## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 9. HEALTH SERVICES

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

*Editor's Note: The Office of the Secretary of State prints all Code Chapters on white paper (Supp 01-3).*

*Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1993, Ch. 6, § 34. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

3. The Administration or a contractor may waive the covered services referral requirements of this Article.
4. Except as authorized by the Administration or a contractor, a primary care provider, attending physician, practitioner, or a dentist shall provide or direct the member’s covered services. Delegation of the provision of care to a

practitioner does not diminish the role or responsibility of the primary care provider.

5. A contractor shall offer a female member direct access to preventive and routine services from gynecology providers within the contractor’s network without a referral from a primary care provider.
6. A member may receive physical and behavioral health services as specified in Articles 2 and 12.
7. The Administration or a contractor shall provide services under the Section 1115 Waiver as defined in A.R.S. § 36-2901.

The Administration or a contractor shall not provide prior authorization for services unless the provider submits documentation of the medical necessity of the treatment along with the prior authorization request.

- D.** Services under A.R.S. § 36-2908 provided during the prior period coverage do not require prior authorization.
- E.** Prior authorization is not required for services necessary to evaluate and stabilize an emergency medical condition. The Administration or a contractor shall not reimburse services that require prior authorization unless the provider documents the diagnosis and treatment.
- F.** A service is not a covered service if provided outside the GSA unless one of the following applies:
  1. A member is referred by a primary care provider for medical specialty care outside the GSA. If a member is referred outside the GSA to receive an authorized medically necessary service, the contractor shall also provide all other medically necessary covered services for the member;
  2. There is a net savings in service delivery costs as a result of going outside the GSA that does not require undue travel time or hardship for a member or the member’s family;
  3. The contractor authorizes placement in a nursing facility located out of the GSA; or
  4. Services are provided during prior period coverage or during the prior quarter coverage.
- G.** If a member is traveling or temporarily residing outside of the GSA, covered services are restricted to emergency care services, unless otherwise authorized by the contractor.

- I.** The Administration shall determine the circumstances under which a FFS member may receive services, other than emergency services, from service providers outside the member’s

2. A contractor shall pay for noncovered services from administrative revenue or other contractor funds that are unrelated to the provision of services under this Chapter.
3. If a member requests a service that is not covered or is not authorized by a contractor, or the Administration, an AHCCCS-registered service provider may provide the service according to R9-22-702.

**K.** Subject to CMS approval, the restrictions, limitations, and exclusions specified in the following subsections do not apply to American Indians receiving services through IHS or a tribal health program operating under P.L. 93-638 when those services are eligible for 100 percent federal financial participation:

1. Placing the member's health in serious jeopardy,
2. Serious impairment to bodily functions,
3. Serious dysfunction of any bodily organ or part, or

**B.** Services. "Emergency services for a FES member" mean those medical or behavioral health services provided for the treatment of an emergency condition. 3. Serious dysfunction of a bodily organ or part.

**C.** Covered services. Services are considered emergency services if all of the criteria specified in subsection (A) are satisfied at the time the services are rendered. The Administration shall determine whether an emergency condition exists on a case-by-case basis.

**R9-22-712. Reimbursement: General**

- A.** Inpatient and outpatient discounts and penalties. If a claim is pending for additional documentation required under A.R.S. § 36-2903.01(G)(4), the period during which the claim is pending is not used in the calculation of the quick-pay discounts and slow-pay penalties under A.R.S. § 36-2903.01(G)(5).
- B.** Inpatient and outpatient in-state or out-of-state hospital payments.
1. Payment for inpatient out-of-state hospital services for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state

hospital that specifies payment rates, AHCCCS shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(d).

2. Payment for inpatient in-state hospital services for claims with discharge dates on or before September 30, 2014. AHCCCS shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.
  3. Payment for inpatient in-state or out-of-state hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in the absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
  4. Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse an out-of-state hospital for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the Administration shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.
  5. Outpatient in-state hospital payments. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
- C.** Access to records. Subcontracting and noncontracting providers of outpatient or inpatient hospital services shall allow the Administration access to medical records regarding eligible persons and shall in all other ways fully cooperate with the Administration or the Administration's designated representative in performance of the Administration's utilization control activities. The Administration shall deny a claim for failure to cooperate.
- D.** Prior authorization. The Administration or contractor may deny a claim if a provider fails to obtain prior authorization as required under R9-22-210.
- E.** Review of claims. Regardless of prior authorization or concurrent review activities, the Administration may subject all hospital claims, including outliers, to prepayment medical review or post-payment review, or both. The Administration shall conduct post-payment reviews consistent with A.R.S. § 36-2903.01 and may recoup erroneously paid claims.
- F.** Claim receipt.
1. The Administration's date of receipt of inpatient or outpatient hospital claims is the date the claim is received by the Administration as indicated by the date stamp on the claim and the system-generated claim reference number or system-generated date-specific number.
  2. Hospital claims are considered paid on the date indicated on disbursement checks.
  3. A denied claim is considered adjudicated on the date the claim is denied.

## Arizona Health Care Cost Containment System - Administration

4. Claims that are denied and are resubmitted are assigned new receipt dates.
  5. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the Administration shall assign a new date of receipt upon receipt of the additional documentation.
  6. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the Administration shall not assign a new date of receipt.
- G. Outpatient hospital reimbursement.** The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.
1. Computation of outpatient hospital reimbursement. The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital's Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:
    - a. Cost-to-charge ratios. The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital's Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
    - b. Cost-to-charge limit. To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.
  2. New hospitals. The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
  3. Specialty outpatient services. The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
  4. Reimbursement requirements. To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services provided before the hospital admission are included in the tiered per diem payment.
  5. Rebasing. The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.
  6. If a hospital files an increase in its charge master for an existing outpatient service provided on or after July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:  

$$CCR * [1.047 / (1 + \% \text{ increase})]$$
 Where "CCR" means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and "% increase" means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master.  
 "Charge master" means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.01. Inpatient Hospital Reimbursement for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014**

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHCCCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for the fiscal year ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital's 1996 fiscal year end.
  - a. Medicare Cost Report data. Because Medicare Cost Report years are not standard among hospitals and were not audited at the time of the rate calculation, the Administration shall inflate all the costs to a common point in time as described in subsection (2) for each component of the tiered per diem rates. The Administration shall not make any changes to the tiered per diem rates if the Medicare Cost Report data are subsequently updated or adjusted. If a single Medicare Cost Report is filed for more than one hospital, the Administration shall allocate the costs to each of the respective hospitals. A hospital shall submit information to assist the Administration in this allocation.
  - b. Claim and encounter data. For the database, the Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were accepted and processed by the Administration at the time the database was developed for rates effective on and after October 1, 1998. The Administration shall subject the claim and encounter data to a series of data quality, reasonableness, and integrity edits and shall exclude from the database or adjust claims and encounters that fail these edits. The Administration shall also exclude from the database the following claims and encounters:
    - i. Those missing information necessary for the rate calculation,
    - ii. Medicare crossovers,
    - iii. Those submitted by freestanding psychiatric hospitals, and
    - iv. Those for transplant services or any other hospital service that the Administration would pay on a basis other than the tiered per diem rate.
2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based

on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.

- a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:
  - i. Data preparation. The Administration shall identify and group into department categories, the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.
  - ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital's claims and encounters. The AHCCCS inpatient days of care on the particular hospital's claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital's Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimbursable costs. The Administration shall further inflate operating costs to the midpoint of the rate year (March 31, 1999).
  - iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital's certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure

## Arizona Health Care Cost Containment System - Administration

- by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).
- iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.
  - b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.
  - c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.
  - d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.
3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these.
    - a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment through September 30, 2014 in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.
    - b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.
    - c. Seven tiers. The seven tiers are:
      - i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.
      - ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.
      - iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.
      - iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.
      - v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient

## Arizona Health Care Cost Containment System - Administration

- hospital days of care in the psychiatric tier with any tier other than the ICU tier.
- vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.
  - vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.
4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.
  5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The Administration shall update new hospital tiered per diem rates through September 30, 2011.
  6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.
    - a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.
    - b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.
    - c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.
      - i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.
      - ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.
      - iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.
    - d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.
      - i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.
      - ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).

