and either sealed with a cap or equipped with a pump.
2. Abandoned in accordance with R12-15-816.

#### Historical Note

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

#### R12-15-816. Abandonment

- A.** Well abandonment shall be performed only by a licensed well drilling contractor or single well licensee.
- B.** Except as provided in subsection (F) of this Section, the owner of a well shall file a notice of intent to abandon the well prior

to abandonment, on a form prescribed and furnished by the Director, which shall include:

1. The name and mailing address of the person filing the notice.
  2. The legal description of the land upon which the well proposed to be abandoned is located and the name and mailing address of the owner of the land.
  3. The legal description of the location of the well on the land.
  4. The depth, diameter and type of casing of the well.
  5. The well registration number.
  6. The materials and methods to be used to abandon the well.
  7. When abandonment is to begin.
  8. The name and well drilling license number of the well drilling contractor or single well licensee who is to abandon the well.
  9. The reason for the abandonment.
  10. Such other information as the Director may require.
- C.** The Director shall, upon receipt of a proper notice of intent to abandon, mail a well abandonment authorization card to the designated well drilling contractor or single well licensee.
- D.** Except as described in subsection (F) of this Section, a well drilling contractor or single well licensee may commence abandoning a well only if the driller has possession of an abandonment card at the well site, issued by the Director in the name of the driller, authorizing the abandonment of that specific well or wells in that specific location.
- E.** Within 30 days after a well is abandoned pursuant to this Section, the well drilling contractor or single well licensee shall file with the Director a Well Abandonment Completion Report on a form prescribed and furnished by the Director which shall include the date the abandonment of the well was completed and such other information as the Director may require.
- F.** In the course of drilling a new well, the well may be abandoned without first filing a notice of intent to abandon and without an abandonment card. If the well is abandoned pursuant to this subsection without first filing a notice of intent to abandon and without an abandonment card, the well drilling contractor or single well licensee shall provide the following information in the Well Abandonment Completion Report:
1. The legal description of the land upon which the well was abandoned and the name and mailing address of the owner of the land.
  2. The legal description of the location of the well on the land.
  3. The depth, diameter and type of casing of the well prior to abandonment.
  4. The well registration number.
  5. The materials and methods used to abandon the well.
  6. The name and well drilling license number of the well drilling contractor or single well licensee who abandoned the well.
  7. The date of completion of the abandonment of the well.
  8. The reason for the abandonment.
  9. Such other information as the Director may require.
- G.** The abandonment of a well shall be accomplished through filling or sealing the well so as to prevent the well, including the annular space outside the casing, from being a channel allowing the vertical movement of water.
- H.** A well drilling contractor or single well licensee shall construct a surface seal for a well that does not penetrate an aquifer, as follows:
1. If the casing is removed from the top 20 feet of the well, a cement grout plug shall be set extending from two feet below the land surface to a minimum of 20 feet below the

land surface, and the well shall be backfilled above the top of the cement grout plug to the original land surface.

2. If the casing is not removed from the top 20 feet of the well, a cement grout plug shall be set extending from the top of the casing to a minimum of 20 feet below the land surface and the annular space outside the casing shall be filled with cement from the land surface to a minimum of 20 feet below the land surface.

**I.** In addition to the surface seal required in subsection (H):

1. A well penetrating a single aquifer system with no vertical flow components shall be filled with cement grout, concrete, bentonite drilling muds, clean sand with bentonite, or cuttings from the well.
2. A well penetrating a single or multiple aquifer system with vertical flow components shall be sealed with cement grout or a column of bentonite drilling mud of sufficient volume, density, and viscosity to prevent fluid communication between aquifers.

**J.** Materials containing organic or toxic matter shall not be used in the abandonment of a well.

**K.** The owner or operator of the well shall notify the Director in writing no later than 30 days after abandonment has been completed. The notification shall include the well owner's name, the location of the well, and the method of abandonment.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

**R12-15-817. Exploration Wells**

**A.** Notification. Prior to drilling one or more exploration wells, the well owner, lessee, or exploration firm shall file a notice of intention to drill on forms provided by the Director. If the notice of intention to drill is filed for the project as a whole, the drilling card shall be issued for the project as a whole.

**B.** Construction and abandonment.

1. If an exploration well which is to be left open for re-entry at a later date encounters groundwater, it shall be cased and capped in accordance with R12-15-811, R12-15-812, and R12-15-822. The minimal length of surface seal shall be either 20 feet, or five feet into the first encountered consolidated formation, whichever is less. If no groundwater is encountered, the well shall be cased, grouted and capped in such a manner so as to prevent contamination of the well bore from the surface.
2. Exploration wells not left open for re-entry shall be abandoned in accordance with R12-15-816.

**C.** Completion report. Within 30 days of project completion, the well owner, lessee, or exploration firm shall submit a project completion report on forms provided by the Director. The report shall include:

1. The exact number of wells drilled.
2. The depth to water encountered or detected, with reference to specific wells.
3. The abandonment method utilized, or construction details if completed for re-entry.
4. Any other information which the Director may require.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-818. Well Location**

Except for monitor wells and piezometer wells, no well shall be drilled within 100 feet of any septic tank system, sewage disposal area, landfill, hazardous waste facility, storage area of hazardous

materials or petroleum storage areas and tanks, unless authorized in writing by the Director.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-819. Use of Well as Disposal Site**

No well may be used as a storage or disposal site for sewage, toxic industrial waste, or other materials that may pollute the groundwater, except as authorized by the Arizona Department of Environmental Quality.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-820. Request for Variance**

**A.** If extraordinary or unusual conditions exist, a well drilling contractor or owner may request a variance from the provisions of this Article.

**B.** The request for variance shall be in writing and shall set forth the location of the well site, the reasons for the request, and the recommended requirements to be applied. The Director may approve the request only if the well drilling contractor or owner has clearly demonstrated that the variance will not adversely affect other water users or the local aquifers.

**C.** A variance shall not be effective until the well drilling contractor or owner receives from the Director a written approval of the variance and a new drilling card stamped "variance issued."

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-821. Special Requirements**

If the Director determines that the literal application of the minimum well construction requirements contained in this Article would not adequately protect the aquifer or other water users, the Director may require that further additional measures be taken, such as increasing the length of the surface seal or increasing the well's minimum distance from a potential source of contamination.

**Historical Note**

Adopted effective March 5, 1984 (Supp. 84-2). Amended effective June 18, 1990 (Supp. 90-2).

**R12-15-822. Capping of Open Wells**

**A.** The owner of an open well shall either install a cap on the well or abandon the well in accordance with R12-15-816. Within five days after capping the well, the owner of the well shall file with the Department a notice of well capping on a form approved by the Director which shall include the following information:

1. The name and address of the well owner.
2. The name and address of the person installing the cap.
3. The well registration number.
4. The legal description of the location of the well.
5. The date the well was capped.
6. The method of capping.
7. The type and diameter of casing.

**B.** If no casing exists in an open well, or if the integrity of the existing casing is insufficient to allow installation of a cap, the well owner shall install a surface seal in accordance with R12-15-811(B) prior to capping.

**C.** The owner of a well on which a cap is installed shall make the cap tamper resistant by welding the cap to the top of the casing by the electric arc method of welding, except that the owner of a well may make the cap tamper resistant by securing the cap

to the top of the casing with a lock during temporary periods of well maintenance, modification or repair, not to exceed 30 days, or at any time if the well is a monitor well or piezometer well.

#### Historical Note

Adopted as an emergency effective March 2, 1989, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 89-1). Emergency expired. Readopted without change as an emergency effective June 2, 1989, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 89-2). Emergency expired. Readopted without change as an emergency effective September 5, 1989, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 89-3). Emergency expired. Readopted without change as an emergency effective December 1, 1989, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 89-4). Emergency expired. Readopted without change as an emergency effective March 23, 1990, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 90-1). Permanent rule adopted with changes effective June 18, 1990 (Supp. 90-2). Amended by final rulemaking at 13 A.A.R. 3022, effective October 6, 2007 (Supp. 07-3).

**R12-15-823. Reserved through**

**R12-15-849. Reserved**

#### **R12-15-850. Evaluation of Notices of Intention to Drill; Notification of Registered Site Locations; Vertical Cross-Contamination Evaluation**

- A. The Director shall, upon receipt of a complete and correct notice of intention to drill form required under A.R.S. § 45-596, or upon receipt of an application for a permit under A.R.S. § 45-597 through 45-599, identify whether the proposed well will be drilled within a groundwater basin or sub-basin in which there exists a site listed on the registry established under A.R.S. § 49-287.01(D). If the proposed well is situated within such a groundwater basin or subbasin, the Director shall notify the applicant and the authorized well drilling contractor in writing of the existence of the site and shall enclose a map indicating the boundaries of all listed sites within the groundwater basin or subbasin. The notification letter shall include the name, address, and telephone number of a Department contact person, along with a reference to the provision in R12-15-851 that requires the applicant to notify the Department in advance of the date drilling of the well will commence. The Department shall also specify in the notification letter whether the applicant is subject to the requirements of R12-15-851.
- B. The Director shall, upon receipt of a complete and correct notice of intention to drill form required under A.R.S. § 45-596, or upon receipt of an application for a permit under A.R.S. § 45-597 through 45-599, identify whether the proposed well will be drilled within an area where existing or anticipated future groundwater contamination presents a risk of vertical cross-contamination, as defined in A.R.S. § 49-281(15). If the Director determines that the proposed well will be drilled in such an area, and if the Director finds that the requirements of R12-15-811 are insufficient to prevent the risk of vertical cross-contamination, the Director shall establish site-specific requirements pursuant to R12-15-812 and R12-15-821.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 469, effective January 3, 2000 (Supp. 00-1).

#### **R12-15-851. Notification of Well Drilling Commencement**

A well owner who has been issued a drilling card for a notice of intent to drill authorizing the drilling of a well located within a site listed on the registry established under A.R.S. § 49-287.01, shall provide written notice to the Director indicating the date drilling will commence. The well owner shall coordinate with the contracted well driller to ensure that the Department receives proper notification under this Section. This notification shall consist of a letter or facsimile transmission received by the Department at least 2 business days before drilling commences at the well site. The Department shall use notification letters required by R12-15-850(A) to inform well owners whether they are subject to the requirements of this Section.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 469, effective January 3, 2000 (Supp. 00-1).

#### **R12-15-852. Notice of Well Inspection; Opportunity to Comment**

- A. At least 30 days before the beginning of a well inspection under A.R.S. § 45-605(A), the Director shall notify in writing all potentially affected well owners of record within a community involvement area established under A.R.S. § 49-289.02 or within other areas that the Director has selected for inspection of wells that may be contributing to vertical cross-contamination. The notices shall include a map of the community involvement area, remedial site, or a subsection of either, that the Department intends to inspect, indicating the location of affected wells of record. The notice shall indicate the approximate date the inspection will start, the approximate duration of the inspection, an access agreement defining what specific activities will occur during a well inspection, and the name, address, and telephone number of a Department contact person.
- B. Once the Director has given notice of a well inspection under A.R.S. § 45-605(A), potentially affected well owners have 30 days from the date the letter is postmarked to comment on the proposed inspection. The Director, upon receiving a written request, may extend the comment period for a maximum of 30 additional days.

New Section adopted by final rulemaking at 6 A.A.R. 469, effective January 3, 2000 (Supp. 00-1).

### **ARTICLE 9. WATER MEASUREMENT**

#### **R12-15-901. Definitions**

In addition to the definitions set forth in A.R.S. §§ 45-101 and 45-402, the following words and phrases shall have the following meanings, unless the context otherwise requires:

1. "Approved measuring device" means an instrument, approved by the Director pursuant to R12-15-903 or R12-15-909(A) which measures the volume or flow rate of water withdrawn, delivered, received, transported, recharged, stored, recovered, or used, and which measurements, when used with an approved measuring method, allow for accurate computation of a volume of water.
2. "Approved measuring method" means a procedure, approved by the Director in R12-15-903 or R12-15-909(A), which, when used with an approved measuring device, will accurately calculate a volume of water.
3. "Flow rate" or "discharge" means the volume of water, including any sediment or other solids that may be dissolved or mixed with it, which passes through a particular reference section in a unit of time.

4. "Measured system" means a system through which water passes for the purpose of withdrawal, delivery, receipt, transportation, recharge, storage, replenishment, recovery or use.
5. "Responsible party" means an irrigation district or a person required by A.R.S. Title 45 or by a permit, rule, or order issued pursuant to A.R.S. Title 45, to use a measuring device or method approved by the Director.

#### Historical Note

Adopted effective December 27, 1982 (Supp. 82-6).  
Amended effective June 15, 1995 (Supp. 95-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2).

#### R12-15-902. Installation of Approved Measuring Devices

- A. A responsible party shall install an approved measuring device to monitor the volume of water withdrawn, delivered, transported, recharged, stored, replenished, recovered, and used.
- B. A responsible party shall install and use a sufficient number of approved measuring devices to allow for the separate monitoring and reporting of the volume of water passing through the measured system pursuant to the following categories of rights:
  1. Irrigation grandfathered rights,
  2. Non-irrigation grandfathered rights,
  3. Service area rights,
  4. Groundwater withdrawal permits, and
  5. Recovery well permits or water storage permits.

This subsection does not require separate measuring devices for rights within each category unless otherwise required by A.R.S. Title 45, a permit, rule, or order pursuant to that Title.
- C. An approved measuring device which measures groundwater withdrawals shall be installed as close to the wellhead as is practical, consistent with the manufacturer's instructions. An approved measuring device which measures another point in the measured system shall be installed as close as is practical to the point of delivery, receipt, transportation, recharge, storage, replenishment, recovery, or use which the device is intended to measure, consistent with the manufacturer's instructions.

#### Historical Note

Adopted effective December 27, 1982 (Supp. 82-6).  
Amended effective June 15, 1995 (Supp. 95-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2).

#### R12-15-903. Approved Water Measuring Devices and Methods

- A. Any measuring device is approved by the Director if it is installed, maintained, and used in accordance with the manufacturer's recommendations, and if it meets the accuracy requirements set forth in R12-15-905(A).
- B. An approved measuring device shall be used with an approved measuring method set forth in R12-15-903(C) or an alternative measuring method approved by the Director as provided in R12-15-909(A).
- C. The following water measuring methods are approved by the Director:
  1. Totalizing measuring method: This method requires an approved measuring device which continuously records the volume of water passing through the measured system;
  2. Electrical consumption measuring method: This method requires measurements of either pipeflow rates or open-channel flow rates used in combination with electrical energy records;

3. Natural gas consumption measuring method: This method requires measurements of either pipe flow rates or open channel flow rates used in combination with natural gas energy records;
4. Hour meter measuring method: This method requires measurements of either pipe flow rates or open-channel flow rates used in combination with hour meter readings;
5. Elapsed time of flow method: This method requires measurements of flow rates used in combination with elapsed time of the flow. This method may be used only by a responsible party who receives water from an open channel or by a person or entity who delivers water in an open channel to one or more grandfathered rightholders or permit holders, if it is not possible to use the electrical or gas consumption measurement methods or hour meter measuring method.

#### Historical Note

Adopted effective December 27, 1982 (Supp. 82-6).  
Amended effective June 15, 1995 (Supp. 95-2).

#### R12-15-904. Water Measuring Method Reporting Requirements

- A. A responsible party using one of the water measuring methods described in R12-15-903 shall file, with the annual report required by A.R.S. Title 45 and on a form prescribed by the Director, the following information, unless that information has not changed from that submitted in the annual report filed in the previous calendar year.
  1. The approved measuring method used;
  2. The type of approved measuring device used;
  3. The make, model, and size of the approved measuring device used.
- B. Except as provided in R12-15-904(B)(5) and R12-15-909(B) and (D), a responsible party shall file with the annual report the information required in subsection (A) of this Section and the following information on a form prescribed by the Director:
  1. Totalizing measuring method:
    - a. The initial totalizing meter reading for the reporting year taken prior to the first use of the measured system during the reporting year;
    - b. The end totalizing meter reading for the year taken subsequently to the last use of the measured system during the reporting year;
    - c. The units in which the water is measured;
    - d. Whether the power meter serves uses other than the pump motor or engine;
    - e. An estimate of the amount of any water passing through the measured system during measuring device malfunctions;
    - f. If the well is in operation for more than a 30-day period, the results of a minimum of two flow-rate measurements per reporting year taken under normal system operating conditions. The responsible party shall not submit the results of the flow-rate measurements with the annual report unless a meter malfunction continues longer than 72 hours during the reporting year;
    - g. The installation or overhaul date of the totalizing meter; and
    - h. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
  2. Electrical consumption measuring method:

- a. The results of a minimum of two flow-rate measurements per reporting year taken at least 30 days apart and under normal system operating conditions or, if the measured system is used during a single period of 30 days or less during the year, the result of one flow-rate measurement taken during that single period in that year under normal system operating conditions;
  - b. The dates of the measurements;
  - c. The discharges in gallons per minute;
  - d. The time, in seconds, of ten cycles of the electric meter disk, power indicator pulse, or an alternative measurement, provided that the alternative means of measurement is approved in advance by the Director;
  - e. The inside diameter of the discharge pipe;
  - f. The multiplier ( $K_T$ ) and disk constant ( $K_H$ ) of the electric meter; and
  - g. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
3. Natural gas consumption measuring method:
- a. The results of a minimum of two flow-rate measurements per reporting year taken at least 30 days apart and under normal system operating conditions or, if the measured system is used during a single period of 30 days or less during the year, the result of one flow-rate measurement taken during that single period in that year under normal system operating conditions;
  - b. The dates of the measurements;
  - c. The discharges in gallons per minute;
  - d. The amounts of gas per second in cubic feet indicated by the gas meter;
  - e. The billing factors (F);
  - f. The inside diameter of the discharge pipe; and
  - g. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
4. Hour meter measuring method:
- a. The results of a minimum of two flow-rate measurements per reporting year taken at least 30 days apart and under normal system operating conditions or, if the measured system is used during a single period of 30 days or less during the year, the result of one flow-rate measurement taken during that single period in that year under normal system operating conditions;
  - b. The dates of the measurements;
  - c. The discharges in gallons per minute;
  - d. The initial hour meter reading for the reporting year taken prior to the first use of the measured system during the reporting year;
  - e. The end hour meter reading taken subsequently to the last use of the measured system during the reporting year;
  - f. Whether the energy meter serves uses other than the pump motor or engine;
  - g. The installation or overhaul date of the hour meter; and
  - h. The name of the energy company supplying energy to the responsible party's measured system, its power account number, meter number, total energy consumption for the year, and the type of energy unit.
5. Elapsed time of flow measuring method: A responsible party using this measuring method shall not be required to submit the following information with the annual report but instead shall record and retain it for three years after the reporting year.
- a. The responsible party or agent shall measure and record an initial flow rate taken at the start of flow for each delivery of water;
  - b. If the flow rate continues for more than eight hours, a subsequent measured flow-rate measurement shall be taken. If any subsequently measured flow-rate differs by more than 10% from the initial flow rate, and the delivery is not adjusted to conform with the initial flow rate, the responsible party or agent shall record the subsequent flow rate;
  - c. The time the flow begins and the time the flow ends for each delivery of water; and
  - d. The dates of the measurements.
- C. A responsible party or person or entity who uses an approved measuring method or an approved alternative water measurement method shall save the records required by subsections (A) and (B) of this Section for three years after the reporting year.

#### Historical Note

Adopted effective December 27, 1982 (Supp. 82-6). Former Section R12-15-904 renumbered to R12-15-905, new Section adopted effective June 15, 1995 (Supp. 95-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

#### R12-15-905. Accuracy of Approved Measuring Devices

- A. A responsible party shall install, maintain, and use an approved measuring device and method in a manner which will ensure that its measurement error does not exceed 10% of the actual flow rate.
- B. All measured systems shall be installed or constructed and thereafter maintained so as to allow the Director, using another measuring device, to check readily the accuracy of the measuring device utilized by the responsible party.

#### Historical Note

Adopted effective December 27, 1982 (Supp. 82-6). Former Section R12-15-905 renumbered to R15-15-906, new Section R12-15-905 renumbered from R12-15-904 and amended effective June 15, 1995 (Supp. 95-2).

#### R12-15-906. Repair and Replacement of Approved Measuring Devices

If an approved measuring device fails to perform its designated function for more than 72 hours, the responsible party shall notify the Director of the failure, in writing, within seven calendar days after the discovery of the failure of the device. The reason for such failure shall be stated, as well as the estimated date of return to service of the device. If the malfunction is discovered by the Director and the malfunction does not appear to be the result of an attempt to render the device inaccurate, the Director shall notify the responsible party of the malfunction. The responsible party shall return the measuring device to full service within 30 days of either original notice by the responsible party to the Director or by the Director to the responsible party, unless repair or replacement service or parts are not available. In such case, the responsible party shall notify the Director of the delay within seven days and the reasons for it. The responsible party shall take corrective action in such cases as soon as practical. In all cases, the responsible party shall notify the

Director within seven days when the measuring device is returned to full service and shall submit on a form prescribed by the Director estimates of the volume of water, if any, passing through the measured system during the period the measuring device was out of service and a description of the method used to calculate the estimates.

#### Historical Note

Section R12-15-906 renumbered from R12-15-905 and amended effective June 15, 1995 (Supp. 95-2).

#### R12-15-907. Calculation of Irrigation Water Deliveries

If one or more irrigation grandfathered rights receive water by a common distribution system where water is measured with an approved device or method at the point of delivery to the common distribution system, but not at a point of delivery to each irrigation grandfathered right, each irrigation grandfathered rightholder or agent shall report the water used by either of the following methods:

1. Estimate the amount of water used based on a pro rata share of the acres irrigated, or
2. Estimate the amount of water used based on a combination of the pro rata share of the acres irrigated and the consumptive use of each crop grown.

#### Historical Note

Adopted effective June 15, 1995 (Supp. 95-2).

#### R12-15-908. Measurement of Water by One Person on Behalf of Another

A responsible party shall be liable for any fines, penalties, or other sanctions resulting from the installation, monitoring, use, or accuracy of any measuring device, method, or recordkeeping, notwithstanding that the installation, monitoring, use, or recordkeeping may have been done by an agent of the responsible party.

#### Historical Note

Adopted effective June 15, 1995 (Supp. 95-2).

#### R12-15-909. Alternative Water Measuring Devices, Methods, and Reporting

- A. A responsible party may use an alternative water measuring device or method that differs from those described in R12-15-903 provided the device or method is approved in advance by the Director. The Director shall approve an alternative water measuring device or method if the device meets the requirements of R12-15-905. The Director may require from the responsible party such information as may be necessary to demonstrate that the alternative device or method meets the requirements of R12-15-905.
- B. Responsible parties may substitute equivalent information for the information required on the annual report form or use reporting formats that differ from that required in R12-15-904, provided the substituted information or format is approved in advance by the Director.
- C. Responsible parties may use estimation methods that differ from those described in R12-15-907 provided they are approved in advance by the Director.
- D. A municipal provider is exempted from the reporting requirements under R12-15-904 and the provisions under R12-15-906 pertaining to notification to the Director of measuring device malfunctions regarding metered service connections, unless required to report by A.R.S. Title 45 or by a permit, rule, or order issued pursuant to A.R.S. Title 45.
- E. Municipal providers and irrigation districts may notify the Director of measuring device malfunctions at the time of filing the annual report and in a manner that differs from the requirements of R12-15-906, provided the municipal provider or irrigation district implements a schedule of regular maintenance of measuring devices, repairs or replaces malfunctioning mea-

suring devices within seven days of discovery of the malfunction, and the alternative notification is approved in advance by the Director.

#### Historical Note

Adopted effective June 15, 1995 (Supp. 95-2).

### ARTICLE 10. REPORTING REQUIREMENTS FOR ANNUAL REPORTS, ANNUAL ACCOUNTS, OPERATING FLEXIBILITY ACCOUNTS, AND CONVEYANCES OF GROUNDWATER RIGHTS

#### R12-15-1001. Definitions

In addition to the definitions in A.R.S. §§ 45-101 and 45-402, the following words and phrases in this Article have the following meanings, unless the context otherwise requires:

1. "Annual account" means an accounting of water required to be filed pursuant to A.R.S. § 45-468.
2. "Annual report" means an annual report of water withdrawn, delivered, received, transported, recharged, stored, recovered, replenished or used as required by A.R.S. §§ 45-437, 45-467, 45-632, 45-875.01, 45-876.01, 45-877.01, 45-878.01 or 45-1004.
3. "Central Arizona project water" means Colorado River water delivered through the facilities of the central Arizona project, and surface water from any other source conserved and developed by dams and reservoirs in the central Arizona project and lawfully delivered by the United States or a multi-county conservation district.
4. "Decreed or appropriative surface water" means surface water which is delivered or used pursuant to a decreed or appropriative water right, except any such water which is included in central Arizona project water.
5. "Farm" means an area of irrigated land under the same ownership as defined in A.R.S. § 45-402, including the area of land described in a certificate of irrigation grandfathered right, as well as contiguous land that the owner is legally entitled to irrigate only with decreed or appropriative surface water.
6. "Maximum annual groundwater allotment" means the quantity of water in acre-feet obtained by multiplying the number of water duty acres for a farm by the current irrigation water duty for the farm unit.
7. "Normal flow" means water delivered or used pursuant to a right to appropriate an unstored, natural flow of surface water.
8. "Operating flexibility account" means an accounting of water use pursuant to an irrigation grandfathered right as provided in A.R.S. § 45-467.
9. "Responsible party" means a person required by law to file an annual account or annual report.
10. "Spillwater" means surface water, other than Colorado River water, released for beneficial use from storage, diversion, or distribution facilities to avoid spilling that would otherwise occur due to uncontrolled surface water inflows that exceed facility capacity and to which one of the following applies:
  - a. The water is released from the facility under written criteria for releasing water to avoid spilling that have been approved in writing by the Director.
  - b. The water is released from the facility because an unreasonable risk exists that the storage capacity of the facility will be exceeded within the next 30 days because the facility is near capacity and either the inflow to the facility or the forecast runoff into the facility is equal to or greater than the quantity of water ordered from the facility.

- c. The water is released from the facility because an unreasonable risk exists that the storage capacity of the facility will be exceeded more than 30 days in the future because the forecast runoff into the facility exceeds current unused storage capacity and projected water demand during the forecast period, provided that the Director has made a written finding before the release that the forecast is reasonable.
- 11. "Surface water right acre" means land to which the owner is legally entitled to apply decreed or appropriative surface water.
- 12. "Tailwater" means water which, after having been applied to a farm for irrigation purposes,
  - a. Is subsequently used for the irrigation of a different farm, without having entered the distribution system of a city, town, private water company or irrigation district, or
  - b. Is delivered to an irrigation district in accordance with R12-15-1010. Such water, once having entered the distribution system of the irrigation district, loses its characterization as tailwater.
- 13. "Water deliverer" means a city, town, private water company or irrigation district delivering a combination of groundwater and any other type of water for irrigation purposes.

**Historical Note**

Adopted effective December 27, 1982 (Supp. 82-6). Section R12-15-1001 renumbered to R12-15-1003, new Section R12-15-1001 adopted effective December 12, 1990 (Supp. 90-4). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1002. Form of Annual Account or Annual Report**

- A. A person filing an annual account or an annual report shall do so on a form prescribed by the Director, unless the person has requested and received the Director's prior written approval to use an alternative form.
- B. A person may file both an annual account and an annual report in one document. A person required to file an annual account shall designate in the annual account whether the annual account is being filed also as an annual report.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1003. Accuracy of Annual Reports**

The quantity of water a responsible party reports in an annual report as having been withdrawn, delivered, received, transported, recharged, replenished, stored, recovered, or used during a year shall not deviate from the quantity of water actually withdrawn, delivered, received, transported, recharged, replenished, stored, recovered, or used by the responsible party during the year unless both of the following apply:

1. The deviation is 10 percent or less.
2. The deviation is not the result of an intentional act of misrepresentation by the responsible party.

**Historical Note**

Section R12-15-1003 renumbered from R12-15-1001 effective December 12, 1990 (Supp. 90-4). Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1004. Annual Reports Filed on Behalf of a Responsible Party**

- A. A responsible party is liable for any fines, penalties, or other sanctions resulting from or attributable to the filing or content of an annual report filed on behalf of the responsible party by an irrigation district pursuant to A.R.S. § 45-632, or by another person in a form acceptable to the Director.
- B. If a responsible party has not filed an annual report for a calendar year, and the Department receives an annual report for that calendar year purportedly filed on behalf of the responsible party by an irrigation district pursuant to A.R.S. § 45-632, or by another person in a form acceptable to the Director, there is a rebuttable presumption that the annual report was filed with the responsible party's knowledge, consent, and authorization.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

Amended to correct typographical error under A.A.C.

R1-1-109 (Supp. 01-2). Amended by final rulemaking at

11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1005. Management Plan Monitoring and Reporting Requirements**

A responsible party who is required by a provision of a management plan to comply with monitoring and reporting requirements shall comply with such requirements and shall include all such information in an annual account or annual report.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1006. Reporting Requirements for Holders of Recovery Well Permits**

A responsible party recovering water during a year pursuant to a recovery well permit shall include in the annual report required by A.R.S. § 45-875.01 the names of any persons, other than non-irrigation customers of cities, towns, private water companies and irrigation districts, to whom the responsible party delivered the recovered water during the year, the quantity of recovered water delivered to each person named, and the uses to which the recovered water was applied. If the recovered water included commingled groundwater, decreed or appropriative surface water other than spillwater, central Arizona project water, effluent or spillwater, the responsible party shall include in the annual report an estimate of the quantity of each type of water delivered to each person named in the annual report or put to a specific use by the responsible party.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

Amended by final rulemaking at 11 A.A.R. 5395, effective

February 4, 2006 (Supp. 05-4).

**R12-15-1007. Reporting Requirements for Annual Account**

A person required to file an annual account pursuant to A.R.S. § 45-468 shall account for water provided to the following classes of users:

1. Cities and towns,
2. Private water companies,
3. Irrigation districts,
4. Dairies,
5. Metal mining facilities,
6. Cattle feed lots,
7. Turf-related facilities,
8. Sand and gravel facilities,
9. Electrical power generation facilities,
10. Other industrial users.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1008. Information Required to Maintain an Operating Flexibility Account**

- A.** A responsible party who withdraws, receives, or uses groundwater during a calendar year pursuant to an irrigation grandfathered right, including any in lieu water received pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01, shall include the following information for the calendar year in an annual report filed pursuant to A.R.S. § 45-467 or 45-632:
1. The quantity of groundwater withdrawn from each well.
  2. The quantity of groundwater withdrawn and delivered to another person for irrigation purposes.
  3. The quantity of groundwater received from a city, town, private water company, or irrigation district, including any in lieu water received pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01.
  4. The quantity of groundwater received from a person other than a city, town, private water company, or irrigation district, including any in lieu water received pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01.
  5. The quantity of effluent received.
  6. The quantity of decreed or appropriative surface water received, other than normal flow and spillwater.
  7. The quantity of normal flow received.
  8. The quantity of spillwater received.
  9. The quantity of tailwater used.
  10. The quantity of tailwater delivered in accordance with the provisions of R12-15-1010(A), and the farm or irrigation district to which the tailwater was delivered.
  11. The quantity of central Arizona project water received.
  12. The quantity of any surface water received and not accounted for pursuant to subsections (6) through (11) of this subsection.
  13. The number of surface water right acres in the farm to which the irrigation grandfathered right is appurtenant.
  14. The quantity of water used for the legal irrigation of acres in the farm to which irrigation grandfathered rights are not appurtenant. If the responsible party omits this information, the Director shall presume that the total amount of water received or used for the irrigation of the farm was applied to acres to which irrigation grandfathered rights are appurtenant.
  15. Any other information the Director may reasonably require to accomplish the management goals of the applicable active management area.
- B.** A water deliverer shall include the following information for an accounting period in an annual account filed pursuant to A.R.S. § 45-468:
1. The quantity of groundwater delivered to each farm, including any in lieu water delivered pursuant to a groundwater savings facility permit issued pursuant to A.R.S. § 45-812.01.
  2. The quantity of normal flow delivered to each farm.
  3. The quantity of spillwater delivered to each farm.
  4. The quantity of decreed or appropriative surface water, other than normal flow and spillwater, delivered to each farm.
  5. The quantity of central Arizona project water delivered to each farm.
  6. The quantity of decreed or appropriative surface water, other than normal flow and spillwater, delivered for use within the service area of the water deliverer, including all farm and non-farm deliveries.

7. The number of surface water right acres within the service area of the water deliverer.
8. The quantity of effluent delivered to each farm.
9. Any other information the Director may reasonably require to accomplish the purposes of A.R.S. § 45-468.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1009. Credits to Operating Flexibility Account**

- A.** Except as provided in subsection (B) of this Section and in R12-15-1010, if the total amount of water from all sources other than spillwater used by a farm for irrigation purposes in a calendar year is less than the farm's maximum annual groundwater allotment for the year, the Director shall register the difference as a credit to the farm's operating flexibility account.
- B.** If a farm is within the service area of a water deliverer, the Director shall reduce the credit as calculated pursuant to subsection (A) of this Section by an amount equal to the difference between the farm's pro rata share of the total quantity of decreed or appropriative surface water, other than normal flow or spillwater, delivered by the water deliverer during the year for use within its service area, and the quantity of water actually received by the farm during the year. The Director shall determine the farm's pro rata share by dividing the number of surface water right acres in the farm that are within the service area of the water deliverer by the total number of surface water right acres within the service area of the water deliverer, and multiplying the quotient by the total quantity of decreed or appropriative surface water, other than normal flow or spillwater, delivered by the water deliverer during the year for use within its service area.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1010. Operating Flexibility Account; Tailwater**

- A.** When calculating credits or debits to a farm's operating flexibility account for a year, the Director shall exclude from the total amount of water used on the farm during that year the amount of any tailwater that originated on the farm and that was delivered from the farm to another farm or to an irrigation district for irrigation purposes during the year if all of the following apply:
1. Prior to January 1 of the year in which the deliveries of tailwater take place, the Director approves a written plan to measure and record the tailwater deliveries. The plan shall include:
    - a. The installation and use of a totalizing water measuring device that will record tailwater deliveries with no greater than a 10 percent margin of error.
    - b. Procedures for keeping accurate records of the tailwater deliveries.
    - c. A description of how the tailwater will be delivered.
    - d. An identification of the farm or irrigation district to which the tailwater will be delivered.
  2. The person has measured, recorded, and delivered the tailwater in accordance with the plan approved under subsection (A)(1) of this Section.
  3. The tailwater was delivered directly from the farm on which it originated to:
    - a. A specified farm that used the tailwater for the legal irrigation of irrigation acres or surface water right acres on that farm, or

- b. A specified irrigation district that delivered the tailwater for the legal irrigation of irrigation acres or surface water right acres within that district.
- B. A person who delivers tailwater in accordance with subsection (A) of this Section, and a person who directly receives and uses the tailwater pursuant to subsection (A)(3)(a) of this Section, shall account for and report the tailwater as if it were comprised of a mixture of groundwater, decreed and appropriate surface water other than normal flow, central Arizona project water, spillwater, other surface water, and effluent, as applicable, in the same proportions as those types of water comprise the total amount of water other than normal flow received or withdrawn for irrigation use during the calendar year on the farm on which the tailwater originated.
- C. A person who uses tailwater that has not been delivered and accounted for as provided in subsections (A) and (B) of this Section may credit against the person's use of groundwater in a calendar year the amount of the tailwater used during the calendar year if the use of such tailwater would cause a debit to be incurred. The credit shall be applied only against the person's operating flexibility account debits that otherwise would have been incurred that year and shall not be used to discharge debits from prior years or accumulate credits for future years. For purposes of calculating credits to the person's operating flexibility account, the Director shall treat tailwater as groundwater, unless reported otherwise according to its source.
- D. An irrigation district that receives tailwater pursuant to subsection (A)(3)(b) shall account for the water in the same manner as other water in the district's distribution system.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1011. Statement of Operating Flexibility Account**

- A. The Director shall annually issue to each owner or user of an irrigation grandfathered right for which a current annual report has been filed a statement of the operating flexibility account setting forth the status of the operating flexibility account for the farm, based on the information submitted in the annual report filed for the right.
- B. Upon a motion or on the initiative of the Director, the Director may amend a statement of operating flexibility account at any time to correct clerical mistakes or to adjust the balance of the account based on information submitted in an amended or late annual report. The Director shall give written notice of any amendments made pursuant to this subsection to the person to whom the statement of operating flexibility account was issued.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

**R12-15-1012. Rule of Construction**

Nothing in A.A.C. R12-15-1001 through R12-15-1011 shall be construed to determine the legality of any water use for which an accounting is required under these rules.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1013. Retention of Records for Annual Accounts and Annual Reports**

The responsible party shall keep and maintain, for at least three calendar years following the filing of an annual account or an annual

report, all records which may be necessary to verify the information and data contained therein.

**Historical Note**

Adopted effective December 12, 1990 (Supp. 90-4).

**R12-15-1014. Late Filing or Payment of Fees; Extension Penalties**

- A. An annual account, an annual report, or a request for extension pursuant to subsection (E) of this rule shall be deemed to be filed at the time a complete annual account, a complete annual report or a request for extension is hand-delivered to any Department office, or at the time the envelope in which it is mailed is postmarked.
- B. Except as provided in subsection (C) of this Section, groundwater withdrawal fees and long-term storage credit recovery fees are deemed paid at the time the fees are hand-delivered to any Department office, or at the time the envelope in which they are mailed is postmarked.
- C. If any groundwater withdrawal fees or long-term storage credit recovery fees are paid with a negotiable instrument that is not honored and paid upon the Department's initial demand, the fees are deemed paid at the time the Department actually receives the fees in cash or when the negotiable instrument is honored and paid to the Department.
- D. If an annual account or an annual report filed on or before the date required by the applicable statute is found by the Director to be incomplete, the Director shall notify the responsible party of the inadequacies and allow the responsible party 30 days from the date of the notice to provide the missing information in a form prescribed by the Director. If the responsible party does not provide the missing information within 30 days from the date of the notice, late penalties under A.R.S. §§ 45-437, 45-632, 45-875.01, 45-876.01, 45-877.01, 45-878.01 or 45-1004 shall begin to accrue on the 31st day following the date of the notice. The Director shall not recommend to a court, pursuant to A.R.S. §§ 45-634, 45-635, 45-881.01, 45-882.01, 45-1062 or 45-1063, that civil penalties be imposed through the first 30 days following the date of the notice. However, if the inadequacy included the failure to pay all groundwater withdrawal fees due or all long-term storage credit recovery fees due, late penalties under A.R.S. §§ 45-614 or 45-874.01 shall begin to accrue on April 1, except as provided in subsection (E) of this Section.
- E. A responsible party required to file an annual account or annual report for a year may request a 30-day extension of the first day of accrual of the late penalties under A.R.S. §§ 45-437, 45-614, 45-632, 45-874.01, 45-875.01, 45-876.01, 45-877.01, 45-878.01 or 45-1004 and of the civil penalties that the Director may recommend that a court impose pursuant to A.R.S. §§ 45-634, 45-635, 45-881.01, 45-882.01, 45-1062 or 45-1063. The request shall be filed no later than the date the annual account or annual report is required to be filed under the applicable statute. The Director shall grant a request for a 30-day extension if good cause is shown. If the Director grants the request, the late penalties and civil penalties shall begin to accrue on the first day after the 30-day extension period, except that if the Director finds that the person making the request presented false or misleading information to the Director and the Director relied on that information in granting the request, the late penalties and civil penalties shall begin to accrue as if the request was not granted. The Director shall not grant an extension to a responsible party who was granted an extension in the preceding calendar year and who subsequently failed to file a complete annual account or annual report and pay all groundwater withdrawal fees and all long-

term storage credit recovery fees due within the 30-day extension period.

#### Historical Note

Adopted effective December 12, 1990 (Supp. 90-4).  
Amended by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

#### **R12-15-1015. Reporting Requirements for Conveyances of Grandfathered Rights and Groundwater Withdrawal Permits**

- A. A person who is required by A.R.S. § 45-482 to notify the Director of a conveyance of a grandfathered right shall file a notice of conveyance, on a form prescribed by the Director, within 30 days of the conveyance. All parties to the conveyance may use a single form for the required notice. Except provided in subsection (B) of this rule, the notice of conveyance shall include an accounting of the amount of water withdrawn or received pursuant to that grandfathered right from January 1 to the date of conveyance for that calendar year.
- B. If the person to whom a grandfathered right is conveyed is unable, because of extraordinary circumstances and good cause shown, to perform the accounting otherwise required by subsection (A) of this rule, the Director may waive the requirement for that person.
- C. If a person, including a person who is granted a waiver pursuant to subsection (B) of this rule, fails to include the required accounting in a timely filed notice of conveyance pursuant to subsection (A) of this rule, the Director shall determine the amount of groundwater withdrawn or received pursuant to the grandfathered right from January 1 to the date of conveyance for that calendar year. Such a person shall bear the burden, in any subsequent administrative or judicial proceeding, of establishing by clear and convincing evidence that the Director's determination was incorrect.
- D. A person requesting the Director's approval of a proposed conveyance of a groundwater withdrawal permit pursuant to A.R.S. § 45-520(B) shall include with such request the quantity of groundwater withdrawn pursuant to the groundwater withdrawal permit for that calendar year and all other information required to be submitted pursuant to A.R.S. § 45-632.

#### Historical Note

Adopted effective December 12, 1990 (Supp. 90-4).

#### **R12-15-1016. Spillwater Reporting by Water Deliverers**

A water deliverer that delivers spillwater during a year shall include the following information in the annual account or annual report submitted by the water deliverer for that year:

1. The total quantity of spillwater delivered for non-irrigation uses during the year.
2. The total quantity of spillwater delivered for irrigation uses during the year.
3. Any other information the Director may reasonably require to determine whether the water qualifies as spillwater under R12-15-1001(10).

#### Historical Note

New Section made by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

#### **R12-15-1017. Maintenance and Filing of Annual Reports Required by A.R.S. § 45-343**

A community water system required to file an annual report under A.R.S. § 45-343 shall maintain the report on a calendar year basis and shall file the report with the Director no later than June 1 of each year for the preceding calendar year.

#### Historical Note

New Section made by final rulemaking at 11 A.A.R. 5395, effective February 4, 2006 (Supp. 05-4).

## **ARTICLE 11. INSPECTIONS AND AUDITS**

### **R12-15-1101. Inspections**

- A. For the purpose of this rule, "inspection" means an entry by the Director at reasonable times onto private or public property for any of the following purposes:
  1. To obtain factual data or access to records required to be kept under A.R.S. §§ 45-632, 45-879.01, or 45-1004.
  2. To inspect a well or another facility for the withdrawal, transportation, use, measurement, or recharge of groundwater under A.R.S. § 45-633.
  3. To inspect a facility that is used for the purpose of water storage, stored water recovery, or stored water use under A.R.S. § 45-880.01(A).
  4. To inspect a body of water under A.R.S. § 45-135 or to ascertain compliance with A.R.S. Title 45, Chapter 1, Article 3.
  5. To inspect or to obtain factual data or access to records pursuant to any Section of A.R.S. Title 45 that requires the Director to adopt rules for conducting inspections, examining records, and obtaining warrants.
  6. To inspect facilities used for the withdrawal, diversion, or use of water pursuant to a water exchange under A.R.S. § 45-1061.
- B. Not less than seven days prior to an inspection, the Director shall mail notice of the inspection by first class letter to the owner, manager or occupant of the property. The notice shall include the statutory authorization and purpose for the inspection. The notice shall specify a date and time certain or a seven-day period within which the inspection may take place. If a request is made before the seven-day period, the Director shall schedule the inspection for a time certain within the seven-day period to allow an opportunity for a representative of the property to be present at the inspection. The notice shall include the name and telephone number of a Department employee who may be contacted to arrange such an appointment.
- C. Whenever practical, Department employees shall minimize disruptions to on-going operations caused by an inspection.
- D. If the property is controlled or secured against entry at the time specified in the notice of inspection but consent to the inspection was not denied, the Director shall give a second notice in the manner prescribed in subsection (B) before seeking a search warrant or its equivalent. The second notice shall request that a representative of the property be present at the inspection to accompany Department personnel.
- E. If the Director gives notice of an inspection and is not permitted to conduct an inspection, the Director may apply for and obtain a search warrant or its equivalent.
- F. Notice of inspection shall not be required under subsections (B) and (D) of this rule if the Director reasonably believes that notice would frustrate the enforcement of A.R.S. Title 45, or where entry is sought for the sole purpose of inspecting water measuring devices required pursuant to A.R.S. § 45-604.
- G. The Director shall mail a copy of the report of the inspection either to the person to whom the notice of inspection was directed, or to the owner, manager or occupant of the property if no notice of inspection was given. The report shall include the date of the inspection and a short summary of the findings. If no notice was given, the report shall include an explanation of the reason for determining that notice would not be given, unless providing the explanation would frustrate enforcement of A.R.S. Title 45. An aggrieved person may file with the Director written comments on the report within 30 days after the report is mailed.
- H. The owner, manager or occupant of the property may waive the provisions for notice contained in this rule.

- I. The Director shall comply with the requirements of A.R.S. § 41-1009 when conducting inspections under this Section.

**Historical Note**

Adopted effective August 31, 1992 (Supp. 92-3).  
Amended effective July 22, 1994 (Supp. 94-3). Amended  
by final rulemaking at 11 A.A.R. 5395, effective  
February 4, 2006 (Supp. 05-4).

**R12-15-1102. Audits**

- A. For the purpose of this rule, "representative" means
1. An officer or director of a corporation subject to the audit,
  2. A general partner of a partnership subject to the audit, or
  3. A person who appears at an audit and produces a signed authorization to act on behalf of the person subject to the audit.
- B. This rule applies to audits conducted pursuant to A.R.S. §§ 45-633(C), 45-880.01, and any other Section of A.R.S. Title 45 that authorizes the Director to require a person to appear at the Director's office and produce records and information and that also requires the Director to adopt rules for conducting inspections, examining records, and obtaining warrants.
- C. No less than 20 days prior to an audit, the Director shall mail notice of the audit by first class letter to the person that is the subject of the audit. The notice shall state the date, time and place of the audit. The notice shall specify the records or information which the person must produce. The notice shall also include the statutory authorization and purpose for the audit and the name and telephone number of a Department employee who may be contacted for further information. The audit shall be held at the Department's offices, unless the Director grants a request to have the audit conducted at a different location.
- D. The person subject to the audit or a representative shall appear at the scheduled time and shall produce the records and information specified in the notice. The person subject to the audit or a representative may make one request to reschedule the audit, which the Department shall grant if practicable.
- E. The Director shall mail a copy of the report of the audit to the person subject to the audit. An aggrieved person may file with the Director written comments on the report within 30 days after the report is mailed.
- F. The person subject to the audit may waive the provisions for notice contained in this rule.

**Historical Note**

Adopted effective August 31, 1992 (Supp. 92-3).  
Amended effective July 22, 1994 (Supp. 94-3).

**ARTICLE 12. DAM SAFETY PROCEDURES**

**R12-15-1201. Applicability**

- A. This Article applies to any artificial barrier meeting the specifications of A.R.S. § 45-1201(1) as interpreted by R12-15-1204. This Article applies to an application for the construction of a dam and reservoir; an application to reconstruct, repair, alter, enlarge, breach, or remove an existing dam and reservoir, including a breached or damaged dam; operation and maintenance of an existing dam and reservoir; and enforcement. A structure identified in R12-15-1203 is exempt from this Article.
- B. This Article is applicable to any dam regardless of hazard potential classification, with the following exceptions:
1. R12-15-1208, R12-15-1209, R12-15-1213, R12-15-1221, R12-15-1225, and R12-15-1226 apply only to a dam classified as a high or significant hazard potential dam.
  2. R12-15-1210 applies only to a dam classified as a low hazard potential dam. A low hazard potential dam is exempt from R12-15-1208, R12-15-1209, R12-15-1211,

R12-15-1213, R12-15-1221, R12-15-1225, and R12-15-1226.

3. R12-15-1211 applies only to a dam classified as a very low hazard potential dam. A very low hazard potential dam is exempt from R12-15-1208, R12-15-1209, R12-15-1210, R12-15-1212, R12-15-1213, R12-15-1215, R12-15-1216, R12-15-1221, R12-15-1225, and R12-15-1226.
4. R12-15-1216(B) applies only to an embankment dam.

**Historical Note**

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-01 renumbered without change as Section R12-15-1201 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1202. Definitions**

In addition to the definitions provided in A.R.S. § 45-1201, the following definitions are applicable to this Article:

1. "Alteration or repair of an existing dam or appurtenant structure" means to make different from the originally approved construction drawings and specifications or current condition without changing the height or storage capacity of the dam or reservoir, except for ordinary repairs and general maintenance as prescribed in R12-15-1217.
2. "Appurtenant structure" means any structure that is contiguous and essential to the safe operation of the dam including embankments, saddle dikes, outlet works and controls, diversion ditches, spillway and controls, access structures, bridges, and related housing at a dam.
3. "Classification of dams" means the placement of dams into categories based upon an evaluation of the size and hazard potential, regardless of the condition of the dam.
4. "Concrete dam" means any dam constructed of concrete, including arch, gravity, arch-gravity, slab and buttress, and multiple arch dams. A dam that only has a concrete facing is not a concrete dam.
5. "Construction" means any activity performed by the owner or someone employed by the owner that is related to the construction, reconstruction, repair, enlargement, removal, or alteration of any dam, unless the context indicates otherwise. Construction is performed after approval of an application and before issuance of a license.
6. "Dam failure inundation map" means a map depicting the maximum area downstream from a dam that would be flooded in the event of the worst condition failure of the dam.
7. "Department" means the Arizona Department of Water Resources.
8. "Director" means the Director of the Arizona Department of Water Resources or the Director's designee.
9. "Embankment dam" means a dam that is constructed of earth or rock material.
10. "Emergency spillway" means a spillway designed to safely pass the inflow design flood routed through the reservoir. If the flow is controlled by gates, it is a controlled spillway. If the flow is not controlled by gates, it is an uncontrolled spillway.
11. "Engineer" means a Professional Engineer registered and licensed in accordance with A.R.S. Title 32, Chapter 1, with proficiency in engineering and knowledge of dam technology.
12. "Enlargement to an existing dam or appurtenant structure" means any alteration, modification, or repair that

- increases the vertical height of a dam or the storage capacity of the reservoir.
13. "Flashboards" mean timber, concrete, or steel sections placed on the crest of a spillway to raise the retention water level that may be quickly removed at time of flood either by a tripping device or by designed failure of the flashboards or their supports.
  14. "Flood control dam" means a dam that uses all of its reservoir storage capacity for temporary impoundment of flood waters and collection of sediment or debris.
  15. "Hazard potential" means the probable incremental adverse consequences that result from the release of water or stored contents due to failure or improper operation of a dam or appurtenances.
  16. "Hazard potential classification" means a system that categorizes dams according to the degree of probable incremental adverse consequences of failure or improper operation of a dam or appurtenances. The hazard potential classification does not reflect the current condition of the dam with regard to safety, structural integrity, or flood routing capacity.
  17. "Height" means the vertical distance from the lowest elevation of the outside limit of the barrier at its intersection with the natural ground surface to the spillway crest elevation. For the purpose of determining jurisdictional status, the lowest elevation of the outside limit of the barrier may be the outlet pipe invert elevation if the outlet is constructed below natural ground.
  18. "Impound" means to cause water or a liquid to be confined within a reservoir and held with no discharge.
  19. "Incremental adverse consequences" means under the same loading conditions, the additional adverse consequences such as economic, intangible, lifeline, or human losses, that would occur due to the failure or improper operation of the dam over those that would have occurred without failure or improper operation of the dam.
  20. "Inflow design flood" or "IDF" means the reservoir flood inflow magnitude selected on the basis of size and hazard potential classification for emergency spillway design requirements of a dam.
  21. "Intangible losses" means incremental adverse consequences to property that are not economic in nature, including property related to social, cultural, unique, or resource-based values, including the loss of irreplaceable and unique historic and cultural features; long-lasting pollution of land or water; or long-lasting or permanent changes to the ecology, including fish and endangered species habitat identified and evaluated by a public natural resource management or protection agency.
  22. "Jurisdictional dam" means a barrier that meets the definition of a dam prescribed in A.R.S. § 45-1201 that is not exempted by R12-15-1203 over which the Department of Water Resources exercises jurisdiction.
  23. "Levee" means an embankment of earth, concrete, or other material used to prevent a watercourse from spreading laterally or overflowing its banks. A levee is not used to impound water.
  24. "License" means license of final approval issued by the Director upon completion or enlargement of a dam under A.R.S. § 45-1209.
  25. "Lifeline losses" mean disruption of essential services such as water, power, gas, telephone, or emergency medical services.
  26. "Liquid-borne material" means mine tailings or other milled ore products transported in a slurry to a storage impoundment.
  27. "Maximum credible earthquake" means the most severe earthquake that is believed to be possible at a point on the basis of geologic and seismological evidence.
  28. "Maximum water surface" means the maximum elevation of the reservoir water level attained during routing of the inflow design flood.
  29. "Natural ground surface" means the undisturbed ground surface before excavation or filling, or the undisturbed bed of the stream or river.
  30. "Outlet works" means a closed conduit under or through a dam or through an abutment for the controlled discharge of the contents normally impounded by a dam and reservoir. The outlet works include the inlet and outlet structures appurtenant to the conduit. Outlet works may be controlled or uncontrolled.
  31. "Probable" means likely to occur, reasonably expected, and realistic.
  32. "Probable maximum flood" or "PMF" means the flood runoff expected from the most severe combination of critical meteorologic and hydrologic conditions that are reasonably possible in the region, including rain and snow where applicable. 1/2 PMF is that flood represented by the flood hydrograph with ordinates equal to 1/2 the corresponding ordinates of the PMF hydrograph.
  33. "Probable maximum precipitation" means the greatest depth of precipitation for a given duration that is theoretically physically possible over a particular size storm area at a particular geographical location at a particular time of year.
  34. "Reservoir" means any basin that contains or is capable of containing water or other liquids impounded by a dam.
  35. "Residual freeboard" means the vertical distance between the highest water surface elevation during the inflow design flood and the lowest point at the top of the dam.
  36. "Restricted storage" means a condition placed on a license by the Director to reduce the storage level of a reservoir because of a safety deficiency.
  37. "Saddle dike or saddle dam" means any dam constructed in a topographically low area on the perimeter of a reservoir, required to contain the reservoir at the highest water surface elevation.
  38. "Safe" means that a dam has sufficient structural integrity and flood routing capacity to make failure of the dam unlikely.
  39. "Safe storage level" means the maximum reservoir water surface elevation at which the Director determines it is safe to impound water or other liquids in the reservoir.
  40. "Safety deficiency" means a condition at a dam that impairs or adversely affects the safe operation of the dam.
  41. "Safety inspection" means an investigation by an engineer or a person under the direction of an engineer to assess the safety of a dam and determine the safe storage level for a reservoir, which includes review of design reports, construction documents, and previous safety inspection reports of the dam, spillways, outlet facilities, seepage control and measurement systems, and permanent monument or monitoring installations.
  42. "Spillway crest" means the highest elevation of the floor of the spillway along a centerline profile through the spillway.
  43. "Storage capacity" means the maximum volume of water, sediment, or debris that can be impounded in the reservoir with no discharge of water, including the situation where an uncontrolled outlet becomes plugged. The storage capacity is reached when the water level is at the crest of the emergency spillway, or at the top of permanently

mounted emergency spillway gates in the closed position. Storage capacity excludes dead storage below the natural ground surface.

44. "Surcharge storage" means the additional water storage volume between the emergency spillway crest or closed gates, and the top of the dam.
45. "Total freeboard" means the vertical distance between the emergency spillway crest and the top of the dam.
46. "Unsafe" means that safety deficiencies in a dam or spillway could result in failure of the dam with subsequent loss of human life or significant property damage.

#### Historical Note

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-02 renumbered without change as Section R12-15-1202 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended to correct typographical error under A.A.C. R1-1-109 (Supp. 01-2).

#### R12-15-1203. Exempt Structures

The following structures are exempt from regulation by the Department:

1. Any artificial barrier identified as exempt on Table 1 and defined as follows:
  - a. Less than 6 feet in height, regardless of storage capacity.
  - b. Between 6 and 25 feet in height with a storage capacity of less than 50 acre-feet.
  - c. Greater than 25 feet in height with 15 acre-feet or less of storage capacity.

Table 1. Exempt Structures

#### Historical Note

New Table adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### R12-15-1204. Provision for Guidelines

The Department may develop and adopt substantive policy statements that serve as dam safety guidelines to aid a dam owner or engineer in complying with this Article. The Department recommends that dam owners and engineers consult design guidelines published by agencies of the federal government, including the U.S.

2. A dam owned by the federal government. A dam designed by the federal government for any non-federal entity or person that will subsequently be owned or operated by a person or entity defined as an owner in A.R.S. § 45-1201 is subject to jurisdiction, beginning with design and construction of the dam.
3. A dam owned or operated by an agency or instrumentality of the federal government, if a dam safety program at least as stringent as this Article is applicable to and enforced against the agency or instrumentality.
4. A transportation structure such as a highway, road, or railroad fill that exists solely for transportation purposes. A transportation structure designed, constructed, or modified with the intention of impounding water on an intermittent or permanent basis and meeting the definition of dam in A.R.S. § 45-1201 is subject to jurisdiction.
5. A levee constructed adjacent to or along a watercourse, primarily to control floodwater.
6. A self-supporting concrete or steel water storage tank.
7. An impoundment for the purpose of storing liquid-borne material.
8. A release-contained barrier as defined by A.R.S. § 45-1201(5).

#### Historical Note

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-03 renumbered without change as Section R12-15-1203 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

Bureau of Reclamation, the U.S. Army Corps of Engineers, the Natural Resources Conservation Service, and the Federal Energy Regulatory Commission, for the design of concrete, roller compacted concrete, stone masonry, timber, inflatable rubber, and mechanically-stabilized earth dams. The Director may require that other criteria be used or revise any of the specific criteria for the

purpose of dam safety. An owner shall obtain advance approval by the Director of design criteria.

#### Historical Note

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-04 renumbered without change as Section R12-15-1204 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### R12-15-1205. General Responsibilities

- A. Each owner is responsible for the safe design, operation, and maintenance of a dam. The owner shall operate, maintain, and regularly inspect a dam so that it does not constitute a danger to human life or property. The owner of a high or significant hazard potential dam shall provide timely warning to the Department and all other persons listed in the emergency action plan of problems at the dam. The owner shall develop and maintain effective emergency action plans and coordinate those plans with local officials as prescribed in R12-15-1221.
- B. The owner shall conduct frequent observation of the dam, as prescribed in the emergency action plan and as follows:
  1. The owner shall increase the frequency of observation when the reservoir is full, during heavy rains or flooding, and following an earthquake.
  2. The owner shall report to the Director any condition that threatens the safety of the dam as prescribed in R12-15-1224(A). The owner shall make the report as soon as possible, but not later than 12 hours after discovery of the conditions.
  3. If dam failure appears imminent, the owner shall notify the county sheriff or other emergency official immediately.
  4. The owner is responsible for the safety of the dam and shall take action to lower the reservoir if it appears that the dam has weakened or is in danger of failing.
- C. The owner of a dam shall install, maintain, and monitor instrumentation to evaluate the performance of the dam. The Director deems necessary for monitoring the safety of the dam when failure may endanger human life and property. Conditions that may require monitoring include land subsidence, earth fissures, embankment cracking, phreatic surface, seepage, and embankment movements.
- D. The owner shall perform timely maintenance and ordinary repair of a dam. The owner shall implement an annual plan to inspect the dam and accomplish the maintenance and ordinary repairs necessary to protect human life and property.
- E. If a change of ownership of a dam occurs, the new owner shall notify the Department within 15 days after the date of the transaction and provide the mailing address and telephone number where the new owner can be contacted. Within 90 days after the date of the transaction, the new owner shall provide the name and telephone number of the individual or individuals who are responsible for operating and maintaining the dam.

#### Historical Note

Adopted effective November 2, 1978 (Supp. 78-6). Former Section R12-15-05 renumbered without change as Section R12-15-1205 effective October 8, 1982 (Supp. 82-5). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### R12-15-1206. Classification of Dams

- A. Size Classification. Dams are classified by size as small, intermediate, or large. Size is determined with reference to Table 2. An owner or engineer shall determine size by storage capacity or height, whichever results in the larger size.
- B. Hazard Potential Classification
  1. The Department shall base hazard potential classification on an evaluation of the probable present and future incremental adverse consequences that would result from the release of water or stored contents due to failure or improper operation of the dam or appurtenances, regardless of the condition of the dam. The evaluation shall include land use zoning and development projected for the affected area over the 10 year period following classification of the dam. The Department considers all of the following factors in hazard potential classification: probable loss of human life, economic and lifeline losses, and intangible losses identified and evaluated by a public resource management or protection agency.
    - a. The Department bases the probable incremental loss of human life determination primarily on the number of permanent structures for human habitation that would be impacted in the event of failure or improper operation of a dam. The Department considers loss of human life unlikely if:
      - i. Persons are only temporarily in the potential inundation area;
      - ii. There are no residences or overnight campsites; and
      - iii. The owner has control of access to the potential inundation area and provides an emergency action plan with a process for warning in the event of a dam failure or improper operation of a dam.
    - b. The Department bases the probable economic, lifeline, and intangible loss determinations on the property losses, interruptions of services, and intangible losses that would be likely to result from failure or improper operation of a dam.
  2. The 4 hazard potential classification levels are very low, low, significant, and high, listed in order of increasing probable adverse incremental consequences, as prescribed in Table 3. The Director shall classify intangible losses by considering the common or unique nature of features or habitats and temporary or permanent nature of changes.
    - a. Very Low Hazard Potential. Failure or improper operation of a dam would be unlikely to result in loss of human life and would produce no lifeline losses and very low economic and intangible losses. Losses would be limited to the 100 year floodplain or property owned or controlled by the dam owner under long-term lease. The Department considers loss of life unlikely because there are no residences or overnight camp sites.
    - b. Low Hazard Potential. Failure or improper operation of a dam would be unlikely to result in loss of human life, but would produce low economic and intangible losses, and result in no disruption of lifeline services that require more than cosmetic repair. Property losses would be limited to rural or agricultural property, including equipment, and isolated buildings.
    - c. Significant Hazard Potential. Failure or improper operation of a dam would be unlikely to result in loss of human life but may cause significant or high

economic loss, intangible damage requiring major mitigation, and disruption or impact on lifeline facilities. Property losses would occur in a predominantly rural or agricultural area with a transient population but significant infrastructure.

- d. High Hazard Potential. Failure or improper operation of a dam would be likely to cause loss of human life because of residential, commercial, or industrial development. Intangible losses may be major and potentially impossible to mitigate, critical lifeline services may be significantly disrupted, and property losses may be extensive.
3. An applicant shall demonstrate the hazard potential classification of a dam before filing an application to construct. The Department shall review the applicant's demonstration early in the design process at pre-application meetings prescribed in R12-15-1207(D).
4. The Department shall review the hazard potential classification of each dam during each subsequent dam safety inspection and revise the classification in accordance with current conditions.

**R12-15-1207. Application Process**

- A. An applicant shall obtain written approval from the Director before constructing, reconstructing, repairing, enlarging, removing, altering, or breaching a dam. Application requirements differ according to the hazard potential of the dam.
  1. To construct, reconstruct, repair, enlarge, or alter a high or significant hazard potential dam, the applicant shall comply with R12-15-1208.
  2. To breach or remove a high or significant hazard potential dam, the applicant shall comply with R12-15-1209.
  3. To construct, reconstruct, repair, enlarge, alter, breach, or remove a low hazard potential dam, the applicant shall comply with R12-15-1210.
  4. To construct, reconstruct, repair, enlarge, alter, breach, or remove a very low hazard potential dam, the applicant shall comply with R12-15-1211.
- B. An application shall not be filed with the Director under the following circumstances:
  1. The dam is exempt under R12-15-1203;
  2. A dam owner starts repairs to an existing dam that are necessary to safeguard human life or property and the Director is notified without delay;
  3. The owner performs general maintenance or ordinary repairs as prescribed in R12-15-1217(A) or (B); or
  4. Breach, removal, or reduction of a very low hazard dam as prescribed in R12-15-1211(C).
- C. An applicant is not required to comply with a requirement in this Article if the Director finds that, considering the site characteristics and the proposed design, the requirement is unduly burdensome or expensive and is not necessary to protect human life or property. The Director shall consider the size, hazard potential classification, physical site conditions, and applicability of a requirement to a proposed dam. The Director shall state in writing the reason or reasons the applicant is not required to comply with a requirement.
- D. An applicant shall schedule pre-application conferences with the Department to discuss the requirements of this Article and to resolve issues essential to the design of a dam while the design is in preliminary stages. The Director shall view the dam site during the pre-application process. The following are examples of issues for pre-application conferences: the hazard potential classification, the approximate inflow design flood, the basic design concepts, and any requirements that may be

found by the Director to be unduly burdensome or expensive and not necessary to protect human life or safety. In addition, the applicant may submit preliminary design calculations to the Department for review and comment. The Department shall comment as soon as practicable, depending on the size of the submittal and the current workload.

E. The Department shall review applications as follows:

1. Applications will be received by appointment. During this meeting the Department shall make a brief review of the application to determine that the application contains each of the items required by R12-15-1208, R12-15-1209, R12-15-1210, or R12-15-1211.
2. Following receipt of an application submitted under R12-15-1208, R12-15-1209, R12-15-1210, or R12-15-1211, the Director shall complete an administrative review as prescribed in R12-15-401(1) and notify the applicant in writing whether the application is administratively complete. If the application is not administratively complete, the notification shall include a list of additional information that is required to complete the application.
3. After finding the application submitted under R12-15-1208, R12-15-1209, R12-15-1210, or R12-15-1211 administratively complete, the Director shall complete a substantive review as prescribed in R12-15-401(3) and notify the applicant in writing of the Director's approval or disapproval. If during this review period, the Director determines that there are defects in the application that would impact human life and property, a written notice of the defects shall be sent to the applicant.
4. An applicant may request in writing that the Director expedite the review of an application by employing an expert consultant on a contract basis under A.R.S. § 45-104(D). The Director shall establish on-call contracts with expert consultants to facilitate the process of expediting review. The Director may retain a consultant to review all or a portion of the application as necessary to expedite the process in response to an owner's request or to comply with time-frame rules. Before conducting the review, the consultant shall provide the Director and the applicant with a proposed time schedule and cost estimate. If the applicant agrees to the consultant's proposal for an expedited review of an application and the Director employs the consultant, the applicant shall pay to the Department the cost of the consultant's services in addition to the application fees. The Director retains the authority to review and approve, disapprove, or modify the findings and recommendations of the consultant.
5. The Director shall not approve an application in less than 10 days from the date of receipt.
6. If the Director disapproves the application, the Director shall provide the applicant with a statement of the Director's objections.
7. If the Director approves an application, the applicant shall submit in triplicate revised drawings and specifications that incorporate any required changes.
  - a. The Director shall return to the applicant 1 set of final construction drawings and specifications with the Department's approval stamp to be retained onsite during construction;
  - b. The Director shall retain for permanent state record 1 set of final construction drawings and specifications with the Department's approval stamp; and
  - c. The Director shall retain for use by the Department during construction the 3rd set of final construction drawings and specifications with the Department's approval stamp.

