PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.

TITLE 9. HEALTH SERVICES

CHAPTER 25. DEPARTMENT OF HEALTH SERVICES - EMERGENCY MEDICAL SERVICES

Authority: A.R.S. §§ 36-136(F) and 36-2209(A) et seq.

Supp. 24-1

Editor's Note: Article 5 consisting of Sections R9-25-501 through R9-25-508 were recodified from Sections in Article 8 effective September 21, 2004 (Supp. 04-3). The Sections recodified from Article 8 were originally made or amended under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6).

Editor's Note: The Office of the Secretary of State publishes all Chapters on white paper.

Editor's Note: This Chapter contains rules which were adopted, amended, and repealed under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 36-2205(C). Exemption from A.R.S. Title 41, Chapter 6 means that the Department did not submit these rules to the Governor's Regulatory Review Council for review; the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Department was not required to hold public hearings on these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

CHAPTER 4. ARIZONA CRIMINAL JUSTICE COMMISSION

The table of contents on page one contains links to the referenced page numbers in this Chapter.

Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

This Chapter contains rules that were filed to be codified in the *Arizona Administrative Code* between the dates of
January 1, 2024 through March 31, 2024

Editor's Note: A clerical error of the release year in the footer of this Chapter has been corrected to 2024.

Editor's note: This Chapter contains rules that were made under a renewal of emergency rulemaking. Since an emergency rulemaking - renewal is effective for an additional 180 days, the "Expired" Article and Section headings shall remain before the emergency rule text until the commission either:

- 1. Makes, amends, repeals, or renumbers the emergency rules under the regular rulemaking process; or*
- 2. Lets the emergency rulemaking expire after the additional 180 days, in which case the Article and Section headings revert back to "Expired."*

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

Supp. 24-1

Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 01-4).

Editor's Note: Some Sections of this Chapter were amended, adopted, and repealed under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Laws 1996, Chapter 307, § 18. Although exempt from certain provisions of the rulemaking process, the Department was required to provide for reasonable notice and conduct a hearing. The changes were not reviewed by the Governor's Regulatory Review Council; and the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register (Supp. 97-2).

Editor's Note: Some Sections of this Chapter were amended, adopted, and repealed under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Laws 1989, Chapter 234, § 22. Although exempt from certain portions of the rulemaking process, the Department was required to provide a notice of hearing and a public hearing before adopting these changes. At the time the Sections were amended, adopted, and repealed the Office of the Secretary of State was not allowed by law to file and publish exempt rules. The Department has now filed these changes with the Office of the Secretary of State as required pursuant to Laws 1991, Chapter 136 §§ 2 and 3 (Supp. 96-4).

19 A.A.C. 1, consisting of R19-1-101 through R19-1-111, and R19-1-201 through R19-1-257 recodified from 4 A.A.C. 15 consisting of R4-15-101 through R4-15-111, and R4-15-201 through R4-15-257 pursuant to R1-1-102 (Supp. 95-1).

Portions of this Chapter have been adopted under an exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6), pursuant to Laws 1993, Ch. 133, § 49 and Laws 1994, Ch. 373, § 9. Exemption from A.R.S. Title 41, Chapter 6 means that the Department did not submit notice of this rulemaking to the Secretary of State's Office for publication in the Arizona Administrative Register; the Department did not submit these rules to the Governor's Regulatory Review Council; the Department was not required to hold public hearings on these rules; and the Attorney General did not certify these rules.

Because this Chapter contains rules which are exempt from the regular rulemaking process, it is printed on blue paper.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

Rhonda Paschal, rules managing editor, assisted with the editing of this Chapter.

3. "Attorney General" means the Attorney General or an assistant Attorney General of the state of Arizona.
4. "Branch office" means any location within or outside Arizona, including a personal residence, but not including a licensee's principal place of business in Arizona, where the licensee holds out to the public that the licensee acts as a licensee.
5. "Business of a savings and loan association or savings bank" means receiving money on deposit subject to payment by check or any other form of order or request or on presentation of a certificate of deposit or other evidence of debt.

 - a. Charges or fees customarily received after a loan's closing including prepayment penalties, termination fees, reinvestment fees, late fees, default interest, transfer fees, impound account interest and fees, extension fees, and modification fees. However, extension fees and modification fees are compensation if the lender advances additional funds or increases the credit limit on an open-end mortgage as part of the extension or modification;
 - b. Out-of-pocket expenses paid to independent third parties including appraisal fees, credit report fees, legal fees, document preparation fees, title insurance premiums, recording, filing, and statutory fees, collection fees, servicing fees, escrow fees, and trustee's fees;

R20-4-105. Claims Against a Deposit in Place of Bond

- A. As used in this Section:
 - 1. "Deposit" means cash or alternatives to cash deposited by a licensee with the Superintendent in place of a bond.
 - 2. "Depositor" means licensee or an employee of the licensee who makes a deposit with the Superintendent.
 - 3. "Verified claim" means a claim filed with the Superintendent under subsection (B).
 - 4. "Award" means an amount of money granted under subsection (F).
- B. A person may file a claim against a deposit by delivering documentation of the claim to the Superintendent. The claim shall be based on a final judgment in favor of the claimant, entered by a court of competent jurisdiction. To support a claim, the judgment shall be:
 - 1. Against a depositor;
 - 2. For injury caused by the depositor's wrongful act, default, fraud, or misrepresentation committed in the course of the depositor's licensed business activity; and
 - 3. Documented by:
 - a. A certified copy of the complaint in the action;
 - b. A certified copy of the judgment in the action;
 - c. A statement that execution of the judgment has not been stayed, or an explanation of the terms and reason for any stay;
 - d. A statement of any amounts recovered on the judgment; and
 - e. A sworn and notarized statement that the claim is true and correct to the best of the claimant's knowledge and belief.
- C. A claimant shall file a claim with the Superintendent, and all required supporting documentation, not more than six months after entry of the judgment asserted in the claim. However, if execution of the asserted judgment is stayed during the first six months after its entry, the claimant may file a verified claim only during the six months after the stay is lifted. The Department shall process a timely-filed verified claim as a request for hearing under R20-4-1208.
- D. The claimant shall notify the depositor of the filing of a verified claim under this Section, and make the depositor a party to all proceedings on the claim. To do so, the claimant shall send the depositor a copy of all documents filed under subsection (B). The claimant shall make this delivery no more than 10 days after the original filing with the Superintendent under subsection (B). The Department considers a proceeding on a verified claim to be a contested case, governed by the provisions of 20 A.A.C. 4, Article 12.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 4. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - FINANCIAL INSTITUTIONS

- E. The Superintendent shall, after a hearing, deny a verified claim if the hearing produces evidence of any of the following circumstances:
1. The judgment is not for an injury caused by the depositor and described in subsection (B)(2);
 2. The judgment was awarded by default, stipulation, or consent, and no showing is made in the hearing of an injury caused by the depositor and described in subsection (B)(2);
 3. The judgment's execution has been stayed for any reason;
 4. The judgment was procured through fraud or collusion;
 5. The judgment has been satisfied from other sources; or
 6. The action that produced the judgment was barred by the applicable statute of limitations at the time it was commenced.
- F. If the Superintendent grants a verified claim, the Superintendent shall do so in the amount of the compensatory damages awarded against the depositor in the judgment, exclusive of:
1. Attorney's fees, and
 2. Amounts previously paid on the judgment.
- G. A person injured by a depositor shall give the Superintendent written notice at the time of filing a civil action if the claims alleged could be made as a verified claim under this Section. The written notice shall include a statement of the amount of compensatory damages sought against the depositor. The injured person shall provide further information about the civil action to the Superintendent upon request.
- H. If the Superintendent grants a verified claim under subsection (F), the Superintendent shall authorize the State Treasurer, in writing, to release the deposit to the claimant in the amount stated in subsection (F) if the Superintendent has not received notice of another pending civil action under subsection (G).
- I. If given notice under subsection (G), the Superintendent shall determine whether the deposit is sufficient to satisfy all claims under subsection (F). The Superintendent shall determine award amounts for each claim of which the Superintendent has notice, and authorize payment, as follows:
1. If the deposit is sufficient to satisfy all claims under subsection (F), the Superintendent shall authorize its release as described in subsection (H).
 2. If the deposit is not sufficient to satisfy all claims under subsection (F), the Superintendent shall calculate the award on each claim as follows:
 - a. Each granted claim shall receive a pro rata share of the total deposit.
 - b. Each pro rata share shall be a dollar amount calculated by multiplying the total deposit by a fraction.
 - i. The numerator of the fraction is the amount of the Superintendent's award for the verified claim.
 - ii. The denominator of the fraction is the sum of the amount of the Superintendent's award for the verified claim plus the total compensatory damages sought in all other civil actions against the same depositor disclosed to the Superintendent under subsection (G).
 - c. The Superintendent shall authorize the State Treasurer to release the pro rata portion of the deposit calculated for each verified claim.
- J. A depositor or former licensee may request return of its deposit if it substitutes a bond for the deposit, or if its license is surrendered, revoked, or expired, and if all statutory conditions for release of the deposit have been satisfied. The Superintendent shall not release any part of a deposit to a depositor

or former licensee until the Superintendent determines whether there are any awards on verified claims unsatisfied because of an apportionment under subsection (I). The Superintendent shall use the deposit amount to pay any unsatisfied portion of those awards. If the deposit amount is not sufficient to pay in full all unsatisfied awards, the Superintendent shall pay the remaining amount of the deposit to claimants in the ratio their awards bear to the total of all awards granted against the deposit.

- K. The court supervising a licensee in receivership may order the release of a deposit to persons injured by conduct described in subsection (B). In that event, the receiver shall deliver a certified copy of the court's order to the Superintendent. The copy may be uncertified if the receiver is the Superintendent or any other officer or agency of the state of Arizona. The Superintendent shall then authorize the State Treasurer, in writing, to release the deposit to the receiver. The receiver shall distribute the deposit as ordered by the receivership court, rather than under this Section.

R20-4-106. Bankruptcy

An enterprise licensee or consumer lender licensee shall immediately deliver written notice to the Superintendent if it files a voluntary bankruptcy petition, or if its creditors name the licensee a debtor in an involuntary bankruptcy petition. 1. Petition for relief,
2. Schedule of assets and liabilities,
3. Statement of financial affairs,
4. List of creditors, and

R20-4-107. Licensing Time-frames

- A. As used in this Section, "application" means a document specified or described in this Title, or in any statute enforced by the Department, requesting any permit, certificate, approval, registration, charter, or similar permission described in Table A, together with all supporting documentation required by statute or rule.
- B. The time-frames in Table A apply solely to applications received by the Department after the effective date of this Section. Each overall time-frame consists of an administrative completeness review time-frame, and a substantive review time-frame. The administrative completeness review time-frame begins to run upon receipt of an application by the Department.
1. Within the administrative completeness review time-frame in Table A, the Department shall notify the applicant in writing whether the application is complete. If the application is incomplete, the notice shall specify the missing information or component.
 2. An applicant whose application is incomplete shall supply the missing information within 60 days after the date

CHAPTER 4. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - FINANCIAL INSTITUTIONS

of the notice. If an applicant shows good cause in writing before the expiration of the 60 day time limit, the Superintendent shall extend the period for administrative completion of an application. The administrative completeness review time-frame stops running on the postmark date of the Department's written notice of an incomplete application, and resumes when the Department receives a complete application. If the applicant fails to submit a complete application within the specified time limit, the Department shall reject the application and close the file. An applicant may reapply.

3. The substantive review time-frame begins to run on the postmark date of the Department's written notice that the application is administratively complete.
4. Within the overall time-frame set forth in Table A the Department shall send the applicant written notice of its decision to approve, conditionally approve, or deny a license, unless the time-frame is extended by mutual

agreement under A.R.S. § 41-1075. If the Department denies an application, it shall provide written justification for the denial and a written explanation of the applicant's right to a hearing or appeal in the form required by A.R.S. § 41-1076.

5. The Department shall calculate time limits prescribed in this Section under R2-19-107.

- I.** The Director, within the time for filing a motion for rehearing, may without a motion for rehearing, order a rehearing for any reason that would allow the granting of a motion for rehearing by a party. The order for rehearing, granted without a motion, shall specify the reason for granting the rehearing.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

 - 1. Advertisements shall be truthful and not misleading. The insurer shall not use words or phrases, the meaning of which is clear only by implication or by familiarity with insurance terminology.
 - 2. An advertisement shall not omit information or use words, phrases, statements, references, or illustrations if the omission of information or use of words, phrases, statements, references, or illustrations may mislead or deceive purchasers or prospective purchasers.
 - 3. The words and phrases used to describe a policy shall accurately describe the benefits of the policy and not exaggerate any benefit through the use of phrases such as "all," "full," "complete," "comprehensive," "unlimited," "up to," "as high as," "this policy will pay your hospital and surgical bills" or "this policy will replace your income," or similar words and phrases.
 - 4. If a policy covers only one disease or a list of specified diseases, any advertisement for the policy shall not imply coverage beyond the specified diseases.
 - 5. If a policy pays varying amounts for the same loss occurring under different conditions or pays benefits only when a loss occurs under certain conditions, any advertisement for the policy shall disclose the limited conditions.
 - 6. If an advertisement specifies payment of a particular dollar amount for hospital room and board expenses, the

advertisement shall also include the maximum daily benefit and the maximum time limit for which those expenses are covered.

7. An advertisement that refers to any dollar amount, period of time for which a benefit is payable, cost of policy, or specific policy benefit or the loss for which a benefit is payable shall also disclose any related exclusions, reductions, and limitations without which the advertisement would have the capacity and tendency to mislead or deceive.
 8. An advertisement covered by subsection (C)(7) shall disclose the existence of a waiting period if a policy contains a period between the effective date of the policy and the effective date of coverage under the policy. The advertisement shall disclose the existence of an elimination period.
 9. An advertisement shall disclose any exclusion, reduction, or limitation applicable to a pre-existing condition; however, an insurer is not required to make disclosure in an advertisement that does not reference specific product information, benefit level, or dollar amounts.
 10. If a policy has an exclusion, reduction, or limitation applicable to a preexisting condition, an advertisement shall not state or imply that the applicant's physical condition or medical history will not affect the issuance of the policy or payment of a claim and shall not use the phrase "no medical examination required" or other similar phrase.
 11. If an advertisement refers to renewability, cancellation, or termination of a policy, or states or illustrates time or age in connection with eligibility of applicants or continuation of the policy, the advertisement shall disclose the provisions relating to renewability, cancellation, and termination and any modification of benefits, losses covered, or premiums because of age or for other reasons, in a manner that does not minimize or obscure the qualifying conditions.
 12. An advertisement shall not make any offer prohibited under A.R.S. § 20-452(4).
 13. An advertisement shall not advertise any health insurance policy or form that has not been approved by the Department, unless the policy or form being advertised is exempt from approval or not subject to approval by order or statute.
 14. An advertisement shall not state or imply that a product being offered is an introductory, special, or initial offer that will entitle the applicant to receive advantages not described in the policy by accepting the offer.
 15. An advertisement designed to produce leads either by use of a coupon, a request to write or call the company, or subsequent advertisement before contact, shall disclose that a producer may contact the potential applicant.
- D. Method of disclosure of required information.** If an insurer is required by law to disclose particular information, the information shall be conspicuous and in close proximity to the statements to which the information relates, or under a prominent caption so that the required disclosure is not minimized, obscured, presented in an ambiguous fashion, or intermingled with the content of the advertisement.
- E. Testimonials.**
1. Testimonials used in advertisements shall be genuine, represent the current opinion of the author, be applicable to the policy advertised, and be accurately reproduced. The insurer shall provide the Department with the full name of the author and a copy of the full testimonial if the advertisement is filed with the Department or requested by the Department. If an insurer uses a testimonial, the insurer adopts the statements in the testimonial as the insurer's own statements. If a testimonial or endorsement is used more than one year after it is given, the insurer shall obtain a written confirmation from the author that the testimonial represents the current opinion of the author.
 2. The insurer shall disclose that a spokesperson has a financial interest or the proprietary or representative capacity of a spokesperson in an advertisement in the introductory portion of a testimonial or endorsement in the same form and with equal prominence as the endorsement. If a spokesperson is directly or indirectly compensated for making a testimonial or endorsement, the insurer shall disclose that fact in the advertisement by language that states, "Paid Endorsement," or words of similar import in type, style, and size at least equal to that used for the spokesperson's name or the body of the testimonial or endorsement, whichever is larger. For television or radio advertising, the insurer shall place the required disclosure prominently in the introductory portion of the advertisement.
- F. Statistics.** An advertisement with information on the dollar amounts of claims paid, the number of persons insured, or similar statistical information relating to any insurer or policy shall not use facts that are irrelevant to the sale of insurance and shall accurately reflect all of the relevant facts specific to the advertised policy or insurer. An advertisement shall not state or imply that statistics are derived from the policy being advertised unless that is true. The insurer shall identify in the advertisement the source of any statistics used.
- G. Inspection of policy.** An offer in an advertisement of free inspection of a policy or offer of a premium refund does not cure misleading or deceptive statements in the advertisement.
- H. Identification of plan or number of policies.**
1. If an advertisement offers a choice in the amount of benefits the advertisement shall disclose that the amount of benefits depends on the policy selected and that the premium will vary with the amount of the benefits.
 2. If an advertisement refers to benefits contained in more than one policy, other than a group master policy, the advertisement shall disclose that the benefits are provided only if multiple policies are purchased.
- I. Disparaging comparisons and statements.** An advertisement shall not make unfair, incomplete, or unsubstantiated comparisons of other insurers' policies or benefits or falsely disparage other insurers' policies, services, or business methods. A comparison is unsubstantiated if the insurer has no empirical study, analysis, or documentation supporting the comparative statement or comparison of policies or benefits.
- J. Jurisdictional limits.** If an insurer has an advertisement that is meant to be seen or heard beyond the limits of the jurisdiction in which the insurer is licensed, the advertisement shall indicate that the insurer is licensed in a specified state or states only, or is not licensed in a specified state or states, by use of language such as "This Company is licensed only in State A" or "This Company is not licensed in State B."
- K. Identity of insurer.** The insurer shall state the name of the actual insurer in all of its advertisements. An advertisement shall clearly identify the insurer and shall not use a trade name, an insurance group designation, name of the parent company of the insurer, name of a particular division of the insurer, ser-

vice mark, slogan, symbol, or other device that may mislead or deceive the public as to the insurer's identity.

- L. Group insurance. An advertisement shall not state or imply that prospective policyholders become group or quasi-group members and enjoy special rates or underwriting privileges, unless it is true. An advertisement to join an association, trust, or group that is also an invitation to contract for insurance coverage shall disclose that the applicant will be purchasing both membership in the association, trust, or group and insurance coverage.
- M. Government approval. An advertisement shall not state or imply any of the following:
 1. That a governmental agency or regulator is connected with or has provided or endorsed a policy or endorsed an insurer;
 2. That a governmental agency or regulator has examined an insurer's financial condition and found it satisfactory. This subsection does not apply if an insurer is responding to a specific documented, public, false allegation about its financial condition.
- N. Endorsements. An advertisement may state that an individual, group, society, association, or other organization has approved or endorsed the insurer or its policy if the organization or group has done so in writing and if any proprietary relationship between the organization and the insurer is disclosed.
- O. Claims handling. An advertisement shall not contain false statements about the time within which claims are paid or statements that imply that claim settlements will be liberal or generous beyond the terms of the policy.
- P. Statements about the insurer. An advertisement shall not contain false or misleading statements about an insurer's assets, corporate structure, financial standing, length of time in business, or relative position in the insurance business.

R20-6-202. Advertising, Solicitation, and Transaction of Life Insurance

- A. The definitions in R20-6-201(A) and the following definition apply in this Section:

"Life insurance" means a life insurance contract, including all benefits payable under the policy.
- B. Applicability
 1. This Section applies to:
 - a. All persons subject to regulation under A.R.S. Title 20; and
 - b. Advertising, promotion, solicitation, negotiation, and sale of life insurance policies, regardless of the form of dissemination.
 2. This Section does not apply to group insurance, franchise insurance, or to annuities without life contingencies.
- C. General provisions. A life insurance advertisement shall not mislead the public by:
 1. Omitting information that fairly describes the subject matter as a life insurance policy and the benefits available under the policy;
 2. Placing undue emphasis on facts that, even if true, are not relevant to the sale of life insurance; or
 3. Placing undue emphasis on features of incidental or secondary importance to the life insurance aspects of the policy.
- D. The Department deems the following acts misleading and deceptive:
 1. Using any statement, including phrases such as "investment," "investment plan," "founders plan," "charter

- plan,” “expansion plan,” “profit,” “profits,” or “profit sharing,” in a context or under circumstances or conditions that may mislead a purchaser or prospective purchaser to believe that the insurer is selling something other than a life insurance policy or will provide some benefit not included in the policy, or not available to other persons of the same class and equal expectation of life;
2. Using any phrase as the name or title of a life insurance policy if the phrase does not include the words “life insurance,” unless other language in the same document expressly provides that the contract is a life insurance policy;
 3. Making any statement relating to the growth or earnings of the life insurance industry or to the tax status of life insurance companies in a context that would reasonably be understood as attempting to interest a prospective applicant in the purchase of shares of stock in the insurance company rather than in the purchase of a life insurance policy;
 4. Making any statement that reasonably tends to imply that the insured will enjoy a status common to a stockholder or will acquire a stock ownership interest in the insurance company by purchasing the policy, unless the statement is made with reference to policies of domestic life insurers engaged in a program allowed under A.R.S. § 20-453;
 5. Providing a policyholder with a premium receipt book, policy jacket, return envelope, or other printed or electronic material referring to the insurer’s “investment department,” “insured investment department,” or similar terminology in a manner implying that the policy is sold, issued, or serviced by the insurer’s investment department;
 6. Making any statement that reasonably tends to imply that, by purchasing a policy, the purchaser or prospective purchaser will become a member of a limited group of persons who may receive the payment of dividends, special advantages, benefits, or favored treatment unless the insurance contract specifically provides for the described payment of dividend, special advantages, benefits, or favored treatment;
 7. Stating or implying that only a limited number of persons or limited class of persons may buy a particular kind of policy, unless the limitation is related to recognized underwriting practices or specifically stated in the policy or rider;
 8. Describing premium payments in language that states the payment is a “deposit,” unless:
 - a. The payment establishes a debtor-creditor relationship between the insurance company and the policyholder; or
 - b. The term is used with the word “premium” in a manner as to clearly indicate the true character of the payment;
 9. Providing any illustration or projection of future dividends that:
 - a. Is not based on the company’s actual scale for payment of current dividends, and
 - b. Does not clearly indicate that the dividends are not guarantees;
 10. Using the words “dividends,” “cash dividends,” “surplus,” or similar phrases in a manner that states or implies that the payment of dividends is guaranteed or certain to occur;
 11. Stating, without qualification, that a purchaser of a policy will share in a stated percentage or portion of the insurer’s earnings;
 12. Making any statement that projected dividends under a participating policy will be or can be sufficient at any future time to assure the receipt of benefits such as a paid-up policy without further payment of premiums unless the statement also explains:
 - a. The benefits or coverage that would be provided at the future time, and
 - b. The conditions under which the receipt of benefits without further payment of premiums would occur;
 13. Describing a life insurance policy or premium payments in terms of “units of participation,” unless accompanied by other language clearly indicating that the references are to a life insurance policy or to premium payments, as applicable.
 14. Advising producers to avoid disclosing that life insurance is the subject of the solicitation or sale;
 15. Stating that an insured is guaranteed certain benefits if the policy is allowed to lapse, without explaining the non-forfeiture benefits;
 16. Using a dollar amount in printed material to be shown to a prospective policyholder, unless the amount is accompanied by language that:
 - a. States the nature of the dollar amount,
 - b. Prohibits including the use of dollar amounts not related to guaranteed values and properly projected dividend figures, and
 - c. Prohibits the use of figures showing growth of stock values, or other values not a part of the life insurance contract.
 17. Stating that a policy provides features not found in any other insurance policy, unless the insurer can demonstrate that other policies do not have the same feature;
 18. Making any statement or implication about an insurance policy that cannot be verified by reference to the policy contract, a sample of the policy being described, or the company’s officially published rate book and dividend illustrations;
 19. Stating that life insurance is “loss proof” or “depression proof,” except that an insurer may make statements that life insurance benefits, other than dividends, are guaranteed by the company regardless of economic conditions;
 20. Making any statement that a company makes a profit as a result of policy lapses or surrenders;
 21. Making comparisons to the past experience of other life insurance companies as a means of projecting possible experience for the company issuing the advertising; and
 22. Conduct or statements designed to mislead a prospective applicant or purchaser.

2. A producer shall inform a prospective purchaser, before commencing a life insurance sales presentation, that the producer is acting as a life insurance producer and inform the prospective purchaser of the full name of the insurance company that the producer is representing. If an insurance producer is not involved in the sale, the insurer shall inform the prospective purchaser of the insurance company's full name.
 3. An insurer or producer shall not use terms such as financial planner, investment advisor, financial consultant, or financial counseling to imply that the insurance producer is generally engaged in an advisory business in which compensation is unrelated to sales unless that is true.
 4. If an insurer or producer refers to policy dividends, the reference shall include a statement that dividends are not guaranteed.
 5. An insurer shall not use a system or presentation that does not recognize the time value of money through the use of appropriate interest adjustments for comparing the cost of two or more life insurance policies unless the system or presentation is used to demonstrate the cash flow pattern of a policy and the presentation is accompanied by a statement disclosing that the presentation does not recognize that, because of interest, a dollar in the future has less value than a dollar today.
 6. In a presentation of benefits, an insurer shall not display guaranteed and non-guaranteed benefits as a single sum unless they are shown separately and in close proximity.
 7. An insurer shall include with a statement regarding the use of the Life Insurance Cost Indexes an explanation that the indexes are useful only for the comparison of the relative costs of two or more similar policies.

 9. If an insurer reserves the right to change the premium for a basic policy or rider, the annual premium shall be the maximum annual premium.
- E. An insurer's failure to provide or deliver a Buyer's Guide or a Policy Summary as provided in subsection (C) constitutes an omission that misrepresents the benefits, advantages, conditions, or terms of an insurance policy.

Appendix. Life Insurance Buyers Guide**Life Insurance Buyer's Guide**

The face page of the Buyer's Guide shall read as follows:

Life Insurance Buyer's Guide

This guide can show you how to save money when you shop for life insurance. It helps you to:

- Decide how much life insurance you should buy,
- Decide what kind of life insurance policy you need, and
- Compare the cost of similar life insurance policies.

Prepared by the National Association of Insurance Commissioners

Reprinted by (Company Name)

(Month and year of printing)

The Buyer's Guide shall contain the following language at the bottom of page 2:

The National Association of Insurance Commissioners is an association of state insurance regulatory officials. This association helps the various Insurance Departments to coordinate insurance laws for the benefit of all consumers. You are urged to use this Guide in making a life insurance purchase.

Buying Life Insurance

When you buy life insurance, you want a policy that fits your needs without costing too much. Your first step is to decide how much you need, how much you can afford to pay and the kind of policy you want. Then, find out what various companies charge for that kind of policy. You can find important differences in the cost of life insurance by using the life insurance cost indexes that are described in this guide. A good life insurance producer or company will be able and willing to help you with each of these shopping steps.

If you are going to make a good choice when you buy life insurance, you need to understand what kinds are available. If one kind does not seem to fit your needs, ask about the other kinds that are described in this guide. If you feel that you need more information than is given here, you may want to check with a life insurance producer or company or books on life insurance in your public library.

This guide does not endorse any company or policy.

The remaining text of the buyer's guide shall begin on page 3 as follows:

Choosing the Amount

One way to decide how much life insurance you need is to figure how much cash and income your dependents would need if you were to die. You should think of life insurance as a source of cash needed for expenses of final illnesses, paying taxes, mortgages or other debts. It can also provide income for your family's living expenses, educational costs and other future expenses. Your new policy should come as close as you can afford to making up the difference between (1) what your dependents would have if you were to die now, and (2) what they would actually need.

Choosing the Right Kind

All life insurance policies agree to pay an amount of money if you die. But all policies are not the same. There are three basic kinds of life insurance.

1. Term insurance
2. Whole life insurance
3. Endowment insurance

Remember, no matter how fancy the policy title or sales presentation might appear, all life insurance policies contain one or more of the three basic kinds. If you are confused about a policy that sounds complicated, ask the producer or company if it combines more than one kind of life insurance. The following is a brief description of the three basic kinds:

Term Insurance

Term insurance is death protection of a "term" of one or more years. Death benefits will be paid only if you die within that term of years. Term insurance generally provides the largest immediate death protection for your premium dollar.

Some term insurance policies are "renewable" for one or more additional terms even if your health has changed. Each time you renew the policy for a new term, premiums will be higher. You should check the premiums at older ages and the length of time the policy can be continued.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

Some term insurance policies are also “convertible.” This means that before the end of the conversion period, you may trade the term policy for a whole life or endowment insurance policy even if you are not in good health. Premiums for the new policy will be higher than you have been paying for the term insurance.

Whole Life Insurance

Whole life insurance gives death protection for as long as you live. The most common type is called “straight life” or “ordinary life” insurance, for which you pay the same premiums for as long as you live. These premiums can be several times higher than you would pay initially for the same amount of term insurance. But they are smaller than the premiums you would eventually pay if you were to keep renewing a term insurance policy until your later years.

Some whole life policies let you pay premiums for a shorter period such as 20 years, or until age 65. Premiums for these policies are higher than for ordinary life insurance since the premium payments are squeezed into a shorter period.

Although you pay higher premiums, to begin with, for whole life insurance than for term insurance, whole life insurance policies develop “cash values” which you may have if you stop paying premiums. You can generally either take the cash, or use it to buy some continuing insurance protection. Technically speaking, these values are called “nonforfeiture benefits.” This refers to benefits you do not lose (or “forfeit”) when you stop paying premiums. The amount of these benefits depends on the kind of policy you have, its size, and how long you have owned it.

A policy with cash values may also be used as collateral for a loan. If you borrow from the life insurance company, the rate of interest is shown in your policy. Any money that you owe on a policy loan would be deducted from the benefits if you were to die, or from the cash value if you were to stop paying premiums.

Endowment Insurance

An endowment insurance policy pays a sum or income to you – the policyholder – if you live to a certain age. If you were to die before then, the death benefit would be paid to your beneficiary. Premiums and cash values for endowment insurance are higher than the same amount of whole life insurance. Thus endowment insurance gives you the least amount of death protection for your premium dollar.

Finding a Low Cost Policy

After you have decided which kind of life insurance fits your needs, look for a good buy. Your chances of finding a good buy are better if you use two types of index numbers that have been developed to aid in shopping for life insurance. One is called the “Surrender Cost Index” and the other is the “Net Payment Cost Index.” It will be worth your time to try to understand how these indexes are used, but in any event, use them only for comparing the relative costs of similar policies. LOOK FOR POLICIES WITH LOW COST INDEX NUMBERS.

What is Cost?

“Cost” is the difference between what you pay and what you get back. If you pay a premium for life insurance and get nothing back, your cost for the death protection is the premium. If you pay a premium and get something back later on, such as a cash value, your cost is smaller than the premium.

The cost of some policies can also be reduced by dividends; these are called “participating” policies. Companies may tell you what their current dividends are, but the size of future dividends is

unknown today and cannot be guaranteed. Dividends actually paid are set each year by the company.

Some policies do not pay dividends. These are called “guaranteed cost” or “non participating” policies. Every feature of a guaranteed cost policy is fixed so that you know in advance what your future cost will be.

The premiums and cash values of a participating policy are guaranteed, but the dividends are not. Premiums for participating policies are typically higher than for guaranteed cost policies, but the cost to you may be higher or lower, depending on the dividends actually paid.

What Are Cost Indexes?

In order to compare the cost of policies, you need to look at:

1. Premiums
2. Cash values
3. Dividends

Cost indexes use one or more of these factors to give you a convenient way to compare relative costs of similar policies. When you compare costs, an adjustment must be made to take into account that money is paid and received at different times. It is not enough to just add up the premiums you will pay and subtract the cash values and dividends you expect to get back. These indexes take care of the arithmetic for you. Instead of having to add, subtract, multiply and divide many numbers yourself, you just compare the index numbers which you can get from life insurance producers and companies:

1. Life Insurance Surrender Cost Index. This index is useful if you consider the level of the cash values to be of primary importance to you. It helps you compare costs if at some future point in time, such as 10 or 20 years, you were to surrender the policy and take its cash value.
Life Insurance Net Payment Cost Index. This Index is useful if your main concern is the benefits that are to be paid at your death and if the level of cash values is of secondary importance to you. It helps you compare costs at some future point in time, such as 10 or 20 years, if you continue paying premiums on your policy and do not take its cash value.

There is another number called the Equivalent Level Annual Dividend. It shows the part dividends play in determining the cost index of a participating policy. Adding a policy’s Equivalent Level Annual Dividend to its cost index allows you to compare total costs of similar policies before deducting dividends. However, if you make any cost comparisons of a participating policy with a non participating policy, remember that the total cost of the participating policy will be reduced by dividends, but the cost of the non participating policy will not change.

How Do I Use Cost Indexes?

The most important thing to remember when using cost indexes is that a policy with a small index number is generally a better buy than a comparable policy with a larger index number. The following rules are also important:

- (1) Cost comparisons should only be made between similar plans of life insurance. Similar plans are those which provide essentially the same basic benefits and require premium payments for approximately the same period of time. The closer policies are to being identical, the more reliable the cost comparison will be.
- (2) Compare index numbers only for the kind of policy, for your age and for the amount you intend to buy. Since no one com-

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

pany offers the lowest cost for all types of insurance at all ages and for all amounts of insurance, it is important that you get the indexes for the actual policy, age and amount which you intend to buy. Just because a "Shopper's Guide" tells you that one company's policy is a good buy for a particular age and amount, you should not assume that all of that company's policies are equally good buys.

- (3) Small differences in index numbers could be offset by other policy features, or differences in the quality of service you may expect from the company or its producer. Therefore, when you find small differences in cost indexes, your choice should be based on something other than cost.
- (4) In any event, you will need other information on which to base your purchase decision. Be sure you can afford the premiums, and that you understand its cash values, dividends and death benefits. You should also make a judgment on how well the life insurance company or producer will provide service in the future, to you as a policyholder.
- (5) These life insurance cost indexes apply to new policies and should not be used to determine whether you should drop a policy you have already owned for awhile, in favor of a new one. If such a replacement is suggested, you should ask for information from the company that issued the old policy before you take action.