## Arizona Health Care Cost Containment System - Administration

- iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after April 1, 2011 by an additional percentage equal to the total percent increase reported on the charge master.
  - iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.
7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed through the terms of the relevant contract. If the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.
  8. Ownership change. The Administration shall not change any of the components of a hospital's tiered per diem rates upon an ownership change.
  9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.
  10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, "specialty facility" means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.
  11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.
  12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

- R9-22-712.05. Graduate Medical Education Fund Allocation**
  - A.** Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(G)(9)(a).
  - B.** Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).
    1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
      - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
      - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
      - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
    2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
      - a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(G)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
      - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(G)(9)(a) that were established before July 1, 2006.
    3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
      - a. A GME program shall provide all of the following:
        - i. The program name and number assigned by the accrediting organization;
        - ii. The original date of accreditation;
        - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
        - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
        - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the pro-

- gram has not already provided this information to the Administration;
- b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
    - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
    - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
    - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.
4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
- a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
  - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
    - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
    - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
  - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
    - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
  - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
  - d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per-resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per-resident conversion factor shall be determined as follows:
    - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
    - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for those hospitals described under subsection (B)(4)(d)(i).
    - iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
- a. The allocated amounts shall be distributed in the following order of priority:
    - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
    - ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
  - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
  - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
- C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration

to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).

1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
  - a. All filled resident positions in approved programs established on or after July 1, 2006; and
  - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
  - a. A GME program shall provide all of the following:
    - i. The requirements of subsections (B)(3)(a)(i) through (iv);
    - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
    - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
  - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
  - a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
  - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
  - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number

of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.

- d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
  - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).
- D.** Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
    - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona or is the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;
    - b. It incurs indirect program costs for the training of residents in the GME programs, which are or will be calculated on the hospital's Medicare Cost Report or are reimbursable under the Children's Hospitals Graduate Medical Education Payment Program administered by HRSA;
    - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
  2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
    - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
    - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000

- persons at the time the residency rotation was added to the academic year rotation schedule.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
    - a. A GME program shall provide all of the following:
      - i. The requirements of subsections (B)(3)(a)(i) through (iv);
      - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
      - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
    - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
  4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
    - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
    - b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
      - i. Calculate each hospital's Medicare share by dividing the Medicare inpatient discharges on the Medicare Cost Report by the total inpatient hospital discharges on the Medicare Cost Report.
      - ii. Calculate the ratio of residents to beds by dividing the total allocated residents described in subsection (B)(4)(d)(ii) by the number of bed days available from the Medicare Cost Report and dividing the result by the number of days in the cost reporting period.
      - iii. Calculate the indirect medical education adjustment factor by adding 1 to the value calculated in (D)(4)(b)(ii), multiplying the result by the exponential value 0.405, subtracting 1 from the result, and multiplying that result by 1.35.
      - iv. Calculate each hospital's total indirect medical education cost by adding the DRG amounts other than outlier payments from the Medicare cost report and the managed care simulated payments from the Medicare Cost Report, multiplying the total by the indirect medical education adjustment factor determined in (D)(4)(b)(iii) and dividing the result by the Medicare share determined in (D)(4)(b)(i).
      - v. Calculate each hospital's Medicaid indirect medical education cost by multiplying the amount determined in (D)(4)(b)(iv) by the value determined in subsection (B)(4)(c)(i).
      - vi. Total the amounts determined in (D)(4)(b)(v) for all hospitals, divide the result by the total allocated residents described in subsection (B)(4)(d)(ii) for all hospitals, and divide that result by 12.
  5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the amount calculated for the hospital at subsection (D)(4)(a).
  - E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.
  - F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals that are eligible under subsection (D)(1) and specified by the local, county, or tribal government for indirect program costs other than those reimbursed under subsection (D). The Administration shall allocate available funds in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the greatest among the following amounts, less any amounts distributed under subsection (D)(5):
    1. The amount that results from multiplying the total number of eligible residents allocated to the hospital under subsection (B)(4)(d)(ii) by 12 by the per resident per month conversion factor determined under subsection (D)(4)(b);
    2. The amount calculated for the hospital at subsection (D)(4)(b)(v); or
    3. The median of all amounts calculated at subsection (D)(4)(b)(v) if the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report.

**R9-22-712.06. Reserved****R9-22-712.07. Rural Hospital Inpatient Fund Allocation**

- A. For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:

## Arizona Health Care Cost Containment System - Administration

1. "Calculated inpatient costs" means the sum of inpatient covered charges multiplied by the Milliman study's implied cost-to-charge ratio of .8959.
  2. "Claims paid amount" means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered for dates of service during the previous state fiscal year.
  3. "Fund" means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02 and any federal funds that are available for matching the state funds.
  4. "Inpatient covered charges" means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.
  5. "Milliman study" means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled "Evaluation of the AHCCCS Inpatient Hospital Reimbursement System" prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.
  6. "Rural hospital" means a health care institution that is licensed as an acute care hospital by the Arizona Department of Health Services for the previous state fiscal year and is not an IHS hospital or a tribally owned or operated facility and:
    - a. Has 100 or fewer PPS beds, not including beds reported as sub provider beds on the hospital's Medicare Cost Report, and is located in a county with a population of less than 500,000 persons, or
    - b. Is designated as a critical access hospital for the majority of the previous state fiscal year.
- B.** Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:
1. Rural hospitals with 25 or fewer PPS beds not including sub provider beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
  2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds not including sub provider beds; and
  3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds not including sub provider beds.
- C.** The Administration shall allocate the Fund to each pool according to the ratio of claims paid amount for all hospitals assigned to the pool to total claims paid amount for all rural hospitals.
- D.** The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.
- E.** The Administration shall not make a Fund payment to a hospital that will result in the hospital's claims paid amount plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
1. If a hospital's claims paid amount plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's claims paid amount.
  2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
- F.** If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.
- G.** Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

**Exhibit 1. Pool Example**

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation (\$2,000,000 + \$3,000,000 = \$5,000,000).

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

- A. To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:
  1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
  2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
  3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
  4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
  5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
  6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
  7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
  8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
  9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
    - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
    - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
    - c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
  10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.

## Arizona Health Care Cost Containment System - Administration

11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.
- B. For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-Service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.
  1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
  2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.
- C. The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

- C.** In addition to subsections (A) and (B), an Arizona Level 1 trauma center as defined by R9-22-2101 shall receive a 50 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services and out-of-state hospital services) for Level 2 and 3 emergency department procedures.
- D.** Hospitals with greater than 100 pediatric beds not receiving an increase under subsection (B) shall receive an 18 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services).
- E.** For outpatient services with dates of service from October 1, 2017 through September 30, 2018, the payment otherwise required for outpatient hospital services provided by qualifying hospitals shall be increased by a percentage established by the administration. The percentage is published on the Administration's public website as part of its fee schedule subsequent to the public notice published no later than September 1, 2017. To qualify, by May 15, 2017, the hospital must have executed an agreement with and electronically submitted laboratory, radiology, transcription, and medication information, plus admission, discharge, and transfer information (including data from the hospital emergency department), to a qualifying health information exchange organization.
- F.** Fee adjustments made under subsection (A), (B), (C), (D), and (E) are on file with AHCCCS and current adjustments are posted on AHCCCS' web site.

**R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update**

- A.** Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
- B.** APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C.** Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
  2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.
- D.** Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E.** Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F.** Statewide CCR:
1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
  2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).
- G.** Other Updates. In addition to the other updates provided for in this section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient

to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

- A. Inpatient hospital services with discharge dates on or after October 1, 2014, shall be reimbursed using the diagnosis related group (DRG) payment methodology described in this section and sections R9-22-712.61 through R9-22-712.81.
- B. Payments made using the DRG methodology shall be the sole reimbursement to the hospital for all inpatient hospital services and related supplies provided by the hospital. Services provided in the emergency room, observation area, or other outpatient departments that are directly followed by an inpatient admission to the same hospital are not reimbursed separately. Are reimbursed through the DRG methodology and not reimbursed separately.
- C. Each claim for an inpatient hospital stay shall be assigned a DRG code and a DRG relative weight based on the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health Information Systems. The applicable version of the APR-DRG classification system shall be available on the agency's website.
- D. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to quick pay discounts and slow pay penalties under A.R.S. 36-2904.
- E. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to the Urban Hospital Reimbursement Program under R9-22-718.
- F. For purposes of this section and sections R9-22-712.61 through R9-22-712.81:
  1. "DRG National Average length of stay" means the national arithmetic mean length of stay published in the All Patient Refined Diagnosis Related Group (APR-DRG) classification established by 3M Health Information Systems.
  2. "Length of stay" means the total number of calendar days of an inpatient stay beginning with the date of admission through discharge, but not including the date of discharge (including the date of a discharge to another hospital, i.e., a transfer) unless the member expires.
  3. "Medicare" means Title XVIII of the Social Security Act, 42 U.S.C. 1395 *et seq.*
  4. "Medicare labor share" means a hospital's labor costs as a percentage of its total costs as determined by CMS for purposes of the Medicare Inpatient Prospective Payment System.