8. The Director shall impose conditions and limitations that the Director deems necessary to safeguard human life and property. Examples of the conditions of approval include but are not limited to:
  - a. The applicant shall not cover the foundation or abutment with the material of the dam until the Department has been given notice and a reasonable time to inspect and approve them.
  - b. The applicant shall start construction within 1 year from the date of approval.
  - c. The applicant shall maintain a safe storage level for an existing dam being reconstructed, repaired, enlarged, altered, or breached.

F. An approval to construct a new dam or repair, enlarge, alter, breach, or remove an existing dam is valid for 1 year.

1. If construction does not begin within 1 year, the approval is void.
2. Upon written request and good cause shown by the owner, the time for commencing construction may be extended. An applicant shall not start construction before the Director reviews the application for changes and grants approval.

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### **R12-15-1208. Application to Construct, Reconstruct, Repair, Enlarge, or Alter a High or Significant Hazard Potential Dam**

- A. An application package to construct, reconstruct, repair, enlarge, or alter a high or significant hazard potential dam shall include the following prepared by or under the supervision of an engineer as defined in R12-15-1202(11):
1. A completed application filed in duplicate on forms provided by the Director.
  2. A design information summary or checklist of items prepared in duplicate on forms provided by the Director.
  3. An initial application fee based on the total estimated project cost and computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  4. A detailed estimate of project costs. Project costs are all costs associated with construction of the dam and appurtenant works including preliminary investigations and surveys, engineering design, supervision of construction, and any other engineering costs.
  5. Two complete sets of construction drawings as prescribed in R12-15-1215(1).
  6. Two complete sets of construction specifications as prescribed in R12-15-1215(2).
  7. An engineering design report that includes information needed to evaluate all aspects of the design of the dam and appurtenances, including references with page numbers to support any assumptions used in the design, as prescribed in R12-15-1215(3). The engineering design report shall recommend a safe storage level for existing dams being reconstructed, repaired, enlarged, or altered.
  8. A construction quality assurance plan describing all aspects of construction supervision.
  9. A description of the use for the impounded or diverted water, proof of a right to appropriate, and a permit to store water as prescribed in A.R.S. §§ 45-152 and 45-161.
  10. A long-term budget plan and evidence of financing, prepared using customary accounting principles, that demonstrate that the applicant has the financial capability to construct, operate, and maintain the dam in a safe manner. If the applicant does not have evidence that can be verified by an independent audit of the financial capability,

ity to construct, operate, and maintain the dam in a safe manner, the Director may require a performance bond for the entire cost of the proposed construction work.

- B.** The following may be submitted with the application or during construction.
1. An emergency action plan as prescribed in R12-15-1221.
  2. An operation and maintenance plan to accomplish the annual maintenance.
  3. An instrumentation plan regarding instruments that evaluate the performance of the dam.

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### **R12-15-1209. Application to Breach or Remove a High or Significant Hazard Potential Dam**

- A.** An applicant shall excavate the dam down to the level of the natural ground at the maximum section. Upon approval of the Director, additional breaches may be made. This provision shall not be construed to require more than total removal of the dam regardless of the flood magnitude. The breach or breaches shall be of sufficient width to pass the greater of:
1. The 100 year flood at a depth of less than 5 feet, or
  2. The 100 year flood at a normal flood depth of not more than 2 feet at a distance of 2,000 feet downstream of the dam.
- B.** The sides of each breach shall be excavated to a slope ratio that is stable and not steeper than 1 horizontal to 1 vertical.
- C.** Each breach shall be designed to prevent silt that has previously been deposited on the reservoir bottom and the excavated material from the breach from washing downstream.
- D.** Before breaching the dam, the reservoir shall be emptied in a controlled manner that will not endanger lives or damage downstream property. The applicant shall obtain approval from the Director for the method of breaching or removal.
- E.** An application package to breach or remove a high or significant hazard potential dam shall include the following prepared by or under the supervision of an engineer as defined in R12-15-1202(11).
1. The construction drawing or drawings for the breach or removal of a dam, including the location, dimensions, and lowest elevation of each breach.
  2. A long-term budget plan and evidence of financing, prepared using customary accounting principles, that demonstrate that the applicant has the financial capability to breach or remove the dam in a safe manner. If the applicant does not have evidence that can be verified by an independent audit of the financial capability to breach or remove the dam in a safe manner, the Director may require a performance bond for the entire cost of the proposed construction work.
  3. A construction quality assurance plan describing all aspects of construction supervision.
- F.** Reduction of a high or significant downstream hazard potential dam to nonjurisdictional size may be approved by letter under the following circumstances:
1. The owner shall submit a completed application form and construction drawings for the reduction and the appropriate specifications, prepared by or under the supervision of an engineer as defined in R12-15-1202(11).

2. The construction drawings and specifications shall contain sufficient detail to enable a contractor to bid on and complete the project.
3. The plans shall comply with all requirements of this Section except that the breach is not required to be to natural ground.
4. Upon completion of an alteration to nonjurisdictional size, the engineer shall file as constructed drawings and specifications with the Department.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### **R12-15-1210. Application to Construct, Reconstruct, Repair, Enlarge, Alter, Breach, or Remove a Low Hazard Potential Dam**

- A.** An application package to construct, reconstruct, repair, enlarge, or alter a low hazard potential dam shall include the following prepared by or under the supervision of an engineer as defined in R12-15-1202(11):
1. A completed application filed in duplicate on forms provided by the Director.
  2. An initial application fee based on the total estimated project cost, computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  3. A detailed estimate of project costs. Project costs are all costs associated with construction of the dam and appurtenant works, including preliminary investigations and surveys, engineering design, supervision of construction, and any other engineering costs.
  4. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  5. A statement by the responsible engineer that classifies the dam as low hazard in accordance with R12-15-1206(B). The responsible engineer shall submit a map of the area that would be inundated by failure or improper operation of the dam. The responsible engineer shall demonstrate that failure or improper operation of the dam would be unlikely to result in:
    - a. Loss of human life. The demonstration may be based on an emergency action plan for persons who may be in the area of inundation;
    - b. Significant incremental adverse consequences; or
    - c. Significant intangible losses, as defined in R12-15-1202(21) and identified and evaluated by a public natural resource management or protection agency.
  6. Two complete sets of construction drawings as prescribed by R12-15-1215(1).
  7. Two complete sets of construction specifications as prescribed by R12-15-1215(2).
  8. An engineering design report that includes information needed to evaluate all aspects of the design of the dam and appurtenances, including references with page numbers to support any assumptions used in the design, as prescribed in R12-15-1215(3).
  9. A description of the use for the impounded or diverted water, proof of a right to appropriate, and a permit to store water as prescribed in A.R.S. §§ 45-152 and 45-161.
  10. A construction quality assurance plan clearly describing all aspects of construction supervision.
  11. A long-term budget plan and evidence of financing, prepared using customary accounting principles, that demonstrate that the applicant has the financial capability to construct, operate, and maintain the dam in a safe manner. If the applicant does not have evidence that can be verified by an independent audit of the financial capability

- ity to construct, operate, and maintain the dam in a safe manner, the Director may require a performance bond for the entire cost of the proposed construction work.
- B.** An application package for the breach or removal of a low hazard potential dam shall include the following:
1. A completed application filed in duplicate on forms provided by the Director that contains the following information:
    - a. The name and address of the owner of the dam or the agent of the owner.
    - b. A description of the proposed removal.
    - c. The proposed time for beginning and completing the removal.
  2. An initial application fee based on the total estimated project cost and computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  3. A statement by the responsible engineer demonstrating both of the following:
    - a. That the dam will be excavated to the level of natural ground at the maximum section; and
    - b. That the breach or breaches will be of sufficient width to pass the greater of:
      - i. The 100 year flood at a depth of less than 5 feet, or
      - ii. The 100 year flood at a normal flood depth of not more than 2 feet at a distance of 2,000 feet downstream of the dam,
      - iii. Subsection (B)(3)(b) shall not be construed to require more than a total removal of the dam regardless of flood magnitude.
    - c. That the sides of the breach will be excavated to a slope ratio that is stable and not steeper than 1 horizontal to 1 vertical.
  4. A detailed estimate of project costs. Project costs are all costs associated with the removal of the dam and appurtenant works, including preliminary investigations and surveys, engineering design, supervision of removal, and any other engineering costs.
- C.** An applicant intending to reduce a low hazard potential dam to nonjurisdictional size shall submit a written notice to the Director at least no less than 60 days before the date that construction begins.
- D.** Within 45 days after receipt of a complete application package as prescribed by subsection (A) or (B), the Director shall either:
1. Determine that the dam falls within the low hazard potential classification, or
  2. Issue a written notice that the dam does not fall within the low hazard potential classification.
- E.** The Director's determination that the proposed dam does not fall within the low hazard classification is an appealable agency action and subject to administrative and judicial review under A.R.S. Title 41, Chapter 6, Article 10.
- F.** Upon completion of construction, the owner shall notify the Department in writing. The owner shall not use the dam or reservoir before issuance of a license unless the Director issues written approval.
- G.** Within 90 days after completing construction, reconstruction, repair, enlargement, or alteration of a low hazard potential dam, the owner shall file the following:
1. An affidavit showing the actual cost of construction, reconstruction, repair, enlargement, or alteration of the dam. The owner shall submit a detailed accounting of the costs, including all engineering costs.
  2. An additional fee or refund request computed in accordance with A.R.S. § 45-1209 and R12-15-104(A)(7), based on the actual cost of construction, reconstruction, repair, enlargement, or alteration.
- 3.** A brief completion report summarizing the salient features of the project, including a description of the causes for any changes or deviations from the approved application package prepared by the engineer who supervised the construction, in accordance with A.R.S. Title 32, Chapter 1. The engineer shall indicate:
- a. That the dam has been designed and constructed in compliance with basic principles of dam construction currently being practiced in the industry;
  - b. That the dam as constructed has structural integrity and flood routing capacity consistent with its hazard potential classification; and
  - c. That the as constructed drawings and the report accurately represent the construction of the dam.
- 4.** As constructed drawings prepared and sealed by the engineer who supervised the construction. The owner and the engineer shall maintain a record of the drawings.
- H.** Upon receiving the Director's written approval, the owner may operate the dam and appurtenant works. Within 30 days after receipt of the information in subsection (G), the Director shall issue to the owner either a license or a notice that the dam and appurtenant works shall not be operated because the dam and appurtenant works do not qualify as low hazard or were not built according to the submitted design. The license shall include conditions of operation, including:
1. The safe storage level of the reservoir,
  2. A requirement that the dam be operated and maintained so that it does not constitute a danger to human life and property,
  3. A requirement that the conditions resulting in the low hazard classification be maintained throughout the life of the dam, and
  4. A requirement that the owner demonstrate in writing the low hazard classification in the manner prescribed by subsection (A)(5) every five years.
- I.** Within 90 days after completing removal of a low hazard potential dam, the owner shall file the following. The Director shall remove the dam from jurisdiction upon approval of the submittal.
1. An affidavit showing the actual cost of removal of the dam. The owner shall submit a detailed accounting of the costs, including all engineering costs.
  2. An additional fee or refund request computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7), based on the actual cost of removal.
  3. A brief completion report, including a description of the causes for any changes or deviations from the approved application package prepared by the engineer who supervised the construction, in accordance with A.R.S. Title 32, Chapter 1. The engineer shall certify that the as removed drawings and the report accurately represent the actual removal of the dam.
  4. As-removed drawings prepared and sealed by the engineer who supervised the removal. The owner and the engineer shall maintain a record of the drawings.
- J.** An owner shall immediately commence repairs necessary to safeguard human life and property and prevent failure and improper operation of a low hazard potential dam. The owner shall notify the Department as soon as reasonably possible and in all cases within 10 days of commencing the required repairs.

Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-1211. Application to Construct, Reconstruct, Repair, Enlarge, Alter, Breach, or Remove a Very Low Hazard Potential Dam**

- A.** An application package to construct, reconstruct, repair, enlarge, or alter a very low hazard potential dam shall include the following prepared by an engineer or a person under the supervision of an engineer as defined in R12-15-1202(11):
1. A completed application filed in duplicate on forms provided by the Director that contains the following information:
    - a. The name and address of the owner of the dam or the agent of the owner.
    - b. The location, type, size, and height of the proposed dam and appurtenant works.
    - c. The storage capacity of the reservoir associated with the proposed dam.
    - d. The proposed time for beginning and completing construction.
    - e. A description of the use for the impounded or diverted water and proof of a right to impound that water.
  2. The means, plans, and specifications by which the stream or body of water is to be dammed, by-passed, or controlled during construction.
  3. Maps, drawings, and specifications of the proposed dam.
  4. An initial application fee based on the total estimated project cost and computed in accordance with A.R.S. § 45-1204 and R12-15-104(A)(7).
  5. A detailed estimate of project costs. Project costs are all costs associated with construction of the dam and appurtenant works, including preliminary investigations and surveys, engineering design, supervision of construction, and any other engineering costs.
  6. A statement by the responsible engineer that classifies the dam as very low hazard in accordance with R12-15-1206(B). The responsible engineer shall submit a map of the area that would be inundated by failure or improper operation of the dam. The responsible engineer shall demonstrate that failure or improper operation would be unlikely to result in:
    - a. Loss of human life. The demonstration may be based on an emergency action plan for persons who may be in the area of inundation;
    - b. Significant incremental adverse consequences; or
    - c. Significant intangible losses, as defined in R12-15-1202(21) and identified and evaluated by a public natural resource management protection agency, because the dam has a size classification of either small or intermediate under R12-15-1206(A) and any release would be limited to the 100 year floodplain or property owned or controlled by the dam owner under long-term lease.
  7. The seal and signature of the responsible engineer in accordance with A.R.S. Title 32, Chapter 1.
  8. The drawings required by subsection (A)(3) shall include a plan view and maximum section of the dam; the outlet works; and the spillway plan, profile, and cross section.
  9. The specifications required by subsection (A)(3) shall include the construction materials, testing criteria, and installation techniques.
- B.** The Director may make other requirements for drawings and specifications for the proposed repair or alteration of a very low hazard potential dam. In determining other requirements, the Director shall consider the size and extent of the repair or alteration, the portions of the dam that will be repaired or altered, and whether the requirements elicit a description of the proposed construction work that is adequate to allow the Director to evaluate the repair or alteration.
- C.** An owner intending to breach, remove, or reduce a very low hazard potential dam to nonjurisdictional size shall submit written notice to the Director at least 60 days before the date that construction begins.
- D.** After receipt of a complete application package as prescribed by subsection (A), the Director shall either:
1. Determine that the dam falls within the very low hazard classification and approve the application in writing; or
  2. Issue a written notice that the dam does not fall within the very low hazard classification.
- E.** The Director's determination that the proposed dam does not fall within the very low hazard classification is an appealable agency action and subject to administrative and judicial review under A.R.S. Title 41, Chapter 6, Article 10.
- F.** Upon completion of construction, the owner shall notify the Department in writing. The owner shall not use the dam and reservoir before receipt of a license unless the Director issues written approval.
- G.** Within 90 days after completion of the construction, reconstruction, repair, enlargement, or alteration of a very low hazard potential dam, the owner shall file the following:
1. An affidavit showing the actual cost of construction, reconstruction, repair, enlargement, or alteration of the dam. The owner shall submit a detailed accounting of the costs, including all engineering costs.
  2. An additional fee or refund request computed in accordance with A.R.S. § 45-1209 and R12-15-104(A)(7), based on the actual cost of construction, reconstruction, repair, enlargement, or alteration.
  3. A brief completion report summarizing the salient features of the project, including a description of the causes for any changes or deviations from the approved application package prepared by the engineer who supervised the construction in accordance with A.R.S. Title 32, Chapter 1. The report shall include:
    - a. That the dam has been designed and constructed in compliance with basic principles of dam construction currently being practiced in the industry;
    - b. That the dam as constructed has structural integrity and flood routing capacity consistent with its hazard potential classification; and
    - c. That the as constructed drawings and the report accurately represent the construction of the dam.
  4. As constructed drawings prepared by the engineer who supervised the construction. The owner and the engineer shall maintain a record of the drawings.
- H.** Within 30 days after receipt of the information in subsection (G), the Director shall issue to the owner either a license or a notice that the dam and appurtenant works shall not be operated because the dam and appurtenant works do not qualify as very low hazard or were not built according to the submitted design. Upon receiving the Director's written approval, the owner may operate the dam and appurtenant works. The license shall include conditions of operation, including:
1. The safe storage level of the reservoir,

2. A requirement that the conditions resulting in the very low hazard classification be maintained throughout the life of the dam, and
  3. A requirement that the owner demonstrate in writing the very low hazard classification in the manner prescribed by subsection (A)(6) every five years.
- I. An owner shall immediately commence repairs necessary to safeguard human life and property and prevent failure or improper operation of a very low hazard potential dam. The owner shall notify the Department as soon as reasonably possible and in all cases within 10 days of commencing the required repairs.
  - J. The Department may periodically inspect construction to confirm that it is proceeding according to the approved design and that proper construction quality assurance is being exercised by the owner's engineer. The owner, or the owner's engineer under the direction of the owner, shall remedy any unsatisfactory condition using the contractor.
  - K. The owner shall provide the Department access to the dam site for purposes of inspecting all phases of construction, including the foundation, embankment and concrete placement, inspection and test records, and mechanical installations.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

#### R12-15-1212. Construction of a High, Significant, or Low Hazard Potential Dam

- A. Before commencement of construction activities, the owner shall invite to a pre-construction conference all involved regulatory agencies, the prime contractor, and all subcontractors. At this meeting the Department shall identify, to the extent possible, the key construction stages at which an inspection will be made. At least 48 hours before each key construction stage identified for inspection, the owner or the owner's engineer shall provide notice to the Department.
- B. The owner and the owner's engineer shall oversee construction of a new dam or reconstruction, repair, enlargement, alteration, breach, or removal of an existing dam. Failure to perform the work in accordance with the construction drawings and specifications approved by the Director renders the approval revocable. The owner's engineer shall exercise professional judgment independent of the contractor.
- C. A professional engineer with proficiency in engineering and knowledge of dam technology shall supervise or direct the supervision of construction in accordance with the construction quality assurance plan.
- D. The owner's engineer shall submit summary reports of construction activities and test results according to a schedule approved by the Department.
- E. The owner shall immediately report to the Department any condition encountered during construction that requires a deviation from the approved plans and specifications.
- F. The owner shall promptly submit a written request for approval of any necessary change and sufficient information to justify the proposed change. The owner shall not commence construction without the written approval of the Director unless the change is a minor change. A minor change is a change that complies with the requirements of this Article and provides equal or better safety performance.

- G. Upon completion of construction, the owner shall notify the Department in writing. The Department shall make a final inspection. The owner shall correct any deficiencies noted during the inspection.

#### R12-15-1213. Completion Documents for a Significant or High Hazard Potential Dam

Within 90 days after completion of the construction or removal work for a significant or high hazard potential dam and final inspection by the Department, the owner shall file the following:

1. An affidavit showing the actual cost of the construction. The owner shall submit a detailed accounting of the costs, including all engineering costs.
2. An additional fee or refund request based on the actual cost of the construction, computed in accordance with A.R.S. § 45-1209 and R12-15-104(A)(7).
3. One set of full sized as constructed drawings prepared and sealed by the engineer who supervised the construction. If changes were made during construction, the owner shall file supplemental drawings showing the dam and appurtenances as actually constructed.
4. Construction records, including grouting, materials testing, and locations and baseline readings for permanent bench marks and instrumentation, initial surveys, and readings.
5. Photographs of construction from exposure of the foundation to completion of construction.
6. A brief completion report summarizing the salient features of the project, including a description of the causes for any changes or deviations from the approved drawings and specifications that were made during the construction phase.
7. A schedule for filling the reservoir, specifying fill rates, water level elevations to be held for observation, and a schedule for inspecting and monitoring the dam. The owner shall monitor the dam monthly during the first filling.
8. An operating manual for the dam and its appurtenant structures. The operating manual shall include a process for safety inspections prescribed in R12-15-1219. The operating manual shall include schedules for surveillance activities and baseline information for any installed instrumentation as follows:
  - a. The frequency of monitoring,
  - b. The data recording format,
  - c. A graphical presentation of data, and
  - d. The person who will perform the work.

#### R12-15-1214. Licensing

- A. Upon review and approval of the documents filed under R12-15-1213 and finding that the construction at the dam has been completed in accordance with the approved plans and specifications and finding that the dam is safe, the Director shall issue a license. The license shall specify the safe storage level for the reservoir and shall specify conditions for the safe oper-

ation of the dam. The dam and reservoir shall not be used before issuance of a license unless the Director issues written approval. Procedures for issuance of a license for low and very low hazard potential dams are prescribed in R12-15-1210(H) and R12-15-1211(H), respectively.

**B.** A new license shall be issued in the following instances:

1. Upon change of ownership of a dam.
2. Upon change of the safe storage level.
3. Upon expiration of time to appeal a notice issued under R12-15-1223(B).
4. Upon expiration of time to appeal an order issued by the Director under R12-15-1223(D).
5. Upon expiration of time to appeal an order of a court.

**R12-15-1215. Construction Drawings, Construction Specifications, and Engineering Design Report for a High, Significant, or Low Hazard Potential Dam**

The owner and engineer are responsible for complete and adequate design of a dam and for including in the application all aspects of the design pertaining to the safety of the dam.

1. Construction Drawing Requirements. The construction drawings required by R12-15-1208(5), R12-15-1209(E)(1), and R12-15-1210(A)(6) shall include the following:
  - a. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  - b. One or more topographic maps of the dam, spillway, outlet works, and reservoir on a scale large enough to accurately locate the dam and appurtenances, indicate cut and fill lines, and show the property lines and ownership status of the land. Contour intervals shall be compatible with the height and size of the dam and its appurtenances and shall show design and construction details.
  - c. A reservoir area and capacity curve that reflect area in acres and capacity in acre-feet in relation to depth of water and elevation in the reservoir. The construction drawings shall show the spillway invert and top of dam elevations. The construction drawings shall also show the reservoir volume and space functional allocations. The construction drawings may include alternate scales as required for the owner's use.
  - d. Spillway and outlet works rating curves and tables at a scale or scales that allow determination of discharge rate in cubic feet per second at both low and high flows as measured by depth of water passing over the spillway control section.
  - e. A location map showing the dam footprint and all exploration drill holes, test pits, trenches, adits, borrow areas, and bench marks with elevations, reference points, and permanent ties. This map shall use the same vertical and horizontal control as the topographic map.
  - f. Geologic information including 1 or more geologic maps, profile along the centerline, and other pertinent cross sections of the dam site, spillway or spillways, and appurtenant structures, aggregate and material sources, and reservoir area at 1 or more scales compatible with the site and geologic complexity, showing logs of exploration drill holes, test pits, trenches, and adits.
  - g. One or more plans of the dam to delineate design and construction details.
- h. Foundation profile along the dam centerline at a true scale where the vertical scale is equal to the horizontal scale, showing the existing ground and proposed finished grade at cut and fill elevations, including anticipated geologic formations. The foundation profile shall include any proposed grout and drain holes.
- i. Profile and a sufficient number of cross sections of the dam to delineate design and construction details. The drawings shall illustrate and show dimensions of camber, details of the top, core zone, interior filters and drains, and other zone details. The profile of the dam may be drawn to different horizontal and vertical scales if required for detail. A maximum section of the dam shall be drawn to a true scale, where the vertical scale is equal to the horizontal scale. The outlet conduit may be shown on the maximum section if this is typical of the proposed construction.
- j. One or more dam foundation plans showing excavation grades and cut slopes with any proposed foundation preparation, grout and drain holes, and foundation dewatering requirements.
- k. Plan, profile, and details of the outlet works, including the intake structure, the gate system, conduit, trashrack, conduit filter diaphragm, conduit concrete encasement, and the downstream outlet structure. The drawings shall include all connection and structural design details.
- l. Plan, profile, control section, and cross sections of the spillway, including details of any foundation preparation, grouting, or concrete work that is planned. A complex control structure, a concrete chute, or an energy dissipating device for a terminal structure shall include both hydraulic and structural design details.
- m. Hydrologic data, drainage area and flood routing, and diversion criteria.
2. Construction Specification Requirements. The construction specifications required by R12-15-1208(6) and R12-15-1210(A)(7) shall include the following:
  - a. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
  - b. The statement that the construction drawings and specifications shall not be materially changed without the prior written approval of the Director.
  - c. A detailed description of the work to be performed and a statement of the requirements for the various types of materials and installation techniques that will enter into the permanent construction.
  - d. The statement that construction shall not be considered complete until the Director has approved the construction in writing.
  - e. The statement that the owner's engineer shall control the quality of construction.
  - f. The following construction information:
    - i. All earth and rock material descriptions, placement criteria, and construction requirements for all elements of the dam and related structures.
    - ii. All concrete, grout, and shotcrete material and mix descriptions, placement and consolidation criteria, temperature controls, and construction requirements for all elements of the dam and related structures.
    - iii. Material criteria and material testing, cleaning, and treatment. If foundation or curtain grouting

- is required, the specifications shall describe the type of grout, grouting method, special equipment necessary, recording during grouting, and foundation monitoring to avoid disturbance from grouting.
- iv. All materials testing that will be performed by the contractor for pre-qualification of materials, including special performance testing, such as water pressure tests in conduits. The Director shall accept materials that are pre-tested successfully and constructed in-place in accordance with specifications.
  - v. A plan for control or diversion of surface water during construction. The design engineer may determine frequency of storm runoff to be controlled during construction, commensurate with the risk of economic loss during construction.
  - vi. Criteria for blast monitoring and acceptable blast vibration levels, including particle velocities for the dam and other critical appurtenances. Monitoring equipment and monitoring locations shall be specified.
  - vii. Instrumentation material descriptions, placement criteria, and construction requirements and a statement that instrumentation shall be installed by experienced specialty subcontractors.
3. Engineering Design Report Requirements. The engineering design report required by R12-15-1208(7) and R12-15-1210(A)(8) shall include the following:
    - a. The seal and signature of the responsible engineer in accordance with A.A.C. R4-30-304.
    - b. The classification under R12-15-1206 of the proposed dam, or for the proposed enlargement of an existing dam or reservoir.
    - c. Hydrologic considerations, including calculations and a summary table of data used in determining the required emergency spillway capacity and freeboard, and design of any diversion or detention structures. The design report shall include input and output listings on both hard copy and computer diskette.
    - d. Hydraulic characteristics, engineering data, and calculations used in determining the capacities of the outlet works and emergency spillway. The design report shall include input and output listings on both hard copy and computer diskette.
    - e. Geotechnical investigation and testing of the dam site and reservoir basin. Results and analysis of subsurface investigations, including logs of test borings and geologic cross sections.
    - f. Guidelines and criteria for blasting to be used by the contractor in preparing the blasting plan.
    - g. Details of the plan for control or diversion of surface water during construction.
    - h. Details of the dewatering plan for subsurface water during construction.
    - i. Testing results of earth and rock materials, including the location of test pits and the logs of these pits.
    - j. Discussion and design of the foundation blanket grouting, grout curtain, and grout cap based on foundation stability and seepage considerations.
    - k. Calculations and basic assumptions on loads and limiting stresses for reinforced concrete design. The design report shall include input and output listings on both hard copy and computer diskette.
    - l. A discussion and stability analysis of the dam including appropriate seismic loading, safety factors, and embankment zone strength characteristics. Analyses shall include both short-term and long-term loading on upstream and downstream slopes. The design report shall include input and output listings on both hard copy and computer diskette.
    - m. A discussion of seismicity of the project area and activity of faults in the vicinity. The design report shall use both deterministic and statistical methods and identify the appropriate seismic coefficient for use in analyses.
    - n. Discussion and design of the cutoff trench based on seepage and other considerations.
    - o. Permeability characteristics of foundation and dam embankment materials, including calculations for seepage quantities through the dam, the foundation, and anticipated in the internal drain system. The design report shall include input and output listings on both hard copy and computer diskette. The design report shall include copies of any flow nets used.
    - p. Discussion and design of internal drainage based on seepage quantity calculations. The design report shall include instrumentation necessary to monitor the drainage system and filter design calculations for protection against piping of foundation and embankment.
    - q. Erosion protection against waves and rainfall runoff for both the upstream and downstream slopes, as appropriate.
    - r. Discussion and design of foundation treatment to compensate for geological weakness in the dam foundation and abutment areas and in the spillway foundation area.
    - s. Post-construction vertical and horizontal movement systems.
    - t. Discussion of foundation conditions including the potential for subsidence, fissures, dispersive soils, collapsible soils, and sink holes.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### **R12-15-1216. Design of a High, Significant, or Low Hazard Potential Dam**

##### **A. General Requirements.**

1. Emergency Spillway Requirements. An applicant shall:
  - a. Construct each spillway in a manner that avoids flooding in excess of the flooding that would have occurred in the same location under the same conditions before construction. The owner of a dam shall demonstrate that a spillway discharge would not result in incremental adverse consequences. In determining whether a spillway discharge of a dam would result in incremental adverse consequences, the Director shall evaluate whether the owner has taken any or all of the following actions: issuing public notice to downstream property owners, complying with flood insurance requirements, adopting emergency action plans, conducting mock flood drills, acquiring flow easements or other acquisitions of real property, or other actions appropriate to safeguard the dam site and flood channel.
  - b. Include a control structure to avoid head cutting and lowering of the spillway crest for spillways exca-

4. Dam Site And Reservoir Area Requirements
  - a. An applicant shall demonstrate that reservoir storage during the inflow design flood will not result in incremental adverse consequences and that the design will not result in the inundation or wave damage of properties within the reservoir, except marina-type structures, during the inflow design flood. In determining whether a discharge will result in incremental adverse consequences, the Director shall evaluate whether the owner has taken any or all of the following actions: issuing public notice to upstream affected property owners, complying with flood insurance requirements, adopting emergency action plans, conducting mock flood drills, acquiring flood easements or other acquisitions of real property, or other actions appropriate to safeguard the dam site and reservoir. Permanent habitations are not allowed within the reservoir below the spillway elevation.
  - b. The applicant shall clear the reservoir storage area of logs and debris.
  - c. The applicant shall place borrow areas a safe distance from the upstream toe and the downstream toe of the dam to prevent a piping failure of the dam.
  - d. The applicant shall keep the top of the dam and appurtenant structures accessible by equipment and vehicles for emergency operations and maintenance.
5. Geotechnical Requirements
  - a. The applicant shall provide an evaluation of the static stability of the foundation, dam, and slopes of the reservoir rim and demonstrate that sufficient material is available to construct the dam as designed.

- b. The applicant shall not construct a dam on active faults, collapsible soils, dispersive soils, sink holes, or fissures, unless the applicant demonstrates that the dam can safely withstand the anticipated offset or other unsafe effects on the dam.
- 6. Seismic Requirements
  - a. The applicant shall submit a review of the seismic or earthquake history of the area around the dam within a radius of 100 miles to establish the relationship of the site to known faults and epicenters. The review shall include any known earthquakes and the epicenter locations and magnitudes of the earthquakes.
  - b. The applicant shall identify the location of active or potentially active faults that have experienced Holocene or Late Pleistocene displacement within a radius of 100 miles of the site.
  - c. For a high or significant hazard potential dam, the applicant shall design the dam to withstand the maximum credible earthquake.
  - d. For a low hazard potential dam, the applicant shall use probabilistic or deterministic methods to determine the design earthquake. The magnitude of the design earthquake shall vary with the size of the dam, site condition, and specific location.

**B. Embankment Dam Requirements.**

- 1. Geotechnical Requirements. Table 5 states minimum factors of safety for embankment stability under various loading conditions. For an embankment dam an applicant shall provide a written analysis of minimum factors of safety for stability.
  - a. The analysis of minimum factors of safety shall include the effects of anisotropy on the phreatic surface position by using a ratio of horizontal permeability to vertical permeability of at least 10. The Director may require ratios of up to 100 if the material types and construction techniques will cause excessive stratification.
  - b. The applicant shall use tests modeling the conditions being analyzed to determine the strengths used in the stability analysis. The stability analysis shall include total and effective stress strengths appropriate for the different material zones and conditions analyzed. The stability analysis shall use undrained strengths or strength parameters for all saturated materials.
  - c. The applicant shall perform an analysis of the upstream slope stability for a partial pool with steady seepage considering the reservoir level that provides the lowest factor of safety.
  - d. A stability analysis is not required for low hazard potential dams if the owner or the owner's engineer demonstrates that conservative slopes and competent materials are included in the design.
- 2. Seismic Requirements
  - a. The applicant shall determine the seismic characteristics of the site as prescribed in subsection (A)(6).
  - b. The applicant shall determine the liquefaction susceptibility of the embankment, foundation, and abutments. The applicant shall use standard penetration testing, cone penetration testing, shear wave velocity measurements, or a combination of these methods to make this determination. The applicant shall compute the minimum factor of safety against liquefaction at specific points and make a determination of whether the overall site is subject to liquefaction.
  - c. The applicant shall determine the safety of the dam under seismic loading using a pseudo static stability

analysis, computing the minimum factor of safety if the embankment, foundation or abutment is not subject to liquefaction and has a maximum peak acceleration of 0.2g or less, or a maximum peak acceleration of 0.35g or less, and consists of clay on a clay or bedrock foundation. The applicant shall use in the pseudo static stability analysis a pseudo static coefficient that is at least 60% of the maximum peak bedrock acceleration at the site.

- d. The applicant shall compute a minimum factor of safety against overtopping due to deformation and settlement in each of the following cases. The minimum factor of safety against overtopping can be no less than 2.5, determined by dividing the total pre-earthquake freeboard by the estimated vertical settlement in feet. The applicant shall determine the total vertical settlement by adding the settlement values of the upstream and downstream slopes.
  - i. The minimum factor of safety in a pseudo static analysis is less than 1.0;
  - ii. An embankment, foundation, or abutment is not subject to liquefaction, has a maximum peak acceleration of more than 0.2g or a maximum peak acceleration of more than 0.35g and consists of clay on a clay or bedrock foundation; or
  - iii. The embankment, foundation or abutment is subject to liquefaction.
- e. The applicant shall perform a liquefaction analysis to establish approximate boundaries of liquefiable zones and physical characteristics of the soil following liquefaction for an embankment, foundation, or abutment subject to liquefaction. The applicant shall perform an analysis of the potential for flow liquefaction.
- f. Other, more sophisticated analytical procedures may be required by the Director for sites with high seismicity or low strength embankment or foundation soils.
- 3. Miscellaneous Design Requirements
  - a. The design of any significant or high hazard potential dam shall provide seepage collection and prevent internal erosion or piping due to embankment cracking or other causes.
  - b. The Director shall review the filter and permeability design for a chimney drain, drain blanket, toe drain, or outlet conduit filter diaphragms on the basis of unique site characteristics.
    - i. The minimum thickness of an internal drain is 3 feet.
    - ii. The minimum width of a chimney drain is 6 feet.
    - iii. The applicant shall filter match an internal drain to its adjacent material.
    - iv. The applicant shall design internal drains with sufficient capacity for the expected drainage without the use of drainpipes using only natural granular materials.
  - c. The use of a geosynthetic is not permitted in a design if it serves as the sole defense against dam failure. The use of geotextiles and geonets as a filter or drain material or a geomembrane liner is permitted only in a location that is easily accessible for repair or if its excavation cannot create an unsafe condition at the dam. A geosynthetic liner is allowed under special conditions and in specific situations if

it is subject to monitoring and redundant safety controls. The Director may impose conditions, including monitoring appropriate to the hazard classification, inspection, and necessary repairs, each performed every 5 years.

- d. The applicant shall use armoring on any upstream slope of an embankment dam that impounds water for more than 30 days at a time. If the applicant uses rock riprap, it shall be well-graded, durable, sized to withstand wave action, and placed on a well-graded pervious sand and gravel bedding or geotextile with filtering capacity appropriate for the site.
- e. The applicant shall protect the downstream slopes and groins of an embankment dam from erosion.
- f. The minimum width of the top of an embankment dam is equal to the structural height of the dam divided by 5 plus an additional 5 feet. The required minimum width for any embankment dam is 12 feet. The maximum width for any embankment dam is 25 feet.

**Table 4. Inflow Design Flood**

Dam Hazard Class	Dam Size Classification	IDF Magnitude
Very Low	All Sizes	100-year
Low	All Sizes	0.25 PMF
Significant	Small Intermediate Large	0.25 PMF 0.5 PMF 0.5 PMF
High*	All Sizes	*

\* For a high hazard potential dam, the applicant shall design the dam to withstand an inflow design flood that varies from .5 PMF to the full PMF, with size increasing based on persons at risk and potential for downstream damage. The applicant shall consider foreseeable future conditions.

**R12-15-1217. Maintenance and Repair; Emergency Actions**

- A. An owner shall perform general maintenance and ordinary repairs that do not impair the safety of the dam. General maintenance and ordinary repair activities listed under this subsection do not require prior approval of the Director. These repair activities include:
  1. Removing brush or tall weeds.
  2. Cutting trees and removing slash from the embankment or spillway. Small stumps may be removed provided no excavation into the embankment occurs.
  3. Exterminating rodents by trapping or other methods. Rodent damage may be repaired provided it does not involve excavation that extends more than 2 feet into the embankment and replacement materials are compacted as they are placed.
  4. Repairing erosion gullies less than 2 feet deep on the embankment or in the spillway.
  5. Grading the surface on the top of the dam embankment or spillway to eliminate potholes and provide proper drainage, provided the freeboard is not reduced.
  6. Placing additional riprap and bedding on the upstream slope, or in the spillway in areas that have sustained minor damage and restoring the original riprap protection where the damage has not yet resulted in erosion and weakening of the dam.
  7. Painting, caulking, or lubricating metal structures.
  8. Patching or caulking spalled or cracked concrete to prevent deterioration.
  9. Removing debris, rock, or earth from outlet conduits or spillway channels and basins.
  10. Patching to prevent deterioration within outlet works.
  11. Replacing worn or damaged parts on outlet valves or controls to restore them to original condition or its equivalent.
  12. Repairing or replacing fences intended to keep traffic or livestock off the dam or spillway.
- B. General maintenance and ordinary repair that may impair or adversely effect safety, such as excavation into or near the toe of the dam, construction of new appurtenant structures for the dam, and repair of damage that has already significantly weakened the dam shall be performed in accordance with this Article. The Director may approve maintenance performed according to a standard detail or method of repair on file with the Department upon submittal of a letter. The Director shall determine whether general maintenance and ordinary repair activities not listed in subsection (A) will impair safety.
- C. Emergency actions not impairing the safety of the dam may be taken before guidance can be provided by an engineer and do not require prior approval of the Director. Emergency actions do not excuse an owner's responsibility to promptly undertake a permanent solution. Emergency actions include:
  1. Stockpiling materials such as riprap, earth fill, sand, sandbags, and plastic sheeting.
  2. Lowering the reservoir level by making releases through the outlet or a gated spillway, by pumping, or by siphoning.
  3. Armoring eroded areas by placing sandbags, riprap, plastic sheeting, or other available material.
  4. Plugging leakage entrances on the upstream slope.
  5. Increasing freeboard by placing sandbags or temporary earth fill on the dam.
  6. Diverting flood waters to prevent them from entering the reservoir basin.
  7. Constructing training berms to control flood waters.

8. Placing sandbag ring dikes or reverse filter materials around boils at the downstream toe to provide back pressure.
9. Removing obstructions from outlet or spillway flow areas.
- D. Emergency actions impairing the safety of the dam require prior approval of the Director. An owner shall not lower the water level by excavating the spillway or embankment unless failure is imminent.
- E. For all high and significant hazard potential dams, the emergency action plan shall be implemented with any emergency actions taken at the dam.
- F. The owner shall notify the Director immediately of any emergency condition that exists and any emergency action taken.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1218. Safe Storage Level**

The Director has the authority to determine the safe storage level for the reservoir behind each dam, including the storage level of an existing dam while it is being repaired, enlarged, altered, breached, or removed. The elevation of the safe storage level is stated on the license. The owner shall not store water in excess of the level determined by the Director to be safe. The owner shall not place flashboards or other devices in the emergency spillway without approval of an alteration of the dam in accordance with this Article.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1219. Safety Inspections; Fees**

- A. Except as provided in subsection (E), the Director shall conduct a dam safety inspection annually or more frequently for each high hazard potential dam, triennially for each significant hazard potential dam, and once every five years for each low and very low hazard potential dam. An owner of a dam shall pay the inspection fee required by R12-15-105 for each inspection of the dam pursuant to this subsection.
- B. An engineer is considered qualified to provide information to the Director regarding the safe storage level of a reservoir if the engineer:
  1. Meets the criteria in R12-15-1202(11),
  2. Has three years of experience in the field of dam safety, and
  3. Has actual experience in conducting dam safety inspections.
- C. A dam safety inspection includes:
  1. Review of previous inspections, reports, and drawings;
  2. Inspection of the dam, spillways, outlet facilities, seepage control, and measurement systems;
  3. Inspection of any permanent monument or monitoring installations;
  4. Assessment of all parts of the dam that are related to the dam's safety; and
  5. A recommendation regarding the safe storage level of the reservoir.
- D. The engineer shall submit a safety inspection report that describes the findings and lists actions that will improve the safety of the dam. The report shall include the engineer's recommendation of the safe storage level. The engineer shall use a report form approved by the Director.
- E. Inspections by the Owner
  1. An owner may provide to the Director, at the owner's expense, a safety inspection report that complies with the requirements of subsections (B), (C), and (D) in place of

an inspection by the Department. The owner's engineer shall notify the Director and submit a written summary of the engineer's qualifications at least 14 days before the scheduled safety inspection.

2. The Director may refuse to accept an inspection that does not conform to this Article.
3. A safety inspection report submitted pursuant to this subsection shall include the fee required by R12-15-105(D).
- F. Inspections by the Department
  1. The Director may enter at reasonable times upon private or public property and the owner shall permit such entry, where a dam is located, including a dam under construction, reconstruction, repair, enlargement, alteration, breach, or removal, for any of the following purposes:
    - a. To enforce the conditions of approval of the construction drawings and specifications related to an application for construction, reconstruction, repair, enlargement, alteration, breach, or removal.
    - b. To inspect a dam that is subject to this Article.
    - c. To investigate or assemble data to aid review and study of the design and construction of dams, reservoirs, and appurtenances or make watershed investigations to facilitate decisions on public safety to fulfill the duties of A.R.S. § 45-1214.
    - d. To ascertain compliance with this Article and A.R.S. Title 45, Chapter 6.
  2. Upon receipt of a complaint that a dam is endangering people or property:
    - a. The Director shall inspect the dam unless there is substantial cause to believe the complaint is without merit.
    - b. If the complainant files a complaint in writing and deposits with the Director sufficient funds to cover the costs of the inspection, the Director shall make an inspection.
    - c. The Director shall provide a written report of the inspection to the complainant and the dam owner.
    - d. If an unsafe condition is found, the Director shall cause it to be corrected and return the deposit to the complainant. If the complaint was without merit the deposit shall be paid into the general fund.
  3. The Director may employ qualified on-call consultants to conduct inspections.
  4. Inspections under subsection (A) shall comply with the requirements of A.R.S. § 41-1009.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 16 A.A.R. 1205, effective June 15, 2010 (Supp. 10-2). Amended by exempt rulemaking at 16 A.A.R. 1950, effective September 10, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 659, effective June 4, 2011 (Supp. 11-2).

**R12-15-1220. Existing Dams**

- A. The requirements of this Article apply to existing dams, except as provided in subsections (B) and (C).
- B. If the Director has determined that an existing dam is in a safe condition, the owner is not required to comply with R12-15-1216 unless the Director determines that it is cost effective to upgrade the dam to comply with the requirements of R12-15-1216 at the time a major alteration or major repair is planned. In determining whether it is cost effective to upgrade a dam, the Director shall consider:
  1. The hazard potential classification of the dam;

2. Whether the cost of the upgrade would exceed 25% of the total cost of the major alteration or major repair; and
  3. Whether there is a more cost effective alternative that would provide an equivalent increase in safety.
- C. If the Director has determined that a dam is in an unsafe condition, the owner shall comply with the requirements in R12-15-1216. The owner is not required to comply with a requirement in this Article if the Director finds that, considering the site characteristics and the proposed design, the requirement is unduly burdensome or expensive and is not necessary to protect human life or property. The Director shall consider the size, hazard potential classification, physical site conditions, and applicability of a requirement to the dam. The Director shall state in writing the reason or reasons the owner is not required to comply with a requirement.
- D. The owner shall ensure that installation of utilities beneath or through an existing dam is accomplished by open cuts or jacking and boring methods.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1221. Emergency Action Plans**

- A. Each owner of a high or significant hazard potential dam shall prepare, maintain, and exercise a written emergency action plan for immediate defensive action to prevent failure of the dam and minimize any threat to downstream development. The emergency action plan shall contain a:
1. Notification chart showing the priority for notification in an emergency situation. The owner shall notify local emergency response agencies, affected downstream populations, county emergency management agencies, and affected flood control districts;
  2. Description of the demand reservoir and scope of the emergency action plan;
  3. Delineation of potentially unsafe conditions, evaluation procedures, and triggering events that require the initiation of partial or full emergency notification procedures, based on the urgency of the situation;
  4. Delineation of areas of responsibility of the owner and other parties. The emergency action plan shall clearly identify individuals responsible for notifications and declaring an emergency;
  5. Specific notification procedure for each emergency situation anticipated;
  6. Description of emergency supplies and resources, equipment access to the site, and alternative means of communication. The emergency action plan shall also identify specific preparedness activities required, such as annual full or partial mock exercises and updates of the emergency action plan; and
  7. Map showing the area that would be subject to flooding due to spillway flows and dam failures.
- B. The owner shall use the Director's model emergency action plan, which is available at no cost, or an equivalent model, for guidance in preparing the emergency action plan.
- C. The owner shall submit a copy of the proposed emergency action plan for review by the Arizona Division of Emergency Management and all local emergency coordinators involved in the plan. The owner shall incorporate appropriate recommendations generated by the reviews and submit the revised emergency action plan to the Department.
- D. The owner shall review and update the emergency action plan annually or more frequently to incorporate changes such as new personnel, changing roles of emergency agencies, emergency response resources, conditions of the dam, and informa-

tion learned from mock exercises. The owner shall send updated portions of the plan to persons and agencies holding copies of the plan within 15 days after preparation of an update.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1222. Right of Review**

- A. An applicant or owner aggrieved by a decision of the Director regarding the determination of hazard classification, jurisdictional status, or the Director's application of this Article may seek review of an appealable agency action under A.R.S. Title 41, Chapter 6, Article 10.
- B. An applicant or owner aggrieved by a decision of the Director that requires the exercise of professional engineering judgment or discretion or the assessment of risk to human life or property, such as the adequacy of an applicant's project documentation, dam design, safe storage level, requirements for existing dams, or maintenance, may seek review by a board of review under A.R.S. §§ 45-1210 and 45-1211.
- C. The following actions are not subject to review:
1. Emergency measures taken under A.R.S. §§ 45-1212 or 45-1221.
  2. Agency decisions made under A.R.S. §§ 41-1009(E) or (F).
  3. Agency actions made exempt from review by law.

**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

**R12-15-1223. Enforcement Authority**

- A. The Department may exercise its discretion to take action necessary to prevent danger to human life or property. The Director may take any legal action that is proper and necessary for the enforcement of this Chapter.
- B. If the Director has cause to believe that a dam is unsafe or a person is violating or has violated a provision of this Article or A.R.S. Title 45, Chapter 6, Article 1, the Director may issue a notice directing the owner to remedy the safety deficiency or correct the violation. The owner may appeal a notice issued under this subsection as an appealable agency action in accordance with A.R.S. Title 41, Chapter 6, Article 10. If the owner does not appeal within 30 days after the date on the notice, the notice becomes final and may be incorporated as a condition of any license based on the duration of the requirement.
- C. If the Director has cause to believe that a dam is unsafe or a person is violating or has violated a provision of this Article or A.R.S. Title 45, Chapter 6, Article 1, the Director may proceed under A.R.S. § 45-1221 to initiate a contested case under A.R.S. Title 41, Chapter 6, Article 10 by requesting an administrative hearing.
- D. Following a written decision by an administrative law judge, the Director shall issue a decision and order accepting, rejecting, or modifying the administrative law judge's decision. Upon expiration of time to appeal, the decision and order becomes final and may be incorporated as a condition of any license based on the duration of the requirement.
- E. If the Director has cause to believe that a dam is unsafe or a person is violating or has violated a provision of this Article or A.R.S. Title 45, Chapter 6, Article 1 the Director may commence an action in a court of appropriate jurisdiction if:
1. The violation is an emergency requiring appropriate steps to be taken without delay; or
  2. The Director has cause to believe that use of the administrative procedure would be ineffective or that delay

would ensue and a deterioration in the safety of the dam would occur.

- F. If the Director commences an action it shall be brought in a court of appropriate jurisdiction in which:
  1. The cause or some part of the cause arose; or
  2. The owner or person complained of has his or her place of business; or
  3. The owner or person complained of resides.
- G. A person determined to be in violation of this Article; A.R.S. Title 45, Chapter 6; a license; or order may be assessed a civil penalty not exceeding \$1,000 per day of violation. The Director may offer evidence relating to the amount of the penalty in accordance with A.R.S. § 45-1222.
- H. A violation of A.R.S. Title 45, Chapter 6, Article 1 regarding Supervision of Dams, Reservoirs, and Projects is a class 2 misdemeanor, in accordance with A.R.S. § 45-1216.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### R12-15-1224. Emergency Procedures

- A. The owner of a dam shall immediately notify the Department and responsible authorities in adjacent and downstream communities, including emergency management authorities, of a condition that may threaten the safety of the dam. The owner shall take necessary actions to protect human life and property, including action required under an emergency action plan or order issued under this Article.
  1. A condition that may threaten the safety of a dam includes:
    - a. Sliding of upstream or downstream slopes or abutments contiguous to the dam;
    - b. Sudden subsidence of the top of the dam;
    - c. Longitudinal or transverse cracking of the top of the dam;
    - d. Unusual release of water from the downstream slope or face of the dam;
    - e. Other unusual conditions at the downstream slope of the dam;
    - f. Significant landslides in the reservoir area;
    - g. Increasing volume of seepage;
    - h. Cloudy seepage or recent deposits of soil at seepage exit points;
    - i. Sudden cracking or displacement of concrete in a concrete or masonry dam spillway or outlet works;
    - j. Loss of freeboard or dam cross section due to storm wave erosion;
    - k. Flood waters overtopping an embankment dam; or
    - l. Spillway backcutting that threatens evacuation of the reservoir.
  2. In case of an emergency, the owner shall telephone the Arizona Department of Public Safety's emergency numbers at (800) 411-2336 or (602) 223-2000.
- B. The Director shall issue an emergency approval to repair, alter, or remove an existing dam if the Director finds that immediate remedial action is necessary to alleviate an imminent threat to human life or property.
  1. The emergency approval shall be provided in writing on a form developed for this purpose.
  2. The emergency approval may contain conditions the Director determines are appropriate to protect human life or property.
  3. The emergency approval is effective immediately for 30 days after notice is issued unless extended in writing by the Director. The Director shall also send notice to the county flood control district of the county in which the

dam is located, all municipalities within 5 miles downstream of the dam, and any additional persons identified in the emergency action plan.

- 4. The Director may institute legal or administrative proceedings that the Director deems appropriate for violations of the emergency approval or conditions of the emergency approval.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### R12-15-1225. Emergency Repairs

- A. The Director shall use monies from the dam repair fund, established under A.R.S. § 45-1212.01 to employ any remedial measure necessary to protect human life and property resulting from a condition that threatens the safety of a dam if the dam owner is unable or unwilling to take action and there is not sufficient time to issue and enforce an order.
- B. The deputy director may authorize an expenditure not to exceed \$10,000 from the dam repair fund for remedial measures under A.R.S. § 45-1212. The expenditure of any additional funds shall be approved by the Director.
- C. The Director shall hold a lien against all property of the owner in accordance with A.R.S. § 45-1212.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2558, effective June 12, 2000 (Supp. 00-2).

#### R12-15-1226. Non-Emergency Repairs; Loans and Grants

- A. If the Director determines that a dam represents a threat to human life and property but is not in an emergency condition, the Director may use the dam repair fund, established under A.R.S. § 45-1212.01, as prescribed in this Article to defray the costs of repair.
- B. Monies from the dam repair fund may be used for loans and grants to owners as provided in A.R.S. §§ 45-1218 and 45-1219.
- C. To qualify for a loan or grant from the dam repair fund, a dam shall be classified as unsafe by the Director.
- D. The Director may authorize grant funds for all or part of the cost of engineering studies or construction needed to mitigate the threat to human life and property created by a dam.
  1. The Director and the grantee shall execute a financial assistance agreement that includes terms of financial assistance, the work progress, and payment schedule.
  2. The Director shall disburse grant funds in accordance with the financial assistance agreement.
  3. The Director shall establish a priority ranking for grants based on factors including the potential for failure of a dam, the number of lives at risk, and the capability of the owner to pay a portion of the costs.
- E. The Director may loan funds for engineering studies or for all or part of construction as prescribed in A.R.S. § 45-1218.
  1. The Director and the dam owner shall execute a loan repayment agreement. The loan repayment agreement shall be delivered to and held by the Department.
  2. The Director shall establish a priority ranking for loans based on factors including the potential for failure of a dam, the number of human lives at risk, and the capability of the owner to pay a portion of the costs.

#### ARTICLE 13. WELL SPACING REQUIREMENTS; REPLACEMENT WELLS IN APPROXIMATELY THE

## SAME LOCATION

**R12-15-1301. Definitions**

In addition to the definitions in A.R.S. §§ 45-101, 45-402, and 45-591, the following words and phrases in this Article shall have the following meanings, unless the context otherwise requires:

1. "Abandoned well" means a well for which a well abandonment completion report has been filed pursuant to R12-15-816(E) or for which a notification of abandonment has been filed pursuant to R12-15-816(K).
2. "Additional drawdown" means a lowering in the water levels surrounding a well that is the result of the operation of the well and that is not attributable to existing regional rates of decline or existing impacts from other wells.
3. "Applicant" means any of the following:
  - a. A person who has filed an application for a permit to construct a new well or a replacement well in a new location under A.R.S. § 45-599;
  - b. A person who has filed an application for a recovery well permit under A.R.S. § 45-834.01 for a new well as defined in A.R.S. § 45-591 or, except as provided in A.R.S. § 45-834.01(B)(2) or (3), an existing well as defined in A.R.S. § 45-591;
  - c. A person who has filed an application for approval to use a well to withdraw groundwater for transportation to an active management area under A.R.S. § 45-559; or
  - d. A person, other than a city, town, private water company, or irrigation district, who has filed an application for a water exchange permit under A.R.S. § 45-1041.
4. "ADEQ" means the Arizona Department of Environmental Quality.
5. "Contaminated groundwater" means groundwater that has been contaminated by a release of a hazardous substance, as defined in A.R.S. § 49-201, or a pollutant, as defined in A.R.S. § 49-201.
6. "DOD" means the United States Department of Defense.
7. "EPA" means the United States Environmental Protection Agency.
8. "LCR plateau groundwater transporter" means a person transporting groundwater from the Little Colorado River plateau groundwater basin to another groundwater basin pursuant to A.R.S. § 45-544(B)(1).
9. "Notice of water exchange participant" means a person, other than a city, town, private water company, or irrigation district, named as a participant in a water exchange in a notice of water exchange filed under A.R.S. § 45-1051.
10. "Original well" means the well replaced by a replacement well in approximately the same location, except that if the replacement well is the latest in a succession of two or more wells drilled as replacement wells in approximately the same location under R12-15-1308 or temporary rule R12-15-840 adopted by the director on March 11, 1983, "original well" means the well replaced by the first replacement well in approximately the same location.
11. "Remedial action site" means any of the following:
  - a. The site of a remedial action undertaken pursuant to the comprehensive environmental response, compensation, and liability act ("CERCLA") of 1980, as amended, 42 U.S.C. 9601, et seq., commonly known as a "superfund" site;
  - b. The site of a corrective action undertaken pursuant to A.R.S. Title 49, Chapter 6, commonly known as a leaking underground storage tank ("LUST") site;
  - c. The site of a voluntary remediation action undertaken pursuant to A.R.S. Title 49, Chapter 1, Article 5;
  - d. The site of a remedial action undertaken pursuant to A.R.S. Title 49, Chapter 2, Article 5, commonly known as a water quality assurance revolving fund ("WQARF") site;
  - e. The site of a remedial action undertaken pursuant to the Resource Conservation and Recovery Act ("RCRA"), 42 U.S.C. 6901, et seq.; or
  - f. The site of remedial action undertaken pursuant to the Department of Defense Environmental Restoration Program, 10 U.S.C. 2701, et seq., commonly known as a "Department of Defense site" or a "DOD site."
12. "Replacement well" means a well drilled for the purpose of replacing another well.
13. "Replacement well in a new location" means a replacement well that does not qualify as a replacement well in approximately the same location under R12-15-1308.
14. "Replacement well in approximately the same location" means a replacement well that qualifies as a replacement well in approximately the same location under R12-15-1308.
15. "Well" has the meaning prescribed in A.R.S. § 45-402. An abandoned well is not a well.
16. "Well of record" means, with respect to an applicant, an LCR plateau groundwater transporter, or a notice of water exchange participant, any well or proposed well not owned by the applicant, LCR plateau groundwater transporter, or notice of water exchange participant, or proposed to be drilled by the applicant, LCR plateau groundwater transporter, or notice of water exchange participant, to which any of the following apply:
  - a. The well is an existing well as defined in A.R.S. § 45-591 and the owner or operator has registered the well with the Department, unless the current well information on file with the Department identifies the sole purpose or purposes of the well as one or more of the following:
    - i. Cathodic protection;
    - ii. Use as a sump pump or heat pump;
    - iii. Air sparging;
    - iv. Injection of liquids or gasses into the aquifer or vadose zone, including injection wells that are part of an underground storage facility permitted under A.R.S. Title 45, Chapter 3.1;
    - v. Monitoring water levels or water quality, including a piezometer well;
    - vi. Obtaining geophysical, mineralogical, or geotechnical data;
    - vii. Grounding;
    - viii. Soil vapor extraction;
    - ix. Electrical energy generation pursuant to a temporary permit for electrical energy generation issued under A.R.S. § 45-517;
    - x. Dewatering pursuant to a dewatering permit issued under A.R.S. § 45-513 or a temporary dewatering permit issued under A.R.S. § 45-518;
    - xi. Drainage pursuant to a drainage water withdrawal permit issued under A.R.S. § 45-519; or
    - xii. Hydrologic testing pursuant to a hydrologic testing permit issued under A.R.S. § 45-519.01.
  - b. The well is a new well as defined in A.R.S. § 45-591 for which a notice of intention to drill was not filed

- pursuant to A.R.S. § 45-596 and for which a permit was not issued pursuant to A.R.S. §§ 45-599 or 45-834.01, and the owner or operator has registered the well with the Department, unless the current well information on file with the Department identifies the sole purpose or purposes of the well as one or more of the purposes in subsection (16)(a)(i) through (xii) of this Section;
- c. A filing has been made for the well pursuant to A.R.S. § 45-596(A) or (B), unless any of the following apply:
    - i. The filing has expired pursuant to A.R.S. § 45-596(E);
    - ii. The filing identifies the sole purpose or purposes of the well as one or more of the purposes in subsection (16)(a)(i) through (xii) of this Section; or
    - iii. The well is an exempt well and the director is prohibited by A.R.S. § 45-454(D)(4) from considering impacts on the well when determining whether to approve or reject a permit application filed under A.R.S. § 45-599.
  - d. An application for a permit to drill the well has been received by the Department pursuant to A.R.S. § 45-599, unless the application has been rejected after exhaustion of all administrative and judicial appeals or the permit issued pursuant to the application has been revoked or has expired according to its terms or for failure to complete the well in a timely manner pursuant to A.R.S. § 45-599(G);
  - e. An application for a permit pursuant to A.R.S. §§ 45-514 or 45-516 has been received by the Department pursuant to A.R.S. § 45-521, unless the application has been rejected after exhaustion of all administrative and judicial appeals or the permit issued pursuant to the application has been revoked or has expired according to its terms or for failure to complete the well before expiration of the drilling authority; or
  - f. An application for a permit to drill a recovery well has been received by the Department pursuant to A.R.S. § 45-834.01, unless the application has been rejected after exhaustion of all administrative and judicial appeals or the permit issued pursuant to the application has been revoked or has expired according to its terms or for failure to complete the well in a timely manner pursuant to A.R.S. § 45-834.01(F).

#### **R12-15-1302. Well Spacing Requirements - Applications to Construct New Wells or Replacement Wells in New Locations Under A.R.S. § 45-599**

- A. The director shall not approve an application for a permit to construct a new well or a replacement well in a new location under A.R.S. § 45-599 if the director determines that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.
- B. The director shall determine that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
  1. Except as provided in subsection (D) of this Section, the director determines that the probable impact of the withdrawals from the proposed well or wells on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts on water levels will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection;
  2. The director determines that the proposed well or wells will be located in an area of known land subsidence and the withdrawals from the proposed well or wells will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the withdrawals from the proposed well or wells on regional land subsidence. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection; or
  3. Except as provided in subsection (E) of this Section, the director determines, after consulting with ADEQ, that withdrawals from the proposed well or wells will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of the receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study demonstrating whether the withdrawals from the proposed well or wells will have the effect described in this subsection. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection.
- C. In making a determination under subsection (B)(1), (B)(2), or (B)(3) of this Section, if the proposed well is a replacement well in a new location, the director shall take into account the collective effects of reducing or terminating withdrawals from the well being replaced combined with the proposed withdrawals from the replacement well if the applicant submits a hydrological study demonstrating those collective effects to the satisfaction of the director.
- D. If the director determines under subsection (B)(1) of this Section that the probable impact of the withdrawals from the proposed well or wells on one or more wells of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells, the director shall notify the applicant in writing of the location of the wells of record and

the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals from the proposed well or wells. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. If the director determines that withdrawals from the proposed well or wells will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the withdrawals from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals from the proposed well or wells. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- F. At any time before a final determination under this Section, the applicant may:
1. Amend the application to change the location of the proposed well or wells or the amount of groundwater to be withdrawn from the proposed well or wells to lessen the degree of impact on wells of record or regional land subsidence; or
  2. Agree to construct or operate the proposed well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The director shall indicate in the well permit that compliance with the agreement is a condition of the well permit.

#### **R12-15-1303. Well Spacing Requirements - Applications for Recovery Well Permits Under A.R.S. § 45-834.01**

- A. The director shall not approve an application for a recovery well permit under A.R.S. § 45-834.01 that is filed for a new well as defined in A.R.S. § 45-591 or, except as provided in A.R.S. § 45-834.01(B)(2) or (3), for an existing well as defined in A.R.S. § 45-591, if the director determines that the recovery of stored water from the proposed well or wells will cause unreasonably increasing damage to surrounding land or

other water users from the concentration of wells under subsection (B) of this Section.

- B. The director shall determine that the recovery of stored water from the proposed well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
1. Except as provided in subsection (D) of this Section, the director determines that the probable impact of the recovery of stored water from the proposed well or wells on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the recovery of stored water from the proposed well or wells. To assist the director in making a determination under this subsection, the applicant shall submit with the application a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts on water levels will exceed 10 feet of additional drawdown after the first five years of the recovery of stored water from the proposed well or wells;
  2. The director determines that the proposed recovery well or wells will be located in an area of known land subsidence and the recovery of stored water from the proposed well or wells will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the recovery of stored water from the proposed recovery well or wells on regional land subsidence. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection; or
  3. Except as provided in subsection (E) of this Section, the director determines, after consulting with ADEQ, that the recovery of stored water from the proposed well or wells will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study demonstrating whether the recovery of stored water from the proposed well or wells will have the effect described in this subsection. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection.
- C. In making a determination under subsection (B)(1), (B)(2), or (B)(3) of this Section:
1. If the proposed recovery well is a replacement well in a new location, the director shall take into account the collective effects of reducing or terminating withdrawals from the well being replaced combined with the proposed recovery of stored water from the replacement well if the applicant submits a hydrological study demonstrating those collective effects to the satisfaction of the director.

2. If the proposed recovery well will be located within the area of impact, as defined in A.R.S. § 45-802.01, of an underground storage facility and the applicant will account for all of the water recovered from the well as water stored at the facility, the director shall take into account the effects of water storage at the facility on the proposed recovery of stored water from the recovery well if the applicant submits a hydrological study demonstrating those effects to the satisfaction of the director.
- D.** If the director determines under subsection (B)(1) of this Section that the probable impact of the recovery of stored water from the proposed recovery well or wells on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of operation of the proposed well or wells, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the recovery of stored water from the proposed recovery well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the recovery of stored water from the proposed recovery well or wells. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E.** If the director determines that the recovery of stored water from the proposed recovery well or wells will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the recovery of stored water from the proposed recovery well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the recovery of stored water from the proposed recovery well or wells. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- F.** At any time before a final determination under this Section, the applicant may:
1. Amend the application to change the location of the proposed recovery well or wells or the amount of stored water to be recovered from the proposed recovery well or

wells to lessen the degree of impact on wells of record or regional land subsidence; or

2. Agree to construct or operate the proposed recovery well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The director shall indicate in the recovery well permit that compliance with the agreement is a condition of the recovery well permit.

#### **R12-15-1304. Well Spacing Requirements - Wells Withdrawing Groundwater From the Little Colorado River Plateau Groundwater Basin for Transportation to Another Groundwater Basin Under A.R.S. § 45-544(B)(1)**

- A.** An LCR plateau groundwater transporter may not withdraw groundwater from a well or wells drilled in the Little Colorado river plateau groundwater basin after January 1, 1991, except a replacement well in approximately the same location or a well drilled after that date pursuant to a notice of intention to drill filed on or before that date, for transportation away from the basin pursuant to A.R.S. § 45-544(B)(1) if the director determines that the withdrawals for that purpose will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.
- B.** The director shall determine that the withdrawals of groundwater from the well or wells will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
1. Except as provided in subsection (D) of this Section, the director determines that the probable impact of the withdrawals of groundwater from the well or wells on any well of record in existence when the withdrawals commenced or are proposed to commence will exceed 10 feet of additional drawdown after the first five years of the withdrawals. To assist the director in making a determination under this subsection, the LCR plateau groundwater transporter may submit to the director a hydrological study delineating those areas surrounding the LCR plateau groundwater transporter's well or wells in which the projected impacts on water levels will exceed 10 feet of additional drawdown after the first five years of the withdrawals. The director may require the LCR plateau groundwater transporter to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection;
  2. The director determines that the well or wells from which the groundwater is withdrawn are located in an area of known land subsidence and the withdrawals of groundwater will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the director in making a determination under this subsection, the LCR plateau groundwater transporter may submit to the director a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the withdrawals on regional land subsidence. The director may require the LCR plateau groundwater transporter to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection; or
  3. Except as provided in subsection (E) of this Section, the director determines, after consulting with ADEQ, that the withdrawals of groundwater from the well or wells will

likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence when the groundwater withdrawals commenced or are proposed to commence, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the director in making a determination under this subsection, the LCR plateau groundwater transporter may submit to the director a hydrological study demonstrating whether the withdrawals of groundwater will have the effect described in this subsection. The director may require the LCR plateau groundwater transporter to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection.

