## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

- D.** A flagrant violation or repeated major deviation following a suspension pursuant to subsection (C) shall result in an indefinite revocation of the privilege to use the service mark. The privilege to use the service mark shall not be restored to the signatory for a minimum of two years unless the signatory demonstrates to the satisfaction of the auditor and the Committee a significant change in management and brand.
- E.** A signatory whose privilege to use the service mark is suspended or revoked pursuant to subsections (B) through (D) shall not use the service mark until the signatory has undergone at least one new audit without the finding of any major deviations or flagrant violations and has evidenced that the signatory has corrected any minor deviations found.
- F.** At least two weeks of any suspension of the privilege to use the service mark under subsections (B) through (D) shall occur between December 1 and March 31.
- G.** The Committee may accelerate the progression of penalties under this Section if the signatory's product seriously affects a person's health and the signatory handled the product with intentional, knowing or reckless disregard for the signatory's obligations under the LGMA and best practices.
- H.** A signatory shall not lose the privilege to use the service mark under subsections (A)(1) and (2) without an opportunity for a hearing under A.R.S. Title 41, Chapter 6, Article 10, except if the Committee finds that the public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, the Committee may order summary suspension of a signatory's privilege to use the service mark.
- I.** A signatory that loses the privilege to use the mark under subsection (A)(3) shall pay all assessments due from prior fiscal

years, including penalties and interest, before regaining the privilege to use the service mark.

- J.** The Committee may publish a list of signatories whose privilege to use the service mark has been suspended.

**Historical Note**

New Section made by exempt rulemaking at 16 A.A.R. 2282, effective October 28, 2010 (Supp. 10-4). Amended by exempt rulemaking at 17 A.A.R. 2569, effective November 29, 2011 (Supp. 11-4). Amended by final exempt rulemaking at 19 A.A.R. 4019, effective October 15, 2013 (Supp. 13-4).

**R3-9-605. Violation Levels; Repeated Violations**

- A.** Violations of R3-9-602 fall into four levels: flagrant violations, major deviations, minor deviations, and minor infractions. The Committee or its designee shall determine the level of a violation consistent with this Section.
- B.** A flagrant violation occurs when a signatory buys, consigns, or otherwise accepts or handles a leafy green product and knows or should have known the product was grown, packed, shipped, processed or handled in violation of R3-9-602 and the violation:
  1. Significantly increases the risk of delivering unsafe product into commerce;
  2. Affects the integrity of the LGMA's food safety program; or
  3. In the Committee's judgment, merits more serious treatment than a major deviation based on the consideration of, as relevant:
    - a. The position of the employee responsible for the violation,
    - b. Whether the employee responsible for the violation knowingly committed the violation,
    - c. The circumstances surrounding the violation,
    - d. Whether the signatory took prompt corrective action,
    - e. Whether the signatory has committed the same or a similar violation previously, and
    - f. Any other relevant facts.
- C.** A major deviation is a violation of R3-9-602 that may inhibit the maintenance of food safety, but that does not necessarily result in unsafe product.
- D.** The following violations constitute at least major deviations and are potentially flagrant violations:
  1. Falsification of any record for any reason;
  2. Spitting in the field;
  3. Unclean sanitation facilities, including the presence of soiled toilet paper;
  4. Failure to:
    - a. Properly wash hands after using a restroom or returning to the field;
    - b. Follow the best practices with respect to feces or fecal matter found in the field;
    - c. Follow the best practices with respect to the use of compost or animal manure, including creating and maintaining proper records related to that use;
    - d. Have a trace-back system;
    - e. Sanitize gloves and knives;
    - f. Follow a work health practices program concerning the transfer of human pathogens by workers; or
    - g. Provide a Compliance Plan, as defined in the best practices, to an auditor;
  5. Refusing an audit; and
  6. Conditions for which an automatic "unsatisfactory" would be assessed by USDA if performing a GAP/GHP audit.

## CHAPTER 9. DEPARTMENT OF AGRICULTURE - AGRICULTURAL COUNCILS AND COMMISSIONS

- E. Violations constituting flagrant violations or major deviations are not limited to those listed in subsection (D).
  - F. A minor deviation is a violation of R3-9-602 that the signatory can correct within five business days of the audit and that does not necessarily increase the risk of a food borne illness.
  - G. A minor infraction is a violation of R3-9-602 that the signatory corrects before the auditor leaves the audited premises and that does not necessarily increase the risk of a food borne illness.
  - H. The Committee or its designee may assess a signatory with a major deviation if an auditor discovers several minor deviations or minor infractions of the same type or if a signatory fails to timely submit a corrective action plan.
  - I. Repeated major violations are limited to violations occurring during the current and prior fiscal year.
- A. A signatory who commits a flagrant violation, major deviation, or minor deviation shall correct the violation and submit a corrective action plan to the Committee or its designee within five business days of receipt of the audit report noting the violation. If the Committee or its designee rejects the corrective action plan, the signatory has 24 hours to submit a revised corrective action plan.
  - B. In the case of a flagrant violation or major deviation, once the Committee or its designee accepts the signatory's corrective action plan, an auditor shall perform an unannounced audit of the signatory within three business days.
  - C. The signatory shall comply with the corrective action plan.
  - D. Notwithstanding subsection (A), in the case of a violation that creates an immediate danger to public health, the signatory shall submit a correction action plan immediately and take necessary action to minimize the threat to public health.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 4. PROFESSIONS AND OCCUPATIONS****CHAPTER 16. ARIZONA MEDICAL BOARD**

Authority: A.R.S. § 32-1401 et seq.

**Supp. 21-4**

**Editor's Note:** Supp. 16-1 has rules amended as final exempt rules. The proposed exempt rules were published on the Board's website for 30 days and the end which no additional public comments were received (Supp. 16-1).

**Editor's Note:** Supp. 15-4 has rules that were submitted as final exempt rules. Pursuant to Laws 2015, Chapter 251, Section 3, the Board was required to provide public notice and an opportunity for the public to comment on its proposed exempt rules. Three public meetings were conducted. Even though the proposed exempt rules were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Exempt rulemakings are those that are submitted to the Office of the Secretary of State without receiving public comment (Supp. 15-4).

**Editor's Note:** The name of the Allopathic Board of Medical Examiners was changed to the Arizona Medical Board by Laws 2002, Ch. 254, § 9, effective August 22, 2002 (Supp. 03-2).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 4. PROFESSIONS AND OCCUPATIONS****CHAPTER 19. BOARD OF NURSING**

Exemption from A.R.S. Title 41, Chapter 6 means the Board was not required to submit proposed rules for publication in the Arizona Administrative Register, conduct a public hearing on the rules, or required to submit the rules for approval by the Governor's Regulatory Review Council. Refer to the historical notes for more information (Supp. 16-2).*

## CHAPTER 19. BOARD OF NURSING

6. "Overall time-frame" has the same meaning as A.R.S. § 41-1072(2).
7. "Substantive review time-frame" has the same meaning as A.R.S. § 41-1072(3).
- B.** In computing the time-frames in this Section, the day of the act or event from which the designated period begins to run is not included. The last day of the period is included unless it is a Saturday, Sunday, or official state holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or official state holiday.
- C.** For each type of licensure, certification, or approval issued by the Board, the overall time-frame described in A.R.S. § 41-1072(2) is listed in Table 1. An applicant may submit a written request to the Board for an extension of time in which to provide a complete application. The request for an extension of time shall be submitted to the Board office before the deadline for submission of a complete application and shall state the reason that the applicant is unable to comply with the time-frame requirements in Table 1 and the amount of additional time requested. The Board may grant an extension of time based on whether the Executive Director of the Board finds that the applicant is unable to comply within the time-frame due to circumstances beyond the applicant's control and that the additional information can reasonably be supplied during the extension of time.
- D.** For each type of licensure, certification, or approval issued by the Board, the administrative completeness review time-frame described in A.R.S. § 41-1072(1) is listed in Table 1 and begins to run when the Board receives an application packet.
  1. If the application packet is not administratively complete, the Board shall send a deficiency notice to the applicant. The time for the applicant to respond to a deficiency notice begins to run on the date the deficiency notice is issued.
    - a. The deficiency notice shall list each deficiency.
    - b. The applicant shall submit to the Board the missing information listed in the deficiency notice within the period specified in Table 1 for responding to a deficiency notice. The time-frame for the Board to complete the administrative review is suspended until the Board receives the missing information.
    - c. If an applicant fails to provide the missing information listed in the deficiency notice within the period specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application.
    - d. If the applicant is the subject of an investigation, the Board may continue to process the application. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
  2. If the application packet is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.
  3. If the Board issues a license, certificate, or approval during the administrative completeness review time-frame, the Board shall not send a separate written notice of administrative completeness.
- E.** For each type of licensure, certification, or approval issued by the Board, the substantive review time-frame described in A.R.S. § 41-1072(3) is listed in Table 1 and begins to run on the date the notice of administrative completeness is issued.
  1. During the substantive review time-frame, an applicant may make a request to withdraw an application packet.
 

The Board may deny the request to withdraw an application packet if the applicant is the subject of an investigation, based on information gathered during the investigation.
  2. If an applicant discloses or the Board receives allegations of unprofessional conduct as described in A.R.S. § 32-1601 or this Chapter, the Board shall review the allegations and may investigate the applicant. The Board may require the applicant to provide additional information as prescribed in subsection (E)(3) based on its assessment of whether the conduct is or might be harmful or dangerous to the health of a client or the public.
  3. During the substantive review time-frame, the Board may make one comprehensive written request for additional information. The applicant shall submit the additional information within the period specified in Table 1. The time-frame for the Board to complete the substantive review of the application packet is suspended from the date the comprehensive written request for additional information is issued until the Board receives the additional information.
  4. If the applicant fails to provide the additional information identified in the comprehensive written request for additional information within the time specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application. The Board may continue to process the application if the applicant is the subject of an investigation. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
  5. The Board shall grant licensure, conditional licensure, limited licensure, certification, or approval to an applicant:
    - a. Who meets the substantive criteria for licensure, certification, or approval required by A.R.S. Title 32, Chapter 15 and this Chapter; and

Certificates issued on or before July 1, 2004, or those issued without proof of national certification under R4-19-505(B)(5) and (B)(2) do not expire unless the RN license expires under A.R.S. § 32-1642 or the nurse has not practiced advanced practice nursing at the applicable level of certification for a minimum of 960 hours in the five years before the date the application is received. This requirement is satisfied if the applicant verifies that the applicant has:

Upon completion of the coursework, the nurse shall engage in a period of precepted clinical practice as specified in this subsection;
1. Precepted clinical practice shall be directly supervised by an APRN in the same role and population focus as the certification being renewed or a physician who engages in practice with the same population focus as the certification being renewed.
  2. Practice hours completed during the time-frame specified below may be applied to reduce the number of precepted clinical practice hours, except that in no case shall the hours be reduced by more than half the requirement. The nurse shall complete hours according to the following schedule:
    - a. 300 hours if the applicant has practiced less than 960 hours in only the last five years;

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

**Administrative Rules Division**

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

**TITLE 7. EDUCATION****CHAPTER 2. STATE BOARD OF EDUCATION**

Authority: A.R.S. § 15-203(A)(1)

**Supp. 21-4**

*Editor's Note: Under A.R.S. 41-1011(C) changes were made to headings and rule language for consistency in style and format. Part headings in this Chapter were assigned numbers. These changes did not alter the sense, meaning or effect of any rule in this Chapter. The Board reviewed and approved these clerical changes. Section R7-2-604.01 was inadvertently removed when Supp. 19-4 was published. It has been reinstated as last amended in Supp. 15-3 (Supp. 21-2).*

