The release of this Chapter in Supp. 24-3 replaces Supp. 17-3, 1-36 pages.

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

A.R.S. §§ 41-703(3), 41-743(B)(3) and 41-771

Supp. 24-3

Editor's Note: The Chapter Title was amended from Department of Administration, Personnel Administration to Department of Administration, State Personnel System. All Articles 1 through 9 repealed under exempt rulemaking at 18 A.A.R. 2782 effective September 29, 2012 (Supp. 12-4).

Editor's Note: Because the rules in this Chapter that were adopted under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) have been repealed, the Chapter is printed on white paper (Supp. 99-3).

Editor's Note: This Chapter contains rules which were repealed and adopted under an exemption from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Laws 1997, Ch. 288, § 10. Exemption from A.R.S. Title 41, Chapter 6 means the Department of Administration did not submit these rules to the Governor's Regulatory Review Council for review; the Department did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; and the Department was not required to hold public hearings on these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.

Article 1 consisting of Sections R2-5-101 through R2-5-105; Article 2 consisting of Sections R2-5-201 through R2-5-210 and R2-5-213; Article 3 consisting of Sections R2-5-301 through R2-5-306; Article 4 consisting of Sections R2-5-401 through R2-5-411 and R2-5-413 through R2-5-418; Article 5 consisting of Sections R2-5-501 through R2-5-503; Article 6 consisting of Sections R2-5-601 through R2-5-605; Article 7 consisting of Sections R2-5-701 and R2-5-702; Article 8 consisting of Sections R2-5-801 through R2-5-803; and Article 9 consisting of Sections R2-5-901 and R2-5-902 adopted effective December 31, 1986 (Supp. 86-6).

Former Article 1 consisting of Sections R2-5-101 and R2-5-102; former Article 2 consisting of Sections R2-5-201 through R2-5-205; former Article 3 consisting of Sections R2-5-301 and R2-5-302; former Article 4 consisting of Sections R2-5-401 through R2-5-403; former Article 5 consisting of Sections R2-5-501 and R2-5-502; and former Article 6 consisting of Sections R2-5-601 through R2-5-605 repealed effective December 31, 1986 (Supp. 86-6).

R2-5A-102. General Provisions

- A. Authority of Director.**
 - 1. The Director may approve, modify or deny a request, plan or proposal submitted by a state agency for review or when the Director’s approval is required by rule.
 - 2. The Director may audit an agency’s personnel policies and procedures at any time. If the Director determines that the agency’s policies or procedures are inconsistent with these rules or are inconsistent with the procedures or guidelines issued by the Director, the Director may direct the agency head to modify them to achieve consistency or to discontinue them.
- B. Delegation of authority.**
 - 1. The Director may, in writing, delegate authority to an agency head as consistent with legal requirements.
 - 2. The Director may review or audit delegated authority to determine compliance with laws, rules, and policies.
 - 3. Unless otherwise stated by law, or in these rules, an agency head may delegate authority granted to the agency head in these rules.
- C. Availability of funds.** The granting of any compensation under these rules is contingent upon the availability of funds, as determined by an agency head and the Director.
- D. Service of notice.** If a notice or document is to be given to a person or agency, the notice or document may be served per-

sonally or mailed to the last known residence or current business address of the person or agency. Unless otherwise provided by law or these rules, service is complete upon personal delivery or mailing.

- E. Employee handbook.** The Director may publish an employee handbook outlining pertinent rules and regulations and make the handbook available to all employees. If published, the employee handbook shall serve as the official handbook for all employees in the State Personnel System. An agency head may supplement the employee handbook with agency specific policies and directives.
- F. Employment contracts.** Unless otherwise provided by law, an appointing authority shall not execute an employment contract with any state employee.
- G. Correction of errors.** Only the Director, or designee, has authority to determine whether a manifest error exists and to correct the manifest error.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-103. Applicability

- A. General.** Except as provided in A.R.S., Title 41, Chapter 4, Article 4 and Article 5, or otherwise stated in rule, the rules in this subchapter are applicable to covered and uncovered positions, applicants for covered and uncovered positions and covered and uncovered employees in the State Personnel System. An employee who violates or fails to comply with these rules may be disciplined or separated from state employment. Any such actions involving a covered employee shall be in accordance with the rules in Subchapter B, Article 3.
- B. Temporary procedures.** The Director may:
 - 1. Unless otherwise prescribed by statute, waive any rule and implement temporary procedures if the Director determines that essential public services are being hampered or it is in the best interest of the state.
 - 2. Implement a temporary pilot project to improve efficiency, productivity, or accountability in the State Personnel System. The project may include an activity or procedure that is not in accordance with these rules and shall not exceed two years in duration.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-104. Prohibition Against Discrimination, Harassment and Retaliation

- A. General.** Agencies shall comply with all federal and state anti-discrimination laws. Agencies shall not unlawfully discriminate against any individual with regard to the terms and conditions of employment, including hiring, pay, leave, insurance benefits, retention, and rehiring. The information provided in this rule is intended to serve as a summary of agencies’ and employees’ obligations with regard to compliance with applicable federal and state laws, rules and regulations. Nothing in these rules shall be construed as providing rights in excess of, or in addition to those authorized under federal laws and Arizona Revised Statutes.
- B. Equal Employment Opportunity.** Each agency shall provide equal employment opportunity for all individuals regardless of race, color, national origin, religion, age, disability, genetic information, sex (including sexual orientation and gender identity), pregnancy, military or veteran status, or any other status protected by federal law, state law, or regulation. It is the

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

policy of this state that all individuals are treated in a fair and non-discriminatory manner throughout the application and employment process.

- C. **Harassment Prohibited.** Harassment of a sexual nature or harassment based on any protected category is prohibited. An agency shall prohibit the unlawful harassment of any employee in the course of the employee's work by supervisors, coworkers, or third parties, such as vendors or customers. Any employee who engages in unlawful harassment may be subject to disciplinary action, up to and including termination of employment.
- D. **Protection from Retaliation.** The state prohibits retaliation against anyone for raising a concern about, assisting in an investigation of, or filing a complaint concerning unlawful discrimination or unlawful harassment.
- E. **Complaints.**
 1. An applicant for state employment who has a complaint alleging discrimination or harassment may file a complaint under the procedures in R2-5A-308.
 2. It is every employee's responsibility to promptly bring any allegation of discrimination, harassment or retaliation to the attention of the employing agency. Such complaints shall be filed under the procedures established under Article 9.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-105. Records

- A. **Definitions.** For the purposes of this Section, "record" generally refers to a paper document; however, a document may be maintained electronically.
- B. **Application Materials.**
 1. An agency head shall maintain and keep confidential all resumés, applications, tests, test results, records, correspondence, and other documents used to seek state employment. The agency head shall not release any materials that the agency head determines would compromise the application process for future applicants and shall restrict the review of the applicant's application materials to:
 - a. The applicant,
 - b. An individual who has written authorization from the applicant,
 - c. State officials in the normal line of duty, or,
 - d. Officials acting in response to court orders or subpoenas.
 2. The Director, or designee, shall ensure that when a person makes a public records request under A.R.S. Title 39, Chapter 1, Article 2 for applicant information:
 - a. Information shall only be provided if the position under recruitment is a high-level position and the public has a legitimate interest in the names of persons being seriously considered for the position, as determined by the Director; and
 - b. Only the names and resumés of the final candidates for the position as determined by the Director shall be released.
- C. **Official Personnel File.**
 1. An employee's official personnel file is the official record and documentation of the employee's employment.

2. An agency head shall, for each agency employee, maintain an official personnel file that contains:
 - a. A copy of the job application for the employee's current position;
 - b. A copy of all performance appraisals completed as required by Article 7;
 - c. Personnel action forms that authorize changes in employment status, position, classification, pay, or leave status;
 - d. Letters of commendation as established by agency policy; and
 - e. Correspondence consisting of:
 - i. Disciplinary actions;
 - ii. Acknowledgments of receipt of disciplinary actions; and
 - iii. Employee objections or responses to correspondence described in subsection (C)(2)(e)(i) that are not filed as complaints under Article 9 or grievances under Subchapter B, Article 4, if the objection or response is received within 30 calendar days of the date of the disciplinary action.
 3. For the purpose of this subsection, an official is an individual who provides identification verifying that the individual is exercising powers and duties on behalf of the chief administrative head of a public body. An agency head shall limit access to an employee's official personnel file to:
 - a. The employee;
 - b. The employee's attorney or an individual who has written authorization from the employee to review the personnel file;
 - c. Agency personnel designated by the agency head as having a need for the information;
 - d. A Department official in the normal line of duty;
 - e. An official acting in response to a court order or subpoena;
 - f. An official of an agency to which the employee has applied; and
 - g. An official of an agency of the federal government, state government, or political subdivision, if the agency head of the employing agency deems access to the file to be appropriate.
 4. When an employee moves from one state agency to another, the gaining agency shall request that the losing agency forward the employee's official personnel file to the gaining agency. The losing agency shall forward the file within 20 business days of the receipt of the request.
 5. When a former employee returns to state employment within five years of the former employee's separation to an agency other than the agency in which the employee was last employed, the gaining agency shall request that the last agency forward the employee's official personnel file. The last agency shall forward the file within 20 business days of the receipt of the request.
- D. **Disclosure of information.**
 1. **Definitions.** For the purposes of this subsection:
 - a. "Records that are reasonably necessary or appropriate to maintain an accurate knowledge of the employee's disciplinary actions" includes disciplinary actions, an official notice of charges of misconduct as applicable to covered employees, the final disciplinary letter, and any responses related to

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

complaints, grievances or appeals upholding, amending, or overturning the discipline.

- b. "Employee responses" means any written documents, submitted and signed by the employee, either:

- i. In response to an official notice of charges of misconduct;
- ii. As a formal complaint filed under the provisions of Article 9 or a formal grievance under Subchapter B, Article 4, pertaining to a specific disciplinary action; or
- iii. As an objection to a specific disciplinary action and contained in the employee's official personnel file under subsection (C)(2)(e)(iii).

2. Personnel records are confidential and an agency head shall ensure that except as provided in subsection (C)(3), only the following information about a current or former employee is provided to any person making a public records request under A.R.S. Title 39, Chapter 1, Article 2.

- a. Name of employee;
- b. Date of employment;
- c. Current and previous class titles and dates of appointment to the class;
- d. Current and previous agencies to which the employee has been assigned and the location of the main office for each agency;
- e. Current and previous salaries and dates of each change;
- f. Name of employee's current or last known supervisor; and
- g. Records that are reasonably necessary or appropriate to maintain an accurate knowledge of the employee's disciplinary actions, including the employee responses to all disciplinary actions, unless providing this information is contrary to law.

- E. Insurance and medical records. An agency head:

1. May maintain group insurance enrollment forms in an employee's official personnel file for an employee hired prior to September 29, 2012.
2. Shall maintain in a separate file that is not part of the employee's official personnel file:
 - a. Medical records, and
 - b. Group insurance enrollment forms for an employee hired on or after September 29, 2012.

- F. Employment eligibility records. An agency head shall retain I-9 forms and other documents required by law to prove employment eligibility in a separate file that is not part of the employee's official personnel file.

- G. Employee access to files. An employee has the right to review only the employee's official personnel file.

- H. Recordkeeping Requirements. An agency head shall ensure that agency recruitment and employee records are maintained in accordance with the General Records Retention Schedule for Human Resources/Personnel Records published by and on file with the Secretary of State, Arizona State Library, Archives and Public Records.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by

final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

ARTICLE 2. CLASSIFICATION SYSTEM**R2-5A-201. Classification Plan**

- A. General. The Director shall group positions into classes based on similarities of duties and responsibilities. All positions are assigned a class specification with a specific title. An agency head may not appoint, transfer, promote, or demote an employee, or make any change in salary for any position until the position is allocated to a class.
- B. Class title. An agency head shall use the class title of a position to designate the position in all budget estimates, payrolls, vouchers, and communications in connection with personnel processes.
- C. Class specification. A class specification indicates the kinds of positions to be allocated to the class, as determined by the duties and responsibilities described for that class. Each class specification shall contain a statement of the minimum education, experience, competencies, and other qualifications required to perform the work. Required postsecondary education shall be attained in an institution that meets the standards established by an accrediting agency recognized by the U.S. Department of Education.
- D. Position description. An agency head shall ensure that every position in the agency has a completed position description describing the current duties, responsibilities, and essential job functions specific to the position.
- E. Allocation. The Director shall place every position in a class based on its duties and responsibilities.
- F. Reallocation. Upon completion of a review of a position, the Director may determine that the position should be placed in a different class.
- G. Regrade. Upon completion of a review of a classification, the Director may determine that the class should be placed in a different grade.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-202. Change in Classification

- A. Change in classification plan. The Director may establish new classes and divide, combine, alter, or abolish existing classes, grades, or both, in consultation with affected agency heads.
- B. Change in job duties.
 1. An employee in a position or the agency head may file a written request with the Director for review of the classification of the position. The request shall contain an updated position description, a specific explanation of how and when the position's duties and responsibilities have changed and the reasons why the current classification does not match these job duties.
 2. If a material and permanent change takes place in the duties and responsibilities of a position, the agency head shall report this change to the Director in an updated position description. The Director may order a reallocation of the position. The employee in the position at the time of reallocation shall continue to serve in the position.
- C. Effective date. The effective date of a change in classification shall be the first day of the pay period immediately following the Director's determination, unless the Director authorizes an exception.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-203. Expired**Historical Note**

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Section expired under A.R.S. § 41-1056(J) at 23 A.A.R. 2489, effective August 8, 2017 (Supp. 17-3).

ARTICLE 3. RECRUITMENT, SELECTION AND APPOINTMENT**R2-5A-301. General**

An agency head shall follow the requirements outlined in this Article to identify and appoint qualified candidates to fill vacancies. The Director shall establish and maintain a centralized employment system that includes a job board for announcing vacancies in state employment, applicant tracking and candidate identification. The Director shall establish procedures for state agencies to request approval for transportation or other travel expenses or moving expenses provided by A.R.S. § 35-196.01 for out of state candidates.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

R2-5A-302. Recruitment**A. Job posting.**

1. Unless exempted by A.R.S. Title 41, Chapter 4, Article 4, an appointing authority shall post an open position to the state's centralized job board. This includes recruitments open to only employees currently employed by the agency, to state employees currently employed in any state agency, or the general public. An agency head may authorize an exception to the job posting requirement for a position in an individual case. Any exceptions shall be documented by the agency head and subject to audit by the Director.
2. In addition to posting to the state's centralized job board, an appointing authority may post an open position in a publication or to a commercial job posting board or both, in compliance with applicable procurement rules.

B. Application form.

1. A candidate for a position shall complete the standardized application form developed by the Director.
2. In addition to the standardized application form, an agency head may develop supplemental application procedures and forms specific to the agency or to a certain class or classes within the agency.

C. Preferences.

1. The state will provide preference to qualified veterans and disabled veterans seeking employment with the state.
2. For positions in the covered service, preference points authorized by A.R.S. § 38-492 shall be added to an applicant's grade on any assessment or evaluation that results in a numeric grade after the final grade is determined, if a passing grade is earned without the addition of preference points. Preference points shall not be applied to promotional examinations. If an evaluation does not result in a numeric grade, preference shall be given by granting applicable preference codes to qualified applicants.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-303. Reference and Background Checks

A candidate may be required to furnish, at the candidate's own expense, evidence of education or other qualification. The appointing authority is responsible for verifying education, work experience, applicable license or licenses and references provided by candidates on the application form and in interviews. An appointing authority shall not conduct a criminal background check or a credit check on a candidate unless the agency has statutory or executive order authority to conduct such a check.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-304. Qualifications of Selected Candidate

An agency head shall ensure that any candidate selected for hire meets the established qualifications for the position filled.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-305. Employment of Relatives

- A. Relationship to supervisors. An individual shall not be employed in a position if the immediate supervisor of the individual is related within the third degree of affinity (marriage) or consanguinity (blood), or by adoption.
- B. Relationship to other employees. An individual shall not be employed in a position if the individual is related within the third degree to an employee who currently occupies a position under the same immediate supervisor.
- C. Exceptions. The Director may grant an exception to the prohibitions in subsections (A) and (B) if there is no other qualified person for the position at the location.
- D. Relationship to subordinate employees. A supervisor or manager at any level shall not make an employment decision specifically benefitting any individual who is related within the third degree, unless an exception under subsection (C) has been granted.
- E. Relationship to interviewer or interview panel members. An employee shall not interview or serve on an interview panel of any job candidate if the candidate is related within the third degree. An agency head may authorize an exception in an individual case. Any exception shall be documented by the agency head and subject to audit by the Director.
- F. Definition. For the purpose of this Section, persons related within the third degree include a spouse, child, parent, grandchild, grandparent, sister, brother, great grandchild, great grandparent, aunt, uncle, niece, nephew or first cousin.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-306. Hiring Requirements

Agencies shall comply with federal and state law, including the verification of employment eligibility pursuant to A.R.S. § 23-214. An agency head shall ensure the completion of the Form I-9 and the employment eligibility verification process for all new hires.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-307. Appointment

- A.** General. Except as provided in A.R.S. Title 41, Chapter 4, Articles 4 and 5, all appointments shall be at will uncovered. An agency head may appoint a current state employee who accepts a change in assignment or an external candidate in accordance with these rules and the procedures established by the Director.
- B.** Types of Appointment.
1. A regular appointment may be:
 - a. Full-time employment;
 - b. Part-time employment;
 - c. Subject to funding availability, such as federal or grant funding; or
 - d. To a trainee position.
 2. A temporary appointment may be made for a recurring period of time up to a maximum of 1500 hours in any one position per agency each calendar year. A temporary appointment employee may work full time for a portion of the year, intermittently, on a seasonal basis, or on an as needed basis. An employee in a pool classification is considered a temporary appointment.
 3. An agency head may place an employee on special assignment within the agency. A special assignment may be made non-competitively and for up to 6 months with the concurrence of the agency head of the employing agency and the Director. A special assignment shall not exceed 6 months unless extended by the Director. An agency head shall not make successive special assignments of the same person to the same class.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

R2-5A-308. Applicant Complaint

An applicant who has a complaint alleging discrimination or harassment relating to the procedures used in the selection or evaluation process shall submit the applicant complaint to the agency human resources representative within 90 days of the action giving rise to the complaint. The agency human resources representative shall evaluate the complaint and notify the applicant of the final action to be taken.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

ARTICLE 4. COMPENSATION SYSTEM**R2-5A-401. Salary Plans**

- A.** General. The Director shall establish a salary plan. The salary plan shall allow for the following:
1. Minimum and maximum rates of pay for classes outlined in the classification plan.
 2. Salary adjustments, including adjustments to base salary and pay supplements and incentives, including add-ons to base salary.
- B.** Alternative salary plan. The Director may establish a special salary plan or pay practice determined to be the prevailing practice in the labor market and in the best interest of the state.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-402. Salary Administration

- A.** General. The Director shall develop procedures for salary administration for use by all agencies when setting the salary of an employee. In setting an employee's salary, an agency head shall consider such factors as the employee's education, experience, skills, performance, and the current salaries of employees in the same class in the agency and the relative experience and performance of those employees.
- B.** Classes. The Director shall assign each class to a salary range and to a grade.
- C.** Salary. The base salary of an employee shall be not less than the minimum nor more than the maximum of the salary range of the class to which the employee's position is allocated, except as provided by these rules.
- D.** Salary adjustment. The salary used to compute a salary adjustment is the employee's base salary. Following an adjustment to the base salary, an agency shall add to the new rate of pay any special pay supplement still valid.
- E.** New hire starting rate. An agency head may offer a salary to a new hire within the salary range of the class to which the employee is being appointed in accordance with the procedures and guidelines published by the Director, unless an exception is approved by the Director.
- F.** Promotion. An employee who has a change in assignment from a position in one class to a position in another class having a higher grade shall receive a salary increase as determined by the agency head in accordance with the procedures and guidelines published by the Director, unless an exception is approved by the Director.
- G.** Demotion.
1. An employee who has a change in assignment from a position in one class to a position in another class having a lower grade, whether voluntary or involuntary, shall receive a salary decrease as determined by the agency head in accordance with the procedures and guidelines published by the Director, unless an exception is approved by the Director.
 2. A demoted employee shall not be eligible for an increase to base salary for six months after the effective date of the demotion to the new position, other than a salary increase that is legislatively mandated. After six months, the employee may become eligible for a salary increase only after a performance evaluation in the new position for which the employee received an overall rating of "meets expectations" or higher.
- H.** Lateral transfer. An employee who has a change in assignment from a position in one class to a position in the same class or in another class having the same grade shall receive no increase in salary, unless an exception is approved by the Director. The Director may approve a salary increase based upon documentation of recruitment difficulties to fill the position, specific needs identified by the agency, or the employee's qualifications. Transferred employees are not eligible for increases to base salary during their first six months in the new job unless approved by the Director. An employee who transfers to another agency may become eligible for a salary increase only after a performance evaluation in the new position for which the employee received an overall rating of "meets expectations" or higher.
- I.** Reversion of covered employee. A covered employee who is reverted under the rules in Subchapter B shall be paid the same

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

salary as that paid prior to the promotion, plus the percentage or dollar amount of increase of an intervening general salary adjustment for which the employee was eligible.

J. Job reallocation.

1. The base salary of an employee in a position that is reallocated to a class in a higher pay range may receive a salary increase in accordance with the procedures and guidelines published by the Director. If increasing the base salary of an employee would result in a salary level that is less than the minimum or greater than the maximum salary of the pay range, the employee's salary shall be the minimum or the maximum salary of the pay range, respectively.
2. The base salary of an employee in a position that is reallocated to a class with the same or lower pay range shall remain the same provided that the employee's salary is within the pay range of the position. If the employee's salary is less than the minimum of the salary range or greater than the maximum salary of the new pay range, the employee's salary shall be the minimum salary or the maximum salary of the new pay range, respectively.

K. Job regrade.

1. The base salary of an employee in a class that is reassigned to a higher grade shall be adjusted by the amount determined by the Director. If adjusting the base salary of an employee would result in a salary level that is less than the minimum or greater than the maximum salary of the pay range, the employee's salary shall be the minimum or the maximum salary of the pay range, respectively.
2. The base salary of an employee in a class that is reassigned to a lower grade shall remain the same provided that the employee's salary is at or above the minimum salary of the new pay range of the class, and may be greater than the maximum salary of the pay range. If the employee's salary is greater than the maximum, the employee is not eligible for an increase to base pay until the employee's salary is less than the maximum salary of the new pay range.

L. Merit increases.

1. The Director shall establish guidelines for merit increases to base pay.
2. Merit increases shall be available:
 - a. To uncovered employees.
 - b. To covered employees only if such increases are legislatively appropriated.
3. Subject to the guidelines established by the Director:
 - a. Merit increases may be implemented at the discretion of the agency head.
 - b. Merit increases are subject to the availability of funding and must be within an agency's appropriation unless otherwise legislatively appropriated.

M. Legislatively-appropriated salary adjustments. Subject to legislative appropriation, the Director shall determine employee eligibility and criteria for salary adjustments.**Historical Note**

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-403. Supplemental Pay

- A. General.** Supplemental pay is in addition to an employee's base pay. The salary of an employee may exceed the maximum salary of the pay range for the employee's class if the excess amount is due to the receipt of supplemental pay.
- B. Shift differential.** The Director may authorize a shift differential to be paid to an employee on other than a day shift. The Director shall establish a competitive shift differential rate periodically based on an annual survey of the market place. Employees in the same class in the same agency who work on the same shift shall receive the same shift differential pay.
- C. Special assignment.** An employee on a special assignment shall remain in the employee's current position with no change to base salary. If the classification to which the employee is on a special assignment is a higher grade, the employee shall be provided a conditional pay supplement in an amount that, when added to the employee's base salary, would be within the range of the higher classification. If the classification to which the employee is on a special assignment is the same or a lower grade, the employee shall not be eligible for a conditional pay supplement while on special assignment. Any conditional pay supplement received by the employee for the special assignment shall be discontinued at the conclusion of the special assignment.
- D. Conditional pay supplements.** The Director may establish conditional pay supplements. A conditional pay supplement provides additional compensation to an eligible employee and shall be discontinued when the qualifying conditions no longer apply. An employee may be awarded multiple conditional pay supplements. A conditional pay supplement does not:
 1. Change base salary;
 2. Provide a basis for the computation of a salary increase; or
 3. Provide a basis for the computation of pay upon an employee's promotion, demotion or transfer.
- E. Variable pay.**
 1. The Director may establish variable pay strategies determined to be the prevailing practices in the market and in the best interest of the state.
 2. If the Director establishes variable pay strategies, the Director shall establish guidelines for the administration of variable pay.
 3. Variable pay shall be available only to uncovered employees, except for employees in covered positions classified as Correctional Officers I, II, or III, or Community Corrections Officers, or covered positions that require full authority peace officer certification, as specified in the guidelines established by the Director.
 4. Subject to the guidelines established by the Director:
 - a. Variable pay strategies may be implemented at the discretion of the agency head.
 - b. Variable pay strategies are subject to the availability of funding and must be within an agency's appropriation unless otherwise legislatively appropriated.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-404. Overtime

- A. Approval of overtime work.** An agency head may require that an employee work overtime and:
 1. Shall approve in advance all work in excess of 40 hours per workweek or in excess of a work period as defined by

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

the Fair Labor Standards Act (FLSA). FLSA Regulations 29 CFR 553 and 778 (July 2012), are incorporated by this reference and on file with the Department and available from the U.S. Government Printing Office, 732 North Capitol Street N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments; and

2. May assign an employee who volunteers for overtime before mandatory overtime is required.
- B. Exemptions.** The Director shall determine exemptions from minimum wage and maximum hour requirements in accordance with the Fair Labor Standards Act, 29 U.S.C. 213, January 2004, incorporated by this reference and on file with the Department and available from the U.S. Government Printing Office, 732 North Capitol Street N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments.
- C. Non-exempt employees.**
 1. An agency shall compensate an employee in a non-exempt position who works in excess of 40 hours per workweek or in excess of a work period as defined by the FLSA by either:
 - a. Additional pay at the rate of 1 1/2 times the employee's regular rate for each excess hour worked, or
 - b. Compensatory leave at the rate of 1 1/2 hours for each excess hour worked.
 2. An employee shall select either overtime pay or compensatory leave for overtime compensation. If the employee selects both overtime pay and compensatory leave, the agency head shall determine which applies. If an employee's compensatory leave balance reaches the maximum allowed in subsection (E), the agency head shall compensate the employee by overtime pay.
- D. Exempt employees.**
 1. Unless otherwise provided by statute or as specified in subsection (D)(2), an employee who is in a position that is exempt from the FLSA is excluded from receiving either overtime pay or compensatory leave.
 2. An employee who is in a position that is exempt from the FLSA who works in excess of 40 hours per workweek or in excess of an established work period shall receive for each hour of overtime worked, either one hour of additional pay or earn one hour of compensatory leave, at the option of the agency head, if the employee is either:
 - a. Engaged in law enforcement activities;
 - b. Engaged in firefighting activities; or
 - c. A full authority peace officer as certified by the Arizona Peace Officer Standards and Training Board, is in a position that requires such certification, and is in the covered service.
 3. An exempt employee may earn compensatory leave as provided by subsection (D)(2) until the employee's compensatory leave balance reaches the maximum allowed in subsection (E). When the maximum balance is reached, an agency head shall compensate the employee by overtime pay for excess hours worked.
 4. For the purposes of this subsection, "engaged in law enforcement activities" has the same meaning as defined in A.R.S. Title 23, Chapter 2, Article 9.
- E. Maximum accumulation.** The maximum number of hours of accumulated compensatory leave is:
 1. 480 hours for an employee who works in a public safety activity or an emergency response activity, or

2. 240 hours for an employee who works in any other activity.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-405. Education Assistance

- A. General.** A state agency may assist an employee in the pursuit of educational goals by providing tuition reimbursement and student loan repayment assistance.
- B. Tuition reimbursement.** Prior to granting tuition reimbursement, an agency shall establish a policy which shall include the following conditions:
 1. The educational program will provide a benefit to the state.
 2. The employee shall successfully complete the required course work or the educational requirements of the program in order to receive reimbursement.
 3. Education assistance may not exceed \$5,250 per employee in any one calendar year unless approved in advance by the Director.
 4. An employee who receives education assistance may be required to return all or a portion of the amount received if the employee does not remain employed with the agency for a defined period of time, as specified in the agency's policy.
- C. Student loan repayment assistance.** An agency that provides tuition reimbursement may also provide student loan assistance to an eligible employee in the repayment of student loans obtained by the employee and used for the actual costs paid for educational expenses and living expenses that occurred during the employee's undergraduate, graduate or professional education if the education is required or a selective preference for the employee's current position. Before granting student loan repayment assistance, an agency head shall develop a written policy that provides for equal consideration of all employees similarly situated. The policy will describe the need being addressed, and the benefit expected to be gained. The agency head shall submit the proposed policy and any subsequent changes to the Director for approval, and include at a minimum:
 1. Eligibility requirements;
 2. Request and approval procedures;
 3. Documentation required to support the request for repayment assistance;
 4. The monthly limit on student loan repayment assistance and a specified lifetime cap;
 5. A requirement that the employee receiving student loan repayment assistance must provide to the agency monthly proof of payment of the monthly repayment amount for each active student loan approved for assistance;
 6. Information regarding how an employee's leave of absence or separation affects student loan repayment assistance.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-406. Reimbursement for Relocation

An agency head may reimburse reasonable relocation expenses to a current employee for a management initiated geographical transfer

of more than 50 miles from the employee's current work site in accordance with the procedures established by the Director.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

ARTICLE 5. CONDITIONS OF EMPLOYMENT**R2-5A-501. Standards of Conduct**

- A.** Required conduct. A state employee shall at all times:
1. Comply with federal and state laws and rules, statewide policies and employee handbook, and agency policies and directives;
 2. Maintain high standards of honesty, integrity, and impartiality, free from personal considerations, or favoritism;
 3. Be courteous, considerate, and prompt in interactions with and serving the public and other employees; and
 4. Conduct himself or herself in a manner that will not bring discredit or embarrassment to the state.
- B.** Prohibited conduct. A state employee shall not:
1. Use his or her official position for personal gain, or attempt to use, or use, confidential information for personal advantage;
 2. Permit himself or herself to be placed under any kind of personal obligation that could lead a person to expect official favors;
 3. Perform an act in a private capacity that may be construed to be an official act;
 4. Accept or solicit, directly or indirectly, anything of economic value as a gift, gratuity, favor, entertainment, or loan that is, or may appear to be, designed to influence the employee's official conduct. This provision shall not prohibit acceptance by an employee of food, refreshments, or unsolicited advertising or promotional material of nominal value;
 5. Directly or indirectly use or allow the use of state equipment or property of any kind, including equipment and property leased to the state, for other than official activities unless authorized by written agency policy or as otherwise allowed by these rules;
 6. Inhibit a state employee from joining or refraining from joining an employee organization; or
 7. Take disciplinary or punitive action against another employee that impedes or interferes with that employee's exercise of any right granted under the law or these rules.
- C.** Consequences of non-compliance. An employee who violates the standards of conduct requirements listed in subsection (A) or (B) may be disciplined or separated from state employment. Any such actions involving a covered employee shall be in accordance with the rules in Subchapter B, Article 3.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

R2-5A-502. Hours and Location of Work

- A.** State work week. The state work week is the period of seven consecutive days starting Saturday at 12:00 a.m. and ending Friday at 11:59 p.m. An agency head may apply to the Director for an exception from the work week period for all or part of an agency workforce. The Director may grant an exception from the work week period to promote efficiency in the State Personnel System.
- B.** Hours of work.

1. An agency head shall determine the hours of employment in the work week for each agency employee.
 - a. An agency head may provide for breaks during the work period consistent with carrying out the duties of the agency.
 - b. An agency head may require an employee to work overtime.
 2. An agency head may offer a flexible 40-hour work week option to an employee if the agency head determines the agency's services can be maintained.
 3. An agency head may establish a standard of attendance.
- C.** Location of work. Every employee shall have a designated work location in the State of Arizona.
1. An agency head shall determine the work location for each agency employee.
 2. An agency head may allow an employee to work from an alternate location, subject to the employee's position requirements, the business needs of the agency, and in accordance with the procedures established by the Director. An employee who is authorized to work from an alternate location may be required to report to the employee's designated State of Arizona work location when directed.
 3. The employee's designated State of Arizona work location shall be the geographic location of the position for the purposes of R2-5A-C601, pertaining to furlough, and R2-5B-602, pertaining to reduction in force.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-503. Outside Employment

- A.** General. A state employee may seek employment and engage in a variety of activities outside of the employee's work for the state; however, the employee shall not engage in other employment or other activity that is not compatible with the full and proper discharge of the duties and responsibilities of state employment, or that tends to impair the employee's capacity to perform the employee's duties and responsibilities in an acceptable manner.
- B.** Definitions. For the purposes of this Section:
1. "Other employment" includes, but is not limited to:
 - a. Working as an employee for any employer, including another state agency;
 - b. Owning a business;
 - c. Contracting to provide services for a fee; or
 - d. Serving as a consultant for a fee or being self-employed;
 - e. Holding any elected or appointed public office, whether federal, state, or local; or
 - f. Holding a position in a political party or organization.
 2. "Primary agency" means the agency in which the employee is employed at the time of the employee's request to obtain outside employment with another agency.
 3. "Secondary agency" means the agency in which the employee is requesting to be employed while remaining employed with the primary agency.
- C.** Notice requirement. An employee who desires to engage in other employment shall notify the employee's supervisor and abide by the policies of the employing agency. An employee

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

engaged in outside employment, including consultant relationships, shall inform the supervisor of the nature of the employment and corresponding work hours. An employee shall also disclose actual or potential conflicts of interest related to outside employment activities as soon as the employee becomes aware of the conflict. The determination as to whether a conflict or potential conflict exists shall be made by the agency head.

- D. Outside employment with another state agency. An employee who seeks outside employment with another state agency must request approval from both the employee's primary agency and prospective secondary agency before commencing employment with the secondary agency. The primary and secondary agencies must ensure that the request complies with state and federal guidelines. Such request, if approved shall be in writing and on file with both agencies. Employment records are to be maintained in accordance with the provisions of R2-5A-105.
- E. Outside employment as a paid public official or in a political party or organization. All employees shall comply with A.R.S. § 41-752 pertaining to political activities.
- F. Termination of outside employment. If an agency head determines that an employee's outside employment interferes with the employee's performance or creates a conflict of interest, the employee will be required to terminate the outside employment.
- G. Consequences of non-compliance. An employee who fails to make required disclosures or to take action to resolve any conflict of interest may be disciplined or separated from state employment. Any such actions involving a covered employee shall be in accordance with the rules in Subchapter B, Article 3.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-504. Alcohol and Drug-free Workplace

- A. General. State agencies shall prohibit the manufacture, distribution, dispensation, possession or use of alcohol, illegal drugs, unauthorized drugs, inhalants, or other unauthorized controlled substances during an employee's working hours or while on state premises or worksites, including state vehicles and property leased to the state. A state employee shall not be impaired by alcohol or drugs while on duty.
- B. Written policy. Each agency head shall adopt a written policy to address testing or retesting for the presence of alcohol or drugs of its employees and if applicable, prospective employees. The policy shall include all of the requirements listed in A.R.S. § 23-493.04. The agency head will submit its proposed alcohol and drug-free workplace policy and any subsequent changes to the Director for approval.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

ARTICLE 6. LEAVE**PART A. GENERAL****R2-5A-A601. Leave Administration**

- A. Leave plans. The Director shall adopt leave plans. Agency heads are responsible for administering leave for agency employees in accordance with the leave plans in this Article.

- B. Eligibility for leave. All state employees, except temporary employees, are eligible for any type of leave with pay from the date of appointment. Temporary employees are eligible only for holidays subject to the provisions of R2-5A-B601, administrative leave, civic duty leave for the purpose of voting, living donor leave and military leave.
- C. Amount of leave. Leave amounts are based on full-time employment and shall be pro-rated for part-time employees, even if not specified in an individual rule.
- D. Family and Medical Leave Act (FMLA) leave. FMLA Regulations, 29 CFR 825.100 through 29 CFR 825.800 (July 2012), are incorporated by this reference and on file with the Department and available from the U.S. Government Printing Office, 732 N. Capitol Street N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments. An employee who meets FMLA eligibility requirements and uses leave for any of the situations covered by the FMLA shall be subject to the following:
 - 1. Counting FMLA leave. Periods of paid leave and periods of leave without pay shall count towards the employee's available FMLA leave.
 - 2. Use of accrued paid leave. An employee shall use available paid leave for all or part of the employee's FMLA leave under the conditions in:
 - a. R2-5A-D602 for an employee on industrial leave,
 - b. R2-5A-D601 for an employee on FMLA leave for any other reason.
- E. Insurance benefits continuation. An employee remains eligible for continued participation in the employee insurance plans while on leave pursuant to this Article.
- F. Requests for leave. Except in an emergency, an employee shall obtain approval in advance and in writing before taking any leave.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

PART B. PAID LEAVE**R2-5A-B601. Holidays**

- A. State holidays.
 - 1. January 1, "New Year's Day."
 - 2. Third Monday in January, "Martin Luther King, Jr./Civil Rights Day."
 - 3. Third Monday in February, "Lincoln/Washington Presidents' Day."
 - 4. Last Monday in May, "Memorial Day."
 - 5. July 4, "Independence Day."
 - 6. First Monday in September, "Labor Day."
 - 7. Second Monday in October, "Columbus Day."
 - 8. November 11, "Veterans Day."
 - 9. Fourth Thursday in November, "Thanksgiving Day."
 - 10. December 25, "Christmas Day."
- B. Employees scheduled to work. Unless required to work to maintain essential state services, an employee who is regularly scheduled to work on a day on which one of the holidays listed in subsection (A) is observed is entitled to be absent with pay for the number of hours regularly scheduled to work, not to exceed eight hours, provided the employee is not on leave without pay on the employee's work days immediately preceding or following the day on which the holiday is observed.
 - 1. Part-time employees who work 1/4 time, 1/2 time, or 3/4 time are entitled to a proportional amount of holiday pay. Part-time employees who work a percentage of full-time other than 1/4 time, 1/2 time, or 3/4 time are entitled to

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

holiday pay at the next lower rate. An employee who works less than 1/4 time is not entitled to holiday pay.

2. Temporary employees shall receive holiday pay provided they are in pay status the day before and the day after the holiday.

C. Employees not scheduled to work. An employee, excluding part-time and temporary employees, who is not scheduled to work on a day on which one of the holidays listed in subsection (A) above is observed shall receive holiday compensation for the number of hours normally worked per day, not to exceed eight, provided the employee is not on leave without pay on the employee's work days immediately preceding or following the day on which the holiday is observed.

D. Employees required to work. An employee who is required to work on a day on which a holiday listed in subsection (A) is observed shall receive:

1. Both holiday compensation and one hour of pay at the employee's current salary rate for each hour worked if the employee is in a position that is either:
 - a. FLSA non-exempt; or
 - b. Exempt from the FLSA, but meets the conditions in R2-5A-404(D)(2).
2. No additional compensation if the employee is in a position that is exempt from the FLSA and is employed in any other capacity.

E. Holiday compensation.

1. Except as modified by subsection (E)(2), an employee who is eligible for holiday compensation pursuant to subsection (C) or (D) shall receive for each hour of holiday compensation authorized, at the option of the agency head, either:
 - a. One hour of additional pay at the current salary rate; or
 - b. One hour of annual leave; or
 - c. One hour time off with pay on an alternate work day specified by the agency head after the holiday and during the pay period in which the holiday is observed, or the succeeding pay period.
2. Temporary employees do not accrue annual leave and shall receive either additional pay or time off as in subsection (E)(1)(c) above.
3. An employee may not receive more than eight hours of holiday compensation for any holiday.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-B602. Annual Leave

A. Definitions. For the purposes of this Section:

1. "Annual leave" means a period of approved absence with pay that is not chargeable to another category of leave.
2. "Hire date" means the employee's first day of work upon hire or, if the employee has a break in service, rehire.

B. Accrual.

1. All employees, except temporary and part-time employees shall accrue annual leave as follows:
 - a. Covered employees shall accrue annual leave in accordance with the following schedule:

Credited Service	Hours Bi-weekly
Fewer than 3 years	3.70
3 years but fewer than 7 years	4.62

7 years but fewer than 15 years	5.54
15 years or more	6.47

- b. Except as provided in subsection (B)(1)(c), uncovered employees shall accrue leave based on the following schedule:

Credited Service	Hours Bi-weekly
Fewer than 3 years	4.00
3 years but fewer than 9 years	5.54
9 years or more	6.47

- c. An uncovered employee shall accrue annual leave at the rate of 6.47 hours bi-weekly if:

- i. The employee's hire date is prior to September 29, 2012, the employee has remained employed without a break in service since that date, and the employee either was uncovered prior to September 29, 2012 or became uncovered in accordance with A.R.S. Title 41, Chapter 4, Article 4; or
- ii. The employee is in a position listed in A.R.S. § 41-742(F).

2. Temporary employees shall not accrue annual leave.

3. Part-time employees who:

- a. Work 1/4 time, 1/2 time, or 3/4 time shall accrue a proportional amount of annual leave;
- b. Work a percentage of full-time other than 1/4 time, 1/2 time, or 3/4 time shall accrue annual leave at the next lower rate;
- c. Work less than 1/4 time shall not accrue annual leave.

4. Except as provided by R2-5A-D602 for an employee on industrial leave, an eligible employee accrues annual leave each bi-weekly pay period if the employee is in pay status for at least one-half of the employee's scheduled work hours in that pay period.

5. An annual leave accrual is credited on the last day of the bi-weekly pay period in which the accrual is earned and is available for use on the first day of the following pay period.

- a. Annual leave accrued during the last pay period that begins in a calendar year is not subject to forfeiture under subsection (D).
- b. An employee who is separating from state employment is compensated in accordance with subsection (I) for annual leave accrued through the employee's last date of employment.

6. The effective date for change in the accrual rate is the first day of the pay period immediately following the attainment of the required credited service.

C. Credited service.

1. Credited service shall be calculated from the first day of the first complete pay period worked.
2. Credited service shall include:
 - a. A period of service as an employee of a state budget unit before a break in service of less than two years;
 - b. A period of leave without pay of 240 hours or less;
 - c. Family and Medical Leave Act (FMLA) leave;
 - d. Military leave taken under A.R.S. §§ 26-168, 26-171, or 38-610; and

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

- e. Active military service of an employee who is restored to state employment under A.R.S. § 38-298.
- D. Accumulation.**
- Except as provided in subsections (D)(2) and (3), an employee shall forfeit annual leave in excess of the accumulation limit as of the last day of the last pay period that begins in a calendar year. The accumulation limit is:
 - 240 hours for a covered employee.
 - 320 hours for an uncovered employee.
 - An agency head may request an exception to the accumulation limit contained in subsection (D)(1) for an employee in an individual case.
 - An agency head seeking an exception shall submit a written request to the Director that contains a plan to use the excess hours during the following calendar year, pay the employee for the excess hours, or a combination of both.
 - The Director may approve, modify, or deny the request.
 - Annual leave earned for working on a day on which a state holiday is observed is not included in the accumulation limit specified in subsection (D)(1) and shall not be forfeited.
- E. Use of annual leave.**
- An employee may take annual leave at any time approved by the agency head.
 - An agency head shall not advance annual leave to an employee.
- F. Donation of annual leave.**
- Definitions. For the purposes of this subsection:
 - "Immediate family" means the recipient employee's parent, spouse, or child, whether natural, adopted, foster, or step.* A.R.S. § 41-748(B)(1)
 - "Family" means spouse, natural child, adopted child, foster child, stepchild, natural parent, step-parent, adoptive parent, grandparent, grandchild, brother, sister, sister-in-law, brother-in-law, son-in-law, daughter-in-law, mother-in-law, father-in-law, aunt, uncle, nephew, or niece.* A.R.S. § 41-748(B)(2)
 - "Disability that is caused by pregnancy or childbirth" means, as certified by a licensed health care practitioner:*
 - An employee is unable to work due to the employee's pregnancy, childbirth, or medical care associated with the pregnancy or childbirth; or
 - A member of the employee's immediate family requires assistance to perform regular daily activities due to the immediate family member's pregnancy, childbirth, or medical care associated with the pregnancy or childbirth.
 - "Extended" means a period of at least three consecutive weeks.*
 - "Seriously incapacitating" means a licensed health care practitioner certifies that an illness, injury, or disability that is caused by pregnancy or childbirth:*
 - Involves in-patient care, or
 - Involves continuing treatment.
 - Eligibility to receive donation of annual leave. An employee who has exhausted all available leave balances is eligible to receive donations of annual leave if, as certified by a licensed health care practitioner:
 - The employee is unable to work due to:
 - A seriously incapacitating and extended illness or injury, or
 - A seriously incapacitating and extended disability that is caused by pregnancy or childbirth, or
 - The employee needs to care for a member of the employee's immediate family who has:
 - A seriously incapacitating and extended illness or injury, or
 - A seriously incapacitating and extended disability that is caused by pregnancy or childbirth.
 - Eligibility to donate annual leave. An employee may donate annual leave to another employee who has exhausted all available leave balances if:
 - The recipient employee is employed in the same state agency as the donating employee, or
 - The recipient employee is a family member of the donating employee and employed in another state agency.
 - Exhaustion of available leave. Before using donated annual leave, a recipient employee:
 - Who has a qualifying illness, injury, or disability caused by pregnancy or childbirth shall exhaust all available sick leave, compensatory leave, annual leave earned for working on a day on which a state holiday is observed and accrued annual leave; or
 - Whose immediate family member has a qualifying illness, injury, or disability caused by pregnancy or childbirth shall exhaust sick leave granted in accordance with R2-5A-B603(A)(4), if available, and all available compensatory leave, annual leave earned for working on a day on which a state holiday is observed and accrued annual leave.
 - Calculation of hours donated. An agency head shall adjust the number of hours of annual leave donated in proportion to the hourly rate of pay of the donating employee and the recipient employee. To calculate the number of hours of donated annual leave:
 - Multiply the actual number of hours donated by the donating employee's hourly rate of pay, and
 - Divide the result by the recipient employee's hourly rate of pay.
 - Maximum duration. A recipient employee is limited to using donated annual leave to allow the employee to be absent from work for a maximum of six consecutive months, or if the leave is intermittent, 1040 hours (the employee's available leave plus leave donated to the employee) for each qualifying occurrence. If the recipient employee has a seriously incapacitating and extended illness or injury, or a seriously incapacitating and extended disability that is caused by pregnancy or childbirth and the employee applies for Long-term Disability (LTD) by the end of the fifth month of the employee's leave, the recipient employee may continue to use donated annual leave for up to 60 additional days or until LTD benefit payments begin, whichever is sooner.
 - Unused donated leave. If the recipient employee separates from state employment, recovers before using all donated leave, attains the maximum donation of annual leave as permitted under subsection (F)(6), or the need for the donated annual leave is otherwise abated, the agency head shall return unused donated leave to employees who donated leave on a pro-rata basis.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

G. Payment of annual leave. Subject to funding availability:

1. An agency head may pay an employee at any time at the employee's current rate of pay for all or any portion of the employee's annual leave that was earned as the result of working on a day on which a state holiday is observed.
2. An agency head may approve pay to a non-separating employee for all or any portion of the employee's accumulated and unused annual leave at the employee's current rate of pay subject to the following:
 - a. Agency procedures. Before paying an employee under this subsection, an agency head shall develop written standards and procedures that provide for equal consideration of all employees similarly situated. The agency head shall submit proposed standards and procedures and any subsequent changes to the Director for approval. The agency's procedures shall include at minimum:
 - i. Request and approval procedures;
 - ii. Documentation required to support the request for payment;
 - iii. Any limitations, as applicable, including, but not limited to: the maximum number of times an employee may receive payment under this subsection; the maximum number of hours an employee may be paid per occurrence; the minimum number of hours of annual leave an employee must have used in the previous 12 months; and the minimum balance an employee is required to maintain after payout, if any.
 - b. Restrictions. The agency head shall obtain the employee's concurrence if the payment would reduce the employee's annual leave balance to fewer than:
 - i. 240 hours for a covered employee;
 - ii. 320 hours for an uncovered employee.

H. Movement.

1. To another state agency. If an employee moves from one agency to another state agency, the employee's accumulated and unused annual leave shall be transferred to the employee's annual leave account in the new state agency, unless:
 - a. The provisions of subsection (H)(2) apply; or
 - b. The employee's leave exceeds the accumulation limit contained in subsection (D)(1). An agency head may pay an employee who transfers to another state agency for all excess annual leave at the time of the transfer. An agency head may transfer part or all of the employee's excess annual leave accumulated by the employee who transfers to another agency with the gaining agency's concurrence. If the gaining agency does not concur, the losing agency shall pay all of the unused excess annual leave that the gaining agency will not accept.
2. To an employment status ineligible for leave accrual. If an employee becomes ineligible for accrual of annual leave under R2-5A-A601(B), the agency head or the agency head of the losing agency if the employee moves to another state agency, shall pay the employee for all unused and unforfeited annual leave at the employee's current rate of pay immediately before the change in status.

I. Separation. An agency head shall pay an employee who separates from state employment for all unused and unforfeited annual leave at the employee's current rate of pay.**Historical Note**

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

R2-5A-B603. Sick Leave

- A. Definition.** "Sick leave" is any approved period of paid absence granted an employee due to:
 1. Illness or injury that renders the employee unable to perform the duties of the employee's position.
 2. Disability of the employee that is caused by pregnancy, childbirth, miscarriage, or abortion.
 3. Examination or treatment of the employee by a licensed health care practitioner.
 4. Illness, injury, disability caused by pregnancy or childbirth, or examination or treatment by a licensed health care practitioner of an employee's spouse, dependent child, or parent. Sick leave granted for this purpose shall be charged to the employee's sick leave account and shall not exceed 40 hours per calendar year. For the purposes of this Section:
 - a. The term "dependent child" means a natural child, an adopted child, a foster child, or a stepchild, more than one-half of whose support is received from the employee.
 - b. The term "parent" means a birth parent, adoptive parent, stepparent, foster parent, grandparent, parent-in-law, or an individual who stood "in loco parentis."
 5. Attendance at court-related proceedings by the employee under A.R.S. § 8-420 or A.R.S. § 13-4439.
- B. Accrual.**
 1. All state employees, except temporary and part-time employees, shall accrue sick leave at the rate of 3.70 hours bi-weekly.
 2. Temporary employees shall not accrue sick leave.
 3. Part-time employees who:
 - a. Work 1/4 time, 1/2 time, or 3/4 time shall accrue a proportional amount of sick leave;
 - b. Work a percentage of full-time other than 1/4 time, 1/2 time, or 3/4 time will accrue sick leave at the next lower rate;
 - c. Work less than 1/4 time shall not accrue sick leave.
 4. Except as provided by R2-5A-D602 for an employee on industrial leave, an eligible employee accrues sick leave each bi-weekly pay period if the employee has been in a pay status for at least one-half of the employee's scheduled work hours in that pay period or month.
 5. A sick leave accrual is credited on the last day of the bi-weekly pay period or month in which the accrual is earned and is available for use on the first day of the following pay period or month. An employee who is separating from state employment accrues leave through the employee's last date of employment for the purpose of determining the employee's accumulated sick leave at the time of the employee's separation pursuant to subsection (F).
- C. Accumulation.** Sick leave accumulates without limit.
- D. Use of sick leave.**
 1. Sick leave may be taken when approved by the agency head.
 2. The agency head may require submission of evidence substantiating the need for sick leave. If the agency head determines the evidence is inadequate, the absence shall

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

be charged to another category of leave or considered absence without leave.

3. An agency head may require an employee to be examined by a licensed health care practitioner designated by the agency head.
 - a. If the licensed health care practitioner determines that the employee should not work due to illness or injury, the agency head may place the employee on sick leave or, if the employee's sick leave is exhausted, charge the absence to another category of leave or leave without pay.
 - b. The agency head may require the employee to obtain approval from the licensed health care practitioner before returning to work.
 - c. The agency shall pay for all examinations required pursuant to this subsection. The employee shall not be charged any leave while participating in or traveling to or from any examination required pursuant to this subsection.

E. Movement to another state agency. An employee who moves to another state agency shall transfer all accumulated and unused sick leave to the employee's sick leave account in the new state agency.

F. Separation. All sick leave credits are forfeited upon separation from state employment except as provided in A.R.S. § 38-615 or otherwise provided by law. However, an employee who returns to state employment within two years after separation shall be credited with all unused sick leave accumulated at the time of separation if the employee was not paid for accumulated sick leave pursuant to A.R.S. § 38-615.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-B604. Administrative Leave

- A. General. An agency head may authorize an employee to be absent with pay on administrative leave during a state of emergency declared by the Governor or:
 1. In other emergency situations such as extreme weather conditions, fire, flood, or malfunction of publicly-owned or controlled machinery or equipment.
 2. To relieve an employee of duties temporarily during the investigation of alleged wrongdoing by the employee or during a disciplinary or dismissal process, subject to the requirements outlined in subsections (B) and (C).
- B. Reporting administrative leave. If an employee's administrative leave totals 80 consecutive hours, the agency head shall submit a report to the Director and for each week thereafter, until the employee's administrative leave is terminated. The report shall include:
 1. The name of the agency,
 2. The employee identification number (EIN) of the employee,
 3. The name of the employee,
 4. The employment status of the employee,
 5. The date the employee was placed on administrative leave,
 6. The number of hours the employee has been on administrative leave as of the date of the report, and
 7. A brief description as to why the employee is on administrative leave.

C. Approval of Director. If an employee's administrative leave is anticipated to exceed 240 consecutive working hours, the agency head shall obtain the approval of the Director.

1. An agency head requesting approval to continue an employee's administrative leave for more than 240 working hours shall submit a request to the Director for approval at least five business days before the employee's administrative leave will total 240 working hours. If circumstances beyond the agency's control do not permit at least five business days' notice, the agency head shall submit the request as soon as the agency head is aware of the necessity for the request. The request shall include all of the information listed in subsection (B), the reason the administrative leave will extend beyond 240 working hours and the anticipated date the administrative leave will be terminated.
2. The Director shall review the request and approve, modify or deny the request within three business days of receipt.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

R2-5A-B605. Bereavement Leave

- A. General. An employee may be absent with pay due to the death or funeral of a spouse, natural child, adopted child, foster child, stepchild, natural parent, stepparent, adoptive parent, an individual who stood "in loco parentis," grandparent, grandchild, brother, sister, brother-in-law, sister-in-law, mother-in-law, father-in-law, son-in-law, or daughter-in-law.
- B. Amount of bereavement leave.
 1. A full-time employee may be absent with pay for up to 24 regularly scheduled work hours. An agency head may extend the bereavement leave for up to 16 additional work hours if the employee travels out-of-state for the funeral.
 2. A part-time employee who works 1/4 time, 1/2 time, or 3/4 time may be absent with pay for a proportional amount of bereavement leave. A part-time employee who works a percentage of full-time other than 1/4 time, 1/2 time, or 3/4 time may be absent with pay at the next lower rate. An employee who works less than 1/4 time is not entitled to bereavement leave.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-B606. Civic Duty Leave

- A. General. Upon substantiated application, an employee shall receive absence with pay as civic duty leave while serving as a juror, complying with a subpoena, voting, serving as a voting location worker, or serving as a member of a governmental board, commission, or similarly constituted governmental body, subject to the conditions set forth in this Section and the limitations in R2-5A-A601(B).
- B. Use of civic duty leave. Except for voting pursuant to A.R.S. § 16-401 (primary elections) or A.R.S. § 16-402 (general elections), an employee granted civic duty leave shall report for duty with the employing agency whenever the employee's presence is not required for the civic duty, unless:
 1. The distance to the work location would preclude timely reporting for the civic duty, or

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

2. The employee cannot return to work at least one hour before the end of the work shift.
- C. Appearance as a witness. An employee who is subpoenaed as a witness by any court or administrative, executive, or judicial body in this state may be absent with pay unless the testimony or evidence to be given relates to the employee's commercial, business, or personal matters.
- D. Jury and witness fees. Employees who are granted civic duty leave when called for jury duty or subpoenaed as a witness shall remit any fees to the employing agency, except for mileage allowance.
- E. Membership on a public service body. An employee serving as a member of a governmental board, commission, or similarly constituted governmental body may be absent with pay while performing official duties with the body.
- F. Serving as a voting location worker. Subject to the guidelines established by the Director and following written approval from the employee's supervisor, an employee may be absent with pay during a statewide election in this State for the purpose of serving at a voting location and completing the required associated training. An employee who is granted civic duty leave for serving as a voting location worker shall remit to the employing agency any fees paid by the county administering the election for work performed while the employee is on civic duty leave.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-B607. Compensatory Leave

- A. General. Compensatory leave is leave that has been earned by an employee under the provisions of R2-5A-404.
- B. Use of compensatory leave. An agency head:
 1. Shall approve an employee's request for earned compensatory time off within a reasonable time after the employee makes the request if the use of such time off would not unduly disrupt agency operations.
 2. May require an employee to use the employee's available compensatory leave during a period specified by the agency head.
- C. Payment. Subject to funding availability, an agency head may pay an employee at any time for all or any portion of the employee's earned compensatory leave balance at the employee's regular rate of pay.
- D. Movement.
 1. To another state agency. An agency head may pay an employee who transfers to another state agency for all unused compensatory leave at the time of the transfer. An agency head may transfer part or all of the compensatory leave earned by an employee who transfers to another agency with the gaining agency's concurrence. If the gaining agency does not concur, the losing agency shall pay all of the unused compensatory leave that the gaining agency will not accept.
 2. To an employment status or a position ineligible for compensatory leave. If an employee has a change in employment status or position that results in the employee being ineligible to earn compensatory leave, the agency head or the agency head of the losing agency if the employee moves to another state agency, shall pay the employee for all unused compensatory leave at the employee's regular

rate of pay immediately before the employee's change in status or position.

- E. Separation. An agency head shall pay an employee who separates from state employment for all unused compensatory leave at a rate of compensation not less than the higher of:
 1. The average regular rate received by such employee during the last three years of the employee's employment, or
 2. The final regular rate received by such employee.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-B608. Educational Leave

- A. General. An employee may be sent with pay to participate in a formal educational or training course of study at a college, university, or technical school with the approval of the agency head and the Director, based on the determination that the leave is in the best interest of the state.
- B. Application. The approved application shall be accompanied by a written agreement signed by the agency head and the employee containing the following provisions at a minimum:
 1. A statement of the payments, if any, to be provided to the employee and the manner of their payment.
 2. An agreement by the employee to return to or continue in state employment upon the completion of the educational or training course of study for a period of time specified by the agency head.
 3. A statement by the employee that failure to successfully complete the course, to complete the specified state employment, or to fulfill all of the terms of the agreement, shall result in the employee's being required to repay all or a proportionate part of the salary and other payments received, if any.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-B609. Living Donor Leave

An employee who requests absence with pay for living donor leave under A.R.S. § 41-706 shall submit written verification that the employee is to serve as a donor. An employee may be absent with pay for the time specified for the following purposes:

1. Up to 40 working hours to serve as a bone marrow donor.
2. Up to 240 working hours to serve as an organ donor.

cers, or positions that require full authority peace officer certification, meritorious service leave is only available to uncovered employees.

- C. The guidelines established by the Director shall include at a minimum:
1. The maximum number of hours of meritorious service leave that may be awarded to an employee per calendar year;
 2. The maximum percentage of agency employees eligible for meritorious service leave;
 3. A requirement that an employee shall use meritorious service leave within 12 months of receipt of the leave;
 4. A requirement that if the employee does not use the meritorious service leave within 12 months of receipt, that the leave is forfeited; and
 5. A statement that unused meritorious service leave is forfeited upon separation from state employment.
- D. Subject to the guidelines established by the Director, a meritorious service leave program may be implemented at the discretion of the agency head.

PART C. UNPAID LEAVE**R2-5A-C601. Furlough**

- A. Definition. A furlough is the involuntary placement of an employee on leave of absence without pay for budgetary reasons.
- B. Types of furloughs. A furlough may be authorized by legislative action. In addition, the Director may approve:
1. A reduction of funding furlough that allows an agency head to place employees on furlough for any combination of consecutive or non-consecutive days. There is no maximum number of days an employee may be placed on furlough, but consecutive furlough days shall not exceed five consecutive days or more than one-half the employee's regularly scheduled hours in a pay period, whichever is less; and
 2. A suspension of funding furlough that allows an agency head to place employees on furlough indefinitely until funding is restored.
- C. General.
1. The total number of days an employee is placed on furlough may vary based on the amount of the reduction or length of suspension of funding.
 2. A furlough day equals eight hours for full-time employees and is pro-rated for part-time employees. Furlough hours for part-time employees are calculated by multiplying the number of hours the employee is scheduled to work in a week by 0.2. If the calculation results in a fraction, the furlough hours shall be rounded to the nearest whole hour, as follows:
 - a. 0.5 or above is rounded up, and
 - b. Less than 0.5 is rounded down.
 3. A furlough is unpaid.
 4. Unless a work emergency occurs under subsection (D)(5)(d), while on furlough, an employee shall not conduct state work or volunteer to conduct state work, either with or without compensation.
 5. Paid leave shall not be substituted for furlough days.
6. All state employees within the scope of the furlough shall be subject to the furlough in the same manner. Exceptions may be granted when an agency head determines certain employees within the scope of the furlough have unique knowledge or skills or are considered mission critical and need to be excluded from the furlough.
7. Unless the employee is in a physician or attorney position, an employee who is in a position that has been determined to be exempt from the provisions of the Fair Labor Standards Act (FLSA) will lose the exemption for any work week in which the employee is furloughed for less than the full work week.
8. A furlough shall not adversely affect an employee's service anniversary date or create a break in service.
9. Upon conclusion of the furlough period, an agency head shall return an employee to the employee's status and position held prior to the furlough, unless a personnel action taken in accordance with State Personnel System rules authorizes a change to the employee's record.
10. An employee's failure or inability to return to work upon conclusion of the furlough period may, in accordance with applicable State Personnel System rules:
- a. Result in the employee being placed on leave,
 - b. Be considered a resignation,
 - c. Result in separation without prejudice, or
 - d. Be cause for dismissal of a covered employee.
- D. Reduction of funding furlough.
1. An agency head shall submit to the Director a furlough plan for approval if the agency head determines a furlough is necessary due to a reduction of funding. An agency head is not required to implement or exhaust other cost-savings measures prior to initiating a furlough plan.
 2. The agency head shall submit the furlough plan for approval at least 30 business days prior to the proposed implementation date of the furlough. If circumstances beyond the agency head's control do not permit at least 30 business days' notice, the agency head shall submit the furlough plan as soon as the agency head is aware of the necessity for the furlough and provide a written explanation of why the 30 business day requirement was not met.
 3. An agency head shall include all of the following in the furlough plan:
 - a. The proposed scope of the furlough plan, which shall be either agency-wide or limited to:
 - i. Agency operations in one or more geographic areas,
 - ii. One or more organizational units of the agency,
 - iii. One or more funding sources,
 - iv. One or more job classes,
 - v. One or more class series, or
 - vi. Any combination of the above.
 - b. If the furlough will not be conducted on an agency-wide basis, each affected:
 - i. Geographic location,
 - ii. Organizational unit,
 - iii. Funding source,
 - iv. Job class, and
 - v. Class series.
 - c. For each affected geographical location, organizational unit, funding source, job class, and class series specified in the furlough plan, the total number of employees scheduled for furlough;

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

- d. If requesting any exceptions within the scope of the furlough under subsection (C)(6), the total number of employees within the scope of the furlough, the number of employees for whom an exception is requested, and the reason for the request;
 - e. The number of days and date ranges for the furlough;
 - f. The anticipated cost savings due to the furlough;
 - g. The agency's procedures for scheduling furloughs; and
 - h. The procedures for notifying employees of the furlough.
4. The Director shall review and provide written notification of approval, modification, or denial of an agency's furlough plan within 20 business days of receipt.
 5. Upon approval of the Director to conduct a reduction of funding furlough, an agency head:
 - a. May place an employee on furlough for any combination of consecutive or non-consecutive days, subject to the limits in subsection (B)(1);
 - b. Shall determine the scheduling of furloughs that provide for the continuation of any agency operations required by law;
 - c. May cancel or rescind any approved paid or unpaid leave in progress or scheduled for an employee who is designated for furlough and shall notify the affected employee in writing of the cancellation of the approved leave for the duration of the furlough. If the previously approved leave was scheduled to extend beyond the furlough, the employee may return to paid leave status, if available, following the furlough period. If the agency head cancels an employee's paid leave and:
 - i. The employee is on leave pursuant to the provisions of the federal Family and Medical Leave Act (FMLA) during a scheduled furlough day, the furlough day shall not count against the employee's FMLA entitlement and the employee's leave balance shall not be charged for the furlough day; or
 - ii. The employee is on military leave during a scheduled furlough day, the furlough day shall not count against the employee's military leave and the employee's leave balance shall not be charged for the furlough day; and
 - d. Shall prohibit an employee from working during the period of the furlough, unless a work emergency arises. In the event of a work emergency, an agency head may revoke the furlough for an employee in an individual case. An employee whose furlough is revoked due to an emergency shall be paid for time required to work and shall be required to take the furlough on another day, unless otherwise exempted.
- E. Suspension of funding furlough - agency head request.**
1. An agency head shall submit to the Director for approval a furlough plan if the agency head determines a furlough is required due to a suspension of funding to pay employees.
 2. The agency head shall submit the furlough plan for approval at least 15 business days prior to the proposed implementation date of the furlough. If circumstances beyond the agency head's control do not permit at least 15 business days' notice, the agency head shall submit the furlough plan as soon as the agency head is aware of the necessity for the furlough and provide a written explanation of why the 15 business day requirement was not met.
3. An agency head shall include all of the following in the furlough plan:
 - a. The proposed scope of the furlough plan, which shall be either agency-wide or limited to:
 - i. Agency operations in one or more geographic areas,
 - ii. One or more organizational units of the agency,
 - iii. One or more funding sources,
 - iv. One or more job classes,
 - v. One or more class series, or
 - vi. Any combination of the above.
 - b. If the furlough will not be conducted on an agency-wide basis, each affected:
 - i. Geographic location,
 - ii. Organizational unit,
 - iii. Funding source,
 - iv. Job class, and
 - v. Class series.
 - c. For each affected geographical location, organizational unit, funding source, job class, and class series specified in the furlough plan, the total number of employees scheduled for furlough;
 - d. If requesting any exceptions within the scope of the furlough under subsection (C)(6), the total number of employees within the scope of the furlough, the number of employees for whom an exception is requested, and the reason for the request;
 - e. The procedures for notifying employees of the furlough; and
 - f. The procedures for notifying employees of restoration of funding and when to return to work.
 4. The Director shall review and provide written notification of approval, modification, or denial of an agency's furlough plan within 10 business days of receipt.
 5. Upon approval of the Director to conduct a suspension of funding furlough, an agency head:
 - a. Shall freeze all personnel actions except for those actions that would accomplish, or assist in accomplishing the purpose of the furlough;
 - b. May place employees on furlough indefinitely until the reason for the furlough is abated;
 - c. Shall notify affected employees of the furlough and that while on furlough, an employee:
 - i. Shall not report to work or work from any location until notified to return to work; and
 - ii. Will not receive pay for any unused and forfeited annual leave, should the employee resign or be terminated, until funding is restored;
 - d. May cancel or rescind any approved paid or unpaid leave in progress or scheduled for an employee who is designated for furlough and shall notify the affected employee in writing of the cancellation of the approved leave for the duration of the furlough. If the previously approved leave was scheduled to extend beyond the furlough, the employee may return to paid leave status, if available, following the furlough period; and
 - e. Shall notify employees upon restoration of funding and when to return to work.
- F. Suspension of funding furlough - failure to pass state budget.** If the state fails to pass a budget and funds are not appropriated

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

for the following fiscal year, the Director may authorize an agency head to implement a suspension of funding furlough. Upon such notification by the Director, an agency head:

1. Shall freeze all personnel actions except for those actions that would accomplish, or assist in accomplishing the purpose of the furlough;
2. Unless an exception has been authorized as provided in subsection (F)(4), shall place all employees on furlough indefinitely until the reason for the furlough is abated;
3. Shall require all employees to be subject to the furlough in the same manner;
4. May establish exceptions when only a portion of the employees in a particular class are necessary to perform mission critical services;
5. Shall notify affected employees of the furlough and that while on furlough, an employee:
 - a. Shall not report to work or work from any location until notified to return to work; and
 - b. Will not receive pay for any unused and unforfeited annual leave, should the employee resign or be terminated, until funding is restored;
6. Shall cancel or rescind any approved paid or unpaid leave in progress or scheduled for an employee who is designated for furlough and shall notify the affected employee in writing of the cancellation of the approved leave for the duration of the furlough. If the previously approved leave was scheduled to extend beyond the furlough, the employee may return to paid leave status, if available, following the furlough period; and
7. Shall notify employees upon restoration of funding and when to return to work.

G. Employee request for review.

1. An employee may submit a request for review of the employee's placement on furlough. The employee shall make the request for review in writing to the agency head no later than three business days after the employee's receipt of a furlough notice. The employee shall limit the request for review to the determination resulting in the employee's furlough and include a proposed resolution.
2. The agency head shall provide a written response to the employee with a final decision within:
 - a. Five business days after receipt of the request if a reduction of funding furlough, or
 - b. Fifteen business days after the employee returns to work if a suspension of funding furlough.
3. A request for review shall not delay implementation of the furlough.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-C602. Leave Without Pay

- A. Approval.** All leave without pay requires a written request by an employee in advance, including the reason for the employee's request, and approval by the agency head.
- B. Use of leave.** Except for military leave, an agency head shall not grant leave without pay in excess of 80 consecutive hours until all annual leave earned for working on a day on which a state holiday is observed, all accrued annual leave and, if the leave without pay is for medical reasons, sick leave are exhausted.
- C. Return to work.**
 1. An employee who returns to work after an authorized period of leave without pay of 80 consecutive hours or

less shall return to the same position occupied at the start of the leave without pay.

2. Except as provided in subsection (C)(4), an employee who returns to work after a period of leave without pay in excess of 80 consecutive hours may return to a position in the class held at the start of the leave without pay, if a position is available and funded, and if the leave without pay is terminated in one of the following ways:
 - a. Expiration of its term and the employee's return to work;
 - b. Rescission of the leave without pay by the agency head before its scheduled expiration due to an unforeseen need that results in an insufficient number of employees available to provide service and for which:
 - i. The agency head provides written notice of the rescission to the employee's last known address at least 15 days before the date the employee is directed to return to work; or
 - ii. If circumstances beyond the agency's control do not permit at least a 15-day notice, the agency head provides notice as soon as possible after becoming aware of the need for the employee to return to work; or
 - c. Curtailment of the leave without pay before its scheduled expiration date upon request of the employee and with approval of the agency head.
3. An agency head may consider the failure or inability of an employee to return to work on the first work day after an approved leave without pay as a resignation.
4. An employee returning to work from leave without pay granted:
 - a. For industrial illness or injury for up to six months shall return to the position occupied at the start of the leave without pay. If this position or a position in the same class is not available and funded, the agency head shall conduct a layoff or, if the employee is covered, a reduction in force in accordance with Subchapter B.
 - b. As military leave is subject to the provisions of the USERRA regulations incorporated by reference in R2-5A-D603.
 - c. As FMLA leave is subject to the provisions of the FMLA regulations incorporated by reference in R2-5A-D601.
- D. Insurance benefits continuation.** An employee who is on leave without pay may continue to participate in the employee insurance plans as follows:
 1. Health benefit plan participation.
 - a. An employee who is on FMLA leave is eligible to continue to participate in the health benefit plan for the duration of the FMLA leave by paying the employee premium/contribution. An agency head may recover the state's portion of premium/contributions paid to maintain health coverage for an employee if the employee fails to return from FMLA leave under certain circumstances, in accordance with FMLA regulations incorporated by reference in R2-5A-D601.
 - b. An employee who is on leave without pay for a health-related reason that is not an industrial illness or injury and who either does not meet FMLA eligibility requirements or has exhausted FMLA leave and remains absent from work may continue to par-

ticipate in the health benefit plan by paying both the state and employee premium/contribution. Authority to continue participation in the health benefit plan shall terminate on the earliest of:

- i. Receipt of long-term disability benefits for which there is eligibility to continue health benefit plan participation under a state-sponsored retirement plan,
 - ii. A determination of eligibility for Medicare coverage, or
 - iii. 30 months after the incapacity began.
- c. An employee who is on leave without pay for reasons other than those outlined in subsection (D)(1)(a), (b), or R2-5A-D602 pertaining to industrial leave, may continue to participate in the health benefit plan for a maximum of six months by paying both the state and employee premiums/contributions.
2. Life insurance plan participation.
 - a. An employee who is on FMLA leave continues to participate in the Basic Life and Accidental Death and Dismemberment Insurance Plan and may continue to participate in the supplemental life and dependent life insurance coverage by paying the full premium/contribution.
 - b. An employee who is on leave without pay for a health-related reason that is not an industrial illness or injury and who either does not meet FMLA eligibility requirements or has exhausted FMLA leave and remains absent from work may continue to participate in the basic life insurance plan by paying the state premium/contribution. An employee who elects to continue to participate in the basic plan may also continue any supplemental or dependent life coverage that is in force at the beginning of the leave without pay by continuing to pay the premium/contribution. Authority to continue in the life insurance plan shall terminate in accordance with the time limits specified in subsection (D)(1)(b).
 - c. An employee who is on leave without pay for reasons other than those outlined in subsection (D)(1)(a), (b), or R2-5A-D602 pertaining to industrial leave, may continue to participate in the basic life insurance plan by paying the state premium/contribution. An employee who elects to continue to participate in the basic plan may also continue any supplemental or dependent life coverage that is in force at the beginning of the leave without pay by continuing to pay the premium/contribution. Authority to continue in the life insurance plan shall be available for a maximum of six months.
 3. Termination of insurance. The insurance coverage of an individual on leave without pay who fails to pay insurance premiums/contributions when due shall terminate at 11:59 p.m. on the last day of the period covered by the last premium/contribution paid.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

PART D. LEAVE THAT COULD BE PAID OR UNPAID**R2-5A-D601. Family and Medical Leave Act (FMLA) Leave**

- A. General. All state agencies are responsible for complying with the federal Family and Medical Leave Act (FMLA) of 1993

and all applicable revisions. FMLA Regulations, 29 CFR 825.100 through 29 CFR 825.800 (July 2012), are incorporated by this reference and on file with the Department and available from the U.S. Government Printing Office, 732 North Capitol Street N.W., Washington, D.C. 20401. This incorporation by reference contains no future editions or amendments. Any interference with, restraint of, or denial of an employee's rights provided by the FMLA is strictly prohibited.

B. Eligible employee.

1. An eligible employee for the purposes of the FMLA is an employee who:
 - a. Is an employee of the state of Arizona;
 - b. Has been employed by the state of Arizona for at least 12 months; and
 - c. Worked for at least 1,250 hours of service during the 12 months immediately preceding commencement of the leave.

2. An agency head shall not extend FMLA benefits to an ineligible employee.

C. Situations covered by the FMLA. A state agency shall grant an eligible employee FMLA leave when the employee takes leave for one or more of the following reasons:

1. The birth of a child or placement of a child with the employee for adoption or foster care, provided the leave concludes within 12 months of the birth or placement.
2. To care for the employee's spouse, child or parent with a serious health condition.
3. The employee is unable to work because of the employee's own serious health condition.
4. Any qualifying exigency arising out of the fact that the employee's spouse, child or parent is a covered military member on active duty or call to active duty status in support of a contingency operation.
5. To care for a covered service member with a serious injury or illness when the covered service member is the employee's spouse, child, parent or next of kin.

D. Amount of FMLA leave.

1. An employee who takes FMLA leave for any of the situations described in subsections (C)(1), (2), (3) or (4) may take a maximum of 12 workweeks of leave during any rolling 12-month period, measured backward from the first day of each approved period of FMLA leave.
2. An employee who takes FMLA leave for the situation described in subsection (C)(5) may take up to 26 workweeks of leave in a single 12-month period.
3. During a 12-month period, an eligible employee is able to take no more than 12 workweeks of FMLA leave for any of the situations described in subsections (C)(1), (2), (3) or (4) and a combined total of 26 workweeks of FMLA leave if the leave includes the situation described in subsection (C)(5).