Important Things To Remember – A Summary

The first decision you must make when buying a life insurance policy is choosing a policy whose benefits and premiums must closely meet your needs and ability to pay. Next, find a policy which is also a relatively good buy. If you compare Surrender Cost Indexes and Net Payment Cost Indexes of similar competing policies, your chances of finding a relatively good buy will be better than if you do not shop. REMEMBER, LOOK FOR POLICIES WITH LOWER COST INDEX NUMBERS. A good life insurance producer can help you to choose the amount of life insurance and kind of policy you want and will give you cost indexes so that you make cost comparisons of similar policies.

Don't buy life insurance unless you intend to stick with it. A policy which is a good buy when held for 20 years can be very costly if you quit during the early years of the policy. If you surrender such a policy during the first few years, you may get little or nothing back and much of your premium may have been used for company expenses.

Read your new policy carefully, and ask the producer or company for an explanation of anything you do not understand. Whatever you decide now, it is important to review your life insurance program every few years to keep up with changes in your income and responsibilities.

R20-6-212.02. Standards for Annuity Illustrations

- A. Definitions. The definitions in A.R.S. § 20-1242 and this subsection apply to this Section.

"Illustration" means a personalized presentation or depiction prepared for and provided to an individual consumer that includes non-guaranteed elements of an annuity contract over a period of years.

"Indexing Method" means point-to-point, dialing averaging or monthly averaging.

"Index Term" means the period over which indexed-based interest is calculated.

"Market Value Adjustment" or "MVA" means a feature that is a positive or negative adjustment that may be applied to the account value and/or cash value of the annuity upon withdrawal, surrender, contract annuitization or death benefit payment based on either the movement of an external index or on the company's current guaranteed interest rate being offered on new premiums or new rates for renewal periods, if that withdrawal, surrender, contract annuitization or death benefit payment occurs at a time other than on a specified guaranteed benefit date.

"Registered product" means an annuity contract or life insurance policy subject to the prospectus delivery requirements of the Securities Act of 1933.

- B. An insurer or producer may elect to provide a consumer an illustration at any time, provided that the illustration is in compliance with this Section and:
 1. Is clearly labeled as an illustration;
 2. Includes a statement referring customers to the disclosure document and buyer's guide provided to them at time of purchase for additional information about their annuity; and

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

3. Is prepared by the insurer or third party using software that is authorized by the insurer prior to its use, provided that the insurer maintains a system of control over the use of the illustration.
- C. An illustration furnished to an applicant for a group annuity contract or contracts issued to a single applicant on multiple lives may be either an individual or composite illustration representative of the coverage on the lives of members of the group or the multiple lives covered.
- D. The illustration shall not be provided unless accompanied by the disclosure document referenced in A.R.S. § 20-1242.02.
- E. When using an illustration, the illustration shall not:
 1. Describe non-guaranteed elements in a manner that is misleading or has the capacity or tendency to mislead;
 2. State or imply that the payment or amount of non-guaranteed elements is guaranteed; or
 3. Be incomplete.
- F. Costs and fees of any type shall be individually noted and explained.
- G. An illustration shall conform to the following requirements:
 1. The illustration shall be labeled with the date on which it was prepared;
 2. Each page, including any explanatory notes or pages, shall be numbered and show its relationship to the total number of pages in the disclosure document (e.g., the fourth page of a seven-page disclosure document shall be labeled "page 4 of 7 pages");
 3. The assumed dates of premium receipt and benefit payout within a contract year shall be clearly identified;
 4. If the age of the proposed insured is shown as a component of the tabular detail, it shall be issue-age plus the number of years the contract is assumed to have been in force;
 5. The assumed premium on which the illustrated benefits and values are based shall be clearly identified, including rider premium for any benefits being illustrated;
 6. Any charges for riders or other contract features assessed against the account value or the crediting rate shall be recognized in the illustrated values and shall be accompanied by a statement indicating the nature of the rider benefits or the contract features, and whether or not they are included in the illustration;
 7. Guaranteed death benefits and values available upon surrender, if any, for the illustrated contract premium shall be shown and clearly labeled guaranteed;
 8. Except as provided in subsection (G)(22) of this Section, the non-guaranteed elements underlying the non-guaranteed illustrated values shall be no more favorable than current non-guaranteed elements and shall not include any assumed future improvement of such elements. Additionally, non-guaranteed elements used in calculating non-guaranteed illustrated values at any future duration shall reflect any planned changes, including any planned changes that may occur after expiration of an initial guaranteed or bonus period;
 9. In determining the non-guaranteed illustrated values for a fixed indexed annuity, the index-based interest rate and account value shall be calculated for three different scenarios: one to reflect historical performance of the index for the most recent 10 calendar years; one to reflect the historical performance of the index for the continuous period of 10 calendar years out of the last 20 calendar years that would result in the least index value growth (the "low scenario"); one to reflect the historical performance of the index for the continuous period of 10 calendar years out of the last 20 calendar years that would result in the most index value growth (the "high scenario"). The following requirements apply:
 - a. The most recent 10 calendar years and the last 20 calendar years are defined to end on the prior December 31, except for illustrations prepared during the first three months of the year, for which the end date of the calendar year period may be the December 31 prior to the last full calendar year;
 - b. If any index utilized in determination of an account value has not been in existence for at least 10 calendar years, indexed returns for that index shall not be illustrated. If the fixed indexed annuity provides an option to allocate account value to more than one indexed or fixed declared rate account, and one or more of these indexes has not been in existence for at least 10 calendar years, the allocation to such indexed account or accounts shall be assumed to be zero;
 - c. If any index utilized in determination of an account value has been in existence for at least 10 calendar years but less than 20 calendar years, the 10 calendar year periods that define the low and high scenarios shall be chosen from the exact number of years the index has been in existence;
 - d. The non-guaranteed element or elements, such as caps, spreads, participation rates, or other interest crediting adjustments, used in calculating the non-guaranteed index-based interest rate shall be no more favorable than the corresponding current element or elements;
 - e. If a fixed indexed annuity provides an option to allocate the account value to more than one indexed or fixed declared rate account:
 - i. The allocation used in the illustration shall be the same for all three scenarios; and
 - ii. The 10 calendar year periods resulting in the least and greatest index growth periods shall be determined independently for each indexed account option.
 - f. The geometric mean annual effective rate of the account value growth over the 10 calendar year period shall be shown for each scenario;
 - g. If the most recent 10 calendar year historical period experience of the index is shorter than the number of years needed to fulfill the requirement of subsection (I) of this Section, the most recent 10 calendar year historical experience of the index shall be used for each subsequent 10 calendar year period beyond the initial period for the purpose of calculating the account value for the remaining years of the illustration;
 - h. The low and high scenarios:
 - i. Need not show surrender values (if different than account values);
 - ii. Shall not extend beyond 10 calendar years (and therefore are not subject to the requirements of subsection (I) of this Section beyond subsection (I)(1)(a) of this Section); and
 - iii. May be shown on a separate page;
 - i. For the low and high scenarios, a graphical presentation shall also be included comparing the movement of the account value over the 10 calendar year period

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- for the low scenario, the high scenario and the most recent 10 calendar year scenario; and
- j. The low and high scenarios should reflect the irregular nature of the index performance and should trigger every type of adjustment to the index-based interest rate under the contract. The effect of the adjustments should be clear; for example, additional columns showing how the adjustment applied may be included. If an adjustment to the index-based interest rate is not triggered in the illustration (because no historical values of the index in the required illustration range would have triggered it), the illustration shall so state;
 10. The guaranteed elements, if any, shall be shown before corresponding non-guaranteed elements and shall be specifically referred to on any page of an illustration that shows or describes only the non-guaranteed elements (e.g., "see page 1 for guaranteed elements");
 11. The account or accumulation value of a contract, if shown, shall be identified by the name this value is given in the contract being illustrated and shown in close proximity to the corresponding value available upon surrender;
 12. The value available upon surrender shall be identified by the name this value is given in the contract being illustrated and shall be the amount available to the contract owner in a lump sum after deduction of surrender charges, bonus forfeitures, contract loans, contract loan interest, and application of any market value adjustment, as applicable;
 13. Illustrations may show contract benefits and values in graphic or chart form in addition to the tabular form;
 14. Any illustration of non-guaranteed elements shall be accompanied by a statement indicating that:
 - a. The benefits and values are not guaranteed;
 - b. The assumptions on which they are based are subject to change by the insurer; and
 - c. Actual results may be higher or lower;
 15. Illustrations based on non-guaranteed credited interest and non-guaranteed annuity income rates shall contain equally prominent comparisons to guaranteed credited interest and guaranteed annuity income rates, including any guaranteed and non-guaranteed participation rates, caps, or spreads for fixed indexed annuities;
 16. The annuity income rate illustrated shall not be greater than the current annuity income rate unless the contract guarantees are in fact more favorable;
 17. Illustrations shall be concise and easy to read;
 18. Key terms shall be defined and then used consistently throughout the illustration;
 19. Illustrations shall not depict values beyond the maximum annuitization age or date;
 20. Annuitization benefits shall be based on contract values that reflect surrender charges or any other adjustments, if applicable; and
 21. Illustrations shall show both annuity income rates per \$1,000.00 and the dollar amounts of the periodic income payable.
 22. For participating immediate and deferred income annuities:
 - a. Illustrations may not assume any future improvement in the applicable dividend scale (or scales, if more than one dividend scale applies, such as for a flexible premium annuity);
 - b. Illustrations must reflect the equitable apportionment of dividends, whether performance meets, exceeds, or falls short of expectations;
 - c. If the dividend scale is based on a portfolio rate method, the portfolio rate underlying the illustrated dividend scale shall not be assumed to increase;
 - d. If the dividend scale is based on an investment cohort method, the illustrated dividend scale should assume that reinvestment rates grade to long-term interest rates, subject to the following conditions:
 - i. Any assumptions as to future investment performance in the dividend formula must be consistent with assumptions that are reflected in the marketplace within the normal range of analyst forecasts and investor behavior; these assumptions may not be changed arbitrarily, notwithstanding changes in markets or economic conditions, and must be consistent with assumptions that the issuer uses with respect to other lines of business; and
 - ii. The illustrated dividend scale should assume that reinvestment rates grade to long-term interest rates, based on U.S. Treasury bonds. For the purposes of this grading, the assumed long-term rates should not exceed the rates calculated using the formula in subsection (G)(22)(d)(iii), based on the time to maturity or reinvestment (the "Tenor") of the investments supporting the cohort of policies.
 - iii. Maximum long-term interest rates should be calculated for tenors of three months (or less), five years, 10 years, and 20 years (or more), using U.S. Treasury rates. For each tenor, the maximum long-term interest rate will vary over time, based on historical interest rates as they emerge. The formula for the maximum long-term interest rate is the average of the median bond rate over the last 600 months and the average bond rate over the last 120 months, rounded to the nearest quarter of one percent (0.25%).
 - iv. The maximum long-term interest rate for a tenor should be recalculated once per year, in January, using historical rates as of December 31 of the calendar year two years prior to the calendar year of the calculation date. The historical rate for each month is the rate reported for the last business day of the month.
 - v. Grading to the maximum long-term interest rates should take place over no less than 20 years from issue if U.S. Treasury rates as of the illustration date are below the long-term rates, or, no more than 20 years from issue if U.S. Treasury rates as of the illustration date are above the long-term rates.
 - vi. When the 10-year U.S. Treasury rate is less than the 10-year maximum long-term interest rate, an additional illustrated dividend scale should be presented. This additional illustrated dividend scale shall assume that reinvestment U.S. Treasury rates do not exceed the initial investment U.S. Treasury rates and illustrate dividends no less than half of the dividends illustrated under the current dividend scales. If

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

the assumption that reinvestment U.S. Treasury rates do not exceed the initial investment U.S. Treasury rates conflicts with the illustration, i.e. half of the current dividends are greater than would be permitted by the assumption, then the reinvestment U.S. Treasury rates should equal the initial investment U.S. Treasury rates.

- vii. The illustration should include a disclosure that is substantially similar to the following:
The illustrated current dividend scale is based on interest rates that are assumed to gradually [increase/decrease] from current rates to long-term interest rates, over a period of [20] years. By regulation, the long-term assumed interest rates cannot not and do not exceed the rates listed in column (c) of the table below.
- viii. If the illustration contains an additional dividend scale pursuant to subsection (G)(22)(d)(vi), then the illustration should also include a disclosure that is substantially similar to the following:
The additional illustrated dividend scale is based on interest rates that are assumed not to increase and do not exceed the interest rates in column (b) of the table below.

| Column A | Column B | Column C |
|--------------------|--------------------------------|-----------------------------|
| Tenor | Current Interest Rate | Long Term |
| | Treasury Rate as of 12/31/2016 | Mean Reversed Treasury Rate |
| 3 Month (or less) | 0.51% | 3.00% |
| 5 Year | 1.93% | 4.50% |
| 10 Year | 2.45% | 5.00% |
| 20 Years (or more) | 3.06% | 5.50% |

H. An annuity illustration shall include a narrative summary that includes all the following unless provided at the same time in a disclosure statement:

1. A brief description of any contract features, riders or options, guaranteed and/or non-guaranteed, shown in the basic illustration and the impact they may have on the benefits and values of the contract;
2. A brief description of any other optional benefits or features that are selected, but not shown in the illustration and the impact they have on the benefits and values of the contract;
3. Identification and a brief definition of column headings and key terms used in the illustration;
4. A statement containing in substance the following:
 - a. For other than fixed indexed annuities:
This illustration assumes the annuity's current non-guaranteed elements will not change. It is likely that they will change and actual values will be higher or lower than those in this illustration but will not be less than the minimum guarantees.
The values in this illustration are not guarantees or even estimates of the amounts you can expect from your annuity. Please review the entire Disclosure Document and Buyer's Guide provided with your Annuity Contract for more detailed information;

- b. For fixed indexed annuities:
This illustration assumes the index will repeat historical performance and that the annuity's current non-guaranteed elements, such as caps, spreads, participation rates or other interest crediting adjustments, will not change. It is likely that the index will not repeat historical performance, the non-guaranteed elements will change, and actual values will be higher or lower than those in this illustration but will not be less than the minimum guarantees.

The values in this illustration are not guarantees or even estimates of the amounts you can expect from your annuity. Please review the entire Disclosure Document and Buyer's Guide provided with your Annuity Contract for more detailed information;

5. Additional explanations as follows:

- a. Minimum guarantees shall be clearly explained;
- b. The effect on contract values of contract surrender prior to maturity shall be explained;
- c. Any conditions on the payment of bonuses shall be explained;
- d. For annuities sold as an IRA, qualified plan or in another arrangement subject to the required minimum distribution (RMD) requirements of the Internal Revenue Code, the effect of RMDs on the contract values shall be explained;
- e. For annuities with recurring surrender charge schedules, a clear and concise explanation of what circumstances will cause the surrender charge to recur; and
- f. A brief description of the types of annuity income options available shall be explained, including:
 - i. The earliest or only maturity date for annuitization (as the term is defined in the contract);
 - ii. For contracts with an optional maturity date, the periodic income amount for at least one of the annuity income options available based on the guaranteed rates in the contract, at the later of age 70 or 10 years after issue, but in no case later than the maximum annuitization age or date in the contract;
 - iii. For contracts with a fixed maturity date, the periodic income amount for at least one of the annuity income options available, based on the guaranteed rates in the contract at the fixed maturity date; and
 - iv. The periodic income amount based on the currently available periodic income rates for the annuity income option in subsection (H)(5)(f)(ii) or in subsection (H)(5)(f)(iii), if desired.

I. Following the narrative summary, an illustration shall include a numeric summary which shall include at minimum, numeric values at the following durations:

1. The first 10 contract years or the surrender charge period if longer than 10 years, including any renewal surrender charge period or periods;
2. Every tenth contract year up to the later of 30 years or age 70; and
3. Required annuitization age or required annuitization date.

J. If the annuity contains a market value adjustment ("MVA"), the following provisions apply to the illustration:

1. The MVA shall be referred to as such throughout the illustration;

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

2. The narrative shall include an explanation, in simple terms, of the potential effect of the MVA on the value available upon surrender;
 3. The narrative shall include an explanation, in simple terms, of the potential effect of the MVA on the death benefit;
 4. A statement, containing in substance the following, shall be included:
When you make a withdrawal, the amount you receive may be increased or decreased by a Market Value Adjustment (MVA). If the interest rates on which the MVA is based go up after you buy your annuity, the MVA likely will decrease the amount you receive. If interest rates go down, the MVA will likely increase the amount you receive.
 5. Illustrations shall describe both the upside and the downside aspects of the contract features relating to the MVA;
 6. The illustrative effect of the MVA shall be shown under at least one positive and one negative scenario. This demonstration shall appear on a separate page and be clearly labeled that it is information demonstrating the potential impact of a MVA;
 7. Actual MVA floors and ceilings as listed in the contract shall be illustrated; and
 8. If the MVA has significant characteristics not addressed by subsections (J)(1) through (J)(6), the effect of such characteristics shall be shown in the illustration.
- K.** A narrative summary for a fixed indexed annuity illustration also shall include the following unless provided at the same time as the disclosure statement:
1. An explanation, in simple terms, of the elements used to determine the index-based interest, including but not limited to, the following elements:
 - a. The index(es) which will be used to determine the index-based interest;
 - b. The Indexing Method;
 - c. The Index Term;
 - d. The participation rate, if applicable;
 - e. The cap, if applicable; and
 - f. The spread, if applicable;
 2. The narrative shall include an explanation, in simple terms, of how index-based interest is credited in the indexed annuity;
 3. The narrative shall include a brief description of the frequency with which the company can re-set the elements used to determine the index-based credits, including the participation rate, the cap, and the spread, if applicable; and
 4. If the product allows the contract holder to make allocations to a declared-rate segment, then the narrative shall include a brief description of:
 - a. Any options to make allocations to a declared-rate segment, both for new premiums and for transfers from the index-based segments; and
 - b. Differences in guarantees applicable to the declared-rate segment and the index-based segments.
- L.** A numeric summary for a fixed indexed annuity illustration shall include, at a minimum, the following elements:
1. The assumed growth rate of the index in accordance with subsection (G)(9);
 2. The assumed values for the participation rate, cap and spread, if applicable; and
 3. The assumed allocation between index-based segments and the declared-rate segment, if applicable, in accordance with subsection (G)(9).
- M.** If the contract is issued other than as applied for, a revised illustration conforming to the contract as issued shall be sent with the contract, except that non-substantive changes, including but not limited to, changes in the amount of expected initial or additional premiums and any changes in amounts of exchanges pursuant to Section 1053 of the Internal Revenue Code, rollovers and transfers, which do not alter the key benefits and features of the annuity as applied for will not require a revised illustration unless requested by the applicant.
- N.** Annuity Illustration Examples. Illustrations A through C are examples only and do not reflect specific characteristics of any actual product for sale by any company.

Column Descriptions

- (1) **Ages** shown are measured from the Annuitant's age at issue.
 (2) **Premium Payments** are assumed to be made at the beginning of the Contract Year shown.

Values Based on Guaranteed Rates

- (3) **Interest Crediting Rates** shown are annual rates; however, interest is credited daily. During the Initial Interest Guarantee Period, values developed from the Initial Premium Payment are illustrated using the Initial Guaranteed Interest Rate(s) declared by the insurance company, which include an additional first year only interest bonus credit of 0.75%. The interest rates will be guaranteed for the Initial Interest Guarantee Period, subject to an MVA. After the Initial Interest Guarantee Period, a new renewal interest rate will be declared annually, but can never be less than the Minimum Guaranteed Interest Rate shown.
- (4) **Account Value** is the amount you have at the end of each year if you leave your money in the contract until you start receiving annuity payments. It is also the amount available upon the Annuitant's death if it occurs before annuity payments begin. The death benefit is not affected by surrender charges or the MVA.
- (5) **Cash Surrender Value Before MVA** is the amount available at the end of each year if you surrender the contract (after deduction of any Surrender Charge) but before the application of any MVA. Surrender charges are applied to the Account Value according to the schedule below until the surrender charge period ends, which may be after the Initial Interest Guarantee Period has ended.

| | | | | | | | | |
|---------------------------------------------|----|----|----|----|----|----|----|----|
| Years Measured from Premium Payment: | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8+ |
| Surrender Charges: | 8% | 7% | 6% | 5% | 4% | 3% | 2% | 0% |

- (6) **Minimum Cash Surrender Value After MVA** is the minimum amount available at the end of each year if you surrender your contract before the end of five years, no matter what the MVA is. The minimum is set by law. The amount you receive may be higher or lower than the cash surrender value due to the application of the MVA, but never lower than this minimum. Otherwise the MVA works as follows: If the interest rate available on new contracts offered by the company is LOWER than your Initial Guaranteed Interest Rate, the MVA will INCREASE the amount you receive. If the interest rate available on new contracts offered by the company is HIGHER than your initial guaranteed interest rate, the MVA will DECREASE the amount you receive. The charts below provide additional information concerning the MVA.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

Values Based on Assumption that Initial Guaranteed Rates Continue

- (7) **Interest Crediting Rates** are the same as in Column (3) for the Initial Interest Guarantee Period. After the Initial Interest Guarantee Period, a new renewal interest rate will be declared annually. For the purposes of calculating the values in this column, it is assumed that the Initial Guaranteed Interest Rate (without the bonus) will continue as the new renewal interest rate in all years. The actual renewal interest rates are not subject to an MVA and will very likely NOT be the same as the illustrated renewal interest rates.
- (8) **Account Value** is calculated the same way as Column (4).
- (9) **Cash Surrender Value Before and after MVA** is the Cash Surrender Value at the end of each year assuming that Initial Guaranteed Interest Rates continue, and that the continuing rates are the rates offered by the company on new contracts. In this case the MVA would be zero, and Cash Surrender Values before and after the MVA would be the same.

Important Note: This illustration assumes you will take no withdrawals from your annuity before you begin to receive periodic income payments. **Withdrawals will reduce both the annuity Account Value and the Cash Surrender Value.** You may make partial withdrawals of up to 10% of your account value each contract year without paying surrender charges. Excess withdrawals (above 10%) and full withdrawals will be subject to surrender charges.

This illustration assumes the annuity's current interest crediting rates will not change. It is likely that they will change and actual values may be higher or lower than those in the illustrations.

The values in this illustration are not guaranteed or even estimates of the amounts you can expect from your annuity. For more information, read the annuity disclosure and annuity buyer's guide.

Illustration C. MVA-adjusted Cash Surrender Values (CSVs) Under Sample Scenarios

MVA-adjusted Cash Surrender Values (CSVs) Under Sample Scenarios

The graphs below show MVA-adjusted Cash Surrender Values (CSVs) during the first five years of the contract, as illustrated on the illustration spreadsheet above (\$100,000 single premium, a 5-year MVA Period) under two sample scenarios, as described below.

Graph #1 shows if the interest rate on new contracts is 3% LOWER than your Initial Guaranteed Interest Rate, the MVA will increase the amount you receive (upper line). The lower line shows the Cash Surrender Values if the Initial Guaranteed Interest Rates continue (from Column (9) on the illustration spreadsheet above (referenced as Page 2 in the graph)).

Graph #2 shows if the interest rate on new contracts is 3% HIGHER than your Initial Guaranteed Interest Rate, the MVA will decrease the amount you receive, but not below the minimum set by law (Column (6) on the illustration spreadsheet above (referenced as Page 2 in the graph)), which in this scenario's limits the decrease for the first 2 years (lower line). The upper line shows the Cash Surrender Values if the Initial Guaranteed Interest Rates continue (from Column (9) on the illustration spreadsheet above).

These graphs and the sample guaranteed interest rates on new contracts used are for demonstration purposes only and are not intended to be a projection of how guaranteed interest rates on new contracts are likely to behave.

2. Except as provided in R20-6-210, no other rule of this state setting language simplification standards shall apply to any policy forms.

C. Minimum policy language simplification standards.

1. Except as stated in subsection (B), an insurer shall not deliver or issue for delivery a policy form that has not been approved by the Director unless:
 - a. The text achieves a minimum score of 40 on the Flesch reading ease test or an equivalent score on any other comparable test as provided in subsection (3);
 - b. It is printed, except for specification pages, schedules, and tables, in no less than 10 point type, one point leaded;
 - c. The style, arrangement and overall appearance of the policy do not give undue prominence to any portion of the text of the policy or to any endorsements or riders; and
 - d. The policy, if the policy has more than 3,000 words printed on three or fewer pages of text or if the policy has more than three pages regardless of the number of words, contains a table of contents or an index of the principal sections of the policy.
2. An insurer shall measure a Flesch reading ease test score as follows:
 - a. For policy forms containing 10,000 words or less of text, an insurer shall analyze the entire form. For policy forms containing more than 10,000 words, an insurer may analyze the readability of two, 200-word samples per page instead of the entire form. The insurer shall separate the samples by at least 20 printed lines.

- b. The insurer shall count the number of words and sentences in the text, then divide the total number of words by the total number of sentences, then multiply that figure by a factor of 1.015.
- c. The insurer shall count and divide the total number of syllables by the total number of words, then multiply that figure by a factor of 84.6.
- d. The sum of the figures computed under subsections (b) and (c) subtracted from 206.835 equals the Flesch reading ease score for the policy form.
- e. For subsections (b), (c), and (d), the insurer shall use the following procedures:
 - i. A contraction, hyphenated word, or numbers and letters, when separated by spaces, shall be counted as one word;
 - ii. A unit of words ending with a period, semicolon, or colon, but excluding headings and captions, shall be counted as a sentence; and
 - iii. A syllable means a unit of spoken language consisting of one or more letters of a word as divided by an accepted dictionary. If the dictionary shows two or more equally acceptable pronunciations of a word, the pronunciation containing fewer syllables may be used.
- f. The term "text" as used in this subsection shall include all printed matter except the following:
 - i. The name and address of the insurer, the name, number or title of the policy, the table of contents or index, captions and subcaptions, specification pages, schedules or tables; and
 - ii. Policy language that is drafted to conform to the requirements of a federal law, regulation, or agency interpretation, policy language required by a collectively bargained agreement, medical terminology, words defined in the policy, and policy language required by law or regulation, if the insurer identifies the language or terminology excepted by this subsection and certifies, in writing, that the language or terminology is entitled to be excepted by this subsection.

3. Any other reading test may be approved by the Director for use as an alternative to the Flesch reading test if it is comparable in result to the Flesch reading ease test.
4. Filings subject to this subsection shall be accompanied by a certificate signed by an officer of the insurer stating that the filing meets the minimum reading ease score on the test used or stating that the score is lower than the minimum required but should be approved under subsection (G) of this Section. To confirm the accuracy of any certification, the Director may require the submission of further information to verify the certification in question.
5. At the option of the insurer, riders, endorsements, applications and other forms made a part of the policy may be scored as separate forms or as part of the policy with which they may be used.

- #### D. The Director may authorize a lower score than the Flesch reading ease score required in subsection (C)(1)(a) if a lower score:
1. Provides a more accurate reflection of readability of a policy form;
 2. Is warranted by the nature of a particular policy form or type or class of policy forms; or

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

3. Is caused by certain policy language drafted to conform to the requirements of any state statute, rule, or agency interpretation of law.

Corrected error in R20-6-213(D) that referenced subsection (E)(1)(a), which was relabeled as (C)(1)(a) in Supp. 07-2 (Supp. 08-1).

R20-6-214. Coordination of Benefits**A. Applicability.**

1. This Section applies to all:
 - a. Group disability insurance policies;
 - b. Group subscriber contracts of hospital and medical service corporations and health care services organizations;
 - c. Group disability policies of benefit insurers; and
 - d. Group-type contracts that contain a coordination of benefits provision, are not available to the general public, and can be obtained and maintained only because of the covered person's membership in or connection with a particular organization. Group-type contracts that meet this description are included regardless of whether denominated as "franchise," "blanket," or some other designation.
2. This Section does not apply to:
 - a. Individual or family policies or individual or family subscriber contracts except as provided for in subsection (A)(1);
 - b. Group or group-type hospital indemnity benefits, written on a non-expense incurred basis, of \$30 per day or less unless characterized as reimbursement-type benefits and designed or administered to give the insured the right to elect indemnity-type benefits, instead of the reimbursement type benefits at the time of claim; or
 - c. School accident type coverages, written on a blanket, group, or franchise basis.

B. Definitions. In this Section, the following definitions apply:

1. "Allowable expense" means any necessary, reasonable, and customary item of expense, at least a portion of which is covered under one or more of the plans covering the person for whom claim is made or service provided.
 - a. When a plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered is deemed to be both an allowable expense and a benefit paid.
 - b. A plan that takes Medicare or similar government benefits into consideration when determining the application of its coordination of benefits provision does not expand the definition of an allowable expense.
2. "Claim determination period" means an appropriate period of time such as "calendar year" or "benefit period" as defined in the policy.
3. "Plan," within the coordination of benefits provisions of a group policy or subscriber contract, means the types of

coverage that the insurer may consider in determining whether overinsurance exists with respect to a specific claim.

4. "School accident-type coverage" means coverage of grammar school and high school students for accidents only, including athletic injuries, either on a 24-hour basis or "to-and-from school," for which the parent pays the entire premium.

C. Order-of-benefit determination.

1. When a claim under a plan with a coordination of benefit provision involves another plan that also has a coordination of benefit provision, the insurer shall make the order-of-benefit determination as follows:
 - a. The plan that covers the person claiming benefits other than as a dependent shall determine benefits before those of the plan that covers the person as a dependent.
 - b. The plan of a parent whose birthday occurs earlier in a calendar year shall cover a dependent child before the benefits of a plan of a parent whose birthday occurs later in a calendar year. The word "birthday" as used in this subsection refers only to month and day in a calendar year, not the year in which the person was born.
 - c. If two or more plans cover a person as a dependent child of divorced or separated parents, benefits for the child are determined in the following order:
 - i. First, the plan of the parent with custody of the child;
 - ii. Then, the plan of the spouse of the parent with custody of the child; and
 - iii. Finally, the plan of the parent not having custody of the child.
 - d. Notwithstanding subsection (c), if the specific terms of a court decree state that one of the parents is responsible for the health care expenses of the child, and the entity obligated to pay or provide the benefits of the plan of that parent has actual knowledge of those terms, the benefits of that plan are determined first.
2. The benefits of a plan that covers a person as an employee (or as that employee's dependent) are determined before those of a plan that covers that person as a laid off or retired employee (or as that employee's dependent). If the other plan does not have this provision and if, as a result, the plans do not agree on the order of benefits, this subsection does apply.
3. If none of the provisions of subsection (C) determines the order of benefits, the benefits of the plan that covered a claimant longer are determined before those of the plan that covered that person for the shorter time.
4. If one of the plans is issued out of this state and determines the order of benefits based upon the gender of a parent and, as a result, the plans do not agree on the order of benefits, the plan with the gender rule shall determine the order of benefits.

- D. Excess and other nonconforming provisions.** A plan with an order of benefit determination provision that complies with this Section, a complying plan, may coordinate its benefits with a plan that is "excess" or "always secondary" or that uses an order-of-benefit determination provision that is inconsistent with this Section, a noncomplying plan, on the following basis:

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. If the complying plan is the primary plan, it shall pay or provide its benefits on a primary basis.
2. If the complying plan is the secondary plan, it shall pay or provide its benefits first, as the secondary plan. The payment shall be the limit of the complying plan's liability, except as provided in subsection (4).
3. If the noncomplying plan does not provide the information needed by the complying plan to determine its benefits within a reasonable time after it is requested to do so, the complying plan shall assume that the benefits of the noncomplying plan are identical to its own, and shall pay benefits accordingly. The complying plan shall adjust any payments it makes based on the assumption whether information becomes available as the actual benefits of the noncomplying plan.
4. If the noncomplying plan pays benefits so that the claimant receives less in benefits than the claimant would have received had the noncomplying plan paid or provided its benefits as the primary plan, the complying plan shall advance to or on behalf of the claimant an amount equal to the difference. The complying plan shall not have a right to reimbursement from the claimant.

R20-6-306. Reserved**R20-6-307. Life and Disability Reinsurance Agreements**

A. Scope. This rule applies to all domestic life and disability insurers and reinsurers, and to all other licensed life and disability insurers and accredited reinsurers that are not subject to a substantially similar rule in their jurisdictions of domicile. This rule applies to the disability business of licensed property and casualty insurers. This rule does not apply to assumption reinsurance, yearly renewable term reinsurance, or nonproportional stop loss or catastrophe reinsurance, or similar forms of nonproportional reinsurance.

B. Definitions

1. "Agreement" means a reinsurance agreement and any amendment to a reinsurance agreement.
2. "Credit Quality" means the risk that invested assets supporting the reinsured business will decrease in value but excludes decreases to changes in interest rate.
3. "Department" means the Arizona Department of Insurance and Financial Institutions – Insurance Division.
4. "Director" has the same meaning as A.R.S. § 20-102.
5. "Disintermediation" means the risk that interest rates will rise and policy loans and surrenders will increase or maturing contracts will not renew at anticipated rates of renewal.
6. "Lapse" means the risk that a policy will voluntarily terminate before the recoupment of a statutory surplus strain experienced at issuance of the policy.
7. "Reinvestment" means the risk that interest rates will fall and funds reinvested will therefore earn less than expected.

C. Accounting Requirements

1. Unless authorized by the Director, an insurer shall not, for reinsurance ceded, reduce any liability, or establish any asset in any statutory financial statement filed with the Department if, by the terms of the agreement, or in effect, any of the following conditions exist:
 - a. Renewal expense allowances provided or to be provided to the ceding insurer by the reinsurer in any accounting period are not sufficient to cover the ceding insurer's allocable renewal expenses anticipated at the time the business is reinsured, unless a liability is established for the present value of the shortfall using assumptions equal to the applicable statutory reserve basis on the business reinsured.
 - b. The ceding insurer is required to reimburse the reinsurer for negative experience under the agreement. Neither the offset of the ceding insurer's experience refunds against current and prior years' losses, nor payment by the ceding insurer of an amount equal to the reinsurer's current and prior years' losses upon voluntary termination of in-force reinsurance by the

ceding insurer, shall be considered a reimbursement to the reinsurer for negative experience.