**R9-22-712.61. DRG Payments: Exceptions**

- A.** Notwithstanding section R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the outlier CCR. The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS. The resulting amount will be the total reimbursement for the claim. There is no provision for outlier payments for hospitals described under subsection (A)(3).
- Hospitals designated as type: hospital, subtype; rehabilitation in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website in March of each year;
  - Hospitals designated as type: hospital, subtype: long term in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
  - Hospitals designated as type: hospital, subtype; psychiatric in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
- B.** Notwithstanding section R9-22-712.60, claims for inpatient services that are covered by a RBHA or TRBHA, where the principal diagnosis on the claim is a behavioral health diagnosis, shall be reimbursed as prescribed by a per diem rate described by a fee schedule established by the Administration; however, if the principal diagnosis is a physical health diagnosis, the claim shall be processed under the DRG methodology described in this section, even if behavioral health services are provided during the inpatient stay.
- C.** Notwithstanding section R9-22-712.60, claims for services associated with transplant services shall be paid in accordance with the contract between the AHCCCS administration and the transplant facility.
- D.** Notwithstanding section R9-22-712.60, claims from an IHS facility or 638 Tribal provider shall be paid the all-inclusive rate on a per visit basis in accordance with the rates published annually by IHS in the federal register.
- E.** For hospitals that have contracts with the Administration for the provision of transplant services, inpatient days associated with transplant services are paid in accordance with the terms of the contract.
- F.** For inpatient services with a date of admission from January 1, 2018 through September 30, 2018, provided by a hospital in subsection (A) that qualifies, the administration shall pay the hospital an Inpatient VBP Differential Adjusted Payment equal to the sum of the payment otherwise provided for in subsection (A) plus the product of the amount otherwise provided for in subsection (A) and a percentage published on the Administration's public website as part of its fee schedule, subsequent to a public notice published no later than Decem-

ber 1, 2017. To qualify for the Inpatient VBP Differential Adjusted Payment, the exempt hospital must have:

- Executed an agreement with a qualifying health information exchange by May 15, 2017;
- Been determined by a qualifying health information exchange organization, based on a readiness review conducted by the organization, capable of connecting with the exchange by October 1, 2017; and
- Electronically submitted admission, discharge, and transfer information to a qualifying health information exchange organization by October 1, 2017, including information from the emergency department if the hospital operates an emergency department.

**R9-22-712.62. DRG Base Payment**

- A.** The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B.** The DRG base rate for each hospital is the statewide standardized amount of which the hospital's labor-related share of that amount is adjusted by the hospital's wage index. The hospital's labor share is determined based on the labor share for the Medicare inpatient prospective payment system published in Volume 81 of the Federal Register at page 57312 published August 22, 2016. The hospital's wage index is determined based on the wage index tables reference in Volume 81 of the Federal Register at page 57311 published August 22, 2016. The statewide standardized amount is included in the AHC-CCS capped fee schedule available on the agency's website.
- C.** Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the "pre-HCAC" DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the "post-HCAC" DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

**R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount**

- A.** Notwithstanding section R9-22-712.62, a select specialty hospital standardized amount shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:
- Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
  - Hospitals designated as type: hospital, subtype: short-term that has a license number beginning "SH" in the Provider & Facility Database for Arizona Medical Facili-

**R9-22-712.64. DRG Base Payments and Outlier CCR for Out-of-State Hospitals****A.** DRG Base payment:

1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be included in the AHCCCS capped fee schedule available on the agency's website.

**B.** Outlier CCR:

1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.

- C.** A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2015.

- D.** Other than as required by this section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

**R9-22-712.65. DRG Provider Policy Adjustor**

- A.** After calculating the DRG base payment as required in sections R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor that is included in the AHCCCS capped fee schedule available on the agency's website.

- B.** A hospital is a high-utilization hospital if the hospital had:

1. Covered inpatient days subject to DRG reimbursement, determined using adjudicated claim and encounter data during the fiscal year beginning October 1, 2015, equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals;
2. A Medicaid inpatient utilization rate greater than 30% calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital's

Medicare Cost Report for the fiscal year ending 2016; and,

3. Received less than \$2 million in add-on payment for outliers under R9-22-712.68, based on adjudicated claims and encounters for fiscal year beginning October 1, 2015.

**R9-22-712.66. DRG Service Policy Adjustor**

In addition to Section R9-22-712.65, for claims with DRG codes in the following categories, the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code, and the DRG provider policy adjustor shall be multiplied by the service policy adjustor listed in the AHCCCS capped fee schedule, available on the agency's website, corresponding to the following DRG codes:

1. Normal newborn DRG codes,
2. Neonates DRG codes,
3. Obstetrics DRG codes,
4. Psychiatric DRG codes,
5. Rehabilitation DRG codes,
6. Burn DRG codes.
7. Claims for members under age 19 assigned DRG codes other than listed above:
  - a. For dates of discharge occurring on or after October 1, 2014 and ending no later than December 31, 2015 regardless of severity of illness level,
  - b. For dates of discharge on or after January 1, 2016, for severity of illness levels 1 and 2,
  - c. For dates of discharge on or after January 1, 2016 and before January 1, 2017, for severity of illness levels 3 and 4.
  - d. For dates of discharge on or after January 1, 2017, and before January 1, 2018 for severity of illness levels 3 and 4.
  - e. For dates of discharge on or after January 1, 2018, for severity of illness levels 3 and 4.
8. Claims for members assigned DRG codes other than listed above.

**R9-22-712.67. DRG Reimbursement: Transfers**

- A.** For purposes of this Section a "transfer" means the transfer of a member from a hospital to a short-term general hospital for inpatient care, a designated cancer center, children's hospital, or a critical access hospital except when a member is moved for the purpose of receiving sub-acute services.
- B.** Designated cancer center or children's hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.
- C.** The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.
- D.** The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjustors, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.

## Arizona Health Care Cost Containment System - Administration

- E. The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.
- F. Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjusters, or the transfer DRG base payment, whichever is less.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

**R9-22-712.68. DRG Reimbursement: Unadjusted Outlier Add-on Payment**

- A. Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.
- B. The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:
  - 1. For hospitals designated as type: hospital, subtype: children's in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
  - 2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
  - 3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
- C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
- D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency's website.
- E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency's website.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

**R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment**

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members**

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.
2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**R9-22-712.71. Final DRG Payment**

The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Inpatient Value Based Purchasing (VBP) Differential Adjusted Payment.

1. For claims with dates of discharge prior to January 1, 2018, the final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition. For claims with dates of discharge on and after January 1, 2018, no adjustment will be made to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology or to account for improvements in documentation and coding.
2. For claims with dates of discharge prior to January 1, 2018, the final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition. For claims with dates of discharge on and after January 1, 2018, no adjustment will be made to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology or to account for improvements in documentation and coding.
3. The factor for each hospital and for claims with dates of discharge prior to January 1, 2018 is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration's website and is on file for public inspection at the AHCCCS administration located at 701 E. Jefferson Street, Phoenix, Arizona.
4. For inpatient services with a date of discharge from October 1, 2017 through September 30, 2018, the Inpatient VBP Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add-on payment multiplied by a percentage published on the Administration's public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2017. To qualify for the Inpatient VBP Differential Adjusted Payment, a hospital providing inpatient hospital services must by May 15, 2017, have executed an agreement with a qualifying health information exchange organization and electronically submitted laboratory, radiology, transcription, and medication information, plus admission, discharge, and transfer information (including data from the hospital emergency department), to a qualifying health information exchange organization.

**R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay**

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission.
- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the same manner as other interim claims as described in R9-22-712.76.

**R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare**

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

**R9-22-712.75. DRG Reimbursement: Payment for Administrative Days**

- A. Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.
  1. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.

## Arizona Health Care Cost Containment System - Administration

2. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
  3. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
- B.** Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital's administrative or operational delays.
- C.** Prior authorization is required for administrative days.
- D.** A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.
- E.** Administrative days are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care (e.g., as nursing facility days).

