## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 1. RECODIFIED

Laws 2017, Ch. 313, transferred the Radiation Regulatory Agency to the Arizona Department of Health Services and renamed it the Bureau of Radiation Control. The rules in this Chapter were recodified to 9 A.A.C. 7 at 24 A.A.R. 813 with Section and agency references revised under Laws 2017, Ch. 313. The historical notes of the rules as codified in 12 A.A.C. 1 remain in this Chapter; therefore 12 A.A.C. 1 as released in Supp. 18-1 should be archived with 9 A.A.C. 7 (Supp. 18-1).

Editor's Note: This Chapter has rules in Supp. 16-1 that were filed in the Office on February 3, 2016, with an immediate effective date of February 2, 2016, the date approved by the Governor's Regulatory Review Council, in order to remain in federal compliance with Agreement State status as stipulated in A.R.S. § 41-1032(A)(2).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Authority: A.R.S. § 17-201 et seq.

*Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).*

*Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

**R12-4-107. Bonus Point System**

- A. For the purpose of this Section, the following definitions apply:

"Bonus point hunt number" means the hunt number assigned in a Commission Order for use by an applicant who is applying for a bonus point only.

"Loyalty bonus point" means a bonus point awarded to a person who has submitted a valid application for a hunt permit-tag or a bonus point for a specific genus identified in subsection (B) at least once annually for a consecutive five-year period.

- B. The bonus point system grants a person one random number entry in each computer draw for antelope, bear, bighorn sheep, buffalo, deer, elk, javelina, or turkey for each bonus point that person has accumulated under this Section.
- Each bonus point random number entry is in addition to the entry normally granted under R12-4-104.
  - When processing a "group" application, as defined under R12-4-104, the Department shall use the average number of bonus points accumulated by all persons in the group, rounded to the nearest whole number. If the average number of bonus points is equal to or greater than .5, the total will be rounded to the next higher number.
  - The Department shall credit a bonus point under an applicant's Department identification number for the genus on the application.

- The Department shall not transfer bonus points between persons or genera.

- C. The Department shall award one bonus point to an applicant who submits a valid Hunt Permit-tag Application provided the following apply:

- The application is unsuccessful in the computer draw or the application is for a bonus point only;

- D. An applicant who purchases a bonus point only shall:

- Submit a valid Hunt Permit-tag Application, as prescribed under R12-4-104, with the assigned bonus point hunt number for the particular genus as the first-choice hunt number on the application. The Department shall reject any application that:
  - Indicates the bonus point only hunt number as any choice other than the first-choice, or
  - Includes any other hunt number on the application;
- Include the applicable fees:
  - Application fee, and
  - Applicable license fee, required when the applicant does not possess a valid license at the time of application; and

**R12-4-110. Posting and Access to State Land**

- A.** For the purpose of this Section:
1. "Corrals," "feed lots," or "holding pens" mean completely fenced areas used to contain livestock for purposes other than grazing.
  2. "Existing road" means any maintained or unmaintained road, way, highway, trail, or path that has been used for motorized vehicular travel, and clearly shows or has a history of established vehicle use, and is not currently closed by the Commission.
  3. "State lands" means all land owned or held in trust by the state that is managed by the State Land Department and lands that are owned or managed by the Game and Fish Commission.
- B.** In addition to the prohibition against posting prescribed under A.R.S. § 17-304, a person shall not lock a gate, construct a fence, place an obstacle, or otherwise commit an act that denies legally available access to or use of any existing road upon state lands by persons lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
1. A person in violation of this Section shall take immediate corrective action to remove any lock, fence, or other obstacle unlawfully preventing access to state lands.
  2. If immediate corrective action is not taken, a representative of the Department may remove any unlawful posting and remove any lock, fence, or other obstacle that unlawfully prevents access to state lands.
  3. In addition, the Department may take appropriate legal action to recover expenses incurred in the removal of any unlawful posting or obstacle that prevented access to state land.
- C.** The provisions of this Section do not allow any person to trespass upon private land to gain access to any state land.
- D.** A person may post state lands as closed to hunting, fishing, or trapping without further action by the Commission when the state land is within one-quarter mile of any:
1. Occupied residence, cabin, lodge, or other building; or
  2. Corrals, feed lots, or holding pens containing concentrations of livestock other than for grazing purposes.
- E.** The Commission may grant permission to lock, tear down, or remove a gate or close a road or trail that provides legally available access to state lands for persons lawfully taking wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing if access to such lands is provided by a reasonable alternate route.
1. Under R12-4-610, the Director may grant a permit to a state land lessee to temporarily lock a gate or close an existing road that provides access to state lands if the taking of wildlife will cause unreasonable interference during a critical livestock or commercial operation. This permit shall not exceed 30 days.
  2. Applications for permits for more than 30 days shall be submitted to the Commission for approval.
3. If a permit is issued to temporarily close a road or gate, a copy of the permit shall be posted at the point of the closure during the period of the closure.
- F.** A person may post state lands other than those referenced under subsection (D) as closed to hunting, fishing, or trapping, provided the person has obtained a permit from the Commission authorizing the closure. A person possessing a permit authorizing the closure of state lands shall post signs in compliance with A.R.S. 17-304(C). The Commission may permit the closure of state land when it is necessary:
1. Because the taking of wildlife constitutes an unusual hazard to permitted users;
  2. To prevent unreasonable destruction of plant life or habitat; or
  3. For proper resource conservation, use, or protection, including but not limited to high fire danger, excessive interference with mineral development, developed agricultural land, or timber or livestock operations.
- G.** A person shall submit an application for posting state land to prohibit hunting, fishing, or trapping under subsection (F), or to close an existing road under subsection (E), as required under R12-4-610. If an application to close state land to hunting, fishing, or trapping is made by a person other than the state land lessee, the Department shall provide notice to the lessee and the State Land Commissioner before the Commission considers the application. The state land lessee or the State Land Commissioner shall file any objections with the Department, in writing, within 30 days after receipt of notice, after which the matter shall be submitted to the Commission for determination.
- H.** A person may use a vehicle on or off a road to pick up lawfully taken big game animals.
- I.** The closing of state land to hunting, fishing, or trapping shall not restrict any other permitted use of the land.
- J.** State trust land may be posted with signs that read "State Land No Trespassing," but such posting shall not prohibit access to such land by any person lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
- K.** When hunting, fishing, or trapping on state land, a license holder shall not:
1. Break or remove any lock or cut any fence to gain access to state land;
  2. Open and not immediately close a gate;
  3. Intentionally or wantonly destroy, deface, injure, remove, or disturb any building, sign, equipment, marker, or other property;
  4. Harvest or remove any vegetative or mineral resources or object of archaeological, historic, or scientific interest;
  5. Appropriate, mutilate, deface, or destroy any natural feature, object of natural beauty, antiquity, or other public or private property;
  6. Dig, remove, or destroy any tree or shrub;
  7. Gather or collect renewable or non-renewable resources for the purpose of sale or barter unless specifically permitted or authorized by law;
  8. Frighten or chase domestic livestock or wildlife, or endanger the lives or safety of others when using a motorized vehicle or other means; or
  9. Operate a motor vehicle off road or on any road closed to the public by the Commission or landowner, except to retrieve a lawfully taken big game animal.

- b. Mailing address, and
  - c. Department identification number.
- 2. An applicant shall not obtain nonpermit-tags in excess of the bag limit established by Commission Order when it established the season for which the nonpermit-tags are valid.
- C. If the number of hunt permits for a species in a particular hunt area must be limited, a Commission Order establishes a hunt number for that hunt area and a hunt permit-tag is required to take the species in that hunt area.
  - 1. A person applying for a hunt permit-tag shall submit an application as described under R12-4-104.
  - 2. The Department shall determine whether a hunt permit-tag will be issued to an applicant as follows:
    - a. The Department shall reserve a maximum of 20% of the hunt permit-tags for each hunt number, except as established under subsection (C)(2)(b), for antelope, bear, deer, elk, javelina, and turkey and reserve a maximum of 20% of the hunt permit-tags for all hunt numbers combined statewide for bighorn sheep and buffalo to issue to persons who have bonus points and shall issue the hunt permit-tags as established under subsection (C)(2)(c).
    - b. For antelope, bear, deer, elk, javelina, and turkey, the Department shall reserve one hunt permit-tag for any hunt number with fewer than five, but more than one, hunt permit-tags and shall issue the tag as established under subsection (C)(2)(c). When this occurs, the Department shall adjust the number of available hunt permit-tags in order to ensure the total number of hunt permit-tags available does not exceed the 20% maximum specified in subsection (C)(2)(a).
    - c. The Department shall issue the reserved hunt permit-tags for hunt numbers that eligible applicants designate as their first or second choices. The Department shall issue the reserved hunt permit-tags by random selection:
      - i. First, to eligible applicants with the highest number of bonus points for that genus;
      - ii. Next, if there are reserved hunt permit-tags remaining, to eligible applicants with the next highest number of bonus points for that genus; and
      - iii. If there are still tags remaining, to the next eligible applicants with the next highest number of bonus points; continuing in the same manner until all of the reserved tags have been issued or until there are no more applicants for that hunt number who have bonus points.
    - d. The Department shall ensure that all unreserved hunt permit-tags are issued by random selection:
      - i. First, to hunt numbers designated by eligible applicants as their first or second choices; and
      - ii. Next, to hunt numbers designated by eligible applicants as their third, fourth, or fifth choices.
    - e. Before each of the three passes listed under (C)(2)(i),(ii), and (iii), each application is processed through the Department's random number generator program. A random number is assigned to each application; an additional random number is assigned to each application for each group bonus point, including the Hunter Education and Loyalty bonus points. Only the lowest random number generated for an application is used in the computer draw process. A new random number is generated for each application for each pass of the computer draw.
- f. If the bag limit is more than one per calendar year, or if there are unissued hunt permit-tags remaining after the random computer draw, the Department shall ensure these hunt permit-tags are available on a first-come, first-served basis as specified in the annual hunt permit-tag application schedule.
- D. A person may purchase hunt permit-tags equal to the bag limit for a genus.
  - 1. A person shall not exceed the established bag limit for that genus.
  - 2. A person shall not apply for any additional hunt-permit-tags if the person has reached the bag limit for that genus during the same calendar year.
  - 3. A person who surrenders a tag in compliance with R12-4-118 is eligible to apply for another hunt permit-tag for the same genus during the same calendar year, provided the person has not reached the bag limit for that genus.
- E. The Department shall make available to nonresidents:
  - 1. For bighorn sheep and buffalo, no more than one hunt permit-tag or 10% of the total hunt permit-tags, whichever is greater, for bighorn sheep or buffalo in any computer draw. The Department shall not make available more than 50% nor more than two bighorn sheep or buffalo hunt permit-tags of the total in any hunt number.
  - 2. For antelope, antlered deer, bull elk, or turkey, no more than 10%, rounded down to the next lowest number, of the total hunt permit-tags in any hunt number. If a hunt number for antelope, antlered deer, bull elk, or turkey has 10 or fewer hunt permit-tags, no more than one hunt permit-tag will be made available unless the hunt number has only one hunt permit-tag, then that tag shall only be available to a resident.
- F. The Commission may, at a public meeting, increase the number of hunt permit-tags issued to nonresidents in a computer draw when necessary to meet management objectives.
- G. The Department shall not issue under subsection (C)(2)(c), more than half of the hunt permit-tags made available to nonresidents under subsection (E).
- H. A nonresident cap established under this Section applies only to hunt permit-tags issued by computer draw under subsections (C)(2)(c) and (d).

- B. A party in a contested case or appealable agency action before the Commission may file a motion for rehearing or review of a Commission decision, specifying the grounds upon which the motion is based. The motion for rehearing or review shall be filed within 30 calendar days after service of the Commission's decision. - D. The Commission has the authority to grant rehearing or review for any of the following causes materially affecting the moving party's rights:

The Commission's order granting a rehearing or review shall specify the grounds for the order, and any rehearing shall cover only those grounds upon which the rehearing or review was granted.
- F. After giving the party notice and an opportunity to be heard, the Commission may grant a motion for a rehearing or review for a reason not stated in the motion.
- G. Within the time-frame for filing the motion for rehearing or review, the Commission may grant a rehearing or review on its own initiative for any reason for which the Commission may have granted relief on motion of a party.
- H. When the Commission grants a rehearing or review, the Commission shall hold the rehearing or review at its next regularly scheduled meeting or within 90 days of issuance of the order granting the rehearing or review. With the consent of the parties, the Commission may proceed to conduct the rehearing or review in the same meeting in which the Commission granted the rehearing or review.

- I. The Commission may take additional testimony, amend findings of fact and conclusions of law, and affirm, modify or reverse the original decision.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 12. NATURAL RESOURCES****CHAPTER 5. STATE LAND DEPARTMENT**

Authority: A.R.S. § 37-102 et seq.

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 02-1).*

*Editor's Note: The proposed summary action repealing R12-5-901 through R12-5-920 was remanded by the Governor's Regulatory Review Council which revoked the interim effectiveness of the summary rules. Sections in effect before the proposed summary action have been restored (Supp. 98-3).*

*Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to Laws 1992, Ch. 297, § 6. Exemption from A.R.S. Title 41, Chapter 6 means that the Land Department did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; the Land Department was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

*Title 12, Chapter 5, Articles 1 thru Article 23, were renumbered to bring the Chapter numbering into compliance with current format. For the old and new Section numbers, please refer to the introductory notes at the beginning of each Article in the table of contents or in the historical notes for the specific Sections.*

**R12-5-412. Expired****Historical Note**

Adopted effective March 6, 1979 (Supp. 79-2). Section R12-5-412 renumbered from Section R12-5-82 (Supp. 93-3). Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5476, effective October 31, 2003 (Supp. 03-4).

*Editor's Note: The following Section was amended by emergency rulemaking effective December 20, 2002 to November 18, 2003. The State Land Department filed a rulemaking package for the permanent Section October 8, 2003, without requesting an immediate effective date. The effective date of the permanent rule would have been December 7, 2003, creating a three-week "window" during which neither the emergency rule nor the amended permanent rule would have been in effect. To avoid this, the Department refiled the permanent rule with the Governor's Regulatory Review Council, this time requesting an immediate effective date. G.R.R.C. approved the refiled rule and filed it with the Secretary of State November 4, 2003, thereby resolving the issue (Supp. 03-4).*

**R12-5-413. Real Estate Broker Commissions**

- A. The Commissioner may offer a commission for the sale or long-term commercial lease of state land at public auction. In determining whether to offer a commission for the sale or long-term commercial lease of state land at public auction, the Commissioner shall consider the following factors:
  1. The appraised value of the parcel being offered,
  2. The location and size of the parcel being offered,
  3. The terms of the sale or lease,
  4. The marketability of the land, and
  5. The best interest of the State Trust.
- B. If a commission is offered for the sale or long-term commercial lease of state land at public auction, the Department shall pay the commission from the fees collected under A.R.S. § 37-108(A)(10)(a).
- C. The Department shall publish the decision of the Commissioner to pay or not pay a commission for the sale or long-term commercial lease of state land and the amount and terms of the commission offered, if any, in the public notice of the auction.
- D. Upon determination by the Commissioner that a commission will be offered on a sale or long-term commercial lease, a person holding an active real estate broker license in this state is eligible to receive the commission, from the Department, by registering with the Department the successful purchaser or lessee at public auction. The broker shall register in writing and include the following:
  1. Name and address of the brokerage;
  2. Name and real estate license number of the broker and any real estate salesperson acting as an agent for the broker at the public auction;

## State Land Department

5. Signature of the broker or salesperson and the potential purchaser or lessee verifying that the broker or salesperson represents the potential purchaser or lessee and that together they have inspected the land to be auctioned for sale or lease.
- E. A broker shall submit registration meeting the requirements of subsection (D) by mail or hand-delivery to the Department's public counter, Phoenix, Arizona 85007. The Department deems registration received on the date postmarked if mailed or time-stamped if hand-delivered. A broker shall not register the following:
  1. A potential purchaser or lessee who is registered with another broker for the same auction, or
  2. A governmental agency.
- F. The Department shall pay the commission to the broker representing the successful purchaser or long-term commercial lessee at the time of delivery of the certificate of purchase or patent, or lease, or after final disposition of any protests or appeals resulting from the auction, whichever occurs later.
- G. The Department shall not pay a commission to a broker if the Commissioner determines that the broker has violated this Section.
- H. For the purpose of this Section, the following definitions apply:
  1. "Long-term commercial lease" means a lease granted on state land for commercial purposes to the highest and best bidder at public auction for a term in excess of 10 years, but not more than 99 years.
  2. "Commercial lease" means an agreement by which an owner of real property (lessor) gives the right of possession to another (lessee) for a specified period of time (term) and for a specified consideration (rent).