- c. The ceding insurer may be deprived of surplus or assets at the reinsurer's option or automatically upon the occurrence of a specified event, including the insolvency of the ceding insurer. Termination of the agreement by the reinsurer for nonpayment of reinsurance premiums or other amounts due shall not be considered a deprivation of surplus or assets within the meaning of this subsection.
 - d. The ceding insurer is required, at scheduled times, to terminate the agreement or recapture automatically all or part of the reinsurance ceded.
 - e. The ceding insurer may be required to pay the reinsurer amounts other than from income reasonably expected from the reinsured policies.
 - f. Significant risks inherent in the business reinsured are not transferred to the reinsurer. Table A identifies the risks deemed significant for representative types of business.
 - g. The credit quality, reinvestment, or disintermediation risk is significant for the business reinsured and the ceding company does not transfer the underlying assets to the reinsurer, segregate the underlying assets in a trust or escrow account, or otherwise segregate the underlying assets. The assets that support the reserves for classes of business that do not have a significant credit quality, reinvestment, or disintermediation risk, or for long-term care or long-term disability insurance, traditional non-par permanent, traditional par permanent, adjustable premium permanent, indeterminate premium permanent, or universal life fixed premium with no dump-in premiums allowed, may be held by the ceding company without segregation. To determine the reserves for classes of business, the supporting assets of which may be held without being segregated, the reserve interest rate adjustment formula shall reflect the ceding company's investment earnings and incorporate all realized and unrealized gains and losses reported in the ceding insurer's statutory financial statement.
 - h. Settlements are made less frequently than quarterly or payments due from the reinsurer are not made in cash within 90 days of the settlement date.
 - i. The ceding insurer is required to make representations or warranties unrelated to the business reinsured.
 - j. The ceding insurer is required to make representations or warranties related to future performance of the business reinsured.
2. An agreement entered into after the effective date of this rule to reinsure business issued before the effective date of the agreement shall be filed by the ceding insurer with the Director within 30 days after execution of the agreement. Each filing shall be accompanied by a description of the corresponding reduction in liabilities or other credit for reinsurance, and any other financial impact of the agreement, reported in the ceding insurer's statutory financial statements. When an increase in surplus net of federal income tax results from an agreement falling under this subsection, the ceding insurer shall separately identify the increase as a surplus item in the aggregate write-ins for gains and losses in surplus in the Capital and

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

Surplus account of the ceding insurer's statutory financial statement. As earnings emerge from the business reinsured, the ceding insurer shall report in its statutory financial statement recognition of surplus increase as income on a net of tax basis as reinsurance ceded.

D. Written Agreements

1. A ceding insurer shall not reduce any liability or establish any asset in any statutory financial statement filed with the Department, unless the ceding insurer and the reinsurer have executed an agreement or a binding letter of intent by the "as of" date of the statutory financial statement.
2. A ceding insurer shall not be allowed a credit for the reinsurance ceded based on a letter of intent unless the ceding insurer and the reinsurer execute an agreement within 90 days from the execution date of the letter of intent.

3. The agreement shall provide that:

- a. The agreement constitutes the entire contract between the parties with respect to the business reinsured, and there are no understandings between the parties other than as expressed in the agreement; and
- b. Any change or modification to the agreement shall be void unless made by written amendment signed by all parties.

R20-6-310.02. Filing Procedures

- A. Deadline to file. An insurer, or the insurance group of which the insurer is a member, required to file a CGAD by A.A.C. Title 20, Chapter 2, Article 16 shall, no later than June 1 of each calendar year, submit to the Director a CGAD that contains the information described in Section R20-6-310.03.
- B. Attestation. The CGAD must include a signature of the insurer’s or insurance group’s CEO or corporate secretary attesting to the best of that person’s belief and knowledge that the insurer or insurance group has implemented the corporate governance practices and that the copy of the CGAD has been provided to the insurer’s or insurance group’s Board of Directors or appropriate committee of the Board of Directors.
- C. Format of the CGAD. The insurer or insurance group shall have discretion regarding the appropriate format for providing the information required and is permitted to customize the CGAD to provide the most relevant information necessary to permit the Director to gain an understanding of the corporate

governance structure, policies and practices utilized by the insurer or insurance group.

- D. Insurer or insurance group to determine level of reporting.
 1. For purposes of completing the CGAD, the insurer or insurance group may choose to provide information on governance activities that occur at the ultimate controlling parent level, an intermediate holding company level and/or the individual legal entity level, depending on how the insurer or insurance group has structured its system of corporate governance.
 2. The insurer or insurance group is encouraged to make the CGAD disclosures at:
 - a. The level at which the insurer’s or insurance group’s risk appetite is determined,
 - b. The level at which the earnings, capital, liquidity, operations, and reputation of the insurer are overseen collectively and at which the supervision of those factors are coordinated and exercised, or

 3. If the insurer or insurance group determines the level of reporting based on the criteria in subsection (D)(2), it shall indicate which of the three criteria was used to determine the level of reporting and explain any subsequent changes in the level of reporting.
- E. CGAD completed at the insurance group level. Notwithstanding subsection (A) and as outlined in A.R.S. § 20-492.01, if the CGAD is completed at the insurance group level, then it must be filed with the lead state of the group as determined by the procedures outlined in the NAIC’s Financial Analysis Handbook 2018 Annual/2019 Quarterly, pp. 771 through 774, and no future editions. In these instances, a copy of the CGAD must also be provided, upon request, to the chief regulatory official of any state in which the insurance group has a domestic insurer.
- F. Reference to other existing documents. An insurer or insurance group may comply with this Section by referencing other existing documents (e.g., ORSA Summary Report, Holding Company Form B or F Filings, Securities and Exchange Commission (SEC) Proxy Statements, foreign regulatory reporting requirements, etc.) if the documents provide information that is comparable to the information described in R20-6-310.03. The insurer or insurance group shall clearly reference the location of the relevant information within the CGAD and attach the referenced document if it is not already filed or available to the Director.
- G. Subsequent filings of the CGAD. Each year following the initial filing of the CGAD, the insurer or insurance group shall file an amended version of the previously filed CGAD indicating where changes have been made to the previously filed CGAD. The filing shall also state if no changes are made to the information or activities previously reported by the insurer or insurance group.

Historical Note

For the purpose of implementing A.R.S. §§ 20-442, 20-443, 20-826, 20-1111 and 20-1113 and to make more specific the regulation therein provided relative to policies of individual disability insurance (accident and sickness, hospitalization, medical, surgical and loss of time) issued in the State of Arizona and further to provide satisfactory public remedy against the hazards of misunderstanding by an applicant, of deception and coercion by an agent and of certain policy exclusions and limitations that cheapen the value of coverage, the Insurance Department of Arizona adopts the following rule:

1. Each policy of individual disability insurance, except one for which no provision for renewal is made, issued for delivery in the State of Arizona on or after October 1, 1961, by an insurance company or by a hospital or medical service corporation shall have printed on the first page thereof or attached thereto or endorsed thereupon in prominent style a notice declaring that, during a period of 10 days (or, at the insurer's option, a longer period) from the date of delivery to the policyholder, such policy may be returned for cancellation to the insurer at its home office (or, at the insurer's option, to its branch office or to the agent through whom it was purchased) and declaring further that in the event of such return the insurer will refund the entirety of any premium paid therefor, including any policy fees or other charges, and that the policy shall be deemed void from the beginning and that the parties shall be returned to their original position as if no policy had been issued.
2. The Insurance Department does not specify the particular language the notice shall contain but prefers usage of a phraseology approximately along the lines of either the longer (Form A) or shorter (Form B) sample below:

Failure of the arrestee to pay the premium, or charges permitted under these regulations or any part thereof, and failure to furnish collateral required by the bail bond agent, shall not be considered a material and substantial increase in the hazard assumed.
6. Rebating prohibited. No bail bond agent shall pay or allow in any manner, directly or indirectly, to any person who is not also a bail bond agent any commission or valuable consideration on or in connection with a bail transaction. B. Creditor and insurer obligations regarding insurance on refinanced debt.

1. If a debt is discharged because the debtor refinances the debt before the scheduled maturity date, the creditor shall

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

notify the insurer that issued the credit insurance on the discharged debt.

2. An insurer shall not issue any credit insurance that covers the refinanced debt with an effective date preceding the termination date of the insurance on the original debt.
 3. The insurer issuing the coverage on the discharged debt shall refund to or credit the debtor with all unearned insurance charges or premium according to R20-6-604.06.

- C. Required policy provisions.
1. Termination provisions for group policies. A group credit insurance policy shall provide for continued coverage of debtors covered under the policy if the policy terminates, as follows:

 - b. For a policy with a monthly premium payment, a provision requiring the insurer to send the debtor a termination notice at least 30 days before the effective date of termination, unless an insurer is issuing replacement coverage in at least the same amount, without lapse of coverage.
 2. Maximum aggregate provisions. A provision in an individual policy or group certificate that sets a maximum limit on total claim payments shall apply only to that individual policy or group certificate.
- D. Creditor and insurer obligations when debtor prepays debt.
1. Except as provided in subsection (D)(2), if a debtor prepays a debt in full, any credit insurance covering the debt shall terminate on the date of prepayment. The creditor and insurer shall refund to or credit the debtor with any unearned premium according to R20-6-604.06.

R20-6-607. Reasonableness of Benefits in Relation to Premium Charged

- A. Applicability. This rule shall apply to individual disability insurance (as defined in A.R.S. § 20-253) policy forms and rates.
- B. When rate filing is required. Every individual policy form, rider or endorsement form affecting benefits which is submitted for approval shall be accompanied by a rate filing unless such rider or endorsement form does not require a change in the rate. Any subsequent addition to or change in rates applicable to such policy, rider or endorsement form shall also be filed.
- C. General contents of all rate filings. Each rate submission shall include an actuarial memorandum describing the basis on which rates were determined and shall indicate and describe the calculation of the ratio, hereinafter called "anticipated loss ratio," of the present value of the expected benefits to the present value of the expected premiums over the entire period for which rates are computed to provide coverage. Each rate submission must also include a certification by a qualified actuary that to the best of the actuary's knowledge and judgment, the rate filing is in compliance with applicable laws and regulations of this state and that the benefits are reasonable in relation to the premiums.
- D. Previously approved forms. Filings of rate revisions for a previously approved policy, rider or endorsement form shall also include the following:
 1. A statement of the scope and reason for the revision, and an estimate of the expected average effect on premiums including the anticipated loss ratio for the form.
 2. A statement as to whether the filing applies only to new business, only to in-force business, or both, and the reasons.
 3. A history of the experience under existing rates, including at least the data indicated in subsection (E). The history may also include, if available and appropriate, the ratios of actual claims to the claims expected according to the assumptions underlying the existing rates. All additional data must be reconciled, as appropriate, to the required data. Additional data might include:
 - a. Substitution of actual claim run-offs for claim reserves and liabilities,
 - b. Determination of loss ratios with the increase in policy reserves (other than unearned premium reserves) added to benefits rather than subtracted from premiums,
 - c. Substitution of net level policy reserves for preliminary term policy reserves,
 - d. Adjustment of premiums to an annual mode basis, or
 - e. Other adjustments or schedules suited to the form and to the records of the company.

4. The date and magnitude of each previous rate change, if any.

- E. Experience records. Insurers shall maintain records of earned premiums and incurred benefits for each calendar year for each policy form, including data for rider and endorsement forms which are used with the policy form, on the same basis, including all reserves, as required for the Accident and Health Policy Experience Exhibit to the NAIC annual statement convention blank. Separate data may be maintained for each rider or endorsement form to the extent appropriate. Experience under forms which provide substantially similar coverage may be combined. The data shall be for all years of issue combined, for each calendar year of experience since the year the form was first issued, except the data for calendar years prior to the most recent five years may be combined.
- F. Evaluation experience data. In determining the credibility and appropriateness of experience data, due consideration must be given to all relevant factors, such as:
 1. Statistical credibility of premiums and benefits, e.g., low exposure, low loss frequency.
 2. Experienced and projected trends relative to the kind of coverage, e.g., inflation in medical expenses, economic cycles affecting disability income experience.
 3. The concentration of experience at early policy durations where select morbidity and preliminary term reserves are applicable and where loss ratios are expected to be substantially lower than at later policy durations.
 4. The mix of business by risk classification.
- G. Anticipated loss ratio standard. With respect to a new form or a currently approved form, except currently approved non-cancelable policy forms, under which the average annual premium (as defined below) is expected to be at least \$700, benefits shall be deemed reasonable in relation to premiums provided the anticipated loss ratio is at least as great as shown in the following table:

| Type of Coverage | Renewal Clause | | | |
|--------------------------|----------------|-----|-----|-----|
| | OR | CR | GR | NC |
| Medical expense | 60% | 55% | 55% | 50% |
| Loss of income and other | 60% | 55% | 50% | 45% |

For a policy form including riders and endorsements, under which the expected average annual premium per policy is \$200 or more but less than \$700, subtract 5 percentage points from the numbers in the table above, or if less than \$200, subtract 10 percentage points.

The average annual premium per policy shall be computed by the insurer based on an anticipated distribution of business by all applicable criteria having a price difference, such as age, sex, amount, dependent status, rider frequency, etc., except assuming an annual mode for all policies (i.e., the fractional premium loading shall not affect the average annual premium or anticipated loss ratio calculation.)

The above anticipated loss ratio standards do not apply to a class of business which is regulated by specific statutes or regulations mandating loss ratios for such business, e.g., Medicare Supplement and Credit Life and Disability.

Definitions of Renewal Clause

OR – Optionally Renewable: renewal is at the option of the insurance company.

CR – Conditionally Renewable: renewal can be declined by the insurance company only for stated reasons other than deterioration of health.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

GR – Guaranteed Renewable: renewal cannot be declined by the insurance company for any reason, but the insurance company can revise rates on a class basis.

NC – Non-Cancelable: renewal cannot be declined nor can rates be revised by the insurance company.

- H.** Rate revisions. With respect to filings of rate revisions for a previously approved form, benefits shall be deemed reasonable in relation to premiums provided both the following loss ratios meet the standards in subsection (G) above.

1. The anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage;
2. The anticipated loss ratio derived by dividing (a) by (b) where:
 - a. Is the sum of the accumulated benefits, from the original effective date of the form or the effective date of this regulation, whichever is later, to the effective date of the revision, and the present value of future benefits; and
 - b. Is the sum of the accumulated premiums from the original effective date of the form or the effective date of the regulation, whichever is later, to the effective date of the revision, and the present value of future premiums. Such present values shall be taken over the entire period for which the revised rates are computed to provide coverage, and such accumulated benefits and premiums to include an explicit estimate of the actual benefits and premiums from the last date as of which an accounting has been made to the effective date of the revision. Interest shall be used in the calculation of these accumulated benefits and premiums and present values only if it is a significant factor in the calculation of this loss ratio.

- I.** Anticipated loss ratios lower than those indicated in subsections (H)(1) and (H)(2) will require justification based on the special circumstances that may be applicable.

1. Examples of coverages requiring special consideration are as follows:
 - a. Accident only;
 - b. Short term nonrenewable, e.g., airline trip, student accident;
 - c. Specified peril, e.g., common carrier; and
 - d. Other special risks.
2. Examples of other factors requiring special consideration are as follows:
 - a. Marketing methods, giving due consideration to acquisition and administration costs and to premium mode;
 - b. Extraordinary expenses;
 - c. High risk of claim fluctuation because of the low loss frequency of the catastrophic, or experimental nature of the coverage;
 - d. Product features such as long elimination periods, high deductibles and high maximum limits;
 - e. The industrial or debit method of distribution; and
 - f. Forms issued prior to the effective date of this rule. Companies are urged to review their experience periodically and to file rate revisions, as appropriate, in a timely manner to avoid the necessity of later filing of exceptionally large rate increases.
3. Notwithstanding the foregoing paragraphs to the contrary, hospital indemnity and cancer and other dread diseases

policies shall develop the loss ratios pursuant to subsection (G).

- J.** Severability provision. If any provision of this rule or the application thereof to any person or circumstances is held invalid, the remainder of the rule and the application of such provision to other persons or circumstances shall not be affected thereby.
- K.** Effective date. This rule shall become effective upon filing with the Secretary of State and shall apply to all individual disability policy form and rate filings submitted on and after said date.

1. No insurer shall fail to fully disclose to first party claimants all pertinent benefits, coverages or other provisions

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

of an insurance policy or insurance contract under which a claim is presented.

2. No agent shall conceal from first party claimants benefits, coverages or other provisions of any insurance policy or insurance contract when the benefits, coverages or other provisions are pertinent to a claim.
 3. No insurer shall deny a claim on the basis that the claimant has failed to exhibit the damaged property to the insurer, unless the insurer has requested the claimant to exhibit the property and the claimant has refused without a sound basis.
 4. No insurer shall, except where there is a time limit specified in the policy, make statements, written or otherwise, requiring a claimant to give written notice of loss or proof of loss within a specified time limit and which seek to relieve the company of its obligations if the time limit is not complied with unless the failure to comply with the time limit prejudices the insurer's rights.
 5. No insurer shall request a first party claimant to sign a release that extends beyond the subject matter that gave rise to the claim payment.
 6. No insurer shall issue checks or drafts in partial settlement of a loss or claim under a specific coverage which contain language that releases the insurer or its insured from its total liability.
- E. Failure to acknowledge pertinent communications**
1. Every insurer, upon receiving notification of a claim shall, within 10 working days, acknowledge the receipt of the notice unless payment is made within the 10 working days. If an acknowledgment is made by means other than writing, an appropriate notation of such acknowledgment shall be made in the claim file of the insurer and dated. Notification given to an agent of an insurer shall be notification to the insurer.
 2. Every insurer, upon receipt of any inquiry from the Department respecting a claim shall, within 15 working days of receipt of the inquiry, furnish the Department with an adequate response to the inquiry.
 3. An appropriate reply shall be made within 10 working days on all other pertinent communications from a claimant which reasonably suggest that a response is expected.
 4. Every insurer, upon receiving notification of a claim, shall promptly provide necessary claim forms, instructions, and reasonable assistance so that first party claimants can comply with the policy conditions and the insurer's reasonable requirements. Compliance with this subsection within 10 working days of notification of a claim shall constitute compliance with subsection (E)(1).
- F. Standards for prompt investigation of claims.** Every insurer shall complete investigation of a claim within 30 days after notification of a claim, unless the investigation cannot reasonably be completed within 30 days.
- G. Standards for prompt, fair and equitable settlements applicable to all insurers**
1. Notice of acceptance or denial of claim.
 - a. Within 15 working days after receipt by the insurer of properly executed proofs of loss, the first party claimant shall be advised of the acceptance or denial of the claim by the insurer. No insurer shall deny a claim on the grounds of a specific policy provision, condition, or exclusion unless reference to the provision, condition or exclusion is included in the denial. The denial must be given to the claimant in writing
- and the claim file of the insurer shall contain a copy of the denial.
- b. If the insurer needs more time to determine whether a first party claim should be accepted or denied, it shall also notify the first party claimant within 15 working days after receipt of the proofs of loss, giving the reasons more time is needed. If the investigation remains incomplete, the insurer shall, 45 days from the date of the initial notification and every 45 days thereafter, send to the claimant a letter setting forth the reasons additional time is needed for investigation.
 - c. Where there is a reasonable basis supported by specific information available for review by the Director for suspecting that the first party claimant has fraudulently caused or contributed to the loss by arson, the insurer is relieved from the requirements of subsections (G)(1)(a) and (b). Provided, however, that the claimant shall be advised of the acceptance or denial of the claim by the insurer within a reasonable time for full investigation after receipt by the insurer of a properly executed proof of loss.
2. If a claim is denied for reasons other than those described in subsection (G)(1)(a), and is made by any other means than writing, an appropriate notation shall be made in the claim file of the insurer.
 3. Insurers shall not fail to settle first party claims on the basis that responsibility for payment should be assumed by others, except as may otherwise be provided by policy provisions.
 4. Insurers shall not continue negotiations for settlement of a claim directly with a claimant who is neither an attorney nor represented by an attorney until the claimant's rights may be affected by a statute of limitations or a policy or contract time limit, without giving the claimant written notice that the time limit may be expiring and may affect the claimant's right. The notice shall be given to first party claimants 30 days, and to third party claimants 60 days, before the date on which the time limit may expire.
 5. No insurer shall make statements which indicate that the rights of a third party claimant may be impaired if a form or release is not completed within a given period of time unless the statement is given for the purpose of notifying the third party claimant of the provision of a statute of limitations.
- H. Standards for prompt, fair and equitable settlements applicable to automobile insurance**
1. When the insurance policy provides for the adjustment and settlement of first party automobile total losses on the basis of actual cash value or replacement with another of like kind and quality, one of the following methods must apply:
 - a. The insurer may elect to offer a replacement automobile which is a specific comparable automobile available to the insured, with all applicable taxes, license fees and other fees incident to transfer of evidence of ownership of the automobile paid, at no cost other than any deductible provided in the policy. The offer and any rejection of the offer must be documented in the claim file.
 - b. The insurer may elect a cash settlement based upon the actual cost, less any deductible provided in the policy, to purchase a comparable automobile including all applicable taxes, license fees and other fees

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

incident to transfer of evidence of ownership of a comparable automobile. The cost may be determined by:

- i. The cost of a comparable automobile in the local market area when a comparable automobile is available in the local market area.
 - ii. One of two or more quotations obtained by the insurer from two or more qualified dealers located within the local market area when a comparable automobile is not available in the local market area.
 - c. When a first party automobile total loss is settled on a basis which deviates from the methods described in subsections (H)(1)(a) and (b), the deviation must be supported by documentation giving particulars of the automobile condition. Any deductions from the cost, including deduction for salvage, must be measurable, discernible, itemized and specified as to dollar amount and shall be appropriate in amount. The basis for the settlement shall be fully explained to the first party claimant.
2. Where liability and damages are reasonably clear, insurers shall not recommend that third party claimants make claim under their own policies solely to avoid paying claims under the insurer's policy or insurance contract.
 3. Insurers shall not require a claimant to travel unreasonably either to inspect a replacement automobile, to obtain a repair estimate, or to have the automobile repaired at a specific repair shop.
 4. Insurers shall, upon the claimant's request, include the first party claimant's deductible, if any, in subrogation demands. Subrogation recoveries shall be shared on a proportionate basis with the first party claimant, unless the deductible amount has been otherwise recovered. No deduction for expenses can be made from the deductible recovery unless an outside attorney is retained to collect the deductible recovery. The deduction may then be for only a pro rata share of the allocated loss adjustment expense.
 5. If an insurer prepares an estimate of the cost of automobile repairs, the estimate shall be in an amount for which it may be reasonably expected the damage can be satisfactorily repaired. The insurer shall give a copy of the estimate to the claimant and may furnish to the claimant the names of one or more conveniently located repair shops.
 6. When the amount claimed is reduced because of betterment or depreciation, all information for the reduction shall be contained in the claim file. The reductions shall be itemized and specified as to dollar amount and shall be appropriate for the amount of reductions.
 7. When the insurer elects to repair and designates a specific repair shop for automobile repairs, the insurer shall cause the damaged automobile to be restored to its condition prior to the loss at no additional cost to the claimant other than as stated in the policy and within a reasonable period of time.
 8. The insurer shall not use as a basis for cash settlement with a first party claimant an amount which is less than the amount which the insurer would pay if the repairs were made, other than in total loss situations, unless the amount is agreed to by the insured.
- I. Severability.** If any provision of this Section or its application to any person or circumstances is held invalid, the remainder

of the Section and the application of the provision to other persons and circumstances shall not be affected.

R20-6-1004. Required Policy Provisions

A. Renewability

1. An individual long-term care insurance policy shall contain a renewability provision which shall be either "guaranteed renewable" or "noncancellable." The renewability provision shall be appropriately captioned, shall appear on the first page of the policy, and shall state that the coverage is guaranteed renewable or noncancellable. This requirement does not apply to a long-term care insurance policy that is part of or combined with a life insurance policy that does not contain a renewability provision and that reserves the right not to renew solely to the policyholder.
2. An insurer shall not use the terms "guaranteed renewable" and "noncancellable" in any individual long-term care insurance policy without further explanatory language according to the disclosure requirements of this Article.
3. A qualified long-term care insurance policy shall have the guaranteed renewability provisions specified in Section 7702B(b)(1)(C) of the Internal Revenue Code of 1986, as amended, in the policy.
4. A long-term care insurance policy or certificate shall include a statement that premium rates are subject to change, unless the policy does not afford the insurer the right to raise premiums.

B. Limitations and Exclusions

1. If a long-term care insurance policy or certificate contains any limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy or certificate and shall be labeled as "Preexisting Condition Limitations."
2. A long-term care insurance policy or certificate containing any limitations or conditions for eligibility not prohibited by A.R.S. §§ 20-1691.03 and 20-1691.05 shall describe the limitations or conditions, including any required number of days of confinement, in a separate paragraph of the policy or certificate and shall label the paragraph "Limitations or Conditions on Eligibility for Benefits."
3. A policy shall not be delivered or issued for delivery in this state as long-term care insurance if the policy limits or excludes coverage by type of illness, treatment, medical condition or accident, except as follows:
 - a. Preexisting conditions or disease;
 - b. Mental or nervous disorders; however, this shall not permit exclusion or limitation of the benefits on the basis of Alzheimer's Disease;
 - c. Alcoholism and drug addiction;
 - d. Illness, treatment or medical condition arising out of:
 - i. War, declared or undeclared, or act of war;
 - ii. Participation in a felony, riot or insurrection;
 - iii. Service in the armed forces or auxiliary units;
 - iv. Suicide, attempted suicide, or intentionally self-inflicted injury; or
 - v. Aviation, if non-fare-paying passenger;
 - e. Treatment provided in a government facility, unless otherwise required by law;
 - f. Services for which benefits are available under Medicare or other governmental program, except Medicaid;
 - g. Any state or federal workers' compensation, employer's liability or occupational disease law, or any motor vehicle no-fault law;

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- h. Services provided by a member of the covered person's immediate family and services for which no charge is normally made in the absence of insurance;
 - i. Expenses for services or items available or paid under another long-term care insurance or health insurance policy; or
 - j. In the case of a qualified long-term care insurance policy, expenses for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act or would be reimbursable but for the application of a deductible or coinsurance amount;
4. Subsection (B) does not prohibit exclusions and limitations by type of provider or territorial limitations. No long-term care issuer may deny a claim because services are provided in a state other than the state of policy issued under the following conditions:
- a. When the state other than the state of policy issue does not have the provider licensing, certification or registration required in the policy, but where the provider satisfies the policy requirements outlined for providers in lieu of licensure, certification or registration; or
 - b. When the state other than the state of policy issue licenses, certifies or registers the provider under another name.
5. "State of policy issue" means the state in which the insurer issued the individual policy or certificate.
- C. Extension of benefits.** A long-term care insurance policy shall provide that termination of long-term care insurance is without prejudice to any benefits payable for institutionalization if the institutionalization began while the long-term care insurance was in force and continues without interruption after termination. An insurer may limit this extension of benefits period to the duration of the benefit period, if any, or to payment of the maximum benefits and the insurer may still apply any policy waiting period and all other applicable provisions of the policy.
- D. Reinstatement.** A long-term care insurance policy shall include a provision for reinstatement of coverage if a lapse occurs if the insurer receives proof that the insured was cognitively impaired or had a loss of functional capacity before expiration of the grace period in the policy. The option to reinstate shall be available to the insured for at least five months after the date of termination and shall allow for the collection of past due premiums, as appropriate. The standard of proof of cognitive impairment or loss of functional capacity shall not be more stringent than the benefit eligibility criteria for these conditions set forth in the original long-term care policy.
- E. Continuation or conversion.**
- 1. A group long-term care insurance policy shall provide covered individuals with a basis for continuation or conversion of coverage as specified in this subsection.
 - 2. The policy shall include a provision that maintains coverage under the existing group policy when the coverage would otherwise terminate, subject only to the continued timely payment of premiums when due. A group policy that restricts provision of benefits and services to, or has incentives to use certain providers or facilities, may provide continuation benefits that are substantially equivalent to the benefits of the existing group policy. The Director shall make a determination as to the substantial equivalency of benefits and, in doing so, shall take into consideration the differences between managed care and non-managed care plans, including provider system arrangements, service availability, benefit levels and administrative complexity.
- 3. The policy shall include a provision that an individual, whose coverage under the group policy would otherwise terminate or has been terminated for any reason, including discontinuation of the group policy in its entirety or with respect to an insured class, who has been continuously insured under the group policy (and any group policy which it replaced) for at least six months immediately prior to termination, is entitled to the issuance of a converted policy by the insurer under whose group policy the individual is covered, without evidence of insurability.
 - 4. A converted policy shall be an individual policy of long-term care insurance providing benefits identical to or benefits that the Director determines to be substantially equivalent to or in excess of those provided under the group policy from which conversion is made. Where the group policy from which conversion is made restricts provision of benefits and services to, or contains incentives to use certain providers or facilities, the Director, in making a determination as to the substantial equivalency of benefits, shall take into consideration the differences between managed care and non-managed care plans, including, but not limited to, provider system arrangements, service availability, benefit levels and administrative complexity, and other plan elements.
 - 5. An insurer may require an individual seeking a conversion policy to make a written application for the converted policy and pay the first premium due, if any, as directed by the insurer not later than 31 days after termination of coverage under the group policy. The insurer shall issue the converted policy effective on the day following the termination of coverage under the group policy. The converted policy shall be renewable annually.
 - 6. Unless the group policy from which conversion is made replaced previous group coverage, the insurer shall calculate the premium for the converted policy on the basis of the insured's age at inception of coverage under the group policy from which conversion is made. If the group policy from which conversion is made replaced previous group coverage, the premium for the converted policy shall be calculated on the basis of the insured's age at inception of coverage under the group policy replaced.
 - 7. An insurer is required to provide continuation of coverage or issuance of a converted policy as provided in this subsection, unless:
 - a. Termination of group coverage resulted from an individual's failure to make any required payment of premium or contribution when due; or
 - b. The terminating coverage is replaced not later than 31 days after termination, by group coverage that:
 - i. Is effective on the day following the termination of coverage;
 - ii. Provides benefits identical to or benefits the Director determines to be substantially equivalent to or in excess of those provided by the terminating coverage; and
 - iii. Has a premium calculated in a manner consistent with the requirements of subsection (E)(6).
 - 8. Notwithstanding any other provision of this Section, a converted policy that an insurer issues to an individual who at the time of conversion is covered by another long-term care insurance policy providing benefits on the basis

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

of incurred expenses, may contain a provision that reduces benefits payable if the benefits provided under the additional coverage, together with the full benefits provided by the converted policy, would result in payment of more than 100% of incurred expenses. An insurer may include this provision in the converted policy only if the converted policy also provides for a premium decrease or refund that reflects the reduction in payable benefits.

9. The converted policy may provide that the benefits payable under the converted policy, together with the benefits payable under the group policy from which conversion is made, shall not exceed those that would have been payable had the individual's coverage under the group policy remained in force and effect.
 10. Notwithstanding any other provision of this Section, an insured individual whose eligibility for group long-term care coverage is based upon the individual's relationship to another person, is entitled to continuation of coverage under the group policy if the qualifying relationship terminates by death or dissolution of marriage.
- F. Discontinuance and replacement.** If a group long-term care policy is replaced by another group long-term care policy issued to the same policyholder, the succeeding insurer shall offer coverage to all persons covered under the previous group policy on its date of termination. Coverage provided or offered to individuals by the insurer and premiums charged to persons under the new group policy:
1. Shall not result in any exclusion for preexisting conditions that would have been covered under the group policy being replaced; and
 2. Shall not vary or otherwise depend on the individual's health or disability status, claim experience, or use of long-term care services.
- G. Premium Increases.**
1. An insurer shall not increase the premium charged to an insured because of:
 - a. The increasing age of the insured at ages beyond 65, or
 - b. The duration of coverage under the policy.
 2. Purchase of additional coverage is not considered a premium rate increase, however, for the calculation required under R20-6-1019, an insurer shall add to and consider the portion of the premium attributable to the additional coverage as part of the initial annual premium.
 3. A reduction in benefits is not considered a premium change, however, for the calculation required under R20-6-1019, an insurer shall base the initial annual premium on the reduced benefits.
- H. Electronic enrollment for group policies.**
1. For coverage offered to a group defined in A.R.S. § 20-1691(5)(a), any requirement that an insurer or insurance producer obtain an insured's signature is satisfied if:
 - a. The group policyholder or insurer obtains the insured's consent by telephonic or electronic enrollment, and provides the enrollee with verification of enrollment information within five business days of enrollment; and
 - b. The telephonic or electronic enrollment process has necessary and reasonable safeguards to assure the accuracy, retention, and prompt retrieval of records, and the confidentiality of individually identifiable and privileged information.

2. If the Director requests, the insurer shall make available records showing the insurer's ability to confirm enrollment and coverage amounts.

I. Minimum standards for home health and community care benefits.

1. If an insurer issues a long-term care insurance policy or certificate that provides benefits for home-health or community care, the policy or certificate shall not limit or exclude benefits by any of the following:
 - a. Requiring that the insured would need skilled care in a skilled nursing facility if home health services are not provided;
 - b. Requiring that the insured first or simultaneously receive nursing or therapeutic services, or both, in a home, community or institutional setting before home health services are covered;
 - c. Requiring that eligible services be provided by a registered nurse or licensed practical nurse;
 - d. Requiring that a nurse or therapist provide services covered by the policy that can be provided by a home health aide or other licensed or certified home care worker acting within the scope of licensure or certification;
 - e. Requiring that the insured or claimant have an acute condition before home health services are covered;
 - f. Limiting benefits to services provided by Medicare-certified agencies or providers;
 - g. Excluding coverage for personal care services provided by a home health aide;
 - h. Requiring that home health care services be provided at a level of certification or licensure greater than that required by the eligible service; or
 - i. Excluding coverage for adult day care services.
2. If a long-term care insurance policy provides benefits for home health or community care services, it shall provide home health or community care coverage that equals a dollar amount equivalent to at least one-half of one year's missing home benefit coverage available at the time covered home health or community care services are being received. This requirement does not apply to policies or certificates issued to residents of continuing care retirement communities.
3. An insurer may apply home health care coverage to non-home health care benefits in the policy or certificate when determining maximum coverage under the terms of the policy or certificate.

- J. Appeals.** Policy shall include a clear description of the process for appealing and resolving benefit determinations.

Historical Note

Adopted effective August 10, 1992 (Supp. 92-3). R20-6-1004 recodified from R4-14-1004 (Supp. 95-1).