E. Designation of FMLA leave. An employee need not specifically request FMLA leave to be placed on FMLA leave. If an eligible employee takes leave for any reason covered by the FMLA and has not already exhausted the employee's available FMLA leave, the agency head shall designate the employee's leave as FMLA leave.**F. Use of paid leave.** Except for portions of industrial leave, an employee on FMLA leave shall be required to use the employee's available paid leave while on FMLA leave as follows and in the following order:

1. Sick leave or, as applicable, family sick leave subject to the provisions of R2-5A-B603.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

2. Compensatory leave subject to the provisions of R2-5A-B607.
 3. Annual leave subject to the provisions of R2-5A-B602.
 4. Leave without pay subject to the provisions of R2-5A-C602.
- G.** Insurance benefits continuation. An employee who is using leave with pay remains eligible for continued participation in the employee insurance plans and the employee's share of premiums/contributions is paid through payroll deduction. An employee who is on leave without pay while on FMLA leave may continue to participate in the employee insurance plans as follows:
1. Health benefit plan participation. An employee is eligible to continue to participate in the health benefit plan for the duration of the FMLA leave by paying the employee premium/contribution. An agency head may recover the state's portion of premium/contributions paid to maintain health coverage for an employee if the employee fails to return from FMLA leave under certain circumstances, in accordance with FMLA regulations incorporated by reference in subsection (A).
 2. Life insurance plan participation. An employee continues to participate in the Basic Life and Accidental Death and Dismemberment Insurance Plan and may continue to participate in the supplemental life and dependent life insurance coverage by paying the full premium/contribution.
 3. Termination of insurance. The insurance coverage of an employee on leave without pay who fails to pay insurance premiums/contributions when due shall terminate at 11:59 p.m. on the last day of the period covered by the last premium/contribution paid.
- H.** Return from FMLA leave. An agency head shall restore an employee returning from FMLA leave to the employee's original job, or to an equivalent job with equivalent pay, benefits, and other terms and conditions of employment. The provisions of the FMLA, not the provisions of R2-5A-C602(C), shall govern return to work from leave without pay granted to complete an FMLA-qualified leave.
- I.** Employee responsibilities. An employee is required to adhere to the employing agency's call-in procedures, give the agency 30 days' notice in the event of a foreseeable leave, provide requested documentation, and periodic updates of the employee's status and intent to return to work as requested by the agency.
- J.** Agency rights. Nothing in the FMLA or this Section should be construed as limiting an agency's right to manage, discipline or terminate an employee, including an employee's failure to comply with the agency's request for appropriate documentation to substantiate the employee's need for the leave. However, an employee's use of FMLA leave cannot be considered as a negative factor in any employment decision.
- K.** Conflict. If there is a conflict between the provisions of these rules and the FMLA, the provisions of the FMLA govern.
- Historical Note**
- Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).
- R2-5A-D602. Industrial Leave**
- A.** Use of leave.
1. An agency head shall place an employee who sustains a job-related illness or injury that is compensable under the Workers' Compensation Law, A.R.S. Title 23, Chapter 6 on sick leave.
 2. If an employee who is on leave under the Worker's Compensation laws meets Family and Medical Leave Act (FMLA) eligibility requirements and the leave qualifies for FMLA leave, an agency head shall count it as FMLA leave. An agency head shall apply industrial leave and FMLA concurrently.
 3. An employee shall use leave in an amount necessary to receive total payments (leave payments plus Workers' Compensation payments) that do not exceed the gross salary of the employee.
 4. If an employee exhausts all sick leave, compensatory leave and annual leave, an agency head shall place the employee on leave without pay.
- B.** Payments. If an employee receives a retroactive Workers' Compensation payment for any period of industrial illness or injury for which leave payments were received, the employee shall reimburse the agency for Workers' Compensation payments that exceed 100% of the employee's gross salary before the illness or injury, and the agency head shall restore the equivalent value of leave to the employee's appropriate leave account.
- C.** Light duty. If an employee has a job-related illness or injury that impairs performance on the former job, the agency head shall make every effort to place the employee in a suitable position within the agency, including a light duty assignment.
- D.** Restriction. An agency head shall not grant sick leave or leave without pay to an employee who fails to accept compensation available under the industrial injury and disease provisions of A.R.S. §§ 23-901 to 23-1091.
- E.** Insurance benefits continuation. An employee who is using leave with pay in accordance with subsection (A) remains eligible for continued participation in the employee insurance plans and the employee's share of premiums/contributions is paid through payroll deduction. An employee who is on leave without pay due to an industrial illness or injury may continue to participate in the employee insurance plans as follows:
1. Health benefit plan participation.
 - a. An employee may continue to participate in the health benefit plan for a maximum of six months from the date of illness or injury by paying the employee premium/contribution.
 - b. At the end of the six-month period, an employee who remains on leave without pay due to industrial illness or injury may continue to participate in the health benefit plan by paying both the state and employee premiums/contributions, until the employee returns to work or is determined to be eligible for Medicare coverage or Long-term Disability, whichever occurs first.
 2. Life insurance plan participation. An employee who is on leave without pay continues to participate in the basic life and accidental death and dismemberment insurance plan without cost for six months after the month in which the illness or injury occurs. During this six-month period, the employee may continue supplemental life and dependent life coverages that were in effect at the start of the leave by paying the applicable premium/contribution.
 3. Termination of insurance. The insurance coverage of an employee on leave without pay who fails to pay insurance premiums/contributions when due shall terminate at 11:59 p.m. on the last day of the period covered by the last premium/contribution paid.

TITLE 2. ADMINISTRATION

R2-5A-D603. Military Leave

An employee who requests absence with pay on military leave under A.R.S. §§ 26-168, 26-171, or 38-610 shall submit a copy of the orders for duty with the request for military leave. An employee who has not received the orders for duty prior to the start of the military leave shall submit a copy of the orders within five workdays of receipt. An employee may be absent with pay for military purposes for up to three times the average of regularly scheduled work hours in a weekly work period each year and up to six times the average of regularly scheduled work hours in a weekly work period in any two consecutive federal fiscal years. All state agencies are responsible for complying with the federal Uniformed Services Employment and Reemployment Rights Act (USERRA) of 1994 and all applicable revisions. USERRA Regulations, 20 CFR 1002.1 through 20 CFR 1002.314 (April 2012), are incorporated by this reference and on file with the Department and available from the U.S. Government Printing Office, 732 North Capitol Street N.W., Washington, D.C. 20401. R2-5A-D604. Victim Leave

An employee who is a victim of a juvenile offense or a crime and who requests absence from work to attend court-related proceedings under A.R.S. §§ 8-420 or 13-4439 shall submit a copy of the form provided to the employee by the law enforcement agency or a copy of the information the law enforcement agency provided to the employee with the request for victim leave. An employee shall use the employee's available sick leave, compensatory leave or annual leave for such absence. If an employee exhausts all sick leave, compensatory leave and annual leave, an agency head shall place the employee on leave without pay.

Historical Note

ARTICLE 7. PERFORMANCE MANAGEMENT**R2-5A-701. General**

- A. Performance management system. The Director shall establish a performance management system to evaluate the job performance of state employees. The performance management system established by the Director shall contain performance rating levels and shall contain numerical points to apply to each performance rating level established.
- B. Administration. The Director shall develop an administrative manual and training on the performance management system.
- C. Exceptions. The performance management system may be used:
1. As determined by the appointing authority for the agency head, to evaluate the job performance of the agency head.

2. As determined by the agency head, to evaluate the job performance of each subordinate uncovered employee in a position listed in A.R.S. § 41-742(F).

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

R2-5A-702. Performance Management Process

- A. Performance plan. For the purposes of this subsection, "performance plan" means a communication by an employee's supervisor that outlines what is expected of the employee and how the employee's performance will be measured. Subject to review by agency management, a supervisor:
1. Shall communicate performance expectations with each employee within 30 days of becoming the employee's supervisor.
 2. May modify a performance plan at any time during a performance period.
 3. Shall modify a performance plan when significant responsibilities or expectations are added to or removed from a position.
 4. Shall notify the affected employee of any modifications made to a performance plan under subsection (A)(2) or (3).
- B. Performance evaluation requirements.
1. Informal evaluation. A supervisor shall:
 - a. Monitor and evaluate an employee's performance throughout the rating period,
 - b. Provide feedback to the employee on a regular basis, and
 - c. Attempt to correct inadequate performance where possible and appropriate.
 2. Formal evaluation. A supervisor shall:
 - a. Formally evaluate, document and rate the performance of each employee at least annually.
 - b. Submit the evaluation to agency management for review prior to the evaluation being administered to the employee.
 3. Covered probationary employees. Prior to granting a covered probationary employee permanent status, a supervisor shall evaluate a probationary employee at least once prior to the end of the employee's probationary period.
- C. Responsibilities.
1. An employee shall comply with the performance plan established by the supervisor.
 2. A supervisor shall comply with performance evaluation requirements.
 3. An agency head shall ensure that all performance evaluations are completed as required by this Section.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

ARTICLE 8. DISCIPLINARY ACTIONS**R2-5A-801. General**

- A. Authority. An agency head has the primary authority and responsibility for managing the conduct of all employees within an agency. A covered employee may be disciplined only for cause. An agency head shall discipline a covered employee in accordance with this Article and the rules in Sub-

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

chapter B of this Chapter. An uncovered employee serves at the pleasure of the appointing authority and may be dismissed at will. Except for an employee who is in a position listed in A.R.S. § 41-742(F), any action that involves a suspension greater than 80 working hours, an involuntary demotion, or a dismissal requires review by the Director prior to the agency head administering such action.

B. Level of discipline.

1. If an agency head deems it necessary to discipline an employee, the agency head may determine the level of discipline to be imposed, up to and including dismissal, subject to review by the Director, if applicable.
2. In determining the level of discipline to be imposed, the agency head may consider the following factors:
 - a. Consistent application of rules and standards,
 - i. Unless otherwise prescribed by statute, the agency head need only consider those cases decided under the administration of the current agency head. Decisions in cases prior to the administration of the current agency head are not binding upon the current agency head and are not relevant in determining consistent application of rules and standards.
 - ii. In determining consistent application of rules and standards, the disciplinary actions imposed by one agency may not be binding upon any other agency and may not be used for comparison purposes in hearings wherein the consistent application of rules and standards is at issue.
 - b. Prior knowledge of rules and standards,
 - c. The severity of the infraction,
 - d. The repeated nature of violations,
 - e. Prior corrective or disciplinary actions,
 - f. Previous oral discussions,
 - g. The employee's past work record,
 - h. The effect on agency operations,
 - i. The potential of the violations for causing damage to persons or property.

C. Limitations.

1. Except as otherwise provided by statute or rule, suspensions shall not exceed a total of 30 working days during any 12-month period. The 12-month period begins with the first day of the first suspension.
2. An employee who is involuntarily demoted must possess the qualifications for the position and:
 - a. A covered employee who has attained permanent status may be involuntarily demoted only to a regular position in the covered service.
 - b. An uncovered employee may be involuntarily demoted only to a position in the uncovered service.

D. Review by Director.

1. Letters of reprimand and suspensions without pay of 80 working hours or less are not subject to review by the Director.
2. Prior to imposing a suspension greater than 80 working hours, an involuntary demotion, or dismissal, the agency head shall submit the proposed action to the Director for review as prescribed in R2-5A-802, unless the employee is in a position listed in A.R.S. § 41-742(F). If the employee is in a position listed in A.R.S. § 41-742(F), a review by the Director is not required.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-802. Procedures for Review by the Director

- A. Prior to administering any action requiring review by the Director, the agency head shall submit the proposed letter to the Director prior to the date the agency head intends to issue the letter to the employee.
- B. The Director shall review the agency head's proposed action and provide notification of concurrence or recommend modification to the proposed action.
- C. When the agency head administers the action to an employee, the agency head shall also send a copy of the employee's letter to the Director. If the agency head determines that no action will be taken, the agency head shall notify the Director.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-803. Employee Request for Review of Disciplinary Action

- A. A covered employee who is issued a disciplinary action may have grievance or appeal rights, as applicable.
- B. An uncovered employee does not have grievance rights or the right of appeal to the State Personnel Board or the Law Enforcement Merit System Council.
- C. A covered employee who files a complaint on a disciplinary action alleging discrimination or harassment is precluded from also filing a grievance through the agency's grievance procedure on the same disciplinary action that is the subject of the employee's complaint.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by final rulemaking at 30 A.A.R. 2765 (September 6, 2024) effective October 12, 2024 (Supp. 24-3).

ARTICLE 9. COMPLAINTS**R2-5A-901. Complaint System**

- A. General. Each agency head shall:
 1. Adopt a procedure to address employee complaints concerning discrimination or harassment in compliance with this rule.
 2. Designate an employee of the agency to serve as the agency's complaint coordinator, who shall be responsible for receiving complaints, determining applicability under the complaint system, investigating or assigning the complaint to the appropriate individual within the agency for review or investigation, and tracking the processing of complaints.
- B. Matters subject to the complaint system. The adopted complaint procedure shall require the complainant to file the complaint with the agency complaint coordinator within 180 days of the action giving rise to the complaint and to clearly outline the allegations to be addressed, including whether the basis of the complaint is based on:
 1. Unlawful discrimination based on race, color, religion, sex (including pregnancy), age, national origin, genetic information or on the basis of a disability.
 2. Allegation of sexual harassment or other form of harassment.
 3. Retaliation for filing a complaint.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

4. Retaliation or intimidation for exercising any right under state or federal law.
- C. Preparation. A complainant shall not be allowed the use of state time or state property to prepare a complaint, prepare for a meeting with agency management or to meet with a representative. Subject to supervisory approval, a complainant may request available compensatory or annual leave for this purpose.
- D. Multiple complaints. Multiple complaints by an employee may be consolidated into a single complaint. Separate complaints filed by two or more employees regarding the same issue or issues may be consolidated into a group complaint. Employees having a common complaint may submit one group complaint, identifying one complainant as the selected spokesperson for the group. Employees who choose to file a group complaint are prohibited from filing separate complaints on the same issue.
- E. Amendments. Once a complaint is submitted to the agency complaint coordinator, it may not be amended. If additional documentation is submitted by the complainant after the initiation of the complaint, the reviewing or investigating official may remand the complaint to the complainant for reconsideration and resubmission.
- F. Approval. Each agency will submit its proposed complaint procedure and any subsequent changes to the Director for approval.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-902. Complaint Procedures

- A. Content. Each agency complaint procedure shall include as a minimum that:
 1. The agency head be notified of all verbal or written complaints of discrimination or harassment reported by an employee immediately upon receipt of a complaint.
 2. Employees who are told or otherwise become aware that discrimination or harassment is occurring must immediately report the allegation or complaint to the agency's complaint coordinator.
 3. The complaint include all facts and circumstances involved in the alleged violation, including:
 - a. Description of the incident(s),
 - b. Name(s) of individual(s) involved,
 - c. Name(s) of witness(es),
 - d. The date(s) the discrimination or harassment occurred (if known),
 - e. Resolution sought,
 - f. Federal or state law alleged to have been violated.
 4. The agency complaint coordinator shall acknowledge receipt of the complaint in writing to the complainant not later than five business days after receipt of the written complaint.
 5. The agency complaint coordinator shall initiate an investigation into the alleged complaint or assign the complaint to the appropriate individual within the agency for review or investigation within 10 business days and the review or investigation shall be completed within 60 business days of receipt of the written complaint. If extenuating circumstances exist, an extension shall be requested through the agency complaint coordinator.
 6. Barring resolution of the complaint by agreement of the parties, the agency complaint coordinator shall forward a written recommendation to the agency head, or designee,

within 10 business days of completion of the review or investigation.

7. The agency head, or designee, shall review the findings and recommendations and issue a decision in writing to the complainant.
8. A statement advising that retaliation against an employee for filing a complaint in good faith will not be tolerated or permitted.
9. A statement specifying that a grievance filed by a covered employee under R2-5B-403 that includes an allegation of discrimination or harassment shall be reviewed or investigated under the provisions of this Article, and not the grievance system.
- B. Review by Director.
 1. An employee, other than a Department of Administration employee, who is not satisfied with the agency head's response to a complaint alleging discrimination or harassment, may elevate the complaint to the Director within five business days after the receipt of the agency head's response. The Director will furnish a copy of the final decision to the agency head and the complainant within 20 business days following receipt of the complaint by the Director. The 20 business days may be extended by the Director with the concurrence of the complainant. The decision of the Director is the final step in the complaint procedure.
 2. A complainant who is a Department of Administration employee and who is not satisfied with the Director's decision on a complaint alleging discrimination or harassment may resubmit the complaint to the Director within five business days after receipt of the Director's decision. The Director will appoint an individual who is not an employee of the Department of Administration and who serves in a position that is assigned to manage an agency's employee relations or investigations work unit to investigate the resubmitted complaint. The investigator shall conduct an investigation and furnish a copy of the findings and final decision to the Director and the complainant within 20 business days following receipt of the complaint by the investigator. The 20 business days may be extended by the investigator with the concurrence of the complainant. The decision of the investigator is the final step in the complaint procedure.
 3. The response will refer the employee to the appropriate entity if the employee is dissatisfied with the final step of the complaint procedure.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

ARTICLE 10. SEPARATIONS**R2-5A-1001. Voluntary Separation**

- A. Resignation. An employee may terminate employment with the state by submitting a written resignation to the agency head. An employee should submit a resignation at least 10 business days prior to the effective date of the resignation. If an employee resigns orally, the agency head shall confirm the resignation in writing. An agency head may refuse to accept a resignation and separate the employee pursuant to R2-5A-1002.
- B. Job abandonment. An agency head may consider an employee to have voluntarily resigned from employment with the agency when the employee is absent from duty for three consecutive workdays or equivalent without proper authorization.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5A-1002. Involuntary Separation

- A.** General. An agency head may terminate an employee as deemed necessary to meet the needs of the agency and in keeping with federal and state laws and regulations. A covered employee may be dismissed only for cause. An agency head shall dismiss a covered employee in accordance with Article 8 and the rules in Subchapter B of this Chapter.
- B.** Staff reduction. At times, a staff reduction is necessary due to lack of work, lack of funds, economic slowdowns, technological or structural changes in the agency's operations, or because a staff reduction is determined to be necessary to ensure the financial health and viability of the agency.
1. Except for an employee who is in a position listed in A.R.S. § 41-742(F), a staff reduction of an uncovered employee requires review by the Director prior to the agency head administering such action.
 2. An agency head shall conduct staff reductions of covered employees in accordance with Subchapter B, Article 6, Reduction in Force.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

SUBCHAPTER B. COVERED EMPLOYEES**ARTICLE 1. GENERAL****R2-5B-101. Definitions**

In addition to the definitions provided in Subchapter A of this Chapter, the following definitions apply to this Subchapter:

"Limited appointment employee" means an employee who, before September 29, 2012, was subject to the provisions of A.R.S. Title 41, Chapter 4, Articles 5 and 6 that were in effect before September 29, 2012, was appointed to a position that was based on the duration of funding, and was not eligible to acquire reduction in force rights.

"Original probationary period" means the specified period following initial appointment to covered service. A.R.S. § 41-741(10)

"Permanent status" means the standing a covered employee achieves after the completion of an original probation or a promotional probation.

"Probationary period" means a working test period of employment in a covered service position for evaluation of the employee's work. A.R.S. § 41-741(11)

"Promotional probation" means the specified period of employment following promotion of a permanent status employee to another covered position that has a higher pay grade. A.R.S. § 41-741(12)

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-102. Applicability

- A.** The rules in this Subchapter are applicable to covered positions, applicants for covered positions and covered employees in the State Personnel System.
- B.** Covered service is limited to the following:
1. An employee who was in the state service as either a probationary or permanent status employee, was not required

to become at will uncovered in accordance with A.R.S. Title 41, Chapter 4, Article 4, and who does not:

- a. Voluntarily elect to become uncovered at will.
 - b. Voluntarily accept a change in assignment to a position in the uncovered service.
 - c. Have a break in service.
- 2.** A newly hired employee who is appointed or a current uncovered employee who voluntarily accepts a change in assignment to:
- a. A position in the Arizona Department of Corrections that is classified as a Correctional Officer I, Correctional Officer II, Correctional Officer III, or a Community Corrections Officer; or
 - b. A position in any state agency that requires certification as a full authority peace officer by the Arizona Peace Officer Standards and Training Board, provided the position is not in the uncovered service.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

ARTICLE 2. EMPLOYMENT STATUS**R2-5B-201. Applicability**

The rules under this Article are applicable only to positions in the covered service and covered employees.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-202. Original Probation

- A.** General. A new employee hired into a position in the covered service shall serve an original probation period of one year.
- B.** Extension of probation.
1. An agency head may extend an employee's original probation up to six additional months for employment-related reasons.
 2. The probationary period shall be extended for any period for which a probationary employee is on leave without pay for more than 80 consecutive working hours. If original probation is extended for this reason, the employee's probation may exceed 18 months.
- C.** Completion of original probation.
1. In accordance with the rules in Subchapter 5A, Article 7, a supervisor shall evaluate an original probationary employee and submit a report to the agency head before expiration of the employee's probationary period. If the agency head takes no action to extend the probationary period or to terminate the employee, the agency head shall grant permanent status to the employee upon completion of the probationary period.
 2. If an agency head determines at any time during an original probationary period that the services of a probationary employee are no longer required in that position for any reason or for no reason, the agency head may:
 - a. Dismiss the employee without a stated reason and without the right of appeal, providing the employee a letter of dismissal; or
 - b. Offer the employee another position for which the employee possesses the qualifications. An employee who accepts a position that is not in the covered service is an at will uncovered employee.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

- D.** Change in position. An original probation employee who is selected for another position in the covered service shall serve an original probation period in the new position.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-203. Promotional Probation

- A.** General. A permanent-status employee who is promoted to a position in the covered service shall serve a promotional probation period of six months.
- B.** Extension of probation.
1. An agency head may extend an employee's promotional probation up to six additional months for employment-related reasons.
 2. The probationary period shall be extended for any period for which a probationary employee is on leave without pay for more than 80 consecutive working hours. If promotional probation is extended for this reason, the employee's probation may exceed one year.
- C.** Completion of promotional probation.
1. In accordance with the rules in Subchapter 5A, Article 7, a supervisor shall evaluate a promotional probationary employee and submit a report to the agency head before expiration of the employee's probationary period. If the agency head takes no action to extend the probationary period, to revert or separate the employee, or offer the employee another position, the agency head shall grant permanent status to the employee upon completion of the probationary period.
 2. If an employee fails to complete a promotional probation successfully the agency head may revert the employee in the current employing agency to:
 - a. A vacant position in the class in which the employee held permanent status immediately before promotion, or
 - b. A similar position in another class at the same grade as the class that the employee holds permanent status if the employee possesses the qualifications for that position.
- D.** Discipline. Neither subsection (C)(2)(a) nor (b) shall preclude the imposition of disciplinary action.
- E.** Failure to complete promotional probation. An employee who is reverted shall not have the right to appeal.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-204. Permanent Status

A covered employee who has successfully completed the employee's probationary period shall attain permanent status in the position.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-205. Change from Covered to Uncovered Service

- A.** Voluntary election. A covered employee may voluntarily elect to become an at will uncovered employee without a change in assignment. Such an election is subject to the approval of the head of the employing agency and the Director. If approved, the effective date of the employee's change to uncovered service shall be the first day of the pay period immediately following the Director's approval.

- B.** Change in assignment. Except for a special assignment, a covered employee who voluntarily accepts a change in assignment to a position that is not in the covered service, regardless of whether the voluntary change in assignment is a promotion, demotion, or lateral transfer, is an at will uncovered employee. The effective date of the employee's change to uncovered service shall be the same as the effective date of the change in assignment. A special assignment is not a change in assignment.
- C.** Return to state employment. A covered employee who has a break in service and returns to employment in an agency in the State Personnel System in any capacity shall be an at will uncovered employee, unless the appointment is to a position in the covered service.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4). Amended by exempt rulemaking at 19 A.A.R. 717 effective April 13, 2013 (Supp. 13-1).

ARTICLE 3. DISCIPLINARY ACTIONS**R2-5B-301. General**

- A.** Applicability. The rules under this Article are applicable only to covered employees.
- B.** Review by Director. Disciplinary actions for covered employees are subject to the review requirements outlined in R2-5A-801(D) and R2-5A-802.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-302. Reprimand

- A.** Authority. An agency head may issue a written reprimand to an employee for cause.
- B.** Reprimand Procedures. The agency head shall provide the employee with a written statement of the reasons for the reprimand and the employee's grievance rights.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-303. Suspension

- A.** Authority. An agency head may suspend an employee without pay for cause.
- B.** Limitation. Except as otherwise provided by statute or rule, suspensions shall not exceed a total of 30 working days during any 12-month period. The 12-month period begins with the first day of the first suspension.
- C.** Pre-suspension procedures for suspensions exceeding 80 working hours. Before an employee with permanent status can be suspended for more than 80 working hours, the agency head shall submit the proposed action to the Director for review as prescribed in R2-5A-802, give the employee written notice of the charges, a summary of the agency head's basis for the charges, and an opportunity for the employee to present a written response. The employee's response shall be made not later than three business days after the employee receives notice of the charges, unless extended in writing by the agency head.
- D.** Suspension procedures. The agency head shall provide the employee with a written statement of the reasons for the suspension. The statement shall specify the period of suspension and the employee's grievance or appeal rights.

TITLE 2. ADMINISTRATION

R2-5B-304. Involuntary Demotion

- A. Authority. An agency head may involuntarily demote a permanent status employee for cause to any covered position in the employing agency, provided the employee possesses the qualifications for such position.
- B. Pre-demotion procedures. Before an employee with permanent status can be involuntarily demoted, the agency head shall submit the proposed action to the Director for review as prescribed in R2-5A-802, give the employee written notice of the charges, a summary of the agency head's basis for the charges, and an opportunity for the employee to present a written response. The employee's response shall be made not later than three business days after the employee receives notice of the charges, unless extended in writing by the agency head.
- C. Involuntary demotion procedures. Prior to the effective date of the involuntary demotion, a written notice containing specific reasons for the demotion and the employee's right of appeal shall be provided to the employee and the Director.
- D. Probation. Except as otherwise provided in these rules, an employee who is involuntarily demoted shall not be required to serve a probationary period in the position to which demoted.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-305. Dismissal

- A. Relief from duty. Nothing in this rule shall preclude the agency head from immediately placing an employee on administrative leave pending implementation of procedures under this Section, but no pay shall be withheld for such period.
- B. Dismissal during original probation. An employee on original probation may be dismissed without a stated reason and without the right of appeal.
- C. Pre-dismissal procedures. Before an employee with permanent status can be dismissed, the agency head shall submit the proposed action to the Director for review as prescribed in R2-5A-802, give the employee written notice of the charges, a summary of the agency head's basis for the charges, and an opportunity for the employee to present a written response. The employee's response shall be made not later than three business days after the employee receives notice of the charges, unless extended in writing by the agency head.
- D. Dismissal procedures. The agency head may dismiss an employee with permanent status only for cause but not before attempting to serve the employee personally or by registered or certified mail, return receipt requested (addressee only), with written notice of the specific reasons for dismissal in sufficient detail to inform the employee of the facts, with a copy to the Director. The agency head shall include a statement of the employee's right to appeal.
- E. Effective date of dismissal. The dismissal action is not effective until one of the following occurs:
 - 1. The employee signs for receipt of the dismissal letter personally served or served by mail;
 - 2. Three business days have passed since the letter was mailed to the employee; or
 - 3. An attempt is made to personally serve the dismissal letter, but the employee refuses to sign for the letter. Such attempt to personally serve the letter shall be witnessed.

ARTICLE 4. GRIEVANCES**R2-5B-401. Applicability**

The rules under this Article are applicable only to covered employees.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-402. Grievance System

- A. General. Each agency that has one or more covered employees shall:
 - 1. Adopt a grievance procedure which will afford each covered employee a systematic means of resolving an employee's disagreement with the receipt of a disciplinary action that is either:
 - a. A written reprimand, or
 - b. A suspension of:
 - i. 40 working hours or less if the employee is a full authority peace officer, or
 - ii. 80 working hours or less if the employee is a covered employee in any other capacity.
 - 2. Designate an employee of the agency to serve as the agency's grievance coordinator, who shall be responsible for receiving grievances, determining applicability under the grievance system, forwarding the grievance to the appropriate individual within the agency for review or investigation, and tracking the processing of grievances.
- B. Non-applicable matters. The adopted grievance procedure shall not apply to any matter for which another method of review is provided, including but not limited to:
 - 1. Retirement, Life Insurance, or Health Insurance;
 - 2. Any classification action;
 - 3. Any recruitment, selection, or appointment;
 - 4. Any compensation action;
 - 5. A disciplinary action that is either:
 - a. A suspension of:
 - i. More than 40 working hours if the employee is a full authority peace officer, or
 - ii. More than 80 working hours if the employee is a covered employee in any other capacity,
 - b. A demotion, or
 - c. A dismissal.
 - 6. A complaint alleging discrimination or harassment; or
 - 7. Any reduction in force action.
- C. Restrictions. An employee may not submit a grievance challenging the following management rights:
 - 1. An agency head's right to direct agency employees.
 - 2. An agency head's right to hire, promote, transfer, assign, and retain employees.
 - 3. An agency head's right to maintain efficiency of government operations and to determine the methods, means, and personnel by which these operations are to be conducted.
- D. Preparation. A grievant shall not be allowed the use of state time or state property to prepare a grievance, prepare for a meeting with agency management or to meet with a representative. Subject to supervisory approval, a grievant may request available compensatory or annual leave for this purpose.
- E. Steps. An agency's grievance procedure shall have two steps for review.

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

1. As determined by the agency head, the first step in the grievance procedure shall be:
 - a. The employee's second line supervisor,
 - b. The assistant director or equivalent, or
 - c. Any level of management between (a) and (b).
2. The final step in the grievance procedure shall be the agency head, or designee.
3. An agency head may choose to incorporate an additional step in the agency grievance procedure after the first step review.

- F.** Amendments. Once a grievance is submitted to the first step, it may not be amended. If additional documentation is submitted by the grievant after the initiation of the grievance, the reviewing official may remand the grievance to the appropriate previous level for reconsideration.
- G.** Approval. Each agency head will submit the agency's proposed grievance procedure and any subsequent changes to the Director for approval.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-403. Grievance Procedures

Content. The grievance procedure established in each state agency shall include as a minimum:

1. An initial statement that any complaint alleging unlawful discrimination or unlawful harassment will be reviewed or investigated according to the provisions of the separate complaint process outlined in Subchapter A, Article 9, and not the grievance system.
2. A requirement that the grievant have an oral discussion with the individual designated as the first step in the agency's grievance procedure in an attempt to resolve the employee's disagreement with the disciplinary action, prior to initiating the written grievance procedure.
3. A requirement that the employee file the grievance in writing with the agency grievance coordinator, within 10 business days after the occurrence of the action being grieved. The date of occurrence of a:
 - a. Reprimand is the date the reprimand was issued to the employee.
 - b. Suspension is the first day of suspension.
4. A requirement that the grievance contain a complete statement of all the facts and circumstances involved and the specific redress sought.
5. A provision that the grievant may select a representative at any step in the procedure after the oral discussion with the immediate supervisor.
6. A requirement that another state employee who serves as the representative of a grievant must receive approval for annual or compensatory leave to represent the grievant.
7. A requirement that the grievant must have a minimum of five business days after receipt of a response to forward the grievance at any step, must sign the grievance at each step, and must state the reasons why the response at the previous step was unsatisfactory.
8. A requirement that the agency head will respond to the grievant not later than 30 business days after receipt of the grievance at the first step. Within the 30 business day period, the time for any step may be extended by the agency head with the concurrence of the grievant.
9. A statement that the decision of the agency head is the final step in the grievance process.

Historical Note

ARTICLE 6. REDUCTION IN FORCE**R2-5B-601. Applicability**

The rules under this Article are applicable only to covered positions and covered employees.

Historical Note

Section made by exempt rulemaking at 18 A.A.R. 2782, effective September 29, 2012 (Supp. 12-4).

R2-5B-602. Reduction in Force Procedures

- A.** General.
1. An agency head shall submit to the Director a proposal to conduct a reduction in force if required for one or more of the following reasons:
 - a. Lack of funds or work,
 - b. Abolition of one or more covered positions,
 - c. Material change in job duties or agency organization, or
 - d. Introduction of a cost reduction initiative.
 2. An agency head shall submit the proposal for a reduction in force at least 30 business days before the proposed effective date of the reduction in force. If circumstances beyond the agency's control do not permit at least 30 business days' notice, the agency head shall submit the

TITLE 2. ADMINISTRATION

CHAPTER 5. DEPARTMENT OF ADMINISTRATION - STATE PERSONNEL SYSTEM

proposal as soon as the agency head is aware of the necessity for a reduction in force.

3. An agency head shall include all of the following in the proposal for a reduction in force:
 - a. The reason for the reduction in force;
 - b. The proposed scope of the reduction in force, which shall be limited to either:
 - i. The agency,
 - ii. An organizational unit of the agency, or
 - iii. Agency operations within a geographic area,
 - c. Each specific covered position proposed for elimination and an organization chart identifying each position, and
 - d. The proposed effective date of the reduction in force.
4. An agency head shall submit a proposal that is consistent with A.R.S. § 41-772 and this Section.
5. An agency head shall not approve a personnel action that would have an effect on the reduction in force after the agency head has submitted a proposal for a reduction in force.
6. An agency head shall not re-establish a position that was abolished as a result of a reduction in force for two years if the position was filled when the reduction in force occurred, unless the position was abolished due to fiscal constraints, legislative action, or court order.

B. Administration of reduction in force. The Director shall review and approve, modify or deny a reduction in force within 20 business days of receipt. Upon approval of the Director to conduct a reduction in force:

1. An agency head shall separate a covered employee who is not a permanent status employee in the class affected by the reduction in force in the following order before any reduction in force action is taken that affects a permanent status employee, provided the separation of the non-permanent status employee will accomplish, or assist in accomplishing, the purpose of the reduction in force:
 - a. Temporary employee,
 - b. Original probationary employee, and
 - c. Limited appointment employee.
2. An agency head shall use retention points to identify a permanent status employee within a class series affected by a reduction in force for retention in the employee's current position, transfer, reduction, or separation based on the employee's relative standing on the retention point list.
3. An agency head shall base retention points upon performance calculated in accordance with the instructions in subsections (C) and (D).
4. An employee on promotional probation or special assignment shall compete for retention in the employee's permanent status class.
5. An employee in an underfill position shall compete for retention in the employee's permanent status class.
6. A permanent part-time employee shall compete for retention against another permanent part-time employee in the same class.

C. Calculation of retention points. An agency head shall compute the average score of a maximum of the three most recent performance evaluations in the 24 months concluded before the date of proposal for a reduction in force. An employee's average score shall be the employee's retention points. If an employee has not had a performance evaluation in the past 24 months, the employee shall receive 2.0 retention points.

D. Resolution of ties. An agency head shall break any tie in total retention points in the following manner and order:

1. The employee with the highest most recent performance evaluation shall be given preference.
2. If a tie continues to exist, the agency head shall break the tie by lot.

E. Offer of position.

1. An agency head shall provide written notice at least five business days in advance to each employee identified for transfer, reduction, or separation. If circumstances beyond the agency's control do not permit at least five business days' notice, the agency head shall provide notice as soon as the agency head is aware of the necessity to transfer, reduce, or separate the employee.
2. The notice shall include:
 - a. The reason for and effective date of the action;
 - b. A job offer, if any, including the salary, location of the position, and supervisor's name;
 - c. The availability of reduction in force procedures and records for review, with references to relevant statutes and rules; and
 - d. The employee's right to request a review of the determination as provided in R2-5B-603.
3. An agency head shall offer a position to an employee identified for transfer, reduction, or separation with the highest number of points on the retention point list in descending order as follows:
 - a. If a vacant covered position exists and an employee possesses the required qualifications for the position, an agency head shall make the single best offer, in terms of pay range, within the agency of:
 - i. A regular position at the same or lower pay range in the same class series as the employee's present permanent status position;
 - ii. A regular position at the same or lower pay range in any class series in which the employee has held permanent status during the past five years; or
 - iii. If both positions described in subsections (E)(3)(a)(i) and (ii) are available, the position described in subsection (E)(3)(a)(i).
 - b. If the offer under subsection (E)(3)(a) is a position at a lower pay range, the agency head shall provide the employee the option of accepting a vacant covered:
 - i. Funded, regular position at the employee's present pay range in a class series in which the employee has never held permanent status for which the employee is qualified; or
 - ii. Temporary or part-time position at the employee's present pay range for which the employee is qualified.
4. An employee shall possess the qualifications required when the position was last filled, unless the Director grants an exception.
5. Any job offer shall contain a time period of not less than three business days in which the employee may accept the offer. Failure of an employee to reply in writing within the stated time period, or failure to accept the job offer, shall constitute a resignation. An employee may accept a job offer and retain the right to request a review of the determination.
6. If no position exists, the agency head may separate the employee.

R2-5B-603. Employee Request for Review

- A.** An employee may request a review of the following determinations made during a reduction in force:
1. Calculation of the employee's retention points,
 2. A job offer resulting in the employee's transfer or reduction, and
 3. Notification of the employee's separation.
- B.** Within three business days of receipt of a determination notice, unless a longer period is authorized by an agency head,

an employee may submit a written request to the agency head for a review of the determination. The request for review shall be based upon an error, contain specific information concerning the error involved, and include a proposed resolution of the problem.

- C.** The agency head shall review the request and respond to the employee within five business days after receipt of the request.
- D.** An agency head may postpone any portion of a reduction in force until completion of an employee request for review.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

ARTICLE 1. GENERAL PROVISIONS

R3-2-101. Definitions

In addition to the definitions provided in A.R.S. §§ 3-1201, 3-1451, and 3-1771, the following terms apply to this Chapter:

“Accredited veterinarian” means a veterinarian approved by the State Veterinarian and USDA Area Veterinarian In Charge (A.V.I.C.) to perform functions required by cooperative State-Federal animal disease control and eradication programs.

“Animal” means livestock, bison, dogs, cats, rabbits, rodents, aquatic animals, game animals, furbearing and wildlife mammals, poultry and psittacines.

“APHIS” means the Animal and Plant Health Inspection Service of the United States Department of Agriculture.

“Beef cattle” means all cattle other than dairy cattle.

“Certificate of Veterinary Inspection” or “CVI” means a legible record that is issued by a VS animal health official, state animal health official, or accredited veterinarian at the point of origin of a shipment of animals, conforms to the requirements of R3-2-606, and is written on a form approved by the chief animal health official of the state of origin or an equivalent form of the USDA attesting that the animal described has been inspected and found to meet the Arizona entry requirements.

“Dairy cattle” means any domesticated bovine dairy animal or crosses of the Bos genus that show at least 50 percent phenotypic characteristics of a dairy breed, including; Ayrshire, Brown Swiss, Canadienne, Dutch Belt, Holstein, Jersey, Guernsey, Kerry, Milking Devon, Milking Shorthorn, or Norwegian Red.

“Designated feedlot” means a feedlot containing a confined drylot area under state quarantine that is approved and authorized by the State Veterinarian; contains a restricted feeding pen; and is maintained for finish feeding of cattle or bison that do not meet the brucellosis or tuberculosis import test requirements.

“Entry permit number” or “Import permit number” means a serialized number issued by the State Veterinarian’s Office that conforms to the requirements of this chapter and allows the regulated movement of certain animals into Arizona.

“Equine Infectious Anemia” or “EIA” means an infectious, noncontagious, and potentially fatal viral disease of members of equine caused by a RNA virus classified in the Lentivirus genus, family Retroviridae.

“Official Identification” as defined in 9 CFR 71.19 (b) as revised on January 1, 2018 for swine; 9 CFR 79.2 (a)(2) as revised on January 1, 2018 for sheep and goats; and 9 CFR 86.4 as revised on January 1, 2018 for cattle.

“Poultry” means any bird except psittacine, whether live or dead, including but not limited to chickens, turkeys, ducks, geese, guineas, ratites, squabs, and any exotic birds not regulated as restricted wildlife by the Arizona Game and Fish Department. The definition “poultry” also includes hatching eggs, which are fertilized eggs produced by breeding poultry.

“Psittacine” means a bird belonging to the family Psittacidae, which includes macaws, parakeets, and parrots.

“USDA” means the United States Department of Agriculture.

“VS” means the Veterinary Services branch of APHIS.

Historical Note

Reserved Section R3-2-101 renumbered from R3-9-101 (Supp. 91-4). New Section adopted effective September 11, 1996 (Supp. 96-3). Section R3-2-101 recodified to R3-2-1101 (Supp. 97-1). New Section adopted effective May 7, 1997 (Supp. 97-2). Amended by final rulemaking at 14 A.A.R. 876, effective May 3, 2008 (Supp. 08-1). Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-102. Licensing Time-frames

- A. Overall time-frame. The Department shall issue or deny a license within the overall time-frames listed in Table 1 after receipt of the complete application. The overall time-frame is the total of the number of calendar days provided for the administrative completeness review and the substantive review.
- B. Administrative completeness review.
 1. The administrative completeness review time-frame established in Table 1 begins on the date the Department receives the application. The Department shall notify the applicant in writing within the administrative completeness review time-frame whether the application or request is incomplete. The notice shall specify what information is missing. If the Department does not provide notice to the applicant within the administrative completeness review time-frame, the Department considers the application complete.
 2. An applicant with an incomplete license application shall supply the missing information within the completion request period established in Table 1. The administrative completeness review time-frame is suspended from the date the Department sends the notice of missing information to the applicant until the date the Department receives the information.
 3. If the applicant fails to submit the missing information before the expiration of the completion request period, the Department shall close the file, unless the applicant requests an extension. An applicant whose file has been closed may obtain a license by submitting a new application.
- C. Substantive review. The substantive review time-frame established in Table 1 shall begin after the application is administratively complete.
 1. If the Department makes a comprehensive written request for additional information, the applicant shall submit the additional information identified by the request within the additional information period provided in Table 1. The substantive review time-frame is suspended from the date of the Department request until the information is received by the Department. If the applicant fails to provide the information identified in the written request within the additional information period, the Department shall deny the license.
 2. The Department shall issue a written notice granting or denying a license within the substantive review time-frame. If the application is denied, the Department shall send the applicant written notice explaining the reason for the denial with citations to supporting statutes or rules, the applicant’s right to seek a fair hearing, and the time period in which the applicant may appeal the denial.

- are eviscerated. For multiple-bed plants, this distance shall be increased to 16 feet;
- f. A distance of at least 14 feet between the vertical of the hoist where carcasses are eviscerated and the header rail leading to the cooler. This distance may be shortened when a single rail hang-off is used;
 - g. A distance of at least three feet from the header rail to the adjacent wall;
 - h. A bleeding rail with its top at least 16 feet above the floor or a traveling hoist on an I-beam which will provide an equivalent distance of the carcass from the floor;
 - i. Floor space for a head-flushing cabinet and head inspection rack with removable hooks;
 - j. When hides are dropped to a room below, a hide chute near the point where hides are removed from the carcasses. The chute shall have a vented hood with a self-closing, push-in door. The vent shall be approximately 10 inches in diameter and extend to a point above the roof. Additional chutes, which meet the requirements of this subsection, for inedible and condemned materials shall be provided separate from the hide chutes;
 - k. A two-level viscera inspection truck for evisceration, except when a moving top viscera inspection table is used;
 - l. An area for washing and shrouding carcasses which shall be curbed and sloped to a separate drain or have a slope of approximately 1/2 inch to the foot leading to a separate drain;
 - m. Dressing rails and cooler rails at least 11 feet in height.
2. Calves and sheep.
 - a. A bleeding rail with its top approximately 11 feet from the floor. The floor of the bleeding area shall be curbed and separately drained;
 - b. Dressing and cooler rails of such height as to provide a clearance of at least eight inches from the carcasses to the floor. Calves which are of such size that there is not a clearance of at least eight inches above the floor, or whose viscera cannot be transferred manually and unaided to the inspection stand, shall be skinned and eviscerated as cattle;
 - c. Facilities for washing hides of calves before any incision is made (except the sticking wound) when carcasses are dressed hide on. The heads of calves and veal slaughtered by the Kosher method shall be skinned prior to the washing of the carcasses;
 - d. Facilities for flushing, washing, and inspecting calf heads, including head-flushing cabinet and head inspection rack with removal calf loops;
 - e. Facilities for the inspection of the viscera. A hopped metal stand shall be provided which accommodates two removal inspection pans. One inspection pan is for the thoracic viscera; the other is for the abdominal viscera. The pans shall have perforated bottoms and handles or hand holes for removal. A sterilizing receptacle shall be provided for sterilization of contaminated pans;
 - f. Facilities for washing sheep carcasses after removal of the pelt. Calves and sheep shall be washed again after they have been eviscerated.
 3. Hogs.
 - a. Facilities for bleeding hogs in a hanging position, over a separately drained, curbed-in bleeding area;
 - b. A scalding vat and gambreling table, including the platforms, of metal construction;
 - c. A shaving rail to assure that carcasses are cleaned;
 - d. A hopped metal stand for the inspection of viscera. A sterilizing receptacle shall be provided at a convenient location for the sterilization of contaminated pans;
 - e. Dressing and cooler rails at least nine feet high or of such height as to provide a clearance of at least eight inches between the lowest point of the carcass, or head if left attached, and the floor.
 4. Coolers. A chill cooler and separate holding coolers may be provided or both may be combined in one room. The chill cooler shall have floors of concrete sloped to a drain. The walls shall be smooth, light colored, impervious, and the room shall be sealed. The other coolers shall have floors of concrete; the walls shall be smooth, free of cracks, light colored, impervious, and the room shall be sealed. The door between the slaughtering department and the chill cooler shall be clad with rust-resistant metal. Rails shall be spaced at least two feet from walls, columns, refrigerating equipment, or other fixed equipment to prevent contact with the carcasses. Header rails shall be three feet from the walls. When overhead refrigerating facilities are provided, insulated drip pans must be installed beneath them and the pans connected to the drainage system. If wall coils are installed, a drip gutter of impervious material and connected with the drainage system shall be installed beneath the coils. When edible offal is chilled or stored in a cooler other than a separate offal cooler, that area shall be separately drained.
 5. Other edible products departments.
 - a. Floors, walls, and ceilings in the various edible products departments of the plant shall be constructed of material that can be readily kept clean. Wooden structures and equipment shall be kept at a minimum. Floors requiring drainage shall be constructed of dense concrete or floor brick laid on a concrete base. The interior walls and, where practical, ceiling surfaces shall be smooth and flat. Walls shall be constructed of glazed tile, smooth cement plaster, or other USDA-approved impervious material. Walls shall be free of cracks and crevices, and, where brick or tile is used, the mortar joints shall be flush with the surface of the walls. Walls shall be light colored.
 - b. The floors of the plant shall be well-drained; a slope of not less than 1/4 inch to the foot to drainage inlets is required. The floors shall be smooth, impervious, and in good repair; they shall be free from cracks and depressions which could hold floor liquids. Wooden floors are not permitted. Junctions of floors and walls shall be coved.
 - c. Walls, ceilings, beams, and hangers shall be cleaned. Rails may be oiled instead of painted. Rust and scale shall be removed from hangers and meat trolleys. Smooth Portland cement plaster walls shall not be painted.
 6. Hide room. The floor of the hide room, if provided, shall be of concrete and drained. Walls shall be smooth and impervious to at least the highest point of the hide pile. The hide room shall not connect with the slaughtering

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- department except for one opening which shall be equipped with a tight-fitting, self-closing door. The hide room shall not connect with any other room in which edible products are stored, processed, or handled.
7. Disposal of blood. When blood is not permitted to drain into the sewage system, it may be collected in a metal tank and removed from the premises or blown to the blood drier in a manner that will not mask odors or create a harborage for pests.
 8. Other inedible products departments.
 - a. An inedible products department, completely separate and apart from edible products departments, shall be provided. Walls shall be of smooth, finished, Portland cement plaster, glazed tile, or other USDA-approved material impervious to moisture. Floors shall be constructed of dense concrete or floor tile, sloped to drain. Hot and cold water connections shall be provided. With the exception of one opening to the slaughtering department, there shall be no openings between an inedible products department and an edible products department. This one opening shall be approximately five feet in width to allow the free passage of materials and shall be equipped with a close-fitting, self-closing door of solid construction. This door shall be kept closed at all times, except when in actual use, to prevent the entrance of undesirable odors to the slaughtering department. The area at the loading dock shall be paved, drained, and of sufficient size to accommodate the largest truck used. If inedible offal is stored in an edible offal room, the room is classed as an inedible products department. Paunches may be opened in the slaughtering department only when a hydraulic mechanically operated paunch lift table is provided and used for this purpose. Otherwise, the paunches shall be opened in the inedible offal rooms.
 - b. Requests for permission for rendering of shop scraps and outside dead animals shall be made to the inspector who shall grant or deny the request pursuant to Article 2.
 9. Pens.
 - a. Holding pens shall be surfaced with an impervious material, sloped to drains. A curb shall be installed around the outside of the pens to prevent the wash from escaping. Water under pressure shall be available for washing out the pens. Feeding pens shall be at least 300 feet from the plant and shall not be located in front of the plant.
 - b. Holding and shackling pens shall be located outside of, or separated from, the slaughtering department.
 10. Drainage
 - a. Floors which require flushing during operations shall have sloped floor drains to carry off the floor drainage. Each floor drain shall be equipped with a deep-seal trap; the drainage lines shall be vented to the outside in accordance with local plumbing codes. In no case shall a drain line be less than four inches in diameter.
 - b. Sewage may be disposed of into a municipal sewer system, if permitted by local ordinance, or it may be disposed of into a stream or other similar body of water, provided that:
 - i. This method is acceptable to local health authorities having jurisdiction over sewage disposal, and
 - ii. The flow of the stream or other body of water is sufficient to carry the sewage away from the plant at all seasons of the year. When cesspools are used, they shall be of sufficient size to receive the sewage from the plant at all times; they shall be so constructed that they do not create a nuisance by breeding flies or other insects.
 - c. Grease recovery basins shall not mask odors or create a harborage for pests.
 11. Equipment and utensils.
 - a. Equipment shall be constructed of metal and shall be so constructed that it can be easily cleaned. Cutting boards may be of hard wood or synthetic material, but equipment, such as the framework of boning or cutting tables, scalding vats, offal racks and trees, product storage racks, and product trucks shall be of metal construction. Rusty or worn-out equipment shall be replaced.
 - b. All equipment shall be thoroughly cleaned following each day's operations. The use of a clear, colorless, odorless, tasteless, edible mineral oil may be used on metal equipment, such as choppers, grinders, mixers, tables, meat trucks, offal racks, hooks, and trolleys. Scale shall not be permitted to accumulate on metal equipment.
 - c. Sterilizing receptacles equipped with drains to permit draining and cleaning shall be placed at convenient locations in the slaughtering department for the cleaning and sterilization of contaminated tools and equipment. Water wasting from equipment shall not flow across the floor.
 - d. Shovels used for transferring ice or other edible materials from one container to another shall not touch the floor.
 12. Ventilation and lighting. Natural ventilation may be supplemented by artificial means and shall be sufficient to assure the absence of dust, masking odors, or steam vapors. Points where inspection is conducted may require special lighting. The glass area shall be at least 1/4 of the floor area in all nonrefrigerated work rooms. To assure adequate lighting at all times and at all places, natural lighting must be supplemented by well-distributed artificial lighting.
 13. Water supply, wash basins, sterilizing facilities.
 - a. Hot and cold running water, under pressure, shall be available at all parts of the establishment and in conformity with the requirements of the Arizona Department of Health Services. The hot water used for sterilizing equipment, floors, and walls that may be contaminated by the dressing procedure or handling of diseased carcasses, viscera, and other animal parts, shall be at least 180° F. A thermometer shall be installed to verify the temperature of the water at the point of use. A cleanup hose shall be available for use.
 - b. Foot-pedal operated wash basins shall be placed in or near dressing rooms. These wash basins shall be equipped with running hot and cold water, delivered through a combination mixing faucet with an outlet at least 12 inches above the rim of the bowl. The

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

drainage outlet shall lead directly into the sewage lines. Soap and towels, and a receptacle for dirty paper towels or other trash, shall be convenient to the wash basin.

- c. One or more wash basins shall be located in the slaughtering department, and one or more in the sausage manufacturing room and at any other place in the establishment essential to ensure cleanliness of all persons handling products. The wash basins shall be equipped with hot and cold running water, delivered through a combination mixing faucet with an outlet at least 12 inches above the rim of the bowl. The water delivery shall be foot-pedal operated, and the drainage outlet shall lead directly into the sewage lines. Soap and disposable towels shall be convenient to the wash basins.
 - d. Water for sterilizing purposes shall be maintained at a temperature of at least 180° F. One or more sterilizing receptacles of rust-resisting, impervious material shall be placed at convenient locations in the slaughtering department for the sterilization of all implements that have been contaminated or used on a diseased carcass or part of a diseased carcass. The sterilizer shall be equipped with a cold water and steam line, or other means to maintain water at a temperature of at least 180° F during slaughtering operations. The sterilizer shall contain a drain so that water may be completely drained out for daily cleaning. Boilers and water heaters shall not be located in the slaughtering department or in any edible products department. To prevent possible back siphonage, vacuum breakers shall be provided on all steam and water lines when open ends are submerged or connected to equipment.
14. Protection against flies, rodents, or other vermin.
- a. Plants must be kept free of flies, rats, mice, roaches, and other pests or vermin. The plant shall be constructed to prevent entrance of rodents to the premises and to eliminate their breeding places from the surrounding areas and in the establishment. Construction of the plant shall be such as to eliminate roach and other insect harbors. Windows, doors, and other openings to the plant shall be provided with insect screens, or other measures to prevent entrance of flies or other insects. The screens shall be kept in good repair. Sprays containing residual-acting chemicals shall not be used in edible products departments.
 - b. Animal-handling facilities such as stock pens and runways shall be cleaned as often as necessary and the manure or other waste materials removed shall not be permitted to accumulate at or near the plant.

R3-2-206. Purchase, Sale, Collection, Transportation, Disposition, and Use of Meat or Meat Food Products; Dead Animals; Animal Bone, Animal Fat, Animal Offal

- A. A person shall not buy, sell, offer for sale, store, transport, receive, or collect any meat or meat food product except as provided in this subsection.
 - 1. Any of the following meat or meat food products may be bought, sold, or offered for sale as animal food and may be stored, transported, received, or collected anywhere within the state:
 - a. Any meat or meat food product that is processed in an animal food manufacturing plant licensed by the Department;
 - b. Any meat or meat food product that comes from an animal that died by slaughter or is approved or passed for animal food by either state or federal meat inspectors;
 - c. Any meat or meat food product that is thoroughly cooked at a minimum temperature of 180° F for 30 minutes and is certified by a state or a federal meat inspector having jurisdiction at the place of processing.
 - 2. A carcass with the hide, hair, or pelt still on the carcass may be bought, sold, offered for sale, collected and transported to or received by the following only:
 - a. A rendering or tallow plant;
 - b. A state or county diagnostic laboratory, a veterinarian's clinic, or crematory;
 - c. An animal food manufacturing plant;
 - d. A landfill regulated by the Arizona Department of Environmental Quality;
 - e. An out-of-state landfill regulated by that state's landfill regulatory authority; or
 - f. A landfill located on a Native American reservation that is regulated by equivalent standards to those prescribed by the Arizona Department of Environmental Quality.
 - 3. Any meat or meat food product described in subsection (A)(1) or a carcass with the hide, hair, or pelt still on the carcass from an official state or federal slaughter establishment shall be denatured with a denaturant that will not leave a toxic residue and is removable when steam-distilled at atmospheric pressure.
 - 4. Any meat or meat food product that has been condemned by state or federal meat inspectors shall be treated as provided in 9 CFR 314.3, which has been incorporated by reference in R3-2-202, and may be disposed of as provided in that rule or may be collected and transported to or received by a rendering or tallow plant or a state or county diagnostic laboratory or crematory.
- B. A person engaged commercially in the collection or transportation of dead animal carcasses or inedible meat shall register with the Department as a dead animal hauler as prescribed in R3-2-203(B) and shall maintain and keep all records for the time required by R3-2-203(C).
- C. A vehicle or other means of conveyance used to transport a dead animal carcass or inedible meat shall be:
 - 1. Leak-proof,
 - 2. Constructed of impervious materials that permit thorough cleaning and sanitizing,
 - 3. Equipped to control insects and odors and prevent the spread of disease, and

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

4. Comply with the Department of Environmental Quality vehicle requirements prescribed in R18-13-310(A) and (B).
- D. Except as provided in subsection (E), a dead animal carcass may be rendered or made into animal food only at a licensed rendering or animal food manufacturing plant as prescribed in A.R.S. § 3-2088 and this Article.
- E. Dead animals diagnosed with anthrax or an animal disease foreign to the United States shall be handled as directed by the State Veterinarian.
- F. Discarded animal bone, animal fat, and animal offal generated by a wholesale food manufacturer shall be transported to and received by only a:
 1. Licensed rendering plant, or
 2. Landfill, as prescribed in subsections (A)(2)(d), (A)(2)(e), and (A)(2)(f).

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-206 renumbered from Section R3-9-206 (Supp. 91-4). Amended effective July 13, 1995 (Supp. 95-3). Citation in subsection (B) corrected to R3-2-203(C) from R3-2-208(C) under R1-1-109(C) (Supp. 01-2). Amended by final rulemaking at 8 A.A.R. 3015, effective July 10, 2002 (Supp. 02-3).

R3-2-207. Meat from Dead Animals Processed and Decharacterized for Use as Animal Food

- A. The following are minimum requirements for animal food manufacturing plants:
 1. Hot and cold water shall be provided with facilities for its distribution in the plant which shall conform with the minimum requirements of the state Department of Health Services. The hot water shall be at least 180° F and shall be used for the cleaning of equipment, floors, and walls.
 2. There shall be a drainage and plumbing system and a sewage disposal system that will not serve as a breeding place for flies, constitute a hazard, or endanger public health. Both systems shall meet the minimum requirements of the state Department of Health Services.
 3. The floors, walls, ceilings, partitions, posts, doors, and other parts of all structures shall be of materials, construction, and finish that are capable of being thoroughly cleaned. The floors shall be tile, cement or other material impervious to water and shall have sufficient drainage to preclude stagnant accumulations of moisture.
 4. All outside windows and doors shall be screened.
 5. All rooms shall have natural or artificial lighting and well-distributed ventilation sufficient to prevent uncontrolled mold growth and filth or bacteria that may endanger health.
 6. The plant shall be kept free from flies, rats, mice, and other vermin. Dogs and cats shall be excluded from the plants.
 7. Tables, benches, and other equipment shall be provided so that processing can be performed free from filth or bacteria that may endanger health.
 8. Each plant shall provide toilets, wash basins, towels, hot and cold running water, and soap for the employees with separate facilities when both sexes are employed. Toilets and wash basins shall be kept free from filth or bacteria that may endanger health. The rooms in which the toilet facilities are located shall be ventilated and shall be separated from the rooms in which the animal food is manufactured.

9. Coolers shall be maintained below 40° F. Freezers shall be maintained below 10° F.
- B. Decharacterizing or denaturant agents: The following USDA-approved denaturant agents may be used: Charcoal (finely powdered) with a minimum 1 lb. per 100 lbs. meat, F-D & C Blue 1, F-D & C Blue 2, F-D & C Green 3, or liquid charcoal.
 1. In addition to the application of the denaturing agents listed, meat or meat products shall be identified with the following information:
 - a. The kind of animal,
 - b. The following phrases:
 - i. For pet food only from dead animals,
 - ii. Denatured with _____,
 - c. The correct statement of net weight, and
 - d. The name and address of processor or manufacturer.
 2. Before the denaturing agents are applied to pieces more than four inches in diameter, the pieces shall be freely slashed or sectioned. The application of any of the denaturing agents listed in this Section to the outer surfaces of molds or blocks of boneless meat, meat by-products, or meat food products shall not be considered adequate. The denaturing agent shall be mixed thoroughly with all of the material to be denatured and shall be applied in such quantity and manner that it cannot easily and readily be removed by washing or soaking. Denaturant shall be used to give the meat, meat by-products, raw animal fat, or rendered animal fats and oils, a distinctive color, odor, or taste so that such material cannot be confused with an article of human food.
 3. All denaturing shall be done immediately upon condemnation of the meat or product, or immediately after the meat or product is prepared or during preparation.
 4. True containers shall be legibly marked with the words "Beef or horse meat from dead animals for pet food only and not for human consumption" in letters at least 3/4 inch in height, on all sides and in at least two places if the container has less than four sides.
 5. Every carrying container in which meat obtained from a dead animal is packaged shall have an exterior surface sufficiently absorbent so that the markings on at least two sides, in letters two inches high "Pet food only," will not become illegible during handling, storage, or transportation of the container.
- C. Sales of meat obtained from a dead animal are permitted only to kennels, zoos, and animal food manufacturing plants registered by the Department, and records of sales shall be maintained by the purchaser and animal food manufacturing plant.
- D. Each vehicle used for the transportation of fresh or frozen pet food shall be clearly and legibly marked with the name of the manufacturer in letters not less than four inches in height on both sides of the cab or body.

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-207 renumbered from Section R3-9-207 (Supp. 91-4). Amended effective July 13, 1995 (Supp. 95-3).

R3-2-208. Diseased and Injured Animals

- A. Diseased animals.
 1. No meat from any diseased animal shall be processed, sold or stored at premises where food is sold or prepared for human consumption, unless it is decharacterized and clearly identified "Not for Human Consumption."
 2. Subsection (A)(1) does not apply to meat from animals affected by any disease that does not render the meat unfit

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

for human consumption if the affected animals are slaughtered in establishments where meat inspection is maintained under A.R.S. § 3-2051 and 9 CFR, Chapter III, Subchapter A, which is incorporated by reference in R3-2-202(A).

B. Injured animals. An injured animal may be slaughtered by:

1. The animal's owner at the owner's premises if the meat is used solely for consumption by the owner, the owner's immediate family, or employees. The owner shall keep the animal's hide until it has been inspected and marked or tagged by a livestock officer under A.R.S. § 3-2011.
2. An official slaughter establishment, if:
 - a. The animal is inspected by a livestock officer at origin; or
 - b. The animal is transported to the official slaughter establishment with a self-inspection certificate; or
 - c. The animal is transported to an official slaughter establishment with a waiver from the Associate Director and the waiver is documented by the livestock officer.
3. An exempt slaughterer, if the meat is used solely for consumption by the animal's owner, the owner's immediate family or employees, and if:
 - a. The animal's body temperature is 103° F or less and except for the injury its condition appears normal; and
 - b. The animal is inspected by a livestock officer at origin who verifies the temperature and condition of the animal and approves it for slaughter; or
 - c. The Associate Director waives the inspection and the waiver is documented by the livestock officer, and the exempt slaughterer verifies the temperature and condition of the animal.

C. Non-ambulatory disabled cattle. Non-ambulatory disabled cattle shall not be slaughtered by any official or exempt slaughterer. Non-ambulatory disabled cattle are cattle that cannot rise from a recumbent position or that cannot walk, including, but not limited to, those with broken appendages, severed tendons or ligaments, nerve paralysis, fractured vertabul column, or metabolic conditions.

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-203 renumbered from Section R3-9-203 (Supp. 91-4). Amended effective July 13, 1995 (Supp. 95-3). Former Section R3-2-208 renumbered to R3-2-203; new Section R3-2-208 renumbered from Section R3-2-203 and amended by final rulemaking at 5 A.A.R. 1593, effective May 5, 1999 (Supp. 99-2). Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-209. Exempt Non-mobile Slaughter Establishments

In addition to A.R.S. § 3-2050 and the material incorporated in R3-2-202(A), the following shall be provided when slaughtering animals in an exempt non-mobile slaughter establishment:

1. General.
 - a. A metal knocking box or concrete box with metal door to confine the animal before stunning;
 - b. A distance of at least three feet from the header rail to the adjacent wall;
 - c. A bleeding rail with its top at least 16 feet above the floor; and

- d. Dressing rails and cooler rails placed so the lowest part of the carcass is at least 12 inches from the floor.
2. Coolers. A chill cooler and separate holding cooler may be provided or both may be combined in one unit. The walls shall be light colored, smooth, free from cracks, and impervious to moisture. The door between the slaughtering department and the chill cooler shall be clad with rust-resistant material. Rails shall be spaced at least two feet from walls, columns, refrigeration equipment, or other fixed equipment to prevent contact with the carcasses.
3. Disposal of blood. If blood is not permitted to drain into the sewage system, it may be collected in a metal tank and removed from the premises.
4. Drainage.
 - a. Floors that require flushing during operations shall have sloped floor drains to carry off the effluent. Drainage systems shall conform to state and local plumbing codes.
 - b. Grease recovery systems shall not mask odors or create a harborage for pests.
5. Ventilation and lighting. Natural ventilation may be supplemented by artificial means and shall be sufficient to ensure the absence of dust, masking odors, or steam vapors. To ensure adequate lighting at all times and at all places, natural lighting shall be supplemented by well-distributed artificial lighting.
6. Potable water supply, wash basins, sterilizing facilities.
 - a. Hot and cold running water, under pressure, shall be available in all parts of the plant and in conformity with the requirements of the Arizona Department of Health Services. The hot water used for sterilizing equipment, floors, and walls that may be contaminated by the dressing procedure or handling of diseased carcasses, viscera, and other animal parts, shall be at least 180° F. A thermometer shall be installed to verify the temperature of the water at the point of use. A cleanup hose shall be available for use.
 - b. One or more wash basins shall be located in the slaughtering department. The wash basins shall be equipped with hot and cold running water, delivered through a combination mixing faucet with an outlet at least 12 inches above the rim of the bowl. The water delivery shall be foot-pedal operated, and the drainage outlet shall lead directly into the sewage lines. Soap and disposable towels shall be convenient to the wash basins.
 - c. The tool sterilizer shall be maintained at 180° F and be in operation at all times during slaughter activities.
7. Protection against flies, rodents, or other vermin.
 - a. Establishments shall be free of flies, rats, mice, roaches, and other pests or vermin. The establishment shall be constructed and maintained to prevent entrance of pests to the premises and to eliminate breeding places from the surrounding area and in the establishment.
 - b. Animal handling facilities such as stock pens and runways shall be clean and manure or other waste materials removed shall not accumulate at or near the establishment.

ARTICLE 3. FEEDING OF ANIMALS**R3-2-301. Repealed****Historical Note**

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-301 renumbered from Section R3-9-301 (Supp. 91-4). Amended by final rulemaking at 8 A.A.R. 4043, effective November 9, 2002 (Supp. 02-3). Section repealed by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-302. Permit to Feed Garbage to Swine; Requirements

A swine garbage feeding permit holder or applicant for a permit to feed garbage to swine shall comply with the following requirements:

1. An approved cooker is installed, is in operating condition on the premises, and fenced off from all swine.
2. A concrete slab, trough, or other easily cleanable area, and equipment for feeding garbage is provided.
3. Premises utilized for swine garbage feeding are reasonably clean, free of litter, adequately drained, and provide for removal of animal excrement and garbage not consumed.
4. Individually operated swine garbage feeding premises are separated from other swine premises by a minimum distance of 200 feet in all directions and constructed to prevent the escape of any swine.
5. In addition, all swine garbage feeding permit holders shall follow all federal garbage feeding regulations as outlined in 9 CFR Part 166 as revised on January 1, 2018.

ARTICLE 4. ANIMAL DISEASE PREVENTION AND CONTROL**R3-2-401. Definitions**

1. "Animal Name" refers to the shelter impound number of the animal.
2. "Anti-Rabies Vaccine" is an active immunizing agent used to prevent infection caused by the rabies virus approved by the State Veterinarian pursuant to A.R.S. § 11-1002.
3. "Approved Rabies Vaccinator Curriculum" means an in-person vaccination training curriculum approved by the State Veterinarian of Arizona and administered by a supervising veterinarian.
4. "Biologics" means medical preparations made from living organisms and their products, including serums, vaccines, antigens, and antitoxins.
5. "Certified Rabies Vaccinator" means an unlicensed individual who is appointed and certified by a supervising veterinarian and authorized under A.R.S. § 32-2240.02 to vaccinate domestic animals against rabies, who is employed by a shelter, as defined herein, and who in the absence of a licensed veterinarian, has agreed to supervise the acquisition, storage, administration, and record keeping of the anti-rabies vaccine.

6. "Compendium of Animal Rabies Prevention and Control" refers to the 2016 edition of the NASPHV Compendium of Animal Rabies Prevention and Control, incorporated by reference, and does not include any later amendments or editions of the incorporated matter, and is on file with the Department.
7. "Domestic animal" means a mammal, not regulated by title 3, that is kept primarily as a pet or companion or that is bred to be a pet or companion.
8. "Foreign Animal Disease" means a transboundary animal disease or pest, or an aquatic animal disease or pest, not known to exist in the United States.
9. "NASPHV" refers to the National Association of State Public Health Veterinarians.
10. "Rabies Certificate" refers to the NASPHV FORM 51 (revised 2007) or equivalent computer-generated form.
11. "Shelter" means an animal care and control shelter or pound operated by any town, city, county or the state, including privately run animal shelters that are utilized by a town, city, county or the state.
12. "State Veterinarian" means the person appointed as the State Veterinarian under A.R.S. § 3-1211.
13. "Supervising Veterinarian" means a veterinarian licensed by the Arizona Veterinary Medical Examining Board, who is authorized under these rules to designate a Certified Rabies Vaccinator.

Emergency expired December 19, 2016 (Supp. 16-4).
Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-406. Disease Control; Designated Feedlots

- A. Designated feedlots are subject to the following restrictions:
- B. A designated feedlot shall have a restricted feeding pen. A restricted feeding pen shall:
 - 1. Be isolated from all other pens,
 - 2. Have separate loading and unloading chutes, alleys, and handling facilities from all other pens,
 - 3. Not share water or feeding facilities accessible to other areas,
 - 4. Be posted at all corners with permanently affixed signs stating "Restricted Feeding Area,"
 - 5. Have a minimum of eight feet between restricted and other pens and facilities, and
 - 6. Have no common fences or gates with other pens.
- C. An operator may place diseased cattle or bison that are under state quarantine into a restricted feeding pen as follows:
 - 1. All cattle or bison, except steers and spayed heifers, shall be branded with an "F" at least two inches in height, adjacent to the tailhead before entering the pen; and
 - a. Imported cattle or bison, of any age and from any area shall be transported under seal and shall be accompanied by an entry permit number and a Certificate of Veterinary Inspection or federal restricted movement document; or
 - b. Native Arizona cattle or bison shall be accompanied by an Arizona livestock inspection certificate, as approved by the State Veterinarian or designee.
- D. An operator may move cattle or bison from a restricted feeding pen to slaughter or to another designated feedlot only by prior written approval of the State Veterinarian or APHIS veterinarian.

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-406 renumbered from Section R3-9-406 (Supp. 91-4). Amended by final rulemaking at 8 A.A.R. 4043, effective November 9, 2002 (Supp. 02-3). Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-407. Disease Control; Equine Infectious Anemia

- A. The Arizona official test for EIA is either the agar-gel immunodiffusion test, known as the Coggins Test, or the Competitive Enzyme-Linked Immunosorbent Assay test, known as the CELISA test. The test shall be performed in a laboratory approved by APHIS, and required samples shall be drawn by an accredited veterinarian, the State Veterinarian, the State Veterinarian's designee, or an APHIS veterinarian.
- B. Disposal of equine testing positive.
 - 1. When an Arizona equine tests positive to EIA, the testing laboratory shall notify the State Veterinarian by telephone at (602) 542-4293 and email at diseasereporting@azda.gov, within four hours.
 - 2. The EIA-positive equine shall be quarantined at its current location, segregated from other equine, and shall not be moved unless authorized by the State Veterinarian. The equine shall be retested by the State Veterinarian, the State Veterinarian's designee, or an APHIS veterinarian within two weeks of the notification.
 - 3. Within 14 days of being notified by the testing laboratory of a positive test conducted under subsection (B)(2), the State Veterinarian or the State Veterinarian's designee

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

shall brand the equine on the left side of its neck with "86A" not less than two inches in height.

4. Within 10 days after being branded, the EIA-positive equine shall be:
 - a. Humanely destroyed,
 - b. Confined to a screened stall marked "EIA Quarantine" that is at least 200 yards from other equine, or
 - c. Consigned to slaughter at a slaughtering establishment. If consigned to slaughter, the equine shall be accompanied by a Permit for Movement of Restricted Animals, VS 1-27, issued by the State Veterinarian, the State Veterinarian's designee, or an APHIS veterinarian.
5. Offspring of mares testing EIA-positive shall be quarantined, segregated from other equine, and tested for EIA at six months of age. Offspring testing positive shall be handled as prescribed in subsections (B)(3) and (B)(4).
6. If an EIA-positive equine is located on premises other than those of the owner at the time a quarantine under this Section, the State Veterinarian may authorize movement of the EIA-positive equine to the owner's premises if requested by the owner. Movement shall be under the direct supervision of the State Veterinarian or the State Veterinarian's designee. If the owner lives in another state, the owner may move the equine to that state with the permission of the chief livestock health official of the state and APHIS.
- C. The State Veterinarian shall require testing of any equine located in the same facility as the EIA-positive equine or any equine considered exposed to the EIA-positive equine. The owner of the equine tested shall pay the expenses for the testing.
- D. The owner of any equine found to be EIA-positive shall not be indemnified by the state for any loss caused by the destruction or loss of value of the equine.

R3-2-409. Rabies Vaccines for Animals

- A. All animals in Arizona vaccinated against rabies shall be vaccinated as prescribed in the NASPHV Compendium of Animal Rabies Control.
- B. A person who is not a licensed veterinarian may be certified as a rabies vaccinator by a licensed veterinarian after completing the approved rabies-vaccinator curriculum. Initial certification shall be valid for one year and renewals after the first year shall be valid for two years. Each renewal shall only be granted upon completion of the current rabies-vaccinator curriculum.
- C. Anti-rabies vaccines may be administered under the supervision of a licensed veterinarian or by a Certified Rabies Vaccinator to animals on the premises of shelters before release.
- D. Duties and responsibilities of the Certified Rabies Vaccinator are to:
 1. Abide by all local, state, and federal laws and regulations pertaining to the operation of a shelter, including those laws and regulations governing possession and use of anti-rabies vaccine.
 2. Comply with the Compendium of Animal Rabies Prevention and Control, including storage of anti-rabies vaccine at the required temperature, and administration of anti-rabies vaccine in an aseptic manner that meets the current standards of veterinary practice.
 3. Refer for appropriate treatment domestic animals that experience an adverse event to a licensed veterinarian; and report the adverse event to the supervising veterinarian and the vaccine manufacturer.
 4. Procure anti-rabies vaccine through the state veterinary license number of the supervising veterinarian.
 5. A Rabies Certificate must be completed in full for every vaccinated domestic animal, shall include the legible name of the Certified Rabies Vaccinator, and shall be signed by the Certified Rabies Vaccinator or supervising veterinarian.

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Amended effective October 16, 1986 (Supp. 86-5). Amended effective January 6, 1989 (Supp. 89-1). Section R3-2-409 renumbered from Section R3-9-409 (Supp. 91-4). Amended by final rulemaking at 6 A.A.R. 25, effective December 8, 1999 (Supp. 99-4). R3-2-409.01. Requirements of Certified Rabies Vaccinator Approved Curriculum; Recordkeeping; Inspection

- A. Approved curriculum training shall include an instructional section and a practical exam showing competency; and shall include, but not be limited to, the following topics:
 1. Anatomy.
 2. Personnel safety.
 3. Acceptable methods of disposal of supplies.
 4. Humane methods of handling domestic animals.
 5. Proper vaccine storage and handling.
 6. Proper vaccine administration.
 7. Record keeping.

8. Management and reporting of adverse events.
- B. These rules are provided as components of a certified rabies-vaccinator program, and no fee shall be charged by the State Veterinarian, however the State Veterinarian takes no position on establishment of reasonable fees by a supervising veterinarian for implementation of a certified rabies-vaccinator program.
- C. The Certified Rabies Vaccinator shall keep records of all vaccination-related activities for three years including, but not limited to:
 1. Rabies certificates.
 2. Adverse event reports, including reports of human exposure to rabies vaccines.
- D. A shelter is subject to periodic random inspection by the Office of the State Veterinarian. Upon request by the Office of the State Veterinarian, the responsible supervising veterinarian or Certified Rabies Vaccinator shall immediately produce requested records.
- E. Following an audit or inspection, if evidence exists of non-compliance with the above standards, the State Veterinarian reserves the right to terminate a Certified Rabies Vaccinator's certification.

Historical Note

New Section made by final rulemaking at 30 A.A.R. 311 (February 16, 2024), effective March 24, 2024 (Supp. 24-1).

R3-2-410. Trichomonas Testing Requirements

- A. Definitions. For purposes of this Section, the following definitions shall apply.

"Accredited Veterinarian" means an individual who is currently licensed to practice veterinary medicine in the State of Arizona and is an Accredited Level II by the United States Department of Agriculture, Animal Plant Health Inspection Service.

"Approved Laboratory" means any laboratory designated and approved by the State Veterinarian for examining *T. foetus* samples and reporting all results to the State Veterinarian.

"Bull" means an intact male bovine 12 months of age and older and is not confined to a drylot dairy.

"Change of Ownership" means when a bull is sold, leased, gifted, or exchanged and changes premises for breeding purposes in Arizona.

"Commingle" means cattle of opposite sex in the same enclosure or pasture with a reasonable opportunity for sexual contact.

"Direct to Slaughter" means transporting an animal from site of testing to a sale yard or directly to a slaughter plant without unloading or commingling prior to arrival.

"Official *T. foetus* bull test" means the sampling of a bull by a licensed, accredited veterinarian. Such test must be conducted after at least seven days separation from all female bovine. The bull and sample must be officially and individually identified and documented for laboratory submission. The official laboratory test shall be a polymerase chain reaction (PCR), or other technologies as approved by the State Veterinarian and adopted through a Director's Administrative Order. The test is not considered official until results are reported by the testing laboratory.

"Official *T. foetus* laboratory testing" means the laboratory procedures that shall be approved by the State Veterinarian for identification of *T. foetus*.

"Positive *T. foetus* bull" means a bull that has had a positive official *T. foetus* bull test.

"*Trichomonas foetus*" OR "*T. foetus*" means a protozoan parasite that is the causative agent to the contagious venereal disease Trichomoniasis.