*Editor's Note: This Chapter contains rules in Articles 10 and 11 that were filed in 2015 but were adopted in 2014. The Office has corrected all Supp. 15-3 historical notes in these Articles to reflect the true effective year of the rules to July 1, 2014 (Supp. 18-2).*

*Editor's Note: This Chapter contains rules that were filed out of sequence by adoption date. The Office has made every effort to codify the previous filings with the current Chapter and update the historical references where necessary. Refer to the historical notes for more information (Supp. 16-2).*

*Editor's Note: Supp. 16-1 contains rules that were submitted as final exempt rules and approved by the Board February 25, 2008. Although approved by the Board in 2008, the rulemaking was not filed in the Secretary of State's Office for publication in this Chapter until 2016. The final exempt rulemaking was filed by the Board on January 6, 2016 (Supp. 16-1).*

*Editor's Note: Supp. 15-3 contains rules that were submitted as final exempt rules. Pursuant to the Board's rulemaking procedures a public hearing was held on the rules after they were proposed at a Board meeting. Even though the proposed rules were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Final exempt rulemakings are those filed with conditional exemptions to the Arizona Administrative Procedures Act such as requirements to conduct a public hearing or accept public comments on a proposed exempt rulemaking. Although approved by the Board, these final exempt rulemakings were not filed with the Secretary of State's Office at the time of approval. Therefore these rules were in effect prior to the release of Supp. 15-3. Refer to the historical notes for effective dates.*

*Editor's Note: This Chapter contains rules made, amended, repealed, renumbered and approved by the State Board of Education that were exempt from the rulemaking process. Although approved by the Board, certain rulemakings were not filed with the Secretary of State's Office at the time of approval. These rulemakings were filed in 2009 and 2010 and printed as Exempt Rulemakings in the Arizona Administrative Register. The Office has expedited the publishing of these Sections in the Arizona Administrative Code because these rules were in effect prior to Supp. 09-1, Supp. 09-2, Supp. 09-3, Supp. 09-4, Supp. 10-1, Supp. 10-2, Supp. 10-3, Supp. 10-4, Supp. 11-1, and Supp. 12-2 releases. Refer to the historical notes for more information.*

1. “Personal Curriculum” means a documented process that may be used to modify the high school graduation requirements for mathematics delineated in R7-2-302.02(1)(c). A student may use a personal curriculum to modify the Algebra II requirement delineated in R7-2-302.02(1)(c)(ii) and reduce the credit requirements for mathematics from four to three credits. A student who successfully completes the student’s personal curriculum meets the requirements for high school graduation.
2. “Development Team” means a team that develops a personal curriculum for a student and consists of the student, the parent or legal guardian of the student, and a school counselor or principal or their designee. A school principal may add additional members to the development team as the principal deems appropriate.

**B. A student is eligible for a personal curriculum if the student meets the following criteria:**

1. The student has successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i); and
2. Despite the student’s successful completion of the mathematics requirements delineated in R7-2-302.02(1)(c)(i), the development team determines that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content.

**C. The requirements for a personal curriculum are as follows:**

1. An eligible student may only modify the mathematics requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content;
  2. In lieu of successfully completing Algebra II or its equivalent course content, an eligible student shall successfully complete at least one credit in mathematics that shall include significant mathematics content as determined by the local school district governing board or charter school; and
  3. An eligible student shall successfully complete a course in mathematics in the student’s senior year.
- D. The procedures for developing and implementing a personal curriculum are as follows:**
1. The parent or legal guardian of a student, an emancipated student, or a student with permission from the student’s parent or legal guardian may request a personal curriculum in a manner prescribed by the local school district governing board or charter school.
  2. Upon receipt of a request for a personal curriculum made pursuant to subsection (D)(1), the local school district or charter school shall verify that the student successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i) and, upon verification, shall convene a development team.
  3. The development team shall:
    - a. Verify that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content,
    - b. Identify an appropriate alternative mathematics course or courses to modify the requirement for Algebra II or its equivalent course content,
    - c. Develop a written personal curriculum plan that includes the alternative mathematics course or courses identified in subsection (D)(3)(b) and a plan for monitoring student progress toward successfully completing the alternative mathematics course or courses. In developing the personal curriculum plan the development team shall consider how the proposed modifications maintain the integrity of the high school diploma and enable the student to achieve the student’s post-secondary education and career goals.
  4. The development team may modify the personal curriculum plan based upon the development team’s evaluation of the student’s progress.
- E. The Superintendent of Public Instruction shall monitor a school district or charter school if there is reason to believe that the school district or charter school is allowing modifications inconsistent with the requirements delineated in this Section.**

If the Department determines that an LEA is not complying with state or federal laws applicable to EL students, the LEA shall prepare and submit to the Department, within 60 days of the Department's determination, a corrective action plan that sets forth steps that the LEA will take to correct the deficiencies noted in the report.
5. The Department shall review and return such corrective action plan to the LEA within 30 days, noting any required changes. No later than 30 days after receiving its corrective action plan back from the Department, the LEA shall begin implementing the measures set forth in the plan, including any revisions required by the Department.
6. The Department shall conduct a follow-up evaluation of the LEA within one year after returning the corrective action plan to the LEA.
7. If the Department finds continued non-compliance during the follow-up evaluation, the LEA shall be referred to the Board for a determination of non-compliance.   3. "Non-printed instructional materials" means non-printed textbooks and related core materials, including those that require the availability of electronic equipment in order to be used as a learning resource, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. These materials shall be available to the extent technologically available, and may include software programs, CD-ROMs and internet-based materials.
  4. "Printed instructional materials" means textbooks and related printed core materials, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. This may include workbooks, practice tests, and tests.

  7. "Structural integrity" means the structure of all parts of the printed instructional material will be kept intact to the extent feasible and as mutually agreed upon by the publisher and the local educational agency. This may include appropriate representation of graphic illustrations.
- C. Upon determination of a student having a visual impairment as assessed by a full and initial evaluation defined in R7-2-401(E)(6)(i), a visually impaired student who is determined to be blind as defined by A.R.S. § 15-214(B) shall receive an individualized Braille literacy assessment.
- D. Individualized Education Programs (IEP) for blind students. In addition to the requirements for establishing and implementing an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be "blind" as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:

- E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.
1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. Certification shall include all of the following:

    - c. The instructional materials are for use by the student in connection with a course in which he or she is enrolled, as verified by the person overseeing the education of students who are blind or visually impaired.
  2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional materials in a specialized format pursuant to the student's IEP.
  3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEAs who have met the requirements of subsections (B) and (D) to provide services to students who require such services pursuant to R7-2-401(F)(5).

The Department shall issue a comparable standard Arizona certificate described in R7-2-608, R7-2-609, R7-2-610, R7-2-611, R7-2-612 or R7-2-613 to an applicant who holds a valid certification from the National Board for Professional Teaching Standards, possess a valid fingerprint clearance card issued by the Arizona Department of Public Safety, and holds a bachelor's, master's or doctoral degree from an accredited institution. These applicants are exempt from all portions of the Arizona Teacher Proficiency Assessment.
- J. An applicant is not required to take any portion of the Arizona Teacher Proficiency Assessment if the applicant has at least three years of full-time teaching experience in any state, including this state, in the comparable area of certification or endorsement in which the person is applying for certification, regardless of whether the applicant was certified or uncertified. An applicant is not required to take any portion of the Arizona Administrator Proficiency Assessment if the person has at least three years of full-time experience as a school administrator in any state, including this state, regardless of whether the applicant was certified or uncertified.

Notwithstanding any other provision, an individual with a deficiency in the Arizona and U.S. Constitutions who teaches an academic course that focuses primarily on history, government, social studies, citizenship, law or civics shall be issued a standard certificate subject to suspension in one year if that deficiency is not removed. The suspension is not considered a disciplinary action and the individual shall be allowed to correct that deficiency within the remaining time of the standard certification.
- T. As used in this Article, unless otherwise provided, "work experience" means paid or unpaid work, including teaching experience as a certificated or noncertificated educator at a public or private school, which demonstrates knowledge or skill relevant to a subject area. This does not in any way restrict the provisions of R7-2-401(B)(14) which defines “interpreter” and provides that each student’s IEP team determines the level of interpreter skill necessary for the provision of FAPE, nor does it restrict a school district’s ability to develop a job description for someone in a position of “educational interpreter” that requires additional job responsibilities.

If a public education agency (PEA) is unable to find an individual meeting the above qualifications, the PEA may hire an individual with lesser qualifications, but the PEA is required to provide a professional development plan for the individual they employ to provide educational interpreting services. This professional development plan must include the following:
  - a. Proof of at least 24 hours of training in interpreting each year that a valid certification is not held or EIPA passing score is not attained, and
  - b. Documentation of a plan for the individual to meet the required qualifications within three years of employment. If the qualifications are not attained within three years, but progress toward attainment is

The school district shall designate a time-frame within which the bidder shall either:

## CHAPTER 2. STATE BOARD OF EDUCATION

1. Confirm that no mistake was made and assert that the bid stands as submitted; or
  2. Acknowledge that a mistake was made and include all of the following in a written response:
    - a. An explanation of the mistake and any other relevant information;
    - b. A request for correction including the corrected bid or a request for withdrawal; and
    - c. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.
- B.** A bidder who discovers a mistake in its bid after bid opening and before award, may request correction or withdrawal in writing and shall include all of the following in the written request:
1. An explanation of the mistake and any other relevant information;
  2. A request for correction including the corrected bid or a request for withdrawal; and
  3. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.
- C.** After bid opening and before award, a bid mistake based on an error in judgment may not be corrected or withdrawn. Other bid mistakes may be corrected or withdrawn pursuant to subsections (D) through (F).
- D.** After bid opening and before award, the school district shall either waive minor informalities in a bid or allow the bidder to correct them if correction is advantageous to the school district.
- E.** After bid opening and before award, the bid may not be withdrawn and shall be corrected to the intended bid if a bid mistake and the intended bid are evident on the face of the bid.
- F.** After bid opening and before award, the school district may permit a bidder to withdraw a bid if:
1. A nonjudgmental mistake is evident on the face of the bid but the intended bid is not evident; or
  2. The bidder establishes by clear and convincing evidence that a nonjudgmental mistake was made.
- G.** If correction or withdrawal of a bid after bid opening is permitted or denied under subsections (D), (F) and (J), the school district shall prepare a written determination showing that the relief was permitted or denied under this Section.
- H.** Notwithstanding other provisions of this Section, after bid opening and before award, no corrections in bid prices or other provisions of bids prejudicial to the interest of the school district or fair competition shall be permitted.
- I.** If a mistake in the bid is discovered after the award, the bidder may request withdrawal or correction in writing and shall include all of the following in the written request:
1. An explanation of the mistake and any other relevant information;
  2. A request for correction including the corrected bid or a request for withdrawal; and

1. Allow correction of the mistake, if the corrected bid amount is less than the next lowest bid;
  2. Cancel all or part of the award; or
  3. Deny correction or withdrawal.
- K.** After cancellation of all or part of an award in accordance with subsection (J)(2), if the bid acceptance period has not expired, the school district may award all or part of the contract to the next lowest responsible and responsive bidder, based on the considerations of fair competition and the best interest of the school district.

**R7-2-1031. Bid Evaluation and Award**

- A.** As provided in subsection (C), the contract or contracts shall be awarded to the lowest responsible and responsive bidder or bidders whose bid or bids conform in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.
- B.** A product acceptability evaluation shall be conducted solely to determine whether a bidder's product is acceptable as set forth in the invitation for bids and not whether one bidder's product is superior to another bidder's product. Any bidder's offering that does not meet the acceptability requirements shall be rejected as nonresponsive.
- C.** The school district shall award the contract to the single lowest responsible and responsive bidder for all materials or services, except that the school district may make a multiple award if the invitation for bids included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.
- D.** Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to offer the lowest cost in satisfying the school district's requirements. A multiple award shall be limited to the least number of suppliers the school district determines in writing to be necessary to meet the school district's requirements, and may include the following types of awards:
1. Awards to the lowest responsible and responsive bidder for individual line items, groups of line items, or categories.
  2. Awards to the lowest responsible and responsive bidders for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of bidders necessary to meet the school district's requirements.
  3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the lowest responsible and responsive bidder, then the next lowest responsible and responsive bidder or bidders until the total definite quantity required is awarded.
  4. A regional award to the lowest responsible and responsive bidder in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over

widely scattered locations or a particular requirement is of a local nature.