R20-6-1005. Unintentional Lapse

- A.** An insured may designate in writing at least one person to receive notice of lapse or termination of a long-term care insurance policy for nonpayment of premium, in addition to the insured. Designation shall not constitute acceptance of any liability by the third-party notice recipient for services provided to the insured.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- B. An insurer shall not issue an individual long-term care insurance policy or certificate until the applicant has provided either a written designation of at least one person, in addition to the applicant, who shall receive notice of lapse or termination of the policy or certificate for nonpayment of premium, with the person's full name and home address, or the applicant's written waiver, dated and signed, indicating that the applicant chooses not to designate a notice recipient.
- C. The insurer shall use a form for written designation or waiver that provides space clearly delineated for the designation. The insurer shall include the following language on the form for waiver of the right to name a designated recipient: "Protection against unintended lapse. I understand that I have the right to designate at least one person other than myself to receive notice of lapse or termination of this long-term care insurance policy for nonpayment of premium. I understand that this notice will not be given until 30 days after a premium is due and unpaid. I elect NOT to designate a person to receive this notice."
- D. At least once every two years, an insurer shall notify the insured of the right to change the person designated to receive notice in subsection (A). An insured may add, delete, or change a designated recipient or change a designated recipient at any time by notifying the insurer in writing, and providing the name and home address for the new designated recipient or the designated recipient to be deleted.
- E. If the insured pays premiums for the long-term care insurance policy or certificate through a payroll or pension deduction plan, the insurer is not required to comply with the requirements in subsections (A) through (D) until 60 days after the insured is no longer on the payment plan.
- F. An individual long-term care insurance policy shall not lapse or be terminated for nonpayment of premium unless the insurer gives the insured and any recipient designated under subsections (A) through (D) written notice at least 30 days before the effective date of termination or lapse, by first class mail, postage prepaid, at the address provided by the insured for purposes of receiving notice of lapse or termination. An insurer shall not give notice until 30 days after the date on which a premium is due and unpaid. Notice is deemed given five days after the date of mailing.
- G. Reinstatement. In addition to the requirement in subsections (A) through (D), a long-term care insurance policy or certificate shall include a provision that provides for reinstatement of coverage in the event of a lapse if the insurer is provided proof that the policyholder or certificateholder was cognitively impaired or had a loss of functional capacity before the grace period contained in the policy expired. This option shall be available to the insured if requested within five months after termination and shall allow for the collection of past due premium, where appropriate. The standard of proof of cognitive impairment or loss of functional capacity shall not be more stringent than the benefit eligibility criteria on cognitive impairment or the loss of functional capacity contained in the policy or certificate. Reinstatement after termination for other than unintentional lapse shall be governed by A.R.S. § 20-1348.

R20-6-1006. Inflation Protection

- A. An insurer shall not offer a long-term care insurance policy unless the insurer offers to the policyholder, at the time of purchase, in addition to any other inflation protection, the option to purchase a policy with an inflation protection provision that provides for benefit levels to increase with benefit maximums or reasonable durations which are meaningful to account for reasonably anticipated increases in the costs of long-term care services covered by the policy. The terms of the required provision shall be no less favorable than one of the following:
 1. A provision that provides for annual increases in benefit levels compounding annually at a rate of not less than 5%;
 2. A provision that guarantees an insured the right to periodically increase benefit levels without providing evidence of insurability or health status, if the insured did not decline the option for the previous period. The increased benefit shall be no less than the difference between the existing policy benefit and that benefit compounded annually at a rate of at least 5% for the period beginning from the purchase of the existing benefit and extending until the year in which the offer is made; or
 3. A provision for coverage of a specified percentage of actual or reasonable charges that is not subject to a maximum specified indemnity amount or limit.
- B. If the policy is issued to a group, the insurer shall extend the offer required by subsection (A) to the group policyholder; except, if the policy is issued under A.R.S. § 20-1691.04(C) to a group, other than to a continuing care retirement community, the insurer shall make the offer to each proposed certificateholder.
- C. An insurer is not required to make the offer in subsection (A) for life insurance policies or riders with accelerated long-term care benefits.
- D. An insurer shall include the information listed in this subsection in or with the outline of coverage.
 1. A graphic comparison of the benefit levels of a policy that increases benefits over the policy period with a policy that does not increase benefits. The graphic comparison shall show benefit levels over at least a 20-year period.
 2. Any expected premium increases or additional premiums to pay for automatic or optional benefit increases. If premium increases or additional premiums will be based on the attained age of the applicant at the time of the increase, the insurer shall provide a revised schedule of attained-age premiums. An insurer may use a reasonable hypothetical or a graphic demonstration for this disclosure.
- E. Inflation-protection benefit increases shall continue without regard to an insured's age, claim status, claim history, or length of time the person has been insured under the policy.
- F. An insurer's offer of inflation protection that provides for automatic benefit increases shall include an offer of a premium that the insurer expects to remain constant. The insurer shall disclose in the offer in a conspicuous manner that the premium may change in the future unless the premium is guaranteed to remain constant.
- G. An insurer shall include in a long-term care insurance policy inflation protection as provided in subsection (A)(1) unless the insurer obtains a rejection of inflation protection signed by the

insured as required in subsection (H). The rejection may be either on the application form or on a separate form.

- H.** A rejection of inflation protection is deemed part of an application and shall state: "I have reviewed the outline of coverage and the graphs that compare the benefits and premiums of this policy with and without inflation protection. Specifically, I reviewed Plans [insert description of plans], and I reject inflation protection."

R20-6-1007. Required Disclosure Provisions

- A.** Riders and endorsements. Except for riders or endorsements by which an insurer effectuates a request made in writing by the insured under an individual long-term care insurance policy, if an insurer adds a rider or endorsement to an individual long-term care insurance policy after date of issue or at reinstatement or renewal that reduces or eliminates benefits or coverage in the policy, the insurer shall require signed acceptance by the individual insured. After the date of policy issue, any rider or endorsement that increases benefits or coverage with a concomitant increase in premium during the policy term shall require the signed written agreement of the insured unless the increased benefits or coverage are required by law. If the insurer charges a separate additional premium for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy, rider, or endorsement.
- B.** Payment of Benefits. A long-term care insurance policy that provides for the payment of benefits based on standards described as "usual and customary," "reasonable and customary" or words of similar import shall define the terms and explain them in its accompanying outline of coverage.
- C.** Disclosure of tax consequences. For life insurance policies that provide an accelerated benefit for long-term care, an insurer shall provide a disclosure statement at the time of application for the policy or rider and at the time the accelerated benefit payment request is submitted, that receipt of these accelerated benefits may be taxable, and that assistance should be sought from a personal tax adviser. The disclosure statement shall be prominently displayed on the first page of the policy or rider and any other related documents. This subsection shall not apply to qualified long-term care insurance contracts.
- D.** Benefit triggers. A long-term care insurance policy shall use activities of daily living and cognitive impairment to measure an insured's need for long-term care. The long-term care insurance policy shall describe these terms and provisions in a separate paragraph in the policy labeled "Eligibility for the Payment of Benefits" that includes and explains:
1. Any additional benefit triggers,
 2. Benefit triggers that result in payment of different benefit levels, and
 3. Any requirement that an attending physician or other specified person certify a certain level of functional dependency for the insured to be eligible for benefits.
- E.** A long-term care insurance contract shall contain a disclosure statement in the policy and in the outline of coverage indicat-

ing whether it is intended to be a qualified long-term care insurance contract as specified in the outline of coverage in Appendix J, paragraph 3. The contract shall also include a Specification Page which shall include the benefits, amounts, durations, the premium rate including all optional benefits selected by the insured, and any other benefit data applicable to the insured.

R20-6-1008. Required Disclosure of Rating Practices to Consumers

- A.** This Section applies as follows:
1. Except as provided in subsection (A)(2), this Section applies to any long-term care policy or certificate issued in this state on or after May 10, 2005.
 2. For certificates issued under an in-force, long-term care insurance policy issued to a group as defined in A.R.S. § 20-1691(5)(a), the provisions of this Section apply on the first policy anniversary that occurs on or after November 10, 2005.
- B.** Unless a policy is one for which an insurer cannot increase the applicable premium rate or rate schedule, the insurer shall provide the information listed in this subsection to the applicant at the time of application or enrollment. If the method of application does not allow for delivery at that time, the insurer shall provide the information to the applicant no later than at the time of delivery of the policy or certificate.
1. A statement that the policy may be subject to rate increases in the future.
 2. An explanation of potential future premium rate revisions, and the policyholder's or certificateholder's option if a premium rate revision occurs.
 3. The premium rate or rate schedules applicable to the applicant that will be in effect until the insurer makes a request for an increase.
 4. A general explanation for applying premium rate or rate schedule adjustments that includes:
 - a. A description of when premium rate or rate-schedule adjustments will be effective (e.g., next anniversary date, next billing date); and
 - b. The insurer's right to a revised premium rate or rate schedule as provided in subsection (B)(3) if the premium rate or rate schedule is changed.
 5. Information regarding each premium rate increase on this policy form or similar policy form over the past 10 years for this state or any other state that, at a minimum, identifies:
 - a. The policy forms for which premium rates have been increased;
 - b. The calendar years when the form was available for purchase; and
 - c. The amount or percent of each increase, which may be expressed as a percentage of the premium rate before the increase, or as minimum and maximum percentages if the rate increase is variable by rating characteristics.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

6. The insurer may, in a fair manner, provide explanatory information related to the rate increases in addition to the information required under subsection (B)(5).
- C. An insurer may exclude from the disclosure required under subsection (B)(5), premium rate increases applicable to:
 1. Blocks of business acquired from other nonaffiliated insurers, and
 2. Policies acquired from other nonaffiliated insurers if the increases occurred before the acquisition.
- D. If an acquiring insurer files for a rate increase on a long-term care insurance policy form or a block of policy forms acquired from a nonaffiliated insurer on or before the later of the January 10, 2005, or the end of a 24-month period following the acquisition of the policies or block of policies, the acquiring insurer may exclude that rate increase from the disclosure required under subsection (B)(5). However, the nonaffiliated insurer that sells the policy form or a block of policy forms shall include that rate increase in the disclosure required under subsection (B)(5). If the acquiring insurer files for a subsequent rate increase, even within the 24-month period, on the same policy form acquired from a nonaffiliated insurer or block of policy forms acquired from nonaffiliated insurers, the acquiring insurer shall make all disclosures required by subsection (B)(5), including disclosure of the earlier rate increase.
- E. Unless the method of application does not allow an insured to sign an acknowledgement that the insurer made the disclosures required under subsection (B) at the time of application, the applicant shall sign an acknowledgement of disclosure at that time. Otherwise, the applicant shall sign a disclosure acknowledgement no later than at the time of delivery of the policy or certificate.
- F. An insurer shall use the forms in Appendix A and Appendix B to comply with the requirements of subsections (B) through (E). The text and format of an insurer's forms shall be substantially similar to the text and format of Appendices A and B.
- G. An insurer shall provide notice of an upcoming premium rate schedule increase to all policyholders or certificateholders, if applicable, at least 45 days before the effective date of the increase. The notice shall include the information required by subsection (B).
3. The underwriting and claims adjudication processes have been reviewed and taken into consideration;
4. The premiums contain at least the minimum margin for moderately adverse experience as defined in subsection (4)(a) or the specification of and justification for a lower margin as required by subsection (4)(b).
 - a. A composite margin shall not be less than 10% of lifetime claims.
 - b. A composite margin that is less than 10% may be justified in uncommon circumstances. The proposed amount, full justification of the proposed amount and methods to monitor developing experience that would be the basis for withdrawal of approval for such lower margins must be submitted.
 - c. A composite margin lower than otherwise considered appropriate for the stand-alone long-term care policy may be justified for long-term care benefits provided through a life policy or an annuity contract. Such lower composite margin, if utilized, shall be justified by appropriate actuarial demonstration addressing margins and volatility when considering the entirety of the product.
 - d. A greater margin may be appropriate in circumstances where the company has less credible experience to support its assumptions used to determine the premium rates.
5. A statement that the premium rate schedule:
 - a. Is not less than the premium rate schedule for existing similar policy forms also available from the insurer except for reasonable differences attributable to benefits, or
 - b. A comparison of the premium schedules for similar policy forms that are currently available from the insurer with an explanation of the differences; and
6. A statement that reserve requirements have been reviewed and considered. Support for this statement shall include:
 - a. Sufficient detail or sample calculations provided so as to have a complete depiction of the reserve amounts to be held; and
 - b. A statement that the difference between the gross premium and the net valuation premium for renewal years is sufficient to cover expected renewal expenses; or if such a statement cannot be made, a complete description of the situations where this does not occur. An aggregate distribution of anticipated issues may be used as long as the underlying gross premiums maintain a reasonably consistent relationship.

- B. At the time of making a filing under A.R.S. § 20-1691.08, an insurer shall provide to the Director a copy of the disclosure documents required under R20-6-1008 and an actuarial certification that includes the following:
 1. The initial premium rate schedule is sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated;
 2. The policy design and coverage provided have been reviewed and taken into consideration;
- C. An actuarial memorandum shall be included that is signed by a member of the Academy of Actuaries and that addresses and supports each specific item required as part of the actuarial certification and provides at least the following:
 1. An explanation of the review performed by the actuary prior to making the statements in subsections (B)(2) and (B)(3);
 2. A complete description of pricing assumptions;
 3. Sources and levels of margins incorporated into the gross premiums that are the basis for the statement in subsection (B)(1) of the actuarial certification and an explanation of the analysis and testing performed in determining the sufficiency of the margins. The actuary shall clearly describe deviations in margins between ages, sexes, plans or states. Deviations in margins required to be described

are other than those produced utilizing generally accepted actuarial methods for smoothing and interpolating gross premium scales; and

4. A demonstration that the gross premiums include the minimum composite margin specified in subsection (B)(4).

- D. In any review of the actuarial certification and actuarial memorandum, the Director may request review by an actuary with experience in long-term care pricing who is independent of the insurer. In the event the Director asks for additional information as a result of any review, the period in A.R.S. § 20-1691.08 does not include the period during which the insurer is preparing the requested information.

R20-6-1010. Requirements for Application Forms and Replacement Coverage; Prohibition Against Preexisting Conditions and Probationary Periods in Replacement Policies or Certificates; Reporting Requirements

- A. An insurer's application form for a long-term care insurance policy shall include the questions listed in this Section to elicit information as to whether, as of the date of the application, the applicant has another long-term care insurance policy or certificate in force or whether a long-term care policy or certificate is intended to replace any other health or long-term care policy or certificate presently in force. An insurer may include the questions in a supplementary application or other form to be signed by the applicant and insurance producer, except where the coverage is sold without an insurance producer. For a replacement policy issued to a group as defined in A.R.S. § 20-1691(5)(a), the insurer may modify the questions only to the extent necessary to elicit information about health or long-term care insurance policies other than the group policy being replaced if the certificateholder has been notified of the replacement.
 1. Do you have another long-term care insurance policy or certificate in force (including health care service contract, health maintenance organization contract)?
 2. Did you have another long-term care insurance policy or certificate in force during the last 12 months?
 - a. If so, with which company?
 - b. If that policy lapsed, when did it lapse?
 3. Are you covered by Medicaid?
 4. Do you intend to replace any of your medical or health insurance coverage with this policy or certificate?
- B. The application or enrollment form for such policies or certificates shall clearly indicate the payment plan the applicant selects.
- C. An insurance producer shall list any other health insurance policies the insurance producer has sold to the applicant, including:
 1. Policies that are still in force, and
 2. Policies sold in the past five years that are no longer in force.
- D. Solicitations Other than Direct Response. On determining that a sale will involve replacement, an insurer, other than an insurer using direct response solicitation methods, or its insur-

ance producer; shall furnish the applicant, before issuing or delivering the individual long-term care insurance policy, a notice that substantially conforms to the form prescribed in Appendix C or D regarding replacement of health or long-term care coverage. The insurer shall:

1. Give one copy of the notice to the applicant, and
 2. Keep an additional copy signed by the applicant.
- E. Direct Response Solicitations. Insurers using direct response solicitation methods as defined in A.R.S. § 20-1661 shall deliver a notice that substantially conforms to the form prescribed in Appendix C or D regarding replacement of health or long-term care coverage to the applicant upon issuance of the policy.
 - F. If replacement is intended, the replacing insurer shall send the existing insurer written notice of the proposed replacement within five working days from the date the replacing insurer receives the application or issues the policy, whichever is sooner. The notice shall identify the existing policy by name of the insurer and the insured, and policy number or insured's address including zip code.
 - G. A life insurance policy that accelerate benefits for long-term care shall comply with this Section if the policy being replaced is a long-term care insurance policy. If the policy being replaced is a life insurance policy, the insurer shall comply with the replacement requirements of Title 20, Chapter 6, Article 1.1. If a life insurance policy that accelerates benefits for long-term care is replaced by another such policy, the replacing insurer shall comply with the requirements of this Section and with A.R.S. Title 20, Chapter 6, Article 1.1.
 - H. Prohibition against preexisting conditions and probationary periods in replacement policies or certificates. If a long-term care insurance policy or certificate replaces another long-term care policy or certificate, the replacing insurer shall waive any time periods applicable to preexisting conditions and probationary periods in the new long-term care policy for similar benefits if similar exclusions are satisfied under the original policy.
 - I. Reporting requirements.
 1. An insurer shall maintain the following records for each insurance producer:
 - a. The amount of the insurance producer's replacement sales as a percent of the insurance producer's total annual sales, and
 - b. The amount of lapses of long-term care insurance policies sold by the insurance producer as a percent of the insurance producer's total annual sales.
 2. No later than June 30 of each year, on the forms specified in Appendix E and Appendix F, an insurer shall report the following information for the preceding calendar year to the Department:
 - a. The 10% of its insurance producers licensed in Arizona with the greatest percentages of lapses and replacements as measured by subsection (I)(1);
 - b. The number of lapsed policies as a percent of the total annual sales and as a percent of the insurer's total number of policies in force as of the end of the preceding calendar year;
 - c. The number of replacement policies sold as a percent of the insurer's total annual sales and as a percent of its total number of policies in force as of the end of the preceding calendar year; and
 - d. For qualified long-term care insurance contracts, the number of claims denied for each class of business, expressed as a percentage of claims denied.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- J.** In subsection (I):
1. “Claim” means a request for payment of benefits under an in-force policy, regardless of whether the benefit claimed is covered under the policy or any terms or conditions of the policy have been met.
 2. “Denied” means the insurer refuses to pay a claim for any reason other than for claims not paid for failure to meet the waiting period or because of an applicable preexisting condition.
 3. “Policy” means only long-term care insurance.
 4. “Report” means on a statewide basis.
- K.** Reported replacement and lapse rates do not alone constitute a violation of insurance laws or necessarily imply wrongdoing. The reports are for the purpose of reviewing more closely agent activities regarding the sale of long-term care insurance. Reports required under this Section shall be filed with the Director.
- L.** Annual rate certification requirements. This subsection applies to any long-term care policy issued in Arizona on or after November 10, 2017. The following annual submission requirements apply subsequent to initial rate filings for individual long-term care insurance policies made under this Section:
1. An actuarial certification prepared, dated and signed by a member of the American Academy of Actuaries which contains a statement of the sufficiency of the current premium rate schedule, including:
 - a. For the rate schedules currently marketed, that the premium rate schedule continues to be sufficient to cover anticipated costs under moderately adverse experience and that the premium rate schedule is reasonably expected to be sustainable over the life of the form with no future premium increases anticipated or a statement that margins for moderately adverse experience may no longer be sufficient. For a statement that margins for moderately adverse experience may no longer be sufficient, the insurer shall provide to the Director, within 60 days of the date the actuarial certification is submitted to the Director, a plan of action, including a time frame, for the re-establishment of adequate margins for moderately adverse experience so that the ultimate premium rate schedule would be reasonably expected to be sustainable over the future life of the form with no future premium increases anticipated. Failure to submit a plan of action to the Director within 60 days or to comply with the time frame stated in the plan of action constitutes grounds for the Director to withdraw or modify approval of the form for future sales pursuant to A.R.S. § 20-1691.08.
 - b. For the rate schedules that are no longer marketed, that the premium rate schedule continues to be sufficient to cover anticipated costs under best estimate assumptions or that the premium rate schedule may no longer be sufficient. If the premium rate schedule is no longer sufficient, the insurer shall provide to the Director, within 60 days of the date the actuarial certification is submitted to the Director, a plan of action, including time frame, for the re-establishment of adequate margins for moderately adverse experience;
 2. A description of the review performed that led to the statement; and
 3. An actuarial memorandum dated and signed by a member of the American Academy of Actuaries who prepares the information shall be prepared to support the actuarial certification and provide at least the following information:
 - a. A detailed explanation of the data sources and review performed by the actuary prior to making the statement in subsection (L)(1),
 - b. A complete description of experience assumptions and their relationship to the initial pricing assumptions,
 - c. A description of the credibility of the experience data, and
 - d. An explanation of the analysis and testing performed in determining the current presence of margins.
 4. The actuarial certification required pursuant to subsection (L)(1) must be based on calendar year data and submitted annually starting in the second year following the year in which the initial rate schedules are first used. The actuarial memorandum required pursuant to subsection (L)(3) must be submitted at least once every three years with the certification.

- A.** An application for a long-term care insurance policy or certificate that is not guaranteed issue shall meet the requirements of this Section.
1. The application shall contain clear and unambiguous questions designed to ascertain the applicant’s health condition.
 - a. If the application has a question asking whether the applicant has had medication prescribed by a physician, the application shall also ask the applicant to list the prescribed medication.
 - b. If the insurer knew or reasonably should have known that the medications listed in the application are related to a medical condition for which coverage would otherwise be denied, the insurer shall not rescind the policy or certificate for that condition.
 2. The application shall include the following language which shall be set out conspicuously and in close conjunction with the applicant’s signature block: **“Caution: If your answers on this application are incorrect or untrue, [company] has the right to deny benefits or rescind your policy.”**
 3. The policy or certificate shall contain, at the time of delivery, the following language, or language substantially similar to the following, set out conspicuously: **“Caution: The issuance of this long-term care insurance [policy] [certificate] is based on your responses to the questions on your application. R20-6-1012. Reserve Standards

- A.** If long-term care benefits are provided through the acceleration of benefits under group or individual life policies or riders, an insurer shall determine policy reserves for long-term care benefits under A.R.S. § 20-510. An insurer shall also establish claim reserves for a policy or rider in claim status.
- B.** An insurer shall base reserves for policies and riders under subsection (A) on the multiple decrement model using all relevant decrements except for voluntary termination rates. An insurer may use single decrement approximations if the calculation produces essentially similar reserves, if the reserve is clearly more conservative, or if the reserve is immaterial. The insurer, when calculating reserves, may take into account the reduction in life insurance benefits due to the payment of long-term care benefits. The insurer shall not set the reserves for the long-term care benefit and the life insurance benefit to be less than the reserves for the life insurance benefit assuming no long-term care benefit.
- C.** In the development and calculation of reserves for policies and riders subject to this Section, an insurer shall give due regard to the applicable policy provisions, marketing methods,

administrative procedures and all other considerations which impact projected claim costs including the following:

- 1. Definition of insured events,
 - 2. Covered long-term care facilities,
 - 3. Existence of home convalescence care coverage,
 - 4. Definition of facilities,
 - 5. Existence or absence of barriers to eligibility,
 - 6. Premium waiver provision,

 - 17. Delay in eligibility for benefit,
 - 18. Inflation protection provisions,
 - 19. Guaranteed insurability option, and
 - 20. Other similar or comparable factors affecting risk.
- D.** A member of the American Academy of Actuaries shall certify an insurer's use of any applicable valuation morbidity table as appropriate as a statutory valuation table.
 - E.** When long-term care benefits are provided other than as described in subsection (A), an insurer shall determine reserves under A.R.S. § 20-508.

R20-6-1013. Loss Ratio

- A.** This Section applies to policies and certificates issued any time prior to May 10, 2005.
- B.** Benefits under an individual long-term care insurance policy are deemed reasonable in relation to premiums if the expected loss ratio is at least 60% calculated in a manner that provides for adequate reserving of the long-term care insurance risk. In evaluating the expected loss ratio, the director shall consider all relevant factors, including:
 - 1. Statistical credibility of incurred claims experience and earned premiums;
 - 2. The period for which rates are computed to provide coverage;
 - 3. Experienced and projected trends;
 - 4. Concentration of experience within early policy duration;
 - 5. Expected claim fluctuation;
 - 6. Experience refunds, adjustments, or dividends;
 - 7. Renewability features;
 - 8. All appropriate expense factors;
 - 9. Interest;
 - 10. Experimental nature of the coverage;
 - 11. Policy reserves;
 - 12. Mix of business by risk classification; and
 - 13. Product features such as long elimination periods, high deductibles, and high maximum limits.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- C. A premium rate schedule or proposed revision to a premium rate schedule that is expected to produce, over the lifetime of the long-term care insurance policy, benefits that are less than 60% of the proposed premium rate schedule is deemed to be unreasonable.
- D. Subsections (B) and (C) do not apply to life insurance policies that accelerate benefits for long-term care. A life insurance policy that funds long-term care benefits entirely by accelerating the death benefit is deemed to provide reasonable benefits in relation to premiums paid if the policy complies with all of the following:
 1. The interest credited internally to determine cash value accumulations, including long-term care, if any, is guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
 2. The portion of the policy that provides life insurance benefits complies with the nonforfeiture requirements of A.R.S. § 20-1231;
 3. The policy complies with the disclosure requirements of A.R.S. § 20-1691.06(A) through (E);
 4. At the time of making a filing under A.R.S. § 20-1691.08, the insurer files an actuarial memorandum that includes the following information:
 - a. A description of the basis on which the long-term care rates were determined;
 - b. A description of the basis for the reserves;
 - c. A summary of the type of policy, benefits, renewability, general marketing method, and limits on ages of issuance;
 - d. A description and a table of each actuarial assumption used; for expenses, an insurer shall include percent of premium dollars per policy and dollars per unit of benefits, if any;
 - e. A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
 - f. The estimated average annual premium per policy and the average issue age;
 - g. A statement as to whether underwriting is performed, including:
 - i. Time of underwriting;
 - ii. A description of the type of underwriting used, such as medical underwriting or functional assessment underwriting; and
 - iii. For a group policy, whether an enrollee's dependents are subject to underwriting; and
 - h. A description of the effect of the long-term care policy provisions on the required premiums, nonforfeiture values, and reserves on the underlying life insurance policy, both for active lives and those in long-term care claim status.

R20-6-1014. Premium Rate Schedule Increase

- A. This Section applies to any long-term care policy or certificate issued in this state on or after May 10, 2005 and prior to November 10, 2017.
- B. An insurer shall notify the Director of a proposed premium rate schedule increase, including an exceptional increase, at least 60 days before issuing notice to its policyholders. The notice to the Director shall include:
 1. Information required by R20-6-1008;
 2. Certification by a qualified actuary that:
 - a. If the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated;
 - b. The premium rate filing complies with the provisions of this Section; and
 - c. The insurer may request a premium rate schedule increase less than what is required under this Section and the Director may approve the premium rate schedule increase, without submission of the certification required by subsection (B)(2)(a), if the actuarial memorandum discloses the premium rate schedule increase necessary to make the certification required by subsection (B)(2)(a), the premium rate schedule increase filing satisfies all other requirements of this Section, and is, in the opinion of the Director, in the best interest of the policyholders.
 3. An actuarial memorandum justifying the rate schedule change request that includes:
 - a. Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase; and the method and assumptions used in determining the projected values, including the following:
 - i. Any assumptions that deviate from those used for pricing other forms currently available for sale;
 - ii. Annual values for the five years preceding and the three years following the valuation date, provided separately;
 - iii. Development of the lifetime loss ratio, unless the rate increase is an exceptional increase; and
 - iv. A demonstration of compliance with subsection (C).
 - b. For exceptional increases, the actuarial memorandum shall also include:
 - i. The projected experience that is limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase; and
 - ii. If the Director determines under Section R20-6-1002(B)(3) that offsets may exist, the insurer shall use appropriate net projected experience;
 - c. Disclosure of how reserves have been incorporated in this rate increase when the rate increase will trigger contingent benefit upon lapse;
 - d. Disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and any other actions of the insurer on which the actuary has relied;

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- e. A statement that the actuary has considered policy design, underwriting, and claims adjudication practices;
- f. Composite rates reflecting projections of new certificates in the event it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase; and
- g. A demonstration that actual and projected costs exceed costs anticipated at the time of the initial pricing under moderately adverse experience and that the composite margin specified in R20-6-1009(B)(4) is projected to be exhausted;
- 4. A statement that renewal premium rate schedules are not greater than new business premium rate schedules except for differences attributable to benefits, unless the insurer provides the Director with documentation justifying the greater rate; and
- 5. Upon the Director's request, other similar and related information the Director may require to evaluate the premium rate schedule increase.
- C. All premium rate schedule increases shall be determined in accordance with the following requirements:
 - 1. The insurer shall return 70% of the present value of projected additional premiums from an exceptional increase to policyholders in benefits;
 - 2. The sum of the accumulated value of incurred claims, without the inclusion of active life reserves, and the present value of future projected incurred claims, without the inclusion of active life reserves, shall not be less than the sum of the following:
 - a. The accumulated value of the initial earned premium times 58%;
 - b. 85% of the accumulated value of prior premium rate schedule increases on an earned basis;
 - c. The present value of future projected initial earned premiums times 58%; and
 - d. 85% of the present value of future projected premiums not in subsection (C)(2)(c) on an earned basis;
 - 3. If a policy form has both exceptional and other increases, the values in subsections (C)(2)(b) and (C)(2)(d) shall also include 70% for exceptional rate increase amounts; and
 - 4. All present and accumulated values used to determine rate increases shall use the maximum valuation interest rate for contract reserves as specified in the NAIC Accounting Practices and Procedures Manual to which insurers are subject under A.R.S. § 20-223. The actuary shall disclose the use of any appropriate averages in the actuarial memorandum required under subsection (B)(3).
- D. For each rate increase that is implemented, the insurer shall file for approval by the Director updated projections, as defined in subsection (B)(3)(a), annually for the next three years and shall include a comparison of actual results to projected values. The Director may extend the period to greater than three years if actual results are not consistent with projected values from prior projections. For group insurance policies that meet the conditions in subsection (M), the insurer shall provide the projections required by this subsection to the policyholder in lieu of filing with the Director.
- E. If any premium rate in the revised premium rate schedule is greater than 200% of the comparable rate in the initial premium schedule, the insurer shall file lifetime projections, as defined in subsection (B)(3)(a), for the Director's approval every five years following the end of the required period in subsection (D). For group insurance policies that meet the conditions in subsection (M), the insurer shall provide the projections required by this subsection to the policyholder instead of filing with the Director.
- F. If the Director finds that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed proportions of premiums specified in subsection (C), the Director may require the insurer to implement premium rate schedule adjustments or other measures to reduce the difference between the projected and actual experience. In determining whether the actual experience matches the projected experience, the Director shall consider subsection (B)(3)(f), if applicable.
- G. If the majority of the policies or certificates to which the increase applies are eligible for the contingent benefit upon lapse, the insurer shall file:
 - 1. A plan, subject to Director approval, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form experience requiring further premium rate schedule increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in effect; otherwise the Director may impose the conditions in subsections (H) through (J); and
 - 2. The original anticipated lifetime loss ratio, and the premium rate schedule increase that would have been calculated according to subsection (C) had the greater of the original anticipated lifetime loss ratio or 58% been used in the calculations described in subsections (C)(2)(a) and (C)(2)(c).
- H. For a rate increase filing that meets the criteria listed in this subsection, the Director shall review, for all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase to determine if lapsation in excess of projected lapsation has occurred or is anticipated:
 - 1. The rate increase is not the first rate increase requested for the specific policy form or forms,
 - 2. The rate increase is not an exceptional increase, and
 - 3. The majority of the policies or certificates to which the increase applies are eligible for the contingent benefit upon lapse.
- I. If the Director finds excess lapsation under subsection (H) has occurred, is anticipated in the filing or is evidenced in the actual results as presenting in the updated projections provided by the insurer following the requested rate increase, the Director may find that a rate spiral exists and may require the insurer to offer, without underwriting, to all in-force insureds subject to the rate increase, the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates. The information communicating the offer is subject to the Director's approval. The offer shall:
 - 1. Be based on actuarially sound principles, but not on attained age;
 - 2. Provide that maximum benefits under any new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy; and
 - 3. Allow the insured the option of retaining the existing coverage.
- J. The insurer shall maintain the experience of the insureds whose coverage was replaced under subsection (I) separate

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

from the experience of insureds originally issued the policy forms. If the insurer requests a rate increase on the policy form, the rate increase shall be limited to the lesser of:

1. The maximum rate increase determined based on the combined experience; and
 2. The maximum rate increase determined based only on the experience of the insureds originally issued the form, plus 10%.
- K.** If the Director finds that an insurer has exhibited a history or pattern of filing inadequate initial premium rates for long-term care insurance, after considering the total number of policies filed over a period of time and the percentage of policies with inadequate rates, the Director may, in addition to remedies available under subsections (H) through (J), prohibit the insurer from the following:
1. Filing and marketing comparable coverage for a period of up to five years, and
 2. Offering all other similar coverages and limiting marketing of new applications to the products subject to recent premium rate schedule increases.
- L.** Subsections (A) through (K) shall not apply to a policy for which long-term care benefits provided by the policy are incidental, as defined under R20-6-1002(C), if the policy complies with all of the following provisions:
1. The interest credited internally to determine cash value accumulations, including long-term care, if any, are guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
 2. The portion of the policy that provides insurance benefits other than long-term care coverage meets the applicable nonforfeiture requirements under state law, including A.R.S. §§ 20-1231, 20-1232 and 20-2636;
 3. The policy meets the disclosure requirements of A.R.S. § 20-1691.06;
 4. The portion of the policy that provides insurance benefits other than long-term care coverage meets the disclosure requirements as applicable in the following:
 - a. A.R.S. Title 20, Chapter 6, Article 1.2; and
 - b. A.R.S. Title 20, Chapter 16, Article 2;
 5. At the time of making a filing under A.R.S. § 20-1691.08, the insurer files an actuarial memorandum that includes:
 - a. Description of the bases on which the actuary determined the long-term care rates and the reserves;
 - b. A summary of the type of policy, benefits, renewability provisions, general marketing method, and limits on ages of issuance;
 - c. A description and a table of each actuarial assumption used, with the percent of premium dollars per policy and dollars per unit of benefits, if any, for expenses;
 - d. A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
 - e. The estimated average annual premium per policy and the average issue age;
 - f. A statement as to whether the insurer performs underwriting at the time of application with an explanation of the following:
 - i. Whether underwriting is used, and if used, a description of the type of underwriting, such as medical underwriting or functional assessment underwriting; and
 - ii. For a group policy, whether the enrollee or any dependent will be underwritten and when underwriting occurs; and
 - g. A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values, and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.
- M.** Subsections (F) and (H) through (J) shall not apply to group insurance as defined in A.R.S. § 20-1691(6) where:
1. The policies insure 250 or more persons and the policyholder has 5,000 or more eligible employees of a single employer; or
 2. The policyholder, and not the certificateholder, pays a material portion of the premium, which shall not be less than 20% of the total premium for the group in the calendar year prior to the year a rate increase is filed.

