 - d. Incontinence briefs do not exceed 240 briefs per month unless the prescribing physician presents evidence of medical necessity for more than 240 briefs per month for a member diagnosed with chronic diarrhea or spastic bladder;
 - e. The member obtains incontinence briefs from providers in the contractor's network;
 - f. Prior authorization has been obtained as required by the Administration, contractor, or contractor's designee. Contractors may require a new prior authorization to be issued no more frequently than every 12 months. Prior authorization for a renewal of an existing prescription may be provided by the physician through telephone contact with the member

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

rather than an in-person physician visit. Prior authorization will be permitted to ascertain that:

- i. The member is over age 3 and under age 21;
 - ii. The member has a disability that causes incontinence of bladder or bowel, or both;
 - iii. A physician has prescribed incontinence briefs as medically necessary. A physician prescription supporting medical necessity may be required for specialty briefs or for briefs different from the standard briefs supplied by the contractor; and
 - iv. The prescription is for 240 briefs or fewer per month, unless evidence of medical necessity for over 240 briefs is provided.
7. First aid supplies are not covered unless they are provided in accordance with a prescription.
 8. The following services are not covered for individuals 21 years of age or older:
 - a. Hearing aids;
 - b. Prescriptive lenses unless they are the sole visual prosthetic device used by the member after a cataract extraction;
 - c. Bone Anchor Hearing Aid (BAHA);
 - d. Cochlear implant;
 - e. Percussive vest;
 - f. Insulin pump;
 - g. Microprocessor-controlled lower limbs or microprocessor-controlled joints for lower limbs; and
 - h. Orthotics, which are defined as devices that are prescribed by a physician or other licensed practitioner of the healing arts to support a weak or deformed portion of the body.

F. Liability and ownership.

1. Purchased DME that is provided to a member and no longer needed by the member may be disposed of in accordance with each contractor's policy.
2. The Administration shall retain title to purchased DME provided to a member who becomes ineligible or no longer requires use of the DME.
3. If customized DME is purchased by the Administration or contractor for a member, the equipment shall remain with the person during times of transition to a different contractor, or upon loss of eligibility. For purposes of this subsection, customized DME refers to equipment that is altered or built to specifications unique to a member's medical needs and that, most likely, cannot be used or reused to meet the needs of another individual.
4. A member shall return DME obtained fraudulently to the Administration or the contractor.

Historical Note

Adopted as an emergency effective May 20, 1982 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-212 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-212 repealed, new Section R9-22-212 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (B), paragraph (2), and deleted subsection (C) effective October 1, 1986 (Supp. 86-5). Section repealed, new Section adopted effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 2325, effective May 9, 2002 (Supp. 02-2). Amended by final rulemaking at 13 A.A.R. 3272, effective September 11, 2007

(Supp. 07-3). Amended by exempt rulemaking at 16

A.A.R. 1638, effective October 1, 2010 (Supp. 10-3).

R9-22-213. Early and Periodic Screening, Diagnosis, and Treatment Services (E.P.S.D.T.)

A. The following E.P.S.D.T. services are covered for a member less than 21 years of age:

1. Screening services including:
 - a. Comprehensive health and developmental history;
 - b. Comprehensive unclothed physical examination;
 - c. Appropriate immunizations according to age and health history;
 - d. Laboratory tests; and
 - e. Health education, including anticipatory guidance;
2. Vision services including:
 - a. Diagnosis and treatment for defects in vision;
 - b. Eye examinations for the provision of prescriptive lenses;
 - c. Prescriptive lenses; and
 - d. Frames.
3. Hearing services including:
 - a. Diagnosis and treatment for defects in hearing;
 - b. Testing to determine hearing impairment; and
 - c. Hearing aids;
4. Dental services including:
 - a. Emergency dental services as specified in R9-22-207;
 - b. Preventive services including screening, diagnosis, and treatment of dental disease; and
 - c. Therapeutic dental services including fillings, crowns, dentures, and other prosthetic devices;
5. Orthognathic surgery;
6. Medically necessary, nutritional assessment and nutritional therapy as specified in contract to provide complete daily dietary requirements or supplement a member's daily nutritional and caloric intake;
7. Behavioral health services under 9 A.A.C. 22, Article 12;
8. Hospice services do not include home-delivered meals or services provided and covered through Medicare. The following hospice services are covered:
 - a. Hospice services are covered only for a member who is in the final stages of a terminal illness and has a prognosis of death within six months;
 - b. Services available to a member receiving hospice care are limited to those allowable under 42 CFR 418.202, October 1, 2006, incorporated by reference and on file with the Administration. This incorporation by reference contains no future editions or amendments;
9. Incontinence briefs as specified under R9-22-212; and
10. Other necessary health care, diagnostic services, treatment, and measures required by 42 U.S.C. 1396d(r)(5).

B. Providers of E.P.S.D.T. services shall meet the following standards:

1. Ensure that services are provided by or under the direction of the member's primary care provider, attending physician, practitioner, or dentist.
2. Perform tests and examinations under 42 CFR 441 Subpart B, October 1, 2006, which is incorporated by reference and on file with the Administration. This incorporation by reference contains no future editions or amendments.
3. Refer a member as necessary for dental diagnosis and treatment and necessary specialty care.
4. Refer a member as necessary for behavioral health evaluation and treatment services.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- C. Contractors shall meet other E.P.S.D.T. requirements as specified in contract.
- D. A primary care provider, attending physician, or practitioner shall refer a member with special health care needs under R9-7-301 to CRS.

Historical Note

Adopted as an emergency effective May 20, 1982 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-213 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-213 repealed, new Section R9-22-213 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended effective December 13, 1993 (Supp. 93-4). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 2435, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 8 A.A.R. 2325, effective May 9, 2002 (Supp. 02-2). Amended by final rulemaking at 13 A.A.R. 3272, effective September 11, 2007 (Supp. 07-3). Amended by final rulemaking at 20 A.A.R. 1949, effective September 6, 2014 (Supp. 14-3).

R9-22-214. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-214 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-214 repealed, new Section R9-22-214 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (B), paragraph (4) and added subsection (C), paragraph (2) effective October 1, 1986 (Supp. 86-5). Correction to subsection (C), paragraph (2) (Supp. 87-4). Section repealed effective September 22, 1997 (Supp. 97-3).

R9-22-215. Other Medical Professional Services

- A. The following medical professional services are covered services if a member receives these services in an inpatient, outpatient, or office:
 1. Dialysis;
 2. The following family planning services if provided to delay or prevent pregnancy:
 - a. Medications,
 - b. Supplies,
 - c. Devices, and
 - d. Surgical procedures;
 3. Family planning services are limited to:
 - a. Contraceptive counseling, medications, supplies, and associated medical and laboratory examinations, including HIV blood screening as part of a package of sexually transmitted disease tests provided with a family planning service;
 - b. Sterilization; and
 - c. Natural family planning education or referral;
 4. Midwifery services provided by a certified nurse practitioner in midwifery;
 5. Midwifery services for low-risk pregnancies and home deliveries provided by a licensed midwife;
 6. Respiratory therapy;
 7. Ambulatory and outpatient surgery facilities services;
 8. Home health services under A.R.S. § 36-2907(D);
 9. Private or special duty nursing services;

10. Rehabilitation services including physical therapy, occupational therapy, speech therapy, and audiology within limitations in subsection (C);
 11. Total parenteral nutrition services, which are the provision of total caloric needs by intravenous route for individuals with severe pathology of the alimentary tract; and
 12. Chemotherapy.
- B. Prior authorization from the Administration for a member is required for services listed in subsections (A)(3)(b), and (A)(4) through (11); except for:
 1. Voluntary sterilization;
 2. Dialysis shunt placement;
 3. Arteriovenous graft placement for dialysis;
 4. Angioplasties or thrombectomies of dialysis shunts;
 5. Angioplasties or thrombectomies of arteriovenous grafts for dialysis;
 6. Eye surgery for the treatment of diabetic retinopathy;
 7. Eye surgery for the treatment of glaucoma;
 8. Eye surgery for the treatment of macular degeneration;
 9. Home health visits following an acute hospitalization (limited up to five visits);
 10. Hysteroscopies (up to two, one before and one after) when associated with a family planning diagnosis code and done within 90 days of hysteroscopic sterilization;
 11. Physical therapy subject to the limitation in subsection (C);
 12. Facility services related to wound debridement,
 13. Apnea management and training for premature babies up to the age of 1; and
 14. Other services identified by the Administration through the Provider Participation Agreement.
 - C. The following are not covered services:
 1. Occupational and speech therapies provided on an outpatient basis for a member age 21 or older;
 2. Abortion counseling;
 3. Services or items furnished solely for cosmetic purposes;
 4. Services provided by a podiatrist; or
 5. More than 15 outpatient physical therapy visits per benefit year for persons age 21 years or older for the purpose of restoring a skill or level of function and maintaining that skill or level of function once restored.
 6. More than 15 outpatient physical therapy visits per benefit year for persons age 21 years or older for the purpose of acquiring a new skill or a new level of function and maintaining that skill or level of function once acquired.

Historical Note

Adopted as an emergency effective May 20, 1982 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-215 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective October 1, 1985 (Supp. 85-5). Section repealed, new Section adopted effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by final rulemaking at 8 A.A.R. 2325, effective May 9, 2002 (Supp. 02-2). Amended by exempt rulemaking at 16 A.A.R. 1638, effective October 1, 2010 (Supp. 10-3). Amended by final rulemaking at 17 A.A.R. 1658, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 1949, effective September 6, 2014 (Supp. 14-3).

R9-22-216. NF, Alternative HCBS Setting, or HCBS

- A. Services provided in a NF, including room and board, an alternative HCBS setting as defined in R9-28-101, or a HCBS as

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

defined in A.R.S. § 36-2939 are covered for a maximum of 90 days per contract year if the member's medical condition would otherwise require hospitalization.

B. Except as otherwise provided in 9 A.A.C. 28, the following services are not itemized for separate billing if provided in a NF, alternative HCBS setting, or HCBS:

1. Nursing services, including:
 - a. Administering medication;
 - b. Tube feedings;
 - c. Personal care services, including but not limited to assistance with bathing and grooming;
 - d. Routine testing of vital signs; and
 - e. Maintenance of a catheter;
2. Basic patient care equipment and sickroom supplies, including:
 - a. First aid supplies such as bandages, tape, ointments, peroxide, alcohol, and over-the-counter remedies;
 - b. Bathing and grooming supplies;
 - c. Identification device;
 - d. Skin lotion;
 - e. Medication cup;
 - f. Alcohol wipes, cotton balls, and cotton rolls;
 - g. Rubber gloves (non-sterile);
 - h. Laxatives;
 - i. Bed and accessories;
 - j. Thermometer;
 - k. Ice bags;
 - l. Rubber sheeting;
 - m. Passive restraints;
 - n. Glycerin swabs;
 - o. Facial tissue;
 - p. Enemas;
 - q. Heating pad; and
 - r. Incontinence briefs.
3. Dietary services including preparation and administration of special diets, and adaptive tools for eating;
4. Any service that is included in a NF's room and board charge or a service that is required of the NF to meet a federal or state licensure standard or county certification requirement;
5. Physician visits made solely for the purpose of meeting state licensure standards or county certification requirements;
6. Physical therapy prescribed only as a maintenance regimen; and
7. Assistive devices and non-customized durable medical equipment.

C. A provider shall obtain prior authorization from the Administration for a NF admission for a FFS member.

Historical Note

Adopted effective October 1, 1985 (Supp. 85-5). Section repealed, new Section adopted effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 2435, effective June 9, 2000 (Supp. 00-2). Subsection (C) amended to correct a typographical error (Supp. 00-4). Amended by final rulemaking at 8 A.A.R. 2325, effective May 9, 2002 (Supp. 02-2). Amended by final rulemaking at 13 A.A.R. 3272, effective September 11, 2007 (Supp. 07-3). Amended by final rulemaking at 13 A.A.R. 4122, effective November 6, 2007 (Supp. 07-4).

R9-22-217. Services Included in the Federal Emergency Services Program

A. Definition. Notwithstanding the definition in R9-22-201, for the purposes of this Section, an emergency medical or behav-

ioral health condition for a FES member means a medical condition or a behavioral health condition, including labor and delivery, manifesting itself by acute symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in:

1. Placing the member's health in serious jeopardy,
2. Serious impairment to bodily functions,
3. Serious dysfunction of any bodily organ or part, or
4. Serious physical harm to another person.

B. Services. "Emergency services for a FES member" mean those medical or behavioral health services provided for the treatment of an emergency condition. Emergency services include outpatient dialysis services for a FES member with End Stage Renal Disease (ESRD) where a treating physician has certified for the month in which services are received that in the physician's opinion the absence of receiving dialysis at least three times per week would reasonably be expected to result in:

1. Placing the member's health in serious jeopardy, or
2. Serious impairment of bodily function, or
3. Serious dysfunction of a bodily organ or part.

C. Covered services. Services are considered emergency services if all of the criteria specified in subsection (A) are satisfied at the time the services are rendered. The Administration shall determine whether an emergency condition exists on a case-by-case basis.

D. Prior authorization. A provider is not required to obtain prior authorization for emergency services for FES members. Prior authorization for outpatient dialysis services is met when the treating physician has completed and signed a monthly certification as described in subsection (B).

E. Services rendered through the Federal Emergency Services Program are subject to all exclusions and limitation on services in this Article including but not limited to the limitations on inpatient hospital services in R9-22-204.

Historical Note

Adopted under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Section repealed, new Section adopted effective September 22, 1997 (Supp. 97-3). Amended by exempt rulemaking at 7 A.A.R. 5701, effective December 1, 2001 (Supp. 01-4). Amended by exempt rulemaking at 10 A.A.R. 4588, effective October 12, 2004 (Supp. 04-4). Amended by final rulemaking at 11 A.A.R. 5480, effective December 6, 2005 (Supp. 05-4). Amended by final rulemaking at 13 A.A.R. 3351, effective November 10, 2007 (Supp. 07-3). Amended by final rulemaking at 17 A.A.R. 1658, effective August 2, 2011 (Supp. 11-3). Amended by exempt rulemaking at 17 A.A.R. 1868, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2747, effective October 8, 2013 (Supp. 13-3). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-218. Repealed

Historical Note

Section R9-22-218 renumbered from R9-22-206 effective January 1, 1996, under an exemption from A.R.S. Title 41, Chapter 6, pursuant to Laws 1995, Third Special Session, Ch. 1, § 5; filed with the Office of the Secretary of State December 28, 1995 (Supp. 95-4). Section repealed effective September 22, 1997 (Supp. 97-3).

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

ARTICLE 3. GENERAL ELIGIBILITY REQUIREMENTS**R9-22-301. Reserved****Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-301 renumbered together with former Section R9-22-102 as Section R9-22-101 and amended effective October 1, 1983 (Supp. 83-5). New Section R9-22-301 adopted effective November 20, 1984 (Supp. 84-6).

Amended effective October 1, 1985 (Supp. 85-5).

Amended subsection (B), paragraph (8), subsection (E), paragraph (3), and subsection (J), paragraph (5) effective October 1, 1986 (Supp. 86-5). Amended subsections (C) and (E) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsections (B) and (C) effective October 1, 1987; amended subsection (D) effective December 22, 1987 (Supp. 87-4). Amended effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section reserved by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4).

R9-22-302. Reserved**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-302 repealed, new Section R9-22-302 adopted effective November 20, 1984 (Supp. 84-6). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section reserved by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4).

R9-22-303. Prior Quarter Eligibility

- A.** Subject to CMS approval, prior quarter coverage eligibility shall be limited to applicants who meet the requirements in subsection (B) and who also:
1. Are eligible during any of the three months prior to application; and
 2. Received one or more covered services described in 9 A.A.C. 22, Article 2 and Article 12, and 9 A.A.C. 28, Article 2 during the month; and
 3. Would have qualified for Medicaid at the time services were received if the person had applied regardless of whether the person is alive when the application is made.
- B.** Prior quarter coverage eligibility is limited to applicants who are:
1. Under the age of 19, or
 2. Pregnant, or
 3. In the 60 day post-partum period beginning with the last day of the pregnancy.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-303 repealed, new Section R9-22-303 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (A) effective February 26, 1988 (Supp. 88-1). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999

(Supp. 99-1). New Section made by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4). Amended by final rulemaking at 25 A.A.R. 1849, with an immediate effective date of July 1, 2019 (Supp. 19-3).

R9-22-304. Verification of Eligibility Information

- A.** Except as provided in subsection (E), if information provided by or on behalf of an applicant or member on an application, renewal form or otherwise does not conflict with information obtained by the agency through an electronic data match, the Administration or its designee shall determine or renew eligibility based on such information.
- B.** The Administration or its designee shall not require an applicant, member, or representative to provide additional verification unless the verification cannot be obtained electronically or the verification obtained electronically conflicts with information provided by or on behalf of the applicant or member.
- C.** If information provided by or on behalf of an applicant or member does conflict with information obtained through an electronic data match, the applicant or member shall provide the Administration or its designee with information or documentation necessary to verify eligibility, including evidence originating from an agency, organization, or an individual with actual knowledge of the information.
- D.** Income information obtained through an electronic data match shall be considered reasonably compatible with income information provided by or on behalf of an individual if both meet or both exceed the applicable income limit.
- E.** The Administration or its designee shall not accept the applicant's or member's statement by itself as verification of:
1. SSN;
 2. Qualified alien status, except as described under 42 USC 1320b-7(d)(4)(A); or
 3. Citizenship, except as described under 42 USC 1396a(ee)(1).
- F.** The Administration or its designee shall give an applicant or member at least 10 days from the date of a written or electronic request for information to provide required verification. The Administration or its designee may deny the application or discontinue eligibility if an applicant or a member does not provide the required information timely.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-304 repealed, new Section R9-22-304 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-304 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-305. Eligibility Requirements

As a condition of eligibility, the Administration or its designee must require applicants, and members to do the following:

1. Take all necessary steps to obtain any annuities, pensions, retirement, disability benefits to which they are entitled, unless they can show good cause for not doing so.
2. Furnish a SSN under 42 CFR 435.910 and 435.920, or in the absence of an SSN, provide proof of a submitted application of SSN. The Administration or its designee will assist in obtaining or verifying the applicant's SSN under 42 CFR 435.910 if an applicant cannot recall the applicant's SSN or has not been issued a SSN. An applicant is not required to furnish an SSN if the applicant is not able to legally obtain a SSN. The Administration or its designee shall determine eligibility notwithstanding the applicant's lack of a SSN, if the applicant is cooperat-

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

ing with the Administration or its designee to obtain a SSN and obtain a SSN prior to the next scheduled review of eligibility.

3. Provide proof of residency of Arizona. An applicant or a member is not eligible unless the applicant or member is a resident of Arizona under 42 CFR 435.403 effective October 1, 2012, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
4. A written declaration, signed under penalty of perjury, must be provided for each person for whom benefits are being sought stating whether the individual is a citizen or national of the United States, and, if that individual is not a citizen or national of the United States, that the individual is a qualified alien. The declaration must be provided by the individual for whom eligibility is being sought or an adult member of the individual's family or household.
5. Each applicant who claims qualified alien status must provide either:
 - a. Alien registration documentation or other proof of immigration registration from the Immigration and Naturalization Service that contains the individual's alien admission number or alien file number (or numbers if the individual has more than one number), or
 - b. Other documents that the Administration or its designee accepts as evidence of immigration status, such as:
 - i. a Form I-94 Departure Record issued by the USCIS,
 - ii. a Foreign Passport,
 - iii. a USCIS Parole Notice,
 - iv. a Victim of Trafficking Certification or Eligibility Letter issued by the US DHHS Office of Refugee Resettlement,
 - v. other documentation consistent with 42 CFR 435.406 or 435.407.
 - c. Sufficient information for the Administration or its designee to obtain electronic verification of immigration status from the USCIS.
6. If a person for whom eligibility is being sought, states that they are an alien, that person is not required to comply with subsections (4) and (5); however, if they do not comply with those sections, and if they meet all other eligibility criteria, benefits will be limited to those necessary to treat an emergency medical condition.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-305 repealed, new Section R9-22-305 adopted effective November 20, 1984 (Supp. 84-6). Amended subsection (A) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (A) effective February 26, 1988 (Supp. 88-1). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-305 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-306. Administration, Administration's designee or Member Responsibilities

- A. The Administration or its designee is responsible for the following:

1. The Administration or its designee shall determine eligibility within 90 days for an applicant applying on the basis of disability and 45 days for all other applicants, unless:
 - a. The agency cannot reach a decision because the applicant or an examining physician delays or fails to take a required action, or
 - b. When there is an administrative or other emergency beyond the agency's control.
2. If an applicant dies while an application is pending, the Administration or its designee shall complete an eligibility determination for the deceased applicant.
3. The Administration or its designee shall complete an eligibility determination on an application filed on behalf of a deceased applicant.
4. During the application process the Administration or its designee shall provide information to the applicant or member explaining the requirements to:
 - a. Cooperate with DCSS in establishing paternity and enforcing medical support, except in circumstances when good cause under 42 CFR 433.147 exists for not cooperating;
 - b. Establish good cause for not cooperating with DCSS in establishing paternity and enforcing medical support, when applicable;
 - c. Report a change listed under subsection (B)(3)(c) no later than 10 days from the date the applicant or member knows of the change;
 - d. Send to the Administration or its designee any medical support payments resulting from a court order;
 - e. Cooperate with the Administration or its designee's assignment of rights and securing payments received from any liable party for a member's medical care.
5. Offer to help the applicant or member to complete the application form and to obtain the required verification;
6. Provide the applicant or member with information explaining:
 - a. The eligibility and verification requirements for AHCCCS medical coverage;
 - b. The requirement that the applicant or member obtain and provide a SSN to the Administration or its designee;
 - c. How the Administration or its designee uses the SSN;
7. Explain to the applicant or member the practice of exchange of eligibility and income information through the electronic service established by the Secretary;
8. Explain to the applicant and member the right to appeal an adverse action under R9-22-315;
9. Use any information provided by the member to complete data matches with potentially liable parties;
10. Explain the eligibility review process;
11. Explain the AHCCCS pre-enrollment process;
12. Use the Systematic Alien Verification for Entitlements (SAVE) process to verify qualified alien status;
13. Provide information regarding the penalties for perjury and fraud on the application;
14. Review any verification items provided by the applicant or member and inform the member of any additional verification items and time-frames within which the applicant or member shall provide information to the Administration or its designee;
15. Explain to the applicant or member the applicant's and member's responsibilities under subsection (B);
16. Transfer the applicant's information to other insurance affordability programs as described under 42 CFR

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- 435.1200(e) when the applicant does not qualify for Medicaid;
17. Attain a written record of a collateral contact: such as a verbal statement from a representative of an agency or organization, or an individual with actual knowledge of the information;
 18. Complete a review of eligibility:
 - a. Any time there is a change in a member's circumstance that may affect eligibility,
 - b. For a member approved for the MED program under R9-22-1435 through R9-22-1440 before the end of the six-month eligibility period,
 - c. Of each member's continued eligibility for AHCCCS medical coverage once every 12 months;
 19. The Administration or its designee shall discontinue eligibility and notify the member of the discontinuance under R9-22-307 if the member:
 - a. Fails to comply with the review of eligibility,
 - b. Fails to comply under 42 CFR 433.148 with the requirements and conditions of eligibility under this Article regarding assignment of rights and cooperation of establishing paternity and obtaining medical support, or
 - c. Does not meet the eligibility requirements; and
 20. Redetermine eligibility for a person terminated from the SSI cash program.
 - a. Continuation of AHCCCS medical coverage. The Administration shall continue AHCCCS medical coverage for a person terminated from the SSI cash program until a redetermination of eligibility is completed.
 - b. Coverage group screening. Before terminating a person from the SSI cash program, the Administration shall determine if the person is eligible for coverage as a person described in A.R.S. §§ 36-2901(6)(a)(i) through (vi) or 36-2934.
 - c. Eligibility decision.
 - i. If a person is eligible under this Article or 9 A.A.C. 28, Article 4, the Administration shall send a notice informing the applicant that AHCCCS medical coverage is approved.
 - ii. If a person is ineligible, the Administration shall send a notice to deny AHCCCS medical coverage.
- B. Applicant and Member Responsibilities.**
1. An applicant or a member shall authorize the Administration or its designee to obtain verification for initial eligibility or continuation of eligibility.
 2. As a condition of eligibility, an applicant or a member shall:
 - a. Provide the Administration or its designee with complete and truthful information. The Administration or its designee may deny an application or discontinue eligibility if:
 - i. The applicant or member fails to provide information necessary for initial or continuing eligibility;
 - ii. The applicant or member fails to provide the Administration or its designee with written authorization or electronic authorization to permit the Administration or its designee to obtain necessary initial or continuing eligibility verification;
 - iii. The applicant or member fails to provide verification under R9-22-304 after the Administration or its designee made an effort to obtain the necessary verification but has not obtained the necessary information; or
 - iv. The applicant or member does not assist the Administration or its designee in resolving incomplete, inconsistent, or unclear information that is necessary for initial or continuing eligibility;
 - b. Cooperate with the Division of Child Support Services (DCSS) in establishing paternity and enforcing medical support obligations when requested unless good cause exists for not cooperating under 42 CFR 433.147 as of October 1, 2012, which is incorporated by reference, on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol St., NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments. The Administration or its designee shall not deny AHCCCS eligibility to an applicant who would otherwise be eligible, is a minor child, and whose parent or legal representative does not cooperate with the medical support requirements or first- and third-party liability requirements under Article 10 of this Chapter; and
 - c. Provide the information needed to pursue third party coverage for medical care, such as:
 - i. Name of policyholder,
 - ii. Policyholder's relationship to the applicant or member,
 - iii. Name and address of the insurance company, and
 - iv. Policy number.
3. A member or an applicant shall:
 - a. Send to the Administration or its designee any medical support payments received while the member is eligible that result from a medical support order;
 - b. Cooperate with the Administration or its designee regarding any issues arising as a result of Eligibility Quality Control described under A.R.S. § 36-2903.01; and
 - c. Inform the Administration or its designee of the following changes within 10 days from the date the applicant or member knows of a change:
 - i. In address;
 - ii. In the household's composition;
 - iii. In income;
 - iv. In resources, when required under the Medical Expense Deduction (MED) program;
 - v. In Arizona state residency;
 - vi. In citizenship or immigrant status;
 - vii. In first- or third-party liability that may contribute to the payment of all or a portion of the person's medical costs;
 - viii. That may affect the member's or applicant's eligibility, including a change in a woman's pregnancy status;
 - ix. Death;
 - x. Change in marital status; or
 - xi. Change in school attendance.
 4. As a condition of eligibility, an applicant or a member shall cooperate with the assignment of rights as required by R9-22-311. If the applicant or member receives medical care and services for which a first or third party is or may be liable, the applicant or member shall cooperate

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

with the Administration or its designee in assisting, identifying and providing information to assist the Administration or its designee in pursuing any first or third party who is or may be liable to pay for medical care and services.

5. A pregnant woman under A.R.S. § 36-2901(6)(a)(ii) is not required to provide the Administration or its designee with information regarding paternity or medical support from a father of a child born out of wedlock.

C. Administration or its designee responsibilities at Eligibility Renewal.

1. The Administration or its designee shall renew eligibility without requiring information from the individual if able to do so based on reliable information available to the agency, including through an electronic data match. If able to renew eligibility based on such information, the Administration or its designee shall send the member notice of:
 - a. The eligibility determination; and
 - b. The member's requirement to notify the Administration or its designee if any of the information contained in the renewal notice is inaccurate.
2. If unable to renew eligibility, the Administration or its designee shall:
 - a. Send a pre-populated renewal form listing the information needed to renew eligibility,
 - b. Give the member 30 days from the date of the renewal form to submit the signed renewal form and the information needed,
 - c. Send the member notice of the renewal decision under R9-22-312 or R9-22-1413(B) as applicable.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-306 repealed, new Section R9-22-306 adopted effective November 20, 1984 (Supp. 84-6).

Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (B), paragraphs (1) and (6) effective October 1, 1986 (Supp. 86-5). Amended subsection (B), paragraph (1) and added a new subsection (N) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6).

Amended subsection (B) effective October 1, 1987; amended subsection (N) effective December 22, 1987 (Supp. 87-4). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-306 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-307. Approval or Denial of Eligibility

- A. Approval.** If the applicant meets all the eligibility requirements and conditions of eligibility of this Article, the Administration or its designee shall approve the application and provide the applicant with an approval notice. The approval notice shall contain:
1. The name of each approved applicant,
 2. The effective date of eligibility for each approved applicant,
 3. The reason and the legal citations if a member is approved for only emergency medical services, and
 4. The applicant's right to appeal the decision.

- B. Denial.** If an applicant fails to meet the eligibility requirements or conditions of eligibility of this Article, the Administration or its designee shall deny the application and provide the applicant with a denial notice. The denial notice shall contain:

1. The name of each ineligible applicant,
2. The specific reason why the applicant is ineligible,
3. The income and resource calculations for the applicant compared to the income or resource standards for eligibility when the reason for the denial is due to the applicant's income or resources exceeding the applicable standard,
4. The legal citations supporting the reason for the ineligibility,
5. The location where the applicant can review the legal citations,
6. The date of the application being denied; and
7. The applicant's right to appeal the decision and request a hearing.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Amended subsections (A) and (C), added subsection (G) and (H) effective October 1, 1983 (Supp. 83-5). Former Section R9-22-307 repealed, new Section R9-22-307 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (A) as an emergency effective December 4, 1985 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 85-6). Permanent amendment to subsection (A) effective February 5, 1986 (Supp. 86-1). Amended subsections (E) and (F) effective October 1, 1986 (Supp. 86-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (A) effective February 26, 1988 (Supp. 88-1). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 8, 1996; filed with the Office of the Secretary of State November 6, 1996 (Supp. 96-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-307 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-308. Reinstating Eligibility

The Administration or its designee shall reopen an application or reinstate eligibility of a member when any of the following conditions are met:

1. The denial or discontinuance of eligibility was due to an administrative error,
2. The discontinuance of eligibility was due to noncompliance with a condition of eligibility and the applicant or member complies prior to the effective date of the discontinuance,
3. The member informs the Administration or its designee of a change of circumstances prior to the effective date of the discontinuance, that would allow for continued eligibility, or
4. Following a discontinuance, the member qualifies for continuation of medical coverage pending an appeal.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Amended effective October 1, 1983 (Supp. 83-5). Amended by adding subsection (C) effective March 2, 1984 (Supp. 84-2). Former Section R9-22-308 repealed, new Section R9-22-308 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Change in heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-308 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-309. Confidentiality and Safeguarding of Information

The Administration or its designee shall maintain the confidentiality of an applicant or member's records and limit the release of safeguarded information under R9-22-512 and 6 A.A.C. 12, Article 1. In the event of a conflict between R9-22-512 and 6 A.A.C. 12, Article 1, R9-22-512 prevails.

Historical Note

Adopted effective August 30, 1984 (Supp. 82-4). Amended (D)(1)(d) effective October 1, 1983 (Supp. 83-5). Former Section R9-22-309 repealed, new Section R9-22-309 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended subsection (F) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsections (A), (B) and (C) effective October 1, 1987 (Supp. 87-4). Amended effective May 30, 1989 (Supp. 89-2). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-309 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-310. Ineligible Person

A person is not eligible for AHCCCS medical coverage if the person is:

1. An inmate of a public institution, or
2. Over age 64 and is residing in an Institution for Mental Disease under 42 CFR 435.1009 except as allowed in 42 USC 1396d(h) or as allowed under the Administration's Section 1115 waiver.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Amended (B)(7) and added subsections (C) and (D) effective October 1, 1983 (Supp. 83-5). Former Section R9-22-310 repealed, new Section R9-22-310 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (B) and deleted subsection (C) effective October 1, 1986 (Supp. 86-5). Amended subsection (B), paragraph (7) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (B) effective May 30,

1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-310 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-311. Assignment of Rights Under Operation of Law

By operation of law and under A.R.S. § 36-2903, a person determined eligible assigns rights to the system medical benefits to which the person is entitled.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-311 repealed, new Section R9-22-311 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Change in heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective April 13, 1990 (Supp. 90-2). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-311 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-312. Member Notices

- A.** Contents of notice. The Administration or its designee shall issue a notice by mail, personal delivery, or electronic means when an action is taken regarding a person's eligibility or premiums. The notice shall contain the following information:
 1. The date of the notice issued;
 2. A statement of the action being taken;
 3. The effective date of the action;
 4. The specific reason for the intended action;
 5. If eligibility is being discontinued due to income in excess of the income standards, the actual figures used in the eligibility determination and the amount by which the person exceeds income standards;
 6. If a premium is imposed or increased, the actual figures used in determining the premium amount;
 7. The specific law or regulation that supports the action, or a change in federal or state law that requires an action;
 8. An explanation of the member's rights to an appeal and continued benefits.
- B.** Advance notice of changes in eligibility or premiums. "Advance notice" means a notice that is issued to a person at least 10 days before the effective date of the change. Except as specified in subsection (C), advance notice shall be issued whenever the following adverse action is taken:
 1. To discontinue or suspend or reduce eligibility or covered services; or
 2. To impose a premium or increase a person's premium.
- C.** The Administration or its designee shall issue a Notice of Adverse Action to a member no later than the effective date of action if:
 1. The Administration or its designee receives a request to withdraw;
 2. A person provides information that requires termination of eligibility or an increase or imposition of the premium and the person signs a clear written statement waiving advance notice;
 3. A person cannot be located and mail sent to that person has been returned as undeliverable;
 4. A person has been admitted to a public institution where the person is ineligible under R9-22-310;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

5. A person has been approved for Medicaid or CHIP in another state; or
6. The Administration or its designee has information that confirms the death of the person.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Amended subsections (A) and (B), added subsection (D) effective October 1, 1983 (Supp. 83-5). Former Section R9-22-312 repealed, new Section R9-22-312 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (A) effective October 1, 1986 (Supp. 86-5). Change in heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (A) effective October 1, 1987 (Supp. 87-4). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-312 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-313. Withdrawal of Application

- A. An applicant may withdraw an application at any time before the Administration or its designee completes an eligibility determination by making an oral or written request for withdrawal to the Administration or its designee and stating the reason for withdrawal.
- B. If an applicant orally requests withdrawal of the application, the Administration or its designee shall document the:
 1. Date of the request,
 2. Name of the applicant for whom the withdrawal applies, and
 3. Reason for the withdrawal.
- C. An applicant may withdraw an application in writing by:
 1. Completing an Administration-approved voluntary withdrawal form; or
 2. Submitting a written, signed, and dated request to withdraw the application.
- D. The effective date of the withdrawal is the date of the application.
- E. If an applicant requests to withdraw an application, the Administration or its designee shall:
 1. Deny the application, and
 2. Notify the applicant of the denial following the notice requirements under R9-22-307.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Amended effective October 1, 1983 (Supp. 83-5). Amended subsections (C) and (D) as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended subsections (D) and (E) as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-313 repealed, new Section R9-22-313 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended subsections (B), (C), (E) and (G) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsections (B) and (C) effective December 22, 1987 (Supp. 87-4). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September

ber 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4).

Amended effective December 13, 1993 (Supp. 93-4). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 8, 1996; filed with the Office of the Secretary of State November 6, 1996 (Supp. 96-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-313 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-314. Withdrawal from AHCCCS Medical Coverage

- A. A member may withdraw from AHCCCS medical coverage at any time by giving oral or written notice of withdrawal to the Administration or its designee. The member or the member's legal or authorized representative shall provide the Administration or its designee with:
 1. The reason for the withdrawal,
 2. The date the notice is effective, and
 3. The name of the member for whom AHCCCS medical coverage is being withdrawn.
- B. If a notice of withdrawal does not identify specific members the Administration or its designee shall discontinue eligibility for any members that the person submitting the withdrawal has legal authority to act on behalf of.
- C. The Administration or its designee shall notify the member of the discontinuance as required by R9-22-312.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Amended subsection (A) and added subsection (F) as an emergency effective February 28, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Amended subsection (A) and added subsection (F) as a permanent rule effective May 16, 1983; text of the amended rule identical to the emergency (Supp. 83-3). Former Section R9-22-314 repealed, new Section R9-22-314 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-314 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-315. Notice of Adverse Action

- A. Adverse actions. An applicant or member may appeal, as described under Chapter 34, by requesting a hearing from the Administration or its designee concerning any of the following adverse actions:
 1. Complete or partial denial of eligibility under R9-22-307 and R9-22-313(E);
 2. Suspension, termination, or reduction of AHCCCS medical coverage under R9-22-307, R9-22-312 and R9-22-314;
 3. Delay in the eligibility determination beyond the timeframes under this Article;
 4. The imposition of or increase in a premium or copayment; or
 5. The effective date of eligibility.
- B. Notice of Adverse Action. The Administration or its designee shall personally deliver or send, by mail, or electronic means a Notice of Adverse Action to the person affected by the action.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

For the purpose of this Section, the date of the Notice of Adverse Action shall be the date of personal delivery to the applicant or the postmark date, if mailed.

- C. Automatic change and hearing rights.
1. An applicant or a member is not entitled to a hearing if the sole issue is a federal or state law requiring an automatic change adversely affecting some or all recipients.
 2. An applicant or a member is entitled to a hearing if a federal or state law requires an automatic change and the applicant or member timely files an appeal that alleges a misapplication of the facts to the law.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-315 repealed, new Section R9-22-315 adopted effective November 20, 1984 (Supp. 84-6). Repealed effective October 1, 1985 (Supp. 85-5). New Section R9-22-315 adopted effective February 5, 1986 (Supp. 86-1). Amended effective February 26, 1988 (Supp. 88-1). Amended effective April 13, 1990 (Supp. 90-2). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-315 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-316. Exemptions from Sponsor Deemed Income

- A. An applicant shall provide proof to the Administration or its designee when claiming an exemption from sponsor deemed income.
- B. The Administration or its designee shall grant an exemption from deeming a sponsor's income for a Lawful Permanent Resident applicant if the applicant:
1. Adjusted immigration status to Lawful Permanent Resident from status as a refugee or asylee;
 2. Is the spouse or dependent child of the sponsor and lives with the sponsor;
 3. Is indigent as specified in subsection (C);
 4. Is a victim of domestic violence or extreme cruelty as specified in subsection (D); or
 5. Has acquired 40 qualified quarters of work credit based on earnings as specified in subsection (E).
- C. Exemption from sponsor deeming based on indigence.
1. The Administration or its designee shall consider the applicant indigent and grant an exemption from sponsor deemed income for an applicant, for a period of 12 months beginning with the first month of eligibility if all the following are met:
 - a. An applicant is indigent if all of the following are met:
 - i. The applicant does not reside with the applicant's sponsor;
 - ii. The applicant does not receive free room and board; and
 - iii. The applicant's total gross income including monies received from the sponsor and the value of any vendor payments received for food, utilities, or shelter does not exceed 100% of the FPL for the size of the income group.
 2. The Administration or its designee shall send a notice under 8 U.S.C. 1631(c)(2) to the Attorney General's Office when approving an applicant who is exempt from sponsor deemed income due to indigence.
- D. The Administration or its designee shall grant an exemption from sponsor deemed income for an applicant who is a victim

of domestic violence or extreme cruelty under 8 CFR 204.2 for a period of 12 months beginning with the first month of eligibility. The Administration or its designee shall redetermine the exemption status at each renewal.

1. The Administration or its designee considers an applicant to be a victim of domestic violence or extreme cruelty when all of the following are met:
 - a. The applicant is the victim, the parent of a child victim, or the child of a parent victim;
 - b. The perpetrator of the domestic violence or extreme cruelty was the spouse or parent of the victim or other family member related by blood, marriage or adoption to the victim;
 - c. The perpetrator was residing in the same household as the victim when the abuse occurred;
 - d. The abuse occurred in the United States;
 - e. The applicant did not participate in the domestic violence or cruelty; and
 - f. The victim does not currently live with the perpetrator.
 2. The applicant shall provide proof that the applicant or the applicant's child is a victim of domestic violence or extreme cruelty by presenting one of the following:
 - a. USCIS form I-360 Petition for Amerasian, Widow, or Special Immigrant;
 - b. USCIS form I-797 USCIS approval of the I-360 petition;
 - c. Reports or affidavits concerning the domestic violence or cruelty documented by police, judges, or other court officials, medical personnel, school officials, clergy, social workers, counseling or mental health personnel, or other social service agency personnel;
 - d. Legal documentation, such as an order of protection against the perpetrator or an order convicting the perpetrator of committing an act of domestic violence or extreme cruelty that chronicles the existence of domestic violence or extreme cruelty;
 - e. Evidence that indicates that the applicant sought safe haven in a battered women's shelter or similar refuge because of the domestic violence or extreme cruelty against the applicant or the applicant's child; or
 - f. Photographs of the applicant or applicant's child showing visible injury.
- E. The Administration or its designee shall grant an exemption from sponsor deemed income for an applicant who has reached 40 qualifying quarters of work credit.
1. The Administration or its designee shall not count quarters credited after January 1, 1997 that were earned while the applicant was receiving any federal means-tested benefits.
 2. The Administration or its designee shall not count the 40 qualifying quarters of work credit unless the credited quarters are:
 - a. Quarters that the applicant worked;
 - b. Quarters worked by the applicant's spouse or deceased spouse during their marriage; or
 - c. Quarters worked by the applicant's parents when the applicant was under age 18.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-316 repealed, new Section R9-22-316 adopted as an emergency effective February 9, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Former Section R9-22-316 repealed, new Section

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

R9-22-316 adopted as a permanent rule effective May 16, 1983; text of permanent rule identical to the emergency (Supp. 83-3). Amended effective October 1, 1983 (Supp. 83-5). Correction subsection (A), paragraph (1) amended effective October 1, 1983, (Supp. 83-6). Amended as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-316 repealed, new Section R9-22-316 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (C) effective October 1986 (Supp. 86-5). Change in heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective April 13, 1990 (Supp. 90-2). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-316 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-317. Sponsor Deemed Income

- A. The Administration or its designee shall use income of a USCIS sponsor to determine eligibility for a non-citizen applicant, whether or not the income is available, to the non-citizen applicant unless exempt under R9-22-316.
- B. Counting the income from a sponsor.
 1. This Section applies to non-citizen applicants who:
 - a. Are Lawful Permanent Residents under 8 CFR 101.3;
 - b. Applied for Lawful Permanent Resident Status on or after December 19, 1997;
 - c. Are sponsored by an individual who signed a USCIS I-864 Affidavit of Support; and
 - d. Are eligible for full AHCCCS medical coverage.
 2. Sponsor deemed income shall be considered the income of the non-citizen applicant only.
 3. The Administration or its designee shall not use the provisions of this Section when:
 - a. The applicant becomes a naturalized U.S. citizen;
 - b. The applicant qualifies for an exemption listed in R9-22-316; or
 - c. The sponsor dies.
- C. Determining income from a sponsor.
 1. For an applicant who is exempt from sponsor deeming under R9-22-316, only cash contributions actually received from the sponsor are countable income to the applicant.
 2. For an applicant to whom the sponsor's income is deemed, the Administration or its designee shall exclude any cash contributions received from the sponsor.
- D. Calculation of income from a sponsor.
 1. The Administration or its designee shall include the total gross income of the sponsor and the sponsor's spouse, when living with the sponsor;
 2. The Administration or its designee shall subtract an amount equal to 100% of the FPL for the sponsor's household size from the total gross income under (D)(1); and
 3. The amount calculated under subsection (D)(2) is deemed as income to the applicant for purposes of determining eligibility.

Historical Note

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-317 repealed, new Section R9-22-317 adopted effective November 20, 1984 (Supp. 84-6).

Amended effective October 1, 1986 (Supp. 86-5). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). New Section R9-22-317 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-318. Repealed**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Amended effective October 1, 1983 (Supp. 83-5). Amended as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-318 repealed, new Section R9-22-318 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (A) and added subsection (C) effective October 1, 1986 (Supp. 86-5). Amended subsection (A) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (B) effective October 1, 1987; amended subsection (A) effective December 22, 1987 (Supp. 87-4). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended effective December 13, 1993 (Supp. 93-4). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 8, 1996; filed with the Office of the Secretary of State November 6, 1996 (Supp. 96-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-319. Repealed**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Amended as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-319 repealed, new Section R9-22-319 adopted effective November 20, 1984 (Supp. 84-6). Amended effective May 30, 1989 (Supp. 89-2). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-320. Repealed**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-320 repealed, new Section R9-22-320 adopted effective November 20, 1984 (Supp. 84-6). Amended effective April 13, 1990 (Supp. 90-2). Repealed effective December 13, 1993 (Supp. 93-4).

R9-22-321. Repealed**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-321 repealed, new Section R9-22-321 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsections (B) through (E) effective October

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

1, 1986 (Supp. 86-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective October 1, 1987 (Supp. 87-4). Amended subsections (B) and (D) effective May 30, 1989 (Supp. 89-2).

Amended effective April 13, 1990 (Supp. 90-2).

Amended effective September 29, 1992 (Supp. 92-3).

Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended December 13, 1993 (Supp. 93-4).

Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-322. Repealed**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4).

Amended as an emergency effective May 27, 1983 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-3). Former Section R9-22-322 repealed, new Section R9-22-322 adopted effective October 1, 1983 (Supp. 83-5). Amended as an emergency effective May 18, 1984 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-322 repealed, new Section R9-22-322 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Change in heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective September 29, 1992 (Supp. 92-3). Amended December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-323. Repealed**Historical Note**

Adopted effective August 30, 1982 (Supp. 82-4). Former Section R9-22-323 repealed, new Section R9-22-323 adopted effective October 1, 1983 (Supp. 83-5). Amended as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-323 repealed, new Section R9-22-323 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsections (B) through (D) effective October 1, 1986 (Supp. 86-5). Amended subsections (A), (B) and (D) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsections (B), (D) and (E) effective October 1, 1987 (Supp. 87-4). Amended subsections (B) and (D) effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-324. Repealed**Historical Note**

Adopted as an emergency effective July 27, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-4). Former Section R9-22-324 adopted as an emergency renumbered as Section R9-22-327. New Section R9-22-324 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-324 repealed, former Section R9-22-

323 renumbered as Section R9-22-324 and adopted as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Former Section R9-22-324 repealed, new Section R9-22-324 adopted as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Former Section R9-22-324 repealed, new Section R9-22-324 adopted effective November 20, 1984 (Supp. 84-6). Change in heading only effective October 1, 1987 (Supp. 87-4). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-325. Repealed**Historical Note**

Adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-325 repealed, new Section R9-22-325 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1987 (Supp. 87-4). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-326. Repealed**Historical Note**

Adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-326 repealed, new Section R9-22-326 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (A) effective October 1, 1986 (Supp. 86-5). Amended subsection (A) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Change in heading only effective October 1, 1987 (Supp. 87-4). Amended subsection (A) effective May 30, 1989 (Supp. 89-2). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-327. Repealed**Historical Note**

Former Section R9-22-324 adopted as an emergency effective July 27, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days renumbered as Section R9-22-327 and adopted as a permanent rule effective October 1, 1983 (Supp. 83-5). Former Section R9-22-327 repealed, new Section R9-22-327 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsections (A), (D), (E), (G), (H), and (I) effective October 1, 1986 (Supp. 86-5). Amended subsection (D) and added a new subsection (J) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsections (A) and (E) effective October 1, 1987 (Supp. 87-4). Amended effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-328. Repealed

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Adopted as an emergency effective October 6, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-5). Emergency Expired. New Section R9-22-328 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsections (A) and (E) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (D) effective October 1, 1987 (Supp. 87-4). Amended subsection (D) effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-329. Repealed**Historical Note**

Adopted as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Adopted as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. New Section R9-22-329 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (B) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-330. Repealed**Historical Note**

Adopted as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. New Section R9-22-330 adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (A) effective October 1, 1986 (Supp. 86-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (A) effective October 1, 1987 (Supp. 87-4). Amended subsection (A) effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-331. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective October 1, 1987 (Supp. 87-4). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-332. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-333. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-334. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-335. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended by adding subsection (C) effective October 1, 1986 (Supp. 86-5). Amended subsection (B) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-336. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended by adding subsection (C) effective September 16, 1987 (Supp. 87-3). Amended subsection (A) effective October 1, 1987 (Supp. 87-4). Amended effective April 13, 1990 (Supp. 90-2). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-337. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Correction to subsection (B), paragraph (1) (Supp. 87-3). Amended subsection (C) effective December 22, 1987 (Supp. 87-4). Amended subsection (C) effective December 22, 1987 (Supp. 87-4). Amended effective April 13, 1990 (Supp. 90-2). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-338. Repealed**Historical Note**

Adopted effective November 20, 1984 (Supp. 84-6). Heading changed effective October 1, 1985 (Supp. 85-5). Change in heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Section repealed by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-339. Repealed

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Adopted effective October 1, 1985 (Supp. 85-5).
 Amended effective October 1, 1986 (Supp. 86-5).
 Amended subsection (B) effective October 1, 1987
 (Supp. 87-4). Amended effective January 14, 1997 (Supp.
 97-1). Section repealed by final rulemaking at 5 A.A.R.
 294, effective January 8, 1999 (Supp. 99-1).

R9-22-340. Reserved**Historical Note**

Adopted effective October 1, 1986 (Supp. 86-5). Section
 repealed by final rulemaking at 5 A.A.R. 294, effective
 January 8, 1999 (Supp. 99-1).

R9-22-341. Repealed**Historical Note**

Adopted effective March 1, 1987, filed December 31,
 1986 (Supp. 86-6). Section repealed by final rulemaking
 at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1).

R9-22-342. Repealed**Historical Note**

Adopted effective September 29, 1992 (Supp. 92-3).
 Amended effective September 22, 1997 (Supp. 97-3).
 Section repealed by final rulemaking at 5 A.A.R. 294,
 effective January 8, 1999 (Supp. 99-1).

R9-22-343. Repealed**Historical Note**

Adopted under an exemption from the provisions of the
 Administrative Procedure Act, effective July 1, 1993
 (Supp. 93-3). Amended under an exemption from the pro-
 visions of the Administrative Procedure Act, effective
 October 26, 1993 (Supp. 93-4). Section repealed by final
 rulemaking at 5 A.A.R. 294, effective January 8, 1999
 (Supp. 99-1).

R9-22-344. Repealed**Historical Note**

Adopted under an exemption from the provisions of the
 Administrative Procedure Act, effective October 8, 1996;
 filed with the Office of the Secretary of State November
 6, 1996 (Supp. 96-4). Section repealed by final rulemak-
 ing at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-
 1).

ARTICLE 4. PENALTY FOR OBTAINING ELIGIBILITY BY FRAUD**R9-22-401. Definitions**

Definitions. The following definitions apply specifically to terms
 used within this Article:

“Amounts incurred by the system” include capitation pay-
 ments, costs incurred by any contractor in excess of capitation,
 reinsurance, and other administrative, legal or investigative
 costs associated with a person who obtained eligibility con-
 trary to A.R.S. §§ 36-2905.04 and/or A.R.S. § 36-2991.

“Application for eligibility” means any request for benefits
 administered by AHCCCS under the authority of A.R.S. Title
 36, Chapter 29, including applications for presumptive eligi-
 bility submitted to hospitals as described under Article 16 of
 this Chapter.

“Penalty” means an amount not to exceed the amounts
 incurred by the system during any time period that the person
 would have been ineligible for benefits but for the false or
 fraudulent information provided on the application for eligibil-

ity. A penalty does not include, and does not need to be
 reduced by, the amount of any overpayments that AHCCCS
 may be entitled to recoup from a person who violated A.R.S. §
 36-2905.04 and/or A.R.S. § 36-2991.

Historical Note

Adopted as an emergency effective May 20, 1982 pursu-
 ant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-
 3). Former Section R9-22-401 adopted as an emergency
 now adopted as a permanent rule effective August 30,
 1982 (Supp. 82-4). Amended effective January 31, 1986
 (Supp. 86-1). Amended effective January 31, 1997 (Supp.
 97-1). Amended by final rulemaking at 5 A.A.R. 867,
 effective March 4, 1999 (Supp. 99-1). Section repealed
 by final rulemaking at 8 A.A.R. 424, effective January
 10, 2002 (Supp. 02-1). New Section made by final
 rulemaking at 22 A.A.R. 3191, effective October 19,
 2016 (Supp. 16-4).

R9-22-402. Determining the Amount of the Penalty

- A. AHCCCS shall determine the amount of a penalty according
 to A.R.S. § 36-2905.04(B) or A.R.S. § 36-2991(B), whichever
 is applicable, and this Article.
- B. In addition to any penalty imposed pursuant to ARS §§ 36-
 2905.04 or 36-2991, and this Article, the Administration may
 also recoup from the person the amounts incurred by the sys-
 tem as a part of the notice and appeal process described in this
 Article.

Historical Note

Adopted as an emergency effective May 20, 1982, pursu-
 ant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-
 3). Former Section R9-22-402 adopted as an emergency
 now adopted and amended as a permanent rule effective
 August 30, 1982 (Supp. 82-4). Amended effective Janu-
 ary 31, 1986 (Supp. 86-1). Amended effective January
 14, 1997 (Supp. 97-1). Amended by final rulemaking at 6
 A.A.R. 2435, effective June 9, 2000 (Supp. 00-2). Section
 repealed by final rulemaking at 8 A.A.R. 424, effective
 January 10, 2002 (Supp. 02-1). New Section made by
 final rulemaking at 22 A.A.R. 3191, effective October 19,
 2016 (Supp. 16-4).

R9-22-403. Mitigating and Aggravating Circumstances

- A. AHCCCS shall consider any of the following to be mitigating
 circumstances when determining the amount of a penalty for
 obtaining eligibility by fraud.
 1. Degree of culpability. The degree of culpability of a per-
 son is a mitigating circumstance if the person did not
 intend to provide or cause to be provided false informa-
 tion on the application for eligibility but was negligent as
 to the truthfulness of the information provided.
 2. Prior Offenses. At the time of the submittal of the appli-
 cation the person:
 - a. Did not have any prior criminal convictions; and
 - b. Had not been held civilly liable for defrauding a
 public assistance program.
 3. Financial condition. The financial condition of a person
 who violates A.R.S. §§ 36-2905.04 or 36-2991 is a miti-
 gating circumstance if the imposition of a penalty without
 reduction will render the person incapable of obtaining
 necessities of life such as food, clothing, and shelter.
 AHCCCS may consider the resources available to the
 person when determining the amount of the penalty.
 4. Other matters as justice may require. AHCCCS shall take
 into account other circumstances of a mitigating nature, if
 in the interest of justice; the circumstances require a
 reduction of the penalty.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- B.** AHCCCS shall consider any of the following to be aggravating circumstances when determining the amount of a penalty for obtaining eligibility by fraud.

1. Degree of culpability. The degree of culpability of a person who provides or causes to be provided false information on the application for eligibility is an aggravating circumstance if the person knows or had reason to know that the information provided on the application for eligibility was false, or the person failed to correct the false information prior to AHCCCS incurring a financial loss as a result of the application for eligibility.
2. Prior offenses. At any time before the submittal of the application for eligibility, the person was held criminally or civilly liable for committing any fraud, waste, or abuse against any public assistance program.
3. Financial Loss. The person's violation of A.R.S. §§ 36-2905.04 or 36-2991 caused a loss to the system equal to or exceeding \$5,000.00.
4. Other matters as justice may require. AHCCCS shall take into account other circumstances of an aggravating nature, if in the interest of justice; the circumstances require an increase of the penalty.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-403 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective January 31, 1986 (Supp. 86-1). Amended by adding subsection (C) effective October 1, 1987 (Supp. 87-4). Amended effective January 14, 1997 (Supp. 97-1). Section repealed by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). New Section made by final rulemaking at 22 A.A.R. 3191, effective October 19, 2016 (Supp. 16-4).

R9-22-404. Notice of Intent

- A.** If AHCCCS imposes a penalty pursuant to this Article, AHCCCS shall hand deliver or send by certified mail, return receipt requested, or Federal Express to the person, a written Notice of Intent to impose a penalty.
- B.** The Notice of Intent shall include:
1. The legal and factual basis for AHCCCS' determination that there has been a violation of A.R.S. §§ 36-2905.04 and/or 36-2991;
 2. The penalty;
 3. The amounts incurred by the system as a result of the violation of A.R.S. §§ 36-2905.04 and/or 36-2991, if AHCCCS intends to recoup those amounts through this process; and
 4. The procedure for requesting a State Fair Hearing.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-404 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective January 31, 1986 (Supp. 86-1). Amended effective January 14, 1997 (Supp. 97-1). Section repealed by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). New Section made by final rulemaking at 22 A.A.R. 3191, effective October 19, 2016 (Supp. 16-4).

R9-22-405. Failure to Respond to the Notice of Intent

If a person fails to respond to the Notice of Intent within the timeframe described in A.A.C. § R9-22-406(A), AHCCCS shall uphold

the penalty and recoupment amounts described in the Notice of Intent.

Historical Note

Adopted as an emergency effective May 20, 1982 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-405 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended as an emergency effective February 23, 1983 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Amended as a permanent rule effective May 16, 1983; text of the amended rule similar to the emergency (Supp. 83-3). Amended effective January 31, 1986 (Supp. 86-1). Amended effective January 14, 1997 (Supp. 97-1). Section repealed by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). New Section made by final rulemaking at 22 A.A.R. 3191, effective October 19, 2016 (Supp. 16-4).

R9-22-406. Request for State Fair Hearing

- A.** To dispute the agency action described in the Notice of Intent, the person shall file a written Request for State Fair Hearing with AHCCCS within sixty (60) days from the date of receipt of the Notice of Intent.
- B.** If AHCCCS receives a timely request for a State Fair Hearing from the person, AHCCCS shall mail a Notice of Hearing pursuant to the Uniform Administrative Hearing Procedures described in A.R.S. Title 41, Chapter 6, Article 10.
- C.** AHCCCS shall accept a written request for withdrawal of a hearing request if the written request for withdrawal is received from the person before AHCCCS mails a Notice of Hearing under the Uniform Administrative Hearing Procedures described in A.R.S. Title 41, Chapter 6, Article 10.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-406 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-406 repealed, new Section R9-22-406 adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Former Section R9-22-316 repealed, new Section R9-22-316 adopted as a permanent rule effective May 16, 1983; text of the Section identical to the emergency (Supp. 83-3). Amended effective January 31, 1986 (Supp. 86-1). Amended effective January 14, 1997 (Supp. 97-1). Section repealed by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). New Section made by final rulemaking at 22 A.A.R. 3191, effective October 19, 2016 (Supp. 16-4).

R9-22-407. Burden of Proof

- A.** In any State Fair Hearing conducted under this Article, AHCCCS shall prove a violation of A.R.S. §§ 36-2905.04 and/or 36-2991, and any aggravating circumstances by a preponderance of the evidence.
- B.** AHCCCS does not have to prove any specific intent to defraud.
- C.** A person shall bear the burden of producing and proving by a preponderance of the evidence any affirmative defense or any circumstance that would justify reducing the amount of the penalty.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section made by final rulemaking at 22 A.A.R. 3191, effective October 19, 2016 (Supp. 16-4).

R9-22-408. Rescission of the Notice of Intent

AHCCCS may rescind the Notice of Intent at any time prior to the State Fair Hearing without prejudice.

Historical Note

New Section made by final rulemaking at 22 A.A.R. 3191, effective October 19, 2016 (Supp. 16-4).

ARTICLE 5. GENERAL PROVISIONS AND STANDARDS**R9-22-501. General Provisions and Standards - Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:

“Quality management” means a process used by professional health personnel through a formal program involving multiple organizational components and committees to:

- Assess the degree to which services provided conform to desired medical standards and practices; and
- Quality improvement or maintenance of care and services.

“Quality Improvement” means a process designed to achieve, through ongoing measurements and intervention, significant improvement that is sustained over time, in the areas of clinical care and non-clinical care and is expected to have a favorable effect on health outcomes and member satisfaction. Quality Improvement includes focusing organizational efforts on improving performance and utilizing data to develop intervention strategies to improve performance and outcomes.

“Utilization management/review” means a methodology used by professional health personnel to assess the medical indications, appropriateness, and efficiency of care provided. Utilization management applies to a contractor’s process to evaluate and approve or deny the medical necessity, appropriateness, efficacy and efficiency of health care services, procedures, or settings. Utilization review includes processes for prior authorization, concurrent review, retrospective review, and case management.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-501 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-501 repealed, former Section R9-22-502 renumbered and adopted without change as Section R9-22-501 effective October 1, 1983 (Supp. 83-5). Former Section R9-22-501 repealed, former Section R9-22-526 renumbered and amended as Section R9-22-501 effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-502. Pre-existing Conditions

- A. A contractor shall not impose a pre-existing condition exclusion with respect to covered services.
- B. A contractor or subcontractor shall not adopt or use any procedure to identify a person who has an existing or anticipated medical or psychiatric condition in order to discourage or exclude the person from enrolling in the contractor’s health plan or encourage the person to enroll in another health plan.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-502 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-502 renumbered without change as Section R9-22-501, former Section R9-22-503 renumbered and amended as Section R9-22-502 effective October 1, 1983 (Supp. 83-5). Former Section R9-22-502 repealed, new Section R9-22-502 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4). Amended by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4).

R9-22-503. Provider Requirements Regarding Records

The provider shall maintain records that meet uniform accounting standards and generally accepted practices for maintenance of medical records, including detailed specification of all patient services delivered, the rationale for delivery, and the service date. A provider shall maintain and upon request, make available to a contractor and to the Administration, financial and medical records relating to payment for not less than five years from the date of final payment, or for records relating to costs and expenses to which the Administration has taken exception, five years after the date of final disposition or resolution of the exception. Providers shall provide one copy of a medical record at no cost if requested by the member.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-503 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-503 renumbered and amended as Section R9-22-502, new Section R9-22-503 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended effective May 30, 1986 (Supp. 86-3). Amended subsection (D) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsections (F) and (G) effective December 22, 1987 (Supp. 87-4). Amended subsection (I) effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). New Section made by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-504. Marketing; Prohibition Against Inducements; Misrepresentations; Discrimination; Sanctions

- A. A contractor or the contractor’s marketing representative shall not offer or give any form of compensation or reward, or engage in any behavior or activity that may be reasonably construed as coercive, to induce or procure AHCCCS enrollment with the contractor. Any marketing solicitation offering a benefit, good, or service in excess of the covered services in Article 2 is deemed an inducement.
- B. A marketing representative shall not misrepresent itself, the contracting health plan represented, or the AHCCCS program, through false advertising, false statements, or in any other manner to induce a member of another contractor to enroll in

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

the represented health plan. Violations of this subsection include, but are not limited to, false or misleading claims, inferences, or representations such as:

1. A member will lose benefits under the AHCCCS program or lose any other health or welfare benefits to which a member is legally entitled, if the member does not enroll in the represented contracting health plan;
 2. Marketing representatives are employees of the state or representatives of the Administration, a county, or any health plan other than the health plan by which they are employed, or by which they are reimbursed; and
 3. The represented health plan is recommended or endorsed as superior to its competition by any state or county agency, or any organization, unless the organization has certified its endorsement in writing to the health plan and the Administration.
- C. A marketing representative shall not engage in any marketing or pre-enrollment practice that discriminates against a member because of race, creed, age, color, sex, religion, national origin, ancestry, marital status, sexual preference, physical or mental disability, or health status.
- D. The Administration shall hold a contractor responsible for a violation of this Section resulting from the performance of any marketing representative, subcontractor, agent, program, or process under the contractor's employ or direction and shall impose contract sanctions on the contractor as specified in contract.
- E. A contractor shall produce and distribute informational materials that are approved by the Administration to each enrolled member or designated representative after the contractor receives notification of enrollment from the Administration. The contractor shall ensure that the informational materials include, at a minimum:
1. A description of all covered services as specified in contract;
 2. An explanation of service limitations and exclusions;
 3. An explanation of the procedure for obtaining services;
 4. An explanation of the procedure for obtaining emergency services;
 5. An explanation of the procedure for filing a grievance and appeal; and
 6. An explanation of when plan changes may occur as specified in contract.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-504 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-504 repealed, former Section R9-22-505 renumbered and adopted without change as Section R9-22-504 effective October 1, 1983 (Supp. 83-5). Former Section R9-22-504 repealed, former Section R9-22-528 renumbered and amended as Section R9-22-504 effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Amended by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-505. Standards, Licensure, and Certification for Providers of Hospital and Medical Services

A provider shall not provide hospital or medical services to a member unless the provider is licensed by the Arizona Department of Health Services and meets the requirements in 42 CFR 441 and 482, as of October 1, 2007, and 42 CFR 456 Subpart C, as of Octo-

ber 1, 2007, incorporated by reference, on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation contains no future editions or amendments. An Indian Health Service (IHS) hospital and a Veterans Administration hospital shall not provide services to a member unless accredited by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-505 adopted as an emergency expired, former Section R9-22-506 adopted as an emergency now adopted, amended and renumbered as Section R9-22-505 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-505 renumbered without change as Section R9-22-504, new Section R9-22-505 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-505 renumbered and amended as Section R9-22-509, former Section R9-22-527 renumbered and amended as Section R9-22-505 effective October 1, 1985 (Supp. 85-5). Editorial correction, spelling of "paraphernalia" in subsection (A) (Supp. 87-4). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). New Section made by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-506. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-506 adopted as an emergency adopted, amended and renumbered as Section R9-22-505, former Section R9-22-507 adopted as an emergency now adopted, amended and renumbered as Section R9-22-506 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-506 repealed, new Section R9-22-506 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-506 repealed, new Section R9-22-506 adopted effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended subsection (D) effective December 22, 1987 (Supp. 87-4). Repealed effective April 13, 1990 (Supp. 90-2). New Section adopted effective December 13, 1993 (Supp. 93-4). Repealed effective December 8, 1997 (Supp. 97-4).

R9-22-507. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-507 adopted as an emergency adopted, amended and renumbered as Section R9-22-506, former Section R9-22-508 adopted as an emergency now adopted, amended and renumbered as Section R9-22-507 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-507 repealed, new Section R9-22-507 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-508. Repealed

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-508 adopted as an emergency adopted, amended and renumbered as Section R9-22-507, former Section R9-22-509 adopted as an emergency now adopted, amended and renumbered as Section R9-22-508 as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-509. Transition and Coordination of Member Care

A. A contractor shall assist in the transition of members to and from other AHCCCS contractors.

1. Both the receiving and relinquishing contractor shall:
 - a. Coordinate with the other contractor to facilitate and schedule appointments for medically necessary services for the transitioned member within the Administration's timelines specified in the contract. If requested by the Administration, a contractor shall submit the policies and procedures regarding transition of members to the Administration for review and approval;
 - b. Assist in the referral of transitioned members to other community health agencies or county medical assistance programs for medically necessary services not covered by the Administration, as appropriate; and
 - c. Develop policies and procedures to be followed when transitioning members who have significant medical conditions; are receiving ongoing services; or have, at the time of the transition, received prior authorization or approval for undelivered, specific services.
2. The relinquishing contractor shall notify the receiving contractor of relevant information about the member's medical condition and current treatment regimens within the timelines defined in contract;
3. The relinquishing contractor shall forward medical records and other relevant materials to the receiving contractor. The relinquishing contractor shall bear the cost of reproducing and forwarding medical records and other relevant materials;
4. Within the timelines specified in contract, the receiving contractor shall ensure that the member selects or is assigned to a primary care provider, and provide the member with:
 - a. Information regarding the contractor's providers,
 - b. Emergency numbers, and
 - c. Instructions about how to obtain services.

B. A contractor shall not use a county or noncontracting provider health resource alternative to diminish the contractor's contractual responsibility or accountability for providing the full scope of covered services. The Administration may impose sanctions as described in contract if a contractor makes referrals to other agencies or programs to reduce expenses incurred by the contractor on behalf of its members.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-509 adopted as an emergency adopted, amended and renumbered as Section R9-22-508, former Section R9-22-510 adopted as an emergency now adopted and renumbered as Section R9-22-509 as a permanent rule effective August 30, 1982 (Supp. 82-4). For-

mer Section R9-22-509 repealed, former Section R9-22-505 renumbered and amended as Section R9-22-509 effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Amended by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-510. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-510 adopted as an emergency adopted and renumbered as Section R9-22-509, former Section R9-22-511 adopted as an emergency now adopted, amended and renumbered as Section R9-22-510 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-510 repealed, new Section R9-22-510 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-511. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-511 adopted as an emergency adopted, amended and renumbered as Section R9-22-510, former Section R9-22-512 adopted as an emergency now adopted, amended and renumbered as Section R9-22-511 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-511 repealed, new Section R9-22-511 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-512. Release of Safeguarded Information

- A. The Administration, contractors, providers, and noncontracting providers shall limit the release of safeguarded information to persons or agencies for the following purposes in accordance with 45 CFR 160 and 45 CFR 164, October 1, 2004, and 42 CFR 431.300 through 431.307, October 1, 2004, incorporated by reference, on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments:
1. Official purposes directly related to the administration of the AHCCCS program including:
 - a. Establishing eligibility and post-eligibility treatment of income, as applicable;
 - b. Determining the amount of medical assistance;
 - c. Providing services for members;
 - d. Performing evaluations and analysis of AHCCCS operations;
 - e. Filing liens on property as applicable;
 - f. Filing claims on estates, as applicable; and
 - g. Filing, negotiating, and settling medical liens and claims.
 2. Law enforcement. The Administration may release safeguarded information without the applicant's or member's written or verbal consent, for the purpose of conducting or assisting an investigation, prosecution, or criminal or civil proceeding related to the administration of the AHCCCS program.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

3. The Administration may release safeguarded member information to a review committee in accordance with the provisions of A.R.S. § 36-2917, without the consent of the applicant or member.
- B. Except as provided in subsection (A), the Administration, contractors, providers, and noncontracting providers shall disclose safeguarded information only to:
 1. An applicant;
 2. A member;
 3. An unemancipated minor, with written permission of a parent, custodial relative, or designated representative, if:
 - a. An Administration employee, authorized representative, or responsible caseworker is present during the examination of the safeguarded information; or
 - b. After written notification to the provider, and at a reasonable time and place.
 4. Persons authorized by the applicant or member; or
 5. A court order or subpoena compliant with 45 CFR 164.512(e), October 1, 2004, incorporated by reference, on file with the Administration and available from the U.S. Government Printing Office, 732 N. Capitol St., N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments.
- C. The Administration, contractors, providers, and noncontracting providers shall safeguard identifiable information, protected health information as specified in 45 CFR 160, and information obtained in the course of application for or re-determination of eligibility concerning an applicant or member, that includes, but is not limited to the following:
 1. Name and address;
 2. Social Security number;
 3. Social and economic conditions or circumstances;
 4. Agency evaluation of personal information;
 5. Medical data and information concerning medical services received, including diagnosis and history of disease or disability;
 6. State Data Exchange (SDX) tapes, and other types of information received from outside sources for the purpose of verifying income eligibility and amount of medical assistance payments; and
 7. Any information received in connection with the identification of legally liable third-party resources.
- D. The restriction upon disclosure of information in this Section does not apply to:
 1. De-identified information as described by 45 CFR 164.514, October 1, 2004, incorporated by reference in subsection (A); or
 2. A disclosure, in response to a request for information, that complies with 45 CFR 160 and 45 CFR 164, October 1, 2004, and 42 CFR 431.300 through 431.307, October 1, 2004, incorporated by reference in subsection (A).
- E. A provider shall furnish records requested by the Administration or a contractor to the Administration or the contractor at no charge.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-512 adopted as an emergency adopted, amended and renumbered as Section R9-22-511, former Section R9-22-513 adopted as an emergency now adopted and renumbered as Section R9-22-512 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-512 repealed, new Section R9-22-512 adopted effective October 1, 1985 (Supp. 85-5).
 Amended effective December 13, 1993 (Supp. 93-4).
 Amended effective December 8, 1997 (Supp. 97-4).

Amended by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-513. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-513 adopted as an emergency adopted and renumbered as Section R9-22-512, former Section R9-22-514 adopted as an emergency now adopted, amended and renumbered as Section R9-22-513 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-513 repealed, former Section R9-22-526 renumbered and amended as Section R9-22-513 effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-514. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-514 adopted as an emergency adopted, amended and renumbered as Section R9-22-513, former Section R9-22-515 adopted as an emergency now adopted, amended and renumbered as Section R9-22-514 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-514 repealed, former Section R9-22-517 renumbered and amended as Section R9-22-514 effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-515. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-515 adopted as an emergency adopted, amended and renumbered as Section R9-22-514, former Section R9-22-517 adopted as an emergency now adopted, amended and renumbered as Section R9-22-515 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-515 repealed, former Section R9-22-522 renumbered and amended as Section R9-22-515 effective October 1, 1985 (Supp. 85-5). Repealed effective December 8, 1997 (Supp. 97-4).

R9-22-516. Renumbered**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-516 adopted as an emergency expired, former Section R9-22-518 adopted as an emergency now adopted, amended and renumbered as Section R9-22-516 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-516 renumbered as Section R9-22-513 effective October 1, 1985 (Supp. 85-5).

R9-22-517. Renumbered

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-517 adopted as an emergency adopted, amended and renumbered as Section R9-22-515, former Section R9-22-519 adopted as an emergency now adopted and renumbered and amended as Section R9-22-517 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-517 renumbered and amended as Section R9-22-514 effective October 1, 1985 (Supp. 85-5).

R9-22-518. Information to Enrolled Members

- A. Each contractor shall produce and distribute printed informational materials to each member or family unit no later than 10 days of receipt of notification of enrollment from the Administration. The contractor shall ensure that the informational materials meet the requirements specified in the contractor's current contract.
- B. A contractor shall provide a member with the name, address, and telephone number of the member's primary care provider no later than 10 days from the date of enrollment. The contractor shall include information on how the member may change primary care providers.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-518 adopted as an emergency adopted, amended and renumbered as Section R9-22-516, former Section R9-22-520 adopted as an emergency now adopted, amended and renumbered as Section R9-22-518 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-518 repealed, new Section R9-22-518 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Amended by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-519. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-519 adopted as an emergency adopted, amended and renumbered as Section R9-22-517, former Section R9-22-521 adopted as an emergency now adopted, amended and renumbered as Section R9-22-519 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-519 repealed, new Section R9-22-519 adopted effective October 1, 1985 (Supp. 85-5). Repealed effective December 8, 1997 (Supp. 97-4).

R9-22-520. Expired**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-520 adopted as an emergency adopted, amended and renumbered as Section R9-22-518, former Section R9-22-522 adopted as an emergency now adopted, amended and renumbered as Section R9-22-520 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-520 repealed, new Section R9-22-520 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 13, 1993 (Supp. 93-4). Amended effective December 8, 1997 (Supp. 97-4). Sec-

tion expired under A.R.S. § 41-1056(E) at 8 A.A.R. 4851, effective October 9, 2002 (Supp. 02-4).

R9-22-521. Program Compliance Audits

- A. The Administration shall conduct an onsite program compliance audit of a contractor at least once every three years during the term of the Administration's contract with the contractor. The Administration may conduct, without prior notice, inspections of contractor facilities or perform other elements of a program compliance audit.
- B. An audit team may perform any or all of the following procedures:
 1. Conduct private interviews and group conferences with members, physicians, other health professionals, and members of the contractor's administrative staff including, but not limited to, the contractor's principal management persons;
 2. Examine records, books, reports, and papers of the contractor and any management company, and all providers or subcontractors providing health care and other services. The examination may include, but need not be limited to: minutes of medical staff meetings, peer review and quality of care review records, duty rosters of medical personnel, appointment records, written procedures for the internal operation of the health plan, contracts and correspondence with members and with providers of health care services and other services to the plan, and additional documentation deemed necessary by the Administration to review the quality of medical care.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-521 adopted as an emergency adopted, amended and renumbered as Section R9-22-519, former Section R9-22-523 adopted as an emergency now adopted, amended and renumbered as Section R9-22-521 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-521 repealed, new Section R9-22-521 adopted effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Amended by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

Editor's Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General has not certified this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-522. Quality Management/Utilization Management (QM/UM) Requirements

- A. A contractor shall comply with Quality Management/Utilization Management (QM/UM) requirements specified in this Section and in contract. The contractor shall ensure compliance with QM/UM requirements that are accomplished through delegation or subcontract with another party.
- B. In addition to any requirements specified in contract, a contractor shall:
 1. Submit to the Administration a written QM/UM plan that includes a description of the systems, methodologies, protocols, and procedures to be used in:

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- a. Monitoring and evaluating the types of services provided;
- b. Identifying the numbers and costs of services provided;
- c. Assessing and improving the quality and appropriateness of care and services;
- d. Evaluating the outcome of care provided to members, and
- e. Determining the actions necessary to improve service delivery;
2. Submit the QM/UM plan to the Administration on an annual basis within timelines specified in contract. If the QM/UM plan is changed during the year, the contractor shall submit the revised plan to the Administration before implementation;
3. Receive approval from the Administration before implementing the initial or revised QM/UM plan;
4. Ensure that a QM/UM committee operates under the control of the contractor's medical director and includes representation from medical and executive management personnel. The committee shall:
 - a. Oversee the development, revision, and implementation of the QM/UM plan; and
 - b. Ensure that there are qualified QM/UM personnel and sufficient resources to implement the contractor's QM/UM activities; and
5. Ensure that the QM/UM activities include at least:
 - a. Prior authorization for non-emergency or scheduled hospital admissions;
 - b. Concurrent review of inpatient hospitalization;
 - c. Retrospective review of hospital claims;
 - d. Program and provider audits designed to detect over- or under-utilization, service delivery effectiveness, and outcome;
 - e. Medical records audits;
 - f. Surveys to determine satisfaction of members;
 - g. Assessment of the adequacy and qualifications of the contractor's provider network;
 - h. Review and analysis of QM/UM data;
 - i. Measurement of performance using objective quality indicators;
 - j. Ensuring individual and systemic quality of care;
 - k. Integrating quality throughout the organization;
 - l. Process improvement;
 - m. Credentialing a provider network;
 - n. Resolving quality of care grievances; and
 - o. Quality improvement activities focused on improving the quality of care and the efficient, cost-effective delivery and utilization of services.
- C. A member's primary care provider shall maintain medical records that:
 1. Conform to professional medical standards and practices for documentation of medical diagnostic and treatment data;
 2. Facilitate follow-up treatment; and
 3. Permit professional medical review and medical audit processes.
- D. Within 30 days following termination of the contract between a subcontractor and a contractor, the subcontractor or the subcontractor's designee shall forward to the primary care provider medical records or copies of medical records of all members assigned to the subcontractor or for whom the subcontractor has provided services.
- E. The Administration shall monitor each contractor and the contractor's providers to ensure compliance with Administration

QM/UM requirements and adherence to the contractor's QM/UM plan.

1. A contractor and the contractor's providers shall cooperate with the Administration in the performance of the Administration's QM/UM monitoring activities; and
2. A contractor and the contractor's providers shall develop and implement mechanisms for correcting deficiencies identified through the Administration's QM/UM monitoring.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-522 adopted as an emergency adopted, amended and renumbered as Section R9-22-520, former Section R9-22-524 adopted as an emergency now adopted and renumbered as Section R9-22-522 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-522 renumbered and amended as Section R9-22-515, new Section R9-22-522 adopted effective October 1, 1985 (Supp. 85-5). Amended under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended effective December 13, 1993 (Supp. 93-4). Amended effective December 8, 1997 (Supp. 97-4). Amended by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 4330, effective January 3, 2009 (Supp. 08-4).

R9-22-523. Expired**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-523 adopted as an emergency adopted, amended and renumbered as Section R9-22-521, former Section R9-22-525 adopted as an emergency now adopted, amended and renumbered as Section R9-22-523 as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective October 1, 1985 (Supp. 85-5). Amended effective December 8, 1997 (Supp. 97-4). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 4851, effective October 9, 2002 (Supp. 02-4).

R9-22-524. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-524 adopted as an emergency adopted and renumbered as Section R9-22-522, former Section R9-22-526 adopted as an emergency now adopted, amended and renumbered as Section R9-22-524 as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-524 repealed, new Section R9-22-524 adopted effective October 1, 1985 (Supp. 85-4). Amended effective December 8, 1997 (Supp. 97-4). Section repealed by final rulemaking at 11 A.A.R. 4277, effective December 5, 2005 (Supp. 05-4).

R9-22-525. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-525 adopted as an emergency adopted, amended and renumbered as Section R9-22-523, former Section R9-22-527 adopted as an emergency now

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

adopted, amended and renumbered as Section R9-22-525 as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1985 (Supp. 85-5).

R9-22-526. Renumbered**Historical Note**

Adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of the permanent rule identical to the emergency (Supp. 83-3). Former Section R9-22-526 repealed, new Section R9-22-526 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-526 renumbered and amended as Section R9-22-501 effective October 1, 1985 (Supp. 85-1).

R9-22-527. Renumbered**Historical Note**

Adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-527 renumbered and amended as Section R9-22-505 effective October 1, 1985 (Supp. 85-5).

R9-22-528. Renumbered**Historical Note**

Adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-528 renumbered and amended as Section R9-22-504 effective October 1, 1985 (Supp. 85-5).

R9-22-529. Renumbered**Historical Note**

Adopted as Section R9-22-529 effective October 1, 1985, then renumbered as Section R9-22-1002 effective October 1, 1985 (Supp. 85-5).

ARTICLE 6. RFP AND CONTRACT PROCESS**R9-22-601. General Provisions**

- A. The Director has full operational authority to adopt rules for the RFP process and the award of contracts under A.R.S. § 36-2906.
- B. This Article applies to the award of contracts under A.R.S. §§ 36-2904 and 36-2906 to provide services under A.R.S. § 36-2907 and the expenditure of public monies by the Administration pertaining to covered services when the procurement so states. The Administration shall establish conflict-of-interest safeguards for officers and employees of this state with responsibilities relating to contracts that comply with 42 U.S.C. 1396u-2(d)(3).
- C. The Administration is exempt from the procurement code under A.R.S. § 41-2501.
- D. The Administration and contractors shall retain all contract records for five years under A.R.S. § 36-2903 and dispose of the records under A.R.S. § 41-2550.
- E. The following terms are defined as related to this Article: "Procurement file" means the official records file of the Director whether located in the Office of the Director or at the public procurement unit. The procurement file shall include in electronic or paper form a list of notified vendors, final solicitation, solicitation amendments, bids/offers, final proposal revisions, clarifications, and final evaluation report.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-601 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983

(Supp. 83-5). Adopted effective July 16, 1985 (Supp. 85-4). Amended effective December 13, 1993 (Supp. 93-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Amended by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

R9-22-602. RFP

- A. RFP content. The Administration shall include the following items in any RFP under this Article:

1. Instructions and information to an offeror concerning the proposal submission including:
 - a. The deadline for submitting a proposal,
 - b. The address of the office at which a proposal is to be received,
 - c. The period during which the RFP remains open, and
 - d. Any special instructions and information;
2. The scope of covered services under Article 2 of this Chapter and A.R.S. §§ 36-2906 and 36-2907, covered populations, geographic coverage, service and performance requirements, and a delivery or performance schedule;
3. The contract terms and conditions, including bonding or other security requirements, if applicable;
4. The factors used to evaluate a proposal;
5. The location and method of obtaining documents that are incorporated by reference in the RFP;
6. A requirement that the offeror acknowledge receipt of all RFP amendments issued by the Administration;
7. The type of contract to be used and a copy of a proposed contract form or provisions;
8. The length of the contract service;
9. A requirement for cost or pricing data;
10. The minimum RFP requirements; and
11. A provision requiring an offeror to certify that a submitted proposal does not involve collusion or other anti-competitive practices.

- B. Proposal process.

1. After the deadline for submitting proposals, the Administration may open a proposal publicly and announce and record the name of the offeror. The Administration shall keep all other information contained in a proposal confidential. The Administration shall open a proposal for public inspection after contract award unless the Administration determines that disclosure is not in the best interest of the state.
2. The Administration shall evaluate a proposal based on the GSA and the evaluation factors listed in the RFP.
3. The Administration may initiate discussions with a responsive and responsible offeror to clarify and assure full understanding of an offeror's proposal. The Administration shall provide an offeror fair treatment with respect to discussion and revision of a proposal. The Administration shall not disclose information derived from a proposal submitted by a competing offeror.
4. The Administration shall allow for the adjustment of covered services by expansion, deletion, segregation, or combination in order to secure the most financially advantageous proposals for the state.
5. The Administration may conduct an investigation of a person or organization who has ownership or management interests in corporate offerors or affiliated corporate organizations of an offeror.
6. The Administration may issue a written request for best and final offers. The Administration shall state in the

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

request the date, time, and place for the submission of best and final offers.

7. The Administration shall not request best and final offers more than once unless the Administration determines that it is advantageous to the state to request additional best and final offers. The Administration shall state in the written request for best and final offers that if the offeror does not submit a notice of withdrawal or a best and final offer, the Administration shall take the most recent offer as the offeror's best and final offer.

C. Proposal rejection.

1. The Administration may reject an offeror's proposal if the offeror fails to supply the information requested by the Administration.
2. The offeror shall not disclose information pertaining to its proposal to any other offeror prior to contract award. The offeror may disclose proposal information to a person other than another offeror if the recipient agrees to keep the information confidential until contract award. Disclosure in violation of this subsection may be grounds for rejecting a proposal.
3. The Administration shall provide written notification to an offeror whose proposal is rejected. The rejection notice shall be part of the contract file and a public record.
4. If the Administration determines that it is in the best interest of the state, the Administration may reject any and all proposals, in whole or in part, under the RFP. The reasons for rejection shall be part of the contract file. An offeror shall have no right to damages for any claims against the state, the state's employees, or agents if a proposal is rejected in whole or in part.

- D. Proposal cancellation.** If the Administration determines that it is in the best interest of the state, the Administration may cancel a RFP. The reasons for cancellation shall be part of the contract file. An offeror shall have no right to damages for any claims against the state, the state's employees, or agents if a RFP is cancelled.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-602 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983 (Supp. 83-5). Adopted effective July 16, 1985 (Supp. 85-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

R9-22-603. Contract Award

The Administration shall award a contract to the responsible and responsive offeror whose proposal is determined most advantageous to the state under A.R.S. § 36-2906. If the Administration determines that multiple contracts are in the best interest of the state, the Administration may award multiple contracts. The contract file shall contain the basis on which the award is made.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-603 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983 (Supp. 83-5). Adopted effective July 16, 1985 (Supp. 85-4). Section repealed, new Section adopted by final

rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Section repealed; new Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

R9-22-604. Contract or Proposal Protests; Appeals

- A.** Disputes related to contract performance. This Section does not apply to a dispute related to contract performance. A contract performance dispute is governed by 9 A.A.C. 34.
- B.** Resolution of a proposal protest. The procurement officer issuing a RFP shall have the authority to resolve proposal protests. An appeal from the decision of the procurement officer shall be made to the Director.
- C.** Filing of a protest.
1. A person may file a protest with the procurement officer regarding:
 - a. A RFP issued by the Administration,
 - b. A proposed award, or
 - c. An award of a contract.
 2. A protester shall submit a written protest and include the following information:
 - a. The name, address, and telephone number of the protester;
 - b. The signature of the protester or protester's representative;
 - c. Identification of a RFP or contract number;
 - d. A detailed statement of the legal and factual grounds of the protest including copies of any relevant documents; and
 - e. The relief requested.
- D.** Time for filing a protest.
1. A protester filing a protest alleging improprieties in an RFP or an amendment to an RFP shall file the protest at least 14 days before the due date of receipt of proposals.
 2. Any protest alleging improprieties in an amendment issued 14 or fewer days before the due date of the proposal shall be filed before the due date for receipt of proposals.
 3. In cases other than those covered in subsections (D)(1) and (2), a protester shall file a protest no later than 10 days after the procurement officer makes the procurement file available for public inspection.
- E.** Stay of procurement during the protest. If a protester files a protest before the contract award, the procurement officer may issue a written stay of the contract award. In considering whether to issue a written stay of contract, the procurement officer shall consider but is not limited to considering whether:
1. A reasonable probability exists that the protest will be sustained, and
 2. The stay of the contract award is in the best interest of the state.
- F.** Stay of contract award during an appeal to the Director. The Director shall automatically continue the stay of a contract award if:
1. An appeal is filed before a contract award, and
 2. The procurement officer issues a stay of the contract award under subsection (E), unless
 3. The Director issues a written determination that the contract award is necessary to protect the best interest of the state.
- G.** Decision by the procurement officer.
1. The procurement officer shall issue a written decision no later than 14 days after a protest has been filed. The decision shall contain an explanation of the basis of the decision.
 2. The procurement officer shall furnish a copy of the decision to the protester by:

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- a. Certified mail, return receipt requested; or
- b. Any other method that provides evidence of receipt.
- 3. The Administration may extend, for good cause, the time-limit for decisions in subsection (G)(1) for a time not to exceed 30 days. The procurement officer shall notify the protester in writing that the time for the issuance of a decision has been extended and the date by which a decision shall be issued.
- 4. If the procurement officer fails to issue a decision within the time-limits in subsection (G)(1) or (G)(3), the protester may proceed as if the procurement officer issued an adverse decision.

H. Remedies.

- 1. If the procurement officer sustains the protest in whole or in part and determines that the RFP, proposed contract award, or contract award does not comply with applicable statutes and rules, the procurement officer shall order an appropriate remedy.
- 2. In determining an appropriate remedy, the procurement officer shall consider all the circumstances of the procurement or proposed procurement, including:
 - a. Seriousness of the procurement deficiency,
 - b. Degree of prejudice to other interested parties or to the integrity of the RFP process,
 - c. Good faith of the parties,
 - d. Extent of performance,
 - e. Costs to the state, and
 - f. Urgency of the procurement.
 - g. Best interest of the state.
- 3. An appropriate remedy may include one or more of the following:
 - a. Terminating the contract;
 - b. Reissuing the RFP;
 - c. Issuing a new RFP;
 - d. Awarding a contract consistent with statutes, rules, and the terms of the RFP; or
 - e. Any relief determined necessary to ensure compliance with applicable statutes and rules.

I. Appeals to the Director.

- 1. A person may file an appeal of a procurement officer's decision with both the Director and the procurement officer no later than five days from the date the decision is received. The date the decision is received shall be determined under subsection (G)(2).
- 2. The appeal shall contain:
 - a. The information required in subsection (C)(2),
 - b. A copy of the procurement officer's decision,
 - c. The alleged factual or legal error in the decision of the procurement officer on which the appeal to the Director is based, and
 - d. A request for hearing unless the person requests that the Director's decision be based solely upon the procurement file.

J. Dismissal. The Director shall not schedule a hearing and shall dismiss an appeal with a written determination if:

- 1. The appeal does not state a basis for protest,
- 2. The appeal is untimely under subsection (I)(1), or
- 3. The appeal is moot.

K. Hearing. Hearings under this Section shall be conducted using the Arizona Administrative Procedure Act under A.R.S. Title 41, Ch. 6.**Historical Note**

Adopted effective July 16, 1985 (Supp. 85-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). Amended by final rulemaking at 8 A.A.R. 424, effective

January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

R9-22-605. Waiver of Contractor's Subcontract with Hospitals

If a contractor is unable to obtain a subcontract with a hospital as contractually required, the contractor may request in writing a waiver from the Administration as allowed by A.R.S. § 36-2906. The contractor shall state in the request the reasons a waiver is believed to be necessary and all efforts the contractor has made to secure a subcontract.

Historical Note

Adopted effective January 31, 1986 (Supp. 86-1). Amended effective December 13, 1993 (Supp. 93-4). Section repealed by final rulemaking at 5 A.A.R. 607, effective February 5, 1999 (Supp. 99-1). New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

R9-22-606. Contract Compliance Sanction

- A.** The Director may impose sanctions upon a contractor for violation of any provision of this Chapter or of a contract. Sanctions include but are not limited to:
 - 1. Suspension of any or all further member enrollment, by choice and/or assignment for a period of time.
 - 2. Imposition of a monetary sanction.
- B.** The Director shall consider the nature, severity, and length of the violation when determining a sanction.
- C.** The Director shall provide a contractor with written notice specifying grounds and terms for the sanction.
- D.** Nothing contained in this Section shall be construed to prevent the Administration from imposing sanctions as provided in contract under A.R.S. § 36-2903.

Historical Note

New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 2340, effective November 11, 2012 (Supp. 12-3).

ARTICLE 7. STANDARDS FOR PAYMENTS**R9-22-701. Standard for Payments Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning:

"Accommodation" means room and board services provided to a patient during an inpatient hospital stay and includes all staffing, supplies, and equipment. The accommodation is semi-private except when the member must be isolated for medical reasons. Types of accommodation include hospital routine medical/surgical units, intensive care units, and any other specialty care unit in which room and board are provided.

"Aggregate" means the combined amount of hospital payments for covered services provided within and outside the GSA.

"AHCCCS inpatient hospital day or days of care" means each day of an inpatient stay for a member beginning with the day of admission and including the day of death, if applicable, but excluding the day of discharge, provided that all eligibility, medical necessity, and medical review requirements are met.

"Ancillary service" means all hospital services for patient care other than room and board and nursing services, including but

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

not limited to, laboratory, radiology, drugs, delivery room (including maternity labor room), operating room (including postanesthesia and postoperative recovery rooms), and therapy services (physical, speech, and occupational).

“APC” means the Ambulatory Payment Classification system under 42 CFR 419.31 used by Medicare for grouping clinically and resource-similar procedures and services.

“Billed charges” means charges for services provided to a member that a hospital includes on a claim consistent with the rates and charges filed by the hospital with Arizona Department of Health Services (ADHS).

“Business agent” means a company such as a billing service or accounting firm that renders billing statements and receives payment in the name of a provider.

“Capital costs” means costs as reported by the hospital to CMS as required by 42 CFR 413.20.

“Copayment” means a monetary amount, specified by the Director, that a member pays directly to a contractor or provider at the time covered services are rendered.

“Cost-to-charge ratio” (CCR) means a hospital’s costs for providing covered services divided by the hospital’s charges for the same services. The CCR is the percentage derived from the cost and charge data for each revenue code provided to AHCCS by each hospital.

“Covered charges” means billed charges that represent medically necessary, reasonable, and customary items of expense for covered services that meet medical review criteria of AHCCS or a contractor.

“CPT” means Current Procedural Terminology, published and updated by the American Medical Association. CPT is a nationally-accepted listing of descriptive terms and identifying codes for reporting medical services and procedures performed by physicians that provide a uniform language to accurately designate medical, surgical, and diagnostic services.

“Critical Access Hospital” is a hospital certified by Medicare under 42 CFR 485 Subpart F and 42 CFR 440.170(g). “Direct graduate medical education costs” or “direct program costs” means the costs that are incurred by a hospital for the education activities of an approved graduate medical education program that are the proximate result of training medical residents in the hospital, including resident salaries and fringe benefits, the portion of teaching physician salaries and fringe benefits that are related to the time spent in teaching and supervision of residents, and other related GME overhead costs.

“DRI inflation factor” means Global Insights Prospective Hospital Market Basket.

“Eligibility posting” means the date a member’s eligibility information is entered into the AHCCCS Pre-paid Medical Management Information System (PMMIS).

“Encounter” means a record of a medically-related service rendered by an AHCCCS-registered provider to a member enrolled with a contractor on the date of service.

“Existing outpatient service” means a service provided by a hospital before the hospital files an increase in its charge master as defined in R9-22-712(G), regardless of whether the service was explicitly described in the hospital charge master before filing the increase or how the service was described in the charge master before filing the increase.

“Expansion funds” means funds appropriated to support GME program expansions as described under A.R.S. § 36-2903.01(G)(9)(b) and (c)(i).

“Factor” means a person or an organization, such as a collection agency or service bureau, that advances money to a provider for accounts receivable that the provider has assigned, sold, or transferred to the organization for an added fee or a deduction of a portion of the accounts receivable. Factor does not include a business agent.

“Fiscal intermediary” means an organization authorized by CMS to make determinations and payments for Part A and Part B provider services for a given region.

“Freestanding Children’s Hospital” means a separately standing hospital with at least 120 pediatric beds that is dedicated to provide the majority of the hospital’s services to children.

“GME program approved by the Administration” or “approved GME program” means a graduate medical education program that has been approved by a national organization as described in 42 CFR 415.152.

“Graduate medical education (GME) program” means an approved residency program that prepares a physician for independent practice of medicine by providing didactic and clinical education in a medical environment to a medical student who has completed a recognized undergraduate medical education program.

“HCAC” means a health care acquired condition described under 42 CFR 447.26 but does not include Deep Vein Thrombosis (DVT)/Pulmonary Embolism (PE) as related to total knee replacement or hip replacement surgery in pediatric and obstetric patients.

“HCPCS” means the Health Care Procedure Coding System, published and updated by Center for Medicare and Medicaid Services (CMS). HCPCS is a listing of codes and descriptive terminology used for reporting the provision of physician services, other health care services, and substances, equipment, supplies or other items used in health care services.

“HIPAA” means the Health Insurance Portability and Accountability Act of 1996, as specified under 45 CFR 162, that establishes standards and requirements for the electronic transmission of certain health information by defining code sets used for encoding data elements, such as tables of terms, medical concepts, medical diagnostic codes, or medical procedure codes.

“ICU” means the intensive care unit of a hospital.

“Indirect program costs” means the marginal increase in operating costs that a hospital experiences as a result of having an approved graduate medical education program and that is not accounted for by the hospital’s direct program costs.

“Intern and Resident Information System” means a software program used by teaching hospitals and the provider community for collecting and reporting information on resident training in hospital and non-hospital settings.

“Medical education costs” means direct hospital costs for intern and resident salaries, fringe benefits, program costs, nursing school education, and paramedical education, as described in the Medicare Provider Reimbursement Manual.

“Medical review” means a clinical evaluation of documentation conducted by AHCCCS or a contractor for purposes of prior authorization, concurrent review, post-payment review, or determining medical necessity. The criteria for medical

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

review are established by AHCCCS or a contractor based on medical practice standards that are updated periodically to reflect changes in medical care.

“Medicare Urban or Rural Cost-to-Charge Ratio (CCR)” means statewide average capital cost-to-charge ratio published annually by CMS added to the urban or rural statewide average operating cost-to-charge ratio published annually by CMS.

“National Standard code sets” means codes that are accepted nationally in accordance with federal requirements under 45 CFR 160 and 45 CFR 164.

“New hospital” means a hospital for which Medicare Cost Report claim and encounter data are not available for the fiscal year used for initial rate setting or rebasing.

“NICU” means the neonatal intensive care unit of a hospital that is classified as a Level II or Level III perinatal center by the Arizona Perinatal Trust.

“Non-IHS Acute Hospital” means a hospital that is not run by Indian Health Services, is not a free-standing psychiatric hospital, such as an IMD, and is paid under ADHS rates.

“Observation day” means a physician-ordered evaluation period of less than 24 hours to determine whether a person needs treatment or needs to be admitted as an inpatient. Each observation day consists of a period of 24 hours or less.

“Operating costs” means AHCCCS-allowable accommodation costs and ancillary department hospital costs excluding capital and medical education costs.

“OPPC” means an Other Provider Preventable Condition that is: (1) a wrong surgical or other invasive procedure performed on a patient, (2) a surgical or other invasive procedure performed on the wrong body part, or (3) a surgical or other invasive procedure performed on the wrong patient.

“Organized health care delivery system” means a public or private organization that delivers health services. It includes, but is not limited to, a clinic, a group practice prepaid capitation plan, and a health maintenance organization.

“Outlier” means a hospital claim or encounter in which the operating costs per day for an AHCCCS inpatient hospital stay meet the criteria described under this Article and A.R.S. § 36-2903.01(G).

“Outpatient hospital service” means a service provided in an outpatient hospital setting that does not result in an admission.

“Ownership change” means a change in a hospital’s owner, lessor, or operator under 42 CFR 489.18(a).

“Participating institution” means an institution at which portions of a graduate medical education program are regularly conducted and to which residents rotate for an educational experience for at least one month.

“Peer group” means hospitals that share a common, stable, and independently definable characteristic or feature that significantly influences the cost of providing hospital services, including specialty hospitals that limit the provision of services to specific patient populations, such as rehabilitative patients or children.

“PPC” means prior period coverage. PPC is the period of time, prior to the member’s enrollment, during which a member is eligible for covered services. The time-frame is the first day of the month of application or the first eligible month, whichever is later, until the day a member is enrolled with a contractor.

“PPS bed” means Medicare-approved Prospective Payment beds for inpatient services as reported in the Medicare cost reports for the most recent fiscal year for which the Administration has a complete set of Medicare cost reports for every rural hospital as determined as of the first of February of each year.

“Procedure code” means the numeric or alphanumeric code listed in the CPT or HCPCS manual by which a procedure or service is identified.

“Prospective rates” means inpatient or outpatient hospital rates set by AHCCCS in advance of a payment period and representing full payment for covered services excluding any quick-pay discounts, slow-pay penalties, and first-and third-party payments regardless of billed charges or individual hospital costs.

“Public hospital” means a hospital that is owned and operated by county, state, or hospital health care district.

“Qualifying health information exchange organization” means a non-profit health information organization as defined in A.R.S. § 36-3801 that provides the statewide exchange of patient health information among disparate health care organizations and providers not owned, operated, or controlled by the health information exchange. A qualifying health information exchange organization must include representation by the administration on its board of directors, and have a significant number of health care participants, including hospitals, laboratories, payers, community physicians and Federally Qualified Health Centers.

“Rebase” means the process by which the most currently available and complete Medicare Cost Report data for a year and AHCCCS claim and encounter data for the same year are collected and analyzed to reset the Inpatient Hospital Tiered per diem rates, or the Outpatient Hospital Capped Fee-For-Service Schedule.

“Reinsurance” means a risk-sharing program provided by AHCCCS to contractors for the reimbursement of specified contract service costs incurred by a member beyond a certain monetary threshold.

“Remittance advice” means an electronic or paper document submitted to an AHCCCS-registered provider by AHCCCS to explain the disposition of a claim.

“Resident” means a physician engaged in postdoctoral training in an accredited graduate medical education program, including an intern and a physician who has completed the requirements for the physician’s eligibility for board certification.

“Revenue code” means a numeric code, that identifies a specific accommodation, ancillary service, or billing calculation, as defined by the National Uniform Billing committee for UB-04 forms.

“Sub-acute services” means inpatient care for a patient with an acute illness, injury or exacerbation of a disease process when the patient does not require acute inpatient hospitalization. Sub-acute care is rendered immediately after, or instead of, acute inpatient hospitalization.

“Specialty facility” means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.

“Sponsoring institution” means the institution or entity that is recognized by the GME accrediting organization and designated as having ultimate responsibility for the assurance of

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

academic quality and compliance with the terms of accreditation.

“Tier” means a grouping of inpatient hospital services into levels of care based on diagnosis, procedure, or revenue codes, peer group, NICU classification level, or any combination of these items.

“Tiered per diem” means an AHCCCS capped fee schedule in which payment is made on a per-day basis depending upon the tier (or tiers) into which an AHCCCS inpatient hospital day of care is assigned.

“Trip” means a one-way transport each time a taxi is called. If the taxi waits for the member then the transport continues to be part of the one-way trip. If the taxi leaves and is called to pick up the member, that is considered a new one-way trip.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-701 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-701 repealed, new Section R9-22-701 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Section repealed; new Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2). Amended by final rulemaking at 12 A.A.R. 2188, effective June 6, 2006 (Supp. 06-2). Amended by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 13 A.A.R. 1782, effective June 30, 2007 (Supp. 07-2). Amended by exempt rulemaking at 13 A.A.R. 3190, effective October 1, 2007 (Supp. 07-3). Amended by exempt rulemaking at 13 A.A.R. 4032, effective November 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 1956, effective September 6, 2014; amended by exempt rulemaking at 20 A.A.R. 2755, effective January 1, 2015 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

R9-22-701.10 Scope of the Administration’s and Contractor’s Liability

The Administration shall bear no liability for providing covered services for any member beyond the date of termination of the member’s eligibility or during the member’s enrollment with a contractor. A contractor has no financial responsibility for services provided to a member beyond the last date of enrollment except as provided in Articles 2 and 5 of this Chapter and as specified in contract.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

R9-22-702. Charges to Members

- A.** For purposes of this subsection, the term “member” includes the member’s financially responsible representative as described under A.R.S. § 36-2903.01.
- B.** Registered providers must accept payment from the Administration or a contractor as payment in full.
- C.** Except as provided in subsection (D) a registered provider shall not request or collect payment from, refer to a collection agency, or report to a credit reporting agency an eligible person or a person claiming to be an eligible person.
- D.** An AHCCCS registered provider may charge, submit a claim to, or demand or collect payment from a member:
 1. To collect the copayment described in R9-22-711;
 2. To recover from a member that portion of a payment made by a third party to the member for an AHCCCS covered service if the member has not transferred the payment to the Administration or the contractor as required by the statutory assignment of rights to AHCCCS;
 3. To obtain payment from a member for medical expenses incurred during a period when the member intentionally withheld information or intentionally provided inaccurate information pertaining to the member’s AHCCCS eligibility or enrollment that caused payment to the provider to be reduced or denied;
 4. For a service that is excluded by statute or rule, or provided in an amount that exceeds a limitation in statute or rule, if the member signs a document in advance of receiving the service stating that the member understands the service is excluded or is subject to a limit and that the member will be financially responsible for payment for the excluded service or for the services in excess of the limit;
 5. When the contractor or the Administration has denied authorization for a service if the member signs a document in advance of receiving the service stating that the member understands that authorization has been denied and that the member will be financially responsible for payment for the service;
 6. For services requested for a member enrolled with a contractor, and rendered by a noncontracting provider under circumstances where the member’s contractor is not responsible for payment of “out of network” services under R9-22-705(A), if the member signs a document in advance of receiving the service stating that the member understands the provider is out of network, that the member’s contractor is not responsible for payment, and that the member will be financially responsible for payment for the excluded service;
 7. For services rendered to a person eligible for the FESP if the provider submits a claim to the Administration in the reasonable belief that the service is for treatment of an emergency medical condition and the Administration denies the claim because the service does not meet the criteria of R9-22-217; or
 8. If the provider has received verification from the Administration that the person was not an eligible person on the date of service.
- E.** The signature requirement of subsections (D)(4), (D)(5), and (D)(6) do not apply if:
 1. The member is unable or incompetent to sign such a document, or

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

2. When services are rendered for the purpose of treating an emergency medical condition as defined in R9-22-217 and a delay in providing treatment to obtain a signature would have a significant adverse affect on the member's health.
- F. Except as provided for in this Section, registered providers shall not bill a member when the provider could have received reimbursement from the Administration or a contractor but for the provider's failure to file a claim in accordance with the requirements of AHCCCS statutes, rules, the provider agreement, or contract, such as, but not limited to, requirements to request and obtain prior authorization, timely filing, and clean claim requirements.
- Historical Note**
- Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-702 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Amended as a permanent rule effective May 16, 1983; text identical to the emergency (Supp. 83-3). Former Section R9-22-702 repealed, new Section R9-22-702 adopted effective October 1, 1983 (Supp. 83-5). Amended by adding subsection (B) effective October 1, 1985 (Supp. 85-5). Amended by adding subsection (C) effective October 1, 1987 (Supp. 87-4). Amended effective April 13, 1990 (Supp. 90-2). Amended effective December 13, 1993 (Supp. 93-4). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by final rulemaking at 11 A.A.R. 3217, effective October 1, 2005 (Supp. 05-3). Amended by exempt rulemaking at 17 A.A.R. 1707, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2747, effective October 8, 2013 (Supp. 13-3).
- R9-22-703. Payments by the Administration**
- A. General requirements. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of October 1, 2012, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
- B. Timely submission of claims.
1. Under A.R.S. § 36-2904, the Administration shall deem a paper or electronic claim to be submitted on the date that it is received by the Administration. The Administration shall do one or more of the following for each claim it receives:
 - a. Place a date stamp on the face of the claim,
 - b. Assign a system-generated claim reference number, or
 - c. Assign a system-generated date-specific number.
 2. Unless a shorter time period is specified in contract, the Administration shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
 - a. Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
 - b. Six months from the date of eligibility posting.
 3. Unless a shorter time period is specified in contract, the Administration shall not pay a clean claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
 - a. Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
 - b. Twelve months from the date of eligibility posting.
 4. Unless a shorter time period is specified in contract, the Administration shall not pay a claim submitted by an IHS or tribal facility for a covered service unless the claim is initially submitted within 12 months from the date of service, date of discharge, or eligibility posting, whichever is later.
- C. Claims processing.
1. The Administration shall notify the AHCCCS-registered provider with a remittance advice when a claim is processed for payment.
 2. The Administration shall reimburse a hospital for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and in the manner and at the rate described in A.R.S. § 36-2903.01:
 - a. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.
 - b. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.
 - c. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a fee of one percent per month for each month or portion of a month following the 60th day of receipt of the bill until date of payment.
 3. A claim is paid on the date indicated on the disbursement check.
 4. A claim is denied as of the date of the remittance advice.
 5. The Administration shall process a hospital claim under this Article.
- D. Prior authorization.
1. An AHCCCS-registered provider shall:
 - a. Obtain prior authorization from the Administration for non-emergency hospital admissions, covered services as specified in Articles 2 and 12 of this Chapter, and for administrative days as described in R9-22-712.75,
 - b. Notify the Administration of hospital admissions under Article 2 of this Chapter, and
 - c. Make records available for review by the Administration upon request.
 2. The Administration may deny a claim if the provider fails to comply with subsection (D)(1).
 3. If the Administration issues prior authorization for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the Administration shall adjust the claim payment.
- E. Review of claims and coverage for hospital supplies.
1. The Administration may conduct prepayment and post-payment review of any claims, including but not limited to hospital claims.
 2. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:
 - a. Patient care kit,
 - b. Toothbrush,
 - c. Toothpaste,

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- d. Petroleum jelly,
 - e. Deodorant,
 - f. Septi soap,
 - g. Razor or disposable razor,
 - h. Shaving cream,
 - i. Slippers,
 - j. Mouthwash,
 - k. Shampoo,
 - l. Powder,
 - m. Lotion,
 - n. Comb, and
 - o. Patient gown.
3. The following hospital supplies and equipment, if medically necessary and used by the member, are covered services:
- a. Arm board,
 - b. Diaper,
 - c. Underpad,
 - d. Special mattress and special bed,
 - e. Gloves,
 - f. Wrist restraint,
 - g. Limb holder,
 - h. Disposable item used instead of a durable item,
 - i. Universal precaution,
 - j. Stat charge, and
 - k. Portable charge.
4. The Administration shall determine in a hospital claims review whether services rendered were:
- a. Covered services as defined in Article 2;
 - b. Medically necessary;
 - c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
 - d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2903.01.
5. If the Administration adjudicates a claim, a person may file a claim dispute challenging the adjudication under 9 A.A.C. 34.
- F. Overpayment for AHCCCS services.**
- 1. An AHCCCS-registered provider shall notify the Administration when the provider discovers the Administration made an overpayment.
 - 2. The Administration shall recoup an overpayment from a future claim cycle if an AHCCCS-registered provider fails to return the overpaid amount to the Administration.
 - 3. The Administration shall document any recoupment of an overpayment on a remittance advice.
 - 4. An AHCCCS-registered provider may file a claim dispute under 9 A.A.C. 34 if the AHCCCS-registered provider disagrees with a recoupment action.
- G. For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article 2 of this Chapter, once the limit is reached the Administration will not reimburse the services.**
- H. Prior quarter reimbursement. A provider shall:**
- 1. Bill the Administration for services provided during a prior quarter eligibility period upon verification of eligibility or upon notification from a member of AHCCCS eligibility.
 - 2. Reimburse a member when payment has been received from the Administration for covered services during a prior quarter eligibility period. All funds paid by the member shall be reimbursed.
 - 3. Accept payment received by the Administration as payment in full.
- I. Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. The Administration shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.**
- J. Payment for out-of-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. The Administration shall reimburse an out-of-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b).**
- K. Payment for inpatient hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. The Administration shall reimburse an in-state or out-of-state provider of inpatient hospital services rendered with a discharge date on or after October 1, 2014, the DRG rate established by the Administration.**
- L. The Administration may enter into contracts for the provisions of transplant services.**

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R-22-703 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-703 repealed, new Section R9-22-703 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended subsection (B), paragraph (1) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (A) effective September 16, 1987 (Supp. 87-3). Amended effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by final rulemaking at 17 A.A.R. 1658, effective August 2, 2011 (Supp. 11-3). Amended by exempt rulemaking at 17 A.A.R. 1707, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2747, effective October 8, 2013 (Supp. 13-3). Amended by final rulemaking at 19 A.A.R. 3309, November 30, 2013 (Supp. 13-4). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-704. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-704 adopted as an emergency now adopted and amended as a permanent rule effective August 30 1982 (Supp. 82-4). Amended effective October 1, 1983 (Supp. 83-5). Amended subsection A., Paragraph 2. effective October 1, 1985 (Supp. 85-5). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Section repealed by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

R9-22-705. Payments by Contractors

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- A.** General requirements. A contractor shall contract with providers to provide covered services to members enrolled with the contractor. The contractor is responsible for reimbursing providers and coordinating care for services provided to a member. Except as provided in subsection (A)(2), a contractor is not required to reimburse a noncontracting provider for services rendered to a member enrolled with the contractor.
1. Providers. A provider shall enter into a provider agreement with the Administration that meets the requirements of A.R.S. § 36-2904 and 42 CFR 431.107(b) as of March 6, 1992, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
 2. A contractor shall reimburse a noncontracting provider for services rendered to a member enrolled with the contractor as specified in this Article if:
 - a. The contractor referred the member to the provider or authorized the provider to render the services and the claim is otherwise payable under this Chapter, or
 - b. The service is emergent under Article 2 of this Chapter.
- B.** Timely submission of claims.
1. Under A.R.S. § 36-2904, a contractor shall deem a paper or electronic claim as submitted on the date that the claim is received by the contractor. The contractor shall do one or more of the following for each claim the contractor receives:
 - a. Place a date stamp on the face of the claim,
 - b. Assign a system-generated claim reference number, or
 - c. Assign a system-generated date-specific number.
 2. Unless a shorter time period is specified in subcontract, a contractor shall not pay a claim for a covered service unless the claim is initially submitted within one of the following time limits, whichever is later:
 - a. Six months from the date of service or for an inpatient hospital claim, six months from the date of discharge; or
 - b. Six months from the date of eligibility posting.
 3. Unless a shorter time period is specified in subcontract, a contractor shall not pay a clean claim for a covered service unless the claim is submitted within one of the following time limits, whichever is later:
 - a. Twelve months from the date of service or for an inpatient hospital claim, 12 months from the date of discharge; or
 - b. Twelve months from the date of eligibility posting.
- C.** Date of claim.
1. A contractor's date of receipt of an inpatient or an outpatient hospital claim is the date the claim is received by the contractor as indicated by the date stamp on the claim, the system-generated claim reference number, or the system-generated date-specific number assigned by the contractor.
 2. A hospital claim is considered paid on the date indicated on the disbursement check.
 3. A denied hospital claim is considered adjudicated on the date of the claim's denial.
 4. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the contractor shall assign a new date of receipt upon receipt of the additional documentation.
 5. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the contractor shall not assign a new date of receipt.
 6. A contractor and a hospital may, through a contract approved as specified in R9-22-715, adopt a method for identifying, tracking, and adjudicating a claim that is different from the method described in this subsection.
- D.** Payment for in-state inpatient hospital services for claims with discharge dates on or before September 30, 2014. A contractor shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at either a rate specified by subcontract or, in absence of the subcontract, the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715. This subsection does not apply to an urban contractor as specified in R9-22-718 and A.R.S. § 36-2905.01.
- E.** Payment for Inpatient out-of-state hospital payments for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(b).
- F.** Payment for inpatient hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
- G.** Payment for in-state outpatient hospital services.
A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
- H.** Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, a contractor shall reimburse out-of-state hospitals for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the contractor shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.
- I.** Payment for observation days. A contractor shall reimburse a provider and a noncontracting provider for the provision of observation days at either a rate specified by subcontract or, in the absence of a subcontract, as prescribed under R9-22-712, R9-22-712.10, and R9-22-712.45.
- J.** Review of claims and coverage for hospital supplies.
1. A contractor may conduct a review of any claims submitted and recoup any payments made in error.
 2. A hospital shall obtain prior authorization from the appropriate contractor for nonemergency admissions. When issuing prior authorization, a contractor shall consider the medical necessity of the service, and the availability and cost effectiveness of an alternative treatment.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- Failure to obtain prior authorization when required is cause for nonpayment or denial of a claim. A contractor shall not require prior authorization for medically necessary services provided during any prior period for which the contractor is responsible. If a contractor and a hospital agree to a subcontract, the parties shall abide by the terms of the subcontract regarding utilization control activities. A hospital shall cooperate with a contractor's reasonable activities necessary to perform concurrent review and shall make the hospital's medical records pertaining to a member enrolled with a contractor available for review.
3. Regardless of prior authorization or concurrent review activities, a contractor may make prepayment or post-payment review of all claims, including but not limited to a hospital claim. A contractor may recoup an erroneously paid claim. If prior authorization was given for an inpatient hospital admission, a specific service, or level of care but subsequent medical review indicates that the admission, the service, or level of care was not medically appropriate, the contractor shall adjust the claim payment.
 4. A contractor and a hospital may enter into a subcontract that includes hospital claims review criteria and procedures if the subcontract meets the requirements of R9-22-715.
 5. Personal care items supplied by a hospital, including but not limited to the following, are not covered services:
 - a. Patient care kit,
 - b. Toothbrush,
 - c. Toothpaste,
 - d. Petroleum jelly,
 - e. Deodorant,
 - f. Septi soap,
 - g. Razor,
 - h. Shaving cream,
 - i. Slippers,
 - j. Mouthwash,
 - k. Disposable razor,
 - l. Shampoo,
 - m. Powder,
 - n. Lotion,
 - o. Comb, and
 - p. Patient gown.
 6. The following hospital supplies and equipment, if medically necessary and used by the member, are covered services:
 - a. Arm board,
 - b. Diaper,
 - c. Underpad,
 - d. Special mattress and special bed,
 - e. Gloves,
 - f. Wrist restraint,
 - g. Limb holder,
 - h. Disposable item used instead of a durable item,
 - i. Universal precaution,
 - j. Stat charge, and
 - k. Portable charge.
 7. The contractor shall determine in a hospital claims review whether services rendered were:
 - a. Covered services as defined in R9-22-201;
 - b. Medically necessary;
 - c. Provided in the most appropriate, cost-effective, and least restrictive setting; and
 - d. For claims with dates of admission on and after March 1, 1993, substantiated by the minimum documentation specified in A.R.S. § 36-2904.
 8. If a contractor adjudicates a claim or recoups payment for a claim, a person may file a claim dispute challenging the adjudication or recoupment as described under 9 A.A.C. 34.
 - K. Non-hospital claims. A contractor shall pay claims for non-hospital services in accordance with contract, or in the absence of a contract, at a rate not less than the Administration's capped fee-for-service schedule or at a lower rate if negotiated between the two parties.
 - L. Payments to hospitals. A contractor shall pay for inpatient hospital admissions and outpatient hospital services rendered on or after March 1, 1993, as follows and as described in A.R.S. § 36-2904:
 1. If the hospital bill is paid within 30 days from the date of receipt, the claim is paid at 99 percent of the rate.
 2. If the hospital bill is paid between 30 and 60 days from the date of receipt, the claim is paid at 100 percent of the rate.
 3. If the hospital bill is paid after 60 days from the date of receipt, the claim is paid at 100 percent of the rate plus a 1 percent penalty of the rate for each month or portion of the month following the 60th day of receipt of the bill until date of payment.
 - M. Interest payment. In addition to the requirements in subsection (L), a contractor shall pay interest for late claims as defined by contract.
 - N. For services subject to limitations or exclusions such as the number of hours, days, or visits covered as described in Article 2 of this Chapter, once the limit is reached the Administration will not reimburse the services.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-705 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Amended as a permanent rule effective May 16, 1983; text of the amended rule identical to emergency (Supp. 83-3). Former Section R9-22-705 repealed, new Section R9-22-705 adopted effective October 1, 1983 (Supp. 83-5). Amended as an emergency effective October 25, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-5). Emergency expired. Permanent amendment adopted effective February 1, 1985 (Supp. 85-1). Amended effective October 1, 1985 (Supp. 85-5). Amended subsection (C) effective October 1, 1986 (Supp. 86-5). Amended subsection (C) effective October 1, 1987; amended subsection (C) effective December 22, 1987 (Supp. 87-4). Amended subsections (A) and (C) effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 5 A.A.R. 867, effective March 4, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by final rulemaking at 11 A.A.R. 3222, effective October 1, 2005 (Supp. 05-3). Amended by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 14 A.A.R. 1439, effective May 31, 2008 (Supp. 08-2). Amended by

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

exempt rulemaking at 17 A.A.R. 1707, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2747, effective October 8, 2013 (Supp. 13-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-706. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-706 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-706 repealed, new Section R9-22-706 adopted effective October 1, 1983 (Supp. 83-5). Adopted as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Amended as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Amended as an emergency effective October 25, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-5). Emergency expired. Permanent amendment adopted effective February 1, 1985 (Supp. 85-1). Amended effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended subsections (A), (D), (E), (F), and (G) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (F) effective December 22, 1987 (Supp. 87-4). Amended subsections (A) and (F) effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective September 22, 1997 (Supp. 97-3). Section repealed by final rulemaking at 10 A.A.R. 4656, effective January 1, 2005 (Supp. 04-4).

R9-22-707. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-707 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Repealed as a permanent action effective May 16, 1983 (Supp. 83-3). New Section R9-22-707 adopted effective October 1, 1983 (Supp. 83-5). Adopted as an emergency effective May 18, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-3). Adopted as an emergency effective August 16, 1984, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Former Section R9-22-707 repealed, new Section R9-22-707 adopted effective October 1, 1985 (Supp. 85-5). Former Section R9-22-707 repealed, new Section R9-22-707 adopted effective October 1, 1986 (Supp. 86-5). Amended subsection (A) effective October 1, 1987 (Supp. 87-4). Amended effective September 29, 1992 (Supp. 92-3). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Section repealed by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

R9-22-708. Payments for Services Provided to Eligible American Indians

- A. For purposes of this Article “IHS enrolled” or “enrolled with IHS” means an American Indian who has elected to receive covered services through IHS instead of a contractor.
- B. For an American Indian who is enrolled with IHS, AHCCCS shall pay IHS the most recent all-inclusive inpatient, outpatient or ambulatory surgery rates published by Health and Human Services (HHS) in the Federal Register, or a separately contracted rate with IHS, for AHCCCS-covered services provided in an IHS facility. AHCCCS shall reimburse providers for the Medicare coinsurance and deductible amounts required to be paid by the Administration or contractor in Chapter 29, Article 3 of this Title.
- C. When IHS refers an American Indian enrolled with IHS to a provider other than an IHS or tribal facility, the provider to whom the referral is made shall obtain prior authorization from AHCCCS for services as required under Articles 2, 7 or 12 of this Chapter.
- D. For an American Indian enrolled with a contractor, AHCCCS shall pay the contractor a monthly capitation payment.
- E. Once an American Indian enrolls with a contractor, AHCCCS shall not reimburse any provider other than IHS or a Tribal facility.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-708 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-708 repealed, new Section R9-22-708 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-708 renumbered and amended as Section R9-22-709, new Section R9-22-708 adopted effective October 1, 1985 (Supp. 85-5). Amended effective October 1, 1986 (Supp. 86-5). Amended by final rulemaking at 10 A.A.R. 4656, effective January 1, 2005 (Supp. 04-4). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-709. Contractor’s Liability to Hospitals for the Provision of Emergency and Post-stabilization Care

A contractor is liable for emergency hospitalization and post-stabilization care as described in R9-22-210 and R9-22-210.01.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-709 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-709 repealed, new Section R9-22-709 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-709 renumbered and amended as Section R9-22-713, former Section R9-22-708 renumbered and amended as Section R9-22-709 effective October 1, 1985 (Supp. 85-5). Amended under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

Editor’s Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor’s Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

cation in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-710. Payments for Non-hospital Services

- A.** Capped fee-for-service. The Administration shall provide notice of changes in methods and standards for setting payment rates for services in accordance with 42 CFR 447.205, December 19, 1983, incorporated by reference and on file with the Administration and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
1. Non-contracted services. In the absence of a contract that specifies otherwise, a contractor shall reimburse a provider or noncontracting provider for non-hospital services according to the Administration's capped-fee-for-service schedule.
 2. Procedure codes. The Administration shall maintain a current copy of the National Standard Code Sets mandated under 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004), incorporated by reference and on file with the Administration and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
 - a. A person shall submit an electronic claim consistent with 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004).
 - b. A person shall submit a paper claim using the National Standard Code Sets as described under 45 CFR 160 (October 1, 2004) and 45 CFR 162 (October 1, 2004).
 - c. The Administration may deny a claim for failure to comply with subsection (A) (2) (a) or (b).
 3. Fee schedule. The Administration shall pay providers, including noncontracting providers, at the lesser of billed charges or the capped fee-for-service rates specified in subsections (A)(3)(a) through (A)(3)(d) unless a different fee is specified in a contract between the Administration and the provider, or is otherwise required by law.
 - a. Physician services. Fee schedules for payment for physician services are on file at the central office of the Administration for reference use during customary business hours.
 - b. Dental services. Fee schedules for payment for dental services are on file at the central office of the Administration for reference use during customary business hours.
 - c. Transportation services. Fee schedules for payment for transportation services are on file at the central office of the Administration for reference use during customary business hours. For dates of service beginning:
 - i. October 1, 2012 through September 30, 2013, the Administration and its contractors shall reimburse ambulance services at 68.59 percent of the ADHS rates that are in effect as of August 2, 2012.
 - ii. October 1, 2013 through September 30, 2014, the Administration and its contractors shall reimburse ambulance services at 68.59 percent of the ADHS rates that are in effect as of August 2, 2013.
- iii.** October 1, 2014 through September 30, 2015, the Administration and its contractors shall reimburse ambulance services at 74.74 percent of the ADHS rates that are in effect as of August 2, 2014.
- d.** Medical supplies and durable medical equipment (DME). Fee schedules for payment for medical supplies and DME are on file at the central office of the Administration for reference use during customary business hours. The Administration shall reimburse a provider once for purchase of DME during any two-year period, unless the Administration determines that DME replacement within that period is medically necessary for the member. Unless prior authorized by the Administration, no more than one repair and adjustment of DME shall be reimbursed during any two-year period.
- B.** Pharmacy services. The Administration shall not reimburse pharmacy services unless the services are provided by a pharmacy having a subcontract with a Pharmacy Benefit Manager (PBM) contracted with AHCCCS. Except as specified in subsection (C), the Administration shall reimburse pharmacy services according to the terms of the contract.
- C.** FQHC Pharmacy reimbursement.
1. For purposes of this Section the following terms are defined:
 - a. "340B Drug Pricing Program" means the discount drug purchasing program described in 42 U.S.C 256b.
 - b. "340B Ceiling Price" means the maximum price that drug manufacturers can charge covered entities participating in the 340B Drug Pricing Program as reported by the drug manufacturer to HRSA.
 - c. "340B entity" means a covered entity, eligible to participate in the 340B Drug Pricing Program, as defined by the Health Resources and Human Services Administration.
 - d. "Actual Acquisition Cost (AAC)" means the purchase price of a drug paid by a pharmacy net of discounts, rebates, chargebacks and other adjustments to the price of the drug. The AAC excludes dispensing fees.
 - e. "Contracted Pharmacy" means an arrangement through which a 340B entity may contract with an outside pharmacy to provide comprehensive pharmacy services utilizing medications subject to 340B pricing.
 - f. "Dispensing Fee" means the amount paid for the professional services provided by the pharmacist for dispensing a prescription. The Dispensing Fee does not include any payment for the drugs being dispensed.
 - g. "Federally Qualified Health Center" means a public or private non-profit health care organization that has been identified by HRSA and certified by CMS as meeting the criteria under sections 1861(aa)(4) and 1905(l)(2)(B) of the Social Security Act and receives funds under section 330 of the Public Health Service Act.
 - h. "Federally Qualified Health Center Look-Alike" means a public or private non-profit health care organization that has been identified by HRSA and certified by CMS as meeting the definition of "health center" under section 330 of the Public Health Service Act, but does not receive grant funding under section 330.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- i. "FQHC or FQHC Look-Alike pharmacy" means a pharmacy that dispenses drugs to FQHC or FQHC-LA patients and that is owned and/or operated by an FQHC/FQHC-LA or by an entity that reports the costs of an FQHC/FQHC-LA on its Medicare Cost Report, whether or not collocated with an FQHC or an FQHC Look-Alike.
2. Effective the later of February 1, 2012, or CMS approval of a State Plan Amendment, an FQHC or FQHC Look-Alike shall:
 - a. Notify the AHCCCS provider registration unit of its status as a 340B covered entity no later than:
 - i. 30 days after the effective date of this Section;
 - ii. 30 days after registration with the Health Resources and Services Administration (HRSA) for participation in the 340B program, or
 - iii. The time of application to become an AHCCCS provider.
 - b. Provide the 340B pricing file to the AHCCCS Administration upon request. The 340B pricing file shall be provided in the file format as defined by AHCCCS.
 - c. Identify 340B drug claims submitted to the AHCCCS FFS PBM or the Managed Care Contractors' PBMs for reimbursement. The 340B drug claim identification and claims processing for a drug claim submission shall be consistent with claim instructions issued and required by AHCCCS to identify such claims.
3. The FQHC and the FQHC Look-Alike pharmacies shall submit claims for AHCCCS members for drugs that are identified in the 340B pricing file, whether or not purchased under the 340B pricing file, with the lesser of:
 - a. The actual acquisition cost, or
 - b. The 340B ceiling price.
4. The AHCCCS Fee-for-Service and Managed Care Contractors' PBMs shall reimburse claims for drugs which are identified in the 340B pricing file dispensed by FQHC and FQHC Look-Alike pharmacies, whether or not purchased under the 340B pricing file, at the amount submitted under subsection (C)(3) plus a dispensing fee listed in the AHCCCS Capped Fee-For-Service Schedule unless a contract between the 340B entity and a Managed Care Contractor's PBM specifies a different dispensing fee.
5. Contracted pharmacies shall not submit claims for drugs dispensed under an agreement with the 340B entity as part of the 340B drug pricing program, and the AHCCCS Administration and Managed Care Contractors shall not reimburse such claims.
6. The AHCCCS Administration and Managed Care Contractors shall reimburse contracted pharmacies for drugs not dispensed under an agreement with the 340B entity as part of the 340B program at the price and dispensing fee set forth in the contract between the contracted pharmacy and the AHCCCS or its Managed Care Contractors' PBMs. Neither the Administration nor its Managed Care Contractors will reimburse a contracted pharmacy that does not have a contract with the Administration or MCO's PBM.
7. The AHCCCS Administration and its Managed Care Contractors shall reimburse FQHC and FQHC Look-Alike pharmacies for drugs that are not eligible under the 340B Drug Pricing Program at the price and dispensing

fee set forth in their contract with the AHCCCS or its Managed Care Contractors' PBMs.

8. AHCCCS may periodically conduct audits to ensure compliance with this Section.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-710 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Amended as a permanent rule effective May 16, 1983; text of amended rule identical to emergency (Supp. 83-3). Former Section R9-22-710 repealed, new Section R9-22-710 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985. The capped fee-for-service schedules, deleted from Section R9-22-710, are now on file at the central office of the Administration (Supp. 85-5). Amended subsections (B) through (D) effective October 1, 1986 (Supp. 86-5). Amended subsection (B) effective July 1, 1988 (Supp. 88-3). Amended subsection (B) effective April 27, 1989 (Supp. 89-2). Amended under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended effective December 13, 1993 (Supp. 93-4). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 11 A.A.R. 3830, effective November 12, 2005 (Supp. 05-3). Amended by exempt rulemaking at 18 A.A.R. 212, effective February 1, 2012 (Supp. 12-1). Amended by exempt rulemaking at 18 A.A.R. 1971, effective August 1, 2012 (Supp. 12-3). Amended by exempt rulemaking at 18 A.A.R. 2630, effective October 1, 2012 (Supp. 12-4). Amended by final rulemaking at 19 A.A.R. 1681, effective August 9, 2013 (Supp. 13-2). Amended by exempt rulemaking at 19 A.A.R. 3525, effective October 18, 2013 (Supp. 13-4)

R9-22-711. Copayments**A.** For purposes of this Article:

1. A copayment is a monetary amount that a member pays directly to a provider at the time a covered service is rendered.
2. An eligible individual is assigned to a hierarchy established in subsections (B) through (E), for the purposes of establishing a copayment amount.
3. No refunds shall be made for a retroactive period if there is a change in an individual's status that alters the amount of a copayment.

B. The following services are exempt from AHCCCS copayments for all members:

1. Family planning services and supplies,
2. Services related to a pregnancy or any other medical condition that may complicate the pregnancy, including tobacco cessation treatment for a pregnant woman,
3. Emergency services as described in 42 CFR 447.56(2)(i),
4. All services paid on a fee-for-service basis,
5. Preventive services, such as well visits, immunizations, pap smears, colonoscopies, and mammograms,
6. Provider preventable services.

C. The following individuals are exempt from AHCCCS copayments:

1. An individual under age 19, including individuals eligible for the KidsCare Program in A.R.S. § 36-2982;
2. An individual determined to be Seriously Mentally Ill (SMI) by the Arizona Department of Health Services;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

3. An individual eligible for the Arizona Long-Term Care Program in A.R.S. § 36-2931;
 4. An individual eligible for QMB under Chapter 29;
 5. An individual eligible for the Children's Rehabilitative Services program under A.R.S. § 36-2906(E);
 6. An individual receiving nursing facility or HCBS services under R9-22-216;
 7. An individual receiving hospice care as defined in 42 U.S.C. 1396d(o);
 8. An American Indian individual enrolled in a health plan and has received services through an IHS facility, tribal 638 facility or urban Indian health program;
 9. An individual eligible in the Breast and Cervical Cancer program as described under Article 20;
 10. An individual who is pregnant and through the postpartum period following the pregnancy;
 11. An individual with respect to whom child welfare services are made available under Part B of Title IV of the Social Security Act on the basis of being a child in foster care, without regard to age;
 12. An individual with respect to whom adoption or foster care assistance is made available under Part E of Title IV of the Social Security Act, without regard to age; and
 13. An adult eligible under R9-22-1427(E), with income at or below 106% of the FPL.
- D. Non-mandatory copayments.** Unless otherwise listed in subsection (B) or (C), individuals under subsections (D)(1) through (6) are subject to the copayments listed in this subsection. A provider shall not deny a service when a member states to the provider an inability to pay a copayment.
1. A caretaker relative eligible under R9-22-1427(A);
 2. An individual eligible for Young Adult Transitional Insurance (YATI) in A.R.S. § 36-2901(6)(a)(iii);
 3. An individual eligible for State Adoption Assistance in R9-22-1433;
 4. An individual eligible for Supplemental Security Income (SSI);
 5. An individual eligible for SSI Medical Assistance Only (SSI/MAO) in Article 15; and
 6. An individual eligible for the Freedom to Work program in A.R.S. § 36-2901(6)(g).
 7. Copayment amount per service:
 - a. \$2.30 per prescription drug.
 - b. \$3.40 per outpatient visit, excluding an emergency room visit, if any of the services rendered during the visit are coded as evaluation and management services or non-emergent surgical procedures according to the National Standard Code Sets. An outpatient visit includes any setting where these services are performed such as a physician's office, an Ambulatory Surgical Center (ASC), or a clinic.
 - c. \$2.30 per visit, if a copayment is not being imposed under subsection (D)(7)(b) and any of the services rendered during the visit are coded as physical, occupational or speech therapy services according to the National Standard Code Sets.
- E. Mandatory copayments.**
1. Copayments for individuals eligible for Transitional Medical Assistance (TMA) under R9-22-1427(B)(1)(c)(i). Unless otherwise listed in subsection (C), an individual is required to pay the following copayments for prescription drugs and outpatient services unless the service is provided during an emergency room visit or the service is otherwise exempt under subsection (B). An outpatient visit includes any setting where these outpatient services are performed such as, an outpatient hospital, a physician's provider's office, HCBS setting, an Ambulatory Surgical Center (ASC), or a clinic:
 - a. \$2.30 per prescription drug.
 - b. \$4.00 per outpatient visit, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
 - c. If a copayment is not being imposed under subsection (E)(1)(b), \$3.00 per visit if any of the services rendered during the visit are coded as physical, occupational or speech therapy services according to the National Standard Code Sets.
 - d. If a copayment is not being imposed under subsection (E)(1)(b) or (c), \$3.00 per visit, if any of the services rendered during the visit are coded as non-emergent surgical procedures according to the National Standard Code Sets.
 2. Copayments for persons eligible under R9-22-1427(E) with income above 106% of the FPL and for persons eligible under A.R.S. §§ 36-2907.10 and 36-2907.11. Subject to CMS approval, unless otherwise listed in subsection (C), these individuals are required to pay the following copayments for prescription drugs and outpatient services unless the service is provided during an emergency room visit or the service is otherwise exempt under subsection (B). An outpatient visit includes any setting where these outpatient services are performed such as, an outpatient hospital, a physician's provider's office, HCBS setting, an Ambulatory Surgical Center (ASC), or a clinic:
 - a. \$4.00 per prescription drug.
 - b. \$5.00 per outpatient visit when the AHCCCS fee schedule for the visit code is a rate from \$50 to less than \$100, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
 - c. \$10.00 per outpatient visit when the AHCCCS fee schedule for the visit code is a rate of \$100 or greater, if any of the services rendered during the visit are coded as evaluation and management services according to the National Standard Code Sets.
 - d. If a copayment is not being imposed under subsection (E)(2)(b) or (E)(2)(c), for services coded as physical, occupational or speech therapy services according to the National Standard Code Sets.
 - i. \$2.00 if the rate on the fee schedule is \$20 to \$39.99,
 - ii. \$4.00 if the rate on the fee schedule is \$40 to \$49.99, or
 - iii. \$5.00 if the rate on the fee schedule is \$50 and above per visit.
 - e. If a copayment is not being imposed under subsection (E)(2)(b) – (E)(2)(d), for services coded as non-emergent surgical procedures according to the National Standard Code Sets,
 - i. \$30.00 if the rate on the fee schedule is \$300 to \$499.99, or
 - ii. \$50.00 if the rate on the fee schedule is \$500 and above per visit.
 - f. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay \$2.00 per trip for non-emergency transportation in an urban area.
 - g. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

(B) the individual is required to pay \$8.00 for non-emergency use of the emergency room.

- h. Unless the individual is otherwise exempt in subsection (C) or the service is exempted under subsection (B) the individual is required to pay \$75 for an Inpatient stay.
- 3. The provider may deny a service if the member does not pay the copayment required by subsection (E), however, a provider may choose to reduce or waive copayments under this subsection on a case-by-case basis.

- F. A provider is responsible for collecting any copayment imposed under this Section.
- G. The total aggregate amount of copayments under subsections (D) or (E) may not exceed 5% of the family's income as applied on a quarterly basis. The member may establish that the aggregate limit has been met on a quarterly basis by providing the Administration with records of copayments incurred during the quarter. In addition, the Administration shall also use claims and encounters information available to the Administration to establish when a member's copayment obligation has reached 5% of the family's income.
- H. Reduction in payments to providers. The Administration and its contractors shall reduce the payment it makes to any provider by the amount of a member's copayment obligation under subsection (E), regardless of whether the provider successfully collects the copayments described in this Section.

Historical Note

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Sections R9-22-711 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-711 repealed, new Section R9-22-711 adopted effective October 1, 1983 (Supp. 83-5). Amended effective October 1, 1985 (Supp. 85-5). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 6 A.A.R. 2435, effective June 9, 2000 (Supp. 00-2). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by exempt rulemaking at 9 A.A.R. 4557, effective October 1, 2003 (Supp. 03-4). Amended by exempt rulemaking at 10 A.A.R. 2194, effective May 3, 2004 (Supp. 04-2). Amended by exempt rulemaking at 10 A.A.R. 4266, effective October 1, 2004 (Supp. 04-3). Amended by final rulemaking at 16 A.A.R. 1449, effective October 1, 2010 (Supp. 10-3). Section amended by exempt rulemaking at 18 A.A.R. 461, effective April 1, 2012 (Supp. 12-1). Section amended by final rulemaking at 19 A.A.R. 2954, effective November 11, 2013 (Supp. 13-3). Amended by exempt rulemaking at 20 A.A.R. 128, effective December 30, 2013 (Supp. 13-4). Amended by exempt rulemaking at 20 A.A.R. 2755, effective January 1, 2015 (Supp. 14-3).

Editor's Note: The following Section was adopted and amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the

Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-712. Reimbursement: General

- A. Inpatient and outpatient discounts and penalties. If a claim is pending for additional documentation required under A.R.S. § 36-2903.01(G)(4), the period during which the claim is pending is not used in the calculation of the quick-pay discounts and slow-pay penalties under A.R.S. § 36-2903.01(G)(5).
- B. Inpatient and outpatient in-state or out-of-state hospital payments.
 - 1. Payment for inpatient out-of-state hospital services for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(d).
 - 2. Payment for inpatient in-state hospital services for claims with discharge dates on or before September 30, 2014. AHCCCS shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.
 - 3. Payment for inpatient in-state or out-of-state hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in the absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
 - 4. Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse an out-of-state hospital for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the Administration shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.
 - 5. Outpatient in-state hospital payments. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
- C. Access to records. Subcontracting and noncontracting providers of outpatient or inpatient hospital services shall allow the Administration access to medical records regarding eligible persons and shall in all other ways fully cooperate with the Administration or the Administration's designated representative in performance of the Administration's utilization control activities. The Administration shall deny a claim for failure to cooperate.
- D. Prior authorization. The Administration or contractor may deny a claim if a provider fails to obtain prior authorization as required under R9-22-210.
- E. Review of claims. Regardless of prior authorization or concurrent review activities, the Administration may subject all hospital claims, including outliers, to prepayment medical review

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

or post-payment review, or both. The Administration shall conduct post-payment reviews consistent with A.R.S. § 36-2903.01 and may recoup erroneously paid claims.

F. Claim receipt.

1. The Administration's date of receipt of inpatient or outpatient hospital claims is the date the claim is received by the Administration as indicated by the date stamp on the claim and the system-generated claim reference number or system-generated date-specific number.
2. Hospital claims are considered paid on the date indicated on disbursement checks.
3. A denied claim is considered adjudicated on the date the claim is denied.
4. Claims that are denied and are resubmitted are assigned new receipt dates.
5. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the Administration shall assign a new date of receipt upon receipt of the additional documentation.
6. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the Administration shall not assign a new date of receipt.

G. Outpatient hospital reimbursement. The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.

1. Computation of outpatient hospital reimbursement. The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital's Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:

- a. Cost-to-charge ratios. The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital's Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
- b. Cost-to-charge limit. To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services

from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.

2. New hospitals. The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
3. Specialty outpatient services. The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
4. Reimbursement requirements. To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services provided before the hospital admission are included in the tiered per diem payment.
5. Rebasing. The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.
6. If a hospital files an increase in its charge master for an existing outpatient service provided on or after July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:

$$CCR * [1.047 / (1 + \% \text{ increase})]$$

Where "CCR" means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and "% increase" means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master.

"Charge master" means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

Historical Note

Adopted as an emergency effective February 23, 1983 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule identical to emergency (Supp. 83-3). Former Section R9-22-712 repealed, new Section R9-22-712 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-712 renumbered and amended as Section R9-22-1001 effective October 1, 1985 (Supp. 85-5). New Section R9-22-712 adopted under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

(Supp. 93-3). Amended effective January 14, 1997 (Supp. 97-1). Amended by exempt rulemaking at 10 A.A.R. 3831, effective August 25, 2004 (Supp. 04-3). Amended by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2). Amended by final rulemaking at 11 A.A.R. 3231, effective October 1, 2005 (Supp. 05-3). Amended by final rulemaking at 14 A.A.R. 1439, effective May 31, 2008 (Supp. 08-2). Amended by exempt rulemaking at 17 A.A.R. 1337, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 17 A.A.R. 1658, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.01. Inpatient Hospital Reimbursement for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHCCCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for the fiscal year ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital's 1996 fiscal year end.
 - a. Medicare Cost Report data. Because Medicare Cost Report years are not standard among hospitals and were not audited at the time of the rate calculation, the Administration shall inflate all the costs to a common point in time as described in subsection (2) for each component of the tiered per diem rates. The Administration shall not make any changes to the tiered per diem rates if the Medicare Cost Report data are subsequently updated or adjusted. If a single Medicare Cost Report is filed for more than one hospital, the Administration shall allocate the costs to each of the respective hospitals. A hospital shall submit information to assist the Administration in this allocation.
 - b. Claim and encounter data. For the database, the Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were accepted and processed by the Administration at the time the database was developed for rates effective on and after October 1, 1998. The Administration shall subject the claim and encounter data to a series of data quality, reasonableness, and integrity edits and shall exclude from the database or adjust claims and encounters that fail these edits.

The Administration shall also exclude from the database the following claims and encounters:

- i. Those missing information necessary for the rate calculation,
 - ii. Medicare crossovers,
 - iii. Those submitted by freestanding psychiatric hospitals, and
 - iv. Those for transplant services or any other hospital service that the Administration would pay on a basis other than the tiered per diem rate.
2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.
 - a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:
 - i. Data preparation. The Administration shall identify and group into department categories, the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.
 - ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital's claims and encounters. The AHCCCS inpatient days of care on the particular hospital's claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital's Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimbursable costs. The Administration shall further

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- inflate operating costs to the midpoint of the rate year (March 31, 1999).
- iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital's certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).
 - iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.
 - b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.
 - c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.
 - d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.
 3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these.
 - a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment through September 30, 2014 in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.
 - b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.
 - c. Seven tiers. The seven tiers are:
 - i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.
 - ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.
 - iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.
- iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.
 - v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the psychiatric tier with any tier other than the ICU tier.
 - vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.
 - vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.
4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.
 5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The Administration shall update new hospital tiered per diem rates through September 30, 2011.
 6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.
 - a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.
 - b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.
 - c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.
 - i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.
 - ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009,

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.
- iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.
 - d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.
 - i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.
 - ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).
 - iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after April 1, 2011 by an additional percentage equal to the total percent increase reported on the charge master.
 - iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.
 7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed through the terms of the relevant contract. If the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.
 8. Ownership change. The Administration shall not change any of the components of a hospital's tiered per diem rates upon an ownership change.
 9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.
 10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, "specialty facility" means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.
 11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.
 12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 3231, effective October 1, 2005 (Supp. 05-3). Amended by exempt rulemaking at 13 A.A.R. 3190, effective October 1, 2007 (Supp. 07-3). Amended by exempt rulemaking at 17 A.A.R. 1337, effective October 1, 2011 (Supp. 11-3). Amended by exempt rulemaking at 18 A.A.R. 1914, effective July 18, 2012 (Supp. 12-3). Amended by final rulemaking at 19 A.A.R. 3315, effective November 30, 2013 (Supp. 13-4). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.03. Reserved

R9-22-712.04. Reserved

R9-22-712.05. Graduate Medical Education Fund Allocation

- A. Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(G)(9)(a).
- B. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:
 - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
 - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
 - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Ari-

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- zona and not at a health care facility made ineligible under subsection (B)(1)(c):
- a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(G)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
 - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(G)(9)(a) that were established before July 1, 2006.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The program name and number assigned by the accrediting organization;
 - ii. The original date of accreditation;
 - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
 - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
 - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
 - b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
 - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
 - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
 - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.
 4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
 - a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
 - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
 - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
 - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
 - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
 - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
 - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
 - d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per-resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per-resident conversion factor shall be determined as follows:
 - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
 - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- those hospitals described under subsection (B)(4)(d)(i).
- iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
 - a. The allocated amounts shall be distributed in the following order of priority:
 - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
 - ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
 - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
 - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
 - C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
 - a. All filled resident positions in approved programs established on or after July 1, 2006; and
 - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
 3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The requirements of subsections (B)(3)(a)(i) through (iv);
 - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
 - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
 - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
 4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
 - a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
 - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
 - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.
 - d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
 - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
 5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).
 - D. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
 1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
 - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona or is the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. It incurs indirect program costs for the training of residents in the GME programs, which are or will be calculated on the hospital's Medicare Cost Report or are reimbursable under the Children's Hospitals Graduate Medical Education Payment Program administered by HRSA;
 - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
 2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
 - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
 - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.
 3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
 - a. A GME program shall provide all of the following:
 - i. The requirements of subsections (B)(3)(a)(i) through (iv);
 - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
 - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
 - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
 4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
 - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
 - b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
 - i. Calculate each hospital's Medicare share by dividing the Medicare inpatient discharges on the Medicare Cost Report by the total inpatient hospital discharges on the Medicare Cost Report.
 - ii. Calculate the ratio of residents to beds by dividing the total allocated residents described in subsection (B)(4)(d)(ii) by the number of bed days available from the Medicare Cost Report and dividing the result by the number of days in the cost reporting period.
 - iii. Calculate the indirect medical education adjustment factor by adding 1 to the value calculated in (D)(4)(b)(ii), multiplying the result by the exponential value 0.405, subtracting 1 from the result, and multiplying that result by 1.35.
 - iv. Calculate each hospital's total indirect medical education cost by adding the DRG amounts other than outlier payments from the Medicare cost report and the managed care simulated payments from the Medicare Cost Report, multiplying the total by the indirect medical education adjustment factor determined in (D)(4)(b)(iii) and dividing the result by the Medicare share determined in (D)(4)(b)(i).
 - v. Calculate each hospital's Medicaid indirect medical education cost by multiplying the amount determined in (D)(4)(b)(iv) by the value determined in subsection (B)(4)(c)(i).
 - vi. Total the amounts determined in (D)(4)(b)(v) for all hospitals, divide the result by the total allocated residents described in subsection (B)(4)(d)(ii) for all hospitals, and divide that result by 12.
 5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the amount calculated for the hospital at subsection (D)(4)(a).
- E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.
- F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals that are eligible under subsection (D)(1) and specified by the local, county, or tribal government for indirect program costs other than those

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

reimbursed under subsection (D). The Administration shall allocate available funds in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the greatest among the following amounts, less any amounts distributed under subsection (D)(5):

1. The amount that results from multiplying the total number of eligible residents allocated to the hospital under subsection (B)(4)(d)(ii) by 12 by the per resident per month conversion factor determined under subsection (D)(4)(b);
2. The amount calculated for the hospital at subsection (D)(4)(b)(v);
3. The median of all amounts calculated at subsection (D)(4)(b)(v) if the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a new training hospital; or
4. If the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a children's hospital, the median Medicaid indirect medical education payment costs shall be calculated as follows:
 - a. For each hospital with indirect medical education costs on the Medicare Cost Report, determine a per resident total indirect medical education cost by dividing the total indirect medical education costs determined under subsection (D)(4)(b) by the number of filled resident positions under subsection (B)(2).
 - b. Determine the median per resident amount under subsection (F)(4)(a).
 - c. For each hospital without an indirect medical education component on the Medicare cost report, multiply the median per resident amount under subsection (F)(4)(b) by the number of filled resident positions under subsection (B)(2) for that hospital and by the Medicaid utilization percent for that hospital determined in subsection (B)(4)(c)(i).

Historical Note

New Section made by final rulemaking at 13 A.A.R. 1782, effective June 30, 2007 (Supp. 07-2). Amended by exempt rulemaking at 13 A.A.R. 4032, effective November 1, 2007 (Supp. 07-4). Amended by final rulemaking at 21 A.A.R. 3469, effective January 30, 2016 (Supp. 15-4). Amended by final rulemaking at 24 A.A.R. 185, effective January 9, 2018 (Supp. 18-1). Amended by final rulemaking at 24 A.A.R. 3321, effective January 5, 2019 (Supp. 18-4).

R9-22-712.06. Reserved**R9-22-712.07. Rural Hospital Inpatient Fund Allocation**

- A.** For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:
1. "Calculated inpatient costs" means the sum of inpatient covered charges multiplied by the Milliman study's implied cost-to-charge ratio of .8959.
 2. "Claims paid amount" means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered for dates of service during the previous state fiscal year.
 3. "Fund" means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02

and any federal funds that are available for matching the state funds.

4. "Inpatient covered charges" means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.
 5. "Milliman study" means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled "Evaluation of the AHCCCS Inpatient Hospital Reimbursement System" prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.
 6. "Rural hospital" means a health care institution that is licensed as an acute care hospital by the Arizona Department of Health Services for the previous state fiscal year and is not an IHS hospital or a tribally owned or operated facility and:
 - a. Has 100 or fewer PPS beds, not including beds reported as sub provider beds on the hospital's Medicare Cost Report, and is located in a county with a population of less than 500,000 persons, or
 - b. Is designated as a critical access hospital for the majority of the previous state fiscal year.
- B.** Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:
1. Rural hospitals with 25 or fewer PPS beds not including sub provider beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
 2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds not including sub provider beds; and
 3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds not including sub provider beds.
- C.** The Administration shall allocate the Fund to each pool according to the ratio of claims paid amount for all hospitals assigned to the pool to total claims paid amount for all rural hospitals.
- D.** The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.
- E.** The Administration shall not make a Fund payment to a hospital that will result in the hospital's claims paid amount plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
1. If a hospital's claims paid amount plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's claims paid amount.
 2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
- F.** If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.

- G. Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the

Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

Historical Note

New Section made by final rulemaking at 12 A.A.R. 2188, effective June 6, 2006 (Supp. 06-2). Amended by final rulemaking at 22 A.A.R. 3476, effective January 30, 2016 (Supp. 15-4).

Exhibit 1. Pool Example

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation (\$2,000,000 + \$3,000,000 = \$5,000,000).

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

Historical Note

Exhibit 1 made by final rulemaking at 12 A.A.R. 2188, effective June 6, 2006 (Supp. 06-2).

MATERNITY	A primary diagnosis defined as maternity 640.xx - 643.xx, 644.2x - 676.xx, v22.xx - v24.xx or v27.xx.	None
NICU	Revenue Code of 174 and the provider has a Level II or Level III NICU.	Nursery
ICU	Revenue Codes of 200-204, 207-212, or 219.	Surgery Psychiatric Routine
SURGERY	Surgery is identified by a revenue code of 36x. To qualify in this tier, there must be a valid surgical procedure code that is not on the excluded procedure list.	ICU
PSYCHIATRIC	Psychiatric Revenue Codes of 114, 124, 134, 144, or 154 AND primary Psychiatric Diagnosis = 290.xx - 316.xx. If a routine revenue code is present and all diagnoses codes on the claim are equal to 290.xx - 316.xx, classify as a psychiatric claim.	ICU
NURSERY	Revenue Code of 17x, not equal to 174.	NICU
ROUTINE	Revenue Codes of 100 - 101, 110-113, 116 - 123, 126 - 133, 136 - 143, 146 - 153, 156 - 159, 16x, 206, 213, or 214.	ICU

Historical Note

New Section made by final rulemaking at 11 A.A.R. 3231, effective October 1, 2005 (Supp. 05-3). Amended by exempt rulemaking at 17 A.A.R. 1707, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2747, effective October 8, 2013 (Supp. 13-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.10. Outpatient Hospital Reimbursement: General

- A. Effective rule. The outpatient hospital reimbursement rules apply to dates of service beginning July 1, 2005, subject to Laws 2004, Ch. 279, § 19.
- B. Basis For Payment. Except as provided under R9-22-712.30, AHCCCS shall pay for designated outpatient procedures provided to AHCCCS members according to the AHCCCS Outpatient Capped Fee-For-Service Schedule as defined in R9-22-712.20.
- C. Data. AHCCCS shall use Medicare Cost Report and adjudicated claim and encounter data from non-IHS acute care hospitals located in the state of Arizona to develop fees for the AHCCCS Outpatient Capped Fee-For-Service Schedule.
- D. Hospital Services Subject To Fees. AHCCCS shall reimburse services, in the following outpatient hospital categories under the AHCCCS Outpatient Capped Fee-For-Service Schedule:
1. Surgery,
 2. Emergency Department,
 3. Laboratory,
 4. Radiology,
 5. Clinic, and
 6. Other services.
- E. Reimbursement. AHCCCS shall reimburse outpatient hospital services by procedure codes, in proper combination with revenue codes, as prescribed by AHCCCS.

Historical Note

New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2).

Except as provided in R9-22-712(G), the AHCCCS Outpatient Capped Fee-For-Service Schedule shall apply to AHCCCS payments for outpatient services in all non-IHS acute hospitals.

Historical Note

New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2).

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

R9-22-712.16. Reserved**R9-22-712.17. Reserved****R9-22-712.18. Reserved****R9-22-712.19. Reserved****R9-22-712.20. Outpatient Hospital Reimbursement: Methodology for the AHCCCS Outpatient Capped Fee-For-Service Schedule**

A. To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:

1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.
4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
 - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
 - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
 - c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure

code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.

B. For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-Service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.

1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.

C. The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

Historical Note

New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2). Amended by final rulemaking at 17 A.A.R. 1460, effective October 1, 2011 (Supp. 11-3). Amended by exempt rulemaking at 18 A.A.R. 1914, effective July 18, 2012 (Supp. 12-3). Amended by final rulemaking at 19 A.A.R. 3315, effective November 30, 2013 (Supp. 13-4).

R9-22-712.21. Reserved**R9-22-712.22. Reserved****R9-22-712.23. Reserved****R9-22-712.24. Reserved****R9-22-712.25. Outpatient Hospital Fee Schedule Calculations: Associated Service Costs**

- A. AHCCCS shall include the costs of associated services, as defined by revenue codes and procedure codes, when determining the specific fees for the outpatient hospital procedures for emergency department and surgery services.
- B. Payment made under subsection (A) or R9-22-712.20(B)(2) is inclusive of all services on the claim regardless of whether the services are provided on one or more days.
- C. A complete listing of the revenue codes and procedure codes for associated costs included in the payment for emergency and surgery services including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

Historical Note

New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2). Amended by final rulemaking at 17 A.A.R. 1460, effective October 1, 2011 (Supp. 11-3).

R9-22-712.26. Reserved**R9-22-712.27. Reserved****R9-22-712.28. Reserved****R9-22-712.29. Reserved****R9-22-712.30. Outpatient Hospital Reimbursement: Payment for a Service Not Listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule**

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- A. AHCCCS shall calculate a statewide CCR for a service where a specific fee cannot be determined under R9-22-712.20.
- B. For claims with a begin date of service on or before September 30, 2011, the statewide CCR shall be calculated based on the costs and covered charges associated with a service under subsection (A) for all Arizona hospitals, using the method specified in R9-22-712.20(A)(3).
- C. For all claims with a begin date of service on or after October 1, 2011, the statewide CCR calculation shall equal either the CMS Medicare Outpatient Urban Cost-to-charge Ratio or the CMS Medicare Outpatient Rural Cost-to-charge Ratio published by CMS for the state of Arizona. AHCCCS shall use the urban cost-to-charge ratio for hospitals located in a county of 500,000 residents or more and for out-of-state hospitals. AHCCCS shall use the rural cost-to-charge ratio for hospitals located in a county of fewer than 500,000 residents. On October 1st of each year, AHCCCS shall adjust urban and rural CCRs to the CCRs as published by CMS in the *Federal Register* on or before August 1st of that year.
- D. To determine the payment amount for procedures where a specific fee is not determined under R9-22-712.20, the statewide CCR is multiplied by the covered charges.
- E. Reductions to payments for outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule. Outpatient hospital services not listed in the AHCCCS Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rate published by CMS pursuant to subsection (C) of this Section.

Historical Note

R9-22-712.35. Outpatient Hospital Reimbursement: Adjustments to Fees

- A. For all claims with a begin date of service on or before September 30, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule established under R9-22-712.20 (except for laboratory services and out-of-state hospital services) for the following hospitals submitting any claims:
 - 1. By 48 percent for public hospitals on July 1, 2005, and hospitals that were public anytime during the calendar year 2004;
 - 2. By 45 percent for hospitals in counties other than Maricopa and Pima with more than 100 Medicare PPS beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
 - 3. By 50 percent for hospitals in counties other than Maricopa and Pima with 100 or less Medicare PPS beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
 - 4. By 115 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the criteria during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective;
- 5. By 113 percent for a Freestanding Children's Hospital with at least 110 pediatric beds during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective; or
- 6. By 14 percent for a University Affiliated Hospital which is a hospital that has a majority of the members of its board of directors appointed by the Board of Regents during the contract year in which the Outpatient Capped Fee-for-service Schedule rates are effective.
- B. For all claims with a begin date of service on or after October 1, 2011, AHCCCS shall increase the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services) for the following hospitals. A hospital shall receive an increase from only one of the following categories:
 - 1. By 73 percent for public hospitals;
 - 2. By 31 percent for hospitals in counties other than Maricopa and Pima with more than 100 licensed beds as of October 1 of that contract year;
 - 3. By 37 percent for hospitals in counties other than Maricopa and Pima with 100 or fewer licensed beds as of October 1 of that contract year;
 - 4. By 100 percent for hospitals designated as Critical Access Hospitals or hospitals that have not been designated as Critical Access Hospitals but meet the critical access criteria;
 - 5. By 78 percent for a Freestanding Children's Hospital with at least 110 pediatric beds as of October 1 of that contract year; or
 - 6. By 41 percent for a University Affiliated Hospital, this is a hospital that has a majority of the members of its board of directors appointed by the Arizona Board of Regents.
- C. In addition to subsections (A) and (B), an Arizona Level 1 trauma center as defined by R9-22-2101 shall receive a 50 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services and out-of-state hospital services) for Level 2 and 3 emergency department procedures.
- D. Hospitals with greater than 100 pediatric beds not receiving an increase under subsection (B) shall receive an 18 percent increase to the Outpatient Capped Fee-for-service Schedule (except for laboratory services, and out-of-state hospital services).
- E. For outpatient services with dates of service from October 1, 2019 through September 30, 2020, the payment otherwise required for outpatient hospital services provided by qualifying hospitals shall be increased by a percentage established by the Administration. The percentage is published on the Administration's public website as part of its fee schedule subsequent to the public notice published no later than September 1, 2019. A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.
 - 1. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: short-term or children's will qualify for an increase if it meets the criteria in subsections (E)(1)(a), (b), (c), (d), or (e):
 - a. By May 15, 2019, a hospital which did not receive Differential Adjusted Payments from October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve all of the following:
 - i. By July 31, 2019, execute an agreement with a qualifying HIE organization;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- ii. By October 31, 2019, approve and authorize a formal scope of work with a qualifying HIE to develop and implement the data exchange necessary to meet the requirements in subsections (E)(1)(c) and (E)(1)(d);
 - iii. By March 31, 2020, electronically submit admission, discharge, and transfer information (including data from the hospital emergency department) to a qualifying HIE;
 - iv. By June 30, 2020, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination to a qualifying HIE;
 - b. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - i. By July 1, 2019, submit actual patient identifiable immunization data to the production environment of a qualifying HIE organization;
 - ii. By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
 - iii. By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
 - iv. By March 31, 2020 complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
 - c. Meet or exceed the statewide average on April 30, 2019 for the Severe Sepsis/Septic Shock (SEP-1) performance measure from the Medicare Hospital Compare website;
 - d. By April 30, 2019, be a participant in the Improving Pediatric Sepsis Outcomes collaborative;
 - e. By May 1, 2019 hold a Pediatric-Prepared Emergency Care certification from the Arizona Chapter of the American Academy of Pediatrics;
- 2. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: critical access hospital will qualify for an increase if it meets the criteria specified in subsections (E)(2)(a), (b), or (c):
 - a. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - i. By July 1, 2019, submit actual patient identifiable immunization data to the production environment of a qualifying HIE organization;
 - ii. By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
 - iii. By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
 - iv. By March 31, 2020, complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
- 3. A hospital designated as type: hospital, subtype: long term, psychiatric, or rehabilitation by the Arizona Department of Health Services Division of Licensing Services will qualify for an increase if it meets the criteria specified in subsections (E)(3)(a), (b), (c), (d), or (e):
 - a. By May 15, 2019, a hospital which did not receive Differential Adjusted Payments from October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - i. By July 31, 2019, execute an agreement with a qualifying HIE organization;
 - ii. By October 31, 2019, approve and authorize a formal scope of work with a qualifying HIE to develop and implement the data exchange necessary to meet the requirements in subsections (E)(1)(c) and (E)(1)(d);
 - iii. By March 31, 2020, electronically submit admission, discharge, and transfer information (including data from the hospital emergency department) to a qualifying HIE;
 - iv. By June 30, 2020, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination to a qualifying HIE;
 - b. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - i. By July 1, 2019, submit actual patient identifiable immunization data to the production environment of a qualifying HIE organization;
 - ii. By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
 - iii. By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
 - iv. By March 31, 2020, complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
 - c. On April 30, 2019 is identified as a Medicare Annual Payment Update recipients on the QualityNet.org website;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- d. On April 30, 2019 meets or falls below the national average for the rate of pressure ulcers that are new or worsened from the Medicare Long Term Hospital Compare website;
- e. On April 30, 2019 meets or falls below the national average for the rate of pressure ulcers that are new or worsened from the Medicare Inpatient Rehabilitation Facility Compare website.
- F. If a hospital submits a Letter of Intent to AHCCCS and received the Differential Adjusted Payments October 1, 2018 through September 30, 2019, but fails to achieve or maintain one or more of the required criteria by the specified date, that hospital will be ineligible to receive any Differential Adjusted Payments for dates of service from October 1, 2019 through September 30, 2020 if a Differential Adjusted Payment is available at that time.
- G. Fee adjustments made under subsections (A), (B), (C), (D), and (E) are on file with AHCCCS and current adjustments are posted on AHCCCS' website.
- 1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
- 2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.
- D. Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E. Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F. Statewide CCR:
 - 1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
 - 2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).
- G. Other Updates. In addition to the other updates provided for in this Section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

Historical Note

New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2). Amended by final rulemaking at 13 A.A.R. 3584, effective October 1, 2007 (Supp. 07-4). Amended by final rulemaking at 14 A.A.R. 1439, effective May 31, 2008 (Supp. 08-2). Amended by final rulemaking at 17 A.A.R. 1460, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 23 A.A.R. 2338, effective October 1, 2017 (Supp. 17-3). Amended by final rulemaking at 24 A.A.R. 2851, effective October 1, 2018 (Supp. 18-3). Amended by final rulemaking at 25 A.A.R. 3114, effective October 1, 2019 (Supp. 19-4).