- C. In making a determination under subsection (B)(1), (B)(2), or (B)(3) of this Section, if a well from which the groundwater is withdrawn is a replacement well in a new location, the director shall take into account the collective effects of reducing or terminating withdrawals from the well being replaced combined with the withdrawals from the replacement well if the LCR plateau groundwater transporter submits a hydrological study demonstrating those collective effects to the satisfaction of the director.
- D. If the director determines under subsection (B)(1) of this Section that the probable impact of the withdrawals of groundwater from the well or wells on any well of record in existence when the withdrawals commenced or are proposed to commence will exceed 10 feet of additional drawdown after the first five years of the withdrawals, the director shall notify the LCR plateau groundwater transporter in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the LCR plateau groundwater transporter submits one of the following for each well of record identified in the notice:
  1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The LCR plateau groundwater transporter shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the LCR plateau groundwater transporter made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. If the director determines that the withdrawals of groundwater from the well or wells will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence when the groundwater withdrawals commenced or are proposed to commence, the director shall notify the LCR plateau groundwater transporter in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the withdrawals will cause unreasonably increasing damage to surrounding land or other

water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the LCR plateau groundwater transporter submits one of the following for each well of record identified in the notice:

1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The LCR plateau groundwater transporter shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the LCR plateau groundwater transporter made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- F. At any time before a final determination under this Section, the LCR plateau groundwater transporter may agree to construct or operate the well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. Compliance with the agreement is a condition for the use of the well or wells to withdraw groundwater for transportation away from the basin pursuant to A.R.S. § 45-544(B)(1).

#### **R12-15-1305. Well Spacing Requirements - Applications to Use a Well to Withdraw Groundwater for Transportation to an Active Management Area Under A.R.S. § 45-559**

- A. The director shall not approve an application to use a well or wells constructed after September 21, 1991, to withdraw groundwater for transportation to an active management area under A.R.S. § 45-559 if the director determines that the withdrawals for that purpose will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B) of this Section.
- B. The director shall determine that the withdrawals of groundwater will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells if any of the following apply:
  1. Except as provided in subsection (C) of this Section, the director determines that the probable impact of the groundwater withdrawals on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the withdrawals. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts of the groundwater withdrawals on water levels will exceed 10 feet of additional drawdown after the first five years of the withdrawals. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection;
  2. The director determines that the proposed well or wells will be located in an area of known land subsidence and the groundwater withdrawals will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the groundwater withdrawals on regional land subsidence. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist

- the director in making a determination under this subsection; or
3. Except as provided in subsection (D) of this Section, the director determines, after consulting with ADEQ, that the groundwater withdrawals will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study demonstrating whether the groundwater withdrawals will have the effect described in this subsection. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection.
- C. If the director determines under subsection (B)(1) of this Section that the probable impact of the groundwater withdrawals on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the withdrawals, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the groundwater withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- D. If the director determines that the groundwater withdrawals will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the groundwater withdrawals will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the withdrawals. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. At any time before a final determination under this Section, the applicant may:
1. Amend the application to change the location of the proposed well or wells or the amount of groundwater to be withdrawn from the proposed well or wells to lessen the degree of impact on wells of record or regional land subsidence; or
  2. Agree to construct or operate the proposed well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The director shall indicate in the permit that compliance with the agreement is a condition of the permit to use the well or wells to withdraw groundwater for transportation to an active management area under A.R.S. § 45-559.

#### R12-15-1306. Well Spacing Requirements - Applications for Water Exchange Permits Under A.R.S. § 45-1041

- A. The director shall not approve an application for a water exchange permit filed under A.R.S. § 45-1041 by a person other than a city, town, private water company or irrigation district if the director determines that any new or increased pumping by the applicant from a well or wells within an active management area pursuant to the water exchange will cause unreasonably increasing damage to surrounding land or other water users under subsection (B) of this Section.
- B. The director shall determine that new or increased pumping by the applicant from a well or wells within an active management area will cause unreasonably increasing damage to surrounding land or other water users if any of the following apply:
1. Except as provided in subsection (C) of this Section, the director determines that the probable impact of the new or increased pumping on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the pumping. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study delineating those areas surrounding the proposed well or wells in which the projected impacts of the new or increased pumping on water levels will exceed 10 feet of additional drawdown after the first five years of the pumping. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection;
  2. The director determines that the new or increased pumping will occur in an area of known land subsidence and the pumping will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the director in making a determination under this subsection, the applicant may submit a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the new or increased pumping on regional land subsidence. The director may require the applicant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection; or

3. Except as provided in subsection (D) of this Section, the director determines, after consulting with ADEQ, that the new or increased pumping will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence as of the date of receipt of the application, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the director in making a determination under this subsection, the applicant may submit with the application a hydrological study demonstrating whether the new or increased pumping will have the effect described in this subsection. If the applicant does not submit such a hydrological study with the application, the director may require the applicant to submit the study if the director determines that the study will assist the director in making a determination under this subsection.
- C. If the director determines under subsection (B)(1) of this Section that the probable impact of the new or increased pumping on any well of record in existence as of the date of receipt of the application will exceed 10 feet of additional drawdown after the first five years of the pumping, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
  1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- D. If the director determines that the new or increased pumping will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence as of the date of receipt of the application, the director shall notify the applicant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the applicant submits one of the following for each well of record identified in the notice:
  1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The applicant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the applicant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- E. At any time before a final determination under this Section, the applicant may:
  1. Amend the application to change the location of the proposed well or wells or the amount of the new or increase pumping to lessen the degree of impact on wells of record or regional land subsidence; or
  2. Agree to construct or operate the proposed well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. The director shall indicate in the water exchange permit that compliance with the agreement is a condition of the water exchange permit.

New Section made by final rulemaking at 12 A.A.R.  
2193, effective August 7, 2006 (Supp. 06-2).

#### R12-15-1307. Well Spacing Requirements - Notices of Water Exchange Under A.R.S. § 45-1051

- A. A notice of water exchange participant may not participate in a water exchange for which a notice is filed under A.R.S. § 45-1051 if the director determines that any new or increased pumping by the person from a well or wells within an active management area pursuant to the water exchange will cause unreasonably increasing damage to surrounding land or other water users under subsection (B) of this Section.
- B. The director shall determine that new or increased pumping from the well or wells in an active management area will cause unreasonably increasing damage to surrounding land or other water users if any of the following apply:
  1. Except as provided in subsection (C) of this Section, the director determines that the probable impact of the new or increased pumping on any well of record in existence when the pumping commenced or is proposed to commence will exceed 10 feet of additional drawdown after the first five years of the pumping. To assist the director in making a determination under this subsection, the notice of water exchange participant may submit to the director a hydrological study delineating those areas surrounding the notice of water exchange participant's well or wells in which the projected impacts of the new or increased pumping on water levels will exceed 10 feet of additional drawdown after the first five years of the pumping. The director may require the notice of water exchange participant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection;
  2. The director determines that the new or increased pumping is in an area of known land subsidence and the pumping will likely cause unreasonably increasing damage from additional regional land subsidence. To assist the director in making a determination under this subsection, the notice of water exchange participant may submit to the director a hydrological study, which may include a geophysical evaluation, demonstrating the impact of the pumping on regional land subsidence. The director may require the notice of water exchange participant to submit such a hydrological study if the director determines that the study will assist the director in making a determination under this subsection; or
  3. Except as provided in subsection (D) of this Section, the director determines, after consulting with ADEQ, that the new or increased pumping will likely cause the migration of contaminated groundwater from a remedial action site to a well of record in existence when the pumping com-

menced or is proposed to commence, resulting in a degradation of the quality of the water withdrawn from the well of record so that the water will no longer be usable for the purpose for which it is currently being used without additional treatment, and that the damage to the owner of the well of record will not be prevented or adequately mitigated through the implementation of a program regulated under Title 49 of the Arizona Revised Statutes, or a program regulated by EPA or DOD. To assist the director in making a determination under this subsection, the notice of water exchange participant may submit to the director a hydrological study demonstrating whether the new or increased pumping will have the effect described in this subsection. The director may require the notice of water exchange participant to submit such a study if the director determines that the study will assist the director in making a determination under this subsection.

- C. If the director determines under subsection (B)(1) of this Section that the probable impact of the new or increased pumping on any well of record in existence when the pumping commenced or is proposed to commence will exceed 10 feet of additional drawdown after the first five years of the pumping, the director shall notify the notice of water exchange participant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(1) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the notice of water exchange participant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The notice of water exchange participant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the notice of water exchange participant made a reasonable attempt to locate the current owner of the well of record but was unable to do so.
- D. If the director determines that the new or increased pumping will have the effect described in subsection (B)(3) of this Section on one or more wells of record in existence when the pumping commenced or is proposed to commence, the director shall notify the notice of water exchange participant in writing of the location of the wells of record and the names and addresses of the owners of the wells as shown in the Department's well registry. The director shall not determine that the new or increased pumping will cause unreasonably increasing damage to surrounding land or other water users from the concentration of wells under subsection (B)(3) of this Section if within 60 days after the date on the notice, or a longer time period approved by the director, the notice of water exchange participant submits one of the following for each well of record identified in the notice:
1. A signed and notarized consent form from the owner of the well of record consenting to the new or increased pumping. The notice of water exchange participant shall use the consent form furnished by the director; or
  2. Evidence satisfactory to the director that the address of the owner of the well of record as shown in the Department's well registry records is inaccurate and that the notice of water exchange participant made a reasonable

attempt to locate the current owner of the well of record but was unable to do so.

- E. At any time before a final determination under this Section, the notice of water exchange participant may agree to construct or operate the well or wells in a manner that lessens the degree of impact on wells of record or regional land subsidence. Compliance with the agreement is a condition for the use of the well to pump water for the water exchange.

#### R12-15-1308. Replacement Wells in Approximately the Same Location

- A. For purposes of A.R.S. §§ 45-544, 45-596, and 45-597, a replacement well in approximately the same location is a proposed well to which all of the following apply:
1. The proposed well will be located no greater than 660 feet from the original well, and the location of the original well can be determined at the time the notice of intention to drill the proposed well is filed;
  2. Except as provided in subsections (A)(3) and (A)(4) of this Section, the proposed well will not annually withdraw an amount of water in excess of the maximum annual capacity of the original well. The director shall determine the maximum annual capacity of the original well by multiplying the maximum pump capacity of the original well in gallons per minute by 525,600, and then converting the result into acre-feet by dividing the result by 325,851 gallons. The director shall presume that the maximum pump capacity of the original well is the maximum pump capacity of the well in gallons per minute as shown in the Department's well registry records, except that:
    - a. If the director has reason to believe that the maximum pump capacity as shown in the Department's well registry records is inaccurate, or if the applicant submits evidence demonstrating that the maximum pump capacity as shown in the Department's well registry records is inaccurate, the director shall determine the maximum pump capacity by considering all available evidence, including the depth and diameter of the well and any evidence submitted by the applicant; or
    - b. If the Department's well registry records do not show the maximum pump capacity of the original well, the director shall not approve the proposed well as a replacement well in approximately the same location unless the applicant demonstrates to the director's satisfaction the maximum pump capacity of the original well;
  3. If a well permit was issued for the original well under A.R.S. § 45-599, the proposed well will not annually withdraw an amount of groundwater in excess of the maximum annual volume set forth in the well permit;
  4. If a recovery well permit was issued for the well to be replaced pursuant to A.R.S. § 45-834.01(B) and the permit sets forth a maximum annual volume of stored water that may be recovered from the well, the proposed well will not annually recover an amount of stored water in excess of the maximum annual volume set forth in the recovery well permit;
  5. If the well to be replaced has been physically abandoned in accordance with R12-15-816, a notice of intention to drill the proposed well is filed no later than 90 days after the well to be replaced was physically abandoned; and

6. If the proposed well will be used to withdraw groundwater from the Little Colorado river plateau groundwater basin for transportation away from the basin pursuant to A.R.S. § 45-544(B)(1), one of the following applies:
  - a. The original well was drilled on or before January 1, 1991, or was drilled after that date pursuant to a notice of intention to drill that was on file with the Department on that date; or
  - b. The director previously determined that the withdrawal of groundwater from the original well for transportation away from the Little Colorado river plateau groundwater basin complies with R12-15-1304.
- B. After a replacement well in approximately the same location is drilled, the replacement well may be operated in conjunction with the original well and any other wells that replaced the original well if the total annual withdrawals from all wells do not exceed the maximum amount allowed under subsection (A)(2), (A)(3), or (A)(4) of this Section, whichever applies.
- C. A proposed well may be drilled as a replacement well in approximately the same location for more than one original well if the criteria in subsections (A)(1), (A)(5), and (A)(6) of this Section are met with respect to each original well and if the total annual withdrawals from the proposed well will not exceed the combined maximum annual amounts allowed for each original well under subsections (A)(2), (A)(3), or (A)(4) of this Section, whichever apply.
- D. The director may include conditions in the approval of the notice of intention to drill the replacement well to ensure that the drilling and operation of the replacement well meets the requirements of this Section.

## ARTICLE 1. SCHOOL BUS MINIMUM STANDARDS

## R13-13-101. Definitions

In this Chapter, unless otherwise specified:

“Accident” means any unexpected occurrence involving a moving or non-moving school bus that results in any bodily injury or fatality to a passenger or non-passenger, damage to personal or real property outside the school bus, or damage to the school bus that affects the integrity of the school bus or results in a major defect as described in R13-13-108(B).

“Alternately flashing signal lamps” means a system of red or red and amber lamps that are mounted horizontally to both the front and rear of the school bus body and used to inform the public that the school bus is preparing to stop or has stopped to load or unload passengers. Alternately flashing signal lamps can be either a four-lamp system as described in R13-13-107(17)(c)(i) or an eight-lamp system as described in R13-13-9-107(c)(ii).

“Alteration” means any addition, modification, or removal of any equipment or component after a school bus is inspected by the Department, which may affect the operations of the school

bus; compliance with the statutes or rules applicable to school buses; or the health, safety, or welfare of any individual.

“Applicant” means an individual who submits an application to the Department to obtain a certificate to operate a school bus.

“ASE” means National Institute of Automotive Service Excellence.

“Auxiliary fan” means a device mounted inside the school bus body used to supplement the heating, defrosting, or air-conditioning systems by circulating air in the school bus.

“Behind-the-wheel instructor” means an individual qualified under R13-13-103 to provide behind-the-wheel training to applicants.

“Behind-the-wheel training” means the complete physical control of a school bus by an applicant while accompanied by and under direct observation of a behind-the-wheel instructor.

“Belt cutter” means a hand-held instrument containing a blade used to sever a seat belt or a wheelchair-securement device.

“Certificate” means a written authorization issued by the Department to operate a school bus in Arizona.

“Chassis” means the part of a school bus that consists of all base components, including the frame, front and rear suspension, exhaust system, brakes, engine, engine hood or cover, transmission, front and rear axles, front fenders, drive train and shaft, fuel system, engine air intake and filter, clutch and accelerator pedals, steering wheel, tires, heating and cooling system, battery, and controls and instruments to operate the school bus.

“Chassis cowl” means those parts of a Type C school bus that are located in front of the cowl and attached before a school bus manufacturer adds the school bus body.

“Citation” has the same meaning as at A.R.S. § 28-1872.

“Classroom instructor” means an individual qualified under R13-13-103 to provide classroom training to:

Applicants to operate a school bus,

Individuals becoming qualified to teach classroom training,

Individuals becoming qualified to teach techniques of behind-the-wheel training, or

School bus drivers taking refresher training.

“Classroom training” means the courses required by the Department of an applicant before the applicant is certified or of an individual seeking qualification as a classroom or behind-the-wheel instructor.

“Commercial driver license” has the same meaning as at A.R.S. § 28-3001.

“Controlled substances and alcohol testing” means a determination of an applicant's or school bus driver's use of marijuana, cocaine, phencyclidine, opiates, amphetamines, and alcohol

prescribed by 49 CFR 382, October 2006 (no later amendments or editions), and conducted in accordance with the procedures at 49 CFR 40, October 2006 (no later amendments or editions), both published by the U.S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, D.C. 20402-9328, incorporated by reference, and on file with the Department; and a determination of an applicant's or school bus driver's use of marijuana, cocaine, phencyclidine, opiates, amphetamines, barbiturates, benzodiazepines, methadone, and propoxphene as required by these rules and conducted in accordance with a procedure that is generally accepted in the scientific community to be accurate and reliable.

“Cowl” means the portion of the chassis in a Type C school bus that separates the school bus engine from the school bus driver's compartment.

“Cutaway van” means a chassis to which a completed driver's compartment is attached before a school bus manufacturer adds a school bus body.

“dB(A)” means decibels A scale, a term denoting that noise level has been adjusted to duplicate human hearing.

“Driver's compartment” means the part of a school bus body that is separated from the passenger compartment by a barrier and contains the controls and instruments for the operation of the school bus.

“Emergency-brake system” means mechanical components used to slow or stop a school bus after a failure of the service-brake system.

“Emergency exit” means an opening in a school bus, including a door, push-out window, or roof hatch, used to unload passengers in the event of an occurrence that requires immediate evacuation of the school bus.

“Employer” means a private business or school district that hires applicants and certified school bus drivers to operate school buses.

“Frame” means the structural foundation upon which a school bus chassis is constructed.

“Frontage road” means a street that parallels an interstate highway and furnishes access to streets and property that would otherwise be unreachable from the interstate highway.

“Gross vehicle weight rating” means the value specified by the manufacturer as the maximum total loaded weight of a school bus, calculated in accordance with R13-13-106(27).

“Health care professional” means:

A physician licensed to practice medicine under A.R.S. § 32-1401 et seq., osteopathy under A.R.S. § 32-1800 et seq., or chiropractic under A.R.S. § 32-900 et seq.;

A physician licensed to practice medicine, osteopathy, or chiropractic in a state contiguous to Arizona;

A physician employed by the United States government and licensed by a state or territory of the United States;

A physician assistant licensed under A.R.S. § 32-2501 et seq.; or

A registered nurse practitioner licensed under A.R.S. § 32-1601 et seq.

“Highway” has the same meaning as at A.R.S. § 28-101.

“Identification” means the signs, lettering, or numbers placed on the interior or exterior of a school bus body, including the glass areas, but does not include the lettering, numbers, or

logos of a manufacturer or distributor of the manufacturer's product.

“Ignition power-deactivation switch” means a device that when set causes the engine of a motor vehicle to stop operating if the transmission is placed into gear or the parking-brake system is released.

“Interstate highway” means the designation given by the federal government to the system of highways connecting two or more states of the United States.

“Lamp” means a device that is covered by a lens and used to produce artificial light.

“Major defect” means a condition that exists to the interior or exterior of a school bus that causes the Department or owner to place the school bus out of service while the defect is being corrected.

“Manufacturer” means an entity engaged in the manufacturing or assembling of a school bus chassis, school bus body, or school bus chassis and body.

“Medical practitioner” has the same meaning as at A.R.S. § 32-1901.

“Minor defect” means a condition that exists to the interior or exterior of a school bus that is not a major defect and allows the school bus to remain in operation while the defect is being corrected.

“Off-duty” means the time a school bus driver is not on-duty.

“On-duty” means the period between the time a school bus driver begins to work for the employer or is required to be ready to work for the employer until the time the school bus driver is relieved from work and all responsibility for performing work for the employer. The time on-duty is used only to determine when a school bus driver must be provided time off-duty. Time on-duty may be compensated by the employer or an entity other than the employer or may be uncompensated. On-duty includes:

All time at an employer's place of business, waiting to be dispatched;

All time performing an operations check of a school bus in accordance with R13-13-108, or servicing or conditioning a school bus;

All time driving a school bus, including loading or unloading the school bus, and remaining in readiness to drive a school bus;

All time, at the direction of the employer, travelling but not driving a school bus or assuming any other responsibility to the employer. If the school bus driver is afforded at least eight consecutive hours off-duty upon arrival at the school bus driver's destination after travelling but not driving a school bus or assuming any other responsibility to the employer, the school bus driver shall be considered off-duty for the entire period travelling but not driving the school bus or assuming any other responsibility to the employer;

All time repairing, obtaining assistance, or remaining in attendance upon a disabled school bus;

All time preparing required reports and records;

All time providing a breath or urine sample, including travel time to and from the collection site, to comply with the testing requirements of this Chapter;

All time performing any other work for the employer; and

All time performing any compensated work for any entity other than the employer.

“Out of service” means a school bus cannot be used to transport passengers.

“Owner” means the public or governmental agency or institution or private company in whose name a school bus is titled.

“Parking-brake system” means mechanical components used to prevent the movement of a school bus while loading or unloading a passenger or when the school bus is parked.

“Passenger” means an individual who rides in a school bus but does not participate in the operation of the school bus.

“Passenger compartment” means that part of the school bus body that is separated from the school bus driver's compartment by a barrier and holds the passengers to be transported.

“Physical examination” means an evaluation of an applicant's or school bus driver's medical status performed by a health care professional according to this Article.

“Physical examination form” means the Arizona Department of Transportation, Motor Vehicle Division, Medical Examination Report, which is used to record the results of a physical examination and may be obtained from the Department or Arizona Department of Transportation, Motor Vehicle Division.

“Physical performance test” means an evaluation of an applicant's or school bus driver's reflexes, agility, and strength performed according to this Article.

“Physical performance test form” means the document used to record the results of a physical performance test and may be obtained from the Department.

“Push-out window” means safety glass enclosed in a frame on a school bus that moves to the outside of the school bus when force is applied to the window from inside the school bus.

“Refresher training” means the courses required by the Department of each school bus driver to maintain certification as a school bus driver in Arizona.

“Restraining barrier” means a structure located in front of any school bus seat that restricts the forward motion of a passenger.

“Rub rail” means a horizontal steel bar attached to the outside of a school bus body used to reinforce the sides of the school bus.

“Safety glass” has the same meaning as at A.R.S. § 28-959(F).

“School” means a school as defined by A.R.S. § 15-101(19), accommodation school as defined by A.R.S. § 15-101(1), charter school as defined by A.R.S. § 15-101(3), or private school as defined by A.R.S. § 15-101(18).

“School bus” has the same meaning as at A.R.S. § 28-101.

“School bus body” means a structure assembled upon a chassis designed to carry a school bus driver and passengers.

“School bus driver” means an individual who is certified by the Department as meeting the requirements at A.R.S. § 28-3228 and R13-13-102 to operate a school bus in Arizona.

“School district” has the same meaning as at A.R.S. § 15-101(20).

“Service-brake system” means mechanical components used to slow or stop a school bus.

“Service door” means a metal structure used to close the opening of a service entrance.

“Service entrance” means an opening in a school bus used to load or unload passengers.

“Special needs school bus” means a school bus that is designed to transport disabled passengers, some of whom may use a wheelchair, and is constructed with a service entrance and a special-service entrance.

“Special-service entrance” means an opening in a school bus that accommodates a wheelchair lift for the loading or unloading of a passenger who uses a wheelchair.

“Special-service entrance door” means a metal structure used to close the opening of a special-service entrance.

“Street” has the same meaning as at A.R.S. § 28-101.

“Traffic control signal” has the same meaning as at A.R.S. § 28-601.

“Training” means the instruction, courses, classes, or workshops provided by the Department or the employer that are required to obtain or maintain certification as a school bus driver or qualification as a classroom or behind-the-wheel instructor, or qualification to administer the physical performance test in Arizona.

“Transport” or “transporting” means a school bus driver sets a school bus in motion to carry passengers or objects authorized by the school district to be carried in a school bus.

“Type A school bus” means a conversion bus constructed utilizing a cutaway front section vehicle with a left side driver's door. This definition includes two classifications: Type A-1, with a Gross Vehicle Weight Rating (GVWR) of 14,500 pounds or less; and Type A-2, with a GVWR greater than 14,500 pounds and less than or equal to 21,500 pounds.

“Type B school bus” means a school bus constructed utilizing a stripped chassis. The entrance door is behind the front wheels. This definition includes two classifications: Type B-1, with a GVWR of 10,000 pounds or less, and Type B-2, with a GVWR greater than 10,000 pounds.

“Type C school bus,” also known as a conventional style school bus, means a school bus constructed utilizing a chassis with a hood and front fender assembly. The entrance door is behind the front wheels. A Type C school bus may have a cutaway truck chassis or truck chassis with cab with or without a left side door and with a GVWR greater than 21,500 pounds.

“Type D school bus,” also known as a rear engine or front engine transit-style school bus, means a school bus constructed utilizing a stripped chassis. The entrance door is ahead of the front wheels.

“Van” means a covered or enclosed truck.

“Wheelchair” means a mobility aid consisting of a frame, seat, and three or four wheels, which is used to support and carry a disabled passenger.

“Wheelchair lift” means an electric hydraulic mechanism and platform in a school bus used to raise and lower a passenger in a wheelchair.

“Wheelchair-lift platform” means a horizontal surface upon which a wheelchair sits while being raised or lowered.

“Wheelchair-passenger restraint” means a combination of a pelvic and an upper torso restraint, including buckles and fasteners, designed to secure a passenger in a wheelchair within a school bus.

“Wheelchair-passenger restraint anchorage” means equipment for fastening wheelchair-passenger restraints to the interior of a school bus.

“Wheelchair-securement anchorage” means equipment for fastening a wheelchair-securement device to a school bus floor.

“Wheelchair-securement device” means a strap or webbing, including buckles and fasteners, used for fastening a wheelchair to a wheelchair-securement anchorage.

“Wheelchair-securement system” means components used to fasten a wheelchair to the interior of a school bus, including a wheelchair-securement anchorage and a wheelchair-securement device.

Amended by final rulemaking at 14 A.A.R. 2110, effective May 8, 2008 (Supp. 08-2). New Section R13-13-101 recodified from R17-9-101 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).

#### R13-13-102. Certification of School Bus Drivers

**A.** Certification requirements: An individual shall not operate a school bus in Arizona without being certified by the Department. An applicant for certification shall:

1. Be a minimum of 18 years of age;
2. Submit all of the following to the Department through the employer:
  - a. A completed fingerprint card and fingerprint card processing fee;
  - b. An application signed and dated by the applicant that states the applicant's:
    - i. Name, home address, and home phone number;
    - ii. Any alias ever used by the applicant;
    - iii. Social Security number;
    - iv. Date of birth;
    - v. Arizona commercial driver license number;
    - vi. Date of previous application for certification, if any;
    - vii. Intended employer's name;
    - viii. Convictions for a felony or misdemeanor, if any, in this state or any other state; and
    - ix. Total points accumulated against the applicant's driving record during the two years immediately preceding the date of application using the point system contained in A.A.C. R17-4-404;
  - c. Completed physical examination form, completed physical performance test form, and results of controlled substances testing; and
  - d. A verification made under penalty of perjury that all submitted information is true and complete;
3. Possess a current Arizona commercial driver license under A.R.S. § 28-3101;
4. Possess any Arizona driver license endorsement required under A.R.S. § 28-3103;
5. Meet the driving record requirements listed in this Article; and
6. Complete the training requirements listed in this Article.

**B.** Physical examination

1. An applicant or school bus driver shall submit to a physical examination that is conducted by a health care professional in accordance with the physical examination form. An applicant or school bus driver is qualified to be certified as a school bus driver only if the health care professional conducts the physical examination in accordance with the physical examination form and concludes that the applicant or school bus driver has no condition that would interfere with the applicant's or school bus driver's ability to:
    - a. Operate a school bus safely,
    - b. Evacuate a school bus during an emergency or during a drill required under R13-13-104(D), and
    - c. Perform the operations checks required under R13-13-108(D).
  2. An applicant or school bus driver who is insulin dependent shall obtain the waiver described in A.A.C. R17-5-208.
  3. An applicant shall submit the completed physical examination form and, if applicable, a copy of the waiver required under subsection (B)(2), to the Department through the employer.
  4. The initial physical examination of an applicant, conducted in accordance with the physical examination form, expires 24 months from the date of the physical examination unless a shorter time is specified by the health care professional who administers the physical examination. A school bus driver shall submit to a physical examination before the expiration date of the previous physical examination and send the completed physical examination form to the Department through the employer before the end of the month in which the previous physical examination expires.
  5. If a health care professional determines that further testing of an applicant or school bus driver is needed by an ophthalmologist or optometrist, the health care professional shall refer the applicant or school bus driver to:
    - a. An ophthalmologist licensed under A.R.S. § 32-1401 et seq.,
    - b. An optometrist licensed under A.R.S. § 32-1701 et seq.,
    - c. An ophthalmologist licensed to practice ophthalmology or optometrist licensed to practice optometry by a state contiguous to Arizona, or
    - d. An ophthalmologist licensed to practice ophthalmology or optometrist licensed to practice optometry by any state or territory of the United States and employed by the United States government.
  6. In addition to the physical examinations required by this Article, the Department or the employer may require a physical examination of an applicant or school bus driver for an impairment that would affect the ability to perform the activities listed in subsection (B)(1). The Department or employer shall base its decision to require an additional physical examination upon consideration of the appearance or actions of the applicant or school bus driver or of medical information received by the Department regarding the applicant or school bus driver. The applicant or school bus driver shall submit results of a physical examination conducted under this subsection to the Department through the employer within 30 days of the date of the physical examination.
- C.** Controlled substances and alcohol testing
1. An applicant or school bus driver shall submit to alcohol and controlled substances testing as required by A.R.S. § 28-3228(C)(2) and as prescribed by this Article and 49

CFR 382 October 2006 (no later amendments or editions). The testing shall be conducted in accordance with the procedures at 49 CFR 40 October 2006 (no later amendments or editions), both published at the U.S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, D.C. 20402-9328, incorporated by reference and on file with the Department, except for the changes in 49 CFR 40 and 49 CFR 382 listed in subsections (C)(1)(a) through (C)(1)(i).

2. In addition to the testing required by 49 CFR 382, an applicant shall submit to testing for the use of marijuana, cocaine, opiates, amphetamines, phencyclidine, benzodiazepines, barbiturates, methadone, and propoxyphene by a procedure that is generally accepted in the scientific community to be accurate and reliable.
3. In addition to the testing required by 49 CFR 382, a school bus driver shall submit annually to testing for the use of marijuana, cocaine, opiates, amphetamines, phencyclidine, benzodiazepines, barbiturates, methadone, and propoxyphene by a procedure that is generally accepted in the scientific community to be accurate and reliable.
4. The employer shall ensure that a school bus driver is tested for use of marijuana, cocaine, opiates, amphetamines, phencyclidine, benzodiazepines, barbiturates, methadone, or propoxyphene or alcohol when required to

do so by these rules or when requested by the Department.

5. The employer shall submit any and all negative results of testing done under subsection (C) to the Department within 30 days of the date of testing or within 12 months of the school bus driver's previous test, whichever is sooner, by providing the Department a copy of the report submitted to the employer by the entity that conducted the testing.
  6. The employer shall immediately notify the Department by telephone of any and all positive results of testing done under subsection (C) and shall submit to the Department within five days a copy of the report submitted to the employer by the entity that conducted the testing.
- D. Physical performance test**
1. An applicant shall pass a physical performance test that consists of the following eight standards:
    - a. Climbing and descending the steps of a school bus three times in 30 seconds;
    - b. Alternately activating the throttle and the service-brake system of a school bus 10 times in 10 seconds;
    - c. Depressing and holding the clutch, if applicable, and service-brake system of a school bus for three seconds, five consecutive times;
    - d. Opening and closing a manually operated service door three times without stopping. If the school bus has an automatic service door, operate the manual override of the service door;
    - e. Operating at least two hand controls, one on each side of the steering wheel, within eight seconds while maintaining control of a moving school bus;
    - f. Starting in a seat-belted position, exit a school bus from the rear-most floor-level emergency exit within 20 seconds;
    - g. Carrying or dragging a 125-pound object 30 feet in 30 seconds; and
    - h. Lowering a 30-pound object from a floor-level emergency exit to the ground and lifting the same object from the ground to the school bus floor.
  2. A school bus driver who is certified on the effective date of this subsection shall pass the physical performance test within one year from the effective date of this subsection.
  3. A school bus driver shall pass the physical performance test again no later than 24 months after previously passing the physical performance test.
  4. An applicant or school bus driver who fails the physical performance test may take the test again after 24 hours. An applicant or school bus driver may take the physical performance test no more than three times in 90 days. If an applicant fails the physical performance test on the third attempt, the Department shall not further consider the applicant for certification unless the applicant complies again with the requirements of this Section.
  5. The employer shall ensure that a school bus driver who fails the physical performance test does not operate a school bus until the school bus driver passes the physical performance test.
  6. If a school bus driver takes and fails the physical performance test three times, the Department shall cancel the school bus driver's certification.
  7. An employer shall ensure that the physical performance test is administered by a person who has completed Department-authorized training, using the largest type of school bus that an applicant or school bus driver may be required to operate.

8. A person who administers the physical performance test shall either pass or fail the applicant or school bus driver taking the test, complete the physical performance test form, and submit the completed form to the Department and the employer within seven days of the physical performance test.
- E. Driving record
  1. During the 24 months before the date of application or during any 24-month period while certified as a school bus driver, an applicant or school bus driver shall not accumulate eight or more points against a driving record in this state using the point system contained in A.A.C. R17-4-404.
  2. During the 10 years before the date of application, an applicant shall not have repeatedly received citations for violation of traffic law.
- F. Training requirements of a school bus driver
  1. Before being certified by the Department as a school bus driver, an applicant shall complete a minimum of 14 hours of classroom training in the following:
    - a. State and federal traffic laws,
    - b. Behind-the-wheel driving operations,
    - c. School bus driver's responsibilities to passengers and school,
    - d. Inspections and operations checks,
    - e. Records and reports,
    - f. Special needs transportation, and
    - g. Accidents and emergencies.
  2. An employer shall ensure that classroom training is taught by a classroom instructor who is qualified under R13-13-103.
  3. At least seven days before classroom training, the classroom instructor shall notify the Department in writing of the date, time, and location of classroom training. The classroom instructor shall notify the Department by any means available at least 24 hours before the date, time, or location of classroom training is changed or canceled.
  4. After completion of classroom training, the classroom instructor shall administer to the applicant a written examination standardized by the Department.
    - a. The written examination shall consist of a combination of 50 true or false, multiple choice, and fill-in-the-blank questions. The examination questions shall cover the topics listed in subsection (F)(1).
    - b. Each question has a value of two points. To pass the examination an applicant shall receive a score that equals or exceeds 80% of the total possible score.
    - c. If an applicant is unable to read or speak English, the employer shall arrange to have the examination administered orally to the applicant in the language with which the applicant is most familiar.
    - d. If an applicant does not pass the examination on the first attempt, the applicant may take an examination two more times within 12 months of the first attempt. A different examination shall be administered to an applicant who is taking an examination for the second or third time. The period between examinations shall be a minimum of 24 hours. If the applicant fails the examination on the third attempt, the applicant shall be considered further only if the applicant complies again with the requirements in this Section.
  5. The classroom instructor shall submit the following information in a written report to the Department and the employer within seven days from the date of the conclusion of a classroom training course:
    - a. Instructor's name,
    - b. Instructor's identification number,
    - c. Date of training,
    - d. Location of training,
    - e. Number of hours of training taught by the classroom instructor,
    - f. Each applicant's name, and
    - g. Each applicant's examination score.
6. In addition to the report required under subsection (F)(5), the classroom instructor shall maintain and submit to the employer within seven days from the conclusion of a classroom training course, a classroom-training course log that includes:
  - a. Instructor's name,
  - b. Instructor's identification number,
  - c. Date of the training course,
  - d. Name of each applicant attending the training course,
  - e. Subject matter taught in each hour, and
  - f. Which hours of training were attended by each applicant.
7. In addition to the classroom training, an applicant shall complete behind-the-wheel training consisting of a minimum of 20 hours operating a school bus in Arizona.
  - a. An employer shall ensure that behind-the-wheel training is taught by a behind-the-wheel instructor who is qualified under R13-13-103.
  - b. During behind-the-wheel training, a behind-the-wheel instructor shall be present and observing the applicant while the applicant is operating the school bus.
  - c. The employer shall ensure that no one except the applicant, behind-the-wheel instructor, employer, and Department employees are aboard the school bus while the applicant actually operates the school bus.
  - d. The behind-the-wheel instructor shall maintain and submit to the employer within seven days from the conclusion of the applicant's behind-the-wheel training, a behind-the-wheel training log that includes:
    - i. Instructor's name,
    - ii. Instructor's identification number,
    - iii. Applicant's name,
    - iv. Date of each behind-the-wheel training session, and
    - v. Actual number of hours at each training session that the applicant operates a school bus.
  - e. At the conclusion of behind-the-wheel training, the behind-the-wheel instructor shall use a copy of the Proof of Completion of Behind-the-wheel Training and Driving Test form to administer to the applicant the driving test described on the form. The driving test shall measure the applicant's ability to operate a school bus safely and in a manner consistent with state law. The behind-the-wheel instructor shall either pass or fail the applicant and submit the completed form to the Department and the employer within seven days of the driving test.
- G. First aid and cardiopulmonary resuscitation
  1. Before being certified, an applicant shall complete classroom instruction in cardiopulmonary resuscitation and basic first aid. The instruction in cardiopulmonary resuscitation shall include performing cardiopulmonary resuscitation on adults, children, and infants.
  2. The instruction shall be conducted by an individual currently certified as an instructor in first aid and cardiopul-

monary resuscitation by a program approved by a nationally recognized organization such as the American Heart Association, American Red Cross, National Safety Council, American Safety and Health Institute, or Arizona Bureau of Mines; by an emergency medical technician licensed in Arizona; or by an agency of the U.S. government.

3. An applicant shall submit to the Department, through the employer, a copy of the front and back of the first-aid card and cardiopulmonary resuscitation card issued to the applicant or other written documentation as proof of completion of the first-aid and cardiopulmonary resuscitation training.
  4. A school bus driver shall renew first-aid and cardiopulmonary resuscitation training before expiration of the current training. Renewal instruction shall be provided by an individual described in subsection (G)(2). The school bus driver shall submit to the Department, through the employer, a copy of the front and back of the first-aid card and cardiopulmonary resuscitation card or other written documentation as proof of renewal of training.
- H.** The Department shall process an application for certification as a school bus driver under R13-13-109.
- I.** Refresher training
1. A school bus driver shall have refresher training no later than 24 months following completion of the training required by subsection (F). Refresher training shall consist of a minimum of 6 1/2 hours of classroom training in the topics listed in subsection (F)(1).
  2. After completing the first refresher training, the school bus driver shall complete a minimum of 6 1/2 hours of classroom training in the topics listed in subsection (F)(1) every 24 months following the last refresher training.
  3. An employer shall ensure that refresher training is taught by a classroom instructor who is qualified under R13-13-103.
  4. A classroom instructor shall teach refresher training and shall submit the following information in a written report to the Department and the employer within seven days from completion of the refresher training:
    - a. Instructor's name,
    - b. Instructor's identification number,
    - c. Date of training,
    - d. Location of training,
    - e. Number of hours of training taught by the classroom instructor,
    - f. Each school bus driver's name, and
    - g. Each school bus driver's certification number.
  5. In addition to the report required under subsection (I)(4), the classroom instructor shall maintain and submit to the employer within seven days from the conclusion of a refresher training course, a refresher-training course log that includes:
    - a. Instructor's name,
    - b. Instructor's identification number,
    - c. Date of the refresher training course,
    - d. Name and certification number of each school bus driver attending the refresher training course,
    - e. Subject matter taught in each hour, and
    - f. Which hours of refresher training were attended by each school bus driver.
- J.** Records
1. The employer shall maintain qualification and training records of an applicant who is certified and of a school bus driver who terminates employment, and qualification records of an applicant who is denied certification, for 24

months from the date of certification, termination of employment, or denial of certification.

2. The employer shall maintain records of testing required under subsection (C) in accordance with 49 CFR 382.401, October 2006 (no later amendments or editions), published at the U. S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, D.C. 20402-9328, incorporated by reference, and on file with the Department. In this subsection, "controlled substances," as used in 49 CFR 382.401, means marijuana, cocaine, opiates, amphetamines, phencyclidine, benzodiazepines, barbiturates, methadone, and propoxyphene.
  3. The employer shall transfer the records of a school bus driver to a subsequent employer upon written request by the subsequent employer or school bus driver.
  4. Qualification records include:
    - a. Application,
    - b. Driving record,
    - c. Copy of physical examination form, and
    - d. Physical performance test form.
  5. Training records include:
    - a. A copy of the classroom-training course log required under subsection (F)(6) that shows the applicant's attendance,
    - b. A copy of the refresher-training course log required under subsection (I)(5) that shows the school bus driver's attendance,
    - c. The classroom training examination score,
    - d. The applicant's behind-the-wheel training log,
    - e. The Proof of Completion of Behind-the-wheel Training and Driving Test form,
    - f. A copy of the first-aid card and cardiopulmonary resuscitation card or other written documentation of completion of first-aid and cardiopulmonary resuscitation training, and
    - g. A copy of the school bus driver certification card issued by the Department.
- K.** Denial, cancellation, or suspension of certificate
1. Based on an assessment of the totality of the circumstances, the Department may deny a certificate to an applicant or may cancel or suspend a certificate of a school bus driver for:
    - a. Failing to meet or comply with the requirements of this Article;
    - b. Being convicted of or subject to an outstanding warrant for any felony;
    - c. Being convicted of or subject to an outstanding warrant for any misdemeanor reasonably related to the occupation of a school bus driver including, but not limited to:
      - i. Citation for any moving motor vehicle violation, including but not limited to, violations of A.R.S. § 28-1591 et seq.;
      - ii. Driving under the influence (A.R.S. § 28-1381 et seq.);
      - iii. Any sexual offense (A.R.S. § 13-1401 et seq.);
      - iv. Any abuse of a child (A.R.S. § 13-3623); or
      - v. Use, sale, or possession of a controlled substance (A.R.S. § 13-3401 et seq.).
    - d. Demonstrating behavior that endangers the educational welfare or personal safety of students, teachers, or school bus drivers or other co-workers;
    - e. Providing false, incomplete, or misleading information to the Department;

- f. Driving or being in actual physical control of a school bus under a circumstance listed in A.R.S. § 28-1381(A);
  - g. Under A.R.S. §§ 28-3301 through 28-3322, having a commercial driver license canceled, suspended, revoked, or denied; or
  - h. Having a verified positive result to any controlled substance or alcohol test required by subsections (C)(1), (2), or (3), at any time.
2. Any conviction, violation, warrant, or other misconduct described in this Section shall be considered, whether or not the school bus driver was operating a school bus at the time of the conviction, violation, warrant, or other misconduct.
  3. An applicant who is denied a certificate or a school bus driver whose certificate is canceled or suspended may request a hearing within 30 days from the date of receipt of the notice of the denial, cancellation, or suspension. The hearing shall be conducted according to the procedures contained in A.R.S. Title 41, Chapter 6, Article 10.
  4. The Department shall inform an applicant who is denied a certificate or a school bus driver whose certificate is canceled or suspended of the amount of time that must elapse before the applicant or the school bus driver may reapply for certification. The Department shall include this information in the notice of denial, cancellation, or suspension and the notice of final order, if any, served on the applicant or school bus driver. In determining the amount of time that must elapse before reapplication, the Department shall consider:
    - a. The seriousness of the offense leading to denial, cancellation, or suspension;
    - b. The frequency with which the offense occurred; and
    - c. The amount of time required to correct the offense.
- L.** If a school bus driver is terminated from or leaves employment, the employer shall provide written notice to the Department within 30 days of the termination or leaving. If a school bus driver transfers employment from one employer to a second employer, within 14 days of the transfer the second employer shall provide written notice to the Department of the:
1. School bus driver's name,
  2. School bus driver's certification number,
  3. Name of the transferring employer, and
  4. Effective date of the transfer.
- Historical Note**
- Adopted effective February 16, 1996 (Supp. 96-1).

Amended by final rulemaking at 14 A.A.R. 2110, effective May 8, 2008 (Supp. 08-2). New Section R13-13-102 recodified from R17-9-102 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).
- R13-13-103. Qualification of Classroom and Behind-the-wheel Instructors**
- A.** To be qualified as a classroom instructor, an individual shall:
1. Submit to the Department through the employer, the following two letters:
    - a. A letter from, signed, and dated by the individual that states the individual's:
      - i. Name, home address, and home phone number;
      - ii. Social Security number;
- iii. Date of birth;
- iv. Current employer's name, address, and phone number;
- v. Dates of all previous letters submitted under this subsection; and
- b. A letter from the current employer recommending that the individual be considered as a classroom instructor; and
- 2.** Pass a written examination standardized by the Department:
- a. The written examination shall consist of a combination of 50 true or false, multiple choice, and fill-in-the-blank questions. The examination questions shall cover the topics listed in R13-13-102(F)(1).
  - b. Each question has a value of two points. To pass the examination, an individual shall receive a score that equals or exceeds 90% of the total possible score.
  - c. If an individual taking the written examination is unable to read or speak English, the employer shall arrange to have the examination administered orally in the language with which the individual is most familiar.
  - d. If an individual does not pass the examination, the individual may take a second examination that is different from the first examination.
  - e. If an individual fails to pass the second examination, the individual may receive further consideration by submitting again the letters required by subsection (A)(1) and taking the written examination required by this subsection.
  - f. The employer shall submit each individual's examination score to the Department within seven days from the date of the examination.
- B.** To remain qualified as a classroom instructor, a classroom instructor shall teach a minimum of 12 hours of classroom or refresher training every 24 months from the date the classroom instructor is first recognized by the Department as qualified.
- C.** To be qualified as a behind-the-wheel instructor, an individual shall:
1. Be certified continuously as a school bus driver in Arizona for the 12 months immediately before submitting the letters described in subsection (C)(2) and be employed as a certified school bus driver at the time of qualification as a behind-the-wheel instructor;
  2. Submit to the Department through the employer, the following two letters:
    - a. A letter from, signed, and dated by the individual that states the individual's:
      - i. Name, home address, and home phone number;
      - ii. Social Security number;
      - iii. Commercial driver license number;
      - iv. Current employer's name, address, and phone number;
      - v. Dates of all previous letters submitted under this subsection; and
    - b. A letter from the current employer recommending that the individual be considered as a behind-the-wheel instructor; and
  3. Pass a written examination standardized by the Department:
    - a. The written examination shall consist of a combination of 50 true or false, multiple choice, and fill-in-the-blank questions. The examination questions shall cover the topics listed in R13-13-102(F)(1).

- b. Each question has a value of two points. To pass the examination, an individual shall receive a score that equals or exceeds 80% of the total possible score.
  - c. If an individual is unable to read or speak English, the employer shall arrange to have the examination administered orally in the language with which the individual is most familiar.
  - d. If an individual does not pass the examination, the individual may take a second examination that is different from the first examination.
  - e. If an individual fails to pass the second examination, the individual may receive further consideration by submitting again the letters required by subsection (C)(2) and taking the written examination required by this subsection.
  - f. The employer shall submit each individual's examination score to the Department within seven days from the date of the examination.
- D.** To remain qualified as a behind-the-wheel instructor, a behind-the-wheel instructor shall maintain certification as a school bus driver in this state and teach a minimum of 12 hours of behind-the-wheel training every 24 months from the date the behind-the-wheel instructor is first recognized by the Department as qualified.
- E.** Records
- 1. The employer shall maintain the following records for each classroom and behind-the-wheel instructor for 24 months from the date the instructor is first recognized by the Department as qualified.
    - a. Letter submitted under subsection (A)(1)(a) or (C)(2)(a),
    - b. Letter of recommendation submitted under subsection (A)(1)(b) or (C)(2)(b), and
    - c. Examination score.
  - 2. The Department shall maintain the documents required under R13-13-102(F)(5) and (I)(4) for 24 months.
- F.** The Department shall not recognize an individual as qualified to be a classroom or behind-the-wheel instructor if the individual:
- 1. Fails to meet or comply with the requirements of this Article;
  - 2. Is convicted of or subject to an outstanding warrant for a felony;
  - 3. Is convicted of or subject to an outstanding warrant for a misdemeanor reasonably related to the occupation of a school bus driver, including:
    - a. Civil traffic violation (A.R.S. § 28-1591 et seq.);
    - b. Driving under the influence (A.R.S. § 28-1381 et seq.);
    - c. Any sexual offense (A.R.S. § 13-1401 et seq.);
    - d. Any abuse of a child (A.R.S. § 13-3623); or
    - e. Use, sale, or possession of a controlled substance (A.R.S. § 13-3401 et seq.);
  - 4. Provides false, incomplete, or misleading information to the Department;
  - 5. Drives or is in actual physical control of a school bus under a circumstance listed in A.R.S. § 28-1381(A); or
  - 6. Under A.R.S. §§ 28-3301 through 28-3322, has a commercial driver's license canceled, suspended, revoked, or denied.
- G.** If a classroom or behind-the-wheel instructor is terminated from or leaves employment, the employer shall provide written notice to the Department within 30 days of the termination or leaving. If a classroom or behind-the-wheel instructor transfers employment from one employer to a second employer,

within seven days of the transfer the second employer shall provide written notice to the Department of the:

- 1. Name of the classroom or behind-the-wheel instructor,
- 2. Identification number of the classroom or behind-the-wheel instructor,
- 3. Name of the transferring employer, and
- 4. Effective date of the transfer.

#### R13-13-104. Minimum Standards for School Bus Operation

- A.** A school bus driver shall perform operations checks of a school bus as required by R13-13-108.
- B.** Loading or unloading of passengers:
- 1. As of February 16, 1996, an eight-lamp system as described in R13-13-107(17) shall be installed on a school bus before it is introduced into Arizona. When preparing to stop a school bus on a street or highway, the school bus driver shall activate the alternately flashing amber lamps of an eight-lamp system or the alternately flashing red lamps of a four-lamp system for a minimum distance of 100 feet, in accordance with A.R.S. § 28-930(B). Whenever the school bus is stopped on a street or highway to load or unload passengers, the school bus driver shall deactivate the alternately flashing amber lamps and activate the alternately flashing red lamps of an eight-lamp system, and extend the stop arm and open the service door.
  - 2. When a school bus driver stops the school bus to load or unload passengers, the school bus driver shall set the parking brake and place the transmission in neutral.
  - 3. The distance between stops for the purpose of loading or unloading passengers shall be no less than 600 feet, unless the school determines that more frequent stops are necessary for safety. The school bus driver shall stop the school bus as near the right edge of the traveled portion of the street or highway as possible.
  - 4. A school bus driver shall not load or unload passengers on the traffic side of the bus.
  - 5. When a school bus driver loads or unloads passengers who must cross a street or highway at a location other than an intersection, the passengers shall cross at least 10 feet in front of the front bumper of the school bus. The school bus driver shall not permit passengers who must cross a street or highway to be unloaded from the school bus until all traffic to the front and rear of the school bus is stopped. The school bus driver shall not move the school bus until all passengers have crossed the street or highway.
  - 6. In intersections that use lighted traffic control signals, a school bus driver shall load or unload passengers no closer than 100 feet of the traffic control signal so the passengers may cross with the traffic control signal, either before or after the school bus proceeds.
  - 7. In intersections without lighted traffic control signals, a school bus driver shall load or unload passengers no closer than 50 feet of the intersection so the passengers

- may cross at the intersection, either before or after the school bus proceeds.
8. A school bus driver shall not stop a school bus on an interstate highway for the purpose of loading or unloading passengers, except that:
    - a. A school bus stop may be established on a frontage road that parallels an interstate highway if no passenger is allowed to cross a divided highway.
    - b. A school bus may stop in a safety rest area as defined by A.R.S. § 28-7901(8) that is part of or adjacent to an interstate highway.
  9. A school bus driver shall load or unload passengers on school grounds only in an area designated by the school and marked with a sign as a school bus loading area.
  10. During loading or unloading of passengers at a designated school bus loading area at a school, the school shall restrict the loading area to school buses, passengers, and school employees assisting in the loading or unloading of passengers.
  11. A school shall allow passengers in a designated school bus loading area only when the passengers are being loaded on or unloaded from a school bus.
  12. A school shall designate all school bus loading areas at locations that prevent backing of the school bus.
  13. In areas at a school not designated as a school bus loading area, a school bus driver shall not back upon or adjacent to the school grounds unless an individual authorized by the school bus driver directs the backing procedure while standing at the rear of the school bus in a position visible to the school bus driver. This provision does not apply to a school bus garage or school bus storage area where passengers are not allowed.
  14. Immediately before a school bus driver engages in backing a school bus, the school bus driver shall sound the horn to warn motorists and pedestrians of the backing procedure. This provision does not apply if the school bus is equipped with an alarm that operates automatically when the school bus is backing.
  15. In addition to the requirements for railroad grade crossings contained in A.R.S. § 28-853, a school bus driver shall comply with the following:
    - a. Use hazard warning lights as described in A.R.S. § 28-947(D) within a minimum of 100 feet of a railroad grade crossing to warn motorists of an intended stop.
    - b. Shut off any radio, compact-disc player, and other source of sound within 50 feet of a railroad grade crossing.
    - c. Stop the school bus, with or without passengers aboard, at a railroad grade crossing when traffic at the railroad grade crossing is not directed by a police officer.
    - d. While stopped at a railroad grade crossing at which traffic is not directed by a police officer, activate the noise suppression switch, completely open the service door and the window to the left of the driver and, by hearing and sight, determine that it is safe to cross. Before proceeding, close the service door. Deactivate the noise suppression switch after crossing the tracks.
    - e. Do not stop to load or unload passengers within 200 feet of a railroad grade crossing. This provision does not prohibit stops at a railroad station or on a highway that parallels the railroad tracks.
  16. When a school bus driver loads a wheelchair passenger on a school bus, the school bus driver shall secure both the wheelchair and the wheelchair passenger using the systems described in R13-13-105(E).
- C. An employer shall not allow or require a school bus driver to drive a school bus nor shall a school bus driver drive a school bus:
    1. For more than 10 hours after having been off-duty for a minimum of eight consecutive hours;
    2. For any period after having been on-duty for 15 hours after having been off-duty for a minimum of eight consecutive hours;
    3. After having been on-duty 60 hours in any seven consecutive days if the employer does not operate school buses for seven consecutive days; or
    4. After having been on-duty 70 hours in any eight consecutive days if the employer operates school buses every day of the week.
  - D. Other requirements:
    1. A school bus driver shall wear a seat belt whenever the school bus is in motion.
    2. While operating a school bus, a school bus driver shall wear closed-toe, closed-heel shoes that will not interfere with driving the school bus safely or performing other duties of the school bus driver.
    3. A school bus driver shall comply with all state traffic laws while operating a school bus except that the school bus driver shall not exceed 65 miles per hour or the posted speed limit, whichever is less, when operating the school bus on an interstate highway.
    4. Any person boarding or attempting to board a school bus, whether or not a passenger, shall comply with all instructions given by a school bus driver. If a passenger or a non-passenger boards or attempts to board a school bus and refuses to comply with the school bus driver's instructions, the school bus driver may seek emergency assistance to remove the passenger or non-passenger from the school bus, or prevent the passenger or non-passenger from boarding.
    5. All passengers shall sit with their backs against the seat backs, their legs facing towards the front of the school bus, and all parts of their bodies clear of all aisles whenever the school bus is in motion.
    6. A school bus driver shall not transport in a school bus more passengers than the rated capacity stated by the school bus manufacturer.
    7. A school bus driver shall close the service doors of a school bus before operating the school bus. The service doors shall remain closed whenever the school bus is in motion.
    8. A school bus driver shall not place the transmission in neutral or coast with the clutch disengaged on a downhill grade.
    9. The driver of a school bus equipped with a two-speed axle shall not shift the axle while descending any hill posted with grade warning signs.
    10. A school bus driver shall ensure that a school bus is not fueled in a closed building, while the school bus engine is running or while passengers are on board.
    11. A school bus driver or passenger shall not use tobacco in any form on a school bus.
    12. A school bus driver shall not carry on a school bus or consume any beverage containing any alcohol while on-duty with the employer or within eight hours before going on-duty with the employer.
    13. A school bus driver shall not eat or drink on a school bus unless the school bus is completely stopped.

## Department of Public Safety – School Buses

14. A school bus driver shall not at any time carry on a school bus or use a controlled substance.
  15. A passenger shall not carry on a school bus or consume while being transported in a school bus, any beverage containing any alcohol.
  16. A passenger shall not carry on a school bus or consume while being transported in a school bus, any dangerous or narcotic drug, as defined in A.R.S. § 13-3401, unless:
    - a. A medical practitioner authorized by the state to write a prescription for the dangerous or narcotic drug has prescribed the dangerous or narcotic drug for the passenger who is carrying or consuming it;
    - b. The school district governing board establishes written policies and procedures regarding the administration of a dangerous or narcotic drug by a trained district employee to a passenger who is being transported in a school bus; and
    - c. The parent or legal guardian of a passenger to whom a dangerous or narcotic drug is administered while being transported in a school bus provides prior written authorization for the dangerous or narcotic drug to be administered to the passenger by a trained district employee.
  17. A school bus driver shall not assume responsibility for transporting any medication, whether prescription or over-the-counter, that belongs to a passenger.
  18. A school bus driver shall not transport animals, insects, or reptiles in a school bus with the exception of service animals, as defined at A.R.S. § 11-1024(J), which assist disabled passengers.
  19. Except for eyeglasses, a passenger or school bus driver shall not carry or transport glass objects on a school bus.
  20. A school bus driver or passenger shall not carry on or transport in a school bus an explosive device, gun, knife, or other weapon as defined by school-district policy.
  21. A passenger shall not place any part of the passenger's body out of a school bus window or door except when exiting the school bus.
  22. When instruments or equipment related to musical or athletic events are transported on a school bus, the school bus driver shall transport them as follows:
    - a. Instruments or equipment shall not occupy seating space if needed for a passenger,
    - b. Instruments or equipment shall not be placed in the school bus driver's compartment or step-well of the school bus,
    - c. Instruments or equipment shall be under the passenger's control at all times or secured in the school bus, and
    - d. Instruments or equipment shall not block an aisle or emergency exit of the school bus at any time.
  23. A passenger who carries onto a school bus an object other than an instrument or equipment related to musical or athletic events shall control the object at all times or secure the object in the school bus. If the passenger is not able to control or secure the object in the school bus, the passenger shall not carry the object onto the school bus.
  24. A school bus driver shall ensure that all objects inside the school bus are under a passenger's control or secured in a manner that prevents the objects from causing physical injury to others or affecting the safe operation of the school bus.
  25. A school bus driver shall not drive a school bus with a trailer or other vehicle attached to the school bus.
  26. A school bus driver shall stop the school bus and check the wheels and tires for wear, damage, and inflation after every two continuous hours of driving.
  27. All school buses shall have and school bus drivers shall use a two-way voice communication system. The two-way voice communication system shall only be used to assist the school bus driver with passenger transportation.
  28. Except as provided in subsection (D)(27), a school bus driver shall not use audio headsets, earphones, earplugs, Bluetooth devices, cellular phones, personal digital assistants, or other interactive wireless devices, whether or not hands-free, when the school bus is in operation.
  29. Except when complying with R13-13-108(D), if a school bus driver leaves the driver's compartment, the school bus driver shall set the parking-brake system, place a standard transmission in either first or reverse gear, place an automatic transmission in park or neutral, and turn off the ignition and remove the ignition key from an ignition that uses a key, or set the ignition power-deactivation switch of an ignition that does not use a key.
  30. Each time a school bus driver unloads passengers and it appears that no passengers remain on the school bus, the school bus driver shall inspect the interior of the school bus for passengers remaining and objects left on the school bus. If the school bus is equipped with a child alert notification system as described in R13-13-106(6), the school bus driver shall complete all procedures required by the child alert notification system, in addition to the school bus driver's inspection of the interior of the school bus.
  31. At least twice during every school year, a school shall conduct an evacuation drill of a school bus at the school that includes every passenger who rides a school bus and is in school on the day of the evacuation drill. At least 14 days before an evacuation drill, a school shall submit to the Department a written notice stating the date, time, and location of the evacuation drill. Each school bus driver shall participate in a minimum of two evacuation drills during every school year. Evacuation drills shall include:
    - a. Practice and instruction in the location, use, and operation of the emergency exits, fire extinguishers, first aid equipment, windows as a means of escape, and communication systems;
    - b. Practice and instruction in when and how to approach, load, unload, and move away from the school bus a minimum of 100 feet;
    - c. Instructions on how weather-related hazards affect emergency procedures; and
    - d. Instructions on the importance of orderly conduct.
  32. A white, flashing, strobe lamp as described in R13-13-107(17)(f) may be used only during conditions that produce low visibility or that are hazardous.
  33. An owner shall ensure that no lock, except as provided in R13-13-107(10)(h), is installed on any school bus emergency exit or service door.
  34. A school bus driver shall ensure that nothing obstructs or interferes with the use of any school bus emergency exit or service door.
  35. A school bus driver, passenger, or school administrator shall immediately report to the employer any violation of these rules or state statutes that the school bus driver, passenger, or school administrator reasonably believes threatens the health, safety, or welfare of a passenger.
- E. Reports and recordkeeping:

1. Immediately following any accident involving a school bus, the school bus driver shall report the accident to the employer.
2. Immediately upon receiving notification of any accident involving a school bus, the employer shall notify the Department of the accident by telephone. The employer shall submit written verification of the accident to the Department within 72 hours of the telephone notification.
3. Immediately upon becoming aware of a violation of these rules or state statutes that a reasonable person could conclude caused injury to or threatened the health, safety, or welfare of a passenger, the employer shall notify the Department of the violation by telephone. The employer shall submit a written report of the violation to the Department within 72 hours of the telephone notification.
4. No later than 14 days after an evacuation drill, a school district shall submit to the Department a written report of the evacuation drill identifying the school district, participating school, date, and number of participants.
5. From the date on which a record is created, the employer shall maintain for three years the following written records for each school bus driver:
  - a. On a daily basis, the period of time each school bus driver is on-duty for the employer including the date, each start and quit time, and the total number of hours on-duty for the employer.
  - b. On a daily basis, the total number of hours on-duty for an entity other than the employer during the previous seven days.
6. A school bus driver who performs any compensated work for an entity other than the employer shall provide the employer, in writing, the name and telephone number of the entity and the number of hours the school bus driver works each day for the entity.
7. A school bus driver who receives a citation, whether on-duty or off-duty, shall immediately inform the employer by telephone about the citation and shall submit a copy of the citation to the employer within five days.

New Section R13-13-104 recodified from R17-9-104 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).

#### R13-13-105. Special Needs Standards

##### A. General requirements:

1. As of February 16, 1996, before being introduced into Arizona, a school bus used for transporting disabled passengers shall comply with the minimum standards applicable to school buses and the specifications contained in this Section. A school bus used for transporting disabled passengers that was introduced into Arizona before that date shall comply with the minimum standards in these rules, including this Section, or those at A.A.C. R17-4-608.
  2. Any school bus that is used for transporting a passenger who uses a wheelchair shall be equipped with a wheelchair lift.
  3. A wheelchair lift shall be located on the side of the bus body opposite the school bus driver. The wheelchair lift shall not be attached to the exterior sides of the school bus and shall be confined within the school bus body when not extended.
  4. Any school bus that is used for transporting disabled passengers shall be equipped with a belt cutter that is accessible only to the school bus driver. The belt cutter shall be secured in a location within reach of the school bus driver while belted into the driver's seat. The school bus may be equipped with additional belt cutters. Additional belt cutters shall be accessible only to the school bus driver or adult aides or attendants.
- ##### B. Special-service entrance:
1. A school bus used for transporting disabled passengers shall have a special-service entrance of a width and depth to accommodate a wheelchair lift. The special-service entrance shall have a minimum clear opening of 30 inches horizontally to allow for the passage of a wheelchair.
  2. The special-service entrance shall be located on the side of the bus opposite the school bus driver and far enough to the rear of the school bus to prevent the special-service entrance door from obstructing the service door when the special-service entrance door is open.
  3. A drip molding shall be installed above the special-service entrance to divert water from the special-service entrance.
  4. The frame surrounding the special-service entrance shall provide support and strength at least equal to at the conventional service and emergency doors.
- ##### C. Special-service entrance doors:
1. A school bus used for transporting passengers in wheelchairs shall provide a special-service entrance door not to exceed 50 inches in width.
  2. Two doors may be used for a special-service entrance on a school bus, if the doors are equipped with a positive latching mechanism to prevent accidental opening.
  3. The special-service entrance door shall be constructed to open toward the exterior of the school bus. A Type A school bus is exempt from this provision if its special-service entrance door is provided by the school bus chassis manufacturer.
  4. The special-service entrance door shall have a fastening device attached to the school bus body to hold the special-service entrance door in an open position.
  5. The special-service entrance door shall be weather-sealed by a waterproof cushion affixed to the door or door frame.
  6. Door materials, panels, and structural strength of a special-service entrance door shall be equivalent to the standards contained in R13-13-107 for a service door and an emergency door. Color, rub rail extensions, if installed, lettering, and all exterior features shall match adjacent sections of the school bus body.
  7. The window in the special-service entrance door shall be made of safety glass, mounted in a waterproof manner that is equal to the mounting of the other windows, and aligned with the side windows of the school bus.
  8. A pressure switch shall be installed in the special-service entrance door frame that will actuate a visible signal located in the school bus driver's compartment when the ignition is in the "on" position to warn the school bus driver when the special-service entrance door is not closed.
  9. A switch shall be installed in the special-service entrance door frame so the wheelchair lift will not operate when the special-service entrance door is closed.
- ##### D. Wheelchair lift:

1. A wheelchair lift shall be capable of lifting a minimum load of 800 pounds.
  2. When the wheelchair-lift platform is raised to the maximum position, it shall be held in position by the wheelchair lift.
  3. Controls shall be provided that enable an individual authorized by the school bus driver to activate the wheelchair lift from either inside or outside the school bus.
  4. The wheelchair lift shall be equipped so it may be manually raised or lowered in the event of a power failure to the wheelchair lift.
  5. The wheelchair lift shall contain a safety device to prevent the wheelchair-lift platform from falling.
  6. The wheelchair lift shall be constructed so it allows the wheelchair-lift platform to rest completely on the ground.
  7. All edges of the wheelchair-lift platform shall be designed to restrain the wheelchair and prevent the feet of an individual in the wheelchair from becoming caught during the raising or lowering process.
  8. A barrier shall be attached along the outer non-loading edges of the wheelchair-lift platform that will prevent the wheelchair from rolling off the wheelchair-lift platform when the wheelchair-lift platform is placed in any position other than completely extended on ground level.
  9. A self-adjusting, skid-resistant plate shall be installed on the loading edge of the wheelchair-lift platform to reduce the incline from the wheelchair-lift platform to ground level. This plate shall be used as a restraining barrier on the loading edge of the wheelchair-lift platform. The wheelchair-lift platform shall be skid-resistant.
  10. A school bus may be provided with a battery to be used exclusively to operate the wheelchair lift. If a battery is installed for this purpose, an appropriate size circuit breaker meeting the wheelchair lift manufacturer's specifications shall be installed between the battery and the wheelchair lift motor. The circuit breaker shall be located as close to the power source as possible, but not within the school bus driver's compartment.
  11. The wheelchair lift shall be equipped with an adjustable switch that limits the electrical power to the wheelchair-lift motor and a bypass valve to prevent pressure from building in the hydraulic system when the wheelchair-lift platform reaches the maximum up or down position.
  12. A ramp may be carried on a school bus for use during an occurrence that requires evacuating the school bus. The ramp shall not be stored within the passenger compartment of the school bus.
- E. Wheelchair and wheelchair-passenger securement:**
1. Each wheelchair in a school bus shall be secured in a forward-facing position. Medical equipment and supplies required to accommodate a disabled passenger shall be secured in a school bus by means of alterations approved by the Department in accordance with R13-13-108(G).
  2. Each wheelchair-securement system location in a school bus shall have a minimum clear floor area of 30 inches in width from the interior school bus wall to the aisle and a minimum of 48 inches in length. A wheelchair shall not be placed in a position that prevents passage through the special-service entrance.
  3. Each wheelchair-securement system shall have four full-length tracks, with an L-track four-point tie-down configuration.
  4. The wheelchair-securement system shall provide a minimum of four wheelchair-securement anchorages attached to the school bus floor with a minimum of two anchorages located at the rear of the space designated for a wheelchair and a minimum of two anchorages located at the front of the space.
- F. Dome light:** A dome light shall be placed in the interior ceiling of the school bus to illuminate the wheelchair lift area. The dome light shall be activated by a pressure switch located in the special-service entrance door or by a manually operated switch located in the interior of the school bus no more than one foot from the special-service entrance door. This switch shall be used exclusively for the dome light.
- G. Aisles:** All aisles leading to an emergency door from any wheelchair space shall be a minimum of 30 inches in width. The emergency door opening shall be a minimum of 30 inches in width.
- H. Seating arrangements:** All fixed seats in a special-needs school bus shall be forward facing.
- I. Emblems:** A school bus used for transporting disabled passengers shall display two International Symbol of Accessibility emblems. One emblem shall be placed below the upper window on the emergency door or below the window on the special-service entrance door, and the second emblem shall be placed below the windshield on the side of the bus or on the bumper opposite the school bus driver. The emblems shall be made of blue, reflective material and be a minimum of 6 inches and a maximum of 12 inches in width and height and shall contain a reflective white wheelchair impression with a minimum of 1/8 inch reflective white border around the outer edges of the emblems.
- J. Types A and B school buses used to transport disabled passengers shall comply with the specifications contained in this Section except:**
1. A ramp may be installed in place of a wheelchair lift;
  2. If a ramp is used, it shall be of a strength and rigidity to support a wheelchair, passenger, and an individual attending the wheelchair passenger. The ramp shall be equipped with a barrier on each longitudinal side to prevent the wheelchair from leaving the ramp;
  3. The floor of the ramp shall be covered with nonskid material; and
  4. A ramp shall not be carried in the passenger compartment of a school bus.

