This Article has been established to provide the requirements for the physical protection program for any licensee that possesses an aggregated category 1 or category 2 quantity of radioactive material listed in Appendix A to this Article. These requirements provide reasonable assurance of the security of category 1 or category 2 quantities of radioactive material by protecting these materials from theft or diversion. Specific requirements for access to material, use of material, transfer of material, and transport of material are included. No provision of this Article authorizes possession of licensed material.

R9-7-1903. Scope

- A. R9-7-1921 through R9-7-1957 of this Article apply to any person who, under the rules in this chapter, possesses or uses at any site, an aggregated category 1 or category 2 quantity of radioactive material.
- B. R9-7-1971 through R9-7-1981 of this Article applies to any person who, under the rules of this chapter:
 1. Transports or delivers to a carrier for transport in a single shipment, a category 1 or category 2 quantity of radioactive material; or
 2. Imports or exports a category 1 or category 2 quantity of radioactive material; the provisions only apply to the domestic portion of the transport.

R9-7-1905. Definitions

The following definitions apply in this Article, unless the context otherwise requires:

“Access control means a system for allowing only approved individuals to have unescorted access to the security zone and for ensuring that all other individuals are subject to escorted access.

“Act” means the Atomic Energy Act of 1954 (68 Stat. 919), including any amendments thereto.

“Aggregated” means accessible by the breach of a single physical barrier that would allow access to radioactive material in any form, including any devices that contain the radioactive material, when the total activity equals or exceeds a category 2 quantity of radioactive material.

“Agreement State” means any state with which the Atomic Energy Commission or the U.S. Nuclear Regulatory Commission has entered into an effective agreement under subsection 274b. of the Act. Non-agreement State means any other State.

“Approved individual” means an individual whom the licensee has determined to be trustworthy and reliable for unescorted access in accordance with R9-7-1921 through R9-7-1933 of this Article and who has completed the training required by R9-7-1943(C).

“Background investigation” means the investigation conducted by a licensee or applicant to support the determination of trustworthiness and reliability.

“Becquerel (Bq)” means one disintegration per second.

“Byproduct material” means the same as in R9-7-102.

“Category 1 quantity of radioactive material” means a quantity of radioactive material meeting or exceeding the category 1 threshold in Table 1 of Appendix A to this Article. This quantity is determined by calculating the ratio of the total activity of each radionuclide to the category 1 threshold for that radionuclide and adding the ratios together. If the sum is equal to or exceeds 1, the quantity would be considered a category 1 quantity. Category 1 quantities of radioactive material do not include the radioactive material contained in any fuel assembly, subassembly, fuel rod, or fuel pellet.

“Category 2 quantity of radioactive material” means a quantity of radioactive material meeting or exceeding the category 2 threshold but less than the category 1 threshold in Table 1 of Appendix A to this Article. This quantity is determined by calculating the ratio of the total activity of each radionuclide to the category 2 threshold for that radionuclide and adding the ratios together. If the sum is equal to or exceeds 1, the quantity would be considered a category 2 quantity. Category 2 quantities of radioactive material do not include the radioactive material contained in any fuel assembly, subassembly, fuel rod, or fuel pellet.

“Commission” means the U.S. Nuclear Regulatory Commission or its duly authorized representatives.

CHAPTER 7. RADIATION CONTROL

“Curie” means the same as in R9-7-102.

“Diversion” means the unauthorized movement of radioactive material subject to this Article to a location different from the material’s authorized destination inside or outside of the site at which the material is used or stored.

“Escorted access” means accompaniment while in a security zone by an approved individual who maintains continuous direct visual surveillance at all times over an individual who is not approved for unescorted access.

“Fingerprint orders” means the orders issued by the U.S. Nuclear Regulatory Commission or the legally binding requirements issued by Agreement States that require fingerprints and criminal history records checks for individuals with unescorted access to category 1 and category 2 quantities of radioactive material or safeguards information-modified handling.

“Government agency” means any executive department, commission, independent establishment, corporation, wholly or partly owned by the United States of America which is an instrumentality of the United States, or any board, bureau, division, service, office, officer, authority, administration, or other establishment in the executive branch of the Government.

“License”, except where otherwise specified, means a license for byproduct material issued pursuant to the rules in Articles 3, 5, 7, and 15 of this chapter.

“License issuing authority” means the licensing agency that issued the license, i.e. the Department, the U.S. Nuclear Regulatory Commission, or the appropriate agency of an Agreement State.

“Local law enforcement agency (LLEA)” means a public or private organization that has been approved by a federal, state, or local government to carry firearms and make arrests, and is authorized and has the capability to provide an armed response in the jurisdiction where the licensed category 1 or category 2 quantity of radioactive material is used, stored, or transported.

“Lost or missing licensed material” means licensed material whose location is unknown. It includes material that has been shipped but has not reached its destination and whose location cannot be readily traced in the transportation system.

“Mobile device” means a piece of equipment containing licensed radioactive material that is either mounted on wheels or casters, or is otherwise equipped for moving without a need for disassembly or dismounting; or designed to be hand carried. Mobile devices do not include stationary equipment installed in a fixed location.

“Movement control center” means an operations center that is remote from transport activity and that maintains position information on the movement of radioactive material, receives reports of attempted attacks or thefts, provides a means for reporting these and other problems to appropriate agencies and can request and coordinate appropriate aid.

“No-later-than arrival time” means the date and time that the shipping licensee and receiving licensee have established as the time at which an investigation will be initiated if the shipment has not arrived at the receiving facility. The no-later-than arrival time may not be more than 6 hours after the estimated arrival time for shipments of category 2 quantities of radioactive material.

“Person” means:

Any individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, Government agency other than the Commission or the DOE (except that the DOE shall be considered a person within the meaning of the rules in 10 CFR chapter I to the extent that its facilities and activities are subject to the licensing and related regulatory authority of the Commission under section 202 of the Energy Reorganization Act of 1974 (88 Stat. 1244), the Uranium Mill Tailings Radiation Control Act of 1978 (92 Stat. 3021), the Nuclear Waste Policy Act of 1982 (96 Stat. 2201), and section 3(b)(2) of the Low-Level Radioactive Waste Policy Amendments Act of 1985 (99 Stat. 1842)), any State or any political subdivision of or any political entity within a State, any foreign government or nation or any political subdivision of any such government or nation, or other entity; and

Any legal successor, representative, agent, or agency of the foregoing.

“Reviewing official” means the individual who shall make the trustworthiness and reliability determination of an individual to determine whether the individual may have, or continue to have, unescorted access to the category 1 or category 2 quantities of radioactive materials that are possessed by the licensee.

“Sabotage” means deliberate damage, with malevolent intent, to a category 1 or category 2 quantity of radioactive material, a device that contains a category 1 or category 2 quantity of radioactive material, or the components of the security system.

“Safe haven” means a readily recognizable and readily accessible site at which security is present or from which, in the event of an emergency, the transport crew can notify and wait for the local law enforcement authorities.

“Security zone” means any temporary or permanent area determined and established by the licensee for the physical protection of category 1 or category 2 quantities of radioactive material.

“State” means a State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

“Telemetric position monitoring system” means a data transfer system that captures information by instrumentation and/or measuring devices about the location and status of a transport vehicle or package between the departure and destination locations.

“Trustworthiness and reliability” means characteristics of an individual considered dependable in judgment, character, and performance, such that unescorted access to category 1 or category 2 quantities of radioactive material by that individual does not constitute an unreasonable risk to the public health and safety or security. A determination of trustworthiness and reliability for this purpose is based upon the results from a background investigation.

“Unescorted access” means solitary access to an aggregated category 1 or category 2 quantity of radioactive material or the devices that contain the material.

“United States” when used in a geographical sense, includes Puerto Rico and all territories and possessions of the United States.

R9-7-1911. Specific Exemptions

- A. The Department may, upon application of any interested person or upon its own initiative, grant such exemptions from the requirements of the rules in this Article as it determines are authorized by law and will not endanger life or property or the common defense and security, and are otherwise in the public interest.
- B. Any licensee's NRC-licensed activities are exempt from the requirements of R9-7-1921 through R9-7-1957 of this Article to the extent that its activities are included in a security plan required by 10 CFR part 73 revised January 1, 2015, incorpo-

rated by reference, and available under R9-7-101. This incorporated material contains no future editions or amendments.

- C. A licensee that possesses radioactive waste that contains category 1 or category 2 quantities of radioactive material is exempt from the requirements of R9-7-1921 through R9-7-1981 of this Article, except that any radioactive waste that contains discrete sources, ion-exchange resins, or activated material that weighs less than 2,000 kg (4,409 lbs.) is not exempt from the requirements of this Article. The licensee shall implement the following requirements to secure the radioactive waste:

1. Use continuous physical barriers that allow access to the radioactive waste only through established access control points;
2. Use a locked door or gate with monitored alarm at the access control point;
3. Assess and respond to each actual or attempted unauthorized access to determine whether an actual or attempted theft, sabotage, or diversion occurred; and
4. Immediately notify the LLEA and request an armed response from the LLEA upon determination that there was an actual or attempted theft, sabotage, or diversion of the radioactive waste that contains category 1 or category 2 quantities of radioactive material.

R9-7-1921. Personnel Access Authorization Requirements for Category 1 or Category 2 Quantities of Radioactive Material**A. General:**

1. Each licensee that possesses an aggregated quantity of radioactive material at or above the category 2 threshold shall establish, implement, and maintain its access authorization program in accordance with the requirements of this Article.
2. An applicant for a new license and each licensee that would become newly subject to the requirements of this Article upon application for modification of its license shall implement the requirements of this Article, as appropriate, before taking possession of an aggregated category 1 or category 2 quantity of radioactive material.
3. Any licensee that has not previously implemented the Security Orders or been subject to the provisions of R9-7-1921 through R9-7-1933 shall implement the provisions of R9-7-1921 through R9-7-1933 before aggregating radioactive material to a quantity that equals or exceeds the category 2 threshold.

B. General performance objective: The licensee's access authorization program shall ensure that the individuals specified in subsection (C)(1) are trustworthy and reliable.**C. Applicability:**

1. Licensees shall subject the following individuals to an access authorization program:
 - a. Any individual whose assigned duties require unescorted access to category 1 or category 2 quantities of radioactive material or to any device that contains the radioactive material; and
 - b. Reviewing officials.
2. Licensees need not subject the categories of individuals listed in R9-7-1929(A) to the investigation elements of the access authorization program.
3. Licensees shall approve for unescorted access to category 1 or category 2 quantities of radioactive material only those individuals with job duties that require unescorted access to category 1 or category 2 quantities of radioactive material.
4. Licensees may include individuals in the access authorization program under R9-7-1921 through R9-7-1933 and needing access to safeguards information-modified handling under 10 CFR part 73 revised January 1, 2015, incorporated by reference, and available under R9-7-101. This incorporated material contains no future editions or amendments.

R9-7-1923. Access Authorization Program Requirements**A. Granting unescorted access authorization:**

1. Licensees shall implement the requirements of this Article for granting initial or reinstated unescorted access authorization.
2. Individuals who have been determined to be trustworthy and reliable shall also complete the security training required by R9-7-1943(C) before being allowed unescorted access to category 1 or category 2 quantities of radioactive material.

B. Reviewing officials:

1. Reviewing officials are the only individuals who may make trustworthiness and reliability determinations that allow individuals to have unescorted access to category 1 or category 2 quantities of radioactive materials possessed by the licensee.
2. Each licensee shall name one or more individuals to be reviewing officials. After completing the background investigation on the reviewing official, the licensee shall provide under oath or affirmation, a certification that the reviewing official is deemed trustworthy and reliable by the licensee. The fingerprints of the named reviewing official shall be taken by a law enforcement agency, Federal or State agencies that provide fingerprinting services to the public, or commercial fingerprinting services authorized by a State to take fingerprints. The licensee shall recertify that the reviewing official is deemed trustworthy and reliable every 10 years in accordance with R9-7-1925(C).
3. Reviewing officials shall be permitted to have unescorted access to category 1 or category 2 quantities of radioactive materials or access to safeguards information or safeguards information-modified handling, if the licensee possesses safeguards information or safeguards information-modified handling. Reviewing officials permitted unescorted access to category 1 or category 2 quantities of radioactive materials shall receive appropriate radiation safety training initially and at a frequency not to exceed 12 months. The licensee shall maintain records of the initial and refresher training for three years from the date of training for Department review.
4. Reviewing officials cannot approve other individuals to act as reviewing officials.
5. A reviewing official does not need to undergo a new background investigation before being named by the licensee as the reviewing official if:
 - a. The individual has undergone a background investigation that included fingerprinting and an FBI criminal history records check and has been determined to be trustworthy and reliable by the licensee; or
 - b. The individual is subject to a category listed in R9-7-1929(A).

C. Informed consent:

1. Licensees may not initiate a background investigation without the informed and signed consent of the subject individual. This consent shall include authorization to share personal information with other individuals or organizations as necessary to complete the background investigation. Before a final adverse determination, the licensee shall provide the individual with an opportunity to correct any inaccurate or incomplete information that is developed during the background investigation. Licensees do not need to obtain signed consent from those individuals that meet the requirements of R9-7-1925(B). A signed consent shall be obtained prior to any reinvestigation.

CHAPTER 7. RADIATION CONTROL

2. The subject individual may withdraw his or her consent at any time. Licensees shall inform the individual that:
 - a. If an individual withdraws his or her consent, the licensee may not initiate any elements of the background investigation that were not in progress at the time the individual withdrew his or her consent; and
 - b. The withdrawal of consent for the background investigation is sufficient cause for denial or termination of unescorted access authorization.
- D. Personal history disclosure:** Any individual who is applying for unescorted access authorization shall disclose the personal history information that is required by the licensee's access authorization program for the reviewing official to make a determination of the individual's trustworthiness and reliability. Refusal to provide, or the falsification of, any personal history information required by this Article is sufficient cause for denial or termination of unescorted access.
- E. Determination basis:**
 1. The reviewing official shall determine whether to permit, deny, unfavorably terminate, maintain, or administratively withdraw an individual's unescorted access authorization based on an evaluation of all of the information collected to meet the requirements of this Article.
 2. The reviewing official may not permit any individual to have unescorted access until the reviewing official has evaluated all of the information collected to meet the requirements of this Article and determined that the individual is trustworthy and reliable. The reviewing official may deny unescorted access to any individual based on information obtained at any time during the background investigation.
 3. The licensee shall document the basis for concluding whether or not there is reasonable assurance that an individual is trustworthy and reliable.
 4. The reviewing official may terminate or administratively withdraw an individual's unescorted access authorization based on information obtained after the background investigation has been completed and the individual granted unescorted access authorization.
 5. Licensees shall maintain a list of persons currently approved for unescorted access authorization. When a licensee determines that a person no longer requires unescorted access or meets the access authorization requirement, the licensee shall remove the person from the approved list as soon as possible, but no later than 7 working days, and take prompt measures to ensure that the individual is unable to have unescorted access to the material.
- F. Procedures:** Licensees shall develop, implement, and maintain written procedures for implementing the access authorization program. The procedures shall include provisions for the notification of individuals who are denied unescorted access. The procedures shall include provisions for the review, at the request of the affected individual, of a denial or termination of unescorted access authorization. The procedures shall contain a provision to ensure that the individual is informed of the grounds for the denial or termination of unescorted access authorization and allow the individual an opportunity to provide additional relevant information.
- G. Right to correct and complete information:**
 1. Prior to any final adverse determination, licensees shall provide each individual subject to this Article with the right to complete, correct, and explain information obtained as a result of the licensee's background investigation. Confirmation of receipt by the individual of this notification shall be maintained by the licensee for a period of 1 year from the date of the notification.
2. If, after reviewing his or her criminal history record, an individual believes that it is incorrect or incomplete in any respect and wishes to change, correct, update, or explain anything in the record, the individual may initiate challenge procedures. These procedures include direct application by the individual challenging the record to the law enforcement agency that contributed the questioned information or a direct challenge as to the accuracy or completeness of any entry on the criminal history record to the Federal Bureau of Investigation, Criminal Justice Information Services (CJIS) Division, ATTN: SCU, Mod. D-2, 1000 Custer Hollow Road, Clarksburg, WV 26306 as set forth in 28 CFR 16.30 through 16.34. In the latter case, the Federal Bureau of Investigation (FBI) will forward the challenge to the agency that submitted the data, and will request that the agency verify or correct the challenged entry. Upon receipt of an official communication directly from the agency that contributed the original information, the FBI Identification Division makes any changes necessary in accordance with the information supplied by that agency. Licensees shall provide at least 10 days for an individual to initiate action to challenge the results of an FBI criminal history records check after the record being made available for his or her review. The licensee may make a final adverse determination based upon the criminal history records only after receipt of the FBI's confirmation or correction of the record.
- H. Records:**
 1. The licensee shall retain documentation regarding the trustworthiness and reliability of individual employees for 3 years from the date the individual no longer requires unescorted access to category 1 or category 2 quantities of radioactive material.
 2. The licensee shall retain a copy of the current access authorization program procedures as a record for 3 years after the procedure is no longer needed. If any portion of the procedure is superseded, the licensee shall retain the superseded material for 3 years after the record is superseded.
 3. The licensee shall retain the list of persons approved for unescorted access authorization for 3 years after the list is superseded or replaced.

R9-7-1925. Background Investigations

- A. Initial investigation:** Before allowing an individual unescorted access to category 1 or category 2 quantities of radioactive material or to the devices that contain the material, licensees shall complete a background investigation of the individual seeking unescorted access authorization. The scope of the investigation shall encompass at least the 7 years preceding the date of the background investigation or since the individual's eighteenth birthday, whichever is shorter. The background investigation shall include at a minimum:
 1. Fingerprinting and an FBI identification and criminal history records check in accordance with R9-7-1927;

CHAPTER 7. RADIATION CONTROL

2. Verification of true identity. Licensees shall verify the true identity of the individual who is applying for unescorted access authorization to ensure that the applicant is who he or she claims to be. A licensee shall review official identification documents (e.g., driver's license; passport; government identification; certificate of birth issued by the state, province, or country of birth) and compare the documents to personal information data provided by the individual to identify any discrepancy in the information. Licensees shall document the type, expiration, and identification number of the identification document, or maintain a photocopy of identifying documents on file in accordance with R9-7-1931. Licensees shall certify in writing that the identification was properly reviewed, and shall maintain the certification and all related documents for review upon inspection;
 3. Employment history verification. Licensees shall complete an employment history verification, including military history. Licensees shall verify the individual's employment with each previous employer for the most recent 7 years before the date of application;
 4. Verification of education. Licensees shall verify that the individual participated in the education process during the claimed period;
 5. Character and reputation determination. Licensees shall complete reference checks to determine the character and reputation of the individual who has applied for unescorted access authorization. Unless other references are not available, reference checks may not be conducted with any person who is known to be a close member of the individual's family, including but not limited to the individual's spouse, parents, siblings, or children, or any individual who resides in the individual's permanent household. Reference checks under this section shall be limited to whether the individual has been and continues to be trustworthy and reliable;
 6. The licensee shall also, to the extent possible, obtain independent information to corroborate that provided by the individual (e.g., seek references not supplied by the individual); and
 7. If a previous employer, educational institution, or any other entity with which the individual claims to have been engaged fails to provide information or indicates an inability or unwillingness to provide information within a time frame deemed appropriate by the licensee but at least after 10 business days of the request or if the licensee is unable to reach the entity, the licensee shall document the refusal, unwillingness, or inability in the record of investigation; and attempt to obtain the information from an alternate source.
- B. Grandfathering:**
1. Individuals who have been determined to be trustworthy and reliable for unescorted access to category 1 or category 2 quantities of radioactive material under the Fingerprint Orders may continue to have unescorted access to category 1 and category 2 quantities of radioactive material without further investigation. These individuals shall be subject to the reinvestigation requirement.
 2. Individuals who have been determined to be trustworthy and reliable under the provisions of 10 CFR part 73 revised January 1, 2015, incorporated by reference, available under R9-7-101, and containing no future editions or amendments; or the security orders for access to safeguards information, safeguards information-modified handling, or risk-significant material may have unescorted access to category 1 and category 2 quantities of radioactive material without further investigation. The licensee shall document that the individual was determined to be trustworthy and reliable under the provisions of 10 CFR part 73 revised January 1, 2015, incorporated by reference, available under R9-7-101, and containing no future editions or amendments; or a security order. Security order, in this context, refers to any order that was issued by the NRC that required fingerprints and an FBI criminal history records check for access to safeguards information, safeguards information-modified handling, or risk significant material such as special nuclear material or large quantities of uranium hexafluoride. These individuals shall be subject to the reinvestigation requirement.
- C. Re-investigations:** Licensees shall conduct a reinvestigation every 10 years for any individual with unescorted access to category 1 or category 2 quantities of radioactive material. The reinvestigation shall consist of fingerprinting and an FBI identification and criminal history records check in accordance with R9-7-1927. The re-investigations shall be completed within 10 years of the date on which these elements were last completed.

R9-7-1927. Requirements for Criminal History Records Checks of Individuals Granted Unescorted Access to Category 1 or Category 2 Quantities of Radioactive Material**A. General performance objective and requirements:**

1. Except for those individuals listed in R9-7-1929 and those individuals grandfathered under R9-7-1925(B), each licensee subject to the provisions of this Article shall fingerprint each individual who is to be permitted unescorted access to category 1 or category 2 quantities of radioactive material. Licensees shall transmit all collected fingerprints to the Department for transmission to the FBI. The licensee shall use the information received from the FBI as part of the required background investigation to determine whether to grant or deny further unescorted access to category 1 or category 2 quantities of radioactive materials for that individual.
2. The licensee shall notify each affected individual that his or her fingerprints will be used to secure a review of his or her criminal history record, and shall inform him or her of the procedures for revising the record or adding explanations to the record.
3. Fingerprinting is not required if a licensee is reinstating an individual's unescorted access authorization to category 1 or category 2 quantities of radioactive materials if:
 - a. The individual returns to the same facility that granted unescorted access authorization within 365 days of the termination of his or her unescorted access authorization; and
 - b. The previous access was terminated under favorable conditions.
4. Fingerprints do not need to be taken if an individual who is an employee of a licensee, contractor, manufacturer, or supplier has been granted unescorted access to category 1 or category 2 quantities of radioactive material, access to safeguards information, or safeguards information-modified handling.

CHAPTER 7. RADIATION CONTROL

fied handling by another licensee, based upon a background investigation conducted under this Article, the Fingerprint Orders, or 10 CFR part 73, revised January 1, 2015, incorporated by reference, and available under R9-7-101. This incorporated material contains no future editions or amendments. An existing criminal history records check file may be transferred to the licensee asked to grant unescorted access in accordance with the provisions of R9-7-1931(C).

5. Licensees shall use the information obtained as part of a criminal history records check solely for the purpose of determining an individual's suitability for unescorted access authorization to category 1 or category 2 quantities of radioactive materials, access to safeguards information, or safeguards information-modified handling.

B. Prohibitions:

1. Licensees may not base a final determination to deny an individual unescorted access authorization to category 1 or category 2 quantities of radioactive material solely on the basis of information received from the FBI involving:
 - a. An arrest more than 1 year old for which there is no information of the disposition of the case; or
 - b. An arrest that resulted in dismissal of the charge or an acquittal.
2. Licensees may not use information received from a criminal history records check obtained under this section in a manner that would infringe upon the rights of any individual under the First Amendment to the Constitution of the United States, nor shall licensees use the information in any way that would discriminate among individuals on the basis of race, religion, national origin, gender, or age.

C. Procedures for processing of fingerprint checks:

1. For the purpose of complying with this Article, licensees shall use an appropriate method listed in 10 CFR 37.7, revised January 1, 2015, incorporated by reference, available under R9-7-101, and containing no future editions or amendments; to submit to the U.S. Nuclear Regulatory Commission, Director, Division of Facilities and Security, 11545 Rockville Pike, ATTN: Criminal History Program/Mail Stop TWB-05 B32M, Rockville, Maryland 20852, one completed, legible standard fingerprint card (Form FD-258, ORIMDNRCOOOZ), electronic fingerprint scan or, where practicable, other fingerprint record for each individual requiring unescorted access to category 1 or category 2 quantities of radioactive material. Copies of these forms may be obtained by writing the Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, by calling 1-630-829-9565, or by email to FORMS.Resource@nrc.gov. Guidance on submitting electronic fingerprints can be found at <http://www.nrc.gov/site-help/e-submittals.html>.
2. Fees for the processing of fingerprint checks are due upon application. Licensees shall submit payment with the application for the processing of fingerprints through corporate check, certified check, cashier's check, money order, or electronic payment, made payable to "U.S. NRC." (For guidance on making electronic payments, contact the Security Branch, Division of Facilities and Security at 301-492-3531.) Combined payment for multiple applications is acceptable. The Commission publishes the amount of the fingerprint check application fee on the NRC's public website. (To find the current fee amount, go to the Electronic Submittals page at <http://www.nrc.gov/site-help/e-submittals.html> and see the link

for the Criminal History Program under Electronic Submission Systems.)

3. The U.S. Nuclear Regulatory Commission will forward to the submitting licensee all data received from the FBI as a result of the licensee's application(s) for criminal history records checks.

R9-7-1929. Relief From Fingerprinting, Identification, and Criminal History Records Checks and Other Elements of Background Investigations for Designated Categories of Individuals Permitted Unescorted Access to Certain Radioactive Materials

- A. Fingerprinting, and the identification and criminal history records checks required by section 149 of the Atomic Energy Act of 1954, as amended, and other elements of the background investigation are not required for the following individuals prior to granting unescorted access to category 1 or category 2 quantities of radioactive materials:
 1. An employee of the U.S. Nuclear Regulatory Commission or of the Executive Branch of the U.S. Government who has undergone fingerprinting for a prior U.S. Government criminal history records check;
 2. A Member of Congress;
 3. An employee of a member of Congress or Congressional committee who has undergone fingerprinting for a prior U.S. Government criminal history records check;
 4. The Governor of a State or his or her designated State employee representative;
 5. Federal, State, or local law enforcement personnel;
 6. State Radiation Control Program Directors and State Homeland Security Advisors or their designated State employee representatives;
 7. Agreement State employees conducting security inspections on behalf of the NRC under an agreement executed under section 274.i. of the Atomic Energy Act;
 8. Representatives of the International Atomic Energy Agency (IAEA) engaged in activities associated with the U.S./IAEA Safeguards Agreement who have been certified by the NRC;
 9. Emergency response personnel who are responding to an emergency;
 10. Commercial vehicle drivers for road shipments of category 1 and category 2 quantities of radioactive material;
 11. Package handlers at transportation facilities such as freight terminals and railroad yards;
 12. Any individual who has an active Federal security clearance, provided that he or she makes available the appropriate documentation. Written confirmation from the agency/employer that granted the Federal security clearance or reviewed the criminal history records check shall be provided to the licensee. The licensee shall retain this documentation for a period of 3 years from the date the individual no longer requires unescorted access to category 1 or category 2 quantities of radioactive material; and
 13. Any individual employed by a service provider licensee for which the service provider licensee has conducted the

background investigation for the individual and approved the individual for unescorted access to category 1 or category 2 quantities of radioactive material. Written verification from the service provider shall be provided to the licensee. The licensee shall retain the documentation for a period of 3 years from the date the individual no longer requires unescorted access to category 1 or category 2 quantities of radioactive material.

- B.** Fingerprinting, and the identification and criminal history records checks required by section 149 of the Atomic Energy Act of 1954, as amended, are not required for an individual who has had a favorably adjudicated U.S. Government criminal history records check within the last 5 years, under a comparable U.S. Government program involving fingerprinting and an FBI identification and criminal history records check provided that he or she makes available the appropriate documentation. Written confirmation from the agency/employer that reviewed the criminal history records check shall be provided to the licensee. The licensee shall retain this documentation for a period of 3 years from the date the individual no longer requires unescorted access to category 1 or category 2 quantities of radioactive material. These programs include, but are not limited to:
1. National Agency Check;
 2. Transportation Worker Identification Credentials (TWIC) under 49 CFR part 1572;
 3. Bureau of Alcohol, Tobacco, Firearms, and Explosives background check and clearances under 27 CFR part 555;
 4. Health and Human Services security risk assessments for possession and use of select agents and toxins under 42 CFR part 73;
 5. Hazardous Material security threat assessment for hazardous material endorsement to commercial driver's license under 49 CFR part 1572; and
 6. Customs and Border Protection's Free and Secure Trade (FAST) Program.

R9-7-1931. Protection of Information

- A.** Each licensee who obtains background information on an individual under this Article shall establish and maintain a system of files and written procedures for protection of the record and the personal information from unauthorized disclosure.
- B.** The licensee may not disclose the record or personal information collected and maintained to persons other than the subject individual, his or her representative, or to those who have a need to have access to the information in performing assigned duties in the process of granting or denying unescorted access to category 1 or category 2 quantities of radioactive material, safeguards information, or safeguards information-modified handling. No individual authorized to have access to the information may disseminate the information to any other individual who does not have a need to know.
- C.** The personal information obtained on an individual from a background investigation may be provided to another licensee:
1. Upon the individual's written request to the licensee holding the data to disseminate the information contained in his or her file; and

2. The recipient licensee verifies information such as name, date of birth, social security number, gender, and other applicable physical characteristics.

- D.** The licensee shall make background investigation records obtained under this Article available for examination by an authorized representative of the Department to determine compliance with the rules and laws.
- E.** The licensee shall retain all fingerprint and criminal history records (including data indicating no record) received from the FBI, or a copy of these records if the individual's file has been transferred, on an individual for 3 years from the date the individual no longer requires unescorted access to category 1 or category 2 quantities of radioactive material.

Each licensee shall ensure that access authorization programs are reviewed to confirm compliance with the requirements of this Article and that comprehensive actions are taken to correct any noncompliance that is identified. The review program shall evaluate all program performance objectives and requirements. Each licensee shall periodically (at least annually) review the access program content and implementation.
- B.** The results of the reviews, along with any recommendations, shall be documented. Each review report shall identify conditions that are adverse to the proper performance of the access authorization program, the cause of the condition(s), and, when appropriate, recommend corrective actions, and corrective actions taken. The licensee shall review the findings and take any additional corrective actions necessary to preclude repetition of the condition, including reassessment of the deficient areas where indicated.
- C.** Review records shall be maintained for 3 years.

R9-7-1941. Security Program**A. Applicability:**

1. Each licensee that possesses an aggregated category 1 or category 2 quantity of radioactive material shall establish, implement, and maintain a security program in accordance with the requirements of this Article.
2. An applicant for a new license and each licensee that would become newly subject to the requirements of this Article upon application for modification of its license shall implement the requirements of this Article, as appropriate, before taking possession of an aggregated category 1 or category 2 quantity of radioactive material.
3. Any licensee that has not previously implemented the Security Orders or been subject to the provisions of R9-7-1941 through R9-7-1957 shall provide written notification to the Department, as specified in R9-7-1907, at least 90 days before aggregating radioactive material to a quantity that equals or exceeds the category 2 threshold.

B. General performance objective: Each licensee shall establish, implement, and maintain a security program that is designed to monitor and, without delay, detect, assess, and respond to an actual or attempted unauthorized access to category 1 or category 2 quantities of radioactive material.**C. Program features:** Each licensee's security program shall include the program features, as appropriate, described in R9-7-1943, R9-7-1945, R9-7-1947, R9-7-1949, R9-7-1951, R9-7-1953, and R9-7-1955.**Historical Note**

R9-7-1943. General Security Program Requirements**A. Security plan:**

1. Each licensee identified in R9-7-1941(A) shall develop a written security plan specific to its facilities and operations. The purpose of the security plan is to establish the licensee's overall security strategy to ensure the integrated and effective functioning of the security program required by this Article. The security plan shall, at a minimum:
 - a. Describe the measures and strategies used to implement the requirements of this Article; and

- b. Identify the security resources, equipment, and technology used to satisfy the requirements of this Article.

2. The security plan shall be reviewed and approved by the individual with overall responsibility for the security program.

3. A licensee shall revise its security plan as necessary to ensure the effective implementation of Department requirements. The licensee shall ensure that:
 - a. The revision has been reviewed and approved by the individual with overall responsibility for the security program; and

- b. The affected individuals are instructed on the revised plan before the changes are implemented.

4. The licensee shall retain a copy of the current security plan as a record for 3 years after the security plan is no longer required. If any portion of the plan is superseded, the licensee shall retain the superseded material for 3 years after the record is superseded.

B. Implementing procedures:

1. The licensee shall develop and maintain written procedures that document how the requirements of this Article and the security plan will be met.
2. The implementing procedures and revisions to these procedures shall be approved in writing by the individual with overall responsibility for the security program.
3. The licensee shall retain a copy of the current procedure as a record for 3 years after the procedure is no longer needed. Superseded portions of the procedure shall be retained for 3 years after the record is superseded.

C. Training:

1. Each licensee shall conduct training to ensure that those individuals implementing the security program possess and maintain the knowledge, skills, and abilities to carry out their assigned duties and responsibilities effectively. The training shall include instruction in:
 - a. The licensee's security program and procedures to secure category 1 or category 2 quantities of radioactive material, and in the purposes and functions of the security measures employed;
 - b. The responsibility to report promptly to the licensee any condition that causes or may cause a violation of Department requirements;
 - c. The responsibility of the licensee to report promptly to the local law enforcement agency and licensee any actual or attempted theft, sabotage, or diversion of category 1 or category 2 quantities of radioactive material; and
 - d. The appropriate response to security alarms.
2. In determining those individuals who shall be trained on the security program, the licensee shall consider each individual's assigned activities during authorized use and response to potential situations involving actual or attempted theft, diversion, or sabotage of category 1 or category 2 quantities of radioactive material. The extent of the training shall be commensurate with the individual's potential involvement in the security of category 1 or category 2 quantities of radioactive material.
3. Refresher training shall be provided at a frequency not to exceed 12 months and when significant changes have been made to the security program. This training shall include:
 - a. Review of the training requirements of subsection (c) and any changes made to the security program since the last training;

CHAPTER 7. RADIATION CONTROL

- b. Reports on any relevant security issues, problems, and lessons learned;
 - c. Relevant results of Department inspections; and
 - d. Relevant results of the licensee's program review and testing and maintenance.
4. The licensee shall maintain records of the initial and refresher training for 3 years from the date of the training. The training records shall include dates of the training, topics covered, a list of licensee personnel in attendance, and related information.

D. Protection of information:

1. Licensees authorized to possess category 1 or category 2 quantities of radioactive material shall limit access to and unauthorized disclosure of their security plan, implementing procedures, and the list of individuals that have been approved for unescorted access.
2. Efforts to limit access shall include the development, implementation, and maintenance of written policies and procedures for controlling access to, and for proper handling and protection against unauthorized disclosure of, the security plan and implementing procedures.
3. Before granting an individual access to the security plan or implementing procedures, licensees shall:
 - a. Evaluate an individual's need to know the security plan or implementing procedures; and
 - b. If the individual has not been authorized for unescorted access to category 1 or category 2 quantities of radioactive material, safeguards information, or safeguards information-modified handling, the licensee shall complete a background investigation to determine the individual's trustworthiness and reliability. A trustworthiness and reliability determination shall be conducted by the reviewing official and shall include the background investigation elements contained in R9-7-1925(A)(2) through (A)(7).
4. Licensees need not subject the following individuals to the background investigation elements for protection of information:
 - a. The categories of individuals listed in R9-7-1929(A); or
 - b. Security service provider employees, provided written verification that the employee has been determined to be trustworthy and reliable, by the required background investigation in R9-7-1925(A)(2) through (A)(7), has been provided by the security service provider.
5. The licensee shall document the basis for concluding that an individual is trustworthy and reliable and should be granted access to the security plan or implementing procedures.
6. Licensees shall maintain a list of persons currently approved for access to the security plan or implementing procedures. When a licensee determines that a person no longer needs access to the security plan or implementing procedures or no longer meets the access authorization requirements for access to the information, the licensee shall remove the person from the approved list as soon as possible, but no later than 7 working days, and take prompt measures to ensure that the individual is unable to obtain the security plan or implementing procedures.
7. When not in use, the licensee shall store its security plan and implementing procedures in a manner to prevent unauthorized access. Information stored in non-removable electronic form shall be password protected.
8. The licensee shall retain as a record for 3 years after the document is no longer needed:

- a. A copy of the information protection procedures; and
 - b. The list of individuals approved for access to the security plan or implementing procedures.
9. State officials, State employees, and other individuals, whether or not licensees of the Commission or an Agreement State, who receive schedule information of the kind specified in subsection (D)(1) shall protect that information against unauthorized disclosure as specified in subsection (D)(2).

1. A description of the facilities and the category 1 and category 2 quantities of radioactive materials along with a description of the licensee's security measures that have been implemented to comply with this Article; and
 2. A notification that the licensee will request a timely armed response by the LLEA to any actual or attempted theft, sabotage, or diversion of category 1 or category 2 quantities of material.
- B.** The licensee shall notify the Department as listed in R9-7-1907 of this Article within 3 business days if:
1. The LLEA has not responded to the request for coordination within 60 days of the coordination request; or
 2. The LLEA notifies the licensee that the LLEA does not plan to participate in coordination activities.
- C.** The licensee shall document its efforts to coordinate with the LLEA. The documentation shall be kept for 3 years.
- D.** The licensee shall coordinate with the LLEA at least every 12 months, or when changes to the facility design or operation adversely affect the potential vulnerability of the licensee's material to theft, sabotage, or diversion.

R9-7-1947. Security Zones

- A.** Licensees shall ensure that all aggregated category 1 and category 2 quantities of radioactive material are used or stored within licensee established security zones. Security zones may be permanent or temporary.
- B.** Temporary security zones shall be established as necessary to meet the licensee's transitory or intermittent business activities, such as periods of maintenance, source delivery, and source replacement.

CHAPTER 7. RADIATION CONTROL

- C. Security zones shall, at a minimum, allow unescorted access only to approved individuals through:
 - 1. Isolation of category 1 and category 2 quantities of radioactive materials by the use of continuous physical barriers that allow access to the security zone only through established access control points. A physical barrier is a natural or man-made structure or formation sufficient for the isolation of the category 1 or category 2 quantities of radioactive material within a security zone; or
 - 2. Direct control of the security zone by approved individuals at all times; or
 - 3. A combination of continuous physical barriers and direct control.
- D. For category 1 quantities of radioactive material during periods of maintenance, source receipt, preparation for shipment, installation, or source removal or exchange, the licensee shall, at a minimum, provide sufficient individuals approved for unescorted access to maintain continuous surveillance of sources in temporary security zones and in any security zone in which physical barriers or intrusion detection systems have been disabled to allow such activities.
- E. Individuals not approved for unescorted access to category 1 or category 2 quantities of radioactive material shall be escorted by an approved individual when in a security zone.
 - b. For category 2 quantities of radioactive material, weekly verification through physical checks, tamper indicating devices, use, or other means to ensure that the radioactive material is present.
- B. Assessment: Licensees shall immediately assess each actual or attempted unauthorized entry into the security zone to determine whether the unauthorized access was an actual or attempted theft, sabotage, or diversion.
- C. Personnel communications and data transmission: For personnel and automated or electronic systems supporting the licensee's monitoring, detection, and assessment systems, licensees shall:
 - 1. Maintain continuous capability for personnel communication and electronic data transmission and processing among site security systems; and
 - 2. Provide an alternative communication capability for personnel, and an alternative data transmission and processing capability, in the event of a loss of the primary means of communication or data transmission and processing. Alternative communications and data transmission systems may not be subject to the same failure modes as the primary systems.
- D. Response: Licensees shall immediately respond to any actual or attempted unauthorized access to the security zones, or actual or attempted theft, sabotage, or diversion of category 1 or category 2 quantities of radioactive material at licensee facilities or temporary job sites. For any unauthorized access involving an actual or attempted theft, sabotage, or diversion of category 1 or category 2 quantities of radioactive material, the licensee's response shall include requesting, without delay, an armed response from the LLEA.

- A. Monitoring and detection:
 - 1. Licensees shall establish and maintain the capability to continuously monitor and detect without delay all unauthorized entries into its security zones. Licensees shall provide the means to maintain continuous monitoring and detection capability in the event of a loss of the primary power source, or provide for an alarm and response in the event of a loss of this capability to continuously monitor and detect unauthorized entries.
 - 2. Monitoring and detection shall be performed by:
 - a. A monitored intrusion detection system that is linked to an onsite or offsite central monitoring facility; or
 - b. Electronic devices for intrusion detection alarms that will alert nearby facility personnel; or
 - c. A monitored video surveillance system; or
 - d. Direct visual surveillance by approved individuals located within the security zone; or
 - e. Direct visual surveillance by a licensee designated individual located outside the security zone.
 - 3. A licensee subject to this Article shall also have a means to detect unauthorized removal of the radioactive material from the security zone. This detection capability shall provide:
 - a. For category 1 quantities of radioactive material, immediate detection of any attempted unauthorized removal of the radioactive material from the security zone. Such immediate detection capability shall be provided by:
 - i. Electronic sensors linked to an alarm; or
 - ii. Continuous monitored video surveillance; or
 - iii. Direct visual surveillance.

The equipment relied on to meet the security requirements of this part shall be inspected and tested for operability and performance at the manufacturer's suggested frequency. If there is no suggested manufacturer's suggested frequency, the testing shall be performed at least annually, not to exceed 12 months.
- B. The licensee shall maintain records on the maintenance and testing activities for 3 years. The record shall include:
 - 1. The date of activity;
 - 2. Type of activity performed;
 - 3. A list of the equipment involved;
 - 4. The results of the activity;
 - 5. The name of the individual that conducted the activity;

- A. Have two independent physical controls that form tangible barriers to secure the material from unauthorized removal when the device is not under direct control and constant surveillance by the licensee; and
- B. For devices in or on a vehicle or trailer, unless the health and safety requirements for a site prohibit the disabling of the vehicle, the licensee shall utilize a method to disable the vehicle or trailer when not under direct control and constant surveillance by the licensee. Licensees shall not rely on the removal of an ignition key to meet this requirement.

The review shall include the radioactive material security program content and implementation. Each licensee shall periodically (at least annually) review the security program content and implementation.
- B. The results of the review, along with any recommendations, shall be documented. Each review report shall identify conditions that are adverse to the proper performance of the security program, the cause of the condition(s), and, when appropriate, recommend corrective actions, and corrective actions taken. The licensee shall review the findings and take any additional corrective actions necessary to preclude repetition of the condition, including reassessment of the deficient areas where indicated.
- C. The licensee shall maintain the review documentation for 3 years.

R9-7-1957. Reporting of Events

- A. The licensee shall immediately notify the LLEA after determining that an unauthorized entry resulted in an actual or attempted theft, sabotage, or diversion of a category 1 or category 2 quantity of radioactive material. As soon as possible

after initiating a response, but not at the expense of causing delay or interfering with the LLEA response to the event, the licensee shall notify the Department. Notification shall be to a live person, a voice mail is not considered adequate notification. In no case shall the notification to the Department be later than 4 hours after the discovery of any attempted or actual theft, sabotage, or diversion.

- B. The licensee shall assess any suspicious activity related to possible theft, sabotage, or diversion of category 1 or category 2 quantities of radioactive material and notify the LLEA as appropriate. As soon as possible but not later than 4 hours after notifying the LLEA, the licensee shall notify the Department.
- C. The initial telephonic notification required by subsection (A) shall be followed within a period of 30 days by a written report submitted to the Department by an appropriate method listed in R9-7-1907. The report shall include sufficient information for Department analysis and evaluation, including identification of any necessary corrective actions to prevent future instances.