R9-22-712.36. Reserved**R9-22-712.37. Reserved****R9-22-712.38. Reserved****R9-22-712.39. Reserved****R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update**

- A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-For-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.
- B. APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C. Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:

R9-22-712.50. Outpatient Hospital Reimbursement: Billing

To receive appropriate reimbursement, hospitals shall:

1. Bill outpatient hospital services on the CMS approved Uniform Billing Form or in electronic format using the appropriate HIPAA transaction.
2. Follow the UB Manual Guidelines, as published by the National Uniform Billing Committee, and use the appropriate revenue code and procedure code combination as prescribed by AHCCCS and on file and online with AHCCCS.

Historical Note

New Section made by exempt rulemaking at 11 A.A.R. 2297, effective July 1, 2005 (Supp. 05-2).

R9-22-712.60. Diagnosis Related Group Payments

- A. Inpatient hospital services with discharge dates on or after October 1, 2014, shall be reimbursed using the diagnosis related group (DRG) payment methodology described in this Section and sections R9-22-712.61 through R9-22-712.81.
- B. Payments made using the DRG methodology shall be the sole reimbursement to the hospital for all inpatient hospital services and related supplies provided by the hospital. Services provided in the emergency room, observation area, or other outpatient departments that are directly followed by an inpatient admission to the same hospital are not reimbursed separately. Are reimbursed through the DRG methodology and not reimbursed separately.
- C. Each claim for an inpatient hospital stay shall be assigned a DRG code and a DRG relative weight based on the All Patient Refined Diagnosis Related Group (APR-DRG) classification system established by 3M Health Information Systems. The applicable version of the APR-DRG classification system shall be available on the agency's website.

D. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to quick pay discounts and slow pay penalties under A.R.S. 36-2904.

E. Payments for inpatient hospital services reimbursed using the DRG payment methodology are subject to the Urban Hospital Reimbursement Program under R9-22-718.

F. For purposes of this Section and sections R9-22-712.61 through R9-22-712.81:

1. "DRG National Average length of stay" means the national arithmetic mean length of stay published in the All Patient Refined Diagnosis Related Group (APR-DRG) classification established by 3M Health Information Systems.
2. "Length of stay" means the total number of calendar days of an inpatient stay beginning with the date of admission through discharge, but not including the date of discharge (including the date of a discharge to another hospital, i.e., a transfer) unless the member expires.
3. "Medicare" means Title XVIII of the Social Security Act, 42 U.S.C. 1395 *et seq.*
4. "Medicare labor share" means a hospital's labor costs as a percentage of its total costs as determined by CMS for purposes of the Medicare Inpatient Prospective Payment System.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.61. DRG Payments: Exceptions

- A. Notwithstanding R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the outlier CCR. The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS. The resulting amount will be the total reimbursement for the claim. There is no provision for outlier payments for hospitals described under subsection (A)(3).
 1. Hospitals designated as type: hospital, subtype; rehabilitation in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website in March of each year;
 2. Hospitals designated as type: hospital, subtype; long term in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
 3. Hospitals designated as type: hospital, subtype; psychiatric in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for March of each year;
- B. Notwithstanding R9-22-712.60, claims for inpatient services that are covered by a RBHA or TRBHA, where the principal

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

diagnosis on the claim is a behavioral health diagnosis, shall be reimbursed as prescribed by a per diem rate described by a fee schedule established by the Administration; however, if the principal diagnosis is a physical health diagnosis, the claim shall be processed under the DRG methodology described in this Section, even if behavioral health services are provided during the inpatient stay. Inpatient claims covered by an AHCCCS payer which is not a RBHA or TRBHA, with a principal diagnosis of behavioral health, will be reimbursed under the DRG methodology as administrative days for claims with principal diagnosis of behavioral health meeting inpatient medical criteria with dates of discharge on and after October 1, 2018, consistent with R9-22-712.75(A)(2).

- C. Notwithstanding R9-22-712.60, claims for services associated with transplant services shall be paid in accordance with the contract between the AHCCCS Administration and the transplant facility.
- D. Notwithstanding R9-22-712.60, claims from an IHS facility or 638 Tribal provider shall be paid the all-inclusive rate on a per visit basis in accordance with the rates published annually by IHS in the Federal Register.
- E. For hospitals that have contracts with the Administration for the provision of transplant services, inpatient days associated with transplant services are paid in accordance with the terms of the contract.
- F. For inpatient services with a date of admission from October 1, 2019 through September 30, 2020, provided by a hospital in subsection (A) that qualifies, the Administration shall pay the hospital an Inpatient Differential Adjusted Payment equal to the sum of the payment otherwise provided for in subsection (A) plus the product of the amount otherwise provided for in subsection (A) and a percentage published on the Administration's public website as part of its fee schedule, subsequent to a public notice published no later than September 1, 2019. A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.
 - 1. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: short-term or children's will qualify for an increase if it meets the criteria in subsection (F)(1)(a), (i) through (iv); (F)(1)(b), (i) through (iv); (F)(1)(c); (F)(1)(d); or (F)(1)(e):
 - a. By May 15, 2019, a hospital which did not receive Differential Adjusted Payments from October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve all of the following:
 - i. By July 31, 2019, execute an agreement with a qualifying HIE organization;
 - ii. By October 31, 2019, approve and authorize a formal scope of work with a qualifying HIE to develop and implement the data exchange necessary to meet the requirements in subsections (E)(1)(c) and (E)(1)(d);
 - iii. By March 31, 2020, electronically submit admission, discharge, and transfer information (including data from the hospital emergency department) to a qualifying HIE;
 - iv. By June 30, 2020, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during

the stay, active allergies, and discharge destination to a qualifying HIE;

- b. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - i. By July 1, 2019, submit actual patient identifiable immunization data to the production environment of a qualifying HIE organization;
 - ii. By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
 - iii. By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
 - iv. By March 31, 2020, complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
 - c. Meet or exceed the statewide average on April 30, 2019 for the Severe Sepsis/Septic Shock (SEP-1) performance measure from the Medicare Hospital Compare website;
 - d. By April 30, 2019, be a participant in the Improving Pediatric Sepsis Outcomes collaborative;
 - e. By May 1, 2019, hold a Pediatric-Prepared Emergency Care certification from the Arizona Chapter of the American Academy of Pediatrics;
2. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: critical access hospital will qualify for an increase if it meets the criteria specified in subsection (F)(2)(a), (i) through (iv); (F)(2)(b); or (F)(2)(c):
- a. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - i. By July 1, 2019, submit actual patient identifiable immunization data to the production environment of a qualifying HIE organization;
 - ii. By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
 - iii. By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
 - iv. By March 31, 2020, complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
 - b. Have a Level I-IV trauma center and be located less than five miles from Interstate 10;
 - c. By May 1, 2019, hold a Pediatric-Prepared Emergency Care certification from the Arizona Chapter of the American Academy of Pediatrics.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 23 A.A.R.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

2338, effective October 1, 2017 (Supp. 17-3). Amended by final rulemaking at 24 A.A.R. 2851, effective October 1, 2018 (Supp. 18-3). Amended by final rulemaking at 25 A.A.R. 3111 and at 25 A.A.R. 3114, effective October 1, 2019 (Supp. 19-4).

R9-22-712.62. DRG Base Payment

- A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital's labor-related share of that amount is adjusted by the hospital's wage index. The hospital's labor share is determined based on the labor share for the Medicare inpatient prospective payment system published in Volume 81 of the Federal Register at page 57312 published August 22, 2016. The hospital's wage index is determined based on the wage index tables reference in Volume 81 of the Federal Register at page 57311 published August 22, 2016. The statewide standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.
- C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the "pre-HCAC" DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the "post-HCAC" DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount

- A. Notwithstanding Section R9-22-712.62, a select specialty hospital standardized amount shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:
 1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
 2. Hospitals designated as type: hospital, subtype: short-term that has a license number beginning "SH" in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year.
- B. The select specialty hospital standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.64. DRG Base Payments and Outlier CCR for Out-of-State Hospitals

- A. DRG Base payment:

1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
 2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be included in the AHCCCS capped fee schedule available on the agency's website.
- B. Outlier CCR:
 1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
 2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.
 - C. A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2015.
 - D. Other than as required by this Section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.65. DRG Provider Policy Adjustor

- A. After calculating the DRG base payment as required in sections R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor that is included in the AHCCCS capped fee schedule available on the agency's website.
- B. A hospital is a high-utilization hospital if the hospital had:
 1. Covered inpatient days subject to DRG reimbursement, determined using adjudicated claim and encounter data during the fiscal year beginning October 1, 2015, equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals;
 2. A Medicaid inpatient utilization rate greater than 30% calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital's Medicare Cost Report for the fiscal year ending 2016; and,
 3. Received less than \$2 million in add-on payment for outliers under R9-22-712.68, based on adjudicated claims and encounters for fiscal year beginning October 1, 2015.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.66. DRG Service Policy Adjustor

In addition to Section R9-22-712.65, for claims with DRG codes in the following categories, the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code, and the DRG

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

provider policy adjustor shall be multiplied by the service policy adjustor listed in the AHCCCS capped fee schedule, available on the agency's website, corresponding to the following DRG codes:

1. Normal newborn DRG codes,
2. Neonates DRG codes,
3. Obstetrics DRG codes,
4. Psychiatric DRG codes,
5. Rehabilitation DRG codes,
6. Burn DRG codes.
7. Claims for members under age 19 assigned DRG codes other than listed above:
 - a. For dates of discharge occurring on or after October 1, 2014 and ending no later than December 31, 2015 regardless of severity of illness level,
 - b. For dates of discharge on or after January 1, 2016, for severity of illness levels 1 and 2,
 - c. For dates of discharge on or after January 1, 2016 and before January 1, 2017, for severity of illness levels 3 and 4.
 - d. For dates of discharge on or after January 1, 2017, and before January 1, 2018 for severity of illness levels 3 and 4.
 - e. For dates of discharge on or after January 1, 2018, for severity of illness levels 3 and 4.
8. Claims for members assigned DRG codes other than listed above.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.67. DRG Reimbursement: Transfers

- A. For purposes of this Section a "transfer" means the transfer of a member from a hospital to a short-term general hospital for inpatient care, a designated cancer center, children's hospital, or a critical access hospital except when a member is moved for the purpose of receiving sub-acute services.
- B. Designated cancer center or children's hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.
- C. The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.
- D. The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjustors, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.
- E. The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.
- F. Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjustors, or the transfer DRG base payment, whichever is less.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

R9-22-712.68. DRG Reimbursement: Unadjusted Outlier Add-on Payment

- A. Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.
- B. The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:
 1. For hospitals designated as type: hospital, subtype: children's in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
 2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
 3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
- C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
- D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency's website.
- E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency's website.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.

3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

Historical Note

New Section made by final rulemaking at 20 A.A.R.
1956, September 6, 2014 (Supp. 14-3).

R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.
2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

Historical Note

New Section made by final rulemaking at 20 A.A.R.
1956, September 6, 2014 (Supp. 14-3).

R9-22-712.71. Final DRG Payment

The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Differential Adjusted Payment.

1. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.

2. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
3. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS Administration's website and is on file for public inspection at the AHCCCS Administration located at 701 E. Jefferson Street, Phoenix, Arizona.
4. For inpatient services with a date of discharge from October 1, 2019 through September 30, 2020, the Inpatient Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add-on payment multiplied by a percentage published on the Administration's public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2019. A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.

a. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: short-term or children's will qualify for an increase if it meets the criteria in subsection (4)(a), (i), (ii), (iii), (iv), or (v):

- i. By May 15, 2019, a hospital which did not receive Differential Adjusted Payments from October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying Health Information Exchange (HIE) organization in which the hospital agrees to achieve all of the following:
 - (1) By July 31, 2019, execute an agreement with a qualifying HIE organization;
 - (2) By October 31, 2019, approve and authorize a formal scope of work with a qualifying HIE to develop and implement the data exchange necessary to meet the requirements in subsections (E)(1)(c) and (E)(1)(d);
 - (3) By March 31, 2020, electronically submit admission, discharge, and transfer information (including data from the hospital emergency department) to a qualifying HIE;
 - (4) By June 30, 2020, electronically submit laboratory, radiology, transcription, and medication information, and discharge summaries that include, at a minimum, discharge orders, discharge instructions, active medications, new prescriptions, active problem lists (diagnosis), treatments and procedures conducted during the stay, active allergies, and discharge destination to a qualifying HIE;
- ii. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - (1) By July 1, 2019, submit actual patient

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- identifiable immunization data to the production environment of a qualifying HIE organization;
- (2) By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
- (3) By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
- (4) By March 31, 2020, complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
- iii. Meet or exceed the statewide average on April 30, 2019 for the Severe Sepsis/Septic Shock (SEP-1) performance measure from the Medicare Hospital Compare website;
- iv. By April 30, 2019, be a participant in the Improving Pediatric Sepsis Outcomes collaborative;
- v. By May 1, 2019, hold a Pediatric-Prepared Emergency Care certification from the Arizona Chapter of the American Academy of Pediatrics;
- b. A hospital designated by the Arizona Department of Health Services Division of Licensing Services as type: hospital, subtype: critical access hospital will qualify for an increase if it meets the criteria specified in subsections (4)(b)(i), (ii) or (iii):
 - i. By May 15, 2019, a hospital which received Differential Adjusted Payments October 1, 2018 through September 30, 2019, submits a Letter of Intent to AHCCCS and a qualifying HIE organization in which the hospital agrees to achieve all of the following:
 - (1) By July 1, 2019, submit actual patient identifiable immunization data to the production environment of a qualifying HIE organization;
 - (2) By October 1, 2019, approve and authorize a formal scope of work with a qualifying HIE organization to initiate and complete a data quality profile to be produced by a qualifying HIE organization;
 - (3) By December 31, 2019, complete the initial data quality profile with a qualifying HIE organization;
 - (4) By March 31, 2020, complete the data quality scope of work by producing the final data quality profile with a qualifying HIE organization;
 - ii. Have a Level I-IV trauma center and be located less than five miles from Interstate 10;
 - iii. By May 1, 2019, hold a Pediatric-Prepared Emergency Care certification from the Arizona Chapter of the American Academy of Pediatrics.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 23 A.A.R. 2338, effective October 1, 2017 (Supp. 17-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January

1, 2018 (Supp. 17-4). Amended by final rulemaking at 24 A.A.R. 2851, effective October 1, 2018 (Supp. 18-3). Amended by final rulemaking at 25 A.A.R. 3114, effective October 31, 2019 (Supp. 19-4).

R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission.
- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the same manner as other interim claims as described in R9-22-712.76.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.74. DRG Reimbursement: Third Party Liability

DRG payments are subject to reduction based on cost avoidance under Section R9-22-1003 and other rules regarding first-and third-party liability under Article 10 of this Chapter including cost avoidance for claims for ancillary services covered under Part B of Medicare.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.75. DRG Reimbursement: Payment for Administrative Days

- A. Categories of Administrative Days. Administrative days fall into one of two categories, either subsection (A)(1) or (A)(2).
 - 1. Administrative days due to lack of appropriate placement options and not meeting inpatient medical criteria.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because; (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.

- a. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.
 - b. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
 - c. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
 - d. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital's administrative or operational delays.
 - e. Administrative days include inpatient claims covered by a RBHA or TRBHA that otherwise meet the criteria in subsection (A)(1).
2. Administrative days for claims with the principal diagnosis of behavioral health meeting inpatient medical criteria. Administrative days are days with dates of discharge on or after October 1, 2018, in which a member is admitted as an inpatient to an acute care hospital, meets the criteria for an acute inpatient stay, and the principal diagnosis on the hospital claim is a behavioral health diagnosis. Inpatient claims covered by a RBHA or TRBHA are not considered administrative days under subsection (A)(2) regardless of the principal diagnosis on the hospital claim.

B. Reimbursement of Administrative Days.

1. Administrative days under subsection (A)(1) are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care such as the rate paid for stays at a nursing facility.
2. Administrative days under subsection (A)(2) are reimbursed at the daily rate found on the Inpatient Behavioral Health Capped Fee-For-Service Schedule meeting the criteria of "Service Description – Psychiatric Stay," regardless of revenue code.

C. Prior authorization is required for administrative days.

- D. A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.**

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 25 A.A.R. 3111, effective October 1, 2019 (Supp. 19-4).

R9-22-712.76. DRG Reimbursement: Interim Claims

- A.** For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.
- B.** Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.
- C.** Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.77. DRG Reimbursement: Admissions and Discharges on the Same Day

- A.** Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B.** Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired on the date of discharge shall be reimbursed under the DRG methodology.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.78. DRG Reimbursement: Readmissions

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.79. DRG Reimbursement: Change of Ownership

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

R9-22-712.80. DRG Reimbursement: New Hospitals

- A.** DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in subsection R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in subsection R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in subsection R9-22-712.62(B) that is appropriate to

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

the location of the hospital published by CMS as described in subsection R9-22-712.62(B).

- B.** Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in subsection R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in subsection R9-22-712.68(C).
- C.** In addition to the requirement of this Section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.81. DRG Reimbursement: Updates

In addition to the other updates provided for in sections R9-22-712.60 through R9-22-712.80, the Administration may update the version of the APR-DRG classification system established by 3M Health Information Systems, adjust the statewide standardized amount in Section R9-22-712.62, the base payments in sections R9-22-712.63 and R9-22-712.64, the provider policy adjustor in section R9-22-712.65, service policy adjustors Section R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in Section R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The Administration shall publish any proposed classification system on the agency's website at least 30 days prior to the effective date, to ensure a sufficient period for public comment, as required by 42 C.F.R. § 447.205. In addition, the public notice shall be available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. The requirements of 42 CFR § 447.205 as of November 2, 2015 are incorporated by reference and do not include any later amendments.

Historical Note

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

R9-22-712.90. Reimbursement of Hospital-based Freestanding Emergency Departments

- A.** "Hospital-based freestanding emergency department" (hospital-based FSED) means an outpatient treatment center, as defined in R9-10-101, that: (1) provides emergency room services under R9-10-1019, (2) is subject to the requirements of 42 CFR 489.24, and (3) shares an ownership interest with a hospital, regardless of whether the outpatient treatment center operates under a hospital's single group license as described in A.R.S. § 36-422.
- B.** A hospital-based FSED shall register with the Administration separately from the hospital with which an ownership interest is shared and shall obtain a separate provider identification number. The Administration shall not charge a separate provider enrollment fee for registration of a hospital-based FSED.

The Administration shall accept a hospital's compliance with the provider screening and enrollment requirements of 42 CFR Part 455 as compliance by the hospital-based FSED.

- C.** For dates of service on and after March 1, 2017, and except as provided in subsection (D), services provided by a hospital-based FSED for evaluation and management CPT codes 99281 through 99285 shall be reimbursed at the following percentages of the amounts otherwise reimbursable under sections R9-22-712.20 through R9-22-712.30. All other covered codes shall be reimbursed in accordance with sections R9-22-712.20 through R9-22-712.30 without a percentage reduction.
1. 60% for a level 1 emergency department visit as indicated by CPT 99281.
 2. 80% for a level 2 emergency department visit as indicated by CPT 99282.
 3. 90% for a level 3 emergency department visit as indicated by CPT 99283.
 4. 100% for a level 4 or 5 emergency department visit as indicated by CPT codes 99284 and 99285.
- D.** A hospital-based FSED located in a city or town in a county with less than 500,000 residents, where the only hospital in the city or town operating an emergency department closed on or after January 1, 2015, shall be reimbursed under sections R9-22-712.20 through R9-22-712.35 using the adjustment in R9-22-712.35 associated with the nearest hospital with which the freestanding emergency department shares an ownership interest.
- E.** Services provided by an outpatient treatment center that provides emergency room services under R9-10-1019, but does not otherwise meet the criteria in subsection A, shall be reimbursed based on the non-hospital AHCCCS capped fee-for-service schedule under R9-22-710.
- F.** The Administration shall not reimburse a hospital for services provided at a hospital-based FSED if the member is admitted directly from a hospital-based FSED to a hospital with an ownership interest in the hospital-based FSED. As provided in R9-22-712.60(B), payments made for the inpatient stay using the DRG methodology shall be the sole reimbursement.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 22, February 11, 2017 (Supp. 16-4).

R9-22-713. Overpayment and Recovery of Indebtedness

- A.** If a contractor or a subcontracting provider receives an overpayment from the Administration or otherwise becomes indebted to the Administration, the contractor or subcontracting provider shall immediately remit the amount of the indebtedness or overpayment to the Administration for deposit in the AHCCCS fund.
- B.** If the funds described in subsection (A) are not remitted, the Administration may recover the funds paid by the Administration to a contractor or subcontracting provider through:
1. A repayment agreement executed with the Administration;
 2. Withholding or offsetting against current or future payments to be paid to the contractor or subcontracting provider; or
 3. Enforcement of, or collection against, the performance bond, financial reserve, or other financial security under A.R.S. § 36-2903.

Historical Note

Adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule identical to the emergency (Supp. 83-3). Former Section R9-22-713 repealed, new

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Section R9-22-713 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-713 renumbered and amended as Section R9-22-714, former Section R9-22-709 renumbered and amended as Section R9-22-713 effective October 1, 1985 (Supp. 85-5). Amended by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

R9-22-714. Payments to Providers

- A. Provider agreement. The Administration or a contractor shall not reimburse a covered service provided to a member unless the provider has signed a provider agreement with the Administration that establishes the terms and conditions of participation and payment under A.R.S. § 36-2904.
- B. Provider reimbursement. The Administration or a contractor shall reimburse a provider for a service furnished to a member only if:
 1. The provider personally furnishes the service to a specific member. For purposes of this Section, services personally furnished by a provider include:
 - a. Services provided by medical residents or dental students in a teaching environment; or
 - b. Services provided by a licensed or certified assistant under the general supervision of a licensed practitioner in accordance with 4 A.A.C. 24, 9 A.A.C. 16, 4 A.A.C. 43, or 4 A.A.C. 45;
 2. The provider verifies that individuals who have provided services described in subsection (B)(1) have not been placed on the List of Excluded Individuals/Entities (LEIE) maintained by the United States Department of Health and Human Services Office of the Inspector General (OIG), located at OIG's web site;
 3. The service contributes directly to the diagnosis or treatment of the member; and
 4. The service ordinarily requires performance by the type of provider seeking reimbursement.
- C. The Administration or a contractor may make a payment for covered services only:
 1. To the provider;
 2. To anyone specified in a reassignment from the provider to a government agency or reassignment by a court order;
 3. To a business agent, if the agent's compensation for the service is:
 - a. Related to the cost of processing the billing;
 - b. Not related on a percentage or other basis to the amount that is billed or collected; and
 - c. Not dependent upon collection of the payment;
 4. To the employer of the provider, if the provider is required as a condition of employment to turn over the provider's fees to the employer;
 5. To the inpatient facility in which the service is provided, if the provider has a contract under which the inpatient facility submits the claim; or
 6. To a foundation, plan, or similar organization operating an organized health care delivery system, if the provider has a contract under which the foundation, plan or similar organization submits the claim.
- D. The Administration or a contractor shall not make a payment to or through a factor, either directly or by power of attorney, for a covered service furnished to a member by a provider.
- E. Reimbursement for a pathology service. Unless otherwise specified in a contract, the Administration or a contractor shall reimburse a pathologist for a pathology service furnished to a member only if the other requirements in this Section are met and the service is:
 1. A surgical pathology service;

2. A specific cytopathology, hematology, or blood banking pathology service that requires performance by a physician and is listed in the capped fee-for-service schedule;
3. A clinical consultation service that:
 - a. Is requested by the member's attending physician or primary care physician,
 - b. Is related to a test result that is outside the clinically significant normal or expected range in view of the condition of the member,
 - c. Results in a written narrative report included in the member's medical record,
 - d. Requires the exercise of medical judgment by the consultant pathologist, and
 - e. Is listed in the capped fee-for-service schedule; or
4. A clinical laboratory interpretative service that:
 - a. Is requested by the member's attending physician or primary care physician,
 - b. Results in a written narrative report included in the member's medical record,
 - c. Requires the exercise of medical judgment by the consultant pathologist, and
 - d. Is listed in the capped fee-for-service schedule.

Historical Note

Adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule is similar to the emergency (Supp. 83-3). Repealed effective October 1, 1983 (Supp. 83-5). Former Section R9-22-713 renumbered and amended as Section R9-22-714 effective October 1, 1985 (Supp. 85-5). Section repealed; new Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Amended by final rulemaking at 9 A.A.R. 3800, effective October 4, 2003 (Supp. 03-3). Amended by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

Editor's Note: The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.

R9-22-715. Hospital Rate Negotiations

- A. A contractor that negotiates with hospitals for inpatient or outpatient services shall reimburse hospitals for services rendered on or after March 1, 1993, as described in A.R.S. § 36-2903.01 and this Article, or at the negotiated rate that, in the aggregate, does not exceed reimbursement levels that would have been paid under A.R.S. § 36-2903.01, and this Article. This subsection does not apply to urban hospitals described under R9-22-718. Contractors may engage in rate negotiations with a hospital at any time during the contract period.
- B. The Administration may negotiate or contract with a hospital on behalf of a contractor for discounted hospital rates and may require that the negotiated discounted rates be included in a subcontract between the contractor and hospital.

Historical Note

Adopted as an emergency effective February 23, 1983, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 83-1). Adopted as a permanent rule effective May 16, 1983; text of adopted rule identical to the emergency

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

(Supp. 83-3). Repealed effective October 1, 1983 (Supp. 83-5). New Section R9-22-715 adopted effective October 1, 1985 (Supp. 85-5). Amended under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended effective January 14, 1997 (Supp. 97-1). Amended effective September 22, 1997 (Supp. 97-3). Amended by final rulemaking at 11 A.A.R. 3222, effective October 1, 2005 (Supp. 05-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

Editor's Note: *The following Section was amended under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor's Regulatory Review Council; the agency did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the agency was not required to hold public hearings on the rules; and the Attorney General did not certify this rule. This Section was subsequently amended through the regular rulemaking process.*

R9-22-716. Repealed**Historical Note**

Adopted effective October 1, 1985 (Supp. 85-5). Amended under an exemption from the provisions of the Administrative Procedure Act, effective March 1, 1993 (Supp. 93-1). Amended effective January 14, 1997 (Supp. 97-1). Amended by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1). Section repealed by final rulemaking at 13 A.A.R. 662, effective April 7, 2007 (Supp. 07-1).

R9-22-717. Repealed**Historical Note**

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective September 22, 1997 (Supp. 97-3). Section repealed by final rulemaking at 11 A.A.R. 3222, effective October 1, 2005 (Supp. 05-3).

Editor's Note: *The following Section was originally adopted under an exemption from the provisions of the Administrative Procedure Act which means that this rule was not reviewed by the Governor's Regulatory Review Council. The agency was required to submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and was required to hold a public hearing. It has since been amended under the regular rulemaking process.*

R9-22-718. Urban Hospital Inpatient Reimbursement Program**A. Definitions.** The following definitions apply to this Section:

1. "Contractor" has the same meaning as set forth in A.R.S. § 36-2901, and includes all contractors regardless of whether the GSA's served by the contractor includes urban or rural counties.
2. "Noncontracted Hospital" means an urban hospital, including psychiatric hospitals, which does not have a contract under this Section with a contractor.
3. "Urban Hospital" means a hospital that is not a rural hospital, as defined in R9-22-712.07, and that is physically located in Maricopa or Pima County.

B. General Provisions.

1. This Section applies to an urban hospital who receives payment for inpatient hospital services under A.R.S. §§ 36-2903.01 and 36-2904.
2. AHCCCS shall operate an inpatient hospital reimbursement program under A.R.S. § 36-2905.01 and this Section.

3. Residency of the member receiving inpatient AHCCCS covered services is not a factor in determining which hospitals are required to contract with which contractors.
 4. A contractor shall enter into a contract for reimbursement for inpatient AHCCCS covered services with one or more urban hospitals located in the same county as the contractor.
 5. A noncontracted urban hospital shall be reimbursed for inpatient services by a contractor at 95% of the amount calculated as defined in A.R.S. § 36-2903.01 and this Article, unless otherwise negotiated by both parties.
- C. Contract Begin Date.** A contract under this Article shall cover inpatient acute care hospital services for members with hospital admissions on and after October 1, 2003.
- D. Outpatient urban hospital services.** Outpatient urban hospital services, including observation days and emergency room treatments that do not result in an admission, shall be reimbursed either through an urban hospital contract negotiated between a contractor and an urban hospital, or the reimbursement rates set forth in A.R.S. § 36-2903.01. Outpatient services in an urban hospital that result in an admission shall be paid as inpatient services in accordance with this Section.
- E. Urban Hospital Contract.**
1. Provisions of an urban hospital contracts. The urban hospital contract shall contain but is not limited to the following provisions:
 - a. Required provisions as described in the Request for Proposals (RFP);
 - b. Dispute settlement procedures. If the AHCCCS Grievance System prescribed in A.R.S. § 36-2903.01(B) and rule is not used, then arbitration shall be used;
 - c. Arbitration procedure. If arbitration is used, the urban hospital contract shall identify:
 - i. The parties' agreement on arbitrating claims arising from the contract,
 - ii. Whether arbitration is nonbinding or binding,
 - iii. Timeliness of arbitration,
 - iv. What contract provisions may be appealed,
 - v. What rules will govern arbitrations,
 - vi. The number of arbitrators that shall be used,
 - vii. How arbitrators shall be selected, and
 - viii. How arbitrators shall be compensated.
 - d. Timeliness of claims submission and payment;
 - e. Prior authorization;
 - f. Concurrent review;
 - g. Electronic submission of claims;
 - h. Claims review criteria;
 - i. Payment of discounts or penalties such as quick-pay and slow-pay provisions;
 - j. Payment of outliers;
 - k. Claim documentation specifications under A.R.S. § 36-2904.
 - l. Treatment and payment of emergency room services; and
 - m. Provisions for rate changes and adjustments.
 2. AHCCCS review and approval of urban hospital contracts:
 - a. AHCCCS may review, approve, or disapprove the hospital contract rates, terms, conditions, and amendments to the contract;
 - b. The AHCCCS evaluation of each urban hospital contract shall include but not be limited to the following areas:

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- i. Availability and accessibility of services to members,
 - ii. Related party interests,
 - iii. Inclusion of required terms pursuant to this Section, and
 - iv. Reasonableness of the rates.
- F. Quick-Pay/Slow-Pay. A payment made by a contractor to a noncontracted hospital shall be subject to quick-pay discounts and slow-pay penalties under A.R.S. § 36-2904.

Historical Note

Adopted under an exemption from the provisions of the Administrative Procedure Act, effective January 29, 1997; pursuant to Laws 1996, Ch. 288, § 24 (Supp. 97-1). Amended by exempt rulemaking at 10 A.A.R. 500, effective February 1, 2004 (Supp. 04-1). Amended by exempt rulemaking at 13 A.A.R. 3190, effective October 1, 2007 (Supp. 07-3). Amended by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1515, effective June 30, 2018 (Supp. 18-2).

R9-22-719. Contractor Performance Measure Outcomes

The Administration may retain a specified percentage of capitation reimbursement to distribute to contractors based on their performance measure outcomes under A.R.S. § 36-2904. The Administration shall notify contractors 60 days prior to a new contract year if this methodology is implemented. The Administration shall specify the details of the reimbursement methodology in contract.

Historical Note

New Section made by final rulemaking at 8 A.A.R. 424, effective January 10, 2002 (Supp. 02-1).

R9-22-720. Reinsurance

- A. Reinsurance is a stop-loss program provided by the Administration to a contractor for partial reimbursement of the cost of covered services for a member with an acute medical condition when the cost of covered services exceeds a pre-determined deductible level amount within a contract year. The Administration self-insures the reinsurance program through a reduction to capitation rates. The reinsurance program also includes a catastrophic reinsurance program for members diagnosed with specific medical conditions.
- B. The Administration shall specify in contract guidelines for claims submission, processing, payment, and the types of care and services that are provided to a member whose care is covered by reinsurance.
- C. When the Administration determines that a contractor does not follow the specified guidelines for care or services and the care or services could have been provided at a lower cost according to the guidelines, the Administration shall reimburse the contractor as if the care or services had been provided as specified in the guidelines.

Historical Note

New Section made by final rulemaking at 8 A.A.R. 3317, effective July 15, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 856, effective May 5, 2007 (Supp. 07-1).

R9-22-721. Behavioral Health Inpatient Facilities

“Behavioral health inpatient facility” means a health care institution, other than Arizona State Hospital, that meets the following requirements:

- 1. Provides continuous treatment to an individual experiencing a behavioral health issue that causes the individual to:
 - a. Have a limited or reduced ability to meet the individual’s basic physical needs;

- b. Suffer harm that significantly impairs the individual’s judgment, reason, behavior, or capacity to recognize reality;
 - c. Be a danger to self;
 - d. Be a danger to others;
 - e. Be persistently or acutely disabled as defined in A.R.S. § 36-501; or
 - f. Be gravely disabled; and
2. Is one of the following facility types:
- a. Psychiatric hospitals;
 - b. Mental health residential treatment centers;
 - c. Secure residential treatment centers with 17 or more beds;
 - d. Non-secure residential treatment centers with 1-16 beds;
 - e. Non-secure residential treatment centers with 17 or more beds;
 - f. Sub-acute facilities with 1-16 beds;
 - g. Sub-acute facilities with 17 or more beds.

Historical Note

New Section made by final rulemaking at 25 A.A.R. 3120, effective October 1, 2019 (Supp. 19-4).

AHCCCS provided an opportunity for public comment on the amended rules under Laws 2013, 1st Special Session, Ch. 10. A proposed exempt rulemaking was published in the Arizona Administrative Register at 21 A.A.R. 1041 (Supp. 15-3).

Editor’s Note: Amendments to Section R9-22-730 were filed as a final exempt rulemaking. AHCCCS provided an opportunity for public comment on the amended rules under Laws 2013, 1st Special Session, Ch. 10. A proposed exempt rulemaking was published in the Arizona Administrative Register at 21 A.A.R. 491 (Supp. 15-2).

R9-22-730. Hospital Assessment

- A. For purposes of this Section, the following terms are defined as provided below unless the context specifically requires another meaning:
 - 1. “2016 Medicare Cost Report” means: The Medicare Cost Report for the hospital fiscal year ending in calendar year 2016 as reported in the CMS Healthcare Provider Cost Reporting Information System (HCRIS) release dated July 21, 2017.
 - 2. “2016 Uniform Accounting Report” means the Uniform Accounting Report submitted to the Arizona Department of Health Services as of August 16, 2017.
 - 3. “Quarter” means the three month period beginning January 1, April 1, July 1, and October 1 of each year.
 - 4. A “new hospital” means a licensed hospital that did not hold a license from the Arizona Department of Health Services prior to January 1, 2018.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- B.** Beginning January 1, 2014, for each Arizona licensed hospital not excluded under subsection (I) shall be subject to an assessment payable on a quarterly basis. The assessment shall be levied against the legal owner of each hospital as of the first day of the quarter, and except as otherwise required by subsections (D), (E) and (F). For the period beginning July 1, 2019, the assessment shall be calculated by multiplying the number of discharges reported on the hospital's 2016 Medicare Cost Report, excluding discharges reported on the Medicare Cost Report as "Other Long Term Care Discharges" by the following rates based on the hospital's peer group:
1. \$632.00 per discharge for hospitals located in a county with a population less than 500,000 that are designated as type: hospital, subtype: short-term.
 2. \$632.00 per discharge for hospitals designated as type: hospital, subtype: critical access hospital.
 3. \$158.00 per discharge for hospitals designated as type: hospital, subtype: long term.
 4. \$158.00 per discharge for hospitals designated as type: hospital, subtype: psychiatric, that reported 2,500 or more discharges on the 2016 Medicare Cost Report.
 5. \$505.50 per discharge for hospitals designated as type: hospital, subtype: short-term with 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital's 2016 Uniform Accounting Report.
 6. \$568.75 per discharge for hospitals designated as type: hospital, subtype: short-term with at least 10% but less than 20% of total licensed beds licensed as pediatric, pediatric intensive care and neonatal intensive care as reported in the hospital's 2016 Uniform Accounting Report.
 7. \$632.00 per discharge for hospitals designated as type: hospital, subtype: short-term not included in another peer group.
- C.** Peer groups for the four quarters beginning July 1 of each year are established based on hospital license type and subtype designated in the Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website April 1, 2019.
- D.** Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital's 2016 Medicare Cost Report, are assessed a rate of \$158.00 for each discharge from the psychiatric sub-provider as reported in the 2016 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).
- E.** Notwithstanding subsection (B), rehabilitative discharges from a hospital that reported having a rehabilitative sub-provider in the hospital's 2016 Medicare Cost Report, are assessed a rate of \$0 for each discharge from the rehabilitative sub-provider as reported in the 2016 Medicare Cost Report. All discharges other than those reported as discharges from the rehabilitative sub-provider are assessed at the rate required by subsection (B).
- F.** Notwithstanding subsection (B), for any hospital that reported more than 23,400 discharges on the hospital's 2016 Medicare Cost Report, discharges in excess of 23,400 are assessed a rate of \$63.25 for each discharge in excess of 23,400. The initial 23,400 discharges are assessed at the rate required by subsection (B).
- G.** Assessment notice. On or before the 15th day of the first month of the quarter or upon CMS approval, whichever is later, the Administration shall send to each hospital a notification that the assessment invoice is available to be viewed on a secure website. The invoice shall include the hospital's peer group assignment and the assessment due for the quarter.
- H.** Assessment due date. The assessment must be received by the Administration no later than:
1. The 15th day of the second month of the quarter or
 2. In the event CMS approves the assessment after the 15th day of the first month of the quarter, 30 days after notification by the Administration that the assessment invoice is available.
- I.** Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital's 2016 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for April 1, 2019:
1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
 2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning "SH".
 3. Hospitals designated as type: hospital, subtype: psychiatric that reported fewer than 2,500 discharges on the 2016 Medicare Cost Report.
 4. Hospitals designated as type: hospital, subtype; rehabilitation.
 5. Hospitals designated as type: hospital, subtype: children's.
 6. Hospitals designated as type: med-hospital, subtype: special hospitals.
 7. Hospitals designated as type: hospital, subtype: short-term located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2016 Medicare Cost Report are reimbursed by Medicare.
 8. Hospitals designated as type: hospital, subtype: short-term that have at least 80 percent Medicare discharges, per the 2016 Medicare Cost Report.
- J.** New hospitals. For hospitals that did not file a 2016 Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the March 1 preceding the July assessment start date, the hospital assessment will begin on July 1 following the date the hospital began operating.
 2. If the hospital began operating between March 2 and June 30, the assessment will begin on July 1 of the following calendar year.
 3. A hospital is not considered a new hospital based on a change in ownership.
 4. The assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report, which includes 12 months-worth of data, except when any of the following apply:
 - a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through March 31 preceding the July assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than April 15 preceding the assessment start date for the new hospitals. "Annualized" means divided by a ratio equal to the number of months of data divided by 12 months.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. If more than 12 months of data is available, the assessment will be based on the most recent 12 months of self-reported data, as of March 31;
- 5. For purposes of calculating subpart 4, if a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self-reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.
- 6. For hospitals providing self-reported data, described in subpart 4 and 5:
 - a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
 - b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.
- K. Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- L. Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- M. Required information. For any hospital that has not filed a 2016 Medicare Cost report, or if the 2016 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the assessment, the Administration shall use data reported on the 2016 Uniform Accounting Report filed by the hospital in place of the 2016 Medicare Cost report to calculate the assessment. If the 2016 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2016 Medicare Cost report to calculate the assessment.
- N. The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in 36-2901.08.
- O. Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.

Historical Note

New Section R9-22-730 made by exempt rulemaking at 20 A.A.R. 281, effective January 15, 2014 (Supp. 14-1). Amended by exempt rulemaking at 20 A.A.R. 1833, effective July 1, 2014 (Supp. 14-2). Amended by final exempt rulemaking at 21 A.A.R. 637, effective April 15, 2015 (Supp. 15-2). Amended by final exempt rulemaking at 21 A.A.R. 1486, effective July 16, 2015 (Supp. 15-3). Amended by final exempt rulemaking at 22 A.A.R. 2050, effective July 14, 2016 (Supp. 16-4). Amended by final exempt rulemaking at 23 A.A.R. 1945, effective July 1, 2017 (Supp. 17-2). Amended by final exempt rulemaking

at 24 A.A.R. 2229, effective July 10, 2018 (Supp. 18-3). Amended by final exempt rulemaking at 25 A.A.R. 1938, effective July 1, 2019 (Supp. 19-3).

ARTICLE 8. REPEALED

Article 8, consisting of Sections R9-22-801 through R9-22-804 and Exhibit A, repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004. The subject matter of Article 8 is now in 9 A.A.C. 34 (Supp. 04-1).

R9-22-801. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-801 adopted as an emergency adoption now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-801 repealed, new Section R9-22-801 adopted effective October 29, 1985 (Supp. 85-5). Amended subsections (C), (F), (H), (I), and (K) effective October 1, 1986 (Supp. 86-5). Change of heading only effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Amended subsection (H) effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Section heading amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Amended effective December 13, 1993 (Supp. 93-4). Former Section R9-22-801 repealed, new Section R9-22-801 adopted January 14, 1997 (Supp. 97-1). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

R9-22-802. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-802 adopted as an emergency adoption now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective October 29, 1985 (Supp. 85-5). Amended subsections (A), (B), (C) and (D) effective October 14, 1988 (Supp. 88-4). Amended effective September 29, 1992 (Supp. 92-3). Amended effective December 13, 1993 (Supp. 93-4). Former Section R9-22-802 repealed, new Section R9-22-802 adopted effective January 14, 1997 (Supp. 97-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

R9-22-803. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-803 adopted as an emergency now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Former Section R9-22-803 repealed, new Section R9-22-803 adopted effective October 1, 1983 (Supp. 83-5). Former Section R9-22-803 renumbered and amended as Section R9-22-804. Adopted effective January 31, 1986 (Supp. 86-1). Amended effective September 29, 1992 (Supp. 92-3). Former Section R9-22-

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

803 repealed, new Section R9-22-803 adopted January 14, 1997 (Supp. 97-1). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

R9-22-804. Repealed**Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-804 adopted as an emergency adoption now adopted as a permanent rule effective August 30, 1982 (Supp. 82-4). Amended effective October 1, 1983 (Supp. 83-5). Former Section R9-22-804 repealed, former Section R9-22-803 renumbered and amended as Section R9-22-804 effective October 29, 1985 (Supp. 85-5). Amended effective October 14, 1988 (Supp. 88-4). Amended subsections (B) and (C) effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective December 13, 1993 (Supp. 93-4). Former Section R9-22-804 repealed, new Section R9-22-804 adopted effective January 14, 1997 (Supp. 97-1). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

Exhibit A. Repealed**Historical Note**

New Exhibit adopted by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Exhibit repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

R9-22-805. Repealed**Historical Note**

Former Section R9-22-805 adopted as an emergency now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective January 31, 1986 (Supp. 86-1).

ARTICLE 9. REPEALED**R9-22-901. Repealed****Historical Note**

Adopted as an emergency effective May 20, 1982, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 82-3). Former Section R9-22-901 adopted as an emergency adoption now adopted and amended as a permanent rule effective August 30, 1982 (Supp. 82-4). Repealed effective October 1, 1983 (Supp. 83-5). Adopted effective August 29, 1985 (Supp. 85-4). Amended effective October 1, 1986 (Supp. 86-5). Amended effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-902. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4). Former Section R9-22-902 renumbered and amended as Section R9-22-904, former Section R9-22-903 renumbered and amended as Section R9-22-902 effective October 1, 1986 (Supp. 86-5). Former Section R9-22-902 repealed, new Section R9-22-902 adopted effective May 30, 1989 (Supp. 89-2). Amended effective April 13, 1990 (Supp. 90-2). Amended effective September 29, 1992 (Supp. 92-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Amended under an exemption from the provisions of the Administrative Procedure Act, effective October 26, 1993 (Supp. 93-4). Section repealed, new Section adopted by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-903. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4). Former Section R9-22-903 renumbered and amended as Section R9-22-902, former Section R9-22-904 renumbered and amended as Section R9-22-903 effective October 1, 1986 (Supp. 86-5). Former Section R9-22-903 repealed, new Section R9-22-903 adopted effective May 30, 1989 (Supp. 89-2). Section repealed by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-904. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4). Former Section R9-22-904 renumbered and amended as Section R9-22-903, former Section R9-22-902 renumbered and amended as Section R9-22-904 effective October 1, 1986 (Supp. 86-5). Amended effective May 30, 1989 (Supp. 89-2). Section repealed by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-905. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4). Former Section R9-22-905 renumbered without change as Section R9-22-908, former Section R9-22-907 renumbered and amended as Section R9-22-905 effective October 1, 1986 (Supp. 86-5). Amended effective May 30, 1989 (Supp. 89-2). Section repealed by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section

repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-906. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4).
Amended effective October 1, 1986 (Supp. 86-5).
Amended effective October 1, 1987 (Supp. 87-4).
Amended effective May 30, 1989 (Supp. 89-2). Amended effective September 22, 1997 (Supp. 97-3). Section repealed by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-907. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4). Former Section R9-22-907 renumbered and amended as Section R9-22-905, former Section R9-22-908 renumbered and amended as Section R9-22-907 effective October 1, 1986 (Supp. 86-5). Amended effective May 30, 1989 (Supp. 89-2). Section repealed by final rulemaking at 5 A.A.R. 4061, effective October 8, 1999 (Supp. 99-4). New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-908. Repealed**Historical Note**

Adopted effective August 29, 1985 (Supp. 85-4). Former Section R9-22-908 renumbered and amended as Section R9-22-907, former Section R9-22-905 renumbered without change as Section R9-22-908 effective October 1, 1986 (Supp. 86-5). Former R9-22-908 repealed effective May 30, 1989 (Supp. 89-2). New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

R9-22-909. Repealed**Historical Note**

New Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 4484, effective January 6, 2007 (Supp. 06-4).

ARTICLE 10. FIRST- AND THIRD-PARTY LIABILITY AND RECOVERIES**R9-22-1001. Definitions**

In addition to the definitions in A.R.S. §§ 36-2901, 36-2923 and 9 A.A.C. 22, Article 1, the following definitions apply to this Article:
“Absent parent” means an individual who is absent from the home and is legally responsible for providing financial and/or medical support for a dependent child.

“Cost avoid” means to deny a claim and return the claim to the provider for a determination of the amount of first- or third-party liability.

“First-party liability” means the obligation of any insurance plan or other coverage obtained directly or indirectly by a member that provides benefits directly to the member to pay

all or part of the expenses for medical services incurred by AHCCCS or a member.

“Third-party” means a person, entity, or program that is, or may be, liable to pay all or part of the medical cost of injury, disease, or disability of an applicant or member.

“Third-party liability” means any individual, entity, or program that is or may be liable to pay all or part of the expenditures for medical assistance furnished to a member under a state plan.

Historical Note

Former Section R9-22-712 renumbered and amended as Section R9-22-1001 effective October 1, 1985 (Supp. 85-5). Amended subsections (E) through (H) effective October 1, 1986 (Supp. 86-5). Amended subsections (B), (C), (E), and (F) effective December 22, 1987 (Supp. 87-4). Section repealed; new Section adopted effective November 7, 1997 (Supp. 97-4). Section repealed; new Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1). Amended by final rulemaking at 21 A.A.R. 1237, effective July 7, 2015 (Supp. 15-3).

R9-22-1002. General Provisions

AHCCCS is the payor of last resort unless specifically prohibited by applicable state or federal law. AHCCCS is not the payor of last resort when the following entities are the third-party:

1. Indian Health Services (IHS/638), contract health,
2. Title IV-E,
3. Arizona Early Intervention Program (AZEIP),
4. Local educational agencies providing services under the Individuals with Disabilities Education Act under 34 CFR Part 300,
5. Entities and contractors of entities providing services under grants awarded as part of the HIV Health Care Services Program under 42 USC 300ff et seq., and
6. The Arizona Refugee Resettlement Program operated under 45 CFR Part 400, Subpart (G).

Historical Note

Section R9-22-529 adopted effective October 1, 1985, then renumbered as Section R9-22-1002 effective October 1, 1985 (Supp. 85-5). Amended subsections (C) and (D) effective October 1, 1986 (Supp. 86-5). Amended effective December 22, 1987 (Supp. 87-4). Amended under an exemption from the provisions of the Administrative Procedure Act, effective July 1, 1993 (Supp. 93-3). Section repealed; new Section adopted effective November 7, 1997 (Supp. 97-4). Section repealed; new Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1). Amended by final rulemaking at 21 A.A.R. 1237, effective July 7, 2015 (Supp. 15-3).

R9-22-1003. Cost Avoidance**A. The Administration’s reimbursement responsibility.**

1. The Administration shall pay no more than the difference between the Capped Fee-For-Service schedule and the amount of the third-party liability, unless Medicare is the third-party.
2. If Medicare is the third-party that is liable, the Administration shall pay the Medicare copayment, coinsurance, and deductible regardless of the Capped Fee-For-Service Schedule, as described under 9 A.A.C. 29, Article 3.

B. The Contractor’s reimbursement responsibility.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

1. If the contract between the contractor and the provider does not state otherwise, a contractor shall pay no more than the difference between the contracted rate and the amount of the third-party liability.
 2. If the provider does not have a contract with the contractor, a contractor shall pay no more than the difference between the Capped Fee-For-Service rate and the amount of the third-party liability.
- C. The following parties shall take reasonable measures to identify potentially legally liable first- or third-party sources:
1. AHCCCS, the Administration, or a contractor;
 2. A provider;
 3. A noncontracting provider; and
 4. A member.
- D. Except as specified under subsection (E), the Administration or a contractor shall cost avoid a claim for AHCCCS covered services under Article 2 if the Administration or a contractor has established the probable existence of a liable party at the time the claim is filed. Establishing liability takes place when the Administration or the contractor receives confirmation that another party is legally responsible for payment of a health care service under Article 2.
- E. The Administration or contractor shall pay the full amount of the claim according to the Capped-Fee-For-Service Schedule or the contracted rate as described under subsection (B), and then seek reimbursement from any liable parties if the claim is for:
1. Prenatal care for pregnant women,
 2. Preventive pediatric services, including E.P.S.D.T. and administration of vaccines to children under the Vaccines for Children (VFC) program; or
 3. Services covered by third-party liability that is derived from an absent parent whose obligation to pay support is being enforced by the Division of Child Support Enforcement.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 10 A.A.R. 3012, effective September 11, 2004 (Supp. 04-3). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1). Amended by final rulemaking at 21 A.A.R. 1237, effective July 7, 2015 (Supp. 15-3).

R9-22-1004. Member Participation

A member shall cooperate in identifying potentially legally liable first- or third-parties and timely assist the Administration and a contractor, provider, or noncontracting provider in pursuing any first- or third-party who may be liable to pay for covered services.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1).

R9-22-1005. Collections

- A. Parties that notify AHCCCS. A provider or noncontracting provider shall cooperate with AHCCCS by identifying all potential sources of first- or third-party liability and notify AHCCCS of these sources.
- B. Parties that pursue collection or reimbursement. AHCCCS, a provider, or noncontracting provider shall pursue collection or reimbursement from all potential sources of first- or third-party liability.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1).

R9-22-1006. AHCCCS Monitoring Responsibilities

AHCCCS shall monitor first- or third-party liability payments to a provider or noncontracting provider, which include but are not limited to payments by or for:

1. Private health insurance;
2. Employment-related disability and health insurance;
3. Long-term care insurance;
4. Other federal programs not excluded by statute from recovery;
5. Court ordered or non-court ordered medical support from an absent parent;
6. State worker's compensation;
7. Automobile insurance, including underinsured and uninsured motorists insurance;
8. Court judgment or settlement from a liability insurer including settlement proceeds placed in a trust;
9. First-party probate estate recovery;
10. Adoption-related payment; or
11. A tortfeasor.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1).

R9-22-1007. Notification for Perfection, Recording, and Assignment of AHCCCS Liens

- A. Hospital requirements. A hospital providing medical services to a member for an injury or condition resulting from circumstances reflecting the probable liability of a first- or third-party shall within 30 days after a member's discharge:
1. Notify AHCCCS via facsimile or mail under R9-22-1008, or
 2. Mail AHCCCS a copy of the lien the hospital proposes to record or has recorded under A.R.S. § 33-932.
- B. Provider and noncontracting provider requirements. A provider or noncontracting provider, other than a hospital, rendering medical services to a member for an injury or condition resulting from circumstances reflecting the probable liability of a first- or third-party shall notify AHCCCS via facsimile or mail under R9-22-1008 within 30 days after providing the service.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1).

R9-22-1008. Notification Information for Liens

- A. Except as provided in subsection (B), a hospital, provider, and noncontracting provider identified in R9-22-1007 shall provide the following information to AHCCCS in writing:
1. Name of the hospital, provider or noncontracting provider;
 2. Address of the hospital, provider or noncontracting provider;
 3. Name of member;
 4. Member's Social Security Number or AHCCCS identification number;
 5. Address of member;
 6. Date of member's admission or date service is provided;
 7. Amount estimated to be due for care of member;
 8. Date of discharge, if member has been discharged;
 9. Name of county in which injuries were sustained; and

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

10. Name and address of all persons, firms, and corporations and their insurance carriers identified by the member or legal representative as being liable for damages.
- B. If the date of discharge is not known at the time the information in subsection (A) is provided, a party identified in subsection (A) shall notify AHCCCS of the date of discharge within 30 days after the member has been discharged.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 15 A.A.R. 179, effective March 7, 2009 (Supp. 09-1).

R9-22-1009. Notification of Health Insurance Information

A provider or noncontracting provider shall notify AHCCCS, in writing, of the following health insurance information within 10 days of receipt of the health insurance information:

1. Name of member,
2. Member's Social Security Number or AHCCCS identification number,
3. Insurance carrier name,
4. Insurance carrier address,
5. Policy number or insurance holder's Social Security Number,
6. Policy begin and end dates, and
7. Insurance holder's name.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 1146, effective May 1, 2004 (Supp. 04-1).

ARTICLE 11. CIVIL MONETARY PENALTIES AND ASSESSMENTS**R9-22-1101. Basis for Civil Monetary Penalties and Assessments for Fraudulent Claims; Definitions**

- A. Scope. This Article applies to prohibited acts as described under A.R.S. § 36-2918(A), and submissions of encounters to the Administration. The Administration considers a person who aids and abets a prohibited act affecting any of the AHCCCS programs or Health Care Group to be engaging in a prohibited act under A.R.S. § 36-2918(A).
- B. Purpose. This Article describes the circumstances AHCCCS considers and the process that AHCCCS uses to determine the amount of a penalty, assessment, or penalty and assessment as required under A.R.S. § 36-2918. This Article includes the process and time-frames used by a person to request a State Fair Hearing.
- C. Definitions. The following definitions apply to this Article:
1. "Assessment" means a monetary amount that does not exceed twice the dollar amount claimed by the person for each service.
 2. "Claim" means a request for payment submitted by a person for payment for a service or line item of service, including a submission of an encounter.
 3. "Day" means calendar day unless otherwise specified.
 4. "File" means the date that AHCCCS receives a written acceptance, request for compromise, request for a counter proposal, or a request for a State Fair Hearing as established by a date stamp on the written document or other record of receipt.
 5. "Penalty" means a monetary amount, based on the number of items of service claimed or reported, that does not exceed \$2,000 times the number of line items of service.
 6. "Person" means an individual or entity as described under A.R.S. § 1-215.
 7. "Reason to know" or "had reason to know" means that a person, acts in deliberate ignorance of the truth or falsity

of, or with reckless disregard of the truth or falsity of information. No proof of specific intent to defraud is required.

Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).
Amended subsection A. effective May 30, 1989 (Supp. 89-2). Amended effective September 29, 1992 (Supp. 92-3). Amended effective June 9, 1998 (Supp. 98-2).
Amended by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3). Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1102. Determining the Amount of a Penalty and an Assessment

- A. AHCCCS shall determine the amount of a penalty and assessment according to A.R.S. § 36-2918(B) and (C), R9-22-1104, and R9-22-1105.
- B. AHCCCS shall include in the amount of the penalty and assessment the cost incurred by AHCCCS for conducting the following:
1. An investigation,
 2. Audit, or
 3. Inquiry.

Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).
Amended effective December 13, 1993 (Supp. 93-4).
Amended effective June 9, 1998 (Supp. 98-2). Section repealed; new Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1103. Repealed**Historical Note**

Adopted effective October 1, 1986 (Supp. 86-5).
Amended effective December 13, 1993 (Supp. 93-4).
Amended effective June 9, 1998 (Supp. 98-2). Section repealed; new Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
Section repealed by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1104. Mitigating Circumstances

AHCCCS shall consider any of the following to be mitigating circumstances when determining the amount of a penalty, assessment, or penalty and assessment.

1. Nature and circumstances of a claim. The following are mitigating circumstances:
 - a. All the services are of the same type,
 - b. All the dates of services occurred within six months or less,
 - c. The number of claims submitted is less than 25,
 - d. The nature and circumstances do not indicate a pattern of inappropriate claims for the services, and
 - e. The total amount claimed for the services is less than \$1,000.
2. Degree of culpability. The degree of culpability of a person who presents or causes to present a claim is a mitigating circumstance if:
 - a. Each service is the result of an unintentional and unrecognized error in the process that the person followed in presenting or in causing to present the service,
 - b. Corrective steps were taken promptly by the person after the error was discovered, and

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- c. The person had a fraud and abuse control plan that was operating effectively at the time each claim was presented or caused to be presented.
3. Financial condition. The financial condition of a person who presents or causes to present a claim is a mitigating circumstance if the imposition of a penalty, assessment, or penalty and assessment without reduction will render the provider incapable to continue providing services. AHCCCS shall consider the resources available to the person when determining the amount of the penalty, assessment, or penalty and assessment.
4. Other matters as justice may require. AHCCCS shall take into account other circumstances of a mitigating nature, if in the interest of justice, the circumstances require a reduction of the penalty, assessment, or penalty and assessment.

Historical Note

Adopted effective October 1, 1986 (Supp. 86-5).
 Amended effective June 9, 1998 (Supp. 98-2). Section repealed; new Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
 Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1105. Aggravating Circumstances

AHCCCS shall consider any of the following to be aggravating circumstances when determining the amount of a penalty, assessment, or penalty and assessment.

1. Nature and circumstances of each claim. The nature and circumstances of each claim and the circumstances under which the claim is presented or caused to be presented are aggravating circumstances if:
 - a. A person has forged, altered, recreated, or destroyed records;
 - b. The person refuses to provide pertinent documentation to AHCCCS for a claim or refuses to cooperate with investigators;
 - c. The services are of several types;
 - d. All the dates of services did not occur within six months or less;
 - e. The number of claims submitted is greater than 25;
 - f. The nature and circumstances indicate a pattern of inappropriate claims for the services; and
 - g. The total amount claimed for the services is \$5,000 or greater.
2. Degree of culpability. The degree of culpability of a person who presents or causes to present each claim is an aggravating circumstance if:
 - a. The person knows or had reason to know that each service was not provided as claimed,
 - b. The person knows or had reason to know that no payment could be made because the person had been excluded from reimbursement by AHCCCS, or
 - c. The person knows or had reason to know that the payment would violate the terms of an agreement between the person and AHCCCS system.
3. Prior offenses. The prior offenses of a person who presents or causes to present each claim are an aggravating circumstance if:
 - a. At any time before the submittal of the claim the person was held criminally or civilly liable for any act, or
 - b. The person had received an administrative sanction in connection with:
 - i. A Medicaid program,
 - ii. A Medicare program, or

- iii. Any other public or private program of reimbursement for medical services.
4. Effect on patient care. The adverse effect on patient care that resulted, or could have resulted, from the failure to provide medically necessary care by a person in connection with a claim.
5. Other matters as justice may require. AHCCCS shall take into account other circumstances of an aggravating nature, if in the interest of justice, the circumstances require an increase of the penalty, assessment, or penalty and assessment.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
 Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1106. Notice of Intent

If AHCCCS imposes a penalty, assessment, or a penalty and assessment, AHCCCS shall hand deliver or send by certified mail return receipt requested or Federal Express to the person, a written Notice of Intent to impose a penalty, assessment, or a penalty and assessment. The Notice of Intent shall include:

1. The statutory basis for the penalty, assessment, or the penalty and assessment;
2. Identification of the state or federal regulation and state or federal law that AHCCCS alleges has been violated;
3. The factual basis for AHCCCS' determination that the penalty, assessment, or the penalty and assessment should be imposed;
4. The amount of the penalty, assessment, or penalty and assessment;
5. The process for the person to accept or request a compromise of the penalty, assessment, or penalty and assessment; and
6. The process for requesting a State Fair Hearing.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
 Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1107. Reserved**R9-22-1108. Request for a Compromise**

- A. To request a compromise, the person shall file a written request with AHCCCS within 30 days from the date of receipt of the Notice of Intent. The written request for compromise shall contain the person's reasons for the reduction or modification of the penalty, assessment, or penalty and assessment.
- B. Within 30 days from the date of receipt of the request for compromise from the person, AHCCCS shall send a Notice of Compromise Decision that accepts, denies, or offers a counter proposal to the person's request for compromise. If AHCCCS offers a counter proposal the amount of the counter proposal shall represent the penalty, assessment, or penalty and assessment.
 1. If AHCCCS does not withdraw the Notice of Intent under R9-22-1112 or denies the request for compromise the original penalty, assessment, or penalty and assessment is upheld.
 2. To dispute the Compromise Decision, the person shall file a request for a State Fair Hearing under R9-22-1110 within 30 days from the date of receipt of the Notice of Compromise Decision.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1109. Failure to Respond to the Notice of Intent

If a person fails to respond timely to the Notice of Intent, AHCCCS shall uphold the original penalty, assessment, or penalty and assessment.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1110. Request for State Fair Hearing

- A. To request a State Fair Hearing regarding a dispute concerning a penalty, assessment, or penalty and assessment, the person shall file a written request for a State Fair Hearing with AHCCCS within 60 days from the date of the receipt of the Notice of Intent under R9-22-1106 or within 30 days from the date of receipt of the Notice of Compromise Decision under R9-22-1108, if applicable.
- B. AHCCCS shall mail a Notice of Hearing under A.R.S. § 41-1092.05 if AHCCCS receives a timely request for a State Fair Hearing from the person.
- C. AHCCCS shall mail a Director's Decision to the person no later than 30 days after the date the Administrative Law Judge sends the decision of the Office of Administrative Hearings (OAH) to AHCCCS.
- D. AHCCCS shall accept a written request for withdrawal of a hearing request if the written request for withdrawal is received from the person before AHCCCS mails a Notice of Hearing under A.R.S. § 41-1092 et seq. If AHCCCS mailed a Notice of Hearing under A.R.S. § 41-1092 et seq., a person may withdraw the hearing request only by sending a written request for withdrawal to OAH.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1111. Issues and Burden of Proof

- A. Preponderance of evidence. In any State Fair Hearing conducted under R9-22-1110, AHCCCS shall prove by a preponderance of the evidence that a person presented or caused to be presented each claim in violation of this Article and any aggravating circumstances under R9-22-1105. A person shall bear the burden of producing and proving by a preponderance of the evidence any circumstance that would justify reducing the amount of the penalty, assessment, or penalty and assessment.
- B. Statistical sampling.
 1. In meeting the burden of proof described in subsection (A), AHCCCS may introduce the results of a statistical sampling study as evidence of the number and amount of claims that were presented or caused to be presented by the person. A statistical sampling study constitutes prima facie evidence of the number and amount of claims if computed by valid statistical methods.
 2. The burden of proof shall shift to the person to produce evidence reasonably calculated to rebut the findings of the statistical sampling study once AHCCCS has made a prima facie case as described in subsection (B)(1). AHCCCS shall be given the opportunity to rebut this evidence.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).
Amended by final rulemaking at 17 A.A.R. 2615, effective February 4, 2012 (Supp. 11-4).

R9-22-1112. Withdrawal and Continuances

AHCCCS may withdraw the Notice of Intent at any time. Prior to referring a matter to the Office of Administrative Hearings the parties may mutually agree to a continuance.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 3056, effective September 11, 2004 (Supp. 04-3).

ARTICLE 12. BEHAVIORAL HEALTH SERVICES**R9-22-1201. Definitions**

Definitions. The following definitions apply to this Article:

"Adult behavioral health therapeutic home" as defined in 9 A.A.C. 10, Article 1.

"Agency" for the purposes of this Article means a behavioral health facility, a classification of a health care institution, including a mental health treatment agency defined in A.R.S. § 36-501, that is licensed to provide behavioral health services according to A.R.S. Title 36, Chapter 4.

"Assessment" means an analysis of a patient's need for physical health services or behavioral health services to determine which services a health care institution will provide to the patient.

"Behavior management services" means services that assist the member in carrying out daily living tasks and other activities essential for living in the community, including personal care services.

"Behavioral health therapeutic home care services" means interactions that teach the client living, social, and communication skills to maximize the client's ability to live and participate in the community and to function independently, including assistance in the self-administration of medication and any ancillary services indicated by the client's treatment plan, as appropriate.

"Behavioral health services" means medical services, nursing services, health-related services, or ancillary services provided to an individual to address the individual's behavioral health issue.

"Behavioral health technician" means an individual who is not a behavioral health professional who provides behavioral health services at or for a health care institution according to the health care institution's policies and procedures that:

If the behavioral health services were provided in a setting other than a licensed health care institution, the individual would be required to be licensed as a behavioral professional under A.R.S. Title 32, Chapter 33; and

Are provided with clinical oversight by a behavioral health professional.

"Case management" for the purposes of this Article, means services and activities that enhance treatment, compliance, and effectiveness of treatment.

"Certified psychiatric nurse practitioner" means a registered nurse practitioner who meets the psychiatric specialty area requirements under A.A.C. R4-19-505(C).

"Clinical oversight" means as described under 9 A.A.C. 10.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

“Cost avoid” means to avoid payment of a third-party liability claim when the probable existence of third-party liability has been established under 42 CFR 433.139(b).

“Court-ordered evaluation” has the same meaning as “evaluation” in A.R.S. § 36-501.

“Court-ordered pre-petition screening” has the same meaning as “pre-petition screening” in A.R.S. § 36-501.

“Court-ordered treatment” means treatment provided according to A.R.S. Title 36, Chapter 5.

“Crisis services” means immediate and unscheduled behavioral health services provided to a patient to address an acute behavioral health issue affecting the patient.

“Direct supervision” has the same meaning as “supervision” in A.R.S. § 36-401.

“Emergency medical services provider” has the same meaning as in A.R.S. § 36-2201.

“Health care institution” has the same meaning as defined in A.R.S. § 36-401.

“Health care practitioner” means a:

Physician;

Physician assistant;

Nurse practitioner; or

Other individual licensed and authorized by law to use and prescribe medication and devices, as defined in A.R.S. § 32-1901.

“Licensee” means the same as in 9 A.A.C. 10, Article 1.

“Medical practitioner” means a physician, physician assistant, or nurse practitioner.

“Partial care” means a day program of services provided to individual members or groups that is designed to improve the ability of a person to function in a community, and includes basic, therapeutic, and medical day programs.

“Physician assistant” means the same as in A.R.S. § 32-2501 except that when providing a behavioral health service, the physician assistant shall be supervised by an AHCCCS-registered psychiatrist.

“Psychiatrist” means a physician who meets the licensing requirements under A.R.S. § 32-1401 or a doctor of osteopathy who meets the licensing requirements under A.R.S. § 32-1800, and meets the additional requirements of a psychiatrist under A.R.S. § 36-501.

“Psychologist” means a person who meets the licensing requirements under A.R.S. §§ 32-2061 and 36-501.

“Qualified behavioral health service provider” means a behavioral health service provider that meets the requirements of R9-22-1206.

“Respite” means a period of care and supervision of a member to provide rest or relief to a family member or other person caring for the member. Respite provides activities and services to meet the social, emotional, and physical needs of the member during respite.

“TRBHA” or “Tribal Regional Behavioral Health Authority” means a Native American tribe under contract with ADHS/DBHS to coordinate the delivery of behavioral health services to eligible and enrolled members of the federally-recognized tribal nation.

Historical Note

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective September 30, 1993 (Supp. 93-3). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-1202. ADHS, Contractor, Administration and CRS Responsibilities

- A.** ADHS responsibilities. ADHS is responsible for payment of behavioral health services provided to members, except as specified under subsection (D). ADHS’ responsibility for payment of behavioral health services includes claims for inpatient hospital services, which may include physical health services, when the principal diagnosis on the hospital claim is a behavioral health diagnosis. Behavioral health diagnoses are identified as “mental disorders” in the latest International Classification of Diseases (ICD) code set as required by AHC-CCS claims and encounters.
- B.** ADHS/DBHS may contract with a TRBHA for the provision of behavioral health services for American Indian members. American Indian members may receive covered behavioral health services:
 1. From an IHS or tribally operated 638 facility,
 2. From a TRBHA, or
 3. From a RBHA.
- C.** Contractor responsibilities. A contractor shall:
 1. Refer a member to a RBHA under the contract terms;
 2. Provide EPSDT developmental and behavioral health screening as specified in R9-22-213;
 3. Coordinate a member’s transition of care and medical records; and
 4. Be responsible for providing covered inpatient hospital services, which may include behavioral health inpatient hospital services, when the principal diagnosis on the hospital claim is not a behavioral health diagnosis.
- D.** Administration and CRS responsibilities.
 1. The Administration shall be responsible for payment of behavioral health services provided to an ALTCS FFS or an FES member and for behavioral health services provided by IHS and tribally operated 638 facilities. The Administration is also responsible for payment of behavioral health services provided to these members during prior quarter coverage.
 2. CRS shall be responsible for payment of behavioral health services provided to members enrolled with CRS.

Historical Note

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective September 30, 1993 (Supp. 93-3). Amended under an exemption from A.R.S.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4).

Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended to correct typographical errors, filed in the Office of the Secretary of State October 30, 2001 (Supp. 01-4). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4). Amended by final rulemaking at 21 A.A.R. 1225, effective July 7, 2015 (Supp. 15-3).

R9-22-1203. Eligibility for Covered Services

Title XIX members. A member determined eligible under A.R.S. § 36-2901(6)(a) or (g) except for the failure to meet U.S. citizenship or qualified alien status requirements, shall receive medically necessary covered services under Article 12 and Article 2.

Historical Note

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective September 30, 1993 (Supp. 93-3). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Section repealed, new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-1204. General Service Requirements

- A.** Services. Behavioral health services include mental health, substance abuse, and physical services. Medically necessary services shall be covered and service requirements met as described under Article 2 and Article 5.
- B.** Notification to Administration for American Indians enrolled with a tribal contractor. A provider shall notify the Administration no later than 72 hours after an American Indian member enrolled with a tribal contractor presents to a behavioral health hospital for inpatient emergency behavioral health services.
- C.** Restrictions and limitations. Room and board is not a covered service unless provided in a behavioral health inpatient facility under R9-22-1205.

Historical Note

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective September 30, 1993 (Supp. 93-3). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective January 1, 1996; filed

with the Secretary of State December 22, 1995 (Supp. 95-4). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-1205. Scope and Coverage of Behavioral Health Services

- A.** Inpatient behavioral health services. The following inpatient services are covered subject to the limitations and exclusions in this Article and Article 2.
 - 1. Covered inpatient behavioral health services include all behavioral health services, medical detoxification, accommodations and staffing, supplies, and equipment, if the service is provided under the direction of a physician in a Medicare-certified:
 - a. General acute care hospital,
 - b. Inpatient psychiatric unit in a general acute care hospital, or
 - c. Behavioral health hospital.
 - 2. Inpatient service limitations:
 - a. Inpatient services, other than emergency services specified in this Section, are not covered unless prior authorization is obtained.
 - b. Inpatient services and room and board are reimbursed on a per diem basis. The per diem rate includes all services, except the following licensed or certified providers may bill independently for services:
 - i. A licensed psychiatrist,
 - ii. A certified psychiatric nurse practitioner,
 - iii. A licensed physician assistant,
 - iv. A licensed psychologist,
 - v. A licensed clinical social worker,
 - vi. A licensed marriage and family therapist,
 - vii. A licensed professional counselor,
 - viii. A licensed independent substance abuse counselor, and
 - ix. A medical practitioner.
- B.** Behavioral Health Inpatient facility for children. Services provided in a Behavioral Health Inpatient facility for children as defined in 9 A.A.C. 10, Article 3 are covered subject to the limitations and exclusions under this Article.
 - 1. Behavioral Health Inpatient facility for children services are not covered unless provided under the direction of a licensed physician in a licensed Behavioral Health Inpatient facility for children accredited by an AHCCCS-approved accrediting body as specified in contract.
 - 2. Covered Behavioral Health Inpatient facility for children services include room and board and treatment services for behavioral health and substance abuse conditions.
 - 3. Inpatient Behavioral Health Inpatient facility for children service limitations.
 - a. Services are not covered unless prior authorized, except for emergency services as specified in this Section.
 - b. Services are reimbursed on a per diem basis. The per diem rate includes all services, except the following licensed or certified providers may bill independently for services:
 - i. A licensed psychiatrist,
 - ii. A certified psychiatric nurse practitioner,
 - iii. A licensed physician assistant,

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- iv. A licensed psychologist,
 - v. A licensed clinical social worker,
 - vi. A licensed marriage and family therapist,
 - vii. A licensed professional counselor,
 - viii. A licensed independent substance abuse counselor, and
 - ix. A medical practitioner.
4. The following may be billed independently if prescribed by a provider as specified in this Section who is operating within the scope of practice:
- a. Laboratory services, and
 - b. Radiology services.
- C. Covered Inpatient sub-acute agency services.** Services provided in a inpatient sub-acute facility as defined in 9 A.A.C. 10, Article 1 are covered subject to the limitations and exclusions under this Article.
- 1. Inpatient sub-acute facility services are not covered unless provided under the direction of a licensed physician in a licensed inpatient sub-acute facility that is accredited by an AHCCCS-approved accrediting body.
 - 2. Covered Inpatient sub-acute facility services include room and board and treatment services for behavioral health and substance abuse conditions.
 - 3. Services are reimbursed on a per diem basis. The per diem rate includes all services, except the following licensed or certified providers may bill independently for services:
 - a. A licensed psychiatrist,
 - b. A certified psychiatric nurse practitioner,
 - c. A licensed physician assistant,
 - d. A licensed psychologist,
 - e. A licensed clinical social worker,
 - f. A licensed marriage and family therapist,
 - g. A licensed professional counselor,
 - h. A licensed independent substance abuse counselor, and
 - i. A medical practitioner.
 - 4. The following may be billed independently if prescribed by a provider specified in this Section who is operating within the scope of practice:
 - a. Laboratory services, and
 - b. Radiology services.
- D. Behavioral health residential facility services.** Services provided in a licensed behavioral health residential facility as defined in 9 A.A.C. 10, Article 1 are covered subject to the limitations and exclusions under this Article.
- 1. Behavioral health residential facility services are not covered unless provided by a licensed behavioral health residential facility.
 - 2. Covered services include all non-prescription drugs as defined in A.R.S. § 32-1901, non-customized medical supplies, and clinical oversight or direct supervision of the behavioral health residential facility staff, whichever is applicable. Room and board are not covered services.
 - 3. The following licensed and certified providers may bill independently for services:
 - a. A licensed psychiatrist,
 - b. A certified psychiatric nurse practitioner,
 - c. A licensed physician assistant,
 - d. A licensed psychologist,
 - e. A licensed clinical social worker,
 - f. A licensed marriage and family therapist,
 - g. A licensed professional counselor,
 - h. A licensed independent substance abuse counselor, and
- E. Partial care.** Partial care services are covered subject to the limitations and exclusions in this Article.
- 1. Partial care services are not covered unless provided by a licensed and AHCCCS-registered behavioral health agency that provides a regularly scheduled day program of individual member, group, or family activities that are designed to improve the ability of the member to function in the community. Partial care services include basic, therapeutic, and medical day programs.
 - 2. Partial care services. Educational services that are therapeutic and are included in the member's behavioral health treatment plan are included in per diem reimbursement for partial care services.
- F. Outpatient services.** Outpatient services are covered subject to the limitations and exclusions in this Article and Article 2.
- 1. Outpatient services include the following:
 - a. Screening provided by a behavioral health professional or a behavioral health technician as defined in R9-22-1201;
 - b. A behavioral health assessment provided by a behavioral health professional or a behavioral health technician;
 - c. Counseling including individual therapy, group therapy, and family therapy provided by a behavioral health professional or a behavioral health technician;
 - d. Behavior management services as defined in R9-22-1201; and
 - e. Psychosocial rehabilitation services as defined in R9-22-201.
 - 2. Outpatient service limitations.
 - a. The following licensed or certified providers may bill independently for outpatient services:
 - i. A licensed psychiatrist;
 - ii. A certified psychiatric nurse practitioner;
 - iii. A licensed physician assistant as defined in R9-22-1201;
 - iv. A licensed psychologist;
 - v. A licensed clinical social worker;
 - vi. A licensed professional counselor;
 - vii. A licensed marriage and family therapist;
 - viii. A licensed independent substance abuse counselor;
 - ix. A medical practitioner; and
 - x. An outpatient treatment center or substance abuse transitional facility licensed under 9 A.A.C. 10, Article 14, that is an AHCCCS-registered provider.
 - b. A behavioral health practitioner not specified in subsections (F)(2)(a)(i) through (x), who is contracted with or employed by an AHCCCS-registered behavioral health agency shall not bill independently.
- G. Emergency behavioral health services** are covered subject to the limitations and exclusions under this Article. In order to be covered, behavioral health services shall be provided by qualified service providers under R9-22-1206. ADHS/DBHS shall ensure that emergency behavioral health services are available 24 hours per day, seven days per week in each GSA for an emergency behavioral health condition for a non-FES member as defined in R9-22-201.
- H. Other covered behavioral health services.** Other covered behavioral health services include:
- 1. Case management as defined in 9 A.A.C. 10, Article 1;
 - 2. Laboratory and radiology services for behavioral health diagnosis and medication management;
 - 3. Medication;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

4. Monitoring, administration, and adjustment for psychotropic medication and related medications;
 5. Respite care as described within subsection (J);
 6. Behavioral health therapeutic home care services provided by a RBHA in a professional foster home defined in 6 A.A.C. 5, Article 58 or in an adult behavioral health therapeutic home as defined in 9 A.A.C. 10, Article 1;
 8. Other support services to maintain or increase the member's self-sufficiency and ability to live outside an institution.
- I.** Transportation services. Transportation services are covered under R9-22-211.
- J.** Limited Behavioral Health services. Respite services are limited to no more than 600 hours per benefit year.

Historical Note

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective September 30, 1993 (Supp. 93-3). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Section repealed, new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 5480, effective December 6, 2005 (Supp. 05-4). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Amended by exempt rulemaking at 17 A.A.R. 1870, effective October 1, 2011 (Supp. 11-3). Amended by final rulemaking at 19 A.A.R. 2747, effective October 8, 2013 (Supp. 13-3). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-1206. Repealed**Historical Note**

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective September 30, 1993 (Supp. 93-3). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Section repealed, new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Repealed by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-1207. General Provisions for Payment

- A.** Claims submissions.
1. A provider of behavioral health services shall submit a claim for non-emergency behavioral health services provided to a member to the appropriate RBHA.
 2. A provider of behavioral health services shall submit a claim for non-inpatient emergency behavioral health services provided to a member to the appropriate RBHA.

3. A provider of behavioral health services shall submit a claim for non-inpatient emergency behavioral health services provided to a member enrolled in a TRBHA to the Administration.
 4. A provider of behavioral health services shall submit a claim for non-emergency behavioral health services provided to a member enrolled in a TRBHA to the Administration.
 5. A provider of emergency behavioral health services, that are the responsibility of ADHS/DBHS or a contractor, shall submit a claim to the entity responsible for emergency behavioral health services under R9-22-210.01(A).
 6. A provider shall comply with the time-frames and other payment procedures in Article 7 of this Chapter, if applicable, and A.R.S. § 36-2904.
 7. ADHS/DBHS or a contractor, whichever entity is responsible for covering behavioral health services, shall cost avoid any behavioral health service claims if it establishes the existence or probable existence of first-party liability or third-party liability.
- B.** Prior authorization. Payment to a provider for behavioral health services or items requiring prior authorization may be denied if a provider does not obtain prior authorization from a RBHA, ADHS/DBHS, a TRBHA, the Administration or a contractor.

Historical Note

Adopted under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1992, Ch. 301, § 61, effective November 1, 1992; received in the Office of the Secretary of State November 25, 1992 (Supp. 92-4). Amended under an exemption from A.R.S. Title 41, Ch. 6, pursuant to Laws 1995, Ch. 204, § 11, effective October 1, 1995; filed with the Secretary of State September 29, 1995 (Supp. 95-4). Section repealed; new Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by final rulemaking at 13 A.A.R. 836, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 20 A.A.R. 3098, effective January 4, 2015 (Supp. 14-4).

R9-22-1208. Repealed**Historical Note**

New Section adopted by final rulemaking at 6 A.A.R. 179, effective December 13, 1999 (Supp. 99-4). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 11 A.A.R. 5480, effective December 6, 2005 (Supp. 05-4).

ARTICLE 13. CHILDREN'S REHABILITATIVE SERVICES (CRS)

Article 13, consisting of Sections R9-22-1301 through R9-22-1306, made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3).

Article 13, consisting of Sections R9-22-1301 through R9-22-1306, made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Exemption to promulgate rules repealed under Laws 2012, Chapter 299, Section 7 (Supp. 13-3).

Article 13, consisting of Sections R9-22-1301 through R9-22-1309, repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004. The subject matter of Article 13 is now in 9 A.A.C. 34 (Supp. 04-1).

R9-22-1301. Children's Rehabilitative Services (CRS) related Definitions

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning:

“Active treatment” means there is a current need for treatment of the CRS qualifying condition(s) or it is anticipated that treatment or evaluation for continuing treatment of the CRS qualifying condition(s) will be needed within the next 18 months from the last date of service for treatment of any CRS qualifying condition.

“CRS application” means a submitted form with any additional documentation required by the Administration to determine whether an individual is medically eligible for CRS.

“CRS condition” means a list of medical condition(s) in R9-22-1303 and which are referred to as covered conditions in A.R.S. § 36-2912.

“Functionally limiting” means a restriction having a significant effect on an individual’s ability to perform an activity of daily living as determined by a provider.

“Medically eligible” means meeting the medical eligibility requirements of R9-22-1303.

“Redetermination” means a decision made by the Administration regarding whether a member continues to meet the requirements in R9-22-1302.

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3).
Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3).
Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 21 A.A.R. 2022, effective October 1, 2015 (Supp. 15-3).

R9-22-1302. Children’s Rehabilitative Services (CRS) Eligibility Requirements

Beginning October 1, 2013, an AHCCCS member who needs active treatment for one or more of the qualifying medical condition(s) in R9-22-1303 shall be given a CRS Designation. An American Indian member can choose to receive CRS services through an American Indian Health Plan or a contractor. A member enrolled in CMDP shall obtain CRS services through CMDP. The contractor shall provide covered services necessary to treat the condition(s) and other services described within the contract. The effective date of the CRS Designation shall be as specified in contract.

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3).
Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3).
Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 24 A.A.R. 2855, effective November 16, 2018 (Supp. 18-3).

R9-22-1303. Medical Eligibility

The following lists identify those medical condition(s) that do qualify for CRS services as well as those that do not qualify for CRS services. The list of condition(s) that qualify for a CRS Designation

is all inclusive. The list of condition(s) that do not qualify for a CRS Designation is not an all-inclusive list.

1. Cardiovascular System
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Arrhythmia,
 - ii. Arteriovenous fistula,
 - iii. Cardiomyopathy,
 - iv. Conduction defect,
 - v. Congenital heart defect other than isolated small Ventricular Septal Defects (VSD), Patent Ductus Arteriosus (PDA), Atrial Septal Defects (ASD),
 - vi. Coronary artery and aortic aneurysm,
 - vii. Renal vascular hypertension,
 - viii. Rheumatic heart disease, and
 - ix. Valvular disorder.
 - b. Condition(s) not medically eligible for CRS:
 - i. Arteriovenous fistula that is not expected to cause cardiac failure or threaten loss of function;
 - ii. Benign heart murmur;
 - iii. Branch artery pulmonary stenosis;
 - iv. Essential hypertension;
 - v. Patent foramen ovale (PFO);
 - vi. Peripheral pulmonary stenosis;
 - vii. Postural orthopedic tachycardia; and
 - viii. Premature atrial, nodal or ventricular contractions that are of no hemodynamic significance.
2. Endocrine system:
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Addison’s disease,
 - ii. Adrenogenital syndrome,
 - iii. Cystic fibrosis (including atypical cystic fibrosis),
 - iv. Diabetes insipidus,
 - v. Hyperparathyroidism,
 - vi. Hyperthyroidism,
 - vii. Hypoparathyroidism, and
 - viii. Panhypopituitarism.
 - b. Condition(s) not medically eligible for CRS
 - i. Diabetes mellitus,
 - ii. Hypopituitarism associated with a malignancy and requiring treatment of less than 90 days,
 - iii. Isolated growth hormone deficiency, and
 - iv. Precocious puberty.
3. Genitourinary system medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Ambiguous genitalia,
 - ii. Bladder extrophy,
 - iii. Deformity and dysfunction of the genitourinary system secondary to trauma 90 days or more after the trauma occurred,
 - iv. Ectopic ureter,
 - v. Hydronephrosis, that is not resolved with antibiotics,
 - vi. Polycystic and multicystic kidneys,
 - vii. Pyelonephritis when treatment with drugs or biologicals has failed to cure or ameliorate and surgical intervention is required,
 - viii. Ureteral stricture, and
 - ix. Vesicoureteral reflux, at a grade 3 or higher.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. Condition(s) not medically eligible for CRS:
 - i. Enuresis,
 - ii. Hydrocele,
 - iii. Hypospadias,
 - iv. Meatal stenosis,
 - v. Nephritis, infectious or noninfectious,
 - vi. Nephrosis,
 - vii. Phimosis, and
 - viii. Undescended testicle.
 4. Ear, nose, or throat medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Cholesteatoma,
 - ii. Congenital/Craniofacial anomaly that is functionally limiting,
 - iii. Deformity and dysfunction of the ear, nose, or throat secondary to trauma, 90 days or more after the trauma occurred,
 - iv. Mastoiditis that continues 90 days or more after the first diagnosis of the condition,
 - v. Microtia that requires multiple surgical interventions,
 - vi. Neurosensory hearing loss, and
 - vii. Significant conductive hearing loss due to an anomaly in one ear or both ears equal to or greater than a pure tone average of 30 decibels that despite medical treatment, requires a hearing aid.
 - b. Condition(s) not medically eligible for CRS:
 - i. A craniofacial anomaly that is not functionally limiting,
 - ii. Adenoiditis,
 - iii. Cranial or temporal mandibular joint syndrome,
 - iv. Hypertrophic lingual frenum,
 - v. Isolated preauricular tag or pit,
 - vi. Nasal polyp,
 - vii. Obstructive apnea,
 - viii. Perforation of the tympanic membrane,
 - ix. Recurrent otitis media,
 - x. Simple deviated nasal septum,
 - xi. Sinusitis,
 - xii. Tonsillitis, and
 - xiii. Uncontrolled salivation.
 5. Musculoskeletal system medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Achondroplasia,
 - ii. Arthrogryposis (multiple joint contractures),
 - iii. Bone infection that continues 90 days or more after the initial diagnosis,
 - iv. Chondrodysplasia,
 - v. Chondroectodermal dysplasia,
 - vi. Clubfoot,
 - vii. Collagen vascular disease, including but not limited to, ankylosis spondylitis, polymyositis, dermatomyositis, polyarteritis nodosa, psoriatic arthritis, scleroderma, rheumatoid arthritis and lupus,
 - viii. Congenital or developmental cervical spine abnormality,
 - ix. Congenital spinal deformity,
 - x. Diastrophic dysplasia,
 - xi. Enchondromatosis,
 - xii. Femoral anteversion and tibial torsion,
 - xiii. Fibrous dysplasia,
 - xiv. Hip dysplasia,
 - xv. Hypochondroplasia,
 - xvi. Joint infection that continues 90 days or more after the initial diagnosis,
 - xvii. Juvenile rheumatoid arthritis,
 - xviii. Kyphosis (Scheurmann's Kyphosis) 50 degrees or over,
 - xix. Larsen syndrome,
 - xx. Leg length discrepancy of two centimeters or more,
 - xxi. Legg-Calve-Perthes disease,
 - xxii. Limb amputation or limb malformation,
 - xxiii. Metaphyseal and epiphyseal dysplasia,
 - xxiv. Metatarsus adductus,
 - xxv. Muscular dystrophy,
 - xxvi. Orthopedic complications of hemophilia,
 - xxvii. Osgood Schlatter's disease that requires surgical intervention,
 - xxviii. Osteogenesis imperfecta,
 - xxix. Rickets,
 - xxx. Scoliosis when 25 degrees or greater, or when there is a need for bracing or surgery,
 - xxxi. Seronegative spondyloarthropathy such as Reiters, psoriatic arthritis, and ankylosing spondylitis,
 - xxxii. Slipped capital femoral epiphysis,
 - xxxiii. Spinal muscle atrophy,
 - xxxiv. Spondyloepiphyseal dysplasia, and
 - xxxv. Syndactyly.
 - b. Condition(s) not medically eligible for CRS:
 - i. Back pain with no structural abnormality,
 - ii. Benign bone tumor,
 - iii. Bunion,
 - iv. Carpal tunnel syndrome,
 - v. Deformity and dysfunction secondary to trauma or injury,
 - vi. Ehlers Danlos,
 - vii. Flat foot,
 - viii. Fracture,
 - ix. Ganglion cyst,
 - x. Ingrown toenail,
 - xi. Kyphosis under 50 degrees,
 - xii. Leg length discrepancy of less than two centimeters at skeletal maturity,
 - xiii. Polydactyly without bone involvement,
 - xiv. Popliteal cyst,
 - xv. Trigger finger, and
 - xvi. Varus and valgus deformities.
 6. Gastrointestinal system medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Anorectal atresia,
 - ii. Biliary atresia,
 - iii. Cleft lip,
 - iv. Cleft palate,
 - v. Congenital atresia, stenosis, fistula, or rotational abnormalities of the gastrointestinal tract,
 - vi. Deformity and dysfunction of the gastrointestinal system secondary to trauma, 90 days or more after the trauma occurred,
 - vii. Diaphragmatic hernia,
 - viii. Gastroschisis,
 - ix. Hirschsprung's disease,
 - x. Omphalocele, and
 - xi. Tracheoesophageal fistula.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. Condition(s) not medically eligible for CRS:
 - i. Celiac disease,
 - ii. Crohn's disease,
 - iii. Hernia other than a diaphragmatic hernia,
 - iv. Intestinal polyp,
 - v. Malabsorption syndrome, also known as short bowel syndrome,
 - vi. Pyloric stenosis,
 - vii. Ulcer disease, and
 - viii. Ulcerative colitis.
 7. Nervous system medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Benign intracranial tumor,
 - ii. Benign intraspinal tumor,
 - iii. Central nervous system degenerative disease,
 - iv. Central nervous system malformation or structural abnormality,
 - v. Cerebral palsy,
 - vi. Craniosynostosis requiring surgery,
 - vii. Deformity and dysfunction secondary to trauma in an individual that continues 90 days or more after the incident,
 - viii. Hydrocephalus,
 - ix. Muscular dystrophy or other myopathy,
 - x. Myelomeningocele, also known as spina bifida,
 - xi. Myoneural disorder, including but not limited to, amyotrophic Lateral Sclerosis or ALS, myasthenia gravis, Eaton-Lambert syndrome, muscular dystrophy, troyer sclerosis, polymyositis, dermatomyositis, progressive bulbar palsy, polio,
 - xii. Neurofibromatosis,
 - xiii. Neuropathy/polyneuropathy, hereditary or idiopathic,
 - xiv. Residual dysfunction that continues 90 days or more after a vascular accident, inflammatory condition, or infection of the central nervous system,
 - xv. Residual dysfunction that continues 90 days or more after near drowning,
 - xvi. Residual dysfunction that continues 90 days or more after the spinal cord injury, and
 - xvii. Uncontrolled seizure disorder, in which there have been more than two seizures with documented compliance of one or more medications.
 - b. Condition(s) not medically eligible for CRS:
 - i. Central apnea secondary to prematurity,
 - ii. Febrile seizures,
 - iii. Headaches,
 - iv. Near sudden infant death syndrome,
 - v. Plagiocephaly, and
 - vi. Spina bifida occulta.
 8. Ophthalmology:
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Cataracts,
 - ii. Disorder of the iris, ciliary bodies, retina, lens, or cornea,
 - iii. Disorder of the optic nerve,
 - iv. Glaucoma,
 - v. Non-malignant enucleation and post-enucleation reconstruction, and
 - vi. Retinopathy of prematurity.
 - b. Condition(s) not medically eligible for CRS:
 - i. Astigmatism,
 - ii. Ptosis,
 - iii. Simple refraction error, and
 - iv. Strabismus.
 9. Respiratory system medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. Anomaly of the larynx, trachea, or bronchi that requires surgery, and
 - ii. Nonmalignant obstructive lesion of the larynx, trachea, or bronchi.
 - b. Condition(s) not medically eligible for CRS:
 - i. Allergies,
 - ii. Asthma,
 - iii. Bronchopulmonary dysplasia,
 - iv. Chronic obstructive pulmonary disease,
 - v. Emphysema, and
 - vi. Respiratory distress syndrome.
 10. Dermatological system medical condition(s):
 - a. CRS condition(s) that qualify for CRS medical eligibility:
 - i. A burn scar that is functionally limiting,
 - ii. A hemangioma that is functionally limiting that requires laser or surgery,
 - iii. Complicated nevi requiring multiple procedures,
 - iv. Cystic hygroma such as lymphangioma, and
 - v. Malocclusion that is functionally limiting.
 - b. Condition(s) not medically eligible for CRS:
 - i. A deformity that is not functionally limiting,
 - ii. Ectodermal dysplasia,
 - iii. Isolated malocclusion that is not functionally limiting,
 - iv. Pilonidal cyst,
 - v. Port wine stain,
 - vi. Sebaceous cyst,
 - vii. Simple nevi, and
 - viii. Skin tag.
 11. Metabolic CRS condition(s) that qualify for CRS medical eligibility:
 - a. Amino acid or organic acidopathy,
 - b. Biotinidase deficiency,
 - c. Homocystinuria,
 - d. Inborn error of metabolism,
 - e. Maple syrup urine disease,
 - f. Phenylketonuria, and
 - g. Storage disease.
 12. Hemoglobinopathies CRS condition(s) that qualify for CRS medical eligibility:
 - a. Sickle cell anemia, and
 - b. Thalassemia.
 13. Additional medical/behavioral condition(s) which are not medically eligible for CRS:
 - a. Allergies,
 - b. Anorexia nervosa or obesity,
 - c. Attention deficit disorder,
 - d. Autism,
 - e. Cancer,
 - f. Depression or other mental illness,
 - g. Developmental delay,
 - h. Dyslexia or other learning disabilities,
 - i. Failure to thrive,
 - j. Hyperactivity, and
 - k. Immunodeficiency, such as AIDS and HIV.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 21 A.A.R. 2022, effective October 1, 2015 (Supp. 15-3). Amended by final rulemaking at 24 A.A.R. 2855, effective November 16, 2018 (Supp. 18-3).

R9-22-1304. Referral and Disposition of CRS Medical Eligibility Determination

- A. To refer an individual for a CRS medical eligibility determination a person shall submit to the Administration the following information:
1. CRS application;
 2. Documentation from a specialist who diagnosed the individual, stating the individual's diagnosis;
 3. Diagnostic test results that support the individual's diagnosis; and
 4. Documentation of the individual's need for specialized treatment of the CRS condition through medical, surgical, or therapy modalities.
- B. The Administration shall notify the CRS applicant, member or authorized representative of the outcome of the determination within 60 days of receipt of information required under subsection (A). The member may appeal the determination under Chapter 34.

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 21 A.A.R. 2022, effective October 1, 2015 (Supp. 15-3).

R9-22-1305. CRS Redetermination

- A. Continued eligibility for CRS services shall be redetermined by verifying active treatment status of the CRS qualifying medical condition(s) as follows:
1. The contractor is responsible for notifying the AHCCCS Administration of the date when a member with a CRS Designation is no longer in active treatment for the qualifying condition(s).
 2. The Administration may request, at any time, that the contractor submit the medical documentation to the Administration for a CRS medical redetermination within the specified time-frames in contract.
 3. The Administration shall notify the member or authorized representative of the outcome of the redetermination.
- B. If the Administration determines that a member is no longer medically eligible for a CRS Designation, the Administration shall provide the member or authorized representative a written notice that informs the member that the Administration is ending the member's CRS Designation. The member may appeal the redetermination under A.A.C. Title 9, Chapter 34.

- C. Upon reaching his or her 21st birthday, the member's CRS Designation will be ended.

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 24 A.A.R. 2855, effective November 16, 2018 (Supp. 18-3).

R9-22-1306. Repealed**Historical Note**

Adopted effective September 9, 1998 (Supp. 98-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3). Repealed by final rulemaking at 24 A.A.R. 2855, effective November 16, 2018 (Supp. 18-3).

R9-22-1307. Covered Services

The Administration will cover medically necessary services as described within Article 2 unless otherwise specified in contract.

Historical Note

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1). Section made by exempt rulemaking at 18 A.A.R. 2074, effective August 1, 2012 (Supp. 12-3). Rulemaking exemption repealed by Laws, 2012, Ch. 299, Section 7; therefore a new Section was made by final rulemaking at 19 A.A.R. 2954, effective November 10, 2013 (Supp. 13-3).

R9-22-1308. Repealed**Historical Note**

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

R9-22-1309. Repealed**Historical Note**

Adopted effective September 9, 1998 (Supp. 98-3). Amended by final rulemaking at 6 A.A.R. 3317, effective August 7, 2000 (Supp. 00-3). Section repealed by final rulemaking at 10 A.A.R. 808, effective April 3, 2004 (Supp. 04-1).

ARTICLE 14. AHCCCS MEDICAL COVERAGE FOR HOUSEHOLDS**R9-22-1401. General Information**

- A. Scope. This Article contains eligibility criteria to determine whether a household or individual is eligible for AHCCCS

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

medical coverage. Eligibility criteria described under Article 3 applies to this Article.

- B. Definitions.** In addition to definitions contained in R9-22-101 and A.R.S. § 36-2901, the words and phrases in this Article, Article 3 and Article 15 have the following meanings unless the context explicitly requires another meaning:

“Burial plot” means a space reserved in a cemetery, crypt, vault, or mausoleum for the remains of a deceased person.

Caretaker relative” means:

A parent of a dependent child with whom the child is living;

When the dependent child does not live with a parent or the parent in the home is incapacitated, another relative of the child by blood, adoption, or marriage in the home who assumes primary responsibility for the child’s care; or

A woman in her third trimester of pregnancy with no other dependent children.

“Cash assistance” means a program administered by the Department that provides assistance to needy families with dependent children under 42 U.S.C. 601 et seq.

“Dependent child” means a child under the age of 18, or if age 18 is a full-time student in secondary school or equivalent vocational or technical training, if reasonably expected to complete such school or training before turning age 19.

“MAGI – based income” means Modified Adjusted Gross Income as defined under 42 CFR 435.603(e).

“Medical expense deduction” or “MED” means the cost of the following expenses if incurred in the United States:

A medical service or supply that would be covered if provided to an AHCCCS member of any age under Articles 2 and 12 of this Chapter;

A medical service or supply that would be covered if provided to an Arizona Long-term Care System member under 9 A.A.C. 28, Articles 2 and 11;

Other necessary medical services provided by a licensed practitioner or physician;

Assistance with daily living if the assistance is documented in an individual plan of care by a nurse, social service worker, registered therapist, or dietitian under the supervision of a physician except when provided by the spouse of an applicant or the parent of a minor child;

Medical services provided in a licensed nursing home or in an alternative HCBS setting under R9-28-101;

Purchasing and maintaining an animal guide or service animal for the assistance of a member of the MED family unit under R9-22-1436; and

Health insurance premiums, deductibles, and coinsurance, if the insured is a member of the MED family unit.

“Monthly income” means the gross countable income received or projected to be received during the month or the monthly equivalent.

“Monthly equivalent” means a monthly countable income amount established by averaging, prorating, or converting a person’s income.

“Spendthrift restriction” means a legal restriction on the use of a resource that prevents a payee or beneficiary from alienating the resource.

“Tax dependent” is described under 42 CFR 435.4.

“Taxpayer” means a person who expects to file a tax return, and does not expect to be claimed as a tax dependent by another person.

“Title IV-D” means Title IV-D of the Social Security Act, 42 U.S.C. 651-669, the statutes establishing the child support enforcement and paternity program.

“Title IV-E” means Title IV-E of the Social Security Act 42 U.S.C. 670-679, the statutes establishing the foster care and adoption assistance programs.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1402. Repealed

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1403. Agency Responsible for Determining Eligibility

The Administration or its designee shall determine eligibility under the provisions of this Article. The Administration or its designee shall not discriminate against an applicant or member because of race, color, creed, religion, ancestry, national origin, age, sex, or physical or mental disability.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1404. Repealed

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1405. Repealed

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1406. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1407. Deceased Applicants

- A. If an applicant dies while an application is pending, the Administration or Administration's designee shall complete an eligibility determination for all applicants listed on the application, including the deceased applicant.
- B. The Administration or Administration's designee shall complete an eligibility determination on an application filed on behalf of a deceased applicant.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1). Amended by final rulemaking at 19 A.A.R. 3309, November 30, 2013 (Supp. 13-4).

R9-22-1408. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1409. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005

(Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1410. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Section repealed; new Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1411. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1412. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by exempt rulemaking at 10 A.A.R. 23, effective December 9, 2003 (Supp. 03-4). Amended by exempt rulemaking at 10 A.A.R. 4588, effective October 12, 2004 (Supp. 04-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1413. Time-frames, Reinstatement of an Application

- A. The Administration or its designee shall complete an eligibility determination under R9-22-306(A)(1) unless:
 1. The applicant is pregnant. The Administration or its designee shall complete an eligibility determination for a pregnant woman within 20 days after the application date unless additional information is required to determine eligibility; or
 2. The applicant is in a hospital as an inpatient at the time of application. Within seven days of the Administration or its designee's receipt of a signed application the Administration or its designee shall complete an eligibility determination if the Administration or its designee does not need additional information or verification to determine eligibility.
- B. The Administration or its designee shall reopen or reinstate eligibility of an individual who is discontinued for failure to submit the renewal form or necessary information, without requiring a new application, if the individual submits the renewal form or necessary information within 90 days after the date of discontinuance.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1414. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1415. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1416. Effective Date of Eligibility

- A. Except as provided in R9-22-303 and subsections (B), (C) and (D), the effective date of eligibility is the first day of the month that the applicant files an application if the applicant is eligible that month, or the first day of the first eligible month following the application month except for:
 1. The MED program under R9-22-1439, and
 2. Eligibility for a newborn under R9-22-1429.
- B. The effective date of eligibility for an applicant who moves into Arizona is no sooner than the date Arizona residency is established.
- C. The effective date of eligibility for an inmate applying for medical coverage is the date the applicant no longer meets the definition of an inmate of a public institution.
- D. The effective date of eligibility for a newborn is no sooner than the date of birth.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1417. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005

(Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1418. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1419. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1419.01. Repealed**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Section repealed by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1419.02. Repealed**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Section repealed by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1419.03. Repealed**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Section repealed by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1419.04. Repealed**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Section repealed by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1420. Income Eligibility Criteria

- A. Evaluation of income. In determining eligibility, the Administration or its designee shall evaluate the following types of income received by a person identified in subsection (B):
 1. Earned income, including in-kind income, before any deductions. For purposes of this Section, in-kind income means room, board, or provision for other needs in exchange for work performed. The person identified in subsection (B) shall ensure that the provider of the in-kind income establishes and verifies the monetary value

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

of the item provided. The provider may be, but is not limited to:

- a. A landlord who provides all or a portion of rent or utilities in exchange for services;
 - b. A store owner who gives goods such as groceries, clothes, or furniture in exchange for services; or
 - c. An individual who trades goods such as a car, tools, trailer, building material, or gasoline in exchange for services;
2. Self-employment income under R9-22-1424, including gross business receipts minus business expenses; and
 3. Unearned income, including deemed income under R9-22-317 from the sponsor of a non-citizen applicant.

B. MAGI income group. The Administration or its designee shall include the following persons in the MAGI income group:

1. When the applicant is a taxpayer include:
 - a. The applicant,
 - b. Everyone the applicant expects to claim as a tax dependent for the current year, and
 - c. The applicant's spouse, when living with the applicant.
2. Except as provided in subsection (B)(3), when the applicant expects to be claimed as a tax dependent for the current year include:
 - a. The taxpayer claiming the applicant,
 - b. Everyone else the taxpayer expects to claim as a tax dependent,
 - c. The taxpayer's spouse when living with the taxpayer, and
 - d. The applicant's spouse, when living with the applicant.
3. When any of the following apply, determine the persons whose income is included as described in subsection (4)(a) or (4)(b) based on the applicant's age:
 - a. The applicant expects to be claimed as a tax dependent by someone other than a spouse or natural, adopted or step-parent;
 - b. The applicant is under age 19, expects to be claimed as a tax dependent by a natural, adopted or step-parent, lives with more than one such parent and the parents do not expect to file a joint tax return; or
 - c. The applicant is under age 19 and expects to be claimed as a tax dependent by a non-custodial parent.
4. When the applicant is not a taxpayer, does not expect to be claimed as a tax dependent and is:
 - a. Under age 19. Include the income of the applicant and when living with the applicant, the applicant's:
 - i. Spouse;
 - ii. Natural, adopted and step-children;
 - iii. Natural, adopted and step-parents;
 - iv. Natural, adopted and step-siblings; and
 - b. Age 19 or older. Include the income of the applicant and when living with the applicant, the applicant's:
 - i. Spouse;
 - ii. Natural, adopted and step-children under age 19.
5. When the applicant is a pregnant woman, the Administration or its designee shall also include the number of expected babies only for the pregnant woman's income group.
6. When the taxpayer cannot reasonably establish that a person is the taxpayer's tax dependent, inclusion of the person in the taxpayer's MAGI income group is determined as provided in subsection (B)(4).

C. A person whose income is counted. The Administration or its designee shall count the MAGI-based income of all members of an applicant's MAGI income group with the following exceptions:

1. The income of an individual who is included in the MAGI income group of his or her natural, adoptive or step parent and is not expected to be required to file a tax return for the year in which eligibility for Medicaid is being determined, is not counted whether or not the individual files a tax return.
2. The income of a tax dependent other than the taxpayer's spouse or biological, adopted or stepchild who is not expected to be required to file a tax return for the year in which eligibility for Medicaid is being determined is not counted when the tax dependent is included in the taxpayer's MAGI income group, whether or not the tax dependent files a tax return.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1421. MAGI based Income Eligibility

- A.** In determining eligibility, if an individual would otherwise be ineligible under this Article due to excess income, the Administration or its designee shall subtract an amount equivalent to five percentage points of the Federal Poverty Level (FPL) from the household income.
- B.** A person is eligible under this Article when:
1. Subject to subsection (A), the monthly household income does not exceed the appropriate FPL;
 2. If ineligible under (B)(1), the household income determined in accordance with 26 CFR 1.36B-1(e) is below 100 percent FPL; or
 3. For eligibility under R9-22-1437, the person's income during the period defined in R9-22-1437(C) does not exceed the FPL under R9-22-1437(B).
- C.** The Administration or its designee shall consider the following factors when determining the income period to use to determine monthly income:
1. Type of income,
 2. Frequency of income,
 3. If source of income is new or terminated, or
 4. Income fluctuation.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1422. Methods for Calculating Monthly Income

- A.** Projecting income.
1. Description. Projecting income is a method of determining the amount of income that a person will receive.
 2. Calculation. The Administration or its designee shall project income by:
 - a. Converting income to a monthly equivalent,

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. Using unconverted income, or
 - c. Prorating income to determine a monthly equivalent.
- 3. Exclusion. When calculating projected monthly income, the Administration or its designee shall exclude an unusual variation in income under R9-22-1424(E), except for a month in which the variation is anticipated to occur.
- B. Averaged income.**
 - 1. Description. Averaging income proportionally distributes the person's income received on a regular basis.
 - 2. Calculation. To average income, the Administration or its designee shall add the amount of the income and divide by the total number of pay periods. If the amount of income received per pay period fluctuates, and the fluctuation is expected to continue, the Administration or its designee shall:
 - a. Use the averaged weekly or bi-weekly amounts to convert weekly or bi-weekly income to a monthly equivalent;
 - b. Use the averaged monthly or semi-monthly amounts to project monthly income; and
 - c. Use the averaged hours worked and multiply the average by the current rate of pay. If there is a change in the rate of pay, use the new rate of pay when calculating projected income under subsection (A).
- C. Prorated income.**
 - 1. Description. Prorated income evenly distributes a person's income over the period the income is intended to cover to calculate a monthly equivalent.
 - 2. Calculation. To prorate income, the Administration or its designee shall divide the total amount of the person's income received during the period by the number of months that the income is intended to cover.
- D. Converted income.**
 - 1. Description. Converted income is income received weekly or biweekly that is changed to a monthly equivalent.
 - 2. Calculation.
 - a. The Administration or its designee shall average the weekly or bi-weekly income amounts before converting to the monthly equivalent if the person's past income fluctuates and the fluctuation is expected to recur.
 - b. To convert income paid weekly to a monthly equivalent, the Administration or its designee shall multiply the weekly average by 4.3 weeks.
 - c. To convert income paid bi-weekly to a monthly equivalent, the Administration or its designee shall multiply the bi-weekly average by 2.15 weeks.
- E. Unconverted income.**
 - 1. Description. Unconverted income is the actual amount of income received or projected to be received during a month.
 - 2. Calculation. The Administration or its designee shall sum the actual amount of income received or projected to be received during a month.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005

(Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1423. Calculations and Use of Methods Listed in R9-22-1422 Based on Frequency of Income

- A. Monthly income.** If otherwise countable income is received monthly or in a lump sum, the Administration or its designee shall use the unconverted method for calculating monthly income.
 - 1. Lump sum means a nonrecurring payment that serves as a complete payment.
 - 2. Lump sum payments include but are not limited to: rebates or credits; inheritances; insurance settlements; and payments for prior months from such sources as Social Security, Railroad Retirement, or other benefits.
 - 3. A lump sum payment may include a portion intended for the current month.
- B. Weekly income.** If income is received weekly, the Administration or its designee shall convert the income to a monthly equivalent under R9-22-1422(D).
- C. Bi-weekly income.** If income is received bi-weekly, the Administration or its designee shall convert the income to a monthly equivalent under R9-22-1422(D).
- D. Semi-monthly or daily income.** If income is received semi-monthly or daily, the Administration or its designee shall use the unconverted method for calculating monthly income under R9-22-1422(E).
- E. Bimonthly, quarterly, semi-annual, or annual income.** If income is received bimonthly, quarterly, semi-annually, or annually, the Administration or its designee shall prorate the income received or projected to be received under R9-22-1422(C).

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1424. Use of Methods Listed in R9-22-1423 Based on Type of Income

- A. New income.**
 - 1. Description. New income is income received from a new source during the first calendar month that the income is received from the source.
 - 2. Calculating monthly income.
 - a. If a full month's income is received, the Administration or its designee shall use the appropriate method described in R9-22-1423 to calculate the monthly income.
 - b. If less than a full month's income is received, the Administration or its designee shall use the unconverted method to calculate the monthly income.
- B. Terminated income.**
 - 1. Terminated income is income received during the last calendar month when no more income is expected to be received from that source.
 - 2. Calculating monthly income.
 - a. If a full month's income is received, the Administration or its designee shall use the appropriate method described in R9-22-1423 to calculate the monthly income.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. If less than a full month's income is received, the Administration or its designee shall use the unconverted method to calculate the monthly income.
 - C. Break in income.
 - 1. Description. A break in income is a break in established frequency of income of one calendar month or more.
 - 2. Calculating monthly income.
 - a. If a full month's income is received, the Administration or its designee shall use the appropriate method described in R9-22-1423 to calculate the monthly income.
 - b. If less than a full month's income is received, the Administration or its designee shall use the unconverted method to calculate the monthly income.
 - D. Contract or regular seasonal income.
 - 1. Descriptions.
 - a. Contract income is income a person earns under a contract that specifies a length of time the contract covers, the amount of income to be paid, and the frequency of payment.
 - b. Regular seasonal income is income that fluctuates based on season or is only received during a certain season, and can reasonably be anticipated based on history or other verification.
 - 2. Calculating monthly income.
 - a. When the contract or regular seasonal income will not fluctuate over the 12-month period beginning with the month the application or renewal is submitted, the Administration or its designee shall use the appropriate income calculation method in R9-22-1423 for the frequency of receipt.
 - b. When the contract or regular seasonal income is anticipated to fluctuate over the 12-month period beginning with the month the application or renewal is submitted, the Administration or its designee shall calculate the monthly income as follows:
 - i. For a one-time contract that ends between the month the application or renewal is submitted and the end of the calendar year, divide the income that will be received from the application or renewal month through the end of the calendar year by the number of months in that period to get a monthly equivalent;
 - ii. For contracts that extend into the next calendar year, contracts that are anticipated to be renewed and regular seasonal income, the Administration or its designee shall divide the income that will be received in the 12-month period beginning with the application or renewal month by 12 to get the monthly equivalent.
 - E. Unusual variation in the amount of income.
 - 1. Description. Unusual variation is an amount of income that is different from the established amount received and is not projected to continue or recur.
 - 2. Calculating monthly income.
 - a. When calculating income for the month in which an unusual variation in income occurs, the Administration or its designee shall include the unusual variation in the income calculation.
 - b. When an unusual variation in income occurs during the month, the Administration or its designee shall use the converted method for calculating monthly income if income is received weekly or bi-weekly.
 - c. When projecting income for the months following the month in which the unusual variation occurs, the Administration or its designee shall exclude the unusual variation in income from the income calculation.
 - F. Self-employment income.
 - 1. Description. Self-employment income is income a person earns from the person's own trade or business less allowable expenses.
 - 2. Calculating monthly income. The Administration or its designee shall prorate the income under R9-22-1422.

- R9-22-1427. Eligibility Under MAGI**
- A. Caretaker Relatives. An individual is eligible for AHCCCS medical coverage as a Caretaker Relative when the individual meets the following requirements:
 - 1. Is a caretaker relative as defined in R9-22-1401.
 - 2. The total countable income under R9-22-1420(B) does not exceed 106 percent of the FPL for the number of people in the MAGI income group.
 - B. Continued medical coverage.
 - 1. A caretaker relative eligible under subsection (A) and all dependent children eligible under subsection (D) in the caretaker relative's MAGI income group are entitled to continued AHCCCS coverage for up to 12 months if eligible under subsection (B)(1)(c)(i) and up to four months if eligible under subsection (B)(1)(c)(ii) if the MAGI income group's income exceeds the limit for the income group's size and the following conditions are met:
 - a. The caretaker relative still lives with a dependent child;
 - b. A caretaker relative in the income group received AHCCCS medical coverage under this Section for three calendar months out of the most recent six months; and

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- c. The loss of AHCCCS coverage under this Section is due to:
 - i. Increased earned income of a caretaker relative, or
 - ii. Increased spousal support.
- 2. An applicant may be added to the continued medical coverage under subsection (B)(1), if the applicant did not reside in the household at the time continued medical coverage under this Section was determined and the applicant is:
 - a. The spouse or dependent child of a caretaker relative receiving continued medical coverage, or
 - b. The parent of a dependent child who is receiving continued medical coverage.
- C. **Pregnant Women.** A pregnant woman is eligible for AHCCCS medical coverage when the total countable income under R9-22-1420(B) does not exceed 156 percent of the FPL for the number of people in the MAGI income group. A pregnant woman who applies for AHCCCS medical coverage during the pregnancy or postpartum period and is determined eligible, remains eligible throughout the postpartum period. The postpartum period begins the day the pregnancy terminates and ends the last day of the month in which the 60th day following pregnancy termination occurs.
- D. **Children.** A child less than 19 years of age is eligible for AHCCCS medical coverage when the total countable income under R9-22-1420(B) does not exceed the following percentage of the FPL for the number of people in the MAGI income group:
 - 1. 147 percent for a child under one year of age,
 - 2. 141 percent for a child age one through five years of age, or
 - 3. 133 percent for all other persons.
- E. **Adults.** An individual is eligible for AHCCCS medical coverage when the individual meets the following eligibility requirements:
 - 1. Is 19 years of age or older but less than 65 years of age;
 - 2. Is not pregnant;
 - 3. Is not eligible for AHCCCS Medical Coverage under any other coverage group listed in 42 U.S.C. 1396a(a)(10)(A)(i);
 - 4. Is not entitled to or enrolled for Medicare benefits under Part A or Part B;
 - 5. The total countable income under R9-22-1420(B) does not exceed 133 percent of the FPL for the number of people in the MAGI income group; and
 - 6. When the individual is a caretaker relative, but has income exceeding the limit in subsection (A)(2), each child under age 19 living with the individual is receiving AHCCCS medical coverage or KidsCare, or is enrolled in minimum essential coverage as defined in 42 CFR 435.4.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Section R9-22-1427 repealed; new Section R9-22-1427 made by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1428. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7

A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1429. Eligibility for a Newborn

A child born to a mother eligible for and receiving medical coverage under this Article, Article 15 of the Chapter, or 9 A.A.C. 28, is automatically eligible for AHCCCS medical coverage for a period not to exceed 12 months. Automatic eligibility begins on the child's date of birth and ends with the last day of the month in which the child turns age one.

Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 13 A.A.R. 2633, effective July 10, 2007 (Supp. 07-3). Amended by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1). Repealed by final rulemaking at 21 A.A.R. 1241, effective September 5, 2015 (Supp. 15-3).

R9-22-1432. Young Adult Transitional Insurance

An individual is eligible for AHCCCS medical coverage when the individual meets all of the following eligibility requirements:

- 1. Is 18 through 25 years of age;
- 2. Was in the custody of the Department of Economic Security under A.R.S. Title 8, Chapter 5 or Chapter 10 on the individual's 18th birthday;
- 3. Was eligible for and receiving AHCCCS Medical Coverage on the individual's 18th birthday; and
- 4. Is not eligible for AHCCCS Medical Coverage under 42 U.S.C. 1396a(a)(10)(A)(i)(I) - (VII).

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1433. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1434. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). New Section made by exempt rulemaking at 7 A.A.R. 5701, effective December 1, 2001 (Supp. 01-4). Section repealed by exempt rulemaking at 10 A.A.R. 4588, effective October 12, 2004 (Supp. 04-4).

R9-22-1435. Eligibility for a Person With Medical Expenses Whose Income is Over 100 Percent FPL

An applicant who is not eligible for AHCCCS medical coverage due to excess income may become AHCCCS eligible by deducting medical expenses from the applicant's income. This coverage is called Medical Expense Deduction (MED).

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1436. MED Family Unit

- A. For the purpose of this Section, a child is an unmarried person under age 18.
- B. The Department shall consider each of the following to be a family when living together:
 1. A parent and the parent's children;
 2. A married couple without children;
 3. A married couple and the children of either or both spouses;
 4. Unmarried parents who live with at least one child in common, and the parents' other children, whether in common or not; and
 5. A person without children.
- C. If an applicant is pregnant, the family unit includes the number of unborn children.
- D. A child of the children included in subsections (B)(1), (B)(3), or (B)(4) is considered part of the family unit when living together.

- E. The Department shall not include a SSI-cash recipient in the MED family unit even if the SSI-cash recipient is a parent, spouse, or child.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1437. MED Income Eligibility Requirements

- A. Income exclusions. The exclusions in R9-22-1420(C) apply to the MED family unit.
- B. Income standard.
 1. The Department shall divide the annual FPL for the MED family unit that is in effect during each month of the income period by 12 to determine the monthly FPL.
 2. The Department shall add the monthly FPLs for the income period and multiply the resulting amount by 40 percent.
 3. Changes to the annual FPL are implemented in April of each year.
- C. Income period. The income period is the month of application and the next two months. The Department shall add together the three months' income to establish the MED family unit's income amount.
- D. Medical expense deduction period. The medical expense deduction period is a three-month period consisting of:
 1. For a new application, the month before the application month, the month of application, and month following the application month; or
 2. For a MED eligibility review, the last month of the prior MED eligibility period and the following two months.
- E. The Department shall calculate the amount of countable monthly income as follows:
 1. Subtract a \$90 cost of employment allowance from the gross amount of earned income for each person whose earned income is counted;
 2. Disregard from the remaining earned income an amount billed by the provider for the care of each dependent child under age 18 or incapacitated adult member of the MED family unit if the care is for the purpose of allowing the person to work. If more than one person in the household is responsible for and billed for the care of a dependent child, the disregard may be split between the wage earners if splitting the disregard is to the benefit of the family, but shall not exceed the maximum disregards as follows:
 - a. A maximum of \$200 for a child under age two and \$175 for other dependents for a wage-earner employed full-time (86 or more hours per month); and
 - b. A maximum of \$100 for a child under age two, and \$88 for other dependents for a wage earner employed part-time (less than 86 hours a month);
 3. Add the remaining earned income for each MED family member to the unearned income of all MED family members;
 4. Compare the MED family's unit countable income amount to the income standard in subsection (B). The difference is the amount of medical expenses the family shall incur during the medical expense deduction period to become eligible;
 5. Subtract allowable medical expense deductions that were incurred by:
 - a. A member of the MED family unit;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. A deceased spouse or minor child of a MED family unit if this person would have been a member of the MED unit during the MED expense deduction period;
 - c. A person who was a minor child of a MED family unit member when the expense was incurred but who is no longer a minor child; or
 - d. A minor child, including a child who is a runaway, who left home before the date of application to live with someone other than a parent; and
6. Compare the net MED family income to the income standard listed in subsection (B).
- F. The family is eligible if the net income in subsection (E)(6) does not exceed the income standard in subsection (B).

Historical Note

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1438. MED Resource Eligibility Requirements

- A. Including countable resources. The Department shall include the resources not excluded that belong to and are available to members of the family of a qualified alien under A.R.S. § 36-2903.03 and the sponsor and sponsor's spouse of a person who is a qualified alien.
- B. Ownership and availability. The Department shall evaluate the ownership of resources to determine the availability of resources to a person listed in subsection (A).
 - 1. Jointly owned resources with ownership records containing the words "and" or "and/or" between the owners' names are available to each owner except if one of the owners refuses to sell. A consent to sale is not required if all owners are members of the MED family unit.
 - 2. Jointly owned resources with ownership records containing the word "or" between the owners' names are presumed to be available in full to each owner. The applicant or member may rebut the presumption by providing clear and convincing evidence of intent to establish a different type of ownership. If the presumption is rebutted, the resource is available to the owners:
 - a. Consistent with the intent of the owners, or
 - b. Based on each owner's proportionate net contribution if there is not clear and convincing evidence of a different allocation.
 - 3. The Department shall establish availability of a trust under 42 U.S.C. 1396p(d)(4)(A) or (C).
- C. Unavailability. The Department shall consider the following resources unavailable:
 - 1. Property subject to spendthrift restriction, such as:
 - a. Accounts established by the SSA, Veteran's Administration, or similar sources that mandate that the funds in the account be used for the benefit of a person not residing with the MED family unit; or
 - b. Trusts established by a will or funded solely by the income and resources of someone other than a member of the MED family unit.
 - 2. A resource being disputed in a divorce proceeding or probate matter;
 - 3. Real property located on a Native American reservation;
 - 4. A resource held by a conservator to the extent court-imposed restrictions make the resource unavailable to the applicant, member, or member of the family unit for:
 - a. Medical care,
 - b. Food,
 - c. Clothing, or
 - d. Shelter.

- D. Resource exclusion. The Department shall exclude the following resources from the calculation of resources under subsection (E):
 - 1. One burial plot for each person listed in R9-22-1436;
 - 2. Household furnishings and personal items that are necessary for day-to-day living;
 - 3. Up to \$1500 of the value of one prepaid funeral plan for each person listed in R9-22-1436 that specifically covers only funeral-related expenses as evidenced by a written contract;
 - 4. The value of one motor vehicle regularly used for transportation. If the MED family unit owns more than one vehicle, the exclusion is applied to the vehicle with the highest equity value;
 - 5. The value of a vehicle used to earn income and not used simply for transportation to and from employment;
 - 6. The value of a vehicle in which a SSI-cash recipient has an ownership interest; and
 - 7. The value of any vehicle used for medical treatment, employment, or transportation of a SSI-cash disabled child, and that is excluded by SSI for that reason.
 - 8. Funds set aside in an Individual Development Account under 6 A.A.C. 12, Article 4; and
 - 9. Any other resource specifically excluded by federal law.
- E. Calculation of resources. The Department shall determine the value of all household resources as follows:
 - 1. Calculate the total amount of countable liquid resources;
 - 2. Calculate the equity value of each countable non-liquid resource. The Department shall determine the equity value of a countable non-liquid resource by subtracting the amount of valid encumbrances on that resource from:
 - a. The market value of real property if there is no assessor's evaluation of the property,
 - b. The market value of real property if the assessor's value of the real property does not include the value of permanent structures on that property,
 - c. The assessor's full cash value if subsections (E)(2)(a) and (E)(2)(b) do not apply, and
 - d. The market value of a non-liquid resource that is not real property;
 - 3. Not assign an equity value to a resource that is less than zero; and
 - 4. Determine the MED family unit's resources by adding the totals determined in subsections (1) and (2).
- F. Resource standard to be eligible for MED. A person is not eligible for MED if the resources determined in subsection (E) exceed \$100,000 or if more than \$5,000 are liquid resources.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1439. MED Effective Date of Eligibility

- A. A MED family unit is eligible on the day the income and resource eligibility requirements are met but no earlier than the first day of the month of application. If the family unit meets the income requirements in the application month but does not meet the resource limit until the following month, the family unit's effective date of eligibility is the first day of the month following the month of application.
- B. The Department shall adjust the effective date of eligibility under subsection (A) to an earlier date if:
 - 1. A member presents verification of additional allowable medical expenses incurred on an earlier date during the medical expense deduction period that allow the member to meet the income requirements, and

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

2. The member presents the verification within 60 days of approval of eligibility under this Section.
- C. The Department shall not adjust an effective date of eligibility more than one time per application.
- D. The Department shall adjust the effective date no later than 30 days after the end of the 60-day period under subsection (B)(2).
- E. The Department shall deny an application and provide the applicant a denial notice when the applicant does not meet the MED requirements under this Article during the month of application or the month following the month of application.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1440. MED Eligibility Period

The Department shall approve eligibility for six months. Changes in circumstances do not affect eligibility for the first three months.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1441. Eligibility Appeals

- A. Adverse actions. An applicant or member may appeal by requesting a hearing from the Department concerning any of the following adverse actions:
 1. Complete or partial denial of eligibility under R9-22-1413;
 2. Suspension, termination, or reduction of AHCCCS medical coverage under R9-22-1415;
 3. Delay in the eligibility determination beyond the timeframes under this Article;
 4. The imposition of or increase in a premium or copayment; or
 5. The effective date of eligibility.
- B. Notice of Adverse Action. The Department shall personally deliver or send, by regular mail, a Notice of Adverse Action to the person affected by the action. For the purpose of this Section, the date of the Notice of Adverse Action shall be the date of personal delivery to the applicant or the postmark date, if mailed.
- C. Automatic change and hearing rights.
 1. An applicant or a member is not entitled to a hearing if the sole issue is a federal or state law requiring an automatic change adversely affecting some or all recipients.
 2. An applicant or a member is entitled to a hearing if a federal or state law requires an automatic change and the applicant or member timely files an appeal that alleges a misapplication of the facts to the law.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1442. Cessation of MED Coverage

The Department shall not approve any individual or family who has applied on or after May 1, 2011 as eligible for MED coverage. With respect to any applications that are pending as of May 1, 2011, the Department shall not approve any individual or family as eligible for MED coverage who has not met all eligibility requirements prior to May 1, 2011.

Historical Note

New Section made by exempt rulemaking at 17 A.A.R. 1028, effective May 1, 2011 (Supp. 11-2).

R9-22-1443. Closing New Eligibility for Persons Not Covered under the State Plan

- A. Definition. For purposes of this Section, "AHCCCS Care" refers to the eligibility category that includes individuals encompassed within the expanded definition of "eligible person" under A.R.S. § 36-2901.01 and R9-22-1428(4), but who do not meet eligibility criteria for an optional or mandatory Title XIX coverage group described in the Arizona State Plan for Medicaid.
- B. General Rule. Except as provided by this Section, neither the Department nor the Administration shall approve an individual for AHCCCS Care with an effective date of eligibility on or after July 8, 2011.
- C. Exception for pending applications. With respect to any applications that are pending as of July 8, 2011, the Department and the Administration shall approve any individual as eligible for AHCCCS Care who has met all eligibility requirements for AHCCCS Care during or after the month of application but prior to July 8, 2011, and has continuously met all eligibility requirements for AHCCCS Care since that date.
- D. Exception for children. The Department and the Administration shall approve an individual as eligible for AHCCCS Care on or after July 8, 2011 who:
 1. Was determined eligible under the Arizona State Plan for Medicaid based on being under the age of 19;
 2. Would otherwise be discontinued due to reaching the age of 19 on or after July 8, 2011, under subsection (B) of this Section; and
 3. Meets all eligibility requirements for AHCCCS Care on and after reaching age 19.
- E. Exception for KidsCare. The Department and the Administration shall approve an individual as eligible for AHCCCS Care on or after July 8, 2011 who:
 1. Was determined eligible under 9 A.A.C. 31 based on being under the age of 19;
 2. Would otherwise be discontinued due to reaching the age of 19 on or after July 8, 2011, under subsection (B) of this Section; and
 3. Meets all eligibility requirements for AHCCCS Care on and after reaching age 19.
- F. Exception for Young Adult Transitional Insurance (YATI). The Department and the Administration shall approve an individual as eligible for AHCCCS Care on or after July 8, 2011 who:
 1. Was determined eligible for YATI under R9-22-1432;
 2. Would otherwise be discontinued due to reaching the age of 21 on or after July 8, 2011 under subsection (A) of this Section; and
 3. Meets all eligibility requirements for AHCCCS Care on and after reaching age 21.
- G. Exception for certain SSI-MAO. The Department and the Administration shall approve as eligible for AHCCCS Care, on or after July 8, 2011, an individual who:
 1. Was determined eligible for AHCCCS Care; and
 2. Whose eligibility category is changed on or after June 28, 2011, from AHCCCS Care to eligibility based on R9-22-1501(A)(1) (SSI Medical Assistance Only) because the individual, at the time of the change in eligibility category, is age 65 or over, under the age of 65 with Medicare coverage, or who has been determined by ADHS to have a Serious Mental Illness; but who
 3. Subsequent to the change in eligibility category, is determined not to meet eligibility requirements under Article 15; but only if
 4. The individual meets all eligibility requirements for AHCCCS Care on and after the date the individual is determined not to meet eligibility requirements under Article 15.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- H. Exception for redeterminations. This Section does not prohibit the redetermination of an individual as eligible for AHCCCS Care on or after July 8, 2011, if the individual was determined eligible for AHCCCS Care prior to July 8, 2011 and has remained continuously eligible for AHCCCS Care since July 8, 2011 or the date on which the individual was determined eligible for AHCCCS Care under subsections (C), (D), and (E) of this Section.
 - I. Discontinuance for other reasons. Nothing in this Section prohibits or restricts the Department or the Administration from discontinuing AHCCCS Care for an individual who does not meet any other eligibility criteria set forth elsewhere in this Chapter including but not limited to discontinuance based on the individual's failure to verify eligibility information upon an application or redetermination.
 - J. Review of anticipated expenditures. At least monthly, the Director shall review the most recent estimate of the anticipated expenditures for the remainder of the state fiscal year as compared to funds remaining in the appropriations made to the agency for the state fiscal year as well as any other known or reasonably anticipated sources of other funding. Based on that review the Director may, subject to approval by the Center for Medicare and Medicaid Services, re-open the AHCCCS Care program to new enrollment otherwise prohibited by this Section.
 - K. At least 30 days prior to the effective date of any changes to eligibility for the AHCCCS Care program as described in this Section, public notice shall be provided via publication on the AHCCCS web site unless shorter notice is necessary to maintain a program that is reasonably anticipated to remain within available funding.
1. A person may apply for AHCCCS medical coverage by submitting a signed application to any Administration office or outstation location under R9-22-1406.
 2. The provisions in R9-22-1406(B), (C), and (E) apply to this Section.
 3. The application date is the date a signed application is received at any Administration office or outstation location approved by the Director.
 4. An applicant who files an application may withdraw the application, either orally or in writing. If an applicant withdraws an application, the Administration shall send the applicant a denial notice under subsection (G).
 5. Except as provided in 42 CFR 435.911, the Administration shall determine eligibility within 90 days for an applicant applying on the basis of disability and 45 days for all other applicants.
 6. If an applicant dies while an application is pending, the Administration shall complete an eligibility determination for the deceased applicant.
 7. The Administration shall complete an eligibility determination on an application filed on behalf of a deceased applicant, if the application is filed in the month of the applicant's death.
- E. Redetermination of eligibility for a person terminated from the SSI cash program.
 1. Continuation of AHCCCS medical coverage. The Administration shall continue AHCCCS medical coverage for a person terminated from the SSI cash program until a redetermination of eligibility under subsection (E)(2) is completed.
 2. Coverage group screening. The Administration shall screen a person for eligibility under any coverage group under A.R.S. §§ 36-2901(6)(a)(i), (ii), (iii), (iv), and (v) and 36-2934.
 - a. If a person files an application for Arizona Long-Term Care System (ALTCS) coverage, the Administration shall determine eligibility under 9 A.A.C. 28, Article 4.
 - b. If an applicant or member is aged, blind, or disabled, but not in need of long-term care services, the Administration shall determine eligibility under this Article.
 - c. For all other persons, the Administration shall refer the applicant's case to the Department for an eligibility decision under Article 14.
 3. Eligibility decision.
 - a. If a person is eligible under this Article or 9 A.A.C. 28, Article 4, the Administration shall send a notice as under subsection (G) informing the applicant that AHCCCS medical coverage is approved.
 - b. If a person is ineligible, the Administration shall send a notice as under subsection (G) to deny AHCCCS medical coverage.

Historical Note

New Section made by exempt rulemaking at 17 A.A.R. 1345, effective July 8, 2011 (Supp. 11-3). Amended by exempt rulemaking at 17 A.A.R. 2624, effective July 8, 2011 (Supp. 11-4).

ARTICLE 15. AHCCCS MEDICAL COVERAGE FOR PEOPLE WHO ARE AGED, BLIND, OR DISABLED**R9-22-1501. General Information**

- A. General. The Administration shall determine eligibility for AHCCCS medical coverage for the following applicants or members using the eligibility criteria and requirements in this Article:
 1. A person who is aged, blind, or disabled and does not receive SSI cash; and
 2. A person terminated from the SSI cash program under R9-22-1505.
- B. Definitions. In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:
 - “Aged” means a person who is 65 years of age or older as specified in 42 U.S.C. 1382c(a)(1)(A).
 - “Blind” means a person who has been determined blind by the Department of Economic Security, Disability Determination Services Administration, under 42 U.S.C. 1382c(a)(2).
 - “Disabled” means a person who has been determined disabled by the Department of Economic Security, Disability Determination Services Administration, under 42 U.S.C. 1382c(a)(3)(A) through (E).
- C. Confidentiality. The Administration shall maintain the confidentiality of an applicant's or member's records and limit the release of safeguarded information under R9-22-512.
- D. Application process.
 1. If approved, the notice shall contain the effective date of eligibility.
 2. If approved under FESP, the notice shall also contain:
 - a. The emergency services certification end date,
 - b. A statement detailing the reason for the denial of full services,
- F. Eligibility effective date. Eligibility is effective on the first day of the month that all eligibility requirements are met, including the period described under R9-22-303.
- G. Notice for approval or denial. The Administration shall send an applicant a written notice of the decision regarding the application. This notice shall include a statement of the intended action, and:
 1. If approved, the notice shall contain the effective date of eligibility.
 2. If approved under FESP, the notice shall also contain:
 - a. The emergency services certification end date,
 - b. A statement detailing the reason for the denial of full services,

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- c. The legal authority supporting the decision,
 - d. Where the legal authority supporting the decision can be found,
 - e. An explanation of the right to request a hearing, and
 - f. The date by which a request for hearing shall be received by the Administration.
- 3. If denied, the notice shall contain:
 - a. The effective date of the denial;
 - b. The reason for the denial, including specific financial calculations and the financial eligibility standard, if applicable;
 - c. Legal authority supporting the decision;
 - d. Where the legal authority supporting the decision can be found;
 - e. An explanation of the right to request a hearing; and
 - f. The date by which a request for hearing shall be received by the Administration.
- H.** Reporting and verifying changes.
 - 1. An applicant or a member shall report to the Administration the following changes for the applicant or member, the applicant's or member's spouse, and the applicant or member's dependent children:
 - a. Change of address;
 - b. Change in the household's members;
 - c. Change in income;
 - d. Death;
 - e. Change in marital status;
 - f. Change in school attendance;
 - g. Change in Arizona state residency; and
 - h. Any other change that may affect the member's or applicant's eligibility.
 - 2. A member shall report to the Administration the following changes:
 - a. Admission to a penal institution,
 - b. Change in U.S. citizenship or immigrant status,
 - c. Receipt of a Social Security number, and
 - d. Change in first- or third-party liability that may contribute to the payment of all or a portion of the person's medical costs.
 - 3. A person other than a member or an applicant who reports a change to the Administration either orally or in writing shall include the:
 - a. Name of the affected applicant or member;
 - b. Description of the change;
 - c. Date the change occurred;
 - d. Name of the person reporting the change; and
 - e. Social Security or case number of the applicant or member, if known.
 - 4. An applicant or a member shall provide verification of changes if requested by the Administration.
 - 5. An applicant or a member shall report anticipated changes in eligibility to the Administration as soon as the person knows that the change will occur.
 - 6. An applicant or a member shall report an unanticipated change to the Administration within 10 days following the date the change occurred.
- I.** Processing of changes and redeterminations. If a member receives AHCCCS medical coverage under subsection (A), the Administration shall redetermine the member's eligibility at least once every 12 months or more frequently when changes occur that may affect eligibility.
- J.** Actions that may result from a redetermination or change. In processing a redetermination or change, the Administration shall determine whether there should be:
 - 1. No change in eligibility,
 - 2. Discontinuance of eligibility if a condition of eligibility is no longer met, or
 - 3. A change in the program under which a person receives AHCCCS medical coverage.
- K.** Notice of discontinuance.
 - 1. Contents of notice. The Administration shall issue a notice when it takes action to discontinue a member's eligibility. The notice shall contain the following information:
 - a. A statement of the action that is being taken;
 - b. The effective date of the action;
 - c. The reason for the discontinuance, including specific financial calculations and the financial eligibility standard if applicable;
 - d. The legal authority that supports the action proposed by the Administration;
 - e. Where the legal authority supporting the decision can be found;
 - f. An explanation of the right to request a hearing; and
 - g. The date by which a hearing request shall be received by the Administration and the right to continue medical coverage pending appeal.
 - 2. Advance notice of changes in eligibility. Advance notice means a notice of proposed action that is issued to the member at least 10 days before the effective date of the proposed action. Except under subsection (K)(3), the Administration shall issue an advance notice when an adverse action is taken to suspend, reduce or discontinue eligibility.
 - 3. Exceptions from advance notice. The Administration shall issue a notice to a member to discontinue eligibility no later than the effective date of the action if:
 - a. The member provides to the Administration a clearly written statement, signed by that member, that:
 - i. Services are no longer wanted; or
 - ii. Gives information that requires a discontinuance or reduction of services and indicates that the member understands that this is the result of supplying the information;
 - b. The member provides information to the Administration that requires a discontinuance of eligibility and a member signs a written statement waiving advance notice;
 - c. The member cannot be located and mail sent to the member's last known address has been returned as undeliverable under 42 CFR 431.213(d) subject to reinstatement of discontinued eligibility;
 - d. The member has been admitted to a public institution where a member is ineligible for coverage;
 - e. The member has been approved for Medicaid in another state; or
 - f. The Administration receives information confirming the death of the member.
- L.** Request for hearing. An applicant or member may request a hearing under Chapter 34 for any of the following adverse actions:
 - 1. Complete or partial denial of eligibility,
 - 2. Discontinuance or reduction of AHCCCS medical coverage, or
 - 3. Delay in the eligibility determination beyond the timeframes listed in R9-22-1501(D).
- M.** Assignment of rights. A person determined eligible assigns rights to all types of medical benefits to which the person is entitled under operation of law under A.R.S. § 36-2903.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Amended by exempt rulemaking at 10 A.A.R. 23, effective December 9, 2003 (Supp. 03-4). Amended by exempt rulemaking at 10 A.A.R. 4588, effective October 12, 2004 (Supp. 04-4). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1). Amended by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4).

R9-22-1502. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Repealed by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1503. Financial Eligibility Criteria

- A. General income eligibility. Except as provided under subsection (B) of this rule, the Administration or its designee shall count the identified income under 42 U.S.C. 1382a and 20 CFR 416 Subpart K.
- B. Exceptions.
 1. In-kind support and maintenance under 42 U.S.C. 1382a(a)(2)(A) is excluded.
 2. For a person living with a spouse, the Administration or its designee calculates net income for an eligible couple under 20 CFR 416.1160 as of April 1, 2013, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments, even if the spouse is not eligible for or applying for SSI or coverage under this Article.
 3. In determining the net income of a married couple living with a child or the net income of a person who is not living with a spouse but living with a child, a child allocation is allowed as a deduction from the combined net income of the couple for each child regardless of whether the child is ineligible or eligible. For the purposes of this Section, a child means a person who is unmarried, natural or adopted, and under age 18 or under age 22 if a full-time student. Each child's allocation deduction is reduced by that child's income, including public income maintenance payments, using the methodology under 20 CFR 416.1163(b)(1) and (2) as of April 1, 2013, which is incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
 4. In determining the income deemed available to an applicant who is a child from an ineligible parent or parents, an allocation for each eligible or ineligible child of the parent is allowed as a deduction from the parent's income under 20 CFR 416.1165(b). The child's allocation is

reduced by that child's income, including public income maintenance payments.

5. In determining the income of a person who receives an annual Title II Cost of Living Allowance (COLA) increase, the COLA amount is disregarded from January until the Administration applies the effective income limits under R9-22-1504 based on the FPL for the calendar year.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1504. Eligibility For A Person Who is Aged, Blind, or Disabled

- A. To be eligible for AHCCCS medical coverage, an applicant shall meet the conditions of eligibility and requirements in this Article and:
 1. Meet one of the income tests described in subsection (B) or (C), or
 2. The special requirements in R9-22-1505.
- B. The Administration shall determine whether the applicant's countable income, as described in R9-22-1503, is less than or equal to 100 percent of the SSI FBR, as adjusted annually.
- C. The Administration shall determine whether the applicant's countable income, as described in R9-22-1503, without deducting the amount from earned income under 42 U.S.C. 1382a(b)(4)(B)(iii), is less than or equal to 100 percent FPL as adjusted annually.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

R9-22-1505. Eligibility for Special Groups

- A. The following are considered special groups:
 1. A person meeting the requirements in A.R.S. § 36-2903.03 who:
 - a. Is aged, blind, or disabled under 42 CFR 435.520, 42 CFR 435.530, or 42 CFR 435.540 as of October 1, 2012, which are incorporated by reference and on file with the Administration, and available from the U.S. Government Printing Office, Mail Stop: IDCC, 732 N. Capitol Street, NW, Washington, DC, 20401. This incorporation by reference contains no future editions or amendments.
 - b. Received SSI cash or AHCCCS medical coverage under this subsection, or subsections (A)(2), (A)(3), or (A)(4) on or before August 21, 1996;
 - c. Was residing in the United States under color of law on or before August 21, 1996; and
 - d. Meets the requirements under this Article;
 2. A disabled child (DC) under 42 U.S.C. 1396a(a)(10)(A)(i)(II). A disabled child is a child who:
 - a. Was receiving SSI cash benefits as a disabled child on August 22, 1996;

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. Lost SSI cash benefits effective July 1, 1997, or later, due to a disability determination under Section 211(d) of Subtitle B of P.L. 104-193;
 - c. Continues to meet the disability requirements for a child that were in effect on August 21, 1996; and
 - d. Meets the requirements under this Article;
- 3. A disabled adult child (DAC), under 42 U.S.C. 1383c(c) who:
 - a. Was determined disabled by the Social Security Administration before attaining the age of 22 years,
 - b. Became entitled to or received an increase in child's insurance benefits under Title II of the Act on the basis of blindness or disability,
 - c. Was terminated from SSI cash benefits due to entitlement to or an increase in income under Title II of the Act,
 - d. Meets the requirements under this Article, and
 - e. Is 18 years of age or older;
- 4. A disabled widow or widower (DWW) under 42 U.S.C. 1383c(b) and (d) who:
 - a. Is blind or disabled,
 - b. Is ineligible for Medicare Part A benefits,
 - c. Received SSI cash benefits the month before Title II of the Act benefit payments began,
 - d. Meets the requirements under this Article;
 - e. Is at least 50 years of age but under age 65; and
 - f. Is unmarried.
- 5. Under 42 CFR 435.135, a person who:
 - a. Is aged, blind, or disabled;
 - b. Receives benefits under Title II of the Act;
 - c. Received SSI cash benefits in the past;
 - d. Received SSI cash benefits and Title II of the Social Security Act benefits concurrently for at least one month anytime after April 1977;
 - e. Became ineligible for SSI cash benefits while receiving SSI and benefits under Title II of the Act concurrently; and
 - f. Meets the requirements under this Article.
- B. Income for special groups.**
 - 1. Except as provided in subsection (B)(2), income eligibility is determined using the income criteria in R9-22-1503.
 - 2. Exceptions to income for special groups.
 - a. For a person in the DAC coverage group under subsection (A)(3), the applicant's Title II of the Social Security Act benefits are disregarded in determining income eligibility under 42 U.S.C. 1383c(c).
 - b. For a person in the DWW coverage group, under subsection (A)(4), the applicant's Title II of the Social Security Act benefits are disregarded in determining income eligibility under 42 U.S.C. 1383c(b) and (d).
 - c. For an applicant or member in the coverage group under subsection (A)(5), the portion of the applicant's or member's Title II of the Social Security Act benefits attributed to cost-of-living adjustments received by the applicant since the effective date of SSI ineligibility is disregarded in determining income eligibility under 42 CFR 435.135.
- C. 100 percent FBR.** As a condition of eligibility for all special groups, countable income shall be equal to or less than 100 percent of the SSI FBR, as adjusted annually.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed; new Section made by exempt rulemaking at 7

A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4). Amended by final rulemaking at 20 A.A.R. 192, effective January 7, 2014 (Supp. 14-1).

R9-22-1506. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3).

R9-22-1507. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3).

R9-22-1508. Repealed**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Section repealed by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3).

ARTICLE 16. HOSPITAL PRESUMPTIVE ELIGIBILITY**R9-22-1601. General Eligibility Requirements**

- A.** Notwithstanding Article 3, a qualified hospital may determine Hospital Presumptive Eligibility (HPE), on the basis of preliminary information, that an individual is eligible for AHC-CCS medical coverage during the presumptive eligibility period described in this section, if the individual is a United States citizen or eligible qualified alien, and the individual is:
 - 1. Pregnant with gross household income that does not exceed 156% of the FPL;
 - 2. An adult who meets the requirements of R9-22-1427(E);
 - 3. A caretaker relative as defined in R9-22-1401(B) with gross household income that does not exceed 106% of the FPL;
 - 4. Under age 19 with gross household income that does not exceed the limit set in R9-22-1427(D) for the child's age;
 - 5. A woman screened for breast or cervical cancer by an Arizona program of the National Breast and Cervical Cancer Early Detection Program who meets the requirements of R9-22-2003(A); or
 - 6. A former foster care child who meets the requirements of R9-22-1432.
- B.** Definitions. In addition to definitions contained in R9-22-101 and A.R.S. § 36-2901, the words and phrases in this Article have the following meanings unless the context explicitly requires another meaning: "Qualified hospital" means a hospital that has signed an agreement with the Administration to process HPE applications and has not been disqualified.
- C.** Application Process:
 - 1. Right to apply. A person may apply for presumptive eligibility for AHCCCS medical coverage by submitting an Administration-approved application to the qualified hospital.
 - 2. Application. To initiate the application process, the qualified hospital will accept an application from the applicant, an adult who is in the applicant's household, as defined in 42 CFR 435.603(f), or family, as defined in section 36B(d)(1) of the Internal Revenue Service (IRS) Code, an authorized representative, or if the applicant is a

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

minor or incapacitated, someone acting responsibly for the applicant by submitting a written or online application under 42 CFR 435.907.

- D.** To establish presumptive eligibility, an applicant must complete and submit an AHCCCS-approved presumptive eligibility application signed under penalty of perjury to a qualified hospital. The applicant must attest to the name(s), relationship(s), and income of all persons in the household. In addition, the applicant must provide and attest to the following information regarding each household member on whose behalf AHCCCS medical coverage is sought:
1. The individual's date of birth;
 2. Whether the individual is pregnant;
 3. Whether the individual has been determined eligible for Breast and Cervical Cancer Treatment Program, described under Article 20;
 4. Whether the individual is a former foster child, described under R9-22-1432;
 5. The U.S. citizenship status or eligible qualified alien status under A.R.S. 36-2903.03 of the individual; and
 6. The individual's permanent and mailing addresses;
 7. The individual's Arizona residency status; and
 8. Whether the individual has Medicare coverage.
- E.** Presumptive eligibility begins on the date the hospital determines an individual's presumptive eligibility and ends with the earlier of:
1. In the case of an individual on whose behalf an application has been submitted to AHCCCS or its designee under Article 3, the day on which AHCCCS or its designee makes a determination on that application; or
 2. In the case of an individual on whose behalf an application has not been submitted to AHCCCS or its designee under Article 3, on the last day of the following month in which the determination of presumptive eligibility was made by the qualified hospital.
- F.** An individual may not be determined presumptively eligible more often than once every two years.
- G.** Coverage and reimbursement of services.
1. The Administration shall provide coverage of medically necessary services described under Article 2 to persons determined eligible for HPE on a fee-for-service basis.
 2. Providers shall submit claims for services provided to persons determined eligible for HPE to the Administration as described under Article 7.
- H.** A member may withdraw from HPE coverage by notifying the Administration or its designee.
- I.** Upon determining an individual presumptively eligible, the qualified hospital shall:
1. Notify the applicant at the time a determination regarding presumptive eligibility is made, in writing and orally if appropriate, of the determination for each individual on whose behalf presumptive eligibility was requested and the effective date of the presumptive eligibility;
 2. Provide the applicant with a regular AHCCCS-approved application form and inform the applicant that the applicant may file an application for Medicaid with the Administration or its designee;
 3. Notify AHCCCS of the presumptive eligibility determination;
 4. Notify the applicant at the time the determination is made that presumptive eligibility ends with the earlier of:
 - a. In the case of an individual on whose behalf an application has been submitted to AHCCCS or its designee under Article 3, the day on which AHCCCS or its designee makes a determination on that application; or

- b. In the case of an individual on whose behalf an application has not been submitted to AHCCCS or its designee under Article 3, on the last day of the following month in which the determination of presumptive eligibility was made by the qualified hospital.

- J.** A determination by a qualified hospital that an individual is not presumptively eligible is not appealable under Chapter 34. If a qualified hospital denies an individual presumptive eligibility, the individual may apply for coverage by submitting an application to the Administration or its designee.

ARTICLE 17. ENROLLMENT**R9-22-1701. Enrollment-Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:

“Annual enrollment choice” means the annual opportunity for a person to change contractors.

“Auto-assignment algorithm” or “Algorithm” means a formula used by the Administration to assign to a contractor a member who did not make a timely choice under R9-22-1702.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

“CMDP” means Comprehensive Medical and Dental Program.

“Disenrollment” means the discontinuance of a person’s entitlement to receive covered services from a contractor of record.

“Enrollment” means the process by which an eligible person becomes a member of a contractor’s plan.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 2435, effective June 9, 2000 (Supp. 00-2). Amended by exempt rulemaking at 7

A.A.R. 4593, effective October 1, 2001 (Supp. 01-3).

Amended to correct a typographical error, filed in the Office of the Secretary of State October 30, 2001 (Supp. 01-4). Amended by exempt rulemaking at 7 A.A.R. 5701, effective December 1, 2001 (Supp. 01-4). Amended by exempt rulemaking at 10 A.A.R. 4588, effective October 12, 2004 (Supp. 04-4). Section repealed; new Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

R9-22-1702. Enrollment of a Member with an AHCCCS Contractor

A. General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
 - a. IHS if the member is a Native American living on a reservation,
 - b. A contractor based on family continuity, or
 - c. A contractor by using the auto-assignment algorithm.
3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
 - a. The member no longer resides in the contractor’s GSA;
 - b. The contractor’s contract is suspended or terminated;
 - c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;
 - d. The member chooses another contractor or chooses IHS, if available to the member, during the annual enrollment choice period; or
 - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
4. When the member’s disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
5. The Administration shall not enroll a member with a contractor if a member:

- a. Is eligible for the FESP under R9-22-1419;
- b. Is eligible for less than 30 days from the date the Administration receives notification of a member’s eligibility, except for a member who is enrolled with CMDP or IHS;
- c. Is eligible only for a retroactive period of eligibility, except for a member who is enrolled with CMDP or IHS; or
- d. Resides in an area not served by a contractor.

B. Fee-for-service coverage. A member not enrolled with a contractor under subsection (A)(5) shall obtain covered medical services from an AHCCCS-registered provider on a fee-for-service basis under Article 7.

C. Foster care child. The Administration shall enroll a member with CMDP if the member is a foster care child under A.R.S. § 8-512.

D. Family Planning Services Extension Program. A member eligible for the Family Planning Services Extension Program under R9-22-1431, shall remain enrolled with the member’s contractor of record or IHS.

E. Contractor or IHS enrollment change for a member.

1. The Administration shall change a member’s enrollment if the member requests a change to an available contractor or IHS during an annual enrollment period. A Native American may change from an available contractor to IHS or from IHS to an available contractor at any time.
2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
4. The Administration shall provide the member 60-day advance notice of the member’s option to change plans by the member’s annual enrollment date.
5. A member may disenroll from a plan if:
 - a. The member moves out of the GSA;
 - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
 - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member’s primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.
6. For exceptions to this Article, the Administration shall approve a change for an enrolled member as determined by the Director.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

R9-22-1703. Effective Date of Enrollment with a Contractor

A. Effective date of enrollment. A member’s date of enrollment is the date enrollment action is taken by the Administration. However, if a plan change occurs for an annual enrollment choice, the effective date is the month of the member’s enrollment anniversary date.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- B.** Financial liability of the contractor. The contractor shall be financially liable for an enrolled member's care as specified in contract.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

R9-22-1704. Newborn Enrollment**A.** General.

1. The Administration shall enroll a newborn child of an eligible mother with an available contractor or IHS, based on the mother's enrollment.
2. The Administration shall auto-assign a newborn child of an eligible mother who is not enrolled with a contractor or IHS or who is enrolled with CMDP. When a mother enrolled in CMDP has a newborn and the newborn is surrendered to Administration on Children, Youth and Families (ACYF), the newborn is then enrolled with CMDP.
3. The Administration shall notify the mother of the right to choose a different contractor for her newborn child. The mother may make her choice within 30 days from the date of notice of enrollment.

- B.** Financial liability for newborns. The contractor shall be financially liable for the medical care of a newborn as specified in contract.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 294, effective January 8, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 2435, effective June 9, 2000 (Supp. 00-2). Amended by exempt rulemaking at 7 A.A.R. 4593, effective October 1, 2001 (Supp. 01-3). Amended to correct a typographical error, filed in the Office of the Secretary of State October 30, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

R9-22-1705. Guaranteed Enrollment Period

- A.** General. Except for members enrolled with IHS or CMDP, the Administration shall provide a guaranteed enrollment period for a one-time period that begins on the effective date of the member's initial enrollment with a contractor and ends on the last day of the fifth full calendar month after the date of the member's initial enrollment.
- B.** Exceptions to guaranteed period. The Administration shall not grant a guaranteed enrollment period or shall terminate a guaranteed enrollment period as provided in subsection (C), if the member:
1. Did not meet the conditions of eligibility when initially enrolled with the contractor;
 2. Except as provided in 9 A.A.C. 22, Article 12, is an inmate of a public institution as defined in 42 CFR 435.1010;
 3. Dies;
 4. Moves out-of-state;
 5. Voluntarily withdraws from the AHCCCS program;
 6. Is adopted; or
 7. Has whereabouts that are unknown.
- C.** Disenrollment effective date. The Administration shall terminate any guaranteed enrollment period to which the member is not entitled effective on:

1. The date the member is admitted to a public institution under subsection (B);
2. The member's date of death;
3. The last day of the month in which the Administration receives notification that a member moved out-of-state;
4. The date the Administration receives written notification of the member's voluntary withdrawal from the AHCCCS program;
5. The last day of the month in which the Administration receives notification that a member's adoption proceedings are finalized; or
6. The last day of the month in which the Administration receives notification that a member's whereabouts are unknown.

- D.** Retroactive adjustments. The Administration shall adjust the member's eligibility and enrollment retroactively under subsection (C).

Historical Note

New Section made by final rulemaking at 14 A.A.R. 1598, effective May 31, 2008 (Supp. 08-2).

ARTICLE 18. RESERVED**ARTICLE 19. FREEDOM TO WORK**

Article 19, consisting of Sections R9-22-1901 through R9-22-1922, made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4).

R9-22-1901. General Freedom to Work Requirements

Under 42 U.S.C. 1396a(a)(10)(A)(ii)(XV) and (XVI), the Administration shall determine eligibility for AHCCCS medical services, under Article 2 of this Chapter, using the eligibility criteria and requirements under this Article for an applicant or member who is:

1. At least 16 years of age, but less than 65 years of age,
2. Employed, and
3. Not income eligible under A.R.S. § 36-2901(6)(a).

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4).

R9-22-1902. General Administration Requirements

The Administration shall comply with the confidentiality rule under R9-22-512(C).

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1903. Application for Coverage

- A.** A person may apply by submitting an application to an Administration office.
- B.** The application date is the date the application is received at an Administration office or outstation location approved by the Director as described under R9-22-1406(A).
- C.** The provisions in R9-22-1406(B) and (D) apply to this Section.
- D.** The applicant or representative who files the application may withdraw the application for coverage either orally or in writing. An applicant withdrawing an application shall receive a denial notice under R9-22-1904.
- E.** Except as provided in 42 CFR 435.911, the Administration shall determine eligibility within 45 days.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 9 A.A.R. 5123, effective January 3, 2004 (Supp. 03-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1904. Notice of Approval or Denial

The Administration shall send an applicant a written notice of the decision regarding the application. This notice shall include a statement of the action, and:

1. If approved, the notice shall contain:
 - a. The effective date of eligibility,
 - b. The amount the person shall pay, and
 - c. An explanation of the person's hearing rights specified in 9 A.A.C. 34.
2. If denied, R9-22-1501(G)(3) applies.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1905. Reporting and Verifying Changes

An applicant or member shall report and verify changes, as described under R9-22-1501(H), to the Administration.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1906. Actions that Result from a Redetermination or Change

The processing of a redetermination or change shall result in one of the following actions:

1. No change in eligibility or premium,
2. Discontinuance of eligibility if a condition of eligibility is no longer met,
3. A change in premium amount, or
4. A change in the coverage group under which a person receives AHCCCS medical coverage.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4).

R9-22-1907. Notice of Adverse Action Requirements

- A. The requirements under R9-22-1501(K)(1) apply.
- B. Advance notice of a change in eligibility or premium amount. Advance notice means a notice of proposed action that is issued to the member at least 10 days before the effective date of the proposed action. Except under subsection (C), advance notice shall be issued whenever an adverse action is taken to discontinue eligibility, or increase the premium amount.
- C. Exceptions from advance notice. A notice shall be issued to the member to discontinue eligibility no later than the effective date of action if:
 1. A member provides a clearly written statement, signed by that member, that services are no longer wanted.
 2. A member provides information that requires termination of eligibility or reduction of services, indicates that the member understands that this must be the result of supplying that information, and the member signs a written statement waiving advance notice;
 3. A member cannot be located and mail sent to the member's last known address has been returned as undeliver-

able subject to reinstatement of discontinued services under 42 CFR 431.231(d);

4. A member has been admitted to a public institution where a person is ineligible for coverage;
5. A member has been approved for Medicaid in another state; or
6. The Administration receives information confirming the death of a member.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1908. Request for Hearing

An applicant or member may request a hearing under 9 A.A.C. 34.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1909. Conditions of Eligibility

An applicant or member shall meet the following conditions to qualify for the Freedom to Work program:

1. Furnish a valid Social Security Number (SSN);
2. Be a resident of Arizona;
3. Be a citizen of the United States, or meet requirements for a qualified alien under A.R.S. § 36-2903.03(B);
4. Be at least 16 years of age, but less than 65 years of age;
5. Have countable income that does not exceed 250 percent of FPL. The Administration shall count the income under 42 U.S.C. 1382a and 20 CFR 416 Subpart K with the following exceptions:
 - a. The unearned income of the applicant or member shall be disregarded,
 - b. The income of a spouse or other family member shall be disregarded, and
 - c. The deduction for a minor child shall not apply;
6. Comply with the member responsibility provisions under R9-22-1502(D) and (F).

