1. "Educational Interpreter." For the purposes of this Section, "educational interpreter" means a person trained to translate in sign language for students identified to require such services through an Individualized Education Program (IEP) or a 504 accommodation plan in order to access academic instruction. This does not in any way restrict the provisions of R7-2-401(B)(14) which defines "interpreter" and provides that each student's IEP team determines the level of interpreter skill necessary for the provision of FAPE, nor does it restrict a school district's ability to develop a job description for someone in a position of "educational interpreter" that requires additional job responsibilities.
2. "Accommodation plan developed to comply with Section 504 of the Rehabilitation Act of 1973, 29 USC 794, et seq. ("504 accommodation plan")." For the purposes of this Section, "504 accommodation plan" means a plan developed for the purpose of specifying accommodations and/or services that will be implemented by classroom teachers and other school personnel so that students will benefit from their educational program.

    - iii. Hold a valid certificate from the National Association of the Deaf (NAD) at level 3 or higher.
2. If a public education agency (PEA) is unable to find an individual meeting the above qualifications, the PEA may hire an individual with lesser qualifications, but the PEA is required to provide a professional development plan for the individual they employ to provide educational interpreting services. This professional development plan must include the following:
- a. Proof of at least 24 hours of training in interpreting each year that a valid certification is not held or EIPA passing score is not attained, and
  - b. Documentation of a plan for the individual to meet the required qualifications within three years of employment. If the qualifications are not attained within three years, but progress toward attainment is demonstrated, the plan shall be modified to include an intensive program for up to one year to meet the provisions of subsection (B)(1).
3. An individual employed under the provisions of subsection (B)(2) must also have the following:
- a. A valid fingerprint clearance card, and
  - b. A high school diploma or GED.

- F.** After bid opening and before award, the school district may permit a bidder to withdraw a bid if:
1. A nonjudgmental mistake is evident on the face of the bid but the intended bid is not evident; or
  2. The bidder establishes by clear and convincing evidence that a nonjudgmental mistake was made.
- G.** If correction or withdrawal of a bid after bid opening is permitted or denied under subsections (D), (F) and (J), the school district shall prepare a written determination showing that the relief was permitted or denied under this Section.
- H.** Notwithstanding other provisions of this Section, after bid opening and before award, no corrections in bid prices or other provisions of bids prejudicial to the interest of the school district or fair competition shall be permitted.
- I.** If a mistake in the bid is discovered after the award, the bidder may request withdrawal or correction in writing and shall include all of the following in the written request:
1. An explanation of the mistake and any other relevant information;
  2. A request for correction including the corrected bid or a request for withdrawal; and
  3. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.
- J.** Based on the considerations of fair competition and the best interest of the school district, the school district may take one of the following actions regarding a bid mistake discovered after the award:
1. Allow correction of the mistake, if the corrected bid amount is less than the next lowest bid;
  2. Cancel all or part of the award; or
  3. Deny correction or withdrawal.
- K.** After cancellation of all or part of an award in accordance with subsection (J)(2), if the bid acceptance period has not expired, the school district may award all or part of the contract to the next lowest responsible and responsive bidder, based on the considerations of fair competition and the best interest of the school district.
- A.** As provided in subsection (C), the contract or contracts shall be awarded to the lowest responsible and responsive bidder or bidders whose bid or bids conform in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.
- B.** A product acceptability evaluation shall be conducted solely to determine whether a bidder's product is acceptable as set forth in the invitation for bids and not whether one bidder's product is superior to another bidder's product. Any bidder's offering that does not meet the acceptability requirements shall be rejected as nonresponsive.
- C.** The school district shall award the contract to the single lowest responsible and responsive bidder for all materials or services, except that the school district may make a multiple award if the invitation for bids included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.
- D.** Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to offer the lowest cost in satisfying the school district's requirements. A multiple award shall be limited to the least number of suppliers the school district determines in writing to be necessary to meet the school district's requirements, and may include the following types of awards:
1. Awards to the lowest responsible and responsive bidder for individual line items, groups of line items, or categories.
  2. Awards to the lowest responsible and responsive bidders for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of bidders necessary to meet the school district's requirements.
  3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the lowest responsible and responsive bidder, then the next lowest responsible and responsive bidder or bidders until the total definite quantity required is awarded.
  4. A regional award to the lowest responsible and responsive bidder in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.
- E.** The procurement file shall contain the basis on which the award or awards are made.
- F.** The school district shall not modify evaluation criteria after the bid due date and time.
- G.** A school district may appoint an evaluation committee to assist in the evaluation of bids. If bids are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
1. Accept the findings of the evaluation committee;

2. Request additional information from the evaluation committee; or
  3. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing bids or cancel the solicitation.
- H.** The school district may contact a bidder to confirm the school district's understanding of the bid. Such contact shall be prior to award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.
- I.** The contract or contracts shall be awarded during the bid acceptance period. If the bid acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the bid acceptance period is extended in accordance with subsection (J).
- J.** To extend the bid acceptance period, a school district shall notify all bidders in writing of an extension and request written concurrence from each bidder. To be eligible for a contract award, a bidder shall submit a written concurrence to the extension. The school district shall reject a bid as nonresponsive if written concurrence is not provided as requested.
- K.** A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under subsection (A). This Section does not permit negotiations with any bidder, except as provided in subsection (L).
- L.** If all bids for a construction project exceed available monies as certified by the school district, and the lowest responsive bid from a responsible bidder does not exceed such monies by more than five percent, the school district may in situations in which time or economic considerations preclude resolicitation of work of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder, to bring the bid within the amount of available monies.
- M.** If there are two or more low responsive bids from responsible bidders that are identical in price and that meet all the requirements and criteria set forth in the invitation for bids, award shall be made by drawing lots in the presence of one or more witnesses.
- N.** A record showing the basis for determining the successful bidder shall be retained in the procurement file.
- O.** The school district shall notify all bidders of an award.
- P.** After a contract is awarded, the school district shall return any bid security provided by unsuccessful bidders.
- Q.** Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful bidder.
- R.** Within 10 days after a contract is awarded, the school district shall make the procurement file, including all bids, available for public inspection.
1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.
  2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

**R7-2-1032. Only One Bid Received**

If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines in writing that the bidder is responsible, that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

1. New bids may be solicited;
2. The proposed procurement may be canceled; or
3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
  - a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
  - b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 and R7-2-1056 if an emergency condition exists pursuant to R7-2-1055.

**R7-2-1033. Simplified School Construction Procurement Program**

- A.** The simplified school construction procurement program is applicable to construction projects which do not exceed the maximum amount specified in A.R.S. § 15-213(A)(2).
- B.** To participate in the simplified school construction procurement program:
1. Each county school superintendent shall maintain a prospective bidders list of persons who desire to receive solicitations to bid on school district construction projects within that county. The prospective bidders list shall be maintained in accordance with R7-2-1023;
  2. The prospective bidders list maintained pursuant to subsection (B)(1) shall be available for public inspection;
  3. A performance bond and a payment bond, as required by A.R.S. § 34-222, shall be provided for contracts for construction by contractors;
  4. All bids for construction shall be opened at a public opening and the bids shall remain confidential until the public opening;
  5. All persons desiring to submit bids shall be treated equitably and the information related to each project shall be available to all eligible persons; and
  6. Competition for construction projects under the simplified school construction procurement program shall be encouraged to the maximum extent possible. School districts shall submit information on each project to all persons listed on the prospective bidders list maintained by the county school superintendent pursuant to subsection (B)(1).

**R7-2-1034. Reserved****PART V. MULTISTEP SEALED BIDDING****R7-2-1035. Multistep Sealed Bidding**

- A. The multistep sealed bidding method may be used if:
1. Available specifications or purchase descriptions are not sufficiently complete to permit full competition without technical evaluations and discussions to ensure mutual understanding between each bidder and the school district;
  2. Definite criteria exist for evaluation of technical offers;
  3. More than one technically qualified source is expected to be available; and
  4. A fixed-price contract will be used.
- B. The multistep sealed bidding method may not be used for construction contracts.

**R7-2-1036. Phase 1 of Multistep Sealed Bidding**

- A. Multistep sealed bidding shall be initiated by the issuance of an invitation to submit technical offers. The invitation to submit technical offers shall be issued according to R7-2-1022 and R7-2-1024(A).
- B. The invitation to submit technical offers shall include the following information:
1. Notice that the procurement shall be conducted in two phases;
  2. The best description of the material or services desired;
  3. A statement that unpriced technical offers only shall be considered in phase 1;
  4. The requirements for the technical offers, such as drawings and descriptive literature;
  5. The criteria for evaluating technical offers;
  6. The due date and time for receipt of technical offers and the location where technical offers shall be delivered or mailed;
  7. A statement that discussions may be held;
  8. A statement that only bids based on technical offers determined to be acceptable in phase 1 shall be considered for award;
  9. The name of the district representative or district representatives;
  10. Notice that all technical offers submitted will be made available for public inspection following the award of the contract; and
  11. The date, time and location of any pre-technical offer conference.
- C. A school district may conduct a pre-technical offer conference open to all persons. If a pre-technical offer conference is conducted, it shall be not less than seven days before the technical offer due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during the pre-technical offer conference shall not be considered modifications to the invitation to submit technical offers.
- D. The invitation to submit technical offers may be amended before or after the submission of the unpriced technical offers. Amendments to an invitation to submit technical offers shall be so identified and the school district shall ensure that the

amendments are distributed or made available to all persons to whom the original invitation to submit technical offers was distributed or made available. The school district shall make a copy of the amendments to an invitation to submit technical offers available for public inspection at the school district office. If the school district posted the invitation to submit technical offers or a notice of the availability of an invitation to submit technical offers on a designated site on the Internet, then the school district shall post any amendments to the invitation to submit technical offers on the same designated site on the Internet. The school district shall also do one or more of the following:

- a. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed;
  - b. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed. Upon receipt of such notice of amendment, it is the responsibility of the person to obtain the amendment.
2. Amendments shall be issued within a reasonable time before technical offer opening to allow persons to consider them in preparing their technical offers. If the school district determines that the technical offer due date and time does not permit sufficient time for technical offer preparation, the technical offer due date and time shall be extended in the amendment or, if necessary, telephone, facsimile, email, or other communications methods, and confirmed in the amendment.
  3. A person shall acknowledge receipt of an amendment in the manner specified in the invitation to submit technical offers or the amendment on or before the technical offer due date and time.
- E. Unpriced technical offers shall not be opened publicly, but shall be opened in the presence of two or more district officials designated by the school district. The contents of unpriced technical offers shall not be disclosed to unauthorized persons. Late technical offers shall not be considered except under the circumstances set forth in R7-2-1028(B).
- F. Unpriced technical offers shall be evaluated solely in accordance with the criteria set forth in the invitation to submit technical offers and shall be determined to be either acceptable for further consideration or unacceptable. A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis for the determination and be retained in the procurement file. If the school district determines a person's unpriced technical offer is unacceptable, the school district shall notify that person of the determination and that the person shall not be afforded an opportunity to amend the technical offer.
- G. The school district may conduct discussions with any person who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from one unpriced technical offer to any other person. After discussions, the school district shall establish a due date and time for receipt of final technical offers and shall notify, in writing, persons submitting acceptable or potentially acceptable technical offers of the due date and time. The school district shall keep a detailed record of all discussions.

**R7-2-1046. Evaluation of Proposals**

- A.** Evaluation of proposals and best and final offers shall be based on the evaluation factors set forth in the request for proposals. Specific numerical weighting may be used.
  1. If only one proposal is received in response to a request for proposals, the school district shall proceed according to R7-2-1032.
  2. The school district shall not modify evaluation factors or the relative importance of price and other evaluation factors after the proposal due date and time.
  3. A school district may appoint an evaluation committee to assist in the evaluation of proposals. If proposals are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
    - a. Accept the findings of the evaluation committee;
    - b. Request additional information from the evaluation committee; or
    - c. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing proposals or cancel the solicitation.
- B.** As part of its initial evaluation, the school district may contact an offeror to confirm the school district's understanding of the proposal. Such contact shall be prior to the determination that a proposal is acceptable for further consideration. The school district shall obtain written confirmation from the offeror and shall retain the confirmation in the procurement file.
- C.** The contract or contracts shall be awarded during the proposal acceptance period. If the proposal acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the proposal acceptance period is extended in accordance with subsection (D).
- D.** To extend the proposal acceptance period, a school district shall notify all offerors in writing of an extension and request written concurrence from each offeror. To be eligible for a contract award, an offeror shall submit a written concurrence to the extension. The school district shall reject a proposal as nonresponsive if written concurrence is not provided as requested.

- E.** For the purpose of conducting discussions, the school district shall determine that proposals are either acceptable for further consideration or unacceptable.
- F.** A proposal is acceptable if it is determined to be reasonably susceptible of being awarded a contract in accordance with the evaluation criteria and a comparison and ranking of original proposals. Proposals to be considered reasonably susceptible of being awarded a contract shall, at a minimum, demonstrate the following:
  1. Affirmative compliance with mandatory requirements designated in the solicitation.
  2. An ability to deliver goods or services on terms advantageous to the school district sufficient to be entitled to continue in the competition.
  3. That the proposal is technically acceptable as submitted.
- G.** A proposal is unacceptable if it is determined to not be reasonably susceptible of being awarded a contract. Those proposals that have no reasonable chance for award when compared on a relative basis with more highly ranked proposals will not be reasonably susceptible of being awarded a contract. The determination shall be in writing, state the basis for the determination and be retained in the procurement file. When there is doubt as to whether a proposal is reasonably susceptible of being awarded a contract, the proposal shall be considered acceptable.
- H.** If the school district determines an offeror's proposal is unacceptable, the school district shall notify that offeror of the determination and that the offeror shall not be afforded an opportunity to amend its proposal.

**R7-2-1047. Discussions with Individual Offerors**

- A.** Discussions may be conducted with responsible offerors who submit proposals determined to be acceptable for further consideration. Discussions may be conducted to assure full understanding of the proposal in order to obtain the most advantageous contract for the school district based upon the requirements and evaluation factors in the request for proposals. Offerors shall be afforded fair treatment with respect to any opportunity for discussion and revision of proposals.
- B.** A school district shall establish procedures and schedules for conducting discussions. The school district shall ensure there is no disclosure of one offeror's price or any information derived from competing proposals to another offeror.
- C.** Discussions may be conducted orally or in writing. If oral discussions are conducted, the offeror shall confirm the discussions in writing.
- D.** If discussions are conducted, they shall be conducted with all offerors who submit proposals determined to be acceptable for further consideration. Proposals may not be revised during discussions.
- E.** The school district shall keep a detailed record of all discussions in the procurement file.

- A. As provided in subsection (B), the school district shall award a contract or contracts to the responsible offeror or offerors whose proposal or proposals are determined in writing to be most advantageous to the school district based on the factors set forth in the request for proposals. No factors or criteria may be used in proposal evaluation that are not set forth in the request for proposals. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the most advantageous proposal.
- B. The school district shall award the contract to the offeror whose proposal is deemed most advantageous to the school district for all materials or services, except that the school district may make a multiple award if the request for proposals included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.
- C. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to be most advantageous to the school district in satisfying the school district's requirements.   - 1. Awards to the offerors most advantageous to the school district for individual line items, groups of line items, or categories.

- 2. Awards to the offerors most advantageous to the school district for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of offerors necessary to meet the school district's requirements.
- 3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the offeror whose proposal is determined to be the most advantageous to the school district, then to the offeror with the next most advantageous proposal, etc., until the total definite quantity required is reached.
- 4. Regional awards to the offerors most advantageous to the school district in designated regions or locations only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.
- D. The school district shall notify all offerors of an award.
- E. The procurement file shall contain the basis on which the award or awards are made.
- F. After a contract is awarded, the school district shall return any bid security provided by the unsuccessful offerors.
- G. Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful offeror.
- H. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all proposals, available for public inspection.
  - 1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.
  - 2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

**PART XI. GUARANTEED ENERGY CONTRACTS****R7-2-1069. Guaranteed Energy Cost Savings Contracts**

- A. A school district may procure a guaranteed energy cost savings contract with a qualified provider through competitive sealed proposals in accordance with R7-2-1041 through R7-2-1050.
  1. The request for proposal evaluation factors required by R7-2-1042(A)(1)(h) shall include objective criteria for selecting the qualified provider, including the cost of the contract, the energy cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope.
  2. Notwithstanding R7-2-1042(A)(1)(h), the request for proposals shall set forth the respective numerical weighting for each evaluation criterion.
  3. At the qualified provider's expense, the proposal shall include an independent third-party validation of cost savings calculations associated with each proposed energy cost savings measure by a licensed, registered professional engineer, with credentials from the national association of energy engineers, who has demonstrated experience in energy analysis. The school district shall approve the selection of the independent third party.
  4. A school district may enter into a guaranteed energy cost savings contract with a qualified provider if the school district determines that the energy savings project will pay for itself within the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest, if the recommendations in the proposal are followed. The school district shall retain the cost savings achieved by a guaranteed energy cost savings contract, and these cost savings may be used to pay for the contract and project implementation.
5. A qualified provider is a person that is experienced in designing, implementing or installing energy cost savings measures, that has a record of established projects or measures of similar size and scope, that has demonstrated technical, operational, financial and managerial capabilities to design and operate cost savings measures and projects and that has the financial ability to satisfy guarantees for energy cost savings.
- B. In selecting a contractor to perform any construction work related to performing the guaranteed energy cost savings contract, the qualified provider may:
  1. Develop and use a prequalification process for contractors.
  2. Require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.
- C. At the selected qualified provider's expense, a study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. The selected qualified provider will provide the school district with a final study report which validates that the fixed cost savings guarantee amount will meet or exceed the cost savings calculations contained within the original proposal. The study report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study report to the school facilities board and the governor's office of energy policy.
- D. The information to develop the energy baseline shall be derived from historical energy costs or actual energy measurements or shall be calculated from energy measurements at the facility where energy cost savings measures are to be installed or implemented. The baseline shall be established before the installation or implementation of energy cost savings measures.
- E. One or more school districts may enter into a financing agreement with a qualified provider or a financial institution, trustee or paying agent for the purchase and installation or implementation of energy cost savings measures. Any required financing may be obtained as part of the original competitive sealed proposal process from the qualified provider, or from a third-party financing institution that is procured separately in accordance with Articles 10 and 11.
- F. The selected qualified provider shall provide a performance bond in accordance with R7-2-1103(A)(1)(c).
- G. The selected qualified provider shall make public information in the subcontractor's bids.
- H. The guaranteed energy cost savings contract shall include the following:
  1. A requirement that, in determining whether the projected energy savings calculations have been met, the energy savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures with the energy consumed after installation or implementation of the energy cost savings measures. The qualified provider and the school district may agree to make modifications to the energy baseline only for any of the following:
    - a. Changes in utility rates.
    - b. Changes in the number of days in the utility billing cycle.
    - c. Changes in the square footage of the facility.
    - d. Changes in the operational schedule of the facility.

