- A. Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(G)(9)(a).
- B. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
 - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
 - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
 - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Ari-

- zona and not at a health care facility made ineligible under subsection (B)(1)(c):
- a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(G)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
 - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(G)(9)(a) that were established before July 1, 2006.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The program name and number assigned by the accrediting organization;
 - ii. The original date of accreditation;
 - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
 - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
 - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
 - b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
 - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
 - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
 - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.
 4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
 - a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
 - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
 - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
 - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
 - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
 - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
 - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
 - d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per-resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per-resident conversion factor shall be determined as follows:
 - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
 - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- those hospitals described under subsection (B)(4)(d)(i).
- iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
 - a. The allocated amounts shall be distributed in the following order of priority:
 - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
 - ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
 - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
 - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
 - C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
 - a. All filled resident positions in approved programs established on or after July 1, 2006; and
 - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
 3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The requirements of subsections (B)(3)(a)(i) through (iv);
 - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
 - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
 - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
 4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
 - a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
 - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
 - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.
 - d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
 - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
 5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).
 - D. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
 - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona or is the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. It incurs indirect program costs for the training of residents in the GME programs, which are or will be calculated on the hospital's Medicare Cost Report or are reimbursable under the Children's Hospitals Graduate Medical Education Payment Program administered by HRSA;
 - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
 - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
 - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.
 3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The requirements of subsections (B)(3)(a)(i) through (iv);
 - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
 - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
 - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
 4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
 - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
 - b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
 - i. Calculate each hospital's Medicare share by dividing the Medicare inpatient discharges on the Medicare Cost Report by the total inpatient hospital discharges on the Medicare Cost Report.
 - ii. Calculate the ratio of residents to beds by dividing the total allocated residents described in subsection (B)(4)(d)(ii) by the number of bed days available from the Medicare Cost Report and dividing the result by the number of days in the cost reporting period.
 - iii. Calculate the indirect medical education adjustment factor by adding 1 to the value calculated in (D)(4)(b)(ii), multiplying the result by the exponential value 0.405, subtracting 1 from the result, and multiplying that result by 1.35.
 - iv. Calculate each hospital's total indirect medical education cost by adding the DRG amounts other than outlier payments from the Medicare cost report and the managed care simulated payments from the Medicare Cost Report, multiplying the total by the indirect medical education adjustment factor determined in (D)(4)(b)(iii) and dividing the result by the Medicare share determined in (D)(4)(b)(i).
 - v. Calculate each hospital's Medicaid indirect medical education cost by multiplying the amount determined in (D)(4)(b)(iv) by the value determined in subsection (B)(4)(c)(i).
 - vi. Total the amounts determined in (D)(4)(b)(v) for all hospitals, divide the result by the total allocated residents described in subsection (B)(4)(d)(ii) for all hospitals, and divide that result by 12.
 5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the amount calculated for the hospital at subsection (D)(4)(a).
- E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.
- F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals that are eligible under subsection (D)(1) and specified by the local, county, or tribal government for indirect program costs other than those

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

reimbursed under subsection (D). The Administration shall allocate available funds in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the greatest among the following amounts, less any amounts distributed under subsection (D)(5):

1. The amount that results from multiplying the total number of eligible residents allocated to the hospital under subsection (B)(4)(d)(ii) by 12 by the per resident per month conversion factor determined under subsection (D)(4)(b);
2. The amount calculated for the hospital at subsection (D)(4)(b)(v);
3. The median of all amounts calculated at subsection (D)(4)(b)(v) if the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a new training hospital; or
4. If the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a children's hospital, the median Medicaid indirect medical education payment costs shall be calculated as follows:
 - a. For each hospital with indirect medical education costs on the Medicare Cost Report, determine a per resident total indirect medical education cost by dividing the total indirect medical education costs determined under subsection (D)(4)(b) by the number of filled resident positions under subsection (B)(2).
 - b. Determine the median per resident amount under subsection (F)(4)(a).
 - c. For each hospital without an indirect medical education component on the Medicare cost report, multiply the median per resident amount under subsection (F)(4)(b) by the number of filled resident positions under subsection (B)(2) for that hospital and by the Medicaid utilization percent for that hospital determined in subsection (B)(4)(c)(i).

R9-22-712.06. Reserved**R9-22-712.07. Rural Hospital Inpatient Fund Allocation**

- A. For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:
1. "Calculated inpatient costs" means the sum of inpatient covered charges multiplied by the Milliman study's implied cost-to-charge ratio of .8959.
 2. "Claims paid amount" means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered for dates of service during the previous state fiscal year.
 3. "Fund" means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02

and any federal funds that are available for matching the state funds.

4. "Inpatient covered charges" means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.
 5. "Milliman study" means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled "Evaluation of the AHCCCS Inpatient Hospital Reimbursement System" prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.
 6. "Rural hospital" means a health care institution that is licensed as an acute care hospital by the Arizona Department of Health Services for the previous state fiscal year and is not an IHS hospital or a tribally owned or operated facility and:
 - a. Has 100 or fewer PPS beds, not including beds reported as sub provider beds on the hospital's Medicare Cost Report, and is located in a county with a population of less than 500,000 persons, or
 - b. Is designated as a critical access hospital for the majority of the previous state fiscal year.
- B. Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:
1. Rural hospitals with 25 or fewer PPS beds not including sub provider beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
 2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds not including sub provider beds; and
 3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds not including sub provider beds.
- C. The Administration shall allocate the Fund to each pool according to the ratio of claims paid amount for all hospitals assigned to the pool to total claims paid amount for all rural hospitals.
- D. The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.
- E. The Administration shall not make a Fund payment to a hospital that will result in the hospital's claims paid amount plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
1. If a hospital's claims paid amount plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's claims paid amount.
 2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
- F. If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.

- G. Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the

Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

Exhibit 1. Pool Example

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation (\$2,000,000 + \$3,000,000 = \$5,000,000).

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

A. To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:

1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
 - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
 - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
 - c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure

code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.

B. For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-Service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.

1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.

C. The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- A. AHCCCS shall calculate a statewide CCR for a service where a specific fee cannot be determined under R9-22-712.20.
- B. For claims with a begin date of service on or before September 30, 2011, the statewide CCR shall be calculated based on the costs and covered charges associated with a service under subsection (A) for all Arizona hospitals, using the method specified in R9-22-712.20(A)(3).
- C. For all claims with a begin date of service on or after October 1, 2011, the statewide CCR calculation shall equal either the CMS Medicare Outpatient Urban Cost-to-charge Ratio or the CMS Medicare Outpatient Rural Cost-to-charge Ratio published by CMS for the state of Arizona. AHCCCS shall use the urban cost-to-charge ratio for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. AHCCCS shall use the rural cost-to-charge ratio for hospitals located in a county of fewer than 500,000 residents. On October 1st of each year, AHCCCS shall adjust urban and rural CCRs to the CCRs as published by CMS in the *Federal Register* on or before August 1st of that year.
- D. To determine the payment amount for procedures where a specific fee is not determined under R9-22-712.20, the statewide CCR is multiplied by the covered charges.
- E. Reductions to payments for outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule. Outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rate published by CMS pursuant to subsection (C) of this Section.

- 6. By 14 percent for a University Affiliated Hospital which is a hospital that has a majority of the members of its board of directors appointed by the Board of Regents during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective.
- B. For all claims with a begin date of service on or after October 1, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services) for the following hospitals. A hospital shall receive an increase from only one of the following categories:
 1. By 73 percent for public hospitals;
 2. By 31 percent for hospitals in counties other than Maricopa and Pima with more than 100 licensed beds as of October 1 of that contract year;
 3. By 37 percent for hospitals in counties other than Maricopa and Pima with 100 or fewer licensed beds as of October 1 of that contract year;
 4. By 100 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the critical access criteria;

- E. For outpatient services with dates of service from October 1, 2018 through September 30, 2019, the payment otherwise required for outpatient hospital services provided by qualifying hospitals shall be increased by a percentage established by the administration. The percentage is published on the Administration's public website as part of its fee schedule subsequent to the public notice published no later than September 1, 2018. A hospital will qualify for an increase if it meets either or both of the following criteria:
 1. By June 15, 2018 submit a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve the following:
 - a. By July 31, 2018, execute an agreement with a qualifying HIE organization;

R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update

- A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
- B. APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C. Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
 1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
 2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection

(C)(1), and applying the dollar value to adjust rates at varying levels.

- D. Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E. Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F. Statewide CCR:
 1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
 2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).
- G. Other Updates. In addition to the other updates provided for in this Section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

- A. AHCCCS shall not reimburse hospitals for emergency room treatment, observation hours, or other outpatient hospital services performed on an outpatient basis if the member is admitted as an inpatient to the same hospital directly from the emergency room, observation, or other outpatient department.
- B. AHCCCS shall include payment for the emergency room, observation, and other outpatient hospital services provided to the member before the hospital admission in the AHCCCS Inpatient Tiered Per Diem Capped Fee-For-Service Schedule under Article 7 of this Chapter.
- C. Same day admit and discharge.
 1. For discharges before September 30, 2014. Same day admit and discharge claims that qualify for either the maternity or nursery tiers shall be paid based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.

- A. Inpatient hospital services with discharge dates on or after October 1, 2014, shall be reimbursed using the diagnosis related group (DRG) payment methodology described in this Section and sections R9-22-712.61 through R9-22-712.81.
- B. Payments made using the DRG methodology shall be the sole reimbursement to the hospital for all inpatient hospital services and related supplies provided by the hospital. Services provided in the emergency room, observation area, or other outpatient departments that are directly followed by an inpatient admission to the same hospital are not reimbursed separately. Are reimbursed through the DRG methodology and not reimbursed separately.
- C. Each claim for an inpatient hospital stay shall be assigned a DRG code and a DRG relative weight based on the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health Information Systems. The applicable version of the APR-DRG classification system shall be available on the agency's website.
- D. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to quick pay discounts and slow pay penalties under A.R.S. 36-2904.

- E. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to the Urban Hospital Reimbursement Program under R9-22-718.

- F. For purposes of this Section and sections R9-22-712.61 through R9-22-712.81:

1. "DRG National Average length of stay" means the national arithmetic mean length of stay published in the All Patient Refined Diagnosis Related Group (APR-DRG) classification established by 3M Health Information Systems.
2. "Length of stay" means the total number of calendar days of an inpatient stay beginning with the date of admission through discharge, but not including the date of discharge (including the date of a discharge to another hospital, i.e., a transfer) unless the member expires.
3. "Medicare" means Title XVIII of the Social Security Act, 42 U.S.C. 1395 *et seq.*
4. "Medicare labor share" means a hospital's labor costs as a percentage of its total costs as determined by CMS for purposes of the Medicare Inpatient Prospective Payment System.

R9-22-712.61. DRG Payments: Exceptions

- A. Notwithstanding Section R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the outlier CCR. The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS. The resulting amount will be the total reimbursement for the claim. There is no provision for outlier payments for hospitals described under subsection (A)(3).
 1. Hospitals designated as type: hospital, subtype; rehabilitation in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website in March of each year;
 2. Hospitals designated as type: hospital, subtype: long term in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
 3. Hospitals designated as type: hospital, subtype; psychiatric in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
- B. Notwithstanding Section R9-22-712.60, claims for inpatient services that are covered by a RBHA or TRBHA, where the principal diagnosis on the claim is a behavioral health diagnosis, shall be reimbursed as prescribed by a per diem rate described by a fee schedule established by the Administration;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

however, if the principal diagnosis is a physical health diagnosis, the claim shall be processed under the DRG methodology described in this Section, even if behavioral health services are provided during the inpatient stay.

- C. Notwithstanding Section R9-22-712.60, claims for services associated with transplant services shall be paid in accordance with the contract between the AHCCCS administration and the transplant facility.
- D. Notwithstanding Section R9-22-712.60, claims from an IHS facility or 638 Tribal provider shall be paid the all-inclusive rate on a per visit basis in accordance with the rates published annually by IHS in the federal register.
- E. For hospitals that have contracts with the Administration for the provision of transplant services, inpatient days associated with transplant services are paid in accordance with the terms of the contract.
- F. For inpatient services with a date of admission from October 1, 2018 through September 30, 2019, provided by a hospital in subsection (A) that qualifies, the administration shall pay the hospital an Inpatient Differential Adjusted Payment equal to the sum of the payment otherwise provided for in subsection (A) plus the product of the amount otherwise provided for in subsection (A) and a percentage published on the Administration's public website as part of its fee schedule, subsequent to a public notice published no later than September 1, 2018. To qualify for the Inpatient Differential Adjusted Payment, the exempt hospital must meet the following criteria:
 1. By June 15, 2018 submit a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve the following:
 - a. By July 31, 2018, execute an agreement with a qualifying HIE organization;
 - b. By October 31, 2018, approve and authorize a formal scope of work with a qualifying HIE to develop and implement the data exchange necessary to meet the requirements in subsections (F)(1)(c) and (F)(1)(d);
 - c. By March 31, 2019, electronically submit admission, discharge, and transfer information (including data from the hospital emergency department) to a qualifying HIE;
 - d. By June 30, 2019, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination to a qualifying HIE.

R9-22-712.62. DRG Base Payment

- A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital's labor-related share of that amount is adjusted by the hospital's wage index. The hospi-

tal's labor share is determined based on the labor share for the Medicare inpatient prospective payment system published in Volume 81 of the Federal Register at page 57312 published August 22, 2016. The hospital's wage index is determined based on the wage index tables reference in Volume 81 of the Federal Register at page 57311 published August 22, 2016. The statewide standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.

- C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the "pre-HCAC" DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the "post-HCAC" DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount

- A. Notwithstanding Section R9-22-712.62, a select specialty hospital standardized amount shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:
 1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
 2. Hospitals designated as type: hospital, subtype: short-term that has a license number beginning "SH" in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year.
- B. The select specialty hospital standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.

R9-22-712.64. DRG Base Payments and Outlier CCR for Out-of-State Hospitals

- A. DRG Base payment:
 1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
 2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be included in the AHCCCS capped fee schedule available on the agency's website.
- B. Outlier CCR:
 1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

part of the Medicare Inpatient Prospective Payment System by CMS.

2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.
- C. A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2015.
- D. Other than as required by this Section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

R9-22-712.65. DRG Provider Policy Adjustor

- A. After calculating the DRG base payment as required in sections R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor that is included in the AHCCCS capped fee schedule available on the agency's website.
- B. A hospital is a high-utilization hospital if the hospital had:
 1. Covered inpatient days subject to DRG reimbursement, determined using adjudicated claim and encounter data during the fiscal year beginning October 1, 2015, equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals;
 2. A Medicaid inpatient utilization rate greater than 30% calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital's Medicare Cost Report for the fiscal year ending 2016; and,
 3. Received less than \$2 million in add-on payment for outliers under R9-22-712.68, based on adjudicated claims and encounters for fiscal year beginning October 1, 2015.