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1). Section repealed; new Section made by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1910. Prior Quarter Eligibility

A person may be made eligible during a prior quarter period when applying for the Freedom to Work program, as described under Article 3.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1). New Section made by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4).

R9-22-1911. Repealed**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1912. Repealed**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1913. Premium Requirements

- A.** As a condition of eligibility, an applicant or member shall:
1. Pay the premium required under subsection (B).
 2. Not have any unpaid premiums for more than one month's premium amount.
- B.** The Administration shall process premiums under 9 A.A.C. 31, Article 14 with the following exceptions:
1. A member who has countable income:
 - a. Under \$500, the monthly premium payment shall be \$0.
 - b. Over \$500 but not greater than \$750, the monthly premium payment shall be \$10.
 2. The premium for a member shall be increased by \$5 for each \$250 increase in countable income above \$750.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1914. Repealed**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1915. Institutionalized Person

A person is not eligible for AHCCCS medical coverage if the person is:

1. An inmate of a public institution if federal financial participation (FFP) is not available, or
2. Age 21 through age 64 and is residing in an Institution for Mental Disease under 42 CFR 435.1009 except when allowed under the Administration's Section 1115 IMD waiver or allowed under a managed care contract approved by CMS.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1916. Repealed**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1917. Repealed**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed

by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1918. Additional Eligibility Criteria for the Basic Coverage Group

An applicant or member shall meet the following eligibility criteria:

1. Disabled. As a condition of eligibility, an applicant or member shall be disabled. Disabled means a person who has been determined disabled by the Department of Economic Security, Disability Determination Services Administration, under 42 U.S.C. 1382c(a)(3)(A) through (E), except employment activity, earnings, and substantial gainful activity shall not be considered in determining whether the individual meets the definition of disability.
2. Employed. As a condition of eligibility, an applicant or member shall be employed. Employed means that an applicant or member is paid for working and Social Security or Medicare taxes are paid on the applicant or member's work.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4).

R9-22-1919. Additional Eligibility Criteria for the Medically Improved Group

As a condition of eligibility for the Medically Improved Group, a member shall:

1. Be employed. Under this Section, employed means an individual who:
 - a. Earns at least the minimum wage and works at least 40 hours per month, or
 - b. Has gross monthly earnings at least equal to those earned by an individual who is earning the minimum wage working 40 hours per month.
2. Cease to be eligible for medical coverage under R9-22-1918 or a similar Basic Coverage Group program administered by another state because the member, by reason of medical improvement, is determined at the time of a regularly scheduled continuing disability review to no longer be disabled; and
3. Continues to have a severe medically determinable impairment, as determined under Social Security Act section 1902(a)(10)(A)(ii)(XVI).

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Amended by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1920. Repealed**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4). Section repealed by final rulemaking at 15 A.A.R. 220, effective March 7, 2009 (Supp. 09-1).

R9-22-1921. Enrollment

The Administration shall enroll members under Article 17 of this Chapter. If a member has not paid a required premium, the Administration shall not grant a guaranteed enrollment period.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4).

R9-22-1922. Redetermination of Eligibility

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- A. Redetermination. Except as provided in subsection (B), the Administration shall complete a redetermination of eligibility at least once a year.
- B. Change in circumstance. The Administration may complete a redetermination of eligibility if there is a change in the member's circumstances, including a change in disability or employment that may affect eligibility.
- C. Medical Improvement. If a member is no longer disabled under R9-22-1918, the Administration shall determine if the member is eligible under other coverage groups including the medically improved group.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 95, effective January 1, 2003 (Supp. 02-4).

ARTICLE 20. BREAST AND CERVICAL CANCER TREATMENT PROGRAM**R9-22-2001. Breast and Cervical Cancer Treatment Program Related Definitions**

In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meaning unless the context explicitly requires another meaning:

"AZ-NBCCEDP" means the Arizona programs of the National Breast and Cervical Cancer Early Detection Program. AZ-NBCCEDP provides breast and cervical cancer screening and diagnosis in Arizona.

"Cryotherapy" means the destruction of abnormal tissue using an extremely cold temperature.

"LEEP" means the loop electrosurgical excision procedure that passes an electric current through a thin wire loop.

"Peer-reviewed study" means that, prior to publication, a medical study has been subjected to the review of medical experts who:

- Have expertise in the subject matter of the study,
- Evaluate the science and methodology of the study,
- Are selected by the editorial staff of the publication, and
- Review the study without knowledge of the identity or qualifications of the author.

"WWHP" means the Well Women Healthcheck Program administered by the Arizona Department of Health Services. The WWHP is one of the programs within AZ-NBCCEDP that provides breast and cervical cancer screening and diagnosis.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

R9-22-2002. General Requirements

- A. Confidentiality. The Administration shall maintain the confidentiality of a woman's records and shall not disclose a woman's financial, medical, or other confidential information except as allowed under R9-22-512.
- B. Covered services. A woman who is eligible under this Article receives all medically necessary services under Articles 2 and 12 of this Chapter.
- C. Choice of health plan. A woman who is eligible under this Article shall be enrolled with a contractor under Article 17 of this Chapter.
- D. A Native American woman who receives services through Indian Health Service (IHS) or through a tribal health program qualifies for services provided under this Article if all eligibility requirements are met.
- E. A woman qualified under this Article shall pay co-pays as described in R9-22-711.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

R9-22-2003. Eligibility Criteria

- A. General. To be eligible under this Article, a woman shall meet the requirements of this Article and:
 1. Be screened for breast and cervical cancer through AZ-NBCCEDP;
 2. Be less than 65 years of age;
 3. Be ineligible for Title XIX under Articles 14 and 15 in this Chapter;
 4. Receive a positive screen under subsection (A)(1), a confirmed diagnosis through AZ-NBCCEDP, and need treatment for breast cancer or cervical cancer, including a pre-cancerous cervical lesion, as specified in R9-22-2004;
 5. Not be covered under creditable coverage as specified in Section 2701(c) of the Public Health Services Act, 42 U.S.C. 300gg(c). For purposes of this Article, IHS or Tribal health coverage is not considered creditable coverage as specified in 42 U.S.C. 1396a(a)(10)(A)(ii), as amended by the Native American Breast and Cervical Cancer Treatment Technical Amendment Act of 2002; and
 6. Meet the requirements under R9-22-1417 and R9-22-1418.
- B. Ineligible woman. A woman is ineligible under this Article if the woman:
 1. Is an inmate of a public institution and federal financial participation (FFP) is not available,
 2. Is at least age 21 but less than age 65 and resides in an Institution for Mental Disease (IMD) as defined in R9-22-112, except if allowed under the Administration's Section 1115 waiver, or
 3. No longer meets an eligibility requirement under this Article.
- C. Metastasized cancer. The AHCCCS Chief Medical Officer may continue a woman's eligibility under this Article if a metastasized cancer is found in another part of the woman's body and that metastasized cancer is a known or a presumed complication of the breast or cervical cancer as determined by the treating physician.
- D. Reoccurrence of cancer. A woman shall have eligibility reestablished after eligibility under this Article ends if the woman is screened under the AZ-NBCCEDP program and additional breast cancer or cervical cancer, including a pre-cancerous cervical lesion, is found.
- E. Ineligible male. A male is precluded from receiving screening and diagnostic services under the AZ-NBCCEDP program and is ineligible under this Article.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Amended by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

R9-22-2004. Treatment

- A. Breast cancer. Coverage for treatment for breast cancer under this Article shall conclude on the last provider visit for the specific treatment of the cancer or at the end of hormonal therapy for the cancer, whichever is later. For purposes of this subsection treatment means:
 1. Lumpectomy or surgical removal of breast cancer;
 2. Chemotherapy;
 3. Radiation therapy; and

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

4. A treatment for breast cancer that, as determined by the AHCCCS Chief Medical Officer, is considered the standard of care as supported by a peer-reviewed study published in a medical journal.
- B. Pre-cancerous cervical lesion. Coverage for treatment for a pre-cancerous cervical lesion under this Article, including moderate or severe cervical dysplasia or carcinoma in situ, shall conclude on the last provider visit for specific treatment for the pre-cancerous lesion. For purposes of this subsection treatment means:
 1. Conization;
 2. LEEP;
 3. Cryotherapy; and
 4. A treatment for pre-cancerous cervical lesion that, as determined by the AHCCCS Chief Medical Officer, is considered the standard of care as supported by a peer-reviewed study published in a medical journal.
- C. Cervical cancer. Coverage for treatment for cervical cancer under this Article shall conclude on the last provider visit for the specific treatment for the cancer. For purposes of this subsection treatment means:
 1. Surgery;
 2. Radiation therapy;
 3. Chemotherapy; and
 4. A treatment for cervical cancer that, as determined by the AHCCCS Chief Medical Officer, is considered the standard of care as supported by a peer-reviewed study published in a medical journal.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

R9-22-2005. Application Process

- A. Application. A woman may apply for eligibility under this Article by submitting a complete application as specified in R9-22-1406.
- B. Submitting the application. The woman may complete and submit an application at the time of the AZ-NBCCEDP screening. The AZ-NBCCEDP staff may mail or fax the application directly to the Administration.
- C. Date of application. The date of the application is the date of the diagnostic procedure that results in a positive diagnosis for breast cancer or cervical cancer, including a pre-cancerous cervical lesion.
- D. Responsibility of a woman who is applying or who is a member. A woman who is applying or who is a member shall:
 1. Provide medical insurance information, including any changes in medical insurance; and
 2. Inform the Administration about a change in address, residence, and alienage status.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

R9-22-2006. Approval, Denial, or Discontinuance of Eligibility

- A. Eligibility determination. The Administration shall determine eligibility under this Article and send the notice under subsection (B) or (C) within seven days of receiving a complete application.
- B. Approval. If a woman meets all the eligibility requirements in this Article, the Administration shall provide the woman with an approval notice. The approval notice shall contain:
 1. The name of the eligible woman, and
 2. The effective date of eligibility.

1. The name of the eligible woman, and
2. The effective date of eligibility.
- C. Denial. If the Administration denies eligibility, the Administration shall provide the woman with a denial notice. The denial notice shall contain:
 1. The name of the ineligible woman,
 2. The specific reason why the woman is ineligible,
 3. The legal citations supporting the reason for the denial,
 4. The location where the woman can review the legal citations, and
 5. Information regarding the woman's appeal and request for hearing rights.
- D. Discontinuance.
 1. Except as specified in subsection (D)(2), if a woman no longer meets an eligibility requirement under this Article, the Administration shall provide the woman a Notice of Action no later than 10 days before the effective date of the discontinuance.
 2. The Administration may mail the Notice of Action no later than the effective date of the discontinuance if the Administration:
 - a. Receives a written statement from the woman voluntarily withdrawing from AHCCCS,
 - b. Receives information confirming the death of the woman,
 - c. Receives returned mail with no forwarding address from the post office and the woman's whereabouts are unknown, or
 - d. Receives information confirming that the woman has been approved for Title XIX services outside the state of Arizona.
 3. The Notice of Action shall contain the:
 - a. Name of the ineligible woman,
 - b. Effective date of the discontinuance,
 - c. Specific reason why the woman is discontinued,
 - d. Legal citations supporting the reason for the discontinuance,
 - e. Location where the woman can review the legal citations, and
 - f. Information regarding the woman's appeal and request for hearing rights.
- E. Request for hearing. A woman who is denied, or discontinued for the Breast and Cervical Cancer Treatment Program may request a hearing under Chapter 34.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

R9-22-2007. Effective and End Date of Eligibility

- A. Eligibility is effective on the first day of the month that all eligibility requirements are met, including the period described under R9-22-303.
- B. The end date of eligibility:
 1. For breast cancer, is 12 months after the last provider visit for a treatment specified in R9-22-2004 for the cancer or at the end of hormonal therapy for the cancer, whichever is later.
 2. For pre-cancerous cervical lesion, is four months after the last provider visit for a treatment specified in R9-22-2004 for the pre-cancerous lesion.
 3. For cervical cancer, is 12 months after the last provider visit for a treatment specified in R9-22-2004 for the cancer.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5814, effective December 6, 2001 (Supp. 01-4). Section repealed; new Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4). Section amended by final rulemaking at 19 A.A.R. 3309, effective November 30, 2013 (Supp. 13-4).

R9-22-2008. Redetermination of Eligibility

- A.** Redetermination. Except as provided in subsection (B), the Administration shall redetermine eligibility at least once a year. If a woman continues to meet the requirements of eligibility for the Breast and Cervical Cancer Treatment Program under this Article, the Administration shall notify the woman of continued eligibility. A woman is not required to be screened for breast and cervical cancer through AZ-NBC-CEDP at redetermination.
- B.** Change in circumstance. The Administration shall complete a redetermination of eligibility if there is a change in the woman's circumstances that may affect eligibility, including a change in treatment.

Historical Note

New Section made by final rulemaking at 12 A.A.R. 4488, effective January 6, 2007 (Supp. 06-4).

ARTICLE 21. TRAUMA AND EMERGENCY SERVICES FUND

Article 21, consisting of Sections R9-22-2101 through R9-22-2103, made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

R9-22-2101. General Provisions

- A.** A.R.S. § 36-2903.07 establishes the Administration as the authority to administer the Trauma and Emergency Services Fund.
- B.** The Administration shall distribute 90% of monies from the trauma and emergency services fund to a level I trauma center, as defined in subsection (F) of this Section, for unrecovered trauma center readiness costs as defined in subsection (F) of this Section. Reimbursement is limited to no more than the amount of unrecovered trauma center readiness costs as determined in subsections (D) and (E) of this Section. Unexpended funds may be used to reimburse unrecovered emergency room costs under subsection (C) of this Section.
- C.** The Administration shall distribute 10% of monies from the trauma and emergency services fund, for unrecovered emergency services costs, to a hospital having an emergency department, using criteria under R9-22-2103. Reimbursement is limited to no more than the amount of unrecovered emergency services costs as determined in R9-22-2103. The Administration may distribute more than 10% of the monies for unrecovered emergency room costs when there are unexpended monies under subsection (B) of this Section.
- D.** The Administration shall distribute a reporting tool and guidelines to level I trauma centers to determine, on an annual basis, the unrecovered trauma center readiness costs for level I trauma centers as defined in subsection (F) of this Section. The reporting time-frame is July 1 of the prior year through June 30 of the reporting year. A level I trauma center shall submit the requested data and a copy of the most recently completed uniform accounting report under A.R.S. § 36-125.04 to the Administration no later than October 31 of each reporting year.
- E.** When a level I trauma center closes in a county where there are one or more level I trauma center(s) remaining in operation, the following shall occur:

1. The closing level I trauma center shall submit the requested data under subsection (D) of this Section for the months of the reporting time-frame in which it met the definition of a level I trauma center, and
 2. The data under subsection (D) of this Section, which is submitted by the closing level I trauma center, shall be added to the remaining level I trauma center(s) in that county for the current reporting time-frame only.
- F.** In addition to definitions contained in A.R.S. § 36-2901, the words and phrases in this Chapter have the following meanings unless the context explicitly requires another meaning:
1. "Level I trauma center" means any acute care hospital designated by the Arizona Department of Health Services as a level I trauma center, a provisional level I trauma center, a pediatric level I trauma center or an initial level I trauma center.
 2. "Unrecovered trauma center readiness costs" means losses incurred treating trauma patients:
 - a. Determined in accordance with Generally Accepted Accounting Principles,
 - b. Based on both clinical and professional costs incurred by a level I trauma center necessary for the provision of level I trauma care, and
 - c. Based on administrative and overhead costs directly associated with providing level I trauma care.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3). Amended by final rulemaking at 24 A.A.R. 2855, effective November 16, 2018 (Supp. 18-3).

R9-22-2102. Distribution of Trauma and Emergency Services Fund: Level I Trauma Centers

- A.** On or after November 1, 2003, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall take into consideration the proportion of those hospitals' trauma case volume. The Administration shall:
1. Recalculate the November 2003 payments in July 2004 using the formula in subsection (B) of this Section;
 2. Recoup November 2003 overpayments by reducing the July 2004 distributions under subsection (C) as appropriate; and
 3. Redistribute recouped funds, with the July 2004 payment, to level I trauma centers underpaid in November 2003.
- B.** On or after January 31 of each year, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall determine each hospital's unrecovered trauma center readiness costs for the current fiscal year using data from the most recent reporting year as provided under R9-22-2101(D) and (E). The proportion of each hospital's share of the fund for unrecovered trauma center readiness costs is determined after considering:
1. The professional, clinical, administrative, and overhead costs directly associated with providing level I trauma care, and
 2. The volume and acuity of trauma care provided by each hospital.
- C.** On or after July 31 of each year, the Administration shall distribute monies to level I trauma centers using monies, under R9-22-2101(B), available in the trauma and emergency services fund at the time of payment according to the proportions calculated and used for the January payments in the same year, under subsection (B) of this Section.

CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

R9-22-2103. Distribution of Trauma and Emergency Services Fund: Emergency Services

On or after June 30 of each year, the Administration shall distribute monies available in the trauma and emergency services fund at the time of payment as follows:

1. As allocated under R9-22-2101(C),
2. To hospitals that had an emergency department from July 1 through June 30 of the prior year, and
3. On a pro rata share of each hospital's cost of uncompensated emergency care as a percentage of the total statewide cost of uncompensated emergency care provided by hospitals under subsection (2) as reported in the uniform accounting reports to the Arizona Department of Health Services under A.R.S. § 36-125.04.

Historical Note

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3). Amended by exempt rulemaking at 18 A.A.R. 1748, effective July 1, 2012 (Supp. 12-2).

R9-22-2104. Additional Trauma and Emergency Services Payments under the Section 1115 Waiver

A. Notwithstanding R9-22-2101(D), for the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the balance of the Trauma and Emergency Services fund in the following manner:

1. Ninety percent of the amount shall be distributed to Level I trauma centers based upon each center's pro rata share of each center's acuity-adjusted volume as a percentage of the total acuity-adjusted volume for all centers in the state. The acuity-adjusted volume is calculated by multiplying the Injury Severity Score employed by trauma.org by the number of trauma cases at that level treated at the center during the reporting year. Hospitals shall report trauma scores and case volume on a worksheet prescribed by the Administration.
2. Ten percent of the amount shall be distributed proportionately to hospitals that had an emergency department from July 1 through June 30 of the reporting year based the pro rata share of each hospital's cost of emergency care as a percentage of the total statewide cost of emergency care provided by hospitals as reported on the Worksheet B,

column 27, line 61 of the hospital's most current Medicare Cost Report as of January 31 following the end of each reporting year.

- B. For the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the federal financial participation made available under the section 1115 waiver for the purpose of making payments for unrecovered trauma and emergency services as follows:
 1. Thirty percent of such funds to a Level I trauma center, in amounts calculated in the same manner as described in subsection (A)(1) of this Section, for any unrecovered trauma center readiness costs not reimbursed under subsection (A) of this Section;
 2. Thirty percent of such funds to a hospital having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsection (A) of this Section; and
 3. Forty percent of such funds to rural hospitals, as defined in R9-22-718 that are not Level 1 trauma centers as defined in R9-22-2101(F), having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsections (A) and (B)(2) of this Section.
- C. For the reporting years ending June 30, 2011 and June 30, 2012, payments made under this Article shall not be made in an amount that results in aggregate payments to the hospital by the Administration and contractors exceeding of the upper payment limit for the hospital services as calculated in accordance with 42 CFR 447.
- D. For the reporting years ending June 30, 2011 and June 30, 2012, to ensure compliance with subsection (C), payments under this Article shall be reconciled to the federal fiscal year that is two years subsequent to the payment.
- E. Any payments that are determined under subsection (D) to exceed the limit in subsection (C) shall be distributed as described in this Article to hospitals that have not received payments in excess of the limit in subsection (C).

Historical Note

New Section made by exempt rulemaking at 18 A.A.R. 1748, effective July 1, 2012 (Supp. 12-2).

The release of this Chapter in Supp. 19-4 replaces Supp. 19-2, 1-10 pages

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

ARTICLE 1. CRIMINAL HISTORY RECORDS**R13-1-101. Definitions**

In addition to the definitions in A.R.S. §§ 41-1750 and 41-2201, the following definitions apply to this Chapter:

1. "Access authorization list" means a list that contains the names of agency personnel who are authorized to receive information directly or indirectly from the ACJIS network.
2. "ACJIS" means the Arizona Criminal Justice Information System, a statewide network housing various databases on persons and property in this state. The ACJIS network is maintained by the Department and is available to authorized local, state, and federal criminal justice agencies.
3. "ADRS" means the Arizona Disposition Reporting System, which is maintained by the Department and supports electronic submission of disposition information to the central state repository.
4. "ALETS" means the Arizona Law Enforcement Telecommunications System.
5. "Arizona Computerized Criminal History" means a criminal history record kept by the Department in a database of offenders arrested in this state.
6. "Arresting agency case number" means a unique combination of 15 numbers and letters used to identify a criminal justice agency's case number such as the Department case number, Department report number, or case report number. The first three characters are the AZAFIS-assigned alpha characters that identify the arresting agency.
7. "AZAFIS" means the Arizona Automated Fingerprint Identification System maintained by the Department that stores state-level arrest fingerprints and related information.
8. "AZAFIS Image Scanner" means the scanning system that scans and transmits ink and roll arrest fingerprint records.
9. "AZAFIS Livescan" means the electronic system that captures and transmits arrest information and fingerprints.
10. "CHRI" means Criminal History Record Information.
11. "Classifiable Fingerprints" means fingerprint impressions that meet the criteria of the FBI as contained in Form FD-258 (5-11-99), U.S. Government Printing Office: 2004-304-373/80029, incorporated by reference, available from the Department and the FBI (Attn: Logistical Support Unit (LSU), CJIS Division, 1000 Custer Hollow Road, Clarksburg, WV 26306). This incorporation contains no future editions or amendments.
12. "Date of arrest" means the date a person is taken into custody using the MMDDCCYY format as indicated in Exhibit A.
13. "Date of birth" means the subject's date of birth using MMDDCCYY format as indicated in Exhibit A.
14. "Department" means the Arizona Department of Public Safety.
15. "Disposition date" is the date of final disposition of a charge.
16. "Hot files" means records entered into ACJIS. These records include those regarding wanted persons and stolen vehicles.
17. "Juvenile fingerprinted" means identification signifying that an individual is a juvenile on an arrest fingerprint card if the juvenile is being remanded as an adult.
18. "Law Enforcement Agency" means a municipal, county, or state agency with powers of arrest.
19. "LSI" means local subject identifier, a unique combination of 15 numbers and letters used by local law enforcement agencies to identify an individual. It is the local equivalent of a State Identification (SID) number. The first three characters are the AZAFIS-assigned alpha characters that identify the agency.
20. "NCIC" means the National Crime Information Center maintained by the FBI, a national repository of files on persons and property relating to a crime.
21. "NIBRS" means the National Incident-Based Reporting System, a system designed to collect data on each crime occurrence and each incident and arrest within that occurrence for 22 crime categories.
22. "NLETS" means the National Law Enforcement Telecommunications System, a message switching system for the interstate exchange of criminal justice information.
23. "Offender-based Tracking System" means a computer system database that indexes information from selected Arizona Criminal Justice Information System data files.
24. "Offense" means an offense listed in the Arizona Revised Statutes or a city ordinance that is used to arrest an offender.
25. "Offense type" means a designation that indicates whether an offense is a felony or a misdemeanor.
26. "ORI" means a unique identifier assigned by the FBI to an agency.
27. "PCN" means Process Control Number.
28. "Personal identifiers" means a subject's sex, race, height, weight, hair color, and eye color.
29. "Place of birth" means the state or country in which a subject of record was born.
30. "State Identification Number (SID)" means an identification number that is assigned by the Department to an individual whose set of arrest fingerprints has been submitted to AZAFIS.
31. "Terminal Operator Certification Level A" means a terminal operator who is authorized to access the ACJIS network for entering, updating, clearing, or canceling records; conducting inquiries; and interpreting responses.
32. "Terminal Operator Certification Level B" means a terminal operator who is authorized to inquire into the ACJIS network and interpret responses.
33. "Terminal Operator Certification Level C" means a terminal operator who is authorized to inquire into the ACJIS/NCIC hot files.
34. "Terminal Operator Certification Level D" means technical personnel who are authorized to view information obtained from the ACJIS network.
35. "Terminal Operator Certification Level F" means a terminal operator who is authorized to inquire into, enter information into, or modify information in the ADRS.
36. "TOC" means Terminal Operator Certification.

Historical Note

Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5477, effective October 31, 2003 (Supp. 03-4). Formerly Section R13-1-01; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Amended by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

R13-1-102. Submission and Retention of Criminal Justice Information

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

- A.** The chief officer of a criminal justice agency in this state shall ensure that CHRI is submitted to the Department's Central State Repository as follows.
1. A law enforcement agency shall submit arrest fingerprints to the Department through the AZAFIS or through the mail.
 2. A law enforcement agency shall submit any corrections to previously submitted arrest fingerprints to the Department by fax or mail on the "Correction of Arrest Information" form available from the Department. The Department's Central State Repository shall correct the record as requested. Corrections to or deletion of arrest records may only be requested by the arresting or booking agency. The Correction of Information form includes:
 - a. Name of the person authorizing the correction or deletion;
 - b. Agency name, ORI, and telephone and fax numbers;
 - c. PCN;
 - d. SID;
 - e. Subject of record's name and date of birth;
 - f. Arresting agency case number;
 - g. Date of arrest; and
 - h. Correction or deletion needed.
 3. Law enforcement agencies, prosecutors' offices, and courts shall submit dispositions related to an arrest fingerprint to the Department's Central State Repository within 40 days from the disposition date.
 4. A court shall submit court orders that affect criminal history records to the Department's Central State Repository. The Department shall update the criminal history record based on the information received in the court order.
 5. A county medical examiner shall provide to the Department's Central State Repository a full set of 10 inked and rolled fingerprints of a deceased person whose death is required to be investigated by the county medical examiner's office. The Department shall search the fingerprints to determine whether any criminal record is maintained and, if so, update the record to indicate notification of the death. The county medical examiner shall ensure that the complete fingerprint record submitted to the Department includes:
 - a. Deceased person's full name,
 - b. Date of birth, and
 - c. Personal identifiers.
- B.** The Department's Central State Repository shall retain a criminal history record until the subject of record reaches age 99 or one year after the Department receives notice of the subject of record's death.

Historical Note

Former rule 1. Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5477, effective October 31, 2003 (Supp. 03-4). Formerly Section R13-1-02; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Amended by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

R13-1-103. Procedures For Law Enforcement Agencies and Prosecutors' Offices to Forward Dispositions of Criminal Proceedings to the Central State Repository

- A.** A law enforcement agency and prosecutor office shall submit a completed Disposition Report form for crimes specified in A.R.S. § 41-1750(C) to the Department's Central State Repository as outlined in A.R.S. § 41-1750.

- B.** The law enforcement agency that prepares the Disposition Report form shall complete the information in blocks #1 through 16 on the Disposition Report form as shown in Exhibit A for the arrest charges filed by the agency.
1. The law enforcement agency that prepares the Disposition Report form shall forward the form to the appropriate prosecutor's office. If the arresting agency makes a decision not to pursue criminal charges, the arresting agency shall complete blocks #1 through #16 and blocks #18, 25, and 26, and submit the completed form to the Department's Central State Repository.
 2. The Department's Central State Repository shall update the criminal history record with the disposition report information.
- C.** The prosecutor's office shall verify the arrest charges listed on the Disposition Report form by the law enforcement agency, and add or amend the arrest charges listed by completing blocks #10 and 17, if applicable. The prosecutor's office shall reflect a decision to terminate one or all of the arrest charges on the Disposition Report form by completing all of the applicable blocks on the form.
1. For criminal charges filed with a court by the prosecutor, the prosecutor shall verify or complete information in blocks #10 through 16 and block #17, if applicable, on the Disposition Report form and forward the form to the appropriate court as required by Arizona Rule of Criminal Procedure 37.2.
 2. If the prosecutor decides not to file with the court one or more of the arrest charges listed on the Disposition Report form, the prosecutor shall complete blocks #18, 25, and 26. The prosecutor shall forward the completed Disposition Report form to the Central State Repository, and the prosecutor shall forward a photocopy of the form to the appropriate court, if one or more charges are being filed with the court. The Central State Repository shall update the criminal history record to indicate the disposition for arrest charges not filed by the prosecutor.
- D.** Agencies may submit disposition information electronically to the Department instead of in paper form if the agency enforces quality control measures and follows the electronic disposition format provided by the Department.

Historical Note

Former rule 2. Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5477, effective October 31, 2003 (Supp. 03-4). Formerly Section R13-1-03; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-104. Procedures for Juveniles Remanded as Adults and Procedures for the Department of Corrections to Forward Information Regarding Inmates to the Central State Repository

- A.** The Department maintains criminal history records in the Central State Repository for juveniles as the subject of record only if the juvenile is remanded to an adult court. If a criminal justice agency is processing a juvenile who is remanded to an adult court, the agency shall use the procedures in this Article to submit criminal history records to the Department's Central State Repository.
- B.** The Arizona Department of Corrections shall forward each week to the Department a computer tape that includes for each inmate within the prison system the inmate's full name, date of birth, sex, race, inmate number assigned by the agency, arrest information for which the inmate is serving time in prison, and custody status. The Department shall update computerized

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

files of the Offender-based Tracking System and the Arizona Computerized Criminal History, when applicable.

Historical Note

Former rule 3. Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5477, effective October 31, 2003 (Supp. 03-4). Formerly Section R13-1-04; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-105. Procedures for a Criminal Court to Forward Dispositions of Criminal Charges to the Central State Repository

- A. A criminal court shall submit the disposition of all charges to the Central State Repository under Rule 37 of the Arizona Rules of Criminal Procedure.
- B. The court shall verify the arrest charges listed on the Disposition Report form and complete the applicable blocks for each charge addressed by the court.
- C. If there is more than one arrest charge listed on the Disposition Report form and any of the charges are being adjudicated by another court, the court shall photocopy the Disposition Report form and forward it to the other court.
- D. The court shall complete and forward the disposition form to the Department's Central State Repository. The Department shall update the criminal history record with the disposition report information.
- E. A criminal court shall use a Disposition Report supplemental form provided by the Department to report additional arrest charges and dispositions of the charges. The Disposition Report form is used to record the first three charges of an arrest event and the disposition of these charges. The Disposition Report supplemental form is used to record additional charges and the dispositions of those additional charges.
- F. Agencies may submit disposition information electronically to the Department's Central State Repository instead of a paper form if the agency enforces quality control measures and follows the electronic disposition formats provided by the Department.

Historical Note

Former rule 4. Formerly Section R13-1-05; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-106. Arrest Fingerprint Record Submission

- A. The chief officer of a criminal justice agency shall ensure that a completed arrest fingerprint record prescribed by subsection (D) in a format prescribed by the Department is sent to the Department's Central State Repository within 10 days from the date of fingerprinting using one of the following methods:
 1. AZAFIS Livescan,
 2. AZAFIS Image Scanner, or
 3. Ink-and-roll arrest fingerprint card.
- B. The chief officer of a criminal justice agency shall ensure that only one arrest fingerprint record is sent to the Department's Central State Repository for each arrest.
- C. A criminal justice agency using the ink-and-roll method of fingerprinting shall obtain blank arrest fingerprint cards from the FBI using the CJIS Supply Requisition Form (I-178).
- D. A completed arrest fingerprint record contains the following information:
 1. About the individual arrested:
 - a. Name;

- b. Date of birth;
 - c. Personal identifiers;
 - d. Juvenile fingerprinted, if applicable; and
 - e. Place of birth;
2. Date of arrest;
3. ORI, and arresting agency's name and address;
4. Date of offense;
5. Local identification/reference:
 - a. LSI and arresting agency case number are required,
 - b. Local file number and agency tracking number are optional;
6. Citation information/charge description. Citation to the state, county, or city code allegedly violated and description of charge, i.e., A.R.S. § 13-1802, theft.
7. Offense type:
 - a. Designate a felony with an "F";
 - b. Designate a misdemeanor with an "M";
8. Court ORI;
9. PCN;
10. Name or identification number of official taking fingerprints; and
11. Arrest fingerprints.

Historical Note

Former rule 5. Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5477, effective October 31, 2003 (Supp. 03-4). Formerly Section R13-1-06; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Amended by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

R13-1-107. Procedures for Review of Accuracy and Completeness of Criminal History Records

- A. The subject of record or the subject's attorney may request criminal history record information maintained by the Department for the sole purpose of reviewing the accuracy and completeness of the subject of record's criminal history record.
- B. To obtain a copy of a criminal history record, the subject of record shall submit a completed Record Review Instruction Packet provided by the Department.
- C. A completed Record Review Instruction Packet includes the following for the subject of record:
 1. Full set of classifiable fingerprints taken by an official at a law enforcement agency,
 2. Name,
 3. Date of birth,
 4. Personal identifiers,
 5. Place of birth,
 6. Social Security number,
 7. Address of residence,
 8. Date fingerprinted, and
 9. Signature.
- D. The completed Record Review Instruction Packet shall be returned to the Department in the envelope provided.
- E. The subject of record's attorney may obtain the subject of record's criminal history record by providing a notarized letter of authorization from the subject of record with the completed Record Review Instruction Packet.
- F. Within 15 days of receipt of the completed Record Review Instruction Packet, the Department shall provide a response to the subject of record or the subject's attorney. The Department shall include in the response arrest and disposition information maintained by the Department on the subject of record and a

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

Review and Challenge of Arizona Criminal History Record Information form that requests:

1. Subject of record's full name;
2. Signature of subject of record or attorney representing the subject of record;
3. Date of submission of the challenge;
4. Summary of the exceptions and reasons for the exceptions, specifying each arrest, and including:
 - a. Name of arresting agency,
 - b. Date of arrest,
 - c. Arrest number, and
 - d. Charge;
5. Subject of record's mailing address; and
6. Signature of the subject of record, verifying the summary of exceptions and reasons.

Historical Note

Former rule 6. Section expired under A.R.S. § 41-1056(E) at 9 A.A.R. 5477, effective October 31, 2003 (Supp. 03-4). Formerly Section R13-1-07; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-108. Procedures for Challenging the Accuracy and Completeness of Criminal History Records

- A. To challenge a criminal history record, the subject of record or the subject of record's attorney shall complete and return the Review and Challenge of Arizona Criminal History Record Information form referenced in R13-1-107(F) within 35 days of the date of the response referenced in R13-1-107(F).
- B. The Department shall complete an audit of the challenged entries within 15 days of receipt of the form by:
 1. Contacting the contributing agencies,
 2. Verifying the information, and
 3. Researching dispositions on any challenged entry.
- C. If the Department determines that a correction to or deletion from the criminal history record is necessary, the Department shall modify the record and notify the Federal Bureau of Investigation.
- D. Upon conclusion of the audit referenced in subsection (B), the Department shall send written notification of the audit result and a copy of any record modification to the subject of record or the subject of record's attorney.
- E. The Department shall include in the notice of audit result referenced in subsection (D) a statement that the subject of record may request a hearing to determine the accuracy of the criminal history record. To request a hearing, the subject of record or the subject of record's attorney shall submit to the Department a written request within 35 days of the date of the notice of audit result referenced in subsection (D).

Historical Note

Former rule 7. Formerly Section R13-1-08; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Amended by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

R13-1-109. Hearing Procedures

- A. Under A.R.S. § 41-2204(6), a hearing shall be conducted after receipt of a request for a hearing to determine the accuracy of information in a criminal history record maintained by the Central State Repository.

- B. The Office of Administrative Hearing shall conduct a hearing to determine the accuracy of information in a criminal history record maintained by the Central State Repository in accordance with the procedures in A.R.S. Title 41, Chapter 6, Article 10 and the rules issued by the Office of Administrative Hearings.
- C. Under A.R.S. § 41-1092.08, within 30 days after the Office of Administrative Hearings sends the administrative law judge's recommended decision to the Director, the Director shall review the recommended decision and may accept, modify, or reject it.

Historical Note

Former rule 8. Formerly Section R13-1-09; renumbered under A.R.S. § 41-1011(C) to comply with the numbering system prescribed by the Office of the Secretary of State (Supp. 03-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Former R13-1-109 renumbered to R13-1-111, new Section made by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

R13-1-110. Review or Rehearing of the Director's Decision

- A. In accordance with A.R.S. § 41-1092.09, a party may file with the Department a motion for rehearing or review of a decision issued by the Director under R13-1-109.
- B. A party may amend a motion for rehearing or review at any time before the Department rules on the motion.
- C. The Department may grant a rehearing or review for any of the following reasons materially affecting a party's rights:
 1. Irregularity in the proceedings or any order or abuse of discretion that deprived the moving party of a fair hearing;
 2. Misconduct of the Director, Department staff, or an administrative law judge;
 3. Accident or surprise that could not have been prevented by ordinary prudence;
 4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the hearing;
 5. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceedings; and
 6. The findings of fact are not justified by the evidence or the decision is contrary to law.
- D. The Department may affirm or modify a decision or grant a rehearing or review on all or some of the issues for any of the reasons listed in subsection (C). The Department shall specify with particularity the grounds for an order modifying a decision or granting a rehearing or review. If a rehearing or review is granted, the rehearing or review shall cover only the matters specified in the order.
- E. Not later than 30 days after the date of a decision and after giving the parties notice and an opportunity to be heard, the Department may, on its own initiative, order a rehearing or review of the decision for any reason listed in subsection (C). The Department may grant a motion for rehearing or review, timely served, for a reason not stated in a motion.
- F. When a motion for rehearing or review is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after service of the motion, serve response affidavits. The Department may extend this period for a maximum of 20 days for good cause or by written stipulation of the parties. The Department may permit reply affidavits.
- G. If, in a particular decision, the Director makes a specific finding that the immediate effectiveness of the decision is necessary for preservation of the public health, safety, or welfare

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

and that a rehearing or review of the decision is impracticable, unnecessary, or contrary to the public interest, the decision shall be issued as a final decision without an opportunity for a rehearing or review.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

R13-1-111. Information Deemed Useful for the Study and Prevention of Crime or the Administration of Criminal Justice

- A.** An individual or agency that wishes to obtain criminal history records from the Central State Repository for the purpose of research, evaluative or statistical activities, the prevention of crime, or to provide services for the administration of criminal justice shall:

1. Provide a written or electronic request to the Department that specifies the purpose of the study, or how the records will be used to prevent crime or administer criminal justice; and
 2. If the request is approved, sign a non-disclosure agreement that meets the requirements of A.R.S. § 41-1750(G)(9) and is prepared and provided by the Department.
- B.** The Department shall review the signed non-disclosure agreement and authorize the exchange of information in accordance with the agreement.

Historical Note

New Section R13-1-111 renumbered from R13-1-109 and amended by final rulemaking at 15 A.A.R. 273, effective March 7, 2009 (Supp. 09-1).

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

Exhibit A. Disposition Report Form Block Completion Instructions for Law Enforcement and Prosecutors

Block #1: SID NUMBER/AZ: If subject was previously arrested, the State Identification number may be obtained from the Arizona Computerized Criminal History (ACCH) files via terminal inquiry.

Block #2: NAME: Subject's complete name as shown on the arrest fingerprint record that was completed for this arrest.

Block #3: DATE OF BIRTH (DOB): As shown on the arrest fingerprint record (MMDDCCYY) MM = month, DD = day, CCYY = full year. Example: 03/20/1954.

Block #4: DATE OF ARREST: As shown on the arrest fingerprint record (MMDDCCYY) MM = month, DD = day, CCYY = full year. Example: 04/20/2001.

Block #5: PCN: PCN assigned for specific arrest incident via AZAFIS.

Block #6: ARRESTING AGENCY ORI: The NCIC-assigned originating agency identifier (ORI).

Block #7: ARRESTING AGENCY CASE NUMBER: The arresting agency's case number.

Block #8: BOOKING AGENCY ORI: The NCIC-assigned originating agency identifier (ORI).

Block #9: BOOKING NUMBER: The number assigned by the detention facility.

Block #10: CHARGES: Each offense charged at the time of arrest MUST be listed on line "a". Line "b" is used only for amendments to the initial arrest charge(s).

Block #11: ARIZONA REVISED STATUTE (A.R.S.) or Ordinance: Enter the correct A.R.S. number or the County/City Ordinance number for each charge (as indicated on the arrest fingerprint record.)

Block #12: DATE OF OFFENSE/VIOLATION: Enter the date the offense/violation was committed (MMDDCCYY).

Block #13: OFFENSE TYPE: Circle "M" for misdemeanor. Circle "F" for felony.

Block #14: PREPARATORY OFFENSE CODE: Enter the appropriate code from the list on the front of this form. Indicate "A" for Attempted, "C" for Conspiracy to Commit, "F" for facilitate, or "S" for solicit.

Block #15: DOMESTIC VIOLENCE & VICTIM INFORMATION CODE: Enter the appropriate code from the list on the front of the form. Indicate "D" for a crime involving domestic violence, "M" when the victim is a minor, "A" when the victim is a vulnerable adult, "L" when the victim is a law enforcement officer, "C" for a dangerous crime against a child/children.

Block #16: DESIGNATED COURT NAME/IDENTIFIER: Enter the designated court name or NCIC-assigned originating identifier (ORI) for each charge. Block #17: AMENDED TO: Enter the letter "X" in block 17, line "a"; then write amended charge(s) and sentence information on the corresponding "b" line, beginning in block 10, completing all applicable blocks through block 27.

Block #18: DISPOSITION CODE: Enter the appropriate disposition code from the following: "NF" for no complaint filed, "NR" for not referred to prosecution, or "DP" for deferred prosecution.

Block #25: DISPOSITION DATE: Enter the official disposition date (MMDDCCYY).

Block #26: AGENCY ORI MAKING DISPOSITION DECISION: The NCIC-assigned originating agency identifier (ORI) of the agency making the disposition decision.

Block #27: FURTHER EXPLANATIONS OR MODIFICATIONS: Further explanation regarding a particular charge/disposition (list the charge number) may be entered in this section.

Block #28: RIGHT INDEX FINGERPRINT: (lower right corner of the form) At the time of arrest/fingerprinting, the subject's right index fingerprint may be placed in this box. (This fingerprint is optional and not required to process the Disposition Report form.)

Historical Note

Article 1, Exhibit A recodified from Article 5, Exhibit A, effective February 7, 2019 (Supp. 19-1).

Exhibit B. Disposition Report Form Block Completion Instructions for Criminal Courts

Block #1: SID NUMBER/AZ: If subject was previously arrested, the State Identification number may be obtained from the Arizona Computerized Criminal History (ACCH) files via terminal inquiry.

Block #2: NAME: Subject's complete name as shown on the arrest fingerprint record that was completed for this arrest.

Block #3: DATE OF BIRTH (DOB): As shown on the arrest fingerprint record (MMDDCCYY) MM = month, DD = day, CCYY = full year. Example: 03/20/1954.

Block #4: DATE OF ARREST: As shown on the arrest fingerprint record (MMDDCCYY) MM = month, DD = day, CCYY = full year. Example: 04/20/2001.

Block #5: PCN: PCN assigned for specific arrest incident via AZAFIS.

Block #6: ARRESTING AGENCY ORI: The NCIC-assigned originating agency identifier (ORI).

Block #7: ARRESTING AGENCY CASE NUMBER: The arresting agency's case number.

Block #8: BOOKING AGENCY ORI: The NCIC-assigned originating agency identifier (ORI).

Block #9: BOOKING NUMBER: The number assigned by the detention facility.

Block #10: CHARGES: Each offense charged at the time of arrest MUST be listed on line "a". Line "b" is used only for amendments to the initial arrest charge(s).

Block #11: ARIZONA REVISED STATUTE (A.R.S.) or Ordinance: Enter the correct A.R.S. number or the County/City Ordinance number for each charge (as indicated on the arrest fingerprint record.)

Block #12: DATE OF OFFENSE/VIOLATION: Enter the date the offense/violation was committed (MMDDCCYY).

Block #13: OFFENSE TYPE: Circle "M" for misdemeanor. Circle "F" for felony.

Block #14: PREPARATORY OFFENSE CODE: Enter the appropriate code from the list on the front of this form. Indicate "A" for attempted, "C" for Conspiracy to Commit, "F" for facilitate, or "S" for solicit.

Block #15: DOMESTIC VIOLENCE & VICTIM INFORMATION CODE: Enter the appropriate code from the list on the front of the form. Indicate "D" for a crime involving domestic violence, "M" when the victim is a minor, "A" when the victim is a vulnerable adult, "L" when the victim is a law enforcement officer, "C" for a dangerous crime against a child/children.

Block #16: DESIGNATED COURT NAME/IDENTIFIER: Enter the designated court name or NCIC-assigned originating identifier (ORI) for each charge.

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

Block #17: AMENDED TO: Enter the letter "X" in block 17, line "a"; then write amended charge(s) and sentence information on the corresponding "b" line, beginning in block 10, completing all applicable blocks through block 27.

Block #18: DISPOSITION CODE: Enter the appropriate disposition or appellate code from the list on the front of the form.

AC — Acquitted/ Not guilty

CD — Court Dismissed

DP — Deferred Prosecution

DS — Deferred Sentencing

GG — Guilty

GI — Guilty but Insane

NF — No complaint filed

NP — Nolo contendere plea

NR — Not referred for prosecution

PD — Pardoned

PM — Pending due to mental incompetency

PO — Plea to other charges

RI — Not responsible by reason of insanity

APPELLATE CODES:

AF — Affirmed

AR — Affirmed, Remanded for Re-sentencing

RR — Reversed and Remanded

RV — Reversed and Conviction Overturned

SM — Sentence Modified

Block #19: PRISON/JAIL: If the defendant was sentenced to confinement, circle "P" for prison or "J" for Jail.

Block #20: LENGTH OF CONFINEMENT: Indicate the length of confinement (in days, months, years, etc.) to which the defendant is sentenced. Example: 1 yr. 2 mo.

Block #21: SENTENCE CODE: Enter the appropriate sentence code from the list on the front of the form.

CC — Concurrent

CS — Consecutive

PS — Public or Community Service

SS — Court Suspended Sentence

Block #22: PROBATION LENGTH: Indicate the length of probation in days, months, years, etc. to which the subject is sentenced. Example: 3 yrs.

Block #23: FINE: Circle "Y" for Yes, to indicate that a fine was imposed. Circle "N" for No, to indicate that a fine was not imposed.

Block #24: COURT CASE COMPLAINT NUMBER: The case number assigned by the Justice/Municipal/Superior Court.

Block #25: DISPOSITION DATE: Enter the official disposition date (MMDDCCYY).

Block #26: AGENCY ORI MAKING DISPOSITION DECISION: The NCIC-assigned originating agency identifier (ORI) of the agency making the disposition decision.

Block #27: FURTHER EXPLANATIONS OR MODIFICATIONS: Further explanation regarding a particular charge/disposition (list the charge number) may be entered in this block.

Block #28: RIGHT INDEX FINGERPRINT: (lower right corner of the form) At the time of arrest/fingerprinting, the subject's right index fingerprint may be placed in this box. (This fingerprint is optional and not required to process the Disposition Report form.)

Historical Note

Article 1, Exhibit B recodified from Article 5, Exhibit B, effective February 7, 2019 (Supp. 19-1).

ARTICLE 2. ACJIS NETWORK

R13-1-201. ACJIS Security Measures

- A. All criminal justice agencies that collect, store, disseminate, or access criminal justice information or criminal history information from the ACJIS shall sign and return to the Department's Access Integrity Unit an ACJIS User Agreement. The ACJIS User Agreement states that the agency will follow state and federal requirements as specified in R13-1-204(A) relating to the collection, storage, dissemination, and access of criminal justice information and criminal history record information obtained directly or indirectly from the ACJIS.
- B. A criminal justice agency accessing the ACJIS network shall meet the following security guidelines:
 1. Access and dissemination of information from the ACJIS network is limited to criminal justice agencies for the administration of criminal justice or for criminal justice employment.
 2. An agency that enters records into the ACJIS network is responsible for the accuracy, timeliness, and completeness of the record entries.

3. An agency shall have an ACJIS misuse policy that outlines the sanctions imposed on agency personnel who misuse ACJIS.
4. An agency shall ensure that agency equipment connected to the ACJIS network is fully compatible with existing ACJIS computer equipment and upgraded as necessary to remain compatible with ACJIS configurations and architecture.
5. An agency shall ensure that agency personnel maintain appropriate operator certification levels as specified in R13-1-203.
- C. A criminal justice agency that interfaces its record management system with the ACJIS network shall meet the following interface standards and security requirements as set by the Department:
 1. Provide to the Department a complete and accurate schematic of agency network and hardware configuration;
 2. Ensure that there are security controls to prevent unauthorized access to ACJIS information;

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

3. Follow user identification and password configurations specified by the Department;
4. Establish a process to review system logs and store the logs for one year; and
5. Sign the Department's ACJIS interface addendum agreeing to follow the standards in this subsection.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-202. Arizona Criminal Justice Information System Training and Proficiency Guidelines

A criminal justice agency that accesses the ACJIS Network shall follow the ACJIS terminal operator certification (TOC) testing guidelines developed and maintained by the Department. The guidelines are:

1. Each agency with terminal access to the ACJIS Network shall appoint an ACJIS System Security Officer (SSO) to act as liaison to the Department's CJIS Systems Officer.
2. The agency SSO shall:
 - a. Oversee the development and maintenance of the agency's ACJIS Network and TOC training outlines;
 - b. Oversee the Terminal Operator Certification Training Program;
 - c. Oversee the Criminal Justice Practitioner's Training Program; and
 - d. Ensure that all agency terminal operators pass a test by obtaining at least a score of 70 percent for the appropriate Terminal Operator Certification Level before accessing the ACJIS.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-203. Terminal Operator Certification Training or Criminal Justice Practitioner's Program

- A. The SSO shall ensure that the Terminal Operator Certification Training Programs for terminal operator levels A, B, C, and D contain the following areas of training as applicable to the certification level:
 1. Privacy and security of the ACJIS/NCIC system;
 2. Record inquiry and entry procedures on all databases;
 3. Validation procedures;
 4. Hit confirmation procedures;
 5. Dissemination procedures;
 6. Terminal operator certification procedures;
 7. Use of ALETS and the NLETS; and
 8. Viewing the ACJIS operations overview video.
- B. The agency SSO shall ensure that the Criminal Justice Practitioner's Program includes, at a minimum, viewing the ACJIS operations overview video.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-204. Procedures for and Restrictions on Dissemination of Information

- A. A criminal justice agency shall follow the terms and conditions for dissemination of criminal justice or criminal history record information obtained from the ACJIS network outlined in:
 1. A.R.S. § 41-1750;
 2. 28 CFR Part 20 dated July 2004, incorporated by reference, available from the Department and the FBI at 1000 Custer Hollow Road, Clarksburg, WV 26306. This incor-

poration by reference contains no future editions or amendments; and

3. The ACJIS User Agreement as stated in R13-1-201;
- B. A criminal justice agency shall provide an access authorization list to the Department. The Department shall disseminate criminal justice or criminal history record information only to individuals on the agency's access authorization list. The authorization list shall include:
 1. Name of agency;
 2. Name of authorized individual;
 3. Date of birth of authorized individual;
 4. Date of hire of authorized individual, if applicable;
 5. Terminal operator certification number of authorized individual, if applicable; and
 6. Phone numbers of authorized individual.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

ARTICLE 3. ARIZONA CRIME STATISTICS**R13-1-301. Submittal of Hate Crimes Information**

- A. A law enforcement agency shall submit hate crime information to the Department as outlined in the following publications that are incorporated by reference, available from the Department's Access Integrity Unit and the FBI at 1000 Custer Hollow Road, Clarksburg, WV 26306, and include no future editions or amendments:
 1. Federal Bureau of Investigation Training Guide for Hate Crime Data Collection, Appendix C; and Federal Bureau of Investigation Hate Crime Data Collection Guidelines, dated October 1999;
 2. Federal Bureau of Investigation National Incident Based Reporting System Handbooks:
 - a. Uniform Crime Reporting Handbook, NIBRS Edition, dated 1992;
 - b. Volume 1 – Data Collection Guidelines, dated August 2000;
 - c. Volume 2 – Data Submission Specifications, dated May 1992;
 - d. NIBRS Addendum for Submitting LEOKA data, dated October 2002; and
 - e. Volume 4 – Error Message Manual, dated December 1999.
- B. The Department shall provide law enforcement agencies with information contained in the FBI's Uniform Crime Reporting State Program Bulletins that the Department determines is necessary to comply with this Section.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

R13-1-302. Submittal of Uniform Crime Information

- A. A law enforcement agency shall submit uniform crime information to the Department as outlined in the following publications that are incorporated by reference, available from the Department's Access Integrity Unit and the FBI at 1000 Custer Hollow Road, Clarksburg, West Virginia, and contains no future editions or amendments:
 1. Federal Bureau of Investigation Uniform Crime Reporting Handbook, dated 2004;
 2. Federal Bureau of Investigation National Incident Based Reporting System Handbooks incorporated in R13-1-301(A)(2).
- B. The Department shall provide law enforcement agencies with information contained in the FBI's Uniform Crime Reporting

CHAPTER 1. DEPARTMENT OF PUBLIC SAFETY - CRIMINAL IDENTIFICATION SECTION

State Program Bulletins that the Department determines is necessary to comply with this Section.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2).

ARTICLE 4. APPLICANT FINGERPRINT PROCESSING**R13-1-401. Non-criminal Justice Fingerprint Processing Charges**

- A. For an applicant for non-criminal justice employment, fingerprint processing charges are:
1. For a state criminal records check, \$5; and
 2. If a federal criminal record check by the FBI is requested by the applicant, the Department shall collect an additional charge to cover the cost billed to the Department by the FBI for the federal criminal records check.
- B. For a state criminal records check, an individual or government agency shall submit payment by:
1. Credit card;
 2. Cashier's check;
 3. Money order;
 4. For government agencies a transfer of funds through the State's accounting system; or
 5. Check drawn on a government agency account.
- C. All charges are non-refundable.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Amended by final rulemaking at 25 A.A.R. 3558, effective January 18, 2020 (Supp. 19-4).

R13-1-402. Refusal of Service

- A. If any form of payment is not accepted by the Department's banking facility, the Department shall send the state agency, company, or individual that submitted the payment a notice of nonpayment.
- B. The notice of nonpayment informs the state agency, company, or individual that the Department will not accept non-criminal justice fingerprint submissions from the agency, company, or individual until past due payment is made.
- C. At the Department's discretion, the Department may require the delinquent party to submit all future payments in the form of a cashier's check, credit card or money order.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Amended by final rulemaking at 25 A.A.R. 3558, effective January 18, 2020 (Supp. 19-4).

ARTICLE 5. REPEALED**R13-1-501. Repealed****Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Section R13-1-501 repealed by final expedited rulemaking at 25 A.A.R. 1444, effective immediately May 21, 2019 (Supp. 19-2).

R13-1-502. Repealed**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Section amended by final rulemaking at 23 A.A.R. 3546, effective February 10, 2018 (Supp. 17-4). Section R13-1-502 repealed by final expedited rulemaking at 25 A.A.R. 1444, effective immediately May 21, 2019 (Supp. 19-2).

R13-1-503. Repealed**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Section R13-1-503 repealed by final expedited rulemaking at 25 A.A.R. 1444, effective immediately May 21, 2019 (Supp. 19-2).

R13-1-504. Repealed**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Section amended by final rulemaking at 23 A.A.R. 3546, effective February 10, 2018 (Supp. 17-4). Section R13-1-504 repealed by final expedited rulemaking at 25 A.A.R. 1444, effective immediately May 21, 2019 (Supp. 19-2).

Exhibit A. Recodified**Historical Note**

Article 5, Exhibit A made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Article 5, Exhibit A recodified to Article 1, Exhibit B, effective February 7, 2019 (Supp. 19-1).

Exhibit B. Recodified**Historical Note**

Article 5, Exhibit B made by final rulemaking at 11 A.A.R. 1550, effective June 4, 2005 (Supp. 05-2). Article 5, Exhibit B recodified to Article 1, Exhibit B, effective February 7, 2019 (Supp. 19-1).

Arizona Administrative CODE

15 A.A.C. 10 Supp. 19-4

www.azsos.gov

This Chapter contains rule Sections that were filed to be codified in the *Arizona Administrative Code* between the dates of October 1, 2019 through December 31, 2019

Title 15

TITLE 15. REVENUE

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

The table of contents on the first page contains quick links to the referenced page numbers in this Chapter. Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

Sections, Parts, Exhibits, Tables or Appendices codified in this supplement. The list provided contains quick links to the updated rules.

The release of this Chapter in Supp. 19-4 replaces Supp. 19-3, 1-13 pages

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

ARTICLE 1. APPEAL PROCEDURES**R15-10-101. Definitions**

For purposes of this Article:

1. "ALJ" means an administrative law judge who issues decisions on behalf of the Office of Administrative Hearings established by A.R.S. § 41-1092.01.
2. "Day" means a calendar day. If the last day for filing a document under the provisions of this Article falls on a Saturday, Sunday, or legal holiday, the document is considered timely if filed on the following business day.
3. "Department" means the Arizona Department of Revenue as represented by personnel of the applicable section or area.
4. "Notice" means a written notification, issued by the Department, of a tax assessment, refund denial, or any other action taken or proposed to be taken that is subject to appeal as a contested case or an appealable agency action under A.R.S. Title 41, Chapter 6.
5. "Petition" means a written request for hearing, correction, or redetermination, including all applicable attachments.
6. "Petitioner" means the taxpayer or the representative of the taxpayer who files a petition.
7. "Refund denial" means a taxpayer's claim for a refund of tax, penalty, interest, or refundable credit that has been denied by the Department.
8. "Tax assessment" means any tax issue whether associated with a proposed amount due or the application of penalties and interest.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Section repealed, new Section adopted effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1).

R15-10-102. Scope of Article 1

A Department hearing officer shall conduct all hearings regarding the taxes under A.R.S. § 42-1101, unless A.R.S. § 41-1092.02 requires that an ALJ hear the matter.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Section repealed, new Section adopted effective December 23, 1993 (Supp. 93-4). Section repealed, new Section adopted effective January 20, 1998 (Supp. 98-1). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-103. Taxpayer Hearing Rights

With respect to a protest hearing, the taxpayer has the right, subject to confidentiality laws, to:

1. Review documents applicable to the protest, or
2. Obtain from the Department copies of documents relevant to the taxpayer at the discretion of the Hearing Officer.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-103 renumbered to R15-10-105, new Section R15-10-103 adopted effective December 23, 1993 (Supp. 93-4).

R15-10-104. Repealed**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Repealed effective December 23, 1993 (Supp. 93-4).

R15-10-105. Petition

A. A taxpayer may protest a tax assessment or a refund denial by filing a petition that includes the following:

1. The taxpayer's name, address, federal identification number, and all applicable state identification numbers;
2. An explanation of the difference between the taxpayer's name in the notice and the taxpayer's name in the petition, if applicable;
3. The last known name and address of both individuals if the petition concerns a married-filing-joint return;
4. A copy of the notice or a statement that references the:
 - a. Tax type,
 - b. Tax period involved,
 - c. The amount of the tax assessment or refund claimed including tax, penalties, interest, and refundable credits, and
 - d. The jurisdiction or jurisdictions to which the tax assessment or refund denial relates.
5. A statement of the amount of the tax assessment or refund denial being protested;
6. A statement of any alleged error committed by the Department in determining the tax assessment or refund denial being protested;
7. A statement of facts and legal arguments upon which the taxpayer relies to support the petition;
8. The relief sought;
9. The payment for all unprotested amounts of tax, interest, and penalties; and
10. The petitioner's signature.

B. A taxpayer may protest a matter other than a tax assessment or refund denial by filing a petition that includes the following:

1. The taxpayer's name, address, federal identification number, and all applicable state identification numbers;
2. An explanation of the difference between the taxpayer's name in the notice and the taxpayer's name in the petition, if applicable;
3. A copy of the notice or a statement describing the Department's action, proposed action, or determination for which a hearing is sought;
4. A statement of any alleged error committed by the Department in its action, including the jurisdiction or jurisdictions to which the alleged error relates;
5. A statement of facts and legal arguments upon which the taxpayer relies to support the petition;
6. The relief sought; and
7. The petitioner's signature.

C. The petitioner shall file the petition by:

1. Mailing the petition to the applicable section at the Department of Revenue headquarters in Phoenix, Arizona; or
2. Hand-delivering the petition to the applicable section at the Department of Revenue headquarters in Phoenix, Arizona. A petitioner who hand-delivers a petition shall clearly mark the envelope to indicate that it is a petition. The Department shall provide a receipt to a petitioner who hand-delivers a petition.

D. The Department shall not charge a fee for filing a petition or any supporting documents.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-105 renumbered to R15-10-107, new Section R15-10-105 renumbered from R15-10-103 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2). Amended by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R.

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

116, effective January 7, 2016 (Supp. 16-1).

R15-10-106. Incomplete Petition

- A. The Department hearing officer may dismiss a petition for a hearing that does not contain all of the information required by R15-10-105, unless the petitioner completes the petition within the time allowed to file the petition under R15-10-107, including any extension.
- B. The Department hearing officer may, on a showing of good cause by the petitioner, grant additional time to complete a timely-filed petition.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Section repealed, new Section adopted effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-107. Timeliness of Petition

- A. A petition regarding taxes other than individual income tax is timely filed with the Department if it is filed as prescribed by R15-10-105(A) within 45 days after the taxpayer receives the tax assessment or refund denial from the Department.
- B. A petition for an individual income tax assessment or refund denial is timely filed with the Department if it is filed as prescribed by R15-10-105(A) within 90 days after the Department mails a notice to the taxpayer.
- C. A petition or an extension request filed by mail is considered filed on the date shown by its U.S. Postal Service postmark.
- D. A taxpayer or the taxpayer's representative may request that the Hearing Office grant an extension of time to file a petition.
 - 1. The taxpayer or the taxpayer's representative shall submit an extension request before the expiration of the time allowed for filing the petition in subsection (A) or subsection (B). The request shall be in writing and shall show good cause for the extension. The Department may grant additional time not to exceed 60 days at the discretion of the Hearing Office or on stipulation of the parties.
 - 2. If the Hearing Office does not grant the request for an extension in writing, the petition is due on the date specified in subsection (A) or (B).
- E. The Hearing Office shall dismiss a petition which the Hearing Office determines is not timely filed.
- F. If the taxpayer does not file a petition protesting a deficiency assessment within the time prescribed, the taxpayer may, after paying the tax assessment in full, apply for a refund according to statutory provisions.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-107 renumbered to R15-10-109, new Section R15-10-107 renumbered from R15-10-105 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1).

R15-10-108. Expired**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-108 renumbered to R15-10-110, new Section R15-10-108 adopted effective December 23, 1993 (Supp. 93-4). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 1197, effective July 7, 2015 (Supp. 15-3).

R15-10-109. Expired**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-109 renumbered to R15-10-115, new

Section R15-10-109 renumbered from R15-10-107 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 1197, effective July 7, 2015 (Supp. 15-3).

R15-10-110. Withdrawal of Petition

- A. The petitioner may submit a written request to withdraw a petition at any time before the Department hearing officer issues a written decision.
- B. If the Department and the petitioner resolve the matters protested before the hearing, the parties shall submit a written agreement or stipulation to the hearing officer, and the hearing officer shall deem the petition withdrawn.
- C. The hearing officer shall issue an order that the petition is withdrawn and that the matter is closed at the hearing office.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-110 repealed, new Section R15-10-110 renumbered from R15-10-108 and amended effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-111. Repealed**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Section repealed effective December 23, 1993 (Supp. 93-4).

R15-10-112. Renumbered**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-112 renumbered to R15-10-116 effective December 23, 1993 (Supp. 93-4).

R15-10-113. Renumbered**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-113 renumbered to R15-10-119 effective December 23, 1993 (Supp. 93-4).

R15-10-114. Renumbered**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-114 renumbered to R15-10-117 effective December 23, 1993 (Supp. 93-4).

R15-10-115. Request for Hearings; Waiver

- A. The hearing officer shall schedule an oral hearing upon request of the petitioner or the Department. If neither the petitioner nor the Department requests an oral hearing, the hearing officer shall:
 - 1. Consider the petition submitted for decision based on the petition and any memoranda filed, or
 - 2. Schedule an oral hearing.
- B. The hearing officer may, for good cause shown by any party to the hearing, postpone, recess, or continue an oral hearing to a specified date, time, and place. The hearing officer shall notify all the parties regarding a rescheduled hearing.
- C. If any party to the hearing fails to appear at the oral hearing without good cause, the hearing officer may:
 - 1. Proceed with the hearing,
 - 2. Reschedule the hearing, or
 - 3. Issue a decision based on the petition and memoranda provided.

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-115 renumbered to R15-10-120, new Section R15-10-115 renumbered from R15-10-109 and amended effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-116. Hearing Procedure

- A. The hearing officer may hold hearings:
1. In person,
 2. By telephone,
 3. By the submission of memoranda, or
 4. By a combination of these methods.
- B. For hearings by memoranda, the hearing officer shall prescribe a schedule for the submission of the memoranda.
- C. The hearing officer may:
1. Conduct the hearing in an informal manner,
 2. Accept a stipulation of facts,
 3. Allow any party in the hearing to make an opening statement,
 4. Allow each party to state its position and present evidence,
 5. Allow each party to reply to any statements or arguments, and
 6. Allow any party to make closing statements or arguments.
- D. The hearing officer may remand any matter to the applicable section of the Department at the request of either party or at the hearing officer's discretion.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-116 renumbered to R15-10-121, new Section R15-10-116 renumbered from R15-10-112 and amended effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-117. Evidence

- A. Each party to a hearing may:
1. Call and examine witnesses,
 2. Introduce exhibits,
 3. Cross-examine opposing witnesses on any matter relevant to the issues even though the matter was not covered in the direct examination,
 4. Dispute the testimony of any witness regardless of which party first called the witness to testify, and
 5. Challenge the evidence presented.
- B. The Hearing Officer shall admit any relevant evidence, but shall consider objections to the admission of and comments on the weakness of evidence in assigning weight to the evidence. The Hearing Officer may deny admission of evidence that the Hearing Officer considers irrelevant, immaterial, or unduly repetitious.
- C. A party may substitute an exact copy of an original exhibit.
- D. The Hearing Officer may call anyone at the hearing to testify.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-117 renumbered to R15-10-118, new Section R15-10-117 renumbered from R15-10-114 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1).

R15-10-118. Expired**Historical Note**

Adopted effective June 22, 1981 (Supp. 81-3). Former

Section R15-10-118 renumbered to R15-10-122, new Section R15-10-118 renumbered from R15-10-117 and amended effective December 23, 1993 (Supp. 93-4). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 1197, effective July 7, 2015 (Supp. 15-3).

R15-10-119. Stipulation of Facts

The petitioner and the Department may file a stipulation of facts stating:

1. The facts upon which they agree,
2. The facts that are in dispute, and
3. The reasons for the dispute.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Amended effective July 24, 1986 (Supp. 86-4). Former Section R15-10-119 renumbered to R15-10-130, new Section R15-10-119 renumbered from R15-10-113 and amended effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-120. Official Notice

The Department hearing officer may take official notice of the following:

1. The records that the Department maintains,
2. Tax returns filed with the Department for or on behalf of the taxpayer or any affiliated person together with related records on file with the Department, or
3. A fact that is generally known in this state or that is capable of accurate and ready determination by reference to a source whose accuracy cannot reasonably be questioned.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-120 repealed, new Section R15-10-120 adopted effective July 24, 1986 (Supp. 86-4). Former Section R15-10-120 renumbered to R15-10-131, new Section R15-10-120 renumbered from R15-10-115 and amended effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-121. Subpoena by Petitioner

- A. A petitioner requesting a subpoena shall apply, to the Hearing Officer submitting a proposed subpoena at least 10 days before the hearing.
- B. The Hearing Office shall not issue a subpoena for confidential or privileged information.

Historical Note

Adopted effective June 22, 1981 (Supp. 81-3). Former Section R15-10-121 repealed, new Section R15-10-121 adopted effective July 24, 1986 (Supp. 86-4). Former Section R15-10-121 renumbered to Section R15-10-132, new Section R15-10-121 renumbered from R15-10-116 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1).

R15-10-122. Transcripts and Records

- A. The hearing officer shall record all oral hearings. Upon request of any party to the hearing, the hearing office shall provide a copy of the recording of the hearing, without charge, to the requesting party.
- B. A party to an oral hearing may:
1. Transcribe the hearing at the party's own expense; and
 2. Cite a transcript in any proceeding, if the party provides a full copy of the transcript to the opposing party and the hearing officer.

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

- C. The petitioner shall not remove the records and files of the Department from the Department for use as evidence or other purposes. The Department shall, as permitted by law, provide a certified copy of Department records and files as requested by the petitioner for use in the proceedings. The Department shall provide the copy at a reasonable charge not to exceed the commercial rate for the service.

Historical Note

Renumbered from R15-10-118 and amended effective December 23, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2). Amended by final rulemaking at 15 A.A.R. 2140, effective January 30, 2010 (Supp. 09-4).

- A. The Hearing Officer shall issue a written decision, which sets forth the reasons for the decision, after reviewing the evidence submitted by the petitioner and the Department.
- B. A decision dismissing a petition as incomplete or not timely filed shall be based on the Hearing Officer's review of the petition, documents available, and any information officially noticed.
- C. The Hearing Office shall mail the decision of the Hearing Officer, by certified mail, to the last known address of the taxpayer. The Hearing Office shall immediately forward a copy of the decision to the applicable section in the Department of Revenue and to the Director.

Historical Note

Renumbered from R15-10-119 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1).

R15-10-131. Review of Decision of the Hearing Officer or ALJ

- A. The decision of the Hearing Officer or ALJ is the final order of the Department of Revenue 30 days after the taxpayer receives the decision unless prior to that time:
1. The petitioner or the Department petitions the Director to review the decision, or
 2. The Director independently determines that the decision requires review.
- B. The Director may grant an extension of time for filing a petition for review on a showing of good cause, if the request for an extension is in writing and is filed with the Director before the expiration of the 30-day period prescribed in subsection (A).
- C. A petition or an extension request filed by mail is considered filed on the date shown by the U.S. Postal Service postmark.
- D. The Director may grant a review of the decision of the Hearing Officer or ALJ if one of the parties asserts that any of the following causes has materially affected the party's rights:
1. The findings of fact, conclusions of law, order, or decision are not supported by the evidence or are contrary to law;

2. The party seeking review was deprived of a fair hearing due to irregularity in the proceedings, abuse of discretion, or misconduct of the prevailing party;
 3. Accident or surprise which could not have been prevented by ordinary prudence;
 4. Material evidence which has been newly discovered;
 5. Error in admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the action; or
 6. That the decision is the result of bias or prejudice.
- E. The Director may independently determine to review a decision of the Hearing Officer or ALJ if it appears that any of the causes listed in subsection (D) may have materially affected a party's rights.
- F. The petition for review of the Hearing Officer's or ALJ's decision shall be in writing, shall state the grounds upon which the petition is based, and the Director may grant leave to amend the petition at any time before it is ruled upon by the Director. At the time of filing, the petitioning party shall also serve a copy of the petition on the other party.
- G. If the Director has independently determined that the decision requires review, the Director shall send, by certified mail, notification of intent to review to the taxpayer, not more than 30 days after the taxpayer's receipt of the Hearing Officer's or ALJ's decision.
- H. On petition for review, or on the Director's independent review:
1. The Director may open the decision of the Hearing Officer or ALJ, take additional evidence, amend findings of fact and conclusions of law, or make new findings and conclusions, and issue a new decision;
 2. The Director may issue a decision that summarily affirms the decision of the Hearing Officer or ALJ; or
 3. The Director may remand any matter to the Hearing Office, the Office of Administrative Hearings, or the appropriate section or area of the Department at the request of either party or at the Director's discretion.
- I. The Director's decision shall be sent by certified mail to the taxpayer, at the taxpayer's last known address.
- J. The taxpayer may appeal a Director's decision or a decision that is final according to subsection (A) to the State Board of Tax Appeals or tax court under R15-10-132.

Historical Note

Renumbered from R15-10-120 and amended effective December 23, 1993 (Supp. 93-4). Amended effective October 11, 1995 (Supp. 95-4). Amended effective January 20, 1998 (Supp. 98-1).

R15-10-132. Appeal of the Final Order of the Department of Revenue

- A. Within 30 days of the date an order of the Department becomes final, a taxpayer disputing the final order of the Department of Revenue may:
1. File an appeal with the State Board of Tax Appeals, or
 2. Bring an action in tax court, unless the case involves an individual income tax dispute of less than \$5,000.
- B. If the Director is reviewing the Hearing Officer's or ALJ's decision under R15-10-131, such review by the Director shall be completed before an appeal can be taken to the State Board of Tax Appeals or an action can be brought in tax court.

Historical Note

Renumbered from R15-10-121 and amended effective December 23, 1993 (Supp. 93-4). Amended effective January 20, 1998 (Supp. 98-1).

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

ARTICLE 2. ADMINISTRATION**R15-10-201. Closing Agreements Relating to Tax Liability**

- A. A closing agreement under A.R.S. § 42-1113 or A.R.S. § 42-2056 may relate to any taxable period.
- The Department and a taxpayer may enter into a closing agreement for:
 - A taxable period that ends before the date of the agreement that:
 - Relates to one or more separate items affecting the liability of the taxpayer, or
 - Relates to the total liability of the taxpayer.
 - A taxable period that ends after the date of the agreement only if the agreement relates to one or more separate items affecting the liability of the taxpayer.
 - The Department and the taxpayer may enter into a closing agreement even if under the agreement the taxpayer is not liable for any tax for the period to which the agreement relates.
 - The Department and a taxpayer may enter into more than one closing agreement for a taxable period relating to the liability of the taxpayer.
- B. A closing agreement shall be in writing and shall state the conditions of the agreement.
- C. A closing agreement is not effective until it is signed by the taxpayer or an authorized representative of the taxpayer and by an authorized representative of the Department.

Historical Note

Adopted effective September 16, 1987 (Supp. 87-3). Former Section R15-10-201 renumbered to R15-5-2207 (Supp. 94-1). New Section R15-10-201 renumbered from R15-2-231 (Supp. 94-1). Amended effective January 20, 1998 (Supp. 98-1). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

R15-10-202. Expired**Historical Note**

Adopted effective April 26, 1989 (Supp. 89-2). Section R15-10-202 renumbered to R15-5-601 (Supp. 94-1). New Section R15-10-202 renumbered from R15-2-326 at 5 A.A.R. 1619, May 28, 1999 (Supp. 99-2). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 1197, effective July 7, 2015 (Supp. 15-3).

ARTICLE 3. AUTHORIZED TRANSMISSION OF FUNDS**R15-10-301. Definitions**

In this Article:

- “ACH” means an automated clearing house that is a central distribution and settlement point for the electronic clearing of debits and credits between financial institutions.
- “ACH credit” means an electronic funds transfer generated by a payor, cleared through an ACH for deposit to the Department account.
- “ACH debit” means an electronic transfer of funds from a payor’s account, as indicated on a signed authorization agreement, that is generated at a payor’s instruction on AZTaxes.gov and cleared through an ACH for deposit to the Department account.
- “Addenda record” means the information required by the Department in an ACH credit transfer or wire transfer, in the approved electronic format prescribed in R15-10-306(B).
- “ALTO” is the Arizona Luxury Tax Online web site, luxury.aztaxes.gov or such other web site as the Department may determine from time to time, and means the Depart-

ment’s luxury taxpayer service center web site that provides luxury taxpayers with the ability to conduct transactions, make electronic funds transfer payments and review tax account information over the internet.

- “Authorized means of transmission” means the deposit of funds into the Department account by electronic funds transfer.
- “AZTaxes.gov” means the Department’s taxpayer service center web site, or such other web site as the Department may determine from time to time, that provides taxpayers with the ability to conduct transactions, make electronic funds transfer payments and review tax account information over the internet.
- “Cash Concentration or Disbursement plus” or “CCD plus” means the standardized data format approved by the National Automated Clearing House Association for remitting tax payments electronically.
- “Department” means the Arizona Department of Revenue.
- “EFT Program” means the payment of taxes by electronic funds transfer as specified by this Article.
- “Electronic Funds Transfer” or “EFT” means the electronic transfer of funds from one bank account to another via computer based systems, where the person initiating the transfer orders, instructs, or authorizes a financial institution to debit or credit an account using the methods specified in these rules.
- “Financial institution” means a state or national bank, a trust company, a state or federal savings and loan association, a mutual savings bank, or a state or federal credit union.
- “Marketplace facilitator” has the same meaning as prescribed in A.R.S. § 42-5001.
- “Payment information” means the data that the Department requires of a payor making an electronic funds transfer payment.
- “Payor” means a taxpayer or payroll service.
- “Payroll service” means a third party, under contract with a taxpayer to provide tax payment services on behalf of the taxpayer.
- “Remote seller” has the same meaning as prescribed in A.R.S. § 42-5001.
- “State Servicing Bank” means a bank designated under A.R.S. Title 35, Chapter 2, Article 2.
- “Tax type” means a tax that is subject to electronic funds transfer, each of which shall be considered a separate category of payment.
- “Wire transfer” or “Fedwire” means an instantaneous electronic funds transfer initiated by a payor.

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective June 15, 1998 (Supp. 98-2). Amended by final rulemaking at 23 A.A.R. 1899, effective July 1, 2017 (Supp. 17-2). Amended by exempt rulemaking at 25 A.A.R. 3023, effective October 1, 2019 (Supp. 19-3).

R15-10-302. General Requirements

- A. For tax periods beginning on or after January 1, 1997, corporations that had an Arizona income tax liability during the prior tax year of \$20,000 or more shall remit Arizona estimated income tax payments by an authorized means of transmission.
- B. For tax periods beginning on or after July 1, 2017, taxpayers who, under A.R.S. Title 43, Chapter 4, had an average Arizona quarterly withholding tax liability during the prior tax year of \$5,000 or more shall remit Arizona withholding tax payments by an authorized means of transmission.

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

- C. The average Arizona quarterly withholding tax liability is determined by dividing the taxpayer's total Arizona withholding tax liability for the calendar year by 4.
- D. For tax periods beginning on and after July 1, 2017, any taxpayer who under A.R.S. Title 42 Chapter 5 and Chapter 6, Articles 1 and 3, had an annual tax liability during the prior calendar year of \$20,000 or more shall remit these tax payments by an authorized means of transmission.
- E. For tax periods after July 1, 2015, tobacco tax taxpayers are required to remit tobacco tax payments by an authorized means of transmission.
- F. Unless otherwise waived, according to A.R.S. § 42-1129, for tax periods beginning on or after the following tax years, any taxpayer, other than an individual income taxpayer, that had a tax liability equal to or more than the following amounts during the prior tax year or that can reasonably anticipate tax liability in the current tax year exceeding the following amounts, shall remit tax payments to the Department by an authorized means of transmission. For periods on or after:
 1. January 1, 2018, prior tax year or expected current year tax liability of \$20,000;
 2. January 1, 2019, prior tax year or expected current year tax liability of \$10,000;
 3. January 1, 2020, prior tax year or expected current year tax liability of \$5,000;
 4. January 1, 2021, prior tax year or expected current year tax liability of \$500.
- G. For tax periods beginning on and after October 1, 2019, marketplace facilitators and remote sellers who, at the time of registering for a transaction privilege tax license, can reasonably anticipate their tax liability will exceed the thresholds detailed in subsection (F) above are required to remit any applicable taxes to the Department by an authorized means of transmission, unless granted a waiver according to A.R.S. § 42-1129.

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective December 17, 1993 (Supp. 93-4). Amended effective October 4, 1996 (Supp. 96-4). Amended by final rulemaking at 23 A.A.R. 1899, effective July 1, 2017 (Supp. 17-2). Amended by final rulemaking at 23 A.A.R. 3308, effective January 1, 2018 (Supp. 17-4). Amended by exempt rulemaking at 25 A.A.R. 3023, effective October 1, 2019 (Supp. 19-3).

R15-10-303. Voluntary Participation

- A. For tax periods beginning on or after January 1, 1997, a taxpayer who, during the prior tax year, had a corporate income tax liability of less than \$20,000 may elect to participate in the EFT Program by submitting to the Department an electronic funds transfer authorization agreement that complies with R15-10-304.
- B. For tax periods beginning on or after July 1, 2017, a taxpayer who, during the prior tax year, had an average quarterly withholding tax liability of less than \$5,000 may elect to participate in the EFT Program by submitting to the Department an electronic funds transfer authorization agreement that complies with R15-10-304.
- C. For tax periods beginning on and after July 1, 2017, any taxpayer who has a liquor tax liability may elect to participate in the EFT Program by submitting to the Department an electronic funds transfer authorization agreement that complies with R15-10-304.
- D. For tax periods beginning on and after July 1, 2017, any taxpayer who, under Title 42 Chapter 5 and Chapter 6, Articles 1 and 3, had an annual tax liability of less than \$20,000 during the prior calendar year may elect to participate in the EFT Pro-

gram by submitting to the Department an electronic funds transfer authorization agreement that complies with R15-10-304.

- E. For tax periods beginning on or after January 1, 2018, any taxpayer, other than an individual income taxpayer, that does not meet the statutory requirements under A.R.S. § 42-1129 and A.A.C. R15-10-302(F) to remit tax payments to the Department electronically, may elect to participate in the EFT Program by submitting to the Department an electronic funds transfer authorization agreement that complies with R15-10-304.
- F. A taxpayer authorized to participate in the EFT Program shall provide at least 30 days prior written notice to the Department if the taxpayer elects to cease voluntary participation in the EFT Program.

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective December 17, 1993 (Supp. 93-4). Amended effective October 4, 1996 (Supp. 96-4). Amended effective June 15, 1998 (Supp. 98-2). Amended by final rulemaking at 23 A.A.R. 1899, effective July 1, 2017 (Supp. 17-2). Amended by final rulemaking at 23 A.A.R. 3308, effective January 1, 2018 (Supp. 17-4).

R15-10-304. Authorization Agreement

- A. The payor shall register for an account and complete an electronic funds transfer authorization agreement on AZTaxes.gov, ALTO or ACH Credit Form prescribed by the Department, as applicable, or such other form prescribed by the Department at least 30 days prior to initiation of the first applicable transaction. The form shall include the following information:
 1. Name and address of the taxpayer;
 2. The taxpayer's tax identification number including a federal identification number, withholding tax identification number, transaction privilege tax identification number or other tax identification number, as appropriate;
 3. Name and phone number of taxpayer's EFT contact person;
 4. Name and address of any payroll service, if applicable;
 5. Name and phone number of the payroll service's EFT contact person, if applicable;
 6. For payments initiated on AZTaxes.gov or ALTO, the information must include the type of bank account, the bank account number and the bank routing transit number.
- B. A payor shall submit a revised authorization agreement to the Department at least 30 days prior to any change in the information required in subsection (A).

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective June 15, 1998 (Supp. 98-2). Amended by final rulemaking at 23 A.A.R. 1899, effective July 1, 2017 (Supp. 17-2).

R15-10-305. Methods of Electronic Funds Transfer

- A. Payors shall use the ACH debit transfer method available through registration on AZTaxes.gov or ALTO to remit payment by electronic funds transfer unless the Department grants permission to use the ACH credit method.
- B. The Department may authorize under a form prescribed by the Department in R15-10-304 the use of the ACH credit method for payors desiring to use this method. A payor that chooses to use the ACH credit method shall provide the payment information required in R15-10-306(B)(2).

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

- C. The Department may withdraw permission to use the ACH credit method of payment if the payor shows disregard for the requirements and specifications of these rules by failing to:
1. Make timely electronic funds transfer payments,
 2. Provide timely payment information,
 3. Provide the required addenda record with the electronic funds transfer payment, or
 4. Make correct payment.
- D. Payors who are unable to use their established method of payment may request that the Department accept deposits to the Department account via wire transfer in accordance with the following:
1. The payor shall contact the Department, and obtain verbal approval to wire transfer the tax payment to the Department account prior to initiating the transmission.
 2. Approved wire transfers shall be accompanied by an addenda record, that includes the same information required for ACH credit transfers under R15-10-306(B)(2).

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective June 15, 1998 (Supp. 98-2). Amended by final rulemaking at 23 A.A.R. 1899, effective July 1, 2017 (Supp. 17-2).

R15-10-306. Procedures for Payment

- A. Payors using the ACH Debit Method shall log in to their account on AZTaxes.gov or ALTO as appropriate and, unless registering for the first time, shall arrange for electronic payment of the applicable taxes no later than the time prescribed by the AZTaxes.gov or ALTO on the last business day before the due date of the payment. Payment information shall be communicated automatically to the Department through AZTaxes.gov or ALTO, as applicable, once payment arrangements have been made by payors and accepted by AZTaxes.gov or ALTO.
- B. Payors authorized to use the ACH credit method shall initiate payment transactions directly with a financial institution in a timely manner to ensure that the payment is deposited to the Department account on or before the payment due date.
1. All ACH credit transfers shall be in the CCD-plus addenda format. Payments not in this format may be rejected.
 2. The addenda format, as specified in subsection (B)(1), shall include the following information:
 - a. Taxpayer identification number,
 - b. Tax type,
 - c. Payment amount,
 - d. Tax period,
 - e. Taxpayer verification number,
 - f. Department account number, and
 - g. American Bank Association 9-digit number of the receiving bank.

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective June 15, 1998 (Supp. 98-2). Amended by final rulemaking at 23 A.A.R. 1899, effective July 1, 2017 (Supp. 17-2).

R15-10-307. Timely Payment

- A. A taxpayer remitting a tax payment through an electronic funds transfer shall initiate the transfer so that the payment is deposited to the Department account on or before the payment due date.

- B. If a tax due date falls on a Saturday, Sunday, or legal holiday, the deposit by an electronic funds transfer shall be made no later than 5:00 p.m. on the next banking day.
- C. A taxpayer required to, or who voluntarily elects to, participate in the EFT Program is subject to the penalty prescribed by A.R.S. § 42-1125(D) if the payment is not deposited to the Department account on or before the payment due date.

Historical Note

Adopted effective July 30, 1993 (Supp. 93-3). Amended effective June 15, 1998 (Supp. 98-2). Amended by final rulemaking at 7 A.A.R. 2900, effective June 13, 2001 (Supp. 01-2).

ARTICLE 4. REIMBURSEMENT OF FEES AND OTHER COSTS RELATED TO AN ADMINISTRATIVE PROCEEDING**R15-10-401. Application for Reimbursement of Fees and Other Costs Related to an Administrative Proceeding**

- A. To apply for reimbursement of reasonable fees and other costs, as provided in A.R.S. § 42-2064, a taxpayer shall file a written application with the Department's problem resolution officer.
- B. An application shall include the following:
1. Taxpayer's name, address, and identification number;
 2. Identification of the tax type and the administrative proceeding for which reimbursement is sought;
 3. An explanation of why the taxpayer alleges that the position of the Department in the administrative proceeding was not substantially justified;
 4. If multiple issues were presented in the administrative proceeding and the taxpayer did not prevail on all issues, an explanation of:
 - a. The issue or set of issues on which the taxpayer prevailed,
 - b. The issue or set of issues on which the taxpayer did not prevail, and
 - c. The issue or set of issues on which the taxpayer prevailed and why the issue or set of issues presented in the administrative proceeding is the most significant.
 5. A statement that the taxpayer did not unduly and unreasonably protract the administrative proceeding for which reimbursement is sought;
 6. A statement that the reason the taxpayer prevailed is not due to an intervening change in the applicable law; and
 7. A detailed explanation of the nature and amount of each specific item for which reimbursement is sought.
- C. An application may also include any other matters that the taxpayer wishes the Department's problem resolution officer to consider in determining whether and in what amount reimbursement should be made.
- D. The taxpayer shall sign the application and verify under penalty of perjury that the information provided in the application and any accompanying material is accurate and complete.
- E. If a paid representative of the taxpayer prepares the application, the representative shall also sign the application and verify under penalty of perjury that the information provided in the application and all accompanying material is accurate and complete.
- F. Fees and costs incurred in making application for reimbursement or regarding an appeal of a decision for reimbursement do not relate to an administrative proceeding in connection with an assessment, determination, collection, or refund of tax and are not reimbursable.

Historical Note

Adopted effective March 13, 1998 (Supp. 98-1).

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

Amended by final rulemaking at 7 A.A.R. 2900, effective
June 13, 2001 (Supp. 01-2).

R15-10-402. Documentation of Payment of Fees and Other Costs

The taxpayer shall submit with the application documentation which shows payment of the fees and costs for which the taxpayer seeks reimbursement. The taxpayer shall submit a separate itemized statement for each firm or individual that provided services covered by the application. The itemized statement shall show the hours spent in connection with the administrative proceeding by each individual, a description of the specific services performed, and the rates used in computing each fee. Each statement shall reflect payment or the taxpayer shall attach proof of payment to the statement. Separate, itemized statements of any other costs incurred by the taxpayer, together with proof of payment, shall also accompany an application.

Historical Note

Adopted effective March 13, 1998 (Supp. 98-1).

R15-10-403. Filing an Application

- A. A taxpayer shall file an application for reimbursement of fees and other costs only after the conclusion of administrative proceedings, but not later than 30 days after the conclusion of administrative proceedings.
- B. For purposes of this rule, the conclusion of administrative proceedings is determined as follows:
 1. For a decision of a hearing officer or administrative law judge, the conclusion of administrative proceedings occurs 30 days after the taxpayer receives the decision unless, within the 30-day period, one of the following occurs:
 - a. The taxpayer appeals the decision, or any part of the decision, to the State Board of Tax Appeals;
 - b. The taxpayer or the Department petitions the Director to review the decision, or any part of the decision;
 - c. The Director independently determines that the decision, or any part of the decision, requires review.
 2. When a decision of a hearing officer or administrative law judge is subject to a review by the Director, the conclusion of administrative proceedings occurs 30 days after the taxpayer receives the Director's decision unless, within the 30-day period, the taxpayer appeals the decision, or any part of the decision to the State Board of Tax Appeals.
 3. When a taxpayer appeals a decision, or any part of a decision, to the State Board of Tax Appeals, the conclusion of administrative proceedings occurs 30 days after the taxpayer receives the decision of the State Board of Tax Appeals.

Historical Note

Adopted effective March 13, 1998 (Supp. 98-1).

R15-10-404. Decisions

- A. The Department's problem resolution officer shall issue a written decision on each application for reimbursement of fees and other costs. The problem resolution officer shall issue the decision within 30 days after receipt of the application and shall set forth the reason for the decision.
- B. The problem resolution officer's decision is issued when mailed to the taxpayer's address furnished in the application.

Historical Note

Adopted effective March 13, 1998 (Supp. 98-1).

ARTICLE 5. ELECTRONIC FILING PROGRAM**R15-10-501. Definitions**

In addition to the definitions provided in A.R.S. §§ 42-1101.01, 42-1103.01, 42-1103.02, 42-1103.03, and 42-1105.02, unless the context provides otherwise, the following definitions apply to this Article and to A.R.S. Title 42, Chapter 2:

1. "AZTaxes.gov" means the Department's taxpayer service center web site that provides taxpayers with the ability to conduct transactions and review tax account information over the internet.
2. "Authorized user" means an individual, primary user, or delegate user, including a return preparer or electronic return preparer, who has been granted authority by the taxpayer, an owner of the taxpayer or an authorized officer of the taxpayer to access taxpayer information available on AZTaxes.gov.
3. "Bulk Transmitter" is an electronic return transmitter that submits multiple electronic returns, statements or other documents to the Department for filing or processing at one time.
4. "Delegate user" means a registered customer of AZTaxes.gov, other than a primary user, who is authorized by a taxpayer, an owner of the taxpayer or an authorized officer of the taxpayer to access the taxpayer's account information on AZTaxes.gov. A Delegate user who uses a PIN to sign and file transaction privilege or use tax returns on behalf of a taxpayer shall be presumed to be authorized by that taxpayer to take such action on behalf of the taxpayer.
5. "Department" means the Arizona Department of Revenue.
6. "Electronic return preparer" has the same meaning as prescribed in A.R.S. § 42-1101.01.
7. "Electronic return, statement or other document" means all data entered into a return, statement, or other document that is prepared using computer software and transmitted electronically to the Department.
8. "Electronic return transmitter" includes a person who is part of the chain of transmission of an electronic return, statement, or other document from the taxpayer or from an electronic return preparer to the Department even though the person did not receive the transmitted return, statement, or other document directly from the taxpayer or electronic return preparer.
9. "Electronic signature" has the same meaning as prescribed in A.R.S. § 18-106.
10. "License" means one or more transaction privilege, use, or withholding tax licenses or registrations obtained from the Department by completing and submitting a mail-in paper application or by completing the AZTaxes.gov registration process and, where applicable, submitting an executed AZTaxes.gov Registration Signature Card.
11. "Marketplace facilitator" has the same meaning as prescribed in A.R.S. § 42-5001.
12. "PIN" means a user-created personal identification number made up of a prescribed number of characters and used as an electronic signature to sign returns, statements or other documents submitted to the Department through AZTaxes.gov or by any other electronic means.
13. "Primary user" means the taxpayer, an owner of the taxpayer or any authorized officer of the taxpayer who registers to use AZTaxes.gov. A primary user has the unlimited ability to access the taxpayer's online accounts, conduct online transactions for the taxpayer, designate delegate users, specify the level of access granted to a

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

delegate user and modify or terminate the access of any delegate user.

14. "Registered customer" means any individual who has, by means of providing specific information requested by the Department through the AZTaxes.gov registration process, selected a username and password entitling that individual to conduct transactions and access information through AZTaxes.gov.
15. "Remote seller" has the same meaning as prescribed in A.R.S. § 42-5001.
16. "Return preparer" has the same meaning as prescribed in A.R.S. § 42-1101.01.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5383, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 9 A.A.R. 5044, effective November 4, 2003 (Supp. 03-4). Amended by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 116, effective January 7, 2016 (Supp. 16-1). Amended by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 1852, effective June 24, 2016 (Supp. 16-2). Amended by exempt rulemaking at 25 A.A.R. 3023, effective October 1, 2019 (Supp. 19-3).

R15-10-502. Recordkeeping Requirements

For each electronic return of income tax or withholding tax filed with the Department, the electronic return preparer shall keep the documents listed in A.R.S. § 42-1105(F) for four years following the later of the date on which the return was due to be filed with the Department or was presented to the taxpayer for signature.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5383, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 9 A.A.R. 5044, effective November 4, 2003 (Supp. 03-4). Amended by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 116, effective January 7, 2016 (Supp. 16-1). Amended by final rulemaking at 25 A.A.R. 3057, effective December 1, 2019 (Supp. 19-4).

R15-10-503. Electronic Signatures for Income Tax Returns

- A. If a taxpayer electronically signs the taxpayer's federal income tax return, the taxpayer may elect to use the electronic signature from the federal return to sign the taxpayer's Arizona income tax return. By electing to use the federal electronic signature for the Arizona electronic return, the taxpayer is declaring, under penalties of perjury, that the electronic return is, to the best of the taxpayer's knowledge and belief, true, correct, and complete.
- B. A taxpayer makes an election under subsection (A) by doing the following:
 1. If the taxpayer is preparing the taxpayer's Arizona electronic return, the taxpayer makes the election by signifying the election during the electronic filing process.
 2. If the taxpayer uses an electronic return preparer to prepare the taxpayer's Arizona electronic return, the taxpayer makes the election by:
 - a. Signifying the election during the electronic filing process, or
 - b. Authorizing, in writing on a form prescribed by the Department, the electronic return preparer to make the election on behalf of the taxpayer.
- C. A taxpayer that does not elect to electronically sign the taxpayer's electronic federal income tax return shall not electronically sign the taxpayer's electronic Arizona income tax return.

Historical Note

New Section made by final rulemaking at 7 A.A.R. 5383, effective November 8, 2001 (Supp. 01-4). Amended by final rulemaking at 25 A.A.R. 3057, effective December 1, 2019 (Supp. 19-4).

R15-10-504. Electronic Signatures for Withholding Tax

- A. A taxpayer that has obtained a withholding tax license from the Department shall do the following to become a registered customer of the AZTaxes.gov web site:
 1. Provide the following information during the AZTaxes.gov web site registration process:
 - a. The legal name of the registrant and any one of the following numbers:
 - i. The registrant's federal employer identification number, and
 - ii. The registrant's social security number, if the registrant is a sole proprietor, or
 - iii. Any other identification number assigned to the registrant by the Department or the Internal Revenue Service for the purpose of electronic filing.
 - b. The registrant's e-mail address,
 - c. Agree to the Department's Terms of Service, and
 2. Submit to the Department an executed AZTaxes.gov Registration Signature Card as evidence of the following:
 - a. If submitted during web site registration, the information provided during the AZTaxes.gov registration process is true and correct,
 - b. If previously submitted, the information contained in the Arizona Joint Tax Application or submitted during the online business registration is true and correct, and
 - c. The signatory is duly authorized to act on behalf of the business, receive confidential information, and waive any rights of confidentiality.
- B. A taxpayer that has not obtained a withholding tax license from the Department shall do the following to become a registered customer of the AZTaxes.gov web site:
 1. Obtain a withholding tax license by completing either the mail-in Arizona Joint Tax Application or the online business registration,
 2. Provide the following information during the AZTaxes.gov web site registration process:
 - a. The legal name of the registrant and any one of the following numbers:
 - i. The registrant's federal employer identification number,
 - ii. The registrant's social security number, if the registrant is a sole proprietor, or
 - iii. Any other identification number assigned to the registrant by the Department or the Internal Revenue Service for the purposes of electronic filing, and
 3. Submit to the Department either the executed, mail-in Arizona Joint Tax Application or the AZTaxes.gov Registration Signature Card as evidence of the following:
 - a. If submitted during web site registration, the information provided during the AZTaxes.gov registration process is true and correct,
 - b. The information contained in the Arizona Joint Tax Application or submitted during the online business registration is true and correct, and
 - c. The signatory is duly authorized to act on behalf of the business, receive confidential information, and waive any rights of confidentiality.

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

- C. A taxpayer or authorized user shall use the taxpayer's signature on the document submitted under subsection (B)(3) to electronically sign a taxpayer's electronic withholding tax returns. Use of the taxpayer's signature is the taxpayer's declaration, under penalties of perjury that the electronic return is, to the best of the taxpayer's knowledge and belief, true, correct, and complete.
- D. To file an electronic withholding tax return under subsection (C):
1. If the taxpayer is preparing the taxpayer's electronic return, the taxpayer, shall access the AZTaxes.gov web site and electronically file the return.
 2. If the taxpayer's authorized user is preparing the taxpayer's electronic return, the taxpayer shall:
 - a. Access the AZTaxes.gov web site and electronically file the return, or
 - b. Authorize, in writing on a form prescribed by the Department, the authorized user to access the taxpayer's account on the AZTaxes.gov web site and electronically file the return on behalf of the taxpayer.

Historical Note

New Section made by final rulemaking at 9 A.A.R. 5044, effective November 4, 2003 (Supp. 03-4). Amended by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 116, effective January 7, 2016 (Supp. 16-1).

R15-10-505. Electronic Signatures for Transaction Privilege and Use Tax

- A. As a registrant for AZTaxes.gov, a taxpayer, primary user or delegate user shall do the following to become a registered customer of AZTaxes.gov for transaction privilege and use tax purposes:
1. Provide the registrant's legal name and e-mail address,
 2. Create a unique username and password entitling the registrant access to AZTaxes.gov,
 3. Select a prescribed number of security questions and submit their answers,
 4. Create a PIN, and
 5. Agree to the Department's Terms of Service.
- B. By becoming a registered customer of AZTaxes.gov and continuing to use AZTaxes.gov, the registrant declares that:
1. The information provided during the AZTaxes.gov registration process is accurate and complete, and
 2. If a mail-in paper application was previously submitted, the information contained in the application is accurate and complete.
- C. A taxpayer that has not obtained a transaction privilege or use tax license from the Department shall obtain a license by completing either the mail-in paper application or the AZTaxes.gov online application. From and after January 9, 2016, a taxpayer, primary user or delegate user may use the PIN created according to subsection (A)(4) to electronically sign the taxpayer's online application.
- D. A delegate user shall do the following to become associated with a taxpayer on the AZTaxes.gov web site:
1. Provide answers to prescribed questions about the taxpayer if the taxpayer has a license, or
 2. Complete the online or mail-in paper application and provide answers to prescribed questions about the taxpayer.
- E. If filing a taxpayer's transaction privilege or use tax return by electronic means, an authorized user shall, from and after July 5, 2016, use the authorized user's PIN to electronically sign a taxpayer's electronic transaction privilege tax or use tax returns. By using the PIN, the authorized user declares under penalties of perjury that the electronic return is, to the best of

the authorized user's knowledge and belief, true, correct, and complete.

- F. To file an electronic transaction privilege or use tax return under subsection (E) above, a taxpayer, primary user, or delegate user preparing the electronic return may access AZTaxes.gov and electronically file the return after signing the return with the PIN created under subsection (A)(4).
- G. From and after July 5, 2016, unless otherwise required by Article 3 of this Title and Chapter, an authorized user may pay its transaction privilege and use tax liability by electronic check.
- H. For tax periods beginning on or after the following years, any taxpayer that, under A.R.S. Title 42 Chapters 5 and 6, had total annual tax liability of at least the following amounts during the prior tax year or can reasonably anticipate that its current year tax liability will exceed the following amounts, shall, unless otherwise waived according to A.R.S. § 42-5014, file the required return using an electronic filing program established by the Department. For periods on or after:
1. January 1, 2018, prior tax year or expected current year total tax liability of \$20,000;
 2. January 1, 2019, prior tax year or expected current year total tax liability of \$10,000;
 3. January 1, 2020, prior tax year or expected current year total tax liability of \$5,000;
 4. January 1, 2021, prior tax year or expected current year total tax liability of \$500.
- I. For tax periods beginning on and after October 1, 2019, marketplace facilitators and remote sellers who, at the time of registering for a transaction privilege tax license, can reasonably anticipate their tax liability will exceed the thresholds detailed in subsection (G) above shall, unless granted a waiver or if instructed to file by paper by the Department according to A.R.S. § 42-5014, file the required return using an electronic program established by the Department.
- J. Any taxpayer that, under A.R.S. Title 42 Chapters 5 and 6, was required to file a return using an electronic filing program according to subsection (H) or (I) of this rule and that fails to do so after notice and demand by the Department shall, unless reasonable cause exists, be subject to the penalty imposed under A.R.S. § 42-1125(X) and (Y).

Historical Note

New Section made by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 116, effective January 7, 2016 (Supp. 16-1). Amended by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 1852, effective June 24, 2016 (Supp. 16-2). Amended by final rulemaking at 23 A.A.R. 3308, effective January 1, 2018 (Supp. 17-4). Amended by exempt rulemaking at 25 A.A.R. 3023, effective October 1, 2019 (Supp. 19-3).

R15-10-506. Transaction Privilege and Use Tax Electronic File Bulk Transmitters

- A. A transaction privilege and use tax Bulk Transmitter shall complete and submit to the Department an application to participate in the Department's bulk electronic filing program as a direct transmitter of transaction privilege or use tax returns. The application shall contain the following information:
1. The company name;
 2. The product name, software ID and specifications;
 3. The company's website address and IP address or addresses;
 4. Contact name and information; and
 5. Such other information as the Department may require to be completed from time to time in its application form.
- B. As part of the application process the Bulk Transmitter shall sign a memorandum of understanding with the Department

CHAPTER 10. DEPARTMENT OF REVENUE - GENERAL ADMINISTRATION

outlining the terms under which it will be allowed to transmit electronic returns directly to the Department.

- C. After the application is reviewed by the Department, the Bulk Transmitter shall submit any software it created or will use for the transmittal process to the Department for testing and certification.
- D. Upon certification by the Department, the Department shall issue authorization codes to the Bulk Transmitter for the purpose of accessing its servers.

Historical Note

New Section made by exempt rulemaking under Laws 2014, Ch. 263, § 25 at 22 A.A.R. 1852, effective June 24, 2016 (Supp. 16-2).

E-mail: JDolfini@azdot.gov
Web site: www.azdot.gov/Ignition-Interlock-Stakeholders

The release of this Chapter in Supp. 19-4 replaces Supp. 18-2, 1-47 pages

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 17. TRANSPORTATION**CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS**

Editor's Note: The Department was given an exemption to the provisions in the Arizona Administrative Procedure Act to make rules under Laws 2015, Ch. 235, § 14. Refer to the historical notes in Article 9 for more information (Supp. 15-3).

Editor's Note: The Department was given an exemption to the provisions in the Arizona Administrative Procedure Act to make or amend rules under Laws 2013, Ch. 129, § 27. Refer to the historical notes in Article 3 for more information (Supp. 15-2).

Editor's Note: 17 A.A.C. 5 was created from Sections recodified from 17 A.A.C. 4 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3).

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

ARTICLE 1. GENERAL PROVISIONS**ARTICLE 2. MOTOR CARRIERS****R17-5-201. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-3001 and 28-5201, the following definitions apply to this Article unless otherwise specified:

“Audit” means any inspection of a transporter’s motor vehicle, equipment, books, or records to determine compliance with this Article and A.R.S. Title 28, Chapter 14.

“Co-applicant” means an employer or potential employer.

“Danger to public safety” means any condition of a transporter likely to result in serious peril to the public if not discontinued immediately.

“Director” means the Director of the Arizona Department of Transportation or the Director’s designated agent.

“Executive Hearing Office” means the Arizona Department of Transportation’s Executive Hearing Office.

“Medical waiver evaluation summary” means the form, provided by the Department, to be completed by either a board qualified or board certified orthopedic surgeon or physiatrist and mailed to the Department, at the address provided on the form, on behalf of an Arizona intrastate medical waiver applicant.

“Physiatrist” means a doctor of medicine specialized in physical medicine and rehabilitation.

“Transporter” means any person, driver, motor carrier, shipper, manufacturer, or motor vehicle, including any motor vehicle transporting a hazardous material, hazardous substance, or hazardous waste, subject to this Article and A.R.S. Title 28, Chapter 14.

“Violation” means any conduct, act, or failure to act required or prohibited under this Article and A.R.S. Title 28, Chapter 14.

“Vision examination report” means a form provided by the Department to be completed by an ophthalmologist or a licensed optometrist on behalf of a driver or driver applicant and mailed to the Department, at the address provided on the form, for use in determining whether or not a medical condition affects the driver’s, or driver applicant’s, ability to safely perform the functional skills involved with driving a motor vehicle.

Historical Note

New Section made by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3).

R17-5-202. Motor Carrier Safety: Incorporation of Federal Regulations; Applicability

- A. The Department incorporates by reference 49 CFR 40, 379, 382, 383, 385 (except 385.301, 385.303, 385.305, 385.329, 385.405, 385.409, 385.419, 385.421, 385.603, 385.607, 385.609, and 385.713), 390 (except 390.3, 390.5, 390.19, 390.21, 390.40, and subpart E), 391, 392, 393, 395, 396, 397, and 399, revised as of October 1, 2016, and no later amendments or editions, as amended under this Article. The Department incorporates by reference 49 CFR 385.301T, 385.303T, 385.305T, 385.329T, 385.405T, 385.409T, 385.419T, 385.421T, 385.603T, 385.607T, 385.609T, 385.713T, 390.3T, 390.5T, 390.19T, 390.21T, 390.40T, and 390.200T, as published in 82 FR 5292, January 17, 2017, and no later amendments or editions, as amended under this Article. The incorporated material is on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007. The incorporated material is published by National Archives and Records Administration, Office of the Federal Register, 8601 Adelphi Road, College Park, MD 20740-6001, and is printed and distributed by the U.S. Government Publishing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be viewed online at <http://www.ofr.gov> or <https://www.gpo.gov/fdsys> and ordered online by visiting the U.S. Government Online Bookstore at <http://bookstore.gpo.gov>. The International Standard Book Numbers are 9780160935459 for 49 CFR 40 and 9780160935497 for 49 CFR 379, 382, 383, 385, 390, 391, 392, 393, 395, 396, 397, and 399.

lished in 82 FR 5292, January 17, 2017, and no later amendments or editions, as amended under this Article. The incorporated material is on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007. The incorporated material is published by National Archives and Records Administration, Office of the Federal Register, 8601 Adelphi Road, College Park, MD 20740-6001, and is printed and distributed by the U.S. Government Publishing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be viewed online at <http://www.ofr.gov> or <https://www.gpo.gov/fdsys> and ordered online by visiting the U.S. Government Online Bookstore at <http://bookstore.gpo.gov>. The International Standard Book Numbers are 9780160935459 for 49 CFR 40 and 9780160935497 for 49 CFR 379, 382, 383, 385, 390, 391, 392, 393, 395, 396, 397, and 399.

- B. The sections of 49 CFR incorporated under subsection (A) apply as amended under this Article to all intrastate and interstate motor carriers operating in Arizona and persons operating a commercial motor vehicle, except as provided under subsection (C).
- C. The intrastate operator of a tow truck with a gross vehicle weight rating of 26,000 pounds or less is exempt from the requirements of 49 CFR 390 through 399, except that the driver is subject to the physical qualifications and examination requirements of 49 CFR 391, subpart E.

Historical Note

Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 10 A.A.R. 2679, effective June 8, 2004 (Supp. 04-2). Amended by final rulemaking at 12 A.A.R. 1559, effective May 2, 2006 (Supp. 06-2). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

R17-5-203. Motor Carrier Safety: 49 CFR 390 - Federal Motor Carrier Safety Regulations; General

- A. 49 CFR 390.3T, General applicability. Paragraph (a) is amended to read:

Regulations incorporated in this subchapter are applicable to all motor carriers operating in Arizona and any vehicle owned or operated by the state, a political subdivision, or a state public authority that is used to transport a hazardous material in an amount requiring the vehicle to be placarded as prescribed under R17-5-209.

- B. 49 CFR 390.5T, Definitions. The definitions listed under 49 CFR 390.5T are amended as follows:

“Commercial Motor Vehicle” or “CMV” has the same meaning as prescribed under A.R.S. § 28-5201.

“Shipper” has the same meaning as prescribed under A.R.S. § 28-5201.

“Special agent” means an officer or agent of the Department, the Department of Public Safety, or a political subdivision, who is trained and certified by the Department of Public Safety to enforce Arizona’s Motor Carrier Safety requirements.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“State” means a state of the United States or the District of Columbia.

“Tow truck,” as used in the definition of emergency under 49 CFR 390.5, has the same meaning as prescribed under A.A.C. R13-3-701.

- C. 49 CFR 390.19T, Motor carrier identification reports for certain Mexico-domiciled motor carriers. Paragraph (a)(1) is amended to read:

A U.S.-, Canada-, Mexico-, or non-North America-domiciled motor carrier conducting operations in interstate commerce or in intrastate commerce in a CMV, except for intrastate commerce in a farm vehicle as defined under A.R.S. § 28-2514, must file a Motor Carrier Identification Report, Form MCS-150.

- D. 49 CFR 390.23, Relief from regulations.

1. Paragraph (a)(2), Local emergencies, is amended by adding:

When a local emergency exists that justifies an exemption from parts 390 through 399 of this chapter, a motor carrier may request the exemption by contacting Commercial Vehicle Enforcement at the Arizona Department of Public Safety, Highway Patrol Division, P.O. Box 6638, Phoenix, AZ 85005. The Arizona Department of Public Safety may grant the exemption with or without restrictions as necessary to provide vital service to the public.

2. Paragraph (a)(2)(i)(A) is amended to read:

An emergency has been declared by a federal, state or local government official having authority to declare an emergency; or an emergency situation exists under A.R.S. § 28-5234(B); or

- E. 49 CFR 390.25, Extension of relief from regulations - emergencies, is amended by adding:

A motor carrier seeking to extend a period of relief from these regulations may request the extension by contacting Commercial Vehicle Enforcement at the Arizona Department of Public Safety, Highway Patrol Division, P.O. Box 6638, Phoenix, AZ 85005. The Arizona Department of Public Safety may grant the extension with any restrictions it considers necessary to provide vital service to the public.

Historical Note

New Section recodified from R17-4-435.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 11 A.A.R. 862, effective February 1, 2005 (Supp. 05-1). Amended by final rulemaking at 12 A.A.R. 1559, effective May 2, 2006 (Supp. 06-2). Amended by final rulemaking at 13 A.A.R. 2636, effective July 10, 2007 (Supp. 07-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

R17-5-204. Motor Carrier Safety: 49 CFR 391 - Qualifications of Drivers and Longer Combination Vehicle (LCV) Driver Instructors

- A. 49 CFR 391.11, General qualifications of drivers. Paragraph (b)(1) is amended to read: Is at least 21 years of age for interstate operation or is at least 18 years of age for operations

restricted to intrastate transportation not involving the transportation of a reportable quantity of hazardous substance, hazardous waste required to be manifested, or hazardous material in an amount requiring a vehicle to be placarded as prescribed under R17-5-209;

- B. 49 CFR 391.51, General requirements for driver qualification files. Paragraph (b)(8) is amended to read: A Skill Performance Evaluation Certificate obtained from a Field Administrator, Division Administrator, or state Director issued in accordance with § 391.49; or the Medical Exemption document, issued by a Federal medical program in accordance with part 381 of this chapter; or a copy of the Arizona intrastate medical waiver, if a waiver is granted by the Director as prescribed under R17-5-208.

Historical Note

New Section recodified from R17-4-435.02 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3).

R17-5-205. Motor Carrier Safety: 49 CFR 383 - Commercial Driver's License Standards; Requirements and Penalties

- A. 49 CFR 383.5, Definitions. The definitions listed under 49 CFR 383.5 are amended as follows:

“Commercial motor vehicle” or “CMV” has the same meaning as prescribed under A.R.S. § 28-3001.

“Conviction” has the same meaning as prescribed under A.R.S. § 28-3001.

“Disqualification” has the same meaning as prescribed under A.R.S. § 28-3001.

“Motor vehicle” has the same meaning as prescribed under A.R.S. § 28-101.

“Out-of-service order” has the same meaning as prescribed under A.R.S. § 28-5241.

“School bus” has the same meaning as prescribed under A.R.S. § 28-101.

“Tank vehicle” has the same meaning as prescribed under A.R.S. § 28-3103.

- B. 49 CFR 383.71, Driver application and certification procedures. Paragraphs (b)(1)(ii), Excepted interstate, and (b)(1)(iv), Excepted intrastate, are deleted.

- C. 49 CFR 383.73, State procedures.

1. Paragraph (c)(4) is amended to read:

If such applicant wishes to retain a hazardous materials endorsement, require compliance with standards for such endorsement specified in §§ 383.71(b)(8) and 383.141 and ensure that the driver has successfully completed a new test for such endorsement specified in § 383.121.

2. Paragraphs (c)(4)(i) and (c)(4)(ii) are deleted.

3. Paragraph (f)(2)(ii) is amended to read:

The state must add the word “non-domiciled” to the face of the CLP or CDL, in accordance with § 383.153(c) or “limited-term” to the face of the CLP or CDL, in accordance with 6 CFR 37.21; and

- D. 49 CFR 383.75, Third party testing. Paragraph (a)(8)(v) is amended to read:

Require the third party tester to initiate and maintain a bond in an amount pursuant to A.R.S. Title 28, Chapter 13 to be sufficient to pay for re-testing drivers in the event that the third party or one or more of its examiners is involved in fraudulent activities related to conducting

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

skills testing of applicants for a CDL. Exception: A third party tester that is a government entity is not required to maintain a bond. A provider exempted under A.R.S. Title 28, Chapter 13, is responsible for all costs associated with all re-testing of applicants due to examination fraud as determined by the Department.

- E. 49 CFR 383.153, Information on the CLP and CDL documents and applications. The introductory sentence in paragraph (e) is amended to read:

Before a CLP or CDL may be issued:

Historical Note

New Section recodified from R17-4-435.03 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Section repealed by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). New Section made by final rulemaking at 20 A.A.R. 2382, effective August 5, 2016 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

R17-5-206. Motor Carrier Safety: 49 CFR 392 - Driving of Commercial Motor Vehicles

- A. 49 CFR 392.5, Alcohol prohibition. Paragraph (e) is amended by adding:

Drivers who violate the terms of an out-of-service order as prescribed under this section are also subject to the provisions and sanctions of A.R.S. § 28-5241.

- B. 49 CFR 392.9b, Prohibited transportation.

1. Paragraph (a) is amended to read:
Safety registration required. A commercial motor vehicle providing transportation in interstate commerce or in intrastate commerce, except for intrastate commerce in a farm vehicle as defined under A.R.S. § 28-2514, must not be operated without a safety registration and an active USDOT Number.
2. Paragraph (b), Penalties, is amended to read:
Penalties. If it is determined that the motor carrier responsible for the operation of such a vehicle is operating in violation of paragraph (a) of this section, it may be subject to penalties in accordance with 49 U.S.C. 521 for interstate commerce and A.R.S. § 28-5245 for intrastate commerce.

Historical Note

New Section recodified from R17-4-435.04 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

R17-5-207. Civil Penalties

To determine the amount of civil penalty for repeat findings of responsibility for the same class of violations involving vehicles required to be placarded, the higher level of civil penalty as prescribed under A.R.S. § 28-5238 applies.

Historical Note

New Section recodified from R17-4-435.05 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by

final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3).

R17-5-208. Commercial Driver License Intrastate Medical Waiver; Intrastate Alternative Physical Qualification Standards for the Loss or Impairment of Limbs, an Insulin-Dependent Diabetic Condition, or Monocular Vision

- A. A person who is not physically qualified to drive a commercial motor vehicle in interstate commerce due to loss of limb, limb impairment, an insulin-dependent diabetic condition, or monocular vision, as provided under 49 CFR 391.41(b)(1), (b)(2), (b)(3), or (b)(10), but otherwise meets all other requirements under 49 CFR 391.41, may operate a commercial motor vehicle in intrastate commerce if granted an intrastate medical waiver by the Director. Application for an intrastate medical waiver shall be submitted according to subsection (B).

- B. A driver applicant, or a driver applicant jointly with the motor carrier co-applicant that will employ the driver applicant, shall complete and submit the applicable intrastate medical waiver application to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, with the following information as applicable:

1. Identify the applicant:
 - a. Name and complete address of the driver applicant;
 - b. Name and complete address of the motor carrier co-applicant;
 - c. U.S. Department of Transportation motor carrier identification number, if known; and
 - d. A description of the driver applicant's limb or visual impairment or insulin-dependent diabetic condition as applicable to the type of waiver being requested;
2. Describe the type of operation the driver applicant will be employed to perform, including the following information (if known):
 - a. Average period of time the driver will be driving or on duty, per day;
 - b. Type of commodities or cargo to be transported;
 - c. Type of driver operation (i.e., sleeper team, relay, owner operator, etc.); and
 - d. Number of years experience operating each type of commercial motor vehicle requested in the intrastate medical waiver application and total years of experience operating all types of commercial motor vehicles;
3. Describe the commercial motor vehicles the driver applicant intends to drive:
 - a. Truck, truck tractor, or bus make, model, and year (if known);
 - b. Drive train:
 - i. Transmission type (automatic or manual - if manual, designate number of forward speeds);
 - ii. Auxiliary transmission (if any) and number of forward speeds; and
 - iii. Rear axle (designate single speed, two-speed, or three-speed);
 - c. Type of brake system;
 - d. Steering, manual or power assisted;
 - e. Description of types of trailers (i.e., van, flatbed, cargo tank, drop frame, lowboy, or pole);
 - f. Number of semitrailers or full trailers to be towed at one time;
 - g. For commercial motor vehicles designed to transport passengers, indicate the seating capacity of the commercial motor vehicle; and
 - h. Description of any modifications made to the commercial motor vehicle for the driver applicant, attach photographs where applicable;

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

4. Include a certification statement:
 - a. The driver applicant shall certify that the driver applicant is otherwise qualified to drive a commercial motor vehicle under the regulations of 49 CFR 391 as adopted by the Department; and
 - b. In case of a co-applicant, the co-applicant motor carrier shall certify that the driver applicant is otherwise qualified to drive a commercial motor vehicle under the regulations of 49 CFR 391 as adopted by the Department; and
5. Contain signature of each applicant and date signed:
 - a. The driver applicant's signature; and
 - b. The motor carrier official's signature and title if the application has a co-applicant. Depending on the motor carrier's organizational structure (corporation, partnership, or proprietorship), the signer of the application shall be an officer, partner, or the proprietor.
- C. The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(1) or (b)(2) shall be accompanied by:
 1. A copy of the medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43;
 2. The Department's medical waiver evaluation summary completed by either a board-qualified or board-certified psychiatrist or orthopedic surgeon. The co-applicant motor carrier or the driver applicant shall provide the psychiatrist or orthopedic surgeon with a description of the job-related tasks the driver applicant will be required to perform:
 - a. The medical waiver evaluation summary for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(1) shall include:
 - i. An assessment of the functional capabilities of the driver as they relate to the ability of the driver to perform normal tasks associated with operating a commercial motor vehicle; and
 - ii. A statement by a board-qualified or board-certified psychiatrist or orthopedic surgeon that the applicant is capable of demonstrating precision prehension (e.g., manipulating knobs and switches) and power grasp prehension (e.g., holding and maneuvering the steering wheel) with each upper limb separately;
 - b. The medical waiver evaluation summary for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(2) shall include:
 - i. An explanation as to how and why the impairment interferes with the ability of the applicant to perform normal tasks associated with operating a commercial motor vehicle;
 - ii. An assessment and medical opinion of whether the condition will likely remain medically stable over the lifetime of the driver applicant; and
 - iii. A statement by a board-qualified or board-certified psychiatrist or orthopedic surgeon that the applicant is capable of demonstrating precision prehension (e.g., manipulating knobs and switches) and power grasp prehension (e.g., holding and maneuvering the steering wheel) with each upper limb separately;
 3. A description of the driver applicant's prosthetic or orthotic device worn, if any; and
 4. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained.
- D. The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(3) shall be accompanied by:
 1. A copy of the medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43;
 2. An evaluation by a board-certified or board-eligible endocrinologist. A complete endocrinologist evaluation shall consist of:
 - a. A comprehensive evaluation of the applicant's five-year medical history and current status. The applicant shall provide the examining endocrinologist with a complete medical history as it pertains to the applicant's diabetes or its complications or both, including, the date insulin use began, all hospitalization reports, consultation notes for diagnostic examinations, special studies, follow-up reports, reports of any hypoglycemic insulin reactions within the 12 months prior to the date of application, and other reports as requested by the endocrinologist. The evaluation shall also include a review of:
 - i. Daily glucose monitoring logs, glycosylated hemoglobin (A1c) indicating a result in the range of 7% to 10%, including lab reference page performed during the last six months unless recently diagnosed;
 - ii. Insulin dosages and types, diet utilized for control, and all medications taken; and
 - iii. Examinations to detect any peripheral neuropathy or circulatory insufficiency of the extremities;
 - b. A statement that the applicant is free from insulin reactions. Insulin reactions include any severe hypoglycemic reaction, which can be a reaction that results in seizure, loss of consciousness, requiring the assistance of another person, or a period of impaired cognitive function that occurs without warning. To be eligible the applicant must not have hypoglycemia unawareness and must have had no more than one documented severe hypoglycemic reaction in the previous 12 months and must have had:
 - i. No recurrent (two or more) severe hypoglycemic reactions resulting in a loss of consciousness or seizure within the past five years;
 - ii. No recurrent severe hypoglycemic reactions requiring the assistance of another person within the past five years;
 - iii. No recurrent severe hypoglycemic reactions resulting in impaired cognitive functions that occurred without warning symptoms within the past five years; and
 - iv. A period of one year of demonstrated stability following the first period of severe hypoglycemia;
 - c. A statement prepared and signed by the examining endocrinologist whose status as board-certified or board-eligible is indicated. The signed statement shall include separate declarations indicating the following medical determinations:
 - i. The endocrinologist is familiar with the applicant's medical history for the past five years through a records review, treating the patient, or consultation with the treating physician;

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- ii. The applicant is able to safely operate a commercial motor vehicle while using insulin; and
 - iii. The applicant has been educated in diabetes, including the last education date, and its management and is informed of and understands how to individually manage and monitor the applicant's diabetes mellitus and has demonstrated the ability and willingness to properly monitor and manage the applicant's diabetes and procedures to follow if complications arise;
 - 3. A separate signed vision evaluation report from an ophthalmologist or optometrist indicating that the applicant has been examined and does not have diabetic retinopathy and meets the vision standard of 49 CFR 391.41(b)(10), or has been issued a valid intrastate medical waiver for monocular vision. If the applicant has any evidence of diabetic retinopathy, the applicant must be examined by an ophthalmologist and submit a separate signed statement from the ophthalmologist that the applicant does not have unstable proliferative diabetic retinopathy (i.e. unstable advancing disease of blood vessels in the retina); and
 - 4. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained.
- E.** The completed intrastate medical waiver application for a driver applicant not physically qualified to drive under 49 CFR 391.41(b)(10) shall be accompanied by:
- 1. A copy of the medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43;
 - 2. A current vision examination report issued within the last 90 days from the date the report is received by the Department, completed by an ophthalmologist or optometrist. The report shall indicate that the applicant has distant visual acuity of at least 20/40 (Snellen), with or without a corrective lens, in one eye, and the applicant's dominant eye has a visual field of at least 70° peripheral measurement in one direction and 35° in the opposite direction of the horizontal meridian and the ability to distinguish the colors of a traffic signal or device showing standard red, green, and amber, as applicable to the type of medical waiver being requested;
 - 3. A copy of the driver applicant's state motor vehicle driving record for the past three years from each state in which a motor vehicle driver license or permit has been obtained; and
 - 4. A statement from the employer that the driver applicant has driven the type of vehicle for which the waiver is being requested for at least two of the previous five years.
- F.** Agreement. A motor carrier that employs a driver subject to an intrastate medical waiver granted by the Director under subsection (A), whether the waiver was granted unilaterally to the driver, or to the driver and co-applicant motor carrier, shall agree to:
- 1. Report to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, in writing, any suspension, revocation, disqualification, or withdrawal of the subject driver's driver license or permit, and any accident, arrest, or conviction involving the driver within 30 days after the occurrence;
 - 2. Provide to the Department's Medical Review Program, on request, any documents and information pertaining to the driving activities, accidents, arrests, convictions, and driver license or permit suspensions, revocations, disqualifications, or withdrawals involving the subject driver;
- 3. Evaluate the subject driver with a road test using the trailer types the motor carrier intends the driver to transport, or alternatively accept a certificate of a trailer road test from another motor carrier if the trailer types are similar, or accept the trailer road test completed during the skill performance evaluation if trailer types are similar to that of the prospective motor carrier;
 - 4. Evaluate the subject driver for those non-driving safety related job tasks associated with each type of trailer that will be used and any other non-driving safety related or job related tasks unique to the operations of the employing motor carrier; and
 - 5. Use the subject driver to operate the type of commercial motor vehicle indicated on the intrastate medical waiver only when the driver is in compliance with the conditions and limitations of the waiver.
- G.** A driver subject to an intrastate medical waiver, issued by the Director under subsection (A), shall supply each employing motor carrier with a copy of the intrastate medical waiver.
- H.** The Department may require the driver applicant to demonstrate the driver applicant's ability to safely operate the commercial motor vehicle the driver intends to drive.
- I.** If required by the Department during the application process, a driver applicant shall have a skill performance evaluation performed by a federally-certified state commercial driver license examiner at a Department commercial driver license facility when directed.
- J.** If the Director grants an intrastate medical waiver under subsection (A) to the driver applicant, the Department shall mail to the driver applicant and co-applicant motor carrier (if applicable) written approval of the intrastate medical waiver describing the terms, conditions, and limitations of the waiver.
- K.** The intrastate medical waiver granted by the Director under subsection (A) shall identify:
- 1. The power unit (bus, truck, truck tractor) for which the waiver is granted; and
 - 2. The trailer type used in the skill performance evaluation, if applicable, without limiting the waiver to that specific trailer type.
- L.** A subject driver may use the intrastate medical waiver with other trailer types if the driver successfully completes:
- 1. A trailer road test administered by the motor carrier under subsection (F)(3) for each type of trailer, and
 - 2. A non-driving safety related or job related task evaluation administered by the motor carrier under subsection (F)(4).
- M.** The intrastate medical waiver granted by the Director under subsection (A) is:
- 1. Valid for a period of not more than two years from the date of issuance;
 - 2. Renewable 30 days prior to the expiration date; and
 - 3. Transferable from an original motor carrier co-applicant employer to a new motor carrier employer or to the subject driver, as a unilateral applicant if becoming self-employed, upon written notification to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, stating the new employer's name and the type of equipment to be driven.
- N.** An intrastate medical waiver granted by the Director under subsection (A) to a driver applicant for monocular vision under subsection (E), shall prohibit the subject driver from transporting:
- 1. Passengers for hire; and

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

2. Reportable quantities of hazardous substances, manifested hazardous wastes, and hazardous material required to be placarded.
- O. A driver subject to an intrastate medical waiver, issued by the Director under subsection (A), shall have the intrastate medical waiver (or a legible copy) in the subject driver's possession while on duty.
- P. The motor carrier employing a subject driver shall maintain a copy of the intrastate medical waiver in its driver qualification file and retain the copy in the motor carrier's file for a period of three years after the driver's employment is terminated.
- Q. A driver subject to an intrastate medical waiver, issued by the Director under subsection (A) to an applicant for insulin-dependent diabetes under subsection (D), must comply with the following conditions:
 1. Maintain appropriate medical supplies for glucose management while preparing for the operation of a commercial motor vehicle and during its operation. The supplies shall include the following:
 - a. A digital glucose monitor with computerized memory,
 - b. Supplies needed to obtain adequate blood samples and to measure blood glucose,
 - c. Insulin to be used as necessary, and
 - d. An amount of rapidly absorbable glucose to be used as necessary;
 2. Maintain a daily record of actual driving time to correlate with the daily glucose measurements;
 3. Monitor and maintain blood glucose levels in the range of 100 to 400 milligrams per deciliter (mg/dl) prior to and while driving.
 - a. Check glucose before starting to drive and take corrective action if necessary. If glucose is less than 100 mg/dl, take glucose or food and recheck in 30 minutes. Repeat the process until glucose is greater than 100 mg/dl. Do not drive if glucose is less than 100 mg/dl;
 - b. While driving, stop the vehicle in a safe location and check glucose every two to four hours and take appropriate action to maintain it in the range of 100 to 400 mg/dl;
 - c. Have food available at all times when driving. If glucose is less than 100 mg/dl, stop driving and eat. Recheck in 30 minutes and repeat procedure until glucose is greater than 100 mg/dl; and
 - d. If glucose is greater than 400 mg/dl, stop driving until glucose returns to the 100 to 400 mg/dl range. If more than two hours have passed since last insulin injection and eating, take additional insulin. Recheck blood glucose in 30 minutes. Do not resume driving until glucose is less than 400 mg/dl;
 4. Participate in a diabetes education program annually;
 5. Undergo the following evaluations and examinations and submit to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, within 10 days of the date of the evaluation or exam:
 - a. A quarterly evaluation completed by a board-certified or board-eligible endocrinologist. A quarterly endocrinologist evaluation shall include a review of the driver's daily glucose logs and glucose levels (from the subject driver's required monitoring device), a comparison of monitoring dates to the driving log to ensure that the subject driver is checking glucose levels prior to operating a commercial motor vehicle, a certifying statement indicating that the subject driver is maintaining a glucose level in the range of 100 to 400 mg/dl while driving a commercial motor vehicle, a certifying statement indicating that the subject driver is maintaining a stable insulin regimen and that the subject driver's quarterly A1c result continues to reflect stable control, reports of any severe hypoglycemic episodes, any hypoglycemic-related hospitalization, and any treatment regimen changes since the last hypoglycemic episode;
 - b. An annual evaluation completed by a board-certified or board-eligible endocrinologist. In addition to the requirements of a quarterly endocrinologist evaluation under subsection (Q)(5)(a), an annual endocrinologist evaluation shall also include a general physical examination, an indication that the driver has continued to participate in a diabetes education program with the last education date provided, a certifying statement indicating that the driver understands how to individually manage and monitor the driver's diabetes mellitus, an indication of the development of, or progression, or both, in diabetes complications (i.e. renal disease, cardiovascular disease, and neurological disease), a list of all medications taken and whether any of the medications may compromise the driver's ability to operate a commercial motor vehicle, the endocrinologist's belief that the driver has demonstrated the ability and willingness to properly manage the driver's diabetes, and a certifying statement indicating that the driver is able to safely operate a commercial motor vehicle while using insulin;
 - c. An annual vision evaluation report, as prescribed under subsection (D)(3). If there is any evidence of diabetic retinopathy, provide annual documentation by an ophthalmologist that the driver does not have unstable proliferative diabetic retinopathy; and
 - d. An annual medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43. Provide copies of the endocrinologist evaluation and the vision evaluation report to the medical examiner for review; and
 6. Report the following information to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, within two days of occurrence:
 - a. All episodes of severe hypoglycemia, significant complications, or inability to manage diabetes; and
 - b. Any involvement in an accident or any other adverse event in a commercial motor vehicle or personal vehicle, related to an episode of hypoglycemia or hyperglycemia.
- R. A driver subject to an intrastate medical waiver, issued by the Director under subsection (A) to an applicant for monocular vision under subsection (E), must be physically examined every year and shall submit the following to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100:
 1. A vision examination report issued within the last 90 days from the date the report is received by the Department, as prescribed under subsection (E)(2); and
 2. A current medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43 within the past year.
- S. A driver subject to an intrastate medical waiver, or a driver subject to an intrastate medical waiver jointly with a motor

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

carrier co-applicant, may renew an intrastate medical waiver by submitting to the Department's Medical Review Program, P.O. Box 2100, Mail Drop 818Z, Phoenix, AZ 85001-2100, a new intrastate medical waiver application. The intrastate medical waiver application shall contain the following:

1. Name and complete address of the motor carrier currently employing the applicant;
2. Name and complete address of the subject driver;
3. Total miles driven under the current intrastate medical waiver;
4. Number of accidents incurred while driving under the current intrastate medical waiver, including the date of each accident, number of fatalities, number of injuries, and the estimated dollar amount of any property damage;
5. A current medical examination report and medical examiner's certificate completed pursuant to 49 CFR 391.43;
6. A current medical examination or evaluation as applicable to the medical condition:
 - a. A current medical waiver evaluation summary, as prescribed under subsection (C)(2), for a driver with a loss of limb or limb impairment;
 - b. A current endocrinologist evaluation, as prescribed under subsection (D)(2), and a current vision evaluation report, as prescribed under subsection (D)(3), for a driver who is an insulin-dependent diabetic; or
 - c. A current vision examination report, as prescribed under subsection (E)(2), for a driver with monocular vision;
7. A copy of the subject driver's current state motor vehicle driving record for the period of time the current intrastate medical waiver has been in effect;
8. Notification of any change in the type of tractor the driver will operate;
9. Subject driver's signature and date signed; and
10. Motor carrier co-applicant's signature and date signed (if applicable).

T. The Director may deny an application for the intrastate medical waiver or may grant the waiver in whole or in part and issue the waiver subject to such terms, conditions, and limitations as the Director deems consistent with the public interest.

U. The Director may revoke an intrastate medical waiver after providing the driver subject to an intrastate medical waiver written notice of the proposed revocation and a reasonable opportunity to request a hearing pursuant to the procedure prescribed under 17 A.A.C. 1, Article 5. The Director may revoke an intrastate medical waiver if the:

1. Driver subject to an intrastate medical waiver, or co-applicant (if applicable), or both provided false information in the application,
2. Driver subject to an intrastate medical waiver, or co-applicant (if applicable), or both failed to comply with the terms and conditions of the intrastate medical waiver, or
3. Issuance of the intrastate medical waiver resulted in a lower level of safety than before the waiver was granted.

V. If the enforcement of any provision of this Section would result in the loss or disqualification of federal funding for any state agency or program, that provision is invalid.

Historical Note

New Section recodified from R17-4-435.06 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Section repealed; new Section made by final rulemaking at 14 A.A.R. 3797, effective November 8, 2008 (Supp. 08-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective

August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

R17-5-209. Hazardous Materials Transportation: Incorporation of Federal Regulations; Applicability

A. Incorporation of federal regulations.

1. As relevant to the transportation of hazardous materials by highway, the Department incorporates by reference, as amended under this Section, the following Parts of the Federal Hazardous Materials Regulations; revised as of October 1, 2016, and no later amendments or editions, as 49 CFR - Transportation, Subtitle B - Other Regulations Relating to Transportation, Chapter I - Pipeline and Hazardous Materials Safety Administration, Department of Transportation:
 - a. Subchapter A - Hazardous Materials and Oil Transportation; Part 107 - Hazardous materials program procedures; and
 - b. Subchapter C - Hazardous Materials Regulations; Parts:
 - i. 171 - General information, regulations, and definitions;
 - ii. 172 - Hazardous materials table, special provisions, hazardous materials communications, emergency response information, training requirements, and security plans;
 - iii. 173 - Shippers - general requirements for shipments and packagings;
 - iv. 177 - Carriage by public highway;
 - v. 178 - Specifications for packagings; and
 - vi. 180 - Continuing qualification and maintenance of packagings.
2. The material incorporated by reference under this subsection is on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007. The incorporated material is published by National Archives and Records Administration, Office of the Federal Register, 8601 Adelphi Road, College Park, MD 20740-6001, and is printed and distributed by the U.S. Government Publishing Office, P.O. Box 979050, St. Louis, MO 63197-9000. The incorporated material can be viewed online at <http://www.ofr.gov> or <https://www.gpo.gov/fdsys> and ordered online by visiting the U.S. Government Online Bookstore at <http://bookstore.gpo.gov>. The International Standard Book Numbers are 9780160935466 for 49 CFR 107, 171, 172, 173, and 177 and 9780160935473 for 49 CFR 178 and 180.

B. Application and exceptions.

1. Application.
 - a. Regulations incorporated under subsection (A) apply as amended by subsection (C) to motor carriers, shippers, and manufacturers as defined under A.R.S. § 28-5201.
 - b. Regulations incorporated under subsection (A) also apply to any vehicle owned or operated by the state, a political subdivision, or a state public authority, used to transport a hazardous material, including hazardous substances and hazardous waste.
2. Exceptions. An authorized emergency vehicle, as defined under A.R.S. § 28-101, is excepted from the provisions of this Section.

C. Amendments. The following sections of the Federal Hazardous Materials Regulations, incorporated under subsection (A), are amended as follows:

1. Part 171, General information, regulations, and definitions. Section 171.8, Definitions and abbreviations. Section 171.8 is amended by revising the definitions for

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Carrier,” “Hazmat employer,” and “Person,” and adding a definition for “Highway” as follows:

“‘Carrier’ means a person engaged in the transportation of passengers or property by highway as a common, contract, or private carrier and also includes the state, a political subdivision, and a state public authority engaged in the transportation of hazardous material.”

“‘Hazmat employer’ means a person who uses one or more employees in connection with: transporting hazardous material; causing hazardous material to be transported or shipped; or representing, marking, certifying, selling, offering, reconditioning, testing, repairing, or modifying containers, drums, or packagings as qualified for use in the transportation of hazardous material. This term includes motor carriers, shippers, and manufacturers defined under A.R.S. § 28-5201 and includes the state, political subdivisions, and state public authorities.”

“‘Highway’ means a public highway defined under A.R.S. § 28-5201.”

“‘Person’ has the same meaning as defined under A.R.S. § 28-5201.”

2. Part 172, Hazardous materials table, special provisions, hazardous materials communications, emergency response information, training requirements, and security plans. Section 172.3, Applicability. Paragraph (a)(2) is amended to read: “Each motor carrier that transports hazardous materials, and each state agency, political subdivision, and state public authority that transports hazardous material by highway.”
3. Part 177, Carriage by public highway.
 - a. Section 177.800, Purpose and scope of this part and responsibility for compliance and training. In paragraph (a), the phrase “by private, common, or contract carriers by motor vehicle” is amended to read, “by a motor carrier operating in Arizona, a state agency, a political subdivision, or a state public authority that transports hazardous material by highway.”
 - b. Section 177.802, Inspection. Section 177.802 is amended to read: “Records, equipment, packagings, and containers under the control of a motor carrier or other persons subject to this part, affecting safety in transportation of hazardous material by motor vehicle, must be made available for examination and inspection by an authorized representative of the Department as prescribed under A.R.S. §§ 28-5204 and 28-5231.”

Historical Note

New Section recodified from R17-4-436 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). Amended by final rulemaking at 9 A.A.R. 1867, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 13 A.A.R. 1262, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

R17-5-210. Motor Carrier Safety: Public Service Corpora-

tion, Political Subdivision of this State that is Engaged in Rendering Public Utility Service, or Railroad Contacting State Officials in an Emergency

- A. A public service corporation, a political subdivision of this state that is engaged in rendering public utility service, or a railroad shall notify Commercial Vehicle Enforcement, through the Arizona Department of Public Safety Duty Office, that an emergency situation under A.R.S. § 28-5234(B) exists. Notification shall be made on a form provided by the Arizona Department of Public Safety and sent by fax transmission to (602) 223-2929 immediately, but in no case longer than three hours from the time the public service corporation, political subdivision of this state that is engaged in rendering public utility service, or railroad determines that the emergency situation exists. The information to be provided includes:
 1. Date of the emergency situation,
 2. Time that the emergency situation started,
 3. Description of the emergency situation,
 4. Location of the emergency situation,
 5. Projected duration of the emergency situation,
 6. Authorized party’s signature for determining that an emergency situation exists,
 7. Name and contact number of responsible party in the field, and
 8. The utility’s self-generated Emergency ID or tracking number.
- B. A public service corporation, a political subdivision of this state that is engaged in rendering public utility service, or a railroad shall maintain supporting documentation for no less than three years from the date of an emergency situation and shall make the supporting documentation available to a special agent upon request. Supporting documentation includes:
 1. A list of drivers involved in the emergency situation;
 2. The duration of the emergency situation;
 3. The off-duty time provided for the affected drivers after the emergency situation concluded; and
 4. Any United States Department of Transportation recordable accidents, as defined under 49 CFR 390.5, which occurred during the emergency situation.
- C. After an emergency situation terminates and a driver returns to the principal place of business, the driver shall not drive a commercial motor vehicle unless the driver remains off duty under 49 CFR 395.

Historical Note

New Section recodified from R17-4-438 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 7 A.A.R. 4259, effective September 13, 2001 (Supp. 01-3). Section repealed by final rulemaking at 8 A.A.R. 3249, effective July 10, 2002 (Supp. 02-3). New Section made by final rulemaking at 11 A.A.R. 862, effective February 1, 2005 (Supp. 05-1). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3).

R17-5-211. Motor Carrier Safety: Inspection, Enforcement, Sanction

- A. Scope. This Section applies to any transporter subject to:
 1. R17-5-201 through R17-5-209; and
 2. A.R.S. Title 28, Chapter 14.
- B. Audits.
 1. The Department may conduct an audit for cause or without cause.
 2. The Department may enter the premises of any transporter for the purpose of conducting an audit.
 3. The Department may inspect a motor vehicle:
 - a. Within Arizona at:

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- i. A transporter's place of business, or
 - ii. Any other in-state location, or
- b. Outside Arizona at a transporter's place of business.
- 4. A transporter shall make records available for audit:
 - a. During the transporter's normal business hours, and
 - b. In a specific location as follows:
 - i. The transporter's Arizona place of business, or
 - ii. Either an Arizona location designated by the Director or the transporter's out-of-state place of business.
- 5. The Department shall charge a transporter in advance for all expenses to be incurred in performance of an out-of-state audit.
- C. Violation notification. Within five days after audit completion, the Department shall notify an audited transporter in writing of all violations. The notification shall specify a deadline date for remedy of all violations.
- D. Obligation to remedy violations. After receipt of a violation notification, a transporter shall remedy all violations by the specified date to comply with:
 - 1. R17-5-201 through R17-5-209; and
 - 2. A.R.S. Title 28, Chapter 14.
- E. Noncompliance: Failure to remedy violations. If the Department determines a transporter does not remedy a violation by the date specified in a violation notice, the Department shall initiate further enforcement action as prescribed under A.R.S. §§ 28-5237 and 28-5238.
- F. Danger to public safety. If the Director determines a written violation report establishes probable cause of danger to public safety, the Director shall issue an order by 5:00 p.m. the next business day suspending the Arizona registration of the motor vehicle owned or leased by the transporter, or a driver's Arizona driver license or nonresident driving privilege.

Historical Note

New Section recodified from R17-4-439 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 7 A.A.R. 4259, effective September 13, 2001 (Supp. 01-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 20 A.A.R. 2382, effective August 5, 2014 (Supp. 14-3).

R17-5-212. Motor Carrier Safety: Hearing Procedure

- A. Scope.
 - 1. This Section applies only to a motor carrier enforcement action under:
 - a. R17-5-201 through R17-5-209; and
 - b. A.R.S. Title 28, Chapter 14.
 - 2. In an enforcement hearing involving a manufacturer, motor carrier, shipper, or driver under this Section, the Department shall follow the procedures prescribed under 17 A.A.C. 1, Article 5, except as modified under subsections (B) and (C).
- B. Initiation of proceedings; service.
 - 1. The Director shall initiate a hearing under this Section by:
 - a. Signing and serving a complaint in the form prescribed under subsection (C) that cites a manufacturer, motor carrier, shipper, or driver for an alleged infraction; and
 - b. Submitting to the Department's Executive Hearing Office a copy of the complaint and notification of the date the complaint was served.
 - 2. The date of service is the date of mailing.
- C. Complaint; order to show cause.
 - 1. The complaint shall contain the following:
 - a. The Department as the designated petitioner;

- b. The respondent's name and the basis of fact for the complaint, including a listing of any alleged violation of Department statute or rule;
 - c. The relief sought by the Department; and
 - d. A copy of the written violation notice issued by a law enforcement agency to the respondent, if applicable.
- 2. Upon receipt of a copy of the complaint, the Executive Hearing Office shall issue an order to show cause for a respondent to appear at an administrative hearing to explain why the requested relief should not be granted.
- 3. The Executive Hearing Office shall hold a hearing under this Section within the time-frame required by statute.
- 4. The parties may resolve a complaint before the hearing date.
 - a. The parties shall file notice of settlement with the Executive Hearing Office.
 - b. Complaint settlement terminates the right of both petitioner and respondent to receive additional administrative review.

Historical Note

New Section recodified from R17-4-440 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4230, effective November 15, 2002 (Supp. 02-3). Amended by final rulemaking at 17 A.A.R. 1691, effective August 2, 2011 (Supp. 11-3). Amended by final rulemaking at 24 A.A.R. 1549, effective May 1, 2018 (Supp. 18-2).

ARTICLE 3. PROFESSIONAL DRIVER SERVICES**R17-5-301. Definitions**

In addition to the definitions under A.R.S. §§ 28-101 and 32-2351, the following definitions apply to this Article, unless otherwise specified:

"Activity" means a function or service that is provided by a licensed professional driver training school pursuant to A.R.S. Title 32, Chapter 23 or licensed traffic survival school pursuant to A.R.S. Title 28, Chapter 8, Article 7.1 and that is performed by a professional driver training school instructor or traffic survival school qualified instructor as defined in this Article.

"Applicant" means an individual or school, including principals, requesting in the manner set forth in this Article the issuance or renewal of a license or to become a qualified instructor under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23 and this Article.

"Application date" means the date the Department or private entity receives a signed application from an applicant.

"Audit" means a review of the operations, facilities, equipment, and records of a licensee under this Article, which is performed by the Department or private entity under A.R.S. § 28-3411 or 32-2352 to assess and ensure compliance with all applicable federal and state laws and rules.

"Branch" means a licensed professional driver training school's or licensed traffic survival school's business location that is an additional established place of business, but not the school's principal place of business.

"Business day" means a day other than a Saturday, Sunday, or legal state holiday.

"Business manager" means an owner or employee of a licensed school who has primary and sufficient oversight, supervision, and responsibility for all operations necessary to

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

ensure full compliance with all applicable federal or state laws, rules, and school guidelines.

“Certificate of completion” means an electronic or paper document that is approved by the Department or private entity and that is issued by a traffic survival school or high school qualified instructor to a student who has demonstrated successful completion of a training or educational session or both conducted under this Article.

“Character and reputation” means a person:

- Has not been convicted of a class 1 or 2 felony by a court of competent jurisdiction,
- Has not within five years of application date been convicted of any other felony or misdemeanor offense having a reasonable relationship to the functions of the activity or the employment or category for which the qualification is sought, and
- Has not within 12 months of application date had an application or an examination required for license or qualification under this Chapter denied or revoked due to fraud or misrepresentation.

“Commercial driver license motor vehicle record” has the same meaning as a CDLIS motor vehicle record as defined in 49 CFR 384.105.

“Department-approved inventory” means educational media and related items or other resources provided and approved by the Department or private entity that are deemed necessary or useful for traffic survival school instruction, which includes curriculum, computer disks or drives, classroom training materials, instructor workbooks, instructor training manuals, or other materials, whether stored in paper or electronic formats.

“Established place of business” means a licensed professional driver training school’s or licensed traffic survival school’s business location that is:

- Approved by the Department,
- Located in Arizona,
- Not used as a residence, and
- Where the licensed school performs licensed activities.

“Good standing” means an applicant:

- Has not had a similar business license, qualification, or approval suspended, revoked, canceled, or denied within the previous three years of the application date;
- Does not have any pending corrective action, as defined under R17-5-323, relating to a Department-issued business license, qualification, or approval;
- Has not had a fingerprint clearance card required for licensure under this Article suspended, revoked, or canceled;
- Does not owe delinquent fees, taxes, or unpaid balances to the Department or private entity;
- Has not had any substantiated derogatory information relevant to the requested license reported to the Department about the applicant from any state agency contacted by the Department; or
- Has not been dismissed, or resigned in lieu of dismissal, from a position for cause following allegations of misconduct having a reasonable relationship to the person’s proposed area of licensure or qualification, if the applicant is a former Department employee or a former principal or employee of a licensed professional driver training school or licensed traffic survival school.

“Immediate family member” has the same meaning as prescribed in A.R.S. § 28-2401.

“Inactivation” or “inactive” means a temporary or permanent status, assigned by the Department to a school previously licensed under this Article, which prohibits the school from further engaging in the previously licensed activity after the occurrence of any of the following actions:

- Cancellation of license, as defined in R17-5-323;
- Suspension of license, as defined in R17-5-323;
- Revocation of license, as defined in R17-5-323;
- Non-renewal of license; or
- Relinquishment of license.

“Licensee” means a school licensed by the Department or private entity under A.R.S. § 28-3413 or 32-2371 and this Article, to perform a licensed activity.

“Principal” means any of the following:

- If a sole proprietorship, the sole proprietor;
- If a partnership, limited partnership, limited liability partnership, limited liability company or corporation, the:
 - Partner;
 - Manager;
 - Member;
 - Officer;
 - Director;
 - Agent; or
- If a limited liability company or corporation, each stockholder owning 20 percent or more of the limited liability company or corporation; or
- If a political subdivision or government agency, the political subdivision or agency head.

“Principal place of business” means a licensed professional driver training school’s or licensed traffic survival school’s administrative headquarters, which shall not be used as a residence.

“Private entity” means an entity that contracts with the Department under A.R.S. § 28-3411 or 32-2352.

“Professional driver training school instructor” means an individual meeting the qualifications under R17-5-303 who can present specific training and educational curriculum to professional driver training school students as provided under this Article.

“Satisfactory driver record” means an applicant has not had within the past 39 months:

- A conviction for driving under the influence, reckless or aggressive driving, racing on a highway, or leaving the scene of an accident;
- A driver license previously canceled, suspended, revoked, or disqualified for any reason except for failing to meet or maintain the commercial driver license physical qualifications under 49 CFR 391.41 and A.A.C. R17-4-508; and
- More than three previous assignments to attend traffic survival school and no pending assignment.

“Traffic survival school qualified instructor” means an individual deemed qualified by the Department or private entity under this Article to conduct instruction of an education session on behalf of a licensed traffic survival school.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

ber 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-302. Professional Driver Training School and Traffic Survival School Licensing; Eligibility and Application Requirements

- A.** An applicant for a professional driver training school or traffic survival school license, issued by the Department or private entity under A.R.S. § 28-3411 or 32-2371 and this Section, shall meet all applicable licensing requirements under state law and this Article when applying for an original or renewal license.
- B.** An applicant for a professional driver training school or traffic survival school license shall complete and submit to the Department or private entity an application packet that contains all of the following:
1. An application, completed on a form approved by the Department;
 2. Certification that each classroom used for the instruction of students is maintained in compliance with all applicable fire codes and local zoning ordinances;
 3. Certification that each classroom used for the instruction of students meets the accessibility requirements of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.), as amended;
 4. A copy of the following documents relating to the applicant's business if the applicant is a:
 - a. Corporation:
 - i. A copy of the articles of incorporation, including any amendments filed with the Arizona Corporation Commission; and
 - ii. Any other official documents, including copies of board meeting minutes and annual reports that reflect the most recent change to the corporate name, structure, or officers;
 - b. Limited liability company:
 - i. A copy of the articles of organization, including any amendments filed with the Arizona Corporation Commission; or
 - ii. A copy of the application for registration as a foreign limited liability company filed with the Arizona Corporation Commission and a copy of the certificate of registration issued by the Arizona Corporation Commission to a foreign limited liability company;
 - c. Limited partnership or a limited liability partnership:
 - i. A copy of a valid certificate of existence issued by the Arizona Office of the Secretary of State;
 - ii. A copy, stamped "filed" by the Arizona Office of the Secretary of State, of a certificate of limited partnership, certificate of foreign limited partnership, limited liability partnership form, foreign limited liability partnership form, or statement of qualification for conversion of limited partnership or limited liability partnership; or
 - iii. A copy of a valid trade name certificate issued by the Arizona Office of the Secretary of State; or
 - d. Sole proprietor:
 - i. A copy of a valid certificate of existence issued by the Arizona Office of the Secretary of State, or
 - ii. A copy of a valid trade name certificate issued by the Arizona Office of the Secretary of State;

5. The name and Arizona address of the school's statutory agent, as designated in the articles of incorporation, if the applicant is a corporation;
 6. Documentation prescribed under A.R.S. § 41-1080 indicating that each applicant's presence in the United States is authorized under federal law if the applicant is an individual, a sole proprietor, or part of a general partnership;
 7. Payment of the license fees prescribed under A.R.S. § 28-3415 or 32-2374 for each activity requested; and
 8. A form, approved by the Department, completed for each branch license, if applicable, and accompanied by payment of any applicable branch license fees prescribed under A.R.S. § 28-3415 or 32-2374.
- C.** An applicant shall not use the following in any part of its school name, which is subject to approval by the Department or private entity:
1. The terms "Arizona Department of Transportation," "Department of Transportation," "Motor Vehicle Division," "Motor Vehicle Department," "Division of Motor Vehicles," or "Department of Motor Vehicles;" or
 2. The acronyms "ADOT," "DOT," "MVD," or "DMV."
- D.** Professional driver training school applicants must provide the following additional documents with the school's application packet:
1. A copy of the school's complete curriculum, including a sample of all written examinations and answer keys, unless the curriculum is provided by the Department or private entity;
 2. Verification of liability insurance coverage reflecting at least the minimum amount prescribed under A.R.S. § 32-2393 for each motor vehicle used to provide instruction; and
 3. Diagrams detailing a minimum of three separate behind-the-wheel final evaluation routes with a written narrative indicating all required maneuvers, if the applicant will be providing behind-the-wheel driver training.

Historical Note

New Section recodified from R17-4-512 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section amended by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-303. Professional Driver Training School Instructor Qualifications and Requirements

- A.** A professional driver training school instructor shall:
1. Work for a professional driver training school licensed by the Department or private entity under A.R.S. § 32-2371 and R17-5-302,
 2. Possess a valid Arizona commercial driver license with applicable endorsements representative of the vehicle to be used in training,
 3. Meet the character and reputation requirements as defined in R17-5-301, and
 4. Meet all applicable instructor requirements under state law and this Article.
- B.** Each professional driver training school licensed under A.R.S. § 32-2371 and this Article shall maintain a file for each professional driver training school instructor that contains the following:
1. A copy of a valid Arizona commercial driver license with applicable endorsements representative of the vehicle to be used in training, and

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

2. An annual commercial driver license motor vehicle record which indicates the instructor has maintained a satisfactory driver record as defined in R17-5-301.
- C. A business manager of a professional driver training school licensed under A.R.S. § 32-2371 and this Article shall submit to the Department or private entity a list of all of its professional driver training school instructors, including full name and commercial driver license number, at the time of hiring the instructors, within 10 calendar days of making any changes to the instructors as required under R17-5-310, and when renewing the school license as required under R17-5-309.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-304. Fingerprint Background Check; Fingerprint Clearance Card

- A. An applicant for a license issued under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23, Article 2 and this Article, as applicable, shall:
 1. Successfully complete a fingerprint background check conducted by the Arizona Department of Public Safety under A.R.S. § 41-1758.01, and
 2. Submit to the Department or private entity a copy of the fingerprint clearance card issued to the applicant under A.R.S. § 41-1758.03 as part of the application packet.
- B. An applicant is responsible for all costs associated with obtaining the fingerprint clearance card.
- C. A licensee, as applicable, shall maintain a valid fingerprint clearance card while licensed under this Article, and shall provide written notice to the Department or private entity within 10 calendar days if the fingerprint clearance card is cancelled, suspended, or revoked.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-305. Traffic Survival School Qualified Instructor Status; Eligibility and Application Requirements

- A. An applicant for traffic survival school qualified instructor status shall:
 1. Apply through a traffic survival school licensed by the Department or private entity under A.R.S. § 28-3413 and this Article,
 2. Possess a valid Arizona driver license,
 3. Meet all applicable requirements under this Article, and
 4. Meet the good standing and character and reputation requirements as defined in R17-5-301.
- B. Each traffic survival school qualified instructor applicant shall complete an application packet that contains the following:
 1. An application, completed on a form approved by the Department;
 2. A copy of a valid Arizona driver license;
 3. Documentation prescribed under A.R.S. § 41-1080 indicating that the applicant's presence in the United States is authorized under federal law;
 4. A motor vehicle record, dated within 30 days of the application date, which indicates that the applicant maintained a satisfactory driver record as defined in R17-5-301;
 5. An affidavit from the business manager of the traffic survival school certifying that the qualified instructor applicant

has the necessary skills and abilities to give instruction at a professional level; and

6. Payment of authorized fees as required by the private entity for application and administration of the instructor qualification process and for required instructor continuing education, which shall be negotiated by the Department and the private entity and shall be set forth in their contract.
- C. An applicant for instructor qualification shall have successfully completed a traffic survival school educational workshop or similar curriculum approved by the Department or private entity before being permitted to instruct any traffic survival school course.
- D. An applicant for instructor qualification shall have successfully completed an examination given for qualification of instructors by the Department or private entity as required under R17-5-306 before being permitted to instruct any traffic survival school course.
- E. A business manager of a traffic survival school licensed under A.R.S. § 28-3413 and this Article shall submit to the Department or private entity the complete application packet for each qualified instructor applicant.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-306. Required Training and Examination of School and Instructor Applicants

- A. An applicant for traffic survival school instructor qualification under this Article shall attend Department-approved training and shall pass one or more required examinations administered by the Department or private entity.
- B. The Department or private entity shall limit a traffic survival school qualified instructor applicant to three opportunities within 90 days, based on scheduling, to successfully complete and achieve a passing score or grade on each examination required under this Section.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-307. Approval or Denial of Application; Hearing; Appeal

- A. An application will not be approved by the Department or private entity unless it is properly and fully completed with all required supporting documents and applicable fees as identified in this Article.
- B. The Department or private entity shall provide written notification to the professional driver training school or traffic survival school of the approval or denial of a license or traffic survival school instructor qualification. A notice denying the applicant a license or qualification under this Article shall specify the basis for denial and indicate that the applicant may request a hearing on the denial with the Department's Executive Hearing Office within 30 calendar days of the date on the notice unless the application is withdrawn by the applicant.
- C. The Department or private entity may deem a traffic survival school instructor applicant qualified when a completed application is received and the applicant has successfully completed all required training and examinations.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- D. Unless the application is withdrawn by the applicant, the Department or private entity may deny an application in which the applicant has:
1. Failed to have or to document a satisfactory driver record as required under R17-5-305, as applicable;
 2. Failed to meet the good standing or character and reputation requirements of the Department as defined in R17-5-301;
 3. Failed to meet the fingerprint clearance card requirement under R17-5-304, as applicable;
 4. Made a material misrepresentation or misstatement on the application;
 5. Violated a federal or state law or rule reasonably related in a business context to the authority applied for; or
 6. Failed to complete all applicable application requirements under this Article.
- E. If timely requested by an applicant under subsection (B), the Department shall schedule and conduct a hearing as prescribed under A.R.S. Title 41, Chapter 6, Article 6 and 17 A.A.C. 1, Article 5 for denial of a license.
- F. An applicant whose application was previously denied by the Department or private entity for making a material misrepresentation or misstatement on the application is not eligible to reapply for 12 months from the date of previous denial.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-308. License Issuance; Effective Date; Expiration; Display

- A. The Department or private entity may issue the following licenses upon determining an applicant meets all eligibility and application requirements provided under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23 and this Article:
1. Professional driver training school,
 2. Traffic survival school, and
 3. Established place of business (branch).
- B. The Department or private entity shall license only a school that employs or contracts at least one professional driver training school instructor who meets the qualifications under this Article or at least one currently qualified traffic survival school instructor, as applicable.
- C. A license issued under this Article is:
1. Effective on the date of issuance;
 2. Effective until its expiration on the last day of each calendar year, except:
 - a. A license subject to an active duty military extension shall expire as provided under A.R.S. § 32-4301, and
 - b. A license subject to an individual's limited length of authorized stay shall expire immediately if the individual's presence in the United States is no longer authorized under federal law; and
 3. Nontransferable under any circumstances.
- D. A licensed school shall prominently and publicly display all licenses currently in effect at the school's principal place of business.
- E. A school shall surrender to the Department or private entity within three business days after the date of any license inactivation, as defined in R17-5-301, all:
1. Licenses;
 2. Records pertaining to the school's operations and the training of students; and

3. Department-approved inventory, as applicable and as defined in this Article.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-309. Renewal of License

- A. A completed renewal, consisting of the following, shall be submitted to the Department or private entity a minimum of 30 calendar days prior to license expiration, notwithstanding A.A.C. R17-1-102, failure to submit a renewal prior to December 1st shall result in the applicant being subject to all original licensing requirements:
1. A renewal application, completed on a form approved by the Department, including:
 - a. An updated list of all principals, instructors, contracted personnel, and employees of the school who are responsible for Arizona school operations, including full name and driver license number; and
 - b. The signature of all current principals on the completed application; and
 2. Payment of applicable license fees prescribed under A.R.S. § 28-3415 or 32-2374, for each activity and branch.
- B. Notwithstanding A.R.S. § 28-3415 or 32-2374, an annual license issued by the Department or private entity under this Article during the month of December shall not expire until the last day of the subsequent calendar year.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-310. Modifications of Original Application Information

- A. A licensee or traffic survival school qualified instructor, making or learning of any change in the content of its original application information, other than ownership, shall provide written notification of the change, completed on a form approved by the Department and signed by a principal or business manager, to the Department or private entity within two business days of making the change.
- B. A licensed school making a change to a principal or corporate structure shall submit to the Department or private entity a new application for licensing under this Article and all applicable fees, as a new applicant for licensure, within 10 calendar days of making the change.
- C. A licensed school submitting a new application to the Department or private entity, as provided under subsection (B), is subject to the fingerprint clearance card requirement under R17-5-304 unless a valid fingerprint clearance card is already on file with the Department.
- D. A licensed school shall provide written or electronic notification on a form, approved by the Department, to the Department or private entity within 10 calendar days of making any changes to the licensee's contact person, business manager, or instructors.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-311. Professional Conduct; Conflicts of Interest; Advertising

- A.** A professional driver training school or traffic survival school representative or instructor shall not:
 1. Accompany a student into any Department office or office of an authorized third party driver license or driver license training provider; or
 2. Solicit an individual for any purpose on any premises rented, leased, operated, or owned by the Department or by an authorized third party driver license or driver license training provider.
- B.** A licensee or traffic survival school qualified instructor shall maintain good standing with the Department at all times while licensed or qualified by the Department or private entity under this Article.
- C.** A licensee shall not delegate or subcontract any licensed activity authorized by the Department or private entity under this Article.
- D.** The Department may take corrective action as provided under R17-5-321 and R17-5-323 if the Department or private entity determines or has reason to believe that a licensee or instructor has demonstrated unethical conduct in the performance of official duties, including:
 1. Verbally abusing, intimidating, or sexually harassing a student or potential student; or
 2. Making a false statement that is material to the activities regulated in this Article to any personnel of the Department or private entity.
- E.** A school shall use for all licensed activities and related advertising purposes only its official business name or its doing-business-as name as indicated on the license issued under this Article.
- F.** A licensee shall not represent or imply that it is the state of Arizona, the Department, the Motor Vehicle Division, or any government agency in any printed or electronic advertising or promotional material, except to the extent expressly authorized by the Department.
- G.** Licensee advertising shall not in any way:
 1. Contain false, deceptive, or misleading information;
 2. Imply that the licensee can issue or guarantee issuance of a driver license or endorsement;
 3. Imply that the licensee can influence the Department or an authorized third party provider in the issuance of a driver license or endorsement;
 4. Imply that the licensee can provide any activity the licensee is not licensed by the Department or private entity to perform;
 5. Imply that preferential or advantageous treatment by the Department can be obtained; or
 6. Use or contain a term prohibited under R17-5-302(C).
- H.** A school licensed by the Department or private entity under this Article may state in its advertising that it is "licensed" or "qualified" by the Department, but shall not indicate that the school is approved, sanctioned, or in any other way endorsed or recommended by the Department.
- I.** All printed or electronic advertising or promotional material used, issued, or published by a licensee must be pre-approved by the Department or private entity.
- J.** An instructor, in any official capacity as an instructor or for compensation, shall not provide any classroom instruction or skills training for an immediate family member or a principal or employee of any school that employs the instructor.

