## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**R2-13-204. Account Balance Limitations**

## CHAPTER 13. STATE BOARD OF INVESTMENT

- A. For each designated beneficiary, the balance in all qualified tuition programs, as defined in § 529 of the Code, shall not exceed the lesser of:
1. The product (rounded down to the nearest multiple of \$1000) of 7 and the average one year's undergraduate tuition, fees, room and board at the ten independent four year eligible educational institutions as measured and last published by the College Board's Independent College 500 Index that have the largest total direct charges. For purposes of this subsection, "total direct charges" means the charges determined for each eligible educational institution by multiplying the eligible educational institution's undergraduate enrollment by the reported tuition, fees, room and board for an on-campus student at the eligible educational institution; or
  2. The cost in current dollars of qualified higher education expenses the account owner reasonably anticipates the designated beneficiary will incur.
- B. No person shall make any contribution to a qualified tuition program during an account year that would cause the sum of the account balances in all qualified tuition programs of the designated beneficiary as of the first day of the account year plus contributions made during the account year less withdrawals during the account year to or from any such account to exceed the maximum allowable balance set forth in subsection (A). Any excess contributions with respect to a designated beneficiary shall be promptly withdrawn as a non-qualified withdrawal or transferred to another account in accordance with A.R.S. § 15-1875(E) or A.R.S. § 15-1875(F).
- C. No financial institution shall accept for deposit in any account a contribution if the contribution would cause the sum of the values (as of the beginning of an account year) of all qualified tuition programs of the designated beneficiary that are managed by the financial institution and contributions to such accounts less withdrawals from such accounts during the account year to exceed the maximum allowable balance set forth in subsection (A).
- D. Each year, the Board shall review the amounts set forth in subsection (A).
- E. Persons making a contribution to an account shall certify that as to the account's designated beneficiary, and to the best of the contributor's knowledge, the contribution shall not cause the balances in all qualified tuition programs to exceed the account balance limitations described in subsection (A).
- F. If the Treasurer determines that contributions have been made to program accounts in violation of subsection (B) or (C), the Treasurer shall notify the Board, the designated beneficiary and the account owners of all accounts of such designated beneficiary. The account owners shall have 60 days after receipt of such notice to reduce the balances of the qualified tuition programs through distributions and/or changes in beneficiaries to a level less than or equal to the maximum account balance described in subsection (A). If the balances are not appropriately reduced, the Treasurer will disqualify such accounts in reverse order of their date of opening until the sum of the balances in the accounts does not exceed the maximum allowable balance set forth in subsection (A). This subsection shall not apply to any contribution made at a time when such contributions did not cause the account balance limits to be exceeded.

**Historical Note**

New Section R2-13-204 recodified from Section R7-3-504 at 27 A.A.R. 1656, with an immediate effective date of September 23, 2021; Section R2-13-204 renumbered to R2-13-203, new Section R2-13-204 renumbered from

**R2-13-205. Withdrawals; Uses of Withdrawn Funds**

- A. An account owner may withdraw funds from an account at any time. The designated beneficiary of an account shall not have any authority to withdraw funds from an account unless the account is structured to give the designated beneficiary such right of withdrawal upon matriculation or upon incurring qualified higher education expenses as defined in A.R.S. § 15-1871(12) and § 529 of the Code.
- B. Neither the Board nor the Treasurer are responsible for tracking how withdrawn funds are used. It is the responsibility of the account owner to ensure that withdrawn funds are used for qualified higher education expenses as defined in A.R.S. § 15-1871(12) and § 529 of the Code, and to substantiate any exemption from tax or penalty.

**Historical Note**

This language may also be hand-written or typed or provided by any other method to facilitate compliance.
- B. No Investment Direction. A financial institution shall not permit an account owner to move funds, once deposited, that in any way would result in investment direction of the funds or earnings on the funds except to the extent permissible under § 529 of the Code and any applicable regulations and guidance.
- C. Reporting Requirements.
1. At least quarterly, every financial institution shall provide each account owner with a statement. The statement shall list a beginning balance, all activity during the quarter, including any interest paid or dividends earned, and an ending balance. Additionally, the statement for the fourth quarter shall include the following information: an annual beginning balance, an annual total of the interest earned or dividends paid, a year-end balance, and any distributions paid.
  2. Within the time-frames established by the Code, financial institutions, at the request of the Treasurer, shall provide Form 1099Q to all distributees.
  3. A copy of the statement described in (C)(1) and (2) shall be sent to the Treasurer. Additionally, each financial institution shall provide the Treasurer with the information required by A.R.S. § 15-1874(H).

2. Any financial institution or group of financial institutions that chooses to engage in its own marketing program may petition the Treasurer for a credit against future marketing fees.

eralized to the maximum extent possible without violating A.R.S. §§ 15-1871 through 15-1877 or any requirements for a program to qualify as a qualified tuition program under § 529 of the Code.

- B.** If (i) the Internal Revenue Service issues on or after February 27, 2002, any regulation, ruling, notice or other precedential guidance on procedures or activities that a qualified tuition program shall or shall not adopt or undertake to avoid jeopardizing its exemption under § 529 of the Code and (ii) the rules contained in this Article or the statutes contained in A.R.S. §§ 15-1871 to 15-1877 do not include such requirement or prohibition, then these rules shall be deemed amended to the maximum extent possible without violating A.R.S. §§ 15-1871 through 15-1877 to adopt such requirement or prohibition.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## TITLE 2. ADMINISTRATION

## CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

Authority: A.R.S. § 16-956(A)(7)

## Supp. 21-3

**Editor's Note:** The Office of the Secretary of State, Administrative Rules Division, complied with its legal obligation to publish the Notice of Rule Expiration filed for Sections R2-20-109 and R2-20-111 under A.R.S. § 41-1011(C) and 41-1056(G) and (J)(2) in Supp. 17-2, version 2. As a courtesy to the Commission, the Office also published R2-20-109 and R2-20-111 as adopted and made by the Commission because it stated the Governor's Regulatory Review Council did not have the authority to file such a notice. On December 14, 2017, the Commission "re-adopted" rules in the disputed Sections of R2-20-109 and R2-20-111; therefore, our Division has removed the expired rule Sections as published in Supp. 17-2, version 2. The Office will not interpret the legality of any actions made by the Commission or the Council as to whether the rules in R2-20-109 and R2-20-111 were effective at 23 A.A.R. 1761 or expired at 23 A.A.R. 1757 between the dates of June 7, and December 14, 2017. Those interested in that issue should consult counsel.

**Editor's Note:** The Citizen's Clean Elections Commission has filed a Notice of Public Information with the Office of the Secretary of State (Office) stating the Governor's Regulatory Review Council (G.R.R.C.) "cannot effectively repeal the rules" in this Chapter. The Notice also states, "persons subject to the Act and Rules are advised that it is the Commission's position [sic] that an action of G.R.R.C.... cannot relieve them of their obligations under the Act and Rules." [published at 23 A.A.R. 1761] The Office has received a Notice of Rule Expiration from the G.R.R.C. stating R2-20-109 and R2-20-111 have automatically expired [published at 23 A.A.R. 1757]. Under A.R.S. § 41-1056(G), our Office publishes filed G.R.R.C. notices and has included the rule expiration in this Chapter. Since the Office is merely the publisher, it has not, nor will it interpret the legality of the G.R.R.C. authority to "effectively repeal rules."

**Editor's Note:** The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 02-1).

**Editor's Note:** This Chapter contains rules that were adopted under an exemption from the rulemaking provisions of the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 16-956(D). Exemption from A.R.S. Title 41, Chapter 6 means that these rules were not certified by the Attorney General or the Governor's Regulatory Review Council. Because this Chapter contains rules that are exempt from the regular rulemaking process, the Chapter is printed on blue paper. The rules affected by this exemption appear throughout this Chapter.

If the candidate is unable to attend a training class, the candidate shall:
    - a. Notify the Commission that the candidate is unable to attend a training class. The Commission then will send that person the Commission training materials; and
    - b. The candidate shall sign and send to the Commission a statement certifying that he or she has received and reviewed the Commission training materials; and
  6. Limit campaign expenditures. Prior to qualifying for Clean Elections funding, a candidate shall not incur debt, or make an expenditure in excess of the amount of cash on hand. Upon approval for funding by the Secretary of State, a candidate may incur debt, or make expenditures, not to exceed the sum of the cash on hand and the applicable spending limit.
- E.** Loans. A participating candidate may accept an individual contribution as a loan or may loan his or her campaign committee personal monies during the exploratory and qualifying periods only. The total sum of the contribution received or personal funds and loans shall not exceed the expenditure limits set forth in A.R.S. § 16-941(A)(1) and (2). Loans from a financial institution or bank, to a candidate used for the purpose of influencing that candidate's election shall be considered personal monies and shall not exceed the personal monies expenditure limits set forth in A.R.S. § 16-941(A)(2).
- F.** A participating candidate may raise early contributions for election to one office and choose to run for election to another office.
- G.** Contributions to officeholder expense accounts are subject to the restrictions of A.R.S. § 41-1234.01, contributions prohibited during session; exceptions.

**R2-20-105. Certification for Funding**

- A.** After a candidate is certified as a participating candidate, pursuant to A.R.S. § 16-947, in accordance with the procedure set forth in R2-20-104, that candidate may collect qualifying contributions only during the qualifying period.
- B.** A participating candidate must submit to the Secretary of State, a list of names of persons who made qualifying contributions, an application for funding prescribed by the Secretary of State, the minimum number of original reporting slips, and an amount equal to the sum of the qualifying contributions collected pursuant to A.R.S. § 16-950 no later than one week after the end of the qualifying period. Any and all expenses associated with obtaining the qualifying contributions, including credit card processing fees must be paid for from the candi-

date's early contributions or personal monies. A candidate may develop his or her own three-part reporting slip for qualifying contributions, or one that is photocopied or computer reproduced, if the form substantially complies with the form prescribed by the Commission. The candidate must comply with the Act and ensure that the original qualifying slip is tendered to the Secretary of State, a copy remains with the candidate, and that a copy is given to the contributor.