R9-22-712.66. DRG Service Policy Adjustor

In addition to Section R9-22-712.65, for claims with DRG codes in the following categories, the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code, and the DRG provider policy adjustor shall be multiplied by the service policy adjustor listed in the AHCCCS capped fee schedule, available on the agency's website, corresponding to the following DRG codes:

1. Normal newborn DRG codes,
2. Neonates DRG codes,
3. Obstetrics DRG codes,
4. Psychiatric DRG codes,
5. Rehabilitation DRG codes,
6. Burn DRG codes.
7. Claims for members under age 19 assigned DRG codes other than listed above:
 - a. For dates of discharge occurring on or after October 1, 2014 and ending no later than December 31, 2015 regardless of severity of illness level,

- b. For dates of discharge on or after January 1, 2016, for severity of illness levels 1 and 2,
- c. For dates of discharge on or after January 1, 2016 and before January 1, 2017, for severity of illness levels 3 and 4.
- d. For dates of discharge on or after January 1, 2017, and before January 1, 2018 for severity of illness levels 3 and 4.
- e. For dates of discharge on or after January 1, 2018, for severity of illness levels 3 and 4.
8. Claims for members assigned DRG codes other than listed above.

R9-22-712.67. DRG Reimbursement: Transfers

- A. For purposes of this Section a "transfer" means the transfer of a member from a hospital to a short-term general hospital for inpatient care, a designated cancer center, children's hospital, or a critical access hospital except when a member is moved for the purpose of receiving sub-acute services.
- B. Designated cancer center or children's hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.
- C. The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.
- D. The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjustors, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.
- E. The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.
- F. Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjustors, or the transfer DRG base payment, whichever is less.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

R9-22-712.68. DRG Reimbursement: Unadjusted Outlier Add-on Payment

- A. Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.
- B. The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:
 1. For hospitals designated as type: hospital, subtype: children's in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
 2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.

3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
- C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
- D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency's website.
- E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency's website.

Historical Note

R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG

outlier add-on payment and the covered day reduction factor final.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.
2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.71. Final DRG Payment

The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Differential Adjusted Payment.

1. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
2. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
3. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration's website and is on file for public inspection at the AHCCCS administration located at 701 E. Jefferson Street, Phoenix, Arizona.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

4. For inpatient services with a date of discharge from October 1, 2018 through September 30, 2019, the Inpatient Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add-on payment multiplied by a percentage published on the Administration's public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2018. A hospital will qualify for the Differential Adjusted Payment if it meets either or both of the following criteria:
 - a. By June 15, 2018 submit a Letter of Intent to AHCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve the following:
 - i. By July 31, 2018, execute an agreement with a qualifying HIE organization;
 - ii. By October 31, 2018, approve and authorize a formal scope of work with a qualifying HIE to develop and implement the data exchange necessary to meet the requirements in subsections (4)(a)(iii) and (4)(a)(iv);
 - iii. By March 31, 2019, electronically submit admission, discharge, and transfer information (including data from the hospital emergency department) to a qualifying HIE;
 - iv. By June 30, 2019, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination to a qualifying HIE;
 - b. By May 1, 2018 hold a Pediatric-Prepared Emergency Care certification from the Arizona Chapter of the American Academy of Pediatrics.

R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission.

- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the same manner as other interim claims as described in R9-22-712.76.

Historical Note

R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.74. DRG Reimbursement: Third Party Liability

DRG payments are subject to reduction based on cost avoidance under Section R9-22-1003 and other rules regarding first-and third-party liability under Article 10 of this Chapter including cost avoidance for claims for ancillary services covered under Part B of Medicare.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.75. DRG Reimbursement: Payment for Administrative Days

- A. Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.
 1. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.
 2. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
 3. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
- B. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital's administrative or operational delays.
- C. Prior authorization is required for administrative days.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- D. A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.
- E. Administrative days are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care (e.g., as nursing facility days).

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

R9-22-712.76. DRG Reimbursement: Interim Claims

- A. For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.
- B. Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.
- C. Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.77. DRG Reimbursement: Admissions and Discharges on the Same Day

- A. Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B. Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired on the date of discharge shall be reimbursed under the DRG methodology.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.78. DRG Reimbursement: Readmissions

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.79. DRG Reimbursement: Change of Ownership

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updat-

ing the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

R9-22-712.80. DRG Reimbursement: New Hospitals

- A. DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in subsection R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in subsection R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in subsection R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in subsection R9-22-712.62(B).
- B. Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in subsection R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in subsection R9-22-712.68(C).
- C. In addition to the requirement of this Section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.81. DRG Reimbursement: Updates

In addition to the other updates provided for in sections R9-22-712.60 through R9-22-712.80, the Administration may update the version of the APR-DRG classification system established by 3M Health Information Systems, adjust the statewide standardized amount in Section R9-22-712.62, the base payments in sections R9-22-712.63 and R9-22-712.64, the provider policy adjustor in section R9-22-712.65, service policy adjustors Section R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in Section R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The Administration shall publish any proposed classification system on the agency's website at least 30 days prior to the effective date, to ensure a sufficient period for public comment, as required by 42 C.F.R. § 447.205. In addition, the public notice shall be available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. The requirements of 42 CFR § 447.205 as of November 2, 2015 are incorporated by reference and do not include any later amendments.

R9-22-712.90. Reimbursement of Hospital-based Freestanding Emergency Departments

- A. "Hospital-based freestanding emergency department" (hospital-based FSED) means an outpatient treatment center, as defined in R9-10-101, that: (1) provides emergency room services under R9-10-1019, (2) is subject to the requirements of 42 CFR 489.24, and (3) shares an ownership interest with a hospital, regardless of whether the outpatient treatment center operates under a hospital's single group license as described in A.R.S. § 36-422.
- B. A hospital-based FSED shall register with the Administration separately from the hospital with which an ownership interest is shared and shall obtain a separate provider identification number. The Administration shall not charge a separate provider enrollment fee for registration of a hospital-based FSED. The Administration shall accept a hospital's compliance with the provider screening and enrollment requirements of 42 CFR Part 455 as compliance by the hospital-based FSED.
- C. For dates of service on and after March 1, 2017, and except as provided in subsection (D), services provided by a hospital-based FSED for evaluation and management CPT codes 99281 through 99285 shall be reimbursed at the following percentages of the amounts otherwise reimbursable under sections R9-22-712.20 through R9-22-712.30. All other covered codes shall be reimbursed in accordance with sections R9-22-712.20 through R9-22-712.30 without a percentage reduction.
 - 1. 60% for a level 1 emergency department visit as indicated by CPT 99281.
 - 2. 80% for a level 2 emergency department visit as indicated by CPT 99282.
 - 3. 90% for a level 3 emergency department visit as indicated by CPT 99283.
 - 4. 100% for a level 4 or 5 emergency department visit as indicated by CPT codes 99284 and 99285.
- D. A hospital-based FSED located in a city or town in a county with less than 500,000 residents, where the only hospital in the city or town operating an emergency department closed on or after January 1, 2015, shall be reimbursed under sections R9-22-712.20 through R9-22-712.35 using the adjustment in R9-22-712.35 associated with the nearest hospital with which the freestanding emergency department shares an ownership interest.
- E. Services provided by an outpatient treatment center that provides emergency room services under R9-10-1019, but does not otherwise meet the criteria in subsection A, shall be reimbursed based on the non-hospital AHCCCS capped fee-for-service schedule under R9-22-710.
- F. The Administration shall not reimburse a hospital for services provided at a hospital-based FSED if the member is admitted directly from a hospital-based FSED to a hospital with an ownership interest in the hospital-based FSED. As provided in R9-22-712.60(B), payments made for the inpatient stay using the DRG methodology shall be the sole reimbursement.

Historical Note

R9-22-713. Overpayment and Recovery of Indebtedness

- A. If a contractor or a subcontracting provider receives an overpayment from the Administration or otherwise becomes indebted to the Administration, the contractor or subcontracting provider shall immediately remit the amount of the indebtedness or overpayment to the Administration for deposit in the AHCCCS fund.

- B. If the funds described in subsection (A) are not remitted, the Administration may recover the funds paid by the Administration to a contractor or subcontracting provider through:
 - 1. A repayment agreement executed with the Administration;
 - 2. Withholding or offsetting against current or future payments to be paid to the contractor or subcontracting provider; or

R9-22-730. Hospital Assessment

- A.** For purposes of this Section, the following terms are defined as provided below unless the context specifically requires another meaning:
1. "2016 Medicare Cost Report" means: The Medicare Cost Report for the hospital fiscal year ending in calendar year 2016 as reported in the CMS Healthcare Provider Cost Reporting Information System (HCRIS) release dated July 21, 2017.
 2. "2016 Uniform Accounting Report" means the Uniform Accounting Report submitted to the Arizona Department of Health Services as of August 16, 2017.
 3. "Quarter" means the three month period beginning January 1, April 1, July 1, and October 1 of each year.
 4. A "new hospital" means a licensed hospital that did not hold a license from the Arizona Department of Health Services prior to January 1, 2018.
- B.** Beginning January 1, 2014, for each Arizona licensed hospital not excluded under subsection (I) shall be subject to an assessment payable on a quarterly basis. The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E) and (F). For the period beginning July 1, 2019, the assessment shall be calculated by multiplying the number of discharges reported on the hospital's 2016 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as "Other Long Term Care Discharges" by the following rates based on the hospital's peer group:

1. \$632.00 per discharge for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.
 2. \$632.00 per discharge for hospitals designated as type: hospital, subtype: critical access hospital.
 3. \$158.00 per discharge for hospitals designated as type: hospital, subtype: long term.
 4. \$158.00 per discharge for hospitals designated as type: hospital, subtype: psychiatric, that reported 2,500 or more discharges on the 2016 Medicare Cost Report.
 5. \$505.50 per discharge for hospitals designated as type: hospital, subtype: short-term with 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital's 2016 Uniform Accounting Report.
 6. \$568.75 per discharge for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital's 2016 Uniform Accounting Report.
 7. \$632.00 per discharge for hospitals designated as type: hospital, subtype: short-term not included in another peer group.
- C.** Peer groups for the four quarters beginning July 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website April 1, 2019.
- D.** Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital's 2016 Medicare Cost Report, are assessed a rate of \$158.00 for each discharge from the psychiatric sub-provider as reported in the 2016 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).
- E.** Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital's 2016 Medicare Cost Report, are assessed a rate of \$0 for each discharge from the rehabilitative sub-provider as reported in the 2016 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).
- F.** Notwithstanding subsection (B), for any hospital that reported more than 23,400 discharges on the hospital's 2016 Medicare Cost Report, discharges in excess of 23,400 are assessed a rate of \$63.25 for each discharge in excess of 23,400. The initial 23,400 discharges are assessed at the rate required by subsection (B).
- G.** Assessment notice. On or before the 15th day of the first month of the quarter or upon CMS approval, whichever is later, the Administration shall send to each hospital a notification that the assessment invoice is available to be viewed on a secure website. The invoice shall include the hospital's peer group assignment and the assessment due for the quarter.
- H.** Assessment due date. The assessment must be received by the Administration no later than:
1. The 15th day of the second month of the quarter or
 2. In the event CMS approves the assessment after the 15th day of the first month of the quarter, 30 days after notification by the Administration that the assessment invoice is available.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- I.** Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital's 2016 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for April 1, 2019:
1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
 2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning "SH".
 3. Hospitals designated as type: hospital, subtype: psychiatric that reported fewer than 2,500 discharges on the 2016 Medicare Cost Report.
 4. Hospitals designated as type: hospital, subtype: rehabilitation.
 5. Hospitals designated as type: hospital, subtype: children's.
 6. Hospitals designated as type: med-hospital, subtype: special hospitals.
 7. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2016 Medicare Cost Report are reimbursed by Medicare.
 8. Hospitals designated as type: hospital, subtype: short-term that have at least 80 percent Medicare discharges, per the 2016 Medicare Cost Report.
- J.** New hospitals. For hospitals that did not file a 2016 Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the March 1 preceding the July assessment start date, the hospital assessment will begin on July 1 following the date the hospital began operating.
 2. If the hospital began operating between March 2 and June 30, the assessment will begin on July 1 of the following calendar year.
 3. A hospital is not considered a new hospital based on a change in ownership.
 4. The assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report, which includes 12 months-worth of data, except when any of the following apply;
 - a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through March 31 preceding the July assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than April 15 preceding the assessment start date for the new hospitals. "Annualized" means divided by a ratio equal to the number of months of data divided by 12 months.
 - b. If more than 12 months of data is available, the assessment will be based on the most recent 12 months of self-reported data, as of March 31;
 5. For purposes of calculating subpart 4, if a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self-reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.
 6. For hospitals providing self-reported data, described in subpart 4 and 5:
 - a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
 - b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.
- K.** Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- L.** Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- M.** Required information. For any hospital that has not filed a 2016 Medicare Cost report, or if the 2016 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the assessment, the Administration shall use data reported on the 2016 Uniform Accounting Report filed by the hospital in place of the 2016 Medicare Cost report to calculate the assessment. If the 2016 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2016 Medicare Cost report to calculate the assessment.
- N.** The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in 36-2901.08.
- O.** Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.

The applicant or member may rebut the presumption by providing clear and convincing evidence of intent to establish a different type of ownership. If the presumption is rebutted, the resource is available to the owners:
 - a. Consistent with the intent of the owners, or
 - b. Based on each owner's proportionate net contribution if there is not clear and convincing evidence of a different allocation.
 3. The Department shall establish availability of a trust under 42 U.S.C. 1396p(d)(4)(A) or (C).

 2. In the case of an individual on whose behalf an application has not been submitted to AHCCCS or its designee under Article 3, on the last day of the following month in which the determination of presumptive eligibility was made by the qualified hospital.
- F.** An individual may not be determined presumptively eligible more often than once every two years.
- G.** Coverage and reimbursement of services.
1. The Administration shall provide coverage of medically necessary services described under Article 2 to persons determined eligible for HPE on a fee-for-service basis.
 2. Providers shall submit claims for services provided to persons determined eligible for HPE to the Administration as described under Article 7.
- H.** A member may withdraw from HPE coverage by notifying the Administration or its designee.
- I.** Upon determining an individual presumptively eligible, the qualified hospital shall:
1. Notify the applicant at the time a determination regarding presumptive eligibility is made, in writing and orally if appropriate, of the determination for each individual on whose behalf presumptive eligibility was requested and the effective date of the presumptive eligibility;
 2. Provide the applicant with a regular AHCCCS-approved application form and inform the applicant that the applicant may file an application for Medicaid with the Administration or its designee;
 3. Notify AHCCCS of the presumptive eligibility determination;
 4. Notify the applicant at the time the determination is made that presumptive eligibility ends with the earlier of:
 - a. In the case of an individual on whose behalf an application has been submitted to AHCCCS or its designee under Article 3, the day on which AHCCCS or its designee makes a determination on that application; or

R9-22-1702. Enrollment of a Member with an AHCCCS Contractor

A. General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
 - a. IHS if the member is a Native American living on a reservation,
 - b. A contractor based on family continuity, or
 - c. A contractor by using the auto-assignment algorithm.
3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
 - a. The member no longer resides in the contractor’s GSA;
 - b. The contractor’s contract is suspended or terminated;
 - c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;
 - d. The member chooses another contractor or chooses IHS, if available to the member, during the annual enrollment choice period; or
 - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
4. When the member’s disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
5. The Administration shall not enroll a member with a contractor if a member:
 - a. Is eligible for the FESP under R9-22-1419;
 - b. Is eligible for less than 30 days from the date the Administration receives notification of a member’s eligibility, except for a member who is enrolled with CMDP or IHS;
 - c. Is eligible only for a retroactive period of eligibility, except for a member who is enrolled with CMDP or IHS; or
 - d. Resides in an area not served by a contractor.
- B.** Fee-for-service coverage. A member not enrolled with a contractor under subsection (A)(5) shall obtain covered medical services from an AHCCCS-registered provider on a fee-for-service basis under Article 7.