R20-6-1015. Premium Rate Schedule Increases for Policies Subject to Loss Ratio Limits Related to Original Filings

- A.** This Section applies to any long-term care policy or certificate issued in this state on or after November 10, 2017.
- B.** An insurer shall notify the Director of a proposed premium rate schedule increase, including an exceptional increase, at least 60 days before issuing notice to its policyholders. The notice to the Director shall include:
1. Information required by R20-6-1008;
 2. Certification by a qualified actuary that:
 - a. If the requested premium rate schedule increase is implemented and the underlying assumptions, which reflect moderately adverse conditions, are realized, no further premium rate schedule increases are anticipated;
 - b. The premium rate filing complies with the provisions of this Section; and
 - c. The insurer may request a premium rate schedule increase less than what is required under this Section and the Director may approve the premium rate schedule increase, without submission of the certification required by subsection (B)(2)(a), if the actuarial memorandum discloses the premium rate schedule increase necessary to make the certification required by subsection (B)(2)(a), the premium rate schedule increase filing satisfies all other requirements of this Section, and is, in the opinion of the Director, in the best interest of the policyholders.
 3. An actuarial memorandum justifying the rate schedule change request that includes:
 - a. Lifetime projections of earned premiums and incurred claims based on the filed premium rate schedule increase; and the method and assumptions used in determining the projected values, including the following:

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- i. Any assumptions that deviate from those used for pricing other forms currently available for sale;
 - ii. Annual values for the five years preceding and the three years following the valuation date, provided separately;
 - iii. Development of the lifetime loss ratio, unless the rate increase is an exceptional increase; and
 - iv. A demonstration of compliance with subsection (C).
 - b. For exceptional increases, the actuarial memorandum shall also include:
 - i. The projected experience that is limited to the increases in claims expenses attributable to the approved reasons for the exceptional increase; and
 - ii. If the Director determines under Section R20-6-1002(B)(3) that offsets may exist, the insurer shall use appropriate net projected experience;
 - c. Disclosure of how reserves have been incorporated in this rate increase when the rate increase will trigger contingent benefit upon lapse;
 - d. Disclosure of the analysis performed to determine why a rate adjustment is necessary, which pricing assumptions were not realized and why, and any other actions of the insurer on which the actuary has relied;
 - e. A statement that the actuary has considered policy design, underwriting, and claims adjudication practices;
 - f. Composite rates reflecting projections of new certificates in the event it is necessary to maintain consistent premium rates for new certificates and certificates receiving a rate increase; and
 - g. A demonstration that actual and projected costs exceed costs anticipated at the time of the initial pricing under moderately adverse experience and that the composite margin specified in R20-6-1009(B)(4) is projected to be exhausted.
 - 4. A statement that renewal premium rate schedules are not greater than new business premium rate schedules except for differences attributable to benefits, unless the insurer provides the Director with documentation justifying the greater rate; and
 - 5. Upon the Director's request, other similar and related information the Director may require to evaluate the premium rate schedule increase.
- C. All premium rate schedule increases shall be determined in accordance with the following requirements:
- 1. Exceptional increases shall provide that 70% of the present value of projected additional premiums from the exceptional increase will be returned to policyholders in benefits;
 - 2. The insurer shall calculate premium rate increases such that the sum of the lesser of either the accumulated value of the actual incurred claims (without the inclusion of active life reserves) or the accumulated value of historic expected claims (without the inclusion of active life reserves) plus the present value of the future expected incurred claims (projected without the inclusion of active life reserves) will not be less than the sum of the following:
 - a. The accumulated value of the initial earned premium times the greater of 58% or the lifetime loss ratio consistent with the original filing including margins for moderately adverse experience;
 - b. 85% of the accumulated value of prior premium rate schedule increases on an earned basis;
 - c. The present value of future projected initial earned premiums times the greater of 58% or the lifetime loss ratio consistent with the original filing including margins for moderately adverse experience; and
 - d. 85% of the present value of future projected premiums not in subsection (C)(2)(c) on an earned basis;
3. Historic expected claims shall be calculated based on the original filing assumptions assumed until new assumptions are filed as part of a rate increase. New assumptions shall be used for all periods beyond each requested effective date of a rate increase. Historic expected claims are calculated for each calendar year based on the in-force at the beginning of the calendar year. Historic expected claims shall include margins for moderately adverse experience; either amounts included in the claims that were used to determine the lifetime loss ratio consistent with the original filing or as modified in any rate increase filing;
4. In the event that a policy form has both exceptional and other increases, the values in subsections (C)(2)(b) and (C)(2)(d) will also include 70% for exceptional rate increase amounts; and
5. All present and accumulated values used to determine rate increases, including the lifetime loss ratio consistent with the original filing reflecting margins for moderately adverse experience, shall use the maximum valuation interest rate for contract reserves as specified in A.R.S. § 20-508. The actuary shall disclose as part of the actuarial memorandum the use of any appropriate averages.
- D. For each rate increase that is implemented, the insurer shall file for approval by the Director updated projections, as defined in subsection (B)(3)(a), annually for the next three years and shall include a comparison of actual results to projected values. The Director may extend the reporting period beyond three years if actual results are not consistent with projected values from prior projections. For group insurance policies that meet the conditions in subsection (M), the projections required by this subsection shall be provided to the policyholder in lieu of filing with the Director.
- E. If any premium rate in the revised premium rate schedule is greater than 200% of the comparable rate in the initial premium schedule, the insurer shall file lifetime projections, as defined in subsection (B)(3)(a), for the Director's approval every five years following the end of the required period in subsection (D). For group insurance policies that meet the conditions in subsection (M), the insurer shall provide the projections required by this subsection to the policyholder instead of filing with the Director.
- F. If the Director finds that the actual experience following a rate increase does not adequately match the projected experience and that the current projections under moderately adverse conditions demonstrate that incurred claims will not exceed proportions of premiums specified in subsection (C), the Director may require the insurer to implement premium rate schedule adjustments or other measures to reduce the difference between the projected and actual experience. In determining whether the actual experience matches the projected experience, the Director shall consider subsection (B)(3)(f), if applicable.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- G.** If the majority of policies or certificates to which the increase is applicable are eligible for the contingent benefit upon lapse, the insurer shall file a plan, subject to approval by the Director, for improved administration or claims processing designed to eliminate the potential for further deterioration of the policy form experience requiring further premium rate schedule increases, or both, or to demonstrate that appropriate administration and claims processing have been implemented or are in effect. Otherwise, the Director may impose the conditions in subsections (H) through (J).
- H.** For a rate increase filing that meets the criteria listed in this subsection, the Director shall review, for all policies included in the filing, the projected lapse rates and past lapse rates during the 12 months following each increase to determine if lapsation in excess of projected lapsation has occurred or is anticipated:
1. The rate increase is not the first rate increase requested for the specific policy form or forms;
 2. The rate increase is not an exceptional increase; and
 3. The majority of the policies or certificates to which the increase applies are eligible for the contingent benefit upon lapse.
- I.** If the Director finds excess lapsation under subsection (H) has occurred, is anticipated in the filing or is evidenced in the actual results as presenting in the updated projections provided by the insurer following the requested rate increase, the Director may find that a rate spiral exists and may require the insurer to offer, without underwriting, to all in-force insureds subject to the rate increase, the option to replace existing coverage with one or more reasonably comparable products being offered by the insurer or its affiliates. The information communicating the offer is subject to the Director's approval. The offer shall:
1. Be based on actuarially sound principles, but not on attained age; and
 2. Provide that maximum benefits under any new policy accepted by an insured shall be reduced by comparable benefits already paid under the existing policy; and
 3. Allow the insured the option of retaining the existing coverage.
- J.** The insurer shall maintain the experience of the insureds whose coverage was replaced under subsection (I) separate from the experience of insureds originally issued the policy forms. If the insurer requests a rate increase on the policy form, the rate increase shall be limited to the lesser of:
1. The maximum rate increase determined based on the combined experience; and
 2. The maximum rate increase determined based only on the experience of the insureds originally issued the form, plus 10%.
- K.** If the Director finds that an insurer has exhibited a history or pattern of filing inadequate initial premium rates for long-term care insurance, after considering the total number of policies filed over a period of time and the percentage of policies with inadequate rates, the Director may, in addition to remedies available under subsections (H) through (J), prohibit the insurer from the following:
1. Filing and marketing comparable coverage for a period of up to five years; and
 2. Offering all other similar coverages and limiting marketing of new applications to the products subject to recent premium rate schedule increases.
- L.** Subsections (A) through (K) shall not apply to a policy for which long-term care benefits provided by the policy are incidental, as defined under R20-6-1002(C), if the policy complies with all of the following provisions:
1. The interest credited internally to determine cash value accumulations, including long-term care, if any, are guaranteed not to be less than the minimum guaranteed interest rate for cash value accumulations without long-term care set forth in the policy;
 2. The portion of the policy that provides insurance benefits other than long-term care coverage meets the applicable nonforfeiture requirements under state law, including A.R.S. §§ 20-1231, 20-1232 and 20-2636;
 3. The policy meets the disclosure requirements of A.R.S. § 20-1691.06;
 4. The portion of the policy that provides insurance benefits other than long-term care coverage meets the disclosure requirements as applicable in the following:
 - a. A.R.S. Title 20, Chapter 6, Article 1.2; and
 - b. A.R.S. Title 20, Chapter 16, Article 2.
 5. At the time of making a filing under A.R.S. § 20-1691.08, the insurer files an actuarial memorandum that includes:
 - a. Description of the bases on which the actuary determined the long-term care rates and the reserves;
 - b. A summary of the type of policy, benefits, renewability provisions, general marketing method, and limits on ages of issuance;
 - c. A description and a table of each actuarial assumption used, with the percent of premium dollars per policy and dollars per unit of benefits, if any, for expenses;
 - d. A description and a table of the anticipated policy reserves and additional reserves to be held in each future year for active lives;
 - e. The estimated average annual premium per policy and the average issue age;
 - f. A statement as to whether the insurer performs underwriting at the time of application with an explanation of the following:
 - i. Whether underwriting is used, and if used, a description of the type of underwriting, such as medical underwriting or functional assessment underwriting; and
 - ii. For a group policy, whether the enrollee or any dependent will be underwritten and when underwriting occurs; and
 - g. A description of the effect of the long-term care policy provision on the required premiums, nonforfeiture values, and reserves on the underlying insurance policy, both for active lives and those in long-term care claim status.
- M.** Subsections (F) and (H) through (J) shall not apply to group insurance as defined in A.R.S. § 20-1691(6) where:
1. The policies insure 250 or more persons and the policyholder has 5,000 or more eligible employees of a single employer; or
 2. The policyholder, and not the certificateholder, pays a material portion of the premium, which shall not be less than 20% of the total premium for the group in the calendar year prior to the year a rate increase is filed.

1. Establish marketing procedures to assure that any comparison of policies by its insurance producers is fair and accurate, and that excessive insurance is not sold or issued;
 2. Display prominently by type, stamp or other appropriate means, on the first page of the outline of coverage and policy, the following language: "Notice to buyer: This policy may not cover all of the costs associated with long-term care incurred by the buyer during the period of coverage. The buyer is advised to review carefully all policy limitations;"
 3. Provide the applicant with copies of the disclosure forms in Appendices A and B;
 4. Inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for long-term care insurance already has health or long-term care insurance and the types and amounts of any such insurance;
 5. Provide an explanation of contingent benefit upon lapse as provided for in R20-6-1019(D)(3);
 6. Provide written notice to an applicant or prospective policyholder or certificateholder advising of this state's senior insurance counseling program (SHIP), and the name, address, and phone number for the SHIP, at the time of solicitation; and
 7. Establish auditable procedures for verifying compliance with this subsection (A).
- B.** In addition to the practices prohibited in A.R.S. § 20-441 et seq., the following acts and practices are prohibited:
1. Twisting. Knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or insurers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer.
 2. High pressure tactics. Employing any method of marketing having the effect of or tending to induce the purchase

of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance.

3. Cold lead advertising. Making use directly or indirectly or any method of marketing that fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance producer or insurance company.
 4. Misrepresentation. Misrepresenting a material fact in selling or offering to sell a long-term care insurance policy.
- C.** An insurer shall not market or issue a long-term care policy or certificate to an association unless the insurer files the information required under R20-6-1016(B) and annually certifies that the association has complied with the requirements of this Section.

Historical Note

New Section R20-5-1017 renumbered from R20-6-1013 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

R20-6-1018. Suitability

- A.** This Section does not apply to life insurance policies that accelerate benefits for long-term care.
- B.** Every insurer or other person marketing long-term care insurance, including an insurance producer or managing general agent, (the "issuer") shall:
1. Develop and use suitability standards to determine whether the purchase or replacement of long-term care insurance is appropriate for the needs of the applicant,
 2. Train its insurance producers in the use of its suitability standards, and
 3. Maintain a copy of its suitability standards and make them available for inspection upon the Director's request.
- C.** To determine whether an applicant meets an issuer's suitability standards, the insurance producer and issuer shall develop procedures that take the following into consideration:
1. The applicant's ability to pay for the proposed coverage and other pertinent financial information related to the purchase of the coverage;
 2. The applicant's goals or needs with respect to long-term care and the advantages and disadvantages of insurance to meet these goals or needs; and
 3. The values, benefits, and costs of the applicant's existing insurance, if any, when compared to the values, benefits, and costs of the recommended purchase or replacement.
- D.** The issuer shall make reasonable efforts to obtain the information set out in subsection (C), including giving the applicant the "Long-Term Care Insurance Personal Worksheet" prescribed in Appendix A, to complete before or at the time of application. The issuer shall use a personal worksheet that contains, at a minimum, the information contained in Appendix A, in substantially the same text and format, in not less than 12 point type. The issuer may ask the applicant to provide additional information to comply with its suitability standards. An issuer shall file a copy of its personal worksheet with the Director.
- E.** An issuer shall not consider an applicant for coverage until the issuer has received the applicant's completed personal worksheet, except the personal worksheet need not be returned for sales of employer group long-term care insurance to employees and their spouses.

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- F. No one shall sell or disseminate information obtained through the personal worksheet outside the issuer that obtains the worksheet.
- G. The issuer shall use its suitability standards to determine whether issuance of long-term care insurance coverage to a particular applicant is appropriate.
- H. An insurance producer shall use the suitability standards developed by the issuer in marketing long-term care insurance.
- I. When giving an applicant a personal worksheet, the issuer shall also provide the applicant with a disclosure form entitled "Things You Should Know Before You Buy Long-Term Care Insurance." The form shall be in substantially the same format and text contained in Appendix H, in not less than 12 point type.
- J. If the issuer determines that the applicant does not meet its financial suitability standards, or if the applicant has declined to provide the information, the issuer may reject the application. In the alternative, the issuer shall send the applicant a letter that is substantially similar to Appendix I. However, if the applicant has declined to provide financial information, the issuer may use some other method to verify the applicant's intent to purchase the long-term care policy. The issuer shall have either the applicant's returned Appendix I letter or a record of the alternative method of verification as part of the applicant's file.
- K. The issuer shall report annually to the Director the total number of applications received from residents of this state, the number of those who declined to provide information on the personal worksheet, the number of applicants who did not meet the suitability standards, and the number of those who chose to confirm after receiving a suitability letter as prescribed in subsection (J).
2. If a group policyholder elects to make the nonforfeiture benefit an option to a certificateholder, the certificate shall provide either the nonforfeiture benefit or the contingent benefit upon lapse.
3. The contingent benefit on lapse is triggered when:
- An insurer increases the premium rates to a level that results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured's initial annual premium set forth in the chart below, based on the insured's issue age; and
 - The policy or certificate lapses within 120 days of the due date of the increased premium.
 - Unless otherwise required, an insurer shall notify policyholders at least 30 days before the due date of the premium reflecting the rate increase.

R20-6-1019. Nonforfeiture Benefit Requirement

- A. This Section does not apply to life insurance policies or riders containing accelerated long-term care benefits.
- B. To comply with the requirement to offer a nonforfeiture benefit pursuant to the provisions of A.R.S. § 20-1691.11, an insurer shall meet the following requirements:
- A policy or certificate offered with nonforfeiture benefits shall have the same coverage elements, eligibility, benefit triggers and benefit length as a policy or certificate issued without nonforfeiture benefits. The nonforfeiture benefit included in the offer shall be the benefit described in subsection (E); and
 - The offer shall be in writing if the nonforfeiture benefit is not otherwise described in the Outline of Coverage or other materials given to the prospective policyholder.
- C. If the offer required to be made under A.R.S. § 20-1691.11 is rejected, the insurer shall provide the contingent benefit upon lapse described in this Section. Even if the non-forfeiture benefit offer is accepted for a policy with a fixed or limited premium paying period, the contingent benefit on lapse in subsection (D)(4) shall still apply.
- D. Contingent Benefit Upon Lapse.
- If a prospective policyholder rejects the offer of a nonforfeiture benefit, the insurer shall provide the contingent benefit upon lapse described in this Section for individual

4. A contingent benefit on lapse is also triggered for policies with a fixed or limited premium paying period when:
- An insurer increases the premium rates to a level that results in a cumulative increase of the annual premium equal to or exceeding the percentage of the insured's initial annual premium set forth in the chart below, based on the insured's issue age; and
 - The policy or certificate lapses within 120 days of the due date of the increased premium; and
 - The ratio in subsection (D)(6)(b) is 40% or more.
 - Unless otherwise required, an insurer shall notify policyholders at least 30 days before the due date of the premium reflecting the rate increase.

| Issue Age | | Percent Increase Over Initial Premium |
| Under 65 | | 50% |
| 65-80 | | 30% |
| Over 80 | | 10% |

- This provision shall be in addition to the contingent benefit provided by subsection (D)(3) and where both are triggered, the benefit provided shall be at the option of the insured.
5. On or before the effective date of a substantial premium increase as defined in subsection (D)(3), an insurer shall:
- Offer the insured the option of reducing policy benefits under the current coverage consistent with the requirements of R20-6-1025 so that required premium payments are not increased;
 - Offer to convert the coverage to a paid-up status with a shortened benefit period according to the terms of subsection (E), which the insured may elect at any time during the 120-day period referenced in subsection (D)(3); and
 - Notify the policyholder or certificateholder that a default or lapse at any time during the 120-day period referenced in subsection (D)(3) is deemed to be the election of the offer to convert under subsection (5)(b) unless the automatic option in subsection (D)(6)(c) applies.
6. On or before the effective date of a substantial premium increase on policies with a fixed or limited premium paying period as defined in subsection (D)(4), an insurer shall:
- Offer the insured the option of reducing policy benefits under the current coverage consistent with the requirements of R20-6-1025 so that required premium payments are not increased;
 - Offer to convert the coverage to paid-up status where the amount payable for each benefit is 90% of the amount payable in effect immediately prior to lapse times the ratio of the number of completed months of paid premiums divided by the number of months in the premium paying period. The insured

may elect this option at any time during the 120-day period referenced in subsection (D)(4); and

- Notify the policyholder or certificateholder that a default or lapse at any time during the 120-day period referenced in subsection (D)(4) is deemed to be the election of the offer to convert under subsection (D)(6)(b) if the ratio is 40% or more.
7. For any long-term care policy issued on or after November 10, 2017, that an insurer issued at least 20 years prior to the effective date of a substantial premium increase, the insurer shall use a rate increase value of 0% in place of all values in the above tables.
- E. Benefits continued as nonforfeiture benefits, including contingent benefits upon lapse in accordance with subsection (D)(3) but not subsection (D)(4), mean any of the following:
- Attained age rating is defined as a schedule of premiums starting from the issue date that increases age at least 1% per year before age 50, and at least 3% per year beyond age 50.
 - For purposes of this subsection, the nonforfeiture benefit shall be of a shortened benefit period providing paid-up long-term care insurance coverage after lapse. The same benefits (amounts and frequency in effect at the time of lapse but not increased thereafter) will be payable for a qualifying claim, but the lifetime maximum dollars or days of benefits shall be determined as specified in subsection (E)(3).
 - The standard nonforfeiture credit equals 100% of the sum of all premiums paid, including the premiums paid before any change in benefits. The insurer may offer additional shortened benefit period options, as long as the benefits for each duration equal or exceed the standard nonforfeiture credit for that duration. The minimum nonforfeiture credit shall not be less than 30 times the daily nursing home benefit at the time of lapse. In either event, the calculation of the nonforfeiture credit is subject to the limitation of subsection (F).
 - When the nonforfeiture benefit begins.
 - The nonforfeiture benefit shall begin not later than the end of the third year following the policy or certificate issue date. The contingent benefit upon lapse shall be effective during the first three years, and thereafter.
 - Notwithstanding subsection (E)(4)(a), for a policy or certificate with attained age rating, the nonforfeiture benefit shall begin on the earlier of:
 - The end of the tenth year following the policy or certificate issue date, or
 - The end of the second year following the date the policy or certificate is no longer subject to attained age rating.
 - Nonforfeiture credits may be used for all care and services qualifying for benefits under the terms of the policy or certificate, up to the limits specified in the policy or certificate.
- F. All benefits paid by the insurer while the policy or certificate is in premium-paying status and in the paid-up status shall not exceed the maximum benefits that would be payable if the policy or certificate had remained in premium-paying status.
- G. There shall be no difference in the minimum nonforfeiture benefits for group and individual policies.
- H. The requirements in this Section are effective on or after November 10, 2005 and shall apply as follows:

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

1. Except as provided in subsection (H)(2) and (H)(3), this Section applies to any long-term care policy issued in this state on or after January 10, 2005.
 2. The provisions of this Section do not apply to certificates issued on or after January 10, 2005, under a group long-term care insurance policy as defined in A.R.S. § 20-1691(5)(a), that was in force on January 10, 2005.
 3. The provisions of this Section that apply to fixed or limited premium paying period policies shall only apply to policies issued on or after November 10, 2017.
- I.** Premiums charged for a policy or certificate containing nonforfeiture benefits or a contingent benefit on lapse shall be subject to the loss ratio requirements of R20-6-1013, R20-6-1014 or R20-6-1015, whichever is applicable, treating the policy as a whole.
- J.** To determine whether contingent nonforfeiture upon lapse provisions are triggered under subsection (D)(3) or (D)(4), a replacing insurer that purchased or otherwise assumed a block or blocks of long-term care insurance policies from another insurer shall calculate the percentage increase based on the initial annual premium the insured paid when first buying the policy from the original insurer.
- K.** An insurer shall offer a nonforfeiture benefit for a qualified long-term care insurance contract that is a level premium contract and the benefit shall meet the following requirements:
1. The nonforfeiture provision shall be separately captioned using the term "nonforfeiture benefit" or a substantially similar caption;
 2. The nonforfeiture provision shall provide a benefit available in the event of a default in the payment of any premiums and shall state that the insurer may adjust the amount of the benefit initially granted only as needed to reflect changes in claims, persistency, and interest as reflected in changes in rates for premium paying contracts approved by the Director under to A.R.S. § 20-1691.08 for the same contract form; and
 3. The nonforfeiture provision shall provide at least one of the following:
 - a. Reduced paid-up premiums,
 - b. Extended term insurance,
 - c. Shortened benefit period, or
 - d. Other similar offerings that the Director has approved.

- R20-6-1020. Standards for Benefit Triggers**
- A.** A long-term care insurance policy shall condition the payment of benefits on a determination of the insured's ability to perform activities of daily living and on cognitive impairment. Except as otherwise provided in R20-6-1021, eligibility for the payment of benefits shall not be more restrictive than requiring either a deficiency in the ability to perform not more than three of the activities of daily living or the presence of cognitive impairment.
- B.** Activities of daily living shall include at least the following as defined in R20-6-1003(A)(1) and in the policy:
1. Bathing,
 2. Continence,
 3. Dressing,
 4. Eating,
 5. Toileting, and
 6. Transferring.
- C.** An insurer may use additional activities of daily living to trigger covered benefits if the activities are defined in the policy.
- D.** An insurer may use additional provisions to determine when benefits are payable under a policy or certificate; however the provisions shall not restrict, and are not in lieu of, the requirements in subsections (A), (B) and (C).
- E.** For purposes of this Section the determination of a deficiency shall not be more restrictive than:
1. Requiring the hands-on assistance of another person to perform the prescribed activities of daily living; or
 2. If the deficiency is due to the presence of a cognitive impairment, requiring supervision or verbal cueing by another person to protect the insured or others.
- F.** Licensed or certified professionals, such as physicians, nurses or social workers, shall perform assessments of activities of daily living and cognitive impairment.
- G.** The requirements in this Section are effective on and after November 10, 2005 and shall apply as follows:
1. Except as provided in subsection (G)(2), the provisions of this Section apply to a long-term care policy issued in this state on or after January 10, 2005.
 2. The provisions of this Section do not apply to certificates issued on or after January 10, 2005, under a long-term care insurance policy issued to a group as defined in A.R.S. § 20-1691(5)(a), which policy was in force on January 10, 2005.

- R20-6-1021. Additional Standards for Benefit Triggers for Qualified Long-term Care Insurance Contracts**
- A.** A qualified long-term care insurance contract shall pay only for qualified long-term care services received by a chronically ill individual provided under a plan of care prescribed by a licensed health care practitioner, which is not subject to approval or modification by the insurer.
- B.** A qualified long-term care insurance contract shall condition the payment of benefits on a certified determination of the insured's inability to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity or to severe cognitive impairment.
- C.** Licensed health care practitioners shall perform the certified determinations regarding activities of daily living and cognitive impairment required under subsection (B).
- D.** Certified determinations required under subsection (B) may be performed at the direction of the carrier as is reasonably necessary with respect to a specific claim, except that when a licensed health care practitioner has certified that an insured is unable to perform activities of daily living for an expected period of at least 90 days due to a loss of functional capacity and the insured is in claim status, the certified determination may not be rescinded and additional certified determinations may not be performed until after the expiration of the 90-day period.

- B. Text that is capitalized or underscored in the standard format outline of coverage may be emphasized by other means that give prominence equivalent to capitalization or underscoring.
- C. An insurer shall use the text and sequence of text in the standard format outline of coverage prescribed in Appendix J, unless otherwise specifically indicated.

Historical Note

New Section R20-6-1022 renumbered from R20-6-1015 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4).

 - 1. In the case of insurance producer solicitation, an insurance producer shall deliver the shopper's guide before presenting an application or enrollment form.
 - 2. In the case of direct response solicitations, the insurer shall provide the shopper's guide with any application or enrollment form.
- B. A prospective applicant for a life insurance policy or rider containing accelerated long-term care benefits is not required to receive the guide described in subsection (A), but shall receive the policy summary required under A.R.S. § 20-1691.06.

Historical Note

New Section R20-6-1023 renumbered from R20-6-1016 and amended by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Amended by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

R20-6-1024. Availability of New Health Care Services or Providers

- A. An insurer shall notify policyholders of the availability of a new long-term policy series that provides coverage for new long-term care services or health care providers material in nature and not previously available through the insurer to the general public. The notice shall be provided within 12 months of the date the new policy series is made available for sale in this state.
- B. Notwithstanding subsection (A), notification is not required for any policy issued prior to the effective date of this Section or to any policyholder or certificateholder who is currently eligible for benefits, within an elimination period or on a claim, or who previously had been in claim status, or who would not be eligible to apply for coverage due to issue age limitations under the new policy. The insurer may require that policyholders meet all eligibility requirements, including underwriting and payment of the required premium to add such new services or providers.
- C. The insurer shall make the new coverage available in one of the following ways:
 1. By adding a rider to the existing policy and charging a separate premium for the new rider based on the insured's attained age;
 2. By exchanging the existing policy or certificate for one with an issue age based on the present age of the insured and recognizing past insured status by granting premium credits toward the premiums for the new policy or certificate. The premium credits shall be based on premiums paid or reserves held for the prior policy or certificate;
 3. By exchanging the existing policy or certificate for a new policy or certificate in which consideration for past insured status shall be recognized by setting the premium for the new policy or certificate at the issue age of the policy or certificate being exchanged. The cost for the new policy or certificate may recognize the difference in reserves between the new policy or certificate and the original policy or certificate; or
 4. By an alternative program developed by the insurer that meets the intent of this Section if the program is filed with and approved by the Director.

- D. An insurer is not required to notify policyholders of a new proprietary policy series created and filed for use in a limited distribution channel. For purposes of this subsection, "limited distribution channel" means through a discrete entity, such as a financial institution or brokerage, for which specialized products are available that are not available for sale to the general public. Policyholders who purchased such a new proprietary policy shall be notified when a new long-term care policy series that provides coverage for new long-term care services or providers material in nature is made available to that limited distribution channel.
- E. Policies issued pursuant to this Section shall be considered exchanges and not replacements. These exchanges shall not be subject to R20-6-1010(A), (C) through (G) and R20-6-1018 and are not subject to the reporting requirements of R20-6-1010(I)(1), (I)(2)(a) through (I)(2)(c).
- F. Where an employer, labor organization, professional, trade or occupational association offers the policy, the required notification in subsection (A) shall be made to the offering entity. However, if the policy is issued to a group defined in A.R.S. § 20-1691(5), the notification shall be to each certificateholder.
- G. Nothing in this Section shall prohibit an insurer from offering any policy, rider, certificate or coverage change to any policyholder or certificateholder. However, upon request, any policyholder may apply for currently available coverage that includes the new services or providers. The insurer may require that policyholders meet all eligibility requirements, including underwriting and payment of the required premium, to add such new services or providers.
- H. This Section does not apply to life insurance policies or riders containing accelerated long-term care benefits.
- I. This Section shall become effective on or after November 10, 2017.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 4661, effective January 3, 2005 (Supp. 04-4). Section R20-6-1024 renumbered to R20-6-1026; new Section R20-6-1024 made by final exempt rulemaking at 23 A.A.R. 1119, effective November 10, 2017 (Supp. 17-2).

R20-6-1025. Right to Reduce Coverage and Lower Premiums

holder to reduce coverage and lower the policy or certificate premium in at least one of the following ways:

1. Reducing the maximum benefit; or
 2. Reducing the daily, weekly or monthly benefit amount.
- B.** The insurer may also offer other reduction options that are consistent with the policy or certificate design or the carrier's administrative processes.
- C.** In the event the reduction in coverage involves the reduction or elimination of the inflation protection provision, the insurer shall allow the policyholder to continue the benefit amount in effect at the time of the reduction.
- D.** The provision in subsection (A) shall include a description of the process for requesting and implementing a reduction in coverage.
- E.** The premium for the reduced coverage shall:
1. Be based on the same age and underwriting class used to determine the premium for the coverage currently in force, and
 2. Be consistent with the approved rate table.
- F.** The issuer may limit any reduction in coverage to plans or options available for that policy form and to those for which benefits will be available after consideration of claims paid or payable.
- G.** If a policy or certificate is about to lapse, the insurer shall provide a written reminder to the policyholder or certificateholder of his or her right to reduce coverage and premiums in the notice required by R20-6-1005(F).
- H.** This Section does not apply to life insurance policies or riders containing accelerated long-term benefits.

I. The requirements of subsections (A) through (H) shall apply to any long-term care policy issued in this state on or after November 10, 2017.

J. A premium increase notice required by R20-6-1008(G) shall include:

1. An offer to reduce policy benefits provided by the current coverage consistent with the requirements of this Section;
2. A disclosure stating that all options available to the policyholder may not be of equal value; and
3. In the case of a partnership policy, a disclosure that some benefit reduction options may result in a loss in partnership status that may reduce policyholder protections.

K. The requirements of subsection (J) shall apply to any rate increase implemented in this state on or after November 10, 2017.

Appendix A. Long-term Care Insurance Personal Worksheet

Long-term Care Insurance
Personal Worksheet

People buy long-term care insurance for many reasons. Some don't want to use their own assets to pay for long-term care. Some buy insurance to make sure they can choose the type of care they get. Others don't want their family to have to pay for care or don't want to go on Medicaid. But long-term care insurance may be expensive, and may not be right for everyone.

By state law, the insurance company must fill out part of the information on this worksheet and ask you to fill out the rest to help you and the company decide if you should buy this policy.

Premium Information

Policy Form Numbers _____

The premium for the coverage you are considering will be [\$_____ per month, or \$_____ per year,] [a one-time single premium of \$_____].

Type of Policy (noncancellable/guaranteed renewable): _____

The Company's Right to Increase Premiums:

[The company cannot raise your rates on this policy.] [The company has a right to increase premiums on this policy form in the future, provided it raises rates for all policies in the same class in this state.] [Insurers shall use appropriate bracketed statement. Rate guarantees shall not be shown on this form.]

Rate Increase History

The company has sold long-term care insurance since [year] and has sold this policy since [year]. [The company has never raised its rates for any long-term care policy it has sold in this state or any other state.] [The company has not raised its rates for this policy form or similar policy forms in this state or any other state in the last 10 years.] [The company has raised its premium rates on this policy form or similar policy forms in the last 10 years. Following is a summary of the rate increases.]

(Drafting Instruction: A company may use the first bracketed sentence above only if it has never increased rates under any prior policy forms in this state or any other state. The issuer shall list each premium increase it has instituted on this or similar policy forms in this state or any other state during the last 10 years. The list shall provide the policy form, the calendar years the form was available for sale, and the calendar year and the amount (percentage) of each increase. The insurer shall provide minimum and maximum percentages if the rate increase is variable by rating characteristics. The insurer may provide, in a fair manner, additional explanatory information as appropriate.)

Questions Related to Your Income

How will you pay each year's premium?

☐ From my Income ☐ From my Savings/Investments ☐ My Family will Pay

[☐ Have you considered whether you could afford to keep this policy if the premiums went up, for example, by 50%?]

(Drafting Instruction: The issuer is not required to use the bracketed sentence if the policy is fully paid up or is a noncancellable policy.)