- A. If two or more applicants apply for a lease or permit on the same land for the same purpose, the Department shall send a Notice of Conflicting Applications to each applicant requiring each applicant to submit to the Department a statement of equities containing the basis of the applicant's claim to the lease or permit and to serve a copy upon the other applicants within 30 days from the date of the Department's Notice, unless the time is extended by the Department or by stipulation of the applicants. If an applicant fails to submit a statement of equities, the Department may examine evidence or records, or review testimony from a hearing conducted under subsection (E)(2) and make a decision regarding the conflicting applications. The Department shall make its decision regarding an application filed for lease or permit under this Section in the best interest of the Trust.
- B. An applicant shall have the statement of equities verified under oath before an officer authorized under the laws of this state to administer oaths, or sign the statement of equities accompanied by a certification under penalty of perjury that the information contained in the statement of equities is to the best of the applicant's knowledge and belief, true, correct, and complete. ## State Land Department

2. Whether the applicant's proposed land use or land management plan is beneficial to the Trust;
  3. The applicant's access to or control of facilities or resources necessary to accomplish the proposed use;
  4. The applicant's willingness to reimburse the owner of reimbursable non-removable improvements;
  5. The applicant's previous management of land leases, land management plans, or any history of land or resource management activities on private or leased lands;
  6. The applicant's experience associated with the proposed use of land;
  7. Impact of the proposed use on future utility and income potential of the land;
  8. Impact to surrounding state land;
  9. Recommendations of the Department's staff; and

The Department shall include, with the Notice, a copy of the form of lease or permit that may be offered to the successful bidder. A bidder shall submit a written bid to the Department by 5:00 p.m. no later than 30 days from the date of the Notice. A bid shall be made on forms provided by the Department. **R12-5-508. Application Confers No Right to Land**

An application or permit for state land confers no right of occupancy, possession or use of said land until a lease or permit is issued thereunder or permission is granted in writing by the Commissioner. Provided, however, a prior lessee or permittee may occupy and use said land pending action on his application for renewal. In the event that the prior lessee or permittee should not be awarded a renewed lease or permit, the Commissioner may assess and collect from said lessee or permittee the reasonable value of the use of said land pending action upon the application to renew said lease or permit.

**Historical Note**

Original rule, Art. I, Subchapter B, Ch. II (Supp. 76-4). Section R12-5-508 renumbered from Section R12-5-107 (Supp. 93-3).

**R12-5-509. Execution of Leases or Permits; Covenants; Effective Date and Completion of Lease or Permit**

All leases and permits shall be signed by the lessee or permittee as provided by these rules and regulations and by the Commissioner or his Deputy, with the seal of the Department affixed thereto. All leases and permits shall contain such provisions, covenants, conditions and restrictions as may be prescribed by the Commissioner, hereinafter more particularly set forth under each type of lease. The effective date of the lease will be the date of application upon open land, or such other subsequent date as the Commissioner may prescribe. Upon lands previously leased, the date following the expiration date of the lease shall be the effective date; provided, that where the lands under lease have been reclassified, the effective date of the lease shall bear the date of such reclassification, if no appeal from reclassification is taken or if the Commissioner's decision is upheld if so appealed, or such other subsequent date as the Commissioner may prescribe.

Upon approval of the application to lease or permit and an appraisal or fixing of the rental value thereof, a lease or permit in duplicate will be mailed to the lessee or permittee, which lease or permit shall be signed in duplicate by the lessee or the permittee in the manner prescribed by these rules and regulations. Insert sheets which, when required, described the land being leased or for which permit is issued are a part of the lease or permit and shall be signed in the same manner as the lease or permit. A statement of the rental due and the permit or lease issuance fee will accompany the transmittal of the lease or permit. Upon the lease and permit and insert sheets, when required, being signed, they are to be returned to the Commissioner with the rental payment and lease or permit issuance fee in accordance with the statement rendered. When the lease or permit and insert sheets, when required, are received by the Commissioner, the same will be executed by the Commissioner as above provided and entered upon the records of the Commissioner. After execution by the Commissioner, one copy of the lease or permit, including the insert sheets when required, will be returned to the lessee or permittee with a receipt for the payment of rental.

## State Land Department

If the lease, permit and insert sheets, when required, are not executed by the lessee or permittee and returned to the Commissioner, together with the payment of the rental as indicated by the statement therefor forwarded with such instruments, within 60 days from the date of mailing by the Commissioner, the lease or permit will be declared to be null and void and of no force and effect, and the land will become open and available for leasing by other persons. Provided, however, that should the applicant object to the appraised rental value, he may appeal from said appraisal as provided by law and the rules and regulations of the Department to the Board of Appeals of the State Land Department without prejudice to his rights to the offered lease or permit.

**R12-5-524. Sale, Mortgage or Lien on Interest of Holder of Lease or Permit**

The interest of the holder of any lease or permit shall be subject to sale, mortgage or other lien to the same extent as patented land. No contract of sale, mortgage or other lien shall become effective unless and until an executed or conformed copy thereof showing the recording data is filed with the Commissioner. When so filed, no assignment of the lease or permit affected shall be made without the consent of all parties. Upon the foreclosure of a contract of sale, mortgage or other lien filed with the Commissioner, the Commissioner shall assign the instrument in question to the party entitled thereto.

No action shall be taken by the Commissioner affecting the rights of the lienholder, mortgagee or contract purchaser or seller affecting the canceling, modification or declaration of the lien or permit to be forfeited without written notice to all parties in interest.

If a mortgagee, trustee under a deed of trust, lienholder or other person entitled to payment, receives full satisfaction of a mortgage, deed of trust or other obligation evidence of which has been filed with the Commissioner, he shall, at the request of the person making satisfaction or the Commissioner file with the Commissioner a sufficient release or satisfaction of mortgage or deed of release of the mortgage or deed of trust or lien.

Filing of these documents in no way obligates the Commissioner to the terms of them.

The Commissioner may on his own initiative, or at the request of a lessee or permittee, request of any mortgagee, trustee under a deed of trust, lienholder or other person entitled to payment who has filed with the Commissioner evidence of an obligation as set forth above, to notify the Department in writing as to the principal balance remaining due, if any, on such obligation; such request shall be made in writing and shall be mailed by the Commissioner to the last known address of record of such obligee -- the failure of such obligee to respond within 90 days from the date of receipt of such notice shall ipso facto be deemed as a consent by such obligee to any action that may be taken thereafter by the Commissioner with respect to any land covered by such mortgage, deed of trust, contract of sale; or other instrument evidencing an obligation.

**R12-5-533. Trespass on State Land**

- A.** Whoever knowingly and wilfully commits a trespass upon state lands, either by cutting down or destroying any timber or wood standing or growing thereon, or by carrying away any timber or wood therefrom, or by mowing, cutting, or removing any hay or grass thereof or therefrom or the grazing of livestock thereon, unless he shall have pending an application for the leasing of such lands, or by extracting or removing any oils, gases, coal, minerals, earth, rocks, fertilizer or fossils of any kind or description thereon or therefrom, or who, without right, injures or removes any building, fence or improvements thereon, or unlawfully occupies, plows or cultivates any of said lands, or negligently or wilfully exposes growing trees, shrubs, or undergrowth standing thereon to danger or destruction by fire, shall be guilty of a misdemeanor.
- B.** Whoever commits any trespass upon state lands, as above stated, shall also be liable in a civil action, brought in the name of the state in the county in which the trespass was committed, for three times the amount of the damage caused by such trespass, if the trespass was wilful, but for single damages only, if casual or involuntary. In the case of unfenced state land included within a fenced range, it shall be prima facie evidence of wilful trespass to permit the grazing of livestock thereon, unless the defendant shall have pending an application for the leasing of such lands. The damage referred to will be the rate per acre as found for the year for the appraised carrying capacities of the land. The Commissioner may also, without legal process, seize and take any product or property whatsoever unlawfully severed from such land, whether the same has been removed from such land or not, and may dispose of the product or property so seized in the manner prescribed by law for disposing of the products of state lands. The county officers of the several counties shall report to the Commissioner any trespass upon state lands which may come to their knowledge.
- C.** All lessees and permittees and holders of Certificates of Purchase are requested to inform the Commissioner in writing of any trespass committed on state lands, giving full information concerning such acts of trespass and by whom the same has been committed.
- D.** It shall be unlawful to utilize any type of motorized vehicle for travel on state trust lands except:
  1. By the general public using public roads and highways that cross state trust lands;
  2. By lessees and permittees of the Department acting within the limits of their leases and permits, employees of public agencies acting within the scope of their duties, and any persons using military, fire, search and rescue, or law enforcement vehicles for emergency purposes; and
  3. By holders of valid Arizona hunting, fishing, or trapping licenses within the scope of such license:
    - a. On existing roads; or

- b. For cross-country travel without damaging croplands, improvements, or cultural or historic sites to pick up legally killed big game animals.

- E.** For the purpose of this Section, the following definitions apply:
  1. "Cross-country travel" means travel over the countryside other than on existing roads.
  2. "Existing road" means any maintained or unmaintained way, road, highway, trail, or path that has been utilized for motorized vehicular travel and clearly shows or has a history of established vehicle use. A one-time use or a single set of vehicle tracks created by an off-highway vehicle does not constitute a road under this definition.
  3. "Motorized vehicle" means any vehicle deriving motive power from any source other than muscle or wind.
  4. "Public roads and highways" means the entire width between the boundary lines of every public road or highway maintained by the Federal Government, the state, the Department, or a city, town, or county if any part of the road or highway is generally open to the use of the public for purposes of vehicular travel.

**R12-5-534. Closing Land to Recreational Use**

- A.** The Commissioner may close Trust land in a specific area to recreational use for any of the following purposes when the Commissioner determines that it is in the best interest of the Trust and this state to restrict recreational access to reduce liability to the state or protect the public:
  1. Dust abatement: To abate dust caused by the unauthorized use of motorized or non-motorized off-road vehicles on Trust land;
  2. Human-caused hazardous environmental conditions: Conditions posing a risk to the public health or safety resulting from human-caused environmental hazards. Examples include illegal dumping of toxic or hazardous materials, leaking or abandoned underground storage fuel tanks, abandoned or unauthorized landfills, abandoned airfields used for pesticide or herbicide storage, abandoned mine workings, and other sites with similar characteristics;
  3. Naturally-occurring hazardous conditions: To reduce the risk from naturally-occurring conditions posing a risk to public health or safety. Examples include fissures, sink holes, and flood-damaged areas; or
  4. Damaged Trust lands: For protection or remediation of Trust lands that have been damaged by toxic or hazardous materials, mining, fires, off-road vehicles, or other human-caused or natural occurrences.
- B.** The Commissioner shall, by order, close land only to the extent necessary to prevent unauthorized recreational access, and shall specify the period of time deemed necessary for closure.
- C.** The Department shall post the order of Trust land closure to recreation in the Department's Public Records Room at 1616 W. Adams, Phoenix, AZ 85007 and in the Department's District Offices. The Department shall maintain evidence of public notice of Trust land closure in the Department's records.
- D.** For the purpose of this Section, the following definitions apply:

2. "Environmental hazard" means a chemical, physical agent, biological toxin, or other pollutant that is present in the environment and that may cause human illness or injury.

**R12-5-702. Agricultural Leases**

- A. Land subject to agricultural lease; term of lease
  1. All state lands classified as agricultural land are subject to agricultural leasing for such term as may be established by the Commissioner but in no event for a term of more than ten years.
    - a. The term of an agricultural lease of undeveloped agricultural land shall not exceed two years.
- B. Application for lease of lands not classified as agricultural. An application for an agricultural lease of lands not classified as agricultural shall be accompanied by an application for reclassification as provided by the general rules and regulations governing leasing of state lands.
- C. Application for agricultural lease
  1. Application for an agricultural lease shall be made upon the appropriate form as provided by the Department and in accordance with the general rules and regulations governing the leasing of state lands.
    - a. Each application shall be limited to the lands in one section or part thereof.
- D. Rental rates; appraisal
  1. No agricultural lease shall provide for a rental less than the appraised rental value of the leased land, and in no event a rental less than \$1.00 per acre per annum.
2. Minimum rental for each agricultural lease shall be \$10.00 per annum; provided, however, that the minimum rental of \$10.00 per annum shall apply to each section or portion thereof covered by the lease.
- E. Number of leases issued on farm unit
  1. Ordinarily, leases issued by the Department will combine into one lease, all contiguous and adjoining state agricultural lands within the lessee's farm unit.
    - a. It is recognized that such consolidation may work hardship on the lessee because of the resultant common due date of rentals.
      - i. A lessee thus affected and desirous of dividing his lease may make application to the Department to do so. Such application shall be in writing, setting forth the reasons therefor in such detail as to enable the Department to act with full knowledge of the circumstances.
      - ii. If such application is approved by the Department, division of the lease will be made in as reasonable a manner as possible, compatible with the best interests of the state.
- F. Agricultural lease form; provisions. Agricultural leases shall be made on the appropriate form provided by the Department, and shall contain such provisions and supplemental conditions as may be prescribed by the Commissioner in accordance with the provisions of the law and Department rules and regulations.
- G. Sequence of development and improvement of lands under agricultural development lease
  1. The first allowable acts of development on the leased premises under an agricultural development lease shall include only those necessary and incident to the acquisition of a water supply adequate for the development of the leased acreage.
  2. The placing of any improvement not necessary to the accomplishment of subsection (A) above shall not be approved until after the acquisition of such water supply has been accomplished or assured and in all cases only after proper application made and approval had in accordance with the provisions of the Department's rules and regulations in regard to permits to place improvements.
  3. When rules and regulations promulgated by state or federal regulatory agencies would affect state lands or crops grown thereon, and when, in his opinion, the best interests of the state would be so served, the State Land Commissioner may require the lessee to conform with these regulatory practices to prevent the deterioration of the soil or crops grown thereon. If the lessee fails to comply with the requirements of the Commissioner, the Commissioner may have the required remedial work accomplished and bill the lessee the amount due the Department. Failure by the lessee to pay for such remedial work will, after the proper notice, subject the lease to forfeiture for nonpayment and noncompliance.
- H. Application for renewal; right of renewal; developmental lease
  1. Application for renewal of an agricultural lease shall be made on the appropriate form provided by the Department and in accordance with the general rules and regulations governing leasing of state lands.
    - a. A separate application form shall be submitted for each section of land or portion thereof within the lease.
    - b. The filing fee for each application shall be the same as for an initial application.
  2. A preferred right of renewal of an agricultural development lease shall not extend to a lessee who has not

acquired a water supply deemed by the Commissioner to be adequate.

3. Proper diligence on the part of the lessee toward complete agricultural subjugation and development of the land under lease shall be the measure for the Commissioner's determination as to whether renewal of an agricultural development lease is in the best interests of the State.

**I. Application to assign lease**

1. Application to assign and application for assumption of lease shall be made on the appropriate form provided by the Department and in accordance with the general rules and regulations governing leasing of state lands.
  - a. Upon approval of the application, the assignment will be noted on the lease and made of record in the Department.

**Historical Note**

Original rule, Art. III, Subchapter B, Ch. II (Supp. 76-4). Amended by emergency action effective June 20, 1990, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 90-2). Emergency expired. Section R12-5-702 renumbered from Section R12-5-151 (Supp. 93-3).

**R12-5-703. Commercial Leases**

- A.** Scope of commercial leasing rules. An applicant for a commercial lease shall be subject to the general leasing rules enumerated, *supra*. Such applicant shall also be subject to the commercial leasing rules set out, *infra*. In a commercial leasing situation where the general leasing rules and the commercial leasing rules conflict, the latter rules shall be controlling.
- B.** Lands subject to commercial lease. All state lands classified as suitable for commercial purposes are subject to a commercial lease. Unless it is deemed to be for the best interests of the state, it is not the policy of the State Land Department to allow and issue commercial leases which will seriously interfere with, damage, or break up operations of an established ranch or farm unit. There is no limit to the amount of commercial land that may be leased to any one individual, corporation, partnership or association.
- C.** Term of commercial lease. State lands suitable for commercial purposes may be leased for a period of not more than ten years without advertising, or subject to such lesser term as may be established by the Commissioner if he deems such lesser term to be in the best interests of the state.
- D.** Applications to lease state lands not classified as commercial. Applications to lease lands not classified as commercial shall be accompanied by a petition for reclassification as provided by the general leasing rules.
- E.** Application for commercial lease; application for commercial lease renewal. All applications for commercial leases and all applications for renewal of commercial leases shall be made on such form or forms as may from time to time be prescribed by the Commissioner and provided by the Commissioner. A commercial lease before the time of execution or renewal will be subject to the provisions and supplemental conditions and restrictions as may be added thereto and the provisions of law and these rules.
- F.** Additional conditions for commercial leases.
  1. Unless otherwise directed by the Commissioner in writing, the lessee shall:
    - a. Notify the Commissioner in writing as to the number of any license issued by the state Tax Commission of Arizona to the lessee, any sublessee, any concessionaire or any assignee; such notice shall also include the exact name in which license is issued.
    - b. Keep and maintain an accounting system satisfactory to the Commissioner.

- c. Allow access to accounting records during business hours where the same are kept for the purpose of inspecting and auditing the same.
- d. File with the Commissioner, if requested by the Commissioner, a statement of the total gross sales made for the period specified. Unless otherwise directed by the Commissioner, this report may be made by filing with the Commissioner the requested information on the form used by the state Tax Commission.
- e. Acquire consent in writing from the Commissioner for any improvements made on the site.
- f. Acquire consent in writing for moving buildings from other premises onto the leased premises. All buildings and structures shall be of acceptable construction.
- g. Keep any gas, electric, power, telephone, water, sewer, cable television and other utility or service lines under ground unless prohibited by law.
- h. File with the Commissioner, prior to the approval of any application to place improvements, plans and specifications showing the nature, location, cost, quality of proposed material, size, area, height, color, shape and design of the proposed improvements. The Commissioner may also require a perimeter survey of the leased premises upon which shall be shown the location of the completed improvements. The lessee shall also submit grading plans.