2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
4. The Administration shall provide the member 60-day advance notice of the member's option to change plans by the member's annual enrollment date.
5. A member may disenroll from a plan if:
 - a. The member moves out of the GSA;
 - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
 - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.
6. For exceptions to this Article, the Administration shall approve a change for an enrolled member as determined by the Director.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3). Amended by final rulemaking at 24 A.A.R. 2855, effective November 16, 2018 (Supp. 18-3).

R9-22-2102. Distribution of Trauma and Emergency Services Fund: Level I Trauma Centers

- A. On or after November 1, 2003, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall take into consideration the proportion of those hospitals' trauma case volume. The Administration shall:
 1. Recalculate the November 2003 payments in July 2004 using the formula in subsection (B) of this Section;
 2. Recoup November 2003 overpayments by reducing the July 2004 distributions under subsection (C) as appropriate; and
 3. Redistribute recouped funds, with the July 2004 payment, to level I trauma centers underpaid in November 2003.
- B. On or after January 31 of each year, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall determine each hospital's unrecovered trauma center readiness costs for the current fiscal year using data from the most recent reporting year as provided under R9-22-2101(D) and (E). The proportion of each hospital's share of the fund for unrecovered trauma center readiness costs is determined after considering:
 1. The professional, clinical, administrative, and overhead costs directly associated with providing level I trauma care, and
 2. The volume and acuity of trauma care provided by each hospital.
- C. On or after July 31 of each year, the Administration shall distribute monies to level I trauma centers using monies, under R9-22-2101(B), available in the trauma and emergency services fund at the time of payment according to the proportions calculated and used for the January payments in the same year, under subsection (B) of this Section.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

R9-22-2103. Distribution of Trauma and Emergency Services Fund: Emergency Services

1. As allocated under R9-22-2101(C),
2. To hospitals that had an emergency department from July 1 through June 30 of the prior year, and
3. On a pro rata share of each hospital's cost of uncompensated emergency care as a percentage of the total statewide cost of uncompensated emergency care provided by hospitals under subsection (2) as reported in the uniform accounting reports to the Arizona Department of Health Services under A.R.S. § 36-125.04.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3). Amended by exempt rulemaking at 18 A.A.R. 1748, effective July 1, 2012 (Supp. 12-2).

R9-22-2104. Additional Trauma and Emergency Services Payments under the Section 1115 Waiver

- A. Notwithstanding R9-22-2101(D), for the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the balance of the Trauma and Emergency Services fund in the following manner:
 1. Ninety percent of the amount shall be distributed to Level I trauma centers based upon each center's pro rata share of each center's acuity-adjusted volume as a percentage of the total acuity-adjusted volume for all centers in the state. The acuity-adjusted volume is calculated by multiplying the Injury Severity Score employed by trauma.org by the number of trauma cases at that level treated at the center during the reporting year. Hospitals shall report trauma scores and case volume on a worksheet prescribed by the Administration.
 2. Ten percent of the amount shall be distributed proportionately to hospitals that had an emergency department from July 1 through June 30 of the reporting year based the pro rata share of each hospital's cost of emergency care as a percentage of the total statewide cost of emergency care provided by hospitals as reported on the Worksheet B, column 27, line 61 of the hospital's most current Medicare Cost Report as of January 31 following the end of each reporting year.
- B. For the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the federal financial participation made available under the section 1115 waiver for the purpose of making payments for unrecovered trauma and emergency services as follows:
 1. Thirty percent of such funds to a Level I trauma center, in amounts calculated in the same manner as described in subsection (A)(1) of this Section, for any unrecovered trauma center readiness costs not reimbursed under subsection (A) of this Section;
 2. Thirty percent of such funds to a hospital having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsection (A) of this Section; and
 3. Forty percent of such funds to rural hospitals, as defined in R9-22-718 that are not Level I trauma centers as defined in R9-22-2101(F), having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsections (A) and (B)(2) of this Section.
- C. For the reporting years ending June 30, 2011 and June 30, 2012, payments made under this Article shall not be made in an amount that results in aggregate payments to the hospital by the Administration and contractors exceeding of the upper payment limit for the hospital services as calculated in accordance with 42 CFR 447.
- D. For the reporting years ending June 30, 2011 and June 30, 2012, to ensure compliance with subsection (C), payments under this Article shall be reconciled to the federal fiscal year that is two years subsequent to the payment.
- E. Any payments that are determined under subsection (D) to exceed the limit in subsection (C) shall be distributed as

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

described in this Article to hospitals that have not received payments in excess of the limit in subsection (C).

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 12. NATURAL RESOURCES

CHAPTER 4. GAME AND FISH COMMISSION

Authority: A.R.S. § 17-201 et seq.

Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).

Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

In addition to the prohibition against posting prescribed under A.R.S. § 17-304, a person shall not lock a gate, construct a fence, place an obstacle, or otherwise commit an act that denies legally available access to or use of any existing road upon state lands by persons lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.

1. A person in violation of this Section shall take immediate corrective action to remove any lock, fence, or other obstacle unlawfully preventing access to state lands.
2. If immediate corrective action is not taken, a representative of the Department may remove any unlawful posting and remove any lock, fence, or other obstacle that unlawfully prevents access to state lands.
3. In addition, the Department may take appropriate legal action to recover expenses incurred in the removal of any unlawful posting or obstacle that prevented access to state land.

C. The provisions of this Section do not allow any person to trespass upon private land to gain access to any state land.**D. A person may post state lands as closed to hunting, fishing, or trapping without further action by the Commission when the state land is within one-quarter mile of any:**

E. The Commission may grant permission to lock, tear down, or remove a gate or close a road or trail that provides legally available access to state lands for persons lawfully taking wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing if access to such lands is provided by a reasonable alternate route.

1. Under R12-4-610, the Director may grant a permit to a state land lessee to temporarily lock a gate or close an existing road that provides access to state lands if the taking of wildlife will cause unreasonable interference during a critical livestock or commercial operation. 2. Applications for permits for more than 30 days shall be submitted to the Commission for approval.
3. If a permit is issued to temporarily close a road or gate, a copy of the permit shall be posted at the point of the closure during the period of the closure.

If an application to close state land to hunting, fishing, or trapping is made by a person other than the state land lessee, the Department shall provide notice to the lessee and the State Land Commissioner before the Commission considers the application. The state land lessee or the State Land Commissioner shall file any objections with the Department, in writing, within 30 days after receipt of notice, after which the matter shall be submitted to the Commission for determination.**H. R12-4-114. Issuance of Nonpermit-tags and Hunt Permit-tags

- A.** The Department provides numbered tags for sale to the public. The Department shall ensure each tag:
1. Includes a transportation and shipping permit as prescribed under A.R.S. §§ 17-332 and 17-371, and
 2. Clearly identifies the animal for which the tag is valid.
- B.** If the Commission establishes a big game season for which a hunt number is not assigned, the Department or its authorized agent, or both, shall sell nonpermit-tags.
1. A person purchasing a nonpermit-tag shall provide all of the following information to a Department office or license dealer at the time of purchase; the applicant's:
 - a. Name,
 - b. Mailing address, and
 - c. Department identification number.
 2. An applicant shall not obtain nonpermit-tags in excess of the bag limit established by Commission Order when it established the season for which the nonpermit-tags are valid.
- C.** If the number of hunt permits for a species in a particular hunt area must be limited, a Commission Order establishes a hunt number for that hunt area and a hunt permit-tag is required to take the species in that hunt area.
1. A person applying for a hunt permit-tag shall submit an application as described under R12-4-104.
 2. The Department shall determine whether a hunt permit-tag will be issued to an applicant as follows:
 - a. The Department shall reserve a maximum of 20% of the hunt permit-tags for each hunt number, except as established under subsection (C)(2)(b), for antelope, bear, deer, elk, javelina, and turkey and reserve a maximum of 20% of the hunt permit-tags for all hunt numbers combined statewide for bighorn sheep and buffalo to issue to persons who have bonus points and shall issue the hunt permit-tags as established under subsection (C)(2)(c).
 - b. For antelope, bear, deer, elk, javelina, and turkey, the Department shall reserve one hunt permit-tag for any hunt number with fewer than five, but more than one, hunt permit-tags and shall issue the tag as established under subsection (C)(2)(c). When this occurs, the Department shall adjust the number of available hunt permit-tags in order to ensure the total number of hunt permit-tags available does not exceed the 20% maximum specified in subsection (C)(2)(a).
 - c. The Department shall issue the reserved hunt permit-tags for hunt numbers that eligible applicants designate as their first or second choices. The Department shall issue the reserved hunt permit-tags by random selection:
 - i. First, to eligible applicants with the highest number of bonus points for that genus;
 - ii. Next, if there are reserved hunt permit-tags remaining, to eligible applicants with the next highest number of bonus points for that genus; and
- iii. If there are still tags remaining, to the next eligible applicants with the next highest number of bonus points; continuing in the same manner until all of the reserved tags have been issued or until there are no more applicants for that hunt number who have bonus points.
- d.** The Department shall ensure that all unreserved hunt permit-tags are issued by random selection:
- i. First, to hunt numbers designated by eligible applicants as their first or second choices; and
 - ii. Next, to hunt numbers designated by eligible applicants as their third, fourth, or fifth choices.
- e.** Before each of the three passes listed under (C)(2)(c)(i),(ii), and (iii), each application is processed through the Department's random number generator program. A random number is assigned to each application; an additional random number is assigned to each application for each group bonus point, including the Hunter Education and Loyalty bonus points. Only the lowest random number generated for an application is used in the computer draw process. A new random number is generated for each application for each pass of the computer draw.
- f.** If the bag limit is more than one per calendar year, or if there are unissued hunt permit-tags remaining after the random computer draw, the Department shall ensure these hunt permit-tags are available on a first-come, first-served basis as specified in the annual hunt permit-tag application schedule.
- D.** A person may purchase hunt permit-tags equal to the bag limit for a genus.
1. A person shall not exceed the established bag limit for that genus.
 2. A person shall not apply for any additional hunt-permit-tags if the person has reached the bag limit for that genus during the same calendar year.
 3. A person who surrenders a tag in compliance with R12-4-118 is eligible to apply for another hunt permit-tag for the same genus during the same calendar year, provided the person has not reached the bag limit for that genus.
- E.** The Department shall make available to nonresidents:
1. For bighorn sheep and buffalo, no more than one hunt permit-tag or 10% of the total hunt permit-tags, whichever is greater, for bighorn sheep or buffalo in any computer draw. The Department shall not make available more than 50% nor more than two bighorn sheep or buffalo hunt permit-tags of the total in any hunt number.
 2. For antelope, antlered deer, bull elk, or turkey, no more than 10%, rounded down to the next lowest number, of the total hunt permit-tags in any hunt number. If a hunt number for antelope, antlered deer, bull elk, or turkey has 10 or fewer hunt permit-tags, no more than one hunt permit-tag will be made available unless the hunt number has only one hunt permit-tag, then that tag shall only be available to a resident.
- F.** The Commission may, at a public meeting, increase the number of hunt permit-tags issued to nonresidents in a computer draw when necessary to meet management objectives.
- G.** The Department shall not issue under subsection (C)(2)(c), more than half of the hunt permit-tags made available to nonresidents under subsection (E).
- H.** A nonresident cap established under this Section applies only to hunt permit-tags issued by computer draw under subsections (C)(2)(c) and (d).

- G.** A supplemental hunt application submitted in accordance with this Section does not invalidate any other application submitted by the person for a hunt permit-tag.

A recommendation from the administrative law judge received after this time shall be considered at the next regularly scheduled open meeting.

A denial of the right to obtain a license is effective for a period determined by the Commission as authorized under A.R.S. § 17-340, beginning on the date of the hearing.

- A. A party shall exhaust the party's administrative remedies by filing a motion for rehearing or review as provided in this Section. Failure to file a motion for rehearing or review within 30 days of service of the Commission's decision has the effect of prohibiting the party from seeking judicial review of the Commission's decision.
- B. A party in a contested case or appealable agency action before the Commission may file a motion for rehearing or review of a Commission decision, specifying the grounds upon which the motion is based. The motion for rehearing or review shall be filed within 30 calendar days after service of the Commission's decision. For purposes of this subsection a decision is served when personally delivered or mailed by certified mail to the party's last known residence or place of business.
- C. A party may amend a motion for rehearing or review at any time before the Commission rules upon the motion. A written response to a motion for rehearing or review may be filed and served within 15 days after service of the motion for rehearing or review. The Commission may require that the parties file supplemental memoranda on any issue raised in a motion or response, and allow for oral argument.
- D. The Commission has the authority to grant rehearing or review for any of the following causes materially affecting the moving party's rights:
 1. Irregularity in the proceedings of the Commission, or any order or abuse of discretion that deprived the moving party of a fair hearing;
 2. Misconduct of the Commission, its staff, an administrative law judge, or the prevailing party;
 3. Accident or surprise that could not have been prevented by ordinary prudence;
 4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the original hearing;
 5. Excessive or insufficient penalties;
 6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the proceeding; or
 7. That the findings of fact or decision is not justified by the evidence or is contrary to law.

- E. The Commission may either deny the motion for rehearing or review or grant a rehearing or review for any of the reasons listed under subsection (E). The Commission's order granting a rehearing or review shall specify the grounds for the order, and any rehearing shall cover only those grounds upon which the rehearing or review was granted.
- F. After giving the party notice and an opportunity to be heard, the Commission may grant a motion for a rehearing or review for a reason not stated in the motion.
- G. Within the time-frame for filing the motion for rehearing or review, the Commission may grant a rehearing or review on its own initiative for any reason for which the Commission may have granted relief on motion of a party.
- H. When the Commission grants a rehearing or review, the Commission shall hold the rehearing or review at its next regularly scheduled meeting or within 90 days of issuance of the order granting the rehearing or review. With the consent of the parties, the Commission may proceed to conduct the rehearing or review in the same meeting in which the Commission granted the rehearing or review.
- I. The Commission may take additional testimony, amend findings of fact and conclusions of law, and affirm, modify or reverse the original decision.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

In addition to the definitions provided in A.R.S. § 42-5001, the following definitions apply to this Article:

1. "Mining" means operations involving the extraction of nonmetalliferous mineral products from beneath or at the surface of the earth for commercial use and includes underground, surface, and open-pit operations.
2. "Nonmetalliferous mineral product" has the same meaning as prescribed in A.R.S. § 42-5072.

Historical Note

Amended effective November 7, 1978 (Supp. 78-6). Repealed effective August 13, 1987 (Supp. 87-3). New Section R15-5-901 renumbered from R15-5-903 and amended by final rulemaking at 6 A.A.R. 2952, effective July 18, 2000 (Supp. 00-3).