- B. Testing requirements for Official *T. foetus*.
 1. All Arizona origin bulls sold, leased, gifted, exchanged or otherwise changing possession for breeding purposes in Arizona shall be tested for *T. foetus* via Official *T. foetus* bull test prior to sale or change of ownership in the state, unless going to direct slaughter. *T. foetus* testing shall be performed on bulls prior to change of ownership of that bull.
 2. The Official *T. foetus* test shall be collected by an Accredited Veterinarian and performed through an Approved Laboratory.
 3. Pooled testing is not an official test.
 4. The *T. foetus* negative test is valid for 60 days after the test is performed, providing the bull is kept separated from all female bovine.
- C. Positive bull identification.
 1. When a positive *T. foetus* bull is identified, the Accredited Veterinarian shall notify the producer upon receipt of the positive test results.
 2. Regardless of R3-2-402, the Accredited Veterinarian and Approved Laboratory shall notify the State Veterinarian of a positive *T. foetus* bull within 24 hours of receiving the results. The State Veterinarian's Office, working in coordination with the regional livestock inspection staff, shall to the best of their ability notify the regional bovine producers about the positive test within 14 days upon notification of positive test. The State Veterinarian and/or livestock inspection staff is not required to reveal any details of the test just that there is a positive test in the region.
 3. The Accredited Veterinarian that performed the test shall return to place of testing to verify the Official Identification of the positive bull.
 4. The Accredited Veterinarian, or a person under direct supervision of the Veterinarian, shall brand the bull with an official "S" brand adjacent to the tailhead on the right hip.
 5. If the bull testing positive is not at the premises where the *T. foetus* testing occurred, the Accredited Veterinarian will immediately notify the State Veterinarian's Office.
 6. If an Accredited Veterinarian is unable to return to the premises in a time that is reasonable for sale of the bull, the producer shall take the positive *T. foetus* bull directly to the regional livestock sale yard.
 - a. The producer shall immediately notify the sale yard of the positive *T. foetus* bull. Failure to notify the sale yard of the positive *T. foetus* bull will result in a violation of this Section and the producer shall be subject to the penalties of A.R.S. § 3-1205(D).
 - b. Prior to sale at the sale yard, a Livestock Officer shall verify the official identification of the positive *T. foetus* test bull.
 - c. After the official identification is verified, the bull shall be branded with an official "S" brand adjacent to the tailhead on the right hip. The branding shall be

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

done under direct supervision of a Livestock Officer or Livestock Inspector.

7. If a bull arrives at a livestock auction without an Official *T. foetus* bull test, the bull shall be quarantined at the auction and tested at the expense of the owner or shall be branded with an "S" brand and be sold only for slaughter.
- D. Disposal of bull testing positive.**
1. A bull testing positive for *T. foetus* or branded with the official "S" brand shall go direct to slaughter or shall be placed under State Quarantine and fed in a restricted feeding pen within a designated feedlot according to R3-2-406.
 2. The *T. foetus* positive bull shall not be commingled with any other female bovine. The bull shall go from the testing premises to direct slaughter or to the restricted feeding pen within 30 days of the positive *T. foetus* test.
 3. All remaining herd bulls shall be under a Trichomonas Herd Management Program overseen by the Herd Veterinarian until two negative *T. foetus* tests are performed and documented.
 4. "S" branded bulls purchased at a sale yard shall go direct to a slaughter plant without unloading or commingling prior to arrival.
- E. Trespassing or Stray Bulls.**
1. In the event of a trespassing or stray bull, the herd owner who locates the bull, may request an Official *T. foetus* bull test for that bull. In the event of a positive Official *T. foetus* bull test, subsections (B) and (C) shall apply.
 2. The cost of the veterinary services and Official *T. foetus* bull test shall be the responsibility of the herd owner. In the event of a stray bull, the animal will be subject to A.R.S. §§ 3-1401 et seq.

R3-2-602. Importation Requirements

- A. All animals transported or moved into the state of Arizona, shall be accompanied by a valid, official Certificate of Veterinary Inspection from the state of origin, or a VS 9-3 form for National Poultry Improvement Plan flocks. All animals shall be imported in accordance with this Section and the species-specific Section in this Article. Any violation of this Article is subject to a hold order pursuant to R3-2-605.
- B. Livestock may not enter the state of Arizona unless accompanied by an Arizona entry permit number documented on the Certificate of Veterinary Inspection. This requirement applies regardless of the species, breed, sex, class, age, point of origin, place of destination, or purpose of the movement of the livestock entering the state, except:
1. Equine;
 2. Livestock consigned directly to slaughter at a state or federally licensed slaughter establishment; or
 3. Livestock being transported through the state.
- C. An animal affected with or recently exposed to any infectious, contagious, or communicable disease, or which originates in a state or federal quarantine area, shall not be transported or moved into the state of Arizona unless a permit for the entry is first obtained from the Arizona State Veterinarian's Office. All conditions for the movement of animals from a quarantined area established by the quarantining authority or APHIS shall be met. Animals imported from a quarantine area may be subject to additional import requirements by the State Veterinarian prior to entry into Arizona.
- D. The owner or owner's agent shall obtain prior permission from the State Veterinarian to ship or move into the state of Arizona any animal from a lot or herd from which an animal shows clinical signs of disease or positive reaction to a test required for admission to Arizona.
- E. The Director may enter into an agreement to allow New Mexico livestock consigned directly to an Arizona livestock auction to enter the state on a New Mexico brand inspection certificate in place of a Certificate of Veterinary Inspection. If the agreement is entered, it shall be posted on the Arizona Department of Agriculture's website. In the event the agreement is terminated or expires, the Department shall put notice of the termination on the website. The livestock owner or owner's agent is responsible for ensuring that the agreement is current prior to shipping the livestock. This process is subject to the restrictions included in the agreement.

R3-2-604. Repealed**Historical Note**

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-604 renumbered from Section R3-9-604 (Supp. 91-4). Amended by final rulemaking at 8 A.A.R. 4043, effective November 9, 2002 (Supp. 02-3). Repealed by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-605. Hold Order for Animals Entering Illegally

- A. Animals entering the state in violation of any Section under this Article, may be placed under a hold order at the risk and expense of the owner until released by an authorized representative of the State Veterinarian. Animals placed under a hold order for noncompliance with this Article may be released only after the State Veterinarian is satisfied by testing, dipping, or observation over time, that the animals are not a threat to the livestock industry.
- B. The State Veterinarian may order that an imported animal failing to meet entry requirements be returned to the state of origin, consigned directly to slaughter, confined to a designated feedlot, or consigned to a feedlot in another state within two weeks of the request. Any extension to this time-frame must be approved in writing by the State Veterinarian.
- C. If the owner or owner's agent fails to comply with an order to return an animal to the state of origin within the time-frame required in subsection (B), the Department shall require that the animal be immediately gathered and tested at the owner's risk and expense to avoid exposure of Arizona animals to disease. The owner shall pay the expenses no later than five days after receipt of the bill. Failure to do so will result in an auction of sufficient livestock to pay the expenses which shall be held within 10 days at public auction. If additional expenses occur due to lack of cooperation by the owner or the owner's agent, the Director shall order the further sale of livestock.

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Former Section R3-9-605 renumbered to R3-2-605 (Supp. 91-4). Amended by final rulemaking at 6 A.A.R. 25, effective December 8, 1999 (Supp. 99-4). Emergency expired December 19, 2016 (Supp. 16-4). Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-606. Certificate of Veterinary Inspection

- A. A Certificate of Veterinary Inspection is valid for not more than 30 days after the date of issue, except where otherwise noted in this Article, and shall contain:
 1. The name and address of the Consignor and Consignee;

2. The physical address of the origin of the animal;
3. The physical address of the animal's final destination;
 - a. Entry permit number if applicable;
 - b. Official identification if applicable; and
 - c. Certificate of Veterinary Inspection individual certificate number.
 - d. Qualifying required tests with completion dates.
- B. The Certificate of Veterinary Inspection shall be forwarded to the State Veterinarian in Arizona within 14 days of issue.
- C. A VS form 17-30 is deemed a valid international CVI if the following conditions are met:
 1. Accompanied by a valid brand inspection certificate from a southern border state with an entry permit number; and
 2. Official identification as documented on the VS form 17-30.
- D. Official Certificates of Veterinary Inspection may be used in electronic or paper form.
- E. Additions, deletions, and unauthorized or uncertified changes inserted or applied to a Certificate of Veterinary Inspection renders the certificate void and may be subject to state or federal penalties.
- F. The veterinarian issuing a Certificate of Veterinary Inspection shall certify that the animals shown on the Certificate of Veterinary Inspection are free from evidence of any infectious, contagious, or communicable disease or known exposure.
- G. An accredited veterinarian shall inspect animals for entry into the state.
- H. The Director may limit the period for which a Certificate of Veterinary Inspection is valid to less than 30 days if advised by the State Veterinarian of the occurrence of a disease that constitutes a threat to the livestock industry.

R3-2-607. Entry Permit Number

- A. An entry permit number for interstate movement may be obtained from the Office of the State Veterinarian, by calling (602) 542-4293 during the hours of 8 a.m. to 5 p.m. Monday through Friday, excluding state holidays. Any person applying for an entry permit number shall provide the following information:
 1. The name and address of the Consignor and Consignee;
 2. The number and kind of animals;
 3. The physical address of the origin of shipment;
 4. The physical address of the shipment's final destination;
 5. The method of transportation; and
 6. Any other information required by the State Veterinarian.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- B. An entry permit number is valid for a maximum of 30 calendar days from the date of issuance unless otherwise indicated on the CVI.
- C. An entry permit number shall be issued if the animals listed on the Certificate of Veterinary Inspection are in compliance with this Article. To cope with changing disease conditions, the State Veterinarian may refuse to issue an entry permit number or may require additional conditions not specifically established in this Article if necessary to protect animal health in Arizona.
- D. The entry permit number issued shall be affixed or written on the Certificate of Veterinary Inspection, brand inspection certificate, and any other official documents as follows: "Arizona Permit No. _____" followed by the serialized number.
- E. The State Veterinarian shall refuse to grant an entry permit number to any person who repeatedly commits the following:
 1. Giving false information concerning an entry permit number for transportation of animals,
 2. Failing to fulfill the conditions of an entry permit number, or
 3. Failing to obtain an entry permit number.

Emergency expired December 19, 2016 (Supp. 16-4).

R3-2-611. Transporter Duties

- A. All owners and operators of railroads, trucks, airplanes, or other conveyances transporting animals into or through the state shall possess all of the importation documents required by this Article. These documents shall be attached to the waybill, or be in the possession of the vehicle driver, or person in charge of the animals. When a single Certificate of Veterinary Inspection and entry permit number is issued for animals being moved in more than one vehicle, the driver of each vehicle shall possess the original or a copy of the Certificate of Veterinary Inspection containing the entry permit number, if required.
- B. The owner or operator of a railroad car, truck, airplane, or other conveyance used to transport animals into or through the state shall maintain the conveyance in a clean and sanitary condition.
- C. The owners and operators of railroads, trucks, airplanes, or other conveyances who transport animals into the state in violation of this Section shall clean and disinfect the conveyance in which the animals were illegally brought into the state before using the conveyance for transporting more animals. The cleaning and disinfection shall be performed under the supervision of an authorized representative of the State Veterinarian or the USDA.
- D. The owners or operators of railroads, trucks, airplanes, or other conveyances shall follow the USDA requirements and Arizona Department of Agriculture rules and statutes, in the humane transport of animals into, within, or through the state.

Historical Note

Adopted effective August 19, 1983 (Supp. 83-4). Section R3-2-611 renumbered from Section R3-9-611 (Supp. 91-4). Amended by final rulemaking at 6 A.A.R. 25, effective December 8, 1999 (Supp. 99-4). R3-2-612. Importation of Cattle and Bison

- A. The Certificate of Veterinary Inspection for cattle and bison shall include:
 1. A valid entry permit number.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

2. The number of cattle and bison covered by the Certificate of Veterinary Inspection, an accurate description and official identification, if applicable except for "F" branded heifers consigned to a designated feedlot identified by brand.
 3. The health status of the cattle and bison including:
 - a. The date of the inspection;
 - b. The dipping date, if applicable;
 - c. The date of negative results for required testing under this Article; and
 - d. The vaccination status as required by this Article.
 4. The method of transportation; and
 5. For bulls subject to testing under R3-2-612(I), a statement that the bulls:
 - a. Tested negative for *Tritrichomonas foetus* within 30 days prior to shipment using a polymerase chain reaction test; and
 - b. Have had no breeding activity during the interval between the collection of the samples and the date of shipment.
- B.** The owner of cattle and bison entering Arizona or the owner's agent shall comply with the requirements in this Article. Failure to comply with entry requirements will incur the following conditions:
1. Pay the expenses incurred by a hold order to test and retest the imported cattle or bison or return them to the state of origin.
 2. For imported beef breeding cattle, breeding bison, and dairy cattle, ensure that an accredited veterinarian applies official identification to each bovine or bison.
- C.** Arizona shall not accept:
1. Cattle or bison from brucellosis infected, exposed, or quarantined herds regardless of their vaccination or test status, or both, except:
 - a. Steers and spayed females, and
 - b. Cattle or bison shipped directly for immediate slaughter to an official state or federal slaughter establishment;
 2. Cattle or bison of unknown brucellosis exposure status, unless consigned for feeding purposes to a designated feedlot;
 3. Dairy cattle from a state or region within a foreign country without brucellosis status comparable to a Class-Free State, or without tuberculosis status comparable to an Accredited-Free State;
 4. Dairy and dairy cross steers, and dairy and dairy cross spayed heifers from Mexico;
 5. Beef breeding cattle or breeding bison from a state or region within a foreign country without brucellosis status comparable to a Class A State, or without tuberculosis status comparable to a Modified Accredited State.
- D.** Brucellosis testing requirements for beef breeding cattle, breeding bison, and dairy cattle imported into Arizona from other states.
1. Brucellosis testing is not required in dairy and beef cattle from a brucellosis Class-Free State that does not have free-ranging brucellosis infected bison or wildlife.
 2. Brucellosis not required for any cattle or bison consigned to a designated feedlot that are branded with an "F" adjacent to the tail head as long as the State Veterinarian grants permission to apply the "F" brand upon arrival. All "F" branded cattle or bison that leave the designated feedlot shall be shipped directly to:
 - a. An official state or federal slaughter establishment for immediate slaughter,
 - b. Another designated feedlot, or
 - c. Another state if shipping is permitted by the State Veterinarian in the state of destination.
3. All female dairy cattle four months of age or older, imported into Arizona, shall be official calfhood vaccinates, officially identified, certified, and legibly tattooed except for the following:
- a. Show cattle for exhibition,
 - b. Cattle consigned directly to an official state or federal slaughter establishment for immediate slaughter, and
 - c. Cattle consigned for feeding purposes to a designated feedlot with an entry permit number.
4. For beef breeding cattle, breeding bison, and dairy breeding cattle from a Class A state the owner or owner's agent:
- a. Shall ensure that the cattle remain under quarantine and isolation until the cattle test negative for brucellosis. The test shall be performed no earlier than 45 days and no later than 120 days after entry.

 3. All dairy breeding cattle greater than 120 days of age shall test negative for Bovine Tuberculosis within 60 days prior to entry into Arizona.
- F.** Brucellosis testing requirements for beef breeding cattle, breeding bison, and dairy cattle imported into Arizona from Mexico.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

1. Prior to entry into Arizona, beef breeding cattle, breeding bison, or dairy cattle from Mexico shall meet the requirements of 9 CFR 93.424 through 93.427, as revised on January 1, 2018. This material is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007.
 2. The owner or owner's agent shall ensure that beef breeding cattle, breeding bison, and dairy cattle from Mexico remain under import quarantine and isolation until tested negative for brucellosis. The test shall not be performed earlier than 60 days nor later than 120 days after entry into Arizona. All cattle or bison consigned to a designated feedlot shall be branded with an "F" adjacent to the tail head before entry into Arizona unless the State Veterinarian grants permission to apply the "F" brand on arrival. Unless neutered, all beef breeding cattle, breeding bison, and dairy cattle leaving the designated feedlot shall go directly to an official state or federal slaughter establishment for immediate slaughter or to another designated feedlot. The owner of the designated feedlot shall ensure that official identification records are kept on all incoming consignments and then submit the records monthly to the State Veterinarian. An accredited veterinarian shall identify, on a form approved by the State Veterinarian, all cattle and bison leaving the designated feedlot. A copy of the form shall accompany the cattle or bison to slaughter and a copy shall be submitted to the State Veterinarian.
 3. Dairy cattle from Mexico shall test for brucellosis again 30 days after calving, unless the dairy cattle were consigned directly to a feedlot.
- G. Tuberculosis testing requirements for cattle and bison imported into Arizona from Mexico.**
1. Prior to entry into Arizona, cattle and bison from Mexico shall meet the requirements of 9 CFR 93.424 through 93.427 as revised on January 1, 2018, incorporated by reference in subsection (F)(1).
 2. Steers and spayed heifers from states or regions in Mexico shall not enter the state if they have not been determined by the State Veterinarian to have fully implemented the Control, Eradication, or Free Phase of the bovine tuberculosis eradication program of Mexico.
 3. Steers and spayed heifers from states or regions in Mexico determined by the State Veterinarian to have fully implemented the Control Phase of the bovine tuberculosis eradication program of Mexico shall not be imported into Arizona without permission of the State Veterinarian.
 4. Steers and spayed heifers from states or regions in Mexico determined by the State Veterinarian to have fully implemented the Eradication Phase of the bovine tuberculosis eradication program of Mexico may be imported into Arizona, if they have either:
 - a. Tested negative for tuberculosis in accordance with procedures equivalent to the 9 CFR Part 77 as amended on January 9, 2013 within 60 days before entry into the United States, or
 - b. Originated from a herd that is equivalent to an accredited herd in the United States and are moved directly from the herd of origin across the border as a single group and not commingled with other cattle or bison before arriving at the border.
 5. Steers and spayed heifers from states or regions in Mexico determined by the State Veterinarian to have achieved the Free Phase of the bovine tuberculosis eradication program of Mexico may move directly into Arizona without testing or further restrictions if they are moved as a single group and not commingled with other cattle before arriving at the border.
- H. Bovine scabies requirements.**
1. The owner or owner's agent shall ensure that no cattle or bison affected with or exposed to scabies is shipped, trailed, driven, or otherwise transported or moved into Arizona except cattle or bison identified and moving under a VS Form 1-27 and seal for immediate slaughter at an official state or federal slaughter establishment.
 2. The owner or owner's agent of cattle or bison from an official state or federal scabies quarantined area shall comply with the requirements of 9 CFR 73, Scabies in Cattle, as revised on January 1, 2018, before moving the cattle or bison into Arizona. This material is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Department.
 3. The State Veterinarian may require that breeding and feeding cattle and bison from known scabies infected areas and states be dipped or treated even if the animals are not known to be exposed. The State Veterinarian shall require that dairy cattle be dipped only if the animals are known to be exposed; otherwise an accredited veterinarian's examination and certification shall be sufficient.
- I. Trichomoniasis requirements for bulls imported into Arizona from other states.**
1. The owner or owner's agent shall ensure bulls:
 - a. Test negative for *Tritrichomonas foetus* within 30 days prior to shipment using a polymerase chain reaction test or a diagnostic test approved by the state veterinarian, except for bulls:
 - i. Less than 12 months of age,
 - ii. Consigned directly to a state or federal licensed slaughter facility,

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- iii. Consigned directly to a dairy,
- iv. Consigned directly to an exhibition or rodeo,
- v. Consigned directly to a licensed feedlot for castration on arrival,
- vi. Branded with an "F" adjacent to the tailhead and consigned directly to a designated feedlot for feeding and later movement directly to slaughter, and
- b. Have no breeding activity during the interval between the collection of a sample and the date of shipment.
- c. The following statements documented on the CVI in reference to R3-2-612(A)(5):
 - i. Test negative for *Tritrichomonas foetus* within 30 days prior to shipment using a polymerase chain reaction test; and
 - ii. Have had no breeding activity during the interval between the collection of the samples and the date of shipment.
- 2. An accredited veterinarian approved to collect samples for *Tritrichomonas foetus* testing by the state animal health official in the state of origin shall collect the *Tritrichomonas foetus* test samples.
- 3. A laboratory approved to conduct tests for *Tritrichomonas foetus* by the state animal health official in the state of origin shall perform the test for *Tritrichomonas foetus*.
- J. For purposes of this Section beef breeding cattle means intact beef cattle.

R3-2-702. Livestock Self-inspection

- A. Definitions.

"Dairy" means an owner or agent of a place or premise where one or more lactating animals are kept for milking purposes and from which a part or all of the milk is provided, sold, or offered for sale that meets both of the following conditions: the livestock is not permitted to range and the dairy is permitted by the Department. If these conditions are met, then a Division employee may grant the applicant dairy status.

"Description" means sex, breed, color, and markings, as applicable to the type of livestock.

"Exhibition" means an event including a fair, show, or field day that has as its primary purpose the opportunity for a member of a livestock organization, including 4-H and FFA, to display an animal raised by the individual in a judged competition.

"Feedlot" means an operator of a beef cattle feedlot or feed yard in which the livestock is not permitted to range and that is licensed by the Department. If these conditions are met, then a Division employee may grant the applicant feedlot status.

"Livestock" means cattle, sheep, goats, and swine.

"Livestock broker" means an owner or agent who engages in the business of buying and selling livestock and has immediate possession of the livestock for 10 days or less in which the livestock is not permitted to range. If these conditions are met, then a Division employee may grant the applicant livestock broker status.

"Non-range" means any owner or agent of an enclosed property that is 100 acres or less that meets all of the following conditions: the fence enclosing the livestock is well maintained, the livestock is not permitted to range, and the owner or agent of the livestock lives where the livestock are kept. If these conditions are met, then a Division employee may grant the applicant non-range status.

"Range" means every character of lands, enclosed or unenclosed, outside of cities and towns, upon which livestock is permitted by custom, license or permit to roam and feed. A.R.S. § 3-1201(7)

"Range cattle" means cattle customarily permitted to roam upon the ranges of the state, whether public domain or in private control, and not in the immediate actual possession or control of the owner although occasionally placed in enclosures for temporary purposes. A.R.S. § 3-1201(8)

B. Application.

1. Owners or agents of livestock or feedlot operators shall request a book of self-inspection certificates from the Department. The applicant shall submit a written application form obtained from the Department and provide the following information:
 - a. Name, mailing address, physical address, telephone number, and email address;
 - b. Name of business and type of livestock operation;

 - g. Brand number, expiration date, and location;
 - h. Name and address of buyer;
 - i. Number of head of cattle sold for which Beef Council fees are payable under A.R.S. §§ 3-1236 and 3-1238.
 2. The owner or agent of livestock or feedlot operator shall complete a self-inspection certificate, except when livestock are subject to inspection by a Division employee under R3-2-701, and distribute copies of the certificate as follows:
 - a. One copy and any fees that are owed under subsection (C)(1)(i) shall be sent to the Department within 10 days after the end of the month in which it was used;
 - b. If the livestock are shipped, the original certificate shall accompany the livestock whenever they are in transit and one copy shall be retained by the person transporting the livestock; or
 - c. If ownership of the livestock is transferred without shipment, two copies shall be provided to the new owner or agent of livestock or feedlot operator; and one copy shall be retained by the seller.
3. A certificate may be used once to either transfer livestock ownership or to move livestock to a specific destination. If the livestock are diverted to a destination other than that stated on the self-inspection certificate, the certificate is void. The owner or agent of livestock, or feedlot operator shall complete a new certificate and send both the voided and new certificates to the Department within 10 days after the end of the month in which the certificates are used or voided.
 4. An owner or agent of livestock or feedlot operator shall use a self-inspection certificate only with a shipment of livestock matching the description for which the certificate is issued and only for the self-inspection issued date. If any of the information on the self-inspection certificate changes, the certificate is void and the owner or agent of livestock or feedlot operator shall complete a new certificate.
 5. An altered, erased, completed but unused, or defaced self-inspection certificate is void. A voided certificate shall be returned to the Department within 10 days after the end of the month in which it is voided.
 6. Upon request, certificates shall be returned to the Department by the owner or agent of livestock or feedlot operator. If an operation licensed for self-inspection is sold, leased, transferred, or otherwise disposed of, the owner or agent of livestock or feedlot operator shall notify the Department and return all self-inspection certificates to the Department within 30 days of the transaction.
 7. If the owner or agent of livestock or feedlot operator cannot find an unused or used certificate, they must sign an affidavit provided by the Department verifying the certificate is lost and cannot be found. New certificates will not be issued until the signed affidavit has been received by the Department.
- D. Sale of livestock.** A seller shall document a sale by completing a self-inspection certificate as prescribed in subsection (C) and providing a bill of sale to the purchaser as required under A.R.S. § 3-1291.
- E. Feedlot receiving form.**
1. The operator of a feedlot shall document receipt of incoming cattle on a form obtained from the Department. The operator shall include the following information on the form:
 - a. Name of feedlot and location;
 - b. Month and year for which report is made;
 - c. Number of cattle received, date received, and name and address of owner;
 - d. Description of the cattle;
 - e. If not Arizona native cattle, the import permit and Certificate of Veterinary Inspection numbers;
 - f. If native Arizona cattle, self-inspection certificate number or Department inspection certificate number; and
 - g. Pen number to which cattle are initially assigned.
 2. The operator shall return the completed form within 10 days after the end of the month of the reporting period.
- F. Quarantine.** Livestock under quarantine by the Department shall not be shipped or sold by use of a self-inspection certificate.
- G. Violations.** The Department shall process violations of this Section as prescribed under A.R.S. § 3-1203(D).

ARTICLE 8. DAIRY AND DAIRY PRODUCTS CONTROL**R3-2-801. Definitions**

In addition to the definitions in A.R.S. §§ 3-601 and 3-661, the following terms apply to this Article:

"3-A Sanitary Standards" and "3-A Accepted Practices," as published by the International Association for Food Protection, effective on or before October 15, 2017, means the criteria for design, materials, construction and use of dairy processing equipment. This material is incorporated by reference, does not include any later amendments or editions, and is available for inspection at the Department located at 1110 W. Washington St., Ste. 450, Phoenix, AZ 85007 or available for purchase online at <https://www.3-a.org/>.

"C-I-P" means a procedure by which equipment, pipelines, and other facilities are cleaned-in-place as prescribed in the 3-A Accepted Practices.

"Converted" means the process by which a frozen dessert is changed from a frozen to semi-frozen form without any change in the ingredients.

"Fluid milk" means milk and any other product made by the addition of a substance to milk or to a liquid form of milk product if the milk or other product is produced, processed, distributed, sold or offered or exposed for sale for human consumption.

"Fluid trade product" means any trade product as defined in A.R.S. § 3-661(5) that resembles or imitates any fluid milk product.

"Food establishment" means any establishment, except a private residence, that prepares or serves food for human consumption, regardless of whether the food is consumed on the premises.

"Frozen desserts mix" or "mix" means any frozen dessert before being frozen.

"Grade A raw milk" means raw milk produced on a dairy farm that conforms to Section 7 of the PMO and the requirements of R3-2-805.

"Parlor" and "milk room" mean the facilities used for the production of Grade A raw milk for pasteurization or Grade A raw milk.

"Plant" means any place, premise, or establishment, or any part, including specific areas in retail stores, stands, hotels, restaurants, and other establishments where frozen desserts are manufactured, processed, assembled, stored, frozen, or converted for distribution or sale, or both. A plant may consist of rooms or space where utensils or equipment is stored, washed, or sanitized and where ingredients used in manufacturing frozen desserts are stored. Plant includes:

"Manufacturing plant" means a location where frozen desserts are manufactured, processed, pasteurized, and converted.

"Handling plant" means a location that is not equipped or used to manufacture, process, pasteurize, or convert frozen desserts, but where frozen desserts are sold or offered for sale other than at retail.

"PMO" means the Grade A Pasteurized Milk Ordinance, 2023 Revision. This material is incorporated by reference, does not include any later amendments or editions, and is on file with the Department at 1110 W. Washington St., Suite 450, Phoenix, AZ 85007. A copy of the incorporated material may also be viewed at <https://agriculture.az.gov/>.

"Retail food store" means any establishment offering packaged or bulk goods for human consumption for retail sale.

R3-2-802. Milk and Milk Products Standards

Unless specifically mentioned in A.R.S. Title 3, Chapter 4, Article 1, or in this Article, all milk and milk products, except frozen desserts, sold or distributed for human consumption shall meet the PMO standards for production, processing, storing, handling, and transportation.

Historical Note

Former Regulations 1, 2. Section R3-2-802 renumbered from R3-5-02 (Supp. 91-4). Section repealed; new Section adopted effective December 2, 1998 (Supp. 98-4).

R3-2-803. Milk and Milk Products Labeling

- A. The manufacturer or processor shall ensure that milk and milk products listed in A.R.S. § 3-601(10), and Sections 1 and 2 of the PMO are designated by the name of the product and shall conform to its definition.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- B. The manufacturer or processor of milk and milk products shall conform with the labeling requirements in A.R.S. §§ 3-601.01 and 3-627, Section 4 of the PMO, and 21 CFR 101, 131, and 133, amended April 1, 2017. This CFR material is incorporated by reference, does not include any later amendments or editions, and is on file with the Department.
- C. The name of the manufacturer or processor shall be on all cartons or closures where it can be easily seen. A manufacturer or processor that has plants in other states shall use a code number or letter to designate the state in which a carton or closure is manufactured or processed. If a manufacturer or processor has a plant within Arizona, the Dairy Supervisor shall issue a code number or letter for each plant and shall keep a record of the number or letter issued. Manufacturers and processors shall include the Arizona code, 04, with the plant code assigned by the Dairy Supervisor.
- D. If milk or milk products are manufactured or processed and packaged at a plant for other retailers and the container or closure is not labeled the same as the manufacturer's or processor's like product, the manufacturer or processor shall include the statement "Manufactured or Processed at (name and address of plant or code number or letter)" on the carton or closure. The carton or closure may also contain the statement, "Distributed by: (name of person or firm)."
- E. Any person planning to use a new or modified label on a container shall submit the proposed label to the Dairy Supervisor for review.
1. If the proposed label does not meet labeling standards specified in subsection (B), the Dairy Supervisor shall note the required changes on the proposed label, and sign and return the proposed label to the applicant.
 2. A person who requests additional time to use the inventory amounts of slow moving cartons or closures before using a modified label shall submit a written request to the Dairy Supervisor. The Dairy Supervisor may approve continued use of the existing cartons and closures if:
 - a. The use does not present a public health issue, and
 - b. The information on the cartons and closures is not misleading.
- (brand or common name of trade product)
instead of _____,"
(common name of dairy product)
- b. "Nondairy products served here."
3. No food establishment shall advertise or otherwise represent to the public that it serves, or uses in the preparation of a food, a real product when it actually serves or uses a trade product.
- C. Labeling: Except as follows, all labels shall comply with the PMO and 21 CFR 101, 131, and 133.
1. The Dairy Supervisor shall approve a new or modified trade product label before the label is used. The applicant shall file a written request with duplicate copies of the proposed label and any supporting materials necessary to establish the truthfulness, reasonableness, relevancy, and completeness of the label.
 2. Unless each ingredient of a trade product is homogenized or pasteurized, the whole product shall not be labeled or advertised as an homogenized or pasteurized product. Individual ingredients that are homogenized or pasteurized may be identified as homogenized or pasteurized in the listing of ingredients.
 3. Except for combined ingredients constituting less than 1% of the whole product or unless each ingredient of a trade product qualifies as grade A, the whole product shall not be labeled or advertised as a grade A product. Ingredients that qualify as grade A may be identified as grade A in the listing of ingredients.
 4. Any trade product produced outside the state and labeled as prescribed in R3-2-802 and R3-2-803, may be sold within the state provided that the product meets the requirements of A.R.S. §§ 3-663 and 3-665.

R3-2-804. Trade Products

- A. Any fluid trade product containing milk solids shall be regulated as a fluid milk product.
- B. Advertising, display, and sale:
1. Any retail food store may submit its methods and techniques for the advertising, display, and sale of trade products and real products to the Dairy Supervisor to determine compliance with this Section.
 2. No food establishment shall sell or provide any patron or employee, for use as food, any trade product or food whose main ingredient is a trade product, unless one of the following disclosures is posted for each trade product, in a prominent place on the premises, or is plainly visible on each menu where other food items are described:
 - a. "_____ served here

R3-2-805. Grade A Raw Milk For Consumption

- A. All cattle and other dairy animals from which Grade A raw milk is produced shall be tested and found free of tuberculosis before any milk is sold. All herds shall be tested for tuberculosis at least every 12 months. All cattle and other dairy animals from which Grade A raw milk is produced shall be tested and found free of brucellosis before any milk is sold, and shall be tested every 12 months or have negative brucellosis ring tests of the milk at least once each month, or both, as determined by the State Veterinarian.
- B. Grade A raw milk shall be cooled immediately after completion of milking to 45° F or less and shall be maintained at that temperature until delivery.
- C. Grade A raw milk shall be bottled on the farm where it is produced. Raw milk products authorized under A.R.S. § 3-606, except for hard cheeses aged 60 days or more as defined in 7 CFR 58.439, shall be processed, manufactured and packaged on the farm where the milk is produced. Bottling and capping shall be done in a sanitary manner on approved equipment. Hand-capping is prohibited. Caps and cap stock shall be kept in sanitary containers until used.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- D. All vehicles used for the distribution of Grade A raw milk shall prominently display the distributor's name.
- E. Grade A raw milk shall be labeled as prescribed in R3-2-803 and A.R.S. § 3-606.

Historical Note

R3-2-806. Parlors and Milk Rooms**A. Construction Plans.**

1. Any person constructing or extensively altering a parlor or milk room shall submit the plans and specifications to the Dairy Supervisor for written approval before work begins. The Dairy Supervisor shall approve or deny the plans within 10 business days.
2. Plans shall consist of a scaled plot design with elevations and pertinent dimensions.
3. Any deviations from the requirements in this Section and from approved plans and specifications may be made only after written approval of the Dairy Supervisor.

B. Site.

1. The parlor and milk room shall be located in a place free from contaminated surroundings.
2. Feed racks, calf pens, bull pens, hog pens, poultry pens, horse stables, horse corrals, and shelter sheds shall not be closer than 100 feet to the milk room or closer than 50 feet to the parlor.

C. Surroundings.

1. Dirt or unpaved corrals and unpaved lanes shall not be closer than 25 feet to the parlor or closer than 50 feet to the milk room; corrals shall be constructed to remove runoff from the lowest point of the grade.
2. A paved (concrete or equivalent) ramp or corral shall be provided to allow the animals to enter and leave the parlor. This paved area shall be curbed sufficiently high enough to contain waste material and water used to clean this area.

- D. Drains and waste disposal systems shall be adequate to drain the volume of water used in rinsing and cleaning, as well as the waste created by animals in the parlor. Instead of natural drainage, automatic pumps or other means shall be provided for drainage disposal.

E. Milk room.

1. The milk room shall consist of one or more rooms for the handling of the milk and the cleaning, sanitization, and storage of the milk-handling equipment. Hot and cold running water outlets shall be provided as needed for sanitation. There shall be a minimum of five feet between a farm milk tank at the widest point and the milk room wall where the wash vats are installed. Except for currently installed milk tanks, there shall be at least three feet between any farm tank or farm tank appurtenance and the milk room walls.
2. Passageway. The passageway between the milk room and parlor shall have at least a 3-foot clearance for ingress and egress. Equipment such as milk receivers, dump tanks, or coolers that are part of an enclosed milk line system may be installed in the passageway if:
 - a. A 3-foot clearance is allowed for the walkway;

- b. Space is provided between walls and equipment to permit the disassembly of equipment for cleaning or inspection;
- c. The passageway between the parlor and the milk room may be closed at one end. The parlor may be separated from the passageway by a pipe rail fence if the slope of the parlor floor is away from the passageway. If the slope of the parlor floor is toward the passageway, a concrete wall between the passageway and parlor floor of at least 12 inches in height shall be provided.
- d. Rustless pipe sleeves with tight-fitting flanges and protective closures shall be installed where the milk lines, hoses for tankers, and wash lines go through the walls of the passageway.

3. Floors.

- a. The floors of the milk room, and passageway, if provided, shall be constructed of four-inch thick concrete, or other impervious material troweled smooth. The milk room floor shall slope at least 1/4 inch per 12 inches to a vented trapped drain. The passageway floor shall slope at least one inch per 10 feet toward a drain or gutter. All floor and wall junctions shall have at least a two-inch radius cove.
- b. Drainage from the milk room may be independent from or connected to the parlor drainage. Floor drains shall be vented, have a water trap, and a clean-out plug. All floor drains and pipes under the milk room and parlor floor shall meet all applicable plumbing codes.

4. Walls and ceilings.

- a. All walls and ceilings shall be constructed of a light colored, impervious material with a smooth finish. If concrete block or masonry construction is used, all voids below the floor line shall be filled with concrete.
- b. The main ceiling height shall allow sufficient room for access to, and sampling from, the bulk milk storage tank.

5. Doors and windows.

- a. All opening windows shall have at least 16-inch mesh screen.
- b. Exterior doors of the milk room shall open outward, be solid, self-closing, and tight fitting. Any door from the passageway shall be a solid door, metal covered on both sides of the bottom half. Wooden door jambs or frames shall terminate six inches above the floor, and the concrete floor cove shall extend to the jambs or frames.
- c. All working areas in the milk room shall contain at least 30 foot-candles of natural and/or artificial lighting.

6. Ventilation. The milk room shall provide adequate ventilation to minimize condensation on ceilings, walls and equipment. Vents shall be protected from the penetration of insects, dust and other contaminants. The milk room shall contain one or more ceiling vents. Ceiling vents shall not be installed directly above bulk milk storage tanks.

7. Tanker loading area. A tanker-loading area, at least 10 feet by 12 feet, paved, curbed, and sloped to drain, shall be provided adjacent to the milk room where milk is transferred from a farm tank to a milk tanker. If a tanker is used instead of a farm tank, a tanker shelter shall be

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

provided that complies with the construction, light, drainage, and general maintenance requirements of the milk room.

8. Farm tank installations. All farm tanks for the cooling and storing of milk shall be installed in the milk room. Bulk milk tanks equipped with agitator shaft opening seals may, if approved by the Dairy Supervisor, be bulk-headed through a wall.

F. Parlor.

1. Floors.
 - a. The floors shall be constructed of four-inch thick concrete or other, light-colored, impervious material, finished smooth. The floors, alleys, gutters, mangers, and curbs shall slope lengthwise toward a drain or gutter. The cow standing platform in the elevated stall parlor shall slope sufficiently to provide for adequate drainage and cleaning.
 - b. Floor and wall junctions shall have at least a two-inch radius cove and shall be an integral part of the floor.
 - c. The cow standing platform, litter alley, holding corral and concrete lane shall be treated to prevent slipping.
2. Walls. All walls shall be constructed of a light-colored, impervious material. If necessary, means shall be provided to prevent the entrance of swine, fowl and other prohibited animals. All walls shall be finished smooth on the inside with the top ledge rounded on open walls. If a parlor wall forms a part of the holding corral or an entrance or exit lane, it shall be finished smooth on the outside. If a concrete block or masonry construction is used, all voids below the floor line shall be filled with concrete. In elevated stall parlors, the wall under the cow standing platform adjacent to the milking area shall be finished smooth and designed to prevent leakage.
3. Stalls. A tandem stall and a herringbone stall shall have a smooth, flat, non-absorbent splash panel behind each cow.
4. Light. Natural and/or artificial light shall be at least 30 foot-candles at the floor level and located to minimize shadows in the milking area.
5. Gutters.
 - a. All parlors shall have gutters to catch the defecation of cows while in the stall and for any water used for rinsing.
 - b. Pipe used for parlor gutter drainage shall be at least four inches in diameter and meet applicable plumbing codes.
6. Curbs.
 - a. In elevated stall parlors, the cow standing platform shall be curbed on the side next to the milking alley and the curb shall be at least six inches in height with the top rounded to retain the elevated stall floor washings. This curb may be lowered to not less than two inches at the area where the milking machines are applied. Metal curbs shall be free of voids and sealed to stall and floor or wall.
 - b. Floor level parlors shall contain a curb under the stanchion line at least six inches wide, 12 inches high from the stall floor, except if metal mangers are used the top of this curb shall be rounded.
7. Stanchions.
 - a. The stanchion shall be metal or other impervious, easily cleanable material.

- b. Mangers and feed boxes in all types of parlors shall be constructed of impervious materials, finished smooth, and provided with drainage outlets at low points.

8. Ventilation. Adequate ventilation shall be provided in the parlor, holding corral, and wash area, if roofed.

- G.** Roof drainage from parlors and milk rooms shall not drain into a corral unless the corral is paved and properly drained.
- H.** If animals are fed in the parlor, feed storage facilities shall be provided. Feed storage rooms, when installed, shall be partitioned from the parlor and shall be fly and rodent proof. The feed discharge area of the bulk feed storage shall be concrete or other impervious material that is curbed and drained. Bulk feed may discharge directly into the parlor. A bulk feed tank located opposite the passageway shall be at least six feet from the milk room. Overhead feed storage is permissible if it is fly, rodent, and dust tight. Feed shall be conveyed to the manger or feed box in a tightly closed dust-free system. Overhead metal feed tanks may be used.
- I.** Facilities to store dairy supplies shall be provided. Only supplies that come in contact with the milk or milk contact surface of the milk-handling equipment may be stored in the milk room and shall be protected from toxic materials, vectors, and dust.

Historical Note

Former Regulations 1 - 11. Section R3-2-806 renumbered from R3-5-06 (Supp. 91-4). Section amended effective December 2, 1998 (Supp. 98-4). Amended by final rulemaking at 22 A.A.R. 2169, effective October 2, 2016 (Supp. 16-3).

R3-2-807. Frozen Dessert Plant and Processing Standards

A. Plant and Processing Standards.

1. The plant area shall be clean, orderly and free from refuse, rubbish, smoke, dust, air pollution and strong or foul odors originating on the premises. A drainage system shall be provided for the rapid drainage of water away from the building. If unsatisfactory conditions occur in the plant area, with respect to smoke, dust, air pollution, or odors, provision shall be made to protect the frozen desserts and ingredients from contamination.
2. Sewage and industrial waste shall be disposed in accordance with the provisions of the state or county environmental laws. Refuse, unless in appropriate containers, shall not accumulate on the premises.
3. Roads, driveways, yards, and parking areas adjacent to the plant shall be paved or treated to prevent dust and shall be smooth and well drained to prevent accumulation of stagnant liquid.
4. Buildings.
 - a. The building exterior and interior shall be kept clean and in good repair.
 - b. In processing and packaging areas, outside doors, windows, skylights, transoms, or other openings shall be protected and operated to preclude the entrance of dust, insects, vermin, rodents, and other animals. Outside doors shall be self-closing wherever practical. Window sills on new construction shall slope inward at least 45-degrees. Outside conveyor openings and other outside openings shall be protected by doors, screens, flaps, fans, or tunnels. Pipes shall be sealed where they extend through exterior walls. Outside pipe openings shall be covered when not in use.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- c. Rooms. All rooms, compartments, coolers, freezers, and dry storage space in which any raw material, packaging or ingredient supplies, or finished products are handled, processed, manufactured, packaged, or stored shall be constructed to ensure clean and orderly operations.
 - i. Boiler and tool rooms shall be separate from rooms where milk products are received, where processing and packaging is done, or where equipment, facilities, and containers are washed and stored.
 - ii. Toilets and dressing rooms shall be conveniently located and toilets shall not open directly into any room where milk products, ingredients, or frozen desserts are handled, processed, packaged, or stored. Toilet and dressing room doors shall be self-closing. Toilets and dressing rooms shall be well vented to the outer air, and contain hand-washing facilities, hot and cold running water, soap, single-service towels or air dryers. Hand-washing signs shall be posted. Fixtures shall be kept clean and in good repair.
 - iii. Rooms for receiving milk and other raw ingredients and materials shall be separated from the processing area to avoid contamination of frozen desserts in the processing operations, except that products in cans or other closed containers may be received and transferred to a cooler or other storage without being received in a separate room.
 - iv. If tank truck deliveries of milk, milk products, or frozen desserts mix are made, other than occasional deliveries, a tank truck room large enough to accommodate the entire truck shall be provided with equipment for cleaning. A covered outside unloading pad may be used for truck tankers with filter dome vents, if washing and sanitizing facilities are provided. If a tank truck room is not located on the premises of an existing plant, facilities for washing and sanitizing tank trucks shall be provided at another location where the washing and sanitizing facility is free from dust and extreme weather conditions.
 - v. Except for existing processing and packaging rooms, there shall be at least three feet clearance between installations and the wall to prevent overcrowding and to facilitate cleaning. Existing facilities not meeting this requirement shall be permitted if cleaning can be accomplished and permission is obtained from the Dairy Supervisor or the Dairy Supervisor's designee. All processing and packaging rooms shall be equipped with hand-washing facilities including hot and cold running water, soap, single-service towels, or air-dryer.
 - vi. Refrigeration rooms and units shall be constructed of impervious material and shall be kept clean and sanitary.
 - vii. Separate rooms shall be provided so that the manufacturing, processing, and packaging are separate from the cleaning and sterilizing of utensils and containers.
 - viii. No person shall reside or sleep in a frozen desserts plant or in any room connected with it. No animal shall be kept or permitted in a frozen desserts plant.
- d. Walls and ceilings shall be constructed of smooth, washable, impervious material. They shall be light-colored, kept clean and sanitary, and refinished when discolored. A darker color material may be used to a height not exceeding 60 inches from the floor.
- e. Floors shall be an impervious, smooth-surfaced material that may be flushed clean with water. Except for hardening rooms, floors shall slope 3/16 to 1/4 inch per foot to one or more trapped outlets. No open channel drainage is permitted in new construction or in extensive remodeling of existing plants. Floor drains are not required in freezers used for storing frozen desserts or frozen ingredients. However, the floors shall be sloped to drain to at least one exit and shall be kept clean. Floors in new construction or extensive remodeling shall be joined and coved with the walls to form water-tight joints. Smooth wood floors may only be permitted in rooms where there will be no spillage of product or ingredients, such as rooms where wrapped or packaged frozen products are packed in multiple-pack containers. Toilets and dressing rooms shall have impervious floors and smooth walls.
- f. Plumbing shall be installed to prevent back-up of sewage or odors into the plant.
- g. All rooms and compartments, including storage space for materials, ingredients, and packages, and toilets and dressing rooms, shall be ventilated to maintain sanitary conditions, and to minimize or eliminate condensation and odors.
- h. Lighting, whether natural or artificial, shall be well distributed in all rooms and compartments. Light bulbs and fluorescent tubes shall be protected so that broken glass cannot fall into any product or equipment.
 - i. Rooms where frozen desserts are handled, processed, manufactured, or packaged, or where equipment or utensils are washed, shall have at least 30 footcandles of light on all working surfaces;
 - ii. Areas where dairy products are examined for condition and quality shall have at least 50 footcandles of light; and
 - iii. All other rooms shall have at least 20 footcandles of light 30 inches above the floor.
- i. Containers for collecting and holding waste other than dry waste paper and other dry packaging material shall be constructed of metal or other impervious material, covered with tight-fitting lids or covers, and emptied or disposed of daily or at least once during the shift. Clothing, tools, equipment, and other material not used with the frozen desserts operations shall not accumulate in the work areas or in the storage rooms.
- j. A room or other space separate from any room or space where milk products or frozen desserts are received, handled, processed, packaged, or stored, shall be provided where employees may change and store clothing. This area shall contain hand-washing

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- facilities, with hot and cold running water, soap or other detergents, and single-service towels or air dryers. Self-closing containers shall be provided for used towels and other wastes.
- k. Approval of plans. Plans shall be submitted to the Dairy Supervisor, for any new or remodeled frozen dessert manufacturer, to be reviewed for compliance with this Section. The Dairy Supervisor may allow variances to the requirements in this Section, if protection from contamination is provided for all products handled.
5. Water and steam.
 - a. Potable hot and cold water shall be available in sufficient quantity for all plant operations and facilities. Non-potable water may be used for boiler feed and condenser water, if the water lines are separated from the water lines carrying the potable water supply and the equipment is constructed to preclude contamination of any product or product contact surface. If water for washing frozen desserts equipment and utensils and for use in rehydration or as an ingredient in any frozen desserts is obtained from other than a regulated municipal supply, a bacteriological examination shall be made of the water supply at least once every six months by a laboratory acceptable to the Dairy regulatory program to determine potability. If the examination indicates contamination of the water supply, a device shall be installed to eliminate the contamination.
 - b. If steam is used, it shall be provided in sufficient volume and pressure for the operation of equipment or for sterilization, or both. Steam that comes in contact with frozen desserts, ingredients, or with the product contact surface, shall be steam of culinary quality as prescribed in Appendix H, Part III, Culinary Steam – Milk and Milk Products, of the PMO.
 6. Equipment and utensils.
 - a. New equipment shall meet applicable 3-A Sanitary Standards. All equipment, including connections, coming in contact with frozen desserts or ingredients during processing, manufacturing, handling, or packaging, shall be made of stainless steel. No equipment shall be permitted that is rusted, corroded, or in any other condition that may result in contamination of the frozen desserts. Non-metallic parts with product contact surfaces shall consist of material that meets 3-A Sanitary Standards for Plastic or Rubber and Rubber-like Materials or shall be of plastic approved by the United States Food and Drug Administration. Equipment, apparatus, and piping shall be easily accessible for cleaning and shall be kept in good repair and free from cracks and corroded surfaces. Stationary equipment, including welded sanitary lines and apparatus that permit in-place-cleaning, may be used if prior approval from the Dairy Supervisor has been obtained. C-I-P piping and welded sanitary pipeline systems shall be permitted if engineered and installed according to 3-A Accepted Practices for Permanently Installed Sanitary Product and Solution Pipelines and Cleaning Systems. If rigid pipelines are not practical, plastic pipelines listed in the 3-A Accepted Practices may be used. Product pumps shall be sanitary and easily dismantled for cleaning or shall be constructed to allow C-I-P procedures. All parts of interior surfaces of equipment, pipes (except C-I-P piping), or fittings, including valves and connections shall be accessible for inspection. The Dairy Supervisor may require other equipment, apparatus or piping if stationary equipment, apparatus or piping cannot or is not being effectively cleaned-in-place.
 - b. Equipment for storage and distribution of liquid sweetening agents shall be constructed of metals, alloys, or other material that will withstand corrosive action by the ingredient. The equipment and the ingredients shall be protected from contamination.
 - c. Pasteurizing equipment shall meet the standards prescribed in the PMO and 3-A Accepted Practices for Sanitary Construction, Installation, Testing and Operation of High-Temperature-Short-Time Pasteurizers and 3-A Sanitary Standards for Non-Coiled Type Batch Pasteurizers. Batch-type pasteurizers shall be provided with close-coupled outlet valves protected against leakage and shall be equipped with thermometers that record the information of each day's operation on separate charts. Air space thermometers and indicating thermometers shall be provided to check the recording thermometers. The recording thermometer chart shall contain the date, the identity of the pasteurizing number, the batch and product name, and the signature of the employee responsible for this information. The record shall be kept on file at the plant for at least six months. The accuracy of the recording thermometer shall be checked daily using the indicating thermometer and the time and temperature shall be documented on the recording chart. Chart recorders and thermometers for batch pasteurizers shall be tested and sealed by the Dairy Supervisor or the Supervisor's designee after testing and seals shall not be removed without immediately notifying the Dairy Supervisor or the Supervisor's designee.
 - d. Every plant shall contain hardening rooms, refrigerating rooms, or refrigerated cabinets with space for storage of frozen desserts and perishable ingredients.
 - e. All utensils used in the receiving, storing, processing, manufacturing, packaging, and handling of frozen desserts or any ingredients shall be of smooth, stainless steel, or plastic listed in the 3-A Accepted Practices and shall have flush seams. Utensils that are badly worn, rusted, or corroded or that cannot be rendered clean and sanitary by washing shall not be used. Lead solder shall not come in contact with milk or milk products or frozen desserts.
 7. Cleaning and sanitizing.
 - a. Cleaning and sanitizing. Equipment, sanitary piping and utensils used in receiving, storing, processing, manufacturing, packaging, and handling frozen desserts and ingredients, and all product contact surfaces of homogenizers, high pressure pumps, packing glands on agitators, pumps and vats, and lines shall be kept clean. Before use, all equipment coming in contact with milk products or frozen desserts shall have a bactericidal or sanitizing treatment. Equipment not designed for C-I-P cleaning shall be disassembled, thoroughly cleaned and sanitized. Biodegradable dairy cleaners, wetting agents,

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- detergents, sanitizing agents, or other similar material that does not adversely affect or contaminate the frozen desserts or ingredients may be used. Steel wool or metal sponges shall not be used to clean any equipment or utensils with product contact surfaces. C-I-P cleaning shall be used only on equipment and pipeline systems designed, engineered, and installed for that type of cleaning. Other equipment and areas in the plant shall be thoroughly cleaned with appropriate methods that prevent potential contamination of ingredients, packaging and frozen desserts. Exhaust stacks, elevators and elevator pits, conveyors and similar facilities shall be inspected and cleaned regularly.
- b. Equipment shall be sanitized by using one of the following methods:
 - i. Using 180° F water for at least two minutes.
 - ii. Using steam under pressure for at least two minutes or until all parts of the equipment being sanitized have reached 180° F, or the condensate off the equipment remains at 180° F for at least two minutes.
 - iii. Using chlorine with a residual of at least 50 ppm after one minute contact with equipment, or if sprayed, with a residual of at least 100 ppm after five minutes.
 - iv. Using any other sanitizing substance prescribed in Appendix F of the PMO.
8. Pasteurization and cooling.
 - a. All frozen desserts mix, except for flavoring agents used in frozen desserts, shall be pasteurized.
 - b. Frozen desserts mix shall be pasteurized by heating every particle as described in Table 1.
 - c. Continuous flow pasteurizers, high-temperature-short-time and higher-heat-shorter-time, shall have all public health controls sealed against access and alteration. The seals shall be applied by the Dairy Supervisor or the Supervisor's designee after testing and shall not be removed without immediately notifying the Dairy Supervisor or the Supervisor's designee. The system shall be designed to meet the requirements of the PMO.
 - d. After pasteurization all mix shall be cooled immediately to 45° F or less and shall be maintained at that temperature until frozen. Milk, cream, and other fluid milk products other than sterilized, evaporated or sweetened condensed milk in hermetically sealed containers shall be stored at 45° F or less.
 - i. Refrigerated vehicles or approved insulated containers shall be used when transporting frozen desserts mix from the manufacturing or other plant to a retail manufacturer, and
 - ii. Mix shall be moved from coolers or refrigeration units in a manufacturing plant to freezers by using pipes, tubing, or other means listed in the Permanently Installed Product and Solution Pipelines and Cleaning Systems Used in Milk and Milk Product Processing Plants section of the 3-A Accepted Practices.
 9. Storage.
 - a. Utensils and equipment. Utensils and portable equipment used in processing, handling, or packaging of frozen desserts shall be stored above the floor in clean, dry locations and in a self-draining position on racks constructed of impervious, corrosion-resistant material.
 - b. Supplies and containers. Whenever possible, supplies shall be kept in a room separate from the processing, handling, and packaging of frozen desserts and under conditions that result in keeping the materials clean and free from dust, moisture, insects, rodents, or other possible contamination. Supplies shall be arranged to permit cleaning of the area and easy inspection and access. Insecticides and rodenticides shall be plainly labeled, segregated, and stored in a separate room or cabinet away from the edible material or packaging supplies. Caps, parchment papers, wrappers, liners, gaskets, and single-service sticks, spoons, covers, and containers for frozen desserts or ingredients shall be stored only in sanitary tubes, wrappings, or cartons and kept in a clean, dry place until used and shall be handled in a sanitary manner.
 - c. Raw milk products. Raw products for use in frozen desserts that are conducive to bacterial growth shall be handled and stored to minimize bacterial growth. When stored, raw products shall be maintained at 45° F or lower until processing commences.
 - d. Non-refrigerated products. Products such as non-fat dry milk and other frozen desserts ingredients that do not require refrigeration for proper storing shall be placed in dry storage to be easily accessible for inspection and removal, and for adequate cleaning of the room. Dunnage, pallets or other similar method of elevation shall be used. Frozen desserts or ingredients shall not be stored with any product that would damage them or impair their quality. Opened containers of ingredients shall be protected from contamination.
 - e. Refrigerated products. All products that require refrigeration shall, except as otherwise specified, be stored under conditions of temperature and humidity that best maintain quality and condition. Products shall not be stored directly on wet floors or be exposed to foreign odors or conditions such as dripping or condensation that may cause package or product damage.
 10. Notification of change in products to be manufactured. Any person manufacturing only frozen desserts with butterfat, or only frozen desserts with fats other than butterfat, and uses the other type of fat shall first notify the Dairy Supervisor.
 11. Clearing lines and equipment. If the same equipment is used for processing, pasteurizing, and packaging frozen desserts made with dairy products and frozen desserts made with vegetable fats, oils, or proteins, any remaining product shall be completely removed from the lines and equipment and sanitized before introducing another product into the lines and equipment. All equipment and lines shall be sanitized either at the end or beginning of each day's operations.
 12. Packaging and containers.
 - a. Frozen desserts shall be packaged in commercial containers using packaging material that protects the product from contamination. The packaging, cutting, molding, dispensing, and other handling or preparation of frozen desserts and their ingredients shall be in a sanitary manner. Frozen dessert con-

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

tainers shall be filled at the place of pasteurization using approved mechanical equipment. Existing manual processes may be permitted if done in a manner that prevents all contact surface contamination and is approved by the Dairy Supervisor.

- b. Multi-use containers for frozen desserts shall be kept clean and dry. If used for transporting frozen desserts, the containers shall be:
 - i. Rinsed immediately after emptying,
 - ii. Cleaned upon return to the plant, and
 - iii. Protected from contamination during storage.
- c. Metal cans and containers shall be free from rust and corrosion.
- d. Paper and plastic containers, liners, covers, or other materials coming in contact with frozen desserts shall be free from contamination.
- e. Single-service containers shall not be reused.

B. Personnel.

1. Plant employees shall wash their hands before beginning work and upon returning to work after using toilet facilities, eating, smoking, or otherwise soiling their hands. Employees shall keep their hands clean and follow good hygienic practices while on duty. Expectorating or using tobacco in rooms or compartments where frozen desserts or ingredients are exposed is prohibited. Clean, white, or light-colored, washable outer garments shall be worn by all employees engaged in handling dairy products, mix or frozen desserts. Hair coverings for head and facial hair shall be worn by all employees engaged in the processing, pasteurizing, packaging, handling, and storage of frozen desserts, product containers, and utensils.
2. Frozen desserts shall be handled so that there is no direct contact between an employee's hands and the product.
3. A person who has a discharging or infected wound, sore or lesion on hands, arms or other exposed portions of the body shall not work in any plant processing or packaging room or in any capacity resulting in contact with milk products or frozen desserts or equipment used in the processing or handling of milk products or frozen desserts. An employee returning to work following illness from a communicable disease shall provide a certificate from a physician attesting to the employee's complete recovery before processing or handling milk products or frozen desserts.

C. Quality standards.

1. Milk products used in the manufacture of frozen desserts shall meet the following standards:

Product	Standard Plate Count Not to Exceed
Raw Milk	500,000 per ml.
Pasteurized Milk	50,000 per ml.
Raw Cream	500,000 per ml.
Pasteurized Cream	100,000 per ml.

2. Butter, 80% cream, plastic cream, mixtures of butterfat, sugar or sweetening agent, moisture and flavoring, condensed milk, mixes and all other similar products shall meet the following standards:

Bacterial Standards	Not to Exceed
Standard Plate Count	50,000 per gram
Coliform Count	20 per gram
Yeast Count	50 per gram
Mold Count	50 per gram

3. Powdered non-fat dry milk, dry whey, and dry buttermilk shall meet the PMO standards.

4. Fats and oils other than from milk shall meet the standards of the United States Food, Drug and Cosmetic Act as amended, or those of any applicable state regulation for fats and oils of food grade standards.
5. Frozen desserts in broken or opened containers or in containers from which the product has been partially used may be returned to the plant for examination but shall not be used or sold for making frozen desserts.
6. All reconstituted frozen desserts shall be pasteurized before packaging.

D. Labeling.

1. All packages of frozen desserts, including cans or other containers of frozen desserts mix but not including frozen desserts packaged in accordance with a customer's request and in the presence of the customer, shall be labeled as prescribed in the federal Food, Drug and Cosmetic Act, as amended.
2. Each frozen dessert package shall contain:
 - a. The code number assigned by the Dairy Supervisor, identifying the specific manufacturing plant; or
 - b. The name and address of the frozen dessert manufacturer.

- E. License suspension. The Dairy Supervisor may suspend the license of a frozen dessert plant whenever the bacteria count, coliform determination, yeast or mold count exceeds the quality standards for frozen desserts in three out of the last five samples taken on separate days. In addition, the Dairy Supervisor may suspend the permit of a frozen dessert plant for failure to comply with any of the provisions of this Section.

R3-2-808. Frozen Desserts Reconstituted from Powdered Mixes

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

Except for R3-2-807(A)(8), retail establishments that reconstitute frozen desserts from powdered mixes and dispense the desserts on the premises shall comply with the requirements prescribed in R3-2-807 and the following standards:

1. All equipment, containers, and utensils shall be washed and air-dried after each use and shall be sanitized before each use, in accordance with the sanitation standards established in subsection R3-2-807(A)(7)(b).
2. When not in use, all equipment, utensils, and containers shall be stored above the floor in a clean, dry location free from dust, moisture, insects, rodents, or other possible sources of contamination.
3. Excess quantities of the reconstituted frozen dessert shall not be made from the powdered mix in advance and stored outside the dispensing machine.
4. Frozen desserts shall be reconstituted according to the directions provided by the powdered mix manufacturer.

Historical Note

Adopted effective May 11, 1977 (Supp. 77-3). Section R3-2-808 renumbered from R3-5-08 (Supp. 91-4). Section R3-2-808 renumbered to Section R3-2-809; new Section R3-2-808 adopted effective December 2, 1998 (Supp. 98-4). Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-809. Medicinal, Chemical, and Radioactive Residues in Milk

A. All dairies shall comply with the following procedures to exclude medicinal, chemical, and radioactive residues from milk intended for human consumption:

1. Identify all cows that have been treated with or have consumed medicinal, chemical, and radioactive agents capable of being secreted in milk;
2. Maintain a written record of the date of treatment, type, and quantity of the medicine or chemical administered to each cow;
3. Milk all treated cows last, or with separate equipment to prevent contamination of the wholesome milk supply;
4. Clean and sanitize all equipment, utensils, and containers used in the handling of milk from the treated cows before the equipment is used in the handling of any milk intended for human consumption; and
5. Discard all milk from the treated cows for the period of time recommended by the attending veterinarian or as indicated on the package or label of the medicine used in the treatment of the cow.

B. Enforcement.

1. When the residue of a chemical, medicinal, or radioactive agent is found in the milk of a dairy and the Dairy Supervisor determines that the residue may be deleterious to human health, the Director shall immediately suspend the dairy from further selling, offering for sale, or distributing milk for human consumption until:
 - a. The Dairy Supervisor determines that the practice causing the contamination of the milk has been corrected and the dairy is in compliance with the procedures established in subsection (A);
 - b. Any milk that has not been excluded from human consumption as required by subsection (A) is appropriately discarded; and
 - c. The first milk shipment following suspension indicates negative test results for medicinal, chemical, or radioactive residues.

2. If the Dairy Supervisor determines that a dairy is not in compliance with the procedures established in subsection (A), the Dairy Supervisor may suspend the dairy until the prescribed procedures are observed.

Historical Note

Section R3-2-809 renumbered from R3-2-808 and amended effective December 2, 1998 (Supp. 98-4).

R3-2-810. License Fees

During fiscal year 2024, an applicant shall pay the following fee to obtain or renew a dairy license:

1. For a license to operate a milk distributing plant or business: \$300 plus \$2,500 per pasteurizer.
2. For a license to operate a manufacturing milk processing plant: \$100.
3. For a license to engage in the business of producer-distributor as an interstate milk shipper listed facility: \$150 plus \$2,500 per pasteurizer.
4. For a license to engage in the business of producer-distributor: \$150.
5. For a license to engage in the business of producer-manufacturer: \$25.
6. For a license to engage in the manufacture of trade products: \$100.
7. For a license to engage in the business of selling at wholesale milk or dairy products, or both: \$100.
8. For a license to sample milk or cream: an initial fee of \$50 and a renewal fee of \$30.

R3-2-811. Dairy Farm Permit

A. A dairy farm, as defined in the PMO, may apply for a PMO milk producer permit by submitting the following information about the dairy farm on a form provided by the Department:

1. Legal name,
2. Physical and mailing address,
3. Telephone number,
4. Owner's name,

5. Herd size,
 6. Daily milk production,
 7. Water source,
 8. Waste water disposal system,
 9. Number of bulk storage tanks, and
 10. Certification that the dairy farm facilities comply with Grade A requirements.
- B.** An applicant for a dairy farm permit shall demonstrate compliance with the minimum standards set out in the PMO by a Department inspection.
- C.** A permittee shall maintain compliance with the minimum standards set out in the PMO and shall be subject to inspection by the Department in accordance with the PMO.
- D.** The Department may suspend a permit for a permittee's failure to comply with the minimum standards and may revoke a permit if the permittee fails to correct deficiencies within a reasonable time.
- E.** Dairy farm permits are not transferable.

ARTICLE 9. EGG AND EGG PRODUCTS CONTROL**R3-2-901. Definitions and Interpretation Guidance**

- A.** In addition to the definitions provided in A.R.S. §§ 3-701, 3-703 and 3-704, the following shall apply to this Article:
1. "Business owner or operator" means any person who owns ten percent or more of a business, or a person who controls the operations of a business.
 2. "Check" means an individual egg that has a broken shell or crack in the shell but with its shell membranes intact and its contents do not leak. A "check" is considered to be lower in quality than a "dirty."
 3. "Dirty" means a shell that is unbroken and that has dirt or foreign material adhering to its surface, which has prominent stains, or moderate stains covering more than 1/32 of the shell surface if localized, or 1/16 of the shell surface if scattered.
 4. "Egg-laying hen" means any hen that produces eggs for human consumption.
 5. "Egg products":
 - a. Means eggs, in raw or pasteurized form, that are removed from the shell in a liquid, frozen, dried, or freeze-dried state, but are not fully cooked.
 - b. May consist of whole eggs, yolks, whites, or any blend of yolk and white, with or without additives, if eggs are the main ingredient.
 6. "Housed in a cage-free manner" means confined in a housing system that provides egg-laying hens with all of the following:
 - a. The amount of usable floor space per egg-laying hen equal to or greater than that required by the 2017 edition of the United Egg Producers' Animal Husbandry Guidelines for U.S. Egg-Laying Flocks: Guidelines for Cage-Free Housing.
 - b. An indoor or outdoor controlled environment, which can consist of multi-tiered aviaries, partially-slatted systems, single-level all litter floor systems, or other systems, and which allows egg-laying hens to have:
 - i. Unrestricted freedom to roam;
 - ii. An environment that allows them to exhibit natural behaviors, including, at a minimum, scratch areas, perches, nest boxes, and dust bathing areas; and
 - iii. An environment in which farm employees can provide care while standing within the hens' usable floor space.
7. "Leaker" means an individual egg that has a crack or break in the shell and shell membranes to the extent that the egg contents are exuding or free to exude through the shell.
 8. "Lot" means any quantity of two or more eggs.
 9. "Lot Consolidation" means the removal of damaged eggs from cartons labeled by a producer or producer dealer and replacement of the damaged eggs with eggs of the same grade, size, brand, expiration date and source.
 10. "Multi-tiered aviaries" means cage-free housing systems in which egg-laying hens have unfettered access to multiple elevated flat platforms that provide the egg-laying hens with usable floor space both on top of and underneath the platforms.
 11. "Partially-slatted systems" means cage-free housing systems in which egg-laying hens have unfettered access to elevated flat platforms under which manure drops through the flooring to a pit or litter removal belt below.
 12. "Pasteurized in-shell eggs" means eggs that have been pasteurized with the shell intact by any method approved by the Federal Food and Drug Administration or the department.
 13. "Repacking" means changing the identity of a lot of eggs by removing them from the original container labeled by a packer and placing them into another container not labeled by the packer at the point of origin with the same grade, size, lot number, source and/or brand.
 14. "Single-level all-litter floor systems" means cage-free housing systems bedded with litter, in which egg-laying hens have limited or no access to elevated flat platforms.
 15. "Spot-check" sample means any sample less than a representative sample described in the chart in R3-2-903(B).
 16. "Ultimate consumer" means a person consuming eggs or egg products and a restaurant using eggs in the preparation of a meal.
 17. "Usable floor space" means the total square footage of floor space provided to each egg-laying hen, as calculated by dividing the total square footage of floor space provided to the egg-laying hens in an enclosure by the number of egg-laying hens in that enclosure. "Usable floor space" shall include both ground space and elevated level flat platforms upon which hens can roost, but shall not include perches or ramps.
 18. "UEP" means United Egg Producers.
 19. "United Egg Producers Animal Husbandry Guidelines" means the United Egg Producers Animal Husbandry Guidelines for U.S. Egg Laying Flocks, 2017 Edition. This material is incorporated by reference, does not include any later amendments or editions, and is available for inspection at the Department of Agriculture, 1688 W. Adams St., Phoenix, AZ 85007, or the United Egg Producers at 1720 Windward Concourse, Ste. 230, Alpharetta, GA 30005.
 20. "United Egg Producers Certified" means a company that has achieved United Egg Producers Certified status pursuant to the requirements prescribed by the United Egg Producers Animal Husbandry Guidelines.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

21. "United Egg Producers Certified logo" means the official symbol and accompanying language used to identify eggs produced by United Egg Producers Certified companies.
 22. "United Egg Producers Cage Free Certified logo" means the official symbol and accompanying language used to identify cage-free eggs produced by United Egg Producers Certified companies.
- B.** Wherever appropriate, and if not expressly indicated, words in the singular form shall be construed to include the plural and vice versa. Nouns and pronouns in masculine, feminine and neuter genders shall be construed to include any other gender.
- C.** Examples shall not be construed to limit, expressly or by implication, the matter they illustrate.
- D.** The word "includes" and its derivatives means "includes, but is not limited to" and corresponding derivative expressions.

Historical Note

Former Rule 1; Amended as an emergency effective November 18, 1981, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 81-6). Former Section R3-6-01 amended as an emergency now adopted and amended as a permanent rule effective February 19, 1982. Section renumbered as R3-2-901 (Supp. 82-1). Section R3-6-101 renumbered to R3-2-901 (Supp. 91-4). Section repealed, new Section adopted effective July 13, 1995 (Supp. 95-3). Amended by final rulemaking at 15 A.A.R. 863, effective October 1, 2009 (Supp. 09-2). Amended by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2). R3-2-902. Standards, Grades, and Weight Classes for Eggs; Pasteurized In-Shell Eggs

- A.** Standards for Eggs. All standards, grades, and weight classes of quality for chicken eggs in the shell shall meet the grades for eggs as prescribed in AMS 56, United States Standards, Grades, and Weight Classes for Shell Eggs, revised as of July 20, 2000. This material is incorporated by reference, does not include any later amendments or editions, and is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007 and the United States Department of Agriculture, Agricultural Marketing Service, Poultry Programs, STOP 0259, Room 3944-South, 1400 Independence Ave., S.W., Washington, DC 20250-0259, or online at www.ams.usda.gov/grades-standards/eggs. "AMS" means Agricultural Marketing Service, United States Department of Agriculture.
- B.** Standards for Pasteurized In-Shell Eggs. It is unlawful for a producer, producer dealer, dealer, or retailer to sell, offer for sale, or expose for sale pasteurized in-shell eggs that are packed for human consumption unless both of the following conditions are met:
1. Quality and weight classes:
 - a. The eggs used to produce pasteurized in-shell eggs shall meet Consumer Grades A or AA and Weight Classes for Eggs of subsection (A).
 - b. At destination:
 - i. Pasteurized in-shell eggs shall contain no more than 7 percent (9 percent for Jumbo size) Checks and not more than 1 percent Leakers, Dirties, or Loss (due to meat or blood spots) in any combination, except that such Loss may not exceed 0.30 percent. Other types of Loss are not permitted.

- ii. In lots of two or more cases, no individual case may exceed 10 percent Checks.
 - c. Pasteurized in-shell eggs shall meet the weight classes as indicated in Table I. Weight Classes for Pasteurized In-Shell Eggs.
2. Labeling requirements. Except as provided in subsection (B)(2)(j), it is unlawful for an egg producer, producer dealer, dealer or retailer to sell, offer for sale, or expose for sale pasteurized in-shell eggs that are packed for human consumption unless each container intended for sale to the ultimate consumer is labeled on one outside top, side, or end with all of the following:
- a. The consumer container is conspicuously labeled "KEEP REFRIGERATED" or with words of similar meaning as approved by the Department. Consumer container labeling that complies with the safe handling instructions required by Section 101.17 of Title 21 of the Code of Federal Regulations shall be deemed to comply with this subsection.
 - b. The consumer container is conspicuously labeled "produced from" in conjunction with the appropriate consumer grade in letters no smaller than 1/2 size of the labeled consumer grade. The use of the consumer grade without the qualifier "produced from" is not permitted.
 - c. The words "Best By", or "Use by" immediately followed by the month and day in bold type. Months shall be abbreviated Jan, Feb, Mar, Apr, May, Jun, Jul, Aug, Sep, Oct, Nov or Dec. The "Use by," or "Best before" date shall not exceed 75 days from the date on which the pasteurized in-shell eggs were pasteurized, excluding the date of pasteurization. Processors of in-shell eggs that subject the eggs to the pasteurization process shall establish a sell-by date by completion of an appropriate shelf stability study that includes public health and safety criteria. The processor shall retain the study on file at the processing plant and make it available to the Department upon request.
 - d. If the pasteurized in-shell eggs are repacked, the original "Best By" or "Use by" date shall apply.
 - e. A Julian pack date which is the consecutive day of the year on which the pasteurized in-shell eggs were pasteurized.
 - f. The identification number of the plant of origin.
 - g. A conspicuous identification of the eggs as "pasteurized."
 - h. All state and federal labeling requirements.
 - i. This Section does not apply to pasteurized in-shell eggs that are packaged for export.
 - j. Subsection (B) does not apply to pasteurized in-shell eggs that are packaged for interstate commerce or pasteurized in-shell eggs that are packaged for military sales if exported to a state or federal agency that requires a different format for the sell-by or best-if-used-by date on pasteurized in-shell eggs, and the processor is utilizing that format.

Table I. Weight Classes for Pasteurized In-Shell Eggs made by final rulemaking at 26 A.A.R. 781, effective June 8, 2020 (Supp. 20-2).

R3-2-903. Sampling: Schedule and Methods for Evidence

- A. An inspector may conduct random spot-check sampling of a lot of eggs to determine whether the lot meets minimum quality and weight standards and is in compliance with R3-2-907.
- B. Representative egg sampling, under A.R.S. § 3-710(G), shall be based on Table II. A lot that does not meet minimum quality or weight standards or is not in compliance with R3-2-907 shall receive a warning notice hold tag.
 1. An inspector may draw additional samples to determine whether the lot meets the minimum requirements.
 2. When loose eggs are out of the case, the sample shall be based on a carton.
 3. Eggs shall be sampled on a 30-dozen-case basis. When eggs are packed in other lot quantities, an inspector shall convert the quantity of eggs to the equivalent 30-dozen-case basis to establish the official sample size.

Historical Note

R3-2-907. Poultry Husbandry; Standards for Production of Eggs and Biosecurity Requirements

- A. Until September 30, 2022, all egg-laying hens in this state shall be raised according to UEP Animal Husbandry Guidelines.
- B. Until September 30, 2022, all eggs sold in this state produced by hens shall be from hens raised according to the UEP Animal Husbandry Guidelines. All eggs shall display the UEP Certified logo on their cases, cartons, and containers, or the egg dealer shall annually provide the Department with a copy of a current independent third-party audit that demonstrates that the eggs were produced by hens raised according to UEP Animal Husbandry Guidelines.
- C. Beginning October 1, 2022, all egg-laying hens in this state shall be housed in accordance with the UEP Animal Husbandry Guidelines and shall be provided with no less than one square foot of usable floor space per egg-laying hen.
- D. Beginning October 1, 2022, all eggs and egg products sold in this state shall be from hens that are housed in accordance with the UEP Animal Husbandry Guidelines and provided with no less than one square foot of usable floor space per egg-laying hen.
- E. Beginning no later than January 1, 2025, all egg-laying hens in this state shall be housed in a cage-free manner.
- F. Beginning no later than January 1, 2025, all eggs and egg products sold in this state shall be from hens housed in a cage-free manner.
- G. Subsections (A) through (F) do not apply to egg producers or business owners or operators operating or controlling the operation of one or more egg ranches each having fewer than 20,000 egg-laying hens producing eggs. Subsections (A) through (E) also do not apply to any hens that are raised cage-free or any eggs produced by hens that are raised cage-free.
- H. Beginning no later than October 1, 2022, in order to sell eggs or egg products within the state, a business owner or operator must have a certificate from the Supervisor certifying that the eggs or egg products are produced in compliance with subsections (C) through (F), or are exempt under subsection (G). The Supervisor will certify that eggs and egg products are produced in compliance with subsections (C) through (G) if the eggs or egg products are accompanied by documentation from a government or private third-party inspection and continuous process verification service that the Supervisor deems acceptable establishing that the eggs or egg products were produced in compliance with this Section. The immediate container of

eggs and egg products shall be plainly and conspicuously marked with the words "ARS 710J" in bold-faced type not less than one-eighth inch in height; or in another manner pre-approved by the Department.