2. The above conditions shall apply to any assignee, sublessee or concessionaire of the original lessee.

- G.** Maps required as part of application for commercial lease. The applicant shall furnish such information map of the lands to be leased as the Commissioner may require and deem necessary to evaluate the application and assist in making an appraisal; and, in addition, the Commissioner may require an aerial photograph or photographs of such lands as he may specify in a request therefor.
- H.** Minimum rental rates for commercial leases. No commercial lease shall provide for an annual rental of less than the appraised rental value of the land and in no event shall the rent be less than 5¢ per acre per annum or less than \$10.00 per annum per lease.
- I.** Division of leases. The State Land Commissioner may at any time divide a commercial lease into two or more separate leases when such division would, in the opinion of the Commissioner, facilitate administration and management of the subject lands or would result in separating one commercial use from another. The rent for the lease year in which such division is made shall be allocated to the separate leases.
- J.** Sublease of commercial lease by lessee. No commercial lessee shall sublet his lease without the written permission of the Commissioner. Approval of a sublease may be granted at the discretion of the Commissioner and shall be obtained by the lessee submitting for approval of the Commissioner the sublease executed in triplicate. Upon the approval by the Commissioner, two copies of the sublease, with the Commissioner's approval and any limitation to such approval endorsed by the Commissioner thereon will be returned to the lessee, one copy thereof being retained in the files of the Department.
- K.** Application to assign lease. Application to assign and application for assumption of lease and transfer shall be made upon such forms as may from time to time be prescribed by the Commissioner; upon the approval of the application, the action taken by the Commissioner will be noted upon the lease and made of record in the Department.

## State Land Department

- L.** Use of state lands; failure to use. No lessee or permittee shall use lands under permit or lease except for the uses and purposes specifically set forth in the lease or other such uses or purposes as may be subsequently authorized by the Commissioner in writing.
- M.** Rights of commercial lessee or permittee. All leases or permits granted by the Commissioner are only a license or permit to use the land described in the lease or permit for commercial purposes in a manner compatible with the terms of said lease or permit. The state of Arizona reserves the right to grant other leases or permits for the use of said lands or the removal of natural products therefrom.
- No lessee or permittee has the authority or right to issue any person any right to the use of said land or the removal of any products therefrom, but such right to use vests solely in the Commissioner and must be granted by the Commissioner in writing.

Readopted without change as an emergency effective June 16, 1989, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 89-2). Emergency expired. Section R12-5-703 renumbered from Section R12-5-152 (Supp. 93-3).

**R12-5-704. Expired****Historical Note**

No original number assigned (Supp. 76-4). Section R12-5-704 renumbered from Section R12-5-153 (Supp. 93-3).

Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 4240, effective September 6, 2002 (Supp. 02-3).

**R12-5-705. Grazing Leases**

- A.** Definitions. Unless the context otherwise requires, the words hereinafter defined shall have the following meaning when found in these rules, to wit:
1. "Grazing lands" means lands which can be used only for the ranging of animals.
  2. "Carrying capacity" or "average annual carrying capacity" means the average number of animal units which can be supported by a section of grazing land with due consideration for sustained production of the forage consistent with conservative range management.
  3. "A section of land" for appraisal of carrying capacity purposes means an area of land consisting of 640 acres.
  4. "Animal unit" means one weaned beef animal over six months of age, or one horse, five goats, or five sheep, or the equivalent thereof.
  5. "Average market price of cattle" means the average price by the hundredweight received during the calendar year under consideration by producers of cattle, exclusive of calves, in the states of Arizona, New Mexico, California, Utah, Nevada, Colorado, Wyoming, Montana, Idaho, Washington and Oregon, as determined by the Bureau of Agricultural Economics, United States Department of Agriculture, and, if that service is not available, from such sources as the Commissioner determines best to establish said price.
- B.** Qualifications to leasing grazing lands. Any person of the age of 21 years or over, a citizen of the United States, or who has declared an intention to become a citizen of the United States, or any firm, association or corporation which has complied

with the laws of the state, shall be qualified to lease state land for grazing purposes.

- C.** Applications for grazing lease and renewals. Application for a grazing lease shall be made upon Land Division form and an application for renewal thereof shall be made upon Land Division form in accordance with the general rules and regulations relating to the leasing of state lands. Only one section or subdivision thereof may be applied for on one application for an initial lease. Application for renewal of an existing lease may include an entire ranch unit or any part thereof; provided, however, the filing fees must be paid in the same manner as in the original application.

An applicant for an initial lease shall fill out the form in complete detail. An applicant for a renewal of an existing lease, if he has an up-to-date and current statement of his holdings within the ranch unit used in connection with the lands sought to be leased, will not be required to fill out in detail answers to questions concerning his holdings appearing on the applicant form.

- D.** Land subject to grazing lease and term of lease. All state lands classified as grazing lands, not under lease, are subject to grazing lease for a period of not more than ten years without advertising, or for such lesser term as may be established by the Commissioner if he deems such lesser term to be to the best interests of the state. It is the policy of the Department not to offer open land for lease within an established ranch unit without first offering said lands to the owner or the person having control of the lands in such ranch unit. There is no limit to the amount of grazing land that may be leased to any one individual, corporation, partnership or association.
- E.** Application to lease lands not classified as grazing. Applications to lease lands not classified as grazing shall be accompanied by a petition for reclassification as provided by the general rules and regulations relating to the leasing of state lands.
- F.** Rental rates of grazing land; appraisal. No grazing lease shall provide for a rental of less than the appraised rate of the land, and in no event less than 2¢ per acre per annum, or a minimum of \$2.50 per annum per lease, said minimum of \$2.50 per annum per lease applying to one section or portion thereof. The Commissioner shall appraise all grazing land on the basis of its annual carrying capacity. The annual rental rate for grazing land shall be the amount found by multiplying the carrying capacity of the lands by the annual rental rate per animal unit. The annual rental rate per animal unit shall be 22% of the average market price of beef for the preceding year. The annual carrying capacity is determined by a field appraisal by the Department, and the basis for said appraisal is the average carrying capacity of the land over a ten-year period. Notice of the appraised rental of the land will be contained in the annual billing statement which will be sent to the lessee by registered mail unless he has previously signified his acceptance of said carrying capacity together with the Commissioner's final decision regarding the appraised rental. Prevailing annual rental schedules will be published annually and furnished each lessee at the time of mailing the notice of appraised rental. An appeal from any final decision of the Commissioner relating to the appraisal of lands may be taken to the Board of Appeals as provided in the general rules and regulations relating to state lands.
- G.** Number of leases issued on ranch unit. Leases issued by the Department will include all state grazing lands within the ranch unit in one lease unless a hardship results therefrom to the lessee, in which case the lessee may at his election divide the state lands in his ranch unit in not more than four separate leases in such a manner that lease rentals will not become due

## State Land Department

and payable at the same time but will be payable on an approximate quarterly or semi-annual basis. To divide a ranch unit it is necessary for the lessee to apply in writing or in person to the Department, supplying sufficient information in order that a division of the state lands in his ranch unit can be separated topographically or by an exact line. In such cases, instead of one lease covering all the state lands in a ranch unit being issued, additional leases may be issued with different dates of payment of rentals.

- H. Form of grazing lease and provisions thereof. The form of grazing lease offered by the Department to an applicant will be on Land Division form No. A-11 and will be subject to the provisions and supplemental conditions therein contained and such other conditions as may be added thereto and the provisions of law and these rules and regulations.
- I. Rights of grazing lessee. All grazing leases granted by the Commissioner are only a license to graze livestock and to use the land described in the lease in a manner compatible with the terms of the lease. The state of Arizona reserves the right to grant other forms of leases or permits for the use of said lands or the removal of natural products therefrom. No grazing lessee has the authority or right to issue to any person any rights to the use of said lands or the removal of any products therefrom, but such right of use vests solely in the Commissioner and must be granted by the Commissioner in writing.
- J. Sublease or pasturage agreement. No grazing lessee shall sublet his lease, sell or lease pasturage of lands embraced in his lease without the written permission of the Commissioner. Approval of a sublease or pasturage agreement may be granted at the discretion of the Commissioner and shall be obtained by the lessee submitting for approval of the Commissioner the sublease or pasturage agreement executed in triplicate. Upon the approval by the Commissioner, two copies of the sublease or pasturage agreement, with the Commissioner's approval and any limitations to such approval endorsed by the Commissioner thereon, will be returned to the lessee, one copy thereof being retained in the files of the Department.
- K. Carrying capacity and application to exceed the same. No grazing lessee, sublessee or users under a pasturage agreement shall graze, without permission of the Commissioner, in excess of 110% of the carrying capacity as previously determined by the Commissioner upon state lands under lease within the exterior boundaries of any one ranch unit or units in the same general locality jointly operated. Approval to exceed the carrying capacity may be obtained by submitting a written request therefor. The request should contain the number of head of animals the lessee, sublessee or user desires to place upon the leased lands in excess of 110% of the carrying capacity, together with a statement as to how long the additional animals will remain upon the leased lands. If the Commissioner approves said request, the lessee, sublessee or user will be notified of such approval of increase in the carrying capacity and the period granted therefor. In the event of the approval of any such excess the Commissioner shall assess and collect the rental for such excess as provided by law and these rules and regulations.
- L. Cultivation and growing of crops on grazing land. State land under grazing lease is limited to the ranging of animals only and may be cultivated and crops grown thereon only with the approval of the Commissioner. Upon approval of the Commissioner the land may be cultivated and crops grown thereon provided such crops are forage crops in nature that are pastured by animals or, if severed from the land, are fed to animals upon the ranch unit. Under no circumstances may the lessee grow crops commercially under the provisions of a grazing lease. In the event any crops are grown with the

approval of the Commissioner which will be pastured or removed from the land for use at other times of the year upon the ranch unit, the carrying capacity will be adjusted in accordance with the forage crops grown.

- M. Cutting of timber, standing trees or posts. The lessee shall not cut or waste, nor allow to be cut or wasted, any timber or standing trees growing on the leased land without the written consent of the Commissioner, except for fuel for domestic uses or for the necessary improvements upon the land; provided, however, that nothing herein contained shall be construed to permit the cutting of saw timber for any purpose except with the written consent of the Commissioner.

Posts cut primarily from cedar, mesquite and juniper trees may be used for the erection and use of improvements by the lessee upon state lands without cost, provided the written consent of the Commissioner is first obtained. Such posts may not be used on other than state lands without payment therefor. The lessee is required to file an affidavit with the Department indicating the number of posts cut, the number used for improvement of state land and the number used on other than state lands or stockpiled for future use. At the time approval to cut posts is granted by the Commissioner, the price will be determined by him, which will be comparable to the price of posts from the United States Forest Service, and the price will be payable at the time the affidavit indicating the number of posts cut is filed with the Department. The Commissioner, or his representative, upon the granting of approval to cut posts, will from time to time visit the lessee to determine the number of posts cut. The Commissioner recognizes that the removal of cedars, mesquite and juniper trees from grazing lands is a conservation measure that will maintain or increase the range carrying capacity and that the removal of these trees in most cases would benefit state lands.

In the event the lessee does not desire to purchase the trees as above provided, the Commissioner, if he deems it for the best interest of the state, may sell the same under such terms and conditions that he may require.

A purchaser other than a lessee shall not injure the lessee's surface rights and improvements or interfere with the lessee's use of the land under lease to him and may be required to file a surety bond with the Commissioner in such amount and under such conditions as to indemnify the lessee for any damage which may result due to his removal of the trees.

- N. Application to assign lease. Applications to assign and application for assumption of lease and transfer shall be made upon Land Division form No. A-13-1 and in accordance with the general rules and regulations relating to the leasing of state lands. Upon approval of the application, the assignment of the lease will be made by the Commissioner upon the lease where indicated and made of record in the Department.

**Historical Note**

Original rule, Art. VIII, Subchapter B, Ch. II (Supp. 76-4). Section R12-5-801 renumbered from Section R12-5-165 (Supp. 93-3).

**R12-5-802. Reservoir, Dam, and Other Sites****A. Definitions**

1. "Site lease" shall mean a lease issued upon state lands by the Department for reservoir or dam sites primarily used for purposes other than stock watering on lands leased for grazing purposes, and power or irrigation plant sites requiring more width than general rights-of-way leases for transmission lines or canals, or for such other purposes not classified as commercial.
2. "Surface lessee" means the holder of a lease on the surface of any state land for grazing, agricultural, commercial, homesite or natural products.
3. "Subsurface lessee" means the holder of a lease on the subsurface of any state land for oil and gas, mineral or natural products.

- B.** Land subject to site lease and term of lease. All state lands are subject to site lease for a term of not more than ten years without advertising, or for such lesser term as may be established by the Commissioner if he deems such lesser term to be to the best interests of the state. Site leases in excess of ten years are required by law to be advertised and sold at public auction to the highest bidder.

No lease for a site will be granted where damage or injury to improvements owned by a surface or subsurface leaseholder would result from the granting of the site by the Department without giving rise to a cause of action by the owner of said improvements, unless compensation for the value or damage or injury to said improvements has first been determined and a settlement made.

- C.** Application for site lease. An application for a site lease shall be made upon Land Division form No. A-82, and in accordance with the general rules and regulations relating to the leasing of state lands.

The application shall be accompanied by a map showing in detail the survey of the site applied for, or, if not surveyed, a map of reasonable accuracy so that the site may be located upon the land itself by either a survey or protraction. The Commissioner reserves the right to require a survey to be made by a regularly licensed registered engineer or land surveyor at any time. The map need be of no particular scale but should be of sufficiently large enough scale that improvements upon the surface of the land applied for may be shown. The map is considered a part of the application to lease as a line of definite location which will bind the applicant in the same manner as the lease application itself to the statements made therein.

An application for a site lease over or across state lands, the surface or subsurface of which is leased and in use, should be accompanied by a statement from such surface or subsurface lessee that he has no objection to the granting of the site lease, or, if such consent cannot be obtained, a statement from the applicant stating the reasons why such consent has not been obtained.

## State Land Department

- D.** Renewal application for site lease. Application for renewal of a site lease shall be made upon Land Division form No. A-13-3 and in accordance with the general rules and regulations relating to state lands.

If the applicant has not used the land for the purpose for which the initial lease was granted to him, he must state in detail reasons therefor unless he has obtained from the Commissioner authorization in writing for such non-use as required by law and the rules and regulations of the Department.

- E.** Rights of surface and subsurface lessees. Under the law the Commissioner has the right to grant sites without the consent of the surface or subsurface lessee. However, in many instances the surface or subsurface lessee owns improvements upon the lands desired for a site lease and these improvements are protected by law. In the event the site applicant and the surface or subsurface lessee are unable to arrive at the value of any improvements which may be injured or damaged by the grant of a site lease and the consent of the surface or subsurface lessee cannot be secured, the Commissioner may, if it is to the best interest of the state, appraise the improvements as provided by law and grant the lease upon evidence of tender to the owner of improvements of the appraised value of the same. The owner of the improvements may appeal from the appraisal of the improvements to the Appeal Board of the Department as authorized by law and these rules and regulations.
- F.** Rental. No site lease shall provide for an annual rental of less than the appraised rental value of the land and in no event for less than 5¢ per acre per annum or a minimum of \$10.00 per annum per lease.
- G.** Form of site lease and provisions thereof. The form of site lease offered by the Department to an applicant will be on Land Division form No. A-83 and will be subject to the provisions and supplemental conditions therein contained, and such other conditions as may be added thereto, and the provisions of law and these rules and regulations.
- H.** Effect of a site lease. No lessee shall use lands under lease to him except for site purposes unless authorized by the Commissioner in writing.
- Applications for a special use of lands under lease to a lessee for purposes other than which the lease was issued shall be made in writing in triplicate and shall state in detail the reasons for such use. The application shall be signed and verified as provided for in applications to lease. Upon approval of the application by the Commissioner, two copies of the application with the Commissioner's approval and any limitations to such approval endorsed by the Commissioner thereon will be returned by the Commissioner to the lessee, one copy thereof being retained in the files of the Department.
- Failure of any lessee to use the land for the purposes for which he holds a lease, without having been authorized so to do by the Commissioner in writing, may, in the discretion of the Commissioner, subject said lease to forfeiture or to cancellation as provided by law and these rules and regulations.
- I.** Rights of site lessee. All leases granted by the Commissioner are only a license to use the land described in the lease for site purposes in a manner compatible with the terms of said lease. The state reserves the right to grant other leases for the use of said lands or the renewal of natural products therefrom. No site lessee has the authority or right to issue to any person any right to the use of said land or the removal of any products therefrom, but such right of use vests solely in the Commissioner and must be granted by the Commissioner in writing.

**ARTICLE 11. SPECIAL USE PERMITS****R12-5-1101. Policy; Use of Lands**

It is the policy of the Commissioner in the administration of state lands to permit, where practical, the beneficial use thereof for special purposes not specifically provided for by existing law or the rules and regulations of the Land Division and the leasing of state lands. Permits for such special use will not be issued, however, in any case where the provisions of existing state land laws may be invoked.

The contemplated use must not be in conflict with any federal or state laws.

An applicant must state in his application the use to which he intends to put the lands and he will not be permitted to devote them to any other use unless he secures an additional permit.

1. Qualifications of applicants. Any person of the age of 21 years or over, a citizen of the United States or who has declared an intention to become a citizen of the United States or any firm, association or corporation which has complied with the laws of the state, shall be qualified to apply for a special use permit.
2. Application for special use permit; renewal thereof; application fee. An application for general special use permit shall be made on Land Division form. Such application shall describe with particularity the land applied for, and shall state in detail the use to which the applicant intends to put the lands and the period for such use.  
A renewal of a general special use permit shall be made on Land Division form.  
If an applicant for renewal of a special use permit has not used the land for the purpose for which the initial permit was granted him, he must state in detail reasons therefor unless he has obtained from the Commissioner authorization in writing for such non-use as required by law and these rules and regulations.
3. Form of special use permit. The form of a general special use permit will be prepared by the Department and will be subject to the provisions and supplemental conditions therein contained and the provisions of law and these rules and regulations.
4. Term of permit. A special use permit shall not be issued for a period to exceed ten years or such lesser term as may be established by the Commissioner if he deems such lesser term to be in the best interest of the state.  
An application for an initial special use permit shall not be approved for a period of longer than two years.  
Unless it is deemed to be for the best interest of the state, it is not the policy of the Department to allow and issue a special use permit which will seriously interfere with the

operations of an established lessee or permittee holding a lease or permit from the Department to the surface or sub-surface rights to the land.

