PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The Code is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

The release of this Chapter in Supp. 23-2 replaces Supp. 22-1, 1-27 pages.

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 2. ADMINISTRATION

CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

Authority: A.R.S. § 16-956(A)(7)

Supp. 23-2

CHAPTER TABLE OF CONTENTS

Editor's Note: The Office of the Secretary of State, Administrative Rules Division, complied with its legal obligation to publish the Notice of Rule Expiration filed for Sections R2-20-109 and R2-20-111 under A.R.S. § 41-1011(C) and 41-1056(G) and (J)(2) in Supp. 17-2, version 2. As a courtesy to the Commission, the Office also published R2-20-109 and R2-20-111 as adopted and made by the Commission because it stated the Governor's Regulatory Review Council did not have the authority to file such a notice. On December 14, 2017, the Commission "re-adopted" rules in the disputed Sections of R2-20-109 and R2-20-111; therefore, our Division has removed the expired rule Sections as published in Supp. 17-2, version 2. The Office will not interpret the legality of any actions made by the Commission or the Council as to whether the rules in R2-20-109 and R2-20-111 were effective at 23 A.A.R. 1761 or expired at 23 A.A.R. 1757 between the dates of June 7, and December 14, 2017. Those interested in that issue should consult counsel.

Editor's Note: The Citizen's Clean Elections Commission has filed a Notice of Public Information with the Office of the Secretary of State (Office) stating the Governor's Regulatory Review Council (G.R.R.C.) "cannot effectively repeal the rules" in this Chapter. The Notice also states, "persons subject to the Act and Rules are advised that it is the Commission's position [sic] that an action of G.R.R.C.... cannot relieve them of their obligations under the Act and Rules." [published at 23 A.A.R. 1761] The Office has received a Notice of Rule Expiration from the G.R.R.C. stating R2-20-109 and R2-20-111 have automatically expired [published at 23 A.A.R. 1757]. Under A.R.S. § 41-1056(G), our Office publishes filed G.R.R.C. notices and has included the rule expiration in this Chapter. Since the Office is merely the publisher, it has not, nor will it interpret the legality of the G.R.R.C. authority to "effectively repeal rules."

Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 02-1).

Editor's Note: This Chapter contains rules that were adopted under an exemption from the rulemaking provisions of the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 16-956(D). Exemption from A.R.S. Title 41, Chapter 6 means that these rules were not certified by the Attorney General or the Governor's Regulatory Review Council. Because this Chapter contains rules that are exempt from the regular rulemaking process, the Chapter is printed on blue paper. The rules affected by this exemption appear throughout this Chapter.

The campaign account shall not be used for any non-direct campaign purpose as provided in Article 7 of these rules;
 5. Attend a Commission sponsored candidate training class within 60 days of being certified or within 60 days of the beginning of the qualifying period if the candidate is certified before the beginning of the qualifying period. CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

(Supp. 13-2). Amended by final exempt rulemaking at 23 A.A.R. 115, effective December 15, 2016 (Supp. 16-4).

R2-20-105. Certification for Funding

- A. After a candidate is certified as a participating candidate, pursuant to A.R.S. § 16-947, in accordance with the procedure set forth in R2-20-104, that candidate may collect qualifying contributions only during the qualifying period.
- B. A participating candidate must submit to the Secretary of State, a list of names of persons who made qualifying contributions, an application for funding prescribed by the Secretary of State, the minimum number of original reporting slips, and an amount equal to the sum of the qualifying contributions collected pursuant to A.R.S. § 16-950 no later than one week after the end of the qualifying period. Any and all expenses associated with obtaining the qualifying contributions, including credit card processing fees must be paid for from the candidate's early contributions or personal monies. A candidate may develop his or her own three-part reporting slip for qualifying contributions, or one that is photocopied or computer reproduced, if the form substantially complies with the form prescribed by the Commission. The candidate must comply with the Act and ensure that the original qualifying slip is tendered to the Secretary of State, a copy remains with the candidate, and that a copy is given to the contributor.
- C. A candidate may accept electronic \$5 qualifying contributions for the elected office sought by the candidate. The Secretary of State's secured internet portal must be used to collect electronic \$5 qualifying. A \$5 contribution must accompany every \$5 qualifying contribution form and must be submitted via the Secretary of State's portal using a private electronic payment service, specified by the Secretary of State's Office, bank account, credit or debit card. A non-refundable transaction fee may be assessed on electronic \$5 qualifying contribution transactions. The transaction fee is not a contribution to the candidate's campaign and is paid by the contributor. If excess funds are accumulated by the candidate's campaign based on the transaction fee then all excess funds must be given to the Commission and must be entered into the candidate's campaign finance report in a manner that indicates the transaction fees have been accumulated and transferred.
- D. A solicitor who seeks signatures and qualifying contributions on behalf of a participating candidate shall provide his or her residential address, typed or printed name and signature on each reporting slip. The solicitor shall also sign a sworn statement on the contribution slip avowing that the contributor signed the slip, that the contributor contributed the \$5, that based on information and belief, the contributor's name and address are correctly stated and that each contributor is a qualified elector of this state. If a contribution is received unsolicited, the candidate or contributor may sign the qualifying contribution form as the solicitor and is accountable for all of the responsibilities of a solicitor. Nothing in this rule shall prohibit the use of direct mail or the internet to obtain qualifying contributions as long as an original signature is provided on the qualifying contribution form. The candidate may sign the qualifying contribution form as the solicitor and is accountable for all of the responsibilities of a solicitor. For qualifying contributions received in accordance with subsection (C) of this Section, the residential address and signature of the solicitor is not required.
- E. The Secretary of State has the authority to approve or deny a candidate for Clean Elections funding, pursuant to A.R.S. § 16-950(C) based upon the verification of the qualifying contribution forms by the appropriate county recorder. The county recorder shall disqualify any qualifying contribution forms that are:
 1. Unsigned by the contributor;
 2. Undated; or
 3. That the recorder is unable to verify as matching signature of a person who is registered to vote, on the date specified inside the electoral district the candidate is seeking.
- F. The Secretary of State will notify the candidate and the Commission regarding the approval or denial of Clean Elections funds. A candidate who is denied Clean Elections funding after all of the slips are verified is eligible to submit supplemental qualifying contribution forms for one additional opportunity to be approved for funding pursuant to subsection (G) of this rule.
- G. The amount equal to the sum of the qualifying contributions collected and tendered to the Secretary of State pursuant to A.R.S. § 16-950(B) will be deposited into the fund, and the amount tendered will not be returned to a candidate if a candidate is denied Clean Elections funding.
- H. In accordance with the procedure set forth at A.R.S. § 16-950(C), if the Secretary of State determines that the result of the five percent random sample is less than 110 percent of the slips needed to qualify for funding, then the Secretary of State shall send all of the slips for verification. If the county recorder has verified all of the candidate's signature slips and there is an insufficient number of valid qualifying contribution slips to qualify the candidate for funding, the candidate may make only one supplemental filing of additional qualifying contribution slips and qualifying contributions to the Secretary of State if all of the following apply:
 1. The candidate files at least the minimum number of additional slips needed to qualify for funding;
 2. The slips are not receipts for duplicate contributions from individuals who have previously contributed to that candidate; and
 3. The period for filing qualifying contributions slips has not expired.
- I. The Secretary of State shall forward facsimiles of all of the supplemental qualifying contribution slips to the appropriate county recorders for the county of the contributors' addresses as shown on the contribution slips. The county recorder shall verify all of the supplemental slips within 10 business days after receipt of the facsimiles and shall provide a report to the Secretary of State identifying as disqualified any slips that are unsigned by the contributor or undated or that the recorder is unable to verify as matching the signature of a person who is registered to vote, on the date specified on the slip, inside the electoral district of the office the candidate is seeking. On receipt of the report of the county recorder on all supplemental slips, the Secretary of State shall calculate the candidate's total number of valid qualifying contribution slips and shall approve or deny the candidate for funds.