- I. It shall be a defense to any action to enforce this Rule that a business owner or operator relied in good faith upon a written certification by the supplier that the eggs or egg products at issue were derived from an egg-laying hen which was housed in compliance with this Section.
- J. All producers and producer dealers with operations within the state shall have a written biosecurity plan in place. At a minimum each producer and producer dealer shall:
 1. Restrict access to all areas where poultry are housed or kept.
 2. Take steps to ensure that contaminated material is not transported into any poultry barns.
 3. Cover and secure feed in a manner that prevents wild bird, rodents or other animals from accessing the feed.
 4. Cover and properly contain poultry carcasses, used litter, or other disease-containing organic materials that prevents wild birds, rodents or other animals from accessing the material and movement of the materials by the wind.
 5. Keep houses in good repair and all areas to which the birds have access should be kept free of materials hazardous to the birds.
- K. The biosecurity plan shall contain the following:
 1. Methods for the disposal and handling of poultry manure.
 2. Procedures for prevention, control and eradication of vectors for poultry diseases.
 3. Procedures for the detection, control and treatment of poultry diseases.
 4. Methods for the disposal and handling of culled birds and entire flocks under normal cyclic operations and following emergency depletion as a result of disease.
 5. A facility poultry disease control and prevention plan which includes standard operating procedures with respect to specific measures to control and prevent disease including but not limited to structural and operational disease control and prevention provisions.
 6. Procedures to prevent cross contamination between nest run and in line eggs.
 7. Procedures to prevent the introduction and transmittal of diseases by vehicles and any other forms of transportation.
 8. Signed agreements with all employees containing biosecurity procedures regarding contact with outside poultry and wild birds.
- L. A producer and producer dealer shall allow the Department to enter the premises during normal working hours to inspect the biosecurity plan documents and the biosecurity that is implemented.

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- A. All egg producers and retail locations where lot consolidation is conducted in this state shall meet the facility and sanitary operation requirements prescribed by the Regulations Governing the Voluntary Grading of Shell Eggs, 7 CFR 56, effective March 30, 2008. This material is incorporated by reference, does not include any later editions, and is available for inspection at the Department of Agriculture, 1688 W. Adams St., Phoenix, AZ 85007.
- B. No person other than a producer or producer dealer shall repack eggs. All eggs sold to the ultimate consumer must be pre-packaged with all required labeling requirements of this Article and A.R.S. Title 3 Chapter 5. A producer, producer dealer shall not pack or repack eggs that have been in retail distribution channels.
- C. A retailer may lot consolidate eggs labeled for the ultimate consumer by a packer. A daily log with lot information is required and shall include volume consolidated, grade, size, brand, lot and source.
- B. An expired license may be renewed within 90 days after expiration by payment of a \$50 late fee.
- C. Upon request of the licensee, the Department shall assess the licensed facility and, if applicable, certify the facility is free from infectious diseases and causative agents listed in R3-2-1009 before issuing a Certificate of Aquatic Health. All expenses properly incurred in the certification procedure of the inspection, including time, travel, and laboratory expenses, shall be paid to the Department by the licensee requesting certification.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 8 A.A.R. 4043, effective November 9, 2002 (Supp. 02-3).

R3-2-1003. General Licensing Provisions

- A. An applicant for a license to operate an aquaculture facility or a fee fishing facility, or to operate as an aquaculture processor or aquaculture transporter shall provide the following information on a form furnished by the Department:
 1. Whether the applicant is an individual, corporation, partnership, cooperative, association, or other type of organization;
 2. The name and address of the applicant;
 3. A corporation shall specify the date and state of incorporation;
 4. The principal name of the business, and all other business names that may be used;
 5. The name, mailing address, and telephone number of the applicant's authorized agent;
 6. The street address or legal description of the location of the facility to be licensed; and
 7. The signature of the person designated in subsection (A)(5), and the date the application is completed for submission to the Department.
- B. The Department shall grant a license when all conditions are met and assign a Department establishment number to each facility.
- C. All licenses expire on December 31 for the year issued.
- D. A licensee shall advise the Department in writing of any change in the information provided on the application during the license year. This information shall be provided within 30 calendar days of the change.
- E. To prevent the spread of diseases and causative agents listed in R3-2-1009, the Department may inspect and take samples from any facility or shipment being transported. A licensee shall notify the Department within 72 hours of becoming aware of the presence of any disease or causative agent listed in R3-2-1009. Aquatic animals found to be infected with a disease or causative agent listed in R3-2-1009 are prohibited from interstate or intrastate movement without prior written Department approval.
- F. The Department shall quarantine or seize aquatic animals, alive or dead, plants, or products for examination or diagnostic study when there is a potential for spread of a disease or causative agent listed in R3-2-1009, or any other disease or causative agent that could constitute a threat to aquatic animals or plants of the state. The Department shall issue a written notice to the licensee specifying:
 1. The reason for the Department's action; and
 2. The licensee's right to request a hearing as prescribed in A.R.S. § 3-2906.

ARTICLE 10. AQUACULTURE**R3-2-1001. Definitions**

In addition to the definitions provided in A.R.S. § 3-2901, the following shall apply unless the context otherwise requires:

1. "Certificate of Aquatic Health" is an official document from an issuing state or an equivalent form published by the United States Fish and Wildlife Service or the United States Department of Agriculture attesting that the live aquatic animals described thereon have been inspected and are free of the diseases and causative agents set forth in R3-2-1009.
2. "Department" means the Arizona Department of Agriculture.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2).

R3-2-1002. Fees for Licenses; Inspection Authorization and Fees

- A. License fees are established as follows:
 1. Aquaculture facility: \$100 annually.
 2. Fee fishing facility: \$100 annually.
 3. Aquaculture processor: \$100 annually.
 4. Aquaculture transporter: \$100 annually.
 5. Special licenses: \$10 annually.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- G. A licensee shall conspicuously mark all quarantined aquatic products and quarantined areas in a manner specified by the Department.
- H. A licensee shall pay all diagnostic, quarantine, and destruction costs.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 8 A.A.R. 4043, effective November 9, 2002 (Supp. 02-3).

R3-2-1004. Specific Licensing Provisions; Aquaculture Facility; Fee Fishing Facility; Special License Facility

- A. In addition to the application requirements in R3-2-1003, an applicant for a license to operate an aquaculture facility, a fee fishing facility, or a special license facility under A.R.S. § 3-2908(A) shall provide the following information on a form provided by the Department:
1. Water sources, transmission, and conveyances;
 2. Method used to dispose of tailing waters and solid wastes;
 3. Number and size of ponds, raceways, and tanks, if applicable;
 4. Whether hatchery facilities are included;
 5. A list of all animals and plants to be authorized under the license by genus, species, and common name.
- B. An application to culture or possess an aquatic animal or plant that has not previously occurred in the drainage where the facility is located shall be accompanied by a written proposal. The applicant's proposal shall include:
1. Anticipated benefits from introducing the species;
 2. Anticipated adverse effects from introducing the species, as it may affect indigenous or game fish, including hybridization;
 3. Anticipated diseases inherent to introducing the species;
 4. Suggestions for post-introduction evaluation of status and impacts of the introduced species; and
 5. Structural and operational methods implemented to prevent escape of the species, if applicable.
- C. Each body of water serving a facility shall be contained within the boundaries of the land owned or leased by the licensee.
- D. A facility using public waters having natural or artificial inlets, rivers, creeks, washes, or canals shall provide mechanical screening approved by the Department to prevent live aquatic animals and plants, including eggs and fry, from escaping beyond the aquaculture facility boundaries or into public bodies of water.
- E. An applicant for a special license under A.R.S. § 3-2908(A) shall also provide the following information to the Department at the time of application:
1. A written narrative describing the project in detail, the project purpose, the hypothesis, and the project duration; and
 2. The proposed disposition of the aquatic animals or plants upon completion of the project.
- F. The Department shall consider the recommendations of the Arizona Game and Fish Department, under A.R.S. § 3-2903, when determining whether to issue a license or an import permit under R3-2-1010. The Department may issue a license excluding some of the aquatic animal or plant species listed in the application.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 10 A.A.R. 673, effective April 3,

2004 (Supp. 04-1).

R3-2-1005. Fee Fishing Facility

A licensee shall not allow an aquatic animal to be removed from a fee fishing facility unless:

1. The aquatic animal is dead, and
2. The licensee provides the person removing the aquatic animal with written proof of sale identifying the:
 - a. Facility, by name, address, and Department establishment number issued under R3-2-1003(B);
 - b. Date of harvest; and
 - c. Number and species of aquatic animals transported from the facility.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 10 A.A.R. 673, effective April 3, 2004 (Supp. 04-1).

R3-2-1006. Processor License

- A. In addition to complying with the application requirements of R3-2-1003, applicants for a license to operate as an aquaculture processor as defined in A.R.S. § 3-2901(12) shall provide the following information on a form furnished by the Department:
1. Water sources, transmission, conveyances, and annual consumption in gallons or acre feet;
 2. Method used to dispose of tailing waters and solid wastes;
- B. A processing facility shall operate in a clean and sanitary condition during all periods of operation. The following are the minimum requirements for such establishments.
1. Each establishment shall have sanitary floors and walls impervious to water.
 2. All outside windows and doors shall be screened.
 3. There shall be a supply of potable water.
 4. There shall be a sewage disposal system of such a type as not to be a breeding place for insects and not to constitute a hazard or to endanger public health.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2).

R3-2-1007. Transporter License; Transport; Delivery

- A. In addition to the application requirements in R3-2-1003, an applicant for a license to operate as an aquaculture transporter of live aquatic animals as defined in A.R.S. § 3-2901(15) shall, on a form provided by the Department:
1. Designate whether the license is for interstate or intrastate transport, or both;
 2. List aquatic transporting equipment to be used, including tanks and vehicles, and vehicle license number; and
 3. State prior year volume or anticipated annual tonnage of live aquatic animals transported.
- B. A transporter shall ensure that the aquatic transporting equipment has adequate water and oxygen at a temperature and in a quantity normal for the health of the live aquatic animals and shall be clearly marked, "Live Fish."
- C. In addition to a copy of the Certificate of Aquatic Health, a transporter shall transport each container of live aquatic animals within the state with a document identifying:
1. Consignor's name, address, and telephone number;
 2. Consignee's name, address, and telephone number;
 3. Quantity and size of the aquatic animal being transported;
 4. Genus, species, and common name of the aquatic animal being transported;
 5. Date of shipment; and

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

6. Department establishment number.
- D.** A transporter shall deliver live aquatic animals only to a retail outlet, as prescribed at A.R.S. § 3-2907(J) or to a person listed in R3-2-1010(B).

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 10 A.A.R. 673, effective April 3, 2004 (Supp. 04-1).

R3-2-1008. Repealed**Historical Note**

Adopted effective May 3, 1993 (Supp. 93-2). Section repealed by final rulemaking at 10 A.A.R. 673, effective April 3, 2004 (Supp. 04-1).

R3-2-1009. Disease Certification

- A.** A licensee requesting and receiving a Certificate of Aquatic Health shall have their facility inspected and all live aquatic animals, fertilized eggs and milt shall be found free of, but not limited to, the following diseases and causative agents:
1. Causative agent: Egtved Virus. Disease: VHS, Viral Hemorrhagic Septicemia of Salmonids.
 2. Causative agent: Infectious Hematopoietic Necrosis Virus. Disease: IHN, Infectious Hematopoietic Necrosis of Salmonids.
 3. Causative agent: Infectious Pancreatic Necrosis Virus. Disease: IPN, Infectious Pancreatic Necrosis of Salmonids.
 4. Causative agent: *Ceratomyxa shasta*. Disease: Ceratomyxosis of Salmonids.
 5. Causative agent: *Rhabdovirus carpio*. Disease: Spring Viremia of carp. Certification is required in this case only when the original origin of the shipment is from outside the United States.
 6. Causative agent: *Renibacterium salmoninarum*. Disease: BKD, Bacterial Kidney Disease of Salmonids.
 7. Causative agent: *Aeromonas salmonicida*. Disease: Furunculosis.
 8. Causative agent: *Myxobolus cerebralis*. Disease: Whirling Disease of Salmonids.
- B.** The Department may require inspection for any disease or causative agent not listed in subsection (A) when there is evidence that the disease or causative agent may constitute a threat to aquatic animals or plants, aquatic wildlife or the aquaculture industry. The Department shall send written notice to all licensees pursuant to this Chapter when implementing this subsection, naming the disease or causative agent of concern. Action to quarantine or seize aquatic animals or plants pursuant to this subsection shall not be subject to delay pending such written notice.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2).

R3-2-1010. Importation of Aquatic Animals

- A.** The owner, or owner's agent, importing live aquatic animals into the state shall ensure the animals are accompanied by the following:
1. A Certificate of Aquatic Health as defined in R3-2-1001, based upon an inspection of the originating facility within the 12 months preceding the shipment;
 2. A transporter license issued under R3-2-1007; and
 3. An import permit number issued by the Department under this Section, legibly written or typed on the certificate of aquatic health.

- B.** The owner, or owner's agent, of live aquatic animals, except those imported by a retail outlet as prescribed in A.R.S. § 3-2907(J), shall ensure that the animals are consigned to or in the care of:
1. An Arizona resident;
 2. An aquaculture facility, fee fishing facility, or special license holder licensed by the Department;
 3. A holder of an aquatic wildlife stocking permit issued by the Arizona Game and Fish Department; or
 4. A holder of any aquatic animal license issued by the Arizona Game and Fish Department.
- C.** The owner, or owner's agent, may obtain an import permit number from the Department, Office of the State Veterinarian, by providing the following information:
1. Consignor's name, address, and telephone number;
 2. Consignee's name, address, and telephone number;
 3. Consignee's Department establishment number issued by the Department or a copy of an aquatic wildlife stocking permit or the license issued by the Arizona Game and Fish Department;
 4. Origin of the shipment;
 5. Genus, species, and common name of aquatic animals to be imported; and
 6. Quantity and size classification of aquatic animals to be imported.
- D.** An import permit number remains valid for 15 calendar days from the date of issuance by the Department.
- E.** The Department shall refuse entry to any shipment that does not comply with this rule.
- F.** The Department shall quarantine and require destruction of any shipment, after its arrival, that it determines is infected with or was previously exposed to any causative agent or disease listed in R3-2-1009.

Historical Note

Adopted effective May 3, 1993 (Supp. 93-2). Amended by final rulemaking at 8 A.A.R. 4043, effective November 9, 2002 (Supp. 02-3).

ARTICLE 11. VOLUNTARY EGG GRADING PROGRAM**R3-2-1101. Definitions**

For the purpose of this Article, unless the context otherwise requires, the terms in this Section shall have the following meaning:

“Resident grading service” means continuous supervision, in an official plant, of the handling or packaging of any product.

“Sampling” means the act of taking samples of any product for grading or certification.

“SE” means *Salmonella* Enteritidis.

“Shell protected” means eggs which have had a protective covering such as oil applied to the shell surface. The product used shall be acceptable to the Food and Drug Administration.

“Shipped for retail sale” means eggs that are forwarded from the processing facility for distribution to the ultimate consumer.

“State supervisor” means the immediate supervisor of a Grader.

“Washed ungraded eggs” means eggs which have been washed and that are either sized or unsized, but not segregated for quality.

Historical Note

Section R3-2-1101 recodified from R3-2-101 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). New Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1102. General Provisions

- A.** Administration. The Administrator shall perform such duties as the Associate Director may require in the enforcement or administration of the provisions of this Article. The Administrator is authorized to waive for limited periods any particular provisions of this Article to permit experimentation so that new procedures, equipment, and processing techniques may be tested to facilitate definite improvements and at the same time to determine full compliance with the spirit and intent of this Article. The AZDA and its officers and employees shall not be liable in damages through acts of commission or omission in the administration of this Article.
- B.** Basis of grading service.
 1. Grading service with respect to the determination of the quality of products shall be on the basis of the United States Standards, Grades, and Weight Classes for shell eggs. However, grading service may be rendered with respect to products which are bought and sold on the basis of institutional contract specifications or specifications of the recipient; and such service, when approved by the Administrator, shall be rendered on the basis of such specifications. The supervision of packaging shall be in accordance with such instructions as may be approved or issued by the Administrator.
 2. Whenever grading service is performed on a representative sample basis, such sample shall be drawn and consist of not less than the minimum number of cases as indicated in:

- a. R3-2-903 for stationary lots; or
 - b. QAD 700 Shell Egg Graders Handbook Section 8 on-line sampling of Shell Eggs (8-30-2016).
3. Accessibility of product. Each product for which grading service is requested shall be so conditioned and placed as to permit a proper determination of the class, quality, quantity, or condition of such product.
- C.** Prerequisites to grading. Grading of products shall be rendered pursuant to this Article and under such conditions and in accordance with such methods as may be prescribed or approved by the Administrator.
- D.** Supervision. All plant grading service shall be subject to supervision at all times by an AZDA grader. Such service shall be rendered in accordance with instructions issued by the Administrator where the facilities and conditions are satisfactory for the conduct of the service and the requisite graders are available.
- E.** Other applicable regulations. Compliance with this Article shall not excuse failure to comply with any other applicable Federal, State, or local laws or regulations.

Historical Note

Section R3-2-1102 recodified from R3-2-102 (Supp. 97-1). Amended effective October 8, 1998 (Supp. 98-4).

Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1103. Equipment and Facilities for Graders

Equipment and facilities to be furnished by the recipient for use of graders in performing service on a resident basis shall include, but not be limited to, the following:

- A.** An accurate metal stem thermometer.
- B.** An accurate means to determine pH level of wash water.
- C.** Test kits for checking the concentration level of the solution used for sanitizing eggs and monitoring the concentration level of potable water treatment compounds in plants having chlorinators. The kit must be designed for testing the compound being used.
- D.** Protective equipment including, general purpose gloves and safety glasses to all egg graders who are monitoring the strength of potable water treatment compounds and egg sanitizing solutions, unless plant employees are trained to perform the testing under the direct supervision of the grader.
- E.** Electronic digital-display scales graduated in increments of 1/10-ounce or less for weighing individual eggs and test weights for calibrating such scales. Plants packing product based on metric weight must provide scales graduated in increments of one gram or less.
- F.** Electronic digital-display scales graduated in increments of 1/4-ounce or less for weighing the lightest and heaviest consumer packages packed in the plant and test weights for calibrating such scales.
- G.** Scales graduated in increments of 1/4-pound or less for weighing shipping containers and test weights for calibrating such scales.
- H.** Test weights sufficient in size to verify the accuracy of the lightest and heaviest unit of measurement weighed on any given scale located in the plant.
- I.** Two candling lights that provide a sufficient combined illumination through both the aperture and downward through the bottom to facilitate accurate interior and exterior quality determinations.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- J. A candling booth adequately darkened and located in close proximity to the work area that is reasonably free of excessive noise. The booth must be sufficient in size to accommodate two graders, two candling lights, and other necessary grading equipment.
- K. If deemed necessary by the supervisor, a cart or method of conveyance for the transportation of samples to and from the candling booth.
- L. Furnished office space, suitable wireless internet connection, a desk and file or storage cabinets (equipped with a satisfactory locking device), suitable for the security and storage of official supplies, and other facilities and equipment as may otherwise be required. Such space and equipment must meet the approval of the Administrator.

Historical Note

Section R3-2-1103 recodified from R3-2-103 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1104. Schedule of Operation of Official Plants

Grading operating schedules for services performed pursuant to this Article shall be requested in writing and be approved by the Administrator. Normal operating schedules for a full week consist of a continuous eight-hour period per day (excluding not to exceed one hour for lunch), five consecutive days per week, within the administrative workweek, Saturday through Friday, for each shift required. Less than eight-hour schedules may be requested and will be approved if a grader is available. Clock hours of daily operations need not be specified in the request, although as a condition of continued approval, the hours of operation shall be reasonably uniform from day to day. Graders are to be notified by management one day in advance of any change in the hours grading service is requested.

Historical Note

Section R3-2-1104 recodified from R3-2-104 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1105. Application for Grading Service

- A. An application for AZDA grading service may be made by egg producer or a producer dealer with operations located in Arizona.
- B. Form of application. Each application for grading or sampling a specified lot of any product shall include such information as may be required by the Administrator in regard to the product and the premises where such product is to be graded or sampled. The applicant shall designate the employees of the applicant who will be authorized to provide information to the AZDA grader or graders as may be necessary for the performance of the grading service.
- C. Application for grading service in official plants; approval. Any person desiring to process and pack products in a plant under grading service must receive approval of such plant and facilities as an official plant prior to the rendition of such service. When a signed application for service has been received, the State supervisor or the supervisor's assistant shall complete a plant survey pursuant to this Article. An application for grading service shall be approved when the application has been filed for grading service; a successful plant survey is

completed; and all required facility or equipment modifications are completed.

- D. Denial of service. An application for grading service may be denied by the Administrator when:

1. The applicant fails to meet the requirements of this Article prescribing the conditions under which the service is made available.
2. The product is owned by or located on the premises of a person currently denied the benefits of this Article.
3. Any individual holding office or a responsible position with or having a substantial financial interest or share in the applicant is currently denied the benefits of the Act or was responsible in whole or in part for the current denial of the benefits of this Article to any person or entity.
4. The Administrator determines that the application is an attempt on the part of a person currently denied the benefits of this Article to obtain grading services.
5. The applicant, after an initial survey has been made in accordance with this Article, fails to bring the grading facilities and equipment into compliance with this Article within a reasonable period of time.
6. Notwithstanding any prior approval whenever, before initiation of service, the applicant fails to fulfill commitments concerning the initiation of the service.
7. It appears that performing the services specified in this Article would not be in the best interests of the public welfare or of the Government.
8. It appears to the Administrator, in his sole discretion, that prior commitments of the Department or lack of resources necessitate denial of service.

- E. Debarment. An applicant may be permanently debarred for the following reasons:

1. The giving or offering, directly or indirectly, of a bribe, or any money, loan, gift, or anything of value to an employee of the Department to obtain any benefit or special treatment;
2. Taking any action that falsely brings the Department in disrepute or that creates the appearance of impropriety;
3. Knowingly making a false or misleading statement of a material fact to the Department;
4. Using any official identification, grademark, stamp, symbol, label, seal, or identification without authority from the Department;
5. Forging, counterfeiting, or falsely simulating any grading certificate, symbol, stamp, label, seal, or identification authorized pursuant to this Article;
6. Use of an official grademark, certificate, symbol, stamp, label, seal, or identification without authority;
7. Failure to make an official plant or product accessible for grading service;
8. Interference with the performance of duty of an AZDA grader, licensee, contractor, or employee.
9. Failure to pay a Department invoice within 30 days after issuance of the invoice; or
10. Any other violation of any provision of the statutes, rules and regulations of the Department that threatens the health, safety, or welfare of the public.

- F. Notification. An applicant shall be promptly notified of the reasons for a denial of service. A written petition for reconsideration of such denial may be filed by the applicant with the Administrator if postmarked or delivered within 10 days after the receipt of notice of the denial. Such petition shall state specifically the errors alleged to have been made by the Administrator in denying the application. Within 20 days following the

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

receipt of such a petition for reconsideration, the Administrator shall approve the application or notify the applicant of the reasons for the denial thereof. Service of notice may be accomplished by regular mail and/or email.

- G.** Withdrawal of application. An application for grading service may be withdrawn by the applicant at any time before the service is performed, provided that the applicant pays all expenses incurred by the AZDA in connection with such application.

Historical Note

Section R3-2-1105 recodified from R3-2-105 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1106. Authority of Applicant

- A.** Proof that an authorized controlling person is applying for any grading service may be required at the discretion of the Administrator. Such proof may include, but is not limited to:
1. Documentation, as specified under A.R.S. § 41-1080(A), of the applicant's lawful presence in the U.S.
 2. Proof of business entity structure of the plant.
 3. Proof of ownership interest or position held in the plant.
 4. Documentation of designated authority from the business entity under which the plant operates.
- B.** The approved recipient of grading services must notify the Department of a change of control or ownership of the official plant within 15 days after such change is effective.

Historical Note

Section R3-2-1106 recodified from R3-2-106 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1107. Order of Service

AZDA grading service shall be performed, insofar as practicable and subject to the availability of qualified graders, on a first-come, first-served basis, except that precedence may be given to an application for an appeal grading.

Historical Note

Section R3-2-1107 recodified from R3-2-107 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1108. Types of Grading Service

- A.** Scheduled continuous grading service on a resident basis and continuous grading service on a nonresident basis. Service on a resident basis has a scheduled tour of duty, while service on a nonresident basis has a nonscheduled tour of duty, but is of a reoccurring nature. Both of these services are performed when an applicant requests that an AZDA/inspector grader be stationed in the applicant's processing plant and grade eggs in accordance with U.S. Standards. The applicant agrees to comply with the facility, operating, and sanitary requirements of resident service. The charges for resident grading services are based on the hours of the regular tour of duty. Eggs graded under AZDA resident grading service are only eligible to be

identified with the official grademarks shown in R3-2-1111 when processed and graded under the supervision of a grader/inspector, or quality assurance inspector as provided in R3-2-1114.

- B.** Unscheduled temporary grading service. Temporary grading service is performed when an applicant requests resident grading on a fee basis. The applicant must meet all of the facility, operating, and sanitary requirements of resident service. Charges or fees are based on the time and expenses needed to perform the work. Eggs graded under temporary grading service are only eligible to be identified with the official AZDA grademarks when they are processed and graded under the supervision of a grader or quality assurance inspector as provided in R3-2-1114.
- C.** Auditing service. Auditing service is performed when an applicant requests independent verification of written quality assurance and value added standards for production, processing, and distribution of eggs. Charges or fees are based on time, travel, and expenses needed to perform the work.
- D.** The Department shall determine the number of graders needed to perform grading services. Recipients shall not ask AZDA graders to assume plant managerial responsibilities.

Historical Note

Section R3-2-1108 recodified from R3-2-108 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1109. Suspension of Grading Service or Plant Approval for Correctable Cause

- A.** Provision of grading services is a privilege and not a right. Any plant approval of grading services given pursuant to this Article may be suspended by the Administrator for:
1. Failure to maintain grading facilities and equipment in a satisfactory state of repair, sanitation, or cleanliness.
 2. The use of operating procedures which are not in accordance with this Article;
 3. Alterations of grading facilities or equipment which have not been approved in accordance with this Article; or
 4. Any reasons listed under R3-2-1105(D) "Denial of Service," or required by any other need to protect public health, safety, or welfare.
- B.** Suspension may occur prior to the right to have a hearing in cases in which immediate suspension is required to protect public health, safety, or welfare. Whenever it is feasible to do so, written notice in advance of such suspension of plant approval shall be given to the person concerned and shall specify a reasonable period of time in which corrective action must be taken. If advance written notice is not given, the action shall be promptly confirmed in writing after the suspension and the reasons therefor shall be stated, except in instances where the person has already corrected the deficiency. During such period of suspension, grading service shall not be rendered. After appropriate corrective action is taken, grading service will be restored immediately, or as soon thereafter as a grader can be made available.
- C.** If the grading facilities or methods of operation are not brought into compliance within a reasonable period of time as specified by the Administrator, the Administrator shall send formal notice of the suspension pursuant to A.R.S. Title 41, Chapter 6, Article 10. Any suspension shall continue in effect

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

pending the outcome of a hearing unless otherwise ordered by the Administrator.

- D. Upon suspension of grading service, all grademarks (labels, seals, tags, or packaging material bearing other official identification), shall, under the supervision of a person designated by the AZDA, be destroyed, obliterated, or sequestered in a manner acceptable to the AZDA.
- E. In any case where grading service is suspended under this Section, the person concerned may thereafter apply for grading service once the conditions giving rise to the suspension or withdrawal have been remediated.

Historical Note

Section R3-2-1109 recodified from R3-2-109 (Supp. 97-1). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 3755, effective May 10, 2002 (Supp. 02-3). Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1110. Authority to Use Official Insignia

- A. Authority to use official AZDA grademarks. Authority to use an AZDA grademark on products is granted only to recipients who utilize the services of a grader or quality assurance inspector in accordance with this Article. Packaging materials bearing official identification marks shall be approved pursuant to R3-2-1110 to R3-2-1111, inclusive, and shall be used only for the purpose for which approved and prescribed by the Administrator. Any unauthorized use or disposition of approved labels or packaging materials which bear any official AZDA identification may result in cancellation of grading service, denial of the permission to use of labels or packaging materials bearing official identification, or denial of other benefits of the Act pursuant to the provisions of R3-2-1105 D.
- B. Approval of official identification. No label, container, or packaging material which bears official identification may contain any statement that is false or misleading. No label, container, or packaging material bearing official identification may be printed or prepared for use until the printers' or other final proof has been approved by the Administrator in accordance with this Article. It is the recipient's responsibility to ensure label compliance with the Federal Food, Drug, and Cosmetic Act, the Fair Packaging and Labeling Act, and the regulations promulgated under this Article. The use of finished labels must be approved as prescribed by the Administrator. A grader may apply official identification stamps to shipping containers if they do not bear any statement that is false or misleading. If the label is printed or otherwise applied directly to the container, the principal display panels of such container shall for this purpose be considered as the label. The label shall contain the name, address, and ZIP Code of the packer or distributor of the product, the name of the product, a statement of the net contents of the container, and the AZDA grademark.
- C. Nutritional labeling. Nutrition information must be included on the labeling of each unit container of consumer packaged eggs in accordance with the General Regulations for the Enforcement of the Federal Food, Drug, and Cosmetic Act and the Fair Packaging and Labeling Act, located at 21 CFR §§ 101.1 to 101.108. The nutrition information included on labels is subject to review by the Food and Drug Administration prior to approval by the Department.
- D. Refrigeration labeling. All containers bearing official AZDA "Grade AA" or "Grade A" identification shall be labeled to indicate that refrigeration is required, for example, "Keep refrigerated," or words of similar meaning.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1111. Form of AZDA Grademark and Information Required

- A. Form of official identification symbol and grademark. The logo set forth in Illustration 1 shall be the official identification symbol for purposes of this Article and when used, imitated, or simulated in any manner in connection with eggs, shall be *prima facie* evidence that the product has been officially graded in compliance with this Article.
- B. Eggs with consumer grades. Except as otherwise authorized, the AZDA grademark used to officially identify AZDA consumer-graded eggs shall be of the form and design indicated in Illustrations 2 through 4. The logo shall be of sufficient size so that the printing and other information contained therein is legible and in approximately the same proportion as shown in these figures. No variation may be used for the color scheme of Illustration 4.
- C. The "Produced From" AZDA grademark. The Illustration 5 grademark may be used to identify products for which there are no official U.S. grade standards (for example, pasteurized shell eggs, and/or hard boiled eggs), provided that these products are approved by the Department and are prepared from AZDA compliant Consumer Grade AA or A eggs. The Illustration 5 grademark may utilize any one of the designs shown in Illustrations 2 through 4. The "Produced From" text outside the symbol shall be conspicuous, legible, and in approximately the same proportion and close proximity to the symbol as shown in Illustration 5.
- D. Information required on AZDA grademark. Except as otherwise authorized by the Administrator, each AZDA grademark shall include the letters "AZDA" and the U.S. grade of the product it identifies, such as "Grade AA," as shown in Illustration 2. Such information shall be printed with the symbol and the wording within the symbol in contrasting colors in a manner such that the design is legible and conspicuous on the material upon which it is printed.
- E. Product class. The size or weight class of the product, such as "Large," may appear within the grademark as shown in Illustration 3. If the size or weight class is omitted from the grademark, it must appear prominently on the main panel of the carton.
- F. Plant number. The plant number of the official plant preceded by the letter "P" must be shown on each carton or packaging material.

R3-4-1112. Lot Marking of Officially Identified Eggs

Each carton identified with the AZDA grademarks shown in R3-2-1111 shall be legibly lot-numbered on the consumer package and the carton, and may also be shown on the individual egg. The lot number shall be the consecutive day of the year (Julian date) on which the eggs were packed (for example, 132), except other lot-numbering systems may be used when submitted in writing and approved by the Administrator.

R3-2-1114. Prerequisites to Packaging Eggs Identified with Grademarks

Quality assurance inspector required. The official grademark identification of any product as provided in this Article shall be done only under the supervision of a grader or quality assurance inspector. The grader or quality assurance inspector shall have supervision over the use and handling of all material bearing any official grademark identification.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1115. Grading Requirements of Eggs Identified with AZDA Grademarks

- A. Eggs to be identified with the AZDA grademarks illustrated in R3-2-1111 must be individually graded by a grader.
- B. In order to be officially identified with an AZDA consumer grademark, eggs shall:
 1. Be of current production;
 2. Be produced and processed within the borders of Arizona;
 3. Not possess any undesirable odors or flavors;
 4. Not have previously been shipped for retail sale;
 5. Meet consumer Grade A or Grade AA, as prescribed in AMS 56, United States Standards, Grades, and Weight Classes for Shell Eggs, revised as of July 20, 2000, which is incorporated by reference, does not include any later amendments or editions of the incorporated matter, is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007, and can be found online at https://www.ams.usda.gov/sites/default/files/media/Shell_Egg_Standard%5B1%5D.pdf;
 6. Be produced and packaged in a facility in accordance with the Food and Drug Administration, Department of Health and Human Services' requirements for the Production, Storage, and transportation of Shell Eggs as specified in 21 CFR §§ 118.1 to 118.12, revised as of April 1, 2011, which is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007;
 7. Be produced and packaged in a facility that meets the Regulations Governing the Inspection of Eggs under the Egg Products Inspection Act (EPIA), as specified in 7 CFR §§ 57.1 to 57.970, revised as of April 12, 2006, which is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007;
 8. Be produced in a facility that has implemented a SE environmental monitoring program which includes testing for SE in chick papers and in the house environment when the pullets are 14-16 weeks of age, 40-45 weeks of age, four to six weeks post-molt, and pre-depopulation.

9. Be produced in a facility that has implemented and maintained a vaccination program to protect against SE infection, which includes a minimum of two attenuated live vaccinations and one killed or inactivated vaccination, or an alternative vaccination program that has been approved by the Department after having been demonstrated in the Department's estimation to be equally effective.

- C. Management at an official plant is responsible for notifying the AZDA grader whenever contaminated or adulterated eggs are present in the official plant. Any eggs identified as contaminated or adulterated must be properly labeled and controlled by plant management. This includes eggs originating from a layer house with an SE-positive environment or eggs testing positive for the presence of SE. Failure to control, detain and/or notify the grader of the presence of contaminated or adulterated eggs in the official plant will constitute a violation of this Article. Department employees are authorized to inspect lay houses and review plant documents to determine compliance with this Article.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1116. Payment of Fees and Charges

- A. Fees and charges for any grading service shall be paid by the recipient by check, draft, or money order payable to the "Arizona Department of Agriculture Egg Program." AZDA may require that fees and charges shall be paid in advance, and shall include travel, per diem, or other expenses incurred by the Department in connection with providing grading services.
- B. The cost of an appeal grading or review of a grader's decision shall be borne by the appellant on a unscheduled temporary basis at rates set forth in R3-2-1117, plus travel, per diem, or other expenses. If the appeal grading or review of a grader's decision discloses that a material error was made in the original determination, no fee or expenses will be charged for the regrading.
- C. Invoices for services previously rendered will be issued no later than the 10th day following the end of the period in which the service was rendered and are payable in full upon receipt.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1117. Charges for Grading Service

- A. Scheduled continuous grading service. The following rates apply to continuous grading service on a resident basis and continuous grading service on a nonresident basis per grader:
 1. Regular rate: \$38.00/hour
 2. Overtime rate: \$57.00/hour
 3. Holiday rate: \$58.00/hour
- B. Plant survey, unscheduled temporary, auditing and appeal grading services. The following rates apply to temporary and auditing service per grader:
 1. Regular rate: \$57.00/hour
 2. Overtime rate: \$85.00/hour
 3. Holiday rate: \$87.00/hour
- C. Reapplication after termination of service by recipient. If a recipient causes termination under R3-2-1105(D), and reapplies within 12 months from the date of termination, there will

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

be an additional re-application fee of \$300 in addition to the above fees.

- D. Extra charges.** The following extra charges shall be assessed:
1. All hours worked by an assigned grader or another grader in excess of the approved tour of duty, worked on a non-scheduled workday, or worked on a State holiday outside of the approved tour of duty, will be considered as over-time, at the rate of time and one-half.
 2. For all hours of work performed in a plant without an approved tour of duty, the charge will be the temporary grading service.
- E. No charges.** No charges will be assessed:
1. Solely because of a change in name or ownership of the official plant, unless the recipient of services fails to notify the Department within the time limit specified in R3-2-1105, in which case the above charges will apply.
 2. When the assigned grader is temporarily reassigned by AZDA to perform grading service for another service recipient.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1118. Termination by Recipient

Grading services under this Article shall be unilaterally terminated by the recipient of such service when:

- A. Service is not installed within six months from the date the application is filed due to inaction by the applicant or recipient on Department requirements.
- B. Service remains inactive for a period of more than six months due to a recipient's request for removal of a grader and the recipient does not accept reassignment of another grader by the Department.
- C. The recipient is terminated for cause based on violations listed in R3-2-1105(D).

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1119. Mutual Termination

- A. The Department and the recipient of service may mutually agree to termination of the service, under the following terms:
- B. Previously paid fees will not be returned to the service recipient.
- C. Pending charges will be paid in full for completed work of the Department.
- D. A pending application will be considered terminated, but a new application may be filed at any time, without penalty.
- E. Termination shall not take effect until the end of a 30-days' notice period, unless the parties agree otherwise.
- F. The mutual decision to terminate and any related agreements are documented in writing.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1120. Appeals

- A. Appeal grading. An appeal grading may be requested by any recipient or authorized designee or other interested party ("appellant") who is dissatisfied with the determination by a grader of the class, quality, quantity, or condition of any prod-

uct as evidenced by the AZDA grademark and accompanying label, or as stated on a grading certificate.

1. The appeal shall be filed with the original grader's immediate supervisor.
 2. Initial review of the appeal shall be made by the original grader's immediate supervisor, or by one or more licensed graders assigned by the immediate supervisor to review the appeal.
 2. An appeal may be made orally or in writing. If made orally, written confirmation is required. The appellant shall clearly state the reasons for requesting the appeal grading and a description of the product, or the decision which is questioned. If such appeal request is based on the results stated on an official certificate, the original and all available copies of the certificate shall be provided to the grader assigned to perform the appeal grading.
 3. The appellant's request for the appeal grading may be refused when it appears to the reviewer that the reasons given in the request are frivolous or not substantial, the quality or condition of the product has undergone a material change since the original grading, the original lot has changed in some manner, or the appellant has not materially complied with the requirements of this Article. In such case, the appellant shall be promptly notified of the reason or reasons for such refusal.
 4. If an appeal grading is granted, it shall be performed by a grader other than the original grader. Whenever practical, an appeal grading shall be conducted jointly by two independent graders.
 5. The following procedures shall be used for appeal grading:
 - a. The appeal sample shall consist of product taken from the original sample container plus an equal number of samples selected at random.
 - b. When the original samples are not available or have been altered, such as the removal of undergrades, the appeal sample size for the lot shall consist of double the samples required in R3-2-1102.
 - c. Eggs shall not have been moved from the original place of grading and must have been maintained under adequate refrigeration.
 6. Immediately after an appeal grading is completed, an appeal certificate shall be issued to show that the original grading was upheld, modified, or rejected. Such certificate shall supersede any previously issued certificate for the product involved and shall clearly identify the number and date of the superseded certificate. The issuance of the appeal certificate may be withheld until any previously issued certificate and all copies have been returned when such action is deemed necessary to protect the interest of the Department. When the appeal grader assigns a different grade to the lot, the existing AZDA grademark shall be changed or obliterated as necessary. When the appeal grader assigns a different class or quantity designation to the lot, the labeling shall be corrected.
- B. Appeal for suspension, termination or denial of service or debarment.** Any person whose grading service is suspended, terminated, denied service, or debarred, may request a hearing before an administrative law judge pursuant to A.R.S. Title 41, Chapter 6, Article 10. The decision of the administrative law judge is subject to review by the Director as provided by A.R.S. Title 41, Chapter 6, Article 10.

R3-2-1121. AZDA Grading Certificates

- A. Forms. AZDA grading certificates and sampling report forms (including appeal grading certificates and regrading certificates) shall be issued on forms approved by the Administrator.
- B. Issuance.
 - 1. Resident grading basis. Certificates will be issued only upon request therefor by the applicant or AZDA. When requested, a grader shall issue a certificate covering product graded by such grader. In addition, a grader may issue a grading certificate covering product graded in whole or in part by another grader when the grader has knowledge that the product is eligible for certification based on personal examination of the product or official grading records.
 - 2. Other than resident grading. Each grader shall, in person or by the grader's authorized agent, issue a grading certificate covering each product graded by such grader. A grader's name may be signed on a grading certificate by a person other than the grader, if such person has been designated as the authorized agent of such grader by the Administrator, provided that:
 - a. The certificate is prepared from an official memorandum of grading signed by the grader; and
 - b. A notarized power of attorney authorizing such signature has been issued to such person by the grader and is on file in the office of grading. In such case, the authorized agent shall sign both the agent's name and the grader's name, for example, "John Doe by Mary Roe."
- C. Disposition. The original and required or requested copies of the grading certificate, immediately upon issuance, shall be delivered, mailed, or electronically submitted to the recipient or the recipient's designee. One copy is required to be sent and the recipient may request additional copies. Other copies shall be filed and retained in accordance with the disposition schedule for grading program records.

R3-2-1122. Minimum Facility and Operating Requirements for Egg Grading and Packing Plants

- A. For grading services that are provided on a resident or temporary basis, QAD 700 Shell Egg Graders Handbook Section 02 through Section 08, revised as of August 30, 2016. This material is incorporated by reference, does not include any later amendments or editions of the incorporate matter, and is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007; and the following minimum facility and operating conditions will be required:
- B. Applicants must comply with all applicable Federal, State and local government occupational safety and health regulations.
- C. Processing facilities are required to have a documented and implemented Quality Management System that meets Title 21, Part 117 of the U.S. Code of Federal Regulations "Current Good Manufacturing Practice, Hazard Analysis, and Risk-based Preventive Controls for Human Foods," revised as of April 1, 2018. This material is incorporated by reference, does not include any later amendments or editions of the incorporate matter, and is on file with the Department at 1688 W. Adams St., Phoenix, AZ 85007.

D. General requirements for premises, buildings and plant facilities.

1. The outside premises shall be free from refuse, rubbish, waste, unused equipment, and other materials and conditions which constitute a source of odors or a harbor for insects, rodents, and other vermin.
2. The outside premises adjacent to grading, packing, cooler, and storage rooms must be constructed to provide proper drainage to prevent conditions that may constitute a source of odors or propagate insects or rodents.
3. Buildings shall be of sound construction so as to prevent, insofar as practicable, the entrance or harboring of vermin.
4. Grading and packing rooms shall be of sufficient size to permit installation of necessary equipment and conduct grading and packing in a sanitary manner. These rooms shall be kept reasonably clean during grading and packing operations and shall be thoroughly cleaned at the end of each operating day.
5. The floors, walls, ceilings, partitions, and other parts of the grading and packing rooms including benches and platforms shall be constructed of materials that are readily cleanable, maintained in a sanitary condition, and impervious to moisture in areas exposed to cleaning solutions or moist conditions. The floors shall be constructed as to provide proper drainage.
6. Adequate toilet accommodations that are conveniently located and separated from the grading and packing rooms are to be provided. Handwashing facilities shall be provided with hot and cold running water, an acceptable handwashing detergent, and a sanitary method for drying hands. Toilet rooms shall be ventilated to the outside of the building and be maintained in a clean and sanitary condition. Signs shall be posted in the toilet rooms instructing employees to wash their hands before returning to work. In new or remodeled construction, toilet rooms shall be located in areas that do not open directly into processing rooms.
7. A separate refuse room or a designated area for the accumulation of trash must be provided in plants which do not have a system for the daily removal or destruction of such trash.
8. Adequate packing and packaging storage areas are to be provided that protect packaging materials and are dry and maintained in a clean and sanitary condition.

E. Grading and packing room requirements.

1. The egg grading or candling area shall be capable of adequate darkening to make possible the accurate quality determination of the candled appearance of eggs. There shall be no light source or reflection of light that interferes with, or prohibits the accurate quality determination of eggs in the grading or candling areas.
2. The grading and candling equipment shall provide adequate light to facilitate quality determinations. When needed, other light sources and equipment or facilities shall be provided to permit the detection and removal of stained and dirty eggs or other undergrade eggs.
3. The grading and candling equipment must be sanitarily designed and constructed to facilitate cleaning. Such equipment shall be kept reasonably clean during grading and packing operations and be thoroughly cleaned at the end of each operating day.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

4. Egg weighing equipment shall be constructed of materials to permit cleaning; operated in a clean, sanitary manner; and shall be capable of ready adjustment.
5. Adequate ventilation, heating, and cooling shall be provided where needed.
- F. Cooler room requirements.**
 1. Cooler rooms holding eggs that are identified with a consumer grade shall be refrigerated and capable of maintaining an ambient temperature no greater than 45 °F (7.2 °C).
 2. Accurate thermometers shall be provided for monitoring cooler room temperatures.
 3. Cooler rooms shall be free from objectionable odors and from mold, and shall be maintained in a sanitary condition.
- G. Egg protecting operations.**
 1. Egg protecting (oil application) operations shall be conducted in a manner to avoid contamination of the product and maximize conservation of its quality.
 2. Component equipment within the egg protecting system, including holding tanks and containers, must be sanitarily designed and maintained in a clean and sanitary manner, and the application equipment must provide an adequate amount of oil for shell coverage of the volume of eggs processed.
 3. Eggs with excess moisture on the shell shall not be shell protected.
 4. Oil having any off odor, or that is obviously contaminated, shall not be used in egg protection operations. Oil is to be filtered prior to application.
 5. The component equipment of the application system shall be washed, rinsed, and treated with a bactericidal agent each time the oil is removed.
 6. Adequate coverage and protection against dust and dirt shall be provided when the equipment is not in use.
- H. Egg cleaning operations.**
 1. Egg washing equipment must be sanitarily designed, maintained in a clean and sanitary manner, and thoroughly cleaned at the end of each operating day.
 2. Egg drying equipment must be sanitarily designed and maintained in a clean and sanitary manner. Air used for drying purposes must be filtered. These filters shall be cleaned or replaced as needed to maintain a sanitary process.
 3. The temperature of the wash water shall be maintained at 90 °F (32.2 °C) or higher, and shall be at least 20 °F (6.7 °C) warmer than the internal temperature of the eggs to be washed. These temperatures shall be maintained throughout the cleaning cycle. Accurate thermometers shall be provided for monitoring wash water temperatures.
 4. Approved cleaning compounds shall be used in the wash water.
 5. Wash water shall be maintained at a measurable pH level of 11 or higher. Accurate testing equipment shall be provided and accessible to the grader. If continuous monitoring of pH is not possible, the applicant should devise a monitoring system for documenting pH with a frequency that has been validated.
 6. Wash water shall be changed approximately every four hours or more often if needed to maintain sanitary conditions, and at the end of each shift. Remedial measures shall be taken to prevent excess foaming during the egg washing operation.
7. Replacement water shall be added continuously to the wash water of washers. Chlorine or quaternary sanitizing rinse water may be used as part of the replacement water, provided, they are compatible with the washing compound. Iodine sanitizing rinse water may not be used as part of the replacement water.
8. Only potable water may be used to wash eggs. Each official plant shall submit certification to the office of grading stating that their water supply is potable. An analysis of the iron content of the water supply, stated in parts per million, is also required. When the iron content exceeds two parts per million, equipment shall be provided to reduce the iron content below the maximum allowed level. Frequency of testing for potability and iron content shall be determined by the Administrator. When the water source is changed, new tests are required.
9. Waste water from the egg washing operation shall be piped directly to drains.
10. The washing, rinsing, and drying operations shall be continuous and shall be completed as rapidly as possible to maximize conservation of the egg's quality and to prevent sweating of eggs. Eggs shall not be allowed to stand or soak in water. Immersion-type washers shall not be used.
11. Prewetting eggs prior to washing may be accomplished by spraying a continuous flow of water over the eggs in a manner which permits the water to drain away or other methods which may be approved by the Administrator. The temperature of the water shall be the same as prescribed in this Section.
12. Washed eggs shall be spray-rinsed with water having a temperature equal to, or warmer than, the temperature of the wash water. The spray-rinse water shall contain a sanitizer that has been determined acceptable for the intended use by the supervisor and of not less than 100 PPM nor more than 200 PPM of available chlorine or its equivalent. Alternate procedures, in lieu of a sanitizer rinse, may be approved by the Administrator.
13. Test kits shall be provided and used to determine the strength of the sanitizing solution.
14. During non-processing periods, eggs shall be removed from the washing and rinsing area of the egg washer and from the scanning area whenever there is a buildup of heat that may diminish the quality of the egg.
15. Washed eggs shall be reasonably dry before packaging and packing.
16. Steam, vapors, or odors originating from the washing and rinsing operation shall be continuously and directly exhausted to the outside of the building.
- I. Requirements for eggs officially identified with a grademark.**
 1. Eggs that are officially identified with an AZDA grademark shall be placed under refrigeration at an ambient temperature no greater than 45 °F (7.2 °C) promptly after packaging.
 2. Eggs that are to be officially identified with the AZDA grademark shall be packed only in new packaging materials that are clean, free of mold, mustiness and off odors, or clean and sanitized packaging material designed to be reused, and must be of sufficient strength and durability to adequately protect the eggs during normal distribution. When packed in other than fiber packing material, the containers must be of sound construction and maintained in a reasonably clean manner.
- J. Use of approved chemicals and compounds.**

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

1. All egg washing and equipment cleaning compounds, defoamers, destainers, sanitizers, inks, oils, lubricants, or any other compound that comes into contact with the eggs shall be approved by the national supervisor for their specified use and handled in accordance with the manufacturer's instructions.
 2. All pesticides, insecticides, and rodenticides shall be approved for their specified use and handled in accordance with the manufacturer's instructions.
- K. Marking individual eggs.** The marking of individual eggs may be requested by processors as part of a specification requirement or for other marketing purposes.
1. Stamping eggs. Recognizing the difficulty in clearly stamping the rounded surface of an egg, a lot average tolerance of 10-percent for individual eggs with partial, illegible, or no marks in any combination is permitted with no individual case exceeding 20-percent. These tolerances may be applied as a moving average when performing online sampling or as a lot average while performing stationary lot gradings. If more than 50% of the image or letter or letters is missing, the symbol is illegible. Stamped eggs are not classified as stains or dirty. They are to be graded without regard to marking. An official grade cannot be assigned to a mixed lot of eggs that contains individually marked and unmarked eggs. If requested, the lot may be graded for all factors except ink stains. Lot averages may be shown on the certificate. The section "Official Grade and Size" shall state "No AZDA Grade." The following statement shall also be placed in the "Remarks" section: "Lot contains marked and unmarked eggs. Eggs graded for all factors except ink stains." Individual eggs with ink blotches or smears from dating devices are to be classified as stains or dirty, depending on the intensity and/or area of the stain [guidance not clear]. Inks used in marking individual eggs which will be officially graded are to be approved by the Administrator prior to their use. The request for approval should be accompanied with a copy of the ink formula, the name of the product, and the name and address of the manufacturer.
 2. Laser etching (marking eggs). The use of a laser etching system to mark information is subject to joint review by the Food and Drug Administration (food safety impact evaluation) and AZDA (quality impact evaluation). Only approved laser etching systems may be used to identify eggs to be officially graded and identified with an AZDA grademark. The amount of the shell surface available for laser etching and the information etched on the shell is subject to review by the resident grader and the supervisor. The information etched on the shell must not interfere with the graders ability to evaluate the quality attributes of the egg.
 3. When an individual egg is marked, whether an applied ink or laser etched, the information must be consistent with the information on the label, for example, any marketing claims, production code, or packer identity. If this information is not consistent throughout the lot, the eggs are not eligible to be identified with an AZDA grademark.

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020

(Supp. 20-2).

R3-2-1123. Health and Hygiene of Personnel

- A.** No person known to be affected by a communicable or infectious disease shall be permitted to come in contact with the product.
- B.** Plant personnel coming into contact with the product shall wear clean clothing.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1124. Use of the "Produced From" Labeling

- A.** Use of the wording "Produced From" in conjunction with the AZDA grademark, is limited to products derived from AZDA Grade AA or Grade A eggs for which there are no U.S. grade standards (for example, pasteurized eggs or hard-cooked eggs). The following guidelines are to be used when monitoring the official grade identification of these types of products.
 1. Approval. Applicants interested in utilizing the "Produced From" labeling must submit a written proposal to the Administrator. The proposal is to include the type or types of product to be labeled and the applicant's plan for controlling the use and labeling of officially identified product. After review by the supervisor, the supervisor is to forward the request to the Administrator for final review and approval. Upon approval, the supervisor is to reconfirm all of the requirements with the applicant prior to any actual grade identification.
 2. Verification visits. To assure that only officially graded eggs are being used, the processing, packing, and packaging must be closely monitored. Each verification visit shall include a review of records, product inventory, processing procedures, packing, packaging, storage, and shipping practices to confirm that the applicant is following the protocol outlined in their approved plan. In plants with resident service, the supervisor or Administrator is to be present during the initial production period to monitor the process and verify compliance. The grader will conduct all subsequent monitoring and verification activities with oversight from the supervisor. In temporary or fee locations, plant management must notify the supervisor each time the "produced from" labeling will be used or, alternatively, provide the supervisor with a projected production schedule. At these locations, compliance will be based on the applicant's established history of compliance as outlined in the following schedule:
 - a. Level 1 - The supervisor or administrator is to monitor and verify the process on the initial day of production. The supervisor or a grader will conduct subsequent visits. At least one additional verification visit is to be conducted during the next 10 production days. If no discrepancies are noted, one visit is to be conducted for each 30 days of production until three consecutive satisfactory visits have been completed. Once this verification period has ended without any noted program non-conformance, monitoring may proceed to Level 2.
 - b. Level 2 - Supervisor or a grader is to conduct quarterly verification visits provided the applicant continues to meet all program requirements. If any nonconformance is noted during these visits, monitoring reverts back to Level 1. Misuse of the labeling will result in cancellation of the approval.

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

- B.** Recordkeeping. Recipients shall maintain, and make available for review, all invoices or applicable Grading Certificates covering product received, produced, and shipped. At a minimum, these records must include the name and address of original packer, amount received, quantity produced, brand names, lot numbers, quantity shipped and name and address of receivers. Records must be maintained for two years.
- C.** Cost. There will be no additional charge to resident plants when graders monitor product labeling during their normal grading activities. When graded product is shipped from official plants to other processing locations for re-packaging that are not under continuous AZDA supervision, time and expenses associated in conducting the verification visits will be charged to the recipient at the current Temporary grading and auditing service rate.

Historical Note

Section made by final exempt rulemaking at 26 A.A.R. 916, with an immediate effective date of April 9, 2020 (Supp. 20-2).

R3-2-1125. Specification Grading

- A.** Applicants may request for additional specifications to be certified that exceed the standards of this Chapter. The requested specifications must be submitted in writing to the administrator for approval. The approving official will review the information for approval or advise the applicant of the reason or reasons for disapproval. If the specification is approved, a letter enclosing a copy of the approved application and specification will be returned to the applicant with a request to provide copies of the specification to each supplier and applicable AZDA grader. Each page of the approved specification will have an approval stamp bearing the date of approval and the signature of the approving official. Additionally, each page will be sequentially numbered such as page 1 of 5, page 2 of 5, etc.
- B.** Plant management is responsible for advising graders when they are preparing to pack eggs in accordance with an approved specification. However, each grader must be familiar with the approved specification list and, to the extent practically possible, be aware when products with approved specifications are being packed at the duty location. When a plant packs product requiring compliance with an approved specification, the grader shall obtain a copy of the specification from plant management and assure that all provisions of the specification are met. As applicable, product that meets specification requirements will be identified in accordance with procedures outlined in the approved specification. When the specification requires the issuance of a grading certificate, the following statement is to be placed in the remarks section of the certificate: "Product covered by this certificate meets specification requirements for _____."

ARTICLE 12. ACQUISITION AND USE OF SODIUM PENTOBARBITAL AND DERIVATIVES BY UNLICENSED INDIVIDUALS IN ANIMAL SHELTERS

R3-2-1201. Definitions

1. "Agreement" shall refer to a contract signed by the responsible person and the State Veterinarian whereby the responsible person has met all requirements set forth in Section R3-2-1202. The agreement remains in effect until

the expiration of the DEA registration or a change in employment status of the responsible person with the animal shelter.

2. "Approved curriculum" means any euthanasia-training curriculum approved by the AVMA or the State Veterinarian of Arizona.
3. "Authorized employee" means an unlicensed individual who is authorized to euthanize animals, takes direction from a responsible person or a licensed person, and has obtained State-Veterinarian-approved training in the use and handling of controlled substances as set forth in this Article.
4. "AVMA" means the American Veterinary Medical Association.
5. "AVMA Guidelines for the Euthanasia of Animals: 2020 Edition" means that specific edition of guidelines and does not include any later amendments or editions of the incorporated material, and is on file with the Department.
6. "Controlled Substances Act" refers to 21 U.S.C.A. § 801, et seq.
7. "Controlling person" means the natural person who exercises legal ownership, control, or designated leadership of a shelter.
8. "DEA" refers to the federal Drug Enforcement Agency.
9. "Licensed person" means a veterinarian licensed by the Arizona Veterinary Medical Examining Board, who is exempt from the euthanasia training requirements.
10. "Responsible person" means an unlicensed individual who meets the requirements of R3-2-1202, who is employed by the shelter, and who in the absence of a licensed person, has agreed to supervise the acquisition, storage, administration, and record-keeping of the controlled substances in accordance with the Controlled Substances Act and this Article.
11. "Shelter" means an animal care and control shelter operated by any town, city, county or the state, including privately operated animal shelters that are utilized by a town, city, county or the state.
12. "State Veterinarian" means the person appointed as the State Veterinarian under A.R.S. § 3-1211.

Historical Note

New Section made by final rulemaking at 29 A.A.R. 1327 (June 9, 2023), effective July 8, 2023 (Supp. 23-2).

R3-2-1202. General Provisions

- A.** Euthanasia of animals shall be done in compliance with the provisions of this Article and in accordance with procedures established under A.R.S. § 11-1021 by the local governing body.
- B.** Any shelter that does not employ a licensed supervisory veterinarian may apply for a DEA controlled-substances registration for each physical location in order to administer euthanasia. DEA will only grant the registration if the shelter is approved by, and meets the standards of, the State Veterinarian, as follows:
1. The responsible person is formally designated by the controlling person of the shelter as the individual responsible to obtain and manage controlled substances on behalf of the shelter;
 2. The responsible person must successfully complete an approved euthanasia training course;
 3. The responsible person and the State Veterinarian must execute an agreement obligating the responsible person to comply with this Article;

TITLE 3. AGRICULTURE

CHAPTER 2. DEPARTMENT OF AGRICULTURE - ANIMAL SERVICES DIVISION

4. The responsible person is 21 years of age or older; and
 5. The responsible person shall provide three professional references to the State Veterinarian to demonstrate professionalism and good moral character.
- C. Duties and responsibilities of the responsible person are to:
1. Abide by all local, state, and federal laws and regulations pertaining to the operation of a shelter, including those laws and regulations governing possession and use of controlled substances.
 2. Ensure that any authorized employee who administers euthanasia complies with the American Veterinary Medical Association (AVMA) Guidelines for the Euthanasia of Animals: 2020 Edition.
 3. Ensure that any authorized employee who administers euthanasia has successfully completed a curriculum of euthanasia training approved by the State Veterinarian.
- D. Prior to the expiration of the current DEA registration, the responsible person shall submit an application to the State Veterinarian at least 45 days prior to that expiration, requesting re-approval of the shelter according to the requirements of this Article. The State Veterinarian approval shall run concurrently with the DEA registration, except as indicated in subsection (E).
- E. The shelter shall inform the State Veterinarian within 14 days of a change in:
1. Ownership or controlling person;
 2. Location;
 3. Responsible person; or
 4. Expiration or termination of an agreement or contract between a town, city, county or state utilizing the services of a privately operated shelter or shelters.
- F. Upon a change listed in subsection (E), the controlling person shall file an application with the State Veterinarian, requesting re-approval of the shelter according to the requirements of this Article. The existing agreement terminates upon the date of the change, and the shelter shall not administer any controlled substances until the State Veterinarian approves the new application and a new DEA registration is obtained.
- A. The following organizations offer approved euthanasia courses: The American Humane Association; The National Animal Care and Control Association; Companion Animal Euthanasia Training Academy. The State Veterinarian reserves the right to approve or withdraw the approval of curricula at any time. Approved curriculum training shall include an instructional section and a practical exam showing skill competency; and shall include, but not be limited to, the following topics:
1. Anatomy;
 2. Personnel safety, controlled substance diversion, and compassion fatigue;
 3. Controlled substance handling and mechanism of action;
 4. Humane methods of handling and euthanasia of domestic animals;
 5. Methods to ensure barriers between animals during euthanasia;
 6. Concepts particular to euthanasia of wild or feral animals;
 7. Administering pre-euthanasia sedatives;
 8. Verification of death; and
 9. Acceptable methods of disposal of animal remains and euthanasia supplies.
- B. The responsible person shall keep records of all euthanasia-related activities including, but not limited to:
1. Identification of animals euthanized;
 2. Reason for euthanasia;
 3. Method of euthanasia;
 4. Adverse events; and
 5. All recordkeeping required by the Controlled Substances Act.
- C. A shelter is subject to periodic random inspection by the Office of the State Veterinarian. Upon request by the Office of the State Veterinarian, the responsible person or controlling person shall immediately produce records.
- D. Following an audit or inspection, if evidence exists of non-compliance with the standards in this Section, the State Veterinarian reserves the right to modify the agreement. The State Veterinarian may also terminate the agreement, and notify the DEA that the shelter has lost approval by the State Veterinarian to administer euthanasia by unlicensed individuals.

The table of contents on page one contains links to the referenced page numbers in this Chapter.
Refer to the notes at the end of a Section to learn about the history of a rule as it was published in the *Arizona Administrative Register*.

This Chapter contains rules that were filed to be codified in the *Arizona Administrative Code* between the dates of
July 1, 2024 through September 30, 2024

Editor's note: This Chapter contains Section R3-4-301 amended under an emergency rulemaking as authorized under Laws 2024, Ch. 214, § 11(B). Section B states "The Department of Environmental Quality is exempt from rulemaking requirements of Title 41, Chapter 6, Arizona Revised Statutes, until July 1, 2025 for the purpose of establishing fees pursuant to this section."

On August 26, 2024, the Department of Agriculture Advisory Council voted in favor of continuing the existing applicant fees under R3-4-301(G)(1) and (2) in FY 2025. The Attorney General approved the emergency and approved the Department's request that the rule become effective on September 14, 2024, the general effective date of Laws 2024, Ch. 214 from the Fifty-sixth Legislature, Second Regular Session.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

ARTICLE 1. GENERAL PROVISIONS

R3-4-101. Definitions

In addition to the definitions provided in A.R.S. §§ 3-201, 3-231, 3-441, and 3-481, the following terms apply to this Chapter:

“Appliance” means any box, tray, container, ladder, tent, vehicle, implement, or any article or thing that is or may be used in growing, harvesting, handling, packing, or transporting any agricultural commodity.

“Carrier” means any plant or thing that can transport or harbor a plant pest.

“Certificate” means an original document issued by the Department, the United States Department of Agriculture, or authorized officer of the state of origin, stating name, quantity, and nature of the regulated commodity, and the compliance information required by a specific regulation.

“Commodity” means any plant, produce, soil, material, or thing that may be subject to federal and state laws and rules.

“Container” means any box, crate, lug, chest, basket, carton, barrel, keg, drum, can, sack, or other receptacle for a commodity.

“Cotton” means all parts of *Gossypium* spp., except manufactured cotton products.

“Equipment” means any vehicle, device, implement, ladder, tent, or any article or thing that is or may be used in growing, harvesting, handling, packing, or transporting any agricultural commodity.

“Gin trash” means organic waste or materials resulting from ginning cotton.

“Host” means a plant on or in which a pest can live or reproduce, or both.

“Husk” means the membranous outer envelope of many seeds and fruit, such as an ear of corn or a nut.

“Infested” means:

- (i) Any plant or other material on or in which a pest is found, or
- (ii) A geographical area where a pest is known to occur.

“Inspector” means an employee of the Department or other governmental agency who enforces any law or rule of the Department.

“Lot” means any one group of plants or things, whether or not containerized that is set apart or is separate from any other group.

“Nursery” means real property or other premises on or in which nursery stock is propagated, grown, or cultivated or from which source nursery stock is offered for distribution or sale. (A.R.S. § 3-201(5))

“Permit” means an official document authorizing the movement of a host plant and carrier.

“Person” means an individual, partnership, corporation, association, governmental subdivision or unit of a governmental subdivision, a public or private organization of any character, or another agency.

“Pests” includes all noxious weeds, insects, diseases, mites, spiders, nematodes and other animal or plant organisms found

injurious, or likely to become injurious, to any domesticated, cultivated, native or wild plant, or to the product of any such plant. (A.R.S. § 3-201(7))

“Phyto-sanitary certificate” means a certificate issued by a plant regulatory official for the purpose of certifying a commodity or appliance as pest free.

“Plant” or “crop” includes every kind of vegetation, wild or domesticated, and any part thereof, as well as seed, fruit or other natural product of such vegetation. (A.R.S. § 3-201(8))

“Processed product” means any fruit, vegetable, or other food product covered under the regulations in this part which has been preserved by any recognized commercial process, including, but not limited to canning, freezing, dehydrating, drying, the addition of chemical substances, or by fermentation. (7 CFR § 52.2)

“Sell” means to exchange for money or its equivalent including to offer, expose, or possess a commodity for sale or to otherwise exchange, barter, or trade.

“Soil” means any non-liquid combination of organic, or organic and inorganic material in which plants can grow.

“Subcontainer” means any container being used within another container.

“Transport” means moving an article from one point to another.

“Treatment” means an application of a substance as either a spray, mist, dust, granule, or fumigant; or a process in which a substance or procedure is used to control or eradicate a plant pest.

“Vector” means an organism (usually an insect) that may carry a pathogen from one host plant to another.

“Vehicle” means an automotive device, such as a car, bus, truck, or private or recreational vehicle.

Historical Note

Former Rule 1; Amended effective June 16, 1977 (Supp. 77-3). Section R3-1-01 renumbered to R3-4-101 (Supp. 91-4). Repealed effective April 11, 1994 (Supp. 94-2). New Section R3-4-101 renumbered from R3-4-102 without change, effective October 8, 1998 (Supp. 98-4). Amended by final rulemaking at 5 A.A.R. 2521, effective July 15, 1999 (Supp. 99-3). Amended by final rulemaking at 19 A.A.R. 3860, effective January 4, 2014 (Supp. 13-4). Amended by final rulemaking at 25 A.A.R. 3357, effective January 4, 2020 (Supp. 19-4).

R3-4-102. Licensing Time-frames

- A. Overall time-frame. The Department shall issue or deny a license within the overall time-frames listed in Table 1 after receipt of the complete application. The overall time-frame is the total of the number of days provided for the administrative completeness review and the substantive review.
- B. Administrative completeness review.
 - 1. The administrative completeness review time-frame established in Table 1 begins on the date the Department receives the application. The Department shall notify the applicant in writing within the administrative completeness review time-frame whether the application or request is incomplete. The notice shall specify what information is missing. If the Department does not provide notice to the applicant within the administrative

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

completeness review time-frame, the Department considers the application complete.

2. An applicant with an incomplete license application shall supply the missing information within the completion request period established in Table 1. The administrative completeness review time-frame is suspended from the date the Department mails the notice of missing information to the applicant until the date the Department receives the information.
 3. If the applicant fails to submit the missing information before the expiration of the completion request period, the Department shall close the file, unless the applicant requests an extension. An applicant whose file has been closed may obtain a license by submitting a new application.
- C. Substantive review. The substantive review time-frame established in Table 1 shall begin after the application is administratively complete.
1. If the Department makes a comprehensive written request for additional information, the applicant shall submit the additional information identified by the request within the additional information period provided in Table 1. The substantive review time-frame is suspended from the date of the Department request until the information is received by the Department. If the applicant fails to provide the information identified in the written request within the additional information period, the Department shall deny the license.
 2. The Department shall issue a written notice granting or denying a license within the substantive review time-frame. If the application is denied, the Department shall send the applicant written notice explaining the reason for the denial with citations to supporting statutes or rules, the applicant's right to seek a fair hearing, and the time period in which the applicant may appeal the denial.

Amended by final rulemaking at 10 A.A.R. 2665, effective June 8, 2004 (Supp. 04-2). Amended by final rulemaking at 19 A.A.R. 3860, effective January 4, 2014 (Supp. 13-4). Amended by final rulemaking at 25 A.A.R. 3357, effective January 4, 2020 (Supp. 19-4).

ARTICLE 2. QUARANTINE**R3-4-201. Definitions**

In addition to the definitions provided in A.R.S. §§ 3-201, 3-231, 3-441, 3-481, and R3-4-101, the following terms apply to this Article: “Associate Director” means the Associate Director of the Plant Services Division.

“Common carrier” means any person transporting a commodity or equipment for compensation or commercial purpose.

“Compliance agreement” means a written agreement or permit between a person and the Department for the purpose of allowing the movement or production of a regulated commodity or used equipment from a quarantined area of this state and containing demonstrated safeguarding measures to ensure compliance with the purposes of A.R.S. Title 3, Chapter 2, Article 1.

“Cotton harvesting machine” means any machine used to pick or harvest raw cotton in a field.

“Firewood” means wood that has been cut, sawn, or chopped into a shape and size commonly used for fuel, or other wood intended for fuel.

“Fumigate” means to apply a gaseous substance to a commodity or used equipment in a closed area to eradicate a pest.

“Green lumber” means freshly sawn, unseasoned wood.

“Hull” means the dry outer covering of a seed or nut.

“Infected” means any plant or other material on or in which a disease is found.

“Label” means all tags and other written, printed, or graphic representations in any form, accompanying or pertaining to a plant or other commodity.

“Limited permit” means a permit issued by the Department to a common carrier or responsible party to transport a commodity or used equipment that would otherwise be restricted.

“Master permit” means a permit issued by the Department to another state department of agriculture that gives that other state authority to certify, in accordance with the terms of the permit, that a regulated commodity or used equipment may enter Arizona without a quarantine compliance certificate.

“Origin inspection agreement” means a permit issued by the Department to a person that specifies terms to ship or transport a regulated commodity or used equipment into Arizona, which importation would otherwise be prohibited by this Article, and that the State Plant Regulatory Official agrees with.

“Package” means:

- (i) Any container, box, bag, or envelope used for the shipment of a commodity or used equipment through postal and parcel services, or
- (ii) Individual packets of seeds for planting.

“Pest free” means apparently free from all regulated plant pests, as determined by an inspection.

“Pest Management Program” means any state or federally recognized program designed for the prevention, monitoring, and control of a pest or disease. Based on a targeted management (Integrated Pest Management) or holistic approach (Total Systems Approach Program) that incorporates best management practices, monitoring, cultivation practices, cultural controls, treatment programs and/or pest resistant plant varieties, cultivars or hybrids for the control or effective management of any live life stages of a pest or disease.

“Quarantine compliance certificate” means a certificate issued by a plant regulatory official of the originating state that establishes that a commodity or used equipment has been treated or inspected to comply with Arizona quarantine rules and orders and includes a certificate of inspection.

“Receiver” means any person or place of business listed on a bill of lading, manifest, or freight bill as a consignee or destination for a commodity or used equipment.

“Regulated plant pest” means all live life stages of an arthropod, disease, plant, nematode, or snail that is regulated or considered under quarantine by a state or federal law, rule or order enforced by the Department.

“Responsible party” means a common carrier, person, or place of business that is legally responsible for the possession of a commodity or used equipment.

“Stub or soca cotton” means cotton stalks of a previous crop that begin to show signs of growth.

“Treatment Manual” means the USDA-APHIS-PPQ Treatment Manual, T301—Cotton and Cotton Products, revised May 2017. The Treatment Manual is incorporated by reference, does not include any later amendments or editions, and is available from the Department and online at http://www.aphis.usda.gov/import_export/plants/manuals/ports/downloads/treatment.pdf.

Historical Note

Former Rule, Quarantine Regulation 2; Amended effective July 1, 1975 (Supp. 75-1). Former Section R3-4-50 repealed, new Section R3-4-50 adopted effective October 23, 1978 (Supp. 78-5). Section R3-1-50 renumbered to R3-4-201 (Supp. 91-4). Section repealed; new Section adopted by final rulemaking at 5 A.A.R. 2521, effective July 15, 1999 (Supp. 99-3). Amended by final rulemaking at 19 A.A.R. 3860, effective January 4, 2014 (Supp. 13-4). Amended by final rulemaking at 25 A.A.R. 3357, effective January 4, 2020 (Supp. 19-4).

R3-4-202. Domestic Importation

- A.** Any commodity shipped or transported into the state shall be made available for inspection if required to determine whether the commodity is free of all live pests subject to federal and state laws and rules.
- B.** Restrictions.
 - 1. Prior to or upon delivery, a shipper, consignor, or broker of a commodity, regulated or otherwise, (excluding processed products) which is shipped into the state must pro-

vide the receiver with a bill of lading, manifest, or other similar documentation that indicates:

- a. The contact information of the consignor and consignee;
 - b. The contents of the shipment; and
 - c. The origin of the commodity.
2. A shipper, consignor, or broker must provide common carriers documentation prior to shipment containing the following additional information for any commodity that is shipped or transported into the state that is regulated by this Article or other state or federal law, rule or order enforced by the Department:
 - a. The name and physical address of the shipper and receiver;
 - b. A certificate of inspection for nursery stock, if applicable;
 - c. The botanical or common name of the commodity, if applicable;
 - d. The trade or descriptive name of the used container or used equipment, if applicable;
 - e. The quantity of each type of commodity;
 - f. The county and state or foreign country where each commodity originated;
 - g. Any other certificate or permit required by this Article or other state or federal law, rule or order enforced by the Department.
 3. Common carriers shall provide the receiver of a commodity regulated by this Article or other state or federal law, rule or order enforced by the Department, with the documentation required under subsection (B)(2) at the time the regulated commodity is delivered to the receiver.
 4. Certificate of Release. Any person receiving a regulated commodity from a post office, package transportation and delivery terminal, or any carrier without a Certificate of Release shall immediately notify the Department and request an inspection.
- E.** Disposition of commodity. When a common carrier is in possession of, or responsible for, a commodity that has been inspected by an inspector and found in violation of this Article or other state or federal law, rule or order enforced by the Department, and elects to ship the commodity out-of-state, A.R.S. § 3-210:
1. The inspector shall notify the shipper, consignor or broker that the commodity is being shipped out-of-state.
 2. The common carrier shall follow the directions provided by the inspector on moving the commodity out-of-state.

Historical Note

Former Rule, Quarantine Regulation 3. Section R3-1-51 renumbered to R3-4-202 (Supp. 91-4). Section repealed by final rulemaking at 5 A.A.R. 2521, effective July 15, 1999 (Supp. 99-3). New Section R3-4-202 renumbered from R3-4-201 and amended by final rulemaking at 19 A.A.R. 3860, effective January 4, 2014 (Supp. 13-4). Amended by final rulemaking at 25 A.A.R. 3357, effective January 4, 2020 (Supp. 19-4).

R3-4-203. Plant and Crop Safeguards, Inspection, and Certification

- A.** Definitions. In addition to the definitions provided in A.R.S. § 3-201, R3-4-101 and R3-4-201, the following terms apply to this Section:
1. “Actionable arthropod pest” means any arthropod pest that the Associate Director has determined to be an imminent threat to agriculture and horticulture within the state.

Table 2, Actionable Arthropod Pests includes, but is not limited to, arthropod pests that would require immediate action and are prohibited from entry into the state.