5. Minimum fee. No special use permit shall provide for an annual fee for less than appraised rental value of the land and in no event for less than 5¢ per acre per annum or a minimum of \$10.00 per annum per permit.
6. Failure to use land for purposes authorized. Any permittee who shall fail to use the land for the purpose for which he holds a permit during the term of his permit, unless for good cause such failure has been authorized or ratified by the Commissioner in writing, may subject his permit to forfeiture or cancellation as provided by law and these rules and regulations.
7. Rights of permittee. All permits granted by the Commissioner are only a license or permit for the use of the land described in the permit for the purpose for which the permit is issued and in a manner compatible with the terms of said permit. The Commissioner reserves the right to grant other permits for the use of said lands for the removal of natural products therefrom. No permittee has the authority or right to issue to any person any right to the use of said land or the removal of any products therefrom, but such right of use vests solely in the Commissioner and must be granted by the Commissioner in writing.
8. Use of state lands. No permittee shall use lands under permit to him except for the purpose for which the permit is issued, unless authorized by the Commissioner in writing.  
Applications for a special use of lands under permit to a permittee for purposes other than which the permit was issued shall be made in writing in triplicate, and shall state in detail the reasons for such use. The application shall be signed and verified as provided for in applications for permit. Upon approval of the application by the Commissioner, two copies of the application with the Commissioner's approval and any limitations to such approval endorsed by the Commissioner thereon will be returned by the Commissioner to the permittee, one copy thereof being retained in the files of the Department. Failure of any permittee to use the land for the purposes for which he holds a permit, without having been authorized to do so by the Commissioner in writing, may, in the discretion of the Commissioner, subject said permit to forfeiture or to the cancellation as provided by law and these rules and regulations.
9. Advertising displays on state lands without permits unauthorized. The erection or maintenance on state lands of advertising displays, without permission, is unauthorized by law. Any person erecting or maintaining one or more advertising displays on state lands, except under authority of a permit issued by the Commissioner as hereinafter provided, shall be deemed a trespasser.
10. Advertising displays defined. The words "advertising displays" as used in this Article shall include structures of any kind with or without lighting effects erected or maintained for outdoor advertising purposes, upon which any poster, bill, printing, painting, or other advertisement of any kind whatsoever, including statuary, may be placed for advertising purposes but shall not include:
  - a. Official notices or advertisements posted by or under the direction of any public or court officer in the performance of his official duties;
  - b. Danger, precautionary and information signs erected by officials of the Federal Government or officials

- of the state or any subdivision thereof, or any non-profit organization in the state, relating to the premises, or warning of the conditions of travel on a highway, or of forest fires, or road symbols, or speed limits, and including all civil defense directional signs;
- c. Highway markers or signs relating to any city, town, village or historic place or shrine;
  - d. Notice of any railroad, bridge, ferry, or other transportation or transmission company necessary for the direction or safety of the public;
  - e. Official signs, notices or symbols for the information of aviators, as to location, direction or landings, and conditions affecting safety in aviation;
  - f. Signs containing 16 square feet or less bearing an announcement of any town, village or city, or non-profit association, or chamber of commerce, advertising itself, or local industries, buildings, meetings, or attractions, but not advertising any particular individual or corporation engaged in business for a profit; providing not more than one sign bearing the same or similar announcement shall be placed on any one approach to the city or village involved;
  - g. Signs erected by Red Cross authorities relating to Red Cross Emergency Station.
11. Applications for advertising display permits. Applications for permits must be executed upon Land Division form No. A-73-3. Each application must contain a sufficient recital of the facts relative to the advertising display, including its size and lighting effect, if any, to enable its substantial production from the description. A sketch showing the location on which the display is to be placed with respect to adjacent physical features should be furnished. The application should identify the highway or other medium of travel along which it is proposed to erect the display and should give the distance and direction of the site, measured by highway travel, to the nearest cities or towns. If the land on which it is desired to place the display has been surveyed, its description should be given in terms of the public land surveys.
  12. Fees and rentals for advertising display permits
    - a. A fee of \$1.00 must accompany each application for an advertising display permit.
    - b. The initial and annual charges for advertising displays shall be as follows: not less than 10¢ per annum for each square foot of sign surface and not less than \$2.50 per annum for each display. The amount of the charge, subject to such minima, will be fixed by the Commissioner, which in no event will be less than the appraised rental value for such use.
    - c. Due consideration will be given in fixing the amounts to all pertinent facts and circumstances, including the charges made for corresponding privileges on privately owned lands similarly situated.
    - d. When conflicting applications are filed, due consideration will be given to the showing of each applicant and such action will be taken as is deemed to be warranted by the facts and circumstances.
  13. Form of advertising display permit and terms. Special use permits to erect and maintain advertising displays on state lands may be issued by or under authority of the Commissioner on forms provided by the Department, or, in his discretion, will be issued on Land Division form and will be subject to the provisions and supplemental conditions therein contained and to such other conditions as may be added thereto, and the provisions of law and these rules and regulations. The term thereof shall be for periods of not exceeding ten years and the permits will be revocable in the discretion of the Commissioner at any time.
  14. Renewal of advertising display permits. An advertising display permit issued pursuant to these rules and regulations may be renewed, in the discretion of the Commissioner, upon the filing of an application for renewal not more than 60 nor less than 30 days prior to its expiration.
  15. Identification of authorized advertising displays. Each advertising display erected or maintained under a permit issued pursuant to these rules and regulations shall, for convenient identification, have the serial number of such permit marked or painted thereon.
  16. Unauthorized advertising displays
    - a. Persons who heretofore have erected advertising displays on state lands must either obtain permits to continue such displays, if authorized by these rules and regulations, or must remove the displays as promptly as possible.
    - b. Where an unauthorized advertising display on state land is found, the Commissioner will take appropriate steps to secure its removal, unless the owner obtains a permit. The owner, if known, will be given notice in writing of the requirements. Displays erected without permission prior to January 1, 1953, must be removed within three months from and after the date of the approval of these rules and regulations, unless application for a permit is made within that period. Displays erected prior to January 1, 1953, for which applications for permits are made but for which permits are refused, and unauthorized displays thereafter erected must be removed within such reasonable time as may be fixed by the Commissioner. If the owner fails to remove the display within the time allowed, it may be removed by the Commissioner and the owner will be held liable to the Department for expenses incurred in removing it. If the owner is unknown, or cannot be found, the display may be removed by the Commissioner without notice. A registered letter addressed to the owner at his last known place of residence, if returned unclaimed, will be considered sufficient service of notice.
  17. Restrictions on advertising displays
    - a. No advertising display shall be permitted which, in the opinion of the Commissioner, would mar the landscape, hide road intersections or crossing, or which, in his opinion, is otherwise objectionable.
    - b. No advertising display shall be affixed to, or painted on any tree or rock situate on state lands or on any other natural object on such lands.
    - c. All advertising displays shall conform to the applicable state laws and local ordinances or regulations.

- B. Lessee's right of possession and enjoyment. Every mineral lease shall confer the right:
  1. To extract and ship minerals from the claim located within planes drawn vertically downward through the exterior boundary lines thereof, provided:
    - a. That in case of each lease of a claim located pursuant to the provisions of subsection (C) of these rules and regulations (Type A claim), the lease shall confer extralateral rights, in the discovery vein only, as follows:

depth, the top or apex of which lies inside the surface lines of the claim extended downward vertically, although such veins, lodes or ledges may so far depart from a perpendicular in their course downward as to extend outside the vertical side lines of such surface locations. But the right of possession to such outside parts of such veins or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward as above described, through the end lines of the location, so continued in their own direction that such planes will intersect such exterior parts of such veins or ledges. Nothing in this subsection shall authorize the locator or possessor of a vein or lode which extends in its downward course beyond the vertical lines of his claim to enter upon the surface of a claim owned or possessed by another.

2. To use as much of the surface as required for purposes incident to mining.
3. Of ingress to and egress from other state lands, whether or not leased for purposes other than mining.
  - a. Proposed routes of ingress and egress over state lands, preferably reflecting agreement on the part of the lessees concerned, shall be subject to final approval by the Commissioner. Construction of roadways shall not be initiated by the mineral claimant or lessee until such approval is had.

**C. Provisions of mineral lease**

1. Every mineral lease of state lands shall provide for:
  - a. The annual performance of not less than \$100.00 worth of labor or of improvements made upon each claim or group of contiguous claims in common ownership. The annual expenditure shall become due and shall be performed during the year commencing at the expiration of one year from the date of location at 12:00 o'clock meridian and during each year thereafter.
  - i. The term "labor" shall include, without being limited to, geological, geochemical and geophysical surveys conducted by qualified experts and verified by a detailed report filed with the Commissioner which sets forth fully
    - (1) the location of the work performed in relation to the point of discovery and boundaries of the claim,
    - (2) the nature, extent and cost thereof,
    - (3) the basic findings therefrom, and
    - (4) the name, address, and professional background of the persons conducting the work.

Such surveys, however, may not be applied as labor for more than two consecutive years or for a total of more than five years on any one mining claim, and each such survey shall be non-repetitive of any previous survey of the same claim.
  - ii. Improvements mentioned in (A)(1) above shall be limited to those necessary and incident to mining or which develop, or tend to develop, mineral.
  - iii. Proof of annual labor on each claim shall be filed with the Commissioner, in such form as the Commissioner may prescribe, within 90 days after expiration of the period provided for its performance.

- b. The fencing of all shafts, prospect holes, adits, tunnels and other dangerous mine workings for the protection of livestock.
- c. The construction of necessary improvements and installation of necessary machinery and equipment with the right to remove it upon expiration, termination or abandonment of the lease, if all the monies owing to the state under the terms of the lease have been paid.
- d. The cutting and use of timber and stone upon the claim, not otherwise appropriated, for fuel, construction of necessary improvements, or for drains, roadways, tramways, supports, or other necessary purposes.
- e. The right of the lessee and his assigns to transfer the lease.
- f. Termination of the lease by the Commissioner upon written notice specifically setting forth the default for which forfeiture is declared, and preserving the right of the lessee to cure the default within a period of not less than 30 days.
 

Notices of termination shall be mailed to the address of record of the lessee. Such notice shall set forth the default and inform the lessee of the time and place he may appear before the Commissioner to show cause why the lease should be restored to good standing.

**R12-5-2006. Notice and Conduct of Competitive Sales**

- A.** Nature
  - 1. All sales of common mineral materials and natural products, except to governmental agencies, shall be by public auction.
  - 2. Common mineral materials or natural products may be sold to governmental agencies without public auction on terms specified by the Commissioner, provided that the materials or products are sold at their true appraised value and that they are to be used for governmental purposes.
- B.** Sales notice. Public notice of sale at public auction for common mineral materials or natural products shall be published once each week for not less than ten successive weeks in a newspaper of general circulation published regularly at the state Capitol and in a newspaper of general circulation published regularly nearest the location of the interest to be sold and with the same formality as required for the sale of land.
- C.** Conduct of sales. A representative of the Department shall conduct the public auction in a manner as consistent as possi-

## State Land Department

ble as that provided for sales of land. Specifically, bidding shall be conducted in the following manner:

1. Bidding shall be by voice bid but no bid will be considered or recorded which is not higher than the highest preceding bid, except the initial bid may be for the unit royalty rate established in the notice of sale.
2. No bid shall be accepted for less than the unit royalty rate established in the notice of sale and the Department reserves the right to reject any or all bids, if determined by it to be in the best interests of the state.
3. Before a final bid at public auction is accepted, bidder must present to the auctioneer the amount of money that represents the minimum required in the notice of sale. The successful bidder shall have an additional 30 days from the date of sale in which to pay such additional sums, post such bonds and complete whatever other requirements may be required. Failing to do so will result in the abandonment of such sums already paid to the Department as liquidated damages and the freeing of the Department to reconsider such other bidders as the proper recipient of the sales agreement.

**D. Execution of agreement**

1. Upon approval by the Department of the successful bid for a common mineral materials or other natural products sale, the Department, by mail, will tender the sales agreement to the Buyer for its signature and simultaneously will notify it of the bond coverage required by the Department as a condition of issuing the sales agreement and will further state the execution fee required by law.
  - a. When the executed sales agreement is filed with the Department by the Buyer and the Buyer has posted the bond or bonds required as a condition of issuance of the agreement, and the agreement has been signed by the Commissioner, the agreement will be in full force and effect.
  - b. The date of commencement of the agreement will be the date of sale.

**Historical Note**

Adopted effective September 16, 1977 (Supp. 77-5). Section R12-5-2006 renumbered from Section R12-5-776 (Supp. 93-3).

**R12-5-2007. Common Mineral Materials**

- A.** Material to be specified. Common mineral materials sales agreements will recite the material or materials covered by such agreements and the rights of Buyers will pertain only to such materials as specified in the agreement.
1. It is understood that flora will necessarily be distributed by Buyer's activities, but such disturbance shall be minimal and the Department may so direct Buyer's activities to assure such minimal disturbance.
  2. Buyer shall not be entitled to keep, give, sell or otherwise dispose of any flora on the premises unless the agreement so provides, in which event such flora shall have been appraised by or for the Department and a separate price therefore set forth in the agreement.
  3. This agreement shall confer the right on the Buyer to extract groundwater from the land area subject to the sale for the purposes stated in R12-5-772, subsection (E) and R12-5-775, subsection (B), and purposes incidental or related thereto which uses and purposes shall be set forth in the Notice of Sale and which shall have been a factor in the establishment of the minimum acceptable unit royalty rate however, groundwater may be separately noted for sale in which event the notice of sale shall specifically so provide.

4. The granting of a right to extract groundwater shall not constitute a representation or guarantee by the Department that there is any groundwater available at any level or any quality for extraction.
5. Any right to extract groundwater conferred hereby is subject to any and all limitations and provisions existing in law or regulation of any agency including any such applicable other regulation of this Department.
6. Nothing herein shall affect any right to the use of groundwater which buyer might otherwise possess by virtue of being a lessee of the Department or having otherwise acquired a groundwater permit through Public Auction Sale by the Department.

- B.** Advertising of sale. The advertising of sale of common mineral materials shall state the location by legal description of the tract or tracts on which the material is being offered, the kind of material, the term, the time and place of auction, the unit, the minimum unit royalty rate, minimum annual production, total bid deposit required, bond requirements, the office where additional information may be obtained and such additional information as the Department may deem necessary.

1. When the materials to be sold on a basis other than the standard one set forth in these rules, the notice of sale shall so state in specific detail.

- C.** Appraisals. Common mineral materials to be sold will be appraised by the Department when the materials are in their undisturbed natural condition ("in situ") using acceptable appraisal standards. The appraisal will determine the minimum unit royalty rate and minimum annual production.

- D.** Annual royalty. Until any reappraisal goes into effect, the annual royalty shall be the higher of

1. The minimum annual royalty as determined by the bidding process as provided in R12-5-777(E),
  2. The number of units of material extracted multiplied by the unit royalty rate.
- Upon reappraisal, subsections (D)(1) and (2) shall be adjusted to reflect the reappraisal.

- a. The minimum annual royalty payment shall be due and payable in advance on the anniversary of the agreement. Royalty for any material extracted, severed or disposed of in excess of the minimum annual production shall be due and payable in advance on the anniversary of the agreement. Royalty for any material extracted, severed or disposed of in excess of the minimum annual production shall be due and payable monthly within 30 days after billing by the State Land Department.

- b. Minimum annual royalty payments shall be applied as a credit to payment for materials for which payment must be made, provided, however, that monies so advanced and not credited against payments for materials shall become the sole property of the state upon termination or expiration of the agreement.

- c. For purposes of determining minimum annual royalty payment due in any particular year:
  - i. Multiply the original minimum annual royalty by the number of years of the agreement;
  - ii. Subtract the royalties thus far paid by (i);
  - iii. Divide (ii) by the years remaining and that will give the minimum annual royalty for the year in question.
- d. In no event will the minimum royalty be less than 5% of the original minimum annual royalty.

- E.** Bids. Unless otherwise provided by the Commissioner and specifically published in the notice of sale, all bids shall be by the unit royalty rate.