- B.** Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.
- C.** Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

- A.** Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B.** Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired on the date of discharge shall be reimbursed under the DRG methodology.

**R9-22-712.78. DRG Reimbursement: Readmissions**

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be

disallowed only if the readmission could have been prevented by the hospital.

**R9-22-712.79. DRG Reimbursement: Change of Ownership**

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

- A.** DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in section R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in section R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in section R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in section R9-22-712.62(B).
- B.** Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in section R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in section R9-22-712.68(C).
- C.** In addition to the requirement of this section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

The Administration shall publish any proposed

- E.** Services provided by an outpatient treatment center that provides emergency room services under R9-10-1019, but does not otherwise meet the criteria in subsection A, shall be reimbursed based on the non-hospital AHCCCS capped fee-for-service schedule under R9-22-710.
- F.** The Administration shall not reimburse a hospital for services provided at a hospital-based FSED if the member is admitted directly from a hospital-based FSED to a hospital with an ownership interest in the hospital-based FSED. - A. Reinsurance is a stop-loss program provided by the Administration to a contractor for partial reimbursement of the cost of covered services for a member with an acute medical condition when the cost of covered services exceeds a pre-determined deductible level amount within a contract year. The reinsurance program also includes a catastrophic reinsurance program for members diagnosed with specific medical conditions.
  - B. The Administration shall specify in contract guidelines for claims submission, processing, payment, and the types of care and services that are provided to a member whose care is covered by reinsurance.
  - C. When the Administration determines that a contractor does not follow the specified guidelines for care or services and the care or services could have been provided at a lower cost according to the guidelines, the Administration shall reimburse the contractor as if the care or services had been provided as specified in the guidelines.
- 2. "2011 Uniform Accounting Report" means the Uniform Accounting Report submitted to the Arizona Department of Health Services as of December 19, 2012.

    - a. The Medicare Cost Report for the hospital fiscal year ending in calendar year 2011 as reported in the CMS Healthcare Provider Cost Reporting Information System (HCRIS) release dated December 31, 2012; or
    - b. For hospitals not included in that CMS HCRIS report, the "as filed" Medicare Cost Report for the hospital fiscal year ending in calendar year 2011 submitted by the hospital to the Administration.

- 2. "2011 Uniform Accounting Report" means the Uniform Accounting Report submitted to the Arizona Department of Health Services as of December 19, 2012.

The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E) and (F). For the period beginning July 1, 2017, the assessment shall be calculated by multiplying the number of discharges reported on the hospital's 2011 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as "Other Long Term Care Discharges" by the following rates based on the hospital's peer group:
  - 1. \$483.00 per discharge for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.

  - 6. \$434.75 per discharge for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital's 2012 Uniform Accounting Report.
  - 7. \$483.00 per discharge for hospitals designated as type: hospital, subtype: short-term not included in another peer group.
- C. Peer groups for the four quarters beginning July 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website April 1, 2017.
- D. Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital's 2011 Medicare Cost Report, are assessed a rate of \$120.75 for each discharge from the psychiatric sub-provider as reported in the 2011 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).
- E. Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital's 2011 Medicare Cost Report, are assessed a rate of \$0 for each discharge from the rehabilitative sub-provider as reported in the 2011 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).

## Arizona Health Care Cost Containment System - Administration

- F.** Notwithstanding subsection (B), for any hospital that reported more than 28,200 discharges on the hospital's 2011 Medicare Cost Report, discharges in excess of 28,200 are assessed a rate of \$48.25 for each discharge in excess of 28,200. The initial 28,200 discharges are assessed at the rate required by subsection (B).
- G.** Assessment notice. On or before the 15th day of the first month of the quarter or upon CMS approval, whichever is later, the Administration shall send to each hospital a notification that the assessment invoice is available to be viewed on a secure website. The invoice shall include the hospital's peer group assignment and the assessment due for the quarter.
- H.** Assessment due date. The assessment must be received by the Administration no later than:
1. The 15th day of the second month of the quarter or
  2. In the event CMS approves the assessment after the 15th day of the first month of the quarter, 30 days after notification by the Administration that the assessment invoice is available.
- I.** Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital's 2011 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for April 1, 2017:
1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
  2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning "SH".
  3. Hospitals designated as type: hospital, subtype: psychiatric that reported fewer than 2,500 discharges on the 2011 Medicare Cost Report.
  4. Hospitals designated as type: hospital, subtype: rehabilitation.
  5. Hospitals designated as type: hospital, subtype: children's.
  6. Hospitals designated as type: med-hospital, subtype: special hospitals.
  7. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
- J.** New hospitals. For hospitals that did not file a 2011 Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the April 1 preceding the July assessment start date, the hospital assessment will begin on July 1 following the date the hospital began operating.
  2. If the hospital began operating between April 2 and June 30, the assessment will begin on July 1 of the following calendar year.
  3. A hospital is not considered a new hospital based on a change in ownership.
  4. Until the first full year of data is available, the assessment will be based on the annualized number of discharges from the date hospital operations began through April 30 preceding the July assessment start date. The hospital shall submit the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than May 15 preceding the assessment start date for the new hospitals. Thereafter, the assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report which includes 12 months worth of data; however, when a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment. No later than August 15, 2017, new hospitals shall also submit to the Administration discharge data and all other data requested by the Administration necessary to determine the appropriate assessment beginning July 1, 2018.
- 5.** For hospitals providing self-reported data:
- a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
  - b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.
- K.** Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- L.** Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- M.** Required information. For any hospital that has not filed a 2011 Medicare Cost report, or if the 2011 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the assessment, the Administration shall use data reported on the 2011 Uniform Accounting Report filed by the hospital in place of the 2011 Medicare Cost report to calculate the assessment. If the 2011 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2011 Medicare Cost report to calculate the assessment.
- N.** The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in A.R.S. § 36-2901.08.
- O.** Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.

    - b. To convert income paid weekly to a monthly equivalent, the Administration or its designee shall multiply the weekly average by 4.3 weeks.
    - c. To convert income paid bi-weekly to a monthly equivalent, the Administration or its designee shall multiply the bi-weekly average by 2.15 weeks.
- E. Unconverted income.

The Administration shall determine each hospital's unrecovered trauma center readiness costs for the current fiscal year using data from the most recent reporting year as provided under R9-22-2101(D) and (E). The proportion of each hospital's share of the fund for unrecovered trauma center readiness costs is determined after considering:
  1. The professional, clinical, administrative, and overhead costs directly associated with providing level I trauma care, and
  2. The volume and acuity of trauma care provided by each hospital.
- C. On or after July 31 of each year, the Administration shall distribute monies to level I trauma centers using monies, under R9-22-2101(B), available in the trauma and emergency services fund at the time of payment according to the proportions

calculated and used for the January payments in the same year, under subsection (B) of this Section.

**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

  1. Ninety percent of the amount shall be distributed to Level I trauma centers based upon each center's pro rata share of each center's acuity-adjusted volume as a percentage of the total acuity-adjusted volume for all centers in the state. The acuity-adjusted volume is calculated by multiplying the Injury Severity Score employed by trauma.org by the number of trauma cases at that level treated at the center during the reporting year. Hospitals shall report trauma scores and case volume on a worksheet prescribed by the Administration.
  2. Ten percent of the amount shall be distributed proportionately to hospitals that had an emergency department from July 1 through June 30 of the reporting year based the pro rata share of each hospital's cost of emergency care as a percentage of the total statewide cost of emergency care provided by hospitals as reported on the Worksheet B, column 27, line 61 of the hospital's most current Medicare Cost Report as of January 31 following the end of each reporting year.

**The release of this Chapter in supplement 18-1 replaces supplement 17-3, 117 pages**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 9. HEALTH SERVICES

## CHAPTER 25. DEPARTMENT OF HEALTH SERVICES - EMERGENCY MEDICAL SERVICES

Authority: A.R.S. §§ 36-136(F) and 36-2209(A) et seq.

**Editor's Note:** Article 5 consisting of Sections R9-25-501 through R9-25-508 were recodified from Sections in Article 8 effective September 21, 2004 (Supp. 04-3). The Sections recodified from Article 8 were originally made or amended under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6).

