PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 9. HEALTH SERVICES

CHAPTER 15. DEPARTMENT OF HEALTH SERVICES - LOAN REPAYMENT

Editor's Note: Laws 2015, Chapter 3, § 8, required the Department to provide public notice and an opportunity for the public to comment on proposed exempt rules in Supp. 16-1. The Department posted a draft of the rule amendments on its website on February 19, 2016. Even though the proposed exempt rules were not published in the Register, the rules are considered final exempt rules because the Department provided a means for the public to comment on the draft rules (Supp. 16-1).

Editor's Note: Articles 1, 2, and 3 made by final rulemaking at 7 A.A.R. 2823, effective August 9, 2001. The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).

Editor's Note: Sections R9-15-102 through R9-15-117 were repealed effective October 1, 1992; filed with the Office of the Secretary of State October 14, 1992, under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to Laws 1992, Ch. 301, § 61. Exemption from A.R.S. Title 41, Chapter 6 means that the Department did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Department did not submit these rules to the Governor's Regulatory Review Council; the Department was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. For the text of the rules which were repealed through this exemption, please refer to Supp. 89-4.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 9. HEALTH SERVICES

CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

Authority: A.R.S. § 36-2803

Editor's Note: Under A.R.S. 41-1011(C) Table 3.1 referenced in this Chapter now includes the table name Analytes for clarity. This change did not alter the sense, meaning or effect of any rule in this Chapter (Supp. 21-2).

Editor's Note: To assist with compliance of exempt rules filed and effective January 15, 2021, the Administrative Rules Division has expedited the publication of this Chapter and released it in Supp. 20-4. Multiple notice filing were received with amendments to the same Sections in this supplement release. For versioning of these Sections, refer to the published notice in the Arizona Administrative Register (Supp. 20-4).

Editor's Note: Section R9-17-102 and its historical note were inadvertently removed in Supp. 20-2; the Section and historical note have been restored as last amended in Supp. 19-3 (Supp. 20-3).

Editor's Note: This Chapter was adopted under a one-year exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Proposition 203 passed by the voters in November 2010. Although exempt from certain provisions of the rulemaking process, Section 6 of the Proposition required the Department to provide the public with an opportunity to comment on these rules before publishing the exempted rules. The Department posted proposed rules for comment on its web site, conducted statewide public meetings and also posted public comments received on its web site. (Supp. 11-2).

Editor's Note: 9 A.A.C. 17, formerly contained the rules of the Department of Health Services - Pure Food Control. This Chapter expired under A.R.S. § 41-1056(E) at 13 A.A.R. 3531, effective August 31, 2007 (Supp. 07-3).

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

TITLE 12. NATURAL RESOURCES

CHAPTER 4. GAME AND FISH COMMISSION

Authority: A.R.S. § 17-201 et seq.

Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).

Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

R12-4-107. Bonus Point System

A. For the purpose of this Section, the following definitions apply:

“Bonus point hunt number” means the hunt number assigned in a Commission Order for use by an applicant who is applying for a bonus point only.

“Loyalty bonus point” means a bonus point awarded to a person who has submitted a valid application for a hunt permit-tag or a bonus point for a specific genus identified in subsection (B) at least once annually for a consecutive five-year period.

B. The bonus point system grants a person one random number entry in each computer draw for bear, bighorn sheep, bison, deer, elk, javelina, pronghorn, Sandhill crane, or turkey for each bonus point that person has accumulated under this Section.

- Each bonus point random number entry is in addition to the entry normally granted under R12-4-104.
- When processing a “group” application, as defined under R12-4-104, the Department shall use the average number of bonus points accumulated by all persons in the group, rounded to the nearest whole number. If the average number of bonus points is equal to or greater than .5, the total will be rounded to the next higher number.
- The Department shall credit a bonus point under an applicant’s Department identification number for the genus on the application.
- The Department shall not transfer bonus points between persons or genera.

C. The Department shall award one bonus point to an applicant who submits a valid Hunt Permit-tag Application provided the following apply:

- The application is unsuccessful in the computer draw or the application is for a bonus point only;
- The application is not for a hunt permit-tag leftover after the computer draw and available on a first-come, first-served basis as established under R12-4-114; and
- The applicant either provides the appropriate hunting license number on the application, or submits an application and fees for the applicable license with the Hunt Permit-tag Application Form, as applicable.