R9-7-1971. Additional Requirements for Transfer of Category 1 and Category 2 Quantities of Radioactive Material

A licensee transferring a category 1 or category 2 quantity of radioactive material to a licensee of the Department, the NRC, or an Agreement State shall meet the license verification provisions listed below instead of those listed in sections of this chapter:

1. Any licensee transferring category 1 quantities of radioactive material to a licensee of the Department, the NRC, or an Agreement State, prior to conducting such transfer, shall verify with the Department's license verification system or the license issuing authority that the transferee's license authorizes the receipt of the type, form, and quantity of radioactive material to be transferred and that the licensee is authorized to receive radioactive material at the location requested for delivery. If the verification is conducted by contacting the license issuing authority, the transferor shall document the verification. For transfers within the same organization, the licensee does not need to verify the transfer.
2. Any licensee transferring category 2 quantities of radioactive material to a licensee of the Department, the NRC, or an Agreement State, prior to conducting such transfer, shall verify with the Department's license verification system or the license issuing authority that the transferee's license authorizes the receipt of the type, form, and quantity of radioactive material to be transferred. If the verification is conducted by contacting the license issuing authority, the transferor shall document the verification. For transfers within the same organization, the licensee does not need to verify the transfer.
3. In an emergency where the licensee cannot reach the license issuing authority and the license verification system is nonfunctional, the licensee may accept a written certification by the transferee that it is authorized by license to receive the type, form, and quantity of radioactive material to be transferred. The certification shall include the license number, current revision number, issuing agency, expiration date, and for a category 1 shipment the authorized address. The licensee shall keep a copy of the certification. The certification shall be confirmed by use of the NRC's license verification system or by con-

tacting the license issuing authority by the end of the next business day.

4. The transferor shall keep a copy of the verification documentation as a record for 3 years.

R9-7-1973. Applicability of Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material During Transit

- A. For shipments of category 1 quantities of radioactive material, each shipping licensee shall comply with the requirements for physical protection contained in Sections R9-7-1975(A) and (E); R9-7-1977; R9-7-1979(A)(1), (B)(1), and (C); and R9-7-1981(A), (C), (E), (G) and (H).
- B. For shipments of category 2 quantities of radioactive material, each shipping licensee shall comply with the requirements for physical protection contained in R9-7-1975(B) through (E); R9-7-1979(A)(2), (A)(3), (B)(2), and (C); and R9-7-1981(B), (D), (F), (G), and (H). For those shipments of category 2 quantities of radioactive material that meet the criteria of Article 15 of this Chapter, the shipping licensee shall also comply with the advance notification provisions of R9-7-1508 or R9-7-1512 as appropriate.
- C. The shipping licensee shall be responsible for meeting the requirements of R9-7-1971 through R9-7-1981 unless the receiving licensee has agreed in writing to arrange for the in-transit physical protection required under R9-7-1971 through R9-7-1981.
- D. Each licensee that imports or exports category 1 quantities of radioactive material shall comply with the requirements for physical protection during transit contained in R9-7-1975(A)(2) and (E); R9-7-1977; R9-7-1979(A)(1), (B)(1), and (C); and R9-7-1981(A), (C), (E), (G), and (H) for the domestic portion of the shipment.
- E. Each licensee that imports or exports category 2 quantities of radioactive material shall comply with the requirements for physical protection during transit contained in R9-7-1979(A)(2), (A)(3), and (B)(2); and R9-7-1981(B), (D), (F), (G), and (H) for the domestic portion of the shipment.

- A. Each licensee that plans to transport, or deliver to a carrier for transport, licensed material that is a category 1 quantity of radioactive material outside the confines of the licensee's facility or other place of use or storage shall:
 1. Preplan and coordinate shipment arrival and departure times with the receiving licensee;
 2. Preplan and coordinate shipment information with the governor or the governor's designee of any State through which the shipment will pass to:

CHAPTER 7. RADIATION CONTROL

- a. Discuss the State's intention to provide law enforcement escorts; and
 - b. Identify safe havens; and
- 3. Document the preplanning and coordination activities.
- B.** Each licensee that plans to transport, or deliver to a carrier for transport, licensed material that is a category 2 quantity of radioactive material outside the confines of the licensee's facility or other place of use or storage shall coordinate the shipment no-later-than arrival time and the expected shipment arrival with the receiving licensee. The licensee shall document the coordination activities.
- C.** Each licensee who receives a shipment of a category 2 quantity of radioactive material shall confirm receipt of the shipment with the originator. If the shipment has not arrived by the no-later-than arrival time, the receiving licensee shall notify the originator.
- D.** Each licensee, who transports or plans to transport a shipment of a category 2 quantity of radioactive material, and determines that the shipment will arrive after the no-later-than arrival time provided pursuant to paragraph (B), shall promptly notify the receiving licensee of the new no-later-than arrival time.
- E.** The licensee shall retain a copy of the documentation for preplanning and coordination and any revision thereof, as a record for 3 years.

R9-7-1977. Advance Notification of Shipment of Category 1 Quantities of Radioactive Material

Each licensee shall provide advance notification to the Department and the governor of a State, or the governor's designee, of the shipment of licensed material in a category 1 quantity, through or across the boundary of the State, before the transport, or delivery to a carrier for transport of the licensed material outside the confines of the licensee's facility or other place of use or storage.

- 1. Procedures for submitting advance notification:
 - a. The notification shall be made to the Department and to the office of each appropriate governor or governor's designee. The contact information, including telephone and mailing addresses, of governors and governors' designees and participating Tribes is available on the NRC's website at <https://scp.nrc.gov/special/designee.pdf>. A list of the contact information is also available upon request from the Director, Division of Material Safety, State, Tribal, and Rulemaking Programs, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001. Notifications to the Department shall be to the Department Director or their designee. The notification to the Department may be made by email to ram@azdhs.gov or by fax to (602) 437-0705.
 - b. A notification delivered by mail shall be postmarked at least 7 days before transport of the shipment commences at the shipping facility.
 - c. A notification delivered by any means other than mail shall reach the Department at least 4 days before the transport of the shipment commences and shall reach the office of the governor or the gover-

nor's designee at least 4 days before transport of a shipment within or through the State.

- 2. Information to be furnished in advance notification of shipment: Each advance notification of shipment of category 1 quantities of radioactive material shall contain the following information, if available at the time of notification:
 - a. The name, address, and telephone number of the shipper, carrier, and receiver of the category 1 radioactive material;
 - b. The license numbers of the shipper and receiver;
 - c. A description of the radioactive material contained in the shipment, including the radionuclides and quantity;
 - d. The point of origin of the shipment and the estimated time and date that shipment will commence;
 - e. The estimated time and date that the shipment is expected to enter each State along the route;
 - f. The estimated time and date of arrival of the shipment at the destination; and
 - g. A point of contact, with a telephone number, for current shipment information.
- 3. Revision notice:
 - a. The licensee shall provide any information not previously available at the time of the initial notification, as soon as the information becomes available but not later than commencement of the shipment, to the governor of the State or the governor's designee and to the Department Director at the contact information available in R9-7-1907.
 - b. A licensee shall promptly notify the governor of the state or the governor's designee of any changes to the information provided in accordance with subsections (B) and (C)(1). The licensee shall also immediately notify the Department Director at the contact information available in R9-7-1907 of any such changes.
- 4. Cancellation notice: Each licensee who cancels a shipment for which advance notification has been sent shall send a cancellation notice to the governor of each State or to the governor's designee previously notified and to the Department Director at the contact information available in R9-7-1907. The licensee shall send the cancellation notice before the shipment would have commenced or as soon thereafter as possible. The licensee shall state in the notice that it is a cancellation and identify the advance notification that is being cancelled.
- 5. Records: The licensee shall retain a copy of the advance notification and any revision and cancellation notices as a record for 3 years.
- 6. Protection of information: State officials, State employees, and other individuals, whether or not licensees of the Department, the NRC, or an Agreement State, who receive schedule information of the kind specified in this Section shall protect that information against unauthorized disclosure as specified in R9-7-1943(D) of this Article.

R9-7-1979. Requirements for Physical Protection of Category 1 and Category 2 Quantities of Radioactive Material During Shipment

A. Shipments by road:

1. Each licensee who transports, or delivers to a carrier for transport, in a single shipment, a category 1 quantity of radioactive material shall:
 - a. Ensure that movement control centers are established that maintain position information from a remote location. These control centers shall monitor shipments 24 hours a day, 7 days a week, and have the ability to communicate immediately, in an emergency, with the appropriate law enforcement agencies.
 - b. Ensure that redundant communications are established that allow the transport to contact the escort vehicle (when used) and movement control center at all times. Redundant communications may not be subject to the same interference factors as the primary communication.
 - c. Ensure that shipments are continuously and actively monitored by a telemetric position monitoring system or an alternative tracking system reporting to a movement control center. A movement control center shall provide positive confirmation of the location, status, and control over the shipment. The movement control center shall be prepared to promptly implement preplanned procedures in response to deviations from the authorized route or a notification of actual, attempted, or suspicious activities related to the theft, loss, or diversion of a shipment. These procedures will include, but not be limited to, the identification of and contact information for the appropriate LLEA along the shipment route.
 - d. Provide an individual to accompany the driver for those highway shipments with a driving time period greater than the maximum number of allowable hours of service in a 24-hour duty day as established by the Department of Transportation Federal Motor Carrier Safety Administration. The accompanying individual may be another driver.
 - e. Develop written normal and contingency procedures to address:
 - i. Notifications to the communication center and law enforcement agencies;
 - ii. Communication protocols. Communication protocols shall include a strategy for the use of authentication codes and duress codes and provisions for refueling or other stops, detours, and locations where communication is expected to be temporarily lost;
 - iii. Loss of communications; and
 - iv. Responses to an actual or attempted theft or diversion of a shipment.
 - f. Each licensee who makes arrangements for the shipment of category 1 quantities of radioactive material shall ensure that drivers, accompanying personnel, and movement control center personnel have access to the normal and contingency procedures.
2. Each licensee that transports category 2 quantities of radioactive material shall maintain constant control and/or surveillance during transit and have the capability for

immediate communication to summon appropriate response or assistance.

3. Each licensee who delivers to a carrier for transport, in a single shipment, a category 2 quantity of radioactive material shall:

- a. Use carriers that have established package tracking systems. An established package tracking system is a documented, proven, and reliable system routinely used to transport objects of value. In order for a package tracking system to maintain constant control and/or surveillance, the package tracking system shall allow the shipper or transporter to identify when and where the package was last and when it should arrive at the next point of control.
- b. Use carriers that maintain constant control and/or surveillance during transit and have the capability for immediate communication to summon appropriate response or assistance; and
- c. Use carriers that have established tracking systems that require an authorized signature prior to releasing the package for delivery or return.

B. Shipments by rail:

1. Each licensee who transports, or delivers to a carrier for transport, in a single shipment, a category 1 quantity of radioactive material shall:
 - a. Ensure that rail shipments are monitored by a telemetric position monitoring system or an alternative tracking system reporting to the licensee, third-party, or railroad communications center. The communications center shall provide positive confirmation of the location of the shipment and its status. The communications center shall implement preplanned procedures in response to deviations from the authorized route or to a notification of actual, attempted, or suspicious activities related to the theft or diversion of a shipment. These procedures will include, but not be limited to, the identification of and contact information for the appropriate LLEA along the shipment route.
 - b. Ensure that periodic reports to the communications center are made at preset intervals.
 2. Each licensee who transports, or delivers to a carrier for transport, in a single shipment, a category 2 quantity of radioactive material shall:
 - a. Use carriers that have established package tracking systems. An established package tracking system is a documented, proven, and reliable system routinely used to transport objects of value. In order for a package tracking system to maintain constant control and/or surveillance, the package tracking system shall allow the shipper or transporter to identify when and where the package was last and when it should arrive at the next point of control.
 - b. Use carriers that maintain constant control and/or surveillance during transit and have the capability for immediate communication to summon appropriate response or assistance; and
 - c. Use carriers that have established tracking systems that require an authorized signature prior to releasing the package for delivery or return.
- C. Investigations:** Each licensee who makes arrangements for the shipment of category 1 quantities of radioactive material shall immediately conduct an investigation upon the discovery that a category 1 shipment is lost or missing. Each licensee who makes arrangements for the shipment of category 2 quantities of radioactive material shall immediately conduct an investi-

CHAPTER 7. RADIATION CONTROL

gation, in coordination with the receiving licensee, of any shipment that has not arrived by the designated no-later-than arrival time.

R9-7-1981. Reporting of Events

- A. Within one hour of its determination that a shipment of category 1 quantities of radioactive material is lost or missing, a shipping licensee shall notify the appropriate LLEA and the Department. The Department shall be notified by calling (602) 255-4845 during business hours, or by calling the after-hours emergency Department of Public Safety dispatch line, at (602) 223-2212. The appropriate LLEA is the law enforcement agency in the area of the shipment's last confirmed location. During the investigation required by R9-7-1979(C), the shipping licensee shall provide agreed upon updates to the Department on the status of the investigation.
- B. Within four (4) hours of its determination that a shipment of category 2 quantities of radioactive material is lost or missing, a shipping licensee shall notify the appropriate LLEA and the Department. The Department shall be notified by calling (602) 255-4845 during business hours, or by calling the after-hours emergency Department of Public Safety dispatch line, at (602) 223-2212. If, after 24 hours of its determination that the shipment is lost or missing, the radioactive material has not been located and secured, the licensee shall immediately notify the Department.
- C. The shipping licensee shall notify the designated LLEA along the shipment route as soon as possible upon discovery of any actual or attempted theft or diversion of a shipment or suspicious activities related to the theft or diversion of a shipment of a category 1 quantity of radioactive material. As soon as possible after notifying the LLEA, the licensee shall notify the Department upon discovery of any actual or attempted theft or diversion of a shipment, or any suspicious activity related to the shipment of category 1 radioactive material. The Department shall be notified by calling (602) 255-4845 during business hours, or by calling the after-hours emergency Department of Public Safety dispatch line, at (602) 223-2212.
- D. The shipping licensee shall notify the Department as soon as possible upon discovery of any actual or attempted theft or diversion of a shipment, or any suspicious activity related to the shipment, of a category 2 quantity of radioactive material. The Department shall be notified by calling (602) 255-4845 during business hours, or by calling the after-hours emergency Department of Public Safety dispatch line, at (602) 223-2212.
- E. The shipping licensee shall notify the Department and the LLEA as soon as possible upon recovery of any lost or missing category 1 quantities of radioactive material. The Agency shall be notified by calling (602) 255-4845 during business hours, or by calling the after-hours emergency Department of Public Safety dispatch line, at (602) 223-2212.
- F. The shipping licensee shall notify the Department as soon as possible upon recovery of any lost or missing category 2 quantities of radioactive material. The Department shall be notified by calling (602) 255-4845 during business hours, or by calling the after-hours emergency Department of Public Safety dispatch line, at (602) 223-2212.

- G. The initial telephonic notification required by subsections (A) through (D) shall be followed within a period of 30 days by a written report submitted to the Department by an appropriate method listed in R9-7-1907. A written report is not required for notifications on suspicious activities required by subsections (C) and (D). The report shall set forth the following information:

1. A description of the licensed material involved, including kind, quantity, and chemical and physical form;
2. A description of the circumstances under which the loss or theft occurred;
3. A statement of disposition, or probable disposition, of the licensed material involved;
4. Actions that have been taken, or will be taken, to recover the material; and
5. Procedures or measures that have been, or will be, adopted to ensure against a recurrence of the loss or theft of licensed material.

- H. Subsequent to filing the written report, the licensee shall also report any additional substantive information on the loss or theft within 30 days after the licensee learns of such information.

Section R9-7-19106 reserved when the Chapter was recodified from 12 A.A.C. 1 (Supp. 18-1).

R9-7-19107. Violations

- A. The Department may obtain an injunction or other court order to prevent a violation of the provisions of:
1. A.R.S. § 30-685, as amended;
 2. A.A.C. Title 9, Chapter 7; or
 3. A rule or order issued by the Department pursuant to Statute or the rules under A.A.C. Title 9, Chapter 7.
- B. The Department may obtain a court order for the payment of a civil penalty imposed under A.R.S. § 30-687, as amended:

CHAPTER 7. RADIATION CONTROL

1. For violations of:
 - a. The rules in A.A.C. Title 9, Chapter 7, as amended;
 - b. Nonpayment of fees listed in A.A.C. Title 9, Chapter 7, Article 13;
 - c. Any rule, or order issued pursuant to the sections specified in subsection (B)(1)(a);
 - d. Any term, condition, or limitation of any license issued under the sections specified in subsection (B)(1)(a).
2. For any violation for which a license may be revoked.

Note: Calculations Concerning Multiple Sources or Multiple Radionuclides

The “sum of fractions” methodology for evaluating combinations of multiple sources or multiple radionuclides is to be used in determining whether a location meets or exceeds the threshold and is thus subject to the requirements of this part.

1. If multiple sources of the same radionuclide and/or multiple radionuclides are aggregated at a location, the sum of the ratios of the total activity of each of the radionuclides shall be determined to verify whether the activity at the location is less than the category 1 or category 2 thresholds of Table 1, as appropriate. If the calculated sum of the ratios, using the equation below, is greater than or equal to 1.0, then the applicable requirements of this part apply.
2. First determine the total activity for each radionuclide from Table 1. This is done by roadding the activity of each individual source, material in any device, and any loose or bulk material that contains the radionuclide. Then use the equation below to calculate the sum of the ratios by inserting the total activity of the applicable radionuclides from Table 1 in the numerator of the equation and the corresponding threshold activity from Table 1 in the denominator of the equation.

Calculations shall be performed in metric values (i.e., TBq) and the numerator and denominator values shall be in the same units.

R1 = total activity for radionuclide 1
 R2 = total activity for radionuclide 2
 RN = total activity for radionuclide n
 AR1 = activity threshold for radionuclide 1
 AR2 = activity threshold for radionuclide 2
 ARN = activity threshold for radionuclide n

$$\sum_{i=1}^n \left[\frac{R1}{AR1} + \frac{R2}{AR2} + \frac{RN}{ARN} \right] \geq 1.0$$

The release of this Chapter in Supp. 19-4 replaces Supp. 19-3, 1-297 pages

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 9. HEALTH SERVICES

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

Editor's Note: The heading for 9 A.A.C. 10 changed from "Licensure" to "Licensing" per a request from the Department of Health Services (Supp. 03-4).

Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).

Editor's Note: This Chapter contains rules which were adopted, amended, and repealed under exemptions from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Laws 1993, Ch. 163, § 3(B); Laws 1996, Ch. 329, § 5; Laws 1998, Ch. 178 § 17, and Laws 1999, Ch. 311. Exemption from A.R.S. Title 41, Chapter 6 means that the Department of Health Services did not submit these rules to the Governor's Regulatory Review Council for review; the Department may not have submitted notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Department was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

R9-10-107. Submission of Health Care Institution Licensing Fees

- A. An applicant for a health care institution license shall submit the applicable licensing fees in R9-10-106 to the Department:
1. Within 60 calendar days after the date of the written notice of approval in R9-10-108(C)(3); or
 2. Within 90 calendar days after the date of the written notice of approval in R9-10-108(C)(3), with the payment of an additional late payment fee of \$250.
- B. The Department shall notify a licensee of the due date of the facility's health care institution licensing fees no later than 90 calendar days before the date the facility's health care institution licensing fee is due to the Department.
- C. Except as specified in subsection (E), a licensee shall submit to the Department, no earlier than 60 calendar days before the anniversary date of the facility's health care institution license:
1. The following information in a Department-provided format:
 - a. The licensee's name, and
 - b. The facility's name and license number;
 2. Verification of the information in the Department's current records for the health care institution;
 3. If applicable, information or documentation required in another Article of this Chapter, specific to the health care institution, to be submitted with the relevant fees required in R9-10-106; and
 4. The applicable annual licensing fees in R9-10-106.
- D. If any information in the Department's current records for a health care institution is incorrect, before a licensee submits annual licensing fees according to subsection (C), the licensee shall comply with the applicable requirements in R9-10-109 or R9-10-110 to update the Department's records for the health care institution.
- E. A licensee may submit to the Department the information in subsection (C)(1), verification in subsection (C)(2), applicable information or documentation in subsection (C)(3), and applicable annual licensing fees in R9-10-106:
1. Within 30 calendar days after the anniversary date of the facility's health care institution license, with the payment of the additional late payment fee in R9-10-106(F); or
 2. If an alternate licensing fee due date has been established for the licensee according to subsections (F) and (G):
 - a. By the anniversary date of the facility's health care institution license, with the appropriate fee amount to prorate the annual licensing fees in R9-10-106 for a facility to the alternate licensing fee due date;
 - b. By the alternate licensing fee due date;
 - c. If a new alternate licensing fee due date has been established, by the current alternate licensing fee

due date, with the appropriate fee amount to prorate the annual licensing fees in R9-10-106 for a facility to the new alternate licensing fee due date; or

- d. Within 30 calendar days after the alternate licensing fee due date, with the payment of the additional late payment fee in R9-10-106(F).
- F. Except as specified in subsection (H), a licensee may request a licensing fee due date for a facility that is different from the anniversary date of a facility's health care institution license by submitting an application for an alternate licensing fee due date to the Department, at least 30 calendar days before the anniversary date of the facility's health care institution license, that includes the following information in a Department-provided format:
1. The licensee's name and e-mail address,
 2. The facility's name and license number,
 3. The current licensing fee due date,
 4. The proposed alternate licensing fee due date,
 5. The reason the licensee is requesting an alternate licensing fee due date, and
 6. The name of the health care institution's administrator's or individual representing the health care institution as designated in A.R.S. § 36-422 and the dated signature of the administrator or individual.
- G. The Department shall review a request made according to subsection (F) according to R9-10-108.
- H. A licensee may not request an alternate licensing fee due date according to subsection (F):
1. More frequently than once in each three-year period, or
 2. For a facility for which the payment of licensing fees is not up-to-date.

Historical Note

New Section made by final rulemaking at 8 A.A.R. 3559, effective August 1, 2002 (Supp. 02-3). Amended by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Section repealed; new Section made by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3).

R9-10-108. Time-frames

- A. The overall time-frame for each type of approval granted by the Department is listed in Table 1.1. The applicant and the Department may agree in writing to extend the substantive review time-frame and the overall time-frame. The substantive review time-frame and the overall time-frame may not be extended by more than 25% of the overall time-frame.
- B. The administrative completeness review time-frame for each type of approval granted by the Department as prescribed in this Article is listed in Table 1.1. The administrative completeness review time-frame begins on the date the Department receives an application packet or a written request for an alternate licensing fee due date.
1. The application packet for a health care institution license is not complete until the applicant provides the Department with written notice that the health care institution is ready for a licensing inspection by the Department.
 2. If the application packet or written request is incomplete, the Department shall provide a written notice to the applicant specifying the missing document or incomplete information. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice until the date the Department receives the missing document or information from the applicant.

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

3. When an application packet or written request is complete, the Department shall provide a written notice of administrative completeness to the applicant.
 4. For an application packet for review of architectural plans and specifications, a health care institution license application packet, an application packet for a modification not requiring review of architectural plans and specifications, or a written request for an alternate licensing fee due date, the Department shall consider the application or written request withdrawn if the applicant fails to supply the missing documents or information included in the notice described in subsection (B)(2) within 60 calendar days after the date of the notice described in subsection (B)(2).
 5. If the Department issues a license or grants an approval during the time provided to assess administrative completeness, the Department shall not issue a separate written notice of administrative completeness.
- C. The substantive review time-frame is listed in Table 1.1 and begins on the date of the notice of administrative completeness.
1. The Department may conduct an onsite inspection of the facility:
 - a. As part of the substantive review for approval of architectural plans and specifications;
 - b. As part of the substantive review for issuing a health care institution license; or
 - c. As part of the substantive review for approving a modification of a health care institution's license.
 2. During the substantive review time-frame, the Department may make one comprehensive written request for additional information or documentation. If the Department and the applicant agree in writing, the Department may make supplemental requests for additional information or documentation. The time-frame for the Department to complete the substantive review is suspended from the date of a written request for additional information or documentation until the Department receives the additional information or documentation.
 3. The Department shall send a written notice of approval to an applicant that is in substantial compliance with applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter.
 4. After an applicant for a health care institution license receives the written notice of approval in subsection (C)(3), the applicant shall submit the applicable health care institution license fee in R9-10-106 according to R9-10-107(A).
 5. After receiving the applicable health care institution licensing fee from an applicant according to subsection (C)(4) and R9-10-107(A), the Department shall send a health care institution license to the applicant.
 6. The Department shall provide a written notice of denial that complies with A.R.S. § 41-1076 to an applicant who does not:
 - a. For a health care institution license application or a request for approval of a modification of a health care institution requiring architectural plans and specifications, submit the information or documentation in subsection (C)(2) within 120 calendar days after the Department's written request to the applicant;
 - b. For a request for approval of a modification of a health care institution not requiring architectural plans and specifications or a written request for an alternate licensing fee due date, submit the information or documentation in subsection (C)(2) within 30 calendar days after the Department's written request to the applicant;
 - c. Comply with the applicable requirements in A.R.S. Title 36, Chapter 4 and this Chapter; or
 - d. If applicable, submit a fee required in R9-10-106 or R9-10-107.
 7. An applicant may file a written notice of appeal with the Department within 30 calendar days after receiving the notice described in subsection (C)(6). The appeal shall be conducted according to A.R.S. Title 41, Chapter 6, Article 10.
 8. If a time-frame's last day falls on a Saturday, a Sunday, or an official state holiday, the Department shall consider the next working day to be the time-frame's last day.

 2. Assess a civil penalty under A.R.S. § 36-431.01,
 3. Impose an intermediate sanction under A.R.S. § 36-427,
 4. Remove a licensee and appoint another person to continue operation of the health care institution pending further action under A.R.S. § 36-429,
 5. Suspend or revoke a license under A.R.S. § 36-427 and R9-10-112,
 6. Deny a license under A.R.S. § 36-425 and R9-10-112, or
 7. Issue an injunction under A.R.S. § 36-430.
- B.** In determining which action in subsection (A) is appropriate, the Department shall consider the direct risk to the life, health, or safety of a patient in the health care institution based on:
1. Repeated violations of statutes or rules,
 2. Pattern of violations,
 3. Types of violation,
 4. Severity of violation, and

5. Number of violations.

Historical Note

R9-10-113. Tuberculosis Screening

- A.** A health care institution's chief administrative officer shall ensure that the health care institution complies with one of the following if tuberculosis screening is required by this Chapter at the health care institution:
1. Screens for infectious tuberculosis according to subsection (B); or

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

2. Establishes, documents, and implements a tuberculosis infection control program that complies with the Guidelines for Preventing the Transmission of *Mycobacterium tuberculosis* in Health-care Settings, 2005, published by the U.S. Department of Health and Human Services, Atlanta, GA 30333 and available at <http://www.cdc.gov/mmwr/PDF/RR/rr5417.pdf>, incorporated by reference, on file with the Department, and including no future editions or amendments and includes:
 - a. Conducting tuberculosis risk assessments, conducting tuberculosis screening testing, screening for signs or symptoms of tuberculosis, and providing training and education related to recognizing the signs and symptoms of tuberculosis; and
 - b. Maintaining documentation of any:
 - i. Tuberculosis risk assessment;
 - ii. Tuberculosis screening test of an individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution; and
 - iii. Screening for signs or symptoms of tuberculosis of an individual who is employed by the health care institution, provides volunteer services for the health care institution, or is admitted to the health care institution.
- B. For each individual required to be screened for infectious tuberculosis, a health care institution's chief administrative officer shall obtain from the individual:
 1. On or before the date specified in the applicable Section of this Chapter, one of the following as evidence of freedom from infectious tuberculosis:
 - a. Documentation of a negative Mantoux skin test or other tuberculosis screening test recommended by the U.S. Centers for Disease Control and Prevention (CDC) administered within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution that includes the date and the type of tuberculosis screening test; or
 - b. If the individual had a positive Mantoux skin test or other tuberculosis screening test, a written statement that the individual is free from infectious tuberculosis signed by a medical practitioner dated within 12 months before the date the individual begins providing services at or on behalf of the health care institution or is admitted to the health care institution; and
 2. Every 12 months after the date of the individual's most recent tuberculosis screening test or written statement, one of the following as evidence of freedom from infectious tuberculosis:
 - a. Documentation of a negative Mantoux skin test or other tuberculosis screening test recommended by the CDC administered to the individual within 30 calendar days before or after the anniversary date of the most recent tuberculosis screening test or written statement that includes the date and the type of tuberculosis screening test; or
 - b. If the individual has had a positive Mantoux skin test or other tuberculosis screening test, a written statement that the individual is free from infectious tuberculosis signed by a medical practitioner dated within 30 calendar days before or after the anniversary date of the most recent tuberculosis screening test or written statement.

R9-10-114. Clinical Practice Restrictions for Hemodialysis Technician Trainees

- A. The following definitions apply in this Section:
 1. "Assess" means collecting data about a patient by:
 - a. Obtaining a history of the patient,
 - b. Listening to the patient's heart and lungs, and
 - c. Checking the patient for edema.
 2. "Blood-flow rate" means the quantity of blood pumped into a dialyzer per minute of hemodialysis.
 3. "Blood lines" means the tubing used during hemodialysis to carry blood between a vascular access and a dialyzer.
 4. "Central line catheter" means a type of vascular access created by surgically implanting a tube into a large vein.
 5. "Clinical practice restriction" means a limitation on the hemodialysis tasks that may be performed by a hemodialysis technician trainee.
 6. "Conductivity test" means a determination of the electrolytes in a dialysate.
 7. "Dialysate" means a mixture of water and chemicals used in hemodialysis to remove wastes and excess fluid from a patient's body.
 8. "Dialysate-flow rate" means the quantity of dialysate pumped per minute of hemodialysis.
 9. "Directly observing" or "direct observation" means a medical person stands next to an inexperienced hemodialysis technician trainee and watches the inexperienced hemodialysis technician trainee perform a hemodialysis task.
 10. "Direct supervision" has the same meaning as "supervision" in A.R.S. § 36-401.
 11. "Electrolytes" means chemical compounds that break apart into electrically charged particles, such as sodium, potassium, or calcium, when dissolved in water.
 12. "Experienced hemodialysis technician trainee" means an individual who has passed all didactic, skills, and competency examinations provided by a health care institution that measure the individual's knowledge and ability to perform hemodialysis.
 13. "Fistula" means a type of vascular access created by a surgical connection between an artery and vein.
 14. "Fluid-removal rate" means the quantity of wastes and excess fluid eliminated from a patient's blood per minute of hemodialysis to achieve the patient's prescribed weight, determined by:
 - a. Dialyzer size,
 - b. Blood-flow rate,
 - c. Dialysate-flow rate, and
 - d. Hemodialysis duration.
 15. "Germicide-negative test" means a determination that a chemical used to kill microorganisms is not present.
 16. "Germicide-positive test" means a determination that a chemical used to kill microorganisms is present.

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

17. "Graft" means a vascular access created by a surgical connection between an artery and vein using a synthetic tube.
 18. "Hemodialysis machine" means a mechanical pump that controls:
 - a. The blood-flow rate,
 - b. The mixing and temperature of dialysate,
 - c. The dialysate-flow rate,
 - d. The addition of anticoagulant, and
 - e. The fluid-removal rate.
 19. "Hemodialysis technician" has the same meaning as in A.R.S. § 36-423(A).
 20. "Hemodialysis technician trainee" means an individual who is working in a health care institution to assist in providing hemodialysis and who is not certified as a hemodialysis technician according to A.R.S. § 36-423(A).
 21. "Inexperienced hemodialysis technician trainee" means an individual who has not passed all didactic, skills, and competency examinations provided by a health care institution that measure the individual's knowledge and ability to perform hemodialysis.
 22. "Medical person" means:
 - a. A physician who is experienced in dialysis;
 - b. A registered nurse practitioner who is experienced in dialysis;
 - c. A nurse who is experienced in dialysis;
 - d. A hemodialysis technician who meets the requirements in A.R.S. § 36-423(A) approved by the governing authority; and
 - e. An experienced hemodialysis technician trainee approved by the governing authority.
 23. "Not established" means not approved by a patient's nephrologist for use in hemodialysis.
 24. "Patient" means an individual who receives hemodialysis.
 25. "pH test" means a determination of the acidity of a dialysate.
 26. "Preceptor course" means a health care institution's instruction and evaluation provided to a nurse, hemodialysis technician, or hemodialysis technician trainee that enables the nurse, hemodialysis technician, or hemodialysis technician trainee to provide direct observation and education to hemodialysis technician trainees.
 27. "Respond" means to mute, shut off, reset, or troubleshoot an alarm.
 28. "Safety check" means successful completion of tests recommended by the manufacturer of a hemodialysis machine, a dialyzer, or a water system used for hemodialysis before initiating a patient's hemodialysis.
 29. "Water-contaminant test" means a determination of the presence of chlorine or chloramine in a water system used for hemodialysis.
- B.** An experienced hemodialysis technician trainee may:
1. Perform hemodialysis under direct supervision, and
 2. Provide direct observation to another hemodialysis technician trainee only after completing the health care institution's preceptor course approved by the governing authority.
- C.** An experienced hemodialysis technician trainee shall not access a patient's:
1. Fistula that is not established, or
 2. Graft that is not established.
- D.** An inexperienced hemodialysis technician trainee may perform the following hemodialysis tasks only under direct observation:
1. Access a patient's central line catheter;
 2. Respond to a hemodialysis-machine alarm;
 3. Draw blood for laboratory tests;
 4. Perform a water-contaminant test on a water system used for hemodialysis;
 5. Inspect a dialyzer and perform a germicide-positive test before priming a dialyzer;
 6. Set up a hemodialysis machine and blood lines before priming a dialyzer;
 7. Prime a dialyzer;
 8. Test a hemodialysis machine for germicide presence;
 9. Perform a hemodialysis machine safety check;
 10. Prepare a dialysate;
 11. Perform a conductivity test and a pH test on a dialysate;
 12. Assess a patient;
 13. Check and record a patient's vital signs, weight, and temperature;
 14. Determine the amount and rate of fluid removal from a patient;
 15. Administer local anesthetic at an established fistula or graft, administer anticoagulant, or administer replacement saline solution;
 16. Perform a germicide-negative test on a dialyzer before initiating hemodialysis;
 17. Initiate or discontinue a patient's hemodialysis;
 18. Adjust blood-flow rate, dialysate-flow rate, or fluid-removal rate during hemodialysis; or
 19. Prepare a blood, water, or dialysate culture to determine microorganism presence.
- E.** An inexperienced hemodialysis technician trainee shall not:
1. Access a patient's:
 - a. Fistula that is not established, or
 - b. Graft that is not established; or
 2. Provide direct observation.
- F.** When a hemodialysis technician trainee performs hemodialysis tasks for a patient, the patient's medical record shall include:
1. The name of the hemodialysis technician trainee;
 2. The date, time, and hemodialysis task performed;
 3. The name of the medical person directly observing or the nurse or physician directly supervising the hemodialysis technician trainee; and
 4. The initials or signature of the medical person directly observing or the nurse or physician directly supervising the hemodialysis technician trainee.
- G.** If the Department determines that a health care institution is not in substantial compliance with this Section, the Department may take enforcement action according to R9-10-111.

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

(Supp. 19-3).

R9-10-115. Behavioral Health Paraprofessionals; Behavioral Health Technicians

If a health care institution is a behavioral health facility or is authorized by the Department to provide behavioral health services, an administrator shall ensure that:

1. Policies and procedures are established, documented, and implemented that:
 - a. Delineate the services a behavioral health paraprofessional is allowed to provide at or for the health care institution;
 - b. Cover supervision of a behavioral health paraprofessional, including documentation of supervision;
 - c. Establish the qualifications for a behavioral health professional providing supervision to a behavioral health paraprofessional;
 - d. Delineate the services a behavioral health technician is allowed to provide at or for the health care institution;
 - e. Cover clinical oversight for a behavioral health technician, including documentation of clinical oversight;
 - f. Establish the qualifications for a behavioral health professional providing clinical oversight to a behavioral health technician;
 - g. Delineate the methods used to provide clinical oversight, including when clinical oversight is provided on an individual basis or in a group setting; and
 - h. Establish the process by which information pertaining to services provided by a behavioral health technician is provided to the behavioral health professional who is responsible for the clinical oversight of the behavioral health technician;
2. A behavioral health paraprofessional receives supervision according to policies and procedures;
3. Clinical oversight is provided to a behavioral health technician to ensure that patient needs are met based on, for each behavioral health technician:
 - a. The scope and extent of the services provided,
 - b. The acuity of the patients receiving services, and
 - c. The number of patients receiving services;
4. A behavioral health technician receives clinical oversight at least once during each two week period, if the behavioral health technician provides services related to patient care at the health care institution during the two week period;
5. When clinical oversight is provided electronically:
 - a. The clinical oversight is provided verbally with direct and immediate interaction between the behavioral health professional providing and the behavioral health technician receiving the clinical oversight,
 - b. A secure connection is used, and
 - c. The identities of the behavioral health professional providing and the behavioral health technician receiving the clinical oversight are verified before clinical oversight is provided; and
6. A behavioral health professional provides supervision to a behavioral health paraprofessional or clinical oversight to behavioral health technician within the behavioral health professional's scope of practice established in the applicable licensing requirements under A.R.S. Title 32.

R9-10-116. Nutrition and Feeding Assistant Training Programs

- A. For the purposes of this Section, "agency" means an entity other than a nursing care institution that provides the nutrition and feeding assistant training required in A.R.S. § 36-413.
- B. An agency shall apply for approval to operate a nutrition and feeding assistant training program by submitting:
 1. An application in a Department-provided format that contains:
 - a. The name of the agency;
 - b. The name, telephone number, and e-mail address of the individual in charge of the proposed nutrition and feeding assistant training program;
 - c. The address where the nutrition and feeding assistant training program records are maintained;
 - d. A description of the training course being offered by the nutrition and feeding assistant training program including for each topic in subsection (I):
 - i. The information presented for each topic,
 - ii. The amount of time allotted to each topic,
 - iii. The skills an individual is expected to acquire for each topic, and
 - iv. The testing method used to verify an individual has acquired the stated skills for each topic;
 - e. Whether the agency agrees to allow the Department to submit supplemental requests for information as specified in subsection (F)(2); and
 - f. The signature of the individual in charge of the proposed nutrition and feeding assistant training program and the date signed; and
 2. A copy of the materials used for providing the nutrition and feeding assistant training program.
- C. For an application for an approval of a nutrition and feeding assistant training program, the administrative review time-frame is 30 calendar days, the substantive review time-frame is 30 calendar days, and the overall time-frame is 60 calendar days.
- D. Within 30 calendar days after the receipt of an application in subsection (B), the Department shall:
 1. Issue an approval of the agency's nutrition and feeding assistant training program;
 2. Provide a notice of administrative completeness to the agency that submitted the application; or
 3. Provide a notice of deficiencies to the agency that submitted the application, including a list of the information or documents needed to complete the application.
- E. If the Department provides a notice of deficiencies to an agency:
 1. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice of deficiencies until the date the Department receives the missing information or documents from the agency;
 2. If the agency does not submit the missing information or documents to the Department within 30 calendar days, the Department shall consider the application withdrawn; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

3. If the agency submits the missing information or documents to the Department within 30 calendar days, the substantive review time-frame begins on the date the Department receives the missing information or documents.
- F.** Within the substantive review time-frame, the Department:
 1. Shall issue or deny an approval of a nutrition and feeding assistant training program; and
 2. May make one written comprehensive request for more information, unless the Department and the agency agree in writing to allow the Department to submit supplemental requests for information.
- G.** If the Department issues a written comprehensive request or a supplemental request for information:
 1. The substantive review time-frame and the overall time-frame are suspended from the date of the written comprehensive request or the supplemental request for information until the date the Department receives the information requested, and
 2. The agency shall submit to the Department the information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.
- H.** The Department shall issue:
 1. An approval for an agency to operate a nutrition and feeding assistant training program if the Department determines that the agency and the application comply with A.R.S. § 36-413 and this Section; or
 2. A denial for an agency that includes the reason for the denial and the process for appeal of the Department's decision if:
 - a. The Department determines that the agency does not comply with A.R.S. § 36-413 and this Section; or
 - b. The agency does not submit information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.
- I.** An individual in charge of a nutrition and feeding assistant training program shall ensure that:
 1. The materials and coursework for the nutrition and feeding assistant training program demonstrate the inclusion of the following topics:
 - a. Feeding techniques;
 - b. Assistance with feeding and hydration;
 - c. Communication and interpersonal skills;
 - d. Appropriate responses to resident behavior;
 - e. Safety and emergency procedures, including the Heimlich maneuver;
 - f. Infection control;
 - g. Resident rights;
 - h. Recognizing a change in a resident that is inconsistent with the resident's normal behavior; and
 - i. Reporting a change in subsection (I)(1)(h) to a nurse at a nursing care institution;
 2. An individual providing the training course is:
 - a. A physician,
 - b. A physician assistant,
 - c. A registered nurse practitioner,
 - d. A registered nurse,
 - e. A registered dietitian,
 - f. A licensed practical nurse,
 - g. A speech-language pathologist, or
 - h. An occupational therapist; and
3. An individual taking the training course completes:
 - a. At least eight hours of classroom time, and
 - b. Demonstrates that the individual has acquired the skills the individual was expected to acquire.
- J.** An individual in charge of a nutrition and feeding assistant training program shall issue a certificate of completion to an individual who completes the training course and demonstrates the skills the individual was expected to acquire as a result of completing the training course that contains:
 1. The name of the agency approved to operate the nutrition and feeding assistant training program;
 2. The name of the individual completing the training course;
 3. The date of completion;
 4. The name, signature, and professional license of the individual providing the training course; and
 5. The name and signature of the individual in charge of the nutrition and feeding assistant training program.
- K.** The Department may deny, revoke, or suspend an approval to operate a nutrition and feeding assistant training program if an agency operating or applying to operate a nutrition and feeding assistance training program:
 1. Provides false or misleading information to the Department;
 2. Does not comply with the applicable statutes and rules;
 3. Issues a training completion certificate to an individual who did not:
 - a. Complete the nutrition and feeding assistant training program, or
 - b. Demonstrate the skills the individual was expected to acquire; or
 4. Does not implement the nutrition and feeding assistant training program as described in or use the materials submitted with the agency's application.
- L.** In determining which action in subsection (K) is appropriate, the Department shall consider the following:
 1. Repeated violations of statutes or rules,
 2. Pattern of non-compliance,
 3. Types of violations,
 4. Severity of violations, and
 5. Number of violations.

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

Ch. 233, § 5; effective January 1, 2015 (Supp. 14-4).