**Editor's Note:** The Office of the Secretary of State publishes all Chapters on white paper.

**Editor's Note:** This Chapter contains rules which were adopted, amended, and repealed under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 36-2205(C). Exemption from A.R.S. Title 41, Chapter 6 means that the Department did not submit these rules to the Governor's Regulatory Review Council for review; the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Department was not required to hold public hearings on these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

**(A.R.S. §§ 36-2202(A)(3), (4), and (5); 36-2209(A)(2); and 36-2212)**

- A.** An applicant or certificate holder shall ensure that an air ambulance has:
1. A climate control system to prevent temperature extremes that would adversely affect patient care;
  2. If a fixed-wing air ambulance, pressurization capability;
  3. Interior lighting that allows for patient care and monitoring without interfering with the pilot's vision;
  4. For each place where a patient may be positioned, at least one electrical power outlet or other power source that is capable of operating all electrically powered medical equipment without compromising the operation of any electrical aircraft equipment;
  5. A back-up source of electrical power or batteries capable of operating all electrically powered life-support equipment for at least one hour;
  6. An entry that allows for patient loading and unloading without rotating a patient and stretcher more than 30 degrees about the longitudinal axis or 45 degrees about the lateral axis and without compromising the operation of monitoring systems, intravenous lines, or manual or mechanical ventilation;
  7. A configuration that allows each medical team member sufficient access to each patient to begin and maintain treatment modalities, including complete access to the patient's head and upper body for effective airway management;
  8. A configuration that allows for rapid exit of personnel and patients, without obstruction from stretchers and medical equipment;
  9. A configuration that protects the aircraft's flight controls, throttles, and communications equipment from any intentional or accidental interference from a patient or equipment and supplies;
  10. A padded interior or an interior that is clear of objects or projections in the head strike envelope;
  11. An installed self-activating emergency locator transmitter;
  12. A voice communications system that:
    - a. Is capable of air-to-ground communication, and
    - b. Allows the flight crew and medical team members to communicate with each other during flight;
  13. Interior patient compartment wall and floor coverings that are:
    - a. Free of cuts or tears,
    - b. Capable of being disinfected, and
    - c. Maintained in a sanitary manner; and
  14. If a rotor-wing air ambulance, the following:
    - a. A searchlight that:
      - i. Has a range of motion of at least 90 degrees vertically and 180 degrees horizontally,
      - ii. Is capable of illuminating a landing site, and
      - iii. Is located so that the pilot can operate the searchlight without removing the pilot's hands from the aircraft's flight controls;
    - b. Restraining devices that can be used to prevent a patient from interfering with the pilot or the aircraft's flight controls; and
    - c. A light to illuminate the tail rotor.
- B.** An applicant or certificate holder shall ensure that:
1. Except as provided in subsection (C), each air ambulance has the equipment and supplies required in Table 1 for each mission level for which the air ambulance is used; and
  2. The equipment and supplies on an air ambulance are secured, stored, and maintained in a manner that prevents hazards to personnel and patients.
- C.** A certificate holder may conduct an interfacility critical care mission using an air ambulance that does not have all of the equipment and supplies required in Table 1 for the mission level if:
1. Care of the patient to be transported necessitates use of life-support equipment that because of its size or weight or both makes it unsafe or impossible for the air ambulance to carry all of the equipment and supplies required in Table 1 for the mission level, as determined by the certificate holder based upon:
    - a. The individual aircraft's capabilities,
    - b. The size and weight of the equipment and supplies required in Table 1 and of the additional life-support equipment,
    - c. The composition of the required medical team, and
    - d. Environmental factors such as density altitude;
  2. The certificate holder ensures that, during the mission, the air ambulance has the equipment and supplies necessary to provide an appropriate level of medical care for the patient and to protect the health and safety of the personnel on the mission;
  3. The certificate holder ensures that, during the mission, the air ambulance is not directed by the air ambulance service or another person to conduct another mission before returning to a base location;
  4. The certificate holder ensures that the air ambulance is not used for another mission until the air ambulance has all of the equipment and supplies required in Table 1 for the mission level; and
  5. Within five working days after each interfacility critical care mission conducted as permitted under subsection (C), the certificate holder creates a record that includes the information required under R9-25-710(A)(8), a description of the life-support equipment used on the mission, a list of the equipment and supplies required in Table 1 that were removed from the air ambulance for the mission, and the justification for conducting the mission as permitted under subsection (C).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 9. HEALTH SERVICES

## CHAPTER 28. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ARIZONA LONG-TERM CARE SYSTEM

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 01-3).*

*Editor's Note: This Chapter contains rules which were adopted under an exemption from the rulemaking provisions of the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6, §§ 1001 et seq.) as specified in Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1994, Ch. 322, § 21. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; AHCCCS did not submit these rules to the Governor's Regulatory Review Council; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper. The rules affected by this exemption appear throughout this Chapter.*

**R9-28-303. Preadmission Screening (PAS) Process**

- A. The assessor shall use the PAS instrument to determine whether the following applicants or members are at immediate risk of institutionalization:
  1. The assessor shall use the PAS instrument prescribed in R9-28-304 to assess an applicant or member who is EPD except as specified in subsection (A)(2) for an applicant or member who is physically disabled and who is less than 6 years old. After assessing a child who is physically disabled and age 6 years to less than 12 years, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
  2. The assessor shall use the age-specific PAS instrument prescribed in R9-28-305 to assess an applicant or member who is physically disabled and less than 6 years old. After assessing the child, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
  3. The assessor shall use the PAS instrument prescribed in R9-28-305 to assess an applicant or member who is DD, except as specified in subsection (A)(4) for an applicant or member who is DD and residing in a NF. After assessing a child who is DD and less than 6 months of age, the assessor shall refer the child for physician consultant review under subsections (G) through (J).
  4. The assessor shall use the PAS instrument prescribed in R9-28-304 for an applicant or a member who is DD and residing in a NF.
  5. The assessor shall use the PAS instrument prescribed in R9-28-304 or R9-28-305, whichever is applicable, to assess an applicant or member who is classified as venti-

lator-dependent, under Section 1902(e)(9) of the Social Security Act.

- B. For an initial assessment of an applicant who is in a hospital or other acute care setting:
  1. A registered nurse assessor shall complete the PAS assessment; or
  2. In the event that a registered nurse assessor is not available, a social worker assessor shall complete the PAS assessment; and
  3. The assessor shall conduct the PAS assessment and determine medical eligibility when discharge is scheduled within seven days.
- C. An assessor shall conduct a face-to-face PAS assessment with an applicant or member, except as provided in subsection (F). The assessor shall make reasonable efforts to obtain the applicant's or member's available medical records. The assessor may also obtain information for the PAS assessment from face-to-face interviews with the:
  1. Applicant or member,
  2. Parent,
  3. Guardian,
  4. Caregiver, or
  5. Any person familiar with the applicant's or member's functional or medical condition.
- D. Using the information described in subsection (C), an assessor shall complete the PAS assessment based on the assessor's education, experience, professional judgment, and training.
- E. After the assessor completes the PAS assessment, the assessor shall calculate a PAS score. The assessor shall compare the PAS score to an established threshold score. The scoring methodology and threshold scores are specified in R9-28-304 and R9-28-305. Except as determined by physician consultant review as provided in subsections (G) through (J), the threshold score is the point at which an applicant or member is determined to be at immediate risk of institutionalization.
- F. Upon request from a person acting on behalf of the applicant, the Administration shall conduct a PAS assessment to determine whether a deceased applicant who was residing in a NF or who received services in an ICF-MR any time during the time period covered by the application would have been eligible to receive ALTCS benefits for those months.
- G. In the following circumstances, the Administration shall request that a physician consultant review the PAS assessment, the available medical records, and use professional judgment to make the determination that an applicant or member has a developmental disability or has a nonpsychiatric medical condition that, by itself or in combination with other medical conditions, places an applicant or member at immediate risk of institutionalization:
  1. The PAS score of an applicant or member who is EPD is less than the threshold specified in R9-28-304, but is at least 56;
  2. The PAS score of an applicant or member who is DD is less than the threshold specified in R9-28-305, but is at least 38;
  3. An applicant or member scores below the threshold specified in R9-28-304, but the Administration has reasonable cause to believe that the applicant's or member's unique functional abilities or medical condition may place the applicant or member at immediate risk of institutionalization;
  4. An applicant or member scores below the threshold specified in R9-28-304 and has a documented diagnosis of autism, autistic-like behavior, or pervasive developmental disorder;