- C. A candidate may accept electronic \$5 qualifying contributions for the elected office sought by the candidate. The Secretary of State's secured internet portal must be used to collect electronic \$5 qualifying. A \$5 contribution must accompany every \$5 qualifying contribution form and must be submitted via the Secretary of State's portal using a private electronic payment service, specified by the Secretary of State's Office, bank account, credit or debit card. A non-refundable transaction fee may be assessed on electronic \$5 qualifying contribution transactions. The transaction fee is not a contribution to the candidate's campaign and is paid by the contributor. If excess funds are accumulated by the candidate's campaign based on the transaction fee then all excess funds must be given to the Commission and must be entered into the candidate's campaign finance report in a manner that indicates the transaction fees have been accumulated and transferred.
- D. A solicitor who seeks signatures and qualifying contributions on behalf of a participating candidate shall provide his or her residential address, typed or printed name and signature on each reporting slip. The solicitor shall also sign a sworn statement on the contribution slip avowing that the contributor signed the slip, that the contributor contributed the \$5, that based on information and belief, the contributor's name and address are correctly stated and that each contributor is a qualified elector of this state. If a contribution is received unsolicited, the candidate or contributor may sign the qualifying contribution form as the solicitor and is accountable for all of the responsibilities of a solicitor. Nothing in this rule shall prohibit the use of direct mail or the internet to obtain qualifying contributions as long as an original signature is provided on the qualifying contribution form. The candidate may sign the qualifying contribution form as the solicitor and is accountable for all of the responsibilities of a solicitor. For qualifying contributions received in accordance with subsection (C) of this Section, the residential address and signature of the solicitor is not required.
- E. The Secretary of State has the authority to approve or deny a candidate for Clean Elections funding, pursuant to A.R.S. § 16-950(C) based upon the verification of the qualifying contribution forms by the appropriate county recorder. The county recorder shall disqualify any qualifying contribution forms that are:
  - 1. Unsigned by the contributor;
  - 2. Undated; or
  - 3. That the recorder is unable to verify as matching signature of a person who is registered to vote, on the date specified inside the electoral district the candidate is seeking.
- F. The Secretary of State will notify the candidate and the Commission regarding the approval or denial of Clean Elections funds. A candidate who is denied Clean Elections funding after all of the slips are verified is eligible to submit supplemental qualifying contribution forms for one additional opportunity to be approved for funding pursuant to subsection (G) of this rule.
- G. The amount equal to the sum of the qualifying contributions collected and tendered to the Secretary of State pursuant to A.R.S. § 16-950(B) will be deposited into the fund, and the

amount tendered will not be returned to a candidate if a candidate is denied Clean Elections funding.

- H. In accordance with the procedure set forth at A.R.S. § 16-950(C), if the Secretary of State determines that the result of the five percent random sample is less than 110 percent of the slips needed to qualify for funding, then the Secretary of State shall send all of the slips for verification. If the county recorder has verified all of the candidate's signature slips and there is an insufficient number of valid qualifying contribution slips to qualify the candidate for funding, the candidate may make only one supplemental filing of additional qualifying contribution slips and qualifying contributions to the Secretary of State if all of the following apply:
  - 1. The candidate files at least the minimum number of additional slips needed to qualify for funding;
  - 2. The slips are not receipts for duplicate contributions from individuals who have previously contributed to that candidate; and
  - 3. The period for filing qualifying contributions slips has not expired.
- I. The Secretary of State shall forward facsimiles of all of the supplemental qualifying contribution slips to the appropriate county recorders for the county of the contributors' addresses as shown on the contribution slips. The county recorder shall verify all of the supplemental slips within 10 business days after receipt of the facsimiles and shall provide a report to the Secretary of State identifying as disqualified any slips that are unsigned by the contributor or undated or that the recorder is unable to verify as matching the signature of a person who is registered to vote, on the date specified on the slip, inside the electoral district of the office the candidate is seeking. On receipt of the report of the county recorder on all supplemental slips, the Secretary of State shall calculate the candidate's total number of valid qualifying contribution slips and shall approve or deny the candidate for funds.

**R2-20-106. Distribution of Funds to Certified Candidates**

- A. Before the initial disbursement of funds, the Commission shall review the candidate's funding application and all relevant facts and circumstances and:
  - 1. Verify that the number of signatures on the candidate's nominating petitions equals or exceeds the number required pursuant to A.R.S. § 16-322 as follows:
    - a. If the application is submitted before the March 1 voter registration list is determined, the Commission shall verify that the number of signatures on the candidate's nominating petitions equals or exceeds 115 percent of the number required pursuant to A.R.S. § 16-322 based on the prior election voter registration list as determined by the Secretary of State; or

## CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

- b. If the application is submitted after the current year March 1 voter registration list is determined, the Commission shall verify that the number of signatures on the candidate's nominating petitions is equal to or greater than the number required pursuant to A.R.S. § 16-322.
  2. Determine that the required number of qualifying contributions have been received and paid to the Secretary of State for deposit in the Fund; and
  3. Determine whether the candidate is opposed in the election.
- B. In making the determinations described in subsection (A)(3), the Commission shall consider all relevant facts and circumstances, and it shall not be bound by election formalities such as the filing of nominating petitions by others in determining whether an applicant is opposed. Among other evidence the Commission may consider is the existence of exploratory committees or filings made to organize campaign committees of opponents and other like indicia.
- C. The Commission may review and affirm or change its determination that the candidate is or is not opposed until the ballot for the election is established.
- D. Within seven days after a primary election and before the Secretary of State completes the canvass, the Commission shall disburse funds for general election campaigns to the participating candidates who received the greatest number of votes at each primary election, provided that the candidate with the highest number of votes out of the total number of votes, has at least two percentage points greater than the candidate with the next highest votes based on the unofficial results as of that date. In a legislative race for the Arizona House of Representatives, the Commission shall disburse funds for general election campaigns to participating candidates with the highest or second highest number of votes cast, provided such candidate received votes totaling at least two percentage points, of the total ballots cast, larger than the vote total cast for the candidate with the third highest vote total.
- E. Promptly after the Secretary of State completes the canvass, the Commission shall disburse funds for general election campaigns to all eligible participating candidates to whom payment has not been made. If a participating candidate has received funds from the Commission pursuant to subsection (D) and the canvass or recount determines that the candidate is not eligible to appear on the general election ballot, the participating candidate shall return all unused funds to the Fund within 10 days after such determination is made. That candidate shall make no expenditures from general election funds from the date of the canvass.
- F. The Commission may refuse to distribute funds to participating candidates in cases in which the Commission finds evidence of fraud or illegal activity committed by the participating candidate.
- G. Pursuant to A.R.S. § 16-953, a participating candidate shall return to the Fund:
  1. All primary election funds not committed to expenditures (1) during the primary election period; and (2) for goods or services directed to the primary election. A candidate shall not be deemed to have violated A.R.S. § 16-953(A) or this subsection on account of failure to use all materials purchased with primary election funds prior to the primary election, provided such candidate exercises good faith and diligent efforts to comply with the requirement that goods and services purchased with primary election funds be directed to the primary election. Subject to A.R.S. § 16-953(A) and this subsection, a candidate may continue to use goods purchased with primary election funds during the general election period.
  2. All general funds not committed to expenditures (1) during the general election period; and (2) for goods or services directed to the general election.
- H. All funds returned to the Commission pursuant to subsection (G) of this rule, shall be returned to the Fund by a cashier's check drawn on the candidate's campaign bank account. Any fee associated with the issuance of a cashier's check shall be deemed a direct campaign expenditure and reported on the candidate's campaign finance report.
- I. If a participating candidate does not account for any outstanding expenditures in the amount of the funds returned to the Commission, the participating candidate must reconcile the outstanding expenditures with personal monies. Once funds have been returned to the Commission, no further reimbursements from the Clean Elections Fund shall be permitted. Participating candidates may not exceed the primary or general election spending limits.
- J. Commission staff may waive the return of funds if:
  1. The Commission staff determines the amount to be returned is de minimus;
  2. The Commission staff determines the cost of recovery exceeds the amount of the return;
  3. The funds to be returned shall not exceed \$25; and
  4. The Commission is notified of any waiver of the return of funds.

Except as set forth in the subsection below, the Commission shall not be required to sponsor a debate if there is no participating candidate in the election for a particular office.
- B. In the primary election period, the Commission shall sponsor political party primary election debates for every office in which:
  1. There are more candidates appearing on the ballot than there are seats available for the political party's nomination for general election candidates, and
  2. At least one of the candidates is a participating candidate.
- C. The following candidates will not be invited to participate in debates as follows:
  1. In the primary election, write-in candidates for the primary election, independent candidates, no party affiliation or unrecognized party candidates.
  2. In the general election, write-in candidates.
- D. In the event that there is no participating candidate in a primary or general election but there is an election involving candidates who are not unopposed, a candidate may request that the Commission sponsor a debate pursuant to this rule. If the requesting candidate is the sole participant in the debate the format shall be as prescribed in R2-20-107(K).
  1. A nonparticipating candidate who requests a debate pursuant to this rule shall complete and return the invitation form sent to the candidate by the Commission by the

deadline identified on the form. Forms received by the Commission past the deadline may still be considered at the discretion of the Commission. Commission staff shall notify all invited candidates if a debate will be sponsored by the Commission and which candidates will participate.

2. If a candidate requests that the Commission sponsor a debate and fails or refuses to attend the debate, or a candidate agrees to participate in a debate and subsequently fails or refuses to attend the debate sponsored by the Commission, each candidate who fails or refuses to attend the debate shall reimburse the Commission for the cost of debate preparations not to exceed \$10,000 for a non-participating candidate for the legislature and \$25,000 for a non-participating candidate for statewide office. In the event that a candidate requests a general election debate or agrees to participate in a general election debate but does not advance to the general election, the candidate shall not be liable for the reimbursement.
- E. Pursuant to A.R.S. § 16-956(A)(2), all participating candidates certified pursuant to A.R.S. § 16-947 shall attend and participate in the debates sponsored by the Commission. No proxies or representatives are permitted to participate for any candidate and no statements may be read on behalf of an absent candidate.
- F. Unless exempted, if a participating candidate fails to participate in any Commission-sponsored debate, the participating candidate shall be fined \$500.00. For purposes of this Section, each primary or general election shall be considered a separate election.
- G. A participating candidate may request to be exempt from participating in a required debate by doing the following:
  1. Submit a written request to the Commission at least one week prior to the scheduled debate, and
  2. State the reasons and circumstances justifying the request for exemption.
- H. After examining the request to be exempt, the Commission will exempt a candidate from participating in a debate if at least three Commissioners determine that the circumstances are:
  1. Beyond the control of the candidate; or
  2. Of such nature that a reasonable person would find the failure to attend justifiable or excusable.
- I. A participating candidate who fails to participate in a required debate may submit a request for excused absence to the Commission.
  1. The candidate's request for excused absence shall:
    - a. State the reason the candidate failed to participate in the debate, and
    - b. State the reason the candidate failed to request an exemption in advance, and
    - c. Be submitted to the Commission no later than five business days after the date of the debate the candidate failed to attend.
  2. After examining the request for excused absence, the Commission may excuse a candidate from the penalties imposed if at least three Commissioners determine that the circumstances were:
    - a. Beyond the control of the candidate; or
    - b. Of such nature that a reasonable person would find the failure to attend justifiable or excusable.
- J. When a participating candidate is not opposed in the general election, the candidate shall be exempt from participating in a Commission-sponsored debate for the general election.
- K. In the event that a participating candidate is opposed in the primary election or general election but is the only candidate taking part in a primary election period or general election period

