Annual and Periodic Update**

- A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- B.** APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C.** Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or

- D.** Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E.** Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F.** Statewide CCR:
1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
  2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).
- G.** Other Updates. In addition to the other updates provided for in this Section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

**R9-22-712.61. DRG Payments: Exceptions**

- A.** Notwithstanding section R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the outlier CCR. The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS. The

resulting amount will be the total reimbursement for the claim. There is no provision for outlier payments for hospitals described under subsection (A)(3).

- B.** Notwithstanding section R9-22-712.60, claims for inpatient services that are covered by a RBHA or TRBHA, where the principal diagnosis on the claim is a behavioral health diagnosis, shall be reimbursed as prescribed by a per diem rate described by a fee schedule established by the Administration; however, if the principal diagnosis is a physical health diagnosis, the claim shall be processed under the DRG methodology described in this section, even if behavioral health services are provided during the inpatient stay.
- C.** Notwithstanding section R9-22-712.60, claims for services associated with transplant services shall be paid in accordance with the contract between the AHCCCS administration and the transplant facility.
- D.** Notwithstanding section R9-22-712.60, claims from an IHS facility or 638 Tribal provider shall be paid the all-inclusive rate on a per visit basis in accordance with the rates published annually by IHS in the federal register.
- E.** For hospitals that have contracts with the Administration for the provision of transplant services, inpatient days associated with transplant services are paid in accordance with the terms of the contract.
- F.** For inpatient services with a date of admission from October 1, 2020 through September 30, 2021, provided by a hospital in subsection (A) that qualifies, the administration shall pay the hospital an Inpatient Differential Adjusted Payment equal to the sum of the payment otherwise provided for in subsection (A) plus the product of the amount otherwise provided for in subsection (A) and a percentage published on the Administration's public website as part of its fee schedule, subsequent to a public notice published no later than September 1, 2020. **R9-22-712.62. DRG Base Payment**

- A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital's labor-related share of that amount is adjusted by the hospital's wage index. The hospital's labor share is determined based on the labor share for the

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Medicare inpatient prospective payment system published in Volume 81 of the Federal Register at page 57312 published August 22, 2016. The hospital's wage index is determined based on the wage index tables reference in Volume 81 of the Federal Register at page 57311 published August 22, 2016. The statewide standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.

- C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the "pre-HCAC" DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the "post-HCAC" DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

**R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount**

- A. Notwithstanding Section R9-22-712.62, a select specialty hospital standardized amount shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:
1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
  2. Hospitals designated as type: hospital, subtype: short-term that has a license number beginning "SH" in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year.
- B. The select specialty hospital standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.

**R9-22-712.64. DRG Base Payments and Outlier CCR for Out-of-State Hospitals**

- A. DRG Base payment:
1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
  2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be included in the AHCCCS capped fee schedule available on the agency's website.
- B. Outlier CCR:
1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.

2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.

- C. A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2015.
- D. Other than as required by this Section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

**R9-22-712.65. DRG Provider Policy Adjustor**

- A. After calculating the DRG base payment as required in sections R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor that is included in the AHCCCS capped fee schedule available on the agency's website.
- B. A hospital is a high-utilization hospital if the hospital had:
1. Covered inpatient days subject to DRG reimbursement, determined using adjudicated claim and encounter data during the fiscal year beginning October 1, 2015, equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals;
  2. A Medicaid inpatient utilization rate greater than 30% calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital's Medicare Cost Report for the fiscal year ending 2016; and,
  3. Received less than \$2 million in add-on payment for outliers under R9-22-712.68, based on adjudicated claims and encounters for fiscal year beginning October 1, 2015.

**R9-22-712.66. DRG Service Policy Adjustor**

In addition to Section R9-22-712.65, for claims with DRG codes in the following categories, the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code, and the DRG provider policy adjustor shall be multiplied by the service policy adjustor listed in the AHCCCS capped fee schedule, available on the agency's website, corresponding to the following DRG codes:

1. Normal newborn DRG codes,
2. Neonates DRG codes,
3. Obstetrics DRG codes,
4. Psychiatric DRG codes,
5. Rehabilitation DRG codes,
6. Burn DRG codes.
7. Claims for members under age 19 assigned DRG codes other than listed above:
  - a. For dates of discharge occurring on or after October 1, 2014 and ending no later than December 31, 2015 regardless of severity of illness level,
  - b. For dates of discharge on or after January 1, 2016, for severity of illness levels 1 and 2,

- c. For dates of discharge on or after January 1, 2016 and before January 1, 2017, for severity of illness levels 3 and 4.
  - d. For dates of discharge on or after January 1, 2017, and before January 1, 2018 for severity of illness levels 3 and 4.
  - e. For dates of discharge on or after January 1, 2018, for severity of illness levels 3 and 4.
8. Claims for members assigned DRG codes other than listed above.

**R9-22-712.67. DRG Reimbursement: Transfers**

- A. For purposes of this Section a "transfer" means the transfer of a member from a hospital to a short-term general hospital for inpatient care, a designated cancer center, children's hospital, or a critical access hospital except when a member is moved for the purpose of receiving sub-acute services.
- B. Designated cancer center or children's hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.
- C. The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.
- D. The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjustors, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.
- E. The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.
- F. Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjustors, or the transfer DRG base payment, whichever is less.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

**R9-22-712.68. DRG Reimbursement: Unadjusted Outlier Add-on Payment**

- A. Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.
- B. The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:
  - 1. For hospitals designated as type: hospital, subtype: children's in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
  - 2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio

in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.

- 3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
- C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
  - D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency's website.
  - E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency's website.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

**R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment**

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

- 1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
- 2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
- 3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
- 4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
- 5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members**

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.
2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R.  
1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.71. Final DRG Payment**

The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Differential Adjusted Payment.

1. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
2. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
3. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration's website and is on file for public inspection at the AHCCCS administration located at 701 E. Jefferson Street, Phoenix, Arizona.
4. For inpatient services with a date of discharge from October 1, 2020 through September 30, 2021, the Inpatient Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add-on

payment multiplied by a percentage published on the Administration's public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2020. **R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay**

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission.
- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the

same manner as other interim claims as described in R9-22-712.76.

**R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare**

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.74. DRG Reimbursement: Third Party Liability**  
DRG payments are subject to reduction based on cost avoidance under Section R9-22-1003 and other rules regarding first-and third-party liability under Article 10 of this Chapter including cost avoidance for claims for ancillary services covered under Part B of Medicare.

**R9-22-712.75. DRG Reimbursement: Payment for Administrative Days**

- A.** Categories of Administrative Days. Administrative days fall into one of two categories, either subsection (A)(1) or (A)(2).
1. Administrative days due to lack of appropriate placement options and not meeting inpatient medical criteria. Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because; (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.
    - a. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.
    - b. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
    - c. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
    - d. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has

not transferred or discharged the member because of the hospital's administrative or operational delays.

- e. Administrative days include inpatient claims covered by a RBHA or TRBHA that otherwise meet the criteria in subsection (A)(1).
  2. Administrative days for claims with the principal diagnosis of behavioral health meeting inpatient medical criteria. Administrative days are days with dates of discharge on or after October 1, 2018, in which a member is admitted as an inpatient to an acute care hospital, meets the criteria for an acute inpatient stay, and the principal diagnosis on the hospital claim is a behavioral health diagnosis. Inpatient claims covered by a RBHA or TRBHA are not considered administrative days under subsection (A)(2) regardless of the principal diagnosis on the hospital claim.
- B.** Reimbursement of Administrative Days.
1. Administrative days under subsection (A)(1) are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care such as the rate paid for stays at a nursing facility.
  2. Administrative days under subsection (A)(2) are reimbursed at the daily rate found on the Inpatient Behavioral Health Capped Fee-For-Service Schedule meeting the criteria of "Service Description – Psychiatric Stay," regardless of revenue code.
- C.** Prior authorization is required for administrative days.
- D.** A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 25 A.A.R. 3111, effective October 1, 2019 (Supp. 19-4).

**R9-22-712.76. DRG Reimbursement: Interim Claims**

- A.** For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.
- B.** Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.
- C.** Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.77. DRG Reimbursement: Admissions and Discharges on the Same Day**

- A.** Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B.** Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired

on the date of discharge shall be reimbursed under the DRG methodology.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.78. DRG Reimbursement: Readmissions**

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.79. DRG Reimbursement: Change of Ownership**

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.80. DRG Reimbursement: New Hospitals**

- A. DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in subsection R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in subsection R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in subsection R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in subsection R9-22-712.62(B).
- B. Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in subsection R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in subsection R9-22-712.68(C).
- C. In addition to the requirement of this Section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

**R9-22-712.81. DRG Reimbursement: Updates**

In addition to the other updates provided for in Sections R9-22-712.60 through R9-22-712.80, the Administration may update the

version of the APR-DRG classification system established by 3M Health Information Systems, adjust the statewide standardized amount in Section R9-22-712.62, the base payments in sections R9-22-712.63 and R9-22-712.64, the provider policy adjustor in section R9-22-712.65, service policy adjustors Section R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in Section R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The Administration shall publish any proposed classification system on the agency's website at least 30 days prior to the effective date, to ensure a sufficient period for public comment, as required by 42 C.F.R. § 447.205. In addition, the public notice shall be available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. The requirements of 42 CFR § 447.205 as of November 2, 2015 are incorporated by reference and do not include any later amendments.

- A. "Hospital-based freestanding emergency department" (hospital-based FSED) means an outpatient treatment center, as defined in R9-10-101, that: (1) provides emergency room services under R9-10-1019, (2) is subject to the requirements of 42 CFR 489.24, and (3) shares an ownership interest with a hospital, regardless of whether the outpatient treatment center operates under a hospital's single group license as described in A.R.S. § 36-422.
- B. A hospital-based FSED shall register with the Administration separately from the hospital with which an ownership interest is shared and shall obtain a separate provider identification number. The Administration shall not charge a separate provider enrollment fee for registration of a hospital-based FSED. The Administration shall accept a hospital's compliance with the provider screening and enrollment requirements of 42 CFR Part 455 as compliance by the hospital-based FSED.

All other covered codes shall be reimbursed in accordance with sections R9-22-712.20 through R9-22-712.30 without a percentage reduction.
  1. 60% for a level 1 emergency department visit as indicated by CPT 99281.
  2. 80% for a level 2 emergency department visit as indicated by CPT 99282.
  3. 90% for a level 3 emergency department visit as indicated by CPT 99283.

- F. The Administration shall not reimburse a hospital for services provided at a hospital-based FSED if the member is admitted directly from a hospital-based FSED to a hospital with an ownership interest in the hospital-based FSED.     - a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through December 31 preceding the October assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than January preceding the assessment start date for the new hospitals. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- L.** Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.

- N.** Required information for the outpatient assessment. For any hospital that has not filed a 2019 Uniform Accounting Report, or if the 2019 Uniform Accounting Report does not reconcile to 2019 Audited Financial Statements, the Administration shall use the data reported on 2019 Audited Financial Statements to calculate the outpatient assessment. If the 2019 Audited Financial Statements do not include the reliable information sufficient for the Administration to calculate the outpatient assessment, the Administration shall use data reported on the 2019 Medicare Cost report. If the Medicare Cost report does not include reliable information sufficient for the Administration to calculate the outpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2019 Medicare Cost report to calculate the outpatient assessment.

- P.** Enforcement. If a hospital does not comply with this Section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or

- D. Notwithstanding subsection (B), psychiatric discharges from a hospital that reported having a psychiatric sub-provider in the hospital's 2018 Medicare Cost Report, are assessed a rate of \$38.00 for each discharge from the psychiatric sub-provider as reported in the 2018 Medicare Cost Report. All discharges other than those reported as discharges from the psychiatric sub-provider are assessed at the rate required by subsection (B).
- E. The initial 24,000 discharges are assessed at the rate required by subsection (B).
- G. Assessment notice. million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2018 Medicare Cost Report are reimbursed by Medicare.

7. Hospitals designated as type: hospital, subtype: short-term that have at least 25 percent Medicare swing beds as percentage of total Medicare days, per the 2018 Medicare Cost Report.
- J. New hospitals. For hospitals that did not file a 2018 Medicare Cost Report because of the date the hospital began operations:
  1. If the hospital was open on the January 2 preceding the October assessment start date, the hospital assessment will begin on October 1 following the date the hospital began operating.
  2. If the hospital began operating between January 3 and June 30, the assessment will begin on October 1 of the following calendar year.
  3. A hospital is not considered a new hospital based on a change in ownership.
  4. The assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report, which includes 12 months-worth of data, except when any of the following apply;
    - a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through December 31 preceding the October assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than January preceding the assessment start date for the new hospitals. "Annualized" means divided by a ratio equal to the number of months of data divided by 12 months.
    - b. If more than 12 months of data is available, the assessment will be based on the most recent 12 months of self-reported data, as of December 31;
  5. For purposes of calculating subpart 4, if a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self-reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.
  6. For hospitals providing self-reported data, described in subpart 4 and 5:
    - a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
    - b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.
- L. Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- M. Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- N. Required information for the inpatient assessment. For any hospital that has not filed a 2018 Medicare Cost report, or if the 2018 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the inpatient assessment, the Administration shall use data reported on the 2018 Uniform Accounting Report filed by the hospital in place of the 2018 Medicare Cost report to calculate the assessment. If the 2018 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the inpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2018 Medicare Cost report to calculate the assessment.
- O. Required information for the outpatient assessment. For any hospital that has not filed a 2018 Uniform Accounting Report, or if the 2018 Uniform Accounting Report does not reconcile to 2018 Audited Financial Statements, the Administration shall use the data reported on 2018 Audited Financial Statements to calculate the outpatient assessment. If the 2018 Audited Financial Statements do not include the reliable information sufficient for the Administration to calculate the outpatient assessment, the Administration shall use data reported on the 2018 Medicare Cost report. If the Medicare Cost report does not include reliable information sufficient for the Administration to calculate the outpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2018 Medicare Cost report to calculate the outpatient assessment.
- P. Enforcement. If a hospital does not comply with this section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.

**R9-22-1437. MED Income Eligibility Requirements**

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- A.** Income exclusions. The exclusions in R9-22-1420(C) apply to the MED family unit.
- B.** Income standard.
1. The Department shall divide the annual FPL for the MED family unit that is in effect during each month of the income period by 12 to determine the monthly FPL.
  2. The Department shall add the monthly FPLs for the income period and multiply the resulting amount by 40 percent.
  3. Changes to the annual FPL are implemented in April of each year.
- C.** Income period. The income period is the month of application and the next two months. The Department shall add together the three months' income to establish the MED family unit's income amount.
- D.** Medical expense deduction period. The medical expense deduction period is a three-month period consisting of:
1. For a new application, the month before the application month, the month of application, and month following the application month; or
  2. For a MED eligibility review, the last month of the prior MED eligibility period and the following two months.
- E.** The Department shall calculate the amount of countable monthly income as follows:
1. Subtract a \$90 cost of employment allowance from the gross amount of earned income for each person whose earned income is counted;
  2. Disregard from the remaining earned income an amount billed by the provider for the care of each dependent child under age 18 or incapacitated adult member of the MED family unit if the care is for the purpose of allowing the person to work. If more than one person in the household is responsible for and billed for the care of a dependent child, the disregard may be split between the wage earners if splitting the disregard is to the benefit of the family, but shall not exceed the maximum disregards as follows:
    - a. A maximum of \$200 for a child under age two and \$175 for other dependents for a wage-earner employed full-time (86 or more hours per month); and
    - b. A maximum of \$100 for a child under age two, and \$88 for other dependents for a wage earner employed part-time (less than 86 hours a month);
  3. Add the remaining earned income for each MED family member to the unearned income of all MED family members;
  4. Compare the MED family's unit countable income amount to the income standard in subsection (B). The difference is the amount of medical expenses the family shall incur during the medical expense deduction period to become eligible;
  5. Subtract allowable medical expense deductions that were incurred by:
    - a. A member of the MED family unit;
    - b. A deceased spouse or minor child of a MED family unit if this person would have been a member of the MED unit during the MED expense deduction period;
    - c. A person who was a minor child of a MED family unit member when the expense was incurred but who is no longer a minor child; or
    - d. A minor child, including a child who is a runaway, who left home before the date of application to live with someone other than a parent; and
  6. Compare the net MED family income to the income standard listed in subsection (B).
- F.** The family is eligible if the net income in subsection (E)(6) does not exceed the income standard in subsection (B).

**Historical Note**

New Section made by final rulemaking at 11 A.A.R. 4942, effective December 31, 2005 (Supp. 05-4).

- B.** Ownership and availability. The Department shall evaluate the ownership of resources to determine the availability of resources to a person listed in subsection (A).
1. Jointly owned resources with ownership records containing the words "and" or "and/or" between the owners' names are available to each owner except if one of the owners refuses to sell. A consent to sale is not required if all owners are members of the MED family unit.
  2. Jointly owned resources with ownership records containing the word "or" between the owners' names are presumed to be available in full to each owner. The applicant or member may rebut the presumption by providing clear and convincing evidence of intent to establish a different type of ownership. If the presumption is rebutted, the resource is available to the owners:
    - a. Consistent with the intent of the owners, or
    - b. Based on each owner's proportionate net contribution if there is not clear and convincing evidence of a different allocation.
  3. The Department shall establish availability of a trust under 42 U.S.C. 1396p(d)(4)(A) or (C).
- C.** Unavailability. The Department shall consider the following resources unavailable:
1. Property subject to spendthrift restriction, such as:
    - a. Accounts established by the SSA, Veteran's Administration, or similar sources that mandate that the funds in the account be used for the benefit of a person not residing with the MED family unit; or
    - b. Trusts established by a will or funded solely by the income and resources of someone other than a member of the MED family unit.
  2. A resource being disputed in a divorce proceeding or probate matter;
  3. Real property located on a Native American reservation;
  4. A resource held by a conservator to the extent court-imposed restrictions make the resource unavailable to the applicant, member, or member of the family unit for:
    - a. Medical care,
    - b. Food,
    - c. Clothing, or
    - d. Shelter.
- D.** Resource exclusion. The Department shall exclude the following resources from the calculation of resources under subsection (E):

  6. The value of a vehicle in which a SSI-cash recipient has an ownership interest; and
  7. The value of any vehicle used for medical treatment, employment, or transportation of a SSI-cash disabled child, and that is excluded by SSI for that reason.
8. Funds set aside in an Individual Development Account under 6 A.A.C. 12, Article 4; and
  9. Any other resource specifically excluded by federal law.
- E. Calculation of resources. The Department shall determine the value of all household resources as follows:
1. Calculate the total amount of countable liquid resources;
  2. Calculate the equity value of each countable non-liquid resource. The Department shall determine the equity value of a countable non-liquid resource by subtracting the amount of valid encumbrances on that resource from:
    - a. The market value of real property if there is no assessor's evaluation of the property,
    - b. The market value of real property if the assessor's value of the real property does not include the value of permanent structures on that property,
    - c. The assessor's full cash value if subsections (E)(2)(a) and (E)(2)(b) do not apply, and
    - d. The market value of a non-liquid resource that is not real property;
  3. Not assign an equity value to a resource that is less than zero; and
  4. Determine the MED family unit's resources by adding the totals determined in subsections (1) and (2).
- F. Resource standard to be eligible for MED. A person is not eligible for MED if the resources determined in subsection (E) exceed \$100,000 or if more than \$5,000 are liquid resources.

- B. The Department shall adjust the effective date of eligibility under subsection (A) to an earlier date if:

**R9-22-1702. Enrollment of a Member with an AHCCCS Contractor**

A. General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
  2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
    - a. IHS if the member is a Native American living on a reservation,
    - b. A contractor based on family continuity, or
    - c. A contractor by using the auto-assignment algorithm.
  3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
    - a. The member no longer resides in the contractor’s GSA;
    - b. The contractor’s contract is suspended or terminated;
    - c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;
    - d. The member chooses another contractor or chooses IHS, if available to the member, during the annual enrollment choice period; or
    - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
  4. When the member’s disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
  5. The Administration shall not enroll a member with a contractor if a member:
    - a. Is eligible for the FESP under R9-22-1419;
    - b. Is eligible for less than 30 days from the date the Administration receives notification of a member’s eligibility, except for a member who is enrolled with CMDP or IHS;

  - 2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
  - 3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
  - 4. The Administration shall provide the member 60-day advance notice of the member's option to change plans by the member's annual enrollment date.
  - 5. A member may disenroll from a plan if:
    - a. The member moves out of the GSA;
    - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
    - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 9. HEALTH SERVICES

## CHAPTER 25. DEPARTMENT OF HEALTH SERVICES - EMERGENCY MEDICAL SERVICES

Authority: A.R.S. §§ 36-136(F) and 36-2209(A) et seq.

## Supp. 21-3

*Editor's Note: Article 5 consisting of Sections R9-25-501 through R9-25-508 were recodified from Sections in Article 8 effective September 21, 2004 (Supp. 04-3). The Sections recodified from Article 8 were originally made or amended under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6).*

*Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper.*

*Editor's Note: This Chapter contains rules which were adopted, amended, and repealed under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 36-2205(C). Exemption from A.R.S. Title 41, Chapter 6 means that the Department did not submit these rules to the Governor's Regulatory Review Council for review; the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Department was not required to hold public hearings on these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

An entry that allows for patient loading and unloading without rotating a patient and stretcher more than 30 degrees about the longitudinal axis or 45 degrees about the lateral axis and without compromising the operation of monitoring systems, intravenous lines, or manual or mechanical ventilation;
  7. A configuration that allows each medical team member sufficient access to each patient to begin and maintain treatment modalities, including complete access to the patient's head and upper body for effective airway management;
  8. A configuration that allows for rapid exit of personnel and patients, without obstruction from stretchers and medical equipment;
  9. A configuration that protects the aircraft's flight controls, throttles, and communications equipment from any intentional or accidental interference from a patient or equipment and supplies;
  10. A padded interior or an interior that is clear of objects or projections in the head strike envelope;
  11. An installed self-activating emergency locator transmitter;
  12. A voice communications system that:

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- C. A taxpayer shall not deduct the cost incurred by the taxpayer before a sale for freight from the mining or production location to the sales location.

**ARTICLE 10. TRANSACTION PRIVILEGE TAX - TRANSIENT LODGING CLASSIFICATION****R15-5-1001. Application of the Definition of Transient for Purposes of Taxation under the Transient Lodging Classification**

- A. Effective January 1, 1979, the leasing or renting of dwelling units and lodging facilities to a person shall not be taxable under the transient lodging classification if the lodging is obtained for a continuous block of time for 30 or more consecutive days except as provided under A.R.S. § 42-1310.10(B). For purposes of this rule, "person" has the same meaning as under A.R.S. § 42-1301.
- B. Gross receipts from providing lodging obtained for a continuous block of time for 30 or more consecutive days shall not be taxable under the transient lodging classification from the first day of occupancy.
  1. Lodging obtained for 30 or more consecutive days in increments of time for a period of less than 30 consecutive days rather than for a continuous block of time shall be taxable under the transient lodging classification except as provided under A.R.S. § 42-1310.10(B).
  2. A lodger may originally acquire lodging on an incremental basis for a period of less than 30 consecutive days and subsequently change to a continuous block of time for 30 or more consecutive days; however, the lodging origi-

nally obtained on an incremental basis of less than 30 consecutive days shall remain subject to tax regardless of any subsequent action on the part of the lodger.

- C. If lodging is obtained on a continuous basis for 30 or more consecutive days but the person obtaining the lodging leaves before the 30-day period ends and only pays for a period of 29 days or less, the exclusion shall not apply. The gross receipts from providing lodging for 29 days or less shall be subject to tax under the transient lodging classification.
- D. The following situations are indicative of the application of the provisions in this rule:
  1. A person rents a motel room on a weekly basis for 10 consecutive weeks. The total rental period is greater than 30 consecutive days; however, the method of renting by the week meets the definition of "transient." Gross receipts from renting lodging space on such a basis are subject to tax under the transient lodging classification.
  2. A motion picture company contracts with a hotel to rent a block of 15 rooms for a three-month period during which filming will occur in the area. During that three-month period, a variety of crew members and actors will occupy the rooms. Any one room may have a different occupant during the three-month time period as filming progresses and different actors or crew members are involved in the production of the film. The rental by the motion picture company for the three-month period is not subject to tax under the transient lodging classification since the motion picture company contracted with the hotel to rent for a three-month period and, therefore, does not meet the definition of a transient.
  3. An individual reserves a room in a rooming house for two weeks. The individual decides to stay another two weeks. The total number of days' stay is now at 28 days. Once again, the individual extends the stay by two weeks. Each time period is less than 30 days. Even though the total period of time is over 29 days, after the third extension of two weeks, the individual continues to be a transient for purposes of taxation under the transient lodging classification. If the individual had rented the room for 30 days or more after the first two weeks, gross receipts from the additional time would not be subject to tax. However, the first two-week block of time would remain taxable since that time period falls under the definition of transient.
  4. An individual is not sure how long he will be staying at a hotel so, upon registration, gets the room for 35 days. After 21 days the individual decides to leave and pays only for the 21-day stay. Gross receipts are subject to tax under the transient lodging classification. If the individual had a contractual agreement in which, regardless of length of occupancy, he was required to pay for the entire 35 days, the gross receipts from such a transaction would not be taxable.

**R15-5-1002. Activities in Addition to Providing Lodging**

- A. If a transient lodging facility is engaged in the business of providing lodging and engages in the business of providing meals, the gross receipts from lodging shall be separately stated and reported from the gross receipts from restaurant activities.
- B. Gross receipts from the providing of meals or room service shall be subject to tax under the restaurant classification.

- C. Gross receipts from the sale of tangible personal property by transient lodging facilities such as from magazine stands, gift shops, or in-room food or beverage bars shall be subject to tax under the retail classification.

**ARTICLE 11. TRANSACTION PRIVILEGE TAX – JOB PRINTING CLASSIFICATION****R15-5-1101. Definitions**

For purposes of this Article, the following definitions apply:

1. "Image developing" means the copying or reproducing by a printer of an image by any means from film, paper, video, or another data storage medium to photographic print paper or another storage medium that can visually display the image.
2. "Job printing" means the copying or reproducing by a printer of documents or data directly or indirectly provided by the printer's customer, including by another person at the customer's direction, for the ultimate purpose of producing a physical or electronic copy of the document or data. The document or data can be textual or pictorial, and may be received by the printer in physical or electronic form. Examples of methods of job printing include dye sublimation, electrostatic printing, flexography, gravure, inkjet printing, laser printing, lithography, offset printing, optical scanning, photocopying, photofinishing, reprographic printing, screen printing, thermography, xerography, and similar means of duplication.
3. "Photography" means the process of taking and supplying images to customers, using film, video, or another data storage medium.
4. "Printer" means a person that copies or reproduces textual or pictorial material by any means, process, or method of job printing, engraving, embossing, or copying, but that does not distribute the copied or reproduced material on the person's own behalf.
5. "Printing" means a finished product in physical or electronic form produced by a printer through job printing, engraving, embossing, or copying and that is held for sale by the printer.
6. "Qualifying health care organization" has the same meaning as prescribed in A.R.S. § 42-5001(10).
7. "Qualifying hospital" has the same meaning as prescribed in A.R.S. § 42-5001(11).

**Historical Note**

Repealed effective August 13, 1987 (Supp. 87-3). New Section made by final rulemaking at 11 A.A.R. 5493, effective February 6, 2006 (Supp. 05-4).

**R15-5-1102. Printer's Sale of Printing**

- A. Except as otherwise provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from all of a printer's costs or expenses of filling a customer's printing order are subject to tax under this

## CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

Article. Examples of costs or expenses include charges for set-up, die cutting, embossing, folding, and binding operations.

- B. Gross income or gross proceeds derived from an Arizona printer's sale of printing within Arizona are subject to tax even when the printer conducts the job printing, engraving, embossing, or copying activity outside the state, unless the printing is shipped or delivered outside the state for use outside the state.
- C. If a printer ships or delivers printing to be used outside the state to a common carrier for transportation to a location outside the state, the common carrier is deemed to be the agent of the printer for purposes of determining whether the printing has been shipped or delivered outside the state, regardless of who is responsible for payment of the freight charges.
- D. A printer may substantiate a shipment or delivery of printing outside the state by one of the following records:
  1. An internal delivery order that is supported by receipts for expenses incurred in delivery of printing and signed on the delivery date by the person who delivers the printing;
  2. A common carrier's receipt or bill of lading;
  3. A parcel post receipt;
  4. An export declaration;
  5. A receipt from a licensed broker; or
  6. Proof of export or import, signed by a customs officer.
- E. Except as provided in subsection (F) or other applicable A.R.S. § 42-5066(B) exemptions, gross income or gross proceeds derived from an Arizona printer's charges for the distribution of printing are generally subject to tax under this Article. In the absence of documentation listed in subsection (D), it remains the taxpayer's burden to substantiate that the gross income or gross proceeds derived from a sale of printing are not taxable because the printing is shipped or delivered outside the state for use outside the state, pursuant to A.R.S. § 42-5066(B)(2). A printer substantiates that printing is shipped or delivered outside the state for use outside the state if the printer shows that the address or number to which the printer distributes the printing does not identify or is incapable of identifying an in-state location.
- F. Pursuant to A.R.S. § 42-5066(B)(4), a printer may deduct its gross income or gross proceeds derived from charges for postage and freight if the printer separately states the charges on a customer's invoice and in the printer's records, except that the amount deducted shall not exceed the amount paid by the printer to the United States Postal Service or a commercial delivery service. A printer may not deduct its gross income or gross proceeds derived from charges for delivery of the printing using the printer's own conveyance.

Sales to a printer of materials that do not become an ingredient or component part of a printing fall under the retail classification (see Article 1 of this Chapter) and are subject to tax unless otherwise exempt under A.R.S. § 42-5061. Examples of such materials include color process plates, electrotypes, film processing chemicals, printing plates, and wood mounts. In contrast, sales by the printer of any such materials that are job printed, engraved, embossed, or copied by the printer for the printer's customer constitute sales of printing and fall under this Article. An example is a printer's sale to a customer of a printing plate upon which the printer has performed job printing, engraving, embossing, or copying activity for the customer.