- K.** A full-time employee of the state of Arizona shall not receive any direct pecuniary payments from any fees paid by those who attend a licensed school.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-312. Cancellation and Continuity of Services to Participants

- A.** A principal of a school ceasing operations or cancelling courses for any reason shall ensure continuity of services to each student currently enrolled in courses as follows:
 1. A principal shall notify each student currently scheduled for, or enrolled in, a course that the school will be unable to provide the services previously offered 72 hours before the scheduled course; and
 2. A principal shall refund within four business days any payment received by the school for a course not yet provided.
- B.** A principal of a school ceasing operations shall provide to the Department or private entity, upon request, a written list of all students notified under subsection (A) with an explanation of the final resolution reached as a result of the principal's contact with the student.
- C.** A principal's failure to provide continuity of services to enrolled students as provided under this Section may result in the loss of the principal's status of good standing with the Department.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-313. Method of Instruction; Curriculum

- A.** An instructor shall teach only curriculum approved by the Department or private entity to a student attending a class.
- B.** An instructor shall not conduct personal business during a time designated for instruction.
- C.** An instructor shall not solicit students during training classes for businesses other than those licensed by the Department or private entity.
- D.** A school or instructor shall ensure that a student has both fully attended and successfully completed a course before issuing a certificate of completion to the student.
- E.** A licensed traffic survival school must use all equipment required by the Department or private entity to present the curriculum to the students, including at a minimum, a computer, a PowerPoint compatible projector, a DVD player, and a display monitor visible to all students.
- F.** Professional driver training school approved curriculum. The Department shall approve, and may modify, in writing, a uniform curriculum that the professional driver training school shall teach as applicable for each activity the licensee is authorized to perform. The curriculum shall be a standard course of instruction used by a professional driver training school for the training and education of students.
- G.** Traffic survival school approved curriculum. The Department shall approve, and may modify, in writing a uniform curriculum that the traffic survival school shall teach. The curriculum shall be selected and approved on the basis of effectiveness in improving the safety and habits of drivers.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-314. Certificate of Completion

- A.** A qualified instructor for traffic survival school or high school driver education program shall accurately complete all required information on a certificate of completion:
 - 1. The instructor providing the training listed on the certificate of completion shall sign the document once training is complete, or
 - 2. The instructor providing the final instruction or test shall sign the certificate of completion if training is provided by multiple instructors.
- B.** A qualified instructor shall provide a certificate of completion to the student at the conclusion of the course. A traffic survival school qualified instructor shall print the certificate of completion from the web site of the Department's private entity or the Department's web site, as applicable.
- C.** A high school qualified instructor shall not make a correction to a certificate of completion. If an error is made, the high school qualified instructor shall:
 - 1. Void the certificate of completion,
 - 2. Write the word "VOID" or "VOIDED" clearly on the face of each voided certificate of completion, and
 - 3. Issue a new certificate of completion.
- D.** The Department may elect not to accept a certificate of completion that contains an alteration, erasure, correction, or illegible information.
- E.** A school or qualified instructor shall not withhold timely issuance of a certificate of completion due to a payment dispute between the school and the student.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-315. Record Retention

- A.** A licensed traffic survival school shall electronically transmit proof of course completion immediately following each student's satisfactory completion of a traffic survival school course in a manner and with the basic computer equipment prescribed by the Department or private entity. At a minimum, the computer equipment must be able to temporarily store, and electronically transmit over the internet, the certificates of completion required by the Department or private entity.
- B.** All records pertaining to a licensed school's operations and training of students shall be:
 - 1. Stored and securely maintained at the licensee's principal place of business,
 - 2. Available for inspection by the Department or private entity during business hours, and
 - 3. Retained by the school for three years from the date of course completion.
- C.** A licensed school shall establish and maintain separate records for each authorized activity.
- D.** A licensed school shall maintain, for three years, attendance records for each class conducted.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking

at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-316. Traffic Survival School Department-Approved Inventory

- A.** A traffic survival school licensed under this Article shall:
 - 1. Prohibit public or other unauthorized access to all Department-approved inventory, and
 - 2. Submit to the Department or private entity a written report detailing the circumstances surrounding the loss or theft of any missing or stolen Department-approved inventory.
- B.** A licensee shall use only Department-approved inventory.
- C.** A school principal or business manager shall submit to the Department or private entity a written or electronic request for any additional Department-approved inventory the school may require.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-317. School Responsibilities

While licensed by the Department or private entity under A.R.S. § 28-3413 or 32-2371 and this Article, the school shall:

- 1. Comply with the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and applicable federal regulations by providing appropriate auxiliary aids and services to students with disabilities requesting reasonable accommodation;
- 2. Comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and applicable federal regulations. As a requirement of compliance, the school shall:
 - a. Provide public notification of its compliance with Title VI by displaying a Department-approved notice to the public;
 - b. Take reasonable steps to ensure that Limited English Proficient (non-English speaking) customers have meaningful access to the services or activities performed under this Article, which includes, providing the school's services and authorized transactions in languages other than English and providing these services at no additional cost to the customer or student;
 - c. Report promptly any customer complaints alleging discrimination or failure to meet the requirements of this Section to the Department's Civil Rights office for processing and investigation. The school shall immediately upon receipt of such complaints provide access to its facilities, books, records, accounts, and other sources of information as may be determined or requested by the Department to be pertinent, in order to ascertain compliance with Title VI; and
 - d. Inform and formally train all school officers, principals, employees, and contractors on the requirements to comply with Title VI; and
- 3. Provide written notice to the Department or private entity within twenty-four hours if the driver license of any of the school's principals, managers, or instructors is suspended, revoked, cancelled, or disqualified.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-318. Instructor Responsibilities

A professional driver training school instructor or traffic survival school qualified instructor shall:

1. Attend all ongoing training and continuing education as required by the Department or private entity;
2. Provide written notice to the licensed professional driver training school or traffic survival school within twenty-four hours if the instructor's driver license is suspended, revoked, cancelled, or disqualified;
3. Conduct training and courses only at training sites approved by the Department or private entity;
4. Conduct the final evaluation on behind-the-wheel final evaluation routes approved by the Department or private entity;
5. Follow and complete the curriculum approved by the Department or private entity for each course conducted; and
6. Conduct at least two courses in a calendar year.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

R17-5-319. Traffic Survival Schools

- A. The Department shall assign an individual only to a traffic survival school licensed by the Director under this Article.
- B. A traffic survival school or qualified instructor shall allow only students who provide acceptable proof of traffic survival school assignment to register for and attend a traffic survival school course. The following documents are acceptable proof of assignment:
 1. Notice of traffic survival school assignment or suspension for failure to attend traffic survival school,
 2. An order from a court or other appropriate tribunal from Arizona or another state indicating traffic survival school assignment,
 3. Traffic survival school proof of assignment form obtained from the Department,
 4. Electronic verification of traffic survival school assignment through the Department's private entity, or
 5. Motor vehicle record.
- C. On enrollment of a student in, or on a student's attendance of, a traffic survival school course, a licensed traffic survival school shall collect the statutory enrollee fee provided in A.R.S. § 28-3411, unless the student has paid the enrollee fee in advance. The licensed traffic survival school also shall collect the records fee prescribed by A.R.S. § 28-446, if applicable, before the student attends the traffic survival school course. The licensed traffic survival school shall fully remit these fees to the private entity within four business days after a student completes the traffic survival school course. If a licensed traffic survival school does not timely remit the enrollee fees, the Department or private entity may notify the traffic survival school that its prospective future students will be required to prepay the enrollee fees until remittances are current. The amount of the enrollee fee charged by the private entity shall be negotiated by the Department and the private entity and shall be set forth in their contract.
- D. A traffic survival school or qualified instructor shall not:

1. Conduct courses with a number of students in excess of the classroom's fire safety capacity reported to the Department or private entity by the licensee under R17-5-321;
2. Conduct courses with more than 30 students per qualified instructor;
3. Exclude a translator, the Director, the private entity, or Department personnel from attending courses;
4. Issue a certificate of completion to a student who has not fully completed the required curriculum; or
5. Issue a certificate of completion for a student whom the instructor did not personally instruct.
- E. A licensee shall retain for three years all copies of the student's acceptable proof of assignment and the signed class roster of attending students.
- F. The private entity may develop and administer a web site that allows individuals who are assigned to traffic survival school to locate and enroll online in traffic survival school courses.
- G. Only an individual who meets the qualifications under R17-5-305, remains in compliance with this Article, and who is granted and retains traffic survival school qualified instructor status, may be allowed to teach individuals assigned by the Department to attend a licensed traffic survival school.
- H. A licensed traffic survival school must hold at least one course every 60 days at the school's established place of business and each branch, as applicable.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-320. High School Driver Education Program

- A. The following definitions apply to this Section:
 1. "Accountable forms inventory" means a series of distinctly and consecutively numbered documents provided by the Department to an instructor qualified under this Section for:
 - a. Recording in a log, the assigned number of each document completed, issued, or voided by a high school qualified instructor; and
 - b. Reporting to the Department the assigned number of each document completed, issued, or voided by a high school qualified instructor.
 2. "Certified instructor report" means a report prepared and certified monthly by each high school qualified instructor listing all certificates of completion that were issued and voided.
- B. The Department shall cooperate with the Arizona Department of Education, under A.R.S. §§ 28-3174 and 32-2353, to enable the issuance of a certificate of completion to a regularly enrolled full-time student as part of a high school driver education program.
- C. The Director or private entity shall qualify an instructor approved by the Arizona Department of Education to issue a certificate of completion.
- D. A high school qualified instructor may issue a certificate of completion to a regularly enrolled full-time student who:
 1. Successfully completes the classroom course of instruction required by the Arizona Department of Education, which may waive the student's requirement to take the Department's written test; or
 2. Successfully completes the skills course of instruction required by the Arizona Department of Education, which may waive the student's requirement to take the Department's skills test.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- E. A high school qualified instructor shall submit to the Department, no later than the fifth day of each month, all certified instructor reports and certificates of completion issued by the school during the preceding month. A high school qualified instructor who does not issue any certificates of completion during the preceding month shall submit to the Department a certified instructor report indicating "no activity."
- F. A high school qualified instructor shall provide the status of certificates of completion to the Department, upon request, by identifying the certificates by number as either issued, not issued, lost, or stolen.
- G. A high school representative shall promptly return all unused or un-issued certificates of completion to the Department, upon request.
- H. A certificate of completion constitutes accountable forms inventory to be secured at all times by the high school qualified instructor or other designee of the high school and any misuse, fraud, or negligence by a high school qualified instructor involving the form in consultation with the Arizona Department of Education pursuant to A.R.S. § 28-3174 may lead to Department disqualification of the instructor's authorization to issue the form.
- I. A high school qualified instructor shall submit to the Department all reports required under this Article by regular mail, certified mail, registered mail, electronic mail, or personal delivery. The following dates shall be used to determine whether a report was received within the required timeframes established under this Section:
 - 1. For regular mail, the postmark date;
 - 2. For certified or registered mail, the date of receipt by the designated delivery service;
 - 3. For electronic mail, the send date; and
 - 4. For personal delivery, the Department's time and date stamp of receipt.
- J. If a high school qualified instructor fails to timely or accurately submit to the Department a certified instructor report required under this Section, the Department may initiate corrective action. The Department may:
 - 1. Provide an oral or written warning for a first untimely or inaccurate report,
 - 2. Send a letter of concern for a second untimely or inaccurate report in a 12-month period, and
 - 3. Request that the Arizona Department of Education disqualify a high school qualified instructor from issuing a certificate of completion under this Article for a third untimely or inaccurate report in a 12-month period.
- K. A high school shall develop and maintain a driver education class training record for each student, which shall include at least the following information:
 - 1. Student's name;
 - 2. Student's phone number;
 - 3. Student's driver license or instruction permit number and its expiration date;
 - 4. Fee amounts collected for any related services;
 - 5. Date, type, and duration of all classroom lessons and practical instruction;
 - 6. Make, model, and license plate number of any motor vehicle used to conduct training, as applicable;
 - 7. Date and results of all tests administered;
 - 8. Number of certificates of completion issued; and
 - 9. Name and Department-issued number of each instructor who conducted a lesson or test.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-321. Periodic Audits, Monitoring, Inspections, and Investigations

- A. To determine compliance with license requirements, qualification requirements and applicable federal and state laws and rules, the Department or private entity may:
 - 1. Monitor for compliance by attending any licensed school's course or other activities on a scheduled or unscheduled basis;
 - 2. Audit for compliance by performing periodic reviews of the operations, facilities, equipment, and records;
 - 3. Inspect for compliance by making random, on-site visits during posted business hours; or
 - 4. Investigate for compliance by interviewing or submitting questions to school owners, instructors, and former or current students.
- B. Failure of a school or instructor to allow or cooperate in an audit, monitoring, inspection, or investigation may result in the Department issuing an immediate cease and desist order or requesting a hearing for suspension or revocation of a license issued under this Article.
- C. During an audit, monitoring, inspection, or investigation of a licensee, the Department, the private entity, a law enforcement agency, or employee of the Federal Motor Carrier Safety Administration may:
 - 1. Review and copy paper and electronic records;
 - 2. Examine the licensee's principal and established place of business, all branches, training, or road training sites; and
 - 3. Interview the school's employees, instructors, and customers.
- D. A licensee shall make records available for audit, monitoring, inspection, or investigation at the licensee's principal place of business.
- E. After an audit or monitoring, the Department or private entity shall send a report of the results in writing to the school.
- F. If instances of non-compliance are found as a result of an audit, monitoring, inspection, or investigation, the Department or private entity may determine if either of the following actions is required:
 - 1. An informal meeting to discuss findings, or
 - 2. A written compliance plan addressing findings.
- G. If greater instances of non-compliance are found as a result of an audit, monitoring, inspection, or investigation, the Department may determine if either of the following actions is required:
 - 1. A probationary period; or
 - 2. A request for a hearing to cancel, suspend, or revoke a license to operate a school or conduct instruction under this Article.
- H. The Department or private entity may issue a notice of corrective action to a licensee if the licensee fails to comply with a warning letter, with an audit, inspection or investigation request, a monitoring request, or with written findings provided by the Department or private entity. Only the Department may initiate a corrective action provided under subsection (G).
- I. Each site used by a school as an office, training location, or classroom location shall:
 - 1. Be inspected and approved by the Department or private entity prior to initial use or relocation,
 - 2. Be licensed by the Department or private entity, and
 - 3. Have office hours displayed in a conspicuous location at each site open to the public during the posted hours.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- J. There shall be a clearly defined and visible separation between a school and any other business if a professional driver training school or traffic survival school is located in an office building, store, or other physical structure shared with any other business or enterprise.
- K. Any request by a school for inspection and approval of a site on a recognized Indian reservation shall contain the written permission of the appropriate Tribal authority.
- L. Any request by a school for inspection and approval of a site on a military base shall contain the written permission of the appropriate military authority.
- M. A school shall submit to the Department or private entity a copy of the written lease or contract agreement or deed of ownership, if the site is owned by the school, for each site, as applicable.
- N. Any request by a traffic survival school for inspection and approval of a site to be used for educational sessions shall include the approved fire safety capacity of the classroom(s) at that site and shall be signed by a principal of the traffic survival school.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-322. Cease and Desist Order; Hearing and Appeal

- A. The Department may immediately issue and serve a cease and desist order on a licensee, as prescribed under A.R.S. § 28-3417 or 32-2394, if the Department or private entity has reasonable cause to believe that the licensee has violated or is violating a federal or state law or rule relating to a duty prescribed under this Article.
- B. A cease and desist order issued by the Department to a licensee under this Article shall:
 1. Require the person on receipt of the order to cease and desist from further engaging in the prohibited conduct or in any activity authorized under this Article as specified in the cease and desist order, and
 2. Provide information regarding the person's right to request a hearing to show cause as to why the Department's order should not be upheld.
- C. On failure or refusal of a licensee to comply with a cease and desist order, or after a requested hearing, the Department may cancel, suspend, or revoke the license of the licensee under A.R.S. § 28-3416 or 32-2391 and R17-5-323.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2).

R17-5-323. Non-compliance; Notice of Corrective Action; Cancellation, Suspension, or Revocation of a Professional Driver Training School License or Traffic Survival School License or Qualification of a Traffic Survival School Instructor; Hearing and Appeal

- A. The following definitions apply to this Section:
 1. "Cancellation" means a Department action that withdraws a license or qualification of a traffic survival school instructor issued under A.R.S. Title 28, Chapter 8, Article 7.1 or Title 32, Chapter 23 and this Article.
 2. "Revocation" means a Department action that terminates, for an indefinite period of time, a licensee's or traffic survival school qualified instructor's privilege to operate a school or conduct instruction under this Article.
 3. "Suspension" means a Department action that prohibits, for a stated period of time, a licensee or traffic survival

school qualified instructor from operating as a school or instructor under this Article.

- B. The Department or private entity may initiate corrective action on a licensee or a traffic survival school qualified instructor as provided under A.R.S. Title 28, Chapter 8, Article 7.1, Title 32, Chapter 23, Article 3, or Title 41, Chapter 6, Article 6, and this Article, if satisfactory evidence shows that a licensee or instructor, individually or collectively:
 1. Violated a federal or state law or rule reasonably relating in a business context to a duty prescribed under this Article;
 2. Failed to maintain a status of good standing or character and reputation as defined in R17-5-301; or
 3. Provided false, deceptive, or misleading information to the Department or private entity in either an application or in response to an audit or inspection conducted pursuant to R17-5-321.
- C. A corrective action initiated under subsection (B), depending on the severity or number of violations, may include the Department imposing a term of probation; issuing a cease and desist order under A.R.S. § 28-3417 or 32-2394; or requesting a hearing to cancel, suspend, or revoke an existing license under A.R.S. § 28-3416 or 32-2391.
- D. A notice of corrective action issued by the Department requesting a hearing to cancel, suspend, or revoke an existing school license shall include:
 1. The grounds for the Department's action; and
 2. A brief written statement explaining that it will request that a hearing be held before the Department's Executive Hearing Office on the proposed cancellation, suspension, or revocation of a professional driver training school license or a traffic survival school license, as provided under A.R.S. § 28-3416 or 32-2391.
- E. A notice of corrective action issued by the Department to cancel, suspend, or revoke an existing qualification of a traffic survival school instructor shall include:
 1. The grounds for the Department's action; and
 2. A brief written statement of the hearing and appeal rights, including that the instructor may request a hearing with the Department's Executive Hearing Office within 30 calendar days of the date on the notice for the cancellation, suspension, or revocation of the qualification of a traffic survival school instructor, as provided in A.R.S. §§ 41-1001(12) and 41-1064.
- F. The Department shall provide notice and conduct hearings as prescribed under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5, as applicable.

Historical Note

New Section made by exempt rulemaking under Laws 2013, Ch. 129, § 27 at 21 A.A.R. 1096, effective September 1, 2015 (Supp. 15-2). Amended by final rulemaking at 23 A.A.R. 2045, effective September 5, 2017 (Supp. 17-3).

ARTICLE 4. DEALERS**R17-5-401. Definitions**

In addition to the definitions in A.R.S. §§ 28-4301 and 28-4410, the following definitions apply to this Article unless otherwise specified:

"Dealer" or "motor vehicle dealer" has the same meaning as "motor vehicle dealer" in A.R.S. § 28-4301.

"Director" has the same meaning as in A.R.S. § 28-101.

"Owner" means a person who holds the legal title of a motor vehicle.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Principal place of business” means a licensed place of business from which a wholesale motor vehicle dealer or a broker conducts business and keeps the records of the business.

“State” means the state of Arizona and all its agencies and political subdivisions, their officers and agents.

“Taxpayer identification number” means a number used for tax purposes that is assigned by the Social Security Administration or the Internal Revenue Service.

“VIN” or “Vehicle Identification Number” means the unique code, including serial number, used by an automobile manufacturer to identify a specific motor vehicle.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

R17-5-402. Bond Amounts; Dealers, Brokers, and Automotive Recyclers’ Business Licenses

- A. As prescribed under A.R.S. § 28-4362, the Department shall require a bond in the amount specified for the following motor vehicle business license applicants:
1. \$100,000 for:
 - a. A new motor vehicle dealer,
 - b. A used motor vehicle dealer, or
 - c. A public consignment auction dealer.
 2. \$25,000 for:
 - a. A broker,
 - b. A wholesale motor vehicle dealer, or
 - c. A wholesale motor vehicle auction dealer.
 3. \$20,000 for an automotive recycler.
- B. An applicant shall submit a bond on the original vehicle dealer bond form prescribed by the Director that meets the requirements in A.R.S. § 28-4362 and these rules. An applicant shall submit a separate, original bond for each application and for each county in which an applicant or licensee has an established place of business or a principle place of business. A power of attorney for the attorney-in-fact shall be attached to the dealer bond, if applicable.
- C. An applicant shall sign the dealer bond, in addition to all partners for a partnership, or one officer for an incorporation.
- D. The completed bond form shall contain an embossed stamp, seal, or sticker from the bond company.
- E. The Department shall not accept a handwritten bond.

Historical Note

New Section recodified from R17-4-240 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 1864, effective August 2, 2003 (Supp. 03-2). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

R17-5-403. Expired**Historical Note**

New Section made by final rulemaking at 9 A.A.R. 1864, effective August 2, 2003 (Supp. 03-2). Section expired under A.R.S. 1056(J) at 22 A.A.R. 3195, effective October 5, 2016 (Supp. 16-3).§

R17-5-404. Dealer Title Requirement for Vehicle Sale

For purposes of A.R.S. § 28-4409(A), the dealer’s name shall be recorded on a title certificate as transferee or purchaser.

Historical Note

New Section recodified from R17-4-241 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section head-

ing corrected as recodified at 7 A.A.R. 3483 (Supp. 09-2).

R17-5-405. Dealer Acquisition Contract

- A. For the purposes of A.R.S. § 28-4410, a dealer shall prepare a dealer acquisition contract on a Department form with contents as prescribed under subsection (B).
- B. A dealer acquisition contract shall contain the following information:
1. The heading “Dealer Acquisition Contract;”
 2. The dealer’s name and dealer license number;
 3. The dealer’s business address and telephone number;
 4. The owner’s name, address, telephone number; driver license number or taxpayer identification number, as applicable; and type of ownership;
 5. The VIN; license plate number; licensing state; and model, make, and year of the motor vehicle that has a dealer acquisition contract;
 6. If there is a lien holder, for each lien holder:
 - a. The lien holder’s name, address, and telephone number;
 - b. The lien balance;
 - c. The prepayment penalties, if any; and
 - d. Other information on the terms and conditions of the lien repayment.
 7. A statement by the owner that the motor vehicle is free and clear of all liens and encumbrances, except those disclosed under subsection (B)(6)(a) and the unpaid lien balance is no greater than disclosed under subsection (B)(6)(b);
 8. The contracted purchase price and a recital that this amount has been either paid directly to the owner or credited to the owner against the purchase price of another motor vehicle;
 9. A statement indicating that the owner is selling and transferring the described motor vehicle to the dealer;
 10. An authorization by the owner permitting the dealer to obtain all information necessary to verify the accuracy of the lien balance and assure that the balance is paid and the lien is released;
 11. A statement by the owner that the registration document provided to the dealer is the original and most recent registration issued for the vehicle;
 12. An agreement indicating whether the owner or dealer is responsible to satisfy the lien balance;
 13. An authorization by the owner permitting the dealer to obtain the original title certificate from the lien holder; endorse the owner’s name on the title; and if necessary, transfer the title to the dealer;
 14. A statement that if the owner receives the certificate of title, the owner shall immediately deliver the title to the dealer and provide any signature and acknowledgment necessary to complete the title transfer to the dealer;
 15. The date when the dealer acquisition contract is executed by each party;
 16. The dealer’s signature; and
 17. The owner’s signature.
- C. A dealer or an owner who adds to a dealer acquisition contract a provision not described in this Section shall ensure that the provision does not conflict with or alter the meaning of a provision of this Section.
- D. When a dealer prepares a dealer acquisition contract as prescribed under this Section, the dealer shall give a copy to the owner and keep the original at the dealer’s established place of business for three years after the date that the contract expires or terminates, or the date the motor vehicle is sold.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- E. In complying with this Section, a dealer shall not interpret or claim compliance to be an approval by the state of the fairness, validity, or legality of a dealer acquisition contract. This Section furnishes only information required in a dealer acquisition contract. This Section does not detail any additional contractual requirements that may be defined under other Arizona statutes.

Historical Note

New Section recodified from R17-4-245 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4234, effective November 15, 2002 (Supp. 02-3). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

R17-5-406. Dealer Consignment Contract

- A. For the purposes of A.R.S. § 28-4410, a motor vehicle dealer shall prepare a dealer consignment contract on a form with contents as prescribed under subsection (B).
- B. A dealer consignment contract shall contain the following information:
1. The heading "Dealer Consignment Contract;"
 2. The dealer's name and dealer license number;
 3. The dealer's business address and telephone number;
 4. The owner's name, address, telephone number, driver license number or taxpayer identification number, and type of ownership;
 5. The VIN; license plate number; licensing state; and model, make, and year of the motor vehicle that has a dealer consignment contract;
 6. If there is a lien holder, for each lienholder:
 - a. The lien holder's name, address, and telephone number;
 - b. The lien balance;
 - c. The prepayment penalties, if any; and
 - d. Other information on the terms and conditions of the lien repayment;
 7. A statement by the owner that the vehicle is free and clear of all liens and encumbrances, except those disclosed under subsection (B)(6)(a) and the lien balance is no greater than that disclosed under subsection (B)(6)(b);
 8. An authorization by the owner permitting the dealer to market and sell the vehicle on behalf of the owner at a mutually-agreed upon, specified, minimum price;
 9. An agreement by the dealer to inform any prospective purchaser that the vehicle is on consignment;
 10. An agreement by the dealer that, upon receiving the sale proceeds, the dealer shall immediately satisfy all disclosed liens and ensure that the liens are released;
 11. An agreement by the owner that, upon the completion of the sale and after receiving the sale proceeds, the owner shall promptly deliver and endorse the title certificate for reassignment to the purchaser;
 12. The expiration date of the consignment contract;
 13. An agreement by the dealer to deliver the motor vehicle to the owner at a specified location on the date that the contract expires or terminates;
 14. An agreement by the owner to pay any specified fees due to the motor vehicle dealer on the return of the vehicle, after the expiration or termination of the consignment contract;
 15. The date the contract is executed;
 16. The dealer's signature; and
 17. The owner's signature.
- C. A dealer or an owner who adds to a dealer consignment contract a provision not described in this Section shall ensure that

the provision does not conflict with or alter the meaning of a provision of this Section.

- D. When a dealer prepares a dealer consignment contract as prescribed under this Section, the dealer shall give a copy to the owner and keep the original at the dealer's established place of business for three years after the date that the dealer consignment contract expires or terminates, or the vehicle is sold.
- E. In complying with this Section, a dealer shall not interpret or claim compliance to be an approval by the state of the fairness, validity, or legality of a dealer consignment contract. This Section furnishes only information required in a dealer consignment contract. This Section does not detail any additional contractual requirements that may be defined under other Arizona statutes.

Historical Note

New Section recodified from R17-4-246 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 8 A.A.R. 4234, effective November 15, 2002 (Supp. 02-3). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

R17-5-407. Motor Vehicle Repossession

- A. The Department shall not transfer a title when the ownership of a motor vehicle titled in this state or another state reverts through operation of state law to a lienholder of record through repossession unless the following conditions are met:
1. The motor vehicle is physically located in this state;
 2. A notice of lien is filed with the Department;
 3. A completed affidavit from the lienholder is submitted to the Department stating that the motor vehicle is physically located in this state and was repossessed on default pursuant to the terms of the lien and applicable law and that this state, its agencies, employees, and agents shall not be held liable for relying on the contents of the affidavit; and
 4. In addition to the information required in subsection (A)(3), the affidavit contains the following information:
 - a. The (VIN),
 - b. The vehicle model year,
 - c. The vehicle make,
 - d. The registered owner's name,
 - e. The date of repossession,
 - f. The state in which the vehicle is titled,
 - g. The lienholder company name,
 - h. The lienholder agent or representative name,
 - i. The lienholder signature, and
 - j. The notary or Department agent signature.
- B. The Department shall accept out-of-state affidavits of repossession that comply with the requirements in subsections (A)(3), (A)(4), and subsection (C) if all of the following apply:
1. The affidavit is submitted by an Arizona licensed dealer, and
 2. The Arizona licensed dealer is transferring the title into the dealership's name.
- C. A lienholder may sell a repossessed motor vehicle without transferring the title into the lienholder's name by completing a Bill of Sale for submission to the Department. The Bill of Sale may be combined with the affidavit of repossession and shall contain the following information:
1. The buyer's name;
 2. The sale date;
 3. The buyer's street address, including the city, state, and zip code;
 4. The name of the new lienholder, if applicable;
 5. The new lien date, if applicable;

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

6. The odometer certification statement, if required by A.R.S. § 28-2058, including odometer reading, and an acknowledgment with the buyer's name and signature;
 7. A statement that the buyer is aware of the odometer certification made by the seller;
 8. The seller's name;
 9. The seller's notarized signature; and
 10. The seller's address, including city, state, and zip code.
- D.** A completed repossession affidavit as prescribed in this Section is proof of ownership, right of possession, and right of transfer.
- E.** The Department has no responsibility relating to foreclosure on real property under A.R.S. Title 33, Chapter 7.

Historical Note

New Section recodified from R17-4-260 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 10 A.A.R. 3399, effective October 2, 2004 (Supp. 04-3). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

R17-5-408. Resale of a New Motor Vehicle

- A.** A motor vehicle dealer that sells a new motor vehicle that was delivered to a previous purchaser, shall provide written notice to the new purchaser under subsection (B).
- B.** A motor vehicle dealer shall ensure that the notice under A.R.S. § 28-4422 contains the following information:
1. The name of the dealership;
 2. A vehicle description, including year, make, and VIN;
 3. A statement that the new motor vehicle was delivered to a previous purchaser;
 4. The printed name of the new purchaser; and
 5. The signature of the new purchaser (initials are not acceptable) indicating that the new purchaser has received the notice.
- C.** The motor vehicle dealer shall:
1. Provide a copy of the notice under subsection (B) to the new purchaser, and
 2. Keep a copy of the signed notice under subsection (B) at the new motor vehicle dealer's established place of business for at least three years.
- D.** The motor vehicle dealer is not required to submit the notice to the Department under subsection (B) unless otherwise required by state or federal law.
- E.** A new motor vehicle dealer shall not add additional language to the notice that would conflict with, or alter the intent of the provisions specified in subsection (B).

Historical Note

New Section made by final rulemaking at 12 A.A.R. 225, effective March 11, 2006 (Supp. 06-1). Section amended by final rulemaking at 23 A.A.R. 1434, effective July 4, 2017 (Supp. 17-2).

ARTICLE 5. MOTOR CARRIER FINANCIAL RESPONSIBILITY**R17-5-501. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-4001, 28-4031, 28-5201, and 28-5431, the following terms apply to this Article, unless the context otherwise requires:

"Binder" means a contract for temporary insurance as described in A.R.S. § 20-1120.

"Initial motor vehicle registration" means the first time a motor carrier registers a specific motor vehicle or a vehicle combination in Arizona.

"Insurance company" means an entity that is in the business of issuing motor carrier liability insurance policies.

Historical Note

New Section made by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1). Amended by final rulemaking at 18 A.A.R. 2365, effective November 10, 2012 (Supp. 12-3).

R17-5-502. Repealed**Historical Note**

New Section recodified from R17-4-226 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

R17-5-503. Repealed**Historical Note**

New Section recodified from R17-4-226.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

R17-5-504. Requirement to Submit Proof of Financial Responsibility; Applicability; Procedure; Exception

- A.** If a person or motor carrier subject to financial responsibility requirements under A.R.S. § 28-4032 does not insure its motor vehicle or vehicle combination through an insurance company that electronically reports to the Department under A.R.S. § 28-4148 and Article 8 of this Chapter, the person or motor carrier shall submit proof of financial responsibility as prescribed in this Section, and in the amount required under A.R.S. § 28-4033(A):
1. On initial motor vehicle registration, or
 2. On written request by the Department.
- B.** An insurance company, its managing general agent, broker, or agent may submit proof of financial responsibility to the Department on behalf of a person or motor carrier.
- C.** As proof of financial responsibility, a person or motor carrier shall submit to the Department a photocopy of:
1. A valid liability insurance policy;
 2. A binder dated within 90 days of filing with the Department;
 3. A completed and signed Form E Uniform Motor Carrier Bodily Injury and Property Damage Liability Certificate of Insurance, issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state, naming the Arizona Department of Transportation as the agency;
 4. A completed and signed Certificate of Liability Insurance form, issued by an insurer that holds a valid certificate of authority or that is permitted to transact surplus lines insurance in this state, naming the Arizona Department of Transportation as the certificate holder; or
 5. A certificate of self-insurance issued by the Department after a person or motor carrier meets the requirements of R17-5-810 and A.R.S. §§ 28-4007 and 28-4135.
- D.** Before a binder submitted as proof of financial responsibility expires, a motor carrier shall submit:
1. A binder from an insurance company other than the insurance company named in the first binder; or
 2. Proof of financial responsibility listed in subsections (C)(1) or (C)(3) through (5).
- E.** A person or motor carrier that maintains a valid USDOT number and files proof of financial responsibility with the Federal Motor Carrier Safety Administration under 49 CFR 387 is not required to submit additional proof of financial responsibility under this Section, except on written request by the Department.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Historical Note

New Section recodified from R17-4-445 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1). Amended by final rulemaking at 18 A.A.R. 2365, effective November 10, 2012 (Supp. 12-3).

R17-5-505. Repealed**Historical Note**

R17-5-506. Repealed**Historical Note**

New Section recodified from R17-4-447 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed; new Section made by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1). Repealed by final rulemaking at 18 A.A.R. 2365, effective November 10, 2012 (Supp. 12-3).

R17-5-507. Repealed**Historical Note**

New Section recodified from R17-4-448 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 9 A.A.R. 235, effective March 11, 2003 (Supp. 03-1).

ARTICLE 6. IGNITION INTERLOCK DEVICE MANUFACTURERS AND IGNITION INTERLOCK SERVICE PROVIDERS

R17-5-601. Definitions

In addition to the definitions provided under A.R.S. §§ 28-101 and 41-1072, in this Article, unless the context otherwise requires, the following terms apply:

“Alcohol concentration” means the weight amount of alcohol contained in a unit volume of breath or air, measured in grams of ethanol/210 liters of breath or air and expressed as grams/210 liters.

“Alveolar breath sample” means the last portion of a prolonged, uninterrupted exhalation from which breath alcohol concentrations can be determined.

“Anticircumvention feature” means any feature or circuitry incorporated into the ignition interlock device that is designed to prevent human activity that would cause the device not to operate as intended.

“Authorization agreement” or “agreement” means an agreement authorized by the Director that an IISP enters into with the Department to provide ignition interlock services under A.R.S. § 28-1468.

“Breath alcohol test” means analysis of a sample of the person’s expired alveolar breath to determine alcohol concentration.

“Bump starting” means a method of starting a motor vehicle with an internal combustion engine by engaging the manual transmission while the vehicle is in motion.

“Business day” means a day other than a Saturday, Sunday, or state holiday.

“Calibration” means the testing, adjustment, or systematic standardization of an ignition interlock device to determine and verify its accuracy.

“Cancellation” means the termination of a manufacturer’s ignition interlock device certification for ignition interlock device installation.

“Certification” means a status granted by the Department under this Article, which permits a certified ignition interlock device manufacturer to offer an ignition interlock device for installation.

“Certified ignition interlock device,” “CIID,” or “device” means a device that is based on alcohol specific electrochemical fuel sensor technology that meets the NHTSA specifications; that connects a breath analyzer to a motor vehicle’s ignition system; that is constantly available to monitor the alcohol concentration in the breath of any person attempting to start the motor vehicle by using its ignition system; that deters starting the vehicle by use of its ignition system unless the person attempting to start the motor vehicle provides an appropriate breath sample for the device; and determines whether the alcohol concentration in the person’s breath is below a preset level.

“Circumvent” or “circumvention” means an attempted or successful bypass of the proper functioning of a certified ignition interlock device and includes all of the following:

The bump start of a motor vehicle with a certified ignition interlock device;

The introduction of a false sample other than a deep-lung breath sample from the person driving the motor vehicle;

The introduction of an intentionally contaminated or a filtered breath sample;

The intentional disruption or blocking of a digital image identification device;

The continued operation of the motor vehicle after the certified ignition interlock device detects breath alcohol exceeding the presumptive limit prescribed in A.R.S. § 28-1381(G)(3) or, if the person is under 21 years of age, any attempt to operate the motor vehicle with any spirituous liquor in the person’s body;

Operating a motor vehicle without a properly functioning certified ignition interlock device and;

When a person, who is required to maintain a functioning certified ignition interlock device is starting or operating the motor vehicle, permits another individual to breathe into the certified ignition interlock device for the purpose of providing a breath alcohol sample to start the motor vehicle or for the rolling retest.

“Corrective action” means an action specified in or reasonably implied from Title 28, Chapter 4, Arizona Revised Statutes, that the Department takes in relation to a person’s driving privilege and the usage or discontinuation of usage of a CIID.

“Customer number” means the system-generated, or other distinguishing number, assigned by the Department to each person conducting business with the Department. The customer number of a private individual is generally the person’s driver license or non-operating identification license number.

“Data logger” means the electronic record of all ignition interlock device activity during the period when the device is installed.

“Data storage system” means a computerized recording of all events monitored by an ignition interlock device, which may be reproduced in the form of specific reports.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Defective ignition interlock device” means an ignition interlock device that:

1. Does not meet the NHTSA specifications;
2. Does not pass calibration tests; or
3. Does not meet the accuracy and device standards prescribed in these rules.

“Drive cycle” means either the period of time from when a motor vehicle is initially turned on to the next time the ignition is turned off, or the period of time from when an initial breath alcohol test is performed and failed, to the time a breath alcohol test is successfully taken and the ignition is turned off.

“Early recall” means that a person’s ignition interlock device recorded one tampering or circumvention event, or any ignition interlock malfunction, that requires a person to return to a service center within 72 hours.

“Emergency bypass” means an event that permits a vehicle equipped with an ignition interlock device to be started without requiring successful completion of a required breath alcohol test.

“Emergency situation” means a circumstance in which the person informs the IISP or IISP-certified technician that the person’s vehicle needs to be moved to comply with the law, or the person has a valid and urgent need to operate the vehicle.

“Established place of business” means a business location that is:

- Approved by the Department;
- Located in Arizona;
- Not used as a residence; and
- Where an IISP or its agent or subcontractor provides authorized ignition interlock services.

“False sample” means any sample other than the unaltered, undiluted, or unfiltered alveolar breath sample coming from the person.

“Filtered breath sample” means any mechanism by which there is an attempt to remove alcohol from the human breath sample.

“Free restart” means a function of a CIID that will allow a person to restart the vehicle, under the conditions provided in R17-5-615, without completing another breath alcohol test.

“FTP” means file transfer protocol, the exchange of files over any network that supports electronic data interchange reporting that is transmitted through the Internet and prescribed by the Department.

“Global positioning system” means the ability of a wireless certified ignition interlock device to identify and transmit its geographic location through the operation of the device.

“Ignition interlock device installation fee” means the fee required in A.R.S. § 28-1462, and established by the Department in R17-5-614, that is paid by a person to an IISP when a CIID is installed on, or transferred to a person’s vehicle.

“Ignition interlock period” means the period in which a person is required to use a CIID that is installed on a vehicle.

“Ignition interlock service provider” or “IISP” means a person who is an authorized representative of a manufacturer and who is under contract with the Department to install or oversee the installation of ignition interlock devices by the provider’s

authorized agents or subcontractors and to provide services to the public related to ignition interlock devices.

“Improper reporting” means any of the following:

Failure of a manufacturer to report any violations to the Department within 24 hours as required in R17-5-610(D)(1), or failure to send a person’s ignition interlock reporting records, including records relating to a violation, to the Department as required in R17-5-612(C);

Failure of a manufacturer to submit to the Department valid and substantiated proof or evidence of a reportable activity related to a violation, including a summary report and relevant data loggers as required in R17-5-610(D)(2), within 10 days after the Department’s request;

Failure of a manufacturer to electronically send each Certified Ignition Interlock Summarized Reporting Record to the Department within 24 hours, after performing a calibration check, that results in the Department mailing a driver license suspension to a person;

Electronic reporting by a manufacturer to the Department, of data that is an exact duplicate of a single violation that occurs on a particular day and time and is reported multiple times;

Knowingly reporting a violation that occurs when a participant’s vehicle has high or low voltage;

Reporting an incident that occurs when a person has a free restart test to start the person’s vehicle;

Reporting an incident that occurs in which a manufacturer downloads data from the device during a calibration check and tampers with the data or a CIID; or

An incident that occurs after the person’s vehicle is turned off.

“Independent laboratory” means a testing facility, not owned or operated by a manufacturer, that can test an ignition interlock device according to the Model Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.

“Manufacturer” means a person or an organization that is located in the United States, that is responsible for the design, construction, and production of an ignition interlock device and that is certified by the Department to offer ignition interlock devices for installation in motor vehicles in this state.

“Material modification” means a change to a CIID that affects the functionality of the device.

“Missed rolling retest” means the person refused or failed to provide a valid and substantiated breath sample in response to a requested rolling retest within the time period prescribed in R17-5-615(E).

“Mobile services” means ignition interlock services provided by an IISP or its agents or subcontractors at a publicly accessible location other than the IISP’s service center, that meet the requirements of R17-5-618.

“NHTSA” means the United States Department of Transportation’s National Highway Traffic Safety Administration.

“NHTSA specifications” means the specifications for breath alcohol ignition interlock devices published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Permanent lock-out” means a feature of the CIID in which a motor vehicle will not start until the CIID is reset by an IISP or an IISP-certified technician.

“Person” means a person who is ordered by an Arizona court or the Department to equip each motor vehicle operated by the person with a functioning CIID, and who becomes a customer of an IISP for installation and servicing of the CIID.

“Positive result” means a test result indicating that the alcohol concentration meets or exceeds the set point value.

“Principal place of business” means the administrative headquarters of a manufacturer or an IISP that is located in Arizona, is zoned for commercial, and is not used as a residence.

“Purge” means any mechanism that cleanses or removes a previous breath or reference sample from the device and specifically removes alcohol.

“Real-time” or “real-time reporting” means the instant transmission of unfiltered ignition interlock violations as defined in R17-5-601, and data as prescribed in R17-5-610, including photographs, to the manufacturer’s website for viewing by the Department without delay, as electronic or digital service permits.

“Reference sample device” means a device containing a sample of known alcohol concentration.

“Retest set point” has the same meaning as set point.

“Rolling retest” means a breath alcohol test that is required of a person at random intervals after the motor vehicle is started and that is in addition to the initial test required to start the motor vehicle.

“Service center” means an established place of business approved by the Department from which an IISP or its agents or subcontractors provide ignition interlock services to persons from one or more counties.

“Set point” means an alcohol concentration of 0.020 g/210 liters of breath. The accuracy of a device shall be 0.020 g/210 liters plus or minus 0.010 g/210 liters.

“Tampering” means an overt or conscious attempt to physically disable or otherwise disconnect the CIID from its power source that allows the operator to start the engine without taking and passing the requisite breath test.

“Technician” means a person who is certified and properly trained by an ignition interlock service provider to install, inspect, calibrate, service or remove certified ignition interlock devices.

“Temporary lock-out” means a feature of the CIID which will not allow a motor vehicle to start for five minutes after a breath alcohol test result indicating an alcohol concentration above the set point.

“Vehicle identification number” or “VIN” means the unique code, including serial number, used by an automobile manufacturer to identify a specific motor vehicle.

“Violation” (when referencing acts or omissions on the part of a person in the ignition interlock program) includes, but is not limited to any of the following reportable activities performed by a person which a manufacturer shall promptly report to the Department:

Circumventing the CIID as defined in R17-5-601;

Tampering with the CIID as defined in A.R.S. § 28-1301;

Failing to provide proof of compliance or inspection of the CIID under A.R.S. § 28-1461(E)(4);

Attempting to operate the vehicle with an alcohol concentration of 0.08 or more as prescribed in A.R.S. § 28-1461(E)(5) if the person is at least 21 years of age;

Attempting to operate the vehicle with an alcohol concentration value in excess of the set point if the person is under 21 years of age;

Refusing or failing to provide any set of three consecutive valid and substantiated breath samples in response to a requested rolling retest within an 18-minute time frame during a person’s drive cycle;

Disconnecting or removing a CIID, except:

On repair of the vehicle, if the person provided to the IISP, technician, or service center advance notice of the repair and the anticipated completion date; or

On moving the device from one motor vehicle to another motor vehicle if replacement of the device is accomplished within 72 hours of device removal.

“Violation reset” means the unplanned servicing and inspection of a CIID and the downloading of information from its data storage system by an IISP as a result of an early recall that requires the manufacturer to unlock the device.

Historical Note

New Section recodified from R17-4-709 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-602. Ignition Interlock Device Manufacturer Certification; Expiration; Cancellation of Certification; Notice

- A. An ignition interlock device manufacturer shall obtain certification by the Department under this Article before offering a new ignition interlock device model and before making material modifications to an existing ignition interlock device model for implementation and installation under Arizona law.
- B. Ignition interlock device certification by an ignition interlock device manufacturer shall occur prior to the IISP signing an authorization agreement with the Department.
- C. After receiving Department certification for a new ignition interlock device model and meeting all the requirements under R17-5-604, the ignition interlock device manufacturer is effectively certified by the Department to offer the certified ignition interlock device model for installation under Arizona law.
- D. An ignition interlock device manufacturer shall submit a new application to the Department under R17-5-604 for the certification of each new ignition interlock device model the manufacturer intends to offer for installation.
- E. Manufacturer certification issued by the Department under this Article shall automatically expire if:
 1. The manufacturer no longer provides at least one currently certified ignition interlock device model for installation under Arizona law; and
 2. The manufacturer has no pending application on file with the Department for the certification of a device under R17-5-604.
- F. Manufacturer certification of an ignition interlock device that was previously approved by the Department under this Article shall automatically expire within one year after the certification is granted if the manufacturer has not contracted with an

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

IISP currently contracted with the Department to install the CIID.

- G. After the one-year cancellation period in subsection (F) ends, a manufacturer may reapply to the Department for certification by completing a new application for the certification of a device and meeting all certification requirements under this Article.
- H. If the Department determines that a manufacturer fails to properly report ignition interlock information and data to the Department in the manner prescribed in these rules, the Department may immediately provide written notice to the manufacturer with the following information:
 1. The name of the person and the date of the improper reporting; and
 2. The manufacturer shall send the required record or report to the Department within ten business days, if applicable.
- I. If the manufacturer fails to remedy the issues identified in the notice within ten business days, the Department may cancel the manufacturer device certification.
- J. If a manufacturer's certification expires as a result of subsections (E)(1) and (E)(2), the manufacturer may reapply for certification by submitting a new application to the Department for the certification of a device under R17-5-604.
- K. A manufacturer shall only appoint one IISP that is contracted with the Department and serves as an authorized representative of the manufacturer to provide ignition interlock services to the public.
- L. A manufacturer shall notify the Department within 24 hours if an IISP is no longer authorized by a manufacturer to install its CIID.

Historical Note

New Section recodified from R17-4-709.01 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-602 renumbered to R17-5-604; new R17-5-602 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-603. Device Requirements, Technical Specifications, and Standards for Setup and Calibration

- A. The accuracy of the CIID shall be determined by analysis of an external standard generated by a reference sample device.
- B. A device shall have a demonstrable feature designed to assure that a breath sample measured is essentially alveolar.
- C. A test of alcohol-free samples shall not yield a positive result. Endogenously produced substances capable of being present in the breath shall not yield or significantly contribute to a positive result.
- D. All devices shall meet the setpoint requirements of R17-5-601 when used at ambient temperatures of -20° Celsius to 83° Celsius.
- E. A device shall be designed so that anticircumvention features will be difficult to bypass.
 1. Anticircumvention provisions on the device shall include, but are not limited to, prevention or preservation of any evidence of circumvention by attempting to use a false or filtered breath sample or electronically bypassing the breath sampling requirements of a device.
 2. A device shall use special seals or other methods that reveal attempts to bypass lawful device operation.
- F. A CIID shall have global positioning system capability, and the manufacturer shall electronically and wirelessly download in real-time from the device and transmit daily to the Department, a person's ignition interlock activity in an FTP batch file.
- G. A CIID shall be equipped with a camera, which shall not distract or impede the driver in any manner from safe and legal operation of the vehicle, shall record all ignition interlock activity of the person, and shall provide any visual evidence of actual or attempted tampering, alteration, bypass, or circumvention, and report this information directly to the manufacturer.
- H. The camera shall be able to record and store visual evidence of each person providing a breath alcohol test, and shall meet the following requirements:
 1. At device installation, the camera shall take a reference picture of the person, which shall be kept on file;
 2. A clear photograph shall be taken for each event, including initial vehicle start, all rolling retests, and whenever a violation is recorded;
 3. Each photograph shall be a wide-angle view of the front cabin of the vehicle, including the passenger side, to ensure the camera can clearly capture the entire face of the person and any passengers; and
 4. The camera shall produce a digital image, identifiable verification, or a photograph of the person in all lighting conditions, including brightness, darkness, and low light conditions.
- I. A device shall:
 1. Automatically purge alcohol before allowing analysis.
 2. Have a data storage system with the capacity to sufficiently record and maintain a record of the person's daily driving activities that occur between each regularly scheduled calibration check referenced under R17-5-610 and R17-5-706. An IISP shall download and transmit any digital images taken during a person's calibration check, during each rolling retest, and each time a person with the ignition interlock requirement or another individual starts the motor vehicle. A manufacturer shall make these digital images available to the Department on request.
 3. Use the most current version of the manufacturer's software and firmware to ensure compliance with this Article and any other applicable rule or statute. The manufacturer's software and firmware shall:
 - a. Require device settings and operational features to include, but not limited to, sample delivery requirements, the set point, free restart, rolling retest requirements, violation settings, and temporary and permanent lock-outs; and
 - b. Prohibit modification of the device settings or operational features by a service center, or an IISP-certified technician unless the Department approves the modification under subsection (J).
 4. Record all emergency bypasses in its data storage system.
 5. Provide a visual reminder on the device that a calibration check must be performed on the person's CIID every 90 days, with prominent device notifications during each 77-day to 90-day interval within a person's ignition interlock period, of the following:
 - a. The device needs service; and
 - b. The time remaining until a permanent lock-out occurs.
 6. Notify a person that failure to get the calibration check, including calibration and data download, by the end of each 90-day period will cause the vehicle to be in a permanent lock-out mode, and shall record the event in the data storage system.
 7. On recording a violation of A.R.S. Title 28, Chapter 4, Article 5 for one instance of tampering or circumvention,

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

or any ignition interlock device malfunction, emit a unique cue, either auditory, visual, or both, to warn a person that an early recall is initiated, requiring the person to return to the IISP in 72 hours for a violation reset.

8. Enter into a permanent lock-out if a person does not return to the IISP for a violation reset within 72 hours after an early recall occurs.
 9. When a violation results in a permanent lock-out mode, the device shall:
 - a. Immobilize the person's vehicle;
 - b. Uniquely record the event in the data storage system; and
 - c. Require a violation reset by the IISP.
 10. Enter into a temporary lock-out mode for five minutes when the device detects during the initial breath alcohol test that a person's breath alcohol concentration is at or above the set point.
 11. After the five-minute temporary lock-out, the device shall allow subsequent breath alcohol tests with no further lock-out as long as each subsequent test produces a valid and substantiated breath test.
 12. Have security protections and the capability to provide visual evidence of any actual or attempted tampering, alteration or bypass of the device, or circumvention.
- J.** No modification shall be made to the design or operational concept of a device model after the Department has certified the device for installation under Arizona law, except that:
1. A software or firmware update required to maintain a device model is permissible if the update does not modify the design or operational concept of the device.
 2. Replacement, substitution, or repair of a part required to maintain a device model is permissible if the part does not modify the design or operational concept of the device.
 3. If a manufacturer determines that an existing Department-certified ignition interlock device model requires any modification, the manufacturer shall immediately notify the Department.

Historical Note

New Section recodified from R17-4-709.02 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-603 renumbered to R17-5-606; new R17-5-603 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-604. Ignition Interlock Device Certification; Application Requirements

- A.** A manufacturer shall offer for installation only an ignition interlock device that is certified by the Department under this Section.
- B.** To certify an ignition interlock device model, a manufacturer shall submit to the Department a properly completed application form that provides:
1. The manufacturer's name;
 2. The address of the manufacturer's principal place of business in this state and telephone number;
 3. The manufacturer's status as a sole proprietorship, partnership, limited liability company, or corporation;
 4. The name of the sole proprietor or of each partner, officer, director, manager, member, agent, or 20% or more stockholder;

5. The name and model number of the ignition interlock device and the name under which the ignition interlock device will be marketed; and
 6. The manufacturer's electronic mail address.
 7. The following statements, signed by the manufacturer:
 - a. A statement that all information provided on the application form, including all information provided on any attachment to the application form, is complete, true, and correct;
 - b. A statement that the manufacturer agrees to indemnify and hold harmless the state of Arizona and any department, division, agency, officer, employee, or agent of the state of Arizona from all liability for:
 - i. Damage to property or injury to people arising, directly or indirectly, out of any act or omission by the manufacturer or the manufacturer's authorized IISP relating to the installation and operation of the ignition interlock device; and
 - ii. All court costs, expenses of litigation, and reasonable attorneys' fees;
 - c. A statement that the manufacturer agrees to comply with all requirements under this Article; and
 - d. A statement that the manufacturer agrees to immediately notify the Department of any change to the information provided on the application form.
- C.** A manufacturer shall submit the following additional items with the application form:
1. A document that provides a detailed description of the ignition interlock device and a photograph, drawing, or other graphic depiction of the device;
 2. A document that contains the complete technical specifications for the accuracy, reliability, security, data collection, recording, and tamper detection capabilities of the ignition interlock device;
 3. An independent laboratory's report for each device model that:
 - a. Presents supporting data to demonstrate that the ignition interlock device meets or exceeds the test results required by the Model Specifications For Breath Alcohol Ignition Interlock Devices (BAIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015. The NHTSA specifications and technical corrections are incorporated by reference and are on file with the Department at 206 S. 17th Avenue, Phoenix, AZ 85007, and the NHTSA Office of Research and Technology, 1200 New Jersey Avenue SE, Washington, D.C. 20590. This incorporation by reference contains no future editions or amendments;
 - b. Provides the independent laboratory's name, address, and telephone number; and
 - c. Provides the name and model number of the ignition interlock device tested.
 4. A laboratory certification form, signed by an authorized representative of the independent laboratory that prepared the report required under subsection (C)(3), that states all of the following:
 - a. The laboratory is not owned or operated by a manufacturer and no other conflict of interest exists.
 - b. The laboratory tested the ignition interlock device in accordance with the Model Specifications For Breath Alcohol Ignition Interlock Devices (BAIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013 with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- c. The laboratory confirms that the ignition interlock device meets or exceeds the test results required under the Model Specifications For Breath Alcohol Ignition Interlock Devices (BAIIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.
 - d. The laboratory used properly maintained equipment and trained personnel to test the ignition interlock device.
 - e. The laboratory presented accurate test results to the Department.
- 5. A certificate of insurance, issued by an insurance company authorized to transact business in Arizona, specifying:
 - a. A product liability policy with a current effective date;
 - b. The name and model number of the ignition interlock device model covered by the policy;
 - c. Policy coverage of \$1,000,000 and \$3,000,000 in the aggregate;
 - d. The manufacturer as the insured and the state of Arizona as an additional insured;
 - e. Product liability coverage for defects in manufacture, materials, design, calibration, installation, and operation of the ignition interlock device; and
 - f. The insurance company shall notify the Department's Risk Management, Insurance and Indemnification Section in writing at least 30 days before canceling the product liability policy.
- 6. A statement that the ignition interlock device has a camera, includes a global positioning system, and provides real-time reporting.
- D. Beginning on July 1, 2018, for any new installation of an ignition interlock device or any replacement of a device on a person's motor vehicle with another device, an IISP or an IISP-certified technician shall install only a certified ignition interlock device that meets the additional requirements in this Article, and meets or exceeds the test results required by the Model Specifications for Breath Alcohol Ignition Interlock Devices (BAIIDs), NHTSA, published at 78 FR 26862 to 26866, May 8, 2013, with the NHTSA technical corrections published at 80 FR 16720 to 16723, March 30, 2015.
- E. A person whose CIID was installed prior to July 1, 2018, and the device meets or exceeds the 2013 NHTSA specifications, with the 2015 NHTSA technical corrections, and continues to operate properly, shall keep the CIID on the person's vehicle.
 - 1. The date of receipt is the date the Department receives the application.
 - 2. If an application is incomplete, the notice shall specifically identify what required information is missing.
- C. An applicant with an incomplete application shall provide all missing information to the Department within 15 days of the date indicated on the notice provided by the Department under subsection (B).
 - 1. After receiving all of the required information, the Department shall notify the applicant that the application is complete.
 - 2. The Department may deny certification of an ignition interlock device if the applicant fails to provide the required information within 15 days of the date indicated on the notice.
- D. Except as provided under subsection (F), the Department shall render a decision on an application for certification of an ignition interlock device within 30 days of the date indicated on the notice acknowledging receipt of a complete application provided to the applicant under subsections (B) or (C)(1).
- E. For the purpose of A.R.S. § 41-1073, the Department establishes the following time frames for processing an application for certification of an ignition interlock device:
 - 1. Administrative completeness review time frame: 10 days.
 - 2. Substantive review time frame: 30 days.
 - 3. Overall time frame: 40 days.
- F. Established time frames may be suspended by the Department under A.R.S. § 41-1074 for certification of an ignition interlock device until the Department receives all external agency approvals required for certifying a new ignition interlock device model from the Department of Public Safety.

Historical Note

New Section recodified from R17-4-709.04 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-605 renumbered to R17-5-608; new R17-5-605 made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-606. Application Completeness; Denial of Ignition Interlock Device Certification; Hearing

- A. An application for certification of an ignition interlock device model is complete when the Department receives:
 - 1. From the manufacturer, a properly prepared application form;
 - 2. From the manufacturer, all additional items required under R17-5-604(C);
 - 3. From the Department of Public Safety, under A.R.S. § 28-1462, written confirmation or disapproval of the independent laboratory's report that the ignition interlock device meets or exceeds the NHTSA specifications in R17-5-604(C); and
 - 4. From the manufacturer, a letter or notification that the device meets the following standards:
 - a. The anticircumvention features in R17-5-603(E),
 - b. The data storage capacity requirement in R17-5-603(I)(2), and
 - c. The constant communication requirement in R17-5-610(P).
- B. The Director shall deny an application for certification of an ignition interlock device model if all requirements of subsection (A) are not met, or on finding any of the following:

Historical Note

New Section recodified from R17-4-709.03 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-604 renumbered to R17-5-607; new R17-5-604 renumbered from R17-5-602 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-605. Application Processing; Time Frames; Exception

- A. The Department shall process an application for ignition interlock device certification only if an applicant meets all applicable application requirements.
- B. The Department shall, within 10 days of receiving an application for certification, provide notice to the applicant that the application is either complete or incomplete.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

1. The design, material, or workmanship is defective, causing the ignition interlock device model to fail to function as intended;
 2. The manufacturer's product liability insurance coverage is terminated or canceled;
 3. The manufacturer no longer offers the ignition interlock device model for installation under Arizona law;
 4. The manufacturer or the independent laboratory provided false or inaccurate information to the Department relating to the performance of the ignition interlock device model;
 5. The components, design, or installation and operating instructions have undergone a modification that causes the ignition interlock device model to be out of compliance with the NHTSA specifications in R17-5-604(C), the requirements in this Article; or
 6. The Department receives a report of device disapproval from an independent laboratory or other external reviewer.
- C.** The Department shall mail to the manufacturer, written notification of the certification or denial of certification of an ignition interlock device model. A notice denying certification of an ignition interlock device model shall specify the basis for the denial and indicate that the applicant may, within 15 days of the date on the notice, request a hearing on the Director's decision to deny certification by filing a written request with the Department's Executive Hearing Office as prescribed under 17 A.A.C. 1, Article 5.
- D.** If a manufacturer timely requests a hearing on the Director's decision to deny certification of an ignition interlock device model, the Department's Executive Hearing Office shall conduct the hearing as provided under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5.

Historical Note

New Section recodified from R17-4-709.05 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-606 renumbered to R17-5-609; new R17-5-606 renumbered from R17-5-603 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-607. Cancellation of Device Certification; Hearing

- A.** The Director shall cancel an ignition interlock device model certification and remove the device from its list of CIID's on finding any of the following:
1. The design, material, or workmanship contains a defect that causes the ignition interlock device model to fail to function as intended;
 2. The manufacturer's product liability insurance coverage is terminated or canceled;
 3. The manufacturer no longer offers the ignition interlock device model for installation under Arizona law;
 4. The manufacturer or independent laboratory provided false or inaccurate information to the Department relating to the performance of the ignition interlock device model;
 5. The components, design, or installation and operating instructions have undergone a modification that causes the ignition interlock device model to be out of compliance with the NHTSA specifications in R17-5-604(C);
 6. The manufacturer instructs the Department to cancel its certification of the ignition interlock device model;
 7. The manufacturer, the IISP, or the device does not comply with this Article or any other applicable rule or statute; or
 8. If the manufacturer has not contracted with an IISP authorized by the Department within one year after the device model certification.
- B.** The Department, on finding any of the conditions described under subsection (A), or on finding that the manufacturer failed to timely remedy the issues identified in the notice provided under R17-5-602(H), shall mail to the manufacturer a notice and order of cancellation of certification for the specific ignition interlock device model. The notice and order of cancellation shall:
1. Specify the basis for the action;
 2. Specify the date when the one-year decertification begins and ends; and
 3. State that the manufacturer may, within 15 days after receipt of a notice and order of manufacturer device model cancellation, file a written request for a hearing with the Department's Executive Hearing Office as prescribed under 17 A.A.C. 1, Article 5, to show cause as to why the ignition interlock device certification should not be cancelled.
- C.** If a hearing to show cause is timely requested, the Department's Executive Hearing Office shall conduct the hearing as prescribed under A.R.S. Title 41, Chapter 6, Article 6, and 17 A.A.C. 1, Article 5. The request for a hearing stays the summary cancellation of manufacturer device model certification.
- D.** Within 10 days after a hearing, the hearing officer shall issue to the manufacturer a written decision, which shall:
1. Provide findings of fact and conclusions of law; and
 2. Grant or cancel the certification.
- E.** If the hearing officer affirms the manufacturer device model cancellation, the manufacturer may seek judicial review under A.R.S. Title 12, Chapter 7, Article 6, within 35 days of the date when a copy of the decision sought to be reviewed is served upon the party affected unless the court grants a stay while the appeal is pending.
- F.** Within 60 days after the effective date of an order of cancellation, the manufacturer shall, at the manufacturer's own expense, ensure the removal of all ignition interlock devices that are not certified and facilitate the replacement of each device with a CIID.
- G.** The manufacturer of a previously decertified ignition interlock device model may reapply to the Department for certification of another ignition interlock device model under R17-5-604 after the one-year device decertification period ends.
- H.** After cancellation, the Department shall notify the IISP and the IISP-certified technicians that each of them is prohibited from installing the ignition interlock device for which the device certification was cancelled.
- I.** Cancellation of a manufacturer's device model certification prohibits the manufacturer from performing its duties with respect to the device model that has been cancelled and making the device model available for installation in the state for a period of one year from the latest of the following dates when:
1. The Department cancels a manufacturer's device model certification, or
 2. The Department's Executive Hearing Office cancels the manufacturer's device model certification.

Historical Note

New Appendix recodified from 17 A.A.C. 4, Article 7 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Appendix B renumbered to R17-5-610, Appendix B, by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

Appendix C. Renumbered**Historical Note**

New Appendix recodified from 17 A.A.C. 4, Article 7 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Appendix C renumbered to R17-5-610, Appendix C, by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

R17-5-608. Modification of a Certified Ignition Interlock Device Model

- A. A manufacturer shall notify the Department in writing at least 10 days before a material modification is made to a certified ignition interlock device model.
- B. Before providing a previously certified but materially modified ignition interlock device model for installation in a motor vehicle under an order of an Arizona court or the Department, a manufacturer shall:
 - 1. Submit to the Department a completed application form with the information required under R17-5-604(B) and all additional items required under R17-5-604(C), and
 - 2. Obtain certification of the materially modified ignition interlock device from the Department.
- C. The Department's certification of a materially modified ignition interlock device model does not affect the original certification of the unmodified model.

Historical Note

New Section recodified from R17-4-709.07 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-608 renumbered to R17-5-611; new R17-5-608 renumbered from R17-5-605 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-609. IISP and Manufacturer Responsibilities

- A. An IISP shall refer a person only to the IISP's certified technician.
- B. An IISP shall provide the Department and each person with a toll-free telephone number to call to obtain the names and phone numbers of the IISP's certified technicians, the IISP service center locations, and hours of operation for the IISP service centers.
- C. An IISP shall certify each technician by providing adequate training and oversight for the technician to perform one of the

activities at a service center, which are installation, inspection, calibration, service, or removal of a CIID.

- D. An IISP shall provide to every person operating a motor vehicle equipped with a CIID, and any other persons who will operate the motor vehicle, training on how to operate the motor vehicle. An IISP shall instruct the person on all of the following:
 - 1. How to use the system;
 - 2. How to obtain service for the CIID;
 - 3. How to find answers to any additional questions;
 - 4. How the alcohol retest feature works;
 - 5. How drinking alcohol before a test may result in a reading of sensitive or fail;
 - 6. How the CIID shall not be removed, except by an IISP or IISP-certified technician;
 - 7. How noncompliance with a regularly scheduled calibration check for a person with a limited or restricted driving privilege shall result in suspension of the person's driving privilege under A.R.S. § 28-1463 until proof of compliance is submitted to the Department under A.R.S. § 28-1461, and the duration of the person's certified ignition interlock device requirement shall be extended under A.R.S. § 28-1461;
 - 8. What the penalties are for circumvention of the CIID;
 - 9. What the penalties are for tampering with, or misusing the CIID;
 - 10. What will happen after failing a start-up breath alcohol test;
 - 11. What will happen after a person has a set of three consecutive valid and substantiated missed rolling retests within an 18-minute time frame during a drive cycle; and that a person shall not avoid compliance with the rolling retest requirement by turning off a motor vehicle's ignition;
 - 12. What events or actions will result in a temporary or permanent lock-out of the CIID; and
 - 13. How to provide a properly delivered alveolar breath sample.
- E. An IISP shall have each person sign a document stating that the IISP has instructed the person regarding each topic contained in subsections (D) and (L), and has received the manufacturer's written instructions for operation of the CIID.
- F. An IISP shall inform a person that a compliance check on a CIID is required 30 days and 60 days after installation of the device, which shall be done electronically.
- G. An IISP shall inform each person to bring the vehicle to a service center for a calibration check within every 77 to 90-day period until the person is eligible for device removal.
- H. An IISP shall check each CIID for evidence of tampering at least once every 90 days or more frequently if needed. This anticircumvention check shall be conducted at each person's calibration check at a service center as required under R17-5-706.
- I. An IISP shall ensure that the manufacturer reports to the Department electronically under R17-5-610 if any evidence of tampering is discovered, and the manufacturer shall submit valid and substantiated proof or evidence of a reportable activity. An IISP shall keep visual evidence of a person's tampering or circumvention for a minimum of three years after the termination of the person's required ignition interlock period.
- J. An IISP shall submit to the Department a list of the IISP-certified technicians, subcontractors, or agents, and service centers at the beginning of the contract with the Department, within 5 business days of making a change to the list previously provided, and on a monthly basis as requested by the Department.
- K. An IISP shall comply with the provisions of this Article and A.R.S. Title 28, Chapter 4, Article 5.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- L.** A manufacturer shall develop and an IISP shall provide each person a reference and problem solving guide at the time of installation that shall include information on the following:
1. Operating a motor vehicle equipped with the CIID;
 2. Cleaning and caring for the CIID; and
 3. Identifying and addressing any vehicle malfunctions or repairs that may affect the CIID.
- M.** A manufacturer shall notify the Department within 10 days of a change of address of its principal place of business in this state.
- N.** A manufacturer or an IISP shall provide a warning label, for each CIID installed, which shall have an orange background and shall include the following:
1. Be a minimum size of two inches by one inch;
 2. Be printed in a minimum of nine-point font;
 3. Be printed in Arial font, or a font of substantially similar size and legibility; and
 4. Contain the words in black lettering: "Warning! Any person tampering with, circumventing, or otherwise misusing this Ignition Interlock Device, is guilty of a Class 1 misdemeanor."
- O.** A manufacturer shall ensure that the IISP or the IISP-certified technician affixes conspicuously and maintains on each installed CIID the warning label described under subsection (N), which may be affixed to the device or to the device's cord.
- P.** A manufacturer shall develop written instructions for the installation and removal of an ignition interlock device from a motor vehicle.
- Q.** While a person maintains a functioning CIID in a vehicle under A.R.S. Title 28, Chapter 4, Article 5, the ignition interlock manufacturer shall electronically provide to the Department and transmit daily to the Department the information and reports prescribed in R17-5-610 and R17-5-615.
- R.** The manufacturer is responsible for overseeing any agents or subcontractors, including vendors and distributors, as well as overseeing the manufacturer's IISP to ensure adherence to all performance standards.
- Historical Note**
- New Section recodified from R17-4-709.08 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Former R17-5-609 renumbered to R17-5-612; new R17-5-609 renumbered from R17-5-606 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Section repealed; new Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).
- R17-5-610. Reporting; Reportable Activity**
- A.** A person shall have installed in a motor vehicle, only an ignition interlock device certified by the Department under R17-5-604.
- B.** A manufacturer shall develop and the IISP shall ensure that each IISP-certified technician complies with the IISP's written procedures for the installation of a CIID.
- C.** Certified ignition interlock device installation verification.
1. A manufacturer shall electronically transmit a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours of the device installation.
 2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for installation verification shall contain all of the following information:
 - a. Department-assigned service center number;
 - b. Person's full name (first, middle, last and suffix);
 - c. Date of birth;
 - d. Driver license or customer number;
 - e. Report date;
 - f. Install date;
 - g. Report type;
 - h. Missed rolling retest count, dates, and times;
 - i. Technician identification number;
 - j. Alcohol concentration violation count, dates, time, and alcohol concentration;
 - k. Tampering violation count, dates, and time;
 - l. Circumvention count, dates, and time;
 - m. Device download date;
 - n. Device download time;
 - o. Bypass code indication, date, and time;
 - p. A unique identification number for the CIID;
 - q. The last six digits of the vehicle identification number that matches the vehicle information on the data logger; and
 - r. Whether the Department, a court, or an out-of-state entity requires a person to have a CIID.
- D.** Certified ignition interlock device calibration check.
1. A manufacturer shall electronically transmit a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours after performing a calibration check on an installed CIID.
 2. A manufacturer shall submit to the Department the following valid and substantiated proof or evidence of a reportable activity related to a violation, as prescribed in subsection (F), within 10 days by electronic means, which shall include:
 - a. A summary report stating why the data logger or any other evidence confirms the occurrence of a violation, including any photographs of the person; and
 - b. A data logger that shows at least 12 hours of data before and after the violation.
 3. A manufacturer may submit to the Department the following additional valid and substantiated proof or evidence of a reportable activity related to a violation, as prescribed in subsection (F), if available, within 10 days by electronic means, which may include:
 - a. Photographs;
 - b. Video recordings;
 - c. Written statements; and
 - d. Any other evidence relevant to a violation.
 4. The electronic Certified Ignition Interlock Device Summarized Reporting Record for the calibration check shall contain all of the following information:
 - a. Department-assigned service center number;
 - b. Person's full name (first, middle, last and suffix);
 - c. Date of birth;
 - d. Driver license or customer number;
 - e. Report date;
 - f. Install date;
 - g. Report type;
 - h. Missed rolling retest count, dates, and times;
 - i. Technician identification number;
 - j. Alcohol concentration violation count, dates, time, and alcohol concentration;
 - k. Tampering violation count, dates, and time;
 - l. Circumvention count, dates, and time;
 - m. Device download date;
 - n. Device download time;
 - o. Bypass code indication, date, and time;
 - p. A unique identification number for the CIID;
 - q. The last six digits of the vehicle identification number that matches the vehicle information on the data logger; and
 - r. Whether the Department, a court, or an out-of-state entity requires a person to have a CIID.
- E.** Certified ignition interlock device removal report.
1. When a certified ignition interlock device is removed, a manufacturer shall electronically transmit a Certified Ignition Interlock Device Summarized Reporting Record to the Department within 24 hours.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

2. The electronic Certified Ignition Interlock Device Summarized Reporting Record for removal of a device shall indicate the condition of noncompliance and contain all of the following information:
 - a. Department-assigned service center number;
 - b. Person's full name (first, middle, last and suffix);
 - c. Date of birth;
 - d. Driver license or customer number;
 - e. Report date;
 - f. Install date;
 - g. Removal date;
 - h. Report type;
 - i. Technician identification number;
 - j. A unique identification number for the CIID;
 - k. The last six digits of the vehicle identification number that matches the vehicle information on the data logger;
 - l. Whether the Department, a court, or an out-of-state entity requires a person to have a CIID;
 - m. Missed rolling retest count, dates, and times;
 - n. Device download date; and
 - o. Device download time.
- F. Reportable activity for a person's noncompliance with these rules and A.R.S. Title 28, Chapter 4, Article 5, shall be limited to valid and substantiated instances by a person of any of the following:
 1. Tampering with a CIID as defined in A.R.S. § 28-1301;
 2. Refusing or failing to provide any set of three consecutive valid and substantiated breath samples in response to a requested rolling retest within an 18-minute timeframe during a person's drive cycle;
 3. Failing to provide proof of compliance or inspection of the CIID as required under A.R.S. § 28-1461(E)(4);
 4. Attempting to operate the vehicle with an alcohol concentration of 0.08 or more as prescribed in A.R.S. § 28-1461(E)(5) if the person is at least 21 years of age;
 5. Attempting to operate the vehicle with an alcohol concentration in excess of the set point if the person is under 21 years of age; 6. Circumvention of a CIID as defined in R17-5-601; or
 7. Disconnecting or removing a CIID, except:
 - a. On repair of the vehicle, if the person provided to the IISP, technician, or service center advance notice of the repair and the anticipated completion date; or
 - b. On moving the device from one motor vehicle to another motor vehicle if replacement of the device is accomplished within 72 hours of device removal.
- G. A person shall not avoid compliance with the rolling retest requirement by turning off a motor vehicle's ignition. A missed rolling retest is reportable activity for a person's noncompliance under subsection (F).
- H. A manufacturer shall screen each person's data loggers to ensure that there is no improper reporting.
- I. A manufacturer shall ensure that a CIID has the necessary programming to identify each person's ignition interlock period and each drive cycle to report and send data and violations to the Department as required by these rules.
- J. A manufacturer shall review within 10 days all reports generated by the Department and returned to the manufacturer for verification of accurate reporting. If a manufacturer finds that the reported information does not indicate valid and substantiated evidence of a violation, the manufacturer shall immediately contact the Department to correct the person's record before corrective action is initiated against a person as a result of misreported ignition interlock data.
- K. A manufacturer shall immediately contact the Department if the manufacturer finds that the reported information indicates:
 1. An obvious mechanical failure of a CIID;
 2. Obvious errors in the recorded CIID data that cannot be attributed to a person's actions; or
 3. Obvious errors in the transmission of CIID data to the Department, including misreported instances of tampering.
- L. A manufacturer shall ensure that a CIID electronically and wirelessly uploads data in real-time to the manufacturer's website, that is maintained by the manufacturer, and the manufacturer shall submit all required information and reports in a daily FTP file to the Department.
- M. In cases where no electronic or digital service exists, the manufacturer shall store the data and send the data as soon as electronic or digital service is available.
- N. A manufacturer shall include the date of the last upload on the person's account on the manufacturer's website.
- O. A CIID shall have constant communication between the manufacturer's server and relay unit while the device is in use.
- P. All data, including photographs, shall be available to the Department for viewing on the manufacturer's website within five minutes after the data is recorded on the device, or as soon as electronic or digital reception permits.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

Historical Note

Appendix C renumbered from R17-5-607, Appendix C, and repealed by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4).

R17-5-611. Emergency Assistance; Continuity of Service to Persons

- A.** For events occurring outside of normal business hours, an IISP shall provide to each person a 24-hour emergency toll-free phone number answered by a live person at all times, to provide assistance in the event a CIID fails to operate properly or a vehicle experiences a problem relating to the installation, operation, or failure of a CIID.
1. During normal business hours, if the IISP or technician receives a call for emergency assistance, and determines that a vehicle is experiencing a problem relating to the installation, operation, or failure of a CIID, an IISP or a technician shall respond to the call within 24 hours of the initial contact and shall be available either to:
 - a. Provide telephonically, the technical information required for the person to resolve the issue; or
 - b. Provide or arrange for appropriate towing or roadside assistance services if unable to resolve the issue telephonically.
 2. After receiving a person's call for emergency or other assistance, the IISP, technician, or manufacturer, as appropriate, shall either:
 - a. Make the CIID functional, if possible, within 24 hours, or
 - b. Replace or repair the CIID within 48 hours of the initial contact.
- B.** An IISP shall ensure uninterrupted service to a person for the duration of the person's ignition interlock period, which shall include facilitating the replacement of a technician, subcontractor, or an employee or agent who goes out of business, is removed, or a technician whose certification is cancelled by the IISP.
1. If a manufacturer terminates the IISP's authorization, the manufacturer shall obtain each person's records from the IISP and retain the records according to R17-5-612.
 2. At the end or termination of an ignition interlock service authorization agreement, the manufacturer shall provide the Department with electronic access to each person's ignition interlock records for three years.
 3. If a manufacturer authorizes a new IISP, the manufacturer shall notify each person affected by the authorization of the new IISP at least 30 days before the authorization becomes effective.
 4. If a manufacturer does not authorize a new IISP, the manufacturer at no cost to the person, shall:
 - a. Provide written notification to all persons who are affected by the loss of an IISP or lack of service in an area, at least 30 days before the IISP discontinues service. The written notification shall inform the person of the manufacturer's responsibility to facilitate removal and replacement of the CIID and shall provide the instructions necessary for the person to successfully exchange the device;
 - b. Remove the device from the vehicle of each affected person; and
 - c. Facilitate the replacement of each device through a manufacturer with an IISP that can provide service.
 5. A manufacturer shall notify the Department within 24 hours of replacing its IISP.
 6. An IISP shall submit to the Department an updated list of the IISP's certified technicians within 5 business days

after making a change to the list provided to the Department under R17-5-609(J).

- C.** Except in an emergency situation, a manufacturer, an IISP, or an IISP's-certified technician shall not remove another manufacturer's CIID without the express permission of that manufacturer.
1. If in an emergency situation a manufacturer, an IISP, or the IISP's-certified technician removes another manufacturer's CIID, that manufacturer, IISP, or the IISP's-certified technician shall return the device to the original manufacturer within 72 hours of the emergency removal; and
 2. The original manufacturer, on receipt of the device, shall provide to the Department an electronic report of the device removal under R17-5-610, which shall include the transmission of all data stored in its data storage system.
- D.** In accordance with the IISP's implementation plan, an IISP shall facilitate the replacement of the IISP's service center if the service center goes out of business or the service center is closed, and the IISP does not have a service center in the county. An IISP shall notify the Department within 72 hours of replacing a service center location in a county.
1. If a service center closes and is replaced, the manufacturer shall make all reasonable efforts to obtain from the service center being replaced, all the individual ignition interlock records and data required to be retained under R17-5-612. The records shall be provided to, and maintained by the IISP.
 2. If an out-of-business or closed service center is not replaced, the manufacturer shall retain the records and data as required under R17-5-612, and shall provide the Department with electronic access to the records and data.
 - a. The manufacturer shall facilitate removal of all installed CIID's no longer serviced by the out-of-business or closed service center, and shall bear the cost of replacing each device with a serviceable CIID chosen by the person, even if the replacement device must be provided through an alternate manufacturer.
 - b. The manufacturer shall, within 30 days, make a reasonable effort to notify its customers of the change of service center or replacement of a device.
 3. If the manufacturer cannot comply with subsection (D)(1) or subsection (D)(2), the IISP shall:
 - a. Notify its customers and the Department that service will be terminated; and
 - b. Remove each device at no cost to the customer.

Historical Note

Section R17-5-611 renumbered from R17-5-608 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-612. Records Retention; Submission of Copies and Quarterly Reports

- A.** During the duration of the ignition interlock service authorization agreement, an IISP shall retain each person's ignition interlock activity records in an electronic format, including a secure database, or a paper format. The retained records shall consist of every document relating to installation, operation, and removal of the CIID. The IISP shall maintain all daily ignition interlock activity records of each person in the device's data storage system, or in a secure database at a com-

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

mercial business location in this state, that the Department may access during posted business hours. An IISP shall inform the Department where all individual ignition interlock activity records are located.

- B. Prior to the end or termination of an ignition interlock service authorization agreement, the manufacturer shall obtain all person's ignition interlock records and provide the Department with electronic access to the records for three years.
- C. A manufacturer shall provide copies of each person's ignition interlock records to the Department within 10 days after Department personnel request copies of records, including records relating to installation and operation of the CIID.
- D. A manufacturer shall electronically send to the Department, by the 10th day of January, April, July, and October, a quarterly report containing the following information for the previous three months:
 1. The number of CIID's the IISP currently has in service;
 2. The number of CIID's installed since the previous quarterly report; and
 3. The number of CIID's removed by the IISP since the previous quarterly report.
- E. An IISP shall maintain and make available to the Department the ignition interlock records of all persons served by the IISP, records relating to the authorization agreement, and employee background check information at a commercial business location in this state of the manufacturer or the IISP during normal business hours.

Historical Note

Section R17-5-612 renumbered from R17-5-609 and amended by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-613. Inspections and Complaints

- A. The Department shall investigate any complaint that is related to a CIID or an IISP.
- B. An IISP and a manufacturer shall permit and fully cooperate with periodic on-site inspections of the IISP's service centers and principal places of business of the manufacturer at any time during normal business hours by an authorized representative of the Department, where records relating to the authorization agreement and individual ignition interlock device records are maintained.
- C. The Department shall conduct on-site inspections of a manufacturer, or a service center under the provisions of A.R.S. § 41-1009. The inspection shall include an examination of ignition interlock activity, records and verification of an adequate supply of the warning labels that meet the requirements of A.R.S. § 28-1462 and R17-5-609.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-614. Ignition Interlock Device Installation Fee; Financial Records

- A. An IISP shall collect an ignition interlock device installation fee of twenty dollars from each participant for each CIID that is installed in, or transferred to a motor vehicle by an IISP.
- B. An IISP shall electronically remit the collected ignition interlock device installation fees paid by all persons to the Department

on a monthly basis through a payment account created by the IISP on ServiceArizona.com, or as specified by the Department, by transferring the collected fees paid during the previous month to the Department by the tenth day of the following month.

- C. An IISP shall not charge a person an installation fee to replace a defective ignition interlock device.
- D. An IISP shall post the amount of the ignition interlock device installation fee and the statutory authority for the ignition interlock device installation fee required by A.R.S. § 28-1462 on the IISP's website, that is available to all persons with an ignition interlock device requirement, and in a visible location at each of the IISP's service centers.
- E. An IISP must clearly post the amount of all other fees charged to a person for ignition interlock device services.
- F. An IISP shall maintain the financial records of the ignition interlock device installation fee collection and transfer to the Department, at an IISP's established place of business, or in a secure database, for three years from the date of the fee transfer. The Department may review the financial records of an IISP during normal business hours, to ensure compliance with the collection and transfer of the ignition interlock device installation fee to the Department.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-615. Rolling Retest; Missed Rolling Retest; Extension of Ignition Interlock Period

- A. A manufacturer shall report to the Department any valid and substantiated missed rolling retests, as defined in R17-5-601, that occur during the time period prescribed in subsection (E).
- B. A CIID shall have the capability to require a rolling retest and meet the requirements of a rolling retest. A person shall be prompted for the first rolling retest within five to 15 minutes after the initial test required to start an engine, and the device shall prompt for additional rolling retests at random intervals of up to 30 minutes after each previously requested and passed rolling retest.
- C. A certified ignition interlock device shall:
 1. Emit a warning light, tone, or both, to alert a person that a rolling retest is required;
 2. Allow a period of six minutes after the warning light, tone, or both, to allow a person to take a rolling retest;
 3. Require a person to perform a new test to restart an engine if it is switched off during or after a rolling retest warning;
 4. Allow a free restart of a motor vehicle's ignition, within three minutes after the ignition is switched off, without requiring another breath alcohol test, except when a rolling retest is in progress;
 5. Use the set point value for startups and retests;
 6. Record, in its data storage system, the result of each rolling retest performed by a person during the person's drive cycle, and any valid and substantiated missed rolling retests; and
 7. Immediately require another rolling retest each time a person refuses to perform a requested rolling retest.
- D. Until a person successfully performs a rolling retest, or the engine is switched off, a device shall record in its data storage system, each subsequent refusal or failure of the person to perform the requested rolling retest.
- E. The Department shall count one missed rolling retest for a person who refuses or fails to provide a valid and substantiated breath sample in response to a requested rolling retest if not

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

followed by the person providing a valid and substantiated breath sample within six minutes.

- F. Failure to take a rolling retest when a person's breath alcohol concentration is equal to or exceeds the set point shall not sound the vehicle horn, nor any type of siren, bell, whistle or any device emitting a similar sound, or any unreasonable loud or harsh sound that is audible outside of the vehicle, and shall not cause the engine of the vehicle to shut off.
- G. The Department shall extend a person's ignition interlock period for six months, as provided in A.R.S. § 28-1461(E) for any set of three consecutive missed rolling retests that occur within an 18-minute time frame during a drive cycle.
- H. If during one drive cycle, a person who is at least 21 years of age, has two or more breath alcohol concentrations of 0.08 or more, the Department shall count this as one violation, and shall extend a person's ignition interlock period for six months.
- I. If during one drive cycle, a person who is under 21 years of age, has any breath alcohol concentration one or more times, the Department shall count this as one violation, and shall extend a person's ignition interlock period for six months.
- J. Except as provided in subsections (H) and (I), if during one drive cycle, a person has more than one violation as defined in R17-5-601, the Department shall extend a person's ignition interlock period for six months for each violation.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-616. Civil Penalties; Hearing

- A. After notice and an opportunity for a hearing, the Director may impose a civil penalty pursuant to A.R.S. § 28-1465, against a manufacturer of a certified ignition interlock device for improper reporting to the Department of ignition interlock data, as defined in R17-5-601, that may cause the Department to erroneously initiate corrective action against a person. The Director may impose and collect a civil penalty against a manufacturer of a certified ignition interlock device, who is responsible for an occurrence of improper reporting, as follows:
 1. \$100 for the first occurrence, but not to exceed \$1,000 per series of occurrences of improper reporting on a specific date;
 2. \$250 for the second occurrence, but not to exceed \$2,500 per series of occurrences of improper reporting on a specific date; and
 3. \$500 for the third or subsequent occurrence, but not to exceed \$5,000 per series of occurrences of improper reporting on a specific date.
- B. The Director, on finding that a manufacturer engaged in improper reporting, shall mail to the manufacturer a notice that civil penalties may be imposed for improper reporting. The notice shall:
 1. Specify the basis for the action; and
 2. State that the manufacturer may, within 15 days after receipt of the notice, file a written request for a hearing with the Department's Executive Hearing Office as prescribed in 17 A.A.C. 1, Article 5.
- C. A manufacturer who is aggrieved by an assessment, decision, or order of the Department under A.R.S. § 28-1465 and this Section may seek judicial review under A.R.S. Title 12, Chapter 7, Article 6.
- D. The manufacturer shall pay the civil penalty imposed under this Section to the Department no later than 30 days after the order is final.

- E. Action to enforce the collection of a civil penalty assessed under subsection (A) shall be brought by the attorney general or the county attorney in the name of the state in the justice court or the superior court in which the hearing is held.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-617. Cease and Desist

- A. If the Director has reasonable cause to believe that a party to an IISP authorization agreement is violating any provision of state statute, administrative rule, or the authorization agreement, the Director will immediately issue and serve a cease and desist order by mail to the IISP's last known address.
- B. On receipt of the cease and desist order, the IISP shall immediately cease and desist from further engaging in any activity that is not authorized in state statute, administrative rule, or the agreement, and that is specified in the cease and desist order.
- C. On failure of the IISP to comply with the cease and desist order, the IISP may request a hearing with the Department's Executive Hearing Office under 17 A.A.C. 1, Article 5 within 15 days. On failure of the IISP to comply with the cease and desist order, the Director will immediately cancel the agreement with the IISP.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-618. Service Centers; Mobile Services

- A. An IISP shall have at least one readily accessible service center in each county in this state that performs all ignition interlock services, including service, calibration, installation, inspection, and removal of a CIID by a technician who is trained and certified by the IISP for the specific service area.
- B. An IISP, subcontractor, agent, or an employee who operates a service center, or provides mobile services as an extended service provided by a service center on a temporary or emergency basis, shall meet the requirements in these rules before conducting CIID-related business in this state.
- C. A service center shall maintain sufficient staffing to provide an acceptable level of ignition interlock device services during all posted business hours.
- D. A technician that provides mobile services shall be stationed and employed at the IISP's service center and be certified in the ignition interlock service area the technician will provide.
- E. When a service center technician provides mobile services, an IISP shall ensure that the service center has another technician or employee available at the service center to provide ignition interlock device services.
- F. An IISP's service center shall:
 1. Be located in a permanent, fixed-site facility that accommodates installing, inspecting, downloading, calibrating, monitoring, maintaining, servicing, and removing a CIID;
 2. Provide a designated waiting area for a person that is separate from the installation area;
 3. Ensure that a person does not witness installation of the CIID;
 4. Through the IISP, the IISP-certified technician or employee, provide the necessary training required by R17-5-609(D) for a person to operate a CIID;
 5. Ensure that a technician meets the necessary requirements in order to receive and maintain certification before a technician or an IISP conducts ignition interlock device business in this state; and

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

6. Have the necessary equipment and tools to provide all ignition interlock services in a professional manner.
- G.** A service center that provides mobile services shall:
 1. Have the capability to provide all the ignition interlock services in subsection (F)(1);
 2. Meet the requirements in subsection (F)(3) through (F)(6);
 3. Have permission from the motor vehicle owner to provide mobile services; and
 4. Ensure that a technician provides business identification to a person requesting service prior to performing services, along with the service center certificate and the technician's training certificate.
- H.** A service center that provides mobile services shall not operate from a tow truck.
- I.** An IISP that operates a service center, shall ensure that an IISP-certified technician utilizes all of the following:
 1. The analysis of a reference sample such as headspace gas from a mixture of water and alcohol, the results of which shall agree with the reference sample predicted value, or other methodologies approved by the Department. The preparatory documentation on the reference sample solution, such as a certificate of analysis, shall be made available to the Department on request.
 2. The set point value established under R17-5-601. All analytical results shall be expressed in grams of alcohol per 210 liters of breath (g/210L).
 3. The most current versions of manufacturer software and firmware to ensure continuous compliance under this Article and A.R.S. Title 28, Chapter 4, Article 5.
- J.** An IISP shall ensure that a motor vehicle used to provide mobile services from a service center has current vehicle registration in this state and maintains the required mandatory insurance and financial responsibility coverage in A.R.S. § 28-4009.
- K.** A technician shall ensure that a person who receives mobile services receives the same level of training and service as a person who receives services at a service center.
- L.** The manufacturer shall ensure that a CIID electronically transmits the Summarized Reporting Record for a calibration check to the Department as provided in R17-5-610(D)(4).

Historical Note

New Section made by final exempt rulemaking at 24
A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-619. Application; IISP Implementation Plan

- A.** An IISP that applies for authorization of an ignition interlock service provider contract under A.R.S. § 28-1468 shall submit all documents and meet all the requirements in the ignition interlock service provider authorization agreement; in Title 28, Chapter 5, Article 4, Arizona Revised Statutes; and these rules.
- B.** In addition to this information, an IISP shall submit to the Department, with the application, a detailed implementation plan that outlines the steps and time frames necessary for the IISP to be fully operational. The implementation plan must include:
 1. The IISP's plan for establishing a service center in every county in this state;
 2. The IISP's procedures for imposing progressive discipline on its employees, agents, or subcontractors who fail to comply with the requirements of Arizona statute; Department administrative rules; or the terms of the authorization agreement;
 3. A plan for transitioning ignition interlock services to another IISP that ensures continuous monitoring will occur if a participant decides to transition services to

- another IISP or if the IISP ceases conducting business or leaves this state;
 4. A means by which the IISP will provide all participant records and information or electronic access to the records and information to the ignition interlock device manufacturer in the event the IISP ceases conducting business or leaves this state. At the end or termination of an ignition interlock service authorization agreement, the manufacturer shall provide the Department with electronic access to all person's ignition interlock records for three years; and
 5. Documentation that the IISP is an authorized agent of the manufacturer and a point of contact for the manufacturer, including the IISP's telephone number and e-mail address.
- C.** An IISP shall be approved by the Director through the application for authorization agreement process before offering ignition interlock services in the state.
 - D.** An IISP shall use this process to reapply to the Director for reauthorization of an ignition interlock service provider contract.

Historical Note

New Section made by final exempt rulemaking at 24
A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-620. Authorization Time Frame; Ignition Interlock Service Provider

- A.** The Director shall, within 10 days of the date of receipt of an application for authorization of an ignition interlock service provider contract, provide notice to the IISP that the application is either complete or incomplete.
 1. The date of receipt is the date the Director receives the application.
 2. If an application is incomplete, the dated notice shall specifically identify the required information that is missing.
- B.** An applicant with an incomplete application shall provide all missing information to the Director within 15 days of the Director's notice.
 1. After receiving all of the required information, the Director shall notify the IISP that the application is complete.
 2. The Director may deny an IISP's application if the IISP fails to provide the required information within 15 days of the Director's notice.
- C.** The Director shall render a decision on an application for authorization within 30 days of the date on the notice acknowledging receipt of a complete application, provided to the applicant under subsections (A) or (B).
- D.** If the Director denies an application for authorization, the Director shall notify the IISP in writing within 20 days after the denial, and of the grounds for the denial in accordance with A.R.S. § 28-1468 (E).
- E.** For the purposes of A.R.S. § 41-1073, the Department establishes the following time frames for the purpose of reviewing an application for authorization:
 1. Administrative completeness review time frame: 10 days.
 2. Substantive review time frame: 30 days.
 3. Overall time frame: 40 days.
- F.** The Director shall use this process for reapplication for authorization of an ignition interlock service provider contract.

Historical Note

New Section made by final exempt rulemaking at 24
A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-621. Service Center Application

- A.** On approval by the Director of an IISP's signed application for authorization to provide ignition interlock services, an IISP

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

shall submit to the Department a properly completed service center application for approval of the IISP's service centers.

- B.** An IISP shall provide the following information to the Department:
 1. The service center name;
 2. The business address of the established place of business of each service center or business location;
 3. The telephone number of each established place of business of each service center or business location;
 4. The service center's legal status as a sole proprietorship, partnership, limited liability company, or a corporation;
 5. The name of the sole proprietor, each partner, officer, director, manager, member, agent, or 20% or more stockholder;
 6. The name and model number of each CIID the IISP plans to install;
 7. An indication of any service centers that will provide mobile services;
 8. Any applicable business licenses and the governmental entity; and
 9. The following statements signed by the IISP:
 - a. A statement that all information provided on the application, including all information provided on any attachment to the application is complete, true, and correct;
 - b. A statement that the IISP agrees to indemnify and hold harmless from all liability the state of Arizona and any department, division, agency, officer, employee, or agent of the state of Arizona;
 - c. A statement that the IISP agrees to comply with all requirements in these rules; and
 - d. A statement that the IISP agrees to immediately notify the Department of any change to the information provided on the application form.
- C.** The Department shall process an IISP's service center application only if the IISP meets all applicable application requirements.
- D.** The Department shall, within 10 days of receiving a service center application, provide notice to the IISP that the application is either complete or incomplete.
 1. The date of receipt is the date the Department receives the application.
 2. If an application is incomplete, the notice shall specifically identify the required information that is missing.
- E.** An IISP with an incomplete application shall provide all missing information to the Department within 15 days of the date on the Department's notice.
 1. After receiving all of the required information, the Department shall notify the IISP that the application is complete.
 2. The Department may deny approval of a service center if the IISP fails to provide the required information within 15 days of the date on the notice.
- F.** The Department shall render a decision on a service center application within 30 days of the date indicated on the notice acknowledging receipt of a complete application provided to the IISP under subsections (D) or (E).
- G.** For the purpose of A.R.S. § 41-1073, the Department establishes the following time frames for processing an application for approval of a service center:
 1. Administrative completeness review time frame: 10 days.
 2. Substantive review time frame: 30 days.
 3. Overall time frame: 40 days.
- H.** If a service center is no longer authorized by a manufacturer to install its CIID, the IISP shall notify the Department within 24 hours.
 - I.** An IISP shall be the authorized representative of a specific manufacturer while the authorization agreement is in effect, for a service center to install the manufacturer's CIID.
 - J.** If an IISP, subcontractor, or agent opens or relocates a service center, or the service center is operated by another entity, an IISP, subcontractor, or agent shall submit a new service center application for approval.
 - K.** An IISP shall use this process to reapply to the Department for a service center application.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-622. Technician Application

- A.** On approval by the Department of an IISP's service center application, an IISP shall submit to the Department for approval, a properly completed technician application with the following information:
 1. Name of the technician;
 2. The technician's date of birth;
 3. The technician's residence address;
 4. The technician's driver license number;
 5. Name of the service center where the technician is employed;
 6. Location of the service center where the technician is employed; and
 7. The following statements signed by the technician and the IISP:
 - a. A statement that all information provided on the application form, including all information provided on any attachment to the application form is complete, true, and correct;
 - b. A statement that the technician and the IISP agree to indemnify and hold harmless from all liability the state of Arizona and any department, division, agency, officer, employee, or agent of the state of Arizona;
 - c. A statement that the technician agrees to comply with all requirements in these rules; and
 - d. A statement that the IISP agrees to immediately notify the Department of any change to the information provided on the application form.
- B.** The Department shall process a technician's application only if a technician meets all applicable application requirements.
- C.** The Department shall, within 10 days of receiving a technician application, provide notice to the applicant that the application is either complete or incomplete.
 1. The date of receipt is the date the Department receives the application.
 2. If an application is incomplete, the notice shall specifically identify the required information that is missing.
- D.** An applicant with an incomplete application shall provide all missing information to the Department within 15 days of the date on the Department's notice.
 1. After receiving all of the required information, the Department shall notify the applicant that the application is complete.
 2. The Department may deny approval of a technician application if the applicant fails to provide the required information within 15 days of the date on the notice.
- E.** The Department shall render a decision on a technician application within 30 days of the date indicated on the notice acknowledging receipt of a complete application provided to the IISP under subsections (C) or (D).

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- F. For the purpose of A.R.S. § 41-1073, the Department establishes the following time frames for processing an application for approval of a technician:
1. Administrative completeness review time frame: 10 days.
 2. Substantive review time frame: 30 days.
 3. Overall time frame: 40 days.
- G. If an IISP and the IISP's technician are no longer authorized by a manufacturer to install its CIID, the IISP shall notify the Department within 24 hours.
- H. An IISP shall be the authorized representative of a specific manufacturer that has an authorization agreement in effect for a technician to service the manufacturer's CIID.
- I. An IISP shall submit a separate technician application when an IISP hires a new technician.
- J. After the Department approves a technician, the Department will assign to each technician, a unique technician identification number to identify each technician who installs, calibrates, inspects, or removes a CIID.
- K. An IISP shall use this process to reapply to the Department for a technician application.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-623. Termination of Authorization; Notification

- A. If the Director terminates an IISP's authorization agreement, the Director shall notify each person with the manufacturer's CIID that the person has 30 days to obtain another IISP.
- B. Any IISP owner or principal whose agreement has been terminated as a result of the IISP's authorization being cancelled is not eligible to re-apply for authorization from the Department until 36 months after the date of termination.

Historical Note

New Section made by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

ARTICLE 7. IGNITION INTERLOCK DEVICE TECHNICIANS**R17-5-701. Definitions**

The definitions provided under A.R.S. §§ 28-101 and R17-5-601 apply to this Article unless the context otherwise requires.

Historical Note

New Section recodified from R17-4-801 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Section amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-702. Records Check; Technician Qualifications; IISP Self-Certification of Technician

- A. If the Director enters into an IISP's ignition interlock authorization agreement under A.R.S. § 28-1468, an IISP shall conduct an annual criminal records check and a certified driver's license record check on all employees, agents, or subcontractors listed on the IISP's application within 30 days prior to each individual's start date.
- B. An IISP shall self-certify and train a technician in the service area that the technician will provide.
- C. The qualifications for a technician are:
1. A technician shall be at least 18 years of age.
 2. A technician who is required to drive a motor vehicle on a highway in this state in the technician's capacity shall

have a valid Arizona driver license as required by A.R.S. § 28-3151, unless exempted under A.R.S. § 28-3152.

3. A technician shall have the necessary mechanical ability, training, and certification from the IISP required to perform installation, inspection, service, calibration, or removal of a CIID from a motor vehicle.
- D. A technician shall:
1. Maintain the confidentiality of any personal information, driver license information, or ignition interlock data or reports relating to a person;
 2. Ensure that a person does not observe the technician's actions relating to installation and removal of a CIID;
 3. Comply with the ignition interlock rules in 17 A.A.C. 5, Articles 6 and 7, and Arizona Revised Statutes Title 28, Chapter 4, Article 5; and
 4. Conduct installation, service, calibration, inspection, or removal of an ignition interlock device from a motor vehicle in accordance with industry standards.
- E. A technician is prohibited from using the global positioning system capabilities of a CIID to track the location of a person and shall not release location information gathered by the CIID.

New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Section repealed by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

R17-5-706. Calibration Check; Requirements

- A. An IISP-certified technician shall inspect, maintain, and check each CIID for calibration accuracy and operational performance before the device is placed into, or returned to service.
- B. A person with a CIID installed on a motor vehicle is responsible for obtaining a calibration check of the CIID by the IISP's technician at the IISP's service center within every 77 to 90-day period after device installation, and every 77 to 90 days thereafter, during the person's ignition interlock period.
- C. An IISP-certified technician shall perform a calibration check at the IISP's service center at least once every 90 days after device installation, and at least every 90 days thereafter.
- D. The calibration check performed under R17-5-610 shall include an inspection of the device to verify that it is properly functioning in accordance with all of the following criteria:
 1. Accuracy standards as prescribed under R17-5-603;
 - a. The device shall be calibrated before placed into, or returned to service.
 - b. The calibration test shall consist of introducing to the device a known alcohol concentration from a reference sample device, the analysis of which indicates the device's agreement with the known concentration. The manufacturer's software shall be capable of performing, documenting, and reporting the result of this calibration test. The calibration test result shall verify the accuracy of the ignition interlock device according to the standards prescribed under R17-5-603; and
 2. Anticircumvention standards and operational features as prescribed under R17-5-603.
- E. The calibration test referenced under subsection (D) shall be performed when the information uploaded from a device indicates that the device has experienced an interruption in service or was completely disconnected. Additionally, the complete device, including the camera and its connection to the vehicle, shall be examined for evidence of tampering while it is still attached to the vehicle. An IISP shall document or photograph any evidence of tampering or circumvention and submit the documentation to the Department as required by these rules and A.R.S. Title 28, Chapter 4, Article 5.
- F. If calibration confirmation test results reveal that the device is not properly calibrated, the device shall be recalibrated to restore the accuracy standards prescribed under R17-5-603 before the device is returned to service.
- G. At least once every 90 days, a technician shall perform a physical inspection of the ignition interlock device, including an anticircumvention check, while it is still attached to the vehicle.

- H. A technician shall perform a physical inspection of the ignition interlock device any time an early recall occurs.
- I. If at any time an individual device model fails to meet the provisions of this Section, the manufacturer, IISP, or IISP-certified technician, as appropriate, shall either:
 1. Repair, recalibrate, and retest the device model to ensure that it does meet all applicable standards; or
 2. Remove the device model from service.

Historical Note

New Section recodified from R17-4-501 at 7 A.A.R. 3483, effective July 20, 2001 (Supp. 01-3). Section repealed by final rulemaking at 12 A.A.R. 2297, effective August 5, 2006 (Supp. 06-2). New Section made by final rulemaking at 13 A.A.R. 3499, effective December 1, 2007 (Supp. 07-4). Amended by final rulemaking at 20 A.A.R. 3132, effective April 1, 2015 (Supp. 14-4). Amended by final exempt rulemaking at 24 A.A.R. 1725, effective July 1, 2018 (Supp. 18-2).

ARTICLE 8. MANDATORY INSURANCE AND FINANCIAL RESPONSIBILITY**R17-5-801. Definitions**

In addition to the definitions under A.R.S. §§ 28-101 and 28-4001, in this Chapter, unless otherwise specified:

"*Arizona Mandatory Insurance Reporting System Guide for Insurance Companies*" means the Department's guide that is available on the agency's website and provides technical information to a company about information transmission between the Department and the company.

"Company" means an insurance or indemnity company authorized to write motor vehicle liability coverage in Arizona.

"Customer number" means the system-generated, or other distinguishing number, assigned by the Department to each person conducting business with the Department, as prescribed in R17-5-805.

"EDI" means electronic data interchange, which is the transmission of data in a standardized format from one computer to another without the use of magnetic tape.

"EDI reporting" means the computer-to-computer transmission of data from a company to the Department.

"Error return" means the computer-to-computer transmission, from the Department to a company, of all data reporting errors received during EDI reporting.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“FEIN” means the federal employer identification number or federal tax identification number used to identify a business entity.

“FTP” means file transfer protocol, which is a common protocol used by the Department for exchanging files over any network that supports EDI reporting transmitted through the Internet or Intranet.

“Information exchange” means EDI reporting where a company or service provider transmits a report to the Department through a connection to a private information network.

“Motor Vehicle Division” means the Arizona Department of Transportation’s Motor Vehicle Division.

“NAIC” means the National Association of Insurance Commissioners.

“Private information network” means the value-added network used by a company or service provider to facilitate EDI transmissions to the Department and to provide other network services where fees are charged for the network connection based on the number of characters and messages transmitted.

“Reportable activity” means the information required to be transmitted to the Department under A.R.S. § 28-4148 and this Article.

“Self-insurer” means a person or entity that has met the qualifications, completed the application process, and received a certificate of self-insurance issued by the Department under R17-5-810.

“Service provider” means a person or entity that reports for an insurance company through a connection to a private information network or an FTP for EDI reporting.

“SR22” means a certification filed, by a company duly authorized to transact business in this state, as proof of financial responsibility for the future, which guarantees that the insured owner or operator has in effect at least the minimum motor vehicle liability insurance coverage required under A.R.S. Title 28, Chapter 9, Article 3.

“SR26” means a certification filed by a company duly authorized to transact business in this state, which notifies the Department that an insured owner or operator required to maintain proof of financial responsibility for the future, under A.R.S. Title 28, Chapter 9, Article 3, is no longer covered under a previously reported SR22.

“Value-added network” means a private network provider that is hired by a company to facilitate EDI or provide other network services.

“X12” means the American National Standards Institute, Accredited Standards Committee, uniform standards for the inter-industry electronic exchange of business transactions by EDI.

“X12 (TS811)” means X12 Transaction Set 811, Consolidated Service Invoice – Statement, version 3050, which is the specific set of EDI transactions developed for the insurance industry in the X12 standard format for automobile liability insurance reporting.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-802. Insurance Company Electronic Reporting

Requirement; Applicability

- A. A company that provides motor vehicle liability insurance coverage for an Arizona vehicle shall electronically transmit to the Department all reportable activity under A.R.S. § 28-4148 and R17-5-803 using one of the authorized EDI reporting methods identified in the *Arizona Mandatory Insurance Reporting System Guide for Insurance Companies*. Each transmission shall include all of the applicable record matching criteria prescribed under R17-5-804 or R17-5-805.
- B. A company that issues 1,000 or more SR22 policies per calendar year shall electronically transmit to the Department all SR22 and SR26 activity using one of the Department-authorized EDI reporting methods identified in the *Arizona Mandatory Insurance Reporting System Guide for Insurance Companies*. Each transmission shall include all of the applicable record matching criteria prescribed under R17-5-804 or R17-5-805.
- C. The Department shall not accept or record an out-of-state motor vehicle liability insurance policy for a passenger vehicle, even if written by a company authorized to transact business in this state.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-803. Insurance Company Reportable Activity

- A. A company shall transmit to the Department:
 1. All reportable activity, not previously reported, that was processed by the company seven or fewer days before each reporting date; or
 2. A statement of inactivity, if no reportable activity occurred by the reporting date.
- B. For the purpose of this Article, reportable activity shall include:
 1. A policy cancellation;
 2. A policy non-renewal;
 3. A new policy issuance;
 4. A commercial policy reissuance;
 5. A vehicle added to a policy;
 6. A vehicle deleted from a policy;
 7. A policy reinstatement; and
 8. All SR22 and SR26 filings by insurance companies issuing 1,000 or more SR22 policies per calendar year.
- C. Reportable activity does not include the addition or deletion of a vehicle to or from a non-vehicle-specific commercial policy.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-804. Record Matching Criteria for a Vehicle-specific Policy

For each vehicle-specific policy transmitted to the Department, a company shall include all of the following information to assist with the matching of policies to Department customers:

1. The complete and valid vehicle identification number;
2. The policy number; and
3. The NAIC number of the reporting company.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

January 12, 2018 (Supp. 18-1).

R17-5-805. Record Matching Criteria for a Non-vehicle-specific Commercial Policy

- A. For each non-vehicle-specific commercial policy transmitted to the Department, a company shall include all of the following information to assist with the matching of policies to Department customers:
1. The Department customer number of the insured:
 - a. If a policy covers all vehicles registered in the name of a business or organization, the customer number is the FEIN of the business or organization, or a system-generated number; or
 - b. If a policy covers all vehicles registered in the name of a private individual, the customer number is the Arizona Driver License number or the non-operating identification license number of the private individual;
 2. The policy number; and
 3. The NAIC number of the responsible company.
- B. If the Department customer number required under subsection (A)(1) is not available to a company, the company may provide the complete and valid vehicle identification number of each vehicle covered under the policy in-lieu of the Department customer number.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-806. Department-authorized EDI Reporting Methods; Reporting Schedule

- A. A company shall transmit to the Department all reportable activity listed in R17-5-803 using a Department-authorized EDI reporting method specified in the *Arizona Mandatory Insurance Reporting System Guide for Insurance Companies*.
- B. A company shall transmit all reportable activity to the Department at least once every seven days.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-807. X12 Data Format for Policy Receipt and Error Return

- A. Reporting format. A company shall transmit to the Department all reportable activity using the format prescribed in the *Arizona Mandatory Insurance Reporting System Guide for Insurance Companies* provided by the Department.
- B. Error return format. The Department shall return to a company all reporting errors received during a transmission of reportable activity using the X12 error return format prescribed in the *Arizona Mandatory Insurance Reporting System Guide for Insurance Companies*.
- C. The Department shall return to a company an acknowledgment that a transmission of reportable activity was received and processed using the format in the *Arizona Mandatory Insurance Reporting System Guide for Insurance Companies*.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective

January 12, 2018 (Supp. 18-1).

R17-5-808. Insurance Company Reporting Errors; Resolution; Noncompliance

- A. The Department shall:
1. Return to a company, using the X12 error return format provided in R17-5-807(B), all reporting errors received during or after a transmission; and
 2. Instruct the company to correct all reporting errors affecting the Department's processing of the required data.
- B. All companies reporting electronic policy information shall notify the Department prior to making changes to any reporting systems, or previously established policy reporting formats, that may affect the Department's ability to match and process the information received.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-809. Insurance Company Failure to Submit Required Data; Request for Hearing

If a company fails to submit the data required under A.R.S. § 28-4148, and this Article, the Department shall:

1. Send to the company, a dated written notice, which:
 - a. Identifies the business week or reporting period in which the company did not submit the required information;
 - b. Instructs the company to submit the information for the identified business week or reporting period within seven days of the date of the notice;
 - c. Informs the company that a failure to respond to the Department's request within the allotted time-frame, shall result in a referral of the matter to the Arizona Department of Insurance, under A.R.S. § 20-237, which may result in a civil penalty for each violation of up to \$250 per day for each day the insurer is in violation of A.R.S. § 28-4148; and
 - d. Provides notice of the company's right to request a hearing with the Arizona Department of Insurance under A.R.S. § 20-237; and
2. Advise the Arizona Department of Insurance if the company fails to comply with the Department's written notice provided under this Section.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective January 12, 2018 (Supp. 18-1).

R17-5-810. Self-insurance as Alternate Proof of Financial Responsibility; Provisions; Applicability

- A. Self-insurance applicant qualification. A person or entity may apply for self-insurance under this Section if the applicant:
1. Owns the minimum number of vehicles prescribed under A.R.S. § 28-4007(A) with current Arizona registration;
 2. Demonstrates minimum assets of \$1 million on documentation required under subsections (C) and (D);
 3. Meets any additional financial responsibility requirements under A.R.S. § 28-4033(A), according to the insured vehicle's weight and/or intended use; and
 4. Provides a business office contact for the company with a current phone number and mailing information.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

- B.** A self-insurance applicant shall provide, on a self-insurance application form provided by the Department, the following information:
1. Applicant's name;
 2. Business name, if applicable;
 3. Mailing address, city, state, and ZIP code;
 4. A selection of coverage type:
 - a. Public liability only; or
 - b. Public liability and property damage;
 5. Number of vehicles in the applicant's fleet;
 6. A selection list that describes the nature of the applicant's business;
 7. A description of any hazardous materials transported by type, class, and weight;
 8. A report of all accidents in the prior 39-month period before the application date;
 9. The applicant's signature and official business title to certify that all information is true and correct; and
 10. Acknowledgment by a notary public or by the signature of an authorized Department agent.
- C.** Supplementary documentation. In addition to a completed self-insurance application form, the applicant shall submit a profit and loss statement certified by a Certified Public Accountant for the 12-month period before the application date. The profit and loss statement shall include one of the following:
1. A balance sheet; or
 2. An annual financial report.
- D.** On approval of an application, the Department shall issue a certificate of self-insurance that is continuously valid, but shall require the self-insurer to submit a 12-month update of supplementary documentation prescribed under subsection (C) on or before July 1 of each successive year.
- E.** An initial self-insurance applicant or a self-insurer making an annual update shall submit documentation required under subsections (B) through (D) to the following address:
- Motor Vehicle Division
Financial Responsibility Unit
P.O. Box 2100, Mail Drop 535M
Phoenix, AZ 85001-2100
- F.** A self-insurer shall keep a copy of the self-insurance certificate in each covered vehicle at all times.
- G.** A self-insurer shall submit periodic, written notification updates to the Department of vehicles added or removed from self-insurance coverage. The written notification shall include the vehicle identification number of each vehicle.
- H.** A self-insurer that terminates self-insurance shall provide new evidence of financial responsibility as required under A.R.S. § 28-4135 for each vehicle previously covered under a self-insurance certificate.
- I.** In addition to the reasonable grounds prescribed under A.R.S. § 28-4007(C), the Department may cancel a self-insurance certificate under the following circumstances:
1. A self-insurer fails to comply with provisions of the Department's annual update requirement under subsection (D), or
 2. A self-insurer no longer owns the covered business or fleet.
- J.** For the purpose of A.R.S. § 28-4007(C) and this Section, the Department shall conduct a self-insurance cancellation hearing according to the provisions prescribed under 17 A.A.C. 1, Article 5.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1). Section amended by final expedited rulemaking at 24 A.A.R. 279, effective

January 12, 2018 (Supp. 18-1).

R17-5-811. Certificate of Deposit as Alternate Proof of Financial Responsibility; Applicability

For the purpose of A.R.S. §§ 28-4076(2) and 28-4084, a person depositing a \$40,000 certificate of deposit with the state treasurer as alternate proof of financial responsibility may apply the certificate to a maximum of 25 non-commercial vehicles registered in the person's name.

Historical Note

New Section made by final rulemaking at 13 A.A.R. 858, effective March 6, 2007 (Supp. 07-1).

ARTICLE 9. TRANSPORTATION NETWORK COMPANIES**R17-5-901. Definitions**

In addition to the definitions provided under A.R.S. § 28-9551, when applicable to a transportation network company, the following definitions apply to this Article unless otherwise specified:

"Applicant" means a person that meets the statutory requirements of a transportation network company as prescribed under A.R.S. Title 28, Chapter 30, Article 3.

"Designated point of contact" means a person employed by a transportation network company who has the authority to gather and provide records to the Department on request.

"Transportation network company permit" means a document issued by the Department to an applicant that meets the requirements prescribed under A.R.S. Title 28, Chapter 30, Article 3, as authorization to conduct transportation network services in this state.

"Violation" means a failure to maintain or make available to the Department any records the transportation network company is required to maintain and provide to the Department on request as provided under A.R.S. §§ 28-9554 through 28-9556.

Historical Note

New Section made by exempt rulemaking under Laws 2015, Ch. 235, § 14, at 21 A.A.R. 1825, effective August 21, 2015 (Supp. 15-3). Section repealed; new Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-902. Transportation Network Company Permit - Initial Application; Issuance; Fee

- A.** An applicant for a transportation network company permit issued by the Department under A.R.S. § 28-9552, shall apply to the Department by:
1. Completing and submitting online the application form provided by the Department at www.azdot.gov;
 2. Providing the full name and contact information of the applicant's agent for service of process in this state;
 3. Certifying that the transportation network company meets the requirements of A.R.S. Title 28, Chapter 30, Article 3;
 4. Filing a legible illustration of the applicant's trade dress; and
 5. Paying a \$1,000 application fee as provided under A.R.S. § 28-9552(A).
- B.** Upon receipt and acceptance of all required documents, fees, and certifications, the Department shall issue to an applicant a transportation network company permit.
- C.** The application fee paid to the Department under subsection (A) is refundable in full if the transportation network company permit application is:
1. Denied by the Department, or

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

2. Withdrawn by the applicant before the Department issues a transportation network company permit.
- D. A transportation network company permit issued by the Department under this Section expires three years after issuance and may be renewed as provided under R17-5-903.

Historical Note

New Section made by exempt rulemaking under Laws 2015, Ch. 235, § 14, at 21 A.A.R. 1825, effective August 21, 2015 (Supp. 15-3). Section repealed; new Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-903. Transportation Network Company Permit - Renewal Application; Issuance; Fee

- A. A transportation network company shall apply to the Department for renewal of a transportation network company permit issued by the Department under A.R.S. § 28-9552 and R17-5-902, no earlier than 90 days, and no later than 30 days, before the permit expires by:
1. Completing and submitting online the renewal application form provided by the Department at <https://secure.servicearizona.com>;
 2. Filing with the Department a legible illustration of the applicant's trade dress if different than the illustration already on file with the Department;
 3. Certifying that the transportation network company meets the requirements of A.R.S. Title 28, Chapter 30, Article 3; and
 4. Paying a \$1,000 renewal application fee as provided under A.R.S. § 28-9552(A).
- B. Upon receipt and acceptance of all required documents, fees, and certifications, the Department shall issue to an applicant a transportation network company permit renewal.
- C. A transportation network company permit renewal issued by the Department expires three years after the date the existing transportation network company permit expires.
- D. The holder of an expired transportation network company permit may apply to the Department for a new transportation network company permit using the renewal application procedure provided under R17-5-903(A).

Historical Note

New Section made by exempt rulemaking under Laws 2015, Ch. 235, § 14, at 21 A.A.R. 1825, effective August 21, 2015 (Supp. 15-3). Section repealed; new Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-904. Transportation Network Company Permit or Renewal - General Provisions

- A. A transportation network company permit or renewal issued by the Department under this Article shall include an assigned number that remains effective until either withdrawn by the Department or until it expires.
- B. A transportation network company permit or renewal issued by the Department under this Article shall not be transferred or assigned, in whole or in part, to any person other than the person to whom the permit is issued, except upon a merger, change in control, or sale of substantially all of the transportation network company's assets to an entity that assumes the duties and obligations of the permit. The transportation network company shall notify the Department within 30 days of such a transfer or assignment, and the Department shall have 30 days beginning on such notification to nullify the transfer or assignment based on the criteria set forth in this Article. An initial public offering shall not be deemed to trigger a transfer or assignment under this Section.

Historical Note

New Section made by exempt rulemaking under Laws 2015, Ch. 235, § 14, at 21 A.A.R. 1825, effective August 21, 2015 (Supp. 15-3). Section repealed; new Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-905. Transportation Network Company - Record Review

- A. The Department, after providing reasonable notice to a transportation network company, may review with or without cause all records a transportation network company is required to make available to the Department on request as provided under A.R.S. §§ 28-9554 through 28-9556.
- B. A transportation network company shall make all records described under subsection (A) available to the Department for review at an Arizona location.
- C. The Department shall conduct a record review during the transportation network company's normal business hours.
- D. The Department shall provide a copy of its review report to the transportation network company's designated point of contact. The report shall include the review results and indicate any violations found.

Historical Note

New Section made by exempt rulemaking under Laws 2015, Ch. 235, § 14, at 21 A.A.R. 1825, effective August 21, 2015 (Supp. 15-3). Section repealed; new Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-906. Transportation Network Company - Designated Point of Contact

- A. A transportation network company shall provide to the Department the name and contact information of the transportation network company's designated point of contact in this state.
- B. A transportation network company shall notify the Department within 10 business days of making a change to the name or contact information of the transportation network company's designated point of contact in this state.

Historical Note

New Section made by exempt rulemaking under Laws 2015, Ch. 235, § 14, at 21 A.A.R. 1825, effective August 21, 2015 (Supp. 15-3). Section repealed; new Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

ARTICLE 10. VEHICLE FOR HIRE**R17-5-1001. Definitions**

In addition to the definitions in A.R.S. §§ 28-101 and 28-9501, the following terms apply to this Article unless otherwise specified:

"Appealable agency action" has the meaning prescribed in A.R.S. § 41-1092.

"Applicant" means a company that applies to the Department for a vehicle for hire company permit as prescribed under A.R.S. Title 28, Chapter 30, Article 1, and these rules.

"Application" means forms designated as an application and all documents and additional information the Department requires a vehicle for hire company applicant to submit to obtain a vehicle for hire company permit.

"Contested case" has the meaning prescribed in A.R.S. § 41-1001.

"Designated point of contact" means a person employed by a vehicle for hire company who has the authority to gather and provide records to the Department on request.

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

“Good standing” means that an applicant does not have:

- Any outstanding civil penalties owed to the Department;
- Any suspension, revocation, or cancellation of a vehicle for hire company permit issued by the Department;
- Any delinquent fees, taxes, or unpaid balances owed to the Department; or
- Any open complaints submitted to the Department regarding compliance with vehicle for hire statutes or rules.

“Government agency” means this state and any political subdivision of this state that receives and uses tax revenues.

“*Handbook 44*” means the U. S. Department of Commerce, National Institute of Standards and Technology (NIST) *Handbook 44*, Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices, Section 5.54. Taximeters, revised as of 2016.

“NIST” means the National Institute of Standards and Technology of the U.S. Department of Commerce.

“Permittee” means the owner or responsible party in the vehicle for hire company that meets all permit requirements and holds a vehicle for hire company permit.

“Trade dress” means a removable and distinct logo, insignia or emblem attached to, or visible from the exterior of a taxi while providing vehicle for hire services as a taxi, and that includes the word “taxi” or “cab.”

“Vehicle for hire company permit” means the permit required in A.R.S. § 28-9503 for a vehicle for hire company to operate in this state.

“Violation” means the failure of a vehicle for hire company to:

- Provide to the Department any records the vehicle for hire company is required to maintain and provide on request, as provided in A.R.S. § 28-9507;
- Follow these rules; or
- Follow A.R.S. Title 28, Chapter 30, Articles 1 and 2.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1002. Incorporation by Reference

The Department incorporates by reference the U. S. Department of Commerce, National Institute of Standards and Technology (NIST) *Handbook 44*, Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices, Section 5.54. Taximeters, revised as of 2016, and no later amendments or editions. The incorporated material is available at www.nist.gov/pml/pubs/hb44.cfm. The incorporated material is on file with the Department at 206 S. 17th Ave., Phoenix, AZ.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1003. Vehicle for Hire Company Permit; Good Standing; Handbook 44

- A. An applicant to the Department for a vehicle for hire company permit shall be in good standing with the Department at the time the vehicle for hire company applies for or renews a vehicle for hire company permit.

- B. A vehicle for hire company that operates a vehicle for hire as a taxi shall have an operating taxi meter installed in each taxi by a person or company that uses *Handbook 44*.
- C. A vehicle for hire company operating a taxi shall maintain, and make available to the Department, records for the installation and calibration of each taxi meter for the duration of the three-year vehicle for hire company permit.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1004. Vehicle for Hire Company Permit - Initial Application; Issuance; Fee

- A. A vehicle for hire company shall apply to the Department for a vehicle for hire company permit by:
 1. Completing and submitting the application form to the Department that is located at: www.azdot.gov;
 2. Providing the full name and contact information of the vehicle for hire company’s agent for service of process in this state;
 3. Submitting a clear illustration of the vehicle for hire company’s trade dress, if operating as a taxi;
 4. Paying the application fee of \$24 per vehicle that is used as a taxi by the vehicle for hire company at the time of application, not to exceed a total of \$1,000 per applicant, as required by A.R.S. § 28-9503;
 5. Certifying that the vehicle for hire company meets all vehicle for hire company requirements in A.R.S. Title 28, Chapter 30, Article 1; and
 6. Stating the total number of vehicles for hire in the vehicle for hire company fleet at the time of application.
- B. A vehicle for hire company shall provide to the Department the name and contact information of the vehicle for hire company’s designated point of contact in this state.
- C. After the Department receives and accepts a completed application, all certifications, and the application fee, if applicable, the Department shall issue to an applicant a vehicle for hire company permit.
- D. A vehicle for hire company permit issued by the Department expires three years after the date of issuance.
- E. A vehicle for hire company may apply to renew a vehicle for hire company permit as provided in R17-5-1005.
- F. A vehicle for hire company shall notify the Department within 10 business days of making a change to the name or contact information of the vehicle for hire company’s designated point of contact in this state.
- G. A vehicle for hire company permit or renewal issued by the Department under this Article may be transferred to a person other than the person to whom the permit is issued, if ownership of the vehicle for hire company changes. The vehicle for hire company shall notify the Department within 30 days of such a transfer.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1005. Vehicle for Hire Company Permit - Renewal Application; Issuance; Fee

- A. A vehicle for hire company shall apply to the Department for renewal of an existing vehicle for hire company permit under A.R.S. § 28-9503, no earlier than 90 days and no later than 30 days before the three-year permit expires by:
 1. Completing and submitting the required information, all certifications, and the application fee, if applicable, to the Department at: <https://secure.servicearizona.com>;

CHAPTER 5. DEPARTMENT OF TRANSPORTATION - COMMERCIAL PROGRAMS

2. Submitting a clear illustration of the vehicle for hire company's trade dress, if operating as a taxi, and if different than the illustration already on file with the Department;
 3. Paying the renewal application fee of \$24 per vehicle that is used as a taxi at the time of permit renewal, not to exceed a total of \$1,000 per applicant, as required by A.R.S. § 28-9503; and
 4. Certifying that the vehicle for hire company meets all the vehicle for hire company requirements in A.R.S. Title 28, Chapter 30, Article 1.
- B.** Upon receipt and acceptance of all required documents, fees, if applicable, and certifications, the Department shall issue to an applicant a vehicle for hire company permit renewal.
- C.** A vehicle for hire company permit renewal issued by the Department expires three years after the existing vehicle for hire company permit expires.
- D.** The holder of an expired vehicle for hire company permit may apply to the Department for a new vehicle for hire company permit using the renewal application procedure provided under R17-5-1005(A).

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1006. Vehicle for Hire Company Permit or Renewal - General Provisions

A vehicle for hire company permit issued by the Department shall include an assigned number that remains effective until either withdrawn by the Department or until the permit expires.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1007. Vehicle for Hire Company; Record Review; Inspection

- A.** The Department, after providing reasonable notice to a company with a vehicle for hire company permit, may review, with or without cause, all records of a vehicle for hire company as prescribed in A.R.S. § 28-9507, at intervals determined by the Department.
- B.** A vehicle for hire company shall make all records described under subsection (A) available to the Department for review at an Arizona location.

- C.** The Department shall conduct a record review during the vehicle for hire company's normal business hours.
- D.** The Department may conduct a periodic, random inspection of a taxi meter and any vehicle for hire, or in response to a complaint by the public. An inspection may include an inspection of the taxi meter in a taxi and the signage required by A.R.S. § 28-9506.
- E.** After the inspection, the Department shall provide a copy of the inspection report to the vehicle for hire company or the designated point of contact. The report shall include any deficiencies or violations indicated during the inspection.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1008. Posting of Fares

- A.** When a livery vehicle provides local transportation at fares that are established in a contract with a government agency, the livery vehicle interior signage shall indicate that fares are determined by contract with a government agency when providing those services.
- B.** When a livery vehicle provides local transportation services at fares that are not established in a contract with a government agency, the livery vehicle interior signage shall post fares in accordance with A.R.S. § 28-9506(A)(2).

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

R17-5-1009. Appealable Agency Actions; Rehearing; Judicial Review

- A.** A.R.S. Title 41, Chapter 6, Article 10 applies to all contested cases and all appealable agency actions of the Department under A.R.S. Title 28, Chapter 30, Article 2.
- B.** A vehicle for hire company whose permit, renewal, or authority is denied has a right to a hearing, an opportunity for rehearing under A.R.S. Title 41, Chapter 6, Articles 6 and 10, and if the denial is upheld, judicial review under A.R.S. Title 12, Chapter 7, Article 6.

Historical Note

New Section made by final rulemaking at 23 A.A.R. 223, effective March 6, 2017 (Supp. 17-1).

The release of this Chapter in Supp. 19-4 replaces Supp. 18-4, 1-10 pages

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

ARTICLE 1. RESERVED**ARTICLE 2. RESERVED****ARTICLE 3. RESERVED****ARTICLE 4. ELECTRONIC FUNDS TRANSFERS****R17-8-401. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-101 and 28-5601, the following terms apply to this Article:

“ACH credit” means an electronic funds transfer:

Generated by a licensee, and
Cleared through an ACH for deposit to the Department account.

“ACH debit” means an electronic funds transfer from a licensee’s account:

Authorized by a licensee-signed authorization agreement,
Generated at a licensee’s instruction, and
Cleared through an ACH for deposit to the Department account.

“ADOT account number” means a confidential number assigned by the Department that identifies a licensee.

“Authorized representative” means the owner, officer, or managing person of the licensee.

“Automated Clearing House,” or “ACH,” means a central distribution and settlement point for the electronic clearing of debits and credits between financial institutions.

“Cash Concentration or Disbursement Plus,” or “CCD+,” means the standardized data format approved by Nacha for remitting tax payments electronically.

“Electronic Fuel Tax Program” means the Department program for the electronic filing of fuel tax reports and payment of fuel taxes.

“Electronic fuel tax report” means the monthly fuel tax report required under A.R.S. Title 28, Chapter 16, Article 1, filed pursuant to the Electronic Fuel Tax Program.

“Electronic funds transfer” means a transmission of funds by electronic means to order, instruct, or authorize a financial institution to debit or credit an account pursuant to the Electronic Fuel Tax Program.

“Financial institution” means a licensed bank, savings and loan association, mutual savings bank or credit union.

“Licensee” means a person licensed under A.R.S. Title 28, Chapter 16, Article 1.

“Nacha” is a not-for-profit association that oversees the ACH network.

“Payment information” means data the Department requires of a licensee when making an electronic funds transfer.

“State servicing bank” means the financial institution contracted to perform banking functions on behalf of the state.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 225, effective March 7, 2009 (Supp. 09-1). Amended by final expedited rulemaking at 25 A.A.R. 3573, with an immediate effective date of December 3, 2019 (Supp. 19-4).

R17-8-402. Applicability

- A. A licensee authorized by the Department to file electronic fuel tax reports under A.R.S. Title 28, Chapter 16, shall remit payments to the Department by electronic funds transfer as provided under A.R.S. §§ 28-374, 28-5930, and this Article.

- B. Payments subject to this Article include any tax or fee associated with:

1. Filing original or amended tax reports,
2. Taxpayer billings associated with tax reports, or
3. Audit assessments associated with tax reports.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 225, effective March 7, 2009 (Supp. 09-1).

R17-8-403. Electronic Funds Transfer Declaration

- A. Prior to remitting an initial payment by electronic funds transfer, and within 30 days prior to any change in the method of payment transfer, a licensee shall file with the Department an electronic funds transfer declaration.
- B. The electronic funds transfer declaration shall be made on a form approved by the Department and shall contain the following:
1. Licensee name;
 2. Licensee Employer Identification Number (EIN);
 3. Business address;
 4. ADOT account number;
 5. Payment type;
 6. Either ACH credit or ACH debit payment method;
 7. Name, title, email address, and phone number of contact person;
 8. Signature of the authorized representative of the licensee; and
 9. Any other information required by the Director.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 225, effective March 7, 2009 (Supp. 09-1). Amended by final expedited rulemaking at 25 A.A.R. 3573, with an immediate effective date of December 3, 2019 (Supp. 19-4).

R17-8-404. Procedures for Payment

- A. All electronic funds transfers shall be in compliance with the Nacha Operating Rules and Guidelines.
- B. A licensee may remit payments by either ACH credit or ACH debit.
- C. A licensee using the ACH credit method shall ensure that all ACH credit transfers are in the CCD+ addenda format and contain all information required by the Department and the licensee’s financial institution to process the transfer.
- D. A licensee using the ACH debit method shall electronically communicate the following payment information to the state servicing bank:
1. ADOT account number,
 2. Payment amount, and
 3. Any other information required by the Director.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 225, effective March 7, 2009 (Supp. 09-1). Amended by final expedited rulemaking at 25 A.A.R. 3573, with an immediate effective date of December 3, 2019 (Supp. 19-4).

R17-8-405. Remedies

- A. Violations of this Article shall result in the assessment of applicable penalties, interest, and late filing fees pursuant to A.R.S. Title 28, Chapter 16.
- B. Licensure shall be subject to cancellation by the Department upon a licensee’s failure to comply with this Chapter and A.R.S. Title 28, Chapter 16 or 25, for failing to file an electronic report as required under A.R.S. § 28-5930.
- C. Remedies are cumulative. A cancellation of licensure under this Chapter or A.R.S. Title 28, Chapters 16 and 25, shall not terminate any reporting requirement or fee, tax, penalty or interest obligation.

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

Historical Note

New Section made by final rulemaking at 15 A.A.R. 225, effective March 7, 2009 (Supp. 09-1).

ARTICLE 5. ELECTRONIC FUEL TAX REPORTING**R17-8-501. Definitions**

In addition to the definitions provided under A.R.S. §§ 28-101 and 28-5601, the following terms apply to this Article:

“Applicant” means a person applying for licensure under A.R.S. Title 28, Chapter 16, Article 1.

“Electronic Fuel Tax Program” has the same meaning as defined in R17-8-401.

“Electronic fuel tax report” has the same meaning as defined in R17-8-401.

“Electronic Fuel Tax Reporting Agreement” means the contract between the Department and each licensee pertaining to filing electronic fuel tax reporting requirements in the form and containing such terms and conditions as established by the Director from time to time.

“Electronic funds transfer” has the same meaning as defined in R17-8-401.

“Fuel Tax Suite” means the secure website provided by the Department for filing fuel tax reports and accessing a licensee’s fuel tax account.

“Licensee” has the same meaning as defined in R17-8-401.

“Secure Access Gateway” means the Department’s secure network application that allows a remote user to connect to the Fuel Tax Suite.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 278, effective March 7, 2009 (Supp. 09-1). Amended by final expedited rulemaking at 25 A.A.R. 3573, with an immediate effective date of December 3, 2019 (Supp. 19-4).

R17-8-502. Applicability; General Provisions

- A. For the purpose of administering the reporting requirements under A.R.S. Title 28, Chapter 16, Articles 1 and 5, a licensee shall participate in the Electronic Fuel Tax Program as provided under this Article.
- B. Each applicant and licensee shall apply for Department authorization to submit electronic fuel tax reports as required by the Department.
- C. Each applicant and licensee shall enter into an Electronic Fuel Tax Reporting Agreement as a condition of licensure.
- D. A licensee authorized by the Department to file electronic fuel tax reports shall complete monthly fuel tax reports only by means of the Electronic Fuel Tax Program and shall not submit such reports in paper form.
- E. A licensee authorized by the Department to file electronic fuel tax reports shall submit fuel tax payments by electronic funds transfer as provided under Article 4. The licensee shall ensure that the fuel tax payments are deposited to the Department account as prescribed under A.R.S. Title 28, Chapter 16, Articles 1 and 5.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 278, effective March 7, 2009 (Supp. 09-1). Amended by final expedited rulemaking at 25 A.A.R. 3573, with an immediate effective date of December 3, 2019 (Supp. 19-4).

R17-8-503. Method and Medium of Transmission

- A. A licensee shall submit electronic fuel tax reports to the Department through the Fuel Tax Suite.
- B. The filing deadline is 5:00 p.m. (Arizona Mountain Standard Time) on the 27th day of each calendar month, or, if such day is a Saturday, Sunday, or Arizona legal holiday, the next following business day.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 278, effective March 7, 2009 (Supp. 09-1).

R17-8-504. Data Elements and Format

Electronic fuel tax reports shall include the following:

1. Identification of the licensee,
2. Detailed load-by-load receipts information that establishes the amount of fuel received,
3. Detailed load-by-load disbursement information that establishes the amount of fuel delivered,
4. Diesel differential information that establishes the basis for the differential adjustment, and
5. Other information required by the Director.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 278, effective March 7, 2009 (Supp. 09-1). Amended by final expedited rulemaking at 25 A.A.R. 3573, with an immediate effective date of December 3, 2019 (Supp. 19-4).

R17-8-505. Record Retention; Audit

- A. A licensee shall retain the following records as provided under this Section:
 1. A copy of each electronic fuel tax report,
 2. A record of all transactions subject to the Electronic Fuel Tax Program,
 3. A record of all other electronic transmissions under the Electronic Fuel Tax Program,
 4. Back-up files adequate to recreate all electronic records, and
 5. All other records required under A.R.S. § 28-5619.
- B. A licensee shall make available to the Department for inspection all hard copy records, electronic records, books, receipts, disbursements, and accounts used in support of an electronic report as prescribed under A.R.S. Title 28, Chapter 16. At the time of inspection, the licensee shall provide the Department with access to the electronic reporting method and medium in effect at the time of all electronic transmissions sufficient for the Department to effectively follow the audit trail.
- C. A licensee shall retain the records specified under this Section for a period of three years following the latter of the filing due date or the actual filing date of an original or amended electronic fuel tax report. However, if notified by the Department of an audit, the licensee shall retain the records referenced in the Department’s notice through the date the Department finalizes the audit.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 278, effective March 7, 2009 (Supp. 09-1).

R17-8-506. Remedies and Waiver

- A. Violations of this Article shall result in the assessment of applicable penalties, interest, and late filing fees pursuant to A.R.S. Title 28, Chapter 16, provided that, subject to statute, the Department may waive and extend compliance deadlines in order to advance the efficient administration of the Electronic Fuel Tax Program as it may, in its sole discretion, determine appropriate in particular cases.

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

- B. Licensure shall be subject to cancellation by the Department upon a licensee's failure to comply with this Chapter and A.R.S. Title 28, Chapter 16 or 25, for failing to file an electronic report as required under A.R.S. § 28-5930.
- C. Remedies are cumulative. A cancellation of licensure under this Chapter and A.R.S. Title 28, Chapters 16 and 25, shall not terminate any reporting requirement or fee, tax, penalty or interest obligation.

Historical Note

New Section made by final rulemaking at 15 A.A.R. 278, effective March 7, 2009 (Supp. 09-1).

ARTICLE 6. MOTOR FUEL REFUNDS**R17-8-601. Definitions and General Provisions**

- A. Definitions. The following definitions apply to this Article unless otherwise specified:

"Application" means a request for refund of motor fuel taxes, made on a form provided by the Department.

"Cardlock use fuel facility" has the same meaning as a cardlock facility as defined in A.R.S. § 28-5605.

"Claimant" means the taxpayer or a person who has the authority to file an application on behalf of the taxpayer, as authorized by a notarized power of attorney, also referred to as applicant.

"Complete application" means an application that includes all supporting documentation and schedules for the period of the refund claim, claimant signature, and provides all information required on the application.

"Contaminated Fuel" means motor fuel, which is accidentally tainted, and which is unsalable for highway use.

"Daily log" means notations made by a driver of a commercial motor vehicle which records a daily record of duty status as specified under 49 CFR 395.8.

"Declaration of Status" means a statement on a form provided by the Department that a light class or exempt use class vehicle qualifies for use fuel tax differential under A.R.S. § 28-5606(B)(2).

"Destination state" means a state in the United States, other than the state of Arizona.

"Diversion" means delivery of motor fuel to a destination state other than the intended destination as signified on a carrier bill of lading.

"Exempt use class motor vehicle" means a vehicle exempt from gross weight fees under A.R.S. § 28-5432.

"GPS" means the Global Positioning System, a navigation system of satellites and receiving devices used to compute vehicle position and time information.

"Highway" has the same meaning as defined in A.R.S. § 28-5601, and also includes a:

Port of entry,
Weigh station, or
Public rest area.

"Idle status" means a vehicle that is stationary, its engine continues to operate, and it is located in Arizona, but off-highway.

"Licensee" has the same meaning as defined in A.R.S. § 28-5613.

"Light class motor vehicle" has the same meaning as defined in A.R.S. § 28-5601.

"Mexican Pedimento" means an authorizing permit document issued by Mexico.

"Motor fuel" has the same meaning as defined in A.R.S. § 28-5601.

"Motor fuel tax" means any tax on motor fuel imposed under A.R.S. Title 28, Chapter 16, Article 1.

"Notification date" means the date on a notice sent by the Department.

"Off-highway" means any location that is not on a highway in this state.

"Person" has the same meaning as defined in A.R.S. § 28-5601.

"Power take-off" means the operation of vehicle-mounted, auxiliary equipment that is powered by energy supplied by the same engine that propels the motor vehicle, but does not include equipment related to the operation of a vehicle and powered by the vehicle's engine, including air conditioning, alternator, automatic transmission, and power steering.

"Tribal agreement" means an agreement between the Department and a Native American tribe for the administration of motor fuel taxes.

"Trip" means travel within or through Arizona's state borders with a designated beginning and ending location.

"Use class motor vehicle" has the same meaning as defined in A.R.S. § 28-5601.

"Use fuel" has the same meaning as defined in A.R.S. § 28-5601.

"Use fuel tax differential" means the difference between the use fuel tax rate applicable to light class motor vehicles or exempt use class motor vehicles, and the use fuel tax rate applicable to use class motor vehicles.

"Vendor" has the same meaning as defined in A.R.S. § 28-5601.

"VIN" means Vehicle Identification Number.

B. General Provisions.

1. Scope. For purposes of administering A.R.S. § 28-5612 this Article applies to a person or licensee under A.R.S. §§ 28-5612 and 28-5613.
2. Application.
 - a. A complete application for refund of motor fuel tax shall be submitted to the Department.
 - i. A claimant may combine several months' totals and submit to the Department one application for refund.
 - ii. A complete application shall be for the whole calendar month and not for a partial month.
 - iii. Supplemental applications for refunds covering the same period already paid are not permitted.
 - b. An application for refund for an amount of \$10 or less shall be accepted only once within a consecutive six-month period.
 - c. When the Department determines that an application is incomplete under these rules and A.R.S. Title 28, Chapter 16, Article 1, the Department shall suspend processing of the application for refund and,
 - i. Notify the claimant of the deficiencies, and
 - ii. Return the application to the claimant.
 - d. A claimant whose application is returned as incomplete under A.R.S. Title 28, Chapter 16, Article 1

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

- and these rules shall have 60 days from the notification date to remedy the deficiencies.
- e. If the claimant fails to remedy the deficiencies under subsection (B)(2)(c) within 60 days of the notification date and return a complete application, the Department shall deny the application for refund.
 - f. If the Department denies an application because the claimant failed to remedy a deficiency, the deadline to submit a new application shall be governed by the time-frames established in subsection (B)(3).
3. Application filing. A complete application for refund shall be submitted to the Department as provided in Table 1.
 4. Filing location and timely filing. A claimant shall submit an application under this Article to the Department as provided under A.R.S. § 1-218, and this subsection:
 - a. Hand delivered or other delivery service requiring a street address:
 - i. Arizona Department of Transportation, Financial Management Services, Fuel Tax Refund Compliance Unit, 1801 W. Jefferson St., Rm. 201, Phoenix, AZ 85007.
 - ii. Hand delivered: the Department time and date stamp will be used to determine whether a complete application was received within the required time-frames established under subsection (B)(3).
 - iii. Other delivery service: the date of receipt by the designated delivery service shall be used to determine whether an application was received by the Department within the required time-frame established under subsection (B)(3).
 - b. United States Postal Service, including certified or registered mail:
 - i. Arizona Department of Transportation, Financial Management Services, Fuel Tax Refund Compliance Unit, P.O. Box 2100, Mail Drop 521M, Phoenix, AZ 85001.
 - ii. Regular mail: the postmark date will be used to determine whether an application was received by the Department within the required time-frames established under subsection (B)(3).
 - iii. Certified or registered mail: the date of receipt by the designated delivery service shall be used to determine whether an application was received by the Department within the required time-frame established under subsection (B)(3).
 - c. Other method as indicated on the Department's website at www.azdot.gov.
 5. Supporting documentation.
 - a. The Department shall accept any of the following forms of documentation to support a claim for refund, which may be admissible to the same extent as an original:
 - i. Photocopies;
 - ii. Duplicates (reprints);
 - iii. Document image; or
 - iv. Electronic copy, as indicated on the Department's website at www.azdot.gov.
 - b. The Department shall not return documentation submitted to support an application for refund once an application for refund has been accepted as complete.
 - c. If the Department determines that the supporting documentation required under these rules does not provide sufficient evidence of motor fuel tax paid, the Department may require the claimant to produce additional information.
 - d. Failure to produce additional documentation as requested by the Department, within the time prescribed under subsection (B)(2)(d), shall result in a denial of refund request being issued by the Department.
 6. Record retention and review.
 - a. A licensee shall maintain the records relied upon to support the application for refund as specified under A.R.S. Title 28, Chapter 16, Article 1 and these rules, and produce those records to the Department when requested.
 - b. Unless required by A.R.S. Title 28, Chapter 16 to maintain records relied upon to substantiate an application for refund for a shorter or longer period of time, a licensee shall retain the records required to support an application for refund for three years from the issuance date of refund by the Department.
 - c. The Department reserves the right to review a claimant's records used to substantiate an application for refund under these rules.
 7. If at any time, the Department discovers an overpayment of motor fuel tax refunded to a claimant under these rules, the Department shall recover payment under A.R.S. § 28-5612.
 8. Notification; violation; suspension; administrative hearing.
 - a. Denial of request for refund. If the Department denies an applicant's request for refund the Department shall send notification of denial to the claimant.
 - b. Administrative Hearings. Hearings, rehearings, and appeals shall be noticed and conducted in accordance with A.R.S. § 28-5924 and A.A.C Title 17, Chapter 1, Article 5.
 - c. Suspension due to violation of A.R.S. § 28-5612.
 - i. If the Department finds that a claimant is in violation of A.R.S. § 28-5612, the Department shall send notification to the claimant identifying the violation.
 - ii. A claimant determined by the Department to be in violation of state laws and regulations under A.R.S. § 28-5612 and these rules, may be suspended from filing motor tax fuel refunds for six consecutive months from the notification date of the Department for motor fuel tax paid during the suspension period.
 - iii. If a suspension is set aside under A.R.S. § 28-5612, a claimant may again apply to the Department for refund.
 - iv. The time-frame requirements under subsection (B)(3) shall not toll while pursuit of remedy by the claimant or the Department under this subsection.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

Table 1 made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Table 1 amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-602. Exports

A. To qualify under this Article for a refund of Arizona fuel tax paid on motor fuel exported, a claimant shall provide the following documents to support a complete application for refund:

1. Export to another state within the United States:
 - a. Terminal, carrier, or bulk plant bill of lading or delivery ticket showing the point of origin and destination of the motor fuel;
 - b. Invoice or monthly supplier report schedule indicating that the Arizona tax was paid;
 - c. Motor fuel invoice or shipping document reflecting final destination and gallons exported;
 - d. Tax report establishing that the destination state's tax was reported;
 - e. Name and license number issued by the destination state of the licensee responsible for payment of motor fuel tax and tax reporting to the destination state; and
 - f. If the export of motor fuel is a diversion, the claimant shall provide the following documents to the Department:
 - i. A carrier bill of lading; and
 - ii. Other documentation which supports the delivery of motor fuel to a specific location, other than its intended destination.
2. Exports to Mexico:
 - a. Documentation under subsection (A)(1),
 - b. U.S. Department of Commerce export documentation, and
 - c. Copy of Mexican Pedimento indicating authorization for import and verification of the motor fuel import.
3. Exports to Navajo Nation:
 - a. Documentation under subsection (A)(1),
 - b. Name and license number of the Navajo Nation distributor,
 - c. Copy of Navajo Nation manifest or copy of the Navajo Nation monthly motor fuel distributor tax return, and
 - d. Invoice showing the Navajo Nation tax was included in total amount due.

B. The description of the motor fuel exported shall be identical on all documentation submitted in support of a request for refund of motor fuel tax paid on export.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-603. Use Fuel Vendors

A. To qualify for refund of the use fuel tax differential, a use fuel vendor shall submit to the Department:

1. A complete application as prescribed under R17-8-601;
2. Supplier or restricted distributor invoice, documenting the use fuel taxes that the vendor paid for the fuel; and
3. Supporting documentation:
 - a. For sales of use fuel dispensed from a pump which is labeled for use class into a light class or exempt use class vehicle, a fuel log of use fuel tax differential sales, submitted on a format approved by the Department that includes the following vendor information:
 - i. Vendor name;
 - ii. Department-issued retail branch number;
 - iii. Retail branch physical address;
 - iv. Department-issued vendor license number;
 - v. Date of sale to consumer;
 - vi. License plate number and name of jurisdiction that issued the license plate of the motor vehicle into which the fuel was dispensed;
 - vii. Number of gallons of use fuel that were purchased and dispensed into the fuel tank of a qualifying vehicle;
 - viii. Amount of fuel tax refunded to purchaser; and
 - ix. Purchaser's name and signature indicating receipt of the refund made by a vendor of use fuel, submitted on a vendor use fuel refund log, provided by the Department.
 - b. For use fuel vendors who have sales of use fuel dispensed from both a pump labeled for use class and from a pump labeled for light class or exempt use class, a report of the total pump sales for each type.

B. A licensed use fuel vendor shall maintain the following records under R17-8-601(B)(6):

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

1. Records of daily sales to light class or exempt use class motor vehicles which provides details for each use fuel sale to include the following:
 - a. Gallonage,
 - b. Transaction date,
 - c. Price per gallon, and
 - d. Product description;
 2. Purchase invoices of use fuel;
 3. Inventory records of use fuel; and
 4. Vendor use fuel refund log under subsection (A)(3)(a).
- C. Cardlock use fuel facility.**
1. Applicability. For purposes of receiving a refund from the Department for use fuel sold to a light class or exempt use class vehicle at a cardlock use fuel facility, the vendor shall:
 - a. Submit documentation under subsection (A)(3), except subsection (A)(3)(a)(ix), to the Department;
 - b. Have controlled access to the cardlock use fuel facility in compliance with A.R.S. § 28-5605;
 - c. Restrict use of a cardlock use fuel facility to those approved purchasers that have completed a Declaration of Status; and
 - d. Shall maintain records under subsection (B).
 2. Declaration of Status.
 - a. A vendor shall require that a purchaser of use fuel for use in light class or exempt use class vehicles complete and submit to the vendor a Declaration of Status for each vehicle that will have the ability to obtain fuel at a cardlock use fuel facility.
 - b. A Declaration of Status must be completed for each additional vehicle prior to purchase of motor fuel at a cardlock use fuel facility.
 - c. A Declaration of Status shall be made on a form provided by the Department and may be obtained at www.azdot.gov.
 - d. The original signature of the purchaser shall be included on the Declaration of Status.
 - e. A vendor who operates a cardlock use fuel facility must retain all original Declarations of Status received from a purchaser in the vendor's files under R17-8-601(B)(6), and shall make the Declarations of Status available for review by the Department.
 3. Labeling. A cardlock vendor shall comply with state law by placing a label with verbiage and specifications as required under A.R.S. § 28-5605.
 - a. Cardlock use fuel facilities shall post a use fuel tax rate label provided by the Department.
 - b. Vendors found in violation of labeling regulations shall be subject to penalties under A.R.S. § 28-5605.
- D. Mobile fueling vendor.**
1. Applicability. For purposes of receiving a refund from the Department for use fuel sold and delivered directly from a mobile vehicle into a light class or exempt use class vehicle fuel tank for other than the dispenser's own consumption, the vendor shall:
 - a. Submit documentation under subsection (A)(3), except subsection (A)(3)(a)(ix), to the Department; and
 - b. Shall maintain records under subsection (B).
 2. Declaration of Status.
 - a. A vendor shall require that a purchaser of dispensed use fuel complete and submit to the vendor a Declaration of Status for each light class or exempt use class vehicle that will have the ability to obtain fuel with a mobile fueling vendor.
 - b. A Declaration of Status must be completed for each additional vehicle prior to delivery of motor fuel by a mobile fueling vendor.
 - c. A Declaration of Status shall be made on a form provided by the Department and may be obtained at www.azdot.gov.
 - d. The original signature of the purchaser shall be included on the Declaration of Status.
 - e. A vendor who operates a mobile fueling operation must retain all original Declarations of Status received from a purchaser in the vendor's files under R17-8-601(B)(6), and shall make the Declarations of Status available for review by the Department.
 3. Labeling. A mobile fueling vendor shall comply with state law by placing a label with verbiage and specifications as required under A.R.S. § 28-5605.
 - a. Mobile fueling vendors shall post on their fueling dispenser a use fuel tax rate label provided by the Department.
 - b. Vendors found in violation of labeling regulations shall be subject to penalties under A.R.S. § 28-5605.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-604. Off-Highway

- A.** The Department shall refund under this Article the Arizona motor fuel tax paid on the motor fuel consumed in Arizona while the vehicle is off-highway.
- B.** A complete application for refund, as prescribed under R17-8-601, shall include the following supporting documentation:
1. System or manual motor fuel log summary by VIN which includes the following:
 - a. Items under subsection (C)(1)(a), and
 - b. Mileage consumed off-highway when applicable;
 2. Equipment and vehicle listing which includes year, make, equipment type, VIN or equipment serial number, and gross vehicle weight; and
 3. Proof of fuel purchase which may include:
 - a. Motor fuel invoices,
 - b. Motor fuel purchase receipts, and
 - c. Computerized fuel purchase statement.
- C.** A claimant shall provide the following documentation to the Department for the identified refund types:
1. Refrigeration unit:
 - a. Fuel log summary consisting of, at a minimum, the following information:
 - i. Fuel type,
 - ii. Date fuel dispensed,
 - iii. Number of gallons dispensed, and
 - iv. Identification number of equipment or vehicle into which the fuel was dispensed.
 - b. Equipment or vehicle listing which includes year, make, equipment type, VIN or equipment serial number, and gross vehicle weight.
 2. Power take-off: A motor fuel consumption study under this Section shall be conducted at the claimant's expense, and shall be approved by the Department prior to the initial application for refund, and shall include the following information:
 - a. A description of the methodology used to determine the percentage of exempt motor fuel consumed by the power take-off;
 - b. A list of all equipment using motor fuel;

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

- c. All operations where motor fuel is consumed;
 - d. Testing and study components shall be a true representation of the operation of business as follows:
 - i. Vehicles shall be grouped into similar categories based on similar power take-off units and similar gross vehicle weight.
 - ii. Vehicles selected shall be representative of the category as to age, make, model, and engine size.
 - iii. Each vehicle category shall be tested individually to determine the amount of motor fuel consumed by the power take-off unit.
 - iv. If a vehicle category contains:
 - (1) Less than four vehicles, all vehicles must be included in the test study.
 - (2) Thirty or fewer vehicles, then at least three vehicles must be included in the test sample.
 - (3) More than 30 and fewer than 151 vehicles, then at least 10 percent of the vehicles must be included in the test sample.
 - (4) More than 150 vehicles, then at least 15 vehicles must be included in the test sample.
 - e. Explanation of the measuring method used to determine fuel consumption by vehicles, equipment, and machinery, which shall include manufacturer specifications;
 - f. Results of a period of a study which shall include a period covering cyclical or seasonal impacts which captures low and high points of fuel usage for exempt or non-exempt purposes;
 - g. Results from a test or study shall be a duration of at least two weeks; and
 - h. The approved power take-off percentage may then be used for three years or shall be updated as requested by the Department.
3. Idle time as prescribed under R17-8-605.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-605. Idle Time

- A.** Under the provisions of this Article, the Department shall refund the Arizona motor fuel tax imposed on the motor fuel consumed by a claimant's vehicle while in idle status.
- B.** A complete application for refund, as prescribed under R17-8-601, shall include the following documentation to verify the quantity of motor fuel consumed by a vehicle while in idle status:
 - 1. Documentation that proves the total quantity of motor fuel purchased by the claimant in Arizona during refund period:
 - a. An invoice that contains the following information:
 - i. Date of purchase,
 - ii. Seller's name,
 - iii. Physical address where motor fuel was purchased,
 - iv. Number of gallons of motor fuel purchased,
 - v. Type of motor fuel purchased, and
 - vi. Price per gallon of motor fuel.
 - b. A fuel log shall be maintained that contains the following information:
 - i. The date that the motor fuel was placed in the fuel tank of a motor vehicle,
 - ii. The identification number of the equipment or vehicle in which the motor fuel was placed, and
 - iii. The number of gallons of motor fuel placed in the fuel tank.
 - c. In lieu of subsections (B)(1)(a) and (b), a licensee may submit a summary of the fuel purchases made by the claimant for the vehicle during the refund period. The summary shall contain the same information required to be on a fuel invoice under subsection (B)(1)(a).
- 2. Documentation that proves that the claimant's vehicle was located in Arizona, off-highway, at the time it was in idle status, and the length of time the vehicle was in idle status, using one or more of the following methods:
 - a. Nonscheduled route:
 - i. A logbook, approved by the Department, maintained for each vehicle that identifies the date and time when the idle status started, the date and time when the idle status ended, and a physical description of the location of the vehicle during the idle status that establishes that the vehicle was in Arizona, but located off-highway.
 - ii. The driver shall make an affirmative statement in the driver's daily log that the engine was operating during the idle status and shall prepare the logbook entries simultaneously with the idle status.
 - iii. The claimant shall retain trip schedules or bills of lading to support the logbook entries.
 - b. Scheduled route:
 - i. Published schedule which includes arrival at and departure from fixed locations at prescribed times; or
 - ii. A record of average wait times recorded in a daily log consisting of arrival at and departure from fixed locations at prescribed times, approved by the Department; and
 - iii. The claimant shall document that the engine remained running during the scheduled stops.
 - c. Global Positioning System:
 - i. A report from a GPS, approved pursuant to subsection (C).
 - ii. The claimant shall maintain trip schedules or bills of lading to support GPS reports.
- 3. Documentation that proves the quantity of motor fuel consumed by the claimant's vehicle while in idle status:
 - a. The claimant shall document the number of the gallons of motor fuel consumed per hour to maintain idle status by one or more of the following methods:
 - i. Engine manufacturer's standard specifications that establish the quantity of motor fuel consumed per hour while the vehicle is in idle status.
 - ii. Computerized system that computes the quantity of motor fuel consumed per hour while in idle status.
 - iii. A study or test that determines motor fuel consumption per hour while in idle status, prior to the period covered by the refund claim.
 - b. A study under this Section shall meet the following specifications:
 - i. The study shall be conducted at the claimant's expense,

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

- ii. The methodology shall be approved by the Department prior to conducting the study under subsection (C),
 - iii. The fuel consumption characteristics of the vehicles and their operation during the period of the refund shall not vary significantly from the conditions that existed during the study, and
 - iv. The results of the study shall be approved by the Department prior to the time period covered under the refund claim.
- C. The Department shall review and approve the method used and the data captured by a GPS or manual report prior to the initial claim for refund and the report shall include the following components:
 - 1. A description of the methodology used to determine the percentage of exempt use fuel consumption;
 - 2. A list of all equipment consuming use fuel;
 - 3. A description of all of the vehicle operations where use fuel is consumed;
 - 4. Whether vehicles are traveling scheduled routes, and whether seasonal or cyclical events affect use fuel;
 - 5. Testing and study components shall be a true representation of operation of business as follows:
 - a. Vehicles shall be grouped into similar categories based on similar units and similar gross vehicle weight.
 - b. Each vehicle category must be tested individually to determine the idle time fuel consumption.
 - c. Vehicles selected for testing shall be representative of the category as to age, make, model, and engine size.
 - 6. Study components under R17-8-604(C)(2)(d)(iv);
 - 7. Explanation of the measuring method used to determine fuel consumption by vehicles, equipment, and machinery, which shall include manufacturer specifications;
 - 8. Study results under this subsection shall include periods covering cyclical or seasonal impacts which captures low and high points of fuel usage for exempt or non-exempt purposes;
 - 9. Results from a test or study shall be of duration of at least two weeks; and
 - 10. The approved idle time study may then be used for three years or shall be updated as requested by the Department.
- D. A claimant shall submit technical documentation that details the operating system of any system or manual study used including, but not limited to, the following:
 - 1. Identification of the computer system, including the name of the manufacturer, name of the software, and software version number;
 - 2. Identification of vehicle engines on which the software will be used by the claimant, including makes, models, years, and fuel types;
 - 3. Description of the methodology used by computer system to determine idle status;
 - 4. Description of the methodology used to determine fuel consumption while in idle status;
 - 5. Description of the methodology used to determine the location of the vehicle during idle status; and
 - 6. Operating policies and procedures for the systems that are used in the claimant's business operations.
- E. The claimant shall provide additional supporting documentation if there is any update to the system study for which documentation was initially submitted and approved.
 - 1. A claimant shall submit to the Department an updated study under this Section three years from the date of Department approval or at the Department's request.
 - 2. A study under this Section shall be conducted at the claimant's expense.
 - 3. The methodology used in support of a study under these rules shall be approved by the Department prior to conducting the study under subsection (C).
 - 4. If the Department rejects the results of a study, a claimant may request a hearing under A.R.S. § 28-5924.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-606. Tribal Government

- A. The Department shall refund the Arizona motor fuel tax imposed on the motor fuel consumed by a vehicle owned or leased to a tribal government under this Article.
- B. A complete application for refund, as prescribed under R17-8-601, shall include all of the following supporting documentation for each vehicle:
 - 1. Detailed fuel receipt statement which includes the following purchase information:
 - a. Date of fuel purchase,
 - b. Gallonage,
 - c. Location,
 - d. Fuel type, and
 - e. Seller's name and address;
 - 2. Fuel purchase summary by vehicle which includes documentation under subsection (B)(1);
 - 3. Bulk motor fuel purchase invoice which includes:
 - a. Gallonage,
 - b. Delivery location,
 - c. Fuel type, and
 - d. Tax rate paid; and
 - 4. If vehicle is leased, a copy of the lease agreement.
- C. A vehicle and equipment listing shall be maintained by the tribal government to include year, make, equipment type, VIN or equipment serial number, and gross vehicle weight.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-607. Tribal Member

- A. Enrolled members of a tribe may make application to the Department, as prescribed under R17-8-601, for a refund of the Arizona motor fuel taxes on fuel purchased on the reservation of the tribe in which the member is enrolled, provided the motor fuel was not used off the reservation for a commercial purpose.
- B. A complete application for refund, as prescribed under R17-8-601, shall include the following supporting documentation:
 - 1. Copy of the vehicle registration,
 - 2. Copy of the Tribal member identification card,
 - 3. Receipt of motor fuel purchased on the reservation, and
 - 4. Signed statement certifying motor fuel was used for non-commercial purposes under A.R.S. § 28-5610(A).