D. An applicant who purchases a bonus point only shall:

- Submit a valid Hunt Permit-tag Application, as prescribed under R12-4-104 at the times, locations, and in the manner and method established by the schedule published by the Department and available at any Department office, on the Department’s website, or a license dealer.

a. When the application is submitted for a hunt permit-tag or bonus point, the Department shall reject any application that:

- Indicates the bonus point only hunt number as any choice other than the first-choice,
- Includes any other hunt number on the application,
- Includes more than one Hunt Permit-tag Application per genus per computer draw, or
- Is submitted after the application deadline for that specific computer draw.

2. When the application is submitted for a bonus point during the extended bonus point period, the Department shall reject any application that:

- Includes more than one Hunt Permit-tag Application per genus, or
- Is submitted after the application deadline for that extended bonus point period.

3. Include the applicable fees:

- Application fee, and
- Applicable license fee, required when the applicant does not possess a valid license at the time of application and the applicant is applying for a hunt permit-tag.

E. With the exception of the conservation education and hunter education bonus points, each accumulated bonus point is valid only for the genus designated on the Hunt Permit-tag Application.

F. With the exception of a permanent bonus point awarded for conservation education or hunter education and a loyalty bonus point which is accrued and forfeited as established under subsection (L), a person’s accumulated bonus points for a genus are expended if:

- The person is issued a hunt permit-tag for that genus in a computer draw;
- The person fails to submit a Hunt Permit-tag Application for that genus for five consecutive years; or
- The person purchases a surrendered tag as prescribed under R12-4-118(F)(1), (2), or (3).

G. Notwithstanding subsection (F), the Department shall restore any expended bonus points to a person who surrenders or transfers a tag in compliance with R12-4-118 or R12-4-121.

H. An applicant issued a first-come, first-served hunt permit-tag under R12-4-114(C)(2)(e) after the computer draw does not expend bonus points for that genus.

I. An applicant who is unsuccessful for a first-come, first-served hunt permit-tag made available by the Department after the computer draw is not eligible to receive a bonus point.

J. The Department shall award one permanent bonus point for each genus upon a person’s first graduation from either:

 3. An applicant who fails to apply in any calendar year for a hunt permit-tag or bonus point for the genus for which the loyalty bonus point was accrued shall forfeit the loyalty bonus point for that genus.

 3. Under A.R.S. § 17-332(E), no refunds for a license or hunt permit-tag will be issued to an applicant who applies for reinstatement of bonus points under this subsection.

R12-4-110. Posting and Access to State Land**A.** For the purpose of this Section:

“Corrals,” “feed lots,” or “holding pens” mean completely fenced areas used to contain livestock for purposes other than grazing.

“Existing road” means any maintained or unmaintained road, way, highway, trail, or path that has been used for motorized vehicular travel, and clearly shows or has a history of established vehicle use, and is not currently closed by the Commission.

“State lands” means all land owned or held in trust by the state that is managed by the State Land Department and lands that are owned or managed by the Game and Fish Commission.

B. In addition to the prohibition against posting proscribed under A.R.S. § 17-304, a person shall not lock a gate, construct a fence, place an obstacle, or otherwise commit an act that denies legally available access to or use of any existing road upon state lands by persons lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.

1. A person in violation of this Section shall take immediate corrective action to remove any lock, fence, or other obstacle unlawfully preventing access to state lands.
2. If immediate corrective action is not taken, a representative of the Department may remove any unlawful posting and remove any lock, fence, or other obstacle that unlawfully prevents access to state lands.
3. In addition, the Department may take appropriate legal action to recover expenses incurred in the removal of any unlawful posting or obstacle that prevented access to state land.

C. The provisions of this Section do not allow any person to trespass upon private land to gain access to any state land.**D.** A person may post state lands as closed to hunting, fishing, or trapping without further action by the Commission when the state land is within one-quarter mile of any:

1. Occupied residence, cabin, lodge, or other building; or
2. Corrals, feed lots, or holding pens containing concentrations of livestock other than for grazing purposes.
3. Subsection (D) does not authorize any person to deny lawful access to state land in any way.

E. The Commission may grant permission to lock, tear down, or remove a gate or close a road or trail that provides legally available access to state lands for persons lawfully taking wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing if access to such lands is provided by a reasonable alternate route.

1. Under R12-4-610, the Director may grant a permit to a state land lessee to temporarily lock a gate or close an existing road that provides access to state lands if the tak-

ing of wildlife will cause unreasonable interference during a critical livestock or commercial operation. This permit shall not exceed 30 days.

2. Applications for permits for more than 30 days shall be submitted to the Commission for approval.
 3. If a permit is issued to temporarily close a road or gate, a copy of the permit shall be posted at the point of the closure during the period of the closure.
- F.** A person may post state lands other than those referenced under subsection (D) as closed to hunting, fishing, or trapping, provided the person has obtained a permit from the Commission authorizing the closure. A person possessing a permit authorizing the closure of state lands shall post signs in compliance with A.R.S. 17-304(C). The Commission may permit the closure of state land when it is necessary:
1. Because the taking of wildlife constitutes an unusual hazard to permitted users;
 2. To prevent unreasonable destruction of plant life or habitat; or
 3. For proper resource conservation, use, or protection, including but not limited to high fire danger, excessive interference with mineral development, developed agricultural land, or timber or livestock operations.
- G.** A person shall submit an application for posting state land to prohibit hunting, fishing, or trapping under subsection (F), or to close an existing road under subsection (E), as required under R12-4-610. If an application to close state land to hunting, fishing, or trapping is made by a person other than the state land lessee, the Department shall provide notice to the lessee and the State Land Commissioner before the Commission considers the application. The state land lessee or the State Land Commissioner shall file any objections with the Department, in writing, within 30 days after receipt of notice, after which the matter shall be submitted to the Commission for determination.
- H.** A person may use a vehicle on or off a road to pick up lawfully taken big game.
- I.** The closing of state land to hunting, fishing, or trapping shall not restrict any other permitted use of the land.
- J.** State trust land may be posted with signs that read “State Land No Trespassing,” but such posting shall not prohibit access to such land by any person lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
- K.** When hunting, fishing, or trapping on state land, a license holder shall not:
1. Break or remove any lock or cut any fence to gain access to state land;

R12-4-114. Issuance of Nonpermit-tags and Hunt Permit-tags

- A.** The Department provides numbered tags for sale to the public. The Department shall ensure each tag:
1. Includes a transportation and shipping permit as prescribed under A.R.S. §§ 17-332 and 17-371, and
 2. Clearly identifies the wildlife for which the tag is valid.
- B.** If the Commission establishes a big game season for which a hunt number is not assigned, the Department or its authorized agent, or both, shall sell nonpermit-tags.
1. A person purchasing a nonpermit-tag shall provide all of the following information to a Department office or license dealer at the time of purchase; the applicant's:
 - a. Name,
 - b. Mailing address, and
 - c. Department identification number.
 2. An applicant shall not obtain nonpermit-tags in excess of the bag limit established by Commission Order when it established the season for which the nonpermit-tags are valid.
- C.** If the number of hunt permits for a species in a particular hunt area must be limited, a Commission Order establishes a hunt number for that hunt area and a hunt permit-tag is required to take the species in that hunt area.
1. A person applying for a hunt permit-tag shall submit an application as described under R12-4-104.
 2. The Department shall determine whether a hunt permit-tag will be issued to an applicant as follows:
 - a. The Department shall reserve a maximum of 20% of the hunt permit-tags for each hunt number, except as established under subsection (C)(2)(b), for bear, deer, elk, javelina, pronghorn, Sandhill crane, and turkey and reserve a maximum of 20% of the hunt permit-tags for all hunt numbers combined statewide for bighorn sheep and bison to issue to persons who have bonus points and shall issue the hunt permit-tags as established under subsection (C)(2)(c).
 - b. For bear, deer, elk, javelina, pronghorn, Sandhill crane, and turkey, the Department shall reserve one hunt permit-tag for any hunt number with fewer than five, but more than one, hunt permit-tags and shall issue the tag as established under subsection (C)(2)(c). When this occurs, the Department shall adjust the number of available hunt permit-tags in order to ensure the total number of hunt permit-tags available does not exceed the 20% maximum specified in subsection (C)(2)(a).
 - c. The Department shall issue the reserved hunt permit-tags for hunt numbers that eligible applicants designate as their first or second choices. The Department shall issue the reserved hunt permit-tags by random selection:
 - i. First, to eligible applicants with the highest number of bonus points for that genus;
 - ii. Next, if there are reserved hunt permit-tags remaining, to eligible applicants with the next highest number of bonus points for that genus; and
 - iii. If there are still tags remaining, to the next eligible applicants with the next highest number of bonus points; continuing in the same manner until all of the reserved tags have been issued or until there are no more applicants for that hunt number who have bonus points.
- D.** The Department shall ensure that all unreserved hunt permit-tags are issued by random selection:
- i. First, to hunt numbers designated by eligible applicants as their first or second choices; and
 - ii. Next, to hunt numbers designated by eligible applicants as their third, fourth, or fifth choices.
- E.** Before each of the three passes listed under (C)(2)(c)(i), (ii), and (iii), each application is processed through the Department's random number generator program. A random number is assigned to each application; an additional random number is assigned to each application for each group bonus point, including the Education and Loyalty bonus points. Only the lowest random number generated for an application is used in the computer draw process. A new random number is generated for each application for each pass of the computer draw.
- F.** If the bag limit is more than one per calendar year, or if there are unissued hunt permit-tags remaining after the random computer draw, the Department shall ensure these hunt permit-tags are available on a first-come, first-served basis as specified in the annual hunt permit-tag application schedule.
- D.** A person may purchase hunt permit-tags equal to the bag limit for a genus.
1. A person shall not exceed the established bag limit for that genus.
 2. A person shall not apply for any additional hunt-permit-tags if the person has reached the bag limit for that genus during the same calendar year.
 3. A person who surrenders a tag in compliance with R12-4-118 is eligible to apply for another hunt permit-tag for the same genus during the same calendar year, provided the person has not reached the bag limit for that genus.
- E.** The Department shall make available to nonresidents:
1. For bighorn sheep and bison, no more than one hunt permit-tag or 10% of the total hunt permit-tags, whichever is greater, for bighorn sheep or bison in any computer draw. The Department shall not make available more than 50% nor more than two bighorn sheep or bison hunt permit-tags of the total in any hunt number.
 2. For antlered deer, bull elk, pronghorn, Sandhill crane, or turkey, no more than 10%, rounded down to the next lowest number, of the total hunt permit-tags in any hunt number. If a hunt number for antlered deer, bull elk, pronghorn, Sandhill crane, or turkey has 10 or fewer hunt permit-tags, no more than one hunt permit-tag will be made available unless the hunt number has only one hunt permit-tag, then that tag shall only be available to a resident.
- F.** The Commission may, at a public meeting, increase the number of hunt permit-tags issued to nonresidents in a computer draw when necessary to meet management objectives.
- G.** The Department shall not issue under subsection (C)(2)(c), more than half of the hunt permit-tags made available to nonresidents under subsection (E).
- H.** A nonresident cap established under this Section applies only to hunt permit-tags issued by computer draw under subsections (C)(2)(c) and (d).

R12-4-127. Civil Liability for Loss of Wildlife

- A. In order to compensate the state for the value of lost or injured wildlife, the Commission may, pursuant to A.R.S. § 17-314, impose a civil penalty against any person for unlawfully taking, wounding, killing or possessing wildlife. Any civil penalties so imposed shall be equal to or greater than the applicable statutory-minimum sums found in A.R.S. § 17-314(A). The Commission may impose a civil penalty above the statutory-minimum sums where it has determined that the value of the lost or injured wildlife exceeds the statutory-minimum sums.
- B. The Commission shall annually establish the value of lost or injured wildlife using objective and measurable economic criteria. When doing so, the Commission may consider objective economic criteria recommended by the Department or any other person.
- C. The Department shall recommend the value of lost or injured wildlife to the Commission by aggregating the following objective and measurable economic factors:
 1. The average dollar amount spent by an individual hunter in pursuit of the same species. This amount shall be calculated using information from the most recent National Survey of Fishing, Hunting and Wildlife-Associated Recreation conducted by the U.S. Fish and Wildlife Service and measures hunting and fishing expenditures, in combination with hunter harvest data gathered by the Department. This information shall be available on the Department's website.

This information shall be available on the Department's website.
 3. The average body weight in pounds of meat for the unlawfully taken or possessed species multiplied by the average price per pound of ground meat for that same species or a similar species. Average body weight in pounds of meat shall be calculated using the average body weight for the wildlife taken, minus 30% of the average weight to account for the weight of the head, hide, offal, and bone.
 4. When new data is not available, the Department may use Consumer Price Index (CPI) calculations to update the above factors in terms of U.S. dollars.
- D. The most recent wildlife values established by the Commission shall be available on the Department's website.

The raptor shall not count towards the falconer's take or possession limits, provided the falconer reports the temporary possession of the raptor to the Department no more than five consecutive days after capturing the raptor. The Department shall determine the disposition of a raptor when the researcher or falconer does not replace the transmitter or retrieve the raptor within the initial 30-day period.
 12. A licensed falconer may capture any raptor displaying a federal Bird Banding Laboratory (BBL) aluminum research band or tag, except a peregrine falcon (*Falco peregrinus*). “Closed aquatic system” means any body of water, water system, canal system, or series of lakes, canals, or ponds where triploid white amur are prevented from entering or exiting the system by any natural or man-made barrier, as determined by the Department.

“Triploid” means a species having three homologous sets of chromosomes that renders the individuals sterile.

- B.** A white amur stocking or restocking license allows a person to import, possess, stock in a closed aquatic system, and transport triploid white amur (*Ctenopharyngodon idella*).
- C.** The white amur stocking or restocking license is valid for no more than 20 consecutive days.
- D.** In addition to the requirements established under this Section, a white amur stocking or restocking license holder shall comply with the special license requirements established under R12-4-409.
- E.** The white amur stocking or restocking license holder shall be responsible for compliance with all applicable regulatory requirements; the licenses do not:
 - 1. Exempt the license holder from any municipal, county, state, or federal codes, ordinances, statutes, rules, or regulations; or
 - 2. Authorize the license holder to engage in authorized activities using federally-protected wildlife, unless the license holder possesses a valid license, permit, or other form of documentation issued by the United States authorizing the license holder to use that wildlife in a manner consistent with the special license.
- F.** The Department shall deny a white amur stocking or restocking license to a person who fails to meet the requirements

established under R12-4-409 or this Section. The Department shall provide the written notice established under R12-4-409(F)(4) to the applicant stating the reason for the denial. In addition to the requirements and criteria established under R12-4-409(F)(1) through (4), the Department shall deny a white amur stocking or restocking license when it determines the issuance of the license may result in a negative impact on native wildlife.

G. An applicant for a white amur stocking or restocking license shall submit an application to the Department. A separate application is required for each location where the applicant proposes to stock white amur. The application is furnished by the Department and is available from any Department office and on the Department’s website. The applicant shall provide the following information on the application:

1. The applicant’s information:
 - a. Name;

H. When the Department determines an applicant proposes to stock white amur in a watershed in a manner that conflicts with the Department’s efforts to conserve wildlife, in addition to the requirements listed under subsection (G), the applicant shall also submit a written proposal to the Department at the time of application. The written proposal shall contain all of the following:

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), accepts state agency rule filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into chapters. A chapter includes state agency rules. Rules in chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2019 is cited as Supp. 19-1.

Please note: The Office publishes by chapter, not by individual rule section. Therefore there might be only a few sections codified in each chapter released in a supplement. Historical notes at the end of a section provide an effective date and information when a rule was last updated.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate chapters of the *Administrative Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority

note to make rules is often included at the beginning of a chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a chapter can be found at the Secretary of State’s website, under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a chapter provide information about rulemaking sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing rules using these paper colors.

PERSONAL USE/COMMERCIAL USE

This chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, managing rules editor, assisted with the editing of this chapter.

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

CHAPTER 8. ARIZONA STATE PARKS BOARD

Authority: A.R.S. § 41-511 et seq.

Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 01-4).

Editor's Note: Sections in this Chapter were adopted and amended under an exemption from the provisions of the Arizona Administrative Procedure Act, pursuant to A.R.S. § 41-1005(A)(21). Exemption from this Act means that this Section was not reviewed or approved by the Governor's Regulatory Review Council; notice of this rule was not submitted to the Office of the Secretary of State for publication in the Arizona Administrative Register; and no public comment period or public hearings were required to be held on this rule. Because this Chapter contains rules which were adopted under a rulemaking exemption, the Chapter is printed on blue paper.

 4. The goodwill produced for sponsors of the special use.