Repealed effective August 13, 1987 (Supp. 87-3).

**R15-5-1502. General**

- A. Gross income derived from the rental of tangible personal property is included in the tax base under the personal property rental classification unless a specific statutory exemption, exclusion, or deduction applies. Examples of tangible personal property include: televisions, cars, trucks, lawnmowers, floor polishers, tuxedos, uniforms, furniture, towels, and linens.
- B. In this Article, the terms "lease," "rental," and "leasing" are used synonymously.
- C. Gross income from the lease of tangible personal property to a lessee who subleases the property is not taxable under the personal property rental classification if the lessee is engaged in the business of leasing the property under the personal property rental classification.
- D. Gross income from the rental of tangible personal property includes charges for installation, labor, insurance, maintenance, repairs, pick-up, delivery, assembly, set-up, personal property taxes, and penalty fees even if these charges are billed as separate items, unless a specific statutory exemption, exclusion, or deduction applies.

**Historical Note**

Amended subsection (D) and added subsection (E) effective March 18, 1981 (Supp. 81-2). Amended by final rulemaking at 6 A.A.R. 3091, effective July 18, 2000 (Supp. 00-3).

**R15-5-1503. Sourcing of Leased Tangible Personal Property**

- A. In this Section:
  1. "Business location" means the business address that appears on a lessor's privilege license, but if the lessor does not have a business address in Arizona, business location means the lessee's residential or primary business street address.
  2. "Source" means to determine the location of leasing or renting activity for tax purposes.
- B. The personal property rental classification applies to a person who is engaging or continuing in the business of leasing or renting tangible personal property in Arizona for a consideration. Gross receipts from leasing or renting tangible personal property in Arizona are taxable under this classification.
- C. The Department shall source gross receipts from leasing or renting tangible personal property to the business location. Thus, gross receipts of a lessor without a business address in Arizona, derived from leasing or renting tangible personal property, are sourced to the lessee's residential or primary business street address and are taxable when the property is shipped, delivered, or otherwise brought into the state for use in Arizona.
- D. Gross receipts from leasing or renting tangible personal property are not taxable if the property is shipped or delivered outside of the state and intended, at the inception of the lease, for use exclusively outside of the state.
- E. Gross receipts from leasing or renting tangible personal property are not taxable if the property is removed from the state and used exclusively outside of the state. Intermittent use of tangible personal property outside of the state does not consti-

tute removal of the property from the state for use exclusively outside of the state, and therefore does not change the business location of the property or liability for the tax. For example, use of a business's leased tangible personal property by its employees at different locations on business trips and service calls does not change liability for the tax.

- F. The burden of proof for establishing the applicability of subsection (D) or (E) is on the lessor.
- G. For leasing or renting activity related to a motor vehicle, the Department shall examine whether the motor vehicle is licensed, registered, or primarily used in Arizona.
- H. A taxpayer shall not take a deduction or credit for taxes paid in another state on a lease or rental of tangible personal property.

#### R15-5-1602. Casual Leasing Activity

- A.** For purposes of taxation under the commercial lease classification, there shall be no general exclusion for a casual rental of real property unless delineated under A.R.S. § 42-5059 except as provided in subsection (B) of this rule.
- B.** For periods ending on or before July 31, 1988, the rental of one unit or real property shall have been deemed to be a casual activity and not subject to transaction privilege tax if:
1. A lessor had income from another source which was unrelated to the income from the rental of real property and such income was of a significant amount so as to indicate that the rental activity was not the sole or main support of the lessor and
  2. The scope and degree of the rental activity clearly indicated that the rental activity was an investment activity rather than income from a business.

- D.** For periods prior to July 17, 1993, gross income from the rental of one economic unit of agricultural property shall not be taxable if the following conditions exist:
1. A lessor had income from another source which was unrelated to the income from the rental of one economic

1. A three-story office building is lease in its entirety to a large law firm. The building is one unit of property. Prior to August 1, 1988, the lessor of the office building was not considered to be engaged in business under the commercial lease classification if the conditions of subsection (A) existed. Commencing on or after August 1, 1988, the single rental of commercial real property is subject to tax under the commercial lease classification.
  2. Individual spaces in a small medical building are rented to three different members of the medical profession on separate leases. The property consists of three units. Regardless of the time period in which the rental occurred, the lessor in this situation has always been engaged in business under the commercial lease classification.
  3. A partnership is formed to hold one unit of real property for purposes of leasing. Income received from this activity is taxable since the partnership was formed for business purposes.
  4. Two hundred acres of farmland are leased to one tenant. The acreage is one economic unit of agricultural property. The lessor is employed as an engineer and leases the property as an investment. Regardless of the time period in which the lease occurred, the lessor of the property is not engaged in business under the commercial lease classification.
  5. Two hundred acres of agricultural property are leased to five unrelated parties on separate leases. The property consists of five economic units of agricultural property. Regardless of the time period in which the leases occurred, the lessor is engaged in business under the commercial lease classification. Five separate lease agreements are not a casual activity and the lessor does not fall within any of the current exemptions under A.R.S. § 42-5069(C)(12).

**ARTICLE 18.1. SALES OF FOOD****R15-5-1860. Definitions**

For the purpose of these rules, unless the context requires otherwise, the following definitions will apply:

1. "Accessory food items" means coffee, tea, cocoa, carbonated and uncarbonated drinks, candy, condiments and spices, and other non-staple foods.
2. "Attendant" means a person, generally the employee of the retailer, who waits on the customers, or tends to their needs.
3. "Automatic retailer" means a coin operated mechanical device or system which sells tangible personal property. Such device or system must itself vend or sell the items, i.e., a device or system which delivers the subject of the sale, or by automatic action physically delivers the thing sold. Vending machines are considered automatic retailers.
4. "Caterer" means a person engaged in the business of serving meals, food and drinks on the premises used by his customer, but does not include employees hired by the hour of day.
5. "Delicatessen" means a business which sells specialty food items, such as prepared cold meats, perishable food and grocery items kept under refrigeration.
6. "Facilities for the consumption of food" means appropriate furniture, tableware, or parking areas for sitting both in or on the premises of the business, either in or out of a motor vehicle.
7. "Food"
  - a. Under A.R.S. § 42-1387, the Department is required to promulgate rules defining food as those items that may be purchased from an eligible grocery business with food coupons, but in no event may such definition of food include food for consumption on the premises, alcoholic beverages or tobacco. Even though alcoholic beverages and food for consumption on the premises may be intended for human consumption, such items are not considered food by the statutory provisions. In these rules, items that are considered food by the Statutes, and therefore tax exempt if sold by a qualified retailer, shall be referred to as "tax exempt foods." Other items that may be intended for human consumption but are excluded from the definition of food by the Statute, and are therefore subject to the Sales Tax, shall be referred to herein as "taxable foods."
  - b. "Food" means: Items intended for human consumption. Food is deemed to be intended for human con-

## CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

- sumption when its intended or ordinary use is as a food for human consumption or is an ingredient used in preparing food for human consumption. For example, even though animal food may be used by some humans, its ordinary or intended use is not for human consumption. Also, even though vitamins and other medication may be ingested, its intended or ordinary use is as a health aid or therapeutic agent or a deficiency corrector and is not intended for use as food. Following is a numeration of items which the Department does not consider food for human consumption:
- i. Pet food and supplies
  - ii. Cosmetics and grooming items
  - iii. Tobacco products
  - iv. Soaps and paper products and household supplies
  - v. Dietary supplements such as vitamins or protein supplements
  - vi. Medicines
  - vii. Fertilizer
8. "Food for consumption on the premises"
    - a. "Food for consumption on the premises" means the following:
      - i. Hot prepared food, including products, items or ingredients of food which are prepared and sold or are intended to be sold in a heated condition. This also includes a combination of hot and cold food items or ingredients if a single price is charged by the retailer.
      - ii. Hot or cold sandwiches including frozen sandwiches.
      - iii. Food served by an attendant to be eaten at tables, chairs, benches, booths, stools, counters and within parking areas (for in-car consumption).
      - iv. Food served with trays, glasses, dishes or other tableware. Food which is generally selected by the customer from available displays and then taken by the customer to a checkout stand for payment is not considered to be served by the retailer.
      - v. Beverages sold in cups, glasses or open containers. Beverages shall include items such as milk shakes and ice cream floats.
      - vi. Food sold by caterers.
      - vii. Food sold within the premises of theaters, exhibitions, fairs, amusement parks, bowling alleys, athletic events, and other shows or contests and any businesses which charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction. While food for consumption on the premises includes any food sold within the premises of certain businesses, including businesses that charge admission, entrance or cover fees for exhibition, amusement, entertainment or instruction, food for consumption on premises does not include sales of tax exempt food by a qualified retailer within the premises of a full time educational institution that charges tuition for a full course of studies.
    - b. Any item enumerated in subparagraph (a) which is sold on a take-out or to-go basis is still considered to be food for consumption on the premises and therefore taxable.
  9. "Food intended for home consumption" means food, other than food for consumption on the premises, which is usually intended to be consumed at home. Unless the taxpayer can establish to the contrary, food delivered by a retailer to an office or other business establishment shall not be considered food intended for home consumption.
  10. "Home" means a natural person's usual or habitual dwelling place, including rest homes, nursing homes, jails and other such institutions.
  11. "Premises" means the total space and facilities, including buildings, grounds and parking lot that are made available for use by the retailer for the purpose of consuming food sold by such retailer.
  12. "Qualified retailer"
    - a. A qualified retailer or qualified retail business is one that may be eligible to sell tax exempt food without including the sale of tax exempt food items in its taxable base. A retailer other than a qualified retailer must pay a tax measured by the sale of otherwise exempt food even though the sale of such items would be exempt if sold by a qualified retailer.
    - b. Qualified retailers are:
      - i. An eligible grocery business, which includes retailers who are eligible to participate in the United States Department of Agriculture Food Stamp Program, whether such retailer actually participates in the food stamp program. If a retailer is eligible to participate in the food stamp program, but does not participate in such program, such retailer may only be an eligible grocery business if the retailer first makes application to the Department to sell food tax exempt. Examples of retailers that might be considered eligible grocery businesses include:
        - (1) Grocery stores;
        - (2) Convenience stores;
        - (3) Butcher shops;
        - (4) Bakeries;
        - (5) Dairy stores;
        - (6) Cheese stores;
        - (7) Farmer's markets.
      - ii. Retailers whose primary business is not the sale of food, but who sell food in a manner similar to grocery stores. This category includes stores such as department stores, drug stores, and gas stations.
      - iii. Retailers who sell food and who do not provide any facilities for consumption of food on the premises. This category may include certain health food stores, and certain outlets retailing soda and other similar beverages in bottles or cans, but not cups.
      - iv. Delicatessen business, if such retailer conducts his business so that the sale of tax exempt foods and other taxable items may be separately accounted for, through, for example, the use of two (2) cash registers, or a cash register with at least two (2) tax computing keys which are used to record taxable and tax exempt sales.
      - v. A retailer who is a street or sidewalk vendor who uses a pushcart.
      - vi. Vending machines and other automatic retailers.
  13. "Staple food" means those food items intended for home preparation and consumption, which includes meat, poultry,

- try, fish, bread and bread stuffs, cereals, vegetables, fruits, fruit and vegetable juices, and dairy products.
14. "Taxable foods" are items which may be intended for human consumption, but are still subject to the Sales Tax when sold. Examples of taxable foods would be alcoholic beverages, and food for consumption on the premises.
  15. Tax-exempt foods
    - a. "Tax exempt foods" are generally those items of food intended for home consumption which, if purchased from an eligible grocery business, would be eligible as of January 1, 1979, to be purchased with food coupons issued by the United States Department of Agriculture.
    - b. Tax-exempt food shall also include any new items of food intended for human consumption which would have been eligible for purchase with food coupons issued by the United States Department of Agriculture if such items would have existed for sale on January 1, 1979.
    - c. The following are examples of items which the Department will consider as tax exempt food:
      - bread and flour products;
      - vegetables and vegetable products
      - candy and confectionery
      - sugar, sugar products and substitutes
      - cereal and cereal products
      - butter, oleomargarine, shortening and cooking oils
      - cocoa and cocoa products
      - coffee and coffee substitutes
      - milk and milk products
      - eggs and egg products
      - tea
      - meat and meat products
      - spices, condiments, extracts and food colorings
      - fish and fish products
      - frozen foods
      - soft drinks and soda (including bottles on which a deposit is required to be paid)
      - fruit and fruit products
      - packaged ice cream products
      - dietary substitutes
      - ice cubes and bottled water including carbonated and mineral water
      - purchases of seed and plants for use in gardens to produce food items for personal consumption
  16. "Two tax computing keys" shall mean the mechanical or electronic function in a cash register which can separately record and accumulate taxable and nontaxable items without having the items presorted.

**R15-5-1862. Restaurant food sales**

- A. Restaurants are generally not qualified retailers, and therefore cannot sell food tax free, but are taxable upon all of their gross income or gross proceeds of sale.
- B. If a qualified retailer also operates a restaurant, the gross income or gross receipts of a sale from the two (2) activities must be kept separate. The gross receipts or gross income from the operation of the restaurant shall always be taxable, as will the income from all sales of taxable food and nonfood items. Except for items which may be exempt under some other provision, only tax-exempt foods sold by a qualified retailer not in connection with its restaurant operation shall be exempt.
- C. To the extent that a delicatessen may sell taxable food, such as hot or cold sandwiches, such delicatessen will be required to report under this classification. Since a delicatessen business may constitute a qualified retailer, such business may still be eligible to sell tax exempt food, if such sales are separately accounted for.

Repealed effective August 13, 1987 (Supp. 87-3). New Section R15-5-2001 renumbered from R15-5-202 and amended effective October 14, 1993 (Supp. 93-4). R15-5-2001(4) corrected to reflect an updated citation reference to Arizona Revised Statutes (Supp. 06-4). Section R15-5-2001 renumbered to R15-5-101 by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

**R15-5-2002. Liability for Transaction Privilege Tax**

- A.** The transaction privilege tax is imposed directly on the person engaged in a taxable business in or within Arizona, including a retailer located outside the state who is engaging or continuing in business in this state as a remote seller or marketplace facilitator and who meets the threshold requirements in A.R.S. § 42-5044. The vendor shall be liable for the tax, regardless of whether or not the vendor passes on the economic burden of the tax to the customer.
- B.** A retailer establishes its physical presence within Arizona by activities performed in this state on its behalf that are significantly associated with the retailer's ability to establish and maintain a market in this state for its sales. Activities and factors that, by themselves or in conjunction with others, establish a retailer's physical presence within Arizona include the following:
1. The retailer maintains an office or other place of business in Arizona, regardless of whether such location performs a sales-related or other business function.
  2. The retailer owns or leases real or personal property in Arizona.
  3. The retailer maintains an inventory of products in Arizona at its own direction and control.
  4. The retailer's merchandise or goods are delivered into Arizona on vehicles owned or leased by the retailer and the retailer makes such deliveries into Arizona on an ongoing basis.
  5. Other local activities performed by the retailer's employees, agents, representatives, contractors, or affiliated persons in Arizona that enable the retailer to maintain and improve its name recognition, market share or sales volume, goodwill, and individual customer relations may establish physical presence if the activities are not of a transitory nature, as described in subsections (D) and (E). Such activities may include: soliciting sales through an ongoing local marketing contract; delivering, installing or

repairing property sold to customers through an ongoing contract with either the customer or a local partner; or conducting training or similar support services for customers or for employees or representatives of the retailer on an ongoing basis.

- C.** A retailer having a physical presence within Arizona as described in subsection (B) of this Section shall be considered liable for transaction privilege tax as a taxpayer located within Arizona.
- D.** A retailer's activities in Arizona are not of a transitory nature if such activities generate gross receipts, are ongoing, and are regularly conducted from within the state. Alternately, a retailer's activities in Arizona are not of a transitory nature if such activities generate gross receipts and the retailer regularly conducts the same business activities outside of Arizona.
1. Example: Employees who travel to Arizona for a business meeting, conference, or similar event and who do not otherwise engage in a taxable business activity during their time within the state would not establish physical presence in Arizona, regardless of the duration of their stay. Such stays would not be considered ongoing, even though the events take place in Arizona.
  2. Example: A retailer that provides remote one-time assistance to a customer who has a specific problem installing or using a product purchased remotely would not establish physical presence. The retailer's assistance does not appear ongoing and the activity is conducted from outside the state.
  3. Example: A retailer that sells WiFi-enabled (IoT) appliances also offers a service contract that allows its technicians to remotely access its customers' appliances to regularly update, maintain, or troubleshoot firmware. The provision of services through such contracts with Arizona customers would not establish physical presence for the retailer. The retailer's services, while ongoing, are conducted from outside the state.
  4. Example: A retailer that has a salesperson who regularly travels to Arizona for the purposes of selling goods and services and supporting previously sold goods and services may have physical presence, even if the salesperson is a resident of California and only present in Arizona temporarily throughout the calendar year. The retailer's sales activities, as conducted through its salesperson, are ongoing and conducted from within the state.
  5. Example: A retailer's employee who is a Nevada resident but is working remotely from Arizona while on vacation, performing bookkeeping and other routine business functions, does not establish physical presence in Arizona for the business. The employee's in-state activities are not significantly associated with a retailer's ability to establish and maintain a market in Arizona for its sales.
  6. Example: A new Utah-based retailer that has never made any sales to Arizona purchasers brings an inventory of crystals to sell at a two-day mineral and fossil show in Arizona. Over the two-day period, the retailer makes \$3,000 in sales. As an out-of-state retailer making sales from within Arizona who has not met the threshold requirements in A.R.S. § 42-5044, the retailer will incur an Arizona transaction privilege tax liability on the sales it makes at the show. Such Arizona-based sales are not considered for purposes of meeting the threshold requirements for a remote seller, pursuant to A.R.S. § 42-5044. If the retailer does not anticipate conducting additional sales from within Arizona on an ongoing basis, it should apply for a seasonal license to participate in the show.

## CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

7. Example: At the same mineral and fossil show described in subsection (D)(6), an new Arizona-based retailer of semi-precious gems also brings an inventory to sell at the show for the first time. As a retail business located in Arizona, the retailer must be licensed and must report and remit Arizona transaction privilege tax on its sales made at the show.
- E. Effective October 1, 2019, a retailer that establishes physical presence in Arizona pursuant to this rule shall continue to be responsible for reporting and remitting transaction privilege tax for the duration of such physical presence. If the retailer terminates its physical presence in the state, it shall report and remit transaction privilege tax for all transactions occurring on or before the last day of the month in which the vendor terminates its physical presence.

**R15-5-2003. Applicability of Provisions to Marketplace Facilitators and Remote Sellers**

Articles 1, 20, and 22 of this Chapter apply to any marketplace facilitator or remote seller who meets the threshold requirements in A.R.S. § 42-5044.

**Historical Note**

Repealed effective April 13, 1987 (Supp. 87-2). New Section made by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

**R15-5-2004. Multi-Location and Multi-Business Taxpayers**

- A. A taxpayer with multiple licenses for separate businesses shall maintain separate records for each licensed business, including details relating to the computation of taxes and exempt sales and digital or hard copies of applicable exemption certificates, as provided in subsection (B).
- B. The Department may request that records required to be maintained under this Section be made accessible for inspection or copying. To the extent reasonable or possible, the taxpayer shall make these records available to the Department in an electronic format, if requested.
- C. A tax is levied upon the privilege of engaging in specified businesses within Arizona. Class codes for reporting gross receipts subject to tax have been determined by the Department based on statutory provisions. Each business classification is independent of the others even when transacted under one license. A person who engages in more than one type of business under each license shall maintain books and records so that the gross proceeds of sales or gross income of each taxable business classification is shown separately.
- D. Except as provided in subsection (E), a marketplace facilitator shall maintain records that separately show sales made on its own behalf and sales made on behalf of marketplace sellers. Such records shall include details relating to the computation of taxes and exempt sales and also include digital or hard copies of applicable exemption certificates, as provided in subsection (B).
- E. If a marketplace facilitator reported through non-amended returns and remitted transaction privilege tax on sales made on its own behalf and sales made on behalf of marketplace sellers for tax periods on or before August 27, 2019, the marketplace facilitator shall maintain records that show details relating to the computation of taxes and exempt sales, and also include copies of applicable exemption certificates for both sales made

on their own behalf and on behalf of a marketplace seller. A marketplace facilitator shall have an alternate method to demonstrate the portion of sales made on behalf of marketplace sellers if under audit or for the purposes of claiming liability relief under A.R.S. § 42-5043 and R15-5-2216.

- F. A remote seller shall maintain records that separately show sales made directly to its own customers and sales made on its behalf through a marketplace facilitator. Such records shall include details relating to the computation of taxes and exempt sales and also include digital or hard copies of applicable exemption certificates, as provided in subsection (B).
- G. Failure to maintain appropriate books and records shall result in the imposition of the tax at the highest tax rate on gross proceeds of sales or gross income applicable to a classification under which the taxpayer is doing business.

**R15-5-2007. Credit for Accounting and Reporting Expenses**

- A. For purposes of this rule, the following definitions apply:
1. "Reporting period" means a calendar month unless another period is authorized pursuant to A.R.S. § 42-1322.
  2. "Statutory delinquency date" means the date by which a payment of tax is considered delinquent pursuant to A.R.S. § 42-1322.
  3. "Tax return" means the Transaction Privilege, Use, and Severance Tax Return (TPT-1).
  4. "Taxable business" means a business which is subject to either transaction privilege or severance tax.
  5. "Taxpayer" means taxpayer as defined in A.R.S. § 42-1322.04(C), including an entity which is exempt from state income tax. The following are considered a single taxpayer:
    - a. Members of an Arizona affiliated group filing a consolidated corporate income tax return under A.R.S. § 43-947;
    - b. Corporations in a unitary business filing a combined corporate income tax return under A.A.C. R15-2-1131(E);
    - c. Married taxpayers operating separate sole proprietorships and filing a joint income tax return under A.A.C. R15-2-1131(E); or
    - d. Partnerships, S Corporations, trusts, or estates conducting multiple businesses, filing a single income tax return.
- B. A taxpayer shall compute the credit, using the full amount of tax as required to be reported on the tax return, including any excess tax collected. The Department shall not allow a credit against taxes other than the state transaction privilege tax and the severance tax.
- C. Except as provided in subsection (D), the Department shall not allow a credit if the taxpayer fails to pay the tax due before the

## CHAPTER 5. DEPARTMENT OF REVENUE - TRANSACTION PRIVILEGE AND USE TAX SECTION

statutory delinquency date. Failure to pay the tax due includes the following circumstances:

1. The taxpayer makes an underpayment of tax due, including any estimated tax due, or,
  2. The taxpayer's check is dishonored.
- D. In the case of taxpayer computational error, the Department shall allow the credit based on the amounts originally filed, if the computational error resulted in the overpayment or underpayment of the tax actually due:
1. In the case of an overpayment, the Department shall allow the credit on the actual amount of tax due for the reporting period.
  2. In the case of an underpayment, the Department shall allow the credit on the amount of the tax paid prior to the statutory delinquency date.
- E. To receive the credit for each reporting period, the taxpayer shall claim the credit on the tax return. If the taxpayer understates the amount of the credit on the tax return, the Department shall allow the amount of credit which the taxpayer has claimed. The taxpayer may file an amended return to claim any unclaimed portion of the credit if the taxpayer timely paid the tax upon which the credit is based. If the taxpayer overstates the amount of the credit, the Department shall allow the amount of credit actually permitted for the reporting period.
- F. A taxpayer is entitled to one credit, regardless of the number of licenses, businesses, or locations the taxpayer may have. Taxpayers with multiple licenses for separate businesses or separate locations shall elect the manner in which to allocate the credit among their licenses within the \$10,000 annual limitation. The election shall be made on a form 51-T. The taxpayer shall file the election on or before January 15 of the first year for which an election is being made or within 30 days prior to beginning operations if the taxpayer is a new business entity. The taxpayer is required to file an election one time; however, a new election may be filed under the following circumstances:
1. If a taxpayer does not claim the entire \$10,000 credit during the calendar year, the taxpayer may amend the election at the end of the calendar year to reallocate the unclaimed portion of the credit for that particular year. This amended election shall be filed on or before January 31 of the following year. To claim the reallocated credit, the taxpayer shall file an amended tax return for each reporting period in which a sufficient tax was due and timely paid. For example: an individual owns three separate businesses with different transaction privilege tax licenses. At the beginning of the year, the individual allocates the \$10,000 credit as follows: \$3,000 to Company A; \$2,000 to Company B; and \$5,000 to Company C. At the end of the year, Companies A and B have claimed the credit up to their allocated amounts. However, Company C has only claimed \$1,000 of its allocated credit. Company A timely paid a sufficient amount of tax during the months of August and September to qualify for an additional \$4,000 credit. The individual may amend the election to reallocate the unclaimed credit to Company A. To claim the \$4,000 credit, the individual must file an amended tax return for Company A for the months of August and September.
  2. If a taxpayer acquires, sells, or terminates a taxable business during the calendar year, the taxpayer may amend the election at that time to reallocate the credit. The taxpayer shall only reallocate the portion of the credit which has not been claimed by the date on which the taxpayer acquires, sells, or terminates the business. The taxpayer shall ensure that the election relates to the acquired, sold,

or terminated business and is made on a prospective basis only. The taxpayer shall notify the Department of the reallocation 30 days prior to the due date of the tax return for the reporting period to which the reallocation applies. For example: Corporation A is the common parent of Corporations B and C and elects to file a consolidated corporate state income tax return. Each of the three corporations conducts a taxable business activity. Since the three corporations file state income tax as one entity, Corporation A is required to allocate the \$10,000 credit among the three corporations. At the beginning of the year, Corporation A elects to allocate the entire \$10,000 credit to Corporation B. On July 1, Corporation A acquires Corporation D which also conducts a taxable business activity. Corporation A may amend its election at this time to take into account Corporation D. Corporation A may reallocate the portion of the credit not already claimed by Corporation B to Corporation D.

- G. Where a taxpayer is allocating the \$10,000 credit, the following rules apply:

1. The Department shall allow a unitary business, filing a combined corporate state income tax return, or an Arizona affiliated group, filing a consolidated corporate state income tax return, one \$10,000 credit. The unitary business or affiliated group may allocate the credit among its members. If the unitary business or affiliated group fails to allocate the \$10,000 credit, the Department shall allocate the credit to the corporation in whose name the unitary business or affiliated group files its state income tax return regardless of whether the corporation conducts a taxable business.
  - a. If a corporation joins an Arizona affiliated group or unitary business during the calendar year, the Department shall classify the corporation as a separate taxpayer for the period before it joins the affiliated group or unitary business. The Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period after it joins the affiliated group or unitary business. An affiliated group or unitary business may allocate the \$10,000 credit, even if a member corporation claimed the credit before it joined the affiliated group or unitary business.
  - b. If a corporation leaves an affiliated group or unitary business during the calendar year, the Department shall classify the corporation as the same taxpayer, an affiliated group, or unitary business for the period before it leaves the affiliated group or unitary business. The Department shall not classify the corporation as the same taxpayer for the period after it leaves the affiliated group or unitary business. The corporation, as a separate taxpayer or part of a separate taxpayer, may allocate the \$10,000 credit, even if the corporation claimed the credit before it left an affiliated group or unitary business.
2. If a partnership, S corporation, trust, or estate conducts multiple taxable businesses, the Department shall allow the partnership, S corporation, trust, or estate one \$10,000 credit. The partnership, S corporation, trust, or estate may allocate the credit among its businesses. The credit shall not be allocated to the partners of a partnership, shareholders of an S corporation, or beneficiaries of a trust or estate.
3. In cases where the taxpayers are married and each spouse conducts a taxable business, the Department shall allow one \$10,000 credit per income tax return. If the married

taxpayers file separate individual income tax returns, the Department shall allow each spouse one \$10,000 credit. If the married taxpayers file a joint income tax return, the Department shall allow one \$10,000 credit for the couple.

**R15-5-2008. Reserved****R15-5-2009. Transactions Between Affiliated Persons Who Are Marketplace Facilitators, Marketplace Sellers, or Remote Sellers**

- A. In this Section, “affiliated person” has the same meaning as prescribed in A.R.S. § 42-5043.
- B. For the purposes of determining whether a remote seller or marketplace facilitator meets the threshold requirements in A.R.S. § 42-5044, the sales of marketplace facilitators and remote sellers who are affiliated persons shall be aggregated. If the threshold is met after aggregation of such sales, then all affiliated marketplace facilitators and remote sellers shall register with the Department for the filing and remission of retail transaction privilege tax. Marketplace facilitators and remote sellers who are affiliated persons are required to register with the Department and obtain a transaction privilege tax license under this Section for each affiliated person even if some or none of the affiliated persons would meet the threshold on an individual basis.
- C. A marketplace facilitator or remote seller with affiliated persons who meets the threshold requirements in A.R.S. § 42-5044 are not required to file consolidated returns.
- D. For the purposes of determining whether a remote seller meets the threshold requirements in A.R.S. § 42-5044, only the remote seller’s sales that are not facilitated on a marketplace shall be counted towards its threshold.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

**R15-5-2010. Transactions Between Affiliated Persons**

- A. For purposes of this rule, the following definitions apply:
  - 1. “Actual ownership” means direct ownership and control but does not include ownership by or through affiliated persons.
  - 2. “Affiliated persons” means members of the individual’s family or persons who have ownership or control of a business entity.
  - 3. “Constructive purchase price” means the fair market value or, if the fair market value cannot be determined, the value established by expert appraisal that takes into consideration all factors relevant to the transaction.
  - 4. “Control of a business entity” means direct or indirect ownership or control of more than 50% of the business entity. The following guidelines, as to indirect ownership, shall apply for purposes of determining control of a business entity.
    - a. A corporation, partnership, estate, or trust shall be considered as being owned proportionately by or for its shareholders, partners, or beneficiaries.
    - b. An individual shall be considered as owning directly or indirectly that portion which is owned by or for members of the individual’s family.
    - c. The ownership of stock by a corporation, partnership, estate, or trust shall be considered actual ownership to its shareholders, partners, or beneficiaries for purposes of making another individual a constructive owner.

d. Ownership based on a family relationship shall not be treated as actual ownership by the related party for the purpose of making another individual a constructive owner.