debate, as applicable, the debate will be held and will consist of a 30-minute question and answer session for the single participating candidate. - A. A candidate may voluntarily request termination of his or her participating candidate status at any time prior to notification by the Commission that such candidate has qualified for Clean Elections funding. To withdraw from participating candidate status, a candidate shall send a letter to the Commission stating the candidate's intent to withdraw and the reason for the withdrawal. The candidate shall not accept any private monies until the withdrawal is approved by the Commission. The Commission shall act on the withdrawal request within seven days. If the Commission takes no action within the seven-day time period, the withdrawal is automatic.
- B. A candidate's participating candidate status shall automatically terminate if:
  1. The candidate fails to make such submissions to the Secretary of State as prescribed in R2-20-105(B) within seven days after the end of the qualifying period, or
  2. The candidate is denied Clean Elections funding by the Secretary of State and the candidate is ineligible to make a supplemental filing with the Secretary of State in accordance with R2-20-105(G).
- C. A candidate whose participating candidate status has been terminated in accordance with this Section shall be ineligible to receive Clean Elections funding for that election cycle unless he/she reapplies for certification and is in compliance with R2-20-104(A) and (C).
- D. In the event that a candidate who has collected qualifying contributions decides not to seek certification as a participating candidate, the candidate shall return all qualifying contributions received from contributors who have not given written permission to use their qualify contributions as campaign contributions. Written permission may include a check box on the original \$5 form that authorizes a candidate to treat the qualifying contribution as a general campaign contribution if he or she decides not to participate in the Clean Elections system. If a good faith attempt to return the funds to the contributor is unsuccessful, the contributions shall be submitted to the Fund.

  1. Expressly provided otherwise by another Commission rule; or
  2. That system, or the necessary function on the system, is unavailable, in which case the executive director shall implement a suitable process.
- B. Independent Expenditure Reporting Requirements.
  1. Any person making independent expenditures cumulatively exceeding the amount prescribed in A.R.S. § 16-941(D) in an election cycle shall file campaign finance reports in accordance with A.R.S. § 16-958 and Commission rules.
  2. Any person who fails to file a timely campaign finance report pursuant to A.R.S. § 16-941(D), A.R.S. § 16-958, shall be subject to a civil penalty as prescribed in A.R.S. § 16-942(B). Subsection R2-20-109(B)(4) does not apply to reports pursuant to A.R.S. §§ 16-941(D) and 16-958 or this subsection. Any expenditure advocating against one or more candidates shall be considered an expenditure on behalf of any opposing candidate or candidates. Penalties shall be assessed as follows:
    - a. For an election involving a candidate for statewide office, the civil penalty shall be \$300 per day.
    - b. For an election involving a legislative candidate, the civil penalty shall be \$100 per day.
    - c. The penalties in (a) and (b) shall be doubled if the amount not reported for a particular election cycle exceeds ten (10%) percent of the applicable adjusted primary election spending limit or adjusted general election spending limit.
    - d. The dollar amounts in items (a) and (b), and the spending limits in item (c) are subject to adjustment of A.R.S. § 16-959.
    - e. Penalties imposed pursuant to this subsection shall not exceed twice the amount of expenditures not reported.
  3. A.R.S. § 16-942(B) applies to any entity including political committees that accepts contributions or makes expenditures on behalf of any candidate regardless of any other contributions taken or expenditures made and fails to timely file a campaign finance report under Chapter 6 of Title 16, Arizona Revised Statutes. Any expenditure advocating against one or more candidates shall be considered an expenditure on behalf of any opposing candidate or candidates. Penalties shall be assessed as follows:
    - a. For an election involving a candidate for statewide office, the civil penalty shall be \$300 per day.
    - b. For an election involving a legislative candidate, the civil penalty shall be \$100 per day.
    - c. The penalties in (a) and (b) shall be doubled if the amount not reported for a particular election cycle exceeds ten (10%) percent of the applicable adjusted primary election spending limit or adjusted general election spending limit.
    - d. The dollar amounts in items (a) and (b), and the spending limits in item (c) are subject to adjustment of A.R.S. § 16-959.
    - e. Penalties imposed pursuant to this subsection shall not exceed twice the amount of expenditures not reported.
  4. For purposes of A.A.C. R2-20-109(B)(3):
    - a. Subject to A.R.S. § 16-901(43) and notwithstanding any rule to the contrary of that section, an entity shall not be found to have the predominant purpose of influencing elections unless, a preponderance of the evidence establishes that during a two-year legislative election cycle, the total reportable contributions made by the entity, in any combination, in a calendar year exceeds \$1,000 and is more than fifty percent (50%) of the entity's total spending during the election cycle.
      - i. For purposes of this provision, a "reportable contribution" or "reportable expenditure" shall be limited to a contribution or expenditure, as defined in title 16 of the Arizona revised statutes, that must be reported to the Arizona secretary of state, the Arizona citizens clean elections commission, or local filing officer in Arizona. A contribution or expenditure that must be reported to the federal election commission or to the election authority of any other state, but not to the Arizona secretary of state, the Arizona citizens clean elections commission or a local filing officer in Arizona, shall not be considered a reportable contribution or reportable expenditure.
      - ii. For purposes of this provision, "total spending" shall not include volunteer time or fundraising and administrative expenses but shall include all other spending by the organization.
      - iii. For purposes of this provision, grants to other organizations shall be treated as follows:
        - (1) A grant made to a political committee or an organization organized under section 527 of the internal revenue code shall be counted in total spending and as a reportable contribution or reportable expenditure, unless expressly designated for use outside Arizona or for federal elections, in which case such spending shall be counted in total spending but not as a reportable contribution or reportable expenditure.
        - (2) If the entity making a grant takes reasonable steps to ensure that the transferee does not use such funds to make a reportable contribution or reportable expenditure, such a grant shall be counted in total spending but not as a reportable contribution or reportable expenditure.
      - iv. If the entity making a grant earmarks the grant for reportable contributions or reportable expenditures, knows the grant will be used to make reportable contributions or reportable

expenditures, knows that a recipient will likely use a portion of the grant to make reportable contributions or reportable expenditures, or responds to a solicitation for reportable contributions or reportable expenditures, the grant shall be counted in total spending and the relevant portion of the grant as set forth in subsection (v) of this section shall count as a reportable contribution or reportable expenditure.

- v. Notwithstanding subsections (iii) and (iv) the amount of a grant counted as a reportable contribution or reportable expenditure shall be limited to the lesser of the grant or the following:
  - (1) The amount that the recipient organization spends on reportable contributions and reportable expenditures, plus
  - (2) The amount that the recipient organization gives to third parties but not more than the amount that such third parties fund reportable contributions or reportable expenditures.
- b. Notwithstanding section a above, the commission may nonetheless determine that an entity is not a political committee if, taking into account all the facts and circumstances of grants made by an entity, it is not persuaded that the preponderance of the evidence establishes that the entity is a political committee as defined in title 16 of Arizona Revised Statutes.

If the candidate was a participating candidate during the prior election cycle, the cash payment shall be made to the Fund. If the candidate was not a participating candidate during the prior election cycle, the cash payment shall be made to the prior campaign. If the prior campaign account of a nonparticipating candidate is closed, the payment shall be made to the candidate. Notwithstanding any other provision of the rules to the contrary, a participating candidate shall not make any payment to a private organization that is exempt under section 501(a) of the internal revenue code and that is eligible to engage in activities to influence the outcome of a candidate election, nor make any payment directly or indirectly to a political party.

The candidate shall obtain and furnish to the Commission on request any evidence regarding direct campaign expenses made by the candidate as provided in subsection (A)(2).
  2. All participating candidates shall retain records with respect to each expenditure and receipt, including bank records, vouchers, worksheets, receipts, bills and accounts, journals, ledgers, fundraising solicitation material, accounting systems documentation, and any related materials documenting campaign receipts and disbursements, for a period of three years, and shall present these records to the Commission on request.
  3. All participating candidates shall maintain a list of all fixed assets whose purchase price exceeded \$200 when acquired by the campaign. The list shall include a brief description of each fixed asset, the purchase price, the date it was acquired, the method of disposition and the amount received in disposition.

The Commission shall also be provided with documentation from the mail house, printer or other original source, showing the number of mailers printed and the number of households to which a mailer was sent. - E.** Notwithstanding any other provision of the rules to the contrary, a participating candidate shall not make any payment to a private organization that is exempt under section 501(a) of the internal revenue code and that is eligible to engage in activities to influence the outcome of a candidate election, nor make any payment directly or indirectly to a political party.