## CHAPTER 2. STATE BOARD OF EDUCATION

- e. Changes in facility temperature.
  - f. Significant changes in the weather.
  - g. Significant changes in the amount of equipment or lighting utilized in the facility.
  - h. Significant changes in the nature or intensity of energy use such as the change of classroom space to laboratory space.
2. A payment schedule, with payments over a period of not more than the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest.
  3. A requirement that all payments, except obligations on termination of the contract before its expiration, be made pursuant to the terms of the financing agreement.
  4. A written guarantee from the qualified provider that the energy savings will meet or exceed the costs of the energy cost savings measures over the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest. The school district shall ensure that the contractor:
    - a. For the term of the guaranteed energy cost savings contract, prepares a measurement and verification report on an annual basis in addition to an annual reconciliation of savings.
    - b. Reimburses the school district for any shortfall of guaranteed energy cost savings on an annual basis.
    - c. Uses the international performance and measurement and verification protocol standards or the federal energy management program standards to validate the savings guarantee.
- I.** A school district may utilize a simplified energy performance contract for projects less than \$500,000. Simplified energy performance contracts are not required to include an energy savings guarantee and shall comply with all requirements in this Section except for subsections (D), (H)(1)(a) through (h) and (H)(4)(a) through (c).
- J.** This Section does not apply to the construction of new buildings.
- K.** For all projects under this Section, the school district shall report to the governor's office of energy policy:
1. The name of the project.
  2. The qualified provider.

**R7-2-1102. Bid Security**

- A.** Bid security shall be required for all competitive sealed bidding for construction contracts, and for all competitive sealed proposals for design-build construction services or job-order-contracting construction services procured pursuant to R7-2-1111, if the price, excluding the cost of any finance services, maintenance services, operations services, design services, preconstruction services, or other related services included in the contract, is estimated by the school district to exceed the amount established by R7-2-1002(A).
- B.** Invitations for bid on school district construction contracts and requests for proposals for design-build construction services or job-order-contracting construction services, shall require submission of bid security as follows:
  1. For design-bid-build construction services, ten percent of the contractor's bid.
  2. For design-build construction services awarded by competitive sealed proposals pursuant to R7-2-1111, ten percent of the school district's construction budget for the project as stated in the request for proposals, excluding finance services, maintenance services, operations services, design services, preconstruction services or any other related services included in the contract.

## CHAPTER 2. STATE BOARD OF EDUCATION

3. For job-order-contracting construction services awarded by competitive sealed proposals pursuant to R7-2-1111, the amount prescribed by the school district in the request for proposals, but not more than ten percent of the school district's reasonably estimated budget for construction that the school district believes is likely to actually be done during the first year under the contract, excluding any finance services, maintenance services, operations services, design services, preconstruction services or other related services included in the contract.
  - C. Acceptable bid security shall be limited to:
    1. An annual or one-time bid bond executed and furnished as required by A.R.S. Title 34, Chapter 2 or 6, as applicable; or
    2. A certified check.
  - D. The school district may issue a written determination to accept the bid security if the bid security fails to comply in a nonsubstantial manner when:
    1. Only one bid or proposal is received and there is not sufficient time to rebid or resolicit proposals;
    2. The amount of the bid security submitted, although less than the amount required by the invitation for bids or request for proposals, is equal to or greater than the difference between the apparent low bid or highest scoring proposal and the next higher acceptable bid or next highest scoring proposal; or
    3. The bid security is inadequate as a result of modifying or correcting a bid in accordance with R7-2-1027 or R7-2-1030, if the bidder increases the amount of security to required limits within two days after notification.
  - E. After the bids and proposals are opened, they are irrevocable for the period specified in the invitation for bids or request for proposals, except as provided in R7-2-1030. If a bidder or offeror is permitted to withdraw its bid before award, no action may be had against the bidder or offeror or the bid security.

    1. A performance bond that is executed and furnished as required under Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to 100 percent of the price specified in the contract conditioned on the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract, except that:
      - a. For job-order-contracting construction services, the performance bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district's reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
      - b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract. The conditions and provisions of the payment bond regarding the surety's obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.
    2. A payment bond that is executed and furnished as required by Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to one hundred percent of the price specified in the contract for the protection of all persons supplying labor or material to the contractor or its subcontractors for the performance of the construction provided for in the contract, except that:
      - a. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district's reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
      - b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract. tion services, the bonds prescribed in subsection (A) shall be provided only on and at the same time as execution of a contract or contract modification that commits the contractor to provide construction for a fixed price, guaranteed maximum price or other fixed amount within a designated time frame.

- C. If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a certificate of authority to transact surety business in this state issued by the director of the Department of Insurance pursuant to Arizona Revised Statutes Title 20, Chapter 2, Article 1. Notwithstanding the provisions of any other statute, the bonds shall not be executed by an individual surety or sureties, even if the requirements of A.R.S. § 7-101 are satisfied.
- D. If a contractor fails to deliver the required performance bond or payment bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to Articles 10 and 11.
- E. This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A).
- F. Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Section, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. However, any person who has a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bond, has a right of action on the payment bond on giving the contractor, only, a written preliminary 20-day notice as provided for in A.R.S. § 33-992.01, subsection (C)(1), (2), (3), and (4) and subsections (D), (E), and (H), and upon giving written notice to the contractor within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made. The person shall state in the notice the amount claimed and the name of the party for whom the labor was performed or to whom the material was supplied. The notice shall be personally served or sent by registered mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

#### Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. #### R7-2-1104. Contract Payment Retention and Substitute Security

- A. Ten percent of all construction contract payments shall be retained by the school district as insurance of proper performance of the contract or, at the option of the contractor, a substitute security may be provided by the contractor pursuant to this Section. The contractor is entitled to all interest from any such substitute security. When the contract is fifty percent completed, one-half of the amount retained or securities substituted pursuant to this Section shall be paid to the contractor upon the contractor's request provided the contractor is mak-

ing satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained. After the contract is fifty percent completed, no more than five percent of the amount of any subsequent progress payments made under the contract shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board determines satisfactory progress is not being made, ten percent retention shall be reinstated for all progress payments made under the contract subsequent to the determination.

- B. Notwithstanding subsection (A), there shall be no retention for job-order-contracting construction services contracts. The school district may elect to have no retention for construction-manager-at-risk and design-build construction services contracts. If the school district elects to have retention, then payment retention for construction-manager-at-risk and design-build contracts shall be in accordance with this Section.
- C. Retention applies only to amounts payable for construction and does not apply to amounts payable for design services, preconstruction services, finance services, maintenance services, operations services, or any other related services included in the contract.
- D. The form of substitute security is limited to the following:
  1. An assignment of time certificates of deposit by financial institutions licensed by this state;
  2. Share certificate of a financial institution or credit union authorized to transact business in this state; or
  3. Security issued or guaranteed as to principal and interest by:
    - a. The United States;
    - b. The state;
    - c. Counties, municipalities and school districts within this state.
- E. Conditions for use of substitute security.
  1. A contractor may submit substitute security to replace contract payment retention if:
    - a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
      - i. Prior to each progress payment in an amount of no less than five percent of each progress payment; or
      - ii. Once, prior to the first progress payment in an amount no less than five percent of the total contract amount.
    - b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
    - c. The term of such security shall not mature until after the estimated contract completion date; and
    - d. The security shall mature no later than one year after the estimated contract completion date.
  2. The substitute security shall not be released without written approval by the school district.
  3. A contractor may submit a single substitute security for more than one project provided that:
    - a. The amount of such security is sufficient to cover the aggregate retention amount;
    - b. The school district determines that such single substitute security is advantageous to the school district; and
    - c. Such security complies with the requirements of subsection (E)(1).

## CHAPTER 2. STATE BOARD OF EDUCATION

- F. Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment. No school district may retain any monies after 60 days which are in excess of the amount necessary to pay the expenses the governing board reasonably expects to incur in order to pay or discharge the expenses determined in the finding justifying the retention of monies.
- G. The school district shall not accept any substitute security unless accompanied by a signed and acknowledged waiver of any right or power of the obligor to set off any claim against either the school district or the contractor in relationship to the security assigned. In any instance in which the school district accepts substitute security as provided in this Section, any subcontractor undertaking to perform any part of the contract is entitled to provide such security to the contractor.
- C. A subcontractor or design professional may notify the school district, in writing, requesting that the subcontractor or design professional be notified by the school district in writing within five days from payment of each progress payment made to the contractor. The subcontractor's or design professional's request remains in effect for the duration of the subcontractor's or design professional's work on the project.
- D. If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of one percent per calendar month, or a fraction of a calendar month, on such unpaid balance as may be due.

**Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

**Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

**R7-2-1105. Progress Payments**

- A. Progress payments may be made by the school district to the contractor on the basis of a duly certified and approved estimate of the work performed during the preceding month if the contractor agrees to adhere to the provisions of A.R.S. § 41-2577(B), (D), and (F). Payment shall be made within 14 days after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided in R7-2-1104. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this Section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract or design professional service contract. The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction or design professional service contract may materially alter the rights of any contractor, subcontractor, design professional or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract or design professional service contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1104.
- B. Progress payments pursuant to subsection (A) are authorized for construction services and design professional services contracts. The requirements of subsection (A) apply only to amounts payable in a construction services contract for construction and in a contract for design services and do not apply to amounts payable in a contract for preconstruction services, finance services, maintenance services, operations services or any other related services included in the contract.
- R7-2-1106. Procurement of Construction Using Alternative Project Delivery Methods**
- A. A school district may use an alternative project delivery method if it determines in writing that such alternative project delivery method is advantageous to the school district. The following factors may be used for such determination:
1. Cost and cost control method;
  2. Value engineering;
  3. Market conditions;
  4. Schedule;
  5. Required specialized expertise;
  6. Technical complexity of the project; or
  7. Project management.
- B. Use of alternative project delivery methods
1. Alternative project delivery methods for construction services shall be procured as provided in R7-2-1100.
  2. For design-build construction services and construction-manager-at-risk construction services, the school district is limited to one contract per procurement.
    - a. Alternatively, for construction-manager-at-risk construction services, a school district may elect separate contracts for preconstruction services during the design phase, for construction during the construction phase and for any other construction services.
    - b. Alternatively, for design-build construction services, a school district may elect separate contracts for preconstruction services and design services during the design phase, for construction and design services during the construction phase and for any other construction services.
    - c. If the school district enters into the first contract for preconstruction services or construction services the procurement ends. After execution of that first contract the school district may not use the procurement or the existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
  3. For job-order-contracting construction services, the school district may award a single contract, or multiple contracts for similar job-order-contracting construction services to be awarded to separate persons. If the school district enters into the number of contracts specified under the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.

## CHAPTER 2. STATE BOARD OF EDUCATION

4. All construction-manager-at-risk construction services or design-build construction services included in a procurement shall be limited to construction services to be performed at a single location, a common location or, if the construction services are all for a similar purpose, multiple locations. For construction-manager-at-risk construction services and design-build construction services to be performed at multiple locations:
  - a. At the time the request for qualifications is issued, the school district shall intend to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.
  - b. The request for qualifications shall include the information described in R7-2-1108(B)(2).
5. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1107, R7-2-1108, R7-2-1110, and R7-2-1111, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on the final list or for any other purpose in the selection process, except as provided in R7-2-1110(D) and R7-2-1111.
6. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.
7. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in R7-2-1106 through R7-2-1115:
  - a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed with the participating persons if there are at least two participating responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.
  - b. As to a request for qualifications to be negotiated pursuant to R7-2-1110(D), if only one responsive and responsible person responds to the request for qualifications or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing board determines in writing that the negotiated fee is fair and reasonable and that either other prospective persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.
  - c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

**R7-2-1110. Committee Evaluation and Contract Award**

- A. If interviews are specified in the request for qualifications:
  1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.
  2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list and to determine their order on the final list are not included in the request for qualifications:
    - a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
    - b. These selection criteria and relative weights may be different than the selection criteria and relative weight used to determine the persons to be interviewed.
  3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.
- B. Based solely on the selection criteria and relative weights for selection of the persons on the final list and their order on the final list, the selection committee shall select the persons for the final list and, in the case of a final list for a contract that will be negotiated under subsection (D), rank the persons in order of preference.
- C. The school district shall make the following notifications regarding the final lists:
  1. If the contract will be negotiated under subsection (D) before or at the same time as the school district notifies the highest ranking person on the final list that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the

highest ranking person or that another person is the highest ranking person:

- a. If interviews were held, the other persons interviewed.
  - b. If interviews were not held, the other persons that made submittals.
2. If the contract will be awarded under R7-2-1111, before or at the same time as the school district notifies the persons on the final list that they are on the final list, the school district shall send actual notice to each of the following persons that they are not on the final list or that other persons are on the final list:
    - a. If interviews were held, the other persons interviewed.
    - b. If interviews were not held, the other persons that made submittals.
- D. The school district shall conduct negotiations with persons on the final list as follows:
    1. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the construction services to be rendered.
    2. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
    3. If the procurement is for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.
    4. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the construction services covered by the final list with any person with whom the school district terminated negotiations.

## CHAPTER 2. STATE BOARD OF EDUCATION

- G. After completion of any discussions pursuant to subsection (F) or if no discussions are held, each offeror shall submit separately its final technical proposal and its price proposal.
  - H. Before opening any price proposal, the selection committee shall open and evaluate the final technical proposals and score the final technical proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
  - I. After completion of the evaluation and scoring of all final technical proposals, the selection committee shall open, evaluate and score the price proposals, and complete scoring of the entire proposals using the scoring method in the request for proposals.   - M. For design-build construction services only, the school district shall award a stipulated fee equal to a percentage of the school district's project final budget for design and construction, as prescribed in the request for proposals, but not less than two-tenths of one percent of the project final budget for design and construction to each final list offeror who provides a responsive, but unsuccessful, proposal. If the school district does not award a contract, all responsive final list offerors shall receive the stipulated fee based on the school district's project final budget for design and construction as included in the request for proposals. The school district shall pay the stipulated fee to each offeror within 90 days after the award of the initial contract or the decision not to award a contract. In consideration for paying the stipulated fee, the school district may use any ideas or information contained in the proposals in connection with any contract awarded for the project, or in connection with a subsequent procurement, without any obligation to pay any additional compensation to the offerors. Notwithstanding the other provisions of this subsection, an offeror may elect to waive the stipulated fee. If an offeror elects to waive the stipulated fee, the school district may not use ideas and information contained in the offeror's proposal, except that this restriction does not prevent the school district from using any idea or information if the idea or information is also included in a proposal of an offeror that accepts the stipulated fee.
  - N. The procurement file shall contain the basis on which the award is made, including at a minimum the information and documents required under R7-2-1115.
  - O. A copy of the request for proposals shall be made available for public inspection at the school district office.

  2. The contractor for construction-manager-at-risk, design-build or job-order-contracting construction services shall be licensed to perform construction pursuant to A.R.S. Title 32, Chapter 10.
  3. The school district shall obtain and maintain a record of proof in the procurement file that a construction or construction services provider that has been awarded a contract with the school district, or through a cooperative purchasing agreement, has a license in good standing to perform construction work pursuant to A.R.S. Title 32, Chapter 10. The license shall be active on the day the contract is awarded. This subsection does not require licensure for professions that are not licensed pursuant to A.R.S. Title 32, Chapter 10.
- B. In a procurement for construction-manager-at-risk construction services or design-build construction services, except for design-build contracts awarded pursuant to R7-2-1111, the school district shall enter into a written contract with the contractor for preconstruction services under which the school district shall pay the contractor a fee for preconstruction services in an amount agreed by the school district and the contractor, and the school district shall not request or obtain a fixed price or a guaranteed maximum price for the construction from the contractor or enter into a construction contract with the contractor until after the school district has entered into the written contract for preconstruction services and a preconstruction services fee.
  - C. Construction shall not commence under a construction services contract until the school district and contractor agree in writing on either a fixed price that the school district will pay or a guaranteed maximum price for the construction to be commenced. The construction to be commenced may be the entire project or may be one or more phased parts of the project.
  - D. For negotiated construction-manager-at-risk and design-build contracts, preconstruction services, general conditions, schedules, construction contingency, and construction fees shall be part of the contract. For design-build contracts awarded pursuant to a request for proposals, the fees shall be included in the vendor's proposal and shall become part of the awarded contract.
  - E. For job-order-contracting construction services only:
    1. The maximum dollar amount of an individual job order for job-order-contracting construction services shall be one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a public meeting held pursuant to A.R.S. Title 38, Chapter 3, Article 3.1. Requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.
    2. If the contractor subcontracts or intends to subcontract part or all of the work under a job order and if the job-order-contracting construction services contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of job orders based on the number of units of standard individual tasks in the job order:
      - a. The contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the contractor to do all or part of the work under one or

more job orders a copy of the descriptions of all standard individual tasks on which the subcontractor is invited to bid and a copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.

- b. If not previously delivered to the subcontractor, the contractor has a duty to promptly deliver to each subcontractor invited to or that has agreed to do any of the work included in any job order a copy of the description of each standard individual task that is included in the job order and that the subcontractor is invited to perform, the number of units of each standard individual task that is included in the job order and that the subcontractor is invited to perform, and the standard unit price for each standard individual task that is included in the job order and that the subcontractor is invited to perform.
- F.** For all construction services contracts, the contractor performing the construction services is permitted to self-perform part of the construction work, if and to the extent agreed in writing by the school district and the contractor. The school district may use methods other than competitive bidding to assure itself that the price the school district pays to the contractor for self-performed work is fair and reasonable. Permitted methods to evaluate fairness and reasonableness of the price of self-performed work include evaluation of the contractor's proposed scope of work and price for self-performed work by an estimator who is hired and paid by the school district, who is independent of the contractor and who may be an employee of the school district. Although the school district may elect to so require, nothing in Articles 10 and 11 shall be construed or interpreted to require the school district to require a contractor desiring to self-perform part of the construction work to competitively bid that part of the construction work against other contractors in a bid competition.
- G.** For all construction services contracts, the following requirements apply to the construction work to be performed by subcontractors and do not apply to construction work that the school district and the contractor agree in writing will be self-performed by the contractor:
1. The person selected to perform the construction services shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone. A qualifications and price selection may be a single-step selection based on a combination of qualifications and price or a two-step selection. In a two-step selection, the first step shall be based on qualifications alone and the second step may be based on a combination of qualifications and price or on price alone.
  2. The school district shall include in each contract:

On a motion for a rehearing, the hearing officer may open the decision, take additional testimony, amend findings of fact and conclusions of law or make new findings and conclusions, and direct the entry of a new decision.
- C. Contents of motion; amendment; rulings reviewable.
  1. The motion for rehearing shall be in writing, shall specify generally the grounds upon which the motion is based, and may be amended at any time before it is ruled upon by the hearing officer.