- 5. “Fair market value” means the gross receipts that the transaction would have brought in the open market at a time and location similar to that of the affiliated party transaction and between a willing purchaser and a willing seller, who are not affiliated and have reasonable knowledge of the relevant facts.
- 6. “Members of the individual’s family” means the relationship of spouse, brothers, and sisters, whether by whole or half blood and including adopted persons, ancestors, and lineal descendants.
- B. The tax shall be computed upon the constructive purchase price when:
  - 1. The transaction is between affiliated persons, and
  - 2. The facts and circumstances indicate that the reported gross receipts from the transaction are not indicative of the fair market value of the transaction.

**Historical Note**

Renumbered from Section R15-5-1850 and amended effective October 14, 1993 (Supp. 93-4). Corrected typographical error to reflect what was filed with the Office of Secretary of State October 14, 1993; changed “owner” to “owned” in subsection (A)(4)(a) (Supp. 97-1).

**R15-5-2011. Bad Debts**

- A. The deduction of a bad debt shall be allowed from gross receipts if the following conditions apply:
  - 1. The gross receipts from the transaction on which the bad debt deduction is being taken have been reported as taxable;
  - 2. The debt arose from a debtor-creditor relationship based upon a valid and enforceable obligation to pay a fixed or determinable sum of money; and
  - 3. All or part of the debt is worthless.
- B. A debt shall be considered worthless if:
  - 1. The surrounding circumstances indicate that the debt is uncollectible; and
  - 2. Legal action to enforce payment has not or, in all probability, would not result in the satisfaction of the debt.
- C. The bad debt deduction shall be computed by subtracting the amounts received on the debt from the amount originally reported as taxable. The portion of the amounts received on the debt representing carrying charges, interest, and repossession expenses, which have not been reported as taxable, shall not be allowed as a bad debt deduction.
- D. A bad debt deduction shall be taken in the month in which the conditions of subsection (A) apply.
- E. A bad debt deduction shall be allowed, pursuant to the provisions in this rule, on conditional or installment sales if:
  - 1. The tax liability is paid on the full sales price of the tangible personal property at the time of the sale; or
  - 2. A contract or other financial obligation is sold to a third party as a sale with recourse and principal payments are made by the vendor to the third party, pursuant to the default of the original payor. Such principal payments may be taken as a bad debt deduction if the tax was paid by the vendor on the original sale of the tangible personal property or on the subsequent sale of the financing contract.
  - 3. For purposes of the bad debt deduction in situations of default on conditional or installment sales, a “sale with recourse” means that a vendor sells a contract or other

financial obligation to a third party but retains liability for payment upon default of the original payor.

- F. Any recovery of a bad debt subsequent to a bad debt deduction shall be reported as taxable gross receipts when received.

**R15-5-2210.01. Factoring**

"Factoring" means a method by which the taxpayer may determine the amount of the tax when the tax is collected as an unspecified part of the selling price.

- 1. The taxpayer may use any factoring method resulting in a tax amount equal to the tax as calculated using the separate and distinct item of charge method.
- 2. The following factoring method is approved and recommended by the Department.

To calculate the tax under the factoring method, the total cost to the consumer is divided by one plus the cumulative amount of the state and applicable county, city, and town tax rates, stated as a decimal. The result of this calculation is then multiplied by the cumulative tax rate to arrive at the amount of the tax on the sale. The gross receipts subject to tax, plus the cumulative tax on that amount, shall equal the total cost to the consumer.

To factor:

Total cost to the consumer	\$105
Divide the total cost to the consumer by 1 plus the tax rate (1.00 plus .05)	
\$105 divided by 1.05 equals the price of tangible personal property	\$100
Tax as calculated (\$100 times 5%)	\$5

  1. If the purchaser does not have a valid license number, the purchaser shall indicate the reason on any certificate.
  2. Marking an invoice may be done either by recording the purchaser's transaction privilege tax license number on the invoice or by cross referencing the specific transaction to the specific exemption certificate of the specific purchaser.

  4. The appropriate certificate shall be accurately and fully completed by the purchaser.
  5. If the vendor has reason to believe that the information contained in the certificate is not accurate, complete, or applicable to the transaction, the vendor may refuse to accept the certificate.
  6. If at any time the vendor has reason to believe that the certificate is not applicable to a transaction, the vendor may refuse to honor the certificate for that transaction.
  7. The Department may challenge the certificate as accepted by the vendor if the Department has reason to believe that the information in the certificate is incomplete, inaccurate, or if the exemption claimed is not based on statutory provisions. The burden of proof lies with the Department when a vendor accepts a completed departmental certificate and marks the applicable invoice pursuant to statute.
- C. A blanket certificate may be accepted if the vendor and purchaser agree. The blanket certificate may continue in force, for applicable transactions, for a period of time as set forth on the certificate. For purposes of this rule, a blanket certificate is one

which covers the indicated type of transaction over a specified period of time.

1. The vendor may refuse to honor a blanket certificate and shall cancel such a certificate if, at any time, the vendor has reason to believe that the information contained in the certificate is no longer accurate or complete or no longer applies.
  2. A new, accurate, and complete certificate may then be accepted.
- D. Documentation, including a certificate other than a departmental certificate, may be accepted by the vendor to establish the right to a deduction.

    2. Other documentation necessary to establish a deduction from the tax base shall contain the information required by A.R.S. § 42-1316(A).
  - E. Documentation or a certificate to establish a deduction from the tax base shall be provided for each transaction or if a blanket certificate is used for each different exemption category.

**R15-5-2216. Liability Relief for Marketplace Facilitators and Remote Sellers****A. In this Section:**

1. "Affiliated person" has the same meaning as prescribed in A.R.S. § 42-5043.
2. "Incorrect information" means any information that was given to the marketplace facilitator by the marketplace seller and that is not accurate. Incorrect information does not include any of the following:
  - a. Mistakes related to the process of filing a return, such as the frequency, non-filing, or manner of filing;
  - b. Mistakes related to the manner of remitting tax liability to the Department;
  - c. Failure to remit all amounts collected and represented as tax.
3. "Errors other than sourcing" means errors related to the details of a sale and errors related to tax rates. "Errors other than sourcing" does not include any of the following:
  - a. Mistakes related to the process of filing a return, such as the frequency, non-filing, or manner of filing.
  - b. Mistakes related to the manner of remitting tax liability to the Department.
  - c. Failure to remit all amounts collected and represented as tax.
4. "Taxable sales" means gross sales sourced to this state less any allowable deductions or exemptions.

- B. A marketplace facilitator or remote seller may apply for liability relief pursuant to A.R.S. § 42-5043 as outlined by Department-issued procedure.
- C. A marketplace facilitator or remote seller may not obtain liability relief under A.R.S. § 42-5043 if the marketplace facilitator or remote seller does not act in good faith. "Good faith" means acting with honesty and with no knowledge of circumstances that would render the marketplace facilitator or remote seller ineligible for liability relief.
- D. In processing an application for liability relief pursuant to A.R.S. § 42-5043, the Department will waive penalties and interest when reasonable cause exists. Whether reasonable cause exists is based on the facts and circumstances of the specific request for relief, which may include whether the marketplace facilitator should have known that the information provided by the marketplace seller was incorrect; whether the marketplace facilitator or remote seller applied for liability relief for the same errors other than the sourcing in the prior 12 months; and other relevant factors.
- E. The liability relief limitations provided in A.R.S. § 42-5043 for a marketplace facilitator shall be applied in relation to the total tax liability of all the marketplace sellers selling on the marketplace facilitator's marketplace. Nothing in this rule shall be construed as allowing any liability relief for a marketplace facilitator in relation to its own sales or sales on behalf of any of its affiliates.
  1. Example: ABC, a marketplace facilitator, applies for liability relief based on a filing error in 2019 because it applied a lower tax rate to all of one of its marketplace seller's sales. The total tax due for all taxable Arizona sales for all marketplace sellers' sales in 2019 is \$63,000. Liability relief may be granted to ABC for up to \$3,150 ( $5\% \times 63,000$ ).
  2. Example: Assume the same facts as in the example found in subsection (E)(1). Besides sales that ABC facilitated on behalf of third-party marketplace sellers, ABC also made its own sales through its marketplace. These direct sales by ABC resulted in an actual combined tax liability of \$10,000 that ABC erroneously reported to the Department as \$5,000. ABC will not be granted liability relief for errors resulting from these direct sales.
  3. Example: In 2020, ABC, a marketplace facilitator, files an amended return based on incorrect information provided to it by one of its marketplace sellers. ABC applies for liability relief as soon as possible after discovering the error. The evidence shows that ABC acted in good faith and could not have known that the information was incorrect. This constitutes an error under A.R.S. § 42-5043(A)(1). This statutory provision authorizes the Department to grant relief, and there is no limitation on the amount of relief that can be granted. The Department may grant relief that is reasonable under the circumstances.
  4. Example: In 2020, XYZ, a remote seller, deducted amounts for sales that it thought were exempt, but after further research, realized were in fact taxable. XYZ's total tax due from its gross sales for the period under consideration is \$31,500. Pursuant to A.R.S. § 42-5043(B)(2), liability relief for XYZ's non-sourcing related error may be granted in any amount up to \$945 ( $3\% \times \$31,500$ ).
  5. Example: In 2022, ABC, a marketplace facilitator, files an amended return based on incorrect information provided to it by one of its marketplace sellers. In the same year, ABC also makes a filing error by using the incorrect tax rate on a sale. ABC applies for liability relief in both

instances. The Department may grant liability relief under A.R.S. § 42-5043(A)(1) for errors resulting from the incorrect information provided to ABC by its seller. However, no liability relief is available for ABC's filing error, pursuant to A.R.S. § 42-5043(B).

6. Example: XYZ, a remote seller, files a paper tax return late and also pays late. Consequently, XYZ accrues penalties for late filing, late payment, and filing in an inappropriate manner (i.e., not electronically through AZTaxes.gov). The Department may grant penalty relief in all instances if XYZ shows reasonable cause.

**Historical Note**

Repealed effective February 22, 1989 (Supp. 89-1). New Section made by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

**R15-5-2217. Reasonable Cause for Waiver of Civil Penalties**

- A. Pursuant to A.R.S. 42-1125, the Department shall not apply specified civil penalties for failure to pay a required amount of transaction privilege tax or file a required transaction privilege return if reasonable cause exists and the failure to pay was not due to willful neglect or fraud. Generally, reasonable cause exists whenever a taxpayer uses prudent and timely business practices but nonetheless fails to fully comply with its tax remittance and reporting requirements due to circumstances beyond the taxpayer's control.
- B. The Department must consider a taxpayer requesting waiver of civil penalties to have reasonable cause if a failure to pay transaction privilege tax due or file a required transaction privilege tax return was due to a system outage or other system unavailability—whether scheduled or unscheduled—of AZTaxes.gov that prevents or substantially interferes with a taxpayer's ability to access, submit, or otherwise complete a required return or payment and submit the return or payment in the time required by law.
- C. The Department must consider a taxpayer requesting waiver of civil penalties to have reasonable cause if a failure to pay the full and correct amount of transaction privilege tax due or file a complete and correct transaction privilege tax return was due to a software- or application-based error by either AZTaxes.gov or a Department-approved vendor's software to calculate and file a transaction privilege tax return, if the error demonstrably results in the incorrect calculation or payment of any taxes due.
- D. Except as provided in subsection (E), a taxpayer requesting waiver of civil penalties for reasonable cause shall notify the Department of the issue or error in writing within a reasonable time after becoming aware of the issue or error.
- E. The Department may waive civil penalties without requiring a written taxpayer request for any system outage, system unavailability, or other event or anomaly as described in subsections (B) and (C) if it becomes aware of the event or anomaly before issuing a penalty assessment.

**ARTICLE 23. USE TAX****R15-5-2301. Definitions**

In this Article:

1. "Purchases" means purchase for storage, use, or consumption in Arizona.

2. "Retailer" has the same meaning as prescribed in A.R.S. § 42-5151, but does not include a marketplace facilitator or remote seller who meets the threshold requirements in A.R.S. § 42-5044.
3. "Utility business" has the same meaning as prescribed in A.R.S. § 42-5151.

**Historical Note**

Repealed effective July 23, 1985 (Supp. 85-4). New Section R15-5-2301 adopted effective December 6, 1990 (Supp. 90-4). Amended effective September 29, 1993 (Supp. 93-3). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

**R15-5-2302. General**

- A. A.R.S. § 42-5155 imposes Arizona use tax upon a purchaser that purchases tangible personal property from an out-of-state retailer or utility business if the retailer or utility business's gross receipts from the sale have not already been included in the measure of Arizona transaction privilege tax. Because Arizona transaction privilege tax and Arizona use tax are complementary taxes, only one of the taxes is imposed on a given transaction.
- B. Arizona use tax generally applies to the use, storage, or consumption in this state of tangible personal property purchased from an out-of-state retailer or utility business.
- C. If a purchaser pays to an out-of-state retailer or utility business a tax of another state levied on the sale or use of tangible personal property that is subject to Arizona use tax, the purchaser may apply the amount of tax paid to the other state against the purchaser's use tax liability.
- D. A purchaser that purchases tangible personal property exempt from tax because the property is purchased for resale in the ordinary course of business but subsequently uses or consumes the tangible personal property shall pay Arizona use tax.

**Historical Note**

Amended by final rulemaking at 11 A.A.R. 2293, effective August 6, 2005 (Supp. 05-2). Amended by exempt rulemaking at 25 A.A.R. 3010, effective October 1, 2019 (Supp. 19-3).

**R15-5-2303. Repealed****Historical Note**

Repealed effective January 16, 1997 (Supp. 97-1).

**R15-5-2304. Presumption of Taxability of Property Brought into Arizona**

- A. If tangible personal property is purchased outside Arizona and is subsequently brought into this state for use, storage, or consumption, the purchaser of such property shall be subject to the Arizona use tax unless the purchaser establishes to the satisfaction of the Department:
  1. That the property is not used in conducting a business in Arizona; and
  2. That the property was purchased for bona fide use or consumption outside Arizona. Unless shown otherwise, it shall be presumed that the property was purchased for bona fide use or consumption outside of Arizona if the property was purchased at least three months prior to its initial entry into Arizona; or
  3. If the property was purchased by a nonresident individual, that the first actual use or consumption of the property occurred outside Arizona.
- B. It shall be presumed that property brought into the state is subject to the use tax. The burden of proof that a purchase is not subject to use tax rests upon the purchaser.

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**Supp. 21-3**

*Editor's Note: A.R.S. § 41-1005 was amended. The reference to the A.R.S. § 41-1005(A)(18) exemption in this Chapter has changed to A.R.S. § 41-1005(A)(16) (Supp. 14-4).*

*Editor's Note: The Office of the Secretary of State prints all Code Chapters on white paper (Supp. 03-4).*

*Editor's Note: This Chapter contains rules which were adopted under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 41-1005(A)(18). Exemption from A.R.S. Title 41, Chapter 6 means that the Arizona Racing Commission did not submit these rules to the Governor's Regulatory Review Council for review and approval; the Commission did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Commission was not required to hold public hearings on these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

2. An owner, trainer, or authorized agent shall list each person with an ownership interest in a horse on the back of the horse's registration papers.
3. An owner, trainer, or authorized agent may enter a horse in person, by telephone or telegram, or in writing.
4. An owner, trainer, or authorized agent shall declare at the time of entry whether the jockey will carry a whip.
5. A person shall not enter a horse in a race unless the horse is eligible in all aspects at the time of entry, except with permission of the stewards.
6. The stewards shall assume a horse entered for a purse is a starting horse unless the stewards declare the horse out of the race.
7. A person nominating a horse in a stakes race shall write the person's full name, mailing address, and telephone number on the nomination form.
8. A person shall not enter a horse in more than one race in one day.
9. An owner shall not transfer a horse to a new trainer after entry.
10. An owner shall not enter a horse unless the horse's performance records for the preceding calendar year:
  - a. Are printed in the Daily Racing Form Monthly Chart Book, or
  - b. The owner provides the horse's performance records to the racing secretary before entry.
11. An owner, trainer, or authorized agent shall sign and certify a horse's performance record and shall provide the following information for the horse's last four races to ensure that all of the horse's races are in the record:
  - a. Where and when the horse raced;
  - b. The distance, weight carried, and amount earned; and
  - c. The finishing position and time of the race.
12. If a race overfills, the racing secretary shall ensure that the second half of an entry has no starting preference over a single entry except in stakes, handicap, and qualifying races.
13. An owner entering two or more horses in a race shall indicate the owner's preference for the horse that is to start if the race overfills. The owner shall make the claim of preference by noting the preference on the entry blank. An owner who fails to make a claim of preference loses the preference.
14. The racing secretary shall ensure that a horse excluded because a race overfills receives no consideration.
15. Two or more horses entered in a race may be uncoupled for wagering purposes if approved by the stewards, and:
  - a. All horses are owned, in whole or in part, by the same person; or
  - b. All horses are trained by a trainer who owns an interest in one of the horses.
16. In a race in which spouses who are both licensed trainers have entered horses, the trainers are not required to list an overfill preference unless there is common ownership of the horses entered.
17. The racing secretary shall decide whether to use an also-eligible list for any race meet:
  - a. The racing secretary shall determine the number of also-eligibles if the number of entries in a race exceeds the capacity of the starting gate;
  - b. If the number of entries in a race exceeds the number of horses permitted to start, the racing secretary shall determine the starters in a drawing supervised by a steward and witnessed by those making entries. If any of the starters declare out, the racing secretary shall draw from the also-eligible list the number of horses needed to fill the vacancies in the race;
  - c. The racing secretary shall assign horses, other than quarter horses, that gain a position in a race from the also-eligible list, to the outside post positions in the order in which they are drawn from the list. The racing secretary shall assign a quarter horse to the stall of a horse that is declared out;
  - d. If a horse on the also-eligible list does not start because of insufficient declarations, the racing secretary shall place the horse on the preferred list unless the owner has declined to accept an opportunity to start the horse;
  - e. If a race in which a horse is entered overfills, the racing secretary shall not consider an in-today horse for the race unless the conditions for the race read "Arizona Breds Preferred," or the race is a stakes or handicap race.
  - f. The racing secretary shall not consider a horse on the also-eligible list as an in-today horse until it has been given a position in a race or an opportunity to run.
  - g. At tracks where entries are taken two or more days before the date of a race, an owner, trainer, or authorized agent may enter a horse for the next race date if the horse has been placed on the also-eligible list for the first race date. If the horse is drawn into a race from its position on the also-eligible list, the racing secretary shall declare the horse an in-today horse and withdraw the horse from the race on the next race day in favor of a horse on the also-eligible list for that race.
18. After a horse is entered in a race, a person shall withdraw the horse only with permission of the stewards.
19. The racing secretary shall post a copy of the preferred list each afternoon. The stewards shall recognize a claim of

20. If an owner, trainer, or authorized agent does not declare a horse from the also-eligible list by the prescribed time, the racing secretary shall consider the owner or trainer willing to start the horse if another horse is scratched from the race. The racing secretary shall not place a horse on the preferred list if the owner or trainer does not accept the opportunity to start the horse.
21. A person shall not alter an entry after the closing of entries. The racing secretary may correct an error in an entry at any time.
22. If the name of a horse is changed, the racing secretary shall publish the new name and the former name in the official entries for the horse's first three starts after the name change. If the name of an Arizona-bred horse is changed, the racing secretary shall report the name change to the Department in writing within 30 days, listing both the new and former names.

**B. Conditions for entry.**

1. A person shall not enter a horse in a race unless the horse's certificate of foal registration, certificate of foreign registration, or racing permit is on file in the office of the racing secretary or permission is granted by the stewards. Foal certificates that are registered with the racing secretary and are in transit between the office of the racing secretary and the American Quarter Horse Association because of a transfer of ownership are considered to be in the possession of the racing secretary.
2. A horse that has reached its 14th birthday is ineligible to race in Arizona.
3. The stewards shall not permit a horse to run in a purse or stakes race unless the horse is entered in and eligible for the race.
4. The stewards may require a person in whose name a horse is entered to produce proof that the horse entered is not the property, either in whole or in part, of a person who is disqualified, or to produce proof of the extent of the person's interest in the horse. If the person fails to produce satisfactory proof, the stewards shall declare the horse out of the race if the stewards determine that declaring the horse is necessary to protect the public peace, safety, or welfare.
5. A person shall not enter a horse if the horse is on the stewards', paddock judge's, starter's, or veterinarian's list, or if the horse has been ruled off.
6. The racing secretary shall consider the performance record of a horse racing on the county fair circuit to determine the horse's eligibility at a commercial meet. A county fair racing secretary shall place a county fair win on the back of the horse's foal certificate.
7. The owner, trainer, or authorized agent shall ensure that a horse that has not started during the 45 days before a commercial meet has one official workout before starting at the commercial meet.
8. The racing secretary shall not allow a first-time starter to race until the horse has gate approval and at least two timed workouts, one of which is out of the gate and within 30 days before the race in which the horse is entered.
9. The racing secretary shall not allow a horse, other than a first-time starter, that has not started for one year or more to race unless the horse:
  - a. Completes at least two timed workouts within 60 days before the race in which the horse is entered; and

- b. One of the timed workouts is performed in the presence of the track veterinarian at a distance determined by the track veterinarian.

10. The racing secretary shall not allow a quarter horse to be entered for the first time in a race around a turn unless the horse has at least one timed workout around the turn.
11. The Department shall waive workout requirements for a county fair meet not run at a commercial track except the owner or trainer of a horse that has not started for one year or more shall complete a workout schedule with and determined by the state veterinarian before entry in the country fair meet.

**C. Starts.**

1. A person shall not start a horse in a race unless the horse is fully identified and tattooed, or otherwise authorized by the stewards. The Department shall hold a person, including the breeder, owner, trainer, and identifier, responsible for the accuracy of information the person provides regarding the identity of a horse.
2. An owner, trainer, or authorized agent shall not start a horse in a race until all stakes, forfeits, entry fees, and arrears due on the horse have been paid.
3. An owner, trainer, or authorized agent shall not start a horse in a race unless all persons having an ownership interest in the horse or an interest in the winnings of the horse have registered with the racing secretary.
4. The racing secretary shall display the post-position numbers of the horses in a race after overnight entries are closed and post positions are drawn. If a horse with an assigned post-position number does not start or run the track, the stewards may require an explanation from the owner, trainer, or jockey.

**D. Fees.**

1. Entrance to a purse race is free unless otherwise stipulated in the conditions of the race. If the conditions require an entrance fee, the fee is due at the time of entry.
2. The licensee entering a horse shall pay the nominating, sustaining, and starting fees. Except as provided in subsection (D)(4), the permittee shall not refund any fees paid to enter a horse in a race even if the horse dies, is withdrawn, or there is a mistake in the horse's entry if the horse was eligible at the time of entry.
3. If the conditions of a purse race require that an entrance fee be paid, the permittee shall not refund the entrance fee if the purse race is run even if a horse fails to start or dies except as provided in the conditions of the race.
4. The permittee shall distribute the entrance money, starting, and subscription fees as provided in the conditions of the race. If a race is not run, the permittee shall refund all stakes or entrance money.
5. The death of a nominator or subscriber does not void an entry, subscription, or right of entry.
6. A licensee shall not transfer a horse to an owner or trainer to avoid disqualification. As provided in A.R.S. § 5-108.05, the Department may fine or suspend the licensee making or receiving a transfer to avoid disqualification.

**E. Closing.**

2. Unless contrary notice is provided by the permittee, nominations for stakes that close during or on the eve of a race meet close at the office of the racing secretary at the published time.

## CHAPTER 2. ARIZONA RACING COMMISSION

3. The racing secretary shall not accept entries or declarations for stakes after the designated closing time.
  4. The racing secretary shall not accept an entry after a race has been drawn even if the number of horses on the also-eligible list is insufficient to provide a full field.
  5. The racing secretary shall consider a horse to be a scratch if the horse is withdrawn from a race after the overnight entries are closed. The scratched horse loses all of the horse's accrued preferences up to the date of the scratch unless the horse is excused by the stewards.
- F. Declarations.**
1. An owner, trainer, or authorized agent shall declare a horse from a stakes, handicap, or qualifying race in writing no later than one hour before post time of for the race.

3. Is not disqualified for failing to take a weight penalty in a race if the penalty results from the horse placing in a previous race after the race to which the weight penalty would be applicable is run.
  - G.** The stewards shall ensure that when a race is in dispute, both the horse that finished first and any horse claiming to have finished first incur the weight penalty that attaches to the winner of the race until the matter is decided.
  - H.** The stewards shall consider a horse that starts for a claiming price in optional or combination races to have started in a claiming race.
  - I.** When the conditions of a race indicate the race is to be run under "scale weights" or "weights for age," the stewards shall ensure that the race is run under the scale approved by the Department.
  - J.** The stewards shall ensure that in races of intermediate length, all horses carry weights for the shorter distances.
  - K.** In all races except handicap races and races in which conditions expressly provide otherwise:

The owner and trainer of a horse shall ensure that the horse is eligible and carries the correct weight.
- B.** Penalties and allowances are not cumulative unless the racing secretary declares penalties and allowances to be cumulative by the conditions of the race. Penalties and allowances take effect at the time a race starts except that in an overnight event, a horse shall have only the allowance to which it was entitled at the time of entry.
- C.** Penalties are obligatory. Allowances are optional in whole or in part. In an overnight event, if an allowance is claimed, a horse's owner or trainer shall claim the allowance at the time of entry.
- D.** The stewards shall not disqualify a horse if the failure of the horse's owner or trainer to claim a weight allowance results from an omission made by the racing secretary on the overnight listing of races. If an owner or trainer claims a weight allowance to which a horse is not entitled, the stewards shall disqualify the horse only if the incorrect weight is carried in the race. The Department shall subject a person who claims a weight allowance to which the person's horse is not entitled to discipline authorized under A.R.S. § 5-108.05.
- E.** The stewards shall ensure that a horse does not receive a weight allowance or is not relieved from a weight penalty as a result of having lost one or more races. This Section does not prohibit a maiden allowance or an allowance to a horse that has not won a race within a specified period or a race of a specified value.

**R19-2-116. Arizona Bred Eligibility and Breeders' Award Payments**

- A. A breeder shall file a notarized certificate affirming eligibility under A.R.S. § 5-113(F), with the Department. The certificate shall include name, color, and sex of the foal; name of the sire; name of the dam; date and location of foaling; The Jockey Club registration number or American Quarter Horse Association number; name, address, and telephone number of the

breeder; a statement that the animal is eligible pursuant to A.R.S. § 5-113(F), and that the person shown as the breeder was the owner of the dam at the time of foaling; and such other information as may be required by the Department to determine eligibility and shall be signed by the breeder. The breeder shall submit a copy of The Jockey Club registration papers with certificates for thoroughbreds.

1. Certification is deemed to occur upon the Department's receipt of the completed certificate.
2. The horse shall be certified by the Department at the time of the win to be eligible for an award.
- B.** A permittee shall recognize any horse for which there is an Arizona Bred Certificate on file with the Department or an association contractor as an Arizona bred horse.
- C.** For races that offer a guaranteed purse value of \$50,000 or less, the Department shall make an award based on the total amount earned by the winner, including nominating, sustaining, and starting fees. For races that offer a guaranteed purse value of more than \$50,000, the Department shall not include nominating, sustaining, or starting fees when calculating an award.
- D.** The Department shall calculate and pay breeders' awards to eligible breeders.
  1. Definitions
    - a. "Quarterly Breeders' Award" means an amount of money based on the quarterly breeders' award payment factor determined by the Department each fiscal year by October 30.
    - b. "Substitute Breeders' Award" means an amount of money based on a substitute payment factor because of the lack of sufficient money to pay conventional Quarterly Breeders' Awards.
    - c. "Supplemental Breeders' Award" means an amount of money that corrects a shortfall between conventional Quarterly Breeders' Awards and Substitute Breeders' Awards.
    - d. "End-of-year Bonus Award" means an amount of money that may be paid to breeders from available monies that remain in the breeders' award fund after payment of Quarterly Breeders' Awards, Substitute Breeders' Awards and Supplemental Breeders' Awards.
  2. The Department shall pay awards at the end of each fiscal year quarter, provided that the total amount of the awards payments does not exceed the total amount of money available in the fund less the amount required to be set aside for contingent liabilities in subsection (D)(8).
  3. Quarterly Breeders' Awards. Before October 30 of each year, the Department shall determine a quarterly breeders' award payment factor that will be applied during the entire fiscal year. The payment factor determined by the Department is not subject to appeal.
    - a. The Department shall evaluate anticipated revenues for the breeders' award fund and anticipated purses for eligible Arizona-bred animals and set the payment factor at a level that permits recipients of quarterly breeders' awards to receive awards throughout the fiscal year based on the same payment factor.
    - b. The Department shall notify representatives of each breeders' association of the quarterly breeders' award payment factor in writing before October 30 of each year.
    - c. The Department shall calculate quarterly breeders' awards by multiplying the amount of each purse won by an eligible animal during that quarter by the quarterly breeders' award payment factor established for the fiscal year.
    - d. The Department shall make quarterly breeders' awards not later than 30 days after the end of each quarter, unless full quarterly breeders' awards cannot be made due to the lack of available money in the fund.
  4. Substitute Breeders' Awards. The Department shall make substitute breeders' awards if there are sufficient monies in the fund to allow for an award but not enough monies to provide for full payments of quarterly breeders' awards based on the quarterly breeders' award payment factor.
    - a. The Department shall determine the substitute payment factor by dividing the total amount of monies in the Arizona breeders' award fund at the end of the quarter less the amount required to be set aside for contingent liabilities in subsection (D)(8) by the total amount of purses won by eligible Arizona-bred animals during that quarter.
    - b. The Department shall calculate substitute breeders' awards by multiplying the amount of each purse won by an eligible animal during that quarter by the substitute payment factor for that quarter.
  5. End-of-year bonus pool. After payment of all quarterly breeders' awards and any substitute breeders' awards has been calculated, the Department shall determine the amount of monies remaining in the fund. The end-of-year-bonus pool is the amount of monies remaining in the Arizona breeders' award fund after the payment of all quarterly breeders' awards for the fiscal year less the amount required to be set aside for contingent liabilities in subsection (D)(8).
  6. Supplemental Breeders Awards. The Department shall first pay any monies in the end-of-year bonus pool in the form of supplemental breeders awards to recipients of substitute breeders' awards.
    - a. The Department shall pay supplemental breeders' awards in an amount equal to the difference between the substitute breeders' award and the quarterly breeders' award the breeder would have received if there had been enough in the fund to pay an award based on the quarterly award payment factor.
    - b. In the event the end-of-year bonus pool cannot pay supplemental breeders' awards to make up for the shortfall to all substitute breeders' award recipients, the Department shall pay supplemental breeders' awards to all breeders eligible to receive a supplemental breeders' award on a pro-rata basis.
    - c. A breeder is eligible to receive a supplemental breeders' award from the end-of-year bonus pool only if the breeder received a substitute breeders' award during that fiscal year.
    - d. The Department shall not make supplemental breeders' awards if all eligible breeders received quarterly breeders' awards during the fiscal year.
  7. End-of-year Bonus Awards. The Department shall pay end-of-year bonus awards if monies remain in the end-of-year bonus pool following any supplemental payments.
    - a. The Department shall determine an end-of-year bonus payment factor by dividing the monies in the end-of-year bonus pool by the total amount of purses won by an eligible animal during the fiscal year.
    - b. The Department shall calculate end-of-year bonus awards by multiplying the amount of each purse won by an eligible animal by the bonus payment factor.