R15-5-902. General

- A. A person engaged in the business of mining is subject to tax under the mining classification on the gross proceeds of sales or gross income received from the sale of a nonmetalliferous mineral product to a purchaser that resells the product in the ordinary course of business.
- B. A person engaged in the business of mining is not subject to tax under the mining classification on the gross proceeds of sales or gross income received from the sale of a nonmetalliferous mineral product to a person engaged in business classified under the prime contracting classification if the nonmetalliferous mineral product is to be incorporated into a structure or project as part of the business.
- C. A person engaged in the business of mining is subject to tax under the retail classification on the gross income received

from the sale of a nonmetalliferous mineral product to a final consumer.

- D. A person engaged in the business of mining shall not deduct from the tax base amounts paid as royalties.

- B. A person who mines and processes nonmetalliferous mineral products is subject to tax on the gross proceeds of sales or gross income from the sale of the first marketable product. For example, a person who mines clay and processes the material into bricks is taxable on the gross proceeds of sales or gross income from the sale of the bricks.

Historical Note

R15-5-905. Products Shipped Out of Arizona

- B. Unless otherwise provided in subsection (D), the taxpayer shall calculate the market value of a nonmetalliferous mineral product shipped out-of-state in the following manner:
1. Establish the total selling price of the product outside Arizona.
 2. Deduct, from the total selling price, costs incurred out-of-state that increase the value of the product. These costs include:
 - a. The cost of actual freight paid, as provided in R15-5-908, to the point of sale outside Arizona;
 - b. The refining or processing cost incurred before the first sale; and
 - c. The cost of sales commissions, paid or accrued, in connection with the sale.
- C. The market value of the product shipped out-of-state shall not include the cost of processing if the processor has paid the Arizona transaction privilege tax on the gross proceeds of sales or gross income derived from the processing. (See R15-5-904.)
- D. A taxpayer may compute the market value of a nonmetalliferous mineral product shipped out-of-state in any manner that accurately reflects the value of the nonmetalliferous mineral product at the point it enters interstate commerce if the taxpayer gives prior written notification to the Department and the Department approves the computation method.

ARTICLE 10. TRANSACTION PRIVILEGE TAX - TRANSIENT LODGING CLASSIFICATION**R15-5-1001. Application of the Definition of Transient for Purposes of Taxation under the Transient Lodging Classification**

- A. Effective January 1, 1979, the leasing or renting of dwelling units and lodging facilities to a person shall not be taxable under the transient lodging classification if the lodging is obtained for a continuous block of time for 30 or more consecutive days except as provided under A.R.S. § 42-1310.10(B). For purposes of this rule, "person" has the same meaning as under A.R.S. § 42-1301.
- B. Gross receipts from providing lodging obtained for a continuous block of time for 30 or more consecutive days shall not be taxable under the transient lodging classification from the first day of occupancy.
1. Lodging obtained for 30 or more consecutive days in increments of time for a period of less than 30 consecutive days rather than for a continuous block of time shall be taxable under the transient lodging classification except as provided under A.R.S. § 42-1310.10(B).
 2. A lodger may originally acquire lodging on an incremental basis for a period of less than 30 consecutive days and subsequently change to a continuous block of time for 30 or more consecutive days; however, the lodging originally obtained on an incremental basis of less than 30 consecutive days shall remain subject to tax regardless of any subsequent action on the part of the lodger.
- C. If lodging is obtained on a continuous basis for 30 or more consecutive days but the person obtaining the lodging leaves before the 30-day period ends and only pays for a period of 29 days or less, the exclusion shall not apply. The gross receipts

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

from providing lodging for 29 days or less shall be subject to tax under the transient lodging classification.

D. The following situations are indicative of the application of the provisions in this rule:

1. A person rents a motel room on a weekly basis for 10 consecutive weeks. The total rental period is greater than 30 consecutive days; however, the method of renting by the week meets the definition of "transient." Gross receipts from renting lodging space on such a basis are subject to tax under the transient lodging classification.
2. A motion picture company contracts with a hotel to rent a block of 15 rooms for a three-month period during which filming will occur in the area. During that three-month period, a variety of crew members and actors will occupy the rooms. Any one room may have a different occupant during the three-month time period as filming progresses and different actors or crew members are involved in the production of the film. The rental by the motion picture company for the three-month period is not subject to tax under the transient lodging classification since the motion picture company contracted with the hotel to rent for a three-month period and, therefore, does not meet the definition of a transient.
3. An individual reserves a room in a rooming house for two weeks. The individual decides to stay another two weeks. The total number of days' stay is now at 28 days. Once again, the individual extends the stay by two weeks. Each time period is less than 30 days. Even though the total period of time is over 29 days, after the third extension of two weeks, the individual continues to be a transient for purposes of taxation under the transient lodging classification. If the individual had rented the room for 30 days or more after the first two weeks, gross receipts from the additional time would not be subject to tax. However, the first two-week block of time would remain taxable since that time period falls under the definition of transient.
4. An individual is not sure how long he will be staying at a hotel so, upon registration, gets the room for 35 days. After 21 days the individual decides to leave and pays only for the 21-day stay. Gross receipts are subject to tax under the transient lodging classification. If the individual had a contractual agreement in which, regardless of length of occupancy, he was required to pay for the entire 35 days, the gross receipts from such a transaction would not be taxable.

Historical Note

Repealed effective August 13, 1987 (Supp. 87-3). New Section R15-5-1001 renumbered from R15-5-1614 (Supp. 94-2). Amended effective April 21, 1995 (Supp. 95-2).

R15-5-1002. Activities in Addition to Providing Lodging

- A.** If a transient lodging facility is engaged in the business of providing lodging and engages in the business of providing meals, the gross receipts from lodging shall be separately stated and reported from the gross receipts from restaurant activities.
- B.** Gross receipts from the providing of meals or room service shall be subject to tax under the restaurant classification.
- C.** Gross receipts from the sale of tangible personal property by transient lodging facilities such as from magazine stands, gift shops, or in-room food or beverage bars shall be subject to tax under the retail classification.

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-1002 renumbered from R15-5-1615 (Supp. 94-2). Amended effective April 21, 1995 (Supp. 95-2).

95-2).

R15-5-1003. Providing Lodging to Government Agencies

Gross receipts from providing transient lodging to the United States Government, the state or its political subdivisions, or any other government agency or its employees shall be taxable under the transient lodging classification unless otherwise exempt.

Historical Note

Adopted effective April 21, 1995 (Supp. 95-2).

ARTICLE 11. TRANSACTION PRIVILEGE TAX – JOB PRINTING CLASSIFICATION

R15-5-1101. Definitions

For purposes of this Article, the following definitions apply:

1. "Image developing" means the copying or reproducing by a printer of an image by any means from film, paper, video, or another data storage medium to photographic print paper or another storage medium that can visually display the image.
2. "Job printing" means the copying or reproducing by a printer of documents or data directly or indirectly provided by the printer's customer, including by another person at the customer's direction, for the ultimate purpose of producing a physical or electronic copy of the document or data. The document or data can be textual or pictorial, and may be received by the printer in physical or electronic form. Examples of methods of job printing include dye sublimation, electrostatic printing, flexography, gravure, inkjet printing, laser printing, lithography, offset printing, optical scanning, photocopying, photofinishing, reprographic printing, screen printing, thermography, xerography, and similar means of duplication.
3. "Photography" means the process of taking and supplying images to customers, using film, video, or another data storage medium.
4. "Printer" means a person that copies or reproduces textual or pictorial material by any means, process, or method of job printing, engraving, embossing, or copying, but that does not distribute the copied or reproduced material on the person's own behalf.
5. "Printing" means a finished product in physical or electronic form produced by a printer through job printing, engraving, embossing, or copying and that is held for sale by the printer.
6. "Qualifying health care organization" has the same meaning as prescribed in A.R.S. § 42-5001(10).
7. "Qualifying hospital" has the same meaning as prescribed in A.R.S. § 42-5001(11).

Historical Note

Repealed effective August 13, 1987 (Supp. 87-3). New Section made by final rulemaking at 11 A.A.R. 5493, effective February 6, 2006 (Supp. 05-4).

R15-5-1102. Printer's Sale of Printing

- A.** Except as otherwise provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from all of a printer's costs or expenses of filling a customer's printing order are subject to tax under this Article. Examples of costs or expenses include charges for set-up, die cutting, embossing, folding, and binding operations.
- B.** Gross income or gross proceeds derived from an Arizona printer's sale of printing within Arizona are subject to tax even when the printer conducts the job printing, engraving, embossing, or copying activity outside the state, unless the printing is shipped or delivered outside the state for use outside the state.

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

- C. If a printer ships or delivers printing to be used outside the state to a common carrier for transportation to a location outside the state, the common carrier is deemed to be the agent of the printer for purposes of determining whether the printing has been shipped or delivered outside the state, regardless of who is responsible for payment of the freight charges.
- D. A printer may substantiate a shipment or delivery of printing outside the state by one of the following records:
1. An internal delivery order that is supported by receipts for expenses incurred in delivery of printing and signed on the delivery date by the person who delivers the printing;
 2. A common carrier's receipt or bill of lading;
 3. A parcel post receipt;
 4. An export declaration;
 5. A receipt from a licensed broker; or
 6. Proof of export or import, signed by a customs officer.
- E. Except as provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from an Arizona printer's charges for the distribution of printing are generally subject to tax under this Article. In the absence of documentation listed in subsection (D), it remains the taxpayer's burden to substantiate that the gross income or gross proceeds derived from a sale of printing are not taxable because the printing is shipped or delivered outside the state for use outside the state, pursuant to A.R.S. § 42-5066(B)(2). A printer substantiates that printing is shipped or delivered outside the state for use outside the state if the printer shows that the address or number to which the printer distributes the printing does not identify or is incapable of identifying an in-state location.
- F. Pursuant to A.R.S. § 42-5066(B)(4), a printer may deduct its gross income or gross proceeds derived from charges for postage and freight if the printer separately states the charges on a customer's invoice and in the printer's records, except that the amount deducted shall not exceed the amount paid by the printer to the United States Postal Service or a commercial delivery service. A printer may not deduct its gross income or gross proceeds derived from charges for delivery of the printing using the printer's own conveyance.

Sales to a printer of materials that do not become an ingredient or component part of a printing fall under the retail classification (see Article 1 of this Chapter) and are subject to tax unless otherwise

exempt under A.R.S. § 42-5061. Examples of such materials include color process plates, electrotypes, film processing chemicals, printing plates, and wood mounts. In contrast, sales by the printer of any such materials that are job printed, engraved, embossed, or copied by the printer for the printer's customer constitute sales of printing and fall under this Article. An example is a printer's sale to a customer of a printing plate upon which the printer has performed job printing, engraving, embossing, or copying activity for the customer.

R15-5-1502. General

- A. Gross income derived from the rental of tangible personal property is included in the tax base under the personal property rental classification unless a specific statutory exemption, exclusion, or deduction applies. Examples of tangible personal property include: televisions, cars, trucks, lawnmowers, floor polishers, tuxedos, uniforms, furniture, towels, and linens.
- B. In this Article, the terms "lease," "rental," and "leasing" are used synonymously.
- C. Gross income from the lease of tangible personal property to a lessee who subleases the property is not taxable under the personal property rental classification if the lessee is engaged in the business of leasing the property under the personal property rental classification.
- D. Gross income from the rental of tangible personal property includes charges for installation, labor, insurance, maintenance, repairs, pick-up, delivery, assembly, set-up, personal property taxes, and penalty fees even if these charges are billed as separate items, unless a specific statutory exemption, exclusion, or deduction applies.

Historical Note

Amended subsection (D) and added subsection (E) effective March 18, 1981 (Supp. 81-2). Amended by final rulemaking at 6 A.A.R. 3091, effective July 18, 2000 (Supp. 00-3).

R15-5-1503. Sourcing of Leased Tangible Personal Property

- A. In this Section:
 - 1. "Business location" means the business address that appears on a lessor's privilege license, but if the lessor does not have a business address in Arizona, business location means the lessee's residential or primary business street address.
 - 2. "Source" means to determine the location of leasing or renting activity for tax purposes.
- B. The personal property rental classification applies to a person who is engaging or continuing in the business of leasing or renting tangible personal property in Arizona for a consideration. Gross receipts from leasing or renting tangible personal property in Arizona are taxable under this classification.
- C. The Department shall source gross receipts from leasing or renting tangible personal property to the business location. Thus, gross receipts of a lessor without a business address in Arizona, derived from leasing or renting tangible personal property, are sourced to the lessee's residential or primary business street address and are taxable when the property is shipped, delivered, or otherwise brought into the state for use in Arizona.
- D. Gross receipts from leasing or renting tangible personal property are not taxable if the property is shipped or delivered outside of the state and intended, at the inception of the lease, for use exclusively outside of the state.
- E. Gross receipts from leasing or renting tangible personal property are not taxable if the property is removed from the state and used exclusively outside of the state. Intermittent use of tangible personal property outside of the state does not constitute removal of the property from the state for use exclusively outside of the state, and therefore does not change the business location of the property or liability for the tax. For example, use of a business's leased tangible personal property by its employees at different locations on business trips and service calls does not change liability for the tax.
- F. The burden of proof for establishing the applicability of subsection (D) or (E) is on the lessor.

- G. For leasing or renting activity related to a motor vehicle, the Department shall examine whether the motor vehicle is licensed, registered, or primarily used in Arizona.
- H. A taxpayer shall not take a deduction or credit for taxes paid in another state on a lease or rental of tangible personal property.

2. "Economic unit of agricultural property" means agricultural property which is rented to the same lessee under one lease or rental agreement but may include more than one parcel or location which is functionally integrated.
3. "Real property used for commercial purposes" means land or structures, including parking lots but not including agricultural property or land or structures used for residential purposes.
4. "Rental" means renting or leasing
5. "Unit" means a single real property location rented or leased to a single tenant under one lease or rental agreement.

R15-5-1602. Casual Leasing Activity

- A. For purposes of taxation under the commercial lease classification, there shall be no general exclusion for a casual rental of real property unless delineated under A.R.S. § 42-5059 except as provided in subsection (B) of this rule.
- B. For periods ending on or before July 31, 1988, the rental of one unit or real property shall have been deemed to be a casual activity and not subject to transaction privilege tax if:
 1. A lessor had income from another source which was unrelated to the income from the rental of real property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and
 2. The scope and degree of the rental activity clearly indicated that the rental activity was an investment activity rather than income from a business.
- C. For periods beginning on or after August 1, 1988, gross income from the rental of one or more units of real property used for commercial purposes shall be deemed to be a business activity and shall be taxable under the commercial lease classification.
- D. For periods prior to July 17, 1993, gross income from the rental of one economic unit of agricultural property shall not be taxable if the following conditions exist:
 1. A lessor had income from another source which was unrelated to the income from the rental of one economic unit of agricultural property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and
 2. The scope and degree of the rental activity clearly indicated that the rental activity was an investment activity rather than income from a business.