## State Land Department

1. In determining the minimum annual royalty, the Department shall multiply the unit royalty rate bid by the successful bidder times the minimum annual production which shall be determined solely by the Department and set forth in the notice of sale.
- F. Reappraisals. The royalty rate established initially shall remain fixed for the first two years of the agreement. For each subsequent year the Department may reappraise in the following manner:
  1. No later than 60 days before the end of any anniversary date, the Department may reappraise the material to determine the unit rate and/or the acceptable minimum annual royalty; that reappraisal shall be effective for the second year following the one in which the reappraisal is made.
  2. The Department shall notify the Buyer within 30 days of the reappraisal and Buyer shall be obligated for payments based on such reappraisal for the second year following the one in which the reappraisal is made. If any proper appeal is taken by Buyer and not concluded before the effective date of the reappraisal, the prior royalty shall be paid, with any necessary adjustment being made immediately upon the conclusion of such appeal.
  3. The Department is not obligated to reappraise in any particular year and its failure to do so merely means the last appraisal results shall remain in effect until a proper reappraisal is made.
- G. Provisions of the agreement
  1. Term
    - a. The term of a common mineral material sales agreement shall not be for more than 20 years.
    - b. The Department will set the term of each sales agreement in such manner as to best utilize the resources and provide an economically sound term compatible with the law, the best interest of the trust and of the state.
  2. For contract administration and sales-related expenses, a charge of 2% will be added to the minimum annual royalty and to royalties paid for production in excess of minimum annual production.
  3. The royalty provisions shall be set forth in the agreement.
  4. All common mineral materials removed from the premises shall be measured by volume, weight or truck tally or a combination of these methods or any other form of measurement the Department determines to be to the best interest of the state.
  5. Buyer's conduct on premises
    - a. The Buyer will conduct its operations in a workmanlike manner at all times, to protect the premises and soils thereof and including, but not limited to:
      - i. Keeping the premises free of all litter, junk or debris;
      - ii. Taking precautions as necessary to protect the safety of persons or property upon the premises;
      - iii. Complying with all flood control regulations which may be applicable to the premises;
      - iv. Fencing all dangerous workings for the protection of humans and livestock;
      - v. Complying with all other rules and regulations prescribed from time to time by the Department or any other agency having jurisdiction over the premises or the activities.
    - b. Upon termination of the agreement, the Buyer will restore the surface of the premises to a reasonable condition in accordance with good mining practices, such restoration to include:
      - i. The sloping of side banks of the excavation resulting from the operation to a grade of not more than one foot vertical for each two feet of horizontal distance, unless otherwise specified by the Department;
      - ii. The backfilling into the excavation of all unused waste materials and overburden resulting from the operation, and the leveling of such backfill to a reasonably uniform depth on the floor excavation, unless otherwise specified by the Department;
      - iii. The removal and restoration of the surface of any new haul roads constructed on state land by Buyer, which roads the Department does not elect to retain, any such election of retention to be made in writing.
  - c. The Buyer will indemnify, hold and save harmless, the state of Arizona, the Department and all of their officers and employees, against all loss, damage, liability, expense, costs and charges incident to or resulting in any way from use, condition or occupation of the premises.
6. Transfers
  - a. The Buyer, with prior approval of the Commissioner, may assign the agreement.
  - b. The application for assignment and the assignment and assumption of the agreement will be on such forms as the Department may prescribe.
  - c. Assignment shall not relieve the Buyer from any duties under the agreement but the assignee shall succeed to all of the rights and be jointly and severally liable, along with the assignor, to all of the obligations existing under the agreement dating from its inception.
  - d. No transfer of the Buyer's interest or any portion thereof is authorized except as specifically provided in these rules.
7. Termination of sales agreement
  - a. Upon 30 days' written notice to Buyer, the Department may terminate the agreement for the failure or neglect of the Buyer to perform any of its provisions, including those specified by these rules. Failure to pay royalties when due is such a failure of performance.
  - b. Notices of termination shall be mailed to the address of record at the Department of the Buyer. Such notice shall set forth the reason for the termination.
  - c. Provided Buyer is not in default in any of the terms and conditions of the agreement, the Buyer shall have the right to terminate the agreement upon any annual anniversary date thereof by giving the Seller not less than 30 days' prior notice in writing of Buyer's intention to do so.
8. Upon termination or expiration of the agreement, Buyer shall have 90 days, provided it has fully performed under the agreement, to remove any stockpiled material on the premises. The Commissioner may, if the Buyer so requests in writing within ten days before the expiration of any such removal period, or extension thereof, grant a further extension not to exceed 60 days and provided that the cumulative removal period, along with extensions, shall not exceed 210 days. If the Buyer has not fully performed or fails to remove the stockpiled material within that specified time, such material will be deemed abandoned.

## State Land Department

done to the Trust. Any subsequent buyer of material on the portion of the premises on which stockpiled will succeed to its ownership and pay the Department the new Buyer's royalty rate therefor upon removal.

9. The agreement shall not provide for any renewal thereof.
10. Bonds
  - a. The Commissioner may require the Buyer to post a cash deposit or surety bond to guarantee the performance of the sales agreement and the payment of all monies due the state under the sales agreement.
  - b. Restoration and surface damage bond
    - i. The Commissioner shall require the Buyer to furnish bond, in a reasonable amount, to be fixed by the Commissioner, conditioned that the Buyer will guarantee restoration of the surface of the land described in the sales agreement to a reasonable condition in accordance with good mining practices, upon termination of the sales agreement.
    - ii. The Commissioner shall also require the Buyer to include in the above bond an amount set by the Department as a surety bond in the form, amount, and with surety approved by the Commissioner, conditioned upon prompt payment to the owner or lessee of the surface of state land covered by the common mineral materials sales agreement, or across which the common mineral materials Buyer exercises the right of ingress, for any loss to such owner or lessee for damage or destruction caused by the common mineral materials Buyer or Buyer's agents or employees, to grasses, forage, crops and improvements upon such land.
    - iii. Assignment of the sales agreement will not relieve the assignor of his obligation as principal under the bond. Release of the assignor's obligation under the bond may be effected through the posting of a replacement bond by the assignee, but only after approval by the Commissioner in lieu of a replacement bond, the bonding company may furnish a bond rider form changing the name of principal.
    - iv. The Commissioner, in his discretion reasonably exercised, may reduce or increase the principal amount of any bond.
    - v. After determination by the Commissioner that full discharge of the conditions of the obligation under any bond has been effected, he will, in writing, notify the principal and surety held by the bond so that it may be formally terminated.
    - vi. Surety on the bond shall have the right to cancel the bond and be relieved of future liability, but not previous liability after the period of notice, by giving 30 days' notice to the Buyer and the Department of its desire to so cancel. Failure by the Buyer to post a replacement bond before the expiration of the 30 days, mentioned next above, shall constitute a default by the Buyer and cause for cancellation of the sales agreement.
11. Records and reports
  - a. A monthly report of production (either affirmative or negative) shall be submitted by the Buyer of each common mineral materials sales agreement within 15 days after the end of the month in which his sales

agreement was issued, and by the 15th of each month thereafter.

- b. The report shall be in such form as the Commissioner shall prescribe and shall contain such information as the Commissioner shall require, including, but not limited to, the type, volumes, weights and classifications of the common mineral materials removed or disposed of.
- c. Each Buyer shall make and keep an accurate account of all operations, showing the sales, prices, dates, purchasers and the total amount of material disposed or removed from the subject premises.

- G.** Exigency. If, in a particular decision, the Board makes a specific finding that the immediate effectiveness of the decision is necessary for preservation of the public health, safety, or welfare and that a rehearing or review of the decision is impracticable, unnecessary, or contrary to the public interest, the decision may be issued as a final decision without an opportunity for a rehearing or review.
- H.** Time limits. The Board shall rule on a motion for review or rehearing within 90 days after it is filed. If the Board grants a rehearing or review, the Board shall conduct the rehearing or review within 90 days after issuing the order granting the rehearing or review.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 12. NATURAL RESOURCES****CHAPTER 8. ARIZONA STATE PARKS BOARD**

Authority: A.R.S. § 41-511 et seq.

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 01-4).*

*Editor's Note: Sections in this Chapter were adopted and amended under an exemption from the provisions of the Arizona Administrative Procedure Act, pursuant to A.R.S. § 41-1005(A)(21). Exemption from this Act means that this Section was not reviewed or approved by the Governor's Regulatory Review Council; notice of this rule was not submitted to the Office of the Secretary of State for publication in the Arizona Administrative Register; and no public comment period or public hearings were required to be held on this rule. Because this Chapter contains rules which were adopted under a rulemaking exemption, the Chapter is printed on blue paper.*

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

1. "Mining" means operations involving the extraction of nonmetalliferous mineral products from beneath or at the surface of the earth for commercial use and includes underground, surface, and open-pit operations.
2. "Nonmetalliferous mineral product" has the same meaning as prescribed in A.R.S. § 42-5072.

**Historical Note**

Amended effective November 7, 1978 (Supp. 78-6).  
Repealed effective August 13, 1987 (Supp. 87-3). New  
Section R15-5-901 renumbered from R15-5-903 and  
amended by final rulemaking at 6 A.A.R. 2952, effective  
July 18, 2000 (Supp. 00-3).

**R15-5-902. General**

- A. A person engaged in the business of mining is subject to tax under the mining classification on the gross proceeds of sales or gross income received from the sale of a nonmetalliferous mineral product to a purchaser that resells the product in the ordinary course of business.
- B. A person engaged in the business of mining is not subject to tax under the mining classification on the gross proceeds of sales or gross income received from the sale of a nonmetalliferous mineral product to a person engaged in business classified under the prime contracting classification if the nonmetalliferous mineral product is to be incorporated into a structure or project as part of the business.
- C. A person engaged in the business of mining is subject to tax under the retail classification on the gross income received from the sale of a nonmetalliferous mineral product to a final consumer.

- B. Unless otherwise provided in subsection (D), the taxpayer shall calculate the market value of a nonmetalliferous mineral product shipped out-of-state in the following manner:
  1. Establish the total selling price of the product outside Arizona.
  2. Deduct, from the total selling price, costs incurred out-of-state that increase the value of the product. These costs include:
    - a. The cost of actual freight paid, as provided in R15-5-908, to the point of sale outside Arizona;
    - b. The refining or processing cost incurred before the first sale; and

- D. A taxpayer may compute the market value of a nonmetalliferous mineral product shipped out-of-state in any manner that accurately reflects the value of the nonmetalliferous mineral product at the point it enters interstate commerce if the taxpayer gives prior written notification to the Department and the Department approves the computation method.

**ARTICLE 10. TRANSACTION PRIVILEGE TAX - TRANSIENT LODGING CLASSIFICATION****R15-5-1001. Application of the Definition of Transient for Purposes of Taxation under the Transient Lodging Classification**

- A. Effective January 1, 1979, the leasing or renting of dwelling units and lodging facilities to a person shall not be taxable under the transient lodging classification if the lodging is obtained for a continuous block of time for 30 or more consecutive days except as provided under A.R.S. § 42-1310.10(B). For purposes of this rule, "person" has the same meaning as under A.R.S. § 42-1301.
- B. Gross receipts from providing lodging obtained for a continuous block of time for 30 or more consecutive days shall not be taxable under the transient lodging classification from the first day of occupancy.
1. Lodging obtained for 30 or more consecutive days in increments of time for a period of less than 30 consecutive days rather than for a continuous block of time shall be taxable under the transient lodging classification except as provided under A.R.S. § 42-1310.10(B).
  2. A lodger may originally acquire lodging on an incremental basis for a period of less than 30 consecutive days and subsequently change to a continuous block of time for 30 or more consecutive days; however, the lodging originally obtained on an incremental basis of less than 30 consecutive days shall remain subject to tax regardless of any subsequent action on the part of the lodger.
- C. If lodging is obtained on a continuous basis for 30 or more consecutive days but the person obtaining the lodging leaves before the 30-day period ends and only pays for a period of 29 days or less, the exclusion shall not apply. The gross receipts from providing lodging for 29 days or less shall be subject to tax under the transient lodging classification.
- D. The following situations are indicative of the application of the provisions in this rule:
1. A person rents a motel room on a weekly basis for 10 consecutive weeks. The total rental period is greater than 30 consecutive days; however, the method of renting by the week meets the definition of "transient." Gross receipts from renting lodging space on such a basis are subject to tax under the transient lodging classification.
  2. A motion picture company contracts with a hotel to rent a block of 15 rooms for a three-month period during which filming will occur in the area. During that three-month period, a variety of crew members and actors will occupy the rooms. Any one room may have a different occupant during the three-month time period as filming progresses and different actors or crew members are involved in the production of the film. The rental by the motion picture company for the three-month period is not subject to tax under the transient lodging classification since the motion

picture company contracted with the hotel to rent for a three-month period and, therefore, does not meet the definition of a transient.

3. An individual reserves a room in a rooming house for two weeks. The individual decides to stay another two weeks. The total number of days' stay is now at 28 days. Once again, the individual extends the stay by two weeks. Each time period is less than 30 days. Even though the total period of time is over 29 days, after the third extension of two weeks, the individual continues to be a transient for purposes of taxation under the transient lodging classification. If the individual had rented the room for 30 days or more after the first two weeks, gross receipts from the additional time would not be subject to tax. However, the first two-week block of time would remain taxable since that time period falls under the definition of transient.
4. An individual is not sure how long he will be staying at a hotel so, upon registration, gets the room for 35 days. After 21 days the individual decides to leave and pays only for the 21-day stay. Gross receipts are subject to tax under the transient lodging classification. If the individual had a contractual agreement in which, regardless of length of occupancy, he was required to pay for the entire 35 days, the gross receipts from such a transaction would not be taxable.

**ARTICLE 11. TRANSACTION PRIVILEGE TAX - JOB PRINTING CLASSIFICATION****R15-5-1101. Definitions**

For purposes of this Article, the following definitions apply:

1. "Image developing" means the copying or reproducing by a printer of an image by any means from film, paper, video, or another data storage medium to photographic print paper or another storage medium that can visually display the image.

## Department of Revenue - Transaction Privilege and Use Tax Section

2. "Job printing" means the copying or reproducing by a printer of documents or data directly or indirectly provided by the printer's customer, including by another person at the customer's direction, for the ultimate purpose of producing a physical or electronic copy of the document or data. The document or data can be textual or pictorial, and may be received by the printer in physical or electronic form. Examples of methods of job printing include dye sublimation, electrostatic printing, flexography, gravure, inkjet printing, laser printing, lithography, offset printing, optical scanning, photocopying, photofinishing, reprographic printing, screen printing, thermography, xerography, and similar means of duplication.
3. "Photography" means the process of taking and supplying images to customers, using film, video, or another data storage medium.
4. "Printer" means a person that copies or reproduces textual or pictorial material by any means, process, or method of job printing, engraving, embossing, or copying, but that does not distribute the copied or reproduced material on the person's own behalf.
5. "Printing" means a finished product in physical or electronic form produced by a printer through job printing, engraving, embossing, or copying and that is held for sale by the printer.
6. "Qualifying health care organization" has the same meaning as prescribed in A.R.S. § 42-5001(10).
7. "Qualifying hospital" has the same meaning as prescribed in A.R.S. § 42-5001(11).

**Historical Note**

Repealed effective August 13, 1987 (Supp. 87-3). New Section made by final rulemaking at 11 A.A.R. 5493, effective February 6, 2006 (Supp. 05-4).

**R15-5-1102. Printer's Sale of Printing**

- A. Except as otherwise provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from all of a printer's costs or expenses of filling a customer's printing order are subject to tax under this Article. Examples of costs or expenses include charges for set-up, die cutting, embossing, folding, and binding operations.
- B. Gross income or gross proceeds derived from an Arizona printer's sale of printing within Arizona are subject to tax even when the printer conducts the job printing, engraving, embossing, or copying activity outside the state, unless the printing is shipped or delivered outside the state for use outside the state.
- C. If a printer ships or delivers printing to be used outside the state to a common carrier for transportation to a location outside the state, the common carrier is deemed to be the agent of the printer for purposes of determining whether the printing has been shipped or delivered outside the state, regardless of who is responsible for payment of the freight charges.
- D. A printer may substantiate a shipment or delivery of printing outside the state by one of the following records:
  1. An internal delivery order that is supported by receipts for expenses incurred in delivery of printing and signed on the delivery date by the person who delivers the printing;
  2. A common carrier's receipt or bill of lading;
  3. A parcel post receipt;
  4. An export declaration;
  5. A receipt from a licensed broker; or
  6. Proof of export or import, signed by a customs officer.
- E. Except as provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from an Arizona printer's charges for the distribution of printing are generally subject to tax under this Article. In the absence of documentation listed in subsection (D), it remains the taxpayer's burden to substantiate that the gross income or gross proceeds derived from a sale of printing are not taxable because the printing is shipped or delivered outside the state for use outside the state, pursuant to A.R.S. § 42-5066(B)(2). A printer substantiates that printing is shipped or delivered outside the state for use outside the state if the printer shows that the address or number to which the printer distributes the printing does not identify or is incapable of identifying an in-state location.

- F. Pursuant to A.R.S. § 42-5066(B)(4), a printer may deduct its gross income or gross proceeds derived from charges for postage and freight if the printer separately states the charges on a customer's invoice and in the printer's records, except that the amount deducted shall not exceed the amount paid by the printer to the United States Postal Service or a commercial delivery service. A printer may not deduct its gross income or gross proceeds derived from charges for delivery of the printing using the printer's own conveyance.

Repealed effective August 13, 1987 (Supp. 87-3).

**R15-5-1502. General**

- A. Gross income derived from the rental of tangible personal property is included in the tax base under the personal property rental classification unless a specific statutory exemption, exclusion, or deduction applies. Examples of tangible personal property include: televisions, cars, trucks, lawnmowers, floor polishers, tuxedos, uniforms, furniture, towels, and linens.
- B. In this Article, the terms "lease," "rental," and "leasing" are used synonymously.
- C. Gross income from the lease of tangible personal property to a lessee who subleases the property is not taxable under the personal property rental classification if the lessee is engaged in the business of leasing the property under the personal property rental classification.
- D. Gross income from the rental of tangible personal property includes charges for installation, labor, insurance, maintenance, repairs, pick-up, delivery, assembly, set-up, personal property taxes, and penalty fees even if these charges are billed as separate items, unless a specific statutory exemption, exclusion, or deduction applies.

March 18, 1981 (Supp. 81-2). Amended by final rulemaking at 6 A.A.R. 3091, effective July 18, 2000 (Supp. 00-3).

**R15-5-1503. Sourcing of Leased Tangible Personal Property****A. In this Section:**

1. "Business location" means the business address that appears on a lessor's privilege license, but if the lessor does not have a business address in Arizona, business location means the lessee's residential or primary business street address.
2. "Source" means to determine the location of leasing or renting activity for tax purposes.

**B.** The personal property rental classification applies to a person who is engaging or continuing in the business of leasing or renting tangible personal property in Arizona for a consideration. Gross receipts from leasing or renting tangible personal property in Arizona are taxable under this classification.