- H.** Motion on ground of excessive or inadequate damages. When a motion for rehearing is made upon the ground that the damages or penalties awarded are either excessive or insufficient, the hearing officer may grant the rehearing conditionally upon the filing within a fixed period of time, not to exceed 15 days, of a statement by the party adversely affected by reduction or increase of damages or penalties accepting that amount of damages or penalties which the hearing officer shall designate. If such a statement is filed with the prescribed time, the motion for rehearing shall be regarded as denied as of the date of such filing. If no statement is filed, the motion for rehearing shall be regarded as granted as of the date of the expiration of the time period within which a statement may have been filed. No further written order shall be required to make an order granting or denying the rehearing final. The request for an informal settlement conference does not toll the 60 day period in which the administrative hearing is to be held.
  2. If an informal settlement conference is held, a person with the authority to act on behalf of the Department must represent the Department at the conference. The Department representative shall notify the parent in writing that statements, either written or oral, made at the conference, including a written document, created or expressed solely for the purpose of settlement negotiations are inadmissible in any subsequent administrative hearing.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## Supp. 21-3

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (01-4).*

*Editor's Note: This Chapter contains rules which were adopted, amended, repealed, or renumbered under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 15-1852(C). Exemption from A.R.S. Title 41, Chapter 6 means the Commission was not required to hold public hearings; and the Governor's Regulatory Review Council did not review or approve the rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, it is printed on blue paper.*

To participate in the Arizona LEAP Program, an Arizona postsecondary educational institution must either:

**R7-3-303. Receipt and Allocation of Arizona LEAP Program Funds****A. Receipt of funds.**

1. The Commission may receive funds for the Arizona LEAP Program from the following sources:
  - a. The federal government;
  - b. The Arizona Legislature;
  - c. Institutions which are eligible to participate in the program; and,
  - d. Other nonfederal institutions, organizations, or individuals.
2. All funds received will be deposited by the Commission in a properly secured account and appropriate controls will be instituted to assure that accountability will be maintained for all funds received.

## CHAPTER 3. COMMISSION FOR POSTSECONDARY EDUCATION

3. Available federal program funds will be matched, on a dollar-for-dollar basis, by state appropriated funds.
4. Funds provided by the eligible participating institutions and nonfederal funds from other institutions, organizations, or individuals shall be used by the Commission to supplement the federal and state program funds for grants and for necessary administrative costs.

**B. Allocation of funds.**

1. Arizona LEAP Program Funds will be allocated to eligible Arizona postsecondary educational institutions according to their proportionate share of the State's total headcount of Arizona resident students enrolled in eligible programs. The Commission will survey each eligible institution in Arizona no later than May of each year to determine the number of eligible Arizona resident students who are enrolled. Headcount will be determined in the following manner:
  - a. Semester or quarter hour schedule institutions will provide data for the preceding fall semester. (For example, allocations for the LEAP program for any given academic year will be based on enrollment data from the previous academic year.)
  - b. Institutions which operate on clock hour or other nontraditional schedules will provide unduplicated student enrollment data for the period from August through April of the previous year. (For example, allocations for the LEAP program for any given year will be based on data for the period August through April.) Enrollment data must be verified by two Administrative Officials of the school.
2. The staff will promptly notify each eligible institution of its preliminary allocation as soon as necessary Commission approvals can be obtained. The total will show the amount of federal and state dollars and also the amount the institution must provide to receive the full allocation. The institution will be asked to select one of the following choices:
  - a. It will provide the full amount of institutional funds in order to receive the full allocation.
  - b. It will provide the full amount of institutional funds and also is prepared to provide additional institutional funds if additional federal and state funds should become available. The institution will be asked to specify the amount of additional institutional funds it will be able to provide.
  - c. It prefers to provide a lesser amount which will be noted in the space provided. In this case the federal and state amounts will be adjusted to meet the reduced institutional amount.
  - d. It chooses not to participate in the LEAP program for this period. In this case it is important that the institution return the form to the Commission to inform them of this choice.
3. A response due date will be included in this notification. Only institutions whose response is received by the Commission by that due date will be eligible to participate in the LEAP Program for that academic year.
4. All institution responses which are received by the Commission on or before the response due date will determine the final list of institutions eligible to participate in the LEAP program. If all institutions elect to participate, the preliminary allocation will become the final allocation list. However, if some institutions choose not to participate, or if some prefer to participate at a reduced level, the staff will calculate a new final allocation list considering only the institutions on the final institutional eligibility list. The staff will then notify each participant institution of its revised allocation, the amount of institutional funds to provide, and instructions for transmitting its funds to the Commission.
5. The Commission will maintain the necessary accounts for each eligible institution which participates in the Arizona LEAP Program. Each account will, as a minimum, show the current status of that account for its source of program funds, and such other information that the Commission deems necessary.

**C. Transfer of institutional funds.** When the institution receives its final allocation notice from the Commission, it shall send its institutional funds to the Commission. This transfer shall take place beginning July 1 of each year. Checks conveying institutional funds shall be made out to the Arizona Commission for Postsecondary Education -- LEAP Program.

**D. Disbursement of Arizona LEAP Program Funds to Participating Institutions.** The Commission will disburse funds from the Arizona LEAP Program Fund to participating institutions for further disbursement to approved student applicants in accordance with the program calendar.

**E. Reallocation of Unused LEAP Program Funds**

1. Schools will be contacted in February, and asked if they will be able to use all their funds or if they wish additional funding and the amount thereof.
2. Schools not awarding 100% of their funds by the middle of February may have the remaining LEAP funds recovered by the Commission for reallocation. Remaining institutional funds, less administrative funds, will then be returned to each of those schools when the final program financial report has been received by the Commission.
3. In March, a reallocation of funds will take place and funds will be available for those schools that asked for additional funds in February.
  - a. If the amount of available funds exceeds the total amount of requests, all requests will be honored. Any remaining available funds will be retained by the Commission for later reallocation.
  - b. If the amount of the requests exceeds the amount of available funds, the Commission will allocate those funds among the requesting institutions based on each institution's proportionate share of Arizona resident students eligible headcount for that institution. The enrollment at non-requesting institutions will not be included in these calculations.
4. The staff will notify each participant institution of its share of the reallocation, the amount of institutional funds to provide, and instructions for transmitting its funds to the Commission.
5. Any LEAP funds retained by the institutions, minus the institutional proportionate share originally paid, must be returned to the Commission in the form of a check by the end of July, along with the signed Financial Report. Any unused program funds remaining in the state treasury will be returned to the institutions in the same proportionate share as was paid in at the beginning of the program year. The Commission may impose a deduction in the amount of those unutilized program funds from a school's following years allocation.

**Historical Note**

Adopted effective September 19, 1996, under an exemption from the Administrative Procedure Act pursuant to A.R.S. § 15-1852(C) (Supp. 96-3). Amended by exempt rulemaking at 5 A.A.R. 2046, effective June 1, 1999 (Supp. 99-2).

  3. At the discretion of the institution financial aid officer, this may include a person who has attained a baccalaureate or first professional degree and has re-entered an eligible Arizona postsecondary institution for retraining in a program below the baccalaureate level. A student must be considered to have substantial need.
- C.** A student is considered to have substantial financial need when:
1. The student has an expected family contribution of \$2,140 or less as a result of the student's FM need analysis for the program year; or,

**R7-3-305. Arizona LEAP Award Procedures**

- A.** Eligible students who wish to apply for a LEAP award will provide to the financial aid office the information needed for the financial need analysis as specified in R7-3-304(B).
- B.** The financial aid office will:
1. Determine whether or not the student meets the eligibility requirements for an Arizona LEAP award as outlined in R7-3-304(A);
  2. Determine the financial need of the student using the need analysis specified in R7-3-309(B);
  3. Exercise due diligence in determining that the student:

- c. The financial aid officer will determine, based on student need, an award of no more than \$2,500 nor less than \$100 (round all awards to the nearest \$1.00).
  - d. The financial aid officer must ensure that all applications are received in a timely fashion so disbursement of funds to students will be made before a semester or training period ends.
  - e. Sign the application form.

- 6.** Receive approved applications, assure that LEAP award funds are disbursed to the student, and retain on file disbursement records (signed receipts, canceled checks, etc.) which verify that the student received the funds. No disbursement may be made to a student who, as a result of a change in status, no longer meets the eligibility requirements outlined in R7-3-304.
- 7.** Maintain adequate fiscal control, accounting, and financial aid records at the institution in accordance with approved state and federal procedures.
- 8.** Provide to the Commission such financial and other information as may be required to meet federal reporting and auditing requirements.

**R7-3-306. Award Alterations**

- A.** The Commission will attempt to accommodate any changes which institutional financial aid officers wish to make in individual student awards. These changes might include, for example, cancellation of award, reduction in award level, or increase in award level.
1. Increased LEAP Awards: A student's LEAP award may be increased if the earlier award for that program year is less than the maximum amount specified, and if the student is eligible for such an increase. To increase a LEAP award, the institutional financial aid officer will simply submit to the Commission another LEAP application form, and provide updated financial aid information on the form. In no case may a student receive more than a total of \$2,500 in LEAP awards for a program year.
  2. Reversions: A student's LEAP award may be reduced or canceled. If a student officially or unofficially withdraws or is expelled from the institution, or if the student drops below the minimum number of hours, the institution financial aid officer must attempt to recover all of LEAP

award funds possible in accordance with the repayment policies of that institution.

3. The reversion procedure includes the following steps:
  - a. Funds are recovered from the student;
  - b. The financial aid officer completes the LEAP Reversion Form;
  - c. The financial aid officer forwards the completed LEAP Reversion Form(s) and the Transmittal Form to the Commission.
4. Reverted LEAP funds recovered by the Commission are redeposited in the secured LEAP program account and credited to the institution's LEAP Program Fund account. Such funds are then available to the institution to be used to make new LEAP awards.

**R7-3-307. Administrative Costs**

No federal LEAP funds may be used to administer the Arizona LEAP Program. Therefore, administrative expenses will be paid from nonfederal state appropriated or institutional program funds provided such payment does not reduce state appropriated matching funds necessary to receive the maximum federal LEAP funds.

**Historical Note**

Adopted effective September 19, 1996, under an exemption from the Administrative Procedure Act pursuant to A.R.S. § 15-1852(C) (Supp. 96-3). Amended by exempt rulemaking at 5 A.A.R. 2046, effective June 1, 1999 (Supp. 99-2).

**R7-3-308. Arizona LEAP Institutional Review**

Commission staff members will review Institutional LEAP Program records for each program year, and each institution participating in the LEAP program will be visited at least once every two years. The purpose of the visit is to review, with institution financial aid and fiscal officers, the LEAP student records which state and federal regulations require be kept. Those records include documentation which verifies that:

1. The student is a resident of the state of Arizona as prescribed by Arizona Revised Statutes.
2. The student is currently enrolled at least half-time in an eligible course or program.
3. The student has a demonstrated need for financial assistance as determined by a Federal Methodology needs analysis system approved by the Commission and the U.S. Department of Education.
4. The student has received the LEAP funds approved for the award (for example, a canceled check, a written receipt, a signed roster, etc.).
5. The institutional financial aid officer must assure that the total amount of financial aid awarded to a student, from all sources, added to the amount of the family contribution, is limited by and does not exceed the student's total cost of education. The LEAP award limits and the treatment of any additional funds which were received after the institutional aid awards were made shall be consistent with the federal regulations which govern the Federal Title IV, Campus-based programs.
6. Repayments and refunds of LEAP disbursements which have been made to students shall be made in accordance with the written policies of the institution. These written policies must be consistent with applicable federal regulations and a copy must be filed at the Commission office at the beginning of each LEAP program year.
7. Verify that the institution has a Certified Letter of Eligibility and a valid Program Participation Agreement from the Department of Education cited in 34 CFR 668.

**Historical Note**

Adopted effective September 19, 1996, under an exemption from the Administrative Procedure Act pursuant to A.R.S. § 15-1852(C) (Supp. 96-3). Amended by exempt rulemaking at 5 A.A.R. 2046, effective June 1, 1999 (Supp. 99-2).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

A charter holder seeking an extension of time must submit the request in writing and include the reason(s) for the request.
- Q.** If a charter holder fails to submit or fails to timely submit by the specified deadline the agenda and minutes required by subsections (I)(2) or (J)(1) or the financial plan required by subsections (I)(3) or (J)(2), Board staff shall:
1. Provide written notice to the charter holder that includes the reason for the finding and provides a three-day window for the charter holder to submit the agenda, minutes or financial plan.
  2. If the charter holder does not submit the agenda, minutes or financial plan to the Board within the window identified in subsection (Q)(1), note the charter holder's failure on its operational performance dashboard and provide written notice to the charter holder of the deadline by which the agenda, minutes or financial plan must be received to avoid charter oversight as specified in Article 6.
- R.** If a charter holder assigned a summative financial performance rating of "Intervention" under subsection (B)(3) or a charter holder identified as "On Probation" and, therefore, under subsection (G) does not meet the minimum financial performance expectations fails to timely submit its next audit conducted under R7-5-504, Board staff shall report the charter holder's intervention status to the Board when the Board considers action under R7-5-504(E).

## CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

Table 1. ADM Category Criteria

Small and Medium Charter Holders (Less than 600 ADM)			
ADM Category	Estimated ADM Measure Performance <sup>1</sup>		Percent Loss of Total ADM <sup>2</sup>
Low Risk	Greater than 0 to negative 4.99%	or	0 to 9.99% decline
Moderate Risk	Negative 5% to negative 14.99%	or	10% to 19.99% decline
High Risk	Negative 15% or more	or	20% or more decline
Large Charter Holders (600 or more ADM)			
ADM Category	Estimated ADM Measure Performance <sup>1</sup>		Percent Loss of Total ADM <sup>2</sup>
Low Risk	Greater than 0 to negative 2.99%	or	0 to 7.99% decline
Moderate Risk	Negative 3% to negative 9.99%	or	8% to 14.99% decline
High Risk	Negative 10% or more	or	15% or more decline

<sup>1</sup> The “Estimated ADM Measure Performance” considers the charter holder’s estimated performance on the Average Daily Membership measure for the fiscal year that begins on the July 1 following the fiscal year end of the most recent audit conducted under R7-5-504.

<sup>2</sup> The “Percent Loss of Total ADM” considers the percent change in the charter holder’s ADM from the oldest year (year 3) to the most recent year (year 1) in a three-year period. To align with the year references used in the average daily membership calculation, the “oldest year” or year 3 is considered the fiscal year of the prior most recent audit conducted under R7-5-504 and the “most recent year” or year 1 is the most recently completed fiscal year.

**R7-5-403. Minimum Operational Performance Expectations**

- A.** The Board shall assess a charter holder's achievement of the minimum operational performance expectations. To avoid duplicative reporting burdens, the Board shall use data collected from a variety of sources that reflect on the charter holder's compliance with the charter contract, other contractual agreements with the Board, federal and state law, and this Chapter.
1. The Board may assess a charter holder's achievement of the minimum operational performance expectations at any time.
  2. The Board shall assess a charter holder's achievement of the minimum operational performance expectations:
    - a. When considering the following submitted by the charter holder:
      - i. An application for a new charter;
      - ii. An application to transfer a charter school from an existing charter contract to a separate charter contract;
      - iii. A request to change the legal status of the charter holder;
      - iv. A request to change the entity that holds the charter; or
      - v. A request to change program of instruction including methods of instruction, criteria for promotion, or graduation requirements;
    - b. When considering an expansion request submitted by the charter holder to:
      - i. Add a new charter school to an existing charter,
      - ii. Add one or more grade levels to a charter,
      - iii. Increase the number of students the charter holder may serve,
      - iv. Add an Arizona Online Instruction program, or
      - v. Replicate an existing charter;
    - c. During the five-year-interval review required under A.R.S. § 15-183(I);
    - d. When considering an application for charter renewal submitted by the charter holder;
    - e. Upon receipt of information that a charter school operated by the charter holder failed to meet the minimum academic performance expectations for three consecutive years; and
    - f. Upon receipt of information that a charter school operated by the charter holder has been assigned a letter grade of "F" by the Department.
- B.** The Board shall annually assign a charter holder an overall operational performance rating based on the measures specified in the Operational Performance Framework, which reflect the degree to which the charter holder achieved the minimum operational performance expectations. The Board shall make each charter holder's operational performance dashboard publicly available on the Board's website.
- C.** The Board shall determine a charter holder meets the minimum operational performance standard if the charter holder receives no measure rated "falls far below standard" and no more than five measures rated "does not meet standard" for the evaluated year.
- D.** The Board shall determine a charter holder meets the minimum operational performance expectations if the charter holder receives an overall rating of "meets the Board's operational performance standard" in both of the two most recent

years for which an overall rating was calculated and has no measure rated "falls far below standard" in the current year.

- E.** The Board shall determine a charter holder does not meet the minimum operational performance expectations if the charter holder receives an overall rating of "does not meet the Board's operational performance standard" in at least one of the two most recent years for which an overall rating was calculated or has at least one measure rated "falls far below standard" in the current year.
- F.** If the Board determines a charter holder does not meet the minimum operational performance expectations, the Board shall consider charter oversight under Article 6.

**Historical Note**

New Section made by final rulemaking at 23 A.A.R. 693, effective May 6, 2017 (Supp. 17-1). Amended by final exempt rulemaking at 26 A.A.R. 3245, effective November 20, 2020 (Supp. 20-4).

**R7-5-404. Development and Use of Performance Frameworks**

- A.** The Board shall revise the Academic, Financial, and Operational Performance Frameworks as needed. During the process of revision, the Board shall provide the public with notice and an opportunity to comment on proposed revisions. The Board shall adopt revisions at a public meeting.
- B.** The Board shall ensure the Academic Performance Framework includes considerations for non-traditional charter schools, including small charter schools with very low enrollment and those designated by the Department as alternative schools.
- C.** Use of the Academic Performance Framework is contingent on a charter school's receipt of an annual achievement profile under A.R.S. § 15-241. The Board shall assign a rating of "no rating" to a charter school that does not provide enough data to make a calculation.
- D.** If the Department does not timely release annual achievement profiles under A.R.S. § 15-241, rather than assigning a rating of "no rating" to all charter schools, the Board may use the most recent available data for each measure.

- E.** Each charter school must conspicuously and permanently post a link on its website to the charter school's academic performance dashboard and the charter holder's financial and operational performance dashboards on the Board's website. For new schools, the link must be conspicuously posted by September 1 of the charter school's first school year of operation.
- F.** If the charter holder fails to submit or fails to timely submit the information required in subsection (C) or subsection (D) or fails to post the link required in subsection (E) on the charter school's website, the failure shall be noted in the charter holder's operational performance dashboard.
- G.** If the specified deadline has not passed, Board staff may grant a charter holder an extension to submit a CAP or other response required under subsection (C), subsection (D), subsection (E), R7-5-502(G), R7-5-505(D), R7-5-505(E), or R7-5-506(B)(2). In determining whether to grant an extension, Board staff shall consider the following, as applicable:
1. Whether the charter school at issue was in session when the Board provided notice to the charter holder;
  2. Whether the charter school at issue was in session during the period provided in the notice for the charter holder to respond to the Board; and

The charter holder may be subject to charter oversight as specified in Article 6.
- I.** Within 30 calendar days of the final audit being issued by the audit firm, each charter school governing body shall meet and publicly accept, by roll call vote, the charter holder's audit conducted under R7-5-504, including the compliance questionnaire. Should the written audit requirements released under R7-5-504(A) establish different submission deadlines for certain audit components (e.g., single audit reports) and should the audit firm not issue all components of the final audit at one time, the charter school governing body shall, within 30 calendar days of each component being issued, meet and publicly accept, by roll call vote, the aforementioned issued audit component.

- B.** Before beginning the audit, a charter holder or the audit firm shall submit for the Board's approval a copy of the audit contract the charter holder intends to execute with an audit firm.
1. Board staff shall approve the audit contract unless the Board has knowledge that one of the following is applicable:
    - a. A person employed by the audit firm has been convicted under federal or state law of a crime indicating lack of business integrity or honesty;
    - b. The audit firm or supervising certified public accountant is subject to a current or pending disciplinary action or a regulatory action requiring the audit firm or supervising certified public accountant to complete conditions specified by an accounting industry regulatory body;
    - c. The audit firm violates or fails to meet generally accepted auditing standards or generally accepted government auditing standards as identified by an accounting industry regulatory body;
    - d. The audit firm receives an opinion of "fail" during the audit firm's most recent peer review;

    - f. The audit firm fails to agree to adhere to the audit requirements specified in subsection (A).
  2. Within 10 days after receiving a copy of an audit contract under subsection (B), the Board shall provide the charter holder and audit firm written notice whether the audit contract is approved.
  3. If the Board disapproves an audit contract submitted under subsection (B), the Board shall include the reason for the disapproval in the written notice provided under subsection (B)(2). If the charter holder or audit firm provides documentation to the Board demonstrating the cause for the disapproval no longer exists, Board staff shall approve the audit contract and provide written notice to the charter holder and audit firm.
- C.** A charter holder or the audit firm that conducts an audit for the charter holder shall submit the annual audit to the Board for a determination whether the audit is complete. Within five days after receiving the annual audit, Board staff shall provide the charter holder and audit firm written notice whether the audit is complete.
- D.** Board staff shall find an audit is incomplete if it does not comply with all requirements specified under subsection (A) or if the audit is prepared by an audit firm that fails to meet the requirements under subsection (B)(1)(a) through (e). If Board staff finds an audit is incomplete, Board staff shall include the reason for the finding in the notice provided under subsection (C). If the charter holder or audit firm provides documentation to the Board demonstrating the reason for the finding no longer exists, Board staff shall find the annual audit is complete and provide written notice to the charter holder and audit firm.

- F.** Board staff shall review each audit deemed complete.
- G.** The Board shall annually calculate a performance rating for each charter holder using the Financial Performance Framework, the annual audit submitted to the Board by the charter holder and the average daily membership calculations completed by the Department using student attendance data submitted to the Department by the charter holder. The Board shall make each charter holder's financial performance dashboard publicly available on the Board's website.
- H.** Board staff shall send notice to a charter holder after the audit is reviewed unless the Board has been notified the charter holder will not be operating during the next fiscal year.
1. If the Board identifies an issue in the audit, Board staff shall direct the charter holder to address the issue and may require the charter holder to submit a CAP, as described in R7-5-510.
  2. The Board shall require a charter holder that receives a summative financial performance rating of "Intervention" under R7-5-402(F) to prepare the financial intervention submissions as described in R7-5-509.
  3. The Board shall require a charter holder identified as "On Probation" and, therefore, pursuant to R7-5-402(G) does not meet the minimum financial performance expectations to prepare the financial intervention submissions as described in R7-5-511.
- I.** If Board staff identifies a serious impact finding in the audit, the charter holder shall be subject to charter oversight as specified in Article 6 unless the charter holder provides credible evidence to the Board that the charter holder's next audit will find the charter holder in compliance.
- J.** In general, Board staff does not grant extensions for corrective action plan submissions under R7-5-504(H)(1) as the Board has an interest and duty to timely review these submissions to better ensure the charter holder addresses identified concerns quickly. However, if the deadline has not passed, Board staff may, for good cause, grant the charter holder an extension of time to submit the CAP pursuant to subsection (H)(1) or any additional information pursuant to R7-5-510. A charter holder seeking an extension of time must submit the request in writing and include the reason or reasons for the request.

- B. Board staff shall review and process all complaints in accordance with the Board's jurisdiction, its oversight authority, and the procedures set forth herein.
  - 1. Board staff shall determine whether a complaint is within the Board's jurisdiction. A complaint is within the Board's jurisdiction if the complaint alleges one or more allegations that the charter holder is not in compliance with its charter, other contractual obligations with the Board, state or federal law, or other legal requirements.
    - a. If Board staff determines that additional information is needed for a jurisdictional determination, Board staff may, within 10 days after receiving the complaint, request that information be submitted to the Board from either the complainant or charter holder, whichever is appropriate. The information requested shall be submitted to the Board within 15 days of receiving the Board's request.

## CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

- b. If Board staff determines any of the allegations asserted in the complaint are within the Board's jurisdiction, Board staff shall, within 10 days after receiving the complaint or making a determination as to jurisdiction pursuant to subsection (B)(1)(a), whichever is the later, send a copy of the complaint to the charter holder complained against.
  - c. If Board staff determines the complaint is not within the Board's jurisdiction or that it is more appropriately within the jurisdiction of an agency with legal authority in the matter, within 10 days after receiving the complaint or making a determination as to jurisdiction pursuant to subsection (B)(1)(a), whichever is later, Board staff:
    - i. Shall notify the complainant that the Board does not have jurisdiction or that the Board is not the appropriate agency to address the complaint,
    - ii. May inform the complainant of the appropriate agency that may have jurisdiction and legal authority over the matter,
    - iii. May inform the complainant that he or she may file a complaint with the appropriate agency,
    - iv. Shall provide the charter holder with a copy of the complaint, and
    - v. Shall inform the charter holder and complainant that the charter holder is not required to file a response with the Board.
2. Except as provided in subsection (B)(3), if a complaint is filed that asserts an allegation that is within the Board's jurisdiction, the charter holder complained against shall provide the Board with a written response within 15 days after receiving a copy of the complaint pursuant to subsection (B)(1)(b). The response shall address the allegation or allegations and facts that Board staff specifies are within the Board's jurisdiction and provide the information requested by Board staff. The charter holder may address any supporting evidence included in the complaint and include any relevant evidence in its response.
  - a. If the charter holder fails to submit its response within the timeline stated in subsection (B)(2) and/or subsection (B)(2)(b), Board staff shall record the charter holder's untimely response on the charter holder's operational performance dashboard.
  - b. If the charter holder does not respond within the timeline stated in subsection (B)(2), Board staff shall send notification to the charter holder stating the necessity of a timely response and requiring the charter holder to respond within seven calendar days of receipt of the notification.
  - c. If the charter holder fails to submit its response within the timeline stated in subsection (B)(2) and/or subsection (B)(2)(b), Board staff may place the charter holder on the agenda for a subsequent Board meeting for the Board's determination of whether the charter holder is in compliance with its charter, other contractual obligations to the Board, state or federal law, or other legal requirements.
  - d. If a complaint identifies or raises an issue that creates a reasonable belief of a potential threat to the health or safety of a student or a reasonable belief of harm to a student, Board staff may require the charter holder to respond within a shortened timeframe. The shortened timeframe shall be approved by the Executive Director and is within his or her sole discretion.
3. If Board staff determines that the allegations alleged in the complaint are within the Board's jurisdiction and do not violate the charter holder's charter, its other contractual obligations to the Board, federal or state law, or any other legal requirements, Board staff may deem the complaint unsubstantiated, send a copy to the charter holder complained against and notify the charter holder that it is not required to file a response.
  - a. If the Board determines that specific, but not all, allegations alleged in a complaint over which it has jurisdiction do not violate the charter holder's charter, its other contractual obligation to the Board, federal or state law, or any other legal requirements, Board staff may deem those specific allegations unsubstantiated, send a copy to the charter holder complained against and notify the charter holder that it is not required to file a response to the specific allegations that have been deemed unsubstantiated.
  - b. The charter holder is still required to file a response, pursuant to subsection (B)(2), as to those allegations that the Board has jurisdiction but for which the Board has not yet determined does not violate the charter holder's charter, its other contractual obligations to the Board, federal or state law, or any other legal requirements.
4. Board staff may, for good cause, grant the charter holder an extension of time to submit its written response pursuant to subsection (B)(2) or the requested information pursuant to subsection (B)(1)(a). Charter holders must submit requests for extensions of time in writing, or in a manner as directed by staff, and include the reason or reasons for the request. Charter holders shall submit requests for extensions at least two days prior to the date on which the response is due to the Board.
  - a. If a charter holder is required to respond to a complaint within a shortened timeframe pursuant to subsection (2)(d), the charter holder shall submit a request for extension within a reasonable amount of time prior to the deadline, with consideration given to the nature of allegations.
  - b. If a charter holder fails to request an extension within the timeframe set forth in subsection (B)(2), subsection (B)(4), or subsection (B)(4)(a), the charter holder may submit a request for an exemption from the lack of response being recorded on the charter holder's dashboard. The Executive Director, within his or her sole discretion, may grant the request if the charter holder demonstrates that good cause exists for the delay. If the charter holder is granted an exemption, the Executive Director shall establish a deadline for the charter holder to submit its response. A charter holder that fails to submit a response by the deadline set forth by the Executive Director shall be subject to the provisions set forth in R7-5-507(B)(2).
5. Board staff shall review the complaint, the charter holder's response and any other relevant information gathered or received in connection with the complaint to determine whether a violation of the charter, other contractual obligations to the Board, state or federal law, or other legal requirements can be substantiated. In its review of the complaint, Board staff may take, but is not limited to, the following actions:
  - a. Conduct further investigation, including a site visit, if additional information is needed;

## CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

- b. Notwithstanding the Board's jurisdiction, consult with another agency with expertise related to a complaint;
  - c. Place the charter holder on the agenda for a subsequent Board meeting for the Board's determination whether the charter holder is in compliance with its charter, other contractual obligations with the Board, state or federal law, or other legal requirements. In deciding whether to place the charter holder on the Board's agenda, the Board's Executive Director, in consultation with the President of the Board, as appropriate, may consider the seriousness of the allegations, the information presented by the complainant and the charter holder, and the charter holder's willingness to resolve any alleged contractual or legal noncompliance.
  - d. If Board staff determines that the matter is more appropriately within the jurisdiction of an agency with legal authority in the matter and notifies the complainant in accordance with subsection (B)(1)(c), Board staff:
    - i. May rely on the determination and action taken by the agency with legal authority in determining whether to substantiate the complaint and is not obligated to conduct its own investigation or determination.
    - ii. May keep the complaint open until the appropriate agency has made a determination on the complaint.
  - e. If a complaint identifies or raises an issue that creates a reasonable belief of a potential threat to the health or safety of a student or a reasonable belief of harm to a student, Board staff may alert any necessary authorities including law enforcement, the Department of Child Safety, and/or the Arizona Department of Education, and may visit the school.
  - f. If Board staff has reason to believe it is more likely than not that the charter holder may have violated the law, the Executive Director may provide the complaint to the Office of the Arizona Attorney General for further investigation, as appropriate.
6. A claim is substantiated when, based on the documentation received by the Board, it is more likely than not that a violation of the charter, other contractual obligations to the Board, state or federal law, or other legal requirements has occurred. If the complaint is deemed substantiated by Board staff or by another agency, Board staff shall mark the complaint substantiated, make it publicly available, and record the contractual or legal noncompliance issue on the charter holder's operational performance dashboard under the appropriate measure.
7. The Board considers a complaint "closed" when:
- a. Board staff has deemed the complaint as substantiated, the charter holder has had an opportunity to respond, and the charter holder has documented that it has made a good faith effort to address the concern;
  - b. Board staff has deemed the complaint unsubstantiated;
  - c. According to subsection (B)(1)(a) the complainant did not provide a response to Board staff's request for additional information within 15 days of the complainant's receipt of the request; or
  - d. The Board has made a final determination as to the complaint.
- 8. If, at a later date, the complainant or charter holder has additional information to provide to a closed complaint, Board staff shall accept the information and conduct a review. The additional information will be processed in accordance with the existing complaint process.
  - 9. Once a complaint is closed, Board staff shall send the complainant and charter holder notice of the final action taken.
  - 10. After the complaint has been reviewed and closed, the complaint, response and all related documents are retained in accordance with the Board's retention policy and are subject to public records law.

    - a. If the written notice date is between October 1 and December 31, the initial financial response must address the quarter ending September 30.

## CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

- b. If the written notice date is between January 1 and March 31, the initial financial response must address the quarters ending September 30 and December 31.
  - c. If the written notice date is between April 1 and June 30, the initial financial response must address the quarters ending September 30, December 31 and March 31.
  - d. If the written notice date is after June 30, the initial financial response must address the quarters ending September 30, December 31, March 31 and June 30.
- C. Board staff shall review the initial financial response and prepare a report on the initial financial response. Board staff's report will answer each of the following questions and briefly explain the basis for each answer:
  - 1. Is there a sound explanation for why the charter holder underperformed on the Financial Performance Framework's measures?

  - 3. In what direction is the charter holder's financial health heading?
  - 4. Do the charter holder's proposed or implemented actions address the problems that contributed to or caused the charter holder's underperformance on the Financial Performance Framework's measures and are they realistic to implement?
- D. For each charter holder that submitted an initial financial response, Board staff shall place the charter holder in the intervention tier that aligns with the following criteria:
  - 1. If the charter holder's financial performance dashboard based on the most recent audit conducted under R7-5-504 indicates a rating of "below standard" for the going concern or default measure and indicates a rating of "approaches standard" on zero or more measures, then the charter holder shall be placed in intervention tier 1, except as set forth in subsection (D)(5).
  - 2. If the charter holder's financial performance dashboard based on the most recent audit conducted under R7-5-504 indicates a rating of "below standard" on two or more measures and indicates a rating of "approaches standard" on zero or more measures, then the charter holder shall be placed in intervention tier 1 unless the charter holder is placed in intervention tier 2 under subsection (D)(5).
  - 3. If the charter holder's financial performance dashboard based on the most recent audit conducted under R7-5-504 indicates a rating of "below standard" on one measure other than the going concern measure or default measure and indicates a rating of "approaches standard" on zero or more measures, then the charter holder shall be placed in intervention tier 2 unless the charter holder is placed in intervention tier 1 under subsections (D)(4), (D)(6), (D)(7), (D)(8) or (D)(9).
  - 4. If the report prepared by Board staff identifies a "No" as the answer to the question identified in subsection (C)(4), then the charter holder shall be placed in intervention tier 1.
  - 5. If the charter holder's initial financial response supports that the charter holder has cured the default, then the charter holder shall either be:
    - a. Removed from the intervention process if the default measure was the only measure for which the charter holder received a rating of "below standard" based on the most recent audit conducted under R7-5-504, or
    - b. Placed in intervention tier 2 instead of intervention tier 1 if the charter holder had received a rating of "below standard" on only one other measure based on the most recent audit conducted under R7-5-504.
- 6. If the charter holder was required to submit a corrective action under R7-5-504(H)(1) based on the most recent audit conducted under R7-5-504 for failure to pay taxes or contributions due to the Internal Revenue Service, Arizona Department of Revenue, Arizona Department of Economic Security or Arizona State Retirement System, failure to have sufficient cash at June 30 to cover the charter holder's unspent Classroom Site Fund balance, or failure to maintain worker's compensation insurance or liability insurance, then the charter holder shall be placed in intervention tier 1.
- 7. If the Board has substantiated in the audited fiscal year, subsequent fiscal year or both at least one complaint involving late payroll checks to employees, or health insurance or liability insurance cancellation due to non-payment or if the Board has substantiated in the audited fiscal year, subsequent fiscal year or both at least one complaint involving failure to make required retirement plan contributions or received notification from the Arizona State Retirement System of delinquent retirement contributions, then the charter holder shall be placed in intervention tier 1.
- 8. If the charter holder has been required to make at least one submission under R7-5-501(C) in the audited fiscal year, subsequent fiscal year or both, then the charter holder shall be placed in intervention tier 1.
- 9. If the charter holder's performance fluctuates from a summative financial performance rating of "Intervention" to a summative financial performance rating of "Adequate Standing" and then back to a summative financial performance rating of "Intervention" within the most recent three-year period, then the charter holder shall be placed in intervention tier 1.
- E. Within 30 calendar days after receiving an initial financial response, Board staff shall provide the charter holder with written notice that includes the following:
  - 1. The charter holder's intervention tier as determined under subsection (D);
  - 2. The quarterly financial report requirements and submission deadlines;
  - 3. The availability of Board staff's report specified in subsection (C); and

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31

Second Quarter: April 1 - June 30

Third Quarter: July 1 - September 30

Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note

to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### EXEMPTIONS AND PAPER COLOR

At one time the office published exempt rules on either blue or green paper. Blue meant the authority of the exemption was given by the Legislature; green meant the authority was determined by a court order. In 2001 the Office discontinued publishing Chapters using these paper colors.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 9. HEALTH SERVICES

## CHAPTER 10. DEPARTMENT OF HEALTH SERVICES - HEALTH CARE INSTITUTIONS: LICENSING

Authority: A.R.S. §§ 36-132(A)(1), 36-136(G)

## Supp. 21-3

*Editor's Note: The heading for 9 A.A.C. 10 changed from "Licensure" to "Licensing" per a request from the Department of Health Services (Supp. 03-4).*

*Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).*

*Editor's Note: This Chapter contains rules which were adopted, amended, and repealed under exemptions from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Laws 1993, Ch. 163, § 3(B); Laws 1996, Ch. 329, § 5; Laws 1998, Ch. 178 § 17, and Laws 1999, Ch. 311. Exemption from A.R.S. Title 41, Chapter 6 means that the Department of Health Services did not submit these rules to the Governor's Regulatory Review Council for review; the Department may not have submitted notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Department was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*