- E. For periods from and after July 17, 1993, gross income from the rental of agricultural property shall not be subject to tax if the conditions of A.R.S. § 42-5069(C)(12) are met.
- F. The following situations are indicative of the application of the general provisions of the commercial lease classification:
 1. A three-story office building is lease in its entirety to a large law firm. The building is one unit of property. Prior to August 1, 1988, the lessor of the office building was not considered to be engaged in business under the commercial lease classification if the conditions of subsection (A) existed. Commencing on or after August 1, 1988, the single rental of commercial real property is subject to tax under the commercial lease classification.
 2. Individual spaces in a small medical building are rented to three different members of the medical profession on separate leases. The property consists of three units. Regardless of the time period in which the rental occurred, the lessor in this situation has always been engaged in business under the commercial lease classification.
 3. A partnership is formed to hold one unit of real property for purposes of leasing. Income received from this activity is taxable since the partnership was formed for business purposes.
 4. Two hundred acres of farmland are leased to one tenant. The acreage is one economic unit of agricultural property. The lessor is employed as an engineer and leases the property as an investment. Regardless of the time period in which the lease occurred, the lessor of the property is not engaged in business under the commercial lease classification.
 5. Two hundred acres of agricultural property are leased to five unrelated parties on separate leases. The property consists of five economic units of agricultural property. Regardless of the time period in which the leases occurred, the lessor is engaged in business under the commercial lease classification. Five separate lease agreements are not a casual activity and the lessor does not fall within any of the current exemptions under A.R.S. § 42-5069(C)(12).

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-1602 renumbered from R15-5-1607 and amended effective April 21, 1995 (Supp. 95-2). R15-5-1602(A), (E) and (F)(5) corrected to reflect updated citation references to Arizona Revised Statutes (Supp. 06-4).

9. Reimbursement for utility service in excess of the actual amount charged by the utility company.

B. Refundable deposits shall not be subject to tax at the time of receipt if such deposits are separate from gross receipts from commercial leasing and are maintained on the books and records of the lessor as a liability and not as income.

1. Any portion of a refundable deposit which is retained by the lessor as a forfeited deposit shall be included in gross receipts subject to tax.
2. Any portion of a refundable deposit which is not claimed by the tenant at the time the tenant departs shall be presumed to be abandoned property if not claimed within five years from the date of departure pursuant to A.R.S. Title 44, Chapter 3 and shall be reported and delivered as unclaimed property to the Department after the five-year period of time has elapsed.

ARTICLE 18.1. SALES OF FOOD**R15-5-1860. Definitions**

For the purpose of these rules, unless the context requires otherwise, the following definitions will apply:

1. "Accessory food items" means coffee, tea, cocoa, carbonated and uncarbonated drinks, candy, condiments and spices, and other non-staple foods.
2. "Attendant" means a person, generally the employee of the retailer, who waits on the customers, or tends to their needs.
3. "Automatic retailer" means a coin operated mechanical device or system which sells tangible personal property. Such device or system must itself vend or sell the items, i.e., a device or system which delivers the subject of the sale, or by automatic action physically delivers the thing sold. Vending machines are considered automatic retailers.
4. "Caterer" means a person engaged in the business of serving meals, food and drinks on the premises used by his customer, but does not include employees hired by the hour of day.
5. "Delicatessen" means a business which sells specialty food items, such as prepared cold meats, perishable food and grocery items kept under refrigeration.
6. "Facilities for the consumption of food" means appropriate furniture, tableware, or parking areas for sitting both in or on the premises of the business, either in or out of a motor vehicle.
7. "Food"
 - a. Under A.R.S. § 42-1387, the Department is required to promulgate rules defining food as those items that may be purchased from an eligible grocery business with food coupons, but in no event may such definition of food include food for consumption on the premises, alcoholic beverages or tobacco. Even though alcoholic beverages and food for consumption on the premises may be intended for human consumption, such items are not considered food by the statutory provisions. In these rules, items that are considered food by the Statutes, and therefore tax exempt if sold by a qualified retailer, shall be referred to as "tax exempt foods." Other items that may be intended for human consumption but are excluded from the definition of food by the Statute, and are therefore subject to the Sales Tax, shall be referred to herein as "taxable foods."
 - b. "Food" means: Items intended for human consumption. Food is deemed to be intended for human consumption when its intended or ordinary use is as a food for human consumption or is an ingredient used in preparing food for human consumption. For example, even though animal food may be used by some humans, its ordinary or intended use is not for human consumption. Also, even though vitamins and other medication may be ingested, its intended or ordinary use is as a health aid or therapeutic agent

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

- or a deficiency corrector and is not intended for use as food. Following is a numeration of items which the Department does not consider food for human consumption:
- i. Pet food and supplies
 - ii. Cosmetics and grooming items
 - iii. Tobacco products
 - iv. Soaps and paper products and household supplies
 - v. Dietary supplements such as vitamins or protein supplements
 - vi. Medicines
 - vii. Fertilizer
8. "Food for consumption on the premises"
- a. "Food for consumption on the premises" means the following:
 - i. Hot prepared food, including products, items or ingredients of food which are prepared and sold or are intended to be sold in a heated condition. This also includes a combination of hot and cold food items or ingredients if a single price is charged by the retailer.
 - ii. Hot or cold sandwiches including frozen sandwiches.
 - iii. Food served by an attendant to be eaten at tables, chairs, benches, booths, stools, counters and within parking areas (for in-car consumption).
 - iv. Food served with trays, glasses, dishes or other tableware. Food which is generally selected by the customer from available displays and then taken by the customer to a checkout stand for payment is not considered to be served by the retailer.
 - v. Beverages sold in cups, glasses or open containers. Beverages shall include items such as milk shakes and ice cream floats.
 - vi. Food sold by caterers.
 - vii. Food sold within the premises of theaters, exhibitions, fairs, amusement parks, bowling alleys, athletic events, and other shows or contests and any businesses which charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction. While food for consumption on the premises includes any food sold within the premises of certain businesses, including businesses that charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction, food for consumption on premises does not include sales of tax exempt food by a qualified retailer within the premises of a full time educational institution that charges tuition for a full course of studies.
 - b. Any item enumerated in subparagraph (a) which is sold on a take-out or to-go basis is still considered to be food for consumption on the premises and therefore taxable.
9. "Food intended for home consumption" means food, other than food for consumption on the premises, which is usually intended to be consumed at home. Unless the taxpayer can establish to the contrary, food delivered by a retailer to an office or other business establishment shall not be considered food intended for home consumption.
10. "Home" means a natural person's usual or habitual dwelling place, including rest homes, nursing homes, jails and other such institutions.
11. "Premises" means the total space and facilities, including buildings, grounds and parking lot that are made available for use by the retailer for the purpose of consuming food sold by such retailer.
12. "Qualified retailer"
- a. A qualified retailer or qualified retail business is one that may be eligible to sell tax exempt food without including the sale of tax exempt food items in its taxable base. A retailer other than a qualified retailer must pay a tax measured by the sale of otherwise exempt food even though the sale of such items would be exempt if sold by a qualified retailer.
 - b. Qualified retailers are:
 - i. An eligible grocery business, which includes retailers who are eligible to participate in the United States Department of Agriculture Food Stamp Program, whether such retailer actually participates in the food stamp program. If a retailer is eligible to participate in the food stamp program, but does not participate in such program, such retailer may only be an eligible grocery business if the retailer first makes application to the Department to sell food tax exempt. Examples of retailers that might be considered eligible grocery businesses include:
 - (1) Grocery stores;
 - (2) Convenience stores;
 - (3) Butcher shops;
 - (4) Bakeries;
 - (5) Dairy stores;
 - (6) Cheese stores;
 - (7) Farmer's markets.
 - ii. Retailers whose primary business is not the sale of food, but who sell food in a manner similar to grocery stores. This category includes stores such as department stores, drug stores, and gas stations.
 - iii. Retailers who sell food and who do not provide any facilities for consumption of food on the premises. This category may include certain health food stores, and certain outlets retailing soda and other similar beverages in bottles or cans, but not cups.
 - iv. Delicatessen business, if such retailer conducts his business so that the sale of tax exempt foods and other taxable items may be separately accounted for, through, for example, the use of two (2) cash registers, or a cash register with at least two (2) tax computing keys which are used to record taxable and tax exempt sales.
 - v. A retailer who is a street or sidewalk vendor who uses a pushcart.
 - vi. Vending machines and other automatic retailers.
13. "Staple food" means those food items intended for home preparation and consumption, which includes meat, poultry, fish, bread and bread stuffs, cereals, vegetables, fruits, fruit and vegetable juices, and dairy products.
14. "Taxable foods" are items which may be intended for human consumption, but are still subject to the Sales Tax when sold. Examples of taxable foods would be alcoholic beverages, and food for consumption on the premises.
15. Tax-exempt foods

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

- a. "Tax exempt foods" are generally those items of food intended for home consumption which, if purchased from an eligible grocery business, would be eligible as of January 1, 1979, to be purchased with food coupons issued by the United States Department of Agriculture.
 - b. Tax-exempt food shall also include any new items of food intended for human consumption which would have been eligible for purchase with food coupons issued by the United States Department of Agriculture if such items would have existed for sale on January 1, 1979.
 - c. The following are examples of items which the Department will consider as tax exempt food:
 - bread and flour products;
 - vegetables and vegetable products
 - candy and confectionery
 - sugar, sugar products and substitutes
 - cereal and cereal products
 - butter, oleomargarine, shortening and cooking oils
 - cocoa and cocoa products
 - coffee and coffee substitutes
 - milk and milk products
 - eggs and egg products
 - tea
 - meat and meat products
 - spices, condiments, extracts and food colorings
 - fish and fish products
 - frozen foods
 - soft drinks and soda (including bottles on which a deposit is required to be paid)
 - fruit and fruit products
 - packaged ice cream products
 - dietary substitutes
 - ice cubes and bottled water including carbonated and mineral water
 - purchases of seed and plants for use in gardens to produce food items for personal consumption
16. "Two tax computing keys" shall mean the mechanical or electronic function in a cash register which can separately record and accumulate taxable and nontaxable items without having the items presorted.

Repealed effective April 13, 1987 (Supp. 87-2).

R15-5-1862. Restaurant food sales

- A. Restaurants are generally not qualified retailers, and therefore cannot sell food tax free, but are taxable upon all of their gross income or gross proceeds of sale.
- B. If a qualified retailer also operates a restaurant, the gross income or gross receipts of a sale from the two (2) activities must be kept separate. The gross receipts or gross income from the operation of the restaurant shall always be taxable, as will the income from all sales of taxable food and nonfood items. Except for items which may be exempt under some other provision,

only tax-exempt foods sold by a qualified retailer not in connection with its restaurant operation shall be exempt.

- C. To the extent that a delicatessen may sell taxable food, such as hot or cold sandwiches, such delicatessen will be required to report under this classification. Since a delicatessen business may constitute a qualified retailer, such business may still be eligible to sell tax exempt food, if such sales are separately accounted for.

ARTICLE 20. GENERAL ADMINISTRATION**R15-5-2001. Renumbered****Historical Note**

Repealed effective August 13, 1987 (Supp. 87-3). New Section R15-5-2001 renumbered from R15-5-202 and amended effective October 14, 1993 (Supp. 93-4). R15-5-2001(4) corrected to reflect an updated citation reference to Arizona Revised Statutes (Supp. 06-4). Section R15-5-2001 renumbered to R15-5-101 by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2002. Liability for Transaction Privilege Tax

- A.** The transaction privilege tax is imposed directly on the person engaged in a taxable business in or within Arizona, including a retailer located outside the state who is engaging or continuing in business in this state as a remote seller or marketplace facilitator and who meets the threshold requirements in A.R.S. § 42-5044. The vendor shall be liable for the tax, regardless of whether or not the vendor passes on the economic burden of the tax to the customer.
- B.** A retailer establishes its physical presence within Arizona by activities performed in this state on its behalf that are significantly associated with the retailer's ability to establish and maintain a market in this state for its sales. Activities and factors that, by themselves or in conjunction with others, establish a retailer's physical presence within Arizona include the following:
 - 1. The retailer maintains an office or other place of business in Arizona, regardless of whether such location performs a sales-related or other business function.
 - 2. The retailer owns or leases real or personal property in Arizona.
 - 3. The retailer maintains an inventory of products in Arizona at its own direction and control.
 - 4. The retailer's merchandise or goods are delivered into Arizona on vehicles owned or leased by the retailer and the retailer makes such deliveries into Arizona on an ongoing basis.
 - 5. Other local activities performed by the retailer's employees, agents, representatives, contractors, or affiliated persons in Arizona that enable the retailer to maintain and improve its name recognition, market share or sales volume, goodwill, and individual customer relations may establish physical presence if the activities are not of a transitory nature, as described in subsections (D) and (E). Such activities may include: soliciting sales through an ongoing local marketing contract; delivering, installing or repairing property sold to customers through an ongoing contract with either the customer or a local partner; or conducting training or similar support services for customers or for employees or representatives of the retailer on an ongoing basis.
- C.** A retailer having a physical presence within Arizona as described in subsection (B) of this Section shall be considered

liable for transaction privilege tax as a taxpayer located within Arizona.

- D.** A retailer's activities in Arizona are not of a transitory nature if such activities generate gross receipts, are ongoing, and are regularly conducted from within the state. Alternately, a retailer's activities in Arizona are not of a transitory nature if such activities generate gross receipts and the retailer regularly conducts the same business activities outside of Arizona.
 - 1. Example: Employees who travel to Arizona for a business meeting, conference, or similar event and who do not otherwise engage in a taxable business activity during their time within the state would not establish physical presence in Arizona, regardless of the duration of their stay. Such stays would not be considered ongoing, even though the events take place in Arizona.
 - 2. Example: A retailer that provides remote one-time assistance to a customer who has a specific problem installing or using a product purchased remotely would not establish physical presence. The retailer's assistance does not appear ongoing and the activity is conducted from outside the state.
 - 3. Example: A retailer that sells WiFi-enabled (IoT) appliances also offers a service contract that allows its technicians to remotely access its customers' appliances to regularly update, maintain, or troubleshoot firmware. The provision of services through such contracts with Arizona customers would not establish physical presence for the retailer. The retailer's services, while ongoing, are conducted from outside the state.
 - 4. Example: A retailer that has a salesperson who regularly travels to Arizona for the purposes of selling goods and services and supporting previously sold goods and services may have physical presence, even if the salesperson is a resident of California and only present in Arizona temporarily throughout the calendar year. The retailer's sales activities, as conducted through its salesperson, are ongoing and conducted from within the state.
 - 5. Example: A retailer's employee who is a Nevada resident but is working remotely from Arizona while on vacation, performing bookkeeping and other routine business functions, does not establish physical presence in Arizona for the business. The employee's in-state activities are not significantly associated with a retailer's ability to establish and maintain a market in Arizona for its sales.
 - 6. Example: A new Utah-based retailer that has never made any sales to Arizona purchasers brings an inventory of crystals to sell at a two-day mineral and fossil show in Arizona. Over the two-day period, the retailer makes \$3,000 in sales. As an out-of-state retailer making sales from within Arizona who has not met the threshold requirements in A.R.S. § 42-5044, the retailer will incur an Arizona transaction privilege tax liability on the sales it makes at the show. Such Arizona-based sales are not considered for purposes of meeting the threshold requirements for a remote seller, pursuant to A.R.S. § 42-5044. If the retailer does not anticipate conducting additional sales from within Arizona on an ongoing basis, it should apply for a seasonal license to participate in the show.
 - 7. Example: At the same mineral and fossil show described in subsection (D)(6), an new Arizona-based retailer of semi-precious gems also brings an inventory to sell at the show for the first time. As a retail business located in Arizona, the retailer must be licensed and must report and remit Arizona transaction privilege tax on its sales made at the show.