2. “Actionable nematode pest” means any nematode pest that the Associate Director has determined to be an imminent threat to agriculture and horticulture within the state. Table 3, Actionable Nematode Pests includes, but is not limited to, nematode pests that would require immediate action and are prohibited from entry into the state.
 3. “Pest Management Program” means any state or federally recognized program designed for the prevention, monitoring, and control of an actionable arthropod pest or actionable nematode pest. Based on a targeted management (Integrated Pest Management) or holistic approach (Total Systems Approach Program) that incorporates best management practices, monitoring, cultivation practices, cultural controls, treatment programs and/or pest resistant plant varieties, cultivars or hybrids for the control of any live life stages of an actionable arthropod pest or actionable nematode pest associated with the commodity, with a zero pest presence tolerance.
- B.** Regulated area. Unless otherwise indicated, all states, districts, and territories of the United States.
- C.** Commodities covered.
1. All plants and plant products for propagation, including nursery stock (bareroot or potted), budwood, seed for planting, cuttings, stolons, and tissue culture shipped or transported into the state that is a known host for an actionable arthropod pest or actionable nematode pest from the place of origin. Additionally, all agricultural, ornamental, and vegetable seed shall comply with the laws and regulations in Article 4 and any other law, order or federal regulation enforced by the Department.
 2. All commercially harvested or bulk shipments of a plant or crop, excluding processed products, which are shipped or transported into the state that may harbor an actionable arthropod pest.
 3. All domestic soil shipped or transported into the state that is:
 - a. Not authorized under a permit or compliance agreement issued by the U.S. Department of Agriculture;
 - b. Not sterilized and not packaged for retail sale;
 - c. Attached to a plant for the purpose of propagation; or
 - d. Used for the purpose of landscaping or grading.
 4. All firewood and green lumber with attached bark.
 5. All used equipment utilized for the propagation, harvesting, transport, and/or maintenance of a commodity listed in subsections (C)(1), (2), (3), or (4).
- D.** Restrictions.
1. For commodities listed in subsection (C) that are not accompanied by proof of compliance with this Section as indicated in the remainder of subsection (D); or are found infested with, or exposed to, an actionable arthropod pest or actionable nematode pest may be placed under quarantine until a disposition is determined by an inspector, A.R.S. § 3-203.
 2. In addition to the requirements under any other Section in this Article, law, order, or federal law enforced by the Department, the commodities listed in subsection (C)(1), are authorized for shipment or transport into the state provided a plant regulatory official at the place of origin issues a quarantine compliance certificate and statement of compliance with this Section by one of the following:

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- a. For an actionable arthropod pest known to occur at origin:
 - i. The commodities in the shipment or shipments are inspected and a plant regulatory official provides a certificate attesting that the commodity is apparently free of any live life stages of an actionable arthropod pest;
 - ii. The Associate Director and State Plant Regulatory Official of the origin state has placed the producer under a compliance agreement, authorizing a Pest Management Program for actionable arthropod pests, and has provided certification of compliance to the producer if all provisions of a Pest Management Program are met; or
 - iii. A certificate attesting to treatment for actionable arthropod pests known to occur in the origin location is issued by a plant regulatory official.
 - b. For an actionable nematode pest known to occur at origin:
 - i. The origin state determined through an annual survey conducted within the 12-month period immediately before shipment that the actionable nematode pests do not exist on the property or in the facility used to grow the commodity.
 - ii. The commodity in the shipment was sampled two weeks before shipment, and found free of actionable nematode pests.
 - iii. The commodity was protected from infestation of the actionable nematode pests by implementing all of the following steps:
 - (1) Propagated from clean seed or from cuttings taken 12 inches or higher above ground level;
 - (2) Planted in sterilized soil or other media prepared or treated to ensure freedom from actionable nematode pests;
 - (3) Retained in a sterilized container or bed;
 - (4) Placed on a sterilized bench or sterilized support 18 inches or higher from the ground or floor level; and
 - (5) Found pest-free using a sampling method approved by the Associate Director.
 3. In addition to the requirements under any other Section in this Article, law, order, or federal law enforced by the Department, the commodities listed in subsection (C)(2), are authorized for shipment or transport into the state provided a plant regulatory official at the place of origin issues a quarantine compliance certificate and statement of compliance with this Section by one of the following:
 - a. Authorize and validate compliance for an area-wide control program for actionable arthropod pests known to occur at the origin location;
 - b. Inspect bulk shipments of commodities by standard risk-based sampling rates to achieve a 95% confidence level that the shipment is apparently free of any live life stages of an actionable arthropod pest known to occur at origin; or
 - c. Require treatment for actionable arthropod pests known to occur in the origin location by a method known to control the pest and verify effectiveness of treatment.
 4. In addition to the requirements under any other Section in this Article, law, order, or federal law enforced by the Department, the commodities listed in subsection (C)(3), are authorized for shipment or transport into the state provided a plant regulatory official at the place of origin issues a quarantine compliance certificate and statement of compliance with this Section by one of the following:
 - a. Authorize and validate a Pest Management Program or an area-wide control program for actionable arthropod pests; or
 - b. Require treatment for actionable arthropod pests known to occur in the origin location by a method known to control the pest.
 5. In addition to the requirements under any other Section in this Article, law, order, or federal law enforced by the Department, the commodities listed in subsection (C)(4), are authorized for shipment or transport into the state provided a plant regulatory official at the place of origin issues a quarantine compliance certificate and statement of compliance with this Section by one of the following:
 - a. Heat treatment as indicated in the USDA Treatment Manual, Heat Treatment Schedule: T314-a; and accompanied by a treatment certificate issued by a certified heat-treatment facility, or a state or federal regulatory official; or
 - b. Any other method approved by the Associate Director that eliminates all live life stages of an actionable arthropod pest.
 6. In addition to the requirements under any other Section in this Article, law, order, or federal law enforced by the Department, the equipment listed in subsection (C)(5), are authorized for shipment or transport into the state provided it is accompanied by a quarantine compliance certificate issued by the origin state attesting that the commodity is reasonably free of all soil and extraneous plant material that could harbor a live life stage of an actionable arthropod pest.
- E. Exemptions.**
1. The Associate Director may issue an exemption to a restriction in this Section at the request of a State Plant Regulatory Official on an area-wide or county-wide basis, under the following conditions:
 - a. For an area-wide or county-wide exemption of a commodity (Master Permit):
 - i. The State Plant Regulatory Official agrees to comply with the conditions of a Master Permit that indicates the necessary safeguarding measures including monitoring, inspection, treatment, alternate treatment, and/or certification of the commodity.
 - ii. The Department may suspend or revoke a Master Permit if one or more shipments of a commodity are not in compliance with the conditions of the authorized Master Permit or live life stages of an actionable arthropod pest or actionable nematode pest are found.
 - b. For an exemption provided to a shipper of a commodity (Origin Inspection Agreement):
 - i. The State Plant Regulatory Official and the shipper agree to comply with the conditions of an Origin Inspection Agreement that indicates the necessary safeguarding measures including monitoring, inspection, treatment, alternate

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- treatment, and/or certification of the commodity.
- ii. The Department may suspend or revoke an Origin Inspection Agreement if one or more shipments of a commodity are not in compliance with the conditions of the Origin Inspection Agreement or live life stages of an actionable arthropod or actionable nematode pest are found.
2. Notwithstanding any other restriction, the Associate Director may declare a state, or an area within a state, exempt to a condition in this Section if it is demonstrated by a State Plant Regulatory Official that an actionable arthropod pest or actionable nematode pest is known not to occur in the origin state and that the actionable arthropod pest or actionable nematode pest is part of a state or federal authorized pest monitoring program that justifies the "free from" status.
- F.** Violations. Any shipper of a commodity listed in subsection (C) that is not in compliance with the restrictions indicated in subsection (D), or an actionable arthropod pest or actionable nematode pest are found on the shipment, the shipper may be temporarily suspended from shipping or transporting commodities listed in subsection (C) into the state under the following guidelines:
- a. The shipper will be notified of the violations and corrective measures will be provided;
 - b. The origin State Plant Regulatory Official will be notified of the violation and suspension;
 - c. The shipper will be required to contact the origin State Plant Regulatory Official to confirm completion of corrective measures;
 - d. The origin State Plant Regulatory Official will contact the Department to request approval to retract the suspension upon successful completion of the corrective measures; and
 - e. The Associate Director may retract the suspension upon satisfactory completion of the corrective measures.
- Historical Note**
- Former Rule, Quarantine Regulation 4. Repealed effective October 23, 1978 (Supp. 78-5). Section R3-1-52 renumbered to R3-4-203 (Supp. 91-4). New Section made by final rulemaking at 25 A.A.R. 3357, effective January 4, 2020 (Supp. 19-4). Section amended by final rulemaking at 29 A.A.R. 3932 (December 29, 2023) effective February 4, 2024 (Supp. 23-4).
- R3-4-204. Cotton Pest Management: Interior**
- A.** Definitions. The following terms apply to this Section:
1. "Crop remnant" means the stalks, leaves, bolls, lint, pods, and seeds of cotton.
 2. "Stub cotton" means cotton stalks of a previous crop that begin to show signs of growth.
 3. "Volunteer cotton" means a sprout from seed of a previous crop.
- B.** Regulated commodities and appliances. Cotton, all parts.
- C.** Cultural practices.
1. Arizona's cultural zones are:
 - a. Zone "A" -- Yuma County west of a line extended directly north and directly south of Avenue 58E.
 - b. Zone "B" -- Cochise County, Graham County, and Greenlee County.
 - c. Zone "C" -- Mohave County and La Paz County, except for the following: T6N, R11W, 12W, 13W; T5N, R12W, 13W; T4N, R12W, 14W, 15W; T3N, R10W, 11W; and T2N, R11W.
 - d. Zone "D" -- Pima County; the following portions of Pinal County: T10S, R10E, sections 34-36; T10S, R11E, section 31; T7S, R16E; T6S, R16E; T5S, R15E; T5S, R16E and T4S, R14E; and the following portions of the Aguila area: T6N, R8W; T7N, R8W, 9W, 10W; T7N, R11W, other than sections 24, 25 and 36; and T8N, R9W, sections 31-36.
 - e. Zone "E" -- All portions of the state not included in zones "A", "B", "C", and "D."
2. No stub or volunteer cotton shall be grown in or allowed to grow in the state. The landowner or grower shall be responsible for eliminating stub or volunteer cotton.
 3. Tillage deadline. Except as provided in subsection (C)(4), a grower shall ensure that a crop remnant of a host plant remaining in the field after harvest is shredded and the land tilled to destroy the host plant and its root system so no stalks remain attached to the soil before the following dates or before planting another crop, whichever occurs earlier: Zone "A", January 15; Zone "B", March 1; Zone "C", February 15; Zone "D", March 1; Zone "E", February 15.
 4. Rotational crop following cotton harvest.
 - a. If a grower elects to plant a small-grain crop following a cotton harvest, the grower may, after the host plant is shredded, irrigate and plant with wheat, barley, or oats (or other similar small-grain crops approved in writing by the Associate Director before planting) instead of tilling as prescribed in subsection (C)(3). The small-grain crop shall be planted before the tillage deadline for the zone.
 - b. The Associate Director shall approve small-grain crops other than wheat, barley, and oats, if the planting, growth, and harvest cycles of the small-grain crop prevents the maturation of stub or volunteer cotton. A grower shall submit a written request for approval of a small-grain crop, other than wheat, barley, or oats, at least 15 days before the tillage deadline for the zone. The written request shall include the scientific and common name of the proposed small-grain crop and the estimated date of harvest.
 - c. If a grower elects to plant a crop other than an approved small-grain crop following a cotton harvest, the requirements specified in subsection (C)(3) apply.
 5. Planting dates.
 - a. A grower who meets the tillage deadline specified in subsection (C)(3) for the preceding cotton crop year shall not plant cotton earlier than 15 days after the tillage deadline for the zone.
 - b. A grower who does not meet the tillage deadline specified in subsection (C)(3) for the preceding cotton crop year shall not plant cotton on a farm until 15 days after the grower ensures that all crop remnants of a host plant remaining in the fields after harvest are shredded and the land tilled to destroy the host plant and its root system so no stalks remain attached to the soil.
 6. Dry planting. Any grower who meets the tillage deadline for the zone may dry plant cotton five days after the till-

age deadline for that zone, but shall not water until 15 days after the tillage deadline for that zone.

7. An inspector shall give written notice to any owner or person in charge or control of the nuisance found in violation of subsection (C). The processes established in subsections (C)(3) and (C)(4) shall be repeated, as necessary, to destroy the pests.

R3-4-220. Citrus Nursery Stock Pests

A. Definitions. In addition to the definitions provided in A.R.S. § 3-201, R3-4-101 and R3-4-201, the following terms apply to this Section:

1. "Diseases" means any of the following diseases, notwithstanding the definition in A.R.S. § 3-201:
 - a. Citrus Cachexia (CCaVd),
 - b. Citrus Exocortis Virus (CEVd),
 - c. Citrus Psorosis Virus (CPsV),
 - d. Citrus Tristeza Virus (CTV), or
 - e. Citrus greening disease (HLB), *Candidatus Liberibacter asiaticus*.
2. "Shoot-tip-grafting" means a treatment method that employs micro-grafting to eliminate the chances of transmitting a disease.
3. "Thermotherapy" means a treatment method for propagative material that employs high temperatures to eliminate the presence of a disease.

B. Area under quarantine. All states, territories, and districts of the United States, except the state of Arizona.

C. Regulated commodities. Citrus nursery stock. All plants or plant parts, except seed or attached green fruit, of all species, varieties, or hybrids of the genera *Citrus*, *Eremocitrus*, *Fortunella*, *Poncirus*, and *Microcitrus*.

D. Restrictions.

1. The commodity listed in subsection (C) is prohibited from entry into the state from the area under quarantine unless one of the following conditions are met prior to shipment:
 - a. The regulated commodity is permitted under a USDA-APHIS approved program for the interstate movement of citrus nursery stock;
 - b. A regulated commodity that is not subject to the restrictions for the interstate movement of citrus nursery stock may be certified under an origin state department of agriculture authorized program or National Clean Plant Network program that ensures the regulated commodity is foundation or source material, or has been propagated from a foundation or source tree that has been:
 - i. Tested and found free of the diseases listed in subsections (A)(1)(a),(b),(c), and (d) within the previous 36 months;
 - ii. Tested and found free of the disease listed in subsection (A)(1)(e) within the previous 12 months;
 - iii. Treated by thermotherapy or shoot-tip-grafting;
 - iv. Assigned and tagged with an index number; and
 - v. Released from the origin state or federal quarantine.
 - c. The regulated commodity is safeguarded and certified by an alternative method approved by the Associate Director.
2. A person shipping a regulated commodity into Arizona shall attach a single tag or label to each plant or plant

part, or to each individual container containing a plant or plant part, that is intended for resale by an Arizona receiver. The tag or label shall contain the following information separately provided for each scion variety grafted to a single rootstock:

- a. Name and address of the nursery that propagated the plant,
- b. Scion variety name,
- c. Scion variety registration number, and
- d. Rootstock variety name.

E. Disposition of regulated commodity not in compliance. A regulated commodity shipped into Arizona in violation of this Section shall be destroyed, treated, or transported out-of-state (A.R.S. § 3-210).

R3-4-229. Nut Tree Pests

A. Definitions. In addition to the definitions provided in A.R.S. § 3-201, R3-4-101 and R3-4-201, the following terms apply to this Section:

1. "Brooming" means a phytoplasma disease that drastically reduces nut production and sometimes causes death of the host tree.
2. "Pest" means any of the following, notwithstanding the definition in A.R.S. § 3-201:
 - a. Pecan leaf casebearer, *Acrobasis juglandis*;
 - b. Pecan nut casebearer, *Acrobasis nuxvorella*;
 - c. Pecan phylloxera, *Phylloxera notabilis*; and
 - d. The phytoplasma disease that causes brooming disease of walnut.

B. Area under quarantine: All states, districts, and territories of the United States except California.

C. Infested area.

1. For the pests in subsections (A)(2)(a) and (b): All states and districts east of and including the states of Montana, Wyoming, Colorado, and New Mexico.
2. For the pest in subsection (A)(2)(c): Alabama, Arkansas, Louisiana, Mississippi, Oklahoma, and Texas.
3. For the pest in subsection (A)(2)(d): All states and districts east of and including Montana, Wyoming, Colorado, and New Mexico.

D. Commodities covered:

1. All species and varieties of the following trees and all plant parts capable of propagation, except the nuts. Plant parts include buds, scions, and rootstocks:
 - a. Hickory and pecan (*Carya* spp.);
 - b. Walnut and butternut (*Juglans* spp.);
2. All by-products of pruning, harvesting and/or processing, including firewood of a commodity listed in subsection (D)(1).
3. Any used equipment used during the growing, harvesting, care, or maintenance of a commodity listed in subsection (D)(1);
4. Any used container, used in the handling, storage, or transport of a commodity listed in subsection (D)(1).

E. Restrictions:

1. The commodities listed in subsection (D)(1), that are potted in any growing media shall be prohibited from the area under quarantine, unless otherwise exempted by the Associate Director.
2. The commodities listed in subsection (D)(1), that are not potted in any growing media, shall be admitted into Arizona:
 - a. From the infested area prescribed in subsections (C)(1) and (C)(2) if treated at origin and each lot or shipment is accompanied by a certificate issued by a plant regulatory official affirming the commodity has been treated in accordance with a selected method prescribed in subsections (F)(1), (2), or (5);
 - b. From an area under quarantine outside the infested area, if each lot or shipment is accompanied by a certificate issued by a plant regulatory official affirming that the commodities originated in a county not known to be infested with the pests listed in subsections (A)(2)(a), (b), and (c).
3. The commodities listed in subsection (D)(1)(b) shall be:
 - a. Prohibited from entering Arizona from the infested area prescribed in subsection (C)(3);
 - b. Admitted into Arizona from an area under quarantine outside the infested area prescribed in subsection (C)(3), if each lot or shipment is accompanied by a certificate issued by a plant regulatory official affirming the pest listed in subsection (A)(2)(d) is unknown in the origin county.
4. The commodities listed in subsection (D)(2) are prohibited from entering the state unless treated by a method prescribed in subsections (F)(1), (3), or (5).
5. The commodities listed in subsections (D)(3) and (4) are prohibited from entering the state unless treated by a method indicated in subsections (F)(1),(4) or (5).

F. Treatments:

1. Methyl bromide fumigation at manufacturers recommended rates.
2. A hot-water dip at 140° F or more for a minimum of 30 continuous seconds.
3. Heat treated to an internal temperature of 160° F at the center of the commodity for at least 75 minutes.
4. Used equipment and containers.
 - a. Steam-cleaned, inspected, and certified free from debris by the origin state, or
 - b. Cold treatment in a cold storage chamber at or below 0° F for at least seven consecutive days (168 hours).
5. Any other treatment approved by the Associate Director.

“Pest” means any of the following, notwithstanding the definition in A.R.S. § 3-201:

1. Pecan weevil, *Curculio caryae*;
2. Butternut curculio, *Conotrachelus juglandis*;
3. Black walnut curculio, *Conotrachelus retentus*;
4. Hickory shuckworm, *Cydia caryana*.

“Sticktights” means the remnant husks and/or debris that remain on an in-shell nut after the cleaning process.

B. Area under quarantine:

1. For the pest under subsection (A)(1): The New Mexico counties of Chaves, Curry, Eddy, and Lea and all other states and districts of the United States except California.
2. For the pest under subsection (A)(2): The New Mexico counties of Lea, Eddy, and Dona Ana, and all other states and districts of the United States except California.
3. For the pests under subsections (A)(3) and (4): All states and districts of the United States except California.

C. Commodities covered:

1. Nuts of all species and varieties of hickory, pecan (*Carya spp.*), walnut and butternut (*Juglans spp.*), except extracted nut meats.
2. Any used equipment used during growing, harvesting, care, or maintenance of a commodity listed in subsection (C)(1).
3. Any used container, used in the handling, storage, or transport of a commodity listed in subsection (C)(1).

D. Restrictions:

1. A commodity listed in subsection (C)(1), originating in or shipped from the area under quarantine, shall be admitted into Arizona if the commodity has been cleaned of husks, hulls, debris, and sticktights and each lot or shipment is accompanied by a certificate issued by a plant regulatory official affirming the commodity has been treated by a method prescribed in subsections (E)(1), (2), (3), or (5).
2. A commodity listed in subsections (C)(2) and (3) shall be admitted into Arizona if the commodity has been treated by a method prescribed in subsections (E)(3), (4), or (5).

E. Treatment:

1. Cold treatment: The commodities shall be held in a cold storage chamber at or below 0° F for at least seven consecutive days (168 hours). The treatment shall not start until the entire content of the lot of nuts has reached 0° F.
2. A hot-water bath treatment at 140° F for a minimum of five continuous minutes. Water temperature shall be

maintained at or above 140° F during the entire treatment period.

3. Methyl bromide fumigation at manufacturers recommended rates.
4. Used equipment and containers.
 - a. Steam-cleaned, inspected, and certified free from debris by the origin state,
 - b. Cold treatment in a cold storage chamber at or below 0° F for at least seven consecutive days (168 hours).
5. Any other treatment approved by the Associate Director.

R3-4-233. Lettuce Mosaic Virus

- A.** Definitions. In addition to the definitions provided in R3-4-101, the following terms apply to this Section:

1. “Breeder seed” means unindexed lettuce seed that a lettuce breeder or researcher controls, and that is not available for commercial sale or propagation.
2. “Breeder trial” means breeder seed grown to develop a new variety of lettuce.
3. “Mosaic-indexed” means that a laboratory tested at least 30,000 lettuce seeds from a seed lot and found that all sampled seeds were determined to be free from lettuce mosaic virus.
4. “Pest” means lettuce mosaic virus.
5. “Unindexed lettuce seed” means lettuce seed that is not mosaic-indexed.

- B.** Area Under Quarantine: All states, districts, and territories of the United States.

- C.** Regulated Commodities: Plants and plant parts, including seeds, of all varieties of lettuce, *Lactuca sativa*.

D. Restrictions.

1. A person shall not import into, transport within, plant, or sell in Arizona unindexed lettuce seed unless the unindexed lettuce seed is exempted under subsection (E) or the person obtains a permit as prescribed in subsection (G).
2. Each container or subcontainer of mosaic-indexed seed shall bear a label with the statement “Zero infected seeds per 30,000 tested (0 in 30,000)” as well as the name of the certified or accredited laboratory that tested the seed under subsection (D)(5).
3. A person shall not import into, transport within, plant, or sell in Arizona lettuce transplants unless the transplants are exempted under subsection (E), or unless an original certificate, issued by the origin state, accompanies the shipment. The certificate shall declare:
 - a. The name of the exporter,
 - b. The variety name and lot number of the seed from which the transplants were grown, and

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- c. Verification that the seeds from which the transplants were grown were mosaic-indexed.
 - 4. A grower shall disk or otherwise destroy all lettuce fields within 10 days after the last day of commercial harvest or abandonment, unless prevented by documented weather conditions or circumstances beyond the control of the grower.
 - 5. Laboratories that index lettuce seed that is shipped to Arizona shall be certified by the agricultural department of the laboratory's state of origin or by the Arizona Department of Agriculture, in accordance with A.R.S. § 3-145, or shall be accredited by the National Seed Health System. Laboratories shall provide a copy of their certificate or accreditation letter to the Arizona Department of Agriculture by January 1 of the year that shipping will take place.
- E. Exemptions. The requirements of subsection (D) do not apply to:
 - 1. Lettuce seed sold in retail packages of 1 oz. or less to the homeowner for noncommercial planting,
 - 2. Shipments of lettuce transplants consisting of five flats or less per receiver for noncommercial planting,
 - 3. Breeder trials for a plot of 1/20 of an acre or less, or
 - 4. Breeder trials for a plot of greater than 1/20 of an acre but no more than 1.25 acres provided the breeder or researcher:
 - a. Places a flag, marked with a trial identification number, at each corner of a breeder trial plot;
 - b. Provides the following written information to the Department within 10 business days of planting breeder seed:
 - i. GPS coordinates for each breeder trial plot using NAD 83 decimal degrees;
 - ii. A detailed map showing the location of each breeder trial plot;
 - iii. An identification number for each breeder trial plot; and
 - iv. The name, address, telephone number, and e-mail address for the breeder or researcher;
 - c. Monitors the lettuce for pest symptoms, and notifies the Department, by telephone, by the end of the first business day following the detection of pest symptoms;
 - d. Removes and destroys all plants exhibiting pest symptoms from the breeder trial plot and places them in a sealed container for disposal in a landfill;
 - e. Labels bills of lading or invoices accompanying breeder seed into Arizona with the statement "LETTUCE SEED FOR BREEDER TRIALS ONLY"; and
 - f. Destroys lettuce plants remaining in a breeder trial plot within 10 days after the completion of breeding trials unless prevented by documented weather conditions or circumstances beyond the control of the researcher or breeder.
- F. A breeder or researcher may conduct multiple breeder trials in Arizona under the provisions of subsection (E)(3) and (4).
- G. Permits.
 - 1. A person may apply for a permit to import unindexed lettuce seed for temporary storage in Arizona if the person:
 - a. Maintains the identity of the seed while in Arizona;
 - b. Does not sell or distribute the seed for use in the state;
 - c. Does not transfer the seed to any other facility in the state; and
 - d. Reships the seed from the state within seven days or the period of time specified on the permit, whichever is longer.
 - 2. A person may apply for a permit to transport unindexed lettuce seed into Arizona to be mosaic-indexed.
- H. Disposition of Violation.
 - 1. Any infected shipment of lettuce seed or transplants arriving in or found within the state, in violation of this Section, shall be immediately destroyed. The owner or the owner's agent shall bear the cost of the destruction.
 - 2. Any shipment of unindexed lettuce seed or transplants arriving in or found within the state in violation of this Section shall be immediately sent out-of-state or destroyed at the option of the owner or the owner's agent. The owner or the owner's agent shall bear the cost of the destruction or of sending the lettuce seed or transplants out-of-state.
 - 3. Any Arizona lettuce fields in violation of this Section shall be abated as established in A.R.S. §§ 3-204 and 3-205. The owner or person in charge may be assessed a civil penalty established in A.R.S. § 3-215.01.
 - 4. Violation of any provision of a permit issued under subsection (G) may result in suspension or revocation of the permit.

R3-4-239. Imported Fire Ants

- A. Definitions. "Pest" means any species of imported fire ants, including *Solenopsis invicta* and *Solenopsis richteri*, notwithstanding the definition in A.R.S. § 3-201.
- B. Area under quarantine. A state or portion of a state listed in 7 CFR 301.81-3, 57 FR 57327, December 4, 1992, Federal Domestic Order DA-2018-11, April 17, 2018, and any area a state declares infested. This material is incorporated by reference, on file with the Department and the Office of the Secretary State, and does not include any later amendments or editions.
- C. Regulated commodities.
 1. Soil, separately or with other articles, except potting soil shipped in an original container in which the potting soil is packaged after commercial preparation; and
 2. All plants associated with soil, except:
 - a. Plants that are maintained indoors year-round, and are not for sale; and
 - b. Plants shipped bare-root and free of soil.
- D. Restrictions.
 1. An Arizona receiver of a regulated commodity shall establish a Department-approved quarantine holding area that meets the following specifications:
 - a. The floor is of a permeable surface, such as sand or soil, and free from debris, grass, or weeds;
 - b. The area is isolated from public access, surrounded by a fence or other barrier;
 - c. The integrity and security of the area is maintained at all times; and
 - d. If outdoors, the area is at least 15 feet from any masonry wall, property boundary, or non-quarantine plant.
 2. A shipper or receiver shall unload a regulated commodity at destination into an approved quarantine holding area as prescribed in subsection (D)(1). The Department may inspect the regulated commodity as follows:
 - a. A regulated commodity from an area under quarantine in subsection (B) shall be held at least three consecutive days, unless otherwise released by an inspector.
 - b. A regulated commodity may be inspected to determine compliance with this Section.
 - c. A disposition shall be provided by an inspector upon completion of an inspection.
 - d. If an inspection to determine compliance with this Section is not conducted, an inspector shall release the regulated commodity.

3. A receiver shall only apply a pesticide or other chemical to a regulated commodity located in a quarantine holding area as authorized by the Associate Director.

- E. Exemptions. Soil samples of no more than 15 pounds that comply with the interstate movement requirements of 7 CFR §§ 301.81 et seq., 75 FR 4240, January 26, 2010, Federal Domestic Order DA-2018-11, April 17, 2018, are exempt from the requirements of this Section.
- F. Disposition of commodity not in compliance. A regulated commodity shipped into Arizona in violation of this Section may be treated, destroyed, or transported out-of-state by the owner and at the owner's expense as authorized by the Associate Director.

R3-4-245. Noxious Weeds

- A. Definitions. In addition to the definitions provided in A.R.S. § 3-201, R3-4-101 and R3-4-201, the following apply to this Section:

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

1. "Class A Noxious Weed" is categorized as a species of plant that is not known to exist or of limited distribution in the state and is a high priority pest for quarantine, control, or mitigation. Class A noxious weeds are listed in Table 4, Class A Noxious Weeds.
 2. "Class B Noxious Weed" is categorized as a species of plant that is known to occur, but of limited distribution in the state and may be a high priority pest for quarantine, control or mitigation if a significant threat to a crop, commodity, or habitat is known to exist. Class B noxious weeds are listed in Table 5, Class B Noxious Weeds.
 3. "Class C Noxious Weed" is categorized as a species of plant that is widespread but may be recommended for active control based on risk assessment. Class C noxious weeds are listed in Table 6, Class C Noxious Weeds.
- B. Restrictions:**
1. No Class A, B, or C Noxious Weed, or commodity infested or contaminated with a Class A, B, or C Noxious Weed, shall be admitted into the state unless otherwise authorized by the Associate Director.
 2. The Department may quarantine and abate an area infested or contaminated with a Class A or Class B Noxious Weed if it has been determined by the Associate Director that an imminent threat to agriculture or horticulture exists.
- Historical Note**
- Former Rule, Quarantine Regulation 26. Amended effective June 19, 1978 (Supp. 78-3). Amended subsection (B) effective May 2, 1986 (Supp. 86-3). Section R3-1-74 renumbered to R3-4-245 (Supp. 91-4). Section repealed, new Section adopted effective July 10, 1995 (Supp. 95-3). Amended effective June 4, 1998 (Supp. 98-2). - R3-4-248. Japanese beetle**
- A. Definitions.** In addition to the definitions provided in A.R.S. § 3-201, R3-4-101 and R3-4-201, the following apply to this Section:
1. "Host commodities" means the commodities listed in the JBHP, Appendix 6.
 2. "JBHP" means the U.S. Domestic Japanese Beetle Harmonization Plan, adopted by the National Plant Board on August 19, 1998, and revised June 20, 2016.
 3. "Pest" means the Japanese beetle, *Popillia japonica*, notwithstanding the definition in A.R.S. § 3-201.
- B. Area under quarantine:** All Category 2 and 3 areas listed in the JBHP, which is incorporated by reference, does not include any later amendments or editions, and is on file with the Department, the Office of the Secretary of State, and the National Plant Board at <http://nationalplantboard.org/japanese-beetle-harmonization-plan/>.
- C. Host commodities covered.** All commodities, except grass sod, listed in the JBHP, Appendix 12.
- D. An out-of-state grower who imports a host commodity into Arizona shall comply with the JBHP, except as provided under subsection (E).**
- E. Restrictions on importation.**
1. An out-of-state grower shall not import into Arizona a host commodity under subsection (C) from an area under quarantine unless the commodity is accompanied by a certificate issued by a plant regulatory official of the origin state ensuring compliance with the requirements of the JBHP, Appendix 1.
 2. Notwithstanding the requirements of the JBHP, Appendix 1, the Associate Director may admit grass sod from an out-of-state grower for shipment to Arizona if:
 - a. The out-of-state grower requests an exception agreement from the Department;
 - b. The out-of-state grower, the State Plant Regulatory Official of the origin state, and the Associate Director sign an agreement that includes the following terms:
 - i. The out-of-state grower shall ship sod grown only in a Japanese beetle-free county;
 - ii. The State Plant Regulatory Official or designee shall place and monitor Japanese beetle traps on the grass sod farm during the agreement period. At least one trap shall be placed on each 10 acres of land. A buffer zone of a one-mile radius shall be established around the grass sod farm, and two traps per square mile shall be placed in the buffer zone. The Department shall revoke the agreement if the origin state documents that one or more Japanese beetles are detected in any trap;
 - iii. The State Plant Regulatory Official or designee shall inspect sod before shipment to ensure it is free of the pest; and
 - iv. The out-of-state grower shall notify the Associate Director or their designee of sod shipments destined to Arizona prior to shipment.
 - c. Both the out-of-state grower and the State Plant Regulatory Official shall perform any other requirement established by the Associate Director to ensure the grass sod is free from all life stages of Japanese beetle.
 3. An out-of-state grower shall not import into Arizona a host commodity from a Category 4 state unless certified by the State Plant Regulatory Official or designee attesting that the host commodity is apparently free of Japanese beetle and has been treated by an approved method to eliminate all live life stages of the pest.
 4. Exemptions from importation ban:
 - a. Privately-owned houseplants grown indoors; and
 - b. Commodities that have been treated by an alternate method approved by the Associate Director and cer-

ARTICLE 3. NURSERY CERTIFICATION PROGRAM**EMERGENCY RULEMAKING****R3-4-301. Nursery Certification****A. Definitions.** The following terms apply to this Section.

"Associate Director" means the Associate Director of the Arizona Department of Agriculture's Plant Services Division.

"Certificate" means a document issued by the Director, Associate Director or by a Department inspector stating that the nursery stock has been inspected and complies with the criteria set forth by an agricultural agency of any state, county, or commonwealth.

"Certificate holder" means a person who holds a certificate issued in accordance with this Section.

"Collected nursery stock" means nursery stock that has been dug or gathered from any site other than a nursery location.

"Commercially clean" means nursery stock offered for sale is in a healthy condition and, though common pests may be present, they exist at levels that pose little or no risk.

"Common pest" means a pest, weed, or disease that is not under a state or federal quarantine or eradication program and is of general distribution within the state.

"Director" means the Director of the Arizona Department of Agriculture.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

“General nursery stock inspection certification” means an inspection carried out at the request of a person for the purpose of meeting the general nursery inspection requirements of another state.

“Nursery location” means real property with one physical address, upon which nursery stock is propagated, grown, sold, distributed, or offered for sale.

“Quarantine pest” means an economically important pest that does not occur in the state or that occurs in the state but is not widely distributed or is being officially eradicated.

“Single shipment nursery stock inspection certification” means a visit to a single location by a Department inspector to certify one or more shipments of nursery stock for compliance with the quarantine requirements of the receiving state, county, or commonwealth.

- B.** General nursery stock inspection certification. A person may apply for general nursery stock inspection certification by submitting to the Department the application described in subsection (E) for each nursery location. The applicant shall submit a \$50 inspection fee to the Department at the time of inspection for each nursery location. Each nursery location shall be inspected and certified separately. An application for initial certification may be submitted at any time. A certificate will be valid for one year, and may be renewed. A renewal application shall be submitted each year by February 15.
 1. The Department shall issue a general nursery stock inspection certificate to the applicant if, following a Department inspection, the nursery stock is found free of quarantine pests, and commercially clean of common pests that are adversely affecting the nursery stock.
 - a. The Department shall only certify nursery stock that is found free of quarantine pests. The applicant shall not remove from the nursery any nursery stock that is found infested with a quarantine pest until a Department inspector determines that the pest has been eliminated.
 - b. The Department shall restrict the movement of any nursery stock found infested with a common pest that a Department inspector determines is adversely affecting the nursery stock. The applicant shall establish a treatment program to control the pest and shall not remove the infested nursery stock from the nursery until a Department inspector determines that the pest has been controlled.
 2. A certificate holder shall ensure that a nursery with a general nursery stock inspection certificate remains free of quarantine pests and commercially clean of common pests that are adversely affecting the nursery stock throughout the period that the certificate is valid.
 3. A certificate holder shall not distribute, transport, or sell nursery stock interstate if it is infested with a quarantine pest or a common pest that is adversely affecting the nursery stock.
 4. A certificate holder may reproduce a general nursery stock inspection certificate without the Department’s permission for nursery use.
 5. A certificate holder shall ensure that the nursery’s general nursery stock inspection certificate accompanies each shipment of nursery stock that is moved out of the state.
 6. A certificate holder shall maintain all invoices or other shipping documents for shipments received by and shipped from the nursery for up to one year. The certificate holder shall make the documents available to the Department upon request, as authorized by A.R.S. § 3-201.01(A)(6).
7. The Department shall inspect a nursery with a general nursery stock inspection certificate at any time during the certificate period to verify compliance with this Section.
8. A general nursery stock inspection certificate expires on December 31 of each year unless renewed, suspended, or revoked as provided in this Section.
9. A person with a general nursery stock inspection certificate may also need to obtain a special nursery stock inspection certificate to meet a specific quarantine entry requirement of another state, as prescribed in subsection (C).
- C.** Special nursery stock inspection certification. A person may apply for special nursery stock inspection certification to meet specific quarantine entry requirements of another state that are not addressed by the general nursery stock inspection certificate described in subsection (B). The applicant shall submit to the Department the application described in subsection (E) and a \$50 inspection fee for each nursery location.
 1. An applicant shall ensure that the applicant’s nursery stock is free of quarantine pests as required by the receiving state and commercially clean of common pests that are adversely affecting the nursery stock. The Department shall not certify nursery stock that is infested with a quarantine pest until a Department inspector determines that the pest has been eliminated. The Department shall not certify nursery stock that is infested with a common pest that a Department inspector determines is adversely affecting the nursery stock.
 2. A certificate holder shall not reproduce or duplicate a special nursery stock inspection certificate without written permission from the Department.
 3. A special nursery stock inspection certificate is valid for one year from the issue date unless the receiving state requires a shorter certification period.
- D.** Single shipment nursery stock inspection certification. A person may apply for a single shipment nursery stock inspection certification to meet the entry requirements of another state by submitting to the Department the application described in subsection (E) with a \$50 inspection fee.
 1. An applicant for a single shipment nursery stock inspection certificate shall ensure that the nursery stock in each shipment is free from quarantine pests, as required by the receiving state, and commercially clean of common pests that are adversely affecting the nursery stock. The Department shall not certify nursery stock that is infested with a quarantine pest until a Department inspector determines that the pest has been eliminated. The Department shall not certify nursery stock that is infested with a common pest that a Department inspector determines is adversely affecting the nursery stock until the pest has been controlled.
 2. A single shipment nursery stock inspection certificate is valid for seven calendar days following the inspection date. A certificate holder may apply for a new certificate if the original certificate expires before the shipment leaves Arizona.
 3. A certificate holder shall not reproduce or duplicate a single shipment nursery stock inspection certificate.
 4. A person who has obtained a single shipment nursery stock inspection certificate for collected nursery stock shall retain a record, for at least one year from the ship-

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

ment date, of the street address from which each plant in a shipment was collected. The person shall provide the collected nursery stock record to the Department upon request.

- E.** Application. A person applying for a certificate under this Section shall provide the following information on a form obtained from the Department:
1. Applicant's name, nursery name, mailing address, telephone and fax numbers, and email address, as applicable;
 2. Location at which inspection is to be made, by legal description or physical address;
 3. Number of acres, structures, or vehicles to be inspected, as applicable;
 4. For shipping, the state, county, or commonwealth of planned destination, the category of inspection, and the nursery stock to be certified;
 5. Applicant's Social Security number or tax identification number; and
 6. Applicant's signature and date of signature.
- F.** Based upon the circumstances of each case, the Associate Director may:
1. Refuse to issue a certificate if, after inspection, the Associate Director determines that an applicant has not met a requirement for certification.
 2. Revoke a certificate for a violation of a condition of the certificate.
 3. Suspend, for a period of up to 90 days, a certificate for misuse or misrepresentation related to the certificate.
 4. Refuse to issue or suspend a certificate issued under this Section if the applicant or certificate holder refuses to provide the Department with documents that demonstrate the ownership, origin, or destination of nursery stock presented for certification.
- G.** Notwithstanding subsections (B) through (D), during fiscal year 2025, an applicant for nursery stock inspection certification shall pay the following fee:
1. For general certification, \$250.
 2. For single shipment certification, \$50 for the first lot plus \$10 for each additional lot per Department site trip.

Historical Note

Section amended by emergency rulemaking at 30 A.A.R. 2981 (October 4, 2024), effective September 14, 2024, with a legal provision that the emergency expire on July 1, 2025, as specified in Laws 2024, Ch. 214, § 11(B) (Supp. 24-3).

The Department shall not certify nursery stock that is infested with a common pest that a Department inspector determines is adversely affecting the nursery stock.
 2. A certificate holder shall not reproduce or duplicate a special nursery stock inspection certificate without written permission from the Department.
 3. A special nursery stock inspection certificate is valid for one year from the issue date unless the receiving state requires a shorter certification period.
- D. Single shipment nursery stock inspection certification.** A person may apply for a single shipment nursery stock inspection certification to meet the entry requirements of another state by submitting to the Department the application described in subsection (E) with a \$50 inspection fee.
1. An applicant for a single shipment nursery stock inspection certificate shall ensure that the nursery stock in each shipment is free from quarantine pests, as required by the receiving state, and commercially clean of common pests that are adversely affecting the nursery stock. The Department shall not certify nursery stock that is infested with a quarantine pest until a Department inspector determines that the pest has been eliminated. The Department shall not certify nursery stock that is infested with a common pest that a Department inspector determines is adversely affecting the nursery stock until the pest has been controlled.
 2. A single shipment nursery stock inspection certificate is valid for seven calendar days following the inspection date. A certificate holder may apply for a new certificate if the original certificate expires before the shipment leaves Arizona.
3. A certificate holder shall not reproduce or duplicate a single shipment nursery stock inspection certificate.
 4. A person who has obtained a single shipment nursery stock inspection certificate for collected nursery stock shall retain a record, for at least one year from the shipment date, of the street address from which each plant in a shipment was collected. The person shall provide the collected nursery stock record to the Department upon request.
- E. Application.** A person applying for a certificate under this Section shall provide the following information on a form obtained from the Department:
1. Applicant's name, nursery name, mailing address, telephone and fax numbers, and email address, as applicable;
 2. Location at which inspection is to be made, by legal description or physical address;
 3. Number of acres, structures, or vehicles to be inspected, as applicable;
 4. For shipping, the state, county, or commonwealth of planned destination, the category of inspection, and the nursery stock to be certified;
 5. Applicant's Social Security number or tax identification number; and
 6. Applicant's signature and date of signature.
- F. Based upon the circumstances of each case, the Associate Director may:**
1. Refuse to issue a certificate if, after inspection, the Associate Director determines that an applicant has not met a requirement for certification.
 2. Revoke a certificate for a violation of a condition of the certificate.
 3. Suspend, for a period of up to 90 days, a certificate for misuse or misrepresentation related to the certificate.
 4. Refuse to issue or suspend a certificate issued under this Section if the applicant or certificate holder refuses to provide the Department with documents that demonstrate the ownership, origin, or destination of nursery stock presented for certification.
- G. Notwithstanding subsections (B) through (D), during fiscal year 2024, an applicant for nursery stock inspection certification shall pay the following fee:**
1. For general certification, \$250.
 2. For single shipment certification, \$50 for the first lot plus \$10 for each additional lot per Department site trip.

ARTICLE 4. SEEDS**R3-4-401. Definitions**

In addition to the definitions provided in A.R.S. § 3-231, the following shall apply to this Article:

1. "Blend" means seed consisting of more than one variety of a kind, with each variety in excess of five percent by weight of the whole.
2. "Brand" means a word, name, symbol, number, or design used to identify seed of one person to distinguish it from seed of another person.
3. "Certifying agency" means:

- a. An agency authorized under the laws of this state to officially certify seed and that has standards and procedures approved by the U.S. Secretary of Agriculture to assure the varietal purity and identity of the seed certified, or
 - b. An agency of a foreign country determined by the U.S. Secretary of Agriculture to adhere to procedures and standards for seed certification comparable to the procedures and standards adhered to generally by seed-certifying agencies under subsection (a) of this definition.
4. "Coated seed" means seed that has been covered with a substance that changes the size, shape, or weight of the original seed. Seed coated with ingredients such as rhizobia, dyes, and pesticides is not coated seed.
 5. "Conditioning" or "conditioned" means drying, cleaning, scarifying, and other operations that could change the purity or germination of the seed and require the seed lot to be retested to determine the label information.
 6. "Dormant" means viable seed, excluding hard seed, that fails to germinate when provided the specified germination conditions for that kind of seed.
 7. "Federal Seed Act" means the federal law at 7 U.S.C. §§ 1551-1611 (Federal Seed Act of 1939, as amended 85 FR 40571, August 6, 2020, <https://www.federalregister.gov/d/2020-12920>) and the regulations promulgated under 7 C.F.R. §§ 201.1 et seq. (as amended 47 FR 746, January 7, 1992, <https://www.ecfr.gov/current/title-7/part-201>). These materials are incorporated by reference, on file with the Department, and do not include any later amendments or editions.
 8. "Flower seeds" means seeds of herbaceous plants grown for their blooms, ornamental foliage, or other ornamental parts, and commonly known and sold under the name of flower or wildflower seeds in this state.
 9. "Germination" means the emergence and development from the seed embryo of those essential structures that, for the kind of seed in question, are indicative of the ability to produce a normal plant under favorable conditions.
 10. "Hard seeds" means seeds that remain hard at the end of the prescribed germination test period because they have not absorbed water due to an impermeable seed coat.
 11. "Inert matter" means all matter that is not seed, including broken seeds, sterile florets, chaff, fungus bodies, and stones.
 12. "Mixture", "mix", or "mixed" means seed consisting of more than one kind, each in excess of five percent by weight of the whole.
 13. "Mulch" means a protective covering of any suitable substance placed with seed that acts to retain sufficient moisture to support seed germination, sustain early seedling growth and aid in preventing soil moisture evaporation, control of weeds, and erosion prevention.
 14. "Non-commercial Seed Sharing" means that no monetary consideration or compensation may be transferred in return for receiving seeds. Additionally, anyone distributing seeds under the rules of this definition may not expect, or create the expectation, that seeds must be returned in exchange for receiving seeds. If distribution of seeds is found to be in anticipation or connected to money paid for work or services rendered by the same person distributing seeds, such distribution shall not be considered non-commercial within these rules.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

15. "Origin" means the state where the seed was grown, or if not grown in the United States, the country where the seed was grown.
16. "Other crop seed" means seeds of plants grown as crops other than the kind or variety included in the pure seed, as determined by methods defined in this Article.
17. "Pure live seed" means the product of the percent of germination plus hard or dormant seed multiplied by the percent of pure seed divided by 100. The result is expressed as a whole number.
18. "Pure seed" means a kind of seed excluding inert matter and all other seed not of the kind being considered.
19. "Replacement date sticker" means a sticker on a label that displays a new test date.
20. "Retail" means sales that are not intended for agricultural use and are prepared for use by a consumer in home gardens or household plantings only.
21. "Seed count" means the number of seeds per unit weight in a container.
22. "Seizure" means taking possession of seed pursuant to a court order.
23. "Wholesale" means sales of seeds that are intended for agricultural use normally in quantities for resale, as by an agricultural retail merchant and are not prepared for use in home gardening or household plantings.
24. "Working sample" means the number of seeds required under §§ 402 and 403 of the Federal Seed Act.
5. Labeling of seed distributed for wholesale. After seed has been conditioned, a labeler shall ensure the seed is labeled as follows:
 - a. When supplied for retail or directly to a consumer, each bag or bulk lot must be completely labeled.
 - b. When supplied for wholesale, if each bag or other container is clearly identified by a lot number permanently displayed on the container or if the seed is in bulk, the labeling of seed may be by invoice.
 - c. When supplied for wholesale, if each bag or container is not identified by a lot number, it must carry complete labeling.
6. Seeds for sprouting. All labels of seeds sold for sprouting for salad or culinary purposes shall indicate the following information:
 - a. Commonly accepted name of kind or kinds;
 - b. Lot number;
 - c. Percentage by weight of each pure seed component in excess of 5 percent of the whole, other crop seeds, inert matter, and weed seeds, if occurring;
 - d. Percentage of germination of each pure seed component;
 - e. Percentage of hard seed, if present; and
 - f. The calendar month and year the germination test was completed to determine the percentages in subsections (c), (d) and (e).
7. Non-Commercial Seed Sharing. Agricultural, vegetable, or flower seeds that are distributed for sowing purposes in a non-commercial setting shall bear on each container a plainly written or printed label or tag in English with the following information:
 - a. The name of the kind or kinds and variety of each agricultural, vegetable, or flower seed component present. Hybrids shall be labeled as hybrids.
 - b. A word or statement indicating if the seed has been treated. And if treated, must be labeled as provided in subsection (C)(2).
 - c. Some form of reference identification that provides traceability. Retention of posterity file samples are not required.
 - d. Name and city or address of the non-commercial seed sharing entity.
 - e. The full name of the donor and calendar month and year the seed was donated.
 - f. The seed shall be free of foreign material, other than coatings or treatments, including germination medium, mulch, fertilizer, pre-planted containers, mats, tapes or other planting devices.
 - g. No distributed container shall hold more than eight ounces of agricultural seed or four ounces of vegetable or flower seed.
 - h. Germination and purity analysis are not required, however if a germination or purity percentage is noted on the label, it must be noted whether or not the analysis was performed according to the Association of Official Seed Analysts rules for testing seed.
 - i. At each location involved with non-commercial seed sharing a legible and visible sign shall state that the seeds being distributed may not meet germination or varietal purity standards prescribed by the state seed law. The sign must also state that patented seed or varieties protected by the Plant Variety Protection Act will not be accepted or distributed without permission of the certificate holder. (P.L. 91-577: 84

Historical Note

Former Rule, Arizona Seed Regulation 1. Amended effective August 31, 1981 (Supp. 81-4). Former Section R3-4-110 renumbered without change as Section R3-4-401 (Supp. 89-1). Section R3-4-401 renumbered from R3-1-401 (Supp. 91-4). Section repealed, new Section adopted effective July 10, 1995 (Supp. 95-3). Amended by final rulemaking at 13 A.A.R. 1464, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 29 A.A.R. 3932 (December 29, 2023), effective February 4, 2024 (Supp. 23-4).

R3-4-402. Labeling**A. General requirements:**

1. Blank spaces or the words "free or none" mean "0" and "0.00%" for the purpose of applying the tolerances prescribed in this Article.
2. Labeling for purity and germination shall not show higher results than actually found by test.
3. The terms "foundation seed," "registered seed," and "certified seed", as defined in the "Federal Seed Act", are authorized for use on seed certified by a seed certifying agency under the laws of Arizona as delineated in R3-4-405.
4. Relabeling. Any person relabeling seed in its original container shall include the following information on a label or a replacement date sticker:
 - a. The calendar month and year the germination test was completed to determine the germination percentage and the sell-by date as required by subsection (C)(3)(i)(iv) or (C)(5)(c)(i),
 - b. The same lot designation as on the original labels, and
 - c. The identity of the person relabeling the seed if different from the original labeler.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

Stat. 1542; 7 U.S.C. §§ 2321 through 2582 as amended December 20, 2018, <https://uscode.house.gov/view.xhtml?path=/prelim@title7/chapter57&edition=prelim>. These materials are incorporated by reference, on file with the Department, and do not include any later amendments or editions).

B. Kind, variety, or type.

1. All agricultural seeds sold in this state, except as stated in subsection (B)(2), shall be labeled to include the recognized variety name or type or the words "Variety not stated." A brand is not a kind and variety designation and shall not be used instead of a variety name.
2. All cotton planting seed sold, offered for sale, exposed for sale, or transported for planting purposes in this state, shall have a label that includes both kind and variety.

C. Agricultural, vegetable, or flower seeds that are sold, offered for sale, or exposed for sale within this state shall bear on each container a plainly written or printed label or tag in English. No modifications or disclaimers shall be made to the required label information in the labeling or on another label attached to the container. No misleading information shall appear on the label. The label shall include the following information:

1. For agricultural, vegetable, and flower seeds that have been treated, the following is required and may appear on a separate label:
 - a. Language indicating that the seed has been treated;
 - b. The commonly-accepted chemical name of the applied substance or a description of the process used;
 - c. If a substance that is harmful to human or animals is present with the seed, a caution statement such as "Do not use for food, feed, or oil purposes." The caution for highly toxic substances shall be a poison statement and symbol; and
 - d. If the seed is treated with an inoculant, the date of expiration, which is the date beyond which the inoculant is not to be considered effective.
2. For agricultural seeds, except for lawn and turf grass seed and mixtures of lawn and turf grass seed as provided in subsection (C)(3); for seed sold on a pure live seed basis as provided in subsection (C)(7); and for hybrids that contain less than 95 percent hybrid seed as provided in subsection (C)(8):
 - a. The name of the kind and variety for each agricultural seed component in excess of five percent of the whole and the percentage by weight of each. If the variety of the kinds generally labeled as a variety designated in this Article is not stated, the label shall show the name of the kind and the words, "variety not stated." Hybrid seed shall be labeled as hybrid;
 - b. Lot number or other lot identification;
 - c. Origin of alfalfa, red clover, and field corn (except hybrid corn) or if the origin is unknown, a statement that the origin is unknown;
 - d. Percentage by weight of all weed seeds;
 - e. The name and rate of occurrence per pound of each kind of restricted noxious weed seed present;
 - f. Percentage by weight of agricultural seeds other than those required to be named on the label. Agricultural seeds may be designated as "crop seeds;"
 - g. Percentage by weight of inert matter;
 - h. The sum total of weight identified in subsections (a), (d), (f), and (g) shall equal 100 percent;

- i. For each named agricultural seed:
 - i. Percentage germination, excluding hard seed;
 - ii. Percentage of hard seeds, if present; and
 - iii. The calendar month and year the test was completed to determine the percentages. The statement "total germination and hard seed" may be included following the percentages required under subsections (i) and (ii).
 - j. Net weight of seed in the container or seed count per unit weight; and
 - k. Name and address of the labeler, or the person who sells, offers, or exposes the seed for sale within this state.
3. For lawn and turf grass seed and lawn and turf grass seed mixtures:
 - a. For single kinds, the name of the kind or kind and variety and the percentage by weight.
 - b. For mixtures, the word "mix," "mixed", or "mixture" or "blend" shall be stated with the name of the mixture, along with the commonly accepted name of each kind or kind and variety of each agricultural seed component in excess of five percent of the whole and the percentages by weight.
 - c. The percentage by weight of each kind of pure seed shall be listed in order of its predominance and in columnar form. The heading "pure seed" and "germination" or "germ" shall be placed consistent with generally accepted industry practices.
 - d. Percentage by weight of agricultural seed other than those required to be named on the label which shall be designated as "crop seed."
 - e. The percentage by weight of inert matter for lawn and turf grass shall not exceed ten percent, except that 15 percent inert matter is permitted in Kentucky bluegrass labeled without a variety name. Foreign material that is not common to grass seed shall not be added, other than material used for coating, as in subsection (C)(4), or combination products, as in subsection (C)(9).
 - f. Percentage by weight of all weed seeds. Weed seed content shall not exceed one-half of one percent by weight.
 - g. The sum total for subsections (a), (b), (c), (d), (e) and (f) shall equal 100 percent.
 - h. Noxious weeds that are required by this Article to be labeled shall be listed under the heading "noxious weed seeds."
 - i. For each lawn and turf seed named under subsection (a) or (b):
 - i. Percentage of germination, excluding hard seed;
 - ii. Percentage of hard seed, if present;
 - iii. Calendar month and year the germination test was completed to determine percentages in subsections (i) and (ii); and
 - iv. For seed sold for retail non-farm usage the statement "sell by (month/year)" which shall be no more than 15 months from the date of the germination test excluding the month of the test.
 - j. Name and address of the labeler, or the person who sells, offers or exposes the seed for sale within this state.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

4. For coated agricultural, vegetable, flower, or lawn and turf seeds that are sold by weight:
 - a. Percentage by weight of pure seeds with coating material removed;
 - b. Percentage by weight of coating material;
 - c. Percentage by weight of inert material not including coating material;
 - d. Percentage of germination determined on 400 pellets with or without seeds;
 - e. All other applicable requirements in subsections (C)(1), (2), and (3).
5. For vegetable seeds in packets as prepared for use in home gardens or household plantings or vegetable seeds in pre-planted containers, mats, tapes, or other planting devices:
 - a. Name of kind and variety of seed;
 - b. Lot identification, such as by lot number or other means;
 - c. One of the following:
 - i. The calendar month and year the germination test was completed and the statement "Sell by (month/year)." The date indicated shall be no more than 15 months from the date of the test, excluding the month of the test;
 - ii. The calendar year for which the seed was packaged for sale as "packed for (year)" and the statement "sell by (year)"; or
 - iii. The percentage germination and the calendar month and year the test was completed to determine the percentage if the germination test was completed within 15 months, excluding the month of the test;
 - d. Name and address of the labeler, or the person who sells, offers, or exposes the seed for sale within this state;
 - e. For seeds that germinate less than the standard established under R3-4-404(A), (B) and (C)(i): percentage of germination, excluding hard seed; percentage of hard seed, if present; and the words "Below Standard" in not less than 8-point type;
 - f. For seeds placed in a germination medium, mat, tape, or other device in such a way as to make it difficult to determine the quantity of seed without removing the seeds from the medium, mat, tape or device, a statement to indicate the minimum number of seeds in the container.
6. For vegetable seeds in containers other than packets prepared for use in home gardens, household plantings, pre-planted containers, mats, tapes, or other planting devices:
 - a. The name of each kind and variety present in excess of five percent and the percentage by weight of each in order of its predominance;
 - b. Lot number or other lot identification;
 - c. For each named vegetable seed:
 - i. Percentage germination, excluding hard seed;
 - ii. Percentage of hard seed, if present; and
 - iii. The calendar month and year the test was completed to determine the percentages; The statement "Total germination and hard seed" may be included following the percentages required under subsections (C)(6)(c)(i) and (C)(6)(c)(ii);
 - d. Name and address of the labeler, or the person who sells, offers or exposes the seed for sale within this state; and
 - e. The labeling requirements for vegetable seeds in containers of more than one pound are met if the seed is weighed from a properly labeled container in the presence of the purchaser.
7. For agricultural seeds sold on a pure live seed basis, each container shall bear a label containing the information required by subsection (C)(2), except:
 - a. The label need not show:
 - i. The percentage by weight of each agricultural seed component as required by subsection (C)(2)(a); or
 - ii. The percentage by weight of inert matter as required by subsection (C)(2)(g); and
 - b. For each named agricultural seed, the label must show instead of the information required by subsection (C)(2)(h):
 - i. The percentage of pure live seed; and
 - ii. The calendar month and year in which the test determining the percentage of live seed was completed.
8. For agricultural and vegetable hybrid seeds that contain less than 95 percent hybrid seed:
 - a. Kind or variety shall be labeled as "hybrid,"
 - b. The percentage that is hybrid shall be labeled parenthetically in direct association following the named variety; for example – comet (85% hybrid), and
 - c. Varieties in which the pure seed contains less than 75 percent hybrid seed shall not be labeled hybrids.
9. For combination mulch, seed, and fertilizer products:
 - a. The word "combination" followed by the words "mulch – seed – fertilizer", as appropriate, shall appear on the upper 30 percent of the principal display panel. The word "combination" shall be the largest and most conspicuous type on the container, equal to or larger than the product name. The words "mulch – seed – fertilizer", as appropriate, shall be no smaller than one-half the size of the word "combination" and in close proximity to the word "combination."
 - b. The products shall not contain less than 70 percent mulch.
 - c. Agricultural, flower, vegetable, lawn, and turf seeds placed in a germination medium, mat, tape, or other device or mixed with mulch shall be labeled as follows:
 - i. Product name;
 - ii. Lot number;
 - iii. Percentage by weight of pure seed of each kind and variety named. The kind and variety named may be less than 5 percent of the whole;
 - iv. Percentage by weight of other crop seeds;
 - v. Percentage by weight of inert matter, which shall not be less than 70 percent;
 - vi. Percentage by weight of weed seeds;
 - vii. The total of subsections (iii), (iv), (v), and (vi) shall equal 100 percent;
 - viii. Name and number of noxious weed seeds per pound, if present;
 - ix. Hard seed percentage, if present, and percentage of germination of each kind or kind and variety named and the month and year the test was completed; and

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- x. Name and address of the labeler or the person who sells, offers or exposes the product for sale within this state.
- D. Labeling requirements: flowers.**
1. For flower seeds in packets prepared for use in home gardens or household plantings or flower seeds in pre-planted containers, mats, tapes, or other planting devices:
 - a. For all kinds of flower seeds:
 - i. The name of the kind and variety or a statement of type and performance characteristics as prescribed in subsection (D)(3); and
 - ii. Name and address of the labeler, or the person who sells, offers, or exposes the seed for sale within this state, and one of the following subsections (D)(1)(a)(iii) through (v);
 - iii. The calendar month and year the germination test was completed and the statement "Sell by (month/year)." The date indicated shall be no more than 15 months from the date of the test excluding the month of the test; or
 - iv. The calendar year for which the seed was packaged for sale as "packed for (year)" and the statement "sell by (year)"; or
 - v. The percentage germination and the calendar month and year the test was completed to determine the percentage if the germination test was completed within 15 months, excluding the month of the test.
 - b. For kinds of flower seeds for which standard testing procedures are prescribed by the Association of Official Seed Analysts and that germinate less than the germination standards prescribed under the provisions of R3-4-404(B):
 - i. Percentage of germination, excluding hard seeds;
 - ii. Percentage hard seed, if present; and
 - iii. The words "Below Standard" in not less than eight-point type.
 - c. For flower seeds placed in a germination medium, mat, tape, or other device in such a way as to make it difficult to determine the quantity of seed without removing the seeds from the medium, mat, tape, or device, a statement to indicate the minimum number of seeds in the container.
 2. For flower seeds in containers other than packets and other than pre-planted containers, mats, tapes, or other planting devices and not prepared for use in home flower gardens or household plantings:
 - a. The name of the kind and variety or a statement of type and performance characteristics as prescribed in subsection (D)(3), and for wildflowers, the genus and species and subspecies, if appropriate;
 - b. The lot number or other lot identification;
 - c. For wildflower seed with a pure seed percentage of less than 90 percent:
 - i. The percentage, by weight, of each component listed in order of the component's predominance;
 - ii. The percentage by weight of weed seed, if present; and
 - iii. The percentage by weight of inert matter;
 - d. For kinds of seed for which standard testing procedures are prescribed by the Association of Official Seed Analysts:
 - i. Percentage of germination, excluding hard or dormant seed;
 - ii. Percentage of hard or dormant seed, if present; and
 - iii. The calendar month and year that the test was completed to determine the percentages in subsections (D)(2)(d)(i) and (ii);
 - e. For those kinds of flower seed for which standard testing procedures are not prescribed by the Association of Official Seed Analysts, the year of production or collection; and
 - f. Name and address of the labeler, or the person who sells, offers, or exposes the flower seed for sale within this state.
 3. Requirements to label flower seeds with kind and variety, or type and performance characteristics as prescribed in subsection (D)(1)(a)(i) and (D)(2)(a) shall be met as follows:
 - a. For seeds of plants grown primarily for their blooms:
 - i. If the seeds are of a single named variety, the kind and variety shall be stated, for example, "Marigold, Butterball";
 - ii. If the seeds are of a single type and color for which there is no specific variety name, the type of plant, if significant, and the type and color of bloom shall be indicated, for example, "Scabiosa, Tall, Large Flowered, Double, Pink";
 - iii. If the seeds consist of an assortment or mixture of colors or varieties of a single kind, the kind name, the type of plant, if significant, and the type or types of bloom shall be indicated. It shall be clearly indicated that the seed is mixed or assorted. An example of labeling such a mixture or assortment is "Marigold, Dwarf Double French, Mixed Colors";
 - iv. If the seeds consist of an assortment or mixture of kinds or kinds and varieties, it shall clearly indicate that the seed is assorted or mixed and the specific use of the assortment or mixture shall be indicated, for example, "Cut Flower Mixture", or "Rock Garden Mixture". Statements such as "General Purpose Mixture", "Wonder Mixture", or any other statement that fails to indicate the specific use of the seed shall not be considered as meeting the requirements of this subsection unless the specific use of the mixture is also stated. Containers with over three grams of seed shall list the kind or kind and variety names of each component present in excess of five percent of the whole in the order of their predominance, giving the percentage by weight of each. Components equal to or less than five percent shall be listed, but need not be listed in order of predominance. A single percentage by weight shall be given for these components that are less than five percent of the whole. If no component of a mixture exceeds five percent of the whole, the statement, "No component in excess of 5%" may be used. Containers with three grams of seed or less shall list the components without giving

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- percentage by weight and need not be in order of predominance.
- b. For seeds of plants grown for ornamental purposes other than their blooms, the kind and variety shall be stated, or the kind shall be stated together with a descriptive statement concerning the ornamental part of the plant, for example, "Ornamental Gourds, Small Fruited, Mixed."
- E. Label requirement for tree and shrub seeds. Tree or shrub seeds that are sold, offered for sale, or exposed for sale within this state shall bear on each container a plainly written or printed label or tag in English. No modifications or disclaimers shall be made to the required label information in the labeling or on another label attached to the container. Labeling of seed supplied under a contractual agreement meets this requirement if the shipment is accompanied by an invoice or by an analysis tag attached to the invoice if each bag or other container is clearly identified by a lot number permanently displayed on the container or if the seed is in bulk. Each bag or container not clearly identified by a lot number must carry complete labeling. The label shall include the following information:
1. For tree and shrub seeds that have been treated, the following may appear on a separate label:
 - a. Language indicating that the seed has been treated;
 - b. The commonly accepted chemical name of the applied substance or description of the process used;
 - c. If the substance is harmful to human or animals, a caution statement such as "do not use for food or feed or oil purposes". The caution for highly toxic substances shall be a poison statement and symbol; and
 - d. If the seed has been treated with an inoculant, the date of expiration, which is the date the inoculant is no longer considered effective;
 2. For all tree and shrub seeds subject to this Article:
 - a. Common name of the species of seed and if appropriate, the subspecies;
 - b. The scientific name of the genus and species and if appropriate, the subspecies;
 - c. Lot number or other lot identification;
 - d. Origin.
 - i. For seed collected from a predominantly indigenous stand, the area of collection given by latitude and longitude, a geographic description, or identification of a political subdivision, such as a state or county; or
 - ii. For seed collected from other than a predominantly indigenous stand, identification of the area of collection and the origin of the stand, or the statement "origin not indigenous";
 - e. The elevation or the upper and lower limits of elevations within which the seed was collected;
 - f. Purity as a percentage of pure seed by weight;
 - g. For those species listed under R3-4-404(C), the following apply except as provided in subsection (E)(2)(h):
 - i. Percentage germination excluding hard seed;
 - ii. Percentage of hard seed, if present;
 - iii. The calendar month and year the test was completed to determine the percentages in subsection (E)(2)(g)(i) and (ii);
- h. Instead of complying with subsections (E)(2)(g)(i), (ii), and (iii), the seed may be labeled, "Test is in process, results will be supplied upon request";
 - i. For those species for which standard germination testing procedures have not been prescribed, the calendar year in which the seed was collected; and
 - j. Name and address of the labeler, or the person who sells, offers, or exposes the seed for sale within this state.
- F. Hermetically sealed seed shall meet the following requirements as prescribed in the "Federal Seed Act:":
1. The seed shall have been packaged within nine months of harvest;
 2. The container used shall not allow water vapor penetration through any wall, including the seals, greater than 0.05 grams of water per 24 hours per 100 square inches of surface at 100°F with a relative humidity on one side of 90 percent and on the other side 0 percent. Water vapor penetration (WVP) is measured in accordance with the U.S. Bureau of Standards as: gm H₂O/24 hr/100 sq in/100°F /90% RHV 0% RH;
 3. The seed in the container shall not exceed the percentage of moisture, on a wet weight basis, as listed below:
 - a. Agricultural Seeds,
 - i. Beet, Field: 7.5;
 - ii. Beet, Sugar: 7.5;
 - iii. Bluegrass, Kentucky: 6.0;
 - iv. Clover, Crimson: 8.0;
 - v. Fescue, Red: 8.0;
 - vi. Mustard, India: 5.0;
 - vii. Ryegrass, Annual: 8.0;
 - viii. Ryegrass, Perennial: 8.0; and
 - ix. All Others: 6.0;
 - b. Vegetable Seeds,
 - i. Bean, Garden: 7.0;
 - ii. Bean, Lima: 7.0;
 - iii. Beet: 7.5;
 - iv. Broccoli: 5.0;
 - v. Brussels Sprouts: 5.0;
 - vi. Cabbage: 5.0;
 - vii. Carrot: 7.0;
 - viii. Cauliflower: 5.0;
 - ix. Celeriac: 7.0;
 - x. Celery: 7.0;
 - xi. Chard, Swiss: 7.5;
 - xii. Chinese Cabbage: 5.0;
 - xiii. Chives: 6.5;
 - xiv. Collards: 5.0;
 - xv. Corn, Sweet: 8.0;
 - xvi. Cucumber: 6.0;
 - xvii. Eggplant: 6.0;
 - xviii. Kale: 5.0;
 - xix. Kohlrabi: 5.0;
 - xx. Leek: 6.5;
 - xxi. Lettuce: 5.5;
 - xxii. Melon: 6.0;
 - xxiii. Mustard, India: 5.0;
 - xxiv. Onion: 6.5;
 - xxv. Onion, Welsh: 6.5;
 - xxvi. Parsley: 6.5;
 - xxvii. Parsnip: 6.0;
 - xxviii. Pea: 7.0;
 - xxix. Pepper: 4.5;
 - xxx. Pumpkin: 6.0;

- xxxi. Radish: 5.0;
 - xxxii. Rutabaga: 5.0;
 - xxxiii. Spinach: 8.0;
 - xxxiv. Squash: 6.0;
 - xxxv. Tomato: 5.5;
 - xxxvi. Turnip: 5.0;
 - xxxvii. Watermelon: 6.5; and
 - xxxviii. All others: 6.0.
4. The container shall be conspicuously labeled in not less than 8-point type to indicate:
 - a. That the container is hermetically sealed,
 - b. That the seed has been preconditioned as to moisture content, and
 - c. The calendar month and year in which the germination test was completed; and
 5. The germination percentage of the seed at the time of packaging shall have been equal to or higher than the standards specified elsewhere in subsection R3-4-404.

Historical Note

Adopted effective December 21, 1981 (Supp. 81-6). Former Section R3-4-111 renumbered without change as Section R3-4-402 (Supp. 89-1). Section R3-4-402 renumbered from R3-1-402 (Supp. 91-4). Amended effective July 10, 1995 (Supp. 95-3). Amended by final rulemaking at 13 A.A.R. 1464, effective June 2, 2007 (Supp. 07-2). R3-4-403. Noxious Weed Seeds

- A. In addition to the noxious weeds prohibited in the "Federal Seed Act" a person shall not allow Class A, B, or C prohibited noxious weed seeds in seed regulated under this Article as prescribed under the provisions of R3-4-245:
 1. *Acroptilon repens* (L.) DC. – Russian knapweed;
 2. *Aegilops cylindrica* Host. – Jointed goatgrass;
 3. *Ailanthus altissima* – Tree of heaven;
 4. *Alhagi maurorum* – Camelthorn;
 5. *Arundo donax* – Giant reed;
 6. *Asphodelus fistulosus* – Onionweed;
 7. *Bothriochloa ischaemum* – Yellow bluestem;
 8. *Brassica nigra* – Black mustard;
 9. *Brassica tournefortii* – Saharan mustard;
 10. *Bromus diandrus* – Ripgut brome;
 11. *Bromus rubens* – Red brome
 12. *Bromus tectorum* – Cheatgrass
 13. *Carduus acanthoides* L. – Plumeless thistle;
 14. *Cardus nutans* – Musk thistle;
 15. *Carrichtera annua* – Ward's weed;
 16. *Cenchrus ciliaris* (*Pennisetum ciliare*) – Buffelgrass;
 17. *Cenchrus echinatus* L. – Southern sandbur;
 18. *Cenchrus spinifex* (*C. incertus*) – Field sandbur;
 19. *Centaurea calcitrapa* L. – Purple starthistle;
 20. *Centaurea diffusa* – Diffuse knapweed;
 21. *Centaurea melitensis* – Malta starthistle;
 22. *Centaurea solstitialis* L. – Yellow starthistle (St. Barnaby's thistle);
 23. *Centaurea stoebe* (*C. maculosa*). – Spotted knapweed;
 24. *Chondrilla juncea* L. – Rush skeletonweed;
 25. *Cirsium arvense* L. Scop. – Canada thistle;
 26. *Cirsium vulgare* – Bull thistle;
 27. *Convolvulus arvensis* L. – Field bindweed;
 28. *Cucumis melo* L. var. *Dudaim* Naudin – Dudaim melon (Queen Anne's melon);

29. *Eichornia crassipes* – Floating water hyacinth;
30. *Elaeagnus angustifolia* – Russian olive;
31. *Elymus repens* – Quackgrass;
32. *Eragrostis lehmanniana* – Lehman's lovegrass;
33. *Euphorbia esula* L. – Leafy spurge;
34. *Euryops subcarnosus* – Sweet resinbush;
35. *Halogeton glomeratus* (M. Bieb.) C.A. Mey – Halogeton;
36. *Hydrilla verticillata* (L.f.) Royle – Hydrilla (Florida-clo-dea);
37. *Ipomoea hederacea* – Ivy-leaf morning glory;
38. *Ipomoea purpurea* – Garden or common morning glory;
39. *Ipomoea tricolor* – Grannyvine;
40. *Ipomoea triloba* – Morning glory;
41. *Ipomoea x leucantha* – Morning glory;
42. *Isatis tinctoria* L. – Dyers woad;
43. *Kochia scoparia* – Kochia;
44. *Lepidium draba* (*Crucifera draba*) – Globed-podded hoary cress (Whitetop);
45. *Linaria dalmatica* (L. *genistifolia* var. *dalmatica*) – Dalmatian toadflax;
46. *Lythrum salicaria* L. – Purple loosestrife;
47. *Melinis repens* – Natal grass;
48. *Oncosiphon pilulifer* (*O. piluliferum*) – Stinknet (Globe chamomile);
49. *Onopordum acanthium* L. – Scotch thistle;
50. *Orobancha ramosa* L. – Branched broomrape;
51. *Peganum harmala* L. – African rue (Syrian rue);
52. *Pennisetum setaceum* – Fountain grass;
53. *Searsia lancea* – African sumac;
54. *Salvinia molesta* – Giant Salvinia;
55. *Sinapis arvensis* – Wild mustard;
56. *Sorghum halepense* – Johnsongrass;
57. *Tamarix* spp. – Salt cedar
58. *Tribulus terrestris* L. – Puncturevine;
59. *Ulmus pumila* – Siberian elm.

- B. A person shall not allow the following restricted noxious weeds, as a contaminant, in certified or registered seed:
 1. *Amaranthus* spp. – Pigweeds;
 2. *Avena fatua* – Wild oat;
 3. *Brassica* spp. – Cabbage and mustards;
 4. *Cenchrus* spp. – Sandburs;
 5. *Centaurea* spp. – Thistles;
 6. *Cuscuta* spp. – Dodder;
 7. *Cyperus* spp. – Sedges;
 8. *Ipomoea* spp. – Morning glories;
 9. *Lepidium* spp. – Cresses and worts;
 10. *Medicago* spp. – Burclovers;
 11. *Nassella* spp. – Needlegrasses;
 12. *Poa annua* – Annual bluegrass;
 13. *Salsola kali* var. *tenuifolia* – Russian thistle;
 14. *Solanum* spp. – Niteshades;
 15. *Xanthium* spp. – Cocklebur.

R3-4-404. Germination Standards

A. Vegetable seed shall have the following minimum percent germination or the minimum percent germination as found in the "Federal Seed Act," 7 C.F.R. § 201.31 (as amended July 7, 2020), which is incorporated by reference, not including future editions or amendments. The material is on file with the Department and available for purchase from the U. S. Government Bookstore (<http://bookstore.gpo.gov/>) or at the U.S. Government Printing Office, 732 N. Capitol St., NW, Washington, DC 20401 or it can be found online at <https://www.ecfr.gov/current/title-7/section-201.31>.

B. The kinds of flower seeds listed in this subsection are those for which standard testing procedures have been prescribed and which are therefore required to be labeled in accordance with the germination percentage. For the kinds marked with an asterisk, the percentage listed is the sum total of the percentage germination and percentage of hard seed. A mixture of kinds does not meet the germination standard if the germination of any kind or combination of kinds constituting 25 percent or more of the mixture by number of seed is below the germination standard for the kind or kinds involved.

- R3-4-405. Seed-certifying Agencies**
- A.** Any agency seeking to obtain designation as a seed-certifying agency in Arizona shall meet the following requirements.
1. The agency shall be qualified by USDA to certify agricultural or vegetable planting seed as to variety, strain, and genetic purity.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

2. The agency shall have a written seed certification protocol which includes standards, rules, and procedures for the certification of planting seed.
 3. The agency shall have procedures for accepting crops and varieties into a certification program.
 4. The agency shall be a member in good standing of a USDA-recognized association of official seed-certifying agencies such as the Association of Official Seed Certifying Agencies.
- B.** The Director or the Director's designee shall meet each calendar year with the director of the seed-certifying agency to review the agency's standards, rules, and procedures.
- C.** The Director may, after consulting with the Director of the Arizona Agricultural Experiment Station, revoke the agency's designation as the state seed-certifying agency after written 30 days' notice if the organization:
1. Fails to maintain qualifications, protocols, procedures, and membership as set forth in subsection (A); or
 2. Fails to follow federal and state standards, rules, and procedures.

Historical Note

Adopted effective December 21, 1981 (Supp. 81-6). Former Section R3-4-114 renumbered without change as Section R3-4-405 (Supp. 89-1). Section R3-4-405 renumbered from R3-1-405 (Supp. 91-4). Section R3-4-405 renumbered to R3-4-403, new Section R3-4-405 renumbered from R3-4-407 and amended effective July 10, 1995 (Supp. 95-3).