What is your annual income? (check one) ☐ Under \$10,000 ☐ \$[10-20,000] ☐ \$[20-30,000] ☐ \$[30-50,000] ☐ Over \$50,000

(Drafting Instruction: The issuer may choose the numbers to put in the brackets to fit its suitability standards.)

How do you expect your income to change over the next 10 years? (check one)

☐ No change ☐ Increase ☐ Decrease

If you will be paying premiums with money received only from your own income, a rule of thumb is that you may not be able to afford this policy if the premiums will be more than 7% of your income.

Will you buy inflation protection? (check one) ☐ Yes ☐ No

If not, have you considered how you will pay for the difference between future costs and your daily benefit amount?

☐ From my Income ☐ From my Savings/Investments ☐ My Family will Pay

The national average annual cost of care in [insert year] was [insert \$ amount], but this figure varies across the country. In ten years the national average annual cost would be about [insert \$ amount] if costs increase 5% annually.

(Drafting Instruction: The projected cost can be based on federal estimates in a current year. In the above statement, the second figure equals 163% of the first figure.)

What elimination period are you considering? Number of days _____ Approximate cost \$ _____ for that period of care.

How are you planning to pay for your care during the elimination period? (check one)

Appendix B. Long-term Care Insurance Potential Rate Increase Disclosure Form**Instructions:**

This form provides information to the applicant regarding premium rate schedules, rate schedule adjustments, potential rate revisions, and policyholder options in the event of a rate increase.

Insurers shall provide all of the following information to the applicant:

**Long-term Care Insurance
Potential Rate Increase Disclosure Form**

1. **[Premium Rate] [Premium Rate Schedules]:** [Premium rate] [Premium rate schedules] that [is][are] applicable to you and that will be in effect until a request is made and [approved] for an increase [is][are] [on the application][(\$_____)]
2. **The [premium] [premium rate schedule] for this policy [will be shown on the schedule page of] [will be attached to] your policy.**
3. **Rate Schedule Adjustments:**
The company will provide a description of when premium rate or rate schedule adjustments will be effective (e.g., next anniversary date, next billing date, etc.) (fill in the blank): _____.
4. **Potential Rate Revisions:**
This policy is Guaranteed Renewable. This means that the rates for this product may be increased in the future. Your rates can NOT be increased due to your increasing age or declining health, but your rates may go up based on the experience of all policyholders with a policy similar to yours.

If you receive a premium rate or premium rate schedule increase in the future, you will be notified of the new premium amount and you will be able to exercise at least one of the following options:

- ☐ Pay the increased premium and continue your policy in force as is.
- ☐ Reduce your policy benefits to a level such that your premiums will not increase. (Subject to state law minimum standards.)
- ☐ Exercise your nonforfeiture option if purchased. (This option is available for purchase for an additional premium.)
- ☐ Exercise your contingent nonforfeiture rights.* (This option may be available if you do not purchase a separate nonforfeiture option.)

***Contingent Nonforfeiture**

If the premium rate for your policy goes up in the future and you didn't buy a nonforfeiture option, you may be eligible for contingent nonforfeiture. Here's how to tell if you are eligible:

You will keep some long-term care insurance coverage, if:

- Your premium after the increase exceeds your original premium by the percentage shown (or more) in the following table; and
- You lapse (not pay more premiums) within 120 days of the increase.

The amount of coverage (i.e., new lifetime maximum benefit amount) you will keep will equal the total amount of premiums you have paid since your policy was first issued. If you have already received benefits under the policy, so that the remaining maximum benefit amount is less than the total amount of premiums you've paid, the amount of coverage will be that remaining amount.

Except for this reduced lifetime maximum benefit amount, all other policy benefits will remain at the levels attained at the time of the lapse and will not increase thereafter.

Should you choose this Contingent Nonforfeiture option, your policy, with this reduced maximum benefit amount, will be considered "paid-up" with no further premiums due.

Example:

- You bought the policy at age 65 and paid the \$1,000 annual premium for 10 years, so you have paid a total of \$10,000 in premium.
- In the eleventh year, you receive a rate increase of 50%, or \$500 for a new annual premium of \$1,500, and you decide to lapse the policy (not pay any more premiums).
- Your "paid-up" policy benefits are \$10,000 (provided you have at least \$10,000 of benefits remaining under your policy.)

Appendix C. Notice to Applicant Regarding Replacement of Individual Health or Long-term Care Insurance**NOTICE TO APPLICANT REGARDING REPLACEMENT OF INDIVIDUAL HEALTH OR LONG-TERM CARE INSURANCE**

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing health or long-term care insurance and replace it with an individual long-term care insurance policy to be issued by [company name] Insurance Company. Your new policy provides thirty (30) days within which you may decide, without cost, whether you desire to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all health or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

STATEMENT TO APPLICANT BY [INSURANCE PRODUCER OR OTHER REPRESENTATIVE]:
(Use additional sheets, as necessary.)

I have reviewed your current medical or health insurance coverage. I believe the replacement of insurance involved in this transaction materially improves your position. My conclusion has taken into account the following considerations which I call to your attention:

1. Health conditions that you may presently have (preexisting conditions), may not be immediately or fully covered under your new policy. This could result in denial or delay in payment of benefits under the new policy, whereas a similar claim might have been payable under your present policy.
2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.
3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its agent regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all of the relevant factors involved in replacing your present coverage.
4. If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy had never been in force. After the application has been completed and before you sign it, reread it carefully to be certain that all information has been properly recorded.

Appendix D. Notice to Applicant Regarding Replacement of Health or Long-term Care Insurance

NOTICE TO APPLICANT REGARDING REPLACEMENT OF HEALTH OR LONG-TERM CARE INSURANCE

[Insurance company's name and address]

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE

According to [your application] [information you have furnished], you intend to lapse or otherwise terminate existing health or long-term care insurance and replace it with the long-term care insurance policy being delivered and issued by [company name] Insurance Company. Your new policy gives you thirty (30) days to decide, without cost, whether you want to keep the policy. For your own information and protection, you should be aware of and seriously consider certain factors which may affect the insurance protection available to you under the new policy.

You should review this new coverage carefully, comparing it with all health or long-term care insurance coverage you now have, and terminate your present policy only if, after due consideration, you find that purchase of this long-term care coverage is a wise decision.

1. Health conditions which you may presently have (preexisting conditions), may not be immediately or fully covered under the new policy. This could result in denial or delay in payment of benefits under the new policy, even though a similar claim might have been payable under your present policy.
2. State law provides that your replacement policy or certificate may not contain new preexisting conditions or probationary periods. The insurer will waive any time periods applicable to preexisting conditions or probationary periods in the new policy (or coverage) for similar benefits to the extent such time was spent (depleted) under the original policy.
3. If you are replacing existing long-term care insurance coverage, you may wish to secure the advice of your present insurer or its insurance producer regarding the proposed replacement of your present policy. This is not only your right, but it is also in your best interest to make sure you understand all the relevant factors involved in replacing your present coverage.
4. [To be included only if the application is attached to the policy.] If, after due consideration, you still wish to terminate your present policy and replace it with new coverage, read the copy of the application attached to your new policy and be sure that all questions are answered fully and correctly. Omissions or misstatements in the application could cause an otherwise valid claim to be denied. Carefully check the application and write to [company name and address] within thirty (30) days if any information is not correct and complete, or if any past medical history has been left out of the application.

Appendix H. Things You Should Know Before You Buy Long-term Care Insurance

Things You Should Know Before You Buy
Long-term Care InsuranceLong-Term
Care
Insurance

- A long-term care insurance policy may pay most of the costs for your care in a nursing home. Many policies also pay for care at home or other community settings. Since policies can vary in coverage, you should read this policy and make sure you understand what it covers before you buy it.
- **[WARNING! You should *not* buy this insurance policy unless you can afford to pay the premiums every year. You are making a multi-year financial commitment.]** [Remember that the company can increase premiums in the future.]

(Drafting Instruction: For single premium policies, delete this bullet; for noncancellable policies, delete the second sentence only.)

Medicare
Medicaid

- The personal worksheet includes questions designed to help you and the company determine whether this policy is suitable for your needs.
- Medicare does **not** pay for most long-term care.
- Medicaid will generally pay for long-term care if you have very little income and few assets. You probably should not buy this policy if you are now eligible for Medicaid.
- Many people become eligible for Medicaid after they have used up their own financial resources by paying for long-term care services.
- When Medicaid pays your spouse's nursing home bills, you are allowed to keep your house and furniture, a living allowance, and some of your joint assets.
- Your choice of long-term care services may be limited if you are receiving Medicaid. To learn more about Medicaid, contact your local or state Medicaid agency.

Shopper's
Guide

- Make sure the insurance company or agent gives you a copy of a book called the National Association of Insurance Commissioners' "Shopper's Guide to Long-Term Care Insurance." Read it carefully. If you have decided to apply for long-term care insurance, you have the right to return the policy within 30 days and get back any premium you have paid if you are dissatisfied for any reason or choose not to purchase the policy.

Counseling

- Free counseling and additional information about long-term care insurance are available through your state's insurance counseling program. Contact your state insurance department or department on aging for more information about the senior health insurance counseling program in your state.

Facilities

- Some long-term care insurance contracts provide for benefit payments in certain facilities only if they are licensed or certified, such as in assisted living centers. However, not all states regulate these facilities in the same way. Also, many people move into a different state from where they purchased their long-term care insurance policy. Read the policy carefully to determine what types of facilities qualify for benefit payments, and to determine that payment for a covered service will be made if you move to a state that has a different licensing scheme for facilities than the one in which you purchased the policy.

Appendix I. Long-term Care Insurance Suitability Letter**Long-term Care Insurance Suitability Letter**

Dear [Applicant]:

Your recent application for long-term care insurance included a “personal worksheet,” which asked questions about your finances and your reasons for buying long-term care insurance. For your protection, state law requires us to consider this information when we review your application, to avoid selling a policy to those who may not need coverage.

[Your answers indicate that long-term care insurance may not meet your financial needs. We suggest that you review the information provided along with your application, including the booklet “Shopper’s Guide to Long-Term Care Insurance” and the page titled “Things You Should Know Before Buying Long-Term Care Insurance.” Your state insurance department also has information about long-term care insurance and may be able to refer you to a counselor free of charge who can help you decide whether to buy this policy.]

[You chose not to provide any financial information for us to review.]

(Drafting Instruction: Choose the paragraph that applies.)

We have suspended our final review of your application. If, after careful consideration, you still believe this policy is what you want, check the appropriate box below and return this letter to us within the next 60 days. We will then continue reviewing your application and issue a policy if you meet our medical standards.

If we do not hear from you within the next 60 days, we will close your file and not issue you a policy. You should understand that you will not have any coverage until we hear back from you, approve your application and issue you a policy.

Please check one box and return in the enclosed envelope.

- ☐ **Yes**, [although my worksheet indicates that long-term care insurance may not be a suitable purchase,] I wish to purchase this coverage. Please resume review of my application.

Drafting Instruction: Delete the phrase in brackets if the applicant did not answer the questions about income.

- ☐ **No**. I have decided not to buy a policy at this time.

[Except for policies or certificates which are guaranteed issue, the following caution statement, or language substantially similar, shall appear as follows in the outline of coverage.]

Caution: The issuance of this long-term care insurance [policy] [certificate] is based upon your responses to the questions on your application. A copy of your [application] [enrollment form] [is enclosed] [was retained by you when you applied]. If your answers are incorrect or untrue, the company has the right to deny benefits or rescind your policy. The best time to clear up any questions is now, before a claim arises! If, for any reason, any of your answers are incorrect, contact the company at this address: [insert address]

1. This policy is [an individual policy of insurance] [a group policy] which was issued in the [indicate jurisdiction in which group policy was issued].
2. PURPOSE OF OUTLINE OF COVERAGE. This outline of coverage provides a very brief description of the important features of the policy. You should compare this outline of coverage to outlines of coverage for other policies available to you. This is not an insurance contract, but only a summary of coverage. Only the individual or group policy contains governing contractual provisions. This means that the policy or group policy sets forth in detail the rights and obligations of both you and the insurance company. Therefore, if you purchase this coverage, or any other coverage, it is important that you READ YOUR POLICY (OR CERTIFICATE) CAREFULLY!
3. FEDERAL TAX CONSEQUENCES
 This [POLICY] [CERTIFICATE] is intended to be a federally tax-qualified long-term care insurance contract under Section 7702(B)(b) of the Internal Revenue Code of 1986, as amended.

OR

Federal Tax Implications of this [POLICY] [CERTIFICATE]. This [POLICY] [CERTIFICATE] is not intended to be a federally tax-qualified long-term care insurance contract under Section 7702(B)(b) of the Internal Revenue Code of 1986, as amended. Benefits received under the [POLICY] [CERTIFICATE] may be taxable as income.

4. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE CONTINUED IN FORCE OR DISCONTINUED
 - (a) [For long-term care health insurance policies or certificates describe one of the following permissible policy renewability provisions:
 - (1) Policies and certificates that are guaranteed renewable shall contain the following statement:] RENEWABILITY: THIS POLICY [CERTIFICATE] IS GUARANTEED RENEWABLE. This means you have the right, subject to the terms of your policy, [certificate] to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own, except that, in the future, IT MAY INCREASE THE PREMIUM YOU PAY.
 - (2) [Policies and certificates that are noncancellable shall contain the following statement:] RENEWABILITY: THIS POLICY [CERTIFICATE] IS NONCANCELLABLE. This means that you have the right, subject to the terms of your policy, to continue this policy as long as you pay your premiums on time. [Company Name] cannot change any of the terms of your policy on its own and cannot change the premium you currently pay. However, if your policy contains an inflation protection feature where you choose to increase your benefits, [Company Name] may increase your premium at that time for those additional benefits.
 - (b) [For group coverage, specifically describe continuation/conversion provisions applicable to the certificate and group policy;]
 - (c) [Describe waiver of premium provisions or state that there are not such provisions;]
5. TERMS UNDER WHICH THE COMPANY MAY CHANGE PREMIUMS.
 [In bold type larger than the maximum type required to be used for the other provisions of the outline of coverage, state whether or not the company has a right to change the premium, and if a right exists, describe clearly and concisely each circumstance under which the premium may change.]
6. TERMS UNDER WHICH THE POLICY OR CERTIFICATE MAY BE RETURNED AND PREMIUM REFUNDED.
 - (a) [Provide a brief description of the right to return - "free look" provision of the policy.]
 - (b) [Include a statement that the policy either does or does not contain provisions providing for a refund or partial refund of premium upon the death of an insured or surrender of the policy or certificate. If the policy contains such provisions, include a description of them.]
7. THIS IS NOT MEDICARE SUPPLEMENT COVERAGE. If you are eligible for Medicare, review the Medicare Supplement Buyer's Guide available from the insurance company.
 - (a) [For insurance producers] Neither [insert company name] nor its [agents or insurance producers] represent Medicare, the federal government or any state government.
 - (b) [For direct response] [insert company name] is not representing Medicare, the federal government or any state government.
8. LONG-TERM CARE COVERAGE. Policies of this category are designed to provide coverage for one or more necessary or medically necessary diagnostic, preventive, therapeutic, rehabilitative, maintenance, or personal care services, provided in a setting other than an acute-care unit of a hospital, such as in a nursing home, in the community or in the home.
 This policy provides coverage in the form of a fixed dollar indemnity benefit for covered long-term care expenses, subject to policy [limitations] [waiting periods] and [coinsurance] requirements. [Modify this paragraph if the policy is not an indemnity policy.]
9. BENEFITS PROVIDED BY THIS POLICY.
 - (a) [Covered services, related deductible(s), waiting periods, elimination periods and benefit maximums.]

(d) Eligibility for Payment of Benefits

[Activities of daily living and cognitive impairment shall be used to measure an insured's need for long-term care and shall be defined and described as part of the outline of coverage.]

[Any additional benefit triggers shall be explained in this Section. If these triggers differ for different benefits, explanation of the triggers shall accompany each benefit description. If an attending physician or other specified person must certify a certain level of functional dependency in order to be eligible for benefits, this too must be specified.]

10. LIMITATIONS AND EXCLUSIONS.

[Describe:

(a) Preexisting conditions;

(b) Non-eligible facilities and providers;

(c) Non-eligible levels of care (e.g., unlicensed providers, care or treatment provided by a family member, etc.);

(d) Exclusions and exceptions;

(e) Limitations.]

[This Section shall provide a brief specific description of any policy provisions which limit, exclude, restrict, reduce, delay, or in any other manner operate to qualify payment of the benefits described in paragraph 6 above.]

THIS POLICY MAY NOT COVER ALL THE EXPENSES ASSOCIATED WITH YOUR LONG-TERM CARE NEEDS.

11. RELATIONSHIP OF COST OF CARE AND BENEFITS. Because the costs of long-term care services will likely increase over time, you should consider whether and how the benefits of this plan may be adjusted. [As applicable, indicate the following:

(a) That the benefit level will not increase over time;

(b) Any automatic benefit adjustment provisions;

(c) Whether the insured will be guaranteed the option to buy additional benefits and the basis upon which benefits will be increased over time if not by a specified amount or percentage;

(d) If there is such a guarantee, include whether additional underwriting or health screening will be required, the frequency and amounts of the upgrade options, and any significant restrictions or limitations;

(e) Describe whether there will be any additional premium charge imposed, and how that is to be calculated.]

12. ALZHEIMER'S DISEASE AND OTHER ORGANIC BRAIN DISORDERS.

[State that the policy provides coverage for insureds clinically diagnosed as having Alzheimer's disease or related degenerative and dementing illnesses. Specifically describe each benefit screen or other policy provision which provides preconditions to the availability of policy benefits for such an insured.]

13. PREMIUM.

(a) State the total annual premium for the policy;

(b) If the premium varies with an applicant's choice among benefit options, indicate the portion of annual premium which corresponds to each benefit option.]

14. ADDITIONAL FEATURES.

R20-6-1202. Applications for Insurance

- A. Insurers shall not use questions on applications for life or disability policies or health care plans that inquire directly or indirectly about:
 - 1. The sexual orientation of an applicant;
 - 2. An applicant's receipt of transfusions of blood or blood products; or
 - 3. Whether or not the applicant has had any HIV-related test, except as provided in subsection (B) of this rule.
- B. Insurers may include specific questions on applications for life or disability insurance policies or health care plans asking if the applicant has ever been diagnosed or treated for AIDS or AIDS-related conditions or tested positive for the presence of HIV antibodies, antigens, or the virus. No adverse underwriting decision shall be made on the basis of any prior positive HIV-related test or tests unless the insurer has verified that the prior test(s) consisted of both a positive screening test such as enzyme-linked immunoassay (ELISA) and a positive supplemental test such as a Western Blot. All such tests used shall be approved and licensed by the Food and Drug Administration and conducted in accordance with the manufacturer's directions for use, including but not limited to the manufacturers' specified interpretation of positivity.

R20-6-1203. Testing for HIV; Consent Form

consists of both a positive screening test such as enzyme-linked immunoassay (ELISA) and a positive supplemental test such as a Western Blot. All such tests used shall be approved and licensed by the Food and Drug Administration and conducted in accordance with the manufacturers' directions for use, including but not limited to the manufacturers' specified interpretation of positivity.

- B. If an applicant is requested to take an HIV-related test in connection with an application for a life or disability insurance policy or a health care plan, the insurer shall reveal the use of such test to the applicant and shall obtain the written consent of the applicant prior to the administration of such test. The insurer shall allow the applicant up to 10 days within which to decide whether or not to sign the consent form, and no adverse underwriting decision may be made on the basis of the applicant's delay during this time period. Insurers need not provide pretest counseling to applicants but shall advise applicants of the availability of counseling in accordance with subsection (C) of this rule.
- C. The written consent form, which shall be approved by the Director in advance of its use, shall contain the following information:
 1. Purpose of the consent form. The form shall contain a clear disclosure that the test to be performed is a test for the presence of HIV antibodies, antigens, or the virus, and that underwriting decisions will be based on the results of such test. The form shall further provide notice of a period of not less than 10 days during which the applicant may decide whether or not to sign the form, along with a disclosure that the applicant's refusal to be tested may be used as a reason to deny coverage.
 2. Information on HIV. The form shall provide clear, concise, and accurate information on how the disease is spread and what behavior places persons at risk of contracting the virus.
 3. Pretest counseling considerations. The written consent form shall contain information advising the applicant that counseling is recommended by many public health organizations and that the applicant may obtain such counseling at the applicant's own expense. The form shall contain current information as provided by the Department regarding the availability in Arizona of free confidential or anonymous counseling through county health departments and through other governmental or government-funded agencies.
 4. Disclosure of test results. The form shall advise the applicant that all test results shall be treated confidentially and that results shall be released only to the applicant and the named insurer or upon the applicant's written consent or as otherwise required or allowed by law, including but not limited to the release of information to the Department of Health Services as provided by law.
 5. Meaning of positive test results. The form shall advise the applicant of the type of test (including but not limited to antibody, antigen, or viral culture) to be used, and that a positive test result indicates that the applicant has been infected with HIV but does not necessarily have AIDS. The form shall explain that a positive test result will adversely affect the application for insurance.
 6. Consent. The consent form shall contain an attestation to be signed by the applicant or, if the applicant lacks legal capacity to consent, a person authorized pursuant to law to consent on behalf of the applicant, that he or she has read and understands the written consent form and volun-

tarily consents to the performance of a test for HIV and to the disclosure of the test results as described in the consent form. The applicant or the applicant's legal representative shall have the right to request and receive a copy of the written consent form. A photocopy of the form shall be as valid as the original.

7. Optional release of information to personal physician. In addition to the release of information to the insurer provided in the consent form, the applicant may, at the applicant's option, consent to the release of information to the applicant's personal physician. The form shall provide for such release to be separately signed and dated by the applicant, or if the applicant lacks legal capacity to consent, by a person authorized pursuant to law to consent on behalf of the applicant.
8. Time period during which release of information is effective. The consent form shall specify the time period during which any and all release provisions of the consent form shall be effective, but in no case shall such time period exceed 180 days from the date the consent form is signed by the applicant or the applicant's legal representative. No HIV-related information shall be released to any person after the expiration of that time period unless the insurer obtains the express written consent, pursuant to R20-6-1204, of the applicant or, if the applicant lacks legal capacity to consent, by a person authorized by law to consent on behalf of the applicant.

Historical Note

Adopted effective March 7, 1994 (Supp. 94-1). R20-6-1203 recodified from R4-14-1203 (Supp. 95-1).

R20-6-1204. Release of Confidential HIV-related Information; Release Form

- A. Except as required by law or authorized pursuant to a written consent to be tested, an insurer shall not disclose confidential HIV-related information to any person unless a written release form is executed by the applicant or, if the applicant lacks legal capacity to consent to such release, by a person authorized by law to consent to the release of information on behalf of the applicant. The applicant or the applicant's legal representative shall be entitled to receive a copy of the release. A photocopy shall be as valid as the original.
- B. Such written release form shall contain the following information:
 1. The name and address of the person to whom the information shall be disclosed;
 2. The specific purpose for which disclosure is to be made; and
 3. The time period during which the written release is to be effective but in no case shall such time period exceed 180 days from the date the release is signed by the applicant or the applicant's legal representative;
 4. The signature of the applicant or of the person authorized by law to consent to such release, and the date the release form was signed.

"Arizona Mental Health Parity Act" means the statutes found at A.R.S. §§ 20-3501 through 20-3505.

"Coverage unit" has the meaning prescribed at 45 CFR § 146.136(a) "Coverage unit."

"Department of Insurance and Financial Institutions (Department)" has the meaning prescribed at A.R.S. § 20-101.

"CMS MHPAEA tool" means the Microsoft Excel Mental Health Parity tool maintained by the Center for Medicare and Medicaid Services.

"Financial requirements (FR)" has the meaning at 45 CFR § 146.136(a) "Financial requirements."

"Health care insurer" has the meaning prescribed at A.R.S. § 20-3501(2).

"Health plan" has the meaning prescribed at A.R.S. § 20-3501(3).

"Inpatient, in-network benefits" are benefits furnished on an inpatient basis and within a network of contracted providers under a health plan.

"Inpatient, out-of-network benefits" are benefits furnished on an inpatient basis by providers without a contract under a health plan or for a health plan that has no network of providers.

"Large group health plan" is a health plan issued to an employer group that is not a small employer as defined at A.R.S. § 20-2301(A)(20).

"Medical/surgical (Med/Surg) benefits" has the meaning prescribed at 45 CFR § 146.136(a) "Medical/surgical benefits."

"Mental (MH) health benefits" has the meaning prescribed at 45 CFR § 146.136(a) "Mental health benefits."

"MHPAEA" means the Mental Health Parity and Addiction Equity Act prescribed in A.R.S. § 20-3501(4).

"Nonquantitative treatment limitation (NQTL)" is a limitation that restricts the scope or duration of benefits for treatment under a health plan or coverage. Illustrations of NQTLs include: medical management standards limiting or excluding benefits based on medical necessity or appropriateness or based on whether the treatment is experimental or investigative as identified under 45 CFR 146.136(c)(4)(ii)(A); formulary design for prescription drugs as identified under 45 CFR 146.136(c)(4)(ii)(B); network tier design (for health plans with multiple network tiers such as preferred providers and partici-

pating providers) as identified under 45 CFR 146.136(c)(4)(ii)(C); standards for provider admission to participate in a network, including reimbursement rates as identified under 45 CFR 146.136(c)(4)(ii)(D); methods for determining usual, customary, and reasonable charges as identified under 45 CFR 146.136(c)(4)(ii)(E); refusal to pay for higher-cost therapies until it can be shown that a lower-cost therapy is not effective (also known as "fail-first policies" or "step therapy protocols") as identified under 45 CFR 146.136(c)(4)(ii)(F); exclusions based on failure to complete a course of treatment; and restrictions based on geographic location as identified under 45 CFR 146.136(c)(4)(ii)(G), facility type, provider specialty, and other criteria than limit the scope or duration of benefits for services provided under the health plan or coverage as identified under 45 CFR 146.136(c)(4)(ii)(H).

"Outpatient, in-network benefits" are benefits furnished on an outpatient basis and within a network of providers established or recognized under a health plan.

"Outpatient, out-of-network benefits" are benefits furnished on an outpatient basis and outside any network of providers established or recognized under a health plan or under a health plan that has no network of providers.

"Predominant test" means that if a type of FR or QTL applies to substantially all of the Med/Surg benefits in a classification, the predominant level of the FR or QTL is the level that applies to more than 1/2 of the Med/Surg benefits in that classification subject to the FR or QTL. If no single level can be determined, the health plan (or health insurance issuer) may combine levels until the combination of levels applies to more than 1/2 of Med/Surg benefits subject to the FR or QTL in the classification. The least restrictive level within the combination is considered the predominant level of that type of classification. For this purpose, a health plan may combine the most restrictive levels first with each less restrictive level added to the combination until the combination applies to more than 1/2 of the benefits subject to the FR or QTL.

"Quantitative treatment limitation (QTL)" is a limitation on the scope or duration of a benefit that can be expressed numerically that includes day or visit limits such as "50 outpatient visits per year." QTLs include annual, episode, and lifetime day and visit limits such as number of treatments, number of visits, or days of coverage.

"Substance use disorder (SUD) benefits" has the meaning prescribed at 45 CFR § 146.136(a) "Substance use disorder benefits."

"Substantially all test" means that a FR or QTL applies to at least 2/3 of all Med/Surg benefits in a classification of benefits for a coverage unit. (For this purpose, benefits expressed as subject to a zero level of a type of FR are treated as not subject to that type of FR. In addition, benefits expressed as subject to an unlimited QTL are treated as not subject to that type of QTL.) If a type of FR or QTL does not apply to at least 2/3 of all Med/Surg benefits in a classification, then that type of FR or QTL cannot be applied to MH or SUD benefits in that classification.

- B.** Health plans subject to reporting. A health care insurer shall submit a report for all health plans it offers in this state (including grandfathered and non-grandfathered health plans) that meet all of the criteria listed in subsections (B)(1) through (4). If a health care insurer determines that the information to be reported varies by network plan, or varies in the individual, small group, or large group market, the health care insurer must submit a separate report for each variation.
 1. The health plan offers MH and/or SUD benefits in addition to Med/Surg benefits.
 2. The health plan offers MH and/or SUD benefits in at least one of the following classifications:
 - a. Inpatient, in-network;
 - b. Inpatient, out-of-network;
 - c. Outpatient, in-network;
 - d. Outpatient, out-of-network;
 - e. Emergency care; or
 - f. Prescription drugs.
 3. The health plan is offered on a group (large or small) or individual basis.
 4. The health plan has not received and notified the Department of an increased cost exemption pursuant to 45 CFR 146.136(g).
- C.** Health plans exempt from reporting. A health plan that meets the criteria of subsection (B) is exempt from reporting under this Article if it is one of the following types of health plans:
 1. A small group grandfathered health plan;
 2. A small group non-grandfathered health plan subject to the HHS transitional policy; or
 3. A health plan that meets the definition of excepted benefit provided in 45 CFR 146.145(b) or 45 C.F.R. 148.220.
- D.** Required reports. A health care insurer shall file a separate report for each fully insured product network type the health care insurer issues in Arizona. If the information to be reported varies by network or health plan, or varies in the individual, small group or large group market, the health care insurer must file a separate report for each variation.
- E.** Triennial Reports.
 1. Existing health care insurers. Beginning on March 15, 2023 and every third year thereafter, a health care insurer issuing health plans and collecting premium in Arizona as of January 1, 2022 shall file a triennial report with the Department for each health plan subject to reporting.
 2. Entering or re-entering health care insurers. On or before March 15 of the second year an entering or re-entering health care insurer issues health plans and collects premiums in Arizona, the health care insurer shall file an original triennial report with the Department for each health plan subject to reporting. Following the filing of the original triennial report, the health care insurer shall submit subsequent triennial reports on the schedule described in subsection (E)(1).
 3. Due date for triennial reports. Triennial reports are due on or before March 15 of each reporting year.

4. Content of the original triennial report. Health care insurers shall file an original triennial report with the Department under A.R.S. § 20-3502(B) that provides the required information in Exhibit A.
5. Subsequent triennial reports.

 - i. An updated triennial report, including the information required in Exhibit A; or
 - ii. The last triennial report filed with the Department and a written attestation that the health care insurer has made no changes since it filed the previous triennial report.
- F.** Annual Reports. Pursuant to A.R.S. § 20-3502(E), on or before March 15 of each intervening year between the filing of a triennial report, a health care insurer shall file:
 1. A report that summarizes any changes made to its medical necessity criteria and NQTLs (Exhibit A, Parts I, II, and III);
 2. A written attestation by an officer or director of the health care insurer that the health care insurer is in compliance with MHPAEA; and
 3. If requested by the Department, any additional data required by the Department including Exhibit A, Part IV.
- G.** Additional information. At any time after a health care insurer files a report under this Section, the Department may request additional information, including an updated triennial or annual report, by contacting the health care insurer and making the request in writing. The health care insurer shall provide contact information to the Department when it files any of the reports required by this Section. The Department may set a deadline for a health care insurer to respond to its request and specify the format for the response.

- B.** Department's authority to require additional data. In addition to the forms filed by a health care insurer, the Department may require a health care insurer to submit additional data relating to its methods for meeting the MHPAEA FR and QTL standards. The Department may utilize the CMS MHPAEA tool and may request samples of a health care insurer's internal testing to demonstrate compliance with the substantially all and predominant tests within each classification of benefits for a health plan.
- C.** Separate consolidated report for large group health plans. The Department may require a health care insurer that issues large group health plans to file a consolidated report that demonstrates compliance with the substantially all and predominant

tests within each classification of benefits for a sample of large group health plans with similar benefit structures.

- D. Special rule for FRs - Prescription Drug Classification. The multi-tiered prescription drug benefits exception of A.R.S. § 20-3502(D)(1) applies to the FRs for the prescription drug classification. For example, a health plan applies 4 tiers as follows: Tier 1: Generic Drugs for which the health plan pays 90%; Tier 2: Preferred Brand-name Drugs for which the health plan pays 80%; Tier 3: Non-preferred Brand-name Drugs for which the health plan pays 60%; and Tier 4: Specialty Drugs for which the health plan pays 50%. These FRs are applied without regard to whether a drug is prescribed for Med/Surg or MH/SUD benefits. In addition, the process for certifying a particular drug within a tier complies with the rules for NQTLs. Therefore, the FRs applied to prescription drug benefits meet the parity requirements under MHPAEA.
- E. Special rules for FRs and QTLs.
 1. In-network Classifications. The multiple network tiers exception of A.R.S. § 20-3502(D)(2) applies to the FRs and QTLs for the in-network classifications. For example, a health plan has two tiers of in-network providers: Tier 1: Preferred provider; and Tier 2: Participating provider. Placement of a provider into a tier complies with the rules for NQTLs and is determined without regard to whether the provider specializes in the treatment of Med/Surg conditions or MH/SUD disorders. The in-network classifications are divided into two subclassifications: 1. In-network preferred; and 2. In-network participating. The health plan does not impose any FR or QTL on MH/SUD benefits in either subclassification that is more restrictive than the predominant FR or QTL that applies to all Med/Surg benefits in each subclassification. Therefore, the FRs or QTLs applied to the in-network subclassifications that reflect the provider tiers meet the parity requirements under MHPAEA.
 2. Outpatient Classifications. The subclassification permitted for the office visits exception of A.R.S. § 20-3502(D)(3) applies to the FRs and QTLs for the outpatient classifications. For example, a health plan divides the outpatient, in-network classification into two subclassifications: 1. In-network office visits; and 2. All other

outpatient, in-network items and services. The health plan does not impose any FR or QTL on MH/SUD benefits in either subclassification that is more restrictive than the predominant FR or QTL that applies to Med/Surg benefits in each subclassification. Therefore, the FRs or QTLs applied to the outpatient subclassifications for office visits and all other outpatient items and services meet the parity requirements under MHPAEA.

3. The health plan cannot use a subclassification for generalists and specialists. The only subclassifications permitted for the in-network classifications are: 1. Office visits (such as physician visits); and 2. All other outpatient items and services (such as outpatient surgery, facility charges for day treatment centers, laboratory charges, or other medical items).