R9-10-118. Collaborating Health Care Institution

A. An administrator of a collaborating health care institution shall ensure that:

1. A list is maintained of adult behavioral health therapeutic homes and behavioral health respite homes for which the collaborating health care institution serves as a collaborating health care institution;
2. For each adult behavioral health therapeutic home or behavioral health respite home in subsection (A)(1), the collaborating health care institution maintains the following information:
 - a. A copy of the documented agreement that establishes the responsibilities of the adult behavioral health therapeutic home or behavioral health respite home and the collaborating health care institution consistent with the requirements in this Chapter;
 - b. For the adult behavioral health therapeutic home or behavioral health respite home, the following information:
 - i. Provider's name;
 - ii. Street address;
 - iii. License number;
 - iv. Whether the residence is an adult behavioral health therapeutic home or a behavioral health respite home;
 - v. If the residence is a behavioral health respite home, whether the behavioral health respite home provides respite care services to:
 - (1) Individuals 18 years of age or older, or
 - (2) Individuals less than 18 years of age;
 - vi. The beginning and ending dates of the documented agreement in subsection (A)(2)(a); and
 - vii. The name and contact information for the individual assigned by the collaborating health care institution to monitor the adult behavioral health therapeutic home or behavioral health respite home;
 - c. For the adult behavioral health therapeutic home or behavioral health respite home, a copy of the following that have been approved by the collaborating health care institution:
 - i. Scope of services,
 - ii. Policies and procedures, and
 - iii. Documentation of the review and update of policies and procedures;
 - d. A description of the required skills and knowledge for a provider, based on the scope of services of the adult behavioral health therapeutic home or behavioral health respite home, as established by the collaborating health care institution; and
 - e. For a provider in the adult behavioral health therapeutic home or behavioral health respite home, documentation of:
 - i. The provider's skills and knowledge;
 - ii. If applicable, the provider's completion of training in assistance in the self-administration of medication;
 - iii. Verification of the provider's skills and knowledge; and
 - iv. If the provider is required to have clinical oversight according to R9-10-1805(C), the provider's receiving clinical oversight;
3. A provider's skills and knowledge are verified by a personnel member according to policies and procedures;

4. A provider who provides behavioral health services receives clinical oversight, required in R9-10-1805(C), from a behavioral health professional; and

5. A provider, other than a provider who is a medical practitioner or nurse, receives training in assistance in the self-administration of medication:

- a. From a medical practitioner or registered nurse or from a personnel member of the collaborating health care institution trained by a medical practitioner or registered nurse;
- b. That includes:
 - i. A demonstration of the provider's skills and knowledge necessary to provide assistance in the self-administration of medication,
 - ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
 - iii. The process for notifying the appropriate entities when an emergency medical intervention is needed; and
- c. That is documented.

B. For a patient referred to an adult behavioral health therapeutic home or a behavioral health respite home, an administrator shall ensure that:

1. A resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home does not present a threat to the referred patient, based on the resident's or recipient's developmental levels, social skills, verbal skills, and personal history;
2. The referred patient does not present a threat to a resident or recipient accepted by and receiving services from the adult behavioral health therapeutic home or behavioral health respite home based the referred patient's developmental levels, social skills, verbal skills, and personal history;
3. The referred patient requires services within the adult behavioral health therapeutic home's or behavioral health respite home's scope of services;
4. A provider of the adult behavioral health therapeutic home or behavioral health respite home has the verified skills and knowledge to provide behavioral health services to the referred patient;
5. A treatment plan for the referred patient, which includes information necessary for a provider to meet the referred patient's needs for behavioral health services, is completed and forwarded to the provider before the referred patient is accepted as a resident or recipient;
6. A patient's treatment plan is reviewed and updated at least once every twelve months, and a copy of the patient's updated treatment plan is forwarded to the patient's provider;
7. If documentation of a significant change in a patient's behavioral, physical, cognitive, or functional condition and the action taken by a provider to address patient's changing needs is received by the collaborating health care institution, a behavioral health professional or behavioral health technician reviews the documentation and:
 - a. Documents the review; and
 - b. If applicable:
 - i. Updates the patient's treatment plan, and
 - ii. Forwards the updated treatment plan to the provider within 10 working days after receipt of the documentation of a significant change;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

8. If the review and updated treatment plan required in subsection (B)(7) is performed by a behavioral health technician, a behavioral health professional reviews and signs the review and updated treatment plan to ensure the patient is receiving the appropriate behavioral health services; and
9. In addition to the requirements for a medical record for a patient in this Chapter, a referred patient's medical record contains:
 - a. The provider's name and the street address and license number of the adult behavioral health therapeutic home or behavioral health respite home to which the patient is referred,
 - b. A copy of the treatment plan provided to the adult behavioral health therapeutic home or behavioral health respite home,
 - c. Documentation received according to and required by subsection (B)(7),
 - d. Any information about the patient received from the adult behavioral health therapeutic home or behavioral health respite home, and
 - e. Any follow-up actions taken by the collaborating health care institution related to the patient.
- C. For a patient referred to an adult behavioral health therapeutic home, an administrator shall ensure that the collaborating health care institution has documentation in the patient's medical record of evidence of freedom from infectious tuberculosis that meets the requirements in R9-10-113.
- C. For purposes of this Section, the following definition applies: "Fetal tissue" means cells, or groups of cells with a specific function, obtained from an aborted human embryo or fetus.

R9-10-120. Opioid Prescribing and Treatment

- A. This Section does not apply to a health care institution licensed under Article 20 of this Chapter.
- B. In addition to the definitions in A.R.S. § 36-401(A) and R9-10-101, the following definitions apply in this Section:
 1. "Episode of care" means medical services, nursing services, or health-related services provided by a health care institution to a patient for a specific period of time, ending in discharge or the completion of the patient's treatment plan, whichever is later.
 2. "Order" means to issue written, verbal, or electronic instructions for a specific dose of a specific medication in a specific quantity and route of administration to be obtained and administered to a patient in a health care institution.
- C. An administrator of a health care institution where opioids are prescribed or ordered as part of treatment shall:
 1. Establish, document, and implement policies and procedures for prescribing or ordering an opioid as part of treatment, to protect the health and safety of a patient, that:
 - a. Cover which personnel members may prescribe or order an opioid in treating a patient and the required knowledge and qualifications of these personnel members;
 - b. As applicable and except when contrary to medical judgment for a patient, are consistent with the Arizona Opioid Prescribing Guidelines or national opioid-prescribing guidelines, such as guidelines developed by the:
 - i. Centers for Disease Control and Prevention, or
 - ii. U.S. Department of Veterans Affairs and the U.S. Department of Defense;
 - c. Include how, when, and by whom:
 - i. A patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database is reviewed;
 - ii. An assessment is conducted of a patient's substance use risk;
 - iii. The potential risks, adverse outcomes, and complications, including death, associated with the use of opioids are explained to a patient or the patient's representative;
 - iv. Alternatives to a prescribed or ordered opioid are explained to a patient or the patient's representative;
 - v. Informed consent is obtained from a patient or the patient's representative and, if applicable, in what situations, described in subsection (G) or (H), informed consent would not be obtained

Historical Note

New Section R9-10-118 renumbered from R9-10-117 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3).

R9-10-119. Abortion Reporting

- A. A licensed health care institution where abortions are performed shall submit to the Department, in a Department-provided format and according to A.R.S. § 36-2161(D) and (E), a report that contains the information required in A.R.S. § 36-2161(A) and the following:
 1. The final disposition of the fetal tissue from the abortion; and
 2. Except as provided in subsection (B), if custody of the fetal tissue is transferred to another person or persons:
 - a. The name and address of the person or persons accepting custody of the fetal tissue,
 - b. The amount of any compensation received by the licensed health care institution for the transferred fetal tissue, and
 - c. Whether a patient provided informed consent for the transfer of custody of the fetal tissue.
- B. A licensed health care institution where abortions are performed is not required to include the information specified in subsections (A)(2)(a) through (c) in the report required in subsection (A) if the licensed health care institution where abortions are performed:
 1. Transfers custody of the fetal tissue:
 - a. To a funeral establishment, as defined in A.R.S. § 32-1301;
 - b. To a crematory, as defined in A.R.S. § 32-1301; or
 - c. According to requirements in A.A.C. R18-13-1406, A.A.C. R18-13-1407, and A.A.C. R18-13-1408; or
 2. Complies with requirements in A.A.C. R18-13-1405.

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- before an opioid is prescribed or ordered for a patient;
- vi. A patient receiving an opioid is monitored; and
- vii. The actions taken according to subsections (C)(1)(c)(i) through (vi) are documented;
- d. Address conditions that may impose a higher risk to a patient when prescribing or ordering an opioid as part of treatment, including:
 - i. Concurrent use of a benzodiazepine or other sedative-hypnotic medication,
 - ii. History of substance use disorder,
 - iii. Co-occurring behavioral health issue, or
 - iv. Pregnancy;
- e. Cover the criteria for co-prescribing a short-acting opioid antagonist for a patient;
- f. Include that, if continuing control of a patient's pain after discharge is medically indicated due to the patient's medical condition, a method for continuing pain control will be addressed as part of discharge planning;
- g. Include the frequency of the following for a patient being prescribed or ordered an opioid for longer than a 30-calendar-day period:
 - i. Face-to-face interactions with the patient,
 - ii. Conducting an assessment of a patient's substance use risk,
 - iii. Renewal of a prescription or order for an opioid without a face-to-face interaction with the patient, and
 - iv. Monitoring the effectiveness of the treatment;
- h. If applicable according to A.R.S. § 36-2608, include documenting a dispensed opioid in the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
- i. Cover the criteria and procedures for tapering opioid prescription or ordering as part of treatment; and
- j. Cover the criteria and procedures for offering or referring a patient for treatment for substance use disorder;
- 2. Include in the plan for the health care institution's quality management program a process for:
 - a. Review of known incidents of opioid-related adverse reactions or other negative outcomes a patient experiences or opioid-related deaths, and
 - b. Surveillance and monitoring of adherence to the policies and procedures in subsection (C)(1);
- 3. Except as prohibited by Title 42 Code of Federal Regulations, Chapter I, Subchapter A, Part 2, or as provided in subsection (H)(1), ensure that, if a patient's death may be related to an opioid prescribed or ordered as part of treatment, written notification, in a Department-provided format, is provided to the Department of the patient's death within one working day after the health care institution learns of the patient's death; and
- 4. Ensure that informed consent required from a patient or the patient's representative includes:
 - a. The patient's:
 - i. Name,
 - ii. Date of birth or other patient identifier, and
 - iii. Condition for which opioids are being prescribed;
 - b. That an opioid is being prescribed or ordered;
 - c. The potential risks, adverse reactions, complications, and medication interactions associated with the use of an opioid;
 - d. If applicable, the potential risks, adverse outcomes, and complications associated with the concurrent use of an opioid and a benzodiazepine or another sedative-hypnotic medication;
 - e. Alternatives to a prescribed or ordered opioid;
 - f. The name and signature of the individual explaining the use of an opioid to the patient; and
 - g. The signature of the patient or the patient's representative and the date signed.
- D. Except as provided in subsection (H), an administrator of a health care institution where opioids are prescribed as part of treatment shall ensure that a medical practitioner authorized by policies and procedures to prescribe an opioid in treating a patient:
 - 1. Before prescribing an opioid for a patient of the health care institution:
 - a. Conducts a physical examination of the patient or reviews the documentation from a physical examination conducted during the patient's same episode of care;
 - b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
 - c. Conducts an assessment of the patient's substance use risk or reviews the documentation from an assessment of the patient's substance use risk conducted during the same episode of care by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to conduct an assessment of the patient's substance use risk;
 - d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of opioids, as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of opioids;
 - e. Explains alternatives to a prescribed opioid; and
 - f. Obtains informed consent from the patient or the patient's representative that meets the requirements in subsection (C)(4), including the potential risks, adverse outcomes, and complications associated with the concurrent use of an opioid and a benzodiazepine or another sedative-hypnotic medication, if the patient:
 - i. Is also prescribed or ordered a sedative-hypnotic medication, or
 - ii. Has been prescribed a sedative-hypnotic medication by another medical practitioner;
 - 2. Includes the following information in the patient's medical record, an existing treatment plan, or a new treatment plan developed for the patient:
 - a. The patient's diagnosis;
 - b. The patient's medical history, including co-occurring disorders;
 - c. The opioid to be prescribed;
 - d. Other medications or herbal supplements being taken by the patient;
 - e. If applicable:
 - i. The effectiveness of the patient's current treatment,
 - ii. The duration of the current treatment, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- iii. Alternative treatments tried by or planned for the patient;
 - f. The expected benefit of the treatment and, if applicable, the benefit of the new treatment compared with continuing the current treatment; and
 - g. Other factors relevant to the patient's being prescribed an opioid; and
 - 3. If applicable, specifies in the patient's discharge plan how medically indicated pain control will occur after discharge to meet the patient's needs.
- E.** Except as provided in subsection (G) or (H), an administrator of a health care institution where opioids are ordered for administration to a patient in the health care institution as part of treatment shall ensure that a medical practitioner authorized by policies and procedures to order an opioid in treating a patient:
- 1. Before ordering an opioid for a patient of the health care institution:
 - a. Conducts a physical examination of the patient or reviews the documentation from a physical examination conducted:
 - i. During the patient's same episode of care; or
 - ii. Within the previous 30 calendar days, at a health care institution transferring the patient to the health care institution or by the medical practitioner who referred the patient for admission to the health care institution;
 - b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
 - c. Conducts an assessment of the patient's substance use risk or reviews the documentation from an assessment of the patient's substance use risk conducted within the previous 30 calendar days by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to conduct an assessment of the patient's substance use risk;
 - d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of opioids, as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of opioids;
 - e. If applicable, explains alternatives to an ordered opioid; and
 - f. Obtains informed consent from the patient or the patient's representative, according to subsection (D)(1)(f); and
 - 2. Includes the following information in the patient's medical record, an existing treatment plan, or a new treatment plan developed for the patient:
 - a. The patient's diagnosis;
 - b. The patient's medical history, including co-occurring disorders;
 - c. The opioid being ordered and the reason for the order;
 - d. Other medications or herbal supplements being taken by the patient; and
 - e. If applicable:
 - i. The effectiveness of the patient's current treatment,
 - ii. The duration of the current treatment,
 - iii. Alternative treatments tried by or planned for the patient,
 - iv. The expected benefit of a new treatment compared with continuing the current treatment, and
 - v. Other factors relevant to the patient's being ordered an opioid.
- F.** For a health care institution where opioids are administered as part of treatment or where a patient is provided assistance in the self-administration of medication for a prescribed opioid, including a health care institution in which an opioid may be prescribed or ordered as part of treatment, an administrator, a manager as defined in R9-10-801, or a provider, as applicable to the health care institution, shall:
- 1. Establish, document, and implement policies and procedures for administering an opioid as part of treatment or providing assistance in the self-administration of medication for a prescribed opioid, to protect the health and safety of a patient, that:
 - a. Cover which personnel members may administer an opioid in treating a patient and the required knowledge and qualifications of these personnel members;
 - b. Cover which personnel members may provide assistance in the self-administration of medication for a prescribed opioid and the required knowledge and qualifications of these personnel members;
 - c. Include how, when, and by whom a patient's need for opioid administration is assessed;
 - d. Include how, when, and by whom a patient receiving an opioid is monitored; and
 - e. Cover how, when, and by whom the actions taken according to subsections (F)(1)(c) and (d) are documented;
 - 2. Include in the plan for the health care institution's quality management program a process for:
 - a. Review of incidents of opioid-related adverse reactions or other negative outcomes a patient experiences or opioid-related deaths, and
 - b. Surveillance and monitoring of adherence to the policies and procedures in subsection (F)(1);
 - 3. Except as prohibited by Title 42 Code of Federal Regulations, Chapter I, Subchapter A, Part 2, or as provided in subsection (H)(1), ensure that, if a patient's death may be related to an opioid administered as part of treatment, written notification, in a Department-provided format, is provided to the Department of the patient's death within one working day after the patient's death; and
 - 4. Except as provided in subsection (H), ensure that an individual authorized by policies and procedures to administer an opioid in treating a patient or to provide assistance in the self-administration of medication for a prescribed opioid:
 - a. Before administering an opioid or providing assistance in the self-administration of medication for a prescribed opioid in compliance with an order as part of the treatment for a patient, identifies the patient's need for the opioid;
 - b. Monitors the patient's response to the opioid; and
 - c. Documents in the patient's medical record:
 - i. An identification of the patient's need for the opioid before the opioid was administered or assistance in the self-administration of medication for a prescribed opioid was provided, and
 - ii. The effect of the opioid administered or for which assistance in the self-administration of

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

medication for a prescribed opioid was provided.

- G.** A medical practitioner authorized by a health care institution's policies and procedures to order an opioid in treating a patient is exempt from the requirements in subsection (E), if:

1. The health care institution's policies and procedures, required in subsection (C)(1) or the applicable Article in 9 A.A.C. 10, contain procedures for:
 - a. Providing treatment without obtaining the consent of a patient or the patient's representative,
 - b. Ordering and administering opioids in an emergency situation, and
 - c. Complying with the requirements in subsection (E) after the emergency is resolved;
2. The order for the administration of an opioid is:
 - a. Part of the treatment for a patient in an emergency, and
 - b. Issued in accordance with policies and procedures; and
3. The emergency situation is documented in the patient's medical record.

- H.** The requirements in subsections (D), (E), and (F)(4), as applicable, do not apply to a health care institution's:

1. Prescribing, ordering, or administration of an opioid as part of treatment for a patient with an end-of-life condition or pain associated with an active malignancy;
2. Prescribing an opioid as part of treatment for a patient when changing the type or dosage of an opioid, which had previously been prescribed by a medical practitioner of the health care institution for the patient according to the requirements in subsection (D):
 - a. Before a pharmacist dispenses the opioid for the patient; or
 - b. If changing the opioid because of an adverse reaction to the opioid experienced by the patient, within 72 hours after the opioid was dispensed for the patient by a pharmacist;
3. Ordering an opioid as part of treatment for no longer than three calendar days for a patient remaining in the health care institution and receiving continuous medical services or nursing services from the health care institution; or
4. Ordering an opioid as part of treatment:
 - a. For a patient receiving a surgical procedure or other invasive procedure; or
 - b. When changing the type, dosage, or route of administration of an opioid, which had previously been ordered by a medical practitioner of the health care institution for a patient according to the requirements in subsection (E), to meet the patient's needs.

R9-10-209. Discharge Planning; Discharge

- A.** For an inpatient, an administrator shall ensure that discharge planning:
1. Identifies the specific needs of the patient after discharge, if applicable;
 2. Includes the participation of the patient or the patient's representative;
 3. Is completed before discharge occurs;
 4. Provides the patient or the patient's representative with written information identifying classes or subclasses of health care institutions and the level of care that the health care institutions provide that may meet the patient's assessed and anticipated needs after discharge, if applicable; and
 5. Is documented in the patient's medical record.
- B.** For an inpatient discharge or a transfer of an inpatient, an administrator shall ensure that:
1. There is a discharge summary that includes:
 - a. A description of the patient's medical condition and the medical services provided to the patient; and
 - b. The signature of the medical practitioner coordinating the patient's medical services;
 2. There is a documented discharge order for the patient by a medical practitioner coordinating the patient's medical services before discharge unless the patient leaves the hospital against a medical staff member's advice; and
 3. If the patient is not being transferred:
 - a. There are documented discharge instructions; and
 - b. The patient or the patient's representative is provided with a copy of the discharge instructions.

- C.** Except as provided in subsection (D), an administrator shall ensure that an outpatient is discharged according to policies and procedures.
- D.** For a discharge of an outpatient receiving emergency services, an administrator shall ensure that:
1. A discharge order is documented by a medical practitioner who provided medical services to the patient before the patient is discharged unless the patient leaves against a medical staff member's advice; and
 2. Discharge instructions are documented and provided to the patient or the patient's representative before the patient is discharged unless the patient leaves the hospital against a medical staff member's advice.

R9-10-210. Transport

- A.** For a transport of a patient, the administrator of a sending hospital shall ensure that:
1. Policies and procedures are established, documented, and implemented that:
 - a. Specify the process by which the sending hospital personnel members coordinate the transport and the medical services provided to a patient to protect the health and safety of the patient;
 - b. Require an assessment of the patient by a registered nurse or a medical staff member before transporting the patient and after the patient's return;
 - c. Specify the information in the sending hospital's patient medical record that is required to accompany the patient, which shall include the information related to the medical services to be provided to the patient at the receiving health care institution;
 - d. Specify how the sending hospital personnel members communicate patient medical record information that the sending hospital does not provide at the time of transport but is requested by the receiving health care institution; and
 - e. Specify how a medical staff member explains the risks and benefits of a transport to the patient or the patient's representative based on the:
 - i. Patient's medical condition, and
 - ii. Mode of transport; and
 2. Documentation in the patient's medical record includes:
 - a. Consent for transport by the patient or the patient's representative or why consent could not be obtained;
 - b. The acceptance of the patient by and communication with an individual at the receiving health care institution;
 - c. The date and the time of the transport to the receiving health care institution;
 - d. The date and time of the patient's return to the sending hospital, if applicable;
 - e. The mode of transportation; and
 - f. The type of personnel member or medical staff member assisting in the transport if an order requires that a patient be assisted during transport.
- B.** For a transport of a patient to a receiving hospital, the administrator of the receiving hospital shall ensure that:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

1. Policies and procedures are established, documented, and implemented that:
 - a. Specify the process by which the receiving hospital personnel members coordinate the transport and the medical services provided to a patient to protect the health and safety of the patient;
 - b.  - a. Not used as a means of coercion, discipline, convenience, or retaliation;
 - b. Only used when all of the following conditions are met:
 - i. Except as provided in subsection (A)(8), after obtaining an order for the restraint or seclusion;
 - ii. For the management of a patient's aggressive, violent, or self-destructive behavior;
 - iii. When less restrictive interventions have been determined to be ineffective; and
 - iv. To ensure the immediate physical safety of the patient, to prevent imminent harm to the patient or another individual, or to stop physical harm to another individual; and
 - c. Discontinued at the earliest possible time;
- 8. If as a result of a patient's aggressive, violent, or self-destructive behavior, harm to the patient or another individual is imminent or the patient or another individual is being physically harmed, a personnel member:
 - a. May initiate an emergency application of restraint or seclusion for the patient before obtaining an order for the restraint or seclusion, and
 - b. Obtains an order for the restraint or seclusion of the patient during the emergency application of the restraint or seclusion;
- 9. Restraint or seclusion is:
 - a. Only ordered by a physician or a registered nurse practitioner, and
 - b. Not written as a standing order or on an as-needed basis;
- 10. An order for restraint or seclusion includes:
 - a. The name of the individual ordering the restraint or seclusion;
 - b. The date and time that the restraint or seclusion was ordered;
 - c. The specific restraint or seclusion ordered;
 - d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
 - e. The specific criteria for release from restraint or seclusion without an additional order; and
 - f. The maximum duration authorized for the restraint or seclusion;
- 11. An order for restraint or seclusion is limited to the duration of the emergency situation and does not exceed:
 - a. Four continuous hours for a patient who is 18 years of age or older,
 - b. Two continuous hours for a patient who is between the ages of nine and 17 years of age, or
 - c. One continuous hour for a patient who is younger than nine years of age;
- 12. If restraint and seclusion are used on a patient simultaneously, the patient receives continuous:
 - a. Face-to-face monitoring by a medical staff member or personnel member, or
 - b. Video and audio monitoring by a medical staff member or personnel member who is in close proximity to the patient;
- 13. If an order for restraint or seclusion of a patient is not provided by a medical practitioner coordinating the patient's medical services, the medical practitioner is notified as soon as possible;
- 14. A medical staff member or personnel member does not participate in restraint or seclusion, monitor a patient during restraint or seclusion, or evaluate a patient after restraint or seclusion until the medical staff member or personnel member completes education and training that:
 - a. Includes:
 - i. Techniques to identify medical staff member, personnel member, and patient behaviors; events; and environmental factors that may trigger circumstances that require restraint or seclusion;
 - ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
 - iii. Techniques for identifying the least restrictive intervention based on an assessment of the patient's medical or behavioral health condition;
 - iv. The safe use of restraint and the safe use of seclusion, including training in how to recognize and respond to signs of physical and psychological distress in a patient who is restrained or secluded;
 - v. Clinical identification of specific behavioral changes that indicate that the restraint or seclusion is no longer necessary;
 - vi. Monitoring and assessing a patient while the patient is in restraint or seclusion according to policies and procedures; and
 - vii. Training exercises in which medical staff members and personnel members successfully demonstrate the techniques that the medical staff members and personnel members have learned for managing emergency situations; and
 - b. Is provided by individuals qualified according to policies and procedures;
- 15. When a patient is placed in restraint or seclusion:
 - a. The restraint or seclusion is conducted according to policies and procedures;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- b. The restraint or seclusion is proportionate and appropriate to the severity of the patient's behavior and the patient's:
 - i. Chronological and developmental age;
 - ii. Size;
 - iii. Gender;
 - iv. Physical condition;
 - v. Medical condition;
 - vi. Psychiatric condition; and
 - vii. Personal history, including any history of physical or sexual abuse;
 - c. The physician or registered nurse practitioner who ordered the restraint or seclusion is available for consultation throughout the duration of the restraint or seclusion;
 - d. A patient is monitored and assessed according to policies and procedures;
 - e. A physician or other health professional authorized by policies and procedures assesses the patient within one hour after the patient is placed in the restraint or seclusion and determines:
 - i. The patient's current behavior,
 - ii. The patient's reaction to the restraint or seclusion used,
 - iii. The patient's medical and behavioral condition, and
 - iv. Whether to continue or terminate the restraint or seclusion;
 - f. The patient is given the opportunity:
 - i. To eat during mealtime, and
 - ii. To use the toilet; and
 - g. The restraint or seclusion is discontinued at the earliest possible time, regardless of the length of time identified in the order;
16. If a patient is placed in seclusion, the room used for seclusion:
- a. Is approved for use as a seclusion room by the Department under R9-10-104;
 - b. Is not used as a patient's bedroom or a sleeping area;
 - c. Allows full view of the patient in all areas of the room;
 - d. Is free of hazards, such as unprotected light fixtures or electrical outlets;
 - e. Contains at least 60 square feet of floor space; and
 - f. Except as provided in subsection (A)(17), contains a non-adjustable bed that:
 - i. Consists of a mattress on a solid platform that is:
 - (1) Constructed of a durable, non-hazardous material; and
 - (2) Raised off of the floor;
 - ii. Does not have wire springs or a storage drawer; and
 - iii. Is securely anchored in place;
17. If a room used for seclusion does not contain a non-adjustable bed required in subsection (A)(16)(f):
- a. A piece of equipment is available for use in the room used for seclusion that:
 - i. Is commercially manufactured to safely and humanely restrain a patient's body;
 - ii. Provides support to the trunk and head of a patient's body;
 - iii. Provides restraint to the trunk of a patient's body;
 - iv. Is able to restrict movement of a patient's arms, legs, trunk, and head;
 - v. Allows a patient's body to recline; and
 - vi. Does not inflict harm on a patient's body; and
 - b. Documentation of the manufacturer's specifications for the piece of equipment in subsection (A)(17)(a) is maintained;
18. A seclusion room may be used for services or activities other than seclusion if:
- a. A sign stating the service or activity scheduled or being provided in the room is conspicuously posted outside the room;
 - b. No permanent equipment other than the bed required in subsection (A)(16)(f) is in the room;
 - c. Policies and procedures are established, documented, and implemented that:
 - i. Delineate which services or activities other than seclusion may be provided in the room,
 - ii. List what types of equipment or supplies may be placed in the room for the delineated services, and
 - iii. Provide for the prompt removal of equipment and supplies from the room before the room is used for seclusion; and
 - d. The sign required in subsection (A)(18)(a) and equipment and supplies in the room, other than the bed required in subsection (A)(16)(f), are removed before a patient is placed in seclusion in the room;
19. A medical staff member or personnel member documents the following information in a patient's medical record before the end of the shift in which the patient is placed in restraint or seclusion or, if the patient's restraint or seclusion does not end during the shift in which it began, during the shift in which the patient's restraint or seclusion ends:
- a. The emergency situation that required the patient to be restrained or put in seclusion;
 - b. The times the patient's restraint or seclusion actually began and ended;
 - c. The time of the face-to-face assessment required in subsection (A)(12)(a);
 - d. The monitoring required in subsection (A)(12)(b) or (15)(d), as applicable;
 - e. The times the patient was given the opportunity to eat or use the toilet according to subsection (A)(15)(f); and
 - f. The names of the medical staff members and personnel members with direct patient contact while the patient was in the restraint or seclusion; and
20. If an emergency situation continues beyond the time limit of an order for restraint or seclusion, the order is renewed according to policies and procedures.
- B.** An administrator of a hospital that provides opioid treatment services to an outpatient shall comply with the requirements in R9-10-1020.

R9-10-309. Discharge

- A.** Except as provided in R9-10-315(E) or (F), an administrator shall ensure that a discharge plan for a patient is:
 - 1. Developed that:
 - a. Identifies any specific needs of the patient after discharge;
 - b. If the discharge date has been determined, includes the discharge date;
 - c. Is completed before discharge occurs; and
 - d. Includes a description of the level of care that may meet the patient's assessed and anticipated needs after discharge;
 - 2. Documented in the patient's medical record within 48 hours after the discharge plan is completed; and
 - 3. Provided to the patient or the patient's representative before the discharge occurs.
- B.** An administrator shall ensure that:
 - 1. A request for participation in developing a patient's discharge plan is made to the patient or the patient's representative,

- 2. An opportunity for participation in developing the patient's discharge plan is provided to the patient or the patient's representative, and
- 3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the patient's medical record.
- C.** An administrator shall ensure that a patient is discharged from a behavioral health inpatient facility when the patient's treatment needs are not consistent with the services that the behavioral health inpatient facility is authorized and able to provide.
- D.** An administrator shall ensure that there is a documented discharge order by a medical practitioner or behavioral health professional before a patient is discharged unless the patient leaves the behavioral health inpatient facility against a medical practitioner's or behavioral health professional's advice.
- E.** An administrator shall ensure that, at the time of discharge, a patient receives a referral for treatment or ancillary services that the patient may need after discharge, if applicable.
- F.** If a patient is discharged to any location other than a health care institution, an administrator shall ensure that:
 - 1. Discharge instructions are documented, and
 - 2. The patient or the patient's representative is provided with a copy of the discharge instructions.
- G.** An administrator shall ensure that a discharge summary:
 - 1. Is entered into the patient's medical record within 10 working days after a patient's discharge; and
 - 2. Includes:
 - a. The following information authenticated by a medical practitioner or behavioral health professional:
 - i. The patient's presenting issue and other physical health and behavioral health issues identified in the patient's nursing assessment, behavioral health assessment, or treatment plan;
 - ii. A summary of the treatment provided to the patient;
 - iii. The patient's progress in meeting treatment goals, including treatment goals that were and were not achieved; and
 - iv. The name, dosage, and frequency of each medication ordered for the patient by a medical practitioner at the behavioral health inpatient facility at the time of the patient's discharge; and
 - b. A description of the disposition of the patient's possessions, funds, or medications brought to the behavioral health inpatient facility by the patient.
- H.** An administrator shall ensure that a patient who is dependent upon a prescribed medication is offered detoxification services, opioid treatment, or a written referral to detoxification services or opioid treatment before the patient is discharged from the behavioral health inpatient facility if a medical practitioner for the behavioral health inpatient facility will not be prescribing the medication for the patient at or after discharge.

R9-10-316. Seclusion; Restraint

- A. An administrator shall ensure that restraint is provided according to the requirements in subsection (C).
- B. An administrator of a behavioral health inpatient facility authorized to provide seclusion shall ensure that:
 1. Seclusion is provided according to the requirements in subsection (C);
 2. If a patient is placed in seclusion, the room used for seclusion:
 - a. Is approved for use as a seclusion room by the Department;
 - b. Is not used as a patient's bedroom or a sleeping area;
 - c. Allows full view of the patient in all areas of the room;
 - d. Is free of hazards, such as unprotected light fixtures or electrical outlets;
 - e. Contains at least 60 square feet of floor space; and
 - f. Except as provided in subsection (B)(3), contains a non-adjustable bed that:
 - i. Consists of a mattress on a solid platform that is:
 - (1) Constructed of a durable, non-hazardous material; and
 - (2) Raised off of the floor;
 - ii. Does not have wire springs or a storage drawer; and
 - iii. Is securely anchored in place;
3. If a room used for seclusion does not contain a non-adjustable bed required in subsection (B)(2)(f):
 - a. A piece of equipment is available that:
 - i. Is commercially manufactured to safely and humanely restrain a patient's body;
 - ii. Provides support to the trunk and head of a patient's body;
 - iii. Provides restraint to the trunk of a patient's body;
 - iv. Is able to restrict movement of a patient's arms, legs, body, and head;
 - v. Allows a patient's body to recline; and
 - vi. Does not inflict harm on a patient's body; and
 - b. Documentation of the manufacturer's specifications for the piece of equipment in subsection (B)(3)(a) is maintained; and
4. A seclusion room may be used for services or activities other than seclusion if:
 - a. A sign stating the service or activity scheduled or being provided in the room is conspicuously posted outside the room;
 - b. No permanent equipment other than the bed required in subsection (B)(2)(f) is in the room;
 - c. Policies and procedures:
 - i. Delineate which services or activities other than seclusion may be provided in the room,
 - ii. List what types of equipment or supplies may be placed in the room for the delineated services, and
 - iii. Provide for the prompt removal of equipment and supplies from the room before the room is used for seclusion; and
 - d. The sign required in subsection (B)(4)(a) and equipment and supplies in the room, other than the bed required in subsection (B)(2)(f), are removed before being used for seclusion.
- C. An administrator shall ensure that:
 1. Policies and procedures for providing restraint or seclusion are established, documented, and implemented to protect the health and safety of a patient that:
 - a. Establish the process for patient assessment, including identification of a patient's medical conditions and criteria for the on-going monitoring of any identified medical condition;
 - b. Identify each type of restraint or seclusion used and include for each type of restraint or seclusion used:
 - i. The qualifications of a personnel member who can:
 - (1) Order the restraint or seclusion,
 - (2) Place a patient in the restraint or seclusion,
 - (3) Monitor a patient in the restraint or seclusion,
 - (4) Evaluate a patient's physical and psychological well-being after being placed in the restraint or seclusion and when released from the restraint or seclusion, or
 - (5) Renew the order for restraint or seclusion;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- ii. On-going training requirements for a personnel member who has direct patient contact while the patient is in a restraint or seclusion; and
- iii. Criteria for monitoring and assessing a patient including:
 - (1) Frequencies of monitoring and assessment based on a patient's medical condition and risks associated with the specific restraint or seclusion;
 - (2) For the renewal of an order for restraint or seclusion, whether an assessment is required before the order is renewed and, if an assessment is required, who may conduct the assessment;
 - (3) Assessment content, which may include, depending on a patient's condition, the patient's vital signs, respiration, circulation, hydration needs, elimination needs, level of distress and agitation, mental status, cognitive functioning, neurological functioning, and skin integrity;
 - (4) If a mechanical restraint is used, how often the mechanical restraint is loosened; and
 - (5) A process for meeting a patient's nutritional needs and elimination needs;
- c. Establish the criteria and procedures for renewing an order for restraint or seclusion;
- d. Establish procedures for internal review of the use of restraint or seclusion; and
- e. Establish medical record and personnel record documentation requirements for restraint and seclusion, if applicable;
- 2. An order for restraint or seclusion is:
 - a. Obtained from a physician or registered nurse practitioner, and
 - b. Not written as a standing order or on an as-needed basis;
- 3. Restraint or seclusion is:
 - a. Not used as a means of coercion, discipline, convenience, or retaliation;
 - b. Only used when all of the following conditions are met:
 - i. Except as provided in subsection (C)(4), after obtaining an order for the restraint or seclusion;
 - ii. For the management of a patient's aggressive, violent, or self-destructive behavior;
 - iii. When less restrictive interventions have been determined to be ineffective; and
 - iv. To ensure the immediate physical safety of the patient, to prevent imminent harm to the patient or another individual, or to stop physical harm to another individual; and
 - c. Discontinued at the earliest possible time;
- 4. If as a result of a patient's aggressive, violent, or self-destructive behavior, harm to the patient or another individual is imminent or the patient or another individual is being physically harmed, a personnel member:
 - a. May initiate an emergency application of restraint or seclusion for the patient before obtaining an order for the restraint or seclusion, and
 - b. Obtains an order for the restraint or seclusion of the patient during the emergency application of the restraint or seclusion;
- 5. An order for restraint or seclusion includes:
 - a. The name of the physician or registered nurse practitioner ordering the restraint or seclusion;
 - b. The date and time that the restraint or seclusion was ordered;
 - c. The specific restraint or seclusion ordered;
 - d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
 - e. The specific criteria for release from restraint or seclusion without an additional order; and
 - f. The maximum duration authorized for the restraint or seclusion;
- 6. An order for restraint or seclusion is limited to the duration of the emergency situation and does not exceed three continuous hours;
- 7. If an order for restraint or seclusion of a patient is not provided by the patient's attending physician, the patient's attending physician is notified as soon as possible;
- 8. A medical practitioner or personnel member does not participate in restraint or seclusion, assess or monitor a patient during restraint or seclusion, or evaluate a patient after restraint or seclusion, and a physician or registered nurse practitioner does not order restraint or seclusion, until the medical practitioner or personnel member, completes education and training that:
 - a. Includes:
 - i. Techniques to identify medical practitioner, personnel member, and patient behaviors, events, and environmental factors that may trigger circumstances that require restraint or seclusion;
 - ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
 - iii. Techniques for identifying the least restrictive intervention based on an assessment of the patient's medical or behavioral health condition;
 - iv. The safe use of restraint and the safe use of seclusion, including training in how to recognize and respond to signs of physical and psychological distress in a patient who is restrained or secluded;
 - v. Clinical identification of specific behavioral changes that indicate that the restraint or seclusion is no longer necessary;
 - vi. Monitoring and assessing a patient while the patient is in restraint or seclusion according to policies and procedures; and
 - vii. Except for the medical practitioner, training exercises in which the personnel member successfully demonstrates the techniques that the medical practitioner or personnel member has learned for managing emergency situations; and
 - b. Is provided by individuals qualified according to policies and procedures;
- 9. When a patient is placed in restraint or seclusion:
 - a. The restraint or seclusion is conducted according to policies and procedures;
 - b. The restraint or seclusion is proportionate and appropriate to the severity of the patient's behavior and the patient's:
 - i. Chronological and developmental age;
 - ii. Size;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- iii. Gender;
 - iv. Physical condition;
 - v. Medical condition;
 - vi. Psychiatric condition; and
 - vii. Personal history, including any history of physical or sexual abuse;
 - c. The physician or registered nurse practitioner who ordered the restraint or seclusion is available for consultation throughout the duration of the restraint or seclusion;
 - d. The patient is monitored and assessed according to policies and procedures;
 - e. A physician or registered nurse assesses the patient within one hour after the patient is placed in the restraint or seclusion and determines:
 - i. The patient's current behavior,
 - ii. The patient's reaction to the restraint or seclusion used,
 - iii. The patient's medical and behavioral condition, and
 - iv. Whether to continue or terminate the restraint or seclusion;
 - f. The patient is given the opportunity:
 - i. To eat during mealtime, and
 - ii. To use the toilet; and
 - g. The restraint or seclusion is discontinued at the earliest possible time, regardless of the length of time identified in the order;
10. A medical practitioner or personnel member documents the following information in a patient's medical record before the end of the shift in which the patient is placed in restraint or seclusion or, if the patient's restraint or seclusion does not end during the shift in which it began, during the shift in which the patient's restraint or seclusion ends:
- a. The emergency situation that required the patient to be restrained or put in seclusion;
 - b. The times the patient's restraint or seclusion actually began and ended;
 - c. The time of the assessment required in subsection (C)(9)(e);
 - d. The monitoring required in subsection (C)(9)(d);
 - e. The names of the medical practitioners and personnel members with direct patient contact while the patient was in the restraint or seclusion;
 - f. The times the patient was given the opportunity to eat or use the toilet according to subsection (C)(9)(f); and
 - g. The patient evaluation required in subsection (C)(12);
11. If an emergency situation continues beyond the time limit of an order for restraint or seclusion, the order is renewed according to policies and procedures that include:
- a. The specific criteria for release from restraint or seclusion without an additional order, and
 - b. The maximum duration authorized for the restraint or seclusion; and
12. A patient is evaluated after restraint or seclusion is no longer being used for the patient.

R9-10-318. Child and Adolescent Residential Treatment Services

- A. An administrator of a behavioral health inpatient facility authorized to provide child and adolescent residential treatment services shall:
 - 1. If abuse, neglect, or exploitation of a patient under 18 years of age is alleged or suspected to have occurred before the patient was accepted or while the patient is not on the premises and not receiving services from an employee or personnel member of the behavioral health inpatient facility, report the alleged or suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 13-3620;
 - 2. If the administrator has a reasonable basis, according to A.R.S. § 13-3620, to believe that abuse, neglect, or exploitation of a patient under 18 years of age has occurred on the premises or while the patient is receiving services from an employee or a personnel member:
 - a. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
 - b. Report the suspected abuse, neglect, or exploitation of the patient according to A.R.S. § 13-3620;
 - c. Document:
 - i. The suspected abuse, neglect, or exploitation;
 - ii. Any action taken according to subsection (A)(2)(a); and
 - iii. The report in subsection (A)(2)(b);
 - d. Maintain the documentation in subsection (A)(2)(c) for at least 12 months after the date of the report in subsection (A)(2)(b);

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- e. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (A)(2)(b):
 - i. The dates, times, and description of the suspected abuse, neglect, or exploitation;
 - ii. A description of any injury to the patient related to the suspected abuse or neglect and any change to the patient's physical, cognitive, functional, or emotional condition;
 - iii. The names of witnesses to the suspected abuse, neglect, or exploitation; and
 - iv. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
 - f. Maintain a copy of the documented information required in subsection (A)(2)(e) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated;
3. If a patient who is under 18 years of age is absent and the absence is unauthorized as determined according to the criteria in R9-10-303(H), within an hour after determining that the patient's absence is unauthorized, notify:
 - a. Except as provided in subsection (A)(3)(b), the patient's parent or legal guardian; and
 - b. For a patient who is under a court's jurisdiction, the appropriate court or a person designated by the appropriate court;
 4. Document the notification in subsection (A)(3) in the patient's medical record and the written log required in R9-10-303(I)(3);
 5. In addition to the personnel records requirements in R9-10-306(F), ensure that a personnel record for each employee, volunteer, and student contains documentation of the individual's compliance with the fingerprinting requirements in A.R.S. § 36-425.03;
 6. Ensure that the patient's representative for a patient who is under 18 years of age:
 - a. Except in an emergency, either consents to or refuses treatment;
 - b. May refuse or withdraw consent to treatment before treatment is initiated, unless the treatment is ordered by a court according to A.R.S. Title 36, Chapter 5 or A.R.S. § 8-341.01; is necessary to save the patient's life or physical health; or is provided according to A.R.S. § 36-512;
 - c. Except in an emergency, is informed of alternatives to a proposed psychotropic medication and the associated risks and possible complications of the proposed psychotropic medication;
 - d. Is informed of the following:
 - i. The policy on health care directives, and
 - ii. The patient complaint process; and
 - e. Except as otherwise permitted by law, provides written consent to the release of information in the patient's:
 - i. Medical record, or
 - ii. Financial records;
 7. In addition to the restrictions provided in R9-10-311(C), ensure that a parent of a patient under 18 years of age is allowed to restrict the patient from:
 - a. Associating with individuals of the patient's choice, receiving visitors, and making telephone calls during the hours established by the behavioral health inpatient facility;
 - b. Having privacy in correspondence, communication, visitation, financial affairs, and personal hygiene; and
 - c. Sending and receiving uncensored and unopened mail;
 8. Establish, document, and implement policies and procedures to ensure that a patient is protected from the following from other patients at the behavioral health inpatient facility:
 - a. Threats,
 - b. Ridicule,
 - c. Verbal harassment,
 - d. Punishment, or

R9-10-320. Medication Services

A. An administrator shall ensure that policies and procedures for medication services:

1. Include:
 - a. A process for providing information to a patient about medication prescribed for the patient including:
 - i. The prescribed medication's anticipated results,
 - ii. The prescribed medication's potential adverse reactions,
 - iii. The prescribed medication's potential side effects, and
 - iv. Potential adverse reactions that could result from not taking the medication as prescribed;
 - b. Procedures for preventing, responding to, and reporting:
 - i. A medication error,
 - ii. An adverse reaction to a medication, or
 - iii. A medication overdose;

- c. Procedures to ensure that a patient's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the patient's needs;
 - d. Procedures for documenting medication administration and assistance in the self-administration of medication;
 - e. Procedures for assisting a patient in obtaining medication; and
 - f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
 2. Specify a process for review through the quality management program of:
 - a. A medication administration error, and
 - b. An adverse reaction to a medication.
- B. If a behavioral health inpatient facility provides medication administration, an administrator shall ensure that:
1. Policies and procedures for medication administration:
 - a. Are reviewed and approved by a medical practitioner;
 - b. Specify the individuals who may:
 - i. Order medication, and
 - ii. Administer medication;
 - c. Ensure that medication is administered to a patient only as prescribed; and
 - d. Cover the documentation of a patient's refusal to take prescribed medication in the patient's medical record;
 2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
 3. A medication administered to a patient is:
 - a. Administered in compliance with an order, and
 - b. Documented in the patient's medical record.
- C. If a behavioral health inpatient facility provides assistance in the self-administration of medication, an administrator shall ensure that:
1. A patient's medication is stored by the behavioral health inpatient facility;
 2. The following assistance is provided to a patient:
 - a. A reminder when it is time to take the medication;
 - b. Opening the medication container for the patient;
 - c. Observing the patient while the patient removes the medication from the container;
 - d. Verifying that the medication is taken as ordered by the patient's medical practitioner by confirming that:
 - i. The patient taking the medication is the individual stated on the medication container label,
 - ii. The patient is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
 - iii. The patient is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
 - e. Observing the patient while the patient takes the medication;
 3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
 4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
 - b. Includes:
 - i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
 - ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
 - iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
- 5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
- 6. Assistance in the self-administration of medication provided to a patient:
 - a. Is in compliance with an order, and
 - b. Is documented in the patient's medical record.
- D.** An administrator shall ensure that:
 - 1. A current drug reference guide is available for use by personnel members;
 - 2. A current toxicology reference guide is available for use by personnel members; and
 - 3. If pharmaceutical services are provided on the premises:
 - a. A committee, composed of at least one physician, one pharmacist, and other personnel members as determined by policies and procedures, is established to:
 - i. Develop a drug formulary,
 - ii. Update the drug formulary at least once every 12 months,
 - iii. Develop medication usage and medication substitution policies and procedures, and
 - iv. Specify which medications and medication classifications are required to be stopped automatically after a specific time period unless the ordering medical practitioner specifically orders otherwise;
 - b. The pharmaceutical services are provided under the direction of a pharmacist;
 - c. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
 - d. A copy of the pharmacy license is provided to the Department upon request.
- E.** When medication is stored at a behavioral health inpatient facility, an administrator shall ensure that:
 - 1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
 - 2. Medication is stored according to the instructions on the medication container; and
 - 3. Policies and procedures are established, documented, and implemented for:
 - a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;
 - b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
 - c. A medication recall and notification of patients who received recalled medication; and
 - d. Storing, inventorying, and dispensing controlled substances.
- F.** An administrator shall ensure that a personnel member immediately reports a medication error or a patient's adverse reaction to a medication to the medical practitioner who ordered the medication and, if applicable, the behavioral health inpatient facility's clinical director.