R3-4-406. Sampling and Analyzing Seed

- A.** A person shall follow the methods of taking, handling, analyzing, and testing samples of seed and the tolerances and methods of determination as prescribed in the Federal Seed Act Regulations, 7 C.F.R. §§ 201.39 through 201.65 (as amended July 7, 2022, <https://www.ecfr.gov/current/title-7/part-201>), and in the Rules for Testing Seeds, 2017, published by the Association of Official Seed Analysts. This material is incorporated by reference and is on file with the Department. The materials incorporated by reference do not include any later amendments or editions. The Rules for Testing Seeds are also available through the website: <http://www.aosaseed.com>. The CFR may be ordered from the Superintendent of Documents, P.O. Box 371954, Pittsburgh, PA, 15250-7954 and the Rules for Testing Seeds may be ordered from the AOSA Management Office, Mail Boxes Etc. #285, 601 S. Washington, Stillwater, OK 74074-4539. If there is a conflict between the two documents, the requirements in CFR will prevail.
- B.** A labeler offering a seed for sale shall pay the cost of original germination and purity tests on each lot of seed offered for sale, and a dealer or labeler shall pay the cost of any subsequent germination test required by A.R.S. § 3-237. The Department shall pay the cost of testing seed samples drawn by a seed inspector from lots bearing valid labels. The dealer or labeler shall reimburse the Department for the cost of the test if the dealer or labeler chooses to use the Department's germination and purity results in subsequent re-labeling.

R3-4-407. Phytosanitary Field Inspection; Fee

- A.** Applicants seeking phytosanitary certification for interstate and international exportation of agriculture, vegetable, and ornamental planting seed shall submit a \$20.00 inspection fee and provide the following information on a form furnished by the Department:
1. The company name and address of the applicant;
 2. The kind, variety, and lot number of the seed;
 3. The number of acres on which the seed will be grown;
 4. The name of the grower;
 5. The county and field location;
 6. The date of the application;
 7. The countries of export;
 8. The seed treatment, if applicable;
 9. The amount of treatment, if applicable;
 10. The approximate planting date;
 11. The approximate harvest date; and
 12. The export requirements.
- B.** The Department may contract with the state-certifying agency for field inspection at 20¢ per acre for any first or single required inspection and 10¢ per acre for each subsequent required inspection which shall be performed in conjunction with the seed certification program.
- C.** Field inspections conducted by the Department shall be based upon the following fee schedule and shall not exceed the maximum fee prescribed by A.R.S. § 3-233(A)(7):
1. Cotton: 80¢ per acre;
 2. Small grain: 20¢ per acre for the first inspection and 80¢ for the second inspection;
 3. Vegetable and all other crops: 20¢ for the first inspection and 80¢ for the second inspection.
- D.** If both the field inspection fee and the application fee exceeds the maximum fee per acre prescribed by A.R.S. § 3-233(A)(7), the application fee shall be voided and the maximum cost per acre shall be assessed.

Historical Note

Adopted effective December 21, 1981 (Supp. 81-6). Former Section R3-4-116 renumbered without change as Section R3-4-407 (Supp. 89-1). Section R3-4-407 renumbered from R3-1-407 (Supp. 91-4). Section R3-4-407 renumbered to R3-4-405, new Section adopted effective July 10, 1995 (Supp. 95-3).

R3-4-409. Violations and Penalties

- A. The Department may assess the following penalties against a dealer or labeler for each customer affected by a violation listed below: \$50 for the first offense, \$150 for the second offense, and \$300 for each subsequent offense within a three-year period:
1. Failure to complete the germination requirements on agricultural, vegetable, or flower seed intended for wholesale or commercial use within nine months prior to sale, exposing for sale, or offering for sale within the state, excluding the month in which the test was completed. This penalty does not apply to a violation under subsections (A)(2), or (3);
 2. Failure to complete the germination requirements for agricultural, ornamental, or vegetable seed intended for retail purchase within the 15 months prior to the sale, exposing for sale, or offering for sale within the state, excluding the month in which the test was completed; and
 3. Failure to obtain any license required by this Article;
- B. The Department may assess the following penalties against any person committing the following acts: up to \$500 for the first offense, up to \$1250 for the second offense, and up to \$2500 for each subsequent offense within a three-year period.
1. To label, advertise, or represent seed subject to this Article to be certified seed or any class of certified seed unless:
 - a. It has been determined by a certifying agency that the seed conforms to standards of purity and identification as to kind, species and subspecies, if appropriate, or variety; and
 - b. The seed bears an official label issued for the seed by a certifying agency certifying that the seed is of a specified class and a specified kind, species and subspecies, if appropriate, and variety;
 2. To disseminate in any manner or by any means, any false or misleading advertisements concerning seeds subject to this Article;
 3. To hinder or obstruct in any way, any authorized agent of the Department in the performance of the person's duties under this Article;

4. To fail to comply with a cease and desist order or to move or otherwise handle or dispose of any lot of seed held under a cease and desist order or tags attached to the order, except with express permission of the enforcing officer, and for a purpose specified by the officer;
5. To label or sell seed that has been treated without proper labeling;
6. To provide false information to any authorized person in the performance of the person's duties under this Article; or
7. To label or sell seed that has false or misleading labeling, including:
 - a. Labeling or selling seed with a label containing the word "trace" or the phrase "contains 01%" as a substitute for any statement that is required by this Article;
 - b. Altering or falsifying any seed label, seed test, laboratory report, record, or other document to create a misleading impression as to kind, variety, history, quality or origin of seed;
 - c. Labeling as hermetically sealed containers of agricultural or vegetable seeds that have not had completed the germination requirements with 36 months prior to sale, excluding the month in which the test was completed;
 - d. Failure to label in accordance with the provisions of this Article;
 - e. If applicable, failing to label as containing prohibited noxious weed seeds, subject to recognized tolerances;
 - f. If applicable, failing to label as containing restricted noxious weed seeds in excess of the number prescribed in R3-4-403 on the label attached to the container of the seed or associated with seed;
 - g. If applicable, failing to label as containing more than two and one-half percent by weight of all weed seeds;
 - h. Detaching, altering, defacing, or destroying any label provided for in this Article, or altering or substituting seed in a manner that may defeat the purpose of this Article;
 - i. Using relabeling stickers without having both the calendar month and year the germination test was completed, the sell by date if appropriate, and the lot number that matches the existing, original lot number; and
 - j. Selling, exposing for sale, or offering for sale within the state vegetable seed intended for retail purchase that has labeling containing germination information that has not been completed within the 12 months prior to selling, exposing for sale, or offering for sale.

ARTICLE 5. COLORED COTTON**R3-4-501. Colored Cotton Production and Processing**

- A. Definitions. In addition to the definitions provided in A.R.S. § 3-101 and R3-4-101 and R3-4-201, the following terms apply to this Section:
1. "Certified" means having been inspected with a written certificate of inspection issued by an inspector of the Department.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

2. "Colored cotton" means any variety of cotton plants of the Genus *Gossypium* that produces fiber that is naturally any color other than white.
 3. "Cottonseed" means processed seed cotton used for propagation, animal feed, crushed or composted fertilizer, or oil.
 4. "Composting" means a process that creates conditions that facilitate the controlled decomposition of organic matter into a more stable and easily handled soil amendment or fertilizer, usually by piling, aerating and moistening; or the product of such a process.
 5. "Delinting" means the process of using acid, flame, or mechanical means to remove fiber that remains on cottonseed after ginning.
 6. "Planting seed" means seed of a known variety produced for planting subsequent generations.
 7. "Seed cotton" means raw cotton containing seed and lint that has been harvested from a field, but has not been ginned.
 8. "White cotton" means any variety of the Genus *Gossypium* that produces white fiber as established in 7 C.F.R. §§ 28.401 through 28.407; and the U.S. Department of Agriculture, Agriculture Marketing Service: Cotton Classification, revised April, 2005. This material is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Office of the Secretary of State.
- B. Production requirements.**
1. A producer who intends to grow colored cotton shall register in writing with the Department. The registration form shall be received at least 30 days before the cotton planting date for the applicable cultural cotton zone established in R3-4-204(E). Any colored cotton not registered with the Department shall be abated as established in A.R.S. §§ 3-204 and 3-205, and the producer may be assessed a civil penalty as established in A.R.S. § 3-205.02. The registration shall include:
 - a. The name, address, telephone number, and signature of the producer;
 - b. The name, address, telephone number, and signature of the property owner;
 - c. The name, address, and telephone number of the organization or company contracting for the production of colored cotton or to whom the colored cotton will be sold, if known;
 - d. The total number of acres to be planted;
 - e. The geographical location of the proposed fields by county, section, township and range; and
 - f. The name of the property owners, if known, adjacent to the field where colored cotton will be grown.
 2. Separation of white and colored cotton.
 - a. A colored cotton producer shall ensure that all colored cotton is planted no less than 500 feet from any white cotton field.
 - b. All producers of white cotton saved for planting seed shall comply with the Field Standards in the Arizona Crop Improvement Association's Cotton Seed Certification Standards, revised July 1995. This material is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Office of the Secretary of State.
 3. A producer shall not plant white cotton on land on which colored cotton has been grown until one or more irrigated non-cotton crops have been produced on that land. If the non-cotton crop is not grown during a traditional cotton growing season, as established by R3-4-204(E), the field shall be irrigated before planting a white cotton crop.
4. The Department shall notify all cotton producers of the colored cotton plant-back restrictions and of the availability of location and acreage records of colored cotton crops.
 5. The Department shall notify the Arizona Crop Improvement Association of the colored cotton geographical locations at least 25 days before the cotton planting date for each cultural cotton zone established in R3-4-204(E).
- C. Cotton appliances.**
1. No cotton producer, contractor, or ginner shall use a cotton appliance or gin to produce, transport, or handle white cotton after the gin or appliance has been used in the production, transportation, or handling of colored cotton until the Department inspects the cotton appliance or gin and finds it free of colored cottonseed, seed cotton, fiber, and gin trash. A cotton producer, contractor, or ginner shall notify the Department at least 48 hours, excluding Sundays and legal holidays, before an inspection is needed.
 2. Colored seed cotton, cottonseed, fiber, and gin trash cleaned from cotton equipment, shall be composted or disposed of by the producer or ginner:
 - a. On land where gin trash has previously been disposed and the land is managed as specified in subsection (B)(3); or
 - b. In a landfill approved by the Department.
 3. The Department shall legibly mark cotton appliances designated for exclusive use on colored cotton crops.
- D. Transportation.** Except in gin yards, colored cottonseed or colored seed cotton transported over public roads shall be totally enclosed or covered.
- E. Gin requirements.**
1. A gin owner or manager planning to process colored cotton shall notify the Department, in writing, no less than 30 days before processing the colored cotton.
 2. The Department shall notify the Arizona Crop Improvement Association of a gin owner's or manager's intention to process colored cotton within 10 days from the receipt of the notification from the gin.
 3. A gin owner or manager processing colored cotton shall not process white cotton until the gin has been cleaned, and inspected by the Department. The gin shall be free of cottonseed, seed cotton, and loose lint as established in subsection (C)(1).
 4. If a gin processes colored seed cotton and white seed cotton during the same season, and the white cottonseed is not retained by the plant breeder for research purposes, the producer shall market the white cottonseed as:
 - a. Animal feed,
 - b. Crushed or composted fertilizer, or
 - c. Oil.
 5. The ginner shall legibly mark colored seed cotton kept in the gin yard or gin buildings and shall:
 - a. Isolate the seed cotton at least 500 feet from white seed cotton, or
 - b. Enclose it with two foot high chicken wire or chain link fencing.
 6. Gin trash not disposed as established in subsection (C)(2) shall be shipped out-of-state, subject to the requirements of the receiving state and 7 CFR §§ 301.52 et. seq.,

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

amended June 7, 2005. This material is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Office of the Secretary of State.

7. The ginner shall bale or bag colored cotton fiber and mark the bale or bag as colored cotton.

F. Seed Requirements.

1. A producer or contracting organization, set forth in subsection (B)(1), saving colored cottonseed for propagative purposes shall legibly label the colored planting seed container and notify the Department of:
 - a. The quantity,
 - b. The variety or color,
 - c. The location where the colored planting seed is held or stored, and
 - d. Whether any seed will be shipped out-of-state.
2. If the cotton seed is being delinted in Arizona, the delinting facility shall follow the requirements in Harvesting, Handling and Tagging that are included in the Cotton Seed Certification Standards and have been incorporated by reference in subsection (B)(2)(b).
3. The producer shall render non-viable non-delinted (fuzzy) colored cottonseed not used for propagative purposes by crushing or composting. Whole or cracked colored cottonseed shall not be used as animal feed in Arizona but may be shipped out-of-state, subject to the requirements of the receiving state and 7 CFR §§ 301.52 et. seq., amended June 7, 2005.
4. Cotton producers shall not transport unbagged white cotton planting seed using vehicles or other equipment previously used to transport whole or cracked colored cottonseed until the Department has certified that these vehicles and equipment are free of colored cottonseed.

- G. Advisory committee.** The Director, as necessary, shall appoint an advisory committee composed of the nominated representatives of the Arizona Cotton Growers Association and the Arizona Cotton Research and Protection Council and such other individuals as may be necessary to make recommendations to the Department on amendments to this Section.

R3-4-816. Recordkeeping and Reporting Requirements for Citrus Fruit Shippers

- A. Every shipper shall keep a correct record of each shipment of each assessed citrus commodity shipped, showing:
 1. The name and address of the producer;
 2. The shipment totals, by producer.
- B. The shipper shall retain the original or a copy of records covering each shipment or transaction with respect to each assessed citrus commodity shipped for a period of two years from the date thereof, which shall at all times be open to the confidential inspection of the supervisor or the authorized representative. The burden of proof shall be upon the shipper to prove the correctness of the shipper's accounting of any transaction which may be questioned.

Historical Note

Adopted effective January 6, 1994 (Supp. 94-1).

ARTICLE 9. BIOTECHNOLOGY**R3-4-901. Genetically Engineered Organisms and Products**

- A. Definitions. In addition to the definitions provided in A.R.S. § 3-101, the following shall apply:
 1. "Associate Director" means the Associate Director of the Plant Services Division of the Arizona Department of Agriculture.
 2. "Genetically engineered" means the genetic modification of organisms by recombinant DNA techniques, including

genetic combinations resulting in novel organisms or genetic combinations that would not naturally occur.

3. "Organisms" means any active, infective, or dormant stage or life form of any entity characterized as living, including vertebrate and invertebrate animals, plants, bacteria, fungi, mycoplasmas, mycoplasma-like organisms, as well as entities such as viroid, viruses, or any entity characterized as living related to the foregoing.
4. "Permit" means an application which has been approved by USDA and the Department.
5. "Permit application" means an application filed with USDA, which may be supplemented with requirements from the Department, for the introduction of genetically engineered organisms and products, as provided by 7 CFR 340, revised June 16, 1987. The material incorporated herein by reference is on file with the Office of the Secretary of State and does not include any later amendments or editions of the incorporated matter.
6. "Product" means plant reproductive parts including pollen, seeds, and fruit, spores, or eggs.
7. "USDA" means the United States Department of Agriculture, Animal and Plant Health Inspection Service, Plant Protection and Quarantine (USDA, APHIS, PPQ).
- B. Permit applications. A genetically engineered organism or product shall not be introduced into Arizona, sold, offered for sale, or distributed for release into Arizona's environment unless a permit issued pursuant to the application has been issued by USDA, or the Department has been notified by the USDA that the genetically engineered organisms or product is eligible under the notification procedure, as prescribed by 7 CFR § 340.3, revised August 6, 2007, or it has been determined by the USDA to be of nonregulated status, as prescribed by 7 CFR 340.6, revised May 1997. The material incorporated herein by reference is on file with the Office of the Secretary of State and does not include any later amendments or editions of the incorporated matter.
 1. Applicants for the release or use of genetically engineered organisms or products shall follow all permit application procedures required by USDA.
 2. In addition to USDA's requirements, permit applications shall demonstrate to the Department that:
 - a. Genetically engineered organisms or products shall be handled in such a manner so that no genetically engineered organism or product accidentally escapes into Arizona's environment.
 - b. All permit applicants shall comply with Arizona quarantine rules regulating the plants, pests, or organisms being introduced into Arizona.
 3. The Department may, if it deems necessary to protect agriculture, public health, or the environment from potential adverse effects from the introduction of a specific genetically engineered organism or product:
 - a. Place restrictions on the number and location of organisms or products released, method of release, training of persons involved with the release of organisms or products, disposal of organisms or products, and other conditions of use;
 - b. Require measures to limit dispersal of released organisms or spread of inserted genes or gene products;
 - c. Require monitoring of the abundance and dispersal of the released organism or inserted genes or gene products;

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- d. Request the USDA to deny, suspend, modify, or revoke the permit for failure to comply with this rule.
- e. Request the USDA to suspend the permit if it is determined that an adverse effect is occurring or is likely to occur because of a release authorized by such permit.
4. To the extent possible, the Department shall accept for review and base its decision on the data submitted with the federal application. However, the Department may request additional information from the applicant to assess the risks to animals and plants, including risks of vector transmissions of genetically engineered organisms or products.
5. The Associate Director shall review the application recommendations with the Director who shall, within the time period prescribed on each USDA application, approve, conditionally approve, or deny the permit.
6. The Director shall return the completed application with the resolution to USDA for final action.

Historical Note

Adopted effective November 22, 1993 (Supp. 93-4).

Amended by final rulemaking at 25 A.A.R. 3357, effective January 4, 2020 (Supp. 19-4).

ARTICLE 10. INDUSTRIAL HEMP**R3-4-1001. Definitions**

In addition to the definitions provided in A.R.S. §§ 3-201, 3-311, and R3-4-101, the following terms apply to this Article.

“0.300%” shall have the same meaning as three-tenths percent.

“Applicant” means a key participant who seeks a license or certification as a grower, nursery, harvester, transporter, or processor under this Article.

“Associate Director” means the Associate Director of the Division.

“Authorized sampling agent” means an inspector of the Department or independent party that has been trained by an authorized representative of the Department to collect samples of industrial hemp crops to determine compliance with applicable hemp laws.

“Biomass” means the homogenized pieces and parts, including but not limited to stems, leaves and floral parts of hemp.

“Certified laboratory” means the State Agriculture Laboratory or any laboratory certified by the State Agriculture Laboratory to perform compliance analysis of industrial hemp.

“Corrective action plan” means a plan utilizing the methods outlined in R3-4-1013(D)(2) for correcting a negligent violation or noncompliance with applicable hemp laws, which is either proposed by a licensed hemp producer and approved by the Associate Director, or issued by the Associate Director.

“Decarboxylated” means the completion of the chemical reaction that converts THCA into delta-9 THC, the intoxicating component of *Cannabis*. The decarboxylated value is also calculated using a molecular mass conversion ratio that sums delta-9 THC and 87.7% of THCA ((delta-9 THC) + (0.877 * THCA)).

“Decarboxylation” means the removal or elimination of carboxyl group from a molecule or organic compound.

“Delta-9 tetrahydrocannabinol” means the primary psychoactive component of *Cannabis*. For the purposes of this Article, delta-9 THC and THC are interchangeable.

“Department” means the Arizona Department of Agriculture.

“Director” means the Director of the Department.

“Disposal” means an activity that transitions the non-compliant product into a non-retrievable or non-ingestible form. Such activities include plowing, tilling, or disking plant material into the soil; mulching, composting, chopping, or bush mowing plant material into green manure; burning plant material; or burying plant material into the earth and covering with soil.

“Division” means the Plant Services Division of the Department.

“Entity” means a corporation, joint stock company, association, limited partnership, limited liability partnership, limited liability company, irrevocable trust, estate, charitable organization, or other similar organization, including any such organization participating in the hemp production as a partner in a general partnership, a participant in a joint venture, or a participant in a similar organization.

“Geospatial location” means a location designated through a global system of navigational satellites used to determine the precise ground position of a place or object.

“Harvest Lot” means a contiguous area in a field, greenhouse, or indoor growing structure containing the same variety or strain of *Cannabis* throughout the area.

“Hemp” has the same meaning as industrial hemp.

“Hemp laws” mean, unless otherwise specified herein, A.R.S. Title 3, Chapter 2 and rules adopted thereunder in Article 4.1, A.A.C. R3-4-1001, et seq.; 7 U.S.C. § 5940 (agricultural act of 2014 PL 113-79; 128 Stat. 656, eff. January 5, 2015, <https://www.congress.gov/bill/113th-congress/house-bill/2642/text>); 7 U.S.C. § 1639o et seq. (agricultural improvement act of 2018, PL 115-334; 132 Stat. 4908, eff. December 20, 2018, <https://www.congress.gov/bill/115th-congress/house-bill/2/> text); and 7 C.F.R. part 990, (86 FR 5596, eff. March 22, 2021, https://www.ecfr.gov/cgi-bin/text-idx?node=se7.8.990_11&rgn=div8). The rule does not include any later amendments or editions of the incorporated matter.

“Intentionally” means the state of mind defined in A.R.S. § 13-105(10)(a) or any successor statute.

“Key participant” means a sole proprietor, a partner in partnership, or a person with executive managerial control in a corporation. A person with executive managerial control includes persons such as a chief executive officer, chief operating officer, and chief financial officer. This definition does not include non-executive managers such as farm, field, or shift managers.

“Knowingly” means the state of mind defined in A.R.S. § 13-105(10)(a) or any successor statute.

“Licensing Agreement” means a contract between the Department and an applicant that indicates the terms and conditions required for a license issued pursuant to this Article.

“Lot” means the same as harvest lot.

“Manmade causes” means the influence to an industrial hemp crop created by a person, including but not limited to, irrigation, fertilization, chemical application, or physical interference.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

“Measurement of Uncertainty (MU)” means the parameter, associated with the result of a measurement that characterizes the dispersion of the values that could reasonably be attributed to the particular quantity subject to measurement.

“Natural causes” means the influence to an industrial hemp crop created by elements of nature including, but not limited to, temperature, wind, rain, hail, or flood.

“Performance based sampling” means a sampling method established in substantive policy and posted on the Department’s website that ensures, within a 95% confidence level, a harvest lot is compliant with this Article by not having a total delta-9 THC level above the acceptable limit.

“Program” means the Industrial Hemp Program.

“Propagative material” means any industrial hemp seedlings, explants, transplants, propagules, or other rooted material that is grown in a soilless media.

“Remediation” means the process for achieving compliance of non-compliant *Cannabis*. Remediation can occur by removing and destroying flower material, while retaining stalk, stems, leaf material, and seeds. Remediation can also occur by shredding the entire plant into a biomass like material, then re-testing the shredded biomass material for compliance.

“Responsible party” means an individual that has signing authority of a partnership, limited liability company, association, company or corporation.

“THC” means Tetrahydrocannabinol.

“THCA” means Tetrahydrocannabinolic Acid.

“Total THC or total delta-9 THC” means the value determined after the process of decarboxylation, or the application of a conversion factor if the testing methodology does not include decarboxylation that expresses the potential total delta-9 tetrahydrocannabinol content derived from the sum of the THC and THCA content and reported on a dry weight basis. This post-decarboxylation value of THC can be calculated by using a chromatograph technique using heat, such as gas chromatography, through which THCA is converted from its acid form to its neutral form, THC which calculates the total potential THC in a given sample. The total THC can also be calculated by using a liquid chromatograph technique, which keeps the THCA intact. This technique requires the use of the following conversion: $[\text{Total THC} = (0.877 \times \text{THCA}) + \text{THC}]$ which calculates the potential total THC in a given sample.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1002. Program Eligibility

A. Eligibility requirements. Unless otherwise determined to be ineligible under this Article and notwithstanding any other law, a person or responsible party that applies for a program license shall:

1. Possess a valid fingerprint clearance card issued by the Arizona Department of Public Safety pursuant to A.R.S. § 41-1758.07.
 - a. Applicants who have had a felony narcotics conviction within 10 years of the date of application shall not be granted a good cause exception under A.R.S. § 41-1758.07.

- b. Applicants who have had a felony narcotics conviction prior to December 11, 2018; and that participated in an agricultural pilot program for the purpose of research into the growth, cultivation and marketing of industrial hemp as authorized by 7 U.S.C. § 5940 (agricultural act of 2014 PL 113-79; 128 Stat. 656, eff. January 5, 2015, <https://www.congress.gov/bill/113th-congress/house-bill/2642/text>) may petition the state for an exception to the eligibility exclusion in subsection (A)(1)(a). The rule does not include any later amendments or editions of the incorporated matter.

2. Be a citizen of the United States or a legal resident alien. An individual who applies for a program license and is enrolled in an academic program at an accredited college or university, but who does not meet the criteria in this Section may be sponsored by an academic member of that college or university who meets the eligibility criteria in this Section and provides proof of eligibility as required in subsection (B)(2).

3. Be 18 years of age or older at the time of application.

B. Proof of eligibility.

1. Unless otherwise allowed by an exception to the requirements of this Section, the applicant shall provide the Department a legible photo copy, paper or electronic, of the applicant’s fingerprint clearance card described in subsection (A)(1), which the Department will validate to ensure the applicant meets the eligibility requirements of this Section.
2. The Department shall accept the documents listed in A.R.S. § 41-1080(A) as evidence of age and United States Citizenship or legal residency.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1003. Licenses; Applications; Renewals; Withdrawal

A. Any person that grows, harvests, transports, or processes industrial hemp in any of the following categories shall obtain the appropriate license from the Department and shall abide by the terms and conditions set forth in the licensing agreement with the Department. Types of licenses include:

1. Grower - An authorized grower license shall allow the licensee to obtain seed or propagative materials pursuant to this Article for planting, possess authorized seed and propagative materials for planting, cultivate the crop, harvest plant parts, possess and store harvested plant parts, and transport plant parts for processing.
2. Nursery - An authorized nursery license shall allow the licensee to propagate eligible seed and propagative materials for planting for a licensed grower. A licensed nursery shall not grow industrial hemp for harvesting purposes, unless also licensed with the Department as a grower.
3. Harvester - An authorized harvester license shall allow the licensee to engage in the activity of harvesting an eligible industrial hemp crop for a licensed grower.
4. Transporter - An authorized transporter license shall allow the licensee to engage in the transport of a harvested industrial hemp crop for a licensed grower.
5. Processor - An authorized processor license shall allow the licensee to engage in the processing, handling, and

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

storage of industrial hemp or hemp seed at one or more authorized locations in the state. The licensee may sell, distribute, transfer, or gift any products processed from harvested hemp that is not restricted in R3-4-1012.

- B.** At a minimum, applications for a license shall contain the information required in subsections R3-4-1003(B)(1) through (6), plus any additional information that may be required by the Department. Location information shall be retained by the Department for not less than three years. Licensing fees required under R3-4-1005 are due at the time of application.

1. All applicants must provide:
 - a. Full name, mailing address, telephone number and email address;
 - b. Fingerprint clearance card identification number of the applicant;
 - c. If the applicant represents a business entity, the full name of the business, the principal Arizona business location address, the full name, title, and email address of the of the responsible party;
 - d. Tax ID or Social Security Number; and
 - e. Disclosure and explanation of any instance in which the applicant has been denied, debarred, suspended, revoked, or otherwise prohibited from participating in any public procurement or licensing activity.
2. Applicants for a grower's license must also provide:
 - a. Registered planting site or sites: street address or major crossroads, legal description, and geospatial location for each field, greenhouse, building or site where industrial hemp will be grown, updated annually, or within 30 calendar days following a change;
 - b. Estimated acreage for each outdoor location and square footage for indoor or each greenhouse locations intended for planting;
 - c. Maps or aerial photos depicting each site where industrial hemp will be grown, handled, and stored, with appropriate designations for entrances, field boundaries, and specific locations corresponding to the geospatial location information;
 - d. Geospatial location information of all storage locations for seed or propagative materials, and harvested plants and plant parts; and
 - e. Maps or aerial photos depicting each site where industrial hemp seed and propagative materials will be stored and labeled with the corresponding geospatial location information.
3. Applicants for a nursery license must also provide:
 - a. Geospatial location information of all storage locations for seed or propagative materials;
 - b. Geospatial location information of all propagation areas; and
 - c. Labeled maps or aerial photos depicting storage and propagation areas.
4. Applicants for a harvester license must also provide the legal description and geospatial location information for each location of the harvesting equipment, together with corresponding labeled maps or aerial photos of the location or locations.
5. Applicants for a transporter license must also provide: legal description, and geospatial location information for each location the transporting vehicles and equipment, together with corresponding labeled maps or aerial photos of the location or locations.
6. Applicants for a processor license must also provide:

- a. Identification of the part of a harvested hemp crop or plant to be received for processing, in the following categories:
 - i. Floral and leaf material, or biomass;
 - ii. Seed for oil or grain;
 - iii. Stalks for fiber or hurds; and
 - iv. Seed or propagative materials for planting;
- b. Processing site or sites information that includes: street address or major crossroads, legal description, and geospatial location information for each building or site where hemp will be processed or stored; or where mobile processing equipment will be primarily based, together with labeled maps or aerial photos depicting the processing site information.

- C.** Application submission dates. Applications may be submitted at any time during the year, but the expiration date of the license shall be on December 31 annually, or biennially for a two-year renewal as authorized in subsection (D). An expired license may be reinstated up to three years after the expiration date, provided the applicant's business information has not changed.

- D.** Application for one or two-year renewals. At a licensee's discretion, a person that has been licensed by the Department under the industrial hemp program may apply for a one or two year renewal provided:

1. The person was licensed in the industrial hemp program within the previous calendar year;
2. The license of the person was in good standing at the time of renewal;
3. There is no change in the person or responsible party licensed;
4. There is no change in the physical location of the industrial hemp site;
5. The licensee does not owe any civil penalties, fees, or late charges to the Department; and
6. The person submits the associated fee for a one or two-year renewal.

- E.** Licensing agreements. All approved applicants for a license shall complete a licensing agreement issued by the Department prior to receiving a license. The licensing agreement may include additional terms and conditions as needed to ensure compliance with this Article, applicable state and federal laws, and rules and orders of the Director, but, at a minimum the applicant will agree to:

1. Provide access, for authorized Department inspectors, at any time, to all hemp and hemp seed, planted or stored, and all records to determine compliance with this Article and any state or federal law, rule or order regulating *Cannabis* as an agricultural crop;
2. Maintain all records, as stated in R3-4-1008;
3. Pay all fees required indicated in Table 1;
4. Comply with all pesticide use restrictions;
5. Comply with all seed laws of the state;
6. Defend, indemnify, and hold harmless the Department from liability for the destruction of any crop or harvested plant in violation of this Article;
7. Be solely responsible for all financial or other losses;
8. Be solely responsible for all land use restrictions, applicable city and county zoning, building, and fire codes and ordinances; and
9. Follow all regulatory, notification and reporting requirements.

- F.** Withdrawals.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

1. When a licensee withdraws from the industrial hemp program, any licensing and inspection fees paid or invoiced prior to any notice of withdrawal are not eligible for refund. In order for a licensee to withdraw from the industrial hemp program, the following requirements must be met:
 - a. Unless otherwise authorized by the Associate Director, the licensee shall complete and submit a withdrawal notice at least ten business days prior to the withdrawal of the Program; and
 - b. Any industrial hemp or hemp seed, planted, harvested, or stored must be inspected by the Department prior to transport off of the property, disposal, or transfer to a new or existing licensee.
 2. Withdrawal after submittal of an application but prior to issuance of a license will be prohibited unless the Department determines, in its sole discretion, that such withdrawal is appropriate.
- G.** Site modification. Anytime a licensed grower, processor or nursery modifies the registered site by changing the location of an existing site or by adding additional sites under the license, or removing a registered site from the licensee's record, the licensee shall submit a site modification application and associated site modification fee listed in Table 1. There is no site modification fee for the request to remove a registered site from the licensee's record or when modifying or adding a site during the licensee's renewal process.
- H.** License transfer. The transfer of an industrial hemp license is authorized only if the licensee and eligible program applicant completes and submits a notarized Department issued transfer application and submits any applicable transfer fees listed in Table 1. The receiver of a transferred license shall complete a licensing application, and execute a licensing agreement as required by this Article, and all duties and responsibilities of the licensee shall be transferred to and acknowledged by the receiver in a written agreement between the licensee and receiver. Any license or other fees paid by the licensee shall be credited to the benefit of the receiver.
- I.** Change in business information. Licensees must complete and submit a Change in Business Information form within ten business days if there is any change in business information including business name, address, or other contact information.

Historical Note

R3-4-1004. Industrial Hemp Research

- A.** A person, company, college or university that conducts research into the growth, harvesting techniques, transportation methods, or processing of industrial hemp is required to obtain a license pursuant to this Article.
- B.** A person, company, college or university conducting not-for-profit research may be exempted from the licensing fee or fees provided that:
1. The applicant submits to the Department a request for an exemption of the licensing fee;

2. The applicant provides a summary of the research to be conducted;
 3. The applicant provides a summary of the benefit to the agricultural community that will be gained;
 4. The applicant signs into an agreement with the Department that as a result of the research conducted the applicant will not gain any monetary profit;
 5. The research will be conducted in compliance with this Article or any other law, rule, or order governing the production of industrial hemp; and
 6. The results or summary of the research will be published or made publicly available.
- C.** Intellectual property. The Department holds no rights to any intellectual property resulting from industrial hemp research.
- D.** Restrictions.
1. A licensee shall not change not-for-profit research to for-profit research without notifying the Department and paying the required licensing fee.
 2. Hemp and hemp products produced under a hemp research exemption, excluding hemp seed, are not eligible to enter the commercial stream of commerce.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1005. Fees

- A.** All licensing fees are due at the time of application.
- B.** A grower applicant or licensee is not required to pay separate harvester or transporter licensing fees, unless providing harvesting or transport services for other licensed growers.
- C.** Inspection and assessment fees are invoiced by the Department and are due within 30 calendar days of the invoice date.
- D.** Site modification fees. The appropriate fee shall be submitted at the time an applicant submits a site modification application as provided in R3-4-1003(G).
- E.** Processor assessment fees are based on tonnage reports, shipping manifests or scale receipts of unprocessed hemp plants or plant parts received.
- F.** All outstanding inspection and assessment fees invoiced prior to November 15, shall be paid in full prior to the Department's processing of a licensee's renewal application.
- G.** THC sample analysis fees. Beyond the initial pre-harvest sample collected to determine regulatory compliance of a harvest lot of hemp, a licensee will be required to pay for any analytical fees before results are released. These include:
1. Any pre-harvest re-tests for crops that indicated a result above the threshold for compliance;
 2. Post-harvest samples that have been determined to be a regulatory concern by the Department; or
 3. By request from the grower that requires official analysis for commerce.

R3-4-1006. Authorized Seed and Propagative Material

- A.** Authorized seeds and propagative material. Seeds and propagative materials authorized for use by a licensee is not a guarantee a crop will produce a total delta-9 THC concentration of not greater than 0.300%. Seeds and propagative material that are used to produce an industrial hemp crop or plant shall:
1. Be produced from an industrial hemp crop or plant; and
 2. Originate from either:
 - a. A person, business, college or university licensed or certified in a state or federal program authorized to produce industrial hemp; or
 - b. A foreign source that is authorized by the country of origin to export industrial hemp seed or propagative material to produce an industrial hemp crop.
- B.** Each licensed grower or nursery is responsible for the acquisition of seed or propagative materials used for the growth of industrial hemp. The licensee shall keep and maintain the following information:
1. A copy of the seed or propagative material producer's certificate, license or equivalent documentation authorizing the production of industrial hemp;
 2. An official analysis of the crop or plant that produced the seed or propagative material that indicates the crop or plant contained a total delta-9 THC concentration of not greater than 0.300% on a dry weight basis; and
 3. Phytosanitary certificates or nursery certificates issued by a plant regulatory official for any propagative materials to ensure compliance with A.R.S. § 3-211 and Article 2.
- C.** Labeling requirements. All Industrial Hemp seed or propagative material sold within or into Arizona must be labeled as to variety/strain or hybrid name, and origin.
1. For purposes of labeling, the number or other designations of hybrid industrial hemp shall be used as a variety name.
 2. All Industrial Hemp seed for planting purposes sold within or into Arizona is subject to the Arizona seed laws under A.R.S. §§ 3-231 et seq. and Article 4.
- D.** Shipment of hemp plants for planting purposes.
1. Hemp plants for planting purposes produced by a licensed nursery for intrastate or interstate shipment shall:
 - a. Have been produced from authorized hemp material as indicated in R3-4-1006(A);
 - b. Have been produced in compliance with the laws, rules and order of the Director for the production of industrial hemp;
 2. Be transported with a copy of the nursery producer license; a copy of the receiving grower license; and a manifest or bill of lading indicating the amount in the shipment and physical destination of the shipment; and
 3. Only be sold or distributed to an entity or individual licensed to produce hemp.
- E.** Restrictions.
1. A person that receives seed or propagative materials that does not comply with this Article or any other phytosanitary, seed or labeling law of the state shall immediately notify the Department and hold the seed or propagative material until a disposition is provided by the Department.
 2. The Department may direct a licensee to place a shipment of seed or propagative material on hold to ensure compliance with this Article and any other law or regulation that may apply to the shipment of agricultural seed and plants for planting purposes.

Historical Note

R3-4-1007. Location Requirements; Signage

- A.** Location requirements.
1. A Licensed grower or processor shall not grow, process, or store industrial hemp in any residential dwelling.
 2. A Licensee is responsible for maintaining compliance with all applicable city and county land use restrictions, zoning laws, building, and fire codes and ordinances.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

3. A registered location shall be made available for inspection at the request of an inspector during normal business hours.
4. A licensed grower or processor shall not grow, process, or store any forms of *Cannabis* that are not classified as industrial hemp within a single structure at the registered location.
- B. Signage. The use of the Arizona Department of Agriculture logo or likeness is not permitted on signage. A licensed grower or processor shall conspicuously post signage at the perimeter of the registered location that includes the following information:
 1. The statement, "Arizona Department of Agriculture Industrial Hemp Program - No Trespassing Allowed";
 2. Licensee's name or company name and license number; and
 3. The Arizona Department of Agriculture, Industrial Hemp Program phone number.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1008. Compliance; Recordkeeping; Audits**A. General compliance requirements.**

1. All licensees are subject to audits to ensure compliance with the recordkeeping requirements in subsection (B);
2. An authorized Department inspector shall be allowed access to all growing, storage, and processing locations of a licensee's industrial hemp crop, hemp seed, propagative material, harvested material, handling and processing equipment to conduct a visual inspection and determine if a violation of this Article may exist.

B. Recordkeeping. All licensees may be audited to ensure compliance with all recordkeeping requirements. A licensee shall comply with the recordkeeping requirements in this subsection at a minimum. Additional recordkeeping requirements may be established as set by policy and updated annually.

1. All records documenting the geospatial location, growth, propagation, harvesting, storage, agronomic data, shipping, receiving, transportation, distribution, processing, sale, purchase, third party analysis or research of all plants, seeds and materials shall be kept within the state of Arizona and made available for inspection on request.
2. An in-state agent must be maintained for receipt and storage of records.
3. All records shall be maintained for not less than five years.

C. Sampling and testing. All licensees are subject to the collection of a representative sample of any *Cannabis* plant, hemp crop or harvested hemp in possession of the licensee or licensee's agent to determine the total concentration of delta-9 THC as reported by a certified laboratory to ensure compliance with this Article and any state or federal law, rule or order regulating *Cannabis* as an agricultural commodity. Unless otherwise specified in an alternative performance-based sampling policy, crops shall be sampled within 30 days prior to the intended date of harvest and samples must be collected from mature flowering plants. All sampling agents must have undergone official sampling training by an authorized representative of the Department for the collection of *Cannabis* samples for determination of compliance with the program. A

licensed grower shall not harvest an industrial hemp crop prior to the collection of an official sample for compliance purposes.

1. Sampling method. The Department shall publish a policy on the procedures used by the Department to sample a *Cannabis* plant or crop; and may publish a policy or policies for alternative, performance-based methods that have the potential to ensure, at a 95% level of confidence, that the *Cannabis* plant or crop will not test above the acceptable hemp total delta-9 THC level, such policy or policies may be updated annually as dictated by changing circumstances.
2. Only an authorized Department inspector, or other authorized sampling agent, may collect an official sample to determine compliance with this Article.
3. When collecting an official sample, an authorized Department inspector, or other authorized sampling agent, shall:
 - a. Ensure the licensee or authorized representative of the licensee is present during the collection of the official sample;
 - b. Collect a representative sample of the crop, plants or harvested crop;
 - c. Split the official sample as follows:
 - i. One-third for retention by the Department or to provide to a certified laboratory for compliance with this Article;
 - ii. One-third for confirmation of analytical results if required; and
 - iii. One-third that is provided to the licensee for retention or to utilize for additional analysis by a third party laboratory. Any results provided to the licensee by a third party laboratory do not supersede official results.
 - d. Label all official samples with an official sample number, sample date, collector name, location ID, and grower license ID number;
 - e. Apply official custody seals to all official samples; and
 - f. Complete an official chain of custody form that is signed and dated by the inspector and licensee or the licensee's representative.
4. Sample transport and submission. The Department shall not be liable for samples that are detained by any federal, state or local law enforcement agency.
 - a. If a certified laboratory receives a sample with a broken custody seal or incomplete or missing chain of custody, that sample shall be null and void;
 - b. All official samples retained by the Department are the property of the Department; and
 - c. The Department is not liable to reimburse the licensee for official samples collected.
5. Laboratory Standards. Certified laboratories conducting testing of hemp must conduct analytical testing for purposes of detecting the total calculable amount of delta-9 THC and shall meet the following standards:
 - a. Laboratory quality assurance must ensure the validity and reliability of test results;
 - b. Analytical method selection, validation, and verification must ensure that the testing method used is appropriate and that the laboratory can successfully perform the testing;
 - c. The demonstration of testing validity must ensure consistent and accurate analytical performance; and
 - d. Method performance specifications must ensure analytical tests are sufficiently sensitive for the pur-

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

poses of the detectability requirements of this Article.

- e. At a minimum, analytical testing of samples for total calculable amount of delta-9 THC levels must use post-decarboxylation or other similarly reliable methods approved by the U.S. Secretary of Agriculture. The testing methodology must consider the potential conversion of delta-9 tetrahydrocannabinolic acid (THCA) in hemp into delta-9 tetrahydrocannabinol (THC). The test result must reflect the total calculable amount of delta-9 THC. Testing methodologies meeting these requirements include, but are not limited to, gas chromatography and high-performance liquid chromatography.
- f. The total delta-9 tetrahydrocannabinol concentration level shall be determined and reported on a dry weight basis.
- g. Certified laboratories must report the measurement of uncertainty (MU) of the methodology, in reference to the U.S. Department of Agriculture's Laboratory Testing Guidelines, U.S. Hemp Production Program, published on January 15, 2021, or its successor document in reference to the AOAC International (Association of Official Agricultural Chemists), Standard Method Performance Requirements (SMPRs®) for Quantitation of Cannabinoids in Plant Materials of Hemp (Low THC Varieties *Cannabis* sp.) SMPR 2019.003 found at the website: <https://www.aoc.org/resources/smpr-2019003/>. Certified laboratories must also report the MU as a ± value and report the total delta-9 value in the same unit of measure used to report the MU.
- h. Any sample test result showing with at least 95% confidence that the total delta 9 THC content of the sample is higher than the acceptable hemp THC level shall be conclusive evidence that the lot represented by the sample is not in compliance with this Article.

- 6. DEA Registration. Certified laboratories must also be registered with DEA to handle controlled substances under the Controlled Substances Act (CSA), 21 CFR part 1301.13 no later than December 31, 2022.
- 7. Sample results. A copy of any result produced by a certified laboratory shall be provided to the licensee, but such result is the property of the state.

D. Crop compliance.

- 1. Compliant crops. When a crop is found to be compliant with the regulations governing the production of industrial hemp, a grower will be provided documentation authorizing the movement of the harvest lot. Upon receiving authorization from the Department the licensed grower shall not comingle the harvest lot with any other compliant or non-compliant harvest lot. The grower shall:
 - a. Harvest the compliant harvest lot within 30 business days;
 - b. Notify the Department if there is a delay in the 30 business day harvest window due to inclement weather or other natural causes; and
 - c. Notify the Department prior to shipping or transporting the harvest lot as provided in R3-4-1011(D).
- 2. Non-compliant crops. Non-compliant crops with a total delta-9 THC concentration greater than 0.3% shall not be allowed into the stream of commerce. When a crop is found to be non-compliant with the regulations governing

the production of industrial hemp, a grower will be required, within 15 business days of notification of non-compliance, to either voluntarily dispose of the crop by a method prescribed in R3-4-1013(F) and submit a notice of destruction under R3-4-1011(E), together with supporting evidence of disposal. Alternatively the grower may submit a corrective action plan under R3-4-1013(D) to remediate the crop to achieve compliance with the regulations governing the production of industrial hemp. A corrective action plan may be issued by the Department, or if submitted by the grower, must be approved by the Department. A corrective action plan will only be approved if the total delta-9 THC concentration is greater than 0.3% and less than 1.0%. Failure to dispose of the crop or comply with approved corrective action plan may result in a notice of violation under R3-4-1012. Upon receiving a notification of noncompliance from the Department, the licensed grower shall not move or transport the non-compliant crop from the hemp site, unless otherwise permitted by the Department to remediate the crop. Non-compliant crops shall not be comingled with any other compliant or non-compliant harvest lot. Harvest lots with a total delta-9 THC concentration greater than 1.0% constitutes a violation and must be disposed of by method indicated in R3-4-1013(F).

- E. Volunteer hemp plants. It shall be the responsibility of the licensee to monitor and destroy volunteer hemp plants.

R3-4-1011. Notifications; Reports

- A. All notifications and reports for licensees shall be made on forms provided by the Department unless otherwise indicated in this Section or as directed by the Associate Director.
- B. Planting Report. Within five business days after planting a harvest lot of hemp, a grower must complete and submit a planting report that includes, at a minimum the following:
 - 1. The contact information of the licensee, including license number;
 - 2. A unique harvest lot identification number assigned by the grower or nursery;
 - 3. The geospatial location information where a harvest lot was planted (the "site");
 - 4. The variety name of the harvest lot;
 - 5. The actual area planted with each lot; and
 - 6. The estimated date of harvest or transplanting.
- C. Grower Notice of Intent to Harvest. Within 30 calendar days prior to harvest, a grower must complete and submit a Notice of Intent to Harvest form for each harvest lot to be sampled that includes, at a minimum the following:
 - 1. The contact information of the grower, including license number;

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

2. The unique harvest lot identification number assigned by the grower as initially indicated on the planting report;
 3. The geospatial location or locations information of the harvest lot to be sampled (the "site");
 4. The variety name of the harvest lot;
 5. The size of the area to be harvested; and
 6. The intended date of harvest.
- D.** Notice of Intent to Transport. Within three business days prior to transporting a lot of harvested hemp for processing, a grower must complete and submit a Notice of Intent to Transport form for each harvest lot transported to a processor that includes, at a minimum the following:
1. The contact information of the grower, including license number;
 2. The unique harvest lot identification number assigned by the grower as initially indicated on the planting report;
 3. The geospatial location or locations information of the harvest lot to be transported;
 4. The variety name of the harvest lot;
 5. The amount of harvested hemp to be transported;
 6. The intended date of transport; and
 7. The contact information of the receiver.
- E.** Notice of Destruction. Within three calendar days after a grower has found a harvest lot significantly damaged, completely destroyed, or has disposed of a harvest lot, a grower must complete and submit a Notice of Destruction form that includes, at a minimum the following:
1. The contact information of the grower, including license number;
 2. The unique harvest lot identification number assigned by the grower as initially indicated on the planting report;
 3. The geospatial location or locations information of the harvest lot subject to damage, destruction, or disposal (the "site");
 4. The variety name of the harvest lot;
 5. The size of the area that was subject to damage, destruction, or disposal; and
 6. The date the damage or destruction was discovered, or date of disposal.
- F.** Grower and nursery annual reports. By December 31 of each year, a grower or nursery shall provide the Department a report of the following:
1. The sale or distribution of any industrial hemp grown under the grower's license;
 2. The name and address of the person or entity receiving the industrial hemp; and
 3. The amount of the industrial hemp sold or distributed.
- G.** Processor notifications. All shipments of industrial hemp received into a processing facility must be reported to the Department.
1. For the importation of hemp material for processing, a licensed processor shall notify the Department of the shipment, within three business days of receipt of the shipment. The notification shall include the following information:
 - a. A copy of the shipping manifest that indicates the name, physical address, and phone number of the shipper, and the total weight of the hemp commodity in the shipment;
 - b. A copy of the documentation issued by a regulatory official that attests the hemp commodity was produced with an acceptable concentration of total delta-9 THC;
 - c. A copy of the industrial hemp grower's certificate, license or equivalent documentation authorizing the production of industrial hemp in that state; and
 - d. A phytosanitary certificate, if required, a certificate of inspection, or certificate of origin issued by a plant regulatory official.
 2. For the invoicing of processor assessment fees listed in Table 1, a notification shall be filed with the Department within 30 calendar days of receipt of the shipment or shipments that contain the following information:
 - a. The grower's license number;
 - b. The harvest lot number issued by the Department or an authorizing state;
 - c. The amount of material in the shipment; and
 - d. The date the shipment was received.
- F.** Other notifications. A licensee shall notify the Department within three business days from receipt of results of any third party analysis that determined a hemp crop or plant sample contained a total delta-9 THC concentration greater than 1.0%.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1012. Unauthorized Activity; Violations

- A.** A licensee commits a violation of this Article by:
1. Failing to provide a legal description of land on which a licensee grows, processes, stores or researches industrial hemp or hemp seed;
 2. Failing to obtain the proper license with the Department;
 3. Producing or distributing *Cannabis sativa*, with a total delta-9 THC concentration greater than 1.0% on a dry weight basis, unless otherwise permitted by state or federal law, rule or order;
 4. Violating a term or condition of the signed licensing agreement or corrective action plan; or
 5. Violating any law, rule, or order in the regulation of industrial hemp.
- B.** False Statement. Any person who materially falsifies any information contained in an application to participate in the program established under this Article shall be ineligible to participate in the program.
- C.** No unauthorized person shall:
1. Grow, cultivate, handle, store, harvest, transport, import or process industrial hemp;
 2. Trespass on a property registered as an industrial hemp site;
 3. Disturb, damage or destroy an industrial hemp plant or crop on a registered location; or
 4. Tamper, damage or destroy posted signage as required under R3-4-1007(B).
- D.** No authorized program licensee shall:
1. Offer for sale, trade, transfer possession of, gift, or otherwise relinquish possession of industrial hemp plants, plant parts, or hemp seed that is capable of germination to an unauthorized person;
 2. Destroy an industrial hemp crop, stored industrial hemp or hemp seed without prior notification to the Department; or
 3. Import or export industrial hemp plants or plant parts for processing, or seed or propagative material for planting purposes, without notifying the Department and complying with all import or export regulatory requirements.

TITLE 3. AGRICULTURE

CHAPTER 4. DEPARTMENT OF AGRICULTURE - PLANT SERVICES DIVISION

- E. Intentional, Knowing, or Negligent Violations. Any violation of state or federal law rule or order that is determined to be committed intentionally or knowingly (“culpable mental state greater than negligence”) shall be reported to the state Attorney General, the U.S. Attorney General and any relevant state and local law enforcement agencies. Negligent violations are not subject to federal, state, tribal, or local government criminal enforcement action.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1013. Corrective Actions

- A. In addition to being subject to possible license suspension, license revocation, and monetary civil penalty procedures under R3-4-1014, a person who is found by the Department to have violated any law, rule or Director’s Order governing that person’s participation in the program may be subject to a corrective action plan.
- B. The Associate Director may request that the licensee submit a corrective action plan, or may impose a written and dated corrective action plan for a negligent violation or non-compliance of any law, rule or Director’s Order governing a person’s participation in the hemp program.
- C. Corrective action plans shall include, at a minimum, the following information:
1. The requirements a person must fulfill to correct a violation or non-compliance of this Article as indicated in subsection (D);
 2. A reasonable date by which the person shall complete violation or non-compliance corrections; and
 3. For violations pursued under A.R.S. § 3-319, a requirement for periodic reports from the violator to the Department about the violator’s compliance with the corrective action plan, laws, rules or Director’s Orders for a period of not less than two years from the date of the violation.
- D. Corrective Action Plan.
1. Hemp crops or harvested hemp shall not be removed from the licensee’s registered hemp site if found non-compliant by having a total delta-9 THC concentration of greater than 0.300%, but less than 1.0% on a dry weight basis, unless granted authorization by the Associate Director to complete the measures in an approved corrective action plan.
 2. In addition to one or more of the components listed in A.R.S. § 3-317, the Department may prescribe one or more of the following actions as part of a corrective action plan:
 - a. Stripping stalks and disposal of floral material;
 - b. Sterilization of seed and disposal of floral material;
 - c. THC remediation of leaf and floral material as prescribed by the Associate Director;
 - d. Blending and milling of the entire plant/crop to a homogenized state, then resampled for compliance;
 - e. Education and training; and
 - f. Other corrective measures prescribed by the Associate Director.
3. Failure to complete the prescribed corrective measure within the timeframe indicated in the corrective action plan or to complete any component of a corrective action plan shall constitute a second violation of this Article.
 4. The cost of implementing a corrective action plan is the burden of the licensee.
- E. Repeat negligent violations. A person that violates this Article, the laws governing the production of industrial hemp, or any order issued by the Associate Director three times in a five-year period shall be ineligible for an industrial hemp license for a period of five years beginning on the date of the third violation. All negligent violations within one year counts as one negligent violation.
- F. Methods of disposal. Disposal of any industrial hemp crop or plant, whether such disposal is pursuant to voluntarily action by the licensee or pursuant to a Department order of disposal, shall be accomplished by one or more of the following methods:
1. Plowing under;
 2. Mulching or composting;
 3. Disking;
 4. Bush Mower or chopper;
 5. Deep burial; and
 6. Burning or incinerating.

Historical Note

New Section made by exempt rulemaking at 25 A.A.R. 1447, effective May 31, 2019 (Supp. 19-2). Amended by final rulemaking at 27 A.A.R. 1570, with an immediate effective date of September 16, 2021 (Supp. 21-3).

R3-4-1014. Penalties

- A. Civil penalties. Civil penalties shall be imposed under A.R.S. § 3-319.
- B. License suspension. A person that violates this Article, a licensing requirement, a licensing term or condition, or any other rule or order of the Department may have their licensing privileges suspended until completion of any corrective actions prescribed in R3-4-1013.
- C. License revocation. A person that intentionally violates this Article, a licensing requirement, a licensing term or condition, or any other rule or order of the Department, or who commits a third negligent offense within a five year period may be subject to one or more of the following penalties:
1. Revocation of all licenses issued under this Article;
 2. Seizure and destruction of all hemp crops, seed, and harvested industrial hemp of the licensee, at the cost of the licensee; and
 3. Ineligibility for a license under this Article for a period not less than five years.
- D. Intentional or knowing violations committed by unlicensed individuals shall be punished according to A.R.S. §§ 3-319 and 13-3405.

This Chapter contains rules that were filed to be codified in the *Arizona Administrative Code* between the dates of
July 1, 2024 through September 30, 2024

Editor's note: This Chapter contains Section R3-6-102 amended under an emergency rulemaking as authorized under Laws 2024, Ch. 214, § 11(B). Section B states "The Department of Environmental Quality is exempt from rulemaking requirements of Title 41, Chapter 6, Arizona Revised Statutes, until July 1, 2025 for the purpose of establishing fees pursuant to this section."

On August 26, 2024, the Department of Agriculture Advisory Council voted in favor of continuing the existing certification fees under R3-6-102(A)(1) and (2) in FY 2025. The Attorney General approved the emergency and approved the Department's request that the rule become effective on September 14, 2024, the general effective date of Laws 2024, Ch. 214 from the Fifty-sixth Legislature, Second Regular Session.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

R4-1-104. Board Records; Public Access; Copying Fees

- A.** The Board shall maintain all records, subject to A.R.S. Title 39, Chapter 1, reasonably necessary or appropriate to maintain an accurate knowledge of the Board's official activities including, but not limited to:
1. Applications for CPA certificates and supporting documentation and correspondence;
 2. Applications to take the Uniform Certified Public Accountant Examination;
 3. Registration for registrants;
 4. Documents, transcripts, and pleadings relating to disciplinary proceedings and to hearings on the denial of a certificate; and;
 5. Investigative reports; staff memoranda; and general correspondence between any person and the Board, members of the Board, or staff members.
- B.** Any person desiring to inspect or obtain copies of records of the Board available to the public under this section shall make a request to the Board's Executive Director or the Director's designee. The Executive Director or the director's designee shall, as soon as possible within a reasonable time, advise the person making the request whether the records sought can be made available, or, if the Executive Director or the director's designee is unsure whether a record may be made available for public inspection and copying, the Executive Director or the director's designee shall refer the matter to the Board for final determination.
- C.** A person shall not remove original records of the Board from the office of the Board unless the records are in the custody and control of a board member, a member of the Board's committees or staff, or the Board's attorney. The Executive Director or the director's designee may designate a staff member to observe and monitor any examination of Board records.
- D.** The Board shall provide copies of all records available for public inspection and copying shall be provided according to the procedures described in A.R.S. Title 39, Chapter 1, Article 2.
- E.** Any person aggrieved by a decision of the Executive Director or the director's designee denying access to records of the Board may request a hearing before the Board to review the action of the Executive Director or the director's designee by

The Board and Board committees shall conduct meetings in accordance with the current edition of Robert's Rules of Order if the rules are compatible with the laws of the state of Arizona or the Board's own resolutions regarding meetings.

1. Regular and special meetings of the Board for the purpose of conducting business shall be called by the President or a majority of the board members.
2. Regular and special meetings of the committees shall be called by the chairperson or a majority of the committee members.

Historical Note

Former Rules 2A, 2B, 2C, 2D; Former Section R4-1-13 renumbered as Section R4-1-113 without change effective July 1, 1983 (Supp. 83-4). Amended effective November 20, 1998 (Supp. 98-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1).

R4-1-114. Hearing; Rehearing or Review

- A. Hearing: The Board or an Administrative Law Judge (ALJ) employed by the Office of Administrative Hearings (OAH)

shall hear all contested cases and appealable agency actions. The Board shall conduct hearings according to the provisions of A.R.S. Title 41, Chapter 6, Article 10 as supplemented by R4-1-117. The OAH shall conduct hearings according to A.R.S. Title 41, Chapter 6, Article 10 and the rules and procedures established by the OAH. To the extent that there is no conflict with A.R.S. Title 41, Chapter 6, Article 10, the provisions of A.R.S. § 32-743 apply to hearings conducted by the Board and the OAH. The following subsections apply to hearings conducted by the Board and hearings conducted by the OAH where applicable.

1. Power to join any interested party: Any board member or the ALJ may join as a party applicant or as a party defendant, any person, firm or corporation, that appears to have an interest in the matter before the Board.
2. Stipulation at hearing: The parties may stipulate to facts that are not in dispute. The stipulation may be in writing or may be made orally by reading the stipulation into the record at the hearing. The stipulation is binding upon the parties unless the Board or the ALJ grants permission to withdraw from the stipulation. The Board or the ALJ may set aside any stipulation.
3. Settlements and consent orders: At any time before or after formal disciplinary proceedings have been instituted against a registrant, the registrant may submit to the Board an offer of conditional settlement to avoid formal disciplinary proceedings by the Board. In the offer of conditional settlement, the registrant shall agree to take specific remedial steps such as enrolling in CPE courses, limiting the scope of the registrant's practice, accepting limitation on the filing of public reports, and submitting the registrant's work product for peer review. If the Board determines that the proposed conditional settlement will protect the public safety and welfare and is more likely to rehabilitate or educate the registrant than formal disciplinary action under A.R.S. § 32-741, the Board may accept the offer and enter an order that incorporates the registrant's proposed conditional settlement and to which the registrant consents. A consent order issued under this subsection shall provide that, upon successful compliance by the registrant with all provisions of the order, the disciplinary proceedings shall be terminated and any notice of hearing previously issued shall be vacated. The consent order shall further provide that, upon failure of the registrant to comply with all provisions of the order, or upon the discovery of material facts unknown to the Board at the time the Board issued the order, formal disciplinary proceedings against the registrant may be instituted or resumed. The consent order additionally may provide that, upon failure of the registrant to comply with all provisions of the order, the Board may immediately and summarily suspend the registrant's certificate for not more than one year. Within 30 days after the summary suspension, the registrant may request a hearing solely concerning the issue of compliance with the consent order.
4. Decisions and orders: The Board shall make all decisions and orders by a majority vote of the members considering the case. The Board shall issue a final written decision in a contested case or state the decision on the record. The decision shall state separately the findings of fact and conclusions of law on which the decision is based, and the Board's order to implement the decision. All written decisions and orders of the Board shall be signed by the

President or Secretary of the Board. When the Board suspends or revokes the certificate of a registrant, the Board may order the registrant to return the registrant's certificate within 30 days after receipt of the order. The Board shall serve each party, each attorney of record, and the Attorney General with a copy of each decision or order of the Board, as provided in R4-1-117.

- B.** ALJ: In hearings conducted by the OAH, the ALJ shall provide the Board with written findings of fact, conclusions of law, and a recommended order within 20 days after the conclusion of the hearing or as otherwise provided by A.R.S. Title 41, Chapter 6, Article 10. The Board's decision approving or modifying the ALJ's recommendations is the final decision of the Board, subject to the filing of a motion for rehearing or review as provided in subsection (C).
- C.** Rehearing or Review: Any party aggrieved by a decision of the Board may file with the Board a written motion for rehearing or review within 30 days after service of the decision specifying the particular grounds for the motion. The Attorney General may file a response to the motion for rehearing within 15 days after service of the motion. The Board may require the filing of written briefs upon issues raised in the motion for rehearing or review and provide for oral argument. Upon review of the documents submitted, the Board may modify the decision or vacate it and grant a rehearing for any of the following causes materially affecting a party's rights:
1. Irregularity in the administrative proceedings or any order or abuse of discretion, that deprived a party of a fair hearing;
 2. Misconduct of the Board or the ALJ;
 3. Accident or surprise that could not have been prevented by ordinary prudence;
 4. Newly discovered material evidence, that could not with reasonable diligence have been discovered and produced at the original hearing;
 5. Excessive or insufficient penalties;
 6. Error in the admission or rejection of evidence or other errors of law occurring at the administrative hearing, or during the progress of the proceeding; or
 7. That the findings of fact or decision is not justified by the evidence or is contrary to law.

Historical Note

Former Rules 5A, 5B, 5C; Amended effective January 3, 1977 (Supp. 77-1). Amended effective February 22, 1978 (Supp. 78-1). Former Section R4-1-14 renumbered as Section R4-1-114 without change effective July 1, 1983 (Supp. 83-4). Amended effective December 6, 1995 (Supp. 95-4). Amended effective November 20, 1998 (Supp. 98-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1).

R4-1-115. Accounting and Auditing and Tax Advisory Committees

- A.** The Board may appoint advisory committees concerning accounting reports, taxation and other areas of public accounting as the Board deems appropriate. The committees shall evaluate investigation files referred by the Board, hold voluntary informal interviews and make advisory recommendations to the Board concerning settlement, dismissal or other disposition of the reviewed matter.
- B.** The Board, in its discretion, may accept, reject, or modify the recommendation of the advisory committee.

Historical Note

Adopted effective July 1, 1983 (Supp. 83-4). Amended effective November 20, 1998 (Supp. 98-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1).

R4-1-115.01. Law Review Advisory Committee

- A.** The Board may appoint an advisory committee to assist in the evaluation of statutory and regulatory provisions. The committee shall make advisory recommendations to the Board.
- B.** The Board, in its discretion, may accept, reject, or modify the recommendations of the advisory committee.

Historical Note

Adopted effective November 20, 1998 (Supp. 98-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1).

R4-1-115.02. Continuing Professional Education Advisory Committee

- A.** The Board may appoint an advisory committee to assist in the evaluation of CPE. The committee shall make advisory recommendations to the Board concerning the following:
1. CPE programs;
 2. A registrant's satisfaction of CPE requirements; and
 3. A registrant's compliance with disciplinary orders requiring CPE.
- B.** The Board, in its discretion, may accept, reject, or modify the recommendations of the advisory committee.

Historical Note

Adopted effective November 20, 1998 (Supp. 98-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1).

R4-1-115.03. Peer Review Oversight Advisory Committee

- A.** The Board may appoint an advisory committee to:
1. Make advisory recommendations to the Board concerning peer review, and
 2. Monitor the peer review program and report to the Board on its effectiveness.
- B.** The Board may accept, reject, or modify recommendations of the Peer Review Oversight Advisory Committee.

Historical Note

New Section made by final rulemaking at 10 A.A.R. 4352, effective December 4, 2004 (04-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1). Amended by final rulemaking at 26 A.A.R. 339, effective April 5, 2020 (Supp. 20-1). Amended by final rulemaking at 28 A.A.R. 1106 (May 27, 2022), effective July 3, 2022 (Supp. 22-2).

R4-1-115.04. Certification Advisory Committee

- A.** The Board may appoint an advisory committee to assist in the evaluation of applicants for the Uniform Certified Public Accountant Examination and for certified public accountant. The committee shall review applications, transcripts, and related materials, and make advisory recommendations to the Board concerning the qualifications of applicants for the Uniform Certified Public Accountant Examination and for certification of certified public accountants.
- B.** The Board, in its discretion, may accept, reject, or modify the advisory recommendation in determining the qualifications of applicants.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 1. BOARD OF ACCOUNTANCY

Historical Note

New Section R4-1-115.04 renumbered from R4-1-116 and amended by final rulemaking, effective February 4, 2014 (Supp. 14-1).

R4-1-116. Renumbered**Historical Note**

Adopted effective July 1, 1983 (Supp. 83-4). Amended effective November 20, 1998 (Supp. 98-4). Section R4-1-116 renumbered to R4-1-115.04 by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1).

R4-1-117. Procedure: Witnesses; Service

- A.** Pleadings; depositions; briefs; and related documents. A party shall print or type all pleadings, depositions, briefs, and related documents and use only one side of the paper.
- B.** Witness' depositions. If a party wants to take the oral deposition of a witness residing outside the state, the party shall file with the Board a petition for permission to take the deposition stating the name and address of the witness and describing in detail the nature and substance of the testimony expected to be given by the witness. The petition may be denied if the testimony of the witness is not relevant and material. If the petition is granted, the party may proceed to take the deposition of the witness by complying with the Arizona Rules of Civil Procedure. The party applying to the Board for permission to take a deposition shall bear the expense of the deposition.
- C.** Witness' interrogatories. A party desiring to take the testimony of a witness residing outside the state by means of interrogatories may do so by serving the adverse party as in civil matters and by filing with the Board a copy of the interrogatories and a statement showing the name and address of the witness. The adverse party may file in duplicate cross-interrogatories with a copy of the statement within 10 days following service on the adverse party. A party that objects to the form of an interrogatory or cross-interrogatory may file a statement of the objection with the Board within five days after service of the interrogatories or cross-interrogatories and may suggest to the Board any amendment to an interrogatory or cross-interrogatory. The Board may amend, add, or strike out an interrogatory or cross-interrogatory when the Board determines it is proper to do so.
 1. Notwithstanding the fact that a party may petition for permission to take the oral deposition of a witness, the Board may require that the information be provided through written interrogatories and vice versa.
 2. A party shall provide a copy of answers to the interrogatories to the Board within 45 days after the interrogatories are answered.
- D.** Subpoenas. The Board officer presiding at a hearing may authorize subpoenas for the attendance of witnesses and for the production of books, records, documents, and other evidence, and shall administer oaths. A party desiring the Board to issue a subpoena for the production of evidence, documents or to compel the appearance of a witness at a hearing shall apply for the subpoena in writing stating the substance of the witness's testimony. If the testimony appears to be relevant and material, the Board shall issue the subpoena. Affixing the seal of the Board and the signature of a Board officer is sufficient to show that the subpoena is genuine. The party applying for the subpoena shall bear the expense of service.
- E.** Service.
 1. Service of any decision, order, subpoena, notice, or other document may be made personally in the same manner as a summons served in a civil action. If a document is

served personally, service is deemed complete at the time of delivery.

2. Except as provided in subsection (E)(3), service of any document may also be made by:
 - a. Personal service.
 - b. By enclosing a copy of the document in a sealed envelope and depositing the envelope in the United States mail, with first-class postage prepaid, addressed to the party, at the address last provided to the Board.
 - i. Service by mail is deemed complete when the document to be served is deposited in the United States mail. If the distance between the place of mailing and the place of address is more than 100 miles, service is deemed complete one day after the deposit of the document for each 100 miles to a maximum of six days after the date of mailing.
 - ii. In computing time, the date of mailing is not counted. All intermediate Sundays and holidays are counted. If the last day falls on a Sunday or holiday, that day is not counted and service is considered completed on the next business day.
 - c. By attaching the document to an email and sending it to the email address last provided to the Board.
3. The Board shall mail each notice of hearing and final decision by certified mail to the last known address reflected in the records of the Board.
4. Service on attorney. Service on an attorney who has appeared for a party constitutes service on the party.
5. Proof of service. A party shall demonstrate proof of service by filing an affidavit, as provided by law, proof of mailing by certified mail, or an affidavit of first-class mailing.

Amended by final rulemaking at 9 A.A.R. 5022, effective January 3, 2004 (Supp. 03-4). Section expired under A.R.S. § 41-1056(E) at 15 A.A.R. 372, effective December 31, 2008 (Supp. 09-1).

R4-1-226.01. Applications; Examination - Computer-based

A. A person desiring to take the Uniform Certified Public Accountant Examination who is qualified under A.R.S. § 32-723 may apply by submitting an initial application. A person whose initial application has already been approved by the Board to sit for the Uniform CPA Examination may apply by submitting an application for re-examination.

1. The requirements for initial application for examination are:
 - a. A completed application for initial examination,

- b. A \$100 initial application fee if:
 - i. The applicant has not previously filed an application for initial examination in Arizona, or
 - ii. The Board administratively closed a previously submitted application, or
 - iii. The applicant has been previously denied by the Board.
 - c. University or college transcripts to verify that the applicant meets the educational requirements and if necessary for education taken outside the United States an additional course-by-course evaluation from the National Association of State Boards of Accountancy International Evaluation Services (NIES).
 - d. Other information or documents requested by the Board to determine compliance with eligibility requirements.
 2. The requirements for application for re-examination are:
 - a. A completed application for re-examination, and
 - b. A \$50 re-examination application fee.
- B. Within 30 days of receiving an initial application, the Board shall provide written notice to the applicant that the application is either complete or incomplete. If the application is incomplete, the notice shall specify what information is missing. The applicant has 30 days from the date of the Board's letter to respond to the Board's request for additional information or the Board or its designee may administratively close the file. An applicant whose file is administratively closed and who later wishes to apply shall reapply under subsection (A)(1).
- C. The Board's certification advisory committee (CAC) shall evaluate the applicant's file and make a recommendation to the Board to approve or deny the application. The CAC may defer a decision on the applicant's file to a subsequent CAC meeting to provide the applicant opportunity to submit any information requested by written notice by the CAC that the CAC believes is relevant to make a recommendation to the Board. The applicant has 30 days from the date of the Board's letter to respond to the CAC's request for additional information or the Board or its designee may administratively close the file.
- D. If the Board approves the application, the Board shall notify the applicant in writing and send an authorization to test (ATT) to the National Association of State Boards of Accountancy (NASBA) to permit the applicant to take the specified section or sections of the examination for which the applicant applied. If the Board denies the application, the Board shall send the applicant written notice explaining:
 1. The reason for denial, with citations to supporting statutes or rules;
 2. The applicant's right to seek a fair hearing to challenge the denial; and
 3. The time periods for appealing the denial.
- E. If the applicant does not timely pay to the NASBA the fees owed for the examination section or sections for which the applicant applied, the ATT expires. An applicant that still wishes to take a section or sections of the Uniform CPA Examination shall submit an application for re-examination under subsection (A)(2).
- F. After an applicant has paid NASBA, NASBA shall issue a notice to schedule (NTS) to the applicant. A NTS enables an applicant to schedule testing at an approved examination center. The NTS is effective on the date of issuance and expires when the applicant sits for all sections listed on the NTS or six months from the date of issuance, whichever occurs first.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 1. BOARD OF ACCOUNTANCY

Upon written request to the Board and showing good cause that prevents the applicant from appearing for the examination, an applicant may be granted by the Board a 90-day extension to a current NTS.

- G. The Board shall send the applicant any written notice required by this Section in accordance with R4-1-117(E)(1) or (2).

R4-1-229. Conditioned Credit

- A. An applicant is allowed to sit for each section individually and in any order. An applicant is given conditioned credit for each section of the examination passed. Effective retroactively from and after January 1, 2024, a conditioned credit is valid for 30 months from the score release date of the examination. Upon written request to the Board and showing good cause, an applicant may be granted by the Board a 90-day extension to a conditioned credit.
- B. Transfer of conditioned credit. The Board shall give an applicant credit for all sections of an examination passed in another jurisdiction if the credit has been conditioned. If an applicant transfers conditioned credit from another jurisdiction, the applicant shall pass the remaining sections of the examination within the 30-month period from the score release date that the

first section was passed. An applicant who fails to pass all sections of the Uniform CPA Examination within 30 months shall retake previously passed sections of the Uniform CPA Examination to ensure passage of all sections within an 30-month period.

- C. Any candidate who had exam credit expire between January 30, 2020, and May 11, 2023, during the National Public Health Emergency declared by the United States Department of Health and Human Services which have not been subsequently replaced by new credits for the same sections and any candidate with Uniform CPA Examination credit or credits on January 1, 2024 will have such credit or credits extended to June 30, 2025.

- A. Initial registration: After the Board approves an applicant's request for certification or firm registration, the registrant shall file a registration in a format prescribed by the Board and pay a registration fee under subsection (C).
- B. Renewal registration: A registrant shall file an application for renewal registration in a format prescribed by the Board no later than 5:00 p.m. on the last business day of the month. A renewal registration is deemed filed on the date and time received in the Board office. The Board shall record the date and time either by electronic date stamp in Arizona time or on physical receipt in the board's office. The Board shall not accept a postmark as evidence of timely filing. It is the sole responsibility of the registrant to complete the renewal registration requirements at the following times:
 1. Individual registrant: An individual registrant shall renew registration at the following times:
 - a. A registrant born in an even-numbered year shall renew registration during the month of birth in each even-numbered year.
 - b. A registrant born in an odd-numbered year shall renew registration during the month of birth in each odd-numbered year.
 2. Firm registrant: A firm shall renew registration at the following times:
 - a. A business organization firm that initially registered with the Board in an even-numbered year shall renew registration during the board-approved month of the initial registration in each even-numbered year.

- b. A business organization firm that initially registered with the Board in an odd-numbered year shall renew registration during the board-approved month of the initial registration in each odd-numbered year.
- c. An individual or a sole proprietorship firm shall renew its registration pursuant to subsection (B)(1).

C. Registration fees:

1. Initial Registration Fee –
 - a. Certification – \$300 and, if applicable, a late fee of \$50.
 - b. The registration fee shall be prorated by month for an initial registration period of less than two years.
2. Biennial Registration Fee –
 - a. Certification – \$300 and, if applicable, a late fee of \$50.
 - i. For registrations due during the period from July 1, 2020 to June 30, 2024, the biennial registration fee will be reduced temporarily to \$275.
 - ii. For registrations due beginning July 1, 2024, the biennial registration fee will revert to \$300.
- b. Firm Registration – \$300 and, if applicable, a late fee of \$50. Under A.R.S. § 32-729, the Board shall not charge a fee for the registration of additional offices of the same firm or for the registration of a sole practitioner.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 1. BOARD OF ACCOUNTANCY

- a. Credit may be earned for writing and publishing articles or books that contribute to the accounting profession and is published by a recognized third-party publisher of accounting material or a sponsor as long as it is not used in conjunction with a seminar.
 - b. Credit may be earned for the writing or development of online course curriculum for undergraduate, graduate, or doctoral education that contribute to the accounting profession.
 - c. Two credit hours will be given for each 3,000 words of original material written or developed into curriculum. Materials must be at least 3,000 words in length. Multiple authors may share credit for material written or developed into curriculum.
6. A registrant may earn a combined maximum of 40 hours of CPE credit under subsections (A)(4) and (5) during each renewal period.
 7. A registrant may earn a maximum of 20 hours of CPE during each renewal period by completing introductory computer-related courses. Computer-related courses may qualify as consulting services pursuant to subsection (C).
 8. A registrant may earn a maximum of 4 hours of CPE during each renewal period by completing nano-learning courses. A nano-learning program is a tutorial program designed to permit a participant to learn a given subject in a ten-minute time-frame through the use of electronic media and without interaction with a real time instructor.
 9. CPE credit shall be given in one-fifth or one-half hour increments if the CPE is a segment of a continuing series related to a specific subject as long as the segments are connected by an overarching course that is a minimum of one hour and taken within the same CPE reporting period.
 10. Credit shall not be allowed for repeat participation in any seminar or course during the registration period.
- B. Programs that Qualify.** CPE credit may be given for a program that provides a formal course of learning at a professional level and contributes directly to the professional competence of participants.
1. The Board shall accept a CPE course as qualified if it:
 - a. Is developed by persons knowledgeable and experienced in the subject matter,
 - b. Provides written outlines or full text,
 - c. Is administered by an instructor or organization knowledgeable in the program, and
 - d. Uses teaching methods consistent with the study program.
 2. The Board shall accept a self-study program which includes online or computer based programs if the sponsors maintain written records of each student's participation and records of the program outline for three years following the conclusion of the program.
 3. An ethics program taught or developed by an employer or co-worker of a registrant does not qualify for the ethics requirements of subsection (C)(4).
- C. Hour Requirement.** As a prerequisite to registration pursuant to A.R.S. § 32-730(C) or to reactivate from inactive status pursuant to A.R.S. § 32-732(A), a registrant shall complete the CPE requirements during the two-year period immediately before registration or application respectively as specified under subsections (C)(1) through (C)(5). For registration periods of less than two years CPE may be prorated by quarter, with the exception of ethics.
1. A registrant whose last registration period was for two years shall complete 80 hours of CPE.
 2. A registrant shall complete a minimum of 40 hours in the subject areas of accounting, auditing, taxation, business law, or consulting services with a minimum of 16 hours in the subject areas of accounting, auditing, or taxation.
 3. A registrant shall complete a minimum of 16 of the required hours:
 - a. In a classroom setting,
 - b. Through an interactive live webinar, or
 - c. By acting as a lecturer or discussion leader in a CPE program, including college courses
 4. A registrant shall complete four hours of CPE in the subject area of ethics. The four hours required by this subsection shall include a minimum of one hour of each of the following subjects:
 - a. Ethics related to the practice of accounting including the Code of Professional Conduct of the American Institute of Certified Public Accountants, and
 - b. Board statutes and administrative rules.
 5. A registrant shall report, at a minimum, the CPE hours required for the registration period.
 6. CPE hours completed for a registration period may not be used for a subsequent registration period in any of the following instances:
 - a. To vacate a suspension for nonregistration,
 - b. To vacate a suspension for noncompliance with CPE requirements, or
 - c. To comply with a granted CPE extension.
 7. As a prerequisite to reactivate from retired status or reinstate from cancelled, expired, relinquished or revoked status, a registrant or an applicant shall complete up to 160 hours of CPE during the four-year period immediately before application to reactivate or reinstate. For periods of less than four years CPE may be prorated by quarter, with the exception of ethics.
 - a. A registrant or an applicant shall complete a minimum of 80 hours in the subject areas of accounting, auditing, taxation, business law, or consulting services with a minimum of 32 hours in the subject areas of accounting, auditing or taxation.
 - b. A registrant or an applicant shall complete a minimum of 32 hours of the required hours:
 - i. In a classroom setting,
 - ii. Through an interactive live webinar, or
 - iii. By acting as a lecturer or discussion leader in a CPE program, including college courses.
 - c. A registrant or an applicant shall complete CPE in the subject area of ethics. Four hours of ethics CPE shall be required if 1 – 24 months have passed since the last registration due date for which CPE was completed. Eight hours of ethics CPE shall be required if 25 – 48 months have passed since the last registration due date for which CPE was completed. The hours required by this subsection shall include a minimum of one hour of each of the following subjects. The following subjects shall be completed during the two-year period immediately preceding application for reactivation or reinstatement:
 - i. Ethics related to the practice of accounting including the Code of Professional Conduct of the American Institute of Certified Public Accountants; and
 - ii. Board statutes and administrative rules.