**R2-20-704. Repayment**

- A.** In general, the Commission may determine that a participating candidate who has received payments from the Fund must repay the Fund as determined by the Commission.
1. A candidate who has received payments from the Fund shall pay the Fund any amounts that the Commission determines to be repayable. In making repayment determinations, the Commission may utilize information obtained from audits and examinations or otherwise obtained by the Commission in carrying out its responsibilities.
  2. The Commission will notify the candidate of any repayment determinations made under this Section as soon as possible.
  3. Once the candidate receives notice of the Commission's repayment determination, the candidate should give preference to the repayment over all other outstanding obligations of the candidate, except for any taxes owed by the candidate.
  4. Repayments may be made only from the following sources: personal funds of the candidate, funds in the candidate's current election campaign account, and any additional funds raised subject to the limitations and prohibitions of the Act.
  5. The Commission may withhold the portion of funds required to be repaid from future payments to a participating candidate if the Commission has made a repayment determination.
- B.** The Commission may determine that a participating candidate who has received payments from the Fund must repay the Fund under any of the following circumstances:
1. Payments in excess of candidate's entitlement. If the Commission determines that any portion of the payments made to the candidate was in excess of the aggregate payments to which such candidate was entitled, it will so notify the candidate, and such candidate shall pay to the Fund an amount equal to such portion.
  2. Use of funds not for direct campaign expenses. If the Commission determines that any amount of any payment to an eligible candidate from the Fund was used for purposes other than direct campaign purposes described in R2-20-702, it will notify the candidate of the amount so used, and such candidate shall pay to the Fund an amount equal to such amount.
  3. Expenditures that were not documented in accordance with campaign finance reporting requirements, expended in violation of state or federal law, or used to defray expenses resulting from a violation of state or federal law, such as the payment of fines or penalties.
  4. Surplus. If the Commission determines that a portion of payments from the Fund remains unspent after all direct campaign expenses have been paid, it shall so notify the candidate, and such candidate shall pay the Fund that portion of surplus funds.
  5. Income on investment or other use of payments from the Fund. If the Commission determines that a candidate received any income as a result of an investment or other use of payments from the Fund, it shall so notify the candidate, and such candidate shall pay to the Fund an amount equal to the amount determined to be income, less any federal, state or local taxes on such income.
  6. Unlawful acceptance of contributions by an eligible candidate. If the Commission determines that a participating candidate accepted contributions, other than early contributions or qualifying contributions, it shall notify the candidate of the amount of contributions so accepted, and the candidate shall pay to the Fund an amount equal to such amount, plus any civil penalties assessed.
- C.** Repayment determination procedures. The Commission's repayment determination will be made in accordance with the following procedures:
1. Repayment determination. The Commission will send a repayment determination pursuant to Article 2, Compliance and Enforcement Procedures, and will set forth the legal and factual reasons for such determination, as well as the evidence upon which any such determination is based. The candidate shall repay, in accordance with subsection (D), the amount that the Commission has determined to be repayable.
  2. Administrative review of repayment determination. If a candidate disputes the Commission's repayment determination, he or she may request an administrative appeal of the determination in accordance with A.R.S. § 41-1092 et. seq.
- D.** Repayment period.
1. Within 30 days of service of the notice of the Commission's repayment determination, the candidate shall repay the amounts the Commission has determined must be repaid. Upon application by the candidate, the Commission may grant an extension of time in which to make repayment.
  2. If the candidate requests an administrative appeal of the Commission's repayment determination of this Section, the time for repayment will be suspended until the Commission has concluded its review of the Administrative Law Judge's (ALJ) decision. Within 30 days after service of the notice of the Commission's review of the ALJ's decision, the candidate shall repay the amounts that the Commission has determined to be repayable. Upon appli-

cation by the candidate, the Commission may grant an extension of up to 30 days in which to make repayment.

3. Interest shall be assessed on all repayments made after the initial 30-day repayment period or the 30-day repayment period established by this Section. The amount of interest due shall be the greater of:
  - a. An amount calculated in accordance with A.R.S. § 44-1201(A); or
  - b. The amount actually earned on the funds set aside or to be repaid under this Section.

**R2-20-705. Additional Audits or Repayment Determinations**

- A. The Commission may conduct an additional audit or examination of any candidate in any case in which the Commission finds reason to believe that a violation of a statute or regulation over which the Commission has jurisdiction has occurred or is about to occur.
- B. The Commission may make additional repayment determinations after it has made an initial repayment determination pursuant to R2-20-704. The Commission may make additional repayment determinations where there exist facts not used as the basis for any previous determination. ## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

**Administrative Rules Division**

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

Cutting boards may be of hard wood or synthetic material, but equipment, such as the framework of boning or cutting tables, scalding vats, offal racks and trees, product storage racks, and product trucks shall be of metal construction. Rusty or worn-out equipment shall be replaced.
    - b. All equipment shall be thoroughly cleaned following each day's operations. The use of a clear, colorless, odorless, tasteless, edible mineral oil may be used on metal equipment, such as choppers, grinders, mixers, tables, meat trucks, offal racks, hooks, and trolleys. Scale shall not be permitted to accumulate on metal equipment.

One or more sterilizing receptacles of rust-resisting, impervious material shall be placed at convenient locations in the slaughtering department for the sterilization of all implements that have been contaminated or used on a diseased carcass or part of a diseased carcass. The sterilizer shall be equipped with a cold water and steam line, or other means to maintain water at a temperature of at least 180° F during slaughtering operations. The sterilizer shall contain a drain so that water may be completely drained out for daily cleaning. Boilers and water heaters shall not be located in

All Arizona origin bulls sold, leased, gifted, exchanged or otherwise changing possession for breeding purposes in Arizona shall be tested for *T. foetus* via Official *T. foetus* bull test prior to sale or change of ownership in the state, unless going to direct slaughter. *T. foetus* testing shall be performed on bulls prior to change of ownership of that bull.
2. The Official *T. foetus* test shall be collected by an Accredited Veterinarian and performed through an Approved Laboratory.
3. Pooled testing is not an official test.
4. The *T. foetus* negative test is valid for 60 days after the test is performed, providing the bull is kept separated from all female bovine.

2. Regardless of R3-2-402, the Accredited Veterinarian and Approved Laboratory shall notify the State Veterinarian of a positive *T. foetus* bull within 24 hours of receiving the results. The State Veterinarian’s Office, working in coordination with the regional livestock inspection staff, shall to the best of their ability notify the regional bovine

4. The Accredited Veterinarian, or a person under direct supervision of the Veterinarian, shall brand the bull with an official “S” brand adjacent to the tailhead on the right hip.
5. If the bull testing positive is not at the premises where the *T. foetus* testing occurred, the Accredited Veterinarian will immediately notify the State Veterinarian’s Office.
6. If an Accredited Veterinarian is unable to return to the premises in a time that is reasonable for sale of the bull, the producer shall take the positive *T. foetus* bull directly to the regional livestock sale yard.
  - a. The producer shall immediately notify the sale yard of the positive *T. foetus* bull. Failure to notify the sale yard of the positive *T. foetus* bull will result in a violation of this Section and the producer shall be subject to the penalties of A.R.S. § 3-1205(D).
  - b. Prior to sale at the sale yard, a Livestock Officer shall verify the official identification of the positive *T. foetus* test bull.
  - c. After the official identification is verified, the bull shall be branded with an official “S” brand adjacent to the tailhead on the right hip. The branding shall be done under direct supervision of a Livestock Officer or Livestock Inspector.
7. If a bull arrives at a livestock auction without an Official *T. foetus* bull test, the bull shall be quarantined at the auction and tested at the expense of the owner or shall be branded with an “S” brand and be sold only for slaughter.

**D. Disposal of bull testing positive.**

1. A bull testing positive for *T. foetus* or branded with the official “S” brand shall go direct to slaughter or shall be placed under State Quarantine and fed in a restricted feeding pen within a designated feedlot according to R3-2-406.
2. The *T. foetus* positive bull shall not be commingled with any other female bovine. The bull shall go from the testing premises to direct slaughter or to the restricted feeding pen within 30 days of the positive *T. foetus* test.
3. All remaining herd bulls shall be under a Trichomonas Herd Management Program overseen by the Herd Veterinarian until two negative *T. foetus* tests are performed and documented.
4. “S” branded bulls purchased at a sale yard shall go direct to a slaughter plant without unloading or commingling prior to arrival.

**E. Trespassing or Stray Bulls.**

1. In the event of a trespassing or stray bull, the herd owner who locates the bull, may request an Official *T. foetus* bull test for that bull. In the event of a positive Official *T. foetus* bull test, subsections (B) and (C) shall apply.
2. The cost of the veterinary services and Official *T. foetus* bull test shall be the responsibility of the herd owner. In the event of a stray bull, the animal will be subject to A.R.S. §§ 3-1401 et seq.

- B.** Form of application. Each application for grading or sampling a specified lot of any product shall include such information as may be required by the Administrator in regard to the product and the premises where such product is to be graded or sampled. The applicant shall designate the employees of the applicant who will be authorized to provide information to the AZDA grader or graders as may be necessary for the performance of the grading service.
- C.** Application for grading service in official plants; approval. Any person desiring to process and pack products in a plant under grading service must receive approval of such plant and facilities as an official plant prior to the rendition of such service. When a signed application for service has been received, the State supervisor or the supervisor's assistant shall complete a plant survey pursuant to this Article. An application for grading service shall be approved when the application has been filed for grading service; a successful plant survey is completed; and all required facility or equipment modifications are completed.
- D.** Denial of service. An application for grading service may be denied by the Administrator when:
  1. The applicant fails to meet the requirements of this Article prescribing the conditions under which the service is made available.

  5. The applicant, after an initial survey has been made in accordance with this Article, fails to bring the grading facilities and equipment into compliance with this Article within a reasonable period of time.
  6. Notwithstanding any prior approval whenever, before initiation of service, the applicant fails to fulfill commitments concerning the initiation of the service.
  7. It appears that performing the services specified in this Article would not be in the best interests of the public welfare or of the Government.
  8. It appears to the Administrator, in his sole discretion, that prior commitments of the Department or lack of resources necessitate denial of service.
- E.** Debarment. An applicant may be permanently debarred for the following reasons:
  1. The giving or offering, directly or indirectly, of a bribe, or any money, loan, gift, or anything of value to an employee of the Department to obtain any benefit or special treatment;

A written petition for reconsideration of such denial may be filed by the applicant with the Administrator if postmarked or delivered within 10 days after the receipt of notice of the denial. Such petition shall state specifically the errors alleged to have been made by the Administrator in denying the application. Within 20 days following the receipt of such a petition for reconsideration, the Administrator shall approve the application or notify the applicant of the reasons for the denial thereof. Service of notice may be accomplished by regular mail and/or email.
- G.** Withdrawal of application. An application for grading service may be withdrawn by the applicant at any time before the service is performed, provided that the applicant pays all expenses incurred by the AZDA in connection with such application.

**R3-2-1107. Order of Service**

AZDA grading service shall be performed, insofar as practicable and subject to the availability of qualified graders, on a first-come, first-served basis, except that precedence may be given to an application for an appeal grading.

**Historical Note**

Section R3-2-1107 recodified from R3-2-107 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

**R3-2-1108. Types of Grading Service**

- A. Scheduled continuous grading service on a resident basis and continuous grading service on a nonresident basis. Service on a resident basis has a scheduled tour of duty, while service on a nonresident basis has a nonscheduled tour of duty, but is of a reoccurring nature. Both of these services are performed when an applicant requests that an AZDA/inspector grader be stationed in the applicant's processing plant and grade eggs in accordance with U.S. Standards. The applicant agrees to comply with the facility, operating, and sanitary requirements of resident service. The charges for resident grading services are based on the hours of the regular tour of duty. Eggs graded under AZDA resident grading service are only eligible to be identified with the official grademarks shown in R3-2-1111 when processed and graded under the supervision of a grader/inspector, or quality assurance inspector as provided in R3-2-1114.
- B. Unscheduled temporary grading service. Temporary grading service is performed when an applicant requests resident grading on a fee basis. The applicant must meet all of the facility, operating, and sanitary requirements of resident service. Charges or fees are based on the time and expenses needed to perform the work. Eggs graded under temporary grading service are only eligible to be identified with the official AZDA grademarks when they are processed and graded under the supervision of a grader or quality assurance inspector as provided in R3-2-1114.
- C. Auditing service. Auditing service is performed when an applicant requests independent verification of written quality assurance and value added standards for production, processing, and distribution of eggs. Charges or fees are based on time, travel, and expenses needed to perform the work.
- D. The Department shall determine the number of graders needed to perform grading services. Recipients shall not ask AZDA graders to assume plant managerial responsibilities.