- E. The procurement file shall contain the basis on which the award or awards are made.
- F. The school district shall not modify evaluation criteria after the bid due date and time.
- G. A school district may appoint an evaluation committee to assist in the evaluation of bids. If bids are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
  - 1. Accept the findings of the evaluation committee;
  - 2. Request additional information from the evaluation committee; or
  - 3. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing bids or cancel the solicitation.
- H. The school district may contact a bidder to confirm the school district's understanding of the bid. Such contact shall be prior to award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.
- I. The contract or contracts shall be awarded during the bid acceptance period. If the bid acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the bid acceptance period is extended in accordance with subsection (J).
- J. To extend the bid acceptance period, a school district shall notify all bidders in writing of an extension and request written concurrence from each bidder. To be eligible for a contract award, a bidder shall submit a written concurrence to the extension. The school district shall reject a bid as nonresponsive if written concurrence is not provided as requested.
- K. A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under subsection (A). This Section does not permit negotiations with any bidder, except as provided in subsection (L).
- L. If all bids for a construction project exceed available monies as certified by the school district, and the lowest responsive bid from a responsible bidder does not exceed such monies by more than five percent, the school district may in situations in which time or economic considerations preclude resolicitation of work of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder, to bring the bid within the amount of available monies.
- M. If there are two or more low responsive bids from responsible bidders that are identical in price and that meet all the requirements and criteria set forth in the invitation for bids, award shall be made by drawing lots in the presence of one or more witnesses.
- N. A record showing the basis for determining the successful bidder shall be retained in the procurement file.
- O. The school district shall notify all bidders of an award.
- P. After a contract is awarded, the school district shall return any bid security provided by unsuccessful bidders.
- Q. Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful bidder.
- R. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all bids, available for public inspection.

- 1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.
- 2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

**R7-2-1032. Only One Bid Received**

If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines in writing that the bidder is responsible, that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

- 1. New bids may be solicited;
- 2. The proposed procurement may be canceled; or
- 3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
  - a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
  - b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 and R7-2-1056 if an emergency condition exists pursuant to R7-2-1055.

- B. To participate in the simplified school construction procurement program:
  - 1. Each county school superintendent shall maintain a prospective bidders list of persons who desire to receive solicitations to bid on school district construction projects within that county. The prospective bidders list shall be maintained in accordance with R7-2-1023;
  - 2. The prospective bidders list maintained pursuant to subsection (B)(1) shall be available for public inspection;
  - 3. A performance bond and a payment bond, as required by A.R.S. § 34-222, shall be provided for contracts for construction by contractors;

  2. Definite criteria exist for evaluation of technical offers;
  3. More than one technically qualified source is expected to be available; and
  4. A fixed-price contract will be used.

If a pre-technical offer conference is conducted, it shall be not less than seven days before the technical offer due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during the pre-technical offer conference shall not be considered modifications to the invitation to submit technical offers.
- D. The invitation to submit technical offers may be amended before or after the submission of the unpriced technical offers. Amendments to an invitation to submit technical offers shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation to submit technical offers was distributed or made available. The school district shall make a copy of the amendments to an invitation to submit technical offers available for public inspection at the school district office. If the school district posted the invitation to submit technical offers or a notice of the availability of an invitation to submit technical offers on a designated site on the Internet, then the school district shall post any amendments to the invitation to submit technical offers on the same designated site on the Internet. The school district shall also do one or more of the following:

3. A person shall acknowledge receipt of an amendment in the manner specified in the invitation to submit technical offers or the amendment on or before the technical offer due date and time.

A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis for the determination and be retained in the procurement file. - G. The school district may conduct discussions with any person who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from one unpriced technical offer to any other person. - R7-2-1045. Receipt, Opening and Recording of Proposals**

## CHAPTER 2. STATE BOARD OF EDUCATION

- A. A school district shall maintain a record of proposals and modifications received for each solicitation, shall record the time and date when each proposal or modification is received, and shall store each unopened proposal or modification in a secure place until the proposal due date and time.
  - 1. If required to confirm a vendor's inquiry regarding receipt of its proposal prior to the due date and time, a school district may open a proposal to identify the vendor. If this occurs, the school district shall record the reason for opening the proposal, the date and time the proposal was opened, and the solicitation number. The school district shall secure the proposal and retain it for public opening.
  - 2. One or more witnesses shall be present for the opening of a proposal under subsection (A)(1).
- B. Proposals and modifications shall be opened publicly at the date, time and place designated in the request for proposals in the presence of one or more witnesses. The name of each offeror and other relevant information deemed appropriate by the school district shall be recorded. The person opening the proposals and all witnesses shall sign the record. All other information contained in the proposals shall be confidential so as to avoid disclosure of contents prejudicial to competing offerors during the evaluation of proposals. Proposals and modifications shall be shown only to school district personnel having a legitimate interest in them or persons assisting the school district in evaluation.
  - 1. The record created in subsection (B) shall be available for public inspection.
  - 2. The proposals shall not be open for public inspection until after a contract is awarded.
- C. The contract or contracts shall be awarded during the proposal acceptance period. If the proposal acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the proposal acceptance period is extended in accordance with subsection (D).
- D. To extend the proposal acceptance period, a school district shall notify all offerors in writing of an extension and request written concurrence from each offeror. To be eligible for a contract award, an offeror shall submit a written concurrence to the extension. The school district shall reject a proposal as nonresponsive if written concurrence is not provided as requested.
- E. For the purpose of conducting discussions, the school district shall determine that proposals are either acceptable for further consideration or unacceptable.
- F. A proposal is acceptable if it is determined to be reasonably susceptible of being awarded a contract in accordance with the evaluation criteria and a comparison and ranking of original proposals. Proposals to be considered reasonably susceptible of being awarded a contract shall, at a minimum, demonstrate the following:
  - 1. Affirmative compliance with mandatory requirements designated in the solicitation.
  - 2. An ability to deliver goods or services on terms advantageous to the school district sufficient to be entitled to continue in the competition.
  - 3. That the proposal is technically acceptable as submitted.
- G. A proposal is unacceptable if it is determined to not be reasonably susceptible of being awarded a contract. Those proposals that have no reasonable chance for award when compared on a relative basis with more highly ranked proposals will not be reasonably susceptible of being awarded a contract. The determination shall be in writing, state the basis for the determination and be retained in the procurement file. When there is doubt as to whether a proposal is reasonably susceptible of being awarded a contract, the proposal shall be considered acceptable.
- H. If the school district determines an offeror's proposal is unacceptable, the school district shall notify that offeror of the determination and that the offeror shall not be afforded an opportunity to amend its proposal.

  - 2. The school district shall not modify evaluation factors or the relative importance of price and other evaluation factors after the proposal due date and time.
  - 3. A school district may appoint an evaluation committee to assist in the evaluation of proposals. If proposals are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
    - a. Accept the findings of the evaluation committee;
    - b. Request additional information from the evaluation committee; or
    - c. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing proposals or cancel the solicitation.
- B. As part of its initial evaluation, the school district may contact an offeror to confirm the school district's understanding of the proposal. Such contact shall be prior to the determination that a proposal is acceptable for further consideration. The school district shall obtain written confirmation from the offeror and shall retain the confirmation in the procurement file.

As provided in subsection (B), the school district shall award a contract or contracts to the responsible offeror or offerors whose proposal or proposals are determined in writing to be most advantageous to the school district based on the factors set forth in the request for proposals. No factors or criteria may be used in proposal evaluation that are not set forth in the request for proposals. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the most advantageous proposal.
- B. The school district shall award the contract to the offeror whose proposal is deemed most advantageous to the school district for all materials or services, except that the school district may make a multiple award if the request for proposals included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.

  3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the offeror whose proposal is determined to be the most advantageous to the school district, then to the offeror with the next most advantageous proposal, etc., until the total definite quantity required is reached.
  4. Regional awards to the offerors most advantageous to the school district in designated regions or locations only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.

- E. The procurement file shall contain the basis on which the award or awards are made.

#### R7-2-1069. Guaranteed Energy Cost Savings Contracts

- A.** A school district may procure a guaranteed energy cost savings contract with a qualified provider through competitive sealed proposals in accordance with R7-2-1041 through R7-2-1050.
1. The request for proposal evaluation factors required by R7-2-1042(A)(1)(h) shall include objective criteria for selecting the qualified provider, including the cost of the contract, the energy cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope.
  2. Notwithstanding R7-2-1042(A)(1)(h), the request for proposals shall set forth the respective numerical weighting for each evaluation criterion.
- 3.** At the qualified provider's expense, the proposal shall include an independent third-party validation of cost savings calculations associated with each proposed energy cost savings measure by a licensed, registered professional engineer, with credentials from the national association of energy engineers, who has demonstrated experience in energy analysis. The school district shall approve the selection of the independent third party.
- 4.** A school district may enter into a guaranteed energy cost savings contract with a qualified provider if the school district determines that the energy savings project will pay for itself within the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest, if the recommendations in the proposal are followed. Notwithstanding this subsection, a school district may elect to use a shorter capital cost repayment schedule than required pursuant to this subsection. The school district shall retain the cost savings achieved by a guaranteed energy cost savings contract, and these cost savings may be used to pay for the contract and project implementation.
- 5.** A qualified provider is a person that is experienced in designing, implementing or installing energy cost savings measures, that has a record of established projects or measures of similar size and scope, that has demonstrated technical, operational, financial and managerial capabilities to design and operate cost savings measures and projects and that has the financial ability to satisfy guarantees for energy cost savings.

  9. For any projects not identified in the request for qualifications, the school district may not solicit bids on those projects under the qualified select bidders list either in the initial one-year period or the one-year extension period.

**R7-2-1102. Bid Security**

- A. Bid security shall be required for all competitive sealed bidding for construction contracts, and for all competitive sealed proposals for design-build construction services or job-order-contracting construction services procured pursuant to R7-2-1111, if the price, excluding the cost of any finance services, maintenance services, operations services, design services, preconstruction services, or other related services included in the contract, is estimated by the school district to exceed the amount established by R7-2-1002(A).
- B. Invitations for bid on school district construction contracts and requests for proposals for design-build construction services or job-order-contracting construction services, shall require submission of bid security as follows:
1. For design-bid-build construction services, ten percent of the contractor's bid.

For design-build construction services awarded by competitive sealed proposals pursuant to R7-2-1111, ten percent of the school district's construction budget for the project as stated in the request for proposals, excluding finance services, maintenance services, operations services, design services, preconstruction services or any other related services included in the contract.
  3. 1. Only one bid or proposal is received and there is not sufficient time to rebid or resolicit proposals;
  2. The amount of the bid security submitted, although less than the amount required by the invitation for bids or request for proposals, is equal to or greater than the difference between the apparent low bid or highest scoring proposal and the next higher acceptable bid or next highest scoring proposal; or
  3. The bid security is inadequate as a result of modifying or correcting a bid in accordance with R7-2-1027 or R7-2-1030, if the bidder increases the amount of security to required limits within two days after notification.
- E. After the bids and proposals are opened, they are irrevocable for the period specified in the invitation for bids or request for proposals, except as provided in R7-2-1030. If a bidder or

offeror is permitted to withdraw its bid before award, no action may be had against the bidder or offeror or the bid security.

1. A performance bond that is executed and furnished as required under Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to 100 percent of the price specified in the contract conditioned on the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract, except that:
    - a. For job-order-contracting construction services, the performance bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district's reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
    - b. For construction-manager-at-risk construction services and design-build construction services, the amount of the performance bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services and other related services included in the contract. This bond is solely for the protection of the school district.   2. A payment bond that is executed and furnished as required by Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to one hundred percent of the price specified in the contract for the protection of all persons supplying labor or material to the contractor or its subcontractors for the performance of the construction provided for in the contract, except that:

## CHAPTER 2. STATE BOARD OF EDUCATION

- a. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district's reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
  - b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract. The conditions and provisions of the payment bond regarding the surety's obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.
- B.** For design-bid-build construction, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract. For construction-manager-at-risk, design-build and job-order-contracting construction services, the bonds prescribed in subsection (A) shall be provided only on and at the same time as execution of a contract or contract modification that commits the contractor to provide construction for a fixed price, guaranteed maximum price or other fixed amount within a designated time frame.
- C.** If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a certificate of authority to transact surety business in this state issued by the director of the Department of Insurance pursuant to Arizona Revised Statutes Title 20, Chapter 2, Article 1. Notwithstanding the provisions of any other statute, the bonds shall not be executed by an individual surety or sureties, even if the requirements of A.R.S. § 7-101 are satisfied.
- D.** If a contractor fails to deliver the required performance bond or payment bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to Articles 10 and 11.
- E.** This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A).
- F.** Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Section, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. However, any person who has a contract with a subcontractor of the contractor, but no express or

implied contract with the contractor furnishing the payment bond, has a right of action on the payment bond on giving the contractor, only, a written preliminary 20-day notice as provided for in A.R.S. § 33-992.01, subsection (C)(1), (2), (3), and (4) and subsections (D), (E), and (H), and upon giving written notice to the contractor within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made. The person shall state in the notice the amount claimed and the name of the party for whom the labor was performed or to whom the material was supplied. The notice shall be personally served or sent by registered mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

**Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. **R7-2-1104. Contract Payment Retention and Substitute Security**

- A.** Ten percent of all construction contract payments shall be retained by the school district as insurance of proper performance of the contract or, at the option of the contractor, a substitute security may be provided by the contractor pursuant to this Section. The contractor is entitled to all interest from any such substitute security. When the contract is fifty percent completed, one-half of the amount retained or securities substituted pursuant to this Section shall be paid to the contractor upon the contractor's request provided the contractor is making satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained. After the contract is fifty percent completed, no more than five percent of the amount of any subsequent progress payments made under the contract shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board determines satisfactory progress is not being made, ten percent retention shall be reinstated for all progress payments made under the contract subsequent to the determination.
- B.** Notwithstanding subsection (A), there shall be no retention for job-order-contracting construction services contracts. The school district may elect to have no retention for construction-manager-at-risk and design-build construction services contracts. If the school district elects to have retention, then payment retention for construction-manager-at-risk and design-build contracts shall be in accordance with this Section.
- C.** Retention applies only to amounts payable for construction and does not apply to amounts payable for design services, preconstruction services, finance services, maintenance services, operations services, or any other related services included in the contract.
- D.** The form of substitute security is limited to the following:
1. An assignment of time certificates of deposit by financial institutions licensed by this state;
  2. Share certificate of a financial institution or credit union authorized to transact business in this state; or
  3. Security issued or guaranteed as to principal and interest by:

    - c. Counties, municipalities and school districts within this state.

## CHAPTER 2. STATE BOARD OF EDUCATION

    - a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
      - i. Prior to each progress payment in an amount of no less than five percent of each progress payment; or
      - ii. Once, prior to the first progress payment in an amount no less than five percent of the total contract amount.
    - b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
    - c. The term of such security shall not mature until after the estimated contract completion date; and
    - d. The security shall mature no later than one year after the estimated contract completion date.
  2. The substitute security shall not be released without written approval by the school district.
  3. A contractor may submit a single substitute security for more than one project provided that:
    - a. The amount of such security is sufficient to cover the aggregate retention amount;
    - b. The school district determines that such single substitute security is advantageous to the school district; and
    - c. Such security complies with the requirements of subsection (E)(1).
- F. Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment. No school district may retain any monies after 60 days which are in excess of the amount necessary to pay the expenses the governing board reasonably expects to incur in order to pay or discharge the expenses determined in the finding justifying the retention of monies.
- G. The school district shall not accept any substitute security unless accompanied by a signed and acknowledged waiver of any right or power of the obligor to set off any claim against either the school district or the contractor in relationship to the security assigned. In any instance in which the school district accepts substitute security as provided in this Section, any subcontractor undertaking to perform any part of the contract is entitled to provide such security to the contractor.

**Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

**R7-2-1105. Progress Payments**

- A. Progress payments may be made by the school district to the contractor on the basis of a duly certified and approved estimate of the work performed during the preceding month if the contractor agrees to adhere to the provisions of A.R.S. § 41-2577(B), (D), and (F). Payment shall be made within 14 days after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided

in R7-2-1104. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this Section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract or design professional service contract. The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction or design professional service contract may materially alter the rights of any contractor, subcontractor, design professional or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract or design professional service contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1104.

- B. Progress payments pursuant to subsection (A) are authorized for construction services and design professional services contracts. The requirements of subsection (A) apply only to amounts payable in a construction services contract for construction and in a contract for design services and do not apply to amounts payable in a contract for preconstruction services, finance services, maintenance services, operations services or any other related services included in the contract.
- C. A subcontractor or design professional may notify the school district, in writing, requesting that the subcontractor or design professional be notified by the school district in writing within five days from payment of each progress payment made to the contractor. The subcontractor's or design professional's request remains in effect for the duration of the subcontractor's or design professional's work on the project.
- D. If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of one percent per calendar month, or a fraction of a calendar month, on such unpaid balance as may be due.

**Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

**R7-2-1106. Procurement of Construction Using Alternative Project Delivery Methods**

- A. A school district may use an alternative project delivery method if it determines in writing that such alternative project delivery method is advantageous to the school district. The following factors may be used for such determination:
1. Cost and cost control method;
  2. Value engineering;
  3. Market conditions;
  4. Schedule;
  5. Required specialized expertise;
  6. Technical complexity of the project; or
  7. Project management.
- B. Use of alternative project delivery methods

## CHAPTER 2. STATE BOARD OF EDUCATION

1. Alternative project delivery methods for construction services shall be procured as provided in R7-2-1100.
2. For design-build construction services and construction-manager-at-risk construction services, the school district is limited to one contract per procurement.
  - a. Alternatively, for construction-manager-at-risk construction services, a school district may elect separate contracts for preconstruction services during the design phase, for construction during the construction phase and for any other construction services.
  - b. Alternatively, for design-build construction services, a school district may elect separate contracts for preconstruction services and design services during the design phase, for construction and design services during the construction phase and for any other construction services.
  - c. If the school district enters into the first contract for preconstruction services or construction services the procurement ends. After execution of that first contract the school district may not use the procurement or the existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
3. For job-order-contracting construction services, the school district may award a single contract, or multiple contracts for similar job-order-contracting construction services to be awarded to separate persons. If the school district enters into the number of contracts specified under the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
4. All construction-manager-at-risk construction services or design-build construction services included in a procurement shall be limited to construction services to be performed at a single location, a common location or, if the construction services are all for a similar purpose, multiple locations. For construction-manager-at-risk construction services and design-build construction services to be performed at multiple locations:
  - a. At the time the request for qualifications is issued, the school district shall intend to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.
  - b. The request for qualifications shall include the information described in R7-2-1108(B)(2).
5. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1107, R7-2-1108, R7-2-1110, and R7-2-1111, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on the final list or for any other purpose in the selection process, except as provided in R7-2-1110(D) and R7-2-1111.
6. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.
7. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in R7-2-1106 through R7-2-1115:
  - a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed with the participating persons if there are at least two participating responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.
  - b. As to a request for qualifications to be negotiated pursuant to R7-2-1110(D), if only one responsive and responsible person responds to the request for qualifications or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing board determines in writing that the negotiated fee is fair and reasonable and that either other prospective persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.
  - c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

**Historical Note**

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

**R7-2-1107. Selection Committee**

- A. The school district shall initiate an appropriately qualified selection committee for each request for qualifications. The school district shall ensure that selection committee members are competent to serve on the selection committee.
- B. Each selection committee shall include at least one school district representative appointed by the school district.
- C. The selection committee shall not have more than seven members and shall include at least one person who is a senior management employee of a licensed contractor and one person who is an architect or an engineer who is registered pursuant to A.R.S. § 32-121.
- D. Non-school district employees serving on a selection committee shall not receive compensation from the school district for performing this service, but the school district may elect to reimburse non-school district members for travel, lodging and other expenses incurred in connection with service on a selection committee.
- E. A person who is a member of a selection committee shall not be a contractor or subcontractor under a contract awarded under the procurement or provide any specified professional services, construction, construction services, materials or other services under the contract.
- F. For the procurement of multiple contracts for job-order-contracting, the same selection committee shall be used for all contracts in the procurement.

11. The manner in which subcontractors shall be selected, either:
  - a. A requirement that each person submit a proposed subcontractor selection plan and a requirement that the proposed subcontractor selection plan shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone; or
  - b. A subcontractor selection plan adopted by the school district that applies to the person that is selected to perform the construction services and that requires subcontractors to be selected based on qualifications alone or on a combination of qualifications and price and not based on price alone and a requirement that each person shall submit a description of the procedures it proposes to use to implement the school district's subcontractor selection plan.

**R7-2-1110. Committee Evaluation and Contract Award**

- A. If interviews are specified in the request for qualifications:
  1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for

qualifications to be used to determine the persons to be interviewed.

2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list and to determine their order on the final list are not included in the request for qualifications:
  - a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
  - b. These selection criteria and relative weights may be different than the selection criteria and relative weight used to determine the persons to be interviewed.
3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.
- B. Based solely on the selection criteria and relative weights for selection of the persons on the final list and their order on the final list, the selection committee shall select the persons for the final list and, in the case of a final list for a contract that will be negotiated under subsection (D), rank the persons in order of preference.
- C. The school district shall make the following notifications regarding the final lists:
  1. If the contract will be negotiated under subsection (D) before or at the same time as the school district notifies the highest ranking person on the final list that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:
    - a. If interviews were held, the other persons interviewed.
    - b. If interviews were not held, the other persons that made submittals.
  2. If the contract will be awarded under R7-2-1111, before or at the same time as the school district notifies the persons on the final list that they are on the final list, the school district shall send actual notice to each of the following persons that they are not on the final list or that other persons are on the final list:
    - a. If interviews were held, the other persons interviewed.
    - b. If interviews were not held, the other persons that made submittals.
- D. The school district shall conduct negotiations with persons on the final list as follows:
  1. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the construction services to be rendered.
  2. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list

## CHAPTER 2. STATE BOARD OF EDUCATION

in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

3. If the procurement is for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.
4. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the construction services covered by the final list with any person with whom the school district terminated negotiations.

If multiple contracts for similar job-order-contracting services will be awarded, a statement that the multiple contracts will be awarded to a specified number of offerors whose proposals receive the highest number of points under a scoring method. The specified number of offerors will be the number of contracts included in the procurement.
  6. A description of the scoring method, including a list of the factors in the scoring method and the number of points allocated to each factor.
  7. For design-build constructions services only, the design requirements, including the required features, functions, characteristics, qualities and properties, the anticipated schedule, including start, duration and completion, and the estimated budgets applicable to the specific procurement for design and construction and, if applicable, for operation and maintenance.   16. If the request for proposals incorporates documents by reference, the request for proposals shall specify where such documents may be obtained.
- E. The factors in the scoring method described in the request for proposals may include:
  1. For design-build construction services only, demonstrated compliance with the design requirements.
  2. Offeror qualifications.
  3. Offeror financial capacity.
  4. Compliance with the school district's project schedule.

## CHAPTER 2. STATE BOARD OF EDUCATION

5. For design-build construction services only, if the request for proposals specifies that the school district will spend its project budget and not more than its project budget and is seeking the best proposal for the project budget, compliance of the offeror's price or life cycle price for procurements that include maintenance services, operations services or finance services with the school district's budget as prescribed in the request for proposals.
  6. For design-build construction services if the request for proposals does not contain the specifications prescribed in subsection (E)(5) and for job-order-contracting construction services, the price or life cycle price for procurements that include maintenance services, operations services or finance services.
  7. An offeror quality management plan.

- F.** If determined by the school district and included in the request for proposals, the selection committee shall conduct discussions with all offerors that submit preliminary technical proposals. Discussions shall be for the purpose of clarification to ensure full understanding of, and responsiveness to, the solicitation requirements. Offerors shall be accorded fair treatment with respect to any opportunity for discussion and for clarification by the school district. Revision of preliminary technical proposals shall be permitted after submission of preliminary technical proposals and before award for the purpose of obtaining best and final proposals. In conducting any discussions, information derived from proposals submitted by competing offerors shall not be disclosed to other competing offerors.
- G.** After completion of any discussions pursuant to subsection (F) or if no discussions are held, each offeror shall submit separately its final technical proposal and its price proposal.
- H.** Before opening any price proposal, the selection committee shall open and evaluate the final technical proposals and score the final technical proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
- I.** After completion of the evaluation and scoring of all final technical proposals, the selection committee shall open, evaluate and score the price proposals, and complete scoring of the entire proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
- J.** The school district shall award the contract to the responsive and responsible offeror whose proposal receives the highest score under the method of scoring in the request for proposals. No other factors or criteria may be used in evaluation and award.
- K.** For procurements of multiple contracts for similar job-order-contracting construction services, the school district may award up to the number of contracts specified in the request for proposals.
- L.** Before or at the same time as the school district notifies the selected offeror of contract award, the school district shall notify all other offerors of the award.
- M.** For design-build construction services only, the school district shall award a stipulated fee equal to a percentage of the school district's project final budget for design and construction, as prescribed in the request for proposals, but not less than two-tenths of one percent of the project final budget for design and construction to each final list offeror who provides a responsive, but unsuccessful, proposal. If the school district does not award a contract, all responsive final list offerors shall receive the stipulated fee based on the school district's project final budget for design and construction as included in the request for proposals. The school district shall pay the stipulated fee to each offeror within 90 days after the award of the initial contract or the decision not to award a contract. In consideration for paying the stipulated fee, the school district may use any ideas or information contained in the proposals in connection with any contract awarded for the project, or in connection with a subsequent procurement, without any obligation to pay any additional compensation to the offerors. Notwithstanding the other provisions of this subsection, an offeror may elect to waive the stipulated fee. If an offeror elects to waive the stipulated fee, the school district may not use ideas and information contained in the offeror's proposal, except that this restriction does not prevent the school district from using any idea or information if the idea or information is also included in a proposal of an offeror that accepts the stipulated fee.
- N.** The procurement file shall contain the basis on which the award is made, including at a minimum the information and documents required under R7-2-1115.
- O.** A copy of the request for proposals shall be made available for public inspection at the school district office.

**R7-2-1112. Contractor Licenses, Contract and Performance Requirements****A.** Notwithstanding any other Section:

1. The contractor for design-build or job-order-contracting construction services is not required to be registered to perform design services pursuant to A.R.S. Title 32, Chapter 1 if the person actually performing the design services on behalf of the contractor is appropriately registered.
2. The contractor for construction-manager-at-risk, design-build or job-order-contracting construction services shall be licensed to perform construction pursuant to A.R.S. Title 32, Chapter 10.
3. The school district shall obtain and maintain a record of proof in the procurement file that a construction or construction services provider that has been awarded a contract with the school district, or through a cooperative purchasing agreement, has a license in good standing to perform construction work pursuant to A.R.S. Title 32, Chapter 10. The license shall be active on the day the contract is awarded. This subsection does not require licensure for professions that are not licensed pursuant to A.R.S. Title 32, Chapter 10.

- B.** In a procurement for construction-manager-at-risk construction services or design-build construction services, except for design-build contracts awarded pursuant to R7-2-1111, the school district shall enter into a written contract with the contractor for preconstruction services under which the school district shall pay the contractor a fee for preconstruction services in an amount agreed by the school district and the contractor, and the school district shall not request or obtain a fixed price or a guaranteed maximum price for the construction from the contractor or enter into a construction contract with the contractor until after the school district has entered into the written contract for preconstruction services and a preconstruction services fee.

## CHAPTER 2. STATE BOARD OF EDUCATION

- C. Construction shall not commence under a construction services contract until the school district and contractor agree in writing on either a fixed price that the school district will pay or a guaranteed maximum price for the construction to be commenced. The construction to be commenced may be the entire project or may be one or more phased parts of the project.
- D. For negotiated construction-manager-at-risk and design-build contracts, preconstruction services, general conditions, schedules, construction contingency, and construction fees shall be part of the contract. For design-build contracts awarded pursuant to a request for proposals, the fees shall be included in the vendor's proposal and shall become part of the awarded contract.
- E. For job-order-contracting construction services only:
1. The maximum dollar amount of an individual job order for job-order-contracting construction services shall be one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a public meeting held pursuant to A.R.S. Title 38, Chapter 3, Article 3.1. Requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.
  2. If the contractor subcontracts or intends to subcontract part or all of the work under a job order and if the job-order-contracting construction services contract includes descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of job orders based on the number of units of standard individual tasks in the job order:
    - a. The contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the contractor to do all or part of the work under one or more job orders a copy of the descriptions of all standard individual tasks on which the subcontractor is invited to bid and a copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.
    - b. If not previously delivered to the subcontractor, the contractor has a duty to promptly deliver to each subcontractor invited to or that has agreed to do any of the work included in any job order a copy of the description of each standard individual task that is included in the job order and that the subcontractor is invited to perform, the number of units of each standard individual task that is included in the job order and that the subcontractor is invited to perform, and the standard unit price for each standard individual task that is included in the job order and that the subcontractor is invited to perform.
- F. For all construction services contracts, the contractor performing the construction services is permitted to self-perform part of the construction work, if and to the extent agreed in writing by the school district and the contractor. The school district may use methods other than competitive bidding to assure itself that the price the school district pays to the contractor for self-performed work is fair and reasonable. Permitted methods to evaluate fairness and reasonableness of the price of self-performed work include evaluation of the contractor's proposed scope of work and price for self-performed work by an estimator who is hired and paid by the school district, who is independent of the contractor and who may be an employee of the school district. Although the school district may elect to so require, nothing in Articles 10 and 11 shall be construed or interpreted to require the school district to require a contractor desiring to self-perform part of the construction work to competitively bid that part of the construction work against other contractors in a bid competition.
- G. For all construction services contracts, the following requirements apply to the construction work to be performed by subcontractors and do not apply to construction work that the school district and the contractor agree in writing will be self-performed by the contractor:
1. The person selected to perform the construction services shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone. A qualifications and price selection may be a single-step selection based on a combination of qualifications and price or a two-step selection. In a two-step selection, the first step shall be based on qualifications alone and the second step may be based on a combination of qualifications and price or on price alone.
  2. The school district shall include in each contract:
    - a. If the school district included its subcontractor selection plan in the request for qualifications, the school district's subcontractor selection plan and the procedures to implement the school district's subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications to the procedures as the school district and the contractor agree.
    - b. If the school district did not include its subcontractor selection plan in the request for qualifications, the subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications as the school district and the contractor agree.
  3. In making the selection of subcontractors, the contractor shall use the subcontractor selection plan and any procedures included in its contract.
- H. The school district shall include in each contract for construction services the full street or physical address of each separate location at which the construction will be performed and a requirement that the contractor and each subcontractor at any level include in each of its subcontracts the same address information. The contractor and each subcontractor at any level shall include in each subcontract the full street or physical address of each separate location at which construction work will be performed.

- B. Prior to public notice of the need for specified professional services, the school district shall determine that the services to be acquired are specified professional services.
- C. In the procurement of specified professional services:
1. The school district shall specify whether the procurement is for a single contract or for multiple contracts. Multiple contracts may be awarded to separate persons or may be awarded to a single person as specified in the request for qualifications.
  2. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1120 or R7-2-1121, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on a final list or for any other purpose in the selection process except as provided in R7-2-1121.

No other factors or criteria may be used in the evaluation, determinations and other actions.
  4. If the school district enters into the number of contracts specified in the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
  5. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in this Section or R7-2-1121:

The request for qualifications may state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list.   - 2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list or final lists and to determine their order on the final list or final lists are not included in the request for qualifications:
    - a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
    - b. These selection criteria and relative weight may be different than the selection criteria and relative weight used to determine the persons to be interviewed.
  - 3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.

Based solely on the selection criteria and relative weights for selection of the persons on the final list or final lists and their order on the final list or final lists, the selection committee shall select the persons for the final list or final lists and rank the persons on the final list or final lists in order of preference. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, and if a person submitted qualifications for more than one type of specified professional services, the person may be on more than one final list.
- C. Before or at the same time as the school district notifies the highest ranking person on the final list or final lists that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:
  - 1. If interviews were held, the other persons interviewed.

    - c. Agreeing upon compensation that is fair and reasonable.
  - 2. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the specified professional services to be rendered.
  - 3. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
  - 4. If the procurement is for multiple contracts for specified professional services to be awarded to a single person on the final list, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.

If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.

  7. That the findings of fact or decision is not justified by the evidence or is contrary to law.
- B.** Scope. A rehearing may be granted to all or any of the parties and on all or part of the issues in the proceeding for any of the reasons for which rehearings are authorized by law or rule of court. On a motion for a rehearing, the hearing officer may open the decision, take additional testimony, amend findings of fact and conclusions of law or make new findings and conclusions, and direct the entry of a new decision.
- C.** Contents of motion; amendment; rulings reviewable.
1. The motion for rehearing shall be in writing, shall specify generally the grounds upon which the motion is based, and may be amended at any time before it is ruled upon by the hearing officer.
  2. Upon the general ground that the hearing officer erred in admitting or rejecting evidence, the hearing officer shall review all rulings during the hearing upon objections to evidence.

The hearing officer may permit reply affidavits.
- F.** On initiative of hearing officer. Not later than 15 days after the date of the decision, the hearing officer may order a rehearing for any reason for which it might have granted a rehearing on motion of a party. In either case, the hearing officer shall specify in the order the grounds therefor.
- G.** Questions to be considered in rehearing. A rehearing, if granted, shall be only a rehearing of the question or questions with respect to which the decision is found erroneous, if separable. - H.** Motion on ground of excessive or inadequate damages. When a motion for rehearing is made upon the ground that the damages or penalties awarded are either excessive or insufficient, the hearing officer may grant the rehearing conditionally upon the filing within a fixed period of time, not to exceed 15 days,

If such a statement is filed with the prescribed time, the motion for rehearing shall be regarded as denied as of the date of such filing. If no statement is filed, the motion for rehearing shall be regarded as granted as of the date of the expiration of the time period within which a statement may have been filed. No further written order shall be required to make an order granting or denying the rehearing final. If the conditional order of the hearing officer requires a reduction of or increase in damages or penalties, then the rehearing will be granted in respect of the damages or penalties only and the decision shall stand in all other respects.

- I.** Number of motions for rehearing. Not more than two motions for rehearing shall be granted to any party in the same action.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

    - e. When making a decision related to the charter holder’s achievement of the minimum academic performance expectations or compliance with its charter, other contractual agreements with the Board, federal and state law, and this Chapter.
- B. The Board shall annually assign a charter holder a summative financial performance rating, based on measures specified in the Financial Performance Framework.
  1. The Board shall assign a summative financial performance rating of “Good Standing” if the charter holder receives no measures rated “below standard” and no more than one measure rated “approaches standard” based on the most recent audit conducted under R7-5-504.
  2. The Board shall assign a summative financial performance rating of “Adequate Standing” if the charter holder receives no measures rated “below standard” and two or more measures rated “approaches standard” based on the most recent audit conducted under R7-5-504.
  3. The Board shall assign a summative financial performance rating of “Intervention” if the charter holder receives one or more measures rated “below standard” based on the most recent audit conducted under R7-5-504 or if the charter holder has received a summative financial performance rating of “Adequate Standing” for three consecutive years.
- C. A charter holder assigned a summative financial performance rating of “Good Standing” or “Adequate Standing” based on the most recent audit conducted under R7-5-504 is financially eligible to submit to the Board, if the charter holder meets all other eligibility criteria, an expansion request to:
  1. Add a new charter school to an existing charter;
  2. Add one or more grade levels to a charter;
  3. Increase the number of students the charter holder may serve;
  4. Add an Arizona Online Instruction program;
  5. Replicate an existing charter;
  6. Transfer an existing charter school to its own charter contract; or
  7. Transfer an existing charter school or charter contract from the current charter holder to an existing charter holder with a different financial performance dashboard.
- D. A charter holder assigned a summative financial performance rating of “Intervention” or identified as “On Probation” based on the most recent audit conducted under R7-5-504 is not eligible to submit to the Board an expansion request specified in subsection (C).
- E. The Board shall determine that a charter holder meets the minimum financial performance expectations if the charter holder receives a summative financial performance rating of “Good Standing” or “Adequate Standing” based on the most recent audit conducted under R7-5-504.
- F. The Board shall require a charter holder assigned a summative financial performance rating of “Intervention” based on the most recent audit conducted under R7-5-504 to prepare the financial intervention submissions as described in R7-5-509.
- G. A charter holder that receives a summative financial performance rating of “Intervention” for two or more consecutive years shall also be placed “On Probation” and be required to prepare the financial intervention submissions as described in R7-5-511. The Board shall determine that a charter holder placed “On Probation” does not meet the minimum financial performance expectations.
- H. For each charter holder identified as “On Probation” and, therefore, under subsection (G) does not meet the minimum financial performance expectations, Board staff shall:
  1. Determine the charter holder’s “ADM category” using publicly available average daily membership calculations completed by the Department and the criteria set forth in Table 1;
  2. Determine the charter holder’s “default measure category” using the following criteria:
    - a. The Board shall determine the charter holder is “low risk” is the default measure received a rating of “meets standard” based on the two most recent audits conducted under R7-5-504.
    - b. The Board shall determine that a charter holder is “moderate risk” if the default measure received a “below standard” rating:
      - i. Based on the most recent prior audit conducted under R7-5-504; or
      - ii. Based on the most recent audit conducted under R7-5-504 due to the charter holder’s failure to comply with non-payment related requirements.
    - c. The Board shall determine that a charter holder is “high risk” if the default measure received a rating of “below standard” based on the most recent audit

- conducted under R7-5-504 due to the charter holder's failure to make required payments; and
3. Assign the charter holder a probation risk level using the charter holder's results based on the two most recent audits conducted under R7-5-504 and the criteria set forth in Table 2.
- I.** A charter holder assigned to probation risk level one under subsection (H)(3):
1. Shall be subject to charter oversight specified in Article 6, including a consent agreement with the Board or charter revocation proceedings, or, if applicable, to the denial of renewal under R7-5-301(I);
  2. Shall be required to submit to the Board, within 30 days of the date of the written notice provided under subsection (L), the agenda and minutes from the meeting where the charter holder board or, if applicable, charter school governing body reviewed its current financial plan and approved any necessary changes. Draft minutes will be accepted;
  3. Shall be required to submit to the Board, within 30 days of the date of the written notice provided under subsection (L), the financial plan identified in subsection (I)(2);
  4. Shall be required to submit to the Board, by the deadlines identified in R7-5-511(B), a narrative describing any deviations that have occurred from the financial plan provided under subsection (I)(3); and
  5. Shall be required to prepare the quarterly financial reports required under R7-5-511(A) by the deadlines identified in R7-5-511(B).
- J.** A charter holder assigned to probation risk level two under subsection (H)(3) shall be required to:
1. Submit to the Board, within 30 days of the date of the written notice provided under subsection (L), the agenda and minutes from the meeting where the charter holder board or, if applicable, charter school governing body reviewed its current financial plan and approved any necessary changes. Draft minutes will be accepted;
  2. Submit to the Board, within 30 days of the date of the written notice provided under subsection (L), the financial plan identified in subsection (J)(1);
  3. Submit to the Board, by the deadlines identified in R7-5-511(B), a narrative describing any deviations that have occurred from the financial plan provided under subsection (J)(2); and
  4. Prepare the quarterly financial reports required under R7-5-511(A) by the deadlines identified in R7-5-511(B).
- K.** A charter holder assigned to probation risk level three under subsection (H)(3) shall be required to prepare the quarterly financial reports required under R7-5-511(A) by the deadlines identified in R7-5-511(B).
- L.** For each charter holder identified as "On Probation" and, therefore, under subsection (G) does not meet the minimum financial performance expectations, Board staff shall notify the charter holder in writing of:
1. The probation risk level assigned to the charter holder under subsection (H)(3);
  2. The submission requirements associated with the charter holder's probation risk level; and
  3. The deadline or deadlines for submitting to the Board the information identified in subsection (L)(2).
- M.** Board staff shall report to the Board at a public meeting:
1. The probation risk level assigned to each charter holder identified as "On Probation" and, therefore, under subsection (G) does not meet the minimum financial performance expectations; and
  2. The detail underlying the probation risk level determination for each charter holder assigned to probation risk level one.
- N.** "Improvement plans," for the purpose of A.R.S. § 15-183, shall include:

  2. The initial financial response and first eight quarterly financial reports, including the June 30 quarterly financial reports, and, if applicable, financial plan and first four narratives submitted to the Board by a charter holder assigned to probation risk level one based on scenario 6 set forth in Table 2.
- O.** A charter holder's submissions associated with its probation risk level shall be made publicly available through the charter holder's financial performance dashboard.
- P.** In general, Board staff does not grant extensions for financial submissions as the Board has an interest and duty to timely review these submissions to better understand the charter holder's current financial status. However, if the deadline has not passed, Board staff may, for good cause, grant the charter holder an extension of time to submit the information pursuant to subsections (I)(2) through (3), subsections (J)(1) through (2), R7-5-509(B), R7-5-509(F) or R7-5-511(B). A charter holder seeking an extension of time must submit the request in writing and include the reason(s) for the request.
- Q.** If a charter holder fails to submit or fails to timely submit by the specified deadline the agenda and minutes required by subsections (I)(2) or (J)(1) or the financial plan required by subsections (I)(3) or (J)(2), Board staff shall:
1. Provide written notice to the charter holder that includes the reason for the finding and provides a three-day window for the charter holder to submit the agenda, minutes or financial plan.
  2. If the charter holder does not submit the agenda, minutes or financial plan to the Board within the window identified in subsection (Q)(1), note the charter holder's failure on its operational performance dashboard and provide written notice to the charter holder of the deadline by which the agenda, minutes or financial plan must be received to avoid charter oversight as specified in Article 6.
- R.** If a charter holder assigned a summative financial performance rating of "Intervention" under subsection (B)(3) or a charter holder identified as "On Probation" and, therefore, under subsection (G) does not meet the minimum financial performance expectations fails to timely submit its next audit conducted under R7-5-504, Board staff shall report the charter holder's intervention status to the Board when the Board considers action under R7-5-504(E).

## CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

Table 1. ADM Category Criteria

Small and Medium Charter Holders (Less than 600 ADM)			
ADM Category	Estimated ADM Measure Performance <sup>1</sup>		Percent Loss of Total ADM <sup>2</sup>
Low Risk	Greater than 0 to negative 4.99%	or	0 to 9.99% decline
Moderate Risk	Negative 5% to negative 14.99%	or	10% to 19.99% decline
High Risk	Negative 15% or more	or	20% or more decline
Large Charter Holders (600 or more ADM)			
ADM Category	Estimated ADM Measure Performance <sup>1</sup>		Percent Loss of Total ADM <sup>2</sup>
Low Risk	Greater than 0 to negative 2.99%	or	0 to 7.99% decline
Moderate Risk	Negative 3% to negative 9.99%	or	8% to 14.99% decline
High Risk	Negative 10% or more	or	15% or more decline

<sup>1</sup> The “Estimated ADM Measure Performance” considers the charter holder’s estimated performance on the Average Daily Membership measure for the fiscal year that begins on the July 1 following the fiscal year end of the most recent audit conducted under R7-5-504.

<sup>2</sup> The “Percent Loss of Total ADM” considers the percent change in the charter holder’s ADM from the fiscal year prior to the most recent audit conducted under R7-5-504 (year 3) to the fiscal year that begins on the July 1 following the fiscal year end of the most recent audit conducted under R7-5-504 (year 1). For example, this means for a charter holder identified as “On Probation” following the review of the fiscal year 2021 audit year 3 would be fiscal year 2020 and year 1 would be fiscal year 2022.

**R7-5-403. Minimum Operational Performance Expectations**

A. The Board shall assess a charter holder's achievement of the minimum operational performance expectations. To avoid duplicative reporting burdens, the Board shall use data collected from a variety of sources that reflect on the charter holder's compliance with the charter contract, other contractual agreements with the Board, federal and state law, and this Chapter.

1. The Board may assess a charter holder's achievement of the minimum operational performance expectations at any time.
2. The Board shall assess a charter holder's achievement of the minimum operational performance expectations:
  - a. When considering the following submitted by the charter holder:
    - i. An application for a new charter;
    - ii. An application to transfer a charter school from an existing charter contract to a separate charter contract;
    - iii. A request to change the legal status of the charter holder;
    - iv. A request to change the entity that holds the charter; or
    - v. A request to change program of instruction including methods of instruction, criteria for promotion, or graduation requirements;
  - b. When considering an expansion request submitted by the charter holder to:
    - i. Add a new charter school to an existing charter,
    - ii. Add one or more grade levels to a charter,
    - iii. Increase the number of students the charter holder may serve,
    - iv. Add an Arizona Online Instruction program, or
    - v. Replicate an existing charter;
  - c. During the five-year-interval review required under A.R.S. § 15-183(I);
  - d. When considering an application for charter renewal submitted by the charter holder;
  - e. Upon receipt of information that a charter school operated by the charter holder failed to meet the minimum academic performance expectations for three consecutive years; and
  - f. Upon receipt of information that a charter school operated by the charter holder has been assigned a letter grade of "F" by the Department.

- B. The Board shall annually assign a charter holder an overall operational performance rating based on the measures specified in the Operational Performance Framework, which reflect the degree to which the charter holder achieved the minimum operational performance expectations. The Board shall make each charter holder's operational performance dashboard publicly available on the Board's website.
- C. The Board shall determine a charter holder meets the minimum operational performance standard if the charter holder receives no measure rated "falls far below standard" and no more than five measures rated "does not meet standard" for the evaluated year.
- D. The Board shall determine a charter holder meets the minimum operational performance expectations if the charter holder receives an overall rating of "meets the Board's opera-

tional performance standard" in both of the two most recent years for which an overall rating was calculated and has no measure rated "falls far below standard" in the current year.

- E. The Board shall determine a charter holder does not meet the minimum operational performance expectations if the charter holder receives an overall rating of "does not meet the Board's operational performance standard" in at least one of the two most recent years for which an overall rating was calculated or has at least one measure rated "falls far below standard" in the current year.
- F. If the Board determines a charter holder does not meet the minimum operational performance expectations, the Board shall consider charter oversight under Article 6.

**Historical Note**

**R7-5-404. Development and Use of Performance Frameworks**

- A. The Board shall revise the Academic, Financial, and Operational Performance Frameworks as needed. During the process of revision, the Board shall provide the public with notice and an opportunity to comment on proposed revisions. The Board shall adopt revisions at a public meeting.
- B. The Board shall ensure the Academic Performance Framework includes considerations for non-traditional charter schools, including small charter schools with very low enrollment and those designated by the Department as alternative schools.
- C. Use of the Academic Performance Framework is contingent on a charter school's receipt of an annual achievement profile under A.R.S. § 15-241. The Board shall assign a rating of "no rating" to a charter school that does not provide enough data to make a calculation.
- D. If the Department does not timely release annual achievement profiles under A.R.S. § 15-241, rather than assigning a rating of "no rating" to all charter schools, the Board may use the most recent available data for each measure.

For new schools, the link must be conspicuously posted by September 1 of the charter school's first school year of operation.
- F.** If the charter holder fails to submit or fails to timely submit the information required in subsection (C) or subsection (D) or fails to post the link required in subsection (E) on the charter school's website, the failure shall be noted in the charter holder's operational performance dashboard.
- G.** If the specified deadline has not passed, Board staff may grant a charter holder an extension to submit a CAP or other response required under subsection (C), subsection (D), subsection (E), R7-5-502(G), R7-5-505(D), R7-5-505(E), or R7-5-506(B)(2). In determining whether to grant an extension, Board staff shall consider the following, as applicable:
1. Whether the charter school at issue was in session when the Board provided notice to the charter holder;

- I.** Within 30 calendar days of the final audit being issued by the audit firm, each charter school governing body shall meet and publicly accept, by roll call vote, the charter holder's audit conducted under R7-5-504, including the compliance questionnaire. Should the written audit requirements released under R7-5-504(A) establish different submission deadlines for certain audit components (e.g., single audit reports) and should the audit firm not issue all components of the final audit at one time, the charter school governing body shall, within 30 calendar days of each component being issued, meet and publicly accept, by roll call vote, the aforementioned issued audit component.

  2. Within 10 days after receiving a copy of an audit contract under subsection (B), the Board shall provide the charter

holder and audit firm written notice whether the audit contract is approved.

3. If the Board disapproves an audit contract submitted under subsection (B), the Board shall include the reason for the disapproval in the written notice provided under subsection (B)(2). If the charter holder or audit firm provides documentation to the Board demonstrating the cause for the disapproval no longer exists, Board staff shall approve the audit contract and provide written notice to the charter holder and audit firm.
- C. A charter holder or the audit firm that conducts an audit for the charter holder shall submit the annual audit to the Board for a determination whether the audit is complete. Within five days after receiving the annual audit, Board staff shall provide the charter holder and audit firm written notice whether the audit is complete.
- D. Board staff shall find an audit is incomplete if it does not comply with all requirements specified under subsection (A) or if the audit is prepared by an audit firm that fails to meet the requirements under subsection (B)(1)(a) through (e). If Board staff finds an audit is incomplete, Board staff shall include the reason for the finding in the notice provided under subsection (C). If the charter holder or audit firm provides documentation to the Board demonstrating the reason for the finding no longer exists, Board staff shall find the annual audit is complete and provide written notice to the charter holder and audit firm.
- E. A charter holder that fails to timely submit a complete audit may be subject to charter oversight as specified in Article 6.
- F. Board staff shall review each audit deemed complete.
- G. The Board shall annually calculate a performance rating for each charter holder using the Financial Performance Framework, the annual audit submitted to the Board by the charter holder and the average daily membership calculations completed by the Department using student attendance data submitted to the Department by the charter holder. The Board shall make each charter holder's financial performance dashboard publicly available on the Board's website.
- H. Board staff shall send notice to a charter holder after the audit is reviewed unless the Board has been notified the charter holder will not be operating during the next fiscal year.
  1. If the Board identifies an issue in the audit, Board staff shall direct the charter holder to address the issue and may require the charter holder to submit a CAP, as described in R7-5-510.
  2. The Board shall require a charter holder that receives a summative financial performance rating of "Intervention" under R7-5-402(F) to prepare the financial intervention submissions as described in R7-5-509.
  3. The Board shall require a charter holder identified as "On Probation" and, therefore, pursuant to R7-5-402(G) does not meet the minimum financial performance expectations to prepare the financial intervention submissions as described in R7-5-511.
- I. If Board staff identifies a serious impact finding in the audit, the charter holder shall be subject to charter oversight as specified in Article 6 unless the charter holder provides credible evidence to the Board that the charter holder's next audit will find the charter holder in compliance.
- J. In general, Board staff does not grant extensions for corrective action plan submissions under R7-5-504(H)(1) as the Board has an interest and duty to timely review these submissions to better ensure the charter holder addresses identified concerns quickly. However, if the deadline has not passed, Board staff may, for good cause, grant the charter holder an extension of time to submit the CAP pursuant to subsection (H)(1) or any additional information pursuant to R7-5-510. A charter holder

Using the information provided by the charter holder under subsection (B)(3), Board staff shall provide written notice to the charter holder of the two-week interval during which Board staff will conduct the unscheduled academic-systems-review site visit.

- b. If Board staff determines any of the allegations asserted in the complaint are within the Board's jurisdiction, Board staff shall, within 10 days after receiving the complaint or making a determination as to jurisdiction pursuant to subsection (B)(1)(a), whichever is the later, send a copy of the complaint to the charter holder complained against.
  - c. If Board staff determines the complaint is not within the Board's jurisdiction or that it is more appropriately within the jurisdiction of an agency with legal authority in the matter, within 10 days after receiving the complaint or making a determination as to jurisdiction pursuant to subsection (B)(1)(a), whichever is later, Board staff:
    - i. Shall notify the complainant that the Board does not have jurisdiction or that the Board is not the appropriate agency to address the complaint,
    - ii. May inform the complainant of the appropriate agency that may have jurisdiction and legal authority over the matter,
    - iii. May inform the complainant that he or she may file a complaint with the appropriate agency,
    - iv. Shall provide the charter holder with a copy of the complaint, and
    - v. Shall inform the charter holder and complainant that the charter holder is not required to file a response with the Board.
2. Except as provided in subsection (B)(3), if a complaint is filed that asserts an allegation that is within the Board's jurisdiction, the charter holder complained against shall provide the Board with a written response within 15 days after receiving a copy of the complaint pursuant to subsection (B)(1)(b). The response shall address the allegation or allegations and facts that Board staff specifies are within the Board's jurisdiction and provide the information requested by Board staff. The charter holder may address any supporting evidence included in the complaint and include any relevant evidence in its response.
    - a. If the charter holder fails to submit its response within the timeline stated in subsection (B)(2) and/or subsection (B)(2)(b), Board staff shall record the charter holder's untimely response on the charter holder's operational performance dashboard.
    - b. If the charter holder does not respond within the timeline stated in subsection (B)(2), Board staff shall send notification to the charter holder stating the necessity of a timely response and requiring the charter holder to respond within seven calendar days of receipt of the notification.
    - c. If the charter holder fails to submit its response within the timeline stated in subsection (B)(2) and/or subsection (B)(2)(b), Board staff may place the charter holder on the agenda for a subsequent Board meeting for the Board's determination of whether the charter holder is in compliance with its charter, other contractual obligations to the Board, state or federal law, or other legal requirements.
    - d. If a complaint identifies or raises an issue that creates a reasonable belief of a potential threat to the health or safety of a student or a reasonable belief of harm to a student, Board staff may require the charter holder to respond within a shortened timeframe. The shortened timeframe shall be approved by the Executive Director and is within his or her sole discretion.
  3. If Board staff determines that the allegations alleged in the complaint are within the Board's jurisdiction and do not violate the charter holder's charter, its other contractual obligations to the Board, federal or state law, or any other legal requirements, Board staff may deem the complaint unsubstantiated, send a copy to the charter holder complained against and notify the charter holder that it is not required to file a response.
    - a. If the Board determines that specific, but not all, allegations alleged in a complaint over which it has jurisdiction do not violate the charter holder's charter, its other contractual obligation to the Board, federal or state law, or any other legal requirements, Board staff may deem those specific allegations unsubstantiated, send a copy to the charter holder complained against and notify the charter holder that it is not required to file a response to the specific allegations that have been deemed unsubstantiated.
    - b. The charter holder is still required to file a response, pursuant to subsection (B)(2), as to those allegations that the Board has jurisdiction but for which the Board has not yet determined does not violate the charter holder's charter, its other contractual obligations to the Board, federal or state law, or any other legal requirements.
  4. Board staff may, for good cause, grant the charter holder an extension of time to submit its written response pursuant to subsection (B)(2) or the requested information pursuant to subsection (B)(1)(a). Charter holders must submit requests for extensions of time in writing, or in a manner as directed by staff, and include the reason or reasons for the request. Charter holders shall submit requests for extensions at least two days prior to the date on which the response is due to the Board.
    - a. If a charter holder is required to respond to a complaint within a shortened timeframe pursuant to subsection (2)(d), the charter holder shall submit a request for extension within a reasonable amount of time prior to the deadline, with consideration given to the nature of allegations.
    - b. If a charter holder fails to request an extension within the timeframe set forth in subsection (B)(2), subsection (B)(4), or subsection (B)(4)(a), the charter holder may submit a request for an exemption from the lack of response being recorded on the charter holder's dashboard. The Executive Director, within his or her sole discretion, may grant the request if the charter holder demonstrates that good cause exists for the delay. If the charter holder is granted an exemption, the Executive Director shall establish a deadline for the charter holder to submit its response. A charter holder that fails to submit a response by the deadline set forth by the Executive Director shall be subject to the provisions set forth in R7-5-507(B)(2).
  5. Board staff shall review the complaint, the charter holder's response and any other relevant information gathered or received in connection with the complaint to determine whether a violation of the charter, other contractual obligations to the Board, state or federal law, or other legal requirements can be substantiated. In its

review of the complaint, Board staff may take, but is not limited to, the following actions:

- a. Conduct further investigation, including a site visit, if additional information is needed;
  - b. Notwithstanding the Board's jurisdiction, consult with another agency with expertise related to a complaint;
  - c. Place the charter holder on the agenda for a subsequent Board meeting for the Board's determination whether the charter holder is in compliance with its charter, other contractual obligations with the Board, state or federal law, or other legal requirements. In deciding whether to place the charter holder on the Board's agenda, the Board's Executive Director, in consultation with the President of the Board, as appropriate, may consider the seriousness of the allegations, the information presented by the complainant and the charter holder, and the charter holder's willingness to resolve any alleged contractual or legal noncompliance.
  - d. If Board staff determines that the matter is more appropriately within the jurisdiction of an agency with legal authority in the matter and notifies the complainant in accordance with subsection (B)(1)(c), Board staff:
    - i. May rely on the determination and action taken by the agency with legal authority in determining whether to substantiate the complaint and is not obligated to conduct its own investigation or determination.
    - ii. May keep the complaint open until the appropriate agency has made a determination on the complaint.
  - e. If a complaint identifies or raises an issue that creates a reasonable belief of a potential threat to the health or safety of a student or a reasonable belief of harm to a student, Board staff may alert any necessary authorities including law enforcement, the Department of Child Safety, and/or the Arizona Department of Education, and may visit the school.
  - f. If Board staff has reason to believe it is more likely than not that the charter holder may have violated the law, the Executive Director may provide the complaint to the Office of the Arizona Attorney General for further investigation, as appropriate.
6. A claim is substantiated when, based on the documentation received by the Board, it is more likely than not that a violation of the charter, other contractual obligations to the Board, state or federal law, or other legal requirements has occurred. If the complaint is deemed substantiated by Board staff or by another agency, Board staff shall mark the complaint substantiated, make it publicly available, and record the contractual or legal noncompliance issue on the charter holder's operational performance dashboard under the appropriate measure.
7. The Board considers a complaint "closed" when:
- a. Board staff has deemed the complaint as substantiated, the charter holder has had an opportunity to respond, and the charter holder has documented that it has made a good faith effort to address the concern;
  - b. Board staff has deemed the complaint unsubstantiated;
  - c. According to subsection (B)(1)(a) the complainant did not provide a response to Board staff's request

for additional information within 15 days of the complainant's receipt of the request; or

- d. The Board has made a final determination as to the complaint.
8. If, at a later date, the complainant or charter holder has additional information to provide to a closed complaint, Board staff shall accept the information and conduct a review. The additional information will be processed in accordance with the existing complaint process.
  9. Once a complaint is closed, Board staff shall send the complainant and charter holder notice of the final action taken.
  10. After the complaint has been reviewed and closed, the complaint, response and all related documents are retained in accordance with the Board's retention policy and are subject to public records law.

**R7-5-509. Financial Intervention Submissions**

- A. The Board shall require a charter holder assigned a summative financial performance rating of "Intervention" under R7-5-402(F) to prepare an initial financial response, quarterly financial reports and a June 30 quarterly financial report. The charter holder shall be required to submit quarterly financial reports, including the June 30 quarterly financial report, to the Board until the Board receives the charter holder's next audit conducted under R7-5-504.
- B. Board staff shall provide written notice to a charter holder that is required to submit an initial financial response. Board staff shall ensure the notice includes the following:
1. Information on how to access the charter holder's financial performance dashboard,
  2. The deadline, which will be set 30 calendar days from the date of the written notice, for submitting the initial financial response to the Board, and
  3. The quarters that must be addressed in the charter holder's initial financial response.

## CHAPTER 5. STATE BOARD FOR CHARTER SCHOOLS

- a. If the written notice date is between October 1 and December 31, the initial financial response must address the quarter ending September 30.
  - b. If the written notice date is between January 1 and March 31, the initial financial response must address the quarters ending September 30 and December 31.
  - c. If the written notice date is between April 1 and June 30, the initial financial response must address the quarters ending September 30, December 31 and March 31.
  - d. If the written notice date is after June 30, the initial financial response must address the quarters ending September 30, December 31, March 31 and June 30.
- C. Board staff shall review the initial financial response and prepare a report on the initial financial response. Board staff's report will answer each of the following questions and briefly explain the basis for each answer:
1. Is there a sound explanation for why the charter holder underperformed on the Financial Performance Framework's measures?
  2. Did the charter holder perform at a level just below or well below the Financial Performance Framework's measure targets?
  3. In what direction is the charter holder's financial health heading?
  4. Do the charter holder's proposed or implemented actions address the problems that contributed to or caused the charter holder's underperformance on the Financial Performance Framework's measures and are they realistic to implement?
- D. For each charter holder that submitted an initial financial response, Board staff shall place the charter holder in the intervention tier that aligns with the following criteria:
1. If the charter holder's financial performance dashboard based on the most recent audit conducted under R7-5-504 indicates a rating of "below standard" for the going concern or default measure and indicates a rating of "approaches standard" on zero or more measures, then the charter holder shall be placed in intervention tier 1, except as set forth in subsection (D)(5).
  2. If the charter holder's financial performance dashboard based on the most recent audit conducted under R7-5-504 indicates a rating of "below standard" on two or more measures and indicates a rating of "approaches standard" on zero or more measures, then the charter holder shall be placed in intervention tier 1 unless the charter holder is placed in intervention tier 2 under subsection (D)(5).
  3. If the charter holder's financial performance dashboard based on the most recent audit conducted under R7-5-504 indicates a rating of "below standard" on one measure other than the going concern measure or default measure and indicates a rating of "approaches standard" on zero or more measures, then the charter holder shall be placed in intervention tier 2 unless the charter holder is placed in intervention tier 1 under subsections (D)(4), (D)(6), (D)(7), (D)(8) or (D)(9).
  4. If the report prepared by Board staff identifies a "No" as the answer to the question identified in subsection (C)(4), then the charter holder shall be placed in intervention tier 1.
  5. If the charter holder's initial financial response supports that the charter holder has cured the default, then the charter holder shall either be:
    - a. Removed from the intervention process if the default measure was the only measure for which the charter holder received a rating of "below standard" based on the most recent audit conducted under R7-5-504, or
    - b. Placed in intervention tier 2 instead of intervention tier 1 if the charter holder had received a rating of "below standard" on only one other measure based on the most recent audit conducted under R7-5-504.
6. If the charter holder was required to submit a corrective action under R7-5-504(H)(1) based on the most recent audit conducted under R7-5-504 for failure to pay taxes or contributions due to the Internal Revenue Service, Arizona Department of Revenue, Arizona Department of Economic Security or Arizona State Retirement System, failure to have sufficient cash at June 30 to cover the charter holder's unspent Classroom Site Fund balance, or failure to maintain worker's compensation insurance or liability insurance, then the charter holder shall be placed in intervention tier 1.
7. If the Board has substantiated in the audited fiscal year, subsequent fiscal year or both at least one complaint involving late payroll checks to employees, or health insurance or liability insurance cancellation due to non-payment or if the Board has substantiated in the audited fiscal year, subsequent fiscal year or both at least one complaint involving failure to make required retirement plan contributions or received notification from the Arizona State Retirement System of delinquent retirement contributions, then the charter holder shall be placed in intervention tier 1.
8. If the charter holder has been required to make at least one submission under R7-5-501(C) in the audited fiscal year, subsequent fiscal year or both, then the charter holder shall be placed in intervention tier 1.
9. If the charter holder's performance fluctuates from a summative financial performance rating of "Intervention" to a summative financial performance rating of "Adequate Standing" and then back to a summative financial performance rating of "Intervention" within the most recent three-year period, then the charter holder shall be placed in intervention tier 1.
- E. Within 30 calendar days after receiving an initial financial response, Board staff shall provide the charter holder with written notice that includes the following:
1. The charter holder's intervention tier as determined under subsection (D);
  2. The quarterly financial report requirements and submission deadlines;
  3. The availability of Board staff's report specified in subsection (C); and
  4. Any differences identified between the calculations included by the charter holder in its initial financial response and those completed by Board staff.
- F. The submission deadlines for quarterly financial reports, including the June 30 quarterly financial report, submitted subsequent to the initial financial response are as follows:
1. October 30 for the quarter ending September 30;
  2. January 30 for the quarter ending December 31;
  3. April 30 for the quarter ending March 31; and
  4. August 15 for the quarter ending June 30.
- G. For each quarterly financial report submitted subsequent to the initial financial response and prior to the June 30 quarterly financial report and for each quarterly financial report submitted subsequent to the June 30 quarterly financial report pursuant to subsection (A), Board staff shall determine the charter holder's current performance and compare Board staff's results to the charter holder's calculation results. Within 30

1. The submission deadline for the next quarterly financial report; and
  2. Any differences identified between the calculations completed by the charter holder and those completed by Board staff.
- H.** For each charter holder that submitted a June 30 quarterly financial report, Board staff shall determine whether:
1. The going concern measure received a rating of "below standard" on the most recent audit conducted under R7-5-504.
  2. The measure or measures rated "below standard" based on the most recent audit conducted under R7-5-504 will likely improve to at least an "approaches standard" rating or remain rated "below standard" when calculations are completed using the charter holder's next audit conducted under R7-5-504.
  3. One or more of the Financial Performance Framework's other measures will likely be rated "below standard" when calculations are completed using the charter holder's next audit conducted under R7-5-504.
  4. Since Board staff made the determination in subsection (D), the Board has substantiated any complaint involving late payroll checks to employees, health insurance or liability insurance cancellation due to nonpayment or failure to make required retirement plan contributions, or the Board has received notification from the Arizona State Retirement System of delinquent retirement contributions.
  5. Since Board staff made the determination in subsection (D), the charter holder has been required to make at least one submission under R7-5-501(C).
  6. Within the most recent five-year period the charter holder has been assigned three summative financial performance ratings of "Intervention" and two summative financial performance ratings of "Adequate Standing."
- I.** Within 45 calendar days after receiving a June 30 quarterly financial report, Board staff shall notify the charter holder in writing of:
1. The determinations made by Board staff under subsection (H);
  2. The submission deadline for the next quarterly financial report required under subsection (A); and
  3. Any differences identified between the calculations completed by the charter holder and those completed by Board staff.
- J.** Subject to the provision set forth in subsection (J)(1), for each charter holder placed in intervention tier 1 under subsection (D), Board staff shall visit each school operated by the charter holder to conduct a physical count of students and compare the information observed and obtained onsite with the number of students reported to the Department.
1. Should extraordinary circumstances preclude Board staff from completing one or more intervention tier 1 site visits, Board staff shall:
    - a. Report to the Board at a public meeting the specific extraordinary circumstance and the number of site visits affected;
    - b. Propose an alternative method for conducting the intervention tier 1 site visits, request a waiver of one or more intervention tier 1 site visits, or both; and
    - c. Provide at least five days' public notice of the Board meeting identified in subsection (J)(1)(a).
  2. Time permitting, Board staff may visit each school operated by a charter holder placed in intervention tier 2 under subsection (D).
- K.** The charter holder's initial financial response, quarterly financial reports and June 30 quarterly financial report and Board staff's report under subsection (C) shall be made publicly available through the charter holder's financial performance dashboard.
- L.** If a charter holder fails to submit or fails to timely submit an initial financial response, quarterly financial report or June 30 quarterly financial report required under subsection (A), Board staff shall note the failure on the charter holder's operational performance dashboard. The charter holder may be subject to charter oversight as specified in Article 6.
- M.** If a charter holder fails to submit a complete initial financial response by the specified deadline, Board staff shall:
1. Provide written notice to the charter holder that includes the reason for the finding and provides a three-day window for the charter holder to submit a complete initial financial response.
  2. If the charter holder does not submit a complete initial financial response to the Board within the window identified in subsection (M)(1), note the failure on the charter holder's operational performance dashboard and provide written notice of the deadline by which a complete initial financial response must be received to avoid charter oversight specified in Article 6.
- N.** Subsequent to the initial financial response submission, if a charter holder fails to submit a complete quarterly financial report or June 30 quarterly financial report required under subsection (A) by the specified deadline, Board staff shall:
1. Provide written notice to the charter holder that includes the reason for the finding and identifies the one-day deadline by which a complete quarterly financial report or June 30 quarterly financial report must be received to avoid charter oversight as specified in Article 6.
  2. Note the failure identified in subsection (N) on the charter holder's operational performance dashboard.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

---

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2021 is cited as Supp. 21-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the Code in Supp. 18-1 to comply with A.R.S. § 41-1012(B) and A.R.S. § 5302(1), (2)(d) through (e), and (3)(d) through (e).

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

*Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.*

## Administrative Rules Division

The Arizona Secretary of State electronically publishes each A.A.C. Chapter with a digital certificate. The certificate-based signature displays the date and time the document was signed and can be validated in Adobe Acrobat Reader.

*Editor's Note: Supp. 15-2 has rules that were filed as final exempt rules. The Department was required to provide an opportunity for public comment on the amended rules under Laws 2014, Ch. 171. The amended rules were published on the Department's website from May 1, 2015 to May 30, 2015. Even though the proposed amendments were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Exempt rulemakings are those filed with the Office of the Secretary of State that did not receive public comments (Supp. 15-2).*