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 1. BOARD OF ACCOUNTANCY

D. Reporting: A registrant or an applicant for reactivation or reinstatement, a registrant who is subject to an audit, or a registrant completing their registration must report the following details about their completed CPE:

1. Sponsoring organization,
2. Number of CPE credit hours,
3. Title of program or description of content,
4. Dates attended,
5. Subject, and
6. Method.

E. In addition to the information required under subsection (D), a registrant or an applicant for reactivation or reinstatement from cancelled, expired, relinquished or revoked status, or a registrant subject to a CPE audit pursuant to subsection (G) shall provide the Board the following CPE records at its request: copies of transcripts, course outlines, and certificates of completion that include registrant's name, course provider or sponsor, course title, credit hours, and date of completion.

F. CPE Record Retention: A registrant shall maintain CPE records for three years from the date the registration was dated as received by the Board the following documents for all CPE completed for the registration period, even if not reported on the registration: transcripts, course outlines, and certificates of completion that include registrant's name, course provider or sponsor, course title, credit hours, and date of completion.

G. CPE audits: The Board, at its discretion, may conduct audits of a registrant's CPE and require that the registrant provide the CPE records that the registrant is required to maintain under subsection (F) to verify compliance with CPE requirements.

H. The Board may grant a full or partial exemption from CPE requirements on demonstration of good cause for a disability for only one registration period.

I. A non-resident registrant seeking renewal of a certificate in this state shall be determined to have met the CPE requirements of this Section by meeting the CPE requirements for renewal of a certificate in the jurisdiction in which the registrant's principal place of business is located.

1. Non-resident applicants for renewal shall demonstrate compliance with the CPE renewal requirements of the jurisdiction in which the registrant's principal place of business is located by signing a statement to that effect on the renewal application of this state.
2. If a non-resident registrant's principal place of business jurisdiction has no CPE requirements for renewal of a certificate or license, the non-resident registrant must comply with all CPE requirements for renewal of a certificate in this state.

R4-1-454. Peer Review

A. Each firm, review team, and member of a review team shall comply with the Standards for Performing and Reporting on Peer Reviews, issued April 2019 and published June 1, 2023 in the AICPA Professional Standards by the American Institute of Certified Public Accountants, 220 Leigh Farm Road, Durham, North Carolina 27707-8110 (www.aicpa.org), which is incorporated by reference. This incorporation by reference does not include any later amendments or editions. The incorporated material is available for inspection and copying at the Board's office.

B. A firm must allow the sponsoring organization to make the following documents accessible to the Board via the FSBA process:

1. Peer review report which has been accepted by the sponsoring organization,
2. Firm's letter of response accepted by the sponsoring organization, if applicable,
3. Completion letter from the sponsoring organization,
4. Letter or letters accepting the documents signed by the firm with the understanding that the firm agrees to take any actions required by the sponsoring organization, if applicable, and
5. Letter signed by the sponsoring organization notifying the firm that required actions have been appropriately completed, if applicable.

C. Information discovered solely as a result of a peer review is not grounds for suspension or revocation of a certificate.

D. Firms that reorganize a current firm, rename a firm, or create a new firm, within which at least one of the prior CPA owners remains an owner or employee, shall remain subject to the provisions of this Section. If a firm is merged, combined, dissolved, or separated, the sponsoring organization shall determine which resultant firm shall be considered the succeeding firm. The succeeding firm shall retain its peer review status and the review due date.

R4-1-455.02. Professional Conduct: Competence and Technical Standards

- A.** In reporting on financial statements for which a registrant has performed attest services (as defined in A.R.S. § 32-701) any of the following will constitute a violation of A.R.S. § 32-741(A)(4):
1. In an audit engagement, failing to:
 - a. Prepare audit documentation that is sufficient to enable an experienced auditor, having no previous connection with the audit, to understand:
 - i. The nature, timing, and extent of the audit procedures performed;
 - ii. The results of the audit procedures performed, and the audit evidence obtained; and
 - iii. Significant findings or issues arising during the audit, the conclusions reached thereon, and significant professional judgments made in reaching those conclusions;
 - b. Obtain sufficient appropriate evidence to conclude that the financial statements taken as a whole are free from material misstatement; or
 - c. Modify the opinion in the auditor's report when:
 - i. The financial statements as a whole are materially misstated; or
 - ii. Sufficient appropriate audit evidence to conclude that the financial statements as a whole are free from material misstatement has not been obtained.
 2. In a review engagement, failing to:
 - a. Accumulate sufficient review evidence to provide a reasonable basis for obtaining limited assurance that there are no material modifications that should be made to the financial statements in order to be in conformity with the applicable financial reporting framework; or
 - b. Modify the accountant's review report for a departure from the applicable financial reporting framework, including inadequate disclosure, that is material to the financial statements.
 3. In an examination of prospective financial statements engagement, failing to:
 - a. Obtain sufficient evidence to provide a reasonable basis for the conclusion that is expressed in the report; or
 - b. Modify the report when:
 - i. One or more significant assumptions do not provide a reasonable basis for the prospective financial statements; or
 - ii. The examination is affected by conditions that preclude application of one or more procedures considered necessary in the circumstances.
- B.** The provisions of this subsection are not intended to be all inclusive or to limit the application of A.R.S. § 32-741(A)(4).

Historical Note

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 1. BOARD OF ACCOUNTANCY

and Practices

- A.** Discreditable acts: In addition to any other acts prohibited by any standards incorporated in these rules, a registrant shall not commit an act that reflects adversely on the registrant's fitness to engage in the practice of public accounting, including and without limitation:
1. Violating a provision of R4-1-455, R4-1-455.01, R4-1-455.02, R4-1-455.03 or R4-1-455.04;
 2. Violating a fiduciary duty or trust relationship with respect to any person; or
 3. Violating a provision of A.R.S. Title 32, Chapter 6, Article 3, or this Chapter.
- B.** Advertising practices and solicitation practices: A registrant has violated A.R.S. § 32-741(A)(4) and engaged in dishonest or fraudulent conduct in the practice of public accounting in connection with the communication or advertising or solicitation of accounting services through any media, if the registrant willfully engages in any of the following conduct:
1. Violates A.R.S. § 44-1522 and a court finds the violation willful;
 2. Engages in fraudulent or misleading practices in the advertising of accounting services that leads to a conviction pursuant to A.R.S. § 44-1481; or
 3. Engages in fraudulent practices in the advertising of accounting services that leads to a conviction for a violation of any other state or federal law.
- C.** Form of practice and name: A registrant shall not use a professional or firm name or designation that is misleading about the legal form of the firm, or about the persons who are partners, officers, members, managers, or shareholders of the firm, or about any other matter. A firm name or designation shall not include words such as "& Company," "& Associates," or "& Consultants" unless the terms refer to additional full-time CPAs that are not otherwise mentioned in the firm name.
- D.** Communications: When requested, a registrant shall file a written response to a communication from the Board within 30 days of the date of the mailing of such communication by certified mail. A written response is deemed filed on the date and time received in the Board office. The Board shall record the date and time either by electronic date stamp in Arizona time or on physical receipt in the Board's office. The Board shall not accept a postmark as evidence of timely filing.
- E.** The provisions of R4-1-455.03(A) through (C) are not intended to be all inclusive or to limit the application of any standards incorporated by R4-1-455.

Historical Note

Section R4-1-455.03 renumbered from R4-1-455(D) and amended effective April 22, 1992 (Supp. 92-2). Amended effective November 20, 1998 (Supp. 98-4). R4-1-455.04. Professional Conduct: Records Disposition

Document retention policies. Except as set forth in A.R.S. § 32-744(D), a registrant may retain and dispose of documents prescribed in A.R.S. § 32-744(C) in compliance with a reasonable document retention policy.

Historical Note

Section R4-1-455.04 renumbered from R4-1-455(E) and amended effective April 22, 1992 (Supp. 92-2). Section number corrected (Supp. 97-3). Amended effective November 20, 1998 (Supp. 98-4). Amended by final rulemaking at 20 A.A.R. 520, effective February 4, 2014 (Supp. 14-1). Amended by final rulemaking at 23 A.A.R. 3246, effective January 1, 2018 (Supp. 17-4).

R4-1-456. Reporting Practice Suspensions and Violations

- A.** A registrant shall report to the Board:
1. Any suspension or revocation of the right to practice accounting before the federal Securities and Exchange Commission, the Internal Revenue Service, or any other state or federal agency;
 2. Any final judgment in a civil action or administrative proceeding in which the court or public agency makes findings of violations, by the registrant, of any fraud provisions of the laws of this state or of federal securities laws;
 3. Any final judgment in a civil action in which the court makes findings of accounting violations, dishonesty, fraud, misrepresentation, or breach of fiduciary duty by the registrant;
 4. Any final judgment in a civil action involving negligence in the practice of public accounting by the registrant; and
 5. All convictions of the registrant of any felony, or any crime involving accounting or tax violations, dishonesty, fraud, misrepresentation, embezzlement, theft, forgery, perjury, or breach of fiduciary duty.
- B.** A registrant required to report under subsection (A) shall make the report in the form of a written letter and ensure that the report is received by the Board within 30 days after the entry of any judgment or suspension or revocation of the registrant's right to practice before any agency. The registrant shall ensure that the letter contains the following information:
1. Description of the registrant's activities that resulted in a suspension or revocation;
 2. Final judgment or conviction;
 3. Name of the state or federal agency that restricted the registrant's right to practice;
 4. Effective date and length of any practice restriction;
 5. Case file number of any court action, civil or criminal;
 6. Name and location of the court rendering the final judgment or conviction; and
 7. Entry date of the final judgment or conviction.

The release of this Chapter in Supp. 24-3 replaces Supp. 23-3, 1-182 pages.

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director
ADMINISTRATIVE RULES DIVISION

RULES

The definition for a rule is provided under A.R.S. § 41-1001. “*Rule*’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31
Second Quarter: April 1 - June 30
Third Quarter: July 1 - September 30
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, www.azleg.gov. An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, www.azsos.gov under Services-> Legislative Filings.

EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at www.azsos.gov/rules, click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

Authority: A.R.S. § 15-203(A)(1)

Supp. 24-3

Editor's Note: Under A.R.S. 41-1011(C) changes were made to headings and rule language for consistency in style and format. Part headings in this Chapter were assigned numbers. These changes did not alter the sense, meaning or effect of any rule in this Chapter. The Board reviewed and approved these clerical changes. Section R7-2-604.01 was inadvertently removed when Supp. 19-4 was published. It has been reinstated as last amended in Supp. 15-3 (Supp. 21-2).

Editor's Note: This Chapter contains rules in Articles 10 and 11 that were filed in 2015 but were adopted in 2014. The Office has corrected all Supp. 15-3 historical notes in these Articles to reflect the true effective year of the rules to July 1, 2014 (Supp. 18-2).

Editor's Note: This Chapter contains rules that were filed out of sequence by adoption date. The Office has made every effort to codify the previous filings with the current Chapter and update the historical references where necessary. Refer to the historical notes for more information (Supp. 16-2).

Editor's Note: Supp. 16-1 contains rules that were submitted as final exempt rules and approved by the Board February 25, 2008. Although approved by the Board in 2008, the rulemaking was not filed in the Secretary of State's Office for publication in this Chapter until 2016. The final exempt rulemaking was filed by the Board on January 6, 2016 (Supp. 16-1).

Editor's Note: Supp. 15-3 contains rules that were submitted as final exempt rules. Pursuant to the Board's rulemaking procedures a public hearing was held on the rules after they were proposed at a Board meeting. Even though the proposed rules were not published in the Register, the Office of the Secretary of State makes a distinction between exempt rulemakings and final exempt rulemakings. Final exempt rulemakings are those filed with conditional exemptions to the Arizona Administrative Procedures Act such as requirements to conduct a public hearing or accept public comments on a proposed exempt rulemaking. Although approved by the Board, these final exempt rulemakings were not filed with the Secretary of State's Office at the time of approval. Therefore these rules were in effect prior to the release of Supp. 15-3. Refer to the historical notes for effective dates.

Editor's Note: This Chapter contains rules made, amended, repealed, renumbered and approved by the State Board of Education that were exempt from the rulemaking process. Although approved by the Board, certain rulemakings were not filed with the Secretary of State's Office at the time of approval. These rulemakings were filed in 2009 and 2010 and printed as Exempt Rulemakings in the Arizona Administrative Register. The Office has expedited the publishing of these Sections in the Arizona Administrative Code because these rules were in effect prior to Supp. 09-1, Supp. 09-2, Supp. 09-3, Supp. 09-4, Supp. 10-1, Supp. 10-2, Supp. 10-3, Supp. 10-4, Supp. 11-1, and Supp. 12-2 releases. Refer to the historical notes for more information.

CHAPTER 2. STATE BOARD OF EDUCATION

ARTICLE 1. STATE BOARD OF EDUCATION MEETINGS**R7-2-101. Governance****A. Officers**

1. The elective officers of the State Board of Education (Board) shall be a President and a Vice President.
2. The State Superintendent of Public Instruction shall serve as the Secretary and as the Executive Officer of the Board.
3. The President shall preside over all meetings of the Board, call meetings as herein provided and perform such other special duties as may be vested in him or her by the Board.
4. In the absence of the President, the Vice President shall preside over all meetings and shall perform such other special duties as may be vested in him or her by the Board.
5. The President shall appoint a nominating committee that will prepare a slate of candidates for presentation to the Board at the first regular meeting following January 1 of each year. Other candidates may be nominated from the floor. The two elected officers shall be elected by written ballot and shall serve for one year, or until their successors are elected.
6. If a vacancy occurs in the office of President, the Vice President shall immediately become the President. As soon as practicable, the Board shall elect a new Vice President.

B. Regular and special meetings

1. Unless otherwise agreed upon by a majority of the Board, meetings shall be held on the fourth Monday of each month.
2. The place of the meeting shall be designated by the President. In the absence of the President, the place of meeting shall be designated by the Vice President.

C. Public input to the Board

1. Requests for matters to be placed on the agenda.
 - a. When any person wishes to have a matter placed on the agenda, that person shall submit a written request to the President of the Board not less than 21 days prior to the Board meeting.
 - b. The President of the Board may choose not to place an item submitted by a person other than a Board member on the agenda.
2. Public comment on agenda items.
 - a. Any member of the public who wishes to address the Board regarding a matter on the agenda for Board action may submit a written request to be heard on forms provided by the Board.
 - b. The President of the Board or a majority of the Board may allot a reasonable time for members of the public to address the Board with respect to agenda items.

R7-2-102. Repealed**Historical Note**

Repealed effective December 4, 1978 (Supp. 78-6).

R7-2-103. Repealed**Historical Note**

Repealed effective December 4, 1978 (Supp. 78-6).

ARTICLE 2. STATE BOARD OF EDUCATION COMMITTEES**R7-2-201. Advisory Committees**

- A.** The State Board of Education (Board) may create an advisory committee for the purpose of providing advice and recommendations as assigned by the Board. In this Section, unless the context otherwise requires, the following definitions shall apply:
1. "Ad Hoc Advisory Committee" means a committee, established by the Board, for a limited time and scope, for the purpose of providing advice and recommendations to the Board.
 2. "Executive Committee" means a committee, whose members consist of the President and Vice-President of the Board, established for the purpose of appointing ad hoc advisory committee members.
 3. "Standing Advisory Committee" means the Certification Advisory Committee, the Professional Practices Advisory Committee, or any other designated permanent committee, established by the Board, for the specific purpose of providing ongoing advice and recommendations as assigned by the Board.
- B.** Any advisory committee or similar body that has been created by either the Board or statute shall be appointed and conduct its business in accordance with this Section except as otherwise required by law.
- C.** The Board shall determine the structure, membership, and tasks of any standing advisory committee the Board has created.
- D.** The Board's Appointments Subcommittee, whose members are appointed by the President of the Board, shall review nominations submitted by the Board members for appointment to a standing advisory committee and shall provide a recommendation to the Board for consideration. A vacancy on a standing advisory committee shall be filled in the manner described in this Section.
- E.** The Board shall determine the structure and task of an ad hoc advisory committee it has created and may make suggestions as to members. The Executive Committee shall appoint the members of an ad hoc advisory committee. An ad hoc advisory committee shall exist for the time necessary to accomplish its assigned task or for one year from the date it is created, whichever is less. An ad hoc advisory committee may continue to function beyond a one-year period only with the express approval of the Executive Committee. A vacancy on an ad hoc advisory committee shall be filled in the manner prescribed by the Executive Committee.
- F.** The Board may in its discretion remove any member from and dissolve any standing advisory committee that the Board has created. The Executive Committee may in its discretion remove any member from and dissolve any ad hoc advisory committee that the Executive Committee has created.
- G.** An advisory committee shall not conduct a meeting of its members without prior acknowledgment from the Executive Director of the Board that the notice and agenda for the meeting have been approved by the President of the Board and posted and that there are sufficient funds to meet all expenses that would be incurred in connection with such meeting. An advisory committee member shall not obligate the payment of Board funds.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- H. The meetings of a committee shall be held at the offices of the Board or any other facility for which no charges would be incurred for use of the facility.
- I. Activities of an advisory committee are limited to preparation of advice and recommendations to be presented to the Board for issues which relate directly to the task assigned by the Board.
- J. Advisory committees are not authorized the use of Board letterhead stationery without the express approval of the President of the Board and are not authorized the use of Department of Education letterhead stationery without the express approval of the Superintendent of Public Instruction.
- K. An advisory committee shall:
 1. Annually select from its members a chair and vice chair;
 2. Request information, assistance, or opinions from the Department of Education necessary to accomplish its task. An advisory committee shall convey any such request through the Department liaison designated pursuant to this Section.
- L. A quorum of an advisory committee shall be a majority of the voting members of the advisory committee. Voting members shall be only those members specifically appointed by the Board or Executive Committee. A quorum of an advisory committee is necessary to conduct its business. An affirmative vote of the majority of voting members present is necessary for an advisory committee to take action.
- M. The Superintendent shall designate an employee of the Department of Education to serve as a liaison to each advisory committee. The President of the Board may appoint a member of the Board to serve as an additional liaison to each advisory committee as the President deems appropriate.

- E. The Board may remove any member from the Committee. All vacancies shall be filled as prescribed in subsections (C)(1) and (2), and those persons appointed to fill vacancies shall serve to complete the term of the person replaced.
- F. The Committee shall:
 1. Select from its members a Chairman and Vice-Chairman,
 2. A quorum shall be a majority of members of the Committee. A quorum is necessary to conduct business. An affirmative vote of the majority of the members present is needed to take action.
 3. Hold meetings as needed to conduct hearings or other Committee business by call of the Chairman of the Committee. If the Chairman neglects or declines to call a meeting, then a majority of the Committee may call a meeting. The Board may call a meeting as required to conduct necessary business. Notice of any meeting shall be given to Committee members seven days prior to the meeting.
 4. Recommend the removal of any member who is absent from three consecutive meetings.
 5. Refer to R7-2-1308 to assist in determining whether the acts complained of constitute unprofessional conduct.
 6. Conduct its business pursuant to R7-2-1301 et seq. and hearings pursuant to R7-2-701 et seq.

R7-2-206. Certification Denial Appeals Process for Applications for Certification that Do Not Involve Allegations of Immoral or Unprofessional Conduct

A. Request for hearing. A person who has had an application for certification denied by the Department of Education pursuant to A.R.S. § 15-534.01(B) may file a written request for a hearing with the Board within 15 days after being served notice of the denial pursuant to subsection (C). Intermediate Saturdays, Sundays and legal holidays shall be included in the computation of the 15 days. If the final day of the 15 day deadline falls on a Saturday, Sunday or legal holiday, the next business day is the final day of the deadline. Applications for certification that involve allegations of immoral or unprofessional conduct shall be reviewed by the Professional Practices Advisory Committee pursuant to R7-2-205.

B. Notice of hearing

1. If an applicant requests a hearing to appeal the denial of an application for certification, a notice of hearing shall be given at least 20 days prior to the date set for the hearing.
2. The notice shall include:
 - a. A statement of the time, place and nature of the hearing.
 - b. A statement of the legal authority and jurisdiction under which the hearing is to be held.
 - c. A reference to the particular sections of the statutes and rules involved.
 - d. A short and plain statement of the matters asserted. If a party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon application a more definite and detailed statement shall be furnished.

C. Service of documents; change of address notice requirement

1. Every notice or decision issued by the Board or the Department pertaining to the denial of an application for initial certification or renewal of a certificate shall be served by personal delivery, first class mail or certified mail, return receipt requested, to the applicant or certificated person's last address of record with the Department of Education or by any other method that is reasonably calculated to give actual notice to the applicant or the certificated person. A document is filed with the Board on the date it is received by the Board, as established by the

Board's date stamp on the face of the document. A document issued by the Board or the Department pursuant to this Section is served on a party as follows:

- a. On the date it is personally served.
- b. Five days after it is mailed by first class mail.
- c. On the date of the return receipt if it is mailed by certified mail.

2. Each applicant or certificated person shall inform the Department of Education and the Board of any change of address within 30 days of the change of address.

D. Hearing process

1. All hearings shall be conducted before the Board or a hearing officer pursuant to A.R.S. Title 41, Chapter 6, Article 6 and this Section.
2. Parties may participate in the hearing in person or through an attorney.
3. Upon request of either party, the hearing officer may schedule a prehearing conference. The purpose of a prehearing conference shall be to narrow issues, attempt settlement, address evidentiary issues or for any other purpose deemed necessary by the hearing officer.
4. Opportunity shall be afforded all parties to respond and present evidence and argument on the issues involved.
5. The Board may dispose of any certification appeal by decision or approved stipulation, agreed settlement, consent agreement or by default.
6. A hearing shall be recorded manually or by a recording device and shall be transcribed on request of any party, unless otherwise provided by law. The cost of such transcript shall be paid by the party making the request, unless otherwise provided by law or unless assessment of the cost is waived by the Board.
7. The hearing may be rescheduled, maintaining due regard for the interests of justice and the orderly and prompt conduct of the proceedings.
8. The record in an appeal of a certification denial shall include:
 - a. All pleadings, motions and interlocutory rulings;
 - b. Evidence received or considered;
 - c. A statement of matters officially noticed;
 - d. Objections and offers of proof and rulings thereon;
 - e. Proposed findings of fact and conclusions of law and exceptions thereto;
 - f. Any decision, opinion, recommendation or report of the hearing officer;
 - g. All staff memoranda, other than privileged communications, or data submitted to the hearing officer in connection with its consideration of the case.
9. Findings of fact shall be based exclusively on the evidence and on matters officially noticed.
10. A hearing may be conducted in an informal manner and without adherence to the rules of evidence required in judicial proceedings. Neither the manner of conducting the hearing nor the failure to adhere to the rules of evidence required in judicial proceedings shall be grounds for reversing any administrative decision or order, providing the evidence supporting such decision or order is substantial, reliable, and probative. Irrelevant, immaterial or unduly repetitious evidence shall be excluded. Every person who is a party to such proceedings shall have the right to be represented by counsel, to submit evidence in open hearing and shall have the right of cross-examination. Unless otherwise provided by law, hearings may be held at any place determined by the Board. At such hear-

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

ing such applicant shall be the moving party and have the burden of proof.

11. Copies of documentary evidence may be received in the discretion of the hearing officer. Upon request, the parties shall be given an opportunity to compare the copy with the original.
12. Notice may be taken of judicially cognizable facts. In addition, notice may be taken of generally recognized technical or scientific facts within the specialized knowledge of the hearing officer. Parties shall be notified either before or during the hearing or by reference in preliminary reports or otherwise of the material noticed including any staff memoranda or data and they shall be afforded an opportunity to contest the material so noticed. The hearing officer's experience, technical competence and specialized knowledge may be utilized in the evaluation of the evidence.

E. Subpoenas

1. The hearing officer may issue subpoenas for the attendance of witnesses and for the production of books, records, documents and other evidence on the hearing officer's own volition or at the request of a party.
2. A request for a hearing subpoena shall be in writing and served on each party at least seven days prior to the date set for hearing and shall state:
 - a. The name of the case, the case number, and the date, time and place where the witness is expected to appear and testify;
 - b. The name and address of the witness subpoenaed;
 - c. The documents, if any, sought to be provided; and
 - d. A brief statement of the relevance of the testimony or documents.
3. On application of a party or the agency and for use as evidence, the hearing officer may permit a deposition to be taken, in the manner and upon the terms designated by the hearing officer, of a witness who cannot be subpoenaed or is unable to attend the hearing.
4. The individual to whom a subpoena is directed shall comply with its provisions unless, prior to the date set for appearance, the hearing officer grants a written request to quash or modify the subpoena. The request shall state the reasons why it should be granted. The hearing officer shall grant or deny such request by order.
5. The hearing officer shall quash or modify the subpoena if:
 - a. It is unreasonable or oppressive; or
 - b. The desired testimony or evidence may be obtained by an alternative method.
6. The party requesting the subpoena shall prepare it and cause it to be served upon the individual to whom it is directed in the same manner as provided for service of subpoenas in civil matters before the superior court. The return of service shall be filed with the Board.

F. Conduct of hearing

1. The hearing officer may conduct all or part of the hearing by telephone or other electronic means, as long as each party has an opportunity to participate in the entire proceeding as it takes place.
2. Except for those hearings which may involve presentation of evidence protected by law as confidential, or which are otherwise closed pursuant to an express provision of law, all hearings are open to public observation.

3. Conduct at any hearing that is disruptive or shows contempt for the proceedings shall be grounds for exclusion from further participation or observation.

G. Evidence

1. All witnesses shall testify under oath or affirmation.
2. The hearing officer shall have the power to administer oaths and affirmations.
3. All parties shall have the right to present such oral or documentary evidence and to conduct such cross-examination as may be required for a full and fair disclosure of the facts.
4. The hearing officer shall receive evidence, rule upon offers of proof, and exclude evidence the hearing officer has determined to be irrelevant, immaterial, or unduly repetitious.
5. Unless otherwise ordered by the hearing officer, documentary evidence shall be limited in size when folded to 8 1/2 by 11 inches. The submitting party shall identify documentary exhibits by number or letter and party and furnish a copy of each exhibit to each party present. One additional copy shall be furnished to the hearing officer unless the hearing officer otherwise directs. When evidence offered by any party appears in a larger work, containing other information, the party shall plainly designate the portion offered. If the evidence offered is so voluminous as would unnecessarily encumber the record, the book, paper, or document shall not be received in evidence but may be marked for identification and, if properly authenticated, the designated portion may be read into or photocopied for the record. All documentary evidence offered shall be subject to appropriate and timely objection.

- H. Stipulations.** Parties to an appeal of a certification denial may stipulate, in writing, agreement upon any matter involved in the proceeding. If approved by the hearing officer, agreement on matters of procedure shall be binding upon the parties to the stipulation. The hearing officer may require presentation of evidence for proof of stipulated facts for the hearing officer's consideration. No substantive matter agreed to by the parties shall be binding upon the Board unless incorporated into the decision of the Board.

I. Recommendations

1. A recommended decision shall be prepared for the Board by the hearing officer and shall include findings of fact and conclusions of law, separately stated.
2. Parties shall be notified either personally or by mail to their last known address of any decision or order.
3. A recommended decision shall be delivered to the Board within 30 days after the close of the hearing unless the Board extends the period for good cause.

J. Decisions and orders

1. Any final decision or order adverse to a party shall be in writing or stated in the record.
2. When the Board is the hearing body, the decision shall be rendered within 60 days following the final day of the hearing.
3. Within 30 days after receipt of any recommended decision from the hearing officer, the Board shall render a decision to affirm, reverse, adopt, modify, supplement, amend or reject the recommendation and may remand the matter to the hearing officer with instructions, or may convene itself as the hearing body.

K. Rehearing and review of decisions

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

1. After a hearing is held, a party in an appeal of a certification denial who is aggrieved by a decision rendered by the Board may file with the Board, not later than 30 days after such decision has been made, a written motion for rehearing specifying the particular grounds therefor. A motion for rehearing under this Section may be amended at any time before it is ruled upon by the Board. A response may be filed within 15 days after service of such motion by any other party. The Board may require the filing of written briefs on the issues raised in the motion or response and may provide for oral argument.
2. A rehearing of a decision by the Board may be granted for any of the following causes materially affecting the moving party's rights:
 - a. Irregularity in the administrative proceedings of the hearing body, or abuse of discretion, whereby the moving party was deprived of a fair hearing.
 - b. Misconduct of the hearing body or the prevailing party.
 - c. Accident or surprise which could not have been prevented by ordinary prudence.
 - d. Newly discovered material evidence which could not with reasonable diligence have been discovered and produced at the hearing.
 - e. Excessive or insufficient penalties.
 - f. Error in the admission or rejection of evidence or other errors of law occurring at the administrative hearing.
 - g. That the decision is not justified by the evidence or is contrary to the law.
3. The Board may affirm or modify the decision or grant a rehearing to all or any of the parties, on all or part of the issues, for any of the reasons set forth in subsection (K)(2). An order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted, and the rehearing shall cover only those matters so specified.
4. After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing for a reason not stated in the motion. The order granting such a rehearing shall specify the grounds therefor.
5. Not later than 20 days after a decision is rendered, the Board may, on its own initiative, order a rehearing of its decision for any reasons for which it might have granted a rehearing on motion of a party. The order granting such a rehearing shall specify the grounds therefor.
6. When a motion for rehearing is based upon affidavits they shall be served with the motion. An opposing party may, within 10 days after service of such motion, serve opposing affidavits and this period may be extended for an additional period not exceeding 20 days, by the Board for good cause shown or by written stipulation of the parties. Reply affidavits may be permitted.
7. After a hearing has been held and a final administrative decision has been entered, a party is not required to file a motion for rehearing or review of the decision in order to exhaust the party's administrative remedies.
8. Any party in an appeal of a certification denial who is aggrieved by a decision rendered by the Board may file with the Board, not later than 20 days after such decision has been made, a written request for review of the decision. If a review of the decision is granted, the Board may affirm or modify the previous decision.

R7-2-301. Minimum Course of Study and Competency Goals for Students in the Common Schools

- A. Students shall demonstrate competency as defined by the State Board-adopted academic standards, at the grade levels specified, in the following required subject areas. District and charter school instructional programs shall include an ongoing assessment of student progress toward meeting the competency requirements. These shall include the successful completion of the academic standards in at least reading, writing, mathematics, science and social studies, as determined by district and/or statewide assessments.
 1. English language arts;
 2. Mathematics;
 3. Science;
 4. Social Studies; including:
 - a. Civics; and
 - b. Instruction on the Holocaust and other genocides at least once in either grade seven or grade eight;
 5. The Arts, which may consist of two or more of the following: visual arts, dance, theatre, music or media arts;
 6. Health/Physical Education, including mental health. Mental health instruction may be included as part of other subject areas and shall comply with A.R.S. § 15-701.02.
- B. The local governing board or charter school may prescribe course of study and competency requirements for promotion that are in addition to or higher than the course of study and competency requirements the State Board of Education prescribes. Additional subjects may be offered by the local gov-

R7-2-302. Minimum Course of Study and Competency Requirements for Graduation from High School

The Board prescribes the minimum course of study and competency requirements as outlined in subsections (1) through (5) and, through the graduating class of 2025, receipt of a passing score of 60 correct answers out of one hundred questions on a civics test identical to the civics portion of the naturalization test used by the United States Citizenship and Immigration Services as prescribed in A.R.S. § 15-701.01. Beginning with the graduating class of 2026, students shall obtain a passing score of at least 70 correct answers out of one hundred questions on a civics test identical to the civics portion of the naturalization test used by the United States Citizenship and Immigration Services prescribed in A.R.S. § 15-701.01.

1. Subject area course requirements. The Board establishes 22 credits as the minimum number of credits necessary for high school graduation. Students shall obtain credits for required subject areas as specified in subsections (1)(a) through (e) based on completion of subject area course requirements or competency requirements. At the discretion of the local school district governing board or charter school, credits may be awarded for completion of elective subjects specified in subsection (1)(f) based on completion of subject area course requirements or competency requirements. The awarding of a credit toward the completion of high school graduation requirements shall be based on successful completion of the subject area requirements prescribed by the State Board and local school district governing board or charter school as follows:
 - a. Four credits of English or English as a Second Language, which shall include but not be limited to the following: reading American and other world literature, reading informational text, writing, research methods, speaking and listening skills, grammar, and vocabulary.
 - b. Three credits in social studies to minimally include the following:
 - i. One credit of American history, including Arizona history;
 - ii. One credit of world history/geography, to include instruction on the Holocaust and other genocides;
 - iii. One-half credit of American government, including civics and Arizona government; and
 - iv. One-half credit in economics.
 - c. Four credits of mathematics to minimally include:
 - i. Three credits containing course content in preparation for proficiency at the high school level on the statewide assessment and aligned to the Arizona Mathematics Standards for Algebra I, Geometry, and Algebra II. These three credits shall be taken beginning with the

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- ninth grade unless a student meets these requirements prior to the ninth grade pursuant to subsection (1)(c)(iii). The requirement for the third credit covering Algebra II, may be met by, but is not limited to the following: a math course comparable to Algebra II course content; computer science, career and technical education and vocational education, economics, science and arts courses as determined by the local school district governing board or charter school.
- ii. A fourth credit that includes significant mathematics content as determined by the local school district governing board or charter school.
 - iii. Courses successfully completed prior to the ninth grade that meet the high school mathematics credit requirements may be applied toward satisfying those requirements.
 - iv. The mathematics requirements may be modified for students using a Personal Curriculum pursuant to R7-2-302.03.
- d. Three credits of science in preparation for proficiency at the high school level on the statewide assessment.
 - e. One credit of the Arts or career and technical education and vocational education.
 - f. Seven credits of additional courses prescribed by the local school district governing board or charter school.
 - i. Health instruction, regardless of the course it is provided in, shall include instruction on mental health;
 - ii. Mental health instruction may be included in other courses; and
 - iii. All mental health instruction shall comply with A.R.S. § 15-701.03.
 - g. A credit or partial credit may apply toward more than one subject area but shall count only as one credit or partial credit toward satisfying the 22 required credits.
2. Credits earned through correspondence courses to meet graduation requirements shall be taken from an accredited institution as defined in R7-2-601. Credits earned thereby shall be limited to four, and only one credit may be earned in each of the following subject areas:
 - a. English as described in subsection (1)(a) of this Section,
 - b. Social Studies,
 - c. Mathematics, and
 - d. Science.
 3. Online and distance education courses may be offered by the local governing board or charter school if the course is provided through an Arizona Online Instruction Program established pursuant to A.R.S. § 15-808.
 4. Local school district governing boards or charter schools may grant to career and technical education and vocational education program completers a maximum of 5 1/2 credits to be used toward the Board English, mathematics, science, and economics credit requirements for graduation, subject to the following restrictions:
 - a. The Board has approved the career and technical education and vocational education program for equivalent credit to be used toward the Board English, mathematics, science, and economics credit requirements for graduation.
 - b. A credit or partial credit may apply toward more than one subject area but shall count only as one credit or partial credit toward satisfying the 22 required credits.
 - c. A student who satisfies any part of the Board English, mathematics, science, and economics requirements through the completion of a career and technical education and vocational education program shall still be required to earn 22 total credits to meet the graduation requirements prescribed in this Section.
 5. Competency requirements.
 - a. The awarding of a credit toward the completion of high school graduation requirements shall be based on the requirements outlined in A.R.S. § 15-701.01 and the successful completion of State Board-adopted academic standards for subject areas listed in subsections (1)(a) through (1)(e) and the successful completion of the competency requirements for the elective subjects specified in subsection (1)(f). Competency requirements for elective subjects as specified in subsection (1)(f) shall be the academic standards adopted by the State Board. If there are no adopted academic standards for an elective subject, the local school district governing board or charter school shall be responsible for developing and adopting competency requirements for the successful completion of the elective subject. The school district governing board or charter school shall be responsible for developing and adopting the method and manner in which to administer a test that is identical to the civics portion of the naturalization test used by the United States Citizenship and Immigration Services. School districts and charter schools shall document and report student outcome data on the test pursuant to A.R.S. § 15-701.01 and based on procedures adopted by the Arizona Department of Education. Schools may administer the test to students beginning in the seventh grade and any pupil who does not obtain a passing score on the test may retake the test until the pupil obtains a passing score.
 - b. The determination and verification of student accomplishment and performance shall be the responsibility of the subject area teacher.
 - c. Upon request of the student, the local school district governing board or charter school shall provide the opportunity for the student to demonstrate competency in the subject areas listed in subsections (1)(a) through (1)(f) in lieu of classroom time. In appropriate courses, a school district governing board or charter school shall include as a mechanism to demonstrate competency a score determined by the State Board as college and career ready on the appropriate assessment adopted by the State Board pursuant to A.R.S. §§ 15-741 or 15-741.01.
 6. The local school district governing board or charter school shall be responsible for developing a course of study and graduation requirements for all students placed in special education programs in accordance with A.R.S. Title 15, Chapter 7, Article 4 and R7-2-401 et seq. Students placed in special education classes, through 12, are

R7-2-302.03. Personal Curriculum**A. Definitions.**

1. “Personal Curriculum” means a documented process that may be used to modify the high school graduation requirements for mathematics delineated in R7-2-302.02(1)(c). A student may use a personal curriculum to modify the Algebra II requirement delineated in R7-2-302.02(1)(c)(ii) and reduce the credit requirements for mathematics from four to three credits. A student who successfully completes the student’s personal curriculum meets the requirements for high school graduation.
2. “Development Team” means a team that develops a personal curriculum for a student and consists of the student, the parent or legal guardian of the student, and a school counselor or principal or their designee. A school principal may add additional members to the development team as the principal deems appropriate.

B. A student is eligible for a personal curriculum if the student meets the following criteria:

1. The student has successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i); and
2. Despite the student’s successful completion of the mathematics requirements delineated in R7-2-302.02(1)(c)(i), the development team determines that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content.

C. The requirements for a personal curriculum are as follows:

1. An eligible student may only modify the mathematics requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content;
2. In lieu of successfully completing Algebra II or its equivalent course content, an eligible student shall successfully complete at least one credit in mathematics that shall include significant mathematics content as determined by the local school district governing board or charter school; and
3. An eligible student shall successfully complete a course in mathematics in the student’s senior year.

D. The procedures for developing and implementing a personal curriculum are as follows:

1. The parent or legal guardian of a student, an emancipated student, or a student with permission from the student’s parent or legal guardian may request a personal curriculum in a manner prescribed by the local school district governing board or charter school.
2. Upon receipt of a request for a personal curriculum made pursuant to subsection (D)(1), the local school district or charter school shall verify that the student successfully completed the mathematics requirements delineated in R7-2-302.02(1)(c)(i) and, upon verification, shall convene a development team.
3. The development team shall:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- a. Verify that the student demonstrates a need to modify the requirement delineated in R7-2-302.02(1)(c)(ii) for Algebra II or its equivalent course content,
 - b. Identify an appropriate alternative mathematics course or courses to modify the requirement for Algebra II or its equivalent course content,
 - c. Develop a written personal curriculum plan that includes the alternative mathematics course or courses identified in subsection (D)(3)(b) and a plan for monitoring student progress toward successfully completing the alternative mathematics course or courses. In developing the personal curriculum plan the development team shall consider how the proposed modifications maintain the integrity of the high school diploma and enable the student to achieve the student's post-secondary education and career goals.
4. The development team may modify the personal curriculum plan based upon the development team's evaluation of the student's progress.
- E. The Superintendent of Public Instruction shall monitor a school district or charter school if there is reason to believe that the school district or charter school is allowing modifications inconsistent with the requirements delineated in this Section.

R7-2-302.05. Arizona Education and Career Action Plan for Students in Grades nine through 12

- A. Effective for the graduation class of 2013, schools shall complete for every student in grades nine through 12 an Arizona Education and Career Action Plan ("ECAP") prior to graduation. Schools shall develop an Education and Career Action Plan in consultation with the student, the student's parent or guardian and the appropriate school personnel as designated by the school principal or chief administrative officer. Schools shall monitor, review and update each Education and Career Action Plan at least annually. Completion of an Education and Career Action Plan shall be verified by appropriate school personnel.
- B. An Arizona Education and Career Action Plan shall at a minimum allow students to enter, track and update the following information:
1. Academic Goals that include identifying and planning the coursework necessary to achieve the high school graduation requirements and pursue postsecondary education and career options; analyzing assessment results to determine progress and identify needs for intervention and advisement; and documenting academic achievement;

2. Career Goals that include identifying career plans, options, interests and skills; exploring entry level opportunities; and evaluating educational requirements;
3. Postsecondary Education Goals that include identifying progress toward meeting admission requirements, completing application forms and creating financial assistance plans; and
4. Extracurricular Activity Goals that include documenting participation in clubs, organizations, athletics, fine arts, community service, recreational activities, volunteer activities, work-related activities, leadership opportunities, and other activities.

R7-2-302.11. Minimum Course of Study and Competency Requirements During Public Health Emergency in the 2019-2020 School Year

- A. Notwithstanding any other rule, local education agencies shall not refuse to withhold academic credit or a diploma from a student solely because the student missed instructional time due to a school closure issued by the governor.
- B. Local education agencies may issue academic credit and a diploma to a student if the student meets competency requirements pursuant to Article 3. When determining if a student meets competency requirements in a school year during which the governor issues a school closure, local education agencies may consider the educational opportunities provided to the student during the school closure. Educational opportunities, as determined by the local education agency, may include, but are not limited to the following:
 - 1. Independent study provided online or through printed materials; and
 - 2. Online instruction.
- C. If a local education agency is unable to consider or unable to provide the educational opportunities pursuant to subsection (B), the local education agency may award academic credit or a diploma if the student was on track to earn the academic credit or diploma prior to the school closure. Evidence that a student was on track to earn academic credit or a diploma, as determined by the local education agency, may include, but is not limited to, passing grades issued by the student's teacher or passing scores on locally or nationally administered assessments. It is the intent of the Board that all schools attempt, to the extent possible, to provide educational opportunities to students during a school closure issued by the governor.
- D. Local education agencies that issue academic credit and a diploma to a student pursuant to subsections (B) and (C) shall issue transcripts and diplomas to students in the same manner as the local education agency would for students that did not miss instructional time due to a school closure caused issued by the governor.

- E. This Section applies only to the 2019-2020 school year and the graduating class of 2020.

Historical Note

New Section made by final exempt rulemaking at 26 A.A.R. 966, effective March 31, 2020 (Supp. 19-2).

R7-2-303. Sex Education

- A. Instruction in sex education in the public schools of Arizona, including instruction provided after hours, shall be offered only in conformity with the following requirements. Nothing in this Section shall be construed to require a school district or charter school provide sex education instruction to pupils.
 - 1. Common schools: Nature of instruction; approval; format.
 - a. Supplemental/elective nature of instruction. The common schools of Arizona may provide a specific elective lesson or lessons concerning sex education as a supplement to the health course of study.
 - i. This supplement may only be taken by the student at the written request of the student's parent or guardian. When the school district or charter school seeks consent pursuant to this subsection, the school district or charter school shall inform the parent or guardian of their right to review the instructional materials and activities.
 - ii. Alternative elective lessons from the state-adopted optional subjects shall be provided for students who do not enroll in elective sex education.
 - iii. School districts and charter schools may not provide sex education lessons or instruction before grade five.
 - iv. Elective sex education lessons shall not exceed the equivalent of one class period per day for 1/4 of the school year for grades five through eight.
 - b. Local governing board approval. All elective sex education lessons to be offered shall first be approved by the local governing board.
 - i. Each local governing board contemplating the offering of elective sex education shall establish an advisory committee with membership representative of district size and the racial and ethnic composition of the community to assist in the development of lessons and advise the local governing board on an ongoing basis. All meetings of committees that are authorized for the purposes of reviewing and selecting the sex education course of study shall be publicly noticed at least two weeks before occurring and be open to the public according to A.R.S. Title 38, Chapter 3, Article 3.1.
 - ii. The local governing board shall review the total instructional materials and approve all lessons and curricula in the course of study to be offered in sex education.
 - iii. The local governing board shall make any proposed sex education course of study available and accessible for review and public comment for at least 60 days before the governing board or governing body decides whether to approve that course of study. The local governing board shall publicize and hold at least two public

- hearings within the 60-day period for the purpose of receiving public input at least one week prior to the local governing board meeting at which the elective sex education lessons will be considered for approval. Public input may include written comments, oral comments and comments submitted electronically.
- iv. The local governing board shall maintain for viewing by the public, both online and in-person according to A.R.S. § 15-102(A)(2), the total instructional materials to be used in approved elective sex education lessons within the school district or charter school at least two weeks before any instruction is offered.
 - c. Format of instruction.
 - i. Lessons shall be taught to boys and girls separately.
 - ii. Lessons shall be ungraded, require no homework, and any evaluation administered for the purpose of self-analysis shall not be retained or recorded by the school or the teacher in any form.
 - iii. Lessons shall not include tests, psychological inventories, surveys, or examinations containing any questions about the student's or the student's parents' personal beliefs or practices in sex, family life, morality, values or religion.
 2. High schools: Course offering; approval; format.
 - a. A course in sex education may be provided in the high schools of Arizona.
 - b. This course may only be taken by the student at the written request of the student's parent or guardian.
 - c. Alternative elective lessons from the state-adopted optional subjects shall be provided for students who do not enroll in elective sex education.
 - d. All meetings of committees that are authorized for the purposes of reviewing and selecting the sex education course of study shall be publicly noticed at least two weeks before occurring and be open to the public according to A.R.S. Title 38, Chapter 3, Article 3.1.
 - e. The local governing board shall review the total instructional materials and approve all lessons and curricula in the course of study to be offered in sex education.
 - f. The local governing board shall make any proposed sex education course of study available and accessible for review and public comment for at least sixty days before the governing board or governing body decides whether to approve that course of study. The local governing board shall publicize and hold at least two public hearings within the sixty-day period for the purpose of receiving public input at least one week prior to the local governing board meeting at which the elective sex education lessons will be considered for approval. Public input may include written comments, oral comments and comments submitted electronically.
 - g. Lessons shall not include tests, psychological inventories, surveys, or examinations containing any questions about the student's or the student's parents' personal beliefs or practices in sex, family life, morality, values or religion.
 - h. Local governing boards shall maintain for viewing by the public, both online and in-person according to A.R.S. § 15-102(A)(2), the total instructional materials to be used in all sex education courses to be offered in high schools within the school district or charter school at least two weeks before any instruction is offered.
 3. Content of instruction: Common schools and high schools.
 - a. All sex education materials and instruction shall be age appropriate, recognize the needs of exceptional students, meet the needs of the district, recognize local community standards and sensitivities, shall not include the teaching of abnormal, deviate, or unusual sexual acts and practices, and shall include the following:
 - i. Emphasis upon the power of individuals to control their own personal behavior. Pupils shall be encouraged to base their actions on reasoning, self-discipline, sense of responsibility, self-control and ethical considerations such as respect for self and others; and
 - ii. Instruction on how to say "no" to unwanted sexual advances and to resist negative peer pressure. Pupils shall be taught that it is wrong to take advantage of, or to exploit, another person.
 - b. All sex education materials and instruction which discuss sexual intercourse shall:
 - i. Stress that pupils should abstain from sexual intercourse until they are mature adults;
 - ii. Emphasize that abstinence from sexual intercourse is the only method for avoiding pregnancy that is 100 percent effective;
 - iii. Stress that sexually transmitted diseases have severe consequences and constitute a serious and widespread public health problem;
 - iv. Include a discussion of the possible emotional and psychological consequences of preadolescent and adolescent sexual intercourse and the consequences of preadolescent and adolescent pregnancy;
 - v. Advise pupils of Arizona law pertaining to the financial responsibilities of parenting, and legal liabilities related to sexual intercourse with a minor.
 - B. Certification of compliance. All districts and charter schools offering a local governing board-approved sex education course or lesson shall certify, under the notarized signature of both the president of the local governing board and the chief administrator of the school district or charter school, compliance with this Section except as specified in subsection (C). Acknowledgment of receipt of the compliance certification from the State Board of Education is required as a prerequisite to the initiation of instruction. Certification of compliance shall be in a format and with such particulars as shall be specified by the Department of Education.
 - C. School districts and charter schools shall make any existing sex education course of study available and accessible for review both online and in person by June 30, 2021.

R7-2-304. Extended School Year

The governing board of a common high school considering the adoption of an extended school year shall:

1. Prepare a comparative cost analysis of the extended school year program versus the cost of new facilities and sites.
2. Hold at least one public hearing, publicized a week in advance, to present the alternatives, including the results of the comparative cost analysis.
3. Determine faculty, community, and parental support prior to making a final determination.

Historical Note

Former Section R7-2-304 repealed, new Section R7-2-304 adopted effective December 4, 1978 (Supp. 78-6). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-305. Declaration of Independence

The governing board of each common school district shall adopt policies that:

1. Require pupils to recite the following passage from the Declaration of Independence for pupils in grades four through six at the commencement of the first class of the day in the schools: “We hold these truths to be self-evident, that all men are created equal, that they are endowed by their creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed.”; and
2. Enable the pupil or the parent or legal guardian of the pupil to object to reciting the passage of the Declaration of Independence, and that specify that a pupil shall not be required to participate if the pupil or the pupil’s parent or guardian objects.

Historical Note

Repealed effective December 4, 1978 (Supp. 78-6). Adopted effective February 15, 1979 (Supp. 79-1). Repealed effective February 20, 1997 (Supp. 97-1). New Section made by final rulemaking at 7 A.A.R. 5363, effective November 7, 2001 (Supp. 01-4). The numeral “4” was corrected to “four,” the numeral “6” was corrected to “six” to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-306. English Language Learner Programs

A. Definitions. All terms defined in A.R.S. § 15-751 are applicable, with the following additions:

1. “Statewide assessment” means the test prescribed by A.R.S. § 15-741 or an assessment approved by the Board

pursuant to A.R.S. § 15-741.02 to administer to students instead of the statewide assessment.

2. “Arizona Academic Standards” means the standards adopted by the State Board of Education pursuant to A.R.S. §§ 15-203, 15-701, and 15-701.01.
3. “Board” means the State Board of Education.
4. “Compensatory instruction” means instruction given in addition to regular classroom instruction, such as individual or small group instruction, extended day classes, summer school or intersession school.
5. “Department” means the Department of Education.
6. “EL” means English learner.
7. “FEP” means fluent English language proficient, a student who has met the requirements for exit from an English language learner program.
8. “Federal EL grant monies” means federal grants or funds awarded to an LEA to educate ELs or to improve the LEA’s capacity to educate ELs, including but not limited to grants awarded under Title III of the Every Student Succeeds Act of 2015.
9. “IEP” means individualized education program, a written statement specifying special education services to be provided to a child with a disability.
10. “LEA” means local education agency, the school district or charter school that provides educational services.
11. “PHLOTE” means primary or home language other than English.
12. “Reassessment for reclassification” means the process of determining whether an English language learner may be reclassified as fluent English proficient (FEP).
13. “Superintendent” means the State Superintendent of Public Instruction.
14. “WICP” means written individualized compensatory plan that documents the scope and type of services provided to an EL to overcome the identified language and academic deficiencies.

B. Identification of students to be assessed.

1. The primary or home language of all students shall be identified by the students’ parent or legal guardian on the home language survey. These documents shall inform parents that the responses to these questions will determine whether their student will be assessed for English language proficiency.
2. A student shall be considered as a PHLOTE student if the home language survey indicates that one or more of the following are true:
 - a. The primary language used in the home is a language other than English, regardless of the language spoken by the student.
 - b. The language most often spoken by the student is a language other than English.
 - c. The student’s first acquired language is a language other than English.
3. The English language proficiency of all PHLOTE students shall be assessed as provided in subsection (C).

C. English language proficiency assessment.

1. PHLOTE students in kindergarten shall be administered an English language proficiency test. Students in grades one through 12 shall be administered an English language proficiency test. Students who score below the designated score for fluent English language proficiency, adopted by the Department and based on the test publishers’ designated scores, shall be classified as ELs.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

2. English language proficiency assessments shall be conducted by individuals who are proficient in English and trained in language proficiency testing to administer and, when applicable, score the tests.
 3. The LEA shall assess the English language proficiency of all new PHLOTE students as prescribed above within 60 days of the beginning of the school year or within 30 school days of a student's enrollment in school, whichever is later, unless the LEA receives funds under Title III of the Every Student Succeeds Act of 2015 or another federal grant that requires assessment and parental notification within 30 calendar days from the start of the school year or within two calendar weeks of a student enrolling at a school.
- D.** Screening and assessment of students in gifted education. ELs who meet the qualifications for placement in a gifted educational program shall receive programmatic services designed to develop their specific areas of potential and academic ability and may be concurrently enrolled in gifted programs and English language learner programs.
- E.** English language learner programs.
1. All ELs shall be provided daily instruction in English language development appropriate to their level of English language proficiency and consistent with A.R.S. §§ 15-751, 15-752, and, as applicable, § 15-753. The English language instruction shall include listening and speaking skills, reading and writing skills, and cognitive and academic development in English.
 2. ELs shall be provided daily instruction in subject areas required under the minimum course of study adopted by the Board pursuant to R7-2-301 and R7-2-302 that is understandable and appropriate to the level of academic achievement of the EL and is in conformity with accepted strategies for teaching ELs. This subsection does not require an LEA to provide daily instruction in every subject area required pursuant to R7-2-301 and R7-2-302 if those subject areas are not provided daily to English proficient students.
 3. The curriculum of all English language learner programs shall incorporate the Academic Standards adopted by the Board and shall be comparable in amount, scope and quality to that provided to English language proficient students.
 4. ELs who are not progressing toward achieving proficiency of the Arizona Academic Standards adopted by the Board, as evidenced by the failure to improve scores on the statewide assessment, shall be provided compensatory instruction to assist them in achieving those Arizona Academic Standards. A WICP describing the compensatory instruction provided shall be kept in the student's academic file.
 5. On request of a parent or legal guardian of an EL the principal of the EL's school shall require a meeting with the principal or principal's designee, the parent or legal guardian and the classroom teacher to review the student's progress in achieving proficiency in the English language or in making progress toward the Arizona Academic Standards adopted by the Board, to identify any problems, to determine appropriate solutions and to identify the person or persons responsible for implementing the changes and determining their effectiveness.
- F.** Reassessment for reclassification.
1. The purpose of reassessment is to determine if an EL has developed the English language skills necessary to succeed in the English language curricula.
 2. An EL in grades one through 12 may be reassessed for reclassification during test windows established by the Department if the mid-year test requirements are met, but shall be reassessed for reclassification at least once per year. ELs that score at or above the designated score for fluent English language proficiency, adopted by the Department and based on the test publishers' designated scores, shall be reclassified as FEP.
 3. LEAs shall notify the parents or legal guardians in writing that their child has been reclassified as FEP when the student meets the criteria for such reclassification.
- G.** Evaluation of FEP students after exit from EL programs.
1. The LEA shall monitor exited students based on the criteria provided in this Section during each of the two years after being reclassified as FEP to determine whether these students are performing satisfactorily in achieving the Arizona Academic Standards adopted by the Board. Such students will be monitored in reading, writing and mathematics skills and mastery of academic content areas, including science and social studies. The criteria shall be grade-appropriate and uniform throughout the LEA, and upon request, is subject to Board review. Students who are not making satisfactory progress shall, with parent consent, be provided compensatory instruction or shall be re-enrolled in an EL program. A WICP describing the compensatory instruction provided shall be maintained in the students' EL files.
 2. The LEA shall use statewide assessment scores to determine progress toward achieving the Arizona Academic Standards in monitoring FEP students after exit from an EL program unless no score is available. Performing satisfactorily will be measured by whether a student meets or exceeds the state standards in reading, writing, and mathematics as measured by the statewide assessment.
 3. If a statewide assessment score is not available because the test is not administered in the students' grade or to assess progress in academic subjects not assessed by the statewide assessment, the LEA shall use one or more of the following criteria in its evaluation to determine progress toward achieving the Arizona Academic Standards in monitoring FEP students after exit from an EL program:
 - a. LEA-developed criterion-referenced tests of academic achievement that demonstrate alignment to the Arizona Academic Standards; or
 - b. Standardized tests measuring academic achievement that demonstrate alignment to the Arizona Academic Standards; or
 - c. Nationally norm-referenced test scores; or
 - d. Teacher recommendations based on classroom assessments that demonstrate alignment to the Arizona Academic Standards.
- H.** Monitoring of EL programs.
1. Each year the Department shall monitor at least 32 LEAs, as follows:
 - a. At least 12 of the 50 LEAs with the highest EL enrollment;
 - b. At least 10 LEAs with ELs that are not included in the 50 described above;
 - c. At least 10 LEAs that have reported that they have 25 or fewer EL students in their schools; and

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- d. Other LEAs upon receipt of a documented written complaint from any Arizona resident, the U.S. Department of Education, or the U.S. Office for Civil Rights, alleging that the LEA is not complying with state or federal law regarding ELs.
 2. All of the 50 LEAs in subsection (H)(1)(a) shall be monitored by the Department at least once every four years.
 3. The monitoring shall be on-site monitoring and shall include classroom observations, curriculum reviews, faculty interviews, student records reviews, and review of EL programs. The Department may use personnel from other schools to assist in the monitoring.
 4. The Department shall issue a report on the results of its monitoring within 45 days after completing the monitoring. If the Department determines that an LEA is not complying with state or federal laws applicable to EL students, the LEA shall prepare and submit to the Department, within 60 days of the Department's determination, a corrective action plan that sets forth steps that the LEA will take to correct the deficiencies noted in the report.
 5. The Department shall review and return such corrective action plan to the LEA within 30 days, noting any required changes. No later than 30 days after receiving its corrective action plan back from the Department, the LEA shall begin implementing the measures set forth in the plan, including any revisions required by the Department.
 6. The Department shall conduct a follow-up evaluation of the LEA within one year after returning the corrective action plan to the LEA.
 7. If the Department finds continued non-compliance during the follow-up evaluation, the LEA shall be referred to the Board for a determination of non-compliance. If the Board determines the LEA to be out of compliance with state or federal laws applicable to EL students, it may take one or more of the following actions:
 - a. Temporarily withhold cash payments of federal EL grant monies;
 - b. Disallow (that is deny both use of funds and matching credit for) all or part of the cost of the activity or action not in compliance;
 - c. Wholly or partly suspend or terminate the current award of federal EL grant monies;
 - d. Withhold further awards of federal EL grant monies for the program.
 8. The Department shall monitor all LEAs that the Board has determined to be non-compliant and which have had federal EL grant monies withheld or terminated to ensure that such LEAs do not reduce the amount of funds spent on their EL programs as the result of its loss of funds.
- A. For the purposes of this Section, the following definitions shall apply:
 1. "DANTES" means the Defense Activity for Non-Traditional Education Support.
 2. "Department" means the Adult Education Services Division of the Arizona Department of Education.
 3. "Equivalency Test" means a High School Equivalency Test approved by the State Board of Education.
 4. "High School Equivalency Testing Center" means a testing center established by the Department for the purpose of administering High School Equivalency tests and providing High School Equivalency testing services pursuant to the requirements established by a State Board approved testing provider and state jurisdictional rules.
 5. "USAFI" means the United States Armed Forces Institute.
 - B. Eligibility requirements. Any individual who is 16 years of age or older and who has officially been withdrawn from school may take a High School Equivalency Test.
 1. Individuals shall be required to provide the High School Equivalency Testing Center with positive identification and proof of age, and
 2. Individuals who are at least 16 years of age and under 18 years of age shall also be required to provide:
 - a. A signed and notarized statement of consent from a parent or legal guardian, and
 - b. A letter from the last school attended verifying that the individual has officially withdrawn from the school.
 - C. Issuance of a diploma. The Department shall issue a high school equivalency diploma to any individual who has not received a high school diploma or high school equivalency certificate or diploma if the individual:
 1. Meets the eligibility requirements specified in subsection (B) and has received passing scores on a High School Equivalency Test; or
 2. Is a member of the U.S. Armed Forces and has received passing scores on a High School Equivalency Test through USAFI or DANTES provided that the individual's last high school enrollment was in an Arizona high school. Individuals who have taken a High School Equivalency Test through USAFI or DANTES shall send their military permanent record and application card to DANTES with a request that the official High School Equivalency Test scores and application card be forwarded to the Department; or
 3. Has received passing scores on a High School Equivalency Test taken at an approved testing provider's site, provided that the Department receives an official transcript directly from the approved testing provider.
 - D. The Department shall keep a record of test scores for each individual who has taken a High School Equivalency Test.
 - E. The Arizona Department of Education may collect fees for the issuance of High School Equivalency Diplomas and Transcripts. Fees established pursuant to this Section shall not exceed \$20.
 1. The State Board of Education will deposit, pursuant to A.R.S. §§ 35-146 and 35-147, fees collected under this Section in the High School Equivalency Testing Revenue Account within the Arizona Department of Education budget, to be used to offset costs of providing these services.

Historical Note

Repealed effective December 4, 1978 (Supp. 78-6). New Section R7-2-306 adopted effective July 10, 1979 (Supp. 79-4). Amended effective August 20, 1981 (Supp. 81-4). Former Section R7-2-306 repealed, new Section R7-2-306 adopted effective November 14, 1984 (Supp. 84-6). Amended by final rulemaking at 10 A.A.R. 353, effective March 8, 2004 (Supp. 04-1). Amended by final exempt rulemaking at 26 A.A.R. 66, effective December 13, 2019 (Supp. 19-4). The word "twelve" was changed to the numeral "12" for consistency in Chapter style and format (Supp. 21-2).

R7-2-307. High School Equivalency Diplomas

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

2. If the state fee for General High School Equivalency Diplomas and/or Transcripts presents a financial hardship for the examinee, the examinee may request a fee waiver.
3. A fee waiver shall be granted if all of the following apply:
 - a. Applicant presents documented proof of Arizona residency.
 - b. Applicant submits a completed Fee Waiver Request Form, available from the State High School Equivalency Testing Office or from any official High School Equivalency Testing Center.
 - c. Applicant demonstrates sufficient need for a fee waiver. This may include, but is not limited to the following:
 - i. Proof of eligibility for public assistance and/or federally subsidized housing,
 - ii. Residence in a foster home,
 - iii. Enrollment in a program for the economically disadvantaged such as Upward Bound, or
 - iv. Participation in a free or reduced lunch program.
3. Applications shall include budgets and be submitted according to the standard procurement and grants management policies of the Department of Education for the awarding of competitive grants.
- C. Board priorities and criteria for application approval
 1. Priority shall be given to projects funded during the previous fiscal year which:
 - a. Adhered to all applicable state and federal rules and regulations.
 - b. Operated in an efficient and effective manner demonstrating high levels of student educational gains as measured by standardized assessments and student retention as compared with the state average for these projects.
 - c. Completed and submitted all required state and federal reports.
 - d. Utilized volunteers where possible.
 2. Equal opportunity for project application approval will be given to eligible applicants who demonstrate previous comparable experience and performance in another adult literacy program.
 3. Criteria for approval shall include a determination by the project review committee that the application meets state and federal rules and regulations and the policies and procedures contained in the Arizona State Plan for Adult Education.

Historical Note

Adopted effective August 20, 1981 (Supp. 81-4). Amended subsections (A), (C), and (G) effective October 2, 1984 (Supp. 84-5). Amended effective December 22, 1997 (Supp. 97-4). Amended effective December 31, 1998 (Supp. 98-4). Amended by exempt rulemaking at 18 A.A.R. 1023, effective October 24, 2011 (Supp. 12-2). Amended by final exempt rulemaking at 21 A.A.R. 1781, effective September 23, 2013 (Supp. 15-3). The word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-308. Adult Education

- A. For the purposes of this Section the following definitions apply:
 1. "Adult Basic Education" (ABE) means instruction in reading, writing and math equivalent to grades one through eight, speaking and citizenship skills.
 2. "Adult Secondary Education" (ASE) means instruction in reading, writing, math, science and social studies equivalent to the completion of high school.
 3. "Eligible applicants" may include local educational agencies, community based organizations, volunteer literacy organizations, institutions of higher education, public or private nonprofit organizations, institutions of higher education, public or private nonprofit agencies, libraries, public housing authorities, and consortiums of any of the aforementioned entities.
 4. "English Language Acquisition for Adults" (ELAA) means a program of instruction designed to help individuals of limited English proficiency achieve competency in the English language, including reading, writing, listening and speaking.
 5. "Literacy" means an individual's ability to read, write and speak in English, compute and solve problems at levels of proficiency necessary to function on the job, in the family and in society.
 6. "Project" means the approved and funded application which is administered by the eligible applicant.
- B. Application for funding
 1. Only eligible applicants may apply for funding.
 2. Contracts shall be awarded through a competitive funding process.
- D. Use of funds and student reporting
 1. Federal and state funds shall not be co-mingled.
 2. Projects shall not assess students a tuition charge for instruction or fees for books, instructional supplies, or materials used in the program.
 3. Student attendance hours reported to the Adult Education Division shall not be used in securing financing from any other source. Classes taught by volunteers are not to be reported unless they are administered and supervised by the local project.
- E. An adult education certificate issued by the Board shall be required to teach in the Adult Education Program.
- F. Students enrolled in adult education classes must be at least 16 years of age and officially withdrawn from school.
- G. Course of study
 1. Adult Basic Education (A.B.E.) students shall be functioning academically below the eighth grade level. The sequential course of study shall:
 - a. Develop and improve communication and computational skills of students.
 - b. Raise the general educational level of students.
 - c. Improve the student's ability to benefit from occupational training.
 - d. Increase opportunities for more productive and profitable employment.
 - e. Assist students to be better able to meet their adult responsibilities as parents, citizens and as co-workers.
 2. Adult Secondary Education (A.S.E.) students shall be functioning below the 12th grade level. The course of study shall:
 - a. Give the students a foundation in the areas of English, social studies, literature, science and math.
 - b. Enable students, through the development of critical thinking, to utilize new learning experiences in recognizing, evaluating and solving problems of daily life.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- c. Attempt to motivate students to continue their education through more advanced study and to become more proficient in observing and adopting new skills in a changing society.
 - d. Equip students with the knowledge prerequisite for satisfactory achievement on a High School Equivalency Test approved by the State Board of Education.
3. English Language Acquisition for Adults (ELAA) and citizenship students shall be resident aliens. The course of study shall:
- a. Develop an increasing ability to speak, understand, read, and write English.
 - b. Encourage the student to become a participating citizen and give insight into the values of such participation.
 - c. Help the student prepare for the Naturalization Test for U.S. Citizenship by developing a background in American history and government.
 - d. Create a desire for continued learning and self-realization.

H. Reports

- 1. Each project shall maintain bookkeeping records and must be able to substantiate expenditures.
- 2. A financial report shall be filed quarterly for each project with the Adult Education Division within 30 days after the close of the quarter.
- 3. Projects shall be completed by June 30. A fiscal completion report which has been reconciled with the County School Superintendent's Office, or if another agency, that agency's comparable administrative office, shall be filed with the Adult Education Division within 60 days after the project ending date.
- 4. Participation in the project reporting system designed to collect student and staff attendance, demographic information and student performance data is required. These reports shall be filed with the Adult Education Division monthly.
- 5. An annual written report on the year's activities, including internal written monitoring reports, shall be submitted to the Adult Education Division, no later than August 15.

- I.** If changes in the approved program or budget are desired, an amendment shall be submitted to the Adult Education Division for review and approval prior to expending any funds for the proposed changes.

Historical Note

Adopted effective December 14, 1984 (Supp. 84-6).
Amended by exempt rulemaking at 15 A.A.R. 1292, effective June 26, 2006 (Supp. 09-1). Amended by final exempt rulemaking at 21 A.A.R. 1781, effective September 23, 2013 (Supp. 15-3). The word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-309. Completion of Grade 10

Completion of grade 10 is accomplished when a student has earned 10 credits which shall include:

- 1. Two credits of English.
- 2. One credit of mathematics.
- 3. One credit of science.
- 4. Six credits of additional courses prescribed by the local Governing Board.

Historical Note

Adopted effective March 13, 1986 (Supp. 86-2). The Section heading has been updated to title case, governing board has been changed to lowercase to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-310. Pupil Achievement Testing

- A.** The statewide assessments adopted by the Board shall be administered annually during the testing windows established by the Department. By June 1 of each year, the Department shall designate the window for testing for the next school year and all school districts and charter schools shall administer the test during the windows designated.
- B.** The superintendent or head of the local education agency shall be responsible for:
- 1. Reviewing, and attesting to have reviewed, the policies, procedures and guidance provided by the Department regarding administration of statewide assessments.
 - 2. Providing school district enrollment data to the Department annually for purposes of test material distribution.
 - 3. Verifying the count of test materials received and distributing the test materials to each public school in the local education agency.
 - 4. Securing the test materials prior to distribution to pupils or persons administering the tests at the time of testing, as well as after the time of testing. Test materials shall be kept in locked storage.
 - 5. Advising all district and school employees that the test materials are not to be reproduced in any manner.
 - 6. Familiarizing each person who will administer the test with the test publishers' directions for administering the tests, the timing of the tests and the testing schedule. This is to be accomplished through meetings which shall be held near the window for testing.
 - 7. Distributing actual test materials to persons administering the tests on the day of testing and collecting test materials at the end of the day of testing.
 - 8. Training persons administering the tests on how to properly complete the identification information and how to code the information required on the variables being collected according to A.R.S. § 15-741, et seq.
 - 9. Properly packaging all scorable and nonscorable materials which are to be returned to the scoring contractor. Packaging shall comply with instructions furnished by the scoring contractor or the Department.
 - 10. Forwarding all scorable and nonscorable materials which are to be returned to the scoring contractor per instructions. Materials for the entire local education agency should be forwarded in one shipment.
 - 11. Retaining all unused and reusable test materials, reporting them in the school's inventory, storing them in a safe and secure manner and returning the test materials at the end of the testing window per instructions.
 - 12. Immediately reporting to the Department any losses of test materials or other irregularities.
 - 13. The superintendent or head of the local education agency may designate a testing coordinator to act on their behalf.
- C.** Persons designated by the superintendent or head of the local education agency to administer the test shall:
- 1. Keep all test materials in locked storage.
 - 2. Not reproduce any test materials in any manner.
 - 3. Not disclose any actual test items to pupils prior to testing.
 - 4. Not provide answers of any test items to any pupils.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

5. Administer only sample tests which are provided by the test publishers. Previous editions of the test series being used in the statewide testing program may not be used as sample tests.
 6. Strictly observe all timed statewide assessments, if the assessments are timed. The test publishers' suggested time limits for untimed subtests shall be followed as closely as possible in order to maintain uniformity in test administration.
 7. Follow directions for administering the test explicitly. No test item may be repeated unless otherwise indicated in the directions.
 8. Not change a pupil's answer.
 9. Return all test materials to the superintendent or head of the local education agency immediately upon completion of testing.
- D.** Local education agencies shall administer the statewide assessment to all students in the grades designated by the Board. Failure to administer a statewide assessment to at least 95 percent of all students will be factored into the statewide accountability system.
- E.** All violations of this Section shall be referred by the superintendent or head of the local education agency to the State Superintendent of Public Instruction, for appropriate action.

Historical Note

Adopted effective March 13, 1986 (Supp. 86-2). Amended subsections (A) and (B) effective February 25, 1987 (Supp. 87-1). Amended effective October 22, 1991; amended effective December 20, 1991 (Supp. 91-4). The Section heading has been updated to title case, the numeral "3" has been changed to "three," the numeral "7" has been changed to "seven," the numeral "8" has been changed to "eight," and the word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 2342 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-311. Pupil Testing Variable Information

Persons designated by the superintendent or head of the local education agency to administer the State Board approved statewide assessments shall assure that information requested by the Department is properly completed for each pupil that is administered a statewide assessment.

Historical Note

Adopted effective June 25, 1986 (Supp. 86-3). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-1). Amended by final exempt rulemaking at 27 A.A.R. 2342 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-312. Honorary High School Diploma

- A.** An honorary high school diploma shall be provided to an individual who has never obtained a high school diploma and who meets both of the following requirements:
1. Currently resides in Arizona; and
 2. Provides documented evidence from the Arizona Department of Veterans' Services that the individual enlisted in the armed forces of the United States and served in World War I, World War II, the Korean conflict or the Vietnam conflict.
- B.** All high schools shall provide for the presentation of an honorary high school diploma to an individual eligible pursuant to

subsection (A). The individual shall not be required to reside within the school boundaries. The Arizona Department of Education may issue an honorary high school diploma to an individual eligible pursuant to subsection (A).

Historical Note

Adopted effective December 15, 1989 (Supp. 89-4). Repealed effective February 20, 1997 (Supp. 97-1). New Section made by final rulemaking at 9 A.A.R. 1125, effective May 10, 2003 (Supp. 03-1). Amended by final exempt rulemaking at 27 A.A.R. 241, effective January 25, 2021 (Supp. 21-1).

R7-2-313. Academic Contests Fund

The State Board of Education establishes an academic contests fund consisting of monies appropriated by the legislature or received as gifts or grants for deposit in the academic contests fund pursuant to A.R.S. § 15-1241.

1. The Superintendent of Public Instruction shall, at least annually, compile a list of national contests to be presented to the State Board of Education for approval. Contest requirements are:
 - a. Shall be sponsored by a recognized national organization.
 - b. Shall be academic in nature, motivate pupils to be creative and demonstrate excellence.
 - c. Shall be open to all pupils, regardless of race, creed, sex or national origin. Contests may separate pupils by age or grade level.
2. School districts shall submit an application for academic contest funds to the Superintendent of Public Instruction for student and chaperone expenses. Requirements are:
 - a. No other sponsoring agency is assuming the total costs.
 - b. The participation of the students shall be the result of successfully competing at the local or state level, or both, of that contest.
 - c. The governing board of the school district in which the students attend shall approve the participation and travel of the students.
 - d. The fiscal agent applying for academic contest funds shall be an authorized district representative and responsible for the disbursement of travel funds.
 - e. A school district receiving academic contest funds shall submit a completion report and return any unused portion within 90 days after completion of travel to the Department of Education.
3. Application review and approval; funding limitations.
 - a. The State Board of Education shall annually set expenditure limitations for expenses of students and chaperones. These limitations shall be based on the number of applicants, monies available and current state travel regulations.
 - b. The Superintendent of Public Instruction shall review applications for academic contest funds and shall approve applications based upon the criteria set forth in this Section and the availability of funds.

Historical Note

Adopted effective December 15, 1989 (Supp. 89-4). The Section heading has been updated to title case, the word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-314. Definitions

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

The following definitions apply to Sections R7-2-315 and R7-2-315.01:

1. "Board examination system" means a complete instructional system that includes all of the following components:
 - a. A coherent group of courses that collectively constitutes a core curriculum at the high school level,
 - b. A comprehensive syllabus for each course,
 - c. Appropriate instructional and teaching materials for each course,
 - d. High quality examinations that are closely aligned with the course syllabus,
 - e. Professional scoring of examinations, and
 - f. Teacher education that is designed to train teachers to properly teach those courses.
2. "Grand Canyon Diploma" means a high school diploma that is offered to any student who demonstrates readiness for college level mathematics and English according to standards prescribed by an interstate compact on board examination systems, who has passing grades on an additional set of required approved board examinations in core academic courses as determined by the State Board of Education.
3. "Readiness for college level mathematics and English" means that a student has the mathematics and English skills and knowledge needed to succeed in college level courses that count toward a degree or certificate without taking remedial or developmental coursework.