## CHAPTER 2. ARIZONA RACING COMMISSION

8. Contingent liabilities. The Department shall retain \$10,000 in the Breeders' Award fund for contingent liabilities.
9. The Department shall not make quarterly breeders' awards, substitute breeders' awards, supplemental breeders' awards or end-of-year bonus breeders' awards if the total amount available for distribution is less than \$10,000. In the event the Department does not pay an award because less than \$10,000 is available for distribution, the Department shall carry forward the amount in the fund for payment of awards when the Department next calculates awards.
10. Appeal of Director's Rulings
  - a. The Director shall make the final decision concerning a breeders' award.
  - b. The Department shall give written notice of the decision to an applicant by mailing it to the address of record filed with the Department.
  - c. After service of the Director's decision, an aggrieved party may obtain a hearing under A.R.S. §§ 41-1092.03 through 41-1092.11.
  - d. The aggrieved party shall file a notice of appeal with the Department within 30 days after receiving the notice prescribed in R19-2-116(D)(10)(b).
  - e. The Department shall notify the Office of Administrative Hearings, which shall schedule and conduct the hearing.
- E. The permittees shall submit to the Department an Arizona Breeders' Award Report in the form prescribed by the Department. The report shall include name of the animal, name of the breeder, date of win, win purse amount, type of race, name of track, and such other information as may be required by the Department to calculate awards.
- F. The Arizona Thoroughbred Breeder's Association, Arizona Quarter Racing Association, Arizona Greyhound Breeder's Association, and such other associations as may represent breeders in this state may assist the Department in periodic reviews of eligibility lists and may provide such other assistance in administering the fund as may be required by the Department.
- G. At least every other three years the Commission shall select a committee, consisting of representatives of each breeders' association and the Department, which shall review this rule and submit written recommendations to the Commission.
2. Any objection to a horse that has run in a race on the grounds that it was not trained by a licensed trainer, or ridden by a licensed jockey, or that the names of all those having ownership in it or an interest in its winnings have not been registered with the secretary shall be made not later than the day after that upon which the race was run.
3. Any objection on the grounds of fraudulent or intentional misstatement or omission in the entry under which a horse has run, or on the grounds that the horse which ran was not the horse it was represented to be in the entry or at the time of the race, or was not of the age it was represented to be shall be received within three days after the race.
- B. Every objection, unless otherwise provided, shall be made within 72 hours after the race is run and shall be determined by the stewards.
- C. Pending the determination of an objection, any money or prize which the horse objected to may have won, or may win in the race, shall be withheld until the objection is determined, and any sum payable to the owner of the horse objected to shall be paid to the horsemen's book keeper and held for the person who may be determined to be entitled to it.
- D. Pending the disposition by the stewards, Department, or Commission of any question, both the horse which finished first and any horse which has claimed to be the winner of the race shall be liable to all the penalties attaching to the winner of that race until the matter is decided.
- E. If an objection to a horse which has won or been placed in a race is declared valid, that horse may be disqualified in the place in which he finished and replaced at the discretion of the stewards.
- F. The stewards shall have the power at any time, whether or not an objection has been made, to order an examination by such person or persons as they deem fit as to the age of any horse entered for a race, or which has run a race and shall withhold any money the horse may have won until such examination is made. If the horse is declared of wrong age, the expense of such examination shall be paid by the owner.
- G. No person shall lodge an unsubstantiated objection with the stewards.
- H. The stewards may require a cash deposit of \$200 to cover costs and expenses in determining an objection. The deposit posted herein may be forfeited if the objection should prove to be without foundation.
- I. Every objection which is not decided by the stewards during the meeting shall be filed in writing with the Director.
- J. Permission of the stewards shall be necessary before an objection may be withdrawn.

## CHAPTER 2. ARIZONA RACING COMMISSION

from R4-27-118 (Supp. 95-1).

**R19-2-119. Running the Race and Winnings****A. Generally.**

1. The permittee shall conspicuously post all track rules and file a copy of the rules with the Department.
2. The permittee shall ensure that post times are based on the number of races run daily and that all races are off at regular intervals. The permittee shall set the intervals with the approval of the stewards.
3. The permittee shall pay purse monies earned by a horse to only the horse's registered owner or the owner's authorized agents.
4. In a stakes race that is a walkover, unless otherwise specified in the conditions of the race, the entry that appears for the race may walk over the track and be declared the winner. The permittee shall pay the walkover the entire stakes and the winning percentage of the purse.

**B. Pre-race activity.**

1. The paddock judge shall ensure that the number on the saddle cloth of a horse corresponds with the horse's number on the official race program.
2. When a horse arrives in the paddock, the trainer shall remove all blankets and bandages except bandages the horse will wear during the race.
3. The stewards shall scratch a horse that arrives late in the paddock and is not ready to step onto the track with other horses entered in the same race.
4. Each horse shall parade and carry the horse's weight from the paddock to the starting post.
5. If a horse is led to the post with permission of the paddock judge, the horse shall carry the horse's weight and pass the stewards' stand on the way to the post.
6. After the horses are ordered to the starting post and until the stewards direct the track gates to be reopened, the stewards shall exclude all persons except licensees designated by the stewards from the track.
7. After the horses enter the track, no more than 12 minutes shall elapse during the parade of the horses to the post, except with the approval of the stewards.
8. After passing the stand once, the horses may break formation, canter, warm up, or move in any other manner until the horses are within 100 yards of the post.

**C. Races.**

1. The Department shall ensure that all races are started by a starting gate approved by the Department.
  - a. A race may be started without a stall gate or a gate with the doors open may be used if necessary and with the permission of the stewards.
  - b. If a race is started without a stall gate, the official starter shall ensure there is no start until, and no recall after, a starter's assistant drops the starter's flag in response to the order of the official starter.
2. If there is an unavoidable delay in starting a race, the starter shall instruct the riders to dismount and lead their horses.
3. A horse may be excused by the stewards and, if excused, shall not be considered to have started in the race if the horse is:
  - a. Deemed unfit to start during the post parade, or
  - b. Injured by an accident in the gate.
4. A horse that misbehaves in the gate and causes an undue delay in the start of a race may be excused by the starter after consultation with the stewards. The horse shall not be considered to have started in the race, but shall be penalized by being put on the schooling list. As specified in R19-2-113(B)(1)(5), a horse on the starter's schooling

list is not eligible for entry in races until the starter, with the approval of the stewards, removes the horse from the schooling list.

5. A race shall not be run if conditions do not allow the horses to be plainly seen from the stand by the judges and stewards.
6. Every horse in a race is entitled to racing room. A horse or jockey shall not deliberately pocket another horse. In a straightaway race, each horse shall maintain the position in the lane in which the horse starts as nearly as possible.
7. If a horse is ridden or drifts out of its lane in a manner that interferes with or impedes another horse, a foul is committed. The stewards may disqualify the horse committing the foul if the outcome of the race is affected by the foul. The stewards may place the horse committing the foul behind the horse fouled. The provisions of this subsection apply to fouls caused by the horse or the jockey and fouls caused intentionally or unintentionally.
  - a. If part of an entry is disqualified, the stewards shall decide whether the disqualification extends to all of the entry. If the disqualification does not extend to all of the entry, the stewards shall specify the part of the entry to which the disqualification extends.
  - b. The stewards shall not penalize a jockey if the stewards rule that the foul under subsection (C)(7) was caused by the horse, despite obvious efforts of the jockey to maintain the horse in its lane position.
  - c. If the stewards rule that the foul under subsection (C)(7) was caused by the jockey failing to attempt to prevent the foul or willfully riding the horse out of its lane, the jockey shall be subject to imposition of penalties by the stewards.
  - d. In a race run around a turn, a horse that is in the clear may be taken to any part of the track. If the stewards determine that weaving back and forth in front of another horse is interference or intimidation, the jockey shall be penalized.
8. A jockey shall not cause the jockey's horse to shorten stride with a view to making a complaint. If the stewards decide that an intentional foul was committed in the riding of a race or that a jockey was instructed or induced to ride in a manner that caused a foul, the stewards shall suspend all persons the stewards determine, following a hearing, are guilty of complicity in the foul.
9. When a horse is disqualified by the stewards under A.R.S. Title 5, Chapter 1 and this Chapter, the stewards shall disqualify and replace every horse in the race that belongs wholly or in part to the same owner or is under the management of the same trainer, if the stewards find there is good cause to disqualify and replace the other horses.
10. A horse shall be ridden across the finish line carrying the horse's assigned weight to participate in the purse distribution of a race unless the nomination blank for the race states otherwise.
11. A whip shall not be carried on a 2-year-old in a race on the straightaway before March 1. After April 30, following satisfactory performance out of the gate with a whip and with approval of the starter, a whip may be carried in a race under this subsection.
12. An owner, trainer, handler, or jockey shall not attempt to prevent a horse from running the horse's best and winning.

**D. Dead heats.**

1. When a race results in a dead heat, the heat shall not be run off.

## CHAPTER 2. ARIZONA RACING COMMISSION

2. If a race results in a dead heat, all prizes to which the horses finishing in the dead heat would have been entitled shall be divided equally between them.
  3. When a dead heat is run for second place and an objection is made and sustained to the winner of the race, the horses that ran the dead heat shall be deemed to have run a dead heat for first place.
  4. If the dividing owners cannot agree which owner is to have a cup or other prize that cannot be divided, the question shall be determined by a drawing conducted by the permittee.
  5. Each horse that runs a dead heat for a race or place shall be deemed a winner of that race or place and shall be liable as the winner for any penalty or disability incurred.
- E. Winnings or wins.**
1. To calculate the total winnings of a horse, include all prizes and wins:
    - a. Until the time for the start of a race regardless of the country in which the prize or win occurred;
    - b. Until the time of entry for a county fair race meet that does not have an also-eligible list; and
    - c. This subsection does not apply to a maiden race at a county fair race meet.
  2. Winnings include prizes earned by walking over or receiving forfeit.
  3. Winnings do not include second and third place money or the value of any non-monetary prize.
  4. Winnings during a year shall be computed from January 1 of the year.
  5. If the conditions of a race refer to a winner of a certain sum, the condition means a winner of that sum in a single race unless the conditions specify otherwise.
  6. In estimating the net value of a race to the winner, all sums contributed by the winner's owner or nominator shall be deducted from the amount won.
  7. Winners or losers of steeplechases, hurdle races, thoroughbred races, or mixed quarter horse races shall be considered winners or losers on the flat, and winners or losers on the flat shall be considered winners or losers of steeplechases, hurdle races, thoroughbred races, or mixed quarter horse races.
- b. Subsection (A)(2)(a) does not apply to administration of the following substances if the substances are administered in levels that do not interfere with post-race testing:
    - i. A non-injectable nutritional supplement or other substance approved by the state veterinarian;
    - ii. A non-injectable substance on direction or by prescription of a licensed veterinarian; or
    - iii. A non-injectable, non-prescription, substance.
  - c. A licensee shall not possess a hypodermic needle, syringe, or other injectable device at a location under the Department's jurisdiction unless the hypodermic needle, syringe, or other injectable device has been approved by the Department. At a location under the Department's jurisdiction, a veterinarian shall use only one-time use, disposable, hypodermic needles and shall dispose of used needles in a manner approved by the Department.
  - d. A licensee who has a medical condition that makes it necessary for the licensee to have a hypodermic needle, syringe, or other injectable device at a location under the Department's jurisdiction shall make a written request for permission to the stewards or Department before bringing the device to a location under the Department's jurisdiction. The licensee shall attach to the written request for permission a letter from a licensed physician explaining why it is necessary for the licensee to possess the device and shall comply with all conditions and restriction established by the stewards or Department.
  - e. A private veterinarian employed by a horse owner shall not have contact with an entered horse on race day before the race in which the horse is entered except to administer furosemide according to standards established in this Section or if the contact is approved by the state veterinarian.
  - f. The trainer or owner of an entered horse shall ensure that the horse is present at a location under the Department's jurisdiction at least five hours before post time of a race in which the horse is entered.
  - g. Notwithstanding the provisions of this Section, any veterinarian may treat a horse if an emergency involving the life or health of the horse exists.

The state veterinarian shall inform the stewards or Department of a licensed veterinarian who violates A.R.S. Title 5, Chapter 1 or this Chapter.
  2. Treatment restrictions.
    - a. The Department shall authorize only a veterinarian licensed under A.R.S. Title 32, Chapter 21 and by the Department to administer a prescription or controlled medication, drug, or other substance, including a medication, drug, or other substance administered by injection, to a horse at a location under the Department's jurisdiction.
3. Veterinarians' records.

A veterinarian who treats a horse or performs another professional service at a location under the Department's jurisdiction or who treats a horse that is actively participating in a race meet even if the treatment is provided at a location not under the Department's jurisdiction, shall ensure that a treatment record is maintained on all horses for which the veterinarian prescribes, administers, or dispenses medication or performs other professional services. The veterinarian shall ensure that the treatment record includes at least the following information:

- C. Drug classification and penalties.**
  - 1. If the stewards determine that a licensee has violated this Section, the stewards shall consult the Uniform Classification Guidelines of Foreign Substances and Recommended Penalties and the model rule, both of which are established by the Association of Racing Commissioners International (ARCI). After determining the classification level of the violation, the stewards shall impose a penalty on the licensee.
  - 2. The stewards shall investigate an alleged violation of this Section and determine a penalty on a case-by-case basis. The stewards shall consider at least the following factors when determining the penalty to impose:
    - a. The disciplinary record of the licensee involving a medication, drug, or substance;
    - b. The potential of the medication, drug, or substance to influence a horse's racing performance;
    - c. The legal availability of the medication, drug, or substance;

  - 3. In making a penalty decision under this subsection, the stewards shall distinguish between a medication, drug, or substance that is routinely used to treat a horse and a medication, drug, or substance for which there is no reason that the medication, drug, or substance should be found in any concentration in a test sample taken from a horse on race day.
  - 4. If a licensed veterinarian administers or prescribes a medication, drug, or substance that is not listed in materials identified in subsection (C)(1), the licensed veterinarian shall timely forward the identity of the medication, drug, or substance to the ARCI Drug Testing Standards and Practices Committee or the Racing Medication and Testing Consortium for classification.

Administrative action taken by the stewards or Department does not prohibit criminal prosecution. Criminal prosecution does not prohibit administrative action by the stewards or Department.
  9. If the license of a trainer is suspended, the suspended trainer shall not benefit financially during the period of suspension by transferring the custody, care, and control of a horse to another person. The Department shall approve all transfers of the custody, care, and control of a horse from one person to another.
- D. Prohibited medications.**
1. If the official laboratory finds a prohibited medication, drug, or other substance in a sample from a horse, the Department shall view this as prima facie evidence that the prohibited medication, drug, or other substance was administered to the horse. If a prohibited medication, drug, or other substance is found in a sample from a horse after the horse has raced, the Department shall conclude that the prohibited medication, drug, or substance was present in the horse's body while the horse participated in the race.
  2. The following medications, drugs, and substances are prohibited:
    - a. A medication or drug for which no acceptable threshold concentration has been established,

  2. Subsection (E)(1) does not apply to a veterinarian licensed under A.R.S. Title 32, Chapter 21 and this Chapter.
3. A licensed veterinarian shall ensure that a prescription is issued for a medication, drug, or other substance that is used or kept at a location under the Department's jurisdiction if federal or state law requires a prescription for the medication, drug, or other substance.   5. The Department shall subject a horse to which a NSAID has been administered to post-race blood or urine sampling supervised by the state veterinarian. The Department shall ensure that the samples are tested to determine the quantitative NSAID level and whether other medications, drugs, or substances are present. The Department shall take disciplinary action against the horse's trainer if the test results show:
    - a. The presence of more than one of the NSAIDs listed in subsection (F)(1) unless the second NSAID is Phenylbutazone in a concentration of less than .5 micrograms per milliliter of serum or plasma or Flunixin in a concentration of less than 5 nanograms per milliliter of serum or plasma; or

The horse's trainer and veterinarian shall ensure that the required request for removal is submitted no later than the time for entering the horse in a race;
    - d. After a horse is removed from the Furosemide List, the state veterinarian shall not allow the horse to be placed on the Furosemide List for 60 days unless the state veterinarian determines that failure to put the horse on the Furosemide List is detrimental to the welfare of the horse;
    - e. If a horse is removed from the Furosemide List a second time in 365 days, the state veterinarian shall not allow the horse to be placed on the Furosemide List for 90 days; and
    - f. The state veterinarian shall ensure that the provisions in subsections (G)(2)(d) and (e) are not applied to a horse that was mandated by the conditions of entry to race without furosemide in the horse's previous race. The horse may be placed on the Furosemide List, at the election of the horse's trainer or veterinarian, by following the procedures in subsections (G)(2)(a) and (b).
  3. On request by the Department, a veterinarian who administers furosemide to a horse shall surrender the syringe used in the administration for testing.
  4. A veterinarian shall administer furosemide to a horse only at a location under the Department's jurisdiction.

4. The state veterinarian shall place a horse to which an AAS has been administered to assist in recovery from illness or injury on the Veterinarian's List to allow concentration of the AAS or metabolite in the horse's urine to be monitored. The state veterinarian may remove the horse from the Veterinarian's List when the concentration of the AAS or metabolite in urine is less than the threshold indicated in subsection (K)(2).

  3. If the result obtained by the official laboratory shows that a horse has a concentration of TCO2 greater than 37 millimoles per liter and the owner or trainer of the horse certifies in writing to the stewards within 24 hours after receiving notice of the test result that the concentration is normal for the horse, the owner or trainer may request that the horse be held in quarantine. If quarantine is requested, the permittee shall make guarded quarantine available for the horse for a period up to 72 hours as determined by the stewards.
    - a. The owner or trainer of the horse shall pay all expenses associated with maintaining the quarantine;
    - b. During quarantine, the state veterinarian shall ensure that the horse's TCO2 concentration is re-tested;

All parties to the contracts shall certify to the other parties that each will provide the others or their regulatory bodies full and prompt access to necessary requested records.
2. Individual wagering transactions are made at the point of sale in the state where placed. Pari-mutuel pools are combined solely for computing odds and calculating payoffs but will be held separate for auditing and all other purposes.
3. The content and format of the visual display of racing and wagering information at facilities in other jurisdictions where wagering is permitted in the interstate common pool need not be identical to the information permitted or required to be displayed under these rules.
4. A racetrack permittee may participate in common pool wagering only on the same type of racing as authorized by the permit for live racing conducted by the racetrack permittee.

**B. Participation in interstate common pools by receiving racetrack permittee.**

1. With prior approval of the Department, pari-mutuel wagering pools may be combined with corresponding wagering pools at the sending facility outside of this state.
2. The Department may permit adjustment of the takeout from the pari-mutuel pool so the takeout rate in this jurisdiction is identical to that at the sending track (within the limits permitted by state law).

4. Rules of racing established for the contest in the sending track apply to the merged pool.

If, for any reason, it becomes impossible to merge successfully the bets placed into the interstate common pool, the racetrack permittee shall declare the accepted bets void and make refunds in accordance with applicable rules except that, with permission of the Department, the racetrack permittee may determine to make payoffs in accordance with payoff prices that would have been in effect if prices for the pool of bets were calculated without regard to wagers placed elsewhere or pay winning tickets at the payoff prices at the sending track. The permittee shall publish the chosen policy under this subsection in the daily racing program and on the permittee's web site and post the policy in all wagering locations.

**C. Participation in merged pools by sending racetrack permittee.**

2. This Chapter applies to interstate common pools unless the Department specifically determines otherwise.
3. A racetrack permittee shall ensure that any contract for interstate common pools entered contains a provision providing that if, for any reason, it becomes impossible to merge successfully the bets placed in another state into the interstate common pool formed by the racetrack permittee or if, for any reason, the Department's or the racetrack permittee's representative determines that attempting to effect transfer of pool data from the receiving facility may endanger the racetrack permittee's wagering pool, the racetrack permittee has no liability for any measures taken that may result in the receiving facility's wagers not being accepted into the pool.
4. Amounts wagered in an interstate common pool other than amounts wagered within this state are not considered part of the racetrack permittee's pari-mutuel wagering pool for purposes of A.R.S. § 5-111. A racetrack permittee may charge a fee to a receiving facility or location outside this state for the privilege of conducting pari-mutuel wagering on a race and participating in the interstate common pool and for payment of costs incurred to transmit the broadcast of the race.

- D. Takeout rates in interstate common pools. With prior approval of the Department, a racetrack permittee wishing to participate in an interstate common pool may change its takeout rate (within the limits permitted by state law) to achieve a common pool takeout rate with all other participants in the interstate common pool.

**R19-2-523. Calculation of Payoffs and Distribution of Pools****A. General**

1. All permitted pari-mutuel wagering pools shall be separately and independently calculated and distributed. Takeout shall be deducted from each gross pool as stipulated by law. The remainder of the monies in the pool shall

constitute the net pool for distribution as payoff on winning wagers.

2. For each wagering pool, the amount wagered on the winning betting interest or betting combinations is deducted from the net pool to determine the profit; the profit is then divided by the amount wagered on the winning betting interest or combinations, such quotient being the profit per dollar.
3. Either the standard or net price calculation procedure may be used to calculate single commission pools, while the net price calculation procedure must be used to calculate multi-commission pools.

**a. Standard Price Calculation Procedure****SINGLE PRICE POOL (WIN POOL)**

gross pool	= sum of wagers on all betting interests - refunds
takeout	= gross pool x percent takeout
net pool	= gross pool - takeout
profit	= net pool - gross amount bet on winner
profit per dollar	= profit / gross amount bet on winner
\$1 unbroken price	= profit per dollar + \$1
\$1 broken price	= \$1 unbroken price rounded down to the break point
total payout	= \$1 broken price x gross amount bet on winner
total breakage	= net pool - total payout

**PROFIT SPLIT (PLACE POOL)**

Profit is net pool less gross amount bet on all place finishers. Finishers split profit 1/2 and 1/2 (place profit), then divide by gross amount bet on each place finisher for two unique prices.

**PROFIT SPLIT (SHOW POOL)**

Profit is net pool less gross amount bet on all show finishers. Finishers split profit 1/3 and 1/3 and 1/3 (show profit), then divide by gross amount bet on each show finisher for three unique prices.

**b. Net Price Calculation Procedure****SINGLE PRICE POOL (WIN POOL)**

gross pool	= sum of wagers on all betting interests - refunds
takeout	= gross pool x percent takeout
* for each source:	
net pool	= gross pool - takeout
net bet on winner	= gross amount bet on winner x (1 - percent takeout)
total net pool	= sum of all sources net pools
total net bet on winner	= sum of all sources net bet on winner
total profit	= total net pool - total net bet on winner
profit per dollar	= total profit / total net bet on winner
\$1 unbroken base price	= profit per dollar + \$1
* for each source:	
\$1 unbroken price	= \$1 unbroken base price x (1 - percent takeout)
\$1 broken price	= \$1 unbroken price rounded down to the break point
total payout	= \$1 broken price x gross amount bet on winner
total breakage	= net pool - total payout

**PROFIT SPLIT (PLACE POOL)**

Total profit is the total net pool less the total net amount bet on all place finishers. Finishers split

## CHAPTER 2. ARIZONA RACING COMMISSION

total profit 1/2 and 1/2 (place profit), then divide by total net amount bet on each place finisher for two unique unbroken base prices.

**PROFIT SPLIT (SHOW POOL)**

Total profit is the total net pool less the total net amount bet on all show finishers. Finishers split total profit 1/3 and 1/3 and 1/3 (show profit), then divide by total net amount bet on each show finisher for three unique unbroken base prices.

4. If a profit split results in only one covered winning betting interest or combinations, it shall be calculated the same as a single price pool.
5. Minimum payoffs and the method used for calculating breakage shall be established by the Department.
6. The individual pools outlined in these rules may be given alternative names by each permittee, provided prior approval is obtained from the Department.

**B. Win Pools**

1. The amount wagered on the betting interest which finishes first is deducted from the net pool, the balance remaining being the profit; the profit is divided by the

amount wagered on the betting interest finishing first, such quotient being the profit per dollar wagered to Win on that betting interest.

2. The net Win pool shall be distributed as a single price pool to winning wagers in the following precedence, based upon the official order of finish:
  - a. To those whose selection finished first; but if there are no such wagers, then
  - b. To those whose selection finished second; but if there are no such wagers, then
  - c. To those whose selection finished third; but if there are no such wagers, then
  - d. The entire pool shall be refunded on Win wagers for that contest.
3. If there is a dead heat for first involving:
  - a. Contestants representing the same betting interest, the Win pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Win pool shall be distributed as a profit split.

**C. Place Pools**

1. The amounts wagered to Place on the first two betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into two equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Place on that betting interest, the resulting quotient is the profit per dollar wagered to Place on that betting interest.
2. The net Place pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - a. If contestants of a coupled entry or mutuel field finished in the first two places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise
  - b. As a profit split to those whose selection is included within the first two finishers; but if there are no such wagers on one of those two finishers, then
  - c. As a single price pool to those who selected the one covered betting interest included within the first two finishers; but if there are no such wagers, then
  - d. As a single price pool to those who selected the third-place finisher, but if there are no such wagers, then
  - e. The entire pool shall be refunded on Place wagers for that contest.
3. If there is a dead heat for first involving:
  - a. Contestants representing the same betting interest, the Place pool shall be distributed as a single price pool.
  - b. Contestants representing two or more betting interests, the Place pool shall be distributed as a profit split.
4. If there is a dead heat for second involving:
  - a. Contestants representing the same betting interest, the Place pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Place pool is divided with half of the profit distributed to Place wagers on the betting interest finishing first and the remainder is distributed equally amongst Place wagers on those betting interests involved in the dead heat for second.

1. The amounts wagered to Show on the first three betting interests to finish are deducted from the net pool, the balance remaining being the profit; the profit is divided into three equal portions, one being assigned to each winning betting interest and divided by the amount wagered to Show on that betting interest, the resulting quotient being the profit per dollar wagered to Show on that betting interest.
2. The net Show pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - a. If contestants of a coupled entry or mutuel field finished in the first three places, as a single price pool to those who selected the coupled entry or mutuel field; otherwise
  - b. If contestants of a coupled entry or mutuel field finished as two of the first three finishers, the profit is divided with two-thirds distributed to those who selected the coupled entry or mutuel field and one-third distributed to those who selected the other betting interest included within the first three finishers; otherwise

- g. The entire pool shall be refunded on Show wagers for that contest.
3. If there is a dead heat for first involving:
  - a. Two contestants representing the same betting interest, the profit is divided with 2/3rds distributed to those who selected the first-place finishers and one-third distributed to those who selected the betting interest finishing third.
  - b. Three contestants representing a single betting interest, the Show pool shall be distributed as a single price pool.
  - c. Contestants representing two or more betting interests, the Show pool shall be distributed as a profit split.
4. If there is a dead heat for second involving:
  - a. Contestants representing the same betting interest, the profit is divided with one-third distributed to those who selected the betting interest finishing first and two-thirds distributed to those who selected the second-place finishers.
  - b. Contestants representing two betting interests, the Show pool shall be distributed as a profit split.
  - c. Contestants representing three betting interests, the Show pool is divided with one-third of the profit distributed to Show wagers on the betting interest finishing first and the remainder is distributed equally among Show wagers on those betting interests involved in the dead heat for second.
5. If there is a dead heat for third involving:
  - a. Contestants representing the same betting interest, the Show pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Show pool is divided with 2/3rds of the profit distributed to Show wagers on the betting interests finishing first and second and the remainder

**E. Double Pools**

1. The Double requires selection of the first-place finisher in each of two specified contests.
2. The net Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - a. As a single price pool to those whose selection finished first in each of the two contests; but if there are no such wagers, then
  - b. As a profit split to those who selected the first-place finisher in either of the two contests; but if there are no such wagers, then
  - c. As a single price pool to those who selected the one covered first-place finisher in either contest; but if there are no such wagers, then
  - d. As a single price pool to those whose selection finished second in each of the two contests; but if there are no such wagers, then
  - e. The entire pool shall be refunded on Double wagers for those contests.
3. If there is a dead heat for first in either of the two contests involving:
  - a. Contestants representing the same betting interest, the Double pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Double pool shall be distributed as a profit split if there is more than one covered winning combination.
4. Should a betting interest in the first-half of the Double be scratched prior to the first Double contest being declared official, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.
5. Should a betting interest in the second-half of the Double be scratched prior to the close of wagering on the first Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Double pool and refunded.
6. Should a betting interest in the second-half of the Double be scratched after the close of wagering on the first Double contest, all wagers combining the winner of the first contest with the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff the net Double pool shall be divided by the total amount wagered on the winner of the first contest and an unbroken consolation price obtained. The broken consolation price is multiplied by the dollar value of wagers on the winner of the first contest combined with the scratched betting interest to obtain the consolation payoff. Breakage is not declared in this calculation. The consolation payoff is deducted from the net Double pool before calculation and distribution of the winning Double payoff. Dead heats including separate betting interests in the first contest shall result in a consolation payoff calculated as a profit split.
7. If either of the Double contests are cancelled prior to the first Double contest, or the first Double contest is declared "no contest," the entire Double pool shall be refunded on Double wagers for those contests.
8. If the second Double contest is cancelled or declared "no contest" after the conclusion of the first Double contest, the net Double pool shall be distributed as a single price pool to wagers selecting the winner of the first Double contest. In the event of a dead heat involving separate betting interests, the net Double pool shall be distributed as a profit split.