**C.** The Department shall source gross receipts from leasing or renting tangible personal property to the business location. Thus, gross receipts of a lessor without a business address in Arizona, derived from leasing or renting tangible personal property, are sourced to the lessee's residential or primary business street address and are taxable when the property is shipped, delivered, or otherwise brought into the state for use in Arizona.

**D.** Gross receipts from leasing or renting tangible personal property are not taxable if the property is shipped or delivered outside of the state and intended, at the inception of the lease, for use exclusively outside of the state.

**E.** Gross receipts from leasing or renting tangible personal property are not taxable if the property is removed from the state and used exclusively outside of the state. Intermittent use of tangible personal property outside of the state does not constitute removal of the property from the state for use exclusively outside of the state, and therefore does not change the business location of the property or liability for the tax. For example, use of a business's leased tangible personal property by its employees at different locations on business trips and service calls does not change liability for the tax.

**F.** The burden of proof for establishing the applicability of subsection (D) or (E) is on the lessor.

**G.** For leasing or renting activity related to a motor vehicle, the Department shall examine whether the motor vehicle is licensed, registered, or primarily used in Arizona.

**H.** A taxpayer shall not take a deduction or credit for taxes paid in another state on a lease or rental of tangible personal property.

**R15-5-1602. Casual Leasing Activity**

- A. For purposes of taxation under the commercial lease classification, there shall be no general exclusion for a casual rental of real property unless delineated under A.R.S. § 42-5059 except as provided in subsection (B) of this rule.
- B. For periods ending on or before July 31, 1988, the rental of one unit or real property shall have been deemed to be a casual activity and not subject to transaction privilege tax if:
  1. A lessor had income from another source which was unrelated to the income from the rental of real property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and
  2. The scope and degree of the rental activity clearly indicated that the rental activity was an investment activity rather than income from a business.
- C. For periods beginning on or after August 1, 1988, gross income from the rental of one or more units of real property used for commercial purposes shall be deemed to be a business activity and shall be taxable under the commercial lease classification.
- D. For periods prior to July 17, 1993, gross income from the rental of one economic unit of agricultural property shall not be taxable if the following conditions exist:
  1. A lessor had income from another source which was unrelated to the income from the rental of one economic unit of agricultural property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and

Prior to August 1, 1988, the lessor of the office building was not considered to be engaged in business under the commercial lease classification if the conditions of subsection (A) existed. Commencing on or after August 1, 1988, the single rental of commercial real property is subject to tax under the commercial lease classification.
  2. Individual spaces in a small medical building are rented to three different members of the medical profession on separate leases. The property consists of three units. Regardless of the time period in which the rental occurred, the lessor in this situation has always been engaged in business under the commercial lease classification.
  3. A partnership is formed to hold one unit of real property for purposes of leasing. Income received from this activity is taxable since the partnership was formed for business purposes.
  4. Two hundred acres of farmland are leased to one tenant. The acreage is one economic unit of agricultural property.

## Department of Revenue - Transaction Privilege and Use Tax Section

The lessor is employed as an engineer and leases the property as an investment. Regardless of the time period in which the lease occurred, the lessor of the property is not engaged in business under the commercial lease classification.

5. Two hundred acres of agricultural property are leased to five unrelated parties on separate leases. The property consists of five economic units of agricultural property. Regardless of the time period in which the leases occurred, the lessor is engaged in business under the commercial lease classification. Five separate lease agreements are not a casual activity and the lessor does not fall within any of the current exemptions under A.R.S. § 42-5069(C)(12).

**ARTICLE 18.1. SALES OF FOOD****R15-5-1860. Definitions**

For the purpose of these rules, unless the context requires otherwise, the following definitions will apply:

1. "Accessory food items" means coffee, tea, cocoa, carbonated and uncarbonated drinks, candy, condiments and spices, and other non-staple foods.
2. "Attendant" means a person, generally the employee of the retailer, who waits on the customers, or tends to their needs.
3. "Automatic retailer" means a coin operated mechanical device or system which sells tangible personal property. Such device or system must itself vend or sell the items, i.e., a device or system which delivers the subject of the sale, or by automatic action physically delivers the thing sold. Vending machines are considered automatic retailers.

## Department of Revenue - Transaction Privilege and Use Tax Section

4. "Caterer" means a person engaged in the business of serving meals, food and drinks on the premises used by his customer, but does not include employees hired by the hour of day.
5. "Delicatessen" means a business which sells specialty food items, such as prepared cold meats, perishable food and grocery items kept under refrigeration.
6. "Facilities for the consumption of food" means appropriate furniture, tableware, or parking areas for sitting both in or on the premises of the business, either in or out of a motor vehicle.
7. "Food"
  - a. Under A.R.S. § 42-1387, the Department is required to promulgate rules defining food as those items that may be purchased from an eligible grocery business with food coupons, but in no event may such definition of food include food for consumption on the premises, alcoholic beverages or tobacco. Even though alcoholic beverages and food for consumption on the premises may be intended for human consumption, such items are not considered food by the statutory provisions. In these rules, items that are considered food by the Statutes, and therefore tax exempt if sold by a qualified retailer, shall be referred to as "tax exempt foods." Other items that may be intended for human consumption but are excluded from the definition of food by the Statute, and are therefore subject to the Sales Tax, shall be referred to herein as "taxable foods."
  - b. "Food" means: Items intended for human consumption. Food is deemed to be intended for human consumption when its intended or ordinary use is as a food for human consumption or is an ingredient used in preparing food for human consumption. For example, even though animal food may be used by some humans, its ordinary or intended use is not for human consumption. Also, even though vitamins and other medication may be ingested, its intended or ordinary use is as a health aid or therapeutic agent or a deficiency corrector and is not intended for use as food. Following is a numeration of items which the Department does not consider food for human consumption:
    - i. Pet food and supplies
    - ii. Cosmetics and grooming items
    - iii. Tobacco products
    - iv. Soaps and paper products and household supplies
    - v. Dietary supplements such as vitamins or protein supplements
    - vi. Medicines
    - vii. Fertilizer
8. "Food for consumption on the premises"
  - a. "Food for consumption on the premises" means the following:
    - i. Hot prepared food, including products, items or ingredients of food which are prepared and sold or are intended to be sold in a heated condition. This also includes a combination of hot and cold food items or ingredients if a single price is charged by the retailer.
    - ii. Hot or cold sandwiches including frozen sandwiches.
    - iii. Food served by an attendant to be eaten at tables, chairs, benches, booths, stools, counters and within parking areas (for in-car consumption).
  - iv. Food served with trays, glasses, dishes or other tableware. Food which is generally selected by the customer from available displays and then taken by the customer to a checkout stand for payment is not considered to be served by the retailer.
  - v. Beverages sold in cups, glasses or open containers. Beverages shall include items such as milk shakes and ice cream floats.
  - vi. Food sold by caterers.
  - vii. Food sold within the premises of theaters, exhibitions, fairs, amusement parks, bowling alleys, athletic events, and other shows or contests and any businesses which charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction. While food for consumption on the premises includes any food sold within the premises of certain businesses, including businesses that charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction, food for consumption on premises does not include sales of tax exempt food by a qualified retailer within the premises of a full time educational institution that charges tuition for a full course of studies.
  - b. Any item enumerated in subparagraph (a) which is sold on a take-out or to-go basis is still considered to be food for consumption on the premises and therefore taxable.
9. "Food intended for home consumption" means food, other than food for consumption on the premises, which is usually intended to be consumed at home. Unless the taxpayer can establish to the contrary, food delivered by a retailer to an office or other business establishment shall not be considered food intended for home consumption.
10. "Home" means a natural person's usual or habitual dwelling place, including rest homes, nursing homes, jails and other such institutions.
11. "Premises" means the total space and facilities, including buildings, grounds and parking lot that are made available for use by the retailer for the purpose of consuming food sold by such retailer.
12. "Qualified retailer"
  - a. A qualified retailer or qualified retail business is one that may be eligible to sell tax exempt food without including the sale of tax exempt food items in its taxable base. A retailer other than a qualified retailer must pay a tax measured by the sale of otherwise exempt food even though the sale of such items would be exempt if sold by a qualified retailer.
  - b. Qualified retailers are:
    - i. An eligible grocery business, which includes retailers who are eligible to participate in the United States Department of Agriculture Food Stamp Program, whether such retailer actually participates in the food stamp program. If a retailer is eligible to participate in the food stamp program, but does not participate in such program, such retailer may only be an eligible grocery business if the retailer first makes application to the Department to sell food tax exempt. Examples of retailers that might be considered eligible grocery businesses include:

## Department of Revenue - Transaction Privilege and Use Tax Section

- (1) Grocery stores;
    - (2) Convenience stores;
    - (3) Butcher shops;
    - (4) Bakeries;
    - (5) Dairy stores;
    - (6) Cheese stores;
    - (7) Farmer's markets.
  - ii. Retailers whose primary business is not the sale of food, but who sell food in a manner similar to grocery stores. This category includes stores such as department stores, drug stores, and gas stations.
  - iii. Retailers who sell food and who do not provide any facilities for consumption of food on the premises. This category may include certain health food stores, and certain outlets retailing soda and other similar beverages in bottles or cans, but not cups.
  - iv. Delicatessen business, if such retailer conducts his business so that the sale of tax exempt foods and other taxable items may be separately accounted for, through, for example, the use of two (2) cash registers, or a cash register with at least two (2) tax computing keys which are used to record taxable and tax exempt sales.
  - v. A retailer who is a street or sidewalk vendor who uses a pushcart, mobile facility, motor vehicle, or other such conveyance. Such retailers include:
    - (1) Snackmobile;
    - (2) Chuck wagon;
    - (3) Mobile hot dog stands.
  - vi. Vending machines and other automatic retailers.
13. "Staple food" means those food items intended for home preparation and consumption, which includes meat, poultry, fish, bread and bread stuffs, cereals, vegetables, fruits, fruit and vegetable juices, and dairy products.
14. "Taxable foods" are items which may be intended for human consumption, but are still subject to the Sales Tax when sold. Examples of taxable foods would be alcoholic beverages, and food for consumption on the premises.
15. Tax-exempt foods
- a. "Tax exempt foods" are generally those items of food intended for home consumption which, if purchased from an eligible grocery business, would be eligible as of January 1, 1979, to be purchased with food coupons issued by the United States Department of Agriculture.
  - b. Tax-exempt food shall also include any new items of food intended for human consumption which would have been eligible for purchase with food coupons issued by the United States Department of Agriculture if such items would have existed for sale on January 1, 1979.
  - c. The following are examples of items which the Department will consider as tax exempt food:
    - bread and flour products
    - vegetables and vegetable products
    - candy and confectionery
    - sugar, sugar products and substitutes
    - cereal and cereal products
    - butter, oleomargarine, shortening and cooking oils
    - cocoa and cocoa products
    - coffee and coffee substitutes
    - milk and milk products
    - eggs and egg products
    - tea
    - meat and meat products
    - spices, condiments, extracts and food colorings
    - fish and fish products
    - frozen foods
    - soft drinks and soda (including bottles on which a deposit is required to be paid)
    - fruit and fruit products
    - packaged ice cream products
    - dietary substitutes
    - ice cubes and bottled water including carbonated and mineral water
    - purchases of seed and plants for use in gardens to produce food items for personal consumption
16. "Two tax computing keys" shall mean the mechanical or electronic function in a cash register which can separately record and accumulate taxable and nontaxable items without having the items presorted.
- Historical Note**  
Adopted as an emergency effective June 30, 1980, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 80-3). Former emergency adoption now amended and adopted effective October 15, 1980 (Supp. 80-5).

- Historical Note**  
Repealed effective April 13, 1987 (Supp. 87-2).
- R15-5-1862. Restaurant food sales**
- A. Restaurants are generally not qualified retailers, and therefore cannot sell food tax free, but are taxable upon all of their gross income or gross proceeds of sale.
  - B. If a qualified retailer also operates a restaurant, the gross income or gross receipts of a sale from the two (2) activities must be kept separate. The gross receipts or gross income from the operation of the restaurant shall always be taxable, as will the income from all sales of taxable food and nonfood items. Except for items which may be exempt under some other provision, only tax-exempt foods sold by a qualified retailer not in connection with its restaurant operation shall be exempt.
  - C. To the extent that a delicatessen may sell taxable food, such as hot or cold sandwiches, such delicatessen will be required to report under this classification. Since a delicatessen business may constitute a qualified retailer, such business may still be eligible to sell tax exempt food, if such sales are separately accounted for.

**ARTICLE 20. GENERAL****R15-5-2001. Definitions**

The following definitions apply for the purposes of the rules in this Chapter, unless the context requires otherwise or unless otherwise defined. An individual rule may contain definitions which are specific to the context of that rule.

1. "Casual sale" means an occasional transaction of an isolated nature made by a person who is not engaged in the business of selling, within or without the state, the same type or character of property as that which was sold.
2. "Department" means the Arizona Department of Revenue.

3. "Gross income" means all receipts of a trade or business from sales or services. It includes the total consideration received or constructively received. The value of all services which are part of the sale is considered part of the gross income, unless statutorily excluded.
4. "Gross receipts" means gross receipts as defined in A.R.S. § 42-5001.
5. "Real property" means land and anything permanently affixed to land.
6. "Taxpayer" means any person required by law to file returns or to pay transaction privilege tax, use tax, rental occupancy tax, or excise taxes to the Department.
7. "Vendor" means any person engaged in a business which is subject to Arizona tax.

**Historical Note**

Repealed effective August 13, 1987 (Supp. 87-3). New Section R15-5-2001 renumbered from R15-5-202 and amended effective October 14, 1993 (Supp. 93-4). R15-5-2001(4) corrected to reflect an updated citation reference to Arizona Revised Statutes (Supp. 06-4).

**R15-5-2002. Liability for Transaction Privilege Tax**

The transaction privilege tax is imposed directly on the person engaging in a taxable business within Arizona. The vendor shall be liable for the tax, regardless of whether or not the vendor passes on the economic burden of the tax to the customer.

**Historical Note**

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-2002 renumbered from R15-5-204 and amended effective October 14, 1993 (Supp. 93-4).

**R15-5-2003. Repealed****Historical Note**

Repealed effective April 13, 1987 (Supp. 87-2).

**R15-5-2004. Multi-location and Multi-business Taxpayers**

- A. A taxpayer with multiple licenses for separate businesses shall maintain separate records for each licensed business.
- B. A tax is levied upon the privilege of engaging in specified businesses within Arizona. Class codes for reporting gross receipts subject to tax have been determined by the Department based on statutory provisions. Each business classification is independent of the others even when transacted under one license. A person who engages in more than one type of business under each license shall maintain books and records so that the gross proceeds of sales or gross income of each taxable business classification is shown separately.
- C. Failure to maintain appropriate books and records shall result in the imposition of the tax at the highest tax rate on gross proceeds of sales or gross income applicable to a classification under which the taxpayer is doing business.

**Historical Note**

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-2004 renumbered from R15-5-2215 and amended effective October 14, 1993 (Supp. 93-4).