Amended by final rulemaking at 7 A.A.R. 2906, effective June 13, 2001 (Supp. 01-2). Amended by final rulemaking at 14 A.A.R. 2110, effective May 8, 2008 (Supp. 08-

2). New Section R13-13-105 recodified from R17-9-105 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).

### **R13-13-106. Minimum Standards for School Bus Chassis**

As of February 16, 1996, the chassis of a school bus shall meet the requirements of this Section when the school bus is introduced into Arizona. The chassis of a school bus introduced into Arizona before that date shall meet the requirements of this Section or those at A.A.C. R17-4-609.

1. Air cleaner: An engine intake air cleaner shall be installed in the school bus that meets engine specifications defined by the school bus manufacturer.
2. Axles: The front and rear axles and suspension assemblies shall have a gross axle weight rating consistent with that stated by the chassis manufacturer on a notice located in the school bus driver's compartment.
3. Back-up alarm: If installed, an alarm that emits a warning sound when the school bus is backing shall conform to the following:
  - a. The alarm-signaling device shall be of electronic, solid state design and shall emit an audible sound of a minimum of 97 dB(A) measured at 4 feet, 0° access from the source of the sound.
  - b. The alarm-signaling device shall be wired into the backup light circuits and shall emit sound automatically when the gear shift lever is in "reverse" position.
  - c. The alarm-signaling device shall be attached to the school bus chassis or body behind the rear axle.
4. Brakes:
  - a. A school bus with a manufacturer-designed passenger capacity of 60 or less shall be equipped with a service-brake system that uses compressed air or hydraulic assist.
  - b. A school bus with a manufacturer-designed passenger capacity greater than 60 shall be equipped with a service-brake system that uses compressed air.
  - c. In addition to the service-brake system, a school bus shall be equipped with a parking-brake system to keep the school bus from moving when parked.
  - d. The service brakes in a compressed-air system shall be adjusted using the following criteria:

Type	Outside Diameter of Air Chamber	Brake Adjustment Limit
6	4 1/2 inches	1 1/4 inches
9	5 1/4 inches	1 3/8 inches
12	5 11/16 inches	1 3/8 inches
16	6 3/8 inches	1 3/4 inches
20	6 25/32 inches	1 3/4 inches
24	7 7/32 inches	1 3/4 inches
30	8 3/32 inches	2 inches
36	9 inches	2 1/4 inches

- e. The service brakes in a "long stroke" clamp type brake system shall be adjusted using the following criteria:

Type	Outside Diameter of Air Chamber	Brake Adjustment Limit
12	5 11/16 inches	1 3/4 inches
16	6 3/8 inches	2 inches
20	6 25/32 inches	2 inches

24	7 7/32 inches	2 inches
24*	7 7/32 inches	2 1/2 inches
30	8 3/32 inches	2 1/2 inches

\*For 3" maximum stroke type 24 chambers

- f. The service-brake system in a compressed-air system shall contain an emergency-brake system that will activate when the air loss in the service-brake system reaches 20 to 40 pounds per square inch.
- g. A school bus using a compressed-air or hydraulic-assist service-brake system shall be equipped with a signal located in the school bus driver's compartment that emits a continuous audible or visible warning to the school bus driver when:
  - i. The air pressure available in a compressed-air braking system is 60 pounds per square inch or less, or
  - ii. There is a loss of fluid flow from the main hydraulic pump or loss of electric source powering the back-up system in a hydraulic-assist system.
- h. A school bus using a compressed-air service-brake system shall be equipped with one or two illuminated gauges located in the school bus driver's compartment that show the pounds per square inch of compressed air available for the operation of the brake.
- i. A compressed-air brake system with a dry reservoir shall have a one-way valve that will prevent the loss of compressed air between the dry reservoir and the source of compressed air.
- j. A brake system with a wet reservoir shall have a valve located at the bottom of the wet reservoir that operates automatically or can be operated remotely or manually to eject the moisture from the reservoir.
- k. Compressed-air or hydraulic-assist brake lines and booster-assist lines shall be installed in a manner that prevents heat, vibration, and chafing damage.
- l. The brake systems of Types C and D school buses shall be installed so the chassis components can be visually inspected to detect brake lining wear without removal of any of the chassis components.
5. Front bumper: The front bumper shall be positioned at the forward-most part of the school bus and extend to the outer edges of the school bus.
6. Child alert notification system: A school bus may be equipped with an electronic or mechanical child alert notification system. If a school bus is equipped with a child alert notification system, the device shall be installed in a manner that does not interfere with any other existing operating or electrical component. A child alert notification system in a school bus shall not have an override or bypass capability.
7. Clutch: The clutch torque capacity shall be equal to or greater than the engine torque output.
8. Color: The chassis, including wheels and front bumper, shall be painted black. The hood and fenders shall be painted National School Bus Yellow as described in R13-13-107(6).
9. Cooling system: A school bus shall be equipped with a cooling system that maintains the engine temperature operating range required to prevent damage to the school bus engine.
10. Drive shaft: Each section of the drive shaft to the rear driving axle shall be protected by a metal guard around its

circumference to reduce the possibility of the drive shaft penetrating through the school bus floor or dropping to the ground.

11. Electrical system:

a. Battery:

- i. The battery shall have a minimum cold-cranking capacity rating equal to the cranking current required by the engine for 30 seconds at 0° F. and a minimum reserve capacity rating of 120 minutes at 25 amperes.
- ii. The battery shall have a higher capacity than specified in subsection (11)(a)(i) if optional equipment installed on the school bus requires the higher capacity.
- iii. Because all batteries are to be secured in a sliding tray in the bus body as required by R13-13-107, chassis manufacturers shall mount batteries temporarily on the chassis frame, except that a van conversion or cutaway front-section chassis may be secured in accordance with the manufacturer's standard configuration. However, in all cases the battery cable provided with the chassis shall have sufficient length to allow some slack, and shall be of sufficient gauge to carry the required amperage.

b. Alternator:

- i. All alternators shall conform to the recommended practices of Standard J180, January 2002 (no later amendments or editions) published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, which is incorporated by reference and on file with the Department.
- ii. All Type A-2 and Type B buses with a GVWR of 15,000 pounds or less shall have an alternator with a minimum of 130 amps.
- iii. All Type A-2 and Type B buses with a GVWR over 15,000 pounds, and all Type C and D buses shall be equipped with a heavy-duty truck or bus-type alternator meeting Standard J180, which is incorporated by reference in subsection (b)(i), having a minimum output rating of 130 amps, and shall produce a minimum current output of 50% of the rating at engine idle speed. The alternator may be either pad-mounted or hinge-mounted.
- iv. Buses equipped with an electrically powered wheelchair lift or air conditioning may be equipped with a device that monitors the electrical system voltage and advances the engine idle speed when the voltage drops to, or below, a pre-set level.
- v. A belt-driven alternator shall be capable of handling the rated capacity of the alternator with no detrimental effect on any other driven components.
- vi. A direct-drive alternator may be installed instead of a belt-driven alternator.
- vii. If the school bus is equipped with an air conditioning system, the alternator shall have a minimum charging rate of 160 amperes per hour.

- viii. The alternator on a school bus shall contain a regulator to control the voltage to the battery.

c. Wiring:

- i. All wiring shall conform to the recommended practices of Standard J1292, October 1981 (no later amendments or editions), published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, incorporated by reference and on file with the Department.
- ii. All wiring shall use a standard color or number coding and each chassis shall contain a wiring diagram that details the wiring of the chassis.
- iii. The chassis shall be equipped with a connection to provide electrical power to the school bus. The connection shall be located on the chassis cowl or on the engine compartment of a school bus designed without a chassis cowl. The connection shall contain terminals for the main 100 ampere body circuit, tail lamps, right-turn signal, left-turn signal, stop lamps, backup lamps, and instrument panel lights. The instrument panel lights shall have a rheostat control.

12. Engine horsepower: The gross vehicle weight rating of a school bus shall not exceed 185 pounds for each engine horsepower as published by the manufacturer on a notice located on the school bus engine.

13. Exhaust system:

- a. The exhaust pipe, muffler, and tailpipe shall be located under the school bus body and attached to the chassis.
- b. The tailpipe shall be constructed of a corrosion-resistant tubing material at least equal in strength and durability to 16-gauge steel tubing.
- c. The exhaust system on a gasoline-powered chassis shall be insulated from the fuel tank and fuel tank connections by a shield at any point where the exhaust system is 12 inches or less from the fuel tank or fuel tank connections.

14. Frame:

- a. A school bus frame shall be of a design and strength capable of supporting the gross vehicle weight of the school bus.
- b. A school bus frame shall not be altered for any purpose.
- c. Holes in top or bottom flanges of frame rails are not permitted except as provided by the manufacturer. There shall be no welding to the frame rails except by the chassis or body manufacturer or the manufacturer's certified agent.
- d. The school bus frame shall not be cracked, loose, sagging, or broken.
- e. Brackets securing the cab or the body of the school bus to the frame shall not be loose, broken, or missing.
- f. The frame rail flanges shall not be bent, cut, or notched, except as specified by the manufacturer.
- g. All accessories mounted to the school bus shall be secured as specified by the manufacturer.
- h. Holes shall not be drilled in the top or bottom rail flanges, except as specified by the manufacturer.

15. Front fenders of a Type C school bus: The outer edges of the front fenders shall be wider than the outer edges of the

- front tires when the front wheels are in the straight-ahead position.
16. Fuel system:
    - a. A school bus shall contain a fuel tank with a minimum 30-gallon capacity, with a minimum dispersion of 25 gallons of fuel to the engine. The fuel tank shall be vented to the outside of the school bus body so fuel spillage will not contact any part of the exhaust system.
    - b. On a Type B, Type C, or Type D school bus, no portion of the fuel system that is located outside of the engine compartment, except the filler tube, shall extend above the top of the chassis frame.
    - c. A fuel filter with replaceable element shall be installed between the fuel tank and engine.
    - d. The fuel line that supplies fuel to the engine shall be located at the top of the fuel tank.
  17. Horn: A school bus shall be equipped with at least one horn capable of producing a sound level between 82 and 102 dB(A) when tested according to the Standard J377, March 2001 (no later amendments or editions) published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, incorporated by reference and on file with the Department.
  18. Instruments and instrument panel:
    - a. The chassis shall be equipped with the following instruments:
      - i. Speedometer;
      - ii. Odometer that will give accrued mileage to seven digits, including tenths of miles;
      - iii. Voltmeter or ammeter;
      - iv. Oil pressure gauge;
      - v. Water temperature gauge;
      - vi. Fuel gauge;
      - vii. Upper beam head lamp indicator;
      - viii. Brake system signal as required by R13-13-106(4)(f);
      - ix. Turn signal indicator; and
      - x. Air pressure or hydraulic gauge.
    - b. The instruments shall be mounted on the instrument panel in the school bus driver's compartment and visible to the school bus driver while seated in the driver's seat.
    - c. The instrument panel shall be equipped with a rheostat switch that controls the illumination to the instrument panel and the gear shift selector indicator.
  19. Oil filter: A replaceable element or cartridge-type oil filter shall be provided with a minimum capacity that meets or exceeds the capacity recommended by the manufacturer of the school bus engine.
  20. Openings: All openings in the floorboard and in the fire wall between the chassis and passenger compartment shall be sealed.
  21. Splash guards:
    - a. A school bus shall be equipped with rear fender splash guards constructed of flexible rubberized material.
    - b. The splash guards shall be wide enough to cover the tire tread width, installed close enough to the tire tread surface to control side-throw of road surface material, and extend to within 8 inches of ground level.
  22. Steering system:
    - a. Power steering is required on all school buses manufactured after January 1, 1984.
    - b. Bracing extending from the center of the steering wheel to the steering wheel ring shall not be cracked or missing.
    - c. The distance of movement of the steering wheel between two points of resistance shall not be greater than the following when measured with the engine running:
 

Steering wheel diameter	Power steering	Manual steering
16 in. or less	6 3/4 inches	4 1/2 in.
18 in.	7 1/8 inches	4 3/4 in.
20 in.	7 7/8 inches	5 1/4 in.
22 in.	8 5/8 inches	5 3/4 in.
    - d. There shall be clearance of at least 2 inches between the steering wheel and any object in the driver's compartment.
    - e. A non-adjustable steering column shall be fastened in a fixed position. An adjustable steering column shall be equipped with a locking mechanism.
    - f. The steering gear housing shall not have loose or missing mounting bolts. There shall not be cracks in the gear housing or its mounting brackets.
    - g. The connecting arm on the steering gear power source shall not be loose.
    - h. The steering wheel shall turn freely in both directions.
    - i. The steering system shall have a means for lubrication of all wear-points.
  23. Suspension:
    - a. Shock absorbers:
      - i. A school bus shall be equipped with front and rear double-acting shock absorbers. Replacements to shock absorbers shall be made according to the specifications of the manufacturer's part number as stamped on the shock absorber.
      - ii. If a school bus is manufactured with tandem rear axles, rear shock absorbers are not required.
    - b. Suspension system:
      - i. Capacity of suspension assemblies shall be commensurate with the chassis manufacturer's gross vehicle weight rating.
      - ii. If leaf-type rear springs are used, they shall be a progressive rate or multi-stage design.
  24. Tires and wheels:
    - a. Tires and wheels shall have an accumulated load rating at least equal to the gross vehicle weight rating.
    - b. Dual rear tires shall be provided on all school buses that have a gross vehicle weight rating of more than 10,000 pounds.
    - c. Each tire on a particular axle shall be the same size.
    - d. All tires on a school bus shall be bias or all tires on a school bus shall be radial and shall not differ more than one size between front and rear axles.
    - e. On a Type C or D school bus, a spare tire, if present, shall be in a carrier mounted outside the passenger compartment.
  25. Transmission: The school bus transmission shall have no fewer than three forward speeds and one reverse speed.
  26. Turning radius:

- a. A chassis with a wheelbase of 264 inches or less shall have a right and left turning radius of not more than 42 1/2 feet, as measured to the edge of the front tire at the outside of a circle as the school bus moves within the circle.
  - b. A chassis with a wheelbase of more than 264 inches shall have a right and left turning radius of not more than 44 1/2 feet, as measured to the edge of the front tire at the outside of a circle as the school bus moves within the circle.
27. Weight:
- a. The gross vehicle weight of a school bus shall not exceed the chassis manufacturer's gross vehicle weight rating for the chassis as recorded on a notice located in the school bus driver's compartment.
  - b. To calculate the gross vehicle weight of a school bus, add the chassis weight, the school bus body weight, the school bus driver's weight, and the total seated passenger weight.
    - i. For the purpose of calculation, the school bus driver's weight is 150 pounds.
    - ii. For the purpose of calculation, the passenger weight is 120 pounds per seated passenger.
  - c. The weight distribution of a school bus on a level surface that is fully loaded according to the gross vehicle weight rating shall not exceed the front axle gross weight rating or rear axle gross weight rating as recorded on a notice located in the school bus driver's compartment.

#### Historical Note

Adopted effective February 16, 1996 (Supp. 96-1).  
 Amended by final rulemaking at 7 A.A.R. 2906, effective June 13, 2001 (Supp. 01-2). Amended by final rulemaking at 14 A.A.R. 2110, effective May 8, 2008 (Supp. 08-2). New Section R13-13-106 recodified from R17-9-106 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).

#### R13-13-107. Minimum Standards for School Bus Body

As of February 16, 1996, the body of a school bus shall meet the requirements of this Section when the school bus is introduced into Arizona. The body of a school bus introduced into Arizona before that date shall meet the requirements of this Section or those at A.A.C. R17-4-610.

1. Air conditioning system: The school bus may be installed with an air conditioning system. If installed, the air conditioning system shall:
  - a. Be of a mechanical vapor compression refrigeration type;
  - b. Be manufactured to conform to the requirements of Standard J639, June 2005 (no later amendments or editions) published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, incorporated by reference and on file with the Department;
  - c. Have sufficient power for simultaneous cooling, circulating, and dehumidifying the air;
  - d. Be provided with refrigerant that is nontoxic, non-flammable, and non-explosive;
  - e. Have all power and grounding installed according to the manufacturer's specifications; and
  - f. Have exhaust system exit from the rear of the vehicle, and extend to, but not more than 2 inches beyond the outer edge of the rear bumper.
2. Aisle:

- a. The center aisle of a school bus shall have a clearance of not less than 12 inches at the bottom of the seat cushion, increasing to 15 inches at the top of the seat backs.
  - b. Aisles to side emergency doors shall have a minimum clearance of 12 inches which may be achieved by using flip-up type seats.
3. Auxiliary fan:
- a. An auxiliary fan, if installed, shall be placed in a location that does not obstruct the school bus driver's view of any mirror located on the school bus.
  - b. An auxiliary fan, if installed, shall have a 6-inch nominal diameter, with the fan blades covered by a protective cage.
  - c. Each installed auxiliary fan shall be controlled by a switch that is independent of any other electrical system.
4. Battery:
- a. A battery shall be secured to a slide-out or swing-out tray in a vented compartment in the school bus body, so the battery is accessible to the outside for servicing. If the battery compartment has a door that is not removable, the door shall be secured by a fastening device when the door is in a closed position. If the battery compartment has a removable cover, the cover shall be secured by a fastening device when the cover is in place.
  - b. The word "Battery" shall be printed in unshaded black letters that are no more than 2 inches in height on the battery-compartment door or cover or immediately above the battery-compartment door or cover.
  - c. Buses with a battery located under the engine hood are exempt from these provisions.
5. Belt cutter: A school bus with passenger seat belts shall be equipped with a belt cutter having a full width hand-grip and a protected, replaceable or non-corrodible blade. The belt cutter shall be mounted in a location accessible to the seated driver, and in an easily detachable manner. The belt cutter shall be accessible only to the school bus driver.
6. Color:
- a. A school bus body shall be painted National School Bus Yellow according to the following specifications and tolerances:
 

Description	Reflectance	Chromaticity	
	Y	X	Y
Centroid	41.5%	.5139	.4434
V+ Light Limit	42.9%	.5139	.4427
V- Dark Limit	39.8%	.5133	.4422
H+ Green Limit	41.6%	.5123	.4368
H- Red Limit	41.7%	.5168	.4489
C+ Vivid Limit	41.5%	.5188	.4457
C- Weak Limit	41.5%	.5095	.4405
  - b. The bumpers, lamp hoods, lettering, and rub rails on a school bus body shall be black.
7. Crossing control arm:
- a. A school bus may be equipped with a crossing control arm. If installed, all components and all connections of the crossing control arm shall:
    - i. Meet the requirements set forth in Standard J1133, November 2004 (no later amendments

- or editions) published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, incorporated by reference and on file with the Department;
- ii. Be mounted on the right side of the front bumper;
  - iii. When opened, extend in a line parallel to the body side and aligned with the right side wheel;
  - iv. Be weatherproofed;
  - v. Incorporate system connectors (electrical, vacuum, or air) at the gate and be easily removable to allow for towing of the school bus;
  - vi. Be constructed of non-corrodible or nonferrous material, or treated in accordance with the school bus body sheet metal specification;
  - vii. Have no sharp edges or projections that could cause injury or be a hazard to students;
  - viii. Be rounded at the end of the crossing control arm;
  - ix. Extend approximately 70 inches (measured from the bumper at the arm assembly attachment point) when in the extended position;
  - x. Not extend past the end of the bumper when in the stowed position;
  - xi. Extend simultaneously with the stop signal arm, activated by the stop signal arm control; and
  - xii. Include a device attached to the bumper near the end of the arm to automatically retain the arm while in the stowed position. The device shall not interfere with the normal operations of the crossing control arm.
- b. An automatic recycling interrupt switch may be installed for temporarily disabling the crossing control arm.
8. Defrosters:
    - a. Defrosting and defogging equipment shall direct a flow of heated air onto the windshield, the window to the left of the driver, and the glass in the viewing area directly to the right of the driver to eliminate frost, fog, and snow.
    - b. The defrosting system shall conform to Standards J381 September 2000 (no later amendments or editions) and J382, September 2000 (no later amendments or editions), both published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001 incorporated by reference and on file with the Department.
    - c. An auxiliary fan shall not be used in place of a defrosting and defogging system.
    - d. A portable heater shall not be used in place of a defrosting or defogging system.
  9. Electrical wiring:
    - a. All electrical wiring on a school bus shall conform to the standards contained in Standard J1292, October 1981 (no later amendments or editions), published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001 and incorporated by reference and on file with the Department.
    - b. Electrical wiring that is coded by color shall be coded as follows:
      - i. Left Rear Directional Light: Yellow
      - ii. Right Rear Directional Light: Dark Green
      - iii. Stoplights: Red
      - iv. Back-up Lights: Blue
      - v. Taillights: Brown
      - vi. Ground: White
      - vii. Ignition Feed, Primary Feed: Black
    - c. Circuits: Electrical wiring circuits shall be protected by a fuse, circuit breaker, or Field Effect Transistor and shall be coded by number or color on an electrical wiring diagram located in the driver's compartment or the electrical access panel door. There shall be at least seven circuits as follows:
      - i. Head, tail, stop, and instrument panel lamps;
      - ii. Clearance and step-well lamps;
      - iii. Dome lamps;
      - iv. Ignition and emergency door signal;
      - v. Turn signal lamps;
      - vi. Alternately flashing signal lamps; and
      - vii. Heaters and defrosters.
    - d. All electrical wires passing through metal openings shall be protected by a non-metal grommet.
    - e. Electrical wires not enclosed within the school bus body shall be fastened at intervals of not more than 18 inches.
  10. Emergency exits: A door, push-out window, or roof hatch used as an emergency exit shall conform to the following:
    - a. On the inside and outside of a school bus, the words "EMERGENCY EXIT" or "EMERGENCY DOOR" shall be printed in black, unshaded letters at least 2 inches high above an emergency door or push-out window and at least 1 inch high on a roof hatch.
    - b. Each emergency exit shall open toward the exterior of the school bus and shall be labeled within 6 inches of the interior release mechanism with black lettering at least 3/8 of an inch high instructing how the exit is to be opened.
    - c. On a Type A school bus with double rear doors used as emergency exits, the rear doors shall be secured with upper, center, and lower latches to the door frame.
    - d. The upper portion of each door used as an emergency exit shall be equipped with a window made of safety glass with an area not less than 400 square inches. A door located in the rear end of the school bus used as an emergency exit shall also contain a lower window panel of safety glass of not less than 350 square inches. A Type A school bus that contains double rear doors used as emergency exits is exempt from this provision.
    - e. There shall be no steps on the outside of the school bus leading to an emergency exit.
    - f. A header pad filled with a material to protect against injury shall be attached to the top edge of the frame of a door used as an emergency exit. The header pad shall be a minimum of 3 inches wide and 1 inch thick and extend the full width of the door opening.
    - g. Each emergency exit shall be equipped with a latch that opens from the inside of the school bus and is connected to an electrical buzzer audible in the driver's compartment that actuates when the latch is being released.
    - h. Except for interlock/barrel bolt devices, if a lock is installed on an emergency exit, the lock shall be secured only by using a key and shall deactivate the ignition system of the school bus when locked.
  11. Emergency equipment:

## Department of Public Safety – School Buses

- a. All emergency equipment shall be mounted in the driver's compartment or adjacent to either side of the service entrance and shall be readily accessible. If the emergency equipment is mounted within a closed compartment, the compartment shall be clearly labeled as containing the emergency equipment.
  - b. Fire extinguisher:
    - i. A school bus shall be equipped with a minimum of one 5-pound pressurized, dry, chemical fire extinguisher of a type rated not less than 2A-10-BC by the Underwriter's Laboratories, Inc., as described by the National Fire Protection Association, Inc., One Batterymarch Park, Quincy, MA 02269, in NFPA 10: Standard for Portable Fire Extinguishers, published in 2006 (no later amendments or editions), incorporated by reference and on file with the Department.
    - ii. A pressure gauge shall be mounted on the fire extinguisher to be readable in its mounted position.
    - iii. The operating mechanism of the fire extinguisher shall be sealed with a type of seal that will not interfere with the use of the fire extinguisher.
  - c. Warning devices: A school bus shall have a minimum of three reflective triangle road-warning devices that comply with the standards at 49 CFR 571.125, October 2006 (no later amendments or editions), published by the U.S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, D.C. 20402-9328, incorporated by reference and on file with the Department.
12. Floor:
- a. The floor beneath the seats, including the tops of the wheel housings and the floor in the driver's compartment, shall be covered with fire-resistant floor-covering material having a minimum overall thickness of .10 inch.
  - b. The aisle floor shall be covered with a fire-resistant ribbed or non-skid floor-covering material with a minimum thickness of .10 inch.
  - c. The floor-covering material shall be bonded to the floor with a waterproof adhesive and shall not crack when subjected to changes in air temperature.
13. Handrail: A handrail at a school bus service entrance shall be secured to the school bus wall in a manner that causes the crevice formed by the distance between the handrail and the wall to pass the inspection procedure described by the National Highway Traffic Safety Administration, Washington, D.C. 20590, in School Bus Safety Assurance Program Recall Listing: January 1991 Through June 1996 (no later amendments or editions), incorporated by reference and on file with the Department.
14. Heating system:
- a. Heaters shall be of the hot-water type.
  - b. The heating system shall be capable of maintaining bus interior temperatures as specified in the procedure set forth in Standard J2233, June 2002 (no later amendments or editions), published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, incorporated by reference and on file with the Department.
  - c. A minimum of one heater shall be a fresh-air or combination fresh-air and recirculating-air type.
  - d. If more than one heater is used, additional heaters may be of recirculating-air type.
  - e. All heater hoses shall be secured in all areas of the school bus body and chassis to prevent wear due to vibration. Heater lines in the interior of the bus shall be covered by a protective shield to prevent scalding of the driver or passengers.
  - f. Except on Type A school buses, the heater system shall include shutoff valves installed at the engine in the water pressure lines and return lines.
15. Identification:
- a. Only signs, lettering, and objects approved by state law or these rules shall appear on the interior or exterior of a school bus, including all glass areas.
  - b. Each school bus owned by a school or a private company shall display either the name of the school and school number, if any, or the name of the private company on each exterior side of the school bus between the rub rails at the center line and seat cushion levels in black unshaded letters that are at least 5 inches in height. Additionally, a school bus owned by a private company that displays the name of the school and school number as described above, may display the company's name on each exterior side of the school bus below the floor line in black unshaded letters that are a maximum of 2 inches in height.
  - c. An identification number assigned to a school bus by an owner shall be placed on the front and rear bumpers of the school bus and on each exterior side of the school bus below the floor line rub rail and forward of the centerline of the school bus. The identification number on each bumper shall be National School Bus Yellow. The identification number on each exterior side shall be black. Each identification number shall be a minimum of 5 inches in height.
  - d. In addition to an identification number, a school bus may be identified by an emblem placed on the loading side of the front bumper or the exterior wall of the loading side below the floor line rub rail and forward of the center line of the school bus, or both. The emblem shall be painted or decaled on or attached to a magnetic backing.
  - e. In addition to an identification number, a school bus may display a route identification sign. If displayed, the route identification sign shall:
    - i. Be installed with a heavy duty Velcro, magnetic, screw-type or similar fixture;
    - ii. Be a minimum of 5 inches in height; and
    - iii. Be located on a flat surface of the bus body, excluding glass.
16. Interior: If the ceiling is constructed with overlapping panels, the first panel placed in the ceiling shall be overlapped by the following panel and each panel shall consecutively overlap to the rear end of the school bus. Exposed edges in the interior of the school bus shall be beaded, hemmed, flanged, or rounded to eliminate sharp edges.
17. Lamps and signals:
- a. All lamps on the exterior of a school bus shall conform to the provisions contained in 49 CFR 393.9 et seq. of the Federal Motor Carrier Safety Regulations, October, 2006 (no later amendments or editions) published at the U.S. Government Printing Office, Superintendent of Documents, Mail Stop:

- SSOP, Washington, D.C. 20402-9328, incorporated by reference and on file with the Department.
- b. Interior lamps shall be provided that illuminate the center aisle and step well.
  - c. Alternately flashing signal lamps:
    - i. When a school bus is equipped with a four-lamp system, the system shall consist of two red alternately flashing signal lamps located one on the left and one on the right above the rear windows of the school bus and two red alternately flashing signal lamps located one on the left and one on the right above the windshield.
    - ii. When a school bus is equipped with an eight-lamp system, the four red alternately flashing signal lamps shall be installed as described in subsection (14)(c)(i) and the four amber alternately flashing signal lamps shall be installed as follows: one amber alternately flashing signal lamp shall be located adjacent to each red alternately flashing signal lamp, at the same level, but closer to the vertical centerline of the school bus. The system of red and amber alternately flashing signal lamps shall be wired so the amber alternately flashing signal lamps are activated manually and the red alternately flashing signal lamps are activated automatically or manually.
    - iii. Except for LED lamps, each alternately flashing signal lamp shall be covered by a lamp hood.
  - d. Turn signal and stop lamps:
    - i. Except as provided in subsections (17)(d)(iii) and (17)(d)(iv), all school buses shall be equipped with amber side-mounted turn signals. The turn signal lamp on the left side of the bus may be mounted rearward of the stop signal arm and the turn signal lamp on the right side may be mounted rearward of the entrance door.
    - ii. Except on Type A school buses, a school bus body shall be equipped with rear turn signal lamps that are at least 7 inches in diameter, or if the lamp shape is other than round, a minimum of 38 square inches of illuminated area. The lens area of the rear turn signal lamps on Type A school buses shall be at least 21 square inches. The rear turn signal lamps shall be connected to the hazard warning switch located in the driver's compartment to allow the school bus driver to activate simultaneous flashing of turn signal lamps when needed as a traffic hazard warning. The rear turn signal lamps shall be located to the far left and right sides of the flat surface of the rear of the school bus body and below the rear window.
    - iii. A Type C school bus may have a double-faced turn signal lamp that is visible from the front and rear of the school bus and mounted on the tops or sides of both front fenders or may have a turn signal lamp mounted on the left and right sides of the grill and may have a turn signal lamp mounted on each side of the school bus body between the window line and the second rub rail and forward of the vertical centerline.
    - iv. A Type D school bus may have a turn signal lamp mounted at the front of the school bus body above each head lamp and may have a turn signal lamp mounted on each side of the school bus body between the window line and second rub rails and forward of the vertical centerline of the school bus.
    - v. A 7 inch diameter stop lamp, or if the lamp shape is other than round, a stop lamp with a minimum of 38 square inches of illuminated area shall be located toward the centerline and adjacent to each of the rear turn signal lamps.
    - e. Backup lamps: A school bus shall be equipped with two backup lamps with clear lenses, located one on the right and one on the left rear panels below the rear windows.
    - f. White flashing strobe lamp: If used on a school bus, a strobe lamp shall have a single clear lens that emits light 360 degrees around its vertical axis and shall be located on the longitudinal centerline of the school bus roof 1/3 to 1/2 of the distance forward from the rear of the school bus body unless this placement restricts the view of the strobe lamp.
      - i. If the view of the strobe lamp is restricted when the strobe lamp is located 1/3 to 1/2 of the distance forward from the rear of the school bus body, the strobe lamp may be mounted immediately to the rear of the roof hatch.
      - ii. The strobe lamp shall be controlled by a manual switch located in the driver's compartment.
      - iii. A pilot lamp shall be located in the driver's compartment to show the school bus driver that the strobe lamp is activated.
18. Mirrors:
    - a. Interior mirror: The interior mirror shall be made of either laminated glass or glass bonded to a backing that will retain the glass in the event of breakage. The interior mirror in Types B, C, and D school buses shall be a minimum of 6 inches in height and 30 inches in length surrounded by a frame with rounded corners. The interior mirror in Type A buses shall be a minimum of 6 inches in height and 16 inches in length.
    - b. Exterior mirrors: A school bus shall comply with the requirements contained in 49 CFR 571.111, October 2006 (no later amendments or editions), published at the U.S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, D.C. 20402-9328, incorporated by reference and on file with the Department.
  19. Noise suppression switch: A school bus shall be equipped with a manual noise suppression switch. Identification shall be provided on or adjacent to the switch, in order to clearly state its purpose and distinguish it from other controls. This switch shall be an on-off type that deactivates body equipment that produces noise, including, at least, the AM-FM radio, heaters, air conditioners, fans, and defrosters. This switch shall not deactivate safety systems, such as windshield wipers or lighting systems.
  20. Overall length: The overall length of a school bus shall not exceed 45 feet including accessories.
  21. Overall width: The overall width of a school bus shall not exceed 102 inches excluding mirrors.
  22. Rear bumper:
    - a. The rear bumper shall be made of a minimum of 3/16 inch thick pressed steel that is a minimum of 8 inches in total height.

- b. The rear bumper shall be wrapped around the back corners of the bus and shall extend toward the front of the school bus for at least 12 inches as measured from the rear-most point of the school bus body at the floor line.
  - c. The rear bumper shall be attached to the chassis frame and braced to support the rear corners of the bumper.
  - d. The rear bumper shall extend at least 1 inch beyond the rear-most part of the school bus body as measured at the floor line.
  - e. The rear bumper shall not be equipped with foot-holds or handles.
  - f. A Type A school bus equipped with the chassis manufacturer's rear bumper is exempt from subsections (22)(a) through (22)(c).
23. Restraining barrier:
- a. The restraining barrier shall be a minimum of 38 inches high as measured from the interior floor of the school bus to the top of the restraining barrier.
  - b. The restraining barrier shall be the same width as the seat directly behind the restraining barrier.
24. Rub rails:
- a. There shall be no fewer than two rub rails located on a school bus as follows:
    - i. One rub rail shall be located on each side of the school bus approximately at seat cushion level and shall extend from the rear post of the service door frame completely around the school bus body, excluding the emergency door, to the front post of the school bus driver's window.
    - ii. One rub rail shall be located on each side of the school bus approximately at the floor line and shall extend from the rear post of the service door frame to the rear corner post of the school bus body and from the front post of the school bus driver's window to the rear corner post on the driver's side
  - b. Rub rails are not required on emergency doors, special-service entrance door, access panels and compartment doors, and wheel well openings.
  - c. Each rub rail shall be attached on the outside of the school bus body at each structural post in the school bus body.
  - d. Each rub rail shall be a minimum of 4 inches in width and constructed of corrugated or ribbed 16-gauge steel.
25. Seat belt for school bus driver: A seat belt for the school bus driver shall be installed in the driver's compartment. The seat belt shall be equipped with a retractor on each side of the school bus driver's seat to keep the seat belt retracted and off the floor when not in use.
26. Seats:
- a. Each seat shall have a minimum depth of 15 inches measured from the front of the seat cushion to the seat back.
  - b. Each seat shall be a minimum of 38 inches in height measured from the interior floor of the school bus to the top of the back cushion.
  - c. Seat spacing shall meet the requirements of 49 CFR 571.222, October 2006 (no later amendments or editions), published at the U.S. Government Printing Office, Superintendent of Documents, Mail Stop: SSOP, Washington, D. C. 20402-9328, incorporated by reference and on file with the Department. Seat spacing shall not be less than 24 inches between the front of a seat back cushion to the back surface of the cushion on the preceding seat. Seat spacing shall be measured at cushion height, at the center of the seat, on a plane parallel to the center line of the bus. The seat upholstery may be placed against the seat cushion padding, but without compressing the padding, before measurement is taken.
  - d. The school bus driver's seat shall be adjustable, without the use of tools, both vertically and horizontally for a minimum of 4 inches. Seats with vertical adjustments are not required on Types A and B school buses.
27. Service door:
- a. The service door shall be located on the right side of the school bus opposite the school bus driver and within direct view of the school bus driver when seated in the school bus driver's seat. Types A and B school buses are exempt from this provision.
  - b. The service door shall have a minimum horizontal opening of 24 inches and a minimum vertical opening of 68 inches. Type A school buses shall have a service door with a minimum opening of 1200 square inches.
  - c. Windows in the upper and lower panels of the service door shall be made of safety glass. The bottom of each lower window panel shall be no more than 10 inches from the top surface of the lower step of the service entrance. The top of each upper window panel shall be no more than 6 inches below the top of the service door. Type A buses are exempt from this provision.
  - d. To protect passengers' fingers, a flexible rubber material shall be attached by number 10 3/4 inch metal screws to the opening and closing edges of the service door. Type A school buses are exempt from this provision.
  - e. The service door shall open towards the exterior of the school bus. A Type A school bus is exempt from this provision if the service door is provided by the school bus chassis manufacturer.
  - f. A header pad, filled with a material to protect against injury, shall be attached to the top edge of the frame of the service door. The header pad shall be at least 3 inches wide and 1 inch thick and extend the full width of the service entrance.
  - g. A Type A school bus with the chassis manufacturer's standard service entrance is exempt from subsections (27)(a) through (27)(d).
28. Steps:
- a. The risers of the steps in the service entrance shall be equal. When plywood is laid over the steel floor of the school bus, the height of the top step may be increased by the thickness of the plywood.
  - b. The first step at the service entrance shall be no less than 10 inches and no more than 16 inches from the ground.
  - c. Steps shall be enclosed in the school bus body.
  - d. Steps shall not extend beyond the side of the school bus body.
  - e. A handrail not less than 10 inches in length shall be provided inside the doorway.
29. Step treads:
- a. All steps, including the floor-line platform area, shall be covered with ribbed or non-skid floor-covering material that is mounted on a metal plate.

- b. The metal back of the step tread shall be a minimum 24-gauge cold rolled steel and shall be permanently bonded to the ribbed or non-skid material.
  - c. If ribbed material is used, the ribbed design shall run from the risers toward the service entrance. Each step tread shall have a 1 1/2 inch white nosing.
- 30. Stirrup steps: There shall be a handle and at least one folding stirrup step or recessed foothold located on each side of the front of a school bus for accessibility for cleaning the windshield and lamps. Type A school buses are exempt from this provision.
- 31. Stop signal arm:
  - a. School buses shall be equipped with a stop signal arm on the left side of the school bus body that extends 90° from the school bus body when opened.
  - b. The stop signal arm shall be either air or electrically driven, and meet the requirements of Standard J1133, November 2004 (no later amendments or editions) published by the Society of Automotive Engineers, Inc., 400 Commonwealth Drive, Warrendale, PA 15096-0001, incorporated by reference and on file with the Department.
  - c. The stop signal arm shall be an 18-inch octagon, constructed of a red material that reflects light, with the word "STOP" printed on both sides in white letters not less than 5 inches high. Additionally, the word "STOP" may be illuminated by a light-emitting diode system on both sides of the stop signal arm.
- 32. Sun shield: An interior adjustable transparent sun shield or visor not less than 6 inches x 30 inches with a finished edge shall be installed over the windshield in the driver's compartment. School buses with a gross vehicle weight rating of 10,000 pounds or less are exempt from this provision.
- 33. Tailpipe:
  - a. The tailpipe shall extend to, but not more than 2 inches beyond, the outer edge of the rear bumper;
  - b. The tailpipe shall exit in the rear of the vehicle behind the rear drive axle, and shall be placed according to the manufacturer's specifications; and
  - c. The tailpipe shall not exit beneath any fuel filler location or beneath any emergency door.
- 34. Undercoating:
  - a. The entire underside of the school bus body, including floor sections, cross member and below-floor-line side panels, shall be coated with rust-proofing material for which the material manufacturer has issued to the bus body manufacturer notarized certification that materials meet or exceed all performance and qualitative requirements of paragraph 3.4 of Federal Specification TT-C-520B, Coating Compound, Bituminous, Solvent Type, Underbody (For Motor Vehicles), February 2, 1973 (no later amendments or editions), published by the General Services Administration acting as an agent for the Superintendent of Documents, Washington D.C. 20402, and incorporated by reference and on file with the Department. Modified test procedures shall be used for the following requirements:
    - i. Salt spray resistance – test modified to 5% salt and 1,000 hours,
    - ii. Abrasion resistance, and
    - iii. Fire resistance.
  - b. Test panels shall be prepared in accordance with paragraph 4.6.12 of Federal Specification TT-C-520B, with a modified procedure requiring that the test shall be made on a 48-hour air-cured film at a thickness recommended by the material manufacturer.
  - c. Undercoating is not required if the underside of the school bus is constructed of noncorrosive material.
  - d. The undercoating material shall be applied with suitable airless or conventional spray equipment to the recommended film thickness and shall show no evidence of voids in the cured film.
- 35. Ventilation: An immovable, non-closing exhaust ventilator shall be installed in the school bus roof.
- 36. Wheel housing:
  - a. The wheel-housing opening shall be large enough to allow for the removal of the tire and wheel.
  - b. The wheel housing shall be constructed of 16-gauge steel or fiberglass of equal strength and sealed to the school bus floor.
  - c. The wheel housing shall not extend more than 12 inches above the floor inside the school bus body and shall not extend into the emergency door opening.
  - d. The wheel housing shall provide clearance for tire chains installed on the tires of the driving wheels.
- 37. Windows: Each side window in the passenger compartment of a school bus body shall provide an unobstructed opening of at least 190 square inches when the window is open.
- 38. Windshield washer system: A windshield washer system that provides an application of cleaning solution to the windshield shall be installed.
- 39. Windshield wipers:
  - a. A windshield wiping system with a minimum of two speeds shall be provided.
  - b. The windshield wipers shall be operated by one or more air or electric motors.

Adopted effective February 16, 1996 (Supp. 96-1).  
 Amended by final rulemaking at 7 A.A.R. 2906, effective June 13, 2001 (Supp. 01-2). Amended by final rulemaking at 14 A.A.R. 2110, effective May 8, 2008 (Supp. 08-2). New Section R13-13-107 recodified from R17-9-107 at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).

#### R13-13-108. Inspection, Maintenance, and Alterations

- A. A school bus shall be inspected by the Department before the school bus is introduced into Arizona to transport passengers.
  - 1. After inspecting a school bus, the Department shall place a decal that contains a number used by the Department to identify the school bus above the school bus driver's side window in the driver's compartment. This decal shall not be removed from the school bus while it is operated in Arizona except by the Department. Before the school bus is transferred or retired from service, the school bus owner shall contact the Department to have this decal removed.
  - 2. If the Department finds that no major defect exists on a school bus, the Department shall place a safety inspection decal that contains the month and year of inspection on the right side of the centerline of the windshield of the school bus in a position that does not interfere with the school bus driver's line of vision.
  - 3. If the Department finds a major defect on the school bus, the Department shall place the school bus out of service. Before the school bus may be placed back into service, the Department shall reinspect the school bus to deter-

mine that the major defect has been corrected. If the major defect has been corrected, the Department shall place a safety inspection decal on the school bus in accordance with subsection (A)(2).

4. If the Department finds a minor defect on a school bus, the Department shall issue an inspection order, but the school bus may be operated to transport passengers while the minor defect is being corrected. A copy of the inspection order shall be returned to the Department within 15 working days from the date of inspection and shall show that the minor defect has been corrected unless, in accordance with the provisions of subsection (A)(5), the school bus owner obtains an extension of time to correct the minor defect.
5. Upon receipt of a written request from the school bus owner, the Department shall grant one or more extensions of time to correct a minor defect if:
  - a. The school bus owner submits to the Department written documentation that the:
    - i. School bus owner's action or inaction did not cause or contribute to the delay in completing the repair;
    - ii. School bus owner has secured a written estimated expedited delivery or completion date from the provider of the materials or services required to complete the repair; and
    - iii. School bus owner made reasonable attempts to secure the materials or services, or materials or

services of equivalent quality, at a substantially similar price from alternate sources; and

- b. The Department determines that an extension of time to correct the minor defect will not increase the probability of an accident involving the school bus or passengers or the risk of injury to the school bus driver or passengers.
6. Each extension of time shall be for 60 days or less. The Department shall determine the length of each extension of time after giving consideration to the information provided under subsection (A)(5)(a). When the minor defect is corrected, the school bus owner shall return to the Department a copy of the inspection order issued by the Department.
7. If a minor defect on a school bus is not corrected within 15 working days or at the end of an extension period, if applicable, the Department shall remove the safety inspection decal and the school bus shall be placed out of service until further inspection by the Department shows that the minor defect is corrected.
- B.** The Department shall use the following criteria to determine whether a major or minor defect is present on a school bus introduced into Arizona on or after February 16, 1996. For a school bus introduced into Arizona before that date, the Department shall determine whether the school bus is in an unsafe condition by using the following criteria or those at A.A.C. R17-4-612. A defect that causes a school bus introduced into Arizona before February 16, 1996 to be in an unsafe condition shall be deemed a major defect as defined in this Article.

INSPECTION ITEM	MAJOR DEFECT	MINOR DEFECT
Air conditioning system, if installed	Missing hose covers or trim panels Missing air conditioning louvres Loose or missing air conditioning mounting fasteners Refrigerant leaks from evaporators or hoses in the interior of the bus Broken compressor brackets Broken mounting bolts Electrical wiring hanging out of evaporator covers Missing evaporator covers Missing air diffusers Evaporators not secured to ceiling or bulkhead	Broken or loose evaporator covers Unsecured refrigerant hoses Loose, missing or severely cracked belts
Alarm, back-up, if installed		Low volume Not working
Auxiliary fan, if installed	Obstructs school bus driver's view of any mirror Used in place of defrosting or defogging system Not covered by protective cage	Incorrect size  Not controlled by independent switch
Battery (Types C and D buses only)	Not mounted according to the manufacturer's instructions	Incorrect or no identification
Belt cutter	Missing	
Body fluid cleanup kit	Absence of body fluid cleanup kit  Any item missing from body fluid cleanup kit	

Brakes, compressed air	Inoperative or missing visual or audible low air signal Compressed-air gauge missing Grease or oil leakage into brake system Exposed or damaged ply on any air hose Air capacity less than 90 pounds per square inch at idle speed Wet-reservoir valve missing or inoperative Leaking, cracked, or broken hose or connection Audible air leak Pushrod exceeds limitation Low-air warning system does not activate at 60 psi and remains activated at less than 60 psi	
Brakes, hydraulic-assisted	Inoperative or missing visual or audible signal	
Brakes, emergency-brake system	Inoperative Does not activate when service brake system reaches 20 to 40 pounds psi	
Bumpers	Break or rip Loose bumper Foothold or handle present on rear bumper	Not painted black
Cooling system		Leak in system Fluid level in radiator not full
Crossing control arm, if installed	Has sharp edges or projections that could injure a student Will not retract	Not working Fails to open completely
Defroster	Inoperative Ventilation opening blocked	
Drive shaft	Absence of protective metal guard installed by the manufacturer around the drive shaft to any driving axle	
Dust boots	Missing, torn, split, or loose around floor-mounted gear shift, parking brake handle, or steering column.	
Emergency warning devices	Having fewer than two operable	Missing one
Emergency door	Inoperative latch Broken or missing portion of seal around door Window not of safety glass Inoperative warning device Lock is not the ignition shut-off type	No header pad
Emergency exit	Inoperative warning device or latch on all emergency exits except roof exit Not properly identified Header pad missing or damaged Broken seal around window	Inoperative roof exit
Engine compartment	Inoperative hood latch	Deterioration of hose, belt, or wiring Deterioration of battery hold-down clamp, corrosive acid buildup on terminal

## Department of Public Safety – School Buses

Exhaust system	Exhaust leak  Exhaust tailpipe extends more than 2 inches beyond the outer edge of the rear bumper or fails to terminate flush with the outside edge of the school bus body in the rear of the school bus	Exhaust pipe bracket not attached to the chassis and the tailpipe  End of tailpipe pinched or bent
Exterior paint		Exposed metal or base primer  Incorrect color
Fire extinguisher	Absence of fire extinguisher  Not at full charge	Not mounted in required position
First-aid kit	Absence of first-aid kit  Three or more items missing from first-aid kit	One or two items missing from first-aid kit
Frame	Crack in frame  Cracked, loose, or missing body mount or body-mount bolt  Welded repair not performed by body or chassis manufacturer or manufacturer's certified agent	
Fuel system	Fuel tank not mounted to the chassis frame or not vented to outside of engine compartment  Fuel system extends above chassis frame (does not apply to filler tube or Type A bus)  Fuel tank bracket cracked or broken  Leaking tank or fuel line  Fuel line attached to bottom of fuel tank  Missing or improper fuel cap	
Handrail	Handrail does not pass the inspection procedure described in R13-13-107(13)	
Heating system	Heater missing or inoperative  Heater line in interior of school bus not covered by protective shield  No shutoff valve	Unsecured heater hose  Inadequate heat-producing capacity
Horn (Air or electrical)	Missing or inoperative	
Instrument panel	Missing or inoperative ignition power-deactivation switch if the ignition does not use a key.  Any inoperative gauge or switch, except auxiliary fan switch  Improper illumination	Inoperative auxiliary fan switch
Interior, aisles	Incorrect clearance	
Interior, seats	Broken, cracked, exposed, or loose seat frame  Screw or mounting bolt missing	
Interior, floor covering	Hole  Improper material Improperly bonded Loose metal trim	
Lamps, clearance	Inoperative  Cracked, broken, or missing lens	Incorrect color  Dust behind lens
Lamps, head	Low beam inoperative  Not mounted as required by 49 CFR 393.24  Both high beams inoperative	One high beam inoperative  Inoperative dimmer switch on a bus not operated when head lamps are required  Cracked, broken, or missing lens

Lamps, back-up	Inoperative	Incorrect color Cracked, broken, or missing lens Dust behind lens
Lamps, interior Over aisle		Inoperative Cracked, broken, or missing lens
Lamps, interior Over step-well	Inoperative	Cracked, broken, or missing lens
Lamps, turn signal	Inoperative	Cracked, broken, or missing lens Dust behind lens Incorrect size Incorrect location
Lamps, strobe, if installed	Pilot or strobe lamp missing or inoperative Cracked, broken, or missing lens Incorrect color Incorrect location	
Lamps, identification		Inoperative Incorrect color Cracked, broken, or missing lens Dust behind lens
Lamps, hazard	Inoperative	
Lamps, stop	Both inoperative	One inoperative Cracked, broken, or missing lens Dust behind lens
Lamps, tail	Both inoperative	One inoperative Cracked, broken, or missing lens Dust behind lens
Lamps, side marker		Inoperative Incorrect color Cracked, broken, or missing lens Dust behind lens
Lamps, alternately flashing signal	One or more inoperative lamps	Incorrect color Lamp hood missing Cracked, broken, or missing lens Dust behind lens
Lettering and numbering		Missing any lettering or numbering Incorrect size, color, or location Unauthorized sign, letter, or object
Mirrors, cross-view	Missing Broken or loose mounting Broken or clouded glass	
Mirrors	Interior or exterior mirror missing Loose or broken mounting bracket Crack, break, or flaking of reflective material affixed to back of mirror glass Crack or break of mirror glass Loose or missing mounting bracket bolt or screw Incorrect size Do not meet safety standards contained in 49 CFR 571.111

Miscellaneous	Object not secured inside the school bus Any item noted by the Department that could cause injury or present a danger to a passenger or school bus driver	Any item noted by the Department that needs to be repaired because it could interfere with the safe operation of the school bus but that is not a major defect
Noise suppression switch	Out of service Malfunctioning	
Parking brake	Inoperative, missing part, or not in proper adjustment	
Restraining barrier	Missing Incorrect size Loose	
Rub rails	Missing more than one Loose or dangling	Missing one Incorrect location Incorrect color Incorrect width
School bus body	Damage resulting in cut or rip to the exterior of school bus body Hole that would allow exhaust gases or dust to enter the passenger compartment Bolt attaching body to chassis loose, broken, or missing Exceeds length or width limitations	Absence of undercoating Loose or missing rivet, screw, or bolt
Seat belt	Absence of driver seat belt or inoperative driver seat belt buckle or retraction system Frayed seat belt material	
Seats	One or more missing Incorrect size or location Driver seat does not meet requirements for adjustment Loose seat cushions Exposed frame	Torn seat cushions
Service door	Incomplete closing of door assembly Does not contain safeguards to prevent accidental opening Window not made of safety glass Broken or cracked window panel Inoperative door control Does not open towards exterior of the school bus Scissors or butterfly door prohibited Absence of flexible material on outer edge of service door Absence of header pad

- C. A school bus shall be inspected annually, according to a schedule established by the Department and the standards contained in subsections (A) and (B) and this section.
1. If the Department finds a major defect, the Department shall remove the current safety inspection decal and replace with a new safety inspection decal only after the major defect is repaired.
  2. If the Department finds a minor defect, the Department shall remove the current safety inspection decal and replace with a new safety inspection decal and allow the school bus owner to make repairs in accordance with the provisions at R13-13-108(A)(4) through (A)(7).
- D. A school bus driver shall perform the following operations checks and tasks on the school bus:
1. Before a school bus is operated for the first time each day, conduct a pre-trip operations check of the school bus to determine that the following are operational and are not damaged:
    - a. All lamps, including alternately flashing, back-up, clearance, hazard, head, identification, interior, side marker, stop, tail, turn signal, and strobe lamps, if any, and emergency warning devices;
    - b. Tires, wheels, and wheel fasteners;
    - c. Service door;
    - d. Steps and step wells;
    - e. Emergency exits and signals;
    - f. Emergency doors and signals;
    - g. Wheelchair lift and wheelchair lift dome lamp;
    - h. Wheelchair-securement devices;
    - i. Wheelchair-securement anchorages;
    - j. Special-service entrance door;
    - k. Special-service entrance door signal;
    - l. Windows;
    - m. Windshield;
    - n. Windshield wipers;
    - o. Instrument panel and gauges;
    - p. Service brakes;
    - q. Service brake warning devices;
    - r. Parking brake;
    - s. Bumpers;
    - t. Seats and seat frames;
    - u. Floor coverings;
    - v. School bus body;
    - w. Engine fluid levels;
    - x. Engine compartment steering components;
    - y. Stop arm;
    - z. Horn;
    - aa. Mirrors;
    - bb. Engine fluid gauges;
    - cc. Noise suppression switch;
    - dd. Child alert notification system, if installed;
    - ee. Crossing control arm, if installed; and
    - ff. Air conditioning system, if installed.
  2. Each time a pre-trip operations check of a school bus is conducted, check all emergency equipment to determine that the emergency equipment complies with the standards at R13-13-107(11) and R13-13-110.
  3. Each time a school bus is operated subsequent to the first time the school bus is operated each day, conduct a walk-around operations check to determine whether there is an obvious engine fluid leak and the following are operational and are not damaged:
    - a. All lamps listed in subsection (D)(1)(a);
    - b. Tires, wheels, and wheel fasteners;
    - c. Bumpers;
    - d. School bus body;
    - e. Windows;
    - f. Stop arm; and
    - g. Windshield.
  4. Once daily, sweep and clean the interior of the school bus.
  5. After completing each operations check, the school bus driver shall complete the portions of a written monthly operations check report that provide the following information:
    - a. Date and time of the operations check;
    - b. Name of the school bus driver conducting the operations check;
    - c. Name of the employer;
    - d. Number assigned to the school bus by the school bus owner and painted on the outside of the school bus body; and
    - e. Indication of whether an item is operational, inoperative, or damaged.
  6. A school bus driver who performs an operations check and finds any item listed in subsections (D)(1) through (D)(3) inoperative or damaged shall immediately complete and submit a written repair order to the school bus owner through the employer.
    - a. The school bus owner shall use the standards contained in subsection (B) to determine whether an item reported on a repair order as inoperative or damaged is a major or minor defect.
    - b. If the school bus owner finds that a major defect exists, the school bus owner shall place the school bus out of service until the major defect is repaired.
    - c. If the school bus owner finds that a minor defect exists, the school bus may be used to transport passengers, but the school bus owner shall repair the defect in accordance with the provisions at R13-13-108(A)(4) through (A)(7). Time in which to make the minor repair shall be calculated from the date of the written repair order.
  7. After a school bus makes its final trip on the last day the school bus is driven in a particular month the school bus driver operating the school bus shall submit the written monthly operations check report to the school bus owner through the employer.
- E. In addition to the operations checks described in subsection (D), a school bus owner shall systematically inspect, repair, and maintain, or cause to be systematically inspected, repaired, and maintained, all parts of a school bus chassis and body described in Sections R13-13-106 and R13-13-107 and any other parts and accessories that may affect safe operation of the school bus. The school bus owner shall ensure that the maintenance of a school bus and repair of major defects is done by:
1. An ASE-certified technician,
  2. An individual working under the supervision of an ASE-certified master school bus technician,
  3. An individual with at least one year of participation in a school bus manufacturer-sponsored or commercial vehicle maintenance training program, or
  4. An individual with at least one year of experience as a school bus mechanic.
- F. Records
1. A school bus owner shall maintain the following records in a separate file for each school bus for as long as the school bus is in operation in Arizona:
    - a. Number assigned to the school bus by the school bus owner,
    - b. Name of the school bus body manufacturer,

- c. Name of the school bus chassis manufacturer,
  - d. Identification number of the school bus located in the driver's compartment,
  - e. Year the school bus body was assembled upon the school bus chassis, and
  - f. Size of the tires placed on the school bus.
2. A school bus owner shall maintain all records of initial inspection, subsequent inspections, and repairs and maintenance procedures performed on the school bus for three years from the date of inspection, repair, or maintenance. The school bus owner shall ensure that all records of repairs and maintenance procedures include verification from the owner of the business responsible for the repairs and maintenance procedures that the individual who actually performs the repairs and maintenance procedures is qualified under subsection (E).
  3. If a school bus is sold, the school bus owner shall transfer the records required by subsections (F)(1) and (F)(2) to the purchaser.
  4. A school bus owner shall maintain monthly operations check reports for three months from the date of the report.
- G. Alterations**
1. Before a school bus owner alters a school bus, the school bus owner shall submit a request in writing to the Department describing the proposed alteration and the reason for the proposal.
  2. Within 60 days of receiving a request for alteration, the Department shall inform the school bus owner in writing whether the request has been approved or denied. The Department shall base its decision to approve or deny on an assessment of whether the proposed alteration affects the operations of a school bus, complies with the statutes and rules applicable to school buses, or affects the health, safety, or welfare of any individual.
- Historical Note**
- Adopted effective February 16, 1996 (Supp. 96-1). Amended by final rulemaking at 7 A.A.R. 2906, effective June 13, 2001 (Supp. 01-2). Amended by final rulemaking at 14 A.A.R. 2110, effective May 8, 2008 (Supp. 08-2). New Section R13-13-108 recodified from R17-9-108 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).
- R13-13-109. Time-frames for Making Certification Determinations**
- A. For certification as a school bus driver, the time-frames required by A.R.S. § 41-1072 et seq. are:
    1. Overall time-frame: 60 days
    2. Administrative completeness review time-frame: 45 days
    3. Substantive review time-frame: 15 days
  - B. An administratively complete application for certification as a school bus driver consists of all the information and documents listed in R13-13-102(A).
  - C. An administrative completeness review time-frame, as described in A.R.S. § 41-1072(1) and listed in subsection (A)(2), begins on the date the Department receives an application.
    1. If the application is not administratively complete when received, the Department shall send a notice of deficiency to the applicant. The deficiency notice shall state the documents and information needed to complete the application.
    2. Within 120 days from the postmark date of the deficiency notice, the applicant shall submit to the Department the missing documents and information. The time-frame for the Department to finish the administrative completeness review is suspended from the postmark date of the deficiency notice until the date the Department receives the missing documents and information.
  3. If the applicant fails to provide the missing documents and information within the time provided, the Department shall close the applicant's file. An applicant whose file is closed and who wants to be certified shall apply again under R13-13-102.
  4. If the application is administratively complete, the Department shall send a written notice of administrative completeness to the applicant.
- D. A substantive review time-frame, as described in A.R.S. § 41-1072(3) and listed in subsection (A)(3), begins on the postmark date of the notice of administrative completeness.**
1. During the substantive review time-frame, the Department may make one comprehensive written request for additional information.
  2. The applicant shall submit to the Department the additional information identified in the request for additional information within 20 days from the postmark date of the request for additional information. The time-frame for the Department to finish the substantive review of the application is suspended from the postmark date of the request for additional information until the Department receives the additional information.
  3. Unless an applicant requests that the Department deny certification within the 20-day period in subsection (D)(2), the Department shall close the file of an applicant who fails to submit the additional information within the 20 days provided. An applicant whose file is closed and who wants to be certified shall apply again under R13-13-102.
  4. When the substantive review is complete, the Department shall inform the applicant in writing of its decision whether to certify the applicant.
    - a. The Department shall deny certification if it determines that the applicant does not meet all substantive criteria for certification required by statute and rule. An applicant who is denied certification may appeal the Department's decision under A.R.S. § 41-1092 et seq. and any rules made under A.R.S. § 41-1092.01(C)(4).
    - b. The Department shall grant certification if it determines that the applicant meets all substantive criteria for certification required by statute and rule.
- Historical Note**
- New Section R17-9-109 adopted by final rulemaking at 5 A.A.R. 384, effective January 5, 1999 (Supp. 99-1). Amended by final rulemaking at 11 A.A.R. 557, effective March 5, 2005 (Supp. 05-1). New Section R13-13-109 recodified from R17-9-109 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).
- R13-13-110. First-aid Equipment**
- No later than 180 days after the effective date of these rules, a school bus in Arizona shall meet the requirements of this Section.
1. First-aid and body-fluid cleanup kits shall be mounted in a school bus in accordance with R13-13-107(11)(a).
  2. First-aid kit: A school bus shall be equipped with a removable first-aid kit that has a weatherproofing seal around the lid to prevent moisture or dust from entering the first-aid kit, is clearly labeled as a first-aid kit, and contains the following:
    - a. Two - 1 inch x 2 1/2 inch yards adhesive tape rolls,
    - b. 24 - Sterile gauze pads 3 inches x 3 inches,

- c. Eight - 2 inch adhesive bandages,
  - d. 10 - 3 inch adhesive bandages,
  - e. Two - 2 inch x 6 inch sterile gauze roller bandages,
  - f. Four - Triangular bandages approximately 40 inches x 36 inches x 54 inches with two safety pins,
  - g. Three - Sterile gauze pads at least 24 inches x 24 inches,
  - h. Three - Sterile eye pads,
  - i. One - Rounded-end scissors,
  - j. One - Pair of non-latex gloves, and
  - k. One - Mouth-to-mouth airway.
3. Body fluid or bloodborne-pathogen cleanup kit: A school bus shall be equipped with a removable body-fluid or bloodborne-pathogen cleanup kit that is sealed, clearly labeled as a body-fluid or bloodborne-pathogen cleanup kit, and contains the following:
- a. One - Pouch of solidifier with chlorine,
  - b. One - Pick-up scoop with scraper,
  - c. One - Pair of non-latex gloves,
  - d. Two - Disinfectant hand wipes (antimicrobial),
  - e. Two - Plastic disposal bags with ties (biohazard),
  - f. Two - Germicidal towelettes effective against human immunodeficiency virus and tuberculosis,
  - g. Two - Paper crepe towels, and
  - h. One - Easy to follow instructions.

### ARTICLE 2. MINIMUM STANDARDS FOR SCHOOL BUSES OPERATED ON ALTERNATIVE FUEL

#### R13-13-201. Minimum Standards for Compressed Natural Gas Fuel Systems

- A. In addition to the definitions in R13-13-101, in this Article, unless otherwise specified:
- “AGA” means the American Gas Association.
- “ANSI” means the American National Standards Institute.
- “Angle of departure” means the area above an imaginary line that extends from the bottom outside edge of the rear bumper on a vehicle to the point at which a tire on the vehicle's rear drive axle touches the ground.
- “Appurtenance” means an item connected to an opening of a natural-gas pressure vessel to make the natural-gas pressure vessel gas-tight. This includes pressure relief devices, shutoff,

backflow, excess-flow, and internal valves, liquid-level and pressure gauges, and plugs.

“Approved” means acceptable to the Department.

“ASE” means National Institute of Automotive Service Excellence.

“Bracket” means rubber-lined, hoop and cradle mounting hardware supplied or approved by a pressure-vessel manufacturer to hold a natural-gas pressure vessel in a rack.

“CNG” means compressed natural gas, a combustible mixture of hydro-carbon gases and vapors, principally methane, that is reduced in volume by pressure for use as a vehicular fuel.

“Fuel-distribution assembly” means a device that regulates the flow of fuel from a natural-gas pressure vessel to a vehicle engine.

“Fuel line” means a pipe, tubing, or hose, and all related fittings through which natural gas passes on a vehicle.

“Installer” means a person who converts a school bus from the use of gasoline to the use of CNG by attaching a natural-gas fuel system to the school bus after the school bus is manufactured.

“Listed” means included in a publication of an approved organization that is concerned with product evaluation, conducts periodic inspection of equipment or material, and includes equipment or material in the approved organization's publication only if the equipment or material complies with appropriate standards or performs in a specified manner.

“NFPA” means the National Fire Protection Association, which is located at 1 Batterymarch Park, P.O. Box 9101, Quincy, MA 02269-9101, and which is accessible at (617) 770-3000 and [www.nfpa.org](http://www.nfpa.org).

“NGV-1” means specific standards set by the American National Standards Institute and American Gas Association for the refueling connection device of a natural-gas vehicle.

“NGV-2” means specific standards set by the American National Standards Institute and American Gas Association for a vehicle-on-board natural-gas pressure vessel.

“Natural gas” means a combustible mixture of hydrocarbon gases and vapors, principally methane.

“Natural-gas fuel system” means a group of items including a pressure vessel and all attached valves, piping, and appurtenances that form a network for distributing natural gas to a vehicle engine.

“Operating pressure” means the internal force that a manufacturer intends for a natural-gas pressure vessel to achieve during normal operation of the vehicle to which the natural-gas pressure vessel is attached.

