PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- D. If the ASRS determines an estimated unfunded liability amount pursuant to subsection (C), the ASRS may send a Notice of Estimated Liability to the Employer through the Employer's secure ASRS account, in order to notify the Employer of the estimated unfunded liability amount the Employer may owe to the ASRS as a result of implementing the Termination Incentive Program identified under subsection (B). An Employer may owe the ASRS more or less than the estimated unfunded liability amount based on actual employee participation in the Employer's Termination Incentive Program pursuant to subsection (F).

If the member has less than 12 consecutive months in which the member received Compensation immediately preceding the first month of Compensation used to calculate the member's

CHAPTER 8. STATE RETIREMENT SYSTEM BOARD

retirement benefit, then the ASRS will calculate the member's Baseline Salary as the total of the 12 months of Compensation the member received:

- a. Starting with the first month of Compensation the member received in the 12 months immediately preceding the member's Average Monthly Compensation, or within the Average Monthly Compensation; and
 - b. Ending with the 12th month of Compensation the member received after the first month of Compensation used in subsection (A)(2)(a).
3. "Compensation" means the same as in A.R.S. § 38-711(7).
 4. "Job reclassification" means a change in the classification of an employment position made by the Employer when it finds the duties and responsibilities of the position have changed significantly, materially, and permanently from when the position was last classified.

 - b. A pay increase that is supported by a standard salary administration practice that is documented by the Employer; and
 - c. A competitive selection process or a noncompetitive selection process supported by a standard hiring practice that is documented by the Employer.
 6. "Salary regrade" means a change in the salary scale of an employment position made by the Employer in order to align the position's salary scale with market factors and/or the Employer's current salary practices.
 7. "Same employer" means the Employer has the same ownership as another Employer, except that for purposes of this Section, each agency, board, commission, and department of the State of Arizona shall be considered a separate Employer.
 8. "Termination Incentive Program" means the same as in A.R.S. § 38-749(D)(1).
- B. Upon a member's retirement on or after January 1, 2018, the ASRS shall compare the member's Baseline Salary to the Average Monthly Compensation for each consecutive 12 months of Compensation used to calculate the member's retirement benefit in order to determine whether an Employer utilized a Termination Incentive Program as defined in A.R.S. § 38-749(D)(1). This subsection only applies to members who earned the Compensation used to calculate the member's Baseline Salary, on or after July 1, 2005.
 - C. Upon determining that a Termination Incentive Program exists under subsection (B), the ASRS shall send a Request for Documentation to the Employer through the Employer's secure ASRS account, in order to notify the Employer that the ASRS has identified a Termination Incentive Program for a particular member and the Employer may be required to pay the ASRS for the unfunded liability resulting from the Termination Incentive Program, unless the Employer can prove the increase in the member's salary was the result of a Promotion.
 - D. Within 90 days of the date on the Request for Documentation, the Employer shall respond to the Request for Documentation by:
 1. Submitting documentation through the Employer's secure ASRS account that shows the member's increase in Compensation was the result of a Promotion; or
 2. Acknowledging in writing that the increase in the member's salary was not the result of a Promotion.
 - E. Pursuant to subsection (D), the Employer bears the burden of producing evidence that a Promotion has occurred as defined in subsection (A)(5).
 - F. The ASRS shall use any evidence the Employer submits to the ASRS pursuant to subsection (D) to determine whether a Promotion occurred.
 - G. If the Employer does not respond to the Request for Documentation within 90 days of the date on the Request for Documentation, the ASRS shall determine that the increase in the member's salary was not the result of a Promotion.
 - H. If the ASRS determines that the increase in the member's salary was not the result of a Promotion pursuant to subsections (F) or (G), the ASRS shall calculate the unfunded liability amount pursuant to subsection (I).
 - I. In consultation with the ASRS actuary, the ASRS shall use a determination under subsection (B) to calculate the unfunded liability resulting from the implementation of the Employer's Termination Incentive Program.
 - J. Upon calculating an unfunded liability amount pursuant to subsection (I), the ASRS shall send a Termination Incentive Program Liability Invoice to the Employer through the Employer's secure ASRS account, in order to notify the Employer of the unfunded liability amount the Employer shall owe to the ASRS as a result of implementing the Termination Incentive Program identified under subsection (B).
 - K. An Employer that owes an unfunded liability amount to the ASRS pursuant to A.R.S. § 38-749, shall remit full payment of the unfunded liability amount by the due date specified in the Termination Incentive Program Liability Invoice.
 - L. Pursuant to A.R.S. § 38-735(C), if the ASRS does not receive full payment from the Employer of the unfunded liability amount by the due date specified in the Termination Incentive Program Liability Invoice, the unpaid portion of the unfunded liability amount shall accrue interest at the assumed actuarial investment earnings rate listed in R2-8-118(A).
 - M. The ASRS may collect any unfunded liability amount pursuant to A.R.S. §§ 38-723 and 38-735(C).

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 2. ADMINISTRATION

CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

Editor's Note: The Office of the Secretary of State, Administrative Rules Division, complied with its legal obligation to publish the Notice of Rule Expiration filed for Sections R2-20-109 and R2-20-111 under A.R.S. § 41-1011(C) and 41-1056(G) and (J)(2) in Supp. 17-2, version 2. As a courtesy to the Commission, the Office also published R2-20-109 and R2-20-111 as adopted and made by the Commission because it stated the Governor's Regulatory Review Council did not have the authority to file such a notice. On December 14, 2017, the Commission "re-adopted" rules in the disputed Sections of R2-20-109 and R2-20-111; therefore, our Division has removed the expired rule Sections as published in Supp. 17-2, version 2. The Office will not interpret the legality of any actions made by the Commission or the Council as to whether the rules in R2-20-109 and R2-20-111 were effective at 23 A.A.R. 1761 or expired at 23 A.A.R. 1757 between the dates of June 7, and December 14, 2017. Those interested in that issue should consult counsel.

Editor's Note: The Citizen's Clean Elections Commission has filed a Notice of Public Information with the Office of the Secretary of State (Office) stating the Governor's Regulatory Review Council (G.R.R.C.) "cannot effectively repeal the rules" in this Chapter. The Notice also states, "persons subject to the Act and Rules are advised that it is the Commission's position [sic] that an action of G.R.R.C.... cannot relieve them of their obligations under the Act and Rules." [published at 23 A.A.R. 1761] The Office has received a Notice of Rule Expiration from the G.R.R.C. stating R2-20-109 and R2-20-111 have automatically expired [published at 23 A.A.R. 1757]. Under A.R.S. § 41-1056(G), our Office publishes filed G.R.R.C. notices and has included the rule expiration in this Chapter. Since the Office is merely the publisher, it has not, nor will it interpret the legality of the G.R.R.C. authority to "effectively repeal rules."

Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 02-1).

Editor's Note: This Chapter contains rules that were adopted under an exemption from the rulemaking provisions of the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 16-956(D). Exemption from A.R.S. Title 41, Chapter 6 means that these rules were not certified by the Attorney General or the Governor's Regulatory Review Council. Because this Chapter contains rules that are exempt from the regular rulemaking process, the Chapter is printed on blue paper. The rules affected by this exemption appear throughout this Chapter.