- B. The lead state Commissioner has the discretion to exempt the ultimate controlling person from filing the annual group capital calculation if the lead state Commissioner makes a determination based upon the filing that the insurance holding company system meets all of the following criteria:
 1. Has annual direct written and unaffiliated assumed premium, including international direct and assumed premium, but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program of less than \$1,000,000,000;
 2. Has no insurers within its holding company structure that are domiciled outside of the United States or one of its territories;
 3. Has no banking, depository, or other financial entity that is subject to an identified regulatory capital framework within its holding company structure;

- C. Where an insurance holding company system has previously filed the annual group capital calculation at least once, the lead state Commissioner has the discretion to accept, in lieu of the group capital calculation, a limited group capital filing if the insurance holding company system has annual direct written and unaffiliated assumed premium, including international direct and assumed premium but excluding premiums reinsured with the Federal Crop Insurance Corporation and Federal Flood Program, of less than \$1,000,000,000 and all of the following additional criteria are met:

- D. For an insurance holding company that has previously met an exemption with respect to the group capital calculation pursuant to subsections (B) or (C), the lead state Commissioner may require, at any time, the ultimate controlling person to file an annual group capital calculation, completed in accordance

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

with the NAIC Group Capital Calculation Instructions, if any of the following criteria are met:

1. Any insurer within the insurance holding company system is in a Risk-Based Capital action level event as set forth in A.R.S. § 20-488.02 or a similar standard for a non-U.S. insurer;
 2. Any insurer within the insurance holding company system meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in A.R.S. § 20-220.01; or
 3. Any insurer within the insurance holding company system otherwise exhibits qualities of a troubled insurer as determined by the lead state Commissioner based on unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests.
- E. A non-U.S. jurisdiction is considered to “recognize and accept” the group capital calculation if it satisfies the following criteria:
1. With respect to A.R.S. § 20-481.10(D)(2)(a)(iv):
 - a. The non-U.S. jurisdiction recognizes the U.S. state regulatory approach to group supervision and group capital by providing confirmation by a competent regulatory authority in such jurisdiction, that insurers and insurance groups whose lead state is accredited by the NAIC, under the NAIC Accreditation Program, shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the lead state and will not be subject to group supervision, including worldwide group governance, solvency and capital, and reporting, at the level of the worldwide parent undertaking of the insurance or reinsurance group by the non-U.S. jurisdiction; or
 - b. Where no U.S. insurance groups operate in the non-U.S. jurisdiction, the non-U.S. jurisdiction indicates formally in writing to the lead state, with a copy to the International Association of Insurance Supervisors, that the group capital calculation is an acceptable international capital standard. This will serve as documentation otherwise required in subsection (E)(1)(a).
 2. The non-U.S. jurisdiction provides confirmation by a competent regulatory authority in such jurisdiction, that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the lead state Commissioner in accordance with a memorandum of understanding or similar document between the Commissioner and such jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC. The Commissioner shall determine, in consultation with the NAIC Committee Process, if the requirements of the information sharing agreements are in force.
- F. A list of non-U.S. jurisdictions that “recognize and accept” the group capital calculation will be published through the NAIC Committee Process:
1. A list of jurisdictions that “recognize and accept” the group capital calculation pursuant to A.R.S. § 20-481.10(D)(2)(a)(iv), is published through the NAIC

Committee Process to assist the lead state Commissioner in determining which insurers shall file an annual group capital calculation. The list will clarify those situations in which a jurisdiction is exempted from filing under A.R.S. § 20-481.10(D)(2)(a)(iv). To assist with a determination under A.R.S. § 20-481.10(D)(2)(b), the list will also identify whether a jurisdiction that is exempted under either A.R.S. § 20-481.10(D)(2)(c) or (d) requires a group capital filing for any U.S. based insurance group’s operations in that non-U.S. jurisdiction.

2. For a non-U.S. jurisdiction where no U.S. insurance groups operate, the confirmation provided to meet the requirement of subsection (E)(1)(b) will serve as support for recommendation to be published as a jurisdiction that “recognizes and accepts” the group capital calculation through the NAIC Committee Process.
3. If the lead state Commissioner makes a determination pursuant to A.R.S. § 20-481.10(D)(2)(a)(iv) that differs from the NAIC List, the lead state Commissioner shall provide thoroughly documented justification to the NAIC and other states.
4. Upon determination by the lead state Commissioner that a non-U.S. jurisdiction no longer meets one or more of the requirements to “recognize and accept” the group capital calculation, the lead state Commissioner may provide a recommendation to the NAIC that the non-U.S. jurisdiction be removed from the list of jurisdictions that “recognize and accept” the group capital calculation.

R20-6-1410. Adequacy of Surplus

The factors set for in A.R.S. §§ 20-481.01(F) and 20-481.24 are not intended to be an exhaustive list. In determining the adequacy and reasonableness of an insurer's surplus no single factor is necessarily controlling. The Director instead will consider the net effect of all of these factors plus other factors bearing on the financial condition of the insurer. In comparing the surplus maintained by other insurers, the Director will consider the extent to which each of these factors varies from company to company and in determining the quality and liquidity of investments in subsidiaries, the Director will consider the individual subsidiary and may discount or disallow its valuation to the extent that the individual investments so warrant.

New Section made by exempt rulemaking at 21 A.A.R. 54, effective February 14, 2015 (Supp. 14-4).

Such financial statements may be prepared on either an individual basis; or, unless the Director otherwise requires, on a consolidated basis if consolidated statements are prepared in the usual course of business.

Other than with respect to the foregoing, such financial statement shall be filed in a standard form and format adopted by the National Association of Insurance Commissioners, unless an alternative form is accepted by the Director. Documentation and financial statements filed with the Securities and Exchange Commission or audited GAAP financial statements shall be deemed to be an appropriate form and format.

If the ultimate controlling person is an insurer which is actively engaged in the business of insurance, the annual financial statements need not be certified, provided they are based on the Annual Statement of the insurer's domiciliary State and are in accordance with requirements of insurance or other accounting principles prescribed or permitted under the law and regulations of that state.

Any ultimate controlling person who is an individual may file personal financial statements that are reviewed rather than audited by an independent public accountant. The review shall be conducted in accordance with standards for review of personal financial statements published in the Personal Financial Statements Guide by the American Institute of Certified Public Accountants. Personal financial statements shall be accompanied by the independent public accountant's Standard Review Report stating that the accountant is not aware of any material modifications that should be made to the financial statements in order for the statements to be in conformity with generally accepted accounting principles.

financial statement credit for reinsurance is claimed, and thereafter for so long as credit for reinsurance is claimed, maintains a trust fund in an amount prescribed below in a qualified U.S. financial institution as defined in A.R.S. § 20-3601 for the payment of the valid claims of its U.S. domiciled ceding insurers, their assigns and successors in interest. The assuming insurer shall report annually to the Director substantially the same information as that required to be reported on the National Association of Insurance Commissioners (NAIC) annual statement form by licensed insurers, to enable the Director to determine the sufficiency of the trust fund.

B. The following requirements apply to the following categories of assuming insurer:

1. The trust fund for a single assuming insurer shall consist of funds in trust in an amount not less than the assuming insurer's liabilities attributable to reinsurance ceded by U.S. domiciled insurers, and in addition, the assuming insurer shall maintain a trustee surplus of not less than \$20 million, except as provided in subsection (B)(2).
2. At any time after the assuming insurer has permanently discontinued underwriting new business secured by the trust for at least three full years, the commissioner with principal regulatory oversight of the trust may authorize a reduction in the required trustee surplus, but only after a finding, based on an assessment of the risk, that the new required surplus level is adequate for the protection of U.S. ceding insurers, policyholders and claimants in light of reasonably foreseeable adverse loss development. The risk assessment may involve an actuarial review, including an independent analysis of reserves and cash flows, and shall consider all material risk factors, including when applicable the lines of business involved, the stability of the incurred loss estimates and the effect of the surplus requirements on the assuming insurer's liquidity or solvency. The minimum required trustee surplus may not be reduced to an amount less than 30% of the assuming insurer's liabilities, attributable to reinsurance ceded by U.S. ceding insurers covered by the trust.
3. The trust fund for a group including incorporated and individual unincorporated underwriters:
 - a. Shall consist of:
 - i. For reinsurance ceded under reinsurance agreements with an inception, amendment or renewal date on or after January 1, 1993, funds in trust in an amount not less than the respective underwriters' several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any underwriter of the group;
 - ii. For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of this Part, funds in trust in an amount not less than the respective underwriters' several insurance and reinsurance liabilities attributable to business written in the United States; and
 - iii. In addition to these trusts, the group shall maintain a trustee surplus of which \$100 million shall be held jointly for the benefit of the U.S. domiciled ceding insurers of any member of the group for all the years of account.
 - b. The incorporated members of the group shall not be engaged in any business other than underwriting as a

member of the group and shall be subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members. The group shall, within 90 days after its financial statements are due to be filed with the group's domiciliary regulator, provide to the Director:

- i. An annual certification by the group's domiciliary regulator of the solvency of each underwriter member of the group; or
 - ii. If a certification is unavailable, a financial statement, prepared by independent public accountants, of each underwriter member of the group.
4. The trust fund for a group of incorporated insurers under common administration, whose members possess aggregate policyholders surplus of \$10 billion (calculated and reported in substantially the same manner as prescribed by the annual statement instructions and Accounting Practices and Procedures Manual of the NAIC) and which has continuously transacted an insurance business outside the United States for at least three years immediately prior to making application for accreditation, shall:
 - a. Consist of funds in trust in an amount no less than the assuming insurers' several liabilities attributable to business ceded by U.S. domiciled ceding insurers to any members of the group pursuant to reinsurance contracts issued in the name of such group;
 - b. Maintain a joint trustee surplus of which \$100 million shall be held jointly for the benefit of U.S. domiciled ceding insurers of any member of the group; and
 - c. File a properly executed Form AR-1 (Exhibit A) as evidence of the submission to the Director's authority to examine the books and records of any of its members and shall certify that any member examined will bear the expense of any such examination.
 - d. Within 90 days after the statements are due to be filed with the group's domiciliary regulator, the group shall file with the Director an annual certification of each underwriter member's solvency by the member's domiciliary regulators, and financial statements, prepared by independent public accountants, of each underwriter member of the group.
- C.** Credit for reinsurance shall not be granted unless the form of the trust and any amendments to the trust have been approved by either the commissioner of the state where the trust is domiciled or the commissioner of another state who, pursuant to the terms of the trust instrument, has accepted responsibility for regulatory oversight of the trust. The form of the trust and any trust amendments also shall be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled.
1. The trust instrument shall provide that:
 - a. Contested claims shall be valid and enforceable out of funds in trust to the extent remaining unsatisfied 30 days after entry of the final order of any court of competent jurisdiction in the United States;
 - b. Legal title to the assets of the trust shall be vested in the trustee for the benefit of the grantor's U.S. ceding insurers, their assigns and successors in interest;
 - c. The trust shall be subject to examination as determined by the commissioner;

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- d. The trust shall remain in effect for as long as the assuming insurer, or any member or former member of a group of insurers, shall have outstanding obligations under reinsurance agreements subject to the trust; and
 - e. No later than February 28 of each year the trustee of the trust shall report to the commissioner in writing setting forth the balance in the trust and listing the trust's investments at the preceding year-end, and shall certify the date of termination of the trust, if so planned, or certify that the trust shall not expire prior to the following December 31.
2. Notwithstanding any other provisions in the trust instrument;
- a. If the trust fund is inadequate because it contains an amount less than the amount required by this Section or if the granter of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight over the trust or other designated receiver all of the assets of the trust fund.
 - b. The assets shall be distributed by and claims shall be filed with and valued by the commissioner with regulatory oversight over the trust in accordance with the laws of the state in which the trust is domiciled applicable to the liquidation of domestic insurance companies.
 - c. If the commissioner with regulatory oversight over the trust determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the U.S. beneficiaries of the trust, the commissioner with regulatory oversight over the trust shall return the assets, or any part thereof, to the trustee for distribution in accordance with the trust agreement.
 - d. The granter shall waive any right otherwise available to it under U.S. law that is inconsistent with this provision.
- D.** For purposes of this Section, the term "liabilities" shall mean the assuming insurer's gross liabilities attributable to reinsurance ceded by U.S. domiciled insurers excluding liabilities that are otherwise secured by acceptable means, and, shall include:

3. In order to be eligible for certification, the assuming insurer shall meet the following requirements:
 - a. The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a Qualified Jurisdiction, as determined by the Director pursuant to subsection (C).
 - b. The assuming insurer must maintain capital and surplus, or its equivalent, of no less than \$250 million calculated in accordance with subsection (B)(4)(h). This requirement may also be satisfied by an association including incorporated and individual unincorporated underwriters having minimum capital and surplus equivalents (net of liabilities) of at least \$250 million and a central fund containing a balance of at least \$250 million.
 - c. The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the Director. These ratings shall be based on interactive communication between the rating agency and the assuming insurer and shall not be based solely on publicly available information. These financial strength ratings will be one factor used by the Director in determining the rating that is assigned to the assuming insurer. Acceptable rating agencies include the following:
 - i. Standard & Poor's;
 - ii. Moody's Investors Service;
 - iii. Fitch Ratings;
 - iv. A.M. Best Company; or
 - v. Any other Nationally Recognized Statistical Rating Organization.
 - d. The certified reinsurer must comply with any other requirements reasonably imposed by the Director.
4. Each certified reinsurer shall be rated on a legal entity basis, with due consideration being given to the group rating where appropriate, except that an association including incorporated and individual unincorporated underwriters that has been approved to do business as a single certified reinsurer may be evaluated on the basis of its group rating. Factors that may be considered as part of the evaluation process include, but are not limited to, the following:
 - a. The certified reinsurer's financial strength rating from an acceptable rating agency. The maximum rating that a certified reinsurer may be assigned will correspond to its financial strength rating as outlined in the Table 1. The Director shall use the lowest financial strength rating received from an approved rating agency in establishing the maximum rating of a certified reinsurer. A failure to obtain or maintain at least two financial strength ratings from acceptable rating agencies will result in loss of eligibility for certification as outlined in Table 1.
 - b. The business practices of the certified reinsurer in dealing with its ceding insurers, including its record of compliance with reinsurance contractual terms and obligations;
- c. For certified reinsurers domiciled in the U.S., a review of the most recent applicable NAIC Annual Statement Blank, either Schedule F (for property/casualty reinsurers) or Schedule S (for life and health reinsurers);
- d. For certified reinsurers not domiciled in the U.S., a review annually of Form CR-F (instructions attached as Exhibit C) for property/casualty reinsurers or Form CR-S (instructions attached as Exhibit D) for life and health reinsurers;
- e. The reputation of the certified reinsurer for prompt payment of claims under reinsurance agreements, based on an analysis of ceding insurers' Schedule F reporting of overdue reinsurance recoverables, including the proportion of obligations that are more than 90 days past due or are in dispute, with specific attention given to obligations payable to companies that are in administrative supervision or receivership;
- f. Regulatory actions against the certified reinsurer;
- g. The report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in subsection (B)(4)(h);
- h. For certified reinsurers not domiciled in the U.S., audited financial statements, regulatory filings, and actuarial opinion (as filed with the non-U.S. jurisdiction supervisor, with a translation into English). Upon the initial application for certification, the Director will consider audited financial statements for the last two years filed with its non-U.S. jurisdiction supervisor;
- i. The liquidation priority of obligations to a ceding insurer in the certified reinsurer's domiciliary jurisdiction in the context of an insolvency proceeding;
- j. A certified reinsurer's participation in any solvent scheme of arrangement, or similar procedure, which involves U.S. ceding insurers. The Director shall receive prior notice from a certified reinsurer that proposes participation by the certified reinsurer in a solvent scheme of arrangement; and
- k. Any other information deemed relevant by the Director.

5. Based on the analysis conducted under subsection (B)(4)(e) of a certified reinsurer's reputation for prompt payment of claims, the Director may make appropriate adjustments in the security the certified reinsurer is required to post to protect its liabilities to U.S. ceding insurers, provided that the Director shall, at a minimum, increase the security the certified reinsurer is required to post by one rating level under subsection (B)(4)(a) if the Director finds that:
 - a. More than 15% of the certified reinsurer's ceding insurance clients have overdue reinsurance recoverables on paid losses of 90 days or more which are not in dispute and which exceed \$100 thousand for each cedent; or
 - b. The aggregate amount of reinsurance recoverables on paid losses which are not in dispute that are overdue by 90 days or more exceeds \$50 million.

6. The assuming insurer must submit a properly executed Form CR-1 (attached as Exhibit B) as evidence of its submission to the jurisdiction of Arizona, appointment of the

Director as an agent for service of process in Arizona, and agreement to provide security for 100% of the assuming insurer's liabilities attributable to reinsurance ceded by U.S. ceding insurers if it resists enforcement of a final U.S. judgment. The Director shall not certify any assuming insurer that is domiciled in a jurisdiction that the Director has determined does not adequately and promptly enforce final U.S. judgments or arbitration awards.

7. The certified reinsurer must agree to meet applicable information filing requirements as determined by the Director, both with respect to an initial application for certification and on an ongoing basis. All information submitted by certified reinsurers which are not otherwise public information subject to disclosure shall be exempted from disclosure under A.R.S. § 20-158 and shall be withheld from public disclosure. The applicable information filing requirements are, as follows:
 - a. Notification within ten days of any regulatory actions taken against the certified reinsurer, any change in the provisions of its domiciliary license or any change in rating by an approved rating agency, including a statement describing such changes and the reasons therefore;
 - b. Annually, Form CR-F or CR-S, as applicable;
 - c. Annually, the report of the independent auditor on the financial statements of the insurance enterprise, on the basis described in subsection (B)(7)(d);
 - d. Annually, the most recent audited financial statements, regulatory filings, and actuarial opinion (as filed with the certified reinsurer's supervisor, with a translation into English). Upon the initial certification, audited financial statements for the last two years filed with the certified reinsurer's supervisor;
 - e. At least annually, an updated list of all disputed and overdue reinsurance claims regarding reinsurance assumed from U.S. domestic ceding insurers;
 - f. A certification from the certified reinsurer's domestic regulator that the certified reinsurer is in good standing and maintains capital in excess of the jurisdiction's highest regulatory action level; and
 - g. Any other information that the Director may reasonably require.
8. Change in Rating or Revocation of Certification.
 - a. In the case of a downgrade by a rating agency or other disqualifying circumstance, the Director shall upon written notice assign a new rating to the certified reinsurer in accordance with the requirements of subsection (B)(4)(a).
 - b. The Director shall have the authority to suspend, revoke, or otherwise modify a certified reinsurer's certification at any time if the certified reinsurer fails to meet its obligations or security requirements under this Section, or if other financial or operating results of the certified reinsurer, or documented significant delays in payment by the certified reinsurer, lead the Director to reconsider the certified reinsurer's ability or willingness to meet its contractual obligations.
 - c. If the rating of a certified reinsurer is upgraded by the Director, the certified reinsurer may meet the security requirements applicable to its new rating on a prospective basis, but the Director shall require the certified reinsurer to post security under the previ-

ously applicable security requirements as to all contracts in force on or before the effective date of the upgraded rating. If the rating of a certified reinsurer is downgraded by the Director, the Director shall require the certified reinsurer to meet the security requirements applicable to its new rating for all business it has assumed as a certified reinsurer.

- d. Upon revocation of the certification of a certified reinsurer by the Director, the assuming insurer shall be required to post security in accordance with R20-6-A1607 in order for the ceding insurer to continue to take credit for reinsurance ceded to the assuming insurer. If funds continue to be held in trust in accordance with R20-6-A1604, the Director may allow additional credit equal to the ceding insurer's pro rata share of such funds, discounted to reflect the risk of uncollectibility and anticipated expenses of trust administration. Notwithstanding the change of a certified reinsurer's rating or revocation of its certification, a domestic insurer that has ceded reinsurance to that certified reinsurer may not be denied credit for reinsurance for a period of three months for all reinsurance ceded to that certified reinsurer, unless the reinsurance is found by the Director to be at high risk of uncollectibility.

C. Qualified Jurisdictions.

1. If, upon conducting an evaluation under this Section with respect to the reinsurance supervisory system of any non-U.S. assuming insurer, the Director determines that the jurisdiction qualifies to be recognized as a qualified jurisdiction, the Director shall publish notice and evidence of such recognition in an appropriate manner. The Director may establish a procedure to withdraw recognition of those jurisdictions that are no longer qualified.
2. In order to determine whether the domiciliary jurisdiction of a non-U.S. assuming insurer is eligible to be recognized as a qualified jurisdiction, the Director shall evaluate the reinsurance supervisory system of the non-U.S. jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits and the extent of reciprocal recognition afforded by the non-U.S. jurisdiction to reinsurers licensed and domiciled in the U.S. The Director shall determine the appropriate approach for evaluating the qualifications of such jurisdictions, and create and publish a list of jurisdictions whose reinsurers may be approved by the Director as eligible for certification. A qualified jurisdiction must agree to share information and cooperate with the Director with respect to all certified reinsurers domiciled within that jurisdiction. Additional factors to be considered in determining whether to recognize a qualified jurisdiction, in the discretion of the Director, include but are not limited to the following:
 - a. The framework under which the assuming insurer is regulated.
 - b. The structure and authority of the domiciliary regulator with regard to solvency regulation requirements and financial surveillance.
 - c. The substance of financial and operating standards for assuming insurers in the domiciliary jurisdiction.
 - d. The form and substance of financial reports required to be filed or made publicly available by reinsurers in the domiciliary jurisdiction and the accounting principles used.

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- e. The domiciliary regulator's willingness to cooperate with U.S. regulators in general and the Director in particular.
- f. The history of performance by assuming insurers in the domiciliary jurisdiction.
- g. Any documented evidence of substantial problems with the enforcement of final U.S. judgments in the domiciliary jurisdiction. A jurisdiction will not be considered to be a qualified jurisdiction if the Director has determined that it does not adequately and promptly enforce final U.S. judgments or arbitration awards.
- h. Any relevant international standards or guidance with respect to mutual recognition of reinsurance supervision adopted by the International Association of Insurance Supervisors or successor organization.
- i. Any other matters deemed relevant by the Director.
- 3. A list of qualified jurisdictions shall be published through the NAIC Committee Process. The Director shall consider this list in determining qualified jurisdictions. If the Director approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the Director shall provide thoroughly documented justification with respect to the criteria provided under subsections (C)(2)(a) through (C)(2)(i).
- 4. U.S. jurisdictions that meet the requirements for accreditation under the NAIC financial standards and accreditation program shall be recognized as qualified jurisdictions.
- D. Recognition of Certification Issued by an NAIC Accredited Jurisdiction.
 - 1. If an applicant for certification has been certified as a reinsurer in an NAIC accredited jurisdiction, the Director has the discretion to defer to that jurisdiction's certification, and to defer to the rating assigned by that jurisdiction, if the assuming insurer submits a properly executed Form CR-1 (Exhibit B) and such additional information as the Director requires. The assuming insurer shall be considered to be a certified reinsurer in Arizona.
- 2. Any change in the certified reinsurer's status or rating in the other jurisdiction shall apply automatically in Arizona as of the date it takes effect in the other jurisdiction. The certified reinsurer shall notify the Director of any change in its status or rating within ten days after receiving notice of the change.
- 3. The Director may withdraw recognition of the other jurisdiction's rating at any time and assign a new rating in accordance with subsection (B)(8).
- 4. The Director may withdraw recognition of the other jurisdiction's certification at any time with written notice to the certified reinsurer. Unless the Director suspends or revokes the certified reinsurer's certification in accordance with subsection (B)(8), the certified reinsurer's certification shall remain in good standing in this State for a period of three months, which shall be extended if additional time is necessary to consider the assuming insurer's application for certification in Arizona.
- E. Mandatory Funding Clause. In addition to the clauses required under R20-6-A1609(B), reinsurance contracts entered into or renewed under this Section shall include a proper funding clause, which requires the certified reinsurer to provide and maintain security in an amount sufficient to avoid the imposition of any financial statement penalty on the ceding insurer under this Section for reinsurance ceded to the certified reinsurer.
- F. The Director shall comply with all reporting and notification requirements that may be established by the NAIC with respect to certified reinsurers and qualified jurisdictions.

R20-6-A1606. Credit for Reinsurance - Reciprocal Jurisdictions; Credit for Reinsurance Required by Law

- A. Credit for reinsurance to a reciprocal jurisdiction assuming insurer. Pursuant to A.R.S. § 20-3602(H), (I), (J), (K), (L), and (R), the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer that is licensed to write reinsurance by, and has its head office or is domiciled in, a reciprocal jurisdiction, and which meets the other requirements of this Part.
- B. A "reciprocal jurisdiction" is a jurisdiction, as designated by the Director pursuant to subsection (D) that meets one of the following:
 - 1. A non-U.S. jurisdiction that is subject to an in-force covered agreement with the United States, each within its legal authority, or, in the case of a covered agreement between the United States and the European Union, is a member state of the European Union. For purposes of this subsection, a "covered agreement" is an agreement entered into pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, 31 U.S.C. §§ 313 and 314, that is currently in effect or in a period of provisional application and addresses the elimination, under specified conditions, of collateral requirements as a condition for entering into any reinsurance agreement with a

- ceding insurer domiciled in this state or for allowing the ceding insurer to recognize credit for reinsurance;
2. A U.S. jurisdiction that meets the requirements for accreditation under the NAIC financial standards and accreditation program; or
 3. A qualified jurisdiction, as determined by the Director pursuant to A.R.S. § 20-3602(G)(3) and Section R20-6-A1605(C), which is not otherwise described in subsections (B)(1) or (B)(2) and which the Director determines meets all of the following additional requirements:
 - a. Provides that an insurer who has its head office or is domiciled in such qualified jurisdiction shall receive credit for reinsurance ceded to a U.S.-domiciled assuming insurer in the same manner as credit for reinsurance is received for reinsurance assumed by insurers domiciled in such qualified jurisdiction;
 - b. Does not require a U.S.-domiciled assuming insurer to establish or maintain a local presence as a condition for entering into a reinsurance agreement with any ceding insurer subject to regulation by the non-U.S. jurisdiction or as a condition to allow the ceding insurer to recognize credit for such reinsurance;
 - c. Recognizes the U.S. state regulatory approach to group supervision and group capital, by providing written confirmation by a competent regulatory authority, in such qualified jurisdiction, that insurers and insurance groups who are domiciled or maintain their headquarters in this state or another jurisdiction accredited by the NAIC shall be subject only to worldwide prudential insurance group supervision including worldwide group governance, solvency and capital, and reporting, as applicable, by the Director or the commissioner of the domiciliary state and will not be subject to group supervision at the level of the worldwide parent undertaking of the insurance or reinsurance group by the qualified jurisdiction; and
 - d. Provides written confirmation by a competent regulatory authority in such qualified jurisdiction that information regarding insurers and their parent, subsidiary, or affiliated entities, if applicable, shall be provided to the Director in accordance with a memorandum of understanding or similar document between the Director and such qualified jurisdiction, including but not limited to the International Association of Insurance Supervisors Multilateral Memorandum of Understanding or other multilateral memoranda of understanding coordinated by the NAIC.
- C. Credit shall be allowed when the reinsurance is ceded from an insurer domiciled in this state to a reciprocal jurisdiction assuming insurer meeting each of these conditions:
1. The assuming insurer must be licensed to transact insurance by, and have its head office or be domiciled in, a reciprocal jurisdiction;
 2. The assuming insurer must have and maintain on an ongoing basis minimum capital and surplus, or its equivalent, calculated on at least an annual basis as of the preceding December 31 or at the annual date otherwise statutorily reported to the reciprocal jurisdiction, and confirmed as set forth in subsection (C)(7) according to the methodology of its domiciliary jurisdiction, in the following amounts:
 - a. No less than \$250 million; or
 - b. If the assuming insurer is an association, including incorporated and individual unincorporated underwriters:
 - i. Minimum capital and surplus equivalents (net of liabilities) or own funds of the equivalent of at least \$250 million; and
 - ii. A central fund containing a balance of the equivalent of at least \$250 million.
 3. The assuming insurer must have and maintain on an ongoing basis a minimum solvency or capital ratio, as applicable, as follows:
 - a. If the assuming insurer has its head office or is domiciled in a reciprocal jurisdiction as defined in subsection (B)(1), the ratio specified in the applicable covered agreement;
 - b. If the assuming insurer is domiciled in a reciprocal jurisdiction as defined in subsection (B)(2), a risk-based capital (RBC) ratio of 300% of the authorized control level, calculated in accordance with the formula developed by the NAIC; or
 - c. If the assuming insurer is domiciled in a reciprocal jurisdiction as defined in subsection (B), after consultation with the reciprocal jurisdiction and considering any recommendations published through the NAIC Committee Process, such solvency or capital ratio as the Director determines to be an effective measure of solvency.
 4. The assuming insurer must agree to and provide adequate assurance, in the form of a properly executed Form RJ-1 (Exhibit E), of its agreement to the following:
 - a. The assuming insurer must agree to provide prompt written notice and explanation to the Director if it falls below the minimum requirements set forth in subsections (C)(2) or (C)(3), or if any regulatory action is taken against it for serious noncompliance with applicable law;
 - b. The assuming insurer must consent in writing to the jurisdiction of the courts of this state and to the appointment of the Director as agent for service of process.
 - i. The Director may also require that such consent be provided and included in each reinsurance agreement under the Director's jurisdiction.
 - ii. Nothing in this provision shall limit or in any way alter the capacity of parties to a reinsurance agreement to agree to alternative dispute resolution mechanisms, except to the extent such agreements are unenforceable under applicable insolvency or delinquency laws;
 - c. The assuming insurer must consent in writing to pay all final judgments, wherever enforcement is sought, obtained by a ceding insurer, that have been declared enforceable in the territory where the judgment was obtained;
 - d. Each reinsurance agreement must include a provision requiring the assuming insurer to provide security in an amount equal to 100% of the assuming insurer's liabilities attributable to reinsurance ceded pursuant to that agreement if the assuming insurer resists enforcement of a final judgment that is enforceable under the law of the jurisdiction in which it was obtained or a properly enforceable arbitration award, whether obtained by the ceding

- insurer or by its legal successor on behalf of its estate, if applicable;
- e. The assuming insurer must confirm that it is not presently participating in any solvent scheme of arrangement, which involved this state's ceding insurers, and agrees to notify the ceding insurer and the Director and to provide 100% security to the ceding insurer consistent with the terms of the scheme, should the assuming insurer enter into such a solvent scheme of arrangement. Such security shall be in a form consistent with the provisions of A.R.S. §§ 20-3602(G) and 20-3603, R20-6-A1608, or R20-6-A1609(A). For purposes of this Section, the term "solvent scheme of arrangement" means a foreign or alien statutory or regulatory compromise procedure subject to requisite majority creditor approval and judicial sanction in the assuming insurer's home jurisdiction either to finally commute liabilities of duly noticed class members or creditors of a solvent debtor, or to reorganize or restructure the debts and obligations of a solvent debtor on a final basis, and which may be subject to judicial recognition and enforcement of the arrangement by a governing authority outside the ceding insurer's home jurisdiction; and
 - f. The assuming insurer must agree in writing to meet the applicable information filing requirements as set forth in subsection (C)(5).
5. The assuming insurer or its legal successor must provide, if requested by the Director, on behalf of itself and any legal predecessors, the following documentation to the Director:
 - a. For the two years preceding entry into the reinsurance agreement and on an annual basis thereafter, the assuming insurer's annual audited financial statements, in accordance with the applicable law of the jurisdiction of its head office or domiciliary jurisdiction, as applicable, including the external audit report;
 - b. For the two years preceding entry into the reinsurance agreement, the solvency and financial condition report or actuarial opinion, if filed with the assuming insurer's supervisor;
 - c. Prior to entry into the reinsurance agreement and not more than semi-annually thereafter, an updated list of all disputed and overdue reinsurance claims outstanding for 90 days or more, regarding reinsurance assumed from ceding insurers domiciled in the United States; and
 - d. Prior to entry into the reinsurance agreement and not more than semi-annually thereafter, information regarding the assuming insurer's assumed reinsurance by ceding insurer, ceded reinsurance by the assuming insurer, and reinsurance recoverable on paid and unpaid losses by the assuming insurer to allow for the evaluation of the criteria set forth in subsection (C)(6).
 6. The assuming insurer must maintain a practice of prompt payment of claims under reinsurance agreements. The lack of prompt payment will be evidenced if any of the following criteria is met:
 - a. More than 15% of the reinsurance recoverables from the assuming insurer are overdue and in dispute as reported by the Director;
 - b. More than 15% of the assuming insurer's ceding insurers or reinsurers have overdue reinsurance recoverable on paid losses of 90 days or more which are not in dispute and which exceed for each ceding insurer \$100 thousand, or as otherwise specified in a covered agreement; or
 - c. The aggregate amount of reinsurance recoverable on paid losses which are not in dispute, but are overdue by 90 days or more, exceeds \$50 million, or as otherwise specified in a covered agreement.
 7. The assuming insurer's supervisory authority must confirm to the Director on an annual basis that the assuming insurer complies with the requirements set forth in subsections (C)(2) and (C)(3).
 8. Nothing in this provision precludes an assuming insurer from providing the Director with information on a voluntary basis.
- D. The Director shall timely create and publish a list of reciprocal jurisdictions.
 1. A list of reciprocal jurisdictions is published through the NAIC committee process. The Director's list shall include any reciprocal jurisdiction as defined under subsections (B)(1) and (B)(2), and shall consider any other reciprocal jurisdiction included on the NAIC list. The Director may approve a jurisdiction that does not appear on the NAIC list of reciprocal jurisdictions as provided by applicable law, regulation, or in accordance with criteria published through the NAIC committee process.
 2. The Director may remove a jurisdiction from the list of reciprocal jurisdictions upon a determination that the jurisdiction no longer meets one or more of the requirements of a reciprocal jurisdiction, as provided by applicable law, regulation, or in accordance with a process published through the NAIC committee process, except that the Director shall not remove from the list a reciprocal jurisdiction as defined under subsections (B)(1) and (B)(2). Upon removal of a reciprocal jurisdiction from this list, credit for reinsurance ceded to an assuming insurer domiciled in that jurisdiction shall be allowed, if otherwise allowed pursuant to A.R.S. Title 20, Chapter 30 and this Part.
 - E. The Director shall timely create and publish a list of reciprocal jurisdiction assuming insurers that have satisfied the conditions set forth in this Section and to which cessions shall be granted credit in accordance with this subsection.
 1. If an NAIC accredited jurisdiction has determined that the conditions set forth in subsection (C) have been met, the Director has the discretion to defer to that jurisdiction's determination, and add such assuming insurer to the list of assuming insurers to which cessions shall be granted credit in accordance with this subsection. The Director may accept financial documentation filed with another NAIC accredited jurisdiction or with the NAIC in satisfaction of the requirement of subsection (C).
 2. When requesting that the Director defer to another NAIC accredited jurisdiction's determination, an assuming insurer must submit a properly executed Form RJ-1 (Appendix E) and additional information as the Director may require. A state that has received such a request will notify other states through the NAIC committee process and provide relevant information with respect to the determination of eligibility.
 - F. If the Director determines that a reciprocal jurisdiction assuming insurer no longer meets one or more of the requirements

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

under this Section, the Director may revoke or suspend the eligibility of the reciprocal jurisdiction assuming insurer for recognition under this Section.