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

- E. Effective October 1, 2019, a retailer that establishes physical presence in Arizona pursuant to this rule shall continue to be responsible for reporting and remitting transaction privilege tax for the duration of such physical presence. If the retailer terminates its physical presence in the state, it shall report and remit transaction privilege tax for all transactions occurring on or before the last day of the month in which the vendor terminates its physical presence.

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-2002 renumbered from R15-5-204 and amended effective October 14, 1993 (Supp. 93-4). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2003. Applicability of Provisions to Marketplace Facilitators and Remote Sellers

Articles 1, 20, and 22 of this Chapter apply to any marketplace facilitator or remote seller who meets the threshold requirements in A.R.S. § 42-5044.

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section made by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2004. Multi-Location and Multi-Business Taxpayers

- A. A taxpayer with multiple licenses for separate businesses shall maintain separate records for each licensed business, including details relating to the computation of taxes and exempt sales and digital or hard copies of applicable exemption certificates, as provided in subsection (B).
- B. The Department may request that records required to be maintained under this Section be made accessible for inspection or copying. To the extent reasonable or possible, the taxpayer shall make these records available to the Department in an electronic format, if requested.
- C. A tax is levied upon the privilege of engaging in specified businesses within Arizona. Class codes for reporting gross receipts subject to tax have been determined by the Department based on statutory provisions. Each business classification is independent of the others even when transacted under one license. A person who engages in more than one type of business under each license shall maintain books and records so that the gross proceeds of sales or gross income of each taxable business classification is shown separately.
- D. Except as provided in subsection (E), a marketplace facilitator shall maintain records that separately show sales made on its own behalf and sales made on behalf of marketplace sellers. Such records shall include details relating to the computation of taxes and exempt sales and also include digital or hard copies of applicable exemption certificates, as provided in subsection (B).
- E. If a marketplace facilitator reported through non-amended returns and remitted transaction privilege tax on sales made on its own behalf and sales made on behalf of marketplace sellers for tax periods on or before August 27, 2019, the marketplace facilitator shall maintain records that show details relating to the computation of taxes and exempt sales, and also include copies of applicable exemption certificates for both sales made on their own behalf and on behalf of a marketplace seller. A marketplace facilitator shall have an alternate method to demonstrate the portion of sales made on behalf of marketplace sellers if under audit or for the purposes of claiming liability relief under A.R.S. § 42-5043 and R15-5-2216.
- F. A remote seller shall maintain records that separately show sales made directly to its own customers and sales made on its

behalf through a marketplace facilitator. Such records shall include details relating to the computation of taxes and exempt sales and also include digital or hard copies of applicable exemption certificates, as provided in subsection (B).

- G. Failure to maintain appropriate books and records shall result in the imposition of the tax at the highest tax rate on gross proceeds of sales or gross income applicable to a classification under which the taxpayer is doing business.

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-2004 renumbered from R15-5-2215 and amended effective October 14, 1993 (Supp. 93-4). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2006. Repealed**Historical Note**

Repealed effective April 13, 1987 (Supp. 87-2).

R15-5-2007. Credit for Accounting and Reporting Expenses

- A. For purposes of this rule, the following definitions apply:
1. "Reporting period" means a calendar month unless another period is authorized pursuant to A.R.S. § 42-1322.
 2. "Statutory delinquency date" means the date by which a payment of tax is considered delinquent pursuant to A.R.S. § 42-1322.
 3. "Tax return" means the Transaction Privilege, Use, and Severance Tax Return (TPT-1).
 4. "Taxable business" means a business which is subject to either transaction privilege or severance tax.
 5. "Taxpayer" means taxpayer as defined in A.R.S. § 42-1322.04(C), including an entity which is exempt from state income tax. The following are considered a single taxpayer:
 - a. Members of an Arizona affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
 - b. Corporations in a unitary business filing a combined corporate income tax return under A.A.C. R15-2-1131(E);
 - c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return under A.A.C. R15-2-1131(E); or
 - d. Partnerships, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.
- B. A taxpayer shall compute the credit, using the full amount of tax as required to be reported on the tax return, including any excess tax collected. The Department shall not allow a credit against taxes other than the state transaction privilege tax and the severance tax.
- C. Except as provided in subsection (D), the Department shall not allow a credit if the taxpayer fails to pay the tax due before the statutory delinquency date. Failure to pay the tax due includes the following circumstances:
1. The taxpayer makes an underpayment of tax due, including any estimated tax due, or,
 2. The taxpayer's check is dishonored.
- D. In the case of taxpayer computational error, the Department shall allow the credit based on the amounts originally filed, if

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

the computational error resulted in the overpayment or underpayment of the tax actually due:

1. In the case of an overpayment, the Department shall allow the credit on the actual amount of tax due for the reporting period.
 2. In the case of an underpayment, the Department shall allow the credit on the amount of the tax paid prior to the statutory delinquency date.
- E. To receive the credit for each reporting period, the taxpayer shall claim the credit on the tax return. If the taxpayer understates the amount of the credit on the tax return, the Department shall allow the amount of credit which the taxpayer has claimed. The taxpayer may file an amended return to claim any unclaimed portion of the credit if the taxpayer timely paid the tax upon which the credit is based. If the taxpayer overstates the amount of the credit, the Department shall allow the amount of credit actually permitted for the reporting period.
- F. A taxpayer is entitled to one credit, regardless of the number of licenses, businesses, or locations the taxpayer may have. Taxpayers with multiple licenses for separate businesses or separate locations shall elect the manner in which to allocate the credit among their licenses within the \$10,000 annual limitation. The election shall be made on a form 51-T. The taxpayer shall file the election on or before January 15 of the first year for which an election is being made or within 30 days prior to beginning operations if the taxpayer is a new business entity. The taxpayer is required to file an election one time; however, a new election may be filed under the following circumstances:
1. If a taxpayer does not claim the entire \$10,000 credit during the calendar year, the taxpayer may amend the election at the end of the calendar year to reallocate the unclaimed portion of the credit for that particular year. This amended election shall be filed on or before January 31 of the following year. To claim the reallocated credit, the taxpayer shall file an amended tax return for each reporting period in which a sufficient tax was due and timely paid. For example: an individual owns three separate businesses with different transaction privilege tax licenses. At the beginning of the year, the individual allocates the \$10,000 credit as follows: \$3,000 to Company A; \$2,000 to Company B; and \$5,000 to Company C. At the end of the year, Companies A and B have claimed the credit up to their allocated amounts. However, Company C has only claimed \$1,000 of its allocated credit. Company A timely paid a sufficient amount of tax during the months of August and September to qualify for an additional \$4,000 credit. The individual may amend the election to reallocate the unclaimed credit to Company A. To claim the \$4,000 credit, the individual must file an amended tax return for Company A for the months of August and September.
 2. If a taxpayer acquires, sells, or terminates a taxable business during the calendar year, the taxpayer may amend the election at that time to reallocate the credit. The taxpayer shall only reallocate the portion of the credit which has not been claimed by the date on which the taxpayer acquires, sells, or terminates the business. The taxpayer shall ensure that the election relates to the acquired, sold, or terminated business and is made on a prospective basis only. The taxpayer shall notify the Department of the reallocation 30 days prior to the due date of the tax return for the reporting period to which the reallocation applies. For example: Corporation A is the common parent of Corporations B and C and elects to file a consolidated corporate state income tax return. Each of the three cor-

porations conducts a taxable business activity. Since the three corporations file state income tax as one entity, Corporation A is required to allocate the \$10,000 credit among the three corporations. At the beginning of the year, Corporation A elects to allocate the entire \$10,000 credit to Corporation B. On July 1, Corporation A acquires Corporation D which also conducts a taxable business activity. Corporation A may amend its election at this time to take into account Corporation D. Corporation A may reallocate the portion of the credit not already claimed by Corporation B to Corporation D.

- G. Where a taxpayer is allocating the \$10,000 credit, the following rules apply:

1. The Department shall allow a unitary business, filing a combined corporate state income tax return, or an Arizona affiliated group, filing a consolidated corporate state income tax return, one \$10,000 credit. The unitary business or affiliated group may allocate the credit among its members. If the unitary business or affiliated group fails to allocate the \$10,000 credit, the Department shall allocate the credit to the corporation in whose name the unitary business or affiliated group files its state income tax return regardless of whether the corporation conducts a taxable business.
 - a. If a corporation joins an Arizona affiliated group or unitary business during the calendar year, the Department shall classify the corporation as a separate taxpayer for the period before it joins the affiliated group or unitary business. The Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period after it joins the affiliated group or unitary business. An affiliated group or unitary business may allocate the \$10,000 credit, even if a member corporation claimed the credit before it joined the affiliated group or unitary business.
 - b. If a corporation leaves an affiliated group or unitary business during the calendar year, the Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period before it leaves the affiliated group or unitary business. The Department shall not classify the corporation as the same taxpayer for the period after it leaves the affiliated group or unitary business. The corporation, as a separate taxpayer or part of a separate taxpayer, may allocate the \$10,000 credit, even if the corporation claimed the credit before it left an affiliated group or unitary business.
2. If a partnership, S corporation, trust, or estate conducts multiple taxable businesses, the Department shall allow the partnership, S corporation, trust, or estate one \$10,000 credit. The partnership, S corporation, trust, or estate may allocate the credit among its businesses. The credit shall not be allocated to the partners of a partnership, shareholders of an S corporation, or beneficiaries of a trust or estate.
3. In cases where the taxpayers are married and each spouse conducts a taxable business, the Department shall allow one \$10,000 credit per income tax return. If the married taxpayers file separate individual income tax returns, the Department shall allow each spouse one \$10,000 credit. If the married taxpayers file a joint income tax return, the Department shall allow one \$10,000 credit for the couple.

time and location similar to that of the affiliated party transaction and between a willing purchaser and a willing seller, who are not affiliated and have reasonable knowledge of the relevant facts.

- 6. “Members of the individual’s family” means the relationship of spouse, brothers, and sisters, whether by whole or half blood and including adopted persons, ancestors, and lineal descendants.

The portion of the amounts received on the debt representing carrying charges, interest, and repossession expenses, which have not been reported as taxable, shall not be allowed as a bad debt deduction.
- D. A bad debt deduction shall be taken in the month in which the conditions of subsection (A) apply.

 2. If the vendor does not pass on the tax as a separate and distinct item of charge, the vendor may factor out the tax. See R15-5-2210.01.
 3. The amount of tax on a transaction shall be the same whether the tax is stated as a separate and distinct item of charge or the tax is calculated using the factoring method.
 4. Calculation of the amount of the tax using the separate and distinct item of charge method shall be as follows:

Price of tangible personal property	\$100
Multiply the price by the applicable tax rate	
\$100 times 5% equals the tax as calculated	\$5
Total cost to the consumer	\$105

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section adopted effective October 14, 1993 (Supp. 93-4).

Reference correction (Supp. 95-2).

R15-5-2210.01. Factoring

"Factoring" means a method by which the taxpayer may determine the amount of the tax when the tax is collected as an unspecified part of the selling price.

1. The taxpayer may use any factoring method resulting in a tax amount equal to the tax as calculated using the separate and distinct item of charge method.
2. The following factoring method is approved and recommended by the Department.

To calculate the tax under the factoring method, the total cost to the consumer is divided by one plus the cumulative amount of the state and applicable county, city, and town tax rates, stated as a decimal. The result of this calculation is then multiplied by the cumulative tax rate to arrive at the amount of the tax on the sale. The gross receipts subject to tax, plus the cumulative tax on that amount, shall equal the total cost to the consumer.

To factor:

Total cost to the consumer	\$105
Divide the total cost to the consumer by 1 plus the tax rate (1.00 plus .05)	
\$105 divided by 1.05 equals the price of tangible personal property	\$100
Tax as calculated (\$100 times 5%)	\$5

Historical Note

New Section adopted effective October 14, 1993 (Supp. 93-4).

R15-5-2211. Election of Basis to Report and Pay Taxes

1. "Accrual method" means that a sale is reported in the reporting period in which the sale occurs regardless of when payment is received.
 2. "Cash receipts method" means that a sale is reported in the reporting period in which payment is received.
 3. "Method of reporting" means a method to report and pay transaction privilege tax.
 4. "Payment" means all consideration received including cash, credit, property, and services.
 5. "Reporting period" means a calendar month or as prescribed by A.R.S. § 42-5014.
- B. A taxpayer shall elect a method of reporting based on either the accrual or the cash receipts method at the time of making the application for a transaction privilege tax license or use tax registration.
- C. A taxpayer shall report allowable exclusions, deductions, and exemptions in a manner consistent with the method of reporting elected under subsection (B).
- D. A taxpayer shall provide written notification to the Department prior to changing its method of reporting elected under subsection (B). The Department may audit the books of the taxpayer to adjust any tax liability resulting from the change in the method of reporting.

R15-5-2213. Repealed**Historical Note**

Former Section R15-5-2213 renumbered to R15-5-2211, new Section R15-5-2213 adopted effective October 14, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 5065, effective October 5, 2001 (Supp. 01-4). Section repealed by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2214. Establishing the Right to a Deduction by Use of a Certificate or Other Documentation

- A. The vendor is responsible for the payment of tax and therefore shall provide sufficient documentation in support of all deductions.
- B. The vendor may establish a deduction or exclusion from the tax base pursuant to A.R.S. § 42-1316 or 42-1328.
 1. If the purchaser does not have a valid license number, the purchaser shall indicate the reason on any certificate.
 2. Marking an invoice may be done either by recording the purchaser's transaction privilege tax license number on the invoice or by cross referencing the specific transaction to the specific exemption certificate of the specific purchaser.
 3. The Department has prescribed a certificate for establishing entitlement to statutory deductions. Reproductions of the blank prescribed original certificate shall be acceptable for use.
 4. The appropriate certificate shall be accurately and fully completed by the purchaser.
 5. If the vendor has reason to believe that the information contained in the certificate is not accurate, complete, or applicable to the transaction, the vendor may refuse to accept the certificate.
 6. If at any time the vendor has reason to believe that the certificate is not applicable to a transaction, the vendor may refuse to honor the certificate for that transaction.
 7. The Department may challenge the certificate as accepted by the vendor if the Department has reason to believe that the information in the certificate is incomplete, inaccurate, or if the exemption claimed is not based on statutory provisions. The burden of proof lies with the Department when a vendor accepts a completed departmental certificate and marks the applicable invoice pursuant to statute.
- C. A blanket certificate may be accepted if the vendor and purchaser agree. The blanket certificate may continue in force, for applicable transactions, for a period of time as set forth on the certificate. For purposes of this rule, a blanket certificate is one which covers the indicated type of transaction over a specified period of time.
 1. The vendor may refuse to honor a blanket certificate and shall cancel such a certificate if, at any time, the vendor

has reason to believe that the information contained in the certificate is no longer accurate or complete or no longer applies.