## Arizona Health Care Cost Containment System - Arizona Long-term Care System

5. An applicant or member who is seriously mentally ill as defined in A.R.S. § 36-550 who scores at or above the threshold specified in R9-28-304, but may not meet the requirements of A.R.S. § 36-2936. When an applicant or member who is seriously mentally ill scores at or above the threshold, the physician consultant shall exercise professional judgment to determine whether the applicant or member meets the requirements of A.R.S. § 36-2936.
  6. An applicant is an AHCCCS acute care member and scores at or above the threshold specified in R9-28-304 but the Administration has reasonable cause to believe that the applicant's condition is convalescent and requires less than 90 days of institutional care;
  7. An applicant or member is a child who is physically disabled and is at least 6 but less than 12 years of age;
  8. An applicant or member is a child who is physically disabled and is under 6 years of age; and
  9. An applicant is under 6 months of age.
- H.** The physician consultant shall consider the following:
1. Activities of daily living dependence;
  2. Delay in development;
  3. Continence;
  4. Orientation;
  5. Behavior;
  6. Any medical condition, including stability and prognosis of the condition;
  7. Any medical nursing treatment provided to the applicant or member including skilled monitoring, medication, and therapeutic regimens;
  8. The degree to which the applicant or member must be supervised;
  9. The skill and training required of the applicant or member's caregiver; and
  10. Any other factor of significance to the individual case.
- I.** If the physician consultant is unable to make the determination from the PAS assessment and the available medical records, the physician consultant may conduct a face-to-face review with the applicant or member or contact others familiar with the applicant's or member's needs, including a primary care physician or other caregiver, to make the determination.
- J.** The physician consultant shall state the reasons for the determination in the physician review comment section of the PAS instrument.

**R9-28-304. Preadmission Screening Criteria for an Applicant or Member who is Elderly and Physically Disabled (EPD)**

- A.** The PAS instrument for an applicant or member who is EPD includes the following categories:
1. Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of the intake information category are not included in the calculated PAS score.
  2. Functional assessment category. The assessor solicits functional assessment category information on an applicant's or member's:
    - a. Need for assistance with activities of daily living, including:
      - i. Bathing,
      - ii. Dressing,
      - iii. Grooming,
      - iv. Eating,
      - v. Mobility,
      - vi. Transferring, and
      - vii. Toileting in the residential environment or other routine setting;
    - b. Communication and sensory skills, including hearing, expressive communication, and vision; and
    - c. Continence, including bowel and bladder functioning.
  3. Emotional and cognitive functioning category. The assessor solicits emotional and cognitive functioning category information on an applicant's or member's:
    - a. Orientation to person, place, and time. In soliciting this information, the assessor shall also take into account the caregiver's judgment; and
    - b. Behavior, including:
      - i. Wandering,
      - ii. Self-injurious behavior,
      - iii. Aggression,
      - iv. Resistiveness, and
      - v. Disruptive behavior.
  4. Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
    - a. Medical conditions that have an impact on the applicant's or member's functional ability in relation to activities of daily living, continence, and vision;
    - b. Medical condition that requires medical or nursing service and treatment;
    - c. Medication, treatment, and allergies;
    - d. Specific services and treatments that the applicant or member is currently receiving; and
    - e. Physical measurements, hospitalization history, and ventilator dependency.
- B.** The assessor shall use the PAS instrument to assess an applicant or member who is EPD as specified in this Section. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS assessment to calculate three scores: a functional score, a medical score, and a total score.
1. Functional score.
    - a. The Administration calculates the functional score from responses to scored items in the functional assessment and emotional and cognitive functioning categories. For each response to a scored item, a number of points is assigned, which is multiplied by

## Arizona Health Care Cost Containment System - Arizona Long-term Care System

- a weighted numerical value. The result is a weighted score for each response.
- b. In the functional assessment matrix, all items in the following categories are scored according to subsection (C):
    - i. Activities of daily living,
    - ii. Continence,
    - iii. Sensory,
    - iv. Orientation, and
    - v. Behavior.
  - c. The sum of the weighted scores equals the functional score. The weighted score per item can range from 0 to 15. The maximum functional score attainable by an applicant or member is 166.
2. Medical score.
- a. In the medical assessment matrix, all items in the following categories are scored according to:
    - i. Medical conditions as specified in subsection (C), and
    - ii. Medical or nursing services and treatments in subsection (C).
  - b. The Administration calculates the medical score based on the applicant's or member's:
    - i. Diagnosis of Alzheimer's, dementia, or organic brain syndrome (OBS);
    - ii. Diagnosis of paralysis; and
    - iii. Current use of oxygen.
- c. The maximum medical score attainable by an applicant or member is 31.5.
3. Total score.
- a. The sum of an applicant's or member's functional and medical scores equals the total score.
  - b. The total score is compared to the established threshold score as calculated under this Section. The threshold score is 60.
  - c. As defined in R9-28-303, an applicant or member is determined at immediate risk of institutionalization if the total score is equal to or greater than 60.
- C. The following matrices represent the number of points available and the respective weight for each scored item.
1. Functional assessment points. The lowest value in the range of points available per item in the functional assessment category, zero, indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
  2. Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:
    - a. Does not have the scored medical condition,
    - b. Does not need the scored medical or nursing services, or
    - c. Does not receive the scored medical or nursing services.

**R9-28-305. Preadmission Screening Criteria for an Applicant or Member who is Developmentally Disabled (DD)**

- A.** The Administration shall conduct a PAS assessment of an applicant or member who is DD using one of three PAS instruments specifically designed to assess an applicant or member in the following age groups:
- Twelve years of age and older,
  - Six through 11 years of age, and
  - Birth through 5 years of age.
- B.** The PAS instruments for an applicant or member who is DD include three major categories:
- Intake information category. The assessor solicits intake information category information on an applicant's or member's demographic background. The components of this category are not included in the calculated PAS score.
  - Functional assessment category. The functional assessment category differs by age group as indicated in subsections (B)(2)(a) through (e):
    - For an applicant or member 12 years of age and older, the assessor solicits the functional assessment category information on an applicant's or member's:
      - Need for assistance with independent living skills, including hand use, ambulation, wheelchair mobility, transfer, eating or drinking, dressing, personal hygiene, bathing or showering, food preparation, community mobility, and toileting;
      - Communication skills and cognitive abilities, including expressive verbal communication, clarity of communication, associating time with an event and action, and remembering an instruction and a demonstration; and
      - Behavior, including aggression, verbal or physical threatening, self-injurious behavior, and resistive or rebellious behavior.
    - For an applicant or member 6 through 11 years of age, the assessor solicits the functional assessment category information on an applicant's or member's:
      - Need for assistance with independent living skills, including rolling and sitting, crawling and standing, ambulation, climbing stairs or ramps, wheelchair mobility, dressing, personal hygiene, bathing or showering, toileting, level of bladder control, and orientation to familiar settings;
      - Communication, including expressive verbal communication and clarity of communication; and
      - Behavior, including aggression, verbal or physical threatening, self-injurious behavior, running or wandering away, and disruptive behavior.
  - Medical assessment category. The assessor solicits medical assessment category information on an applicant's or member's:
    - Medical condition;
    - Specific services and treatments the applicant or member receives or needs and the frequency of those services and treatments;
    - Current medication;
    - Medical stability;
    - Sensory functioning;
    - Physical measurements; and
    - Current living arrangement, ventilator dependency and eligibility for DES Division of Developmental Disabilities program services.
- C.** The assessor shall use the PAS instrument to assess an applicant or member who is DD. A copy of the PAS instrument is available from the Administration. The Administration uses the assessor's PAS instrument responses to calculate three scores: a functional score, a medical score, and a total score.
- Functional score.
    - The Administration calculates the functional score from responses to scored items in the functional assessment category. Each response is assigned a number of points which is multiplied by a weighted

## Arizona Health Care Cost Containment System - Arizona Long-term Care System

numerical value, resulting in a weighted score for each response.

- b. The following items are scored as indicated in subsection (D), under the Functional Assessment matrix:
  - i. For an applicant or member 12 years of age and older, all items in the behavior section are scored. Designated items in the independent living skills, communication skills, and cognitive abilities sections are also scored;
  - ii. For an applicant or member 6 through 11 years of age, all items in the communication section are scored. Designated items in the independent living skills and behavior sections are scored;
  - iii. For an applicant or member 6 months of age through 5 years of age, items in the developmental milestones section are scored based on the age of the applicant.
- c. The sum of the weighted scores equals the functional score. The range of weighted score per item and maximum functional score for each age group is presented below:

AGE GROUP	RANGE FOR WEIGHTED SCORE PER ITEM	MAXIMUM FUNCTIONAL SCORE ATTAINABLE
12+	0 - 11.2	124.1
6-11	0 - 24	112.5
0-5	0 - 5.0	106.02

- d. No minimum functional score is required.