**R15-5-2007. Credit for Accounting and Reporting Expenses**

- A. For purposes of this rule, the following definitions apply:

## Department of Revenue - Transaction Privilege and Use Tax Section

1. "Reporting period" means a calendar month unless another period is authorized pursuant to A.R.S. § 42-1322.
  2. "Statutory delinquency date" means the date by which a payment of tax is considered delinquent pursuant to A.R.S. § 42-1322.
  3. "Tax return" means the Transaction Privilege, Use, and Severance Tax Return (TPT-1).
  4. "Taxable business" means a business which is subject to either transaction privilege or severance tax.
  5. "Taxpayer" means taxpayer as defined in A.R.S. § 42-1322.04(C), including an entity which is exempt from state income tax. The following are considered a single taxpayer:
    - a. Members of an Arizona affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
    - b. Corporations in a unitary business filing a combined corporate income tax return under A.A.C. R15-2-1131(E);
    - c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return under A.A.C. R15-2-1131(E); or
    - d. Partnerships, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.
- B.** A taxpayer shall compute the credit, using the full amount of tax as required to be reported on the tax return, including any excess tax collected. The Department shall not allow a credit against taxes other than the state transaction privilege tax and the severance tax.
- C.** Except as provided in subsection (D), the Department shall not allow a credit if the taxpayer fails to pay the tax due before the statutory delinquency date. Failure to pay the tax due includes the following circumstances:
1. The taxpayer makes an underpayment of tax due, including any estimated tax due, or,
  2. The taxpayer's check is dishonored.
- D.** In the case of taxpayer computational error, the Department shall allow the credit based on the amounts originally filed, if the computational error resulted in the overpayment or underpayment of the tax actually due:
1. In the case of an overpayment, the Department shall allow the credit on the actual amount of tax due for the reporting period.
  2. In the case of an underpayment, the Department shall allow the credit on the amount of the tax paid prior to the statutory delinquency date.
- E.** To receive the credit for each reporting period, the taxpayer shall claim the credit on the tax return. If the taxpayer understates the amount of the credit on the tax return, the Department shall allow the amount of credit which the taxpayer has claimed. The taxpayer may file an amended return to claim any unclaimed portion of the credit if the taxpayer timely paid the tax upon which the credit is based. If the taxpayer overstates the amount of the credit, the Department shall allow the amount of credit actually permitted for the reporting period.
- F.** A taxpayer is entitled to one credit, regardless of the number of licenses, businesses, or locations the taxpayer may have. Taxpayers with multiple licenses for separate businesses or separate locations shall elect the manner in which to allocate the credit among their licenses within the \$10,000 annual limitation. The election shall be made on a form 51-T. The taxpayer shall file the election on or before January 15 of the first year for which an election is being made or within 30 days prior to beginning operations if the taxpayer is a new business entity. The taxpayer is required to file an election one time; however, a new election may be filed under the following circumstances:
1. If a taxpayer does not claim the entire \$10,000 credit during the calendar year, the taxpayer may amend the election at the end of the calendar year to reallocate the unclaimed portion of the credit for that particular year. This amended election shall be filed on or before January 31 of the following year. To claim the reallocated credit, the taxpayer shall file an amended tax return for each reporting period in which a sufficient tax was due and timely paid. For example: an individual owns three separate businesses with different transaction privilege tax licenses. At the beginning of the year, the individual allocates the \$10,000 credit as follows: \$3,000 to Company A; \$2,000 to Company B; and \$5,000 to Company C. At the end of the year, Companies A and B have claimed the credit up to their allocated amounts. However, Company C has only claimed \$1,000 of its allocated credit. Company A timely paid a sufficient amount of tax during the months of August and September to qualify for an additional \$4,000 credit. The individual may amend the election to reallocate the unclaimed credit to Company A. To claim the \$4,000 credit, the individual must file an amended tax return for Company A for the months of August and September.
  2. If a taxpayer acquires, sells, or terminates a taxable business during the calendar year, the taxpayer may amend the election at that time to reallocate the credit. The taxpayer shall only reallocate the portion of the credit which has not been claimed by the date on which the taxpayer acquires, sells, or terminates the business. The taxpayer shall ensure that the election relates to the acquired, sold, or terminated business and is made on a prospective basis only. The taxpayer shall notify the Department of the reallocation 30 days prior to the due date of the tax return for the reporting period to which the reallocation applies. For example: Corporation A is the common parent of Corporations B and C and elects to file a consolidated corporate state income tax return. Each of the three corporations conducts a taxable business activity. Since the three corporations file state income tax as one entity, Corporation A is required to allocate the \$10,000 credit among the three corporations. At the beginning of the year, Corporation A elects to allocate the entire \$10,000 credit to Corporation B. On July 1, Corporation A acquires Corporation D which also conducts a taxable business activity. Corporation A may amend its election at this time to take into account Corporation D. Corporation A may reallocate the portion of the credit not already claimed by Corporation B to Corporation D.
- G.** Where a taxpayer is allocating the \$10,000 credit, the following rules apply:
1. The Department shall allow a unitary business, filing a combined corporate state income tax return, or an Arizona affiliated group, filing a consolidated corporate state income tax return, one \$10,000 credit. The unitary business or affiliated group may allocate the credit among its members. If the unitary business or affiliated group fails to allocate the \$10,000 credit, the Department shall allocate the credit to the corporation in whose name the unitary business or affiliated group files its state income tax return regardless of whether the corporation conducts a taxable business.
    - a. If a corporation joins an Arizona affiliated group or unitary business during the calendar year, the

## Department of Revenue - Transaction Privilege and Use Tax Section

Department shall classify the corporation as a separate taxpayer for the period before it joins the affiliated group or unitary business. The Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period after it joins the affiliated group or unitary business. An affiliated group or unitary business may allocate the \$10,000 credit, even if a member corporation claimed the credit before it joined the affiliated group or unitary business.

- b. If a corporation leaves an affiliated group or unitary business during the calendar year, the Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period before it leaves the affiliated group or unitary business. The Department shall not classify the corporation as the same taxpayer for the period after it leaves the affiliated group or unitary business. The corporation, as a separate taxpayer or part of a separate taxpayer, may allocate the \$10,000 credit, even if the corporation claimed the credit before it left an affiliated group or unitary business.
2. If a partnership, S corporation, trust, or estate conducts multiple taxable businesses, the Department shall allow the partnership, S corporation, trust, or estate one \$10,000 credit. The partnership, S corporation, trust, or estate may allocate the credit among its businesses. The credit shall not be allocated to the partners of a partnership, shareholders of an S corporation, or beneficiaries of a trust or estate.
3. In cases where the taxpayers are married and each spouse conducts a taxable business, the Department shall allow one \$10,000 credit per income tax return. If the married taxpayers file separate individual income tax returns, the Department shall allow each spouse one \$10,000 credit. If the married taxpayers file a joint income tax return, the Department shall allow one \$10,000 credit for the couple.

  1. "Actual ownership" means direct ownership and control but does not include ownership by or through affiliated persons.
  2. "Affiliated persons" means members of the individual's family or persons who have ownership or control of a business entity.
  3. "Constructive purchase price" means the fair market value or, if the fair market value cannot be determined, the value established by expert appraisal that takes into consideration all factors relevant to the transaction.
  4. "Control of a business entity" means direct or indirect ownership or control of more than 50% of the business entity. The following guidelines, as to indirect ownership, shall apply for purposes of determining control of a business entity.
    - a. A corporation, partnership, estate, or trust shall be considered as being owned proportionately by or for its shareholders, partners, or beneficiaries.

- b. An individual shall be considered as owning directly or indirectly that portion which is owned by or for members of the individual's family.
- c. The ownership of stock by a corporation, partnership, estate, or trust shall be considered actual ownership to its shareholders, partners, or beneficiaries for purposes of making another individual a constructive owner.
- d. Ownership based on a family relationship shall not be treated as actual ownership by the related party for the purpose of making another individual a constructive owner.
5. "Fair market value" means the gross receipts that the transaction would have brought in the open market at a time and location similar to that of the affiliated party transaction and between a willing purchaser and a willing seller, who are not affiliated and have reasonable knowledge of the relevant facts.
6. "Members of the individual's family" means the relationship of spouse, brothers, and sisters, whether by whole or half blood and including adopted persons, ancestors, and lineal descendants.
- B. The tax shall be computed upon the constructive purchase price when:
  1. The transaction is between affiliated persons, and
  2. The facts and circumstances indicate that the reported gross receipts from the transaction are not indicative of the fair market value of the transaction.

**Historical Note**

**R15-5-2011. Bad Debts**

- A. The deduction of a bad debt shall be allowed from gross receipts if the following conditions apply:
  1. The gross receipts from the transaction on which the bad debt deduction is being taken have been reported as taxable;
  2. The debt arose from a debtor-creditor relationship based upon a valid and enforceable obligation to pay a fixed or determinable sum of money; and
  3. All or part of the debt is worthless.
- B. A debt shall be considered worthless if:
  1. The surrounding circumstances indicate that the debt is uncollectible; and
  2. Legal action to enforce payment has not or, in all probability, would not result in the satisfaction of the debt.
- C. The bad debt deduction shall be computed by subtracting the amounts received on the debt from the amount originally reported as taxable. The portion of the amounts received on the debt representing carrying charges, interest, and repossession expenses, which have not been reported as taxable, shall not be allowed as a bad debt deduction.
- D. A bad debt deduction shall be taken in the month in which the conditions of subsection (A) apply.
- E. A bad debt deduction shall be allowed, pursuant to the provisions in this rule, on conditional or installment sales if:
  1. The tax liability is paid on the full sales price of the tangible personal property at the time of the sale; or
  2. A contract or other financial obligation is sold to a third party as a sale with recourse and principal payments are made by the vendor to the third party, pursuant to the default of the original payor. Such principal payments

## Department of Revenue - Transaction Privilege and Use Tax Section

may be taken as a bad debt deduction if the tax was paid by the vendor on the original sale of the tangible personal property or on the subsequent sale of the financing contract.

3. For purposes of the bad debt deduction in situations of default on conditional or installment sales, a "sale with recourse" means that a vendor sells a contract or other financial obligation to a third party but retains liability for payment upon default of the original payor.

- F. Any recovery of a bad debt subsequent to a bad debt deduction shall be reported as taxable gross receipts when received.

A deposit that is not applied to a customer's bill or refunded to a customer when utility services are discontinued shall be presumed to be abandoned property if the customer does not claim it within the period established under A.R.S. Title 44, Chapter 3. Customer deposits that are presumed to be abandoned property under A.R.S. Title 44, Chapter 3, shall be reported and delivered to the Department as unclaimed property. Amounts delivered to the Department as unclaimed property are not included in the tax base. For example:

1. A utility company requires a new customer to deposit \$150 before it provides utility service. The customer moves and notifies the utility company to discontinue service. The customer's final bill is \$130. The utility applies the deposit to the final bill and refunds \$20 to the customer. - A. The vendor may pass on the economic burden of the transaction privilege tax, either as an unspecified portion of the overall selling price or as a separate and distinct item of charge.
1. If a vendor elects to pass on the economic burden of the tax as a separate and distinct item of charge, the vendor's tax base shall not include any collected state, county, city, or town taxes.
  2. If the vendor does not pass on the tax as a separate and distinct item of charge, the vendor may factor out the tax. See R15-5-2210.01.
  3. The amount of tax on a transaction shall be the same whether the tax is stated as a separate and distinct item of charge or the tax is calculated using the factoring method.
  4. Calculation of the amount of the tax using the separate and distinct item of charge method shall be as follows:
 

Price of tangible personal property	\$100
Multiply the price by the applicable tax rate	
\$100 times 5% equals the tax as calculated	\$5
Total cost to the consumer	\$105
- B. All taxes collected shall be remitted to the Department and applicable taxing jurisdictions. If a vendor has collected tax in excess of the tax liability for the reporting period, the excess tax shall also be remitted.

**R15-5-2210.01. Factoring**

"Factoring" means a method by which the taxpayer may determine the amount of the tax when the tax is collected as an unspecified part of the selling price.

1. The taxpayer may use any factoring method resulting in a tax amount equal to the tax as calculated using the separate and distinct item of charge method.
2. The following factoring method is approved and recommended by the Department.

To calculate the tax under the factoring method, the total cost to the consumer is divided by one plus the cumulative amount of the state and applicable county, city, and town tax rates, stated as a decimal. The result of this calculation is then multiplied by the cumulative tax rate to arrive at the amount of the tax on the sale. The gross receipts subject to tax, plus the cumulative tax on that amount, shall equal the total cost to the consumer.

To factor:

Total cost to the consumer	\$105
Divide the total cost to the consumer by 1 plus the tax rate (1.00 plus .05)	
\$105 divided by 1.05 equals the price of tangible personal property	\$100
Tax as calculated (\$100 times 5%)	\$5

  4. "Payment" means all consideration received including cash, credit, property, and services.
  5. "Reporting period" means a calendar month or as prescribed by A.R.S. § 42-5014.
- B. A taxpayer shall elect a method of reporting based on either the accrual or the cash receipts method at the time of making the application for a transaction privilege tax license or use tax registration.
- C. A taxpayer shall report allowable exclusions, deductions, and exemptions in a manner consistent with the method of reporting elected under subsection (B).
- D. A taxpayer shall provide written notification to the Department prior to changing its method of reporting elected under subsection (B). The Department may audit the books of the taxpayer to adjust any tax liability resulting from the change in the method of reporting.

**R15-5-2213. Alternative Reporting**

- A. The Department shall authorize taxpayers to report on an annual or quarterly basis, if the taxpayer has established a filing history that shows that the taxpayer is not currently delinquent and that the taxpayer's annual tax liability is between \$500 and \$1,250 for quarterly reporting or \$500 or less for annual reporting.
- B. The Department shall authorize new businesses that reasonably estimate their annual tax liability for the succeeding 12 months will be between \$500 and \$1,250 to report and remit tax on a quarterly basis.
- C. A taxpayer shall increase the reporting frequency to monthly and notify the Department of the change in reporting if the taxpayer's annual tax liability equals or exceeds or can reasonably be expected to equal or exceed \$1,250. The taxpayer shall increase the reporting frequency to quarterly and notify the Department of the change in reporting if the taxpayer's annual tax liability exceeds or can reasonably be expected to exceed \$500, but is or will be less than \$1,250. Failure to increase reporting frequency will subject the taxpayer to interest. Failure to increase reporting frequency will also subject the taxpayer to penalties unless the taxpayer can show that the failure was due to reasonable cause and not willful neglect.
- D. A taxpayer shall begin to report on a monthly basis at any time during a 12-month period if the annualized tax liability for the taxpayer reporting on an annual or quarterly basis equals or exceeds \$1,250. **R15-5-2214. Establishing the Right to a Deduction by Use of a Certificate or Other Documentation**

- A. The vendor is responsible for the payment of tax and therefore shall provide sufficient documentation in support of all deductions.
- B. The vendor may establish a deduction or exclusion from the tax base pursuant to A.R.S. § 42-1316 or 42-1328.
  1. If the purchaser does not have a valid license number, the purchaser shall indicate the reason on any certificate.
  2. Marking an invoice may be done either by recording the purchaser's transaction privilege tax license number on the invoice or by cross referencing the specific transaction to the specific exemption certificate of the specific purchaser.
  3. The Department has prescribed a certificate for establishing entitlement to statutory deductions. Reproductions of the blank prescribed original certificate shall be acceptable for use.
  4. The appropriate certificate shall be accurately and fully completed by the purchaser.
  5. If the vendor has reason to believe that the information contained in the certificate is not accurate, complete, or applicable to the transaction, the vendor may refuse to accept the certificate.
  6. If at any time the vendor has reason to believe that the certificate is not applicable to a transaction, the vendor may refuse to honor the certificate for that transaction.
  7. The Department may challenge the certificate as accepted by the vendor if the Department has reason to believe that the information in the certificate is incomplete, inaccurate, or if the exemption claimed is not based on statutory provisions. The burden of proof lies with the Department when a vendor accepts a completed departmental certificate and marks the applicable invoice pursuant to statute.
- C. A blanket certificate may be accepted if the vendor and purchaser agree. The blanket certificate may continue in force, for applicable transactions, for a period of time as set forth on the certificate. For purposes of this rule, a blanket certificate is one which covers the indicated type of transaction over a specified period of time.
  1. The vendor may refuse to honor a blanket certificate and shall cancel such a certificate if, at any time, the vendor has reason to believe that the information contained in the certificate is no longer accurate or complete or no longer applies.
  2. A new, accurate, and complete certificate may then be accepted.
- D. Documentation, including a certificate other than a departmental certificate, may be accepted by the vendor to establish the right to a deduction.
  1. If the vendor accepts a form of documentation other than a completed departmental certificate, the burden of proof remains with the vendor to establish the right to the deduction.
  2. Other documentation necessary to establish a deduction from the tax base shall contain the information required by A.R.S. § 42-1316(A).

- E. Documentation or a certificate to establish a deduction from the tax base shall be provided for each transaction or if a blanket certificate is used for each different exemption category.
- F. The vendor shall retain all documentation for the required statutory period pursuant to A.R.S. § 42-113.

**R15-5-2215. Return and Payment of Tax-estimated Tax**

- A. For purposes of this rule, the following definitions apply:
  1. "Annual estimated tax payment" means ½ of the total tax liability for the entire month of May or the total tax liability for the first 15 days of the month of June.
  2. "Annual tax liability" means a total tax liability of \$100,000.00 or more in the preceding calendar year or a reasonable anticipation of a total tax liability of \$100,000.00 or more in the current year.
  3. "Taxpayer" has the meaning set forth in A.R.S. § 42-1322(J). The following are considered a single taxpayer:
    - a. Members of an Arizona-affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
    - b. Corporations in a unitary business filing a combined corporate income tax return under A.A.C. R15-2-1131(E);
    - c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return; or
    - d. Partnerships, Limited Liability Companies, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.
  4. "Total tax liability" means the combined total of the transaction privilege tax, telecommunications services excise tax, and county excise tax liabilities.
- B. The requirement to make an annual estimated tax payment is based on the annual tax liability. Use tax and severance tax are not subject to the estimated tax provisions.
  1. A taxpayer shall make an annual estimated tax payment if during the current calendar year the taxpayer, through use of ordinary business care and prudence, can anticipate incurring the annual tax liability. For example:
 

ABC Company has been selling home electronics for several years. Its tax liability for previous calendar years has averaged between \$60,000 and \$70,000. In February of the current year, ABC Company begins selling computers and accessories as well. Early sales reports show an increase in total sales of approximately 50%. Based on these facts, ABC Company can reasonably anticipate incurring the annual tax liability.
  2. Taxpayers with multiple locations shall make the annual estimated tax payment based on the combined actual or anticipated annual tax liability from all locations. Taxpayers with multiple locations, shall make a single estimated payment each June.
- C. A taxpayer shall not amend an annual estimated tax payment except to increase the amount of the payment.
- D. The annual estimated tax payment shall not be applied, credited, or refunded until a Transaction Privilege, Use, and Severance Tax Return (TPT-1) for the month of June is filed.
- E. Late payment, underpayment, or non-payment of the annual estimated tax payment shall result in the following:
  1. Application of the penalty provisions under A.R.S. § 42-136;

## Department of Revenue - Transaction Privilege and Use Tax Section

2. Accrual of interest beginning from the due date of the annual estimated tax payment as prescribed in A.R.S. § 42-1322(D); and
3. Loss of the accounting credit, as defined in A.R.S. § 42-1322.04 for the June reporting period.

F. Taxpayers who are not required to make the annual estimated tax payment but make a voluntary annual estimated payment are not subject to subsection (E).

The following definitions apply for the Department's administration of use tax:

1. "Mail order retailer" means a retailer who solicits orders by mail, notwithstanding the fact that orders may be received by telephone or by mail or that goods may be delivered by mail or by private delivery system.
2. "Purchases" means purchase for storage, use, or consumption in Arizona.
3. "Retailer" includes any retailer located outside this state who solicits orders for tangible personal property by mail from points in this state if the solicitations are substantial and recurring.

**Historical Note**

Repealed effective July 23, 1985 (Supp. 85-4). New Section R15-5-2301 adopted effective December 6, 1990 (Supp. 90-4). Amended effective September 29, 1993 (Supp. 93-3).