“Out-of-service” means not compliant with these rules, NFPA 52, or manufacturer's instructions for installation, maintenance, or repair.

“Owner” means a private business, school, or school district that owns a school bus.

“PSI” means pound per square inch.

“Pressure-relief device” means a mechanism that is installed in a natural-gas pressure vessel or integrated with a valve, that is operated by temperature, pressure, or both, and that releases the CNG in the natural-gas pressure vessel in specific emergency conditions. A pressure-relief device for a U.S. Depart-

ment of Transportation or Canada Transport natural-gas pressure vessel also includes a mechanism capable of protecting a partially charged natural-gas pressure vessel.

“Pressure vessel” means a cylinder that is part of a natural-gas fuel system and that is constructed, inspected, and maintained in accordance with U.S. Department of Transportation or Canada Transport regulations or ANSI/AGA NGV2, Basic Requirements for Compressed Natural Gas Vehicle (CNGV) Fuel Containers, or CSA B51, Boiler, Pressure Vessel and Pressure Piping Code.

“Pressure-vessel valve” means a mechanical device connected directly to a natural-gas pressure vessel opening that regulates the flow of CNG from the natural-gas pressure vessel to the vehicle engine.

“Rack” means a metal structure that surrounds a natural-gas pressure vessel mounted on a vehicle and is secured to the vehicle frame by a method capable of withstanding a static up, down, left, right, forward, or backward force of eight times the weight of the fully pressurized natural-gas pressure vessel.

“UL” means the Underwriters' Laboratory, Inc.

#### **B. Applicability and enforcement date of this Section**

1. This Section applies to school buses that are manufactured to use only gasoline or diesel fuel and are converted to use CNG, in whole or in part.
2. The Department shall enforce this Section beginning 180 days after it is filed with the Office of the Secretary of State. After the beginning enforcement date, a school bus that is manufactured to use only gasoline or diesel fuel and is converted to use CNG, in whole or in part, shall meet the requirements of this Section when the school bus is introduced into Arizona or when the school bus is converted to natural-gas power. A school bus introduced into Arizona and powered in whole or in part by CNG before the beginning enforcement date of this Section shall meet the requirements of this Section or those at A.A.C. R17-4-611.
3. After the beginning enforcement date of this Section, the Department shall not approve a school bus manufactured to use only gasoline or diesel fuel and converted to use CNG, in whole or in part, unless the natural-gas fuel system meets the requirements of this Section.

#### **C. Insurance**

1. An owner shall not contract with an installer unless the installer has insurance coverage provided by a comprehensive general liability broad form insurance policy that is approved by the Department. The insurance policy shall include coverage for liability resulting from:
  - a. Completed installation operations,
  - b. Harm that arises on the installer's premises, and
  - c. Breach of contract by the installer.
2. In addition to the liability coverage described in subsection (C)(1), an owner shall ensure that either:
  - a. The installer has insurance coverage for liability resulting from harm that arises from subcontracted work performed by an independent contractor, or
  - b. An independent contractor who performs work for the installer under an agreement has an insurance policy that provides coverage for liability resulting from harm caused by the independent contractor's work.
3. An owner shall not contract with an installer unless the installer has an insurance policy that provides at least \$1

million liability coverage per occurrence both for bodily injury and for property damage.

4. An owner shall not contract with an installer unless the issuer of the installer's insurance policies described in subsections (C)(1) through (C)(3) names the Department as an additional insured on each policy and keeps the Department informed of any change in the status of each policy.
  5. An owner shall obtain the Department's approval of the installer's insurance policy by submitting proof of the insurance described in subsections (C)(1) through (C)(3) to the Department before entering a contractual agreement with the installer for the installation of a natural-gas fuel system on a school bus.
  6. If an owner acts as an installer, the owner shall maintain the insurance required by this Section.
  7. The Department shall approve an installer's insurance policy, proof of which is submitted by an owner in accordance with subsection (C)(5), if the policy conforms to the requirements in subsections (C)(1) through (C)(3). The Department shall send written notice of its decision to approve or disapprove the installer's insurance policy to the owner within 15 days from receipt of the proof of insurance.
- D. General requirements for installing a natural-gas fuel system**
1. Converting a school bus to use of CNG, whether in whole or in part, is not an alteration as defined in R13-13-101.
  2. Unless specifically provided otherwise in this Section, when installing a natural-gas fuel system, an installer shall use parts and equipment and perform work in a manner that meets or exceeds the standards of NFPA 52, Standard for Compressed Natural Gas (CNG) Vehicular Fuel Systems, 1995 (and no later editions or amendments), Quincy, MA, which is incorporated by this reference and on file with the Department and the Office of the Secretary of State.
  3. An installer shall use only UL-listed or AGA-approved carburetor equipment when installing a natural-gas fuel system on a school bus.
  4. An installer shall meet or exceed the recommended guidelines provided by the manufacturers of all parts of a natural-gas fuel system when installing the natural-gas fuel system on a school bus.
  5. An installer shall ensure that installation of a natural-gas fuel system on a school bus is performed by an individual who has proof of training provided by the manufacturer of the natural-gas fuel system or ASE alternative fuels certification.
  6. If a school bus is converted from the use of gasoline or diesel fuel to the dedicated use of CNG, the installer shall remove the gasoline or diesel-fuel tank and accompanying gasoline or diesel-fuel system parts from the school bus.
- E. Natural-gas pressure vessel:** An installer shall use only a natural-gas pressure vessel that is certified by its manufacturer as meeting or exceeding the NGV2 standards and as being U.S. Department of Transportation or ANSI listed. An installer shall use the natural-gas pressure vessel manufacturer's recommended bracket.
- F. Installing a natural-gas pressure vessel**
1. An installer shall securely attach a rack to the frame of a school bus in the following manner:
    - a. By drilling no holes in the school bus frame that exceed the manufacturer's requirements; and
    - b. By using no welding on and applying no heat to the school bus frame.

2. When installing a natural-gas fuel system on a school bus, an installer shall locate the natural-gas pressure vessel and its appurtenances on the vehicle frame as follows:
    - a. Below the driver's or passengers' compartment;
    - b. So no part protrudes:
      - i. In front of the front axle,
      - ii. Beyond the outside face of the rear bumper, or
      - iii. Beyond the sides of the school bus;
    - c. Inside a rack; and
    - d. So the minimum clearance between the road and the lowest part of the natural-gas pressure vessel and its rack on a school bus loaded to its gross vehicle weight rating, is:
      - i. No fewer than 7 inches (17.5 mm) for a school bus with a wheel base fewer than or equal to 127 inches (323 mm); or
      - ii. No fewer than 9 inches (22.5 mm) for a school bus with a wheel base greater than 127 inches (323 mm).
  3. If the natural-gas pressure vessel and its appurtenances are located behind the rear axle of the school bus, in addition to the requirements in subsection (F)(3), an installer shall locate the natural-gas pressure vessel as follows:
    - a. Below the floor line, and
    - b. Above the school bus' angle of departure.
- G.** Protecting a natural-gas pressure vessel. To protect a natural-gas pressure vessel and its appurtenances from damage, an installer shall:
1. Surround the natural-gas pressure vessel with a stone guard on all sides that are not protected by the natural barriers of the vehicle. The stone guard shall not be attached to the natural-gas pressure vessel. If the stone guard protects a valve, it shall be made of at least 16-gauge steel. If the stone guard does not protect a valve, it shall be made of at least 3/16-in. mesh with openings no greater than 1 in.;
  2. Place a resilient, non-absorbent gasket between the natural-gas pressure vessel and its brackets in a manner that prevents the brackets from directly contacting the natural-gas pressure vessel;
  3. Ensure that the weight of the natural-gas pressure vessel is not supported, in whole or in part, by an appurtenance; and
  4. Place a shield between, but not attached to, the natural-gas pressure vessel and the vehicle exhaust system if the natural-gas pressure vessel or the fuel lines are located fewer than 8 inches from the exhaust system. The shield shall be constructed of at least 18-gauge metal.
- H.** Safety and check valves: An installer shall equip a natural-gas fuel system with:
1. Either an automatic fuel supply shut-off valve that is placed between the pressure vessel fuel-pressure regulator and the fuel distribution assembly and activated by engine vacuum or oil pressure, or an electronic fuel injector; and
  2. Either a manual or automatically controlled shut-off valve that enables the natural-gas pressure vessel to be isolated from the remainder of the natural-gas fuel system. If a manual shut-off valve is used, it shall:
    - a. Have no more than 90° rotation from the opened to the closed position;
    - b. Have a red valve handle;
    - c. Be placed in an accessible location; and
  - d. Have "ESV" printed on the school bus at the access location to the manual shut-off valve, in 2-in. to 4-in., unshaded, red letters.
- I.** Installation of fuel lines. An installer shall:
1. Use fuel lines constructed of seamless stainless steel that has been tested and certified by the manufacturer to an operating pressure of 3600 PSI with a 4:1 safety factor;
  2. Mount and brace fuel lines to the vehicle frame in a manner that minimizes vibration;
  3. Secure fuel lines to the vehicle frame at least every 24 inches with rubber-lined fasteners;
  4. Protect fuel lines that pass through any structural member with rubber grommets, bulkhead fittings, or both;
  5. Cause fuel lines that run to the engine to follow the main frame channel; and
  6. Install an access door that is at least 70 square inches if access to the fill receptacle and fuel pressure gauge is through the school bus body. The words "CNG Fill" shall be printed on the school bus body, immediately above the access door, in 2-in. to 4-in., unshaded letters.
- J.** Installation of Venting System. An installer shall ensure that in addition to meeting the requirements in NFPA 52, all vent exits are aimed toward the ground.

#### Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 4115, effective October 3, 2000 (Supp. 00-4). New Section R13-13-201 recodified from R17-9-201 with Section cross-references revised, at 20 A.A.R. 2083, effective July 25, 2014 (Supp. 14-3).

#### R13-13-202. Inspection and Maintenance of Compressed Natural Gas Fuel Systems

- A.** This Section applies to all school buses that are powered, in whole or in part, by CNG and are introduced into Arizona after the beginning enforcement date of these rules.
- B.** An owner shall not use a school bus equipped with a natural-gas fuel system to transport passengers until the natural-gas fuel system is inspected and approved by the Department. An owner shall notify the Department when the owner obtains a school bus that needs to be inspected for compliance with these rules.
- C.** After the initial inspection conducted by the Department, an owner shall ensure that a school bus equipped with a natural-gas fuel system is inspected annually and under the following special circumstances:
1. When the school bus is involved in an accident;
  2. When the natural-gas pressure vessel may have been damaged;
  3. When natural gas is smelled;
  4. When there is an unexpected loss of gas pressure, rattling, or other indication of looseness; or
  5. When the natural-gas pressure vessel is changed.
- D.** An owner shall ensure that an annual or special-circumstances inspection is conducted by the Department or an individual who has proof of training provided by the manufacturer of the natural-gas fuel system or ASE alternative-fuel certification.
- E.** An owner shall ensure that every inspection of a school bus equipped with a natural-gas fuel system assesses whether the natural-gas fuel system meets the safety standards in 13 A.A.C. 13, and NFPA 52. This assessment shall include:
1. Leak-testing the natural-gas fuel system in compliance with NFPA 52 guidelines;
  2. Verifying that the pressure vessel is designed for storage of CNG;
  3. Verifying that the service life of the natural-gas pressure vessel has not expired;

Department of Public Safety – School Buses

4. Verifying that the natural-gas pressure vessel is certified by its manufacturer as meeting or exceeding the NGV2 standards and as being U.S. Department of Transportation or ANSI listed;
  5. Verifying that all parts of the natural-gas fuel system are properly listed or approved; and
  6. Verifying that all parts of the natural-gas fuel system are installed in accordance with the manufacturer's instructions.
- F.** An owner shall ensure that an individual who conducts an inspection of a school bus equipped with a natural-gas fuel system completes a Compressed Natural Gas Safety Inspection Form, which is available from the Department, and certifies that the school bus meets all safety standards in 13 A.A.C. 13, and NFPA 52.
- G.** If it is necessary to condemn a natural-gas pressure vessel, the owner shall:
1. Return the condemned natural-gas pressure vessel to its manufacturer; and
  2. Obtain a certificate from the manufacturer that states ownership of the natural-gas pressure vessel is transferred from the owner to the manufacturer.
- H.** An owner shall maintain each completed Compressed Natural Gas Safety Inspection Form in a separate file for each school bus for the service life of the school bus. If a school bus is transferred from one owner to another, the first owner shall transfer the completed inspection forms to the second owner.
- I.** An owner shall make the inspection forms maintained under subsection (H) available for review by the Department.

**R17-5-208. Commercial Driver License Intrastate Medical Waiver; Intrastate Alternative Physical Qualification Standards for the Loss or Impairment of Limbs, an Insulin-Dependent Diabetic Condition, or Monocular Vision**

- A. A person who is not physically qualified to drive a commercial motor vehicle in interstate commerce due to loss of limb, limb impairment, an insulin-dependent diabetic condition, or monocular vision, as provided under 49 CFR 391.41(b)(1), (b)(2), (b)(3), or (b)(10), but otherwise meets all other requirements under 49 CFR 391.41, may operate a commercial motor vehicle in intrastate commerce if granted an intrastate medical waiver by the Director. Application for an intrastate medical waiver shall be submitted according to subsection (B).
- B. A driver applicant, or a driver applicant jointly with the motor carrier co-applicant that will employ the driver applicant, may complete and submit an intrastate medical waiver application to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100, which shall:
  1. Identify the applicant:
    - a. Name and complete address of the driver applicant;
    - b. Name and complete address of the motor carrier co-applicant;
    - c. U.S. Department of Transportation motor carrier identification number, if known; and
    - d. A description of the driver applicant's limb or visual impairment or insulin-dependent diabetic condition as applicable to the type of waiver being requested;
  2. Describe the type of operation the driver applicant will be employed to perform, including the following information (if known):
    - a. Average period of time the driver will be driving or on duty, per day;

- b. Type of commodities or cargo to be transported;
  - c. Type of driver operation (i.e., sleeper team, relay, owner operator, etc.); and
  - d. Number of years experience operating each type of commercial motor vehicle requested in the intrastate medical waiver application and total years of experience operating all types of commercial motor vehicles;
3. Describe the commercial motor vehicles the driver applicant intends to drive:
  - a. Truck, truck tractor, or bus make, model, and year (if known);
  - b. Drive train:
    - i. Transmission type (automatic or manual - if manual, designate number of forward speeds);
    - ii. Auxiliary transmission (if any) and number of forward speeds; and
    - iii. Rear axle (designate single speed, two-speed, or three-speed);
  - c. Type of brake system;
  - d. Steering, manual or power assisted;
  - e. Description of types of trailers (i.e., van, flatbed, cargo tank, drop frame, lowboy, or pole);
  - f. Number of semitrailers or full trailers to be towed at one time;
  - g. For commercial motor vehicles designed to transport passengers, indicate the seating capacity of the commercial motor vehicle; and
  - h. Description of any modifications made to the commercial motor vehicle for the driver applicant, attach photographs where applicable;
4. Include a certification statement:
  - a. The driver applicant shall certify that the driver applicant is otherwise qualified to drive a commercial motor vehicle under the regulations of 49 CFR 391 as adopted by the Department; and
  - b. In case of a co-applicant, the co-applicant motor carrier shall certify that the driver applicant is otherwise qualified to drive a commercial motor vehicle under the regulations of 49 CFR 391 as adopted by the Department; and
5. Contain signature of each applicant and date signed:
  - a. The driver applicant's signature; and
  - b. The motor carrier official's signature and title if the application has a co-applicant. Depending on the motor carrier's organizational structure (corporation, partnership, or proprietorship), the signer of the application shall be an officer, partner, or the proprietor.
- C. The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(1) or (2) shall be accompanied by:
  1. A copy of the medical examination report and medical examination certificate completed pursuant to 49 CFR 391.43;
  2. The Department's medical waiver evaluation summary completed by either a board-qualified or board-certified psychiatrist or orthopedic surgeon. The co-applicant motor carrier or the driver applicant shall provide the psychiatrist or orthopedic surgeon with a description of the job-related tasks the driver applicant will be required to perform:
    - a. The medical waiver evaluation summary for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(1) shall include:

- i. An assessment of the functional capabilities of the driver as they relate to the ability of the driver to perform normal tasks associated with operating a commercial motor vehicle; and
      - ii. A statement by a board-qualified or board-certified physiatrist or orthopedic surgeon that the applicant is capable of demonstrating precision prehension (e.g., manipulating knobs and switches) and power grasp prehension (e.g., holding and maneuvering the steering wheel) with each upper limb separately;
    - b. The medical waiver evaluation summary for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(2) shall include:
      - i. An explanation as to how and why the impairment interferes with the ability of the applicant to perform normal tasks associated with operating a commercial motor vehicle;
      - ii. An assessment and medical opinion of whether the condition will likely remain medically stable over the lifetime of the driver applicant; and
      - iii. A statement by a board-qualified or board-certified physiatrist or orthopedic surgeon that the applicant is capable of demonstrating precision prehension (e.g., manipulating knobs and switches) and power grasp prehension (e.g., holding and maneuvering the steering wheel) with each upper limb separately;
  - 3. A description of the driver applicant's prosthetic or orthotic device worn, if any; and
  - 4. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained.
- D.** The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(3) shall be accompanied by:
- 1. A copy of the medical examination report and medical examination certificate completed pursuant to 49 CFR 391.43;
  - 2. An evaluation by a board-certified or board-eligible endocrinologist. A complete endocrinologist evaluation shall consist of:
    - a. A comprehensive evaluation of the applicant's five-year medical history and current status. The applicant shall provide the examining endocrinologist with a complete medical history as it pertains to the applicant's diabetes or its complications or both, including, the date insulin use began, all hospitalization reports, consultation notes for diagnostic examinations, special studies, follow-up reports, reports of any hypoglycemic insulin reactions within the 12 months prior to the date of application, and other reports as requested by the endocrinologist. The evaluation shall also include a review of:
      - i. Daily glucose monitoring logs, glycosylated hemoglobin (A1c) indicating a result in the range of 7% to 10%, including lab reference page performed during the last six months unless recently diagnosed;
      - ii. Insulin dosages and types, diet utilized for control, and all medications taken; and
      - iii. Examinations to detect any peripheral neuropathy or circulatory insufficiency of the extremities;
    - b. A statement that the applicant is free from insulin reactions. Insulin reactions include any severe hypoglycemic reaction, which can be a reaction that results in seizure, loss of consciousness, requiring the assistance of another person, or a period of impaired cognitive function that occurs without warning. To be eligible the applicant must not have hypoglycemia unawareness and must have had no more than one documented severe hypoglycemic reaction in the previous 12 months and must have had:
      - i. No recurrent (two or more) severe hypoglycemic reactions resulting in a loss of consciousness or seizure within the past five years;
      - ii. No recurrent severe hypoglycemic reactions requiring the assistance of another person within the past five years;
      - iii. No recurrent severe hypoglycemic reactions resulting in impaired cognitive functions that occurred without warning symptoms within the past five years; and
      - iv. A period of one year of demonstrated stability following the first period of severe hypoglycemia;
  - c. A statement prepared and signed by the examining endocrinologist whose status as board-certified or board-eligible is indicated. The signed statement shall include separate declarations indicating the following medical determinations:
    - i. The endocrinologist is familiar with the applicant's medical history for the past five years through a records review, treating the patient, or consultation with the treating physician;
    - ii. The applicant is able to safely operate a commercial motor vehicle while using insulin; and
    - iii. The applicant has been educated in diabetes, including the last education date, and its management and is informed of and understands how to individually manage and monitor the applicant's diabetes mellitus and has demonstrated the ability and willingness to properly monitor and manage the applicant's diabetes and procedures to follow if complications arise;
3. A separate signed vision evaluation report from an ophthalmologist or optometrist indicating that the applicant has been examined and does not have diabetic retinopathy and meets the vision standard of 49 CFR 391.41(b)(10), or has been issued a valid intrastate medical waiver for monocular vision. If the applicant has any evidence of diabetic retinopathy, the applicant must be examined by an ophthalmologist and submit a separate signed statement from the ophthalmologist that the applicant does not have unstable proliferative diabetic retinopathy (i.e. unstable advancing disease of blood vessels in the retina); and
4. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained.
- E.** The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(10) shall be accompanied by:
- 1. A copy of the medical examination report and medical examination certificate completed pursuant to 49 CFR 391.43;

2. A current vision examination report issued within the last 90 days from the date the report is received by the Department, completed by an ophthalmologist or optometrist. The report shall indicate that the applicant has distant visual acuity of at least 20/40 (Snellen), with or without a corrective lens, in one eye, and the applicant's dominant eye has a visual field of at least 70° peripheral measurement in one direction and 35° in the opposite direction of the horizontal meridian and the ability to distinguish the colors of a traffic signal or device showing standard red, green, and amber, as applicable to the type of medical waiver being requested;
  3. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained; and
  4. A statement from the employer that the driver applicant has driven the type of vehicle for which the waiver is being requested for at least two of the previous five years.
- F.** Agreement. A motor carrier that employs a driver subject to an intrastate medical waiver granted by the Director under subsection (A), whether the waiver was granted unilaterally to the driver, or to the driver and co-applicant motor carrier, shall agree to:
1. Report to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100, in writing, any suspension, revocation, disqualification, or withdrawal of the subject driver's driver license or permit, and any accident, arrest, or conviction involving the driver within 30 days after the occurrence;
  2. Provide to the Department's Medical Review Program, on request, any documents and information pertaining to the driving activities, accidents, arrests, convictions, and driver license or permit suspensions, revocations, disqualifications, or withdrawals involving the subject driver;
  3. Evaluate the subject driver with a road test using the trailer types the motor carrier intends the driver to transport, or alternatively accept a certificate of a trailer road test from another motor carrier if the trailer types are similar, or accept the trailer road test completed during the skill performance evaluation if trailer types are similar to that of the prospective motor carrier;
  4. Evaluate the subject driver for those non-driving safety related job tasks associated with each type of trailer that will be used and any other non-driving safety related or job related tasks unique to the operations of the employing motor carrier; and
  5. Use the subject driver to operate the type of commercial motor vehicle indicated on the intrastate medical waiver only when the driver is in compliance with the conditions and limitations of the waiver.
- G.** A driver subject to an intrastate medical waiver, issued by the Director under subsection (A), shall supply each employing motor carrier with a copy of the intrastate medical waiver.
- H.** The Department may require the driver applicant to demonstrate the driver applicant's ability to safely operate the commercial motor vehicle the driver intends to drive.
- I.** If required by the Department during the application process, a driver applicant shall have a skill performance evaluation performed by a federally-certified state commercial driver license examiner at a Department commercial driver license facility when directed.
- J.** If the Director grants an intrastate medical waiver under subsection (A) to the driver applicant, the Department shall mail to the driver applicant and co-applicant motor carrier (if applicable) written approval of the intrastate medical waiver describing the terms, conditions, and limitations of the waiver.
- K.** The intrastate medical waiver granted by the Director under subsection (A) shall identify:
1. The power unit (bus, truck, truck tractor) for which the waiver is granted; and
  2. The trailer type used in the skill performance evaluation, if applicable, without limiting the waiver to that specific trailer type.
- L.** A subject driver may use the intrastate medical waiver with other trailer types if the driver successfully completes:
1. A trailer road test administered by the motor carrier under subsection (F)(3) for each type of trailer, and
  2. A non-driving safety related or job related task evaluation administered by the motor carrier under subsection (F)(4).
- M.** The intrastate medical waiver granted by the Director under subsection (A) is:
1. Valid for a period of not more than two years from the date of issuance;
  2. Renewable 30 days prior to the expiration date; and
  3. Transferable from an original motor carrier co-applicant employer to a new motor carrier employer or to the subject driver, as a unilateral applicant if becoming self-employed, upon written notification to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100, stating the new employer's name and the type of equipment to be driven.
- N.** An intrastate medical waiver granted by the Director under subsection (A) to a driver applicant for monocular vision under subsection (E), shall prohibit the subject driver from transporting:
1. Passengers for hire; and
  2. Reportable quantities of hazardous substances, manifested hazardous wastes, and hazardous material required to be placarded.
- O.** A driver subject to an intrastate medical waiver, issued by the Director under subsection (A), shall have the intrastate medical waiver (or a legible copy) in the subject driver's possession while on duty.
- P.** The motor carrier employing a subject driver shall maintain a copy of the intrastate medical waiver in its driver qualification file and retain the copy in the motor carrier's file for a period of three years after the driver's employment is terminated.
- Q.** A driver subject to an intrastate medical waiver, issued by the Director under subsection (A) to an applicant for insulin-dependent diabetes under subsection (D), must comply with the following conditions:
1. Maintain appropriate medical supplies for glucose management while preparing for the operation of a commercial motor vehicle and during its operation. The supplies shall include the following:
    - a. A digital glucose monitor with computerized memory,
    - b. Supplies needed to obtain adequate blood samples and to measure blood glucose,
    - c. Insulin to be used as necessary, and
    - d. An amount of rapidly absorbable glucose to be used as necessary;
  2. Maintain a daily record of actual driving time to correlate with the daily glucose measurements;
  3. Monitor and maintain blood glucose levels in the range of 100 to 400 milligrams per deciliter (mg/dl) prior to and while driving.
    - a. Check glucose before starting to drive and take corrective action if necessary. If glucose is less than

- 100 mg/dl, take glucose or food and recheck in 30 minutes. Repeat the process until glucose is greater than 100 mg/dl. Do not drive if glucose is less than 100 mg/dl;
- b. While driving, stop the vehicle in a safe location and check glucose every two to four hours and take appropriate action to maintain it in the range of 100 to 400 mg/dl;
- c. Have food available at all times when driving. If glucose is less than 100 mg/dl, stop driving and eat. Recheck in 30 minutes and repeat procedure until glucose is greater than 100 mg/dl; and
- d. If glucose is greater than 400 mg/dl, stop driving until glucose returns to the 100 to 400 mg/dl range. If more than two hours have passed since last insulin injection and eating, take additional insulin. Recheck blood glucose in 30 minutes. Do not resume driving until glucose is less than 400 mg/dl;
4. Participate in a diabetes education program annually;
5. Undergo the following evaluations and examinations and submit to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100, within 10 days of the date of the evaluation or exam:
  - a. A quarterly evaluation completed by a board-certified or board-eligible endocrinologist. A quarterly endocrinologist evaluation shall include a review of the driver's daily glucose logs and glucose levels (from the subject driver's required monitoring device), a comparison of monitoring dates to the driving log to ensure that the subject driver is checking glucose levels prior to operating a commercial motor vehicle, a certifying statement indicating that the subject driver is maintaining a glucose level in the range of 100 to 400 mg/dl while driving a commercial motor vehicle, a certifying statement indicating that the subject driver is maintaining a stable insulin regimen and that the subject driver's quarterly A1c result continues to reflect stable control, reports of any severe hypoglycemic episodes, any hypoglycemic-related hospitalization, and any treatment regimen changes since the last hypoglycemic episode;
  - b. An annual evaluation completed by a board-certified or board-eligible endocrinologist. In addition to the requirements of a quarterly endocrinologist evaluation under subsection (Q)(5)(a), an annual endocrinologist evaluation shall also include a general physical examination, an indication that the driver has continued to participate in a diabetes education program with the last education date provided, a certifying statement indicating that the driver understands how to individually manage and monitor the driver's diabetes mellitus, an indication of the development of, or progression, or both, in diabetes complications (i.e. renal disease, cardiovascular disease, and neurological disease), a list of all medications taken and whether any of the medications may compromise the driver's ability to operate a commercial motor vehicle, the endocrinologist's belief that the driver has demonstrated the ability and willingness to properly manage the driver's diabetes, and a certifying statement indicating that the driver is able to safely operate a commercial motor vehicle while using insulin;
  - c. An annual vision evaluation report, as prescribed under subsection (D)(3). If there is any evidence of diabetic retinopathy, provide annual documentation by an ophthalmologist that the driver does not have unstable proliferative diabetic retinopathy; and
  - d. An annual medical examination report and medical examination certificate completed pursuant to 49 CFR 391.43. Provide copies of the endocrinologist evaluation and the vision evaluation report to the medical examiner for review; and
6. Report the following information to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100, within two days of occurrence:
  - a. All episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; and
  - b. Any involvement in an accident or any other adverse event in a commercial motor vehicle or personal vehicle, related to an episode of hypoglycemia or hyperglycemia.
- R. A driver subject to an intrastate medical waiver, issued by the Director under subsection (A) to an applicant for monocular vision under subsection (E), must be physically examined every year and shall submit the following to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100:
  1. A vision examination report issued within the last 90 days from the date the report is received by the Department, as prescribed under subsection (E)(2); and
  2. A current medical examination report and medical examination certificate completed pursuant to 49 CFR 391.43 within the past year.
- S. A driver subject to an intrastate medical waiver, or a driver subject to an intrastate medical waiver jointly with a motor carrier co-applicant, may renew an intrastate medical waiver by submitting to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, Arizona 85001-2100, a new intrastate medical waiver application. The intrastate medical waiver application shall contain the following:
  1. Name and complete address of the motor carrier currently employing the applicant;
  2. Name and complete address of the subject driver;
  3. Total miles driven under the current intrastate medical waiver;
  4. Number of accidents incurred while driving under the current intrastate medical waiver, including the date of each accident, number of fatalities, number of injuries, and the estimated dollar amount of any property damage;
  5. A current medical examination report and medical examination certificate completed pursuant to 49 CFR 391.43;
  6. A current medical examination or evaluation as applicable to the medical condition:
    - a. A current medical waiver evaluation summary, as prescribed under subsection (C)(2), for a driver with a loss of limb or limb impairment;
    - b. A current endocrinologist evaluation, as prescribed under subsection (D)(2), and a current vision evaluation report, as prescribed under subsection (D)(3), for a driver who is an insulin-dependent diabetic; or
    - c. A current vision examination report, as prescribed under subsection (E)(2), for a driver with monocular vision;
  7. A copy of the subject driver's current state motor vehicle driving record for the period of time the current intrastate medical waiver has been in effect;

8. Notification of any change in the type of tractor the driver will operate;
  9. Subject driver's signature and date signed; and
  10. Motor carrier co-applicant's signature and date signed (if applicable).
- T. The Director may deny an application for the intrastate medical waiver or may grant the waiver in whole or in part and issue the waiver subject to such terms, conditions, and limitations as the Director deems consistent with the public interest.
- U. The Director may revoke an intrastate medical waiver after providing the driver subject to an intrastate medical waiver written notice of the proposed revocation and a reasonable opportunity to request a hearing pursuant to the procedure prescribed under 17 A.A.C. 1, Article 5. The Director may revoke an intrastate medical waiver if the:
1. Driver subject to an intrastate medical waiver, or co-applicant (if applicable), or both provided false information in the application,
  2. Driver subject to an intrastate medical waiver, or co-applicant (if applicable), or both failed to comply with the terms and conditions of the intrastate medical waiver, or
  3. Issuance of the intrastate medical waiver resulted in a lower level of safety than before the waiver was granted.
- V. If the enforcement of any provision of this Section would result in the loss or disqualification of federal funding for any state agency or program, that provision is invalid.

#### **R17-5-209. Hazardous Materials Transportation: Incorporation of Federal Regulations; Applicability**

- A. Incorporation of federal regulations.
1. As relevant to the transportation of hazardous materials by highway, the Department incorporates by reference, as amended under this Section, the following Parts of the Federal Hazardous Materials Regulations; revised as of October 1, 2012, and no later amendments or editions, as 49 CFR - Transportation, Subtitle B - Other Regulations Relating to Transportation, Chapter I - Pipeline and Hazardous Materials Safety Administration, Department of Transportation:
    - a. Subchapter A - Hazardous Materials and Oil Transportation; Part 107 - Hazardous materials program procedures; and
    - b. Subchapter C - Hazardous Materials Regulations; Parts:
      - i. 171 - General information, regulations, and definitions;
      - ii. 172 - Hazardous materials table, special provisions, hazardous materials communications, emergency response information, training requirements, and security plans;
      - iii. 173 - Shippers - general requirements for shipments and packagings;
      - iv. 177 - Carriage by public highway;
      - v. 178 - Specifications for packagings; and
      - vi. 180 - Continuing qualification and maintenance of packagings.
  2. The material incorporated by reference under this subsection is on file with the Department and is available from the U.S. Government Printing Office, P.O. Box 979050, St. Louis, Missouri 63197-9000. The incorporated material can be ordered online by visiting the U.S. Government Online Bookstore at <http://bookstore.gpo.gov>.
- B. Application and exceptions.
1. Application.
    - a. Regulations incorporated under subsection (A) apply as amended by subsection (C) to motor carriers, shippers, and manufacturers as defined under A.R.S. § 28-5201.
    - b. Regulations incorporated under subsection (A) also apply to any vehicle owned or operated by the state, a political subdivision, or a state public authority, used to transport a hazardous material, including hazardous substances and hazardous waste.
  2. Exceptions. An authorized emergency vehicle, as defined under A.R.S. § 28-101, is excepted from the provisions of this Section.
- C. Amendments. The following sections of the Federal Hazardous Materials Regulations, incorporated under subsection (A), are amended as follows:
1. Part 171, General information, regulations, and definitions. Section 171.8, Definitions and abbreviations. Section 171.8 is amended by revising the definitions for "Carrier," "Hazmat employer," and "Person," and adding a definition for "Highway" as follows:
 

"Carrier" means a person engaged in the transportation of passengers or property by highway as a common, contract, or private carrier and also includes the state, a political subdivision, and a state public authority engaged in the transportation of hazardous material."

"Hazmat employer" means a person who uses one or more employees in connection with: transporting hazardous material; causing hazardous material to be transported or shipped; or representing, marking, certifying, selling, offering, reconditioning, testing, repairing, or modifying containers, drums, or packagings as qualified for use in the transportation of hazardous material. This term includes motor carriers, shippers, and manufacturers defined under A.R.S. § 28-5201 and includes the state, political subdivisions, and state public authorities."

"Highway" means a public highway defined under A.R.S. § 28-5201."

"Person" has the same meaning as defined under A.R.S. § 28-5201."
  2. Part 172, Hazardous materials table, special provisions, hazardous materials communications, emergency response information, training requirements, and security plans. Section 172.3, Applicability. Paragraph (a)(2) is amended to read: "Each motor carrier that transports hazardous materials, and each state agency, political subdivision, and state public authority that transports hazardous material by highway."
  3. Part 177, Carriage by public highway.
    - a. Section 177.800, Purpose and scope of this part and responsibility for compliance and training. In paragraph (a), the phrase "by private, common, or contract carriers by motor vehicle" is amended to read, "by a motor carrier operating in Arizona, a state agency, a political subdivision, or a state public authority that transports hazardous material by highway."
    - b. Section 177.802, Inspection. Section 177.802 is amended to read: "Records, equipment, packagings,

and containers under the control of a motor carrier or other persons subject to this part, affecting safety in transportation of hazardous material by motor vehicle, must be made available for examination and inspection by an authorized representative of the Department as prescribed under A.R.S. §§ 28-5204 and 28-5231.”

#### **R17-5-210. Motor Carrier Safety: Public Service Corporation, Political Subdivision of this State that is Engaged in Rendering Public Utility Service, or Railroad Contacting State Officials in an Emergency**

- A.** A public service corporation, a political subdivision of this state that is engaged in rendering public utility service, or a railroad shall notify Commercial Vehicle Enforcement, through the Arizona Department of Public Safety Duty Office, that an emergency situation under A.R.S. § 28-5234(B) exists. Notification shall be made on a form provided by the Arizona Department of Public Safety and sent by fax transmission to (602) 223-2929 immediately, but in no case longer than three hours from the time the public service corporation, political subdivision of this state that is engaged in rendering public utility service, or railroad determines that the emergency situation exists. The information to be provided includes:
1. Date of the emergency situation,
  2. Time that the emergency situation started,
  3. Description of the emergency situation,
  4. Location of the emergency situation,
  5. Projected duration of the emergency situation,
  6. Authorized party's signature for determining that an emergency situation exists,
  7. Name and contact number of responsible party in the field, and
  8. The utility's self-generated Emergency ID or tracking number.
- B.** A public service corporation, a political subdivision of this state that is engaged in rendering public utility service, or a railroad shall maintain supporting documentation for no less than three years from the date of an emergency situation and shall make the supporting documentation available to a special agent upon request. Supporting documentation includes:
1. A list of drivers involved in the emergency situation;
  2. The duration of the emergency situation;
  3. The off-duty time provided for the affected drivers after the emergency situation concluded; and
  4. Any United States Department of Transportation recordable accidents, as defined under 49 CFR 390.5, which occurred during the emergency situation.
- C.** After an emergency situation terminates and a driver returns to the principal place of business, the driver shall not drive a commercial motor vehicle unless the driver remains off duty under 49 CFR 395.

#### **R17-5-211. Motor Carrier Safety: Inspection, Enforcement, Sanction**

- A.** Scope. This Section applies to any transporter subject to:
1. R17-5-201 through R17-5-209; and
  2. A.R.S. Title 28, Chapter 14.
- B.** Audits.
1. The Department may conduct an audit for cause or without cause.
  2. The Department may enter the premises of any transporter for the purpose of conducting an audit.
  3. The Department may inspect a motor vehicle:
    - a. Within Arizona at:
      - i. A transporter's place of business, or
      - ii. Any other in-state location, or
    - b. Outside Arizona at a transporter's place of business.
  4. A transporter shall make records available for audit:
    - a. During the transporter's normal business hours, and
    - b. In a specific location as follows:
      - i. The transporter's Arizona place of business, or
      - ii. Either an Arizona location designated by the Director or the transporter's out-of-state place of business.
  5. The Department shall charge a transporter in advance for all expenses to be incurred in performance of an out-of-state audit.
- C.** Violation notification. Within five days after audit completion, the Department shall notify an audited transporter in writing of all violations. The notification shall specify a deadline date for remedy of all violations.
- D.** Obligation to remedy violations. After receipt of a violation notification, a transporter shall remedy all violations by the specified date to comply with:
1. R17-5-201 through R17-5-209; and
  2. A.R.S. Title 28, Chapter 14.
- E.** Noncompliance: Failure to remedy violations. If the Department determines a transporter does not remedy a violation by the date specified in a violation notice, the Department shall initiate further enforcement action as prescribed under A.R.S. §§ 28-5237 and 28-5238.
- F.** Danger to public safety. If the Director determines a written violation report establishes probable cause of danger to public safety, the Director shall issue an order by 5:00 p.m. the next business day suspending the Arizona registration of the motor vehicle owned or leased by the transporter, or a driver's Arizona driver license or nonresident driving privilege.

#### **R17-5-212. Motor Carrier Safety: Hearing Procedure**

- A.** Scope.
1. This Section applies only to a motor carrier enforcement action under:
    - a. R17-5-201 through R17-5-209; and

- b. A.R.S. Title 28, Chapter 14.
- 2. In an enforcement hearing involving a manufacturer, motor carrier, shipper, or driver under this Section, the Department shall follow the procedures prescribed under 17 A.A.C. 1, Article 5, except as modified under subsections (B) through (I).
- B. Initiation of proceedings, pleadings.**
  - 1. The Director shall initiate a hearing under this Section by:
    - a. Signing and serving a complaint in the form prescribed under subsection (G) that cites a manufacturer, motor carrier, shipper, or driver for an alleged infraction; and
    - b. Serving the cited manufacturer, motor carrier, shipper, or driver with a hearing notice within 15 days after the date the complaint is signed.
  - 2. After the Director signs a complaint, the Executive Hearing Office shall act on the Director's behalf through completion of an administrative proceeding under this Section.
- C. Order to show cause.**
  - 1. When a complaint is served, the Executive Hearing Office shall immediately issue a summons for a respondent to appear at an administrative hearing to explain why the Executive Hearing Office should not grant the requested relief.
  - 2. The Executive Hearing Office shall hold a hearing under this Section within 60 days after the date the complaint is served.
  - 3. The parties may resolve a complaint before the hearing date.
    - a. The respondent shall file any settlement condition with the Executive Hearing Office.
    - b. Complaint settlement terminates the right of both petitioner and respondent to receive additional administrative review.
- D. Service.**
  - 1. The Executive Hearing Office shall:
    - a. Send an order to show cause by certified mail as prescribed under A.R.S. § 28-5232(B), and
    - b. Maintain a proof-of-service file.
  - 2. The date of service is the date of mailing.
- E. Answer.**
  - 1. Within 15 days after service of a complaint, a respondent shall respond to the complaint by:
    - a. Filing a written answer with the Executive Hearing Office; and
    - b. Serving the Assistant Attorney General, Transportation Division, representing the Department with a copy of the answer.
  - 2. A respondent's written answer shall contain:
    - a. An admission or denial of each complaint allegation, and
    - b. A list of all defenses that the respondent intends to raise during the hearing.
  - 3. In a hearing, the Executive Hearing Office shall consider any allegation not denied in the answer as an admission to the allegation.
- F. Default.**
  - 1. The Executive Hearing Office shall find in default a respondent that fails to file an answer within 15 days after the service date of a complaint.
  - 2. If the Executive Hearing Office finds a respondent in default, the Executive Hearing Office shall:
    - a. Consider the respondent's default as an admission of all complaint allegations unless the default is cured under subsection (F)(3), and
    - b. Enter an order granting the relief requested in the Department's complaint.
- 3. A respondent may cure a default by following Rule 60(c) of the Arizona Rules of Civil Procedure.
- G. Emergency motor carrier hearings; scope.**
  - 1. The Director shall initiate an emergency motor carrier hearing process according to R17-5-211(E) by:
    - a. Issuing a complaint and order to show cause according to the hearing scope under A.R.S. § 28-5232(C); and
    - b. Ordering immediate suspension of the registration of the motor vehicle owned or leased by the manufacturer, shipper, or motor carrier, or the driver license or driver's nonresident operating privilege, as prescribed under A.R.S. § 28-5232(A).
  - 2. The Executive Hearing Office shall set an emergency hearing date to occur within 30 days after the date on the complaint.
  - 3. The complaint and order to show cause shall contain the following:
    - a. The Department as the designated petitioner on the state's behalf;
    - b. The respondent's name and the basis of fact for the complaint, including a listing of any alleged violation of Department statute or rule;
    - c. The relief sought by the Department; and
    - d. An original copy of the written violation notice issued by a law enforcement agency that was served upon the respondent.
  - 4. At an emergency motor carrier hearing, an Executive Hearing Office administrative law judge shall determine whether the respondent:
    - a. Was operating on a public highway and the operation created a danger to the public safety,
    - b. Was responsible for the danger, and
    - c. Is responsible for preventing or remedying further danger to public safety.
  - 5. Upon a finding that the factors in subsection (G)(4) are present, the administrative law judge shall order that the motor carrier's registration and operator's driver license or driver's nonresident operating privilege suspension continue.
  - 6. If a respondent fails to appear at an emergency motor carrier hearing, any suspension previously ordered remains in effect until the respondent appears and meets all requirements under A.R.S. § 28-5232(F).
- H. Upon a finding that the factors in subsection (G)(4) are present, the Director shall impose a civil penalty as prescribed under A.R.S. §§ 28-5232, 28-5237 and 28-5238.**
- I. A respondent may request judicial review of a motor carrier safety hearing as prescribed under A.R.S. § 28-5239.**

  - d. Each driving school shall submit to the Division, upon application for a license or a renewal license, a complete list of all personnel in its organization and shall indicate those in the staff who will be instructing. When changes are made in instructor personnel, notification shall be made to the Division within 10 days thereafter.
  - e. An individual, association, partnership, or corporation may qualify for a license to operate a professional driver training school through himself, one of its partners, officer of the corporation or managing employee. The qualifying party shall be a regular and bona fide employee whose principal employment is with the employer for whom he has qualified and must have active and direct supervision and control of all operations necessary to secure full compliance with all the provisions of Arizona Revised Statutes Title 32, Chapter 23 and these rules.
3. Application for driving school instructor's license.
    - a. Application for an instructor's license shall be made upon a form supplied by the Division, which form may require the following disclosures and information.
      - i. True full names
      - ii. Residence addresses
      - iii. Fingerprint card
      - iv. Employment histories
      - v. Personal references
      - vi. Such other information which the Division deems pertinent to determine the applicant's good moral character. No instructor's license shall be issued except upon compliance with all the provisions of these rules and the provisions of A.R.S. §§ 32-2351 through 32-2391.
    - b. The application for an instructor's license shall include the official name of the school at which the applicant will be an instructor. The licensed instructor shall notify the Division of his initial employment or of any change of employer within 10 days thereafter.
    - c. Every application for a license as a driving school instructor must be accompanied by a fee of \$10.00.
    - d. All renewal application forms must be submitted to the Division not less than 30 days prior to the time the previous license expires. The Division will not be responsible for the timely issuance of any renewal license when application is not received at least 30 days prior to expiration date.
  - D. Requirements of applicants for driver training school license and driver training instructors. Every applicant for a license to operate a driving school and every applicant for a license to give instructions in driving motor vehicles shall meet the requirements as set forth below:
    - a. Each applicant shall pass an examination given by the Division which may consist of an actual demonstration or a written test or both covering:
      - i. Traffic laws
      - ii. Safe driving practices
      - iii. Operation of motor vehicles
      - iv. Knowledge of teaching methods, techniques, and practices
      - v. Driving school statutes and regulations, business ethics, office procedures, elementary recordkeeping.
    - b. Each applicant must be of good moral character, at least 21 years of age and have the minimum of a high school education or the equivalent.
    - c. Each applicant must hold a valid Arizona driver license.
    - d. Each applicant must have a satisfactory driving record.
    - e. All instructors shall be physically and mentally able to safely operate a motor vehicle and to train others in the operation of motor vehicles. To substantiate this, the superintendent may require a properly signed and completed certificate of medical examination conducted by a person qualified and licensed to practice medicine in Arizona.
  - E. Insurance and safety requirements:
    1. All professional school operators shall maintain bodily injury and property damage liability insurance on motor vehicles while being used in driving instruction, insuring the liability of the driving school, the driving instructor, and any person taking instruction in at least the following amounts: \$10,000.00 for bodily injury to or death of any one person in any one accident and, subject to said limit for one person, \$20,000.00 for bodily injury to or death of two or more persons in any one accident, and the amount of \$5,000.00 for damage to property of others in any one accident.
    2. Evidence of such insurance coverage in the form of a certificate from the insurance carrier shall be filed by the school with the Division and the certificate shall stipulate that the insurance contract carried by the school provides for cancellation only upon 30 days prior written notice to the Division and shall further include the make, model, year and motor or serial number of every vehicle which will be used for instruction.
    3. When a vehicle is added to or exchanged in a driving school fleet covered under a fleet insurance plan, the licensee shall provide the Superintendent a copy of a policy rider issued by the insurance carrier showing the addition or exchange, with complete descriptions of the vehicles involved.
  - F. Place of business:
    1. The established place of business of each driver training school must be regularly occupied and primarily used by that driver training school for the business of giving driving instructions for hire and the business of preparing members of the public for the examination given by the Division for a motor vehicle operator's license.
    2. Each place of business shall be safe and meet all requirements of state law and local ordinances, and the superintendent may require applicants and licenses to provide proof of compliance with local zoning ordinances.
    3. Each school shall post its office hours in a conspicuous place and shall be open to the public during these hours. In the absence of the operator, the person left in charge of the office during the posted office hours shall be fully qualified and authorized to give pertinent information to the public concerning lessons and accounts, and to give information to any representative of the Division concerning the operation of the school.

4. When a driving school office is located in an office building, store, or any other physical structure which is not a part of a dwelling, there shall be a clear separation between the driving school business and any other activity housed in the building.
  5. The school's license must be conspicuously displayed.
  6. All records pertaining to the operation of the school shall be maintained in the established place of business and available for inspection during normal business hours.
  7. Every place of business used by each driving school shall provide adequate facilities for any student being given instructions in other than behind-the-wheel driver training.
- G. Branch offices:**
1. A driver training school desiring to open a branch office shall make application on a form prescribed by the Division and accompanied by the required fee of \$50.00. If application is approved, the Division will issue a copy of the license of the principal place of business, appropriately endorsed, for use in the branch office.
  2. This copy must be conspicuously displayed in such branch office at all times.
  3. A branch office may not be removed to a new location without prior approval of the Division.
  4. Should a branch office be discontinued, the branch office copy of the license must be surrendered immediately to the Division.
  5. The branch office must meet all of the requirements of the licensed principal place of business and must be equipped to, and shall perform, substantially the same services apply to the principal place of business.
  6. Branch offices are restricted to the county wherein the principal place of business is located.
- H. Advertising:**
1. A school shall not use any name other than its licensed name for advertising or publicity purposes. Nor shall the school use the word "State" in any part of the school name. A licensed school which advertises, solicits patrons, or conducts the business regulated by A.R.S. § 32-2351 et seq., by the use of or under a name other than the name by which the school was licensed, must apply for and obtain an original license for such school before it may lawfully operate.
  2. No driving school advertisement shall indicate in any way that a school can issue or guarantee the issuance of a driver's license, or imply that the school can in any way influence the Division in the issuance of a driver's license or imply that preferential or advantageous treatment from the Division can be obtained.
  3. Schools that are in fact licensed by the Division may in their advertising state they are "LICENSED" but shall not indicate that a school is approved, sanctioned, or in any other way endorsed by the Division.
- I. Professional conduct:**
1. No driving school instructor, employee, or agent will be permitted to accompany any student into any examining office rented, leased, or owned by the Division of Motor Vehicles for the purpose of taking a driver license examination.
  2. No driving school instructor, employee, or agent will be permitted to personally solicit any individual on the premises rented, leased, or owned by the Division of Motor Vehicles for the purpose of enrolling them in any professional driving school.
  3. Violation of any of the provisions of this Article may be grounds for the cancellation, suspension or revocation of an instructor's license or a school's license, subject to the provisions of A.R.S. §§ 32-2373 and 32-2391 and these rules.
- J. Records and contracts:** Every licensee shall maintain the following records:
1. A permanently bound book or a card file setting forth the name, address, contract number, and terms of payment with respect to every person receiving lessons, lectures, tutoring, instructions of any kind or any other service relating to instructions in the operations of a motor vehicle. The book or card file shall also contain records showing the date, type, and duration of all lessons, lectures, tutoring and instructions including the name of the instructor giving such lessons and the tag number, make and model of vehicle used to conduct the training.
  2. A record of all receipts and disbursements.
  3. If a licensee enters into written contracts with any person or group of persons receiving lessons, lectures, tutoring or instructions relating to the operation of a motor vehicle, the original contract must be given to the student or his agent who executes the contract, and a carbon copy of the contract retained as part of the records of the license.
  4. All records must be retained for three years.
- K. Equipment:**
1. All vehicles used for driver training must be equipped with the following:
    - a. Any motor vehicle with an automatic transmission must be equipped with at least a dual braking device which will enable an accompanying instructor to bring the car under control in case of an emergency.
    - b. Any motor vehicle equipped with a standard transmission must have at least a dual clutch and braking device which will enable an accompanying instructor to bring the car under control in case of an emergency.
  2. All vehicles must be maintained in safe operating conditions at all times.
- L. Suspension, revocation, cancellation and denial of driver training school and driver training instructor licenses:**
1. The superintendent may suspend or revoke the license of any driver training school or driver training instructor:
    - a. If the licensee fails to do anything which is required by the provisions of A.R.S. Title 32, Chapter 23, or these rules relating to driver training schools and driver training instructors.
    - b. If the licensee does anything which is prohibited by the provisions of A.R.S. Title 32, Chapter 23, or these rules relating to driver training schools or driver training instructors.
    - c. If the application contains any misstatements or misrepresentations.
  2. No license fee will be refunded in the event a license is suspended or revoked.
  3. The superintendent may deny any application for a driver training school or driver training instructor's license, if the applicant does not qualify for the license under the provisions of A.R.S. Title 32, Chapter 23, or these rules relating to driver training schools and driver training instructors. Previous revocation, misstatements or misrepresentations may be grounds for denying a license.
- M. The superintendent, upon determining that grounds for cancellation of a license exist, shall give notice thereof to the licensee in writing, and by the notice shall require the licensee to appear before him at a specified time and place, then and there to show cause why his license should not be cancelled. At the time and place fixed by the superintendent, which shall**

be not less than 10 days after notice, the licensee shall appear and be heard and may have other persons he desires present and testify at the hearing.

New Section recodified from R17-4-245 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4234, effective November 15, 2002 (Supp. 02-3).

**R17-5-406. Motor Vehicle Dealer Consignment Contract****A. Definitions.**

1. "Contract" or "Dealer consignment contract" has the meaning prescribed under A.R.S. § 28-4410(G)(1).
2. "Dealer" or "Motor vehicle dealer" has the meaning prescribed under A.R.S. § 28-4301(23).
3. "Division" means the "Motor Vehicle Division" of the Arizona Department of Transportation and any authorized agent.
4. "Vehicle" or "motor vehicle" has the meaning prescribed under A.R.S. § 28-4301(22).
5. "Owner" means a person prescribed under A.R.S. § 28-101(36)(a), that has the legal right to sell or dispose of the motor vehicle.
6. "State" means the "state of Arizona" and all its agencies and political subdivisions and their officers and agents.

**B. General Requirements.** For purposes of A.R.S. § 28-4410, a dealer shall prepare a dealer consignment contract on a form with contents as prescribed under subsection (C).**C. Content.** A dealer consignment contract shall contain the following information:

1. The heading "Dealer Consignment Contract;"
2. The dealer's name and dealer license number;
3. The dealer's business address and telephone number;
4. The owner's name, address, and telephone number;
5. The vehicle identification number; license plate number; licensing state; and model, make, and year;
6. If there is a lien holder:
  - a. The lien holder's name, address, telephone number;
  - b. Lien balance;
  - c. Prepayment penalties, if any; and
  - d. Other information relevant to the terms and conditions of the lien repayment;
7. A statement by the owner that the vehicle is free and clear of all liens and encumbrances, except those disclosed under subsection (C)(6)(a) and the lien balance is no greater than that disclosed under subsection (C)(6)(b);
8. An authorization by the owner permitting the dealer to market and sell the vehicle on behalf of the owner at a mutually-agreed upon, specified, minimum price;
9. An agreement by the dealer to inform any prospective purchaser that the vehicle is on consignment;
10. An agreement by the dealer that, upon receiving the sale proceeds, the dealer shall immediately satisfy all disclosed liens and ensure that the liens are released;
11. An agreement by the owner that, upon the completion of the sale and after receiving the sale proceeds, the owner shall promptly deliver and endorse the title certificate for reassignment to the purchaser;
12. The expiration date of the consignment contract;
13. An agreement by the dealer to deliver the vehicle to the owner at a specified location on the date that the contract expires or terminates;
14. An agreement by the owner to pay any specified fees due the dealer upon the return of the vehicle, after the expiration or termination of the consignment contract;
15. The date the contract is executed;
16. The dealer's signature; and
17. The owner's signature.

**D.** A dealer or an owner who adds to a dealer consignment contract a provision not described in this Section shall ensure that

the provision does not conflict with or alter the meaning of a provision of this Section.

- E.** Disposition. When a dealer prepares a dealer consignment contract as prescribed under this Section, the dealer shall give a copy to the owner and keep the original at the dealer's established place of business for three years after the date that the contract expires or terminates, or the vehicle is sold.
- F.** Disclaimer. In complying with this Section, a dealer shall not interpret or claim compliance to be an approval by the state of the fairness, validity, or legality of a dealer consignment contract. This Section furnishes only information required in a dealer consignment contract. It does not detail any additional contractual requirements that may be defined under other Arizona statutes.

**Historical Note**

New Section recodified from R17-4-246 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4234, effective November 15, 2002 (Supp. 02-3).

**R17-5-407. Motor Vehicle Repossession****A.** The Division shall not transfer a title when the ownership of a motor vehicle titled in this state or another state reverts through operation of state law to a lienholder of record through repossession unless the following conditions are met:

1. The vehicle is physically located in this state;
2. A notice of lien is filed with the Division;
3. A completed affidavit from the lienholder is submitted to the Division stating that the vehicle is physically located in this state and was repossessed on default pursuant to the terms of the lien and applicable law and that this state, its agencies, employees, and agents shall not be held liable for relying on the contents of the affidavit; and
4. In addition to the information required in subsection (A)(3), the affidavit contains the following information:
  - a. The Vehicle Identification Number (VIN),
  - b. The vehicle model year,
  - c. The vehicle make,
  - d. The registered owner's name,
  - e. The date of repossession,
  - f. The state in which the vehicle is titled,
  - g. The lienholder company name,
  - h. The lienholder agent or representative name,
  - i. Lienholder signature, and
  - j. Notary or Motor Vehicle Division agent signature.

**B.** The Division shall accept out-of-state affidavits of repossession that comply with the requirements in subsections (A)(3) and (4) and subsection (C) if all of the following apply:

1. The affidavit is submitted by an Arizona licensed dealer, and
2. The Arizona licensed dealer is transferring the title into the dealership's name.

**C.** A lienholder may sell a repossessed vehicle without transferring the title into the lienholder's name by completing a Bill of Sale for submission to the Division. The Bill of Sale may be combined with the affidavit of repossession and shall contain the following information:

1. The buyer's name;
2. The sale date;
3. Buyer's street address, including the city, state, and zip code;
4. Name of new lienholder, if applicable;
5. New lien date, if applicable;
6. Odometer certification statement, including odometer reading, and an area for the buyer's name and signature to acknowledge the odometer certification;

7. A statement that the buyer is aware of the odometer certification made by the seller;
  8. The seller's name;
  9. The seller's notarized signature;
  10. The seller's address, including city, state, and zip code; and
- D.** A completed repossession affidavit as prescribed in this Section is proof of ownership, right of possession, and right of transfer.
- E.** Disclaimer. The Division has no responsibility relating to foreclosure on real property under A.R.S. Title 33, Chapter 7.

**Historical Note**

New Section recodified from R17-4-260 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 10 A.A.R. 3399, effective October 2, 2004 (Supp. 04-3).

**R17-5-408. Resale of a New Motor Vehicle**

- A.** A new motor vehicle dealer, as defined in A.R.S. § 28-4301, that sells a new motor vehicle that was delivered to a previous purchaser, shall provide written notice to the new purchaser under subsection (B).
- B.** A dealer shall ensure that the notice under A.R.S. § 28-4422 contains the following information:
1. The name of the dealership;
  2. A vehicle description, including year, make, and vehicle identification number (VIN);
  3. A statement that the vehicle was delivered to a previous purchaser;
  4. The printed name of the new purchaser; and
  5. The signature of the new purchaser (initials are not acceptable) indicating that the new purchaser has received the notice.
- C.** The new motor vehicle dealer shall:
1. Provide a copy of the notice under subsection (B) to the new purchaser, and
  2. Keep a copy of the signed notice under subsection (B) at the new motor vehicle dealer's established place of business for at least three years.
- D.** The new motor vehicle dealer is not required to submit to the Division the notice under subsection (B) unless otherwise required by state or federal law.
- E.** A new motor vehicle dealer shall not add additional language to the notice that would conflict with, or alter, the intent of the provisions specified in subsection (B).

**ARTICLE 5. MOTOR CARRIER FINANCIAL RESPONSIBILITY****R17-5-501. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-4001, 28-4031, 28-5201, and 28-5431, the following terms apply to this Article, unless the context otherwise requires:

"Binder" means a contract for temporary insurance as described in A.R.S. § 20-1120.

"Initial motor vehicle registration" means the first time a motor carrier registers a specific motor vehicle or a vehicle combination in Arizona.

"Insurance company" means an entity that is in the business of issuing motor carrier liability insurance policies.

**Historical Note**

**R17-5-504. Requirement to Submit Proof of Financial Responsibility; Applicability; Procedure; Exception**

- A.** If a person or motor carrier subject to financial responsibility requirements under A.R.S. § 28-4032 does not insure its motor vehicle or vehicle combination through an insurance company that electronically reports to the Department under A.R.S. § 28-4148 and Article 8 of this Chapter, the person or motor carrier shall submit proof of financial responsibility as prescribed in this Section, and in the amount required under A.R.S. § 28-4033(A):
1. On initial motor vehicle registration, or
  2. On written request by the Department.
- B.** An insurance company, its managing general agent, broker, or agent may submit proof of financial responsibility to the Department on behalf of a person or motor carrier.
- C.** As proof of financial responsibility, a person or motor carrier shall submit to the Department a photocopy of:
1. A valid liability insurance policy;
  2. A binder dated within 90 days of filing with the Department;
  3. A completed and signed Form E Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance, issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state, naming the Arizona Department of Transportation as the agency;
  4. A completed and signed Certificate of Liability Insurance form, issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state, naming the Arizona Department of Transportation as the certificate holder; or
  5. A certificate of self-insurance issued by the Department after a person or motor carrier meets the requirements of R17-5-810 and A.R.S. §§ 28-4007 and 28-4135.
- D.** Before a binder submitted as proof of financial responsibility expires, a motor carrier shall submit:
1. A binder from an insurance company other than the insurance company named in the first binder; or
  2. Proof of financial responsibility listed in subsections (C)(1) or (C)(3) through (5).
- E.** A person or motor carrier that maintains a valid USDOT number and files proof of financial responsibility with the Federal Motor Carrier Safety Administration under 49 CFR 387 is not required to submit additional proof of financial responsibility under this Section, except on written request by the Department.

**ARTICLE 6. IGNITION INTERLOCK DEVICE MANUFACTURERS**

**R17-5-601. Definitions**

In addition to the definitions under A.R.S. § 28-1301, in this Article and A.A.C. R17-4-408, unless the context otherwise requires:

“Alcohol” means ethyl alcohol, also called ethanol.

“Alcohol concentration” means the weight amount of alcohol contained in a unit volume of breath or air, measured in grams of ethanol/210 liters of breath or air and expressed as grams/210 liters.

“Alveolar breath sample” means the last portion of a prolonged, uninterrupted exhalation from which breath alcohol concentrations can be determined.

“Anticircumvention feature” means any feature or circuitry incorporated into the ignition interlock device that is designed to prevent human activity that would cause the device not to operate as intended.

“Authorized installer” means a person or entity appointed by a manufacturer, and certified by the Division, to install and service a certified ignition interlock device model provided by the manufacturer.

“Breath alcohol test” means analysis of a sample of the person’s expired alveolar breath to determine alcohol concentration.

“Calibration” means the testing, adjustment, or systematic standardization of an ignition interlock device to determine and verify its accuracy.

“Cancellation” means the withdrawal of a certification granted by the Division under this Article, which prohibits a previously certified ignition interlock device manufacturer, its authorized installer, or the authorized installer’s service center from offering, installing, or servicing an ignition interlock device under Arizona law.

“Certification” means a status granted by the Division under this Article, which permits a certified ignition interlock device manufacturer, an authorized installer, or an authorized installer’s service center to offer, install, or service an ignition interlock device under Arizona law.

“Customer number” means the system-generated, or other distinguishing number, assigned by the Division to each person conducting business with the Division. The customer number of a private individual is generally the person’s driver license or non-operating identification license number.

“Data storage system” means a computerized recording of all events monitored by an installed ignition interlock device, which may be reproduced in the form of specific reports.

“Director” means the Assistant Director for the Motor Vehicle Division of the Arizona Department of Transportation or the Assistant Director’s designee.

“Division” means the Arizona Department of Transportation’s Motor Vehicle Division.

“Emergency bypass” means an event that permits a vehicle equipped with an ignition interlock device to be started without requiring successful completion of a required breath alcohol test.

“Emergency situation” means a circumstance where the participant declares to a Division-certified installer that the vehicle needs to be moved as a condition of law or the participant has a valid and urgent need to operate the vehicle.

“False sample” means any sample other than the unaltered, undiluted, or unfiltered alveolar breath sample coming from the participant.

“Filtered breath sample” means any mechanism by which there is an attempt to remove alcohol from the human breath sample.

“Fixed-site service center” means a permanent location operated by an installer for conducting business and providing services related to a certified ignition interlock device.

“Free restart” means a function of a certified ignition interlock device that will allow a participant to restart the vehicle, under the conditions provided in R17-5-603, without having to complete another breath alcohol test.

“Ignition interlock investigator” means a Division representative authorized under R17-5-613 to inspect and monitor ignition interlock device manufacturers, installers, and service centers for continuous compliance with Articles 6 and 7 of this Chapter and A.R.S. Title 28, Chapter 4, Article 5.

“Illegal start” means the starting of a vehicle equipped with an ignition interlock device without successfully completing the required breath alcohol test.

“Independent laboratory” means a testing facility, not owned or operated by a manufacturer, that can test an ignition interlock device according to Sections 1 and 2 of the National Highway Traffic Safety Administration (NHTSA) Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDs), 57 FR 11772 to 11787, April 7, 1992.

“Installer” means a manufacturer, a manufacturer’s authorized representative, or a person or entity responsible for the day-to-day operations of a service center, who is certified by the Division to install a certified ignition interlock device and to provide certified ignition interlock device related services to the public.

“Installer-certified service representative” means any individual who has successfully completed all requirements under R17-5-705, and has received certification from an installer to install, inspect, download, calibrate, repair, monitor, maintain, service, or remove a specific certified ignition interlock device.

“Interlock” means the mechanism which prevents a motor vehicle from starting when the breath alcohol concentration of a participant meets or exceeds a preset value.

“Lock-out condition” means the operational status of a certified ignition interlock device, which after recording any violation of A.R.S. Title 28, Chapter 4, Article 5, immobilizes a participant’s vehicle by disallowing further operation of the device. The lock-out feature is built into an ignition interlock device through manufacturer software or firmware, and once activated, the device must be re-set by the manufacturer’s authorized installer.

“Manufacturer” means a person or entity that produces a certified ignition interlock device and is certified by the Division to offer the device for installation under Arizona law.

“Manufacturer’s representative” means an individual or entity designated by a manufacturer to represent or act on behalf of the manufacturer of a certified ignition interlock device.

“Material modification” means a change to a certified ignition interlock device that affects the functionality of the device.

“Mobile service center” means the portable operation of an installer, whether contained within a vehicle or temporarily erected on location, which includes all personnel and equipment necessary for an installer to conduct ignition interlock device related business and services, separately and simultaneously, with its parent fixed-site service center.

“Negative result” means a test result indicating that the alcohol concentration is less than the startup set point value.

“NHTSA” means the United States Department of Transportation’s National Highway Traffic Safety Administration.

“NHTSA specifications” means the specifications for breath alcohol ignition interlock devices published at 57 FR 11772 to 11787, April 7, 1992.

“Participant” means a person who is ordered by an Arizona court or the Division to equip each motor vehicle operated by the person with a functioning certified ignition interlock device and who becomes an authorized installer’s customer for installation and servicing of the certified ignition interlock device.

“Positive result” means a test result indicating that the alcohol concentration meets or exceeds the startup set point value.

“Purge” means any mechanism which cleanses or removes a previous breath or reference sample from the device and specifically removes alcohol.

“Reference sample device” means a device containing a sample of known alcohol concentration.

“Retest set point” has the same meaning as startup set point.

“Rolling retest” means an additional breath alcohol test required of the participant at random intervals. This test is in addition to the initial test required to start the vehicle.

“Service center” means a certified ignition interlock device service center operated by an installer who meets and maintains all certification and inspection requirements of the Division

under R17-5-707, whether operated on a fixed-site or mobile.

“Startup set point” means the alcohol concentration value, established by the Division under R17-5-603, which is determined by the Division to be the point at which, or above, an ignition interlock device shall disable the ignition of a motor vehicle.