## 2. Medical score.

- a. Subsections (C)(2)(a)(i) through (iii) are scored as indicated in subsection (D), under the Medical Assessment matrix:
  - i. The assessor shall score designated items in the medical conditions for an applicant or member 12 years of age and older and 6 years of age through 11 years of age.
  - ii. The assessor shall score designated items in the medical conditions and medical stability sections for an applicant or member 6 months of age through 5 years of age.
  - iii. The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.

- iv. The assessor shall complete only the medical assessment section of the PAS for an applicant or member less than 6 months of age. There is no weighted or calculated score assigned. The assessor shall refer the applicant or member for physician consultant review.

- b. The Administration calculates the medical score from information obtained in the medical assessment category. Each response to a scored item is assigned a number of points. The sum of the points equals the medical score. The range of points per item and the maximum medical score attainable by an applicant or member is presented below:

AGE GROUP	RANGE OF POINTS PER ITEM	MAXIMUM MEDICAL SCORE ATTAINABLE
12+	0 - 20.6	21.4
6-11	0 - 2.5	5
0-5	0 - 10	60

- c. No minimum medical score is required.

## 3. Total score.

- a. The sum of an applicant's or member's functional and medical scores equals the total score.
- b. The total score is compared to an established threshold score in R9-28-304. For an applicant or member who is DD, the threshold score is 40. Based upon the PAS instrument an applicant or member with a total score equal to or greater than 40 is at immediate risk of institutionalization.

## D. The following matrices represent the number of points available and the weight for each scored item.

1. Functional assessment points. An applicant or member age group 0 to 5: The value is received for each negative response. An applicant or member age groups 6 to 11 and 12+: the lowest value in the range of points available per item in the functional assessment category indicates minimal to no impairment. Conversely, the highest value indicates severe impairment.
2. Medical assessment points. The lowest value in the range of points available per item in the medical assessment category, zero, indicates that the applicant or member:

    - a. If an institutionalized person has a community spouse under 42 U.S.C. 1396r-5(h), share-of-cost is calculated under R9-28-410 and 42 U.S.C. 1396r-5(b) and (d); and

FBR for a person residing in a medical institution for a full calendar month, except:

- i. The PNA shall be increased above 15% of the FBR by the amount of income garnished for child support under a court order, including administrative fees garnished for collection efforts, but only to the extent that the amount garnished is not deducted as a monthly allowance for the dependent under any other provision of the post-eligibility process. The increase to the PNA due to the garnishment shall not exceed the actual garnishment paid in the month for which the PNA is calculated; and
- ii. The PNA shall be increased above 15% of the FBR by the amount of income garnished for spousal maintenance under a judgment and decree for dissolution of marriage, including administrative fees garnished for collection efforts, but only to the extent that the amount garnished is not deducted as a monthly allowance for the spouse under any other provision of the post-eligibility process. The increase to the PNA due to the garnishment shall not exceed the actual garnishment paid in the month for which the PNA is calculated.
- b. A spousal allowance, equal to the FBR minus the income of the spouse, if a spouse but no children remain at home;

Deductions do not include the cost of services to the extent a third party paid for, or is liable for, the service. Documents shall be submitted within a reasonable time as determined by the Director.

The provisions in this Section apply to an institutionalized person who has, or whose spouse has, transferred assets and received less than the fair market value (uncompensated value) as specified in A.R.S. § 36-2934(B) and 42 U.S.C. 1396p(c)(1)(A), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- B. A person shall report transfer of assets. The Administration shall evaluate all transfers made during or after the look-back period under 42 U.S.C. 1396p(c)(1)(B), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments. The person shall provide verification of any transfer.
- C. Certain transfers are permitted under 42 U.S.C. 1396p(c)(2), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- D. If the Administration determines a disqualification period applies due to a transfer, and the person is otherwise eligible, the person may remain eligible for ALTCS acute care services but shall be disqualified for receiving ALTCS coverage under 42 U.S.C. 1396p(c)(1)(E), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. - E. Period of disqualification for transfers.
  1. Calculating a period of disqualification at application. The uncompensated value of all transfers shall be divided by the monthly private pay rate. The result of this calculation equals the number of months of ineligibility.
  2. Calculating a period of disqualification after approval:
    - a. For one or more transfers occurring in one calendar month or in consecutive months, the period of disqualification is determined under subsection (E)(1). The period of disqualification begins with the month that the first transfer was made.
    - b. For transfers occurring in nonconsecutive calendar months, the period of disqualification for each transfer of assets shall be determined separately under subsection (E)(1) to determine if the periods of disqualification overlap.
      - i. Periods of disqualification that overlap shall be added together and shall run consecutively, beginning with the month the first transfer was made.
      - ii. Periods of disqualification that do not overlap are each applied separately beginning the month that the transfer was made.
- F. Transfers of assets for less than fair market value are presumed to have been made to establish eligibility for ALTCS services.
- G. Rebuttal of disqualification.

## Arizona Health Care Cost Containment System - Arizona Long-term Care System

1. A person found ineligible for ALTCS services by reason of a transfer of assets for uncompensated value shall have the right to rebut the disqualification for reasons stated under 42 U.S.C. 1396p(c)(2)(C), July 1, 2009, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
  2. The person shall have the burden of rebutting the presumption.
  3. If a person rebuts a transfer on the basis of debt repayment, the Administration shall determine the validity of the debt and payment amount under A.R.S. § 44-101.
- H. Undue hardship.** The transfer penalty period may be waived if denial of eligibility for long term care services creates an undue hardship.
1. The Administration shall consider whether the transfer penalty period can be waived when:
    - a. The individual is otherwise eligible for ALTCS benefits and application of the transfer of assets provision would deprive the individual of medical care such that the individual's life or health would be endangered, or
    - b. The individual is otherwise eligible for ALTCS benefits and is deprived of food, clothing, shelter or other necessities of life as evidenced by the fact that the individual's income is less than or equal to the Federal Poverty Level (FPL);
  2. The transfer penalty period shall be waived when:
    - a. The individual is incapacitated as established by the Court or by a physician; and
    - b. The individual who had the legal authority to handle the applicant's finances has violated the terms of that legal authority; and
    - c. An individual acting on the applicant's behalf has exhausted all legal remedies to regain the asset, such as but not limited to, filing a police report and seeking recovery through civil court.
  3. The transfer penalty period shall not be waived when:
    - a. The applicant was mentally competent and would have been aware of the consequences of the transfers at the time the transfers occurred; or
    - b. The applicant gave another person specific legal authority to make the transfers, such as a conservator, or a person granted the applicant's financial power of attorney when the applicant was competent to do so, and the person did not violate the limits of that authority in making the transfers.

- New Section adopted by final rulemaking at 5 A.A.R. 369, effective January 6, 1999 (Supp. 99-1). Amended by final rulemaking at 20 A.A.R. 234, effective January 7, 2014 (Supp. 14-1).
- R9-28-410. Community Spouse**
- A.** The methodology in this Section applies to an institutionalized person who has a community spouse.
- B.** If the institutionalized person's most current period of continuous institutionalization began on or after September 30, 1989, the Administration shall use the methodology for the treatment of resources under 42 U.S.C. 1396r-5(c).
1. The following resource criteria shall be used in addition to the criteria specified in R9-28-407 to be eligible:
    - a. Resources owned by a couple at the beginning of the first continuous period of institutionalization from and after September 30, 1989, shall be computed from the first day of institutionalization. The total value of resources owned by the institutionalized spouse and the community spouse, and a spousal share equal to one-half of the total value, are computed under 42 U.S.C. 1396r-5(c)(1).
  - b. The Community Spouse Resource Deduction (CSRD) is calculated under 42 U.S.C. 1396r-5(f)(2).
  - c. The CSRD is subtracted from the total resources of the couple to determine the amount of the couple's resources considered available to the institutionalized spouse at the time of application under 42 U.S.C. 1396r-5(c)(2).
    - i. Resources in excess of the CSRD must be equal to or less than the standard for a person specified in R9-28-407.
    - ii. The CSRD is allowed as a deduction for 12 consecutive months beginning with the first month in which the institutionalized spouse is eligible for ALTCS benefits. Beginning with the 13th month, the separate property of the institutionalized spouse must be within the resource standard for a person specified in R9-28-407.
    - iii. If a person who was previously eligible for ALTCS as an institutionalized person with a community spouse reapplies for ALTCS after a break in institutionalization of more than 30 days, the CSRD will be allowed as a deduction from resources for a 12-month period in addition to the period in subsection (c)(ii).
  2. Resources are excluded as specified in R9-28-407, except that one vehicle is totally excluded regardless of its value, and any additional vehicles are included using equity value.
  3. The Director may grant eligibility if the Administration determines that a denial of eligibility would create an undue hardship for the institutionalized spouse.
- C.** This Section applies to the income eligibility and post-eligibility treatment of income beginning September 30, 1989, regardless of when the first period of institutionalization began.
1. Income payments are attributed to the institutionalized person and the community spouse under 42 U.S.C. 1396r-5(b)(2).
  2. Income is excluded as specified in R9-28-408.
  3. The institutionalized spouse's income eligibility is determined by combining the income of the institutionalized person and the community spouse and dividing by two. If the institutionalized person is not eligible using this method, the income eligibility shall be based on the income received in the person's name.
  4. The following allowances described in 42 U.S.C. 1396r-5(d)(1) and (2) are allowed as deductions from the institutionalized spouse's income in determining share-of-cost:
    - a. A personal-needs allowance specified in R9-28-408(E)(5);
    - b. A community spouse monthly income allowance, but only to the extent that the institutionalized spouse's income is made available to or for the benefit of the community spouse;
    - c. A family allowance for each family member equal to one-third of the amount remaining after deducting the countable income of the household member from a Minimum Monthly Maintenance Needs Allowance (MMMNA);