2. A new, accurate, and complete certificate may then be accepted.
- D. Documentation, including a certificate other than a departmental certificate, may be accepted by the vendor to establish the right to a deduction.
 1. If the vendor accepts a form of documentation other than a completed departmental certificate, the burden of proof remains with the vendor to establish the right to the deduction.
 2. Other documentation necessary to establish a deduction from the tax base shall contain the information required by A.R.S. § 42-1316(A).
- E. Documentation or a certificate to establish a deduction from the tax base shall be provided for each transaction or if a blanket certificate is used for each different exemption category.
- F. The vendor shall retain all documentation for the required statutory period pursuant to A.R.S. § 42-113.

Historical Note

Repealed effective April 13, 1987 (Supp. 87-2). New Section R15-5-2214 adopted effective October 14, 1993 (Supp. 93-4).

R15-5-2215. Return and Payment of Estimated Tax

- A. For purposes of this rule, the following definitions apply:
 1. "Annual estimated tax payment" means ½ of the total tax liability for the entire month of May or the total tax liability for the first 15 days of the month of June.
 2. "Annual tax liability" means a total tax liability of in the preceding calendar or a reasonable anticipation of a total tax liability in the current year as follows:
 - a. \$1,000,000 in 2019,
 - b. \$1,600,000 in 2020,
 - c. \$2,300,000 in 2021,
 - d. \$3,100,000 in 2022,
 - e. \$4,100,000 in 2023 and thereafter.
 3. "Taxpayer" has the meaning set forth in A.R.S. § 42-5014(S). The following are considered a single taxpayer:
 - a. Members of an Arizona-affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
 - b. Corporations in a unitary business filing a combined corporate income tax return under R15-2D-401;
 - c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return; or
 - d. Partnerships, Limited Liability Companies, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.
 4. "Total tax liability" means the combined total of the transaction privilege tax, telecommunications services excise tax, and county excise tax liabilities.
- B. The requirement to make an annual estimated tax payment is based on the annual tax liability. Use tax and severance tax are not subject to the estimated tax provisions.
 1. A taxpayer shall make an annual estimated tax payment if during the current calendar year the taxpayer, through use of ordinary business care and prudence, can anticipate incurring the annual tax liability. For example:

ABC Company has been selling home electronics for several years. Its tax liability for previous calendar years has averaged between \$600,000 and \$700,000. In February of the current year, ABC Company begins selling computers and accessories as well. Early sales reports show an increase in total

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

sales of approximately 50%. Based on these facts, ABC Company can reasonably anticipate incurring the annual tax liability.

2. Taxpayers with multiple locations shall make the annual estimated tax payment based on the combined actual or anticipated annual tax liability from all locations. Taxpayers with multiple locations, shall make a single estimated payment each June.
- C. A taxpayer shall not amend an annual estimated tax payment except to increase the amount of the payment.
- D. The annual estimated tax payment shall not be applied, credited, or refunded until a Transaction Privilege, Use, and Severance Tax Return for the month of June is filed.
- E. Late payment, underpayment, or non-payment of the annual estimated tax payment shall result in the following:
 1. Application of the penalty provisions under A.R.S. § 42-1125;
 2. Accrual of interest beginning from the due date of the annual estimated tax payment as prescribed in A.R.S. § 42-5014(D); and
 3. Loss of the accounting credit, as defined in A.R.S. § 42-5017 for the June reporting period.
- F. Taxpayers who are not required to make the annual estimated tax payment but make a voluntary annual estimated payment are not subject to subsection (E).

Historical Note

Former Section R15-5-2215 renumbered to R15-5-2004, new Section R15-5-2215 renumbered from R15-5-212 effective October 14, 1993 (Supp. 93-4). Amended effective April 8, 1997 (Supp. 97-2). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2216. Liability Relief for Marketplace Facilitators and Remote Sellers

- A. In this Section:
 1. "Affiliated person" has the same meaning as prescribed in A.R.S. § 42-5043.
 2. "Incorrect information" means any information that was given to the marketplace facilitator by the marketplace seller and that is not accurate. Incorrect information does not include any of the following:
 - a. Mistakes related to the process of filing a return, such as the frequency, non-filing, or manner of filing;
 - b. Mistakes related to the manner of remitting tax liability to the Department;
 - c. Failure to remit all amounts collected and represented as tax.
 3. "Errors other than sourcing" means errors related to the details of a sale and errors related to tax rates. "Errors other than sourcing" does not include any of the following:
 - a. Mistakes related to the process of filing a return, such as the frequency, non-filing, or manner of filing.
 - b. Mistakes related to the manner of remitting tax liability to the Department.
 - c. Failure to remit all amounts collected and represented as tax.
 4. "Taxable sales" means gross sales sourced to this state less any allowable deductions or exemptions.
- B. A marketplace facilitator or remote seller may apply for liability relief pursuant to A.R.S. § 42-5043 as outlined by Department-issued procedure.
 - C. A marketplace facilitator or remote seller may not obtain liability relief under A.R.S. § 42-5043 if the marketplace facilitator or remote seller does not act in good faith. "Good faith" means acting with honesty and with no knowledge of circumstances that would render the marketplace facilitator or remote seller ineligible for liability relief.
 - D. In processing an application for liability relief pursuant to A.R.S. § 42-5043, the Department will waive penalties and interest when reasonable cause exists. Whether reasonable cause exists is based on the facts and circumstances of the specific request for relief, which may include whether the marketplace facilitator should have known that the information provided by the marketplace seller was incorrect; whether the marketplace facilitator or remote seller applied for liability relief for the same errors other than the sourcing in the prior 12 months; and other relevant factors.
 - E. The liability relief limitations provided in A.R.S. § 42-5043 for a marketplace facilitator shall be applied in relation to the total tax liability of all the marketplace sellers selling on the marketplace facilitator's marketplace. Nothing in this rule shall be construed as allowing any liability relief for a marketplace facilitator in relation to its own sales or sales on behalf of any of its affiliates.
 1. Example: ABC, a marketplace facilitator, applies for liability relief based on a filing error in 2019 because it applied a lower tax rate to all of one of its marketplace seller's sales. The total tax due for all taxable Arizona sales for all marketplace sellers' sales in 2019 is \$63,000. Liability relief may be granted to ABC for up to \$3,150 ($5\% \times 63,000$).
 2. Example: Assume the same facts as in the example found in subsection (E)(1). Besides sales that ABC facilitated on behalf of third-party marketplace sellers, ABC also made its own sales through its marketplace. These direct sales by ABC resulted in an actual combined tax liability of \$10,000 that ABC erroneously reported to the Department as \$5,000. ABC will not be granted liability relief for errors resulting from these direct sales.
 3. Example: In 2020, ABC, a marketplace facilitator, files an amended return based on incorrect information provided to it by one of its marketplace sellers. ABC applies for liability relief as soon as possible after discovering the error. The evidence shows that ABC acted in good faith and could not have known that the information was incorrect. This constitutes an error under A.R.S. § 42-5043(A)(1). This statutory provision authorizes the Department to grant relief, and there is no limitation on the amount of relief that can be granted. The Department may grant relief that is reasonable under the circumstances.
 4. Example: In 2020, XYZ, a remote seller, deducted amounts for sales that it thought were exempt, but after further research, realized were in fact taxable. XYZ's total tax due from its gross sales for the period under consideration is \$31,500. Pursuant to A.R.S. § 42-5043(B)(2), liability relief for XYZ's non-sourcing related error may be granted in any amount up to \$945 ($3\% \times \$31,500$).
 5. Example: In 2022, ABC, a marketplace facilitator, files an amended return based on incorrect information provided to it by one of its marketplace sellers. In the same year, ABC also makes a filing error by using the incorrect tax rate on a sale. ABC applies for liability relief in both instances. The Department may grant liability relief under A.R.S. § 42-5043(A)(1) for errors resulting from the incorrect information provided to ABC by its seller.

CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

However, no liability relief is available for ABC's filing error, pursuant to A.R.S. § 42-5043(B).

6. Example: XYZ, a remote seller, files a paper tax return late and also pays late. Consequently, XYZ accrues penalties for late filing, late payment, and filing in an inappropriate manner (i.e., not electronically through AZTaxes.gov). The Department may grant penalty relief in all instances if XYZ shows reasonable cause.

Historical Note

Repealed effective February 22, 1989 (Supp. 89-1). New Section made by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2217. Reasonable Cause for Waiver of Civil Penalties

- A. Pursuant to A.R.S. 42-1125, the Department shall not apply specified civil penalties for failure to pay a required amount of transaction privilege tax or file a required transaction privilege return if reasonable cause exists and the failure to pay was not due to willful neglect or fraud. Generally, reasonable cause exists whenever a taxpayer uses prudent and timely business practices but nonetheless fails to fully comply with its tax remittance and reporting requirements due to circumstances beyond the taxpayer's control.
- B. The Department must consider a taxpayer requesting waiver of civil penalties to have reasonable cause if a failure to pay transaction privilege tax due or file a required transaction privilege tax return was due to a system outage or other system unavailability—whether scheduled or unscheduled—of AZTaxes.gov that prevents or substantially interferes with a taxpayer's ability to access, submit, or otherwise complete a required return or payment and submit the return or payment in the time required by law.
- C. The Department must consider a taxpayer requesting waiver of civil penalties to have reasonable cause if a failure to pay the full and correct amount of transaction privilege tax due or file a complete and correct transaction privilege tax return was due to a software- or application-based error by either AZTaxes.gov or a Department-approved vendor's software to calculate and file a transaction privilege tax return, if the error demonstrably results in the incorrect calculation or payment of any taxes due.
- D. Except as provided in subsection (E), a taxpayer requesting waiver of civil penalties for reasonable cause shall notify the Department of the issue or error in writing within a reasonable time after becoming aware of the issue or error.
- E. The Department may waive civil penalties without requiring a written taxpayer request for any system outage, system unavailability, or other event or anomaly as described in subsections (B) and (C) if it becomes aware of the event or anomaly before issuing a penalty assessment.

R15-5-2221. Remittal of Use Tax on Purchases from Unlicensed Retailers

- A. Arizona purchasers regularly making purchases from unlicensed vendors, where the purchases are subject to use tax, shall obtain a use tax license and remit payments directly to the Department.
- B. An Arizona purchaser who is licensed in Arizona shall remit the use tax to the Department on the purchaser's Sales, Use, and Severance Tax Return (ST-1) if tangible personal property is purchased from an out-of-state retailer who is not licensed to collect the use tax.
- C. An Arizona purchaser who is not licensed in Arizona shall remit the use tax to the Department under a cover letter if tangible personal property is purchased from an out-of-state retailer who is not licensed to collect the use tax.

R15-5-2222. Record Retention

A vendor collecting use tax from a purchaser shall keep and preserve suitable records and other books and accounts necessary to determine the tax collected for the statutorily prescribed limitation period. For purposes of this rule, the limitation period is the period of time for which the Department may assess tax, penalties, or interest pursuant to A.R.S. § 42-113. Records, books, and accounts shall be open for inspection at any reasonable time by the Department or its authorized agent.

ARTICLE 23. USE TAX**R15-5-2301. Definitions**

In this Article:

1. "Purchases" means purchase for storage, use, or consumption in Arizona.
2. "Retailer" has the same meaning as prescribed in A.R.S. § 42-5151, but does not include a marketplace facilitator or remote seller who meets the threshold requirements in A.R.S. § 42-5044.

3. "Utility business" has the same meaning as prescribed in A.R.S. § 42-5151.

Historical Note

Repealed effective July 23, 1985 (Supp. 85-4). New Section R15-5-2301 adopted effective December 6, 1990 (Supp. 90-4). Amended effective September 29, 1993 (Supp. 93-3). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2302. General

- A. A.R.S. § 42-5155 imposes Arizona use tax upon a purchaser that purchases tangible personal property from an out-of-state retailer or utility business if the retailer or utility business's gross receipts from the sale have not already been included in the measure of Arizona transaction privilege tax. Because Arizona transaction privilege tax and Arizona use tax are complementary taxes, only one of the taxes is imposed on a given transaction.
- B. Arizona use tax generally applies to the use, storage, or consumption in this state of tangible personal property purchased from an out-of-state retailer or utility business.
- C. If a purchaser pays to an out-of-state retailer or utility business a tax of another state levied on the sale or use of tangible personal property that is subject to Arizona use tax, the purchaser may apply the amount of tax paid to the other state against the purchaser's use tax liability.
- D. A purchaser that purchases tangible personal property exempt from tax because the property is purchased for resale in the ordinary course of business but subsequently uses or consumes the tangible personal property shall pay Arizona use tax.

Historical Note

Amended by final rulemaking at 11 A.A.R. 2293, effective August 6, 2005 (Supp. 05-2). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

R15-5-2303. Repealed**Historical Note**

Repealed effective January 16, 1997 (Supp. 97-1).

R15-5-2304. Presumption of Taxability of Property Brought into Arizona

- A. If tangible personal property is purchased outside Arizona and is subsequently brought into this state for use, storage, or consumption, the purchaser of such property shall be subject to the Arizona use tax unless the purchaser establishes to the satisfaction of the Department:
 1. That the property is not used in conducting a business in Arizona; and
 2. That the property was purchased for bona fide use or consumption outside Arizona. Unless shown otherwise, it shall be presumed that the property was purchased for bona fide use or consumption outside of Arizona if the property was purchased at least three months prior to its initial entry into Arizona; or
 3. If the property was purchased by a nonresident individual, that the first actual use or consumption of the property occurred outside Arizona.
- B. It shall be presumed that property brought into the state is subject to the use tax. The burden of proof that a purchase is not subject to use tax rests upon the purchaser.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

R17-4-412. Extension of a Special Ignition Interlock Restricted Driver License: Hearing, Burden of Proof and Presumptions

- A. Extension. The Division shall extend a person's special ignition interlock restricted driver license for a period of one year if the Division has reasonable grounds to believe:
1. The person tampered with the certified ignition interlock device within the meaning of A.R.S. § 28-1301(9),
 2. The person fails to provide proof of compliance prescribed in A.R.S. § 28-1461, or
 3. The person attempted to operate the vehicle with an alcohol concentration exceeding the presumptive limit prescribed in A.R.S. § 28-1381(G)(3) three or more times during the period of license restriction or limitation, or if the person is younger than 21 years of age, attempted to operate the vehicle with any spirituous liquor in the person's body three or more times during the period of license restriction or limitation.
- B. Hearing. If a person's special ignition interlock restricted driver license is extended under subsection (A), the person may submit, within 15 days of the date of the order of extension of the restriction, a written request to the Division requesting a hearing. A request for hearing stays the extension of the restriction.
- C. Burden of proof and presumptions.
1. The hearing officer shall presume that the person's whose special ignition interlock restricted driver license is extended under subsection (A)(3), was the person in control of the vehicle and the person attempted to operate the vehicle with an alcohol concentration exceeding the presumptive limit in A.R.S. § 28-1381, or tampered with the device within the meaning of A.R.S. § 28-1301(9).

2. The person may rebut the presumption by a showing of clear and convincing evidence that the person whose special ignition interlock restricted driver license being extended, was not the person in control of the vehicle or attempted to operate the vehicle with an alcohol concentration exceeding the presumptive limit in A.R.S. § 28-1381, or tampered with the device within the meaning of A.R.S. § 28-1301(9).