“Violation” means any of several events including, but not limited to, high alcohol concentrations, illegal starts, and failures to perform rolling retests.

“Violation reset” means the unplanned servicing of a certified ignition interlock device and the downloading of information from its data storage system by a service center when required as a result of an over-accumulation of violations.

#### Historical Note

New Section recodified from R17-4-709 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### **R17-5-602. Ignition Interlock Device Manufacturer Certification; Expiration**

- A. An ignition interlock device manufacturer shall obtain certification by the Division under this Article before offering an ignition interlock device model for installation under Arizona law.
- B. After receiving Division certification for an ignition interlock device model under R17-5-604, the ignition interlock device manufacturer is effectively certified by the Division to offer its certified ignition interlock device model for installation under Arizona law.
- C. An ignition interlock device manufacturer shall submit a new application to the Division under R17-5-604 for the certification of each new ignition interlock device model the manufacturer intends to offer for installation.
- D. Manufacturer certification issued by the Division under this Article shall automatically expire if:
  - 1. The manufacturer no longer provides at least one currently certified ignition interlock device model for installation under Arizona law; and
  - 2. The manufacturer has no pending application on file with the Division for the certification of a device under R17-5-604.
- E. Once a manufacturer’s certification expires, the manufacturer may reapply for certification by submitting a new application to the Division for the certification of a device under R17-5-604.

#### Historical Note

New Section recodified from R17-4-709.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-602 renumbered to R17-5-604; new R17-5-602 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### **R17-5-603. Device Requirements, Technical Specifications, and Standards for Setup and Calibration**

- A. Accuracy standards. The startup set point value for an ignition interlock device shall be an alcohol concentration of 0.030 g/210 liters of breath. The accuracy of a device shall be 0.030 g/210 liters plus or minus 0.010 g/210 liters. The accuracy shall be determined by analysis of an external standard generated by a reference sample device.
- B. Alveolar breath sample. A device shall have a demonstrable feature designed to assure that a breath sample measured is essentially alveolar.

- C. Specificity. A test of alcohol-free samples shall not yield a positive result. Endogenously produced substances capable of being present in the breath shall not yield or significantly contribute to a positive result.
- D. Temperature. A device shall meet the requirements of subsection (A) when used at ambient temperatures of -20° Celsius to 83° Celsius.
- E. Anticircumvention standards. A device shall be designed so that anticircumvention features will be difficult to bypass.
1. Anticircumvention provisions shall include, but are not limited to, prevention or preservation of any evidence of cheating by attempting to use a false or filtered breath sample or electronically bypassing the breath sampling requirements of a device.
  2. A device shall use special seals or other methods that reveal attempts to bypass lawful device operation.
- F. Operational features.
1. A device shall allow a free restart of a motor vehicle's ignition, within three minutes after the ignition is switched off, without requiring another breath alcohol test.
  2. A device shall automatically purge alcohol before allowing analysis.
  3. A device shall have a data storage system with the capacity to sufficiently record and maintain a record of the participant's daily driving activities that occur between each regularly scheduled accuracy and compliance check referenced under R17-5-610 and R17-5-706. All daily driving activity records in the device's data storage system shall be maintained by the installer and the service center and made available to the Division upon request as provided under R17-5-612.
  4. A device shall use the most current version of the manufacturer's software and firmware to ensure compliance with this Article and any other applicable rule or statute. The manufacturer's software and firmware:
    - a. Shall require device settings and operational features to include, but are not limited to, sample delivery requirements, startup and retest set points, free restart, rolling retest requirements, violation settings and lock-out conditions; and
    - b. Shall not allow modification of the device settings or operational features by a service center or service representative unless the Division approves the modification under subsection (G).
  5. A device shall record all emergency bypasses in its data storage system.
  6. A device shall require a participant to perform a rolling retest within five to 15 minutes after the initial test required to start an engine. The device shall continuously require additional rolling retests at random intervals of up to 45 minutes after each previously requested retest.
    - a. A device shall emit a warning light, tone, or both, to alert a participant that a rolling retest is required.
    - b. A device shall require a participant to perform a new test to restart an engine if it is inadvertently switched off during or after a rolling retest warning.
    - c. A device shall use the startup set point value as its retest set point value.
    - d. A device shall record, in its data storage system, the result of each rolling retest performed by a participant.
    - e. A device shall immediately require another rolling retest each time a participant refuses to perform a requested rolling retest.
  7. Until a participant successfully performs a rolling retest, or the engine is switched off, a device shall record in its data storage system, each subsequent refusal of the participant to perform the requested rolling retest.
  8. Upon recording a violation of A.R.S. Title 28, Chapter 4, Article 5, the device shall emit a unique cue, either auditory, visual, or both, to warn a participant that the device will enter into a lock-out condition in 72 hours unless reset by the installer.
  9. When a violation results in a lock-out condition, the device shall:
    - a. Immobilize the participant's vehicle;
    - b. Uniquely record the event in the data storage system; and
    - c. Require a violation reset by the installer.
- G. Modification. No modification shall be made to the design or operational concept of a device after the Division has certified the device for installation under Arizona law.
1. A software or firmware update required to maintain a device is permissible if the update does not modify the design or operational concept of the device.
  2. Replacement, substitution, or repair of a part required to maintain a device is permissible if the part does not modify the design or operational concept of the device.
  3. If a manufacturer determines that an existing Division-certified ignition interlock device model requires a modification that may affect the operational concept of a device, the manufacturer shall immediately notify the Division.

#### Historical Note

New Section recodified from R17-4-709.02 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-603 renumbered to R17-5-606; new R17-5-603 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### R17-5-604. Ignition Interlock Device Certification; Application Requirements

- A. A manufacturer shall offer for installation only an ignition interlock device that is certified by the Division under this Section.
- B. For certification of an ignition interlock device model, a manufacturer shall submit to the Division a properly completed application form that provides:
1. The manufacturer's name;
  2. The manufacturer's business address and telephone number;
  3. The manufacturer's status as a sole proprietorship, partnership, limited liability company, or corporation;
  4. The name of the sole proprietor or of each partner, officer, director, manager, member, agent, or 20% or more stockholder;
  5. The name and model number of the ignition interlock device and the name under which the ignition interlock device will be marketed; and
  6. The following statements, signed by an authorized representative of the manufacturer and acknowledged by a notary public or Division agent:
    - a. A statement that all information provided on the application form, including all information provided on any attachment to the application form, is complete, true, and correct;
    - b. A statement that the manufacturer agrees to indemnify and hold harmless the state of Arizona and any department, division, agency, officer, employee, or agent of the state of Arizona from all liability for:

- i. Damage to property or injury to people arising, directly or indirectly, out of any act or omission by the manufacturer or its authorized installer relating to the installation and operation of the ignition interlock device; and
    - ii. All court costs, expenses of litigation, and reasonable attorneys' fees;
  - c. A statement that the manufacturer agrees to comply with all requirements under this Article; and
  - d. A statement that the manufacturer agrees to immediately notify the Division of any change to the information provided on the application form.
- C. A manufacturer shall submit the following additional items with the application form:
1. A document that provides a detailed description of the ignition interlock device and a photograph, drawing, or other graphic depiction of the device;
  2. A document that contains the complete technical specifications for the accuracy, reliability, security, data collection, recording, and tamper detection capabilities of the ignition interlock device;
  3. An independent laboratory's report that:
    - a. Presents supporting data to demonstrate that the ignition interlock device meets or exceeds the test results required by Sections 1 and 2 of the NHTSA specifications published at 57 FR 11772 to 11787, April 7, 1992. The NHTSA specifications are incorporated by reference and are on file with the Division and the NHTSA Office of Research & Technology (NTS-131), 400 7th St. S.W., Washington, D.C. 20590. This incorporation by reference contains no future editions or amendments;
    - b. Provides the independent laboratory's name, address, and telephone number; and
    - c. Provides the name and model number of the ignition interlock device tested;
  4. A laboratory certification form, signed by an authorized representative of the independent laboratory that prepared the report required under subsection (C)(3) and acknowledged by a notary public or Division agent, that states:
    - a. The laboratory is not owned or operated by a manufacturer and no other conflict of interest exists;
    - b. The laboratory tested the ignition interlock device in accordance with Sections 1 and 2 of the NHTSA specifications;
    - c. The laboratory confirms that the ignition interlock device meets or exceeds the test results required under Sections 1 and 2 of the NHTSA specifications;
    - d. The laboratory used properly maintained equipment and trained personnel to test the ignition interlock device; and
    - e. The laboratory presented accurate test results to the Division;
  5. A list of all authorized installers of the ignition interlock device, including the name, location, telephone number, contact person, and hours of operation of each authorized installer;
  6. A copy of the complete written instructions the manufacturer will provide to its authorized installers under R17-5-609 for installation and operation of the ignition interlock device for which the manufacturer seeks certification. The written instructions shall include a requirement for the installer to affix, to each certified ignition interlock device installed, a warning label that conforms to the criteria prescribed under R17-5-609, as illustrated on the application form provided by the Division;
  7. A copy of the complete written instructions the Manufacturer shall provide to its authorized installers under R17-5-609 for distribution under R17-5-704 to participants and other operators of a vehicle equipped with the ignition interlock device for which the manufacturer seeks certification; and
  8. A certificate of insurance, issued by an insurance company authorized to transact business in Arizona, specifying:
    - a. A product liability policy with a current effective date;
    - b. The name and model number of the ignition interlock device model covered by the policy;
    - c. Policy coverage of at least \$1,000,000;
    - d. The manufacturer as the insured and the state of Arizona as an additional insured;
    - e. Product liability coverage for defects in manufacture, materials, design, calibration, installation, and operation of the ignition interlock device; and
    - f. The insurance company will notify the Division at least 30 days before canceling the product liability policy.

New Section recodified from R17-4-709.03 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-604 renumbered to R17-5-607; new R17-5-604 renumbered from R17-5-602 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### R17-5-605. Application Processing; Time-frames; Exception

- A. The Division shall process an application for certification under this Article, and Article 7, only if an applicant meets all applicable application requirements.
- B. The Division shall, within 10 days of receiving an application for certification, provide notice to the applicant that the application is either complete or incomplete.
  1. The date of receipt is the date the Division stamps on the application when received.
  2. If an application is incomplete, the notice shall specifically identify what required information is missing.
- C. An applicant with an incomplete application shall provide all missing information to the Division within 15 days of the date indicated on the notice provided by the Division under subsection (B).
  1. After receiving all of the required information, the Division shall notify the applicant that the application is complete.
  2. The Division may deny certification if the applicant fails to provide the required information within 10 days of the date indicated on the notice.
- D. Except as provided under subsection (F), the Director shall render a decision on an application for certification under this Article or Article 7, within 45 days of the date indicated on the notice acknowledging receipt of a complete application, provided to the applicant under subsections (B) or (C).
- E. For the purpose of A.R.S. § 41-1073, the Division establishes the following time-frames for processing an application for certification under this Article or Article 7:
  1. Administrative completeness review time-frame: 15 days.
  2. Substantive review time-frame: 30 days.
  3. Overall time-frame: 45 days.

- F. Established time-frames may be adjusted by the Division as needed to obtain all external agency approvals required for certifying a new ignition interlock device model submitted by a manufacturer under R17-5-604.

#### Historical Note

New Section recodified from R17-4-709.04 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-605 renumbered to R17-5-608; new R17-5-605 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### R17-5-606. Application Completeness; Denial of Ignition Interlock Device Certification; Hearing

- A. An application for certification of an ignition interlock device model is complete when the Division receives:
1. From the manufacturer, a properly prepared application form;
  2. From the manufacturer, all additional items required under R17-5-604(C); and
  3. From the Arizona Department of Public Safety, under A.R.S. § 28-1462, written confirmation or disapproval of the independent laboratory's report that the ignition interlock device meets NHTSA specifications.
- B. The Director shall deny an application for certification of an ignition interlock device model if all requirements of subsection (A) are not met, or upon finding any of the following:
1. The design, materials, or workmanship contains a defect that causes the ignition interlock device model to fail to function as intended;
  2. The manufacturer's liability insurance coverage is terminated or canceled;
  3. The manufacturer no longer offers the ignition interlock device model for installation under Arizona law;
  4. The manufacturer or independent laboratory provided false or inaccurate information to the Division relating to the performance of the ignition interlock device model;
  5. The components, design, or installation and operating instructions have undergone a modification that causes the ignition interlock device model to be out of compliance with NHTSA specifications; or
  6. The Division receives a report of device disapproval from an independent laboratory or other external reviewer.
- C. The Division shall mail to the manufacturer, written notification of the certification or denial of an ignition interlock device model. A notice denying certification of an ignition interlock device model shall specify the basis for the denial and indicate that the applicant may, within 15 days of the date on the notice, request a hearing on the Director's decision to deny certification by filing a written request with the Division's Executive Hearing Office as prescribed under 17 A.A.C. 1, Article 5.
- D. If a manufacturer timely requests a hearing on the Director's decision to deny certification, the Division's Executive Hearing Office shall conduct the hearing as provided under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5.

#### R17-5-607. Cancellation of Certification; Hearing

- A. The Director shall cancel an ignition interlock device model certification and remove the device from its list of certified ignition interlock devices upon finding any of the following:

1. The design, materials, or workmanship contains a defect that causes the ignition interlock device model to fail to function as intended;
  2. The manufacturer's liability insurance coverage is terminated or canceled;
  3. The manufacturer no longer offers the ignition interlock device model for installation under Arizona law;
  4. The manufacturer or independent laboratory provided false or inaccurate information to the Division relating to the performance of the ignition interlock device model;
  5. The components, design, or installation and operating instructions have undergone a modification that causes the ignition interlock device model to be out of compliance with NHTSA specifications;
  6. The manufacturer instructs the Division to cancel its certification of the ignition interlock device model; or
  7. The manufacturer, its authorized installer, or the device does not comply with this Article or any other applicable rule or statute.
- B. The Division, upon finding any of the conditions described under subsection (A), shall mail to the manufacturer a notice and order of cancellation of certification for the specific ignition interlock device model. The notice and order of cancellation shall:
1. Specify the basis for the action; and
  2. State that the manufacturer may, within 15 days of the date on the notice, file a written request for a hearing with the Division's Executive Hearing Office to show cause as to why the ignition interlock device certification should not be cancelled.
- C. If a hearing to show cause is timely requested, the Division's Executive Hearing Office shall conduct the hearing as prescribed under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5.
- D. Within 60 days after the effective date of an order of cancellation, the manufacturer shall, at the manufacturer's own expense, ensure the removal of all decertified ignition interlock devices and facilitate the replacement of each device with a certified ignition interlock device.
- E. The manufacturer of a previously decertified ignition interlock device model may reapply to the Division for certification of the ignition interlock device model under R17-5-604.

**R17-5-608. Modification of a Certified Ignition Interlock Device Model**

- A.** A manufacturer shall notify the Division in writing at least 10 days before a material modification is made to a certified ignition interlock device model.
- B.** Before providing a previously certified but materially modified ignition interlock device model for installation in a motor vehicle under an order of an Arizona court or the Division, a manufacturer shall:
  1. Submit to the Division a completed application form and all additional items required under R17-5-604(C), and
  2. Obtain certification of the materially modified ignition interlock device from the Division.
- C.** The Division's certification of a materially modified ignition interlock device model does not affect the original certification of the unmodified model.

**R17-5-609. Manufacturer Referral to Division-certified Installers; Manufacturer Oversight of its Authorized Installers**

- A.** A manufacturer shall refer a participant only to a Division-certified installer.
- B.** A manufacturer shall provide the Division with a toll-free telephone number for a participant to call to obtain names, locations, telephone numbers, contact people, and hours of operation for its authorized installers.
- C.** A manufacturer shall ensure that its authorized installer follows the installation and operation procedures established by the manufacturer.
- D.** A manufacturer shall ensure that its authorized installer receives and maintains all necessary training and skills required to install, troubleshoot, examine, and verify proper operation of the certified ignition interlock device.
- E.** A manufacturer shall ensure that its authorized installer:
  1. Complies with the manufacturer's procedures for removing a certified ignition interlock device from a vehicle, and
  2. Electronically notifies the Division within 24 hours after removing a certified ignition interlock device.
- F.** A manufacturer shall ensure that its authorized installer distributes to every participant, and makes available for every person operating a motor vehicle equipped with a certified ignition interlock device, the manufacturer's written instructions for the following:
  1. Operating a motor vehicle equipped with the certified ignition interlock device,
  2. Cleaning and caring for the certified ignition interlock device, and
  3. Identifying and addressing any vehicle malfunctions or repairs that may affect the certified ignition interlock device.

- G.** A manufacturer shall ensure that its authorized installer provides to every participant, and makes available for any person operating a motor vehicle equipped with a certified ignition interlock device, the manufacturer's specified training in how to operate a motor vehicle equipped with the device.
- H.** A manufacturer or installer shall provide a warning label, for each certified ignition interlock device installed, which shall:
  1. Be of a size appropriate to each device model;
  2. Have an orange background; and
  3. Contain the following language in black lettering: "Warning! Any person tampering with, circumventing, or otherwise misusing this Ignition Interlock Device, is guilty of a Class 1 misdemeanor."
- I.** A manufacturer shall ensure that its authorized installer affixes conspicuously to each installed certified ignition interlock device the warning label described under subsection (H).

**R17-5-610. Installation Verification; Accuracy Check; Non-compliance and Removal Reporting**

- A.** A participant shall have installed in a motor vehicle, only an ignition interlock device certified by the Division under R17-5-604.
- B.** A manufacturer shall comply, and ensure that its authorized installer complies, with its written procedures for the installation of a certified ignition interlock device.
- C.** Certified ignition interlock device installation verification.
  1. A manufacturer shall electronically transmit, or ensure that its authorized installer electronically transmits, a Certified Ignition Interlock Device Summarized Reporting Record to the Division within 24 hours of installing a certified ignition interlock device.
  2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for installation verification shall contain all of the following information:
    - a. Installer ID;
    - b. Participant's full name (first, middle, last and suffix);
    - c. Date of birth;
    - d. Driver license or customer number;
    - e. Report date;
    - f. Install date;
    - g. Removal date; and
    - h. Report Type.
- D.** Certified ignition interlock device accuracy and compliance check.
  1. A manufacturer shall ensure that its authorized installer schedules a participant for accuracy and compliance checks as follows:
    - a. 30 days, 60 days, and 90 days after installation of a certified ignition interlock device; and
    - b. At least once every 60 days after the 90-day accuracy and compliance check.
  2. A manufacturer shall electronically transmit, or ensure that its authorized installer electronically transmits, a Certified Ignition Interlock Device Summarized Reporting Record to the Division within 24 hours after performing an accuracy and compliance check on an installed certified ignition interlock device.

3. The electronic Certified Ignition Interlock Device Summarized Reporting Record for the accuracy and compliance check shall contain all of the following information:
  - a. Installer ID;
  - b. Participant's full name (first, middle, last and suffix);
  - c. Date of birth;
  - d. Driver license or customer number;
  - e. Report date;
  - f. Install date;
  - g. Removal date;
  - h. Report Type; and
  - i. Noncompliance code and breath alcohol concentration violation count as applicable.
- E. Certified ignition interlock device noncompliance report.
  1. A manufacturer shall electronically transmit, or ensure that its authorized installer electronically transmits, a Certified Ignition Interlock Device Summarized Reporting Record to the Division, within 24 hours after conducting an accuracy and compliance check, when an installed certified ignition interlock device displays evidence of tampering, circumvention, or misuse.
  2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for noncompliance shall indicate the condition of noncompliance and contain all of the following information:
    - a. Installer ID;
    - b. Participant's full name (first, middle, last and suffix);
    - c. Date of birth;
    - d. Driver license or customer number;
    - e. Report date;
    - f. Install date;
    - g. Removal date;
    - h. Report Type; and
    - i. Noncompliance code and breath alcohol concentration violation count as applicable.
- F. Certified ignition interlock device removal report.
  1. A manufacturer shall electronically transmit, or ensure that its authorized installer electronically transmits, a Certified Ignition Interlock Device Summarized Reporting Record to the Division within 24 hours if a certified ignition interlock device is removed before the end of a participant's certified ignition interlock device requirement period.
  2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for removal of a device shall indicate the condition of noncompliance and contain all of the following information:
    - a. Installer ID;
    - b. Participant's full name (first, middle, last and suffix);
    - c. Date of birth;
    - d. Driver license or customer number;
    - e. Report date;
    - f. Install date;
    - g. Removal date;
    - h. Report Type; and
    - i. Noncompliance code and breath alcohol concentration violation count as applicable.

**R17-5-611. Emergency Assistance by Manufacturers and Authorized Installers; Continuity of Service to Participants**

- A. A manufacturer shall ensure that its authorized installer provides to each participant a 24-hour emergency phone number for assistance in the event a certified ignition interlock device fails to operate properly or a vehicle experiences a problem relating to the installation, operation, or failure of a certified ignition interlock device.
  1. Within two hours after receiving a participant's call for emergency assistance, if the authorized installer determines that a vehicle is experiencing a problem relating to the installation, operation, or failure of a certified ignition interlock device, the authorized installer shall either:
    - a. Provide telephonically, the technical information required for the participant to resolve the issue; or
    - b. Provide or arrange for appropriate towing or roadside assistance services if unable to resolve the issue telephonically.
  2. Within 48 hours after receiving a participant's call for emergency assistance, the authorized installer shall either:
    - a. Make the certified ignition interlock device functional, or
    - b. Replace the certified ignition interlock device.
- B. A manufacturer shall ensure uninterrupted service to a participant for the duration of the participant's certified ignition interlock device requirement, which shall include facilitating the immediate replacement of an authorized installer if the installer goes out of business or its certification is cancelled by the Division under R17-5-708.

1. If a manufacturer terminates its authorized installer's appointment, or the Division cancels the installer's certification under R17-5-708, the manufacturer shall:
    - a. Obtain participant records from its formerly authorized installer; and
    - b. Provide the participant records to a new authorized installer for retention according to R17-5-612; or
    - c. Retain the participant records according to R17-5-612, if a new authorized installer is not appointed.
  2. If a manufacturer appoints a new authorized installer, the manufacturer shall:
    - a. Ensure that the new authorized installer operates either:
      - i. A mobile service center that is located within 75 miles of the Arizona residence of each participant with an installed certified ignition interlock device provided by the manufacturer; or
      - ii. A service center that is a permanent facility located within 125 miles of the Arizona residence of each participant with an installed certified ignition interlock device provided by the manufacturer; and
    - b. Notify each participant affected by the appointment of the new authorized installer at least 30 days before the appointment becomes effective.
  3. If a manufacturer does not appoint a new authorized installer, or its new authorized installer cannot provide service as prescribed under subsection (2), the manufacturer, at no cost to the participant, shall:
    - a. Provide written notification to all participants affected by the change of authorized installers at least 30 days before the authorized installer is to discontinue service. The written notification shall inform the participant of the manufacturer's responsibility to facilitate removal and replacement of the certified ignition interlock device and shall provide all of the instructions necessary for the participant to successfully exchange the device;
    - b. Remove the device from the vehicle of each affected participant; and
    - c. Facilitate the replacement of each device through a manufacturer with an authorized installer that can provide service as prescribed under subsection (2).
  4. A manufacturer shall notify the Division within 72 hours of replacing its authorized installer.
  5. A manufacturer shall submit to the Division an updated list of its authorized installers within 10 days after making a change to the list provided to the Division under R17-5-604.
- C.** Except in an emergency situation, a manufacturer or its authorized installer shall not remove another manufacturer's certified ignition interlock device without the express permission of that manufacturer.
1. If in an emergency situation a manufacturer or its authorized installer removes another manufacturer's certified ignition interlock device, that manufacturer or authorized installer shall return the device to the original installer within 72 hours of the emergency removal; and
  2. The original installer, upon receipt of the device, shall provide to the Division an electronic report of the device removal under R17-5-610, which shall include the transmission of all data stored in its data storage system.
- D.** A manufacturer shall facilitate the immediate replacement of its authorized installer's service center if the service center goes out of business or its Division certification is cancelled under R17-5-708. The manufacturer shall notify the Division within 72 hours of replacing a service center.
1. If an out-of-business or cancelled service center is replaced, the manufacturer shall make all reasonable efforts to obtain, from the service center being replaced, all participant records and data required to be retained under R17-5-612. The records shall be provided to, and maintained by, the new service center.
  2. If an out-of-business or cancelled service center is not replaced, the manufacturer shall retain the records and data as required under R17-5-612. The Division shall be notified of this event within 72 hours.
    - a. The manufacturer shall facilitate removal of all installed certified ignition interlock devices no longer serviced by the out-of-business or cancelled service center, and shall bear the cost of replacing each device with a serviceable certified ignition interlock device, even if the replacement device must be provided through an alternate manufacturer.
    - b. The manufacturer shall, within 30 days, make a reasonable effort to notify its customers of the change of service center or replacement of a device.
  3. If neither subsection (1) nor (2) can be accomplished, the manufacturer shall, within 60 days:
    - a. Notify its customers and the Division that service will be terminated; and
    - b. Remove each device at no cost to the customer.

#### Historical Note

Section R17-5-611 renumbered from R17-5-608 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### **R17-5-612. Records Retention; Submission of Copies and Quarterly Reports; Periodic Inspections**

- A.** Records retention. A manufacturer shall retain, or ensure that its authorized installer retains, a participant's records for five years after the removal of a certified ignition interlock device. The retained records shall consist of every document relating to installation and operation of the certified ignition interlock device.
- B.** Copies of records and quarterly reports.
1. A manufacturer shall ensure that its authorized installer or the manufacturer provides copies of participants' records to the Division within 10 days after Division personnel make a request for copies of records, including records relating to installation and operation of the certified ignition interlock device.
  2. A manufacturer shall ensure that its authorized installer mails, faxes, or e-mails to the Division, by the 10th day of January, April, July, and October, a quarterly report containing the following information for the previous three months:
    - a. The number of certified ignition interlock devices the authorized installer currently has in service;
    - b. The number of certified ignition interlock devices installed since the previous quarterly report; and
    - c. The number of certified ignition interlock devices removed by the authorized installer since the previous quarterly report.
- C.** Periodic inspections. The Division shall periodically conduct an inspection at the premises of a manufacturer or its authorized installer, under A.R.S. § 41-1009 and R17-5-613. The inspection shall determine whether the manufacturer, its authorized installer, the service center of the authorized installer, and the installer-certified service representatives are in compliance with this Article and Article 7.

**Historical Note**

Section R17-5-612 renumbered from R17-5-609 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-613. Ignition Interlock Investigator**

- A. The Division's ignition interlock investigator shall investigate any complaint or report of misconduct brought against a certified ignition interlock device manufacturer, installer, service center, or installer-certified service representative for noncompliance with a provision of Articles 6 or 7 of this Chapter or A.R.S. Title 28, Chapter 4, Article 5.
- B. Inspection of a manufacturer, installer, or service center under Articles 6 or 7 of this Chapter shall be conducted in accordance with A.R.S. § 41-1009. The inspection shall include an examination of participant records and verification of an adequate supply of the warning labels and written instructions required to be made available under A.R.S. § 28-1462, R17-5-609, and R17-5-704.
- C. The Division's ignition interlock investigator shall perform onsite inspections of a manufacturer, installer, or service center as needed to verify continuous compliance with the Division's ignition interlock program requirements established under Articles 6 and 7 of this Chapter and A.R.S. Title 28, Chapter 4, Article 5.

**ARTICLE 7. IGNITION INTERLOCK DEVICE INSTALLERS****R17-5-701. Definitions**

In addition to the definitions under A.R.S. § 28-1301, and unless the context otherwise requires, the definitions under A.A.C. R17-4-408 and R17-5-601 apply to this Article.

**Historical Note**

New Section recodified from R17-4-801 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-702. Ignition Interlock Device Installer Certification; Application Requirements**

- A. A manufacturer's authorized installer shall be certified by the Division before installing a certified ignition interlock device under Arizona law.
- B. A manufacturer's authorized installer shall obtain from the manufacturer, as provided under R17-5-609, all necessary training and skills required to install, troubleshoot, examine, and verify proper operation of the manufacturer's certified ignition interlock device.
- C. A manufacturer's authorized installer shall submit to the Division a properly completed application for installer certification. The application for installer certification shall provide:
  1. The authorized installer's name;
  2. The authorized installer's business address and telephone number;
  3. The authorized installer's status as a sole proprietorship, partnership, limited liability company, or corporation;
  4. The name of the sole proprietor or of each partner, officer, director, manager, member, agent, or 20% or more stockholder;

5. The name and model number of each certified ignition interlock device the authorized installer intends to install; and
6. The following statements, signed by the authorized installer and acknowledged by a notary public or Division agent:
  - a. A statement that all information provided on the application form, including all information provided on any attachment to the application form, is complete, true, and correct;
  - b. A statement that the authorized installer agrees to indemnify and hold harmless from all liability the state of Arizona and any department, division, agency, officer, employee, or agent of the state of Arizona;
  - c. A statement that the authorized installer agrees to comply with all requirements under this Article; and
  - d. A statement that the authorized installer agrees to immediately notify the Division of any change to the information provided on the application form.
- D. The Division shall process an application for installer certification as provided under R17-5-605.
- E. Division certification issued to an authorized installer under this Article shall not expire as long as the installer remains authorized by a manufacturer to install its certified ignition interlock device model under Arizona law.
  1. If a Division-certified installer is no longer authorized by a manufacturer to install its certified ignition interlock device, the installer's certification is immediately expired.
  2. If the installer again becomes authorized by a manufacturer to install its certified ignition interlock device, the installer may reapply to the Division for certification under this Article by submitting a new application.
- F. A Division-certified ignition interlock device installer shall notify the Division within 24 hours of making a decision to relocate a fixed-site service center.
- G. A Division-certified ignition interlock device installer shall train and certify each of its service representatives on the proper installation of a certified ignition interlock device before allowing the service representative to install the certified ignition interlock device.
- H. A Division-certified ignition interlock device installer shall provide to the Division a current list of the names of each of its certified service representatives. The installer shall electronically notify the Division within 24 hours of making a change to its list.

**Historical Note**

New Section recodified from R17-4-805 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-703. Ignition Interlock Device Installer Bond Requirements**

- A. Before installing, servicing, or removing a certified ignition interlock device, an installer shall:
  1. Be appointed by a manufacturer as an authorized installer of its certified ignition interlock device;
  2. Obtain an ignition interlock installer bond from a surety company authorized by the Arizona Department of Insurance to conduct general surety business in Arizona. The ignition interlock installer bond shall be:
    - a. In the amount of \$25,000;

- b. On the approved form provided by the Division; and
  - c. Maintained for as long as the installer intends to install, service, or remove Division-certified ignition interlock devices under Arizona law;
  - 3. Submit the original completed ignition interlock installer bond to the Arizona Department of Transportation, Motor Vehicle Division, Ignition Interlock Program, 1801 W. Jefferson St. MD530M, Phoenix, AZ 85007; and
  - 4. Receive Division certification under R17-5-702.
- B.** An installer authorized by a manufacturer and certified by the Division to install, service, or remove more than one certified ignition interlock device model needs only one bond.

**Historical Note**

New Section recodified from R17-4-806 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). Section R17-5-703 renumbered from R17-5-610 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**Exhibit A. Repealed****Historical Note**

Exhibit A renumbered from R17-5-610, Exhibit A, and repealed by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

Exhibit B renumbered from R17-5-610, Exhibit B, and repealed by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-704. Division-certified Installer Responsibilities**

An authorized installer certified by the Division to install a certified ignition interlock device shall:

1. Follow the installation and operating procedures established, and provided, by the manufacturer;
2. Acquire and maintain all necessary training and skills specified by the manufacturer for installing, troubleshooting, examining, and verifying the proper operation of its certified ignition interlock device;
3. Comply with all of the manufacturer's procedures for removing the certified ignition interlock device from a vehicle;
4. Electronically notify the Division within 24 hours after removing a certified ignition interlock device under R17-5-611;
5. Provide to the manufacturer, or to the Division if delegated by the manufacturer, an accurate electronic reporting of all applicable information required of the manufacturer under R17-5-610;
6. Provide to every participant, and make available for every person operating a motor vehicle equipped with the certified ignition interlock device, a copy of the manufacturer's written instructions for the following:
  - a. Operating a motor vehicle equipped with the certified ignition interlock device;
  - b. Cleaning and caring for the certified ignition interlock device; and
  - c. Identifying and addressing vehicle malfunctions or repairs that may affect the certified ignition interlock device;
7. Ensure that each participant receives an operator's manual and is further instructed regarding all of the following:

- a. How to use the system;
  - b. How to obtain service for the system;
  - c. How to find answers to any additional questions;
  - d. How the alcohol retest feature works;
  - e. How drinking alcohol before a test may result in a reading of sensitive or fail;
  - f. How the handset of the device shall not be removed, except by an installer-certified service representative;
  - g. How missing an appointment for a regularly scheduled accuracy check will cause the certified ignition interlock device to enter into a lock-out condition that will emit a unique cue, either auditory, visual, or both, to warn the driver that after 72 hours the vehicle will not start. It shall be the responsibility of each participant to have the car towed to the service center if a lock-out condition occurs;
  - h. How noncompliance with a regularly scheduled accuracy check shall result in suspension of the participant's driver license until proof of compliance is submitted to the Division under A.R.S. § 28-1463; and the duration of the participant's certified ignition interlock device requirement shall be extended under A.R.S. § 28-1464 and A.A.C. R17-4-408;
  - i. What the penalties are for tampering with, circumventing, or misusing the system;
  - j. What will happen after failing a start-up breath alcohol test; and
  - k. What will happen after failing a rolling retest.
8. Ensure that each participant demonstrates:
- a. A properly delivered alveolar breath sample; and
  - b. An understanding of how the abort test feature works.
9. Affix conspicuously, the warning label provided by the Manufacturer under R17-5-609.
10. Check each device for evidence of tampering at least once every 60 days or more frequently if needed. This anticircumvention check shall be conducted at each participant's regularly scheduled accuracy and compliance check required under R17-5-610.
11. Notify the Division electronically under R17-5-610 if any evidence of tampering is discovered.

**Historical Note**

New Section recodified from R17-4-807 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-705. Installer-certified Service Representatives****A. Initial certification.**

1. To achieve certification as a service representative, an individual shall obtain written documentation from a Division-certified ignition interlock device installer documenting that the individual is currently trained in each aspect involved with the specific certified ignition interlock device for which the individual seeks certification to install or service.
2. An installer shall not certify as a service representative, any individual with a felony conviction in the five years preceding the individual's request for certification. In this Section, conviction means that a court of competent jurisdiction adjudicated the individual guilty.
3. The Division, with advance notice to the installers, may require additional standards for installer certification of

its service representatives when needed to ensure compliance with the Division's ignition interlock program.

**B. Proficiency requirements.**

1. It is the responsibility of the installer to ensure that its certified service representatives maintain proficiency in each aspect involved with each specific certified ignition interlock device model the individual is certified to install or service.
2. The Division's ignition interlock investigator may at any time require an installer-certified service representative to demonstrate competency in the installation, inspection, downloading, calibrating, repairing, monitoring, maintaining, servicing or removal of a specific certified ignition interlock device. A failure of the installer-certified service representative to demonstrate proficiency to the Division's ignition interlock investigator may result in disciplinary action against the installer as provided under R17-5-707.

**Historical Note**

New Section recodified from R17-4-808 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-706. Accuracy and Compliance Check; Requirements**

- A.** An installer-certified service representative shall inspect, maintain, and check each certified ignition interlock device for calibration accuracy and operational performance before the device is placed into, or returned to, service.
- B.** The installer-certified service representative shall perform each accuracy and compliance check in accordance with NHTSA specifications at a service center authorized by the installer and certified by the Division under R17-5-707.
- C.** The accuracy and compliance check performed under R17-5-610 shall include an inspection of the device to verify that it is properly functioning in accordance with all of the following criteria:
  1. Accuracy standards as prescribed under R17-5-603;
    - a. The device shall be calibrated before placed into, or returned to, service.
    - b. The device shall be subjected to a calibration test before returning it to service. This test shall consist of introducing to the device a known alcohol concentration from a reference sample device, the analysis of which indicates the device's agreement with the known concentration. The installer's software shall be capable of performing, documenting, and reporting the result of this calibration test. The test result described herein shall verify the accuracy of the ignition interlock device according to the standards prescribed under R17-5-603; and
  2. Anticircumvention standards and operational features as prescribed under R17-5-603.
- D.** The calibration test referenced under subsection (C)(1) shall be performed when the information uploaded from a device indicates that the device has experienced an interruption in service or was completely disconnected. Additionally, the complete device shall be examined for evidence of tampering and circumvention while it is still attached to the vehicle.
- E.** If calibration confirmation test results reveal that the device is not properly calibrated, the device shall be recalibrated to restore the accuracy standards prescribed under R17-5-603 before the device is returned to service.

- F.** If at any time an individual device fails to meet the provisions of this Section, the manufacturer, installer, service center, or installer-certified service representative shall either:
  1. Repair, recalibrate, and retest the device to ensure that it does meet all applicable standards; or
  2. Remove the device from service.

**Historical Note**

New Section recodified from R17-4-501 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

**R17-5-707. Certification and Inspection of Service Centers; Application**

- A.** A service center, whether located on a fixed site or mobile, shall be approved and certified by the Division under this Article before it is used by an installer to conduct certified ignition interlock device related business in this state.
- B.** For Division approval and certification of a service center, an installer shall submit to the Division a separate application for each individual service center the installer intends to use for conducting certified ignition interlock device related business in this state.
- C.** On an application for the approval and certification of a service center, available from the Division, an installer shall identify:
  1. The physical location of the service center;
  2. The ignition interlock device, or devices, to be merchandised and serviced at the location; and
  3. The reference sample device, or devices, that will be used at the location.
- D.** An installer shall attach, to the application submitted to the Division under subsection (B), a statement from the manufacturer acknowledging that the installer is authorized to install the certified ignition interlock device, or devices, described on the application.
- E.** An installer applying for Division approval and certification of a service center shall agree to:
  1. Allow the Division access to the service center for inspection under subsection (G); and
  2. Comply with all provisions under this Article and A.R.S. Title 28, Chapter 4, Article 5.
- F.** For Division approval and certification of a service center, the installer's ignition interlock device testing facilities, equipment, and the procedures used in the service center shall meet the following conditions:
  1. A fixed-site service center shall be located in a facility that properly and successfully accommodates installing, inspecting, downloading, calibrating, repairing, monitoring, maintaining, servicing, and removing a specific ignition interlock device. The installer shall:
    - a. Provide a designated waiting area for the participant that is separate from the installation area; and
    - b. Ensure that no participant witnesses installation of the certified ignition interlock device.
  2. A mobile service center shall be equipped with the same materials and capacities prescribed under subsection (1). An installer or service representative operating a mobile service center shall:
    - a. Designate a waiting area for the participant that is separate from the area used for the installation; and
    - b. Ensure that no participant witnesses installation of the certified ignition interlock device.

3. The installer, whether operating a fixed-site service center, or mobile, shall ensure that its certified service representatives utilize all of the following:
  - a. The analysis of a reference sample such as head-space gas from a mixture of water and alcohol, the results of which shall agree with the reference sample predicted value, or other methodologies approved by the Division. The preparatory documentation on the reference sample solution, such as a certificate of analysis, shall be made available to the Division upon request.
  - b. The startup set point value established under R17-5-603. All analytical results shall be expressed in grams of alcohol per 210 liters of breath (g/210L).
  - c. The most current versions of manufacturer software and firmware to ensure continuous compliance under this Article and A.R.S. Title 28, Chapter 4, Article 5.
4. Only a properly trained installer-certified service representative shall perform certified ignition interlock device related services rendered through a service center.
  - a. The installer shall maintain sufficient staff at each service center to ensure an acceptable level of service. The service center shall always be staffed with at least one certified service representative.
  - b. The installer shall schedule accuracy and compliance checks at each service center in a manner that will not deprive a participant of an acceptable level of service.
  - c. The installer's software shall document the certified service representative performing each accuracy and compliance check and shall record the date each service is performed.
  - d. Division-certified installers may train potential certified service representatives in the service center only under the direct supervision of a currently certified service representative.
5. The installer shall agree to:
  - a. Submit a violation to the Division as prescribed under R17-5-610 no later than 24 hours after the installer discovers the violation;
  - b. Maintain complete records of each device installation for five years from the date of its removal;
  - c. Require each applicant seeking installer certification as a service representative to certify that he or she has not been convicted of a felony within the five years preceding the date of application;
  - d. Retain the five-year felony certification required of each installer-certified service representative under subsection (c) for five years after the date of the employee's separation from employment; and
  - e. Make available to the Division upon request, either by inspection or in hardcopy form, all records relating to the installer's ignition interlock device operations.
6. The installer shall ensure that all anticircumvention features are activated on each installed certified ignition interlock device.
7. The installer shall install and inspect each certified ignition interlock device as provided under this Article.
  - a. Each time an installer uploads the information from a participant's certified ignition interlock device, the installer-certified service representative shall perform a visual inspection of the vehicle, the device, and the device's wiring to ensure no tampering or circumvention has occurred during the monitoring period.
- b. The calibration test referenced under R17-5-706 shall be performed if the downloaded device information indicates that the device has experienced an interruption in service or was completely disconnected.
8. The installer shall agree to abide by conditions for the removal of an ignition interlock device, including but not limited to the following:
  - a. No ignition interlock device shall be removed without notifying the Division of the removal under R17-5-610.
  - b. A service representative or service center shall not remove the certified-ignition interlock device of another manufacturer, except in an emergency, or other special circumstance authorized by the Division. All such removals shall be documented and reported to the Division. All device removal records shall be retained as prescribed under R17-5-612.
  - c. When a participant requests to exchange one manufacturer's device for the device of another manufacturer, the installer of the original device shall notify the Division of the device removal under R17-5-610.
- G. The Division may cancel the certification of an installer or its service center if the installer or service center is found to be operating in violation of any provision under this Article or A.R.S. Title 28, Chapter 4, Article 5. To ensure continuous compliance with all provisions under this Article and A.R.S. Title 28, Chapter 4, Article 5, the Division's ignition interlock investigator may inspect an installer's service center under A.R.S. § 41-1009.
- H. An installer shall designate a custodian of records who shall, if required in an administrative hearing or court proceeding, provide testimony concerning the interpretation of data storage system records and answer questions concerning the installer's certification and compliance with the Division's ignition interlock program requirements.
- I. Before issuing certification, the Division may perform an onsite evaluation of a service center to verify compliance with this Article.
- J. After verifying compliance with subsections (A) through (F), the Division shall issue a certificate to the installer and each service center that shall remain valid until cancelled by the Division or terminated by the installer or service center. Issuance of a certificate to an installer or service center under this Section shall be evidence that the installer's service center has met all of the criteria necessary for approval and certification by the Division.
- K. Certification of the installer's service center is contingent upon the installer's agreement to conform with and abide by all directives, orders, and policies issued by the Division regarding any service center activities regulated by the Division under this Article and A.R.S. Title 28, Chapter 4, Article 5, which may include:
  1. Program administration,
  2. Reports,
  3. Records and forms,
  4. Inspections,
  5. Methods of operations and testing protocol,
  6. Personnel training and qualifications,
  7. Criminal history considerations for installer-certified service representatives, and
  8. Records custodian.

- L. Certification issued under this Section may be cancelled by the Division if the installer, service center, or installer-certified service representative violates or is not in compliance with a provision of this Article or A.R.S. Title 28, Chapter 4, Article 5, or the certified ignition interlock device equipment it is authorized by the manufacturer to install no longer meets the requirements provided under Article 6 of this Chapter.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

#### R17-5-708. Cease and Desist; Denial or Cancellation of Certification; Appeal; Hearing

- A. If the Director has reason to believe that a Division-certified installer or service center is operating in violation of a provision under this Article or A.R.S. Title 28, Chapter 4, Article 5, the Director shall immediately issue and serve a cease and desist order on the installer or service center by personal delivery or by mail to its last known address.
1. On receipt of a cease and desist order, an installer or service center shall immediately take action as specified in the order or cease and desist from engaging in any further activity authorized under this Article or A.R.S. Title 28, Chapter 4, Article 5.
  2. On failure of an installer or service center to comply with a cease and desist order, the Director shall issue an immediate cancellation of its installer or service center certification.
- B. Appeal of a denial of application or cancellation of certification. If the Division denies a pending application for certification, or cancels a certification previously issued to an installer or its service center, the installer or service center may appeal the action as follows:
1. Within 15 days after receipt of a notice of denial of application or a notice of cancellation of certification, the installer or service center may file a written request for a hearing on the issue of the denial or cancellation with Division's Executive Hearing Office as prescribed under 17 A.A.C. 1, Article 5.
  2. If a hearing on the issue of the denial or cancellation is timely requested, the Division's Executive Hearing Office shall conduct the hearing as prescribed under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5. The request for a hearing stays the summary cancellation of an installer or service center's certified activities.
  3. Within 10 days after a hearing, the Hearing Officer shall issue to the installer or service center a written decision, which shall:
    - a. Provide findings of fact and conclusions of law; and
    - b. Grant the application, deny the application, or cancel the certification.
  4. If the Hearing Officer affirms the denial of application or cancellation of certification, the installer or service center may seek judicial review under A.R.S. Title 12, Chapter 7, Article 6, within 30 days from the date of the decision and order. The denial of application or order of cancellation shall not be suspended during pendency of an appeal.
- C. After denial of an application, or cancellation of a certification, an installer or service center may reapply to the Division for a new certification by completing a new application and meeting all certification requirements under this Article. A cancellation does not prohibit a manufacturer, installer, or service center from submitting a subsequent application for certification if all certification requirements are met.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

### ARTICLE 8. MANDATORY INSURANCE AND FINANCIAL RESPONSIBILITY

#### R17-5-801. Definitions

In addition to the definitions under A.R.S. §§ 28-101 and 28-4001, in this Chapter, unless otherwise specified:

"Company" means an insurance or indemnity company authorized to write motor vehicle liability coverage in Arizona.

"Customer number" means the system-generated, or other distinguishing number, assigned by the Division to each person conducting business with the Division. The customer number of a private individual is generally the person's driver license or non-operating identification license number. The customer number of a business is generally its federal employer identification number.

"Division" means the Arizona Department of Transportation's Motor Vehicle Division.

"EDI" means electronic data interchange, which is the transmission of data in a standardized format from one computer to another without the use of magnetic tape.

"EDI reporting" means the weekly computer-to-computer transmission of data from a company to the Division.

"Error return" means the immediate computer-to-computer transmission, from the Division to a company, of all data reporting errors received during EDI reporting.

"FEIN" means the federal employer identification number or federal tax identification number used to identify a business entity.

"FTP" means file transfer protocol, which is a common protocol used by the Division for exchanging files over any network that supports EDI reporting transmitted through the Internet or Intranet.

"Information exchange" means EDI reporting where a company or service provider transmits a report to the Division through a connection to a private information network.

"MVD" means the Arizona Department of Transportation's Motor Vehicle Division.

"NAIC" means the National Association of Insurance Commissioners.

"Private information network" means the value-added network used by a company or service provider to facilitate EDI transmissions to the Division and to provide other network services where fees are charged for the network connection based on the number of characters and messages transmitted.

"Reportable activity" means the information required to be transmitted to the Division under A.R.S. § 28-4148 and this Article.

"Self-insurer" means a person or entity that has met the qualifications, completed the application process, and received a certificate of self-insurance issued by the Division under Section R17-5-810.

"Service provider" means a person or entity that provides the connection to a private information network for EDI reporting.

"SR22" means a certification filed, by a company duly authorized to transact business in this state, as proof of financial

responsibility for the future, which guarantees that the insured owner or operator has in effect at least the minimum motor vehicle liability insurance coverage required under A.R.S. Title 28, Chapter 9, Article 3.

“SR26” means a certification filed by a company duly authorized to transact business in this state, which notifies the Division that an insured owner or operator required to maintain proof of financial responsibility for the future, under A.R.S. Title 28, Chapter 9, Article 3, is no longer covered under a previously reported SR22.

“Value-added Network” means a private network provider that is hired by a company to facilitate EDI or provide other network services.

“X12” means the American National Standards Institute, Accredited Standards Committee, uniform standards for the inter-industry electronic exchange of business transactions by EDI.

“X12 (TS811)” means X12 Transaction Set 811, Consolidated Service Invoice – Statement, version 3050, which is the specific set of EDI transactions developed for the insurance industry in the X12 standard format for automobile liability insurance reporting.

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

#### **R17-5-802. Insurance Company Electronic Reporting Requirement; Applicability**

- A. A company that provides motor vehicle liability insurance coverage for an Arizona vehicle shall electronically transmit to the Division all reportable activity under A.R.S. § 28-4148 and R17-5-803 using one of the authorized EDI reporting methods identified in R17-5-806. Each transmission shall include all of the applicable record matching criteria prescribed under R17-5-804 or R17-5-805.
- B. Effective May 1, 2007, a company that issues 1,000 or more SR22 policies per calendar year shall electronically transmit to the Division all SR22 and SR26 activity using one of the Division-authorized EDI reporting methods identified in R17-5-806. Each transmission shall include all of the applicable record matching criteria prescribed under R17-5-804 or R17-5-805.
- C. The Division shall not accept or record an out-of-state motor vehicle liability insurance policy for a passenger vehicle, even if written by a company authorized to transact business in this state.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

#### **R17-5-803. Insurance Company Reportable Activity**

- A. A company shall transmit to the Division:
  1. All reportable activity, not previously reported, that was processed by the company seven or fewer days before each reporting date; or
  2. A statement of inactivity, if no reportable activity occurred by the reporting date.
- B. For the purpose of this Article, reportable activity shall include:
  1. A policy cancellation;
  2. A policy non-renewal;
  3. A new policy issuance;
  4. A vehicle added to a policy;
  5. A vehicle deleted from a policy;

6. A policy reinstatement; and
7. Effective May 1, 2007, all SR22 and SR26 filings by insurance companies issuing 1,000 or more SR22 policies per calendar year.

- C. Reportable activity does not include the addition or deletion of a vehicle to or from a non-vehicle-specific commercial policy.

#### Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

#### **R17-5-804. Record Matching Criteria for a Vehicle-specific Policy**

For each vehicle-specific policy transmitted to the Division, a company shall include all of the following information to assist with the matching of policies to MVD customers:

**R17-5-808. Insurance Company Reporting Errors; Resolution; Noncompliance**

- A.** The Division shall:
1. Return to a company, using the X12 Error Return format provided in R17-5-807(B), all reporting errors received during a transmission; and
  2. Instruct the company to correct all reporting errors affecting the Division's processing of the required data.
- B.** All companies reporting electronic policy information shall notify the Division prior to making changes to any reporting systems, or previously established policy reporting formats, that may affect the Division's ability to match and process the information received.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

**R17-5-809. Insurance Company Failure to Submit Required Data; Request for Hearing**

If a company fails to submit the data required under A.R.S. § 28-4148, and this Article, the Division shall:

1. Send to the company, a dated written notice, which:
  - a. Identifies the business week or reporting period in which the company did not submit the required information;
  - b. Instructs the company to submit the information for the identified business week or reporting period within seven days of the date of the notice;
  - c. Informs the company that a failure to respond to the Division's request within the allotted time-frame, shall result in a referral of the matter to the Arizona Department of Insurance, under A.R.S. § 20-237, which may result in a civil penalty of up to \$250 per day for each day the insurer is in violation of A.R.S. § 28-4148; and
  - d. Provides notice of the company's right to request a hearing with the Arizona Department of Insurance under A.R.S. § 20-237; and
2. Advise the Arizona Department of Insurance if the company fails to comply with the Division's written notice provided under this Section.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

**R17-5-810. Self-insurance as Alternate Proof of Financial Responsibility; Provisions; Applicability**

- A.** Self-insurance applicant qualification. A person or entity may apply for self-insurance under this Section if the applicant:
1. Owns the minimum number of vehicles prescribed under A.R.S. § 28-4007(A) with current Arizona registration;
  2. Demonstrates minimum assets of \$1 million on documentation required under subsections (C) and (D);
  3. Meets any additional financial responsibility requirements under A.R.S. § 28-4033(A), according to the insured vehicle's weight and/or intended use; and
  4. Provides a business office contact for the company with a current phone number and mailing information.

- B.** A self-insurance applicant shall provide, on a self-insurance application form provided by the Division, the following information:

1. Applicant's name;
2. Business name, if applicable;
3. Mailing address, city, state, and ZIP code;
4. A selection of coverage type:
  - a. Public liability only; or
  - b. Public liability and property damage;
5. Number of vehicles in the applicant's fleet;
6. A selection list that describes the nature of the applicant's business;
7. A description of any hazardous materials transported by type, class, and weight;
8. A report of all accidents in the prior 39-month period before the application date;
9. The applicant's signature and official business title to certify that all information is true and correct; and
10. Acknowledgment by a notary public or by the signature of an authorized Motor Vehicle Division agent.

- C.** Supplementary documentation. In addition to a completed self-insurance application form, the applicant shall submit a profit and loss statement certified by a Certified Public Accountant for the 12-month period before the application date. The profit and loss statement shall include one of the following:

1. A balance sheet; or
2. An annual financial report.

- D.** On approval of an application, the Division shall issue a certificate of self-insurance that is continuously valid but shall require the self-insurer to submit a 12-month update of supplementary documentation prescribed under subsection (C) on or before July 1 of each successive year.

- E.** An initial self-insurance applicant or a self-insurer making an annual update shall submit documentation required under subsections (B) through (D) to the following address:

Motor Vehicle Division  
Financial Responsibility Unit  
P.O. Box 2100, Mail Drop 535M  
Phoenix, AZ 85001-2100

- F.** A self-insurer shall keep a copy of the self-insurance certificate in each covered vehicle at all times.

- G.** A self-insurer shall submit written notification to the Division of each vehicle to be added or removed from self-insurance coverage. The written notification shall include the vehicle identification number of each vehicle.

- H.** A self-insurer that terminates self-insurance shall provide new evidence of financial responsibility as required under A.R.S. § 28-4135 for each vehicle previously covered under a self-insurance certificate.

- I.** In addition to the reasonable grounds prescribed under A.R.S. § 28-4007(C), the Division may cancel a self-insurance certificate under the following circumstances:

1. A self-insurer fails to comply with provisions of the Division's annual update requirement under subsection (D), or
2. A self-insurer no longer owns the covered business or fleet.

- J.** For the purpose of A.R.S. § 28-4007(C) and this Section, the Division shall conduct a self-insurance cancellation hearing according to the provisions prescribed under 17 A.A.C. 1, Article 5.

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

**R17-5-811. Certificate of Deposit as Alternate Proof of Financial Responsibility; Applicability**

For the purpose of A.R.S. §§ 28-4076(2) and 28-4084, a person depositing a \$40,000 certificate of deposit with the state treasurer as alternate proof of financial responsibility may apply the certificate to a maximum of 25 non-commercial vehicles registered in the person's name.

Exemption from A.R.S. Title 41, Chapter 6 means the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Department did not submit the rules to the Governor's Regulatory Review Council for review; and the Department was not required to hold public hearings on this Section (Supp. 98-3).*

**ARTICLE 2. SOLID WASTE DEFINITIONS; EXEMPTIONS**

*Editor's Note: The following Section was adopted under an exemption from the provisions of the Administrative Procedure Act which means that these rules were not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the agency was not required to hold public hearings on these rules (Supp. 98-3).*

**R18-13-201. Land Application of Biosolids Exemption**

- A. This Section applies only to biosolids as defined in R18-13-1501(7). The land application of biosolids, when placed on or applied to the land in full conformity with 18 A.A.C. 13, Arti-

cle 15 and A.R.S. § 49-761(F), and if the site of land application has ceased to receive application of biosolids and all applicable site restrictions set by 18 A.A.C. have been satisfied, is exempt statewide from the definition of solid waste found at A.R.S. § 49-701.01(A). This exemption applies only when the biosolids and the soil to which it has been applied remain at the site of the application.

- B. This exemption does not alter or set any new standard for the soil remediation standards found at 18 A.A.C. 7, Article 2.

**Historical Note**

Adopted under and exemption from A.R.S. Title 41, Chapter 6, pursuant to A.R.S. § 49-701.01(C)(1) and (2), effective July 27, 1998 (Supp. 98-3). Amended by exempt rulemaking at 5 A.A.R. 4004, effective September 17, 1999 (Supp. 99-3).

**R18-13-202. Coal Slurry Discharges from Pipeline Leaks Exemption**

This Section applies only to coal slurry discharges onto the ground from pipeline leaks. Coal slurry discharges onto the ground from pipeline leaks are exempt statewide from the definition of solid waste prescribed in A.R.S. § 49-701.01(A) if both of the following conditions are met:

1. The discharge was the result of an accidental pipeline leak.
2. The thickness of the layer of coal slurry on the ground that resulted from the discharge is 3 inches or less.

**Historical Note**

**ARTICLE 3. REFUSE AND OTHER OBJECTIONABLE WASTES****R18-13-301. Reserved****R18-13-302. Definitions**

- A. "Approved" means acceptable to the Department.  
 B. "Ashes" means residue from the burning of any combustible material.  
 C. "Department" means the Department of Environmental Quality or a local health department designated by the Department of Environmental Quality.  
 D. "Garbage" means all animal and vegetable wastes resulting from the processing, handling, preparation, cooking, and serving of food or food materials.  
 E. "Manure" means animal excreta, including cleanings from barns, stables, corrals, pens, or conveyances used for stabling, transporting, or penning of animals or fowls.  
 F. "Person" means the state, a municipality, district or other political subdivision, a cooperative, institution, corporation, company, firm, partnership or individual.  
 G. "Refuse" means all putrescible and nonputrescible solid and semisolid wastes, except human excreta, but including garbage, rubbish, ashes, manure, street cleanings, dead animals, abandoned automobiles, and industrial wastes.  
 H. "Rubbish" means nonputrescible solid wastes, excluding ashes, consisting of both combustible and noncombustible wastes, such as paper, cardboard, waste metal, tin cans, yard clippings, wood, glass, bedding, crockery and similar materials.

**Historical Note**

Section recodified from A.A.C. R18-8-502, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-303. Responsibility**

- A. The owner, agent, or the occupant of any premises, business establishment, or industry shall be responsible for the sanitary condition of said premises, business establishment, or industry. No person shall place, deposit, or allow to be placed or deposited on his premises or on any public street, road, or alley any refuse or other objectionable waste, except in a manner described in these rules.
- B. The owner, agent, or the occupant of any premises, business establishment, or industry shall be responsible for the storage and disposal of all refuse accumulated, by a method or methods described in these rules.
- C. The collection and disposal of all refuse not acceptable for collection by a collection agency is the responsibility of each occupant, business establishment, or industry where such refuse accumulates, and all such refuse shall be stored, collected, and disposed of in a manner approved by the Department.
- D. All dangerous materials and substances shall, where necessary, be rendered harmless prior to collection and disposal.

**Historical Note**

Section recodified from A.A.C. R18-8-503, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-304. Inspection**

Representatives of the Department shall make such inspections of any premises, container, process, equipment, or vehicle used for collection, storage, transportation, disposal, or reclamation or refuse as are necessary to ensure compliance with these rules.

**Historical Note**

Section recodified from A.A.C. R18-8-504, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-305. Collection Required**

- A. Where refuse collection service is available, the following refuse shall be required to be collected: Garbage, ashes, rubbish, and small dead animals which do not exceed 75 pounds in weight.
- B. The following refuse is not considered acceptable for collection but may be collected at the discretion of the collection agency where special facilities or equipment required for the collection and disposal of such wastes are provided:
  1. Dangerous materials or substances, such as poisons, acids, caustics, infected materials, radioactive materials, and explosives.
  2. Materials resulting from the repair, excavation, or construction of buildings and structures.
  3. Solid wastes resulting from industrial processes.
  4. Animals exceeding 75 pounds in weight, condemned animals, animals from a slaughterhouse, or other animals normally considered industrial waste.
  5. Manure.

**Historical Note**

Section recodified from A.A.C. R18-8-505, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-306. Notices**

- A. All collection agencies shall provide each householder, or business establishment served, with a copy of the requirements governing the storage and collection of refuse which shall cover at least the following items:
  1. Definitions.
  2. Places to be served.
  3. Places not to be served.

4. Scheduled day or days of collection.
5. Materials acceptable for collection.
6. Materials not acceptable for collection.
7. Preparation of refuse for collection.
8. Types and size of containers permitted.
9. Points from which collections will be made.
10. Necessary safeguards for collectors.

- B. All such notices governing storage and collection shall conform to these rules.

**Historical Note**

Section recodified from A.A.C. R18-8-506, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-307. Storage**

- A. All refuse shall be stored in accordance with the requirements of this Section. The owner, agent, or occupant of every dwelling, business establishment, or other premises where refuse accumulates shall provide a sufficient number of suitable and approved containers for receiving and storing of refuse, and shall keep all refuse therein, except as otherwise provided by this Chapter.
- B. Garbage shall be stored in durable, rust resistant, nonabsorbent, watertight, and easily cleanable containers, with close fitting covers and having adequate handles or bails to facilitate handling. The size of the container shall be determined by the collection agency.
- C. Rubbish and ashes shall be stored in durable containers. Bulky rubbish such as tree trimmings, newspapers, weeds, and large cardboard boxes shall be handled as directed by the collection agency. Where garbage separation is not required, containers for the storage of mixed rubbish and garbage shall meet the requirements specified in subsection (B) above.
- D. Containers for the storage of refuse shall be maintained in such a manner as to prevent the creation of a nuisance or a menace to public health. Containers that are broken or otherwise fail to meet the requirements of the rules shall be replaced, by the owner of said containers, with approved containers.
- E. Manure and droppings shall be removed from pens, stables, yards, cages, conveyances, and other enclosures as often as necessary to prevent a health hazard or the creation of a nuisance. All material removed shall be handled and stored in a manner that will maintain the premises nuisance free.

**Historical Note**

Section recodified from A.A.C. R18-8-507, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-308. Frequency of Collection**

- A. The frequency of collection shall be in accordance with rules of the collection agency but not less than that shown in the following schedules:
  1. Garbage only -- twice weekly.
  2. Refuse with garbage -- twice weekly.
  3. Rubbish and ashes -- as often as necessary to prevent nuisances and fly breeding.
- B. A variance from the required frequency rate may be granted to allow for the collection of garbage once weekly. The variance may be granted by the Department of Environmental Quality upon submission of an acceptable plan approved by the local health department demonstrating that no public health hazards or nuisances will exist and that fly breeding will be controlled by either biological, chemical, or mechanical means. The variance may be revoked whenever the Department of Environmental Quality determines that the circumstances warranting the variance no longer exist.

**R18-13-310. Vehicles**

- A. Vehicles used for collection and transportation of garbage, or refuse containing garbage, shall have covered, watertight, metal bodies of easily cleanable construction, shall be cleaned frequently to prevent a nuisance or insect breeding, and shall be maintained in good repair.
- B. Vehicles used for collection and transportation of refuse shall be loaded and moved in such a manner that the contents, including ashes, will not fall, leak, or spill therefrom. Where spillage does occur, it shall be picked up immediately by the collector and returned to the vehicle or container.
- C. Vehicles used for collection and transportation of rubbish or manure shall be of such construction as to prevent leakage or spillage, and shall provide a cover to prevent blowing of materials or creating a nuisance.

**Historical Note**

Section recodified from A.A.C. R18-8-510, filed in the

**R18-13-311. Disposal; General**

- A. All refuse shall be disposed of by a method or methods included in these rules and shall include rodent, insect, and nuisance control at the place or places of disposal. Approval must be obtained from the Department for all new disposal sites and may change in the method of disposal prior to use.
- B. Carcasses of large dead animals shall be buried or cremated, unless satisfactory arrangements have been made for disposal by rendering or other approved methods.
- C. All public "dumping grounds", provided in compliance with A.R.S. § 9-441, shall be maintained and operated in accordance with the requirements of these rules.
- D. Manure shall be disposed of by sanitary landfill, composting, incineration, or used as fertilizer in such a manner as not to create insect breeding or a nuisance.

**Historical Note**

Section recodified from A.A.C. R18-8-511, filed in the  
Office of the Secretary of State September 29, 2000  
(Supp. 00-3).

**R18-13-312. Methods of Disposal**

Approval must be obtained from the Department for any method or methods used for the disposal of refuse prior to the start of operations, and shall be accomplished by one or more of the methods listed below:

1. Sanitary landfill -- Consists of the disposal of refuse on land and the daily compaction and covering of the refuse with 6 to 12 inches of earth so as to prevent a health hazard or nuisance. The final compacted earth cover shall be a minimum of 2 feet in depth. Where sanitary landfill operations are proposed, the Department will require the following:
  - a. The landfill shall be located so that seepage will not create a health hazard, nuisance, or cause pollution of any watercourse or water bearing strata.
  - b. Adequate and proper surface drainage shall be provided to prevent ponding or erosion by rainwater of the finished fill.
  - c. Provision shall be made for the control of insects, rodents, wind blown refuse, and accidental fire.
  - d. Burning of refuse is prohibited.
  - e. An all weather access road is required.
  - f. Suitable equipment and operating personnel shall be provided.
  - g. Salvaging, if permitted, shall be rigidly controlled.
  - h. A variance from the daily compaction and covering requirement may be granted for sites serving less than 2,000 people by the Department of Environmental Quality upon submission of an acceptable plan approved by the local health department demonstrating that no public health hazards or nuisances will exist. The variance will allow for compaction and cover every two weeks at sites serving less than 500 people; weekly compaction and cover for sites serving from 500 to 1,000 people; and twice weekly compaction and cover for sites serving from 1,000 to 2,000 people. The variance may be revoked whenever the Department of Environmental Quality determines that the circumstances warranting the variance no longer exist.

2. Incineration -- Where incineration is to be employed, the plans and specifications, along with any other information necessary to evaluate the project, shall be submitted to the Department and approval received prior to construction. In addition, an approved method for the disposal of non-combustible refuse is required. Where incineration is proposed, the following items shall be provided:
  - a. The capacity of the incinerator shall be sufficient for the maximum production of refuse expected.
  - b. Noncombustible refuse shall be disposed of by methods approved by the Department.
  - c. Skilled personnel to assure the proper operation and maintenance of the facilities in a nuisance-free manner.
3. Composting -- This method of disposal is acceptable to the Department under the following conditions:
  - a. That plans and specifications and other information necessary to evaluate the project are submitted to the Department and approval received prior to start of construction.
  - b. That provisions are made for the proper disposal of all refuse not considered suitable for composting.
  - c. Skilled personnel shall be provided to assure the proper operation and maintenance of the facilities in a nuisance-free manner.
4. Garbage grinding -- This method, involving the separate collection and disposal of garbage into a community sewerage system through commercial type grinders or mandatory community-wide installation of individual household grinders, will be acceptable to the Department provided that suitable means shall be provided for the disposal of all remaining refuse.
5. Hog feeding -- This method of disposal will only be approved under the following conditions:
  - a. The garbage is collected and stored in suitable containers.
  - b. Only approved type vehicles are used for collection.

- c. All garbage is effectively heat-treated in accordance with Title 24, Chapter 7, Article 3 (A.R.S. §§ 24-941 through 24-949).
- d. All remaining refuse, including nonedible garbage, is collected and disposed of separately by methods approved by the Department.
- 6. Manure disposal -- Manure shall be disposed of by sanitary landfill, composting, incinerating, or used as a fertilizer in such a manner as not to create insect breeding or a nuisance.