**R15-5-2302. General**

- A. In this Section, "retailer" and "utility business" have the same meanings as prescribed in A.R.S. § 42-5151.
- B. A.R.S. § 42-5155 imposes Arizona use tax upon a purchaser that purchases tangible personal property from an out-of-state retailer or utility business if the retailer or utility business's gross receipts from the sale have not already been included in the measure of Arizona transaction privilege tax. Because Arizona transaction privilege tax and Arizona use tax are complementary taxes, only one of the taxes is imposed on a given transaction.
- C. Arizona use tax generally applies to the use, storage, or consumption in this state of tangible personal property purchased from an out-of-state retailer or utility business.
- D. If a purchaser pays to an out-of-state retailer or utility business a tax of another state levied on the sale or use of tangible personal property that is subject to Arizona use tax, the purchaser may apply the amount of tax paid to the other state against the purchaser's use tax liability.

- E. A purchaser that purchases tangible personal property exempt from tax because the property is purchased for resale in the ordinary course of business but subsequently uses or consumes the tangible personal property shall pay Arizona use tax.

- A. If tangible personal property is purchased outside Arizona and is subsequently brought into this state for use, storage, or consumption, the purchaser of such property shall be subject to the Arizona use tax unless the purchaser establishes to the satisfaction of the Department:
  1. That the property is not used in conducting a business in Arizona; and
  2. That the property was purchased for bona fide use or consumption outside Arizona. Unless shown otherwise, it shall be presumed that the property was purchased for bona fide use or consumption outside of Arizona if the property was purchased at least three months prior to its initial entry into Arizona; or
  3. If the property was purchased by a nonresident individual, that the first actual use or consumption of the property occurred outside Arizona.
- B. It shall be presumed that property brought into the state is subject to the use tax. The burden of proof that a purchase is not subject to use tax rests upon the purchaser.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- A.** Time-frames. The time-frames listed in Tables A and B apply to licenses issued by the Department.
1. "Department" means the Arizona Department of Transportation.
  2. "License" has the meaning prescribed in A.R.S. § 41-1001(10).
  3. "Administrative completeness review time-frame" has the meaning prescribed in A.R.S. § 41-1072(1).
  4. "Overall time-frame" has the meaning prescribed in A.R.S. § 41-1072(2).

If the application is incomplete, the Department shall issue a notice of deficiency to the applicant specifying the information required to make the application administratively complete.
1. The notice of deficiency shall list all missing information.
  2. A notice of deficiency issued by the Department within the administrative completeness review time-frame suspends the administrative completeness review time-frame and the overall time-frame, from the date the Department issues the notice of deficiency until the date that the Department receives all missing information from the applicant.
- C.** Denial during administrative completeness review.
1. If the applicant does not withdraw the application and does not respond, within 60 days after the date on a notice of deficiency issued under subsection (B), to each item listed in the notice of deficiency, the Department shall treat the application as withdrawn.   4. The notice of denial shall provide a justification for the denial and an explanation of the applicant's right to a hearing or appeal.
- D.** Substantive review – additional information. Within the time-frame for the substantive review listed in Tables A and B, the Department may issue a comprehensive request for additional information, or by mutual agreement with the applicant, issue a supplemental request for additional information.
1. Any request for additional information shall list all items of information required.
  2. Any request for additional information issued by the Department within the substantive review time-frame suspends the substantive review time-frame and overall time-frame, from the date the Department issues the request until the date that the Department receives all the required additional information from the applicant.
- E.** Denial during substantive review. The following provisions apply:
1. If the applicant does not withdraw the application and does not respond, within 60 days after the date on a request for additional information under subsection (D), to each item required by the request, the Department shall treat the application as withdrawn. The Department shall not issue a written notice of denial.
  2. The applicant may withdraw the application during the 60-day response period. If the applicant withdraws the application, the Department shall not issue a written notice of denial. If the applicant wishes to obtain a license after withdrawal of an application, an applicant shall submit a new application.
  3. The notice of denial shall provide a justification for the denial and an explanation of the applicant's right to a hearing or appeal.
- F.** Notification after substantive review. Upon completion of the substantive review, the Department shall notify the applicant in writing that the license is granted or denied within the overall time-frames listed in Tables A and B. The notice of denial shall provide a justification for the denial and an explanation of the applicant's right to a hearing or appeal.
- G.** Applicant response period. In computing the applicant's response periods prescribed in this Section, the last day of a response period is counted. An advertiser or sponsor may request reimbursement of any pre-paid lease payments if, for a reason solely caused by the Department or its contractor, the Department or its contractor does not install the advertiser's or sponsor's content or copy within 90 calendar days after receiving the pre-paid lease payments.
- J. The Department or its contractor shall refund any pre-paid lease payments to an advertiser or sponsor within 30 calendar days after the advertiser or sponsor requests reimbursement under subsection (I).
- K. The Department may require an advertiser or sponsor who requests reimbursement of pre-paid lease payments to provide additional information if required by the State of Arizona for processing a refund.
- 4. Display no directional information or indicators;
- 5. Display no telephone numbers, internet addresses, or other legends prohibited by the MUTCD for the purpose of contacting the sponsor or to obtain information on the sponsorship program, such as how to become a sponsor at an available site, unless such information is part of the sponsor's official name; and
- 6. Remain in place only for the duration of the sponsorship agreement.
- C. The Department or its contractor shall not place acknowledgment signs or plaques at key decision points where a driver's attention is more appropriately focused on traffic control devices, roadway geometry, or traffic conditions.

**Historical Note**

New Section R17-1-709 made by final rulemaking at 24 A.A.R. 673, effective May 7, 2018 (Supp. 18-1).

**R17-1-710. Criteria for Highway-related Acknowledgment Signs and Plaques**

- A. For highway-related sponsorship opportunities, the Department or its contractor shall:
  - 1. Ensure that acknowledgment signs and plaques take only the form of static, non-changeable, non-electronic legends to maintain the recognition value of official devices used for traffic control;
  - 2. Ensure that messages on acknowledgment signs and plaques are not interspersed, combined, or alternated with other official traffic control messages, either in the same display space, by adjacency in the same assembly, or by adjacency of multiple assemblies whose longitudinal separation does not meet the placement criteria contained in the MUTCD, including when placed on opposite sides of the roadway facing the same direction of travel, except as provided for acknowledgment plaques under R17-1-711(B);
  - 3. Ensure that the focus remains on the service provided rather than on the sponsor, and that the sponsor logo area on an acknowledgment sign or plaque is a horizontally oriented rectangle, consistent with the provisions on business logos in the MUTCD, Chapter 2J, Specific Service Signs. The width of the rectangle shall be at least approximately 1.67 times its height, the total area of which shall not exceed the maximum referenced or specified in this Article or the MUTCD. The word legend describing the activity, such as "SPONSORED BY," shall be composed of upper-case lettering of the FHWA standard alphabets at least three inches high on conventional roads and at least four inches high on expressways and freeways;
  - 4. Ensure that any slogan displayed on an acknowledgment sign is a brief jurisdiction-wide slogan or that of a program name, such as "ADOPT-A-HIGHWAY." Slogans for companion, supplementary, or other programs unrelated to the service being sponsored shall not be displayed on any acknowledgment sign or plaque, in accordance with the MUTCD, Section 2H.08, Acknowledgment Signs.
  - 5. Ensure that if a graphic business logo is used to represent a sponsor, instead of a word legend using the FHWA Standard Alphabets, the logo is the principal trademarked official logo that represents the business name of the sponsor. Secondary logos or representations, even if trademarked, copyrighted, or otherwise protected, are classified as promotional advertising and are not allowed as provided under the MUTCD, Section 1A.01, Purpose of Traffic Control Devices;

**Historical Note**

New Section R17-1-708 made by final rulemaking at 24 A.A.R. 673, effective May 7, 2018 (Supp. 18-1).

**R17-1-709. Acknowledgment Signs and Plaques; Design and Placement**

- A. The Department may acknowledge sponsors with acknowledgment signs or plaques. Acknowledgment signs and plaques shall meet all of the general principles and specific design and placement criteria prescribed in the MUTCD, Part 2, Signs, as supplemented by the most recent edition of the FHWA Standard Highway Signs and Markings Book:
  - 1. An acknowledgment sign is installed only as an independent sign assembly unless the acknowledgment sign is part of the Department's Adopt-a-Highway Volunteer Program; and
  - 2. An acknowledgment plaque is installed only in the same sign assembly below a primary sign that provides the road user specific information on accessing the service being sponsored. A plaque legend is displayed on a separate substrate from that of the sign below which it is mounted.
- B. Acknowledgment signs and plaques shall:
  - 1. Be appropriately sized for the legibility needs of a bike-way or path user when located on a bikeway or shared-use path;
  - 2. Be placed near the site being sponsored, consistent with the purpose and principles of traffic control devices in the MUTCD, Part 1, General and Part 2, Signs;
  - 3. Be placed approximately one mile away from other acknowledgment signs or plaques associated with the same element of the Department's highway operation, such as Adopt-a-Highway, when facing the same direction, as consistent with the purpose and principles of traffic control devices in the MUTCD, Part 1, General and Part 2, Signs;

## Department of Transportation – Administration

6. Ensure compliance with the following design guidelines if a graphic business logo is used to represent a sponsor:
    - a. Logos shall be as simple as possible and provide good readability during both daylight and nighttime hours;
    - b. Logos may consist of a symbol, trademark, or a legend message identifying the name or abbreviation of a specific business;
    - c. Logos shall not contain a telephone or fax number, street name, e-mail or web address, or a direction indicator as part of the business logo unless such information is part of the sponsor's official name;
    - d. Logos shall not resemble an official traffic control device; and
    - e. Symbols or trademarks used alone for acknowledgment shall be simple and dignified and reproduced in the colors and general shape consistent with customary use, and any integral legend shall be in proportionate size.
  7. Obtain an encroachment permit if applicable under 17 A.A.C. 3, Article 5, before installing, maintaining, or removing sponsorship content or copy from a highway-related facility or asset of the Department located along a state highway; and
  8. Determine the best placement of sponsorship content or copy and cooperate with the sponsor to provide all appropriate information to the public as outlined in both the contract and the sponsorship agreement, while remaining in full compliance with any encroachment permit requirements, if the contractor requests an encroachment permit under 17 A.A.C. 3, Article 5.
- B.** For highway-related sponsorship opportunities, the Department or its contractor shall not:
1. Install acknowledgment signs or plaques overhead due to maximum overall size limitations and related safety considerations. Only roadside, post-mounted installations of acknowledgment signs and plaques are allowed;
  2. Allow promotional advertising on any traffic control device or its supports, as provided under the MUTCD, Section 1A.01, Purpose of Traffic Control Devices;
  3. Allow acknowledgment signs and plaques to contain an alternative business name that appears to have the sole or primary purpose of circumventing the MUTCD provisions. Such content or copy is considered promotional advertising rather than acknowledgment of a sponsor providing a highway-related service; and
  4. Allow sponsorship acknowledgment signs or plaques that include displays that mimic, or in the Department's sole discretion, attempt to mimic, imitate, or resemble advertising. The determination of whether a sign mimics or constitutes advertising lies solely with the Department, applying in good faith the relevant standards set forth by the FHWA.
- Historical Note**
- New Section R17-1-710 made by final rulemaking at 24 A.A.R. 673, effective May 7, 2018 (Supp. 18-1).
- R17-1-711. Highway-related Sponsorship Restrictions and Allowances; Existing Leases or Agreements**
- A.** For sponsorship of rest areas, the Department or its contractor:
1. May install one acknowledgment sign for each direction of travel on the highway mainline;
  2. May place additional acknowledgment signs within a rest area, provided that the sign legends are not visible to the highway mainline traffic and do not pose safety risks to rest area users;
- B.** Shall not append acknowledgment signs to any other sign, sign assembly, or other traffic control device; and
- C.** Shall not place acknowledgment signs within 500 feet of other traffic control devices located on the highway mainline.
- B.** For sponsorship of travel service programs that are not site specific, such as 511 traveler information, radio-weather, radio-traffic, and emergency service patrol, the Department or its contractor may mount an acknowledgment plaque below a general service sign for that program in the same sign assembly. The acknowledgment plaque shall:
1. Be a horizontally oriented rectangle, with the horizontal dimension longer than the vertical dimension;
  2. Be of a size not to exceed approximately one-third of the area of the general service sign below which it is mounted or 24 square feet, whichever is less;
  3. Be of a size not to exceed approximately one-third of the area of the largest size prescribed in the MUTCD for the specific standard sign below which the acknowledgment plaque is mounted, even if the standard sign was enlarged under the MUTCD, Sections 2A.11, Dimensions and 2I.01, Sizes of General Service Signs, or was designated in the MUTCD as being oversized for its application; and
  4. Be of a size that is equivalent to the unmodified national standard for the sign, as provided in the MUTCD, even if the size of the standard sign is modified based on the Arizona supplement to the MUTCD, or other equivalent, and would result in a sign size larger than that of the standard sign prescribed in the MUTCD.
- C.** For sponsorship by way of providing highway-related services, products, or monetary contributions that result in a naming sponsorship granted by the Department, where the sponsor is allowed naming rights to an officially mapped, named or numbered highway, the Department or its contractor:
1. May use only acknowledgment signs to place an unofficial overlay or secondary designation in the name of the sponsor on the official highway name or number through proclamation, contract, agreement, or other means for acknowledgment within the highway right-of-way; and
  2. Shall not display on an acknowledgment sign a legend that states, either explicitly or by implication, that the highway is named for the sponsor.
- D.** For the purpose of protecting life or property, the Department may install on any highway or non-highway asset or facility under its jurisdiction a changeable message sign, traffic control device, or other official sign provided by a sponsor. The name of the sponsor who made placement of the item possible may be affixed to the official sign or device in a conspicuous location visible from the main traveled roadway, unless specifically prohibited by federal law, including on the sign base, apron, supports, or other structural member. No more than one sponsor's name may appear on any one official sign or device at any given time.
- E.** The Department or its contractor shall solely determine the placement of any new advertising or sponsorship content as new opportunities arise, whether a previously leased location is vacated, a waiting list exists, another advertiser or sponsor seeks to lease or sponsor a specific asset or facility, or a new location is identified and made available for advertising or sponsorship opportunities.
- F.** The provisions of this Article apply to new and modified acknowledgment sign installations in support of national uniformity and consistency. Acknowledgment signs installed prior to the effective date of this Section are subject only to the terms and conditions provided in any existing lease or other agreement already in effect between the Department and an

advertiser or sponsor. Replacement of an existing acknowledgment sign for compliance with this Article is not required unless the currently installed acknowledgment sign is no longer serviceable or the advertiser or sponsor requests a modification of the sponsor name or logo that is consistent with this Article.

**R17-1-712. Program Eligibility and Compliance**

- A. An advertiser or sponsor participating in the Department's advertising and sponsorship program shall ensure compliance with A.R.S. § 28-7316 and all criteria established under this Article.
- B. The Department or its contractor may choose not to enter into, or renew, an advertising or sponsorship agreement if the eligibility criteria provided under this Article is not met.
- C. An advertiser or sponsor is ineligible to place advertising or sponsorship content on any asset or facility of the Department if:
  - 1. Thirty calendar days have elapsed since the Department or its contractor issued a notice of default to the advertiser or sponsor and the default remains uncured, or
  - 2. The advertiser or sponsor has defaulted on an advertising or sponsorship agreement made with the Department or its contractor.

**Historical Note**

New Section R17-1-712 made by final rulemaking at 24 A.A.R. 673, effective May 7, 2018 (Supp. 18-1).

**R17-1-713. Advertising or Sponsorship Agreement or Lease Termination**

- A. If an advertiser or sponsor becomes ineligible to participate in the Department's advertising and sponsorship program, the Department or its contractor shall remove any existing content or copy from the Department asset or facility after notifying the ineligible advertiser or sponsor as provided in the advertising or sponsorship agreement.
- B. An advertiser or sponsor who becomes ineligible to participate in the Department's advertising and sponsorship program may be held responsible for the costs involved with removal or reinstallation of advertising or sponsorship acknowledgment

signs in accordance with the terms and conditions provided in the advertiser's or sponsor's written lease or other agreement with the Department or its contractor.

**Historical Note**

New Section R17-1-713 made by final rulemaking at 24 A.A.R. 673, effective May 7, 2018 (Supp. 18-1).

**R17-1-714. Removal of Advertising or Sponsorship Content; Program Termination**

- A. If the Department temporarily requires removal of an acknowledgment sign or advertising or sponsorship content or copy from any Department facility or asset for construction activities in the area that may pose conflicts with the sponsorship, as provided under R17-1-704(B) (i.e. sign needs to be removed due to a road widening project), the Department or its contractor, in its sole discretion, may:
  - 1. Relocate the acknowledgment sign or advertising or sponsorship content or copy to a comparable site for the duration of the advertising or sponsorship agreement, if requested by the advertiser or sponsor and the acknowledgment sign or advertising or sponsorship content or copy is for a program that is not site-specific; or
  - 2. Re-erect the acknowledgment sign or advertising or sponsorship content or copy at its original location once the construction activities are completed, if possible, and revise the original advertising or sponsorship agreement to remain in place until the minimum lease obligations are fulfilled.
- B. If the Department's advertising and sponsorship program is terminated, the Department or its contractor shall:
  - 1. Notify an advertiser or sponsor by mail, or a mutually agreed upon electronic communication method, of the program termination and the location where an advertiser or sponsor may claim its materials, if any;
  - 2. Remove all advertising or sponsorship content or copy from any Department facilities or assets; and
  - 3. Refund unused lease payments to each advertiser or sponsor on a prorated basis.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.