- D. Except for subsection (A)(2), if the Division suspends, revokes, cancels, or otherwise rescinds a person's special ignition interlock restricted driver license for any reason, the Division shall not issue a new license or reinstate the special ignition interlock restricted driver license during the original period of suspension or revocation or while the person is otherwise ineligible to receive a license.

 - b. The person's identity was stolen and the applicant or licensee was not the driver convicted of the violation.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule” means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- I. The owner or operator of a sewage treatment facility that is a new facility or undergoing a major modification shall provide setbacks established in the following table. Setbacks are measured from the treatment and disposal components within the sewage treatment facility to the nearest property line of an adjacent dwelling, workplace, or private property. If an owner or operator cannot meet a setback for a facility undergoing a major modification that incorporates full noise, odor, and aesthetic controls, the owner or operator shall not further encroach into setback distances existing before the major modification except as allowed in subsection (I)(2).

Sewage Treatment Facility Design Flow (gallons per day)	No Noise, Odor, or Aesthetic Controls (feet)	Full Noise, Odor, and Aesthetic Controls (feet)

2. The owner or operator of a sewage treatment facility undergoing a major modification may decrease setbacks if:
- Allowed by local ordinance; or
 - Setback waivers are obtained from affected property owners in which the property owner acknowledges awareness of the established setbacks, basic design of the sewage treatment facility, and the potential for noise and odor.
- J. The owner or operator of a sewage treatment facility shall not operate the facility so that it emits an offensive odor on a persistent basis beyond the setback distances specified in subsection (I).

R18-9-B204. Treatment Performance Requirements for a New Facility

- A. Definition. "Week" means a seven-day period starting on Sunday and ending on the following Saturday.
- B. An owner or operator of a new sewage treatment facility shall ensure that the facility meets the following performance requirements upon release of the treated wastewater at the outfall:
 - 1. Secondary treatment levels.
 - a. Five-day biochemical oxygen demand (BOD₅) less than 30 mg/l (30-day average) and 45 mg/l (seven-day average), or carbonaceous biochemical oxygen demand (CBOD₅) less than 25 mg/l (30-day average) or 40 mg/l (seven-day average);
 - b. Total suspended solids (TSS) less than 30 mg/l (30-day average) and 45 mg/l (seven-day average);
 - c. pH maintained between 6.0 and 9.0 standard units; and

 - 2. Secondary treatment by waste stabilization ponds is not considered BADCT unless an applicant demonstrates to the Department that site-specific hydrologic and geologic characteristics and other environmental factors are sufficient to justify secondary treatment by waste stabilization ponds;
 - 3. Total nitrogen in the treated wastewater is less than 10 mg/l (five-month rolling geometric mean). If an applicant demonstrates, using appropriate monitoring that soil aquifer treatment will produce a total nitrogen concentration less than 10 mg/l in wastewater that percolates to groundwater, the Department may approve soil aquifer treatment for removal of total nitrogen as an alternative to meeting the performance requirement of 10 mg/l at the outfall;
 - 4. Pathogen removal.
 - a. For a sewage treatment facility with a design flow of less than 250,000 gallons per day at a site where the depth to the seasonally high groundwater table is greater than 20 feet and there is no karstic or fractured bedrock at the surface:
 - i. The concentration of fecal coliform organisms in four of the wastewater samples collected during the week is less than 200 cfu/100 ml or the concentration of *E. coli* bacteria in four of the wastewater samples collected during the week is less than 126 cfu/100 ml, based on a sampling frequency of seven daily samples per week;
 - ii. The single sample maximum concentration of fecal coliform organisms in a wastewater sam-

- ple is not greater than 800 cfu/100 ml or the single sample maximum concentration of *E. coli* bacteria in a wastewater sample is not greater than 504 cfu/100 ml; and
- iii. An owner or operator of a facility may request a reduction in the monitoring frequency required in subsection (B)(4)(a)(i) if equipment is installed to continuously monitor an alternative indicator parameter and the owner or operator demonstrates that the continuous monitoring will ensure reliable production of wastewater that meets the numeric concentration levels in subsections (B)(4)(a)(i) and (ii) at the discharge point;
- b. For any other sewage treatment facility:
 - i. No fecal coliform organisms or no *E. coli* bacteria are detected in four of the wastewater samples collected during the week, based on a sampling frequency of seven daily samples per week;
 - ii. The single sample maximum concentration of fecal coliform organisms in a wastewater sample is not greater than 23 cfu/100 ml or the single sample maximum concentration of *E. coli* is not greater than 15 cfu/100 ml;
 - iii. An owner or operator may request a reduction in the monitoring frequency required in subsection (B)(4)(b)(i) if equipment is installed to continuously monitor an alternative indicator parameter and the owner or operator demonstrates that the continuous monitoring will ensure reliable production of wastewater that meets the numeric concentration levels in subsections (B)(4)(b)(i) or (ii) at the discharge point;
 - c. An owner or operator may use unit treatment processes, such as chlorination-dechlorination, ultraviolet, and ozone to achieve the pathogen removal performance requirements specified in subsections (B)(4)(a) and (b);
 - d. The Department may approve soil aquifer treatment for the removal of fecal coliform or *E. coli* bacteria as an alternative to meeting the performance requirement in subsection (B)(4)(a) or (b), if the soil aquifer treatment process will produce a fecal coliform or *E. coli* bacteria concentration less than that required under subsection (B)(4)(a) or (b), in wastewater that percolates to groundwater;
5. Unless governed by A.R.S. § 49-243(I), the performance requirement for each constituent regulated under R18-11-406(B) through (E) is the numeric Aquifer Water Quality Standard;

 - a. An operator shall minimize trihalomethane compounds generated as disinfection byproducts using chlorination, dechlorination, ultraviolet, or ozone as the disinfection system or using a technology demonstrated to have equivalent or better performance for removing or preventing trihalomethane compounds.
 - b. For other pollutants regulated by A.R.S. § 49-243(I), an operator shall use one of the following methods to achieve industrial pretreatment:
 - i. Regulate industrial sources of influent to the sewage treatment facility by setting limits on pollutant concentrations, monitoring for pollutants, and enforcing the limits to reduce, eliminate, or alter the nature of a pollutant before release into a sewage collection system;
 - ii. Meet the pretreatment requirements of A.R.S. § 49-255.02; or
 - iii. For sewage treatment facilities without significant industrial input, conduct periodic monitoring to detect industrial discharge; and
 7. A maximum seepage rate less than 550 gallons per day per acre for all containment structures within the treatment works. A sewage treatment facility that consists solely of containment structures with no other form of discharge complies with Article 2 Part B by operating below the maximum 550 gallon per day per acre seepage rate.
- C. The Director shall incorporate treated wastewater discharge limitations and associated monitoring specified in this Section into the individual permit to ensure compliance with the BADCT requirements.
 - D. An applicant shall formally request in writing and justify an alternative that allows less stringent performance than that established in this Section, based on the criteria specified in A.R.S. § 49-243(B)(1).
 - E. If the request specified in subsection (D) involves treatment or disposal works that are a demonstration, experimental, or pilot project, the Director may issue an individual permit that places greater reliance on monitoring to ensure operational capability.

2. The designer may eliminate from consideration alternatives identified in subsection (1) that are more expensive than the number of gallons of design flow times \$1.00 per gallon; and

R18-9-A310. Site Investigation for Type 4 On-site Wastewater Treatment Facilities

- A. Definition. For purposes of this Section, "clean water" means water free of colloidal material or additives that could affect chemical or physical properties if the water is used for percolation or seepage pit performance testing.
- B. Site investigation. An applicant shall ensure that an investigator qualified under subsection (H) conducts a site investigation consisting of a surface characterization under subsection (C) and a subsurface characterization under subsection (D). The applicant shall submit the results in a format prescribed by the Department. The site investigation shall provide sufficient data to:
1. Select appropriate primary and reserve disposal areas for an on-site wastewater treatment facility considering all surface and subsurface limiting conditions in subsections (C)(2) and (D)(2); and
 2. Effectively design and install the selected facility to serve the anticipated development at the site, whether or not limiting conditions exist.
- C. Surface characterization.
1. Surface characterization method. The investigator shall characterize the surface of the site where an on-site wastewater treatment facility is proposed for installation using one of the following methods:
 - a. The "Standard Practice for Surface Site Characterization for On-site Septic Systems, D5879-95 (2003)," published by the American Society for Testing and Materials. This material is incorporated by reference and does not include any later amendments or editions of the incorporated material.  2. Surface limiting conditions. The investigator shall determine whether, and if so, where any of the following surface limiting conditions exist:
 - a. The surface slope is greater than 15 percent at the intended location of the on-site wastewater treatment facility;
 - b. Minimum setback distances are not within the limits specified in R18-9-A312(C);
 - c. Surface drainage characteristics at the intended location of the on-site wastewater treatment facility will adversely affect the ability of the facility to function properly;
 - d. A 100-year flood hazard zone, as indicated on the applicable flood insurance rate map, is located within the property on which the on-site wastewater treatment facility will be installed;
 - e. An outcropping of rock that cannot be excavated exists in the intended location of the on-site wastewater treatment facility or will impair the function of soil receiving the discharge; and
 - f. Fill material deposits exist in the intended location of the on-site wastewater treatment facility.
- D. Subsurface characterization.
1. Subsurface characterization method. The investigator shall characterize the subsurface of the site where an on-site wastewater treatment facility is proposed for installation using one or more of the following methods:
 - a. The following ASTM standard practices, which are incorporated by reference and do not include any later amendments or editions of the incorporated material. Copies of the incorporated material are available for inspection at the Arizona Department of Environmental Quality, 1110 W.  2. Subsurface limiting conditions. The investigator shall determine whether any of the following limiting conditions exist in the primary and reserve areas of the on-site wastewater treatment facility within a minimum of 12 feet of the land surface or to an impervious soil or rock layer if encountered at a shallower depth:

CHAPTER 9. DEPARTMENT OF ENVIRONMENTAL QUALITY - WATER POLLUTION CONTROL

3. Applicability of subsurface characterization methods. The investigator shall:
- a. For a seepage pit constructed under R18-9-E302, test seepage pit performance using the procedure specified in subsection (G);

 - iv. The seasonal high water table occurs within 12 feet of the natural land surface as encountered in trenches or borings, or evidenced by well records or hydrologic reports;
 - v. Seasonal saturation at the natural land surface occurs as indicated by soil mottling, vegetation adapted to near-surface saturated soils, or springs, seeps, or surface water near enough to the intended location of the on-site wastewater treatment facility to have a connection with potential seasonal saturation at the land surface; or
 - vi. A percolation test yields results outside the limits specified in subsection (D)(2)(a) and (b).
 - c. Percolation testing. The investigator may perform percolation testing as specified in subsection (F):

 - ii. As the sole method of subsurface characterization if a subsurface characterization by an ASTM method is not required under subsection (D)(3)(b).
- E. If an ASTM method is used for subsurface characterization, the investigator shall conduct subsurface characterization tests at the site to provide adequate, credible, and representative information to ensure proper location, selection, design, and installation of the on-site wastewater treatment facility. The investigator shall:
1. Select at least two test locations in the primary area and one test location in the reserve area to conduct the tests;
 2. Perform the characterization at each test location at appropriate depths to:
 - a. Establish the wastewater absorption capacity of the soil under R18-9-A312(D), and
 - b. Aid in determining that a sufficient zone of unsaturated flow is provided below the disposal works to achieve necessary wastewater treatment; and
 3. Submit with the site investigation report:
 - a. A log of soil formations for each test location with information on soil type, texture, and classification; percentage of rock; structure; consistence; and mot-tles;
 - b. A determination of depth to groundwater below the land surface by test trenches or borings, published groundwater data, subdivision reports, or relevant well data; and
 - c. A determination of the water absorption characteristics of the soil, under R18-9-A312(D)(2)(b), sufficient to allow location and design of the on-site wastewater treatment facility.
- F. Percolation testing method for subsurface characterization.
1. Planning and preparation. The investigator shall:
 - a. Select at least two locations in the primary area and at least one location in the reserve area for percolation testing, to provide adequate and credible information to ensure proper location, selection, design, and installation of a properly working on-site wastewater treatment facility;
 - b. Perform percolation testing at each location at intervals in the soil profile sufficient to:
 - i. Establish the wastewater absorption capability of the soil under R18-9-A312(D), and
 - ii. Aid in determining that a sufficient zone of unsaturated flow is provided below the disposal works to achieve necessary wastewater treatment. The investigator shall perform percolation tests at multiple depths if there is an indication of an obvious change in soil characteristics that affect the location, selection, design, installation, or disposal performance of the on-site wastewater treatment facility;
 - c. Excavate percolation test holes in undisturbed soil at least 12 inches deep with dimensions of 12 inches by 12 inches, if square, or a diameter of 15 inches, if round. The investigator shall not alter the structure of the soil during the excavation;
 - d. Place percolation test holes away from site or soil features that yield unrepresentative or misleading data pertaining to the location, selection, design, installation, or performance of the on-site wastewater treatment facility;

CHAPTER 9. DEPARTMENT OF ENVIRONMENTAL QUALITY - WATER POLLUTION CONTROL

- e. Scarify smeared soil surfaces within the percolation test holes and remove any loosened materials from the bottom of the hole; and
 - f. Use buckets with holes in the sides to support the sidewalls of the percolation test hole, if necessary. The investigator shall fill any voids between the walls of the hole and the bucket with pea gravel to reduce the impact of the enlarged hole.
2. Presoaking procedure. The investigator shall:
- a. Fill the percolation test hole with clean water to a depth of 12 inches above the bottom of the hole;
 - b. Observe the decline of the water level in the hole and record time in minutes for the water to completely drain away;
 - c. Repeat the steps specified in subsection (F)(2)(a) and (b) if the water drains away in less than 60 minutes.
 - i. If the water drains away the second time in less than 60 minutes, the investigator shall repeat the steps specified in subsections (F)(2)(a) and (b).
 - ii. If the water drains away a third time in less than 60 minutes, the investigator shall perform the percolation test by following subsection (F)(3); and
 - d. Add clean water to the hole after 60 minutes and maintain the water at a minimum depth of 9 inches for at least four more hours if it takes 60 minutes or longer for the water to drain away. The investigator shall protect the hole from precipitation and runoff, and perform the percolation test specified in subsection (F)(3) between 16 and 24 hours after presoaking.
3. Conducting the test. The investigator shall:
- a. Conduct the percolation test before soil hydraulic conditions established by the presoaking procedure substantially change. The investigator shall remove loose materials in the percolation test hole to ensure that the specified dimensions of the hole are maintained and the infiltration surfaces are undisturbed native soil;
 - b. Fill the test hole to a depth of six inches above the bottom with clean water;
 - c. Observe the decline of the water level in the test hole and record the time in minutes for the water level to fall exactly 1 inch from a fixed reference point. The investigator shall:
 - i. Immediately refill the hole with clean water to a depth of 6 inches above the bottom, and determine and record the time in minutes for the water level to fall exactly 1 inch,
 - ii. Refill the hole again with clean water to a depth of 6 inches above the bottom and determine and record the time in minutes for the water to fall exactly 1 inch, and
 - iii. Ensure that the method for measuring water level depth is accurate and does not significantly affect the percolation rate of the test hole;