#### ARTICLE 5. REQUIREMENTS FOR SOLID WASTE FACILITIES SUBJECT TO SELF-CERTIFICATION

##### R18-13-501. Solid Waste Facilities Requiring Self-Certification; Registration Fees

- A. The following solid waste facilities requiring self-certification under A.R.S. § 49-762.01 shall register with the Department and pay registration fees as provided in this Section by September 30, 2012, and annually thereafter by September 30th:
  - 1. A transfer facility with a daily throughput of more than 180 cubic yards, including a material recovery facility, but not including:
    - a. A material recovery facility where the incoming materials are primarily source separated recyclables; or
    - b. Community or neighborhood recycling bins including drop boxes, roll off containers, plastic containers used to collect residential, business, and/or governmental recyclable solid waste.
  - 2. A facility storing 5,000 or more waste tires on any one day and not required to obtain plan approval.
  - 3. A waste tire shredding and processing facility.
- B. Initial registration for a new facility. The owner or operator of a planned new facility identified in subsection (A) shall submit the following information to the Department before beginning construction:
  - 1. The name of the solid waste facility.
  - 2. The name, mailing address and telephone number of each owner and operator of the solid waste facility.
  - 3. The physical location of the solid waste facility by physical address, latitude and longitude, or legal description. If none of these are practical, by driving directions from the nearest city or town.
  - 4. A brief description of operations, including waste management methods, types and volumes of waste handled, waste storage and treatment equipment, and the length of time the waste remains onsite.
  - 5. A diagram of the property showing its approximate size and the planned location of the solid waste facility or facilities.
  - 6. Documentation that the facility will comply with local zoning laws or, if the owner is an agency or political subdivision of this state, with A.R.S. § 49-767.
  - 7. Documentation that the facility has any other environmental permit that is required by statute.
  - 8. A copy of the public notice in a newspaper of general circulation in the area where the facility will be located stating the intent to construct and operate a new solid waste facility pursuant to A.R.S. § 49-762.05.
- C. Initial and annual registration for an existing facility. The owner or operator of an existing facility shall submit the following information to the Department annually on a form approved by the Department and note any changes since the last registration:
  - 1. The name of the solid waste facility.
  - 2. The name, address and telephone number of each owner and operator of the solid waste facility.
  - 3. The physical location of the solid waste facility by physical address, latitude and longitude, or legal description. If none of these are practical, by driving directions from the nearest city or town.
  - 4. A brief description of operations, including waste management methods, types and volumes of waste handled, waste storage and treatment equipment, and the length of time the waste remains onsite.
  - 5. A diagram of the property showing its approximate size and the location of the solid waste facility or facilities.
  - 6. Documentation that the facility remains in compliance with the most current local zoning laws or with A.R.S. § 49-767, as applicable.
  - 7. Documentation that the facility continues to hold any other environmental permit that is required by statute.
- D. Self-certification. With each registration under subsection (B) or (C), the owner or operator shall certify that the information submitted is true, accurate, and complete to the best of the person's knowledge and belief.
- E. Registration fees. The owner or operator of a transfer facility under subsection (A)(1) shall pay the Department \$1,000 for the initial registration of a new or existing facility, and \$500 for each annual registration thereafter. The owner or operator of a tire facility under subsection (A)(2) or (3) shall pay the Department \$1,000 for the initial registration of a new or existing facility, and \$250 for each annual registration thereafter.
- F. As used in this Section:
  - 1. "Department" means the Arizona Department of Environmental Quality.
  - 2. "Material recovery facility" means a transfer facility that collects, compacts, repackages, sorts, or processes commingled recyclable solid waste generated offsite for the purpose of recycling and transport, or where source separated recyclable solid waste is processed for sale to various markets, and where the incoming materials are predominantly recyclable solid waste.
  - 3. "Recyclable solid waste" means a product or material described in subsection (F)(3)(a) or (b), and for which subsection (F)(3)(c) is true:
    - a. A product with no useful life remaining for the purposes for which it was produced, or if useful life remains, the product will not, due to location, quantity, or owner choice, remain in use or be reused for a purpose for which it was produced.
    - b. A material that is a result of a process or activity whose purpose was to produce something else.
    - c. The product or material retains some economic value, with or without further processing, as a raw material or feedstock in some process other than incineration or combustion.

## Department of Environmental Quality – Solid Waste Management

**ARTICLE 7. SOLID WASTE FACILITY PLAN  
REVIEW FEES****R18-13-701. Definitions**

In addition to the definitions provided in A.R.S. §§ 49-701, 49-701.01, and 49-851, and 18 A.A.C. 13, the following definitions apply in this Article:

1. “Aquifer Protection Permit” or “APP” means the permit that is required pursuant to A.R.S. § 49-241.
2. “MSWLF” means a municipal solid waste landfill as defined in A.R.S. § 49-701.
3. “Non-APP requirements for Non-MSWLFs” means 40 CFR 257 requirements and the restrictive covenant and location restrictions required in A.R.S. Title 49, Chapter 4.
4. “Non-MSWLF” means a landfill that is not a municipal solid waste landfill as defined in A.R.S. § 49-701.
5. “RD&D” means research, development, and demonstration.
6. “Review hours” means the hours or portions of hours that the Department’s staff spends on a request for a plan review. Review hours include the time spent by the project manager and technical review team members, and if requested by the applicant, the supervisor or unit manager.
7. “Review-related costs” means any of the following costs applicable to a specific plan review:
  - a. Presiding officer services for public hearings on a plan review decision,
  - b. Court reporter services for public hearings on a plan review decision,
  - c. Facility rentals for public hearings on a plan review decision,
  - d. Charges for laboratory analyses performed during the plan review,
  - e. Other reasonable and necessary review-related expenses documented in writing by the Department and agreed to by an applicant.
8. “Solid waste facility plan” means a plan or the individual components of a plan, such as the design, operational, closure, or post-closure plan, or the demonstration of financial responsibility as required by A.R.S. § 49-770, submitted to the Department for review and plan approval.

**Historical Note**

Adopted effective July 1, 1996; filed in the Office of the Secretary of State December 1, 1995 (Supp. 95-4).  
Amended effective May 15, 1997 (Supp. 97-2). Amended by exempt rulemaking at 8 A.A.R. 3747, effective November 1, 2002 (Supp. 02-3). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

**R18-13-702. Solid Waste Facility Plan Review Fees**

- A.** With each application submitted for approval pursuant to A.R.S. § 49-762.03, the applicant shall remit an initial fee in accordance with one of the fee tables in this subsection, unless otherwise provided in subsection (B). This subsection also lists the maximum fees that the Department will bill the applicant. All fees paid shall be payable to the state of Arizona. The Department shall deposit the fees paid into the Solid Waste Fee Fund established pursuant to A.R.S. § 49-881, unless otherwise authorized or required by law.

**Fee Tables**

Fees for Plan Review of New Solid Waste Facilities		
	Initial	Maximum

Solid Waste Landfills	\$20,000	\$200,000
Non-APP requirements for Non-MSWLFs operating under an APP	\$2,000	\$50,000
Other Solid Waste Facilities Subject to Plan Approval	\$10,000	\$100,000

Fees for Modifications to Solid Waste Facility Plans		
	Initial	Maximum
Solid Waste Landfills - Type IV	\$1,500	\$150,000
Solid Waste Landfills - Type IV - RD&D	\$15,000	\$150,000
Solid Waste Landfills - Type III	\$750	\$75,000
Other Solid Waste Facilities Subject to Plan Approval - Type IV	\$750	\$75,000
Other Solid Waste Facilities Subject to Plan Approval - Type III	\$500	\$50,000

Fees for Review of Financial Responsibility Plans for Solid Waste Facilities		
	Initial	Maximum
Annual Review for Solid Waste Landfills	\$600 Flat Fee	N/A
Other Solid Waste Facilities	\$200	\$5,000

- B.** The Department shall bill an applicant for plan review services, subject to an hourly rate, no more than monthly, but at least semi-annually. The following information shall be included in each bill:
1. The dates of the billing period;
  2. After January 1, 2013, the date and number of review hours performed during the billing period itemized by employee name, position type and specifically describing:
    - a. Each review task performed,
    - b. The facility and operational unit involved, and
    - c. The hourly rate;
  3. A description and amount of any other reasonable review-related cost; and
  4. The total fees paid to date, the total fees due for the billing period, the date when the fees are due, and the maximum fee for the project.
- C.** Within 30 days after the Department makes a final determination whether to approve or disapprove of the facility plan, or when an applicant withdraws or closes the application for review, the Department shall prepare and issue a final itemized bill of its review. If the Department determines that the actual cost of reviewing the plan is less than the initial fee and any interim fees paid, the Department shall refund the difference to the applicant within 30 days after the issuance of the approval or disapproval of the application. If the Department determines that the actual cost of plan review is greater than the corresponding amount listed, the Department shall list the amount that the applicant owes on the final itemized bill, except that the final itemized bill shall not exceed the applicable maximum fee specified in subsection (A). The applicant shall pay in full the amount due within 30 days of receipt of the final itemized bill.
- D.** If the final bill is not paid within the 30 days, the Department shall mail a second notice to the applicant. Failure to pay the amount due within 60 days of receipt of the notice shall result in the Department initiation of proceedings for suspension of the approval, in accordance with A.R.S. § 49-782. The suspension shall continue until full payment is received at the Department.

ment. If full payment is not received at the Department within 365 days of the date of the approval, the approval shall be revoked in accordance with A.R.S. § 49-782. The Department shall not review any further plans for an entity which has not paid all fees due for a previous review of a solid waste facility plan.

- E. When determining actual cost under subsection (C), the Department shall use an hourly billing rate for all review hours spent working on the review of a plan, and add review-related costs which were incurred but are not included in the hourly billing rate.
- F. The hourly rate is \$122.00, beginning July 1, 2012, and shall remain in effect until it is either changed or repealed.

#### Historical Note

Adopted effective July 1, 1996; filed in the Office of the Secretary of State December 1, 1995 (Supp. 95-4). Corrected typographical error “facilities” in Schedules A, B, and C, to reflect Section filed in the Office of the Secretary of State December 1, 1995. Section amended effective May 15, 1997; except for special waste management plan component fees listed in Schedules A, B, and C, which become effective July 1, 1997 (Supp. 97-2). Amended by exempt rulemaking at 5 A.A.R. 3869, effective October 1, 1999 (Supp. 99-3). Amended by exempt rulemaking at 8 A.A.R. 3747, effective November 1, 2002 (Supp. 02-3). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

#### R18-13-703. Review of Bill

- A. An applicant who disagrees with the final bill received from the Department for plan review and issuance or denial of a solid waste facility plan approval under this Article may make a written request to the Director for a review of the bill and may pay the bill under protest. The request for review shall specify the matters in dispute and shall be received by the Department within 10 working days of the date of receipt of the final bill.
- B. Unless the Department and applicant agree otherwise, the review shall take place within 30 days of receipt by the Department of the request. The Director shall make a final decision as to whether the time and costs billed are correct and reasonable. The final decision shall be mailed to the applicant within 10 working days after the date of the review and is subject to appeal pursuant to A.R.S. § 49-769.

### ARTICLE 8. GENERAL PERMITS

#### R18-13-801. General Permit Fees

- A. The Department shall assess annual fees for operation under a general permit established in rule as described in the Table below.
- B. In addition to the technical requirements proposed for any general permit to be included in this Article, the Department shall propose the category to be assigned to the permit according to the Table below.
- C. An applicant shall pay the initial fee when approval to operate is requested. The Department shall bill an annual fee to facilities that have not notified the Department that they are no longer operating and have met the closure requirements of this Chapter.
- D. For the purpose of this Article, “complex” has the meaning in A.A.C. R18-1-501. “Standard” is any facility that is not complex.

#### Solid Waste General Permits

Category	Initial Fee	Annual Fee
Collection, Storage and Transfer-Standard	\$750	\$100
Collection, Storage and Transfer-Complex	\$7,500	\$1,000
Treatment-Standard	\$1,000	\$100
Treatment-Complex	\$10,000	\$1,000
Disposal	\$15,000	N/A

#### R18-13-802. Disposal General Permit: Non-Municipal Solid Waste Landfills at Mining Operations

- A. This general permit is adopted pursuant to A.R.S. § 49-706 as an alternative to plan approvals for facilities identified in A.R.S. § 49-762(A)(1). This general permit authorizes disposal of solid waste in a landfill at a mining operation if the landfill meets one of the following criteria:
  1. The landfill is identified as a discharging facility in an area-wide aquifer protection permit and is located within the pollutant management area developed for that permit; or
  2. The landfill is located within the pollutant management area of an area-wide aquifer protection permit but is exempt from the permit requirement because it contains only inert material as defined in A.R.S. § 49-201; or
  3. The landfill is located at a site qualifying as a groundwater protection permit facility as defined in A.R.S. § 49-241.01(C) and the site has submitted an administratively complete application for an aquifer protection permit that has not been denied. Landfills that are located at mining operations and that are subject to best management practices under A.R.S. § 49-762.02(6) are required to comply with those practices and do not require coverage under this general permit.
- B. Authorized and prohibited materials.
  1. Disposal of the following is allowed under this general permit:

## Department of Environmental Quality – Solid Waste Management

- a. Solid waste generated at the mining operation where the landfill is located; and
  - b. Incidental amounts of putrescible waste generated at the mining operation where the landfill is located. For the purposes of this Section, "putrescible waste" means solid waste which contains organic matter capable of being decomposed by microorganisms and of such a character and proportion as to be capable of attracting or providing food for birds.
2. Disposal of the following is prohibited under this general permit:
  - a. Used oil as defined in A.R.S. § 49-801(3).
  - b. Human excreta as defined in R18-13-1102.
  - c. Special waste as defined in A.R.S. § 49-851(A)(5).
  - d. Biohazardous medical waste as defined in R18-13-1401.
  - e. Radioactive waste material regulated for disposal pursuant to Title 12, Chapter 1 of the Arizona Administrative Code.
  - f. Hazardous waste as defined in A.R.S. § 49-921(5), including hazardous waste generated by a conditionally exempt small quantity generator.
  - g. Bulk or noncontainerized liquid waste.
  - h. Waste containing polychlorinated biphenyls regulated for disposal pursuant to 40 CFR 761.
- C. A person may operate a landfill at a mining operation under this general permit if:
  1. Operation of the landfill complies with the requirements of this Section;
  2. The person files a Notice of Intent to Operate that complies with subsections (D) and (E);
  3. The person satisfies any requests for additional information from the Department regarding the Notice of Intent to Operate landfill operation and receives a written Authorization to Operate from the Director; and
  4. The person submits the applicable fee established in R18-13-801 for the Disposal category.
- D. Notice of Intent to Operate. An applicant shall submit to the Department a Notice of Intent to Operate under this general permit. The Notice shall contain:
  1. The name, address, and telephone number of the applicant;
  2. The name, address, and telephone number of a contact person familiar with the operation of the facility;
  3. The legal description of the landfill area, latitude and longitude coordinates, a detailed figure(s) showing both the existing landfill boundary and the anticipated future waste footprint of the landfill at the time of closure, and a map showing the location of the landfill within the mining operation;
  4. A description of how the applicant will meet the public access restrictions in subsection (H)(3);
  5. A description of how the applicant will meet the cover requirements in subsection (H)(4);
  6. A description of how the applicant will meet the methane requirements in subsection (H)(5). For landfills that have accepted waste prior to the effective date of this Section only, the applicant shall include recent methane monitoring sampling results from either:
    - a. One (1) measurement per acre of landfill waste footprint; or
    - b. A minimum of four (4) monitoring probes installed to the depth of refuse around the perimeter of the landfill and measured quarterly for the presence of methane gas for a period of one (1) year;
7. A narrative description of the landfill, including whether the landfill is existing or planned, the acreage of the current and planned waste footprint, estimated disposal capacity in cubic yards, expected lifespan, projected rate of waste disposal in tons per day or per week, and sources of solid waste generation;
8. A listing of any other federal or state environmental permits issued for or needed by the landfill, including any individual plan approval, APP, Groundwater Quality Protection Permit, or Notice of Disposal; and
9. A signature on the Notice of Intent to Operate certifying that the applicant agrees to comply with all terms of this general permit.
- E. Existing facility application deadline. Existing facilities that qualify for coverage under subsections (A)(1), (A)(2), or (A)(3) on the effective date of this rule shall submit a Notice of Intent to Operate within 2 years of the effective date of this rule to obtain coverage. The Director may extend this date in individual cases if the facility could not have submitted an administratively complete Notice in time with reasonable diligence.
- F. Authorization review.
  1. Inspection. The Department may inspect the facility to determine that the applicable terms of this general permit are being met.
  2. Authority to Operate issuance.
    - a. If the Department determines, based on its review and an inspection, if conducted, that the facility conforms to the requirements of this general permit, the Director shall issue an Authority to Operate.
    - b. The Authority to Operate authorizes the person to operate the landfill under the terms of this general permit.
  3. Authority to Operate denial. If the Department determines, based on its review and an inspection, if conducted, that the facility does not conform to the requirements of this general permit, the Director shall notify the person of the decision not to issue the Authority to Operate and the person shall not operate the landfill under this general permit. The notification shall inform the person of:
    - a. The reason for the denial with reference to the statute or rule on which the denial is based;
    - b. The person's right to appeal the denial, including the number of days the applicant has to file a protest challenging the denial and the name and telephone number of the Department contact person who can answer questions regarding the appeals process; and
    - c. The person's right to request an informal settlement conference under A.R.S. §§ 41-1092.03(A) and 41-1092.06.
- G. Statutory requirements. The landfill shall be:
  1. Located according to the applicable location restrictions in A.R.S. § 49-772; and
  2. Subject to a restrictive covenant recorded pursuant to A.R.S. § 49-771.
- H. Operational requirements.
  1. Inspect the landfill at least quarterly and after large storm events for overall integrity and condition of the facility, including stormwater diversions, and conduct maintenance and repairs as needed. For the purposes of this Section, a "large storm event" is defined as one-half inch of precipitation in any 24-hour period.
  2. Direct storm water runoff from surrounding areas away from the landfill.

## Department of Environmental Quality – Solid Waste Management

3. Restrict public access to the landfill or to the mining operation site by signs or physical barriers, including natural barriers.
4. Apply cover at such frequencies and in such a manner as to control windblown dispersion of waste, reduce the risk of fire and impede disease vectors' access to the waste, taking into account the types and volumes of waste placed in the landfill, the frequency of disposal, and other relevant considerations. The Department may allow other techniques that are demonstrated to be equally protective as applying cover material.
5. Concentrations of methane gas shall not exceed 25% of the lower explosive limit in facility structures within 100 feet of the landfill boundary and shall not exceed the lower explosive limit beyond the landfill boundary.
6. Methane monitoring.
  - a. For landfills that have accepted waste prior to the effective date of this Section only, the applicant shall include recent methane monitoring data as described in subsection (D)(6) with the Notice of Intent to Operate.
    - i. If the data demonstrate that concentrations of methane gas do not exceed 25% of the lower explosive limit, then no methane monitoring is required in order to operate under this permit.
    - ii. If the data demonstrate that concentrations of methane gas exceed 25% of the lower explosive limit, then annual methane monitoring using one of the data gathering methods described in subsection (D)(6) is required in order to operate under this permit. Results of such annual methane monitoring shall be submitted to the Department.
      - (1) A person operating a landfill subject to annual methane monitoring may reduce monitoring to once every five years if the results of three consecutive annual sampling events demonstrate that concentrations of methane gas do not exceed 25% of the lower explosive limit.
      - (2) A person operating a landfill subject to annual methane monitoring may request the Department to reduce or eliminate such monitoring based on any other methods approved by the Department, including consideration of the potential for methane gas to be present in facility structures within 100 feet of the landfill boundary at concentrations exceeding 25% of the lower explosive limit.
  - b. For landfills that have not accepted waste prior to the effective date of this Section, no methane monitoring is required in order to obtain coverage or operate under this permit.
7. Maintain an operating record that documents compliance with the conditions in this permit.
- I. Recordkeeping. A permittee shall maintain the following information for at least 10 years and make it available to the Department upon request:
  1. Landfill construction drawings and as-built plans, if available;
  2. The operating record required by subsection (H)(7); and
  3. Methane monitoring results, if any, obtained under subsection (H)(6).
- J. Reporting requirements. A permittee shall report the following to the Department:
  1. Methane monitoring concentrations that exceed those listed in subsection (H)(5) within 7 days of the determination.
  2. A change in ownership or expansion of the planned waste footprint as soon as practicable. These events shall require the filing of a new Notice of Intent to Operate.
- K. General applicability. Landfills covered under this general permit:
  1. Are not subject to rules adopted by the Department under A.R.S. § 49-761.
  2. Are exempt from the solid waste facility plan requirements in A.R.S. §§ 49-762.03 and 49-762.04 as provided in A.R.S. § 49-762(B).
- L. For the purposes of this Section, "mining" has the definition at A.R.S. § 27-301.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 2679, effective November 9, 2014 (Supp. 14-3).

**ARTICLE 9. SOLID WASTE MANAGEMENT PLANNING****R18-13-901. Reserved****R18-13-902. Regional Boundaries**

- A. To facilitate solid waste management, the following regional boundary designations are established for planning purposes:
  1. The state of Arizona shall be divided into six districts comprised of the following counties:
    - I Maricopa
    - II Pima
    - III Apache, Coconino, Navajo, Yavapai
    - IV Mohave, Yuma
    - V Gila, Pinal
    - VI Cochise, Graham, Greenlee, Santa Cruz
  2. Petitions for a change in regional boundaries may be submitted to the Director. If the Director finds that the request is justified, he may adopt the revision as a new rule in accordance with Department procedures for adoption of rules.
  3. The Director may revise the regional boundary rules if he finds that such revision is necessary to accomplish a workable statewide comprehensive solid waste management plan. Such revisions shall be made in accordance with Department procedures for adoption of rules.
- B. To facilitate statewide hazardous waste management the state of Arizona shall be undivided and shall constitute one district for hazardous waste management planning purposes.

*Article 11 recodified from existing Sections in 18 A.A.C. 8, Article 6 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).*

**R18-13-1101. Reserved****R18-13-1102. Definitions**

- A. "Chemical toilet" means a toilet with a watertight, impervious pail or tank that contains a chemical solution placed directly under the seat and a pipe or conduit that connects the riser to the tank.
- B. "Department" means the Department of Environmental Quality or a local health department designated by the Department.

## Department of Environmental Quality – Solid Waste Management

- C. “Earth-pit privy” means a device for disposal of human excreta in a pit in the earth.
- D. “Human excreta” means human fecal and urinary discharges and includes any waste that contains this material.
- E. “License” means a stamp, seal, or numbered certificate issued by the Department.
- F. “Pail or can type privy” means a privy equipped with a water-tight container, located directly under the seat for receiving deposits of human excreta, that provides for removal of a waste receptacle that can be emptied and cleaned.
- G. “Person” means the state, a municipality, district or other political subdivision, a cooperative, institution, corporation, company, firm, partnership, or individual.
- H. “Sewage” means the waste from toilets, baths, sinks, lavatories, laundries, and other plumbing fixtures in residences, institutions, public and business buildings, mobile homes, and other places of human habitation, employment, or recreation.

Recodified from R18-8-602 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final rulemaking at 9 A.A.R. 1356, effective June 7, 2003 (Supp. 03-2).

**R18-13-1103. General Requirements; License Fees**

- A. Any person owning or operating a vehicle or appurtenant equipment used to store, collect, transport, or dispose of sewage or human excreta that is removed from a septic tank or other onsite wastewater treatment facility; earth pit privy, pail or can type privy, or other type of privy; sewage vault; or fixed or transportable chemical toilet shall obtain a license for each vehicle from the Department. The person shall apply, in writing, on forms furnished by the Department and shall demonstrate that each vehicle is designed and constructed to meet the requirements of this Article.
- B. A person shall operate and maintain the vehicle and equipment so that a health hazard, environmental nuisance, or violation of a water quality standard established under 18 A.A.C. 11 is not created.
- C. License terms.
  - 1. For each vehicle newly licensed after June 30, 2012, the initial license fee shall be \$250 and shall be submitted with the license application. After initial licensure of a vehicle, the Department will renew the license annually after payment of a \$75 fee according to subsection (C)(3). The licensee shall submit the Department approved renewal form and annual license fee to the Department no later than 30 days before expiration.
  - 2. For those vehicles licensed before July 1, 2012, the initial license fee shall be \$75 and shall be paid within 30 days of receipt of an invoice from the Department. The license shall be valid for one year. The licensee shall submit the Department approved renewal form and the annual license fee of \$75 to the Department no later than 30 days before expiration.
  - 3. Each vehicle license may be renewed if:
    - a. The annual license fee is paid,
    - b. The owner or operator is in compliance with subsection (D),
    - c. The vehicle is operated by the same person for the same purpose, and
    - d. The vehicle is maintained according to this Article.
  - 4. The license is not transferable either from person to person or from vehicle to vehicle.
  - 5. The license holder shall ensure that the license number is plainly and durably inscribed in contrasting colors on the side door panels of the vehicle and the rear face of the

tank in figures not less than 3 inches high, and that the numbers are legible at all times.

- D. Any person owning or operating a vehicle or appurtenant equipment used to collect, store, transport, or dispose of sewage or human excreta shall obtain any required permit from the local county authority in each county in which the person proposes to operate.

- A. A person owning or operating a vehicle or appurtenant equipment to collect, store, transport, or dispose of sewage or human excreta shall ensure that:
  - 1. Sewage and human excreta is collected, stored, transported, and disposed of in a sanitary manner and does not endanger the public health or create an environmental nuisance;
  - 2. The vehicle is equipped with a leak-proof and fly-tight container that has a capacity of at least 750 gallons and all portable containers, pumps, hoses, tools, and other implements are stored within a covered and fly-tight enclosure when not in use;
  - 3. Contents intended for removal are transferred as quickly as possible by means of a portable fly-tight container or suction pump and hose to the transportation container.
  - 4. The transportation container is tightly closed and made fly-tight immediately after the contents have been transferred,

5. Portable containers are kept fly-tight while being transported to and from the vehicle,
  6. Any waste dropped or spilled in the process of collection is cleaned up immediately and the area disinfected;
  7. The vehicle, tools, and equipment are maintained in good repair at all times and, at the end of each day's work, all portable containers, transportation containers, suction pumps, hose, and other tools are cleaned and disinfected; and
  8. All wastes collected are disposed of according to the recommendations of the local county health department and that no change in the recommended method of disposal is made without its prior approval. The local county health department shall recommend disposal by one of the following methods:
    - a. At a designated point into a sewage treatment facility or sewage collection system with the approval of the owner or operator of the facility or system,
    - b. By burying all wastes from chemical toilets in an area approved by the local county health department, or
    - c. Into a sanitary landfill with approval of the owner or operator of the landfill and following any precautions designated by the owner and operator to protect the health of the workers and the public.
- B.** Open dumping is prohibited except in designated areas approved by the local county health department.

**R18-13-1116. Suspension and Revocation**

- A.** If a Department inspection indicates that a licensed vehicle is not maintained and operated or work cannot be performed according to this Article, the Department shall notify the owner in writing of all violations noted.
- B.** The Department shall give the owner a reasonable period of time to correct the violations and comply with the provisions of this Article. If the owner fails to comply within the time limit specified, the Department may suspend or revoke the vehicle license based on the number and severity of violations. The Department shall follow the provisions of A.R.S. Title 41,

Chapter, Article 10 in any suspension or revocation proceeding.

- C.** The Department shall consider the revocation or suspension of a permit by a local health department for violation of this Article as grounds for revocation of the vehicle license. The local health department shall immediately suspend both the vehicle license and the permit issued by the local health department for gross violation of this Article if in the opinion of the local health department a serious health hazard or environmental nuisance exists.
- D.** The owner of the vehicle whose license is suspended or revoked may appeal the final administrative decision as permitted under A.R.S. § 41-1092.08.

**ARTICLE 12. WASTE TIRES****R18-13-1201. Definitions**

In addition to the definitions provided in A.R.S. § 44-1301, the following definitions apply in this Article:

“Aquifer protection permit” means an authorization issued by the Department under A.R.S. § 49-241 et seq.

“Burial cell” means an area where mining waste tires are placed in or on the land for burial.

“Mining” means activities dedicated to the exploration, extraction, beneficiation, and processing, including smelting and refining, of metallic ores.

“Mining facility” means any land, building, installation, structure, equipment, device, conveyance, or area dedicated to mining.

## Department of Environmental Quality – Solid Waste Management

“Mining waste tire” means an off-road tire that is greater than three feet in outside diameter that was used in mining.

“Operator” means an owner, part owner, management agency, or lessee of a mining facility, a person responsible for the overall operation or control of a mining facility, or an authorized representative of the operator.

“Person” is defined in A.R.S. § 49-201.

“Waste tire cover” means waste tires that are chopped or shredded into pieces that do not exceed four inches in diameter used for cover at a solid waste landfill.

**Historical Note**

Section recodified from A.A.C. R18-8-701, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1202. Burial of Mining Waste Tires**

- A. The operator shall file with the Director a one-time notice within 24 hours after commencement of burial of mining waste tires consisting of a map of the mining facility that clearly identifies the locations and dimensions of each burial cell and the estimated number of mining waste tires that will be buried in each cell. The operator shall identify each burial cell using an alphabetical or numeric identifier. If a mining facility uses a new burial cell not included in the commencement of burial notice, the operator shall notify the Department within 24 hours after commencement of burial in that cell.
- B. An operator shall only permit burial of mining waste tires in areas that are, or will be, included in an aquifer protection permit issued for the mining facility. An operator shall not permit burial of mining waste tires in leach areas unless prior to burial the Department issues an aquifer protection permit covering the leach area.
- C. An operator shall not permit a burial cell to be located within 10 feet of another burial cell.
- D. An operator shall not permit the burial of mining waste tires unless the tires are waste generated at the mining facility or another mining facility of the same owner.

**Historical Note**

Section recodified from A.A.C. R18-8-702, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1203. Cover Requirements**

- A. The operator shall cover all mining industry off-road motor vehicle waste tires buried pursuant to this Article with a minimum of 6 inches of earthen material within 50 days of placement, or sooner if necessary, to prevent vector breeding or fire.
- B. The operator shall place final cover over the off-road motor vehicle waste tires within 180 days after placement of the last tire which will be buried in a cell. The final cover shall consist of earthen material which is at least 3 feet deep or which complies with the requirements of the aquifer protection permit for the area where the burial cell is located.
- C. The operator shall maintain final cover in compliance with this Section for as long as the mining industry off-road motor vehicle waste tires remain in the burial cell.

**Historical Note**

Section recodified from A.A.C. R18-8-703, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1204. Annual Report**

By March 30 of each year, until a burial cell closure certification is

filed with the Department, the operator of the mining facility shall file an annual report with the Director which documents the location of each burial cell established during the preceding calendar year, the alphabetical or numerical identifier of each burial cell, and the number of off-road motor vehicle waste tires which were placed in each burial cell for burial during the preceding calendar year. If no tires were placed in the burial cell for burial during the preceding year, the annual report shall so indicate.

**Historical Note**

Section recodified from A.A.C. R18-8-704, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1205. Burial Cell Closure Certification**

An operator shall file with the Director a burial cell closure certification within 30 days after placing final cover over the mining waste tires under R18-13-1203(B). The certificate shall contain a statement by the operator that no additional tires will be buried in the burial cell and a statement by an Arizona registered engineer certifying that the cover requirements of R18-13-1203 have been met.

**Historical Note**

Section recodified from A.A.C. R18-8-705, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

**R18-13-1206. Storage**

At no time shall more than 500 mining industry off-road motor vehicle waste tires be stored at the mining facility outside of a burial cell unless the mining facility has Department approval to operate a waste tire collection facility, pursuant to A.R.S. §§ 44-1304 and 49-762.

**R18-13-1210. Waste Tire Cover**

Waste tires used as cover at a solid waste landfill shall be used according to the solid waste facility plan required by A.R.S. § 49-762. An operator shall not permit mining waste tires to be used as cover at a solid waste landfill for more than two consecutive days at

a time.

#### Historical Note

Section recodified from A.A.C. R18-8-710, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 7 A.A.R. 5695, effective November 27, 2001 (Supp. 01-4).

#### R18-13-1211. Registration of New Waste Tire Collection Sites; Fee

- A. A new waste tire collection site shall not begin operation after July 20, 2011, until the owner or operator registers with the Department. The owner or operator shall register on a form approved by the Department that includes a statement that the site is in compliance with A.R.S. § 49-762.07(F) and A.R.S. Title 44, Chapter 9, Article 8, as applicable. The owner or operator of a new waste tire collection site that begins operation after July 20, 2011, shall pay an initial registration fee of \$500 within 30 days of invoice receipt. For purposes of this Section, “new waste tire collection site” means a waste tire collection site as defined in A.R.S. § 44-1301 that did not operate as a collection site on or before July 20, 2011.
- B. The owner or operator shall pay a \$75 registration fee annually thereafter within 30 days of invoice receipt.

#### Historical Note

New Section made by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

#### R18-13-1212. Registration of Outdoor Used Tire Sites; Fee

- A. A person shall not store 100 or more used tires outdoors until the person registers with the Department. A person that stores 100 or more used tires outdoors after July 20, 2011, shall pay an initial registration fee of \$500 within 30 days of invoice receipt. The person shall register on a form approved by the Department that includes a statement that the site is in compliance with A.R.S. § 49-762.07(F) and A.R.S. Title 44, Chapter 9, Article 8, as applicable.
- B. A \$75 registration fee shall be paid annually thereafter within 30 days of invoice receipt.
- C. For the purposes of this Section:
  1. “Used tire” means any tire which has been used for more than one day on a motor vehicle.
  2. “Outdoors” means other than inside a building with a weatherproof roof.

#### Historical Note

New Section made by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

#### R18-13-1213. Facilities Subject to More Than One Tire Site Registration; Single Fee

A person who is required to register a tire facility under more than one of the Sections listed in subsections (1) through (3) shall register and follow procedures under each Section, but is only required to pay the registration fees under the Section with the highest fees.

1. R18-13-1211.
2. R18-13-1212.
3. R18-13-501.

#### Historical Note

New Section made by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

### ARTICLE 13. SPECIAL WASTE

#### R18-13-1301. Definitions

In addition to the terms prescribed in A.R.S. § 49-851, the terms in this Article shall have the following meanings:

1. “Disposal” means discharging, depositing, injecting, dumping, spilling, leaking, or placing special waste into

or on land or water so that the special waste or any constituent of the special waste may enter the environment, be emitted into the air, or discharged into any waters, including groundwater.

2. “Exception report” means a report that a generator shall submit to the Director which notifies the Director that the generator has not received a copy of the special waste manifest from the primary or alternate special waste receiving facility to which the special waste was sent pursuant to the generator’s instructions on the special waste manifest, or from any special waste receiving facility to which special waste was sent.
3. “Generator” means a person whose act or process onsite produces a special waste listed in, or designated pursuant to, A.R.S. §§ 49-852, 49-854, and 49-855, or whose act or process first causes such special waste to be subject to regulation.
4. “Identification number” means an alphanumeric identifier issued by the Department to each generator, special shipper, and special waste receiving facility to be used on documents, as required pursuant to this Article, in conjunction with shipment of special waste.
5. “Off-site consignment” means a generator’s delivery of materials or wastes for transport off-site to a special waste receiving facility within Arizona for treatment, storage, recycling, or disposal.
6. “Off-site” means any property located within Arizona that is not onsite as defined in A.R.S. § 49-851(3).
7. “Operator” means a person who owns and controls all or part of a special waste receiving facility, or who leases, operates, or controls such facility, a person responsible for the overall operation of such a facility, a management agency, or an authorized representative.
8. “Recycling” means recycling as defined in A.R.S. § 49-831(21).
9. “Shredder residue” means waste from the shredding of motor vehicles.
10. “Significant manifest discrepancy” means a difference of more than 10% by weight for bulk shipments, any variation in a piece count for a batch delivery, or any difference in the type of special waste received as compared to the type of special waste listed on the manifest.
11. “Special waste receiving facility” means an off-site location to which special waste is sent to be treated, recycled, stored, or disposed.
12. “Special waste manifest” means a form provided by the Department, shown as Exhibit A to this Article, and used to identify the origin, quantity, composition, routing, and destination of special waste during its transportation from a generator’s facility to a special waste receiving facility.
13. “Special waste shipper” means a person who transports special waste for off-site treatment, recycling, storage, or disposal.
14. “Treatment” means any method, technique, or process designed to change the physical, chemical, or biological character or composition of special waste.

#### Historical Note

Section recodified from A.A.C. R18-8-301, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

#### R18-13-1302. Special Waste Generator Manifesting Requirements

- A. A generator shall request a generator identification number on a form provided by the Director, and shown as Exhibit B to this Article, prior to shipping special waste. Within 30 days of

## Department of Environmental Quality – Solid Waste Management

receiving the completed form, the Director shall issue the identification number to the generator.

- B. Prior to off-site consignment of special waste, the generator shall do all of the following:
  1. Complete and sign the "Generator" section of a special waste manifest.
  2. Obtain the handwritten signature of the special waste shipper on the special waste manifest.
  3. Retain the generator's copy of the special waste manifest.
  4. Give the special waste manifest and the remaining attached copies to the special waste shipper or forward it to the receiving facility.
- C. Within 14 days after shipment was accepted by a special waste shipper for off-site consignment, the generator shall submit to the Director one legible copy of each special waste manifest with the generator's section completed and containing signatures of the generator and special waste shipper.
- D. If, within 35 days after the date the waste was accepted by the initial special waste shipper, the generator does not receive a completed copy of this special waste manifest with the handwritten signature of the special waste receiving facility operator, the generator shall contact the special waste shipper and the special waste receiving facility operator to determine the status of the special waste.
- E. The generator shall submit an exception report to the Director if the generator does not receive a completed, signed, legible copy of the special waste manifest within 45 days of the date the waste was accepted by the initial special waste shipper for off-site consignment. The exception report shall contain both of the following:
  1. A cover letter, signed by the generator, which explains the efforts made to locate the special waste and the results of those efforts.
  2. A legible copy of the special waste manifest which was signed by the generator and the special waste shipper and retained by the generator.
- F. The generator shall retain a legible copy of each signed special waste manifest for at least three years from the date of acceptance of a shipment of special waste for off-site consignment.
- G. If a person is required to have a manifest, shipping paper or shipping record under federal law for the special waste, the federal manifest, shipping paper, or shipping record may be used in lieu of the Arizona special waste manifest form so long as the federal manifest, shipping paper, or shipping record includes all the information required on the Arizona special waste manifest form.

**Historical Note**

Section recodified from A.A.C. R18-8-302, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1303. Special Waste Shipper Manifesting Requirements**

- A. A special waste shipper who receives special waste in Arizona for transport to a special waste receiving facility in Arizona shall request a special waste shipper identification number on a form provided by the Director and shown as Exhibit B to this Article. The Director shall issue an identification number within 30 days of receipt of the completed form.
- B. A special waste shipper shall:
  1. Accept special waste for intrastate shipment to a special waste receiving facility only if the waste is accompanied by a special waste manifest which is completed and signed in accordance with the provisions of R18-8-302.
  2. Deliver the entire shipment of special waste to a special waste receiving facility as designated on the special waste

manifest. If unable to deliver the special waste to the primary or alternate special waste receiving facility designated on the special waste manifest:

- a. Return the special waste to the generator, or
  - b. Contact the generator and obtain instructions for an alternate special waste receiving facility and deliver the waste accordingly.
- C. Shipments of special waste between facilities owned by the same generator shall be exempt from the requirements of rules adopted pursuant to A.R.S. § 49-856.

**Historical Note**

Section recodified from A.A.C. R18-8-303, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1304. Special Waste Receiving Facility Manifesting Requirements**

- A. A special waste receiving facility shall request an identification number on a form provided by the Director, and shown as Exhibit B to this Article, and obtain the number prior to receiving special waste. The Department shall issue the identification number within 30 days of receipt of the completed form.
- B. A special waste receiving facility shall receive only special waste for which it has a special waste manifest signed and dated by the generator and special waste shipper. In the "Facility" section of the special waste manifest, the operator of the special waste receiving facility shall do all of the following:
  1. Enter the identification number.
  2. Sign and date each copy of a special waste manifest to certify that the type and amount of special waste, as stated on the special waste manifest, was received.
  3. Indicate on the special waste manifest any significant discrepancies between the description, volume, or weight of the special waste as stated on the special waste manifest and the special waste received.
- C. After completing the "Facility" portion of the special waste manifest, the operator of the special waste receiving facility shall send one legible copy each of the signed special waste manifest to the Director and the generator within 30 days of the delivery of the special waste.
- D. Upon discovery of a significant manifest discrepancy in the special waste manifest and the special waste received, the operator of the special waste receiving facility shall:
  1. Contact the generator and special waste shipper to attempt to reconcile the discrepancy.
  2. If the discrepancy cannot be resolved within 15 days after receiving the waste, submit a letter to the Director, along with the special waste manifest within five days. The letter shall describe the significant manifest discrepancy and all attempts to reconcile it.

**Historical Note**

Section recodified from A.A.C. R18-8-304, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1305. Records**

All records required by this Article shall be retained for at least three years. If notification of an enforcement action by the Department has been received, the records shall be retained until a final determination has been made in the matter or in accordance with the final determination.

**Historical Note**

Section recodified from A.A.C. R18-8-305, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3).

**R18-13-1306. Reserved****R18-13-1307. Best Management Practices for Waste from Shredding Motor Vehicles**

A. A generator of shredder residue shall follow sampling protocol as follows or submit to the Department for review and approval, at least two weeks prior to the sampling event, an alternative written sampling plan which is consistent with requirements set forth in "Test Methods for Evaluating Solid Waste," EPA SW-846, 3rd Edition, Volume II, Chapter Nine, Sampling Plan, Physical/Chemical Method, EPA, Office of Solid Waste and Emergency Response, Washington, D.C., September 1986, and updated November 1990, and no future editions or amendments, ("EPA Sampling Plan"), herein incorporated by reference and on file with the Department and the Office of the Secretary of State:

1. Sample collection shall be done in accordance with one of the following:
  - a. Sampling procedure 1, consisting of both of the following steps:
    - i. The generator shall collect samples from a shredder residue sampling pile which shall consist of the average amount of shredder residue from eight hours of operation of the shredder. The shredder residue sampling pile shall be formed into a square shape for sampling purposes. Refer to Exhibit 1.
    - ii. One 2,000-gram sample shall be collected from each sample point as indicated in Exhibit 1. Samples from sample points A-1, B-1, and C-1 shall be collected from the top of the pile. Samples from sample points A-2, B-2, and C-2 shall be collected from the base of the pile. A sample from sample point C-3 shall be collected at the vertical midpoint at the center of the pile. The seven 2,000-gram samples shall be numbered consecutively. Three of the seven 2,000-gram samples shall then be chosen at random by selecting numbers from a calculator programmed to generate random numbers. The samples shall be analyzed for the constituents and at the frequencies listed in Table A of this Section.
  - b. Sampling procedure 2, consisting of both of the following steps:
    - i. The generator shall collect seven 2,000-gram samples during or immediately following the normal generation of shredder residue. For each sample, shredder residue shall be collected for 8 to 12 minutes, during which a minimum of 500 pounds shall be generated. This process shall be performed seven times to create seven 500-pound amounts. Each 500-pound amount shall be formed into a square shape for sampling purposes. Refer to Exhibit 1.
    - ii. Twenty 100-gram samples shall be collected from throughout each of the seven 500-pound piles generated. Upon completion of collection, all 20 samples from each of the seven 500-pound piles shall be combined together into seven separate 2,000-gram samples and numbered consecutively. Three of the seven 2,000-gram samples shall then be chosen at random by selecting numbers from a calculator programmed to generate random numbers. The samples shall be analyzed for the constituents

and at the frequencies listed in Table A of this Section.

2. Each 2,000 grams of shredder residue collected shall include both large and small particles, in proportion to shredder residue generated. The generator shall use a container which is large enough to hold the entire amount of shredder residue collected from each sample point.
3. The generator shall comply with requirements for sample preservation, temperature, and holding times, as set forth in the EPA Sampling Plan.
4. Each one of the three 2,000-gram samples selected at random shall be divided into four equal 500-gram portions and a 200-gram subsample shall be taken from each of the four equal 500-gram portions. Each subsample shall then be passed through a 9.5mm screen. All particles which do not pass through the 9.5mm screen shall be hand cut until small enough to pass through the screen. All four 200-gram subsamples shall then be remixed together and redivided into four equal 200-gram portions. The following amounts shall be taken for constituent sampling:
  - a. 10-15 grams per 200-gram subsample for a total of 40-60 grams per 2,000-gram sample for Polychlorinated Biphenyls (PCB) analysis as set forth in subsection (A)(10).
  - b. 25 grams per 200-gram subsample for a total of 100 grams per sample for toxicity characteristic leaching procedure extractions for contaminants as set forth in 40 CFR 261.24, Table 1 (incorporated by reference in R18-8-261(A)), as set forth in subsection (A)(7).
  - c. 1.25 grams per 200-gram subsample for a total of 5 grams per 2,000-gram sample for extraction fluid determination.
5. Each constituent sample shall be put into a container. Container labeling and chain-of-custody documentation shall be consistent with the requirements in the EPA Sampling Plan.
6. The constituent samples shall be analyzed by a laboratory licensed by the Arizona Department of Health Services in accordance with A.R.S. § 36-495.
7. Of the three samples selected at random, one sample amount required by subsection (A)(4)(b) shall be analyzed for the extractable heavy metals arsenic, barium, cadmium, chromium, lead, mercury, selenium, and silver, as set forth in 40 CFR 261.24, Table 1. The remaining two samples shall each be analyzed for extractable cadmium and lead.
8. If the results of all three of the analyses for any extractable heavy metal in subsection (A)(7) above are below the Regulatory Level of the Maximum Concentration of Contaminants for the Toxicity Characteristic as set forth in 40 CFR 261.24, Table 1, the simple arithmetic mean of the extractable cadmium and lead and the single analysis for the remaining six extractable heavy metals shall be used to determine if the sampled shredder residue will be classified as hazardous waste.
9. If the analyses of any one of three selected samples exceeds the regulatory level as set forth in 40 CFR 261.24, Table 1, an additional subsample from the sample in question shall be subjected to confirmation analysis. If the confirmation sample analysis totals are in excess of the regulatory level as set forth in 40 CFR 261.24, Table 1, the remaining four of the original seven samples shall be analyzed for those extractable heavy metals which exceed the regulatory level as set forth in 40 CFR 261.24,

Department of Environmental Quality – Solid Waste Management

Table 1. The simple arithmetic mean of the results of all seven samples shall be used to determine if the sampled shredder residue will be classified as hazardous waste.

10. The three samples selected at random shall be analyzed for PCB concentration in the amounts required by subsection (A)(4)(a). If the samples contain concentrations of PCB less than 50 mg/kg, the simple arithmetic mean of the three samples shall be used for reporting to the Director. If any one of the three samples contains concentrations of PCB greater than 50 mg/kg, an additional subsample from the sample in question shall be subjected to confirmation analysis. If the PCB concentration for that sample exceeds 50 mg/kg, the remaining four of the original seven samples shall be analyzed for PCB, in amounts required by subsection (A)(4)(a), and the simple arithmetic mean of all the samples shall be used to determine if the sampled shredder residue will be classified as hazardous waste.

- B. Shredder residue determined to be hazardous waste shall be managed in accordance with A.R.S. § 49-921 et seq. and R18-8-260 et seq.

- C. The generator shall do all of the following:

1. Secure the facility to prevent unauthorized entry;
2. Cover or otherwise manage the shredder residue pile to prevent wind dispersal;
3. Place the shredder residue pile on a surface with a permeability coefficient equal to or less than  $1 \times 10^{-7}$  cm/s;
4. Design, construct, operate, and maintain a run-on control system capable of preventing flow onto the waste pile during peak discharge from, at a minimum, a 25-year storm;
5. Design, construct, operate, and maintain a run-off management system to collect and control at a minimum, the water volume resulting from a 24-hour, 25-year storm;
6. Provide collection and holding facilities for run-on and run-off control systems, which shall have a permeability coefficient equal to or less than  $1 \times 10^{-7}$  cm/s;
7. Record the date accumulation of shredder residue begins.

- D. Shredder residue shall be treated, recycled, sorted, stored, or disposed at a Department-approved special waste facility approved in accordance with A.R.S. § 49-857. A facility which seeks to become a special waste facility shall submit a special waste management plan to the Department to ensure compliance with subsection (C) of this Section.

- E. A generator shall not store shredder residue for longer than 90 days. A special waste facility shall not store shredder residue for longer than one year.

- F. The owner or operator of a special waste facility shall pay, to the Department, the fees required by A.R.S. §§ 49-855(C)(2) and 49-863 as follows:

1. \$1.49 per cubic yard of uncompacted shredder residue; or
2. \$3.38 per cubic yard of compacted shredder residue received; or
3. \$4.50 per ton; and
4. Not more than \$45,000 per generator site per year for shredder residue that is transported to a facility regulated by the Department for treatment, storage or disposal.

- G. Shredder residue which has been determined to be nonhazardous pursuant to this Section shall be transported in accordance with the requirements for transportation of garbage as set forth in R18-13-310.

**Historical Note**

Section recodified from A.A.C. R18-8-307, filed in the Office of the Secretary of State September 29, 2000 (Supp. 00-3). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

9. Use this space to indicate special transportation, treatment, storage, or disposal information. Emergency response telephone numbers or similar information may be included here in box 9.
10. Print or type the generator's name followed by their signature and date in box 10.
11. Print or type the primary transporter's name followed by their signature and date in box 11.
12. Print or type the secondary transporter's name followed by their signature and date in box 12.
13. Indicate significant discrepancies in this box. Significant manifest discrepancy is defined as "a difference of more than 10% by weight for bulk shipments, any variation in a piece count for batch deliveries, or an obvious difference in a special waste type is discovered by inspection or analysis between the type or amount of a special waste designated in a special waste manifest, and the type or amount received by a special waste receiving facility" in box 13.
14. Print or type the receiving facility's owner or operator name followed by their signature and date in box 14.

**ARTICLE 14. BIOHAZARDOUS MEDICAL WASTE AND DISCARDED DRUGS**

**R18-13-1401. Definitions**

In addition to the definitions in A.R.S. § 49-701, the following definitions apply in this Article:

1. "Administrative consent order" means a bilateral agreement between the consenting party and the Department. A bilateral agreement is not subject to administrative appeal.
2. "Alternative treatment technology" means a treatment method other than autoclaving or incineration, that achieves the treatment standards described in R18-13-1415.
3. "Approved medical waste facility plan" means the document that has been approved by the Department under A.R.S. § 49-762.04, and that authorizes the operator to accept biohazardous medical waste at its solid waste facility.

4. "Autoclaving," means using a combination of heat, steam, pressure, and time to achieve sterile conditions.
5. "Biohazardous medical waste" is composed of one or more of the following:
  - a. Cultures and stocks: Discarded cultures and stocks generated in the diagnosis, treatment or immunization of a human being or animal or in any research relating to that diagnosis, treatment or immunization, or in the production or testing of biologicals.
  - b. Human blood and blood products: Discarded products and materials containing free-flowing blood or free-flowing blood components.
  - c. Human pathologic wastes: Discarded organs and body parts removed during surgery. Human pathologic wastes do not include the head or spinal column.
  - d. Medical sharps: Discarded sharps used in animal or human patient care, medical research, or clinical lab-

- oratories. This includes hypodermic needles; syringes; pipettes; scalpel blades; blood vials; needles attached to tubing; broken and unbroken glassware; and slides and coverslips.
- e. Research animal wastes: Animal carcasses, body parts, and bedding of animals that have been infected with agents that produce, or may produce, human infection.
6. "Biologicals" means preparations made from living organisms or their products, including vaccines, cultures, or other biological products intended for use in diagnosing, immunizing, or treating humans or animals or in research pertaining to these activities.
  7. "Biological indicator" means a representative microorganism used to evaluate treatment efficacy.
  8. "Blood and blood products" means discarded human blood and any product derived from human blood, including but not limited to blood plasma, platelets, red or white blood corpuscles, and other derived products.
  9. "C.F.R." means the Code of Federal Regulations.
  10. "Chemotherapy waste" means any discarded material that has come in contact with an agent that kills or prevents the reproduction of malignant cells.
  11. "Dedicated vehicle" means a motor vehicle or trailer that is pulled by a motor vehicle used by a transporter for the sole purpose of transporting biohazardous medical waste.
  12. "Discarded drug" means any prescription medicine, over-the-counter medicine, or controlled substance, used in the diagnosis, treatment, or immunization of a human being or animal, that the generator intends to abandon. The term does not include hazardous waste or controlled substances regulated by the United States Drug Enforcement Agency.
  13. "Disposal facility" means a municipal solid waste landfill that has been approved by the Department under A.R.S. § 49-762.04 to accept untreated biohazardous medical waste for disposal.
  14. "Facility plan" has the meaning given to it in A.R.S. § 49-701.
  15. "Free flowing" means liquid that separates readily from any portion of a biohazardous medical waste under ambient temperature and pressure.
  16. "Generator" means a person whose act or process produces biohazardous medical waste, or a discarded drug, or whose act first causes medical waste or a discarded drug to become subject to regulation.
  17. "Hazardous waste" has the meaning prescribed in A.R.S. § 49-921.
  18. "Health care worker" means, with respect to R18-13-1403(B)(5), a person who provides health care services at an off-site location that is none of the following: a residence, a facility where health care is normally provided, or a facility licensed by the Arizona Department of Health Services.
  19. "Improper disposal of biohazardous medical waste" means the disposal by a person of untreated or inadequately treated biohazardous medical waste at any place that is not approved to accept untreated biohazardous medical waste.
  20. "Independent testing laboratory" means a testing laboratory independent of oversight activities by a provider of alternative treatment technology.
  21. "Medical sharps container" means a vessel that is rigid, puncture resistant, leak proof, and equipped with a locking cap.
  22. "Medical waste," as defined in A.R.S. § 49-701, means *"any solid waste which is generated in the diagnosis, treatment or immunization of a human being or animal or in any research relating to that diagnosis, treatment or immunization, or in the production or testing of biologicals, and includes discarded drugs but does not include hazardous waste as defined in A.R.S. § 49-921 other than conditionally exempt small quantity generator waste."*
  23. "Medical waste treatment facility" or "treatment facility" means a solid waste facility approved by the Department under A.R.S. § 49-762.04 to accept and treat biohazardous medical waste from off-site generators.
  24. "Multi-purpose vehicle" means any motor vehicle operated by a health care worker, where the general purpose is the non-commercial transporting of people and the hauling of goods and supplies, but not solid waste. A multi-purpose vehicle is limited to hauling biohazardous medical waste generated off site by health workers in providing services. "Off site" for purposes of this definition means a location other than a hospital or clinic.
  25. "Off site" means a location that does not fall within the definition of "on site" contained in A.R.S. § 49-701.
  26. "Packaging" or "properly packaged" means the use of a container or a practice under R18-13-1407.
  27. "Putrescible waste" means waste materials capable of being decomposed rapidly by microorganisms.
  28. "Radioactive material" has the meaning under A.R.S. § 30-651.
  29. "Secure" means to lock out or otherwise restrict access to unauthorized personnel.
  30. "Spill" means either of the following:
    - a. Any release of biohazardous medical waste from its package while in the generator's storage area.
    - b. Any release of biohazardous medical waste from its package or the release of packaged biohazardous medical waste by the transporter at a place or site that is not a medical waste treatment or disposal facility.
  31. "Store" or "storage" means, in addition to the meaning under A.R.S. § 49-701, either of the following:
    - a. The temporary holding of properly packaged biohazardous medical waste by a generator in a designated accumulation area awaiting collection by a transporter.
    - b. The temporary holding of properly packaged biohazardous medical waste by a transporter or a treater at an approved medical waste storage facility or treatment facility.
  32. "Technology provider" means a person that manufactures, or a vendor who supplies alternative medical waste treatment technology.
  33. "Tracking document" means the written instrument that signifies acceptance of biohazardous medical waste by a transporter, or a transfer, storage, treatment, or disposal facility operator.
  34. "Transportation management plan" means the transporter's written plan consisting of both of the following:
    - a. The procedures used by the transporter to minimize the exposure to employees and the general public to biohazardous medical waste throughout the process of collecting, transporting, and handling.
    - b. The emergency procedures used by the transporter for handling spills or accidents.
  35. "Transporter" means a person engaged in the hauling of biohazardous medical waste from the point of generation

## Department of Environmental Quality – Solid Waste Management

- to a Department-approved storage facility or to a Department-approved treatment or disposal facility.
36. “Treat” or “treatment” means, with respect to the methods used to render biohazardous medical waste less infectious: incinerating, autoclaving, or using the alternative treatment technologies prescribed in this Article.
  37. “Treated medical waste” means biohazardous medical waste that has been treated and that meets the treatment standards of R18-13-1415. Treated medical waste that requires no further processing is considered solid waste.
  38. “Treater” means a person, also known as an operator, who receives solid waste facility plan approval for the purpose of operating a medical waste treatment facility to treat biohazardous medical waste that is generated off site.
  39. “Treatment certification statement” means the written document provided by either a generator who treats biohazardous medical waste on site or by a treater, to inform a solid waste disposal or recycling facility that biohazardous medical waste has been treated as prescribed in this Article, and therefore is no longer subject to regulation under this Article.
  40. “Treatment standards” mean the levels of microbial inactivation, prescribed in R18-13-1415, to be achieved for a specific type of biohazardous medical waste.
  41. “Universal biohazard symbol” or “biohazard symbol” means a representation that conforms to the design shown in 29 CFR 1910.145(f)(8)(ii) (Office of the Federal Register, National Archives and Records Administration, July 1, 1998) and which is incorporated by reference in this rule. This incorporation does not include any later amendments or editions. Copies of the incorporated material are available for inspection at the Department of Environmental Quality and the Office of the Secretary of State.
  42. “Vehicle not dedicated to the transportation of biohazardous medical waste but which is engaged in commerce” means a motor vehicle or a trailer pulled by a motor vehicle whose primary purpose is the transporting of goods that are not solid waste or biohazardous medical waste and that is used by a transporter for the temporary transportation of biohazardous medical waste.
  6. A person in possession of biohazardous medical waste if the waste does not meet the treatment standards in R18-13-1415.
  7. An operator of a Department-approved disposal facility who accepts untreated biohazardous medical waste.
  8. A person who generates medical sharps in the preparation of human remains.
  9. A person who generates medical sharps in the treatment of animals.
  10. A generator of discarded drugs not returned to the manufacturer.
- B.** The requirements for biohazardous medical waste set out for collection do not apply to the manner in which the generator collects, or handles biohazardous medical waste inside the generator’s place of business.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1403. Exemptions; Partial Exemptions**

- A.** The following persons are exempt from the requirements of this Article:
1. Law enforcement personnel handling biohazardous medical waste for law enforcement purposes.
  2. A person in possession of radioactive materials.
  3. A person who returns unused medical sharps to the manufacturer.
  4. A household generator residing in a private, public, or semi-public residence who generates biohazardous medical waste in the administration of self care or the agent of the household generator who administers the medical care. This exemption does not apply to the facility in which the person resides if that facility is licensed by the Arizona Department of Health Services.
  5. A generator that separates medical devices from the medical waste stream that are sent out for re-processing and returned to the generator.
  6. A person in possession of human bodies regulated by A.R.S. Title 36.
  7. A person who sends used medical sharps via the United States Postal Service or private shipping agent to a treatment facility.
- B.** The following are conditionally exempt from the requirements of this Article:
1. A person who prepares human corpses, remains, and anatomical parts that are intended for interment or cremation. However, if medical sharps are generated during the preparation of the human remains, they must be disposed of as prescribed by this Article.
  2. A person who operates an emergency rescue vehicle, an ambulance, or a blood service collection vehicle if the biohazardous medical waste is returned to the home facility for disposal. This facility is considered to be the point of generation for packaging, treatment, and disposal.
  3. A person who discharges discarded drugs and liquid and semi-liquid biohazardous medical wastes, excluding cultures and stocks, to the sanitary sewer system if the operator of the wastewater sewer system and treatment facility allows, permits, authorizes, or otherwise approves of the discharges.
  4. A person who possesses hazardous waste regulated by A.R.S. Title 49, Chapter 5.
  5. A health care worker who uses a multi-purpose vehicle in the conduct of routine business other than transporting waste, is exempt from the requirements of R18-13-1409

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1402. Applicability**

- A.** This Article applies to the following:
1. A generator who treats biohazardous medical waste on site, before disposing of it as treated medical waste, and to any equipment used for that purpose. Specific requirements for a generator who treats on site are prescribed in R18-13-1405.
  2. A generator who contracts with a medical waste treatment facility for the purpose of treating biohazardous medical waste. Specific requirements for such a generator are prescribed in R18-13-1406.
  3. A person who transports biohazardous medical waste and any motor vehicle used for that purpose.
  4. A medical waste treatment facility operator, a medical waste treatment facility, and any equipment used for medical waste treatment.
  5. A person who provides alternative medical waste treatment technology for the purpose of treatment, and to any technology used for treatment.

if the health care worker complies with all of the following:

- a. Packages the biohazardous medical waste according to R18-13-1407.
  - b. Secures the packaged biohazardous medical waste within the vehicle so as to minimize spills.
  - c. Transports the biohazardous medical waste to the place of business or to a medical waste treatment or disposal facility.
  - d. Cleans the vehicle when it shows visible signs of contamination.
  - e. Secures the vehicle to prevent unauthorized contact with the biohazardous medical waste.
6. A person who transports biohazardous medical waste between multiple properties separated by a public thoroughfare and which is owned or operated by the same owner or governmental entity is exempt from the requirements of R18-13-1409 if the person complies with R18-13-1403(B)(5)(a) through (e).
  7. A hospital that chooses to accept medical sharps from staff physicians who generate medical sharps in a private practice is exempt from the requirement to obtain facility plan approval as long as the hospital collects medical sharps for off-site treatment or disposal.
- C. The following are exempt from some of the requirements of this Article:
1. A generator who treats biohazardous medical waste on site and who accepts for treatment medical waste described in R18-13-1403(A)(4) is exempt from the requirement to obtain solid waste facility plan approval prescribed in R18-13-1410.
  2. A generator who self-hauls biohazardous medical waste to a Department-approved medical waste treatment, storage, transfer, or disposal facility is exempt from the requirements of R18-13-1409 if the generator complies with R18-13-1403(B)(5)(a) through (e).

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

#### R18-13-1404. Transition and Compliance Dates

- A. Unless otherwise specified in subsections (B) through (H), the date for compliance with this Article by generators, transporters, treaters, providers of alternative medical waste technology, and persons in possession of untreated biohazardous medical waste is the effective date of this Article.
- B. A person who provides alternative medical waste treatment technology used by a generator before the effective date of this Article shall perform all of the following:
  1. Register the alternative medical waste technology with the Department as prescribed in R18-13-1414 within 90 days after the effective date of this Article.
  2. Not provide alternative technology 90 days after the effective date of this Article unless a Departmental registration certificate is received.
  3. After receipt of the Departmental registration certificate, provide to all generators using the alternative treatment technology a copy of the registration certificate and the alternative technology manufacturer's specifications.
- C. A generator who utilizes alternative medical waste treatment technology before the effective date of this Article shall obtain, within 180 days after the effective date of this Article, the Departmental registration number and equipment specifications, described in R18-13-1414, from the technology provider. If documentation of Departmental registration is not on file with the generator, the Department shall classify biohaz-

ardous medical waste treated 180 days after the effective date of this Article using the unregistered alternative treatment technology as untreated biohazardous medical waste.

- D. A generator who utilizes incineration or autoclaving for onsite treatment of biohazardous medical waste before the effective date of this Article may continue to do so after the effective date if the treatment requirements of R18-13-1415 and the onsite treatment requirements of R18-13-1405 are met.
- E. A transporter of biohazardous medical waste in business on the effective date of this Article shall register, within 90 days after the effective date of this Article, as required in R18-13-1409(A).
- F. An operator of a medical waste storage facility, who has obtained approval for a solid waste facility under A.R.S. § 49-762.04 on or before the effective date of this Article, may continue to store biohazardous medical waste if the facility complies with the design and operation standards prescribed in R18-13-1411. The addition of a refrigeration unit is a Type II change as described in R18-13-1413(A)(2).
- G. An operator of a medical waste transfer facility shall obtain solid waste facility plan approval that meets the requirements of R18-13-1410 within 180 days after the effective date of this Article.
- H. An operator of a medical waste treatment facility who has obtained Departmental plan approval to operate a medical waste treatment facility on or before the effective date of this Article may continue to operate under that plan approval if both of the following are met:
  1. The treater complies with the treatment standards of R18-13-1415 and the recordkeeping requirements of R18-13-1412, except as noted in the subsection below.
  2. If the treater determines that the waste is not being treated to the applicable treatment standards of R18-13-1415, the treater informs the Department within two working days after the date on the determination, and within 30 working days enters into an administrative consent order to bring the facility into compliance.
- I. An operator of an existing municipal solid waste landfill who intends to accept untreated biohazardous medical waste shall submit a notice of a Type III change and an amended facility plan within 180 days after the effective date of this Article.
- J. Notwithstanding subsection (H), if the Department determines that an updated solid waste facility plan is required, a treater shall submit an updated plan within 180 days after the date on the Department's determination. The treater may continue to operate under the conditions specified in subsection (H) of this Section while the Department reviews and determines whether to approve or deny the updated plan.
- K. After the effective date of this Article, solid waste facility plan approval under A.R.S. § 49-762.04 is required for a new medical waste treatment or disposal facility before construction.