R2-20-106. Distribution of Funds to Certified Candidates

- A.** Before the initial disbursement of funds, the Commission shall review the candidate's funding application and all relevant facts and circumstances and:
1. Verify that the number of signatures on the candidate's nominating petitions equals or exceeds the number required pursuant to A.R.S. § 16-322 as follows:
 - a. If the application is submitted before the March 1 voter registration list is determined, the Commission shall verify that the number of signatures on the candidate's nominating petitions equals or exceeds 115 percent of the number required pursuant to A.R.S. § 16-322 based on the prior election voter registration list as determined by the Secretary of State; or
 - b. If the application is submitted after the current year March 1 voter registration list is determined, the Commission shall verify that the number of signatures on the candidate's nominating petitions is equal to or greater than the number required pursuant to A.R.S. § 16-322.
 2. Determine that the required number of qualifying contributions have been received and paid to the Secretary of State for deposit in the Fund; and
 3. Determine whether the candidate is opposed in the election.
- B.** In making the determinations described in subsection (A)(3), the Commission shall consider all relevant facts and circumstances, and it shall not be bound by election formalities such as the filing of nominating petitions by others in determining whether an applicant is opposed. Among other evidence the Commission may consider is the existence of exploratory committees or filings made to organize campaign committees of opponents and other like indicia.
- C.** The Commission may review and affirm or change its determination that the candidate is or is not opposed until the ballot for the election is established.
- D.** Within seven days after a primary election and before the Secretary of State completes the canvass, the Commission shall disburse funds for general election campaigns to the participating candidates who received the greatest number of votes at each primary election, provided that the candidate with the highest number of votes out of the total number of votes, has at least two percentage points greater than the candidate with the next highest votes based on the unofficial results as of that date. In a legislative race for the Arizona House of Representatives, the Commission shall disburse funds for general election campaigns to participating candidates with the highest or second highest number of votes cast, provided such candidate received votes totaling at least two percentage points, of the total ballots cast, larger than the vote total cast for the candidate with the third highest vote total.
- E.** Promptly after the Secretary of State completes the canvass, the Commission shall disburse funds for general election campaigns to all eligible participating candidates to whom payment has not been made. If a participating candidate has received funds from the Commission pursuant to subsection (D) and the canvass or recount determines that the candidate is not eligible to appear on the general election ballot, the participating candidate shall return all unused funds to the Fund

within 10 days after such determination is made. That candidate shall make no expenditures from general election funds from the date of the canvass.

- F.** The Commission may refuse to distribute funds to participating candidates in cases in which the Commission finds evidence of fraud or illegal activity committed by the participating candidate.
- G.** Pursuant to A.R.S. § 16-953, a participating candidate shall return to the Fund:
1. All primary election funds not committed to expenditures (1) during the primary election period; and (2) for goods or services directed to the primary election. A candidate shall not be deemed to have violated A.R.S. § 16-953(A) or this subsection on account of failure to use all materials purchased with primary election funds prior to the primary election, provided such candidate exercises good faith and diligent efforts to comply with the requirement that goods and services purchased with primary election funds be directed to the primary election. Subject to A.R.S. § 16-953(A) and this subsection, a candidate may continue to use goods purchased with primary election funds during the general election period.
 2. All general funds not committed to expenditures (1) during the general election period; and (2) for goods or services directed to the general election.
- H.** All funds returned to the Commission pursuant to subsection (G) of this rule, shall be returned to the Fund by a cashier's check drawn on the candidate's campaign bank account. Any fee associated with the issuance of a cashier's check shall be deemed a direct campaign expenditure and reported on the candidate's campaign finance report.
- I.** If a participating candidate does not account for any outstanding expenditures in the amount of the funds returned to the Commission, the participating candidate must reconcile the outstanding expenditures with personal monies. Once funds have been returned to the Commission, no further reimbursements from the Clean Elections Fund shall be permitted. Participating candidates may not exceed the primary or general election spending limits.
- J.** Commission staff may waive the return of funds if:
1. The Commission staff determines the amount to be returned is de minimus;
 2. The Commission staff determines the cost of recovery exceeds the amount of the return;
 3. The funds to be returned shall not exceed \$25; and
 4. The Commission is notified of any waiver of the return of funds.

Except as set forth in the subsection below, the Commission shall not be required to sponsor a debate if there is no participating candidate in the election for a particular office.

TITLE 2. ADMINISTRATION

CHAPTER 20. CITIZENS CLEAN ELECTIONS COMMISSION

- B.** In the primary election period, the Commission shall sponsor political party primary election debates for every office in which:
1. There are more candidates appearing on the ballot than there are seats available for the political party's nomination for general election candidates, and
 2. At least one of the candidates is a participating candidate.
- C.** The following candidates will not be invited to participate in debates as follows:
1. In the primary election, write-in candidates for the primary election, independent candidates, no party affiliation or unrecognized party candidates.
 2. In the general election, write-in candidates.
- D.** In the event that there is no participating candidate in a primary or general election but there is an election involving candidates who are not unopposed, a candidate may request that the Commission sponsor a debate pursuant to this rule. If the requesting candidate is the sole participant in the debate the format shall be as prescribed in R2-20-107(K).
1. A nonparticipating candidate who requests a debate pursuant to this rule shall complete and return the invitation form sent to the candidate by the Commission by the deadline identified on the form. Forms received by the Commission past the deadline may still be considered at the discretion of the Commission. Commission staff shall notify all invited candidates if a debate will be sponsored by the Commission and which candidates will participate.
 2. If a candidate requests that the Commission sponsor a debate and fails or refuses to attend the debate, or a candidate agrees to participate in a debate and subsequently fails or refuses to attend the debate sponsored by the Commission, each candidate who fails or refuses to attend the debate shall reimburse the Commission for the cost of debate preparations not to exceed \$10,000 for a non-participating candidate for the legislature and \$25,000 for a non-participating candidate for statewide office. In the event that a candidate requests a general election debate or agrees to participate in a general election debate but does not advance to the general election, the candidate shall not be liable for the reimbursement.
- E.** Pursuant to A.R.S. § 16-956(A)(2), all participating candidates certified pursuant to A.R.S. § 16-947 shall attend and participate in the debates sponsored by the Commission. No proxies or representatives are permitted to participate for any candidate and no statements may be read on behalf of an absent candidate.
- F.** Unless exempted, if a participating candidate fails to participate in any Commission-sponsored debate, the participating candidate shall be fined \$500.00. For purposes of this Section, each primary or general election shall be considered a separate election.
- G.** A participating candidate may request to be exempt from participating in a required debate by doing the following:
1. Submit a written request to the Commission at least one week prior to the scheduled debate, and
 2. State the reasons and circumstances justifying the request for exemption.
- H.** After examining the request to be exempt, the Commission will exempt a candidate from participating in a debate if at least three Commissioners determine that the circumstances are:
1. Beyond the control of the candidate; or
 2. Of such nature that a reasonable person would find the failure to attend justifiable or excusable.
- I.** A participating candidate who fails to participate in a required debate may submit a request for excused absence to the Commission.
1. The candidate's request for excused absence shall:
 - a. State the reason the candidate failed to participate in the debate, and
 - b. State the reason the candidate failed to request an exemption in advance, and
 - c. Be submitted to the Commission no later than five business days after the date of the debate the candidate failed to attend.
 2. After examining the request for excused absence, the Commission may excuse a candidate from the penalties imposed if at least three Commissioners determine that the circumstances were:
 - a. Beyond the control of the candidate; or
 - b. Of such nature that a reasonable person would find the failure to attend justifiable or excusable.
- J.** When a participating candidate is not opposed in the general election, the candidate shall be exempt from participating in a Commission-sponsored debate for the general election.
- K.** In the event that a participating candidate is opposed in the primary election or general election but is the only candidate taking part in a primary election period or general election period debate, as applicable, the debate will be held and will consist of a 30-minute question and answer session for the single participating candidate. If more than one candidate takes part in the debate, regardless of participation status, the debate will be held in accordance with the procedures established by the Commission staff.