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

CHAPTER 8. DEPARTMENT OF TRANSPORTATION - FUEL TAXES

R17-8-608. Transport of Forest Products; Healthy Forest Initiative

- A. A claim for refund, pursuant to A.R.S. § 28-5614(B), of the tax on motor fuel used to transport forest products on Arizona highways shall comply with the requirements of R17-8-601.
- B. A complete application for refund, as prescribed under R17-8-601, shall include the following supporting documentation:
 1. An equipment and vehicle listing which includes year, make, equipment type, VIN or equipment serial number, and gross vehicle weight;
 2. Certification letter issued by the Arizona Commerce Authority pursuant to A.R.S. § 41-1516 for the same period of time as the refund claim;
 3. Memorandum of Understanding between the Arizona Commerce Authority and the claimant pursuant to A.R.S. § 41-1516;
 4. Individual Project Mileage and Fuel Reports for each project;
 5. Purchase invoices of use fuel; and
 6. Changes to the Arizona Commerce Authority Certification when applicable.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-609. Motor Vehicle Fuel Used in Aircraft

- A. A claim for the refund of the tax, pursuant to A.R.S. § 28-5611(A)(2) or non-agricultural purposes under A.R.S. § 28-5611(B), on motor vehicle fuel used to power aircraft shall comply with the requirements of R17-8-601 and subsections (B) and (C) of this Section.
- B. A complete application for refund, as prescribed under R17-8-601, shall include the following supporting documentation:
 1. Motor fuel log summary by aircraft which includes:
 - a. Purchase date,
 - b. Name and location of vendor of fuel to show that Arizona motor fuel tax was included in the purchase price,
 - c. Gallons dispensed,
 - d. Fuel type, and
 - e. Manner consumed;
 2. List of aircraft to include, year, make model, and N-number assigned by the Federal Aviation Administration; and
 3. Purchase invoice indicating items under subsection (B)(1) and amount of tax paid.
- C. Motor vehicle fuel used to power aircraft for agricultural purposes shall, in addition to subsection (B), include a flight log detailing the purpose of use.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-610. Motor Fuel Losses Caused by Fire, Theft, Accident, or Contamination

- A. A claimant may apply to the Department for a refund of the tax on motor fuel lost due to fire, theft, accident, or contamination.

- B. A request for refund pursuant to A.R.S. §§ 28-5610 or 28-5611 of the tax on motor fuel that is lost due to fire, theft, accident, or contamination shall comply with the requirements of R17-8-601.
- C. A complete application for refund, as prescribed under R17-8-601, shall include the following supporting documentation:
 1. Signed statements from persons with personal knowledge regarding the facts and circumstances of the loss, including:
 - a. Date of loss or contamination,
 - b. Location where the loss or contamination occurred,
 - c. Detailed explanation regarding the nature of the loss or contamination,
 - d. Name and contact information of persons who witnessed loss or contamination,
 - e. Quantity of fuel lost or contaminated, and
 - f. Disposition of the contaminated fuel.
 2. Copies of records that substantiate the date of acquisition and quantity acquired of the fuel lost as well as the fact the Arizona motor fuel tax was paid by the claimant when the fuel was acquired.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

R17-8-611. Bulk Purchase of Use Fuel

- A. A request for refund of taxes paid on the bulk purchase of use fuel dispensed into a light class, or exempt use class vehicle, shall be submitted to the Department, as prescribed under R17-8-601(B), on an application provided by the Department.
- B. Bulk use fuel shall be purchased and consumed in Arizona to qualify for refund.
- C. A complete application for refund, as prescribed under R17-8-601, shall include the following supporting documentation:
 1. Invoice that contains the following information:
 - a. Name and address of vendor,
 - b. Tax rate,
 - c. Product type,
 - d. Delivery date,
 - e. Quantity of fuel,
 - f. Invoiced amount, and
 - g. A statement from the seller of the use fuel that the use fuel is non-dyed use fuel.
 2. Fuel usage log which includes the following information:
 - a. Date fuel dispensed,
 - b. VIN of vehicle into which fuel was dispensed,
 - c. Gallons dispensed, and
 - d. Fuel type.
 3. Annual vehicle listing to include make, model, year, VIN, and gross vehicle weight.

Historical Note

New Section made by final rulemaking at 14 A.A.R. 399, effective March 8, 2008 (Supp. 08-1). Amended by final expedited rulemaking at 24 A.A.R. 3501, effective December 4, 2018 (Supp. 18-4).

Arizona Administrative CODE

18 A.A.C. 2 Supp. 19-4

www.azsos.gov

This Chapter contains rule Sections that were filed to be codified in the *Arizona Administrative Code* between the dates of October 1, 2019 through December 31, 2019

Title 18

TITLE 18. ENVIRONMENTAL QUALITY

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

The table of contents on the first page contains quick links to the referenced page numbers in this Chapter. Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

Sections, Parts, Exhibits, Tables or Appendices codified in this supplement. The list provided contains quick links to the updated rules.

R18-2-101.	Definitions	7	R18-2-304.	Permit Application Processing Procedures	32
R18-2-301.	Definitions	26	R18-2-406.	Permit Requirements for Sources Located in

Name: Zachary Dorn
Address: Department of Environmental Quality
Air Quality Division, AQIP Section
1110 W. Washington St.
Phoenix, AZ 85007
Telephone: (602) 771-4585 (This number may be reached in-state by dialing 1-800-234-5677 and entering the seven digit number.)
Fax: (602) 771-2299
E-mail: dorn.zachary@azdeq.gov

The release of this Chapter in Supp. 19-4 replaces Supp. 19-2, 1-225 pages

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 18. ENVIRONMENTAL QUALITY**CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL****ARTICLE 1. GENERAL**

Article 1 consisting of Section R9-3-101 renumbered as Article 1, Section R18-2-101 (Supp. 87-3).

Section	
R18-2-101.	Definitions 7
R18-2-102.	Incorporated Materials 20
R18-2-103.	Applicable Implementation Plan; Savings 20

ARTICLE 2. AMBIENT AIR QUALITY STANDARDS; AREA DESIGNATIONS; CLASSIFICATIONS

Article 2, consisting of Sections R18-2-201 through R18-2-290, adopted effective August 8, 1991 (Supp. 91-3).

Article 2, consisting of Sections R18-2-201 through R18-2-220, repealed effective August 8, 1991 (Supp. 91-3).

Article 2 consisting of Sections R9-3-201, R9-3-202, R9-3-204 through R9-3-207, and R9-3-215 through R9-3-219 renumbered as Article 2, Sections R18-2-201, R18-2-202, R18-2-204 through R18-2-207, and R18-2-215 through R18-2-219 (Supp. 87-3).

Section

ARTICLE 8. EMISSIONS FROM MOBILE SOURCES (NEW AND EXISTING)

Article 8, consisting of Sections R18-2-801 through R18-2-805, renumbered from Article 6, Sections R18-2-601 through R18-2-605 (Supp. 93-4).

Article 8, consisting of Sections R18-2-801 through R18-2-805, renumbered to Article 9, Sections R18-2-901 through R18-2-905 (Supp. 93-4).

Article 8 consisting of Sections R18-2-801 through R18-2-805 adopted effective February 26, 1988.

Former Article 8 consisting of Sections R9-3-801 through R9-3-829, R9-3-831, R9-3-832, R9-3-835 through R9-3-838, R9-3-840 through R9-3-848, and R9-3-857 through R9-3-859 repealed effective February 26, 1988.

ARTICLE 9. NEW SOURCE PERFORMANCE STANDARDS

Article 9, consisting of Sections R18-2-901 through R18-2-905, renumbered from Article 8, Sections R18-2-801 through R18-2-805 (Supp. 93-4).

Article 9, consisting of Sections R18-2-901 through R18-2-905, renumbered to Article 11, Sections R18-2-1101 through R18-2-1105 (Supp. 93-4).

Article 9 consisting of Sections R18-2-901 and R18-2-902 adopted effective February 26, 1988.

Former Article 9 consisting of Sections R9-3-901, R9-3-903 through R9-3-906, R9-3-910, R9-3-913, and R9-3-922 repealed effective February 26, 1988.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

ARTICLE 1. GENERAL

R18-2-101. Definitions

The following definitions apply to this Chapter. Where the same term is defined in this Section and in the definitions Section for an Article of this Chapter, the Article-specific definition shall apply.

1. "Act" means the Clean Air Act of 1963 (P.L. 88-206; 42 U.S.C. 7401 through 7671q) as amended through December 31, 2011 (and no future editions).
2. "Actual emissions" means the actual rate of emissions of a regulated NSR pollutant from an emissions unit, as determined in subsections (2)(a) through (e), except that this definition shall not apply for calculating whether a significant emissions increase as defined in R18-2-401 has occurred, or for establishing a plantwide applicability limitation as defined in R18-2-401. Instead, the definitions of projected actual emissions and baseline actual emissions in R18-2-401 shall apply for those purposes.
 - a. In general, actual emissions as of a particular date shall equal the average rate, in tons per year, at which the unit actually emitted the pollutant during a consecutive 24-month period that precedes the particular date and that is representative of normal source operation. The Director may allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the unit's actual operating hours, production rates, and types of materials processed, stored or combusted during the selected time period.
 - b. The Director may presume that source-specific allowable emissions for the unit are equivalent to the actual emissions of the unit.
 - c. For any emissions unit that is or will be located at a source with a Class I permit and has not begun normal operations on the particular date, actual emissions shall equal the unit's potential to emit on that date.
 - d. For any emissions unit that is or will be located at a source with a Class II permit and has not begun normal operations on the particular date, actual emissions shall be based on applicable control equipment requirements and projected conditions of operation.
 - e. This definition shall not apply for calculating whether a significant emissions increase has occurred, or for establishing a PAL. Instead, the definitions of projected actual emissions and baseline actual emissions in R18-2-401 shall apply for those purposes.
3. "Administrator" means the Administrator of the United States Environmental Protection Agency.
4. "Affected facility" means, with reference to a stationary source, any apparatus to which a standard is applicable.
5. "Affected source" means a source that includes one or more units which are subject to emission reduction requirements or limitations under Title IV of the Act.
6. "Affected state" means any state whose air quality may be affected by a source applying for a permit, permit revision, or permit renewal and that is contiguous to Arizona or that is within 50 miles of the permitted source.
7. "Afterburner" means an incinerator installed in the secondary combustion chamber or stack for the purpose of incinerating smoke, fumes, gases, unburned carbon, and other combustible material not consumed during primary combustion.
8. "Air contaminants" means smoke, vapors, charred paper, dust, soot, grime, carbon, fumes, gases, sulfuric acid mist aerosols, aerosol droplets, odors, particulate matter, wind-borne matter, radioactive materials, or noxious chemicals, or any other material in the outdoor atmosphere.
9. "Air curtain destructor" means an incineration device designed and used to secure, by means of a fan-generated air curtain, controlled combustion of only wood waste and slash materials in an earthen trench or refractory-lined pit or bin.
10. "Air pollution" means the presence in the outdoor atmosphere of one or more air contaminants or combinations thereof in sufficient quantities, which either alone or in connection with other substances by reason of their concentration and duration are or tend to be injurious to human, plant or animal life, or cause damage to property, or unreasonably interfere with the comfortable enjoyment of life or property of a substantial part of a community, or obscure visibility, or which in any way degrade the quality of the ambient air below the standards established by the director. A.R.S. § 49-421(2).
11. "Air pollution control equipment" means equipment used to eliminate, reduce or control the emission of air pollutants into the ambient air.
12. "Air quality control region" (AQCR) means an area so designated by the Administrator pursuant to Section 107 of the Act and includes the following regions in Arizona:
 - a. Maricopa Intrastate Air Quality Control Region which is comprised of the County of Maricopa.
 - b. Pima Intrastate Air Quality Control Region which is comprised of the County of Pima.
 - c. Northern Arizona Intrastate Air Quality Control Region which encompasses the counties of Apache, Coconino, Navajo, and Yavapai.
 - d. Mohave-Yuma Intrastate Air Quality Control Region which encompasses the counties of La Paz, Mohave, and Yuma.
 - e. Central Arizona Intrastate Air Quality Control Region which encompasses the counties of Gila and Pinal.
 - f. Southeast Arizona Intrastate Air Quality Control Region which encompasses the counties of Cochise, Graham, Greenlee, and Santa Cruz.
13. "Allowable emissions" means the emission rate of a stationary source calculated using both the maximum rated capacity of the source, unless the source is subject to federally enforceable limits which restrict the operating rate or hours of operation, and the most stringent of the following:
 - a. The applicable standards as set forth in 40 CFR 60, 61 and 63;
 - b. The applicable emissions limitations approved into the state implementation plan, including those with a future compliance date; or,
 - c. The emissions rate specified as a federally enforceable permit condition, including those with a future compliance date.
14. "Ambient air" means that portion of the atmosphere, external to buildings, to which the general public has access.
15. "Applicable implementation plan" means those provisions of the state implementation plan approved by the Administrator or a federal implementation plan promulgated for Arizona or any portion of Arizona in accordance with Title I of the Act.
16. "Applicable requirement" means any of the following:
 - a. Any federal applicable requirement.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- b. Any other requirement established pursuant to this Chapter or A.R.S. Title 49, Chapter 3.
17. "Arizona Testing Manual" means sections 1 and 7 of the Arizona Testing Manual for Air Pollutant Emissions amended as of March 1992 (and no future editions).
18. "ASTM" means the American Society for Testing and Materials.
19. "Attainment area" means any area that has been identified in regulations promulgated by the Administrator as being in compliance with national ambient air quality standards.
20. "Begin actual construction" means, initiation of physical on-site construction activities on an emissions unit which are of a permanent nature. With respect to a change in method of operation this term refers to those onsite activities, other than preparatory activities, which mark the initiation of the change.
- a. For purposes of title I, parts C and D and section 112 of the clean air act, and for purposes of applicants that require permits containing limits designed to avoid the application of title I, parts C and D and section 112 of the clean air act, these activities include installation of building supports and foundations, laying of underground pipework, and construction of permanent storage structures but do not include any of the following, subject to subsection (20)(c):
- Clearing and grading, including demolition and removal of existing structures and equipment, stripping and stockpiling of topsoil.
 - Installation of access roads, driveways and parking lots.
 - Installation of ancillary structures, including fences, office buildings and temporary storage structures, that are not a necessary component of an emissions unit or associated air pollution control equipment for which the permit is required.
 - Ordering and onsite storage of materials and equipment.
- b. For purposes other than those identified in subsection (20)(a), these activities do not include any of the following, subject to subsection (20)(c):
- Clearing and grading, including demolition and removal of existing structures and equipment, stripping and stockpiling of topsoil and earthwork cut and fill for foundations.
 - Installation of access roads, parking lots, driveways and storage areas.
 - Installation of ancillary structures, including fences, warehouses, storerooms and office buildings, provided none of these structures impacts the design of any emissions unit or associated air pollution control equipment.
 - Ordering and onsite storage of materials and equipment.
 - Installation of underground pipework, including water, sewer, electric and telecommunications utilities.
 - Installation of building and equipment supports, including concrete forms, footers, pilings, foundations, pads and platforms, provided none of these supports impacts the design of any emissions unit or associated air pollution control equipment.
- c. *An applicant's performance of any activities that are excluded from the definition of "begin actual construction" under subsection (20)(a) or (b) shall be at the applicant's risk and shall not reduce the applicant's obligations under this Chapter. The director shall evaluate an application for a permit or permit revision and make a decision on the same basis as if the activities allowed under subsection (20)(a) or (b) had not occurred.* A.R.S. § 49-401.01(7).
21. "Best available control technology" (BACT) means an emission limitation, including a visible emissions standard, based on the maximum degree of reduction for each regulated NSR pollutant which would be emitted from any proposed major source or major modification, taking into account energy, environmental, and economic impact and other costs, determined by the Director in accordance with R18-2-406(A)(4) to be achievable for such source or modification.
22. "Btu" means British thermal unit, which is the quantity of heat required to raise the temperature of one pound of water 1°F.
23. "Categorical sources" means the following classes of sources:
- Coal cleaning plants with thermal dryers;
 - Kraft pulp mills;
 - Portland cement plants;
 - Primary zinc smelters;
 - Iron and steel mills;
 - Primary aluminum ore reduction plants;
 - Primary copper smelters;
 - Municipal incinerators capable of charging more than 250 tons of refuse per day;
 - Hydrofluoric, sulfuric, or nitric acid plants;
 - Petroleum refineries;
 - Lime plants;
 - Phosphate rock processing plants;
 - Coke oven batteries;
 - Sulfur recovery plants;
 - Carbon black plants using the furnace process;
 - Primary lead smelters;
 - Fuel conversion plants;
 - Sintering plants;
 - Secondary metal production plants;
 - Chemical process plants, which shall not include ethanol production facilities that produce ethanol by natural fermentation included in North American Industry Classification System codes 325193 or 312140;
 - Fossil-fuel boilers, combinations thereof, totaling more than 250 million Btus per hour heat input;
 - Petroleum storage and transfer units with a total storage capacity more than 300,000 barrels;
 - Taconite ore processing plants;
 - Glass fiber processing plants;
 - Charcoal production plants;
 - Fossil-fuel-fired steam electric plants and combined cycle gas turbines of more than 250 million Btus per hour heat input.
24. "Categorically exempt activities" means any of the following:
- Any combination of diesel-, natural gas- or gasoline-fired engines with cumulative power equal to or less than 145 horsepower.
 - Natural gas-fired engines with cumulative power equal to or less than 155 horsepower.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- c. Gasoline-fired engines with cumulative power equal to or less than 200 horsepower.
 - d. Any of the following emergency or stand-by engines used for less than 500 hours in each calendar year, provided the permittee keeps records documenting the hours of operation of the engines:
 - i. Any combination of diesel-, natural gas- or gasoline-fired emergency engines with cumulative power equal to or less than 2,500 horsepower.
 - ii. Natural gas-fired emergency engines with cumulative power equal to or less than 2,700 horsepower.
 - iii. Gasoline-fired emergency engines with cumulative power equal to or less than 3,700 horsepower.
 - e. Any combination of boilers with a cumulative maximum design heat input capacity of less than 10 million Btu/hr.
25. "CFR" means the Code of Federal Regulations, amended as of July 1, 2011, (and no future editions), with standard references in this Chapter by Title and Part, so that "40 CFR 51" means Title 40 of the Code of Federal Regulations, Part 51.
 26. "Charge" means the addition of metal bearing materials, scrap, or fluxes to a furnace, converter or refining vessel.
 27. "Clean coal technology" means any technology, including technologies applied at the precombustion, combustion, or post-combustion stage, at a new or existing facility that will achieve significant reductions in air emissions of sulfur dioxide or oxides of nitrogen associated with the utilization of coal in the generation of electricity, or process steam, that was not in widespread use as of November 15, 1990.
 28. "Clean coal technology demonstration project" means a project using funds appropriated under the heading "Department of Energy - Clean Coal Technology," up to a total amount of \$2,500,000,000 for commercial demonstration of clean coal technology or similar projects funded through appropriations for the Environmental Protection Agency. The federal contribution for a qualifying project shall be at least 20% of the total cost of the demonstration project.
 29. "Coal" means all solid fossil fuels classified as anthracite, bituminous, subbituminous, or lignite by ASTM D-388-91, (Classification of Coals by Rank).
 30. "Combustion" means the burning of matter.
 31. "Commence" means, as applied to construction of a source, or a major modification as defined in Article 4 of this Chapter, that the owner or operator has all necessary preconstruction approvals or permits and either has:
 - a. Begun, or caused to begin, a continuous program of actual onsite construction of the source, to be completed within a reasonable time; or
 - b. Entered into binding agreements or contractual obligations, which cannot be cancelled or modified without substantial loss to the owner or operator, to undertake a program of actual construction of the source to be completed within a reasonable time.
 32. "Construction" means any physical change or change in the method of operation, including fabrication, erection, installation, demolition, or modification of an emissions unit, which would result in a change in emissions.
 33. "Continuous monitoring system" means a CEMS, CERMS, or CPMS.
 34. "Continuous emissions monitoring system" or "CEMS" means the total equipment, required under the emission monitoring provisions in this Chapter, used to sample, condition (if applicable), analyze, and provide, on a continuous basis, a permanent record of emissions.
 35. "Continuous emissions rate monitoring system" or "CERMS" means the total equipment required for the determination and recording of the pollutant mass emissions rate (in terms of mass per unit of time).
 36. "Continuous parameter monitoring system" or "CPMS" means the total equipment, required under the emission monitoring provisions in this Chapter, to monitor process or control device operational parameters (for example, control device secondary voltages and electric currents) or other information (for example, gas flow rate, O₂ or CO₂ concentrations) and to provide, on a continuous basis, a permanent record of monitored values.
 37. "Controlled atmosphere incinerator" means one or more refractory-lined chambers in which complete combustion is promoted by recirculation of gases by mechanical means.
 38. "*Conventional air pollutant*" means any pollutant for which the Administrator has promulgated a primary or secondary national ambient air quality standard. A.R.S. § 49-401.01(12).
 39. "*Department*" means the Department of Environmental Quality. A.R.S. § 49-101(2)
 40. "*Director*" means the director of environmental quality who is also the director of the department. A.R.S. § 49-101(3)
 41. "Discharge" means the release or escape of an effluent from a source into the atmosphere.
 42. "Dust" means finely divided solid particulate matter occurring naturally or created by mechanical processing, handling or storage of materials in the solid state.
 43. "Dust suppressant" means a chemical compound or mixture of chemical compounds added with or without water to a dust source for purposes of preventing air entrainment.
 44. "Effluent" means any air contaminant which is emitted and subsequently escapes into the atmosphere.
 45. "Electric utility steam generating unit" means any steam electric generating unit that is constructed for the purpose of supplying more than one-third of its potential electric output capacity and more than 25 MW electrical output to any utility power distribution system for sale. Any steam supplied to a steam distribution system for the purpose of providing steam to a steam-electric generator that would produce electrical energy for sale is also considered in determining the electrical energy output capacity of the affected facility.
 46. "Emission" means an air contaminant or gas stream, or the act of discharging an air contaminant or a gas stream, visible or invisible.
 47. "Emission standard" or "emission limitation" means a requirement established by the state, a local government, or the Administrator which limits the quantity, rate, or concentration of emissions of air pollutants on a continuous basis, including any requirements which limit the level of opacity, prescribe equipment, set fuel specifications, or prescribe operation or maintenance procedures for a source to assure continuous emission reduction.
 48. "Emissions unit" means any part of a stationary source which emits or would have the potential to emit any regulated air pollutant and includes an electric steam generating unit.
 49. "Equivalent method" means any method of sampling and analyzing for an air pollutant which has been demon-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- strated under R18-2-311(D) to have a consistent and quantitatively known relationship to the reference method, under specified conditions.
50. "Excess emissions" means emissions of an air pollutant in excess of an emission standard as measured by the compliance test method applicable to such emission standard.
 51. "Federal applicable requirement" means any of the following (including requirements that have been promulgated or approved by EPA through rulemaking at the time of issuance but have future effective compliance dates):
 - a. Any standard or other requirement provided for in the applicable implementation plan approved or promulgated by EPA through rulemaking under Title I of the Act that implements the relevant requirements of the Act, including any revisions to that plan promulgated in 40 CFR 52.
 - b. Any term or condition of any preconstruction permits issued pursuant to regulations approved or promulgated through rulemaking under Title I, including parts C or D, of the Act.
 - c. Any standard or other requirement under section 111 of the Act, including 111(d).
 - d. Any standard or other requirement under section 112 of the Act, including any requirement concerning accident prevention under section 112(r)(7) of the Act.
 - e. Any standard or other requirement of the acid rain program under Title IV of the Act or the regulations promulgated thereunder and incorporated pursuant to R18-2-333.
 - f. Any requirements established pursuant to section 504(b) or section 114(a)(3) of the Act.
 - g. Any standard or other requirement governing solid waste incineration, under section 129 of the Act.
 - h. Any standard or other requirement for consumer and commercial products, under section 183(e) of the Act.
 - i. Any standard or other requirement for tank vessels under section 183(f) of the Act.
 - j. Any standard or other requirement of the program to control air pollution from outer continental shelf sources, under section 328 of the Act.
 - k. Any standard or other requirement of the regulations promulgated to protect stratospheric ozone under Title VI of the Act, unless the Administrator has determined that such requirements need not be contained in a Title V permit.
 - l. Any national ambient air quality standard or maximum increase allowed under R18-2-218 or visibility requirement under Part C of Title I of the Act, but only as it would apply to temporary sources permitted pursuant to section 504(e) of the Act.
 52. "Federal Land Manager" means, with respect to any lands in the United States, the secretary of the department with authority over such lands.
 53. "Federally enforceable" means all limitations and conditions which are enforceable by the Administrator under the Act, including all of the following:
 - a. The requirements of the new source performance standards and national emission standards for hazardous air pollutants.
 - b. The requirements of such other state or county rules or regulations approved by the Administrator, including the requirements of state and county operating and new source review permit and registration programs that have been approved by the Administrator. Notwithstanding this subsection, the condition of any permit or registration designated as being enforceable only by the state is not federally enforceable.
 - c. The requirements of any applicable implementation plan.
 - d. Emissions limitations, controls, and other requirements, and any associated monitoring, recordkeeping, and reporting requirements that are included in a permit pursuant to R18-2-306.01 or R18-2-306.02.
 54. "Federally listed hazardous air pollutant" means a pollutant listed pursuant to R18-2-1701(9).
 55. "Final permit" means the version of a permit issued by the Department after completion of all review required by this Chapter.
 56. "Fixed capital cost" means the capital needed to provide all the depreciable components.
 57. "Fuel" means any material which is burned for the purpose of producing energy.
 58. "Fuel burning equipment" means any machine, equipment, incinerator, device or other article, except stationary rotating machinery, in which combustion takes place.
 59. "Fugitive emissions" means those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.
 60. "Fume" means solid particulate matter resulting from the condensation and subsequent solidification of vapors of melted solid materials.
 61. "Fume incinerator" means a device similar to an afterburner installed for the purpose of incinerating fumes, gases and other finely divided combustible particulate matter not previously burned.
 62. "Good engineering practice (GEP) stack height" means a stack height meeting the requirements described in R18-2-332.
 63. "Hazardous air pollutant" means any federally listed hazardous air pollutant.
 64. "Heat input" means the quantity of heat in terms of Btus generated by fuels fed into the fuel burning equipment under conditions of complete combustion.
 65. "Incinerator" means any equipment, machine, device, contrivance or other article, and all appurtenances thereof, used for the combustion of refuse, salvage materials or any other combustible material except fossil fuels, for the purpose of reducing the volume of material.
 66. "Indian governing body" means the governing body of any tribe, band, or group of Indians subject to the jurisdiction of the United States and recognized by the United States as possessing power of self-government.
 67. "Indian reservation" means any federally recognized reservation established by Treaty, Agreement, Executive Order, or Act of Congress.
 68. "Insignificant activity" means any of the following activities:
 - a. Liquid Storage and Piping
 - i. Petroleum product storage tanks containing the following substances, provided the applicant lists and identifies the contents of each tank with a volume of 350 gallons or more and provides threshold values for throughput or capacity or both for each such tank: diesel fuels and fuel oil in storage tanks with capacity of 40,000 gallons or less, lubricating oil, transformer oil, and used oil.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- ii. Gasoline storage tanks with capacity of 10,000 gallons or less.
 - iii. Storage and piping of natural gas, butane, propane, or liquified petroleum gas, provided the applicant lists and identifies the contents of each stationary storage vessel with a volume of 350 gallons or more and provides threshold values for throughput or capacity or both for each such vessel.
 - iv. Piping of fuel oils, used oil and transformer oil, provided the applicant includes a system description.
 - v. Storage and handling of drums or other transportable containers where the containers are sealed during storage, and covered during loading and unloading, including containers of waste and used oil regulated under the federal Resource Conservation and Recovery Act, 42 U.S.C. 6901-6992(k). Permit applicants must provide a description of material in the containers and the approximate amount stored.
 - vi. Storage tanks of any size containing exclusively soaps, detergents, waxes, greases, aqueous salt solutions, aqueous solutions of acids that are not regulated air pollutants, or aqueous caustic solutions, provided the permit applicant specifies the contents of each storage tank with a volume of 350 gallons or more.
 - vii. Electrical transformer oil pumping, cleaning, filtering, drying and the re-installation of oil back into transformers.
 - b. Internal combustion engine-driven compressors, internal combustion engine-driven electrical generator sets, and internal combustion engine-driven water pumps used for less than 500 hours per calendar year for emergency replacement or standby service, provided the permittee keeps records documenting the hours of operation of this equipment.
 - c. Low Emitting Processes
 - i. Batch mixers with rated capacity of 5 cubic feet or less.
 - ii. Wet sand and gravel production facilities that obtain material from subterranean and subaqueous beds, whose production rate is 200 tons/hour or less, and whose permanent in-plant roads are paved and cleaned to control dust. This does not include activities in emissions units which are used to crush or grind any non-metallic minerals.
 - iii. Powder coating operations.
 - iv. Equipment using water, water and soap or detergent, or a suspension of abrasives in water for purposes of cleaning or finishing.
 - v. Blast-cleaning equipment using a suspension of abrasive in water and any exhaust system or collector serving them exclusively.
 - vi. Plastic pipe welding.
 - d. Site Maintenance
 - i. Housekeeping activities and associated products used for cleaning purposes, including collecting spilled and accumulated materials at the source, including operation of fixed vacuum cleaning systems specifically for such purposes.
 - ii. Sanding of streets and roads to abate traffic hazards caused by ice and snow.
 - iii. Street and parking lot striping.
 - iv. Architectural painting and associated surface preparation for maintenance purposes at industrial or commercial facilities.
 - e. Sampling and Testing
 - i. Noncommercial (in-house) experimental, analytical laboratory equipment which is bench scale in nature, including quality control/quality assurance laboratories supporting a stationary source and research and development laboratories.
 - ii. Individual sampling points, analyzers, and process instrumentation, whose operation may result in emissions but that are not regulated as emission units.
 - f. Ancillary Non-Industrial Activities
 - i. General office activities, such as paper shredding, copying, photographic activities, and blueprinting, but not to include incineration.
 - ii. Use of consumer products, including hazardous substances as that term is defined in the Federal Hazardous Substances Act (15 U.S.C. 1261 et seq.) where the product is used at a source in the same manner as normal consumer use.
 - iii. Activities directly used in the diagnosis and treatment of disease, injury or other medical condition.
 - g. Miscellaneous Activities
 - i. Installation and operation of potable, process and waste water observation wells, including drilling, pumping, filtering apparatus.
 - ii. Transformer vents.
69. "Kraft pulp mill" means any stationary source which produces pulp from wood by cooking or digesting wood chips in a water solution of sodium hydroxide and sodium sulfide at high temperature and pressure. Regeneration of the cooking chemicals through a recovery process is also considered part of the kraft pulp mill.
70. "Lead" means elemental lead or alloys in which the predominant component is lead.
71. "Lime hydrator" means a unit used to produce hydrated lime product.
72. "Lime plant" includes any plant which produces a lime product from limestone by calcination. Hydration of the lime product is also considered to be part of the source.
73. "Lime product" means any product produced by the calcination of limestone.
74. "Major modification" is defined as follows:
- a. A major modification is any physical change in or change in the method of operation of a major source that would result in both a significant emissions increase of any regulated NSR pollutant and a significant net emissions increase of that pollutant from the stationary source.
 - b. Any emissions increase or net emissions increase that is significant for nitrogen oxides or volatile organic compounds is significant for ozone.
 - c. For the purposes of this definition, none of the following is a physical change or change in the method of operation:
 - i. Routine maintenance, repair, and replacement;
 - ii. Use of an alternative fuel or raw material by reason of an order under sections 2(a) and (b) of the Energy Supply and Environmental Coord-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- dination Act of 1974, 15 U.S.C. 792, or by reason of a natural gas curtailment plan under the Federal Power Act, 16 U.S.C. 792 - 825r;
- iii. Use of an alternative fuel by reason of an order or rule under section 125 of the Act;
 - iv. Use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste;
 - v. For purposes of determining the applicability of R18-2-403 through R18-2-405 or R18-2-411, any of the following:
 - (1) Use of an alternative fuel or raw material by a stationary source that the source was capable of accommodating before December 21, 1976, unless the change would be prohibited under any federally enforceable permit condition established after December 12, 1976 under 40 CFR 52.21 or under Articles 3 or 4 of this Chapter; or
 - (2) Use of an alternative fuel or raw material by a stationary source that the source is approved to use under any permit issued under R18-2-403;
 - (3) An increase in the hours of operation or in the production rate, unless the change would be prohibited under any federally enforceable permit condition established after December 21, 1976, under 40 CFR 52.21, or under Articles 3 or 4 of this Chapter.
 - vi. For purposes of determining the applicability of R18-2-406 through R18-2-408 or R18-2-410, any of the following:
 - (1) Use of an alternative fuel or raw material by a stationary source that the source was capable of accommodating before January 6, 1975, unless the change would be prohibited under any federally enforceable permit condition established after January 6, 1975 under 40 CFR 52.21 or under Articles 3 or 4 of this Chapter;
 - (2) Use of an alternative fuel or raw material by a stationary source that the source is approved to use under any permit issued under 40 CFR 52.21, or under R18-2-406; or
 - (3) An increase in the hours of operation or in the production rate, unless the change would be prohibited under any federally enforceable permit condition established after January 6, 1975, under 40 CFR 52.21, or under Articles 3 or 4 of this Chapter.
 - vii. Any change in ownership at a stationary source;
 - viii. [Reserved.]
 - ix. The installation, operation, cessation, or removal of a temporary clean coal technology demonstration project, if the project complies with:
 - (1) The SIP, and
 - (2) Other requirements necessary to attain and maintain the national ambient air quality standards during the project and after it is terminated;
 - x. For electric utility steam generating units located in attainment and unclassifiable areas only, the installation or operation of a permanent clean coal technology demonstration project that constitutes repowering, if the project does not result in an increase in the potential to emit any regulated pollutant emitted by the unit. This exemption applies on a pollutant-by-pollutant basis; and
 - xi. For electric utility steam generating units located in attainment and unclassifiable areas only, the reactivation of a very clean coal-fired electric utility steam generating unit.
 - d. This definition shall not apply with respect to a particular regulated NSR pollutant when the major source is complying with the requirements of R18-2-412 for a PAL for that regulated NSR pollutant. Instead, the definition of PAL major modification in R18-2-401(20) shall apply.
75. "Major source" means:
- a. A major source as defined in R18-2-401.
 - b. A major source under section 112 of the Act:
 - i. For pollutants other than radionuclides, any stationary source that emits or has the potential to emit, in the aggregate, including fugitive emission 10 tons per year (tpy) or more of any hazardous air pollutant which has been listed pursuant to section 112(b) of the Act, 25 tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as described in Article 11 of this Chapter. Notwithstanding the preceding sentence, emissions from any oil or gas exploration or production well (with its associated equipment) and emissions from any pipeline compressor or pump station shall not be aggregated with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such units or stations are major sources; or
 - ii. For radionuclides, "major source" shall have the meaning specified by the Administrator by rule.
 - c. A major stationary source, as defined in section 302 of the Act, that directly emits or has the potential to emit, 100 tpy or more of any air pollutant including any major source of fugitive emissions of any such pollutant. The fugitive emissions of a stationary source shall not be considered in determining whether it is a major stationary source for the purposes of section 302(j) of the Act, unless the source belongs to a section 302(j) category.
76. "Malfunction" means any sudden and unavoidable failure of air pollution control equipment, process equipment or a process to operate in a normal and usual manner, but does not include failures that are caused by poor maintenance, careless operation or any other upset condition or equipment breakdown which could have been prevented by the exercise of reasonable care.
77. "Minor source" means a source of air pollution which is not a major source for the purposes of Article 4 of this Chapter and over which the Director, acting pursuant to A.R.S. § 49-402(B), has asserted jurisdiction.
78. "Minor source baseline area" means the air quality control region in which the source is located.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

79. "Mobile source" means any combustion engine, device, machine or equipment that operates during transport and that emits or generates air contaminants whether in motion or at rest. A.R.S. § 49-401.01(23).
80. "Modification" or "modify" means a physical change in or change in the method of operation of a source that increases the emissions of any regulated air pollutant emitted by such source by more than any relevant de minimis amount or that results in the emission of any regulated air pollutant not previously emitted by more than such de minimis amount. An increase in emissions at a minor source shall be determined by comparing the source's potential to emit before and after the modification. The following exemptions apply:
- A physical or operational change does not include routine maintenance, repair or replacement.
 - An increase in the hours of operation or if the production rate is not considered an operational change unless such increase is prohibited under any permit condition that is legally and practically enforceable by the department.
 - A change in ownership at a source is not considered a modification. A.R.S. § 49-401.01(24).
81. "Monitoring device" means the total equipment, required under the applicable provisions of this Chapter, used to measure and record, if applicable, process parameters.
82. "Motor vehicle" means any self-propelled vehicle designed for transporting persons or property on public highways.
83. "Multiple chamber incinerator" means three or more refractory-lined combustion chambers in series, physically separated by refractory walls and interconnected by gas passage ports or ducts.
84. "Natural conditions" includes naturally occurring phenomena that reduce visibility as measured in terms of light extinction, visual range, contrast, or coloration.
85. "National ambient air quality standard" means the ambient air pollutant concentration limits established by the Administrator pursuant to section 109 of the Act. A.R.S. § 49-401.01(25).
86. "National emission standards for hazardous air pollutants" or "NESHAP" means standards adopted by the Administrator under section 112 of the Act.
87. "Necessary preconstruction approvals or permits" means those permits or approvals required under the Act and those air quality control laws and rules which are part of the SIP.
88. "Net emissions increase" means:
- The amount by which the sum of subsections (88)(a)(i) and (ii) exceeds zero:
 - The increase in emissions of a regulated NSR pollutant from a particular physical change or change in the method of operation at a stationary source as calculated pursuant to R18-2-402(D); and
 - Any other increases and decreases in actual emissions of the regulated NSR pollutant at the source that are contemporaneous with the particular change and are otherwise creditable.
 - For purposes of calculating increases and decreases in actual emissions under subsection (88)(a)(ii), baseline actual emissions shall be determined as provided in the definition of baseline actual emissions in R18-2-401(2), except that R18-2-401(2)(a)(iii) and (b)(iv) shall not apply.
 - An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs between:
 - The date five years before a complete application for a permit or permit revision authorizing the particular change is submitted or actual construction of the particular change begins, whichever occurs earlier, and
 - The date that the increase from the particular change occurs.
 - For purposes of determining the applicability of R18-2-403 through R18-2-405 or R18-2-411, an increase or decrease in actual emissions is creditable only if the Director has not relied on it in issuing a permit or permit revision under R18-2-403, which permit is in effect when the increase in actual emissions from the particular change occurs. For purposes of determining the applicability of R18-2-406 through R18-2-408 or R18-2-410, an increase or decrease in actual emissions is creditable only if the Director has not relied on it in issuing a permit under R18-2-406, which permit is in effect when the increase in actual emissions from the particular change occurs.
 - An increase or decrease in actual emissions of sulfur dioxide, nitrogen oxides, PM₁₀, or PM_{2.5} which occurs before the applicable minor source baseline date, as defined in R18-2-218, is creditable only if it is required to be considered in calculating the amount of maximum allowable increases remaining available.
 - An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.
 - A decrease in actual emissions is creditable only to the extent that it satisfies all of the following conditions:
 - The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions.
 - It is enforceable as a practical matter at and after the time that actual construction on the particular change begins.
 - It has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change.
 - The emissions unit was actually operated and emitted the specific pollutant.
 - For purposes of determining the applicability of R18-2-403 through R18-2-405 or R18-2-411, the Director has not relied on it in issuing any permit, permit revision, or registration under Article 4, R18-2-302.01, or R18-2-334, and the state has not relied on it in demonstrating attainment or reasonable further progress.
 - An increase that results from a physical change at a source occurs when the emissions unit on which construction occurred becomes operational and begins to emit a particular pollutant. Any replacement unit, as defined in R18-2-401(24), that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed 180 days.
 - Subsection (2)(a) shall not apply for determining creditable increases and decreases.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

89. "New source" means any stationary source of air pollution which is subject to a new source performance standard.
90. "New source performance standards" or "NSPS" means standards adopted by the Administrator under section 111(b) of the Act.
91. "Nitric acid plant" means any facility producing nitric acid 30% to 70% in strength by either the pressure or atmospheric pressure process.
92. "Nitrogen oxides" means all oxides of nitrogen except nitrous oxide, as measured by test methods set forth in the Appendices to 40 CFR 60.
93. "Nonattainment area" means an area so designated by the Administrator acting pursuant to section 107 of the Act as exceeding national primary or secondary ambient air standards for a particular pollutant or pollutants.
94. "Nonpoint source" means a source of air contaminants which lacks an identifiable plume or emission point.
95. "Opacity" means the degree to which emissions reduce the transmission of light and obscure the view of an object in the background.
96. "Operation" means any physical or chemical action resulting in the change in location, form, physical properties, or chemical character of a material.
97. "Owner or operator" means any person who owns, leases, operates, controls, or supervises an affected facility or a stationary source.
98. "Particulate matter" means any airborne finely divided solid or liquid material with an aerodynamic diameter smaller than 100 micrometers.
99. "Particulate matter emissions" means all finely divided solid or liquid materials other than uncombined water, emitted to the ambient air as measured by applicable test methods and procedures described in R18-2-311.
100. "Permitting authority" means the department or a county department, agency or air pollution control district that is charged with enforcing a permit program adopted pursuant to A.R.S. § 49-480(A). A.R.S. § 49-401.01(28).
101. "Permitting exemption thresholds" for a regulated minor NSR pollutant means the following:
- | Regulated Air Pollutant | Emission Rate in tons per year (TPY) |
|---|--------------------------------------|
| PM _{2.5} (primary emissions only; levels for precursors are set below) | 5 |
| PM ₁₀ | 7.5 |
| SO ₂ | 20 |
| NO _x | 20 |
| VOC | 20 |
| CO | 50 |
| Pb | 0.3 |
102. "Person" means any public or private corporation, company, partnership, firm, association or society of persons, the federal government and any of its departments or agencies, the state and any of its agencies, departments or political subdivisions, as well as a natural person.
103. "Planning agency" means an organization designated by the governor pursuant to 42 U.S.C. 7504. A.R.S. § 49-401.01(29).
104. "PM_{2.5}" means particulate matter with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers as measured by a reference method based on 40 CFR 50 Appendix L, or by an equivalent method designated according to 40 CFR 53.
105. "PM₁₀" means particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method contained within 40 CFR 50 Appendix J or by an equivalent method designated in accordance with 40 CFR 53.
106. "PM₁₀ emissions" means finely divided solid or liquid material, with an aerodynamic diameter less than or equal to a nominal 10 micrometers emitted to the ambient air as measured by applicable test methods and procedures described in R18-2-311.
107. "Plume" means visible effluent.
108. "Pollutant" means an air contaminant the emission or ambient concentration of which is regulated pursuant to this Chapter.
109. "Portable source" means any stationary source that is capable of being operated at more than one location.
110. "Potential to emit" or "potential emission rate" means the maximum capacity of a stationary source to emit a pollutant, excluding secondary emissions, under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as part of its design if the limitation or the effect it would have on emissions is legally and practically enforceable by the Department or a county under A.R.S. Title 49, Chapter 3; any rule, ordinance, order or permit adopted or issued under A.R.S. Title 49, Chapter 3 or the state implementation plan.
111. "Predictive Emissions Monitoring System" or "PEMS" means the total equipment, required under the emission monitoring provisions in this Chapter, to monitor process and control device operational parameters (for example, control device secondary voltages and electric currents) and other information (for example, gas flow rate, O₂ or CO₂ concentrations), and calculate and record the mass emissions rate (for example, lb/hr) on a continuous basis.
112. "Primary ambient air quality standards" means the ambient air quality standards which define levels of air quality necessary, with an adequate margin of safety, to protect the public health, as specified in Article 2 of this Chapter.
113. "Process" means one or more operations, including equipment and technology, used in the production of goods or services or the control of by-products or waste.
114. "Project" means a physical change in, or change in the method of operation of, an existing major source.
115. "Proposed final permit" means the version of a Class I permit or Class I permit revision that the Department proposes to issue and forwards to the Administrator for review in compliance with R18-2-307(A). A proposed final permit constitutes a final and enforceable authorization to begin actual construction of, but not to operate, a new Class I source or a modification to a Class I source.
116. "Proposed permit" means the version of a permit for which the Director offers public participation under R18-2-330 or affected state review under R18-2-307(D).
117. "Reactivation of a very clean coal-fired electric utility steam generating unit" means any physical change or change in the method of operation associated with commencing commercial operations by a coal-fired utility unit after a period of discontinued operation if the unit:
- Has not been in operation for the two-year period before enactment of the Clean Air Act Amendments of 1990, and the emissions from the unit continue to

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- be carried in the Director's emissions inventory at the time of enactment;
- b. Was equipped before shutdown with a continuous system of emissions control that achieves a removal efficiency for sulfur dioxide of no less than 85% and a removal efficiency for particulates of no less than 98%;
 - c. Is equipped with low-NO_x burners before commencement of operations following reactivation; and
 - d. Is otherwise in compliance with the Act.
118. "Reasonable further progress" means the schedule of emission reductions defined within a nonattainment area plan as being necessary to come into compliance with a national ambient air quality standard by the primary standard attainment date.
119. "Reasonably available control technology" (RACT) means devices, systems, process modifications, work practices or other apparatus or techniques that are determined by the Director to be reasonably available taking into account:
- a. The necessity of imposing the controls in order to attain and maintain a national ambient air quality standard;
 - b. The social, environmental, energy and economic impact of the controls;
 - c. Control technology in use by similar sources; and
 - d. The capital and operating costs and technical feasibility of the controls.
120. "Reclaiming machinery" means any machine, equipment device or other article used for picking up stored granular material and either depositing this material on a conveyor or reintroducing this material into the process.
121. "Reference method" means the methods of sampling and analyzing for an air pollutant as described in the Arizona Testing Manual; 40 CFR 50, Appendices A through K; 40 CFR 51, Appendix M; 40 CFR 52, Appendices D and E; 40 CFR 60, Appendices A through F; and 40 CFR 61, Appendices B and C, as incorporated by reference in 18 A.A.C. 2, Appendix 2.
122. "Regulated air pollutant" means any of the following:
- a. Any conventional air pollutant.
 - b. Nitrogen oxides and volatile organic compounds.
 - c. Any pollutant that is subject to a new source performance standard.
 - d. Any pollutant that is subject to a national emission standard for hazardous air pollutants or other requirements established under section 112 of the Act, including sections 112(g), (j), and (r), including the following:
 - i. Any pollutant subject to requirements under section 112(j) of the act. If the administrator fails to promulgate a standard by the date established pursuant to section 112(e) of the act, any pollutant for which a subject source would be major shall be considered to be regulated on the date 18 months after the applicable date established pursuant to section 112(e) of the Act; and
 - ii. Any pollutant for which the requirements of section 112(g)(2) of the Act have been met, but only with respect to the individual source subject to the section 112(g)(2) requirement.
 - e. Any Class I or II substance subject to a standard promulgated under title VI of the Act.
123. "Regulated minor NSR pollutant" means any pollutant for which a national ambient air quality standard has been promulgated and the following precursors for such pollutants:
- a. VOC and nitrogen oxides as precursors to ozone.
 - b. Nitrogen oxides and sulfur dioxide as precursors to PM_{2.5}.
124. "Regulated NSR pollutant" is defined as follows:
- a. For purposes of determining the applicability of R18-2-403 through R18-2-405 and R18-2-411, regulated NSR pollutant means any pollutant for which a national ambient air quality standard has been promulgated and any pollutant identified under this subsection as a constituent of or precursor to such pollutant, provided that such constituent or precursor pollutant may only be regulated under NSR as part of the regulation of the general pollutant. Precursors for purposes of NSR are the following:
 - i. Volatile organic compounds and nitrogen oxides are precursors to ozone in all areas.
 - ii. Sulfur dioxide is a precursor to PM_{2.5} in all areas.
 - iii. Nitrogen oxides are precursors to PM_{2.5} in all areas.
 - iv. VOC and ammonia are precursors to PM_{2.5} in PM_{2.5} nonattainment areas.
 - b. For all other purposes, regulated NSR pollutant means the pollutants identified in subsection (a) and the following:
 - i. Any pollutant that is subject to any new source performance standard except greenhouse gases as defined in 40 CFR 86.1818-12(a).
 - ii. Any Class I or II substance subject to a standard promulgated under or established by Title VI of the Act as of July 1, 2011.
 - iii. Any pollutant that is otherwise subject to regulation under the Act, except greenhouse gases as defined in 40 CFR 86.1818-12(a).
 - c. Notwithstanding subsections (124)(a) and (b), the term regulated NSR pollutant shall not include any or all hazardous air pollutants either listed in section 112 of the Act, or added to the list pursuant to section 112(b)(2) of the Act, unless the listed hazardous air pollutant is also regulated as a constituent or precursor of a general pollutant listed under section 108 of the Act.
 - d. PM_{2.5} emissions and PM₁₀ emissions shall include gaseous emissions from a source or activity which condense to form particulate matter at ambient temperatures. On and after January 1, 2011, condensable particulate matter shall be accounted for in applicability determinations and in establishing emissions limitations for PM_{2.5} and PM₁₀ in permits issued under Article 4.
125. "Repowering" means:
- a. Replacing an existing coal-fired boiler with one of the following clean coal technologies:
 - i. Atmospheric or pressurized fluidized bed combustion;
 - ii. Integrated gasification combined cycle;
 - iii. Magnetohydrodynamics;
 - iv. Direct and indirect coal-fired turbines;
 - v. Integrated gasification fuel cells; or
 - vi. As determined by the Administrator, in consultation with the United States Secretary of

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- Energy, a derivative of one or more of the above technologies; and
- vii. Any other technology capable of controlling multiple combustion emissions simultaneously with improved boiler or generation efficiency and with significantly greater waste reduction relative to the performance of technology in widespread commercial use as of November 15, 1990.
- b. Repowering also includes any oil, gas, or oil and gas-fired unit that has been awarded clean coal technology demonstration funding as of January 1, 1991, by the United States Department of Energy.
- c. The Director shall give expedited consideration to permit applications for any source that satisfies the requirements of this subsection (and) is granted an extension under section 409 of the Act.
126. "Run" means the net period of time during which an emission sample is collected, which may be, unless otherwise specified, either intermittent or continuous within the limits of good engineering practice.
127. "Secondary ambient air quality standards" means the ambient air quality standards which define levels of air quality necessary to protect the public welfare from any known or anticipated adverse effects of a pollutant, as specified in Article 2 of this Chapter.
128. "Secondary emissions" means emissions which are specific, well defined, quantifiable, occur as a result of the construction or operation of a major source or major modification, but do not come from the major source or major modification itself, and impact the same general area as the stationary source or modification which causes the secondary emissions. Secondary emissions include emissions from any offsite support facility which would not otherwise be constructed or increase its emissions except as a result of the construction or operation of the major source or major modification. Secondary emissions do not include any emissions which come directly from a mobile source, such as emissions from the tailpipe of a motor vehicle, from a train, or from a vessel.
129. "Section 302(j) category" means:
- a. Any of the classes of sources listed in the definition of categorical source in subsection (23); or
- b. Any category of affected facility which, as of August 7, 1980, is being regulated under section 111 or 112 of the Act.
130. "Shutdown" means the cessation of operation of any air pollution control equipment or process equipment for any purpose, except routine phasing out of process equipment.
131. "Significant" means, in reference to a significant emissions increase, a net emissions increase, a stationary source's potential to emit or a stationary source's maximum capacity to emit with any elective limits as defined in R18-2-301(13):
- a. A rate of emissions of conventional pollutants that would equal or exceed any of the following:
- | Pollutant | Emissions Rate |
|-------------------|---|
| Carbon monoxide | 100 tons per year (tpy) |
| Nitrogen oxides | 40 tpy |
| Sulfur dioxide | 40 tpy |
| PM ₁₀ | 15 tpy |
| PM _{2.5} | 10 tpy of direct PM _{2.5} emissions; 40 tpy of sulfur dioxide emissions; 40 tpy of nitrogen oxide emissions. |
- Ozone 40 tpy of VOC or nitrogen oxides
- Lead 0.6 tpy
- b. For purposes of determining the applicability of R18-2-302(B)(2) or R18-2-406, in addition to the rates specified in subsection (131)(a), a rate of emissions of non-conventional pollutants that would equal or exceed any of the following:
- | Pollutant | Emissions Rate |
|--|----------------------------|
| Particulate matter | 25 tpy |
| Fluorides | 3 tpy |
| Sulfuric acid mist | 7 tpy |
| Hydrogen sulfide (H ₂ S) | 10 tpy |
| Total reduced sulfur (including H ₂ S) | 10 tpy |
| Reduced sulfur compounds (including H ₂ S) | 10 tpy |
| Municipal waste combustor organics (measured as total tetra-through octa-chlorinated dibenzop-dioxins and dibenzofurans) | 3.5 x 10 ⁻⁶ tpy |
| Municipal waste combustor metals (measured as particulate matter) | 15 tpy |
| Municipal waste combustor acid gases (measured as sulfur dioxide and hydrogen chloride) | 40 tpy |
| Municipal solid waste landfill emissions (measured as nonmethane organic compounds) | 50 tpy |
| Any regulated NSR pollutant not specifically listed in this subsection (or) subsection (131)(a), except for ammonia. | Any emission rate |
- c. In ozone nonattainment areas classified as serious or severe, the emission rate for nitrogen oxides or VOC determined under R18-2-405.
- d. In a carbon monoxide nonattainment area classified as serious, a rate of emissions that would equal or exceed 50 tons per year, if the Administrator has determined that stationary sources contribute significantly to carbon monoxide levels in that area.
- e. In PM_{2.5} nonattainment areas, an emission rate that would equal or exceed 40 tons per year of VOC as a precursor of PM_{2.5}.
- f. In PM_{2.5} nonattainment areas, for purposes of determining the applicability of R18-2-403 or R18-2-404, an emission rate that would equal or exceed 40 tons per year of ammonia, as a precursor to PM_{2.5}. This subsection shall take effect on the effective date of the Administrator's action approving it as part of the state implementation plan.
- g. Notwithstanding the emission rates listed in subsection (131)(a) or (b), for purposes of determining the applicability of R18-2-406, any emissions rate or any net emissions increase associated with a major source or major modification, which would be constructed within 10 kilometers of a Class I area and have an impact on the ambient air quality of such area equal to or greater than 1 µg/m³ (24-hour average).

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

132. "Significant emissions increase" means, for a regulated NSR pollutant, an increase in emissions that is significant as defined in this Section for that pollutant.
133. "Smoke" means particulate matter resulting from incomplete combustion.
134. "Source" means any building, structure, facility or installation that may cause or contribute to air pollution or the use of which may eliminate, reduce or control the emission of air pollution. A.R.S. § 49-401.01(23).
135. "Stack" means any point in a source designed to emit solids, liquids, or gases into the air, including a pipe or duct but not including flares.
136. "Stack in existence" means that the owner or operator had either:
- Begun, or caused to begin, a continuous program of physical onsite construction of the stack;
 - Entered into binding agreements or contractual obligations, which could not be cancelled or modified without substantial loss to the owner or operator, to undertake a program of construction of the stack to be completed in a reasonable time.
137. "Start-up" means the setting into operation of any air pollution control equipment or process equipment for any purpose except routine phasing in of process equipment.
138. "State implementation plan" or "SIP" means the accumulated record of enforceable air pollution control measures, programs and plans adopted by the Director and submitted to and approved by the Administrator pursuant to 42 U.S.C. 7410.
139. "Stationary rotating machinery" means any gas engine, diesel engine, gas turbine, or oil fired turbine operated from a stationary mounting and used for the production of electric power or for the direct drive of other equipment.
140. "Stationary source" means any building, structure, facility or installation which emits or may emit any regulated NSR pollutant, any regulated air pollutant or any pollutant listed under section 112(b) of the act. "Building," "structure," "facility," or "installation" means all of the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person or persons under common control. Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same "Major Group" as described in the "Standard Industrial Classification Manual, 1987."
141. "Subject to regulation" means, for any air pollutant, that the pollutant is subject to either a provision in the Act, or a nationally-applicable regulation codified by the administrator in 40 CFR chapter I, subchapter C, that requires actual control of the quantity of emissions of that pollutant, and that such a control requirement has taken effect and is operative to control, limit or restrict the quantity of emissions of that pollutant released from the regulated activity.
142. "Sulfuric acid plant" means any facility producing sulfuric acid by the contact process by burning elemental sulfur, alkylation acid, hydrogen sulfide, or acid sludge, but does not include facilities where conversion to sulfuric acid is utilized as a means of preventing emissions of sulfur dioxide or other sulfur compounds to the atmosphere.
143. "Temporary clean coal technology demonstration project" means a clean coal technology demonstration project operated for five years or less, and that complies with the applicable implementation plan and other requirements necessary to attain and maintain the national ambient air quality standards during the project and after the project is terminated.
144. "Temporary source" means a source which is portable, as defined in A.R.S. § 49-401.01(23) and which is not an affected source.
145. "Total reduced sulfur" (TRS) means the sum of the sulfur compounds, primarily hydrogen sulfide, methyl mercaptan, dimethyl sulfide, and dimethyl disulfide, that are released during kraft pulping and other operations and measured by Method 16 in 40 CFR 60, Appendix A.
146. "Trivial activities" means activities and emissions units, such as the following, that may be omitted from a permit or registration application. Certain of the following listed activities include qualifying statements intended to exclude similar activities:
- Low-Emitting Combustion
 - Combustion emissions from propulsion of mobile sources;
 - Emergency or backup electrical generators at residential locations;
 - Portable electrical generators that can be moved by hand from one location to another. "Moved by hand" means capable of being moved without the assistance of any motorized or non-motorized vehicle, conveyance, or device;
 - Low- Or Non-Emitting Industrial Activities
 - Blacksmith forges;
 - Hand-held or manually operated equipment used for buffing, polishing, carving, cutting, drilling, sawing, grinding, turning, routing or machining of ceramic art work, precision parts, leather, metals, plastics, fiberboard, masonry, carbon, glass, or wood;
 - Brazing, soldering, and welding equipment, and cutting torches related to manufacturing and construction activities that do not result in emission of HAP metals. Brazing, soldering, and welding equipment, and cutting torches related to manufacturing and construction activities that emit HAP metals are insignificant activities based on size or production level thresholds. Brazing, soldering, and welding equipment, and cutting torches directly related to plant maintenance and upkeep and repair or maintenance shop activities that emit HAP metals are treated as trivial and listed separately in this definition;
 - Drop hammers or hydraulic presses for forging or metalworking;
 - Air compressors and pneumatically operated equipment, including hand tools;
 - Batteries and battery charging stations, except at battery manufacturing plants;
 - Drop hammers or hydraulic presses for forging or metalworking;
 - Equipment used exclusively to slaughter animals, not including other equipment at slaughterhouses, such as rendering cookers, boilers, heating plants, incinerators, and electrical power generating equipment;
 - Hand-held applicator equipment for hot melt adhesives with no VOC in the adhesive formulation;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- x. Equipment used for surface coating, painting, dipping, or spraying operations, except those that will emit VOC or HAP;
- xi. CO₂ lasers used only on metals and other materials that do not emit HAP in the process;
- xii. Electric or steam-heated drying ovens and autoclaves, but not the emissions from the articles or substances being processed in the ovens or autoclaves or the boilers delivering the steam;
- xiii. Salt baths using nonvolatile salts that do not result in emissions of any regulated air pollutants;
- xiv. Laser trimmers using dust collection to prevent fugitive emissions;
- xv. Process water filtration systems and demineralizers;
- xvi. Demineralized water tanks and demineralizer vents;
- xvii. Oxygen scavenging or de-aeration of water;
- xviii. Ozone generators;
- xix. Steam vents and safety relief valves;
- xx. Steam leaks; and
- xxi. Steam cleaning operations and steam sterilizers;
- xxii. Use of vacuum trucks and high pressure washer/cleaning equipment within the stationary source boundaries for cleanup and in-source transfer of liquids and slurried solids to waste water treatment units or conveyances;
- xxiii. Equipment using water, water and soap or detergent, or a suspension of abrasives in water for purposes of cleaning or finishing.
- xxiv. Electric motors.
- c. Building and Site Maintenance Activities
 - i. Plant and building maintenance and upkeep activities, including grounds-keeping, general repairs, cleaning, painting, welding, plumbing, re-tarring roofs, installing insulation, and paving parking lots, if these activities are not conducted as part of a manufacturing process, are not related to the source's primary business activity, and do not otherwise trigger a permit revision. Cleaning and painting activities qualify as trivial activities if they are not subject to VOC or hazardous air pollutant control requirements;
 - ii. Repair or maintenance shop activities not related to the source's primary business activity, not including emissions from surface coating, de-greasing, or solvent metal cleaning activities, and not otherwise triggering a permit revision;
 - iii. Janitorial services and consumer use of janitorial products;
 - iv. Landscaping activities;
 - v. Routine calibration and maintenance of laboratory equipment or other analytical instruments;
 - vi. Sanding of streets and roads to abate traffic hazards caused by ice and snow;
 - vii. Street and parking lot striping;
 - viii. Caulking operations which are not part of a production process.
- d. Incidental, Non-Industrial Activities
 - i. Air-conditioning units used for human comfort that do not have applicable requirements under Title VI of the Act;
 - ii. Ventilating units used for human comfort that do not exhaust air pollutants into the ambient air from any manufacturing, industrial or commercial process;
 - iii. Tobacco smoking rooms and areas;
 - iv. Non-commercial food preparation;
 - v. General office activities, such as paper shredding, copying, photographic activities, pencil sharpening and blueprinting, but not including incineration;
 - vi. Laundry activities, except for dry-cleaning and steam boilers;
 - vii. Bathroom and toilet vent emissions;
 - viii. Fugitive emissions related to movement of passenger vehicles, if the emissions are not counted for applicability purposes under subsection (146)(c) of the definition of major source in this Section and any required fugitive dust control plan or its equivalent is submitted with the application;
 - ix. Use of consumer products, including hazardous substances as that term is defined in the Federal Hazardous Substances Act (15 U.S.C. 1261 et seq.) where the product is used at a source in the same manner as normal consumer use;
 - x. Activities directly used in the diagnosis and treatment of disease, injury or other medical condition;
 - xi. Circuit breakers;
 - xii. Adhesive use which is not related to production.
- e. Storage, Piping and Packaging
 - i. Storage tanks, vessels, and containers holding or storing liquid substances that will not emit any VOC or HAP;
 - ii. Storage tanks, reservoirs, and pumping and handling equipment of any size containing soaps, vegetable oil, grease, animal fat, and nonvolatile aqueous salt solutions, if appropriate lids and covers are used;
 - iii. Chemical storage associated with water and wastewater treatment where the water is treated for consumption and/or use within the permitted facility;
 - iv. Chemical storage associated with water and wastewater treatment where the water is treated for consumption and/or use within the permitted facility;
 - v. Storage cabinets for flammable products;
 - vi. Natural gas pressure regulator vents, excluding venting at oil and gas production facilities;
 - vii. Equipment used to mix and package soaps, vegetable oil, grease, animal fat, and nonvolatile aqueous salt solutions, if appropriate lids and covers are used;
- f. Sampling and Testing
 - i. Vents from continuous emissions monitors and other analyzers;
 - ii. Bench-scale laboratory equipment used for physical or chemical analysis, but not laboratory fume hoods or vents;
 - iii. Equipment used for quality control, quality assurance, or inspection purposes, including sampling equipment used to withdraw materials for analysis;
 - iv. Hydraulic and hydrostatic testing equipment;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- v. Environmental chambers not using HAP gases;
- vi. Soil gas sampling;
- vii. Individual sampling points, analyzers, and process instrumentation, whose operation may result in emissions but that are not regulated as emission units;
- g. Safety Activities
 - i. Fire suppression systems;
 - ii. Emergency road flares;
- h. Miscellaneous Activities
 - i. Shock chambers;
 - ii. Humidity chambers;
 - iii. Solar simulators;
 - iv. Cathodic protection systems;
 - v. High voltage induced corona; and
 - vi. Filter draining.
- 147. "Unclassified area" means an area which the Administrator, because of a lack of adequate data, is unable to classify as an attainment or nonattainment area for a specific pollutant, and which, for purposes of this Chapter, is treated as an attainment area.
- 148. "Uncombined water" means condensed water containing analytical trace amounts of other chemical elements or compounds.
- 149. "Urban or suburban open area" means an unsubdivided tract of land surrounding a substantial urban development of a residential, industrial, or commercial nature and which, though near or within the limits of a city or town, may be uncultivated, used for agriculture, or lie fallow.
- 150. "Vacant lot" means a subdivided residential or commercial lot which contains no buildings or structures of a temporary or permanent nature.
- 151. "Vapor" means the gaseous form of a substance normally occurring in a liquid or solid state.
- 152. "Visibility impairment" means any humanly perceptible change in visibility (light extinction, visual range, contrast, coloration) from that which would have existed under natural conditions.
- 153. "Visible emissions" means any emissions which are visually detectable without the aid of instruments and which contain particulate matter.
- 154. "Volatile organic compounds" or "VOC" means any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, that participates in atmospheric photochemical reactions. This includes any such organic compound other than the following:
 - a. Methane;
 - b. Ethane;
 - c. Methylene chloride (dichloromethane);
 - d. 1,1,1-trichloroethane (methyl chloroform);
 - e. 1,1,2-trichloro-1,2,2-trifluoroethane (CFC-113);
 - f. Trichlorofluoromethane (CFC-11);
 - g. Dichlorodifluoromethane (CFC-12);
 - h. Chlorodifluoromethane (HCFC-22);
 - i. Trifluoromethane (HFC-23);
 - j. 1,2-dichloro 1,1,2,2-tetrafluoroethane (CFC-114);
 - k. Chloropentafluoroethane (CFC-115);
 - l. 1,1,1-trifluoro 2,2-dichloroethane (HCFC-123);
 - m. 1,1,1,2-tetrafluoroethane (HFC-134(a));
 - n. 1,1-dichloro 1-fluoroethane (HCFC-141(b));
 - o. 1-chloro 1,1-difluoroethane (HCFC-142(b));
 - p. 2-chloro-1,1,1,2-tetrafluoroethane (HCFC-124);
 - q. Pentafluoroethane (HFC-125);
 - r. 1,1,2,2-tetrafluoroethane (HFC-134);
 - s. 1,1,1-trifluoroethane (HFC-143(a));
 - t. 1,1-difluoroethane (HFC-152(a));
 - u. Parachlorobenzotrifluoride (PCBTF);
 - v. Cyclic, branched, or linear completely methylated siloxanes;
 - w. Acetone;
 - x. Perchloroethylene (tetrachloroethylene);
 - y. 3,3-dichloro-1,1,1,2,2-pentafluoropropane (HCFC-225(ca));
 - z. 1,3-dichloro-1,1,2,2,3-pentafluoropropane (HCFC-225(cb));
 - aa. 1,1,1,2,3,4,4,5,5,5-decafluoropentane (HFC 43-10mee);
 - bb. Difluoromethane (HFC-32);
 - cc. Ethylfluoride (HFC-161);
 - dd. 1,1,1,3,3,3-hexafluoropropane (HFC-236(fa));

 - iii. Cycle, branched, or linear, completely fluorinated tertiary amines with no unsaturations; or
 - iv. Sulfur containing perfluorocarbons with no unsaturations and with sulfur bonds only to carbon and fluorine.
 - v. The following compound is VOC for purposes of all recordkeeping, emissions reporting, photochemical dispersion modeling and inventory

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

requirements which apply to VOC and shall be uniquely identified in emission reports, but is not VOC for purposes of VOC emissions limitations or VOC content requirements: t-butyl acetate.

155. "Wood waste burner" means an incinerator designed and used exclusively for the burning of wood wastes consisting of wood slabs, scraps, shavings, barks, sawdust or other wood material, including those that generate steam as a by-product.

Historical Note

Former Section R9-3-101 repealed, new Section R9-3-101 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Editorial correction, paragraph (133) (Supp. 80-1). Editorial correction, paragraph (58) (Supp. 80-2). Amended effective July 9, 1980. Amended by adding new paragraphs (24), (55), (102), and (115) and renumbering accordingly, effective August 29, 1980 (Supp. 80-4). Amended effective May 28, 1982 (Supp. 82-3). Amended effective September 22, 1983 (Supp. 83-5). Amended paragraph (133), added paragraph (156) and renumbered accordingly effective September 28, 1984 (Supp. 84-5). Amended paragraph (29) by deleting (aa) and (bb) effective August 9, 1985 (Supp. 85-4). Former Section R9-3-101 renumbered without change as R18-2-101 (Supp. 87-3). Amended paragraph (98) effective December 1, 1988 (Supp. 88-4). Amended effective September 26, 1990 (Supp. 90-3). Amended effective November 15, 1993 (Supp. 93-4). Amended effective June 10, 1994 (Supp. 94-2). Amended effective October 7, 1994 (Supp. 94-4). Amended effective February 28, 1995 (Supp. 95-1). Amended effective August 1, 1995 (Supp. 95-3). Amended effective January 31, 1997; filed with the Office of Secretary of State January 10, 1997 (Supp. 97-1). Amended effective June 4, 1998 (Supp. 98-2). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 8 A.A.R. 2543, effective May 24, 2002 (Supp. 02-2). Amended by final rulemaking at 9 A.A.R. 4541, effective December 2, 2003 (Supp. 03-4). Amended by final rulemaking at 11 A.A.R. 3305, effective October 3, 2005 (Supp. 05-3). Amended by final rulemaking at 11 A.A.R. 5504, effective February 4, 2006 (Supp. 05-4). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1). Amended by final rulemaking at 25 A.A.R. 3630, effective February 1, 2020 (Supp. 19-4).

R18-2-102. Incorporated Materials

- A. The following documents are incorporated by reference and are on file with the Office of the Secretary of State (1700 W. Washington St., Suite 103, Phoenix, AZ 85007) and the Department (1110 W. Washington St., Phoenix, AZ 85007):
1. Sections 1 and 7 of the Department's "Arizona Testing Manual for Air Pollutant Emissions," amended as of March 1992 (and no future editions).
 2. All ASTM test methods referenced in this Chapter as of the year specified in the reference (and no future amendments). They are available from the American Society for Testing and Materials, 1916 Race St., Philadelphia, PA 19103-1187.

3. The U.S. Government Printing Office's "Standard Industrial Classification Manual, 1987" (and no future editions).

- B. The Code of Federal Regulations is published by the United States Government Printing Office, 732 North Capital Street, NW, Washington, DC 20401-0001, is on file with the Department of Environmental Quality, 1110 West Washington Street, Phoenix, Arizona 85007, and is available at the Arizona State Library, Archives & Public Records, 1700 West Washington Street, Phoenix, Arizona 85007 and at other Federal depository libraries in the state (see http://catalog.gpo.gov/fdlpdir/FDLP-dir.jsp?st_12=AZ&flag=searchp). It is also available online at <http://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR>.

Historical Note

Adopted effective September 26, 1990 (Supp. 90-3). Amended effective February 3, 1993 (Supp. 93-1). Amended effective November 15, 1993 (Supp. 93-4). Amended effective June 10, 1994 (Supp. 94-2). Amended effective December 7, 1995 (Supp. 95-4). Amended by final rulemaking at 5 A.A.R. 3221, effective August 12, 1999 (Supp. 99-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-103. Applicable Implementation Plan; Savings

No rule adopted in this Chapter shall preempt or nullify any applicable requirement or emission standard in an applicable implementation plan unless the Director revises the applicable implementation plan in conformance with the requirements of 40 CFR 51, Subpart F, and the Administrator approves the revision.

Historical Note

Adopted effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

ARTICLE 2. AMBIENT AIR QUALITY STANDARDS; AREA DESIGNATIONS; CLASSIFICATIONS**R18-2-201. Particulate Matter: PM₁₀ and PM_{2.5}**

- A. PM₁₀ Standards
1. The level of the primary and secondary ambient air quality standards for PM₁₀ is 150 micrograms per cubic meter of PM₁₀ – 24-hour average concentration.
 2. To determine attainment of the primary and secondary standards, a person shall measure PM₁₀ in the ambient air by:
 - a. A reference method based on 40 CFR 50, Appendix J, and designated according to 40 CFR 53; or
 - b. An equivalent method designated according to 40 CFR 53.
 3. The primary and secondary 24-hour ambient air quality standards for PM₁₀ are attained when the expected number of days per calendar year with a 24-hour average concentration above 150 micrograms per cubic meter, determined according to 40 CFR 50, Appendix K, is less than or equal to one.
- B. PM_{2.5} Standards
1. The primary ambient air quality standards for PM_{2.5} are:
 - a. 12 micrograms per cubic meter of PM_{2.5} – annual arithmetic mean concentration.
 - b. 35 micrograms per cubic meter of PM_{2.5} – 24-hour average concentration.
 2. The secondary ambient air quality standards for PM_{2.5} are:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. 15 micrograms per cubic meter of PM_{2.5} – annual arithmetic mean concentration.
- b. 35 micrograms per cubic meter of PM_{2.5} – 24-hour average concentration.
3. To determine attainment of the primary and secondary standards, a person shall measure PM_{2.5} in the ambient air by:
 - a. A reference method based on 40 CFR 50, Appendix L, and designated according to 40 CFR 53; or
 - b. An equivalent method designated according to 40 CFR 53.
4. The primary annual ambient air quality standard for PM_{2.5} is met when the annual arithmetic mean concentration, determined according to 40 CFR 50, Appendix N, is less than or equal to 12 micrograms per cubic meter.
5. The secondary annual ambient air quality standard for PM_{2.5} is met when the annual arithmetic mean concentration, determined according to 40 CFR 50, Appendix N, is less than or equal to 15 micrograms per cubic meter.
6. The primary and secondary 24-hour ambient air quality standards for PM_{2.5} are met when the 98th percentile 24-hour concentration, determined according to 40 CFR 50, Appendix N, is less than or equal to 35 micrograms per cubic meter.

Historical Note

Amended effective December 22, 1976 (Supp. 76-5). Former Section R9-3-201 repealed, new Section R9-3-201 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Editorial correction, subsection (E) (Supp. 80-2). Amended effective August 29, 1980 (Supp. 80-4). Amended subsection(B)(1) and deleted subsections (C) through (E) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-201 renumbered without change as Section R18-2-201 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Amended by final rulemaking at 11 A.A.R. 3305, effective October 3, 2005 (Supp. 05-3). Section corrected to include subsection (B), which was inadvertently omitted in Supp. 05-3 (Supp. 07-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-202. Sulfur Oxides (Sulfur Dioxide)

- A. The primary ambient air quality standards for sulfur oxides, measured as sulfur dioxide, are:
 1. 0.03 parts per million (ppm) (80 µg/m³) -- annual arithmetic mean.
 2. 0.14 parts per million (ppm) (365 µg/m³) – maximum 24-hour concentration not to be exceeded more than once per calendar year.
 3. 75 parts per billion (ppb) – maximum one-hour concentration. The one-hour primary standard is met at an ambient air quality monitoring site when the three-year average of the annual 99th percentile of the daily maximum one-hour average concentrations is less than or equal to 75 parts per billion, as determined according to 40 CFR 50, Appendix T.
- B. The secondary ambient air quality standard for sulfur oxides, measured as sulfur dioxide, is 0.5 parts per million (ppm) (1300 µg/m³) -- maximum three-hour concentration not to be exceeded more than once per year.
- C. The level of the standards shall be measured by a reference method based on 40 CFR 50, Appendix A or A-1, or by a Federal Equivalent Method designated according to 40 CFR 53.

- D. The standards in subsections (A)(1) and (2) shall apply:
 1. In an area designated nonattainment for a standard in subsection (A)(1) or (2) as of August 23, 2011, and areas not meeting a state implementation plan call for a standard in subsection (A)(1) or (2), until the state submits pursuant to section 191 of the Act, and the Administrator approves, a state implementation plan providing for attainment the standard in subsection (A)(3) in that area.
 2. In areas other than those identified in subsection (D)(1), until the effective date of the designation of that area, pursuant to section 107 of the act, for the standard in subsection (A)(3).

Historical Note

Amended effective December 22, 1976 (Supp. 76-5). Former Section R9-3-202 repealed, new Section R9-3-202 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective August 29, 1980 (Supp. 80-4). Amended subsection (B) effective May 28, 1982 (Supp. 82-3). Amended by deleting subsections (C) through (E) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-202 renumbered without change as Section R18-2-202 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Amended by final rulemaking at 11 A.A.R. 3305, effective October 3, 2005 (Supp. 05-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-203. Ozone

- A. The eight-hour average primary ambient air quality standard for ozone is 0.070 ppm.
- B. The eight-hour average secondary ambient air quality standard for ozone is 0.070 ppm.
- C. To determine attainment of the primary and secondary standards, a person shall measure ozone in the ambient air by:
 1. A reference method based on 40 CFR 50, Appendix D, and designated according to 40 CFR 53; or
 2. An equivalent method designated according to 40 CFR 53.
- D. The eight-hour average primary ambient air quality standard for ozone is met at an ambient air quality monitoring site when the three-year average of the annual fourth highest daily maximum eight-hour average ozone concentration is less than or equal to 0.070 ppm, determined according to 40 CFR 50, Appendix U.

Historical Note

Amended effective December 22, 1976 (Supp. 76-5). Former Section R9-3-204 repealed, new Section R9-3-204 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective August 29, 1980 (Supp. 80-4). Amended by deleting subsections (B) through (D) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-204 renumbered without change as Section R18-2-204 (Supp. 87-3). Section R18-2-103 renumbered from R18-2-204 and amended effective September 26, 1990 (Supp. 90-3). Amended by final rulemaking at 11 A.A.R. 3305, effective October 3, 2005 (Supp. 05-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-204. Carbon monoxide

- A. The primary ambient air quality standards for carbon monoxide are:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

1. 9 parts per million (10 milligrams per cubic meter) -- maximum eight-hour concentration not to be exceeded more than once per year.
 2. 35 parts per million (40 milligrams per cubic meter) -- maximum one-hour concentration not to be exceeded more than once per year.
- B.** An eight-hour average shall be considered valid if at least 75% of the hourly averages for the eight-hour period are available. In the event that only six or seven hourly averages are available, the eight-hour average shall be computed on the basis of the hours available using 6 or 7 as the divisor.
- C.** When summarizing data for comparison with the standards, averages shall be stated to one decimal place. Comparison of the data with the levels of the standards in parts per million shall be made in terms of integers with fractional parts of 0.5 or greater rounding up.

Historical Note

Amended effective December 22, 1976 (Supp. 76-5).
 Former Section R9-3-205 repealed, new Section R9-3-205 adopted effective May 14, 1979 (Supp. 79-1).
 Amended effective October 2, 1979 (Supp. 79-5).
 Amended effective August 29, 1980 (Supp. 80-4).
 Amended by deleting subsections (B) through (D) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-205 renumbered without change as Section R18-2-205 (Supp. 87-3). Former Section R18-2-204 renumbered to R18-2-203, new Section R18-2-204 renumbered from R18-2-205 and amended effective September 26, 1990 (Supp. 90-3).

R18-2-205. Nitrogen Oxides (Nitrogen Dioxide)

- A.** The primary ambient air quality standards for oxides of nitrogen, measured in the ambient air as nitrogen dioxide, are:
1. 53 parts per billion -- annual average concentration.
 2. 100 parts per billion -- one-hour average concentration.
- B.** The secondary ambient air quality standard for nitrogen dioxide is 0.053 (parts per million (100 micrograms per cubic meter) -- annual arithmetic mean.
- C.** The levels of the standards shall be measured by a reference method based on 40 CFR 50, Appendix F or a federal equivalent method designated in accordance with 40 CFR 53.
- D.** The annual primary standard is met when the annual average concentration in a calendar year is less than or equal to 53 ppb, as determined in accordance with 40 CFR, Appendix S for the annual standard.
- E.** The one-hour primary standard is met when the three-year average of the annual 98th percentile of the daily maximum one-hour average concentration is less than or equal to 100 parts per billion, as determined in accordance with 40 CFR 50, Appendix S.
- F.** The secondary standard is attained when the annual arithmetic mean concentration in a calendar year is less than or equal to 0.053 ppm, rounded to three decimal places, with fractional parts equal to or greater than 0.0005 ppm rounded up. To demonstrate attainment, an annual mean shall be based upon hourly data that is at least 75% complete or upon data derived from the manual methods, that is at least 75% complete for the scheduled sampling days in each calendar quarter.

Historical Note

Amended effective December 22, 1976 (Supp. 76-5).
 Former Section R9-3-206 repealed, new Section R9-3-206 adopted effective May 14, 1979 (Supp. 79-1).
 Amended effective October 2, 1979 (Supp. 79-5).
 Amended effective August 29, 1980 (Supp. 80-4).
 Amended by deleting subsections (B) through (D) effective September 22, 1983 (Supp. 83-5). Former Section

R9-3-206 renumbered without change as Section R18-2-206 (Supp. 87-3). Former Section R18-2-205 renumbered to R18-2-204, new Section R18-2-205 renumbered from R18-2-206 and amended effective September 26, 1990 (Supp. 90-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-206. Lead

- A.** The primary ambient air quality standard for lead and its compounds, measured as elemental lead, is 0.15 micrograms per cubic meter -- maximum arithmetic mean averaged over a three-month period.
- B.** The secondary ambient air quality standard for lead and its compounds, measured as elemental lead, is 0.15 micrograms per cubic meter -- maximum arithmetic mean averaged over a three-month period.
- C.** The level of the standards shall be measured by a reference method based on 40 CFR 50, Appendix G and designated in accordance with 40 CFR 53, or by an equivalent designated in accordance with part 53 of this chapter.
- D.** The national primary and secondary ambient air quality standards for lead are met when the maximum arithmetic three-month mean concentration for a three-year period, as determined in accordance with 40 CFR 50, Appendix R, is less than or equal to 0.15 micrograms per cubic meter.
- E.** The former primary and secondary ambient air quality standards for lead of 1.5 micrograms per cubic meter averaged over a calendar quarter shall apply to an area until one year after the effective date of the designation of that area, pursuant to section 107 of the Act, for the standards in subsections (A) and (B).

Historical Note

Former Section R9-3-207 repealed effective May 14, 1979 (Supp. 79-1). New Section R9-3-207 adopted effective October 2, 1979 (Supp. 79-5). Amended effective August 29, 1980 (Supp. 80-4). Amended by deleting subsections (B) through (D) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-207 renumbered without change as Section R18-2-207 (Supp. 87-3). Former Section R18-2-206 renumbered to R18-2-205, new Section R18-2-206 renumbered from R18-2-207 and amended effective September 26, 1990 (Supp. 90-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-207. Renumbered**Historical Note**

Former Section R9-3-207 renumbered to R18-2-206 effective September 26, 1990 (Supp. 90-3).

R18-2-208. Reserved**R18-2-209. Reserved****R18-2-210. Attainment, Nonattainment, and Unclassifiable Area Designations**

40 CFR 81.303 as amended as of July 1, 2014 (and no future amendments or editions) is incorporated by reference as an applicable requirement and on file with the Department of Environmental Quality. 40 CFR 81.303 is available from the U.S. Government Printing Office, Superintendent of Documents, bookstore.gpo.gov, Mail Stop: SSOP IDCC-SSOM, Washington, D.C. 20402-9328.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4).
 Amended effective December 7, 1995 (Supp. 95-4).
 Amended by final rulemaking at 5 A.A.R. 3221, effective August 12, 1999 (Supp. 99-3). Amended by final

R18-2-215. Ambient air quality monitoring methods and procedures

- A. Only those methods which have been either designated by the Administrator as reference or equivalent methods or approved by the Director shall be used to monitor ambient air.
- B. Quality assurance, monitor siting, and sample probe installation procedures shall be in accordance with procedures described in the Appendices to 40 CFR 58.
- C. The Director may approve other procedures upon a finding that the proposed procedures are substantially equivalent or superior to procedures in the Appendices to 40 CFR 58.

Historical Note

Adopted effective September 22, 1983 (Supp. 83-5). Former Section R9-3-215 renumbered without change as Section R18-2-215 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3).

R18-2-216. Interpretation of Ambient Air Quality Standards and Evaluation of Air Quality Data

Unless otherwise specified, interpretation of all ambient air quality standards contained in this Article shall be in accordance with 40 CFR 50, incorporated by reference in Appendix 2 of this Chapter.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-216 repealed, new Section R9-3-216 adopted effective August 29, 1980 (Supp. 80-4). Former Section R9-3-216 renumbered without change as Section R18-2-216 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-217. Designation and Classification of Attainment Areas

- A. All areas shall be classified as either Class I, Class II or Class III.
- B. All of the following areas which were in existence on August 7, 1977 shall be Class I areas irrespective of attainment status and shall not be redesignated:
 - 1. International parks;
 - 2. National wilderness areas which exceed 5,000 acres in size;
 - 3. National memorial parks which exceed 5,000 acres in size; and
 - 4. National parks which exceed 6,000 acres in size.
- C. Areas which were redesignated as Class I under regulations promulgated before August 7, 1977, shall remain Class I, but may be redesignated as provided in this Section.

- D. Any other area, unless otherwise specified in the legislation creating such an area, is initially designated Class II, but may be redesignated as provided in this Section.

- E. The following areas shall be designated only as Class I or II:

1. An area which as of August 7, 1977, exceeds 10,000 acres in size and is one of the following:
 - a. A national monument,
 - b. A national primitive area,
 - c. A national preserve,
 - d. A national recreational area,
 - e. A national wild and scenic river,
 - f. A national wildlife refuge,
 - g. A national lakeshore or seashore.
2. A national park or national wilderness area established after August 7, 1977, which exceeds 10,000 acres in size.

- F. Except as otherwise provided in subsections (B) to (E), the Governor may redesignate areas of the state as Class I or Class II, provided that the following requirements are fulfilled:

1. At least one public hearing is held in or near the area affected in accordance with 40 CFR 51.102;
2. Other states, Indian governing bodies and Federal Land Managers, whose land may be affected by the proposed redesignation are notified at least 30 days prior to the public hearing.
3. A discussion document of the reasons for the proposed redesignation including a description and analysis of health, environmental, economic, social and energy effects of the proposed redesignation is prepared by the Governor or the Governor's designee. The discussion document shall be made available for public inspection at least 30 days prior to the hearing and the notice announcing the hearing shall contain appropriate notification of the availability of such discussion document.
4. Prior to the issuance of notice respecting the redesignation of an area which includes any federal lands, the Governor or the Governor's designee has provided written notice to the appropriate Federal Land Manager and afforded the Federal Land Manager adequate opportunity, not in excess of 60 days, to confer with the state respecting the redesignation and to submit written comments and recommendations. The Governor or the Governor's designee shall publish a list of any inconsistency between such redesignation and such recommendations, together with the reasons for making such redesignation against the recommendation of the Federal Land Manager, if any Federal Land Manager has submitted written comments and recommendations.
5. The redesignation is proposed after consultation with the elected leadership of local governments in the area covered by the proposed redesignation.
6. The redesignation is submitted to the Administrator as a revision to the SIP.

- G. Except as otherwise provided in subsections (B) to (E), the Governor may redesignate areas of the state as Class III if all of the following criteria are met:

1. Such redesignation meets the requirements of subsection (F);
2. Such redesignation has been approved after consultation with the appropriate committee of the legislature if it is in session or with the leadership of the legislature if it is not in session.
3. The general purpose units of local government representing a majority of the residents of the area to be redesignated concur in the redesignation;
4. Such redesignation shall not cause, or contribute to, a concentration of any air pollutant which exceeds any

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

national ambient air quality standard or any maximum increase allowed under R18-2-218;

5. For any new major source as defined in R18-2-401 or a major modification of such source which may be permitted to be constructed and operated only if the area in question is redesignated as Class III, any permit application and materials submitted as part of the application shall be available for public inspection prior to any public hearing on the redesignation of the area as Class III.
 6. The redesignation is submitted to the Administrator as a revision to the SIP.
- H.** A redesignation shall not be effective until approved by the Administrator as part of an applicable implementation plan. If the Administrator disapproves the redesignation, the classification of the area shall be that which was in effect before the disapproved redesignation.
- I.** Lands within the exterior boundaries of Indian reservations may be redesignated only by the appropriate Indian governing body.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Editorial correction, subsection (A), paragraph (5), subparagraph (d) (Supp. 80-2). Amended effective May 28, 1982 (Supp. 82-3). Former Section R9-3-217 renumbered without change as Section R18-2-217 (Supp. 87-3). Amended and subsection (B) renumbered to Section R18-2-218 effective September 26, 1990 (Supp. 90-3). Amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-218. Limitation of Pollutants in Classified Attainment Areas

- A.** Areas designated as Class I, II, or III shall be limited to the following increases in air pollutant concentrations occurring over the baseline concentration; provided that for any period other than an annual period, the applicable maximum allowable increase may be exceeded once per year at any one location:

CLASS I

Maximum Allowable Increase (Micrograms per cubic meter)

Particulate matter: PM_{2.5}

Annual arithmetic mean	1
24-hr maximum	2

Particulate matter: PM₁₀

Annual arithmetic mean	4
24-hour maximum	8

Sulfur dioxide:

Annual arithmetic mean	2
24-hour maximum	5
3-hour maximum	25

Nitrogen dioxide:

Annual arithmetic mean	2.5
------------------------	-----

CLASS IIParticulate matter: PM_{2.5}

Annual arithmetic mean	4
24-hr maximum	9

Particulate matter: PM₁₀

Annual arithmetic mean	17
24-hour maximum	30

Sulfur dioxide:

Annual arithmetic mean	20
24-hour maximum	91
3-hour maximum	512

Nitrogen dioxide:

Annual arithmetic mean	25
------------------------	----

CLASS IIIParticulate matter: PM_{2.5}

Annual arithmetic mean	8
24-hr maximum	18

Particulate matter: PM₁₀

Annual arithmetic mean	34
24-hour maximum	60

Sulfur dioxide:

Annual arithmetic mean	40
24-hour maximum	182
3-hour maximum	700

Nitrogen dioxide:

Annual arithmetic mean	50
------------------------	----

- B.** The baseline concentration is that ambient concentration level which exists in the baseline area at the time of the applicable minor source baseline data.

1. The major source baseline date is:

- a. January 6, 1975, for sulfur dioxide and PM₁₀.
- b. February 8, 1988, for nitrogen dioxide.
- c. October 20, 2010, for PM_{2.5}.

2. The minor source baseline date shall be the earliest date after the trigger date on which a major source as defined in R18-2-401 or major modification subject to 40 CFR 52.21 or R18-2-406 submits a complete application under the relevant regulations.

- a. The trigger date is:

- i. August 7, 1977, for PM₁₀ and sulfur dioxide.
- ii. February 8, 1988, for nitrogen dioxide.
- iii. October 20, 2011, for PM_{2.5}.

- b. Any minor source baseline date established originally for total suspended particulates shall remain in effect and shall apply for purposes of determining the amount of available PM-10 increments, except that the Department may rescind any such minor source baseline date where it can be shown, to the satisfaction of the Department, that the emissions increase from the major source, or the net emissions increase from the major modification, responsible for triggering that date did not result in a significant amount of PM-10 emissions.

3. A baseline concentration shall be determined for each pollutant for which there is a minor source baseline date and shall include both:

- a. The actual emissions representative of sources in existence on the minor source baseline date, except as provided in subsection (B)(4); and
- b. The allowable emissions of major sources as defined in R18-2-401 which commenced construction before

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- the major source baseline date but were not in operation by the applicable minor source baseline date.
4. The following shall not be included in the baseline concentration and shall affect the applicable maximum allowable increase:
 - a. Actual emissions from any major source as defined in R18-2-401 on which construction commenced after the major source baseline date; and
 - b. Actual emissions increases and decreases at any stationary source occurring after the minor source baseline date.
- C. The baseline date shall be established for each pollutant for which maximum allowable increases or other equivalent measures have been established if both:
1. The area in which the proposed source or modification would construct is designated as attainment or unclassifiable under section 107(d)(1)(A)(ii) or (iii) of the Act for the pollutant on the date of its complete application under 40 CFR 52.21 or R18-2-406; and
 2. In the case of a major source as defined in R18-2-401, the pollutant would be emitted in significant amounts, or in the case of a major modification, there would be a significant net emissions increase of the pollutant.
- D. The baseline area shall be the AQCR that contains the area, designated as attainment or unclassifiable under section 107(d)(1)(A)(ii) or (iii) of the Act, in which the major source as defined in R18-2-401 or major modification establishing the minor source baseline date would construct or would have an air quality impact for the pollutant for which the minor source baseline date is established, as follows: greater than or equal to 1 microgram per cubic meter (annual average) for sulfur dioxide, nitrogen dioxide or PM₁₀; or greater than or equal to 0.3 microgram per cubic meter (annual average) for PM_{2.5}.
1. Area redesignations under section 107(d)(1)(A)(ii) or (iii) of the Act that would redesignate a baseline area may not intersect or be smaller than the area of impact of any new major source as defined in R18-2-401 or a major modification which either:
 - a. Establishes a minor source baseline date, or
 - b. Is subject to either 40 CFR 52.21 or R18-2-406 and would be constructed in Arizona.
 2. Any baseline area established originally for total suspended particulates shall remain in effect and shall apply for purposes of determining the amount of available PM₁₀ increments, except that such baseline area shall not remain in effect if the Department rescinds the corresponding minor source baseline date in accordance with subsection (B)(2)(b).
- E. The maximum allowable concentration of any air pollutant in any area to which subsection (A) applies shall not exceed a concentration for each pollutant equal to the concentration permitted under the national ambient air quality standards.
- F. For purposes of determining compliance with the maximum allowable increases in ambient concentrations of an air pollutant, the following concentrations of such pollutant shall not be taken into account:
1. Concentration of such pollutant attributable to the increase in emissions from major and stationary sources which have converted from the use of petroleum products, or natural gas, or both, by reason of a natural gas curtailment order which is in effect under the provisions of sections 2(a) and (b) of the Energy Supply and Environmental Coordination Act of 1974, 15 U.S.C. 792, over the emissions from such sources before the effective date of such order;
 2. The concentration of such pollutant attributable to the increase in emissions from major and stationary sources which have converted from using gas by reason of a natural gas curtailment plan in effect pursuant to the Federal Power Act, 16 U.S.C. 792 - 825r, over the emissions from such sources before the effective date of the natural gas curtailment plan;
 3. Concentrations of PM₁₀ or PM_{2.5} attributable to the increase in emissions from construction or other temporary emission related activities of a new or modified source;
 4. The increase in concentrations attributable to new sources outside the United States over the concentrations attributable to existing sources which are included in the baseline concentration; and
 5. Concentrations attributable to the temporary increase in emissions of sulfur dioxide, nitrogen oxides, PM_{2.5}, or PM₁₀ from major sources as defined in R18-2-401 when the following conditions are met:
 - a. The permits issued to such sources specify the time period during which the temporary emissions increase of sulfur dioxide, nitrogen oxides, PM_{2.5} or PM₁₀ would occur. Such time period shall not be renewable and shall not exceed two years.
 - b. The temporary emissions increase will not:
 - i. Impact any Class I area or any area where a maximum increase allowed by subsection (A) is known to be violated; or
 - ii. Cause or contribute to the violation of a national ambient air quality standard.
 - c. The operating permit issued to such sources specifies that, at the end of the time period described in subsection (F)(5)(a), the emissions levels from the sources would not exceed the levels occurring before the temporary emissions increase was approved.
 6. The exception granted by subsections (F)(1) and (2) with respect to maximum increases allowed under subsection (A) shall not apply more than five years after the effective date of the order or natural gas curtailment plan on which the exception is based.
- G. If the Director or the Administrator determines that the SIP is substantially inadequate to prevent significant deterioration or that an applicable maximum allowable increase as specified in subsection (A) is being violated, the SIP shall be revised to correct the inadequacy or the violation. The SIP shall be revised within 60 days of such a finding by the Director or within 60 days following notification by the Administrator, or by such later date as prescribed by the Administrator after consultation with the Director.
- H. The Director shall review the adequacy of the SIP on a periodic basis and within 60 days of such time as information becomes available that an applicable maximum allowable increase is being violated.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Editorial correction, subsection (A), paragraph (5), subparagraph (d) (Supp. 80-2). Amended effective May 28, 1982 (Supp. 82-3). Former Section R9-3-217 renumbered without change as Section R18-2-217 (Supp. 87-3). Former Section R18-2-218 renumbered to R18-2-219, new Section R18-2-218 renumbered from R18-2-217(B) and amended effective September 26, 1990 (Supp. 90-3). Amended effective November 15, 1993 (Supp. 93-4). Amended effective February 28, 1995 (Supp. 95-1).

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-219. Repealed**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-218 repealed, new Section R9-3-218 adopted effective September 22, 1983 (Supp. 83-5). Former Section R9-3-218 renumbered without change as Section R18-2-218 (Supp. 87-3). Former Section R18-2-219 renumbered to R18-2-220, new Section R18-2-219 renumbered from R18-2-218 and amended effective September 26, 1990 (Supp. 90-3). Section repealed by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-220. Air Pollution Emergency Episodes

- A. Procedures shall be implemented by the Director in order to prevent the occurrence of ambient air pollutant concentrations which would cause significant harm to the health of persons, as specified in subsection (B)(4). The procedures and actions required for each stage are described in the Department's "Procedures for Prevention of Emergency Episodes," amended as of August 2018 (and no future edition), which is incorporated herein by reference and on file with the Department.
- B. The following stages are identified by air quality criteria in order to provide for sequential emissions reductions, public notification and increased Department monitoring and forecast responsibilities. The declaration of any stage, and the area of the state affected, shall be based on air quality measurements and meteorological analysis and forecast.

1. A Stage I air pollution alert shall be declared when any of the alert level concentrations listed in subsection (B)(4) are exceeded at any monitoring site and when meteorological conditions indicate that there will be a continuance or recurrence of alert level concentrations for the same pollutant during the subsequent 24-hour period. If, 48 hours after an alert has been initially declared, air pollution concentrations and meteorological conditions do not improve, the warning stage control actions shall be implemented but no warning shall be declared, unless air quality has deteriorated to the extent described in subsection (B)(2).
2. A Stage II air pollution warning shall be declared when any of the warning level concentrations listed in subsection (B)(4) are exceeded at any monitoring site and when meteorological conditions indicate that there will be a continuance or recurrence of concentrations of the same pollutant exceeding the warning level during the subsequent 24-hour period. If, 48 hours after a warning has been initially declared, air pollution concentrations and meteorological conditions do not improve, the emergency stage shall be declared and its control actions implemented.
3. A Stage III air pollution emergency shall be declared when any of the emergency level concentrations listed in subsection (B)(4) are exceeded at any monitoring site and when meteorological conditions indicate that there will be a continuance or recurrence of concentrations of the same pollutant exceeding the emergency level during the subsequent 24-hour period.
4. Summary of emergency episode and significant harm levels:

Pollutant	Averaging Time	Alert	Warning	Emergency	Significant Harm
Carbon monoxide (mg/m ³)	1-hr	--	--	--	144
	4-hr	--	--	--	86.3
	8-hr	17	34	46	57.5
Nitrogen dioxide (µg/m ³)	1-hr	1,130	2,260	3,000	3,750
	24-hr	282	565	750	938
Ozone (ppm)	1-hr	.2	.4	.5	.6
PM _{2.5} (µg/m ³)	24-hr	140.5	210.5	280.5	350.5
PM ₁₀ (µg/m ³)	24-hr	350	420	500	600
Sulfur dioxide (µg/m ³)	24-hr	800	1,600	2,100	2,620

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Editorial correction, subsection (B), paragraph (2) (Supp. 80-1). Editorial correction, subsection (A) (Supp. 80-2). Former Section R9-3-219 repealed, new Section R9-3-219 adopted effective May 28, 1982 (Supp. 82-3). Former Section R9-3-219 renumbered without change as Section R18-2-219 (Supp. 87-3). Section R18-2-220 renumbered from R18-2-219 and amended effective September 26, 1990 (Supp. 90-3). Section amended by final rulemaking at 25 A.A.R. 888, effective May 18, 2019 (Supp. 19-1).

ARTICLE 3. PERMITS AND PERMIT REVISIONS**R18-2-301. Definitions**

The following definitions apply to this Article:

1. "Alternative method" means any method of sampling and analyzing for an air pollutant which is not a reference or equivalent method but which has been demonstrated to produce results adequate for the Director's determination of compliance in accordance with R18-2-311(D).
2. "Billable permit action" means the issuance or denial of a new permit, significant permit revision, or minor permit revision, or the renewal of an existing permit.
3. "Capacity factor" means the ratio of the average load on a machine or equipment for the period of time considered to the capacity rating of the machine or equipment.
4. "CEM" means a continuous emission monitoring system as defined in R18-2-101.
5. "Complete" means, in reference to an application for a permit, permit revision or registration, that the application contains all the information necessary for processing the application. Designating an application complete for purposes of a permit, permit revisions or registration processing does not preclude the Director from requesting or accepting any additional information.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

6. "Dispersion technique" means any technique which attempts to affect the concentration of a pollutant in the ambient air by any of the following:
 - a. Using that portion of a stack which exceeds good engineering practice stack height;
 - b. Varying the rate of emission of a pollutant according to atmospheric conditions or ambient concentrations of that pollutant; or
 - c. Increasing final exhaust gas plume rise by manipulating source process parameters, exhaust gas parameters, stack parameters, or combining exhaust gases from several existing stacks into one stack; or other selective handling of exhaust gas streams so as to increase the exhaust gas plume rise. This shall not include any of the following:
 - i. The reheating of a gas stream, following use of a pollution control system, for the purpose of returning the gas to the temperature at which it was originally discharged from the facility generating the gas stream.
 - ii. The merging of exhaust gas streams under any of the following conditions:
 - (1) The source owner or operator demonstrates that the facility was originally designed and constructed with such merged gas streams;
 - (2) After July 8, 1985, such merging is part of a change in operation at the facility that includes the installation of pollution controls and is accompanied by a net reduction in the allowable emissions of a pollutant, applying only to the emission limitation for that pollutant; or
 - (3) Before July 8, 1985, such merging was part of a change in operation at the facility that included the installation of emissions control equipment or was carried out for sound economic or engineering reasons. Where there was an increase in the emission limitation or, in the event that no emission limitation was in existence prior to the merging, an increase in the quantity of pollutants actually emitted prior to the merging, the reviewing agency shall presume that merging was significantly motivated by an intent to gain emissions credit for greater dispersion. Absent a demonstration by the source owner or operator that merging was not significantly motivated by such intent, the reviewing agency shall deny credit for the effects of such merging in calculating the allowable emissions for the source.
 - iii. Smoke management in agricultural or silvicultural prescribed burning programs.
 - iv. Episodic restrictions on residential woodburning and open burning.
 - v. Techniques which increase final exhaust gas plume rise where the resulting allowable emissions of sulfur dioxide from the facility do not exceed 5,000 tons per year.
7. "Emissions allowable under the permit" means a permit term or condition determined at issuance to be required by an applicable requirement that establishes an emissions limit (including a work practice standard) or an emissions cap that the source has assumed to avoid an applicable requirement to which the source would otherwise be subject.
8. "Fossil fuel-fired steam generator" means a furnace or boiler used in the process of burning fossil fuel for the primary purpose of producing steam by heat transfer.
9. "Fuel oil" means Number 2 through Number 6 fuel oils as specified in ASTM D-396-90a (Specification for Fuel Oils), gas turbine fuel oils Numbers 2-GT through 4-GT as specified in ASTM D-2880-90a (Specification for Gas Turbine Fuel Oils), or diesel fuel oils Numbers 2-D and 4-D as specified in ASTM D-975-90a (Specification for Diesel Fuel Oils).
10. "Itemized bill" means a breakdown of the permit processing time into the categories of pre-application activities, completeness review, substantive review, and public involvement activities, and within each category, a further breakdown by employee name.
11. "Major source threshold" means the lowest applicable emissions rate for a pollutant that would cause the source to be a major source at the particular time and location, under the definition of major source in R18-2-101.
12. "Maximum capacity to emit" means the maximum amount a source is capable of emitting under its physical and operational design without taking any limitations on operations or air pollution controls into account.
13. "Maximum capacity to emit with any elective limits" means the maximum amount a source is capable of emitting under its physical and operational design taking into account the effect on emissions of any elective limits included in the source's registration under R18-2-302.01(F).
14. "Minor NSR Modification" means any of the following changes that do not qualify as a major source or major modification:
 - a. Any physical change in or change in the method of operation of an emission unit or a stationary source that either:
 - i. Increases the potential to emit of a regulated minor NSR pollutant by an amount greater than or equal to the permitting exemption thresholds, or
 - ii. Results in emissions of a regulated minor NSR pollutant not previously emitted by such emission unit or stationary source in an amount greater than or equal to the permitting exemption thresholds.
 - b. Construction of one or more new emissions units that have the potential to emit regulated minor NSR pollutants at an amount greater than or equal to the permitting exemption threshold.
 - c. A change covered by subsection (12)(a) or (b) of this Section constitutes a minor NSR modification regardless of whether there will be a net decrease in total source emissions or a net increase in total source emissions that is less than the permitting exemption threshold as a result of decreases in the potential to emit of other emission units at the same stationary source.
 - d. For the purposes of this subsection (the) following do not constitute a physical change or change in the method of operation:
 - i. A change consisting solely of the construction of, or changes to, a combination of emissions units qualifying as a categorically exempt activity.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- ii. For a stationary source that is required to obtain a Class II permit under R18-2-302 and that is subject to source-wide emissions caps under R18-2-306.01 or R18-2-306.02, a change that will not result in the violation of the existing emissions cap for that regulated minor NSR pollutant.
- iii. Replacement of an emission unit by a unit with a potential to emit regulated minor NSR pollutants that is less than or equal to the potential to emit of the existing unit, provided the replacement does not cause an increase in emissions at other emission units at the stationary source. A unit installed under this provision is subject to any limits applicable to the unit it replaced.
- iv. Routine maintenance, repair, and replacement.
- v. Use of an alternative fuel or raw material by reason of an order under Sections 2(a) and (b) of the Energy Supply and Environmental Coordination Act of 1974, 15 U.S.C. 792, or by reason of a natural gas curtailment plan under the Federal Power Act, 16 U.S.C. 792 to 825r.
- vi. Use of an alternative fuel by reason of an order or rule under Section 125 of the Act.
- vii. Use of an alternative fuel at a steam generating unit to the extent that the fuel is generated from municipal solid waste.
- viii. Use of an alternative fuel or raw material by a stationary source that either:
 - (1) The source was capable of accommodating before December 12, 1976, unless the change would be prohibited under any federally enforceable permit condition established after December 12, 1976, under 40 CFR 52.21, or under Articles 3 or 4 of this Chapter; or
 - (2) The source is approved to use under any permit issued under 40 CFR 52.21, or under Articles 3 or 4 of this Chapter.
- ix. An increase in the hours of operation or in the production rate, unless the change would be prohibited under any federally enforceable permit condition established after December 12, 1976, under 40 CFR 52.21, or under Articles 3 or 4 of this Chapter.
- x. Any change in ownership at a stationary source.
- xi. The installation, operation, cessation, or removal of a temporary clean coal technology demonstration project, if the project complies with:
 - (1) The SIP, and
 - (2) Other requirements necessary to attain and maintain the national ambient air quality standards during the project and after it is terminated.
- xii. For electric utility steam generating units located in attainment and unclassifiable areas only, the installation or operation of a permanent clean coal technology demonstration project that constitutes repowering, if the project does not result in an increase in the potential to emit any regulated pollutant emitted by the unit. This exemption applies on a pollutant-by-pollutant basis.
- xiii. For electric utility steam generating units located in attainment and unclassifiable areas only, the reactivation of a very clean coal-fired electric utility steam generating unit.
- e. For purposes of this subsection:
 - i. "Potential to emit" means the lower of a source's or emission unit's potential to emit or its allowable emissions.
 - ii. In determining potential to emit, the fugitive emissions of a stationary source shall not be considered unless the source belongs to a section 302(j) category.
 - iii. All of the roadways located at a stationary source constitute a single emissions unit.
- 15. "NAICS" means the five- or six-digit North American Industry Classification System-United States, 1997, number for industries used by the U.S. Department of Commerce.
- 16. "Permit processing time" means all time spent by Air Quality Division staff or consultants on tasks specifically related to the processing of an application for the issuance or renewal of a particular permit or permit revision, including time spent processing an application that is denied.
- 17. "Quantifiable" means, with respect to emissions, including the emissions involved in equivalent emission limits and emission trades, capable of being measured or otherwise determined in terms of quantity and assessed in terms of character. Quantification may be based on emission factors, stack tests, monitored values, operating rates and averaging times, materials used in a process or production, modeling, or other reasonable measurement practices.
- 18. "Registration" means a registration under R18-2-302.01.
- 19. "Replicable" means, with respect to methods or procedures, sufficiently unambiguous that the same or equivalent results would be obtained by the application of the method or procedure by different users.
- 20. "Responsible official" means one of the following:
 - a. For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either:
 - i. The facilities employ more than 250 persons or have gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars); or
 - ii. The delegation of authority to such representatives is approved in advance by the permitting authority;
 - b. For a partnership or sole proprietorship: a general partner or the proprietor, respectively;
 - c. For a municipality, state, federal, or other public agency: Either a principal executive officer or ranking elected official. For the purposes of this Article, a principal executive officer of a federal agency includes the chief executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., a Regional Administrator of EPA); or
 - d. For affected sources:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- i. The designated representative in so far as actions, standards, requirements, or prohibitions under Title IV of the Act or the regulations promulgated thereunder are concerned; and
 - ii. The designated representative for any other purposes under 40 CFR 70.
21. "Screening model" means air dispersion modeling performed with screening techniques in accordance with 40 CFR 51, Appendix W as of June 30, 2017 (and no future amendments or additions).
 22. "Small source" means a source with a potential to emit, without controls, less than the rate defined as permitting exemption thresholds in R18-2-101, but required to obtain a permit solely because it is subject to a standard under 40 CFR 63.
 23. "Startup" means the setting in operation of a source for any purpose.
 24. "Synthetic minor" means a source with a permit that contains voluntarily accepted emissions limitations, controls, or other requirements (for example, a cap on production rates or hours of operation, or limits on the type of fuel) under R18-2-306.01 to reduce the potential to emit to a level below the major source threshold.

Historical Note

Former Section R18-2-301 renumbered to R18-2-302, new Section R18-2-301 adopted effective September 26, 1990 (Supp. 90-3). Correction to table in subsection (A)(13) (Supp. 93-1). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

Amended effective August 1, 1995 (Supp. 95-3).

Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 343, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 7 A.A.R. 5670, effective January 1, 2002 (Supp. 01-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

Amended by final rulemaking at 25 A.A.R. 3630, effective February 1, 2020 (Supp. 19-4).

R18-2-302. Applicability; Registration; Classes of Permits

- A. Except as otherwise provided in this Article, no person shall begin actual construction of, operate, or make a modification to any stationary source subject to regulation under this Article, without obtaining a registration, permit or permit revision from the Director.
- B. Class I and II permits and registrations shall be required as follows:
 1. A Class I permit shall be required for a person to begin actual construction of or operate any of the following:
 - a. Any major source,
 - b. Any solid waste incineration unit required to obtain a permit pursuant to Section 129(e) of the Act,
 - c. Any affected source, or
 - d. Any stationary source in a source category designated by the Administrator pursuant to 40 CFR 70.3 and adopted by the Director by rule.
 2. Unless a Class I permit is required, a Class II permit shall be required for:
 - a. A person to begin actual construction of or operate any stationary source that emits, or has the maximum capacity to emit with any elective limits, any regulated NSR pollutant in an amount greater than or equal to the significant level.

- b. A person to make a physical or operational change to a stationary source that would cause the source to emit, or have the maximum capacity to emit with any elective limits, any regulated NSR pollutant in an amount greater than or equal to the significant level.
 - c. A person to begin actual construction of or modify a stationary source that otherwise would be subject to registration but that the Director has determined requires a permit under R18-2-302.01(C)(4) or (D).
3. Unless a Class I or II permit is required, registration shall be required for:
 - a. A person to begin actual construction of or operate any stationary source that emits or has the maximum capacity to emit any regulated minor NSR pollutant in an amount greater than or equal to a permitting exemption threshold.
 - b. A person to begin actual construction of or operate any stationary source subject to a standard under section 111 of the Act, except that a stationary source is not required to register solely because it is subject to any of the following standards:
 - i. 40 CFR 60, Subpart AAA (Residential Wood Heaters).
 - ii. 40 CFR 60, Subpart IIII (Stationary Compression Ignition Internal Combustion Engines).
 - iii. 40 CFR 60, Subpart JJJJ (Stationary Spark Ignition Internal Combustion Engines).
 - iv. 40 CFR 60, Subpart QQQQ (Residential Hydronic Heaters and Forced-Air Furnaces).
 - c. A person to begin actual construction of or operate any stationary source, including an area source, subject to a standard under section 112 of the Act, except that a stationary source is not required to register solely because it is subject to any of the following standards:
 - i. 40 CFR 61.145.
 - ii. 40 CFR 63, Subpart ZZZZ (Reciprocating Internal Combustion Engines).
 - iii. 40 CFR 63, Subpart WWWWW (Ethylene Oxide Sterilizers).
 - iv. 40 CFR 63, Subpart CCCCCC (Gasoline Distribution).
 - v. 40 CFR 63, Subpart HHHHHH (Paint Stripping and Miscellaneous Surface Coating Operations).
 - vi. 40 CFR 63, Subpart JJJJJJ (Industrial, Commercial, and Institutional Boilers Area Sources), published at 76 FR 15554 (March 21, 2011).
 - vii. A regulation or requirement under section 112(r) of the Act.
 - d. A physical or operational change to a source that would cause the source to emit or have the maximum capacity to emit any regulated minor NSR pollutant in an amount greater than or equal to the permitting exemption threshold.
 - C. Notwithstanding subsections (A) and (B), the following stationary sources do not require a permit or registration unless the source is a major source, or unless operation without a permit would result in a violation of the Act:
 1. A stationary source that consists solely of a single categorically exempt activity plus any combination of trivial activities.
 2. Agricultural equipment used in normal farm operations. "Agricultural equipment used in normal farm operations"

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

does not include equipment classified as a source that requires a permit under Title V of the Act, or that is subject to a standard under 40 CFR 60, 61 or 63.

- D. No person may construct or reconstruct any major source of hazardous air pollutants, unless the Director determines that maximum achievable control technology emission limitation (MACT) for new sources under Section 112 of the Act will be met. If MACT has not been established by the Administrator, such determination shall be made on a case-by-case basis pursuant to 40 CFR 63.40 through 63.44, as incorporated by reference in R18-2-1101(B). For purposes of this subsection, constructing and reconstructing a major source shall have the meaning prescribed in 40 CFR 63.41.
- E. Elective limits or controls adopted under R18-2-302.01(F) shall not be considered in determining whether a source requires registration or a Class I permit but shall be considered in determining any of the following:
 1. Whether the registration is subject to the public participation requirements of R18-2-330, as provided in R18-2-302.01(B)(3).
 2. Whether review for possible interference with attainment or maintenance of ambient standards is required under R18-2-302.01(C).
 3. Whether the source requires a Class II permit, as provided in subsection (B)(2)(a) or (b).
- F. The fugitive emissions of a stationary source shall not be considered in determining whether the source requires a Class II permit under subsection (B)(2)(a) or (b) or a registration under subsection (B)(3)(a) or (d), unless the source belongs to a section 302(j) category. If a permit is required for a stationary source, the fugitive emissions of the source shall be subject to all of the requirements of this Article.
- G. Notwithstanding subsections (A) and (B) of this Section, a person may begin actual construction, but not operation, of a source requiring a Class I permit or Class I permit revision upon the Director's issuance of the proposed final permit or proposed final permit revision.

Historical Note

Amended effective August 7, 1975 (Supp. 75-1).
 Amended as an emergency effective December 15, 1975 (Supp. 75-2). Amended effective May 10, 1976 (Supp. 76-3). Amended effective April 12, 1977 (Supp. 77-2).
 Amended effective March 24, 1978 (Supp. 78-2). Former Section R9-3-301 repealed, new Section R9-3-301 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended effective May 28, 1982 (Supp. 82-3). Amended subsections (B) and (C) effective September 22, 1983 (Supp. 83-5). Amended subsection (B), paragraph (3) effective September 28, 1984 (Supp. 84-5). Former Section R9-3-301 renumbered without change as Section R18-2-301 (Supp. 87-3). Former Section R18-2-302 renumbered to R18-2-302.01, new Section R18-2-302 renumbered from R18-2-301 and amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective June 4, 1998 (Supp. 98-2). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-302.01. Source Registration Requirements

- A. Application. An application for registration shall be submitted on the form specified by the Director and shall include the following information:
 1. The name of the applicant.
 2. The physical location of the source, including the street address, city, county, zip code and latitude and longitude coordinates.
 3. The source's maximum capacity to emit with any elective limits each regulated minor NSR pollutant.
 4. Identification of any elective limits or controls adopted under subsection (F).
 5. In the case of a modification, each increase in the source's maximum capacity to emit with any elective limits that exceeds the applicable threshold in subsection (G)(1)(a).
 6. Identification of the method used to determine the maximum capacity to emit under R18-2-302(B)(3)(a), a change in the maximum capacity to emit under R18-2-302(B)(3)(d), or the maximum capacity to emit with any elective limits under subsection (G)(1)(a) of this Section.
 7. Process information for the source, including a list of emission units, design capacity, operations schedule, and identification of emissions control devices.
- B. Registration Processing Procedures.
 1. The Department shall complete a review of a registration application for administrative completeness within 30 calendar days, calculated in accordance with A.A.C. R18-1-503, after its receipt.
 2. The Department shall complete a substantive review and take final action on a registration application within 60 calendar days if no hearing is requested, and 90 calendar days if a hearing is requested, calculated in accordance with A.A.C. R18-1-504, after the application is administratively complete.
 3. Except as provided in subsection (B)(5), a registration for construction of a source shall be subject to the public notice and participation requirements of R18-2-330. The materials relevant to the registration decision made available to the public under R18-2-330(D) shall include any determination made or modeling conducted by the Director under subsection (C).
 4. The Department shall also send a copy of the notice required by subsection (B)(3) to the administrator through the appropriate regional office, and to all other state and local air pollution control agencies having jurisdiction in the region in which the source subject to the registration will be located. The notice shall also be sent to any other agency in the region having responsibility for implementing the procedures required under 40 CFR 51, Subpart I.
 5. A registration for construction of a source shall not be subject to subsection (B)(3) or (4), if the source's maximum capacity to emit with any elective limits each regulated minor NSR pollutant is less than the applicable permitting exemption threshold.
- C. Review for National Ambient Air Quality Standards Compliance; Requirement to Obtain a Permit.
 1. The Director shall review each application for registration of a source with the maximum capacity to emit with any elective limits any regulated minor NSR pollutant in an amount equal to or greater than the permitting exemption threshold. The purpose of the review shall be to determine whether the new or modified source may interfere with attainment or maintenance of a national ambient air quality standard in any area. In making the determina-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

tion required by this subsection, the Director shall take into account the following factors:

- a. The source's emission rates, including fugitive emission rates, taking into account any elective limits or controls adopted under subsection (F).
 - b. The location of emission units within the facility and their proximity to the ambient air.
 - c. The terrain in which the source is or will be located.
 - d. The source type.
 - e. The location and emissions of nearby sources.
 - f. Background concentrations of regulated minor NSR pollutants.
2. The Director may undertake the review specified in subsection (C)(1) for a source with the maximum capacity to emit with any elective limits regulated minor NSR pollutants in an amount less than the permitting exemption threshold.
 3. If the Director determines under subsection (C)(1) or (C)(2) that a source's emissions may interfere with attainment or maintenance of a national ambient air quality standard, the Director shall perform a screening model run for each regulated minor NSR pollutant for which that determination has been made.
 4. If the Director determines, based on performance of the screening model pursuant to subsection (C)(3), that a source's emissions, taking into account any elective limits or controls adopted under subsection (F), will interfere with attainment or maintenance of a national ambient air quality standard, the Director shall deny the application for registration. Notwithstanding R18-2-302(B)(3), the owner or operator of the source shall be required to obtain a permit under R18-2-302 and shall comply with R18-2-334 before beginning actual construction of the source or modification.
- D. Requirement to Obtain a Permit.** Notwithstanding R18-2-302(B)(3)(b) and (c), the Director shall deny an application for registration for a source subject to a standard under section 111 or 112 of the Act and require the owner or operator to obtain a permit under R18-2-302, if the Director determines based on the following factors that the requirement to obtain a permit is warranted:
1. The size and complexity of the source.
 2. The complexity of the section 111 or 112 standard applicable to the source.
 3. The public health or environmental risks posed by the pollutants subject to regulation under the section 111 or 112 standard.
- E. Registration Contents.** A registration shall contain the following elements:
1. Enforceable emission limitations and standards, including operational requirements and limitations, that ensure compliance with all applicable SIP requirements at the time of issuance and any testing, monitoring, recordkeeping and reporting obligations imposed by the applicable requirement or by R18-2-312.
 2. Any elective limits or controls and associated operating, maintenance, monitoring and recordkeeping requirements adopted pursuant to subsection (F).
 3. A requirement to retain any records required by the registration at the source for at least three years in a form that is suitable for expeditious inspection and review.
 4. For any source that has adopted elective limits or controls under subsection (F), a requirement to submit an annual compliance report on the form provided by the Director in the registration.
- F. Elective Limits or Controls.** The owner or operator of a source requiring registration may elect to include any of the following emission limitations in the registration, provided the Department approves the limitation and the registration also includes the operating, maintenance, monitoring, and recordkeeping requirements specified below for the limitation.
1. A limitation on the hours of operation of any process or combination of processes.
 - a. The registration shall express the limitation in terms of hours per rolling 12-month period and shall specify the process or combination of processes subject to the limitation.
 - b. The owner or operator shall maintain a log or readily available business records showing actual operating hours through the preceding operating day for the process or processes subject to the limitation.
 2. A limitation on the production rate for any process or combination of processes.
 - a. The registration shall express the limitation in terms of an appropriate unit of mass or production per rolling 12-month period and shall specify the process or combination of processes subject to the limitation.
 - b. The owner or operator shall maintain a log or readily available business records showing the actual production rate through the preceding operating day for the process or processes subject to the limitation. The owner or operator shall update the log or business records at least once per operating day.
 3. A requirement to operate a fabric filter for the control of particulate matter emissions.
 - a. The owner or operator shall operate the fabric filter at all times that the emission unit controlled by the fabric filter is operated.
 - b. The owner or operator shall inspect the fabric filter at least once per month for tears and leaks and shall promptly repair any tears or leaks identified. If the fabric filter is subject to a limit on the opacity of emissions, the inspection shall include an opacity observation in accordance with the applicable reference method.
 - c. The owner or operator shall operate and maintain the fabric filter in substantial compliance with the manufacturer's operation and maintenance recommendations.
 - d. The owner or operator shall keep a log or readily available business records of the inspections required by subsection (F)(3)(b) and the maintenance activities required by subsection (F)(3)(c). The owner or operator shall update the log or business records within 24 hours after an inspection or maintenance activity is performed.
 - e. The registration shall identify the fabric filters and processes subject to this requirement.
 4. Limitations on the total amount of VOC or hazardous air pollutants in solvents, coatings or other process materials used at the registered source.
 - a. The registration shall identify the pollutants and processes covered by the limitations and shall express the limitations in terms of pounds per rolling 12-month period.
 - b. The owner or operator shall maintain a log or readily available business records showing the concentration of each covered VOC or hazardous air pollutant in each VOC or hazardous air pollutant containing material used at the source. The owner or operator shall update the records whenever the concentration

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

in any material changes or a new material is used. The presence at the source of a current material safety data sheet for a material used without dilution or other alteration satisfies this requirement.

- c. The owner or operator shall maintain a spreadsheet or database to record the amount of each material containing a covered VOC or hazardous air pollutant used. The spreadsheet or database shall calculate the total pounds of the VOC or hazardous air pollutant used by multiplying the concentration of VOC or hazardous air pollutant in a material by the amount of material used and shall employ appropriate units of measurement and conversion factors. The owner or operator shall update the spreadsheet or database at least once per operating day.

G. Revised Registrations.

1. Unless a Class II permit is required under R18-2-302(B)(2)(b), the owner or operator of a registered source shall file a revised registration on the occurrence of any of the following:
 - a. A modification to the source that would result in an increase in the source's maximum capacity to emit with any elective limits exceeding any of the following amounts:
 - i. 2.5 tons per year for NO_x, SO₂, PM₁₀, PM_{2.5}, VOC or CO.
 - ii. 0.3 tons per year for lead.
 - b. Relocation of a portable source.
 - c. The transfer of the source to a new owner.
2. The requirements of subsection (B) shall not apply to a revised registration. The owner or operator may begin actual construction and operation of the modified, relocated or transferred source on filing the revised registration.

H. Registration Term.

1. A source's registration shall expire five years after the date of issuance of the last registration for the source or any modification to the source.
2. A source shall submit an application for renewal of a registration not later than six months before expiration of the registration's term.
3. If a source submits a timely and complete application for renewal of a registration, the source's authorization to operate under its existing registration shall continue until the Director takes final action on the application.
4. The Director may terminate a registration under R18-2-321(C). If the Director terminates a registration under R18-2-321(C)(3), the owner or operator shall be required to apply for a permit for the source under R18-2-302.

- I. Issuance of a registration shall not relieve the owner or operator of the responsibility to comply fully with applicable provisions of the SIP and any other requirements under local, state, or federal law.

Historical Note

Amended effective August 7, 1975 (Supp. 75-1); Former Section R9-3-302 repealed, new Section R9-3-302 adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-302 repealed, new Section R9-3-302 adopted effective October 2, 1979 (Supp. 79-5). Former Section R9-3-302 repealed, new Section R9-3-302 adopted effective May 28, 1982 (Supp. 82-3). Former Section R9-3-302 renumbered without change as Section R18-2-302 (Supp. 87-3). Section R18-2-302.01 renumbered from Section R18-2-302 and amended effective September 26, 1990 (Supp. 90-3). Section repealed effective November 15, 1993 (Supp. 93-4). New Section made by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23

A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

Amended by final rulemaking at 25 A.A.R. 3630, effective February 1, 2020 (Supp. 19-4).

R18-2-303. Transition from Installation and Operating Permit Program to Unitary Permit Program; Registration Transition; Minor NSR Transition

- A. An installation or operating permit issued before September 1, 1993, and the authority to operate, as provided in Laws 1992, Ch. 299, § 65, continues in effect until the installation or operating permit is terminated, or until the Director issues or denies a Class I or Class II permit to the source, whichever is earlier.
- B. The terms and conditions of installation permits issued before September 1, 1993, or in permits or permit revisions issued under R18-2-302 and authorizing the construction or modification of a stationary source, remain federal applicable requirements unless modified or revoked by the Director.
- C. All sources in existence on September 1, 2012, requiring a registration shall provide notice to the Director by no later than December 1, 2012, on a form provided by the Director.
- D. All sources requiring a registration that are in existence on the date R18-2-302.01 becomes effective under R18-2-302.01(I) may submit applications for registration at any time after R18-2-302.01 is effective and shall submit an application no later than 180 days after receipt of written notice from the Director that an application is required.
- E. Sources in existence on December 2, 2015 are not subject to R18-2-334, unless the source undertakes a minor NSR modification after that date. Notwithstanding any other provision of this Chapter, R18-2-334 shall apply only to applications for permits or permit revisions filed after December 2, 2015.

Historical Note

Amended effective August 7, 1975 (Supp. 75-1). Amended effective August 6, 1976 (Supp. 76-4). Former Section R9-3-303 repealed, new Section R9-3-303 adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-303 repealed, new Section R9-3-303 adopted effective October 2, 1979 (Supp. 79-5). Amended effective May 28, 1982 (Supp. 82-3). Amended subsection (D), paragraph (1) effective September 28, 1984 (Supp. 84-5). Former Section R9-3-303 renumbered without change as Section R18-2-303 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-304. Permit Application Processing Procedures

- A. Unless otherwise noted, this Section applies to each source requiring a Class I or II permit or permit revision.
- B. Standard Application Form and Required Information. To apply for a permit required by this Chapter, applicants shall complete the applicable standard application form provided by the Director and supply all information required by the form's filing instructions. The application forms and filing instructions for Class I Permits shall at a minimum require submission of the following elements:
 1. Identifying information, including company name and address (or plant name and address if different from the company name), owner's name and agent, and telephone number and names of plant site manager/contact.
 2. A description of the source's processes and products (by Standard Industrial Classification (SIC) Code), including

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- those associated with any proposed alternative operating scenarios (AOS) identified by the source.
3. The following emission-related information:
 - a. All emissions of pollutants for which the source is major, and all emissions of regulated air pollutants. A permit application shall describe all emissions of regulated air pollutants emitted from any emissions unit, except as otherwise provided in R18-2-304(F)(8). The Director shall require additional information related to the emissions of air pollutants sufficient to verify which requirements are applicable to the source, and other information necessary to collect any permit fees owed under R18-2-326.
 - b. Identification and description of all points of emissions described in subsection (B)(3)(a) of this Section in sufficient detail to establish the basis for fees and applicability of requirements.
 - c. Emissions rate in tons per year (tpy) and in such terms as are necessary to establish compliance consistent with the applicable standard reference test method. For emissions units subject to an annual emissions cap, tpy can be reported as part of the aggregate emissions associated with the cap, except where more specific information is needed, including where necessary to determine and/or assure compliance with an applicable requirement.
 - d. The following information to the extent it is needed to determine or regulate emissions: fuels, fuel use, raw materials, production rates, and operating schedules.
 - e. Identification and description of air pollution control equipment and compliance monitoring devices or activities.
 - f. Limitations on source operation affecting emissions or any work practice standards, where applicable, for all regulated pollutants at the Class I source.
 - g. Other information required by any applicable requirement (including information related to stack height limitations in R18-2-332).
 - h. Calculations on which the information in subsections (B)(3)(a) through (g) of this Section is based.
 4. The following air pollution control requirements:
 - a. Citation and description of all applicable requirements, and
 - b. Description of or reference to any applicable test method for determining compliance with each applicable requirement.
 5. Other specific information that may be necessary to implement and enforce other applicable requirements or to determine the applicability of such requirements.
 6. An explanation of any proposed exemptions from otherwise applicable requirements.
 7. Additional information as determined to be necessary by the Director to define proposed AOS identified by the source pursuant to R18-2-306(A)(11) or to define permit terms and conditions implementing any AOS under R18-2-306(A)(11) or implementing R18-2-317, R18-2-306(A)(12), R18-2-306(A)(14), or R18-2-306.02. The permit application shall include documentation demonstrating that the source has obtained all authorizations required under the applicable requirements relevant to any proposed AOS, or a certification that the source has submitted all relevant materials to the Director for obtaining such authorizations.
 8. A compliance plan for all Class I sources that contains all of the following:
 - a. A description of the compliance status of the source with respect to all applicable requirements.
 - b. A description as follows:
 - i. For applicable requirements with which the source is in compliance, a statement that the source will continue to comply with such requirements.
 - ii. For applicable requirements that will become effective during the permit term, a statement that the source will meet such requirements on a timely basis.
 - iii. For requirements for which the source is not in compliance at the time of permit issuance, a narrative description of how the source will achieve compliance with such requirements.
 - iv. For applicable requirements associated with a proposed AOS, a statement that the source will meet such requirements upon implementation of the AOS. If a proposed AOS would implicate an applicable requirement that will become effective during the permit term, a statement that the source will meet such requirements on a timely basis.
 - c. A compliance schedule as follows:
 - i. For applicable requirements with which the source is in compliance, a statement that the source will continue to comply with such requirements.
 - ii. For applicable requirements that will become effective during the permit term, a statement that the source will meet such requirements on a timely basis. A statement that the source will meet, in a timely manner, applicable requirements that become effective during the permit term shall satisfy this provision, unless a more detailed schedule is expressly required by the applicable requirement.
 - iii. A schedule of compliance for sources that are not in compliance with all applicable requirements at the time of permit issuance. Such a schedule shall include a schedule of remedial measures, including an enforceable sequence of actions with milestones, leading to compliance with any applicable requirements for which the source will be in noncompliance at the time of permit issuance. This compliance schedule shall resemble and be at least as stringent as that contained in any judicial consent decree or administrative order to which the source is subject. Any such schedule of compliance shall be supplemental to, and shall not sanction non-compliance with, the applicable requirements on which it is based.
 - iv. For applicable requirements associated with a proposed AOS, a statement that the source will meet such requirements upon implementation of the AOS. If a proposed AOS would implicate an applicable requirement that will become effective during the permit term, a statement that the source will meet such requirements on a timely basis. A statement that the source will meet, in a timely manner, applicable requirements that become effective during the permit term will satisfy this provision, unless a more detailed schedule is expressly required by the applicable requirement.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- d. A schedule for submission of certified progress reports no less frequently than every 6 months for sources required to have a schedule of compliance to remedy a violation.
 - e. The compliance plan content requirements specified in subsection (B)(8) shall apply and be included in the acid rain portion of a compliance plan for an affected source, except as specifically superseded by regulations promulgated under title IV of the Act with regard to the schedule and methods the source will use to achieve compliance with the acid rain emissions limitations.
9. Requirements for compliance certification, including the following:
- a. A certification of compliance with all applicable requirements by a responsible official, which shall include:
 - i. Identification of the applicable requirement that is the basis of the certification;
 - ii. The method used for determining the compliance status of the source, including a description of monitoring, recordkeeping, and reporting requirements and test methods;
 - iii. The compliance status; and
 - iv. Such other facts as the Director may require;
 - b. A schedule for submission of compliance certifications during the permit term, to be submitted no less frequently than annually, or more frequently if specified by the underlying applicable requirement or by the permitting authority;
 - c. A statement indicating the source's compliance status with any applicable enhanced monitoring and compliance certification requirements of the Act; and
 - d. A certification of truth, accuracy, and completeness pursuant to R18-2-304(I).
10. The use of nationally-standardized forms for acid rain portions of permit applications and compliance plans, as required by regulations promulgated under title IV of the act.
- C. The Director, either upon the Director's own initiative or on the request of a permit applicant, may waive a requirement that specific information or data be submitted in the application for a Class II permit for a particular source or category of sources if the Director determines that the information or data would be unnecessary to determine all of the following:
- 1. The applicable requirements to which the source may be subject;
 - 2. That the source is so designed, controlled, or equipped with such air pollution control equipment that it may be expected to operate without emitting or without causing to be emitted air contaminants in violation of the provisions of A.R.S. Title 49, Chapter 3, Article 2 and this Chapter;
 - 3. The fees to which the source may be subject; and
 - 4. A proposed emission limitation, control, or other requirement that meets the requirements of R18-2-306.01 or R18-2-306.02.
- D. A timely application is:
- 1. For a source, that becomes subject to the permit program as a result of a change in regulation and not as a result of construction or a physical or operational change, one that is submitted within 12 months after the source becomes subject to the permit program.
 - 2. For purposes of permit renewal, a timely application is one that is submitted at least six months, but not more than 18 months, prior to the date of permit expiration.
 - 3. Any source under R18-2-326(A)(3) which becomes subject to a standard promulgated by the Administrator pursuant to section 112(d) of the Act shall, within 12 months of the date on which the standard is promulgated, submit an application for a permit revision demonstrating how the source will comply with the standard.
- E. If an applicable implementation plan allows the determination of an alternative emission limit, a source may, in its application, propose an emission limit that is equivalent to the emission limit otherwise applicable to the source under the applicable implementation plan. The source shall also demonstrate that the equivalent limit is quantifiable, accountable, enforceable, and subject to replicable compliance determination procedures.
- F. A complete application shall comply with all of the following:
- 1. To be complete, an application shall provide all information required by subsection (B) (standard application form section). An application for permit revision only need supply information related to the proposed change, unless the source's proposed permit revision will change the permit from a Class II permit to a Class I permit. A responsible official shall certify the submitted information consistent with subsection (I) (Certification of Truth, Accuracy, and Completeness).
 - 2. An application for a new permit or permit revision shall contain an assessment of the applicability of the requirements of Article 4 of this Chapter. If the applicant determines that the proposed new source is a major source as defined in R18-2-401, or the proposed permit revision constitutes a major modification as defined in R18-2-101, then the application shall comply with all applicable requirements of Article 4.
 - 3. An application for a new permit or permit revision shall contain an assessment of the applicability of Minor New Source Review requirements in R18-2-334. If the applicant determines that the proposed new source is subject to R18-2-334, or the proposed permit revision constitutes a Minor NSR Modification, then the application shall comply with all applicable requirements of R18-2-334.
 - 4. Except for proposed new major sources or major modifications subject to the requirements of Article 4 of this Chapter, an application for a new permit, a permit revision, or a permit renewal shall be deemed to be complete unless, within 60 days of receipt of the application, the Director notifies the applicant by certified mail that the application is not complete.
 - 5. If a source wishes to voluntarily enter into an emissions limitation, control, or other requirement pursuant to R18-2-306.01, the source shall describe that emissions limitation, control, or other requirement in its application, along with proposed associated monitoring, recordkeeping, and reporting requirements necessary to demonstrate that the emissions limitation, control, or other requirement is permanent, quantifiable, and otherwise enforceable as a practical matter.
 - 6. If, while processing an application that has been determined or deemed to be complete, the Director determines that additional information is necessary to evaluate or take final action on that application, the Director may request such information in writing and set a reasonable deadline for a response. Except for minor permit revisions as set forth in R18-2-319, a source's ability to continue operating without a permit, as set forth in

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

subsection (K), shall be in effect from the date the application is determined to be complete until the final permit is issued, provided that the applicant submits any requested additional information by the deadline specified by the Director.

7. The completeness determination shall not apply to revisions processed through the minor permit revision process.
 8. Activities which are insignificant pursuant to the definition of insignificant activities in R18-2-101 shall be listed in the application. Except as necessary to complete the assessment required by subsection (F)(2) or (3), the application need not provide emissions data regarding insignificant activities. If the Director determines that an activity listed as insignificant does not meet the requirements of the definition of insignificant activities in R18-2-101 or that emissions data for the activity is required to complete the assessment required by subsection (F)(2) or (3), the Director shall notify the applicant in writing and specify additional information required.
 9. If a permit applicant requests terms and conditions allowing for the trading of emission increases and decreases in the permitted facility solely for the purpose of complying with a federally enforceable emission cap that is established in the permit independent of otherwise applicable requirements, the permit applicant shall include in its application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable.
 10. The Director is not in disagreement with a notice of confidentiality submitted with the application pursuant to A.R.S. § 49-432.
- G.** A source applying for a Class I permit that has submitted information with an application under a claim of confidentiality pursuant to A.R.S. § 49-432 and R18-2-305 shall submit a copy of such information directly to the Administrator.
- H.** Duty to Supplement or Correct Application. Any applicant who fails to submit any relevant facts or who has submitted incorrect information in a permit application shall, upon becoming aware of such failure or incorrect submittal, promptly submit such supplementary facts or corrected information. In addition, an applicant shall provide additional information as necessary to address any requirements that become applicable to the source after the date it filed a complete application but prior to release of a proposed permit.
- I.** Certification of Truth, Accuracy, and Completeness. Any application form, report, or compliance certification submitted pursuant to this Chapter shall contain certification by a responsible official of truth, accuracy, and completeness. This certification and any other certification required under this Article shall state that, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete.
- J.** Action on Application.
1. The Director shall issue or deny each permit according to the provisions of A.R.S. § 49-427. The Director may issue a permit with a compliance schedule for a source that is not in compliance with all applicable requirements at the time of permit issuance.
 2. In addition, a permit may be issued, revised, or renewed only if all of the following conditions have been met:
 - a. The application received by the Director for a permit, permit revision, or permit renewal shall be complete according to subsection (F).
 - b. Except for revisions qualifying as administrative or minor under R18-2-318 and R18-2-319, all of the requirements for public notice and participation under R18-2-330 shall have been met.
- c. For Class I permits, the Director shall have complied with the requirements of R18-2-307 for notifying and responding to affected states, and if applicable, other notification requirements of R18-2-402(D)(2) and R18-2-410(C)(2).
 - d. For Class I and II permits, the conditions of the permit shall require compliance with all applicable requirements.
 - e. For permits for which an application is required to be submitted to the Administrator under R18-2-307(A), and to which the Administrator has properly objected to its issuance in writing within 45 days of receipt of the proposed final permit and all necessary supporting information from the Department, the Director has revised and submitted a proposed final permit in response to the objection and EPA has not objected to this proposed final permit within 45 days of receipt.
 - f. For permits to which the Administrator has objected to issuance pursuant to a petition filed under 40 CFR 70.8(d), the Administrator's objection has been resolved.
 - g. For a Class II permit that contains voluntary emission limitations, controls, or other requirements established pursuant to R18-2-306.01, the Director shall have complied with the requirement of R18-2-306.01(C) to provide the Administrator with a copy of the proposed permit.
3. If the Director denies a permit under this Section, a notice shall be served on the applicant by certified mail, return receipt requested. The notice shall include a statement detailing the grounds for the denial and a statement that the permit applicant is entitled to a hearing.
 4. The Director shall provide a statement that sets forth the legal and factual basis for the proposed permit conditions including references to the applicable statutory or regulatory provisions. The Director shall send this statement to any person who requests it and, for Class I permits, to the Administrator.
 5. Priority shall be given by the Director to taking action on applications for construction or modification submitted pursuant to Title I, Parts C (Prevention of Significant Deterioration) and D (New Source Review) of the Act.
- K.** Requirement for a Permit. Except as noted under the provisions in R18-2-317 and R18-2-319, no source may operate after the time that it is required to submit a timely and complete application, except in compliance with a permit issued pursuant to this Chapter. However, if a source under R18-2-326(A)(3) submits a timely and complete application for continued operation under a permit revision or renewal, the source's failure to have a permit is not a violation of this Article until the Director takes final action on the application. This protection shall cease to apply if, subsequent to the completeness determination, the applicant fails to submit, by the deadline specified in writing by the Director, any additional information identified as being needed to process the application. This subsection does not affect a source's obligation to obtain a permit revision before making a modification to the source.

Historical Note

Amended effective August 7, 1975 (Supp. 75-1). Former Section R9-3-304 repealed, new Section R9-3-304 formerly Section R9-3-305 renumbered and amended effective August 6, 1976 (Supp. 76-4). Former Section R9-3-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

304 repealed, new Section R9-3-304 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Former Section R9-3-304 repealed, new Section R9-3-304 adopted effective May 28, 1982 (Supp. 82-3). Former Section R9-3-304 renumbered without change as Section R18-2-304 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective October 7, 1994 (Supp. 94-4). Amended effective August 1, 1995 (Supp. 95-3). The reference to R18-2-101(54) in subsection (E)(8) corrected to reference R18-2-101(57) (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 343, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1). Amended by final rulemaking at 25 A.A.R. 3630, February 1, 2020 (Supp. 19-4).

R18-2-305. Public Records; Confidentiality

- A. The Director shall make all permits, including all elements required to be in the permit pursuant to R18-2-306, available to the public. No permit shall be issued unless the information required by R18-2-306 is present in the permit.
- B. A notice of confidentiality pursuant to A.R.S. § 49-432(C) shall:
 1. Precisely identify the information in the documents submitted which is considered confidential.
 2. Contain sufficient supporting information to allow the Director to evaluate whether such information satisfies the requirements related to trade secrets or, if applicable, how the information, if disclosed, is likely to cause substantial harm to the person's competitive position.
- C. Within 30 days of receipt of a notice of confidentiality that complies with subsection (B) above, the Director shall make a determination as to whether the information satisfies the requirements for trade secret or competitive position pursuant to A.R.S. § 49-432(C)(1) and so notify the applicant in writing. If the Director agrees with the applicant that the information covered by the notice of confidentiality satisfies the statutory requirements, the Director shall include a notice in the file for the permit or permit application that certain information has been considered confidential.
- D. If the Director takes action pursuant to A.R.S. § 49-432(D) and obtains a final order authorizing disclosure, the Director shall place the information in the public file and shall notify any person who has requested disclosure. If the court determines that the information is not subject to disclosure, the Director shall provide the notice specified in subsection (C) above.

Historical Note

Amended effective August 7, 1975 (Supp. 75-1).
 Amended as an emergency effective December 15, 1975 (Supp. 75-2). Amended effective May 10, 1976 (Supp. 76-3). Former Section R9-3-306 renumbered as Section R9-3-305 effective August 6, 1976. References changed to conform (Supp. 76-4). Amended effective April 12, 1977 (Supp. 77-2). Amended effective March 24, 1978 (Supp. 78-2). Former Section R9-3-305 repealed, new Section R9-3-305 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Former Section R9-3-305 repealed, new Section R9-3-305 adopted effective May 28, 1982 (Supp. 82-3). Former Section R9-3-305 renumbered without change as R18-2-

305 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-306. Permit Contents

- A. Each permit issued by the Director shall include the following elements:
 1. The date of issuance and the permit term.
 2. Enforceable emission limitations and standards, including operational requirements and limitations that ensure compliance with all applicable requirements at the time of issuance and operational requirements and limitations that have been voluntarily accepted under R18-2-306.01.
 - a. The permit shall specify and reference the origin of and authority for each term or condition and identify any difference in form as compared to the applicable requirement upon which the term or condition is based.
 - b. The permit shall state that, if an applicable requirement of the Act is more stringent than an applicable requirement of regulations promulgated under Title IV of the Act, both provisions shall be incorporated into the permit and shall be enforceable by the Administrator.
 - c. Any permit containing an equivalency demonstration for an alternative emission limit submitted under R18-2-304(E) shall contain provisions to ensure that any resulting emissions limit has been demonstrated to be quantifiable, accountable, enforceable, and based on replicable procedures.
 - d. The permit shall specify applicable requirements for fugitive emission limitations, regardless of whether the source category in question is included in the list of sources contained in the definition of major source in R18-2-101.
 3. Each permit shall contain the following requirements with respect to monitoring:
 - a. All monitoring and analysis procedures or test methods required under applicable monitoring and testing requirements, including:
 - i. Monitoring and analysis procedures or test methods under 40 CFR 64;
 - ii. Other procedures and methods promulgated under sections 114(a)(3) or 504(b) of the Act; and
 - iii. Monitoring and analysis procedures or test methods required under R18-2-306.01.
 - b. 40 CFR 64 as adopted July 1, 1998, is incorporated by reference and on file with the Department and the Office of the Secretary of State. This incorporation by reference contains no future editions or amendments. If more than one monitoring or testing requirement applies, the permit may specify a streamlined set of monitoring or testing provisions if the specified monitoring or testing is adequate to assure compliance at least to the same extent as the monitoring or testing applicable requirements not included in the permit as a result of such streamlining;
 - c. If the applicable requirement does not require periodic testing or instrumental or noninstrumental monitoring (which may consist of recordkeeping designed to serve as monitoring), periodic monitoring sufficient to yield reliable data from the relevant time period that are representative of the source's compliance with the permit as reported under subsection (A)(4). The monitoring requirements shall ensure use of terms, test methods, units, averaging

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- periods, and other statistical conventions consistent with the applicable requirement, and as otherwise required under R18-2-306.01. Recordkeeping provisions may be sufficient to meet the requirements of this subsection; and
- d. As necessary, requirements concerning the use, maintenance, and, if appropriate, installation of monitoring equipment or methods.
4. The permit shall incorporate all applicable recordkeeping requirements including recordkeeping requirements established under R18-2-306.01, for the following:
 - a. Records of required monitoring information that include the following:
 - i. The date, place as defined in the permit, and time of sampling or measurement;
 - ii. The date any analyses was performed;
 - iii. The name of the company or entity that performed the analysis;
 - iv. A description of the analytical technique or method used;
 - v. The results of any analysis; and
 - vi. The operating conditions existing at the time of sampling or measurement;
 - b. Retention of records of all required monitoring data and support information for a period of at least five years from the date of the monitoring sample, measurement, report, or application. Support information includes all calibration and maintenance records and all original strip-chart recordings for continuous monitoring instrumentation and copies of all reports required by the permit.
 5. The permit shall incorporate all applicable reporting requirements including reporting requirements established under R18-2-306.01 and require the following:
 - a. Submittal of reports of any required monitoring. All instances of deviations from permit requirements shall be clearly identified in the reports. All required reports shall be certified by a responsible official consistent with R18-2-304(I) and R18-2-309(A)(5) and shall be submitted with the following frequency:
 - i. For a Class I permit, at least once every six months;
 - ii. For a Class II permit, at least once per year.
 - b. Prompt reporting of deviations from permit requirements, including those attributable to upset conditions as defined in the permit, the probable cause of the deviations, and any corrective actions or preventive measures taken. Where the applicable requirement contains a definition of prompt or otherwise specifies a timeframe for reporting deviations, that definition or timeframe shall govern. Where the applicable requirement does not address the timeframe for reporting deviations, the permittee shall submit reports of deviations in compliance with the following schedule:
 - i. Notice that complies with timeframe in R18-2-310.01(A) is prompt for deviations that constitute excess emissions;
 - ii. Except as otherwise provided in the permit, notice that complies with subsection (A)(5)(a) is prompt for all other types of deviation.
 6. A permit condition prohibiting emissions exceeding any allowances the source lawfully holds under Title IV of the Act or the regulations promulgated thereunder.
 - a. A permit revision is not required for increases in emissions that are authorized by allowances acquired under the acid rain program, if the increases do not require a permit revision under any other applicable requirement.
 - b. A limit shall not be placed on the number of allowances held by the source. The source shall not, however, use allowances as a defense to noncompliance with any other applicable requirement.
 - c. Any allowance shall be accounted for according to the procedures established in regulations promulgated under Title IV of the Act.
 - d. Any permit issued under the requirements of this Chapter and Title V of the Act to a unit subject to the provisions of Title IV of the Act shall include conditions prohibiting all of the following:
 - i. Annual emissions of sulfur dioxide in excess of the number of allowances to emit sulfur dioxide held by the owner or operator of the unit or the designated representative of the owner or operator,
 - ii. Exceedances of applicable emission rates,
 - iii. Use of any allowance before the year for which it is allocated, and
 - iv. Contravention of any other provision of the permit.
 7. A severability clause to ensure the continued validity of the various permit requirements in the event of a challenge to any portion of the permit.
 8. Provisions stating the following:
 - a. The permittee shall comply with all conditions of the permit including all applicable requirements of Arizona air quality statutes A.R.S. Title 49, Chapter 3, and the air quality rules, 18 A.A.C. 2. Any permit noncompliance is grounds for enforcement action; for a permit termination, revocation and reissuance, or revision; or for denial of a permit renewal application. Noncompliance with any federally enforceable requirement in a permit is a violation of the Act.
 - b. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of the permit.
 - c. The permit may be revised, reopened, revoked and reissued, or terminated for cause. The filing of a request by the permittee for a permit revision, revocation and reissuance, or termination, or of a notification of planned changes or anticipated noncompliance does not stay any permit condition.
 - d. The permit does not convey any property rights of any sort, or any exclusive privilege to the permit holder.
 - e. The permittee shall furnish to the Director, within a reasonable time, any information that the Director may request in writing to determine whether cause exists for revising, revoking and reissuing, or terminating the permit, or to determine compliance with the permit. Upon the Director's request, the permittee shall also furnish to the Director copies of records required to be kept by the permit. For information claimed to be confidential, the permittee shall furnish a copy of the records directly to the Administrator along with a claim of confidentiality.
 - f. For any major source operating in a nonattainment area for all pollutants for which the source is classified as a major source, the source shall comply with reasonably available control technology.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

9. A provision to ensure that the source pays fees to the Director under A.R.S. § 49-426(E), R18-2-326, and R18-2-511.
 10. A provision stating that a permit revision shall not be required under any approved economic incentives, marketable permits, emissions trading, and other similar programs or processes for changes provided for in the permit.
 11. Terms and conditions for reasonably anticipated operating scenarios identified by the source in its application as approved by the Director. The terms and conditions shall:
 - a. Require the source, contemporaneously with making a change from one operating scenario to another, to record in a log at the permitted facility a record of the scenario under which it is operating;
 - b. Extend the permit shield described in R18-2-325 to all terms and conditions under each such operating scenario; and
 - c. Ensure that the terms and conditions of each such alternative scenario meet all applicable requirements and the requirements of this Chapter.
 12. Terms and conditions, if the permit applicant requests them, and as approved by the Director, for the trading of emissions increases and decreases in the permitted facility, to the extent that the applicable requirements provide for trading the increases and decreases without a case-by-case approval of each emissions trade. The terms and conditions:
 - a. Shall include all terms required under subsections (A) and (C) to determine compliance;
 - b. Shall not extend the permit shield in subsection (D) to all terms and conditions that allow the increases and decreases in emissions;
 - c. Shall not include trading that involves emission units for which emissions are not quantifiable or for which there are no replicable procedures to enforce the emissions trades; and
 - d. Shall meet all applicable requirements and requirements of this Chapter.
 13. Terms and conditions, if the permit applicant requests them and they are approved by the Director, setting forth intermittent operating scenarios including potential periods of downtime. If the terms and conditions are included, the state's emissions inventory shall not reflect the zero emissions associated with the periods of downtime.
 14. Upon request of a permit applicant, the Director shall issue a permit that contains terms and conditions allowing for the trading of emission increases and decreases in the permitted facility solely for the purpose of complying with a federally enforceable emission cap established in the permit independent of otherwise applicable requirements. The permit applicant shall include in its application proposed replicable procedures and permit terms that ensure the emissions trades are quantifiable and enforceable. The Director shall not include in the emissions trading provisions any emissions units for which emissions are not quantifiable or for which there are no replicable procedures to enforce the emissions trades. The permit shall also require compliance with all applicable requirements. Changes made under this subsection (shall) not include modifications under any provision of Title I of the Act and shall not exceed emissions allowable under the permit. The terms and conditions shall provide, for Class I sources, for notice that conforms to R18-2-317(D) and (E), and for Class II sources, for logging that conforms to R18-2-317.02(B)(5). In addition, the notices for Class I and Class II sources shall describe how the increases and decreases in emissions will comply with the terms and conditions of the permit.
 15. Other terms and conditions as are required by the Act, A.R.S. Title 49, Chapter 3, Articles 1 and 2, and the rules adopted in 18 A.A.C. 2.
- B. Federally-enforceable Requirements.**
1. The following permit conditions shall be enforceable by the Administrator and citizens under the Act:
 - a. Except as provided in subsection (B)(2), all terms and conditions in a Class I permit, including any provision designed to limit a source's potential to emit;
 - b. Terms or conditions in a Class II permit setting forth federal applicable requirements; and
 - c. Terms and conditions in any permit entered into voluntarily under R18-2-306.01, as follows:
 - i. Emissions limitations, controls, or other requirements; and
 - ii. Monitoring, recordkeeping, and reporting requirements associated with the emissions limitations, controls, or other requirements in subsection (B)(1)(c)(i).
 2. Notwithstanding subsection (B)(1)(a), the Director shall specifically designate as not being federally enforceable under the Act any terms and conditions included in a Class I permit that are not required under the Act or under any of its applicable requirements.
- C. Each permit shall contain a compliance plan as specified in R18-2-309.**
- D. Each permit shall include the applicable permit shield provisions under R18-2-325.**
- E. Emergency provision.**
1. An "emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the source, including acts of God, that requires immediate corrective action to restore normal operation and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency shall not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operator error.
 2. An emergency constitutes an affirmative defense to an action brought for noncompliance with technology-based emission limitations if the conditions of subsection (E)(3) are met.
 3. The affirmative defense of emergency shall be demonstrated through properly signed, contemporaneous operating logs, or other relevant evidence that:
 - a. An emergency occurred and the permittee can identify the cause or causes of the emergency;
 - b. At the time of the emergency the permitted facility was being properly operated;
 - c. During the period of the emergency, the permittee took all reasonable steps to minimize levels of emissions that exceeded the emissions standards or other requirements in the permit; and
 - d. The permittee submitted notice of the emergency to the Director by certified mail, facsimile, or hand delivery within two working days of the time when emission limitations were exceeded due to the emergency. This notice shall contain a description of the

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

emergency, any steps taken to mitigate emissions, and corrective action taken.

4. In any enforcement proceeding, the permittee seeking to establish the occurrence of an emergency has the burden of proof.
 5. This provision is in addition to any emergency or upset provision contained in any applicable requirement.
- F. A Class I permit issued to a major source shall require that revisions be made under R18-2-321 to incorporate additional applicable requirements adopted by the Administrator under the Act that become applicable to a source with a permit with a remaining permit term of three or more years. A revision shall not be required if the effective date of the applicable requirement is after the expiration of the permit. The revisions shall be made as expeditiously as practicable, but not later than 18 months after the promulgation of the standards and regulations. Any permit revision required under this subsection (shall) comply with R18-2-322 for permit renewal and shall reset the five-year permit term.

Historical Note

Adopted effective August 7, 1975 (Supp. 75-1). Former Section R9-3-307 renumbered as Section R9-3-306 effective August 6, 1976. Reference changed to conform (Supp. 76-4). Former Section R9-3-306 repealed, new Section R9-3-306 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (A) effective May 28, 1982 (Supp. 82-3). Amended subsection (A) effective September 28, 1984 (Supp. 84-5). Former Section R9-3-306 renumbered without change as R18-2-306 (Supp. 87-3). Amended subsection (I) effective December 1, 1988 (Supp. 88-4). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective August 1, 1995 (Supp. 95-3). Amended effective June 4, 1998 (Supp. 98-2). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 343, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-306.01. Permits Containing Voluntarily Accepted Emission Limitations and Standards

- A. A source may voluntarily propose in its application, and accept in its permit, emissions limitations, controls, or other requirements that are permanent, quantifiable, and otherwise enforceable as a practical matter in order to avoid classification as a source that requires a Class I permit or to avoid one or more other applicable requirements. For the purposes of this Section, "enforceable as a practical matter" means that specific means to assess compliance with an emissions limitation, control, or other requirement are provided for in the permit in a manner that allows compliance to be readily determined by an inspection of records and reports.
- B. In order for a source to obtain a permit containing voluntarily accepted emissions limitations, controls, or other requirements, the source shall demonstrate all of the following in its permit application:
 1. The emissions limitations, controls, or other requirements to be imposed for the purpose of avoiding an applicable requirement are at least as stringent as the emissions limitations, controls, or other requirements that would otherwise be applicable to that source, including those that originate in an applicable implementation plan; and the

permit does not waive, or make less stringent, any limitations or requirements contained in or issued pursuant to an applicable implementation plan, or that are otherwise federally enforceable.

2. All voluntarily accepted emissions limitations, controls, or other requirements will be permanent, quantifiable, and otherwise enforceable as a practical matter.
- C. At the same time as notice of proposed issuance is first published pursuant to A.R.S. § 49-426(D), the Director shall send a copy of any Class II permit proposed to be issued pursuant to this Section to the Administrator for review during the comment period described in the notice pursuant to R18-2-330(C)(3).
 - D. The Director shall send a copy of each final permit issued pursuant to this Section to the Administrator.

Historical Note

Adopted effective August 1, 1995 (Supp. 95-3). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-306.02. Expired**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Section expired under A.R.S. § 41-1056(J) at 22 A.A.R. 2982, effective September 15, 2016 (Supp. 16-3).

R18-2-307. Permit Review by the EPA and Affected States

- A. Except as provided in R18-2-304(G) and as waived by the Administrator, for each Class I permit, a copy of each of the following shall be provided to the Administrator as follows:
 1. The applicant shall provide a complete copy of the application including any attachments, compliance plans, and other information required by R18-2-304(F) at the time of submittal of the application to the Director.
 2. The Director shall provide the proposed final permit after public and affected state review.
 3. The Director shall provide the final permit at the time of issuance.
- B. The Director shall keep all records associated with all permits for a minimum of five years from issuance.
- C. No permit for which an application is required to be submitted to the Administrator under subsection (A) shall be issued if the Administrator properly objects to its issuance in writing within 45 days of receipt of the proposed final permit from the Department and all necessary supporting information.
- D. Review by Affected States.
 1. For each Class I permit, the Director shall provide notice of each proposed permit to any affected state on or before the time that the Director provides this notice to the public as required under R18-2-330 except to the extent R18-2-319 requires the timing of the notice to be different.
 2. If the Director refuses to accept a recommendation of any affected state submitted during the public or affected state review period, the Director shall notify the Administrator and the affected state in writing. The notification shall include the Director's reasons for not accepting any such recommendation and shall be provided to the Administrator as part of the submittal of the proposed final permit. The Director shall not be required to accept recommendations that are not based on federal applicable requirements or requirements of state law.
- E. Any person who petitions the Administrator pursuant to 40 CFR 70.8(d) shall notify the Department by certified mail of

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

such petition as soon as possible, but in no case more than 10 days following such petition. Such notice shall include the grounds for objection and whether such objections were raised during the public comment period. If the Administrator objects to the permit as a result of a petition filed under this subsection, the Director shall not issue the permit until EPA's objection has been resolved, except that a petition for review does not stay the effectiveness of a permit or its requirements if the permit was issued after the end of the 45-day administrative review period and prior to the Administrator's objection.