**Historical Note**

Section R3-2-1108 recodified from R3-2-108 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

**R3-2-1109. Suspension of Grading Service or Plant Approval for Correctable Cause**

- A. Provision of grading services is a privilege and not a right. Any plant approval of grading services given pursuant to this Article may be suspended by the Administrator for:
  - 1. Failure to maintain grading facilities and equipment in a satisfactory state of repair, sanitation, or cleanliness.
  - 2. The use of operating procedures which are not in accordance with this Article;
  - 3. Alterations of grading facilities or equipment which have not been approved in accordance with this Article; or
  - 4. Any reasons listed under R3-2-1105(D) "Denial of Service," or required by any other need to protect public health, safety, or welfare.
- B. Suspension may occur prior to the right to have a hearing in cases in which immediate suspension is required to protect public health, safety, or welfare. Whenever it is feasible to do so, written notice in advance of such suspension of plant approval shall be given to the person concerned and shall specify a reasonable period of time in which corrective action must be taken. If advance written notice is not given, the action shall be promptly confirmed in writing after the suspension and the reasons therefor shall be stated, except in instances where the person has already corrected the deficiency. During such period of suspension, grading service shall not be rendered. After appropriate corrective action is taken, grading service will be restored immediately, or as soon thereafter as a grader can be made available.
- C. If the grading facilities or methods of operation are not brought into compliance within a reasonable period of time as specified by the Administrator, the Administrator shall send formal notice of the suspension pursuant to A.R.S. Title 41, Chapter 6, Article 10. Any suspension shall continue in effect pending the outcome of a hearing unless otherwise ordered by the Administrator.
- D. Upon suspension of grading service, all grademarks (labels, seals, tags, or packaging material bearing other official identification), shall, under the supervision of a person designated by the AZDA, be destroyed, obliterated, or sequestered in a manner acceptable to the AZDA.
- E. In any case where grading service is suspended under this Section, the person concerned may thereafter apply for grading service once the conditions giving rise to the suspension or withdrawal have been remediated.

Packaging materials bearing official identification marks shall be approved pursuant to R3-2-1110 to R3-2-1111, inclusive, and shall be used only for the purpose for which approved and prescribed by the Administrator. Any unauthorized use or disposition of approved labels or packaging materials which bear any official AZDA identification may result in cancellation of grading service, denial of the permission to use of labels or packaging materials bearing official identification, or denial of other benefits of the Act pursuant to the provisions of R3-2-1105 D.
- B. Approval of official identification. No label, container, or packaging material which bears official identification may

contain any statement that is false or misleading. No label, container, or packaging material bearing official identification may be printed or prepared for use until the printers' or other final proof has been approved by the Administrator in accordance with this Article. It is the recipient's responsibility to ensure label compliance with the Federal Food, Drug, and Cosmetic Act, the Fair Packaging and Labeling Act, and the regulations promulgated under this Article. The use of finished labels must be approved as prescribed by the Administrator. A grader may apply official identification stamps to shipping containers if they do not bear any statement that is false or misleading. If the label is printed or otherwise applied directly to the container, the principal display panels of such container shall for this purpose be considered as the label. The label shall contain the name, address, and ZIP Code of the packer or distributor of the product, the name of the product, a statement of the net contents of the container, and the AZDA grademark.

- C. Nutritional labeling. Nutrition information must be included on the labeling of each unit container of consumer packaged eggs in accordance with the General Regulations for the Enforcement of the Federal Food, Drug, and Cosmetic Act and the Fair Packaging and Labeling Act, located at 21 CFR §§ 101.1 to 101.108. The nutrition information included on labels is subject to review by the Food and Drug Administration prior to approval by the Department.

  2. Initial review of the appeal shall be made by the original grader's immediate supervisor, or by one or more

licensed graders assigned by the immediate supervisor to review the appeal.

2. An appeal may be made orally or in writing. If made orally, written confirmation is required. The appellant shall clearly state the reasons for requesting the appeal grading and a description of the product, or the decision which is questioned. If such appeal request is based on the results stated on an official certificate, the original and all available copies of the certificate shall be provided to the grader assigned to perform the appeal grading.
3. The appellant's request for the appeal grading may be refused when it appears to the reviewer that the reasons given in the request are frivolous or not substantial, the quality or condition of the product has undergone a material change since the original grading, the original lot has changed in some manner, or the appellant has not materially complied with the requirements of this Article.   - c. Eggs shall not have been moved from the original place of grading and must have been maintained under adequate refrigeration.
6. Immediately after an appeal grading is completed, an appeal certificate shall be issued to show that the original grading was upheld, modified, or rejected. Such certificate shall supersede any previously issued certificate for the product involved and shall clearly identify the number and date of the superseded certificate. The issuance of the appeal certificate may be withheld until any previously issued certificate and all copies have been returned when such action is deemed necessary to protect the interest of the Department. When the appeal grader assigns a different grade to the lot, the existing AZDA grademark shall be changed or obliterated as necessary. When the appeal grader assigns a different class or quantity designation to the lot, the labeling shall be corrected.
- B. Appeal for suspension, termination or denial of service or debarment. Any person whose grading service is suspended, terminated, denied service, or debarred, may request a hearing before an administrative law judge pursuant to A.R.S. Title 41, Chapter 6, Article 10. - A. Forms. AZDA grading certificates and sampling report forms (including appeal grading certificates and regrading certificates) shall be issued on forms approved by the Administrator.
- B. Issuance.

1. Resident grading basis. Certificates will be issued only upon request therefor by the applicant or AZDA. When requested, a grader shall issue a certificate covering product graded by such grader. In addition, a grader may issue a grading certificate covering product graded in whole or in part by another grader when the grader has knowledge that the product is eligible for certification based on personal examination of the product or official grading records.
2. Other than resident grading. Each grader shall, in person or by the grader's authorized agent, issue a grading certificate covering each product graded by such grader. A grader's name may be signed on a grading certificate by a person other than the grader, if such person has been designated as the authorized agent of such grader by the Administrator, provided that:
  - a. The certificate is prepared from an official memorandum of grading signed by the grader; and
  - b. A notarized power of attorney authorizing such signature has been issued to such person by the grader and is on file in the office of grading. In such case, the authorized agent shall sign both the agent's name and the grader's name, for example, "John Doe by Mary Roe."
- C. Disposition. The original and required or requested copies of the grading certificate, immediately upon issuance, shall be delivered, mailed, or electronically submitted to the recipient or the recipient's designee. One copy is required to be sent and the recipient may request additional copies. Other copies shall be filed and retained in accordance with the disposition schedule for grading program records.

These rooms shall be kept reasonably clean during grading and packing operations and shall be thoroughly cleaned at the end of each operating day.
5. The floors, walls, ceilings, partitions, and other parts of the grading and packing rooms including benches and platforms shall be constructed of materials that are readily cleanable, maintained in a sanitary condition, and impervious to moisture in areas exposed to cleaning solutions or moist conditions. The floors shall be constructed as to provide proper drainage.
6. Adequate toilet accommodations that are conveniently located and separated from the grading and packing rooms are to be provided. Handwashing facilities shall be provided with hot and cold running water, an acceptable handwashing detergent, and a sanitary method for drying hands. Toilet rooms shall be ventilated to the outside of the building and be maintained in a clean and sanitary condition. Signs shall be posted in the toilet rooms instructing employees to wash their hands before returning to work. In new or remodeled construction, toilet rooms shall be located in areas that do not open directly into processing rooms.
7. A separate refuse room or a designated area for the accumulation of trash must be provided in plants which do not have a system for the daily removal or destruction of such trash.
8. Adequate packing and packaging storage areas are to be provided that protect packaging materials and are dry and maintained in a clean and sanitary condition.

**E. Grading and packing room requirements.**

1. The egg grading or candling area shall be capable of adequate darkening to make possible the accurate quality determination of the candled appearance of eggs. There shall be no light source or reflection of light that interferes with, or prohibits the accurate quality determination of eggs in the grading or candling areas.
2. The grading and candling equipment shall provide adequate light to facilitate quality determinations. When needed, other light sources and equipment or facilities shall be provided to permit the detection and removal of stained and dirty eggs or other undergrade eggs.
3. The grading and candling equipment must be sanitarily designed and constructed to facilitate cleaning. Such equipment shall be kept reasonably clean during grading and packing operations and be thoroughly cleaned at the end of each operating day.
4. Egg weighing equipment shall be constructed of materials to permit cleaning; operated in a clean, sanitary manner; and shall be capable of ready adjustment.
5. Adequate ventilation, heating, and cooling shall be provided where needed.

**F. Cooler room requirements.**

2. Accurate thermometers shall be provided for monitoring cooler room temperatures.

3. Cooler rooms shall be free from objectionable odors and from mold, and shall be maintained in a sanitary condition.

**G. Egg protecting operations.**

1. Egg protecting (oil application) operations shall be conducted in a manner to avoid contamination of the product and maximize conservation of its quality.
2. Component equipment within the egg protecting system, including holding tanks and containers, must be sanitarily designed and maintained in a clean and sanitary manner, and the application equipment must provide an adequate amount of oil for shell coverage of the volume of eggs processed.
3. Eggs with excess moisture on the shell shall not be shell protected.
4. Oil having any off odor, or that is obviously contaminated, shall not be used in egg protection operations. Oil is to be filtered prior to application.
5. The component equipment of the application system shall be washed, rinsed, and treated with a bactericidal agent each time the oil is removed.
6. Adequate coverage and protection against dust and dirt shall be provided when the equipment is not in use.