R9-10-322. Emergency and Safety Standards

- A. An administrator shall ensure that a behavioral health inpatient facility has:
 - 1. A fire alarm system installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01, and a sprinkler system installed according to the National Fire Protection Association 13 Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01, that are in working order; or
 - 2. An alternative method to ensure a patient's safety, documented and approved by the local jurisdiction.
- B. An administrator shall ensure that:
 - 1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:
 - a. When, how, and where patients will be relocated;
 - b. How a patient's medical record will be available to individuals providing services to the patient during a disaster;
 - c. A plan to ensure each patient's medication will be available to administer to the patient during a disaster; and
 - d. A plan for obtaining food and water for individuals present in the behavioral health inpatient facility or the behavioral health inpatient facility's relocation site during a disaster;
 - 2. The disaster plan required in subsection (B)(1) is reviewed at least once every 12 months;
 - 3. Documentation of a disaster plan review required in subsection (B)(2) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
 - a. The date and time of the disaster plan review;
 - b. The name of each personnel member, employee, volunteer, or student participating in the disaster plan review;
 - c. A critique of the disaster plan review; and
 - d. If applicable, recommendations for improvement;
 - 4. A disaster drill for employees is conducted on each shift at least once every three months and documented;
 - 5. An evacuation drill for employees and patients:
 - a. Is conducted at least once every six months; and
 - b. Includes all individuals on the premises except for:
 - i. A patient whose medical record contains documentation that evacuation from the behavioral health inpatient facility would cause harm to the patient, and
 - ii. Sufficient personnel members to ensure the health and safety of patients not evacuated according to subsection (B)(5)(b)(i);

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

6. Documentation of each evacuation drill is created, is maintained for at least 12 months after the date of the evacuation drill, and includes:
 - a. The date and time of the evacuation drill;
 - b. The amount of time taken for employees and patients to evacuate to a designated area;
 - c. If applicable:
 - i. An identification of patients needing assistance for evacuation, and
 - ii. An identification of patients who were not evacuated;
 - d. Any problems encountered in conducting the evacuation drill; and
 - e. Recommendations for improvement, if applicable; and
 7. An evacuation path is conspicuously posted on each hallway of each floor of the behavioral health inpatient facility.
- C. An administrator shall:**
1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
 2. Make any repairs or corrections stated on the fire inspection report, and
 3. Maintain documentation of a current fire inspection.

- R9-10-323. Environmental Standards**
- A. An administrator shall ensure that:**
1. The premises and equipment are:
 - a. Cleaned and, if applicable, disinfected according to policies and procedures designed to prevent, minimize, and control illness or infection; and
 - b. Free from a condition or situation that may cause a patient or other individual to suffer physical injury;
 2. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
 3. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures;
 4. Equipment used at the behavioral health inpatient facility is:
 - a. Maintained in working order;
 - b. Tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
 - c. Used according to the manufacturer's recommendations;
 5. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of the testing, calibration, or repair;
 6. Garbage and refuse are:
 - a. In areas used for food storage, food preparation, or food service, stored in covered containers lined with plastic bags;
 - b. In areas not used for food storage, food preparation, or food service, stored:
 - i. According to the requirements in subsection (6)(a), or
 - ii. In a paper-lined container that is cleaned and sanitized as often as necessary to ensure that the container is clean; and
 - c. Removed from the premises at least once a week;
 7. Heating and cooling systems maintain the behavioral health inpatient facility at a temperature between 70° F and 84° F;
 8. Common areas:
 - a. Are lighted to assure the safety of patients, and
 - b. Have lighting sufficient to allow personnel members to monitor patient activity;
 9. Hot water temperatures are maintained between 95° F and 120° F in the areas of a behavioral health inpatient facility used by patients;
 10. The supply of hot and cold water is sufficient to meet the personal hygiene needs of patients and the cleaning and sanitation requirements in this Article;
 11. Soiled linen and soiled clothing stored by the behavioral health inpatient facility are maintained separate from clean linen and clothing and stored in closed containers away from food storage, kitchen, and dining areas;
 12. Oxygen containers are secured in an upright position;
 13. Poisonous or toxic materials stored by the behavioral health inpatient facility are maintained in labeled containers in a locked area separate from food preparation and storage, dining areas, and medications and are inaccessible to patients;
 14. Combustible or flammable liquids and hazardous materials stored by a behavioral health inpatient facility are stored in the original labeled containers or safety containers in a locked area inaccessible to patients;
 15. If pets or animals are allowed in the behavioral health inpatient facility, pets or animals are:
 - a. Controlled to prevent endangering the patients and to maintain sanitation;
 - b. Licensed consistent with local ordinances; and
 - c. For a dog or cat, vaccinated against rabies;
 16. If a water source that is not regulated under 18 A.A.C. 4 by the Arizona Department of Environmental Quality is used:
 - a. The water source is tested at least once every 12 months for total coliform bacteria and fecal coliform or *E. coli* bacteria;
 - b. If necessary, corrective action is taken to ensure the water is safe to drink; and
 - c. Documentation of testing is maintained for at least 12 months after the date of the test; and
 17. If a non-municipal sewage system is used, the sewage system is in working order and is maintained according to applicable state laws and rules.
- B. An administrator shall ensure that:**
1. Smoking tobacco products is not permitted within a behavioral health inpatient facility; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

R9-10-323 renumbered to R9-10-324; new Section R9-10-323 renumbered from R9-10-322 and amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final expedited rulemaking at 25 A.A.R. 259, effective January 8, 2019 (Supp. 19-1).
- R9-10-324. Physical Plant Standards**
- A. An administrator shall ensure that the premises and equipment are sufficient to accommodate:
 1. The services stated in the behavioral health inpatient facility's scope of services, and
 2. An individual accepted as a patient by the behavioral health inpatient facility.
 - B. An administrator shall ensure that:
 1. A behavioral health inpatient facility has a:
 - a. Waiting area with seating for patients and visitors;
 - b. Room that provides privacy for a patient to receive treatment or visitors; and
 - c. Common area and a dining area that:
 - i. Are not converted, partitioned, or otherwise used as a sleeping area; and
 - ii. Contain furniture and materials to accommodate the recreational and socialization needs of the patients and other individuals in the behavioral health inpatient facility;
 2. A bathroom is available for use by visitors during the behavioral health inpatient facility's hours of operation and:
 - a. Provides privacy; and
 - b. Contains:
 - i. A working sink with running water,
 - ii. A working toilet that flushes and has a seat,
 - iii. Toilet tissue,
 - iv. Soap for hand washing,
 - v. Paper towels or a mechanical air hand dryer,
 - vi. Lighting, and
 - vii. A window that opens or another means of ventilation;
3. For every six patients, there is at least one working toilet that flushes and has a seat and one sink with running water;
 4. For every eight patients, there is at least one working bathtub or shower with a slip-resistant surface;
 5. A patient bathroom complies with the following:
 - a. Provides privacy when in use;
 - b. Contains:
 - i. A shatterproof mirror, unless the patient's treatment plan requires otherwise;
 - ii. A window that opens or another means of ventilation; and
 - iii. Nonporous surfaces for shower enclosures and slip-resistant surfaces in tubs and showers;
 - c. Has plumbing, piping, ductwork, or other potentially hazardous elements concealed above a ceiling;
 - d. If the bathroom or shower area has a door, the door swings outward to allow for staff emergency access;
 - e. If grab bars for the toilet and tub or shower or other assistive devices are identified in the patient's treatment plan, has grab bars or other assistive devices to provide for patient safety;
 - f. If a grab bar is provided, has the space between the grab bar and the wall filled to prevent a cord being tied around the grab bar;
 - g. Does not contain a towel bar, a shower curtain rod, or a lever handle that is not a specifically designed anti-ligature lever handle;
 - h. Has tamper-resistant lighting fixtures, sprinkler heads, and electrical outlets; and
 - i. For a bathroom with a sprinkler head where a patient is not supervised while the patient is in the bathroom, has a sprinkler head that is recessed or designed to minimize patient access;
 6. If a patient bathroom door locks from the inside, an employee has a key and access to the bathroom;
 7. Each patient is provided a bedroom for sleeping;
 8. A patient bedroom complies with the following:
 - a. Is not used as a common area;
 - b. Is not used as a passageway to another bedroom or bathroom unless the bathroom is for the exclusive use of a patient occupying the bedroom;
 - c. Contains a door that opens into a hallway, common area, or outdoors and, except as provided in subsection (E), another means of egress;
 - d. Is constructed and furnished to provide unimpeded access to the door;
 - e. Has window or door covers that provide patient privacy;
 - f. Has floor to ceiling walls;
 - g. Is a:
 - i. Private bedroom that contains at least 60 square feet of floor space, not including the closet; or
 - ii. Shared bedroom that:
 - (1) Is shared by no more than four patients;
 - (2) Contains, except as provided in subsection (B)(9), at least 60 square feet of floor space, not including a closet, for each patient occupying the bedroom; and
 - (3) Provides sufficient space between beds to ensure that a patient has unobstructed access to the bedroom door;
 - h. Contains for each patient occupying the bedroom:
 - i. A bed that is: at least 36 inches wide and at least 72 inches long, and consists of at least a

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- frame and mattress and linens that is not a threat to health and safety; and
 - ii. Individual storage space for personnel effects and clothing such as shelves, a dresser, or chest of drawers;
 - i. Has clean linen for each bed including mattress pad, sheets large enough to tuck under the mattress, pillows, pillow cases, bedspread, waterproof mattress covers as needed, and blankets to ensure warmth and comfort for each patient;
 - j. Has sufficient lighting for a patient occupying the bedroom to read; and
 - k. If applicable, has a drawer pull that is recessed to eliminate the possibility of use as a tie-off point;
 - 9. If a behavioral health inpatient facility licensed before November 1, 2003 was approved for 50 square feet of floor space for each patient in a bedroom, ensure that the bedroom contains at least 50 square feet for each patient not including the closet;
 - 10. In a patient bathroom or a patient bedroom:
 - a. The ceiling is secured from access or at least 9 feet in height; and
 - b. A ventilation grille is:
 - i. Secured and has perforations that are too small to use as a tie-off point, or
 - ii. Of sufficient height to prevent patient access;
 - 11. For a door located in an area of the behavioral health inpatient facility that is accessible to patients:
 - a. A door closing device, if used on a patient bedroom door, is mounted on the public side of the door;
 - b. A door's hinges are designed to minimize points for hanging;
 - c. Except for a door lever handle that contains specifically designed anti-ligature hardware, a door lever handle points downward when in the latched or unlatched position; and
 - d. Hardware has tamper-resistant fasteners; and
 - 12. A window located in an area of the behavioral health inpatient facility that is accessible to patients is fabricated with laminated safety glass or protected by polycarbonate, laminate, or safety screens.
- C. An administrator of a licensed behavioral health inpatient facility may submit a request, in a Department-provided format, for additional time to comply with a physical plant requirement in subsection (B)(5)(c) through (B)(5)(i), (B)(10), (B)(11), or (B)(12) that includes:
 - 1. The rule citation for the specific plant requirement,
 - 2. The current physical plant condition that does not comply with the physical plant requirement,
 - 3. How the current physical plant condition will be changed to comply with the physical plant requirement,
 - 4. Estimated completion date of the identified physical plant change, and
 - 5. Specific actions taken to ensure the health and safety of a patient until the physical plant requirement is met.
- D. When the Department receives a request for additional time to comply with a physical plant requirement in subsection (B)(5)(c) through (B)(5)(i), (B)(10), (B)(11), or (B)(12) submitted according to subsection (C), the Department may approve the request for up to 24 months after the effective date of these rules based on:
 - 1. The behavioral health inpatient facility's scope of services,
 - 2. The expected patient acuity based on the behavioral health inpatient facility's scope of services,
 - 3. The specific physical plant requirement in the request, and
 - 4. The threat to patients' health and safety.
- E. A bedroom in a behavioral health inpatient facility is not required to have a second means of egress if:
 - 1. An administrator ensures that policies and procedures are established, documented, and implemented that provide for the safe evacuation of a patient in the bedroom based on the patient's physical and mental limitations and the location of the bedroom; or
 - 2. The building where the bedroom is located has a fire alarm system and a sprinkler system required in R9-10-322(A)(1).
- F. If a swimming pool is located on the premises, an administrator shall ensure that:
 - 1. The swimming pool is enclosed by a wall or fence that:
 - a. Is at least five feet in height as measured on the exterior of the wall or fence;
 - b. Has no vertical openings greater than four inches across;
 - c. Has no horizontal openings, except as described in subsection (F)(1)(e);
 - d. Is not chain-link;
 - e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
 - f. Has a self-closing, self-latching gate that:
 - i. Opens away from the swimming pool,
 - ii. Has a latch located at least 54 inches from the ground, and
 - iii. Is locked when the swimming pool is not in use; and
 - 2. A life preserver or shepherd's crook is available and accessible in the pool area.
- G. An administrator shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (F)(1) is covered and locked when not in use.

R9-10-421. Medication Services

A. An administrator shall ensure that policies and procedures for medication services:

1. Include:
 - a. A process for providing information to a resident about medication prescribed for the resident including:
 - i. The prescribed medication's anticipated results,
 - ii. The prescribed medication's potential adverse reactions,
 - iii. The prescribed medication's potential side effects, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- iv. Potential adverse reactions that could result from not taking the medication as prescribed;
 - b. Procedures for preventing, responding to, and reporting:
 - i. A medication error,
 - ii. An adverse response to a medication, or
 - iii. A medication overdose;
 - c. Procedures to ensure that a pharmacist reviews a resident's medications at least once every three months and provides documentation to the resident's attending physician and the director of nursing indicating potential medication problems such as incompatible or duplicative medications;
 - d. Procedures for documenting medication services; and
 - e. Procedures for assisting a resident in obtaining medication; and
2. Specify a process for review through the quality management program of:
- a. A medication administration error, and
 - b. An adverse reaction to a medication.
- B.** An administrator shall ensure that:
- 1. Policies and procedures for medication administration:
 - a. Are reviewed and approved by the director of nursing;
 - b. Specify the individuals who may:
 - i. Order medication, and
 - ii. Administer medication;
 - c. Ensure that medication is administered to a resident only as prescribed; and
 - d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record;
 - 2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law;
 - 3. A medication administered to a resident:
 - a. Is administered in compliance with an order, and
 - b. Is documented in the resident's medical record; and
 - 4. If a psychotropic medication is administered to a resident, the psychotropic medication:
 - a. Is only administered to a resident for a diagnosed medical condition; and
 - b. Unless clinically contraindicated or otherwise ordered by an attending physician or the attending physician's designee, is gradually reduced in dosage while the resident is simultaneously provided with interventions such as behavior and environment modification in an effort to discontinue the psychotropic medication, unless a dose reduction is attempted and the resident displays behavior justifying the need for the psychotropic medication, and the attending physician documents the necessity for the continued use and dosage.
- C.** An administrator shall ensure that:
- 1. A current drug reference guide is available for use by personnel members; and
 - 2. If pharmaceutical services are provided:
 - a. The pharmaceutical services are provided under the direction of a pharmacist;
 - b. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
 - c. A copy of the pharmacy license is provided to the Department upon request.

R9-10-426. Physical Plant Standards**A.** An administrator shall ensure that:

1. A nursing care institution complies with:
 - a. The applicable physical plant health and safety codes and standards, incorporated by reference in R9-10-104.01, that were in effect on the date the nursing care institution submitted architectural plans and specifications to the Department for approval according to R9-10-104; and
 - b. The requirements for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01;
2. The premises and equipment are sufficient to accommodate:
 - a. The services stated in the nursing care institution's scope of services, and
 - b. An individual accepted as a resident by the nursing care institution;
3. A nursing care institution is ventilated by windows or mechanical ventilation, or a combination of both;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

4. The corridors are equipped with handrails on each side that are firmly attached to the walls and are not in need of repair;
 5. No more than two individuals reside in a resident room unless:
 - a. The nursing care institution was operating before October 31, 1982; and
 - b. The resident room has not undergone a modification as defined in A.R.S. § 36-401;
 6. A resident has a separate bed, a nurse call system, and furniture to meet the resident's needs in a resident room or suite of rooms;
 7. A resident room has:
 - a. A window to the outside with window coverings for controlling light and visual privacy, and the location of the window permits a resident to see outside from a sitting position;
 - b. A closet with clothing racks and shelves accessible to the resident; and
 - c. If the resident room contains more than one bed, a curtain or similar type of separation between the beds for privacy; and
 8. A resident room or a suite of rooms:
 - a. Is accessible without passing through another resident's room; and
 - b. Does not open into any area where food is prepared, served, or stored.
- B.** If a swimming pool is located on the premises, an administrator shall ensure that:
1. The swimming pool is enclosed by a wall or fence that:
 - a. Is at least five feet in height as measured on the exterior of the wall or fence;
 - b. Has no vertical openings greater than four inches across;
 - c. Has no horizontal openings, except as described in subsection (B)(1)(e);
 - d. Is not chain-link;
 - e. Does not have a space between the ground and the bottom fence rail that exceeds four inches in height; and
 - f. Has a self-closing, self-latching gate that:
 - i. Opens away from the swimming pool,
 - ii. Has a latch located at least 54 inches from the ground, and
 - iii. Is locked when the swimming pool is not in use; and
 2. A life preserver or shepherd's crook is available and accessible in the pool area.
- C.** An administrator shall ensure that a spa that is not enclosed by a wall or fence as described in subsection (B)(1) is covered and locked when not in use.
- Historical Note**
- Adopted effective January 28, 1980 (Supp. 80-1). Section repealed by final rulemaking at 8 A.A.R. 2785, effective October 1, 2002 (Supp. 02-2). New Section R9-10-426 made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2). Amended by final expedited rulemaking, at 25 A.A.R. 3481 with an immediate effective date of November 5, 2019 (Supp. 19-4).
- R9-10-427. Quality Rating**
- A.** As required in A.R.S. § 36-425.02(A), the Department shall issue a quality rating to each licensed nursing care institution based on the results of a compliance inspection.
 - B.** The following quality ratings are established:
 1. A quality rating of "A" for excellent is issued if the nursing care institution achieves a score of 90 to 100 points,
 2. A quality rating of "B" is issued if the nursing care institution achieves a score of 80 to 89 points,
 3. A quality rating of "C" is issued if the nursing care institution achieves a score of 70 to 79 points, and
 4. A quality rating of "D" is issued if the nursing care institution achieves a score of 69 or fewer points.
 - C.** The quality rating is determined by the total number of points awarded based on the following criteria:
 1. Nursing Services:
 - a. 15 points: The nursing care institution is implementing a system that ensures residents are provided nursing services to maintain the resident's highest practicable physical, mental, and psychosocial well-being according to the resident's comprehensive assessment and care plan.
 - b. 5 points: The nursing care institution ensures that each resident is free from medication errors that resulted in actual harm.
 - c. 5 points: The nursing care institution ensures the resident's representative is notified and the resident's attending physician is consulted if a resident has a significant change in condition or if the resident is in an incident that requires medical services.
 2. Resident Rights:
 - a. 10 points: The nursing care institution is implementing a system that ensures a resident's privacy needs are met.
 - b. 10 points: The nursing care institution ensures that a resident is free from physical and chemical restraints for purposes other than to treat the resident's medical condition.
 - c. 5 points: The nursing care institution ensures that a resident or the resident's representative is allowed to participate in the planning of, or decisions concerning treatment including the right to refuse treatment and to formulate a health care directive.
 3. Administration:
 - a. 10 points: The nursing care institution has no repeat deficiencies that resulted in actual harm or immediate jeopardy to residents that were cited during the last compliance inspection or a complaint investigation conducted between the last compliance inspection and the current compliance inspection.
 - b. 5 points: The nursing care institution is implementing a system to prevent abuse of a resident and misappropriation of resident property, investigate each allegation of abuse of a resident and misappropriation of resident's property, and report each allegation of abuse of a resident and misappropriation of resident's property to the Department and as required by A.R.S. § 46-454.
 - c. 5 points: The nursing care institution is implementing a quality management program that addresses nursing care institution services provided to residents, resident complaints, and resident concerns, and documents actions taken for response, resolution, or correction of issues about nursing care institution services provided to residents, resident complaints, and resident concerns.

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- d. 1 point: The nursing care institution is implementing a system to provide social services and a program of ongoing recreational activities to meet the resident's needs based on the resident's comprehensive assessment.
- e. 1 point: The nursing care institution is implementing a system to ensure that records documenting freedom from infectious pulmonary tuberculosis are maintained for each personnel member, volunteer, and resident.
- f. 2 points: The nursing care institution is implementing a system to ensure that a resident is free from unnecessary drugs.
- g. 1 point: The nursing care institution is implementing a system to ensure a personnel member attends in-service education according to policies and procedures.
- 4. Environment and Infection Control:
 - a. 5 points: The nursing care institution environment is free from a condition or situation within the nursing care institution's control that may cause a resident injury.
 - b. 1 point: The nursing care institution establishes and maintains a pest control program that complies with A.A.C. R3-8-201(C)(4).
 - c. 1 point: The nursing care institution develops a written disaster plan that includes procedures for protecting the health and safety of residents.
 - d. 1 point: The nursing care institution ensures orientation to the disaster plan for each personnel member is completed within the first scheduled week of employment.
 - e. 1 point: The nursing care institution maintains a clean and sanitary environment.
 - f. 5 points: The nursing care institution is implementing a system to prevent and control infection.
 - g. 1 point: An employee cleans the employee's hands after each direct resident contact or when hand cleaning is indicated to prevent the spread of infection.
- 5. Food Services:
 - a. 1 point: The nursing care institution complies with 9 A.A.C. 8, Article 1, for food preparation, storage and handling as evidenced by a current food establishment license.
 - b. 3 points: The nursing care institution provides each resident with food that meets the resident's needs as specified in the resident's comprehensive assessment and care plan.
 - c. 2 points: The nursing care institution obtains input from each resident or the resident's representative and implements recommendations for meal planning and food choices consistent with the resident's dietary needs.
 - d. 2 points: The nursing care institution provides assistance to a resident who needs help in eating so that the resident's nutritional, physical, and social needs are met.
 - e. 1 point: The nursing care institution prepares menus at least one week in advance, conspicuously posts each menu, and adheres to each planned menu unless an uncontrollable situation such as food spoilage or non-delivery of a specified food requires substitution.
 - f. 1 point: The nursing care institution provides food substitution of similar nutritive value for residents who refuse the food served or who request a substitution.
- D. A nursing care institution's quality rating remains in effect until a subsequent compliance inspection or complaint investigation is conducted by the Department except as provided in subsection (E).
- E. If the Department issues a provisional license, the current quality rating is terminated. A provisional licensee may submit an application for a substantial compliance inspection. If the Department determines that, as a result of a substantial compliance inspection, the nursing care institution is in substantial compliance, the Department shall issue a new quality rating according to subsection (C).
- F. The issuance of a quality rating does not preclude the Department from seeking a civil penalty as provided in A.R.S. § 36-431.01, or suspension or revocation of a license as provided in A.R.S. § 36-427.

4. Policies and procedures are available to personnel members, employees, volunteers, and students; and
5. Unless otherwise stated:
- a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
 - b. When documentation or information is required by this Chapter to be submitted on behalf of an ICF/IID, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the ICF/IID.
- D.** An administrator shall designate an individual who is:
- 1. A qualified intellectual disabilities professional to oversee rehabilitation services provided by or on behalf of the ICF/IID; and
 - 2. If the facility is authorized to admit patients who require intermittent nursing services or continuous nursing services, a registered nurse is appointed as director of nursing to oversee nursing services provided by or on behalf of the ICF/IID.
- E.** If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was admitted or while the resident is not on the premises and not receiving services from an ICF/IID's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the resident as follows:
- 1. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
 - 2. For a resident under 18 years of age, according to A.R.S. § 13-3620.
- F.** If an administrator has a reasonable basis, according to A.R.S. §§ 13-3620 or 46-454, to believe that abuse, neglect, or exploitation has occurred on the premises or while a resident is receiving services from an ICF/IID's employee or personnel member, an administrator shall:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
 2. Report the suspected abuse, neglect, or exploitation of the resident as follows:
 - a. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
 - b. For a resident under 18 years of age, according to A.R.S. § 13-3620;
 3. Document:
 - a. The suspected abuse, neglect, or exploitation;
 - b. Any action taken according to subsection (F)(1); and
 - c. The report in subsection (F)(2);
 4. Maintain the documentation in subsection (F)(3) for at least 12 months after the date of the report in subsection (F)(2);
 5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (F)(2):
 - a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
 - b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
 - c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
 - d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
 6. Maintain a copy of the documented information required in subsection (F)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.
- G.** An administrator shall:
1. Allow a resident advocate to assist a resident or the resident's representative with a request or recommendation, and document in writing any complaint submitted to the ICF/IID;
 2. Ensure that a monthly schedule of recreational activities for residents is developed, documented, and implemented; and
 3. Ensure that the following are conspicuously posted on the premises:
 - a. The current ICF/IID license issued by the Department;
 - b. The name, address, and telephone number of:
 - i. The Department's Office of Long Term Care, and
 - ii. Adult Protective Services of the Department of Economic Security;
 - c. A notice that a resident may file a complaint with the Department concerning the ICF/IID;
 - d. The monthly schedule of recreational activities; and
 - e. One of the following:
 - i. A copy of the current license survey report with information identifying residents redacted, any subsequent reports issued by the Department, and any plan of correction that is in effect; or
 - ii. A notice that the current license survey report with information identifying residents redacted, any subsequent reports issued by the Department, and any plan of correction that is in effect are available for review upon request.
- H.** An administrator shall provide written notification to the Department of a resident's:
1. Death, if the resident's death is required to be reported according to A.R.S. § 11-593, within one working day after the resident's death; and
 2. Self-injury, within two working days after the resident inflicts a self-injury that requires immediate intervention by an emergency medical services provider.
- I.** An administrator shall:
1. Notify a resident's representative, family member, or other individual designated by the resident within one calendar day after:
 - a. The resident's death,
 - b. There is a significant change in the resident's medical condition, or
 - c. The resident has an illness or injury that requires immediate intervention by an emergency medical services provider or treatment by a health care provider; and
 2. For an illness or injury in subsection (I)(1)(c), document the following:
 - a. The date and time of the illness or injury;
 - b. A description of the illness or injury;
 - c. If applicable, the names of individuals who observed the injury;
 - d. The actions taken by personnel members, according to policies and procedures;
 - e. The individuals notified by the personnel members; and
 - f. Any action taken to prevent the illness or injury from occurring in the future.
- J.** If an administrator administers a resident's personal account at the request of the resident or the resident's representative, the administrator shall:
1. Comply with policies and procedures established according to subsection (C)(1)(q);
 2. Designate a personnel member who is responsible for the personal accounts;
 3. Maintain a complete and separate accounting of each personal account;
 4. Obtain written authorization from the resident or the resident's representative for a personal account transaction;
 5. Document an account transaction and provide a copy of the documentation to the resident or the resident's representative upon request and at least every three months;
 6. Transfer all money from the resident's personal account in excess of \$50.00 to an interest-bearing account and credit the interest to the resident's personal account; and
 7. Within 30 calendar days after the resident's death, transfer, or discharge, return all money in the resident's personal account and a final accounting to the resident, the resident's representative, or the probate jurisdiction administering the resident's estate.
- K.** If a petty cash fund is established for use by residents, the administrator shall ensure that:
1. The policies and procedures established according to subsection (C)(1)(r) include:
 - a. A prescribed cash limit of the petty cash fund, and
 - b. The hours of the day a resident may access the petty cash fund; and
 2. A resident's written acknowledgment is obtained for a petty cash transaction.
- L.** An administrator shall ensure that an acuity plan is developed, documented, and implemented for each unit in the ICF/IID that:
1. Includes:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- a. A method that establishes the types and numbers of personnel members that are required for each unit in the ICF/IID to ensure resident health and safety, and
 - b. A policy and procedure stating the steps the ICF/IID will take to obtain or assign the necessary personnel members to address resident acuity;
- 2. Is used when making assignments for resident treatment; and
- 3. Is reviewed and updated, as necessary, at least once every 12 months.
- M.** An administrator shall establish and document the criteria for determining when a resident's absence is unauthorized, including the criteria for a resident who:
 - 1. Is absent against medical advice,
 - 2. Is under the age of 18, or
 - 3. Does not return to the ICF/IID at the expected time after an authorized absence.
- N.** An administrator shall ensure that the following are on the premises of the ICF/IID:
 - 1. The most recent inspection report of the ICF/IID conducted by the Arizona Department of Economic Security under A.R.S. § 36-557(G)(1), and
 - 2. Documentation of the most recent monitoring of the ICF/IID conducted by the Arizona Department of Economic Security under A.R.S. § 36-557(G)(2).

1. On or before the date the individual begins providing services at or on behalf of the ICF/IID, and
2. As specified in R9-10-113.

G. An administrator shall ensure that:

1. The types and numbers of nurses or therapists required according to the acuity plan in R9-10-503(L) are present in each unit in the ICF/IID;
2. Documentation of the nurses or therapists present on the ICF/IID's premises each day is maintained and includes:
 - a. The date;
 - b. The number of residents;
 - c. The name, license or certification credential, and assigned duties of each nurse or therapist who worked that day; and
 - d. The actual number of hours each nurse or therapist worked that day; and
3. The documentation of nurses or therapists required in subsection (G)(2) is maintained for at least 12 months after the date of the documentation.

H. An administrator shall ensure that a personnel member is:

1. On duty, on the premises, awake, and able to respond, according to policies and procedures, to injuries, symptoms of illness, or fire or other emergencies on the premises if the ICF/IID provides services to:
 - a. More than 16 residents;
 - b. A resident who has a nursing care plan or medical care plan; or
 - c. A resident who requires additional supervision because the resident:
 - i. Is aggressive,
 - ii. May cause harm to self or others, or
 - iii. May attempt an unauthorized absence; and
2. On duty, on the premises, and able to respond, according to policies and procedures, to injuries, symptoms of illness, or fire or other emergencies on the premises if:
 - a. The ICF/IID provides services to 16 or fewer residents, and
 - b. None of the residents has a nursing care plan or medical care plan or requires additional supervision according to subsection (H)(1)(c).

I. An administrator shall ensure that a personnel record is maintained for each personnel member, employee, volunteer, or student that includes:

1. The individual's name, date of birth, and contact telephone number;
2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
3. Documentation of:
 - a. The individual's qualifications, including skills and knowledge applicable to the individual's job duties;
 - b. The individual's education and experience applicable to the individual's job duties;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- c. The individual's compliance with the requirements in A.R.S. § 36-411;
 - d. The ICF/IID's check on the individual in the adult protective services registry established according to A.R.S. § 46-459;
 - e. Orientation and in-service education as required by policies and procedures;
 - f. Training in preventing, recognizing, and reporting abuse or neglect, required according to R9-10-503(C)(1)(d)(i);
 - g. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;
 - h. The individual's qualifications and on-going training for each type of restraint or seclusion used, as required in R9-10-515;
 - i. Cardiopulmonary resuscitation training, if required for the individual according to R9-10-503(C)(1)(g);
 - j. First aid training, if required for the individual according to this Article or policies and procedures; and
 - k. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (F).
- J.** An administrator shall ensure that personnel records are:
- 1. Maintained:
 - a. Throughout the individual's period of providing services in or for the ICF/IID, and
 - b. For at least 24 months after the last date the individual provided services in or for the ICF/IID; and
 - 2. For a personnel member who has not provided active treatment or other physical health services or behavioral care at or for the ICF/IID during the previous 12 months, provided to the Department within 72 hours after the Department's request.
- K.** An administrator shall ensure that:
- 1. A plan to provide orientation specific to the duties of a personnel member, an employee, a volunteer, and a student is developed, documented, and implemented;
 - 2. A personnel member completes orientation before providing active treatment or other physical health services or behavioral care;
 - 3. An individual's orientation is documented, to include:
 - a. The individual's name,
 - b. The date of the orientation, and
 - c. The subject or topics covered in the orientation;
 - 4. A plan to provide in-service education specific to the duties of a personnel member is developed, documented, and implemented;
 - 5. A personnel member's in-service education is documented, to include:
 - a. The personnel member's name,
 - b. The date of the training, and
 - c. The subject or topics covered in the training; and
 - 6. A work schedule of each personnel member is developed and maintained at the ICF/IID for at least 12 months after the date of the work schedule.
- L.** An administrator shall designate a qualified individual to provide:
- 1. Social services, and
 - 2. Recreational activities.

R9-10-507. Admission

An administrator shall ensure that:

- 1. A resident is admitted only:
 - a. On a physician's order;
 - b. If the resident has a developmental disability or cognitive disability, as defined in A.R.S. § 36-551;
 - c. If the resident's placement evaluation indicates that the resident's needs can be met by the ICF/IID; and
 - d. Except when the resident's placement evaluation states that the resident would benefit from being part of a group that includes residents of different ages, developmental levels, or social needs, if the resident can be assigned to a room or unit within the ICF/IID with other residents of similar ages, developmental levels, or social needs;
- 2. The physician's admitting order or placement evaluation documentation includes the active treatment or other physical health services or behavioral care required to meet the immediate needs of a resident, such as habilitation services, medication, and food services;
- 3. At the time of a resident's admission, a registered nurse conducts or coordinates an initial assessment on a resident to determine the resident's acuity and ensure the resident's immediate needs are met;
- 4. A resident's needs do not exceed the medical services, rehabilitation services, and nursing services available at the ICF/IID as established in the ICF/IID's scope of services;
- 5. A resident is assigned to a unit in the ICF/IID based, as applicable, on the patient's:
 - a. Documented diagnosis,
 - b. Treatment needs,
 - c. Developmental level,
 - d. Social skills,
 - e. Verbal skills, and
 - f. Acuity;
- 6. A resident does not share any space, participate in any activity or treatment, or verbally or physically interact with any other resident that, based on the other resident's documented diagnosis, treatment needs, developmental level, social skills, verbal skills, and personal history, may present a threat to the resident's health and safety;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

7. Within 30 calendar days before admission or 10 working days after admission, a medical history and physical examination is completed on a resident by:
 - a. A physician, or
 - b. A physician assistant or a registered nurse practitioner designated by the attending physician;
8. Compliance with the requirements in subsection (7) is documented in the resident's medical record;
9. Except as specified in subsection (10), a resident provides evidence of freedom from infectious tuberculosis:
 - a. Before or within seven calendar days after the resident's admission, and
 - b. As specified in R9-10-113; and
10. A resident who transfers from an ICF/IID or nursing care institution to the ICF/IID is not required to be rescreened for tuberculosis or provide another written statement by a physician, physician assistant, or registered nurse practitioner as specified in R9-10-113 if:
 - a. Fewer than 12 months have passed since the resident was screened for tuberculosis or since the date of the written statement, and
 - b. The documentation of freedom from infectious tuberculosis required in subsection (9) accompanies the resident at the time of transfer.

R9-10-508. Transfer; Discharge

- A. An administrator, in coordination with the Arizona Department of Economic Security, Division of Developmental Disabilities, shall ensure that:
 1. A resident is transferred or discharged if:
 - a. The ICF/IID is not authorized or not able to meet the needs of the resident, or
 - b. The resident's behavior is a threat to the health or safety of the resident or other individuals at the ICF/IID; and
 2. Documentation of a resident's transfer or discharge includes:
 - a. The date of the transfer or discharge;
 - b. The reason for the transfer or discharge;
 - c. A 30-day written notice except:
 - i. In an emergency, or
 - ii. If the resident no longer requires rehabilitation services or habilitation services as determined by a physician or the physician's designee;
 - d. A notation by a physician or the physician's designee if the transfer or discharge is due to any of the reasons listed in subsection (A)(1); and
 - e. If applicable, actions taken by a personnel member to protect the resident or other individuals if the resident's behavior is a threat to the health and safety of the resident or other individuals in the ICF/IID and beyond the ICF/IID's scope of services.
- B. Except for a transfer of a resident due to an emergency, an administrator shall ensure that:
 1. A qualified intellectual disabilities professional or, if the resident has a nursing care plan or medical care plan, a registered nurse coordinates the transfer and the services provided to the resident;
 2. According to policies and procedures:
 - a. An evaluation of the resident is conducted before the transfer;

R9-10-514. Individual Program Plan

- A. An administrator shall ensure that:
 - 1. A comprehensive assessment of a resident:
 - a. Is conducted or coordinated by a qualified intellectual disabilities professional, in collaboration with an interdisciplinary team that includes:
 - i. The resident's attending physician or designee;
 - ii. A registered nurse;
 - iii. If the resident is receiving medications as part of active treatment, a pharmacist; and
 - iv. Personnel members qualified to provide each type of rehabilitation services identified in a placement evaluation or the initial assessment required in R9-10-507(3);
 - b. Is completed for the resident within 30 calendar days after the resident's admission to an ICF/IID;
 - c. Is updated:
 - i. No later than 12 months after the date of the resident's last comprehensive assessment, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- ii. When the resident experiences a significant change;
- d. Includes the following information for the resident:
 - i. Identifying information;
 - ii. An evaluation of the resident's hearing, speech, and vision;
 - iii. An evaluation of the resident's ability to understand and recall information;
 - iv. An evaluation of the resident's mental status;
 - v. Whether the resident demonstrates inappropriate behavior;
 - vi. Preferences for customary routine and activities;
 - vii. An evaluation of the resident's ability to perform activities of daily living;
 - viii. Need for a mobility device;
 - ix. An evaluation of the resident's ability to control the resident's bladder and bowels;
 - x. Any diagnosis that impacts rehabilitation services or other physical health services or behavioral care that the resident may require;
 - xi. Any medical conditions that impact the resident's functional status, quality of life, or need for nursing services;
 - xii. An evaluation of the resident's ability to maintain adequate nutrition and hydration;
 - xiii. An evaluation of the resident's oral and dental status;
 - xiv. An evaluation of the condition of the resident's skin;
 - xv. Identification of any medication or treatment administered to the resident during a seven-day calendar period that includes the time the comprehensive assessment was conducted;
 - xvi. Identification of any treatment or medication ordered for the resident;
 - xvii. Identification of interventions that may support the resident towards independence;
 - xviii. Identification of any assistive devices needed by the resident;
 - xix. Identification of the active treatment needed by the resident, including active treatment not provided by the ICF/IID;
 - xx. Identification of measurable goals and behavioral objective for the active treatment, in priority order, with time limits for attainment;
 - xxi. Identification of the methods, schedule, and strategies to accomplish the goals in subsection (A)(1)(d)(xviii), including the personnel member responsible;
 - xxii. Evaluation procedures for determining if the methods and strategies in subsection (A)(1)(d)(xix) are working, including the type of data required and frequency of collection;
 - xxiii. Whether any restraints have been used for the resident during a seven-day calendar period that includes the time the comprehensive assessment was conducted;
 - xxiv. If the resident demonstrates inappropriate behavior, as reported according to subsection (A)(1)(d)(v), identification of the methods, schedule, and strategies for replacement of the inappropriate behavior with appropriate behavioral expressions, including the hierarchy for use;
- xxv. If restraint or seclusion is included in subsection (A)(1)(d)(xxiv), the specific restraints or conditions of seclusion that may be used because of the resident's inappropriate behavior;
- xxvi. A description of the resident or resident's representative's participation in the comprehensive assessment;
- xxvii. The name and title of the interdisciplinary team members who participated in the resident's comprehensive assessment;
- xxviii. Potential for rehabilitation, including the resident's strengths and specific developmental or behavioral health needs; and
- xxix. Potential for discharge;
- e. Is signed and dated by the qualified intellectual disabilities professional who conducts or coordinates the comprehensive assessment or review; and
- f. Is used to determine or update the resident's acuity;
- 2. If any of the conditions in subsection (A)(1)(d)(v) are answered in the affirmative during the comprehensive assessment or review, a behavioral health professional reviews a resident's comprehensive assessment or review and individual program plan to ensure that the resident's needs for behavioral care are being met;
- 3. A new comprehensive assessment is not required for a resident who is hospitalized and readmitted to an ICF/IID unless a physician, an individual designated by the physician, a qualified intellectual disabilities professional, or a registered nurse determines the resident has a significant change in condition; and
- 4. A resident's comprehensive assessment is reviewed at least once every three months after the date of the current comprehensive assessment and if there is a significant change in the resident's condition by:
 - a. A qualified intellectual disabilities professional; and
 - b. If the resident has a nursing care plan or medical care plan, a registered nurse.
- B. An administrator shall ensure that an individual program plan for a resident:
 - 1. Is developed, documented, and implemented for the resident within seven calendar days after completing the resident's comprehensive assessment required in subsection (A)(1);
 - 2. Includes the acuity of the resident;
 - 3. Is reviewed at least annually by the interdisciplinary team required in subsection (A)(1)(a) and revised based on any change to the resident's comprehensive assessment; and
 - 4. Ensures that a resident is provided rehabilitation services and other physical health services or behavioral care that:
 - a. Address any medical condition or behavioral care issue identified in the resident's comprehensive assessment, and
 - b. Assist the resident in maintaining the resident's highest practicable well-being according to the resident's comprehensive assessment.