- F. If the Director has issued a permit prior to receipt of the Administrator's objection under subsection (E), and the Administrator indicates that it should be revised, terminated, or revoked and reissued, the Director shall reopen the permit in accordance with R18-2-321 and may thereafter issue only a revised permit that satisfies the Administrator's objection. In any case, the source shall not be in violation of the requirement to have submitted a timely and complete application.

G. Prohibition on Default Issuance.

1. No Class I permit including a permit renewal or revision shall be issued until affected states and the Administrator have had an opportunity to review the proposed permit.
2. No permit or renewal shall be issued unless the Director has acted on the application.

Historical Note

Adopted effective August 7, 1975 (Supp. 75-1). Former Section R9-3-307 renumbered as Section R9-3-306 effective August 6, 1976 (Supp. 76-4). New Section R9-3-307 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Former Section R9-3-307 repealed, new Section R9-3-307 adopted effective May 28, 1982 (Supp. 82-3). Amended subsection (B)(4)(b) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-307 renumbered without change as R18-2-307 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-308. Emission Standards and Limitations

Wherever applicable requirements apply different standards or limitations to a source for the same item, all applicable requirements shall be included in the permit.

Historical Note

Adopted effective August 7, 1975 (Supp. 75-1). Former Section R9-3-308 repealed, new Section R9-3-308 adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-308 renumbered without change as R18-2-308 (Supp. 87-3). Amended effective December 1, 1988 (Supp. 88-4). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-309. Compliance Plan; Certification

All permits shall contain the following elements with respect to compliance:

1. The elements required by R18-2-306(A)(3), (4), and (5).
2. Requirements for certifications of compliance with terms and conditions contained in the permit, including emissions limitations, standards, and work practices. Permits shall include each of the following:
 - a. The frequency of submissions of compliance certifications, which shall not be less than annually;
 - b. The means to monitor the compliance of the source with its emissions limitations, standards, and work practices;

- c. A requirement that the compliance certification include all of the following (the identification of applicable information may cross-reference the permit or previous reports, as applicable):
 - i. The identification of each term or condition of the permit that is the basis of the certification;
 - ii. The identification of the methods or other means used by the owner or operator for determining the compliance status with each term and condition during the certification period. The methods and other means shall include, at a minimum, the methods and means required under R18-2-306(A)(3). If necessary, the owner or operator also shall identify any other material information that must be included in the certification to comply with section 113(c)(2) of the Act, which prohibits knowingly making a false certification or omitting material information;
 - iii. The status of compliance with the terms and conditions of the permit for the period covered by the certification, including whether compliance during the period was continuous or intermittent. The certification shall be based on the methods or means designated in subsection (2)(c)(ii). The certification shall identify each deviation and take it into account in the compliance certification. For emission units subject to 40 CFR 64, the certification shall also identify as possible exceptions to compliance any period during which compliance is required and in which an excursion or exceedance defined under 40 CFR 64 occurred; and
 - iv. Other facts the Director may require to determine the compliance status of the source.
- d. A requirement that permittees submit all compliance certifications to the Director. Class I permittees shall also submit compliance certifications to the Administrator.
- e. Additional requirements specified in sections 114(a)(3) and 504(b) of the Act or pursuant to R18-2-306.01.
3. A requirement for any document required to be submitted by a permittee, including reports, to contain a certification by a responsible official of truth, accuracy, and completeness. This certification and any other certification required under this Section shall state that, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete.
4. Inspection and entry provisions that require that upon presentation of proper credentials, the permittee shall allow the Director to:
 - a. Enter upon the permittee's premises where a source is located, emissions-related activity is conducted, or records are required to be kept under the conditions of the permit;
 - b. Have access to and copy, at reasonable times, any records that are required to be kept under the conditions of the permit;
 - c. Inspect, at reasonable times, any facilities, equipment (including monitoring and air pollution control equipment), practices, or operations regulated or required under the permit;
 - d. Sample or monitor, at reasonable times, substances or parameters for the purpose of assuring compli-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- ance with the permit or other applicable requirements; and
- e. Record any inspection by use of written, electronic, magnetic, or photographic media.
5. A compliance plan that contains all the following:
 - a. A description of the compliance status of the source with respect to all applicable requirements;
 - b. A description as follows:
 - i. For applicable requirements with which the source is in compliance, a statement that the source will continue to comply with the requirements;
 - ii. For applicable requirements that will become effective during the permit term, a statement that the source will meet the requirements on a timely basis; and
 - iii. For requirements for which the source is not in compliance at the time of permit issuance, a narrative description of how the source will achieve compliance with such requirements;
 - c. A compliance schedule as follows:
 - i. For applicable requirements with which the source is in compliance, a statement that the source will continue to comply with the requirements;
 - ii. For applicable requirements that will become effective during the permit term, a statement that the source will meet such requirements on a timely basis. A statement that the source will meet in a timely manner applicable requirements that become effective during the permit term shall satisfy this provision, unless a more detailed schedule is expressly required by the applicable requirement;
 - iii. A schedule of compliance for sources that are not in compliance with all applicable requirements at the time of permit issuance. The schedule shall include a schedule of remedial measures, including an enforceable sequence of actions with milestones, leading to compliance with any applicable requirement for which the source will be in noncompliance at the time of permit issuance. This compliance schedule shall resemble and be at least as stringent as that contained in any judicial consent decree or administrative order to which the source is subject. The schedule of compliance shall supplement, and shall not sanction noncompliance with, the applicable requirements on which it is based.
 - d. A schedule for submission of certified progress reports no less frequently than every six months for sources required to have a schedule of compliance to remedy a violation. The progress reports shall contain:
 - i. Dates for achieving the activities, milestones, or compliance required in the schedule of compliance, and dates when such activities, milestones, or compliance were achieved; and
 - ii. An explanation of why any dates in the schedule of compliance were not or will not be met, and any preventive or corrective measures adopted.
 6. The compliance plan content requirements specified in subsection (5) shall apply and be included in the acid rain portion of a compliance plan for an affected source,

except as specifically superseded by regulations promulgated under Title IV of the Act, and incorporated under R18-2-333 with regard to the schedule and each method the source will use to achieve compliance with the acid rain emissions limitations.

7. If there is a Federal Implementation Plan (FIP) applicable to the source, a provision that compliance with the FIP is required.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amendment filed September 18, 1979, effective following the adoption of Article 7. Nonferrous Smelter Orders. Amended effective October 2, 1979 (Supp. 79-5). Article 7. Nonferrous Smelter Orders adopted effective January 8, 1980. Amendment filed September 18, 1979 effective January 8, 1980 (Supp. 80-2). Amended effective September 28, 1984 (Supp. 84-5). Former Section R9-3-309 renumbered without change as R18-2-309 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective October 7, 1994 (Supp. 94-4). Amended effective August 1, 1995 (Supp. 95-3). Amended by final rulemaking at 6 A.A.R. 343, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 10 A.A.R. 2833, effective June 17, 2004 (Supp. 04-2).

R18-2-310. Affirmative Defenses for Excess Emissions Due to Malfunctions, Startup, and Shutdown**A. Applicability.**

This rule establishes affirmative defenses for certain emissions in excess of an emission standard or limitation and applies to all emission standards or limitations except for standards or limitations:

1. Promulgated pursuant to Sections 111 or 112 of the Act,
2. Promulgated pursuant to Titles IV or VI of the Clean Air Act,
3. Contained in any Prevention of Significant Deterioration (PSD) or New Source Review (NSR) permit issued by the U.S. E.P.A.,
4. Contained in R18-2-715(F), or
5. Included in a permit to meet the requirements of R18-2-406(A)(5).

B. Affirmative Defense for Malfunctions.

Emissions in excess of an applicable emission limitation due to malfunction shall constitute a violation. The owner or operator of a source with emissions in excess of an applicable emission limitation due to malfunction has an affirmative defense to a civil or administrative enforcement proceeding based on that violation, other than a judicial action seeking injunctive relief, if the owner or operator of the source has complied with the reporting requirements of R18-2-310.01 and has demonstrated all of the following:

1. The excess emissions resulted from a sudden and unavoidable breakdown of process equipment or air pollution control equipment beyond the reasonable control of the operator;
2. The air pollution control equipment, process equipment, or processes were at all times maintained and operated in a manner consistent with good practice for minimizing emissions;
3. If repairs were required, the repairs were made in an expeditious fashion when the applicable emission limitations were being exceeded. Off-shift labor and overtime were utilized where practicable to ensure that the repairs were made as expeditiously as possible. If off-shift labor and overtime were not utilized, the owner or operator sat-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- isfactorily demonstrated that the measures were impracticable;
4. The amount and duration of the excess emissions (including any bypass operation) were minimized to the maximum extent practicable during periods of such emissions;
 5. All reasonable steps were taken to minimize the impact of the excess emissions on ambient air quality;
 6. The excess emissions were not part of a recurring pattern indicative of inadequate design, operation, or maintenance;
 7. During the period of excess emissions there were no exceedances of the relevant ambient air quality standards established in Article 2 of this Chapter that could be attributed to the emitting source;
 8. The excess emissions did not stem from any activity or event that could have been foreseen and avoided, or planned, and could not have been avoided by better operations and maintenance practices;
 9. All emissions monitoring systems were kept in operation if at all practicable; and
 10. The owner or operator's actions in response to the excess emissions were documented by contemporaneous records.
- C. Affirmative Defense for Startup and Shutdown.**
1. Except as provided in subsection (C)(2), and unless otherwise provided for in the applicable requirement, emissions in excess of an applicable emission limitation due to startup and shutdown shall constitute a violation. The owner or operator of a source with emissions in excess of an applicable emission limitation due to startup and shutdown has an affirmative defense to a civil or administrative enforcement proceeding based on that violation, other than a judicial action seeking injunctive relief, if the owner or operator of the source has complied with the reporting requirements of R18-2-310.01 and has demonstrated all of the following:
 - a. The excess emissions could not have been prevented through careful and prudent planning and design;
 - b. If the excess emissions were the result of a bypass of control equipment, the bypass was unavoidable to prevent loss of life, personal injury, or severe damage to air pollution control equipment, production equipment, or other property;
 - c. The source's air pollution control equipment, process equipment, or processes were at all times maintained and operated in a manner consistent with good practice for minimizing emissions;
 - d. The amount and duration of the excess emissions (including any bypass operation) were minimized to the maximum extent practicable during periods of such emissions;
 - e. All reasonable steps were taken to minimize the impact of the excess emissions on ambient air quality;
 - f. During the period of excess emissions there were no exceedances of the relevant ambient air quality standards established in Article 2 of this Chapter that could be attributed to the emitting source;
 - g. All emissions monitoring systems were kept in operation if at all practicable; and
 - h. The owner or operator's actions in response to the excess emissions were documented by contemporaneous records.
 2. If excess emissions occur due to a malfunction during routine startup and shutdown, then those instances shall be treated as other malfunctions subject to subsection (B).
- D. Affirmative Defense for Malfunctions During Scheduled Maintenance.**
If excess emissions occur due to a malfunction during scheduled maintenance, then those instances will be treated as other malfunctions subject to subsection (B).
- E. Demonstration of Reasonable and Practicable Measures.**
For an affirmative defense under subsection (B) or (C), the owner or operator of the source shall demonstrate, through submission of the data and information required by this Section and R18-2-310.01, that all reasonable and practicable measures within the owner or operator's control were implemented to prevent the occurrence of the excess emissions.
- Historical Note**
- Adopted effective May 14, 1979 (Supp. 79-1). Amended effective June 19, 1981 (Supp. 81-3). Amended Arizona Testing Manual for Air Pollutant Emissions, effective September 22, 1983 (Supp. 83-5). Amended Arizona Testing Manual for Air Pollutant Emissions, as of September 15, 1984, effective August 9, 1985 (Supp. 85-4). Amended effective September 28, 1984 (Supp. 84-5). Former Section R9-3-310 renumbered without change as R18-2-310 (Supp. 87-3). Amended effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Section repealed; new Section adopted by final rulemaking at 7 A.A.R. 1164, effective February 15, 2001 (Supp. 01-1).
- R18-2-310.01. Reporting Requirements**
- A.** The owner or operator of any source shall report to the Director any emissions in excess of the limits established by this Chapter or the applicable permit. The owner or operator of any registered source may report excess emissions in accordance with this Section in order to qualify for the affirmative defense established in R18-2-310. The report shall be in two parts as specified below:
1. Notification by telephone or facsimile within 24 hours of the time the owner or operator first learned of the occurrence of excess emissions that includes all available information from subsection (B).
 2. Detailed written notification by submission of an excess emissions report within 72 hours of the notification under subsection (A)(1).
- B.** The excess emissions report shall contain the following information:
1. The identity of each stack or other emission point where the excess emissions occurred;
 2. The magnitude of the excess emissions expressed in the units of the applicable emission limitation and the operating data and calculations used in determining the magnitude of the excess emissions;
 3. The time and duration or expected duration of the excess emissions;
 4. The identity of the equipment from which the excess emissions emanated;
 5. The nature and cause of the emissions;
 6. The steps taken, if the excess emissions were the result of a malfunction, to remedy the malfunction and the steps taken or planned to prevent the recurrence of the malfunctions;
 7. The steps that were or are being taken to limit the excess emissions; and
 8. If the source's permit contains procedures governing source operation during periods of startup or malfunction and the excess emissions resulted from startup or mal-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

function, a list of the steps taken to comply with the permit procedures.

- C. In the case of continuous or recurring excess emissions, the notification requirements of this Section shall be satisfied if the source provides the required notification after excess emissions are first detected and includes in the notification an estimate of the time the excess emissions will continue. Excess emissions occurring after the estimated time period or changes in the nature of the emissions as originally reported shall require additional notification pursuant to subsections (A) and (B).

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 1164, effective February 15, 2001 (Supp. 01-1).

Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-311. Test Methods and Procedures

- A. Except as otherwise specified in this Chapter, the applicable procedures and testing methods contained in the Arizona Testing Manual; 40 CFR 52, Appendices D and E; 40 CFR 60, Appendices A through F; and 40 CFR 61, Appendices B and C shall be used to determine compliance with the requirements established in this Chapter or contained in permits issued pursuant to this Chapter.
- B. Except as otherwise provided in this subsection the opacity of visible emissions shall be determined by Reference Method 9 of the Arizona Testing Manual or by alternative method ALT-082 approved by the Administrator on May 15, 2012. A permit may specify a method, other than Method 9 or ALT-082, for determining the opacity of emissions from a particular emissions unit, if the method has been promulgated by the Administrator in 40 CFR 60, Appendix A or approved by the Administrator as an alternative method.
- C. Except as otherwise specified in this Chapter, the heat content of solid fuel shall be determined according to ASTM method D-3176-89, (Practice for Ultimate Analysis of Coal and Coke) and ASTM method D-2015-91, (Test Method for Gross Calorific Value of Coal and Coke by the Adiabatic Bomb Calorimeter).
- D. Except for ambient air monitoring and emissions testing required under Articles 9 and 11 of this Chapter, alternative and equivalent test methods in any test plan submitted to the Director may be approved by the Director for the duration of that plan provided that the following three criteria are met:
1. The alternative or equivalent test method measures the same chemical and physical characteristics as the test method it is intended to replace.
 2. The alternative or equivalent test method has substantially the same or better reliability, accuracy, and precision as the test method it is intended to replace.
 3. Applicable quality assurance procedures are followed in accordance with the Arizona Testing Manual, 40 CFR 60 or other quality assurance methods which are consistent with principles contained in the Arizona Testing Manual or 40 CFR 60 as approved by the Director.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Amended effective September 28, 1984 (Supp. 84-5). Former Section R9-3-311 renumbered without change as R18-2-311 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21,

2017 (Supp. 17-1).

R18-2-312. Performance Tests

- A. Except as provided in subsection (J), within 60 days after a source subject to the permit requirements of this Article has achieved the capability to operate at its maximum production rate on a sustained basis but no later than 180 days after initial start-up of such source and at such other times as may be required by the Director, the owner or operator of such source shall conduct performance tests and furnish the Director a written report of the results of the tests.
- B. Performance tests shall be conducted and data reduced in accordance with the test method and procedures contained in the Arizona Testing Manual unless the Director:
1. Specifies or approves, in specific cases, the use of a reference method with minor changes in methodology;
 2. Approves the use of an equivalent method;
 3. Approves the use of an alternative method the results of which he has determined to be adequate for indicating whether a specific source is in compliance; or
 4. Waives the requirement for performance tests because the owner or operator of a source has demonstrated by other means to the Director's satisfaction that the source is in compliance with the standard.
 5. Nothing in this Section shall be construed to abrogate the Director's authority to require testing.
- C. Performance tests shall be conducted under such conditions as the Director shall specify to the plant operator based on representative performance of the source. The owner or operator shall make available to the Director such records as may be necessary to determine the conditions of the performance tests. Operations during periods of start-up, shutdown, and malfunction shall not constitute representative conditions of performance tests unless otherwise specified in the applicable standard.
- D. The owner or operator of a permitted source shall provide the Director two weeks prior notice of the performance test to afford the Director the opportunity to have an observer present.
- E. The owner or operator of a permitted source shall provide, or cause to be provided, performance testing facilities as follows:
1. Sampling ports adequate for test methods applicable to such facility.
 2. Safe sampling platform(s).
 3. Safe access to sampling platform(s).
 4. Utilities for sampling and testing equipment.
- F. Each performance test shall consist of three separate runs using the applicable test method. Each run shall be conducted for the time and under the conditions specified in the applicable standard. For the purpose of determining compliance with an applicable standard, the arithmetic means of results of the three runs shall apply. In the event that a sample is accidentally lost or conditions occur in which one of the three runs is required to be discontinued because of forced shutdown, failure of an irreplaceable portion of the sample train, extreme meteorological conditions, or other circumstances beyond the owner or operator's control, compliance may, upon the Director's approval, be determined using the arithmetic means of the results of the two other runs. If the Director, or the Director's designee is present, tests may only be stopped with the Director's or such designee's approval. If the Director, or the Director's designee is not present, tests may only be stopped for good cause, which includes forced shutdown, failure of an irreplaceable portion of the sample train, extreme meteorological conditions, or other circumstances beyond the operator's control. Termination of testing without good cause after the first run is commenced shall constitute a failure of the test.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- G.** Except as provided in subsection (H) compliance with the emission limits established in this Chapter or as prescribed in permits issued pursuant to this Chapter shall be determined by the performance tests specified in this Section or in the permit.
- H.** In addition to performance tests specified in this Section, compliance with specific emission limits may be determined by:
1. Opacity tests.
 2. Emission limit compliance tests specifically designated as such in the regulation establishing the emission limit to be complied with.
 3. Continuous emission monitoring, where applicable quality assurance procedures are followed and where it is designated in the permit or in an applicable requirement to show compliance.
- I.** Nothing in this Section shall be so construed as to prevent the utilization of measurements from emissions monitoring devices or techniques not designated as performance tests as evidence of compliance with applicable good maintenance and operating requirements.
- J.** The owner or operator of a source subject to this Section may request an extension to the performance test deadline due to a force majeure event as follows:
1. If a force majeure event is about to occur, occurs, or has occurred for which the owner or operator intends to assert a claim of force majeure, the owner or operator shall notify the Director in writing as soon as practicable following the date the owner or operator first knew, or through due diligence should have known that the event may cause or caused a delay in testing beyond the regulatory deadline. The notification must occur before the performance test deadline unless the initial force majeure or a subsequent force majeure event delays the notice, and in such cases, the notification shall be given as soon as practicable.
 2. The owner or operator shall provide to the Director a written description of the force majeure event and a rationale for attributing the delay in testing beyond the regulatory deadline to the force majeure; describe the measures taken or to be taken to minimize the delay; and identify a date by which the owner or operator proposes to conduct the performance test. The performance test shall be conducted as soon as practicable after the force majeure event occurs.
 3. The decision as to whether or not to grant an extension to the performance test deadline is solely within the discretion of the Director. The Director shall notify the owner or operator in writing of approval or disapproval of the request for an extension as soon as practicable.
 4. Until an extension of the performance test deadline has been approved by the Director under paragraphs (1), (2), and (3) of this subsection, the owner or operator remains subject to the requirements of this Section.
 5. For purposes of this subsection, a "force majeure event" means an event that will be or has been caused by circumstances beyond the control of the source, its contractors, or any entity controlled by the source that prevents the owner or operator from complying with the regulatory requirement to conduct performance tests within the specified timeframe despite the source's best efforts to fulfill the obligation. Examples of such events are acts of nature, acts of war or terrorism, or equipment failure or safety hazard beyond the control of the source.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective September 28, 1984 (Supp. 84-5). Former Section R9-3-312 renumbered without change as R18-2-312

(Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-313. Existing Source Emission Monitoring

- A.** Every source subject to an existing source performance standard as specified in this Chapter shall install, calibrate, operate, and maintain all monitoring equipment necessary for continuously monitoring the pollutants and other gases specified in this Section for the applicable source category.
1. Applicability.
 - a. Fossil-fuel fired steam generators, as specified in subsection (C)(1), shall be monitored for opacity, nitrogen oxides emissions, sulfur dioxide emissions, and oxygen or carbon dioxide.
 - b. Fluid bed catalytic cracking unit catalyst regenerators, as specified in subsection (C)(4), shall be monitored for opacity.
 - c. Sulfuric acid plants, as specified in subsection (C)(3) of this Section, shall be monitored for sulfur dioxide emissions.
 - d. Nitric acid plants, as specified in subsection (C)(2), shall be monitored for nitrogen oxides emissions.
 2. Emission monitoring shall not be required when the source of emissions is not operating.
 3. Variations.
 - a. Unless otherwise prohibited by the Act, the Director may approve, on a case-by-case basis, alternative monitoring requirements different from the provisions of this Section if the installation of a continuous emission monitoring system cannot be implemented by a source due to physical plant limitations or extreme economic reasons. Alternative monitoring procedures shall be specified by the Director on a case-by-case basis and shall include, as a minimum, annual manual stack tests for the pollutants identified for each type of source in this Section. Extreme economic reasons shall mean that the requirements of this Section would cause the source to be unable to continue in business.
 - b. Alternative monitoring requirements may be prescribed when installation of a continuous emission monitoring system or monitoring device specified by this Section would not provide accurate determinations of emissions (e.g., condensed, uncombined water vapor may prevent an accurate determination of opacity using commercially available continuous emission monitoring systems).
 - c. Alternative monitoring requirements may be prescribed when the affected facility is infrequently operated (e.g., some affected facilities may operate less than one month per year).
 4. Monitoring system malfunction: A temporary exemption from the monitoring and reporting requirements of this Section may be provided during any period of monitoring system malfunction, provided that the source owner or operator demonstrates that the malfunction was unavoidable and is being repaired expeditiously.
- B.** Installation and performance testing required under this Section shall be completed and monitoring and recording shall commence within 18 months of the effective date of this Section.
- C.** Minimum monitoring requirements:
1. Fossil-fuel fired steam generators: Each fossil-fuel fired steam generator, except as provided in the following subsections, with an annual average capacity factor of

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

greater than 30%, as reported to the Federal Power Commission for calendar year 1976, or as otherwise demonstrated to the Department by the owner or operator, shall conform with the following monitoring requirements when such facility is subject to an emission standard for the pollutant in question.

- a. A continuous emission monitoring system for the measurement of opacity which meets the performance specifications of this Section shall be installed, calibrated, maintained, and operated in accordance with the procedures of this Section by the owner or operator of any such steam generator of greater than 250 million Btu per hour heat input except where:
 - i. Gaseous fuel is the only fuel burned; or
 - ii. Oil or a mixture of gas and oil are the only fuels burned and the source is able to comply with the applicable particulate matter and opacity regulations without utilization of particulate matter collection equipment, and where the source has never been found to be in violation through any administrative or judicial proceedings, or accepted responsibility for any violation of any visible emission standard.
 - b. A continuous emission monitoring system for the measurement of sulfur dioxide which meets the performance specifications of this Section shall be installed, calibrated, using sulfur dioxide calibration gas mixtures or other gas mixtures approved by the Director, maintained and operated on any fossil-fuel fired steam generator of greater than 250 million Btu per hour heat input which has installed sulfur dioxide pollutant control equipment.
 - c. A continuous emission monitoring system for the measurement of nitrogen oxides which meets the performance specification of this Section shall be installed, calibrated using nitric oxide calibration gas mixtures or other gas mixtures approved by the Director, maintained and operated on fossil-fuel fired steam generators of greater than 1000 million Btu per hour heat input when such facility is located in an air quality control region where the Director has specifically determined that a control strategy for nitrogen dioxide is necessary to attain the ambient air quality standard specified in R18-2-205, unless the source owner or operator demonstrates during source compliance tests as required by the Department that such a source emits nitrogen oxides at levels 30% or more below the emission standard within this Chapter.
 - d. A continuous emission monitoring system for the measurement of the percent oxygen or carbon dioxide which meets the performance specifications of this Section shall be installed, calibrated, operated, and maintained on fossil-fuel fired steam generators where measurements of oxygen or carbon dioxide in the flue gas are required to convert either sulfur dioxide or nitrogen oxides continuous emission monitoring data, or both, to units of the emission standard within this Chapter.
2. Nitric acid plants: Each nitric acid plant of greater than 300 tons per day production capacity, the production capacity being expressed as 100% acid located in an air quality control region where the Director has specifically determined that a control strategy for nitrogen dioxide is necessary to attain the ambient air quality standard specified in R18-2-205, shall install, calibrate using nitrogen dioxide calibration gas mixtures, maintain, and operate a continuous emission monitoring system for the measurement of nitrogen oxides which meets the performance specifications of this Section for each nitric acid producing facility within such plant.
 3. Sulfuric acid plants: Each sulfuric acid plant as defined in R18-2-101, of greater than 300 tons per day production capacity, the production being expressed as 100% acid, shall install, calibrate using sulfur dioxide calibration gas mixtures or other gas mixtures approved by the Director, maintain and operate a continuous emission monitoring system for the measurement of sulfur dioxide which meets the performance specifications of this Section for each sulfuric acid producing facility within such a plant.
 4. Fluid bed catalytic cracking unit catalyst regenerators at petroleum refineries. Each catalyst regenerator for fluid bed catalytic cracking units of greater than 20,000 barrels per day fresh-feed capacity shall install, calibrate, maintain and operate a continuous emission monitoring system for the measurement of opacity which meets the performance specifications of this Section for each regenerator within such refinery.
- D. Minimum specifications:** Owners or operators of monitoring equipment installed to comply with this Section shall demonstrate compliance with the following performance specifications.
1. The performance specifications set forth in Appendix B of 40 CFR 60 are incorporated herein by reference and shall be used by the Director to determine acceptability of monitoring equipment installed pursuant to this Section. However where reference is made to the Administrator in Appendix B of 40 CFR 60, the Director may allow the use of either the state-approved reference method or the federally approved reference method as published in 40 CFR 60. The performance specifications to be used with each type of monitoring system are listed below.
 - a. Continuous emission monitoring systems for measuring opacity shall comply with performance specification 1.
 - b. Continuous emission monitoring systems for measuring nitrogen oxides shall comply with performance specification 2.
 - c. Continuous emission monitoring systems for measuring sulfur dioxide shall comply with performance specification 2.
 - d. Continuous emission monitoring systems for measuring sulfur dioxide shall comply with performance specification 3.
 - e. Continuous emission monitoring systems for measuring carbon dioxide shall comply with performance specification 3.
 2. Calibration gases: Span and zero gases shall be traceable to National Bureau of Standards reference gases whenever these reference gases are available. Every six months from date of manufacture, span and zero gases shall be reanalyzed by conducting triplicate analyses using the reference methods in Appendix A of 40 CFR 60 (Chapter 1) as amended: For sulfur dioxide, use Reference Method 6; for nitrogen oxides, use Reference Method 7; and for carbon dioxide or oxygen, use Reference Method 3. The gases may be analyzed at less frequent intervals if longer shelf lives are guaranteed by the manufacturer.
 3. Cycling time: Time includes the total time required to sample, analyze, and record an emission measurement.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. Continuous emission monitoring systems for measuring opacity shall complete a minimum of one cycle of sampling and analyzing for each successive six-minute period.
- b. Continuous emission monitoring systems for measuring oxides of nitrogen, carbon dioxide, oxygen, or sulfur dioxide shall complete a minimum of one cycle of operation (sampling, analyzing, and data recording) for each successive 15-minute period.
4. Monitor location: All continuous emission monitoring systems or monitoring devices shall be installed such that representative measurements of emissions of process parameter (i.e., oxygen, or carbon dioxide) from the affected facility are obtained. Additional guidance for location of continuous emission monitoring systems to obtain representative samples are contained in the applicable performance specifications of Appendix B of 40 CFR 60.
5. Combined effluents: When the effluents from two or more affected facilities of similar design and operating characteristics are combined before being released to the atmosphere through more than one point, separate monitors shall be installed.
6. Zero and drift: Owners or operators of all continuous emission monitoring systems installed in accordance with the requirements of this Section shall record the zero and span drift in accordance with the method prescribed by the manufacturer's recommended zero and span check at least once daily, using calibration gases specified in subsection (C) as applicable, unless the manufacturer has recommended adjustments at shorter intervals, in which case such recommendations shall be followed; shall adjust the zero span whenever the 24-hour zero drift or 24-hour calibration drift limits of the applicable performance specifications in Appendix B of Part 60, Chapter 1, Title 40 CFR are exceeded.
7. Span: Instrument span should be approximately 200% of the expected instrument data display output corresponding to the emission standard for the source.
- E. Minimum data requirement: The following subsections set forth the minimum data reporting requirements for sources employing continuous monitoring equipment as specified in this Section. These periodic reports do not relieve the source operator from the reporting requirements of R18-2-310.01.
 1. The owners or operators of facilities required to install continuous emission monitoring systems shall submit to the Director a written report of excess emissions for each calendar quarter and the nature and cause of the excess emissions, if known. The averaging period used for data reporting shall correspond to the averaging period specified in the emission standard for the pollutant source category in question. The required report shall include, as a minimum, the data stipulated in this subsection.
 2. For opacity measurements, the summary shall consist of the magnitude in actual percent opacity of all six-minute opacity averages greater than any applicable standards for each hour of operation of the facility. Average values may be obtained by integration over the averaging period or by arithmetically averaging a minimum of four equally spaced, instantaneous opacity measurements per minute. Any time periods exempted shall be deleted before determining any averages in excess of opacity standards.
 3. For gaseous measurements the summary shall consist of emission averages in the units of the applicable standard for each averaging period during which the applicable standard was exceeded.
 4. The date and time identifying each period during which the continuous emission monitoring system was inoperative, except for zero and span checks and the nature of system repair or adjustment shall be reported. The Director may require proof of continuous emission monitoring system performance whenever system repairs or adjustments have been made.
 5. When no excess emissions have occurred and the continuous emission monitoring system(s) have not been inoperative, repaired, or adjusted, such information shall be included in the report.
 6. Owners or operators of affected facilities shall maintain a file of all information reported in the quarterly summaries, and all other data collected either by the continuous emission monitoring system or as necessary to convert monitoring data to the units of the applicable standard for a minimum of two years from the date of collection of such data or submission of such summaries.
- F. Data reduction: Owners or operators of affected facilities shall use the following procedures for converting monitoring data to units of the standard where necessary.
 1. For fossil-fuel fired steam generators the following procedures shall be used to convert gaseous emission monitoring data in parts per million to g/million cal (lb/million Btu) where necessary.
 - a. When the owner or operator of a fossil-fuel fired steam generator elects under subsection (C)(1)(d) to measure oxygen in the flue gases, the measurements of the pollutant concentration and oxygen concentration shall each be on a consistent basis (wet or dry).
 - i. When measurements are on a wet basis, except where wet scrubbers are employed or where moisture is otherwise added to stack gases, the following conversion procedure shall be used:

$$E(Q) = C(ws)F(w) \left[\frac{20.9}{20.9(1 - B(wa)) - \%O(2ws)} \right]$$
 - ii. When measurements are on a wet basis and the water vapor content of the stack gas is determined at least once every 15 minutes the following conversion procedure shall be used:

$$E(Q) = C(ws)F \left[\frac{20.9}{20.9(1 - B(wa))\%O(2ws)} \right]$$

Use of this equation is contingent upon demonstrating the ability to accurately determine B(ws) such that any absolute error in B(ws) will not cause an error of more than $\pm 1.5\%$ in the term:

$$\left[\frac{20.9}{20.9(1 - B(wa)) - \%O(2ws)} \right]$$
 - iii. When measurements are on a dry basis, the following conversion procedure shall be used:
 - b. When the owner or operator elects under subsection (C)(1)(d) to measure carbon dioxide in the flue gases, the measurement of the pollutant concentration and the carbon dioxide concentration shall each

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

$$E(Q) = CF \left[\frac{20.9}{20.9 - \%O(2ws)} \right]$$

be on a consistent basis (wet or dry) and the following conversion procedure used;

$$E(Q) = CF(c) \left[\frac{100}{\%CO(2)} \right]$$

- c. The values used in the equations under subsection (F)(1) above are derived as follows:

$E(Q)$ = pollutant emission, g/million cal (lb/million Btu).

C = pollutant concentration, g/dscm (lb/dscf), determined by multiplying the average concentration (ppm) for each hourly period by 4.16×10^{-5} M g/dscm per ppm (2.64×10^{-9} M lb/dscf per ppm) where M = pollutant molecular weight, g/g-mole (lb/lb-mole), $M = 64$ for sulfur dioxide and 46 for oxides of nitrogen.

$C(ws)$ = pollutant concentrations at stack conditions, g/wscm (lb/wscf), determined by multiplying the average concentration (ppm) for each one-hour period by 4.15×10^{-5} M lb/wscm per ppm (2.59×10^{-5} M lb/wscf per ppm) where M = pollutant molecular weight, g/g mole (lb/lb mole). $M = 64$ for sulfur dioxide and 46 for nitrogen oxides.

$\%O(2), \%CO(2)$ = Oxygen or carbon dioxide volume (expressed as percent) determined with equipment specified under subsection (D)(1)(d).

$F, F(c)$ = A factor representing a ratio of the volume of dry flue gases generated to the calorific value of the fuel combusted (F), a factor representing a ratio of the volume of carbon dioxide generated to the calorific value of the fuel combusted ($F(c)$), respectively. Values of F and $F(c)$ are given in 40 CFR 60.45(f) (Chapter 1).

$F(w)$ = A factor representing a ratio of the volume of wet flue gases generated to the caloric value of the fuel combusted. Values of $F(w)$ are given in Reference Method 19 of the Arizona Testing Manual.

$B(wa)$ = Proportion by volume of water vapor in the ambient air. Approval may be given for determination of $B(w)a$ by on-site instrumental measurement provided that the absolute accuracy of the measurement technique can be demonstrated to be within $\pm 0.7\%$ water vapor. Estimation methods for $B(wa)$ are given in Reference Method 19 of the Arizona Testing Manual.

$B(ws)$ = Proportion by volume of water vapor in the stack gas.

2. For sulfuric acid plants as defined in R18-2-101, the owner or operator shall:
 - a. Establish a conversion factor three times daily according to the procedures of 40 CFR 60.84(b) (Chapter 1),
 - b. Multiply the conversion factor by the average sulfur dioxide concentration in the flue gases to obtain

average sulfur dioxide emissions in Kg/metric ton (lb/short ton), and

- c. Report the average sulfur dioxide emission for each averaging period in excess of the applicable emission standard in the quarterly summary.
3. For nitric acid plants, the owner or operator shall:
 - a. Establish a conversion factor according to the procedures of 40 CFR 60.73(b) (Chapter 1),
 - b. Multiply the conversion factor by the average nitrogen oxides concentration in the flue gases to obtain the nitrogen oxides emissions in the units of the applicable standard,
 - c. Report the average nitrogen oxides emission for each averaging period in excess of applicable emission standard in the quarterly summary.
4. The Director may allow data reporting or reduction procedures varying from those set forth in this Section if the owner or operator of a source shows to the satisfaction of the Director that his procedures are at least as accurate as those in this Section. Such procedures may include but are not limited to the following:
 - a. Alternative procedures for computing emission averages that do not require integration of data (e.g., some facilities may demonstrate that the variability of their emissions is sufficiently small to allow accurate reduction of data based upon computing averages from equally spaced data points over the averaging period).
 - b. Alternative methods of converting pollutant concentration measurements to the units of the emission standards.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Editorial correction, subsection (C), paragraph (1), subparagraph (d) (Supp. 80-2). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-313 renumbered without change as R18-2-313 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 1164, effective February 15, 2001 (Supp. 01-1).

R18-2-314. Quality Assurance

Facilities subject to the permit requirements of this Article shall submit a quality assurance plan to the Director that meets the requirements of R18-2-311(D)(3) within 12 months of the effective date of this Section. Facilities subject to the requirements of R18-2-313 shall submit a quality assurance plan as specified in the permit.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-314 renumbered without change as R18-2-314 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-315. Posting of Permit

- A. Any person who has been granted an individual or general permit shall post such permit or a certificate of permit issuance on location where the equipment is installed in such a manner as to be clearly visible and accessible. All equipment covered by the permit shall be clearly marked with one of the following:
 1. The current permit number,
 2. A serial number or other equipment number that is also listed in the permit to identify that piece of equipment.
- B. A copy of the complete permit shall be kept on the site.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-315 renumbered without change as R18-2-315 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-316. Notice by Building Permit Agencies

All agencies of the county or political subdivisions of the county that issue or grant building permits or approvals shall examine the plans and specifications submitted by an applicant for a permit or approval to determine if an air pollution permit will possibly be required under the provisions of this Chapter. If it appears that an air pollution permit will be required, the agency or political subdivision shall give written notice to the applicant to contact the Director and shall furnish a copy of that notice to the Director.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-316 renumbered without change as R18-2-316 (Supp. 87-3).

R18-2-317. Facility Changes Allowed Without Permit Revisions - Class I

- A.** A facility with a Class I permit may make changes that contravene an express permit term without a permit revision if all of the following apply:
1. The changes are not modifications under any provision of Title I of the Act or under A.R.S. § 49-401.01(24);
 2. The changes do not exceed the emissions allowable under the permit whether expressed therein as a rate of emissions or in terms of total emissions;
 3. The changes do not violate any applicable requirements or trigger any additional applicable requirements;
 4. The changes satisfy all requirements for a minor permit revision under R18-2-319(A);
 5. The changes do not contravene federally enforceable permit terms and conditions that are monitoring (including test methods), recordkeeping, reporting, or compliance certification requirements; and
 6. The changes do not constitute a minor NSR modification.
- B.** The substitution of an item of process or pollution control equipment for an identical or substantially similar item of process or pollution control equipment shall qualify as a change that does not require a permit revision, if the substitution meets all of the requirements of subsections (A), (D), and (E).
- C.** Except for sources with authority to operate under general permits, permitted sources may trade increases and decreases in emissions within the permitted facility, as established in the permit under R18-2-306(A)(12), if an applicable implementation plan provides for the emissions trades without applying for a permit revision and based on the seven working days notice prescribed in subsection (D). This provision is available if the permit does not provide for the emissions trading as a minor permit revision.
- D.** For each change under subsections (A) through (C), a written notice by certified mail or hand delivery shall be received by the Director and the Administrator a minimum of seven working days in advance of the change. Notifications of changes associated with emergency conditions, such as malfunctions necessitating the replacement of equipment, may be provided less than seven working days in advance of the change but must be provided as far in advance of the change or, if advance notification is not practicable, as soon after the change as possible.
- E.** Each notification shall include:
1. When the proposed change will occur;
 2. A description of the change;

3. Any change in emissions of regulated air pollutants;
 4. The pollutants emitted subject to the emissions trade, if any;
 5. The provisions in the implementation plan that provide for the emissions trade with which the source will comply and any other information as may be required by the provisions in the implementation plan authorizing the trade;
 6. If the emissions trading provisions of the implementation plan are invoked, then the permit requirements with which the source will comply; and
 7. Any permit term or condition that is no longer applicable as a result of the change.
- F.** The permit shield described in R18-2-325 shall not apply to any change made under subsections (A) through (C). Compliance with the permit requirements that the source will meet using the emissions trade shall be determined according to requirements of the implementation plan authorizing the emissions trade.
- G.** Except as otherwise provided for in the permit, making a change from one alternative operating scenario to another as provided under R18-2-306(A)(11) shall not require any prior notice under this Section.
- H.** The Director shall make available to the public monthly summaries of all notices received under this Section.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-317 renumbered without change as R18-2-317 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-317.01. Facility Changes that Require a Permit Revision - Class II

- A.** The following changes at a source with a Class II permit shall require a permit revision:
1. A change that would trigger a new applicable requirement or violate an existing applicable requirement.
 2. Establishment of, or change in, an emissions cap under R18-2-306.02;
 3. A change that will require a case-by-case determination of an emission limitation or other standard, or a source-specific determination of ambient impacts, or a visibility or increment analysis;
 4. A change that results in emissions that are subject to monitoring, recordkeeping or reporting under R18-2-306(A)(3), (4), or (5) if the emissions cannot be measured or otherwise adequately quantified by monitoring, recordkeeping, or reporting requirements already in the permit;
 5. A change that will authorize the burning of used oil, used oil fuel, hazardous waste, or hazardous waste fuel, or any other fuel not currently authorized by the permit;
 6. A change that requires the source to obtain a Class I permit;
 7. Replacement of an item of air pollution control equipment listed in the permit with one that does not have the same or better pollutant removal efficiency;
 8. Establishment or revision of a limit under R18-2-306.01;
 9. Increasing operating hours or rates of production above the permitted level;
 10. A change that relaxes monitoring, recordkeeping, or reporting requirements, except when the change results:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. From removing equipment that results in a permanent decrease in actual emissions, if the source keeps onsite records of the change in a log that satisfies Appendix 3 of this Chapter and if the requirements that are relaxed are present in the permit solely for the equipment that was removed; or
 - b. From a change in an applicable requirement; and
11. A minor NSR modification.
- B.** A source with a Class II permit may make any physical change or change in the method of operation without revising the source's permit unless the change is specifically prohibited in the source's permit or is a change described in subsection (A). A change that does not require a permit revision may still be subject to requirements in R18-2-317.02.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R.

4074, effective September 22, 1999 (Supp. 99-3).

Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-317.02. Procedures for Certain Changes that Do Not Require a Permit Revision - Class II

- A.** Except for a physical change or change in the method of operation at a Class II source requiring a permit revision under R18-2-317.01, or a change subject to logging or notice requirements in subsection (B) or (C), a change at a Class II source shall not be subject to revision, notice, or logging requirements under this Chapter.
- B.** Except as otherwise provided in the conditions applicable to an emissions cap created under R18-2-306.02, the following changes may be made if the source keeps onsite records of the changes according to Appendix 3:
- 1. Implementing an alternative operating scenario, including raw material changes;
 - 2. Changing process equipment, operating procedures, or making any other physical change if the permit requires the change to be logged;
 - 3. Engaging in any new insignificant activity listed in the definition of insignificant activities in R18-2-101 but not listed in the permit;
 - 4. Replacing an item of air pollution control equipment listed in the permit with an identical (same model, different serial number) item. The Director may require verification of efficiency of the new equipment by performance tests; and
 - 5. A change that results in a decrease in actual emissions if the source wants to claim credit for the decrease in determining whether the source has a net emissions increase for any purpose. The logged information shall include a description of the change that will produce the decrease in actual emissions. A decrease that has not been logged is creditable only if the decrease is quantifiable, enforceable, and otherwise qualifies as a creditable decrease.
- C.** Except as provided in the conditions applicable to an emissions cap created under R18-2-306.02, the following changes may be made if the source provides written notice to the Department in advance of the change as provided below:
- 1. Replacing an item of air pollution control equipment listed in the permit with one that is not identical but that is substantially similar and has the same or better pollutant removal efficiency: seven days. The Director may require verification of efficiency of the new equipment by performance tests;
 - 2. A physical change or change in the method of operation that increases actual emissions more than 10% of the major source threshold for any conventional pollutant but does not require a permit revision: seven days;
 - 3. Replacing an item of air pollution control equipment listed in the permit with one that is not substantially similar but that has the same or better efficiency: 30 days. The Director may require verification of efficiency of the new equipment by performance tests;
 - 4. A change that would trigger an applicable requirement that already exists in the permit: 30 days unless otherwise required by the applicable requirement;
 - 5. A change that amounts to reconstruction of the source or an affected facility: seven days. For purposes of this subsection, reconstruction of a source or an affected facility shall be presumed if the fixed capital cost of the new components exceeds 50% of the fixed capital cost of a comparable entirely new source or affected facility and the changes to the components have occurred over the 12 consecutive months beginning with commencement of construction; and
 - 6. A change that will result in the emissions of a new regulated air pollutant above an applicable regulatory threshold but that does not trigger a new applicable requirement for that source category: 30 days. For purposes of this requirement, an applicable regulatory threshold for a conventional air pollutant shall be 10% of the applicable major source threshold for that pollutant.
- D.** For each change under subsection (C), the written notice shall be by certified mail or hand delivery and shall be received by the Director the minimum amount of time in advance of the change. Notifications of changes associated with emergency conditions, such as malfunctions necessitating the replacement of equipment, may be provided with less than required notice, but must be provided as far in advance of the change, or if advance notification is not practicable, as soon after the change as possible. The written notice shall include:
- 1. When the proposed change will occur,
 - 2. A description of the change,
 - 3. Any change in emissions of regulated air pollutants, and
 - 4. Any permit term or condition that is no longer applicable as a result of the change.
- E.** A source may implement any change in subsection (C) without the required notice by applying for a minor permit revision under R18-2-319 and complying with R18-2-319(D)(2) and (G).
- F.** The permit shield described in R18-2-325 shall not apply to any change made under this Section, other than implementation of an alternate operating scenario under subsection (B)(1).
- G.** Notwithstanding any other part of this Section, the Director may require a permit to be revised for any change that, when considered together with any other changes submitted by the same source under this Section over the term of the permit, constitutes a change under R18-317.01(A).
- H.** If a source change is described under both subsections (B) and (C), the source shall comply with subsection (C). If a source change is described under both subsection (C) and R18-2-317.01(B), the source shall comply with R18-2-317.01(B).
- I.** A copy of all logs required under subsection (B) shall be filed with the Director within 30 days after each anniversary of the permit issue date. If no changes were made at the source requiring logging, a statement to that effect shall be filed instead.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R.

4074, effective September 22, 1999 (Supp. 99-3).

Amended by final rulemaking at 18 A.A.R. 1542, effective

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

tive August 7, 2012 (Supp. 12-2).

R18-2-318. Administrative Permit Amendments

- A. Except for provisions pursuant to Title IV of the Act, an administrative permit amendment is a permit revision that does any of the following:
1. Corrects typographical errors;
 2. Identifies a change in the name, address, or phone number of any person identified in the permit, or provides a similar minor administrative change at the source;
 3. Requires more frequent monitoring or reporting by the permittee;
 4. Allows for a change in ownership or operational control of a source as approved under R18-2-323 where the Director determines that no other change in the permit is necessary, provided that a written agreement containing a specific date for transfer of permit responsibility coverage, and liability between the current and new permittee has been submitted to the Director;
- B. Administrative permit amendments to Title IV provisions of the permit shall be governed by regulations promulgated by the Administrator under Title IV of the Act.
- C. The Director shall take no more than 60 days from receipt of a request for an administrative permit amendment to take final action on such request, and for Class I permits may incorporate such changes without providing notice to the public or affected states provided that it designates any such permit revisions as having been made pursuant to this Section.
- D. The Director shall submit a copy of Class I permits revised under this Section to the Administrator.
- E. Except for administrative permit amendments involving a transfer under R18-2-323, the source may implement the changes addressed in the request for an administrative amendment immediately upon submittal of the request.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-318 renumbered without change as R18-2-318 (Supp. 87-3). Amended subsection (A) effective December 1, 1988 (Supp. 88-4). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-318.01. Annual Summary Permit Amendments for Class II Permits

The Director may amend any Class II permit annually without following R18-2-321 in order to incorporate changes reflected in logs or notices filed under R18-2-317.02. The amendment shall be effective to the anniversary date of the permit. The Director shall make available to the public for any source:

1. A complete record of logs and notices sent to the Department under R18-2-317.02; and
2. Any amendments or revisions to the source's permit.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3).

R18-2-319. Minor Permit Revisions

- A. Minor permit revision procedures may be used only for those changes at a Class I source that satisfy all of the following:
1. Do not violate any applicable requirement;
 2. Do not involve substantive changes to existing monitoring, reporting, or recordkeeping requirements in the permit;
 3. Do not require or change a case-by-case determination of an emission limitation or other standard, or a source-specific determination of ambient impacts, or an analysis of

impacts on visibility or maximum increases allowed under R18-2-218;

4. Do not seek to establish or change a permit term or condition for which there is no corresponding underlying applicable requirement and that the source has assumed in order to avoid an applicable requirement to which the source would otherwise be subject. The terms and conditions include:
 - a. A federally enforceable emissions cap that the source would assume to avoid classification as a modification under any provision of Title I of the Act; and
 - b. An alternative emissions limit approved under regulations promulgated under the section 112(i)(5) of the Act.
 5. Are not modifications under any provision of Title I of the Act;
 6. Are not changes in fuels not represented in the permit application or provided for in the permit;
 7. Are not minor NSR modifications subject to R18-2-334; and
 8. Are not required to be processed as a significant permit revision under R18-2-320.
- B. Minor permit revision procedures shall be used for the following changes at a Class II source:
1. A change that triggers a new applicable requirement if all of the following apply:
 - a. The change is not a minor NSR modification subject to R18-2-334;
 - b. A case-by-case determination of an emission limitation or other standard is not required; and
 - c. The change does not require the source to obtain a Class I permit.
 2. A change that increases emissions above the permitted level unless the increase otherwise creates a condition that requires a significant permit revision;
 3. A change in fuel from fuel oil or coal, to natural gas or propane, if not authorized in the permit;
 4. A change that results in emissions subject to monitoring, recordkeeping, or reporting under R18-2-306(A)(3),(4), or (5) and that cannot be measured or otherwise adequately quantified by monitoring, recordkeeping, or reporting requirements already in the permit;
 5. A decrease in the emissions permitted under an emissions cap unless the decrease requires a change in the conditions required to enforce the cap or to ensure that emissions trades conducted under the cap are quantifiable and enforceable; and
 6. Replacement of an item of air pollution control equipment listed in the permit with one that does not have the same or better efficiency.
- C. As approved by the Director, minor permit revision procedures may be used for permit revisions involving the use of economic incentives, marketable permits, emissions trading, and other similar approaches, to the extent that the minor permit revision procedures are explicitly provided for in an applicable implementation plan or in applicable requirements promulgated by the Administrator.
- D. An application for minor permit revision shall be on the standard application form provided under R18-2-304(B) and include the following:
1. A description of the change, the emissions resulting from the change, and any new applicable requirements that will apply if the change occurs;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

2. For Class I sources, and any source that is making the change immediately after it files the application, the source's suggested draft permit;
 3. Certification by a responsible official, consistent with standard permit application requirements, that the proposed revision meets the criteria for use of minor permit revision procedures and a request that the procedures be used;
- E.** EPA and affected state notification. For Class I permits, within five working days of receipt of an application for a minor permit revision, the Director shall notify the Administrator and affected states of the requested permit revision in accordance with R18-2-307.
- F.** For Class I permits, the Director shall not issue a final permit revision until after the Administrator's 45-day review period or until the Administrator has notified the Director that the Administrator will not object to issuance of the permit revision, whichever is first, although the Director may approve the permit revision before that time. Within 90 days of the Director's receipt of an application under minor permit revision procedures, or 15 days after the end of the Administrator's 45-day review period, whichever is later, the Director shall do one or more of the following:
1. Issue the permit revision as proposed,
 2. Deny the permit revision application,
 3. Determine that the proposed permit revision does not meet the minor permit revision criteria and should be reviewed under the significant revision procedures, or
 4. Revise the proposed permit revision and transmit to the Administrator the new proposed permit revision as required in R18-2-307.
- G.** The source may make the change proposed in its minor permit revision application immediately after it files the application. After a Class I source makes a change allowed by the preceding sentence, and until the Director takes any of the actions specified in subsection (F), the source shall comply with both the applicable requirements governing the change and the proposed revised permit terms and conditions. During this time period, the Class I source need not comply with the existing permit terms and conditions it seeks to modify. However, if the Class I source fails to comply with its proposed permit terms and conditions during this time period, the existing permit terms and conditions it seeks to revise may be enforced against it.
- H.** The permit shield under R18-2-325 shall not extend to minor permit revisions.
- I.** Notwithstanding any other part of this Section, the Director may require a permit to be revised under R18-2-320 for any change that, when considered together with any other changes submitted by the same source under this Section or R18-2-317.02 over the life of the permit, do not satisfy subsection (A) for Class I sources or subsection (B) for Class II sources.
- J.** The Director shall make available to the public monthly summaries of all applications for minor permit revisions.
- A.** For Class I sources, a significant revision shall be used for an application requesting a permit revision that does not qualify as a minor permit revision or as an administrative amendment. A significant revision that is only required because of a change described in R18-2-319(A)(6) or (7) shall not be considered a significant permit revision under part 70 for the purposes of 40 CFR 64.5(a)(2). Every significant change in existing monitoring permit terms or conditions and every relaxation of reporting or recordkeeping permit terms or conditions shall follow significant revision procedures.
- B.** A source with a Class II permit shall make the following changes only after the permit is revised following the public participation requirements of R18-2-330:
1. Establishing or revising a voluntarily accepted emission limitation or standard as described by R18-2-306.01 or R18-2-306.02, except a decrease in the limitation authorized by R18-2-319(B)(5);
 2. Making any change in fuel not authorized by the permit and that is not fuel oil or coal, to natural gas or propane;
 3. A change that is a minor NSR modification subject to R18-2-334;
 4. A change that relaxes monitoring, recordkeeping, or reporting requirements, except when the change results from:
 - a. Removing equipment that results in a permanent decrease in actual emissions, if the source keeps onsite records of the change in a log that satisfies Appendix 3 of this Chapter and if the requirements that are relaxed are present in the permit solely for the equipment that was removed; or
 - b. A change in an applicable requirement.
 5. A change that will cause the source to violate an existing applicable requirement including the conditions establishing an emissions cap;
 6. A change that will require any of the following:
 - a. A case-by-case determination of an emission limitation or other standard;
 - b. A source-specific determination of ambient impacts, or an analysis of impacts on visibility or maximum allowable increases allowed under R18-2-218; or
 - c. A case-by-case determination of a monitoring, recordkeeping, and reporting requirement.
 7. A change that requires the source to obtain a Class I permit.
- C.** Any modification to a major source of federally listed hazardous air pollutants, and any reconstruction of a source, or a process or production unit, under section 112(g) of the Act and regulations promulgated thereunder, shall follow significant permit revision procedures and any rules adopted under A.R.S. § 49-426.03.
- D.** Significant permit revisions shall meet all requirements of this Article for applications, public participation, review by affected states, and review by the Administrator that apply to permit issuance and renewal. Notwithstanding R18-2-330(C), the Director may provide notice for changes requiring a significant permit revision solely under subsection (B)(2), (4) or (6)(c) by posting a notice on the Department's web site, sending e-mails to persons who have requested electronic notification of the Department's proposed air quality permit actions and by mailing a copy of the notice as provided in R18-2-330(C)(1).
- E.** When an existing source applies for a significant permit revision to revise its permit from a Class II permit to a Class I permit, it shall submit a Class I permit application in accordance with R18-2-304. The Director shall issue the entire permit, and not just the portion being revised, in accordance with Class I

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-319 renumbered without change as R18-2-319 (Supp. 87-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-320. Significant Permit Revisions

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

permit content and issuance requirements, including requirements for public, affected state, and EPA review, contained in R18-2-307 and R18-2-330.

Historical Note

Adopted effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective June 4, 1998 (Supp. 98-2). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 343, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-321. Permit Reopenings; Revocation and Reissuance; Termination**A. Reopening for Cause.**

1. Each issued permit shall include provisions specifying the conditions under which the permit shall be reopened prior to the expiration of the permit. A permit shall be reopened and revised under any of the following circumstances:
 - a. Additional applicable requirements under the Act become applicable to a major source with a remaining permit term of three or more years. Such a reopening shall be completed not later than 18 months after promulgation of the applicable requirement. No such reopening is required if the effective date of the requirement is later than the date on which the permit is due to expire, unless the original permit or any of its terms and conditions has been extended pursuant to R18-2-322(B). Any permit revision required pursuant to this subsection shall comply with provisions in R18-2-322 for permit renewal and shall reset the five-year permit term.
 - b. Additional requirements, including excess emissions requirements, become applicable to an affected source under the acid rain program. Upon approval by the Administrator, excess emissions offset plans shall be deemed to be incorporated into the Class I permit.
 - c. The Director or the Administrator determines that the permit contains a material mistake or that inaccurate statements were made in establishing the emissions standards or other terms or conditions of the permit.
 - d. The Director or the Administrator determines that the permit needs to be revised or revoked to assure compliance with the applicable requirements.
2. Proceedings to reopen and issue a permit, including appeal of any final action relating to a permit reopening, shall follow the same procedures as apply to initial permit issuance and shall, except for reopenings under subsection (A)(1)(a), affect only those parts of the permit for which cause to reopen exists. Such reopening shall be made as expeditiously as practicable.
3. Reopenings under subsection (A)(1) shall not be initiated before a notice of such intent is provided to the source by the Director at least 30 days in advance of the date that the permit is to be reopened, except that the Director may provide a shorter time period in the case of an emergency.
4. When a permit is reopened and revised pursuant to this Section, the Director may make appropriate revisions to the permit shield established pursuant to R18-2-325.

- B. Within 10 days of receipt of notice from the Administrator that cause exists to reopen a Class I permit, the Director shall notify the source. The source shall have 30 days to respond to the Director. Within 90 days of receipt of notice from the Administrator that cause exists to reopen a permit, or within any extension to the 90 days granted by EPA, the Director shall forward to the Administrator and the source a proposed determination of termination, revision, or revocation and reissuance of the permit. Within 90 days of receipt of an EPA objection to the Director's proposal, the Director shall resolve the objection and act on the permit.
- C. The Director may issue a notice of termination of a permit or registration issued pursuant to this Chapter if:
 1. The Director has reasonable cause to believe that the permit or registration was obtained by fraud or misrepresentation.
 2. The person applying for the permit or registration failed to disclose a material fact required by the application form or the regulation applicable to the permit or registration, of which the applicant had or should have had knowledge at the time the application was submitted.
 3. The terms and conditions of the permit or registration have been or are being violated.
- D. If the Director issues a notice of termination under this Section, the notice shall be served on the permittee by certified mail, return receipt requested. The notice shall include a statement detailing the grounds for the revocation and a statement that the permittee is entitled to a hearing.

Historical Note

Adopted effective September 22, 1983 (Supp. 83-5). Former Section R9-3-321 renumbered without change as R18-2-321 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-322. Permit Renewal and Expiration

- A. A permit being renewed is subject to the same procedural requirements, including any for public participation and affected states and Administrator review, that would apply to that permit's initial issuance.
- B. Except as provided in R18-2-303(A), permit expiration terminates the source's right to operate unless a timely application for renewal that is sufficient under A.R.S. § 41-1064 has been submitted in accordance with R18-2-304. Any testing that is required for renewal shall be completed before the proposed permit is issued by the Director.
- C. The Director shall act on an application for a permit renewal within the same time-frames as on an initial permit.

Historical Note

Adopted effective September 22, 1983 (Supp. 83-5). Former Section R9-3-322 renumbered without change as R18-2-322 (Supp. 87-3). Amended effective December 1, 1988 (Supp. 88-4). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-323. Permit Transfers

- A. Except as provided in A.R.S. § 49-429 and subsection (B), a Class I or II permit may be transferred to another person if the person who holds the permit gives notice to the Director in writing at least 30 days before the proposed transfer. The notice shall contain the following:
 1. The permit number and expiration date;
 2. The name, address, and telephone number of the current permit holder;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

3. The name, address and telephone number of the person to receive the permit;
 4. The name and title of the individual within the organization who is accepting responsibility for the permit along with a signed statement by that person indicating such acceptance;
 5. A description of the equipment to be transferred;
 6. A written agreement containing a specific date for transfer of permit responsibility, coverage, and liability between the current and new permittee;
 7. Provisions for the payment of any fees pursuant to R18-2-326 or R18-2-501 that will be due and payable before the effective date of transfer;
 8. Sufficient information about the source's technical and financial capabilities of operating the source to allow the Director to make the decision in subsection (B) including:
 - a. The qualifications of each person principally responsible for the operation of the source;
 - b. A statement by the chief financial officer of the new permittee that it is financially capable of operating the facility in compliance with the law, and the information that provides the basis for that statement;
 - c. A brief description of any action for the enforcement of any federal or state law, or any county, city, or local government ordinance relating to the protection of the environment, instituted against any person employed by the new permittee and principally responsible for operating the facility during the five years preceding the date of application. In lieu of this description, the new permittee may submit a copy of the certificate of disclosure or 10-K form required under A.R.S. § 49-109, or a statement that this information has been filed in compliance with A.R.S. § 49-109.
- B.** The Director shall deny the transfer if the Director determines that the organization receiving the permit is not capable of operating the source in compliance with A.R.S. Title 49, Chapter 3, Article 2, the provisions of this Chapter or the provisions of the permit. Notice of the denial shall be sent to the original permit holder by certified mail stating the reason for the denial within 10 working days of the Director's receipt of the application. If the transfer is not denied within 10 working days after receipt of the notice, it shall be deemed approved.
- C.** To appeal the transfer denial:
1. Both the transferor and transferee shall petition the Office of Administrative Hearings in writing for a public hearing; and
 2. All parties shall follow the appeal process for a permit.
- D.** The Director shall make available to the public monthly summaries of all notices received under this Section.

Historical Note

Adopted effective September 22, 1983 (Supp. 83-5). Former Section R9-3-323 renumbered without change as R18-2-323 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Section repealed, new Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 12 A.A.R. 4698, effective February 3, 2007 (Supp. 06-4).

R18-2-324. Portable Sources

- A.** A portable source that will operate for the duration of its permit solely in one county that has established a local air pollution control program pursuant to A.R.S. § 49-479 shall obtain a permit from that county. A portable source with a county permit shall not operate in any other county. A portable source

that has a permit issued by the Director and obtains a county permit shall request that the Director terminate the permit. Upon issuance of the county permit, the permit issued by the Director is no longer valid.

- B.** A portable source which has a county permit but proposes to operate outside that county shall obtain a permit from the Director. A portable source that has a permit issued by a county and obtains a permit issued by the Director shall request that the county terminate the permit. Upon issuance of a permit by the Director, the county permit is no longer valid. Before commencing operation in the new county, the source shall notify the Director and the control officer who has jurisdiction in the county that includes the new location according to subsection (C).
- C.** A portable source may be transferred from one location to another provided that the owner or operator of such equipment notifies the Director and any control officer who has jurisdiction over the geographic area that includes the new location of the transfer prior to the transfer. The notification required under this subsection shall include:
1. A description of the equipment to be transferred including the permit number for such equipment;
 2. A description of the present location;
 3. A description of the new location;
 4. The date on which the equipment is to be moved; and
 5. The date on which operation of the equipment will begin at the new location.
- D.** Any permit for a portable source shall contain conditions that will assure compliance with all applicable requirements at all authorized locations.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-325. Permit Shields

- A.** Each Class I or II permit issued under this Chapter shall specifically identify all federal, state, and local air pollution control requirements applicable to the source at the time the permit is issued. The permit shall state that compliance with the conditions of the permit shall be deemed compliance with any applicable requirement as of the date of permit issuance, provided that such applicable requirements are included and expressly identified in the permit. The Director may include in a permit determinations that other requirements specifically identified are not applicable. Any permit under this Chapter that does not expressly state that a permit shield exists shall not provide such a shield.
- B.** Nothing in this Section or in any permit shall alter or affect the following:
1. The provisions of Section 303 of the Act (emergency orders), including the authority of the Administrator under that Section;
 2. The liability of an owner or operator of a source for any violation of applicable requirements prior to or at the time of permit issuance;
 3. The applicable requirements of the acid rain program, consistent with Section 408(a) of the Act;
 4. The ability of the Administrator or the Director to obtain information from a source pursuant to Section 114 of the Act, or any provision of state law;
 5. The authority of the Director to require compliance with new applicable requirements adopted after the permit is issued.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- C. In addition to the provisions of R18-2-321, a permit may be reopened by the Director and the permit shield revised when it is determined that standards or conditions in the permit are based on incorrect information provided by the applicant.

Historical Note

Emergency rule adopted effective September 17, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-3). Emergency rule re-adopted without change effective December 16, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-4). Emergency expired; text deleted (Supp. 93-1). New Section adopted effective November 15, 1993 (Supp. 93-4).

R18-2-326. Fees Related to Individual Permits

- A. Source Categories. The owner or operator of a source required to have an air quality permit from the Director shall pay the fees described in this Section unless authorized to operate under a general permit issued under Article 5. The fees are based on a source being classified in one of the following three categories:

1. Class I Title V sources are those required or that elect to have a permit under R18-2-302(B)(1).
2. Class II Title V sources are those required to have a permit under R18-2-302(B)(2) and that are subject to new source performance standards or national emission standards for hazardous air pollutants.
3. Class II Non-Title V sources are those required to have a permit under R18-2-302(B)(2) and that are not subject to new source performance standards or national emission standards for hazardous air pollutants.

- B. Fees for Permit Actions.

1. The owner or operator of a Class I Title V source, Class II Title V source, or Class II Non-Title V source shall pay to the Director the following:
 - a. \$133.50 per hour, adjusted annually under subsection (H), for all permit processing time required for a billable permit action; and
 - b. The actual costs of public notice conducted according to R18-2-330.
2. The Director may require periodic payment of permit processing fees based on the most recent accounting of time spent processing the permit including any fees for contractors.
3. Upon completion of permit processing activities other than issuance or denial of the permit or permit revision, the Director shall send notice of the decision to the applicant along with a final itemized bill. The maximum fee for any billable permit action for a non-Title V source is \$25,000. Except as provided in subsection (G), the Director shall not issue a permit or permit revision until the final bill is paid in full.

- C. Class I Title V Fees. The owner or operator of a Class I Title V source that has undergone initial startup by January 1 shall annually pay to the Director an administrative fee plus an emissions-based fee as follows:

1. The applicable administrative fee from the table below, as adjusted annually under subsection (H). The fee is due by February 1 or 60 days after the Director mails the invoice under subsection (F), whichever is later.

Class I Title V Source Category	Administrative Fee
Aerospace	\$20,800
Air Curtain Destructors	\$750
Cement Plants	\$63,690

Combustion/Boilers	\$15,480
Compressor Stations	\$12,730
Electronics	\$20,490
Expandable Foam	\$14,680
Foundries	\$19,520
Landfills	\$15,960
Lime Plants	\$60,160
Copper & Nickel Mines	\$15,000
Gold Mines	\$15,000
Mobile Home Manufacturing	\$14,830
Paper Mills	\$20,480
Paper Coaters	\$15,480
Petroleum Products Terminal Facilities	\$22,730
Polymeric Fabric Coaters	\$20,480
Reinforced Plastics	\$15,480
Semiconductor Fabrication	\$26,930
Copper Smelters	\$63,690
Utilities - Fossil Fuel Fired Except Coal	\$16,440
Utilities - Coal Fired	\$32,570
Vitamin/Pharmaceutical Manufacturing	\$15,800
Wood Furniture	\$15,480
Others	\$20,490
Others with Continuous Emissions Monitoring	\$20,490

2. An emissions-based fee of \$38.25 per ton of actual emissions of all regulated pollutants emitted during the previous calendar year ending 12 months earlier. The fee is adjusted annually under subsection (C)(2)(d) and due by February 1 or 60 days after the Director mails the invoice under subsection (F), whichever is later.
 - a. For purposes of this Section, "actual emissions" means the quantity of all regulated pollutants emitted during the calendar year, as determined by the annual emissions inventory under R18-2-327.
 - b. For purposes of this Section, regulated pollutants consist of the following:
 - i. Nitrogen oxides and any volatile organic compounds;
 - ii. Conventional air pollutants, except carbon monoxide and ozone;
 - iii. Any pollutant that is subject to any standard promulgated under Section 111 of the Act, including fluorides, sulfuric acid mist, hydrogen sulfide, total reduced sulfur, and reduced sulfur compounds; and
 - iv. Any federally listed hazardous air pollutant.
 - c. For purposes of this Section, the following emissions of regulated pollutants are excluded from a source's actual emissions:
 - i. Emissions of any regulated pollutant from the source in excess of 4,000 tons per year;
 - ii. Emissions of any regulated pollutant already included in the actual emissions for the source, such as a federally listed hazardous air pollutant that is already accounted for as a VOC or as PM₁₀;
 - iii. Emissions from insignificant activities listed in the permit application for the source under R18-2-304(F)(8);

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- iv. Fugitive emissions of PM₁₀ from activities other than crushing, belt transfers, screening, or stacking; and
- v. Fugitive emissions of VOC from solution-extraction units.
- d. The Director shall adjust the rate for emission-based fees every November 1, after December 4, 2007, by multiplying \$38.25 by the Consumer Price Index (CPI) for the most recent year, and then dividing by the CPI for the year 2007. The Consumer Price Index for any year is the average of the Consumer Price Index for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of that year.

- D. Class II Title V Fees.** The owner or operator of a Class II Title V source that has undergone initial startup by January 1 shall pay the applicable administrative fee from the table below, adjusted under subsection (H), for that calendar year, and annually thereafter. The fee is due by February 1 or 60 days after the Director mails the invoice under subsection (F), whichever is later.

Class II Title V Source Category	Administrative Fee
Synthetic minor sources, except portable sources	Administrative fee from Class I Title V table for category
Stationary	\$8,070
Portables	\$8,070
Small Source	\$750

- E. Class II Non-Title V Fees.** The owner or operator of a Class II Non-Title V source that has undergone initial startup by January 1 shall pay the applicable inspection fee from the table below, adjusted under subsection (H), for that calendar year, and annually thereafter. The fee is due by February 1 or 60 days after the Director mails the invoice under subsection (F), whichever is later.

Class II Non-Title V Source Category	Inspection Fee
Stationary	\$5,230
Portables	\$5,230
Gasoline Service Stations	\$750

- F.** The Director shall mail the owner or operator of each source an invoice for all fees due under subsections (C), (D), or (E) by December 1.

- G.** Any person who receives a final itemized bill from the Director under this Section for a billable permit action may request an informal review of the hours billed and may pay the bill under protest as provided below:

1. The request shall be made in writing, and received by the Director within 30 days of the date of the final bill. Unless the Director and person agree otherwise, the informal review shall take place within 30 days after the Director's receipt of the request. The Director shall arrange the date and location of the informal review with the person at least 10 business days before the informal review. The Director shall review whether the amounts of time billed are correct and reasonable for the tasks involved. The Director shall mail his or her decision on the informal review to the person within 10 business days after the informal review date.

2. The Director's decision after informal review shall become final unless, within 30 days after person's receipt of the informal review decision, the person requests a hearing under R18-1-202.
3. If the final itemized bill is paid under protest, the Director shall take final action on the permit or permit revision.

- H.** The Director shall adjust the hourly rate every November 1, to the nearest 10 cents per hour, after December 4, 2007, by multiplying \$133.50 by the Consumer Price Index (CPI) for the most recent year, and then dividing by the CPI for the year 2007. The Director shall adjust the administrative or inspection fees listed in subsections (C), (D), and (E) every November 1, to the nearest \$10, beginning December 4, 2007, by multiplying the administrative or inspection fee by the Consumer Price Index (CPI) for the most recent year, and then dividing by the CPI for the year 2007. The Consumer Price Index for any year is the average of the Consumer Price Index for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of that year.

- I.** An applicant for a Class I or Class II permit or permit revision may request that the Director provide accelerated processing of the application by providing the Director written notice 60 days before filing the application. The request shall be accompanied by an initial fee of \$15,000. The fee is non-refundable to the extent of the Director's costs for accelerating the processing if the Director undertakes the accelerated processing described below:

1. If an applicant requests accelerated permit processing, the Director may, to the extent practicable, undertake to process the permit or permit revision according to the following schedule:
 - a. For applications for initial Class I and II permits under R18-2-302 or significant permit revisions under R18-2-320, the Director shall issue or deny the proposed permit or permit revision within 120 days after the Director determines that the application is complete.
 - b. For minor permit revisions under R18-2-319, the Director shall issue or deny the permit revision within 60 days after receiving a complete application.
2. At any time after an applicant requests accelerated permit processing, the Director may require additional advance payments based on the most recent estimate of additional costs.
3. Upon completion of permit processing activities but before issuance or denial of the permit or permit revision, the Director shall send notice of the decision to the applicant along with a final bill. The maximum fee for any billable permit action for a non-Title V source is \$25,000. The final bill shall include all regular permit processing and other fees due, and, in addition, the difference between the cost of accelerating the permit application, including any costs incurred by the Director in contracting for, hiring, or supervising the work of outside consultants, and all advance payments submitted for accelerated processing. In the event all payments made exceed actual accelerated permit costs, the Director shall refund the excess advance payments. Nothing in this subsection affects the public participation requirements of R18-2-330, or EPA and affected state review as required under R18-2-307 or R18-2-319.

- J.** Inactive Sources. The owner or operator of a permitted source that has undergone initial startup but was shut down for the entire preceding year shall pay 50 percent of the administrative

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

or inspection fee required under subsection (C), (D), or (E). The owner or operator of a source claiming inactive status under this subsection shall submit a letter to the Director by December 15 of the calendar year for which the source was inactive. Termination of a permit does not relieve a source of any past fees due.

- K. If an applicant uses the Tier 4 method for conducting a risk management analysis (RMA) according to R18-2-1708(B), the applicant shall pay any costs incurred by the Director in contracting for, hiring or supervising work of outside consultants.
- L. Transition.
 1. Subsections (A) through (J) of this Section are effective December 4, 2007. The first administrative or inspection fees are due on February 1, 2008.
 2. Except as provided in subsection (b), all fees incurred after December 4, 2007, are payable in accordance with the rates contained in this Section.
 - a. Emission-based fees for calendar year 2006 shall be billed at \$38.25 per ton and be due February 1, 2008.
 - b. The hourly rates and maximum fees for a new permit or permit revision are those in effect when the application for the permit or revision is determined to be complete.
 - c. Fees accrued but not yet paid before the effective date of this Section remain as obligations to be paid to the Department

Historical Note

Emergency rule adopted effective September 17, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-3). Emergency rule re-adopted without change effective December 16, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-4). Emergency expired; text deleted (Supp. 93-1). New Section adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 5670, effective January 1, 2002 (Supp. 01-4). Amended by final rulemaking at 10 A.A.R. 4767, effective November 4, 2004 (Supp. 04-4). Amended by final rulemaking at 13 A.A.R. 4379, effective December 4, 2007 (Supp. 07-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-326.01. Expired**Historical Note**

New Section made by exempt rulemaking at 16 A.A.R. 844, effective July 1, 2010 (Supp. 10-2). Section expired under A.R.S. § 41-1056(J) at 23 A.A.R. 613, effective February 14, 2017 (Supp. 17-1).

R18-2-327. Annual Emissions Inventory Questionnaire

- A. Every source subject to permit requirements under this Chapter shall complete and submit to the Director an annual emissions inventory questionnaire. The questionnaire is due by March 31 or 90 days after the Director makes the inventory form available, whichever occurs later, and shall include emission information for the previous calendar year. These requirements apply whether or not a permit has been issued and whether or not a permit application has been filed.
- B. The questionnaire shall be on a form provided by the Director and shall include the following information:
 1. The source's name, description, mailing address, contact person and contact person phone number, and physical address and location, if different than the mailing address.
 2. Process information for the source, including design capacity, operations schedule, and emissions control devices, their description and efficiencies.
- 3. The actual quantity of emissions from permitted emission points and fugitive emissions as provided in the permit, including documentation of the method of measurement, calculation, or estimation, determined pursuant to subsection (C), of the following regulated air pollutants:
 - a. Any single regulated air pollutant in a quantity greater than 1 ton or the amount listed for the pollutant in the definition of "significant" in R18-2-101(131)(a) or (b), whichever is less.
 - b. Any combination of regulated air pollutants in a quantity greater than 2 1/2 tons.
- C. Actual quantities of emissions shall be determined using the following emission factors or data:
 1. Whenever available, emissions estimates shall either be calculated from continuous emissions monitors certified pursuant to 40 CFR 75, Subpart C and referenced appendices, or data quality assured pursuant to Appendix F of 40 CFR 60.
 2. When sufficient data pursuant to subsection (C)(1) is not available, emissions estimates shall be calculated from data from source performance tests conducted pursuant to R18-2-312 in the calendar year being reported or, when not available, conducted in the most recent calendar year representing the operating conditions of the year being reported.
 3. When sufficient data pursuant to subsection (C)(1) or (2) is not available, emissions estimates shall be calculated using emissions factors from EPA Publication No. AP-42 "Compilation of Air Pollutant Emission Factors," Volume I: Stationary Point and Area Sources, Fifth Edition, 1995, U.S. Environmental Protection Agency, Research Triangle Park, NC, including Supplements A through F and all updates published through July 1, 2011 (and no future editions). AP-42 is incorporated by reference and is on file with the Department of Environmental Quality and can be obtained from the Government Printing Office, 732 North Capitol Street, NW, Washington, D.C. 20401, telephone (202) 512-1800, or by downloading the document from the web site for the EPA Clearinghouse for Emission Inventories and Emission Factors.
 4. When sufficient data pursuant to subsections (C)(1) through (C)(3) is not available, emissions estimates shall be calculated from material balance using engineering knowledge of process.
 5. When sufficient data pursuant to subsections (C)(1) through (4) is not available, emissions estimates shall be calculated by equivalent methods approved by the Director. The Director shall only approve methods that are demonstrated as accurate and reliable as one of the methods in subsections (C)(1) through (4).
- D. Actual quantities of emissions calculated under subsection (C) shall be determined on the basis of actual operating hours, production rates, in-place process control equipment, operational process control data, and types of materials processed, stored, or combusted.
- E. An amendment to an annual emission inventory questionnaire, containing the documentation required by subsection (B)(3), shall be submitted to the Director by any source whenever it discovers or receives notice, within two years of the original submittal, that incorrect or insufficient information was submitted to the Director by a previous questionnaire. If the incorrect or insufficient information resulted in an incorrect annual emissions fee, the Director shall require that additional payment be made or shall apply an amount as a credit to a future annual emissions fee. The submittal of an amendment under this subsection (shall) not subject the owner or operator to an

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

enforcement action or a civil or criminal penalty if the original submittal of incorrect or insufficient information was due to reasonable cause and not willful neglect.

- F. The Director may require submittal of supplemental emissions inventory questionnaires for air contaminants pursuant to A.R.S. §§ 49-422, 49-424, and 49-426.03 through 49-426.08.

Historical Note

Emergency rule adopted effective September 17, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-3). Emergency rule re-adopted without change effective December 16, 1991, pursuant to A.R.S. § 41-1026, valid for only 90 days (Supp. 91-4). Emergency expired; text deleted (Supp. 93-1). New Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective December 7, 1995 (Supp. 95-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-328. Conditional Orders

- A. The Director may grant to any person a conditional order for each air pollution source which allows such person to vary from any provision of A.R.S. Title 49, Chapter 3, Article 2, or this Chapter, for any non-federally enforceable requirement of a permit issued pursuant to this Chapter if the Director makes each of the following findings:
1. Issuance of the conditional order will not endanger public health or the environment, impede attainment or maintenance of the national ambient air quality standards, or constitute a violation of the Act; and
 2. Either of the following is true:
 - a. There has been a breakdown of equipment or upset of operations beyond the control of the petitioner which causes the source to be out of compliance with the requirements of this Chapter; the source was in compliance with the requirements of this Chapter before the breakdown or upset, and the breakdown or upset may be corrected within a reasonable time;
 - b. There is no reasonable relationship between the economic and social cost of, and benefits to be obtained from, achieving compliance.
- B. The following procedures shall apply to a person seeking a conditional order:
1. The person shall file a petition for a conditional order with the Director. The petition shall contain at a minimum:
 - a. A description of the breakdown or upset;
 - b. A description of corrective action being undertaken to bring the source back into compliance;
 - c. An estimate of emissions related to the breakdown or upset;
 - d. A compliance schedule with a date of final compliance and interim dates as appropriate;
 - e. A detailed analysis of the economic and social costs and benefits of achieving compliance with the requirement for which the variance is sought, if the petition is based on subsection (A)(2)(b).
 2. If the issuance of the conditional order requires a public hearing pursuant to R18-2-330, the Director shall set the hearing date within 30 days after the filing of the petition and the hearing shall be held within 60 days after the filing of the petition.
 3. Notice of the filing of a petition for a conditional order and of the hearing date on said petition shall be published in the manner provided in A.R.S. § 49-444 and R18-2-330.
- C. Decisions on petitions for a conditional order shall be made as follows:
1. For any conditional order that requires a revision to the SIP, the Director shall comply with the requirements contained in 40 CFR 51, Subpart F.
 2. For any other conditional order, the Director shall grant or deny the petition with such terms and conditions as are listed in subsection (E)(2) within 30 days after the conclusion of any required hearing, or, if no hearing is held, within 60 days after the filing of the petition.
- D. A fee to cover the costs of processing conditional orders may be charged by the Director prior to issuance consistent with R18-2-326(I) or (J). The fee shall be deposited in the permit administration fund established in A.R.S. § 49-455.
- E. The terms of a conditional order or its renewal shall conform to the following:
1. A conditional order issued by the Director shall be valid for such period as the Director prescribes but in no event for more than one year in the case of a source that is required to obtain a permit pursuant to this Chapter and Title V of the Act, and three years in the case of any other source that is required to obtain a permit pursuant to this Chapter.
 2. The terms and conditions which are imposed as a condition to the granting or the continued existence of a conditional order shall include:
 - a. A detailed plan for completion of corrective steps needed to conform to the provisions of A.R.S. Title 49, Chapter 3, Article 2, this Chapter, and the requirements of any permit issued pursuant to this Chapter;
 - b. A requirement that necessary construction shall begin as expeditiously as practicable and proceed as specified in the compliance schedule;
 - c. Written reports, at least quarterly, of the status of the source and construction progress;
 - d. The right of the Director to make periodic inspection of the facilities for which the conditional order is granted;
 - e. Such additional terms and conditions as the Director finds necessary to meet the requirements of this Section and A.R.S. § 49-437.
 3. A holder of a conditional order may petition the Director to renew the order. The total term of the initial period and all renewals shall not exceed three years from the date of initial issuance of the order. Petitions for renewal may be filed at any time not more than 60 days nor less than 30 days prior to the expiration of the order. The Director, within 30 days of receipt of a petition, shall renew the conditional order for one year if the petitioner is in compliance and conforming with the terms and conditions imposed. The Director may refuse to renew the conditional order if, after a public hearing held within 30 days of receipt of a petition, the Director finds that the petitioner is not in compliance and conforming with the terms and conditions of the conditional order. If, after a period of three years from the date of original issuance, the petitioner is not in compliance and conforming with the terms and conditions, the Director may renew a conditional order for a total term of two additional years only if the Director finds that failure to comply and conform is due to conditions beyond the control of such petitioner.
 4. If the Director amends or adopts any rule imposing conditions on the operation of an air pollution source which

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

have become effective as to the source by reason of the action of the Director or otherwise, and which require the implementation of control strategies necessitating the installation of additional or different air pollution control equipment, the Director may renew a conditional order for an additional term. The term of the renewal shall be governed by the preceding subsections of this Section, except that the total term of the renewal shall not exceed two years.

5. A conditional order issued by the Director shall be effective when issued unless:
 - a. The conditional order varies from the requirements of the applicable implementation plan, in which case the conditional order shall be submitted to the Administrator as a revision to the applicable implementation plan pursuant to Section 110(l) of the Act and shall become effective upon approval by the Administrator.
 - b. The conditional order varies from the requirements of a permit issued for a facility that is required to obtain a permit pursuant to Title V of the Act, in which case the conditional order shall be submitted to the Administrator if required by Section 505 of the Act and shall be effective at the end of the review period specified in such section, unless objected to within such period by the Administrator.
- F. Violation of the terms and conditions of the conditional order shall subject the source to suspension or revocation of the conditional order in accordance with A.R.S. § 49-441.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4).

R18-2-329. Permits Containing the Terms and Conditions of Federal Delayed Compliance Orders (DCO) or Consent Decrees

- A. The terms and conditions of either a delayed compliance order (DCO) or consent decree shall be incorporated into a permit through a permit revision. In the event the permit expires prior to the expiration of the DCO or consent decree, the DCO or consent decree shall be incorporated into any permit renewal.
- B. The owner or operator of a source subject to a DCO or consent decree shall submit to the Director a quarterly report of the status of the source and construction progress and copies of any reports to the Administrator required under the order or decree. The Director may require additional reporting requirements and conditions in permits issued under this Article.
- C. For the purpose of this Chapter, sources subject to a consent decree issued by a federal court shall meet the same requirements as those subject to a DCO.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4).

R18-2-330. Public Participation

- A. The Director shall provide public notice, an opportunity for public comment, and an opportunity for a hearing before taking any of the following actions:
 1. The issuance or denial of a permit or permit renewal,
 2. The issuance or denial of a significant permit revision,
 3. The revocation and reissuance or reopening of a permit,
 4. The grant of any conditional orders pursuant to R18-2-328,
 5. The issuance or denial of a registration for the construction of a source, except as provided in R18-2-302.01(B)(5).
- B. The Director shall provide public notice of receipt of complete applications for permits or permit revisions subject to Article 4

of this Chapter by publishing a notice in a newspaper of general circulation in the county where the source is or will be located.

- C. The Director shall provide the notice required pursuant to subsection (A) as follows:
 1. The Director shall publish the notice once each week for two consecutive weeks in two newspapers of general circulation in the county where the source is or will be located.
 2. The Director shall mail a copy of the notice to persons on a mailing list developed by the Director consisting of those persons who have requested in writing to be placed on such a mailing list.
 3. The notice shall include the following:
 - a. Identification of the affected facility;
 - b. Name and address of the permittee or applicant;
 - c. Name and address of the permitting authority processing the permit action;
 - d. The activity or activities involved in the permit action;
 - e. The emissions change involved in any permit revisions;
 - f. The air contaminants to be emitted;
 - g. If applicable, that a notice of confidentiality has been filed under R18-2-305;
 - h. If applicable, that the source has submitted a risk management analysis under R18-2-1708;
 - i. A statement that any person may submit written comments, or a written request for a public hearing, or both, on the proposed permit action, along with the deadline for such requests or comments;
 - j. The name, address, and telephone number of a person from the Department from whom additional information may be obtained;
 - k. Locations where the materials identified in subsection (D) may be reviewed and the times at which they shall be available for public inspection.
 - l. The Director shall include a statement in the public notice if the permit or permit revision would result in the generation of emission reduction credits under R18-2-1204, or the utilization of emission reduction credits under R18-2-1206.
- D. By no later than the date notice is first published under subsection (A), the Department shall make copies of the following materials available at a public location in the same county as the stationary source that is the subject of the application and at the closest Department office:
 1. The application;
 2. The proposed permit or permit revision, if applicable;
 3. The Department's analysis in support of the grant or denial of the permit or permit revision; and
 4. All other materials available to the Director that are relevant to the permit decision.
- E. The Director shall hold a public hearing to receive comments on petitions for conditional orders which would vary from requirements of the applicable implementation plan. For all other actions involving a proposed permit, the Director shall hold a public hearing only upon written request. If a public hearing is requested, the Director shall schedule the hearing and publish notice as described in A.R.S. § 49-444 and subsection (D). The Director shall give notice of any public hearing at least 30 days in advance of the hearing.
- F. At the time the Director publishes the first notice under subsection (C)(1), the applicant shall post a notice containing the information required in subsection (C)(3) at the site where the source is or may be located. Consistent with federal, state, and

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

local law, the posting shall be prominently placed at a location under the applicant's legal control, adjacent to the nearest public roadway, and visible to the public using the public roadway. If a public hearing is to be held, the applicant shall place an additional posting providing notice of the hearing. Any posting shall be maintained until the public comment period is closed.

- G.** The Director shall provide at least 30 days from the date of its first notice for public comment to receive comments and requests for a hearing. The Director shall keep a record of the commenters and of the issues raised during the public participation process and shall prepare written responses to all comments received. At the time a final proposed permit is submitted to EPA, in the case of a Class I permit, or a final decision is made, in the case of a Class II permit, the record and copies of the Director's responses shall be made available to the applicant and all commenters.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 1815, effective March 18, 2002 (Supp. 02-1). R18-2-330 has been corrected to include subsection (D)(12), which was omitted when the Section was amended in the 02-1 supplement (Supp. 05-1). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-331. Material Permit Conditions

- A.** For the purposes of A.R.S. §§ 49-464(G) and 49-514(G), a "material permit condition" shall mean a condition which satisfies all of the following:
1. The condition is in a permit or permit revision issued by the Director or a control officer after November 15, 1993.
 2. The condition is identified within the permit as a material permit condition.
 3. The condition is one of the following:
 - a. An enforceable emission standard imposed to avoid classification as a major modification or major source or to avoid triggering any other applicable requirement;
 - b. A requirement to install, operate, or maintain a maximum achievable control technology or hazardous air pollutant reasonably available control technology required under Article 17 of this Chapter;
 - c. A requirement for the installation or certification of a monitoring device;
 - d. A requirement for the installation of air pollution control equipment;
 - e. A requirement for the operation of air pollution control equipment;
 - f. An opacity standard required by Section 111 or Title I, Part C or D of the Act.
 4. Violation of the condition is not covered by A.R.S. § 49-464(A) through (F), or (H) through (J) or A.R.S. § 49-514(A) through (F), or (H) through (J).
- B.** For the purposes of subsections (A)(3)(c), (d), and (e), a permit condition shall not be material where the failure to comply resulted from circumstances which were outside the control of the source. As used in this Section, "circumstances outside the control of the source" shall mean circumstances where the violation resulted from a sudden and unavoidable breakdown of the process or the control equipment, resulted from unavoidable conditions during a start up or shut down or resulted from upset of operations.

- C.** For purposes of this Section, the term "emission standard" shall have the meaning specified in A.R.S. §§ 49-464(U) and 49-514(T).

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4). Amended effective June 4, 1998 (Supp. 98-2). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2).

R18-2-332. Stack Height Limitation

- A.** The degree of emission limitation required of any source for control of any pollutant shall not be affected by so much of the source's stack height that exceeds good engineering practice or by any other dispersion technique, except as provided in subsection (B). This Section does not require the plan to restrict, in any manner, the actual stack height of any source.
- B.** Subsection (A) shall not apply to:
1. Stacks in existence, or dispersion techniques implemented, on or before December 31, 1970, unless the stationary source or emission unit emitting pollutants through the stack, or employing the dispersion technique, was constructed, reconstructed or underwent a major modification after December 31, 1970; or
 2. Coal-fired steam electric generating units, subject to the provisions of Section 118 of the Act which commenced operation before July 1, 1957, with stacks constructed under a construction contract awarded before February 8, 1974.
- C.** Good engineering practice stack height is the greater of the following heights:
1. 213.25 feet (65 meters) measured from the ground-level elevation at the base of the stack;
 2. The result of one of the following equations, where "Hg" = good engineering practice stack height measured from the ground-level elevation at the base of the stack; "H" = height of nearby structures measured from the ground-level elevation at the base of the stack; and "L" = lesser dimension (height or projected width) of nearby structures:
 - a. For stacks in existence on January 12, 1979, and for which the owner or operator had obtained all applicable preconstruction permits or approvals required under 40 CFR 51 and 52, $Hg = 2.5H$, provided the owner or operator produces evidence that this equation was actually relied on in establishing an emission limitation; or
 - b. For all other stacks, $Hg = H + 1.5L$, provided that EPA, the Director, or local control agency may require the use of a field study or fluid model to verify good engineering practice stack height for the source;
 3. The height demonstrated by a fluid model or a field study approved by the reviewing agency, which ensures that the emissions from a stack do not result in excessive concentrations of any air pollutant as a result of atmospheric downwash, wakes, or eddy effects created by the source itself, nearby structures, or nearby terrain features.
- D.** As used in this Section:
1. For a specific structure or terrain feature, "nearby" means:
 - a. For purposes of applying the formulae in subsection (C)(2), that distance up to five times the lesser of the height or the width dimension of a structure but not greater than 0.8 km (1/2 mile).
 - b. For conducting demonstrations under subsection (C)(3), not greater than 0.8 km (1/2 mile). An excep-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

tion is that the portion of a terrain feature may be considered to be nearby which falls within a distance of up to 10 times the maximum height (Ht) of the feature, not to exceed 2 miles if such feature achieved a height (Ht) 0.8 km from the stack that is at least 40% of the good engineering practice stack height determined by the formula provided in subsection (C)(2)(b), or 85 feet (26 meters), whichever is greater, as measured from the ground-level elevation at the base of the stack.

2. "Excessive concentrations" means:

- a. For sources seeking credit for stack height exceeding that established under subsection (C)(2), a maximum ground-level concentration due to emissions from a stack due in whole or in part to downwash, wakes, and eddy effects produced by nearby structures or nearby terrain features which individually is at least 40% in excess of the maximum concentration experienced in the absence of such downwash, wakes, or eddy effects and which contributes to a total concentration due to emissions from all sources that is greater than a national ambient air quality standard. For sources subject to R18-2-406, an excessive concentration alternatively means a maximum ground-level concentration due to emissions from a stack due in whole or part to downwash, wakes or eddy effects produced by nearby structures or nearby terrain features which individually is at least 40% in excess of the maximum concentration experienced in the absence of such downwash, wakes, or eddy effects and greater than the applicable maximum allowable increase contained in R18-2-218. The allowable emission rate to be used in making demonstrations under subsection (C)(3) shall be prescribed by the new source performance standard which is applicable to the source category unless the owner or operator demonstrates that this emission rate is infeasible. Where such demonstrations are approved by the Director, an alternative emission rate shall be established in consultation with the source owner or operator;
- b. For sources seeking credit after October 11, 1983, for increases in existing stack heights up to the heights established under subsection (C)(2), either:
 - i. A maximum ground-level concentration due in whole or in part to downwash, wakes, or eddy effects as provided in subsection (D)(2)(a), except that emission rate specified by any applicable SIP (or, in the absence of such a limit, the actual emission rate) shall be used; or
 - ii. The actual presence of a local nuisance caused by the existing stack, as determined by the Director; and
- c. For sources seeking credit after January 12, 1979, for a stack height determined under subsection (C)(2), where the Director requires the use of a field study or fluid model to verify good engineering practice stack height, for sources seeking stack height credit after November 9, 1984, based on the aerodynamic influence of cooling towers, and for sources seeking stack height credit after December 31, 1970, based on the aerodynamic influence of structures not adequately represented by the equations in subsection (C)(2), a maximum ground-level concentration due in whole or in part to downwash, wakes, or eddy effects that is at least 40% in excess

of the maximum concentration experienced in the absence of such downwash, wakes, or eddy effects.

- E. Before the Director issues a permit or permit revision under R18-2-334 or Article 4 to a source based on a good engineering practice stack height that exceeds the height allowed by subsection (B)(1) or (2), the Director shall notify the public of the availability of the demonstration study and provide opportunity for a public hearing in accordance with the requirements of R18-2-330.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4).
Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-333. Acid Rain

- A. 40 CFR 72, 74, 75 and 76 and all accompanying appendices, adopted as of June 28, 2013, (and no future amendments) are incorporated by reference as applicable requirements. These standards are on file with the Department and shall be applied by the Department. These standards can be obtained from the U.S. Government Printing Office, Superintendent of Documents, bookstore.gpo.gov, Mail Stop: SSOP IDCC-SSOM, Washington, D.C. 20402-9328.
- B. When used in 40 CFR 72, 74, 75 or 76, "Permitting Authority" means the Arizona Department of Environmental Quality and "Administrator" means the Administrator of the United States Environmental Protection Agency.
- C. If the provisions or requirements of the regulations incorporated in this Section conflict with any of the remaining portions of this Title, the regulations incorporated in this Section apply and take precedence.

Historical Note

Adopted effective October 7, 1994 (Supp. 94-4).
Amended effective December 7, 1995 (Supp. 95-4).
Amended effective December 4, 1997 (Supp. 97-4).
Amended by final rulemaking at 5 A.A.R. 3221, effective August 12, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 4170, effective October 11, 2000 (Supp. 00-4). Amended by final rulemaking at 8 A.A.R. 2543, effective May 24, 2002 (Supp. 02-2). Amended by final rulemaking at 10 A.A.R. 3281, effective September 27, 2004 (Supp. 04-3). Amended by final rulemaking at 11 A.A.R. 5504, effective February 4, 2006 (Supp. 05-4). Amended by final rulemaking at 13 A.A.R. 4199, effective January 5, 2008 (Supp. 07-4). Amended by final expedited rulemaking at 21 A.A.R. 2747, effective December 13, 2015 (Supp. 15-4).

R18-2-334. Minor New Source Review

- A. Applicability.
 1. Except as provided in subsection (A)(4), this Section shall apply to the following activities:
 - a. Construction of any new Class I or Class II source, including the construction of any source requiring a Class II permit under R18-2-302.01(C)(4); or
 - b. Any minor NSR modification to a Class I or Class II source.
 2. This Section shall apply to a regulated minor NSR pollutant emitted by a new stationary source subject to this Section, if the source will have the potential to emit that pollutant at an amount equal to or greater than the permitting exemption threshold.
 3. This Section shall apply to an increase in emissions of a regulated minor NSR pollutant from a minor NSR modification, if the modification would increase the source's

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

potential to emit that pollutant by an amount equal to or greater than the permitting exemption threshold.

4. This Section shall not apply to the emissions of a pollutant from any of the activities identified in this subsection, if the emissions of that pollutant are subject to Article 4 of this Chapter.

B. No person shall begin actual construction of a new stationary source, or minor NSR modification, subject to this Section without first obtaining a permit, a permit revision, a proposed final permit, or a proposed final permit revision from the Director in accordance with R18-2-304.

C. The Director shall not issue a proposed final Class I permit or permit revision or a Class II permit or permit revision subject to this Section to a person proposing to construct a new source or make a minor NSR modification unless the source or modification meets one of the following conditions for each regulated minor NSR pollutant subject to this Section:

1. The owner or operator elects to implement RACT.
 - a. In the case of a new source, the owner or operator shall implement RACT for each emissions unit that has the potential to emit a regulated minor NSR pollutant in an amount equal to or greater than 20% of the permitting exemption threshold.
 - b. In the case of a minor NSR modification, the owner or operator shall implement RACT for each emissions unit that will experience an increase in the potential to emit a regulated minor NSR pollutant equal to or greater than 20% of the permitting exemption threshold.
 - c. When it is technically feasible and otherwise consistent with the definition of RACT to apply the same devices, systems, process modifications, work practices or other apparatus or techniques to a group of emissions units, that group of emissions units shall be treated as a single emissions unit for purposes of subsections (C)(1)(a) and (b). The following are examples of situations to which this subsection (may) apply:
 - i. Emissions from a group of emissions units can be vented to a single control device.
 - ii. A low-VOC coating can be used in several spray-painting booths.
2. An ambient air quality assessment demonstrates that emissions from the source or minor NSR modification will not interfere with attainment or maintenance of a national ambient air quality standard in any area.
 - a. An owner or operator may elect to have the Director perform a screening model of its emissions. If the results of the screening model indicate that the source or minor NSR modification will interfere with attainment or maintenance of a national ambient air quality standard, the owner or operator may perform a more refined model to make the demonstration required by this subsection.
 - b. The requirements of this subsection shall be satisfied, if the results of the screening or more refined model conducted pursuant to subsection (B)(2)(a) demonstrate either of the following:
 - i. Ambient concentrations resulting from emissions from the source or modification combined with existing concentrations of regulated minor NSR pollutants will not interfere with attainment or maintenance of a national ambient air quality standard.

- ii. Emissions from the source or minor modification will have an ambient impact below the significance levels as defined in R18-2-401.

- c. The assessment required by this subsection shall take into account any limitations, controls or emissions decreases that are or will be enforceable in the permit or permit revision for the source.

D. RACT Determinations.

1. Except as otherwise provided in this subsection, the Director shall determine RACT on the basis of a case-by-case analysis performed by the permit applicant of the emission reduction methods available for each emission unit subject to the RACT requirement under subsection (C)(1).
2. The Director shall accept a requirement proposed by a permit applicant as RACT under subsection (C)(1) if it complies with the most recently adopted of the following guidelines or standards in effect at the time of the application:
 - a. A control technique guideline issued by the Administrator under section 108(f)(1) of the Act.
 - b. An emissions standard established or revised by the Administrator for the same type of source under section 111 or 112 of the Act after November 15, 1990.
 - c. An applicable requirement of this Chapter or of air quality control regulations adopted by a County under A.R.S. § 49-479 that has been specifically identified as constituting RACT.
 - d. A RACT standard imposed on the same type of source by a general permit.
 - e. A RACT standard imposed on the same type of source under this Section no more than 10 years before submission of the application by the permit applicant. To facilitate identification of previously imposed RACT standards, the Director shall establish an online database of RACT determinations made under this Section.

E. Notwithstanding an election to adopt RACT under subsection (C)(1), a permit applicant subject to this Section shall conduct an ambient air quality impact assessment under subsection (C)(2) upon the Director's request. The Director shall make such a request, if there is reason to believe that a source or minor NSR modification could interfere with attainment or maintenance of a national ambient air quality standards. In making that determination, the Director shall take into consideration:

1. The source's emission rates.
2. The location of emission units within the facility and their proximity to the ambient air.
3. The terrain in which the source is or will be located.
4. The source type.
5. The location and emissions of nearby sources.
6. Background concentrations of regulated minor NSR pollutants.

F. The Director shall deny an application for a Class I permit or permit revision or a Class II permit or permit revision subject to this Section, if an assessment conducted pursuant to subsection (C)(2) demonstrates that the source or modification will interfere with attainment or maintenance of a national ambient air quality standard.

G. A copy of the notice required by R18-2-330 for permits or significant permit revisions subject to this Section must also be sent to the Administrator through the appropriate regional office, and to all other state and local air pollution control agencies having jurisdiction in the region in which the source subject to the permit or permit revision will be located. The

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

notice also must be sent to any other agency in the region having responsibility for implementing the procedures required under 40 CFR 51, Subpart I.

- H. All modeling required pursuant to this Section shall be conducted in accordance with 40 CFR 51, Appendix W as of June 30, 2017 (and no future amendments or additions).
- I. The Director shall specify those conditions in the permit that are implemented pursuant to this Section. The specified conditions shall be included in subsequent permit renewals unless modified pursuant to this Section or Article 4 of this Chapter.
- J. The issuance of a permit or permit revision under this Section shall not relieve the owner or operator of the responsibility to comply fully with applicable provisions of the SIP and any other requirements under local, state, or federal law.

Historical Note

New Section made by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1). Amended by final rulemaking at 25 A.A.R. 3630, effective February 1, 2020 (Supp. 19-4).

ARTICLE 4. PERMIT REQUIREMENTS FOR NEW MAJOR SOURCES AND MAJOR MODIFICATIONS TO EXISTING MAJOR SOURCES

R18-2-401. Definitions

The following definitions apply to this Article:

1. "Adverse impact on visibility" means visibility impairment that interferes with the management, protection, preservation, or enjoyment of the visitor's visual experience of a federal Class I area, as determined according to R18-2-410. This determination must be made on a case-by-case basis taking into account the geographic extent, intensity, duration, frequency and time of visibility impairments, and how these factors correlate with times of visitor use of the federal Class I area and the frequency and timing of natural conditions that reduce visibility. This term does not include effects on integral vistas.
2. "Baseline actual emissions" means the rate of emissions, in tons per year, of a regulated NSR pollutant, as determined in accordance with subsections (2)(a) through (d).
 - a. For any existing electric utility steam generating unit, baseline actual emissions means the average rate, in tons per year, at which the unit actually emitted the pollutant during any consecutive 24-month period selected by the owner or operator within the five-year period immediately preceding when the owner or operator begins actual construction of the project. The Director shall allow the use of a different time period upon a determination that it is more representative of normal source operation.
 - i. The average rate shall include fugitive emissions to the extent quantifiable, and emissions associated with startups, shutdowns, and malfunctions.
 - ii. The average rate shall be adjusted downward to exclude any non-compliant emissions that occurred while the source was operating above any emission limitation that was legally enforceable during the consecutive 24-month period.
 - iii. For a regulated NSR pollutant, when a project involves multiple emissions units, only one consecutive 24-month period must be used to determine the baseline actual emissions for the emissions units being changed. A different consecutive 24-month period can be used for each regulated NSR pollutant.
 - b. The average rate shall not be based on any consecutive 24-month period for which there is inadequate information for determining annual emissions, in tons per year, and for adjusting this amount if required by subsection (2)(a)(ii).
 - c. For any existing emissions unit (other than an electric utility steam generating unit), baseline actual emissions means the average rate, in tons per year, at which the unit actually emitted the pollutant during any consecutive 24-month period selected by the owner or operator within the 10-year period immediately preceding either the date the owner or operator begins actual construction of the project, or the date a complete permit application is received by the Administrator for a permit required under 40 CFR 52.21 or by the Director for a permit required under the state implementation plan, whichever is earlier, except that the 10-year period shall not include any period earlier than November 15, 1990.
 - i. The average rate shall include fugitive emissions to the extent quantifiable, and emissions associated with startups, shutdowns, and malfunctions.
 - ii. The average rate shall be adjusted downward to exclude any non-compliant emissions that occurred while the source was operating above any emission limitation that was legally enforceable during the consecutive 24-month period. This provision applies to excess emissions associated with a malfunction.
 - iii. The average rate shall be adjusted downward to exclude any emissions that would have exceeded an emission limitation with which the major source must currently comply, had such major source been required to comply with such limitations during the consecutive 24-month period. However, if an emission limitation is part of a maximum achievable control technology standard that the Administrator proposed or promulgated under 40 CFR 63, the baseline actual emissions need only be adjusted if the state of Arizona has taken credit for such emissions reductions in an attainment demonstration or maintenance plan consistent with the requirements of 40 CFR 51.165(a)(3)(ii)(G).
 - iv. For a regulated NSR pollutant, when a project involves multiple emissions units, only one consecutive 24-month period must be used to determine the baseline actual emissions for all existing emissions units affected by the project. A different consecutive 24-month period may be used for each regulated NSR pollutant.
 - v. The average rate shall not be based on any consecutive 24-month period for which there is inadequate information for determining annual emissions, in tons per year, and for adjusting this amount if required by subsection (2)(b)(ii) or (iii).
 - c. For a new emissions unit, the baseline actual emissions for purposes of determining the emissions increase that will result from the initial construction and operation of such unit shall equal zero; and thereafter, for all other purposes, shall equal the unit's potential to emit.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- d. For a PAL for a stationary source, the baseline actual emissions shall be calculated for existing electric utility steam generating units in accordance with the procedures in subsection (2)(a), for other existing emissions units in accordance with the procedures contained in subsection (2)(b), and for new emissions units in accordance with the procedures contained in subsection (2)(c).
3. "Basic design parameter" means:
 - a. Except as provided in subsection (3)(c), for a process unit at a steam electric generating facility, the owner or operator may select as its basic design parameters either maximum hourly heat input and maximum hourly fuel consumption rate or maximum hourly electric output rate and maximum steam flow rate. When establishing fuel consumption specifications in terms of weight or volume, the minimum fuel quality based on Btu content shall be used for determining the basic design parameters for a coal-fired electric utility steam generating unit.
 - b. Except as provided in subsection (3)(c), the basic design parameters for any process unit that is not at a steam electric generating facility are maximum rate of fuel or heat input, maximum rate of material input, or maximum rate of product output. Combustion process units will typically use maximum rate of fuel input. For sources having multiple end products and raw materials, the owner or operator should consider the primary product or primary raw material when selecting a basic design parameter.
 - c. If the owner or operator believes the basic design parameters in subsections (3)(a) and (b) are not appropriate for a specific industry or type of process unit, the owner or operator may propose to the Director an alternative basic design parameters for the source's process unit. If the Director approves of the use of an alternative basic design parameters, the Director shall issue a permit that is legally enforceable that records such basic design parameters and requires the owner or operator to comply with such parameters.
 - d. The owner or operator shall use credible information, such as results of historic maximum capability tests, design information from the manufacturer, or engineering calculations, in establishing the magnitude of the basic design parameters specified in subsections (3)(a) and (b).
 - e. If design information is not available for a process unit, then the owner or operator shall determine the process unit's basic design parameters using the maximum value achieved by the process unit in the five-year period immediately preceding the planned activity.
 - f. Efficiency of a process unit is not a basic design parameter.
 - g. The replacement activity shall not cause the process unit to exceed any emission limitation, or operational limitation that has the effect of constraining emissions, that applies to the process unit and that is legally enforceable.
4. "Complete" means, in reference to an application for a permit or permit revision, that the application contains all the information necessary for processing the application. Designating an application complete for purposes of permit processing does not preclude the Department from requesting or accepting any additional information.
5. "Dispersion technique" means any technique that attempts to affect the concentration of a pollutant in the ambient air by any of the following:
 - a. Using that portion of a stack that exceeds good engineering practice stack height;
 - b. Varying the rate of emission of a pollutant according to atmospheric conditions or ambient concentrations of that pollutant; or
 - c. Increasing final exhaust gas plume rise by manipulating source process parameters, exhaust gas parameters, stack parameters, or combining exhaust gases from several existing stacks into one stack; or other selective handling of exhaust gas streams that increases the exhaust gas plume rise. This shall not include any of the following:
 - i. The reheating of a gas stream, following use of a pollution control system, for the purpose of returning the gas to the temperature at which it was originally discharged from the facility generating the gas stream.
 - ii. The merging of exhaust gas streams under any of the following conditions:
 - (1) The source owner or operator demonstrates that the facility was originally designed and constructed with the merged gas streams;
 - (2) After July 8, 1985, the merging is part of a change in operation at the facility that includes the installation of pollution controls and is accompanied by a net reduction in the allowable emissions of a pollutant, applying only to the emission limitation for that pollutant; or
 - (3) Before July 8, 1985, the merging was part of a change in operation at the facility that included the installation of emissions control equipment or was carried out for sound economic or engineering reasons. Where there was an increase in the emission limitation or, in the event that no emission limitation was in existence prior to the merging, an increase in the quantity of pollutants actually emitted prior to the merging, the Department shall presume that merging was significantly motivated by an intent to gain emissions credit for greater dispersion. Absent a demonstration by the source owner or operator that merging was not significantly motivated by such intent, the Department shall deny credit for the effects of the merging in calculating the allowable emissions for the source.
 - iii. Smoke management in agricultural or silvicultural prescribed burning programs.
 - iv. Episodic restrictions on residential woodburning and open burning.
 - v. Techniques that increase final exhaust gas plume rise if the resulting allowable emissions of sulfur dioxide from the facility do not exceed 5,000 tons per year.
6. "Existing emissions unit" is any emissions unit that is currently in existence and that is not a new emissions unit. A replacement unit is an existing emissions unit.
7. "Federal Class I area" means an area designated as Class I under R18-2-217.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

8. "High terrain" means any area having an elevation of 900 feet or more above the base of the stack of a source.
9. "Innovative control technology" means any system of air pollution control that has not been adequately demonstrated in practice but would have a substantial likelihood of achieving greater continuous emissions reduction than any control system in current practice, or of achieving at least comparable reductions at lower cost in terms of energy, economics, or nonair quality environmental impacts.
10. "Low terrain" means any area other than high terrain.
11. "Lowest achievable emission rate" (LAER) means, for any source, the more stringent rate of emissions based on one of the following:
- The most stringent emissions limitation that is contained in any implementation plan approved or promulgated under sections 110 or 172 of the Act for the class or category of stationary source, unless the owner or operator of the proposed stationary source demonstrates that the limitation is not achievable; or
 - The most stringent emissions limitation that is achieved in practice by the class or category of stationary source. This limitation, when applied to a modification, means the lowest achievable emissions rate for the new or modified emissions units within the stationary source. The application of this term shall not permit a proposed new or modified stationary source to emit any pollutant in excess of the amount allowable under the applicable new source performance standards.
12. "Major emissions unit" means:
- Any emissions unit that emits or has the potential to emit 100 tons per year or more of the PAL pollutant in an attainment area; or
 - Any emissions unit that emits or has the potential to emit the PAL pollutant in an amount that is equal to or greater than the major source threshold for the PAL pollutant for nonattainment areas. For example, in accordance with the definition of major stationary source in section 182(c) of the Act, an emissions unit would be a major emissions unit for VOC if the emissions unit is located in a serious ozone nonattainment area and it emits or has the potential to emit 50 or more tons of VOC per year.
13. "Major source" is defined as follows:
- For purposes of determining the applicability of R18-2-403 through R18-2-405 or R18-2-411, major source means any stationary source that emits, or has the potential to emit, 100 tons per year or more of any regulated NSR pollutant, except that the following thresholds shall apply in areas subject to subpart 2, subpart 3 or subpart 4 of part D, Title I of the Act:

Pollutant Emitted	Nonattainment Pollutant and Classification	Quantity Threshold tons/year or more
----------------------	--	---

Carbon Monoxide (CO)	CO, Serious, if stationary sources contribute significantly to CO levels in the area as determined under rules issued by the Administrator	50
VOC	Ozone, Serious	50
VOC	Ozone, Severe	25
PM ₁₀	PM ₁₀ , Serious	70
PM _{2.5}	PM _{2.5} Serious	70
PM _{2.5} precursors identified in R18-2-101(124)(a)	PM _{2.5} Serious	70
NO _x	Ozone, Serious	50
NO _x	Ozone, Severe	25

- For purposes of determining the applicability of R18-2-406 through R18-2-408 or R18-2-410, major source means any stationary source that emits, or has the potential to emit, 100 tons per year or more of any regulated NSR pollutant if the source is classified as a categorical source, or 250 tons per year or more of any regulated NSR pollutant if the source is not classified as a categorical source;
 - A major source includes a physical change that would occur at a stationary source, not otherwise qualifying under subsection (13)(a) or (b) as a major source, if the change would constitute a major source by itself.
 - A major source that is major for VOC or nitrogen oxides shall be considered major for ozone.
 - The fugitive emissions of a stationary source shall not be included in determining for any of the purposes of this Article whether it is a major source, unless the source belongs to a section 302(j) category.
14. "Mandatory federal Class I area" means an area identified in R18-2-217(B).
15. "New emissions unit" means any emissions unit which is (or will be) newly constructed and which has existed for less than two years from the date such emissions unit first operated.
16. "Plantwide applicability limitation" or "PAL" means an emission limitation that is based on the baseline actual emissions of all emissions units at the stationary source that emit or have the potential to emit the PAL pollutant, expressed in tons per year, for a pollutant at a major source, that is enforceable as a practical matter and established source-wide in accordance with this Section.
17. "PAL allowable emissions" means "allowable emissions" as defined in R18-2-101, except that the allowable emissions for any emissions unit shall be calculated considering any emission limitations that are enforceable as a practical matter on the emissions unit's potential to emit.
18. PAL effective date generally means the date of issuance of the PAL permit. However, the PAL effective date for an increased PAL is the date any emissions unit that is part of the PAL major modification becomes operational and begins to emit the PAL pollutant.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

19. "PAL effective period" means the period beginning with the PAL effective date and ending 10 years later.
20. "PAL major modification" means any physical change in or change in the method of operation of the PAL source that causes it to emit the PAL pollutant at a level equal to or greater than the PAL.
21. "PAL permit" means the permit issued by the Director that establishes a PAL for a major source under Article 3 or 4 of this Chapter.
22. "PAL pollutant" means the pollutant for which a PAL is established at a major source.
23. "Projected actual emissions" means:
- The maximum annual rate, in tons per year, at which an existing emissions unit is projected to emit a regulated NSR pollutant during any 12-month period in the 60 calendar months following the date the unit resumes regular operation after the project, or in any 12-month period in the 120 calendar months following that date if the project involves increasing the design capacity or potential to emit of any emissions unit for that regulated NSR pollutant and full utilization of the unit would result in a significant emissions increase or a significant net emissions increase at the major source.
 - In determining the projected actual emissions before beginning actual construction, the owner or operator of the major source:
 - Shall consider all relevant information, including but not limited to, historical operational data, the company's own representations, the company's expected business activity and the company's highest projections of business activity, the company's filings with the county, state or federal regulatory authorities, and compliance plans under these regulations; and
 - Shall include fugitive emissions to the extent quantifiable;
 - Shall include emissions associated with startups, shutdowns, and malfunctions; and
 - Shall exclude, only for calculating any increase in emissions that results from the particular project, that portion of the unit's emissions following the project that an existing unit could have accommodated during the consecutive 24-month period used to establish the baseline actual emissions and that are also unrelated to the particular project, including any increased utilization due to product demand growth; or
 - In lieu of using the method set out subsections 23(b)(i) through (iv), the owner or operator may elect to use the emissions unit's potential to emit, in tons per year.
24. "Replacement unit" means an emissions unit for which all the criteria listed in subsections (24)(a) through (d) are met. No creditable emission reductions shall be generated from shutting down the existing emissions unit that is replaced.
- The emissions unit is a reconstructed unit within the meaning of 40 CFR 60.15(b)(1), or the emissions unit completely takes the place of an existing emissions unit.
 - The emissions unit is identical to or functionally equivalent to the replaced emissions unit.
 - The replacement does not alter the basic design parameters of the process unit.
 - The replaced emissions unit is permanently removed from the major source, otherwise permanently disabled, or permanently barred from operation by a permit that is enforceable as a practical matter. If the replaced emissions unit is brought back into operation, it shall constitute a new emissions unit.
25. "Resource recovery project" means any facility at which solid waste is processed for the purpose of extracting, converting to energy, or otherwise separating and preparing solid waste for reuse. Only energy conversion facilities that utilize solid waste that provides more than 50% of the heat input shall be considered a resource recovery project under this Article.
26. "Significant emissions unit" means an emissions unit that emits or has the potential to emit a PAL pollutant in an amount that is equal to or greater than the significant level for that PAL pollutant, but less than the amount that would qualify the unit as a major emissions unit.
27. "Significance levels" means the following ambient concentrations for the enumerated pollutants:
- | Averaging Time | | | | | |
|--|------------------------|------------------------|-----------------------|----------------------|---------------------|
| Pollutant | Annual | 24-Hour | 8-Hour | 3-Hour | 1-Hour |
| SO ₂ | 1 µg/m ³ | 5 µg/m ³ | | 25 µg/m ³ | |
| NO ₂ | 1 µg/m ³ | | | | |
| CO | | | 0.5 mg/m ³ | | 2 mg/m ³ |
| PM ₁₀ | 1 µg/m ³ | 5 µg/m ³ | | | |
| PM _{2.5} federal Class I area | 0.06 µg/m ³ | 0.07 µg/m ³ | | | |
| PM _{2.5} federal Class II area | 0.3 µg/m ³ | 1.2 µg/m ³ | | | |
| PM _{2.5} federal Class III area | 0.3 µg/m ³ | 1.2 µg/m ³ | | | |
- Except for the annual pollutant concentrations, the Department shall deem that exceedance of significance levels has occurred when the ambient concentration of the above pollutant is exceeded more than once per year at any one location. If the concentration occurs at a specific location and at a time when the national ambient air quality standards for the pollutant are not violated, the significance level does not apply.
28. "Small emissions unit" means an emissions unit that emits or has the potential to emit the PAL pollutant in an amount less than the significant level for that PAL pollutant.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Former Section R9-3-401 renumbered without change as Section R18-2-401 (Supp. 87-3). Section R18-2-401 renumbered to R18-2-601. New Section R18-2-401 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22,

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

1999 (Supp. 99-3). Typographical error corrected in R18-2-401(9)(a) (Supp. 00-4). Amended by final rulemaking at 13 A.A.R. 1134, effective May 5, 2007 (Supp. 07-1). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-402. General

- A. The preconstruction review requirements of this Article shall apply to the construction of any new major source or any project at an existing major source.
- B. The requirements of R18-2-403 through R18-2-410 apply to the construction of any new major source or any major modification of any existing major source, except as this Article otherwise provides.
- C. No person shall begin actual construction of a new major source or a major modification subject to the requirements of R18-2-403 through R18-2-410 without first obtaining a proposed final permit from the Director, pursuant to R18-2-307(A)(2), stating that the major source or major modification shall meet those requirements.
- D. The requirements of this Article apply to projects at major sources in accordance with the following principles.
 1. Except as otherwise provided in subsection (E), a project is a major modification for a regulated NSR pollutant if it causes both a significant emissions increase and a significant net emissions increase. The project is not a major modification if it does not cause a significant emissions increase. If the project causes a significant emissions increase, then the project is a major modification only if it also results in a significant net emissions increase.
 2. The procedure for calculating before beginning actual construction whether a significant emissions increase will occur depends upon the types of emissions units being modified as set forth in subsections (D)(3) through (6). The procedure for calculating before beginning actual construction whether a significant net emissions increase will occur at the major source is set forth in the definition of net emissions increase in R18-2-101. Regardless of any such preconstruction projections, a major modification results if the project causes a significant emissions increase and a significant net emissions increase.
 3. Actual-to-projected-actual applicability test for projects that only involve existing emissions units. A significant emissions increase of a regulated NSR pollutant is projected to occur if the sum of the difference between the projected actual emissions and the baseline actual emissions, for each existing emissions unit, equals or exceeds the significant amount for that pollutant.
 4. Actual-to-potential applicability test for projects that only involve new emissions units. A significant emissions increase of a regulated NSR pollutant is projected to occur if the sum of the difference between the potential to emit from each new emissions unit following completion of the project and the baseline actual emissions of these units before the project equals or exceeds the significant amount for that pollutant.
 5. [Reserved.]
 6. Hybrid applicability test for projects that involve both new emissions units and existing emissions units. A significant emissions increase of a regulated NSR pollutant is projected to occur if the sum of the emissions increases for each emissions unit, using the method specified in subsections (D)(3) through (D)(4), as applicable with respect to each emissions unit, equals or exceeds the significant amount for that pollutant.
- E. Any major source with a PAL for a regulated NSR pollutant shall comply with R18-2-412.
- F. This subsection applies with respect to any regulated NSR pollutant emitted from projects at existing emissions units at a major stationary source (other than projects at a source with a PAL) in circumstances where there is a reasonable possibility, within the meaning of subsection (F)(6), that a project that is not a part of a major modification may result in a significant emissions increase of such pollutant and the owner or operator elects to use the method specified in R18-2-401(23)(b)(i) through (iv) of the definition of projected actual emissions for calculating projected actual emissions.
 1. Before beginning actual construction of the project, the owner or operator shall document and maintain a record of the following information:
 - a. A description of the project;
 - b. Identification of the emissions unit(s) with emissions of a regulated NSR pollutant that could be affected by the project;
 - c. A description of the applicability test used to determine that the project is not a major modification for any regulated NSR pollutant, including the baseline actual emissions, the projected actual emissions the amount of emissions excluded under R18-2-401(23)(b)(iv) of the definition of projected actual emissions, and an explanation for why such amount was excluded; and
 - d. Any netting calculations, if applicable.
 2. If the emissions unit is an existing electric utility steam generating unit, before beginning actual construction, the owner or operator shall provide a copy of the information set out in subsection (F)(1) to the Director. Nothing in this subsection shall be construed to require the owner or operator of such a unit to obtain any determination from the Director before beginning actual construction.
 3. The owner or operator shall monitor the emissions of any regulated NSR pollutant that could increase as a result of the project and that is emitted by any emissions unit identified in subsection (F)(1)(b); and calculate and maintain a record of the annual emissions, in tons per year on a calendar year basis, for a period of five years following resumption of regular operations after the change, or for a period of 10 years following resumption of regular operations after the change if the project increases the design capacity or potential to emit of that regulated NSR pollutant at such emissions unit. For purposes of this subsection, fugitive emissions (to the extent quantifiable) shall be monitored if the emissions unit is part of a section 302(j) category or if the emissions unit is located at a major stationary source that belongs to a section 302(j) category.
 4. The owner or operator shall submit a report to the Director if for a calendar year the annual emissions, in tons per year, from the project identified in subsection (F)(1) exceed the sum of the baseline actual emissions, as documented and maintained under subsection (F)(1)(c), by a significant amount for that regulated NSR pollutant, and if the emissions differ from the preconstruction projection as documented and maintained under subsection (F)(1)(c). The owner or operator shall submit the report to the Director within 60 days after the end of the calendar year. The report shall contain the following:
 - a. The name, address and telephone number of the major source;
 - b. The annual emissions as calculated pursuant to subsection (F)(3); and

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- c. Any other information that the owner or operator wishes to include in the report, such as an explanation as to why the emissions differ from the preconstruction projection.
- 5. Notwithstanding subsection (F)(4), if any existing emissions unit identified in subsection (F)(1)(b) is an electric utility steam generating unit, the owner or operator shall submit a report to the Director within 60 days after the end of each calendar year during which the owner or operator must generate records under subsection (F)(3). The report shall document the unit's post-project annual emissions during the calendar year that preceded submission of the report.
- 6. A "reasonable possibility" under subsection (F) occurs when the owner or operator calculates the project to result in one of the following:
 - a. A projected actual emissions increase of at least 50% of the amount that is a significant emissions increase (without reference to the amount that is a significant net emissions increase) for the regulated NSR pollutant.
 - b. A projected actual emissions increase that, added to the amount of emissions excluded under subsection R18-2-401(23)(b)(iv) of the definition of projected actual emissions, sums to at least 50% of the amount that is a significant emissions increase (without reference to the amount that is a significant net emissions increase) for the regulated NSR pollutant. For a project for which a reasonable possibility occurs only within the meaning of subsection (F)(6)(b), and not also within the meaning of subsection (F)(6)(a), subsections (F)(2) through (5) do not apply to the project.
- 7. The owner or operator of the source shall make the information required to be documented and maintained under subsection (F) available for review upon request for inspection by the Department or the general public.
- G.** An application for a permit or permit revision under this Article, other than a PAL permit pursuant to R18-2-412, shall not be considered complete unless the application demonstrates that:
 - 1. The requirements in subsection (H) are met;
 - 2. The more stringent of the applicable new source performance standards or the existing source performance standards in Article 7 of this Chapter are applied to the proposed new major source or major modification of a major source;
 - 3. The visibility requirements contained in R18-2-410 are satisfied;
 - 4. All applicable provisions of Article 3 of this Chapter are met;
 - 5. The new major source or major modification will be in compliance with whatever emission limitation, design, equipment, work practice or operational standard, or combination thereof is applicable to the source or modification. The degree of emission limitation required for control of any pollutant under this Article shall not be affected in any manner by:
 - a. Stack height in excess of GEP stack height except as provided in R18-2-332; or
 - b. Any other dispersion technique, unless implemented prior to December 31, 1970;
 - 6. The new major source or major modification will not exceed the applicable standards for hazardous air pollutants contained in this Chapter;
 - 7. The new major source or major modification will not exceed the limitations, if applicable, on emission from nonpoint sources contained in Article 6 of this Chapter;
 - 8. The new major source or major modification will not have an adverse impact on visibility, as determined according to R18-2-410.
- H.** Except for assessing air quality impacts within federal Class I areas, the air impact analysis required to be conducted as part of a permit application shall initially consider only the geographical area located within a 50 kilometer radius from the point of greatest emissions for the new major source or major modification. The Director, on his own initiative or upon receipt of written notice from any person shall have the right at any time to request an enlargement of the geographical area for which an air quality impact analysis is to be performed by giving the person applying for the permit or permit revision written notice thereof, specifying the enlarged radius to be so considered. In performing an air impact analysis for any geographical area with a radius of more than 50 kilometers, the person applying for the permit or permit revision may use monitoring or modeling data obtained from major sources having comparable emissions or having emissions which are capable of being accurately used in such demonstration, and which are subjected to terrain and atmospheric stability conditions which are comparable or which may be extrapolated with reasonable accuracy for use in such demonstration.
- I.** The Director shall comply with following requirements with respect to an application for a permit or permit revision subject to this Article:
 - 1. Within 60 days after receipt of the application, or any addition to the application, the Director shall advise the applicant of any deficiency. The date of receipt of a complete application shall be, for the purpose of this Section, the date on which the Director receives all required information. The permit application shall not be deemed complete if the Director fails to meet the requirements of this subsection.
 - 2. Within one year after receipt of a complete application, the Director shall do all of the following:
 - a. Make a preliminary determination as to whether the permit or permit revision should be granted or denied.
 - b. Make the application, all materials the applicant submitted, the preliminary determination, and materials relating to the application available under R18-2-330(D).
 - c. Notify the public of the application, the preliminary determination and the opportunity for a public hearing and to submit written comments in accordance with R18-2-330(C). In the case of an application subject to R18-2-406, the notice shall include the degree of consumption of the maximum allowable increases allowed under R18-2-218 that is expected to occur as a result of emissions from the proposed source or modification.
 - d. Take final action on the application by denying the permit or permit revision or issuing a proposed final permit or permit revision.
 - e. Notify the applicant in writing of the approval or denial and make the notification, comments on the proposed action, and materials supporting the final action available for public inspection at the location where materials relating to the proposed action were placed under R18-2-330(D).
 - 3. A copy of any notice required by R18-2-330 and subsection (I)(2)(c) shall be sent to the permit applicant, to the

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Administrator, and to the following officials and agencies having cognizance over the location where the proposed major source or major modification would occur:

- a. The air pollution control officer, if one exists, for the county wherein the proposed or existing source that is the subject of the permit or permit revision application is located;
 - b. The county manager for the county wherein the proposed or existing source that is the subject of the permit or permit revision application is located;
 - c. The city or town managers of the city or town which contains, and any city or town the boundaries of which are within 5 miles of, the location of the proposed or existing source that is the subject of the permit or permit revision application;
 - d. Any regional land use planning agency with authority for land use planning in the area where the proposed or existing source that is the subject of the permit or permit revision application is located; and
 - e. Any state, Federal Land Manager, or Indian governing body whose lands may be affected by emissions from the proposed source or modification.
- J.** The authority to construct and operate a new major source or major modification under a permit or permit revision issued under this Article shall terminate if the owner or operator does not commence the proposed construction or major modification within 18 months of issuance or if, during the construction or major modification, the owner or operator suspends work for more than 18 months. The Director may extend the 18-month period upon a satisfactory showing that an extension is justified. This provision does not apply to the time period between construction of the approved phases of a phased construction project; each phase must commence construction within 18 months of the projected and approved commencement date.

Historical Note

Amended effective August 6, 1976 (Supp. 76-4). Former Section R9-3-402 repealed, new Section R9-3-402 adopted effective May 14, 1979 (Supp. 79-1). Amended and adopted by reference Open Burning Guidelines for Air Pollution Control effective September 22, 1983 (Supp. 83-5). Former Section R9-3-402 renumbered without change as Section R18-2-402 (Supp. 87-3). Section R18-2-402 renumbered to R18-2-602, new Section R18-2-402 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-403. Permits for Sources Located in Nonattainment Areas

- A.** Except as provided in subsections (C) through (G) below, no permit or permit revision shall be issued under this Article to a person proposing to construct a new major source or make a major modification that is major for the pollutant for which the area is designated nonattainment unless:
1. The person demonstrates that the new major source or the major modification will meet an emission limitation which is the lowest achievable emission rate (LAER) for that source for that regulated NSR pollutant.
 2. The person demonstrates that all existing major sources owned or operated by that person (or any entity controlling, controlled by, or under common control with that person) in the state are in compliance with, or on a sched-

ule of compliance for, all conditions contained in permits of each of the sources and all other applicable emission limitations and standards under the Act and this Chapter.

3. The person demonstrates that emission reductions for the specific pollutant(s) from source(s) in existence in the allowable offset area of the new major source or major modification (whether or not under the same ownership) meet the offset requirements of R18-2-404.
 4. The Administrator has not determined that the applicable implementation plan is not being adequately implemented for the nonattainment area in which the proposed source is to be constructed or modified in accordance with the requirements in this Section.
- B.** No permit or permit revision under this Article shall be issued to a person proposing to construct a new major source or make a major modification to a major source located in a nonattainment area unless:
1. The person performs an analysis of alternative sites, sizes, production processes, and environmental control techniques for such new major source or major modification; and
 2. The Director determines that the analysis demonstrates that the benefits of the new major source or major modification significantly outweigh the environmental and social costs imposed as a result of its location, construction, or modification.
- C.** At such time that a particular source or modification becomes a major source or major modification solely by virtue of a relaxation in any enforceable limitation which was established after August 7, 1980, on the capacity of the source or modification otherwise to emit a pollutant, such as restriction on hours of operation, then the requirements of this Section shall apply to the source or modification as though construction had not yet commenced on the source or modification.
- D.** Secondary emissions shall not be considered in determining the potential to emit of a new source or modification and therefore whether the new source or modification is major. However, if a new source or modification is subject to this Section on the basis of its direct emissions, a permit or permit revision under this Article to construct the new source or modification shall be denied unless the requirements of R18-2-403(A)(3) and R18-2-404 are met for reasonably quantifiable secondary emissions caused by the new source or modification.
- E.** A permit to construct a new major source or major modification shall be denied unless the conditions specified in subsections (A)(1), (2), and (3) are met for fugitive emissions caused by the new source or modification. However, these conditions shall not apply to a new major source or major modification that would be a major source or major modification only if fugitive emissions, to the extent quantifiable, are considered in calculating the potential emissions of the source or modification, and the source does not belong to a section 302(j) category.
- F.** The requirements of subsection (A)(3) shall not apply to temporary emissions units, such as pilot plants, portable facilities that will be relocated outside of the nonattainment area and the construction phase of a new source, if those units will operate for no more than 24 months in the nonattainment area, are otherwise in compliance with the requirement to obtain a permit under this Chapter and are in compliance with the conditions of that permit.
- G.** A decrease in actual emissions shall be considered in determining the potential of a new source or modification to emit only to the extent that the Director has not relied on it in issuing any permit or permit revision under this Article or the state

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

has not relied on it in demonstrating attainment or reasonable further progress.

- H. The Director shall transmit to the Administrator a copy of each permit application relating to a major stationary source or major modification under this Section. Within 30 days of the issuance of any permit under this Section, the Director shall also submit control technology information from the permit to the Administrator for the purposes listed in Section 173(d) of the Act.
- I. The issuance of a permit or permit revision under this Article in accordance with this Section shall not relieve the owner or operator of the responsibility to comply fully with applicable provisions of the SIP and any other requirements under local, state, or federal law.

Historical Note

Former Section R9-3-403 repealed, new Section R9-3-403 adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-403 renumbered without change as Section R18-2-403 (Supp. 87-3). Section R18-2-403 renumbered to R18-2-603, new Section R18-2-403 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-404. Offset Standards

- A. Increased emissions by a major source or major modification subject to R18-2-403 of each pollutant for which the area has been designated as nonattainment and for which the source or modification is classified as major shall be offset by real reductions in the actual emissions of the pollutant. Offsets shall be for the same regulated NSR Pollutant, except that emissions of the ozone precursors NO_x and VOC may be offset by reductions in emissions of either of those pollutants, provided that all other applicable requirements of this Section and R18-2-405 are satisfied. Except as provided in R18-2-405 and subsection (J), the ratio of the total actual reductions to the emissions increase shall be at least 1 to 1.
- B. Except as provided in subsection (B)(1) or (2), for sources and modifications subject to this Section, the baseline for determining credit for emissions reductions is the emissions limit for the source generating the offset credit under the applicable implementation plan in effect at the time the application for a permit or permit revision is filed.
 - 1. The offset baseline shall be the actual emissions of the source from which offset credit is obtained where either of the following conditions is satisfied:
 - a. The demonstration of reasonable further progress and attainment of ambient air quality standards is based upon the actual emissions of sources located within a designated nonattainment area for which the preconstruction review program was adopted.
 - b. The applicable implementation plan does not contain an emissions limitation for that source or source category.
 - 2. Where the emissions limit under the applicable implementation plan allows greater emissions than the potential to emit of the source, emissions offset credit will be allowed only for control below this potential.
- C. For an existing fuel combustion source, emissions offset credit shall be based on the allowable emissions under the applicable implementation plan for the type of fuel being burned at the time the application to construct is filed. If the existing source commits to switch to a cleaner fuel at some future date, emissions offset credit based on the allowable or actual emissions for the fuels involved is not acceptable, unless the permit for

the existing source is conditioned to require the use of a specified alternative control measure which would achieve the same degree of emissions reduction should the source switch back to a fuel generating higher emissions. The owner or operator of the existing source must demonstrate that adequate long-term supplies of the new fuel are available before granting emissions offset credit for fuel switches.

D. Offset Credit for Shutdowns.

- 1. Emissions reductions achieved by shutting down an existing emission unit or curtailing production or operating hours may be credited for offsets if they meet both of the following conditions.
 - a. The reductions are surplus, permanent, quantifiable, and federally enforceable.
 - b. The shutdown or curtailment occurred after the last day of the base year for the SIP planning process. For purposes of this subsection, the Director may choose to consider a prior shutdown or curtailment to have occurred after the last day of the base year if the projected emissions inventory used to develop the attainment demonstration explicitly includes the emissions from such previously shutdown or curtailed emission units. However, in no event may credit be given for shutdowns that occurred before August 7, 1977.
- 2. Emissions reductions achieved by shutting down an existing emissions unit or curtailing production or operating hours and that do not meet the requirements in subsection (D)(1)(b) may be credited only if one of the following conditions is satisfied:
 - a. The shutdown or curtailment occurred on or after the date the construction permit application is filed.
 - b. The applicant can establish that the proposed new emissions unit is a replacement for the shutdown or curtailed emissions unit, and the emissions reductions achieved by the shutdown or curtailment met the requirements of subsection (D)(1)(a).
- E. No emissions credit may be allowed for replacing one hydrocarbon compound with another of lesser reactivity, except for those compounds listed in Table 1 of EPA's "Recommended Policy on Control of Volatile Organic Compounds," 42 FR 35314 (July 8, 1977).
- F. All emission reductions claimed as offset credits shall be federally enforceable by the time a proposed final permit is issued to the owner or operator of the major source subject to this Section and shall be in effect by the time the new or modified source subject to the permit commences operation.
- G. The owner or operator of a major source or major modification subject to this Section must obtain offset credits from the same source or from other sources in the same nonattainment area, except that the Director may allow the owner or operator to obtain offset credits from another nonattainment area if both of the following conditions are satisfied:
 - 1. The other area has an equal or higher nonattainment classification than the area in which the source is located.
 - 2. Emissions from such other area contribute to a violation of the national ambient air quality standard in the nonattainment area in which the source is located.
- H. Credit for an emissions reduction can be claimed to the extent that the Director has not relied on it in issuing any permit under this Article, R18-2-334, or the state has not relied on it in a demonstration of attainment or reasonable further progress.
- I. The total tonnage of increased emissions, in tons per year, resulting from a major modification that must be offset under this Section shall be determined by summing the difference

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

between the allowable emissions after the modification and the actual emissions before the modification for each emissions unit.

- J.** In ozone nonattainment areas classified as marginal, total emissions of VOC and oxides of nitrogen from other sources shall offset those proposed or permitted from the major source or major modification by a ratio of at least 1.10 to 1. In ozone nonattainment areas classified as moderate, total emissions of VOC and oxides of nitrogen from other sources shall offset those proposed or permitted from the major source or major modification by a ratio of at least 1.15 to 1. New major sources and major modifications in serious and severe ozone nonattainment areas shall comply with this Section and R18-2-405.

Historical Note

Former Section R9-3-404 repealed, new Section R9-3-404 adopted effective May 14, 1979 (Supp. 79-1). Amended by adding subsection (C) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-404 renumbered without change as Section R18-2-404 (Supp. 87-3). Amended subsection (C) effective December 1, 1988 (Supp. 88-4). Section R18-2-404 renumbered to R18-2-604, new Section R18-2-404 adopted effective November 15, 1993 (Supp. 93-4). Amended effective February 28, 1995 (Supp. 95-1). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 8 A.A.R. 1815, effective March 18, 2002 (Supp. 02-1). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-405. Special Rule for Major Sources of VOC or Nitrogen Oxides in Ozone Nonattainment Areas Classified as Serious or Severe

- A.** Applicability. The provisions of this Section only apply to stationary sources of VOC or nitrogen oxides in ozone nonattainment areas classified as serious or severe. Unless otherwise provided in this Section, all requirements of Articles 3 and 4 of this Chapter apply.
- B.** "Significant" means, in reference to an emissions increase or a net emissions increase, any increase in actual emissions of volatile organic compounds or nitrogen oxides that would result from any physical change in, or change in the method of operation of, a major source, if the emissions increase of volatile organic compounds or nitrogen oxides exceeds 25 tons per year.
- C.** For any major source that emits or has the potential to emit less than 100 tons of VOC or oxides of nitrogen per year, a physical or operational change that results in a significant increase in VOC or oxides of nitrogen, respectively, from any discrete operation, unit, or other pollutant emitting activity at the source shall constitute a major modification, except that the increase shall not constitute a major modification, if the owner or operator of the source elects to offset the increase by a greater reduction in emissions of VOC or oxides of nitrogen, as applicable, from other operations, units or activities at the source at an internal offset ratio of at least 1.3 to 1. If the owner or operator does not make such an election, the change shall constitute a major modification but BACT shall be substituted for LAER when applying R18-2-403(A)(1) to the major modification.
- D.** For any stationary source that emits or has the potential to emit 100 tons or more of VOC or oxides of nitrogen per year, a physical or operational change that results in any significant increase in VOC from any discrete operation, unit or other pollutant emitting activity at the source or oxides of nitrogen,

respectively, shall constitute a major modification except that if the owner or operator of the source elects to offset the increase by a greater reduction in emissions of VOC or oxides of nitrogen, as applicable, from other operations, units or activities within the source at an internal offset ratio of at least 1.3 to 1, R18-2-403(A)(1) shall not apply to the change.

- E.** For any new major source or major modification that is classified as major because of emissions or potential to emit VOC or nitrogen oxides in an ozone nonattainment area classified as serious, the increase in emissions of these pollutants from the source or modification shall be offset at a ratio of 1.2 to 1. The offset shall be made in accordance with the provisions of R18-2-404.
- F.** For any new major source or major modification that is classified as such because of emissions or potential to emit VOC or nitrogen oxides in an ozone nonattainment area classified as severe, the increase in emissions of these pollutants from the source or modification shall be offset at a ratio of 1.3 to 1. These offsets shall be made in accordance with the provisions of R18-2-404.

Historical Note

Former R9-3-405, Other industries, renumbered R9-3-406, new Section adopted effective September 17, 1975 (Supp. 75-1). Former Section R9-3-405 repealed, new Section R9-3-405 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Former Section R9-3-405 renumbered without change as Section R18-2-405 (Supp. 87-3). Section R18-2-405 renumbered to R18-2-605, new Section R18-2-405 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 5 A.A.R. 4074, effective September 22, 1999 (Supp. 99-3). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-406. Permit Requirements for Sources Located in Attainment and Unclassifiable Areas

- A.** Except as provided in subsections (B) through (J) and R18-2-408 (Innovative control technology), no permit or permit revision under this Article shall be issued to a person proposing to construct a new major source or make a major modification to a major source that would be constructed in an area designated as attainment or unclassifiable for any regulated NSR pollutant unless the source or modification meets the following conditions:
1. A new major source shall apply best available control technology (BACT) for each regulated NSR pollutant for which the potential to emit is significant.
 2. A major modification shall apply BACT for each regulated NSR pollutant for which the project would result in a significant net emissions increase at the source. This requirement applies to each proposed emissions unit at which a net emissions increase in the pollutant would occur as a result of a physical change or change in the method of operation in the unit.
 3. For phased construction projects, the determination of BACT shall be reviewed and modified as appropriate at the latest reasonable time which occurs no later than 18 months prior to commencement of construction of each independent phase of the project. At such time the owner or operator of the applicable stationary source may be required to demonstrate the adequacy of any previous determination of BACT for the source.
 4. BACT shall be determined on a case-by-case basis and may constitute application of production processes or

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

available methods, systems, and techniques, including fuel cleaning or treatment, clean fuels, or innovative fuel combustion techniques, for control of such pollutant. In no event shall such application of BACT result in emissions of any pollutant, which would exceed the emissions allowed by any applicable new source performance standard or national emission standard for hazardous air pollutants or by the applicable implementation plan. If the Director determines that technological or economic limitations on the application of measurement methodology to a particular emissions unit would make the imposition of an emissions standard infeasible, a design, equipment, work practice, operational standard, or combination thereof may be prescribed instead to satisfy the requirement for the application of BACT. Such standard shall, to the degree possible, set forth the emissions reduction achievable by implementation of such design, equipment, work practice, or operation and shall provide for compliance by means which achieve equivalent results.

5. The person applying for the permit or permit revision under this Article performs an air impact analysis and monitoring as specified in R18-2-407, and the analysis demonstrates that allowable emission increases from the proposed new major source or major modification, in conjunction with all other applicable emission increases or reductions, including secondary emissions, would not cause or contribute to concentrations of conventional air pollutants in violation of:
 - a. Any national ambient air quality standard in any air quality control region; or
 - b. Any applicable maximum increase allowed under R18-2-218 over the baseline concentration in any area.
6. Air quality models:
 - a. All estimates of ambient concentrations required under this Section shall be based on the applicable air quality models, databases, and other requirements specified in 40 CFR 51, Appendix W, "Guideline On Air Quality Models," as of June 30, 2017 (and no future amendments or editions), which shall be referred to hereinafter as "Guideline" and is adopted by reference and is on file with the Department.
 - b. Where an air quality impact model specified in the "Guideline" is not applicable, the model may be modified or another model substituted. Such a change shall be subject to notice and opportunity for public comment under R18-2-330. Written approval of the EPA Administrator shall be obtained for any modification or substitution.
- B. This Section and R18-2-407 shall not apply to a new major source or major modification to a source with respect to a particular pollutant if the person applying for the permit or permit revision under this Article demonstrates that, as to that pollutant, the source or modification is located in an area designated as nonattainment for the pollutant. This exemption shall not apply to an area designated nonattainment for a revoked national ambient air quality standard in 40 CFR 81.
- C. This Section, R18-2-407, and R18-2-410(B), (F), and (G) shall not apply to a new major source or a major modification if the source or modification would be a major source or major modification only if fugitive emissions, to the extent quantifiable, are considered in calculating the potential emissions of the source or modification, and the source does not belong to a section 302(j) category.
- D. This Section, R18-2-407, and R18-2-410(B), (F), and (G) shall not apply to a new major source or major modification to a source when the owner or operator of the source is a nonprofit health or educational institution.
- E. This Section, R18-2-407, and R18-2-410(B), (F) and (G) shall not apply to a portable source which would otherwise be a new major source or major modification to an existing source if all of the following conditions are satisfied:
 1. The portable source proposes to relocate and will operate for no more than 24 months at its new location.
 2. The source is subject to a permit or permit revision issued under this Section or 40 CFR 52.21.
 3. The source is in compliance with the conditions of that permit or permit revision.
 4. Emissions from the source will not impact a federal Class I area or an area where an applicable maximum increase allowed under R18-2-218 is known to be violated.
 5. Reasonable notice is given to the Director prior to the relocation identifying the proposed new location and the probable duration of operation at the new location at least 10 calendar days in advance of the proposed relocation, unless a different time duration is previously approved by the Director.
- F. Subsection (A)(5), R18-2-407, and R18-2-410(B) shall not apply to a proposed major source or major modification with respect to a particular pollutant, if the allowable emissions of that pollutant from the source, or the net emissions increase of that pollutant from the modification, would be temporary and impact no federal Class I area and no area where a maximum increase allowed under R18-2-218 is known to be violated.
- G. Subsection (A)(5), R18-2-407, and R18-2-410(B) as they relate to any maximum allowable increase for a Class II area shall not apply to a modification of a major stationary source that was in existence on March 1, 1978, if the net increase in allowable emissions of each regulated NSR pollutant from the modification after the application of best available control technology would be less than 50 tons per year.
- H. Subsection (A)(5)(b) shall not apply to a stationary source or modification with respect to any maximum increase allowed for nitrogen oxides under R18-2-218 if the owner or operator of the source or modification submitted an application for a permit under the applicable permit program approved or promulgated under the Act before the provisions embodying the maximum allowable increase took effect as part of the state implementation plan and the Director subsequently determined that the application as submitted before that date was complete.
- I. Subsection (A)(5)(b) shall not apply to a stationary source or modification with respect to any maximum increase allowed for PM₁₀ under R18-2-218 if the owner or operator of the source or modification submitted an application for a permit under the applicable permit program approved under the Act before the provisions embodying the maximum allowable increases for PM₁₀ took effect as part of the state implementation plan and the Director subsequently determined that the application as submitted before that date was complete. Instead, subsection (A)(5)(b) shall apply with respect to the maximum allowable increases for total suspended particulate as in effect on the date the application was submitted.
- J. Subsection (A)(5)(a) shall not apply to a stationary source or modification with respect to the national ambient air quality standards for PM_{2.5} in effect on March 18, 2013 if either of the following is true:
 1. The Director determined a permit application subject to this Section was complete on or before December 14, 2012. Instead, subsection (A)(5)(a) shall apply with respect to the national ambient air quality standards for

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

PM_{2.5} in effect at the time the Director determined the permit application to be complete.

2. The Director first published before March 18, 2013 a public notice of a proposed permit subject to this Section. Instead, subsection (A)(5)(a) shall apply with respect to the national ambient air quality standards for PM_{2.5} in effect at the time of first publication of the public notice.
- K. Subsection (A)(5)(a) shall not apply to a stationary source or modification with respect to the revised national ambient air quality standards for ozone published on October 26, 2015 if:
 1. The Director has determined the permit application subject to this Section to be complete on or before October 1, 2015. Instead, subsection (A)(5)(a) shall apply with respect to the national ambient air quality standards for ozone in effect at the time the Director determined the permit application to be complete.
 2. The Director has first published, before December 25, 2015, a public notice of a preliminary determination or draft permit for the permit application subject to this Section. Instead, subsection (A)(5)(a) shall apply with respect to the national ambient air quality standards for ozone in effect at the time the Director determined the permit application to be complete.
- L. The owner or operator of a proposed source or modification shall submit all information necessary to perform any analysis or make a determination required under this Section. The owner or operator shall also provide information regarding:
 1. The air quality impact of the source or modification, including meteorological and topographical data necessary to estimate such impact, and
 2. The air quality impacts and the nature and extent of any or all general commercial, residential, industrial, and other growth which has occurred since August 7, 1977, in the area the source or modification would affect.
- M. The issuance of a permit or permit revision under this Article in accordance with this Section shall not relieve the owner or operator of the responsibility to comply fully with applicable provisions of the SIP and any other requirements under local, state, or federal law.
- N. At such time that a particular source or modification becomes a major source or major modification solely by virtue of a relaxation in any enforceable limitation which was established after August 7, 1980, on the capacity of the source or modification otherwise to emit a pollutant, such as a restriction on hours of operation, then the requirements of this Section shall apply to the source or modification as though construction had not yet commenced on the source or modification.

Historical Note

Former Section R9-3-405, renumbered effective September 17, 1975 (Supp. 75-1). Former Section R9-3-406 repealed, new Section R9-3-406 adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-406 renumbered without change as Section R18-2-406 (Supp. 87-3). Section R18-2-406 renumbered to R18-2-606, new Section R18-2-406 adopted effective November 15, 1993 (Supp. 93-4). Amended effective February 28, 1995 (Supp. 95-1). The references to R18-2-101(97)(a) in subsection (A)(1) and (2) amended to reference R18-2-101(104)(a) (Supp. 99-3). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1). Amended by final rulemaking at 25 A.A.R. 3630, effective February 1, 2020 (Supp. 19-4).

R18-2-407. Air Quality Impact Analysis and Monitoring**Requirements**

- A. Any application for a permit or permit revision under R18-2-406 to construct a new major source or major modification to a major source shall contain an analysis of ambient air quality in the area that the new major source or major modification would affect for each of the following pollutants:
 1. For the new source, each pollutant that it would have the potential to emit in a significant amount;
 2. For the modification, each pollutant for which it would result in a significant net emissions increase.
- B. With respect to any such pollutant for which no national ambient air quality standard exists, the analysis shall contain all air quality monitoring data as the Director determines is necessary to assess ambient air quality for that pollutant in any area that the emissions of the pollutant would affect.
- C. With respect to any such pollutant (other than nonmethane hydrocarbons) for which such a standard does exist, the analysis shall contain continuous air quality monitoring data gathered for purposes of determining whether emissions of that pollutant would cause or contribute to a violation of the standard or any maximum allowable increase.
- D. In general, the continuous air quality monitoring data that is required shall have been gathered over a period of at least one year and shall represent at least the year preceding receipt of the application, except that, if the Director determines that a complete and adequate analysis can be accomplished with monitoring data gathered over a period shorter than one year (but not to be less than four months), the data that is required shall have been gathered over at least that shorter period.
- E. The owner or operator of a proposed stationary source or modification to a source of volatile organic compounds who satisfies all conditions of 40 CFR 51, Appendix S, Section IV, may provide post-approval monitoring data for ozone in lieu of providing preconstruction data as required under subsections (B), (C), and (D) above.
- F. Post-construction monitoring. The owner or operator of a new major source or major modification shall, after construction of the source or modification, conduct such ambient monitoring as the Director determines is necessary to determine the effect emissions from the new source or modification may have, or are having, on air quality in any area.
- G. Operations of monitoring stations. The owner or operator of a new major source or major modification shall meet the requirements of 40 CFR 58, Appendix B, during the operation of monitoring stations for purposes of satisfying subsections (B) through (F) above.
- H. The requirements of subsections (B) through (G) above shall not apply to a new major source or major modification to an existing source with respect to monitoring for a particular pollutant if:
 1. The emissions increase of the pollutant from the new source or the net emissions increase of the pollutant from the modification would cause, in any area, air quality impacts less than the following amounts:
 - a. Carbon Monoxide - 575 µg/m³, eight-hour average;
 - b. Nitrogen dioxide - 14 µg/m³, annual average;
 - c. PM_{2.5} - 0 µg/m³, 24-hour average;
 - d. PM₁₀ - 10 µg/m³, 24-hour average;
 - e. Sulfur dioxide - 13 µg/m³, 24-hour average;
 - f. Lead - 0.1 µg/m³, 3-month average;
 - g. Fluorides - 0.25 µg/m³, 24-hour average;
 - h. Total reduced sulfur - 10 µg/m³, one-hour average;
 - i. Hydrogen sulfide - 0.04 µg/m³, one-hour average;
 - j. Reduced sulfur compounds - 10 µg/m³, one-hour average;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- k. Ozone - net emissions increases of less than 100 tons per year of volatile organic compounds or oxides of nitrogen;
- 2. The concentrations of the pollutant in the area that the new source or modification would affect are less than the concentrations listed in subsection (H)(1); or
- 3. The pollutant is not listed in subsection (H)(1).

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-407 renumbered without change as Section R18-2-407 (Supp. 87-3). Section R18-2-407 renumbered to R18-2-607, new Section R18-2-407 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-408. Innovative Control Technology

- A. Notwithstanding the provisions of R18-2-406(A)(1) through (3), the owner or operator of a proposed new major source or major modification may request that the Director approve a system of innovative control technology rather than the best available control technology requirements otherwise applicable to the new source or modification.
- B. The Director shall approve the installation of a system of innovative control technology if the following conditions are met:
 - 1. The owner or operator of the proposed source or modification satisfactorily demonstrates that the proposed control system would not cause or contribute to an unreasonable risk to public health, welfare, or safety in its operation or function;
 - 2. The owner or operator agrees to achieve a level of continuous emissions reduction equivalent to that which would have been required under R18-2-406(A)(1) or (2) by a date specified in the permit or permit revision under this Article for the source. Such date shall not be later than four years from the time of start-up or seven years from the issuance of a permit or permit revision under this Article;
 - 3. The source or modification would meet requirements equivalent to those in R18-2-406(A) based on the emissions rate that the stationary source employing the system of innovative control technology would be required to meet on the date specified in the permit or permit revision under this Article.
 - 4. Before the date specified in the permit or permit revision under this Article, the source or modification would not:
 - a. Cause or contribute to any violation of an applicable national ambient air quality standard; or
 - b. Impact any area where an applicable maximum increase allowed under R18-2-208 is known to be violated.
 - 5. All other applicable requirements including those for public participation have been met.
 - 6. The Director receives the consent of the governors of other affected states.
 - 7. The requirements of R18-2-410 for federal Class I areas will be met for all periods during the life of the source or modification.
- C. The Director shall withdraw any approval to employ a system of innovative control technology made under this Section if:
 - 1. The proposed system fails by the specified date to achieve the required continuous emissions reduction rate; or

- 2. The proposed system fails before the specified date so as to contribute to an unreasonable risk to public health, welfare, or safety; or
- 3. The Director decides at any time that the proposed system is unlikely to achieve the required level of control or to protect the public health, welfare, or safety.

- D. If the new source or major modification fails to meet the required level of continuous emissions reduction within the specified time period, or if the approval is withdrawn in accordance with subsection (C) above, the Director may allow the owner or operator of the source or modification up to an additional three years to meet the requirement for the application of best available control technology through use of a demonstrated system of control.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Former Section R9-3-408 renumbered without change as Section R18-2-408 (Supp. 87-3). Section R18-2-408 renumbered to R18-2-608, new Section R18-2-408 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-409. Air Quality Models

- A. Where the Director requires a person requesting a permit or permit revision under this Article to perform air quality impact modeling to obtain such permit or permit revision under this Article, the modeling shall be performed in a manner consistent with the Guideline specified in R18-2-406(A)(6)(a).
- B. Where the person requesting a permit or permit revision under this Article can demonstrate that an air quality impact model specified in the Guideline is inappropriate, the model may be modified or another model substituted. However, before such modification or substitution can occur, the Director shall make a written finding that:
 - 1. No model in the Guideline is appropriate for a particular permit or permit revision under this Article under consideration, or
 - 2. The data base required for the appropriate model in the Guideline is not available, and
 - 3. The model proposed as a substitute or modification is likely to produce results equal or superior to those obtained by models in the Guideline, and
 - 4. The model proposed as a substitute or modification has been approved by the Administrator.
- C. The substitution or modification of an air quality model under this Section shall be included in the public notice under R18-2-330(C).

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-409 renumbered without change as Section R18-2-409 (Supp. 87-3). Section R18-2-409 renumbered to R18-2-609, new Section R18-2-409 adopted effective November 15, 1993 (Supp. 93-4).

R18-2-410. Visibility and Air Quality Related Value Protection

- A. Applicability.
 - 1. All of the requirements of this Section apply to a new major source or major modification that would be constructed in an area that is designated attainment or unclassifiable.
 - 2. Subsections (B) to (D) apply to the following:
 - a. A new major source or major modification that may have an impact on any integral vista of a mandatory federal Class I area, if it is identified in accordance

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

with 40 CFR 51.304 by the Federal Land Manager at least twelve months before submission of a complete permit application for the source or modification, except where the Federal Land Manager has provided notice and opportunity for public comment on the integral vista, in which case the review must include impacts on any integral vista identified at least six months before submission of a complete permit application. This subsection shall not apply if the Director determines under 40 CFR 51.304(d) that the identification was not in accordance with the identification criteria.

- b. A new major source or major modification that proposes to locate in an area designated as nonattainment and that may have an impact on visibility in any mandatory federal Class I area.

B. Application Requirements. Any application for a permit or permit revision to construct a major source or major modification subject to this Section shall contain:

1. An analysis of the impairment to visibility, soils, and vegetation that would occur as a result of the new source or modification and general commercial, residential, industrial, and other growth associated with the new source or modification. The applicant need not provide an analysis of the impact on vegetation having no significant commercial or recreational value.
2. An analysis of the air quality impact projected for the area as a result of general commercial, residential, industrial, and other growth associated with the new source or modification.

C. Notification Requirements.

1. The Director shall provide written notice of the application for a permit or permit revision subject to this Section to the Administrator, the Federal Land Manager and the federal official charged with direct responsibility for management of any lands within any Class I area that may be affected by the source or modification. The notice shall be provided within 30 days of receipt of the application and at least 60 days before any public hearing on the application. The notice shall:
 - a. Include a copy of the application and all information relevant to the permit or permit revision under this Article;
 - b. Include an analysis of the anticipated impacts of the proposed source on visibility in any federal Class I area; and
 - c. Provide for no less than a 30-day period within which written comments may be submitted.
2. The Director shall notify the individuals identified in subsection (C)(1) within 30 days of receipt of any advance notification of any such permit or permit revision.
3. The Director shall notify the individuals identified in subsection (C)(1) of the preliminary determination for the application under R18-2-402(I)(2)(c) and shall make available any materials used in making that determination.
4. The Director shall provide notice to the administrator of every action related to the consideration of such permit or permit revision.

D. Consideration of Federal Land Manager Analysis.

1. The Federal Land Manager and the federal official charged with direct responsibility for management of federal Class I areas have an affirmative responsibility to protect the air quality related values, including visibility, of any such areas and to consider, in consultation with the

Administrator, whether a proposed source or modification would have an adverse impact on such values.