## Arizona Health Care Cost Containment System - Arizona Long-term Care System

- d. An amount for medical or remedial services as specified in R9-28-408; and
  - e. An amount for Medicare and other health insurance premiums, deductibles, or coinsurance not subject to third-party reimbursement.
- D. Transfers.**
1. The institutionalized spouse may transfer to any of the following an amount of resources equal to the CSRD without affecting eligibility under 42 U.S.C. 1396r-5(f). The institutionalized spouse may transfer resources to:
    - a. The community spouse; or
    - b. Someone other than the community spouse if the resources are for the sole benefit of the community spouse.
  2. The institutionalized spouse is allowed a period of 12 consecutive months, beginning with the first month of eligibility, to transfer resources in excess of the resource standard in R9-28-407 to the persons listed in subsection (D)(1).
  3. All other transfers by the institutionalized person or transfers by the community spouse are treated under the provisions in R9-28-409.
- E. Specific hearing rights as described under 9 A.A.C. 34 apply to a person whose eligibility is determined under this Section.**
1. The institutionalized spouse or the community spouse is entitled to a fair hearing if dissatisfied with the determination of any of the following:
    - a. The community spouse monthly income allowance,
    - b. The amount of monthly income allocated to the community spouse,
    - c. The computation of the spousal share of resources,
    - d. The attribution of resources, or
    - e. The CSRD.
  2. The hearing officer may increase the amount of the MMMNA if either the community spouse or institutionalized spouse establishes that the community spouse needs income above the established MMMNA due to exceptional circumstances.
  3. The hearing officer may increase the amount of the CSRD to allow the community spouse to retain enough resources to generate income to meet the MMMNA. The hearing officer may allow the community spouse to retain an amount of resources necessary to purchase a single premium life annuity that would furnish monthly income sufficient to bring the community spouse's total monthly income up to the MMMNA.

**R9-28-703. Nursing Facility Supplemental Payments****A. Determination of amounts available for payment.**

1. Using Medicaid resident bed day information from the most recent and complete 12 months of paid claim and adjudicated encounter data, for every facility eligible for a supplemental payment, the Administration shall determine annually;
  - a. A ratio equal to the number of bed days paid by the Administration's contractors divided by the total number of bed days paid, and
  - b. A ratio equal to the number of bed days paid by the Administration divided by the total number of bed days paid.
2. The Administration shall determine quarterly the amount available in the nursing facility assessment fund established by A.R.S. § 36-2999.53 plus the corresponding federal financial participation and divide the total amount as follows:

- a. The total amount multiplied by the ratio determined in subsection (A)(1)(a) shall be distributed according to subsection (B).
- b. The total amount multiplied by the ratio determined in subsection (A)(1)(b) shall be distributed according to subsection (C).

**B. Payments to facilities by contractors.**

1. The Administration shall distribute quarterly to its contractors an amount equal to the total amount of Nursing Facility Enhanced Payments made by the Administration's contractors for the period of October 1, 2015 through September 30, 2016 divided by 4, which shall be paid to eligible facilities as follows:
  - a. Using the adjudicated encounter data described in subsection (A)(1), the Administration shall determine annually for each facility a ratio equal to the number of bed days for the facility paid by each contractor divided by the total number of bed days paid to all facilities by all contractors.
  - b. Each contractor shall make payments quarterly to each facility in an amount equal to 98% of the amounts identified as Nursing Facility Enhanced Payments in the 820 transaction sent by the Administration to the contractor for the quarter multiplied by the ratio determined in subsection (B)(1)(a) applicable to the contractor and to each facility. In the event the Administration does not produce an 820 transaction, each contractor shall distribute quarterly an amount equal to 98% of the payment received from AHCCCS for Nursing Facility Enhanced Payments.
  - c. Contractors shall not be required to make quarterly payments to a facility until the Administration has made a retroactive adjustment to the capitation rates paid to contractors to correct the Nursing Facility Enhanced Payments based on actual member months for the specified quarter.
  - d. Beginning October 1, 2018, any amounts that would otherwise have been distributed under subsection (B)(1) shall be distributed under subsection (B)(2).
2. Subject to annual approval by CMS in accordance with 42 CFR § 438.6(c), the Administration shall distribute quarterly to its contractors an amount equal to the amount determined in subsection (A)(2)(a) minus the amount distributed under subsection (B)(1), which shall be paid to eligible facilities as follows:
  - a. Using the Medicaid resident bed day information described by subsection (A)(1), the Administration shall determine quarterly a per bed day enhanced support uniform increase by dividing the quarterly distribution amount by one fourth of the total resident bed days paid by the Administration's contractors. Using the same Medicaid resident bed day information, the Administration shall determine the quarterly bed days paid to each facility by each contractor by summing the total bed days paid to each facility by each contractor and dividing by 4.
  - b. The Administration shall communicate to the contractors quarterly the per bed day enhanced support uniform increase and the quarterly bed days paid to each facility by the contractor.
  - c. Each contractor shall distribute quarterly an amount equal to 98% of the payment received from AHCCCS, to be paid to each facility in an amount equal to the per bed day enhanced support uniform

increase multiplied by the number of bed days paid by the contractor to the facility.

3. Each contractor must pay each eligible facility the amounts required under subsections (B)(1) and (B)(2) within 20 calendar days of receiving the Nursing Facility Enhanced Payment from the Administration. The contractors must confirm each payment and payment date to the Administration within 20 calendar days from receipt of the funds.

**C. Payments to facilities by the Administration.**

1. Using the paid claim data described in subsection (A)(1), the Administration shall determine annually for each facility a ratio equal to the number of bed days for the facility paid by the Administration divided by the total number of bed days paid to all facilities by the Administration.
2. The Administration shall make payments quarterly to each eligible facility in an amount equal to 99% of the amount determined in subsection (A)(2)(b) multiplied by the ratio determined in subsection (C)(1) applicable to the facility.
3. The Administration shall make the supplemental payments to the eligible facilities within 20 calendar days of determining the amounts required under subsection (C)(2).

**D. Assurance of sufficient funds for payments. Neither the Administration nor its contractors shall be required to make quarterly payments to facilities otherwise required by subsections (B) and (C) until the amount available in the nursing facility assessment fund established by A.R.S. § 36-2999.53, plus the corresponding federal financial participation, is equal to or greater than 101% of the amount necessary to make such payments in full.**

**E. General requirements for all payments.**

1. A facility must be open on the date the supplemental payment is made in order to receive a payment. In the event a nursing facility closes during the assessment year, the nursing facility shall cease to be eligible for supplemental payments.
2. In the event a nursing facility begins operation during the assessment year, that facility shall not receive a supplemental payment until such time as the facility has claim and encounter data that falls within the collection period for the payment calculation.
3. In the event a nursing facility has a change of ownership, payments shall be made to the owner of the facility as of the date of the supplemental payment.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2018 is cited as Supp. 18-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.