A non-refundable transaction fee may be assessed on electronic \$5 qualifying contribution transactions. The transaction fee is not a contribution to the candidate's campaign and is paid by the contributor. If excess funds are accumulated by the candidate's campaign based on the transaction fee then all excess funds must be given to the Commission and must be entered into the candidate's campaign finance report in a manner that indicates the transaction fees have been accumulated and transferred.
- D. A solicitor who seeks signatures and qualifying contributions on behalf of a participating candidate shall provide his or her residential address, typed or printed name and signature on each reporting slip. The solicitor shall also sign a sworn statement on the contribution slip avowing that the contributor signed the slip, that the contributor contributed the \$5, that based on information and belief, the contributor's name and address are correctly stated and that each contributor is a qualified elector of this state. If a contribution is received unsolicited, the candidate or contributor may sign the qualifying contribution form as the solicitor and is accountable for all of the responsibilities of a solicitor. Nothing in this rule shall prohibit the use of direct mail or the internet to obtain qualifying contributions as long as an original signature is provided on the qualifying contribution form. The candidate may sign the qualifying contribution form as the solicitor and is accountable for all of the responsibilities of a solicitor. For qualifying contributions received in accordance with subsection (C) of this Section, the residential address and signature of the solicitor is not required.
- E. The Secretary of State has the authority to approve or deny a candidate for Clean Elections funding, pursuant to A.R.S. § 16-950(C) based upon the verification of the qualifying contribution forms by the appropriate county recorder. The county recorder shall disqualify any qualifying contribution forms that are:
 - 1. Unsigned by the contributor;
 - 2. Undated; or
 - 3. That the recorder is unable to verify as matching signature of a person who is registered to vote, on the date specified inside the electoral district the candidate is seeking.
- F. The Secretary of State will notify the candidate and the Commission regarding the approval or denial of Clean Elections funds. A candidate who is denied Clean Elections funding after all of the slips are verified is eligible to submit supplemental qualifying contribution forms for one additional opportunity to be approved for funding pursuant to subsection (G) of this rule.
- G. The amount equal to the sum of the qualifying contributions collected and tendered to the Secretary of State pursuant to A.R.S. § 16-950(B) will be deposited into the fund, and the

amount tendered will not be returned to a candidate if a candidate is denied Clean Elections funding.

- H. In accordance with the procedure set forth at A.R.S. § 16-950(C), if the Secretary of State determines that the result of the five percent random sample is less than 110 percent of the slips needed to qualify for funding, then the Secretary of State shall send all of the slips for verification. If the county recorder has verified all of the candidate's signature slips and there is an insufficient number of valid qualifying contribution slips to qualify the candidate for funding, the candidate may make only one supplemental filing of additional qualifying contribution slips and qualifying contributions to the Secretary of State if all of the following apply:
 - 1. The candidate files at least the minimum number of additional slips needed to qualify for funding;
 - 2. The slips are not receipts for duplicate contributions from individuals who have previously contributed to that candidate; and
 - 3. The period for filing qualifying contributions slips has not expired.
- I. The Secretary of State shall forward facsimiles of all of the supplemental qualifying contribution slips to the appropriate county recorders for the county of the contributors' addresses as shown on the contribution slips. The county recorder shall verify all of the supplemental slips within 10 business days after receipt of the facsimiles and shall provide a report to the Secretary of State identifying as disqualified any slips that are unsigned by the contributor or undated or that the recorder is unable to verify as matching the signature of a person who is registered to vote, on the date specified on the slip, inside the electoral district of the office the candidate is seeking. On receipt of the report of the county recorder on all supplemental slips, the Secretary of State shall calculate the candidate's total number of valid qualifying contribution slips and shall approve or deny the candidate for funds.

R2-20-106. Distribution of Funds to Certified Candidates

- A. Before the initial disbursement of funds, the Commission shall review the candidate's funding application and all relevant facts and circumstances and:
 - 1. Verify that the number of signatures on the candidate's nominating petitions equals or exceeds the number required pursuant to A.R.S. § 16-322 as follows:
 - a. If the application is submitted before the March 1 voter registration list is determined, the Commission shall verify that the number of signatures on the candidate's nominating petitions equals or exceeds 115 percent of the number required pursuant to A.R.S. § 16-322 based on the prior election voter registration list as determined by the Secretary of State; or

CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

- b. If the application is submitted after the current year March 1 voter registration list is determined, the Commission shall verify that the number of signatures on the candidate's nominating petitions is equal to or greater than the number required pursuant to A.R.S. § 16-322.
- 2. Determine that the required number of qualifying contributions have been received and paid to the Secretary of State for deposit in the Fund; and
- 3. Determine whether the candidate is opposed in the election.
- B.** In making the determinations described in subsection (A)(3), the Commission shall consider all relevant facts and circumstances, and it shall not be bound by election formalities such as the filing of nominating petitions by others in determining whether an applicant is opposed. Among other evidence the Commission may consider is the existence of exploratory committees or filings made to organize campaign committees of opponents and other like indicia.
- C.** The Commission may review and affirm or change its determination that the candidate is or is not opposed until the ballot for the election is established.
- D.** Within seven days after a primary election and before the Secretary of State completes the canvass, the Commission shall disburse funds for general election campaigns to the participating candidates who received the greatest number of votes at each primary election, provided that the candidate with the highest number of votes out of the total number of votes, has at least two percentage points greater than the candidate with the next highest votes based on the unofficial results as of that date. In a legislative race for the Arizona House of Representatives, the Commission shall disburse funds for general election campaigns to participating candidates with the highest or second highest number of votes cast, provided such candidate received votes totaling at least two percentage points, of the total ballots cast, larger than the vote total cast for the candidate with the third highest vote total.
- E.** Promptly after the Secretary of State completes the canvass, the Commission shall disburse funds for general election campaigns to all eligible participating candidates to whom payment has not been made. If a participating candidate has received funds from the Commission pursuant to subsection (D) and the canvass or recount determines that the candidate is not eligible to appear on the general election ballot, the participating candidate shall return all unused funds to the Fund within 10 days after such determination is made. That candidate shall make no expenditures from general election funds from the date of the canvass.
- F.** The Commission may refuse to distribute funds to participating candidates in cases in which the Commission finds evidence of fraud or illegal activity committed by the participating candidate.
- G.** Pursuant to A.R.S. § 16-953, a participating candidate shall return to the Fund:
 - 1. All primary election funds not committed to expenditures (1) during the primary election period; and (2) for goods or services directed to the primary election. A candidate shall not be deemed to have violated A.R.S. § 16-953(A) or this subsection on account of failure to use all materials purchased with primary election funds prior to the primary election, provided such candidate exercises good faith and diligent efforts to comply with the requirement that goods and services purchased with primary election funds be directed to the primary election. Subject to A.R.S. § 16-953(A) and this subsection, a candidate may continue to use goods purchased with primary election funds during the general election period.
 - 2. All general funds not committed to expenditures (1) during the general election period; and (2) for goods or services directed to the general election.
- H.** All funds returned to the Commission pursuant to subsection (G) of this rule, shall be returned to the Fund by a cashier's check drawn on the candidate's campaign bank account. Any fee associated with the issuance of a cashier's check shall be deemed a direct campaign expenditure and reported on the candidate's campaign finance report.
- I.** If a participating candidate does not account for any outstanding expenditures in the amount of the funds returned to the Commission, the participating candidate must reconcile the outstanding expenditures with personal monies. Once funds have been returned to the Commission, no further reimbursements from the Clean Elections Fund shall be permitted. Participating candidates may not exceed the primary or general election spending limits.
- J.** Commission staff may waive the return of funds if:
 - 1. The Commission staff determines the amount to be returned is de minimus;
 - 2. The Commission staff determines the cost of recovery exceeds the amount of the return;
 - 3. The funds to be returned shall not exceed \$25; and
 - 4. The Commission is notified of any waiver of the return of funds.

Except as set forth in the subsection below, the Commission shall not be required to sponsor a debate if there is no participating candidate in the election for a particular office.
- B.** In the primary election period, the Commission shall sponsor political party primary election debates for every office in which:
 - 1. There are more candidates appearing on the ballot than there are seats available for the political party's nomination for general election candidates, and
 - 2. At least one of the candidates is a participating candidate.
- C.** The following candidates will not be invited to participate in debates as follows:

 - 1. A nonparticipating candidate who requests a debate pursuant to this rule shall complete and return the invitation form sent to the candidate by the Commission by the

CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

deadline identified on the form. Forms received by the Commission past the deadline may still be considered at the discretion of the Commission. Commission staff shall notify all invited candidates if a debate will be sponsored by the Commission and which candidates will participate.

2. If a candidate requests that the Commission sponsor a debate and fails or refuses to attend the debate, or a candidate agrees to participate in a debate and subsequently fails or refuses to attend the debate sponsored by the Commission, each candidate who fails or refuses to attend the debate shall reimburse the Commission for the cost of debate preparations not to exceed \$10,000 for a non-participating candidate for the legislature and \$25,000 for a non-participating candidate for statewide office. In the event that a candidate requests a general election debate or agrees to participate in a general election debate but does not advance to the general election, the candidate shall not be liable for the reimbursement.
- E. Pursuant to A.R.S. § 16-956(A)(2), all participating candidates certified pursuant to A.R.S. § 16-947 shall attend and participate in the debates sponsored by the Commission. No proxies or representatives are permitted to participate for any candidate and no statements may be read on behalf of an absent candidate.
- F. Unless exempted, if a participating candidate fails to participate in any Commission-sponsored debate, the participating candidate shall be fined \$500.00. For purposes of this Section, each primary or general election shall be considered a separate election.
- G. A participating candidate may request to be exempt from participating in a required debate by doing the following:
 1. Submit a written request to the Commission at least one week prior to the scheduled debate, and
 2. State the reasons and circumstances justifying the request for exemption.
- H. After examining the request to be exempt, the Commission will exempt a candidate from participating in a debate if at least three Commissioners determine that the circumstances are:
 1. Beyond the control of the candidate; or
 2. Of such nature that a reasonable person would find the failure to attend justifiable or excusable.
- I. A participating candidate who fails to participate in a required debate may submit a request for excused absence to the Commission.
 1. The candidate's request for excused absence shall:
 - a. State the reason the candidate failed to participate in the debate, and
 - b. State the reason the candidate failed to request an exemption in advance, and
 - c. Be submitted to the Commission no later than five business days after the date of the debate the candidate failed to attend.
 2. After examining the request for excused absence, the Commission may excuse a candidate from the penalties imposed if at least three Commissioners determine that the circumstances were:
 - a. Beyond the control of the candidate; or
 - b. Of such nature that a reasonable person would find the failure to attend justifiable or excusable.
- J. When a participating candidate is not opposed in the general election, the candidate shall be exempt from participating in a Commission-sponsored debate for the general election.
- K. In the event that a participating candidate is opposed in the primary election or general election but is the only candidate taking part in a primary election period or general election period

debate, as applicable, the debate will be held and will consist of a 30-minute question and answer session for the single participating candidate. R2-20-108. Termination of Participating Candidate Status

- A. A candidate may voluntarily request termination of his or her participating candidate status at any time prior to notification by the Commission that such candidate has qualified for Clean Elections funding. To withdraw from participating candidate status, a candidate shall send a letter to the Commission stating the candidate's intent to withdraw and the reason for the withdrawal. The candidate shall not accept any private monies until the withdrawal is approved by the Commission. The Commission shall act on the withdrawal request within seven days. If the Commission takes no action within the seven-day time period, the withdrawal is automatic.
- B. A candidate's participating candidate status shall automatically terminate if:
 1. The candidate fails to make such submissions to the Secretary of State as prescribed in R2-20-105(B) within seven days after the end of the qualifying period, or
 2. The candidate is denied Clean Elections funding by the Secretary of State and the candidate is ineligible to make a supplemental filing with the Secretary of State in accordance with R2-20-105(G).
- C. A candidate whose participating candidate status has been terminated in accordance with this Section shall be ineligible to receive Clean Elections funding for that election cycle unless he/she reapplies for certification and is in compliance with R2-20-104(A) and (C).
- D. In the event that a candidate who has collected qualifying contributions decides not to seek certification as a participating candidate, the candidate shall return all qualifying contributions received from contributors who have not given written permission to use their qualify contributions as campaign contributions. Written permission may include a check box on the original \$5 form that authorizes a candidate to treat the qualifying contribution as a general campaign contribution if he or she decides not to participate in the Clean Elections system. If a good faith attempt to return the funds to the contributor is unsuccessful, the contributions shall be submitted to the Fund.

- A. In accordance with A.R.S. § 16-958(E), all persons obligated to file any campaign finance report under any provisions of Chapter 6, Article 2 of the Arizona Revised Statutes shall file such reports using the Secretary of State's Internet-based finance-reporting system, except if:
 1. Expressly provided otherwise by another Commission rule; or
 2. That system, or the necessary function on the system, is unavailable, in which case the executive director shall implement a suitable process.
- B. Independent Expenditure Reporting Requirements.
 1. Any person making independent expenditures cumulatively exceeding the amount prescribed in A.R.S. § 16-941(D) in an election cycle shall file campaign finance reports in accordance with A.R.S. § 16-958 and Commission rules.
 2. Any person who fails to file a timely campaign finance report pursuant to A.R.S. § 16-941(D), A.R.S. § 16-958, shall be subject to a civil penalty as prescribed in A.R.S. § 16-942(B). Subsection R2-20-109(B)(4) does not apply to reports pursuant to A.R.S. §§ 16-941(D) and -958 or this subsection. Any expenditure advocating against one or more candidates shall be considered an expenditure on behalf of any opposing candidate(s). Penalties shall be assessed as follows:

 - b. For an election involving a legislative candidate, the civil penalty shall be \$100 per day.

 - d. The dollar amounts in items (a) and (b), and the spending limits in item (c) are subject to adjustment of A.R.S. § 16-959.

 3. A.R.S. § 16-942(B) applies to any entity including political committees that accepts contributions or makes expenditures on behalf of any candidate regardless of any other contributions taken or expenditures made and fails to timely file a campaign finance report under Chapter 6 of Title 16, Arizona Revised Statutes. Any expenditure advocating against one or more candidates shall be considered an expenditure on behalf of any opposing candidate(s). Penalties shall be assessed as follows:
 - a. For an election involving a candidate for statewide office, the civil penalty shall be \$300 per day.
 - b. For an election involving a legislative candidate, the civil penalty shall be \$100 per day.

 - e. Penalties imposed pursuant to this subsection shall not exceed twice the amount of expenditures not reported.
 4. For purposes of A.A.C. R2-20-109(B)(3):
 - a. An entity shall not be found to have the predominant purpose of influencing elections unless, a preponderance of the evidence establishes that during a two-year legislative election cycle, the total reportable contributions made by the entity, in any combination, in a calendar year exceeds \$1,000 and is more than fifty percent (50%) of the entity's total spending during the election cycle.
 - i. For purposes of this provision, a "reportable contribution" or "reportable expenditure" shall be limited to a contribution or expenditure, as defined in title 16 of the Arizona revised statutes, that must be reported to the Arizona secretary of state, the Arizona citizens clean elections commission, or local filing officer in Arizona. A contribution or expenditure that must be reported to the federal election commission or to the election authority of any other state, but not to the Arizona secretary of state, the Arizona citizens clean elections commission or a local filing officer in Arizona, shall not be considered a reportable contribution or reportable expenditure.
 - ii. For purposes of this provision, "total spending" shall not include volunteer time or fundraising and administrative expenses but shall include all other spending by the organization.
 - iii. For purposes of this provision, grants to other organizations shall be treated as follows:
 - (1) A grant made to a political committee or an organization organized under section 527 of the internal revenue code shall be counted in total spending and as a reportable contribution or reportable expenditure, unless expressly designated for use outside Arizona or for federal elections, in which case such spending shall be counted in total spending but not as a reportable contribution or reportable expenditure.
 - (2) If the entity making a grant takes reasonable steps to ensure that the transferee does not use such funds to make a reportable contribution or reportable expenditure, such a grant shall be counted in total spending but not as a reportable contribution or reportable expenditure.
 - iv. If the entity making a grant earmarks the grant for reportable contributions or reportable expenditures, knows the grant will be used to make reportable contributions or reportable

CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

expenditures, knows that a recipient will likely use a portion of the grant to make reportable contributions or reportable expenditures, or responds to a solicitation for reportable contributions or reportable expenditures, the grant shall be counted in total spending and the relevant portion of the grant as set forth in subsection (v) of this section shall count as a reportable contribution or reportable expenditure.

- v. Notwithstanding subsections (iii) and (iv) the amount of a grant counted as a reportable contribution or reportable expenditure shall be limited to the lesser of the grant or the following:
 - (1) The amount that the recipient organization spends on reportable contributions and reportable expenditures, plus
 - (2) The amount that the recipient organization gives to third parties but not more than the amount that such third parties fund reportable contributions or reportable expenditures.
- b. Notwithstanding section a above, the commission may nonetheless determine that an entity is not a political committee if, taking into account all the facts and circumstances of grants made by an entity, it is not persuaded that the preponderance of the evidence establishes that the entity is a political committee as defined in title 16 of Arizona Revised Statutes.

R2-20-110. Participating Candidate Reporting Requirements

- A. All participating candidates shall file campaign finance reports that include all receipts and disbursements for their current campaign account as follows:
 - 1. Expenditures for consulting, advising, or other such services to a candidate shall include a detailed description of what is included in the service, including an allocation of services to a particular election. When appropriate, the Commission may treat such expenditures as though made during the general election period.
 - 2. If a participating candidate makes an expenditure on behalf of the campaign using personal funds, the candidate's campaign shall reimburse the candidate within seven calendar days of the expenditure. After the 7 day period has passed, the expenditure shall be deemed an in-kind contribution subject to all applicable limits.
 - 3. A candidate may authorize an agent to purchase goods or services on behalf of such candidate, provided that:
 - a. Expenditures shall be reported as of the date that the agent promises, agrees, contracts or otherwise incurs an obligation to pay for the goods or services;
 - b. The candidate shall have sufficient funds in the candidate's campaign account to pay for the amount of such expenditure at the time it is made and all other outstanding obligations of the candidate's campaign committee; and
 - c. Within seven calendar days of the date upon which the amount of the expenditure is known, the candidate shall pay such amount from the candidate's campaign account to the agent who purchases the goods or services.
 - 4. A joint expenditure is made when two or more candidates agree to share the cost of goods or services. Candidates may make a joint expenditure on behalf of one or more other campaigns, but must be authorized in advance by the other candidates involved in the expenditure, and must be reimbursed within seven days. Participating candidates may participate in joint expenditures for the cost of goods and services with one or more candidates, subject to the following:
 - a. Joint expenditures must be allocated fairly among candidates. An allocated share of a joint expenditure paid by one candidate pursuant to such an agreement must be reimbursed within seven days.
 - b. Any violator of part (a) shall be liable for a penalty pursuant to R2-20-222, in addition to penalties prescribed by any other law.
 - c. If a fairly allocated share of any joint expenditure is not reimbursed to a candidate, the unreimbursed amount of the joint expenditure fairly allocated to that candidate shall be deemed a contribution to that candidate by the campaign committee of the candidate obligated to reimburse the share.
 - d. If a fairly allocated share of any joint expenditure is not reimbursed to a participating candidate, the candidate obligated to reimburse the share shall reimburse the fund for the unreimbursed amount of the joint expenditure fairly allocated to the obligated candidate, in addition to any penalty specified by law.
 - e. A candidate's payment for an advertisement, literature, material, campaign event or other activity shall

R2-20-703.01. Campaign Consultants

- A.** For purposes of this rule “Campaign Consultant” means any person paid by a participating candidate’s campaign or who provides services that are ordinarily charged to a person, except services provided for in A.R.S. § 16-911(6)(b).
- B.** A participating candidate may engage campaign consultants.
- C.** A participating candidate may only advance a campaign consultant for services such as consulting, communications, field employees, canvassers, mailers, auto-dialers, telephone town halls, electronic communications and other advertising purchases and other campaign service if an itemized invoice identifying the value of the services is provided directly to that particular candidate at the time of the advance payment.
 - 1. Providing payment for such services as described in subsection (C) of this rule in the absence of an itemized invoice or advance payment for such services shall be deemed not to be a direct campaign expenditure.
 - 2. A participating candidate may advance payment for postage upon the receipt of a written estimate and so long as any balance is returned to the candidate if the advance exceeds the actual cost of postage.
 - 3. A participating candidate may advance payment for advertising that customarily requires pre-payment upon the receipt of a written estimate and so long as any balance is returned to the candidate if the advance exceeds the actual cost of the advertisement.
- D.** The Commission shall be included in the mail batch for all mailers and invitations. The Commission shall also be provided with documentation from the mail house, printer or other original source, showing the number of mailers printed and the number of households to which a mailer was sent. R2-20-704. Repayment

- A.** In general, the Commission may determine that a participating candidate who has received payments from the Fund must repay the Fund as determined by the Commission.
 - 1. A candidate who has received payments from the Fund shall pay the Fund any amounts that the Commission determines to be repayable. In making repayment determinations, the Commission may utilize information obtained from audits and examinations or otherwise obtained by the Commission in carrying out its responsibilities.
 - 2. The Commission will notify the candidate of any repayment determinations made under this Section as soon as possible.
 - 3. Once the candidate receives notice of the Commission’s repayment determination, the candidate should give preference to the repayment over all other outstanding obligations of the candidate, except for any taxes owed by the candidate.
 - 4. Repayments may be made only from the following sources: personal funds of the candidate, funds in the candidate’s current election campaign account, and any additional funds raised subject to the limitations and prohibitions of the Act.
- 5. The Commission may withhold the portion of funds required to be repaid from future payments to a participating candidate if the Commission has made a repayment determination.
- B.** The Commission may determine that a participating candidate who has received payments from the Fund must repay the Fund under any of the following circumstances:
 - 1. Payments in excess of candidate’s entitlement. If the Commission determines that any portion of the payments made to the candidate was in excess of the aggregate payments to which such candidate was entitled, it will so notify the candidate, and such candidate shall pay to the Fund an amount equal to such portion.
 - 2. Use of funds not for direct campaign expenses. If the Commission determines that any amount of any payment to an eligible candidate from the Fund was used for purposes other than direct campaign purposes described in R2-20-702, it will notify the candidate of the amount so used, and such candidate shall pay to the Fund an amount equal to such amount.
 - 3. Expenditures that were not documented in accordance with campaign finance reporting requirements, expended in violation of state or federal law, or used to defray expenses resulting from a violation of state or federal law, such as the payment of fines or penalties.
 - 4. Surplus. If the Commission determines that a portion of payments from the Fund remains unspent after all direct campaign expenses have been paid, it shall so notify the candidate, and such candidate shall pay the Fund that portion of surplus funds.
 - 5. Income on investment or other use of payments from the Fund. If the Commission determines that a candidate received any income as a result of an investment or other use of payments from the Fund, it shall so notify the candidate, and such candidate shall pay to the Fund an amount equal to the amount determined to be income, less any federal, state or local taxes on such income.
 - 6. Unlawful acceptance of contributions by an eligible candidate. If the Commission determines that a participating candidate accepted contributions, other than early contributions or qualifying contributions, it shall notify the candidate of the amount of contributions so accepted, and the candidate shall pay to the Fund an amount equal to such amount, plus any civil penalties assessed.
- C.** Repayment determination procedures. The Commission’s repayment determination will be made in accordance with the following procedures:
 - 1. Repayment determination. The Commission will send a repayment determination pursuant to Article 2, Compliance and Enforcement Procedures, and will set forth the legal and factual reasons for such determination, as well as the evidence upon which any such determination is based. The candidate shall repay, in accordance with subsection (D), the amount that the Commission has determined to be repayable.
 - 2. Administrative review of repayment determination. If a candidate disputes the Commission’s repayment determination, he or she may request an administrative appeal of the determination in accordance with A.R.S. § 41-1092 et. seq.
- D.** Repayment period.
 - 1. Within 30 days of service of the notice of the Commission’s repayment determination, the candidate shall repay the amounts the Commission has determined must be

Within 30 days after service of the notice of the Commission's review of the ALJ's decision, the candidate shall repay the amounts that the Commission has determined to be repayable. Upon application by the candidate, the Commission may grant an extension of up to 30 days in which to make repayment.
3. Interest shall be assessed on all repayments made after the initial 30-day repayment period or the 30-day repayment period established by this Section. The amount of interest due shall be the greater of:
 - a. An amount calculated in accordance with A.R.S. § 44-1201(A); or

- B. The Commission may make additional repayment determinations after it has made an initial repayment determination pursuant to R2-20-704. The Commission may make additional repayment determinations where there exist facts not used as the basis for any previous determination. Any such additional

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- g. A distance of at least three feet from the header rail to the adjacent wall;
- h. A bleeding rail with its top at least 16 feet above the floor or a traveling hoist on an I-beam which will provide an equivalent distance of the carcass from the floor;