1. While an assuming insurer's eligibility is suspended, no reinsurance agreement issued, amended, or renewed after the effective date of the suspension qualifies for credit except to the extent that the assuming insurer's obligations under the contract are secured in accordance with R20-6-A1607.
 2. If an assuming insurer's eligibility is revoked, no credit for reinsurance may be granted after the effective date of the revocation with respect to any reinsurance agreements entered into by the assuming insurer, including reinsurance agreements entered into prior to the date of revocation, except to the extent that the assuming insurer's obligations under the contract are secured in a form acceptable to the Director and consistent with the provisions of R20-6-A1607.
- G.** Before denying statement credit or imposing a requirement to post security with respect to subsection (F) or adopting any similar requirement that will have substantially the same regulatory impact as security, the Director shall:
1. Communicate with the ceding insurer, the assuming insurer, and the assuming insurer's supervisory authority that the assuming insurer no longer satisfies one of the conditions listed in subsection (C);
 2. Provide the assuming insurer with 30 days from the initial communication to submit a plan to remedy the defect, and 90 days from the initial communication to remedy the defect, except in exceptional circumstances in which a shorter period is necessary for policyholder and other consumer protection;
 3. After the expiration of 90 days or less, as set out in subsection (G)(2), if the Director determines that no or insufficient action was taken by the assuming insurer, the Director may impose any of the requirements as set out in this subsection (G); and
 4. Provide a written explanation to the assuming insurer of any of the requirements set out in this subsection (G).
- H.** If subject to a legal process of rehabilitation, liquidation, or conservation, as applicable, the ceding insurer, or its representative, may seek and, if determined appropriate by the court in which the proceedings are pending, may obtain an order requiring the reciprocal jurisdiction assuming insurer to post security for all outstanding liabilities.
- I.** Credit for reinsurance required by law. Pursuant to A.R.S. § 20-3602(M), the Director shall allow credit for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of A.R.S. §§ 20-3602(C) through (G) but only as to the insurance of risks located in jurisdictions where the reinsurance is required by the applicable law or regulation of that jurisdiction. As used in this Section, "jurisdiction" means state, district, or territory of the United States and any lawful national government.

Historical Note

New Section R20-6-A1606 renumbered from R20-6-1606 and amended by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase "of this Section" and word "above" were removed when followed by a subsection reference (Supp. 22-1).

R20-6-A1607. Asset or Reduction from Liability for Reinsurance Ceded to an Unauthorized Assuming Insurer not Meeting the Requirements of R20-6-A1601 through R20-6-A1606

- A.** Pursuant to A.R.S. § 20-3603, the Director shall allow a reduction from liability for reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of A.R.S. § 20-3602 in an amount not exceeding the liabilities carried by the ceding insurer. The reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the exclusive benefit of the ceding insurer, under a reinsurance contract with such assuming insurer as security for the payment of obligations under the reinsurance contract. The security shall be held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer or, in the case of a trust, held in a qualified United States financial institution as defined in A.R.S. § 20-3601. This security may be in the form of any of the following:
1. Cash;
 2. Securities listed by the Securities Valuation Office of the NAIC, including those deemed exempt from filing as defined by the Purposes and Procedures Manual of the Securities Valuation Office, and qualifying as admitted assets;
 3. Clean, irrevocable, unconditional, and "evergreen" letters of credit issued or confirmed by a qualified United States institution, as defined in A.R.S. § 20-3601, effective no later than December 31 of the year for which filing is being made, and in the possession of, or in trust for, the ceding insurer on or before the filing date of its annual statement. Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance (or confirmation) shall, notwithstanding the issuing (or confirming) institution's subsequent failure to meet applicable standards of issuer acceptability, continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs; or
 4. Any other form of security acceptable to the Director.
- B.** An admitted asset or a reduction from liability for reinsurance ceded to an unauthorized assuming insurer pursuant to this Section shall be allowed only when the requirements of R20-6-A1609(B) and the applicable portions of R20-6-A1608 or R20-6-A1609(A) have been satisfied.

R20-6-A1608. Trust Agreements Qualified under R20-6-A1607; Letters of Credit Qualified under R20-6-A1607

- A.** Trust agreements - definitions. As used in subsections (B) through (G):
1. "Beneficiary" includes any successor by operation of law of the named beneficiary, including without limitation any liquidator, rehabilitator, receiver, or conservator.
 2. "Grantor" means the entity that has established a trust for the sole benefit of the beneficiary. When established in conjunction with a reinsurance agreement, the grantor is the unlicensed, unaccredited assuming insurer.
 3. "Obligations," as used in subsection (B)(11), means:
 - a. Reinsured losses and allocated loss expenses paid by the ceding company but not recovered from the assuming insurer;

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- b. Reserves for reinsured losses reported and outstanding;
- c. Reserves for reinsured losses incurred but not reported; and
- d. Reserves for allocated reinsured loss expenses and unearned premiums.

B. Trust agreements - required conditions.

1. The trust agreement shall be entered into between the beneficiary, the grantor, and a trustee which shall be a qualified United States financial institution as defined in A.R.S. § 20-3601.
2. The trust agreement shall create a trust account into which assets shall be deposited.
3. All assets in the trust account shall be held by the trustee at the trustee's office in the United States.
4. The trust agreement shall provide that:
 - a. The beneficiary shall have the right to withdraw assets from the trust account at any time, without notice to the grantor, subject only to written notice from the beneficiary to the trustee;
 - b. No other statement or document is required to be presented in order to withdraw assets, except that the beneficiary may be required to acknowledge receipt of withdrawn assets;
 - c. It is not subject to any conditions or qualifications outside of the trust agreement; and
 - d. It shall not contain references to any other agreements or documents except as provided for in subsections (B)(11) and (B)(12).
5. The trust agreement shall be established for the sole benefit of the beneficiary.
6. The trust agreement shall require the trustee to:
 - a. Receive assets and hold all assets in a safe place;
 - b. Determine that all assets are in such form that the beneficiary, or the trustee upon direction by the beneficiary, may whenever necessary negotiate any such assets, without consent or signature from the grantor or any other person or entity;
 - c. Furnish to the grantor and the beneficiary a statement of all assets in the trust account upon its inception and at intervals no less frequent than the end of each calendar quarter;
 - d. Notify the grantor and the beneficiary within ten days, of any deposits to or withdrawals from the trust account;
 - e. Upon written demand of the beneficiary, immediately take any and all steps necessary to transfer absolutely and unequivocally all right, title, and interest in the assets held in the trust account to the beneficiary and deliver physical custody of the assets to the beneficiary; and
 - f. Allow no substitutions or withdrawals of assets from the trust account, except on written instructions from the beneficiary, except that the trustee may, without the consent of but with notice to the beneficiary, upon call or maturity of any trust asset, withdraw such asset upon condition that the proceeds are paid into the trust account.
7. The trust agreement shall provide that at least 30 days, but not more than 45 days, prior to termination of the trust account, written notification of termination shall be delivered by the trustee to the beneficiary.
8. The trust agreement shall be made subject to and governed by the laws of the state in which the trust is domiciled.
9. The trust agreement shall prohibit invasion of the trust corpus for the purpose of paying commission to, or reimbursing the expenses of, the trustee. In order for a letter of credit to qualify as an asset of the trust, the trustee shall have the right and the obligation pursuant to the deed of trust or some other binding agreement (as duly approved by the Director), to immediately draw down the full amount of the letter of credit and hold the proceeds in trust for the beneficiaries of the trust if the letter of credit will otherwise expire without being renewed or replaced.
10. The trust agreement shall provide that the trustee shall be liable for its negligence, willful misconduct, or lack of good faith. The failure of the trustee to draw against the letter of credit in circumstances where such draw would be required shall be deemed to be negligence and/or willful misconduct.
11. Notwithstanding other provisions of subsections (A) through (G), when a trust agreement is established in conjunction with a reinsurance agreement covering risks other than life, annuities, and accident and health, where it is customary practice to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of the ceding insurer or the assuming insurer, only for the following purposes:
 - a. To pay or reimburse the ceding insurer for the assuming insurer's share under the specific reinsurance agreement regarding any losses and allocated loss expenses paid by the ceding insurer, but not recovered from the assuming insurer, or for unearned premiums due to the ceding insurer if not otherwise paid by the assuming insurer;
 - b. To make payment to the assuming insurer of any amounts held in the trust account that exceed 102% of the actual amount required to fund the assuming insurer's obligations under the specific reinsurance agreement; or
 - c. Where the ceding insurer has received notification of termination of the trust account and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the obligations and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified United States financial institution as defined in A.R.S. § 20-3601 apart from its general assets, in trust for such uses and purposes specified in subsections (11)(a) and (11)(b) as may remain executory after such withdrawal and for any period after the termination date.
12. Notwithstanding other provisions of subsections (A) through (G), when a trust agreement is established to meet the requirements of R20-6-A1607 in conjunction with a reinsurance agreement covering life, annuities, or accident and health risks, where it is customary to provide a trust agreement for a specific purpose, the trust agreement may provide that the ceding insurer shall undertake to use and apply amounts drawn upon the trust account, without diminution because of the insolvency of

the ceding insurer or the assuming insurer, only for the following purposes:

- a. To pay or reimburse the ceding insurer for:
 - i. The assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of the policies; and
 - ii. The assuming insurer's share under the specific reinsurance agreement of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurer, under the terms and provision of the policies reinsured under the reinsurance agreement.
- b. To pay to the assuming insurer amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer, or
- c. Where the ceding insurer has received notification of termination of the trust and where the assuming insurer's entire obligations under the specific reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the assuming insurer's share of liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer, and deposit those amounts in a separate account, in the name of the ceding insurer in any qualified U.S. financial institution apart from its general assets, in trust for the uses and purposes specified in subsections (12)(a) and (12)(b) as may remain executory after withdrawal and for any period after the termination date.

13. Either the reinsurance agreement or the trust agreement must stipulate that assets deposited in the trust account shall be valued according to their current fair market value and shall consist only of cash in United States dollars, certificates of deposit issued by a United States bank and payable in United States dollars, and investments permitted by the Insurance Code, or any combination of the above, provided investments in or issued by an entity controlling, controlled by, or under common control with either the grantor or the beneficiary of the trust shall not exceed 5% of total investments. The agreement may further specify the types of investments to be deposited. If the reinsurance agreement covers life, annuities, or accident and health risks, then the provisions required by this subsection must be included in the reinsurance agreement.

C. Trust agreements - permitted conditions.

1. The trust agreement may provide that the trustee may resign upon delivery of a written notice of resignation, effective not less than 90 days after the beneficiary and grantor receive the notice and that the trustee may be removed by the grantor by delivery to the trustee and the beneficiary of a written notice of removal, effective not less than 90 days after the trustee and the beneficiary receive the notice, provided that no such resignation or removal shall be effective until a successor trustee has been duly appointed and approved by the beneficiary and the grantor and all assets in the trust have been duly transferred to the new trustee.

2. The grantor may have the full and unqualified right to vote any shares of stock in the trust account and to receive from time to time payments of any dividends or interest upon any shares of stock or obligations included in the trust account. Any interest or dividends shall be either forwarded promptly upon receipt to the grantor or deposited in a separate account established in the grantor's name.
3. The trustee may be given authority to invest, and accept substitutions of, any funds in the account, provided that no investment or substitution shall be made without prior approval of the beneficiary, unless the trust agreement specifies categories of investments acceptable to the beneficiary and authorizes the trustee to invest funds and to accept substitutions that the trustee determines are at least equal in current fair market value to the assets withdrawn and that are consistent with the restrictions in subsection (D)(1)(b).
4. The trust agreement may provide that the beneficiary may at any time designate a party to which all or part of the trust assets are to be transferred. Transfer may be conditioned upon the trustee receiving, prior to or simultaneously, other specified assets.
5. The trust agreement may provide that, upon termination of the trust account, all assets not previously withdrawn by the beneficiary shall, with written approval by the beneficiary, be delivered over to the grantor.

D. Trust agreements - additional conditions applicable to reinsurance agreements:

1. A reinsurance agreement may contain provisions that:
 - a. Require the assuming insurer to enter into a trust agreement and to establish a trust account for the benefit of the ceding insurer, and specifying what the agreement is to cover;
 - b. Require the assuming insurer, prior to depositing assets with the trustee, to execute assignments or endorsements in blank, or to transfer legal title to the trustee of all shares, obligations, or any other assets requiring assignments, in order that the ceding insurer, or the trustee upon the direction of the ceding insurer, may whenever necessary negotiate these assets without consent or signature from the assuming insurer or any other entity;
 - c. Require that all settlements of account between the ceding insurer and the assuming insurer be made in cash or its equivalent; and
 - d. Stipulate that the assuming insurer and the ceding insurer agree that the assets in the trust account, established pursuant to the provisions of the reinsurance agreement, may be withdrawn by the ceding insurer at any time, notwithstanding any other provisions in the reinsurance agreement, and shall be utilized and applied by the ceding insurer or its successors in interest by operation of law, including without limitation any liquidator, rehabilitator, receiver, or conservator of such company, without diminution because of insolvency on the part of the ceding insurer or the assuming insurer, only for the following purposes:
 - i. To pay or reimburse the ceding insurer for the assuming insurer's share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurer, to the owners of policies reinsured

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

- under the reinsurance agreement because of cancellations of such policies; and
- ii. To pay or reimburse the ceding insurer for the assuming insurer's share of surrenders and benefits or losses paid by the ceding insurer pursuant to the provisions of the policies reinsured under the reinsurance agreement; and
 - iii. To pay or reimburse the ceding insurer for any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding reinsurer; or
 - iv. To make payment to the assuming insurer of amounts held in the trust account in excess of the amount necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer.
2. The reinsurance agreement also may contain provisions that:
 - a. Give the assuming insurer the right to seek approval from the ceding insurer, which shall not be unreasonably or arbitrarily withheld, to withdraw from the trust account all or any part of the trust assets and transfer those assets to the assuming insurer, provided:
 - i. The assuming insurer shall, at the time of withdrawal, replace the withdrawn assets with other qualified assets having a current fair market value equal to the market value of the assets withdrawn so as to maintain at all times the deposit in the required amount, or
 - ii. After withdrawal and transfer, the current fair market value of the trust account is no less than 102% of the required amount.
 - b. Provide for the return of any amount withdrawn in excess of the actual amounts required for subsection (D)(1)(d), and for interest payments at a rate not in excess of the prime rate of interest on such amounts;
 - c. Permit the award by any arbitration panel or court of competent jurisdiction of:
 - i. Interest at a rate different from that provided in subsection (D)(2)(b);
 - ii. Court or arbitration costs;
 - iii. Attorney's fees; and
 - iv. Any other reasonable expenses.
- E. Trust agreements - financial reporting. A trust agreement may be used to reduce any liability for reinsurance ceded to an unauthorized assuming insurer in financial statements required to be filed with the Director in compliance with the provisions of this Part when established on or before the date of filing of the financial statement of the ceding insurer. Further, the reduction for the existence of an acceptable trust account may be up to the current fair market value of acceptable assets available to be withdrawn from the trust account at that time, but such reduction shall be no greater than the specific obligations under the reinsurance agreement that the trust account was established to secure.
 - F. Trust agreements - existing agreements. Notwithstanding the effective date of this Part, any trust agreement or underlying reinsurance agreement in existence and approved by the Director prior to the effective date of this Part will continue to be acceptable until December 31, 2016, at which time the agreements will have to fully comply with subsections (A) through (G) for the trust agreement to be acceptable.
 - G. Trust agreements - failure to identify beneficiary. The failure of any trust agreement to specifically identify the beneficiary as defined in subsection (A)(1) shall not be construed to affect any actions or rights that the Director may take or possess pursuant to the provisions of the laws of Arizona.
 - H. Letters of credit. The letter of credit must be clean, irrevocable, unconditional, and issued or confirmed by a qualified United States financial institution as defined A.R.S. § 20-3601. The letter of credit shall contain an issue date and expiration date and shall stipulate that the beneficiary need only draw a sight draft under the letter of credit and present it to obtain funds and that no other document need be presented. The letter of credit also shall indicate that it is not subject to any condition or qualifications outside of the letter of credit. In addition, the letter of credit itself shall not contain reference to any other agreements, documents or entities, except as provided in subsection (N)(1). As used in this Section, "beneficiary" includes any successor by operation of law of the named beneficiary, including without limitation any liquidator, rehabilitator, receiver, or conservator. If a court of law appoints a successor in interest to the named beneficiary, then the named beneficiary includes and is limited to the court appointed domiciliary receiver (including conservator, rehabilitator, or liquidator).
 - I. Letters of credit - heading. The heading of the letter of credit may include a boxed section containing the name of the applicant and other appropriate notations to provide a reference for the letter of credit. The boxed section shall be clearly marked to indicate that such information is for internal identification purposes only.
 - J. Letters of credit - required statements and clauses.
 1. A letter of credit shall contain a statement to the effect that the obligation of the qualified United States financial institution under the letter of credit is in no way contingent upon reimbursement with respect thereto.
 2. The letter of credit shall state whether it is subject to and governed by the laws of Arizona or the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98). All drafts of letters of credit drawn according to UCP 600 or ISP98 shall be presentable at an office in the United States of a qualified United States financial institution.
 3. The letter of credit shall contain an "evergreen clause" in compliance with subsection (K).
 - K. Letters of credit - term of the letter of credit. The term of the letter of credit shall be for at least one year and shall contain an "evergreen clause" that prevents the expiration of the letter of credit without due notice from the issuer. The "evergreen clause" shall provide for no less than 30 days' notice prior to expiration date or nonrenewal.
 - L. Letters of credit made subject to UCP 600 or ISP98. If the letter of credit is made subject to the Uniform Customs and Practice for Documentary Credits of the International Chamber of Commerce Publication 600 (UCP 600) or International Standby Practices of the International Chamber of Commerce Publication 590 (ISP98), then the letter of credit shall specifically address and provide for an extension of time to draw against the letter of credit in the event that one or more of the occurrences specified in Article 36 of UCP 600 occur.
 - M. Letters of credit - additional requirements. If the letter of credit is issued by a financial institution authorized to issue letters of credit, other than a qualified United States financial institution

TITLE 20. COMMERCE, FINANCIAL INSTITUTIONS, AND INSURANCE

CHAPTER 6. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - INSURANCE DIVISION

as described in subsection (H), then the following additional requirements shall be met:

1. The issuing financial institution shall formally designate the confirming qualified United States financial institution as its agent for the receipt and payment of the drafts; and
 2. The “evergreen clause” shall provide for 30 days’ notice prior to expiration date or nonrenewal.
- N. Letters of credit - reinsurance agreement provisions.
1. The reinsurance agreement in conjunction with which the letter of credit is obtained may contain provisions that:
 - a. Require the assuming insurer to provide letters of credit to the ceding insurer and specify what they are to cover;
 - b. Stipulate that the assuming insurer and ceding insurer agree that the letter of credit provided by the assuming insurer pursuant to the provisions of the reinsurance agreement may be drawn upon at any time, notwithstanding any other provisions in the agreement, and shall be utilized by the ceding insurer or its successors in interest only for one or more of the following reasons:
 - i. To pay or reimburse the ceding insurer for the assuming insurer’s share under the specific reinsurance agreement of premiums returned, but not yet recovered from the assuming insurers, to the owners of policies reinsured under the reinsurance agreement on account of cancellations of such policies;
 - ii. To pay or reimburse the ceding insurer for the assuming insurer’s share, under the specific reinsurance agreement, of surrenders and benefits or losses paid by the ceding insurer, but not yet recovered from the assuming insurers, under the terms and provisions of the policies reinsured under the reinsurance agreement; and
 - iii. To pay or reimburse the ceding insurer for any other amounts necessary to secure the credit or reduction from liability for reinsurance taken by the ceding insurer;
 - iv. Where the letter of credit will expire without renewal or be reduced or replaced by a letter of credit for a reduced amount and where the assuming insurer’s entire obligations under the reinsurance agreement remain unliquidated and undischarged ten days prior to the termination date, to withdraw amounts equal to the assuming insurer’s share of the liabilities, to the extent that the liabilities have not yet been funded by the assuming insurer and exceed the amount of any reduced or replacement letter of credit, and deposit those amounts in a separate account in the name of the ceding insurer in a qualified U.S. financial institution apart from its general assets, in trust for such uses and purposes specified in subsections (N)(1)(b)(i), (N)(1)(b)(ii), and (N)(1)(b)(iii) as may remain after withdrawal and for any period after the termination date.
 - c. All of the provisions of subsections (N)(1)(a) and (N)(1)(b) shall be applied without diminution

because of insolvency on the part of the ceding insurer or assuming insurer.

2. Nothing contained in subsection (N)(1) shall preclude the ceding insurer and assuming insurer from providing for:
 - a. An interest payment, at a rate not in excess of the prime rate of interest on the amounts held pursuant to subsection (N)(1)(b); or
 - b. The return of any amounts drawn down on the letters of credit in excess of the actual amounts required for the above or any amounts that are subsequently determined not to be due.

- B. Reinsurance Contract. Credit will not be granted, nor an asset or reduction from liability allowed, to a ceding insurer for reinsurance effected with assuming insurers meeting the requirements of R20-6-A1601 through R20-6-A1605 or R20-6-A1607 of this Article or otherwise in compliance with A.R.S. § 20-3602 after the adoption of this Part unless the reinsurance agreement:
 1. Includes a proper insolvency clause, which stipulates that reinsurance is payable directly to the liquidator or successor without diminution regardless of the status of the ceding company, pursuant to A.R.S. § 20-261(C);
 2. Includes a provision pursuant to A.R.S. § 20-3602 whereby the assuming insurer, if an unauthorized assuming insurer, has submitted to the jurisdiction of an alternative dispute-resolution panel or court of competent jurisdiction within the United States, has agreed to comply with all requirements necessary to give the court or panel jurisdiction, has designated an agent upon whom service of process may be effected, and has agreed to abide by the final decision of the court or panel; and
 3. Includes a proper reinsurance intermediary clause, if applicable, which stipulates that the credit risk for the intermediary is carried by the assuming insurer.
- C. Contracts affected. All new and renewal reinsurance transactions entered into after the effective date of this Part shall conform to the requirements of A.R.S. Title 20, Chapter 30 and this Part if credit is to be given to the ceding insurer for such reinsurance.

 - a. The risks are clearly outside of the intent and purpose of this Part B;
 - b. The risks are included within the scope of this regulation only as a technicality; and
 - c. The application of this Part B to those risks is not necessary to provide appropriate protection to policyholders. Historical Note

New Section R20-6-B1601 renumbered from R20-6-1610 and repealed; new Section R20-6-B1601 made by final rulemaking at 28 A.A.R. 493 (March 4, 2022), effective April 9, 2022; the redundant phrase "of this Section" was removed when followed by a subsection refer-

ence, and the word "Section" was removed before a Chapter Section number (Supp. 22-1).

R20-6-B1602. The Actuarial Method

- A. Actuarial Method. The Actuarial Method to establish the Required Level of Primary Security for each reinsurance treaty subject to this Part B shall be VM-20, applied on a treaty-by-treaty basis, including all relevant definitions, from the Valuation Manual then in effect, applied as follows:
 - 1. For Covered Policies described in R20-6-B1601(C)(2)(a), the Actuarial Method is the greater of the Deterministic Reserve or the Net Premium Reserve (NPR) regardless of whether the criteria for exemption testing can be met. However, if the Covered Policies do not meet the requirements of the Stochastic Reserve exclusion test in the Valuation Manual, then the Actuarial Method is the greatest of the Deterministic Reserve, the Stochastic Reserve, or the NPR. In addition, if such Covered Policies are reinsured in a reinsurance treaty that also contains Covered Policies described in R20-6-B1601(C)(2)(b), the ceding insurer may elect to instead use subsection (A)(2) as the Actuarial Method for the entire reinsurance agreement. Whether subsection (A)(1) or (A)(2) is used, the Actuarial Method must comply with any requirements or restrictions that the Valuation Manual imposes when aggregating these policy types for purposes of principle-based reserve calculations.
 - 2. For Covered Policies described in R20-6-B1601(C)(2)(b), the Actuarial Method is the greatest of the Deterministic Reserve, the Stochastic Reserve, or the NPR regardless of whether the criteria for exemption testing can be met.
 - 3. Except as provided in subsection (A)(4), the Actuarial Method is to be applied on a gross basis to all risks with respect to the Covered Policies as originally issued or assumed by the ceding insurer.
 - 4. If the reinsurance treaty cedes less than 100% of the risk with respect to the Covered Policies, then the Required Level of Primary Security may be reduced as follows:
 - a. If a reinsurance treaty cedes only a quota share of some of all of the risks pertaining to the Covered Policies, the Required Level of Primary Security, as well as any adjustment under subsection (A)(4)(c), may be reduced to a pro rata portion in accordance with the percentage of the risk ceded;
 - b. If the reinsurance treaty in a non-exempt arrangement cedes only the risks pertaining to a secondary guarantee, the Required Level of Primary Security may be reduced by an amount determined by applying the Actuarial Method on a gross basis to all risks, other than risks related to the secondary guarantee, pertaining to the Covered Policies, except that for Covered Policies for which the ceding insurer did not elect to apply the provisions of VM-20 to establish statutory reserves, the Required Level of Primary Security may be reduced by the statutory reserve retained by the ceding insurer on those Covered Policies, where the retained reserve of those Covered Policies should be reflective of any reduction pursuant to the cessation of mortality risk on a yearly renewable term basis in an exempt arrangement;
 - c. If a portion of the covered policy risk is ceded to another reinsurer on a yearly renewable term basis in an exempt arrangement, the Required Level of Pri-

mary Security may be reduced by the amount resulting by applying the Actuarial Method including the reinsurance section of VM-20 to the portion of the covered policy risks ceded in the exempt arrangement, except that for Covered Policies issued prior to January 1, 2017, this adjustment is not to exceed $[cx / (2 * \text{number of reinsurance premiums per year})]$ where cx is calculated using the same mortality table used in calculating the Net Premium Reserve; and

- d. For any other treaty ceding a portion of risk to a different reinsurer, including but not limited to stop loss, excess of loss, and other non-proportional reinsurance treaties, there will be no reduction in the Required Level of Primary Security. It is possible for any combination of subsections (A)(4)(a), (A)(4)(b), (A)(4)(c), and (A)(4)(d) to apply. Such adjustments to the Required Level of Primary Security will be done in the sequence that accurately reflects the portion of the risk ceded via the treaty. The ceding insurer should document the rationale and steps taken to accomplish the adjustments to the Required Level of Primary Security due to the cession of less than 100% of the risk. The adjustments for other reinsurance will be made only with respect to reinsurance treaties entered into directly by the ceding insurer. The ceding insurer will make no adjustment as a result of a retrocession treaty entered into by the assuming insurers.

5. In no event will the Required Level of Primary Security resulting from application of the Actuarial Method exceed the amount of statutory reserves ceded.

6. If the ceding insurer cedes risk with respect to Covered Policies, including any riders, in more than one reinsurance treaty subject to this Part B, in no event will the aggregate Required Level of Primary Security for those reinsurance treaties be less than the Required Level of Primary Security calculated using the Actuarial Method as if all risks ceded in those treaties were ceded in a single treaty subject to this Part B.

7. If a reinsurance treaty subject to this Part B cedes risk on both Covered and Non-Covered Policies, credit for the ceded reserves shall be determined as follows:

- a. The Actuarial Method shall be used to determine the Required Level of Primary Security for the Covered Policies, and R20-6-B1603 shall be used to determine the reinsurance credit for the covered policy reserves; and
- b. Credit for the non-covered policy reserves shall be granted only to the extent that security, in addition to the security held to satisfy the requirements of subsection (A)(7)(a), is held by or on behalf of the ceding insurer in accordance with A.R.S. §§ 20-3602 and 20-3603. Any Primary Security used to meet the requirements of this subsection (A)(7)(b) may not be used to satisfy the Required Level of Primary Security for the Covered Policies.

- B. Valuation used for Purposes of Calculations. For the purposes of both calculating the Required Level of Primary Security pursuant to the Actuarial Method and determining the amount of Primary Security and Other Security, as applicable, held by or on behalf of the ceding insurer, the following shall apply:

1. For assets, including any such assets held in trust, that would be admitted under the NAIC Accounting Practices and Procedures Manual if they were held by the ceding

insurer, the valuations are to be determined according to statutory accounting procedures as if such assets were held in the ceding insurer's general account and without taking into consideration the effect of any prescribed or permitted practices; and

2. For all other assets, the valuations are to be those that were assigned to the assets for the purpose of determining the amount of reserve credit taken. In addition, the asset spread tables and asset default cost tables required by VM-20 shall be included in the Actuarial Method if adopted by the NAIC's Life Actuarial (A) Task Force no later than the December 31st on or immediately preceding the valuation date for which the Required Level of Primary Security is being calculated. The tables of asset spreads and asset default costs shall be incorporated into the Actuarial Method in the manner specified in VM-20.

R20-6-B1603. Requirements Applicable to Covered Policies to Obtain Credit for Reinsurance; Opportunity for Remediation

- A. Requirements. Subject to the exemptions described in R20-6-B1601(B) and the provisions of subsection (B), credit for reinsurance shall be allowed with respect to ceded liabilities pertaining to Covered Policies pursuant to A.R.S. §§ 20-3602 or 20-3603 if, and only if, in addition to all other requirements imposed by law or regulation, the following requirements are met on a treaty-by-treaty basis:

1. The ceding insurer's statutory policy reserves with respect to the Covered Policies are established in full and in accordance with the applicable requirements of A.R.S. § 20-510 and related regulations and actuarial guidelines, and credit claimed for any reinsurance treaty subject to this regulation does not exceed the proportionate share of those reserves ceded under the contract; and
2. The ceding insurer determines the Required Level of Primary Security with respect to each reinsurance treaty subject to this Part B and provides support for its calculation as determined to be acceptable to the Director; and
3. Funds consisting of Primary Security, in an amount at least equal to the Required Level of Primary Security, are held by or on behalf of the ceding insurer, as security under the reinsurance treaty within the meaning of A.R.S. § 20-3603, on a funds withheld, trust, or modified coinsurance basis; and
4. Funds consisting of Other Security, in an amount at least equal to any portion of the statutory reserves as to which Primary Security is not held pursuant to subsection (A)(3), are held by or on behalf of the ceding insurer as security under the reinsurance treaty within the meaning of A.R.S. § 20-3603; and
5. Any trust used to satisfy the requirements of this Section shall comply with all of the conditions and qualifications of R20-6-A1608(A) through (G), except that:
 - a. Funds consisting of Primary Security or Other Security held in trust, shall for the purposes identified in R20-6-B1602(B), be valued according to the valua-

tion rules set forth in R20-6-B1602(B), as applicable; and

- b. There are no affiliate investment limitations with respect to any security held in the trust if such security is not needed to satisfy the requirements of subsection (A)(3); and
- c. The reinsurance treaty must prohibit withdrawals or substitutions of trust assets that would leave the fair market value of the Primary Security within the trust (when aggregated with Primary Security outside the trust that is held by or on behalf of the ceding insurer in the manner required by subsection (A)(3) 102% of the level required by subsection (A)(3) at the time of the withdrawal or substitution; and
- d. The determination of reserve credit under R20-6-A1608(E) shall be determined according to the valuation rules set forth in R20-6-B1602(B), as applicable; and

6. The reinsurance treaty has been approved by the Director.

B. Requirements at inception date and on an on-going basis; remediation:

1. The requirements of subsection (A) must be satisfied as of the date that risks under Covered Policies are ceded (if such date is on or after the effective date of this Part B) and on an ongoing basis thereafter. Under no circumstances shall a ceding insurer take or consent to any action or series of actions that would result in a deficiency under subsections (A)(3) or (A)(4) with respect to any reinsurance treaty under which Covered Policies have been ceded, and in the event that a ceding insurer becomes aware at any time that such a deficiency exists, it shall use its best efforts to arrange for the deficiency to be eliminated as expeditiously as possible.
2. Prior to the due date of each quarterly or annual statement, each life insurance company that has ceded reinsurance within the scope of subsection R20-6-B1601(A) shall perform an analysis, on a treaty-by-treaty basis, to determine, as to each reinsurance treaty under which Covered Policies have been ceded, whether as of the end of the immediately preceding calendar quarter (the valuation date) the requirements of subsections (A)(3) and (A)(4) were satisfied. The ceding insurer shall establish a liability equal to the excess of the credit for reinsurance taken over the amount of Primary Security actually held pursuant to subsection (A)(3), unless either:
 - a. The requirements of subsections (A)(3) and (A)(4) were fully satisfied as of the valuation date as to the reinsurance treaty; or
 - b. Any deficiency has been eliminated before the due date of the quarterly or annual statement to which the valuation date relates through the addition of Primary Security and/or Other Security, as the case may be, in such amount and in such form as would have caused the requirements of subsections (A)(3) and (A)(4) to be fully satisfied as of the valuation date.
3. Nothing in subsection (B)(2) shall be construed to allow a ceding company to maintain any deficiency under subsection (A)(3) or (A)(4) for any period of time longer than is reasonably necessary to eliminate it.

Department within one year after the date of service listed on the surprise out-of-network bill. If the enrollee filed a health care appeal pursuant to A.R.S. Title 20, Chapter 15, Article 2, the one year deadline is tolled from the date the enrollee filed the health care appeal to the date of the final resolution of the appeal.

- C. Evaluation of the Request for Arbitration by the Department. Within 15 days after receipt of a Request for Arbitration, the Department shall do one of the following:
1. Determine that the surprise out-of-network bill is a qualifying surprise out-of-network bill and notify the enrollee, health insurer and health care provider that the Request for Arbitration qualifies for Arbitration;

 3. Determine that the Request for Arbitration is incomplete; or

1. Notwithstanding any informal settlement or Arbitrator's Final Written Decision, the enrollee is responsible for only the following:
