## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

Authority: A.R.S. §§ 36-2901.08

## Supp. 21-4

**Editor's Note:** Historical notes for Sections made, repealed or amended in Supp. 14-1 were updated to reflect the effective date as immediate per the original notice filed by the agency. A number of other publication errors have been corrected in Supplement 20-4 that should have been made in Supp. 14-1. These include: adding new Sections R9-22-301 and R9-22-301; correcting a punctuation error in R2-22-1401; repealing Sections R2-22-1407 and R22-22-1443; and the amending of R9-22-1501 (Supp. 20-4).

**Editor's Note:** The Office of the Secretary of State prints all Code Chapters on white paper (Supp 01-3).

**Editor's Note:** This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), under Laws 1992, Ch. 301, § 61 and Ch. 302, § 13, and Laws 1993, Ch. 6, § 34. Exemption from A.R.S. Title 41, Chapter 6 means that AHCCCS did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; AHCCCS was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

#### R9-22-202. General Requirements

- A. For the purposes of this Article, the following definitions apply:
  1. “Authorization” means written, verbal, or electronic authorization by:
    - a. The Administration for services rendered to a fee-for-service member, or
    - b. The contractor for services rendered to a prepaid capitated member.
  2. Use of the phrase “attending physician” applies only to the fee-for-service population.
- B. In addition to other requirements and limitations specified in this Chapter, the following general requirements apply:
  1. Only medically necessary, cost effective, and federally-reimbursable and state-reimbursable services are covered services.
  2. Covered services for the federal emergency services program (FESP) are under R9-22-217.
  3. The Administration or a contractor may waive the covered services referral requirements of this Article.
  4. Except as authorized by the Administration or a contractor, a primary care provider, attending physician, practitioner, or a dentist shall provide or direct the member’s covered services. Delegation of the provision of care to a practitioner does not diminish the role or responsibility of the primary care provider.
  5. A contractor shall offer a female member direct access to preventive and routine services from gynecology provid-

ers within the contractor’s network without a referral from a primary care provider.

6. A member may receive physical and behavioral health services as specified in Articles 2 and 12.
7. The Administration or a contractor shall provide services under the Section 1115 Waiver as defined in A.R.S. § 36-2901.
8. An AHCCCS registered provider shall provide covered services within the provider’s scope of practice.
9. In addition to the specific exclusions and limitations otherwise specified under this Article, the following are not covered:

10. Medical or behavioral health services are not covered services if provided to:
  - a. An inmate of a public institution; or
  - b. A person who is in residence at an institution for the treatment of tuberculosis.
- C. The Administration or a contractor may deny payment of non-emergency services if prior authorization is not obtained as specified in this Article and Article 7 of this Chapter. The Administration or a contractor shall not provide prior authorization for services unless the provider submits documentation of the medical necessity of the treatment along with the prior authorization request.
- D. Services under A.R.S. § 36-2908 provided during the prior period coverage do not require prior authorization.
- E. Prior authorization is not required for services necessary to evaluate and stabilize an emergency medical condition. The Administration or a contractor shall not reimburse services that require prior authorization unless the provider documents the diagnosis and treatment.
- F. A service is not a covered service if provided outside the GSA unless one of the following applies:
  1. A member is referred by a primary care provider for medical specialty care outside the GSA. If a member is referred outside the GSA to receive an authorized medically necessary service, the contractor shall also provide all other medically necessary covered services for the member;
  2. There is a net savings in service delivery costs as a result of going outside the GSA that does not require undue travel time or hardship for a member or the member’s family;
  3. The contractor authorizes placement in a nursing facility located out of the GSA; or
  4. Services are provided during prior period coverage or during the prior quarter coverage.
- G. If a member is traveling or temporarily residing outside of the GSA, covered services are restricted to emergency care services, unless otherwise authorized by the contractor.
- H. A contractor shall provide at a minimum, directly or through subcontracts, the covered services specified in this Chapter and in contract.
- I. The Administration shall determine the circumstances under which a FFS member may receive services, other than emergency services, from service providers outside the member’s county of residence or outside the state. Criteria considered by the Administration in making this determination shall include availability and accessibility of appropriate care and cost effectiveness.

3. If a member requests a service that is not covered or is not authorized by a contractor, or the Administration, an AHCCCS-registered service provider may provide the service according to R9-22-702.

**K.** Subject to CMS approval, the restrictions, limitations, and exclusions specified in the following subsections do not apply to American Indians receiving services through IHS or a tribal health program operating under P.L. 93-638 when those services are eligible for 100 percent federal financial participation:

Definitions. The following definitions apply specifically to terms used within this Article:

“Amounts incurred by the system” include capitation payments, costs incurred by any contractor in excess of capitation, reinsurance, and other administrative, legal or investigative costs associated with a person who obtained eligibility contrary to A.R.S. §§ 36-2905.04 and/or A.R.S. § 36-2991.

A penalty does not include, and does not need to be reduced by, the amount of any overpayments that AHCCCS may be entitled to recoup from a person who violated A.R.S. § 36-2905.04 and/or A.R.S. § 36-2991.

- H. Reduction in payments to providers. The Administration and its contractors shall reduce the payment it makes to any provider by the amount of a member's copayment obligation under subsection (E), regardless of whether the provider successfully collects the copayments described in this Section.

**R9-22-712.****Reimbursement: General**

- A. Inpatient and outpatient discounts and penalties. If a claim is pending for additional documentation required under A.R.S. § 36-2903.01(G)(4), the period during which the claim is pending is not used in the calculation of the quick-pay discounts and slow-pay penalties under A.R.S. § 36-2903.01(G)(5).
- B. Inpatient and outpatient in-state or out-of-state hospital payments.
  - 1. Payment for inpatient out-of-state hospital services for claims with discharge dates on or before September 30, 2014. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse out-of-state hospitals for covered inpatient services by multiplying covered charges by the most recent statewide urban cost-to-charge ratio as determined in R9-22-712.01(6)(d).
  - 2. Payment for inpatient in-state hospital services for claims with discharge dates on or before September 30, 2014. AHCCCS shall reimburse an in-state provider of inpatient hospital services rendered with a discharge date on or before September 30, 2014, at the prospective tiered-per-diem amount in A.R.S. § 36-2903.01 and this Article.
  - 3. Payment for inpatient in-state or out-of-state hospital services for claims with discharge dates on and after October 1, 2014 regardless of admission date. Subject to R9-22-718 and A.R.S. § 36-2905.01 regarding urban hospitals, a contractor shall reimburse an in-state or out-of-state provider of inpatient hospital services, at either a rate specified by subcontract or, in the absence of a subcontract, the DRG rate established by the Administration and this Article. Subcontract rates, terms, and conditions are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
  - 4. Outpatient out-of-state hospital payments. In the absence of a contract with an out-of-state hospital that specifies payment rates, AHCCCS shall reimburse an out-of-state hospital for covered outpatient services by applying the methodology described in R9-22-712.10 through R9-22-712.50. If the outpatient procedure is not assigned a fee schedule amount, the Administration shall pay the claim by multiplying the covered charges for the outpatient services by the statewide outpatient cost-to-charge ratio.
  - 5. Outpatient in-state hospital payments. A contractor shall reimburse an in-state provider of outpatient hospital services rendered on or after July 1, 2005, at either a rate specified by a subcontract or, in absence of a subcontract, as provided under R9-22-712.10, A.R.S. § 36-2903.01 and other Sections of this Article. The terms of the subcontract are subject to review and approval or disapproval under A.R.S. § 36-2904 and R9-22-715.
- C. Access to records. Subcontracting and noncontracting providers of outpatient or inpatient hospital services shall allow the Administration access to medical records regarding eligible persons and shall in all other ways fully cooperate with the Administration or the Administration's designated representative in performance of the Administration's utilization control activities. The Administration shall deny a claim for failure to cooperate.
- D. Prior authorization. The Administration or contractor may deny a claim if a provider fails to obtain prior authorization as required under R9-22-210.

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- E. Review of claims. Regardless of prior authorization or concurrent review activities, the Administration may subject all hospital claims, including outliers, to prepayment medical review or post-payment review, or both. The Administration shall conduct post-payment reviews consistent with A.R.S. § 36-2903.01 and may recoup erroneously paid claims.
- F. Claim receipt.
1. The Administration's date of receipt of inpatient or outpatient hospital claims is the date the claim is received by the Administration as indicated by the date stamp on the claim and the system-generated claim reference number or system-generated date-specific number.
  2. Hospital claims are considered paid on the date indicated on disbursement checks.
  3. A denied claim is considered adjudicated on the date the claim is denied.
  4. Claims that are denied and are resubmitted are assigned new receipt dates.
  5. For a claim that is pending for additional supporting documentation specified in A.R.S. § 36-2903.01 or 36-2904, the Administration shall assign a new date of receipt upon receipt of the additional documentation.
  6. For a claim that is pending for documentation other than the minimum required documentation specified in either A.R.S. § 36-2903.01 or 36-2904, the Administration shall not assign a new date of receipt.
- G. Outpatient hospital reimbursement. The Administration shall pay for covered outpatient hospital services provided to eligible persons with dates of service from March 1, 1993 through June 30, 2005, at the AHCCCS outpatient hospital cost-to-charge ratio, multiplied by the amount of the covered charges.
1. Computation of outpatient hospital reimbursement. The Administration shall compute the cost-to-charge ratio on a hospital-specific basis by determining the covered charges and costs associated with treating eligible persons in an outpatient setting at each hospital. Outpatient operating and capital costs are included in the computation but outpatient medical education costs that are included in the inpatient medical education component are excluded. To calculate the outpatient hospital cost-to-charge ratio annually for each hospital, the Administration shall use each hospital's Medicare Cost Reports and a database consisting of outpatient hospital claims paid and encounters processed by the Administration for each hospital, subjecting both to the data requirements specified in R9-22-712.01. The Administration shall use the following methodology to establish the outpatient hospital cost-to-charge ratios:
    - a. Cost-to-charge ratios. The Administration shall calculate the costs of the claims and encounters for outpatient hospital services by multiplying the ancillary line item cost-to-charge ratios by the covered charges for corresponding revenue codes on the claims and encounters. Each hospital shall provide the Administration with information on how the revenue codes used by the hospital to categorize charges on claims and encounters correspond to the ancillary line items on the hospital's Medicare Cost Report. The Administration shall then compute the overall outpatient hospital cost-to-charge ratio for each hospital by taking the average of the ancillary line items cost-to-charge ratios for each revenue code weighted by the covered charges.
    - b. Cost-to-charge limit. To comply with 42 CFR 447.325, the Administration may limit cost-to-charge ratios to 1.00 for each ancillary line item from the Medicare Cost Report. The Administration shall remove ancillary line items that are non-covered or not applicable to outpatient hospital services from the Medicare Cost Report data for purposes of computing the overall outpatient hospital cost-to-charge ratio.
  2. New hospitals. The Administration shall reimburse new hospitals at the weighted statewide average outpatient hospital cost-to-charge ratio multiplied by covered charges. The Administration shall continue to use the statewide average outpatient hospital cost-to-charge ratio for a new hospital until the Administration rebases the outpatient hospital cost-to-charge ratios and the new hospital has a Medicare Cost Report for the fiscal year being used in the rebasing.
  3. Specialty outpatient services. The Administration may negotiate, at any time, reimbursement rates for outpatient hospital services in a specialty facility.
  4. Reimbursement requirements. To receive payment from the Administration, a hospital shall submit claims that are legible, accurate, error free, and have a covered charge greater than zero. The Administration shall not reimburse hospitals for emergency room treatment, observation hours or days, or other outpatient hospital services performed on an outpatient basis, if the eligible person is admitted as an inpatient to the same hospital directly from the emergency room, observation area, or other outpatient department. Services provided in the emergency room, observation area, and other outpatient hospital services provided before the hospital admission are included in the tiered per diem payment.
  5. Rebasing. The Administration shall rebase the outpatient hospital cost-to-charge ratios at least every four years but no more than once a year using updated Medicare Cost Reports and claim and encounter data.
  6. If a hospital files an increase in its charge master for an existing outpatient service provided on or after July 1, 2004, and on or before June 30, 2005, which represents an aggregate increase in charges of more than 4.7%, the Administration shall adjust the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) by applying the following formula:  

$$CCR * [1.047 / (1 + \% \text{ increase})]$$
 Where "CCR" means the hospital-specific cost-to-charge ratio as calculated under subsection (G)(1) through (5) and "% increase" means the aggregate percentage increase in charges for outpatient services shown on the hospital charge master.  
 "Charge master" means the schedule of rates and charges as described under A.R.S. § 36-436 and the rules that relate to those rates and charges that are filed with the Director of the Arizona Department of Health Services.

**Historical Note**

**R9-22-712.01. Inpatient Hospital Reimbursement for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014**

Inpatient hospital reimbursement. The Administration shall pay for covered inpatient acute care hospital services provided to eligible persons for claims with admission dates and discharge dates from October 1, 1998 through September 30, 2014, on a prospective reimbursement basis. The prospective rates represent payment in full, excluding quick-pay discounts, slow-pay penalties, and third-party payments for both accommodation and ancillary department services. The rates include reimbursement for operating and capital costs. The Administration shall make reimbursement for direct graduate medical education as described in A.R.S. § 36-2903.01. For payment purposes, the Administration shall classify each AHCCS inpatient hospital day of care into one of several tiers appropriate to the services rendered. The rate for a tier is referred to as the tiered per diem rate of reimbursement. The number of tiers is seven and the maximum number of tiers payable per continuous stay is two. Payment of outlier claims, transplant claims, or payment to out-of-state hospitals, freestanding psychiatric hospitals, and other specialty facilities may differ from the inpatient hospital tiered per diem rates of reimbursement described in this Section.

1. Tier rate data. The Administration shall base tiered per diem rates effective on and after October 1, 1998 on Medicare Cost Reports for Arizona hospitals for the fiscal year ending in 1996 and a database consisting of inpatient hospital claims and encounters for dates of service matching each hospital's 1996 fiscal year end.
  - a. Medicare Cost Report data. Because Medicare Cost Report years are not standard among hospitals and were not audited at the time of the rate calculation, the Administration shall inflate all the costs to a common point in time as described in subsection (2) for each component of the tiered per diem rates. The Administration shall not make any changes to the tiered per diem rates if the Medicare Cost Report data are subsequently updated or adjusted. If a single Medicare Cost Report is filed for more than one hospital, the Administration shall allocate the costs to each of the respective hospitals. A hospital shall submit information to assist the Administration in this allocation.
  - b. Claim and encounter data. For the database, the Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were accepted and processed by the Administration at the time the database was developed for rates effective on and after October 1, 1998. The Administration shall subject the claim and encounter data to a series of data quality, reasonableness, and integ-

rity edits and shall exclude from the database or adjust claims and encounters that fail these edits. The Administration shall also exclude from the database the following claims and encounters:

- i. Those missing information necessary for the rate calculation,
  - ii. Medicare crossovers,
  - iii. Those submitted by freestanding psychiatric hospitals, and
  - iv. Those for transplant services or any other hospital service that the Administration would pay on a basis other than the tiered per diem rate.
2. Tier rate components. The Administration shall establish inpatient hospital prospective tiered per diem rates based on the sum of the operating and capital components. The rate for the operating component is a statewide rate for each tier except for the NICU and Routine tiers, which are based on peer groups. The rate for the capital component is a blend of statewide and hospital-specific values, as described in A.R.S. § 36-2903.01. The Administration shall use the following methodologies to establish the rates for each of these components.
    - a. Operating component. Using the Medicare Cost Reports and the claim and encounter database, the Administration shall compute the rate for the operating component as follows:
      - i. Data preparation. The Administration shall identify and group into department categories, the Medicare Cost Report data that provide ancillary department cost-to-charge ratios and accommodation costs per day. To comply with 42 CFR 447.271, the Administration shall limit cost-to-charge ratios to 1.00 for each ancillary department.
      - ii. Operating cost calculation. To calculate the rate for the operating component, the Administration shall derive the operating costs from claims and encounters by combining the Medicare Cost Report data and the claim and encounter database for all hospitals. In performing this calculation, the Administration shall match the revenue codes on the claims and encounters to the departments in which the line items on the Medicare Cost Reports are grouped. The ancillary department cost-to-charge ratios for a particular hospital are multiplied by the covered ancillary department charges on each of the hospital's claims and encounters. The AHCCCS inpatient days of care on the particular hospital's claims and encounters are multiplied by the corresponding accommodation costs per day from the hospital's Medicare Cost Report. The ancillary cost-to-charge ratios and accommodation costs per day do not include medical education and capital costs. The Administration shall inflate the resulting operating costs for the claims and encounters of each hospital to a common point in time, December 31, 1996, using the DRI inflation factor and shall reduce the operating costs for the hospital by an audit adjustment factor based on available national data and Arizona historical experience in adjustments to Medicare reimburse-

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- able costs. The Administration shall further inflate operating costs to the midpoint of the rate year (March 31, 1999).
- iii. Operating cost tier assignment. After calculating the operating costs, the Administration shall assign the claims and encounters used in the calculation to tiers based on diagnosis, procedure, or revenue codes, or NICU classification level, or a combination of these. For the NICU tier, the Administration shall further assign claims and encounters to NICU Level II or NICU Level III peer groups, based on the hospital's certification by the Arizona Perinatal Trust. For the Routine tier, the Administration shall further assign claims and encounters to the general acute care hospital or rehabilitation hospital peer groups, based on state licensure by the Department of Health Services. For claims and encounters assigned to more than one tier, the Administration shall allocate ancillary department costs to the tiers in the same proportion as the accommodation costs. Before calculating the rate for the operating component, the Administration shall identify and exclude any claims and encounters that are outliers as defined in subsection (6).
  - iv. Operating rate calculation. The Administration shall set the rate for the operating component for each tier by dividing total statewide or peer group hospital costs identified in this subsection within the tier by the total number of AHCCCS inpatient hospital days of care reflected in the claim and encounter database for that tier.
  - b. Capital component. For rates effective October 1, 1999 the capital component is calculated as described in A.R.S. § 36-2903.01.
  - c. Statewide inpatient hospital cost-to-charge ratio. For dates of service prior to October 1, 2007, the statewide inpatient hospital cost-to-charge ratio is used for payment of outliers, as described in subsections (4), (5), and (6), and out-of-state hospitals, as described in R9-22-712(B). The Administration shall calculate the AHCCCS statewide inpatient hospital cost-to-charge ratio by using the Medicare Cost Report data and claim and encounter database described in subsection (1) and used to determine the tiered per diem rates. For each hospital, the covered inpatient days of care on the claims and encounters are multiplied by the corresponding accommodation costs per day from the Medicare Cost Report. Similarly, the covered ancillary department charges on the claims and encounters are multiplied by the ancillary department cost-to-charge ratios. The accommodation costs per day and the ancillary department cost-to-charge ratios for each hospital are determined in the same way described in subsection (2)(a) but include costs for operating and capital. The Administration shall then calculate the statewide inpatient hospital cost-to-charge ratio by summing the covered accommodation costs and ancillary department costs from the claims and encounters for all hospitals and dividing by the sum of the total covered charges for these services for all hospitals.
  - d. Unassigned tiered per diem rates. If a hospital has an insufficient number of claims to set a tiered per diem rate, the Administration shall pay that hospital the statewide average rate for that tier.
3. Tier assignment. The Administration shall assign AHCCCS inpatient hospital days of care to tiers based on information submitted on the inpatient hospital claim or encounter including diagnosis, procedure, or revenue codes, peer group, NICU classification level, or a combination of these.
    - a. Tier hierarchy. In assigning claims for AHCCCS inpatient hospital days of care to a tier, the Administration shall follow the Hierarchy for Tier Assignment through September 30, 2014 in R9-22-712.09. The Administration shall not pay a claim for inpatient hospital services unless the claim meets medical review criteria and the definition of a clean claim. The Administration shall not pay for a hospital stay on the basis of more than two tiers, regardless of the number of interim claims that are submitted by the hospital.
    - b. Tier exclusions. The Administration shall not assign to a tier or pay AHCCCS inpatient hospital days of care that do not occur during a period when the person is eligible. Except in the case of death, the Administration shall pay claims in which the day of admission and the day of discharge are the same, termed a same day admit and discharge, including same day transfers, as an outpatient hospital claim. The Administration shall pay same day admit and discharge claims that qualify for either the maternity or nursery tiers based on the lesser of the rate for the maternity or nursery tier, or the outpatient hospital fee schedule.
    - c. Seven tiers. The seven tiers are:
      - i. Maternity. The Administration shall identify the Maternity Tier by a primary diagnosis code. If a claim has an appropriate primary diagnosis, the Administration shall pay the AHCCCS inpatient hospital days of care on the claim at the maternity tiered per diem rate.
      - ii. NICU. The Administration shall identify the NICU Tier by a revenue code. A hospital does not qualify for the NICU tiered per diem rate unless the hospital is classified as either a NICU Level II or NICU Level III perinatal center by the Arizona Perinatal Trust. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meet the medical review criteria for the NICU tier and have a NICU revenue code at the NICU tiered per diem rate. The Administration shall pay any remaining AHCCCS inpatient hospital day on the claim that does not meet NICU Level II or NICU Level III medical review criteria at the nursery tiered per diem rate.
      - iii. ICU. The Administration shall identify the ICU Tier by a revenue code. The Administration shall pay AHCCCS inpatient hospital days of care on the claim that meets the medical review criteria for the ICU tier and has an ICU revenue code at the ICU tiered per diem rate. The Administration may classify any AHCCCS inpatient hospital days on the

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- claim without an ICU revenue code, as surgery, psychiatric, or routine tiers.
- iv. Surgery. The Administration shall identify the Surgery Tier by a revenue code and a valid surgical procedure code that is not on the AHCCCS excluded surgical procedure list. The excluded surgical procedure list identifies minor procedures such as sutures that do not require the same hospital resources as other procedures. The Administration shall only split a surgery tier with an ICU tier. AHCCCS shall pay at the surgery tier rate only when the surgery occurs on a date during which the member is eligible.
  - v. Psychiatric. The Administration shall identify the Psychiatric Tier by either a psychiatric revenue code and a psychiatric diagnosis or any routine revenue code if all diagnosis codes on the claim are psychiatric. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the psychiatric tier with any tier other than the ICU tier.
  - vi. Nursery. The Administration shall identify the Nursery Tier by a revenue code. The Administration shall not split a claim with AHCCCS inpatient hospital days of care in the nursery tier with any tier other than the NICU tier.
  - vii. Routine. The Administration shall identify the Routine Tier by revenue codes. The routine tier includes AHCCCS inpatient hospital days of care that are not classified in another tier or paid under any other provision of this Section. The Administration shall not split the routine tier with any tier other than the ICU tier.
4. Annual update. The Administration shall annually update the inpatient hospital tiered per diem rates through September 30, 2011.
  5. New hospitals. For rates effective on and after October 1, 1998, the Administration shall pay new hospitals the statewide average rate for each tier, as appropriate. The Administration shall update new hospital tiered per diem rates through September 30, 2011.
  6. Outliers. The Administration shall reimburse hospitals for AHCCCS inpatient hospital days of care identified as outliers under this Section by multiplying the covered charges on a claim by the Medicare Urban or Rural Cost-to-Charge Ratio. The Urban cost-to-charge ratio will be used for hospitals located in a county of 500,000 residents or more. The Rural cost-to-charge ratio will be used for hospitals located in a county of fewer than 500,000 residents.
    - a. Outlier criteria. For rates effective on and after October 1, 1998, the Administration set the statewide outlier cost threshold for each tier at the greater of three standard deviations from the statewide mean operating cost per day within the tier, or two standard deviations from the statewide mean operating cost per day across all the tiers. If the covered costs per day on a claim exceed the urban or rural cost threshold for a tier, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the applicable Medicare Urban or Rural CCR. The resulting amount will be the outlier payment. If there are two tiers on a claim, the Administration shall determine whether the claim is an outlier by using a weighted threshold for the two tiers. The weighted threshold is calculated by multiplying each tier rate by the number of AHCCCS inpatient hospital days of care for that tier and dividing the product by the total tier days for that hospital. Routine maternity stays shall be excluded from outlier reimbursement. A routine maternity is any one-day stay with a delivery of one or two babies. A routine maternity stay will be paid at tier.
    - b. Update. The CCR is updated annually by the Administration for dates of service beginning October 1, using the most current Medicare cost-to-charge ratios published or placed on display by CMS by August 31 of that year. The Administration shall update the outlier cost thresholds for each hospital through September 30, 2011 as described under A.R.S. § 36-2903.01. For inpatient hospital admissions with begin dates of service on and after October 1, 2011, AHCCCS will increase the outlier cost thresholds by 5% of the thresholds that were effective on September 30, 2011.
    - c. Medicare Cost-to-Charge Ratio Phase-In. AHCCCS shall phase in the use of the Medicare Urban or Rural Cost-to-Charge Ratios for outlier determination, calculation and payment. The three-year phase-in does not apply to out-of-state or new hospitals.
      - i. Medicare Cost-to-Charge Ratio Phase-In outlier determination and threshold calculation. For outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. For outlier claims with dates of service on or after October 1, 2008 through September 30, 2009, AHCCCS shall adjust each hospital specific inpatient cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the hospital specific inpatient cost-to-charge ratio and the effective Medicare Urban or Rural Cost-to-Charge Ratio. The adjusted hospital specific inpatient cost-to-charge ratios shall be used for all calculations using the Medicare Urban or Rural Cost-to-Charge Ratios, including outlier determination, and threshold calculation.
      - ii. Medicare Cost-to-Charge Ratio Phase-In calculation for payment. For payment of outlier claims with dates of service on or after October 1, 2007 through September 30, 2008, AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting one-third of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio. For payment of outlier claims with dates of service on or after October 1, 2008 through September 30, 2009,

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- AHCCCS shall adjust the statewide inpatient hospital cost-to-charge ratio in effect on September 30, 2007 by subtracting two-thirds of the difference between the statewide inpatient hospital cost-to-charge ratio and the effective Medicare urban or rural cost-to-charge ratio.
- iii. Medicare Cost-to-Charge Ratio for outlier determination, threshold calculation, and payment. For outlier claims with dates of service on or after October 1, 2009, the full Medicare Urban or Rural Cost-to-Charge Ratios shall be utilized for all outlier calculations.
  - d. Cost-to-Charge Ratio used for qualification and payment of outlier claims.
    - i. For qualification and payment of outlier claims with begin dates of service on or after April 1, 2011 through September 30, 2011, the CCR will be equal to 95% of the ratios in effect on October 1, 2010.
    - ii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011, the CCR will be equal to 90.25% of the most recent published Urban or Rural Medicare CCR as described in subsection (6)(b).
    - iii. For qualification and payment of outlier claims with begin dates of service on or after October 1, 2011 through September 30, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after April 1, 2011 by an additional percentage equal to the total percent increase reported on the charge master.
    - iv. Subject to approval by CMS, for qualification and payment of outlier claims with begin dates of service on or after October 1, 2012, AHCCCS will reduce the cost-to-charge ratio determined under subsection (6)(d)(ii) for a hospital that filed a charge master with ADHS on or after June 1, 2012 by an additional percentage equal to the total percent increase reported on the charge master.
  7. Transplants. The Administration shall reimburse hospitals for an AHCCCS inpatient stay in which a covered transplant as described in R9-22-206 is performed through the terms of the relevant contract. If the Administration and a hospital that performs transplant surgery on an eligible person do not have a contract for the transplant surgery, the Administration shall not reimburse the hospital more than what would have been paid to the contracted hospital for that same surgery.
  8. Ownership change. The Administration shall not change any of the components of a hospital's tiered per diem rates upon an ownership change.
  9. Psychiatric hospitals. The Administration shall pay free-standing psychiatric hospitals an all-inclusive per diem rate based on the contracted rates used by the Department of Health Services.
  10. Specialty facilities. The Administration may negotiate, at any time, reimbursement rates for inpatient specialty facilities or inpatient hospital services not otherwise addressed in this Section as provided by A.R.S. § 36-2903.01. For purposes of this subsection, "specialty facility" means a facility where the service provided is limited to a specific population, such as rehabilitative services for children.
  11. Outliers for new hospitals. Outliers for new hospitals will be calculated using the Medicare Urban or Rural Cost-to-Charge Ratio times covered charges. If the resulting cost is equal to or above the cost threshold, the claim will be paid at the Medicare Urban or Rural Cost-to-Charge ratio.
  12. Reductions to tiered per diem payment for inpatient hospital services. Inpatient hospital admissions with begin dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the tiered per diem rates in effect on September 30, 2011.

**R9-22-712.05. Graduate Medical Education Fund Allocation**

**A.** Graduate medical education (GME) reimbursement as of September 30, 1997. Subject to legislative appropriation, the Administration shall make a distribution based on direct graduate medical education costs as described in A.R.S. § 36-2903.01(G)(9)(a).

**B.** Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(b). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (B)(3).

1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (B) if all of the following apply:

- a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
- b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
- c. It is not administered by or does not receive its primary funding from an agency of the federal government.

2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (B)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- a. Filled resident positions in approved programs established as of October 1, 1999 at hospitals that receive funding as described in A.R.S. § 36-2903.01(G)(9)(a) that are additional to the number of resident positions that were filled as of October 1, 1999; and
  - b. All filled resident positions in approved programs other than GME programs described in A.R.S. § 36-2903.01(G)(9)(a) that were established before July 1, 2006.
3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (B) shall provide the applicable information listed in this subsection to the Administration:
    - a. A GME program shall provide all of the following:
      - i. The program name and number assigned by the accrediting organization;
      - ii. The original date of accreditation;
      - iii. The names of the sponsoring institution and all participating institutions current as of the date of reporting;
      - iv. The number of approved resident positions and the number of filled resident positions current as of the date of reporting;
      - v. For programs established as of October 1, 1999, the number of resident positions that were filled as of October 1, 1999, if the program has not already provided this information to the Administration;
    - b. A hospital seeking a distribution under subsection (B) shall provide all of the following that apply:
      - i. If the hospital uses the Intern and Resident Information System (IRIS) for tracking and reporting its resident activity to the fiscal intermediary, copies of the IRIS master and assignment files for the hospital's two most recently completed Medicare cost reporting years as filed with the fiscal intermediary;
      - ii. If the hospital does not use the IRIS or has less than two cost reporting years available in the form of the IRIS master and assignment files, the information normally contained in the IRIS master and assignment files in an alternative format for the hospital's two most recently completed Medicare cost reporting years;
      - iii. At the request of the Administration, a copy of the hospital's Medicare Cost Report or any part of the report for the most recently completed cost reporting year.
  4. Allocation of expansion funds. Annually the Administration shall allocate available funds to each approved GME program in the following manner:
    - a. Information provided by hospitals under subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided under subsections (B)(3)(b)(i) and (ii).
    - b. The number of eligible residents allocated to each participating institution within each approved GME program shall be determined as follows:
      - i. Total the number of days determined for each participating institution under subsection (B)(4)(a) and divide each total by 365.
      - ii. Proportionally adjust the result of subsection (B)(4)(b)(i) for each participating institution within each program according to the number of residents determined to be eligible under subsection (B)(2).
    - c. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) shall be adjusted for Arizona Medicaid utilization using the most recent Medicare Cost Report information on file with the Administration as of the date of reporting under subsection (B)(3) and the Administration's inpatient hospital claims and encounter data for the time period corresponding to the Medicare Cost Report information for each hospital. The Administration shall use only those inpatient hospital claims paid by the Administration and encounters that were adjudicated by the Administration as of the date of reporting under subsection (B)(3). The Medicaid-adjusted eligible residents shall be determined as follows:
      - i. For each hospital, the total AHCCCS inpatient hospital days of care shall be divided by the total Medicare Cost Report inpatient hospital days, multiplied by 100 and rounded up to the nearest multiple of 5 percent.
      - ii. The number of allocated eligible residents determined for each participating hospital under subsection (B)(4)(b)(ii) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for that hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is not a hospital and not a health care facility made ineligible under subsection (B)(1)(c) shall be multiplied by the percentage derived under subsection (B)(4)(c)(i) for the program's sponsoring institution or, if the sponsoring institution is not a hospital, the sponsoring institution's affiliated hospital. The number of allocated eligible residents determined under subsection (B)(4)(b)(ii) for a participating institution that is made ineligible under subsection (B)(1)(c) shall be multiplied by zero percent.
    - d. The total allocation for each approved program shall be determined by multiplying the Medicaid-adjusted eligible residents determined under subsection (B)(4)(c)(ii) by the per-resident conversion factor determined below and totaling the resulting dollar amounts for all participating institutions in the program. The per-resident conversion factor shall be determined as follows:
      - i. Calculate the total direct GME costs from the most recent Medicare Cost Reports on file with the Administration for all hospitals that have reported such costs.
      - ii. Calculate the total allocated residents determined under subsection (B)(4)(b)(i) for

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- those hospitals described under subsection (B)(4)(d)(i).
- iii. Divide the total GME costs calculated under subsection (B)(4)(d)(i) by the total allocated residents calculated under subsection (B)(4)(d)(ii).
5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (B)(4) in the following manner:
    - a. The allocated amounts shall be distributed in the following order of priority:
      - i. To eligible hospitals that do not receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
      - ii. To eligible hospitals that receive funding in accordance with A.R.S. § 36-2903.01(G)(9)(a) for the direct costs of programs established before July 1, 2006;
    - b. The allocated amounts shall be distributed to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each hospital within that program under subsection (B)(4)(c)(ii).
    - c. If funds are insufficient to cover all distributions within any priority group described under subsection (B)(5)(a), the Administration shall adjust the distributions proportionally within that priority group.
  - C. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for the expansions of GME programs approved by the Administration to hospitals for direct program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(i). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (C)(3).
    1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (C) if it meets all the conditions of subsections (B)(1)(a) through (c).
    2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (C)(4), the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (B)(1)(c):
      - a. All filled resident positions in approved programs established on or after July 1, 2006; and
      - b. For approved programs established on or after July 1, 2006 that have been established for less than one year as of the date of reporting under subsection (C)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match.
    3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (C) shall provide to the Administration:
      - a. A GME program shall provide all of the following:
        - i. The requirements of subsections (B)(3)(a)(i) through (iv);
        - ii. The academic year rotation schedule on file with the program current as of the date of reporting; and
      - iii. For programs described under subsection (C)(2)(b), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
      - b. A hospital seeking a distribution under subsection (C) shall provide the requirements of subsection (B)(3)(b).
    4. Allocation of expansion funds. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
      - a. Information provided by hospitals in accordance with subsection (B)(3)(b) shall be used to determine the program in which each eligible resident is enrolled and the number of days that each eligible resident worked in any area of the hospital complex or in a non-hospital setting under agreement with the reporting hospital during the period of assignment to that hospital. For this purpose, the Administration shall use data relating to the most recent 12-month period that is common to all information provided in accordance with subsections (B)(3)(b)(i) and (ii).
      - b. For approved programs whose resident activity is not represented in the information provided in accordance with subsection (B)(3)(b), information provided by GME programs under subsection (C)(3)(a) shall be used to determine the number of days that each eligible resident is expected to work at each participating institution.
      - c. The number of eligible residents allocated to each participating institution for each approved GME program shall be determined by totaling the number of days determined under subsections (C)(4)(a) and (b) and dividing the totals by 365.
      - d. The number of allocated residents determined under subsection (C)(4)(c) shall be adjusted for Arizona Medicaid utilization in accordance with subsection (B)(4)(c).
      - e. The total allocation for each approved program shall be determined in accordance with subsection (B)(4)(d).
    5. Distribution of expansion funds. On an annual basis subject to available funds, the Administration shall distribute the allocated amounts determined under subsection (C)(4) to the eligible hospitals in each approved program in proportion to the number of Medicaid-adjusted eligible residents allocated to each within that program under subsection (C)(4)(d).
    - D. Subject to available funds and approval by CMS, the Administration shall annually distribute monies appropriated for GME programs approved by the Administration to hospitals for indirect program costs eligible for funding under A.R.S. § 36-2903.01(G)(9)(c)(ii). A GME program is deemed to be established as of the date of its original accreditation. All determinations that are necessary to make distributions described by this subsection shall be made using information possessed by the Administration as of the date of reporting under subsection (D)(3).
      1. Eligible health care facilities. A health care facility is eligible for distributions under subsection (D) if all of the following apply:
        - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona or is the base hospital for one or more of the GME programs in Arizona whose sponsoring institutions are not hospitals;

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- b. It incurs indirect program costs for the training of residents in the GME programs, which are or will be calculated on the hospital's Medicare Cost Report or are reimbursable under the Children's Hospitals Graduate Medical Education Payment Program administered by HRSA;
    - c. It is not administered by or does not receive its primary funding from an agency of the federal government.
  2. Eligible resident positions. For purposes of determining program allocation amounts under subsection (D)(4) the following resident positions are eligible for consideration to the extent that the resident training takes place in Arizona and not at a health care facility made ineligible under subsection (D)(1)(c):
    - a. Any filled resident position in an approved program that includes a rotation of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule;
    - b. For approved programs that have been established for less than one year as of the date of reporting under subsection (D)(3) and have not yet filled their first-year resident positions, all prospective residents reasonably expected by the program to be enrolled as a result of the most recently completed annual resident match who will perform rotations of at least one month per year in a county other than Maricopa or Pima whose population was less than 500,000 persons at the time the residency rotation was added to the academic year rotation schedule.
  3. Annual reporting. By April 1st of each year, each GME program and each hospital seeking a distribution under subsection (D) shall provide to the Administration:
    - a. A GME program shall provide all of the following:
      - i. The requirements of subsections (B)(3)(a)(i) through (iv);
      - ii. The academic year rotation schedule on file with the program current as of the date of reporting;
      - iii. For programs described under subsection (D)(2)(c), the number of residents expected to be enrolled as a result of the most recently completed annual resident match.
    - b. A hospital seeking a distribution under subsection (D) shall provide the requirements of subsection (B)(3)(b)(iii).
  4. Allocation of funds for indirect program costs. Annually the Administration shall allocate available funds to approved GME programs in the following manner:
    - a. Using the information provided by programs under subsection (D)(3), the Administration shall determine for each program the number of residents in the program who are eligible under subsection (D)(2) and the number of months per year that each eligible resident will perform rotations in counties described by subsection (D)(2), multiply the number of eligible residents by the number of months and multiply the result by the per resident per month conversion factor determined under subsection (D)(4)(b).
    - b. Using the most recent Medicare Cost Reports on file with the Administration for all hospitals that have calculated a Medicare indirect medical education payment, the Administration shall determine a per resident per month conversion factor as follows:
      - i. Calculate each hospital's Medicare share by dividing the Medicare inpatient discharges on the Medicare Cost Report by the total inpatient hospital discharges on the Medicare Cost Report.
      - ii. Calculate the ratio of residents to beds by dividing the total allocated residents described in subsection (B)(4)(d)(ii) by the number of bed days available from the Medicare Cost Report and dividing the result by the number of days in the cost reporting period.
      - iii. Calculate the indirect medical education adjustment factor by adding 1 to the value calculated in (D)(4)(b)(ii), multiplying the result by the exponential value 0.405, subtracting 1 from the result, and multiplying that result by 1.35.
      - iv. Calculate each hospital's total indirect medical education cost by adding the DRG amounts other than outlier payments from the Medicare cost report and the managed care simulated payments from the Medicare Cost Report, multiplying the total by the indirect medical education adjustment factor determined in (D)(4)(b)(iii) and dividing the result by the Medicare share determined in (D)(4)(b)(i).
      - v. Calculate each hospital's Medicaid indirect medical education cost by multiplying the amount determined in (D)(4)(b)(iv) by the value determined in subsection (B)(4)(c)(i).
      - vi. Total the amounts determined in (D)(4)(b)(v) for all hospitals, divide the result by the total allocated residents described in subsection (B)(4)(d)(ii) for all hospitals, and divide that result by 12.
  5. Distribution of funds for indirect program costs. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the amount calculated for the hospital at subsection (D)(4)(a).
- E. Reallocation of funds. If funds appropriated for subsection (B) are not allocated by the Administration and funds appropriated for subsections (C) and (D) are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the funds not allocated under subsection (B) shall be allocated under subsections (C) and (D) to the extent of the calculated distributions. If funds are insufficient to cover all distributions under subsections (C)(5) and (D)(5), the Administration shall adjust the distributions proportionally. If funds appropriated for subsections (C) and (D) are not allocated by the Administration and funds appropriated for subsection (B) are insufficient to cover all distributions under subsection (B)(5), the funds not allocated under subsections (C) and (D) shall be allocated under subsection (B) to the extent of the calculated distributions.
- F. The Administration may enter into intergovernmental agreements with local, county, and tribal governments wherein local, county and tribal governments may transfer funds or certify public expenditures to the Administration. Such funds or certification, subject to approval by CMS, will be used to qualify for additional federal funds. Those funds will be used for the purposes of reimbursing hospitals that are eligible under subsection (D)(1) and specified by the local, county, or tribal government for indirect program costs other than those

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

reimbursed under subsection (D). The Administration shall allocate available funds in accordance with subsection (D) except that reimbursement with such funds is not limited to resident positions or rotations in counties with populations of less than 500,000 persons. On an annual basis subject to available funds, the Administration shall distribute to each eligible hospital the greatest among the following amounts, less any amounts distributed under subsection (D)(5):

1. The amount that results from multiplying the total number of eligible residents allocated to the hospital under subsection (B)(4)(d)(ii) by 12 by the per resident per month conversion factor determined under subsection (D)(4)(b);
2. The amount calculated for the hospital at subsection (D)(4)(b)(v);
3. The median of all amounts calculated at subsection (D)(4)(b)(v) if the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a new training hospital; or
4. If the hospital does not have an indirect medical education payment calculated on the Medicare Cost Report because it is a children's hospital, the median Medicaid indirect medical education payment costs shall be calculated as follows:
  - a. For each hospital with indirect medical education costs on the Medicare Cost Report, determine a per resident total indirect medical education cost by dividing the total indirect medical education costs determined under subsection (D)(4)(b) by the number of filled resident positions under subsection (B)(2).
  - b. Determine the median per resident amount under subsection (F)(4)(a).
  - c. For each hospital without an indirect medical education component on the Medicare cost report, multiply the median per resident amount under subsection (F)(4)(b) by the number of filled resident positions under subsection (B)(2) for that hospital and by the Medicaid utilization percent for that hospital determined in subsection (B)(4)(c)(i).

**R9-22-712.06. Supplemental Graduate Medical Education Fund Allocation**

- A.** Gradual Medical Education (GME) reimbursement as of July 1, 2020.
1. In addition to distributions according to Section R9-22-712.05, and subject to the availability of funds and approval by CMS, the Administration shall annually distribute monies appropriated for the GME programs approved by the Administration to hospitals for direct and indirect costs for graduate medical education programs which were established or expanded on or after July 1, 2020. The Administration shall estimate the distributions using information possessed by the Administration as of December 15 of each calendar year. The actual distributions will be made using information possessed by the

Administration as of September first of the year in which the new residency or fellowship begins.

2. Eligible Hospitals. A hospital is eligible for distributions under this Section if all of the following apply:
  - a. It is a hospital in Arizona that is the sponsoring institution of, or a participating institution in, one or more of the GME programs in Arizona;
  - b. It incurs direct costs for the training of residents in the GME programs, which costs are or will be reported on the hospital's Medicare Cost Report;
  - c. It is not administered by or does not receive its primary funding from an agency of the federal government;
  - d. It has established a new GME program or expanded the number of residents or fellows in an existing GME program on or after July 1, 2020.
3. Eligible positions. For purposes of determining distributions under this Section the following resident and fellowship positions qualify to the extent that the training takes place in Arizona at an eligible health care facility:
  - a. Filled resident or fellow positions in approved programs which began on or after July 1, 2020;
  - b. Eligible positions do not include residents or fellows that receive payments for services under the Access to Professional Services Initiative (APSI) program established in the Contractors' prepaid capitation contracts with the Administration.
4. Annual Reporting
  - a. By December 15 of each year, a GME program shall provide all of the following information for GME programs and positions which are expected to be eligible for funding under this Section as of the upcoming academic year (i.e., July 1 to June 30 of each year):
    - i. The program name and number assigned by the accrediting organization if available;
    - ii. The original date of accreditation if available;
    - iii. The names of the sponsoring institution and all participating institutions expected as of the date of reporting;
    - iv. The number of anticipated resident and fellowship positions eligible for funding as of the upcoming academic year;
    - v. The number of months or partial months during the upcoming academic year that each resident or fellow is expected to work in each hospital or in a non-hospital setting under agreement between the non-hospital setting and the reporting hospital;
    - vi. The academic year of anticipated resident and fellowship positions;
    - vii. The length of the program; and
    - viii. The names and other information requested by AHCCCS to ensure the total GME distributions for each eligible position are not greater than the costs for each eligible position in the Intern and Resident Information System (IRIS) file.
  - b. By December 15 of each year, a GME program located in a county with a population of less than 500,000 persons shall provide the estimated one-time and ongoing costs for each program which it expects to be eligible for funding.
  - c. By September 1 of each year, a GME program shall provide the actual name of residents and fellows hired in the current academic year and other information requested by AHCCCS to ensure that total

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

GME distributions for the eligible position are not greater than the costs for each eligible position in the IRIS file.

- B. Preliminary allocation of funds for urban hospitals. Annually by January 15, the Administration shall estimate the annual GME distributions under this Section using the funds appropriated for hospitals in counties with a populations of 500,000 persons or more based on the number of new residents and fellows in graduate medical education programs in the following manner:
  1. Each eligible resident and fellow is placed into tiers with the following priority:
    - a. Returning residents and fellows. A returning resident or fellow is a resident or fellow whose position received funding under this Section for the previous academic year and who is continuing in the same GME program.
    - b. Residents and fellows that are not a returning resident or fellow but are in a GME program for Family Medicine, Internal Medicine, General Pediatrics, Obstetrics and Gynecology, Psychiatry including Subspecialties, General Surgery, and any other program determined as high needs by the AHCCCS Administration.
    - c. Residents or fellows that are not returning residents or fellows and are not described in subsection (1)(b) but are in a GME program that received funding under this Section in a prior year.
    - d. All other residents and fellows.
  2. Residents and fellows in each tier are further divided into four sub-tiers with the following priority based on the location of the sponsoring or participating hospital:
    - a. Hospitals in a county designated by the Health Resource and Services Administration of the U.S. Department of Health & Human Services as a health professional shortage area (HPSA) with a greater than 85 percent primary care shortage.
    - b. Hospitals in a county designated as a HPSA with a greater than 50 percent to 85 percent primary care shortage.
    - c. Hospitals in a county designated as a HPSA with a 25-50 percent primary care shortage.
    - d. Hospitals in a county designated as a HPSA with a less than 25 percent primary care shortage.
  3. The amount of the distribution for each GME program for direct costs is calculated as the product of:
    - a. The number of eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospitals;
    - b. The Arizona Medicaid utilization as determined by R9-22-712.05(B)(4)(c)(i) in the previous calendar year; and,
    - c. The average direct cost per resident determined under R9-22-712.05(B)(4)(d) in the previous calendar year.
  4. If monies are still remaining after direct funding has been allocated, indirect funding shall be allocated based on the priority of each tier and sub-tier. The amount of the distribution for each GME program for indirect costs is calculated as the product of:
    - a. The number of allocated eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospital;
    - b. The indirect cost per resident per month calculated in R9-22-712.05(D)(4)(b)(vi) in the previous calendar year; and
    - c. Twelve months.
    - d. Funds shall be allocated based on the priority of each tier and sub-tier. Distributions for eligible positions in a tier or sub-tier with a lower priority will not receive a distribution until distributions are allocated for the costs of all positions in a higher tier or sub-tier. If funding is insufficient to fully fund a tier or sub-tier, the remainder of funds will be prorated for eligible positions in that tier or sub-tier.
  5. Payments are made to participating hospitals based on the FTEs who worked at their hospitals per year.
- C. Preliminary allocation of funds for rural hospitals. Annually by January 15, the Administration shall estimate the annual GME distributions under this Section using the funds appropriated for rural hospitals based on the number of eligible resident and fellow positions in graduate medical education programs located in a county with a population of less than 500,000 persons in the following manner:
  1. Each resident and fellow will then be placed into a tier with the following priority:
    - a. Returning residents and fellows. A returning resident or fellow is a resident or fellow whose position received funding under this Section for the previous academic year and who is continuing in the same GME program.
    - b. Residents and fellows that are not a returning resident or fellow but are in a GME program for Family Medicine, Internal Medicine, General Pediatrics, Obstetrics and Gynecology, Psychiatry including Subspecialties, General Surgery, and any other program determined as high needs by the AHCCCS Administration.
    - c. Residents or fellows that are not returning residents or fellows and are not described in subsection (1)(b) but are in a GME program that received funding under this Section in a prior year.
    - d. All other residents and fellows.
  2. Residents and fellows in each tier are further divided into four sub-tiers with the following priority based on the location of the sponsoring or participating hospital:
    - a. Hospitals in a county designated by the Health Resource and Services Administration of the U.S. Department of Health & Human Services as a HPSA with a greater than 85 percent primary care shortage.
    - b. Hospitals in a county designated as a HPSA with a greater than 50 percent to 85 percent primary care shortage.
    - c. Hospitals in a county designated as a HPSA with a 25-50 percent primary care shortage.
    - d. Hospitals in a county designated as a HPSA with a less than 25 percent primary care shortage.
  3. Funds shall first be allocated for direct and indirect costs based in order of priority of each tier. If not enough funding is available to fully fund a tier or sub-tier, the remainder of funds will be prorated in a tier or sub-tier.
  4. The amount of the distribution for each GME program for direct costs is calculated as the product of:
    - a. The number of eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- under agreement between the non-hospital setting and the reporting hospitals;
- b. The Arizona Medicaid utilization determined under R9-22-712.05(B)(4)(c)(i); and,
  - c. The actual direct cost per resident per year.
5. The amount of the distribution for each GME program for indirect costs is calculated as the product of:
    - a. The number of allocated eligible residents and fellows adjusted for the number of months or partial months worked in each hospital or non-hospital setting under agreement between the non-hospital setting and the reporting hospital;
    - b. The indirect cost per resident per month calculated in R9-22-712.05(D)(4)(b)(vi) in the previous calendar year; and
    - c. Twelve months.
  6. Payments are made to participating hospitals based on the FTEs who worked at their hospitals per year.
- D.** Final allocation of funds. Annually no sooner than September 1 following the start of the academic year, the Administration will recalculate the allocation for urban and rural hospitals using the same methodology used to estimate distributions, but using the actual residents and fellows as reported in R9-22-712.06(B)(3)(c).
- F.** Exclusions. To ensure that residents and fellows are not double counted residents/fellows which receive funding through R9-22-712.06 shall not receive funding through R9-22-712.05.
- Historical Note**
- New Section made by final rulemaking at 27 A.A.R. 2496 (October 29, 2021), with an immediate effective date of October 6, 2021 (Supp. 21-4).
- R9-22-712.07. Rural Hospital Inpatient Fund Allocation**
- A.** For purposes of this Section, the following words and phrases have the following meanings unless the context specifically requires another meaning:
1. "Calculated inpatient costs" means the sum of inpatient covered charges multiplied by the Milliman study's implied cost-to-charge ratio of .8959.
  2. "Claims paid amount" means the sum of all claims paid by the Administration and contractors, as reported by the contractor to the Administration, to a rural hospital for covered inpatient services rendered for dates of service during the previous state fiscal year.
  3. "Fund" means any state funds appropriated by the Legislature for the purposes set forth in A.R.S. § 36-2905.02 and any federal funds that are available for matching the state funds.
  4. "Inpatient covered charges" means the sum of all covered charges billed by a hospital to the Administration or contractors, as reported by the contractors to the Administration, for inpatient services rendered during the previous state fiscal year.
  5. "Milliman study" means the report issued by Milliman USA on March 11, 2004, to the Arizona Hospital and Healthcare Association that updated a portion of a cost study entitled "Evaluation of the AHCCCS Inpatient Hospital Reimbursement System" prepared by Milliman USA for AHCCCS on November 15, 2002. A copy of each report is on file with the Administration.
  6. "Rural hospital" means a health care institution that is licensed as an acute care hospital by the Arizona Department of Health Services for the previous state fiscal year and is not an IHS hospital or a tribally owned or operated facility and:
    - a. Has 100 or fewer PPS beds, not including beds reported as sub provider beds on the hospital's Medicare Cost Report, and is located in a county with a population of less than 500,000 persons, or
    - b. Is designated as a critical access hospital for the majority of the previous state fiscal year.
- B.** Each February, the Administration shall allocate the Fund to the following three pools for the fiscal year:
1. Rural hospitals with 25 or fewer PPS beds not including sub provider beds and all Critical Access Hospitals, regardless of the number of beds in the Critical Access Hospital;
  2. Rural hospitals other than Critical Access Hospitals with 26 to 75 PPS beds not including sub provider beds; and
  3. Rural hospitals other than Critical Access Hospitals with 76 to 100 PPS beds not including sub provider beds.
- C.** The Administration shall allocate the Fund to each pool according to the ratio of claims paid amount for all hospitals assigned to the pool to total claims paid amount for all rural hospitals.
- D.** The Administration shall determine each hospital's claims paid amount and allocate the funds in each pool to each hospital in the pool based on the ratio of each hospital's claims paid amount to the sum of the claims paid amount for all hospitals assigned to the pool.
- E.** The Administration shall not make a Fund payment to a hospital that will result in the hospital's claims paid amount plus that hospital's Fund payment being greater than that hospital's calculated inpatient costs.
1. If a hospital's claims paid amount plus the hospital's Fund payment would be greater than the hospital's calculated inpatient costs, the Administration shall make a Fund payment to the hospital equal to the difference between the hospital's calculated inpatient costs and the hospital's claims paid amount.
  2. The Administration shall reallocate any portion of a hospital's Fund allocation that is not paid to the hospital due to the reason in subsection (E)(1) to the other eligible hospitals in the pool based upon the ratio of the claims paid amount for each hospital remaining in the pool to the sum of the claims paid amount for each hospital remaining in the pool.
- F.** If funds remain in a pool after allocations to each hospital in the pool under subsections (D) and (E), the Administration shall reallocate the remaining funds to the other pools based upon the ratio of each pool's original allocation of the Fund as determined under subsection (C) to the sum of the remaining pools' original Fund allocations under subsection (C). The Administration shall allocate remaining funds to the hospitals in the remaining pools under subsection (D) and (E). See Exhibit 1 for an example.
- G.** Subject to CMS approval of the method and distribution of the Fund, the administration or its contractors will distribute the Fund as a lump sum allocation to the rural hospitals in either one or two installments by the end of each state fiscal year.

**Exhibit 1. Pool Example**

Pool A receives \$2,000,000. Pool B receives \$7,000,000. Pool C receives \$3,000,000.

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

If all of the funds in Pool B are paid to eligible hospitals and there is \$1,000,000 remaining, the remaining funds would be allocated to Pool A and Pool C based on the ratio of each pool's original allocation (original allocations of \$2,000,000 and \$3,000,000) to the total of their original allocation (\$2,000,000 + \$3,000,000 = \$5,000,000).

Pool A would receive 2/5 of the remaining funds (\$400,000) and Pool C would receive 3/5 of the remaining funds (\$600,000).

- A. To establish the AHCCCS Outpatient Capped Fee-for-service Schedule for all claims with a begin date of service on or before September 30, 2011, AHCCCS shall:

1. Define the dataset of claims and encounters that shall be used to establish the AHCCCS Outpatient Capped Fee-for-service Schedule.
2. Identify all the claims and encounters from non-IHS acute hospitals located in Arizona for services to be paid under the AHCCCS Outpatient Capped Fee-for-service Schedule.
3. Match the revenue code on each detail of each claim and encounter to the ancillary line item CCR as reported on hospital-specific mapping documents and hospital-specific Medicare Cost Report for those hospitals that have submitted Medicare Cost Reports FYE 2002.

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

4. Multiply the line item CCR from subsection (A)(3) by the covered billed charge for that revenue code to establish the cost for the service.
  5. Inflate the cost for the service from subsection (A)(4) using Global Insight Health-care Cost Review inflation factors from date of service month to the midpoint of the rate year in which the fees are initially effective.
  6. Include associated costs under R9-22-712.25 to calculate the rates for emergency room and surgery services.
  7. Combine data from all Arizona hospitals identified in subsection (A)(3) for each procedure code to establish the statewide median cost for each procedure.
  8. Group procedure codes according to the Ambulatory Payment Classification (APC) System groups as listed in 69 FR 65682, November 15, 2004, and establish a statewide median cost for each APC. Multiply each statewide median APC cost by 116 percent to establish the AHCCCS-based fee for each procedure in that specific APC group. AHCCCS shall assign each procedure in the group the same fee.
  9. For those procedure codes that are not grouped into any APC, establish a procedure-specific fee using either:
    - a. The AHCCCS Non-hospital Capped Fee-for-service Fee Schedule,
    - b. 116 percent of the procedure-specific median cost AHCCCS-based fee, or
    - c. The Medicare Clinical Laboratory Fee Schedule for laboratory services.
  10. Compare the AHCCCS-based fee established in subsections (A)(8) and (9) against the comparable Medicare fee established for the Medicare APC group as listed in the 69 FR 65682, November 15, 2004. The fee for each procedure shall be the greater of the AHCCCS-based fee or the Medicare fee but no more than 150 percent of the AHCCCS-based fee; however, for those laboratory services for which a limit is established in the Medicare Clinical Laboratory Fee Schedule, the fee shall not exceed that limit.
  11. Assign the 2005 Medicare fee in the AHCCCS Outpatient Capped Fee-for-service Schedule for those procedures for which there are fewer than 20 occurrences of the procedure code in the dataset, either independently, or, if applicable, for all procedure codes within an APC Group.
- B.** For all claims with a begin date of service on or after October 1, 2011, the AHCCCS Outpatient Capped Fee-for-Service Schedule shall be derived from the CMS Medicare Outpatient Prospective Payment System (OPPS) fee schedule modified by an Arizona conversion factor determined annually.
1. When clinic services are billed using 51X revenue codes, the reimbursement to the hospital is the difference between the facility and non-facility rates payable to the practitioner for the procedures listed in the Administration's Capped Fee-for-service Schedule under R9-22-710.
  2. Observation services, when not billed in conjunction with a service for which a single payment is made under R9-22-712.25, are reimbursed at an hourly rate published in the Outpatient Capped Fee-for-service Schedule. This hourly rate includes reimbursement for associated services.
- C.** The AHCCCS Outpatient Capped Fee-for-service Schedule including the effective date of any changes to the listing are on file and posted on AHCCCS' web site.

**R9-22-712.38. Reserved**

**R9-22-712.39. Reserved**

**R9-22-712.40. Outpatient Hospital Reimbursement: Annual and Periodic Update**

- A. Procedure codes. When procedure codes are issued by CMS and added to the Current Procedural Terminology published by the American Medical Association, AHCCCS shall add to the Outpatient Capped Fee-for-Service Schedule the new procedure codes for covered outpatient services and shall either

assign the default CCR under R9-22-712.40(F)(2), the Medicare rate, or calculate an appropriate fee.

- B. APC changes. AHCCCS may reassign procedure codes to new or different APC groups when APC groups are revised by CMS. AHCCCS may reassign procedure codes to a different APC group than Medicare. If AHCCCS determines that utilization of a procedure code within the Medicare program is substantially different from utilization of the procedure code in the AHCCCS program, AHCCCS may choose not to assign the procedure code to any APC group. For procedure codes not grouped into an APC by Medicare, AHCCCS may assign the code to an APC group when AHCCCS determines that the cost and resources associated with the non-assigned code are substantially similar to those in the APC group.
- C. Annual update for Outpatient Hospital Fee Schedule. Beginning October 1, 2006, through September 30, 2011, AHCCCS shall adjust outpatient fee schedule rates:
1. Annually by multiplying the rates effective during the prior year by the Global Insight Prospective Hospital Market Basket Inflation Index; or
  2. In a particular year the director may substitute the increases in subsection (C)(1) by calculating the dollar value associated with the inflation index in subsection (C)(1), and applying the dollar value to adjust rates at varying levels.
- D. Reductions to the Outpatient Capped Fee-For-Service Schedule. Claims paid using the Outpatient Capped Fee-For-Service Schedule with dates of service on or after October 1, 2011, shall be reimbursed at 95 percent of the rates in effect on September 30, 2011, subject to the annual adjustments to procedure codes and APCs under this Section.
- E. Rebase. AHCCCS shall rebase the outpatient fees every five years.
- F. Statewide CCR:
1. For begin dates of service on or before September 30, 2011, the statewide CCR calculated in R9-22-712.30 shall be recalculated at the time of rebasing. When rebasing, AHCCCS may recalculate the statewide CCR based on the costs and charges for services excluded from the outpatient hospital fee schedule.
  2. For begin dates of service on or after October 1, 2011, the statewide CCR shall be set under R9-22-712.30(C).
- G. Other Updates. In addition to the other updates provided for in this Section, the Administration may adjust the Outpatient Capped Fee-For-Service Fee Schedule and the Statewide CCR to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

**R9-22-712.61. DRG Payments: Exceptions**

- A. Notwithstanding Section R9-22-712.60, claims for inpatient services from the following hospitals shall be paid on a per diem basis, including provisions for outlier payments, where rates and outlier thresholds are included in the capped fee schedule published by the Administration on its website and available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. If the covered costs per day on a claim exceed the published threshold for a day, the claim is considered an outlier. Outliers will be paid by multiplying the covered charges by the outlier CCR. The outlier CCR will be the sum of the urban or rural default operating CCR appropriate to the location of the hospital and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS. The

**R9-22-712.62. DRG Base Payment**

- A. The initial DRG base payment is the product of the DRG base rate, the DRG relative weight for the post-HCAC DRG code assigned to the claim, and any applicable provider and service policy adjusters.
- B. The DRG base rate for each hospital is the statewide standardized amount of which the hospital's labor-related share of that amount is adjusted by the hospital's wage index. The hospital's labor share is determined based on the labor share for the Medicare inpatient prospective payment system published in 85 Fed. Reg. 59060 through 59061 (September 18, 2020). The hospital's wage index is determined based on the wage index tables reference in 85 Fed. Reg. 59059 (September 18, 2020). The statewide standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.
- C. Claims shall be assigned both a DRG code derived from all diagnosis and surgical procedure codes included on the claim (the "pre-HCAC" DRG code) and a DRG code derived excluding diagnosis and surgical procedure codes associated with the health care acquired conditions that were not present on admission or any other provider-preventable conditions (the "post-HCAC" DRG code). The DRG code with the lower relative weight shall be used to process claims using the DRG methodology.

2512 (October 29, 2021), with an immediate effective date of October 6, 2021 (Supp. 21-4).

**R9-22-712.63. DRG Base Payments Not Based on the Statewide Standardized Amount**

- A.** Notwithstanding Section R9-22-712.62, a select specialty hospital standardized amount shall be used in place of the statewide standardized amount in subsection R9-22-712.62(B) to calculate the DRG base rate for the following hospitals:
1. Hospitals located in a city with a population greater than one million, which on average have at least 15 percent of inpatient days for patients who reside outside of Arizona, and at least 50 percent of discharges as reported on the 2011 Medicare Cost Report are reimbursed by Medicare.
  2. Hospitals designated as type: hospital, subtype: short-term that has a license number beginning "SH" in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year.
- B.** The select specialty hospital standardized amount is included in the AHCCCS capped fee schedule available on the agency's website.

1. For high volume out-of-state hospitals defined in subsection (C), the wage adjusted DRG base payment is determined as described in R9-22-712.62.
  2. Notwithstanding subsection R9-22-712.62 the wage adjusted DRG base rate for out-of-state hospitals that are not high volume hospitals shall be included in the AHCCCS capped fee schedule available on the agency's website.
- B.** Outlier CCR:
1. Notwithstanding subsection R9-22-712.68, the CCR used for the outlier calculation for out-of-state hospitals that are not high volume hospitals shall be the sum of the statewide urban default operating cost-to-charge ratio and the statewide capital CCR in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
  2. The CCR used for the outlier calculation for high volume out-of-state hospitals is the same as in-state hospitals as described in R9-22-712.68.
- C.** A high volume out-of-state hospital is a hospital not otherwise excluded under R9-22-712.61, that is located in a county that borders the State of Arizona and had 500 or more AHCCCS covered inpatient days for the fiscal year beginning October 1, 2015.
- D.** Other than as required by this Section, DRG reimbursement for out-of-state hospitals is determined under R9-22-712.60 through R9-22-712.81.

- A.** After calculating the DRG base payment as required in R9-22-712.62, R9-22-712.63, or R9-22-712.64, for claims from a high-utilization hospital, the product of the DRG base rate and the DRG relative weight for the post-HCAC DRG code shall be multiplied by a provider policy adjustor that is included in the AHCCCS capped fee schedule available on the agency's website.
- B.** A hospital is a high-utilization hospital if the hospital had:
1. Covered inpatient days subject to DRG reimbursement, determined using adjudicated claim and encounter data during the fiscal year beginning October 1, 2015, equal to at least four hundred percent of the statewide average number of AHCCCS-covered inpatient days at all hospitals;
  2. A Medicaid inpatient utilization rate greater than 30 percent calculated as the ratio of AHCCCS-covered inpatient days to total inpatient days as reported in the hospital's Medicare Cost Report for the fiscal year ending 2016; and,
  3. Received less than \$2 million in add-on payment for outliers under R9-22-712.68, based on adjudicated claims and encounters for fiscal year beginning October 1, 2015.

1. Normal newborn DRG codes,
2. Neonates DRG codes,
3. Obstetrics DRG codes,

**R9-22-712.67. DRG Reimbursement: Transfers**

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

- A. For purposes of this Section a “transfer” means the transfer of a member from a hospital to a short-term general hospital for inpatient care, a designated cancer center, children’s hospital, or a critical access hospital except when a member is moved for the purpose of receiving sub-acute services.
- B. Designated cancer center or children’s hospitals are those hospitals identified as such in the UB-04 billing manual published by the National Uniform Billing Committee.
- C. The hospital the member is transferred from shall be reimbursed either the initial DRG base payment or the transfer DRG base payment, whichever is less.
- D. The transfer DRG base payment is an amount equal to the initial DRG base payment, as determined after making any provider or service policy adjusters, divided by the DRG National Average length of stay for the DRG code multiplied by the sum of one plus the length of stay.
- E. The hospital the member is transferred to shall be reimbursed under the DRG payment methodology without a reduction due to the transfer.
- F. Unadjusted DRG base payment. The unadjusted DRG base payment is either the initial DRG base payment, as determined after making any provider or service policy adjusters, or the transfer DRG base payment, whichever is less.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4).

**R9-22-712.68. DRG Reimbursement: Unadjusted Outlier Add-on Payment**

- A. Claims for inpatient hospital services qualify for an outlier add-on payment if the claim cost exceeds the outlier cost threshold.
- B. The claim cost is determined by multiplying covered charges by an outlier CCR as described by the following subsections:
  - 1. For hospitals designated as type: hospital, subtype: children’s in the Provider & Facility Database for Arizona Medical Facilities posted by the ADHS Division of Licensing Services on its website for March of each year. The outlier CCR will be calculated by dividing the hospital total costs by the total charges using the most recent Medicare Cost Report available as of September 1 of that year.
  - 2. For Critical Access Hospitals the outlier CCR will be the sum of the statewide rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio in the data file established as part of the Medicare Inpatient Prospective Payment System by CMS.
  - 3. For all other hospitals the outlier CCR will be the sum of the operating cost-to-charge ratio and the capital cost-to-charge ratio established for each hospital in the impact file established as part of the Medicare Inpatient Prospective Payment System by CMS.
- C. AHCCCS shall update the CCRs described in subsection (B) to conform to the most recent CCRs established by CMS as of September 1 of each year, and the CCRs so updated shall be used for claims with dates of discharge on or after October 1 of that year.
- D. The outlier threshold is equal to the sum of the unadjusted DRG base payment plus the fixed loss amount. The fixed loss amount for critical access hospitals and for all other hospitals are included in the AHCCCS capped fee schedule available on the agency’s website.
- E. For those inpatient hospital claims that qualify for an outlier add-on payment, the payment is calculated by subtracting the

outlier threshold from the claim cost and multiplying the result by the DRG marginal cost percentage. The DRG marginal cost percentage for claims assigned DRG codes associated with the treatment of burns and for all other claims are included in the AHCCCS capped fee schedule available on the agency’s website.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 23 A.A.R. 2896, effective January 1, 2018 (Supp. 17-4).

**R9-22-712.69. DRG Reimbursement: Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment**

Adjustments to the payments are made to account for days not covered by AHCCCS as follows:

1. A covered day reduction factor unadjusted is determined if the member is not eligible on the first day of the inpatient stay but is eligible for subsequent days during the inpatient stay. In this case, a covered day reduction factor unadjusted is calculated by dividing the number of AHCCCS covered days by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
2. A covered day reduction factor unadjusted is also determined if the member is eligible on the first day of the inpatient stay but is determined ineligible for one or more days prior to the date of discharge. In this case, a covered day reduction factor unadjusted is calculated by adding one to the number of AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of days the member is eligible during the inpatient stay.
3. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
4. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
5. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.70. Covered Day Adjusted DRG Base Payment and Covered Day Adjusted Outlier Add-on Payment for FES members**

In addition to the covered day reduction factor in R9-22-712.69, a covered day reduction factor unadjusted is determined for an inpatient stay during which an FES member receives services for the treatment of an emergency medical condition and also receives services once the condition no longer meets the criteria as an emergency medical condition described in R9-22-217.

1. A covered day reduction factor unadjusted is calculated by adding one to the AHCCCS covered days and dividing the result by the DRG National Average length of stay. The number of AHCCCS covered days is equal to the number of inpatient days during which an FES member receives services for an emergency medical condition as

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

described in R9-22-217. For purposes of this adjustment, any portion of a day during which the FES member receives treatment for an emergency medical condition is counted as an AHCCCS covered day.

2. If the covered day reduction factor unadjusted is greater than one, then the covered day reduction factor final is one; otherwise, the covered day reduction factor final is equal to the covered day reduction factor unadjusted.
3. The covered day adjusted DRG base payment is an amount equal to the product of the unadjusted DRG base payment and the covered day reduction factor final.
4. The covered day adjusted DRG outlier add-on payment is an amount equal to the product of the unadjusted DRG outlier add-on payment and the covered day reduction factor final.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.71. Final DRG Payment**

- A. The final DRG payment is the sum of the final DRG base payment, the final DRG outlier add-on payment, and the Differential Adjusted Payment.
- B. The final DRG base payment is an amount equal to the product of the covered day adjusted DRG base payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
- C. The final DRG outlier add-on payment is an amount equal to the product of the covered day adjusted DRG outlier add-on payment and a hospital-specific factor established to limit the financial impact to individual hospitals of the transition from the tiered per diem payment methodology and to account for improvements in documentation and coding that are expected as a result of the transition.
- D. The factor for each hospital and for each federal fiscal year is published as part of the AHCCCS capped fee schedule and is available on the AHCCCS administration's website and is on file for public inspection at the AHCCCS administration located at 701 E. Jefferson Street, Phoenix, Arizona.
- E. For inpatient services with a date of discharge from October 1, 2021, through September 30, 2022, the Inpatient Differential Adjusted Payment is the sum of the final DRG base payment and the final DRG outlier add-on payment multiplied by a percentage published on the Administration's public website as part of its fee schedule, subsequent to the public notice published no later than September 1, 2021. A hospital will qualify for an increase if it meets the criteria specified below for the applicable hospital subtype.

**R9-22-712.72. DRG Reimbursement: Enrollment Changes During an Inpatient Stay**

- A. If a member's enrollment changes during an inpatient stay, including changing enrollment from fee-for-service to a contractor, or vice versa, or changing from one contractor to another contractor, the contractor with whom the member is enrolled on the date of discharge shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in Sections R9-22-712.60 through R9-22-712.81. If the member is eligible but not enrolled with a contractor on the date of discharge, then the AHCCCS administration shall be responsible for reimbursing the hospital for the entire length of stay under the DRG payment rules in Sections R9-22-712.60 through R9-22-712.81.
- B. When a member's enrollment changes during an inpatient stay, the hospital shall use the date of enrollment with the payer responsible on the date of discharge as the "from" date of service on the claim regardless of the date of admission.
- C. Interim claims submitted to a payer other than the payer responsible on the day of discharge shall be processed in the same manner as other interim claims as described in R9-22-712.76.

**R9-22-712.73. DRG Reimbursement: Inpatient Stays for Members Eligible for Medicare**

If the hospital receives less than the full Medicare payment for a member eligible for benefits under Part A of Medicare because the member has exceeded the maximum benefit permitted under Part A of Medicare, the hospital shall submit a separate claim for services performed after the date the maximum Medicare Part A benefit is exceeded. The claim may include all diagnosis codes for the entire inpatient stay, but the hospital is only required to include revenue codes, surgical procedure codes, service units, and charges for services performed after the date the Medicare Part A benefit is exceeded. A claim so submitted shall be reimbursed using the DRG payment methodology.

**R9-22-712.74. DRG Reimbursement: Third Party Liability**  
DRG payments are subject to reduction based on cost avoidance under Section R9-22-1003 and other rules regarding first-and third-party liability under Article 10 of this Chapter including cost avoidance for claims for ancillary services covered under Part B of Medicare.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.75. DRG Reimbursement: Payment for Administrative Days**

- A.** Categories of Administrative Days. Administrative days fall into one of two categories, either subsection (A)(1) or (A)(2).
1. Administrative days due to lack of appropriate placement options and not meeting inpatient medical criteria. Administrative days are days in which a member is admitted as an inpatient to an acute care hospital, does not meet the criteria for an acute inpatient stay, but is admitted or not discharged because; (1) an appropriate placement outside the hospital is not available, (2) the member cannot be safely discharged or transferred, or (3) the Administration or the contractor failed to provide for the appropriate placement outside the hospital in a timely manner.
    - a. Administrative days may occur prior to an acute care episode, for example, when a woman with a high-risk pregnancy is admitted to a hospital while awaiting delivery.
    - b. Administrative days may also occur at the end of an acute care episode, for example, when a member is not discharged while awaiting placement in a nursing facility or other sub-acute or post-acute setting.
    - c. Administrative days may also include days in a receiving hospital when the member has been discharged from one acute care hospital for the purpose of receiving sub-acute services at the receiving hospital.
    - d. Administrative days do not include days when the member is awaiting appropriate placement or services that are currently available but the hospital has not transferred or discharged the member because of the hospital's administrative or operational delays.

- e. Administrative days include inpatient claims covered by a RBHA or TRBHA that otherwise meet the criteria in subsection (A)(1).

2. Administrative days for claims with the principal diagnosis of behavioral health meeting inpatient medical criteria. Administrative days are days with dates of discharge on or after October 1, 2018, in which a member is admitted as an inpatient to an acute care hospital, meets the criteria for an acute inpatient stay, and the principal diagnosis on the hospital claim is a behavioral health diagnosis. Inpatient claims covered by a RBHA or TRBHA are not considered administrative days under subsection (A)(2) regardless of the principal diagnosis on the hospital claim.

**B. Reimbursement of Administrative Days.**

1. Administrative days under subsection (A)(1) are reimbursed at the rate the claim would have paid had the services not been provided in an inpatient hospital setting but had been provided at the appropriate level of care such as the rate paid for stays at a nursing facility.
2. Administrative days under subsection (A)(2) are reimbursed at the daily rate found on the Inpatient Behavioral Health Capped Fee-For-Service Schedule meeting the criteria of "Service Description – Psychiatric Stay," regardless of revenue code.

**C. Prior authorization is required for administrative days.**

- D.** A hospital shall submit a claim for administrative days separate from any claim for reimbursement for the inpatient stay otherwise reimbursable under the DRG payment methodology.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3). Amended by final rulemaking at 22 A.A.R. 2187, effective October 1, 2016 (Supp. 16-4). Amended by final rulemaking at 25 A.A.R. 3111, effective October 1, 2019 (Supp. 19-4).

**R9-22-712.76. DRG Reimbursement: Interim Claims**

- A.** For inpatient stays with a length of stay greater than 29 days, a hospital may submit interim claims for each 30 day period during the inpatient stay.
- B.** Hospitals shall be reimbursed for interim claims at a per diem rate of \$500 per day.
- C.** Following discharge, the hospital shall void all interim claims. In such circumstances, the hospital shall submit a claim to the payer with whom the member is enrolled on the date of discharge, whether the Administration or a contractor, for the entire inpatient stay for which the final claim shall be reimbursed under the DRG payment methodology. Interim claims will be recouped.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.77. DRG Reimbursement: Admissions and Discharges on the Same Day**

- A.** Except as provided for in subsection (B), for any claim for inpatient services with an admission date and discharge date that are the same calendar date, the contractor or the Administration shall process the claim as an outpatient claim and the hospital shall be reimbursed under R9-22-712.10 through R9-22-712.50.
- B.** Claims with an admission date and discharge date that are the same calendar date that also indicate that the member expired on the date of discharge shall be reimbursed under the DRG methodology.

**R9-22-712.78. DRG Reimbursement: Readmissions**

If a member is readmitted without prior authorization to the same hospital that the member was discharged from within 72 hours and the DRG code assigned to the claim for the prior admission has the same first three digits as the DRG code assigned to the claim for the readmission, then payment for the claim for the readmission will be disallowed only if the readmission could have been prevented by the hospital.

**Historical Note**

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.79. DRG Reimbursement: Change of Ownership**

The administration shall not change any of the components of the calculation of reimbursement for inpatient services using the DRG methodology based upon a change in the hospital's ownership except to the extent those components would change under the methodology had the hospital not changed ownership (e.g., updating the hospital's cost-to-charge ratio as of September 1 of each year under R9-22-712.68).

New Section made by final rulemaking at 20 A.A.R. 1956, September 6, 2014 (Supp. 14-3).

**R9-22-712.80. DRG Reimbursement: New Hospitals**

- A. DRG base payment for new hospitals. For any hospital that does not have a labor share or wage index published by CMS as described in subsection R9-22-712.62(B) because the hospital was not in operation, the DRG base rate described in subsection R9-22-712.62(B) shall be calculated as the statewide standardized amount after adjusting that amount for the labor-related share and the wage index published by CMS as described in subsection R9-22-712.62(B) that is appropriate to the location of the hospital published by CMS as described in subsection R9-22-712.62(B).
- B. Outlier calculations for new hospitals. For any hospital that does not have an operating cost-to-charge ratio listed in the impact file described in subsection R9-22-712.68(B) because the hospital was not in operation prior to the publication of the impact file, the statewide urban or rural default operating cost-to-charge ratio appropriate to the location of the hospital and the statewide capital cost-to-charge ratio shall be used to determine the unadjusted outlier add-on payment. The statewide urban or rural default operating cost-to-charge ratio and the statewide capital cost-to-charge ratio shall be based on the ratios published by CMS and updated by the Administration as described in subsection R9-22-712.68(C).
- C. In addition to the requirement of this Section, DRG reimbursement for new hospitals is determined under R9-22-712.60 through R9-22-712.79.

amount in Section R9-22-712.62, the base payments in R9-22-712.63 and R9-22-712.64, the provider policy adjustor in R9-22-712.65, service policy adjustors in R9-22-712.66, and the fixed loss amounts and marginal cost percentages used to calculate the outlier threshold in R9-22-712.68 to the extent necessary to assure that payments are consistent with efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area. The Administration shall publish any proposed classification system on the agency's website at least 30 days prior to the effective date, to ensure a sufficient period for public comment, as required by 42 C.F.R. § 447.205. In addition, the public notice shall be available for inspection during normal business hours at 701 E. Jefferson, Phoenix, Arizona. - I.** Excluded hospitals. The following hospitals are excluded from the assessment based on the hospital's 2019 Medicare Cost Report and Provider & Facility Database for Arizona Medical Facilities posted by the Arizona Department of Health Services Division of Licensing Services on its website for January 2, 2021:
1. Hospitals owned and operated by the state, the United States, or an Indian tribe.
  2. Hospitals designated as type: hospital, subtype: short-term that have a license number beginning "SH".
  3. Hospitals designated as type: hospital, subtype: psychiatric that reported fewer than 2,500 discharges on the 2019 Medicare Cost Report.

  7. Hospitals designated as type: hospital, subtype: short-term that have at least 25 percent Medicare swing beds as percentage of total Medicare days, per the 2019 Medicare Cost Report.
- J.** New hospitals. For hospitals that did not file a 2019 Medicare Cost Report because of the date the hospital began operations:
1. If the hospital was open on the January 2 preceding the October assessment start date, the hospital assessment will begin on October 1 following the date the hospital began operating.
  2. If the hospital began operating between January 3 and June 30, the assessment will begin on October 1 of the following calendar year.
  3. A hospital is not considered a new hospital based on a change in ownership.
  4. The assessment will be based on the discharges reported in the hospital's first Medicare Cost Report and Uniform Accounting Report, which includes 12 months-worth of data, except when any of the following apply;
    - a. If there is not a complete 12 months-worth of data available, the assessment will be based on the annualized number of discharges from the date hospital operations began through December 31 preceding the October assessment start date. The hospital shall self-report the discharge data and all other data requested by the Administration necessary to determine the appropriate assessment to the Administration no later than January preceding the assessment start date for the new hospitals. "Annualized" means divided by a ratio equal to the number of months of data divided by 12 months.
    - b. If more than 12 months of data is available, the assessment will be based on the most recent 12 months of self-reported data, as of December 31;
  5. For purposes of calculating subpart 4, if a new hospital shares a Medicare Identification Number with an existing hospital, the assessment amount will be based on self-reported data from the new hospital instead of the Medicare Cost Report. The data shall include the number of discharges and all other data requested by the Administration necessary to determine the appropriate assessment.
6. For hospitals providing self-reported data, described in subpart 4 and 5:
- a. Psychiatric discharges will be annualized to determine if subsections (B)(4) or (I)(3) apply to the assessment amount.
  - b. Discharges will be annualized to determine if subsection (F) applies to the assessment amount.
- K.** Changes of ownership. The parties to a change of ownership shall promptly provide written notice to the Administration of a change of ownership and any agreement regarding the payment of the assessment. The assessed amount will continue at the same amount applied to the prior owner. Assessments are the responsibility of the owner of record as of the first day of the quarter; however, this rule is not intended to prohibit the parties to a change of ownership from entering into an agreement for a new owner to assume the assessment responsibility of the owner of record as of the first day of the prior quarter.
- L.** Hospital closures. Hospitals that close shall pay a proportion of the quarterly assessment equal to that portion of the quarter during which the hospital operated.
- M.** Required information for the inpatient assessment. For any hospital that has not filed a 2019 Medicare Cost report, or if the 2019 Medicare Cost report does not include the reliable information sufficient for the Administration to calculate the inpatient assessment, the Administration shall use data reported on the 2019 Uniform Accounting Report filed by the hospital in place of the 2019 Medicare Cost report to calculate the assessment. If the 2019 Uniform Accounting Report filed by the hospital does not include reliable information sufficient for the Administration to calculate the inpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2019 Medicare Cost report to calculate the assessment.
- N.** Required information for the outpatient assessment. For any hospital that has not filed a 2019 Uniform Accounting Report, or if the 2019 Uniform Accounting Report does not reconcile to 2019 Audited Financial Statements, the Administration shall use the data reported on 2019 Audited Financial Statements to calculate the outpatient assessment. If the 2019 Audited Financial Statements do not include the reliable information sufficient for the Administration to calculate the outpatient assessment, the Administration all use data reported on the 2019 Medicare Cost report. If the Medicare Cost report does not include reliable information sufficient for the Administration to calculate the outpatient assessment amounts, the hospital shall provide the Administration with data specified by the Administration necessary in place of the 2019 Medicare Cost report to calculate the outpatient assessment.
- O.** The Administration will review and update as necessary rates and peer groups periodically to ensure the assessment is sufficient to fund the state match obligation to cover the cost of the populations as specified in A.R.S. § 36-2901.08.
- P.** Enforcement. If a hospital does not comply with this Section, the director may suspend or revoke the hospital's provider agreement. If the hospital does not comply within 180 days after the hospital's provider agreement is suspended or revoked, the director shall notify the director of the Department of Health Services who shall suspend or revoke the hospital's license.

  2. The Department shall add the monthly FPLs for the income period and multiply the resulting amount by 40 percent.
  3. Changes to the annual FPL are implemented in April of each year.
- C.** Income period. The income period is the month of application and the next two months. The Department shall add together the three months' income to establish the MED family unit's income amount.
- D.** Medical expense deduction period. The medical expense deduction period is a three-month period consisting of:
1. For a new application, the month before the application month, the month of application, and month following the application month; or

  2. Disregard from the remaining earned income an amount billed by the provider for the care of each dependent child under age 18 or incapacitated adult member of the MED family unit if the care is for the purpose of allowing the person to work. If more than one person in the household is responsible for and billed for the care of a dependent child, the disregard may be split between the wage earners if splitting the disregard is to the benefit of the family, but shall not exceed the maximum disregards as follows:
    - a. A maximum of \$200 for a child under age two and \$175 for other dependents for a wage-earner employed full-time (86 or more hours per month); and

  3. Add the remaining earned income for each MED family member to the unearned income of all MED family members;
  4. Compare the MED family's unit countable income amount to the income standard in subsection (B). The difference is the amount of medical expenses the family shall incur during the medical expense deduction period to become eligible;
  5. Subtract allowable medical expense deductions that were incurred by:
    - a. A member of the MED family unit;
    - b. A deceased spouse or minor child of a MED family unit if this person would have been a member of the MED unit during the MED expense deduction period;
    - c. A person who was a minor child of a MED family unit member when the expense was incurred but who is no longer a minor child; or
    - d. A minor child, including a child who is a runaway, who left home before the date of application to live with someone other than a parent; and
  6. Compare the net MED family income to the income standard listed in subsection (B).

  2. Jointly owned resources with ownership records containing the word "or" between the owners' names are presumed to be available in full to each owner. The applicant or member may rebut the presumption by providing clear and convincing evidence of intent to establish a different type of ownership. If the presumption is rebutted, the resource is available to the owners:

**R9-22-1702. Enrollment of a Member with an AHCCCS Contractor**

A. General enrollment requirements. The Administration shall enroll a member with a contractor as described in this Section, unless the member has pre-selected a contractor on the application:

1. Except as provided in subsections (A)(3), (A)(5), and (C), a member who is determined to be eligible under this Chapter and resides in an area served by more than one contractor, may choose an available contractor serving the member’s GSA within 30 days from the date of notice of enrollment. A Native American member may select IHS or another available contractor.
  2. If the member does not make a choice under subsection (A)(1), the Administration shall immediately auto-assign the member to:
    - a. IHS if the member is a Native American living on a reservation,
    - b. A contractor based on family continuity, or
    - c. A contractor by using the auto-assignment algorithm.
  3. If the member’s period of ineligibility and disenrollment from the contractor of record is for a period of less than 90 days, the Administration shall enroll the member with the member’s most recent contractor of record, if available, except if:
    - a. The member no longer resides in the contractor’s GSA;
    - b. The contractor’s contract is suspended or terminated;
    - c. The member was previously enrolled with CMDP but at the time of re-enrollment the member is not a foster care child;

    - e. The member was previously enrolled with a contractor but at the time of re-enrollment the member is a foster care child.
  4. When the member’s disenrollment period is more than 90 days, the member may select a contractor as described in subsection (A)(1).
  5. The Administration shall not enroll a member with a contractor if a member:
    - a. Is eligible for the FESP under R9-22-1419;
    - b. Is eligible for less than 30 days from the date the Administration receives notification of a member’s eligibility, except for a member who is enrolled with CMDP or IHS;

  - 2. The Administration shall approve a change in enrollment for any member if the change is a result of the final outcome of a grievance under 9 A.A.C. 34.
  - 3. A member may choose a different contractor if the member moves into a GSA not served by the current contractor or if the contractor is no longer available. If the member does not select a contractor, the Administration shall auto-assign the member as provided in subsection (A)(2).
  - 4. The Administration shall provide the member 60-day advance notice of the member's option to change plans by the member's annual enrollment date.
  - 5. A member may disenroll from a plan if:
    - a. The member moves out of the GSA;
    - b. The plan does not, because of moral or religious objections, cover the service a member seeks; or
    - c. The member needs related services to be performed at the same time; not all related services are available within the network; and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.

## CHAPTER 22. ARIZONA HEALTH CARE COST CONTAINMENT SYSTEM - ADMINISTRATION

1. "Level I trauma center" means any acute care hospital designated by the Arizona Department of Health Services as a level I trauma center, a provisional level I trauma center, a pediatric level I trauma center or an initial level I trauma center.
2. "Unrecovered trauma center readiness costs" means losses incurred treating trauma patients:
  - a. Determined in accordance with Generally Accepted Accounting Principles,
  - b. Based on both clinical and professional costs incurred by a level I trauma center necessary for the provision of level I trauma care, and
  - c. Based on administrative and overhead costs directly associated with providing level I trauma care.
2. To hospitals that had an emergency department from July 1 through June 30 of the prior year, and
3. On a pro rata share of each hospital's cost of uncompensated emergency care as a percentage of the total statewide cost of uncompensated emergency care provided by hospitals under subsection (2) as reported in the uniform accounting reports to the Arizona Department of Health Services under A.R.S. § 36-125.04.

**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3). Amended by exempt rulemaking at 18 A.A.R. 1748, effective July 1, 2012 (Supp. 12-2).

**R9-22-2104. Additional Trauma and Emergency Services Payments under the Section 1115 Waiver****R9-22-2102. Distribution of Trauma and Emergency Services Fund: Level I Trauma Centers**

- A.** On or after November 1, 2003, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall take into consideration the proportion of those hospitals' trauma case volume. The Administration shall:
1. Recalculate the November 2003 payments in July 2004 using the formula in subsection (B) of this Section;
  2. Recoup November 2003 overpayments by reducing the July 2004 distributions under subsection (C) as appropriate; and
  3. Redistribute recouped funds, with the July 2004 payment, to level I trauma centers underpaid in November 2003.
- B.** On or after January 31 of each year, the Administration shall distribute monies, under R9-22-2101(B), to level I trauma centers using monies available in the trauma and emergency services fund at the time of payment. The Administration shall determine each hospital's unrecovered trauma center readiness costs for the current fiscal year using data from the most recent reporting year as provided under R9-22-2101(D) and (E). The proportion of each hospital's share of the fund for unrecovered trauma center readiness costs is determined after considering:
1. The professional, clinical, administrative, and overhead costs directly associated with providing level I trauma care, and
  2. The volume and acuity of trauma care provided by each hospital.
- C.** On or after July 31 of each year, the Administration shall distribute monies to level I trauma centers using monies, under R9-22-2101(B), available in the trauma and emergency services fund at the time of payment according to the proportions calculated and used for the January payments in the same year, under subsection (B) of this Section.

**Historical Note**

New Section made by exempt rulemaking at 9 A.A.R. 4001, effective October 19, 2003 (Supp. 03-3).

**R9-22-2103. Distribution of Trauma and Emergency Services Fund: Emergency Services**

On or after June 30 of each year, the Administration shall distribute monies available in the trauma and emergency services fund at the time of payment as follows:

1. As allocated under R9-22-2101(C),

- A.** Notwithstanding R9-22-2101(D), for the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the balance of the Trauma and Emergency Services fund in the following manner:

1. Ninety percent of the amount shall be distributed to Level I trauma centers based upon each center's pro rata share of each center's acuity-adjusted volume as a percentage of the total acuity-adjusted volume for all centers in the state. The acuity-adjusted volume is calculated by multiplying the Injury Severity Score employed by trauma.org by the number of trauma cases at that level treated at the center during the reporting year. Hospitals shall report trauma scores and case volume on a worksheet prescribed by the Administration.
2. Ten percent of the amount shall be distributed proportionately to hospitals that had an emergency department from July 1 through June 30 of the reporting year based the pro rata share of each hospital's cost of emergency care as a percentage of the total statewide cost of emergency care provided by hospitals as reported on the Worksheet B, column 27, line 61 of the hospital's most current Medicare Cost Report as of January 31 following the end of each reporting year.

- B.** For the reporting years ending June 30, 2011 and June 30, 2012, the Administration shall distribute an amount equal to the federal financial participation made available under the section 1115 waiver for the purpose of making payments for unrecovered trauma and emergency services as follows:

1. Thirty percent of such funds to a Level I trauma center, in amounts calculated in the same manner as described in subsection (A)(1) of this Section, for any unrecovered trauma center readiness costs not reimbursed under subsection (A) of this Section;
2. Thirty percent of such funds to a hospital having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsection (A) of this Section; and
3. Forty percent of such funds to rural hospitals, as defined in R9-22-718 that are not Level I trauma centers as defined in R9-22-2101(F), having an emergency department from July 1 through June 30 of the reporting year, in amounts calculated in the same manner as described in subsection (A)(2) of this Section, for any unrecovered emergency services costs not reimbursed under subsections (A) and (B)(2) of this Section.

- C.** For the reporting years ending June 30, 2011 and June 30, 2012, payments made under this Article shall not be made in an amount that results in aggregate payments to the hospital by

the Administration and contractors exceeding of the upper payment limit for the hospital services as calculated in accordance with 42 CFR 447.

- D.** For the reporting years ending June 30, 2011 and June 30, 2012, to ensure compliance with subsection (C), payments under this Article shall be reconciled to the federal fiscal year that is two years subsequent to the payment.

- E.** Any payments that are determined under subsection (D) to exceed the limit in subsection (C) shall be distributed as described in this Article to hospitals that have not received payments in excess of the limit in subsection (C).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## TITLE 12. NATURAL RESOURCES

## CHAPTER 4. GAME AND FISH COMMISSION

Authority: A.R.S. § 17-201 et seq.

## Supp. 21-4

*Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper (Supp. 01-2).*

*Editor's Note: This Chapter contains rules which were adopted or amended under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to A.R.S. § 41-1005(A)(1). Exemption from A.R.S. Title 41, Chapter 6 means that the Game and Fish Commission did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Governor's Regulatory Review Council did not review these rules; the Commission was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

**R12-4-110. Posting and Access to State Land**

A. For the purpose of this Section:

“Corrals,” “feed lots,” or “holding pens” mean completely fenced areas used to contain livestock for purposes other than grazing.

“Existing road” means any maintained or unmaintained road, way, highway, trail, or path that has been used for motorized vehicular travel, and clearly shows or has a history of established vehicle use, and is not currently closed by the Commission.

“State lands” means all land owned or held in trust by the state that is managed by the State Land Department and lands that are owned or managed by the Game and Fish Commission.

- B. In addition to the prohibition against posting proscribed under A.R.S. § 17-304, a person shall not lock a gate, construct a fence, place an obstacle, or otherwise commit an act that denies legally available access to or use of any existing road upon state lands by persons lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
  1. A person in violation of this Section shall take immediate corrective action to remove any lock, fence, or other obstacle unlawfully preventing access to state lands.
  2. If immediate corrective action is not taken, a representative of the Department may remove any unlawful posting and remove any lock, fence, or other obstacle that unlawfully prevents access to state lands.
  3. In addition, the Department may take appropriate legal action to recover expenses incurred in the removal of any unlawful posting or obstacle that prevented access to state land.
- C. The provisions of this Section do not allow any person to trespass upon private land to gain access to any state land.
- D. A person may post state lands as closed to hunting, fishing, or trapping without further action by the Commission when the state land is within one-quarter mile of any:
  1. Occupied residence, cabin, lodge, or other building; or
  2. Corrals, feed lots, or holding pens containing concentrations of livestock other than for grazing purposes.
  3. Subsection (D) does not authorize any person to deny lawful access to state land in any way.
- E. The Commission may grant permission to lock, tear down, or remove a gate or close a road or trail that provides legally available access to state lands for persons lawfully taking wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing if access to such lands is provided by a reasonable alternate route.
  1. Under R12-4-610, the Director may grant a permit to a state land lessee to temporarily lock a gate or close an existing road that provides access to state lands if the taking of wildlife will cause unreasonable interference during a critical livestock or commercial operation. This permit shall not exceed 30 days.
  2. Applications for permits for more than 30 days shall be submitted to the Commission for approval.
  3. If a permit is issued to temporarily close a road or gate, a copy of the permit shall be posted at the point of the closure during the period of the closure.
- F. A person may post state lands other than those referenced under subsection (D) as closed to hunting, fishing, or trapping, provided the person has obtained a permit from the Commission authorizing the closure. A person possessing a permit authorizing the closure of state lands shall post signs in compliance with A.R.S. 17-304(C). The Commission may permit the closure of state land when it is necessary:
  1. Because the taking of wildlife constitutes an unusual hazard to permitted users;
  2. To prevent unreasonable destruction of plant life or habitat; or

The state land lessee or the State Land Commissioner shall file any objections with the Department, in writing, within 30 days after receipt of notice, after which the matter shall be submitted to the Commission for determination.

- I.** The closing of state land to hunting, fishing, or trapping shall not restrict any other permitted use of the land.
- J.** State trust land may be posted with signs that read "State Land No Trespassing," but such posting shall not prohibit access to such land by any person lawfully taking or retrieving wildlife or conducting any activities that are within the scope of and take place while lawfully hunting or fishing.
- K.** When hunting, fishing, or trapping on state land, a license holder shall not:

**R12-4-114. Issuance of Nonpermit-tags and Hunt Permit-tags**

- A.** The Department provides numbered tags for sale to the public. The Department shall ensure each tag:
1. Includes a transportation and shipping permit as prescribed under A.R.S. §§ 17-332 and 17-371, and
  2. Clearly identifies the wildlife for which the tag is valid.
- B.** If the Commission establishes a big game season for which a hunt number is not assigned, the Department or its authorized agent, or both, shall sell nonpermit-tags.
1. A person purchasing a nonpermit-tag shall provide all of the following information to a Department office or license dealer at the time of purchase; the applicant's:
    - a. Name,
    - b. Mailing address, and
    - c. Department identification number.
  2. An applicant shall not obtain nonpermit-tags in excess of the bag limit established by Commission Order when it established the season for which the nonpermit-tags are valid.
- C.** If the number of hunt permits for a species in a particular hunt area must be limited, a Commission Order establishes a hunt number for that hunt area and a hunt permit-tag is required to take the species in that hunt area.
1. A person applying for a hunt permit-tag shall submit an application as described under R12-4-104.
  2. The Department shall determine whether a hunt permit-tag will be issued to an applicant as follows:
    - a. The Department shall reserve a maximum of 20% of the hunt permit-tags for each hunt number, except as established under subsection (C)(2)(b), for bear, deer, elk, javelina, pronghorn, Sandhill crane, and turkey and reserve a maximum of 20% of the hunt permit-tags for all hunt numbers combined statewide for bighorn sheep and bison to issue to persons who have bonus points and shall issue the hunt permit-tags as established under subsection (C)(2)(c).
    - b. For bear, deer, elk, javelina, pronghorn, Sandhill crane, and turkey, the Department shall reserve one hunt permit-tag for any hunt number with fewer than five, but more than one, hunt permit-tags and shall issue the tag as established under subsection (C)(2)(c). When this occurs, the Department shall adjust the number of available hunt permit-tags in order to ensure the total number of hunt permit-tags available does not exceed the 20% maximum specified in subsection (C)(2)(a).
    - c. The Department shall issue the reserved hunt permit-tags for hunt numbers that eligible applicants designate as their first or second choices. The Department shall issue the reserved hunt permit-tags by random selection:
      - i. First, to eligible applicants with the highest number of bonus points for that genus;
      - ii. Next, if there are reserved hunt permit-tags remaining, to eligible applicants with the next highest number of bonus points for that genus; and
      - iii. If there are still tags remaining, to the next eligible applicants with the next highest number of bonus points; continuing in the same manner until all of the reserved tags have been issued or until there are no more applicants for that hunt number who have bonus points.
    - d. The Department shall ensure that all unreserved hunt permit-tags are issued by random selection:
      - i. First, to hunt numbers designated by eligible applicants as their first or second choices; and
      - ii. Next, to hunt numbers designated by eligible applicants as their third, fourth, or fifth choices.
    - e. Before each of the three passes listed under (C)(2)(c)(i), (ii), and (iii), each application is processed through the Department's random number generator program. A random number is assigned to each application; an additional random number is assigned to each application for each group bonus point, including the Education and Loyalty bonus points. Only the lowest random number generated for an application is used in the computer draw process. A new random number is generated for each application for each pass of the computer draw.
    - f. If the bag limit is more than one per calendar year, or if there are unissued hunt permit-tags remaining after the random computer draw, the Department shall ensure these hunt permit-tags are available on a first-come, first-served basis as specified in the annual hunt permit-tag application schedule.
- D.** A person may purchase hunt permit-tags equal to the bag limit for a genus.

## CHAPTER 4. GAME AND FISH COMMISSION

1. A person shall not exceed the established bag limit for that genus.
  2. A person shall not apply for any additional hunt-permit-tags if the person has reached the bag limit for that genus during the same calendar year.
  3. A person who surrenders a tag in compliance with R12-4-118 is eligible to apply for another hunt permit-tag for the same genus during the same calendar year, provided the person has not reached the bag limit for that genus.
- E.** The Department shall make available to nonresidents:
1. For bighorn sheep and bison, no more than one hunt permit-tag or 10% of the total hunt permit-tags, whichever is greater, for bighorn sheep or bison in any computer draw. The Department shall not make available more than 50% nor more than two bighorn sheep or bison hunt permit-tags of the total in any hunt number.
  2. For antlered deer, bull elk, pronghorn, Sandhill crane, or turkey, no more than 10%, rounded down to the next lowest number, of the total hunt permit-tags in any hunt number. If a hunt number for antlered deer, bull elk, pronghorn, Sandhill crane, or turkey has 10 or fewer hunt permit-tags, no more than one hunt permit-tag will be made available unless the hunt number has only one hunt permit-tag, then that tag shall only be available to a resident.
- F.** The Commission may, at a public meeting, increase the number of hunt permit-tags issued to nonresidents in a computer draw when necessary to meet management objectives.
- G.** The Department shall not issue under subsection (C)(2)(c), more than half of the hunt permit-tags made available to nonresidents under subsection (E).
- H.** A nonresident cap established under this Section applies only to hunt permit-tags issued by computer draw under subsections (C)(2)(c) and (d).

- A.** For the purposes of this Section, the following definitions apply:

“Companion tag” means a restricted nonpermit-tag valid for a supplemental hunt prescribed by Commission Order that exactly matches the season dates and open areas of another big game hunt, for which a hunt number is assigned and hunt permit-tags are issued through the computer draw.

“Emergency season” means a season established for reasons constituting an immediate threat to the health, safety or management of wildlife or its habitat, or public health or safety.

“Management objectives” means goals, recommendations, or guidelines contained in Department or Commission-approved wildlife management plans, which include hunt guidelines, operational plans, or hunt recommendations.

“Hunter pool” means all persons who have submitted an application for a supplemental hunt.

- B.** The Commission shall, by Commission Order, open a season or seasons and prescribe a maximum number of restricted nonpermit-tags to be made available under this Section.
- C.** The Department shall implement a population management hunt under the open season or seasons established under subsection (B) if the Department determines the:

    - a. The Department shall not issue more restricted nonpermit-tags than the maximum number prescribed by Commission Order.
    - b. A restricted nonpermit-tag is valid only for the supplemental hunt for which it is issued.
- E.** The provisions of R12-4-104, R12-4-107, R12-4-114, and R12-4-609 do not apply to a supplemental hunt.
- F.** If the Department anticipates the normal fee structure will not generate adequate participation, then the Department may reduce restricted nonpermit-tag fees up to 75%, as authorized under A.R.S. § 17-239(D).
- G.** A supplemental hunt application submitted in accordance with this Section does not invalidate any other application submitted by the person for a hunt permit-tag.
1. The Department shall not accept a group application, as defined under R12-4-104, for a restricted nonpermit-tag.
  2. An applicant shall not apply for or obtain a restricted nonpermit-tag to take wildlife in excess of the bag limit established by Commission Order.

The falconer may possess the raptor for no more than 30 consecutive days while waiting for the researcher or falconer to retrieve the transmitter and raptor. The raptor shall not count towards the falconer's take or possession limits, provided the falconer reports the temporary possession of the raptor to the Department no more than five consecutive days after capturing the raptor. The Department shall determine the disposition of a raptor when the researcher or falconer does not replace the transmitter or retrieve the raptor within the initial 30-day period.
  12. A licensed falconer may capture any raptor displaying a federal Bird Banding Laboratory (BBL) aluminum research band or tag, except a peregrine falcon (*Falco peregrinus*).   14. When attempting to trap a raptor in Cochise, Graham, Pima, Pinal, or Santa Cruz counties, a licensed falconer shall:
    - a. Not begin trapping while a northern aplomado falcon (*Falco femoralis septentrionalis*) is observed in the vicinity of the trapping location.

    - c. The falconer shall inform the Department of the capture plans in person, in writing, or by telephone at least three business days before trapping is initiated. - G. An applicant for a white amur stocking or restocking license shall submit an application to the Department. A separate application is required for each location where the applicant proposes to stock white amur. The application is furnished by the Department and is available from any Department office and on the Department's website. The applicant shall provide the following information on the application:

Title 41, Chapter 6, Article 10. In a proceeding conducted under A.R.S. § 17-340, a respondent shall limit testimony to facts that show why the license should not be revoked or denied. Because the Commission does not have the authority to consider or change the conviction, a respondent is not permitted to raise this issue in the proceeding. The Commission

shall permit a respondent to offer testimony or evidence relevant to the Commission's decision to impose a civil penalty or order a civil action for the recovery of wildlife parts.

- C.** If a respondent does not appear for a hearing on the date scheduled, at the time and location noticed, no further opportunity to be heard shall be provided, unless a rehearing or review is granted under R12-4-608. The Commission shall ensure that written testimony received at the time of the hearing is read into the record at the hearing.
- D.** The Commission shall base its decision on the officer's case report, a summary prepared by the Department, a certified copy of the court record, and any testimony presented at the hearing. The Department shall supply the respondent with a copy of each document provided to the Commission for use in reaching a decision.
- E.** Any party may apply to the Commission for issuance of a subpoena to compel the appearance of any witness or the production of documents at any Commission hearing. No less than 10 calendar days before the hearing, the party shall file a written application that provides the name and address of the witness, the subject matter of the expected testimony, the documents sought to be produced, and the date, time, and place of the hearing. The Commission Chair has the authority to issue the subpoenas.
1. A party shall have a subpoena served as prescribed in the Arizona Rules of Civil Procedure, Rule 45. An employee of the Department may serve a subpoena at the request of the Commission Chair.

When the Department receives a recommendation from the administrative law judge at least 30 days prior to the next regularly scheduled Commission meeting, the Department shall place the recommendation on the agenda for that meeting. A recommendation from the administrative law judge received after this time shall be considered at the next regularly scheduled open meeting.
- G.** A license revoked by the Commission is suspended on the date of the hearing and revoked upon issuance of the findings of fact, conclusions of law, and order. If a respondent appeals the Commission's order revoking a license, the license is revoked after all appeals have been exhausted. A denial of the right to obtain a license is effective for a period determined by the Commission as authorized under A.R.S. § 17-340, beginning on the date of the hearing.
- H.** A license suspended by the Commission is suspended on the date of the hearing, and suspended upon issuance of the findings of fact, conclusions of law, and order. If a respondent appeals the Commission's order suspending a license, the license is suspended after all appeals have been exhausted. - A. A party shall exhaust the party's administrative remedies by filing a motion for rehearing or review as provided in this Section. Failure to file a motion for rehearing or review within 30 days of service of the Commission's decision has the effect of prohibiting the party from seeking judicial review of the Commission's decision.
- B. A party in a contested case or appealable agency action before the Commission may file a motion for rehearing or review of a Commission decision, specifying the grounds upon which the motion is based. The motion for rehearing or review shall be filed within 30 calendar days after service of the Commission's decision. For purposes of this subsection a decision is served when personally delivered or mailed by certified mail to the party's last known residence or place of business.
- C. A party may amend a motion for rehearing or review at any time before the Commission rules upon the motion. A written response to a motion for rehearing or review may be filed and served within 15 days after service of the motion for rehearing or review. The Commission may require that the parties file supplemental memoranda on any issue raised in a motion or response, and allow for oral argument.
- D. The Commission has the authority to grant rehearing or review for any of the following causes materially affecting the moving party's rights:
  1. Irregularity in the proceedings of the Commission, or any order or abuse of discretion that deprived the moving party of a fair hearing;
  2. Misconduct of the Commission, its staff, an administrative law judge, or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the proceeding; or
  7. That the findings of fact or decision is not justified by the evidence or is contrary to law.
- E. The Commission may either deny the motion for rehearing or review or grant a rehearing or review for any of the reasons listed under subsection (E). The Commission's order granting a rehearing or review shall specify the grounds for the order, and any rehearing shall cover only those grounds upon which the rehearing or review was granted.
- F. After giving the party notice and an opportunity to be heard, the Commission may grant a motion for a rehearing or review for a reason not stated in the motion.
- G. Within the time-frame for filing the motion for rehearing or review, the Commission may grant a rehearing or review on its own initiative for any reason for which the Commission may have granted relief on motion of a party.
- H. When the Commission grants a rehearing or review, the Commission shall hold the rehearing or review at its next regularly

scheduled meeting or within 90 days of issuance of the order granting the rehearing or review. With the consent of the parties, the Commission may proceed to conduct the rehearing or review in the same meeting in which the Commission granted the rehearing or review.

- I. The Commission may take additional testimony, amend findings of fact and conclusions of law, and affirm, modify or reverse the original decision.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.