**F. Pick 3 Pools**

1. The Pick 3 requires selection of the first-place finisher in each of three specified contests.
2. The net Pick 3 pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - a. As a single price pool to those whose selection finished first in each of the three contests; but if there are no such wagers, then
  - b. As a single price pool to those who selected the first-place finisher in any two of the three contests; but if there are no such wagers, then
  - c. As a single price pool to those who selected the first-place finisher in any one of the three contests; but if there are no such wagers, then
  - d. The entire pool shall be refunded on Pick 3 wagers for those contests.
3. If there is a dead heat for first in any of the three contests involving:
  - a. Contestants representing the same betting interest, the Pick 3 pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Pick 3 pool shall be distributed as a single

price pool with each winning wager receiving an equal share of the profit.

4. Should a betting interest in any of the three Pick 3 contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.
5. If all three Pick 3 contests are cancelled or declared "no contest," the entire pool shall be refunded on Pick 3 wagers for those contests.
6. If one or two of the Pick 3 contests are cancelled or declared "no contest," the Pick 3 pool shall remain valid and shall be distributed in accordance with subsection (F)(2) of this rule.

**G. Pick (n) Pools**

1. The Pick (n) requires selection of the first-place finisher in each of a designated number of contests. The permittee

## CHAPTER 2. ARIZONA RACING COMMISSION

must obtain written approval from the Department concerning the scheduling of Pick (n) contests, the designation of one of the methods prescribed in subsection (G)(2), and the amount of any cap to be set on the carryover. Any changes to the approved Pick (n) format require prior approval from the Department.

2. The Pick (n) pool shall be apportioned under one of the following methods:

- a. *Method 1, Pick (n) with Carryover:* The net Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the remainder shall be added to the carryover.
- b. *Method 2, Pick (n) with Minor Pool and Carryover:* The major share of the net Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher of all Pick (n) contests, the minor share of the net Pick (n) pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests; and the major share shall be added to the carryover.
- c. *Method 3, Pick (n) with No Minor Pool and No Carryover:* The net Pick (n) pool shall be distributed as the single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. If there are no winning wagers, the pool is refunded.
- d. *Method 4, Pick (n) with Minor Pool and No Carryover:* The major share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the greatest number of Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If the greatest number of first-place finishers selected is 1, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.
- e. *Method 5, Pick (n) with Minor Pool and No Carryover:* The major share of net Pick (n) pool shall be distributed to those who selected the first-place finisher in each of the Pick (n) contests, based upon the official order of finish. The minor share of the net Pick (n) pool shall be distributed to those who selected the first-place finisher in the second greatest number of Pick (n) contests, based upon the official

order of finish. If there are no wagers selecting the first-place finisher in all Pick (n) contests, the entire net Pick (n) pool shall be distributed as a single pool to those who selected the first-place finisher in the greatest number of Pick (n) contests. If there are no wagers selecting the first-place finisher in a second greatest number of Pick (n) contests, the minor share of the net Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first-place finisher in each of the Pick (n) contests. If there are no winning wagers, the pool is refunded.

- f. *Method 6, Pick (n) with Minor Pool and Carryover with "Unique Winning Ticket" Provision (referred to as the "Unique Pick" for purposes of this rule only):* The Unique Pick net pool and carryover, if any, shall be distributed to the sole holder of a unique winning ticket that selected the first-place finisher in every one of the Unique Pick contests, based upon the official order of finish. If there is no sole holder of a unique winning ticket selecting the first-place finisher in every one of the Unique Pick contests, or if there are no wagers selecting the first-place finisher of all Unique Pick contests, the minor share of the Unique Pick net pool shall be distributed as a single price pool to those who selected the first-place finisher in the greatest number of Unique Pick contests, and the major share shall be added to the carryover. Where there is no correct selection of the first-place finisher in at least one of the Unique Pick contests, based upon the official order of finish, the day's net pool shall be refunded and the previous carryover pool amount, if any, shall be carried over to the next scheduled corresponding pool.
  - i. *Request for Mandatory Distribution.* In lieu of the event of a sole jackpot winner, the permittee may request permission to distribute the Unique Pick jackpot pursuant to subsections (G)(8) and (9) of this rule.
  - ii. *Unique Pick Jackpot Identification.* Permittees must clearly identify one of the following methods that will be relied upon for determining the existence of a Unique Pick winning ticket. The first method is when there is one and only one winning ticket that correctly selected the first place finisher in each of the Unique Pick contests, based upon the official order of finish, to be verified by the unique serial number assigned by the tote company that issued the winning ticket. The second method is when the total amount wagered on one and only one winning combination selecting the first-place finisher in each of the Unique Pick contests, based up on the official order of finish, is equal to no more than the minimum allowable wager.
3. If there is a dead heat for first in any of the Pick (n) contests involving:
  - a. Contestants representing the same betting interest, the Pick (n) pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Pick (n) pool shall be distributed as a single price pool with each winning wager receiving an equal share of the profit.

## CHAPTER 2. ARIZONA RACING COMMISSION

4. Should a betting interest in any of the Pick (n) contests be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.
5. The Pick (n) pool shall be cancelled and all Pick (n) wagers for the individual performance shall be refunded if:
  - a. At least two contests included as part of a Pick 3 are cancelled or declared "no contest."
  - b. At least three contests included as part of a Pick 4, Pick 5, or Pick 6 are cancelled or declared "no contest."
  - c. At least four contests included as part of a Pick 7, Pick 8, or Pick 9 are cancelled or declared "no contest."
  - d. At least five contests included as part of a Pick 10 are cancelled or declared "no contest."
6. If at least one contest included as part of a Pick (n) is cancelled or declared "no contest," but not more than the number specified in subsection (G)(5) of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Pick (n) carryover but not the carryover from previous performances.
7. The Pick (n) carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Pick (n) carryover equals or exceeds the designated cap, the Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the Pick (n) carryover, shall be distributed to those whose selection finished first in the greatest number of Pick (n) contests for that performance.
8. A written request for permission to distribute the Pick (n) carryover on a specific performance may be submitted to the Department. The request shall contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
9. Should the Pick (n) carryover be designated for distribution on the final day of the meeting or on another specified date on which there are no wagers selecting the first-place finisher in each of the Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first in the greatest number of Pick (n) contests. The Pick (n) carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
  - a. Upon written approval from the Department as provided in subsection (G)(8) of this rule.
  - b. Upon written approval from the Department when there is a change in the carryover cap, a change from one type of Pick (n) wagering to another, or when the Pick (n) is discontinued.
  - c. On the closing performance of the meet or split meet.
10. If, for any reason, the Pick (n) carryover must be held over to the corresponding Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Pick (n) carryover plus accrued interest shall then be added to the net Pick (n) pool of the following meet on a date and performance so designated by the Department.
11. With the written approval of the Department, the permittee may contribute to the Pick (n) carryover a sum of money up to the amount of any designated cap.
12. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
13. The permittee may suspend previously approved Pick (n) wagering with the prior approval of the Department. Any carryover shall be held until the suspended Pick (n) wagering is reinstated. A permittee may request approval of a Pick (n) wager or separate wagering pool for specific performances.

**H. Place Pick (n) Pools**

1. The Place Pick (n) requires selection of the first- or second-place finisher in each of a designated number of contests. The permittee must obtain written approval from the Department concerning the scheduling of Place Pick (n) contests, the designation of one of the methods prescribed in subsection (H)(2), the distinctive name identifying the pool and the amount of any cap to be set on the carryover. Any changes to the approved Place Pick (n) format require prior approval from the Department.
2. The Place Pick (n) pool shall be apportioned under one of the following methods:
  - a. *Method 1, Place Pick (n) with Carryover:* The net Place Pick (n) pool and carryover, if any, shall be distributed as a single price pool to those who selected the first- or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. If there are no such wagers, then a designated percentage of the net pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests; and the remainder shall be added to the carryover.
  - b. *Method 2, Place Pick (n) with Minor Pool and Carryover:* The major share of the net Place Pick (n) pool and the carryover, if any, shall be distributed to those who selected the first- or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- or second-place finisher of all Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests; and the major share shall be added to the carryover.
  - c. *Method 3, Place (n) Pick with No Minor Pool and No Carryover:* The net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no major winning wagers, the pool is refunded.
  - d. *Method 4, Place Pick (n) with Minor Pool and No Carryover:* The major share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- or second-place finisher in a second greatest number of Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests. If the greatest number of first- or second-place finishers selected is 1, the major and minor shares are combined for distribution as a single price pool. If there are no winning wagers, the pool is refunded.
  - e. *Method 5, Place Pick (n) with Minor Pool and No Carryover:* The major share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in each of the Place Pick (n) contests, based upon the official order of finish. The minor share of the net Place Pick (n) pool shall be distributed to those who selected the first- or second-place finisher in the second greatest number of Place Pick (n) contests, based upon the official order of finish. If there are no wagers selecting the first- or second-place finisher in all Place Pick (n) contests, the entire net Place Pick (n) pool shall be distributed as a single price pool to those who selected the first- or second-place finisher in the greatest number of Place Pick (n) contests. If there are no wagers selecting the first or second-place finisher in a second greatest number of Place Pick (n) contests, the minor share of the net Place Pick (n) pool shall be combined with the major share for distribution as a single price pool to those who selected the first- or second-place finisher in each of the Place Pick (n) contests. If there are no winning wagers, the pool is refunded.
3. If there is a dead heat for first in any of the Place Pick (n) contests involving:
  - a. Contestants representing the same betting interest, the Place Pick (n) pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including each betting interest participating in the dead heat.
4. If there is a dead heat for second in any of the Place Pick (n) contests involving:
  - a. Contestants representing the same betting interest, the Place Pick (n) pool shall be distributed as if no dead heat occurred.
  - b. Contestants representing two or more betting interests, the Place Pick (n) pool shall be distributed as a single price pool with a winning wager including the betting interest which finished first or any betting interest involved in a dead heat for second.
5. Should a betting interest in any Place Pick (n) contest be scratched, the actual favorite, as evidenced by total amounts wagered in the Win pool at the host association for the contest at the close of wagering on that contest, shall be substituted for the scratched betting interest for all purposes, including pool calculations. In the event that the Win pool total for two or more favorites is identical, the substitute selection shall be the betting interest with

the lowest program number. The totalisator shall produce reports showing each of the wagering combinations with substituted betting interests which became winners as a result of the substitution, in addition to the normal winning combination.

6. The Place Pick (n) pool shall be cancelled and all Place Pick (n) wagers for the individual performance shall be refunded if:
  - a. At least two contests included as part of a Place Pick 3 are cancelled or declared "no contest."
  - b. At least three contests included as part of a Place Pick 4, Place Pick 5, or Place Pick 6 are cancelled or declared "no contest."
  - c. At least four contests included as part of a Place Pick 7, Place Pick 8, or Place Pick 9 are cancelled or declared "no contest."
  - d. At least five contests included as part of a Place Pick 10 are cancelled or declared "no contest."
7. If at least one contest included as part of a Place Pick (n) is cancelled or declared "no contest," but not more than the number specified in subsection (H)(6) of this rule, the net pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pick (n) contests for that performance. Such distribution shall include the portion ordinarily retained for the Place Pick (n) carryover but not the carryover from previous performances.
8. The Place Pick (n) carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Place Pick (n) carryover equals or exceeds the designated cap, the Place Pick (n) carryover will be frozen until it is won or distributed under other provisions of this rule. After the Place Pick (n) carryover is frozen, 100% of the net pool, part of which ordinarily would be added to the Place Pick (n) carryover, shall be distributed to those whose selection finished first or second in the greatest number of Place Pick (n) contests for that performance.
9. A written request for permission to distribute the Place Pick (n) carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
10. Should the Place Pick (n) carryover be designated for distribution on a specified date and performance in which there are no wagers selecting the first- or second-place finisher in each of the Place Pick (n) contests, the entire pool shall be distributed as a single price pool to those whose selection finished first or second in the greatest number of Place Pick (n) contests. The Place Pick (n) carryover shall be designated for distribution on a specified date and performance under any of the following circumstances:
  - a. Upon written approval from the Department as provided in subsection (H)(9) of this rule.
  - b. Upon written approval from the Department when there is a change in the carryover cap, a change from one type of Place Pick (n) wagering to another, or when the Place Pick (n) is discontinued.
  - c. On the closing performance of the meet or split meet.
11. If, for any reason, the Place Pick (n) carryover must be held over to the corresponding Place Pick (n) pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department.

The Place Pick (n) carryover plus accrued interest shall then be added to the net Place Pick (n) pool of the following meet on a date and performance so designated by the Department.

12. With the written approval of the Department, the permittee may contribute to the Place Pick (n) carryover a sum of money up to the amount of any designated cap.
13. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of live tickets remaining is strictly prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
14. The permittee may suspend previously approved Place Pick (n) wagering with the prior approval of the Department. Any carryover shall be held until the suspended Place Pick (n) wagering is reinstated. A permittee may request approval of a Place Pick (n) wager or separate wagering pool for specific performances.

#### I. Quinella Pools

1. The Quinella requires selection of the first two finishers, irrespective of order, for a single contest.
2. The net Quinella pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - a. If contestants of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise
  - b. As a single price pool to those whose combination finished as the first two betting interests; but if there are no such wagers, then
  - c. As a profit split to those whose combination included either the first- or second-place finisher; but if there are no such wagers on one of the those two finishers, then
  - d. As a single price pool to those whose combination included the one covered betting interest included within the first two finishers; but if there are no such wagers, then
  - e. The entire pool shall be refunded on Quinella wagers for that contest.
3. If there is a dead heat for first involving:
  - a. Contestants representing the same betting interest, the Quinella pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish.
  - b. Contestants representing two betting interests, the Quinella pool shall be distributed as if no dead heat occurred.
  - c. Contestants representing three or more betting interests, the Quinella pool shall be distributed as a profit split.
4. If there is a dead heat for second involving contestants representing the same betting interest, the Quinella pool shall be distributed as if no dead heat occurred.
5. If there is a dead heat for second involving contestants representing two or more betting interests, the Quinella pool shall be distributed to wagers in the following precedence, based upon the official order of finish:
  - a. As a profit split to those combining the winner with any of the betting interests involved in the dead heat

## CHAPTER 2. ARIZONA RACING COMMISSION

for second, but if there is only one covered combination, then

- b. As a single price pool to those combining the winner with the one covered betting interest involved in the dead heat for second; but if there are no such wagers, then
- c. As a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers, then
- d. As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then
- e. The entire pool shall be refunded on Quinella wagers for that contest.

**J. Quinella Double Pools**

1. The Quinella Double requires selection of the first two finishers, irrespective of order, in each of two specified contests.
2. The net Quinella Double pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
  - a. If a coupled entry or mutuel field finishes as the first two contestants in either contest, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest, as well as the first two finishers in the alternate Quinella Double contest; otherwise
  - b. As a single price pool to those who selected the first two finishers in each of the two Quinella Double contests; but if there are no such wagers, then
  - c. As a profit split to those who selected the first two finishers in either of the two Quinella Double contests; but if there are no such wagers on one of those contests, then
  - d. As a single price pool to those who selected the first two finishers in the one covered Quinella Double contest; but if there were no such wagers, then
  - e. The entire pool shall be refunded on Quinella Double wagers for those contests.
3. If there is a dead heat for first in either of the two Quinella Double contests involving:
  - a. Contestants representing the same betting interest, the Quinella Double pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish for that contest.
  - b. Contestants representing two betting interests, the Quinella Double pool shall be distributed as if no dead heat occurred.
  - c. Contestants representing three or more betting interests, the Quinella Double pool shall be distributed as a profit split.
4. If there is a dead heat for second in either of the Quinella Double contests involving contestants representing the same betting interest, the Quinella Double pool shall be distributed as if no dead heat occurred.
5. If there is a dead heat for second in either of the Quinella Double contests involving contestants representing two or more betting interests, the Quinella Double pool shall be distributed as profit split.
6. Should a betting interest in the first half of the Quinella Double be scratched prior to the first Quinella Double contest being declared official, all money wagered on

combinations including the scratched betting interest shall be deducted from the Quinella Double pool and refunded.

7. Should a betting interest in the second half of the Quinella Double be scratched prior to the close of wagering on the first Quinella Double contest, all money wagered on combinations including the scratched betting interest shall be deducted from the Quinella Double pool and refunded.
8. Should a betting interest in the second half of the Quinella Double be scratched after the close of wagering on the first Quinella Double contest, all wagers combining the winning combination in the first contest with a combination including the scratched betting interest in the second contest shall be allocated a consolation payoff. In calculating the consolation payoff, the net Quinella Double pool shall be divided by the total amount wagered on the winning combination in the first contest and an unbroken consolation price obtained. The unbroken consolation price is multiplied by the dollar value of wagers on the winning combination in the first contest combined with a combination including the scratched betting interest in the second contest to obtain the consolation payoff. Breakage is not utilized in this calculation. The consolation payoff is deducted from the net Quinella Double pool before calculation and distribution of the winning Quinella Double payoff. In the event of a dead heat involving separate betting interests, the net Quinella Double pool shall be distributed as a profit split.
9. If either of the Quinella Double contests is cancelled prior to the first Quinella Double contest, or the first Quinella Double contest is declared "no contest," the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.
10. If the second Quinella Double contest is cancelled or declared "no contest" after the conclusion of the first Quinella Double contest, the net Quinella Double pool shall be distributed as a single price pool to wagers selecting the winning combination in the first Quinella Double contest. If there are no wagers selecting the winning combination in the first Quinella Double contest, the entire Quinella Double pool shall be refunded on Quinella Double wagers for those contests.

  - c. As a profit split to those whose combination included either the first-place betting interest to finish first or the second-place betting interest to finish second; but if there are no such wagers on one of those two finishers, then
  - d. As a single price pool to those whose combination included the one covered betting interest to finish first or second in the correct sequence; but if there are no such wagers, then

## CHAPTER 2. ARIZONA RACING COMMISSION

- e. The entire pool shall be refunded on Exacta wagers for that contest.
  3. If there is a dead heat for first involving:

    - b. Contestants representing two or more betting interests, the Exacta pool shall be distributed as a profit split.

    - d. The entire pool shall be refunded on Trifecta wagers for that contest.

  2. The net Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
    - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then
    - c. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - d. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - e. The entire pool shall be refunded on Superfecta wagers for that contest.
  3. If less than four betting interests finish and the contest is declared official, payoffs will be made based upon the order of finish of those betting interests completing the contest. The balance of any selection beyond the number of betting interests completing the contest shall be ignored.

    - c. Contestants representing three or more betting interests, those whose combination included any two of the betting interests finishing in the dead heat shall be winners.

    - c. As a profit split to those combining the betting interests involved in the dead heat for second; but if there are no such wagers, then
    - d. As a profit split to those whose combination included the winner and any other betting interest and wagers selecting any of the betting interests involved in the dead heat for second; but if there are no such wagers, then

  5. In the second Twin Quinella contest only, the entire net Twin Quinella pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Quinella contest:

    - e. As a single price pool to all the exchange ticket holders for that contest; but if there are no such tickets, then
    - f. In accordance with subsection (N)(2) of the Twin Quinella rules.
  6. In the second Twin Quinella contest only, if there is a dead heat for first involving:
    - a. Contestants representing the same betting interest, the net Twin Quinella pool shall be distributed to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish.
    - b. Contestants representing two betting interests, the net Twin Quinella pool shall be distributed as if no dead heat occurred.
    - c. Contestants representing three or more betting interests, the net Twin Quinella pool shall be distributed as a profit split to those whose combination included any two of the betting interests finishing in the dead heat.

8. If a winning ticket for the first-half of the Twin Quinella is not presented for exchange prior to the close of betting on the second-half Twin Quinella contest, the ticket holder forfeits all rights to any distribution of the Twin Quinella pool resulting from the outcome of the second contest.
  9. Should a betting interest in the first half of the Twin Quinella be scratched, those Twin Quinella wagers including the scratched betting interest shall be refunded.
  10. Should a betting interest in the second half of the Twin Quinella be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Quinella contest, the ticket holder forfeits all rights to the Twin Quinella pool.
  11. If either of the Twin Quinella contests is cancelled prior to the first Twin Quinella contest, or the first Twin Quinella contest is declared "no contest," the entire Twin Quinella pool shall be refunded on Twin Quinella wagers for that contest.
  12. If there are no such wagers, the net Twin Quinella pool shall be distributed as described in subsection (N)(2) of the Twin Quinella rules.
- O. Twin Trifecta Pools**
1. The Twin Trifecta requires selection of the first three finishers, in their exact order, in each of two designated contests. Each winning ticket for the first Twin Trifecta contest must be exchanged for a free ticket on the second Twin Trifecta contest in order to remain eligible for the second-half Twin Trifecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Twin Trifecta contest. Winning first-half Twin Trifecta wagers will receive both an exchange and a monetary payoff. Both of the designated Twin Trifecta contests shall be included in only one Twin Trifecta pool.
  2. After wagering closes for the first half of the Twin Trifecta and commissions have been deducted from the pool, the net pool shall then be divided into separate pools: the first-half Twin Trifecta pool and the second-half Twin Trifecta pool.
  3. In the first Twin Trifecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Trifecta contest:
    - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - d. The entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second half shall be cancelled.
  4. If no first-half Twin Trifecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Trifecta pool. In such case, the second-half Twin Trifecta pool shall be retained and added to any existing Twin Trifecta carryover pool.
  5. Winning tickets from the first half of the Twin Trifecta shall be exchanged for tickets selecting the first three finishers of the second-half of the Twin Trifecta. The second-half Twin Trifecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Twin Trifecta contest:
    - a. As a single price pool, including any existing carryover monies, to those whose combination finished in correct sequence as the first three betting interests; but if there are no such tickets, then
    - b. The entire second-half Twin Trifecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Twin Trifecta pool of the next consecutive performance.
  6. If a winning first-half Twin Trifecta ticket is not presented for cashing and exchange prior to the second-half Twin Trifecta contest, the ticket holder may still collect the monetary value associated with the first-half Twin Trifecta pool but forfeits all rights to any distribution of the second-half Twin Trifecta pool.
  7. Should a betting interest in the first half of the Twin Trifecta be scratched, those Twin Trifecta wagers including the scratched betting interest shall be refunded.
  8. Should a betting interest in the second-half of the Twin Trifecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Twin Trifecta contest, the ticket holder forfeits all rights to the second-half Twin Trifecta pool.
  9. If, due to a late scratch, the number of betting interests in the second half of the Twin Trifecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Twin Trifecta pool for that contest as a single price pool, but not the Twin-Trifecta carryover.
  10. If there is a dead heat or multiple dead heats in either the first- or second-half of the Twin Trifecta, all Twin Trifecta wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in:
    - a. The first half of the Twin Trifecta, the payoff shall be calculated as a profit split.
    - b. The second half of the Twin Trifecta, the payoff shall be calculated as a single price pool.
  11. If either of the Twin Trifecta contests are cancelled prior to the first Twin Trifecta contest, or the first Twin Trifecta contest is declared "no contest," the entire Twin Trifecta pool shall be refunded on Twin Trifecta wagers for that contest and the second half shall be cancelled.

## CHAPTER 2. ARIZONA RACING COMMISSION

12. If the second-half Twin Trifecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first-half winning Twin Trifecta tickets shall be entitled to the net Twin Trifecta pool for that contest as a single price pool, but not Twin-Trifecta carryover. If there are no such tickets, the net Twin Trifecta pool shall be distributed as described in subsection (O)(3) of the Twin Trifecta rules.
  13. The Twin-Trifecta carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Twin-Trifecta carryover equals or exceeds the designated cap, the Twin-Trifecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the Twin Trifecta carryover is frozen, 100% of the net Twin Trifecta pool for each individual contest shall be distributed to carryover winners of the first half of the Twin Trifecta pool.
  14. A written request for permission to distribute the Twin-Trifecta carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
  15. Should the Twin-Trifecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the Twin Trifecta after completion of the first half of the Twin Trifecta:
    - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - d. As a single price pool to holders of valid exchange tickets.
    - e. As a single price pool to holders of outstanding first-half winning tickets.
  16. Contrary to subsection (O)(4) of the Twin Trifecta rules, during a performance designated to distribute the Twin-Trifecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first half of the Twin Trifecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Twin Trifecta, all first-half tickets will become winners and will receive 100% of that day's net Twin Trifecta pool and any existing Twin-Trifecta carryover as a single price pool.
  17. The Twin-Trifecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
    - a. Upon written approval from the Department as provided in subsection (O)(15) of the Twin Trifecta rules.
    - b. Upon written approval from the Department when there is a change in the carryover cap or when the Twin Trifecta is discontinued.
    - c. On the closing performance of the meet or split meet.
  18. If, for any reason, the Twin-Trifecta carryover must be held over to the corresponding Twin Trifecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Twin-Trifecta carryover plus accrued interest shall then be added to the second-half Twin Trifecta pool of the following meet on a date and performance so designated by the Department.
  19. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
  20. The permittee must obtain written approval from the Department concerning the scheduling of Twin Trifecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Trifecta format require prior approval from the Department.
- P. Tri-Superfecta Pools**
1. The Tri-Superfecta requires selection of the first three finishers, in their exact order, in the first of two designated contests and the first four finishers, in exact order, in the second of the two designated contests. Each winning ticket for the first Tri-Superfecta contest must be exchanged for a free ticket on the second Tri-Superfecta contest in order to remain eligible for the second-half Tri-Superfecta pool. Such tickets may be exchanged only at attended ticket windows prior to the second Tri-Superfecta contest. Winning first-half Tri-Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Tri-Superfecta contests shall be included in only one Tri-Superfecta pool.
  2. After wagering closes for the first-half of the Tri-Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half Tri-Superfecta pool and the second-half Tri-Superfecta pool.
  3. In the first Tri-Superfecta contest only, winning tickets shall be determined using the following precedence, based upon the official order of finish for the first Tri-Superfecta contest:
    - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - d. The entire Tri-Superfecta pool shall be refunded on Tri-Superfecta for that contest and the second half shall be cancelled.
  4. If no first-half Tri-Superfecta ticket selects the first three finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Tri-Superfecta pool. In such case, the second-

- half Tri-Superfecta pool shall be retained and added to any existing Tri-Superfecta carryover pool.
5. Winning tickets from the first half of the Tri-Superfecta shall be exchanged for tickets selecting the first four finishers of the second-half of the Tri-Superfecta. The second-half Tri-Superfecta pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Tri-Superfecta contest:

    - b. The entire second-half Tri-Superfecta pool for that contest shall be added to any existing carryover monies and retained for the corresponding second-half Tri-Superfecta pool of the next performance.
  6. If a winning first-half Tri-Superfecta ticket is not presented for cashing and exchange prior to the second-half Tri-Superfecta contest, the ticket holder may still collect the monetary value associated with the first-half Tri-Superfecta pool but forfeits all rights to any distribution of the second-half Tri-Superfecta pool.
  7. Coupled entries and mutuel fields shall be prohibited in Tri-Superfecta contests.
  8. Should a betting interest in the first-half of the Tri-Superfecta be scratched, those Tri-Superfecta tickets including the scratched betting interest shall be refunded.
  9. Should a betting interest in the second-half of the Tri-Superfecta be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the second Tri-Superfecta contest, the ticket holder forfeits all rights to the second-half Tri-Superfecta pool.
  10. If, due to a late scratch, the number of betting interests in the second-half of the Tri-Superfecta is reduced to fewer than the minimum, all exchange tickets and outstanding first-half winning tickets shall be entitled to the second-half Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover.
  11. If there is a dead heat or multiple dead heats in either the first or second half of the Tri-Superfecta, all Tri-Superfecta tickets selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be a winner. In the case of a dead heat occurring in
    - a. The first-half of the Tri-Superfecta, the payoff shall be calculated as a profit split.
    - b. The second-half of the Tri-Superfecta, the payoff shall be calculated as a single price pool.
  12. If either of the Tri-Superfecta contests are cancelled prior to the first Tri-Superfecta contest, or the first Tri-Superfecta contest is declared "no contest," the entire Tri-Superfecta pool shall be refunded on Tri-Superfecta wagers for that contest and the second half shall be cancelled.
  13. If the second-half Tri-Superfecta contest is cancelled or declared "no contest," all exchange tickets and outstanding first-half winning Tri-Superfecta tickets shall be entitled to the net Tri-Superfecta pool for that contest as a single price pool, but not the Tri-Superfecta carryover. If no there are no such tickets, the net Tri-Superfecta pool shall be distributed as described in subsection (P)(3) of the Tri-Superfecta rules.
  14. The Tri-Superfecta carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Tri-Superfecta carryover equals or exceeds the designated cap, the Tri-Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Tri-Superfecta carryover is frozen, 100% of the net Tri-Superfecta pool for each individual contest shall be distributed to winners of the first-half of the Tri-Superfecta pool.
  15. A written request for permission to distribute the Tri-Superfecta carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
  16. Should the Tri-Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the Tri-Superfecta after completion of the first half of the Tri-Superfecta:
    - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

    - f. As a single price pool to holders of outstanding first-half winning tickets.
  17. Contrary to subsection (P)(4) of the Tri-Superfecta rules, during a performance designated to distribute the Tri-Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Tri-Superfecta. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Tri-Superfecta, all first-half tickets will become winners and will receive 100% of that day's net Tri-Superfecta pool and any existing Tri-Superfecta carryover as a single price pool.
  18. The Tri-Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
    - a. Upon written approval from the Department as provided in subsection (P)(15) of the Tri-Superfecta rules.

  19. If, for any reason, the Tri-Superfecta carryover must be held over to the corresponding Tri-Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. This shall not prohibit necessary communication between totalisator and pari-mutuel department employees for processing of pool data.
  21. The permittee must obtain written approval from the Department concerning the scheduling of Tri-Superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Tri-Superfecta format require prior approval from the Department.
- Q. Twin Superfecta Pools**

Such tickets may be exchanged only at attended ticket windows prior to the second Twin Superfecta contest. Winning first-half Twin Superfecta tickets will receive both an exchange and a monetary payoff. Both of the designated Twin Superfecta contests shall be included in only one Twin Superfecta pool.
  2. After wagering closes for the first half of the Twin Superfecta and commissions have been deducted from the pool, the net pool shall then be divided into two separate pools: the first-half Twin Superfecta pool and the second-half Twin Superfecta pool.
  3. In the first Twin Superfecta contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Twin Superfecta contest:
    - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then

  4. If no first-half Twin Superfecta ticket selects the first four finishers of that contest in exact order, winning ticket holders shall not receive any exchange tickets for the second-half Twin Superfecta pool. In such case, the second-half Twin Superfecta pool shall be retained and added to any existing Twin Superfecta carryover pool.
  5. Winning tickets from the first half of the Twin Superfecta shall be exchanged for tickets selecting the first four finishers of the second half of the Twin Superfecta.   11. ## CHAPTER 2. ARIZONA RACING COMMISSION

14. The Twin Superfecta carryover may be capped at a designated level approved by the Department so that if, at the close of any performance, the amount in the Twin Superfecta carryover equals or exceeds the designated cap, the Twin Superfecta carryover will be frozen until it is won or distributed under other provisions of this rule. After the second-half Twin Superfecta carryover is frozen, 100% of the net Twin Superfecta pool for each individual contest shall be distributed to winners of the first half of the Twin Superfecta pool.
  15. A written request for permission to distribute the Twin Superfecta carryover on a specific performance may be submitted to the Department. The request must contain justification for the distribution, an explanation of the benefit to be derived, and the intended date and performance for the distribution.
  16. Should the Twin Superfecta carryover be designated for distribution on a specified date and performance, the following precedence will be followed in determining winning tickets for the second half of the Twin Superfecta after completion of the first half of the Twin Superfecta:
    - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination included, in correct sequence, the first three betting interests; but if there are no such wagers, then
    - c. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - d. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - e. As a single price pool to holders of valid exchange tickets.
    - f. As a single price pool to holders of outstanding first-half winning tickets.
  17. Contrary to subsection (Q)(4) of the Twin Superfecta rules, during a performance designated to distribute the Twin Superfecta carryover, exchange tickets will be issued for those combinations selecting the greatest number of betting interests in their correct order of finish for the first-half of the Twin Superfecta. If there are no wagers correctly selecting the first-, second-, third-, and fourth-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-, second-, and third-place betting interests. If there are no wagers correctly selecting the first-, second-, and third-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first- and second-place betting interests. If there are no wagers correctly selecting the first- and second-place finishers, in their exact order, then exchange tickets shall be issued for combinations correctly selecting the first-place betting interest only. If there are no wagers selecting the first-place betting interest only in the first half of the Twin Superfecta, all first-half tickets will become winners and will receive 100% of that day's net Twin Superfecta pool and any existing Twin Superfecta carryover as a single price pool.
  18. The Twin Superfecta carryover shall be designated for distribution on a specified date and performance only under the following circumstances:
    - a. Upon written approval from the Department as provided in subsection (Q)(15) of the Twin Superfecta rules.
    - b. Upon written approval from the Department when there is a change in the carryover cap or when the Twin Superfecta is discontinued.
    - c. On the closing performance of the meet or split meet.
  19. If, for any reason, the Twin Superfecta carryover must be held over to the corresponding Twin Superfecta pool of a subsequent meet, the carryover shall be deposited in an interest-bearing account approved by the Department. The Twin Superfecta carryover plus accrued interest shall then be added to the second-half Twin Superfecta pool of the following meet on a date and performance so designated by the Department.
  20. Providing information to any person regarding covered combinations, amounts wagered on specific combinations, number of tickets sold, or number of valid exchange tickets is prohibited. This shall not prohibit necessary communications between totalisator and pari-mutuel department employees for processing of pool data.
  21. The permittee must obtain written approval from the Department concerning the scheduling of Twin Superfecta contests, the percentages of the net pool added to the first-half pool and second-half pool, and the amount of any cap to be set on the carryover. Any changes to the approved Twin Superfecta format require prior approval from the Department.
- R. Grand Slam Pools**
1. The Grand Slam requires selection of the Exacta, Trifecta, and Superfecta, respectively, in three consecutive contests. Each winning ticket for the first Grand Slam contest must be exchanged for a free ticket on the second Grand Slam contest in order to remain eligible for the second contest share of the Grand Slam pool. Such tickets may be exchanged only at attended ticket windows prior to the second Grand Slam contest. Winning Grand Slam tickets on the first race shall receive both an exchange and a monetary payoff. Each winning ticket for the second Grand Slam contest must be exchanged for a free ticket on the third Grand Slam Contest in order to remain eligible for the third contest share of the Grand Slam pool. Such tickets must be exchanged only at attended ticket windows prior to the third Grand Slam contest. Winning tickets on the second race shall receive both an exchange and a monetary payoff. The three designated Grand Slam contests shall be included in only one Grand Slam pool.
  2. After wagering closes for the first contest of the Grand Slam and commissions have been deducted from the pool, the net pool shall be divided into three separate pools: the first contest pool (25%), the second contest pool (25%), and the third contest pool (50%).
  3. In the first Grand Slam contest only, winning wagers shall be determined using the following precedence, based upon the official order of finish for the first Grand Slam contest:
    - a. If contestants of a coupled entry or mutuel field finish as the first two finishers, as a single price pool to those selecting the coupled entry or mutuel field combined with the next separate betting interest in the official order of finish; otherwise,
    - b. As a single price pool to those whose combination finished in correct sequence as the first two betting interests; but if there are no such wagers, then
    - c. As a profit split to those whose combination included either the first-place betting interest to fin-

- ish first or the second-place betting interest to finish second; but if there are no such wagers on one of those two finishers, then
- d. As a single price pool to those whose combination included the one covered betting interest to finish first or second.
4. Winning tickets from the first contest of the Grand Slam shall be exchanged for tickets selecting the first three finishers of the second contest of the Grand Slam. The second contest pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the second Grand Slam contest:
    - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
    - b. The entire pool for the second and third contests shall be added to any existing carryover monies and retained for the third contest pool of the next performance.
  5. Winning tickets for the second contest of the Grand Slam shall be exchanged for tickets selecting the first four finishers of the third contest of the Grand Slam. The third contest pool and any existing carryover monies shall be distributed to winning wagers in the following precedence, based upon the official order of finish for the third Grand Slam contest:
    - a. As a single price pool to those whose combination finished in correct sequence as the first four betting interests; but if there are no such wagers, then
    - b. The entire pool for the third contest shall be added to any existing carryover monies and retained for the corresponding third contest pool of the next performance.
  6. If a winning Grand Slam ticket is not presented for cashing and exchange prior to the next Grand Slam contest, the ticket holder may still collect the monetary value associated with the corresponding pool but forfeits all rights to any distribution of subsequent Grand Slam pools.
  7. Coupled entries and mutuel fields shall be prohibited in the second and third races of the Grand Slam.
  8. Should a betting interest in the first contest of the Grand Slam be scratched, those Grand Slam wagers including the scratched betting interest shall be refunded.
  9. Should a betting interest in the second or third contests of the Grand Slam be scratched, an announcement concerning the scratch shall be made and a reasonable amount of time shall be provided for exchange of tickets that include the scratched betting interest. If tickets have not been exchanged prior to the close of betting for the corresponding contest, the ticket holder forfeits all rights to the remainder of the Grand Slam pool.
  10. If there is a dead heat or multiple dead heats in any of the contests of the Grand Slam, all Grand Slam wagers selecting the correct order of finish, counting a betting interest involved in a dead heat as finishing in any dead-heated position, shall be winners. Contrary to the usual practice, the aggregate number of winning tickets shall be divided into the net pool and paid the same price.
  11. If any of the Grand Slam contests are cancelled prior to the first Grand Slam contest, or the first Grand Slam contest is declared "no contest," the entire Grand Slam pool shall be refunded on Grand Slam wagers for that contest and the remaining Grand Slam contests shall be cancelled. Any existing carryover monies pursuant to subsections (R)(4) and (5) of this rule shall carryover to the next consecutive racing program of that meeting.
  12. If the second contest of the Grand Slam is canceled or declared "no contest," or if less than three contestants finish, the second contest pool of the Grand Slam shall be distributed equally among holders of second contest Grand Slam exchange tickets, and the third-contest pool of the Grand Slam shall carryover to the third-contest pool of the next performance.
  13. If the third contest of the Grand Slam is canceled or declared "no contest" before the second contest has been made official but after the first contest (pursuant to subsection (R)(11) of this rule), that racing day's third-contest pool shall be distributed equally among holders of second-contest Grand Slam exchange tickets. If the third contest of the Grand Slam is cancelled or declared "no contest" after the second contest has been made official, that racing day's third contest shall be distributed equally among holders of the third-contest Grand Slam exchange tickets. In such instance, no carryover pool would be generated from that racing day.
  14. If no distribution is made pursuant to subsection (R)(5)(a) of this rule, on the last day of the race meeting the permittee shall distribute the third-race pool and any existing carryover monies equally among the holders of exchange tickets selecting the finishing contestants in the third race. The net pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
    - a. As a single price pool to those whose combination finished in correct sequence as the first three betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - c. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - d. As a single price pool to all holders of third-race tickets.
  15. If there were no winning wagers in the second race of the Grand Slam on the last day of the race meeting, the permittee shall distribute the second-race pool and any existing carryover monies equally among the holders of exchange tickets selecting the finishing contestants in the second race. The net pool shall be distributed to winning wagers in the following precedence, based upon the official order of finish:
    - a. As a single price pool to those whose combination included, in correct sequence, the first two betting interests; but if there are no such wagers, then
    - b. As a single price pool to those whose combination correctly selected the first-place betting interest only; but if there are no such wagers, then
    - c. As a single price pool to all holders of second-race tickets.
  16. If there were no winning wagers in the first race of the Grand Slam on the last day of the race meeting, the permittee shall distribute the first-race pool and any existing carryover monies as a profit split to the holders of tickets selecting either the first-place finisher to finish first or the second-place finisher to finish second. If there were still no winning wagers in the first race of the Grand Slam, such monies shall be distributed to all ticket holders.
  17. Grand Slam tickets shall be issued in multiples of \$1.00.

**PART B. EVENTS****R19-2-B601. Notice and Approval of Events; Publicity**

- A.** A promoter's request to the Commission for reservation of an event date shall be made as soon as possible and shall be deemed by the Commission to be a representation by the promoter of the promoter's good faith intention to actually hold the event on that date. A promoter is prohibited from requesting event dates solely for the purpose of preempting the organization of an event by others on or near the scheduled event date or for any other anti-competitive reason, which may be demonstrated by a pattern of requesting and cancelling dates.
- B.** The Commission's approval of an event shall constitute a license to conduct, hold or give an unarmed combat event. A promoter shall not hold an event of unarmed combat unless:
1. No less than 60 calendar days before the event is held, the promoter submits to the Commission a written request for permission to hold the event, and for approval of the date for the event; and

  2. Within 10 days after such an event is held, the promoter shall furnish to the Commission a certified itemized statement of the receipts and expenditures in connection with the event and the net amount paid to the charitable fund or organization. If the promoter fails to file the statement within the prescribed time, the Commission:
    - a. May suspend or revoke the promoter's license, or impose a civil penalty; and

- b. May thereafter refuse to issue a permit to the promoter for the holding of any event of unarmed combat for charitable purposes.

    - b. Every ticket shall have the price, name and date of the event, and name of the promoter plainly stated on it. Every ticket stub shall state the price.

2. No admission fees shall be charged for any event until:

    - b. The Commission issues a permit for the event.
  3. No later than five days after the completion of an event, a promoter shall provide the Commission with an electronic ticket manifest or an accounting from each ticket agent as follows:
    - a. The manifest shall list the total number of tickets issued and the number of tickets in each price category. The manifest shall be accompanied by a signed affidavit from the ticket agent or the ticket agent's designee, certifying that the manifest is accurate and complete.
    - b. If tickets issued are sold through a system that cannot produce an electronic manifest, an accounting from each ticket agent of the total number of tickets in each price category shall be provided. The accounting shall be accompanied by a signed affidavit from the ticket agent or the ticket agent's designee, certifying that the accounting is accurate and complete.

  3. If complimentary tickets are provided from different price categories, the amount of money that shall be exempt from the attendance levy (the "Total Exemption") shall be calculated in the order of highest to lowest priced tickets, as follows:
    - a. The Cap under Subsection (C)(1) shall be computed;

    - d. If the Cap is higher than the number of Tier 1 tickets, then the next highest Tier shall be applied, in whole or in part, to reach the Cap, and the calculation shall continue in that manner until the total Cap is met;

## CHAPTER 2. ARIZONA RACING COMMISSION

  - 1. The unpaid levy on gross receipts shall be paid within 10 business days from receipt of the notice; and

- B. Payment shall be made immediately after the event under the supervision of a Commission representative.
- C. In cases where the Commission does not require an event bond, the promoter shall execute an assignment in favor of the Commission of box office proceeds to the extent necessary to secure the payment of purses. Such assignment is a condition precedent to the approval of an event. When all contestants have been paid, the assignment shall be returned to the promoter and the promoter shall be released therefrom.

The Commission shall accept electronic signatures on applications, which may include faxed signatures, electronic facsimiles of signatures, or any other electronic methods that comply with state policy and are designed to facilitate the application process for the public. The Commission, in its discretion, may act on an applicant's request for a license before the form is submitted, but a license shall not be issued to the applicant until the applicant complies with the licensing requirements pursuant to this Section. Issuance of a license is in the reasonable discretion of the Commission.
- B. Every combatant shall be licensed prior to participating in any event, with the exception of those individuals excluded under A.R.S. § 5-222.
- C. All licenses shall expire on December 31 at midnight on the year of their issuance and each licensee has the responsibility to apply for renewal prior to such expiration. A combatant may petition the Commission for waiver of medical licensing requirements upon renewal if the combatant fulfilled those requirements within 90 days prior to December 31.

    1. Has violated any industry laws or regulations of any other state;
    2. Does not possess a good reputation or moral character, or demonstrates a lack of honesty, ethics, or moral character so as to reflect discredit to the industry and thereby render adverse action consistent with the public interest and the purpose of A.R.S. Title 5, Chapter 2, Article 2, and these rules adopted thereunder;
    3. Has an industry license that has previously been suspended, revoked, or denied in this or other jurisdictions;
    4. Does not, in the sole discretion of the Commission, possess the health, fitness or skills to safely participate in the industry;

    6. Is not qualified to be granted a license or permit, based on the best interest of the safety, welfare, economy, health, and peace of the industry or the people of the state of Arizona.
  - K. A manager need not obtain a manager's license if the manager is not a resident of Arizona and comes into Arizona for the sole purpose of working the corner of the manager's combatant. A second's license is sufficient.
  - L. A licensed manager may act as a second.
  - M. A manager or promoter contract shall not be recognized by the Commission as valid unless the parties to the contract are licensed. Such contracts shall be in a format approved by the Commission.

The administrative completeness review time-frame is suspended from the date the Commission mails the notice of missing information to the applicant until the date the Commission receives the information.
  - 3. If the applicant fails to submit the missing information before expiration of the completion request period, the Commission shall close the file, unless the applicant requests an extension. An applicant whose file has been closed may submit a new application.
- C. Substantive review. The substantive review time-frame established in Table 1 begins after the application is administratively complete.
    1. If the Commission makes a comprehensive written request for additional information, the applicant shall submit the additional information identified by the request within the additional information period provided in Table 1. The substantive review time-frame is suspended from the date the Commission mails the request until the information is received by the Commission. If the applicant fails to timely provide the information identified in the written request, the Commission shall consider the application withdrawn.
    2. The Commission shall issue a written notice granting or denying a license within the substantive review time-frame. If the application is denied, the Commission shall send the applicant written notice explaining the reason for the denial with citations to supporting statutes or rules, the applicant's right to seek a fair hearing, and the time period in which the applicant may appeal the denial.

New Section R19-2-C603 renumbered from R19-2-605 and amended by final rulemaking at 24 A.A.R. 445, effective February 7, 2018 (Supp. 18-1).

**R19-2-C604. Licensing Requirements Related to Ability and Fitness**

- A. Age and physical condition of combatant applying for license.
  - 1. Prior to issuance or renewal of a license, an applicant for a license to engage in unarmed combat shall be examined by a physician approved by the Commission, and satisfy the Commission that the applicant has the ability to compete, if the applicant:
    - a. Reached 36 years of age or will reach 36 years of age during the licensing year;
    - b. Has not competed in unarmed combat for at least 36 consecutive months; or
    - c. Has any medical, physical or mental unfitness that could affect the applicant's safety or welfare if the applicant were licensed.
  - 2. The Commission may revoke, suspend, or refuse to issue or renew the license of any combatant because of injury or unfitness that could affect the safety or welfare of the licensee or other industry participants. The combatant's

license shall be reinstated when and if the Commission, in its sole discretion, determines that the injury or unfitness has been resolved. The Commission may consult with a physician selected by the Commission in making this determination.

- 3. The Commission shall not issue or renew a license to engage in unarmed combat to an applicant or combatant who is found to be blind in one eye or whose vision in one eye is so poor that a physician recommends that the license not be granted or renewed. This rule applies regardless of how good the vision of the applicant or combatant may be in the other eye.
- 4. Together with the medical exams required by A.R.S. § 5-228(F)(1) through (5), an applicant shall submit to testing as follows:
  - a. Before the Commission issues a license, the applicant shall undergo a base-line concussion examination conducted or supervised by a physician who is licensed pursuant to A.R.S. Title 32, Chapter 13 or 17. The base-line concussion examination shall consist of any neurological testing protocol approved by the American Academy of Neurology, that includes the following tests, or the reasonable and recognized equivalent to the following tests:
    - i. A Post-Concussion Symptom Scale (PCSS), to determine if the applicant is exhibiting any current symptoms that may be related to concussion;
    - ii. A recognized quantitative test of cognition, such as the Cogstate Computerized Cognitive Assessment Tool (CCAT), ImPACT, or the Standardized Assessment of Concussion (SAC);
    - iii. A recognized quantitative test of oculomotor function, such as the King-Devick Test;
    - iv. A recognized quantitative test of balance, such as the Balance Error Scoring System (BESS), the Romberg test, pronator drift, or the timed tandem gait test.
  - b. Every ringside physician, trainer, second, or cutman present at an event, and every trainer present at a practice session, has the responsibility of acting as a "spotter" and notifying the Commission if the spotter reasonably suspects that a combatant has suffered a head injury or concussion. A spotter's knowing failure to notify the Commission of a suspected head injury or concussion of a combatant shall result in discipline, up to and including revocation. A spotter who, in good faith, reports a suspected head injury or concussion shall be immune from civil liability with respect to all decisions made and actions taken that are based on good faith implementation of the requirements of this subsection, except in cases of gross negligence, intentional misconduct, or wanton or willful neglect. A referee or a ringside physician shall be responsible for stopping a bout if he or she suspects that a combatant has a head injury or concussion.
  - c. The license of every combatant who is suspected of having a head injury or concussion shall be suspended until he or she undergoes a post-injury concussion assessment, and is able to provide to the Commission clearance from his or her treating neurologist that the combatant is cleared to resume participation in the sport of unarmed combat. The post-injury concussion assessment shall consist of the

## CHAPTER 2. ARIZONA RACING COMMISSION

same testing used to perform the base-line concussion examination required above, and shall be compared to the base-line test to determine the concussion status of the combatant.

5. The Commission may hold a hearing to determine whether the license should be denied, granted or renewed, or granted or renewed on a conditional basis, in view of the applicant's ability and fitness.
6. All combatants shall have attained their 18th birthday before being licensed.

**B. Drug testing and anti-doping.**

1. It is the duty of each combatant to ensure that no prohibited substance enters the combatant's body, and a combatant is strictly liable for the presence of any prohibited substance or its metabolites or markers found to be present in the combatant's sample or specimen. To establish a violation of this Section, it is not necessary to establish that the combatant intentionally, knowingly or negligently used a prohibited substance or that the combatant is otherwise at fault for the presence of the prohibited substance or its metabolites or markers found to be present in the combatant's sample or specimen.
2. At any time upon request by the Commission or its representative, whether in or out of competition, a combatant shall submit to a drug test.
  - a. A test of any sample or specimen of a combatant may be performed by a laboratory approved by the Commission or a laboratory approved and accredited by the World Anti-Doping Agency. Approval by the Commission will be based, in part, on whether the laboratory has implemented the *International Standard for Laboratories* and the *Decision Limits for the Confirmatory Quantification of Threshold Substances*.
  - b. The sample or specimen taken for testing will be referred to as the primary sample. The combatant may request that another sample be collected and preserved, which shall be referred to as the secondary sample.
3. A combatant who utilizes, applies, ingests, injects, or consumes by any means, or attempts to utilize, apply, ingest, inject, or consume by any means, a prohibited substance or prohibited method, whether successful or not, commits an anti-doping violation and is subject to disciplinary action by the Commission. An anti-doping violation is established when:
  - a. Analysis of either the primary or secondary sample indicates that one or both of the samples contains any quantity of a prohibited substance or its metabolites or markers, even if the results of testing on both samples is not identical regarding the amount.
  - b. A combatant, without compelling justification, refuses or fails to submit to the collection of a sample or specimen upon the request of the Commission or its representative or who otherwise evades the collection of a sample or specimen.
  - c. An in-competition combatant possesses any prohibited substance or prohibited method, or an out-of-competition combatant who possesses any prohibited substance or prohibited method which is prohibited out of competition.
4. A combatant does not violate the provisions of this Section if:
  - a. The quantity of the prohibited substance or its metabolites or markers found to be present in the combatant's sample or specimen does not exceed the

threshold established in the prohibited list for the prohibited substance or its metabolites or markers.

- b. The special criteria in the prohibited list for the evaluation of a prohibited substance that can be produced endogenously indicate that the presence of the prohibited substance or its metabolites or markers found to be present in the sample or specimen of the combatant is not the result of the combatant's use of a prohibited substance.
- c. If one sample is conclusively positive and one is conclusively negative, and there is no reasonable explanation for the variance.
5. A combatant commits an anti-doping violation and is subject to discipline by possessing any prohibited substance or prohibited method in or out of competition. Any other licensee who possesses a prohibited substance or prohibited method and who is in direct contact with a combatant at the time of possession, has also committed an anti-doping violation.
6. For the purposes of this Section, "possession" means actual physical or constructive possession of the prohibited substance or prohibited method. "Constructive possession" means exclusive control or the intent to exercise exclusive control over a prohibited substance or prohibited method or the premises on or in which a prohibited substance or prohibited method is located.
7. The following are anti-doping violations if committed by any means, and will subject a licensee to discipline:
  - a. Supervise, facilitate, or participate in the use of a prohibited substance or prohibited method by another person;
  - b. Sell, give, transport, send, deliver, or distribute a prohibited substance or prohibited method to another person; or
  - c. Possess with the intent to sell, give, transport, send, deliver, or distribute a prohibited substance or prohibited method to another person.
8. A physician or other bona fide medical personnel who provides or supplies a prohibited substance or prohibited method to a combatant, or who supervises, facilitates or otherwise participates in the use or attempted use of a prohibited substance or prohibited method by a combatant, for genuine and legal therapeutic purposes or any other purposes deemed appropriate by the Commission, is not in violation of this Section.
9. The Commission will report any violation of this Section that also violates any other law or regulation of this state to the appropriate law enforcement, administrative, professional or judicial authority.
10. A combatant may obtain a therapeutic use exemption from an anti-doping violation by submitting to the Commission an application and any medical information the Commission deems necessary to determine whether to grant the therapeutic use exemption. The Commission may grant a therapeutic use exemption if the medical information provided demonstrates that the therapeutic use will not confer an unfair advantage or disadvantage on the combatant, in the sole discretion of the Commission.
  - a. The Commission will not grant:
    - i. A therapeutic use exemption that applies to a contest or exhibition in which the applicant has already participated; or
    - ii. A therapeutic use exemption for testosterone replacement therapy or any similar therapy

## CHAPTER 2. ARIZONA RACING COMMISSION

- designed to induce or stimulate testosterone replacement.
- b. A therapeutic use exemption granted by the Commission pursuant to this Section is valid until the end of the calendar year in which it was granted, and may be renewed at the time that a combatant applies for the issuance or renewal of his or her license or at such time as the Commission determines.
11. If the Commission grants a therapeutic use exemption to a combatant, the combatant, a person who is licensed, approved, registered or sanctioned by the Commission, and any other person associated with unarmed combat in this state who acts consistently with the therapeutic use exemption, does not commit an anti-doping violation set forth under this rule.

New Section R19-2-C604 made by final rulemaking at 24 A.A.R. 445, effective February 7, 2018 (Supp. 18-1).

**R19-2-C605. Grounds for Disciplinary Action; Penalties**

- A. Disciplinary action against a person licensed by the Commission, or otherwise associated with unarmed combat in this state, may include denial, revocation, or suspension of license; ban on participation; imposition of a civil penalty; forfeiture of all or part of a purse; altering the result of a bout; or any combination of such actions as may be appropriate under the aggravating or mitigating circumstances.
- B. A licensee shall be held responsible for knowing these rules and the provisions of A.R.S. Title 5, Chapter 2, Article 2 related to unarmed combat.
- C. In addition to those grounds listed in A.R.S. § 5-235.01(B), grounds for disciplinary action are:
  1. Violation of an order of the Commission;
  2. Breach of an industry contract;
  3. Where the licensee's conduct is lacking in honesty, ethics, or moral character so as to reflect discredit to the industry and thereby render disciplinary action consistent with the public interest and the purpose of A.R.S. Title 5, Chapter 2, Article 2 and these rules;
  4. Where the licensee has been disciplined in another jurisdiction, if the disciplinary action is ordered for conduct which relates to safety, would be a violation in this state, or tends to reflect negatively on the reputation of this state or the industry;
  5. Where the licensee had knowledge or, in the judgment of the Commission, should have had knowledge that a combatant suffered a concussion or serious injury during training or an event and the licensee failed or refused to inform the Commission of that knowledge; or
  6. Where the licensee has committed any actions that would be grounds for denial of license under R19-2-C601.

New Section R19-2-C605 made by final rulemaking at 24 A.A.R. 445, effective February 7, 2018 (Supp. 18-1).

**R19-2-C606. Effect of Discipline**

- A. Every promoter and matchmaker shall take notice of the suspensions or revocations listed on registries recognized by the Commission and shall not permit any person under suspension or revocation to participate in, arrange, or conduct events during the period of suspension or revocation.
- B. A person whose license has been denied, suspended or revoked by the Commission is prohibited from participating in, matchmaking, or holding events during the period of denial, suspension or revocation.
- C. A person whose license has been suspended or revoked is barred from:
  1. The dressing rooms at the premises where any event of unarmed combat is being held;
  2. Occupying any seat within six rows of the ring platform or cage; and
  3. Communicating in the arena or near the dressing rooms with any of the event principals, their managers, their seconds, or the referee, whether directly or by a messenger, during any event.
- D. A person who violates a provision of this subsection may be ejected from the arena or building where the event is being held, and the price paid for his or her ticket shall be forfeited. Thereafter, the person is barred entirely from all premises used for events during the contest or exhibition.
- E. A manager who is revoked or under temporary suspension is considered to have forfeited all rights in this state under the terms of any contract with a combatant licensed by the Commission. Any attempt by a suspended manager to exercise those contract rights in this state shall result in a revocation of the manager's license. The Commission may also revoke a license of any combatant, matchmaker, or promoter who continues to engage in any contractual relations with a revoked or suspended manager within the state of Arizona.
- F. A combatant whose manager has been suspended or revoked may continue competing independently during the term of that suspension or revocation, by personally negotiating and signing the combatant's event contracts or entering into contracts with other managers. Payment of the earnings of a combatant may not be made by any promoter to a manager who is under suspension, or to the manager's agent. Instead the purse must be paid in full to the combatant.
- G. Unless otherwise specified in these rules, any applicant who has been denied a license or whose license has been suspended or revoked by the Commission shall not file a new application or application for reinstatement until one year after the date of the denial, revocation, or suspension (unless the suspension has been lifted by the Commission prior to expiration of the license) and the applicant has paid in full all fees and fines imposed on the applicant by the Commission. The Commission may require a person who has had his or her license suspended for any period because of an anti-doping violation to submit to the Commission documentation satisfactory to the Commission that indicates that a test performed on a sample or specimen obtained from the person did not indicate the presence of a prohibited substance or the use of a prohibited method. Documentation would be unsatisfactory if the documentation creates articulable suspicion that the test may not be valid. Examples of unsatisfactory documentation include:
  1. Documentation from a laboratory that does not meet the standards of R19-2-C604(B)(2)(a); and
  2. Documentation that does not establish sufficient controls to eliminate the potential of tampering with samples or specimens.
- H. The expiration of, or failure to obtain, a license from the Commission does not deprive the Commission of jurisdiction to:
  1. Proceed with an investigation of any person associated with unarmed combat in this state;
  2. Proceed with an action or disciplinary proceeding against any person associated with unarmed combat in this state;
  3. Render a decision to suspend or revoke the license, approval, registration or sanctioning, or the privilege to obtain such license, approval, registration or sanctioning, as applicable; or
  4. Otherwise discipline any licensee, person approved, registered or sanctioned by the Commission, or any person

**R19-2-C607. Civil Penalties**

- A. The Commission shall notify the Department in writing if a licensee is issued a civil penalty under A.R.S. § 5-235.01(A)(3) or (C).
- B. Upon receipt, the Commission shall immediately forward the civil penalty to the Department for deposit.
- C. Failure to pay a civil penalty of any kind shall result in a suspension of a license until the penalty is paid.

New Section R19-2-C607 renumbered from R19-2-606 and amended by final rulemaking at 24 A.A.R. 445, effective February 7, 2018 (Supp. 18-1).

**R19-2-C608. Appeal, Rehearing, or Review of Decision**

- A. Except as provided in subsection (I), any party in a contested case before the Commission who is aggrieved by a decision rendered in such case by the Executive Director may file with the Commission, not later than 10 days after service of the decision, a written motion for appeal of the decision specifying the particular grounds therefor. For purposes of this subsection, a decision shall be deemed to have been served when personally delivered or mailed by certified mail to the party at the party's last known residence or place of business; or by electronic mail if the party has agreed to receive electronic notifications.
- B. An appeal, or a motion for rehearing or review under this rule may be amended at any time before it is ruled upon. A party shall provide a copy of any pleading on all opposing parties or parties who may be directly affected by the issues presented, and the pleading shall contain a certification of delivery to listed recipients. A response may be filed by any other party within 10 days after delivery of such pleading on the other party. The Commission may require the filing of written briefs upon the issues raised in the motion and may provide for oral argument.
- C. The Commission may affirm or modify the decision, or grant a rehearing to all or any of the parties, on all or part of the issues for any of the following reasons materially affecting the moving party's rights:
  1. Irregularity in the administrative proceedings that causes the moving party to be deprived of a fair hearing;
  2. Misconduct of the Commission or its hearing officer or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence or other errors of law occurring at the administrative hearing or during the progress of the proceedings; or
  7. The decision is not justified by the evidence or is contrary to law.
- D. If a rehearing is granted, the Commission may hear the case or may refer the case to the Office of Administrative Hearings. The decision of the administrative law judge becomes the decision of the Commission unless rejected or modified by the Commission in accordance with A.R.S. Title 41, Chapter 6, Article 10. A decision of the Commission at this level of review is a final decision.
- E. Except for a decision under subsection (I), a rehearing or review of the final Commission decision shall be requested in order for the aggrieved party to have the right to appeal under A.R.S. Title 12, Chapter 7, Article 6. The Commission shall rule on the motion for rehearing or review within 15 days after the response to the motion is filed or at the Commission's next meeting after the motion is received, whichever is later.
- F. Not later than 10 days after a decision is rendered, and after giving the parties or their counsel notice and an opportunity to be heard on the matter, the Commission may, on its own initiative, order a rehearing or review of its decision for any reason for which it might have granted a rehearing on motion of a party.
- G. Any order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted, and the rehearing shall cover only those matters so specified.
- H. When a motion for rehearing is based upon affidavits, they shall be served with the motion. An opposing party may, within 10 days after such service, serve opposing affidavits, which period may be extended by the Commission for an additional period not exceeding 20 days for good cause shown or by written stipulation of the parties. Reply affidavits may be permitted.
- I. If, in a particular decision, the Commission makes specific findings that the immediate effectiveness of such decision is necessary for the immediate preservation of the public peace, health, and safety and that a rehearing or review of the decision is impracticable, unnecessary, or contrary to the public interest, the decision may be issued as a final decision without an opportunity for a rehearing or review. If a decision is issued as a final decision without an opportunity for rehearing, any application for judicial review of the decision shall be made within the time limits permitted for applications for judicial review of the Commission's final decisions under A.R.S. Title 12, Chapter 7, Article 6.
- J. For purposes of this Section, the terms "contested case" and "party" shall be defined as provided in A.R.S. § 41-1001.
- K. To the extent that the provisions of this rule are in conflict with the provisions of any statute providing for rehearing of decisions of the Commission, such statutory provisions shall govern.
- L. The Commission may deny a petition or application that is not filed in accordance with this Section without a hearing.
- M. The final result of an unarmed combat bout, even if based upon errors of judgment of the referee or the judges, shall not be overturned or modified by the Commission unless there is substantial evidence that the following have occurred:
  1. The compilation of the scorecards of the judges shows an error if such error would result in the win being given to the wrong contestant; or
  2. There has been fraud or collusion affecting the result.

**R19-2-C609. Registration of Amateur Sanctioning Organizations: Requirements; Application; Fees; Revocation, Suspension or Setting Conditions**

- A. All sanctioning organizations that are required to be approved under A.R.S. § 5-222(A)(4) shall be registered with the Commission. A sanctioning organization that is required to be registered shall submit to the Commission:

## CHAPTER 2. ARIZONA RACING COMMISSION

1. A completed application for registration on a form provided by the Commission;
  2. A complete set of rules adopted by the sanctioning organization to govern the particular discipline, which must be substantially equivalent to the rules of this Article 6 with regard to safety of the combatants; and
  3. An application or renewal fee of \$1,000.
- B.** A sanctioning organization that is required to be registered may have its registration denied, revoked, suspended, or conditioned by the Commission for:
1. Failing to provide information as requested by the Commission or the Executive Director;
  2. Failing to establish or follow its own complete set of rules;
  3. Failure to dismantle and remove all equipment, ring, cage, and seating upon conclusion of an event; or
  4. Any other cause for the revocation, suspension or conditioning of a license set forth in A.R.S. Title 5, Chapter 2, Article 2, and these rules adopted thereunder.
- C.** A sanctioning body that is required to be registered shall not participate, directly or indirectly, in any amateur event of unarmed combat if registration is not obtained.
- D.** The Commission may approve one amateur sanctioning organization for each Muay Thai discipline. The Commission may limit, deny, suspend, or revoke registration of a separate organization, if the Commission, in its sole discretion, determines registration of the organization is not in the best interest of the industry.
- E.** The Commission may waive the requirements of subsections (A), (B), (C), and (D).
- F.** The provisions of this Section do not apply to professional Muay Thai events, which shall be sanctioned by the Commission, or to a professional Muay Thai promoter whose license is issued by the Commission and who is in good standing.
- D.** Mouthpiece.
1. During competition, each contestant is required to wear a mouthpiece that has been fitted to the contestant's mouth. The mouthpiece shall be subject to examination by and approval of the referee. A round cannot begin without the mouthpiece in place.
  2. If the mouthpiece is dislodged or spit out during the course of a round, the referee shall call time at the first opportune moment without interfering with the immediate action or the advantage the aggressor may have. As soon as it can be properly replaced, the referee shall direct a second to wash the mouthpiece and the referee shall then replace it with all deliberate speed. For professional kickboxing contests, a round will not be stopped by the loss of a mouthpiece.
  3. A contestant who intentionally spits out a mouthpiece in an apparent attempt to cause the progress of a round to be interrupted is subject to penalty to be determined by the referee.
- E.** Stools. The promoter shall provide an appropriate number of stools or chairs for each combatant's corner. The stools or chairs shall be of a type approved by the Commission. All stools and chairs shall be thoroughly cleaned or replaced after each bout.
- F.** Bell. The term "bell" shall refer to a bell, horn, gong, or other sound device approved by the Commission, which shall be positioned at a location approved by the Commission, and shall carry a clear tone so that the contestants may easily hear its sound.
- G.** Injured Combatants.
1. The ringside physician shall enter the fighting enclosure and examine and tend to a contestant who has been knocked out or is otherwise injured. The physician may enter at the conclusion of a bout, when called in by the referee, or when it is deemed medically necessary by the physician. The seconds of the injured contestant shall not interfere with the physician.
  2. Contestants who have been knocked down and out shall be kept in a stable position until they have recovered.
  3. A contestant who has been knocked out shall not be permitted to compete until the Executive Director and a physician approved by the Executive Director jointly clear the contestant's return to competition. In making this decision, the consideration of the Executive Director and the physician shall include, but shall not be limited to, the requirements under R19-2-C604(A)(3).
  4. A combatant who has been knocked out three times within a 12-month period shall be suspended from competition for six months from the date of the last knock-out, and must satisfy the Commission that he or she is capable of returning to competition, including, but not limited to, documenting clearance under R19-2-C604(A)(3).
  5. The term "knockout" as used in this subsection includes a technical knockout that is injury-based.
- H.** Female Combatant. A female combatant shall not be matched or engage in a bout with a male combatant, unless approved by the Commission.
- I.** Weigh-in; when contestants are required to appear.
1. The weigh-in shall be held at a time and place approved by the Commission in conformance with A.R.S. § 5-225(E). It shall be supervised by a Commission representative. Promoters are required to contact the Commission at least 48 hours in advance of the weigh-in to make appropriate arrangements therefor. Contestants shall appear at the weigh-in and the failure to do so may sub-

**PART D. UNARMED COMBAT RULES****R19-2-D601. General Provisions for All Unarmed Combat Disciplines**

- A.** Applicability of requirements/alteration. This Section shall apply to all regulated unarmed combat disciplines, unless otherwise noted herein. In case of a conflict between this general Section and a provision relating to a specific discipline, the specific provision shall control. The Commission may approve the alteration of requirements of Part D if it is determined that the alteration is dictated by the event venue or by nationally-accepted rules and that the alteration will not compromise the safety of the combatants. If the rules regarding a specific unarmed combat discipline do not adequately cover an issue pertinent to that discipline, the Commission may refer to and use rules applicable to a different unarmed combat discipline as guidance.
- B.** Time between bouts. Unless special approval is obtained from the Commission, a contestant shall not be allowed to compete until the following time periods have elapsed:
1. Five days, if the contestant has competed anywhere in a bout of six rounds or less; or
  2. Ten days, if the contestant has competed anywhere in a bout of more than six rounds.
- C.** Dressing rooms. The promoter shall provide contestants with dressing rooms or areas which shall be equipped with showers, be sanitary, safe, ventilated, and have sufficient seating. Separate dressing rooms shall be provided for contestants of separate genders.

- ject the contestant to discipline, up to and including disqualification from competing.
2. Contestants shall appear at the event location at least one hour before the scheduled bout in which they will compete.
  3. Contestants who are already licensed and scheduled to fight shall be present in the city of the scheduled event at least 24 hours before the event and make their presence known to the Commission.
- J. Physical examination, appearance and weight.**
1. Each contestant shall be required to complete a pre-fight physical examination by an appointed physician as directed by the Commission. The examining physician shall be satisfied that a contestant is in good physical condition and able to compete in the scheduled event. Each contestant shall be re-examined within one hour after the bout in which he or she has competed.
  2. Facial and head hair shall not create a hazard to safety or interfere with the supervision or conduct of the event. The Commission may require alteration to facial and head hair in the sole discretion of the Commission representative at the weigh-in. Hair stays must be approved by the Commission. Jewelry and piercing accessories are prohibited during competition.
  3. A contestant who exceeds his or her contractual weight by more than one pound at the weigh-in is in breach of his or her contract. At the discretion of the Commission, the contestant may be permitted a second opportunity to make the weight within two hours. In the alternative, the Commission may impose a penalty consisting of a forfeiture of no more than 20% of the gross purse. Penalty amounts may be added to the purse of the contestant's opponent.
  4. There shall be allowed variations in weight allowances and weight classes in non-championship fights, if both contestants and the Commission approve the variation.
- K. Illness and absence.**
1. Whenever a contestant, because of injuries or illness, is unable to take part in an event for which the contestant is under contract, that contestant or the contestant's designated representative shall immediately report that fact to the Commission. The Commission may then require the contestant to submit to an examination by a physician. The examination fee of the physician shall be paid by the contestant, or by the promoter, if the latter requests the examination.
  2. Any contestant who fails to appear for an event in which the contestant is under contract shall be subject to disciplinary action, unless the contestant has submitted to the Commission a written valid excuse or physician's certification of illness or injury in advance of the event.
- L. Substances.**
1. It is prohibited for drugs, injections, intravenous fluids, or stimulants to be administered to, possessed by, or used by, a contestant during, or within 24 hours preceding an event. This includes smelling salts, ammonia capsules, or similar irritants. Caffeine or caffeinated beverages cannot be consumed during or within two hours before a fight.
  2. The Commission may order anti-doping examinations immediately before and/or after the event. A sample (blood, breath, or urine) shall be provided, using sterile containers, in the presence of the Commission representative, the physician appointed by the Commission, or his or her appointee; and a representative of the combatant.
  3. During an event, administering to a contestant any substance other than plain water or Commission-approved electrolyte drinks is absolutely prohibited.
  4. Coagulants such as adrenalin 1/1000, and others expressly approved by the ringside physician, may be used between rounds to stop bleeding of cuts. "Iron type" coagulants, such as Monsel's solution, are absolutely prohibited and shall be grounds for disqualification.
  5. In the discretion of the referee, a small amount of petroleum jelly may be used around the eyes. The use of lubricants, grease, or any other foreign substance on the arms, legs, or body is prohibited. The referee of a Commission representative has the right to require the removal of excessive lubricants or other foreign substances.
- M. Inspectors.**
1. The Commission shall appoint a minimum of one chief inspector for each event for the purpose of overseeing and coordinating the activities occurring in the dressing rooms with the activities occurring at ringside and the television coordinator.
  2. Chief Inspectors shall:
    - a. Enforce the rules regarding hand wraps, glove weights and types, approved substances, and equipment and supplies that must be in the corner during a match, conduct of the seconds in the corner during the match, how a fight may be stopped by the chief second, and drug test administration;
    - b. Have drug testing kits, tape, pens, gloves, and other equipment available and in good working condition, for use by the Commission; and
    - c. Ensure that the promoter has provided the required emergency medical personnel and their equipment.
  3. The Commission shall appoint additional inspectors as necessary for each event for the purpose of overseeing, directing, and controlling the activities occurring in the dressing room and at ringside.
  4. Inspectors shall know and follow these rules and the Inspector's Training Guidelines provided by the Commission.
- N. Presence of medical assistance.**
1. At least one licensed physician shall be assigned to cover every contest, and shall sit at the immediate ringside of all bouts, unless the Commission determines that more than one assigned physician is necessary to protect the safety of fighters or promote the success of the event. No bout shall be allowed to proceed until at least one assigned physician is seated ringside. No assigned ringside physician shall leave the fighting venue until the dressing rooms are cleared after the final bout. Every assigned ringside physician shall be prepared to assist if any serious emergency arises and shall render temporary or emergency treatments for cuts and minor injuries sustained by the contestants.
  2. No manager or second shall attempt to render aid to a contestant during the course of a round before the assigned ringside physician has had an opportunity to examine the contestant who may have been injured.
  3. No event shall take place, whether amateur, professional, or both, without a team of fully equipped, qualified paramedics and a paramedic ambulance (collectively, a "paramedic unit") present at the event venue for each bout at all times.
    - a. If a paramedic unit leaves the site of the event to transport an unarmed combatant to a medical facility, the unarmed combat event must not continue until another paramedic unit is present and available.

## CHAPTER 2. ARIZONA RACING COMMISSION

If the event cannot be stopped, as in the case of a televised event, the promoter shall make prior arrangements to ensure that there will be a paramedic unit present at all times, including arranging for the presence of additional paramedic units at the event start.

- b. If a paramedic unit is not available because of the location of the site, the highest level of paramedic assistance and transportation in that location shall be present, able, and available to treat and transport an unarmed combatant to a medical facility.
- c. The medical personnel described in this subsection shall be designated to render service only to the unarmed combatants in the event, and shall be positioned in a location that is deemed appropriate by the ringside physician.
- d. Each promoter shall give notice of the event to:
  - i. The paramedic-unit companies that are located nearest to the site of the event and ascertain from the service the length of time required for one of its ambulances to reach the site; and
  - ii. The nearest hospital emergency room.
- e. For purposes of this subsection, an event of unarmed combat begins with the commencement of the first bout and ends when the last unarmed combatant leaves the site.
- f. The Commission may waive all or part of the paramedic unit requirement, in its discretion, if the person requesting the waiver demonstrates that adequate alternative medical facilities are readily accessible.

**O. Conduct of seconds.**

1. A contestant may have up to three seconds and shall designate to the referee which of them is the chief second. The chief second is responsible for the conduct of the assistant seconds. Only one second can be inside the ring during a period of rest, unless a greater number is approved by the Commission, except that there may be two seconds in the ring during a Muay Thai rest. The Commission, in its sole discretion, may approve an increase in the number of seconds to four in a championship contest or in a special event.
2. A second shall remain seated outside of, and shall not enter, the fighting area or stand on the apron during the progress of a round. A second shall not administer aid to a contestant during a round. During an officially interrupted round, a second may stand on the apron only with the express permission of the referee.
3. Seconds shall not interfere with the progress of a round, for example, by banging on the apron or excessive coaching. The referee has the discretion to disqualify a second whose conduct is interfering with a bout.
4. Any excessive or undue spraying or throwing of water on a combatant by a second during a period of rest is prohibited.
5. A chief second may signal a referee to stop the fight in the manner approved by the Commission.

**P. Referee.**

1. The referee shall have direction and control over contestants and their seconds during a bout subject to the governing laws and rules. The referee shall have final authority to decide if an injury is produced by a fair or foul blow and if an act is intentional or accidental. The referee shall have final authority to stop a bout when in the referee's opinion a contestant is unfit to continue or otherwise cannot compete. When instant replay is avail-

able, the referee, in the referee's sole discretion, may utilize the instant replay to determine the actual result of the fight-ending sequence in the case where a fight has been officially stopped and the result may have been caused by any type of foul, under the following rules:

- a. A fight-ending sequence shall mean the final exchange of strikes or maneuvers that results in the ending of a bout.
  - b. The referee, and only the referee, may use the instant replay if the referee indicates to the Commission the need to do so ("Call for Replay Review") within three minutes from the stoppage of the fight.
  - c. The referee may have no more than five minutes to review the fight-ending sequence once the instant replay is made available and shall make a final decision within that period of time.
  - d. The information obtained from the replay shall not be used to restart the fight as the fight is officially over and cannot be resumed.
  - e. If there is technical difficulty in accessing the instant replay that cannot be resolved within 10 minutes of the Call for Replay Review, the referee's initial determination shall be final.
  - f. Instant replay shall not to be used by any party to challenge the decisions of the referee.
2. In the case of a cut or other injury which the referee believes may be incapacitating, the referee may consult with the ringside physician before making a decision and may interrupt a round and have the clock stopped for this purpose. The Referee shall notify Commission representatives of any cuts or injury observed, regardless of the severity of the injury.
  3. When a contestant is incapacitated because of a foul, the referee has the discretion to interrupt a round and have the clock stopped for up to five minutes to enable the contestant to recover.
  4. If the referee reasonably suspects that the contestants are not honestly competing, the referee shall stop the bout and declare a "no contest." Purses of both contestants shall be held pending investigation and disposition by the Commission, in its sole discretion.
  5. Prior to giving a warning for rule infringement, the referee shall stop the fight, use the correct warning signal to ensure the contestant's understanding and then indicate the offending contestant to the judges. Any contestant, who is warned three times or more, may be disqualified.
  6. The referee shall pick up the count for knock downs from the timekeeper by the fourth second.
  7. The referee shall provide a 10-second warning to the seconds to leave the fighting area. The seconds must be out of the fighting area when the bell rings.
  8. Should the contestant causing a knockdown fail to stay in the farthest neutral corner during the count, the referee shall cease counting until the contestant has returned to that corner. The referee shall then go on with the count from the point at which it was interrupted.
  9. The referee shall wave both arms to indicate that a contestant has been counted out or cannot otherwise continue.
  10. The referee shall raise the hand of the winner at the end of the bout.

**Q. Judges.**

1. The judges shall be independent and free to score according to the rules and normal practice.
2. Each judge shall sit separately from each other and from the audience.

## CHAPTER 2. ARIZONA RACING COMMISSION

3. The judges shall remain neutral during the match. However, a Muay Thai judge may notify the referee of a rule violation during the round interval.
  4. At the end of each round, the judges shall complete the score card for that round.
  5. The judges are not allowed to leave their seat until the match ends and result has been announced.
- R.** Type of results. Unless otherwise indicated in these rules, the following result types apply to every unarmed combat discipline regulated by the Commission:
1. A knockout occurs by failure of a combatant to rise from the canvas. The failure to resume fighting after a rest period shall be considered as if a knockout or technical knockout occurred in the next round.
  2. A technical knockout occurs when:
    - a. The referee stops a bout;
    - b. The ringside physician stops a bout; or
    - c. An injury as a result of a legal maneuver is severe enough to terminate a bout.
  3. A decision via score cards occurs when there is no knock-out or technical knockout. A score card decision is of three types:
    - a. Unanimous – when all three judges score the bout for the same contestant;
    - b. Split Decision – when two judges score the bout for one contestant and one judge scores for the opponent; or
    - c. Majority Decision – when two judges score the bout for the same contestant and one judge scores a draw.
  4. A draw is of three types:
    - a. Unanimous – when all three judges score the bout a draw;
    - b. Majority – when two judges score the bout a draw; or
    - c. Split – Where one of the three judges scores the contest in favor of one fighter, another judge scores the contest in favor of the other fighter, and the third judge scores the contest as a draw.
  5. Disqualification of a contestant who has committed fouls may occur when the referee determines that a foul was intentional, severe, or flagrant, there is a combination of fouls of any type, or the bout is terminated as a result of an injury resulting from an intentional foul. A disqualification shall result in a win for the opponent of the disqualified contestant.
  6. Forfeiture may occur when a contestant fails to begin competition or prematurely ends the bout for reasons other than those listed in these rules.
  7. A technical draw may occur when an injury sustained during competition as a result of an intentional foul causes the injured contestant to be unable to continue and the injured contestant is even or behind on the score cards at the time of stoppage. A technical draw will also occur when both fighters are simultaneously knocked out (“double knockout”), both contestants are in such condition that a continuance may subject them to serious injury, or, in kickboxing, an accidental foul terminates a bout during the first round.
  8. A technical decision may occur when the bout is prematurely stopped due to injury and a contestant is leading on the score cards.
  9. No contest may occur when a bout is prematurely stopped due to accidental injury and a majority of rounds has not been completed to render a decision via the score cards. A no contest shall render the contest a nullity, with no winner or loser.
  10. In a discipline using a 10-point must system of scoring, an even 10-10 score is allowed, but shall be a relatively rare result.
- S.** Timekeeper.
1. The timekeeper shall keep precise timing of each round and the breaks, following the referee’s instructions to start or stop, according to the rules and normal practice. A timekeeper is responsible for keeping the official time of each bout and shall:
    - a. Start and end the round by striking the bell or other sound device approved for the bout.
    - b. Warn contestants when there is only 10 seconds remaining in a round by the method approved for the unarmed combat discipline.
    - c. Signal the end of each rest period by use of a distinctive whistle or other approved sound.
    - d. Correctly regulate all periods of time and counts by a stop watch or clock, but shall only stop the clock when instructed by the referee with the command “time,” then resuming timekeeping when the referee gives the command “time in.”
    - e. Use two stop watches or clocks for regulating rounds and rehabilitation periods.
    - f. For all disciplines other than MMA, start the knock down count by standing and signaling to the referee, audibly and by hand gestures, the correct count in one-second intervals.
  2. There is no saving by the bell during a count, except during the last round.
- T.** Announcer. The announcer has the responsibility to:
1. Announce the combatants’ names, corner, and weight or weight class prior to the fight and again as they arrive in the ring;
  2. Hold the microphone for the referee to announce the rules or guidelines;
  3. Announce the round number at the start of each round;
  4. Announce the correct winner’s name and corner, when the referee raises the combatant’s hand; and
  5. Announce any other information required by the unarmed combat discipline or the Commission.
- U.** Gloves. The Commission may require that promoters provide, for approval, a deconstructed sample of non-certified gloves to be used in any match, together with a list of materials used to construct the gloves.
- V.** Bandaging.
1. As a general rule, soft surgical bandage (“gauze”) and surgeon’s adhesive tape (“tape”) may be used to protect the hands or feet of combatants, depending on the discipline.
  2. With regard to hand bandaging, tape shall be placed directly on the skin of the hand nearest to the wrist to protect that part of the hand. Said tape may cross the back of the hand twice, but shall not exceed one winding’s width (for example two inches for boxing hand wraps). Bandages shall be evenly distributed across the hand.
  3. Contestants shall not wet wraps or apply a substance to the wrapping.
  4. Bandages and tape shall be applied in the dressing room in the presence of the inspector. Gloves shall not be placed on the hands of a contestant until the bandages are approved by the inspector. If approved by the Commission, a contestant has the right to have a second or manager witness the bandaging of an opponent’s hands.
  5. Variations specific to each discipline are listed in Table 2.

## CHAPTER 2. ARIZONA RACING COMMISSION

6. All other wraps or bandages that are not specifically allowed in these rules must be approved by the Commission.
- W. Fouls.** The following actions are fouls in every unarmed combat discipline:
1. Striking or abusing an official;
  2. Hitting on a break, after the round has ended, or after the referee has stopped the bout;
  3. Butting with the head;
  4. Groin attacks of any kind;
  5. Refusal to obey the commands of the referee;
  6. Timidity (avoiding contact, intentionally falling down, faking an injury, intentional stalling, refusing to engage, intentionally dropping the mouthpiece, or using passive tactics);
  7. Spitting or biting;
  8. Use of swearing or abusive language during the event by a contestant or the contestant's representatives;
  9. Eye gouging;
  10. Hair pulling;
  11. Strikes to the spine, back of the head, or base of the skull ("rabbit blows");
  12. Interference by seconds;
  13. Intentionally throwing an opponent out of fighting area;
  14. Holding the ropes or onto the cage for any reason; and
  15. Any unsportsmanlike conduct that, in the opinion of the referee, does, or is likely to, cause an injury to an opponent or interference with the contest.
- X. Rounds.**
1. A round of unarmed combat includes a period of unarmed combat immediately followed by a period of rest, with the exception that there is no period of rest after the final round.
  2. The Commission may approve a variation on the standard number and duration of rounds during a bout.
  3. A round only begins upon the sounding of the bell. Any stoppage during the match for any reason, will not be counted as part of the round time.
- Historical Note**

The promoter shall have two extra sets of 8-ounce and 10-ounce gloves available during an event.
  2. All gloves shall be nationally-approved brands or shall be submitted for approval to the Commission, and shall be in sanitary, safe, and good condition.
  3. Gloves for title bouts shall be new and delivered to the Commission representative with the packaging unbroken.
- C.** Contestant's equipment and apparel. Each contestant has the duty to provide personal hand bandaging, uniforms, robe, boxing or combat shoes, abdominal guard, mouthpiece, water bottle, bucket, and towel for use during a bout, unless certain items are provided under the promoter/fighter contract. A contestant's equipment is subject to the approval of the Commission or its representative and the following requirements apply to the equipment and apparel of all contestants:
1. The contestants may not wear the same colors in the ring, without the approval of the Commission's representative. Each contestant shall have two uniforms in contrasting colors, with each uniform consisting of trunks for male contestants and a top and shorts for female contestants.
  2. The belt of the trunks or shorts shall not extend above the waistline.
  3. Facial cosmetics shall be prohibited.
  4. Each contestant shall wear an abdominal guard that will protect him or her against injury from a foul blow. The abdominal guard shall not cover or extend above the umbilicus.

| Heavyweight       | 200+                   |
- E.** Fair blows and fouls.
1. Fair blows are delivered by a combatant with the padded knuckle part of the glove to the front or sides of the head, shoulders, arms, and front torso above the belt line of an opponent.
  2. All blows that are not fair as described in subsection (E)(1) above are fouls. In addition to the foul blows listed in R19-2-D601(W), the following practices are also classified as fouls in boxing:
    - a. Hitting an opponent who is down or in the process of getting up after being down;
    - b. Holding an opponent with one hand and hitting with the other, or duck so low that the contestant's head is below an opponent's belt line;

    - f. Hitting with an open glove, the inside of the glove, the wrist, the backhand, or the side of the hand; and
    - g. Punching an opponent's back or the kidneys (kidney punch).
- F.** Intentional foul.
1. The referee shall have discretion as to the penalty for fouling. The referee may direct the deduction of points, and may also disqualify the wrongdoer, in the case of per-

sistent or major fouling, or where the foul prevents continuance of the bout. Normally, in the case of minor fouling, the referee is expected to issue a warning before imposing a penalty. Penalties shall be imposed during or immediately after the round in which the foul occurs. The referee shall personally advise the corners and each judge of the points deducted immediately upon imposition of the penalty.

2. If a contestant is injured (e.g., cut) by an intentional foul but can continue, the referee shall notify the judges and the Commission representative at ringside that if the foul-inflicted injury is subsequently aggravated to the point that the injured contestant cannot continue, a technical win will be rendered in favor of the injured contestant if the injured contestant is ahead on points, or the points are even, and a technical draw will be rendered if the injured contestant is behind on points.

**G. Accidental foul.**

1. If a contestant is accidentally fouled so that the contestant cannot continue, the referee shall stop the bout and a technical decision shall be rendered in favor of the contestant ahead on points. If the points are even, or if the foul occurs in the first three rounds, a no contest shall be declared.
2. If a contestant is injured by an accidental foul but can continue, the referee shall notify the judges and the Commission representative at ringside that if the foul-inflicted injury is subsequently aggravated to the point that the injured contestant cannot continue, the bout will be stopped and a technical win will be rendered in favor of the contestant ahead on points. If the points are even, or if the injury occurs in the first three rounds, a no contest shall be declared.

**H. Results specific to boxing.**

1. In addition to the type of results listed in R19-2-D601(R), the following results are specific to boxing:
  - a. When contestant is considered knocked down. A contestant is considered to be knocked down when any part of the contestant's body, other than the soles of the feet are on the canvas, or the contestant hangs helplessly on the ropes, unable to stand, or the contestant is knocked out of the ring.
  - b. Counting. When the contestant is knocked down the referee shall order the opponent to the farthest neutral corner of the ring, pointing to the corner. The count shall begin by the timekeeper immediately upon the knockdown. The timekeeper, by audible counting and hand signaling, shall give the referee the correct one-second interval for the count. The referee shall pick up and audibly announce the passing of the seconds, accompanying the count with appropriate hand motions. The referee's count is the official count.
  - c. Length of Count. A contestant who is knocked down shall not be allowed to resume boxing until the referee has finished counting 8 ("mandatory 8 count"). A contestant may take the count either on the floor or standing. If the contestant taking the count is not standing in a complete upright position when the referee calls the count of 10, the referee shall wave both arms indicating that the contestant has been knocked out.
  - d. No saving by bell. Except in the last round, there is no saving by the bell. If a contestant is knocked down during the last 10 seconds of a round, the count shall continue after the end of the round as if

the round was not ended. The one-minute rest period will begin from the time the contestant rises after the knockdown. If a contestant is knocked down during a round, and counted out after the end of a round, the knockout shall be considered as having taken place during the round which was last finished.

- e. Wiping gloves. Before a contestant resumes boxing after having been knocked down, or having slipped, to the floor, the referee shall wipe any foreign substance from the contestant's gloves before allowing the bout to resume.
- f. Three knockdowns. When a contestant is knocked down for the third time in a round, the referee shall stop the bout. The opponent shall be declared the winner. This rule shall not apply to championship contests, unless both contestants and the Commission agree that it should apply.
- g. Knocked out of ring. A contestant who is knocked or fallen out of the ring, may be helped back onto the ring apron by anyone except the contestant's manager or seconds. The contestant has a total of 20 seconds to get into the ring and rise.

**I. Method of judging.**

1. Three judges shall score all bouts. Under special circumstances two judges and the referee may score. The method of judging shall be the 10-point must system. In this system the better contestant receives 10 points and the opponent proportionately less, but not less than 7 points. If the round is even, each contestant receives 10 points. A fraction of points may not be given. Points for each round shall be awarded immediately after the termination of the round and not subsequently changed. Judges shall sign their scorecards.
2. After each round, the referee shall pick up the scorecards of the judges and then deliver the cards to the Commission representative assigned to check them for mathematical accuracy. When the Commission representative has completed checking the final scorecards, the representative shall advise the announcer of the decision, and the announcer shall then inform the audience of the decision over the speaker system. The Commission representative shall be present at the ring apron when checking the scorecards.

**J. Rounds.**

1. The number of rounds in a boxing bout shall not exceed a maximum of 12.
2. The duration of each round shall be a maximum of three minutes, followed by a one-minute rest period after each non-final round.

The fighting area canvas shall be padded in a manner as approved by the Commission, with at least a 1-inch layer of foam padding. Padding shall extend beyond the fighting area and over the edge of the platform. Vinyl or other plastic rubberized covering shall not be permitted unless approved by the Commission.
2. The fighting area canvas shall not be more than 4 feet above the surface upon which the fighting area is con-

structed and shall have suitable steps or ramp for use by the participants. Posts shall be made of metal not more than 6 inches in diameter, extending from the floor of the building to a minimum height of 58 inches above the fighting area canvas and shall be properly padded in a manner approved by the Commission.

3. The fighting area shall be enclosed by a fence made of such material as will not allow a fighter to fall out or break through it onto the floor or spectators, including, but not limited to, vinyl coated chain link fencing. All metal parts shall be covered and padded in a manner approved by the Commission and shall not be abrasive to the contestants.
  4. The fence may provide two separate entries onto the fighting area canvas, but one entrance is acceptable.
- B. Gloves.** The promoter is responsible for providing gloves for contestants in accordance with the following:
1. The gloves shall be new for all main events and in good condition, or they must be replaced.
  2. All contestants shall wear gloves of 4, 5, or 6 ounces in weight, approved by the Commission. No contestant shall supply their own gloves for participation, unless approved by the Commission and mutually agreed upon by the contestants.
- C. Contestant's equipment and apparel.**
1. For each bout, the promoter shall provide at least one clean water bucket and clean plastic water bottle in each corner.
  2. Male contestants shall wear a groin guard of their own selection, of a type approved by the Commission.
  3. Female contestants are prohibited from wearing groin guards, but may be required to wear a chest protector during competition, of a type approved by the Commission.
  4. Gis, shirts, socks, and shoes are prohibited during competition. Each contestant shall wear MMA shorts, biking shorts, or kickboxing shorts, and women contestants shall also wear approved tops.
- D. Weight classes.** The following weight classes shall be used as a general guide:

Weights	Weight Range in Pounds
Flyweight	Less than 126
Bantamweight	126-134.9
Featherweight	135-144.9
Lightweight	145-154.9
Welterweight	155-169.9
Middleweight	170-184.9
Light Heavyweight	185-204.9
Heavyweight	204-264.9
Super-Heavyweight	265+

**E. Fouls.**

In addition to the foul blows listed in R19-2-D601(W), the practices addressed in subsections (E)(1) and (2) below are classified as fouls in MMA.

1. The following infractions shall receive a warning for the first instance, and thereafter shall result in a penalty:
  - a. Holding or grabbing the fence;
  - b. Holding an opponent's shorts or gloves; and
  - c. The presence of more than one second in the fighting area during a period of rest or the presence of a second on the apron without permission from the referee.

2. The following infractions shall receive a penalty if committed at any time:
  - a. Fish hooking;
  - b. Intentionally placing a finger in any orifice of an opponent;
  - c. Downward pointing of elbow strikes (i.e. a "12-to-6" downward elbow strike);
  - d. Small joint manipulation;
  - e. Heel kicks to the kidney;
  - f. Throat strikes of any kind;
  - g. Clawing, pinching, twisting the flesh or grabbing the clavicle;
  - h. Kicking or kneeing the head of a grounded contestant;
  - i. Stomping a grounded contestant, or kneeing or kicking the head of a grounded contestant;
  - j. Spiking an opponent to the canvas on the opponent's head or neck; and
  - k. For amateurs only:
    - i. Elbow strikes to the head of a grounded opponent;
    - ii. Twisting leg submissions;
    - iii. Linear kicks to the knees; or
    - iv. Foot stomps.
3. Only a referee can assess a foul. If the referee does not call the foul, judges shall not make that assessment on their own and cannot factor such into their scoring calculations.
4. If a foul is committed, the referee shall:
  - a. Call time;
  - b. Check the condition and safety of the fouled contestant; and
  - c. Assess the foul to the offending contestant, deduct points, and notify each corner's seconds, judges, and the official scorekeeper of that decision.
5. There shall be no scoring of an incomplete round. If the referee penalizes either contestant, the appropriate deduction of points will occur when the final score is calculated.
6. For purposes of MMA, a "grounded" contestant occurs when any part of the contestant's body, aside from a single hand and soles of the feet, are touching the fighting-area floor. To be grounded, both hands palm/fist down, and/or other body part, will be touching the fighting-area floor. If a single knee or arm is touching the fighting-area floor, the combatant or contestant is grounded without having to have another body part touching the fighting area floor.

**F. Intentional fouls.** For intentional fouls, the following rules shall apply:

1. An intentional foul that does not result in an injury shall result in a deduction of one point from the offending combatant's score. If an injury results from an intentional foul, the referee shall inform the scorekeeper to deduct two points from the score of the offending contestant.
2. The offending contestant loses by disqualification if the referee determines that any of the offenses were intentional, severe, or flagrant, there is a combination of three of the fouls listed in subsection (E)(2) above, or the bout is terminated as a result of an injury resulting from an intentional foul.
3. If an injury sustained during competition as a result of an intentional foul causes the injured contestant to be unable to continue at a subsequent point in the bout:

## CHAPTER 2. ARIZONA RACING COMMISSION

- a. The injured contestant will win by a technical decision, if the injured contestant was ahead on the score cards; or
  - b. The outcome will be declared a technical draw, if the injured contestant was behind on the score cards.
  4. If a contestant incurs injury while attempting to foul an opponent, the referee shall not take any action in the contestant's favor, and the injury shall be treated in the same manner as an injury produced by a fair blow.
  5. If, during grappling, the contestant on the bottom commits a foul, the bout will continue to protect the superior position of the topmost contestant, unless the contestant on the top is too injured to continue.
- G. Accidental fouls.**
1. Accidental fouls will result in one point being deducted by the official scorekeeper from the offending combatant's score if directed by the referee.
  2. If an injury sustained during competition as a result of an accidental foul is severe enough for the referee to stop the bout immediately, the bout shall result in a no contest, if stopped before a majority of rounds have been completed.
  3. If an injury sustained during competition as a result of an accidental foul is severe enough for the referee to stop the bout immediately, the bout shall result in a technical decision awarded to the contestant who is ahead on the score cards at the time the bout is stopped only when the bout is stopped after a majority of rounds have been completed.
- H. Results specific to MMA.** In addition to the type of results listed in R19-2-D601(R), bout results can include submission by:
1. Tap out, which occurs when a contestant physically uses his or her hand to indicate that he or she no longer wishes to continue; or
  2. Verbal tap out, which occurs when a contestant verbally announces to the referee that he or she does not wish to continue.
- I. Method of judging.**
1. All bouts will be evaluated and scored by three judges.
  2. The 10-point must system will be the standard system of scoring a bout. Under the 10-point must scoring system, 10 points must be awarded to the winner of the round and 9 points or less must be awarded to the loser, except for an even (10-10) round.
  3. Judges shall evaluate the following MMA techniques in the following order of importance: effective striking, grappling, control of the fighting area, aggressiveness, and defense.
    - a. Effective striking is judged by determining the total number of legal heavy strikes landed by a contestant.
    - b. Effective grappling is judged by considering the amount of successful executions of a legal takedown and reversals. Examples of factors to consider are takedowns from standing position to mount position, passing the guard to mount position, and bottom position contestant using an active, threatening guard.
    - c. Effective fighting area control is judged by determining who is dictating the pace, location, and position of the bout. Examples of factors to consider are countering a grappler's attempt at takedown by remaining standing and legally striking, taking down an opponent to force a ground fight, creating threatening submission attempts, passing the guard to achieve mount, and creating striking opportunities.
    - d. Effective aggressiveness means moving forward and landing a legal strike.
    - e. Effective defense means avoiding being struck, taken down, or reversed while countering with offensive attacks.
  4. The following objective scoring criteria shall be utilized by the judges when scoring a round:
    - a. A round is to be scored as a 10-10 round when both contestants appear to be fighting evenly and neither contestant shows clear dominance in a round;
    - b. A round is to be scored as a 10-9 round when a contestant wins by a close margin, landing the greater number of effective legal strikes, grappling and other maneuvers;
    - c. A round is to be scored as a 10-8 round when a contestant overwhelmingly dominates by striking or grappling in a round; and
    - d. A round is to be scored as a 10-7 round when a contestant totally dominates by striking or grappling in a round.
  5. Judges shall use a sliding scale and recognize the length of time the contestants are either standing or on the ground, as follows:
    - a. If the contestants were on the canvas most of the round, then:
      - i. Effective grappling is weighed first; and
      - ii. Effective striking is then weighed.
    - b. If the contestants were standing most of the round, then:
      - i. Effective striking is weighed first; and
      - ii. Effective grappling is then weighed.
    - c. If a round ends with a relatively even amount of standing and canvas fighting, striking and grappling are weighed equally.
- J. Rounds.**
1. The number of rounds in a professional MMA bout shall not exceed a maximum of five rounds.
  2. The duration of each professional round shall be a maximum of five minutes, followed by a one-minute rest period after each non-final round.
  3. The number of rounds in an amateur MMA bout shall not exceed a maximum of three rounds.
  4. The duration of each amateur round shall be a maximum of three minutes, followed by a one-minute rest period after each non-final round.

1. The ring shall be four-sided, not less than 17 feet nor more than 20 feet per side measured within the ropes.
  2. The ring platform shall not be more than 4 feet above the surface upon which the ring is constructed and shall be provided with suitable steps for use of the contestants. Ring posts shall be of metal, not more than 4 inches in diameter, extending from the floor of the building to a height of 58 inches above the ring floor and shall be properly padded.
  3. The floor shall be covered with shock-absorbent padding, as approved by the Commission, which shall extend beyond the ring ropes and over the edge of the platform.
  4. The padding shall be covered with tightly-stretched clean canvas securely laced to the platform.

## CHAPTER 2. ARIZONA RACING COMMISSION

5. There shall be four ropes, stretched and linked to four corner posts. The rope shall not be less than 1 inch in diameter and shall be covered by a soft or cushioning material. Positioning and tensioning of the rope shall be approved by the Commission.

**B. Gloves and footpads.**

1. World title bouts for men shall be fought with 8-ounce regulation gloves. All other male professional bouts may be fought with 8-ounce or 10-ounce gloves by agreement between the promoter and the contestants. All women's professional bouts, including world title bouts, and all amateur competitions shall be held with 10-ounce regulation gloves. Those contestants matched at a weight heavier than super welterweight may be required to wear gloves with more extensive padding than those contestants matched at a lighter weight.
2. All gloves must be nationally-approved brands or shall be submitted for approval to the Commission, and shall be in sanitary, safe, and good condition. Matched contestants shall wear padded protective equipment on the hands and feet of an identical size, shape, style and manufacture as provided by the promoter.
3. Gloves for title fights shall be new and delivered to the Commission representative with the packaging unbroken.

Each contestant has the duty to provide the contestant's own hand bandaging, at least one light-colored and one dark-colored uniform, padded protective equipment to be worn on the feet, abdominal guard, breast protector (for women), mouthpiece, water bottle, and towel for use during an event. A contestant's equipment is subject to the approval of the Commission or its representative and the following requirements apply to the equipment and apparel of contestants:
  - a. The combatants may not wear the same colors in the ring, without the approval of the Commission's representative. In bouts involving a champion currently recognized by the Commission, the champion shall choose which color uniform to wear. In all other bouts, the referee or the Commission representative in charge will designate which contestant will wear the light-colored uniform and which contestant will wear the dark-colored uniform.
  - b. All contestants must follow the World Kickboxing Association Dress Code approved for the discipline their bout is fought under.
  - c. Facial cosmetics shall be prohibited.
  - d. Male contestants must wear a foul-proof groin guard or abdominal guard. A plastic or aluminum cup with an athletic supporter is adequate.
  - e. Female contestants must wear foul-proof breast guards. Plastic breast covers are adequate. Female contestants may also wear an abdominal guard.

**E. Fair blows and fouls.**

1. All punches must land with the knuckle part of the glove, and no other part of the glove or forearm can be used. All kicks must connect with the ball of the foot, the instep, the heel, side of the foot, or the shin from below the knee to the instep.
2. In professional kickboxing competition there is a minimum kick expectation of eight kicks per round, although kick counters will not be used. If the referee feels that a contestant is not kicking enough he or she may give a verbal warning. If the contestant continues without using enough kicks, the referee may deduct a point, and judges shall implement that deduction.
3. Contestants may kick or sweep to the inside or outside region of the leg. Any deliberate kick to the knee, groin, or hip joint shall be prohibited and shall constitute a foul.

## CHAPTER 2. ARIZONA RACING COMMISSION

The referee may issue a warning, order point deductions from the judges scoring, or may disqualify the offending contestant for repeated violations.

4. In addition to the foul blows listed in R19-2-D601(W), the following practices are classified as fouls in kickboxing:
  - a. Knee strikes, elbow strikes, palm-heel strikes, slapping, or clubbing blows with the hands.
  - b. Striking the throat, collarbone, the kidneys, or a female contestant's breasts.
  - c. Hitting with the open glove, or with the wrist.
  - d. Kicking into the knee, or striking below the belt in any unauthorized manner.
  - e. Anti-joint techniques (i.e. striking or applying leverage against any joint).
  - f. Holding an opponent with one hand and hitting with the other.
  - g. Grabbing or holding onto an opponent's leg or foot.
  - h. Leg checking the opponent's leg (act of extending the leg or foot to stop the kick of an opponent) or stepping on the opponent's foot to prevent the opponent from moving or kicking.
  - i. Holding any part of the body or deliberately maintaining a clinch for any purpose.
  - j. Throwing or taking an opponent to the floor in any unauthorized manner.
  - k. Striking a downed opponent, or an opponent who is getting up after being down. A contestant is "downed" when any part of the contestant's body other than the soles of the feet touches the floor.

**F. Intentional foul.**

1. The referee shall have discretion as to the penalty for fouling. The referee may direct the deduction of one to two points and may also disqualify the wrongdoer, in the case of persistent or major fouling, or where the foul prevents continuance of the bout. Normally, in the case of minor fouling, the referee is expected to issue a warning before imposing a penalty. Penalties shall be imposed during or immediately after the round in which the foul occurs. The referee shall personally advise the corners and each judge of the points deducted immediately upon imposition of the penalty.
2. If a contestant is injured (e.g., cut) by an intentional foul but can continue, the referee shall notify the judges and the Commission representative at ringside that if the foul-inflicted injury is subsequently aggravated to the point that the injured contestant cannot continue, a technical win will be rendered in favor of the injured contestant if that contestant is ahead on points, or the points are even, and a technical draw will be rendered if the injured contestant is behind on points.

**G. Accidental foul.**

1. If a bout is stopped because of an accidental foul, the referee shall determine whether or not the contestant who has been fouled can continue. The referee may consult with the attending physician. If the contestant's chances have not been seriously jeopardized as a result of the foul, the referee may order the bout continued after a reasonable interval.
2. On the other hand, if by reason of accidental foul a contestant shall be rendered unfit to continue the bout, it shall be terminated. The scorekeeper shall tally all scores, subtracting all penalties. If the injured contestant is behind on points in the majority opinion of the judges, then the referee shall declare the bout to be a technical draw. But if the injured contestant has a lead in points, then the ref-

eree shall declare the injured contestant to be the winner by technical decision.

3. Should an accidental foul terminate a bout during the first round, the referee shall declare the bout to be a technical draw.

**H. Results specific to kickboxing.**

1. When contestant is considered knocked down. A contestant shall be declared knocked down if any portion of the contestant's body, other than the feet touch the floor, or if the contestant hangs helplessly over the ropes. A contestant shall not be declared knocked down if he or she is pushed, thrown, or accidentally slips to the floor. The determination as to whether a contestant is pushed, thrown or slips to the floor, rather than being knocked down, shall be made by the referee.
2. Counting. Whenever a contestant is knocked down, the referee shall order the contestant's opponent to retire to the farthest neutral corner of the ring, pointing to the corner and immediately begin the count over the knocked down contestant. The timekeeper, through effective signaling, shall give the referee the correct one-second intervals for the count. The referee will audibly announce the passing of each one-second interval, indicating its passage with a downward motion of the arm. The referee's count is the only official count.
3. Length of Count.
  - a. Any time a contestant is knocked down, the referee shall automatically begin a mandatory 8 count and then, if the contestant appears able to continue, will allow the bout to resume.
    - i. The referee may, at his or her discretion, administer an 8 count to a contestant who has been stunned, but who remains standing. He or she shall direct the contestant's opponent to a neutral corner, then begin counting from 1 to 8, examining the stunned contestant as during the counts.
    - ii. If, after completing the standing 8 count, the referee determines that the contestant is able to continue, the referee shall order the bout to resume. But if the referee determines that the contestant is not able to continue, the referee shall stop the bout and declare the contestant's opponent to be the winner by technical knockout.
  - b. If the contestant taking the count is still down when the referee calls the count of 10, the referee shall wave both arms to indicate that the contestant has been knocked out and will signal that the contestant's opponent is the winner. A round's ending before the referee reached the count of 10 will have no bearing on the count. The contestant must still rise before the count of 10 to avoid a knockout.
  - c. Should a downed contestant rise before the count of 10 is reached and then go down again before being struck, the referee shall resume the count where he or she stopped counting.
  - d. Should both contestants go down at the same time, the referee shall continue to count as long as one of the contestants is down. If both contestants remain down until the count of 10, the bout will be stopped and the referee shall declare the bout to be a technical draw. But if one contestant rises before the count of 10 and the other contestant remains down, the first contestant to rise shall be declared the winner

## CHAPTER 2. ARIZONA RACING COMMISSION

by knockout. Should both contestants rise before the count of 10, the round will continue.

4. Should a contestant be knocked down three times in one round from blows to the head, the referee shall stop the bout and declare the contestant's opponent to be the winner by technical knockout.
5. Whenever a contestant is knocked out primarily as a result of a kick, whether or not the kick occurred in combination with punches, the referee shall declare the contestant's opponent to be the winner by either kick knockout or technical kick knockout whichever is appropriate and shall be entered into the contestant's official record as a KKO.
6. A contestant who has been wrestled, pushed, or who has fallen through the ropes during the bout, may be helped back by anyone except the contestant's own seconds or manager. The referee shall allow reasonable time for the return. When on the ring platform outside the ropes, the contestant must enter the ring immediately. Should the contestant stall for time outside the ropes, the referee shall start the count without waiting for the contestant to re-enter the ring.
  - a. Once a fallen contestant re-enters the ring, the referee shall start the round from the moment that the contestant is back in the ring.
  - b. Whenever contestant falls through the ropes, the contestant's opponent must retire to the farthest neutral corner, as directed by the referee, and remain there until ordered to resume the bout.
  - c. A contestant who deliberately wrestles or throws an opponent from the ring, or who hits an opponent who is partly out of the ring and thus prevented by the ropes from assuming a position of defense, may be penalized.
7. Wiping gloves. Before a fallen contestant resumes competition, after having been knocked to, slipped to, or fallen to the floor, the referee shall wipe the contestant's gloves free of any foreign substance.
8. If after consulting with the physician, the referee decides that further contact below the belt, whether from fair or foul blow, will result in injury to a contestant's knee, the referee shall prohibit striking below the belt for the remainder of the bout.

#### I. Method of judging.

1. The judges shall score all bouts and determine the winner through the use of the 10-point must system. In this system the winner of each round receives 10 points and the opponent receives a proportionately smaller number. But in no circumstances shall a judge award the loser of each round with fewer than 7 points. If a round is judged even, each contestant shall receive 10 points. No fraction of points may be given.
2. Judges should base their scores on the relative effectiveness of each contestant in a given round. An official knockdown always demonstrates superior effectiveness. However, a contestant who is knocked down more from instability than from an opponent's blow, may be able to return from the knockdown and dominate the round by a large enough margin to be judged the winner. Also, the weight given to an official knockdown scored by one contestant must be equal to the weight given to an official knockdown scored by the contestant's opponent.
3. Generally, sweeps should not be given the same weight as an official knockdown. Judges should watch for the technique's effectiveness in slowing down an opponent.

4. A contestant who wins the round and does so with exceptional above-the-belt kicking technique, should be given a more favorable point advantage than the contestant who wins a round with a predominance of punching technique. Below-the-belt kicking technique should be given the same weight as punching techniques. A round should be awarded to the overall most effective above-the-waist kicker.
5. Further, a contestant who aggressively presses an opponent throughout a round, but cannot land a threatening kick or punch, should not be judged as favorably as the contestant who back pedals throughout the round but counter attacks with visible impact.
6. Judges shall award points to contestants on the basis of round by round outcomes and in accordance with the following scores:
  - a. 10 points to 10 points whenever neither contestant dominates the other with a superiority in effectiveness.
  - b. 10 points to 9 points whenever the winning contestant dominates the losing contestant with a marginal superiority in effectiveness.
  - c. 10 points to 8 points whenever the winning contestant dominates the losing contestant with exceptional above-the-waist kicking technique, or whenever the winning contestant dominates the losing contestant with a significant superiority in effectiveness as might be indicated by one knockdown.
  - d. 10 points to 7 points whenever the winning contestant dominates the losing contestant with an overwhelming superiority in effectiveness as must be indicated by more than one knockdown.
7. In the case of a professional or Pro Am title bout that ends in a draw, there shall be a tie-breaking extra round, that shall be decided by the referee.

#### J. Rounds.

1. The number of rounds in a kickboxing bout shall not exceed a maximum of 12 rounds.
2. The duration of each round shall be a maximum of two minutes, followed by a one-minute rest period after each non-final round.

#### Historical Note

**E. Fair blows and fouls.**

1. A fair strike may be made by a punch, kick, knee, or elbow. Contestants may strike with punches above the waist, kicks above the waist and to the inside and outside of an opponent's legs, but not to the groin or leg joints. Direct kicks (side-kick style) to the front of an opponent's legs are not allowed. Fighters, promoters, trainers, and the Commission may agree prior to the event to use modified rules, which agreement shall be documented in the promoter/fighter contract.
2. Clinching is allowed if one contestant is active within the clinch.
3. Contestants are allowed to catch their opponent's leg and take one step forward. After one step, the contestant holding the leg must strike before taking further steps.
4. A contestant may kick his or her opponent's supporting leg with the top of the contestant's foot or shin, but may not use the instep as in a karate-style sweep.
5. In addition to the foul blows listed in R19-2-D601(W), the following practices are classified as fouls in Muay Thai:
  - a. Slapping with the lace side of the gloves;
  - b. Holding an opponent's head or arm and hitting;
  - c. Strikes to leg joints or other joint attacks;
  - d. Palm heel strikes;
  - e. Wrestling, back or arm locks or any similar judo or wrestling hold, takedowns or grappling;
  - f. Spinning sweeps;
  - g. Karate-style chopping strikes;
  - h. Striking opponent when the opponent has slipped or fallen down (an opponent is down or downed when any part of his or her body other than the soles of his or her feet touches the floor of the ring);
  - i. Spinning forearm or elbow strike. A spinning back-hand strike is allowed if the hit is made with the portion of the glove that is above the wrist line (from the tape line at the wrist to the end of the glove);
  - j. Deliberately falling on an opponent;
  - k. Hip throws.

**F. Intentional foul. If a contestant commits an intentional foul in the ring, the referee shall have the discretion to do the following, depending on the nature and seriousness of the foul:**

1. Deduct one point from the fouling contestant per foul;
2. Disqualify the contestant who has fouled; or
3. If there is a disqualification, the purse may be withheld and the contestant may be automatically suspended.

**G. Accidental foul.**

1. If a contestant commits an accidental foul in the ring, the referee shall have the discretion to do the following, depending on the nature and seriousness of the foul:
  - a. Give the contestant who has fouled a caution or a warning (only one warning may be given per bout, and a caution may not follow a warning given for the same type of foul);
  - b. Deduct one point from the fouling contestant per foul; or
  - c. Disqualify the contestant who has fouled, if it is a serious accidental foul or if multiple accidental fouls have been committed.
2. When a self-inflicted injury or an accidental foul causes the bout to be stopped, the result would be a no contest or

## CHAPTER 2. ARIZONA RACING COMMISSION

a disqualification if the bout is stopped before a majority of rounds have been completed. If the injury occurs after a majority of rounds have been completed, then the judge's scorecards will be totaled and the decision of the bout will be announced.

**H. Results specific to Muay Thai.**

1. In addition to the type of results listed in R19-2-D601(R), the following are the types of bout results:
  - a. A draw will be declared if both contestants are injured and cannot continue the bout, when the stoppage occurs before a majority of rounds have been completed.
  - b. Individual scores will decide a match if both contestants are injured and cannot continue the bout after the majority of rounds have been completed.
2. Counting. The count interval will be at one-second intervals, from 1 to 10. During the count, the referee will signal with his or her hand, to ensure that the contestant receiving the count understands.
  - a. A contestant, upon receiving a count, cannot continue the match prior to a count of 8 and loses immediately on receiving a count of 10.
  - b. If both contestants fall down, the referee will direct the count to the last contestant that fell. If both contestants receive a 10 count, a draw will be declared. Should the contestants lean against each other while sitting up, the referee shall stop counting at that time.
  - c. The referee shall continue the count from the count of 8 when a contestant is "down" as a result of a hit, the contestant rises at or before the complete count of 8, and the bout is continued after the count of 8 is completed, but the contestant falls again without receiving a fresh hit.
  - d. A contestant not ready to fight again when the bell rings after a break, shall receive a count, unless the failure to fight is caused by an equipment problem. The referee will determine the length of time that will be allowed to fix an equipment problem. If the problem cannot be fixed, the result will be a forfeiture under R19-2-601(R)(6).
3. Knocked out of ring.
  - a. If a contestant falls partially or completely through the ring ropes onto the apron, the referee shall order the opponent to stand in the farthest neutral corner and if the contestant remains partially outside the ropes, the referee shall start to count to 10. If a contestant falls completely out of the ring, the referee shall count to 20. A contestant must re-enter the ring on his own without assistance from another person.
    - i. If the contestant returns to the ring before the count ends, the contestant will not be penalized.
    - ii. If anyone prevents the fallen contestant from returning to the ring, the referee shall stop the count and warn such person or stop the fight until such interference ceases.
    - iii. If both contestants fall out of the ring and one tries to prevent his or her opponent from returning to the ring before the count ends, the interfering contestant will be warned or disqualified.
    - iv. If both contestants fall out of the ring, the one that returns to the ring before the count ends will be considered the winner. If neither contestant can return to the ring, the result will be considered a technical draw.

4. "Flash knockdowns," where the downed contestant rises up immediately, are usually not counted as knockdowns with a standing 8 count. However, if the contestant is stunned by the knockdown, the referee may decide to perform an 8 count if he or she deems it necessary, no matter how fast the contestant rises after the fall.

**I. Method of judging.**

1. The following are the scoring rules:
  - a. The maximum score for each round is 10 points, the loser scoring either 9, 8, or 7;

3. The following strikes will not receive points:
  - a. A strike which is against the rules;
  - b. A strike in defense against the leg or arm of an opponent; or
  - c. A weak strike.
4. Fouls will be scored as follows:
  - a. Any contestant who commits a foul will have one point deducted from his or her score for each foul committed;
  - b. The judges will deduct points for fouls as directed by the referee; and
  - c. Any foul observed by the judges but not by the referee, will be penalized accordingly.

**J. Rounds.**

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

Once licenses initially become available, the Department will announce an initial application period of no less than 10 days in which to accept license applications and supplemental allocation applications.