 - (2) If the entity making a grant takes reasonable steps to ensure that the transferee does not use such funds to make a reportable contribution or reportable expenditure, such a grant shall be counted in total spending but not as a reportable contribution or reportable expenditure.
 - iv. If the entity making a grant earmarks the grant for reportable contributions or reportable expenditures, knows the grant will be used to make reportable contributions or reportable expenditures, knows that a recipient will likely use a portion of the grant to make reportable contributions or reportable expenditures, or responds to a solicitation for reportable contributions or reportable expenditures, the grant shall be counted in total spending and the relevant portion of the grant as set forth in subsection (v) of this section shall count as a reportable contribution or reportable expenditure.
 - v. Notwithstanding subsections (iii) and (iv) the amount of a grant counted as a reportable contribution or reportable expenditure shall be limited to the lesser of the grant or the following:
 - (1) The amount that the recipient organization spends on reportable contributions and reportable expenditures, plus
 - (2) The amount that the recipient organization gives to third parties but not more than the amount that such third parties fund reportable contributions or reportable expenditures.
 - b. Notwithstanding section a above, the commission may nonetheless determine that an entity is not a political committee if, taking into account all the facts and circumstances of grants made by an entity, it is not persuaded that the preponderance of the evidence establishes that the entity is a political committee as defined in title 16 of Arizona Revised Statutes.

 - a. For a month-to-month or other such periodic contract or agreement that is terminable by a candidate at will and without any termination penalty or payment, the candidate may report an expenditure, in an amount equal to each future periodic payment, as of the date upon which the candidate's right to terminate the contract or agreement and avoid such future periodic payment elapses.
 - b. For a contract, promise or agreement to provide goods or services during the general election period that is contingent upon a candidate advancing to the general election period, the candidate may report an expenditure, in an amount equal to the general election period payment obligation, as of the date upon which such contingency is satisfied.
 - c. If the candidate was a participating candidate during the prior election cycle, the cash payment shall be made to the Fund. If the prior campaign account of a nonparticipating candidate is closed, the payment shall be made to the candidate. In making repayment determinations, the Commission may utilize information obtained from audits and examinations or otherwise obtained by the Commission in carrying out its responsibilities.
 2. The Commission will notify the candidate of any repayment determinations made under this Section as soon as possible.
 3. Once the candidate receives notice of the Commission's repayment determination, the candidate should give preference to the repayment over all other outstanding obligations of the candidate, except for any taxes owed by the candidate.
 4. Repayments may be made only from the following sources: personal funds of the candidate, funds in the candidate's current election campaign account, and any additional funds raised subject to the limitations and prohibitions of the Act.
 5. The Commission may withhold the portion of funds required to be repaid from future payments to a participating candidate if the Commission has made a repayment determination.
- B.** The Commission may determine that a participating candidate who has received payments from the Fund must repay the Fund under any of the following circumstances:
1. Payments in excess of candidate's entitlement. If the Commission determines that any portion of the payments made to the candidate was in excess of the aggregate payments to which such candidate was entitled, it will so notify the candidate, and such candidate shall pay to the Fund an amount equal to such portion.
 2. Use of funds not for direct campaign expenses. If the Commission determines that any amount of any payment to an eligible candidate from the Fund was used for purposes other than direct campaign purposes described in R2-20-702, it will notify the candidate of the amount so used, and such candidate shall pay to the Fund an amount equal to such amount.
 3. Expenditures that were not documented in accordance with campaign finance reporting requirements, expended in violation of state or federal law, or used to defray expenses resulting from a violation of state or federal law, such as the payment of fines or penalties.
 4. Surplus. If the Commission determines that a portion of payments from the Fund remains unspent after all direct campaign expenses have been paid, it shall so notify the candidate, and such candidate shall pay the Fund that portion of surplus funds.
 5. Income on investment or other use of payments from the Fund. If the Commission determines that a candidate received any income as a result of an investment or other use of payments from the Fund, it shall so notify the candidate, and such candidate shall pay to the Fund an amount equal to the amount determined to be income, less any federal, state or local taxes on such income.
 6. Unlawful acceptance of contributions by an eligible candidate. If the Commission determines that a participating candidate accepted contributions, other than early contributions or qualifying contributions, it shall notify the candidate of the amount of contributions so accepted, and the candidate shall pay to the Fund an amount equal to such amount, plus any civil penalties assessed.
- C.** Repayment determination procedures. The Commission's repayment determination will be made in accordance with the following procedures:
1. Repayment determination. The Commission will send a repayment determination pursuant to Article 2, Compliance and Enforcement Procedures, and will set forth the legal and factual reasons for such determination, as well as the evidence upon which any such determination is based. Within 30 days after service of the notice of the Commission's review of the ALJ's decision, the candidate shall repay the amounts that the Commission has determined to be repayable. Upon application by the candidate, the Commission may grant an extension of up to 30 days in which to make repayment.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

 - i. This method is acceptable to local health authorities having jurisdiction over sewage disposal, and
 - ii. The flow of the stream or other body of water is sufficient to carry the sewage away from the plant at all seasons of the year. When cesspools are used, they shall be of sufficient size to receive the sewage from the plant at all times; they shall be so constructed that they do not create a nuisance by breeding flies or other insects.
 - c. Grease recovery basins shall not mask odors or create a harborage for pests.

 - d. Shovels used for transferring ice or other edible materials from one container to another shall not touch the floor.
 12. Ventilation and lighting. Natural ventilation may be supplemented by artificial means and shall be sufficient to assure the absence of dust, masking odors, or steam vapors. Points where inspection is conducted may require special lighting. The glass area shall be at least 1/4 of the floor area in all nonrefrigerated work rooms. To assure adequate lighting at all times and at all places, natural lighting must be supplemented by well-distributed artificial lighting.
 13. Water supply, wash basins, sterilizing facilities.

The sterilizer shall be equipped with a cold water and steam line, or other means to maintain water at a temperature of at least 180° F during slaughtering operations. The sterilizer shall contain a drain so that water may be completely drained out for daily cleaning. Boilers and water heaters shall not be located in the slaughtering department or in any edible products department. To prevent possible back siphonage, vacuum breakers shall be provided on all steam and water lines when open ends are submerged or connected to equipment.
14. Protection against flies, rodents, or other vermin.
- a. Plants must be kept free of flies, rats, mice, roaches, and other pests or vermin. The plant shall be constructed to prevent entrance of rodents to the premises and to eliminate their breeding places from the surrounding areas and in the establishment. Construction of the plant shall be such as to eliminate roach and other insect harbors. Windows, doors, and other openings to the plant shall be provided with insect screens, or other measures to prevent entrance of flies or other insects. The screens shall be kept in good repair. R3-2-410. Trichomonas Testing Requirements

A. Definitions. For purposes of this Section, the following definitions shall apply.

"Accredited Veterinarian" means an individual who is currently licensed to practice veterinary medicine in the State of Arizona and is an Accredited Level II by the United States Department of Agriculture, Animal Plant Health Inspection Service.

"Approved Laboratory" means any laboratory designated and approved by the State Veterinarian for examining *T. foetus* samples and reporting all results to the State Veterinarian.

"Bull" means an intact male bovine 12 months of age and older and is not confined to a drylot dairy.

"Change of Ownership" means when a bull is sold, leased, gifted, or exchanged and changes premises for breeding purposes in Arizona.