**H. Egg cleaning operations.**

1. Egg washing equipment must be sanitarily designed, maintained in a clean and sanitary manner, and thoroughly cleaned at the end of each operating day.
2. Egg drying equipment must be sanitarily designed and maintained in a clean and sanitary manner. Air used for drying purposes must be filtered. These filters shall be cleaned or replaced as needed to maintain a sanitary process.
3. The temperature of the wash water shall be maintained at 90 °F (32.2 °C) or higher, and shall be at least 20 °F (6.7 °C) warmer than the internal temperature of the eggs to be washed. These temperatures shall be maintained throughout the cleaning cycle. Accurate thermometers shall be provided for monitoring wash water temperatures.
4. Approved cleaning compounds shall be used in the wash water.
5. Wash water shall be maintained at a measurable pH level of 11 or higher. Accurate testing equipment shall be provided and accessible to the grader. If continuous monitoring of pH is not possible, the applicant should devise a monitoring system for documenting pH with a frequency that has been validated.
6. Wash water shall be changed approximately every four hours or more often if needed to maintain sanitary conditions, and at the end of each shift. Remedial measures shall be taken to prevent excess foaming during the egg washing operation.
7. Replacement water shall be added continuously to the wash water of washers. Chlorine or quaternary sanitizing rinse water may be used as part of the replacement water, provided, they are compatible with the washing compound. Iodine sanitizing rinse water may not be used as part of the replacement water.
8. Only potable water may be used to wash eggs. Each official plant shall submit certification to the office of grading stating that their water supply is potable. An analysis of the iron content of the water supply, stated in parts per million, is also required. When the iron content exceeds two parts per million, equipment shall be provided to reduce the iron content below the maximum allowed level. Frequency of testing for potability and iron content

## CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

shall be determined by the Administrator. When the water source is changed, new tests are required.

9. Waste water from the egg washing operation shall be piped directly to drains.
  10. The washing, rinsing, and drying operations shall be continuous and shall be completed as rapidly as possible to maximize conservation of the egg's quality and to prevent sweating of eggs. Eggs shall not be allowed to stand or soak in water. Immersion-type washers shall not be used.
  11. Prewetting eggs prior to washing may be accomplished by spraying a continuous flow of water over the eggs in a manner which permits the water to drain away or other methods which may be approved by the Administrator. The temperature of the water shall be the same as prescribed in this Section.
  12. Washed eggs shall be spray-rinsed with water having a temperature equal to, or warmer than, the temperature of the wash water. The spray-rinse water shall contain a sanitizer that has been determined acceptable for the intended use by the supervisor and of not less than 100 PPM nor more than 200 PPM of available chlorine or its equivalent. Alternate procedures, in lieu of a sanitizer rinse, may be approved by the Administrator.
  13. Test kits shall be provided and used to determine the strength of the sanitizing solution.
  14. During non-processing periods, eggs shall be removed from the washing and rinsing area of the egg washer and from the scanning area whenever there is a buildup of heat that may diminish the quality of the egg.
  15. Washed eggs shall be reasonably dry before packaging and packing.
  16. Steam, vapors, or odors originating from the washing and rinsing operation shall be continuously and directly exhausted to the outside of the building.
- I. Requirements for eggs officially identified with a grademark.**
1. Eggs that are officially identified with an AZDA grademark shall be placed under refrigeration at an ambient temperature no greater than 45 °F (7.2 °C) promptly after packaging.
  2. Eggs that are to be officially identified with the AZDA grademark shall be packed only in new packaging materials that are clean, free of mold, mustiness and off odors, or clean and sanitized packaging material designed to be reused, and must be of sufficient strength and durability to adequately protect the eggs during normal distribution. When packed in other than fiber packing material, the containers must be of sound construction and maintained in a reasonably clean manner.
- J. Use of approved chemicals and compounds.**
1. All egg washing and equipment cleaning compounds, defoamers, destainers, sanitizers, inks, oils, lubricants, or any other compound that comes into contact with the eggs shall be approved by the national supervisor for their specified use and handled in accordance with the manufacturer's instructions.
  2. All pesticides, insecticides, and rodenticides shall be approved for their specified use and handled in accordance with the manufacturer's instructions.
- K. Marking individual eggs.** The marking of individual eggs may be requested by processors as part of a specification requirement or for other marketing purposes.
1. Stamping eggs. Recognizing the difficulty in clearly stamping the rounded surface of an egg, a lot average tolerance of 10-percent for individual eggs with partial, illegible, or no marks in any combination is permitted with no individual case exceeding 20-percent. These tol-

erances may be applied as a moving average when performing online sampling or as a lot average while performing stationary lot gradings. If more than 50% of the image or letter or letters is missing, the symbol is illegible. Stamped eggs are not classified as stains or dirty. They are to be graded without regard to marking. An official grade cannot be assigned to a mixed lot of eggs that contains individually marked and unmarked eggs. If requested, the lot may be graded for all factors except ink stains. Lot averages may be shown on the certificate. The section "Official Grade and Size" shall state "No AZDA Grade." The following statement shall also be placed in the "Remarks" section: "Lot contains marked and unmarked eggs. Eggs graded for all factors except ink stains." Individual eggs with ink blotches or smears from dating devices are to be classified as stains or dirty, depending on the intensity and/or area of the stain [guidance not clear]. Inks used in marking individual eggs which will be officially graded are to be approved by the Administrator prior to their use. The request for approval should be accompanied with a copy of the ink formula, the name of the product, and the name and address of the manufacturer.

2. Laser etching (marking eggs). The use of a laser etching system to mark information is subject to joint review by the Food and Drug Administration (food safety impact evaluation) and AZDA (quality impact evaluation). Only approved laser etching systems may be used to identify eggs to be officially graded and identified with an AZDA grademark. The amount of the shell surface available for laser etching and the information etched on the shell is subject to review by the resident grader and the supervisor. The information etched on the shell must not interfere with the graders ability to evaluate the quality attributes of the egg.
3. When an individual egg is marked, whether an applied ink or laser etched, the information must be consistent with the information on the label, for example, any marketing claims, production code, or packer identity. If this information is not consistent throughout the lot, the eggs are not eligible to be identified with an AZDA grademark.

**Historical Note**

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

**R3-2-1123. Health and Hygiene of Personnel**

- A.** No person known to be affected by a communicable or infectious disease shall be permitted to come in contact with the product.
- B.** Plant personnel coming into contact with the product shall wear clean clothing.

**Historical Note**

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

**R3-2-1124. Use of the "Produced From" Labeling**

- A.** Use of the wording "Produced From" in conjunction with the AZDA grademark, is limited to products derived from AZDA Grade AA or Grade A eggs for which there are no U.S. grade standards (for example, pasteurized eggs or hard-cooked eggs). The following guidelines are to be used when monitoring the official grade identification of these types of products.

## CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

1. Approval. Applicants interested in utilizing the “Produced From” labeling must submit a written proposal to the Administrator. The proposal is to include the type or types of product to be labeled and the applicant’s plan for controlling the use and labeling of officially identified product. After review by the supervisor, the supervisor is to forward the request to the Administrator for final review and approval. Upon approval, the supervisor is to reconfirm all of the requirements with the applicant prior to any actual grade identification.
  2. Verification visits. To assure that only officially graded eggs are being used, the processing, packing, and packaging must be closely monitored. Each verification visit shall include a review of records, product inventory, processing procedures, packing, packaging, storage, and shipping practices to confirm that the applicant is following the protocol outlined in their approved plan. In plants with resident service, the supervisor or Administrator is to be present during the initial production period to monitor the process and verify compliance. The grader will conduct all subsequent monitoring and verification activities with oversight from the supervisor. In temporary or fee locations, plant management must notify the supervisor each time the “produced from” labeling will be used or, alternatively, provide the supervisor with a projected production schedule. At these locations, compliance will be based on the applicant’s established history of compliance as outlined in the following schedule:
    - a. Level 1 - The supervisor or administrator is to monitor and verify the process on the initial day of production. The supervisor or a grader will conduct subsequent visits. At least one additional verification visit is to be conducted during the next 10 production days. If no discrepancies are noted, one visit is to be conducted for each 30 days of production until three consecutive satisfactory visits have been completed. Once this verification period has ended without any noted program non-conformance, monitoring may proceed to Level 2.
    - b. Level 2 - Supervisor or a grader is to conduct quarterly verification visits provided the applicant continues to meet all program requirements. If any nonconformance is noted during these visits, monitoring reverts back to Level 1. Misuse of the labeling will result in cancellation of the approval.
  - B. Recordkeeping. Recipients shall maintain, and make available for review, all invoices or applicable Grading Certificates covering product received, produced, and shipped. At a minimum, these records must include the name and address of original packer, amount received, quantity produced, brand names, lot numbers, quantity shipped and name and address of receivers. Records must be maintained for two years.
  - C. Cost. There will be no additional charge to resident plants when graders monitor product labeling during their normal grading activities. When graded product is shipped from official plants to other processing locations for re-packaging that are not under continuous AZDA supervision, time and expenses associated in conducting the verification visits will be charged to the recipient at the current Temporary grading and auditing service rate.
- Historical Note**  
Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).
- R3-2-1125. Specification Grading**
- A. Applicants may request for additional specifications to be certified that exceed the standards of this Chapter. The requested specifications must be submitted in writing to the administrator for approval. The approving official will review the information for approval or advise the applicant of the reason or reasons for disapproval. If the specification is approved, a letter enclosing a copy of the approved application and specification will be returned to the applicant with a request to provide copies of the specification to each supplier and applicable AZDA grader. Each page of the approved specification will have an approval stamp bearing the date of approval and the signature of the approving official. Additionally, each page will be sequentially numbered such as page 1 of 5, page 2 of 5, etc.
  - B. Plant management is responsible for advising graders when they are preparing to pack eggs in accordance with an approved specification. However, each grader must be familiar with the approved specification list and, to the extent practically possible, be aware when products with approved specifications are being packed at the duty location. When a plant packs product requiring compliance with an approved specification, the grader shall obtain a copy of the specification from plant management and assure that all provisions of the specification are met. As applicable, product that meets specification requirements will be identified in accordance with procedures outlined in the approved specification. When the specification requires the issuance of a grading certificate, the following statement is to be placed in the remarks section of the certificate: “Product covered by this certificate meets specification requirements for \_\_\_\_\_.”

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**B. General nursery stock inspection certification.** A person may apply for general nursery stock inspection certification by submitting to the Department the application described in subsection (E) for each nursery location. The applicant shall submit a \$50 inspection fee to the Department at the time of inspection for each nursery location. Each nursery location shall be inspected and certified separately. An application for initial certification may be submitted at any time. A certificate will be valid for one year, and may be renewed. A renewal application shall be submitted each year by February 15.**1.** The Department shall issue a general nursery stock inspection certificate to the applicant if, following a Department inspection, the nursery stock is found free of quarantine pests, and commercially clean of common pests that are adversely affecting the nursery stock.**a.** The Department shall only certify nursery stock that is found free of quarantine pests. The applicant shall not remove from the nursery any nursery stock that

is found infested with a quarantine pest until a Department inspector determines that the pest has been eliminated.