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

#### R18-13-1405. Biohazardous Medical Waste Treated On Site

- A. A person who treats biohazardous medical waste on site shall use incineration, autoclaving, or an alternative medical waste treatment method that meets the treatment standards prescribed in R18-13-1415.
- B. A generator who uses:
  1. Incineration shall follow the requirements of subsections (C), (F), (G), and (H),
  2. Autoclaving shall follow the requirements of subsections (D), (F), (G) and (H), or

## Department of Environmental Quality – Solid Waste Management

3. An alternative treatment method shall follow the requirements of subsections (E), (F), (G), and (H).
- C. A generator who incinerates biohazardous medical waste on site shall comply with all of the following requirements:
  1. Obtain a permit if required by the local or state air quality agency having jurisdiction.
  2. Reduce the biohazardous medical waste, excluding metallic items, into carbonized or mineralized ash.
  3. Determine whether incinerator ash is hazardous waste as required by hazardous waste rules promulgated under A.R.S. Title 49, Chapter 5.
  4. Dispose of the non-hazardous waste incinerator ash at a Department-approved municipal solid waste landfill.
- D. A generator who autoclaves biohazardous medical waste on site shall comply with all of the following requirements:
  1. Further process by grinding, shredding, or any other process, any recognizable animals and human tissue, organs, or body parts, to render such waste non-recognizable and ensure effective treatment.
  2. Operate the autoclave at the manufacturer's specifications appropriate for the quantity and density of the load.
  3. Keep records of operational performance levels for six months after each treatment cycle. Operational performance level recordkeeping includes all of the following:
    - a. Duration of time for each treatment cycle.
    - b. The temperature and pressure maintained in the treatment unit during each cycle.
    - c. The method used to determine treatment parameters in the manufacturer's specifications.
    - d. The method in manufacturer's specifications used to confirm microbial inactivation and the test results.
    - e. Any other operating parameters in the manufacturer's specifications for each treatment cycle.
  4. Keep records of equipment maintenance for the duration of equipment use that include the date and result of all equipment calibration and maintenance.
- E. A generator who uses an alternative treatment method on site shall comply with all of the following requirements:
  1. Use only alternative treatment methods registered under R18-13-1414.
  2. Further process by grinding, shredding, or any other process, any recognizable animals and human tissue, organs, or body parts, to render this waste non-recognizable and ensure effective treatment.
  3. Follow the manufacturer's specifications for equipment operation.
  4. Supply upon request all of the following:
    - a. The Departmental registration number for the alternative medical waste treatment technology and the type of biohazardous medical waste that the equipment is registered to treat.
    - b. The equipment specifications that include all of the following:
      - i. The operating procedures for the equipment that enable the treater to comply with the treatment standards described in this Article for the type of waste treated.
      - ii. The instructions for equipment maintenance, testing, and calibration that enable the treater to comply with the treatment standards described in this Article for the type of waste treated.
  5. Maintain a training manual regarding the proper operation of the equipment.
  6. Maintain a treatment record consisting of a log of the volume of medical waste treated and a schedule of calibration and maintenance performed under the manufacturer's specifications.
  7. Maintain treatment records for six months after the treatment date for each load treated.
  8. Maintain the equipment specifications for the duration of equipment use.
  - F. A generator shall do all of the following:
    1. Package the treated medical waste according to the waste collection agency's requirements;
    2. Attach to the package or container a label, placard, or tag with the following words: "This medical waste has been treated as required by the Arizona Department of Environmental Quality standards" before placing the treated medical waste out for collection as a general solid waste. The generator shall ensure that the treated medical waste meets the standards of R18-13-1415.
    3. Upon request of the solid waste collection agency or municipal solid waste landfill, provide a certification that the treated medical waste meets the standards of R18-13-1415.
    4. Make treatment records available for Departmental inspection upon request.
  - G. A generator of medical sharps shall handle medical sharps as prescribed in R18-13-1419.
  - H. A generator of chemotherapy waste, cultures and stocks, or animal waste shall handle that waste as prescribed in R18-13-1420.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1406. Biohazardous Medical Waste Transported Off Site for Treatment**

- A. A generator of biohazardous medical waste shall package the waste as prescribed in R18-13-1407 before self-hauling or before setting the waste out for collection by a transporter.
- B. A generator shall obtain a copy of the tracking document signed by the transporter signifying acceptance of the biohazardous medical waste. A generator shall keep a copy of the tracking document for one year from the date of acceptance by the transporter. The tracking document shall contain all of the following information:
  1. Name and address of the generator, transporter, and medical waste treatment, storage, transfer, or disposal facility, as applicable.
  2. Quantity of biohazardous medical waste collected by weight, volume, or number of containers.
  3. Identification number attached to bags or containers.
  4. Date the biohazardous medical waste is collected.
- C. A generator of chemotherapy waste, cultures and stocks, or animal waste shall handle the waste as prescribed in R18-13-1420.
- D. A generator of medical sharps shall handle the waste as prescribed in R18-13-1419.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1407. Packaging**

- A. A generator who sets biohazardous medical waste out for collection for off-site treatment or disposal shall package the biohazardous medical waste in either of the following:
  1. A red disposable plastic bag that is:
    - a. Leak resistant,
    - b. Impervious to moisture,

## Department of Environmental Quality – Solid Waste Management

- c. Of sufficient strength to prevent tearing or bursting under normal conditions of use and handling,
  - d. Sealed to prevent leakage during transport,
  - e. Puncture resistant for sharps, and
  - f. Placed in a secondary container. This container shall be constructed of materials that will prevent breakage of the bag in storage and handling during collection and transportation and bear the universal biohazard symbol. The secondary container may be either disposable or reusable.
2. A reusable container that bears the universal biohazard symbol and that is:
- a. Leak-proof on all sides and bottom, closed with a fitted lid, and constructed of smooth, easily cleanable materials that are impervious to liquids and resistant to corrosion by disinfection agents and hot water, and
  - b. Used for the storage or transport of biohazardous medical waste and cleaned after each use unless the inner surfaces of the container have been protected by disposable liners, bags, or other devices removed with the waste. "Cleaning" means agitation to remove visible particles combined with one of the following:
    - i. Exposure to hot water at a temperature of at least 180 degrees Fahrenheit for a minimum of 15 seconds.
    - ii. Exposure to an EPA-approved chemical disinfectant used under established protocols and regulations.
    - iii. Any other method that the Department determines is acceptable, if the determination of acceptability is made in advance of the cleaning.
- B. A generator shall handle any container used for the storage or transport of biohazardous medical waste that is not capable of being cleaned as described in subsection (A)(2)(b), or that is disposable packaging, as biohazardous medical waste.
- C. A generator shall not use reusable containers described in subsection (A)(2) for any purpose other than the storage of biohazardous medical waste.
- D. A generator shall not reuse disposable packaging and liners and shall manage such items as biohazardous medical waste.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1408. Storage**

- A. A generator may place a container of biohazardous medical waste alongside a container of solid waste if the biohazardous medical waste is identified and not allowed to co-mingle with the solid waste. The storage area shall not be used to store substances for human consumption or for medical supplies.
- B. Once biohazardous medical waste has been packaged for shipment off site, a generator shall provide a storage area for biohazardous medical waste until the waste is collected and shall comply with both of the following requirements:
- 1. Secure the storage area in a manner that restricts access to, or contact with the biohazardous medical waste to authorized persons.
  - 2. Display the universal biohazard symbol and post warning signs worded as follows for medical waste storage areas: (in English) "CAUTION -- BIOHAZARDOUS MEDICAL WASTE STORAGE AREA -- UNAUTHORIZED PERSONS KEEP OUT" and (in Spanish) "PRECAUCION -- ZONA DE ALMACENAMIENTO DE DES-

PERDICIOS BIOLÓGICOS PELIGROSOS -- PROHIBIDA LA ENTRADA A PERSONAS NO AUTORIZADAS."

- C. Beginning at the time the waste is set out for collection, a generator who stores biohazardous medical waste shall comply with all of the following requirements:
- 1. Keep putrescible biohazardous medical waste unrefrigerated if it does not create a nuisance. However, refrigerate at 40° F. or less putrescible biohazardous medical waste kept more than seven days.
  - 2. Store biohazardous medical waste for 90 days or less unless the generator has obtained facility plan approval under A.R.S. § 49-762.04 and is in compliance with the design and operational requirements prescribed in R18-13-1412.
  - 3. Keep the storage area free of visible contamination.
  - 4. Protect biohazardous medical waste from contact with water, precipitation, wind, or animals. A generator shall ensure that the waste does not provide a breeding place or a food source for insects or rodents.
  - 5. Handle spills by re-packaging the biohazardous medical waste, re-labeling the containers and cleaning any soiled surface as prescribed in R18-13-1407(A)(2)(b).
  - 6. Notwithstanding subsection (C)(1), if odors become a problem, a generator shall minimize objectionable odors and the off-site migration of odors. If the Department determines that a generator has not acted or adequately addressed the problem, the Department shall require the waste to be removed or refrigerated at 40° F or less.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1409. Transportation; Transporter License; Annual Fee**

- A. A transporter shall obtain a transporter license from the Department as provided under subsections (B), (C), and (D) below in addition to possessing a permit, license, or approval if required by a local health department, environmental agency, or other governmental agency with jurisdiction.
- B. Beginning on July 1, 2012, a transporter shall pay an annual fee of \$750 for every calendar year according to the following schedule, except that no transporter shall pay more than one annual fee in any calendar year:
- 1. Transporters registered with the Department before July 1, 2012, shall pay by December 31st of each year until their registration expires and shall apply for a license according to subsections (C) and (D) of this Section no more than 60 days before their registration expires.
  - 2. Transporters who have been issued a license or renewal of a license under this Section and have paid the licensing year fee as provided in subsection (D) shall pay the annual fee by December 31st of each year thereafter.
  - 3. A transporter that has not been registered with the Department shall apply and obtain a license according to subsections (C) and (D) of this Section and pay an annual fee by December 31st of each year thereafter.
- C. To apply for or to renew a transporter license, an applicant shall submit all of the following on a form approved by the Department:
- 1. The name, address, and telephone number of the transportation company or entity.
  - 2. All owners' names, addresses, and telephone numbers.
  - 3. All names, addresses, and telephone numbers of any agents authorized to act on behalf of the owner.

## Department of Environmental Quality – Solid Waste Management

4. A copy of either the certificate of disclosure required by A.R.S. § 49-109 or a written acknowledgment that this disclosure is not required.
  5. Photocopies or other evidence of the issuance of a permit, license, or approval if required by a local health department, environmental agency, or other governmental agency with jurisdiction.
  6. A copy of the transportation management plan that meets the requirements in subsection (I).
  7. A list identifying each dedicated vehicle.
  8. An application fee of \$2,000 which shall apply toward the licensing year fee in subsection (D)(3).
- D.** The Department may only issue a transporter license, including a renewal, after all of the following:
1. All of the items in subsection (C) have been received and determined to be correct and complete;
  2. A Department inspection of each transporting vehicle shows that the vehicle is in compliance with this Article; and
  3. The applicant has paid a licensing year fee consisting of:
    - a. An amount based on the expenses associated with inspecting each transporting vehicle, evaluating the application, and approving the license, minus the application fee. The amount shall be calculated using a rate of \$122 per hour, multiplied by the number of personnel hours used in these duties.
    - b. The annual fee of \$750 for the year as provided for in subsection (B).
    - c. The maximum fee for both subsections (D)(3)(a) and (b) shall be \$20,000.
- E.** A transporter license is valid for five years after issuance. To renew the license, the licensee shall submit an application under subsection (C) no later than 60 days before expiration. Renewals shall be issued after payment of a licensing year fee as provided in subsection (D)(3).
- F.** Amendments. After issuance, the licensee shall submit to the Department any change to the information listed in subsection (C) within 30 days of its occurrence. Vehicles may only be added to the license after a Department inspection shows that the vehicle is in compliance with this Article. Amendments to the transportation management plan or amendments adding vehicles shall be processed after payment of inspection fees and other expenses at the rate listed in subsection (D)(3), except that the application fee shall be \$100 and the maximum fee \$5,000.
- G.** An applicant who disagrees with the final bill received from the Department for the amendment, issuance, renewal or denial of a transporter license or vehicle inspections may make a written request to the Director for a review of the bill and may pay the bill under protest. The request for review shall specify the matters in dispute and shall be received by the Department within 10 working days of the date of receipt of the final bill.
- H.** Unless the Department and applicant agree otherwise, the review shall take place within 30 days of receipt by the Department of the request. The Director shall make a final decision as to whether the time and costs billed are correct and reasonable. The final decision shall be mailed to the applicant within 10 working days after the date of the review and is subject to appeal pursuant to A.R.S. § 49-769.
- I.** A person who transports biohazardous medical waste shall maintain in each transporting vehicle at all times a transportation management plan consisting of both of the following:
1. Routine procedures used to minimize the exposure of employees and the general public to biohazardous medical waste throughout the process of collecting, transporting, and handling.
  2. Emergency procedures used for handling spills or accidents.
- J.** A transporter who accepts biohazardous medical waste from a generator shall leave a copy of the tracking document described in R18-13-1406(B) with the person from whom the waste is accepted. A transporter shall ensure that a copy of the tracking document accompanies the person who has physical possession of the biohazardous medical waste. Upon delivery to a Department-approved transfer, storage, treatment, or disposal facility, the transporter shall obtain a copy of the tracking document, signed by a person representing the receiving facility, signifying acceptance of the biohazardous medical waste.
- K.** A transporter who transports biohazardous medical waste in a vehicle dedicated to the transportation of biohazardous medical waste shall ensure that the cargo compartment can be secured to limit access to authorized persons at all times except during loading and unloading. In addition, the cargo compartment shall be constructed in compliance with one of the following:
1. Have a fully enclosed, leak-proof cargo compartment consisting of a floor, sides, and a roof that are made of a non-porous material impervious to biohazardous medical waste and physically separated from the driver's compartment.
  2. Haul a fully enclosed, leak-proof cargo box made of a non-porous material impervious to biohazardous medical waste.
  3. Tow a fully enclosed leak-proof trailer made of a non-porous material impervious to biohazardous medical waste.
- L.** A person who transports biohazardous medical waste in a vehicle not dedicated to the transportation of biohazardous medical waste, but that is used longer than 30 consecutive days, shall comply with the following:
1. Subsections (A) and (I) through (M).
  2. Clean the vehicle as prescribed in R18-13-1407(A)(2)(b) before it is used for another purpose.
- M.** A person who transports biohazardous medical waste shall comply with all of the following:
1. Accept only biohazardous medical waste packaged as prescribed in R18-13-1407.
  2. Accept biohazardous medical waste only after providing the generator with a signed tracking form as prescribed in R18-13-1406(B), and keep a copy of the tracking document for one year.
  3. Deliver biohazardous medical waste to a Department-approved biohazardous medical waste storage, transfer, treatment, or disposal facility within 24 hours of collection or refrigerate the waste for not more than 90 days at 40° F or less until delivery.
  4. Not hold biohazardous medical waste longer than 96 hours in a refrigerated vehicle unless the vehicle is parked at a Department-approved facility.
  5. Not unload, reload, or transfer the biohazardous medical waste to another vehicle in any location other than a Department-approved facility, except in emergency situations. Combination vehicles or trailers may be uncoupled and coupled to another cargo vehicle or truck trailer as long as the biohazardous medical waste is not removed from the cargo compartment.
- N.** As used in this Section, "licensing year" means the calendar year in which the Department issues a license or a renewal of a license under this Section.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).  
Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

**R18-13-1410. Storage, Transfer, Treatment, and Disposal Facilities; Facility Plan Approval**

- A. A person shall obtain solid waste facility plan approval from the Department as prescribed in A.R.S. § 49-762.04 to construct any facility that will be used to store, transfer, treat, or dispose of biohazardous medical waste that was generated off site. Plan approval shall be obtained before starting construction of the medical waste treatment or disposal facility. This requirement also applies to solid waste facilities for which an operator self-certifies under A.R.S. § 49-762.05, if the facility also will receive biohazardous medical waste.
- B. If an air quality permit is required for the facility under A.R.S. Title 49, Chapter 3, the person shall include evidence of that air quality permit, or evidence of an air quality permit application with the application for solid waste facility plan approval.
- C. A person applying for facility plan approval shall ensure that the plan contains information demonstrating how the plan will comply with this Article.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1411. Storage and Transfer Facilities; Design and Operation**

An operator of a storage facility or transfer facility shall comply with all of the following design and operation requirements:

1. Design the facility so that biohazardous medical waste is always handled and stored separately from other types of solid waste if accepted at the facility.
2. Display prominently the universal biohazard symbol as prescribed in R18-13-1401.
3. Construct the storage area from smooth, easily cleanable non-porous material that is impervious to liquids and resistant to corrosion by disinfecting agents and hot water.
4. Protect biohazardous medical waste from contact with water, precipitation, wind, or animals.
5. Specify in the application for facility plan approval the maximum storage time that biohazardous medical waste will remain at the facility. If the biohazardous medical waste will be stored for more than 24 hours, the operator shall equip the facility with a refrigerator to refrigerate the biohazardous medical waste. The operator of the facility shall maintain the temperature in the refrigerator at 40° F. or less.
6. Accept biohazardous medical waste only if it is accompanied by the tracking form. The operator shall sign the tracking form and keep a copy of the acceptance documentation for one year;
7. Accept biohazardous medical waste if it is packaged as described in R18-13-1407. If a biohazardous medical waste container is damaged or leaking, improperly labeled, or otherwise unacceptable, a transfer facility operator shall do one of the following:
  - a. Reject the waste and return it to the transporter.
  - b. Accept the waste and immediately repackage it as prescribed in R18-13-1407(A).
8. Clean the storage area daily as prescribed in R18-13-1407(A)(2).

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1412. Treatment Facilities; Design and Operation**

- A. An operator who applies for facility plan approval shall comply with all of the following:
  1. Submit to the Department the following documentation:
    - a. Equipment specifications that identify the proper type of medical waste to be treated in the equipment and any design or equipment restrictions.
    - b. Manufacturer's specifications and operating procedures for the equipment that describe the type and volume of waste to be treated, monitoring data of the treatment process, and calibration and testing of the equipment, providing specific details about the capability of the equipment to achieve the treatment standards prescribed in R18-13-1415.
    - c. Instructions for equipment maintenance, testing, and calibration that ensure the equipment achieves the treatment standards prescribed in R18-13-1415.
    - d. Training manual for the equipment.
    - e. Written certification from the manufacturer stating that the equipment, when operated properly, is capable of achieving the treatment standards prescribed in R18-13-1415.
  2. Submit to the Department and have readily available at the facility, an operations procedure manual describing how the waste will be handled from the time it is accepted by the treater through the treatment process and final disposition of the treated waste. The operations procedure manual shall include all of the following:
    - a. Provisions for treating biohazardous medical waste within 24 hours of receipt or refrigerating immediately at 40° F. or less upon determination that treatment or disposal will not occur within 24 hours.
    - b. A contingency plan if the treatment equipment is out of service for an extended period of time. The plan shall address the manner and length of time for storage of the waste. An operator shall not store biohazardous medical waste more than 90 days. The plan shall be based on the capacity of the treatment equipment to treat all waste at the facility, including any backlog of stored waste and any new waste intake. If the 90-day time-frame will be exceeded, the operator shall either stop accepting waste until the backlog is treated, or contract with another treatment facility for treating the waste.
    - c. Procedures for handling hazardous chemicals, radioactive waste, and chemotherapy waste. The plan shall provide for scanning biohazardous medical waste with a Geiger counter and handling waste that measures above background level in a manner that complies with state and federal law.
  3. Have on hand written procedures stating that biohazardous medical waste is to be accepted from a transporter only if the waste is accompanied by a tracking form, and written procedures that require compliance with both of the following:
    - a. The treater or the treater's authorized agent shall sign the tracking document and keep a copy of the acceptance documentation for one year.
    - b. If a biohazardous medical waste container is damaged or leaking, improperly labeled, or otherwise unacceptable, a treater shall do one of the following:
      - i. Reject the waste and return it to the transporter.

## Department of Environmental Quality – Solid Waste Management

- ii. Accept the waste and transfer it directly from the transporting vehicle to the treatment processing unit.
    - iii. If the waste will not be treated immediately, repackage the waste for storage.
  4. Assure that the facility is designed to meet both of the following requirements:
    - a. Any floor or wall surface in the processing area of the facility which may come into contact with biohazardous medical waste is constructed of a smooth, easily cleanable non-porous material that is impervious to liquids.
    - b. The floor surface in the treatment and storage area either has a curb of sufficient height to contain spills or slopes to a drain that connects to an approved sanitary sewage system, septic tank system, or collection device.
  5. Store biohazardous medical waste as required in R18-13-1408.
  6. Comply with all of the following if the treatment method is incineration:
    - a. Reduce the incinerated medical waste, excluding metallic items, into carbonized or mineralized ash by incineration.
    - b. Determine whether the ash is hazardous waste as required under R18-8-262.
  7. Conduct any autoclaving according to the manufacturer's specifications for the unit.
  8. Use only alternative medical waste treatment methods that achieve the treatment standards in R18-13-1415(A).
  9. Treat animal waste, chemotherapy waste, and cultures and stocks as prescribed in R18-13-1420.
  10. Treat medical sharps as prescribed in R18-13-1419.
  11. Keep records of equipment maintenance and operational performance levels for three years. The records shall include the date and result of all equipment calibration and maintenance. Operational performance level records shall indicate the duration of time for each treatment cycle and:
    - a. For steam treatment and microwaving treatment records, both the temperature and pressure maintained in the treatment unit during each cycle and the method used for confirmation of temperature and pressure.
    - b. For chemical treatment, a description of the solution used.
    - c. For incineration, the temperature maintained in the treatment unit during operation.
    - d. Any other operating parameters in the manufacturer's specifications.
    - e. A description of the treatment method used and a copy of the maintenance test results.
  12. Not open the red bag prior to treatment unless opening the bag is required to treat the contents. Transfer of the entire contents, when performed as part of the treatment process, is permitted.
- B.** The treater shall make treatment records available for Departmental inspection upon request.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1413. Changes to Approved Medical Waste Facility Plans**

- A.** As required by A.R.S. § 49-762.06, before making any change to an approved facility plan a treatment facility owner or operator shall submit a notice to the Department stating which of the following categories of change is requested:

1. A Type I change to an approved medical waste facility plan is a change not described in subsection (A)(2), (3), or (4).
2. A Type II change to an approved medical waste facility plan is a change in which treatment equipment is replaced with equal or like equipment, resulting in either no increase to treatment capacity or the addition of equipment that is not directly used in the treatment process.
3. A Type III change to an approved medical waste facility plan is a change described by one of the following:
  - a. Treatment equipment is added, resulting in less than a 25% increase in treatment capacity.
  - b. The storage area is enlarged resulting in less than a 25% increase in storage capacity.
  - c. Treatment technology is changed.
4. A Type IV change to an approved medical waste facility plan is a change described by one of the following:
  - a. Treatment equipment is added, resulting in a 25% or more increase in treatment capacity.
  - b. The storage area is enlarged resulting in a 25% or more increase in storage capacity.
  - c. Treatment equipment is added that requires an environmental permit.
  - d. An expansion of the treatment facility onto land not previously described in the approved plan.

- B.** As required by A.R.S. § 49-762.06, a treatment facility operator who has identified a change under subsection (A) shall comply with one of the following:

1. For a Type I change, make the change without notice to, or approval by the Department.
2. For a Type II change, before making any change, provide written notification that describes the change to the Department. The addition of refrigeration units only for compliance with this Article is a Type II change for which no Departmental approval is required.
3. For a Type III or Type IV change, submit an amended plan to the Department for approval before making any change. Departmental approval is required prior to making any change.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1414. Alternative Medical Waste Treatment Methods: Registration and Equipment Specifications**

- A.** A manufacturer or its agent who applies for alternative medical waste treatment method registration shall submit to the Department all of the following:
1. The manufacturer or company name and address.
  2. The name, address, and telephone number of the person who submits the application.
  3. A description of the alternative medical waste treatment method.
  4. A list of any other states in which the treatment method is used, including a copy of any state approvals.
  5. A description of by-products generated as result of the alternative treatment method.
  6. A certification statement that the contents of the application are true and accurate to the knowledge and belief of the applicant.
  7. Written documentation demonstrating that the alternative medical waste treatment method is capable of compliance with the treatment standards in this Article for the type of waste treated. The manufacturer shall employ a labora-

tory independent of any oversight activities by the manufacturer to provide this analysis.

8. The manufacturer's equipment specifications for the alternative medical waste treatment method being registered, including all of the following:
  - a. Unit model number, or serial number.
  - b. Equipment specifications that identify the proper type of biohazardous medical waste to be treated by the equipment and any design or equipment restrictions.
  - c. Operating procedures for the equipment that ensure the equipment complies with the treatment standards prescribed in this Article for the type of waste treated.
  - d. Instructions for equipment maintenance, testing, and calibration that ensure the equipment complies with the treatment standards prescribed in this Article for the type of waste treated.
9. Written documentation of registration if required by A.R.S. § 3-351.
- B. The Department shall make a determination whether to approve the registration application. If the Department approves the application, it shall issue to the applicant a certification of registration containing an alternative medical waste treatment method registration number. Only an alternative technology method with a valid Department issued registration number meets the requirements of this Article.

#### Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3776, effective September 17, 1999 (Supp. 99-3).

#### R18-13-1415. Treatment Standards, Quantification of Microbial Inactivation and Efficacy Testing Protocols

- A. A treater using an alternative treatment technology shall ensure that treatment achieves either of the following treatment standards:
  1. A 6 log<sub>10</sub> inactivation in the concentration of vegetative microorganisms.
  2. A 4 log<sub>10</sub> inactivation in the concentration of *Bacillus stearothermophilus* or *Bacillus subtilis* as is appropriate to the technology.
- B. A treater utilizing an alternative treatment method shall conduct efficacy studies to demonstrate that the treatment mechanisms are capable of achieving the standards in subsection (A) through either of the following:
  1. Mycobacterial species used as indicators of vegetative microorganisms:
    - a. *Mycobacterium phlei*, or
    - b. *Mycobacterium bovis* (BOG) (ATCC 35743)
  2. Spore suspensions of one of the following two bacterial species, as appropriate to the technology, used as biological indicators in efficacy tests of thermal, chemical, and irradiation treatment systems. Studies shall demonstrate a 4 log<sub>10</sub> reduction in the concentration of viable spores, through the use of an initial inoculum suspension of 5 log<sub>10</sub> or greater of:
    - a. *Bacillus stearothermophilus* (ATCC 7953), or
    - b. *Bacillus subtilis* (ATCC 19659).
- C. A treater utilizing an alternative treatment method shall quantify microbial inactivation as follows:
  1. Microbial inactivation, or "kill" efficacy is equated to "Log<sub>10</sub> Kill" that is defined as the difference between the logarithms of the number of viable test microorganisms before and after treatment. This definition is stated as:  

$$\text{Log}_{10}\text{Kill} = \text{Log}_{10}(\text{cfu/g "I"}) - \text{Log}_{10}(\text{cfu/g "R"})$$
 where:

Log<sub>10</sub>Kill is equivalent to the term Log<sub>10</sub> reduction, "I" is the number of viable test microorganisms introduced into the treatment unit, "R" is the number of viable test microorganisms recovered from the treatment unit, and "cfu/g" are colony forming units per gram of waste solids.

2. For those treatment processes that can maintain the integrity of the biological indicator carrier of the desired microbiological test strain, biological indicators of the required strain and concentration may be used to demonstrate microbial inactivation. Quantification is evaluated by growth or no growth of the cultured biological indicator.
3. For those treatment mechanisms that cannot ensure or provide integrity of the biological indicator, quantitative measurement of microbial inactivation requires a two-step approach: Step 1 "Control" and Step 2 "Test". The purpose of Step 1 is to account for the reduction of test microorganisms due to loss by dilution or physical entrapment.
  - a. Step 1:
    - i. Use microbial cultures of a predetermined concentration necessary to ensure a sufficient microbial recovery at the end of this step.
    - ii. Add suspension to a standardized medical waste load that is to be processed under normal operating conditions without the addition of the treatment agent (that is, heat, chemicals).
    - iii. Collect and wash waste samples after processing to recover the biological indicator organisms in the sample.
    - iv. Plate the recovered microorganism suspensions to quantify microbial recovery. The number of viable microorganisms recovered serves as a baseline quantity for comparison to the number of recovered microorganisms from wastes processed with the treatment agent.
    - v. The required number of recovered viable indicator microorganisms from Step 1 must be equal to or greater than the number of microorganisms required to demonstrate the prescribed Log reduction, either a 6 Log<sub>10</sub> reduction for vegetative microorganisms or a 4 Log<sub>10</sub> reduction for bacterial spores. This can be defined by the following equation:  

$$\text{Log}_{10}\text{RC} = \text{Log}_{10}\text{IC} - \text{Log}_{10}\text{NR}$$
 or  

$$\text{Log}_{10}\text{NR} = \text{Log}_{10}\text{IC} - \text{Log}_{10}\text{RC}$$
 where:  
 Log<sub>10</sub>RC is greater than 6 for vegetative microorganisms and greater than 4 for bacterial spores and where:  
 Log<sub>10</sub>RC is the number of viable "control" microorganisms in colony forming units per gram of waste solids recovered in the non-treated, processed waste residue;  
 Log<sub>10</sub>IC is the number of viable "control" microorganisms in colony forming units per gram of waste solids introduced into the treatment unit;  
 Log<sub>10</sub>NR is the number of "control" microorganisms in colony forming units per gram of waste solids which were not recovered in the non-treated, processed waste residue. Log<sub>10</sub>NR

## Department of Environmental Quality – Solid Waste Management

represents an accountability factor for microbial loss.

- b. Step 2:
  - i. Use microbial cultures of the same concentration as in Step 1.
  - ii. Add suspension to the standardized medical waste load that is to be processed under normal operating conditions with the addition of the treatment agent.
  - iii. Collect and wash waste samples after processing to recover the biological indicator organisms in the sample.
  - iv. Plate recovered microorganism suspensions to quantify microbial recovery.
  - v. From data collected from Step 1 and Step 2, the level of microbial inactivation, “Log<sub>10</sub> Kill”, is calculated by employing the following equation:  

$$\text{Log}_{10}\text{Kill} = \text{Log}_{10}\text{IT} - \text{Log}_{10}\text{NR} - \text{Log}_{10}\text{RT}$$
 where:  
 Log<sub>10</sub>Kill is equivalent to the term Log<sub>10</sub> reduction;  
 Log<sub>10</sub>IT is the number of viable “Test” microorganisms in colony forming units per gram of waste solids introduced into the treatment unit.  

$$\text{Log}_{10}\text{IT} = \text{Log}_{10}\text{IC};$$
  
 Log<sub>10</sub>NR is the number of “Control” microorganisms in colony forming units per gram of waste solids which were not recovered in the non-treated, processed waste residue;  
 Log<sub>10</sub>RT is the number of viable “Test” microorganisms in colony forming units per gram of waste solids recovered in treated, processed waste residue.

- D. A treater shall employ the appropriate methodology to determine efficacy of the treatment technology following the protocols in subsection (C) that are congruent with the treatment method.

New Section adopted by final rulemaking at 5 A.A.R.  
3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1416. Recycled Materials**

- A. Once a generator places biohazardous medical waste in a red bag as required in R18-13-1407, a person shall not remove any of the biohazardous medical waste from the bag until the biohazardous medical waste has been treated as required in R18-13-1415.
- B. A generator of biohazardous medical waste intending to recycle any portion of the biohazardous medical waste shall segregate that portion of biohazardous medical waste from the portion of biohazardous medical waste that will not be recycled. The generator shall do either of the following:
  1. Treat the biohazardous medical waste intended for recycling as required in R18-13-1415 before sending the treated medical waste to a recycler.
  2. Follow the requirements in R18-13-1406, R18-13-1407, and R18-13-1408, before either contracting with a transporter to haul or self-hauling the biohazardous medical waste to a treatment facility for treatment. After treatment, the treated medical waste may be sent to a recycler.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R.  
3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1417. Disposal Facilities: Operation**

An operator of a municipal solid waste landfill that accepts untreated biohazardous medical waste shall comply with all the following in design and operational requirements:

1. Accept biohazardous medical waste only if packaged according to R18-13-1407.
2. Keep the biohazardous medical waste disposal area separate from the general purpose disposal area.
3. Clearly label the biohazardous medical waste disposal area, informing persons that the disposal area contains untreated medical waste.
4. Not drive directly over deposited medical waste. The operator shall achieve compaction by first spreading a layer of soil that is sufficiently thick to prevent compaction equipment from coming into direct contact with the waste, or dragging waste over the area.
5. Cover the biohazardous medical waste with 6 inches of compacted soil at the end of the working day or more often as necessary to prevent vector breeding and odors.
6. Not allow salvaging of untreated biohazardous medical waste from the landfill.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R.  
3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1418. Discarded Drugs**

- A. A generator of discarded drugs not returned to the manufacturer shall destroy the drugs on site prior to placing the waste out for collection. A generator shall destroy the discarded drugs by any method that prevents the drug's use. If federal or state law prescribes a specific method for destruction of discarded drugs, the generator shall comply with that law.
- B. A generator of discarded drugs may flush them down a sanitary sewer if allowed by the wastewater treatment authority.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R.  
3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1419. Medical Sharps**

Medical sharps shall be handled as follows:

1. A generator who treats biohazardous medical waste on site shall place medical sharps in a sharps container after rendering them incapable of creating a stick hazard by using an encapsulation agent or any other process that prevents a stick hazard. Medical sharps encapsulated or processed in this manner are considered to be solid waste.
2. A generator who ships biohazardous medical waste off site for treatment shall either:
  - a. Place medical sharps in a medical sharps container and follow the requirements of R18-13-1406, or
  - b. Package and send medical sharps to a treatment facility via a mail-back system as prescribed by the instructions provided by the mail-back system operator. An Arizona treatment facility shall render medical sharps incapable of creating a stick hazard by using an encapsulation agent or any other process that prevents a stick hazard.
3. A person operating a treatment facility who accepts medical sharps for treatment shall either:
  - a. Encapsulate medical sharps to prevent stick hazard, or
  - b. Use any other process that prevents a stick hazard.

**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R.  
3776, effective September 17, 1999 (Supp. 99-3).

**R18-13-1420. Additional Handling Requirements for Certain Wastes**

- A. A person who treats the following biohazardous medical waste categories shall meet the following additional requirements:
1. Cultures and stocks shall be incinerated, autoclaved, or treated by an alternative medical waste treatment method that meets the treatment standards set forth in R18-13-1415(A) and packaged inside a watertight primary container with absorbent packing materials if shipped off site for treatment or disposal. The primary container shall be placed inside a secondary inner container that is then placed inside an outer container. If federal or state law prescribes specific requirements for packaging and transporting this waste, the treater shall comply with that law.
  2. Chemotherapy waste shall be incinerated or disposed of in either an approved solid waste or hazardous waste disposal facility.
  3. Experimental or research animal waste shall be handled as follows:
    - a. Autoclave bedding on site or package as described in R18-13-1407 for off-site treatment or landfilling.
    - b. Incinerate animal carcasses on site, or if taken off site for treatment, comply with one of the following requirements:
      - i. Package the waste in a leakproof, covered container, label the contents and send to an incinerator or a Department-approved landfill, or
      - ii. If treated by a method other than incineration, pre-process by grinding, then treat by a method that achieves the standards of R18-13-1415(A).
- B. If a treater uses grinding in combination with another treatment method described in this Article, the treater shall conduct it in a closed system to prevent humans from being exposed to the release of the waste into the environment. If grinding is used for medical sharps, the grinding shall render the medical sharps incapable of creating a stick hazard.

**ARTICLE 16. BEST MANAGEMENT PRACTICES FOR PETROLEUM CONTAMINATED SOIL**

*Article 16, consisting of Sections R18-13-1601 through R18-13-1614, recodified from 18 A.A.C. 8, Article 16 at 8 A.A.R. 5172, effective November 27, 2002; Section and subsection citations within this Article were also updated under A.R.S. § 41-1011(C) (Supp. 02-4).*

**R18-13-1601. Definitions**

In addition to definitions in A.R.S. § 49-851 and A.A.C. R18-13-1301, the terms in this Article shall have the following meanings:

1. "Accumulation site" means an area or site at which PCS from one or more points of generation under the control of the generator of PCS is accumulated for more than 12 hours but less than 90 days prior to treatment, storage, or disposal.
2. "Containment system" means a system designed to contain an accumulation of special waste which meets the design and performance standards in R18-13-1608 and either R18-13-1609 or R18-13-1611.
3. "Excavated" means removed from the earth by scraping or digging a hole or cavity in the earth's surface or otherwise removed from the earth's surface.
4. "Facility" or "special waste receiving facility" means a treatment facility, storage facility, or disposal facility which has been approved by the Director in accordance with A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
5. "Hazardous waste" means hazardous waste as defined in A.R.S. § 49-921(5).
6. "Non-fuel, non-solvent petroleum product" means a petroleum-based substance refined from virgin crude oil that is not used as a solvent or fuel including mineral oils and hydraulic oils.
7. "Non-regulated soils" means soils contaminated with total petroleum hydrocarbon (TPH) levels equal to or less than 100 mg/kg which are neither hazardous waste, PCS, nor solid waste PCS, and which do not constitute an environmental nuisance pursuant to A.R.S. §§ 49-141 through 49-144.

8. "PCS" means petroleum-contaminated soils, which are not hazardous waste or solid waste PCS, which are excavated for storage, treatment, or disposal, and which contain contaminants as described by any of the following:
  - a. TPH which exceeds concentrations of 5,000 mg/kg,
  - b. Benzene which exceeds concentrations of 0.13 mg/kg,
  - c. Toluene which exceeds concentrations of 200 mg/kg,
  - d. Ethylbenzene which exceeds concentrations of 68 mg/kg,
  - e. Total xylene which exceeds concentrations of 44 mg/kg.
9. "PCS disposal facility" means a site or special waste receiving facility at which the disposal of PCS has been approved by the Director pursuant to A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
10. "Petroleum" means petroleum as defined in A.R.S. § 49-1001(11).
11. "Point of compliance" means point of compliance as defined in A.R.S. § 49-244.
12. "Special waste shipper" means a person who transports special waste for off-site treatment, storage, or disposal.
13. "Solid waste PCS" means excavated soils contaminated with petroleum, which are not hazardous waste and which meet any of the following:
  - a. Have TPH concentrations which exceed 100 mg/kg but which are at or below 5,000 mg/kg;
  - b. Are soils contaminated with non-fuel, non-solvent petroleum products with a TPH which exceeds 100 mg/kg.
14. "Storage" means the holding of PCS for a period of more than 90 days but less than one year.
15. "Storage facility" means a special waste receiving facility which engages in storage and which has been approved by the Director pursuant to A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858.
16. "Temporary treatment facility" means an on-site treatment facility, or an off-site treatment facility owned or operated by the generator of PCS, where the PCS is treated to reduce TPH, benzene, toluene, ethylbenzene, or total xylene concentrations and which complies with the requirements of R18-13-1610.
17. "Total petroleum hydrocarbons" or "TPH" means the sum of the aliphatic and aromatic hydrocarbon constituents contained in petroleum, as determined through laboratory testing.
18. "Treatability study" means a study in which a special waste is subjected to a treatment process to determine any one or more of the following:
  - a. Whether the waste is amenable to the treatment process,
  - b. What pretreatment is required,
  - c. The optimal process conditions needed to achieve the desired treatment,
  - d. The efficiency of a treatment process,
  - e. The characteristics and volumes of residual contaminants from a particular treatment process,
  - f. Toxicological and health effects.
19. "Treatment facility" means a special waste receiving facility which has been approved by the Director pursuant to A.R.S. § 49-857 or has qualified for Interim Use Facility status pursuant to A.R.S. § 49-858, and at which PCS

receives treatment to reduce TPH or benzene, toluene, ethylbenzene, or total xylene concentrations.

#### Historical Note

Recodified from R18-8-1601 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

#### R18-13-1602. Applicability

- A. The Director declares that PCS, as defined in R18-13-1601(8), constitutes a special waste as defined in A.R.S. § 49-851(A)(9). Except as otherwise provided in this Section and R18-13-1603, PCS shall be treated, stored, and disposed of in accordance with this Article. PCS shall not be diluted with any material or substance for purposes of avoiding applicability of these rules.
- B. PCS which is used in a treatability study shall comply with all of the following:
  1. The owner or operator of the facility where a treatability study is to be conducted shall notify the Department of its intent to conduct a treatability study at least 30 days prior to the commencement of the treatability study.
  2. The total quantity of PCS used in the treatability study shall not exceed 5000 kilograms, unless evidence is provided which justifies the need for a larger quantity and permission to use a larger amount is granted by the Director.
  3. The owner or operator of the facility shall maintain records detailing the treatability study and the results obtained in accordance with R18-13-1614.
  4. The treatability study shall be completed and the PCS shall be removed from the site within one year from commencement of the study.
  5. Upon completion of the treatability study, the owner or operator of a facility shall dispose of the PCS used in the treatability study in accordance with this Article.
  6. Sampling of the PCS shall be conducted in accordance with R18-13-1604(B) and (C) before and after the treatability study is performed.
  7. The performance of the treatability study shall not result in an environmental nuisance pursuant to A.R.S. §§ 49-141 through 49-144.
- C. PCS which is excavated pursuant to the requirements of A.R.S. Title 49, Chapter 6, Underground Storage Tank Regulation, and which is not removed from the site, shall comply with the requirements of R18-13-1610 and R18-13-1612.
- D. PCS incorporated into asphalt for use in paving is not subject to other provisions of this Article if the owner or operator of the facility where the asphalt is produced does all of the following:
  1. Notifies the Department in writing at least 30 days prior to commencing such incorporation,
  2. Maintains records in accordance with R18-13-1614,
  3. Stores the PCS prior to incorporation in accordance with R18-13-1611,
  4. Uses only soil characterized as PCS based on TPH concentrations as set forth in R18-13-1601(8)(a).

#### Historical Note

Recodified from R18-8-1602 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

#### R18-13-1603. Exemptions

- A. Solid waste PCS are exempt from the provisions of this Article, except for the requirements in R18-13-1604, and are subject to A.R.S. § 49-761 et seq.
- B. Non-regulated soils are exempt from the provisions of this Article, except for the requirements in R18-13-1604, and are exempt from the requirements of A.R.S. § 49-761 et seq.

- C. Asphaltic cement which is not hazardous waste is exempt from the requirements of this Article.
- D. Soils which are contaminated with petroleum, which have been generated by households, and which are not hazardous waste, shall be exempt from the requirements of this Article.
- E. Soil characterized as PCS solely because the TPH concentration exceeds 5,000 mg/kg may be disposed in accordance with A.R.S. § 49-761 et seq. and shall be exempt from the requirements of this Article, except that the generator shall comply only with the requirements for accumulation sites in R18-13-1612, if either of the following conditions are met:
  1. The mathematical product of the TPH (mg/kg) and the number of tons excavated is less than 10,000.
  2. The mathematical product of the TPH (mg/kg) and the number of cubic yards excavated is less than 8,500.

#### Historical Note

Recodified from R18-8-1603 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

#### R18-13-1604. Waste Determination

- A. A generator of excavated soil contaminated with petroleum shall determine whether the soil is PCS, solid waste PCS, or non-regulated soil. The basis for the determination shall be maintained for at least three years and shall be made available to the Department upon request. The generator shall make such determination using either of the following methods:
  1. Testing the soil pursuant to subsection (B) of this Section. Laboratory analysis of these samples shall be performed by a laboratory licensed by the Arizona Department of Health Services. Approved testing methods, which identify concentrations for total recoverable extraction of contaminants, shall be used.
  2. Application of knowledge of the characteristics of the contaminated soil in light of the known or potential source of the contamination. The Department may require sampling to confirm the accuracy of applied knowledge.
- B. Sampling of soils contaminated with petroleum shall be performed in accordance with a site-specific written sampling plan which is consistent with the requirements set forth in either of the following:
  1. "Test Methods for Evaluating Solid Waste", EPA SW-846, 3rd Edition Volume II: Field Manual, Physical/Chemical Method, Chapter Nine (SW-846 Third Edition), 1986, Environmental Protection Agency, Washington, D.C. and no future editions or amendments, incorporated herein by reference and on file with the Department and the Office of the Secretary of State.
  2. "Quality Assurance Project Plan", Chapter 9, May 1991 Edition, Arizona Department of Environmental Quality, Phoenix, Arizona and no future editions or amendments incorporated herein by reference and on file with the Department and the Office of the Secretary of State.
- C. Where multiple samples are collected from a stockpile of contaminated soil generated from a single source, the stockpile shall be considered as PCS if the arithmetic mean of the TPH concentrations of the samples exceeds 5,000 mg/kg. A sample having a concentration of total petroleum hydrocarbons which is below the analytical method detection limit or reporting limit shall be assigned a concentration which is 1/2 of the reported analytical method detection limit or reporting limit.
- D. If soil excavated during the initial investigation of a site to determine the extent of contamination is PCS, the PCS may be returned into the excavation site from which the soil was removed if all of the following conditions are met:

## Department of Environmental Quality – Solid Waste Management

1. There is no freestanding liquid within the excavation, unless the State Fire Marshal or other jurisdictional fire authority directs otherwise, and the requirements of subsections (2) and (3) of this subsection are met.
2. The owner or operator provides notification to the Department that the PCS has been returned to the excavation within 14 days after the return of the PCS to the excavation.
3. The owner or operator completes a site characterization within 120 days and implements remediation within 150 days after the date the site characterization began.

**Historical Note**

Recodified from R18-8-1604 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1605. Transportation**

- A. PCS transported to a special waste receiving facility in Arizona shall be transported by a special waste shipper which has met the requirements of R18-13-1303.
- B. A special waste shipper shall transport the PCS in closed containers pursuant to R18-13-1611(E) or shall ensure that any vehicle used to transport the PCS is loaded and covered in such a manner that the contents will not blow, fall, leak, or spill from the vehicle.
- C. A special waste shipper transporting PCS to a special waste receiving facility in Arizona, except a facility located on Indian country, shall deliver PCS to a special waste receiving facility approved by the Department.

**Historical Note**

Recodified from R18-8-1605 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1606. Fees**

In accordance with A.R.S. §§ 49-855(C)(2) and 49-863, the treatment, storage, or disposal facility in this state that first receives a shipment of PCS shall remit to the Department a fee of \$4.50 per ton but not more than \$45,000 per generator site per year for PCS that is transported to the facility.

**Historical Note**

Recodified from R18-8-1606 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

**R18-13-1607. Facility Approval; Application**

- A. PCS shall be treated, stored, or disposed only at a PCS disposal facility, storage facility, treatment facility, or temporary treatment facility. A facility shall not be constructed or operated prior to obtaining written approval from the Department, except as provided for in A.R.S. § 49-858.
- B. The owner or operator of a PCS treatment, storage, or disposal facility shall submit an application to the Department which contains all of the information required in accordance with A.R.S. § 49-762.
- C. In addition to the requirements specified in A.R.S. § 49-762, the application shall contain all of the following:
  1. A vicinity map, in a scale not over 1:24,000, which shows where the facility is located with respect to the surroundings, including an indication of the use of the adjacent properties.
  2. An engineering report which includes all of the following:
    - a. Detailed plans and specifications for the entire facility including manufacturer's performance data and design features of treatment, pollution control, and monitoring equipment.

- b. A site description which includes general information on the geology, hydrogeology, soils, and land use. If a facility is located within the pollution management area of a facility for which an aquifer protection permit has been issued under A.R.S. § 49-241 et seq., then the applicant may resubmit or incorporate by reference the general information.
- c. A background soil sampling plan and results which characterize the site, including the rationale used to determine the locations, depths, and number of samples.
3. A site map, in a scale not to exceed 1:2,400, which clearly identifies where the PCS shall be deposited, containment berms, fencing and security measures, access roads, any improvements, wells, and location of surface water courses.
4. An operational plan which includes all of the following:
  - a. General description of the daily operations of the facility and the processes, techniques, or methods to be employed;
  - b. The source, amount, concentration of contaminants, and any other relevant information concerning the PCS to be handled;
  - c. The schedule for sampling the PCS during treatment to evaluate treatment methods;
  - d. Description of plans for final use and disposal of PCS and remediated soil, liners, piping, carbon canisters, and any other contaminated equipment;
  - e. Procedures to ensure that only waste which has been characterized is received and that hazardous waste is not received;
  - f. Procedures for random inspection of incoming loads to verify that only waste which has been characterized is accepted;
  - g. Procedures for collecting and managing run-off which comes in contact with PCS;
  - h. Procedures for recordkeeping of all inspection results, training of personnel, and sampling results;
  - i. Procedures to control public access, and prevent unauthorized entry and illegal dumping.
5. A contingency plan for emergency preparedness which describes alternatives for storage, treatment, or disposal.
6. A closure plan which includes:
  - a. A description of the steps necessary to close the facility, the specific proposed closure activities, and an implementation schedule;
  - b. Information on site conditions and characterization of the waste received during the life of the facility;
  - c. A description of the sampling plan utilized to sample background soil beneath the site following closure;
  - d. A description of plans for use of the land site after closure;
  - e. A description of post-closure care.
7. An affidavit that the proposed facility is in compliance with local zoning requirements in effect at the time the application is submitted.
- D. Following completion of construction of a facility and prior to placement of PCS on the site, the owner or operator shall submit to the Department a construction certification report, including as-built plans which indicate any changes to the design or operational plans for the facility.
- E. Plans required in accordance with this Section shall be sealed by a professional engineer registered in the state of Arizona, if required by statute.

- F. A facility shall be in compliance with all other applicable federal, state, and local approvals or permits which are required for the design, construction, and operation of the facility.

#### Historical Note

Recodified from R18-8-1607 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

#### R18-13-1608. General Design and Performance Standards

- A. A facility which receives PCS for treatment, storage, or disposal shall be designed and operated to ensure compliance with the following performance standards relating to aquifer protection:
1. Pollutants discharged shall in no event cause or contribute to a violation of Aquifer Water Quality Standards, at the applicable point of compliance, or, if the facility is a municipal solid waste landfill, it shall comply with the requirements of A.R.S. § 49-761.01(C).
  2. Any pollutant discharged shall not further degrade, at the applicable point of compliance, the quality of any aquifer that already violates an Aquifer Water Quality Standard for that pollutant.
- B. A facility which receives PCS for treatment, storage, or disposal shall meet the general design criteria of either subsection (B)(1) or (2) as follows:
1. The PCS shall be held within a containment system designed and constructed to preclude the migration of contaminants into subsurface soil, groundwater, or surface water. The containment system shall meet the following criteria:
    - a. Maintain a maximum hydraulic conductivity of no more than  $1 \times 10^{-7}$  cm/sec;
    - b. Be designed to provide structural integrity throughout the life of the facility;
    - c. Be designed in accordance with the applicable design criteria set forth in subsection (C) of this Section and R18-13-1609 through R18-13-1613; or
  2. An alternative design shall contain, at a minimum, all of the following and shall demonstrate that the design will limit discharges listed in A.R.S. § 49-243(D) to the maximum extent practicable:
    - a. The hydrogeologic setting of the facility and the capacity of the liner and soils to preclude discharge to groundwater or surface water;
    - b. The operating methods, processes, or other alternatives to be used at the facility;
    - c. Additional factors which would influence the quality and mobility of the leachate produced and the potential for that leachate to migrate to groundwater or surface water.
- C. A PCS treatment, storage, or disposal facility shall meet the following general design criteria:
1. The facility shall be designed to prevent run-on and run-off. The design shall provide run-on control for the peak discharge from a 24-hour, 25-year storm event. Run-off shall be collected and controlled for at least the water volume resulting from a 24-hour, 25-year storm event.
  2. The facility shall not restrict the flow of the 100-year floodplain, reduce temporary water storage capacity of the floodplain, or be maintained in a manner which results in a washout or inundation of the PCS.
  3. The owner or operator shall control public access and shall prevent unauthorized vehicular traffic and illegal dumping.
  4. The owner or operator shall manage any standing water that has come into contact with the PCS in accordance

with rules promulgated pursuant to A.R.S. § 49-761 et seq.

- D. A facility which manages PCS in accordance with the requirements of this Article shall be exempt from the aquifer protection permit requirements in accordance with A.R.S. § 49-250(B)(21).
- E. A facility which has been issued an aquifer protection permit from the Department shall be exempt from the requirements of subsections (A) and (B) of this Section but shall comply with the requirements of subsection (C).

#### R18-13-1609. Treatment Facility

- A. The owner or operator of a PCS treatment facility shall obtain approval from the Department prior to commencement of construction or operation and shall comply with all of the following:
1. Not dilute PCS as a method of treatment, except as allowed in the approved plan for the facility;
  2. Treat the PCS or, if the chosen treatment process fails to remediate the soil to below the regulatory thresholds, dispose of the PCS pursuant to R18-13-1613.
  3. Sample the treated soil and provide the results of the sampling to the Department within 45 days of completion of the treatment.
- B. A PCS treatment facility designed in accordance with R18-13-1608(B)(1) shall comply with the following specific design criteria:
1. At a minimum, a containment system shall include a clay, synthetic, concrete, or asphalt liner component which is placed upon a foundation or prepared subgrade which supports the liner, and resists pressure gradients above and below the liner, to prevent failure due to settlement, compression, or uplift.
  2. During construction or installation of a containment system, liners and cover systems shall be inspected for uniformity, damage, and imperfections. Immediately after construction or installation is completed, and prior to placement of PCS within the containment system, the systems shall be checked for both of the following:
    - a. Synthetic liners and covers shall be inspected to ensure tight seams and joints and the absence of tears, punctures, or blisters.
    - b. Concrete, asphalt, and soil-based liners and covers shall be inspected for imperfections including lenses, cracks, channels, root holes, or other structural non-uniformities that may cause an increase in the permeability of the liner or cover.
  3. The liner component shall consist of one of the following:
    - a. A synthetic liner which is compatible with the waste and which has a minimum 6" buffer layer of sand or soil between the liner and the PCS.
    - b. A compacted soil or admixed liner provided with a minimum 6" buffer layer of sand or soil between the liner and the PCS.
    - c. An asphalt or reinforced concrete liner which is not in the drainage area of a dry well and is free of unsealed cracks and seams.
  4. Aeration equipment shall be limited to the area above the buffer layers indicated in subsections (B)(2)(a) and (b).
  5. The owner or operator of the facility shall utilize protective measures to ensure containment system integrity during placement, treatment, or removal of the PCS.

## Department of Environmental Quality – Solid Waste Management

6. PCS stored at a treatment facility prior to treatment shall be stored in accordance with the requirements of R18-13-1611.

**R18-13-1610. Temporary Treatment Facility**

- A. The owner or operator of a temporary treatment facility shall treat and remove all PCS from the temporary treatment facility within one year from the date of commencement of receipt of PCS for treatment. PCS shall not be diluted to meet any treatment requirement, except in accordance with the approved plan.
- B. A temporary treatment facility shall obtain approval from the Department prior to commencing construction or operation. In lieu of the requirements of R18-13-1607(C), an application for approval shall contain all of the following:
  1. An affidavit signed by the owner or operator of the temporary treatment facility which states that the facility will comply with the requirements of this Article;
  2. An affidavit that the proposed facility is in compliance with local zoning requirements in effect at the time the application is submitted;
  3. Application information required pursuant to A.R.S. § 49-762 for plan approval for temporary treatment facilities;
  4. A vicinity map, in a scale not over 1:24,000, which shows where the facility is located with respect to the surroundings, including an indication of the use of the adjacent properties;
  5. A site description which includes general information on the geology, hydrogeology, soils, and land use;
  6. A background soil sampling plan and results which characterize the site, including the rationale used to determine the locations, depths and number of samples;
  7. A site map, in a scale not to exceed 1:2,400, which clearly identifies where the PCS shall be deposited, containment berms, fencing and security measures, access roads, any improvements, wells, and location of surface water courses;
  8. An operational plan which includes all of the following:
    - a. General description of the daily operations of the facility and the processes, techniques, or methods to be employed;
    - b. The source, amount, concentration of contaminants, and any other relevant information concerning the PCS to be handled;
    - c. The schedule for sampling the PCS during treatment to evaluate treatment methods;
    - d. Description of plans for final use and disposal of PCS and remediated soil, liners, piping, carbon canisters, and any other contaminated equipment;
  9. A closure and post-closure care plan which includes both of the following:
    - a. A description of the steps necessary to close the facility, the specific proposed closure activities, and an implementation schedule;
    - b. A description of the sampling plan utilized to sample background soil beneath the site following closure.
- C. A temporary treatment facility shall not be operated for more than one year unless a one-time extension is granted by the Department. The Department may grant an extension of up to one additional year if all of the following are met:
  1. The inability to perform is caused by events beyond the control of the owner or operator, including acts of God,

which include flood, tornado, earthquake, and causes beyond the owner's or operator's control including fire, explosion, unforeseen strikes or work stoppages, riot, sabotage, public enemy, war, requirements established by courts of competent jurisdiction, and other governing law. Financial inability to perform shall not be justification for an extension.

2. The owner and operator submits to the Department verifiable documentation which includes all of the following:
  - a. A description of the circumstances causing any delay;
  - b. Evidence of the existence of the circumstance;
  - c. A description of past, present, and future measures taken or to be taken by the owner or operator to prevent or minimize any delay;
  - d. A timetable by which the owner and operator will resume and complete required performance.
3. The request is received at least 60 days prior to the expiration of the year in which the facility first received PCS. Where the Department grants an extension, that extension shall be granted prior to the expiration of the deadline and communicated to the owner or operator in writing.
- D. A temporary treatment facility shall meet the design criteria as specified in R18-13-1608 and R18-13-1609(B).
- E. PCS stored at a temporary treatment facility prior to treatment shall be stored in accordance with the requirements of R18-13-1611.
- F. In accordance with A.R.S. § 49-762(F), a temporary treatment facility shall be exempt from the notice and public hearing requirements set forth in A.R.S. § 49-762(L).

**Historical Note**

Recodified from R18-8-1610 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1611. Storage Facility**

- A. A shipment of PCS shall not be stored for a period exceeding one year from the date the PCS is received.
- B. Each shipment of contaminated soil shall be identified by source and stored in a manner which does not allow commingling of different shipments until all sampling results have been obtained. PCS shall be stored within an approved containment system and shall not be commingled with treated soils.
- C. A PCS storage facility shall obtain approval from the Department prior to commencement of construction or operation. A PCS storage facility designed in accordance with R18-13-1608(B)(1) shall comply with either of the following:
  1. The containment system shall meet the requirements of R18-13-1609(B).
  2. The PCS shall be stored in tanks or containers which meet the requirements of subsection (E) of this Section.
- D. A PCS storage area or each tank or container used for storage shall be marked as follows:
 

CAUTION: CONTAINS PETROLEUM-CONTAMINATED SOIL  
GENERATOR NAME:  
GENERATOR ID#:  
ACCUMULATION START DATE:

The owner or operator of the storage facility shall fill in the accumulation start date at the time the PCS is placed into storage. The letters shall be legible, not obstructed from view, on a high contrast background, and sufficiently durable to equal or exceed the duration of storage. Lettering size shall be 2.5 cm (1 inch) and in Sans Serif, Gothic, or Block style.
- E. A tank or container used to store PCS shall meet all of the following requirements:

1. Prevent leakage of PCS and any free liquids from the tank or container;
  2. Be made of, or lined with, materials which will not react with the PCS;
  3. Be kept closed during storage except to add or remove PCS;
  4. Not be opened, handled, or stored in a manner which may rupture the tank or container or cause it to leak;
  5. Shall be inspected monthly by the owner or operator of the storage facility for leaks and for deterioration. A written record of the inspection shall be prepared at the time of the inspection and shall document corrective action, if any, taken as a result of the inspection.
- F.** A PCS storage facility at which PCS is stored in piles shall comply with both of the following:
1. All storage piles shall be covered or otherwise managed to control wind dispersal of the PCS.
  2. Storage piles of PCS shall be inspected weekly and a written record of the inspection shall be prepared at the time of the inspection which documents any corrective action taken as a result of the inspection. The record shall document detection of any of the following:
    - a. Deterioration, malfunctions, or improper operation of run-on and run-off control systems;
    - b. Malfunctioning of wind dispersal control systems;
    - c. The presence of leachate in and the malfunctioning of any leachate collection and removal systems.

**R18-13-1612. Accumulation Sites**

- A.** PCS from one or more points of generation under the control of a single generator may be accumulated in an accumulation site under the control of that generator for up to 90 days prior to shipment of the PCS to a storage, disposal, or treatment facility.
- B.** An accumulation site shall comply with the storage facility requirements set forth in R18-13-1611, except subsection (A) of that Section. An accumulation site shall not be required to comply with the requirements in R18-13-1607.
- C.** While PCS is at an accumulation site, the owner or operator shall control public access and prevent unauthorized vehicular traffic and illegal dumping. PCS shall be managed to prevent the PCS from being exposed to storm water run-on or run-off.

**Historical Note**

Recodified from R18-8-1612 at 8 A.A.R. 5172, effective November 27, 2002 (Supp. 02-4).

**R18-13-1613. Disposal**

- A.** PCS shall be disposed at a special waste receiving facility which has been approved for the disposal of PCS, or at a hazardous waste management facility as defined in R18-13-260(E)(13).
- B.** A PCS disposal facility designed in accordance with R18-13-1608(B)(1) shall comply with the following specific design criteria:
1. The disposal facility shall be designed with a composite liner, as defined in subsection (B)(2), and a leachate collection system that is designed and constructed to maintain less than a 12-inch depth of leachate over the liner.
  2. For purposes of this Section, "composite liner" means a system consisting of two components: the upper component shall consist of a minimum 30-mil flexible membrane liner (FML) and the lower component shall consist of at least a two-foot layer of compacted soil with a

hydraulic conductivity of no more than  $1 \times 10^{-7}$  cm/sec. FML components consisting of high density polyethylene (HDPE) shall be at least 60 mil thick. The FML component shall be installed in direct and uniform contact with the compacted soil component.

**ARTICLE 17. RESERVED****ARTICLE 18. RESERVED****ARTICLE 19. RESERVED****ARTICLE 20. RESERVED****ARTICLE 21. SOLID WASTE LANDFILL REGISTRATION FEES**

*Article 21, consisting of Sections R18-13-2101 through R18-13-2103, made by final rulemaking at 9 A.A.R. 1770, effective July 14, 2003 (Supp. 03-2).*

**R18-13-2101. Definitions**

In addition to the definitions in A.R.S. §§ 49-701 and 49-701.01, for the purpose of this Article, the terms used in this Article have the following meanings:

1. "Defined time period" means the 12-month period that begins on July 1 of a calendar year and ends on June 30 of the following calendar year and consists of the actual number of calendar days in that 12-month period.
2. "Disposal fee invoice" means the quarterly landfill disposal fee invoice the Department mails to a landfill operator, on which the landfill operator indicates the amount of waste received and the amount of the disposal fees owed to the Department as required under A.R.S. § 49-836.
3. "Full quarter" means any of the standard fiscal quarters of the defined time period for which a municipal solid waste landfill accepted waste on or before the first day of the quarter and on or after the last day of that quarter.

**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1770, effective July 14, 2003 (Supp. 03-2). Amended by final rulemaking at 18 A.A.R. 1217, effective July 1, 2012 (Supp. 12-2).

**R18-13-2102. Annual Registration Fee for an Existing Solid Waste Landfill**

- A.** An existing solid waste landfill, except those described in subsection (C), shall pay an annual registration fee within 30 days of receipt of an invoice from the Department according to the following:
1. For municipal solid waste landfills that received less than 12,000 tons during the defined time period, \$1,250.
  2. For municipal solid waste landfills that received at least 12,000 tons but less than 60,000 tons during the defined time period, \$2,500.

## Department of Environmental Quality – Solid Waste Management

3. For municipal solid waste landfills that received at least 60,000 tons but less than 225,000 tons during the defined time period, \$7,500.
  4. For municipal solid waste landfills that received 225,000 tons or more during the defined time period, \$12,500.
  5. Non-municipal solid waste landfills shall pay a flat fee of \$3,750.
  6. Solid waste landfills that are closed to the public and that accept nonhazardous waste only shall pay a flat fee of \$3,750.
- B.** The Department shall determine the amount of waste received by a municipal solid waste landfill by one of the following methods:
1. For a municipal solid waste landfill that accepted waste over the entire defined time period:
    - a. As the reported tons of solid waste received on the disposal fee invoice; or
    - b. As the reported units of compacted or uncompacted solid waste received on the disposal fee invoice and reported under A.R.S. § 49-836(A)(1); or
  2. For a municipal solid waste landfill that accepted waste for only a portion of the defined time period, but no less than a full quarter, the Department shall project the total amount of waste that would have been received by the landfill over the entire defined time period, using one of the following methods:
    - a. For a municipal solid waste landfill that reported receiving waste for at least a full three quarters but less than the entire defined period, the amount of waste for the remaining quarter is the total amount of the waste reported for the full three quarters divided by three;
    - b. For a municipal solid waste landfill that reported receiving waste for at least a full two quarters but less than three quarters, the amount of waste for the remaining two quarters is the same as the total amount of waste reported for the two full quarters; or
    - c. For a municipal solid waste landfill that reported receiving waste for at least one full quarter but less than two quarters, the amount of waste for the remaining three quarters is the total of the amount of the waste reported for the full quarter multiplied by three.
- C.** For a municipal solid waste landfill that accepted waste for less than a full quarter, the annual landfill registration fee is \$1,250.

annual landfill registration requirement as specified in subsection (C).

3. The annual registration fee remains \$1,250 until the first annual registration period after the first full quarter of the defined time period.
- B.** After the first full quarter, the Department shall calculate the annual registration fee according to R18-13-2102, and specify the fee on the Department's annual landfill registration invoice for the solid waste landfill. The Department shall calculate and the solid waste landfill shall pay the annual landfill registration fee until the first registration period after the solid waste landfill stops accepting waste during a fiscal quarter of the defined time period.
- C.** From the time a solid waste landfill stops accepting waste as specified in subsection (B), until the owner or operator of the solid waste landfill is released from its obligation to provide financial assurance for closure as required by A.R.S. §§ 49-761 or 49-770, the annual registration fee is \$1,250.

**ARTICLE 22. RESERVED****ARTICLE 23. RESERVED****ARTICLE 24. RESERVED****ARTICLE 25. RECYCLING****R18-13-2501. Recycling Emblem Description and Usage**

- A.** The Department's official state recycling emblem wraps the three arrows of the universal recycling symbol around a saguaro cactus. A double oval frame surrounds the emblem and bears the slogan, Arizona Cares -- Reduce -- Reuse -- Recycle.
- B.** The purpose of the emblem is to increase public awareness of recycling programs and the potential for reducing waste. Any organization or person that is interested in promoting recycling may use the emblem without receiving approval from the Department. An organization or person can obtain either a printed copy or electronic version of the emblem from the Department by calling the Recycling and Data Management Unit at 1-800-234-5677, ext. 4133, or (602) 207-4133.

**ARTICLE 27. SOLID WASTE FEES FOR FY 2011****R18-13-2701. Special Waste Management Fees for Fiscal Year 2011**

Beginning on July 1, 2010 and until June 30, 2011, the director shall collect a fee of \$5 per ton, not more than \$50,000 per generator site per year, for special waste that is transported to a facility in this state for treatment, storage, or disposal. This fee increases and supersedes the per ton fee listed in A.R.S. § 49-855, R18-13-1307(F), and R18-13-1606 and the maximum fee listed in A.R.S. § 49-855 for the period of July 1, 2010 through June 30, 2011. The payor shall remit the fee in accordance with A.R.S. § 49-863. For special waste that is shredder residue, the owner or operator of a special waste facility may pay a special waste management fee of \$1.65 per cubic yard of uncompacted shredder residue or \$3.75 per

cubic yard of compacted shredder residue received in lieu of the \$5 per ton fee.

**R18-13-2702. Increased Landfill Registration Fees for Fiscal Year 2011**

In addition to the landfill registration fees required under A.R.S. § 49-747 for Calendar Year 2010, a one-time landfill registration fee shall be due within 30 days of the invoice postmark date for the increased fee as follows:

1. For solid waste landfills that serve fewer than 10,000 people, \$2,000;
2. For solid waste landfills that serve at least 10,000 people but less than 25,000 people, \$3,000;
3. For solid waste landfills that serve at least 25,000 people but less than 50,000 people, \$4,000;
4. For solid waste landfills that serve at least 50,000 people but less than 100,000 people, \$8,000;
5. For solid waste landfills that serve at least 100,000 people but less than 200,000 people, \$12,000;
6. For solid waste landfills that serve 200,000 people or more, \$20,000;
7. For solid waste landfills that are open to the public and that accept demolition waste, \$6,000; and
8. For solid waste landfills that are closed to the public and that accept nonhazardous waste, \$6,000.

New Section made by exempt rulemaking at 16 A.A.R. 848, effective July 1, 2010 (Supp. 10-2).

**R18-13-2703. Solid Waste Facility Plan Review Fees for Fiscal Year 2011**

A. Beginning July 1, 2010 and until June 30, 2011, the initial and maximum fees for the review of a solid waste facility plan, a modification of an approved facility plan, and a financial assurance plan are listed in the following table. These fees increase and supersede the initial and maximum fees listed in R18-13-702(A) for the period of July 1, 2010 through June 2011. The applicant shall remit the fees in accordance with R18-13-702.