Amended by exempt rulemaking, at 26 A.A.R. 72 with an effective date of January 1, 2020 (Supp. 19-4).

R9-10-515. Seclusion; Restraint**A.** An administrator shall ensure that:

1. An ICF/IID's policies and procedures for managing a resident's inappropriate behavior, as described in R9-10-503(C)(2)(g) are reviewed, approved, and monitored through the quality management process in R9-10-504; and
2. Restraint is provided according to the requirements in subsection (C).

B. An administrator of an ICF/IID authorized to provide seclusion shall ensure that:

1. Seclusion is provided according to the requirements in subsection (C);
2. If a resident is placed in seclusion, the room used for seclusion:
 - a. Is approved for use as a seclusion room by the Department;
 - b. Is not used as a resident's bedroom or a sleeping area;
 - c. Allows full view of the resident in all areas of the room;
 - d. Is free of hazards, such as unprotected light fixtures or electrical outlets;
 - e. Contains at least 60 square feet of floor space; and
 - f. Except as provided in subsection (B)(3), contains a non-adjustable bed that:
 - i. Consists of a mattress on a solid platform that is:
 - (1) Constructed of a durable, non-hazardous material; and
 - (2) Raised off of the floor;
 - ii. Does not have wire springs or a storage drawer; and
 - iii. Is securely anchored in place;
3. If a room used for seclusion does not contain a non-adjustable bed required in subsection (B)(2)(f):
 - a. A piece of equipment is available that:
 - i. Is commercially manufactured to safely and humanely restrain a resident's body;
 - ii. Provides support to the trunk and head of a resident's body;
 - iii. Provides restraint to the trunk of a resident's body;
 - iv. Is able to restrict movement of a resident's arms, legs, body, and head;
 - v. Allows a resident's body to recline; and
 - vi. Does not inflict harm on a resident's body; and
 - b. Documentation of the manufacturer's specifications for the piece of equipment in subsection (B)(3)(a) is maintained; and
4. A seclusion room may be used for services or activities other than seclusion if:

- a. A sign stating the service or activity scheduled or being provided in the room is conspicuously posted outside the room;
- b. No permanent equipment other than the bed required in subsection (B)(2)(f) is in the room;
- c. Policies and procedures:
 - i. Delineate which services or activities other than seclusion may be provided in the room,
 - ii. List what types of equipment or supplies may be placed in the room for the delineated services, and
 - iii. Provide for the prompt removal of equipment and supplies from the room before the room is used for seclusion; and
- d. The sign required in subsection (B)(4)(a) and equipment and supplies in the room, other than the bed required in subsection (B)(2)(f), are removed before use as a seclusion room.

C. An administrator shall ensure that:

1. Policies and procedures for providing restraint or seclusion are established, documented, and implemented to protect the health and safety of a resident that:
 - a. Establish the process for resident assessment, including identification of a resident's medical conditions and criteria for the on-going monitoring of any identified medical condition;
 - b. Identify each type of restraint or seclusion used and include for each type of restraint or seclusion used:
 - i. The qualifications of a personnel member who can:
 - (1) Order the restraint or seclusion,
 - (2) Place a resident in the restraint or seclusion,
 - (3) Monitor a resident in the restraint or seclusion,
 - (4) Evaluate a resident's physical and psychological well-being after being placed in the restraint or seclusion and when released from the restraint or seclusion, or
 - (5) Renew the order for restraint or seclusion;
 - ii. On-going training requirements for a personnel member who has direct resident contact while the resident is in a restraint or seclusion; and
 - iii. Criteria for monitoring and assessing a resident including:
 - (1) Frequencies of monitoring and assessment based on a resident's medical condition and risks associated with the specific restraint or seclusion;
 - (2) For the renewal of an order for restraint or seclusion, whether an assessment is required before the order is renewed and, if an assessment is required, who may conduct the assessment;
 - (3) Assessment content, which may include, depending on a resident's condition, the resident's vital signs, respiration, circulation, hydration needs, elimination needs, level of distress and agitation, mental status, cognitive functioning, neurological functioning, and skin integrity;
 - (4) If a mechanical restraint is used, how often the mechanical restraint is loosened; and
 - (5) A process for meeting a resident's nutritional needs and elimination needs;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- c. Establish the criteria and procedures for renewing an order for restraint or seclusion;
- d. Establish procedures for internal review of the use of restraint or seclusion; and
- e. Establish medical record and personnel record documentation requirements for restraint and seclusion, if applicable;
- 2. An order for restraint or seclusion is:
 - a. Obtained from a physician or registered nurse practitioner, and
 - b. Not written as a standing order or on an as-needed basis;
- 3. Restraint or seclusion is:
 - a. Not used as a means of coercion, discipline, convenience, or retaliation;
 - b. Only used when all of the following conditions are met:
 - i. Except as provided in subsection (C)(4), after obtaining an order for the restraint or seclusion;
 - ii. For the management of a resident's aggressive, violent, or self-destructive behavior;
 - iii. When less restrictive interventions have been determined to be ineffective; and
 - iv. To ensure the immediate physical safety of the resident, to prevent imminent harm to the resident or another individual, or to stop physical harm to another individual; and
 - c. Discontinued at the earliest possible time;
- 4. If as a result of a resident's aggressive, violent, or self-destructive behavior, harm to the resident or another individual is imminent or the resident or another individual is being physically harmed, a personnel member:
 - a. May initiate an emergency application of restraint or seclusion for the resident before obtaining an order for the restraint or seclusion, and
 - b. Obtains an order for the restraint or seclusion of the resident during the emergency application of the restraint or seclusion;
- 5. An order for restraint or seclusion includes:
 - a. The name of the physician or registered nurse practitioner ordering the restraint or seclusion;
 - b. The date and time that the restraint or seclusion was ordered;
 - c. The specific restraint or seclusion ordered;
 - d. If a drug is ordered as a chemical restraint, the drug's name, strength, dosage, and route of administration;
 - e. The specific criteria for release from restraint or seclusion without an additional order; and
 - f. The maximum duration authorized for the restraint or seclusion;
- 6. An order for restraint or seclusion is limited to the duration of the emergency situation and does not exceed three continuous hours;
- 7. If an order for restraint or seclusion of a resident is not provided by the resident's attending physician, the resident's attending physician is notified as soon as possible;
- 8. A medical practitioner or personnel member does not participate in restraint or seclusion, assess or monitor a resident during restraint or seclusion, or evaluate a resident after restraint or seclusion, and a physician or registered nurse practitioner does not order restraint or seclusion, until the medical practitioner or personnel member, completes education and training that:
 - a. Includes:
 - i. Techniques to identify medical practitioner, personnel member, and resident behaviors, events, and environmental factors that may trigger circumstances that require restraint or seclusion;
 - ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods;
 - iii. Techniques for identifying the least restrictive intervention based on an assessment of the resident's medical or behavioral health condition;
 - iv. The safe use of restraint and the safe use of seclusion, including training in how to recognize and respond to signs of physical and psychological distress in a resident who is restrained or secluded;
 - v. Clinical identification of specific behavioral changes that indicate that the restraint or seclusion is no longer necessary;
 - vi. Monitoring and assessing a resident while the resident is in restraint or seclusion according to policies and procedures; and
 - vii. Except for the medical practitioner, training exercises in which the personnel member successfully demonstrates the techniques that the medical practitioner or personnel member has learned for managing emergency situations; and
 - b. Is provided by individuals qualified according to policies and procedures;
- 9. When a resident is placed in restraint or seclusion:
 - a. The restraint or seclusion is conducted according to policies and procedures;
 - b. The restraint or seclusion is proportionate and appropriate to the severity of the resident's behavior and the resident's:
 - i. Chronological and developmental age;
 - ii. Size;
 - iii. Gender;
 - iv. Physical condition;
 - v. Medical condition;
 - vi. Psychiatric condition; and
 - vii. Personal history, including any history of physical or sexual abuse;
 - c. The physician or registered nurse practitioner who ordered the restraint or seclusion is available for consultation throughout the duration of the restraint or seclusion;
 - d. The resident is monitored and assessed according to policies and procedures;
 - e. A physician or registered nurse assesses the resident within one hour after the resident is placed in the restraint or seclusion and determines:
 - i. The resident's current behavior,
 - ii. The resident's reaction to the restraint or seclusion used,
 - iii. The resident's medical and behavioral condition, and
 - iv. Whether to continue or terminate the restraint or seclusion;
 - f. The resident is given the opportunity:
 - i. To eat during mealtime, and
 - ii. To use the toilet; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- g. The restraint or seclusion is discontinued at the earliest possible time, regardless of the length of time identified in the order;
- 10. A medical practitioner or personnel member documents the following information in a resident's medical record before the end of the shift in which the resident is placed in restraint or seclusion or, if the resident's restraint or seclusion does not end during the shift in which it began, during the shift in which the resident's restraint or seclusion ends:
 - a. The emergency situation that required the resident to be restrained or put in seclusion,
 - b. The times the resident's restraint or seclusion actually began and ended,
 - c. The monitoring required in subsection (C)(9)(d),
 - d. The time of the assessment required in subsection (C)(9)(e),
 - e. The names of the medical practitioners and personnel members with direct resident contact while the resident was in the restraint or seclusion,
 - f. The times the resident was given the opportunity to eat or use the toilet according to subsection (C)(9)(f), and
 - g. The resident evaluation required in subsection (C)(12);
- 11. If an emergency situation continues beyond the time limit of an order for restraint or seclusion, the order is renewed according to policies and procedures that include:
 - a. The specific criteria for release from restraint or seclusion without an additional order, and
 - b. The maximum duration authorized for the restraint or seclusion; and
- 12. A resident is evaluated after restraint or seclusion is no longer being used for the resident.

R9-10-516. Physical Health Services**A.** An administrator shall ensure that:

- 1. A resident has an attending physician;
- 2. An attending physician is available 24 hours a day;
- 3. An attending physician designates a physician who is available when the attending physician is not available;
- 4. A physical examination is performed on a resident by a physician or by a physician assistant or registered nurse

practitioner designated by the resident's attending physician:

- a. If indicated, based on the resident's placement evaluation or comprehensive assessment; and
- b. At least once every 12 months after the date of admission, including an assessment of the acuity of the resident's medical condition;
- 5. If a resident's physical examination, placement evaluation, or comprehensive assessment indicates a need for:
 - a. Intermittent nursing services, the resident's attending physician, in conjunction with the director of nursing, develops a nursing care plan of treatment for the resident, which is integrated into the resident's individual program plan; or
 - b. Continuous nursing services, the resident's attending physician, in conjunction with the director of nursing, develops a medical care plan of treatment for the resident, which is integrated into the resident's individual program plan; and
- 6. Vaccinations for influenza and pneumonia are available to each resident at least once every 12 months unless:
 - a. The attending physician provides documentation that the vaccination is medically contraindicated;
 - b. The resident or the resident's representative refuses the vaccination or vaccinations and documentation is maintained in the resident's medical record that the resident or the resident's representative has been informed of the risks and benefits of a vaccination refused; or
 - c. The resident or the resident's representative provides documentation that the resident received a pneumonia vaccination within the last five years or the current recommendation from the U.S. Department of Health and Human Services, Center for Disease Control and Prevention.

B. An administrator shall ensure that:

- 1. Nursing services are available 24 hours a day in an ICF/IID;
- 2. For an ICF/IID authorized to admit a resident requiring:
 - a. Continuous nursing services, a registered nurse is on the premises; or
 - b. Intermittent nursing services, a nurse is on the premises according to the schedule in a resident's nursing care plan; and
- 3. The director of nursing or an individual designated by the director of nursing participates in the quality management program.

C. A director of nursing shall ensure that:

- 1. A method is established and documented that identifies the types and numbers of nursing personnel that are necessary to provide nursing services to residents based on:
 - a. The acuity of the residents, and
 - b. The ICF/IID's scope of services;
- 2. Sufficient nursing personnel, as determined by the method in subsection (C)(1), are on the ICF/IID's premises to meet the needs of a resident for nursing services;
- 3. A registered nurse participates in the development, review, and updating of a resident's nursing care plan or medical care plan;
- 4. Personnel members providing direct care to a resident with a nursing care plan or medical care plan receive direction from a nurse;
- 5. At least once every three months, a nurse:
 - a. Assesses the health of a resident without a nursing care plan or medical care plan;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- b. Documents the results in the resident's medical record; and
 - c. If the assessment indicates the need for physical health services or behavioral care, initiates action, according to policies and procedures, to address the resident's needs;
 - 6. Nursing personnel provide education and training to:
 - a. Residents on hygiene and other behaviors that promote health; and
 - b. Personnel members on:
 - i. Detecting signs of illness or injury or significant changes in condition,
 - ii. First aid, and
 - iii. Basic skills for caring for residents;
 - 7. As soon as possible but not more than 24 hours after one of the following events occur, a nurse notifies a resident's attending physician and, if applicable, the resident's representative, if the resident:
 - a. Is injured,
 - b. Is involved in an incident that requires medical services, or
 - c. Has a significant change in condition; and
 - 8. Only a medication required by an order is administered to a resident.
- D.** An administrator shall ensure that:
- 1. Dental services are provided to a resident by an individual licensed as:
 - a. A dentist under A.R.S. Title 32, Chapter 11, Article 2; or
 - b. A dental hygienist under A.R.S. Title 32, Chapter 11, Article 4;
 - 2. If needed, based on a resident's initial assessment, a dentist or dental hygienist in subsection (D)(1) participates as part of an interdisciplinary team in the development of the resident's individual program plan;
 - 3. A resident is provided with a complete dental examination within one month after admission, unless the ICF/IID has documentation of the resident's dental examination completed within 12 months before admission;
 - 4. If a resident's dental examination indicates the resident needs dental treatment:
 - a. A dentist or dental hygienist in subsection (D)(1) participates as part of an interdisciplinary team in the review and updating of the resident's individual program plan, and
 - b. The resident is provided with dental treatment;
 - 5. A dental examination is performed by a dentist or dental hygienist in subsection (D)(1) on a resident at least once every 12 months and treatment is provided as needed;
 - 6. If needed, a resident is provided with emergency dental services;
 - 7. A resident is provided with education and training in oral hygiene; and
 - 8. A resident's medical record contains documentation of:
 - a. Each dental examination of the resident,
 - b. All dental treatment provided to the resident, and
 - c. The resident's education and training in oral hygiene.
- E.** An administrator shall ensure that:
- 1. A resident's vision and hearing are assessed as part of the resident's comprehensive assessment and, if applicable, as part of the update of the comprehensive assessment; and
 - 2. If an issue is identified with the resident's vision or hearing, the resident is provided, as applicable, with:
 - a. Treatment to address the identified issue, or

- b. An assistive device to address an issue.

R9-10-517. Behavioral Care

- A.** An administrator shall ensure that:
- 1. A resident who receives behavioral care from the ICF/IID is evaluated by a behavioral health professional or medical practitioner:
 - a. Within 30 calendar days before the resident is admitted to the ICF/IID or before the resident begins receiving behavioral care, and
 - b. At least once every six months throughout the duration of the resident's need for behavioral care;
 - 2. A behavioral health professional or medical practitioner:
 - a. Documents that the behavioral care needed by the resident is within the ICF/IID's scope of services, and
 - b. Includes measurable objectives for the behavioral care and the methods for meeting the objectives in the resident's individual program plan; and
 - 3. The documentation in subsection (A)(2) is included in the resident's medical record.
- B.** If a resident of an ICF/IID requires behavioral health services provided by a behavioral health professional on an intermittent basis as part of behavioral care, an administrator shall ensure that:
- 1. The behavioral health services are provided by a behavioral health professional licensed or certified to provide the type of behavioral health services required by the resident; and
 - 2. Except for a psychotropic drug used as a chemical restraint or administered according to an order from a court of competent jurisdiction, informed consent is obtained from a resident or the resident's representative for a psychotropic drug and documented in the resident's medical record before the psychotropic drug is administered to the resident.

R9-10-518. Clinical Laboratory Services

If clinical laboratory services are authorized to be provided on an ICF/IID's premises, an administrator shall ensure that:

1. Clinical laboratory services and pathology services are provided through a laboratory that holds a certificate of accreditation, certificate of compliance, or certificate of waiver issued by the United States Department of Health and Human Services under the 1988 amendments to the Clinical Laboratories Improvement Act of 1967;
2. A copy of the certificate of accreditation, certificate of compliance, or certificate of waiver in subsection (1) is provided to the Department for review upon the Department's request;
3. The ICF/IID:
 - a. Is able to provide the clinical laboratory services delineated in the ICF/IID's scope of services when needed by the residents;
 - b. Obtains specimens for the clinical laboratory services delineated in the ICF/IID's scope of services without transporting the residents from the ICF/IID's premises; and
 - c. Has the examination of the specimens performed by a clinical laboratory;
4. Clinical laboratory and pathology test results are:
 - a. Available to the ordering physician:
 - i. Within 24 hours after the test is complete with results if the test is performed at a laboratory on the ICF/IID's premises; or
 - ii. Within 24 hours after the test result is received if the test is performed at a laboratory outside of the ICF/IID's premises; and
 - b. Documented in a resident's medical record;
5. If a test result is obtained that indicates a resident may have an emergency medical condition, as established in policies and procedures, personnel notify:
 - a. The ordering physician;
 - b. A registered nurse in the resident's assigned unit;
 - c. The ICF/IID's administrator; or
 - d. The director of nursing;
6. If a clinical laboratory report is completed on a resident, a copy of the report is included in the resident's medical record;
7. If the ICF/IID provides blood or blood products, policies and procedures are established, documented, and implemented for:
 - a. Procuring, storing, transfusing, and disposing of blood or blood products;
 - b. Blood typing, antibody detection, and blood compatibility testing; and

- c. Investigating transfusion adverse reactions that specify a process for review through the quality management program; and
8. Expired laboratory supplies are discarded according to policies and procedures.

R9-10-519. Respiratory Care Services

If respiratory care services are authorized to be provided on an ICF/IID's premises, an administrator shall ensure that:

1. Respiratory care services are provided under the direction of an attending physician;
2. Respiratory care services are provided according to an order that includes:
 - a. The resident's name;
 - b. The name and signature of the ordering individual;
 - c. The type, frequency, and, if applicable, duration of treatment;
 - d. The type and dosage of medication and diluent; and
 - e. The oxygen concentration or oxygen liter flow and method of administration;
3. Respiratory care services provided to a resident are documented in the resident's medical record and include:
 - a. The date and time of administration;
 - b. The type of respiratory care services provided;
 - c. The effect of the respiratory care services;
 - d. The resident's adverse reaction to the respiratory care services, if any; and
 - e. The authentication of the individual providing the respiratory care services; and
4. Any area or unit that performs blood gases or clinical laboratory tests complies with the requirements in R9-10-518.

R9-10-520. Medication Services

A. An administrator shall ensure that policies and procedures for medication services:

1. Include:
 - a. A process for providing information to a resident about medication prescribed for the resident including:
 - i. The prescribed medication's anticipated results,

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- ii. The prescribed medication's potential adverse reactions,
 - iii. The prescribed medication's potential side effects, and
 - iv. Potential adverse reactions that could result from not taking the medication as prescribed;
 - b. Procedures for preventing, responding to, and reporting:
 - i. A medication error,
 - ii. An adverse response to a medication, or
 - iii. A medication overdose;
 - c. Procedures to ensure that a pharmacist reviews a resident's medications at least once every three months and provides documentation to the resident's attending physician and the director of nursing indicating potential medication problems such as incompatible or duplicative medications;
 - d. Procedures for documenting medication services; and
 - e. Procedures for assisting a resident in obtaining medication; and
 - 2. Specify a process for review through the quality management program of:
 - a. A medication administration error, and
 - b. An adverse reaction to a medication.
- B.** An administrator shall ensure that:
- 1. Policies and procedures for medication administration:
 - a. Are reviewed and approved by a pharmacist;
 - b. Specify the individuals who may:
 - i. Order medication, and
 - ii. Administer medication;
 - c. Ensure that medication is administered to a resident only as prescribed; and
 - d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record;
 - 2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law;
 - 3. A medication administered to a resident:
 - a. Is administered in compliance with an order, and
 - b. Is documented in the resident's medical record; and
 - 4. If a psychotropic medication is administered to a resident, the psychotropic medication:
 - a. Is only administered to a resident for a diagnosed medical condition; and
 - b. Unless clinically contraindicated or otherwise ordered by an attending physician or the attending physician's designee, is gradually reduced in dosage while the resident is simultaneously provided with interventions such as behavior and environment modification in an effort to discontinue the psychotropic medication, unless a dose reduction is attempted and the resident displays behavior justifying the need for the psychotropic medication, and the attending physician documents the necessity for the continued use and dosage.
- C.** If an ICF/IID provides assistance in the self-administration of medication, an administrator shall ensure that:
- 1. A resident's medication is stored by the ICF/IID;
 - 2. The following assistance is provided to a resident:
 - a. A reminder when it is time to take the medication;
 - b. Opening the medication container for the resident;
 - c. Observing the resident while the resident removes the medication from the container;
 - d. Verifying that the medication is taken as ordered by the resident's attending physician by confirming that:
 - i. The resident taking the medication is the individual stated on the medication container label,
 - ii. The resident is taking the dosage of the medication stated on the medication container label or according to an order from the resident's attending physician dated later than the date on the medication container label, and
 - iii. The resident is taking the medication at the time stated on the medication container label or according to an order from the resident's attending physician dated later than the date on the medication container label; or
 - e. Observing the resident while the resident takes the medication;
3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by the resident's attending physician or registered nurse;
4. Training for a personnel member, other than a physician, physician assistant, or registered nurse, in assistance in the self-administration of medication:
- a. Is provided by the resident's attending physician, another physician, a physician assistant, or a registered nurse or an individual trained by a physician, physician assistant, or registered nurse; and
 - b. Includes:
 - i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
 - ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
 - iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
5. A personnel member, other than a physician, physician assistant, or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
6. Assistance in the self-administration of medication provided to a resident:
- a. Is in compliance with an order, and
 - b. Is documented in the resident's medical record.
- D.** An administrator shall ensure that:
- 1. A current drug reference guide is available for use by personnel members; and
 - 2. If pharmaceutical services are provided:
 - a. The pharmaceutical services are provided under the direction of a pharmacist;
 - b. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
 - c. A copy of the pharmacy license is provided to the Department upon request.
- E.** When medication is stored at an ICF/IID, an administrator shall ensure that:
- 1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
 - 2. Medication is stored according to the instructions on the medication container; and
 - 3. Policies and procedures are established, documented, and implemented to protect the health and safety of a resident for:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication including expired medication;
 - b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
 - c. A medication recall and notification of residents who received recalled medication; and
 - d. Storing, inventorying, and dispensing controlled substances.
- F.** An administrator shall ensure that a personnel member immediately reports a medication error or a resident's adverse reaction to a medication to the resident's attending physician or the physician who ordered the medication and the ICF/IID's director of nursing.
- a. Collected in a manner to minimize or prevent contamination;
 - b. Bagged at the site of use; and
 - c. Maintained separate from clean linen and clothing and away from food storage, kitchen, or dining areas;
- 6. A resident's personal laundry is washed separately from towels, sheets, and bedding; and
 - 7. A personnel member, an employee, or a volunteer washes hands or uses a hand disinfection product after a resident contact and after handling soiled linen, soiled clothing, or potentially infectious material.

R9-10-521. Infection Control

An administrator shall ensure that:

- 1. An infection control program is established, under the direction of an individual qualified according to policies and procedures, to prevent the development and transmission of infections and communicable diseases including:
 - a. A method to identify and document infections occurring at the ICF/IID;
 - b. Analysis of the types, causes, and spread of infections and communicable diseases at the ICF/IID;
 - c. The development of corrective measures to minimize or prevent the spread of infections and communicable diseases at the ICF/IID; and
 - d. Documentation of infection control activities including:
 - i. The collection and analysis of infection control data,
 - ii. The actions taken related to infections and communicable diseases, and
 - iii. Reports of communicable diseases to the governing authority and state and county health departments;
- 2. Infection control documentation is maintained for at least 12 months after the date of the documentation;
- 3. Policies and procedures are established, documented, and implemented that cover:
 - a. Handling and disposal of biohazardous medical waste;
 - b. Sterilization, disinfection, and storage of medical equipment and supplies;
 - c. Using personal protective equipment such as aprons, gloves, gowns, masks, or face protection when applicable;
 - d. Cleaning of an individual's hands when the individual's hands are visibly soiled and before and after providing a service to a resident;
 - e. Cleaning of a resident's bedroom, furniture, and bedding after the resident's discharge before the bedroom is reassigned to another resident;
 - f. Training of personnel members, employees, and volunteers in infection control practices; and
 - g. Work restrictions for a personnel member with a communicable disease or infected skin lesion;
- 4. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures;
- 5. Soiled linen and clothing are:

R9-10-522. Food Services

A. An administrator shall ensure that:

- 1. The ICF/IID has a license or permit as a food establishment under 9 A.A.C. 8, Article 1;
- 2. A copy of the ICF/IID's food establishment license or permit is maintained;
- 3. If the ICF/IID contracts with a food establishment, as established in 9 A.A.C. 8, Article 1, to prepare and deliver food to the ICF/IID:
 - a. A copy of the contracted food establishment's license or permit under 9 A.A.C. 8, Article 1 is maintained by the ICF/IID; and
 - b. The ICF/IID is able to store, refrigerate, and reheat food to meet the dietary needs of a resident;
- 4. A registered dietitian:
 - a. Participates as part of an interdisciplinary team for a resident requiring a modified or special diet,
 - b. Reviews a food menu before the food menu is used to ensure that a resident's nutritional needs are being met,
 - c. Documents the review of a food menu, and
 - d. Is available for consultation regarding a resident's nutritional needs; and
- 5. If a registered dietitian is not employed full-time, an individual is designated as a director of food services who consults with a registered dietitian as often as necessary to ensure that the nutritional needs of a resident are met.

B. A registered dietitian or director of food services shall ensure that:

- 1. Food is prepared:
 - a. Using methods that conserve nutritional value, flavor, and appearance; and
 - b. In a form to meet the needs of a resident such as cut, chopped, ground, pureed, or thickened;
- 2. A food menu:
 - a. Is prepared at least one week in advance,
 - b. Includes the foods to be served on each day,
 - c. Is conspicuously posted at least one day before the first meal on the food menu will be served,
 - d. Includes any food substitution no later than the morning of the day of meal service with a food substitution, and
 - e. Is maintained for at least 60 calendar days after the last day included in the food menu;
- 3. Meals and snacks for each day are planned and served using the applicable guidelines in <http://www.health.gov/dietaryguidelines/2015.asp>;
- 4. A resident is provided:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- a. A diet that meets the resident's nutritional needs as specified in the resident's comprehensive assessment and individual program plan;
 - b. Food served in sufficient quantities to meet the resident's nutritional needs and at an appropriate temperature;
 - c. Three meals a day with not more than 14 hours between the evening meal and breakfast, except as provided in subsection (B)(4)(e);
 - d. The option to have a daily evening snack identified in subsection (B)(4)(e)(ii) or other snack; and
 - e. The option to extend the time span between the evening meal and breakfast from 14 hours to 16 hours if:
 - i. A resident group agrees; and
 - ii. The resident is offered an evening snack that includes meat, fish, eggs, cheese, or other protein, and a serving from either the fruit and vegetable food group or the bread and cereal food group;
 5. A resident is provided with food substitutions of similar nutritional value if:
 - a. The resident refuses to eat the food served, or
 - b. The resident requests a substitution;
 6. Recommendations and preferences are requested from a resident or the resident's representative for meal planning;
 7. If food is used as a part of a program to manage a resident's inappropriate behavior:
 - a. A special diet is included as part of the resident's individual program plan, and
 - b. The special diet is reviewed and evaluated by a physician and a dietitian to ensure the special diet meets the resident's nutritional needs;
 8. Meals are served to residents at tables in a dining area and in a manner that allows the resident to eat from an upright position, unless otherwise specified in the resident's individual program plan or by an attending physician;
 9. A resident requiring assistance to eat is provided with assistance that recognizes the resident's nutritional, physical, and social needs, including the use of adaptive eating equipment or utensils;
 10. Personnel members supervise meals in dining areas to:
 - a. Direct a resident's self-help dining procedures,
 - b. Ensure a resident consumes enough food to meet the resident's nutritional needs, and
 - c. Ensure that a resident eats in a manner consistent with the resident's developmental level;
 11. Tableware, utensils, equipment, and food-contact surfaces are clean and in good repair; and
 12. Water is available and accessible to residents.
- ii. Assigned responsibilities for each employee and personnel member, and
 - iii. A plan for continuing to provide services to meet a resident's needs;
 - c. How a resident's medical record will be available to individuals providing services to the resident during a disaster;
 - d. A plan for back-up power and water supply;
 - e. A plan to ensure a resident's medications will be available to administer to the resident during a disaster;
 - f. A plan to ensure a resident is provided nursing services, rehabilitation services, and other services required by the resident during a disaster; and
 - g. A plan for obtaining food and water for individuals present in the ICF/IID or the ICF/IID's relocation site during a disaster;
 2. Personnel members receive training on the content and use of the disaster plan required in subsection (A)(1);
 3. The disaster plan required in subsection (A)(1) is reviewed at least once every 12 months;
 4. Documentation of a disaster plan review required in subsection (A)(3) is created, is maintained for at least 12 months after the date of the disaster plan review, and includes:
 - a. The date and time of the disaster plan review;
 - b. The name of each personnel member, employee, or volunteer participating in the disaster plan review;
 - c. A critique of the disaster plan review; and
 - d. If applicable, recommendations for improvement;
 5. A disaster drill for employees is conducted on each shift at least once every three months and documented;
 6. An evacuation drill for employees is conducted on each shift at least once every three months and documented;
 7. An evacuation drill for residents:
 - a. Is conducted at least once each year on each shift and documented; and
 - b. Includes all residents on the premises except for:
 - i. A resident whose medical record contains documentation that evacuation from the ICF/IID would cause harm to the resident, and
 - ii. Sufficient personnel members to ensure the health and safety of residents not evacuated according to subsection (A)(7)(b)(i);
 8. Documentation of each evacuation drill is created, is maintained for at least 12 months after the date of the drill, and includes:
 - a. The date and time of the evacuation drill;
 - b. The amount of time taken for employees and residents to evacuate to a designated area;
 - c. If applicable:
 - i. An identification of residents needing assistance for evacuation, and
 - ii. An identification of residents who were not evacuated;
 - d. Any problems encountered in conducting the evacuation drill; and
 - e. Recommendations for improvement, if applicable; and
 9. An evacuation path is conspicuously posted on each hallway of each floor of the ICF/IID.

B. An administrator shall ensure that, if an ICF/IID has:

1. More than 16 residents or a resident who has a medical care plan or whose medical record contains documentation that evacuation from the ICF/IID would cause harm to the resident:

Historical Note

R9-10-523. Emergency and Safety Standards**A. An administrator shall ensure that:**

1. A disaster plan is developed, documented, maintained in a location accessible to personnel members and other employees, and, if necessary, implemented that includes:
 - a. A floor plan of the facility showing emergency protection equipment, evacuation routes, and exits;
 - b. When, how, and where residents will be relocated, including:
 - i. Instructions for the evacuation or transfer of residents,

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- a. A fire alarm system is installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01, and is in working order; and
 - b. A sprinkler system is installed according to the National Fire Protection Association 13 Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01, and is in working order; and
 2. Sixteen or fewer residents, none of whom have a medical care plan or whose medical record contains documentation that evacuation from the ICF/IID would cause harm to the resident:
 - a. A fire alarm system and a sprinkler system meeting the requirements in subsection (B)(1) are installed and in working order; or
 - b. The ICF/IID has:
 - i. A fire extinguisher that is:
 - (1) Labeled as rated at least 2A-10-BC by the Underwriters Laboratories;
 - (2) Accessible to personnel members and inaccessible to residents;
 - (3) If a disposable fire extinguisher, replaced when its indicator reaches the red zone; and
 - (4) If a rechargeable fire extinguisher, is serviced at least once every 12 months, as documented by a tag attached to the fire extinguisher that specifies the date of the last servicing and the identification of the person who serviced the fire extinguisher; and
 - ii. Smoke detectors that are:
 - (1) Installed in each bedroom, hallway that adjoins a bedroom, storage room, laundry room, attached garage, and room or hallway adjacent to the kitchen, and other places recommended by the manufacturer;
 - (2) Either battery operated or, if hard-wired into the electrical system of the ICF/IID, has a back-up battery;
 - (3) In working order; and
 - (4) Tested at least once a month, with documentation of the test maintained for at least 12 months after the date of the test.
 - C. An administrator shall:
 1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
 2. Make any repairs or corrections stated on the fire inspection report, and
 3. Maintain documentation of a current fire inspection.
 - D. An administrator shall ensure that, if applicable, a sign is placed at the entrance to a room or area indicating that oxygen is in use.
- Historical Note**

- R9-10-524. Environmental Standards**
- A. An administrator shall ensure that:
 1. An ICF/IID's premises and equipment are:
 - a. Cleaned and disinfected according to policies and procedures or manufacturer's instructions to prevent, minimize, and control illness and infection; and
 - b. Free from a condition or situation that may cause a resident or an individual to suffer physical injury;
 2. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
 3. Equipment used to provide direct care is:
 - a. Maintained in working order;
 - b. Tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
 - c. Used according to the manufacturer's recommendations;
 4. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of the testing, calibration, or repair;
 5. Garbage and refuse are:
 - a. In areas used for food storage, food preparation, or food service, stored in a covered container lined with a plastic bag;
 - b. In areas not used for food storage, food preparation, or food service, stored:
 - i. According to the requirements in subsection (A)(5)(a), or
 - ii. In a paper-lined or plastic-lined container that is cleaned and sanitized as often as necessary to ensure that the container is clean; and
 - c. Removed from the premises at least once a week;
 6. Heating and cooling systems maintain the ICF/IID at a temperature between 70° F and 84° F;
 7. Common areas:
 - a. Are lighted to assure the safety of residents, and
 - b. Have lighting sufficient to allow personnel members to monitor resident activity;
 8. The supply of hot and cold water is sufficient to meet the personal hygiene needs of residents and the cleaning and sanitation requirements in this Article;
 9. The temperature of the hot water does not exceed 120° F;
 10. Linens are clean before use, without holes and stains, and not in need of repair;
 11. Oxygen containers are secured in an upright position;
 12. Poisonous or toxic materials stored by the ICF/IID are maintained in labeled containers in a locked area separate from food preparation and storage, dining areas, and medications and are inaccessible to residents;
 13. Combustible or flammable liquids stored by the ICF/IID are stored in the original labeled containers or safety containers in a locked area inaccessible to residents;
 14. If pets or animals are allowed in the ICF/IID, pets or animals are:
 - a. Controlled to prevent endangering the residents and to maintain sanitation;
 - b. Licensed consistent with local ordinances; and
 - c. For a dog or cat, vaccinated against rabies;
 15. If a water source that is not regulated under 18 A.A.C. 4 by the Arizona Department of Environmental Quality is used:
 - a. The water source is tested at least once every 12 months for total coliform bacteria and fecal coliform or *E. coli* bacteria;
 - b. If necessary, corrective action is taken to ensure the water is safe to drink; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- c. Documentation of testing is retained for at least 12 months after the date of the test; and
 - 16. If a non-municipal sewage system is used, the sewage system is in working order and is maintained according to all applicable state laws and rules.
 - B.** An administrator shall ensure that:
 - 1. Smoking tobacco products are not permitted within an ICF/IID; and
 - 2. Smoking tobacco products may be permitted outside an ICF/IID if:
 - a. Signs designating smoking areas are conspicuously posted, and
 - b. Smoking is prohibited in areas where combustible materials are stored or in use.
 - C.** If a swimming pool is located on the premises, an administrator shall ensure that:
 - 1. At least one personnel member with cardiopulmonary resuscitation training that meets the requirements in R9-10-503(C)(1)(g) is present in the pool area when a resident is in the pool area, and
 - 2. At least two personnel members are present in the pool area when two or more residents are in the pool area.
- Historical Note**

- R9-10-525. Physical Plant Standards**
- A.** An administrator shall ensure that, if an ICF/IID has:
 - 1. More than 16 residents, the ICF/IID complies with:
 - a. The applicable physical plant health and safety codes and standards, incorporated by reference in R9-10-104.01, that were in effect on the earlier of:
 - i. The date the ICF/IID was originally certified as an ICF/IID by the federal Centers for Medicare and Medicaid Services, or
 - ii. The date the ICF/IID submitted architectural plans and specifications to the Department for approval according to R9-10-104; and
 - b. The requirements for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01; and
 - 2. Sixteen or fewer residents, the ICF/IID complies with the requirements for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01.
 - B.** An administrator shall ensure that:
 - 1. The premises and equipment are sufficient to accommodate:

 4. Policies and procedures are available to personnel members, employees, volunteers, and students; and
 5. Unless otherwise stated:
 - a. Documentation required by this Article is provided to the Department within two hours after a Department request; and
 - b. When documentation or information is required by this Chapter to be submitted on behalf of a behavioral health residential facility, the documentation or

information is provided to the unit in the Department that is responsible for licensing and monitoring the behavioral health residential facility.

- D. If an applicant requests or a behavioral health residential facility has a licensed capacity of 10 or more residents, an administrator shall designate a clinical director who:
 1. Provides direction for the behavioral health services provided by or at the behavioral health residential facility;
 2. Is a behavioral health professional; and
 3. May be the same individual as the administrator, if the individual meets the qualifications in subsections (A)(2)(b) and (D)(1) and (2).
- E. Except for respite services, an administrator shall ensure that medical services, nursing services, health-related services, or ancillary services provided by a behavioral health residential facility are only provided to a resident who is expected to be present in the behavioral health residential facility for more than 24 hours.
- F. An administrator shall provide written notification to the Department of a resident's:
 1. Death, if the resident's death is required to be reported according to A.R.S. § 11-593, within one working day after the resident's death; and
 2. Self-injury, within two working days after the resident inflicts a self-injury or has an accident that requires immediate intervention by an emergency medical services provider.
- G. If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was admitted or while the resident is not on the premises and not receiving services from a behavioral health residential facility's employee or personnel member, an administrator shall report the alleged or suspected abuse, neglect, or exploitation of the resident as follows:
 1. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
 2. For a resident under 18 years of age, according to A.R.S. § 13-3620.
- H. If an administrator has a reasonable basis, according to A.R.S. § 13-3620 or 46-454, to believe abuse, neglect, or exploitation has occurred on the premises or while a resident is receiving services from a behavioral health residential facility's employee or personnel member, the administrator shall:
 1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
 2. Report the suspected abuse, neglect, or exploitation of the resident:
 - a. For a resident 18 years of age or older, according to A.R.S. § 46-454; or
 - b. For a resident under 18 years of age, according to A.R.S. § 13-3620;
 3. Document:
 - a. The suspected abuse, neglect, or exploitation;
 - b. Any action taken according to subsection (H)(1); and
 - c. The report in subsection (H)(2);
 4. Maintain the documentation in subsection (H)(3) for at least 12 months after the date of the report in subsection (H)(2);
 5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in (H)(2):
 - a. The dates, times, and description of the suspected abuse, neglect, or exploitation;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
 - c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
 - d. The actions taken by the administrator to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
- 6. Maintain a copy of the documented information required in subsection (H)(5) and any other information obtained during the investigation for at least 12 months after the date the investigation was initiated.
- I.** An administrator shall:
 - 1. Establish and document requirements regarding residents, personnel members, employees, and other individuals entering and exiting the premises;
 - 2. Establish and document guidelines for meeting the needs of an individual residing at a behavioral health residential facility with a resident, such as a child accompanying a parent in treatment, if applicable;
 - 3. If children under the age of 12, who are not admitted to a behavioral health residential facility, are residing at the behavioral health residential facility and being cared for by employees or personnel members, ensure that:
 - a. An employee or personnel member caring for children has current cardiopulmonary resuscitation and first aid training specific to the ages of children being cared for; and
 - b. The staff-to-children ratios in A.A.C. R9-5-404(A) are maintained, based on the age of the youngest child in the group;
 - 4. Establish and document the process for responding to a resident's need for immediate and unscheduled behavioral health services or physical health services;
 - 5. Establish and document the criteria for determining when a resident's absence is unauthorized, including criteria for a resident who:
 - a. Was admitted under A.R.S. Title 36, Chapter 5, Articles 3, 4, or 5;
 - b. Is absent against medical advice; or
 - c. Is under the age of 18;
 - 6. If a resident's absence is unauthorized as determined according to the criteria in subsection (I)(5), within an hour after determining that the resident's absence is unauthorized, notify:
 - a. For a resident who is under 18 years of age, the resident's parent or legal guardian; and
 - b. For a resident who is under a court's jurisdiction, the appropriate court;
 - 7. Maintain a written log of unauthorized absences for at least 12 months after the date of a resident's absence that includes the:
 - a. Name of a resident absent without authorization,
 - b. Name of the individual to whom the report required in subsection (I)(6) was submitted, and
 - c. Date of the report; and
 - 8. Evaluate and take action related to unauthorized absences under the quality management program in R9-10-704.
- J.** An administrator shall ensure that a personnel member who is able to read, write, understand, and communicate in English is on the premises of the behavioral health residential facility.
- K.** An administrator shall ensure that the following information or documents are conspicuously posted on the premises and are available upon request to a personnel member, employee, resident, or a resident's representative:
 - 1. The behavioral health residential facility's current license,
 - 2. The location at which inspection reports required in R9-10-720(C) are available for review or can be made available for review, and
 - 3. The calendar days and times when a resident may accept visitors or make telephone calls.
- L.** An administrator shall ensure that:
 - 1. Labor performed by a resident for the behavioral health residential facility is consistent with A.R.S. § 36-510;
 - 2. A resident who is a child is only released to the child's custodial parent, guardian, or custodian or as authorized in writing by the child's custodial parent, guardian, or custodian;
 - 3. The administrator obtains documentation of the identity of the parent, guardian, custodian, or family member authorized to act on behalf of a resident who is a child; and
 - 4. A resident, who is an incapacitated person according to A.R.S. § 14-5101 or who is gravely disabled, is assisted in obtaining a resident's representative to act on the resident's behalf.
- M.** If an administrator determines that a resident is incapable of handling the resident's financial affairs, the administrator shall:
 - 1. Notify the resident's representative or contact a public fiduciary or a trust officer to take responsibility of the resident's financial affairs, and
 - 2. Maintain documentation of the notification required in subsection (M)(1) in the resident's medical record for at least 12 months after the date of the notification.
- N.** If an administrator manages a resident's money through a personal funds account, the administrator shall ensure that:
 - 1. Policies and procedure are established, developed, and implemented for:
 - a. Using resident's funds in a personal funds account,
 - b. Protecting resident's funds in a personal funds account,
 - c. Investigating a complaint about the use of resident's funds in a personal funds account and ensuring that the complaint is investigated by an individual who does not manage the personal funds account,
 - d. Processing each deposit into and withdrawal from a personal funds account, and
 - e. Maintaining a record for each deposit into and withdrawal from a personal funds account; and
 - 2. The personal funds account is only initiated after receiving a written request that:
 - a. Is provided:
 - i. Voluntarily by the resident,
 - ii. By the resident's representative, or
 - iii. By a court of competent jurisdiction;
 - b. May be withdrawn at any time; and
 - c. Is maintained in the resident's record.

R4-6-101.
- E. An administrator shall ensure that:
 - 1. A plan to provide orientation, specific to the duties of a personnel member, an employee, a volunteer, or a student, is developed, documented, and implemented;
 - 2. A personnel member completes orientation before providing behavioral health services or physical health services;
 - 3. An individual's orientation is documented, to include:
 - a. The individual's name,
 - b. The date of the orientation, and
 - c. The subject or topics covered in the orientation;
 - 4. A written plan is developed and implemented to provide in-service education specific to the duties of a personnel member; and
 - 5. A personnel member's in-service education is documented, to include:
 - a. The personnel member's name,
 - b. The date of the training, and
 - c. The subject or topics covered in the training.
- F. An administrator shall ensure that a personnel member, or an employee, a volunteer, or a student who has or is expected to have more than eight hours of direct interaction per week with residents, provides evidence of freedom from infectious tuberculosis:
 - 1. On or before the date the individual begins providing services at or on behalf of the behavioral health residential facility, and
 - 2. As specified in R9-10-113.
- G. An administrator shall ensure that a personnel record is maintained for each personnel member, employee, volunteer, or student that includes:
 - 1. The individual's name, date of birth, and contact telephone number;
 - 2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
 - 3. Documentation of:
 - a. The individual's qualifications, including skills and knowledge applicable to the individual's job duties;
 - b. The individual's education and experience applicable to the individual's job duties;
 - c. The individual's completed orientation and in-service education as required by policies and procedures;
 - d. The individual's license or certification, if the individual is required to be licensed or certified in this Article or policies and procedures;
 - e. The individual's compliance with the requirements in A.R.S. §§ 36-411, 36-411.01, and 36-425.03, as applicable;
 - f. If the individual is a behavioral health technician, clinical oversight required in R9-10-115;
 - g. Cardiopulmonary resuscitation training, if required for the individual according to R9-10-703(C)(1)(e);
 - h. First aid training, if required for the individual according to this Article or policies and procedures; and
 - i. Evidence of freedom from infectious tuberculosis, if required for the individual according to subsection (F).
- H. An administrator shall ensure that personnel records are:
 - 1. Maintained:
 - a. Throughout an individual's period of providing services in or for the behavioral health residential facility, and
 - b. For at least 24 months after the last date the individual provided services in or for the behavioral health residential facility; and
 - 2. For a personnel member who has not provided physical health services or behavioral health services at or for the behavioral health residential facility during the previous 12 months, provided to the Department within 72 hours after the Department's request.
- I. An administrator shall ensure that a personnel member who is recidivism reduction staff at an adult residential care institution:
 - 1. Submits an application for a fingerprint clearance card according to A.R.S. § 36-411; and
 - 2. If the personnel member is denied a fingerprint clearance card, is evaluated to determine whether the personnel member:
 - a. Has successfully completed treatment for recidivism reduction as shown by:
 - i. Documentation of completion of treatment for recidivism reduction;
 - ii. If applicable, continued negative results on random drug screening tests;
 - iii. If applicable, continued participation in a self-help group, such as Alcoholics Anonymous or Narcotics Anonymous, or a support group related to the personnel member's behavioral health issue; and
 - iv. No arrests or convictions of the personnel member related to the reason for denial of the fingerprint clearance card within the previous two years; and
 - b. Is not likely to be a threat to the health or safety of staff or residents through:
 - i. Review of the reasons for denial of a fingerprint clearance card;
 - ii. Assessment of the situations or circumstances that may have contributed to the reasons for denial of a fingerprint clearance card;
 - iii. Review of the steps taken by the personnel member to address the situations or circumstances that may have contributed to the reasons for denial of a fingerprint clearance card;
 - iv. Observation of the personnel member's interactions with residents while under direct visual supervision, as defined in A.R.S. § 36-411, by

- personnel members having a valid fingerprint clearance card; and
- v. Institution of any other methods, according to policies and procedures, specific to the:
 - (1) Behavioral health residential facility;
 - (2) Issues of the residents that place them at risk for a future threat of prosecution, diversion, or incarceration; and
 - (3) Recidivism reduction services that are expected to be provided by the personnel member.

J. An administrator shall ensure that the following personnel members have first-aid and cardiopulmonary resuscitation training specific to the populations served by the behavioral health residential facility:

1. At least one personnel member who is present at the behavioral health residential facility during hours of operation of the behavioral health residential facility, and
2. Each personnel member participating in an outing.

K. An administrator shall ensure that:

1. At least one personnel member is present and awake at the behavioral health residential facility when a resident is on the premises;
2. In addition to the personnel member in subsection (K)(1), at least one personnel member is on-call and available to come to the behavioral health residential facility if needed;
3. There is a daily staffing schedule that:
 - a. Indicates the date, scheduled work hours, and name of each employee assigned to work, including on-call personnel members;
 - b. Includes documentation of the employees who work each calendar day and the hours worked by each employee; and
 - c. Is maintained for at least 12 months after the last date on the documentation;
4. A behavioral health professional is present at the behavioral health residential facility or on-call;
5. A registered nurse is present at the behavioral health residential facility or on-call; and
6. If a resident requires services that the behavioral health residential facility is not authorized or not able to provide, a personnel member arranges for the resident to be transported to a hospital or another health care institution where the services can be provided.

R9-10-707. Admission; Assessment

A. An administrator shall ensure that:

1. A resident is admitted based upon:
 - a. The resident's primary condition for which the resident is admitted to the behavioral health residential facility being a behavioral health issue, and
 - b. The resident's behavioral health issue and treatment needs are within the behavioral health residential facility's scope of services;
2. A behavioral health professional, authorized by policies and procedures to admit a resident, is available;
3. General consent is obtained from:
 - a. An adult resident or the resident's representative before or at the time of admission, or
 - b. A resident's representative, if the resident is not an adult;
4. The general consent obtained in subsection (A)(3) is documented in the resident's medical record;
5. Except as provided in subsection (E)(1)(a), a medical practitioner performs a medical history and physical examination or a registered nurse performs a nursing assessment on a resident within 30 calendar days before admission or within 72 hours after admission and documents the medical history and physical examination or nursing assessment in the resident's medical record within 72 hours after admission;
6. If a medical practitioner performs a medical history and physical examination or a nurse performs a nursing assessment on a resident before admission, the medical practitioner enters an interval note or the nurse enters a progress note in the resident's medical record within seven calendar days after admission;
7. If a behavioral health assessment is conducted by a:
 - a. Behavioral health technician or registered nurse, within 24 hours a behavioral health professional, certified or licensed to provide the behavioral health services needed by the resident, reviews and signs the behavioral health assessment to ensure that the behavioral health assessment identifies the behavioral health services needed by the resident; or
 - b. Behavioral health paraprofessional, a behavioral health professional, certified or licensed to provide the behavioral health services needed by the resident, supervises the behavioral health paraprofessional during the completion of the assessment and signs the assessment to ensure that the assessment identifies the behavioral health services needed by the resident;
8. Except as provided in subsection (A)(9), a behavioral health assessment for a resident is completed before treatment for the resident is initiated;
9. If a behavioral health assessment that complies with the requirements in this Section is received from a behavioral health provider other than the behavioral health residential facility or if the behavioral health residential facility has a medical record for the resident that contains a behavioral health assessment that was completed within 12 months before the date of the resident's current admission:
 - a. The resident's assessment information is reviewed before treatment for the resident is initiated and updated if additional information that affects the resident's assessment is identified, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- b. The review and update of the resident's assessment information is documented in the resident's medical record within 48 hours after the review is completed;
 - 10. A behavioral health assessment:
 - a. Documents a resident's:
 - i. Presenting issue;
 - ii. Substance abuse history;
 - iii. Co-occurring disorder;
 - iv. Legal history, including:
 - (1) Custody,
 - (2) Guardianship, and
 - (3) Pending litigation;
 - v. Criminal justice record;
 - vi. Family history;
 - vii. Behavioral health treatment history;
 - viii. Symptoms reported by the resident; and
 - ix. Referrals needed by the resident, if any;
 - b. Includes:
 - i. Recommendations for further assessment or examination of the resident's needs,
 - ii. The physical health services or ancillary services that will be provided to the resident until the resident's treatment plan is completed, and
 - iii. The signature and date signed of the personnel member conducting the behavioral health assessment; and
 - c. Is documented in resident's medical record;
 - 11. A resident is referred to a medical practitioner if a determination is made that the resident requires immediate physical health services or the resident's behavioral health issue may be related to the resident's medical condition; and
 - 12. Except as provided in subsection (E)(1)(d), a resident provides evidence of freedom from infectious tuberculosis:
 - a. Before or within seven calendar days after the resident's admission, and
 - b. As specified in R9-10-113.
- B.** An administrator shall ensure that:
- 1. A request for participation in a resident's behavioral health assessment is made to the resident or the resident's representative,
 - 2. An opportunity for participation in the resident's behavioral health assessment is provided to the resident or the resident's representative, and
 - 3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the resident's medical record.
- C.** An administrator shall ensure that a resident's behavioral health assessment information is documented in the medical record within 48 hours after completing the behavioral health assessment.
- D.** If information in subsection (A)(10) is obtained about a resident after the resident's behavioral health assessment is completed, an administrator shall ensure that an interval note, including the information, is documented in the resident's medical record within 24 hours after the information is obtained.
- E.** If a behavioral health residential facility is authorized to provide respite services, an administrator shall ensure that:
- 1. Upon admission of a resident for respite services:
 - a. Except as provided in subsection (F), a medical history and physical examination of the resident:
 - i. Is performed; or
 - ii. If dated within the previous 12 months, is available in the resident's medical record from a previous admission to the behavioral health residential facility;
 - b. A treatment plan that meets the requirements in R9-10-708:
 - i. Is developed; or
 - ii. If dated within the previous 12 months, is available in the resident's medical record from a previous admission to the behavioral health residential facility;
 - c. If a treatment plan, dated within the previous 12 months, is available, the treatment plan is reviewed, updated, and documented in the resident's medical record; and
 - d. The resident is not required to comply with the requirements in subsection (A)(12) if the resident is not expected to be present in the behavioral health residential facility:
 - i. For more than seven consecutive days, or
 - ii. For 10 days or more days in a 90-consecutive-day period;
2. The common area required in R9-10-722(B)(1)(b) provides at least 25 square feet for each resident, including residents who do not stay overnight; and
3. In addition to the requirements in R9-10-722(B)(3), toilets and hand-washing sinks are available to residents, including residents who do not stay overnight, as follows:
- a. There is at least one working toilet that flushes and has a seat and one sink with running water for every 10 residents,
 - b. There are at least two working toilets that flush and have seats and two sinks with running water if there are 11 to 25 residents, and
 - c. There is at least one additional working toilet that flushes and has a seat and one additional sink with running water for each additional 20 residents.
- F.** A medical history and physical examination is not required for a child who is admitted or expected to be admitted to a residential behavioral health facility for less than 10 days in a 90-consecutive-day period.

R9-10-708. Treatment Plan

- A.** An administrator shall ensure that a treatment plan is developed and implemented for each resident that:
1. Is based on the medical history and physical examination or nursing assessment required in R9-10-707(A)(5) or (E)(1)(a) and the behavioral health assessment required in R9-10-707(A)(8) or (9) and on-going changes to the behavioral health assessment of the resident;
 2. Is completed:
 - a. By a behavioral health professional or a behavioral health technician under the clinical oversight of a behavioral health professional, and
 - b. Before the resident receives physical health services or behavioral health services or within 48 hours after the assessment is completed;
 3. Is documented in the resident's medical record within 48 hours after the resident first receives physical health services or behavioral health services;
 4. Includes:
 - a. The resident's presenting issue;
 - b. The physical health services or behavioral health services to be provided to the resident;
 - c. The signature of the resident or the resident's representative and date signed, or documentation of the refusal to sign;
 - d. The date when the resident's treatment plan will be reviewed;
 - e. If a discharge date has been determined, the treatment needed after discharge; and
 - f. The signature of the personnel member who developed the treatment plan and the date signed;
 5. If the treatment plan was completed by a behavioral health technician, is reviewed and signed by a behavioral health professional within 24 hours after the completion of the treatment plan to ensure that the treatment plan is complete and accurate and meets the resident's treatment needs; and
 6. Is reviewed and updated on an on-going basis:
 - a. According to the review date specified in the treatment plan,
 - b. When a treatment goal is accomplished or changed,
 - c. When additional information that affects the resident's behavioral health assessment is identified, and
 - d. When a resident has a significant change in condition or experiences an event that affects treatment.
- B.** An administrator shall ensure that:
1. A request for participation in developing a resident's treatment plan is made to the resident or the resident's representative,
 2. An opportunity for participation in developing the resident's treatment plan is provided to the resident or the resident's representative, and
 3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the resident's medical record.

R9-10-709. Discharge

- A.** An administrator shall ensure that a discharge plan for a resident is:
1. Developed that:
 - a. Identifies any specific needs of the resident after discharge,
 - b. Is completed before discharge occurs, and
 - c. Includes a description of the level of care that may meet the resident's assessed and anticipated needs after discharge;
 2. Documented in the resident's medical record within 48 hours after the discharge plan is completed; and
 3. Provided to the resident or the resident's representative before the discharge occurs.
- B.** An administrator shall ensure that:
1. A request for participation in developing a resident's discharge plan is made to the resident or the resident's representative,
 2. An opportunity for participation in developing the resident's discharge plan is provided to the resident or the resident's representative, and
 3. The request in subsection (B)(1) and the opportunity in subsection (B)(2) are documented in the resident's medical record.
- C.** An administrator shall ensure that a resident is discharged from a behavioral health residential facility when the resident's treatment needs are not consistent with the services that the behavioral health residential facility is authorized and able to provide.
- D.** An administrator shall ensure that there is a documented discharge order by a medical practitioner or behavioral health professional before a resident is discharged unless the resident leaves the behavioral health residential facility against a medical practitioner's or behavioral health professional's advice.
- E.** An administrator shall ensure that, at the time of discharge, a resident receives a referral for treatment or ancillary services that the resident may need after discharge, if applicable.
- F.** If a resident is discharged to any location other than a health care institution, an administrator shall ensure that:
1. Discharge instructions are documented, and
 2. The resident or the resident's representative is provided with a copy of the discharge instructions.
- G.** An administrator shall ensure that a discharge summary for a resident:
1. Is entered into the resident's medical record within 10 working days after a resident's discharge; and
 2. Includes:
 - a. The following information authenticated by a medical practitioner or behavioral health professional:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

 - i. By establishing and providing an educational component, approved in writing by the Arizona Department of Education; or
 - ii. As arranged and documented by the administrator through the local school district.
- E.** An administrator shall ensure that:
- 1. An emergency safety response is:
 - a. Only used:
 - i. By a personnel member trained to use an emergency safety response,
 - ii. For the management of a resident's violent or self-destructive behavior; and
 - iii. When less restrictive interventions have been determined to be ineffective; and
 - b. Discontinued at the earliest possible time, but no longer than five minutes after the emergency safety response is initiated;
 - 2. Within 24 hours after an emergency safety response is used for a resident, the following information is entered into the resident medical record:
 - a. The date and time the emergency safety response was used;
 - b. The name of each personnel member who used an emergency safety response;
 - c. The specific emergency safety response used;
 - d. The personnel member or resident behavior, event, or environmental factor that caused the need for the emergency safety response; and
 - e. Any injury that resulted from the use of the emergency safety response;
 - 3. Within 10 working days after an emergency safety response is used for a resident, the administrator or clinical director reviews the information in subsection (E)(2); and
 - 4. After the review required in subsection (E)(3), the following information is entered, according to policies and procedures, into the resident's medical record:
 - a. Actions taken or planned actions to prevent the need for the use of an emergency safety response for the resident,
 - b. A determination of whether the resident is appropriately placed at the behavioral health residential facility, and
 - c. Whether the resident's treatment plan was reviewed or needs to be reviewed and amended to ensure that the resident's treatment plan is meeting the resident's treatment needs.
- F.** An administrator shall ensure that:
- 1. A personnel member whose job description includes the ability to use an emergency safety response:
 - a. Completes training in crisis intervention that includes:
 - i. Techniques to identify personnel member and resident behaviors, events, and environmental factors that may trigger the need for the use of an emergency safety response;
 - ii. The use of nonphysical intervention skills, such as de-escalation, mediation, conflict resolution, active listening, and verbal and observational methods; and
 - iii. The safe use of an emergency safety response including the ability to recognize and respond to signs of physical distress in a client who is receiving an emergency safety response; and
 - b. Completes training required in subsection (F)(1)(a):
 - i. Before providing behavioral health services, and
 - ii. At least once every 12 months after the date the personnel member completed the initial training;
 - 2. Documentation of the completed training in subsection (F)(1)(a) includes:
 - a. The name and credentials of the individual providing the training,
 - b. Date of the training, and
 - c. Verification of a personnel member's ability to use the training; and
 - 3. The materials used to provide the completed training in crisis intervention, including handbooks, electronic presentations, and skills verification worksheets, are maintained for at least 12 months after each personnel member who received training using the materials no longer provides services at the behavioral health residential facility.

R9-10-717.01. Recidivism Reduction Services

An administrator of a behavioral health residential facility that is an adult residential care institution and is authorized to provide recidivism reduction services shall ensure that:

1. A personnel member who is recidivism reduction staff at the adult residential care institution does not provide:
 - a. Behavioral health services other than recidivism reduction services; or
 - b. Recidivism reduction services to a resident who has not been referred by a physician, behavioral health professional, or court of competent jurisdiction to receive recidivism reduction services;
2. The adult residential care institution accepts an individual as a resident only if the individual:
 - a. Is at least 18 years of age; and
 - b. Has documentation of a referral to receive recidivism reduction services that:
 - i. Was made by a physician, behavioral health professional, or court of competent jurisdiction; and
 - ii. Complies with the requirements in A.R.S. § 36-411.01(D);
3. The referral is included in the resident's medical record; and
4. The recidivism reduction services provided to a resident are:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- a. Consistent with the age, developmental level, physical ability, medical condition, and treatment needs of the resident; and
- b. Provided by recidivism reduction staff whose experience is compatible with the experience of the resident.

Historical Note

New Section made by final rulemaking at 25 A.A.R. 1583, effective October 1, 2019 (Supp. 19-3).

R9-10-718. Medication Services**A.** An administrator shall ensure that policies and procedures for medication services:

- 1. Include:
 - a. A process for providing information to a resident about medication prescribed for the resident including:
 - i. The prescribed medication's anticipated results,
 - ii. The prescribed medication's potential adverse reactions,
 - iii. The prescribed medication's potential side effects, and
 - iv. Potential adverse reactions that could result from not taking the medication as prescribed;
 - b. Procedures for preventing, responding to, and reporting any of the following:
 - i. A medication error,
 - ii. An adverse reaction to a medication, or
 - iii. A medication overdose;
 - c. Procedures to ensure that a resident's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the resident's needs;
 - d. Procedures for documenting, as applicable, medication administration and assistance in the self-administration of medication;
 - e. A process for monitoring a resident who self-administers medication;
 - f. Procedures for assisting a resident in obtaining medication; and
 - g. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
- 2. Specify a process for review through the quality management program of:
 - a. A medication administration error, and
 - b. An adverse reaction to a medication.

B. If a behavioral health residential facility provides medication administration, an administrator shall ensure that:

- 1. Policies and procedures for medication administration:
 - a. Are reviewed and approved by a medical practitioner;
 - b. Specify the individuals who may:
 - i. Order medication, and
 - ii. Administer medication;
 - c. Ensure that medication is administered to a resident only as ordered; and
 - d. Cover the documentation of a resident's refusal to take prescribed medication in the resident's medical record;
- 2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
- 3. A medication administered to a resident:
 - a. Is administered in compliance with an order, and
 - b. Is documented in the resident's medical record.

C. If a behavioral health residential facility provides assistance in the self-administration of medication, an administrator shall ensure that:

- 1. A resident's medication is stored by the behavioral health residential facility;
- 2. The following assistance is provided to a resident:
 - a. A reminder when it is time to take the medication;
 - b. Opening the medication container for the resident;
 - c. Observing the resident while the resident removes the medication from the container;
 - d. Verifying that the medication is taken as prescribed by the resident's medical practitioner by confirming that:
 - i. The resident taking the medication is the individual stated on the medication container label,
 - ii. The resident is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
 - iii. The resident is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
 - e. Observing the resident while the resident takes the medication;
- 3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
- 4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
 - a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse; and
 - b. Includes:
 - i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
 - ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
 - iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
- 5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
- 6. Assistance in the self-administration of medication provided to a resident:
 - a. Is in compliance with an order, and
 - b. Is documented in the resident's medical record.

D. An administrator shall ensure that:

- 1. A current drug reference guide is available for use by personnel members;
- 2. A current toxicology reference guide is available for use by personnel members; and
- 3. If pharmaceutical services are provided on the premises:
 - a. A committee, composed of at least one physician, one pharmacist, and other personnel members as determined by policies and procedures, is established to:
 - i. Develop a drug formulary,

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- ii. Update the drug formulary at least once every 12 months;
 - iii. Develop medication usage and medication substitution policies and procedures; and
 - iv. Specify which medications and medication classifications are required to be stopped automatically after a specific time period unless the ordering medical practitioner specifically orders otherwise;
 - b. The pharmaceutical services are provided under the direction of a pharmacist;
 - c. The pharmaceutical services comply with A.R.S. Title 36, Chapter 27; A.R.S. Title 32, Chapter 18; and 4 A.A.C. 23; and
 - d. A copy of the pharmacy license is provided to the Department upon request.
- E.** When medication is stored at a behavioral health residential facility, an administrator shall ensure that:
- 1. Medication is stored in a separate locked room, closet, cabinet, or self-contained unit used only for medication storage;
 - 2. Medication is stored according to the instructions on the medication container; and
 - 3. Policies and procedures are established, documented, and implemented for:
 - a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;
 - b. Discarding or returning prepackaged and sample medication to the manufacturer if the manufacturer requests the discard or return of the medication;
 - c. A medication recall and notification of residents who received recalled medication; and
 - d. Storing, inventorying, and dispensing controlled substances.
- F.** An administrator shall ensure that a personnel member immediately reports a medication error or a resident's adverse reaction to a medication to the medical practitioner who ordered or prescribed the medication and, if applicable, the behavioral health residential facility's clinical director.
- Historical Note**
- Adopted effective November 1, 1998, under an exemption from the provisions of the Administrative Procedure Act pursuant to Laws 1998, Ch. 178, § 17; filed with the Office of the Secretary of State October 2, 1998 (Supp. 98-4). 4. Adopt a quality management program that complies with R9-10-804;
5. Review and evaluate the effectiveness of the quality management program at least once every 12 months;
6. Designate, in writing, an acting manager who has the qualifications established in subsection (A)(3), if the manager is:
 - a. Expected not to be present on the assisted living facility's premises for more than 30 calendar days, or
 - b. Not present on the assisted living facility's premises for more than 30 calendar days;
7. Except as provided in subsection (A)(6), notify the Department according to A.R.S. § 36-425(I) when there is a change in the manager and identify the name and qualifications of the new manager;
8. Ensure that a manager or caregiver who is able to read, write, understand, and communicate in English is on an assisted living facility's premises; and
9. Ensure compliance with A.R.S. § 36-411.

B. A manager:

1. Is directly accountable to the governing authority of an assisted living facility for the daily operation of the assisted living facility and all services provided by or at the assisted living facility;
2. Has the authority and responsibility to manage the assisted living facility; and
3. Except as provided in subsection (A)(6), designates, in writing, a caregiver who is:
 - a. At least 21 years of age, and
 - b. Present on the assisted living facility's premises and accountable for the assisted living facility when the manager is not present on the assisted living facility premises.

C. A manager shall ensure that policies and procedures are:

1. Established, documented, and implemented to protect the health and safety of a resident that:
 - a. Cover job descriptions, duties, and qualifications, including required skills and knowledge, education, and experience for employees and volunteers;
 - b. Cover orientation and in-service education for employees and volunteers;
 - c. Include how an employee may submit a complaint related to resident care;
 - d. Cover the requirements in A.R.S. Title 36, Chapter 4, Article 11;

- e. Except as provided in subsection (M), cover cardiopulmonary resuscitation training for applicable employees and volunteers, including:
 - i. The method and content of cardiopulmonary resuscitation training, which includes a demonstration of the employee's or volunteer's ability to perform cardiopulmonary resuscitation;
 - ii. The qualifications for an individual to provide cardiopulmonary resuscitation training;
 - iii. The time-frame for renewal of cardiopulmonary resuscitation training; and
 - iv. The documentation that verifies that the employee or volunteer has received cardiopulmonary resuscitation training;
 - f. Cover first aid training;
 - g. Cover how a caregiver will respond to a resident's sudden, intense, or out-of-control behavior to prevent harm to the resident or another individual;
 - h. Cover staffing and recordkeeping;
 - i. Cover resident acceptance and resident rights;
 - j. Cover termination of residency, including:
 - i. Termination initiated by the manager of an assisted living facility, and
 - ii. Termination initiated by a resident or the resident's representative;
 - k. Cover the provision of assisted living services, including:
 - i. Coordinating the provision of assisted living services,
 - ii. Making vaccination for influenza and pneumonia available to residents according to A.R.S. § 36-406(1)(d), and
 - iii. Obtaining resident preferences for food and the provision of assisted living services;
 - l. Cover the provision of respite services or adult day health services, if applicable;
 - m. Cover methods by which the assisted living facility is aware of the general or specific whereabouts of a resident, based on the level of assisted living services provided to the resident and the assisted living services the assisted living facility is authorized to provide;
 - n. Cover resident medical records, including electronic medical records;
 - o. Cover personal funds accounts, if applicable;
 - p. Cover specific steps for:
 - i. A resident to file a complaint, and
 - ii. The assisted living facility to respond to a resident's complaint;
 - q. Cover health care directives;
 - r. Cover assistance in the self-administration of medication, and medication administration;
 - s. Cover food services;
 - t. Cover contracted services;
 - u. Cover equipment inspection and maintenance, if applicable;
 - v. Cover infection control; and
 - w. Cover a quality management program, including incident report and supporting documentation;
2. Available to employees and volunteers of the assisted living facility; and
 3. Reviewed at least once every three years and updated as needed.

D. A manager shall ensure that the following are conspicuously posted:

1. A list of resident rights;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

2. The assisted living facility's license;
 3. Current phone numbers of:
 - a. The unit in the Department responsible for licensing and monitoring the assisted living facility,
 - b. Adult Protective Services in the Department of Economic Security,
 - c. The State Long-Term Care Ombudsman, and
 - d. The Arizona Center for Disability Law; and
 4. The location at which a copy of the most recent Department inspection report and any plan of correction resulting from the Department inspection may be viewed.
- E.** A manager shall ensure that, unless otherwise stated:
1. Documentation required by this Article is provided to the Department within two hours after a Department request; and
 2. When documentation or information is required by this Chapter to be submitted on behalf of an assisted living facility, the documentation or information is provided to the unit in the Department that is responsible for licensing and monitoring the assisted living facility.
- F.** If a requirement in this Article states that a manager shall ensure an action or condition or sign a document:
1. A governing authority or licensee may ensure the action or condition or sign the document and retain the responsibility to ensure compliance with the requirement in this Article;
 2. The manager may delegate ensuring the action or condition or signing the document to another individual, but the manager retains the responsibility to ensure compliance with the requirement in the Article; and
 3. If the manager delegates ensuring an action or condition or signing a document, the delegation is documented and the documentation includes the name of the individual to whom the action, condition, or signing is delegated and the effective date of the delegation.
- G.** A manager shall:
1. Not act as a resident's representative and not allow an employee or a family member of an employee to act as a resident's representative for a resident who is not a family member of the employee;
 2. If the assisted living facility administers personal funds accounts for residents and is authorized in writing by a resident or the resident's representative to administer a personal funds account for the resident:
 - a. Ensure that the resident's personal funds account does not exceed \$2,000;
 - b. Maintain a separate record for each resident's personal funds account, including receipts and expenditures;
 - c. Maintain the resident's personal funds account separate from any account of the assisted living facility; and
 - d. Provide a copy of the record of the resident's personal funds account to the resident or the resident's representative at least once every three months;
 3. Notify the resident's representative, family member, public fiduciary, or trust officer if the manager determines that a resident is incapable of handling financial affairs; and
 4. Except when a resident's need for assisted living services changes, as documented in the resident's service plan, ensure that a resident receives at least 30 calendar days written notice before any increase in a fee or charge.
- H.** A manager shall permit the Department to interview an employee, a volunteer, or a resident as part of a compliance survey or a complaint investigation.
- I.** If abuse, neglect, or exploitation of a resident is alleged or suspected to have occurred before the resident was accepted or while the resident is not on the premises and not receiving services from an assisted living facility's manager, caregiver, or assistant caregiver, the manager shall report the alleged or suspected abuse, neglect, or exploitation of the resident according to A.R.S. § 46-454.
- J.** If a manager has a reasonable basis, according to A.R.S. § 46-454, to believe abuse, neglect or exploitation has occurred on the premises or while a resident is receiving services from an assisted living facility's manager, caregiver, or assistant caregiver, the manager shall:
1. If applicable, take immediate action to stop the suspected abuse, neglect, or exploitation;
 2. Report the suspected abuse, neglect, or exploitation of the resident according to A.R.S. § 46-454;
 3. Document:
 - a. The suspected abuse, neglect, or exploitation;
 - b. Any action taken according to subsection (J)(1); and
 - c. The report in subsection (J)(2);
 4. Maintain the documentation in subsection (J)(3) for at least 12 months after the date of the report in subsection (J)(2);
 5. Initiate an investigation of the suspected abuse, neglect, or exploitation and document the following information within five working days after the report required in subsection (J)(2):
 - a. The dates, times, and description of the suspected abuse, neglect, or exploitation;
 - b. A description of any injury to the resident related to the suspected abuse or neglect and any change to the resident's physical, cognitive, functional, or emotional condition;
 - c. The names of witnesses to the suspected abuse, neglect, or exploitation; and
 - d. The actions taken by the manager to prevent the suspected abuse, neglect, or exploitation from occurring in the future; and
 6. Maintain a copy of the documented information required in subsection (J)(5) for at least 12 months after the date the investigation was initiated.
- K.** A manager shall provide written notification to the Department of a resident's:
1. Death, if the resident's death is required to be reported according to A.R.S. § 11-593, within one working day after the resident's death; and
 2. Self-injury, within two working days after the resident inflicts a self-injury that requires immediate intervention by an emergency services provider.
- L.** If a resident is receiving services from a home health agency or hospice service agency, a manager shall ensure that:
1. The resident's medical record contains:
 - a. The name, address, and contact individual, including contact information, of the home health agency or hospice service agency;
 - b. Any information provided by the home health agency or hospice service agency; and
 - c. A copy of resident follow-up instructions provided to the resident by the home health agency or hospice service agency; and
 2. Any care instructions for a resident provided to the assisted living facility by the home health agency or hospice service agency are:
 - a. Within the assisted living facility's scope of services,
 - b. Communicated to a caregiver, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

c. Documented in the resident's service plan.

- M.** A manager of an assisted living home may establish, in policies and procedures, requirements that a caregiver obtains and provides documentation of cardiopulmonary resuscitation training specific to adults, which includes a demonstration of the caregiver's ability to perform cardiopulmonary resuscitation, from one of the following organizations:

1. American Red Cross,
2. American Heart Association, or
3. National Safety Council.

R9-10-807. Residency and Residency Agreements

- A.** Except as provided in R9-10-808(B)(2), a manager shall ensure that a resident provides evidence of freedom from infectious tuberculosis:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

8. The policy and procedure for an assisted living facility to terminate residency;
 9. The complaint process; and
 10. The manager's signature and date signed.
- E.** Before or within five working days after a resident's acceptance by an assisted living facility, a manager shall obtain on the documented agreement, required in subsection (D), the signature of one of the following individuals:
1. The resident,
 2. The resident's representative,
 3. The resident's legal guardian, or
 4. Another individual who has been designated by the individual under A.R.S. § 36-3221 to make health care decisions on the individual's behalf.
- F.** A manager shall:
1. Before or at the time of an individual's acceptance by an assisted living facility, provide to the resident or resident's representative a copy of:
 - a. The residency agreement in subsection (D),
 - b. Resident's rights, and
 - c. The policy and procedure on health care directives; and
 2. Maintain the original of the residency agreement in subsection (D) in the resident's medical record.
- G.** A manager may terminate residency of a resident as follows:
1. Without notice, if the resident exhibits behavior that is an immediate threat to the health and safety of the resident or other individuals in an assisted living facility;
 2. With a 14-calendar-day written notice of termination of residency:
 - a. For nonpayment of fees, charges, or deposit; or
 - b. Under any of the conditions in subsection (C); or
 3. With a 30-calendar-day written notice of termination of residency, for any other reason.
- H.** A manager shall ensure that the written notice of termination of residency in subsection (G) includes:
1. The date of notice;
 2. The reason for termination;
 3. The policy for refunding fees, charges, or deposits;
 4. The deposition of a resident's fees, charges, and deposits; and
 5. Contact information for the State Long-Term Care Ombudsman.
- I.** A manager shall provide the following to a resident when the manager provides the written notice of termination of residency in subsection (G):
1. A copy of the resident's current service plan, and
 2. Documentation of the resident's freedom from infectious tuberculosis.
- J.** If an assisted living facility issues a written notice of termination of residency as provided in subsection (G) to a resident or the resident's representative because the resident needs services the assisted living facility is either not licensed to provide or is licensed to provide but not able to provide, a manager shall ensure that the written notice of termination of residency includes a description of the specific services that the resident needs that the assisted living facility is either not licensed to provide or is licensed to provide but not able to provide.

 - d. For a resident who requires intermittent nursing services or medication administration, review by a nurse or medical practitioner;
 - e. For a resident who requires behavioral care:
 - i. Any of the following that is necessary to provide assistance with the resident's psychosocial interactions to manage the resident's behavior:
 - (1) The psychosocial interactions or behaviors for which the resident requires assistance,
 - (2) Psychotropic medications ordered for the resident,
 - (3) Planned strategies and actions for changing the resident's psychosocial interactions or behaviors, and
 - (4) Goals for changes in the resident's psychosocial interactions or behaviors; and
 - ii. Review by a medical practitioner or behavioral health professional; and
 - f. For a resident who will be storing medication in the resident's bedroom or residential unit, how the medication will be stored and controlled;
 4. Is reviewed and updated based on changes in the requirements in subsections (A)(3)(a) through (f):
 - a. No later than 14 calendar days after a significant change in the resident's physical, cognitive, or functional condition; and
 - b. As follows:
 - i. At least once every 12 months for a resident receiving supervisory care services,
 - ii. At least once every six months for a resident receiving personal care services, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- iii. At least once every three months for a resident receiving directed care services; and
 - 5. When initially developed and when updated, is signed and dated by:
 - a. The resident or resident's representative;
 - b. The manager;
 - c. If a review is required in subsection (A)(3)(d), the nurse or medical practitioner who reviewed the service plan; and
 - d. If a review is required in subsection (A)(3)(e)(ii), the medical practitioner or behavioral health professional who reviewed the service plan.
- B. For a resident receiving respite care services, a manager shall ensure that:
 - 1. A written service plan is:
 - a. Based on a determination of the resident's current needs and:
 - i. Is completed no later than three working days after the resident's date of acceptance; or
 - ii. If the resident has a service plan in the resident's medical record that was developed within the previous 12 months, is reviewed and updated based on changes in the requirements in subsections (A)(3)(a) through (f) within three working days after the resident's date of acceptance; and
 - b. If a significant change in the resident's physical, cognitive, or functional condition occurs while the resident is receiving respite care services, updated based on changes in the requirements in subsections (A)(3)(a) through (f) within three working days after the significant change occurs; and
 - 2. If the resident is not expected to be present in the assisted living facility for more than seven calendar days, the resident is not required to comply with the requirements in R9-10-807(A).
- C. A manager shall ensure that:
 - 1. A caregiver or an assistant caregiver:
 - a. Provides a resident with the assisted living services in the resident's service plan;
 - b. Is only assigned to provide the assisted living services the caregiver or assistant caregiver has the documented skills and knowledge to perform;

Historical Note

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Former Section R9-10-1011 adopted as an emergency now adopted and amended as a permanent rule effective February 15, 1984 (Supp. 84-1). Repealed by summary action, interim effective date July 21, 1995 (Supp. 95-3). The proposed summary action repealing R9-10-1011 was remanded by the Governor's Regulatory Review Council which revoked the interim effectiveness of the summary rule. The Section in effect before the proposed summary action has been restored (Supp. 97-1). Section repealed by final rulemaking at 5 A.A.R. 1222, effective April 5, 1999 (Supp. 99-2). New Section made by final rulemaking at 14 A.A.R. 294, effective March 8, 2008 (Supp. 08-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). Amended by exempt rulemaking at 20 A.A.R. 1409, pursuant to Laws 2013, Ch. 10, § 13; effective July 1, 2014 (Supp. 14-2).

R9-10-1012. Behavioral Health Observation/Stabilization Services

- A. An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall ensure that:
1. Behavioral health observation/stabilization services are available 24 hours a day, every calendar day;
 2. Behavioral health observation/stabilization services are provided in a designated area that:
 - a. Is used exclusively for behavioral health observation/stabilization services;
 - b. Has the space for a patient to receive privacy in treatment and care for personal needs; and
 - c. For every 15 observation chairs or less, has at least one bathroom that contains:
 - i. A working sink with running water,
 - ii. A working toilet that flushes and has a seat,
 - iii. Toilet tissue,
 - iv. Soap for hand washing,
 - v. Paper towels or a mechanical air hand dryer,
 - vi. Lighting, and
 - vii. A means of ventilation;
 3. If the outpatient treatment center is authorized to provide behavioral health observation/stabilization services to individuals under 18 years of age:
 - a. There is a separate designated area for providing behavioral health observation/stabilization services to individuals under 18 years of age that:
 - i. Meets the requirements in subsection (B)(2), and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- ii. Has floor to ceiling walls that separate the designated area from other areas of the outpatient treatment center;
- b. A registered nurse is present in the separate designated area; and
- c. A patient under 18 years of age does not share any space, participate in any activity or treatment, or have verbal or visual interaction with a patient 18 years of age or older;
- 4. A medical practitioner is available;
- 5. If the medical practitioner present at the outpatient treatment center is a registered nurse practitioner or a physician assistant, a physician is on-call;
- 6. A registered nurse is present and provides direction for behavioral health observation/stabilization services in the designated area;
- 7. A nurse monitors each patient at the intervals determined according to subsection (A)(12) and documents the monitoring in the patient's medical record;
- 8. An individual who arrives at the designated area for behavioral health observation/stabilization services in the outpatient treatment center is screened within 30 minutes after entering the designated area to determine whether the individual is in need of immediate physical health services;
- 9. If a screening indicates that an individual needs immediate physical health services that the outpatient treatment center is:
 - a. Able to provide according to the outpatient treatment center's scope of services, the individual is examined by a medical practitioner within 30 minutes after being screened; or
 - b. Not able to provide, the individual is transferred to a health care institution capable of meeting the individual's immediate physical health needs;
- 10. If a screening indicates that an individual needs behavioral health observation/stabilization services and the outpatient treatment center has the capabilities to provide the behavioral health observation/stabilization services, the individual is admitted to the designated area for behavioral health observation/stabilization services and may remain in the designated area and receive observation/stabilization services for up to 23 hours and 59 minutes;
- 11. Before a patient is discharged from the designated area for behavioral health observation/stabilization services, a medical practitioner determines whether the patient will be:
 - a. If the behavioral health observation/stabilization services are provided in a health care institution that also provides inpatient services and is capable of meeting the patient's needs, admitted to the health care institution as an inpatient;
 - b. Transferred to another health care institution capable of meeting the patient's needs;
 - c. Provided a referral to another entity capable of meeting the patient's needs; or
 - d. Discharged and provided patient follow-up instructions;
- 12. When a patient is admitted to a designated area for behavioral health observation/stabilization services, an assessment of the patient includes the interval for monitoring the patient based on the patient's medical condition, behavior, suspected drug or alcohol abuse, and medication status to ensure the health and safety of the patient;
- 13. If a patient is not being admitted as an inpatient to a health care institution, before discharging the patient from a designated area for behavioral health observation/stabilization services, a personnel member:
 - a. Identifies the specific needs of the patient after discharge necessary to assist the patient to function independently;
 - b. Identifies any resources, including family members, community social services, peer support services, and Regional Behavioral Health Agency staff, that may be available to assist the patient; and
 - c. Documents the information in subsection (A)(13)(a) and the resources in subsection (A)(13)(b) in the patient's medical record;
- 14. When a patient is discharged from a designated area for behavioral health observation/stabilization services, a personnel member:
 - a. Provides the patient with discharge information that includes:
 - i. The identified specific needs of the patient after discharge, and
 - ii. Resources that may be available for the patient; and
 - b. Contacts any resources identified as required in subsection (A)(13)(b);
- 15. Except as provided in subsection (A)(16), a patient is not re-admitted to the outpatient treatment center for behavioral health observation/stabilization services within two hours after the patient's discharge from a designated area for behavioral health observation/stabilization services;
- 16. A patient may be re-admitted to the outpatient treatment center for behavioral health observation/stabilization services within two hours after the patient's discharge if:
 - a. It is at least one hour since the time of the patient's discharge;
 - b. A law enforcement officer or the patient's case manager accompanies the patient to the outpatient treatment center;
 - c. Based on a screening of the patient, it is determined that re-admission for behavioral health observation/stabilization is necessary for the patient; and
 - d. The name of the law enforcement officer or the patient's case manager and the reasons for the determination in subsection (A)(16)(c) are documented in the patient's medical record;
- 17. A patient admitted for behavioral health observation/stabilization services is provided:
 - a. An observation chair; or
 - b. A separate piece of equipment for the patient to use to sit or recline that:
 - i. Is at least 12 inches from the floor; and
 - ii. Has sufficient space around the piece of equipment to allow a personnel member to provide behavioral health services and physical health services, including emergency services, to the patient;
- 18. If an individual is not admitted for behavioral health observation/stabilization services because there is not an observation chair available for the individual's use, a personnel member provides support to the individual to access the services or resources necessary for the individual's health and safety, which may include:
 - a. Admitting the individual to the outpatient treatment center to provide behavioral health services other than behavioral health observation/stabilization services;
 - b. Establishing a method to notify the individual when there is an observation chair available;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- c. Referring or providing transportation to the individual to another health care institution;
 - d. Assisting the individual to contact the individual's support system; and
 - e. If the individual is enrolled with a Regional Behavioral Health Authority, contacting the appropriate person to request assistance for the individual;
- 19. Personnel members establish a log of individuals who were not admitted because there was not an observation chair available and document the individual's name, actions taken to provide support to the individual to access the services or resources necessary for the individual's health and safety, and date and time the actions were taken;
- 20. The log required in subsection (A)(19) is maintained for at least 12 months after the date of documentation in the log;
- 21. An observation chair or, as provided in subsection (A)(17)(b), a piece of equipment used by a patient to sit or recline is visible to a personnel member;
- 22. Except as provided in subsection (A)(23), a patient admitted to receive behavioral health observation/stabilization services is visible to a personnel member;
- 23. A patient admitted to receive behavioral health observation/stabilization services may use the bathroom and not be visible to a personnel member, if the personnel member:
 - a. Determines that the patient is capable of using the bathroom unsupervised,
 - b. Is aware of the patient's location, and
 - c. Is able to intervene in the patient's actions to ensure the patient's health and safety; and
- 24. An observation chair:
 - a. Effective until July 1, 2015, has space around the observation chair that allows a personnel member to provide behavioral health services and physical health services, including emergency services, to a patient in the observation chair; and
 - b. Effective on July 1, 2015, has at least three feet of clear floor space:
 - i. On at least two sides of the observation chair, and
 - ii. Between the observation chair and any other observation chair.
- B. An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall:
 - 1. Have a room used for seclusion that complies with requirements for seclusion rooms in R9-10-316, and
 - 2. Comply with the requirements for restraint and seclusion in R9-10-316.
- C. An administrator of an outpatient treatment center that is authorized to provide behavioral health observation/stabilization services shall ensure that:
 - 1. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that:
 - a. Cover the process for:
 - i. Evaluating a patient previously admitted to the designated area to determine whether the patient is ready for admission to an inpatient setting or discharge, including when to implement the process;
 - ii. Contacting other health care institutions that provide behavioral health observation/stabilization services to determine if the patient could be admitted for behavioral health observation/stabilization services in another health care institution, including when to implement the process; and
 - iii. Ensuring that sufficient personnel members, space, and equipment are available to provide behavioral health observation/stabilization services to patients admitted to receive behavioral health observation/stabilization services; and
 - b. Establish a maximum capacity of the number of patients for whom the outpatient treatment center is capable of providing behavioral health observation/stabilization services;
- 2. The outpatient treatment center does not:
 - a. Exceed the maximum capacity established by the outpatient treatment center in subsection (C)(1)(b); or
 - b. Admit an individual if the outpatient treatment center does not have personnel members, space, and equipment available to provide behavioral health observation/stabilization services to the individual; and
- 3. Effective on July 1, 2015:
 - a. If an admission of an individual causes the outpatient treatment center to exceed the outpatient treatment center's licensed occupancy, the individual is only admitted for behavioral health observation/stabilization services after:
 - (i.) A behavioral health professional reviews the individual's screening and determines the admission is an emergency; and
 - (ii.) Documents the determination in the individual's medical record; and
 - b. The outpatient treatment center's quality management program's plan, required in R9-10-1004(1), includes a method to identify and document each occurrence of exceeding licensed occupancy, to evaluate the occurrences of exceeding licensed occupancy, and to review the actions taken to reduce future occurrences of exceeding licensed occupancy.