"Commingle" means cattle of opposite sex in the same enclosure or pasture with a reasonable opportunity for sexual contact.

"Direct to Slaughter" means transporting an animal from site of testing to a sale yard or directly to a slaughter plant without unloading or commingling prior to arrival.

"Official *T. foetus* bull test" means the sampling of a bull by a licensed, accredited veterinarian. Such test must be conducted after at least seven days separation from all female bovine. The bull and sample must be officially and individually identified and documented for laboratory submission. The official laboratory test shall be a polymerase chain reaction (PCR), or other technologies as approved by the State Veterinarian and adopted through a Director's Administrative Order. The test is not considered official until results are reported by the testing laboratory.

"Official *T. foetus* laboratory testing" means the laboratory procedures that shall be approved by the State Veterinarian for identification of *T. foetus*.

"Positive *T. foetus* bull" means a bull that has had a positive official *T. foetus* bull test.

"Trichomonas foetus" OR "*T. foetus*" means a protozoan parasite that is the causative agent to the contagious venereal disease Trichomoniasis.

- B. Testing requirements for Official *T. foetus*.
 1. All Arizona origin bulls sold, leased, gifted, exchanged or otherwise changing possession for breeding purposes in Arizona shall be tested for *T. foetus* via Official *T. foetus* bull test prior to sale or change of ownership in the state, unless going to direct slaughter. *T. foetus* testing shall be performed on bulls prior to change of ownership of that bull.
 2. The Official *T. foetus* test shall be collected by an Accredited Veterinarian and performed through an Approved Laboratory.
 3. Pooled testing is not an official test.
 4. The *T. foetus* negative test is valid for 60 days after the test is performed, providing the bull is kept separated from all female bovine.
- C. Positive bull identification.
 1. When a positive *T. foetus* bull is identified, the Accredited Veterinarian shall notify the producer upon receipt of the positive test results.
 2. Regardless of R3-2-402, the Accredited Veterinarian and Approved Laboratory shall notify the State Veterinarian of a positive *T. foetus* bull within 24 hours of receiving the results. The State Veterinarian's Office, working in coordination with the regional livestock inspection staff, shall to the best of their ability notify the regional bovine producers about the positive test within 14 days upon notification of positive test. The State Veterinarian and/or livestock inspection staff is not required to reveal any details of the test just that there is a positive test in the region.
 3. The Accredited Veterinarian that performed the test shall return to place of testing to verify the Official Identification of the positive bull.
 4. The Accredited Veterinarian, or a person under direct supervision of the Veterinarian, shall brand the bull with an official "S" brand adjacent to the tailhead on the right hip.
 5. If the bull testing positive is not at the premises where the *T. foetus* testing occurred, the Accredited Veterinarian will immediately notify the State Veterinarian's Office.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

6. If an Accredited Veterinarian is unable to return to the premises in a time that is reasonable for sale of the bull, the producer shall take the positive *T. foetus* bull directly to the regional livestock sale yard.

- a. The producer shall immediately notify the sale yard of the positive *T. foetus* bull. Failure to notify the sale yard of the positive *T. foetus* bull will result in a violation of this Section and the producer shall be subject to the penalties of A.R.S. § 3-1205(D).
- b. Prior to sale at the sale yard, a Livestock Officer shall verify the official identification of the positive *T. foetus* test bull.
- c. After the official identification is verified, the bull shall be branded with an official "S" brand adjacent to the tailhead on the right hip. The branding shall be done under direct supervision of a Livestock Officer or Livestock Inspector.

7. If a bull arrives at a livestock auction without an Official *T. foetus* bull test, the bull shall be quarantined at the auction and tested at the expense of the owner or shall be branded with an "S" brand and be sold only for slaughter.

D. Disposal of bull testing positive.

1. A bull testing positive for *T. foetus* or branded with the official "S" brand shall go direct to slaughter or shall be placed under State Quarantine and fed in a restricted feeding pen within a designated feedlot according to R3-2-406.
2. The *T. foetus* positive bull shall not be commingled with any other female bovine. The bull shall go from the testing premises to direct slaughter or to the restricted feeding pen within 30 days of the positive *T. foetus* test.
3. All remaining herd bulls shall be under a Trichomonas Herd Management Program overseen by the Herd Veterinarian until two negative *T. foetus* tests are performed and documented.
4. "S" branded bulls purchased at a sale yard shall go direct to a slaughter plant without unloading or commingling prior to arrival.

E. Trespassing or Stray Bulls.

1. In the event of a trespassing or stray bull, the herd owner who locates the bull, may request an Official *T. foetus* bull test for that bull. In the event of a positive Official *T. foetus* bull test, subsections (B) and (C) shall apply.
2. The cost of the veterinary services and Official *T. foetus* bull test shall be the responsibility of the herd owner. In the event of a stray bull, the animal will be subject to A.R.S. §§ 3-1401 et seq.

Historical Note

Section R3-2-1107 recodified from R3-2-107 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1108. Types of Grading Service

- A.** Scheduled continuous grading service on a resident basis and continuous grading service on a nonresident basis. Service on a resident basis has a scheduled tour of duty, while service on a nonresident basis has a nonscheduled tour of duty, but is of a reoccurring nature. Both of these services are performed when an applicant requests that an AZDA/inspector grader be stationed in the applicant's processing plant and grade eggs in accordance with U.S. Standards. The applicant agrees to comply with the facility, operating, and sanitary requirements of resident service. The charges for resident grading services are

based on the hours of the regular tour of duty. Eggs graded under AZDA resident grading service are only eligible to be identified with the official grademarks shown in R3-2-1111 when processed and graded under the supervision of a grader/inspector, or quality assurance inspector as provided in R3-2-1114.

- B.** Unscheduled temporary grading service. Temporary grading service is performed when an applicant requests resident grading on a fee basis. The applicant must meet all of the facility, operating, and sanitary requirements of resident service. Charges or fees are based on the time and expenses needed to perform the work. Eggs graded under temporary grading service are only eligible to be identified with the official AZDA grademarks when they are processed and graded under the supervision of a grader or quality assurance inspector as provided in R3-2-1114.
- C.** Auditing service. Auditing service is performed when an applicant requests independent verification of written quality assurance and value added standards for production, processing, and distribution of eggs. Charges or fees are based on time, travel, and expenses needed to perform the work.
- D.** The Department shall determine the number of graders needed to perform grading services. Recipients shall not ask AZDA graders to assume plant managerial responsibilities.

Historical Note

Section R3-2-1108 recodified from R3-2-108 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1109. Suspension of Grading Service or Plant Approval for Correctable Cause

- A.** Provision of grading services is a privilege and not a right. Any plant approval of grading services given pursuant to this Article may be suspended by the Administrator for:
1. Failure to maintain grading facilities and equipment in a satisfactory state of repair, sanitation, or cleanliness.
 2. The use of operating procedures which are not in accordance with this Article;
 3. Alterations of grading facilities or equipment which have not been approved in accordance with this Article; or
 4. Any reasons listed under R3-2-1105(D) "Denial of Service," or required by any other need to protect public health, safety, or welfare.
- B.** Suspension may occur prior to the right to have a hearing in cases in which immediate suspension is required to protect public health, safety, or welfare. Whenever it is feasible to do so, written notice in advance of such suspension of plant approval shall be given to the person concerned and shall specify a reasonable period of time in which corrective action must be taken. If advance written notice is not given, the action shall be promptly confirmed in writing after the suspension and the reasons therefor shall be stated, except in instances where the person has already corrected the deficiency. During such period of suspension, grading service shall not be rendered. After appropriate corrective action is taken, grading service will be restored immediately, or as soon thereafter as a grader can be made available.
- C.** If the grading facilities or methods of operation are not brought into compliance within a reasonable period of time as specified by the Administrator, the Administrator shall send formal notice of the suspension pursuant to A.R.S. Title 41,

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

Chapter 6, Article 10. Any suspension shall continue in effect pending the outcome of a hearing unless otherwise ordered by the Administrator.

- D. Upon suspension of grading service, all grademarks (labels, seals, tags, or packaging material bearing other official identification), shall, under the supervision of a person designated by the AZDA, be destroyed, obliterated, or sequestered in a manner acceptable to the AZDA.
- E. In any case where grading service is suspended under this Section, the person concerned may thereafter apply for grading service once the conditions giving rise to the suspension or withdrawal have been remediated.

Packaging materials bearing official identification marks shall be approved pursuant to R3-2-1110 to R3-2-1111, inclusive, and shall be used only for the purpose for which approved and prescribed by the Administrator. Any unauthorized use or disposition of approved labels or packaging materials which bear any official AZDA identification may result in cancellation of grading service, denial of the permission to use of labels or packaging materials bearing official identification, or denial of other benefits of the Act pursuant to the provisions of R3-2-1105 D.
- B. Approval of official identification. No label, container, or packaging material which bears official identification may contain any statement that is false or misleading. No label, container, or packaging material bearing official identification may be printed or prepared for use until the printers' or other final proof has been approved by the Administrator in accordance with this Article. It is the recipient's responsibility to ensure label compliance with the Federal Food, Drug, and Cosmetic Act, the Fair Packaging and Labeling Act, and the regulations promulgated under this Article. The use of finished labels must be approved as prescribed by the Administrator. A grader may apply official identification stamps to shipping containers if they do not bear any statement that is false or misleading. If the label is printed or otherwise applied directly to the container, the principal display panels of such container shall for this purpose be considered as the label. The label shall contain the name, address, and ZIP Code of the packer or distributor of the product, the name of the product, a statement of the net contents of the container, and the AZDA grademark.
- C. Nutritional labeling. Nutrition information must be included on the labeling of each unit container of consumer packaged eggs in accordance with the General Regulations for the Enforcement of the Federal Food, Drug, and Cosmetic Act and the Fair Packaging and Labeling Act, located at 21 CFR §§ 101.1 to 101.108. The Illustration 5 grademark may be used to identify products for which there are no official U.S. grade standards (for example, pasteurized shell eggs, and/or hard boiled eggs), provided that these products are approved by the Department and are prepared from AZDA compliant Consumer Grade AA or A eggs. The Illustration 5 grademark may utilize any one of the designs shown in Illustrations 2 through 4. The "Produced From" text outside the symbol shall be conspicuous, legible, and in approximately the same proportion and close proximity to the symbol as shown in Illustration 5.
- D. Information required on AZDA grademark. R3-2-1120. Appeals

- A.** Appeal grading. An appeal grading may be requested by any recipient or authorized designee or other interested party ("appellant") who is dissatisfied with the determination by a grader of the class, quality, quantity, or condition of any prod-

uct as evidenced by the AZDA grademark and accompanying label, or as stated on a grading certificate.

1. The appeal shall be filed with the original grader's immediate supervisor.
2. Initial review of the appeal shall be made by the original grader's immediate supervisor, or by one or more licensed graders assigned by the immediate supervisor to review the appeal.
2. An appeal may be made orally or in writing. If made orally, written confirmation is required. The appellant shall clearly state the reasons for requesting the appeal grading and a description of the product, or the decision which is questioned. If such appeal request is based on the results stated on an official certificate, the original and all available copies of the certificate shall be provided to the grader assigned to perform the appeal grading.
3. The appellant's request for the appeal grading may be refused when it appears to the reviewer that the reasons given in the request are frivolous or not substantial, the quality or condition of the product has undergone a material change since the original grading, the original lot has changed in some manner, or the appellant has not materially complied with the requirements of this Article. In such case, the appellant shall be promptly notified of the reason or reasons for such refusal.
4. If an appeal grading is granted, it shall be performed by a grader other than the original grader. Whenever practical, an appeal grading shall be conducted jointly by two independent graders.
5. The following procedures shall be used for appeal grading:
 - a. The appeal sample shall consist of product taken from the original sample container plus an equal number of samples selected at random.
 - b. When the original samples are not available or have been altered, such as the removal of undergrades, the appeal sample size for the lot shall consist of double the samples required in R3-2-1102.
 - c. Eggs shall not have been moved from the original place of grading and must have been maintained under adequate refrigeration.
6. Immediately after an appeal grading is completed, an appeal certificate shall be issued to show that the original grading was upheld, modified, or rejected. Such certificate shall supersede any previously issued certificate for the product involved and shall clearly identify the number and date of the superseded certificate. The issuance of the appeal certificate may be withheld until any previously issued certificate and all copies have been returned when such action is deemed necessary to protect the interest of the Department. When the appeal grader assigns a different grade to the lot, the existing AZDA grademark shall be changed or obliterated as necessary. When the appeal grader assigns a different class or quantity designation to the lot, the labeling shall be corrected.
- B.** Appeal for suspension, termination or denial of service or debarment. Any person whose grading service is suspended, terminated, denied service, or debarred, may request a hearing before an administrative law judge pursuant to A.R.S. Title 41, Chapter 6, Article 10. The decision of the administrative law judge is subject to review by the Director as provided by A.R.S. Title 41, Chapter 6, Article 10.

- A.** Forms. AZDA grading certificates and sampling report forms (including appeal grading certificates and regrading certificates) shall be issued on forms approved by the Administrator.
- B.** Issuance.
1. Resident grading basis. Certificates will be issued only upon request therefor by the applicant or AZDA. When requested, a grader shall issue a certificate covering product graded by such grader. In addition, a grader may issue a grading certificate covering product graded in whole or in part by another grader when the grader has knowledge that the product is eligible for certification based on personal examination of the product or official grading records.
 2. Other than resident grading. Each grader shall, in person or by the grader's authorized agent, issue a grading certificate covering each product graded by such grader. A grader's name may be signed on a grading certificate by a person other than the grader, if such person has been designated as the authorized agent of such grader by the Administrator, provided that:
 - a. The certificate is prepared from an official memorandum of grading signed by the grader; and
 - b. A notarized power of attorney authorizing such signature has been issued to such person by the grader and is on file in the office of grading. In such case, the authorized agent shall sign both the agent's name and the grader's name, for example, "John Doe by Mary Roe."
- C.** Disposition. The original and required or requested copies of the grading certificate, immediately upon issuance, shall be delivered, mailed, or electronically submitted to the recipient or the recipient's designee.  2. Accurate thermometers shall be provided for monitoring cooler room temperatures.
 3. Cooler rooms shall be free from objectionable odors and from mold, and shall be maintained in a sanitary condition.
- G. Egg protecting operations.**
1. Egg protecting (oil application) operations shall be conducted in a manner to avoid contamination of the product and maximize conservation of its quality.
 2. Component equipment within the egg protecting system, including holding tanks and containers, must be sanitarily designed and maintained in a clean and sanitary manner, and the application equipment must provide an adequate amount of oil for shell coverage of the volume of eggs processed.
 3. Eggs with excess moisture on the shell shall not be shell protected.
 4. Oil having any off odor, or that is obviously contaminated, shall not be used in egg protection operations. Oil is to be filtered prior to application.
 5. The component equipment of the application system shall be washed, rinsed, and treated with a bactericidal agent each time the oil is removed.

 2. Egg drying equipment must be sanitarily designed and maintained in a clean and sanitary manner. Air used for drying purposes must be filtered. These filters shall be cleaned or replaced as needed to maintain a sanitary process.
 3. The temperature of the wash water shall be maintained at 90 °F (32.2 °C) or higher, and shall be at least 20 °F (6.7 °C) warmer than the internal temperature of the eggs to be washed. These temperatures shall be maintained throughout the cleaning cycle. Accurate thermometers shall be provided for monitoring wash water temperatures.
 4. Approved cleaning compounds shall be used in the wash water.
 5. Wash water shall be maintained at a measurable pH level of 11 or higher. Accurate testing equipment shall be provided and accessible to the grader. 7. Replacement water shall be added continuously to the wash water of washers. Chlorine or quaternary sanitizing rinse water may be used as part of the replacement water, provided, they are compatible with the washing compound. Iodine sanitizing rinse water may not be used as part of the replacement water.
 8. Only potable water may be used to wash eggs. Each official plant shall submit certification to the office of grading stating that their water supply is potable. An analysis of the iron content of the water supply, stated in parts per million, is also required. When the iron content exceeds two parts per million, equipment shall be provided to reduce the iron content below the maximum allowed level. Frequency of testing for potability and iron content shall be determined by the Administrator. When the water source is changed, new tests are required.
 9. Waste water from the egg washing operation shall be piped directly to drains.
 10. The washing, rinsing, and drying operations shall be continuous and shall be completed as rapidly as possible to maximize conservation of the egg's quality and to prevent sweating of eggs. Eggs shall not be allowed to stand or soak in water. Immersion-type washers shall not be used.
 11. Prewetting eggs prior to washing may be accomplished by spraying a continuous flow of water over the eggs in a manner which permits the water to drain away or other methods which may be approved by the Administrator. The temperature of the water shall be the same as prescribed in this Section.
 12. Washed eggs shall be spray-rinsed with water having a temperature equal to, or warmer than, the temperature of the wash water. The spray-rinse water shall contain a sanitizer that has been determined acceptable for the intended use by the supervisor and of not less than 100 PPM nor more than 200 PPM of available chlorine or its equivalent. Alternate procedures, in lieu of a sanitizer rinse, may be approved by the Administrator.
 13. Test kits shall be provided and used to determine the strength of the sanitizing solution.
 14. During non-processing periods, eggs shall be removed from the washing and rinsing area of the egg washer and from the scanning area whenever there is a buildup of heat that may diminish the quality of the egg.
 15. Washed eggs shall be reasonably dry before packaging and packing.
 16. Steam, vapors, or odors originating from the washing and rinsing operation shall be continuously and directly exhausted to the outside of the building.
- I. Requirements for eggs officially identified with a grademark.**

 2. Eggs that are to be officially identified with the AZDA grademark shall be packed only in new packaging materials that are clean, free of mold, mustiness and off odors, or clean and sanitized packaging material designed to be reused, and must be of sufficient strength and durability to adequately protect the eggs during normal distribution. When packed in other than fiber packing material, the containers must be of sound construction and maintained in a reasonably clean manner.
- J. Use of approved chemicals and compounds.**

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

1. All egg washing and equipment cleaning compounds, defoamers, destainers, sanitizers, inks, oils, lubricants, or any other compound that comes into contact with the eggs shall be approved by the national supervisor for their specified use and handled in accordance with the manufacturer's instructions.
 2. All pesticides, insecticides, and rodenticides shall be approved for their specified use and handled in accordance with the manufacturer's instructions.
- K. Marking individual eggs.** The marking of individual eggs may be requested by processors as part of a specification requirement or for other marketing purposes.
1. Stamping eggs. Recognizing the difficulty in clearly stamping the rounded surface of an egg, a lot average tolerance of 10-percent for individual eggs with partial, illegible, or no marks in any combination is permitted with no individual case exceeding 20-percent. These tolerances may be applied as a moving average when performing online sampling or as a lot average while performing stationary lot gradings. If more than 50% of the image or letter or letters is missing, the symbol is illegible. Stamped eggs are not classified as stains or dirty. They are to be graded without regard to marking. An official grade cannot be assigned to a mixed lot of eggs that contains individually marked and unmarked eggs. If requested, the lot may be graded for all factors except ink stains. Lot averages may be shown on the certificate. The section "Official Grade and Size" shall state "No AZDA Grade." The following statement shall also be placed in the "Remarks" section: "Lot contains marked and unmarked eggs. Eggs graded for all factors except ink stains." Individual eggs with ink blotches or smears from dating devices are to be classified as stains or dirty, depending on the intensity and/or area of the stain [guidance not clear]. Inks used in marking individual eggs which will be officially graded are to be approved by the Administrator prior to their use. The request for approval should be accompanied with a copy of the ink formula, the name of the product, and the name and address of the manufacturer.
 2. Laser etching (marking eggs). The use of a laser etching system to mark information is subject to joint review by the Food and Drug Administration (food safety impact evaluation) and AZDA (quality impact evaluation). Only approved laser etching systems may be used to identify eggs to be officially graded and identified with an AZDA grademark. The amount of the shell surface available for laser etching and the information etched on the shell is subject to review by the resident grader and the supervisor. The information etched on the shell must not interfere with the graders ability to evaluate the quality attributes of the egg.
 3. When an individual egg is marked, whether an applied ink or laser etched, the information must be consistent with the information on the label, for example, any marketing claims, production code, or packer identity. If this information is not consistent throughout the lot, the eggs are not eligible to be identified with an AZDA grademark.

R3-2-1123. Health and Hygiene of Personnel

- A.** No person known to be affected by a communicable or infectious disease shall be permitted to come in contact with the product.
- B.** Plant personnel coming into contact with the product shall wear clean clothing.

R3-2-1124. Use of the "Produced From" Labeling

- A.** Use of the wording "Produced From" in conjunction with the AZDA grademark, is limited to products derived from AZDA Grade AA or Grade A eggs for which there are no U.S. grade standards (for example, pasteurized eggs or hard-cooked eggs). The following guidelines are to be used when monitoring the official grade identification of these types of products.
 1. Approval. Applicants interested in utilizing the "Produced From" labeling must submit a written proposal to the Administrator. The proposal is to include the type or types of product to be labeled and the applicant's plan for controlling the use and labeling of officially identified product. After review by the supervisor, the supervisor is to forward the request to the Administrator for final review and approval. Upon approval, the supervisor is to reconfirm all of the requirements with the applicant prior to any actual grade identification.
 2. Verification visits. To assure that only officially graded eggs are being used, the processing, packing, and packaging must be closely monitored. Each verification visit shall include a review of records, product inventory, processing procedures, packing, packaging, storage, and shipping practices to confirm that the applicant is following the protocol outlined in their approved plan. In plants with resident service, the supervisor or Administrator is to be present during the initial production period to monitor the process and verify compliance. The grader will conduct all subsequent monitoring and verification activities with oversight from the supervisor. In temporary or fee locations, plant management must notify the supervisor each time the "produced from" labeling will be used or, alternatively, provide the supervisor with a projected production schedule. At these locations, compliance will be based on the applicant's established history of compliance as outlined in the following schedule:
 - a. Level 1 - The supervisor or administrator is to monitor and verify the process on the initial day of production. The supervisor or a grader will conduct subsequent visits. At least one additional verification visit is to be conducted during the next 10 production days. If no discrepancies are noted, one visit is to be conducted for each 30 days of production until three consecutive satisfactory visits have been completed. Once this verification period has ended without any noted program non-conformance, monitoring may proceed to Level 2.
 - b. Level 2 - Supervisor or a grader is to conduct quarterly verification visits provided the applicant continues to meet all program requirements. If any nonconformance is noted during these visits, monitoring reverts back to Level 1. Misuse of the labeling will result in cancellation of the approval.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- B.** Recordkeeping. Recipients shall maintain, and make available for review, all invoices or applicable Grading Certificates covering product received, produced, and shipped. At a minimum, these records must include the name and address of original packer, amount received, quantity produced, brand names, lot numbers, quantity shipped and name and address of receivers. Records must be maintained for two years.
- C.** Cost. There will be no additional charge to resident plants when graders monitor product labeling during their normal grading activities. When graded product is shipped from official plants to other processing locations for re-packaging that are not under continuous AZDA supervision, time and expenses associated in conducting the verification visits will be charged to the recipient at the current Temporary grading and auditing service rate.

R3-2-1125. Specification Grading

- A.** Applicants may request for additional specifications to be certified that exceed the standards of this Chapter. The requested specifications must be submitted in writing to the administrator for approval. The approving official will review the information for approval or advise the applicant of the reason or reasons for disapproval. If the specification is approved, a letter enclosing a copy of the approved application and specification will be returned to the applicant with a request to provide copies of the specification to each supplier and applicable AZDA grader. Each page of the approved specification will have an approval stamp bearing the date of approval and the signature of the approving official. Additionally, each page will be sequentially numbered such as page 1 of 5, page 2 of 5, etc.
- B.** Plant management is responsible for advising graders when they are preparing to pack eggs in accordance with an approved specification. However, each grader must be familiar with the approved specification list and, to the extent practically possible, be aware when products with approved specifications are being packed at the duty location. When a plant packs product requiring compliance with an approved specification, the grader shall obtain a copy of the specification from plant management and assure that all provisions of the specification are met. As applicable, product that meets specification requirements will be identified in accordance with procedures outlined in the approved specification. When the specification requires the issuance of a grading certificate, the following statement is to be placed in the remarks section of the certificate: "Product covered by this certificate meets specification requirements for _____."

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

R4-1-114. Hearing; Rehearing or Review

- A. Hearing: The Board or an Administrative Law Judge (ALJ) employed by the Office of Administrative Hearings (OAH)

shall hear all contested cases and appealable agency actions. The Board shall conduct hearings according to the provisions of A.R.S. Title 41, Chapter 6, Article 10 as supplemented by R4-1-117. The OAH shall conduct hearings according to A.R.S. Title 41, Chapter 6, Article 10 and the rules and procedures established by the OAH. To the extent that there is no conflict with A.R.S. Title 41, Chapter 6, Article 10, the provisions of A.R.S. § 32-743 apply to hearings conducted by the Board and the OAH. The following subsections apply to hearings conducted by the Board and hearings conducted by the OAH where applicable.

1. Power to join any interested party: Any board member or the ALJ may join as a party applicant or as a party defendant, any person, firm or corporation, that appears to have an interest in the matter before the Board.
2. Stipulation at hearing: The parties may stipulate to facts that are not in dispute. The stipulation may be in writing or may be made orally by reading the stipulation into the record at the hearing. The stipulation is binding upon the parties unless the Board or the ALJ grants permission to withdraw from the stipulation. The Board or the ALJ may set aside any stipulation.
3. Settlements and consent orders: At any time before or after formal disciplinary proceedings have been instituted against a registrant, the registrant may submit to the Board an offer of conditional settlement to avoid formal disciplinary proceedings by the Board. In the offer of conditional settlement, the registrant shall agree to take specific remedial steps such as enrolling in CPE courses, limiting the scope of the registrant's practice, accepting limitation on the filing of public reports, and submitting the registrant's work product for peer review. If the Board determines that the proposed conditional settlement will protect the public safety and welfare and is more likely to rehabilitate or educate the registrant than formal disciplinary action under A.R.S. § 32-741, the Board may accept the offer and enter an order that incorporates the registrant's proposed conditional settlement and to which the registrant consents. A consent order issued under this subsection shall provide that, upon successful compliance by the registrant with all provisions of the order, the disciplinary proceedings shall be terminated and any notice of hearing previously issued shall be vacated. The consent order shall further provide that, upon failure of the registrant to comply with all provisions of the order, or upon the discovery of material facts unknown to the Board at the time the Board issued the order, formal disciplinary proceedings against the registrant may be instituted or resumed. The consent order additionally may provide that, upon failure of the registrant to comply with all provisions of the order, the Board may immediately and summarily suspend the registrant's certificate for not more than one year. Within 30 days after the summary suspension, the registrant may request a hearing solely concerning the issue of compliance with the consent order.
4. Decisions and orders: The Board shall make all decisions and orders by a majority vote of the members considering the case. The Board shall issue a final written decision in a contested case or state the decision on the record. The decision shall state separately the findings of fact and conclusions of law on which the decision is based, and the Board's order to implement the decision. All written decisions and orders of the Board shall be signed by the

President or Secretary of the Board. When the Board suspends or revokes the certificate of a registrant, the Board may order the registrant to return the registrant's certificate within 30 days after receipt of the order. PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

	\$5,000,000 or more, but less than \$10,000,000	\$75,000
	\$10,000,000 or more	\$100,000
2. Specialty Commercial Contracting	Less than \$150,000	\$2,500
	\$150,000 or more, but less than \$500,000	\$7,000
	\$500,000 or more, but less than \$1,000,000	\$17,500
	\$1,000,000 or more, but less than \$5,000,000	\$25,000
	\$5,000,000 or more, but less than \$10,000,000	\$37,500
	\$10,000,000 or more	\$50,000
3. General Residential Contracting	Less than \$750,000	\$9,000
	\$750,000 or more	\$15,000
4. Specialty Residential Contracting	Less than \$375,000	\$4,250
	\$375,000 or more	\$7,500
5. General Dual License Contracting. The amount of a General Dual License Contracting bond is determined under subsection (A)(3), based on the contractor's estimated volume of general residential contracting, and subsection (A)(1), based on the contractor's estimated volume of general commercial contracting. The contractor shall ensure that the bond issuer separately specifies on the bond the bond amounts applicable to general residential contracting and general commercial contracting.		
6. Specialty Dual License Contracting. The amount of a Specialty Dual License Contracting bond is determined		

under subsection (A)(4), based on the contractor's estimated volume of specialty residential contracting, and subsection (A)(2), based on the contractor's estimated volume of specialty commercial contracting. The contractor shall ensure that the bond issuer separately specifies on the bond the bond amounts applicable to specialty residential contracting and specialty commercial contracting.

- B. New licenses.** On an application for a new license for any license category listed above, an applicant shall estimate the applicant's annual volume of work within the state of Arizona and comply with the bond requirements of this Section for the relevant category of license. The Registrar considers the filing of a bond or deposit in a specified amount to be the equivalent of submitting a volume estimate within the dollar limitations applicable for the bond amount.
- C. Renewal.** To renew a license an applicant shall complete a form provided by the Registrar of Contractors. If the contractor files a new bond or continues a bond or deposit in a specified amount, the Registrar considers these actions to be the equivalent of submitting a volume estimate within the dollar limitations applicable for the bond amount. The Registrar of Contractors is not responsible for over or under estimates of volume of work made by the licensee or for the sufficiency of any bond or deposit. The Registrar considers a gross underestimate knowingly made by a licensee to be a material misrepresentation, which can subject the licensee to suspension or revocation of license.
- D. Increases and decreases of bond amounts.** Based on the actual amount of the contractor's gross volume of work, a contractor may increase the bond amount at any time. A surety bond or cash deposit in lieu of a bond cannot be decreased except at the time of license renewal.
- E. Effective date of bonds and deposits.** A license bond or cash deposit is not effective until the licensee files it at a Registrar of Contractors office. If a license bond is filed before the effective date indicated on the bond, the bond becomes effective on the indicated date.
- F. The changes to bond amounts made in this Section become enforceable on the next license renewal after June 30, 2014.**

- A.** The Registrar of Contractors shall provide an opportunity for a rehearing or review of its decisions on a hearing under A.R.S. Title 41, Chapter 6, Article 10 and the rules established by the Office of Administrative Hearings.
- B.** Except as provided in subsection (F), any party who is aggrieved by the decision on a hearing in a contested case or appealable agency action before the Registrar of Contractors may file with the Registrar of Contractors a written motion for rehearing or review of the decision specifying the particular grounds for the rehearing or review.
- C.** The Registrar of Contractors may grant a rehearing or review of a decision for any of the following causes materially affecting the moving party’s rights:
1. Irregularity in the proceedings of the Registrar of Contractors or the Administrative Law Judge, or any order or abuse of discretion that deprived the moving party of a fair hearing;
 2. Misconduct of the Registrar of Contractors, Office of Administrative Hearings, Administrative Law Judge, or prevailing party;

After giving the parties notice and an opportunity to be heard, the Registrar of Contractors may grant a motion for rehearing for a reason not stated in the motion. An order modifying a decision or granting a rehearing shall specify the particular ground for the order. A rehearing shall cover only the matter specified in the order.
- E.** Not later than 35 days after the date of a decision, and after giving the parties notice and an opportunity to be heard, the Registrar of Contractors may, on its own initiative, order a rehearing or review of its decision on a hearing for any reason for which it might have granted relief on motion of a party.
- F.** If the Registrar of Contractors makes a specific finding that the immediate effectiveness of a decision on a hearing is necessary for the preservation of the public health, safety, or welfare and that a rehearing or review of the decision on a hearing is impracticable, unnecessary, or contrary to the public interest, the decision may be issued as a final decision without an opportunity for a rehearing or review. If a decision on a hearing is issued as a final decision without an opportunity for review or rehearing, an application for judicial review of the decision may be made within the time limits permitted for applications for judicial review of the Registrar of Contractors’ final decisions.
- G.** For purposes of this Section the terms “contested case” and “party” have the same meanings as in A.R.S. § 41-1001.
- H.** To the extent that the provisions of this Section are in conflict with the provisions of any statute providing for review or rehearing of a decision of the Registrar of Contractors, the statutory provisions govern.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 11. STATE BOARD OF DENTAL EXAMINERS

ARTICLE 1. DEFINITIONS

R4-11-101. Definitions

The following definitions, and definitions in A.R.S. § 32-1201, apply to this Chapter:

“Analgesia” means a state of decreased sensibility to pain produced by using nitrous oxide and oxygen with or without Local Anesthesia.

“Business Entity” means a business organization that offers to the public professional services regulated by the Board and is established under the laws of any state or foreign country, including a sole practitioner, partnership, limited liability partnership, corporation, and limited liability company, unless specifically exempted by A.R.S. § 32-1213(J).

“Calculus” means a hard, mineralized deposit attached to the teeth.

“Charitable Dental Clinic or Organization” means a non-profit organization meeting the requirements of 26 U.S.C. 501(c)(3) and providing dental, dental therapy, or dental hygiene services.

“Clinical evaluation” means a dental examination of a patient named in a complaint regarding the patient’s dental condition as it exists at the time the examination is performed.

“Controlled substance” has the meaning prescribed in A.R.S. § 36-2501(A)(3).

“Credit hour” means one clock hour of participation in a Recognized Continuing Dental Education program.

“Deep sedation” is a Drug-induced depression of consciousness during which a patient cannot be easily aroused but responds purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. The patient may require assistance in maintaining a patent airway, and spontaneous ventilation may be inadequate. Cardiovascular function is maintained.

“Dentist of record” means a dentist who examines, diagnoses, and formulates treatment plans for a patient and may provide treatment to the patient.

“Direct supervision” means, for purposes of Article 7 only, that a licensed dentist is present in the office and available to provide immediate treatment or care to a patient and observe a dental assistant’s work.

“Disabled” means a dentist, dental therapist, dental hygienist, or dentist has totally withdrawn from the active practice of dentistry, dental therapy, dental hygiene, or denturism due to a permanent medical disability and based on a physician’s order.

“Documentation of attendance” means documents that contain the following information:

- Name of sponsoring entity;
- Course title;
- Number of Credit Hours;
- Name of speaker; and
- Date, time, and location of the course.

“Drug” means:

- Articles recognized, or for which standards or specifications are prescribed, in the official compendium;

- Articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in the human body;

Articles other than food intended to affect the structure of any function of the human body; or

Articles intended for use as a component of any articles specified in this definition but does not include devices or components, parts, or accessories of devices.

“Emerging scientific technology” means any technology used in the treatment of oral disease that is not currently generally accepted or taught in a recognized dental, dental therapy, or dental hygiene school and use of the technology poses material risks.

“Epithelial attachment” means the layer of cells that extends apically from the depth of the gingival sulcus along the tooth, forming an organic attachment.

“Ex-parte communication” means a written or oral communication between a decision maker, fact finder, or Board member and one party to the proceeding, in the absence of other parties.

“General anesthesia” is a Drug-induced loss of consciousness during which the patient is not arousable, even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. The patient often requires assistance in maintaining a patent airway, and positive-pressure ventilation may be required because of depressed spontaneous ventilation or Drug-induced depression of neuromuscular function. Cardiovascular function may be impaired.

“General supervision” means, for purposes of Article 7 only, a licensed dentist is available for consultation, whether or not the dentist is in the office, regarding procedures or treatment that the dentist authorizes and for which the dentist remains responsible.

“Homebound patient” means a person who is unable to receive dental care in a dental office as a result of a medically diagnosed disabling physical or mental condition.

“Irreversible procedure” means a single treatment, or a step in a series of treatments, that causes change in the affected hard or soft tissues and is permanent or may require reconstructive or corrective procedures to correct the changes.

“Licensee” means a dentist, dental therapist, dental hygienist, dental consultant, retired licensee, or person who holds a restricted permit under A.R.S. §§ 32-1237 or 32-1292.

“Local anesthesia” is the elimination of sensations, such as pain, in one part of the body by the injection of an anesthetic Drug.

“Minimal sedation” is a minimally depressed level of consciousness that retains a patient’s ability to independently and continuously maintain an airway and respond appropriately to light tactile stimulation, not limited to reflex withdrawal from a painful stimulus, or verbal command and that is produced by a pharmacological or non-pharmacological method or a combination thereof. Although cognitive function and coordination may be modestly impaired, ventilatory and cardiovascular functions are unaffected. In accord with this particular definition, the Drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely.

“Mobile dental permit holder” means a Licensee or dentist who holds a mobile permit under R4-11-1301, R4-11-1302, or R4-11-1303.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 11. STATE BOARD OF DENTAL EXAMINERS

“Moderate sedation” is Drug-induced depression of consciousness during which a patient responds purposefully to verbal commands either alone or accompanied by light tactile stimulation, not limited to reflex withdrawal from a painful stimulus. No interventions are required to maintain a patent airway, and spontaneous ventilation is adequate. Cardiovascular function is maintained. The Drugs or techniques used should carry a margin of safety wide enough to render unintended loss of consciousness unlikely. Repeated dosing of a Drug before the effects of previous dosing can be fully recognized may result in a greater alteration of the state of consciousness than intended by the permit holder.

“Nitrous oxide analgesia” means nitrous oxide used as an inhalation analgesic.

“Official compendium” means the latest revision of the United States Pharmacopeia and the National Formulary and any current supplement.

“Oral sedation” is the enteral administration of a Drug or non-Drug substance or combination inhalation and enterally administered Drug or non-Drug substance in a dental office or dental clinic to achieve Minimal Sedation or Moderate Sedation.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

 - ii. In determining whether the conditions under which a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, the full-service drug wholesale permittee shall consider, among other things, the conditions under which the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical was acquired.

 - i. If examination, testing, or other investigation proves that the nonprescription drug, precursor chemical, or regulated chemical meets appropriate standards of safety, identity, strength, quality, and purity, the nonprescription drug, precursor chemical, or regulated chemical does not need to be destroyed or returned to the manufacturer or wholesale distributor.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.