**b.** The Department shall restrict the movement of any nursery stock found infested with a common pest that a Department inspector determines is adversely affecting the nursery stock. The applicant shall establish a treatment program to control the pest and shall not remove the infested nursery stock from the nursery until a Department inspector determines that the pest has been controlled.**2.** A certificate holder shall ensure that a nursery with a general nursery stock inspection certificate remains free of quarantine pests and commercially clean of common pests that are adversely affecting the nursery stock throughout the period that the certificate is valid.**3.** A certificate holder shall not distribute, transport, or sell nursery stock interstate if it is infested with a quarantine pest or a common pest that is adversely affecting the nursery stock.**4.** A certificate holder may reproduce a general nursery stock inspection certificate without the Department’s permission for nursery use.**5.** A certificate holder shall ensure that the nursery’s general nursery stock inspection certificate accompanies each shipment of nursery stock that is moved out of the state.**6.** A certificate holder shall maintain all invoices or other shipping documents for shipments received by and shipped from the nursery for up to one year. “Measurement of Uncertainty (MU)” means the parameter, associated with the result of a measurement that characterizes the dispersion of the values that could reasonably be attributed to the particular quantity subject to measurement.

“Natural causes” means the influence to an industrial hemp crop created by elements of nature including, but not limited to, temperature, wind, rain, hail, or flood.

“Propagative material” means any industrial hemp seedlings, explants, transplants, propagules, or other rooted material that is grown in a soilless media.

“Remediation” means the process for achieving compliance of non-compliant *Cannabis*. “THCA” means Tetrahydrocannabinolic Acid.

“Total THC or total delta-9 THC” means the value determined after the process of decarboxylation, or the application of a conversion factor if the testing methodology does not include decarboxylation that expresses the potential total delta-9 tetrahydrocannabinol content derived from the sum of the THC and THCA content and reported on a dry weight basis. This post-decarboxylation value of THC can be calculated by using a chromatograph technique using heat, such as gas chromatography, through which THCA is converted from its acid form to its neutral form, THC which calculates the total potential THC in a given sample. The total THC can also be calculated by using a liquid chromatograph technique, which keeps the THCA intact. This technique requires the use of the following conversion: [Total THC = (0.877 x THCA) + THC] which calculates the potential total THC in a given sample.

Certified laboratories must also report the MU as a ± value and report the total delta-9 value in the same unit of measure used to report the MU.
- h. Any sample test result showing with at least 95% confidence that the total delta 9 THC content of the sample is higher than the acceptable hemp THC level shall be conclusive evidence that the lot represented by the sample is not in compliance with this Article.
6. DEA Registration. Certified laboratories must also be registered with DEA to handle controlled substances under the Controlled Substances Act (CSA), 21 CFR part 1301.13 no later than December 31, 2022.
7. Sample results. A copy of any result produced by a certified laboratory shall be provided to the licensee, but such result is the property of the state.
- D. Crop compliance.**
- 1. Compliant crops. When a crop is found to be compliant with the regulations governing the production of industrial hemp, a grower will be provided documentation authorizing the movement of the harvest lot. Upon receiving authorization from the Department the licensed grower shall not comingle the harvest lot with any other compliant or non-compliant harvest lot. The grower shall:
    - a. Harvest the compliant harvest lot within 30 business days;
    - b. Notify the Department if there is a delay in the 30 business day harvest window due to inclement weather or other natural causes; and
    - c. Notify the Department prior to shipping or transporting the harvest lot as provided in R3-4-1011(D).
  - 2. Non-compliant crops. Non-compliant crops with a total delta-9 THC concentration greater than 0.3% shall not be allowed into the stream of commerce. When a crop is found to be non-compliant with the regulations governing the production of industrial hemp, a grower will be required, within 15 business days of notification of non-compliance, to either voluntarily dispose of the crop by a method prescribed in R3-4-1013(F) and submit a notice of destruction under R3-4-1011(E), together with supporting evidence of disposal. Alternatively the grower may submit a corrective action plan under R3-4-1013(D) to remediate the crop to achieve compliance with the regulations governing the production of industrial hemp. A corrective action plan may be issued by the Department, or if submitted by the grower, must be approved by the Department. A corrective action plan will only be approved if the total delta-9 THC concentration is greater than 0.3% and less than 1.0%. Failure to dispose of the crop or comply with approved corrective action plan may result in a notice of violation under R3-4-1012. Upon receiving a notification of noncompliance from the Department, the licensed grower shall not move or transport the non-compliant crop from the hemp site, unless otherwise permitted by the Department to remediate the crop. Non-compliant crops shall not be comingled with any other compliant or non-compliant harvest lot. Harvest lots with a total delta-9 THC concentration greater than 1.0% constitutes a violation and must be disposed of by method indicated in R3-4-1013(F).
- E. Volunteer hemp plants.** It shall be the responsibility of the licensee to monitor and destroy volunteer hemp plants.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Administrative Rules Division  
The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

7. "Curing" means the final stage of composting, which is conducted after much of the readily metabolized biological material has been decomposed, at cooler temperatures than those in the thermophilic phase of composting, to further reduce pathogens, promote further decomposition of cellulose and lignin, and stabilize composition. Curing may or may not involve insulation, depending on environmental conditions.
8. "Growth media" means material that acts as a substrate during the growth of covered produce, such as mushrooms and some sprouts, that contains, may contain, or consists of components that may include any animal waste, such as stabilized compost, manure, non-fecal animal byproducts or table waste.
9. "Non-fecal animal byproduct" means solid waste, other than manure, that is animal in origin, such as meat, fat, dairy products, eggs, carcasses, blood meal, bone meal, fish meal, shellfish waste, such as crab, shrimp, and lobster waste, fish emulsions, and offal, and is generated by commercial, institutional, or agricultural operations.
10. "Pre-consumer vegetative waste" means:

"Static composting" means a process to produce stabilized compost in which air is introduced into biological material, in a pile or row that may or may not be covered with insulating material, or in an enclosed vessel, by a mechanism that does not include turning. Examples of structural features for introducing air include embedded perforated pipes and a constructed permanent base that includes aeration slots. Examples of mechanisms for introducing air include passive diffusion and mechanical means, such as blowers that suction air from the compost-

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 4. PROFESSIONS AND OCCUPATIONS****CHAPTER 16. ARIZONA MEDICAL BOARD**

Authority: A.R.S. § 32-1401 et seq.

**Supp. 21-3**

*Editor's Note: Supp. 16-1 has rules amended as final exempt rules. The proposed exempt rules were published on the Board's website for 30 days and the end which no additional public comments were received (Supp. 16-1).*

*Editor's Note: Supp. 15-4 has rules that were submitted as final exempt rules. Pursuant to Laws 2015, Chapter 251, Section 3, the Board was required to provide public notice and an opportunity for the public to comment on its proposed exempt rules. Three public meetings were conducted. Even though the proposed exempt rules were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Exempt rulemakings are those that are submitted to the Office of the Secretary of State without receiving public comment (Supp. 15-4).*

*Editor's Note: The name of the Allopathic Board of Medical Examiners was changed to the Arizona Medical Board by Laws 2002, Ch. 254, § 9, effective August 22, 2002 (Supp. 03-2).*

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 26. BOARD OF PSYCHOLOGIST EXAMINERS

Authority: A.R.S. § 32-2063(A)(9) and (12)

## Supp. 21-3

*Editor's Note: This Chapter contains amendments that were filed with the Secretary of State on March 3, 1995. At the time of filing, the original copy of the rulemaking package differed from the copy of the package filed at the same time. The Secretary of State uses the copy to prepare the Code supplement. The agency notified the Secretary of State that the wrong version was used. That led to the Secretary of State's discovery of the two versions filed in March 1995. The Secretary of State then used the original package to publish a corrected edition with Supp. 95-2. The Secretary of State has since been advised by the Attorney General that the original version as published with Supp. 95-1 was correct with the exception of one phrase in R4-26-207 that was inadvertently omitted. With this publication, this Chapter reflects the correct amendments, and the omitted phrase in R4-26-207 has now been added.*

For this purpose, the applicant shall have the institution of higher education that the applicant attended provide directly to the Board an official transcript of all courses taken and verification of the dissertation or similar project.

- A. The Board shall use the following criteria to determine whether an applicant's supervised preinternship professional experience complies with A.R.S. § 32-2071 (E):
  - 1. The supervised preinternship professional experience was part of the applicant's doctoral program from an institution of higher education that meets the standards in A.R.S. § 32-2071(A);

The Board shall not include any assessment or treatment conducted as part of the required academic preparation in the hours of supervised preinternship professional experience; and

However, the Board shall not credit time spent participating in activities to fulfill academic degree requirements toward the hours required under A.R.S. § 32-2071 (F).
- C. Under A.R.S. § 32-2071(G)(5), at least 40 percent of an applicant's supervised postdoctoral experience shall involve direct client or patient contact. ## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

  - b. The Board determines that there were de minimis violations of Board statutes or rules, but no disciplinary action should be taken against the certification or registration and that a letter of concern would be as effective a resolution as a letter of reprimand in deterring future violations of a like nature.
16. "Other misconduct" means the applicant/registrant:

**R4-30-125. Reserved****R4-30-126. Service of Board Decisions; Rehearing of Board Decisions**

- A.** Except as provided in subsection (G), any party to an appealable agency action or contested case before the Board who is aggrieved by a decision rendered in the matter may file with the Board, not later than 30 calendar days after service of the decision, a written motion for rehearing or review of the decision specifying the particular grounds for the motion. A decision shall be deemed to have been served on the date when personally delivered or mailed by certified mail to the party's last known address of record with the agency. The filing of a motion for rehearing is a condition precedent to the right of appeal provided in A.R.S. § 32-128(J).
- B.** A motion for rehearing under this rule may be amended at any time before it is ruled upon by the Board. A response may be filed within 15 calendar days after service of the motion or amended motion by any other party. The Board may require the filing of written briefs upon the issues raised in the motion and may provide for oral argument. The filing of a motion for rehearing or review suspends the operation of the Board's order and allows the registrant to practice in his or her profession pending denial or granting of the motion, and pending the decision of the Board on the rehearing or review if the motion is granted.
- C.** A rehearing or review of the decision may be granted for any of the following causes materially affecting the moving party's rights:
1. Irregularity in the administrative proceedings of the agency, members of the Board or the prevailing party, or

any order or abuse of discretion, whereby the moving party was deprived of a fair hearing;

2. Misconduct of the Board or the prevailing party;
  3. Accident or surprise which could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence which could not with reasonable diligence have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence or other errors of law occurring at the administrative hearing;
  7. The decision is unjustified based upon the evidence or is contrary to law.
- D.** The Board may affirm or modify the decision or grant a rehearing to all or any of the parties and on all or part of the issues for any of the reasons set forth in subsection (C). An order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted, and the rehearing shall cover only those matters so specified.
- E.** Not later than 30 days after a decision is rendered, the Board may on its own motion order a rehearing or review of its decision for any reason listed in subsection (C). After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing for a reason not stated in the motion. In either case the order granting a rehearing shall specify the grounds for the rehearing.
- F.** When a motion for rehearing is based upon affidavits, they shall be served with the motion. An opposing party may, within ten days after service, serve opposing affidavits, which period may be extended for an additional period not exceeding 20 days by the Board for good cause shown or by written stipulation of the parties. Reply affidavits may be permitted.
- G.** If the Board makes specific findings that the immediate effectiveness of a decision is necessary for preservation of the public welfare, health or safety and that a rehearing or review of the decision is impracticable, unnecessary or contrary to the public interest, the decision may be issued as a final decision without an opportunity for a rehearing or review. If a decision is issued as a final decision without an opportunity for rehearing, any application for judicial review of the decision shall be made within the time limits permitted for applications for judicial review of the Board's final decisions.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 7. EDUCATION****CHAPTER 2. STATE BOARD OF EDUCATION**

Authority: A.R.S. § 15-203(A)(1)

**Supp. 21-3**

*Under A.R.S. 41-1011(C) changes were made to headings and rule language for consistency in style and format. Part headings in this Chapter were assigned numbers. These changes did not alter the sense, meaning or effect of any rule in this Chapter. The Board reviewed and approved these clerical changes. Section R7-2-604.01 was inadvertently removed when Supp. 19-4 was published. It has been reinstated as last amended in Supp. 15-3 (Supp. 21-2).*

*Editor's Note: This Chapter contains rules in Articles 10 and 11 that were filed in 2015 but were adopted in 2014. The Office has corrected all Supp. 15-3 historical notes in these Articles to reflect the true effective year of the rules to July 1, 2014 (Supp. 18-2).*

*Editor's Note: This Chapter contains rules that were filed out of sequence by adoption date. The Office has made every effort to codify the previous filings with the current Chapter and update the historical references where necessary. Refer to the historical notes for more information (Supp. 16-2).*

*Editor's Note: Supp. 16-1 contains rules that were submitted as final exempt rules and approved by the Board February 25, 2008. Although approved by the Board in 2008, the rulemaking was not filed in the Secretary of State's Office for publication in this Chapter until 2016. The final exempt rulemaking was filed by the Board on January 6, 2016 (Supp. 16-1).*

*Editor's Note: Supp. 15-3 contains rules that were submitted as final exempt rules. Pursuant to the Board's rulemaking procedures a public hearing was held on the rules after they were proposed at a Board meeting. Even though the proposed rules were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Final exempt rulemakings are those filed with conditional exemptions to the Arizona Administrative Procedures Act such as requirements to conduct a public hearing or accept public comments on a proposed exempt rulemaking. Although approved by the Board, these final exempt rulemakings were not filed with the Secretary of State's Office at the time of approval. Therefore these rules were in effect prior to the release of Supp. 15-3. Refer to the historical notes for effective dates.*

*Editor's Note: This Chapter contains rules made, amended, repealed, renumbered and approved by the State Board of Education that were exempt from the rulemaking process. Although approved by the Board, certain rulemakings were not filed with the Secretary of State's Office at the time of approval. These rulemakings were filed in 2009 and 2010 and printed as Exempt Rulemakings in the Arizona Administrative Register. The Office has expedited the publishing of these Sections in the Arizona Administrative Code because these rules were in effect prior to Supp. 09-1, Supp. 09-2, Supp. 09-3, Supp. 09-4, Supp. 10-1, Supp. 10-2, Supp. 10-3, Supp. 10-4, Supp. 11-1, and Supp. 12-2 releases. Refer to the historical notes for more information.*

An opposing party may, within 10 days after service of such motion, serve opposing affidavits and this period may be extended for an additional period not exceeding 20 days, by the Board for good cause shown or by written stipulation of the parties. A student who successfully completes the student's personal curriculum meets the requirements for high school graduation.
2. "Development Team" means a team that develops a personal curriculum for a student and consists of the student, the parent or legal guardian of the student, and a school counselor or principal or their designee. A school principal may add additional members to the development team as the principal deems appropriate.

2. Despite the student's successful completion of the mathematics requirements delineated in R7-2-302.02(1)(c)(i), the development team determines that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content.

**C. The requirements for a personal curriculum are as follows:**

1. An eligible student may only modify the mathematics requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content;
2. In lieu of successfully completing Algebra II or its equivalent course content, an eligible student shall successfully complete at least one credit in mathematics that shall include significant mathematics content as determined by the local school district governing board or charter school; and
3. An eligible student shall successfully complete a course in mathematics in the student's senior year.

**D. The procedures for developing and implementing a personal curriculum are as follows:**

1. The parent or legal guardian of a student, an emancipated student, or a student with permission from the student's parent or legal guardian may request a personal curriculum in a manner prescribed by the local school district governing board or charter school.
2. Upon receipt of a request for a personal curriculum made pursuant to subsection (D)(1), the local school district or charter school shall verify that the student successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i) and, upon verification, shall convene a development team.

**3. The development team shall:**

- a. Verify that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content,
- b. Identify an appropriate alternative mathematics course or courses to modify the requirement for Algebra II or its equivalent course content,
- c. Develop a written personal curriculum plan that includes the alternative mathematics course or courses identified in subsection (D)(3)(b) and a plan for monitoring student progress toward successfully completing the alternative mathematics course or courses. In developing the personal curriculum plan the development team shall consider how the proposed modifications maintain the integrity of the high school diploma and enable the student to achieve the student's post-secondary education and career goals.

**4. The development team may modify the personal curriculum plan based upon the development team's evaluation of the student's progress.****E. The Superintendent of Public Instruction shall monitor a school district or charter school if there is reason to believe that the school district or charter school is allowing modifications inconsistent with the requirements delineated in this Section.****Historical Note**

  3. The curriculum of all English language learner programs shall incorporate the Academic Standards adopted by the Board and shall be comparable in amount, scope and quality to that provided to English language proficient students.

A WICP describing the compensatory instruction provided shall be maintained in the students' EL files.

2. Performing satisfactorily will be measured by whether a student meets or exceeds the state standards in reading, writing, and mathematics as measured by the statewide assessment.
3. If a statewide assessment score is not available because the test is not administered in the students' grade or to assess progress in academic subjects not assessed by the statewide assessment, the LEA shall use one or more of the following criteria in its evaluation to determine progress toward achieving the Arizona Academic Standards in monitoring FEP students after exit from an EL program:
  - a. LEA-developed criterion-referenced tests of academic achievement that demonstrate alignment to the Arizona Academic Standards; or
  - b. Standardized tests measuring academic achievement that demonstrate alignment to the Arizona Academic Standards; or

4. The Department shall issue a report on the results of its monitoring within 45 days after completing the monitoring. If the Department determines that an LEA is not complying with state or federal laws applicable to EL students, the LEA shall prepare and submit to the Department, within 60 days of the Department's determination, a corrective action plan that sets forth steps that the LEA will take to correct the deficiencies noted in the report.
5. The Department shall review and return such corrective action plan to the LEA within 30 days, noting any required changes. No later than 30 days after receiving its corrective action plan back from the Department, the LEA shall begin implementing the measures set forth in

the plan, including any revisions required by the Department.

6. The Department shall conduct a follow-up evaluation of the LEA within one year after returning the corrective action plan to the LEA.
7. If the Department finds continued non-compliance during the follow-up evaluation, the LEA shall be referred to the Board for a determination of non-compliance. If the Board determines the LEA to be out of compliance with state or federal laws applicable to EL students, it may take one or more of the following actions:
  - a. Temporarily withhold cash payments of federal EL grant monies;
  - b. Disallow (that is deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance;
  - c. Wholly or partly suspend or terminate the current award of federal EL grant monies;
  - d. Withhold further awards of federal EL grant monies for the program.
8. The Department shall monitor all LEAs that the Board has determined to be non-compliant and which have had federal EL grant monies withheld or terminated to ensure that such LEAs do not reduce the amount of funds spent on their EL programs as the result of its loss of funds.

- A. All requirements in this Section are in addition to the general special education standards in R7-2-401 for public education agencies providing special education.
- B. For the purposes of this Section, the following definitions apply:
  - 1. "Accessible Electronic File" means, until the effective date of a nationally adopted file format, a digital file in a mutually agreed upon electronic file format that has been prepared using a markup language that maintains the structural integrity of the information and can be processed by Braille conversion software. Upon the effective date of a nationally adopted file format, such as the Instructional Materials Accessibility Standard (IMAS), "Accessible Electronic File" shall mean an electronic file conforming to the specifications of the nationally adopted file format, including future technical revisions and versions of this nationally adopted file format.
  - 2. "Individualized Braille literacy assessment" means the Learning Media Assessment or other standardized or individualized assessments that pertain to the child's reading medium.
  - 3. "Non-printed instructional materials" means non-printed textbooks and related core materials, including those that require the availability of electronic equipment in order to be used as a learning resource, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. These materials shall be available to the extent technologically available, and may include software programs, CD-ROMs and internet-based materials.
  - 4. "Printed instructional materials" means textbooks and related printed core materials, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. This may include workbooks, practice tests, and tests.
  - 5. "Publisher" means an individual, firm, partnership or corporation that publishes or manufactures printed instructional materials for students attending public schools in Arizona, including an on-line service, a software developer, or a distributor of an electronic textbook.
  - 6. "Specialized format" means Braille, audio or digital text which is exclusively for use by blind or other persons with disabilities.
  - 7. "Structural integrity" means the structure of all parts of the printed instructional material will be kept intact to the extent feasible and as mutually agreed upon by the publisher and the local educational agency. This may include appropriate representation of graphic illustrations.
- C. Upon determination of a student having a visual impairment as assessed by a full and initial evaluation defined in R7-2-401(E)(6)(i), a visually impaired student who is determined to be blind as defined by A.R.S. § 15-214(B) shall receive an individualized Braille literacy assessment.
- D. Individualized Education Programs (IEP) for blind students. In addition to the requirements for establishing and implementing an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be "blind" as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:

  - 4. The Braille materials and equipment necessary to achieve the stated expected competency gains, including ordering instructional materials to achieve the IEP-stated goals.
  - 5. The rationale for not providing Braille instruction if Braille is not determined to be an appropriate medium by the IEP team and is not included in the IEP.
- E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in

specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.

1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. Certification shall include all of the following:

  - c. The instructional materials are for use by the student in connection with a course in which he or she is enrolled, as verified by the person overseeing the education of students who are blind or visually impaired.
2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional materials in a specialized format pursuant to the student's IEP.
3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEAs who have met the requirements of subsections (B) and (D) to provide services to students who require such services pursuant to R7-2-401(F)(5).