Historical Note

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6).  - ii. Monthly notes related to the patient's progress;
 6. If the patient is not stable, before dialysis is provided to the patient, a nephrologist is notified of the patient's medical condition and dialysis is not provided until the nephrologist provides direction;
 7. The patient:
 - a. Is under the care of a nephrologist;
 - b. Is assigned a patient identification number according to the policy and procedure in subsection (C)(1)(b);
 - c. Is identified by a personnel member before beginning dialysis;
 - d. Receives the dialysis services ordered for the patient by a medical practitioner;
 - e. Is monitored by a personnel member while receiving dialysis at least once every 30 minutes; and
 - f. If the outpatient treatment center reprocesses and reuses dialyzers, is informed that the outpatient treatment center reprocesses and reuses dialyzers before beginning hemodialysis;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

8. Equipment used for hemodialysis is inspected and tested according to the manufacturer's recommendations or the outpatient treatment center's policies and procedures before being used to provide hemodialysis to a patient;
 9. The equipment inspection and testing required in subsection (E)(8) is documented in the patient's medical record;
 10. Supplies and equipment used for dialysis services for the patient are used, stored, and discarded according to manufacturer's recommendations;
 11. If hemodialysis is provided to the patient, a personnel member:
 - a. Inspects the dialyzer before use to ensure that the:
 - i. External surface of the dialyzer is clean;
 - ii. Dialyzer label is intact and legible;
 - iii. Dialyzer, blood port, and dialysate port are free from leaks and cracks or other structural damage; and
 - iv. Dialyzer is free of visible blood and other foreign material;
 - b. Verifies the order for the dialyzer to ensure the correct dialyzer is used for the correct patient;
 - c. Verifies the duration of dialyzer storage based on the type of germicide used or method of sterilization or disinfection used;
 - d. If the dialyzer has been reprocessed and is being reused, verifies that the label on the dialyzer includes:
 - i. The patient's name and the patient's identification number,
 - ii. The number of times the dialyzer has been used in patient treatments,
 - iii. The date of the last use of the dialyzer by the patient, and
 - iv. The date of the last reprocessing of the dialyzer;
 - e. If the patient's name is similar to the name of another patient receiving dialysis in the same outpatient treatment center, informs other personnel members, employees, and volunteers, of the similar names to ensure that the name or other identifying information on the label corresponds to the correct patient; and
 - f. Ensures that a patient's vascular access is visible to a personnel member during dialysis;
 12. A patient receiving dialysis is visible to a nurse at a location used by nurses to coordinate patients and treatment;
 13. If the patient has an adverse reaction during dialysis, a personnel member responds by implementing the policy and procedure required in subsection (C)(1)(c);
 14. If the equipment used during the patient's dialysis malfunctions, a personnel member responds by implementing the policy and procedure required in subsection (C)(1)(d); and
 15. After a patient's discharge from an outpatient treatment center, the nephrologist responsible for the dialysis services provided to the patient documents the patient's discharge in the patient's medical record within 30 calendar days after the patient's discharge and includes:
 - a. A description of the patient's medical condition and the dialysis services provided to the patient, and
 - b. The signature of the nephrologist.
- F.** If an outpatient treatment center provides support for self-dialysis services, an administrator shall ensure that:
1. A patient or the patient's caregiver is:
 - a. Instructed to use the equipment to perform self-dialysis by a personnel member trained to provide the instruction, and
 - b. Monitored in the patient's home to assess the patient's or patient caregiver's ability to use the equipment to perform self-dialysis;
 2. Instruction provided to a patient as required in subsection (F)(1)(a) and monitoring in the patient's home as required in subsection (F)(1)(b) is documented in the patient's medical record;
 3. All supplies for self-dialysis necessary to meet the needs of the patient are provided to the patient;
 4. All equipment necessary to meet the needs of the patient's self-dialysis is provided for the patient and maintained by the outpatient treatment center according to the manufacturer's recommendations;
 5. The water used for hemodialysis is tested and treated according to the requirements in subsection (N);
 6. Documentation of the self-dialysis maintained by the patient or the patient's caregiver is:
 - a. Reviewed to ensure that the patient is receiving continuity of care, and
 - b. Placed in the patient's medical record; and
 7. If a patient uses self-dialysis and self-administers medication:
 - a. The medical practitioner responsible for the dialysis services provided to the patient reviews the patient's diagnostic laboratory tests;
 - b. The patient and the patient's caregiver are informed of any potential:
 - i. Side effects of the medication; and
 - ii. Hazard to a child having access to the medication and, if applicable, a syringe used to inject the medication; and
 - c. The patient or the patient's caregiver is:
 - i. Taught the route and technique of administration and is able to administer the medication, including injecting the medication;
 - ii. Taught and able to perform sterile techniques if the patient or the patient's caregiver will be injecting the medication;
 - iii. Provided with instructions for the administration of the medication, including the specific route and technique the patient or the patient's caregiver has been taught to use;
 - iv. Able to read and understand the directions for using the medication;
 - v. Taught and able to self-monitor the patient's blood pressure; and
 - vi. Informed how to store the medication according to the manufacturer's instructions.
- G.** An administrator of an outpatient treatment center that is authorized to provide dialysis services shall ensure that a social worker is employed by the outpatient treatment center to meet the needs of a patient receiving dialysis services including:
1. Conducting an initial psychosocial evaluation of the patient within 30 calendar days after the patient's admission to the outpatient treatment center;
 2. Participating in reviewing the patient's need for social work services;
 3. Recommending changes in treatment based on the patient's psychosocial evaluation;
 4. Assisting the patient and the patient's representative in obtaining and understanding information for making

 2. A hand-washing sink provides running water with a drain connected to a sanitary sewer as defined in A.R.S. § 45-101;
 3. A glass mirror, window, or other glass surface that is located within 36 inches of the floor is made of safety glass that has been manufactured, fabricated, or treated to prevent the glass from shattering or flying when struck or broken, or is shielded by a barrier to prevent impact by or physical injury to a child; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

4. There is at least 30 square feet of unobstructed indoor space for each child who may be receiving respite services on the premises, which excludes floor space occupied by:
 - a. The interior walls;
 - b. A kitchen, a bathroom, a closet, a hallway, a stair, an entryway, an office, an area designated for isolating a child from other children, a storage room, or a room or floor space designated for the sole use of personnel members;
 - c. Room space occupied by desks, file cabinets, storage cabinets, or hand-washing sinks for a personnel member's use; or
 - d. Indoor area that is substituted for required outdoor area.
- Z.** An administrator of an outpatient treatment center authorized to provide respite services for children on the premises shall ensure that, in addition to the policies and procedures required in this Article, policies and procedures are established, documented, and implemented for the children's use of a toilet and hand-washing sink that ensure the children's health and safety and include:
1. Supervision requirements for children using the toilet, based on a child's age, gender, and behavioral health issue; and
 2. If the outpatient treatment center does not have a toilet and hand-washing sink available for the exclusive use of children receiving respite services, a method to ensure that an individual, other than a child receiving respite services or a personnel member providing respite services, is not present in the toilet and hand-washing sink area when a child receiving respite services is present in the toilet and hand-washing sink area.
- AA.** To provide activities that develop large muscles and an opportunity to participate in structured large muscle physical activities, an administrator of an outpatient treatment center authorized to provide respite services for children on the premises shall:
1. Provide at least 75 square feet of outdoor area per child for at least 50% of the outpatient treatment center's respite capacity; or
 2. Comply with one of the following:
 - a. If no child receives respite services on the premises for more than four hours per day, provide at least 50 square feet of indoor area for each child, based on the outpatient treatment center's respite capacity;
 - b. If a child receives respite services on the premises for more than four hours but less than six hours per day, provide at least 75 square feet of indoor area per child for at least 50% of the outpatient treatment center's respite capacity, in addition to the indoor area required in subsection (Y)(4); or
 - c. Provide at least 37.5 square feet of outdoor area and 37.5 square feet of indoor area per child for at least 50% of the outpatient treatment center's respite capacity, in addition to the activity area required in subsection (Y)(4).
- BB.** If an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises is substituting indoor area for outdoor area, the administrator shall:
1. Designate, on the site plan and the floor plan submitted with the license application or a request for an intended change or modification, the indoor area that is being substituted for an outdoor area; and
 2. In the indoor area substituted for outdoor area, install and maintain a mat or pad designed to provide impact protection in the fall zone of indoor swings and climbing equipment.
- CC.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:
1. An outdoor area used by children receiving respite services:
 - a. Is enclosed by a fence:
 - i. A minimum of 4.0 feet high,
 - ii. Secured to the ground, and
 - iii. With either vertical or horizontal open spaces on the fence or gate that do not exceed 4.0 inches;
 - b. Is maintained free from hazards, such as exposed concrete footings and broken toys; and
 - c. Has gates that are kept closed while a child is in the outdoor area;
 2. The following is provided and maintained within the fall zones of swings and climbing equipment in an outdoor area:
 - a. A shock-absorbing unitary surfacing material manufactured for such use in outdoor activity areas; or
 - b. A minimum depth of 6.0 inches of a nonhazardous, resilient material such as fine loose sand or wood chips;
 3. Hard surfacing material such as asphalt or concrete is not installed or used under swings or climbing equipment unless used as a base for shock-absorbing unitary surfacing material;
 4. A swing or climbing equipment is not located in the fall zone of another swing or climbing equipment; and
 5. A shaded area for each child occupying an outdoor area at any time of the day is provided.
- DD.** An administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall install and maintain a portable, pressurized fire extinguisher that meets, at a minimum, a 2A-10-BC rating of the Underwriters Laboratories in an outpatient treatment center's kitchen and any other location required for Existing Health Care Occupancies in National Fire Protection Association 101, Life Safety Code, incorporated by reference in R9-10-104.01.
- EE.** In addition to the requirements in R9-10-1029(F), an administrator of an outpatient treatment center that is authorized to provide respite services for children on the premises shall ensure that:
1. Combustible material, such as paper, boxes, or rags, is not permitted to accumulate inside or outside the premises;
 2. An unvented or open-flame space heater or portable heater is not used on the premises;
 3. A gas valve on an unused gas outlet is removed and capped where it emerges from the wall or floor;
 4. Heating and cooling equipment is inaccessible to a child;
 5. Fans are mounted and inaccessible to a child;
 6. Toilet rooms are ventilated to the outside of the building, either by a screened window open to the outside air or by an exhaust fan and duct system that is operated when the toilet room is in use;
 7. A toilet room with a door that opens to the exterior of a building is equipped with a self-closing device that keeps the door closed except when an individual is entering or exiting; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

8. A toilet room door does not open into a kitchen or laundry.

R9-10-1027. Urgent Care Services Provided in a Freestanding Urgent Care Setting

An administrator of an outpatient treatment center that is authorized to provide urgent care services in a freestanding urgent care setting shall ensure that:

1. In addition to the policies and procedures required in R9-10-1003(D)(1), policies and procedures are established, documented, and implemented to protect the health and safety of a patient that cover basic life support training and pediatric basic life support training including:
 - a. Method and content of training,
 - b. Qualifications of individuals providing the training, and
 - c. Documentation that verifies a medical practitioner has received the training;
2. A medical practitioner is on the premises during hours of clinical operation to provide the medical services, nursing

services, and health-related services included in the outpatient treatment center's scope of services;

3. If a physician is not on the premises during hours of operation, a notice stating this fact is conspicuously posted in the waiting room according to A.R.S. § 36-432;
4. If a patient's death occurs at the outpatient treatment center, a written report is submitted to the Department as required in A.R.S. § 36-445.04;
5. A medical practitioner completes basic life support training and pediatric basic life support training:
 - a. Before providing medical services, nursing services, or health-related services at the outpatient treatment center, and
 - b. At least once every 24 months after the initial date of employment;
6. Except as provided in subsection (5), a personnel member completes basic adult and pediatric cardiopulmonary resuscitation training:
 - a. Before providing medical services, nursing services, or health-related services at the outpatient treatment center; and
 - b. At least once every 24 months after the initial date of employment or volunteer service; and
7. In addition to the requirements in R9-10-1006(11), a medical practitioner's record includes documentation of completion of basic life support training and pediatric basic life support training.

Historical Note

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). R9-10-1028. Infection Control

An administrator shall ensure that:

1. An infection control program is established, under the direction of an individual qualified according to the outpatient treatment center's policies and procedures, to prevent the development and transmission of infections and communicable diseases including:
 - a. A method to identify and document infections occurring at the outpatient treatment center;
 - b. Analysis of the types, causes, and spread of infections and communicable diseases at the outpatient treatment center;
 - c. The development of corrective measures to minimize or prevent the spread of infections and communicable diseases at the outpatient treatment center; and
 - d. Documentation of infection control activities including:
 - i. The collection and analysis of infection control data,

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- ii. The actions taken related to infections and communicable diseases, and
 - iii. Reports of communicable diseases to the governing authority and state and county health departments;
- 2. Infection control documentation is maintained for at least 12 months after the date of the documentation;
- 3. Policies and procedures are established, documented, and implemented to protect the health and safety of a patient that cover:
 - a. If applicable:
 - i. Handling and disposal of biohazardous medical waste;
 - ii. Isolation of a patient;
 - iii. Sterilization and disinfection of medical equipment and supplies;
 - iv. Use of personal protective equipment such as aprons, gloves, gowns, masks, or face protection when applicable; and
 - v. Collection, storage, and cleaning of soiled linens and clothing;
 - b. Cleaning an individual's hands when the individual's hands are visibly soiled;
 - c. Training of personnel members, employees, and volunteers in infection control practices; and
 - d. Work restrictions for a personnel member, employee, or volunteer with a communicable disease or infected skin lesion;
- 4. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures; and
- 5. A personnel member, employee, or volunteer washes his or her hands with soap and water or uses a hand disinfection product before and after each patient contact and after handling soiled linen, soiled clothing, or a potentially infectious material.

Historical Note

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). R9-10-1029. Emergency and Safety Standards

- A. An administrator shall ensure that policies and procedures for providing emergency treatment are established, documented, and implemented that protect the health and safety of patients and include:
 - 1. A list of the medications, supplies, and equipment required on the premises for the emergency treatment provided by the outpatient treatment center;
 - 2. A system to ensure medications, supplies, and equipment are available, have not been tampered with, and, if applicable, have not expired;

- 3. A requirement that a cart or a container is available for emergency treatment that contains the medication, supplies, and equipment specified in the outpatient treatment center's policies and procedures; and
 - 4. A method to verify and document that the contents of the cart or container are available for emergency treatment.
- B. An administrator shall ensure that emergency treatment is provided to a patient admitted to the outpatient treatment center according to the outpatient treatment center's policies and procedures.
- C. An administrator shall ensure that:
 - 1. A disaster plan is developed, documented, maintained in a location accessible to personnel members, and, if necessary, implemented that includes:
 - a. Procedures for protecting the health and safety of patients and other individuals on the premises;
 - b. Assigned responsibilities for each personnel member, employee, or volunteer;
 - c. Instructions for the evacuation of patients and other individuals on the premises; and
 - d. Arrangements to provide medical services, nursing services, and health-related services to meet patients' needs;
 - 2. The disaster plan required in subsection (C)(1) is reviewed at least once every 12 months;
 - 3. An evacuation drill is conducted on each shift at least once every 12 months;
 - 4. A disaster plan review required in subsection (C)(2) or an evacuation drill required in subsection (C)(3) is documented as follows:
 - a. The date and time of the evacuation drill or disaster plan review;
 - b. The name of each personnel member, employee, or volunteer participating in the evacuation drill or disaster plan review;
 - c. A critique of the evacuation drill or disaster plan review; and
 - d. If applicable, recommendations for improvement;
 - 5. Documentation required in subsection (C)(4) is maintained for at least 12 months after the date of the evacuation drill or disaster plan review; and
 - 6. An evacuation path is conspicuously posted on each hallway of each floor of the outpatient treatment center.
- D. An administrator shall ensure that an outpatient treatment center has either:
 - 1. Both of the following that are tested and serviced at least once every 12 months:
 - a. A fire alarm system installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in R9-10-104.01, that is in working order; and
 - b. A sprinkler system installed according to the National Fire Protection Association 13 Standard for the Installation of Sprinkler Systems, incorporated by reference in R9-10-104.01, that is in working order; or
 - 2. The following:
 - a. A smoke detector installed in each hallway of the outpatient treatment center that is:
 - i. Maintained in an operable condition;
 - ii. Either battery operated or, if hard-wired into the electrical system of the outpatient treatment center, has a back-up battery; and
 - iii. Tested monthly; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- b. A portable, operable fire extinguisher, labeled as rated at least 2A-10-BC by the Underwriters Laboratories, that:
 - i. Is available at the outpatient treatment center;
 - ii. Is mounted in a fire extinguisher cabinet or placed on wall brackets so that the top handle of the fire extinguisher is not over five feet from the floor and the bottom of the fire extinguisher is at least four inches from the floor;
 - iii. If a disposable fire extinguisher, is replaced when its indicator reaches the red zone; and
 - iv. If a rechargeable fire extinguisher, is serviced at least once every 12 months and has a tag attached to the fire extinguisher that specifies the date of the last servicing and the name of the servicing person.
- E. An administrator shall ensure that documentation of a test required in subsection (D) is maintained for at least 12 months after the date of the test.
- F. An administrator shall ensure that:
 - 1. Exit signs are illuminated, if the local fire jurisdiction requires illuminated exit signs;
 - 2. Except as provided in subsection (G), a corridor in the outpatient treatment center is at least 44 inches wide;
 - 3. Corridors and exits are kept clear of any obstructions;
 - 4. A patient can exit through any exit during hours of operation;
 - 5. An extension cord is not used instead of permanent electrical wiring;
 - 6. Each electrical outlet and electrical switch has a cover plate that is in good repair;
 - 7. If applicable, a sign is placed at the entrance of a room or an area indicating that oxygen is in use; and
 - 8. Oxygen and medical gas containers:
 - a. Are maintained in a secured, upright position; and
 - b. Are stored in a room with a door:
 - i. In a building with sprinklers, at least five feet from any combustible materials; or
 - ii. In a building without sprinklers, at least 20 feet from any combustible materials.
- G. If an outpatient treatment center licensed before October 1, 2013 has a corridor less than 44 inches wide, an administrator shall ensure that:
 - 1. The corridor is wide enough to allow for:
 - a. Unobstructed movement of patients within the outpatient treatment center, and
 - b. The safe evacuation of patients from the outpatient treatment center; and
 - 2. The corridor is used only as a passageway.
- H. An administrator shall:
 - 1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
 - 2. Make any repairs or corrections stated on the fire inspection report, and
 - 3. Maintain documentation of a current fire inspection.

Historical Note

Adopted as an emergency effective November 17, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-6). Former Section R9-10-1029 adopted as an emergency now adopted and amended as a permanent rule effective February 15, 1984 (Supp. 84-1). Repealed by summary action, interim effective date July 21, 1995 (Supp. 95-3). The proposed summary action repealing R9-10-1029 was remanded by the Governor's Regulatory Review Council which revoked the interim effectiveness

of the summary rule. The Section in effect before the proposed summary action has been restored (Supp. 97-1). Section repealed by final rulemaking at 5 A.A.R. 1222, effective April 5, 1999 (Supp. 99-2). New Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2). R9-10-1030. Physical Plant, Environmental Services, and Equipment Standards**A.** An administrator shall ensure that:

- 1. An outpatient treatment center's premises are:
 - a. Sufficient to provide the outpatient treatment center's scope of services;
 - b. Cleaned and disinfected according to the outpatient treatment center's policies and procedures to prevent, minimize, and control illness and infection; and
 - c. Free from a condition or situation that may cause an individual to suffer physical injury;
- 2. If an outpatient treatment center collects urine or stool specimens from a patient, except as provided in subsection (B), or is authorized to provide respite services for children on the premises, the outpatient treatment center has at least one bathroom on the premises that:
 - a. Contains:
 - i. A working sink with running water,
 - ii. A working toilet that flushes and has a seat,
 - iii. Toilet tissue,
 - iv. Soap for hand washing,
 - v. Paper towels or a mechanical air hand dryer,
 - vi. Lighting, and
 - vii. A means of ventilation; and
 - b. Is for the exclusive use of the outpatient treatment center;
- 3. A pest control program that complies with A.A.C. R3-8-201(C)(4) is implemented and documented;
- 4. A tobacco smoke-free environment is maintained on the premises;
- 5. A refrigerator used to store a medication is:
 - a. Maintained in working order, and
 - b. Only used to store medications;
- 6. Equipment at the outpatient treatment center is:
 - a. Sufficient to provide the outpatient treatment center's scope of services;
 - b. Maintained in working condition;
 - c. Used according to the manufacturer's recommendations; and
 - d. If applicable, tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in policies and procedures; and
- 7. Documentation of equipment testing, calibration, and repair is maintained for at least 12 months after the date of testing, calibration, or repair.

B. An outpatient treatment center may have a bathroom used for the collection of a patient's urine or stool that is not for the exclusive use of the outpatient treatment center if:

- 1. The bathroom is located in the same contiguous building as the outpatient treatment center's premises,
- 2. The bathroom is of a sufficient size to support the outpatient treatment center's scope of services, and
- 3. There is a documented agreement between the licensee and the owner of the building stating that the bathroom

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

complies with the requirements in this Section and allowing the Department access to the bathroom to verify compliance.

- C. If an outpatient treatment center has a bathroom that is not for the exclusive use of the outpatient treatment center as allowed in subsection (B), an administrator shall ensure that:
1. Policies and procedures are established, documented, and implemented to:
 - a. Protect the health and safety of an individual using the bathroom; and
 - b. Ensure that the bathroom is cleaned and sanitized to prevent, minimize, and control illness and infection;
 2. Documented instructions are provided to a patient that cover:
 - a. Infection control measures when a patient uses the bathroom, and

3. The general consent obtained in subsection (2) is documented in the participant's medical record;
4. An assessment of a participant is completed or updated by an emergency medical care technician or a registered nurse;
5. If an assessment is completed or updated by an emergency medical care technician, a registered nurse reviews the assessment within 24 hours after the completion of the assessment to ensure that the assessment identifies the behavioral health services and physical health services needed by the participant;
6. If an assessment that complies with the requirements in this Section is received from a behavioral health provider other than the substance abuse transitional facility or the substance abuse transitional facility has a medical record for the participant that contains an assessment that was completed within 12 months before the date of the participant's current admission:
 - a. The participant's assessment information is reviewed and updated if additional information that affects the participant's assessment is identified, and
 - b. The review and update of the participant's assessment information is documented in the participant's medical record within 48 hours after the review is completed;
7. An assessment:
 - a. Documents a participant's:
 - i. Presenting issue;
 - ii. Substance abuse history;
 - iii. Co-occurring disorder;
 - iv. Medical condition and history;
 - v. Behavioral health treatment history;
 - vi. Symptoms reported by the participant; and
 - vii. Referrals needed by the participant, if any;
 - b. Includes:
 - i. Recommendations for further assessment or examination of the participant's needs,
 - ii. The behavioral health services and physical health services that will be provided to the participant, and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- iii. The signature and date signed of the personnel member conducting the assessment; and
- c. Is documented in participant's medical record;
- 8. A participant is referred to a medical practitioner if a determination is made that the participant requires immediate physical health services or the participant's behavioral health issue may be related to the participant's medical condition;
- 9. If a participant requires behavioral health services that the substance abuse transitional facility is not authorized or not able to provide, a personnel member arranges for the participant to be provided transportation to transfer to another health care institution where the behavioral health services can be provided;
- 10. A request for participation in a participant's assessment is made to the participant or the participant's representative;
- 11. An opportunity for participation in the participant's assessment is provided to the participant or the participant's representative;
- 12. Documentation of the request in subsection (10) and the opportunity in subsection (11) is in the participant's medical record; and
- 13. A participant's assessment information is:
 - a. Documented in the medical record within 48 hours after completing the assessment, and
 - b. Reviewed and updated when additional information that affects the participant's assessment is identified.

Historical Note

Adopted effective February 1, 1994 (Supp. 94-1). Section repealed; new Section made by exempt rulemaking at 19 A.A.R. 2015, effective October 1, 2013 (Supp. 13-2).

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

- iv. Potential adverse reactions that could result from not taking the medication as prescribed;
 - b. Procedures for preventing, responding to, and reporting:
 - i. A medication error,
 - ii. An adverse reaction to a medication, or
 - iii. A medication overdose;
 - c. Procedures to ensure that a participant's medication regimen is reviewed by a medical practitioner to ensure the medication regimen meets the participant's needs;
 - d. Procedures for documenting medication administration and assistance in the self-administration of medication;
 - e. Procedures for assisting a participant in obtaining medication; and
 - f. If applicable, procedures for providing medication administration or assistance in the self-administration of medication off the premises; and
2. Specify a process for review through the quality management program of:
- a. A medication administration error, and
 - b. An adverse reaction to a medication.
- B.** If a substance abuse transitional facility provides medication administration, an administrator shall ensure that:
- 1. Policies and procedures for medication administration:
 - a. Are reviewed and approved by a medical practitioner;
 - b. Specify the individuals who may:
 - i. Order medication, and
 - ii. Administer medication;
 - c. Ensure that medication is administered to a participant only as prescribed;
 - d. Cover the documentation of a participant's refusal to take prescribed medication in the participant's medical record;
 - 2. Verbal orders for medication services are taken by a nurse, unless otherwise provided by law; and
 - 3. A medication administered to a participant:
 - a. Is administered in compliance with an order, and
 - b. Is documented in the participant's medical record.
- C.** If a substance abuse transitional facility provides assistance in the self-administration of medication, an administrator shall ensure that:
- 1. A participant's medication is stored by the substance abuse transitional facility;
 - 2. The following assistance is provided to a participant:
 - a. A reminder when it is time to take the medication;
 - b. Opening the medication container for the participant;
 - c. Observing the participant while the participant removes the medication from the container;
 - d. Verifying that the medication is taken as ordered by the participant's medical practitioner by confirming that:
 - i. The participant taking the medication is the individual stated on the medication container label,
 - ii. The participant is taking the dosage of the medication stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label, and
 - iii. The participant is taking the medication at the time stated on the medication container label or according to an order from a medical practitioner dated later than the date on the medication container label; or
 - e. Observing the participant while the participant takes the medication;
 - 3. Policies and procedures for assistance in the self-administration of medication are reviewed and approved by a medical practitioner or registered nurse;
 - 4. Training for a personnel member, other than a medical practitioner or registered nurse, in assistance in the self-administration of medication:
 - a. Is provided by a medical practitioner or registered nurse or an individual trained by a medical practitioner or registered nurse;
 - b. Includes:
 - i. A demonstration of the personnel member's skills and knowledge necessary to provide assistance in the self-administration of medication,
 - ii. Identification of medication errors and medical emergencies related to medication that require emergency medical intervention, and
 - iii. The process for notifying the appropriate entities when an emergency medical intervention is needed;
 - 5. A personnel member, other than a medical practitioner or registered nurse, completes the training in subsection (C)(4) before the personnel member provides assistance in the self-administration of medication; and
 - 6. Assistance in the self-administration of medication provided to a participant:
 - a. Is in compliance with an order, and
 - b. Is documented in the participant's medical record.
- D.** An administrator shall ensure that:
- 1. A current drug reference guide is available for use by personnel members, and
 - 2. A current toxicology reference guide is available for use by personnel members.
- E.** When medication is stored at the substance abuse transitional facility, an administrator shall ensure that:
- 1. Medication is stored in a separate locked room, closet, or self-contained unit used only for medication storage;
 - 2. Medication is stored according to the instructions of the medication container; and
 - 3. Policies and procedures are established, documented, and implemented for:
 - a. Receiving, storing, inventorying, tracking, dispensing, and discarding medication, including expired medication;

R9-10-1509. Abortion Procedures

- A.** A medical director shall ensure that a medical evaluation of a patient is conducted before the patient's abortion is performed that includes:
1. A medical history including:
 - a. Allergies to medications, antiseptic solutions, or latex;
 - b. Obstetrical and gynecological history;
 - c. Past surgeries;
 - d. Medication the patient is currently taking; and
 - e. Other medical conditions;
 2. A physical examination, performed by a physician that includes a bimanual examination to estimate uterine size and palpation of adnexa;
 3. The following laboratory tests:
 - a. A urine or blood test to determine pregnancy;
 - b. Rh typing, unless the patient provides written documentation of blood type acceptable to the physician;
 - c. Anemia screening; and
 - d. Other laboratory tests recommended by the physician or medical director on the basis of the physical examination; and
 4. An ultrasound imaging study of the fetus, performed as required in A.R.S. §§ 36-2156 and 36-2301.02(A).
- B.** If the medical evaluation indicates a patient is Rh negative, a medical director shall ensure that:
1. The patient receives information from a physician on this condition;
 2. The patient is offered RhO(d) immune globulin within 72 hours after the abortion procedure;
 3. If a patient refuses RhO(d) immune globulin, the patient signs and dates a form acknowledging the patient's condition and refusing the RhO(d) immune globulin;
 4. The form in subsection (B)(3) is maintained in the patient's medical record; and
 5. If a patient refuses RhO(d) immune globulin or if a patient refuses to sign and date an acknowledgment and refusal form, the physician documents the patient's refusal in the patient's medical record.
- C.** A physician shall estimate the gestational age of the fetus, based on one of the following criteria, and record the estimated gestational age in the patient's medical record:
1. Ultrasound measurements of the biparietal diameter, length of femur, abdominal circumference, visible pregnancy sac, or crown-rump length or a combination of these; or
 2. The date of the last menstrual period or the date of fertilization and a bimanual examination of the patient.
- D.** A medical director shall ensure that:
1. The ultrasound of a patient required in subsection (A)(4) is performed by an individual who meets the requirements in R9-10-1506(3);
 2. An ultrasound estimate of gestational age of a fetus is performed using methods and tables or charts in a publication distributed nationally that contains peer-reviewed medical information, such as medical information derived from a publication describing research in obstetrics and gynecology or in diagnostic imaging;
 3. An original patient ultrasound image is:
 - a. Interpreted by a physician, and
 - b. Maintained in the patient's medical record in either electronic or paper form; and
 4. If requested by the patient, the ultrasound image is reviewed with the patient by a physician, physician assistant, registered nurse practitioner, or registered nurse.
- E.** A medical director shall ensure that before an abortion is performed on a patient:
1. Written consent, that meets the requirements in A.R.S. § 36-2152 or 36-2153, as applicable, and A.R.S. § 36-2158 is signed and dated by the patient or the patient's representative;
 2. Information is provided to the patient on the abortion procedure, including alternatives, risks, and potential complications;
 3. Information specified in A.R.S. § 36-2161(A)(12) is requested from the patient; and
 4. If applicable, information required in A.R.S. § 36-2161(C) is provided to the patient.
- F.** A medical director shall ensure that an abortion is performed according to the abortion clinic's policies and procedures and this Article.
- G.** A medical director shall ensure that:
1. A patient care staff member monitors a patient's vital signs throughout an abortion procedure to ensure the patient's health and safety;
 2. Intravenous access is established and maintained on a patient undergoing an abortion after the first trimester unless the physician determines that establishing intravenous access is not appropriate for the particular patient and documents that fact in the patient's medical record;
 3. If an abortion procedure is performed at or after 20 weeks gestational age, a patient care staff member qualified in neonatal resuscitation, other than the physician performing the abortion procedure, is in the room in which the abortion procedure takes place before the delivery of the fetus; and
 4. If a fetus is delivered alive:
 - a. Resuscitative measures, including the following, are used to support life:
 - i. Warming and drying of the fetus,
 - ii. Clearing secretions from and positioning the airway of the fetus,
 - iii. Administering oxygen as needed to the fetus, and
 - iv. Assessing and monitoring the cardiopulmonary status of the fetus;
 - b. A determination is made of whether the fetus is a viable fetus;
 - c. A viable fetus is provided treatment to support life;
 - d. A viable fetus is transferred as required in R9-10-1510; and
 - e. Resuscitative measures and the transfer, as applicable, are documented.
- H.** To ensure a patient's health and safety, a medical director shall ensure that following the abortion procedure:
1. A patient's vital signs and bleeding are monitored by:
 - a. A physician;
 - b. A physician assistant;
 - c. A registered nurse practitioner;
 - d. A nurse; or
 - e. If a physician is able to provide direct supervision, as defined in A.R.S. § 32-1401 or A.R.S. § 32-1800, as applicable, to a medical assistant, as defined in A.R.S. § 32-1401 or A.R.S. § 32-1800, a medical assistant under the direct supervision of the physician; and
 2. A patient remains in the recovery room or recovery area until a physician, physician assistant, registered nurse practitioner, or nurse examines the patient and determines that the patient's medical condition is stable and the

patient is ready to leave the recovery room or recovery area.

I. A medical director shall ensure that follow-up care:

1. For a surgical abortion is offered to a patient that includes:
 - a. With a patient's consent, a telephone call made to the patient to assess the patient's recovery:
 - i. By a patient care staff member other than a surgical assistant; and
 - ii. Within 24 hours after the patient's discharge following a surgical abortion; and
 - b. A follow-up visit scheduled, if requested, no more than 21 calendar days after the abortion that includes:
 - i. A physical examination,
 - ii. A review of all laboratory tests as required in subsection (A)(3), and
 - iii. A urine pregnancy test;
2. For a medication abortion includes a follow-up visit, scheduled between seven and 21 calendar days after the initial dose of a substance used to induce an abortion, that includes:
 - a. A urine pregnancy test, and
 - b. An assessment of the degree of bleeding; and
3. Is documented in the patient's medical record, including:
 - a. A patient's acceptance or refusal of a follow-up visit following a surgical abortion;
 - b. If applicable, the results of the follow-up visit; and
 - c. If applicable, whether the patient consented to a telephone call and, if so, whether the patient care staff member making the telephone call to the patient:
 - i. Spoke with the patient about the patient's recovery, or
 - ii. Was unable to speak with the patient.

J. If a continuing pregnancy is suspected as a result of the follow-up visit in subsection (I)(1)(b) or (I)(2), a physician who performs abortions shall be consulted.

R9-10-1510. Patient Transfer and Discharge

A. A medical director shall ensure that:

1. For a patient:
 - a. A patient is transferred to a hospital for an emergency involving the patient;
 - b. A patient transfer is documented in the patient's medical record; and

- c. Documentation of a medical evaluation, treatment provided, and laboratory and diagnostic information is transferred with a patient; and
 2. For a viable fetus:
 - a. A viable fetus requiring emergency care is transferred to a hospital,
 - b. The transfer of a viable fetus is documented in the viable fetus's medical record, and
 - c. Documentation of an assessment of cardiopulmonary function and treatment provided to a viable fetus is transferred with the viable fetus.
- B.** A medical director shall ensure that before a patient is discharged:
1. A physician signs the patient's discharge order; and
 2. A patient receives follow-up instructions at discharge that include:
 - a. Signs of possible complications,
 - b. When to access medical services in response to complications,
 - c. A telephone number of an individual or entity to contact for medical emergencies,
 - d. Information and precautions for resuming vaginal intercourse after the abortion, and
 - e. Information specific to the patient's abortion or condition.

with an abortion, including any follow-up visits to the abortion clinic in connection with the abortion:

- a. The patient's medical history required in R9-10-1509(A)(1);
 - b. The patient's physical examination required in R9-10-1509(A)(2);
 - c. The laboratory test results required in R9-10-1509(A)(3);
 - d. The physician's estimate of gestational age of the fetus required in R9-10-1509(C);
 - e. The ultrasound results required in R9-10-1509(D)(2);
 - f. Each consent form signed by the patient or the patient's representative;
 - g. Orders issued by a physician, physician assistant, or registered nurse practitioner;
 - h. A record of medical services, nursing services, and health-related services provided to the patient; and
 - i. The patient's medication information;
4. If the Department's request is in connection with a licensing or compliance inspection:
- a. Is not required to produce any patient medical records associated with an abortion that occurred before the licensing inspection or a previous compliance inspection of the abortion clinic; and
 - b. Shall:
 - i. Redact only personally identifiable patient information from the patient medical records before the licensee discloses the patient medical records to the Department;
 - ii. Upon request by the Department, code the requested patient medical records by a means that allows the Department to track all patient medical records related to a specific patient without the personally identifiable patient information; and
 - iii. Unless the Department and the licensee agree otherwise, provide redacted copies of patient medical records to the Department:
 - (1) For one to ten patients, within two working days after the request, and
 - (2) For every additional five patients, within an additional two working days; and
5. If the Department's request is in connection with a complaint investigation, shall:
- a. Not redact patient information from the patient medical records before the licensee discloses the patient medical records to the Department; and
 - b. Ensure the patient medical records include:
 - i. The patient's name, address, and date of birth;
 - ii. The patient's representative, if applicable; and
 - iii. The name and telephone number of an individual to contact in an emergency.
- E. A medical director shall ensure that only personnel authorized by policies and procedures, records or signs an entry in a medical record and:
1. An entry in a medical record is dated and legible;
 2. An entry is authenticated by:
 - a. A signature; or
 - b. An individual's initials if the individual's signature already appears in the medical record;
 3. An entry is not changed after it has been recorded, but additional information related to an entry may be recorded in the medical record;

4. When a verbal or telephone order is entered in the medical record, the entry is authenticated within 21 calendar days by the individual who issued the order;
 5. If a rubber-stamp signature or an electronic signature is used:
 - a. An individual's rubber stamp or electronic signature is not used by another individual;
 - b. The individual who uses a rubber stamp or electronic signature signs a statement that the individual is responsible for the use of the rubber stamp or the electronic signature; and
 - c. The signed statement is included in the individual's personnel record; and
 6. If an abortion clinic maintains medical records electronically, the medical director shall ensure the date and time of an entry is recorded by the computer's internal clock.
- F. As required by A.R.S. § 36-449.03(J), the Department shall not release any personally identifiable patient or physician information.

 1. If an opioid may have contributed to a patient's death:
 - a. Written notification of the patient's death is provided to the Department in a Department-provided format if:
 - i. A personnel member of the pain management clinic prescribed, ordered, or administered the opioid that may have contributed to the patient's death, or
 - ii. The patient's death occurred while the patient was on the premises of the pain management clinic; and
 - b. The written notification required by subsection (F)(1)(a)(i) is provided within one working day:
 - i. After the patient's death, if an opioid administered as part of treatment may have contributed to the death; or
 - ii. After a personnel member of the pain management clinic learns of the patient's death, if a prescribed opioid may have contributed to the patient's death; and
 - c. The written notification required by subsection (F)(1)(a)(ii) is provided according to R9-4-602; and
 2. Written notification of a suspected opioid overdose is provided to the Department according to R9-4-602.
 - G. If the Department requests a patient's medical record for review, the licensee:
 1. May provide the patient medical record to the Department either in paper or in an electronic format that is acceptable to the Department, and
 2. Shall ensure that documentation required by this Article is provided to the Department within two hours after a Department request.
 - H. The Department may take enforcement action as specified in R9-10-111 if a pain management clinic:
 1. Is not in substantial compliance with applicable requirements in 9 A.A.C. 10, Article 1 or this Article; or
 2. Is in substantial compliance, but refuses to carry out a plan of correction acceptable to the Department.

R9-10-2004. Quality Management

A medical director shall ensure that:

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

1. A plan is established, documented, and implemented for an ongoing quality management program that, at a minimum, includes:
 - a. A method to identify, document, and evaluate opioid-related adverse reactions or other incidents;
 - b. A method to collect data on services provided to patients;
 - c. A method to use the data to identify concerns about the delivery of services related to patient care;
 - d. A method to make changes or take action in response to a concern identified according to subsection (1)(c); and
 - e. The frequency with which the documented report required in subsection (2) will be submitted to the licensee;
 2. A documented report is submitted to the licensee that includes:
 - a. Each concern about the delivery of services related to patient care, and
 - b. Any changes made or actions taken in response to that concern; and
 3. The report required in subsection (2) and the supporting documentation for the report are maintained for at least 12 months after the date the report is submitted to the licensee.
2. The procedure is performed by a personnel member qualified according to policies and procedures to perform the procedure; and
 3. The following information is included in the patient's medical record:
 - a. The evaluation of the patient required in subsection (B)(1),
 - b. A record of the procedure, and
 - c. Any adverse reaction to the procedure and any measures taken to address an adverse reaction.
- C.** Except as provided in subsection (E), a medical director shall ensure that a medical practitioner:
1. Before prescribing an opioid for a patient of the pain management clinic:
 - a. Conducts a physical examination of the patient;
 - b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
 - c. Conducts an assessment of the patient's substance use risk;
 - d. Explains to the patient or the patient's representative the risks and benefits associated with use of an opioid;
 - e. Explains alternatives to a prescribed opioid; and
 - f. Obtains informed consent from the patient or the patient's representative that meets the requirements in R9-10-2007(B), including the potential risks, adverse outcomes, and complications associated with the concurrent use of an opioid and a benzodiazepine or another sedative-hypnotic medication, if the patient:
 - i. Is also prescribed or ordered a sedative-hypnotic medication, or
 - ii. Has been prescribed a sedative-hypnotic medication by another medical practitioner;
 2. Before ordering an opioid for a patient of the pain management clinic:
 - a. Conducts a physical examination of the patient;
 - b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
 - c. Conducts an assessment of the patient's substance use risk;
 - d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of an opioid as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of an opioid;
 - e. If applicable, explains alternatives to an ordered opioid; and
 - f. Obtains informed consent from the patient or the patient's representative, according to R9-10-2007(B);
 3. When administering or causing administration of an opioid to a patient:
 - a. Before administration, identifies the patient's need for the opioid; and
 - b. Monitors the patient's response to the opioid; and

R9-10-2005. Medication Services

A medical director shall ensure that:

1. Medications are stored in a locked area on the premises;
2. Only personnel members designated by policies and procedures have access to the locked area containing medications;
3. Expired, mislabeled, or unusable medications are disposed of according to policies and procedures;
4. If an opioid is administered at a pain management clinic, an opioid antagonist is available on the premises;
5. A medication error or an adverse reaction, including any actions taken in response to the medication error or adverse reaction, is:
 - a. Immediately reported to the medical director and licensee, and
 - b. Recorded in the patient's medical record; and
6. Medication information for a patient is maintained in the patient's medical record.

Historical Note

New Section made by final rulemaking at 24 A.A.R. 3020, effective January 1, 2019 (Supp. 18-4).

R9-10-2006. Pain Management Services

- A.** A medical director shall ensure that a medical practitioner or nurse anesthetist remains on the premises until all patients who received a procedure at the pain management clinic are discharged.
 - B.** A medical director shall ensure that, if a procedure other than the administration of an opioid is used to provide pain management services:
 1. Before the procedure is initially used on a patient, the patient is evaluated by:
 - a. A medical practitioner or
 - b. A nurse anesthetist, according to A.R.S. § 32-1634.04;
 2. The procedure is performed by a personnel member qualified according to policies and procedures to perform the procedure; and
 3. The following information is included in the patient's medical record:
 - a. The evaluation of the patient required in subsection (B)(1),
 - b. A record of the procedure, and
 - c. Any adverse reaction to the procedure and any measures taken to address an adverse reaction.
- C.** Except as provided in subsection (E), a medical director shall ensure that a medical practitioner:
1. Before prescribing an opioid for a patient of the pain management clinic:
 - a. Conducts a physical examination of the patient;
 - b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
 - c. Conducts an assessment of the patient's substance use risk;
 - d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of an opioid as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of an opioid;
 - e. If applicable, explains alternatives to an ordered opioid; and
 - f. Obtains informed consent from the patient or the patient's representative, according to R9-10-2007(B);
 2. Before ordering an opioid for a patient of the pain management clinic:
 - a. Conducts a physical examination of the patient;
 - b. Except as exempted by A.R.S. § 36-2606(G), reviews the patient's profile on the Arizona Board of Pharmacy Controlled Substances Prescription Monitoring Program database;
 - c. Conducts an assessment of the patient's substance use risk;
 - d. Explains to the patient or the patient's representative the risks and benefits associated with the use of opioids or ensures that the patient or the patient's representative understands the risks and benefits associated with the use of an opioid as explained to the patient or the patient's representative by an individual licensed under A.R.S. Title 32 and authorized by policies and procedures to explain to the patient or the patient's representative the risks and benefits associated with the use of an opioid;
 - e. If applicable, explains alternatives to an ordered opioid; and
 - f. Obtains informed consent from the patient or the patient's representative, according to R9-10-2007(B);
 3. When administering or causing administration of an opioid to a patient:
 - a. Before administration, identifies the patient's need for the opioid; and
 - b. Monitors the patient's response to the opioid; and

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

4. Documents the pain management services provided in the patient's medical record according to R9-10-2008.
- D.** A medical practitioner is exempt from the requirements in subsection (C)(2), if:
 1. An order for an opioid is part of treatment for a patient in an emergency;
 2. The order is issued according to policies and procedures that include procedures for:
 - a. Providing treatment without obtaining the consent of a patient or the patient's representative,
 - b. Ordering and administering an opioid in an emergency situation, and
 - c. Complying with the requirements in subsection (C)(2) after the emergency is resolved; and
 3. The emergency situation is documented in the patient's medical record.
- E.** The requirements in subsections (C)(1), (2), and (3), as applicable, do not apply when:
 1. A personnel member of a pain management clinic prescribes, orders, or administers an opioid as part of treatment for a patient with an end-of-life condition or pain associated with an active malignancy; or
 2. A prescription for an opioid changes only the type or dosage of an opioid previously prescribed to the patient according to subsection (C)(1):
 - a. Before a pharmacist dispenses the opioid for the patient; or
 - b. If changing the opioid because the patient experienced an adverse reaction to the opioid, within 72 hours after a pharmacist dispensed the opioid for the patient.

3020, effective January 1, 2019 (Supp. 18-4).

R9-10-2008. Medical Records

- A.** A medical director shall ensure that a medical record is established and maintained for a patient that contains:
 1. Patient identification, including:
 - a. The patient's name, address, and date of birth;
 - b. The patient's representative, if applicable; and
 - c. The name and telephone number of an individual to contact in an emergency;
 2. The patient's medical history;
 3. The patient's physical examination;
 4. Laboratory test results;
 5. The patient's diagnosis, including co-occurring disorders;
 6. The patient's treatment plan;
 7. If applicable:
 - a. The effectiveness of the patient's current treatment,
 - b. The duration of the current treatment,
 - c. Alternative treatments tried by or planned for the patient, and
 - d. The expected benefit of a new treatment compared with continuing the current treatment;
 8. Each consent form signed by the patient or the patient's representative;
 9. The patient's medication information, including:
 - a. The patient's age and weight;
 - b. The medications and herbal supplements the patient is currently taking; and
 - c. Allergies or sensitivities to medications, antiseptic solutions, or latex;
 10. Prescriptions ordered for the patient and, if an opioid is prescribed or ordered:
 - a. The nature and intensity of the patient's pain,
 - b. The specific opioid and the reason for the prescription or order,
 - c. The objectives used to determine whether the patient is being successfully treated, and
 - d. Other factors relevant to prescribing or ordering an opioid for the patient;
 11. Medications administered to the patient and, if an opioid is administered:
 - a. The patient's need for the opioid before the opioid was administered, and
 - b. The effect of the opioid administered; and
 12. A record of services provided to the patient.
- B.** A licensee shall ensure that:
 1. A medical record is accessible only to the Department or personnel members authorized by policies and procedures;
 2. Medical record information is confidential and released only with the written informed consent of a patient or the patient's representative or as otherwise permitted by law; and
 3. A medical record is protected from loss, damage, or unauthorized use and is retained according to A.R.S. § 12-2297.
- C.** A medical director shall ensure that:
 1. Only personnel authorized by policies and procedures record or sign an entry in a medical record;
 2. An entry in a medical record is dated and legible;
 3. An entry is authenticated;
 4. An entry is not changed after it has been recorded, but additional information related to an entry may be recorded in the medical record;

CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

5. When a verbal or telephone order is entered in the medical record, the entry is authenticated according to policies and procedures by the individual who issued the order;
6. If a rubber-stamp signature or an electronic signature is used:
 - a. An individual's rubber-stamp or electronic signature is not used by another individual; and
 - b. If a rubber-stamp signature or an electronic signature is used to authenticate an order, the individual whose signature the rubber-stamp signature or electronic signature represents is accountable for the use of the rubber-stamp signature or electronic signature; and
7. If a pain management clinic maintains medical records electronically, the date and time of an entry is recorded by the computer's internal clock.

Historical Note

R9-10-2009. Equipment and Safety Standards

- A. A medical director shall ensure that:
 1. The equipment is:
 - a. Sufficient to accommodate:
 - i. The services stated in the pain management clinic's scope of services, and
 - ii. An individual accepted as a patient by the pain management clinic;
 - b. Maintained in working order;
 - c. Tested and calibrated at least once every 12 months or according to the manufacturer's recommendations; and
 - d. Used according to the manufacturer's recommendations;
 2. Documentation of each equipment test, calibration, and repair is maintained on the premises for at least 12 months after the date of the testing, calibration, or repair;
 3. Equipment and supplies are clean and, if applicable, sterile before each use;
 4. Personnel members wash hands after each direct patient contact and after handling soiled linen, soiled clothing, or biohazardous medical waste; and
 5. Biohazardous medical waste is identified, stored, and disposed of according to 18 A.A.C. 13, Article 14 and policies and procedures.
- B. A medical director shall establish an infection control program and ensure that:
 1. The infection control program includes:
 - a. A method to identify and document infections that occur at the pain management clinic;
 - b. Analysis of the types, causes, and spread of infections and communicable diseases at the pain management clinic;
 - c. The development of corrective measures to minimize or prevent the spread of infections and communicable diseases at the pain management clinic; and
 - d. Documentation of infection control activities, including:
 - i. The collection and analysis of infection control data,
 - ii. The actions taken related to infections and communicable diseases, and
 - iii. Reports of communicable diseases; and
 2. Infection control documentation is maintained for at least 12 months after the date of documentation.

- C. A medical director shall ensure that soiled linen and clothing are kept:
 1. In a covered container, and
 2. Separate from clean linen and clothing.
- D. A licensee shall:
 1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal;
 2. Make and document any repairs or corrections stated on the fire inspection report;
 3. Maintain documentation of a current fire inspection;
 4. Ensure that a written emergency plan is established, documented, and implemented that includes procedures for protecting the health and safety of patients and other individuals if circumstances arise in the pain management clinic that immediately threaten the life or health of patients and other individuals, such as a fire, natural disaster, loss of electrical power, or threat or incidence of violence; and
 5. Ensure that an evacuation drill is conducted at least once every six months that includes all personnel members on the premises on the day of the evacuation drill.
- E. A licensee shall ensure that a pain management clinic has either:
 1. Both of the following that are tested and serviced at least once every 12 months:
 - a. A fire alarm system installed according to the National Fire Protection Association 72: National Fire Alarm and Signaling Code, incorporated by reference in A.A.C. R9-1-412, that is in working order; and
 - b. A sprinkler system installed according to the National Fire Protection Association 13 Standard for the Installation of Sprinkler Systems, incorporated by reference in A.A.C. R9-1-412, that is in working order; or
 2. Both of the following:
 - a. A smoke detector installed in each hallway of the pain management clinic that is:
 - i. Maintained in an operable condition;
 - ii. Either battery operated or, if hard-wired into the electrical system of the pain management clinic, has a back-up battery; and
 - iii. Tested monthly; and
 - b. A portable, operable fire extinguisher, labeled as rated at least 2A-10-BC by the Underwriters Laboratories, that:
 - i. Is available at the pain management clinic;
 - ii. Is mounted in a fire extinguisher cabinet or placed on wall brackets so that the top handle of the fire extinguisher is not over five feet from the floor and the bottom of the fire extinguisher is at least four inches from the floor;
 - iii. If a disposable fire extinguisher, is replaced when its indicator reaches the red zone; and
 - iv. If a rechargeable fire extinguisher, is serviced at least once every 12 months and has a tag attached to the fire extinguisher that specifies the date of the last servicing and the name of the servicing person.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 9. HEALTH SERVICES

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Editor's Note: The Office of the Secretary of State prints all Code Chapters on white paper (Supp 01-3).

Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1993, Ch. 6, § 34. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

ARTICLE 2. SCOPE OF SERVICES**R9-22-201. Scope of Services-related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:

“Anticipatory guidance” means a person responsible for a child receives information and guidance of what the person should expect of the child’s development and how to help the child stay healthy.

“Behavioral health recipient” means a Title XIX or Title XXI acute care member who is eligible for, and is receiving, behavioral health services through ADHS/DBHS.

“Benefit year” means a one-year time period of October 1st through September 30th.

“Emergency behavioral health condition for a non-FES member” means a condition manifesting itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in:

Placing the health of the person, including mental health, in serious jeopardy;

Serious impairment to bodily functions;

Serious dysfunction of any bodily organ or part; or

Serious physical harm to another person.

“Emergency behavioral health services for a non-FES member” means those behavioral health services provided for the treatment of an emergency behavioral health condition.

“Emergency medical condition for a non-FES member” means treatment for a medical condition, including labor and delivery, which manifests itself by acute symptoms of sufficient severity, including severe pain, such that a prudent layperson who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

Placing the member’s health in serious jeopardy,

Serious impairment to bodily functions, or

Serious dysfunction of any bodily organ or part.

“Emergency medical services for a non-FES member” means services provided for the treatment of an emergency medical condition.

“Hearing aid” means an instrument or device designed for, or represented by the supplier as aiding or compensating for impaired or defective human hearing, and includes any parts, attachments, or accessories of the instrument or device.

“Home health services” means services and supplies that are provided by a home health agency that coordinates in-home intermittent services for curative, habilitative care, including home-health aide services, licensed nurse services, and medical supplies, equipment, and appliances.

“Occupational therapy” means medically prescribed treatment provided by or under the supervision of a licensed occupational therapist, to restore or improve an individual’s ability to perform tasks required for independent functioning.

“Pharmaceutical service” means medically necessary medications that are prescribed by a physician, practitioner, or dentist under R9-22-209.

“Physical therapy” means treatment services to restore or improve muscle tone, joint mobility, or physical function provided by or under the supervision of a registered physical therapist.

“Post-stabilization services” means covered services related to an emergency medical or behavioral health condition provided after the condition is stabilized.

“Primary care provider services” means healthcare services provided by and within the scope of practice, as defined by law, of a licensed physician, certified nurse practitioner, or licensed physician assistant.

“Psychosocial rehabilitation services” means services that provide education, coaching, and training to address or prevent residual functional deficits and may include services that may assist a member to secure and maintain employment. Psychosocial rehabilitation services may include:

Living skills training,

Cognitive rehabilitation,

Health promotion,

Supported employment, and

Other services that increase social and communication skills to maximize a member’s ability to participate in the community and function independently.

“RBHA” or “Regional Behavioral Health Authority” means the same as in A.R.S. § 36-3401.

“Residual functional deficit” means a member’s inability to return to a previous level of functioning, usually after experiencing a severe psychotic break or state of decompensation.

“Respiratory therapy” means treatment services to restore, maintain, or improve respiratory functions that are provided by, or under the supervision of, a respiratory therapist licensed according to A.R.S. Title 32, Chapter 35.

“Scope of services” means the covered, limited, and excluded services under Articles 2 and 12 of this Chapter.

“Speech therapy” means medically prescribed diagnostic and treatment services provided by or under the supervision of a certified speech therapist.

“Sterilization” means a medically necessary procedure, not for the purpose of family planning, to render an eligible person or member barren in order to:

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Prevent the progression of disease, disability, or adverse health conditions; or

Prolong life and promote physical health.

“Substance abuse” means the chronic, habitual, or compulsive use of any chemical matter that, when introduced into the body, is capable of altering human behavior or mental functioning and, with extended use, may cause psychological dependence and impaired mental, social or educational functioning. Nicotine addiction is not considered substance abuse for adults who are 21 years of age or older

R9-22-202. General Requirements

A. For the purposes of this Article, the following definitions apply:

1. “Authorization” means written, verbal, or electronic authorization by:
 - a. The Administration for services rendered to a fee-for-service member, or
 - b. The contractor for services rendered to a prepaid capitated member.
2. Use of the phrase “attending physician” applies only to the fee-for-service population.

B. In addition to other requirements and limitations specified in this Chapter, the following general requirements apply:

1. Only medically necessary, cost effective, and federally-reimbursable and state-reimbursable services are covered services.
2. Covered services for the federal emergency services program (FESP) are under R9-22-217.
3. The Administration or a contractor may waive the covered services referral requirements of this Article.
4. Except as authorized by the Administration or a contractor, a primary care provider, attending physician, practitioner, or a dentist shall provide or direct the member’s covered services. Delegation of the provision of care to a

practitioner does not diminish the role or responsibility of the primary care provider.

5. A contractor shall offer a female member direct access to preventive and routine services from gynecology providers within the contractor’s network without a referral from a primary care provider.
 6. A member may receive physical and behavioral health services as specified in Articles 2 and 12.
 7. The Administration or a contractor shall provide services under the Section 1115 Waiver as defined in A.R.S. § 36-2901.
 8. An AHCCCS registered provider shall provide covered services within the provider’s scope of practice.
 9. In addition to the specific exclusions and limitations otherwise specified under this Article, the following are not covered:
 - a. A service that is determined by the AHCCCS Chief Medical Officer to be experimental or provided primarily for the purpose of research;
 - b. Services or items furnished gratuitously, and
 - c. Personal care items except as specified under R9-22-212.
 10. Medical or behavioral health services are not covered services if provided to:
 - a. An inmate of a public institution; or
 - b. A person who is in residence at an institution for the treatment of tuberculosis.
- C.** The Administration or a contractor may deny payment of non-emergency services if prior authorization is not obtained as specified in this Article and Article 7 of this Chapter. The Administration or a contractor shall not provide prior authorization for services unless the provider submits documentation of the medical necessity of the treatment along with the prior authorization request.
- D.** Services under A.R.S. § 36-2908 provided during the prior period coverage do not require prior authorization.
- E.** Prior authorization is not required for services necessary to evaluate and stabilize an emergency medical condition. The Administration or a contractor shall not reimburse services that require prior authorization unless the provider documents the diagnosis and treatment.
- F.** A service is not a covered service if provided outside the GSA unless one of the following applies:
1. A member is referred by a primary care provider for medical specialty care outside the GSA. If a member is referred outside the GSA to receive an authorized medically necessary service, the contractor shall also provide all other medically necessary covered services for the member;
 2. There is a net savings in service delivery costs as a result of going outside the GSA that does not require undue travel time or hardship for a member or the member’s family;
 3. The contractor authorizes placement in a nursing facility located out of the GSA; or
 4. Services are provided during prior period coverage or during the prior quarter coverage.
- G.** If a member is traveling or temporarily residing outside of the GSA, covered services are restricted to emergency care services, unless otherwise authorized by the contractor.
- H.** A contractor shall provide at a minimum, directly or through subcontracts, the covered services specified in this Chapter and in contract.
- I.** The Administration shall determine the circumstances under which a FFS member may receive services, other than emergency services, from service providers outside the member’s

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

county of residence or outside the state. Criteria considered by the Administration in making this determination shall include availability and accessibility of appropriate care and cost effectiveness.

J. The restrictions, limitations, and exclusions in this Article do not apply to a contractor electing to provide noncovered services.

1. The Administration shall not consider the costs of providing a noncovered service to a member in the development or negotiation of a capitation rate.
2. A contractor shall pay for noncovered services from administrative revenue or other contractor funds that are unrelated to the provision of services under this Chapter.
3. If a member requests a service that is not covered or is not authorized by a contractor, or the Administration, an AHCCCS-registered service provider may provide the service according to R9-22-702.

K. Subject to CMS approval, the restrictions, limitations, and exclusions specified in the following subsections do not apply to American Indians receiving services through IHS or a tribal health program operating under P.L. 93-638 when those services are eligible for 100 percent federal financial participation:

1. R9-22-205(A)(8),
2. R9-22-206,
3. R9-22-207,
4. R9-22-212(C),
5. R9-22-212(D),
6. R9-22-212(E)(8),
7. R9-22-215(C)(5), (C)(6), and
8. R9-22-215(C)(4).

Amended by final rulemaking at 21 A.A.R. 1225, effective July 7, 2015 (Supp. 15-3).

R9-22-203. Experimental Services

- A.** Experimental services are not covered. A service is not experimental if:

1. It is generally and widely accepted as a standard of care in the practice of medicine in the United States and is a safe and effective treatment for the condition for which it is intended or used.
 2. The service does not meet the standard in subsection (A)(1), but the service has been demonstrated to be safe and effective for the condition for which it is intended or used based on the weight of the evidence in peer-reviewed articles in medical journals published in the United States.
 3. The service does not meet the standard in subsection (A)(2) because the condition for which the service is intended or used is rare, but the service has been demonstrated to be safe and effective for the condition for which it is intended or used based on the weight of opinions from specialists who provide the service or related services.
- B.** The following factors shall be considered when evaluating the weight of peer-reviewed articles or the opinions of specialists:
1. The mortality rate and survival rate of the service as compared to the rates for alternative non-experimental services.
 2. The types, severity, and frequency of complications associated with the services as compared with the complications associated with alternative non-experimental services.
 3. The frequency with which the service has been performed in the past.
 4. Whether there is sufficient historical information regarding the service to provide reliable data regarding risks and benefits.
 5. The reputation and experience of the authors and/or specialists and their record in related areas.
 6. The extent to which medical science in the area develops rapidly and the probability that more definite data will be available in the foreseeable future.
 7. Whether the peer reviewed article describes a random controlled trial or an anecdotal clinical case study.

Historical Note

R9-22-204. Inpatient General Hospital Services

- A.** The following limitations apply to inpatient general hospital services that are provided by FFS providers.
1. Providers shall obtain prior authorization from the Administration for the following inpatient hospital services:

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- a. Nonemergency and elective admission, including psychiatric hospitalization;
 - b. Elective surgery; and
 - c. Services or items provided to cosmetically reconstruct or improve personal appearance after an illness or injury.
 2. The Administration or a contractor may deny a claim if a provider fails to obtain prior authorization.
 3. Providers are not required to obtain prior authorization from the Administration for the following inpatient hospital services:
 - a. Voluntary sterilization,
 - b. Dialysis shunt placement,
 - c. Arteriovenous graft placement for dialysis,
 - d. Angioplasties or thrombectomies of dialysis shunts,
 - e. Angioplasties or thrombectomies of arteriovenous graft for dialysis,
 - f. Hospitalization for vaginal delivery that does not exceed 48 hours,
 - g. Hospitalization for cesarean section delivery that does not exceed 96 hours, and
 - h. Other services identified by the Administration through the Provider Participation Agreement.
 4. The Administration may perform concurrent review for hospitalizations of non-FES members to determine whether there is medical necessity for the hospitalization. A provider shall notify the Administration no later than 72 hours after an emergency admission.
- C. Coverage of in-state and out-of-state inpatient hospital services is limited to 25 days per benefit year for members age 21 and older for claims with discharge dates on or before September 30, 2014. The limit applies for all inpatient hospital services with dates of service during the benefit year regardless of whether the member is enrolled in Fee for Service, is enrolled with one or more contractors, or both, during the benefit year.
 1. For purposes of calculating the limit:
 - a. Inpatient days are counted towards the limit if paid by the Administration or a contractor;
 - b. Inpatient days will be counted toward the limit in the order of the adjudication date of a paid claim;
 - c. Paid inpatient days are allocated to the benefit year in which the date of service occurs;
 - d. Each 24 hours of paid observation services is counted as one inpatient day if the patient is not admitted to the same hospital directly following the observation services,
 - e. Observation services, which are directly followed by an inpatient admission to the same hospital are not counted towards the inpatient limit; and
 - f. After 25 days of inpatient hospital services have been paid as provided for in this rule Section:
 - i. Outpatient services that are directly followed by an inpatient admission to the same hospital, including observation services, are not covered.
 - ii. Continuous periods of observation services of less than 24 hours that are not directly followed by an inpatient admission to the same hospital are covered.
 - iii. For continuous periods of observation services of 24 hours or more that are not directly followed by an inpatient admission to the same hospital, 23 hours of observation services are covered.
 2. The following inpatient days are not included in the inpatient hospital limitation described in this Section:
 - a. Days reimbursed under specialty contracts between AHCCCS and a transplant facility that are included within the component pricing referred to in the contract;
 - b. Days related to Behavioral Health:
 - i. Inpatient days that qualify for the psychiatric tier under R9-22-712.09 and reimbursed by the Administration or its contractors, or
 - ii. Inpatient days with a primary psychiatric diagnosis code reimbursed by the Administration or its contractors, or
 - iii. Inpatient days paid by the Arizona Department of Health Services Division of Behavioral Health Services or a RBHA or TRBHA.
 - c. Days related to treatment for burns and burn late effects at an American College of Surgeons verified burn center;
 - d. Same Day Admit Discharge services are excluded from the 25 day limit; and
 - e. Subject to approval by CMS, days for which the state claims 100% FFP, such as payments for days provided by IHS or 638 facilities.

R9-22-207. Dental Services

- A. The Administration or a contractor shall cover dental services for a member less than 21 years of age under R9-22-213.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- B.** For individuals age 21 years of age or older, the Administration or a contractor shall cover medical and surgical services furnished by a dentist only to the extent such services may be performed under state law either by a physician or by a dentist and such services would be considered a physician service if furnished by a physician.

1. Except as specified in subsection (C), such services must be related to the treatment of a medical condition such as acute pain, infection, or fracture of the jaw. Covered dental services include examination of the oral cavity, radiographs, complex oral surgical procedures such as treatment of maxillofacial fractures, administration of an appropriate level of anesthesia and the prescription of pain medication and antibiotics.
2. Such services do not include services that physicians are not generally competent to perform such as dental cleanings, routine dental examinations, dental restorations including crowns and fillings, extractions, pulpotomies, root canals, and the construction or delivery of complete or partial dentures. Diagnosis and treatment of temporomandibular joint dysfunction are not covered except for the reduction of trauma.

- C.** For the purposes of this subsection, simple restorations means silver amalgam or composite resin fillings, stainless steel crowns or preformed crowns. In addition, dental services for an individual 21 years of age or older include:

1. The elimination of oral infections and the treatment of oral disease, which includes dental cleanings, treatment of periodontal disease, medically necessary extractions and the provision of simple restorations as a medically necessary pre-requisite to covered transplantation; and
2. Prophylactic extraction of teeth in preparation for covered radiation treatment of cancer of the jaw, neck or head.

R9-22-208. Laboratory, Radiology, and Medical Imaging Services

Laboratory, radiology, and medical imaging services are covered services if:

1. Prescribed by the member's attending physician, practitioner, primary care provider or a dentist, or prescribed by a physician or practitioner upon referral from the primary care provider or dentist.
2. Provided by licensed health care providers in a:
 - a. Hospital,
 - b. Clinic,
 - c. Physician's office, or
 - d. Other health care facility.

Historical Note

Adopted as an emergency effective May 20, 1982 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-208 adopted as an emergency now adopted and amended as a permanent rule effective

August 30, 1982 (Supp. 82-4). Former Section R9-22-208 repealed, new Section R9-22-208 adopted effective October 1, 1985 (Supp. 85-5). Amended subsection (C) effective December 22, 1987 (Supp. 87-4). Amended effective December 13, 1993 (Supp. 93-4). Section repealed, new Section adopted effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 2325, effective May 9, 2002 (Supp. 02-2).

R9-22-209. Pharmaceutical Services

- A.** An inpatient or outpatient provider, including a hospital, clinic, other appropriately licensed health care facility, and pharmacy may provide covered pharmaceutical services.
- B.** The Administration or a contractor shall require a provider to make pharmaceutical services:
1. Available during customary business hours, and
 2. Located within reasonable travel distance of a member's residence.
- C.** Pharmaceutical services are covered if:
1. Prescribed for a member by the member's primary care provider, attending physician, practitioner, or dentist;
 2. Prescribed by a specialist upon referral from the primary care provider or attending physician; or
 3. The contractor or its designee authorizes the service.
- D.** The following limitations apply to pharmaceutical services:
1. A medication personally dispensed by a physician, dentist, or a practitioner within the individual's scope of practice is not covered, except in geographically remote areas where there is no participating pharmacy or if accessible pharmacies are closed.
 2. A new prescription or refill in excess of a 30 day supply is not covered unless:
 - a. The member will be out of the provider's service area for an extended period of time and the prescription is limited to the extended time period, not to exceed a 90 day supply; or
 - b. The Contractor authorizes the prescription for an extended time period not to exceed a 90-day supply.
 3. An over-the-counter medication, in place of a covered prescription medication, is covered only if the over-the-counter medication is appropriate, equally effective, safe, and less costly than the covered prescription medication.
- E.** A contractor shall monitor and ensure sufficient services to prevent any gap in the pharmaceutical regimen of a member who requires a continuing or complex regimen of pharmaceutical treatment to restore, improve, or maintain physical well being.

R9-22-210. Emergency Medical Services for Non-FES Members

A. General provisions.

1. **Applicability.** This Section applies to emergency medical services for non-FES members. Provisions regarding emergency behavioral health services for non-FES members are in R9-22-210.01. Provisions regarding emergency medical and behavioral health services for FES members are in R9-22-217.
2. **Definitions.**
 - a. For the purposes of this Section, "contractor" has the same meaning as in A.R.S. § 36-2901. Contractor does not include ADHS/DBHS or a subcontractor of ADHS/DBHS.
 - b. For the purposes of this Section and R9-22-210.01, "fiscal agent" means a person who bills and accepts payment for a hospital or emergency room provider.
3. **Verification.** A provider of emergency medical services shall verify a person's eligibility status with AHCCCS, and if eligible, determine whether the person is enrolled with AHCCCS as non-FES FFS or is enrolled with a contractor.
4. **Prior authorization.**
 - a. **Emergency medical services.** A provider is not required to obtain prior authorization for emergency medical services.
 - b. **Non-emergency medical services.** If a non-FES member's medical condition does not require emergency medical services, the provider shall obtain prior authorization as required by the terms of the provider agreement under R9-22-714(A) or the provider's subcontract with the contractor, whichever is applicable.
5. **Prohibition against denial of payment.** Neither the Administration nor a contractor shall:
 - a. Limit what constitutes an emergency medical condition on the basis of lists of diagnoses or symptoms,
 - b. Deny or limit payment because the provider failed to obtain prior authorization for emergency services,
 - c. Deny or limit payment because the provider does not have a subcontract.
6. **Grounds for denial.** The Administration and a contractor may deny payment for emergency medical services for reasons including but not limited to:
 - a. The claim was not a clean claim;
 - b. The claim was not submitted timely; and
 - c. The provider failed to provide timely notification under subsection (B)(4) to the contractor or the Administration, as appropriate, and the contractor does not have actual notice from any other source that the member has presented for services.

B. Additional requirements for emergency medical services for non-FES members enrolled with a contractor.

1. **Responsible entity.** A contractor is responsible for the provision of all emergency medical services to non-FES members enrolled with the contractor.
2. **Prohibition against denial of payment.** A contractor shall not limit or deny payment for emergency medical services when an employee of the contractor instructs the member to obtain emergency medical services.
3. **Contractor notification.** A contractor shall not deny payment to a hospital, emergency room provider, or fiscal agent for an emergency medical service rendered to a non-FES member based on the failure of the hospital,

emergency room provider, or fiscal agent to notify the member's contractor within 10 days from the day that the member presented for the emergency medical service.

4. **Contractor notification.** A hospital, emergency room provider, or fiscal agent shall notify the contractor no later than the 11th day after presentation of the non-FES member for emergency inpatient medical services. A contractor may deny payment for a hospital's, emergency room provider's, or fiscal agent's failure to provide timely notice, under this subsection.

C. Post-stabilization services for non-FES members enrolled with a contractor.

1. After the emergency medical condition of a member enrolled with a contractor is stabilized, a provider shall request prior authorization from the contractor for post-stabilization services.
2. The contractor is financially responsible for medical post-stabilization services obtained within or outside the network that have been prior authorized by the contractor.
3. The contractor is financially responsible for medical post-stabilization services obtained within or outside the network that are not prior authorized by the contractor, but are administered to maintain the member's stabilized condition within one hour of a request to the contractor for prior authorization of further post-stabilization services;
4. The contractor is financially responsible for medical post-stabilization services obtained within or outside the network that are not prior authorized by the contractor, but are administered to maintain, improve, or resolve the member's stabilized condition if:
 - a. The contractor does not respond to a request for prior authorization within one hour;
 - b. The contractor authorized to give the prior authorization cannot be contacted; or
 - c. The contractor representative and the treating physician cannot reach an agreement concerning the member's care and the contractor physician is not available for consultation. In this situation, the contractor shall give the treating physician the opportunity to consult with a contractor physician. The treating physician may continue with care of the member until the contractor physician is reached or:
 - i. A contractor physician with privileges at the treating hospital assumes responsibility for the member's care,
 - ii. A contractor physician assumes responsibility for the member's care through transfer,
 - iii. The contractor's representative and the treating physician reach agreement concerning the member's care, or
 - iv. The member is discharged.
5. **Transfer or discharge.** The attending physician or practitioner actually treating the member for the emergency medical condition shall determine when the member is sufficiently stabilized for transfer or discharge and that decision shall be binding on the contractor.

D. Additional requirements for FFS members.

1. **Responsible entity.** The Administration is responsible for the provision of all emergency medical services to non-FES FFS members.
2. **Grounds for denial.** The Administration may deny payment for emergency medical services if a provider fails to provide timely notice to the Administration.
3. **Notification.** A provider shall notify the Administration no later than 72 hours after a FFS member receiving

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

emergency medical services presents to a hospital for inpatient services. The Administration may deny payment for failure to provide timely notice.

R9-22-210.01. Emergency Behavioral Health Services for Non-FES Members**A. General provisions.**

1. Applicability. This Section applies to emergency behavioral health services for non-FES members. Provisions regarding emergency medical services for non-FES members are in R9-22-210. Provisions regarding emergency medical and behavioral health services for FES members are in R9-22-217.
2. Definition. For the purposes of this Section, "contractor" has the same meaning as in A.R.S. § 36-2901. Contractor does not include ADHS/DBHS, a subcontractor of ADHS/DBHS, or Children's Rehabilitative Services.
3. Responsible entity for inpatient emergency behavioral health services.
 - a. Members enrolled with a contractor. ADHS/DBHS, ADHS/DBHS or a subcontractor of ADHS/DBHS is responsible for providing all inpatient emergency behavioral health services to non-FES members with psychiatric or substance abuse diagnoses who are enrolled with the contractor.
 - b. FFS members. ADHS/DBHS or a subcontractor of ADHS/DBHS is responsible for providing all inpatient emergency behavioral health services for non-FES FFS members with psychiatric or substance abuse diagnoses unless services are provided in an IHS or tribally operated 638 facility.
4. Responsible entity for non-inpatient emergency behavioral health services for non-FES members. ADHS/DBHS or a subcontractor of ADHS/DBHS is responsible for providing all non-inpatient emergency behavioral health services for non-FES members.
5. Verification. A provider of emergency behavioral health services shall verify a person's eligibility status with AHCCCS, and if eligible, determine whether the person is a member enrolled with AHCCCS as non-FES FFS or is enrolled with a contractor, and determine whether the

member is a behavioral health recipient as defined in R9-22-201.

6. Prior authorization.

- a. Emergency behavioral health services. A provider is not required to obtain prior authorization for emergency behavioral health services.
- b. Non-emergency behavioral health services. When a non-FES member's behavioral health condition is determined by the provider not to require emergency behavioral health services, the provider shall follow the prior authorization requirements of a contractor and ADHS/DBHS or a subcontractor of ADHS/DBHS.

7. Prohibition against limitation or denial of payment. A contractor, TRBHA, the Administration, ADHS/DBHS, or a subcontractor of ADHS/DBHS shall not limit or deny payment to an emergency behavioral health provider for emergency behavioral health services to a non-FES member for the following reasons:

- a. On the basis of lists of diagnoses or symptoms;
- b. Prior authorization was not obtained;
- c. The provider does not have a contract;
- d. An employee of the contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS instructs the member to obtain emergency behavioral health services; or
- e. The failure of a hospital, emergency room provider, or fiscal agent to notify the member's contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS within 10 days from the day the member presented for the emergency service.

8. Grounds for denial. A contractor, the Administration, ADHS/DBHS, or a subcontractor of ADHS/DBHS may deny payment for emergency behavioral health services for reasons including but not limited to the following:

- a. The claim was not a clean claim;
- b. The claim was not submitted timely; or
- c. The provider failed to provide timely notification under subsection (A)(9) to the contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS or the Administration.

9. Notification.

- a. A hospital, emergency room provider, or fiscal agent shall notify a contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, whichever is appropriate, no later than the 11th day from presentation of the non-FES member for emergency inpatient behavioral health services.
- b. A hospital, emergency room provider, or fiscal agent shall notify the Administration no later than 72 hours after a FFS member receiving emergency behavioral health services presents to a hospital for inpatient services.

10. Transfer or discharge. The attending physician or the provider actually treating the non-FES member for the emergency behavioral health condition shall determine when the member is sufficiently stabilized for transfer or discharge and that decision shall be binding on the contractor and ADHS/DBHS or a subcontractor of ADHS/DBHS.**B. Post-stabilization requirements for non-FES members.**

1. A contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, as appropriate, is financially responsible for behavioral health post-stabilization services obtained within or outside the network that have been prior authorized by the contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

2. The contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, as appropriate, is financially responsible for behavioral health post-stabilization services obtained within or outside the network that are not prior authorized by the contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, but are administered to maintain the member's stabilized condition within one hour of a request to the contractor, ADHS/DBHS, or a subcontractor for prior authorization of further post-stabilization services;
3. The contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, as appropriate, is financially responsible for behavioral health post-stabilization services obtained within or outside the network that are not prior authorized by the contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, but are administered to maintain, improve, or resolve the member's stabilized condition if:
 - a. The contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS, does not respond to a request for prior authorization within one hour;
 - b. The contractor, ADHS/DBHS, or a subcontractor of ADHS/DBHS authorized to give the prior authorization cannot be contacted; or
 - c. The representative of the contractor, ADHS/DBHS, or the subcontractor and the treating physician cannot reach an agreement concerning the member's care and the contractor's, ADHS/DBHS' or the subcontractor's physician, is not available for consultation. The treating physician may continue with care of the member until ADHS/DBHS', the contractor's, or the subcontractor's physician is reached, or:
 - i. A contracted physician with privileges at the treating hospital assumes responsibility for the member's care;
 - ii. ADHS/DBHS', a contractor's, or a subcontractor's physician assumes responsibility for the member's care through transfer;
 - iii. A representative of the contractor, ADHS/DBHS, or the subcontractor and the treating physician reach agreement concerning the member's care; or
 - iv. The member is discharged.
- b. The transport is to the nearest appropriate provider or medical facility capable of meeting the member's medical needs, and
- c. No prior authorization is required for reimbursement of these transports.
3. The member's medical condition at the time of transport determines whether the transport is medically necessary.
4. A ground or air ambulance provider furnishing transport in response to a 911 call or other emergency response system shall notify the member's contractor within 10 working days from the date of transport. Failure of the provider to provide notification is cause for denial.
5. Notification to the Administration of emergency transportation provided to a FFS member is not required, but the provider shall submit documentation with the claim that justifies the service.
- B.** The Administration or a contractor covers air ambulance services only if at least one criterion in subsection (B)(1) is met and at least one criterion in subsection (B)(2), or the criterion in subsection (B)(3) is met. The criteria are:
 1. The air ambulance transport is initiated at the request of:
 - a. An emergency response unit,
 - b. A law enforcement official,
 - c. A clinic or hospital medical staff member, or
 - d. A physician or practitioner, and
 2. The point of pickup:
 - a. Is inaccessible by ground ambulance, or
 - b. Is a great distance from the nearest hospital or other provider with appropriate facilities to treat the member's condition and ground ambulance service will not suffice, or
 3. The medical condition of the member requires immediate intervention from emergency ambulance personnel or providers with the appropriate facilities to treat the member's condition.
- C.** Coverage of medically necessary nonemergency transportation is limited to the cost of transporting the member to an appropriate provider capable of meeting the member's medical needs.
 1. As specified in contract, a contractor shall arrange or provide medically necessary nonemergency transportation services for a member who is unable to arrange transportation to a service site or location.
 2. For a fee-for-service member, the Administration shall authorize medically necessary nonemergency transportation for a member who is unable to arrange transportation to a service site or location.
- D.** For the purposes of this subsection, an individual means a person who is not in the business of providing transportation services such as a family or household member, friend, or neighbor. The Administration or a contractor shall cover expenses for transportation in traveling to and returning from an approved and prior authorized health care service site provided by an individual if:
 1. The transportation services are authorized by the Administration or the member's contractor or designee,
 2. The individual is an AHCCCS registered provider, and
 3. No other means of appropriate transportation is available.
- E.** The Administration or a contractor shall cover expenses for meals, lodging, and transportation for a member traveling to and returning from an approved health care service site outside of the member's service area or county of residence.
- F.** The Administration or a contractor shall cover the expense of meals, lodging, and transportation for:
 1. A family member accompanying a member if:

R9-22-211. Transportation Services**A. Emergency ambulance services.**

1. A member shall receive medically necessary emergency transportation in a ground or air ambulance:
 - a. To the nearest appropriate provider or medical facility capable of meeting the member's medical needs, and
 - b. If no other appropriate means of transportation is available.
2. The Administration or a member's contractor shall reimburse a ground or air ambulance transport that originates in response to a 911 call or other emergency response system:
 - a. If the member's medical condition justifies the medical necessity of the type of ambulance transportation received,

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- a. The member is traveling to or returning from an approved health care service site outside of the member's service area or county of residence; and
 - b. The meals, lodging, and transportation services are authorized by the Administration or the member's contractor or designee.
 - 2. An escort who is not a family member as follows:
 - a. If the member is travelling to or returning from an approved and prior authorized health care service site, including an inpatient facility, outside of the member's service area or county of residence;
 - b. If the escort services are authorized by the Administration or the member's contractor or designee; and
 - c. Wage paid to an escort as reimbursement shall not exceed the federal minimum wage.
 - G. A provider shall obtain prior authorization from the Administration for transportation services provided for a member for the following:
 - 1. Medically necessary nonemergency transportation services not originated through a 911 call or other emergency response system when the distance traveled exceeds 100 miles (whether one way or round trip); and
 - 2. All meals, lodging, and services of an escort accompanying the member under this Section.
 - H. A charitable organization routinely providing transportation service at no cost to an ambulatory or chairbound person shall not charge or seek reimbursement from the Administration or a contractor for the provision of the service to a member but may enter into a subcontract with a contractor for medically necessary transportation services provided to a member.

- R9-22-212. Durable Medical Equipment, Orthotic and Prosthetic Devices, and Medical Supplies**
- A. Durable medical equipment, orthotic and prosthetic devices, and medical supplies, including incontinence briefs as specified in subsection (E), are covered services to the extent permitted in this Section if provided in compliance with requirements of this Chapter; and
 - 1. Prescribed by the primary care provider, attending physician, or practitioner; or
 - 2. Prescribed by a specialist upon referral from the primary care provider, attending physician, or practitioner; and
 - 3. Authorized as required by the Administration, contractor, or contractor's designee.
 - B. Covered medical supplies are consumable items that are designed specifically to meet a medical purpose, are disposable, and are essential for the member's health.
 - C. Covered DME is any item, appliance, or piece of equipment that is not a prosthetic or orthotic; and
 - 1. Is designed for a medical purpose, and is generally not useful to a person in the absence of an illness or injury, and
 - 2. Can withstand repeated use, and
 - 3. Is generally reusable by others.
 - D. Prosthetics are devices prescribed by a physician or other licensed practitioner to artificially replace missing, deformed or malfunctioning portion of the body. Only those prosthetics that are medically necessary for rehabilitation are covered, except as otherwise provided in R9-22-215.
 - E. The following limitations on coverage apply:
 - 1. The DME is furnished on a rental or purchase basis, whichever is less expensive. The total expense of renting the DME does not exceed the cost of the DME if purchased.
 - 2. Reasonable repair or adjustment of purchased DME is covered if necessary to make the DME serviceable and if the cost of repair or adjustment is less than the cost of renting or purchasing another unit.
 - 3. A change in, or addition to, an original order for DME is covered if approved by the prescriber in subsection (A), or prior authorized by the Administration or contractor, and the change or addition is indicated clearly on the order and initialed by the vendor. No change or addition to the original order for DME may be made after a claim for services is submitted to the member's contractor, or the Administration, without prior written notification of the change or addition to the Administration or the contractor.
 - 4. Reimbursement for rental fees shall terminate:
 - a. No later than the end of the month in which the prescriber in subsection (A) certifies that the member no longer needs the DME;
 - b. If the member is no longer eligible for AHCCCS services; or
 - c. If the member is no longer enrolled with a contractor, with the exception of transitions of care as specified in R9-22-509.
 - 5. Except for incontinence briefs for persons over 3 years old and under 21 years old as provided in subsection (E)(6), personal care items including items for personal cleanliness, body hygiene, and grooming are not covered unless needed to treat a medical condition. Personal care items are not covered services if used solely for preventive purposes.
 - 6. Incontinence briefs, including pull-ups are covered to prevent skin breakdown and enable participation in social, community, therapeutic and educational activities under the following circumstances:
 - a. The member is over 3 years old and under 21 years old;
 - b. The member is incontinent due to a documented disability that causes incontinence of bowel or bladder, or both;
 - c. The PCP or attending physician has issued a prescription ordering the incontinence briefs;