2. The Director shall consider any analysis performed by the Federal Land Manager and provided within 30 days of the notification required by subsection (C)(1) that shows that a proposed new major stationary source or major modification may have an adverse impact on visibility in a federal Class I area or integral vista.
 3. In considering the analysis, the Director shall ensure that the source's emissions will be consistent with making reasonable progress toward the national visibility goal referred to in 40 CFR 51.300(a), taking into account the costs of compliance, the time necessary for compliance, the energy and nonair quality environmental impacts of compliance, and the useful life of the source.
 4. If the Director concurs with the analysis, the Director shall deny the permit or permit revision.
 5. If the Director finds that the analysis does not demonstrate to the satisfaction of the Director that an adverse impact on visibility will result in the federal Class I area or integral vista, the Director shall, in the notice required by R18-2-402(I)(2)(c), either explain that decision or give notice as to where the explanation can be obtained.
- E. Federal Land Manager Analysis Showing Adverse Impact Despite Compliance with Maximum Allowable Increases for Class I Area.**
1. Within 30 days after the notification required by subsection (C)(3), the Federal Land Manager may present to the Director a demonstration that the emissions attributed to a new major source or major modification would have an adverse impact on visibility or other specifically defined air quality related values of any mandatory federal Class I area, even though the change in air quality resulting from emissions attributable to the source or modification will not cause or contribute to concentrations that exceed the maximum increases allowed for the area in R18-2-218.
 2. If the Director concurs with the demonstration, the Director shall not issue a permit or permit revision for the major source or major modification.
- F. Class I Variance with Federal Land Manager Concurrence.**
1. The owner or operator of a proposed source or modification may demonstrate to the Federal Land Manager that emissions from the source will have no adverse impact on the air quality related values (including visibility) of federal Class I areas, even though the change in air quality resulting from emissions from the source or modification are projected to cause or contribute to concentrations that exceed the maximum increases allowed for a Class I area under R18-2-218.
 2. If the Federal land manager concurs with the demonstration and so certifies to the Director, the Director may issue the permit, provided that:
 - a. Applicable requirements are otherwise met; and
 - b. The permit contains emission limits necessary to assure that emissions of sulfur dioxide, PM_{2.5}, PM₁₀, and nitrogen oxides will not cause increases in ambient concentrations of those pollutants exceeding the following maximum allowable increases over minor source baseline concentrations:

Pollutant	Maximum allowable increase (micrograms per cubic meter)
PM _{2.5} :	
Annual arithmetic mean	4

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

24-hr maximum	9
PM ₁₀ :	
Annual arithmetic mean	17
24-hr maximum	30
Sulfur dioxide:	
Annual arithmetic mean	20
24-hr maximum	91
3-hr maximum	325
Nitrogen dioxide	
Annual arithmetic mean	25

G. Class I Sulfur Dioxide Variance by Governor with Concurrence by Federal Land Manager or President.

1. The owner or operator of a proposed source or modification that cannot be approved under subsection (F) may demonstrate to the Governor that the source cannot be constructed by reason of any maximum allowable increase for sulfur dioxide for a period of twenty-four hours or less applicable to any Class I area and, in the case of mandatory federal Class I areas, that a variance under this clause would not adversely affect the air quality related values of the area (including visibility). The Governor, after consideration of the Federal Land Manager's recommendation (if any) and subject to his concurrence, may, after notice and public hearing, grant a variance from the maximum allowable increase. If the variance is granted, the Director shall issue a permit or permit to the source or modification pursuant to the requirements of subsection (G)(3), provided that the applicable requirements of R18-2-406 are otherwise met.
2. In any case where the Governor recommends a variance in which the Federal Land Manager does not concur, the recommendations of the Governor and the Federal Land Manager shall be transmitted to the President. The President may approve the Governor's recommendation if the President finds that the variance is in the national interest. If the variance is approved, the Director shall issue a permit pursuant to subsection (G)(3), provided that the applicable requirements of R18-2-406 are otherwise met.
3. In the case of a permit issued pursuant to subsection (G)(1) or (G)(2) the source or modification shall comply with emission limitations necessary to assure that emissions of sulfur dioxide from the source or modification will not (during any day on which the otherwise applicable maximum allowable increases are exceeded) cause or contribute to concentrations that would exceed the following maximum allowable increases over the baseline concentration and to assure that the emissions will not cause or contribute to concentrations that exceed the otherwise applicable maximum allowable increases for periods of exposure of 24 hours or less for more than 18 days, not necessarily consecutive, during any annual period:

Maximum Allowable Increase [Micrograms per cubic meter]		
Period of exposure	Terrain areas	
	Low	High
24-hr maximum	36	62
3-hr maximum	130	221

H. Visibility Monitoring. The Director may require monitoring of visibility in any federal Class I area near a proposed major

source or major modification for such purposes and by such means as the Director deems necessary and appropriate.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-410 renumbered without change as Section R18-2-410 (Supp. 87-3). Section R18-2-410 renumbered to R18-2-610, new Section R18-2-410 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-411. Permit Requirements for Sources that Locate in Attainment or Unclassifiable Areas and Cause or Contribute to a Violation of Any National Ambient Air Quality Standard

- A. Except as provided in subsection (C) or (D), the Director shall deny a permit or permit revision to any major source or major modification that would locate in any attainment or unclassified area, if the source or modification would cause or contribute to a violation of any national ambient air quality standard.
- B. A major source or major modification will be considered to cause or contribute to a violation of a national ambient air quality standard when the source or modification would, at a minimum, cause an increase in the concentrations of a regulated NSR pollutant that exceeds the significance level at any locality that does not, or as a result of the increase would not, meet the standard.
- C. A proposed major source or major modification subject to subsection (A) may reduce the impact of its emissions upon air quality by obtaining sufficient emission reductions to, at a minimum, compensate for its adverse ambient impact where the major source or major modification would otherwise cause or contribute to a violation of any national ambient air quality standard.
- D. Subsection (A) shall not apply to a major stationary source or major modification with respect to a particular pollutant if the owner or operator demonstrates that, as to that pollutant, the source or modification is located in an area designated as non-attainment pursuant to section 107 of the Act.

Historical Note

Adopted effective November 15, 1993 (Supp. 93-4). Section repealed by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). New Section made by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-412. PALs

- A. Applicability.
 1. The Director may approve the use of a PAL for any existing major source if the PAL meets the requirements of this Section.
 2. Any physical change in or change in the method of operation of a major stationary source that maintains its total source-wide emissions below the PAL level, meets the requirements of this Section, and complies with the PAL permit:
 - a. Is not a major modification for the PAL pollutant,
 - b. Does not have to be approved under R18-2-403 or R18-2-406, and
 - c. Is not subject to the provisions in R18-2-403(C) or R18-2-406(M).
 3. Except as provided under subsection (A)(2)(c), a major stationary source shall continue to comply with all applicable federal or state requirements, emission limitations, and work practice requirements that were established prior to the effective date of the PAL.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- B.** Permit application requirements. As part of a permit application requesting a PAL, the owner or operator of a major source shall submit the following information to the Director for approval:
1. A list of all emissions units at the source designated as small, significant or major based on their potential to emit. In addition, the owner or operator of the source shall indicate which, if any, federal or state applicable requirements, emission limitations, or work practices apply to each unit.
 2. Calculations of the baseline actual emissions (with supporting documentation). Baseline actual emissions shall include emissions associated not only with operation of the unit, but also emissions associated with the startup, shutdown and malfunction.
 3. The calculation procedures that the major source owner or operator proposes to use to convert the monitoring system data to monthly emissions and annual emissions based on a 12-month rolling total for each month as required by subsection (L)(1).
- C.** General requirements for establishing PALs.
1. The Director is allowed to establish a PAL at a major source, provided that at a minimum, the following requirements are met:
 - a. The PAL shall impose an annual emission limitation in tons per year, that is enforceable as a practical matter, for the entire major source. For each month during the PAL effective period after the first 12 months of establishing a PAL, the major source owner or operator shall show that the sum of the monthly emissions from each emissions unit under the PAL for the previous 12 consecutive months is less than the PAL (a 12-month sum, rolled monthly). For each month during the first 11 months from the PAL effective date, the major source owner or operator shall show that the sum of the preceding monthly emissions from the PAL effective date for each emissions unit under the PAL is less than the PAL.
 - b. The PAL shall be established in a PAL permit that meets the requirements in subsection (D).
 - c. The PAL permit shall contain all the requirements of subsection (F).
 - d. The PAL shall include fugitive emissions, to the extent quantifiable, from all emissions units that emit or have the potential to emit the PAL pollutant at the major source.
 - e. Each PAL shall regulate emissions of only one pollutant.
 - f. Each PAL shall have a PAL effective period of 10 years.
 - g. The owner or operator of the major source with a PAL shall comply with the monitoring, recordkeeping, and reporting requirements provided in subsections (K) through (M) for each emissions unit under the PAL through the PAL effective period.
 2. At no time (during or after the PAL effective period) are emissions reductions of a PAL pollutant that occur during the PAL effective period creditable as decreases for purposes of offsets under R18-2-404 unless the level of the PAL is reduced by the amount of such emissions reductions and such reductions would be creditable in the absence of the PAL.
- D.** Action on PAL permit application. A PAL permit application shall be processed in accordance with one of the following:
1. As an initial Class I permit pursuant to R18-2-304.
 2. As a renewal of a Class I permit pursuant to R18-2-322.
 3. As a significant revision to a Class I permit pursuant to R18-2-320.
- E.** Setting the 10-year actuals PAL level.
1. Except as provided in subsection (E)(2), the PAL level for a major source shall be established as the sum of the baseline actual emissions of the PAL pollutant for each emissions unit at the source; plus an amount equal to the applicable significant level for the PAL pollutant. When establishing the PAL level, only one consecutive 24-month period must be used to determine the baseline actual emissions for all existing emissions units. However, a different consecutive 24-month period may be used for each different PAL pollutant. Emissions associated with units that were permanently shut down after this 24-month period must be subtracted from the PAL level. The Director shall specify a reduced PAL level(s) (in tons/yr) in the PAL permit to become effective on the future compliance date(s) of any applicable federal or state regulatory requirement(s) that the Director is aware of prior to issuance of the PAL permit. For instance, if the source owner or operator will be required to reduce emissions from industrial boilers in half from baseline emissions of 60 ppm NO_x to a new rule limit of 30 ppm, then the permit shall contain a future effective PAL level that is equal to the current PAL level reduced by half of the original baseline emissions of such unit(s).
 2. For newly constructed units (which do not include modifications to existing units) on which actual construction began after the 24-month period, in lieu of adding the baseline actual emissions as specified in subsection (E)(1), the emissions must be added to the PAL level in an amount equal to the potential to emit of the units.
- F.** Contents of the PAL permit. The PAL permit must contain, at a minimum, the following information:
1. The PAL pollutant and the applicable source-wide emission limitation in tons per year.
 2. The PAL permit effective date and the expiration date of the PAL (PAL effective period).
 3. Specification in the PAL permit that if a major source owner or operator applies to renew a PAL in accordance with subsection (I) before the end of the PAL effective period, then the PAL shall not expire at the end of the PAL effective period. It shall remain in effect until a revised PAL permit is issued by the Director.
 4. A requirement that emission calculations for compliance purposes must include emissions from startups, shutdowns, and malfunctions.
 5. A requirement that, once the PAL expires, the major source is subject to the requirements of subsection (H).
 6. The calculation procedures that the major source owner or operator shall use to convert the monitoring system data to monthly emissions and annual emissions based on a 12-month rolling total as required by subsection (L)(1).
 7. A requirement that the major source owner or operator monitor all emissions units in accordance with the provisions under subsection (K).
 8. A requirement to retain the records required under subsection (L) onsite. Such records may be retained in an electronic format.
 9. A requirement to submit the reports required under subsection (M) by the required deadlines.
 10. Any other requirements that the Director deems necessary to implement and enforce the PAL.
- G.** PAL effective period and reopening of the PAL permit.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

1. PAL effective period. The Director shall specify a PAL effective period of 10 years.
2. Reopening of the PAL permit.
 - a. During the PAL effective period, the Director must reopen the PAL permit to:
 - i. Correct typographical/calculation errors made in setting the PAL or reflect a more accurate determination of emissions used to establish the PAL,
 - ii. Reduce the PAL if the owner or operator of the major source creates creditable emissions reductions for use as offsets under R18-2-404, and
 - iii. Revise the PAL to reflect an increase in the PAL as provided under subsection (J).
 - b. The Director shall have discretion to reopen the PAL permit for the following:
 - i. Reduce the PAL to reflect new federal applicable requirements with compliance dates after the PAL effective date;
 - ii. Reduce the PAL consistent with any other requirement, that is enforceable as a practical matter, and that the state may impose on the major source under the State Implementation Plan; and
 - iii. Reduce the PAL if the Director determines that a reduction is necessary to avoid causing or contributing to a violation of a national ambient air quality standard or a maximum increase allowed under R18-2-208, or to an adverse impact on an air quality related value that has been identified for a federal Class I area by a Federal Land Manager and for which information is available to the general public.
 - c. Except for the permit reopening in subsection (G)(2)(a)(i) for the correction of typographical/calculation errors that do not increase the PAL level, all other reopenings shall be carried out in accordance with the public participation requirements of subsection (D).
- H. Expiration of a PAL. Any PAL that is not renewed in accordance with the procedures in subsection (I) shall expire at the end of the PAL effective period, and the following requirements shall apply.
 1. Each emissions unit (or each group of emissions units) that existed under the PAL shall comply with an allowable emission limitation under a revised permit established according to the following procedures.
 - a. Within the time-frame specified for PAL renewals in subsection (I)(2), the major source shall submit a proposed allowable emission limitation for each emissions unit (or each group of emissions units, if such a distribution is more appropriate) by distributing the PAL allowable emissions for the major source among each of the emissions units that existed under the PAL. If the PAL had not yet been adjusted for an applicable requirement that became effective during the PAL effective period, as would be required under subsection (I)(5), such distribution shall be made as if the PAL had been adjusted.
 - b. The Director shall decide how the PAL allowable emissions will be distributed and issue a revised permit incorporating allowable limits for each emissions unit, or each group of emissions units, as the Director determines is appropriate.
 2. Each emissions unit(s) shall comply with the allowable emission limitation on a 12-month rolling basis. The Director may approve the use of monitoring systems (source testing, emission factors, etc.) other than CEMS, CERMS, PEMS, or CPMS to demonstrate compliance with the allowable emission limitation.
 3. Until the Director issues the revised permit incorporating allowable limits for each emissions unit, or each group of emissions units, as required under subsection (H)(1)(b), the source shall continue to comply with a source-wide, multi-unit emissions cap equivalent to the level of the PAL emission limitation.
 4. Any physical change or change in the method of operation at the major source will be subject to the nonattainment major NSR requirements if such change meets the definition of major modification.
 5. The major source owner or operator shall continue to comply with any applicable requirements that may have applied either during the PAL effective period or before the PAL effective period except for those emission limitations that had been established pursuant to R18-2-403(C) or R18-2-406(H), but were eliminated by the PAL in accordance with subsection (A)(2)(c).
- I. Renewal of a PAL.
 1. The Director shall follow the procedures specified in subsection (D) in approving any request to renew a PAL for a major source, and shall provide both the proposed PAL level and a written rationale for the proposed PAL level to the public for review and comment. During such public review, any person may propose a PAL level for the source for consideration by the Director.
 2. Application deadline. A major source owner or operator shall submit a timely application to the Director to request renewal of a PAL. A timely application is one that is submitted at least six months prior to, but not earlier than 18 months from, the date of permit expiration. This deadline for application submittal is to ensure that the permit will not expire before the permit is renewed. If the owner or operator of a major source submits a complete application to renew the PAL within this time period, then the PAL shall continue to be effective until the revised permit with the renewed PAL is issued.
 3. Application requirements. The application to renew a PAL permit shall contain the following information.
 - a. The information required in subsections (B)(1) through (3).
 - b. A proposed PAL level.
 - c. The sum of the potential to emit of all emissions units under the PAL (with supporting documentation).
 - d. Any other information the owner or operator wishes the Director to consider in determining the appropriate level for renewing the PAL.
 4. PAL adjustment. In determining whether and how to adjust the PAL, the Director shall consider the options outlined in subsections (I)(4)(a) and (b). However, in no case may any such adjustment fail to comply with subsection (I)(4)(c).
 - a. If the emissions level calculated in accordance with subsection (E) is equal to or greater than 80% of the PAL level, the Director may renew the PAL at the same level without considering the factors set forth in subsection (I)(4)(b); or
 - b. The Director may set the PAL at a level that the Director determines to be more representative of the source's baseline actual emissions, or that the Direc-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

tor determines to be more appropriate considering air quality needs, advances in control technology, anticipated economic growth in the area, desire to reward or encourage the source's voluntary emissions reductions, or other factors as specifically identified by the Director in the Director's written rationale.

- c. Notwithstanding subsections (I)(4)(a) and (b):
 - i. If the potential to emit of the major source is less than the PAL, the Director shall adjust the PAL to a level no greater than the potential to emit of the source; and
 - ii. The Director shall not approve a renewed PAL level higher than the current PAL, unless the PAL has been increased in accordance with subsection (J).

- 5. If the compliance date for an applicable requirement that applies to the PAL source occurs during the PAL effective period, and if the Director has not already adjusted for such requirement, the PAL shall be adjusted at the time of PAL permit renewal or renewal of the source's Class I permit, whichever occurs first.

J. Increasing a PAL during the PAL effective period.

- 1. The Director may increase a PAL emission limitation only if the following requirements are met:
 - a. The owner or operator of the major source shall submit a complete application to request an increase in the PAL limit for a PAL major modification. Such application shall identify the emissions unit(s) contributing to the increase in emissions so as to cause the major source's emissions to equal or exceed its PAL.
 - b. As part of this application, the major source owner or operator shall demonstrate that the sum of the baseline actual emissions of the small emissions units, plus the sum of the baseline actual emissions of the significant and major emissions units assuming application of BACT or LAER equivalent controls, plus the sum of the PAL allowable emissions of the new or modified emissions unit(s) exceeds the PAL. The level of control that would result from BACT or LAER equivalent controls on each significant or major emissions unit shall be determined by conducting a new BACT or LAER analysis at the time the application is submitted, as applicable for the particular PAL pollutant, unless the emissions unit is currently required to comply with a BACT or LAER requirement that was established within the preceding 10 years. In such a case, the assumed control level for that emissions unit shall be equal to the level of BACT or LAER with which that emissions unit must currently comply.
 - c. The owner or operator obtains a major NSR permit for all emissions unit(s) identified in subsection (J)(1)(a), regardless of the magnitude of the emissions increase resulting from them (that is, no significant levels apply). These emissions unit(s) shall comply with any emissions requirements resulting from the major NSR process (for example, BACT), even though they have also become subject to the PAL or continue to be subject to the PAL.
 - d. The PAL permit shall require that the increased PAL level shall be effective on the day any emissions unit that is part of the PAL major modification becomes operational and begins to emit the PAL pollutant.

- 2. The Director shall calculate the new PAL level as the sum of the PAL allowable emissions for each modified or new emissions unit, plus the sum of the baseline actual emissions of the significant and major emissions units (assuming application of BACT or LAER equivalent controls as determined in accordance with subsection (J)(1)(b), plus the sum of the baseline actual emissions of the small emissions units.

- 3. The PAL permit shall be revised to reflect the increased PAL level pursuant to the public notice requirements of subsection (D).

K. Monitoring requirements for PALs.

- 1. General requirements.
 - a. Each PAL permit must contain enforceable requirements for the monitoring system that accurately determines plantwide emissions of the PAL pollutant in terms of mass per unit of time. Any monitoring system authorized for use in the PAL permit must be based on sound science and meet generally acceptable scientific procedures for data quality and manipulation. Additionally, the information generated by such system must meet minimum legal requirements for admissibility in a judicial proceeding to enforce the PAL permit.
 - b. The PAL monitoring system must employ one or more of the four general monitoring approaches meeting the minimum requirements set forth in subsections (K)(2)(a) through (d) and must be approved by the Director.
 - c. Notwithstanding subsection (K)(1)(b), the owner or operator may also employ an alternative monitoring approach if approved by the Director as meeting the requirements of subsection (K)(1)(a).
 - d. Failure to use a monitoring system that meets the requirements of this Section renders the PAL invalid.
- 2. Minimum performance requirements for approved monitoring approaches. The following are acceptable general monitoring approaches when conducted in accordance with the minimum requirements in subsections (K)(3) through (9):
 - a. Mass balance calculations for activities using coatings or solvents,
 - b. CEMS,
 - c. CPMS or PEMS, and
 - d. Emission factors.
- 3. Mass balance calculations. An owner or operator using mass balance calculations to monitor PAL pollutant emissions from activities using coating or solvents shall meet the following requirements:
 - a. Provide a demonstrated means of validating the published content of the PAL pollutant that is contained in or created by all materials used in or at the emissions unit;
 - b. Assume that the emissions unit emits all of the PAL pollutant that is contained in or created by any raw material or fuel used in or at the emissions unit, if it cannot otherwise be accounted for in the process; and
 - c. Where the vendor of a material or fuel, which is used in or at the emissions unit, publishes a range of pollutant content from such material, the owner or operator must use the highest value of the range to calculate the PAL pollutant emissions unless the Director determines there is site-specific data or a

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- site-specific monitoring program to support another content within the range.
4. CEMS. An owner or operator using CEMS to monitor PAL pollutant emissions shall meet the following requirements:
 - a. CEMS must comply with applicable Performance Specifications found in 40 CFR 60, Appendix B; and
 - b. CEMS must sample, analyze and record data at least every 15 minutes while the emissions unit is operating.
 5. CPMS or PEMS. An owner or operator using CPMS or PEMS to monitor PAL pollutant emissions shall meet the following requirements:
 - a. The CPMS or the PEMS must be based on current site-specific data demonstrating a correlation between the monitored parameter(s) and the PAL pollutant emissions across the range of operation of the emissions unit; and
 - b. Each CPMS or PEMS must sample, analyze, and record data at least every 15 minutes, or at another less frequent interval approved by the Director, while the emissions unit is operating.
 6. Emission factors. An owner or operator using emission factors to monitor PAL pollutant emissions shall meet the following requirements:
 - a. All emission factors shall be adjusted, if appropriate, to account for the degree of uncertainty or limitations in the factors' development;
 - b. The emissions unit shall operate within the designated range of use for the emission factor, if applicable; and
 - c. If technically practicable, the owner or operator of a significant emissions unit that relies on an emission factor to calculate PAL pollutant emissions shall conduct validation testing to determine a site-specific emission factor within six months of PAL permit issuance, unless the Director determines that testing is not required.
 7. A source owner or operator must record and report maximum potential emissions without considering enforceable emission limitations or operational restrictions for an emissions unit during any period of time that there is no monitoring data, unless another method for determining emissions during such periods is specified in the PAL permit.
 8. Notwithstanding the requirements in subsections (K)(3) through (7), where an owner or operator of an emissions unit cannot demonstrate a correlation between the monitored parameter(s) and the PAL pollutant emissions rate at all operating points of the emissions unit, the Director shall, at the time of permit issuance:
 - a. Establish default value(s) for determining compliance with the PAL based on the highest potential emissions reasonably estimated at such operating point(s), or
 - b. Determine that operation of the emissions unit during operating conditions when there is no correlation between monitored parameter(s) and the PAL pollutant emissions is a violation of the PAL.
 9. Re-validation. All data used to establish the PAL pollutant must be re-validated through performance testing or other scientifically valid means approved by the Director. Such testing must occur at least once every five years after issuance of the PAL.
- L. Recordkeeping requirements.**
1. The PAL permit shall require an owner or operator to retain a copy of all records necessary to determine compliance with any requirement of this Section and with the PAL, including a determination of each emissions unit's 12-month rolling total emissions, for five years from the date of such record.
 2. The PAL permit shall require an owner or operator to retain a copy of the following records for the duration of the PAL effective period plus five years:
 - a. A copy of the PAL permit application and any applications for revisions to the PAL, and
 - b. Each annual certification of compliance pursuant to R18-2-309(2) and the data relied on in certifying compliance.
- M. Reporting and notification requirements.** The owner or operator shall submit semi-annual monitoring reports and prompt deviation reports to the Director in accordance with R18-2-306(A)(5). The reports shall meet the following requirements:
1. Semi-annual report. The semi-annual report shall be submitted to the Director within 30 days of the end of each reporting period. This report shall contain the following information:
 - a. The identification of owner and operator and the permit number.
 - b. Total annual emissions (tons/year) based on a 12-month rolling total for each month in the reporting period recorded pursuant to subsection (L)(1).
 - c. All data relied upon, including, but not limited to, any Quality Assurance or Quality Control data, in calculating the monthly and annual PAL pollutant emissions.
 - d. A list of any emissions units modified or added to the major source during the preceding six-month period.
 - e. The number, duration, and cause of any deviations or monitoring malfunctions (other than the time associated with zero and span calibration checks), and any corrective action taken.
 - f. A notification of a shutdown of any monitoring system, whether the shutdown was permanent or temporary, the reason for the shutdown, the anticipated date that the monitoring system will be fully operational or replaced with another monitoring system, and whether the emissions unit monitored by the monitoring system continued to operate, and the calculation of the emissions of the pollutant or the number determined by method included in the permit, as provided by subsection (K)(7).
 - g. A certification by the responsible official consistent with R18-2-304(I).
 2. Deviation report. The major source owner or operator shall promptly submit reports of any deviations or exceedance of the PAL permit requirements, including periods where no monitoring is available, in accordance with R18-2-306(A)(5). The reports shall contain the following information:
 - a. The identification of owner and operator and the permit number,
 - b. The PAL permit requirement that experienced the deviation or that was exceeded,
 - c. Emissions resulting from the deviation or the exceedance, and
 - d. A certification by the responsible official consistent with R18-2-304(I).
 3. Re-validation results. The owner or operator shall submit to the Director the results of any re-validation test or

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

method within three months after completion of such test or method.

Historical Note

New Section made by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

ARTICLE 5. GENERAL PERMITS**R18-2-501. Applicability**

- A. The Director may issue general permits for a facility class that contains 10 or more facilities that are similar in nature, have substantially similar emissions, and would be subject to the same or substantially similar requirements governing operations, emissions, monitoring, reporting, or recordkeeping. "Similar in nature" refers to facility size, processes, and operating conditions.
- B. The Director may issue general permits, in accordance with subsection (A), with emission limitations, controls, or other requirements that meet the requirements of R18-2-306.01. A source that seeks to vary from such a general permit, and obtain an emission limitation, control, or other requirement not contained in that general permit, shall apply for a permit pursuant to Article 3 of this Chapter.
- C. General permits shall not be issued for affected sources except as provided in regulations promulgated by the Administrator under Title IV of the Act.
- D. Unless otherwise stated, the provisions of Article 3 shall apply to general permits.

Historical Note

Former Section R18-2-501 renumbered to R18-2-502, new Section R18-2-501 adopted effective September 26, 1990 (Supp. 90-3). Former Section R18-2-501 renumbered to R18-2-701; new Section adopted effective November 15, 1993 (Supp. 93-4). Amended effective August 1, 1995 (Supp. 95-3).

R18-2-502. General Permit Development

- A. The Director may issue a general permit on the Director's own initiative or in response to a petition.
- B. Any person may submit a petition to the Director requesting the issuance of a general permit for a defined class of facilities. The petition shall propose a particular class of facilities, and list the approximate number of facilities in the proposed class along with their size, processes, and operating conditions, and demonstrate how the class meets the criteria for a general permit as specified in R18-2-501 and A.R.S. § 49-426(H). The Director shall provide a written response to the petition within 120 days of receipt.
- C. General permits shall be issued for classes of facilities using the same engineering principles that applies to permits for individual sources and following the public notice requirements of R18-2-504.
- D. General permits shall include all of the following:
 - 1. All elements required by R18-2-306(A) except R18-2-306(A)(2)(b) and (6).
 - 2. The process for individual sources to apply for coverage under the general permit.
- E. General permits may include conditions imposed under R18-2-515.

Historical Note

Former Section R9-3-501 repealed, new Section R9-3-501 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended

subsection (D) effective June 19, 1981 (Supp. 81-3). Amended subsections (C) and (D) effective February 2, 1982 (Supp. 82-1). Amended subsection (D) effective May 25, 1982 (Supp. 82-3). Former Section R9-3-501 renumbered without change as Section R18-2-501 (Supp. 87-3). Former Section R18-2-502 repealed, new Section R18-2-502 renumbered from R18-2-501 and amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-502 renumbered to R18-2-702; new Section R18-2-502 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-503. Application for Coverage under General Permit

- A. Once the Director has issued a general permit, any source which is a member of the class of facilities covered by the general permit may apply to the Director for authority to operate under the general permit. At the time the Director issues a general permit, the Director may also establish a specific application form with filing instructions for sources in the category covered by the general permit. Applicants shall complete the specific application form or, if a specific form has not been adopted, the standard application form provided under R18-2-304(B). The specific application form shall, at a minimum, require the applicant to submit the following information:
 - 1. Information identifying and describing the source, its processes, and operating conditions in sufficient detail to allow the Director to determine qualification for, and to assure compliance with, the general permit.
 - 2. A compliance plan that meets the requirements of R18-2-514.
- B. For sources required to obtain a permit under Title V of the Act, the Director shall provide the Administrator with a permit application summary form and any relevant portion of the permit application and compliance plan. To the extent possible, this information shall be provided in computer-readable format compatible with the Administrator's national database management system.
- C. The Director shall act on the application for coverage under a general permit as expeditiously as possible. The source may operate under the terms of the applicable general permit during that time. The Director may defer acting on an application under this subsection (if) the Director has provided notice of intent to renew or not renew the permit.
- D. The Director shall deny an application for coverage from any Class I source that is subject to case-by-case standards or requirements.
- E. Upon notification from the Director of the availability of a web portal to apply for and obtain a general permit, an applicant shall file all applications and conduct all transactions related to the general permit through the portal.

Historical Note

Former Section R9-3-503 repealed, new Section R9-3-503 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (C), paragraph (6) effective June 19, 1981 (Supp. 81-3). Amended subsection (C) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-503 renumbered without change as Section R18-2-503 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-503 renumbered to R18-2-703; new Section R18-2-503 adopted effective November 15,

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-504. Public Notice

- A. This Section applies to issuance, revision, or renewal of a general permit.
- B. The Director shall provide public notice for any proposed new general permit, for any revision of an existing general permit, and for renewal of an existing general permit.
- C. The Director shall publish notice of the proposed general permit once each week for two consecutive weeks in a newspaper of general circulation in each county and shall provide at least 30 days from the date of the first notice for public comment. The notice shall describe the following:
 1. The proposed permit;
 2. The category of sources that would be affected;
 3. The air contaminants which the Director expects to be emitted by a typical facility in the class and the class as a whole;
 4. The Director's proposed actions and effective date for the actions;
 5. Locations where documents relevant to the proposed permit will be available during normal business hours;
 6. The name, address, and telephone number of a person within the Department who may be contacted for further information;
 7. The address where any person may submit comments or request a public hearing and the date and time by which comments or a public hearing request are required to be received;
 8. The process by which sources may obtain authorization to operate under the general permit.
- D. A copy of the notice required by subsection (C), shall be sent to the Administrator through the appropriate regional office, and to all other state and local air pollution control agencies in the state. The notice shall also be sent to any other agency in the state having responsibility for implementing the procedures required under 40 CFR 51, I. For general permits under which operation may be authorized in lieu of Class I permits, the Director shall provide the proposed final permit to the Administrator after public and affected state review. No Class I permit shall be issued if the Administrator properly objects to its issuance in writing within 45 days from receipt of the proposed final permit and any necessary supporting information from the Director.
- E. By no later than the date notice is first published under subsection (A), the Department shall make copies of the following materials available at a public location in each county and at each Department office:
 1. The proposed general permit;
 2. The Department's analysis in support of the grant of the general permit;
 3. All other materials available to the Director that are relevant to the permit decision.
- F. Written comments to the Director shall include the name of the person and the person's agent or attorney and shall clearly set forth reasons why the general permit should or should not be issued pursuant to the criteria for issuance in A.R.S. §§ 49-426 and 49-427 and this Chapter.
- G. At the time a general permit is issued, the Director shall make available a response to all relevant comments on the proposed permit raised during the public comment period and during any requested public hearing. The response shall specify which provisions, if any, of the proposed permit have been changed and the reason for the changes. The Director shall

also notify in writing any petitioner and each person who has submitted written comments on the proposed general permit or requested notice of the final permit decision.

Historical Note

Former Section R9-3-504 repealed, new Section R9-3-504 adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-504 renumbered without change as Section R18-2-504 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-504 renumbered to R18-2-704; new Section R18-2-504 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-505. General Permit Renewal

- A. The Director shall review and may renew general permits every five years. A source's authorization to operate under a general permit shall coincide with the term of the general permit regardless of when the authorization began during the five-year period, except as provided in R18-2-510(C). In addition to the public notice required to issue a proposed permit under R18-2-504, the Director shall notify in writing all sources who have been granted, or who have applications pending for, authorization to operate under the permit. The written notice shall describe the source's duty to reapply and may include requests for information required under the proposed permit.
- B. At the time a general permit is renewed, the Director shall notify in writing all sources who were granted coverage under the previous permit and shall require them to submit a timely renewal application. For purposes of general permits, a timely application is one that is submitted within the time-frame specified by the Director in the written notification. Until such time that a timely application is submitted, the source shall continue to comply with the previously issued general permit coverage. Upon submittal of a timely application, the source shall comply with the renewed permit. Failure to submit a timely application terminates the source's right to operate.

Historical Note

Former Section R9-3-1007 renumbered effective January 13, 1976 (Supp. 76-1). Former Section R9-3-505 repealed, new Section R9-3-505 adopted effective May 14, 1979 (Supp. 79-1). Editorial corrections, subsection (B), paragraph (5), and subsection (D), paragraph (1), subparagraph (d) (Supp. 80-2). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (B) effective May 28, 1982 (Supp. 82-3). Amended subsection (B) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-505 renumbered without change as Section R18-2-505 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-505 renumbered to R18-2-705; new Section R18-2-505 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-506. Relationship to Individual Permits

Any source covered under a general permit may request to be excluded from coverage by applying for an individual source permit. Coverage under the general permit shall terminate on the date the individual permit is issued.

Historical Note

Former Section R9-3-1008 renumbered effective January 13, 1976 (Supp. 76-1). Former Section R9-3-506 repealed, new Section R9-3-506 adopted effective May

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (C), paragraph (1) effective June 19, 1981 (Supp. 81-3). Former Section R9-3-506 renumbered without change as Section R18-2-506 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-506 renumbered to R18-2-706; new Section R18-2-506 adopted effective November 15, 1993 (Supp. 93-4).

R18-2-507. Repealed**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-507 renumbered without change as Section R18-2-507 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-507 renumbered to R18-2-707; new Section R18-2-507 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 12 A.A.R. 1953, effective January 1, 2007 (Supp. 06-2). Repealed by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-508. Repealed**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (B) effective May 28, 1982 (Supp. 82-3). Amended subsection (B) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-508 renumbered without change as Section R18-2-508 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-508 renumbered to R18-2-708; new Section R18-2-508 adopted effective November 15, 1993 (Supp. 93-4). Repealed by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-509. General Permit Appeals

Any person who filed a comment on a proposed general permit as provided in R18-2-504 may appeal the terms and conditions of the general permit, as they apply to the facility class covered under a general permit, by filing an appeal with the Office of Administrative Hearings within 30 days after receipt of notice that the general permit has been issued.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-509 renumbered without change as Section R18-2-509 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-509 renumbered to R18-2-709; new Section R18-2-509 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 12 A.A.R. 4698, effective February 3, 2007 (Supp. 06-4).

R18-2-510. Terminations of General Permits and Revocations of Authority to Operate under a General Permit

- A. The Director may terminate a general permit at any time if:
1. The Director has determined that the emissions from the sources in the facility class cause or contribute to ambient air quality standard violations which are not adequately addressed by the requirements in the general permit, or
 2. The Director has determined that the terms and conditions of the general permit no longer meet the requirements of A.R.S. §§ 49-426 and 49-427.

- B. The Director shall provide written notice to all sources operating under a general permit prior to termination of a general permit. Such notice shall include an explanation of the basis for the proposed action. Within 180 days of receipt of the notice of the expiration, termination or cancellation of any general permit, sources notified shall submit an application to the Director for an individual permit.
- C. The Director may require a source authorized to operate under a general permit to apply for and obtain an individual source permit at any time if the source is not in compliance with the terms and conditions of the general permit.
- D. If the Director revokes a source's authority to operate under a general permit pursuant to subsection (C), the Director shall notify the permittee by certified mail, return receipt requested. The notice shall include a statement detailing the grounds for the revocation of authority and a statement that the permittee is entitled to a hearing. A source previously authorized to operate under a general permit may operate under the terms of the general permit until the earlier of the date it submits a complete application for an individual permit, at which time it may operate under that application, or 180 days after receipt of the notice of revocation of authority to operate under the general permit.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended subsections (E)(3) and (E)(4) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-510 renumbered without change as Section R18-2-510 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-510 renumbered to R18-2-710; new Section R18-2-510 adopted effective November 15, 1993 (Supp. 93-4).

R18-2-511. Fees Related to General Permits

- A. Permit Processing Fee. The owner or operator of a source that applies for authority to operate under a general permit shall pay to the Director \$500 with the submittal of each application. This fee applies to the owner or operator of any source who intends to continue operating under the authority of a general permit that has been proposed for renewal. This fee also applies to requests for new Authorizations to Operate (ATOs) for new equipment.
- B. Administrative or Inspection Fee. The owner or operator of a source required to have a general permit, that has undergone initial startup by January 1, shall pay, for each calendar year, the applicable administrative or inspection fee from the table below, by February 1 or 60 days after the Director mails the invoice, whichever is later.

General Permit Source Category	Administrative Fee
Class I Title V General Permits	Administrative fee for category from R18-2-326(C)
Class II Title V Small Source	\$750
Other Class II Title V General Permits	\$4,520
	Inspection Fee
Class II Non-Title V Crematories	\$1,500
Other Class II Non-Title V General Permits	\$3,020

Historical Note

Former Section R18-2-511 renumbered to R18-2-711;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

new Section R18-2-511 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 5670, effective January 1, 2002 (Supp. 01-4). Amended by final rulemaking at 10 A.A.R. 4767, effective November 4, 2004 (Supp. 04-4). Amended by final rulemaking at 13 A.A.R. 4379, effective December 4, 2007 (Supp. 07-4).

R18-2-512. Changes to Facilities Granted Coverage under General Permits

- A. This Section applies to changes made at a facility that has been granted coverage under a general permit.
- B. Facility Changes that Require New Authorization to Operate. The following changes at a source that has been granted coverage under a general permit shall be made only after the source requests new authorization to operate from the Director:
 1. Adding new emissions units that require new authorization to operate,
 2. Installing replacement emissions units that require authorization to operate.
- C. Facility Changes that Do Not Require Authorization to Operate. The following changes at a source that has been granted coverage under a general permit shall be made only after the source provides notification to the Department:
 1. Adding new emissions units that do not require authorization to operate,
 2. Installing a replacement emissions unit with a higher capacity that does not require authorization to operate,
 3. Adding or replacing air pollution control equipment.
- D. A source that has been granted coverage under a general permit shall keep a record of any physical change or change in the method of operation that could affect emissions. The record shall include a description of the change and the date the change occurred.
- E. For sources that submit a request or notification under subsection (B) or (C), the applicant shall provide information identifying and describing the source, its processes, and operating conditions in sufficient detail to allow the Director to determine continued qualification for, and to assure compliance with, the general permit. The Director shall act on a request for new authority to operate under a general permit as expeditiously as possible. The source may operate under the terms of the applicable general permit during that time.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (A) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-512 renumbered without change as Section R18-2-512 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-712 effective November 15, 1993 (Supp. 93-4). New Section made by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-513. Portable Sources Covered under a General Permit

- A. This Section applies to sources that have been granted coverage under a general permit that allows for the operation of a source at more than one location.
- B. General permits developed by the Director for portable sources shall contain conditions that assure compliance with all applicable requirements at all authorized locations.
- C. Owners and operators that hold multiple coverages under the same general permit:
 1. Shall have separate coverage under the general permit for each location at which each portable source operates.
 2. Until the Director notifies permittees of the availability of a web portal under R18-2-503(E), may move equipment between portable sources without obtaining a new authorization to operate. At no time shall an owner or operator move equipment to a portable source if the move would cause emissions from the portable source to exceed emission limitations in the general permit. Equipment from a portable source covered by one general permit shall not be moved to a portable source covered by a different general permit, unless the owner or operator obtains a new authorization to operate under the general permit covering the new location.
 3. After the Director notifies permittees of the availability of a web portal under R18-2-503(E), must use the portal to obtain authorizations to operate for each location at which the equipment will operate.

- D. A portable source that will operate for the duration of its permit solely in one county that has established a local air pollution control program pursuant to A.R.S. § 49-479 shall obtain a permit from that county. A portable source with a county permit shall not operate in any other county. A portable source that has been granted coverage under a general permit that subsequently obtains a county permit shall request that the Director terminate the coverage under the general permit. Upon issuance of the county permit, the coverage under the general permit issued by the Director is no longer valid.
- E. A portable source which has a county permit but proposes to operate outside that county may obtain coverage under a general permit from the Director. A portable source that has a permit issued by a county and obtains coverage under a general permit issued by the Director shall request that the county terminate the permit. Upon issuance of coverage under a general permit by the Director, the county permit is no longer valid. Before commencing operation in the new county, the source shall notify the Director and the control officer who has jurisdiction in the county that includes the new location according to subsection (F).
- F. A portable source granted coverage under a general permit may be transferred from one location to another provided that the owner or operator of the portable source notifies the Director and any control officer who has jurisdiction over the geographic area that includes the new location of the transfer prior to the transfer. The notification required under this subsection (shall) include:
 1. A description of the equipment to be transferred including the permit number and as appropriate the Authorization-to-Operate number for each piece of equipment;
 2. A description of the present location;
 3. A description of the new location;
 4. The date on which the equipment is to be moved;
 5. The date on which operation of the equipment will begin at the new location;
 6. A complete list of all equipment requiring authorization to operate that may be located at the new location; and
 7. Revised emissions calculations demonstrating that the equipment at the new location continues to qualify for the general permit under which the portable source has coverage.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Editorial correction, subsection (A), paragraph (2) (Supp. 80-2). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (A) effective May 28, 1982 (Supp. 82-3).

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Amended subsection (A) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-513 renumbered without change as Section R18-2-513 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-713 effective November 15, 1993 (Supp. 93-4). New Section made by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-514. General Permit Compliance Certification

- A.** A compliance certification submitted by the owner or operator of a stationary source covered by a general permit shall be on a form provided by the Director and shall include the following information:
1. The source's name, mailing address, contact person and contact person phone number, permit number, compliance reporting period, and physical address and location, if different than the mailing address.
 2. A certification of truth, accuracy, and completeness signed by the facility's responsible officer.
 3. Process information for the source, including design capacity, operations schedule, hours of operation, and total production.
 4. Method of documenting compliance and the status of compliance with all recordkeeping, reporting, monitoring, and testing requirements and all emission limitations and standards imposed in the permit.
- B.** Upon notification from the Director of the availability of a web portal to complete and submit a compliance certification, the owner or operator shall complete and submit all compliance certifications through the portal.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-514 renumbered without change as Section R18-2-514 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-714 effective November 14, 1993 (Supp. 93-4). New Section made by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-515. Minor NSR in General Permits

- A.** A general permit may include emission standards designed to assure that a stationary source covered by the permit will comply with minor new source review under R18-2-334(C). The emission standards may consist of any combination of the following:
1. Limits designed to assure that emissions from a stationary source that is a member of the class of facilities covered by the permit will not interfere with attainment or maintenance of a NAAQS.
 2. Limits imposing reasonably available control technology.
- B.** Except as provided in subsection (C), if a general permit includes emission standards under subsection (A), then any stationary source that is a member of the class of facilities covered by the permit or any minor NSR modification to such a source may comply with R18-2-334 by obtaining coverage under the permit.
- C.** An owner or operator seeking coverage under a general permit in order to obtain authorization to construct or make a minor NSR modification to a stationary source shall instead apply for an individual permit, if the Department determines there is reason to believe the source or modification could interfere with attainment or maintenance of any national ambient air

quality standard. In making this determination, the Department:

1. Shall consider the factors in R18-2-334(E)(1) to (6).
2. Shall consider whether the dispersion characteristics of the source are likely to result in higher ambient concentrations of a conventional pollutant than the modeling assumptions used to establish an emission standard under subsection (A)(1).
3. May apply a screening model to the source's emissions.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Section R9-3-515 will be repealed and new Section R9-3-515 adopted effective following the adoption of Article 7. Nonferrous Smelter Orders, filed September 18, 1979 for public hearing (Supp. 79-5). Section R9-3-515 adopted effective May 14, 1979, amended effective October 2, 1979 (Supp. 79-5). Article 7. Nonferrous Smelter Orders adopted effective January 8, 1980. Section R9-3-515 filed September 18, 1979 for public hearing and effective following the adoption of Article 7 now amended and effective January 8, 1980 (Supp. 80-1). Amended as an emergency effective March 6, 1980, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 80-2). Emergency adoption effective March 6, 1980 now adopted and amended effective July 9, 1980. Amended subsection (C), paragraph (1) effective August 29, 1980 (Supp. 80-4). Amended as an emergency effective October 9, 1980, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 80-5). Former emergency adoption effective October 9, 1980, now adopted and amended effective June 19, 1981 (Supp. 81-3). Amended subsection (B), paragraph (1) effective February 2, 1982 (Supp. 82-1). Amended effective May 25, 1982 (Supp. 82-3). Amended subsections ((C)(3) and (C)(5) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-515 renumbered without change as Section R18-2-515 (Supp. 87-3). Section amended and subsections (C)(1)(h) through (C)(7) renumbered to R18-2-515.01 and subsections (C)(8) through (C)(9) renumbered to R18-2-515.02 effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-715 effective November 15, 1993 (Supp. 93-4). New Section made by final rulemaking at 23 A.A.R. 333, effective March 21, 2017 (Supp. 17-1).

R18-2-515.01. Renumbered**Historical Note**

Section R18-2-515.01 renumbered from R18-2-515(C)(1)(h) through (C)(7) and amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-715.01 effective November 15, 1993 (Supp. 93-4).

R18-2-515.02. Renumbered**Historical Note**

R18-2-515.02 renumbered from R18-2-515(C)(8) through (C)(9) and amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-715.02 effective November 15, 1993 (Supp. 93-4).

R18-2-522. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (A) effective May 28, 1982 (Supp. 82-3). Amended subsection (A) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-522 renumbered without change as Section R18-2-522 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-722 effective November 15, 1993 (Supp. 93-4).

R18-2-523. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-523 renumbered without change as Section R18-2-523 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-2). Renumbered to R18-2-723 effective November 15, 1993 (Supp. 93-4).

R18-2-524. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Amended subsection (A) effective September 22, 1983 (Supp. 83-5). Former Section R9-3-524 renumbered without change as Section R18-2-524 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-724 effective November 15, 1993 (Supp. 93-4).

R18-2-525. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Editorial correction, subsection (B) (Supp. 79-6). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-525 renumbered without change as Section R18-2-525 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-725 effective November 15, 1993 (Supp. 93-4).

R18-2-526. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-526 renumbered without change as Section R18-2-526 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-726 effective November 15, 1993 (Supp. 93-4).

R18-2-527. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-527 renumbered without change as Section R18-2-527 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-727 effective November 15, 1993 (Supp. 93-4).

R18-2-528. Renumbered**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective July 9, 1980 (Supp. 80-4). Former Section R9-3-528 renumbered without change as Section R18-2-528 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-728 effective

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

November 15, 1993 (Supp. 93-4).

R18-2-529. Renumbered**Historical Note**

Adopted effective September 22, 1983 (Supp. 83-5). Former Section R9-3-529 renumbered without change as Section R18-2-529 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-729 effective November 15, 1993 (Supp. 93-4).

R18-2-530. Renumbered**Historical Note**

Adopted effective September 26, 1990 (Supp. 90-3). Renumbered to R18-2-730 effective November 15, 1993 (Supp. 93-4).

ARTICLE 6. EMISSIONS FROM EXISTING AND NEW NONPOINT SOURCES**R18-2-601. General**

For purposes of this Article, any source of air contaminants which due to lack of an identifiable emission point or plume cannot be considered a point source, shall be classified as a nonpoint source. In applying this criteria, such items as air-curtain destructors, heater-planners, and conveyor transfer points shall be considered to have identifiable plumes. Any affected facility subject to regulation under Article 7 of this Chapter or Title 18, Chapter 2, Article 9, shall not be subject to regulation under this Article.

Historical Note

Former Section R9-3-601 repealed, new Section R9-3-601 adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-601 renumbered without change as Section R18-2-601 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-601 renumbered to R18-2-801, new Section R18-2-601 renumbered from R18-2-401 and amended effective November 15, 1993 (Supp. 93-4). Section updated to reflect corrected citation reference (Supp. 08-1).

R18-2-602. Unlawful Open Burning

A. In addition to the definitions contained in A.R.S. § 49-501, in this Section:

1. "Agricultural burning" means burning vegetative materials related to producing and harvesting crops and raising animals for the purpose of marketing for profit, or providing a livelihood, but does not include burning of household waste or prohibited materials. A person may conduct agricultural burns in fields, piles, ditch banks, fence rows, or canal laterals for purposes such as weed control, waste disposal, disease and pest prevention, or site preparation.
2. "Approved waste burner" means an incinerator constructed of fire resistant material with a cover or screen that is closed when in use, and has openings in the sides or top no greater than one inch in diameter.
3. "Class I Area" means any one of the Arizona mandatory federal Class I areas defined in A.R.S. § 49-401.01.
4. "Construction burning" means burning wood or vegetative material from land clearing, site preparation, or fabrication, erection, installation, demolition, or modification of any buildings or other land improvements, but does not include burning household waste or prohibited material.
5. "Dangerous material" means any substance or combination of substances that is capable of causing bodily harm or property loss unless neutralized, consumed, or otherwise disposed of in a controlled and safe manner.
6. "Delegated authority" means any of the following:

- a. A county, city, town, air pollution control district, or fire district that has been delegated authority to issue open burning permits by the Director under A.R.S. § 49-501(E); or
 - b. A private fire protection service provider that has been assigned authority to issue open burning permits by one of the authorities in subsection (A)(6)(a).
7. "Director" means the Director of the Department of Environmental Quality, or designee.
 8. "Emission reduction techniques" means methods for controlling emissions from open outdoor fires to minimize the amount of emissions output per unit of area burned.
 9. "Flue," as used in this Section, means any duct or passage for air or combustion gases, such as a stack or chimney.
 10. "Household waste" means any solid waste including garbage, rubbish, and sanitary waste from a septic tank that is generated from households including single and multiple family residences, hotels and motels, bunkhouses, ranger stations, crew quarters, campgrounds, picnic grounds, and day-use recreation areas, but does not include construction debris, landscaping rubble, or demolition debris.
 11. "Independent authority to permit fires" means the authority of a county to permit fires by a rule adopted under Arizona Revised Statutes, Title 49, Chapter 3, Article 3, and includes only Maricopa, Pima, and Pinal counties.
 12. "Open outdoor fire or open burning" means the combustion of material of any type, outdoors and in the open, where the products of combustion are not directed through a flue. Open outdoor fires include agricultural, residential, prescribed, and construction burning, and fires using air curtain destructors.
 13. "Prohibited materials" means nonpaper garbage from the processing, storage, service, or consumption of food; chemically treated wood; lead-painted wood; linoleum flooring, and composite counter-tops; tires; explosives or ammunition; oleanders; asphalt shingles; tar paper; plastic and rubber products, including bottles for household chemicals; plastic grocery and retail bags; waste petroleum products, such as waste crankcase oil, transmission oil, and oil filters; transformer oils; asbestos; batteries; anti-freeze; aerosol spray cans; electrical wire insulation; thermal insulation; polyester products; hazardous waste products such as paints, pesticides, cleaners and solvents, stains and varnishes, and other flammable liquids; plastic pesticide bags and containers; and hazardous material containers including those that contained lead, cadmium, mercury, or arsenic compounds.
 14. "Residential burning" means open burning of vegetative materials conducted by or for the occupants of residential dwellings, but does not include burning household waste or prohibited material.
 15. "Prescribed burning" has the same meaning as in R18-2-1501.
- B.** Unlawful open burning. Notwithstanding any other rule in this Chapter, a person shall not ignite, cause to be ignited, permit to be ignited, allow, or maintain any open outdoor fire in a county without independent authority to permit fires except as provided in A.R.S. § 49-501 and this Section.
- C.** Open outdoor fires exempt from a permit. The following fires do not require an open burning permit from the Director or a delegated authority:
1. Fires used only for:
 - a. Cooking of food,
 - b. Providing warmth for human beings,

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- c. Recreational purposes,
 - d. Branding of animals,
 - e. Orchard heaters for the purpose of frost protection in farming or nursery operations, and
 - f. The proper disposal of flags under 4 U.S.C. 1, § 8.
2. Any fire set or permitted by any public officer in the performance of official duty, if the fire is set or permission given for the following purpose:
 - a. Control of an active wildfire; or
 - b. Instruction in the method of fighting fires, except that the person setting these fires must comply with the reporting requirements of subsection (D)(3)(f).
 3. Fire set by or permitted by the Director of Department of Agriculture for the purpose of disease and pest prevention in an organized, area-wide control of an epidemic or infestation affecting livestock or crops.
 4. Prescribed burns set by or assisted by the federal government or any of its departments, agencies, or agents, or the state or any of its agencies, departments, or political subdivisions, regulated under Article 15 of this Chapter.
- D. Open outdoor fires requiring a permit.**
1. The following open outdoor fires are allowed with an open burning permit from the Director or a delegated authority:
 - a. Construction burning;
 - b. Agricultural burning;
 - c. Residential burning;
 - d. Prescribed burns conducted on private lands without the assistance of a federal or state land manager as defined under R18-2-1501;
 - e. Any fire set or permitted by a public officer in the performance of official duty, if the fire is set or permission given for the purpose of weed abatement, or the prevention of a fire hazard, unless the fire is exempt from the permit requirement under subsection (C)(3);
 - f. Open outdoor fires of dangerous material under subsection (E);
 - g. Open outdoor fires of household waste under subsection (F); and
 - h. Open outdoor fires that use an air curtain destructor, as defined in R18-2-101.
 2. A person conducting an open outdoor fire in a county without independent authority to permit fires shall obtain a permit from the Director or a delegated authority unless exempted under subsection (C). Permits may be issued for a period not to exceed one year. A person shall obtain a permit by completing an ADEQ-approved application form.
 3. Open outdoor fire permits issued under this Section shall include:
 - a. A list of the materials that the permittee may burn under the permit;
 - b. A means of contacting the permittee authorized by the permit to set an open fire in the event that an order to extinguish the open outdoor fire is issued by the Director or the delegated authority;
 - c. A requirement that burns be conducted during the following periods, unless otherwise waived or directed by the Director on a specific day basis:
 - i. Year-round: ignite fire no earlier than one hour after sunrise; and
 - ii. Year-round: extinguish fire no later than two hours before sunset;
 - d. A requirement that the permittee conduct all open burning only during atmospheric conditions that:
 - i. Prevent dispersion of smoke into populated areas;
 - ii. Prevent visibility impairment on traveled roads or at airports that result in a safety hazard;
 - iii. Do not create a public nuisance or adversely affect public safety;
 - iv. Do not cause an adverse impact to visibility in a Class I area; and
 - v. Do not cause uncontrollable spreading of the fire;
 - e. A list of the types of emission reduction techniques that the permittee shall use to minimize fire emissions;
 - f. A reporting requirement that the permittee shall meet by providing the following information in a format provided by the Director for each date open burning occurred, on either a daily basis on the day of the fire, or an annual basis in a report to the Director or delegated authority due on March 31 for the previous calendar year:
 - i. The date of each burn;
 - ii. The type and quantity of fuel burned for each date open burning occurred;
 - iii. The fire type, such as pile or pit, for each date open burning occurred; and
 - iv. For each date open burning occurred, the legal location, to the nearest section, or latitude and longitude, to the nearest degree minute, or street address for residential burns;
 - g. A requirement that the person conducting the open burn notify the local fire-fighting agency or private fire protection service provider, if the service provider is a delegated authority, before burning. If neither is in existence, the person conducting the burn shall notify the state forester;
 - h. A requirement that the permittee start each open outdoor fire using items that do not cause the production of black smoke;
 - i. A requirement that the permittee attend the fire at all times until it is completely extinguished;
 - j. A requirement that the permittee provide fire extinguishing equipment on-site for the duration of the burn;
 - k. A requirement that the permittee ensure that a burning pit, burning pile, or approved waste burner be at least 50 feet from any structure;
 - l. A requirement that the permittee have a copy of the burn permit on-site during open burning;
 - m. A requirement that the permittee not conduct open burning when an air stagnation advisory, as issued by the National Weather Service, is in effect in the area of the burn or during periods when smoke can be expected to accumulate to the extent that it will significantly impair visibility in Class I areas;
 - n. A requirement that the permittee not conduct open burning when any stage air pollution episode is declared under R18-2-220;
 - o. A statement that the Director, or any other public officer, may order that the burn be extinguished or prohibit burning during periods of inadequate smoke dispersion, excessive visibility impairment, or extreme fire danger; and
 - p. A list of the activities prohibited and the criminal penalties provided under A.R.S. § 13-1706.
 4. The Director or a delegated authority shall not issue an open burning permit under this Section:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. That would allow burning prohibited materials other than under a permit for the burning of dangerous materials;
 - b. If the applicant has applied for a permit under this Section to burn a dangerous material which is also hazardous waste under 40 CFR 261, but does not have a permit to burn hazardous waste under 40 CFR 264, or is not an interim status facility allowed to burn hazardous waste under 40 CFR 265; or
 - c. If the burning would occur at a solid waste facility in violation of 40 CFR 258.24 and the Director has not issued a variance under A.R.S. § 49-763.01.
 - E. Open outdoor fires of dangerous material. A fire set for the disposal of a dangerous material is allowed by the provisions of this Section, when the material is too dangerous to store and transport, and the Director has issued a permit for the fire. A permit issued under this subsection shall contain all provisions in subsection (D)(3) except for subsections (D)(3)(e) and (D)(3)(f). The Director shall permit fires for the disposal of dangerous materials only when no safe alternative method of disposal exists, and burning the materials does not result in the emission of hazardous or toxic substances either directly or as a product of combustion in amounts that will endanger health or safety.
 - F. Open outdoor fires of household waste. An open outdoor fire for the disposal of household waste is allowed by provisions of this Section when permitted in writing by the Director or a delegated authority. A permit issued under this subsection shall contain all provisions in subsection (D)(3) except for subsections (D)(3)(e) and (D)(3)(f). The permittee shall conduct open outdoor fires of household waste in an approved waste burner and shall either:
 - 1. Burn household waste generated on-site on farms or ranches of 40 acres or more where no household waste collection or disposal service is available; or
 - 2. Burn household waste generated on-site where no household waste collection and disposal service is available and where the nearest other dwelling unit is at least 500 feet away.
 - G. Permits issued by a delegated authority. The Director may delegate authority for the issuance of open burning permits to a county, city, town, air pollution control district, or fire district. A delegated authority may not issue a permit for its own open burning activity. The Director shall not delegate authority to issue permits to burn dangerous material under subsection (E). A county, city, town, air pollution control district, or fire district with delegated authority from the Director may assign that authority to one or more private fire protection service providers that perform fire protection services within the county, city, town, air pollution control district, or fire district. A private fire protection provider shall not directly or indirectly condition the issuance of open burning permits on the applicant being a customer. Permits issued under this subsection shall comply with the requirements in subsection (D)(3) and be in a format prescribed by the Director. Each delegated authority shall:
 - 1. Maintain a copy of each permit issued for the previous five years available for inspection by the Director;
 - 2. For each permit currently issued, have a means of contacting the person authorized by the permit to set an open fire if an order to extinguish open burning is issued; and
 - 3. Annually submit to the Director by May 15 a record of daily burn activity, excluding household waste burn permits, on a form provided by the Director for the previous calendar year containing the information required in subsections (D)(3)(e) and (D)(3)(f).
 - H. The Director shall hold an annual public meeting for interested parties to review operations of the open outdoor fire program and discuss emission reduction techniques.
 - I. Nothing in this Section is intended to permit any practice that is a violation of any statute, ordinance, rule, or regulation.
- Historical Note**
- Adopted effective May 14, 1979 (Supp. 79-1). Amended effective October 2, 1979 (Supp. 79-5). Correction, subsection (C) repealed effective October 2, 1979, not shown (Supp. 80-1). Former Section R9-3-602 renumbered without change as Section R18-2-602 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-602 renumbered to R18-2-802, new Section R18-2-602 renumbered from R18-2-401 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 10 A.A.R. 388, effective March 16, 2004 (Supp. 04-1).
- R18-2-603. Repealed**
- Historical Note**
- Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-603 renumbered without change as Section R18-2-603 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-603 renumbered to R18-2-803, new Section R18-2-603 renumbered from R18-2-403 effective November 15, 1993 (Supp. 93-4). Repealed effective October 8, 1996 (Supp. 96-4).
- R18-2-604. Open Areas, Dry Washes, or Riverbeds**
- A. No person shall cause, suffer, allow, or permit a building or its appurtenances, or a building or subdivision site, or a driveway, or a parking area, or a vacant lot or sales lot, or an urban or suburban open area to be constructed, used, altered, repaired, demolished, cleared, or leveled, or the earth to be moved or excavated, without taking reasonable precautions to limit excessive amounts of particulate matter from becoming airborne. Dust and other types of air contaminants shall be kept to a minimum by good modern practices such as using an approved dust suppressant or adhesive soil stabilizer, paving, covering, landscaping, continuous wetting, detouring, barring access, or other acceptable means.
 - B. No person shall cause, suffer, allow, or permit a vacant lot, or an urban or suburban open area, to be driven over or used by motor vehicles, trucks, cars, cycles, bikes, or buggies, or by animals such as horses, without taking reasonable precautions to limit excessive amounts of particulates from becoming airborne. Dust shall be kept to a minimum by using an approved dust suppressant, or adhesive soil stabilizer, or by paving, or by barring access to the property, or by other acceptable means.
 - C. No person shall operate a motor vehicle for recreational purposes in a dry wash, riverbed or open area in such a way as to cause or contribute to visible dust emissions which then cross property lines into a residential, recreational, institutional, educational, retail sales, hotel or business premises. For purposes of this subsection "motor vehicles" shall include, but not be limited to trucks, cars, cycles, bikes, buggies and 3-wheelers. Any person who violates the provisions of this subsection shall be subject to prosecution under A.R.S. § 49-463.
- Historical Note**
- Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-604 renumbered without change as Section R18-2-604 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-604 renumbered to R18-2-804, new Section R18-2-604

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

renumbered from R18-2-404 and amended effective November 15, 1993 (Supp. 93-4).

R18-2-605. Roadways and Streets

- A. No person shall cause, suffer, allow or permit the use, repair, construction or reconstruction of a roadway or alley without taking reasonable precautions to prevent excessive amounts of particulate matter from becoming airborne. Dust and other particulates shall be kept to a minimum by employing temporary paving, dust suppressants, wetting down, detouring or by other reasonable means.
- B. No person shall cause, suffer, allow or permit transportation of materials likely to give rise to airborne dust without taking reasonable precautions, such as wetting, applying dust suppressants, or covering the load, to prevent particulate matter from becoming airborne. Earth or other material that is deposited by trucking or earth moving equipment shall be removed from paved streets by the person responsible for such deposits.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Former Section R9-3-605 renumbered without change as Section R18-2-605 (Supp. 87-3). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-605 renumbered to R18-2-805, new Section R18-2-605 renumbered from R18-2-405 effective November 15, 1993 (Supp. 93-4).

R18-2-606. Material Handling

No person shall cause, suffer, allow or permit crushing, screening, handling, transporting or conveying of materials or other operations likely to result in significant amounts of airborne dust without taking reasonable precautions, such as the use of spray bars, wetting agents, dust suppressants, covering the load, and hoods to prevent excessive amounts of particulate matter from becoming airborne.

Historical Note

Section R18-2-606 renumbered from R18-2-406 effective November 15, 1993 (Supp. 93-4).

R18-2-607. Storage Piles

- A. No person shall cause, suffer, allow, or permit organic or inorganic dust producing material to be stacked, piled, or otherwise stored without taking reasonable precautions such as chemical stabilization, wetting, or covering to prevent excessive amounts of particulate matter from becoming airborne.
- B. Stacking and reclaiming machinery utilized at storage piles shall be operated at all times with a minimum fall of material and in such manner, or with the use of spray bars and wetting agents, as to prevent excessive amounts of particulate matter from becoming airborne.

Historical Note

Section R18-2-607 renumbered from R18-2-407 effective November 15, 1993 (Supp. 93-4).

R18-2-608. Mineral Tailings

No person shall cause, suffer, allow, permit construction of, or otherwise own or operate, mineral tailing piles without taking reasonable precautions to prevent excessive amounts of particulate matter from becoming airborne. Reasonable precautions shall mean wetting, chemical stabilization, revegetation or such other measures as are approved by the Director.

Historical Note

Section R18-2-608 renumbered from R18-2-408, new Section R18-2-408 adopted effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R.

228, effective March 7, 2009 (Supp. 09-1).

R18-2-609. Agricultural Practices

A person shall not cause, suffer, allow, or permit the performance of agricultural practices outside the Phoenix and Yuma planning areas, as defined in 40 CFR 81.303, which is incorporated by reference in R18-2-210, including tilling of land and application of fertilizers without taking reasonable precautions to prevent excessive amounts of particulate matter from becoming airborne.

Historical Note

Section R18-2-609 renumbered from R18-2-409 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 6 A.A.R. 2009, effective May 12, 2000 (Supp. 00-2). Amended by final rulemaking at 11 A.A.R. 2210, effective July 18, 2005 (Supp. 05-2).

R18-2-610. Definitions for R18-2-610.01, R18-2-610.02, and R18-2-610.03

The definitions in R18-2-101 and the following definitions apply to R18-2-610.01, R18-2-610.02, and R18-2-610.03:

1. "Access restriction" means reducing PM emissions by reducing the number of trips driven on agricultural aprons and access roads by restricting or eliminating public access to noncropland or commercial farm roads with signs or physical obstruction at locations that effectively control access to the area.
2. "Aggregate cover" means reducing PM emissions and wind erosion and stabilizing soil by applying and maintaining gravel, concrete, recycled road base, caliche, or other similar material to noncropland or commercial farm roads. The aggregate should be clean, hard and durable, and should be applied and maintained to a depth sufficient to reduce PM emissions.
3. "Area A" means the area delineated according to A.R.S. § 49-541(1).
4. "Best management practice" (BMP) means a technique verified by scientific research, that on a case-by-case basis is practical, economically feasible, and effective in reducing PM emissions from a regulated agricultural activity.
5. "Cessation of Night Tilling" means the discontinuation of tillage from sunset to sunrise on a day identified by the Maricopa or Pinal County Dust Control Forecast as being high risk of dust generation.
6. "Chemical irrigation" means reducing a minimum of one ground operation across a commercial farm by applying a fertilizer, pesticide, or other agricultural chemical to cropland through an irrigation system, which reduces soil disturbance and increases efficiency of application.
7. "Chips/ mulches" means reducing PM emissions and soil movement and preserving soil moisture by applying and maintaining nontoxic chemical or organic dust suppressants to a depth sufficient to reduce PM emissions. Materials shall meet all specifications required by federal, state, or local water agencies, and is not prohibited for use by any applicable regulations.
8. "Combining tractor operations" means reducing soil compaction and a minimum of one tillage or ground operation across a commercial farm by using a tractor, implement, harvester, or other farming support vehicle to perform two or more tillage, cultivation, planting, or harvesting operations at the same time. If Equipment modification is also chosen as a BMP, and uses the same practices as described in this BMP, this action is considered one BMP.
9. "Commercial farm" means 10 or more contiguous acres of land used for agricultural purposes within the bound-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- ary of the Maricopa PM nonattainment area and Maricopa County portion of Area A, a PM nonattainment area designated after June 1, 2009 as stated in A.R.S. § 49-457(P)(1)(f), or the Pinal County PM Nonattainment Area.
10. "Commercial farm road" means a road that is unpaved, owned by a commercial farmer, and is used exclusively to service a commercial farm.
 11. "Commercial farmer" means an individual, entity, or joint operation in general control of a commercial farm.
 12. "Committee" means the Governor's Agricultural Best Management Practices Committee as established by A.R.S. § 49-457.
 13. "Conservation Tillage" means a tillage system that reduces a minimum of three tillage operations. This system reduces soil and water loss by planting into existing plant stubble on the field after harvest as well as managing the stubble so that it remains intact during the planting season.
 14. "Cover crop" means establishing cover crops that maintain a minimum of 60 percent ground cover. Native or volunteer vegetation that meets the minimum ground cover requirement is acceptable. Compliance shall be determined by the Line Transect Test Method, NRCS National Agronomy Manual, Subpart 503.51, Estimating Crop Residue Cover, amended through February 2011 (and no future editions).
 15. "Critical area planting" means reducing PM₁₀ emissions and wind erosion by planting trees, shrubs, vines, grasses, or other vegetative cover on noncropland in order to maintain at least 60 percent ground cover. Compliance shall be determined by the Line Transect Test Method, NRCS National Agronomy Manual, Subpart 503.51, Estimating Crop Residue Cover, amended through February 2011 (and no future editions).
 16. "Cropland" means land on a commercial farm that:
 - a. Is within the time-frame of final harvest to plant emergence, but does not include tillage activities;
 - b. Has been tilled in a prior year and is suitable for crop production, but is currently fallow; or
 - c. Is a turn-row.
 17. "Cross-wind ridges" means stabilizing soil and reducing PM emissions and wind erosion by creating soil ridges in a commercial farm by tillage or planting operations. Ridges should be at least four inches in height, and be aligned as perpendicular as possible to the prevailing wind direction.
 18. "Dust Control Forecast" means a forecast, which shall identify a low, moderate or high risk of dust generation for the next five consecutive days and shall be issued by noon on each day the forecast is generated. When developing these forecasts, the department shall consider all of the following:
 - a. Projected meteorological conditions, including:
 - i. Wind speed and direction,
 - ii. Stagnation,
 - iii. Recent precipitation, and
 - iv. Potential for precipitation;
 - b. Existing concentrations of air pollution at the time of the forecast; and
 - c. Historic air pollution concentrations that have been observed during meteorological conditions similar to those that are predicted to occur in the forecast.
 19. "Equipment modification" means reducing PM emissions and soil erosion during tillage or ground operations by modifying and maintaining an existing piece of agricultural equipment, installing shielding equipment, modifying land planting and land leveling, matching the equipment to row spacing, or grafting to new varieties or technological improvements. If combining tractor operations is also chosen as a BMP, and uses the same practices as described in this BMP, this action is considered one BMP.
 20. "Fallow Field" means an area of land that is routinely cultivated, planted and harvested and is unplanted for one or more growing seasons or planting cycles, but is intended to be placed back in agricultural production.
 21. "Field Capacity" means the amount of water remaining in the soil two days after having been saturated and after free drainage has ceased.
 22. "Forage Crop" means a product grown for consumption by any domestic animal.
 23. "Genetically Modified" (GMO) means a living organism whose genetic material has been altered, changing one or more of its characteristics.
 24. "GPS: Global Position Satellite System" means using a satellite navigation system on farm equipment to calculate position in the field.
 25. "Green chop" means reducing soil compaction, soil disturbance and a minimum of one ground operation across a commercial farm by harvesting a Forage Crop without allowing it to dry in the field.
 26. "Ground operation" means an agricultural operation that is not a tillage operation, which involves equipment passing across the field. A ground operation includes harvest activities. A pass through the field may be a subset of a ground operation.
 27. "Harvest" means the time after planting up through harvest, including gathering mature crops from a commercial farm, as well as all actions taken immediately after crop removal, such as cooling, sorting, cleaning, and packing.
 28. "Integrated Pest Management" means reducing soil compaction and a minimum of one ground operation across a commercial farm for spraying by using a combination of techniques including organic, conventional, and biological farming practices to suppress pest problems.
 29. "Limited harvest activity" means performing no ground operations on a day identified by the Maricopa or Pinal County Dust Control Forecast to be high risk for dust generation.
 30. "Limited tillage activity" means performing no tillage operations on a day identified by the Maricopa or Pinal County Dust Control Forecast to be high risk for dust generation.
 31. "Maricopa PM nonattainment area" means the Phoenix planning area as defined in 40 CFR 81.303, which is incorporated by reference in R18-2-210.
 32. "Multi-year crop" means reducing PM emissions from wind erosion and a minimum of one tillage and ground operation across a commercial farm, by protecting the soil surface by growing a crop, pasture, or orchard that is grown, or will be grown, on a continuous basis for more than one year.
 33. "Noncropland" means any commercial farm land that:
 - a. Is no longer used for agricultural production;
 - b. Is no longer suitable for production of crops;
 - c. Is subject to a restrictive easement or contract that prohibits use for the production of crops; or
 - d. Includes a ditch, ditch bank, equipment yard, storage yard, or well head.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

34. "NRCS" means the Natural Resource Conservation Service.
35. "Organic material cover" means reducing PM emissions and wind erosion and preserving soil moisture by applying and maintaining cover material such as animal waste or plant residue, to a soil surface to reduce soil movement. Material shall be evenly applied and maintained to a depth sufficient to reduce PM emissions and coverage should be a minimum of 70 percent.
36. "Permanent cover" means reducing PM emissions and wind erosion by maintaining a long-term perennial vegetative cover on cropland that is temporarily not producing a major crop. Perennial species such as grasses and/or legumes shall be used to establish at least 60 percent cover. Compliance shall be determined by the Line Transect Test Method, NRCS National Agronomy Manual, Subpart 503.51, Estimating Crop Residue Cover, amended through February 2011 (and no future editions).
37. "Pinal County PM Nonattainment Area" means the West Pinal PM₁₀ planning area and the West Central PM_{2.5} planning area, as defined in 40 CFR 81.303, and incorporated by reference in R18-2-210.
38. "Plant stubble" means stubble on the soil surface, which insulates soil to reduce evaporation of moisture, and also protects the soil from wind and water erosion.
39. "Planting based on soil moisture" means reducing PM emissions and wind erosion by applying water or having enough moisture in the soil to germinate the seed prior to planting. Soil must have a minimum soil moisture content of 60% of field capacity at planting depth. Compliance shall be determined by NRCS Estimating Soil Moisture by Feel and Appearance Method, amended through April 1998 (and no future editions).
40. "PM" includes both particulate matter with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers as measured by a reference method based on 40 CFR 50 Appendix L, or by an equivalent method designated according to 40 CFR 53; and particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method contained within 40 CFR 50 Appendix J or by an equivalent method designated in accordance with 40 CFR 53, as incorporated by reference in Appendix 2.
41. "Precision Farming" means reducing the number of passes across a commercial farm by at least 12 inches per pass by using GPS to precisely guide farm equipment in the field.
42. "Reduce vehicle speed" means reducing PM emissions and soil erosion from the operation of farm vehicles or farm equipment on noncropland or commercial farm roads at speeds not to exceed 15. This can be achieved through installation of engine speed governors, signage, or speed control devices.
43. "Reduced harvest activity" means reducing soil disturbance, soil and water loss, and the number of mechanical harvest passes by a minimum of one ground operation across a commercial farm, by means other than equipment modification or combining tractor operations.
44. "Reduced tillage system" means reducing soil disturbance, soil and water loss, by using a single piece of equipment that reduces a minimum of three tillage operations, by means other than equipment modification or combining tractor operations.
45. "Regulated agricultural activity" means a regulated agricultural activity as defined in A.R.S. § 49-457(P)(1)(a) through (P)(1)(d).
46. "Regulated area" means the regulated area as defined in A.R.S. § 49-457(P)(6).
47. "Residue management" means reducing PM emissions and wind erosion by maintaining a minimum of 60 percent ground cover of crop and other plant residues on a soil surface between the time of harvest of one crop and the commencement of tillage for a new crop. Compliance shall be determined by the Line Transect Test Method, NRCS National Agronomy Manual, Subpart 503.51, Estimating Crop Residue Cover, amended through February 2011 (and no future editions).
48. "Sequential cropping" means reducing PM emissions and wind erosion by growing crops in a sequence or close rotation that limits the amount of time bare soil is exposed on a commercial farm to 30 days or less.
49. "Shuttle System/Larger Carrier" means reducing one out of every four trips across a commercial farm by using multiple or larger bins/trailers to haul commodity from the field.
50. "Significant Agricultural Earth Moving Activities" means either leveling activities conducted on a commercial farm that disturb the soil more than 4 inches below the surface, or the creation, maintenance and relocation of: ditches, canals, ponds, irrigation lines, tailwater recovery systems (agricultural sumps) and other water conveyances, not to include activities performed on cropland for tillage, ground operations or harvest.
51. "Silt content test method" means the test method as described in Appendix 2.
52. "Stabilization of soil prior to plant emergence" means reducing PM emissions by applying water to soil prior to crop emergence in order to cause the soil to form a visible crust.
53. "Surface roughening" means reducing PM emissions or wind erosion by manipulating a soil surface by means such as rough discing or tillage in order to produce or maintain clods on the land surface. Compliance shall be determined by NRCS Practice Code 609, Surface Roughening, amended through November 2008 (and no future editions).
54. "Synthetic particulate suppressant" means reducing PM emissions and wind erosion by providing a stabilized soil surface on noncropland or commercial farm roads with a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, an emulsion of a petroleum product, an enzyme product, or polyacrylamide that is used to control particulate matter.
55. "Tillage" means any mechanical practice that physically disturbs the soil, and includes preparation for planting, such as plowing, ripping, or discing.
56. "Tillage based on soil moisture" means reducing PM emissions by irrigating fields to the depth of the proposed cut prior to soil disturbances or conducting tillage to coincide with precipitation. Soil must have a minimum soil moisture content of 40-60% of field capacity at planting depth. Compliance shall be determined by NRCS Estimating Soil Moisture by Feel and Appearance Method, amended through April 1998 (and no future editions).
57. "Timing of a tillage operation" means reducing wind erosion and PM emissions by performing tillage operations that minimize the amount of time within 45 days.
58. "Tillage operation" means an agricultural operation that mechanically manipulates the soil for the enhancement of crop production. Examples include discing or bedding. A pass through the field may be a subset of a tillage operation.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

59. "Track-out control system" means minimizing any and all material that adheres to and agglomerates on all vehicles and equipment from noncropland or commercial farm roads or and falls onto paved public roads or shoulders to paved public roads by using a device or system to remove mud or soil from a vehicle or equipment before the vehicle enters a paved public road. Devices such as a grizzly, a gravel pad or a wheel wash system can be used.
60. "Transgenic Crops" means reducing a minimum of one tillage or ground operation, the number of chemical spray applications, or soil disturbances by using plants that are genetically modified.
61. "Transplanting" means reducing a minimum of one ground operation across a commercial farm and minimizing soil disturbance by utilizing plants already in a growth state as compared to seeding.
62. "VDT" (Vehicle trips per day) means trips per day made by one vehicle, in one direction.
63. "Watering" means reducing PM emissions and wind erosion by applying water to noncropland or commercial farm road bare soil surfaces during periods of high traffic until the surfaces are visibly moist.
64. "Watering on a high risk day" means reducing PM emissions and wind erosion by applying water to commercial farm road bare soil surfaces until the surfaces are visibly moist, on a day forecast to be high risk for dust generation by the Maricopa or Pinal County Dust Control Forecast.
65. "Wind barrier" means reducing PM emissions and wind erosion by constructing a fence or structure, or providing a woody vegetative barrier by planting a row of trees or shrubs, perpendicular or across the prevailing wind direction to reduce wind speed by changing the pattern of air flow over the land surface. For fences and structures, the wind barrier shall have a density of no less than 50% and the height of the wind barrier must be proportionate to the downwind protected area. The downwind protected area is considered ten times the height of the wind barrier. For vegetative barriers, compliance shall be determined by NRCS Conservation Practice Standard, Code 380, Windbreak/Shelterbelt Establishment, amended through August 21, 2009 (and no future editions).

Historical Note

Former Section R18-2-610 renumbered to R18-2-612; new Section R18-2-610 adopted by final rulemaking at 6 A.A.R. 2009, effective May 12, 2000 (Supp. 00-2).

Amended by exempt rulemaking at 13 A.A.R. 4326, effective November 14, 2007 (Supp. 07-4). Amended by exempt rulemaking at 18 A.A.R. 137, effective December 29, 2011 (Supp. 11-4). Subsection (A) corrected at the request of the Department, Office File No. M12-133, filed April 5, 2012 (Supp. 11-4). Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-610.01. Agricultural PM General Permit for Crop Operations; Maricopa County PM Nonattainment Area

- A. A commercial farmer within the Maricopa County PM Nonattainment Area shall implement at least two best management practices from each category to reduce PM emissions.
- B. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions during tillage, harvest or ground operation activities:
 1. Chemical irrigation,
 2. Combining tractor operations,

3. Equipment modification,
4. Green Chop,
5. Integrated Pest Management,
6. Limited harvest activity,
7. Limited tillage activity,
8. Multi-year crop,
9. Cessation of Night Tilling,
10. Planting based on soil moisture,
11. Precision Farming,
12. Reduced harvest activity,
13. Reduced tillage system,
14. Tillage based on soil moisture,
15. Timing of a tillage operation,
16. Transgenic Crops,
17. Transplanting,
18. Shuttle System/Larger Carrier, or
19. Conservation Tillage.

- C. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions from noncropland and commercial farm roads:
 1. Access restriction,
 2. Aggregate cover,
 3. Wind barrier,
 4. Critical area planting,
 5. Organic material cover,
 6. Reduce vehicle speed,
 7. Synthetic particulate suppressant,
 8. Track-out control system, or
 9. Watering.

- D. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions from cropland:
 1. Wind barrier,
 2. Cover crop,
 3. Cross-wind ridges,
 4. Chips/mulches,
 5. Multi-year crop,
 6. Permanent cover,
 7. Stabilization of soil prior to plant emergence,
 8. Residue management,
 9. Sequential cropping, or
 10. Surface roughening.

- E. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions when conducting Significant Agricultural Earth Moving Activities as defined in R18-2-610:
 1. Apply water prior to conducting Significant Agricultural Earth Moving Activities and/or time Significant Agricultural Earth Moving Activities to coincide with precipitation. Soil must have a minimum soil moisture content of 50% of field capacity. Compliance shall be determined by NRCS Estimating Soil Moisture by Feel and Appearance Method, amended through April 1998 (and no future editions);
 2. Apply water during Significant Agricultural Earth Moving Activities. Soil must have a minimum soil moisture content of 30% of field capacity. Compliance shall be determined by NRCS Estimating Soil Moisture by Feel and Appearance Method, amended through April 1998 (and no future editions);
 3. Limit activities on a day identified by the Maricopa or Pinal County Dust Control Forecast to be high risk for dust generation; or
 4. Conduct Significant Agricultural Earth Moving Activities in a manner to reduce a minimum of one ground operation.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

tion across a commercial farm by using equipment that is the most efficient means of moving the soil.

- F. From and after December 31, 2015, a commercial farmer who engages in a regulated agricultural activity shall complete and maintain a Best Management Practices Program General Permit Record Form demonstrating compliance with this Section. Thereafter, a new Best Management Practices Program General Permit Record Form shall be completed every year by March 31. The Form shall be provided to the Director within two business days of notice to the commercial farmer. The Best Management Practice Program General Permit Record Form shall include the following information:
 - 1. The name of the commercial farmer, signature, and date signed;
 - 2. The mailing address or physical address of the commercial farm; and
 - 3. The best management practices selected for tillage, harvest, and ground operation activities, cropland, noncropland and commercial farm roads, and significant earth moving activities (if applicable).
- G. Records of any changes to the Best Management Practices identified in the most recently submitted Best Management Practices Program General Permit Record Form shall be kept by the commercial farmer onsite and made available for review by the Director within two business days of notice to the commercial farmer.
- H. A person may develop different practices to control PM emissions not contained in subsections (B), (C), (D), or (E) and may submit such practices that are proven effective through on-farm demonstration trials to the Committee. The proposed new practices shall not become effective unless submitted as described in A.R.S. § 49-457(L).
- I. A commercial farmer shall maintain a record demonstrating compliance with this Section for three years. Records shall include a copy of the complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice.
- J. The Director shall not assess a fee to a commercial farmer for coverage under the agricultural PM₁₀ general permit.
- K. A commercial farmer shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- L. The Director shall document noncompliance with this Section before issuing a compliance order.
- M. A commercial farmer who is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).

Historical Note

New Section made by exempt rulemaking at 18 A.A.R. 137, effective December 29, 2011 (Supp. 11-4).

Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-610.02. Agricultural PM General Permit for Crop Operations; Moderate PM Nonattainment Areas, Designated After June 1, 2009

- A. A commercial farmer within a PM Moderate Nonattainment Area, designated after June 1, 2009, shall implement at least one best management practice from each category to reduce PM emissions.
- B. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions during tillage, harvest and ground operation activities:
 - 1. Chemical irrigation,

- 2. Combining tractor operations,
- 3. Equipment modification,
- 4. Green Chop,
- 5. Integrated Pest Management,
- 6. Limited harvest activity,
- 7. Limited tillage activity,
- 8. Multi-year crop,
- 9. Cessation of Night Tilling,
- 10. Planting based on soil moisture,
- 11. Precision Farming,
- 12. Reduced harvest activity,
- 13. Reduced tillage system,
- 14. Tillage based on soil moisture,
- 15. Timing of a tillage operation,
- 16. Transgenic Crops,
- 17. Transplanting, or
- 18. Shuttle System/Larger Carrier, or
- 19. Conservation Tillage.
- C. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions from noncropland and commercial farm roads:
 - 1. Access restriction,
 - 2. Aggregate cover,
 - 3. Wind barrier,
 - 4. Critical area planting,
 - 5. Organic material cover,
 - 6. Reduce vehicle speed,
 - 7. Synthetic particulate suppressant,
 - 8. Track-out control system, or
 - 9. Watering.
- D. A commercial farmer shall implement from the following best management practices, as described in subsection (A), to reduce PM emissions from cropland:
 - 1. Wind barrier,
 - 2. Cover crop,
 - 3. Cross-wind ridges,
 - 4. Chips/mulches,
 - 5. Multi-year crop,
 - 6. Permanent cover,
 - 7. Stabilization of soil prior to plant emergence,
 - 8. Residue management,
 - 9. Sequential cropping, or
 - 10. Surface roughening.
- E. A commercial farmer shall implement from the following best management practices, as described in subsection (A), when conducting Significant Agricultural Earth Moving Activities as defined in R18-2-610:
 - 1. Apply water prior to conducting Significant Agricultural Earth Moving Activities and/or time Significant Agricultural Earth Moving Activities to coincide with precipitation. Soil must have a minimum soil moisture content of 50% of field capacity. Compliance shall be determined by NRCS Estimating Soil Moisture by Feel and Appearance Method, amended through April 1998 (and no future editions);
 - 2. Apply water during Significant Agricultural Earth Moving Activities. Soil must have a minimum soil moisture content of 30% of field capacity. Compliance shall be determined by NRCS Estimating Soil Moisture by Feel and Appearance Method, amended through April 1998 (and no future editions);
 - 3. Limit activities on a day identified by the Maricopa or Pinal County Dust Control Forecast to be high risk for dust generation; or

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

4. Conduct Significant Agricultural Earth Moving Activities in a manner to reduce a minimum of one ground operation across a commercial farm by using equipment that is the most efficient means of moving the soil.
- F. From and after December 31, 2015, a commercial farmer who engages in a regulated agricultural activity shall complete and maintain a Best Management Practices Program General Permit Record Form demonstrating compliance with this Section. Thereafter, a new Best Management Practices Program General Permit Record Form shall be completed every year by March 31. The Form shall be provided to the Director within two business days of notice to the commercial farmer. The Best Management Practice Program General Permit Record Form shall include the following information:
 1. The name of the commercial farmer, signature, and date signed;
 2. The mailing address or physical address of the commercial farm; and
 3. The best management practice selected for tillage, harvest and ground operation activities, cropland, noncropland and commercial farm roads, and significant earth moving activities (if applicable).
- G. Records of any changes to the Best Management Practices shall be noted on the Best Management Practices Program General Permit Record Form and shall be kept by the commercial farmer onsite and made available for review by the Director within two business days of notice to the commercial farmer.
- H. A person may develop different practices to control PM emissions not contained in subsections (B), (C), (D), or (E) and may submit such practices that are proven effective through on-farm demonstration trials to the Committee. The proposed new practices shall not become effective unless submitted as described in A.R.S. § 49-457(L).
- I. A commercial farmer shall maintain a record demonstrating compliance with this Section for three years. Records shall include a copy of the complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice.
- J. The Director shall not assess a fee to a commercial farmer for coverage under the agricultural PM general permit.
- K. A commercial farmer shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- L. The Director shall document noncompliance with this Section before issuing a compliance order.
- M. A commercial farmer who is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).

Historical Note

New Section made by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-610.03. Agricultural PM General Permit for Crop Operations; Pinal County PM Nonattainment Area

- A. On the day before and during the day that is forecast to be high risk for dust generation by the Pinal County Dust Control Forecast, a commercial farmer shall ensure implementation of best management practices as described in sections (B)(1)(b), (B)(2)(b), (B)(3)(b), (B)(4)(b), and (B)(5)(b).
- B. On all days, a commercial farmer shall implement at least one best management practice from each category to reduce PM emissions, as described below in subsections (1)(a), (2)(a), (3)(a), (4)(a), and (6), and at least two best management practices from subsection (5)(a). If a commercial farmer imple-

ments the Conservation tillage or Reduced tillage system best management practice for the tillage category, they do not have to implement a best management practice from the subsections (2)(a), (2)(b), (5)(a) and (5)(b).

1. Tillage:
 - a. A commercial farmer shall implement at least one of the following:
 - i. Combining tractor operations,
 - ii. Equipment modification,
 - iii. Multi-year crop,
 - iv. Cessation of night tilling,
 - v. Planting based on soil moisture,
 - vi. Precision farming,
 - vii. Tillage based on soil moisture,
 - viii. Timing of a tillage operation,
 - ix. Transgenic crops,
 - x. Transplanting,
 - xi. Reduced tillage system, or
 - xii. Conservation tillage.
 - b. Unless choosing limited tillage activity (subsection iv, below), on the day before and during the day that is forecast to be high risk for dust generation by the Pinal County Dust Control Forecast, a commercial farmer shall ensure implementation of at least one of the following:
 - i. Multi-year crop,
 - ii. Planting based on soil moisture,
 - iii. Tillage based on soil moisture,
 - iv. Limited tillage activity,
 - v. Reduced tillage system, or
 - vi. Conservation tillage.
2. Ground Operations and Harvest:
 - a. A commercial farmer shall implement at least one of the following:
 - i. Combining tractor operations,
 - ii. Equipment modification,
 - iii. Chemical irrigation,
 - iv. Green chop,
 - v. Integrated pest management,
 - vi. Multi-year crop,
 - vii. Precision farming,
 - viii. Reduced harvest activity,
 - ix. Transgenic crops, or
 - x. Shuttle System/Larger Carrier.
 - b. Unless choosing limited harvest activity (subsection iv, below), on the day before and during the day that is forecast to be high risk for dust generation by the Pinal County Dust Control Forecast, a commercial farmer shall ensure implementation of at least one of the following:
 - i. Green chop,
 - ii. Integrated pest management,
 - iii. Multi-year crop, or
 - iv. Limited harvest activity.
3. Noncropland:
 - a. A commercial farmer shall implement at least one of the following best management practices:
 - i. Access restriction,
 - ii. Aggregate cover,
 - iii. Wind barrier,
 - iv. Critical area planting,
 - v. Organic material cover,
 - vi. Reduce vehicle speed,
 - vii. Synthetic particulate suppressant, or
 - viii. Watering.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

1. The name, business address, and phone number of the commercial farmer responsible for the preparation and implementation of the best management practices;
 2. The signature of the commercial farmer and the date the form was signed;
 3. The acreage of each crop type planted/growing during the calendar year that the survey is conducted;
 4. The total miles of commercial farm roads at the commercial farm;
 5. The total acreage of the noncropland at the commercial farm;
 6. The best management practices selected for tillage, ground operations and harvest, cropland, noncropland, commercial farm roads, and significant earth moving activities (if applicable); and
 7. Any additional best management practices selected for high risk days as predicted by the Pinal County Dust Control Forecast.
- E.** Records of any changes to the Best Management Practices shall be noted on the Best Management Practices Program General Permit Record Form and shall be kept by the commercial farmer onsite and made available for review by the Director within two business days of notice to the commercial farmer.
- F.** A person may develop different practices to control PM emissions not contained in subsections (B)(1) through (B)(6) and may submit such practices that are proven effective through on-farm demonstration trials to the Committee. The proposed new practices shall not become effective unless submitted as described in A.R.S. § 49-457(L).
- G.** A commercial farmer shall maintain a record demonstrating compliance with this Section for three years. Records shall include a copy of the complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice.
- H.** The Director shall not assess a fee to a commercial farmer for coverage under the agricultural PM general permit.
- I.** A commercial farmer shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- J.** The Director shall document noncompliance with this Section before issuing a compliance order.
- K.** A commercial farmer who is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).
- Historical Note**
- New Section made by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).
- R18-2-611. Definitions for R18-2-611.01, R18-2-611.02, and R18-2-611.03**
- The definitions in R18-2-101 and the following definitions apply to R18-2-611.01, R18-2-611.02, and R18-611.03:
1. The following definitions apply to a commercial dairy operation, a commercial beef feedlot, a commercial poultry facility, and commercial swine facility:
 - a. "Animal waste handling and transporting" means the processes by which any animal excretions and mixtures containing animal excretions are collected and transported.
 - b. "Arenas, corrals and pens" means areas where animals are confined for the purposes of, but not limited to, feeding, displaying, safety, racing, exercising, or husbandry.
 - c. "Commercial animal operation" means a commercial dairy operation, a commercial beef feedlot, a commercial poultry facility, and a commercial swine facility, as defined in this Section.
 - d. "Commercial animal operator" means an individual, entity, or joint operation in general control of a commercial animal operation.
 - e. "Dust Control Forecast" means a forecast, which shall identify a low, moderate or high risk of dust generation for the next five consecutive days and shall be issued by noon on each day the forecast is generated. When developing these forecasts, the department shall consider all of the following:
 - i. Projected meteorological conditions, including:
 - (1) Wind speed and direction,
 - (2) Stagnation,
 - (3) Recent precipitation, and
 - (4) Potential for precipitation;
 - ii. Existing concentrations of air pollution at the time of the forecast; and
 - iii. Historic air pollution concentrations that have been observed during meteorological conditions similar to those that are predicted to occur in the forecast.
 - f. "High traffic areas" means areas that experience more than 20 VDT from 2 or more axle vehicles.
 - g. "Maricopa PM nonattainment area" means the Phoenix planning area as defined in 40 CFR 81.303, which is incorporated by reference in R18-2-210.
 - h. "Paved Public Road" means any paved roadways that are open to public travel and maintained by a City, County, State, or Federal entities.
 - i. "Pinal County PM Nonattainment Area" means the West Pinal PM₁₀ planning area and the West Central PM_{2.5} planning area, as defined in 40 CFR 81.303, and incorporated by reference in R18-2-210.
 - j. "PM" includes both particulate matter with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers as measured by a reference method based on 40 CFR 50 Appendix L, or by an equivalent method designated according to 40 CFR 53; and particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method contained within 40 CFR 50 Appendix J or by an equivalent method designated in accordance with 40 CFR 53, as incorporated by reference in Appendix 2.
 - k. "Regulated agricultural activity" means a regulated agricultural activity as defined in A.R.S. § 49-457(P)(5).
 - l. "Regulated area" means the regulated area as defined in A.R.S. § 49-457(P)(6).
 - m. "Track-out control device" means minimizing any and all material that adheres to and agglomerates on all vehicles and equipment from unpaved access connections and falls onto paved public roads or shoulders to paved public roads by using a device or system to remove mud or soil from a vehicle or equipment before the vehicle enters a paved public road. Devices such as a grizzly, a gravel pad or a wheel wash system can be used.
 - n. "Unpaved access connections" means any unpaved road connection which connects to a paved public road.
 - o. "Unpaved roads or feed lanes" means roads and feed lanes that are unpaved, owned by a commercial ani-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- mal operator, and used exclusively to service a commercial animal operation.
- p. "VDT" (Vehicle trips per day) means trips per day made by one vehicle, in one direction.
2. The following definitions apply to a commercial dairy operation:
- a. "Aggregate cover" means reducing PM emissions, wind erosion and stabilizing soil by applying and maintaining gravel, concrete, recycled road base, caliche, or other similar material to unpaved roads or feed lanes. The aggregate should be clean, hard and durable, and should be applied and maintained to a minimum of three inches deep.
 - b. "Apply a fibrous layer" means reducing PM emissions and soil movement, and preserving soil moisture by spreading shredded or deconstructed plant materials to cover loose soil in high animal traffic areas. Material shall be consistently applied to a minimum depth of two inches above the soil surface and coverage should be a minimum of 70 percent.
 - c. "Bunkers" means below ground level storage systems for storing large amount of silage, which is covered with a plastic tarp.
 - d. "Calves" means young dairy stock under two months of age.
 - e. "Cement cattle walkways to milk barn" means reducing PM emissions by fencing pathways from the corrals to the milking barn, restricting dairy cattle to surfaces with concrete floors.
 - f. "Commercial dairy operation" means a dairy operation with more than 150 dairy cattle within the boundary of the Maricopa PM nonattainment area and Maricopa County portion of Area A, a PM nonattainment area designated after June 1, 2009 as stated in A.R.S. § 49-457(P)(1)(f), or the Pinal County PM Nonattainment Area.
 - g. "Cover manure hauling trucks" means reducing PM emissions by completely covering the top of the loaded area.
 - h. "Covers for silage" means reducing PM emissions and wind erosion by using large plastic tarps to completely cover silage.
 - i. "Do not run cattle" means reducing PM emissions by walking dairy cattle to the milking barn.
 - j. "Feed higher moisture feed to dairy cattle" means reducing PM emissions by feeding dairy cattle one or any combination of the following:
 - i. Add water to ration mix to achieve a 20% minimum moisture level,
 - ii. Add molasses or tallow to ration mix at a minimum of 1%,
 - iii. Add silage, or
 - iv. Add green chop.
 - k. "Feed green chop" means feeding high moisture feed that contains at least 30% moisture directly to dairy cattle.
 - l. "Groom manure surface" means reducing PM emissions and wind erosion by:
 - i. Flushing or vacuuming lanes daily,
 - ii. Scraping and harrowing pens on a weekly basis, and
 - iii. Removing manure every four months with equipment that leaves an even corral surface of compacted manure on top of the soil.
 - m. "Hutches" means raised, roofed enclosures that protect the calves from the elements.
 - n. "Pile manure between cleanings" means reducing PM emissions by collecting loose surface materials within the confines of the surface area of the occupied feed pen every two weeks.
 - o. "Provide cooling in corral" means reducing PM emissions by using cooling systems under the corral shades to reduce the ambient air temperature, thereby increasing stocking density in the cool areas of the corrals.
 - p. "Provide shade in corral" means reducing PM emissions by increasing stocking density and reducing animal movement by using a permanent structure, which provides at least 16 square feet per animal of shaded pen surface.
 - q. "Push equipment" means manure harvesting equipment pushed in front of a tractor.
 - r. "Silage" means fermented, high-moisture fodder that can be fed to ruminants, such as cattle and sheep; usually made from grass crops including corn, sorghum or other cereals, by using the entire green plant.
 - s. "Store and maintain feed stock" means reducing PM emissions and wind erosion by storing feed stock in a covered area where the commodity is surrounded on at least three sides by a structure.
 - t. "Synthetic particulate suppressant" means reducing PM emissions and wind erosion by providing a stabilized soil surface on a commercial dairy operation with a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, an emulsion of a petroleum product, an enzyme product, or polyacrylamide that is used to control particulate matter.
 - u. "Use drag equipment to maintain pens" means reducing PM emissions by using manure equipment pulled behind a tractor instead of using push equipment, which avoids dust accumulation in floor depressions.
 - v. "Use free stall housing" means reducing PM emissions by enclosing one cow per stall, which are outfitted with concrete floors.
 - w. "Water misting systems" means reducing PM emissions from dry manure by using systems that project a cloud of very small water particles onto the manure surface, keeping the surface visibly moist.
 - x. "Wind barrier" means reducing PM10 emissions and wind erosion by constructing a fence or structure, or providing a woody vegetative barrier by planting a row of trees or shrubs, perpendicular or across the prevailing wind direction to reduce wind speed by changing the pattern of air flow over the land surface. For fences and structures, the wind barrier shall have a density of no less than 50% and the height of the wind barrier must be proportionate to the downwind protected area. The downwind protected area is considered ten times the height of the wind barrier. For vegetative barriers, compliance shall be determined by NRCS Conservation Practice Standard, Code 380, Windbreak/Shelterbelt Establishment, amended through August 21, 2009 (and no future editions).
3. The following definitions apply to a commercial beef cattle feedlot:
- a. "Add moisture to pen surface" means reducing PM emissions and wind erosion by applying at least three to six gallons of water per head/per day in pens occupied by beef cattle.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- b. "Add molasses or tallow to feed" means reducing PM emissions by adding molasses or tallow so that it equals three percent of the total ration.
 - c. "Aggregate cover" means reducing PM emissions, wind erosion and stabilizing soil by applying and maintaining gravel, concrete, recycled road base, caliche, or other similar material to unpaved roads or feed lanes. The aggregate should be clean, hard and durable, and should be applied and maintained to a minimum of three inches deep.
 - d. "Apply a fibrous layer in working areas" means reducing PM emissions and soil movement, and preserving soil moisture by spreading shredded or deconstructed plant materials to cover loose soil in high animal traffic areas. Material shall be consistently applied to a minimum depth of two inches above the soil surface and coverage should be a minimum of 70 percent.
 - e. "Bulk materials" means reducing PM emissions by using a closed conveyor system instead of vehicular means to move grain or other.
 - f. "Commercial beef cattle feedlot" means a beef cattle feedlot with more than 500 beef cattle within the boundary of the Maricopa PM nonattainment area and Maricopa County portion of Area A, a PM nonattainment area designated after June 1, 2009 as stated in A.R.S. § 49-457(P)(1)(f), or the Pinal County PM Nonattainment Area.
 - g. "Concrete apron" means reducing PM emissions by using solidly formed concrete surface, at least 4 inches thick on top of the soil surface, inside the feed pen for 8 feet approaching the feed bunk or water trough.
 - h. "Control cattle during movements" means reducing PM emissions by suppressing the animal's ability to run by driving them forward while intruding on their "flight zones" or restraining the animal's movement.
 - i. "Cover manure hauling trucks" means reducing PM emissions by completely covering the top of the loaded area.
 - j. "Feed higher moisture feed to beef cattle" means reducing PM emissions by feeding beef cattle feed that contains at least 30% moisture.
 - k. "Frequent manure removal" means reducing PM emissions and wind erosion by harvesting loose manure on top of the pen surface at least once every six months.
 - l. "Pile manure between cleanings" means reducing PM emissions by collecting loose manure surface materials, by scraping or pushing, within the confines of the surface area of the occupied feed pen at least four times per year.
 - m. "Provide shade in corral" means reducing PM emissions by increasing stocking density and reducing animal movement by using a permanent structure, which provides at least 16 square feet per animal of shaded pen surface.
 - n. "Push equipment" means manure harvesting equipment pushed in front of a tractor.
 - o. "Store and maintain feed stock" means reducing PM emissions and wind erosion by storing feed stock in a covered area where the commodity is surrounded on at least three sides by a structure.
 - p. "Synthetic particulate suppressant" means reducing PM emissions and wind erosion by providing a stabilized soil surface on a commercial beef feedlot with a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, an emulsion of a petroleum product, an enzyme product, or polyacrylamide that is used to control particulate matter.
 - q. "Use drag equipment to maintain pens" means reducing PM emissions by using manure harvesting equipment pulled behind a tractor instead of using push equipment, which avoids dust accumulation in floor depressions.
 - r. "Wind barrier" means reducing PM10 emissions and wind erosion by constructing a fence or structure, or providing a woody vegetative barrier by planting a row of trees or shrubs, perpendicular or across the prevailing wind direction to reduce wind speed by changing the pattern of air flow over the land surface. For fences and structures, the wind barrier shall have a density of no less than 50% and the height of the wind barrier must be proportionate to the downwind protected area. The downwind protected area is considered ten times the height of the wind barrier. For vegetative barriers, compliance shall be determined by NRCS Conservation Practice Standard, Code 380, Windbreak/Shelterbelt Establishment, amended through August 21, 2009 (and no future editions).
4. The following definitions apply to a commercial poultry facility:
- a. "Add moisture through ventilation systems" means reducing PM emissions by using a ventilation system that is designed to allow stock to maintain their normal body temperature without difficulty while maintaining a minimum of 20% moisture in the air within the housing system to bind small particles to larger particles.
 - b. "Add oil and/or moisture to the feed" means reducing PM emissions by adding a minimum of 1% edible oil and/or moisture to feed rations to bind small particles to larger particles.
 - c. "Aggregate cover" means reducing PM emissions, wind erosion and stabilizing soil by applying and maintaining gravel, concrete, recycled road base, caliche, or other similar material to unpaved roads or feed lanes. The aggregate should be clean, hard and durable, and should be applied and maintained to a minimum of three inches deep.
 - d. "Clean aisles between cage rows" means reducing PM emissions by cleaning the aisles between cage rows at least twice every 14 days to prevent dried manure, spilled feed, and debris accumulation.
 - e. "Clean fans, louvers, and soffit inlets in a commercial poultry facility" means reducing PM emissions by cleaning fans, louvers, and soffit inlets when the facility is empty between depopulating and populating the facility.
 - f. "Clean floors and walls in a commercial poultry facility" means reducing PM emissions by cleaning floors and walls to prevent dried manure, spilled feed, and debris accumulation when the facility is empty between depopulating and populating the facility.
 - g. "Commercial poultry facility" means a poultry operation with more than 25,000 egg laying hens within the boundary of the Maricopa PM nonattainment area and Maricopa County portion of Area A, a PM nonattainment area designated after June 1, 2009 as

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

stated in A.R.S. § 49-457(P)(1)(f), or the Pinal County PM Nonattainment Area.

- h. "Control vegetation on building exteriors" means reducing PM emissions by removing, cutting, or trimming vegetation that accumulates PM and restricts ventilation of the building, so as to leave approximately 3 feet between the vegetation and building.
- i. "Enclose transfer points" means reducing PM emissions by enclosing the points of transfer between the enclosed, weatherproof storage structure and the enclosed feed distribution system, which reduce air contact with the feed rations during feed conveyance.
- j. "House in fully enclosed ventilated buildings" means reducing PM emissions by utilizing fully enclosed buildings with sufficient ventilation.
- k. "Maintain moisture in manure solids" means reducing PM emissions by maintaining a moisture content of a minimum of 15% in the solids sufficient to bind small particles to larger particles.
- l. "Minimize drop distance" means reducing PM emissions by designing the feed distribution system so that the distance the feed ration drops from the feed distribution system into feeders is approximately 1 foot or less, which reduces air contact with the feed rations during feed conveyance.
- m. "Poultry" means any domesticated bird including chickens, turkeys, ducks, geese, guineas, ratites and squabs.
- n. "Remove spilled feed" means reducing PM emissions by removing spilled feed from the housing facility at least once every 14 days.
- o. "Stack separated manure solids" means reducing PM emissions and wind erosion by reducing the amount of exposed surface area of manure solids.
- p. "Store feed" means reducing PM emissions by storing feed in a structure that is enclosed and weatherproof, which reduces air contact with the feed rations during feed storage.
- q. "Synthetic particulate suppressant" means reducing PM emissions and wind erosion by providing a stabilized soil surface on a commercial poultry operation with a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, an emulsion of a petroleum product, an enzyme product, or polyacrylamide that is used to control particulate matter.
- r. "Use enclosed feed distribution system" means reducing PM emissions by using an enclosed feed conveyance system that distributes feed rations throughout the housing facility, which reduces air contact with the feed rations during feed conveyance.
- s. "Use a flexible discharge spout" means reducing PM emissions and wind erosion at the time of bulk feed deliveries to the housing units by using a flexible discharge spout on the end of the feed truck transfer auger.
- t. "Use no bedding in the production facility" means reducing PM emissions by not using bedding such as wood shavings, sawdust, peanut hulls, straw, or other organic material.
- u. "Use of a rotary dryer to dry manure waste" means reducing PM₁₀ emissions by drying the manure waste in a rotary dryer fitted with a baghouse or wet

scrubber. A commercial poultry facility using a rotary dryer must comply with all of the following:

- i. Install, maintain, and operate the baghouse or wet scrubber in a manner consistent with the manufacturer's specifications at all times the rotary dryer is operated. The manufacturer specifications must be available on site upon request.
- ii. Conduct monthly observations using EPA Method 22 on the control equipment to ensure proper operation. If improper operation is observed through EPA Method 22, the dryer must stop immediately and the equipment repaired before resuming operations.
- iii. For baghouses, conduct an annual black light inspection of the bags to detect broken or leaking bags. If broken or leaking bags are detected it must be repaired or replaced immediately.
- iv. Maintain a record of all repair activity required under (ii) and (ii) that must be made available within two days of Director's request for inspection.

- 5. The following definitions apply to a commercial swine facility:

- a. "Add oil and/or moisture to the feed" means reducing PM emissions by adding a minimum of 0.5% edible oil and/or moisture to feed rations to bind small particles to larger particles.
- b. "Add moisture through ventilation systems" means reducing PM emissions by using a ventilation system that is designed to allow stock to maintain their normal body temperature without difficulty while maintaining minimum of 15% moisture in the air within the housing system to bind small particles to larger particles.
- c. "Aggregate cover" means reducing PM emissions, wind erosion and stabilizing soil by applying and maintaining gravel, concrete, recycled road base, caliche, or other similar material to unpaved roads or feed lanes. The aggregate should be clean, hard and durable, and should be applied and maintained to a minimum of three inches deep.
- d. "Clean aisles between pens and stalls" means reducing PM emissions by cleaning the aisles between pens and stalls at least twice every 14 days to prevent dried manure, spilled feed, and debris accumulation.
- e. "Clean fans, louvers, and soffit inlets in a commercial swine facility" means reducing PM emissions by cleaning fans, louvers, and soffit inlets between transfer of animal groups, but in any case, at least every 6 months.
- f. "Clean pens, floors and walls in a commercial swine facility" means reducing PM emissions by cleaning pens, floors, and walls between transfer of animal groups to prevent dried manure, spilled feed, and debris accumulation, but in any case, at least every 6 months.
- g. "Commercial swine facility" means a swine operation with more than 50 animal units for more than 30 consecutive days within the boundary of the Maricopa PM nonattainment area and Maricopa County portion of Area A, a PM nonattainment area designated after June 1, 2009 as stated in A.R.S. § 49-457(P)(1)(f), or the Pinal County PM Nonattainment Area. One thousand pounds equals one animal unit.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- h. "Control vegetation on building exteriors" means reducing PM emissions by removing, cutting, or trimming vegetation that accumulates PM and restricts ventilation of the building, so as to leave approximately 3 feet between the vegetation and the building.
- i. "Enclose transfer points" means reducing PM emissions by enclosing the points of transfer between the enclosed, weatherproof storage structure and the enclosed feed distribution system, which reduces air contact with the feed rations during feed conveyance.
- j. "House in fully enclosed ventilated buildings" means reducing PM emissions by utilizing fully enclosed buildings with sufficient ventilation.
- k. "Lagoon" means a liquid manure storage and treatment pond.
- l. "Maintain moisture in manure solids" means reducing PM₁₀ emissions by maintaining a minimum moisture content of 10% in the solids sufficient to bind small particles to larger particles.
- m. "Minimize drop distance" means reducing PM emissions by designing the feed distribution system so that the distance the feed ration drops from the feed distribution system into feeders is 3 feet or less, which reduces air contact with the feed rations during feed conveyance.
- n. "Remove spilled feed" means reducing PM emissions by removing spilled feed from the housing facility at least once every 14 days.
- o. "Slatted flooring" means reducing PM emissions by using flooring that is a slotted concrete or wire-mesh floor set above a liquid manure collection pit, which allows the excrement to fall through the flooring into the liquid pit below, which prevents solids build-up. Slats 4 to 8 inches wide with spacing of about 1 inch in between are recommended.
- p. "Sloped concrete flooring" means reducing PM emissions by pouring concrete with a minimum of 0.25% grade inside of the barns which provides drainage and easier cleaning of floor areas.
- q. "Stack separated manure solids" means reducing PM emissions and wind erosion by reducing the amount of exposed surface area of manure solids.
- r. "Store feed" means reducing PM emissions by storing feed in a structure that is enclosed and weatherproof, which reduces air contact with the feed rations during feed storage.
- s. "Store separated manure solids" means reducing PM emissions by storing manure solids in a wind-blocked area behind a wall, structure, or area with natural wind protection to minimize blowing air movement over the manure stack.
- t. "Synthetic particulate suppressant" means reducing PM emissions and wind erosion by providing a stabilized soil surface on a commercial swine operation with a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, an emulsion of a petroleum product, an enzyme product, or polyacrylamide that is used to control particulate matter.
- u. "Use a flexible discharge spout" means reducing PM emissions and wind erosion at the time of bulk feed deliveries to the housing units by using a flexible discharge spout on the end of the feed truck transfer auger.
- v. "Use enclosed feed distribution system" means reducing PM emissions by using an enclosed feed conveyance system that distributes feed rations throughout the housing facility, which reduces air contact with the feed rations during the feed conveyance.
- w. "Use no bedding in the production facility" means reducing PM emissions by not using bedding such as wood shavings, sawdust, peanut hulls, straw, or other organic material.

Historical Note

New Section adopted by final rulemaking at 6 A.A.R. 2009, effective May 12, 2000 (Supp. 00-2). Amended by exempt rulemaking at 13 A.A.R. 4326, effective November 14, 2007 (Supp. 07-4). Section repealed; new Section made by exempt rulemaking at 18 A.A.R. 137, effective December 29, 2011 (Supp. 11-4). Subsection (2)(a) corrected at request of the Department, Office File No. M12-133, filed April 5, 2012 (Supp. 11-4). Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3). Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 22 A.A.R. 987, effective April 5, 2016 (Supp. 16-2).

R18-2-611.01. Agricultural PM General Permit for Animal Operations; Maricopa County Serious PM Nonattainment Areas

- A.** A commercial animal operator within a Serious PM Nonattainment Area shall implement at least two best management practices from each category to reduce PM emissions.
- B.** A commercial dairy operation shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 - 1. Arenas, Corrals, and Pens:
 - a. Use free stall housing,
 - b. Provide shade in corral,
 - c. Provide cooling in corral,
 - d. Cement cattle walkways to milk barn,
 - e. Groom manure surface,
 - f. Water misting systems,
 - g. Use drag equipment to maintain pens,
 - h. Pile manure between cleanings,
 - i. Feed green chop,
 - j. Keep calves in barns or hutches,
 - k. Do not run cattle,
 - l. Apply a fibrous layer, or
 - m. Wind barrier.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Feed higher moisture feed to dairy cattle,
 - b. Store and maintain feed stock,
 - c. Covers for silage,
 - d. Store silage in bunkers,
 - e. Cover manure hauling trucks, or
 - f. Do not load manure trucks with dry manure when wind exceeds 15 mph.
 - 3. Unpaved Access Connections:
 - a. Install signage to limit vehicle speed to 15 mph,
 - b. Install speed control devices,
 - c. Restrict access to through traffic,
 - d. Install and maintain a track-out control device,
 - e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant, or
 - h. Apply and maintain water as a dust suppressant.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed truck to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict access to through traffic,
 - e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant,
 - h. Apply and maintain water as a dust suppressant,
 - i. Use appropriate vehicles such as electric carts or small utility vehicles instead of trucks, or
 - j. Apply and maintain pavement or cement feed lanes.
- C. A commercial beef cattle feedlot shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 1. Arenas, Corrals, and Pens:
 - a. Concrete aprons,
 - b. Provide shade in corral,
 - c. Add moisture to pen surface,
 - d. Manure removal,
 - e. Pile manure between cleanings,
 - f. Feed higher moisture feed to beef cattle,
 - g. Control cattle during movements,
 - h. Use drag equipment to maintain pens,
 - i. Apply a fibrous layer, or
 - j. Wind barrier.
 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Feed higher moisture feed to beef cattle,
 - b. Add molasses or tallow to feed,
 - c. Store and maintain feed stock,
 - d. Bulk materials,
 - e. Use drag equipment to maintain pens,
 - f. Cover manure hauling trucks, or
 - g. Do not load manure when wind exceeds 15 mph.
 3. Unpaved Access Connections:
 - a. Install and maintain a track-out control device,
 - b. Apply and maintain pavement in high traffic areas,
 - c. Apply and maintain aggregate cover,
 - d. Apply and maintain synthetic particulate suppressant, or
 - e. Apply and maintain water as a dust suppressant.
 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed truck to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict access to through traffic,
 - e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant,
 - h. Apply and maintain water as a dust suppressant, or
 - i. Apply and maintain oil on roads or feed lanes.
- D. A commercial poultry facility shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 1. Arenas, Corrals, and Pens (Housing):
 - a. Clean fans, louvers, and soffit inlets in a commercial poultry facility,
 - b. Use no bedding,
 - c. Control vegetation on building exteriors,
 - d. Add moisture through ventilation systems, or
 - e. House in fully enclosed ventilated buildings.
 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Remove spilled feed,
 - b. Store feed,
 - c. Add oil and/or moisture to the feed,
 - d. Use enclosed feed distribution system,
 - e. Use flexible discharge spout,
 - f. Minimize drop distance,
 - g. Enclose transfer points,
 - h. Clean floors and walls in a commercial poultry facility,
 - i. Clean aisles between cage rows,
 - j. Stack separated manure solids,
 - k. Maintain moisture in manure solids, or
 - l. Use of a rotary dryer to dry manure waste.
 3. Unpaved Access Connections:
 - a. Install speed control devices,
 - b. Restrict traffic access,
 - c. Install and maintain a track-out control system, or
 - d. Install signage to limit vehicle speed to 15 mph.
 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed trucks to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict traffic access,
 - e. Apply and maintain aggregate cover,
 - f. Apply and maintain synthetic particulate suppressant,
 - g. Apply and maintain water, or
 - h. Apply and maintain oil on roads or feed lanes.
- E. A commercial swine facility shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 1. Arenas, Corrals, and Pens (Housing):
 - a. House in fully enclosed ventilated buildings,
 - b. Use no bedding,
 - c. Use a slatted floor system,
 - d. Use sloped concrete flooring,
 - e. Clean fans, louvers, and soffit inlets in a commercial swine facility,
 - f. Control vegetation on building exteriors, or
 - g. Add moisture through ventilation systems.
 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Remove spilled feed,
 - b. Store feed,
 - c. Add oil and/or moisture to feed,
 - d. Use enclosed feed distribution system,
 - e. Use flexible discharge spout,
 - f. Minimize drop distance,
 - g. Enclose transfer points,
 - h. Clean pens, floors, and walls in a commercial swine facility,
 - i. Clean aisles between pens and stalls,
 - j. Store separated manure solids in a wind-blocked area,
 - k. Stack separated manure solids,
 - l. Maintain moisture in manure solids, or
 - m. Maintain liquid lagoon level.
 3. Unpaved Access Connections:
 - a. Install speed control devices,
 - b. Restrict traffic access,
 - c. Install and maintain a track-out control system,
 - d. Install signage to limit vehicle speed to 15 mph.
 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed trucks to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- c. Install speed control devices,
 - d. Restrict traffic access,
 - e. Apply and maintain aggregate cover,
 - f. Apply and maintain synthetic particulate suppressant,
 - g. Apply and maintain water,
 - h. Apply and maintain oil on roads or feed lanes, or
 - i. Wind barrier.
- F.** From and after December 31, 2015, a commercial animal operator who engages in a regulated agricultural activity shall complete a Best Management Practices Program General Permit Record Form. Thereafter, a new Best Management Practices Program General Permit Record Form shall be completed every year by March 31. The Form shall be provided to the Director within two business days of notice to the commercial animal operator. The Best Management Practice Program General Permit Record form shall include the following information:
- 1. The name of the commercial animal operator, signature, and date signed,
 - 2. The mailing address or physical address of the commercial animal operation, and
 - 3. The best management practices selected for Arenas, Corrals, and Pens, Animal Waste Handling and Transporting, Unpaved Access Connections, and Unpaved Roads or Feed Lanes.
- G.** Beginning January 1, 2016, a commercial animal operator shall maintain records demonstrating compliance with this Section for three years. Records shall include a copy of the complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice and any changes to the best management practices. Records shall be kept by the commercial animal operator onsite and made available for review by the Director within two business days of notice to the commercial animal operator.
- H.** A person may develop different practices not contained in subsection (B), (C), (D), or (E), that reduce PM and may submit such practices that are proven effective through on-operation demonstration trials to the Committee.
- I.** The Director shall not assess a fee to a commercial animal operator for coverage under the Best Management Practice Program General Permit Record Form.
- J.** A commercial animal operator shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- K.** The Director shall document noncompliance with this Section before issuing a compliance order.
- L.** A commercial animal operator who is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).

Historical Note

New Section made by exempt rulemaking at 18 A.A.R. 137, effective December 29, 2011 (Supp. 11-4).
 Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3). Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 22 A.A.R. 987, effective April 5, 2016 (Supp. 16-2).

R18-2-611.02. Agricultural PM General Permit for Animal Operations; Moderate PM Nonattainment Areas Designated After June 1, 2009, Except Pinal County PM Nonattainment Area

- A.** A commercial animal operator within a Moderate PM Nonattainment Area, designated after June 1, 2009, shall implement

at least one best management practice from each category to reduce PM emissions.

- B.** A commercial dairy operation shall implement the following best management practices, as described in subsection (A), from each of the following categories:
- 1. Arenas, Corrals, and Pens:
 - a. Use free stall housing,
 - b. Provide shade in corral,
 - c. Provide cooling in corral,
 - d. Cement cattle walkways to milk barn,
 - e. Groom manure surface,
 - f. Water misting systems,
 - g. Use drag equipment to maintain pens,
 - h. Pile manure between cleanings,
 - i. Feed green chop,
 - j. Keep calves in barns or hutches,
 - k. Do not run cattle,
 - l. Apply a fibrous layer, or
 - m. Wind barrier.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Feed higher moisture feed to dairy cattle,
 - b. Store and maintain feed stock,
 - c. Covers for silage,
 - d. Store silage in bunkers,
 - e. Cover manure hauling trucks, or
 - f. Do not load manure trucks with dry manure when wind exceeds 15 mph.
 - 3. Unpaved Access Connections:
 - a. Install signage to limit vehicle speed to 15 mph,
 - b. Install speed control devices,
 - c. Restrict access to through traffic,
 - d. Install and maintain a track-out control device,
 - e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant, or
 - h. Apply and maintain water as a dust suppressant.
 - 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed truck to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict access to through traffic,
 - e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant,
 - h. Apply and maintain water as a dust suppressant,
 - i. Use appropriate vehicles such as electric carts or small utility vehicles instead of trucks, or
 - j. Apply and maintain pavement or cement feed lanes.
- C.** A commercial beef cattle feedlot shall implement the following best management practices, as described in subsection (A), from each of the following categories:
- 1. Arenas, Corrals, and Pens:
 - a. Concrete aprons,
 - b. Provide shade in corral,
 - c. Add moisture to pen surface,
 - d. Manure removal,
 - e. Pile manure between cleanings,
 - f. Feed higher moisture feed to beef cattle,
 - g. Control cattle during movements,
 - h. Use drag equipment to maintain pens,
 - i. Apply a fibrous layer, or
 - j. Wind barrier.
 - 2. Animal Waste (and Feed) Handling and Transporting:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. Feed higher moisture feed to beef cattle,
- b. Add molasses or tallow to feed,
- c. Store and maintain feed stock,
- d. Bulk materials,
- e. Use drag equipment to maintain pens,
- f. Cover manure hauling trucks, or
- g. Do not load manure when wind exceeds 15 mph.
- 3. Unpaved Access Connections:
 - a. Install and maintain a track-out control device,
 - b. Apply and maintain pavement in high traffic areas,
 - c. Apply and maintain aggregate cover,
 - d. Apply and maintain synthetic particulate suppressant, or
 - e. Apply and maintain water as a dust suppressant.
- 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed truck to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict access to through traffic,
 - e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant,
 - h. Apply and maintain water as a dust suppressant, or
 - i. Apply and maintain oil on roads or feed lanes.
- D. A commercial poultry facility shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 - 1. Arenas, Corrals, and Pens (Housing):
 - a. Clean fans, louvers, and soffit inlets in a commercial poultry facility,
 - b. Use no bedding,
 - c. Control vegetation on building exteriors;
 - d. Add moisture through ventilation systems, or
 - e. House in fully enclosed ventilated buildings.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Remove spilled feed,
 - b. Store feed,
 - c. Add oil and/or moisture to the feed,
 - d. Use enclosed feed distribution system,
 - e. Use flexible discharge spout,
 - f. Minimize drop distance,
 - g. Enclose transfer points,
 - h. Clean floors and walls in a commercial poultry facility,
 - i. Clean aisles between cage rows,
 - j. Stack separated manure solids, or
 - k. Maintain moisture in manure solids.
 - 3. Unpaved Access Connections:
 - a. Install speed control devices,
 - b. Restrict traffic access,
 - c. Install and maintain a track-out control system, or
 - d. Install signage to limit vehicle speed to 15 mph.
 - 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed trucks to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict traffic access,
 - e. Apply and maintain aggregate cover,
 - f. Apply and maintain synthetic particulate suppressant,
 - g. Apply and maintain water, or
 - h. Apply and maintain oil on roads or feed lanes.
- E. A commercial swine facility shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 - 1. Arenas, Corrals, and Pens (Housing):
 - a. House in fully enclosed ventilated buildings,
 - b. Use no bedding,
 - c. Use a slatted floor system,
 - d. Use sloped concrete flooring,
 - e. Clean fans, louvers, and soffit inlets in a commercial swine facility,
 - f. Control vegetation on building exteriors, or
 - g. Add moisture through ventilation systems.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Remove spilled feed,
 - b. Store feed,
 - c. Add oil and/or moisture to feed,
 - d. Use enclosed feed distribution system,
 - e. Use flexible discharge spout,
 - f. Minimize drop distance,
 - g. Enclose transfer points,
 - h. Clean pens, floors, and walls in a commercial swine facility,
 - i. Clean aisles between pens and stalls,
 - j. Store separated manure solids in a wind-blocked area,
 - k. Stack separated manure solids,
 - l. Maintain moisture in manure solids, or
 - m. Maintain liquid lagoon level.
 - 3. Unpaved Access Connections:
 - a. Install speed control devices,
 - b. Restrict traffic access,
 - c. Install and maintain a track-out control system,
 - d. Install signage to limit vehicle speed to 15 mph.
 - 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed trucks to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict traffic access,
 - e. Apply and maintain aggregate cover,
 - f. Apply and maintain synthetic particulate suppressant,
 - g. Apply and maintain water,
 - h. Apply and maintain oil on roads or feed lanes, or
 - i. Wind barrier.
- F. From and after December 31, 2015, a commercial animal operator who engages in a regulated agricultural activity shall complete a Best Management Practices Program General Permit Record Form. Thereafter, a new Best Management Practices Program General Permit Record Form shall be completed every year by March 31. The Form shall be provided to the Director within two business days of notice to the commercial animal operator. The Best Management Practices Program General Permit Record Form shall include the following information:
 - 1. The name of the commercial animal operator, signature, and date signed,
 - 2. The mailing address or physical address of the commercial animal operation, and
 - 3. The best management practices selected for Arenas, Corrals, and Pens, Animal Waste Handling and Transporting, Unpaved Access Connections, and Unpaved Roads or Feed Lanes.
- G. Beginning January 1, 2016, a commercial animal operator shall maintain records demonstrating compliance with this Section for three years. Records shall include a copy of the

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice and any changes to the best management practices. Records shall be kept by the commercial animal operator onsite and made available for review by the Director within two business days of notice to the commercial animal operator.

- H. A person may develop different practices not contained in subsection (B), (C), (D), or (F) that reduce PM and may submit such practices that are proven effective through on-operation demonstration trials to the Committee. The new best management practices shall not become effective unless submitted as described in A.R.S. § 49-457(L).
- I. The Director shall not assess a fee to a commercial animal operator for coverage under the agricultural PM general permit.
- J. A commercial animal operator shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- K. The Director shall document noncompliance with this Section before issuing a compliance order.
- L. A commercial animal operator who is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).

Historical Note

New Section made by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-611.03. Agricultural PM General Permit for Animal Operations; Pinal County PM Nonattainment Area

- A. A commercial animal operator within the Pinal County PM Nonattainment Area shall implement at least one best management practice from each category to reduce PM emissions.
- B. In addition to subsection (A), on the day that is forecast to be high risk for dust generation by the Pinal County Dust Control Forecast, commercial dairy operations within the Pinal County PM Nonattainment Area shall apply and maintain one of the four following BMPs on unpaved roads that experience more than 20 VDT from 2 or more axle vehicles:
 - 1. Apply and maintain pavement in high traffic areas,
 - 2. Apply and maintain aggregate cover,
 - 3. Apply and maintain synthetic particulate suppressant, or
 - 4. Apply and maintain water as a dust suppressant.
- C. In addition to subsection (A), commercial beef feedlots within the Pinal County PM Nonattainment Area, shall add water to pen surface, as defined in R18-2-611(3)(a), on the day that is forecast to be high risk for dust generation by the Pinal County Dust Control Forecast.
- D. A commercial dairy operation shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 - 1. Arenas, Corrals, and Pens:
 - a. Use free stall housing,
 - b. Provide shade in corral,
 - c. Provide cooling in corral,
 - d. Cement cattle walkways to milk barn,
 - e. Groom manure surface,
 - f. Water misting systems,
 - g. Use drag equipment to maintain pens,
 - h. Pile manure between cleanings,
 - i. Feed green chop,
 - j. Keep calves in barns or hutches,
 - k. Do not run cattle,
 - l. Apply a fibrous layer, or
 - m. Wind barrier.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Feed higher moisture feed to dairy cattle,
 - b. Store and maintain feed stock,
 - c. Covers for silage,
 - d. Store silage in bunkers,
 - e. Cover manure hauling trucks, or
 - f. Do not load manure trucks with dry manure when wind exceeds 15 mph.
- E. A commercial beef cattle feedlot shall implement the following best management practices, as described in subsection (A), from each of the following categories:
 - 1. Arenas, Corrals, and Pens:
 - a. Concrete aprons,
 - b. Provide shade in corral,
 - c. Add water to pen surface,
 - d. Manure removal,
 - e. Pile manure between cleanings,
 - f. Feed higher moisture feed to beef cattle,
 - g. Control cattle during movements,
 - h. Use drag equipment to maintain pens,
 - i. Apply a fibrous layer, or
 - j. Wind barrier.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Feed higher moisture feed to beef cattle;
 - b. Add molasses or tallow to feed,
 - c. Store and maintain feed stock,
 - d. Bulk materials,
 - e. Use drag equipment to maintain pens,
 - f. Cover manure hauling trucks, or
 - g. Do not load manure when wind exceeds 15 mph.
 - 3. Unpaved Access Connections:
 - a. Install and maintain a track-out control device,
 - b. Apply and maintain pavement in high traffic areas,
 - c. Apply and maintain aggregate cover,
 - d. Apply and maintain synthetic particulate suppressant, or
 - e. Apply and maintain water as a dust suppressant.
 - 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed truck to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict access to through traffic,

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- e. Apply and maintain pavement in high traffic areas,
 - f. Apply and maintain aggregate cover,
 - g. Apply and maintain synthetic particulate suppressant,
 - h. Apply and maintain water as a dust suppressant, or
 - i. Apply and maintain oil on roads or feed lanes.
- F.** A commercial poultry facility shall implement the following best management practices, as described in subsection (A), from each of the following categories:
- 1. Arenas, Corrals, and Pens (Housing):
 - a. Clean fans, louvers, and soffit inlets in a commercial poultry facility,
 - b. Use no bedding,
 - c. Control vegetation on building exteriors,
 - d. Add moisture through ventilation systems, or
 - e. House in fully enclosed ventilated buildings.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Remove spilled feed,
 - b. Store feed,
 - c. Add oil and/or moisture to the feed,
 - d. Use enclosed feed distribution system,
 - e. Use flexible discharge spout,
 - f. Minimize drop distance,
 - g. Enclose transfer points,
 - h. Clean floors and walls in a commercial poultry facility,
 - i. Clean aisles between cage rows,
 - j. Stack separated manure solids, or
 - k. Maintain moisture in manure solids.
 - 3. Unpaved Access Connections:
 - a. Install speed control devices,
 - b. Restrict traffic access,
 - c. Install and maintain a track-out control system, or
 - d. Install signage to limit vehicle speed to 15 mph.
 - 4. Unpaved Roads or Feed Lanes:
 - a. Install engine speed governors on feed trucks to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict traffic access,
 - e. Apply and maintain aggregate cover,
 - f. Apply and maintain synthetic particulate suppressant,
 - g. Apply and maintain water, or
 - h. Apply and maintain oil on roads or feed lanes.
- G.** A commercial swine facility shall implement the following best management practices, as described in subsection (A), from each of the following categories:
- 1. Arenas, Corrals, and Pens (Housing):
 - a. House in fully enclosed ventilated buildings,
 - b. Use no bedding,
 - c. Use a slatted floor system,
 - d. Use sloped concrete flooring,
 - e. Clean fans, louvers, and soffit inlets in a commercial swine facility,
 - f. Control vegetation on building exteriors, or
 - g. Add moisture through ventilation systems.
 - 2. Animal Waste (and Feed) Handling and Transporting:
 - a. Remove spilled feed,
 - b. Store feed,
 - c. Add oil and/or moisture to feed,
 - d. Use enclosed feed distribution system,
 - e. Use flexible discharge spout,
 - f. Minimize drop distance,
 - g. Enclose transfer points,
 - h. Clean pens, floors, and walls in a commercial swine facility,
 - i. Clean aisles between pens and stalls,
 - j. Store separated manure solids in a wind-blocked area,
 - k. Stack separated manure solids,
 - l. Maintain moisture in manure solids, or
 - m. Maintain liquid lagoon level.
3. Unpaved Access Connections:
- a. Install speed control devices,
 - b. Restrict traffic access,
 - c. Install and maintain a track-out control system,
 - d. Install signage to limit vehicle speed to 15 mph.
4. Unpaved Roads or Feed Lanes:
- a. Install engine speed governors on feed trucks to 15 mph,
 - b. Install signage to limit vehicle speed to 15 mph,
 - c. Install speed control devices,
 - d. Restrict traffic access,
 - e. Apply and maintain aggregate cover,
 - f. Apply and maintain synthetic particulate suppressant,
 - g. Apply and maintain water,
 - h. Apply and maintain oil on roads or feed lanes, or
 - i. Wind barrier.
- H.** From and after December 31, 2015, a commercial animal operator who engages in a regulated agricultural activity shall complete a Best Management Practices Program General Permit Record Form. Thereafter, a new Best Management Practices Program General Permit Record Form shall be completed every year by March 31. The Form shall be provided to the Director within two business days of notice to the commercial animal operator. The Best Management Practices Program General Permit Record Form shall include the following information:
- 1. The name of the commercial animal operator, signature, and date signed,
 - 2. The mailing address or physical address of the commercial animal operation, and
 - 3. The best management practices selected for Arenas, Corrals, and Pens, Animal Waste Handling and Transporting, Unpaved Access Connections, and Unpaved Roads or Feed Lanes.
- I.** Beginning in calendar year 2017, and no more than once every subsequent three calendar years, the Director shall provide the commercial animal operator with a Best Management Practices Program 3-year Survey. The commercial animal operator shall complete the Survey with data from the preceding calendar year and submit the Survey to the Arizona Department of Agriculture (ADA) by January 31, 2018, and every three years thereafter. The Survey information submitted to the ADA shall be compiled by the ADA in a format that does not refer to a commercial animal operator's name, shall aggregate the data from the Surveys received, and be submitted to the Department. The 3-year Survey shall include the following information:
- 1. The name, business address, and phone number of the commercial farmer responsible for the preparation and implementation of the best management practices;
 - 2. The signature of the commercial farmer and the date the form was signed;
 - 3. The number of animals in a commercial dairy operation, beef cattle feed lot, poultry facility or swine facility;
 - 4. The total miles of unpaved roads at the commercial dairy operation, beef cattle feed lot, poultry facility or swine facility;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

5. The total acreage of the unpaved access connections and equipment areas at the commercial dairy operation, beef cattle feed lot, poultry facility or swine facility;
 6. The best management practices selected for each category; and
 7. For commercial dairy operations and beef cattle feedlots, an acknowledgement that water was applied on the day of a high risk day as predicted by the Pinal County Dust Control Forecast.
- J.** Beginning January 1, 2016, a commercial animal operator shall maintain records demonstrating compliance with this Section for three years. Records shall include a copy of the complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice and any changes to the best management practices. Records shall be kept by the commercial animal operator onsite and made available for review by the Director within two business days of notice to the commercial animal operator.
- K.** A person may develop different practices not contained in subsection (D), (E), (F), or (G) that reduce PM and may submit such practices that are proven effective through on-operation demonstration trials to the Committee. The new best management practices shall not become effective unless submitted as described in A.R.S. § 49-457(L).
- L.** The Director shall not assess a fee to a commercial animal operator for coverage under the agricultural PM general permit.
- M.** A commercial animal operator shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- N.** The Director shall document noncompliance with this Section before issuing a compliance order.
- O.** A commercial animal operator who is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).

Historical Note

New Section made by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-612. Definitions for R18-2-612.01

The definitions in R18-2-101 and the following definitions apply to R18-2-612.01:

1. "Access restriction" means reducing PM emission by reducing the number of trips driven on unpaved operation and maintenance and unpaved utility roads by restricting or eliminating public access by the use of signs or physical obstruction at locations that effectively control access to roads.
2. "Aggregate cover" means reducing PM emissions, wind erosion and stabilizing soil by applying and maintaining gravel, concrete, recycled road base, caliche, or other similar material to unpaved roads. The aggregate should be clean, hard and durable, and should be applied a depth sufficient to create soil stabilization in accordance with material specifications. A minimum depth of three inches is the standard in the absence of such specifications.
3. "Apply and maintain water" means reducing PM emissions and wind erosion by applying water to bare soil surfaces until the surfaces are visibly moist.
4. "Best management practice" means a technique verified by scientific research, that on a case-by-case basis is practical, economically feasible, and effective in reducing PM emissions from a regulated agricultural activity.
5. "Biological control of aquatic weeds" means reducing at least one trip, or to one trip if only one trip is needed, per treatment, made by vehicles for the purposes of removing aquatic weeds from canals by using fish, and other biologic means, within the canal through the use of to control the growth of aquatic weeds that reduce operating capacities and create debris that causes other operational issues.
6. "Canals" means facilities constructed for the sole purpose of the control, conveyance, and delivery of water. These facilities may be either open earthen channels, lined or unlined, or buried pipelines, which are used to convey water uphill and under obstructions, such as roadways and wash and river channels. These facilities include, but are not limited to, gate, inlet, outlet, safety, and measuring structures required to control water along the canals and deliver water to irrigation district customers, as well as compacted earthen banks constructed to protect these facilities from storm runoff events.
7. "Committee" means the Governor's Agricultural Best Management Practices Committee.
8. "Debris" means trash, rubble, and other non-soil materials.
9. "Dredge canals" means reducing PM emissions by mechanically removing muck, debris, and other foreign objects from canals while material is still wet or damp.
10. "Dust Control Forecast" means a forecast, which shall identify a low, moderate or high risk of dust generation for the next five consecutive days and shall be issued by noon on each day the forecast is generated. When developing these forecasts, the department shall consider all of the following:
 - a. Projected meteorological conditions, including:
 - i. Wind speed and direction,
 - ii. Stagnation,
 - iii. Recent precipitation, and
 - iv. Potential for precipitation;
 - b. Existing concentrations of air pollution at the time of the forecast; and
 - c. Historic air pollution concentrations that have been observed during meteorological conditions similar to those that are predicted to occur in the forecast.
11. "Earth materials" means natural materials covering the ground surface, which includes, but are not limited to, dirt, rocks, or soil.
12. "Grading roadways" means mechanically smoothing and compacting the roadway surface.
13. "Irrigation District" means a political subdivision, governed by title 48, chapter 19.
14. "Limit activity" means performing only critical operational or emergency activity on a day forecast to be high risk for dust generation as forecasted by the Pinal County Dust Control Forecast.
15. "Major earth moving activities" means the mechanical movement of earth materials to reconstruct, relocate, reshape, reconfigure canals, including operation and maintenance roads and utility access roads.
16. "Maricopa PM nonattainment area" means the Phoenix planning area as defined in 40 CFR 81.303, which is incorporated by reference in R18-2-210.
17. "Minor earth moving activities" means the mechanical movement of earth materials to repair and maintain the existing configuration, location, bank slopes, or inclines of canals.
18. "Muck" means water that is saturated with mud, dirt, and soil, which accumulates over time along the bottom of canals.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

19. "Paved Public Road" means any paved roadways that are open to public travel and maintained by a City, County, or the State.
20. "Pinal County PM Nonattainment Area" means the West Pinal PM₁₀ planning area and the West Central PM_{2.5} planning area, as defined in 40 CFR 81.303, and incorporated by reference in R18-2-210.
21. "PM" includes both particulate matter with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers as measured by a reference method based on 40 CFR 50 Appendix L, or by an equivalent method designated according to 40 CFR 53; and particulate matter with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured by a reference method contained within 40 CFR 50 Appendix J or by an equivalent method designated in accordance with 40 CFR 53, as incorporated by reference in Appendix 2.
22. "Reduce vehicle speed" means reducing PM emissions and soil erosion from the use of vehicles owned or operated by the irrigation district on unpaved operation, maintenance, and utility access roads, at speeds not to exceed 25 mph. This can be achieved through worker behavior modifications, signage, or any other necessary means.
23. "Regulated agricultural activity" means activities of an irrigation district, which affects those lands and facilities that are under the jurisdiction and control of an irrigation district, as described in § 49-457(P)(1)(f) and A.R.S. § 49-457(P)(5)(b).
24. "Regulated area" means a regulated area as defined in A.R.S. § 49-457(P)(6)(c).
25. "Sediment" means muck that has dried after removal from canals.
26. "Supervisory control system" means a system that allows the irrigation district to control operational structures from a remote computer location in order to reduce at least one trip made by vehicles to access structures for operational purposes.
27. "Synthetic or natural particulate suppressant" means reducing PM emissions and wind erosion by providing a stabilized soil surface with organic material, such as muck, animal waste or biosolids, or with a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, an emulsion of a petroleum product, an enzyme product, or polyacrylamide.
28. "Track-out control system" means minimizing any and all material that adheres to and agglomerates on all vehicles and equipment and falls onto paved public roads or shoulders to paved public roads by using a device or system to remove mud or soil from a vehicle or equipment before the vehicle enters a paved public road. Devices such as a grizzly, a gravel pad or a wheel wash system can be used.
29. "Unauthorized use" means any travel or access by non-district personnel in non-district vehicles along roadways under the control of an irrigation district without the permission of the irrigation district.
30. "Unpaved operation and maintenance roads" means unpaved roadways that lay adjacent to canals, which provide access for irrigation district personnel and equipment for direct operation and maintenance of canals, and are under the control of the irrigation district.
31. "Unpaved utility access roads" means unpaved roadways used to provide access to canals, and also includes office and shop facilities, equipment yards, staging areas and other lands under the control of the irrigation district.
32. "Weed management" means reducing at least one trip made by vehicles for the purposes of removing weeds by using a combination of techniques, including organic, chemical, or biological means, to control weeds along canal banks and land surfaces not used for conveying water, excluding unpaved roadways.
33. "Wind barrier" means reducing PM₁₀ emissions and wind erosion by constructing a fence or structure, or providing a woody vegetative barrier by planting a row of trees or shrubs, perpendicular or across the prevailing wind direction to reduce wind speed by changing the pattern of air flow over the land surface. For fences and structures, the wind barrier shall have a density of no less than 50% and the height of the wind barrier must be proportionate to the downwind protected area. The downwind protected area is considered ten times the height of the wind barrier. For vegetative barriers, compliance shall be determined by NRCS Conservation Practice Standard, Code 380, Windbreak/Shelterbelt Establishment, amended through August 21, 2009 (and no future editions).

Historical Note

New Section R18-2-612 renumbered from R18-2-610 at 6 A.A.R. 2009, effective May 12, 2000 (Supp. 00-2). Former Section R18-2-612 renumbered to R18-2-614; new Section R18-2-612 made by final rulemaking at 11 A.A.R. 2210, effective July 18, 2005 (Supp. 05-2). Amended by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-612.01. Agricultural PM General Permit For Irrigation Districts; PM Nonattainment Areas Designated After June 1, 2009

- A. An irrigation district within a PM Nonattainment Area, designated after June 1, 2009, shall implement at least one best management practice from each of the following categories to reduce PM emissions:
1. Unpaved operation and maintenance roads:
 - a. Access restriction,
 - b. Apply and maintain aggregate cover,
 - c. Install supervisory control system to limit vehicle travel,
 - d. Limit activity,
 - e. Install signage to limit vehicle speed to 25 mph,
 - f. Post warning signs for unauthorized use at point of entry to roads,
 - g. Reduce vehicle speed,
 - h. Install and maintain a track-out control system,
 - i. Apply and maintain synthetic or natural particulate suppressant,
 - j. Apply and maintain water before, during, and after major and minor earth moving activities,
 - k. Apply and maintain water when grading roadways,
 - l. Use paved non-district or paved public roads to access structures, or
 - m. Install wind barriers.
 2. Canals:
 - a. Dredge canals while muck or debris is still wet,
 - b. Dispose of muck or debris while still damp,
 - c. Weed management,
 - d. Biological control of aquatic weeds, or
 - e. Apply and maintain water before, during and after major and minor earth moving activities.
 3. Unpaved utility access roads:
 - a. Access restriction,
 - b. Apply and maintain aggregate cover,

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- c. Limit activity,
 - d. Install signage to limit vehicle speed to 25 mph,
 - e. Post warning signs for unauthorized use at points of entry to roads,
 - f. Reduce vehicle speed,
 - g. Install and maintain a track-out control system,
 - h. Apply and maintain pavement,
 - i. Apply and maintain synthetic or natural particulate suppressant,
 - j. Apply and maintain water before, during and after major and minor earth moving activities,
 - k. Apply and maintain water when grading roadways,
 - l. Use paved non-district or paved public roads to access structures, or
 - m. Install wind barriers.
- B.** From and after December 31, 2015, an irrigation district engaged in a regulated agricultural activity shall complete a Best Management Practices Program General Permit Record Form. Thereafter, a new Best Management Practices Program General Permit Record Form shall be completed every year by March 31. The Form shall be provided to the Director within two business days of notice to the irrigation district. The Best Management Practice Program General Permit Record form shall include the following information:
1. The name, business address, and the irrigation district representative responsible for the preparation and implementation of the best management practices;
 2. The signature of the irrigation district representative and the date the form was signed; and
 3. The best management practice selected for unpaved operation and utility roads, canals, and unpaved utility access roads.
- C.** Beginning in calendar year 2017, and no more than once every subsequent three calendar years, the Director, in conjunction with the Arizona Department of Agriculture, shall provide the irrigation district with a Best Management Practices Program 3-year Survey. The irrigation district shall complete the Survey with data from the preceding calendar year and submit the Survey to the Arizona Department of Agriculture (ADA) by January 31, 2018, and every three years thereafter. The Survey information submitted to the ADA shall be compiled by the ADA then be submitted to the Department. The 3-year Survey shall include the following information:
1. The name, business address, and phone number of the irrigation district representative responsible for the preparation and implementation of the best management practices;
 2. The signature of the irrigation district representative and the date the form was signed;
 3. The total miles of canals that the irrigation district controls;
 4. The total miles of unpaved operation and maintenance roads;
 5. The total miles of the unpaved utility access roads; and
 6. The best management practices selected for unpaved operation and utility roads, canals, and unpaved utility access roads.
- D.** Records of any changes to those Best Management Practices shall be noted on the Best Management Practices Program General Permit Record Form and shall be kept by the irrigation district onsite and made available for review by the Director within two business days of notice to the irrigation district by the Department.
- E.** An irrigation district may develop different practices not contained in either of the categories of subsection (A)(1), (A)(2), or (A)(3) that reduce PM and may submit such practices that are proven effective through in-district trials. The proposed new practices shall not become effective unless submitted as described in A.R.S. § 49-457(L).
- F.** An irrigation district shall maintain a record demonstrating compliance with this Section for three years. Records shall include a copy of the complete Best Management Practice Program General Permit Record Form to confirm implementation of each best management practice.
- G.** The Director shall not assess a fee to an irrigation district for coverage under the agricultural PM general permit.
- H.** An irrigation district shall ensure that the implementation of all selected best management practices does not violate any other local, state, or federal law.
- I.** The Director shall document noncompliance with this Section before issuing a compliance order.
- J.** An irrigation district that is not in compliance with this Section is subject to the provisions in A.R.S. § 49-457(I), (J), and (K).

Historical Note

New Section made by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-613. Definitions for R18-2-613.01

1. "Access restriction" means restricting or eliminating public access to noncropland with signs or physical obstruction.
2. "Aggregate cover" means gravel, concrete, recycled road base, caliche, or other similar material applied to noncropland.
3. "Artificial wind barrier" means a physical barrier to the wind.
4. "Bed row spacing" means increasing or decreasing the size of a planting bed area to reduce the number of passes and soil disturbance by increasing plant density.
5. "Best management practice" means a technique verified by scientific research, that on a case-by-case basis is practical, economically feasible, and effective in reducing PM₁₀ emissions from a regulated agricultural activity.
6. "Chemical irrigation" means applying a fertilizer, pesticide, or other agricultural chemical to cropland through an irrigation system.
7. "Combining tractor operations" means performing two or more tillage, cultivation, planting, or harvesting operations with a single tractor or harvester pass.
8. "Commercial farm" means 10 or more contiguous acres of land used for agricultural purposes within the boundary of the Yuma PM₁₀ nonattainment area.
9. "Commercial farmer" means an individual, entity, or joint operation in general control of a commercial farm.
10. "Conservation irrigation" means the use of drips, sprinklers, or underground lines to conserve water, and to reduce the weed population, the need for tillage, and soil compaction.
11. "Conservation tillage" means types of tillage that reduce the number of passes and the amount of soil disturbance.
12. "Cover crop" means plants or a green manure crop grown for seasonal soil protection or soil improvement.
13. "Critical area planting" means using trees, shrubs, vines, grasses, or other vegetative cover on noncropland.
14. "Cropland" means land on a commercial farm that:
 - a. Is within the time-frame of final harvest to plant emergence;
 - b. Has been tilled in a prior year and is suitable for crop production, but is currently fallow; or
 - c. Is a turn-row.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

15. "Cross-wind ridges" means soil ridges formed by a tillage operation.
16. "Cross-wind strip-cropping" means planting strips of alternating crops within the same field.
17. "Cross-wind vegetative strips" means herbaceous cover established in one or more strips within the same field.
18. "Equipment modification" means modifying agricultural equipment to prevent or reduce particulate matter generation from cropland.
19. "Limited activity during a high-wind event" means performing no tillage or soil preparation activity when the measured wind speed at six feet in height is more than 25 mph at the commercial farm site.
20. "Manure application" means applying animal waste or biosolids to a soil surface.
21. "Mulching" means applying plant residue or other material that is not produced onsite to a soil surface.
22. "Multi-year crop" means a crop, pasture, or orchard that is grown, or will be grown, on a continuous basis for more than one year.
23. "Night farming" means performing regulated agricultural activities at night when moisture levels are higher and winds are lighter.
24. "Noncropland" means any commercial farmland that:
 - a. Is no longer used for agricultural production;
 - b. Is no longer suitable for production of crops;
 - c. Is subject to a restrictive easement or contract that prohibits use for the production of crops; or
 - d. Includes a private farm road, ditch, ditch bank, equipment yard, storage yard, or well head.
25. "Permanent cover" means a perennial vegetative cover on cropland.
26. "Planting based on soil moisture" means applying water to soil before performing planting operations.
27. "Precision farming" means use of satellite navigation to calculate position in the field, to reduce overlap during field operations, and allow operations to occur during nighttime and inclement weather, thus generating less PM₁₀.
28. "Reduce vehicle speed" means operating farm vehicles or farm equipment on unpaved farm roads at speeds not to exceed 20 mph.
29. "Reduced harvest activity" means reducing the number of harvest passes using a mechanized method to cut and remove crops from a field.
30. "Regulated agricultural activity" means a commercial farming practice that may produce PM₁₀ within the Yuma PM₁₀ nonattainment area.
31. "Residue management" means managing the amount and distribution of crop and other plant residues on a soil surface.
32. "Sequential cropping" means growing crops in a sequence that minimizes the amount of time bare soil is exposed on a field.
33. "Surface roughening" means manipulating a soil surface to produce or maintain clods.
34. "Synthetic particulate suppressant" means a manufactured product such as lignosulfate, calcium chloride, magnesium chloride, and polyacrylamide, an emulsion of a petroleum product, and an enzyme product that is used to control particulate matter.
35. "Tillage and harvest" means any mechanical practice that physically disturbs cropland or crops on a commercial farm.
36. "Tillage based on soil moisture" means applying water to soil before or during tillage, or delaying tillage to coincide with precipitation.
37. "Timing of a tillage operation" means performing tillage operations at a time that will minimize the soil's susceptibility to generate PM₁₀.
38. "Transgenic crops" means the use of genetically modified crops such as "herbicide ready" crops, which reduces the need for tillage or cultivation operations, and reduces soil disturbance.
39. "Track-out control system" means a device to remove mud or soil from a vehicle before the vehicle enters a paved public road.
40. "Tree, shrub, or windbreak planting" means providing a woody vegetative barrier to the wind.
41. "Watering" means applying water to noncropland.
42. "Yuma PM₁₀ nonattainment area" means the Yuma PM₁₀ planning area as defined in 40 CFR 81.303, which is incorporated by reference in R18-2-210.

Historical Note

New Section made by final rulemaking at 11 A.A.R. 2210, effective July 18, 2005 (Supp. 05-2). Section R18-2-313 renumbered to R18-2-313.01; new Section made by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-613.01. Yuma PM₁₀ Nonattainment Area; Agricultural Best Management Practices

- A. A commercial farmer shall comply with this Section by August 1, 2005.
- B. A commercial farmer who begins a regulated agricultural activity after August 1, 2005, shall comply with this Section within 60 days after beginning the regulated agricultural activity.
- C. A commercial farmer shall implement at least one of the best management practices from each of the following categories at each commercial farm:
 1. Tillage and harvest, subsection (E);
 2. Noncropland, subsection (F); and
 3. Cropland, subsection (G).
- D. A commercial farmer shall ensure that the implementation of each selected best management practice does not violate any other local, state, or federal law.
- E. A commercial farmer shall implement at least one of the following best management practices to reduce PM₁₀ emissions from tillage and harvest:
 1. Bed row spacing,
 2. Chemical irrigation,
 3. Combining tractor operations,
 4. Conservation irrigation,
 5. Conservation tillage,
 6. Equipment modification,
 7. Limited activity during a high-wind event,
 8. Multi-year crop,
 9. Night farming,
 10. Planting based on soil moisture,
 11. Precision farming,
 12. Reduced harvest activity,
 13. Tillage based on soil moisture,
 14. Timing of a tillage operation, or
 15. Transgenic crops.
- F. A commercial farmer shall implement at least one of the following best management practices to reduce PM₁₀ emissions from noncropland:
 1. Access restriction;
 2. Aggregate cover;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

3. Artificial wind barrier;
 4. Critical area planting;
 5. Manure application;
 6. Reduce vehicle speed;
 7. Synthetic particulate suppressant;
 8. Track-out control system;
 9. Tree, shrub, or windbreak planting; or
 10. Watering.
- G.** A commercial farmer shall implement at least one of the following best management practices to reduce PM₁₀ emissions from cropland:
1. Artificial wind barrier;
 2. Cover crop;
 3. Cross-wind ridges;
 4. Cross-wind strip-cropping;
 5. Cross-wind vegetative strips;
 6. Manure application;
 7. Mulching;
 8. Multi-year crop;
 9. Permanent cover;
 10. Planting based on soil moisture;
 11. Precision farming;
 12. Residue management;
 13. Sequential cropping;
 14. Surface roughening; or
 15. Tree, shrub, or windbreak planting.
- H.** A person may develop different practices not contained in subsections (E), (F), or (G) that reduce PM₁₀. A person may submit practices that are proven effective through demonstration trials to the Director. The Director shall review the submitted practices.
- I.** A commercial farmer shall maintain records demonstrating compliance with this Section. The commercial farmer shall provide the records to the Director within two business days of written notice to the commercial farmer. The records shall contain:
1. The name of the commercial farmer,
 2. The mailing address or physical location of the commercial farm, and
 3. The best management practices selected for tillage and harvest, noncropland, and cropland by the commercial farmer, and the date each best management practice was implemented.

Historical Note

New Section R18-2-313.01 renumbered from Section R18-2-313 by exempt rulemaking pursuant to Laws 2011, Ch. 214, § 4, at 21 A.A.R. 1156, effective July 2, 2015 (Supp. 15-3).

R18-2-614. Evaluation of Nonpoint Source Emissions

Opacity of an emission from any nonpoint source shall not be greater than 40% measured according to the 40 CFR 60, Appendix A, Reference Method 9. An open fire permitted under R18-2-602 or regulated under Article 15 is exempt from this requirement.

Historical Note

Section R18-2-614 renumbered from R18-2-612; amended by final rulemaking at 11 A.A.R. 2210, effective July 18, 2005 (Supp. 05-2). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

ARTICLE 7. EXISTING STATIONARY SOURCE PERFORMANCE STANDARDS**R18-2-701. Definitions**

For purposes of this Article:

1. "Acid mist" means sulfuric acid mist as measured in the Arizona Testing Manual and 40 CFR 60, Appendix A.
2. "Architectural coating" means a coating used commercially or industrially for residential, commercial or industrial buildings and their appurtenances, structural steel, and other fabrications such as storage tanks, bridges, beams and girders.
3. "Asphalt concrete plant" means any facility used to manufacture asphalt concrete by heating and drying aggregate and mixing with asphalt cements. This is limited to facilities, including drum dryer plants that introduce asphalt into the dryer, which employ two or more of the following processes:
 - a. A dryer.
 - b. Systems for screening, handling, storing, and weighing hot aggregate.
 - c. Systems for loading, transferring, and storing mineral filler.
 - d. Systems for mixing asphalt concrete.
 - e. The loading, transferring, and storage systems associated with emission control systems.
4. "Black liquor" means waste liquor from the brown stock washer and spent cooking liquor which have been concentrated in the multiple-effect evaporator system.
5. "Calcine" means the solid materials produced by a lime plant.
6. "Coal" means any solid fuel classified as anthracite, bituminous, subbituminous, or lignite by the ASTM Method D388-05 "Standard Classification of Coals by Rank" and coal refuse. Synthetic fuels derived from coal for the purpose of creating useful heat including but not limited to, coal derived gases (not meeting the definition of natural gas), solvent-refined coal, coal-oil mixtures, and coal-water mixtures, are considered "coal" for the purposes of this subpart.
7. "Coal refuse" means any by-product of coal mining, physical coal cleaning, and coal preparation operations (e.g., culm, gob, etc.) containing coal, matrix material, clay, and other organic and inorganic material with an ash content greater than 50 percent (by weight) and a heating value less than 13,900 kilojoules per kilogram (6,000 Btu per pound) on a dry basis.
8. "Concentrate" means enriched copper ore recovered from the froth flotation process.
9. "Concentrate dryer" means any facility in which a copper sulfide ore concentrate charge is heated in the presence of air to eliminate a portion of the moisture from the charge, provided less than 5% of the sulfur contained in the charge is eliminated in the facility.
10. "Concentrate roaster" means any facility in which a copper sulfide ore concentrate is heated in the presence of air to eliminate 5% or more of the sulfur contained in the charge.
11. "Condensate stripper system" means a column, and associated condensers, used to strip, with air or steam, TRS compounds from condensate streams from various processes within a kraft pulp mill.
12. "Control device" means the air pollution control equipment used to remove particulate matter or gases generated by a process source from the effluent gas stream.
13. "Converter" means any vessel to which copper matte is charged and oxidized to copper.
14. "Electric generating plant" means all electric generating units located at a stationary source.
15. "Electric generating unit" means a combustion unit of more than 25 megawatts electric that serves a generator

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- that produces electricity for sale and that burns coal for more than 10.0 percent of the average annual heat input during any three consecutive calendar years or for more than 15.0 percent of the annual heat input during any one calendar year. A unit that cogenerates steam and electricity and supplies more than one-third of its potential electric output capacity and more than 25 megawatts electric output to any utility power distribution system for sale is considered an electric generating unit.
16. "Existing source" means any source which does not have an applicable new source performance standard under Article 9 of this Chapter.
 17. "Facility" means an identifiable piece of stationary process equipment along with all associated air pollution equipment.
 18. "Federal mercury standards" means the emissions limits, monitoring, testing, recordkeeping, reporting and notification requirements applicable or relating to emissions of mercury from electric generating units under 40 CFR Part 63, Subpart UUUUU.
 19. "Fugitive dust" means fugitive emissions of particulate matter.
 20. "High sulfur oil" means fuel oil containing 0.90% or more by weight of sulfur.
 21. "Inlet mercury" means the average concentration of mercury in the coal burned at an electric generating unit, as determined by ASTM methods, EPA-approved methods or alternative methods approved by the Director.
 22. "Lime kiln" means a unit used to calcinate lime rock or kraft pulp mill lime mud, which consists primarily of calcium carbonate, into quicklime, which is calcium oxide.
 23. "Low sulfur oil" means fuel oil containing less than 0.90% by weight of sulfur.
 24. "Matte" means a metallic sulfide made by smelting copper sulfide ore concentrate or the roasted product of copper sulfide ores.
 25. "Mercury" means mercury or mercury compounds in either a gaseous or particulate form.
 26. "Miscellaneous metal parts and products" for purposes of industrial coating include all of the following:
 - a. Large farm machinery, such as harvesting, fertilizing and planting machines, tractors, and combines;
 - b. Small farm machinery, such as lawn and garden tractors, lawn mowers, and rototillers;
 - c. Small appliances, such as fans, mixers, blenders, crock pots, dehumidifiers, and vacuum cleaners;
 - d. Commercial machinery, such as office equipment, computers and auxiliary equipment, typewriters, calculators, and vending machines;
 - e. Industrial machinery, such as pumps, compressors, conveyor components, fans, blowers, and transformers;
 - f. Fabricated metal products, such as metal-covered doors and frames;
 - g. Any other industrial category which coats metal parts or products under the Code in the "Standard Industrial Classification Manual, 1987" of Major Group 33 (primary metal industries), Major Group 34 (fabricated metal products), Major Group 35 (non-electric machinery), Major Group 36 (electrical machinery), Major Group 37 (transportation equipment), Major Group 38 (miscellaneous instruments), and Major Group 39 (miscellaneous manufacturing industries), except all of the following:
 - i. Automobiles and light-duty trucks;
 - ii. Metal cans;
 - iii. Flat metal sheets and strips in the form of rolls or coils;
 - iv. Magnet wire for use in electrical machinery;
 - v. Metal furniture;
 - vi. Large appliances;
 - vii. Exterior of airplanes;
 - viii. Automobile refinishing;
 - ix. Customized top coating of automobiles and trucks, if production is less than 35 vehicles per day;
 - x. Exterior of marine vessels.
 27. "Multiple-effect evaporator system" means the multiple-effect evaporators and associated condenser and hotwell used to concentrate the spent cooking liquid that is separated from the pulp.
 28. "Neutral sulfite semichemical pulping" means any operation in which pulp is produced from wood by cooking or digesting wood chips in a solution of sodium sulfite and sodium bicarbonate, followed by mechanical defibrating or grinding.
 29. "Petroleum liquids" means petroleum, condensate, and any finished or intermediate products manufactured in a petroleum refinery but does not mean Number 2 through Number 6 fuel oils as specified in ASTM D396-90a (Specification for Fuel Oils), gas turbine fuel oils Numbers 2-GT through 4-GT as specified in ASTM D2880-90a (Specification for Gas Turbine Fuel Oils), or diesel fuel oils Numbers 2-D and 4-D as specified in ASTM D975-90 (Specification for Diesel Fuel Oils).
 30. "Potential electric output capacity" means 33% of a unit's maximum design heat input, divided by 3,413 Btu per kilowatt-hour, divided by 1,000 kilowatt-hours per megawatt-hour, and multiplied by 8,760 hours per year.
 31. "Process source" means the last operation or process which produces an air contaminant resulting from either:
 - a. The separation of the air contaminants from the process material, or
 - b. The conversion of constituents of the process materials into air contaminants which is not an air pollution abatement operation.
 32. "Process weight" means the total weight of all materials introduced into a process source, including fuels, where these contribute to pollution generated by the process.
 33. "Process weight rate" means a rate established pursuant to R18-2-702(E).
 34. "Recovery furnace" means the unit, including the direct-contact evaporator for a conventional furnace, used for burning black liquor to recover chemicals consisting primarily of sodium carbonate and sodium sulfide.
 35. "Reid vapor pressure" means the absolute vapor pressure of volatile crude oil and volatile non-viscous petroleum liquids, except liquified petroleum gases, as determined by ASTM D-323-90 (Test Method for Vapor Pressure of Petroleum Products) (Reid Method).
 36. "Reveratory smelting furnace" means any vessel in which the smelting of copper sulfide ore concentrates or calcines is performed and in which the heat necessary for smelting is provided primarily by combustion of a fossil fuel.
 37. "Rotary lime kiln" means a unit with an included rotary drum which is used to produce a lime product from limestone by calcination.
 38. "Slag" means fused and vitrified matter separated during the reduction of a metal from its ore.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

39. "Smelt dissolving tank" means a vessel used for dissolving the smelt collected from the kraft mill recovery furnace.
40. "Smelter feed" means all materials utilized in the operation of a copper smelter, including metals or concentrates, fuels and chemical reagents, calculated as the aggregate sulfur content of all fuels and other feed materials whose products of combustion and gaseous by-products are emitted to the atmosphere.
41. "Smelting" means processing techniques for the smelting of a copper sulfide ore concentrate or calcine charge leading to the formation of separate layers of molten slag, molten copper, or copper matte.
42. "Smelting furnace" means any vessel in which the smelting of copper sulfide ore concentrates or calcines is performed and in which the heat necessary for smelting is provided by an electric current, rapid oxidation of a portion of the sulfur contained in the concentrate as it passes through an oxidizing atmosphere, or the combustion of a fossil fuel.
43. "Standard conditions" means a temperature of 293K (68°F or 20°C) and a pressure of 101.3 kilopascals (29.92 in. Hg or 1013.25 mb).
44. "Supplementary control system" (SCS) means a system by which sulfur dioxide emissions are curtailed during periods when meteorological conditions conducive to ground-level concentrations in excess of ambient air quality standards for sulfur dioxide either exist or are anticipated.
45. "Vapor pressure" means the pressure exerted by the gaseous form of a substance in equilibrium with its liquid or solid form.

Historical Note

Former Section R18-2-701 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-701 renumbered from R18-2-501 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 12 A.A.R. 4701, effective January 29, 2007 (Supp. 06-4). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2). Amended by final rulemaking at 21 A.A.R. 711, effective June 30, 2015 (Supp. 15-2).

R18-2-702. General Provisions

- A. The provisions of this Article shall only apply to a source that is all of the following:
 1. An existing source, as defined in R18-2-101;
 2. A point source. For the purposes of this Section, "point source" means a source of air contaminants that has an identifiable plume or emissions point; and
 3. A stationary source, as defined in R18-2-101.
- B. Except as otherwise provided in this Chapter relating to specific types of sources, the opacity of any plume or effluent, from a source described in subsection (A), as determined by Reference Method 9 in 40 CFR 60, Appendix A, shall not be:
 1. Greater than 20% in an area that is nonattainment or maintenance for any particulate matter standard, unless an alternative opacity limit is approved by the Director and the Administrator as provided in subsections (D) and (E), after February 2, 2004;
 2. Greater than 40% in an area that is attainment or unclassifiable for each particulate matter standard; and
 3. After April 23, 2006, greater than 20% in any area that is attainment or unclassifiable for each particulate matter standard except as provided in subsections (D) and (E).
- C. If the presence of uncombined water is the only reason for an exceedance of any visible emissions requirement in this Article, the exceedance shall not constitute a violation of the applicable opacity limit.
- D. A person owning or operating a source may petition the Director for an alternative applicable opacity limit. The petition shall be submitted to ADEQ by May 15, 2004.
 1. The petition shall contain:
 - a. Documentation that the affected facility and any associated air pollution control equipment are incapable of being adjusted or operated to meet the applicable opacity standard. This includes:
 - i. Relevant information on the process operating conditions and the control devices operating conditions during the opacity or stack tests;
 - ii. A detailed statement or report demonstrating that the source investigated all practicable means of reducing opacity and utilized control technology that is reasonably available considering technical and economic feasibility; and
 - iii. An explanation why the source cannot meet the present opacity limit although it is in compliance with the applicable particulate mass emission rule.
 - b. If there is an opacity monitor, any certification and audit reports required by all applicable subparts in 40 CFR 60 and in Appendix B, Performance Specification 1.
 - c. A verification by a responsible official of the source of the truth, accuracy, and completeness of the petition. This certification shall state that, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete.
 2. If the unit for which the alternative opacity standard is being applied is subject to a stack test, the petition shall also include:
 - a. Documentation that the source conducted concurrent EPA Reference Method stack testing and visible emissions readings or is utilizing a continuous opacity monitor. The particulate mass emission test results shall clearly demonstrate compliance with the applicable particulate mass emission limitation by being at least 10% below that limit. For multiple units that are normally operated together and whose emissions vent through a single stack, the source shall conduct simultaneous particulate testing of each unit. Each control device shall be in good operating condition and operated consistent with good practices for minimizing emissions.
 - b. Evidence that the source conducted the stack tests according to R18-2-312, and that they were witnessed by the Director or the Director's agent or representative.
 - c. Evidence that the affected facility and any associated air pollution control equipment were operated and maintained to the maximum extent practicable to minimize the opacity of emissions during the stack tests.
 3. If the source for which the alternative opacity standard is being applied is located in a nonattainment area, the petitioner shall include all the information listed in subsections (D)(1) and (D)(2), and in addition:
 - a. In subsection (D)(1)(a)(ii), the detailed statement or report shall demonstrate that the alternative opacity

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

limit fulfills the Clean Air Act requirement for reasonably available control technology; and

- b. In subsection (D)(2)(b), the stack tests shall be conducted with an opportunity for the Administrator or the Administrator's agent or representative to be present.
- E. If the Director receives a petition under subsection (D) the Director shall approve or deny the petition as provided below by October 15, 2004:
1. If the petition is approved under subsection (D)(1) or (D)(2), the Director shall include an alternative opacity limit in a proposed significant permit revision for the source under R18-2-320 and R18-2-330. The proposed alternative opacity limit shall be set at a value that has been demonstrated during, and not extrapolated from, testing, except that an alternative opacity limit under this Section shall not be greater than 40%. For multiple units that are normally operated together and whose emissions vent through a single stack, any new alternative opacity limit shall reflect the opacity level at the common stack exit, and not individual in-duct opacity levels.
 2. If the petition is approved under subsection (D)(3), the Director shall include an alternative opacity limit in a proposed revision to the applicable implementation plan, and submit the proposed revision to EPA for review and approval. The proposed alternative opacity limit shall be set at a value that has been demonstrated during, and not extrapolated from, testing, except that the alternative opacity limit shall not be greater than 40%.
 3. If the petition is denied, the source shall either comply with the 20% opacity limit or apply for a significant permit revision to incorporate a compliance schedule under R18-2-309(5)(c)(iii) by April 23, 2006.
 4. A source does not have to petition for an alternative opacity limit under subsection (D) to enter into a revised compliance schedule under R18-2-309(5)(c).
- F. The Director, Administrator, source owner or operator, inspector or other interested party shall determine the process weight rate, as used in this Article, as follows:
1. For continuous or long run, steady-state process sources, the process weight rate is the total process weight for the entire period of continuous operation, or for a typical portion of that period, divided by the number of hours of the period, or portion of hours of that period.
 2. For cyclical or batch process sources, the process weight rate is the total process weight for a period which covers a complete operation or an integral number of cycles, divided by the hours of actual process operation during the period.
- Historical Note**
- Former Section R18-2-702 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-702 renumbered from R18-2-502 and amended effective November 15, 1993 (Supp. 93-4). Amended by exempt rulemaking at 9 A.A.R. 5550, effective February 3, 2004 (Supp. 03-4).
- R18-2-703. Standards of Performance for Existing Fossil-fuel Fired Steam Generators and General Fuel-burning Equipment**
- A. This Section applies to the following:
1. Installations in which fuel is burned for the primary purpose of producing power, steam, hot water, hot air or other liquids, gases or solids and in the course of doing so the products of combustion do not come into direct contact with process materials. When any products or by-products of a manufacturing process are burned for the same purpose or in conjunction with any fuel, the same maximum emission limitation shall apply, except for wood waste burners as regulated under R18-2-704.
2. All fossil-fuel fired steam generating units or general fuel burning equipment which are greater than or equal to 73 megawatts capacity.
- B. For purposes of this Section, the heat input shall be the aggregate heat content of all fuels whose products of combustion pass through a stack or other outlet. The heat content of solid fuel shall be determined in accordance with R18-2-311. Compliance tests shall be conducted during operation at the nominal rated capacity of each unit.
- C. No person shall cause, allow or permit the emission of particulate matter in excess of the amounts calculated by one of the following equations:
1. For equipment having a heat input rate of 4200 million Btu per hour or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 1.02Q^{0.769}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 Q = the heat input in million Btu per hour.
 2. For equipment having a heat input rate greater than 4200 million Btu per hour, the maximum allowable emissions shall be determined by the following equation:

$$E = 17.0Q^{0.432}$$
 where "E" and "Q" have the same meaning as in subsection (C)(1).
- D. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- E. When low sulfur oil is fired:
1. Existing fuel-burning equipment or steam-power generating installations which commenced construction or a major modification prior to May 30, 1972, shall not emit more than 1.0 pounds sulfur dioxide maximum three-hour average, per million Btu (430 nanograms per joule) heat input.
 2. Existing fuel-burning equipment or steam-power generating installations which commenced construction or a major modification after May 30, 1972, shall not emit more than 0.80 pounds of sulfur dioxide maximum three-hour average per million Btu (340 nanograms per joule) heat input.
- F. When high sulfur oil is fired, all existing steam-power generating and general fuel-burning installations which are subject to the provisions of this Section shall not emit more than 2.2 pounds of sulfur dioxide maximum three-hour average per million Btu (946 nanograms per joule) heat input.
- G. When solid fuel is fired:
1. Existing general fuel-burning equipment and steam-power generating installations which commenced construction or a major modification prior to May 30, 1972, shall not emit more than 1.0 pounds of sulfur dioxide maximum three-hour average, per million Btu (430 nanograms per joule) heat input.
 2. Existing general fuel-burning equipment and steam-power generating installations which commenced construction or a major modification after May 30, 1972, shall not emit more than 0.80 pounds of sulfur dioxide, maximum three-hour average, per million Btu (340 nanograms per joule) heat input.
- H. Any permit issued for the operation of an existing source, or any renewal or modification of such a permit, shall include a condition prohibiting the use of high sulfur oil by the permittee, unless the applicant demonstrates to the satisfaction of the

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Director that sufficient quantities of low sulfur oil are not available for use by the source and that it has adequate facilities and contingency plans to ensure that the sulfur dioxide ambient air quality standards set forth in R18-2-202 will not be violated.

1. The terms of the permit may authorize the use of high sulfur oil under such conditions as are justified.
 2. In cases where the permittee is authorized to use high sulfur oil, it shall submit to the Department monthly reports detailing its efforts to obtain low sulfur oil.
 3. When the conditions justifying the use of high sulfur oil no longer exists, the permit shall be modified accordingly.
 4. Nothing in this Section shall be construed as allowing the use of a supplementary control system or other form of dispersion technology.
- I.** Existing steam-power generating installations which commenced construction or a major modification after May 30, 1972, shall not emit nitrogen oxides in excess of the following amounts:
1. 0.20 pounds of nitrogen oxides, maximum three-hour average, calculated as nitrogen dioxide, per million Btu heat input when gaseous fossil fuel is fired.
 2. 0.30 pounds of nitrogen oxides, maximum three-hour average, calculated as nitrogen dioxide, per million Btu heat input when liquid fossil fuel is fired.
 3. 0.70 pounds of nitrogen oxides, maximum three-hour average, calculated as nitrogen dioxide, per million Btu heat input when solid fossil fuel is fired.
- J.** Emission and fuel monitoring systems, where deemed necessary by the Director for sources subject to the provisions of this Section shall, conform to the requirements of R18-2-313.
- K.** The applicable reference methods given in the Appendices to 40 CFR 60 shall be used to determine compliance with the standards as prescribed in subsections (C) through (G) and (I). All tests shall be run at the heat input calculated under subsection (B).

Historical Note

Former Section R18-2-703 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-703 renumbered from R18-2-503 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 13 A.A.R. 2157, effective August 4, 2007 (Supp. 07-2). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-704. Standards of Performance for Incinerators

- A.** No person shall cause, allow or permit to be emitted into the atmosphere, from any type of incinerator, smoke, fumes, gases, particulate matter or other gas-borne material which exceeds 20% opacity except during the times specified in subsection (D).
- B.** No person shall cause, allow or permit the discharge of particulate matter into the atmosphere in any one hour from any incinerator, in excess of the following limits:
1. For multiple chamber incinerators, controlled atmosphere incinerators, fume incinerators, afterburners or other unspecified types of incinerators, emissions shall not exceed 0.1 grain per cubic foot, based on dry flue gas at standard conditions, corrected to 12% carbon dioxide.
 2. For wood waste burners other than air curtain destructors, emissions discharged from the stack or burner top opening shall not exceed 0.2 grain per cubic foot, based on dry flue gas at standard conditions, corrected to 12% carbon dioxide.

- C.** Air curtain destructors shall not be used within 500 feet of the nearest dwelling.
- D.** Incinerators shall be exempt from the opacity and emission requirements described in subsections (A) and (B) as follows:
1. For multiple chamber incinerators, controlled atmosphere incinerators, fume incinerators, afterburners or other unspecified types of incinerators, such exemption shall be for not more than 30 seconds in any 60-minute period.
 2. Wood waste burners shall be exempt both:
 - a. For a period once each day for the purpose of building a new fire but not to exceed 60 minutes, and
 - b. For an upset of operations not to exceed three minutes in any 60-minute period.
- E.** The owner or operator of any incinerator subject to the provisions of this Section shall record the daily charging rates and hours of operation.
- F.** The test methods and procedures required by this Section are as follows:
1. The reference methods in 40 CFR 60, Appendix A, shall be used to determine compliance with the standards prescribed in subsection (B) as follows:
 - a. Method 5 for the concentration of particulate matter and the associated moisture content;
 - b. Method 1 for sample and velocity traverses;
 - c. Method 2 for velocity and volumetric flow rate;
 - d. Method 3 for gas analysis and calculation of excess air, using the integrated sampling technique.
 2. For Method 5, the sampling time for each run shall be at least 60 minutes and the minimum sample volume shall be 0.85 dscm (30.0 dscf) except that smaller sampling times or sample volumes, when necessitated by process variables or other factors, may be approved by the Director.

Historical Note

Former Section R18-2-704 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-704 renumbered from R18-2-504 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 13 A.A.R. 2157, effective August 4, 2007 (Supp. 07-2).

R18-2-705. Standards of Performance for Existing Portland Cement Plants

- A.** The provisions of this Section are applicable to the following affected facilities in portland cement plants: kiln, clinker cooler, raw mill system, finish mill system, raw mill dryer, raw material storage, clinker storage, finished product storage, conveyor transfer points, bagging and bulk loading and unloading systems.
- B.** No person shall cause, allow or permit the discharge of particulate matter from any identifiable process source within any existing cement plant subject to the provisions of this Section which exceeds the amounts calculated by one of the following equations:
1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the max-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

imum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$

where "E" and "P" are defined as indicated in subsection (B)(1).

- C. No process source within any portland cement plant shall exceed 20% opacity.
- D. No person shall cause, allow or permit discharge into the atmosphere of an amount in excess of 6 pounds of sulfur oxides, calculated as sulfur dioxide, per ton cement kiln feed from cement plants subject to the provisions of this Section.
- E. The owner or operator of any portland cement plant subject to the provisions of this Section shall record the daily production rates and the kiln feed rates.
- F. The test methods and procedures required by this Section are as follows:
 - 1. The reference methods in 40 CFR 60, Appendix A, except as provided for in R18-2-312 shall be used to determine compliance with the standards prescribed in subsection (B) as follows:
 - a. Method 5 for the concentration of particulate matter and the associated moisture content;
 - b. Method 1 for sample and velocity traverses;
 - c. Method 2 for velocity and volumetric flow rate;
 - d. Method 3 for gas analysis.
 - 2. For Method 5, the minimum sampling time and minimum sample volume for each run except when process variables or other factors justifying otherwise to the satisfaction of the Director, shall be as follows:
 - a. 60 minutes and 0.85 dscm (30.0 dscf) for the kiln,
 - b. 60 minutes and 1.15 dscm (40.6 dscf) for the clinker cooler.
 - 3. Total kiln feed rate, except fuels, expressed in metric tons per hour on a dry basis, shall be both:
 - a. Determined during each testing period by suitable methods; and
 - b. Confirmed by a material balance over the production system.
 - 4. For each run, particulate matter emissions, expressed in g/metric ton of kiln feed, shall be determined by dividing the emission rate in g/hr by the kiln feed rate. The emission rate shall be determined by the equation, $g/hr = Q_s \times c$, where Q_s = volumetric flow rate of the total effluent in dscm/hr as determined in accordance with subsection (F)(1)(c), and c = particulate concentration in g/dscm as determined in accordance with subsection (F)(1)(a).

Historical Note

Former Section R18-2-705 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-705 renumbered from R18-2-505 effective November 15, 1993 (Supp. 93-4).

R18-2-706. Standards of Performance for Existing Nitric Acid Plants

- A. No person shall cause, allow or permit discharge from any nitric acid plant producing weak nitric acid, which is either:
 - 1. 30 to 70% in strength by either the increased pressure or atmospheric pressure process, or
 - 2. More than 1.5 kg of total oxides of nitrogen per metric ton (3.0 lbs/ton) of acid produced expressed as nitrogen dioxide.
- B. The opacity of any plume subject to the provisions of this Section shall not exceed 10%.
- C. A continuous monitoring system for the measurement of nitrogen oxides shall be installed, calibrated, maintained and oper-

ated by the owner or operator, in accordance with Section R18-2-313.

- D. The test methods and procedures required by this Section are as follows:

- 1. The reference methods in 40 CFR 60, Appendix A shall be used to determine compliance with the standard prescribed in subsection (A) as follows:
 - a. Method 7 for the concentration of NO_x ;
 - b. Method 1 for sample and velocity traverses;
 - c. Method 2 for velocity and volumetric flow rate;
 - d. Method 3 for gas analysis.
- 2. For Method 7, the sample site shall be selected according to Method 1 and the sampling point shall be the centroid of the stack or duct or at a point no closer to the walls than 1 m (3.28 ft.). Each run shall consist of at least four grab samples taken at approximately 15-minute intervals. The arithmetic mean of the samples shall constitute the run value. A velocity traverse shall be performed once per run.
- 3. Acid production rate, expressed in metric tons per hour of 100% nitric acid, shall be both:
 - a. Determined during each testing period by suitable methods, and
 - b. Confirmed by a material balance over the production system.
- 4. For each run, nitrogen oxides, expressed in g/metric ton of 100% nitric acid, shall be determined by dividing the emission rate in g/hr by the acid production rate. The emission rate shall be determined by the equation:

$$g/hr = Q_s \times c$$
 where Q_s = volumetric flow rate of the effluent in dscm/hr, as determined in accordance with subsection (D)(1)(c), and c = NO_x concentration in g/dscm, as determined in accordance with subsection (D)(1)(a).

Historical Note

Former Section R18-2-706 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-706 renumbered from R18-2-506 effective November 15, 1993 (Supp. 93-4).

R18-2-707. Standards of Performance for Existing Sulfuric Acid Plants

- A. Facilities that produce sulfuric acid by the contact process by burning elemental sulfur, alkylation acid, hydrogen sulfide, organic sulfide and mercaptans or acid sludge shall not discharge into the atmosphere:
 - 1. Greater than 2 kg of sulfur dioxide per metric ton (4 lbs/ton) of sulfuric acid produced (calculated as 100% H_2SO_4), or
 - 2. Greater than 0.075 kg of sulfuric acid mist per metric ton (0.15 lbs/ton) or sulfuric acid produced (calculated as 100% H_2SO_4).
- B. This Section shall not apply to metallurgical plants or other facilities where conversion to sulfuric acid is utilized as a means of controlling emissions to the atmosphere of sulfur dioxide or other sulfur compounds.
- C. A continuous monitoring system for the measurement of sulfur dioxide shall be installed, calibrated, maintained and operated by the owner or operator, in accordance with R18-2-313.
- D. The test methods and procedures required by this Section are as follows:
 - 1. The reference methods in 40 CFR 60, Appendix A shall be used to determine compliance with standards prescribed in subsection (A) as follows:
 - a. Method 8 for concentration of SO_2 and acid mist;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- b. Method 1 for sample and velocity traverses;
 - c. Method 2 for velocity and volumetric flow rate;
 - d. Method 3 for gas analysis.
2. The moisture content can be considered to be zero. For Method 8 the sampling time for each run shall be at least 60 minutes and the minimum sample volume shall be 1.15 dscm (40.6 dscf) except that smaller sampling times or sample volumes, when necessitated by process variables or other factors, may be approved by the Director.
 3. Acid production rate, expressed in metric tons per hour of 100% H₂SO₄, shall be both:
 - a. Determined during each testing period by suitable methods, and
 - b. Confirmed by a material balance over the production system.
 4. Acid mist and sulfur dioxide emissions, expressed in g/metric ton of 100% H₂SO₄, shall be determined by dividing the emission rate in g/hr by the acid production rate. The emission rate shall be determined by the equation, g/hr-Q_s x c, where Q_s = volumetric flow rate of the effluent in dscm/hr as determined in accordance with subsection (D)(1)(c), and c = acid mist and SO₂ concentrations in g/dscm as determined in accordance with subsection (D)(1)(a).

Historical Note

Former Section R18-2-707 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-707 renumbered from R18-2-507 effective November 15, 1993 (Supp. 93-4).

R18-2-708. Standards of Performance for Existing Asphalt Concrete Plants

- A. Fixed asphalt concrete plants and portable asphalt concrete plants shall meet the standards set forth in this Section.
- B. No person shall cause, allow or permit the discharge of particulate matter into the atmosphere in any one hour from any existing asphalt concrete plant in total quantities in excess of the amounts calculated by one of the following equations:
 1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emission rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$
 where "E" and "P" are defined as indicated in subsection (B)(1).
- C. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- D. For purposes of this Section, the total process weight from all similar units employing a similar type process shall be used in determining the maximum allowable emission of particulate matter.
- E. Liquid fuel containing greater than 0.9% sulfur by weight shall not be utilized for asphalt concrete plants subject to this Section.
- F. Solid fuel containing greater than 0.5% sulfur by weight shall not be utilized for asphalt concrete plants subject to this Section.

G. The test methods and procedures required under this Section are:

1. The referenced methods given in 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, shall be used to determine compliance with the standards prescribed in subsection (B).
 - a. Method 5 for the concentration of particulate matter and the associated moisture content,
 - b. Method 1 for sample and velocity traverses,
 - c. Method 2 for velocity and volumetric flow rate,
 - d. Method 3 for gas analysis.
2. For Method 5, the sampling time for each run shall be at least 60 minutes and the sampling rate shall be at least 0.9 dscm/hr (0.53 dscf/min) except that shorter sampling times, when necessitated by process variables or other factors, may be approved by the Director.
3. Percent sulfur in liquid fuel shall be determined by ASTM method D-129-91 (Test Method for Sulfur in Petroleum Products) (General Bomb Method), and the percent sulfur in solid fuel shall be determined by ASTM method D-3177-89 (Test Method for Total Sulfur in the Analysis Sample of Coal and Coke).

Historical Note

Former Section R18-2-708 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-708 renumbered from R18-2-508 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-709. Expired**Historical Note**

Former Section R18-2-709 repealed effective September 26, 1990 (Supp. 90-3). New Section R18-2-709 renumbered from R18-2-509 and amended effective November 15, 1993 (Supp. 93-4). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 15, effective September 30, 2015 (Supp. 15-4).

R18-2-710. Standards of Performance for Existing Storage Vessels for Petroleum Liquids

- A. No person shall place, store or hold in any reservoir, stationary tank or other container having a capacity of 40,000 (151,400 liters) or more gallons any petroleum liquid having a vapor pressure of 1.5 pounds per square inch absolute or greater under actual storage conditions, unless such tank, reservoir or other container is a pressure tank maintaining working pressure sufficient at all times to prevent hydrocarbon vapor or gas loss to the atmosphere, or is equipped with one of the following vapor loss control devices, properly installed, in good working order and in operation:
 1. A floating roof consisting of a pontoon type double-deck type roof resting on the surface of the liquid contents and equipped with a closure seal to close the space between the roof eave and tank wall and a vapor balloon or vapor dome, designed in accordance with accepted standards of the petroleum industry. The control equipment shall not be used if the petroleum liquid has a vapor pressure of 12 pounds per square inch absolute or greater under actual storage conditions.
 - a. All tank gauging and sampling devices shall be gas-tight except when gauging or sampling is taking place.
 - b. There shall be no visible holes, tears, or other openings in the seal or any seal fabric. Where applicable, all openings except drains shall be equipped with a cover, seal, or lid. The cover, seal, or lid shall be in a

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

closed position at all times, except when the device is in actual use.

- c. Automatic bleeder vents shall be closed at all times, except when the roof is floated off or landed on the roof leg supports.
- d. Rim vents, if provided, shall be set to open when the roof is being floated off the roof leg supports, or at the manufacturer's recommended setting.

- 2. Other equipment proven to be of equal efficiency for preventing discharge of hydrocarbon gases and vapors to the atmosphere.

B. Any other petroleum liquid storage tank shall be equipped with a submerged filling device, or acceptable equivalent, for the control of hydrocarbon emissions.

C. All facilities for dock loading of petroleum products, having a vapor pressure of 1.5 pounds per square inch absolute or greater at loading pressure, shall provide for submerged filling or acceptable equivalent for control of hydrocarbon emissions.

D. All pumps and compressors which handle volatile organic compounds shall be equipped with mechanical seals or other equipment of equal efficiency to prevent the release of organic contaminants into the atmosphere.

E. The monitoring of operations required by this Section is as follows:

- 1. The owner or operator of any petroleum liquid storage vessel to which this Section applies shall for each such storage vessel maintain a file of each type of petroleum liquid stored, of the typical Reid vapor pressure of each type of petroleum liquid stored and of dates of storage. Dates on which the storage vessel is empty shall be shown.
- 2. The owner or operator of any petroleum liquid storage vessel to which this Section applies shall for such storage vessel determine and record the average monthly storage temperature and true vapor pressure of the petroleum liquid stored at such temperature if either:
 - a. The petroleum liquid has a true vapor pressure, as stored, greater than 26 mm Hg (0.5 psia) but less than 78 mm Hg (1.5 psia) and is stored in a storage vessel other than one equipped with a floating roof, a vapor recovery system or their equivalents; or
 - b. The petroleum liquid has a true vapor pressure, as stored, greater than 470 mm Hg (9.1 psia) and is stored in a storage vessel other than one equipped with a vapor recovery system or its equivalent.
- 3. The average monthly storage temperature shall be an arithmetic average calculated for each calendar month, or portion thereof, if storage is for less than a month, from bulk liquid storage temperatures determined at least once every seven days.
- 4. The true vapor pressure shall be determined by the procedures in American Petroleum Institute Bulletin 2517, amended as of February 1980 (and no future editions), which is incorporated herein by reference and on file with the Office of the Secretary of State. This procedure is dependent upon determination of the storage temperature and the Reid vapor pressure, which requires sampling of the petroleum liquids in the storage vessels. Unless the Director requires in specific cases that the stored petroleum liquid be sampled, the true vapor pressure may be determined by using the average monthly storage temperature and the typical Reid vapor pressure. For those liquids for which certified specifications limiting the Reid vapor pressure exist, the Reid vapor pressure may be used. For other liquids, supporting analytical data must be

made available upon request to the Director when typical Reid vapor pressure is used.

Historical Note

Section R18-2-710 renumbered from R18-2-510 effective November 15, 1993 (Supp. 93-4).

R18-2-711. Expired**Historical Note**

Section R18-2-711 renumbered from R18-2-511 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 15, effective September 30, 2015 (Supp. 15-4).

R18-2-712. Expired**Historical Note**

Section R18-2-712 renumbered from R18-2-512 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 15, effective September 30, 2015 (Supp. 15-4).

R18-2-713. Expired**Historical Note**

Section R18-2-713 renumbered from R18-2-513 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 15, effective September 30, 2015 (Supp. 15-4).

R18-2-714. Standards of Performance for Existing Sewage Treatment Plants

A. No person shall cause, allow or permit to be emitted into the atmosphere, from any municipal sewage treatment plant sludge incinerator:

- 1. Smoke, fumes, gases, particulate matter or other gas-borne material which exceeds 20% opacity for more than 30 seconds in any 60-minute period.
- 2. Particulate matter in concentrations in excess of 0.1 grain per cubic foot, based on dry flue gas at standard conditions, corrected to 12% carbon dioxide.

B. The owner or operator of any sludge incinerator subject to the provisions of this Section shall monitor operations by doing all of the following:

- 1. Install, calibrate, maintain and operate a flow measuring device which can be used to determine either the mass or volume of sludge charged to the incinerator. The flow measuring device shall have an accuracy of $\pm 5\%$ over its operating range.
- 2. Provide access to the sludge charged so that a well-mixed representative grab sample of the sludge can be obtained.
- 3. Install, calibrate, maintain and operate a weighing device for determining the mass of any municipal solid waste charged to the incinerator when sewage sludge and municipal solid wastes are incinerated together. The weighing device shall have an accuracy of $\pm 5\%$ over its operating range.

C. The test methods and procedures required by this Section are as follows:

- 1. The reference methods set forth in 40 CFR 60, Appendix A shall be used to determine compliance with the standards prescribed in subsection (A) as follows:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. Method 5 for concentration of particulate matter and associated moisture content;
 - b. Method 1 for sample and velocity traverses;
 - c. Method 2 for volumetric flow rate; and
 - d. Method 3 for gas analysis.
2. For Method 5, the sampling time for each run shall be at least 60 minutes and the sampling rate shall be at least 0.015 dscm/min (0.53 dscf/min), except that shorter sampling times, when necessitated by process variables or other factors, may be approved by the Director.

Historical Note

Section R18-2-714 renumbered from R18-2-514 effective November 15, 1993 (Supp. 93-4).

R18-2-715. Standards of Performance for Existing Primary Copper Smelters; Site-specific Requirements

- A. No owner or operator of a primary copper smelter shall cause, allow or permit the discharge of particulate matter into the atmosphere from any process in total quantities in excess of the amount calculated by one of the following equations:
 1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$
 where "E" and "P" are defined as indicated in subsection (A)(1).
- B. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- C. For purposes of this Section, the total process weight from all similar units employing a similar type process shall be used in determining the maximum allowable emission of particulate matter for that process.
- D. The opacity of emissions subject to the provisions of this Section shall not exceed 20%.
- E. The reference methods set forth in the Arizona Testing Manual and 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, shall be used to determine compliance with the standards prescribed in this Section as follows:
 1. Method A1 or Reference Method 5 for concentration of particulate matter and associated moisture content,
 2. Reference Method 1 for sample and velocity traverses,
 3. Reference Method 2 for volumetric flow rate,
 4. Reference Method 3 for gas analysis.
- F. Except as provided in a consent decree or a delayed compliance order, the owner or operator of any primary copper smelter shall not discharge or cause the discharge of sulfur dioxide into the atmosphere from any stack required to be monitored by R18-2-715.01(K) in excess of the following:
 1. For the copper smelter located near Hayden, Arizona at latitude 33°0'29"N and longitude 110°47'17" W:
 - a. Annual average emissions, as calculated under R18-2-715.01(C), shall not exceed 6,882 pounds per hour.
 - b. The number of three-hour average emissions, as calculated under R18-2-715.01(C), shall not exceed n cumulative occurrences in excess of E, the emission

level, shown in the following table in any compliance period as defined in R18-2-715.01(J):

- G.** Except as provided in a consent decree or a delayed compliance order, for the copper smelter located near Hayden, Arizona at latitude 33°0'29"N and longitude 110°47'17"W, annual average fugitive emissions calculated under R18-2-715.01(T) shall not exceed 295 pounds per hour.
- H.** In addition to the limits in subsection (F)(3), except as provided in a consent decree or a delayed compliance order, the owner or operator of the copper smelter located near Miami, Arizona at latitude 33°24'50"N and longitude 110°51'25"W shall not discharge or cause the discharge of sulfur dioxide into the atmosphere from combined stack and fugitive emissions units in excess of the 2420 pounds per hour annual average calculated under R18-2-715.01(U).
- I.** The owner and operator of the copper smelter located near Hayden, Arizona at the latitude and longitude provided in R18-2-715(F)(1) shall comply with Section R18-2-715(F)(1) and R18-2-715(G) until the effective date of R18-2-B1302 as determined by R18-2-B1302(A)(2). The owner and operator of the copper smelter located near Miami, Arizona at the latitude and longitude provided in R18-2-715(F)(2) shall comply with Section R18-2-715(F)(2) and R18-2-715(H) until the effective date of R18-2-C1302 as determined by R18-2-C1302(A)(2).

Historical Note

Section R18-2-715 renumbered from R18-2-515 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 575, effective January 15, 2002 (Supp. 02-1). Amended by final rulemaking at 8 A.A.R. 3365, effective July 18, 2002 (Supp. 02-3). Amended by final rulemaking at 13 A.A.R. 2157, effective August 4, 2007 (Supp. 07-2). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1). Amended by final rulemaking at 23 A.A.R. 767, effective May 7, 2017, (Supp. 17-1).

R18-2-715.01. Standards of Performance for Existing Primary Copper Smelters; Compliance and Monitoring

- A.** The cumulative occurrence and emission limits in R18-2-715(F) apply to the total of sulfur dioxide emissions from the smelter processing units and sulfur dioxide control and removal equipment, but not uncaptured fugitive emissions or emissions due solely to the use of fuel for space heating or steam generation.
- B.** The owner or operator shall include periods of malfunction, startup, shutdown or other upset conditions when determining compliance with the cumulative occurrence or annual average emission limits in R18-2-715(F), (G), or (H).
- C.** The owner or operator shall determine compliance with the cumulative occurrence and emission limits contained in R18-2-715(F) as follows:
1. The owner or operator shall calculate annual average emissions at the end of each day by averaging the emissions for all hours measured during the compliance period defined in subsection (J) ending on that day. An

annual emissions average in excess of the allowable annual average emission limit is a violation of R18-2-715(F) if either:

- a. The annual average is greater than the annual average computed for the preceding day; or
 - b. The annual averages computed for the five preceding days all exceed the allowable annual average emission limit.
- 2.** The owner or operator shall calculate a three-hour emissions average at the end of each clock hour by averaging the hourly emissions for the preceding three consecutive hours provided each hour was measured according to the requirements in subsection (K).
- D.** For purposes of this Section, the compliance date, unless otherwise provided in a consent decree or a delayed compliance order, shall be January 14, 1986, except that:
1. The compliance date for the cumulative occurrence and emissions limits in R18-2-715(F)(1) and R18-2-715(G) is January 15, 2002, and
 2. The compliance date for the cumulative occurrence and emissions limits in R18-2-715(F)(2), (F)(3), (G), and (H) is the effective date of this rule.
- E.** For purposes of subsection (C), a three-hour emissions average in excess of an emission level E violates the associated cumulative occurrence limit n listed in R18-2-715(F) if:
1. The number of all three-hour emissions averages calculated during the compliance period in excess of that emission level exceeds the cumulative occurrence limit associated with the emission level; and
 2. The average is calculated during the last operating day of the compliance period being reported.
- F.** A three-hour emissions average only violates the cumulative occurrence limit n of an emission level E on the day containing the last hour in the average.
- G.** Multiple violations of the same cumulative occurrence limit on the same day and violations of different cumulative occurrence limits on the same day constitute a single violation of R18-2-715(F).
- H.** The violation of any cumulative occurrence limit and an annual average emission limit on the same day constitutes only a single violation of the requirements of R18-2-715(F).
- I.** Multiple violations of a cumulative occurrence limit by different three-hour emissions averages containing any common hour constitutes a single violation of R18-2-715(F).
- J.** To determine compliance with subsections (C) through (I), the compliance period consists of the 365 calendar days immediately preceding the end of each day of the month being reported unless that period includes less than 300 operating days, in which case the number of days preceding the last day of the compliance period shall be increased until the compliance period contains 300 operating days. For purposes of this Section, an operating day is any day on which sulfur-containing feed is introduced into the smelting process.
- K.** To determine compliance with R18-2-715(F) or (H), the owner or operator of any smelter subject to R18-2-715(F) or (H) shall install, calibrate, maintain, and operate a measurement system for continuously monitoring sulfur dioxide concentrations and stack gas volumetric flow rates in each stack that could emit five percent or more of the allowable annual average sulfur dioxide emissions from the smelter.
1. The owner or operator shall continuously monitor sulfur dioxide concentrations and stack gas volumetric flow rates in the outlet of each piece of sulfur dioxide control equipment.
 2. The owner or operator shall continuously monitor captured fugitive emissions for sulfur dioxide concentrations

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

and stack gas volumetric flow rates and include these emissions as part of total plant emissions when determining compliance with the cumulative occurrence and emission limits in R18-2-715(F) and (H).

3. If the owner or operator demonstrates to the Director that measurement of stack gas volumetric flow in the outlet of any particular piece of sulfur dioxide control equipment would yield inaccurate results once operational or would be technologically infeasible, then the Director may allow measurement of the flow rate at an alternative sampling point.
4. For purposes of this subsection, continuous monitoring means the taking and recording of at least one measurement of sulfur dioxide concentration and stack gas flow rate reading from the effluent of each affected stack, outlet, or other approved measurement location in each 15-minute period. Fifteen-minute periods start at the beginning of each clock hour, and run consecutively. An hour of smelter emissions is considered continuously monitored if the emissions from all monitored stacks, outlets, or other approved measurement locations are measured for at least 45 minutes of any hour according to the requirements of this subsection.
5. The owner or operator shall demonstrate that the continuous monitoring system meets all of the following requirements:
 - a. The sulfur dioxide continuous emission monitoring system installed and operated under this Section meets the requirements of 40 CFR 60, Appendix B, Performance Specification 6.
 - b. The sulfur dioxide continuous emission monitoring system installed and operated under this Section meets the quality assurance requirements of 40 CFR 60, Appendix F.
 - c. The owner or operator shall notify the Director in writing at least 30 days in advance of the start of relative accuracy test audit (RATA) procedures performed on the continuous monitoring system.
 - d. The Director shall approve the location of all sampling points for monitoring sulfur dioxide concentrations and stack gas volumetric flow rates in writing before installation and operation of measurement instruments.
 - e. The measurement system installed and used under this subsection is subject to the manufacturer's recommended zero adjustment and calibration procedures at least once per 24-hour operating period unless the manufacturer specifies or recommends calibration at shorter intervals, in which case specifications or recommendations shall be followed. The owner or operator shall make available a record of these procedures that clearly shows instrument readings before and after zero adjustment and calibration.
- L. The owner or operator of a smelter subject to this Section shall measure at least 95 percent of the hours during which emissions occurred in any month.
- M. Failure of the owner or operator of a smelter subject to this Section to measure any 12 consecutive hours of emissions according to the requirements of subsection (K) or (S) is a violation of this Section.
- N. The owner or operator of any smelter subject to this Section shall maintain on hand and ready for immediate installation sufficient spare parts or duplicate systems for the continuous monitoring equipment required by this Section to allow for the replacement within six hours of any monitoring equipment part that fails or malfunctions during operation.
- O. To determine total overall emissions, the owner or operator of any smelter subject to this Section shall perform material balances for sulfur according to the procedures prescribed by Appendix 8 of this Chapter.
- P. The owner or operator of any smelter subject to this Section shall maintain a record of all average hourly emissions measurements and all calculated average monthly emissions required by this Section. The record of the emissions shall be retained for at least five years following the date of measurement or calculation. The owner or operator shall record the measurement or calculation results as pounds per hour of sulfur dioxide. The owner or operator shall summarize the following data monthly and submit the summary to the Director within 20 days after the end of each month:
 1. For all periods described in subsection (C) and (R), the annual average emissions as calculated at the end of each day of the month;
 2. The total number of hourly periods during the month in which measurements were not taken and the reason for loss of measurement for each period;
 3. The number of three-hour emissions averages that exceeded each of the applicable emissions levels listed in R18-2-715(F) and (G) for the compliance periods ending on each day of the month being reported;
 4. The date on which a cumulative occurrence limit listed in R18-2-715(F) or (G) was exceeded if the exceedance occurred during the month being reported; and
 5. For all periods described in subsection (T) and (U), the annual average emissions as calculated at the end of the last day of each month.
- Q. An owner or operator shall install instrumentation to monitor each point in the smelter facility where a means exists to bypass the sulfur removal equipment, to detect and record all periods that the bypass is in operation. An owner or operator of a copper smelter shall report to the Director, not later than the 15th day of each month, the recorded information required by this Section, including an explanation for the necessity of the use of the bypass.
- R. The owner or operator shall determine compliance with the cumulative occurrence and fugitive emission limits contained in R18-2-715(G) as follows:
 1. The owner or operator shall calculate annual average emissions at the end of each day by averaging the emissions for all hours measured during the compliance period, as defined in subsection (R)(8), ending on that day. An annual emissions average in excess of the allowable annual average emission limit is a violation of R18-2-715(G) if either:
 - a. The annual average is greater than the annual average computed for the preceding day; or
 - b. The annual averages computed for the five preceding days all exceed the allowable annual average emission limit.
 2. The owner or operator shall calculate a three-hour emissions average at the end of each clock hour by averaging the hourly emissions for the preceding three consecutive hours provided each hour was measured according to the requirements contained in subsection (S).
 3. For purposes of subsection (R)(2), a three-hour emissions average in excess of an emission level E_f violates the associated cumulative occurrence limit listed in R18-2-715(G) if:
 - a. The number of all three-hour emissions averages calculated during the compliance period in excess of

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- that emission level exceeds the cumulative occurrence limit associated with the emission level; and
- b. The average is calculated during the last operating day of the compliance period being reported.
4. A three-hour emissions average only violates the cumulative occurrence limit n of an emission level E_f on the day containing the last hour in the average.
 5. Multiple violations of the same cumulative occurrence limit on the same day and violations of different cumulative occurrence limits on the same day constitute a single violation of R18-2-715(G).
 6. The violation of any cumulative occurrence limit and an annual average emission limit on the same day constitutes only a single violation of the requirements of R18-2-715(G).
 7. Multiple violations of a cumulative occurrence limit by different three-hour emissions averages containing any common hour constitutes a single violation of R18-2-715(G).
 8. To determine compliance with subsections (R)(1) through (7), the compliance period consists of the 365 calendar days immediately preceding the end of each day of the month being reported unless that period includes less than 300 operating days, in which case the number of days preceding the last day of the compliance period shall be increased until the compliance period contains 300 operating days. For purposes of this Section, an operating day is any day on which sulfur-containing feed is introduced into the smelting process.
- S. To determine compliance with R18-2-715(G), the owner or operator of the smelter subject to R18-2-715(G) shall install, calibrate, maintain, and operate a measurement system for continuously monitoring sulfur dioxide concentrations of the converter roof fugitive emissions.
1. For purposes of this subsection, continuous monitoring means the taking and recording of at least one measurement of sulfur dioxide concentration from an approved measurement location in each 15-minute period. Fifteen-minute periods start at the beginning of each clock hour, and run consecutively. An hour of smelter emissions is considered continuously monitored if the emissions from all approved measurement locations are measured for at least 45 minutes of any hour according to the requirements of this subsection.
 2. The owner or operator of a smelter subject to the requirements of this subsection shall conduct quality assurance procedures on the continuous monitoring system according to the methods in 40 CFR 60, Appendix F, except that an annual relative accuracy test audit (RATA) is not required.
- T. The emission limit in R18-2-715(G) applies to the total of uncaptured fugitive sulfur dioxide emissions from the smelter processing units and sulfur dioxide control and removal equipment, but not emissions due solely to the use of fuel for space heating or steam generation. The owner or operator shall determine compliance with the emission limit contained in R18-2-715(G) as follows:
1. The owner or operator shall calculate annual average fugitive emissions at the end of the last day of each month by averaging the monthly emissions for the previous 12-month period ending on that day. To determine monthly fugitive emissions, the owner or operator shall perform material balances for sulfur according to the sulfur balance procedures prescribed in Appendix 8 of this Chapter.
 2. An annual emissions average in excess of the allowable annual average emission limit violates R18-2-715(G) if the fugitive annual average computed at the end of each month exceeds the allowable annual average emission limit.
- U. The emission limit in R18-2-715(H) applies to the total of stack and uncaptured fugitive sulfur dioxide emissions from the smelter processing units and sulfur dioxide control and removal equipment, but not emissions due solely to the use of fuel for space heating or steam generation. The owner or operator shall determine compliance with the emission limit contained in R18-2-715(H) as follows:
1. The owner or operator shall calculate annual average stack emissions at the end of the last day of each month by averaging the emissions for all hours measured during the previous 12-month period ending on that day according to the requirements contained in subsection (K).
 2. The owner or operator shall calculate annual average fugitive emissions at the end of the last day of each month by averaging the monthly emissions for the previous 12-month period ending on that day. To determine monthly fugitive emissions, the owner or operator shall perform material balances for sulfur according to the sulfur balance procedures prescribed in Appendix 8 of this Chapter.
 3. An annual emissions average in excess of the allowable annual average emission limit violates R18-2-715(H) if the total of the stack and fugitive annual averages computed at the end of each month exceeds the allowable annual average emission limit.
- V. The owner and operator of the copper smelter located near Hayden, Arizona at the latitude and longitude provided in R18-2-715(F)(1) shall comply with Section R18-2-715.01 until the effective date of R18-2-B1302 as determined by R18-2-B1302(A)(2). The owner and operator of the copper smelter located near Miami, Arizona at the latitude and longitude provided in R18-2-715(F)(2) shall comply with Section R18-2-715.01 until the effective date of R18-2-C1302 as determined by R18-2-C1302(A)(2).

Historical Note

Section R18-2-715.01 renumbered from R18-2-515.01 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 8 A.A.R. 575, effective January 15, 2002 (Supp. 02-1). Amended by final rulemaking at 8 A.A.R. 3365, effective July 18, 2002 (Supp. 02-3). Amended by final rulemaking at 23 A.A.R. 767, effective May 7, 2017, (Supp. 17-1).

R18-2-715.02. Standards of Performance for Existing Primary Copper Smelters; Fugitive Emissions

- A. For purposes of this Section, the compliance date, unless otherwise provided in a consent decree or a delayed compliance order, shall be January 14, 1986.
- B. No later than 24 months before the compliance date, the owner or operator of a smelter subject to R18-2-715 shall submit to the Director the results of an evaluation of the fugitive emissions from the smelter. The evaluation results shall contain all of the following information:
1. A measurement or accurate estimate of total fugitive emissions from the smelter during typical operations, including planned start-up and shutdown. The measurement or estimate shall contain the amount of both average short-term (24 hours) and average long-term (monthly) fugitive emissions from the smelter. The evaluation plan shall be approved in advance by the Department and shall specify the method used to determine the fugitive emis-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- sion amounts, including the conditions determined to be "typical operations" for the smelter.
2. A measurement or accurate estimate of the relative proportion, expressed as a percentage, of total fugitive emissions during typical operations, including planned start-up and shutdown, produced by any of the following smelter processes:
 - a. Roaster or dryer operation;
 - b. Calcine or dried concentrate transfer;
 - c. Reverberatory furnace operations, including feeding, slag return, matte and slag tapping;
 - d. Matte transfer; and
 - e. Converter operations.
 3. The measurement technique or method of estimation used to fulfill the requirement in subsection (B)(2) shall be approved in advance by the Department.
 4. The results of at least a six-month fugitive emission impact analysis conducted during that part of the year when fugitive emissions are expected to have the greatest ambient air quality impact. The study shall utilize sufficient measurements of fugitive emissions, meteorological conditions and ambient sulfur dioxide concentrations to associate fugitive emissions with specific measured ambient concentrations of sulfur dioxide. The study shall describe in detail the techniques used to make the required determinations. The design of the study shall be approved in advance by the Department.
- C. On the basis of the results of the evaluation as well as other data and information contained in the records of the Department, the Director shall determine whether fugitive emissions from a particular smelter have the potential to cause or significantly contribute to violations of the ambient sulfur dioxide standards in the vicinity of the smelter. If the Director finds that fugitive emissions from a particular smelter have the potential to cause or significantly contribute to violations of ambient sulfur dioxide standards in the vicinity of a smelter, then the Director shall adopt rules specifying the emission limits and undertake other appropriate measures necessary to maintain ambient sulfur dioxide standards.
- D. The requirements of subsection (B) shall not apply to a smelter subject to this Section if the owner or operator of that smelter can demonstrate to the Director both that:
1. Compliance with the applicable cumulative occurrence and emission limits listed in R18-2-715(F) will require the smelter to undergo major modifications to its physical configuration or work practices prior to the compliance date, and
 2. That the modification will reduce fugitive emissions to such an extent that such emissions will not cause or significantly contribute to violations of ambient sulfur dioxide standards in the vicinity of the smelter.
- E. In order to assess the sufficiency of the cumulative occurrence and emission limits contained in R18-2-715(F) to maintain the ambient air quality standards for sulfur dioxide set forth in R18-2-202, an owner or operator of a smelter subject to this Section shall continue to calibrate, maintain and operate any ambient sulfur dioxide monitoring equipment owned by the smelter owner or operator and in operation within the area of the smelter enclosed by a circle with 10-mile radius as calculated from a center point which shall be the point of the smelter's greatest sulfur dioxide emissions, for a period of at least three years after the compliance date.
1. Such monitors shall be operated and maintained in accordance with 40 CFR 50 and 58 and such other conditions as the Director deems necessary.
 2. The location of ambient sulfur dioxide monitors and length of time such monitors remain at a location shall be determined by the Director.
- F. The owner and operator of the copper smelter located near Hayden, Arizona at the latitude and longitude provided in R18-2-715(F)(1) shall comply with Section R18-2-715.02 until the effective date of R18-2-B1302 as determined by R18-2-B1302(A)(2). The owner and operator of the copper smelter located near Miami, Arizona at the latitude and longitude provided in R18-2-715(F)(2) shall comply with Section R18-2-715.02 until the effective date of R18-2-C1302 as determined by R18-2-C1302(A)(2).

Historical Note

Section R18-2-715.02 renumbered from R18-2-515.02 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 23 A.A.R. 767, effective May 7, 2017, (Supp. 17-1).

R18-2-716. Standards of Performance for Existing Coal Preparation Plants

- A. The provisions of this Section are applicable to any of the following affected facilities in coal preparation plants: thermal dryers, pneumatic coal-cleaning equipment, coal processing and conveying equipment including breakers and crushers, coal storage systems, and coal transfer and loading systems. For purposes of this Section, the definitions contained in 40 CFR 60.251 are adopted by reference and incorporated herein.
- B. No person shall cause, allow or permit the discharge of particulate matter into the atmosphere in any one hour from any existing coal preparation plant in total quantities in excess of the amounts calculated by one of the following equations:
1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11} - 40$$
 where "E" and "P" are defined as indicated in subsection (B)(1).
- C. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- D. For purposes of this Section, the total process weight from all similar units employing a similar type process shall be used in determining the maximum allowable emission of particulate matter.
- E. Fugitive emissions from coal preparation plants shall be controlled in accordance with R18-2-604 through R18-2-607.
- F. The test methods and procedures required by this Section are as follows:
1. The reference methods in the 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, are used to determine compliance with standards prescribed in subsection (B) as follows:
 - a. Method 5 for the concentration of particulate matter and associated moisture content,
 - b. Method 1 for sample and velocity traverses,
 - c. Method 2 for velocity and volumetric flow rate,
 - d. Method 3 for gas analysis.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

2. For Method 5, the sampling time for each run shall be at least 60 minutes and the minimum sample volume is 0.85 dscf (30 dscf) except that short sampling times or smaller volumes, when necessitated by process variables or other factors, may be approved by the Director. Sampling shall not be started until 30 minutes after start-up and shall be terminated before shutdown procedures commence. The owner or operator of the affected facility shall eliminate cyclonic flow during performance tests in a manner acceptable to the Director.
3. The owner or operator shall construct the facility so that particulate emissions from thermal dryers or pneumatic coal cleaning equipment can be accurately determined by applicable test methods and procedures under subsection (F)(1).

Historical Note

Section R18-2-716 renumbered from R18-2-516 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-717. Expired**Historical Note**

Section R18-2-717 renumbered from R18-2-517 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 15, effective September 30, 2015 (Supp. 15-4).

R18-2-718. Repealed**Historical Note**

Section R18-2-718 renumbered from R18-2-518 effective November 15, 1993 (Supp. 93-4). Section repealed by final rulemaking at 13 A.A.R. 2157, effective August 4, 2007 (Supp. 07-2).

R18-2-719. Standards of Performance for Existing Stationary Rotating Machinery

- A. The provisions of this Section are applicable to the following affected facilities: all stationary gas turbines, oil-fired turbines, or internal combustion engines. This Section also applies to an installation operated for the purpose of producing electric or mechanical power with a resulting discharge of sulfur dioxide in the installation's effluent gases.
- B. For purposes of this Section, the heat input shall be the aggregate heat content of all fuels whose products of combustion pass through a stack or other outlet. Compliance tests shall be conducted during operation at the normal rated capacity of each unit. The total heat input of all operating fuel-burning units on a plant or premises shall be used for determining the maximum allowable amount of particulate matter which may be emitted.
- C. No person shall cause, allow or permit the emission of particulate matter, caused by combustion of fuel, from any stationary rotating machinery in excess of the amounts calculated by one of the following equations:
 1. For equipment having a heat input rate of 4200 million Btu per hour or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 1.02Q^{0.769}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 Q = the heat input in million Btu per hour.

2. For equipment having a heat input rate greater than 4200 million Btu per hour, the maximum allowable emissions shall be determined by the following equation:

$$E = 17.0Q^{0.432}$$

where "E" and "Q" have the same meaning as in subsection (C)(1).

- D. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- E. No person shall cause, allow or permit to be emitted into the atmosphere from any stationary rotating machinery, smoke for any period greater than 10 consecutive seconds which exceeds 40% opacity. Visible emissions when starting cold equipment shall be exempt from this requirement for the first 10 minutes.
- F. When low sulfur oil is fired, stationary rotating machinery installations shall burn fuel which limits the emission of sulfur dioxide to 1.0 pound per million Btu heat input.
- G. When high sulfur oil is fired, stationary rotating machinery installations shall not emit more than 2.2 pounds of sulfur dioxide per million Btu heat input.
- H. Any permit issued for the operation of an existing source, or any renewal or modification of such a permit, shall include a condition prohibiting the use of high sulfur oil by the permittee. This condition may not be included in the permit if the applicant demonstrates to the satisfaction of the Director both that sufficient quantities of low sulfur oil are not available for use by the source and that it has adequate facilities and contingency plans to ensure that the sulfur dioxide ambient air quality standards set forth in R18-2-202 will not be violated.
 1. The terms of the permit may authorize the use of high sulfur oil under such conditions as are justified.
 2. In cases where the permittee is authorized to use high sulfur oil, it shall submit to the Department monthly reports detailing its efforts to obtain low sulfur oil.
 3. When the conditions justifying the use of high sulfur oil no longer exist, the permit shall be modified accordingly.
 4. Nothing in this Section shall be construed as allowing the use of a supplementary control system or other form of dispersion technology.
- I. The owner or operator of any stationary rotating machinery subject to the provisions of this Section shall record daily the sulfur content and lower heating value of the fuel being fired in the machine.
- J. The owner or operator of any stationary rotating machinery subject to the provisions of this Section shall report to the Director any daily period during which the sulfur content of the fuel being fired in the machine exceeds 0.8%.
- K. The test methods and procedures required by this Section are as follows:
 1. To determine compliance with the standards prescribed in subsections (C) through (H), the following reference methods shall be used:
 - a. Reference Method 20 in 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, for the concentration of sulfur dioxide and oxygen.
 - b. ASTM Method D129-91 (Test Method for Sulfur in Petroleum Products) (General Bomb Method) for the sulfur content of liquid fuels.
 - c. ASTM Method D1072-90 (Test Method for Total Sulfur in Fuel Gases for the sulfur content of gaseous fuels).
 2. To determine compliance with the standards prescribed in subsection (J), the following reference methods shall be used:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- a. ASTM Method D129-91 (Test Method for Sulfur in Petroleum Products) (General Bomb Method) for the sulfur content of liquid fuels.
- b. ASTM Method D1072-90 (Test Method for Total Sulfur in Fuel Gases) for the sulfur content of gaseous fuels.

Historical Note

Section R18-2-719 renumbered from R18-2-519 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1). Amended by final rulemaking at 18 A.A.R. 1542, effective August 7, 2012 (Supp. 12-2).

R18-2-720. Standards of Performance for Existing Lime Manufacturing Plants

- A. The provisions of this Section are applicable to the following affected facilities used in the manufacture of lime: rotary lime kilns, vertical lime kilns, lime hydrators, and limestone crushing facilities. This Section is also applicable to limestone crushing equipment which exists apart from other lime manufacturing facilities.
- B. No person shall cause, allow or permit the discharge of particulate matter into the atmosphere in any one hour from any lime manufacturing or limestone crushing facility in total quantities in excess of the amounts calculated by one of the following equations:
 1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$
 where "E" and "P" are defined as indicated in subsection (B)(1).
- C. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- D. For purposes of this Section, the total process weight from all similar units employing a similar type process shall be used in determining the maximum allowable emission of particulate matter.
- E. Fugitive emissions from lime plants shall be controlled in accordance with R18-2-604 through R18-2-607.
- F. The owner or operator subject to the provisions of this Section shall install, calibrate, maintain, and operate a continuous monitoring system, except as provided in subsection (G), to monitor and record the opacity of the gases discharged into the atmosphere from any rotary lime kiln. The span of this system shall be set at 70% opacity.
- G. The owner or operator of any rotary lime kiln using a wet scrubbing emission control device subject to the provisions of this Section shall not be required to monitor the opacity of the gases discharged as required in subsection (F).
- H. The test methods and procedures required by this Section are as follows:
 1. The reference methods in 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter,

shall be used to determine compliance with this Section as follows:

- a. Method 5 for the measurement of particulate matter,
- b. Method 1 for sample and velocity traverses,
- c. Method 2 for velocity and volumetric flow rate,
- d. Method 3 for gas analysis,
- e. Method 4 for stack gas moisture,
- f. Method 9 for visible emissions.
2. For Method 5, the sampling time for each run shall be at least 60 minutes and the sampling rate shall be at least 0.85 dscm/hr (0.53 dscf/min), except that shorter sampling times, when necessitated by process variables or other factors, may be approved by the Director.
3. Because of the high moisture content of the exhaust gases from the hydrators, in the range of 40 to 85% by volume, the Method 5 sample train may be modified to include a calibrated orifice immediately following the sample nozzle when testing lime hydrators. In this configuration, the sampling rate necessary for maintaining isokinetic conditions can be directly related to exhaust gas velocity without a correction for moisture content.

Historical Note

Section R18-2-720 renumbered from R18-2-520 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-721. Standards of Performance for Existing Nonferrous Metals Industry Sources

- A. The provisions of this Section are applicable to the following affected facilities:
 1. Mines,
 2. Mills,
 3. Concentrators,
 4. Crushers,
 5. Screens,
 6. Material handling facilities,
 7. Fine ore storage,
 8. Dryers,
 9. Roasters, and
 10. Loaders.
- B. No person shall cause, allow or permit the discharge of particulate matter into the atmosphere in any one hour from any process source subject to the provisions of this Section in total quantities in excess of the amounts calculated by one of the following equations:
 1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$
 where "E" and "P" are defined as indicated in subsection (B)(1).
- C. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- D. For purposes of this Section, the total process weight from all similar units employing a similar type process shall be used in

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

determining the maximum allowable emission of particulate matter.

- E. No person shall cause, allow or permit to be discharged into the atmosphere from any dryer or roaster the operating temperature of which exceeds 700°F, reduced sulfur in excess of 10% of the sulfur entering the process as feed. Reduced sulfur includes sulfur equivalent from all sulfur emissions including sulfur dioxide, sulfur trioxide, and sulfuric acid.
- F. The owner or operator of any mining property subject to the provisions of this Section shall record the daily process rates and hours of operation of all material handling facilities.
- G. A continuous monitoring system for measuring sulfur dioxide emissions shall be installed, calibrated, maintained and operated by the owner or operator where dryers or roasters are not expected to achieve compliance with the standard under subsection (E).
- H. The test methods and procedures required by this Section are as follows:
 - 1. The reference methods in 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, shall be used to determine compliance with the standard prescribed in this Section as follows:
 - a. Method 5 for the concentration of particulate matter and the associated moisture content;
 - b. Method 1 for sample and velocity traverses;
 - c. Method 2 for velocity and volumetric flow rate;
 - d. Method 3 for gas analysis and calculation of excess air, using the integrated sample technique;
 - e. Method 6 for concentration of SO₂.
 - 2. For Method 5, Method 1 shall be used to select the sampling site and the number of traverse sampling points. The sampling time for each run shall be at least 60 minutes and the minimum sampling volume shall be 0.85 dscm (30 dscf), except that smaller sampling times or volumes, when necessitated by process variables or other factors, may be approved by the Director. The probe and filter holder heating systems in the sampling train shall be set to provide a gas temperature no greater than 160°C. (320°F).
 - 3. For Method 6, the sampling site shall be the same as that selected for Method 5. The sampling point in the duct shall be at the centroid of the cross section or at a point no closer to the walls than 1 m (3.28 ft.). For Method 6, the sample shall be extracted at a rate proportional to the gas velocity at the sampling point.
 - 4. For Method 6, the minimum sampling time shall be 20 minutes and the minimum sampling volume 0.02 dscm (0.71 dscf) for each sample. The arithmetic mean of two samples shall constitute one run. Samples shall be taken at approximately 30-minute intervals.

Historical Note

Section R18-2-721 renumbered from R18-2-521 effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-722. Standards of Performance for Existing Gravel or Crushed Stone Processing Plants

- A. The provisions of this Section are applicable to the following affected facilities: primary rock crushers, secondary rock crushers, tertiary rock crushers, screens, conveyors and conveyor transfer points, stackers, reclaimers, and all gravel or crushed stone processing plants and rock storage piles.
- B. No person shall cause, allow or permit the discharge of particulate matter into the atmosphere except as fugitive emissions in any one hour from any gravel or crushed stone processing

plant in total quantities in excess of the amounts calculated by one of the following equations:

- 1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$

where:

E = the maximum allowable particulate emissions rate in pounds-mass per hour.

P = the process weight rate in tons-mass per hour.

- 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$

where "E" and "P" are defined as indicated in subsection (B)(1).

- C. Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- D. Spray bar pollution controls shall be utilized in accordance with "EPA Control of Air Emissions From Process Operations In The Rock Crushing Industry" (EPA 340/1-79-002), "Wet Suppression System" (pages 15-34, amended as of January 1979 (and no future amendments or editions)), as incorporated herein by reference and on file with the Office of the Secretary of State, with placement of spray bars and nozzles as required by the Director to minimize air pollution.
- E. Fugitive emissions from gravel or crushed stone processing plants shall be controlled in accordance with R18-2-604 through R18-2-607.
- F. The owner or operator of any affected facility subject to the provisions of this Section shall install, calibrate, maintain, and operate monitoring devices which can be used to determine daily the process weight of gravel or crushed stone produced. The weighing devices shall have an accuracy of $\pm 5\%$ over their operating range.
- G. The owner or operator of any affected facility shall maintain a record of daily production rates of gravel or crushed stone produced.
- H. The test methods and procedures required by this Section are as follows:
 - 1. The reference methods in 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, shall be used to determine compliance with the standards prescribed in this Section as follows:
 - a. Method 5 for concentration of particulate matter and moisture content,
 - b. Method 1 for sample and velocity traverses,
 - c. Method 2 for velocity and volumetric flow rate,
 - d. Method 3 for gas analysis.
 - 2. For Method 5, the sampling time for each run shall be at least 60 minutes and the minimum sample volume is 0.85 dscm (30 dscf), except that shorter sampling times or smaller volumes, when necessitated by process variables or other factors, may be approved by the Director. Sampling shall not be started until 30 minutes after start-up and shall be terminated before shutdown procedures commence. The owner or operator of the affected facility shall eliminate cyclonic flow during performance tests in a manner acceptable to the Director.

Historical Note

Section R18-2-722 renumbered from R18-2-522 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

March 7, 2009 (Supp. 09-1).

R18-2-723. Standards of Performance for Existing Concrete Batch Plants

Fugitive dust emitted from concrete batch plants shall be controlled in accordance with R18-2-604 through R18-2-607.

Historical Note

Section R18-2-723 renumbered from R18-2-523 and amended effective November 15, 1993 (Supp. 93-4).

R18-2-724. Standards of Performance for Fossil-fuel Fired Industrial and Commercial Equipment

- A.** This Section applies to industrial and commercial installations which are less than 73 megawatts capacity (250 million Btu per hour), but in the aggregate on any premises are rated at greater than 500,000 Btu per hour (0.146 megawatts), and in which fuel is burned for the primary purpose of producing steam, hot water, hot air or other liquids, gases or solids and in the course of doing so the products of combustion do not come into direct contact with process materials. When any products or by-products of a manufacturing process are burned for the same purpose or in conjunction with any fuel, the same maximum emission limitations shall apply.
- B.** For purposes of this Section, the heat input shall be the aggregate heat content of all fuels whose products of combustion pass through a stack or other outlet. The heat content of solid fuel shall be determined in accordance with R18-2-311. Compliance tests shall be conducted during operation at the nominal rated capacity of each unit. The total heat input of all fuel-burning units on a plant or premises shall be used for determining the maximum allowable amount of particulate matter which may be emitted.
- C.** No person shall cause, allow or permit the emission of particulate matter, caused by combustion of fuel, from any fuel-burning operation in excess of the amounts calculated by one of the following equations:
- For equipment having a heat input rate of 4200 million Btu per hour or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 1.02Q^{0.769}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 Q = the heat input in million Btu per hour.
 - For equipment having a heat input rate greater than 4200 million Btu per hour, the maximum allowable emissions shall be determined by the following equation:

$$E = 17.0Q^{0.432}$$
 where "E" and "Q" have the same meanings as in subsection (C)(1).
- D.** Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- E.** Fossil-fuel fired industrial and commercial equipment installations shall not emit more than 1.0 pounds of sulfur dioxide per million Btu heat input when low sulfur oil is fired.
- F.** Fossil-fuel fired industrial and commercial equipment installations shall not emit more than 2.2 pounds of sulfur dioxide per million Btu heat input when high sulfur oil is fired.
- G.** Any permit issued for the operation of an existing source, or any renewal or modification of such a permit, shall include a condition prohibiting the use of high sulfur oil by the permittee. This condition may be omitted from the permit if the applicant demonstrates to the satisfaction of the Director both that sufficient quantities of low sulfur oil are not available for use by the source and that it has adequate facilities and contingency plans to ensure that the sulfur dioxide ambient air quality standards set forth in R18-2-202 will not be violated.
- The terms of the permit may authorize the use of high sulfur oil under such conditions as are justified.
 - In cases where the permittee is authorized to use high sulfur oil, it shall submit to the Department monthly reports detailing its efforts to obtain low sulfur oil.
 - When the conditions justifying the use of high sulfur oil no longer exist, the permit shall be modified accordingly.
 - Nothing in this Section shall be construed as allowing the use of a supplementary control system or other form of dispersion technology.
- H.** When coal is fired, fossil-fuel fired industrial and commercial equipment installations shall not emit more than 1.0 pounds of sulfur dioxide per million Btu heat input.
- I.** The owner or operator subject to the provisions of this Section shall install, calibrate, maintain and operate a continuous monitoring system for measurement of the opacity of emissions discharged into the atmosphere from the control device.
- J.** For the purpose of reports required under excess emissions reporting required by R18-2-310.01, the owner or operator shall report all six-minute periods in which the opacity of any plume or effluent exceeds 15%.
- K.** The test methods and procedures required by this Section are as follows:
- The reference methods in 40 CFR 60, Appendix A, as incorporated by reference in Appendix 2 of this Chapter, shall be used to determine compliance with the standards as prescribed in this Section.
 - Method 1 for selection of sampling site and sample traverses,
 - Method 3 for gas analysis to be used when applying Reference Methods 5 and 6,
 - Method 5 for concentration of particulate matter and the associated moisture content,
 - Method 6 for concentration of SO₂.
 - For Method 5, Method 1 shall be used to select the sampling site and the number of traverse sampling points. The sampling time for each run shall be at least 60 minutes and the minimum sampling volume shall be 0.85 dscm (30 dscf), except that smaller sampling times or volumes, when necessitated by process variables or other factors, may be approved by the Director. The probe and filter holder heating systems in the sampling train shall be set to provide a gas temperature no greater than 160°C. (320°F.).
 - For Method 6, the sampling site shall be the same as that selected for Method 5. The sampling point in the duct shall be at the centroid of the cross section or at a point no closer to the walls than 1 m (3.28 ft). For Method 6, the sample shall be extracted at a rate proportional to the gas velocity at the sampling point.
 - For Method 6, the minimum sampling time shall be 20 minutes and the minimum sampling volume 0.02 dscm (0.71 dscf) for each sample. The arithmetic mean of two samples shall constitute one run. Samples shall be taken at approximately 30-minute intervals.
 - Gross calorific value shall be determined in accordance with the applicable ASTM methods: D-2015-91 (Test for Gross Calorific Value of Solid Fuel by the Adiabatic Bomb Calorimeter) for solid fuels; D-240-87 (Test Method for Heat of Combustion of Liquid Hydrocarbon Fuels by Bomb Calorimeter) for liquid fuels; and D-1826-88 (Test Method for Calorific Value of Gases in Natural Gas Range by Continuous Recording Calorimeter) for gaseous fuels. The rate of fuels burned during each testing period shall be determined by suitable meth-

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

ods and shall be confirmed by a material balance over the fossil-fuel fired system.

Historical Note

Section R18-2-724 renumbered from R18-2-524 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 1164, effective February 15, 2001 (Supp. 01-1). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-725. Standards of Performance for Existing Dry Cleaning Plants

- A. No person shall conduct any dry cleaning operation using chlorinated synthetic solvents without minimizing organic solvent emissions by good modern practices including but not limited to the use of an adequately sized and properly maintained activated carbon absorber or other equally effective control device.
- B. No person shall operate any dry cleaning establishment using petroleum solvents other than non-photochemically reactive solvents without reducing solvent emissions by at least 90%. For purposes of this subsection, a photochemically reactive solvent shall be any solvent with an aggregate of more than 20% of its total volume composed of the chemical compounds classified in subsections (B)(1) through (3), or which exceeds any of the following percentage composition limitations, referred to the total volume of solvent:
1. A combination of the following types of compounds having an olefinic or cyclo-olefinic type of unsaturation -- hydrocarbons, alcohols, aldehydes, esters, ethers, or ketones: 5%.
 2. A combination of aromatic compounds with 8 or more carbon atoms to the molecule except ethylbenzene: 8%.
 3. A combination of ethylbenzene, ketones having branched hydrocarbon structures, trichlorethylene or toluene: 20%.
- C. Where a stack, vent or other outlet is at such a level that fumes, gas mist, odor, smoke, vapor or any combination thereof constituting air pollution is discharged to adjoining property, the Director may require the installation of abatement equipment or the alteration of such stack, vent, or other outlet by the owner or operator thereof to a degree that will adequately dilute, reduce or eliminate the discharge of air pollution to the adjoining property.

Historical Note

Section R18-2-725 renumbered from R18-2-525 effective November 15, 1993 (Supp. 93-4).

R18-2-726. Standards of Performance for Sandblasting Operations

No person shall cause or permit sandblasting or other abrasive blasting without minimizing dust emissions to the atmosphere through the use of good modern practices. Examples of good modern practices include wet blasting and the use of effective enclosures with necessary dust collecting equipment.

Historical Note

Section R18-2-726 renumbered from R18-2-526 effective November 15, 1993 (Supp. 93-4).

R18-2-727. Standards of Performance for Spray Painting Operations

- A. No person shall conduct any spray paint operation without minimizing organic solvent emissions. Such operations other than architectural coating and spot painting, shall be conducted in an enclosed area equipped with controls containing no less than 96% of the overspray.
- B. No person shall either:

1. Employ, apply, evaporate or dry any architectural coating containing photochemically reactive solvents for industrial or commercial purposes; or
 2. Thin or dilute any architectural coating with a photochemically reactive solvent.
- C. For purposes of subsection (B), a photochemically reactive solvent shall be any solvent with an aggregate of more than 20% of its total volume composed of the chemical compounds classified in subsections (1) through (3), or which exceeds any of the following percentage composition limitations, referred to the total volume of solvent:
1. A combination of the following types of compounds having an olefinic or cyclo-olefinic type of unsaturation -- hydrocarbons, alcohols, aldehydes, esters, ethers, or ketones: 5%.
 2. A combination of aromatic compounds with 8 or more carbon atoms to the molecule except ethylbenzene: 8%.
 3. A combination of ethylbenzene, ketones having branched hydrocarbon structures, trichlorethylene or toluene: 20%.
- D. Whenever any organic solvent or any constituent of an organic solvent may be classified from its chemical structure into more than one of the groups or organic compounds described in subsection (C)(1) through (3), it shall be considered to be a member of the group having the least allowable percent of the total volume of solvents.

Historical Note

Section R18-2-727 renumbered from R18-2-527 effective November 15, 1993 (Supp. 93-4).

R18-2-728. Standards of Performance for Existing Ammonium Sulfide Manufacturing Plants

- A. The provisions of this Section are applicable to the following affected facilities in ammonium sulfide manufacturing plants: sulfide unloading facilities, reactor-absorbers, bubble cap scrubbers, and fume incinerators.
- B. No person shall cause, allow or permit to be emitted into the atmosphere, from any type of incinerator or other outlet smoke, fumes, gases, particulate matter or other gas-borne material, the opacity of which exceeds 20%.
- C. No person shall cause, allow or permit to be emitted into the atmosphere from any emission point from any incinerator, or to pass a convenient measuring point near such emission point, particulate matter of concentrations in excess of 0.1 grain per cubic foot, based on dry flue gas at standard conditions, corrected to 12% carbon dioxide.
- D. No person shall allow hydrogen sulfide to be emitted from any location in such manner and amount that the concentration of such emissions into the ambient air at any occupied place beyond the premises on which the source is located exceeds 0.03 parts per million by volume for any averaging period of 30 minutes or more.
- E. Where a stack, vent or other outlet is at such a level that fumes, gas mist, odor, smoke, vapor or any combination thereof constituting air pollution are discharged to adjoining property, the Director may require the installation of abatement equipment or the alteration of such stack, vent, or other outlet by the owner or operator thereof to a degree that will adequately dilute, reduce or eliminate the discharge of air pollution to adjoining property.
- F. The owner or operator of any ammonium sulfide tailgas incinerator subject to the provisions of this Section shall do both of the following:
1. Install, calibrate, maintain, and operate a flow measuring device which can be used to determine either the mass or volume of tailgas charged to the incinerator. The flow

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

measuring device shall have an accuracy of $\pm 5\%$ over its operating range.

2. Provide access to the tailgas charged so that a well-mixed representative grab sample can be obtained.

G. The test methods and procedures required by this Section are as follows:

1. The reference methods in 40 CFR 60, Appendix A shall be used to determine compliance with the standards prescribed in this Section as follows:
 - a. Method 5 for the concentration of particulate matter and the associated moisture content;
 - b. Method 1 for sample and velocity traverse;
 - c. Method 2 for velocity and volumetric flow rate;
 - d. Method 3 for gas analysis and calculation of excess air, using the integrated sample technique;
 - e. Method 11 shall be used to determine the concentration of H_2S and Method 6 shall be used to determine the concentration of SO_2 .
2. For Method 5, the sampling time for each run shall be at least 60 minutes and the minimum sample volume shall be 0.85 dscm (30.0 dscf) except that shorter sampling times and smaller sample volumes, when necessitated by process variables or other factors, may be approved by the Director.
3. Particulate matter emissions, expressed in g/dscm, shall be corrected to 12% CO_2 by using the following formula:

$$C_{12} = \frac{C_c}{\%CO_2}$$
 where:
 C_{12} = the concentration of particulate matter corrected to 12% CO_2 ,
 c = the concentration of particulate matter as measured by Method 5, and
 $\%CO_2$ = the percentage of CO_2 as measured by Method 3, or, when applicable, the adjusted outlet CO_2 percentage.
4. If Method 11 is used, the gases sampled shall be introduced into the sampling train at approximately atmospheric pressure. Where fuel gas lines are operating at pressures substantially above atmosphere, this may be accomplished with a flow control valve. If the line pressure is high enough to operate the sampling train without a vacuum pump, the pump may be eliminated from the sampling train. The sample shall be drawn from a point near the centroid of the fuel gas line. The minimum sampling time shall be 10 minutes and the minimum sampling volume 0.01 dscm (0.35 dscf) for each sample. The arithmetic average of two samples of equal sampling time shall constitute one run. Samples shall be taken at approximately one-hour intervals. For most fuel gases, sample times exceeding 20 minutes may result in depletion of the collecting solution, although fuel gases containing low concentrations of hydrogen sulfide may necessitate sampling for longer periods of time.
5. If Method 5 is used, Method 1 shall be used for velocity traverses and Method 2 for determining velocity and volumetric flow rate. The sampling site for determining CO_2 concentration by Method 3 shall be the same as for determining volumetric flow rate by Method 2. The sampling point in the duct for determining SO_2 concentration by Method 3 shall be at the centroid of the cross section if the cross sectional area is less than 5 m² (54 ft²) or at a point no closer to the walls than 1 m (3.28 feet) if the cross sectional area is 5 m² or more and the centroid is more than 1 meter from the wall. The sample shall be extracted at a rate proportional to the gas velocity at the

sampling point. The minimum sampling time shall be 10 minutes and the minimum sampling volume 0.01 dscm (0.36 dscf) for each sample. The arithmetic average of two samples of equal sampling time shall constitute one run. Samples shall be taken at approximately one-hour intervals.

Historical Note

Section R18-2-728 renumbered from R18-2-528 effective November 15, 1993 (Supp. 93-4).

R18-2-729. Standards of Performance for Cotton Gins

- A.** Fugitive dust, lint, bolls, cotton seed or other material emitted from a cotton gin or lying loose in a yard shall be collected and disposed of in an efficient manner or shall be treated in accordance with R18-2-604 through R18-2-607.
- B.** No person shall cause, allow or permit to be emitted into the atmosphere, from any type of incinerator, smoke, fumes, gases, particulate matter or other gas-borne material which exceeds 40% opacity.
- C.** No person shall cause, allow, or permit the discharge of particulate matter into the atmosphere in any one hour from any cotton gin in total quantities in excess of the amounts calculated by one of the following equations:
 1. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 2. For process sources having a process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$
 where "E" and "P" are defined as indicated in subsection (C)(1).
- D.** The test methods and procedures required by this Section are as follows:
 1. The reference methods in the Arizona Testing Manual and 40 CFR 60, Appendix A shall be used to determine compliance with this Section as follows:
 - a. Method A-2 for the measurement of particulate matter,
 - b. Method 1 for sample and velocity traverses,
 - c. Method 2 for velocity and volumetric flow rate,
 - d. Method 3 for gas analysis,
 - e. Method 9 for visible emissions.
 2. For Method A-2, the sampling time for each run shall be at least 60 minutes and the sampling rate shall be at least 0.85 dry standard cubic meters per hour (0.53 dry standard cubic feet per minute), except that shorter sampling times, when necessitated by progress variables or other factors, may be approved by the Director.

Historical Note

Section R18-2-729 renumbered from R18-2-529 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 13 A.A.R. 2157, effective August 4, 2007 (Supp. 07-2).

R18-2-730. Standards of Performance for Unclassified Sources

- A.** No existing source which is not otherwise subject to standards of performance under this Article or Article 9 or 11 of this

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Chapter, shall cause or permit the emission of pollutants at rates greater than the following:

1. For particulate matter discharged into the atmosphere in any one hour from any unclassified process source in total quantities in excess of the amounts calculated by one of the following equations:
 - a. For process sources having a process weight rate of 60,000 pounds per hour (30 tons per hour) or less, the maximum allowable emissions shall be determined by the following equation:

$$E = 4.10P^{0.67}$$
 where:
 E = the maximum allowable particulate emissions rate in pounds-mass per hour.
 P = the process weight rate in tons-mass per hour.
 - b. For process weight rate greater than 60,000 pounds per hour (30 tons per hour), the maximum allowable emissions shall be determined by the following equation:

$$E = 55.0P^{0.11-40}$$
 where "E" and "P" are defined as indicated in subsection (A)(1)(a).
 2. Sulfur dioxide – 600 parts per million.
 3. Nitrogen oxides expressed as NO₂ – 500 parts per million.
- B.** For purposes of this Section, the total process weight from all similar units employing a similar type process shall be used in determining the maximum allowable emission of particulate matter.
- C.** Actual values shall be calculated from the applicable equations and rounded off to two decimal places.
- D.** No person shall emit gaseous or odorous materials from equipment, operations or premises under the person's control in such quantities or concentrations as to cause air pollution.
- E.** No person shall operate or use any machine, equipment, or other contrivance for the treatment or processing of animal or vegetable matter, separately or in combination, unless all gaseous vapors and gas entrained effluents from such operations, equipment, or contrivance have been either:
1. Incinerated to destruction, as indicated by a temperature measuring device, at not less than 1,200°F if constructed or reconstructed prior to January 1, 1989, or 1,600°F with a minimum residence time of 0.5 seconds if constructed or reconstructed thereafter; or
 2. Passed through such other device which is designed, installed and maintained to prevent the emission of odors or other air contaminants and which is approved by the Director.
- F.** Materials including solvents or other volatile compounds, paints, acids, alkalies, pesticides, fertilizers and manure shall be processed, stored, used and transported in such a manner and by such means that they will not evaporate, leak, escape or be otherwise discharged into the ambient air so as to cause or contribute to air pollution. Where means are available to reduce effectively the contribution to air pollution from evaporation, leakage or discharge, the installation and use of such control methods, devices, or equipment shall be mandatory.
- G.** Where a stack, vent or other outlet is at such a level that fumes, gas mist, odor, smoke, vapor or any combination thereof constituting air pollution is discharged to adjoining property, the Director may require the installation of abatement equipment or the alteration of such stack, vent, or other outlet by the owner or operator thereof to a degree that will adequately dilute, reduce or eliminate the discharge of air pollution to adjoining property.
- H.** No person shall allow hydrogen sulfide to be emitted from any location in such manner and amount that the concentration of such emissions into the ambient air at any occupied place beyond the premises on which the source is located exceeds 0.03 parts per million by volume for any averaging period of 30 minutes or more.
- I.** No person shall cause, allow or permit discharge from any stationary source carbon monoxide emissions without the use of complete secondary combustion of waste gases generated by any process source.
- J.** No person shall allow hydrogen cyanide to be emitted from any location in such manner and amount that the concentration of such emissions into the ambient air at any occupied place beyond the premises on which the source is located exceeds 0.3 parts per million by volume for any averaging period of eight hours.
- K.** No person shall allow sodium cyanide dust or dust from any other solid cyanide to be emitted from any location in such manner and amount that the concentration of such emissions into the ambient air at any occupied place beyond the premises on which the source is located exceeds 140 micrograms per cubic meter for any averaging period of eight hours.
- L.** No owner or operator of a facility engaged in the surface coating of miscellaneous metal parts and products may operate a coating application system subject to this Section that emits volatile organic compounds in excess of any of the following:
1. 4.3 pounds per gallon (0.5 kilograms per liter) of coating, excluding water, delivered to a coating applicator that applies clear coatings.
 2. 3.5 pounds per gallon (0.42 kilograms per liter) of coating, excluding water delivered to a coating applicator in a coating application system that is air dried or forced warm air dried at temperatures up to 194°F (90°C).
 3. 3.5 pounds per gallon (0.42 kilograms per liter) of coating, excluding water, delivered to a coating applicator that applies extreme performance coatings.
 4. 3.0 pounds per gallon (0.36 kilograms per liter) of coating, excluding water, delivered to a coating applicator for all other coatings and application systems.
- M.** If more than one emission limitation in subsection (L) applies to a specific coating, then the least stringent emission limitation shall be applied.
- N.** All VOC emissions from solvent washings shall be considered in the emission limitations in subsection (L), unless the solvent is directed into containers that prevent evaporation into the atmosphere.

Historical Note

Renumbered from R18-2-530 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 15 A.A.R. 281, effective March 7, 2009 (Supp. 09-1).

R18-2-731. Standards of Performance for Existing Municipal Solid Waste Landfills

- A.** This Section applies to each municipal solid waste landfill (MSW landfill) at which:
1. Construction, reconstruction, or modification began on or before July 17, 2014; and
 2. Waste was accepted at any time since November 8, 1987, or additional design capacity is available for future waste deposition.
- B.** For the purposes of this Section, "Municipal solid waste landfill or MSW landfill" means an entire disposal facility in a contiguous geographical space where household waste is placed in or on land. An MSW landfill may also receive other types of RCRA (Resource Conservation and Recovery Act)

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Subtitle D wastes such as commercial solid waste, nonhazardous sludge, conditionally exempt small quantity generator waste, and industrial solid waste. Portions of an MSW landfill may be separated by access roads. An MSW landfill may be publicly or privately owned.

- C. MSW landfills covered by this Section shall comply with 40 CFR 60, Subpart Cf, effective as of the date of EPA approval of the state plan under section 111(d) of the Act. 40 CFR 60, Subpart WWW, “Standards of Performance for Municipal Solid Waste Landfills,” will remain in effect until Arizona’s state plan implementing Subpart Cf is approved by EPA. 40 CFR 60, Subpart Cf “Emissions Guidelines and Compliance Times for Municipal Solid Waste Landfills,” as adopted on August 29, 2016 (and no future amendments) is hereby incorporated by reference as applicable requirements. MSW landfills may meet the requirements of Subpart Cf by complying with 40 CFR 60, Subpart XXX. 40 CFR 60, Subpart XXX “Standards of Performance for Municipal Solid Waste Landfills that Commenced Construction, Reconstruction or Modification After July 17, 2014,” is incorporated by reference in R18-2-901.

Historical Note

Adopted effective April 4, 1997; filed with the Office of the Secretary of State March 14, 1997 (Supp. 97-1). Amended by final rulemaking at 24 A.A.R. 1864, effective August 10, 2018 (Supp. 18-2).

R18-2-732. Expired**Historical Note**

New Section adopted by final rulemaking at 5 A.A.R. 3058, effective August 10, 1999 (Supp. 99-3). Amended by final rulemaking at 13 A.A.R. 2157, effective August 4, 2007 (Supp. 07-2). Section expired under A.R.S. § 41-1056(J) at 21 A.A.R. 15, effective September 30, 2015 (Supp. 15-4).

R18-2-733. Repealed**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 4701, effective January 29, 2007 (Supp. 06-4). Section repealed by final rulemaking at 21 A.A.R. 711, effective June 30, 2015 (Supp. 15-2).

R18-2-733.01. Repealed**Historical Note**

New Section made by final rulemaking at 12 A.A.R. 4701, effective January 29, 2007 (Supp. 06-4). Section repealed by final rulemaking at 21 A.A.R. 711, effective June 30, 2015 (Supp. 15-2).

R18-2-734. Standards of Performance for Mercury Emissions from Electric Generating Units

- A. Applicability and Purpose. The requirements of this Section apply to owners and operators of electric generating units. The purpose of this Section is to establish:
1. Interim standards for mercury emissions from electric generating units that shall apply until compliance with the emissions limits in the federal mercury standards is required.
 2. State standards for mercury emissions from electric generating units that shall apply if the federal mercury standards are vacated by a federal court or repealed by the administrator.
- B. Interim Standards. The following requirements shall apply until the date that compliance with the federal mercury standards or subsection (G) is required:

1. The owners and operators shall comply with the mercury control strategy operations and maintenance plan approved as part of the permit for the electric generating plant.
 2. The owners and operators shall operate and maintain the electric generating plant, including any associated air pollution control equipment, in a manner consistent with good air pollution control practices for minimizing mercury emissions. This requirement shall apply to any air pollution control equipment installed pursuant to subsection (B)(1) or to any new air pollution control equipment installed to comply with the federal mercury standards if such equipment replaces equipment installed pursuant to subsection (B)(1).
- C. Incorporation of Federal Mercury Standards. The federal mercury standards in 40 CFR Part 63, Subpart UUUUU, as of July 1, 2013 (and no future amendments or editions) are incorporated by reference and shall remain effective to the extent specified in this Section regardless of whether they are vacated by a federal court or repealed by the administrator. Subpart UUUU of 40 C.F.R. Part 63 is published by the United States Government Printing Office, 732 North Capital Street, NW, Washington, DC 20401-0001, is on file with the Department of Environmental Quality, 1110 West Washington Street, Phoenix, Arizona 85007, and is available at the Arizona State Library, Archives & Public Records, 1700 West Washington Street, Phoenix, Arizona 85007 and at other Federal depository libraries in the state (see http://catalog.gpo.gov/fdlpdir/FDLP-dir.jsp?st_12=AZ&flag=searchp). It is also available online at <http://www.gpo.gov/fdsys/browse/collectionCfr.action?collectionCode=CFR>. The owners and operators shall provide to the director a copy of all notices and reports submitted to the Administrator under the federal mercury standards, except for any reports or data submitted to the Administrator through electronic systems (for example, Compliance and Emissions Data Reporting Interface (CEDRI), Emission Collection Monitoring Plan System Client Tool (ECMPS) or the Emissions Reporting Tool (ERT)).
- D. Notice of State Standard Applicability. The director shall provide notice to the responsible official for each electric generating plant of any repeal or federal court vacatur of the federal mercury standards. If the repeal or vacatur occurred after the date the electric generating plant was required to comply with the emission limits in the federal mercury standards, the plant shall continue to comply with the federal mercury standards until the date that compliance with subsection (G) is required.
- E. Application for Permit Revision. Within 120 days of receipt of written notice from the director under subsection (D), the owners and operators shall submit an application for a permit revision that proposes:
1. The mercury emission limit or limits in subsection (G) that shall apply to the electric generating plant.
 2. A date for demonstrating compliance with the mercury emission limit consistent with subsection (F)(2).
 3. A mercury monitoring plan consistent with subsection (H)(2).
- F. Permit Revision Setting State Standard. A permit revision granted in response to the application submitted under subsection (E) shall contain the following conditions:
1. The mercury emission limit or limits in subsection (G) that shall apply to the electric generating plant.
 2. The date compliance with the emission limit or limits shall be required. Unless the application requests an earlier date, the compliance date shall be the later of December 31, 2016 or the end of the first averaging period commencing no later than 180 days after permit issuance.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

3. The date for demonstrating initial compliance with the emission limit or limits, which shall be 45 days after completion of the first full averaging period after the compliance date established under subsection (F)(2).
 4. The date on which compliance with subsection (B), or the obligation to comply with the federal mercury standards in subsection (D), as applicable, shall no longer be required.
 5. A mercury monitoring plan consistent with subsection (H).
 6. Compliance reporting requirements consistent with subsection (I).
- G. State Mercury Emission Limits.** Emissions from an electric generating unit shall comply with one or more of the emission limits specified in the following table, as selected by the owners and operators under subsection (F).
- | No. | Limit | Averaging Period | Applicable To |
|-----|---------------------------------|----------------------------------|-------------------------------------|
| 1. | 10 percent of inlet mercury | Rolling 12-month | Electric generating plant |
| 2. | 0.0087 pounds per gigawatt-hour | Rolling 12-month | Electric generating plant |
| 3. | 0.011 pounds per gigawatt-hour | Rolling 90-boiler operating days | EGUs identified in averaging group |
| 4. | 1.0 pounds per Trillion Btu | Rolling 90-boiler operating days | EGUs identified in averaging group |
| 5. | 0.013 pounds per gigawatt-hour | Rolling 30-boiler operating days | Individual electric generating unit |
| 6. | 1.2 pounds per Trillion Btu | Rolling 30-boiler operating days | Individual electric generating unit |
- H. Compliance Monitoring and Recordkeeping.**
1. Compliance with subsection (G) shall be determined using a mercury CEMS or sorbent trap monitoring system pursuant to Appendix A of the federal mercury standards and in accordance with an approved mercury monitoring plan.
 2. The mercury monitoring plan shall include the following elements:
 - a. Identification of the emission limit or limits in subsection (G) for which compliance will be demonstrated.
 - b. Identification of whether a mercury CEMS or sorbent trap monitoring system will be used as the primary compliance method. Backup methods may be identified and approved in the plan.
 - c. Description of the parameters that will be monitored, including mercury concentration, stack flow, fuel mercury content, fuel rate, electricity generation rate, moisture percent, and any diluent or other gas or process parameters necessary to calculate compliance in terms of the applicable emission limit.
 - d. Description and example of the calculations required to convert monitored parameters to mercury emissions in terms of the emission limit.
- e. Establishment of CEMS analyzer data availability, and QA/QC requirements.
 - f. Procedures for completing an initial demonstration of compliance, except as otherwise provided in subsection (I)(1).
2. At least once per month, the mercury emissions data shall be compiled into a record demonstrating compliance with the emission limit or limits established in the permit revision issued under subsection (F). This record shall be completed no later than the 15th day of the following month.
 3. Records shall be maintained as follows:
 - a. Records demonstrating compliance with the emissions limits shall be maintained for five years.
 - b. If a mercury CEMS is used, daily CEMS data, QA/QC data identified in the mercury monitoring plan, any maintenance work conducted on the CEMS or data logging system, and a calculation of all mercury CEMS downtime shall be maintained for five years.
 - c. If a sorbent trap monitoring system is used, all sorbent monitoring data and any maintenance work conducted on the system shall be maintained for five years.
- I. Reporting.** The owners and operators shall submit to the director the following reports:
1. An initial demonstration of compliance, which must be submitted to the director within 180 days after completion of the first full averaging period. This requirement shall not apply to an electric generating unit if an initial demonstration of compliance has been completed for that unit under 40 C.F.R. 63.10005(d)(3) and the demonstration shows compliance with subsection (G) for that unit. The report shall include:
 - a. The name of the electric generating plant and electric generating units.
 - b. The applicable emission limit or limits for the plant or the electric generating units.
 - c. The mercury emissions for the plant, group of averaged units, or each unit, as applicable, during the initial compliance demonstration in terms of the applicable standard.
 - d. A certification by a responsible official.
 2. Semiannual compliance reports, which must be submitted to the director on the dates established in the electric generating plant's air quality permit. The report shall include:
 - a. The name of the electric generating plant and electric generating units;
 - b. The applicable emission limit or limits for the plant or the electric generating units.
 - c. The mercury emissions for the plant, or each unit, as applicable, for each month during the six month period ending the month prior to the semiannual report in terms of the applicable standard.
 - d. An explanation of any excess emissions, the duration of the excess emissions, and corrective actions taken, if any, to resolve those excess emissions.
 - e. A certification by a responsible official.
- J. Exemption.** After receipt of notice under subsection (D), in lieu of submitting the permit revision application required by subsection (E), the owners and operators may notify the director in writing that they elect to comply with the vacated or repealed federal mercury standards at an electric generating plant. If the owners and operators for an electric generating plant make this election, the plant shall be exempt from subsections (E) through (I). If the owners and operators of an electric plant elect this option:

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

1. "Administrator" shall mean "Director" whenever it appears in the federal mercury standards or regulations referenced therein.
2. "EPA" shall mean "ADEQ, Air Quality Division" whenever it appears in the federal mercury standards or regulations referenced therein.
3. In lieu of reports submitted to the Administrator through electronic systems (for example, Compliance and Emissions Data Reporting Interface (CEDRI), Emission Collection Monitoring Plan System Client Tool (ECMPS) or Emissions Reporting Tool (ERT)) pursuant to the federal mercury standards, the owners or operators shall submit to the Director, semiannually at the time required by permit, the RATA or the rolling 30-day or rolling 90-day average mercury value for each EGU or the plant, as applicable.

Historical Note

New Section made by final rulemaking at 12 A.A.R. 4701, effective January 29, 2007 (Supp. 06-4). Amended by final rulemaking at 21 A.A.R. 711, effective June 30, 2015 (Supp. 15-2).

Table 1. Expired**Historical Note**

Table 1 adopted by final rulemaking at 5 A.A.R. 3058, effective August 10, 1999 (Supp. 99-3). Table 1 expired under A.R.S. § 41-1056(J) at 23 A.A.R. 3427, effective October 10, 2017 (Supp. 17-4).

Table 2. Expired**Historical Note**

Table 2 adopted by final rulemaking at 5 A.A.R. 3058, effective August 10, 1999 (Supp. 99-3). Table 2 expired under A.R.S. § 41-1056(J) at 23 A.A.R. 3427, effective October 10, 2017 (Supp. 17-4).

ARTICLE 8. EMISSIONS FROM MOBILE SOURCES (NEW AND EXISTING)**R18-2-801. Classification of Mobile Sources**

- A. This Article is applicable to mobile sources which either move while emitting air contaminants or are frequently moved during the course of their utilization but are not classified as motor vehicles, agricultural vehicles, or agricultural equipment used in normal farm operations.
- B. Unless otherwise specified, no mobile source shall emit smoke or dust the opacity of which exceeds 40%.

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3). Amended effective February 3, 1993 (Supp. 93-1). Former Section R18-2-801 renumbered to Section R18-2-901, new Section R18-2-801 renumbered from R18-2-601 effective November 15, 1993 (Supp. 93-4).

R18-2-802. Off-road Machinery

- A. No person shall cause, allow or permit to be emitted into the atmosphere from any off-road machinery, smoke for any period greater than 10 consecutive seconds, the opacity of which exceeds 40%. Visible emissions when starting cold equipment shall be exempt from this requirement for the first 10 minutes.
- B. Off-road machinery shall include trucks, graders, scrapers, rollers, locomotives and other construction and mining machinery not normally driven on a completed public roadway.

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-802 renumbered to Section R18-2-902, new Section R18-2-802 renumbered from R18-2-602 effective November 15, 1993 (Supp. 93-4).

R18-2-803. Heater-planer Units

No person shall cause, allow or permit to be emitted into the atmosphere from any heater-planer operated for the purpose of reconstructing asphalt pavements smoke the opacity of which exceeds 20%. However three minutes' upset time in any one hour shall not constitute a violation of this Section.

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3). Former Section R18-2-803 renumbered to Section R18-2-903, new Section R18-2-803 renumbered from R18-2-603 effective November 15, 1993 (Supp. 93-4).

R18-2-804. Roadway and Site Cleaning Machinery

- A. No person shall cause, allow or permit to be emitted into the atmosphere from any roadway and site cleaning machinery smoke or dust for any period greater than 10 consecutive seconds, the opacity of which exceeds 40%. Visible emissions when starting cold equipment shall be exempt from this requirement for the first 10 minutes.
- B. In addition to complying with subsection (A), no person shall cause, allow or permit the cleaning of any site, roadway, or alley without taking reasonable precautions to prevent particulate matter from becoming airborne. Reasonable precautions may include applying dust suppressants. Earth or other material shall be removed from paved streets onto which earth or other material has been transported by trucking or earth moving equipment, erosion by water or by other means.

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3). Amended effective February 3, 1993 (Supp. 93-1). Former Section R18-2-804 renumbered to Section R18-2-904, new Section R18-2-804 renumbered from R18-2-604 effective November 15, 1993 (Supp. 93-4).

R18-2-805. Asphalt or Tar Kettles

- A. No person shall cause, allow or permit to be emitted into the atmosphere from any asphalt or tar kettle smoke for any period greater than 10 consecutive seconds, the opacity of which exceeds 40%.
- B. In addition to complying with subsection (A), no person shall cause, allow or permit the operation of an asphalt or tar kettle without minimizing air contaminant emissions by utilizing all of the following control measures:
 1. The control of temperature recommended by the asphalt or tar manufacturer;
 2. The operation of the kettle with lid closed except when charging;
 3. The pumping of asphalt from the kettle or the drawing of asphalt through cocks with no dipping;
 4. The dipping of tar in an approved manner;
 5. The maintaining of the kettle in clean, properly adjusted, and good operating condition;
 6. The firing of the kettle with liquid petroleum gas or other fuels acceptable to the Director.

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3).

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Former Section R18-2-805 renumbered to Section R18-2-905, new Section R18-2-805 renumbered from R18-2-605 effective November 15, 1993 (Supp. 93-4).

ARTICLE 9. NEW SOURCE PERFORMANCE STANDARDS

R18-2-901. Standards of Performance for New Stationary Sources

Except as provided in R18-2-902 through R18-2-905, the following subparts of 40 CFR 60, New Source Performance Standards (NSPS), and all accompanying appendices, adopted as of June 28, 2013, unless otherwise specified, and no future editions or amendments, are incorporated by reference as applicable requirements. These standards are on file with the Department and shall be applied by the Department. These standards can be obtained from the U.S. Government Printing Office, Superintendent of Documents, bookstore.gpo.gov, Mail Stop: SSOP IDCC-SSOM, Washington, D.C. 20402-9328.

1. Subpart A - General Provisions.
2. Subpart D - Standards of Performance for Fossil-Fuel-Fired Steam Generators for Which Construction is Commenced After August 17, 1971.
3. Subpart Da - Standards of Performance for Electric Utility Steam Generating Units for Which Construction is Commenced After September 18, 1978.
4. Subpart Db - Standards of Performance for Industrial-Commercial-Institutional Steam Generating Units.
5. Subpart Dc - Standards of Performance for Small Industrial-Commercial-Institutional Steam Generating Units.
6. Subpart E - Standards of Performance for Incinerators.
7. Subpart Ea - Standards of Performance for Municipal Waste Combustors for Which Construction is Commenced after December 20, 1989 and on or Before September 20, 1994.
8. Subpart Eb - Standards of Performance for Large Municipal Waste Combustors for Which Construction is Commenced after September 20, 1994 or for Which Modification or Reconstruction is Commenced After June 19, 1996.
9. Subpart Ec - Standards of Performance for Hospital/Medical/ Infectious Waste Incinerators for Which Construction is Commenced After June 20, 1996.
10. Subpart F - Standards of Performance for Portland Cement Plants.
11. Subpart G - Standards of Performance for Nitric Acid Plants.
12. Subpart Ga - Standards of Performance for Nitric Acid Plants for which Construction, Reconstruction, or Modification Commenced after October 14, 2011.
13. Subpart H - Standards of Performance for Sulfuric Acid Plants.
14. Subpart I - Standards of Performance for Hot Mix Asphalt Facilities.
15. Subpart J - Standards of Performance for Petroleum Refineries.
16. Subpart Ja - Standards of Performance for Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After May 14, 2007.
17. Subpart K - Standards of Performance for Storage Vessels for Petroleum Liquids for Which Construction, Reconstruction, or Modification Commenced After June 11, 1973, and Prior to May 19, 1978.
18. Subpart Ka - Standards of Performance for Storage Vessels for Petroleum Liquids for Which Construction, Reconstruction, or Modification Commenced After May 18, 1978, and Prior to July 23, 1984.
19. Subpart Kb - Standards of Performance for Volatile Organic Liquid Storage Vessels (Including Petroleum Liquid Storage Vessels) for Which Construction, Reconstruction, or Modification Commenced after July 23, 1984.
20. Subpart L - Standards of Performance for Secondary Lead Smelters.
21. Subpart M - Standards of Performance for Secondary Brass and Bronze Production Plants.
22. Subpart N - Standards of Performance for Primary Emissions from Basic Oxygen Process Furnaces for Which Construction is Commenced After June 11, 1973.
23. Subpart Na - Standards of Performance for Secondary Emissions from Basic Oxygen Process Steelmaking Facilities for Which Construction is Commenced After January 20, 1983.
24. Subpart O - Standards of Performance for Sewage Treatment Plants.
25. Subpart P - Standards of Performance for Primary Copper Smelters.
26. Subpart Q - Standards of Performance for Primary Zinc Smelters.
27. Subpart R - Standards of Performance for Primary Lead Smelters.
28. Subpart S - Standards of Performance for Primary Aluminum Reduction Plants.
29. Subpart T - Standards of Performance for Phosphate Fertilizer Industry: Wet-Process Phosphoric Acid Plants.
30. Subpart U - Standards of Performance for Phosphate Fertilizer Industry: Superphosphoric Acid Plants.
31. Subpart V - Standards of Performance for Phosphate Fertilizer Industry: Diammonium Phosphate Plants.
32. Subpart W - Standards of Performance for Phosphate Fertilizer Industry: Triple Superphosphate Plants.
33. Subpart X - Standards of Performance for Phosphate Fertilizer Industry: Granular Triple Superphosphate Storage Facilities.
34. Subpart Y - Standards of Performance for Coal Preparation Plants.
35. Subpart Z - Standards of Performance for Ferroalloy Production Facilities.
36. Subpart AA - Standards of Performance for Steel Plants: Electric Arc Furnaces Constructed After October 21, 1974, and On or Before August 17, 1983.
37. Subpart AAa - Standards of Performance for Steel Plants: Electric Arc Furnaces and Argon-Oxygen Decarburization Vessels Constructed After August 7, 1983.
38. Subpart BB - Standards of Performance for Kraft Pulp Mills.
39. Subpart BBa - Standards of Performance for Kraft Pulp Mill Affected Sources for Which Construction, Reconstruction, or Modification Commenced After May 23, 2013.
40. Subpart CC - Standards of Performance for Glass Manufacturing Plants.
41. Subpart DD - Standards of Performance for Grain Elevators.
42. Subpart EE - Standards of Performance for Surface Coating of Metal Furniture.
43. Subpart GG - Standards of Performance for Stationary Gas Turbines.
44. Subpart HH - Standards of Performance for Lime Manufacturing Plants.
45. Subpart KK - Standards of Performance for Lead-Acid Battery Manufacturing Plants.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

46. Subpart LL - Standards of Performance for Metallic Mineral Processing Plants.
47. Subpart MM - Standards of Performance for Automobile and Light Duty Truck Surface Coating Operations.
48. Subpart NN - Standards of Performance for Phosphate Rock Plants.
49. Subpart PP - Standards of Performance for Ammonium Sulfate Manufacture.
50. Subpart QQ - Standards of Performance for Graphic Arts Industry: Publication Rotogravure Printing.
51. Subpart RR - Standards of Performance for Pressure Sensitive Tape and Label Surface Coating Operations.
52. Subpart SS - Standards of Performance for Industrial Surface Coating: Large Appliances.
53. Subpart TT - Standards of Performance for Metal Coil Surface Coating.
54. Subpart UU - Standards of Performance for Asphalt Processing and Asphalt Roofing Manufacture.
55. Subpart VV - Standards of Performance for Equipment Leaks of VOC in the Synthetic Organic Chemicals Manufacturing Industry.
56. Subpart VVa - Standards of Performance for Equipment Leaks of VOC in the Synthetic Organic Chemicals Manufacturing Industry for Which Construction, Reconstruction, or Modification Commenced after November 7, 2006.
57. Subpart WW - Standards of Performance for Beverage Can Surface Coating Industry.
58. Subpart XX - Standards of Performance for Bulk Gasoline Terminals.
59. Subpart AAA - Standards of Performance for New Residential Wood Heaters.
60. Subpart BBB - Standards of Performance for Rubber Tire Manufacturing Industry.
61. Subpart DDD - Standards of Performance for Volatile Organic Compound (VOC) Emissions from the Polymer Manufacturing Industry.
62. Subpart FFF - Standards of Performance for Flexible Vinyl and Urethane Coating and Printing.
63. Subpart GGG - Standards of Performance for Equipment Leaks of VOC in Petroleum Refineries.
64. Subpart GGGa - Standards of Performance for Equipment Leaks of VOC in Petroleum Refineries for Which Construction, Reconstruction, or Modification Commenced After November 7, 2006.
65. Subpart HHH - Standards of Performance for Synthetic Fiber Production Facilities.
66. Subpart III - Standards of Performance for Volatile Organic Compound (VOC) Emissions from the Synthetic Organic Chemical Manufacturing Industry (SOCMI) Air Oxidation Unit Processes.
67. Subpart JJJ - Standards of Performance for Petroleum Dry Cleaners.
68. Subpart KKK - Standards of Performance for Equipment Leaks of VOC from Onshore Natural Gas Processing Plants.
69. Subpart LLL - Standards of Performance for Onshore Natural Gas Processing; SO₂ Emissions.
70. Subpart NNN - Standards of Performance for Volatile Organic Compound (VOC) Emissions From Synthetic Organic Chemical Manufacturing Industry (SOCMI) Distillation Operations.
71. Subpart OOO - Standards of Performance for Nonmetallic Mineral Processing Plants.
72. Subpart PPP - Standards of Performance for Wool Fiberglass Insulation Manufacturing Plants.
73. Subpart QQQ - Standards of Performance for VOC Emissions From Petroleum Refinery Wastewater Systems.
74. Subpart RRR - Standards of Performance for Volatile Organic Compound Emissions From Synthetic Organic Chemical Manufacturing Industry (SOCMI) Reactor Processes.
75. Subpart SSS - Standards of Performance for Magnetic Tape Coating Facilities.
76. Subpart TTT - Standards of Performance for Industrial Surface Coating: Surface Coating of Plastic Parts for Business Machines.
77. Subpart UUU - Standards of Performance for Calciners and Dryers in Mineral Industries.
78. Subpart VVV - Standards of Performance for Polymeric Coating of Supporting Substrates Facilities.
79. Subpart WWW - Standards of Performance for Municipal Solid Waste Landfills.
80. Subpart XXX - Standards of Performance for Municipal Solid Waste Landfills that Commenced Construction, Reconstruction, or Modification After July 17, 2014. This subpart and all accompanying appendices are adopted as of August 29, 2016 (and no future amendments), and are incorporated by reference as applicable requirements.
81. Subpart AAAA - Standards of Performance for Small Municipal Waste Combustion Units for Which Construction Is Commenced after August 30, 1999, or for Which Modification or Reconstruction Is Commenced after June 6, 2001.
82. Subpart CCCC - Standards of Performance for Commercial and Industrial Solid Waste Incineration Units for Which Construction Is Commenced after November 30, 1999, or for Which Modification or Reconstruction Is Commenced on or after June 1, 2001.
83. Subpart EEEE - Standards of Performance for Other Solid Waste Incineration Units for Which Construction is Commenced After December 9, 2004, or for Which Modification or Reconstruction is Commenced on or After June 16, 2006.
84. Subpart IIII - Standards of Performance for Stationary Compression Ignition Combustion Engines.
85. Subpart JJJJ - Standards of Performance for Stationary Spark Ignition Internal Combustion Engines.
86. Subpart KKKK - Standards of Performance for Stationary Combustion Turbines.
87. Subpart LLLL - Standards of Performance for New Sewage Sludge Incineration Units.
88. Subpart OOOO - Standards of Performance for Crude Oil and Natural Gas Production, Transmission and Distribution.
89. Subpart OOOOa - Standards of Performance for Crude Oil and natural gas Facilities for which Construction, Modification or Reconstruction Commenced After September 18, 2015.
90. Subpart PPPP [Reserved].
91. Subpart QQQQ - Standards of Performance for New Residential Hydronic Heaters and Forced-Air Furnaces.
92. Subpart TTTT - Standards of Performance for Greenhouse Gas Emission for Electric Generating Units

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1).
 Amended effective September 26, 1990 (Supp. 90-3).
 Amended effective February 3, 1993 (Supp. 93-1). Section R18-2-901 renumbered to R18-2-1101, new Section R18-2-901 renumbered from R18-2-801 and amended effective November 15, 1993 (Supp. 93-4). Amended effective June 10, 1994 (Supp. 94-2). Amended effective

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

December 7, 1995 (Supp. 95-4). Amended effective May 9, 1996 (Supp. 96-2). Amended effective April 4, 1997; filed with the Office of the Secretary of State March 14, 1997 (Supp. 97-1). Amended effective December 4, 1997 (Supp. 97-4). Amended by final rulemaking at 5 A.A.R. 3058, effective August 10, 1999, and at 5 A.A.R. 3221, effective August 12, 1999 (Supp. 99-3). Amended by final rulemaking at 6 A.A.R. 4170, effective October 11, 2000 (Supp. 00-4). Amended by final rulemaking at 8 A.A.R. 2543, effective May 24, 2002 (Supp. 02-2). Amended by final rulemaking at 10 A.A.R. 3281, effective September 27, 2004 (Supp. 04-3). Amended by final rulemaking at 11 A.A.R. 5504, effective February 4, 2006 (Supp. 05-4). Amended by final rulemaking at 13 A.A.R. 4199, effective January 5, 2008 (Supp. 07-4). Amended by final expedited rulemaking at 21 A.A.R. 2747, effective December 13, 2015 (Supp. 15-4). Amended by final expedited rulemaking at 24 A.A.R. 1564, with an immediate effective date of May 2, 2018 (Supp. 18-2). Amended by final rulemaking at 24 A.A.R. 1864, effective August 10, 2018 (Supp. 18-3).

R18-2-902. General Provisions

- A.** As used in 40 CFR 60: "Administrator" means the Director of the Arizona Department of Environmental Quality, except that the Director shall not be authorized to approve alternate or equivalent test methods or alternative standards or work practices.
- B.** From the general standards identified in R18-2-901, delete the following:
- 40 CFR 60.4. All requests, reports, applications, submittals, and other communications to the Director pursuant to this Article shall be submitted to the Arizona Department of Environmental Quality, Air Quality Division, 1110 West Washington Street, Phoenix, Arizona 85007.
 - 40 CFR 60.5 and 60.6.
- C.** The Director shall not be delegated authority to deal with equivalency determinations or innovative technology waivers as covered in Sections 111(h)(3) and 111(j) of the Act.

Historical Note

Adopted effective February 26, 1988 (Supp. 88-1). Amended effective September 26, 1990 (Supp. 90-3). Section R18-2-902 renumbered to R18-2-1102, new Section R18-2-902 renumbered from R18-2-802 and amended effective November 15, 1993 (Supp. 93-4). Amended effective June 10, 1994 (Supp. 94-2). Amended by final rulemaking at 13 A.A.R. 4199, effective January 5, 2008 (Supp. 07-4).

R18-2-903. Standards of Performance for Fossil-fuel Fired Steam Generators

As exceptions to 40 CFR 60.40 through 60.47:

- In place of 40 CFR 60.43(a)(2), the following language shall be substituted: 340 nanograms per joule heat input (0.8 pounds per million Btu) derived from solid fossil fuel or solid fossil fuel and wood residue.
- Delete 40 CFR 60.43(b).
- If an owner or operator of a fossil-fuel fired steam generator obtained an installation permit for two or more fuel-burning equipment or steam-power generating installations before May 14, 1979, that permitted the installation to comply with the sulfur dioxide emission standards specified in R18-2-901 and this Section as if the equipment or installations were one emission discharge point:
 - The owner or operator shall comply with the applicable sulfur dioxide emission standards in the manner specified in the installation permit;

- The Department shall incorporate the emission standards under subsection (3)(a) into each owner's or operator's operating permit as an enforceable permit condition;
 - No single fuel-burning equipment or steam-power generating installation shall emit sulfur dioxide in excess of:
 - 520 nanograms per joule heat input (1.2 pounds per million BTU) for solid fossil fuel or solid fossil fuel and wood residue; or
 - 340 nanograms per joule heat input (0.8 pounds per million BTU) for liquid fossil fuel or liquid fossil fuel and wood residue.
- 4.** When an owner or operator subject to subsection (3) changes the equipment configuration so that each fuel-burning equipment or steam-powered generating installation constitutes one emission discharge point:
- The owner or operator shall comply with the emissions standards specified in subsection (1) and R18-2-901; and
 - The Department shall incorporate the emissions standards into the owner's or operator's operating permit as enforceable permit conditions.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective May 28, 1982 (Supp. 82-3). Former Section R9-3-903 renumbered without change as Section R18-2-903 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1). New Section R18-2-903 renumbered from R18-2-803 and amended effective November 15, 1993 (Supp. 93-4). Amended by final rulemaking at 14 A.A.R. 230, effective March 8, 2008 (Supp. 08-1).

R18-2-904. Standards of Performance for Incinerators

- A.** Incinerators with a charging rate of more than 45 metric tons or 49.6 tons per day shall conform to the requirements of 40 CFR 60.50 through 60.54.
- B.** Incinerators with a charging rate of 45 metric tons or 49.6 tons per day or less that commence construction or modification after May 14, 1979, shall conform to the requirements of 40 CFR 60.52 through 60.54 and of R18-2-704(A).

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective May 28, 1982 (Supp. 82-3). Former Section R9-3-904 renumbered without change as Section R18-2-904 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1). New Section R18-2-904 renumbered from R18-2-804 and amended effective November 15, 1993 (Supp. 93-4).

R18-2-905. Standards of Performance for Storage Vessels for Petroleum Liquids

In addition to 40 CFR 60.110 - 60.113:

- Any petroleum liquid storage tank of less than 40,000 gallons (151,412 liters) capacity shall be equipped with a submerged filling device or acceptable equivalent as determined by the Director for the control of hydrocarbon emissions.
- All facilities for dock loading of petroleum products having a vapor pressure of 2.0 pounds per square inch absolute, or greater, at loading pressure shall provide for submerged filling or other acceptable equivalent for control of hydrocarbon emissions.
- All pumps and compressors which handle volatile organic compounds shall be equipped with mechanical

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

seals or other equipment of equal efficiency to prevent the release of organic contaminants into the atmosphere.

Historical Note

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective May 28, 1982 (Supp. 82-3). Former Section R9-3-905 renumbered without change as Section R18-2-905 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1). New Section R18-2-905 renumbered from R18-2-805 effective November 15, 1993 (Supp. 93-4).

R18-2-906. Repealed**Historical Note**

Adopted effective May 14, 1979 (Supp. 79-1). Amended effective May 28, 1982 (Supp. 82-3). Former Section R9-3-906 renumbered without change as Section R18-2-906 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1).

R18-2-907. Reserved**R18-2-908. Reserved****R18-2-909. Reserved****R18-2-910. Repealed****Historical Note**

Adopted effective August 9, 1985 (Supp. 85-4). Former Section R9-3-910 renumbered without change as Section R18-2-910 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1).

R18-2-911. Reserved**R18-2-912. Reserved****R18-2-913. Repealed****Historical Note**

Adopted effective August 9, 1985 (Supp. 85-4). Former Section R9-3-913 renumbered without change as Section R18-2-913 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1).

R18-2-914. Reserved**R18-2-915. Reserved****R18-2-916. Reserved****R18-2-917. Reserved****R18-2-918. Reserved****R18-2-919. Reserved****R18-2-920. Reserved****R18-2-921. Reserved****R18-2-922. Repealed****Historical Note**

Adopted effective August 9, 1985 (Supp. 85-4). Former Section R9-3-922 renumbered without change as Section R18-2-922 (Supp. 87-3). Repealed effective February 26, 1988 (Supp. 88-1).

ARTICLE 10. MOTOR VEHICLES; INSPECTIONS AND MAINTENANCE**R18-2-1001. Definitions**

The following definitions apply to this Article:

1. Abbreviations and symbols are defined as follows:
 - a. "A/F" means air/fuel,
 - b. "CO" means carbon monoxide.

- c. "CO₂" means carbon dioxide.
 - d. "EGR" means exhaust gas recirculation.
 - e. "GVWR" means gross vehicle weight rating.
 - f. "HC" means hydrocarbon.
 - g. "HP" means horsepower.
 - h. "LNG" means liquefied natural gas.
 - i. "LPG" means liquid petroleum gas.
 - j. "MIL" means malfunction indicator lamp.
 - k. "MPH" means miles per hour.
 - l. "MVD" means the Motor Vehicle Division of the Arizona Department of Transportation.
 - m. "NDIR" means nondispersive infrared.
 - n. "NO_x" means the sum of nitrogen oxide and nitrogen dioxide.
 - o. "%" means percent.
 - p. "OEM" means original equipment manufacturer.
 - q. "OBD" means on-board diagnostics.
 - r. "PCV" means positive crankcase ventilation.
 - s. "PPM" means parts per million by volume.
 - t. "RPM" means revolutions per minute.
 - u. "VIN" means vehicle identification number.
2. "All-terrain vehicle" (ATV) means a vehicle that is defined as an "all-terrain vehicle" in A.R.S. § 28-101.
 3. "Alternative fuel vehicle" means a vehicle powered by an alternative fuel as defined in A.R.S. § 1-215(4).
 4. "Annual test" means a test for which an annual frequency is specified in the applicable table in R18-2-1006(B).
 5. "Apportioned vehicle" means a vehicle that is subject to the proportional registration provisions of A.R.S. § 28-2233.
 6. "Area A" has the meaning in A.R.S. § 49-541.
 7. "Area B" has the meaning in A.R.S. § 49-541.
 8. "Biennial test" means a test for which a biennial frequency is specified in the applicable table in R18-2-1006(B).
 9. "Calibration gas" means a reference gas or gas mixture with assigned concentrations that is used to check the accuracy of emissions analyzers.
 10. "Certificate of compliance" means a uniquely numbered document issued as part of the vehicle inspection report by a state station at the time of a vehicle inspection indicating that the vehicle has met the emissions standards.
 11. "Certificate of exemption" means a uniquely numbered document issued by the Director providing an exemption from the testing requirements of this Article for a vehicle that is outside of the state on the emissions compliance expiration date.
 12. "Certificate of inspection" means a uniquely numbered document issued by the Director indicating that a vehicle has been inspected under A.R.S. § 49-546 and has passed inspection.
 13. "Certificate of waiver" means a uniquely numbered document issued by the Department indicating that the requirement of passing reinspection has been waived for a vehicle under A.R.S. § 49-542.
 14. "CFR" means the Code of Federal Regulations, with standard reference in this Chapter by Title and Part, so that "40 CFR 280" means Title 40 of the Code of Federal Regulations, Part 280.
 15. "Collectible vehicle" has the meaning in A.R.S. § 49-542(Z).
 16. "Constant 4-wheel drive vehicle" means any 4-wheel drive vehicle that cannot be converted to 2-wheel drive except by disconnecting one of the vehicle's drive shafts, or any vehicle equipped with non-disengageable traction

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- control which cannot be safely tested on conventional 2-wheel drive dynamometers.
17. "Constant volume sampler" means a system that dilutes engine exhaust to be sampled with ambient air so that the total combined flow rate of exhaust and dilution air mix is nearly constant for all engine operating conditions.
 18. "Contractor" means a person, business, firm, partnership, or corporation with whom the Director has a contract that provides for the operation of one or more official emissions inspection stations.
 19. "Dealer" means a person or organization licensed by the Arizona Department of Transportation as a new motor vehicle dealer or used motor vehicle dealer.
 20. "Department" means the Department of Environmental Quality.
 21. "Diagnostic Trouble Code" (DTC) means an alphanumeric code which is set in a vehicle's on-board diagnostic system when the OBD system detects an emissions control device or system failure.
 22. "Diesel" or "Diesel Fuel" has the same meaning as in A.R.S. § 3-3401.
 23. "Director" means the Director of the Department of Environmental Quality.
 24. "Director's certificate" means a uniquely numbered document issued by the Director in certain circumstances for the vehicle to show evidence of meeting the minimum standards for registration.
 25. "Electrically-powered vehicle" means a vehicle that uses electricity as the means of propulsion and does not require the combustion of fossil fuel within the confines of the vehicle to generate electricity.
 26. "Emissions compliance expiration date" means:
 - a. Each registration expiration date for a vehicle subject to an annual test; and
 - b. The registration expiration date in the second year after the initial biennial test required under this Article or R18-2-1005(B) for a vehicle subject to a biennial test.
 27. "Emissions inspection station permit" means a certificate issued by the Director authorizing the holder to perform vehicle emissions inspections under this Article.
 28. "Exhaust emissions" means products of combustion emitted into the atmosphere from any opening in the exhaust system downstream of the exhaust ports of a motor vehicle engine.
 29. "Exhaust pipe" means the pipe that attaches to the muffler and exits the vehicle.
 30. "Fleet emissions inspection station" or "fleet station" means any vehicle emissions inspection facility operated under a permit issued pursuant to A.R.S. § 49-546.
 31. "Fleet vehicle" means any vehicle owned, leased, or operated by an individual or entity granted a vehicle emissions testing license under A.R.S. § 49-546.
 32. "Fuel" means any material that is burned within the confines of a vehicle to propel the vehicle.
 33. "Fuel Cell Electric Vehicle" or "FCEV" means a zero-emission vehicle that runs on compressed hydrogen fed into a fuel cell stack that produces electricity to power the vehicle.
 34. "Golf cart" means a motor vehicle that is defined as a "golf cart" in A.R.S. § 28-101.
 35. "Government vehicle" means a registered motor vehicle exempt from the payment of a registration fee, or a federally owned or leased vehicle.
 36. "Gross vehicle weight rating" (GVWR) means the maximum vehicle weight that a vehicle is designed for as established by the manufacturer.
 37. "Idle test" means an exhaust emissions test conducted with the engine of the vehicle running at the manufacturer's idle speed \pm 100 RPM but without pressure exerted on the accelerator.
 38. "Inspection" means the mandatory vehicle emissions inspection including the tampering inspection.
 39. "Mass emissions measurement" means measurement of a vehicle's exhaust in mass units such as grams.
 40. "Maximum required repair cost" means the applicable maximum required repair cost under R18-2-1010(F) or (G) for a vehicle that has failed inspection.
 41. "Model year" means the date of manufacture of the original vehicle within the annual production period of the vehicle as designated by the manufacturer or, if a reconstructed vehicle, the first year of titling.
 42. "Motorcycle" means a vehicle that is defined as a "motorcycle" as in A.R.S. § 28-101.
 43. "New aftermarket catalytic converter" means a new catalytic converter manufactured as an OEM part that meets the standards under 40 CFR 86.
 44. "On-board diagnostics" or "OBD" means an on-board diagnostic system required by Section 202(m) of the Clean Air Act. For the purposes of the Article, OBD certification refers to United States Environmental Protection Agency OBD certification.
 45. "Opacity" means the degree of absorption of transmitted light.
 46. "Reconditioned OEM catalytic converter" means a catalytic converter remanufactured, as a non-OEM part, with new catalytic material housed in the original catalyst casing.
 47. "Recognized repair facility" means a business with an Arizona Department of Revenue transaction privilege tax license pursuant to Title 15, Chapter 5 of the Arizona Revised Statutes whose primary purpose is vehicle repair, and who has at least one employee with a nationally recognized certification for emissions-related diagnosis and repair.
 48. "Reconstructed vehicle" means a vehicle that has been assembled or constructed largely by means of essential parts, new or used, derived from vehicles or makes of vehicles of various names, models and types or that, if originally otherwise constructed, has been materially altered by the removal of essential parts or by the addition or substitution of essential parts, new or used, derived from other vehicles or makes of vehicles. For the purposes of this paragraph, "essential parts" means integral and body parts, the removal, alteration or substitution of which will tend to conceal the identity or substantially alter the appearance of the vehicle.
 49. "Specially constructed vehicle" means any vehicle not originally constructed under a distinctive name, make, model, or type by a generally recognized manufacturer of vehicles.
 50. "State inspector" means an employee of the Department designated to perform quality assurance or waiver functions under this Article.
 51. "State station" means a facility, other than a fleet emissions inspection station, established for the purpose of conducting inspections under A.R.S. § 49-542.
 52. "Tampering" means removing, defeating, or altering an emissions control device that was installed on a vehicle at the time the vehicle was manufactured.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

53. "Two-stroke vehicle" means a vehicle equipped with an engine that requires one revolution of the crankshaft for each power stroke.
54. "Vehicle" or "Motor Vehicle" means any automobile, truck, truck tractor, motor bus, or self-propelled or motor-driven vehicle registered or to be registered in this state and used upon the public highways of this state for the purpose of transporting persons or property, except implements of husbandry, roadrollers, or road machinery temporarily operated upon the highway.
55. "Vehicle emissions inspector" means an individual who is licensed by the Director to perform vehicle emissions inspections under this Article.
56. "Waiver inspector" means an employee of the contractor or the Department who is authorized to issue waivers under R18-2-1008.
57. "Zero Emissions Vehicle" means a battery electric vehicle that runs on electricity stored in the batteries and has only an electric motor rather than an internal combustion engine, or a fuel cell electric vehicle that produces no emissions from the on-board source of power.

Historical Note

Former Section R9-3-1001 repealed, new Section R9-3-1001 adopted effective January 13, 1976 (Supp. 76-1). Former Section R9-3-1001 repealed, former Section R9-3-1002 renumbered and amended as Section R9-3-1001 effective January 1, 1986 (Supp. 85-6). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Former Section R9-3-1001 renumbered as Section R18-2-1001 and amended effective August 1, 1988 (Supp. 88-3). Amended effective September 19, 1990 (Supp. 90-3). Amended effective November 14, 1994 (Supp. 94-4). Amended by final rulemaking at 6 A.A.R. 382, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 8 A.A.R. 90, effective January 1, 2002 (Supp. 01-4). Amended by final rulemaking at 25 A.A.R. 485, effective June 1, 2019 (Supp. 19-1).

R18-2-1002. Applicable Implementation Plan

- A. Substantive revisions to the rules in this article that are included in the Arizona State Clean Air Act Implementation Plan cannot become effective until approved by the Administrator of the United States Environmental Protection Agency. Amendments adopted by the Department but not yet approved as of the date of the latest amendments are therefore identified in this Article as not applying until the Administrator approves them.
- B. The Administrator's approvals of revisions to an applicable implementation plan are published as final rules in the Federal Register, which is available online at <http://www.gpo.gov/fdsys/browse/collection.action?collectionCode=FR>. The Department publishes a list of Article 10 provisions approved since the last revisions to the Article at: <http://azdeq.gov/VECS/Rulemaking>.

Historical Note

New Section made by final rulemaking at 25 A.A.R. 485, effective June 1, 2019 (Supp. 19-1).

R18-2-1003. Vehicles to be Inspected by the Mandatory Vehicle Emissions Inspection Program

- A. The following vehicles shall be inspected according to this Article:
 1. A vehicle to be registered within Area A or Area B. For the purposes of this Article, registration within Area A or Area B shall be determined by the vehicle owner's per-

manent and actual residence. The permanent address in the MVD database shall be presumed to be the owner's permanent and actual residence. A post office box address listed on a title or registration document under A.R.S. § 28-2051(C) is not evidence of the owner's permanent and actual residence;

2. Each vehicle delivered to a retail purchaser by a dealer licensed to sell used motor vehicles under A.R.S. Title 28 and whose place of business is located in Area A or Area B;
 3. Each vehicle registered outside Area A and Area B but used to commute to the driver's principal place of employment located within Area A or Area B;
 4. Each vehicle owned by a person who is subject to A.R.S. §§ 15-1444(C) or 15-1627(G); and
 5. An Area A or Area B vehicle owned or operated by the United States, this state, or a political subdivision of this state without regard to whether those vehicles are required to be registered in this state.
- B. The following vehicles are exempt from the inspection requirements of this Article:
1. A vehicle manufactured in or before the 1966 model year;
 2. A vehicle leased to a person residing outside Area A and Area B by a leasing company whose place of business is in Area A or Area B, except as provided in subsection (A)(3);
 3. A vehicle sold between motor vehicle dealers;
 4. A zero-emissions vehicle;
 5. An apportioned vehicle;
 6. A golf cart;
 7. A vehicle with an engine displacement of less than 90 cubic centimeters;
 8. A vehicle registered at the time of change of name of ownership if an emissions test is current and valid, except when the change results from the sale by a dealership whose place of business is located in Area A or Area B;
 9. A vehicle for which a current certificate of exemption or Director's certificate is issued;
 10. A new vehicle before the sixth registration year after initial purchase or lease; except that:
 - a. A reconstructed vehicle or specially constructed vehicle is not exempt.
 - b. A vehicle converted to operate on an alternative fuel, as defined in A.R.S. § 1-215, is not exempt.
 - c. A vehicle failing an emissions inspection the owner chooses to have under A.R.S. § 49-543 is not exempt for the current registration year.
 11. A vehicle designed to operate exclusively on hydrogen, as defined in A.R.S. § 1-215;
 12. A collectible vehicle;
 13. A motorcycle;
 14. An all-terrain vehicle (ATV);
 15. These exemptions apply after the Administrator approves this subsection, (B)(15), into the applicable implementation plan:
 - a. Cranes and oversized vehicles that require permits pursuant to A.R.S. §§ 28-1100, 28-1103, and 28-1144;
 - b. A vehicle not in use and owned by a resident of this state while on active military duty outside of this state.
- C. Government vehicles operated in Area A or Area B and not exempted by this Article shall be emissions inspected according to R18-2-1017.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Historical Note

Former Section R9-3-1003 repealed, new Section R9-3-1003 adopted effective January 13, 1976; Amended as an emergency effective January 19, 1976 (Supp. 76-1). Amended effective January 3, 1977 (Supp. 77-1). Amended effective January 3, 1979 (Supp. 79-1). Amended as an emergency effective January 2, 1981, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 81-1). Former Section R9-3-1003 as amended effective January 3, 1979 and amended as an emergency effective January 2, 1981 now amended effective April 15, 1981 (Supp. 81-2). Amended effective January 1, 1986 (Supp. 85-6). Amended subsection (A) effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Former Section R9-3-1003 renumbered as Section R18-2-1003 and amended effective August 1, 1988 (Supp. 88-3). Amended effective September 19, 1990 (Supp. 90-3). Amended effective November 14, 1994 (Supp. 94-4). Amended effective October 15, 1998 (Supp. 98-4). Amended by final rulemaking at 6 A.A.R. 382, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 6 A.A.R. 2722, effective June 28, 2000 (Supp. 00-2). Amended by final rulemaking at 8 A.A.R. 90, effective January 1, 2002 (Supp. 01-4). Amended by final rulemaking at 25 A.A.R. 485, effective June 1, 2019 (Supp. 19-1).

R18-2-1004. Repealed**Historical Note**

Former Section R9-3-1004 repealed, new Section R9-3-1004 adopted effective January 13, 1976 (Supp. 76-1). Amended effective January 3, 1977 (Supp. 77-1). Former Section R9-3-1004 renumbered as Section R18-2-1004 and amended effective August 1, 1988 (Supp. 88-3). Section repealed by final rulemaking at 6 A.A.R. 382, effective December 20, 1999 (Supp. 99-4).

R18-2-1005. Time of Inspection

- A.** All Area A and Area B vehicles subject to an annual test shall be inspected at the following times:
1. For a non-fleet vehicle, within 90 days before each registration expiration date.
 2. For a fleet vehicle inspected at a licensed fleet station, at least once within each 12 month period following any initial registration.
 3. For a government vehicle:
 - a. For a vehicle not exempt under R18-2-1003(B)(10), within 12 months after acquisition by the operating entity and then annually on or before the anniversary date of the previous inspection;
 - b. For a vehicle exempt under R18-2-1003(B)(10), within 90 days after the vehicle becomes subject to testing, and then annually on or before the anniversary date of the previous inspection; and
 - c. A government vehicle is subject to testing on the anniversary of its date of acquisition.
 4. For a vehicle registered outside Area A and Area B and used to commute to the driver's principal place of work located in Area A or Area B, upon vehicle registration and annually thereafter.
 5. For a vehicle owned by a person subject to A.R.S. §§ 15-1444(D) or 15-1627(G), within 30 calendar days following the date of initial registration at the institution located in Area A or Area B and annually thereafter.
- B.** All Area A and Area B vehicles subject to a biennial test shall be inspected at the following times:

1. For a non-fleet vehicle, within 90 days before the vehicle's emissions compliance expiration date.
 2. For a fleet vehicle inspected at a fleet station, at least once within each successive 24 month period following initial registration.
 3. For a government vehicle:
 - a. For a vehicle not exempt under R18-2-1003(B)(10), within 12 months after acquisition by the operating entity, and biennially thereafter, on or before the anniversary date of the previous inspection; or
 - b. For a vehicle exempt under R18-2-1003(B)(10), within 90 days after the vehicle becomes subject to testing, and biennially thereafter, on or before the anniversary date of the previous inspection.
 4. For a vehicle registered outside Area A or Area B but used to commute to the driver's principal place of employment located in Area A or Area B, upon vehicle registration and biennially thereafter.
 5. For a vehicle owned by a person subject to A.R.S. §§ 15-1444(D) or 15-1627(G), within 30 days following the date of initial registration at the institution located in Area A or Area B and biennially thereafter.
- C.** All vehicles sold by a dealer licensed to sell used motor vehicles under A.R.S. Title 28, whose place of business is located in Area A or Area B, shall pass the applicable emissions test prescribed by R18-2-1006 before delivery of the vehicle to a retail purchaser.
- D.** An Area B vehicle being registered in Area A is subject to the appropriate annual or biennial test from Area A before registration even if the Area A test, or test period, is different from the test required for the same vehicle in Area B.
- E.** Nothing in this Section shall be construed to waive a late registration fee because of failure to meet inspection requirements by the registration deadline, except that a motor vehicle that fails the initial or subsequent test shall not be subject to a penalty fee for late registration renewal if:
1. The initial test is accomplished before the emissions compliance expiration date; and
 2. The registration renewal is received by MVD within 30 days of the initial test.
- F.** An owner of a vehicle may submit the vehicle for emissions inspection more than 90 days before the emissions compliance expiration date but the inspection does not satisfy the registration testing requirement under R18-2-1003.

Historical Note

Former Section R9-3-1005 repealed, new Section R9-3-1005 adopted effective January 31, 1976 (Supp. 76-1). Amended effective January 3, 1977 (Supp. 77-1). Amended effective March 2, 1978 (Supp. 78-2). Amended effective January 3, 1979 (Supp. 79-1). Amended effective February 20, 1980 (Supp. 80-1). Amended as an emergency effective January 2, 1981 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 81-2). Former Section R9-3-1005 as amended effective February 20, 1980 and amended as an emergency effective January 2, 1981, now amended effective April 15, 1981 (Supp. 81-2). Amended effective January 1, 1986 (Supp. 85-6). Amended effective January 1, 1987, filed December 31, 1986 (Supp. 86-6). Former Section R9-3-1005 renumbered as Section R18-2-1005 and subsections (A) and (C) amended effective August 1, 1988 (Supp. 88-3). Amended effective September 19, 1990 (Supp. 90-3). Amended effective November 14, 1994 (Supp. 94-4). Amended by final rulemaking at 6 A.A.R. 382, effective December 20, 1999 (Supp. 99-4). Amended by final rulemaking at 8 A.A.R. 90, effective January 1, 2002

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

(Supp. 01-4). Amended by final rulemaking at 25 A.A.R. 485, effective June 1, 2019 (Supp. 19-1).

R18-2-1006. Emissions Test Procedures

- A.** This Section establishes the testing requirements for vehicles in the State of Arizona. Subsection (B) identifies which tests apply to a particular type and model year of vehicle. Subsection (C) establishes the procedures and criteria for, passing, failing, or being rejected from each test.
- B.** Test applicability.
1. Area A and Area B non-diesel. The following general requirements govern test applicability for non-diesel vehicles in both Area A and Area B:
 - a. A rotary engine shall be inspected as a 4-stroke engine with four cylinders or less.
 - b. For a vehicle in which an engine has been replaced:
 - i. A vehicle owner shall not install a heavy-duty engine in a light-duty chassis.
 - ii. A vehicle owner shall not install a light-duty engine in a heavy-duty chassis.
 - iii. The replacement engine package shall include all emissions control equipment and devices

that were required by the manufacturer for an engine-chassis certification. All emissions control equipment and devices shall be properly installed and in operating condition, and the resulting engine-chassis configuration shall be equivalent to a verified configuration of the same, or newer, model year as that of the vehicle chassis.

- iv. The Department shall inspect the vehicle according to the model year of the vehicle chassis.
2. Area A Non-Diesel. Non-diesel vehicles in Area A are subject to the test procedures identified in this subsection:
 - a. Vehicles other than alternative fuel vehicles operated by a school district in Area A, heavy duty alternative fuel vehicles, reconstructed vehicles, and constant 4-wheel-drive vehicles that are not equipped with OBD, are subject to the following test procedures until the Administrator approves subsection (B)(2)(a)(i) into the applicable implementation plan:

Area A Non-Diesel Testing Procedures Until SIP Revision is Approved				
Model Year	GVWR	Test Frequency	Tests Applicable	Test Subsection
1996 or later	8,500 pounds or less	Biennial	OBD Functional gas cap Tampering	C.4 C.16 C.17
1981 through 1995	8,500 pounds or less	Biennial	Transient loaded and evaporative system pressure Functional gas cap Tampering	C.5 C.16 C.17
1975 through 1980	8,500 pounds or less	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1975 or later	More than 8,500 pounds	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1967 through 1974	Any	Annual	Loaded test Functional gas cap	C.6 C.16

- i. Test procedures that apply after the Administrator approves this subsection, (B)(2)(a)(i), into the applicable implementation plan:

Area A Non-Diesel Testing Procedures After SIP Revision is Approved					
Model Year	GVWR	OBD Certified?	Test Frequency	Tests Applicable	Test Subsection
1996 or Later	Any	Yes	Biennial	OBD Functional gas cap Tampering	C.4 C.16 C.17
1981 or later	8,500 pounds or less	No	Biennial	Transient loaded and evaporative system pressure Functional gas cap Tampering	C.5 C.16 C.17
1975 through 1980	8,500 pounds or less	No	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1975 or later	More than 8,500 pounds	No	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1967 through 1974	Any	No	Annual	Loaded test Functional gas cap	C.6 C.16

- b. Alternative fuel vehicles operated by a school district in Area A are subject to the following testing procedures until the Administrator approves subsection (B)(2)(b)(i) into the applicable implementation

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

plan. After subsection (B)(2)(b)(i) has been approved into the applicable implementation plan,

alternative fuel vehicles operated by a school district in Area A will be subject to subsection (B)(2)(b)(i).

Area A Alt. Fuel Vehicles Operated by a School District Testing Procedures Until SIP Revision is Approved				
Model Year	OBD Certified?	Test Frequency	Tests Applicable	Test Subsection
1975 or later	No	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1967 through 1974	No	Annual	Loaded test Functional gas cap	C.8 C.16

- i. Test procedures that apply after the Administrator approves this subsection, (B)(2)(b)(i), into the applicable implementation plan.

Area A Alt. Fuel Vehicles Operated by a School District Testing Procedures After SIP Revision is Approved				
Model Year	OBD Certified?	Test Frequency	Tests Applicable	Test Subsection
Any	Yes	Biennial	OBD Functional gas cap Tampering	C.4 C.16 C.17
1975 or later	No	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1967 through 1974	No	Annual	Loaded test Functional gas cap	C.6 C.16

- c. Heavy duty alternative fuel vehicles in Area A that are not owned by a school district are subject to the following testing procedures.

Model Year	GVWR	OBD Certified?	Test Frequency	Tests Applicable	Test Subsection
Any	More than 14,500 pounds	Yes	Biennial	OBD Functional gas cap Tampering	C.4 C.16 C.17
1975 or later	More than 14,500 pounds	No	Annual	Idle test Functional gas cap Tampering	C.8 C.16 C.17
1967 through 1974	More than 14,500 pounds	No	Annual	Idle test Functional gas cap	C.8 C.16

3. Area B Non-Diesel. Non-diesel vehicles in Area B are subject to the test procedures identified in this subsection:
- a. Vehicles other than reconstructed vehicles and constant 4-wheel-drive vehicles that are not

equipped with OBD shall be subject to the following test procedures until the Administrator approves subsection (B)(2)(a)(i) into the applicable implementation plan:

Area B Non-Diesel Testing Procedures Until SIP Revision is Approved				
Model Year	GVWR	Test Frequency	Tests Applicable	Test Subsection
1996 or later	8,500 pounds or less	Annual	OBD Functional gas cap Tampering	C.4 C.16 C.17
1981 through 1995	8,500 pounds or less	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1975 through 1980	8,500 pounds or less	Annual	Idle test Functional gas cap Tampering	C.8 C.16 C.17
1975 or later	More than 8,500 pounds	Annual	Idle test Functional gas cap Tampering	C.8 C.16 C.17
1967 through 1974	Any	Annual	Idle test Functional gas cap	C.8 C.16

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- i. Test procedures that apply after the Administrator approves this subsection (B)(2)(a)(i) into the applicable implementation plan:

Area B Non-Diesel Testing Procedures After SIP Revision is Approved					
Model Year	GVWR	OBD Certified?	Test Frequency	Tests Applicable	Test Subsection
Any	Any	Yes	Biennial	OBD Functional gas cap Tampering	C.4 C.16 C.17
1981 or later	8,500 pounds or less	No	Annual	Loaded test Functional gas cap Tampering	C.6 C.16 C.17
1975 through 1980	8,500 pounds or less	No	Annual	Loaded Test Functional gas cap Tampering	C.6 C.16 C.17
1975 or later	More than 8,500 pounds	No	Annual	Idle test Functional gas cap Tampering	C.8 C.16 C.17
1967 through 1974	Any	No	Annual	Idle test Functional gas cap	C.9 C.16

4. Reconstructed non-diesel vehicles. Reconstructed non-diesel vehicles in both Area A and Area B are subject to the tests specified in the following table:

Model Year	Test Frequency	Tests Applicable	Test Subsection
1967 or later	Annual	Loaded test Visual gas cap	C.6 C.18

5. Constant 4-wheel-drive vehicles. Constant 4-wheel-drive vehicles in both Area A and Area B that are not equipped with OBD are subject to the tests specified in the following table:

Model Year	Test Frequency	Tests Applicable	Test Subsection
1975 or later	Annual	Idle Test Functional gas cap Tampering	C.8 C.16 C.17
1967 through 1974	Annual	Idle Test Functional gas cap	C.8 C.16

6. Area A Diesel. Diesel vehicles that require inspection in Area A are subject to the test procedures specified in this subsection until the Administrator approves subsection (B)(8) into the applicable implementation plan:

Area A Diesel Testing Procedures Until SIP Revision is Approved					
GVWR	OBD Certified?	Model Year	Test Frequency	Tests Applicable	Test Subsection
8,500 and less	Yes	Any	Annual	OBD Tampering	C.4 C.17
More than 8,500 pounds	No	1975 or later	Annual	Snap idle Tampering	C.10 C.17
More than 8,500 pounds	No	1967 through 1974	Annual	Snap idle	C.10
More than 4,000 and less than or equal to 8,500 pounds	No	1975 or later	Annual	Loaded opacity B Tampering	C.12 C.17
More than 4,000 and less than or equal to 8,500 pounds	No	1967 through 1974	Annual	Loaded opacity B	C.12
4,000 pounds or less	No	1975 or later	Annual	Loaded opacity C Tampering	C.13 C.17
4,000 pounds or less	No	1967 through 1974	Annual	Loaded opacity C	C.13

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

7. Area B Diesel. Diesel vehicles that require inspection in Area B are subject to the test procedures specified in this subsection until the Administrator approves subsection (B)(8) into the applicable implementation plan:

Area B Diesel Testing Procedures Until SIP Revision is Approved				
GVWR	Model Year	Test Frequency	Tests Applicable	Test Subsection
More than 26,000 pounds	1975 or later	Annual	Loaded opacity A Tampering	C.12 C.18
More than 26,000 pounds	1967 through 1974	Annual	Loaded opacity A	C.12
More than 10,500 and less than or equal to 26,000 pounds	1975 or later	Annual	Any of the following: Loaded opacity A Loaded opacity B Tampering	C.12 C.13 C.18
More than 10,500 and less than or equal to 26,000 pounds	1967 through 1974	Annual	Any of the following: Loaded opacity A Loaded opacity B	C.12 C.13
More than 4,000 and less than or equal to 10,500	1975 or later	Annual	Loaded opacity B Tampering	C.13 C.18
More than 4,000 and less than or equal to 10,500	1967 through 1974	Annual	Loaded opacity B	C.13
4,000 pounds or less	1975 or later	Annual	Loaded opacity C Tampering	C.14 C.18
4,000 pounds or less	1967 through 1974	Annual	Loaded opacity C	C.14

8. Test procedures that apply for diesel vehicles in both Area A and Area B after the Administrator approves this subsection (B)(8) into the applicable implementation plan:

Area A and Area B Diesel Testing Procedures After SIP Revision is Approved					
GVWR	OBD Certified?	Model Year	Test Frequency	Tests Applicable	Test Subsection
Any	Yes	Any	Biennial	OBD Tampering	C.4 C.17
More than 8,500 pounds	No	1975 or later	Annual	Snap idle Tampering	C.10 C.17
More than 8,500 pounds	No	1967 through 1974	Annual	Snap idle	C.10
More than 4,000 and less than or equal to 8,500 pounds	No	1975 or later	Annual	Loaded opacity B Tampering	C.12 C.17
More than 4,000 and less than or equal to 8,500 pounds	No	1967 through 1974	Annual	Loaded opacity B	C.12
4,000 pounds or less	No	1975 or later	Annual	Loaded opacity C Tampering	C.13 C.17
4,000 pounds or less	No	1967 through 1974	Annual	Loaded opacity C	C.13

9. Dealer Fleet Testing Procedures. The test procedures in the table in this Section apply until the administrator approves subsections (B)(2)(a)(i), (B)(3)(a)(i), and (B)(8) into the applicable implementation plan for used vehicles sold by a motor vehicle dealer who is a fleet operator and who has been issued a permit pursuant to A.R.S. § 49-546. After those sections are approved into the applicable implementation plan, used vehicles sold by a motor vehicle dealer who is a fleet operator and who has been issued a permit pursuant to A.R.S. § 49-546 will be subject to the same testing procedures as vehicles tested at state stations and the table in this Section will no longer be applicable.

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

Area A and Area B Dealer Fleet Testing Procedures Until SIP Revision is Approved			
Model Year	Test Frequency	Tests Applicable	Test Subsection
1981 or later	Annual	Two speed idle test Functional gas cap Tampering	C.6 C.16 C.17
1975 through 1980	Annual	Idle Test Functional gas cap Tampering	C.7 C.16 C.17
1967 through 1974	Annual	Idle Test Functional gas cap	C.8 C.16

C. Test Requirements

1. Conditions for Pass. A vehicle passes inspection if the vehicle:
 - a. Is subjected to all applicable tests required by Subsection (B);
 - b. Is not rejected from any of the tests for any of the reasons specified in (C)(2) or (C)(3) of this subsection; and
 - c. Does not fail any of the applicable tests for any of the reasons specified in this subsection.
2. Pre-Test Safety Inspection
 - a. The Department shall inspect each vehicle visually before the emissions test for any of the following unsafe or untestable conditions:
 - i. A fuel leak that causes wetness or pooling of fuel;
 - ii. A continuous engine or transmission oil leak onto the floor;
 - iii. A continuous engine coolant leak onto the floor such that the engine is overheating or may overheat within a short time;
 - iv. A tire on a driving wheel with less than 2/32-inch tread, metal protuberances, unmatched tire size, obviously low tire pressure as determined by visual inspection;
 - v. An exhaust pipe that does not allow for safe exhaust probe insertion;
 - vi. An exhaust pipe on a diesel-powered vehicle that does not allow for safe exhaust probe insertion and attachment of opacity meter sensor units;
 - vii. Improperly operating brakes;
 - viii. Any vehicle modification or mechanical condition that prevents dynamometer operation;
 - ix. Loud internal engine noise;
 - x. An obvious exhaust leak;
 - xi. Towing a trailer or carrying a heavy load;
 - xii. Carrying explosives or any hazardous material not used as a fuel for the vehicle; or
 - xiii. Any other condition that in the judgment of the inspector makes testing unsafe or the vehicle untestable.
 - b. If the inspector determines that a vehicle is unsafe or otherwise untestable by the visual inspection the following shall apply:
 - i. The vehicle shall be rejected without an emissions test;
 - ii. The inspector shall notify the vehicle owner or operator of all untestable or unsafe conditions found;
 - iii. A state station shall not charge a fee; and
 - iv. A state station shall not test the vehicle until the cause for rejection is repaired.

3. Test Operating Conditions. When conducting the emissions test required by this Section, the vehicle emissions inspector shall ensure that all of the following requirements are satisfied:
 - a. The vehicle shall be tested in the condition presented, unless rejected under 18-2-1006(C)(2);
 - b. The vehicle's engine shall be operating at normal temperature and not be overheating as indicated by a gauge, warning light, or boiling radiator; and
 - c. All vehicle accessories shall be turned off during testing.
4. OBD Test.
 - a. Test Procedure. The OBD test shall consist of:
 - i. A visual inspection of the MIL function; and
 - ii. An electronic examination of the OBD computer by connecting a scan tool to the data link connector and interrogating the OBD system to determine vehicle readiness status, MIL status, and the presence of diagnostic trouble codes.
 - b. Equipment Specifications. The OBD equipment shall conform to the requirements of "Performing Onboard Diagnostic System Checks as Part of a Vehicle Inspection and Maintenance Program," EPA420-R-01-015, EPA, June 2001 (and no future editions or amendments), which is incorporated by reference. A copy of this incorporated material is on file with the Department, the Secretary of State, and is available online at <http://azdeq.gov/VECS/Rulemaking>.
 - c. OBD scan tools shall have the most recent available software downloaded and installed before inspection.
 - d. Test Rejection. A vehicle shall be rejected from an OBD test if any of the following conditions occurs:
 - i. The number of unset readiness indicators, excluding continuous indicators, is three or more for a model year 1996-2000 vehicle, or two or more for a model year 2001 and newer vehicle;
 - ii. The data link connector cannot be located or is inaccessible;
 - iii. The data link connector is loose and the scan tool cannot be inserted into the connector;
 - iv. The data link connector has no voltage; or
 - v. The eVIN and monitors are mismatched.
 - e. Test Failure. A vehicle fails the OBD test if any of the following conditions occurs:
 - i. The vehicle's MIL does not illuminate when the ignition is on and the engine is off;
 - ii. The vehicle's MIL illuminates continuously or flashes with the engine running;
 - iii. The OBD system is not communicating;
 - iv. The vehicle's OBD system reports the MIL as commanded on;

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- v. The vehicle's OBD system data is inappropriate for the vehicle being tested; or
 - vi. The vehicle's OBD system data does not match the original equipment manufacturer (OEM) or a Department exempted OBD software configuration.
5. Transient Loaded and Evaporative System Pressure Test.
- a. Transient Loaded Test Procedure.
 - i. The transient loaded test shall consist of 147 seconds of mass emissions measurement using a constant volume sampler while the vehicle is driven by an inspector through a computer-monitored driving cycle on a dynamometer with inertial weight settings appropriate for the weight of the vehicle.
 - ii. The driving cycle shall include the acceleration, deceleration, and idle operating modes described in Table 4.
 - iii. The 147-second sequence may be ended earlier using a fast-pass or fast-fail algorithm.
 - iv. A retest algorithm shall be used to determine if a test failure is due to insufficient vehicle preconditioning. As determined by the retest algorithm, an additional test may be performed on a failing vehicle.
 - v. The highest selectable drive gear shall be used for automatic transmissions and first gear shall be used for manual transmission acceleration from idle.
 - vi. Exhaust emissions concentrations in grams per mile for HC, CO, NO_x and CO₂ shall be recorded continuously beginning with the first second.
 - vii. All testing and test equipment for the transient loaded emissions test shall conform to "IM240 & Evap Technical Guidance," EPA420-R-00-007, EPA, April 2000, and no future editions or amendments, which is incorporated by reference, except that the transient driving cycle in Table 4, the standards in Table 4, and the fast-pass, fast-fail retest algorithms described in subsection (C)(5)(a) shall be used. A copy of the incorporated material is on file with the Department, the Secretary of State, and is available online at <http://azdeq.gov/VECS/Rulemaking>.
 - viii. In determining compliance under subsection (C)(5)(d) for a vehicle that operates on natural gas, HC emissions shall be multiplied by 0.19, when an analyzer with a flame ionization detector is used or 0.61, when an NDIR analyzer is used.
 - b. Evaporative System Pressure Test Procedure. The evaporative system pressure test shall consist of the following steps in sequence:
 - i. Connect the test equipment to either the fuel tank vent hose at the canister or the fuel tank filler neck;
 - ii. Pressurize the system to 14 ± 0.5 inches of water without exceeding 26 inches of water system pressure; and
 - iii. Close off the pressure source, seal the evaporative system, and monitor pressure decay for two minutes unless a failure is detected or a fast-pass determination is made as defined in EPA420-R-00-007, which is incorporated by reference in subsection (C)(5)(a)(vii) of this rule.
 - c. Test Rejection. A vehicle shall be rejected from the transient loaded and evaporative system pressure test if it has an audible or visible exhaust leak during emissions testing, or if the vehicle displays unsafe behavior on the dynamometer during testing.
 - d. Transient Loaded Test Failure. A vehicle fails the transient loaded test if emissions measured during the test exceed the Table 3 standard applicable to the model year and type of the vehicle being tested as follows:
 - i. The average emissions measured for the entire test exceed the "composite standard" for any pollutant; or
 - ii. The average emissions measured during seconds 65 through 146 exceed the "phase-2" standard for any pollutant.
 - e. Evaporative System Pressure Test Failure. A vehicle fails the evaporative system pressure test if any of the following conditions occurs:
 - i. The evaporative system cannot maintain a system pressure above eight inches of water for two minutes after being pressurized to 14 ± 0.5 inches of water;
 - ii. The canister is missing or damaged; or
 - iii. The hose or electrical system is missing, routed incorrectly, or disconnected, according to the vehicle emissions control information label.
 - f. Test Failure. A vehicle fails the transient loaded and evaporative system pressure test if it fails the test under either subsection R10-2-1006(C)(5)(d) or R10-2-1006(C)(5)(e).
6. Loaded Test.
- a. Loaded Cruise Test Procedure. The vehicle's drive wheels shall be placed on a dynamometer and the vehicle shall be operated according to the Table 1 of this Article.
 - b. Besides the Arizona specific dynamometer test schedule, loaded tests shall conform to the procedures listed at 40 CFR 51, Subpart S, Appendix B, Section III, amended as of July 1st, 2017, which is incorporated by reference and on file with the Department, the Secretary of State, and is available online at <http://azdeq.gov/VECS/Rulemaking>.
 - c. Loaded Test Equipment Specifications.
 - i. The equipment used in Area A state stations for loaded cruise and curb idle testing shall conform to "IM240 & Evap Technical Guidance," EPA420-R-00-007, EPA, April 2000, and no future editions or amendments, which is incorporated by reference in subsection (C)(5)(a)(vii) of this rule.
 - ii. The equipment used in Area B state stations and all Arizona fleet emission testing stations for the loaded test shall comply with 40 CFR 51, Subpart S, Appendix A, Section I, amended as of July 1, 2017, which is incorporated by reference and on file with the Department, the Secretary of State, and is available online at <http://azdeq.gov/VECS/Rulemaking>.
 - d. In determining whether a vehicle that operates on natural gas complies with the HC emissions standards in Table 2 of this Article, the results of the test shall be multiplied by 0.19, when an analyzer with a

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- flame ionization detector is used or 0.61, when an NDIR analyzer is used.
- e. Test Rejection. A vehicle shall be rejected from a loaded cruise and curb idle test, if the CO₂ plus CO reading during the curb idle test is less than 6%.
 - f. Test Failure. A vehicle fails the loaded cruise and curb idle test if tailpipe emissions measured by the test exceed the applicable standards in Table 2 for loaded cruise mode or curb idle mode for the type and model year of the vehicle being tested.
7. Two Speed Idle Test
 - a. All two speed idle testing shall conform to the procedures listed at 40 CFR 51, Subpart S, Appendix B, Section II, amended as of July 1, 2017, and no future editions or amendments, which is incorporated by reference and on file with the Department, the Secretary of State, and is available online at <http://azdeq.gov/VECS/Rulemaking>.
 - b. All equipment used for two speed idle testing shall conform with the requirements of 40 CFR 51, Subpart S, Appendix A, Section I, amended as of July 1, 2017, and no future editions or amendments, which is incorporated by reference and on file with the Department.
 - c. Test Failure. A vehicle fails the two speed idle test if tailpipe emissions measured by the test exceed the applicable standards in Table 2 for the type and model year of the vehicle being tested.
 8. Idle Test
 - a. All idle testing shall conform to the procedures listed at 40 CFR 51, Subpart S, Appendix B, Section I, amended as of July 1, 2017, and no future editions or amendments, which is incorporated by reference and on file with the Department, the Secretary of State, and is available online at <http://azdeq.gov/VECS/Rulemaking>.
 - b. All equipment used for two speed idle testing shall conform with the requirements of 40 CFR 51, Subpart S, Appendix B, Section I, amended as of July 1, 2017, and no future editions or amendments, which is incorporated by reference and on file with the Department.
 - c. Test Failure. A vehicle fails the idle test if tailpipe emissions measured by the test exceed the applicable standards in Table 2 for the type and model year of the vehicle being tested.
 9. Exhaust Sampling Requirements for Annual Tests on Non-Diesel Vehicles.
 - a. All CO and HC emissions analyzers shall have water traps incorporated in the sampling lines. Sampling probes shall be capable of taking undiluted exhaust samples from a vehicle exhaust system.
 - b. A vehicle, other than a diesel-powered vehicle, shall be inspected with a gas analyzer capable of determining concentrations of CO and HC within the ranges and tolerances specified in Table 5.
 - c. A vehicle with multiple exhaust pipes shall be inspected by collecting and averaging samples by one of the following methods:
 - i. Collecting separate samples from each exhaust pipe and use the average concentration to determine the test result;
 - ii. Using manifold exhaust probes to simultaneously sample approximately equal volumes from each exhaust pipe; or
 - iii. Using manifold exhaust pipe adapters to collect approximately equal volume samples from each exhaust pipe.
 10. Snap Idle Test.
 - a. Snap Idle Test Procedure.
 - i. The Department shall test the vehicle with a procedure that conforms to Society of Automotive Engineers Recommended Practice J1667, February 1996, incorporated by reference and on file with the Department, the Secretary of State and is available online at <http://azdeq.gov/VECS/Rulemaking>. This incorporation by reference contains no future editions or amendments.
 - ii. All testing and test equipment shall conform to the J1667 Recommended Practice.
 - iii. The procedure shall use the corrections for ambient test conditions in Appendix B of the J1667 Recommended Practice for all tests.
 - iv. To expedite testing throughput, the Department may implement rapid testing procedures.
 - v. The test results shall be reported as the percentage of smoke opacity.
 - b. Snap Idle Test Failure.
 - i. Except as provided in subsection (C)(10)(c), a vehicle fails the snap idle test if the opacity of emissions exceeds the level specified in the following table:

Model Year	Standard
1991 or later	40%
1990 or earlier	55%
 - ii. The engine model year is determined by the emission control label. If the emission control label is missing, illegible, or incorrect, the test standard shall be 40%, unless a correct, legible, emission control label replacement is attached to the vehicle within 30 days of the inspection.
 - c. Alternative Opacity Standard. The Director shall identify an alternative, less stringent opacity standard for an engine family if the conditions of either subsection (C)(10)(c)(i) or (C)(10)(c)(ii) are satisfied.
 - i. The engine family exhibits smoke opacity greater than the applicable standard in subsection (C)(10)(b)(i) when in good operating condition and adjusted to the manufacturer's specifications. If this condition is satisfied, the Director shall identify a technologically appropriate less stringent standard based on a review of data obtained from engines in good operating condition and adjusted to manufacturer's specifications.
 - ii. The engine family has been granted an exemption from a standard equivalent to the applicable standard in subsection (C)(10)(b)(i) based on the J1667 Recommended Practice by the executive officer of the California Air Resources Board (CARB). If this condition is satisfied, the Director shall allow the engine family to comply with any technologically appropriate less stringent standard identified by the executive officer of CARB.
 - iii. A demonstration under subsection (C)(10)(c)(i) shall be based on data from at least three vehicles. Data from official inspections under this

CHAPTER 2. DEPARTMENT OF ENVIRONMENTAL QUALITY - AIR POLLUTION CONTROL

- subsection (C)(10) showing that vehicles in the engine family meet the standard may be used to rebut the demonstration.
- iv. The Director shall implement any new standard resulting from each exemption as soon as practicable for all subsequent tests and provide notice at all affected test stations and fleets.
11. Loaded Opacity A Test.
 - a. Test Procedure.
 - i. The vehicle shall be tested on a chassis dynamometer beginning with no power absorption by selecting a gear ratio that produces a maximum vehicle speed of 30-35 MPH at governed or maximum rated RPM.