- e. Dressing and cooler rails at least nine feet high or of such height as to provide a clearance of at least eight inches between the lowest point of the carcass, or head if left attached, and the floor.
4. Coolers. A chill cooler and separate holding coolers may be provided or both may be combined in one room. The chill cooler shall have floors of concrete sloped to a drain. The walls shall be smooth, light colored, impervious, and the room shall be sealed. The other coolers shall have floors of concrete; the walls shall be smooth, free of cracks, light colored, impervious, and the room shall be sealed. The door between the slaughtering department and the chill cooler shall be clad with rust-resistant metal. Rails shall be spaced at least two feet from walls, columns, refrigerating equipment, or other fixed equipment to prevent contact with the carcasses. Header rails shall be three feet from the walls. When overhead refrigerating facilities are provided, insulated drip pans must be installed beneath them and the pans connected to the drainage system. If wall coils are installed, a drip gutter of impervious material and connected with the drainage system shall be installed beneath the coils. When edible offal is chilled or stored in a cooler other than a separate offal cooler, that area shall be separately drained.
5. Other edible products departments.
 - a. Floors, walls, and ceilings in the various edible products departments of the plant shall be constructed of material that can be readily kept clean. Wooden structures and equipment shall be kept at a minimum. Floors requiring drainage shall be constructed of dense concrete or floor brick laid on a concrete base. The hide room shall not connect with the slaughtering department except for one opening which shall be equipped with a tight-fitting, self-closing door. The hide room shall not connect with any other room in which edible products are stored, processed, or handled.
7. Disposal of blood. When blood is not permitted to drain into the sewage system, it may be collected in a metal tank and removed from the premises or blown to the blood drier in a manner that will not mask odors or create a harborage for pests.
8. Other inedible products departments.
 - a. An inedible products department, completely separate and apart from edible products departments, shall be provided. Walls shall be of smooth, finished, Portland cement plaster, glazed tile, or other USDA-approved material impervious to moisture. Floors shall be constructed of dense concrete or floor tile, sloped to drain. Hot and cold water connections shall be provided. With the exception of one opening to the slaughtering department, there shall be no openings between an inedible products department and an edible products department. This one opening shall be approximately five feet in width to allow the free passage of materials and shall be equipped with a close-fitting, self-closing door of solid construction. This door shall be kept closed at all times, except when in actual use, to prevent the entrance of undesirable odors to the slaughtering department. The area at the loading dock shall be paved, drained, and of sufficient size to accommodate the largest truck used. If inedible offal is stored in an edible offal room, the room is classed as an inedible products department. Paunches may be opened in the slaughtering department only when a hydraulic mechanically operated paunch lift table is provided and used for this purpose. Otherwise, the paunches shall be opened in the inedible offal rooms.

EMERGENCY RULEMAKING**R3-2-704. Determining Original and Subsequent Brands**

- A.** Application of this rule. This rule is to be used to address brands that may have been adopted improperly as a result of the Arizona Supreme Court ruling in *Stambaugh v. Killian*, 398 P.3d 574 (Ariz. 2017). The rule shall only be used by the Department to evaluate existing recorded brands to determine if it has the “same design or figure” as another recorded brand. If there is a determination that two brands are of the same design or figure, the Department shall use this rule to determine which brand will remain a valid brand and which brand will become invalid.
- B.** Definitions. The following definitions shall be used for interpreting this rule:
- “Arrangement” means the placement and orientation of the characters within the brand.
- “Brand” means a design or figure that is recorded with the Department and applied to livestock in a manner that leaves a permanent mark used to identify the owner of the livestock.
- “Chain of ownership” means the period of time from the date the brand was recorded, until present and begins each time a brand is abandoned, if applicable.
- “Design or figure” means the brand’s image as a whole, including the font, size, and arrangement of the characters.
- “Font” means the style or type variation of a character.
- “Original brand” means as the brand that is deemed to be of the same design or figure as another brand, but has the longer continuous chain of ownership.
- “Size” means the height, length, or width of the characters relative to the other characters within the brand.
- “Subsequent brand” means all brands that are deemed to be of the same design or figure, but are not the original brand.
- C.** Brands that are the same. Brands with a design or figure that have no visible distinctions from another brand’s design or figure shall be deemed a brand of the same design or figure. This determination shall be made by comparing the images printed on the current brand certificates recorded with the Department. Neither the location of the brand on the livestock, nor the species of livestock shall be considered when determining if a brand is of the same design or figure.
- D.** Original Brands. In the event that two or more recorded brands are determined to be of the same design or figure, an evaluation must be conducted to determine which is the original brand, and which are subsequent brands. To determine which brand is the original brand, the individual brand files must be reviewed to determine which brand has the longest chain of ownership. In the event that a brand is deemed to be abandoned pursuant to A.R.S. § 3-1265, the chain of ownership

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

breaks; a new chain of ownership begins the next time the brand is recorded. The original brand is deemed to be properly recorded with the Department. Any brand determined to be a subsequent brand is deemed to be unlawfully recorded with the Department and therefore is not valid.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

“Buffer zone” means an area of land that allows pesticide deposition and residues to decline to a level that poses a reasonable certainty of no harm to a defined area.

“Bulk release” means the release of any pesticide or mixture of pesticides that poses a potential risk to property, human health, or the environment in volumes greater than those prescribed by the pesticide label for the application site. A pesticide dripping from a spray nozzle or minor splashing during mixing is not a bulk release.

 - a. Weather and other climatic conditions;
 - b. Types of terrain, soil or other substrate;
 - c. Presence of fish, wildlife and other non-target organisms; and
 - d. Drainage patterns.
 4. Pests. Factors such as:
 - a. Common features of pest organisms and characteristics of damage needed for pest recognition;
 - b. Recognition of relevant pests; and
 - c. Pest development and biology as it may be relevant to problem identification and control.
 5. Pesticides. Factors such as:
 - a. Types of pesticides;
 - b. Types of formulations;
 - c. Compatibility, synergism, persistence and animal and plant toxicity of the formulations;
 - d. Hazards and residues associated with use;
 - e. Factors which influence effectiveness or lead to such problems as resistance to pesticides; and
 - f. Dilution procedures.
 6. Equipment. Factors including:
 - a. Types of equipment and advantages and limitations of each type; and
 - b. Uses, maintenance and calibration.
 7. Application techniques. Factors including:
 - a. Methods of procedure used to apply various formulations of pesticides, solutions, and gases, together with a knowledge of which technique of application to use in a given situation;
 - b. Relationship of discharge and placement of pesticides to proper use, unnecessary use, and misuse; and
 - c. Prevention of drift and pesticide loss into the environment.
 8. Laws and regulations. Applicable State and Federal laws and regulations.
- B. Commercial Certification Categories, 40 CFR 171.4(c)(1) through (6) and (8) through (10).**
1. Agricultural pest control.
 - a. Plant. Applicators must demonstrate practical knowledge of crops grown and the specific pests of those crops on which they may be using restricted use pesticides. The importance of such competency is amplified by the extensive areas involved, the quantities of pesticides needed, and the ultimate use of many commodities as food and feed. Practical knowledge is required concerning soil and water problems, pre-harvest intervals, re-entry intervals, phytotoxicity, and potential for environmental contamination, non-target injury and community problems resulting from the use of restricted use pesticides in agricultural areas.
 - b. Animal. Applicators applying pesticides directly to animals must demonstrate practical knowledge of such animals and their associated pests. A practical knowledge is also required concerning specific pesticide toxicity and residue potential, since host animals will frequently be used for food. Further, the applicator must know the relative hazards associated with such factors as formulation, application techniques, age of animals, stress and extent of treatment.
 2. Forest pest control. Applicators shall demonstrate practical knowledge of types of forests, forest nurseries, and seed production in this state and the pests involved. They shall possess practical knowledge of the cyclic occurrence of certain pests and specific population dynamics as a basis for programming pesticide applications. A practical knowledge is required of the relative biotic agents and their vulnerability to the pesticides to be applied. Because forest stands may be large and frequently include natural aquatic habitats and harbor wildlife, the consequences of pesticide use may be difficult to assess. The applicator must therefore demonstrate practical knowledge of control methods which will minimize the possibility of secondary problems such as unintended effects on wildlife. Proper use of specialized equipment must be demonstrated, especially as it may relate to meteorological factors and adjacent land use.
 3. Seed-treatment. Applicators shall demonstrate practical knowledge of types of seeds that require chemical protection against pests and factors such as seed coloration, carriers, and surface active agents which influence pesticide binding and may affect germination. They must demonstrate practical knowledge of hazards associated with handling, sorting and mixing, and misuse of treated seed such as introduction of treated seed into food and feed channels, as well as proper disposal of unused treated seeds.
 4. Aquatic pest control. Applicators shall demonstrate practical knowledge of the secondary effects which can be caused by improper application rates, incorrect formulations, and faulty application of restricted use pesticides used in this category. They shall demonstrate practical knowledge of various water use situations and the potential of downstream effects. Further, they must have practical knowledge concerning potential pesticide effects on plants, fish, birds, beneficial insects and other organisms which may be present in aquatic environments. These applicators shall demonstrate practical knowledge of the principles of limited area application.
 5. Right-of-way pest control. Applicators shall demonstrate practical knowledge of a wide variety of environments, since rights-of-way can traverse many different terrains, including waterways. They shall demonstrate practical knowledge of problems on runoff, drift, and excessive foliage destruction and ability to recognize target organisms. They shall also demonstrate practical knowledge of the nature of herbicides and the need for containment of these pesticides within the right-of-way area, and the impact of their application activities in the adjacent areas and communities.
 6. Public health pest control. Applicators shall demonstrate practical knowledge of vector-disease transmission as it relates to and influences application programs. A wide variety of pests is involved, and it is essential that they be known and recognized, and appropriate life cycles and habitats be understood as a basis for control strategy. These applicators shall have practical knowledge of a great variety of environments ranging from streams to those conditions found in buildings. They shall also have practical knowledge of the importance and employment of such non-chemical control methods as sanitation, waste disposal, and drainage.
 7. Regulatory pest control. Applicators shall demonstrate practical knowledge of regulated pests, applicable laws

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

relating to quarantine and other regulation of pests, and the potential impact on the environment of restricted use pesticides used in suppression and eradication programs. They shall demonstrate knowledge of factors influencing introduction, spread, and population dynamics of relevant pests. Their knowledge shall extend beyond that required by their immediate duties, since their services are frequently required in other areas of the country where emergency measures are invoked to control regulated pests and where individual judgments must be made in new situations.

8. Demonstration and research pest control. Persons demonstrating the safe and effective use of pesticides to other applicators and the public will be expected to meet comprehensive standards reflecting a broad spectrum of pesticide uses. Many different pest problems situations will be encountered in the course of activities associated with demonstration, and practical knowledge of problems, pests, and population levels occurring in each demonstration situation is required. Further, they shall demonstrate an understanding of a pesticide-organism interaction and the importance of integrating pesticide use with other control methods. In general, it would be expected that applicators doing demonstration pest control work possess a practical knowledge of all of the standards detailed in (G)(1). In addition, they shall meet the specific standards required for subsections (c)(1) through (7) of this subsection as may be applicable to their particular activity.
- C. Private Certification, 40 CFR 171.5(a)(1) through (5).
 1. Recognize common pests to be controlled and damage caused by them.
 2. Read and understand the label and labeling information, including the common name of pesticides the applicator applied; pest(s) to be controlled, timing and methods of application; safety precautions; any pre-harvest or re-entry restrictions; and any specific disposal procedures.
 3. Apply pesticides in accordance with label instructions and warnings, including the ability to prepare the proper concentration of pesticide to be used under particular circumstances taking into account such factors as area to be covered, speed at which application equipment will be driven, and the quantity dispersed in a given period of operation.
 4. Recognize local environmental situations that must be considered during application to avoid contamination.
 5. Recognize poisoning symptoms and procedures to follow in case of a pesticide accident.

(3) “Uniform” samples are homogeneous products which can be analyzed by established procedures. In most cases, validated analytical methods are available for these samples.

(4) “Non-uniform” samples are non-homogeneous samples or products which are difficult to sample or subsample. These products may not be uniformly mixed or packaged and include some special formulations like natural products. These types of samples include fertilizer containing pesticides, pesticides in pressurized containers, strips, plastic bands, collars, grain and other carriers. Natural product formulations such as rotenone and pyrethrin are also included in this group. When it is necessary to use methods which are not validated for accuracy, precision, and reproducibility in a specific matrix, the “non-uniform” guidelines may be used for allowed deviations. States may use judgment in placing a sample into the “uniform” or “non-uniform” category.

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

3. If a grower or requesting party does not submit the written documentation in subsection (B)(1) or if the Assistant Director questions the validity or adequacy of the written evidence of the emergency, the Assistant Director shall investigate a grower's entry into the restricted-entry interval area and advise the requesting party of the reasons for the denial of the agricultural emergency.

R3-3-1007. Violations and Civil Penalties

- A.** Serious violations. The base penalty for any serious violation is \$500 and no adjustment shall be made for mitigating circumstances. The penalty for a violation in which a person is killed or permanently disabled shall be the maximum allowed in A.R.S. §§ 3-3113 and 3-3114.
- B.** Nonserious violations. The Assistant Director shall calculate the base penalty for a nonserious violation and determine the civil penalty amount based on the factors prescribed in A.R.S. § 3-3113(I). If there are contributing or mitigating circumstances, the points may be adjusted, provided the adjustment is documented.

VIOLATION GRAVITY FACTOR

(1 - lowest; 4 - highest)

VIOLATION**GRAVITY**

Central Posting	1 - 2
Training	1 - 4
Decontamination	1 - 4
Personal Protective Equipment	1 - 4
Pesticide Applications and Notice	1 - 4
Pesticide Application Restrictions	2 - 4
Other Requirements	1 - 4

C. Size-of-business. The Assistant Director shall use:

1. The maximum number of employees at any one time during the previous 12 months from the date of notice, including only the Arizona branch offices to determine the size business category; or
2. A site-specific employee count, if the violation does not endanger employees at other locations of the business; or
3. The number of persons trained by a trainer during the previous 12 months that violate the training provisions of this Section.

SIZE-OF-BUSINESS

Size Category	Number of Employees or Number of People Trained
I	1-10
II	11-75
III	76-150
IV	More than 150

- D.** Base penalty. The Assistant Director shall calculate the base penalty for the alleged violation by using the violation gravity factor established in subsection (B) and applying the size-of-business category established in subsection (C).

BASE PENALTY

Gravity Factor	Size Category			
	I	II	III	IV
1	\$250	\$300	\$350	\$400
2	300	350	400	450
3	350	400	450	500
4	500	500	500	500

- E.** Combined or group violations. The Assistant Director may combine or group violations.

1. Violations may be combined and assessed one penalty if the violation does not cause any immediate danger to public health or safety or damage to property. Example: Eight workers on a harvest crew have received no training and there is no evidence of exposure. This situation may result in only one training penalty being assessed against the employer.
2. Violations may be grouped if they have a common element and it is apparent which violation has the highest gravity. The penalty for a grouped violation is assessed on the violation with the highest gravity. The penalty for a grouped violation is assessed pursuant to the appropriate law or rule with the highest gravity. Example: Two crews from the same company are engaged in an improper handling activity and one crew is using a pesticide with a "danger" signal word, (skull and cross bones) while the other crew is using a pesticide with a "warning" signal word. This situation may result in the employer being assessed one penalty based on the penalty for the "danger" (skull and cross bones) violation.

- F.** If a decision is not reached in a negotiated settlement, the Director may assess a penalty pursuant to A.R.S. § 3-3114.

Historical Note

Adopted effective July 13, 1989 (Supp. 89-3). Section R3-3-1007 renumbered from R3-8-207 (Supp. 91-4).
Section repealed; new Section adopted effective October 8, 1998 (Supp. 98-4).

R3-3-1008. Penalty Adjustments

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- A. The Assistant Director shall assign an appropriate number of points for each of the following five factors to increase the base penalty for a serious violation, or increase or decrease the base penalty for a nonserious violation.

1. If the total adjustment points on a nonserious violation is less than 9, the base penalty is reduced; if it is more than 9, the base penalty is increased.
2. If the total adjustment points on a serious violation is 3 or less, the base penalty shall be imposed; if it is more than 3, the base penalty is increased.
3. If a violation is a repeated violation, as prescribed in R3-3-1011 for compliance history, a base penalty adjustment factor shall not be used in assessing a penalty.

BASE ADJUSTMENT FACTORS**Pesticide**

- B. The Assistant Director may reduce the base penalty for a non-serious violation, as determined in R3-3-1007(C), by as much as 80% depending upon the number of employees or trained persons, good faith, and history of previous violations.

FINAL PENALTY CALCULATION

	Nonserious Violation	Serious Violation
Number of Points	Penalty Adjustment	Penalty Adjustment
3 or below	Base -80%	Base Penalty
4	Base -65%	Base + 10%
5	Base -50%	Base + 20%
6	Base -35%	Base + 30%
7	Base -20%	Base + 40%
8	Base -5%	Base + 50%
9	Base Penalty	Base + 60%
10	Base + 20%	Base + 70%
11	Base + 35%	Base + 80%
12	Base + 50%	Base + 90%
13	Base + 65%	Base + 100%
14	Base + 80%	Base + 100%
15 or more	Base + 100%	Base + 100%

Example: A business employs 26 people in Town A and 14 people in Town B. In addition, 35 seasonal people are employed during the harvest. The total annual employee positions equal 75. The following violations are found during an inspection: (1) No training for 35 seasonal workers on the harvest crew; (2) No available decontamination supplies; (3) No safety poster at the central posting location; (4) No emergency telephone number posted, and no medical facility location posted at the central posting location; (5) No posted pesticide application information at the central posting location.

Step 1. Use the *Violation Gravity Factor* table to determine the gravity of the violation.

- (1) Training, 1-4 2 points, all 35 workers are combined;
- (2) Decontamination, 1-43 points, no supplies were available within the prescribed distance and it has been 25 days since the most recent application;
- (3) - (5) Central Posting, 1-2 1 point, since the violations concerns the same factor, they are combined. (There is evidence that the old poster blew away and the pesticide application information is kept available in the secretary's desk, but it is not 'readily' available.)

Step 2. Use the *Size of Business* table to determine the size category.

75 employees falls into the size category II;

Step 3. Use the *Base Penalty* table to determine the base penalty. Use column II based on the *Size of Business* determination from step 2.

Violation 1, with a gravity factor of 2, equals a base penalty of \$350;

Violation 2, with a gravity factor of 3, equals a base penalty of \$400;

Violations 3, 4, and 5, with a gravity factor of 1, equals 1 base penalty of \$300.

Step 4. Using the *Base Adjustment Factors* table to calculate the adjustments, if any. In this case, the base adjustments are uniform in all categories except #4, culpability.

Pesticide. It was an indirect relationship because of the timing of the application and when the workers were in the treated area. 1 point.

Harm to Human Health. There was no harm to health and the pesticide had not been applied recently. 1 point.

Compliance History. This farm has no previous violation history. 0 points.

Culpability. The supervisor attended a "train-the-trainer" course two years ago and should have been aware of the requirements of the worker protection standard. Therefore, for the

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

first two violations the supervisor should have known about the requirements. For the last three violations, the central posting sign was not checked frequently enough to ensure compliance. For violations 1 and 2, 4 points for knowing or should have known; For violations 3, 4, and 5, 2 points for negligence.

Good Faith. The inspector came back five days later and the workers were trained the day of the first inspection, the poster was posted and everything was in compliance. Since the employer corrected the violations quickly. -1 point.

Step 5. Add the points for each violation from Step 4.

Violation 1 $1 + 1 + 0 + 4 + -1 = 5$

Violation 2 $1 + 1 + 0 + 4 + -1 = 5$

Violations 3, 4, 5 $1 + 1 + 0 + 2 + -1 = 3$

Step 6. Using the *Final Penalty Calculation* table to determine the appropriate violation penalty adjustment that corresponds with the base adjustment factor point total. Use the definitions for nonserious or serious violations to determine the appropriate violation penalty adjustment column. In this case, use the nonserious penalty adjustment column.

Violation 1 5 points Base - 50% = 350-175 = \$175

Violation 2 5 points Base - 50% = 400-200 = \$200

Violations

3, 4, 53 points Base - 80% = 300-240 = \$60

Adjusted Penalty Total \$435

Historical Note

Adopted effective July 13, 1989 (Supp. 89-3). Section R3-3-1008 renumbered from R3-8-208 (Supp. 91-4). Section repealed; new Section adopted effective October 8, 1998 (Supp. 98-4).

R3-3-1009. Failure to Abate

- A. The Director shall issue a notification of failure-to-abate an alleged violation if a violation has not been corrected as specified on the citation. Failure-to-abate penalties, pursuant to A.R.S. § 3-3113(E), shall be applied if an employer or handler has not corrected a previous cited violation that is a final order of the Director. When determining the appropriate penalty amount, the Director shall take into consideration a good faith effort to abate the violation.
- B. If a person does not file a timely notice of contest within the 30-day contest period, the citation and proposed penalties shall be a final order of the Director.
- C. If a person files a notice of contest pursuant to A.R.S. § 3-3116(A), the period for the abatement shall not begin, as to those violations contested, until the day following the entry of the final order by the Director affirming the citation. If the person contests only the amount of the proposed penalty, the person shall correct the alleged violation within the prescribed abatement period.

Historical Note

Adopted effective October 8, 1998 (Supp. 98-4). Section heading corrected at request of the Department, Office File No. M11-60, filed February 23, 2011 (Supp. 09-4).

R3-3-1010. Calculation of Additional Penalties For Unabated Violations

- A. The Assistant Director shall calculate a daily penalty for unabated violations if failure to abate a serious or nonserious violation exists at the time of reinspection. That penalty shall

not be less than the penalty for the violation when cited, except as provided in subsection (C).

1. If no penalty was initially proposed, the Assistant Director shall determine a penalty. In no case shall the penalty be more than \$1,000 per day, the maximum allowed by A.R.S. § 3-3113(E).
2. The daily proposed penalty shall be multiplied by the number of calendar days that the violation has continued unabated, except for the following: The number of days unabated shall be counted from the day following the abatement date specified in the final order. It shall include all calendar days between that date and the date of reinspection, excluding the date of reinspection.

- B. When calculating the additional daily penalty, the Assistant Director shall consider the extent that the violation has been abated, whether the employer has made a good faith effort to correct the violation, and it is beyond the employer's control to abate. Based on these factors, the Assistant Director may reduce or eliminate the daily penalty. Example: If three of five instances have been corrected, the daily proposed penalty (calculated as outlined in subsection (A) without regard to any partial abatement), may be reduced by the percentage of the total violations which have been corrected, in this instance, three of five, or 60%.

Historical Note

Adopted effective October 8, 1998 (Supp. 98-4).

R3-3-1011. Repeated or Willful Violations

- A. The Assistant Director shall calculate a penalty for each violation classified as serious or nonserious if similar violations are repeated within the last three years from the date of notice.
 1. The penalty for a repeated nonserious violation shall be doubled for the first repeated violation and tripled if the violation has been cited twice before, up to the maximum allowed by A.R.S. § 3-3113(A).
 2. The penalty for a repeated serious violation shall be multiplied five times for the first repeated violation and seven times if the violation has been cited twice before, up to the maximum allowed by A.R.S. § 3-3113(A).
 3. The penalty for a repeated serious violation in which someone is disabled or killed shall be multiplied 10 times for each repeated violation, up to the maximum allowed by A.R.S. § 3-3113(A).
 4. A repeated violation having no initial penalty shall be assessed for the first repeated violation as determined by this Article.
 5. If the Assistant Director determines, through documentation, that it is appropriate, the penalty may be multiplied by 10, up to the maximum allowed by A.R.S. § 3-3113(A).
- B. The Assistant Director may adjust the gravity based penalty by a multiplier up to 10 for any willful violation, up to the maximum allowed by A.R.S. § 3-3113(A).
- C. The Assistant Director shall not allow a reduction for any serious or nonserious willfully repeated violation.

Historical Note

Adopted effective October 8, 1998 (Supp. 98-4).

R3-3-1012. Citation; Posting

An employer shall post a citation prescribed at A.R.S. § 3-3110(C) for three days or until the violation is abated, whichever time period is longer.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

shall not be considered as meeting the requirements of this subsection unless the specific use of the mixture is also stated. Containers with over three grams of seed shall list the kind or kind and variety names of each component present in excess of five percent of the whole in the order of their predominance, giving the percentage by weight of each. Components equal to or less than five percent shall be listed, but need not be listed in order of predominance. A single percentage by weight shall be given for these components that are less than five percent of the whole. If no component of a mixture exceeds five percent of the whole, the statement, "No component in excess of 5%" may be used. Containers with three grams of seed or less shall list the components without giving percentage by weight and need not be in order of predominance.

- b. For seeds of plants grown for ornamental purposes other than their blooms, the kind and variety shall be stated, or the kind shall be stated together with a descriptive statement concerning the ornamental part of the plant, for example, "Ornamental Gourds, Small Fruited, Mixed."

Labeling of seed supplied under a contractual agreement meets this requirement if the shipment is accompanied by an invoice or by an analysis tag attached to the invoice if each bag or other container is clearly identified by a lot number permanently displayed on the container or if the seed is in bulk. Each bag or container not clearly identified by a lot number must carry complete labeling. The label shall include the following information:

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 4. PROFESSIONS AND OCCUPATIONS**CHAPTER 19. BOARD OF NURSING**

(Authority: A.R.S. § 32-1606 et seq.)

Editor's Note: The Arizona State Board of Nursing amended Sections in this Chapter under an exemption from the provisions of A.R.S. Title 41, Chapter 6 under Laws 2015, Chapter 262 § 22. Exemption from A.R.S. Title 41, Chapter 6 means the Board was not required to submit proposed rules for publication in the Arizona Administrative Register, conduct a public hearing on the rules, or required to submit the rules for approval by the Governor's Regulatory Review Council. Refer to the historical notes for more information (Supp. 16-2).

 7. “Substantive review time-frame” has the same meaning as A.R.S. § 41-1072(3).
- B.** In computing the time-frames in this Section, the day of the act or event from which the designated period begins to run is not included. The last day of the period is included unless it is a Saturday, Sunday, or official state holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or official state holiday.
- C.** For each type of licensure, certification, or approval issued by the Board, the overall time-frame described in A.R.S. § 41-1072(2) is listed in Table 1. An applicant may submit a written request to the Board for an extension of time in which to provide a complete application. The request for an extension of time shall be submitted to the Board office before the deadline for submission of a complete application and shall state the reason that the applicant is unable to comply with the time-frame requirements in Table 1 and the amount of additional time requested.  - c. If an applicant fails to provide the missing information listed in the deficiency notice within the period specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application.
 - d. If the applicant is the subject of an investigation, the Board may continue to process the application. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
2. If the application packet is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.
 3. If the Board issues a license, certificate, or approval during the administrative completeness review time-frame, the Board shall not send a separate written notice of administrative completeness.
- E.** For each type of licensure, certification, or approval issued by the Board, the substantive review time-frame described in A.R.S. § 41-1072(3) is listed in Table 1 and begins to run on the date the notice of administrative completeness is issued.
1. During the substantive review time-frame, an applicant may make a request to withdraw an application packet. The Board may deny the request to withdraw an application packet if the applicant is the subject of an investigation, based on information gathered during the investigation.

The applicant shall submit the additional information within the period specified in Table 1. The time-frame for the Board to complete the substantive review of the application packet is suspended from the date the comprehensive written request for additional information is issued until the Board receives the additional information.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- A.** The Board shall assess a charter holder's achievement of the minimum operational performance expectations. To avoid duplicative reporting burdens, the Board shall use data collected from a variety of sources that reflect on the charter holder's compliance with the charter contract, other contractual agreements with the Board, federal and state law, and this Chapter.
1. The Board may assess a charter holder's achievement of the minimum operational performance expectations at any time.
 2. The Board shall assess a charter holder's achievement of the minimum operational performance expectations:

The Board shall make each charter holder's operational performance dashboard publicly available and post it on ASBCS Online.
- C.** The Board shall determine a charter holder meets the minimum operational performance standard if the charter holder receives no measure rated "falls far below standard" and no more than five measures rated "does not meet standard" for the evaluated year.
- D.** The Board shall determine a charter holder meets the minimum operational performance expectations if the charter holder receives an overall rating of "meets the Board's operational performance standard" in both of the two most recent years for which an overall rating was calculated and has no measure rated "falls far below standard" in the current year.
- E.** The Board shall determine a charter holder does not meet the minimum operational performance expectations if the charter holder receives an overall rating of "does not meet the Board's operational performance standard" in at least one of the two most recent years for which an overall rating was calculated or has at least one measure rated "falls far below standard" in the current year.

R7-5-404. Development and Use of Performance Frameworks

CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

- A. The Board shall revise the Academic, Financial, and Operational Performance Frameworks as needed. During the process of revision, the Board shall provide the public with notice and an opportunity to comment on proposed revisions. The Board shall adopt revisions at a public meeting.
- B. The Board shall ensure the Academic Performance Framework includes considerations for non-traditional charter schools, including small charter schools with very low enrollment and those designated by the Department as alternative schools.
- C. Use of the Academic Performance Framework is contingent on a charter school's receipt of an annual achievement profile under A.R.S. § 15-241. The Board shall assign a rating of "no rating" to a charter school that does not provide enough data to make a calculation.
- D. If the Department does not timely release annual achievement profiles under A.R.S. § 15-241, rather than assigning a rating of "no rating" to all charter schools, the Board may use the most recent available data for each measure.
- 4. Correspondence from an insurance provider related to cancellation of health or liability insurance due to non-payment;
- 5. Notice of termination of line of credit whether initiated by financial institution or charter holder when replacement credit line is not in effect; or
- 6. Withdrawals from debt service reserve funds.
- D. By September 1 of each year, each charter holder must notify the Board, in writing, of whether they have an agreement or contract with an Education Service Provider for the current school year.  - 1. The name of the Education Service Provider; and
 - 2. A written statement describing the services provided to the charter holder's charter school or schools by the Education Service Provider.
- E. Each charter school must conspicuously and permanently post a link on its website to the charter school's academic performance dashboard and the charter holder's financial and operational performance dashboards on the Board's website. For new schools, the link must be conspicuously posted by September 1 of the charter school's first school year of operation.
- F. If the charter holder fails to submit or fails to timely submit the information required in subsection (C) or subsection (D) or fails to post the link required in subsection (E) on the charter school's website, the failure shall be noted in the charter holder's operational performance dashboard posted on ASBCS Online.
- G. If the specified deadline has not passed, Board staff may grant a charter holder an extension to submit a CAP or other response required under subsection (C), subsection (D), subsection (E), R7-5-502(G), R7-5-504(G), R7-5-505(D), R7-5-505(E), R7-5-506(B)(2), R7-5-507(C), R7-5-509(B), or R7-5-509(F). In determining whether to grant an extension, Board staff shall consider the following, as applicable:
 - 1. Whether the charter school at issue was in session when the Board provided notice to the charter holder;
 - 2. Whether the charter school at issue was in session during the period provided in the notice for the charter holder to respond to the Board; and

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 9. HEALTH SERVICES**CHAPTER 7. RADIATION CONTROL**

Laws 1964, Chapter 30, established the Arizona Atomic Energy Commission. Laws 1980, Chapter 206, abolished the Commission, and created the Arizona Radiation Regulatory Agency (ARRA) and the Radiation Regulatory Hearing Board.

Laws 2017, Ch. 313, transferred the Radiation Regulatory Agency to the Arizona Department of Health Services and renamed it the Bureau of Radiation Control. The rules in this Chapter (9 A.A.C. 7) were originally promulgated under 12 A.A.C. 1 and were recodified at 24 A.A.R. 813 with Section and agency references revised under Laws 2017, Ch. 313. The historical notes of the rules as codified in 12 A.A.C. 1 remain in the Chapter; therefore 12 A.A.C. 1 as released in Supp. 18-1 should be archived with this Chapter (Supp. 18-1).