Historical Note

Adopted effective August 14, 1991 (Supp. 91-4).
 Repealed effective February 20, 1997 (Supp. 97-1). New
 Section made by exempt rulemaking at 18 A.A.R. 1025,
 effective January 24, 2011 (Supp. 12-2).

R7-2-315. Board Examination Systems; Offerings; Procedures

- A. The State Board of Education shall select board examination systems that may be used by traditional public schools and charter schools in accordance with the requirements of this Section. Board examination systems selected by the State Board of Education shall:
 1. Be approved by an interstate compact on board examination systems,
 2. Be periodically modified to reflect core standards selected by an interstate compact on board examination systems,
 3. Be aligned to State Board of Education approved academic standards,
 4. Have common passing scores that are prescribed by an interstate compact on board examination systems that are set to the level of literacy required to succeed in college-level courses offered by community colleges in this state that count toward a degree or certificate without taking remedial or developmental coursework.
- B. The State Board of Education shall contract with a private organization to act as primary administrator of approved board examination systems. The private organization shall:
 1. Identify, select and contract with a national organization that is devoted to issues concerning education and the economy and that is selected by the State Board of Education to provide technical services to develop and maintain an interstate system of approved board examination systems.
 2. Provide data and other information to a national organization that is devoted to issues concerning education and the economy and that is selected by the State Board of Education to provide technical services the national organization deems necessary to set appropriate performance standards for students in this state. The Department of Education shall provide data and other information to the private organization, as necessary.
 3. Conduct technical studies required by the State Board of Education to compare the scores on approved board examinations by the students in this state to scores on the Arizona Instrument to Measure Standards Test and other measures deemed necessary to ensure the efficacy of the approved board examinations. The private organization may contract with other entities that are selected by the State Board of Education for the purpose of conducting technical studies.
 4. In cooperation with the Superintendent of Public Instruction and the State Board of Education, solicit monies from all lawful private and public sources, including federal monies, to offset the costs of instruction provided to students pursuant to this Section.
 5. Exercise general supervision over the implementation of the approved board examination systems in this state.
 6. Prepare an annual report for the State Board of Education, which shall forward it to the legislature and the governor, on the progress made toward the goals established in A.R.S. Title 15, Chapter 7, Article 6. Participating schools and the Department of Education shall provide data to the private organization as needed in order to complete the annual report.
 7. Identify, select and represent this state on the national governing body of an interstate compact on board examination systems, as approved by the State Board of Education.
 8. Select this state's representatives in an interstate compact on board examination systems in accordance with the policies prescribed by that interstate compact.
 9. Develop the Grand Canyon Diploma to be approved and adopted by the State Board of Education.
- C. The Department of Education shall develop a system, subject to State Board of Education approval, to track the academic progress of pupils who participate in board examination systems.
- D. School districts or charter schools wishing to implement an approved board examination in one or more schools shall:
 1. Send written notice to the private organization described in this Section indicating that school district's or charter school's interest in implementing an approved board examination system,
 2. Submit an implementation plan to the private organization described in this Section that includes at least the following elements:
 - a. The specific approved board examination system the school district wishes to implement;
 - b. A proposed timeline for the implementation of an approved board examination system;
 - c. A description of the funding model that will be employed to ensure the sustainability of the approved board examination system offering;
 - d. A communication plan for students and parents that provides an overview of the selected approved board examination system, potential course offerings, a description of student support systems, and contact

Repealed effective February 20, 1997 (Supp. 97-1). New
Section made by exempt rulemaking at 18 A.A.R. 1025,
effective January 24, 2011 (Supp. 12-2).

R7-2-315.01. Grand Canyon Diploma

- A. School districts and charter schools in this state may choose to offer a Grand Canyon Diploma beginning in the 2012 – 2013 school year. A high school student who is enrolled in a school district or charter school that offers a Grand Canyon Diploma may choose to pursue a Grand Canyon Diploma.
- B. A student may be awarded a Grand Canyon Diploma at the end of grade 10 or during or at the end of grade 11 or 12 provided that the student has passed both the mathematics and English assessments for the applicable approved board examination system, and the student has successfully completed the following subject area requirements within board examination system curriculum:
1. Two credits of English;
 2. Two credits of mathematics;
 3. Two credits of science, including lab-based science, engineering or information technologies;
 4. One credit of American History;
 5. One credit of World History;
 6. One credit of fine arts or career and technical education and vocational education; and
 7. One-half credit of economics.
- C. A student that satisfies all the criteria for issuance of a Grand Canyon Diploma is exempt from the minimum course of study requirements delineated in R7-2-302.02.
- D. Students who earn a Grand Canyon Diploma shall have multiple pathways available to them and may:
1. Enroll the following semester in a community college under the jurisdiction of a community college in this state. Students who take community college courses on high school campuses pursuant to this subsection shall be eligible to participate in extracurricular activities, including interscholastic sports, through the end of grade 12.
 2. Remain in high school and enroll in additional advanced preparation board examination programs that are designed to prepare students for admission to high quality postsecondary institutions that offer baccalaureate degree programs. These board examination programs shall be selected from a list provided by an interstate compact for board examination systems and approved by the State Board of Education. Students who elect to remain in high school pursuant to this subsection shall be eligible to participate in extracurricular activities, including interscholastic sports, through the end of grade 12.
 3. Enroll in a full-time career and technical education program offered on a community college campus, a high school campus or a joint technical education district campus, or any combination of these campuses. Students who

elect to remain in high school pursuant to this subsection shall be eligible to participate in extracurricular activities, including interscholastic sports, through the end of grade 12.

4. Return to a traditional academic program without completing the next level of board examination systems curriculum through the end of grade 12. Students who elect to remain in high school pursuant to this subsection shall be eligible to participate in extracurricular activities, including interscholastic sports, through the end of grade 12.
- E. Students who pursue but do not earn a Grand Canyon Diploma at the end of grade 10 or 11 shall receive a customized program of assistance during the next school year that addresses the areas in which the student demonstrated deficiencies in the approved board examinations. These students may retake the board examinations at the next available examination administration. Students may choose to return to a traditional academic program without completing the board examination system curriculum.
- F. A student who remains in a board examination system curriculum through grade 12 and does not pass the board examination may graduate with a standard diploma provided that the student meets the following requirements:
1. The student has passed the Arizona Instrument to Measure Standards assessments in mathematics and English or received a sufficient score as determined by the State Board of Education on the ACT, SAT, or an approved board examination in mathematics and English.
 2. The student has earned at least 22 credits and has passed a State Board of Education approved sequence of courses within the board examination system curriculum. For the purpose of this requirement the private organization and the Department of Education shall recommend for State Board of Education approval a sequence of courses for each approved board examination system. The sequence of courses for each board examination system shall ensure that students receive instruction in all State Board of Education approved academic standards encompassed in R7-2-302.02(1)(a) through (e).
- G. A student who is enrolled in a school district or charter school that does not offer a board examination system curriculum may earn a Grand Canyon Diploma by:
1. Obtaining a passing score on the assessments of an approved board examination system in each of the subject areas delineated in R7-2-315.01(B)(1) through (6), and
 2. Completing a high school course in economics.

R7-2-316. Charter Schools Stimulus Fund

- A. "Start-up costs" mean those costs associated with developing or implementing the following essential components of a charter school:
1. The hiring of teachers and other essential staff members;
 2. The hiring of a chief administrative officer and other costs associated with instituting the administrative structure of the school;

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

3. Curriculum development and implementation;
 4. The leasing of physical facilities or equipment and costs associated with establishment of utility services and accounts;
 5. Operational expenses incurred prior to the date on which the charter school begins operations;
 6. The development and implementation of an accounting system which complies with the uniform system of financial records requirements;
 7. Obtaining insurance, including prepayment of premiums which will effectuate insurance coverage during the first year of operation;
 8. Costs associated with licensing and compliance with other health, safety and civil rights requirements.
- B.** "Costs associated with renovating or remodeling existing buildings and structures" means those costs associated with the following essential components:
1. Modifications affecting the structural integrity of the building, including those changes needed to meet building code and zoning standards.
 2. Modifications needed to meet non-structural building code requirements, such as those related to plumbing, electrical wiring and fire safety.
 3. Modifications needed to meet state health standards, such as those related to rest rooms and food preparation and service.
 4. Adjusting the size of rooms to accommodate the number of students to be served.
 5. Construction-related finish work, such as exterior and interior replastering and painting, carpeting, flooring, baseboards and door hanging.
 6. Roofing and air conditioning/heating installation or repair required prior to operation of the school.
 7. Access requirements for persons with disabilities.
- C.** The State Board of Education shall, subject to legislative appropriation, provide an initial grant or an additional grant from the charter schools stimulus fund to applicants who have a charter or application that has been approved by a sponsor pursuant to A.R.S. § 15-183 and who meet the requirements of A.R.S. § 15-188 and this Section. The grant may be in any amount up to \$100,000 per charter school applicant or charter school.
- D.** The application for an initial grant shall include:
1. A copy of the applicant's charter;
 2. The identity of the sponsor which approved the charter;
 3. The total amount of funding requested;
 4. An itemization of the specific start-up costs and costs associated with renovating or remodeling existing building and structures for which the funds will be used. Itemization shall include the amount of funds requested for each essential component and a detailed explanation of the basis for calculating the amount requested;
 5. The number of students to be served at the school;
 6. The dimensions of the facility in which the school is to be operated;
 7. A description of the extent to which the facility must be remodeled or renovated in order to meet applicable health and safety standards, unless this information is included in the applicant's charter.
- E.** The application for an additional grant shall be in a format approved by the State Board of Education and shall include:
1. The date and amount of the initial grant award.
 2. A copy of any amendments or other modifications to the charter or application which formed the basis for the initial grant.
 3. The identity of the current sponsor of the charter school.
 4. An itemized accounting of the expenditures made with the initial grant monies.
 5. The total amount of additional funding requested.
 6. An itemization of the specific start-up costs associated with renovating or remodeling existing buildings and structures for which the additional funds will be used. Itemization shall include the amount of funds requested for each essential component and a detailed explanation of the basis for calculating the amount requested.
- F.** In its review of an application for a stimulus fund grant, the State Board of Education may receive information concerning the application from the Department of Education, an advisory committee, and any other source. The State Board may award a grant in an amount different from that requested by the applicant. No grant shall be awarded pursuant to this Section unless the State Board determines that:
1. Every amount requested in the applicant's itemization of costs is for the essential component with which the amount is associated; and
 2. Based on all of the information before the State Board concerning the application, there is a rational basis for the award of funds.
- G.** No applicant or charter school shall be eligible for more than one initial grant and one additional grant, regardless of the amount awarded.
- H.** An applicant who receives an initial grant and fails to begin operating a charter school within the 18 months following the date of the award shall reimburse the Department of Education for the amount of the initial grant plus interest calculated at a rate of 10% per year. Such reimbursement is immediately due and payable at the end of the initial 18-month period.
- I.** An applicant who receives an additional grant and fails to begin operating a charter school within the 18 months following the date of the award shall reimburse the Department of Education for the amount of the initial grant plus interest calculated at a rate of 10% per year. Such reimbursement is immediately due and payable at the end of the applicable 18-month period and is in addition to any amounts required by subsection (H).
- J.** An applicant for a grant pursuant to this Section shall be notified of the date at which the State Board of Education shall consider the application no less than 10 days in advance thereof. Written notification of the Board's decision concerning an application for a grant shall be mailed to the applicant within 10 days following such decision.

R7-2-317. State Seal of Biliteracy Program

- A.** Definitions. For purposes of this Section, "foreign language" means any language other than English.
- B.** School districts and charter schools in this state may choose to participate in the State Seal of Biliteracy Program (Program) which recognizes students who have attained a high level of proficiency in one or more foreign languages, in addition to English. School districts and charter schools participating in the Program may award the State Seal of Biliteracy to any high school student who graduates from a school operated by the

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

school district or charter school and who meets the requirements of subsections (B)(1) or (2), and subsection (B)(3).

1. **Assessment Method.** To demonstrate language proficiency through the assessment method, the student must attain the required score on a language assessment as adopted by the State Board of Education, upon recommendation by the Arizona Department of Education, for purposes of demonstrating language proficiency for the Program in the four domains of speaking, writing, listening, and reading.
2. **Alternative evidence model.** A school district or charter school may choose to award the State Seal of Biliteracy through an alternative evidence method.
 - a. An alternative evidence method may be used in any of the following circumstances:
 - i. No standardized assessment exists for the targeted foreign language;
 - ii. Evaluating the language proficiency of a student with disabilities for whom the standardized assessment is inappropriate as determined by the student's Individualized Education Program team or a student on a 504 plan as determined by the student's 504 plan committee; or
 - iii. The standardized assessment for the targeted foreign language does not assess one or more of the four domains of speaking, writing, listening and reading.
 - b. Any alternative evidence method used shall consist of a student portfolio that contains evidence of experience in the targeted foreign language, as well as work samples, test results and other accomplishments that demonstrate proficiency, as established in the guidelines developed by the Arizona Department of Education, in the targeted foreign language in the four domains of speaking, writing, listening and reading. Student portfolios shall comply with guidelines adopted by the Department.
 - c. A school district or charter school that uses an alternative evidence model must notify the Arizona Department of Education.
3. To be eligible to be awarded the State Seal of Biliteracy, each student shall also demonstrate proficiency in English by meeting the following requirements:
 - a. The student must successfully complete all English Language Arts requirements for graduation, pursuant to R7-2-302, with an overall grade point average in those classes of 2.0 or higher on a 4.0 scale, or the equivalent; and
 - b. The student receives a passing score in English Language Arts on one of the following:
 - i. The statewide assessment adopted pursuant to A.R.S. § 15-741, an assessment approved by the Board pursuant to A.R.S. § 15-741.02, or another state's statewide assessment;
 - ii. A nationally recognized college entrance exam;
 - iii. An exam that is accepted for credit or admission by at least one university under the jurisdiction of the Arizona Board of Regents; or
 - iv. An end of course exam administered as part of a dual enrollment or concurrent enrollment course.
 - c. If the student has a primary home language other than English, the student shall obtain a score of pro-

ficient based on the English language proficiency standards pursuant to A.R.S. § 15-756.

- C. By October 1 of each year, the Arizona Department of Education shall make an electronic facsimile of the State Seal of Biliteracy available to each school district or charter school participating in the Program. Each participating school district or charter school shall identify each student who has met the requirements of the Program, affix the State Seal of Biliteracy to the student's diploma upon graduation, and shall note the receipt of the State Seal of Biliteracy on the transcript of the student.
- D. The Arizona Department of Education shall post on its website by July 1 of each year, the list of acceptable language assessments and the score to be achieved on each, as approved by the Board, which qualifies the student as proficient in a foreign language. The Arizona Department of Education shall ensure that all approved assessments are aligned to the Arizona world and native languages standards adopted by the Board.
- E. Each school district and charter school that chooses to participate in the Program shall meet the following requirements:
 1. Notify the Arizona Department of Education of its intent to participate in the Program at least 30 days prior to issuing the seal by filling out the form provided on the Arizona Department of Education's website.
 2. Designate at least one individual to serve as coordinator of the Program and provide that individual's name and contact information to the Arizona Department of Education.
 3. Using a format prescribed by the Arizona Department of Education, submit a report no later than 90 days after the end of the school year with the total number of students awarded the State Seal of Biliteracy, the number of seals for each targeted foreign language and the method used to determine proficiency in the foreign language.
 4. Make available to parents and students information regarding the Program and the name and contact information for the coordinator of the Program.
- F. The Arizona Department of Education shall establish guidelines and procedures to assist school districts and charter schools in the administration of the Program.

Historical Note

New Section made by final exempt rulemaking at 22 A.A.R. 3367, effective October 24, 2016 (Supp. 16-4). The word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 1529, effective August 27, 2021 (Supp. 21-3).

R7-2-318. K through Three Reading Program

- A. In this Section, unless the context otherwise requires:
 1. "Intensive reading instruction" is a proactive instructional approach used to reduce the likelihood of future reading problems by addressing severe and persistent difficulties with learning to read through the use of evidence-based instruction in smaller-group settings, increased instructional time, and increased intensity that is aligned to individual student needs or deficiencies and is driven by ongoing student performance data from a valid assessment tool.
 2. "Interventions" are instructional supports provided to students with the purpose of preventing and remediating reading difficulties. These supports are organized in tiers which provide increasing instructional intensity and support with each level.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

3. "Motivational assessments" are measures of motivation or attitudes toward reading and produce information to monitor student progress.
 4. "Prevention" is instructional support provided to students before students have experienced failure in learning to read.
 5. "Remediation" is instructional support provided to students after a student has experienced significant and persistent difficulties in learning to read.
 6. "Universal screeners" are very brief measures based on established standardized benchmarks or performance targets developed through extensive research designed to improve accuracy of identifying students who will likely need additional support for meeting grade level reading standards.
- B.** Prior to the release of monies generated by the K through three reading support level weight, each school district or charter school shall submit to the Department on or before October 1, a comprehensive local education agency K through three reading program plan, using the format prescribed by the Department.
- C.** Pursuant to A.R.S. §§ 15-211, 15-701 and 15-704, the K through three reading program plan submission shall contain the following components for pupils in half-day and full-day kindergarten programs and grades one through three:
1. School literacy contacts, literacy team members and master K through three school schedules, to include all subject areas, with a clear emphasis on literacy instruction and displaying all levels of reading support;
 2. A list of the staff who reviewed and approved the individual school K through three reading program plan, including special education directors/staff and staff directly involved with reading instruction;
 3. Program expenditures for the prior school year and a budget for the current school year regarding the monies used only on instructional purposes intended to improve reading proficiency from the K through three support level weight and the K through three reading support level weight;
 4. An analysis of the effectiveness of the local education agency's K through three reading program for the previous school year and plans for improvement for the current school year, including the specific strategies being employed to support populations currently eligible for exemption from retention, such as struggling readers, English language learners, and students with disabilities;
 5. Core reading programs which teach the essential components of reading instruction including explicit and systematic phonics pursuant to A.R.S. § 15-704(H)(1), with a description of the frequency and duration of the instruction;
 6. Date of last K through three reading curriculum review for standards alignment;
 7. Tier II and Tier III intensive reading intervention programs including reading programs used for students with disabilities (separate from specially designed instruction outlined within a child with a disability's individualized education program), including frequency and duration;
 8. A sample template of a parental notification letter;
 9. Evidence-based intervention and remedial services provided to students,
 10. Evidence of ongoing teacher training based on evidence-based reading research; and
 11. Assurance that all parts of the assessment system are accessible to all students as required by federal law.
- D.** The local education agency shall submit universal screening data by October 1, winter data by February 1 and spring data by June 1 for pupils in kindergarten programs and grades one through three. Beginning with school year 2025-2026, reported data to the Arizona Department of Education will include third grade statewide ELA exam data disaggregated by subgroups.
1. Student counts of subgroups that are less than 11 are to be reviewed by the LEA, but are to be redacted for reporting purposes by the Arizona Department of Education.
 2. Subgroups:
 - a. All,
 - b. English Learners,
 - c. American Indian or Alaska Native,
 - d. Asian,
 - e. African American/Black,
 - f. Hispanic or Latino,
 - g. Multiple Races,
 - h. Native Hawaiian or Pacific Islander,
 - i. White,
 - j. Income Eligibility 1 and 2, and
 - k. Students with Disabilities.
- E.** Each school district or charter school governing body shall submit data for the prior school year on the total number of pupils that were subject to retention, the total number that were promoted, the total number actually retained and the interventions administered pursuant to A.R.S. § 15-701 to the Department no later than October 1 and prior to the release of monies generated by the K through three reading support level weight.
- F.** The State Board prescribes competency requirements for the promotion of pupils from the eighth grade and competency requirements for the promotion of pupils from the third grade incorporating the academic standards in at least the areas of reading, writing, mathematics, science and social studies. The competency requirements for the promotion of pupils from the third grade include the following:
1. A pupil shall not be promoted from the third grade if the pupil obtains a score on the reading portion of the statewide assessment that does not demonstrate sufficient reading skills as established by the state board. A pupil may not be retained pursuant to this subsection if data regarding the pupil's performance on the statewide assessment is not available before the end of the current academic year and may not be retained due to Move On When Reading more than once. A pupil who is not retained due to the unavailability of test data must receive evidence-based intervention and remedial strategies pursuant to A.R.S. § 15-701(A)(2)(c) if the third-grade assessment data subsequently does not demonstrate sufficient reading skills.
 - a. Each school district shall continue to provide targeted reading interventions and supports for students who are promoted to fourth grade due to one of the good-cause exemptions. As an example, implementing the following evidence-based practices:
 - i. Placement with a highly-effective teacher, as determined by teacher evaluations;
 - ii. Use of a valid literacy assessment to determine specific areas of struggle with reading;
 - iii. High-dose tutoring targeted to the specific areas of struggle, including:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- (1) Continued development of phonological awareness skills;
 - (2) Continued development of decoding skills;
 - (3) Continued development of fluency skills;
 - iv. Use of a valid and reliable literacy assessment for regular progress monitoring;
 - v. Regular communication with the parents/guardians of students receiving supports to detail the reports received at school and specific strategies that parents can use to support students in the home.
 - b. Each school district or charter school governing body shall use a valid and reliable literacy assessment to collect and provide updated data on the progress of students who are promoted to fourth grade due to one of the good-cause exemptions.
 2. A school district governing board or the governing body of a charter school may promote a pupil from the third grade who does not demonstrate sufficient reading skills pursuant to subsection (F)(1) if the pupil:
 - a. Is an English learner or a limited English proficient student as defined in A.R.S. § 15-751 and has had fewer than three years of English language instruction.
 - b. Is in the process of a special education referral or evaluation for placement in special education, has been diagnosed as having a significant reading impairment, including dyslexia, or is a child with a disability as defined in A.R.S. § 15-761 if the pupil's individualized education program team and the pupil's parent or guardian agree that promotion is appropriate based on the pupil's individualized education program.
 - c. Has demonstrated or subsequently demonstrates sufficient reading skills or adequate progress toward sufficient reading skills of the third grade reading standards as evidenced through a collection of valid and reliable reading assessments approved by the State Board of Education, which includes an alternative standardized reading assessment approved by the state board. The approved alternative standardized reading assessment shall be a re-administration of the statewide third-grade English language arts exam, which shall be administered by the Arizona Department of Education, and shall use the same State Board approved K through three reading program (Move On When Reading) cut score.
 - d. Receives intervention and remedial services during the summer or a subsequent school year pursuant to A.R.S. § 15-701(A)(2)(c) and demonstrates sufficient progress based on guidelines issued in A.R.S. § 15-701(B)(7). Sufficient progress toward reading may be demonstrated by meeting the State Board of Education approved cut score for the K through three reading program (Move On When Reading) on a readministration of the statewide third-grade English language arts exam as administered by the Arizona Department of Education.
- G.** On or before December 15, the Department of Education shall submit an annual report on the K through three reading program to the governor, the president of the Senate and the speaker of the House of Representatives and shall provide a copy of this annual report to the secretary of state, the State Board of Education and the chairpersons of the education committees of the Senate and the House of Representatives. The report shall contain all of the following:
1. Information on the improvement of K through three reading in this state, including achievement data statewide and achievement data at the school district and charter school level. The information pursuant to this paragraph shall include data and information on continued proficiency on the statewide assessment in subsequent grades.
 2. A description of the activities of the department to support school districts and charter schools in improving K through three reading.
 3. Specific findings on methods by which the department may continue to improve support and assistance for school districts and charter schools in the administration of K through three reading program plans.
 4. Information and data on K through three reading program plans throughout this state and the expenditure of K through three reading monies by school districts and charter schools.
 5. Information on the progress towards reading at grade level of students who were promoted in the previous year due to a good cause exemption, including strategies used to support these students and the progress they have made towards grade-level reading.
 - a. Example Strategies:
 - i. Placement with a highly-effective teacher, as determined by teacher evaluations;
 - ii. Use of a valid literacy assessment to determine specific areas of struggle with reading;
 - iii. High-dose tutoring targeted to the specific areas of struggle, including:
 - (1) Continued development of phonological awareness skills;
 - (2) Continued development of decoding skills;
 - (3) Continued development of fluency skills;
 - iv. Use of a valid literacy assessment for regular progress monitoring;
 - v. Regular communication with the parents/guardians of students receiving supports to detail the reports received at school and specific strategies that parents can use to support students in the home.
 6. Data reported pursuant to A.R.S. § 15-701(A)(2)(d).
 1. Beginning with school year 2025/2026, the Arizona Department of Education shall disaggregate and report the data submitted by local education agencies by subgroup by grade level for each of the three data submission windows. Student counts of subgroups that are less than 11 are to be redacted for reporting purposes.
 2. Subgroups:
 - i. All,
 - ii. English Learners,
 - iii. American Indian or Alaska Native,
 - iv. Asian,
 - v. African American/Black,
 - vi. Hispanic or Latino,
 - vii. Multiple Races,
 - viii. Native Hawaiian or Pacific Islander,

R7-2-319. State Seal of Personal Finance Proficiency

A. School districts and charter schools may participate in the State Seal of Personal Finance Proficiency Program (Program), which recognizes students who have attained a high level of proficiency in personal finance. School districts and charter schools participating in the Program may award the State Seal of Personal Finance Proficiency to any high school student who graduates from a school operated by the school district or charter school and who meets the requirements of the Program outlined in subsections (A)(1) and (A)(2) of this subsection. To be eligible to be awarded the State Seal of Personal Finance Proficiency, each student shall do each of the following:

1. Complete all Social Studies requirements for graduation with GPA of 3.0 or higher on a 4.0 scale, or the equivalent; and
2. Complete all of the following activities:
 - a. Passage of an assessment. The student shall attain the required score on one personal finance assessment as adopted by the State Board of Education, defined by the Arizona Department of Education, for purposes of demonstrating personal finance proficiency;
 - b. Completion of an approved Personal Finance Program. The student shall complete one of the personal finance programs as adopted by the State Board of Education, defined by the Arizona Department of Education, for purposes of demonstrating personal finance proficiency;
 - c. Participation in a curricular or extracurricular program. The student shall complete one personal finance curricular or extracurricular program as adopted by the State Board of Education, defined by the Arizona Department of Education, for purposes of demonstrating personal finance proficiency; and
 - d. Demonstrated college and/or career readiness plan. The student shall complete one college and career readiness plan as adopted by the State Board of Education, defined by the Arizona Department of Edu-

cation, for purposes of demonstrating personal finance proficiency.

- B. By October 1 of each year, the Arizona Department of Education shall make an electronic facsimile of the State Seal of Personal Finance Proficiency available to each school district or charter school participating in the Program. Each participating school district or charter school shall identify each student who has met the requirements of the Program, affix the State Seal of Personal Finance Proficiency to the student’s diploma upon graduation, and shall note the receipt of the State Seal of Personal Finance Proficiency on the transcript of the student.
- C. The Arizona Department of Education shall post on its website by July 1 of each year:
 1. The list of acceptable personal finance assessments and the score to be achieved on each, as approved by the Board, which meet the requirements of R7-2-319(A)(2)(a);
 2. The list of acceptable personal finance programs, as approved by the Board, which meet the requirements of R7-2-319(A)(2)(b);
 3. The list of acceptable personal finance curricular or extra-curricular programs, as approved by the Board, which meet the requirements of R7-2-319(A)(2)(c); and
 4. The list of acceptable college and/or career readiness plans, as approved by the Board, which meet the requirements of R7-2-319(A)(2)(d).
- D. Each school district and charter school that participates in the Program shall meet the following requirements:
 1. Notify the Arizona Department of Education of its intent to participate in the Program at least 30 days prior to issuing the seal by filling out the form provided on the Arizona Department of Education’s website;
 2. Designate at least one individual to serve as coordinator of the Program and provide that individual’s name and contact information to the Arizona Department of Education;
 3. Using a format prescribed by the Arizona Department of Education, submit a report no later than 90 days after the end of the school year with the total number of students awarded the State Seal of Personal Finance Proficiency; and
 4. Make available to parents and students information regarding the Program and the name and contact information for the coordinator of the Program.
- E. The Arizona Department of Education shall establish guidelines and procedures to assist school districts and charter schools in the administration of the Program.

R7-2-321. State Seal of Arts Proficiency

- A. School districts and charter schools in this state may choose to participate in the State Seal of Arts Proficiency Program, which recognizes students who have attained a high level of proficiency in the Arts. School districts and charter schools participating in the Program may award the State Seal of Arts Proficiency to any high school student who graduates from a school operated by the school district or charter school and who meets the requirements of the Program outlined in subsections (A)(1) and (2). To be eligible, a student shall do both of the following:
 1. Complete all qualifying Arts and Career and Technical Education (CTE) courses with GPA of 3.0 or better on a 4.0 scale, or the equivalent.
 2. Complete the required activities from each of the following three categories:
 - a. Minimum Credit Requirements. The student shall complete one of the following credit pathways of Arts and CTE classes as follows:
 - i. A minimum of 4 credits in one artistic discipline; or
 - ii. 3 credits in one artistic discipline, and 1 qualifying creative industries CTE credit or separate artistic discipline; or
 - iii. 2 credits in one artistic discipline, and 2 credits in a qualifying creative industries CTE credits or separate artistic discipline.
 - b. Arts related extracurricular activities. The student shall complete the required number of hours engaged in arts related extracurricular activity for purposes of demonstrating arts proficiency as follows:
 - i. Students graduating in school year 2019-2020 must complete at least 30 hours engaged in arts related extracurricular activities as identified by the school district or charter school.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- ii. Students graduating in school year 2020-2021 must complete at least 45 hours engaged in arts related extracurricular activities as identified by the school district or charter school.
 - iii. Students graduating in school year 2021-2022 must complete at least 60 hours engaged in arts related extracurricular activities as identified by the school district or charter school.
 - iv. Students graduating in school year 2022-2023 and beyond must complete at least 80 hours engaged in arts related extracurricular activities as identified by the school district or charter school.
 - c. Student Capstone Project. The student shall complete a Capstone Project, as defined by the Arizona Department of Education, for purposes of demonstrating arts proficiency.
 - B. By October 1 of each year, the Arizona Department of Education shall make the State Seal of Arts Proficiency available to each school district or charter school participating in the Program. Each participating school district or charter school shall identify each student who has met the requirements of the Program, affix the State Seal of Arts Proficiency to the student's diploma upon graduation, and shall note the receipt of the State Seal of Arts Proficiency on the transcript of the student.
 - C. The Arizona Department of Education shall post on its website by July 1 of each year:
 1. A list of arts and CTE classes which meet the requirements of R7-2-321(A)(2)(a);
 2. A list of extracurricular arts activities which meet the requirements of R7-2-321(A)(2)(b);
 3. A list of student capstone examples which meet the requirements of R7-2-321(A)(2)(c).
 - D. Each school district and charter school that chooses to participate in the Program shall meet the following requirements:
 1. Notify the Arizona Department of Education of its intent to participate in the Program by September 15 by filling out the form provided on the Arizona Department of Education's website.
 2. Designate at least one individual to serve as coordinator of the Program and provide that individual's name and contact information to the Arizona Department of Education.
 3. Using a format prescribed by the Arizona Department of Education, submit a list of qualifying students who have met graduation and Arts Seal pathway requirements to the Arizona Department of Education by April 15 of each year.
 4. Make information available to parents and students regarding the Program and the name and contact information for the coordinator of the Program.
 - E. The Arizona Department of Education shall establish guidelines and procedures to assist school districts and charter schools in the administration of the Program.

- ARTICLE 4. SPECIAL EDUCATION**
 Authority: Laws 2017, Ch. 337
- R7-2-401. Special Education Standards for Public Agencies Providing Educational Services**
- A. For the purposes of this Article, the Individuals with Disabilities Education Improvement Act (IDEA), 20 U.S.C. 1400 et seq. and its implementing regulations, 34 CFR 300.1 et seq., are incorporated herein by reference. Copies of the incorporated material can be obtained from the U.S. Government Printing Office, <https://bookstore.gpo.gov/catalog/law-regulations> or the Arizona Department of Education, Exceptional Student Services, 1535 West Jefferson Street, Phoenix, Arizona 85007.
 - B. Definitions. All terms defined in the IDEA, its implementing regulations and A.R.S. § 15-761 are applicable, with the following additions:
 1. "Accommodations" means the provisions made to allow a student to access the general education curriculum and demonstrate learning. Accommodations do not substantially change the instructional level, content or performance criteria, but are made in order to provide a student equal access to learning and equal opportunity to demonstrate what is known. Accommodations shall not alter the content of the curriculum or a test, or provide inappropriate assistance to the student within the context of the test.
 2. "Administrator" means the chief administrative official or designee authorized to act on behalf of a public education agency.
 3. "Boundaries of responsibility" means for:
 - a. A school district, the geographical area within its legally designated boundaries.
 - b. A charter school, the population of students enrolled in the charter school.
 - c. A public education agency other than a school district or charter school, the population of students receiving educational services from a public education agency.
 4. "Child with a disability," has the same meaning prescribed in A.R.S. § 15-761.
 5. "Department" means the Arizona Department of Education.
 6. "Exceptional Student Services" means the Exceptional Student Services Division of the Arizona Department of Education.
 7. "Evaluator" means a person trained and knowledgeable in a field relevant to the child's disability who administers specific and individualized assessment for the purpose of special education evaluation and placement.
 8. "Full and individual evaluation" means procedures used in accordance with the IDEA to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. This evaluation includes:
 - a. A review of existing information about the child;
 - b. A decision regarding the need for additional information;
 - c. If necessary, the collection of additional information; and
 - d. A review of all information about the child and a determination of eligibility for special education services and needs of the child.
 9. "Independent educational evaluation" means an evaluation conducted by an evaluator who is not employed by the public education agency responsible for the education of the child in question.
 10. "Informed written consent" means a person has been fully informed of all information relevant to the activity for which consent is sought, in the person's native lan-

CHAPTER 2. STATE BOARD OF EDUCATION

guage or through another mode of communication; the person understands and agrees in writing to the carrying out of the activity for which consent is sought; and the person understands that the granting of consent is voluntary and may be revoked at any time.

11. "Interpreter" means a person trained to translate orally or in sign language in matters pertaining to special education identification, evaluation, placement, the provision of free appropriate public education (FAPE), or assurance of procedural safeguards for parents and students who converse in a language other than spoken English. Each student's IEP team determines the level of interpreter skill necessary for the provision of FAPE.
 12. "Multidisciplinary Evaluation Team" has the same meaning prescribed in A.R.S. § 15-761.
 13. "Modifications" means substantial changes in what a student is expected to learn and to demonstrate. Changes may be made in the instructional level, the content or the performance criteria. Such changes are made to provide a student with meaningful and productive learning experiences, environments, and assessments based on individual needs and abilities.
 14. "Private school" means any nonpublic educational institution where academic instruction is provided, including nonsectarian and parochial schools, that are not under the jurisdiction of the state or a public education agency.
 15. "Private special education school" means a nonpublic educational institution where instruction is provided primarily to students with disabilities. The school may also serve students without disabilities.
 16. "Public education agency" or "PEA" means a school district, charter school, accommodation school, state supported institution, or other political subdivision of the state that is responsible for providing education to children with disabilities.
 17. "Qualified professionals" means individuals who have met state approved or recognized degree, certification, licensure, registration or other requirements that apply in the areas in which the individuals are providing services such as screening, identification, evaluation, general education, special education or related services, including supplemental aids and services.
 18. "Specially designed instruction" has the same meaning prescribed in A.R.S. § 15-761.
 19. "Special education teacher" means a teacher holding a special education certificate from the Arizona Department of Education.
 20. "Suspension" has the same meaning prescribed in A.R.S. § 15-840.
- C. Public Awareness.**
1. Each public education agency shall inform the general public and all parents, within the public education agency's boundaries of responsibility, of the availability of special education services for students aged 3 through 21 years and how to access those services. This includes information regarding early intervention services for children aged birth through 2 years.
 2. School districts are responsible for public awareness in private schools located within their boundaries of responsibility.
- D. Child Identification and Referral.**
1. Each public education agency shall establish, implement, and make available, either in writing or electronically, to its school-based personnel and all parents, within the public education agency boundaries of responsibility, written procedures for the identification and referral of all children with disabilities, aged birth through 21, including children with disabilities attending private schools and home schools, regardless of the severity of their disability.
 2. Each public education agency shall require appropriate school-based personnel to review the written procedures related to child identification and referral on an annual basis. The public education agency shall maintain documentation of school-based personnel review.
 3. Procedures for child identification and referral shall meet the requirements of the IDEA and regulations, A.R.S. Title 15, Chapter 7, Article 4 and these rules.
 4. The public education agency responsible for child identification activities is the school district in which the parents reside unless:
 - a. The student is enrolled in a charter school or public education agency that is not a school district. In that event, the charter school or public education agency is responsible for child identification activities;
 - b. The student is enrolled in a non-profit private school. In that event, the school district within whose boundaries the private school is located is responsible for child identification activities.
 5. Identification (screening for possible disabilities) shall be completed within 45 calendar days after:
 - a. Entry of each preschool or kindergarten student and any student enrolling without appropriate records of screening, evaluation, and progress in school; or
 - b. Notification to the public education agency by parents of concerns regarding developmental or educational progress by their child aged 3 years through 21 years.
 6. Screening procedures shall include vision and hearing status and consideration of the following areas: cognitive or academic, communication, motor, social or behavioral, and adaptive development. Screening does not include detailed individualized comprehensive evaluation procedures.
 7. For a student transferring into a school; the public education agency shall review enrollment data and educational performance in the prior school. If there is a history of special education for a student not currently eligible for special education, or poor progress, the name of the student shall be submitted to the administrator for consideration of the need for a referral for a full and individual evaluation or other services.
 8. If a concern about a student is identified through screening procedures or through review of records, the public education agency shall notify the parents of the student of the concern within 10 school days and inform them of the public education agency procedures to follow-up on the student's needs.
 9. Each public education agency shall maintain documentation of the identification procedures utilized, the dates of entry into school or notification by parents made pursuant to subsection (D)(5), and the dates of screening. The results shall be maintained in the student's permanent records in a location designated by the administrator. In the case of a student not enrolled, the results shall be maintained in a location designated by the administrator.
 10. If the identification process indicates a possible disability, the name of the student shall be submitted to the adminis-

CHAPTER 2. STATE BOARD OF EDUCATION

trator for consideration of the need for a referral for a full and individual evaluation or other services. A parent or a student may request an evaluation of the student. For parentally-placed private school students the school district within whose boundaries the non-profit private school is located is responsible for such evaluation.

11. If, after consultation with the parent, the responsible public education agency determines that a full and individual evaluation is not warranted, the public education agency shall provide prior written notice and procedural safeguards notice to the parent in a timely manner.

E. Evaluation/re-evaluation.

1. Each public education agency shall establish, implement, and make available to school-based personnel and parents within its boundaries of responsibility written procedures for the initial full and individual evaluation of students suspected of having a disability, and for the re-evaluation of students previously identified as being eligible for special education.
2. Procedures for the initial full and individual evaluation of children suspected of having a disability and for the re-evaluation of students with disabilities shall meet the requirements of IDEA and its regulations, state statutes and State Board of Education rules.
3. The initial evaluation of a child being considered for special education, or the re-evaluation per a parental request of a student already receiving special education services, shall be conducted within 60 calendar days from the public education agency's receipt of the parent's informed written consent and shall conclude with the date of the Multidisciplinary Evaluation Team (MET) determination of eligibility.
4. If the parent requests the evaluation the PEA must, within a reasonable amount of time not to exceed 15 school days from the date it receives a parent's written request for an evaluation, either begin the evaluation by reviewing existing data, or provide prior written notice refusing to conduct the requested evaluation. The 60-day evaluation period shall commence upon the PEA's receipt of the parent's informed written consent.
5. The 60-day evaluation period may be extended for an additional 30 days, provided it is in the best interest of the child, and the parent and PEA agree in writing to such an extension. Neither the 60-day evaluation period nor any extension shall cause a re-evaluation to exceed the timelines for a re-evaluation within three years of the previous evaluation.
6. The public education agency may accept current information about the student from another state, public agency, public education agency, or through an independent educational evaluation. In such instances, the Multidisciplinary Evaluation Team shall be responsible for reviewing and approving or supplementing an evaluation to meet the requirements identified in subsections (E)(1) through (7).
7. For the following disabilities, the full and individual initial evaluation shall include:
 - a. Emotional disability: verification of a disorder by a qualified professional.
 - b. Hearing impairment:
 - i. An audiological evaluation by a qualified professional, and
 - ii. An evaluation of communication/language proficiency.

- c. Other health impairment: verification of a health impairment by a qualified professional.
 - d. Specific learning disability: a determination of whether the child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, state-approved grade-level standards, or intellectual development that meets the public education agency criteria through one of the following methods:
 - i. A discrepancy between achievement and ability;
 - ii. The child's response to scientific, research-based interventions; or
 - iii. Other alternative research-based procedures.
 - e. Orthopedic impairment: verification of the physical disability by a qualified professional.
 - f. Speech/language impairment: an evaluation by a qualified professional.
 - g. For students whose speech impairments appear to be limited to articulation, voice, or fluency problems, the written evaluation may be limited to:
 - i. An audiometric screening within the past calendar year,
 - ii. A review of academic history and classroom functioning,
 - iii. An assessment of the speech problem by a speech therapist, or
 - iv. An assessment of the student's functional communication skills.
 - h. Traumatic brain injury: verification of the injury by a qualified professional.
 - i. Visual impairment: verification of a visual impairment by a qualified professional.
8. The Department shall develop a list, subject to review and approval of the State Board of Education, of qualified professionals eligible to conduct the appropriate evaluations prescribed in subsection (E)(7).
 9. The Multidisciplinary Evaluation Team shall determine, in accordance with the IDEA and regulations, whether the requirements of subsections (E)(7)(a) through (i) are required for a student's re-evaluation.

F. Parental Consent.

1. A public education agency shall obtain informed written consent from the parent of the child with a disability before the initial provision of special education and related services to the child.
2. If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, the public education agency may not use mediation or due process procedures in order to obtain agreement or a ruling that the services may be provided to the child.
3. If the parent of the child refuses to consent to the initial provision of special education and related services, or the parent fails to respond to a request to provide consent for the initial provision of special education and related services, the public education agency:
 - a. Will not be considered to be in violation of the requirement to make available FAPE to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent, and
 - b. Is not required to convene an IEP Team meeting or develop an IEP in accordance with these rules.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

4. If, at any time subsequent to the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the public education agency:
 - a. May not continue to provide special education and related services to the child, but shall provide prior written notice before ceasing the provision of special education and related services;
 - b. May not use the mediation procedures or the due process procedures in order to obtain agreement or a ruling that the services may be provided to the child;
 - c. Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and
 - d. Is not required to convene an IEP Team meeting or develop an IEP for the child for further provision of special education and related services.
 5. If a parent revokes consent in writing for their child's receipt of special education services after the child is initially provided special education and related services, the public agency is not required to amend the child's education records to remove any references to the child's receipt of special education and related services because of the revocation of consent.
- G. Individualized Education Program (IEP).**
1. Each public education agency shall establish, implement, and make available to its school-based personnel and parents written procedures for the development, implementation, review, and revision of IEPs.
 2. Procedures for IEPs shall meet the requirements of the IDEA and its regulations, state statutes and State Board of Education rules.
 3. Procedures shall include the incorporation of Arizona academic standards as adopted by the State Board of Education into the development of each IEP and address grade-level expectations and grade-level content instruction.
 4. Each IEP of a student with a disability shall be developed in accordance with IDEA and its regulations, state statutes and State Board of Education rules. If appropriate to meet the needs of a student and to ensure access to the general curriculum, an IEP team may include specially designed instruction in the IEP that may be delivered in a variety of educational settings by a general education teacher or other certificated personnel provided that certificated special education personnel are involved in the planning, progress monitoring and when appropriate, the delivery of the specially designed instruction.
 5. Each student with a disability who has an IEP shall participate in the state assessment system. Students with disabilities can test with or without accommodations or modifications as indicated in the student's IEP. Students who are determined to have a significant cognitive disability based on the established eligibility criteria will be assessed with the state's alternate assessment as determined by the IEP team.
 6. A meeting of the IEP team shall be conducted to review and revise each student's IEP at least annually, or more frequently if the student's progress substantially deviates from what was anticipated. The public education agency shall provide written notice of the meeting to the parents of the student to ensure that parents have the opportunity to participate in the meeting. After the annual review, the public education agency and parent may agree not to convene an IEP team meeting for the purposes of making changes, and instead may develop a written document to amend or modify the student's current IEP.
 7. A parent or public education agency may request in writing a review of the IEP, and shall identify the basis for requesting review. Such review shall take place within 45 school days of the receipt of the request at a mutually agreed upon date and time.
- H. Least Restrictive Environment.**
1. Each public education agency shall establish, implement, and make available to its school-based personnel and parents, written procedures to ensure the delivery of special education services in the least restrictive environment as identified by IDEA and its regulations, state statutes and State Board of Education rules.
 2. A continuum of services and supports for students with disabilities shall be available through each public education agency.
- I. Procedural Safeguards.**
1. Each public education agency shall establish, implement, and make available to school-based personnel and parents of students with disabilities written procedures to ensure children with disabilities and their parents are afforded the procedural safeguards required by federal statute and regulation and state statute. These procedures shall include dissemination to parents information about the public education agency's and state's dispute resolution options.
 2. In accordance with the requirements of IDEA, prior written notice shall be provided to the parents of a child within a reasonable time after the PEA proposes to initiate or change, or refuses to initiate or change, the identification, evaluation, educational placement or the provision of FAPE to the child, but before the decision is implemented.
- J. Confidentiality.**
1. Each public education agency shall establish, implement, and make available to its personnel and parents written policies and procedures to ensure the confidentiality of records and information in accordance with the IDEA and its regulations, the Family Educational Rights and Privacy Act (FERPA) and its regulations, and state statutes.
 2. Parents shall be fully informed about the requirements of the IDEA and regulations, including an annual notice of the policies and procedures that the PEA shall follow regarding storage, disclosure to a third party, retention, and destruction of personally identifiable information.
 3. The rights of parents regarding education records are transferred to the student at age 18, unless the student has been adjudicated incapacitated, or the student has executed a delegation of rights to make educational decisions pursuant to A.R.S. § 15-773.
 4. Upon receiving a written request, each public education agency shall forward special education records to any other public education agency in which a student has enrolled or is seeking to enroll. Records shall be forwarded within the time-frame specified in A.R.S. § 15-828(F). The public education agency shall also forward records to any other person or agency for which the parents have given signed consent.
- K. Preschool Programs.** Each public education agency responsible for serving preschool children with disabilities shall establish

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

lish, implement, and make available to its personnel and parents, written procedures for:

1. The operation of the preschool program, in accordance with federal statute and regulation, and state statute, that provides a continuum of placements to students;
 2. The smooth and effective transition from the Arizona Early Intervention Program to a public school preschool program in accordance with the agreement between the Department of Economic Security and the Department; and
 3. The provision of a minimum of 360 minutes per week of instruction in a program that meets at least 216 hours over the minimum number of days.
- L. Children in Private Schools.** Each education agency shall establish, implement, and make available to its personnel and parents written procedures regarding the access to special education services to students enrolled in private schools by their parents as identified by the IDEA and its regulations, state statutes and State Board of Education rules.
- M. Department Responsible for General Supervision and Obligations Related to and Methods of Ensuring Services.**
1. The Department is responsible for the general supervision of services to children with disabilities aged 3 through 21 served through a public education agency.
 2. The Department shall ensure through fund allocation, monitoring, dispute resolution, and technical assistance that all eligible students receive FAPE in conformance with the IDEA and its regulations, A.R.S. Title 15, Chapter 7, Article 4, and these rules.
 3. In exercising its general supervision responsibilities, the Department shall ensure that when it identifies noncompliance with the requirements of the IDEA Part B, the noncompliance is corrected as soon as possible, and in no case later than one year after the Department's written notification to the PEA of its identification of the noncompliance.
- N. Procedural Requirements Relating to Public Education Agency Eligibility.**
1. Each public education agency shall establish eligibility for funding with the Department in accordance with the IDEA and its regulations, state statutes and with schedules and methods prescribed by the Department.
 2. In the event the Department determines that a public education agency does not meet eligibility for funding requirements, the public education agency has a right to a hearing before such funding is withheld.
 3. The Department may suspend payments during any time period when a public education agency has not corrected deficiencies in eligibility for federal funds as a result of fiscal requirements of monitoring, auditing, complaint and due process findings.
 4. Each public education agency shall, on an annual basis, determine the number of children within each disability category who have been identified, located, evaluated, and/or receiving special education services. This includes children residing within the boundaries of responsibility of the public education agency who have been placed by their parents in private schools or who are home schooled.
- O. Public Participation.**
1. Each public education agency shall establish, implement, and make available to personnel and parents written procedures to ensure that, prior to the adoption of any poli-

cies and procedures needed to comply with federal and state statutes and regulations, there are:

- a. Public hearings;
 - b. Notice of the hearings; and
 - c. An opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.
2. This requirement does not pertain to day-to-day operating procedures.
- P. Suspension and Expulsion.**
1. Each public education agency shall establish, implement, and make available to personnel and parents written procedures for the suspension and expulsion of students with disabilities.
 2. Each public education agency shall require all school-based staff involved in the disciplinary process to review the policies and procedures related to suspension and expulsion on an annual basis. The public education agency shall maintain documentation of staff review.
 3. Procedures for such suspensions and expulsions shall meet the requirements of the IDEA and its regulations, and state statutes.

R7-2-402. Standards for Approval of Special Education Programs in Private Schools

- A. Definitions.** All terms defined in the regulations for the Individuals with Disabilities Education Improvement Act (IDEA) Amendments, A.R.S. § 15-761, and State Board of Education Section R7-2-401 are applicable.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- B. No student may be placed by a public education agency in a private special education school program unless the facility has been approved as meeting the standards as outlined in this Section, and the public education agency is unable to provide satisfactory education and services through its own facilities and personnel.
- C. In order for a private special education school to be approved by the Department for the purpose of contracting with a public education agency, the private facility shall:
 1. Provide special education instructional programs for students with disabilities that are at least comparable to those provided by the public schools of Arizona and meet the requirements of IDEA.
 2. Provide the following documentation:
 - a. Policies and procedures based on IDEA and state statutes;
 - b. Curriculum that is aligned with the Arizona Academic Standards;
 - c. A completed application;
 - d. Copies of all teacher and related service personnel certifications and licenses; and
 - e. If applicable, a copy of North Central Accreditation.
 3. Provide certificated special education teachers in each classroom to implement the IEPs of those students assigned to that classroom.
 4. Provide related services to meet the needs of the students as indicated on their IEPs.
 5. Provide administration personnel such as head teacher, principal, or other administrator certificated in an administrative area or experienced and certificated in the appropriate area of special education.
 6. Provide an education that meets the standards that apply to education provided by the public education agency.
 7. Maintain student records in accordance with the statutory requirements.
 8. Accept all responsibilities concerning instructional programs to the disabled student and parent or guardian that are required of the public schools of Arizona. Ultimate responsibility for any student under contract in a private special education school rests with the public education agency contracting for the students' education.
 9. Administer all required statewide assessments to those students placed in the private facility by a PEA or through the educational voucher system.
 10. Maintain adequate liability insurance.
 11. Maintain an accounting system and budget which includes the costs of operation, maintenance, transportation, and capital outlay, and which is open to review upon request.
 12. Maintain an attendance reporting system that provides public education agencies and the Department with required information.
 13. Provide notification to contracting public education agencies and the Department of any changes in staff or deletion of programs within 10 school days of the change or deletion.
 14. Provide notification to the contracting PEA of any intent to discontinue, suspend, or terminate services to a student for longer than 10 days. Services to the student must be continued by the private school until an IEP meeting with the PEA is convened to determine an appropriate alternative placement. The PEA must be given up to 10 school days to arrange for the transition of the student after the IEP determination.

15. Permit onsite evaluation of the program by the Department or its designees, and the representatives of the public education agencies.
16. Request approval to contract with public education agencies from the Department in accordance with the prescribed procedures.

Historical Note

Former Section R7-2-402 repealed, new Section R7-2-402 adopted effective December 4, 1978 (Supp. 78-6). Amended by final rulemaking at 7 A.A.R. 1541, effective March 19, 2001 (Supp. 01-1). Amended by final rulemaking at 9 A.A.R. 4633, effective December 8, 2003 (Supp. 03-4). Amended by exempt rulemaking at 15 A.A.R. 1849, effective May 19, 2008 (Supp. 09-2). The word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-403. Repealed**Historical Note**

Adopted effective December 4, 1978 (Supp. 78-6). Amended as an emergency effective September 26, 1979, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 79-5). Former emergency adoption now adopted effective December 4, 1979 (Supp. 79-6). Section repealed by final rulemaking at 9 A.A.R. 4633, effective December 8, 2003 (Supp. 03-4).

R7-2-404. Special Education Voucher Program Policies and Procedures

- A. Institutional vouchers. Students residing and attending special education programs at the Arizona Schools for the Deaf and the Blind (ASDB) or the Arizona State Hospital (ASH) or students attending special education day programs provided by ASDB may be eligible for special education institutional voucher funding.
 1. Eligibility criteria.
 - a. Student shall be between the ages of 3 and 22 years.
 - b. Student shall have a recognized disability as documented by a current educational evaluation. Evaluations shall be completed by the institution or the student's home school district (HSD), as determined by a multidisciplinary evaluation team (MET).
 - c. Student shall have a current individualized education program (IEP) identifying the placement as the most appropriate and least restrictive educational environment.
 2. Institutional voucher application/approval.
 - a. Applications for special education institutional vouchers shall be completed by the institution and submitted to the Exceptional Student Services Division of the Department of Education. The institution shall provide all student information requested on the institutional voucher application.
 - b. Institutions shall sign a Statement of Assurance guaranteeing their maintenance of and ability to produce all supporting documentation for each application.
 - c. Institutional voucher applications shall be reviewed and approved or disapproved by the voucher unit manager. Applications that are disapproved may be corrected and resubmitted. Institutional voucher payments will not be made for student attendance prior to voucher approval date.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- d. Voucher identification numbers shall be assigned for each new student approval, and shall be used by the institution to complete claims for payment and the special education census form.
- e. Institutional vouchers are approved for the current year only; therefore the application process shall be repeated each school year for each student.
- f. Institutions shall report any changes in student status, including withdrawals, transfers, current evaluation dates and changes in disability categories to the Exceptional Student Services Division of the Department of Education. Changes shall be submitted within ten days of the occurrence.
- 3. Institutional voucher claim for payment.
 - a. The special education institutional voucher claim for payment form shall be completed by the institution at the end of each calendar month. The claim shall be submitted in accordance with procedures established by the School Finance Division of the Department of Education.
 - b. Claims for payment shall be submitted to the School Finance Division of the Department of Education.
- 4. Special education census.
All institutional voucher students shall be reported on the special education census in accordance with procedures established by the School Finance Division of the Department of Education.
- 5. Review of placement.
 - a. It is the responsibility of the HSD to review student progress at least once a semester.
 - b. The IEP may be completed by the institution but is ultimately the responsibility of the student's HSD to ensure that it is reviewed and revised annually.
 - c. It is the responsibility of the HSD to ensure that re-evaluations are conducted on a tri-annual basis or more frequently as needed.
- B. Residential vouchers: Students placed in private residential treatment facilities (PRF) may be eligible for residential voucher funding for the educational portion of the placement.
 - 1. Eligibility Criteria.
 - a. Students shall be enrolled in and eligible for educational services from a Public Education Agency (PEA).
 - b. Placement shall be made by one of the State Placing Agencies. They are the Department of Economic Security (DES), the Department of Health Services (DHS), the Administrative Office of the Courts (AOC), or the Department of Juvenile Corrections (ADJC).
 - c. Residential facilities shall be licensed by the Department of Health Services or Department of Economic Security and approved by the Department of Education for the specific educational needs of each student placed there.
 - d. The following conditions invalidate eligibility.
 - i. Placement by any agency other than those noted in subsection (B)(1)(b).
 - ii. Placement in facilities not appropriately licensed by DHS or DES or approved by the Department of Education.
 - iii. Student attendance at a PEA while residing in a residential facility.
 - e. Eligible students are divided into three categories.
 - i. Non-special education (NSE): Students not eligible for special education services who are placed by a State Placing Agency for their care, safety, or treatment.
 - ii. Care special education (CSE): Students eligible for special education services who are placed by a State Placing Agency for their care, safety, or treatment.
 - iii. Residential special education (RSE): Students requiring residential placement to benefit from educational programming who are placed by an IEP team.
 - 2. Voucher application/approval process. The process differs depending on category.
 - a. NSE and CSE options:
 - i. When a placement decision is reached, the State Placing Agency (SPA) shall complete a SPA Application for Voucher Funding, and forward a copy to the student's Home School District (HSD) for appropriate signatures within five days of placement.
 - ii. Upon placement, copies of the completed voucher shall be provided to the PRF and the Exceptional Student Services of the Department of Education (ESS).
 - iii. Upon receipt and review of the application and verification of facility approval, the SPA application will be approved for the initial 60 days of placement. An approval memo is sent to the PRF and the HSD. The Exceptional Student Services shall assign a student identification number to each approved voucher student. This number shall be used by the private facility when completing the special education census form and the claim for payment form.
 - iv. The HSD shall submit the HSD Application for Education Voucher Funding packet and submit it to the Exceptional Student Services of the Department of Education. Appropriate documentation of eligibility for special education and provision of services, if applicable, shall be included.
 - v. The HSD voucher application packet shall be reviewed and approved or disapproved by the voucher unit manager. Applications that are disapproved may be corrected and resubmitted. Approvals are granted from the date of receipt through the end of the school year. An approval memo is sent to the PRF and the HSD.
 - vi. If the HSD cannot complete the requirements for the HSD application packet within the initial 60-day approval period, they shall submit an Application For Extension Of Education Voucher Funding.
 - b. RSE option.
The HSD shall follow statutory requirements and procedures agreed upon by the ADE, DHS, and DES when considering placement in a PRF for educational reasons. If a need for such a placement is determined, the HSD shall complete and submit the HSD Application for Education Voucher Funding packet to the ESS. Documentation of the necessity for PRF placement, measurable exit criteria, and a reintegration plan shall be required.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

3. Changes in placement/Discharge.
 - a. If a student is discharged or is absent without leave for more than ten days from the PRF, the facility shall notify the State Placing Agency, Home School District and the Exceptional Student Services Division of the Department of Education in writing within five days.
 - b. Students returning to a facility after a discharge or students transferred from one facility to another require a new SPA voucher application.
 - c. Students placed under the RSE option shall not be discharged without the consent of the IEP team.
 4. Voucher claim for payment.
 - a. A special education voucher claim for payment shall be submitted in accordance with procedures established by the School Finance Division of the Department of Education.
 - b. Claim for payment shall be submitted to the School Finance Division of the Department of Education.
 5. Special education census.

A special education census form shall be completed for all voucher students in accordance with procedures established by the School Finance Division of the Department of Education.
 6. Review and continuation of placement.
 - a. The Home School District (HSD) shall regularly monitor the progress of students, ensure the annual review and revision of IEPs, and complete three-year re-evaluations as applicable.
 - b. Voucher approval is for one school year only. Students remaining in an PRF from the end of one school year to the beginning of the next year require new voucher applications. Prior to the beginning of the new school year, the PRF shall submit an Application for Continuing Voucher funding, signed by both the SPA and the HSD. For a student who is eligible for special education services, a current IEP shall accompany the continuing application if the IEP has been reviewed or revised after the original voucher was approved.
- edgeable in the laws governing special education and administrative hearings.
3. "Public agency" ("PEA") has the same definition as provided in R7-2-401.
 4. "State Education Agency" ("SEA") means the Department of Education, Exceptional Student Services Section.
- B.** The due process procedures specified in this Section apply to all public agencies dealing with the identification, evaluation, special education placement of, and the provision of a free appropriate public education ("FAPE") for children with disabilities.
 - C.** The SEA shall establish procedures concerning:
 1. Impartial due process hearings, and
 2. Confidentiality and access to student records.
 - D.** An impartial hearing officer shall be:
 1. Unbiased - not prejudiced for or against any party in the hearing;
 2. Disinterested - not having any personal or professional interest that would conflict with objectivity in the hearing;
 3. Independent - may not be an officer, employee, or agent of a public agency involved in the education or care of the child or the SEA. A person who otherwise qualifies to conduct a hearing is not an employee of the public agency or the SEA solely because the person is paid by the public agency to serve as a hearing officer;
 4. Trained by the SEA as to the state and federal laws pertaining to the identification, evaluation, placement of, and the provision of FAPE for children with disabilities.
 - E.** Hearing officer qualifications and training.
 1. All hearing officers shall participate in all required training conducted by the SEA as to the state and federal laws pertaining to the identification, evaluation, educational placement, and the provision of FAPE for children with disabilities.
 2. A hearing officer shall meet the requirements set forth by OAH regarding ALJs. A hearing officer shall not have represented a parent in a special education matter during the preceding 12 months, and shall not have represented a school district in any matter during the preceding 12 months.
 - F.** Selection of hearing officers.
 1. The SEA shall prepare and maintain a list of individuals who meet the qualifications specified in subsection (E) to serve as hearing officers. This list shall also include the qualifications of each hearing officer.
 2. A hearing officer shall be assigned in accordance with the procedures of the Office of Administrative Hearings.
 - G.** Request for due process hearing.
 1. The due process complaint must allege a violation that occurred not more than two years before the date the parent or public education agency knew or should have known about the alleged action that forms the basis of the due process complaint.
 2. A parent shall submit a written request for a due process hearing to the public education agency and the SEA. The SEA shall provide a model form that a parent may use in requesting a due process hearing. Upon receipt of a written request, there shall be no change in the educational placement of the child except under the applicable provisions of IDEA, unless the PEA and parents agree. If a parent requests a due process hearing, the public education agency shall advise the parents of any free or low-cost legal services available, and provide a copy of the

procedural safeguards notice. All correspondence to the parent shall be provided in English and the primary language of the home. If the written request involves an application for initial admission, the child, with the consent of the parent, shall be placed in the public school until the completion of all proceedings.

3. If the public education agency requests a due process hearing, such request may be made on a model form, as noted in subsection (G)(2), and a copy shall be provided to the parent and the SEA. Upon receipt of a written request, there shall be no change in the educational placement of the child except under the applicable provisions of IDEA, unless the PEA and the parents agree. In conjunction with its request for due process hearing, the public education agency shall advise the parents of any free or low-cost legal services available and provide a copy of the procedural safeguards notice. All correspondence to the parent, including the due process request, shall be provided in English and the primary language of the home. If the written request involves an application for initial admission, the child, with the consent of the parent, shall be placed in the public school until the completion of all proceedings.

H. An impartial due process hearing shall be conducted in accordance with the following procedures:

1. The hearing officer shall hold a pre-hearing conference, either telephonically or at a location that is reasonably convenient to the parents and the child involved, to determine if the complaint is a legitimate due process complaint, to ensure that all matters are clearly defined, to establish the proceedings that will be used for the hearing, to determine who will represent and/or advise each party, and to set the time and dates for the hearing.
2. The hearing officer shall conduct the hearing at a location that is reasonably convenient to the parents and the child involved.
3. The hearing officer shall preside at the hearing and shall conduct the proceedings in a fair and impartial manner, and shall ensure that all parties involved have an opportunity to:
 - a. Present their evidence and confront, cross-examine, and compel the attendance of witnesses;
 - b. Object to the introduction of any evidence at the hearing that has not been disclosed to all parties at least five business days before the hearing;
 - c. Produce outside expert witnesses;
 - d. Be accompanied and advised by counsel and by individuals with special knowledge or training with respect to the problems of children with disabilities.
4. The parent involved in the hearing shall be given the right to:
 - a. Have the child who is the subject of the hearing present,
 - b. Have the hearing conducted in public,
 - c. Have an interpreter provided by the public agency.
5. The hearing officer shall review all relevant facts concerning the identification, evaluation, the educational placement, and the provision of FAPE. This shall include any Independent Education Evaluation secured by the parent.
 - a. The hearing officer shall determine whether the public agency has met all requirements of federal and state law, rules, and regulations.

- b. The hearing officer shall render findings of fact and a decision, which shall be binding on all parties unless appealed pursuant to this Section.

6. The hearing officer's findings of fact and decision shall be in writing and shall be provided to the parent, the public education agency, the SEA, and their respective representatives. The parent may choose to receive an electronic verbatim record of the hearing and electronic findings of fact and decision relative to the hearing in addition to the written findings of fact and decision. The hearing officer's findings of fact and decision shall be delivered by certified mail or by hand within 45 calendar days after notification to the hearing officer that the parties have been unable to resolve the matter in accordance with 20 U.S.C. 1415(f)(1)(B). A hearing officer may grant specific extensions of time beyond the 45 calendar days for good cause shown at the request of either party.
7. The findings of fact and decision of the hearing officer shall be final at the administrative level. The notification of the findings of fact and decision shall contain notice to the parties that they have a right to judicial review.
8. Any party to the proceeding has the right to appeal a final administrative decision to a court of competent jurisdiction within 35 calendar days after receipt of the decision.
9. The SEA, after deleting any personally identifiable information, shall make such written findings of fact and decision available to the public.

I. Expedited hearing.

1. An expedited hearing regarding disciplinary matters may be requested in accordance with federal law as set forth in 20 U.S.C. 1415(k).
2. Hearing officers for an expedited hearing shall be assigned by the Office of Administrative Hearings.
3. The expedited hearing shall be conducted within 20 school days of the date the hearing is requested and shall result in a determination within 10 school days after the hearing.

R7-2-405.01. Special Education Dispute Resolution; State Administrative Complaints

- A.** Notwithstanding any other provision of law, a state administrative complaint filed with the Department regarding any alleged violations of Part B of the federal Individuals with Disabilities Education Act (IDEA) (20 U.S.C. 1400 et seq.) or its implementing regulations (34 CFR 300) shall be investigated in accordance with the Code of Federal Regulations Title 34.
1. The party filing the complaint shall forward a copy of the state administrative complaint to the public education agency serving the child at the same time the party files the complaint with the Department.
 2. A written decision shall be issued to the complainant and the public education agency that is the subject of the state administrative complaint in accordance with the 60-day time limit specified in the Code of Federal Regulations Title 34.
- B.** The Department shall accept and investigate state administrative complaints that allege a violation that occurred not more than one year prior to the date that the complaint is received by the Department.
- C.** The state administrative complaint shall include all of the following:
1. A statement that a public education agency has violated a requirement of Part B of the IDEA or its implementing regulations.
 2. The facts on which the statement is based.
 3. The signature and contact information for the complainant.
 4. If alleging violations with respect to a specific child, all of the following:
 - a. The name and address of the child.
 - b. The name of the school the child is attending.
 - c. In the case of a homeless child or youth (within the meaning of Section 725(2) of the McKinney-Vento Homeless Assistance Act (20 U.S.C. 11434a(2))), available contact information for the child, and the name of the school the child is attending.
 - d. A description of the nature of the problem of the child, including facts relating to the problem.
 - e. A proposed resolution of the problem to the extent known and available to the party at the time the complaint is filed.
 5. The Department shall develop a model form to assist parents and public agencies in filing a state administrative complaint under this Section.

Historical Note

New Section made by exempt rulemaking at 16 A.A.R.
201, effective December 7, 2009 (Supp. 10-1).

R7-2-405.02. Special Education Dispute Resolution; Mediation

In accordance with the Individuals with Disabilities Education Act, the Department shall provide parents of students with disabilities and public education agencies the opportunity to resolve disputes involving any matter under IDEA, including matters arising prior to the filing of a request for due process, through a mediation process.

1. The mediation process shall:
 - a. Be voluntary on the part of both parties,
 - b. Not be used to deny or delay a parent's right to a due process hearing or any other rights afforded under Part B of the IDEA,

- c. Be conducted by a qualified and impartial mediator who is trained in effective mediation techniques.
2. The Department shall maintain a list of individuals who are qualified mediators and knowledgeable in laws and regulations relating to the provision of special education and related services.
3. The Department shall select mediators on a random or rotational basis.
4. The Department shall bear the cost of the mediation process.
5. Each session in the mediation process shall be scheduled in a timely manner and shall be held in a location that is convenient to both the parent and the public education agency.
6. If the parties resolve a dispute through the mediation process, the parties shall execute a legally binding agreement that:
 - a. States that all discussions that occurred during the mediation process will remain confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings,
 - b. Is signed by both the parent and a representative of the public education agency who has the authority to bind the agency, and
 - c. Is enforceable in any state court of competent jurisdiction or in a district court of the United States.
7. Whether or not the dispute is resolved through mediation, discussions that occur during the mediation process shall be confidential and may not be used as evidence in any subsequent due process hearings or civil proceedings of any federal court or state court.
8. Impartiality of the Mediator. An individual who serves as a mediator:
 - a. May not be an employee of the Department or of the public education agency that is involved in the education or care of the student.
 - b. Shall not have a personal or professional interest that conflicts with the person's objectivity.
 - c. Is not an employee of the Department or of a public education agency solely because the mediator is paid by the Department of Education to serve as a mediator.

R7-2-406. Gifted Education Programs and Services

- A.** Governing boards shall adopt policies for the education of gifted students which shall include:
1. Procedures for identification and placement of students to be placed in gifted programs.
 - a. Students shall be served who score at or above the 97th percentile on national norms in any one of three areas - verbal, nonverbal, or quantitative reasoning - on any test from the State Board-approved list. Students who score below the 97th percentile also may be served.
 - b. Local educational agencies (LEAs) shall accept, as valid for placement, scores at or above the 97th percentile on any State Board-approved test submitted by other LEAs or by qualified professionals.
 - c. LEAs shall place transfer students as soon as they have verified eligibility.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

2. Curriculum, differentiated instruction, and supplemental services for gifted students.
 - a. Expanded academic course offerings may include, for example, one or more of the following: acceleration, enrichment, flexible pacing, interdisciplinary curriculum, and seminars.
 - b. Differentiated instruction, which emphasizes the development of higher order thinking, may include critical thinking, creative thinking, and problem solving skills.
 - c. Supplemental services, which may be offered to meet the individual needs of each gifted student, may include, for example, guidance and counseling, mentorships, independent study, correspondence courses, and concurrent enrollment.
3. Parent involvement.
 - a. Each LEA shall provide the following information to all parents or legal guardians:
 - i. Definition of a gifted child;
 - ii. Services mandated for gifted students by the state of Arizona;
 - iii. Services available from the LEA;
 - iv. Written criteria of the LEA for referral, screening, selection and placement.
 - b. Each LEA shall develop policies and procedures which ensure that parents or legal guardians are:
 - i. Given the opportunity to have their children tested;
 - ii. Given advance notice of the week that their children are to be tested;
 - iii. Given the opportunity to withhold permission for testing;
 - c. Each LEA shall:
 - i. Make testing available for students K through 12 on a periodic basis but not less than three times per year;
 - ii. Inform parents or legal guardians of the results of the district-administered test within 30 school days of determining the test results;
 - iii. Upon request, explain test results to parents or legal guardians.
4. The scope and sequence shall be a written program description which demonstrates articulation across all grades and schools to ensure opportunities for continuous progress and shall include:
 - a. Statement of purpose;
 - b. General population description;
 - c. Identification process and placement criteria including provisions for special populations;
 - d. Goals and objectives;
 - e. Curriculum, differentiated instruction, and supplemental services;
 - f. Program models;
 - g. Time allocations for services;
 - h. Procedures and criteria for evaluation of student and program outcomes.

- B. The Arizona Department of Education shall develop and make available model policies for the development, implementation, and evaluation of services for gifted students.

R7-2-407. Special Education Standards and Assistance for Providing Educational Services and Materials for Visually Impaired Students

- A. All requirements in this Section are in addition to the general special education standards in R7-2-401 for public education agencies providing special education.
- B. For the purposes of this Section, the following definitions apply:
 1. "Accessible Electronic File" means, until the effective date of a nationally adopted file format, a digital file in a mutually agreed upon electronic file format that has been prepared using a markup language that maintains the structural integrity of the information and can be processed by Braille conversion software. Upon the effective date of a nationally adopted file format, such as the Instructional Materials Accessibility Standard (IMAS), "Accessible Electronic File" shall mean an electronic file conforming to the specifications of the nationally adopted file format, including future technical revisions and versions of this nationally adopted file format.
 2. "Individualized Braille literacy assessment" means the Learning Media Assessment or other standardized or individualized assessments that pertain to the child's reading medium.
 3. "Non-printed instructional materials" means non-printed textbooks and related core materials, including those that require the availability of electronic equipment in order to be used as a learning resource, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. These materials shall be available to the extent technologically available, and may include software programs, CD-ROMs and internet-based materials.
 4. "Printed instructional materials" means textbooks and related printed core materials, that are written and published primarily for use in elementary school and secondary school instruction and are required by a state educational agency or a local educational agency for use by pupils in the classroom. This may include workbooks, practice tests, and tests.
 5. "Publisher" means an individual, firm, partnership or corporation that publishes or manufactures printed instructional materials for students attending public schools in Arizona, including an on-line service, a software developer, or a distributor of an electronic textbook.
 6. "Specialized format" means Braille, audio or digital text which is exclusively for use by blind or other persons with disabilities.
 7. "Structural integrity" means the structure of all parts of the printed instructional material will be kept intact to the extent feasible and as mutually agreed upon by the publisher and the local educational agency. This may include appropriate representation of graphic illustrations.
- C. Upon determination of a student having a visual impairment as assessed by a full and initial evaluation defined in R7-2-401(E)(6)(i), a visually impaired student who is determined to be blind as defined by A.R.S. § 15-214(B) shall receive an individualized Braille literacy assessment.
- D. Individualized Education Programs (IEP) for blind students. In addition to the requirements for establishing and implementing

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

an IEP consistent with R7-2-401(F) for a student determined to have a disability, each IEP for a student determined to be “blind” as assessed by R7-2-401(E)(6)(i) and defined by A.R.S. § 15-214(B), shall presume that proficiency in Braille is essential in achieving academic success unless otherwise determined by the IEP team established consistent with the regulations for the most recent reauthorization of the Individuals with Disabilities Education Act (IDEA) and in the manner provided by the most recent reauthorization of the IDEA Act for developing an IEP. An IEP developed under this Section for a student determined to be blind shall include all required provisions of A.R.S. § 15-214(A)(3), including the following:

1. The results of the individualized Braille literacy assessment.
2. The date on which Braille instruction will begin, the methods to be used and the frequency and duration of the Braille instruction.
3. The level of competency expected to be achieved within specified time-frames and the objective measures to be used for evaluation.
4. The Braille materials and equipment necessary to achieve the stated expected competency gains, including ordering instructional materials to achieve the IEP-stated goals.
5. The rationale for not providing Braille instruction if Braille is not determined to be an appropriate medium by the IEP team and is not included in the IEP.

E. The Arizona Department of Education shall designate a central repository for publishers to, upon request, provide accessible electronic files for instructional materials used by public schools in Arizona as defined in subsection (B)(1). The central repository shall be responsible for maintaining a complete list of available accessible electronic files for instructional materials and instructional materials in specialized formats, processing requests from PEAs for instructional materials in specialized formats and providing access to these materials in specialized formats to schools throughout Arizona that are providing services to blind or other students with disabilities.

1. Upon receipt of a written request certifying to the requirements set forth in subsections (E)(1)(a) through (c) publishers shall deliver to the repository, at no additional cost and consistent with the time-frame for providing materials for students without disabilities, accessible electronic files for printed instructional materials and non-printed instructional materials. Certification shall include all of the following:
 - a. The PEA purchased a copy of the printed instructional material or non-printed instructional material for use by a student who is blind or has a visual impairment in a course that the student is attending or registered to attend;
 - b. The student who will utilize the instructional materials in a specialized format has an IEP stating that such materials and/or equipment are necessary for the student to achieve stated expected competency gains; and
 - c. The instructional materials are for use by the student in connection with a course in which he or she is enrolled, as verified by the person overseeing the education of students who are blind or visually impaired.
2. A PEA may access the materials maintained by the central repository, upon written request, for instructional use with a student with a visual impairment, as identified by R7-2-401(E)(6)(i), who requires the use of instructional

materials in a specialized format pursuant to the student’s IEP.

3. Nothing in this Section shall be construed to prohibit the central repository from assisting a student with a disability by using the electronic format version of instructional material provided pursuant to this Section solely to transcribe or arrange for the transcription of the printed instructional material into Braille or large print. In the event a Braille transcription is made, the central repository has the right to share the Braille copy of the printed instructional material with other eligible students with disabilities. The PEA will be required to return the specialized format version of the instructional material to the central repository when the student no longer needs the instructional material. The central repository may share the copies of the specialized format of the instructional material with other PEAs who have met the requirements of subsections (B) and (D) to provide services to students who require such services pursuant to R7-2-401(F)(5).

Historical Note

New Section made by final rulemaking at 10 A.A.R. 2399, effective July 23, 2004 (Supp. 04-2). The word “rule” has been changed to “Section,” and “of this Section” was removed to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-408. Extended School Year Programs for Children with Disabilities

- A. “Extended school year” (ESY) shall be as defined in A.R.S. § 15-881.
- B. Eligibility. Eligibility shall be determined by the Individualized Education Program (IEP) Team. Criteria for determining eligibility in an extended school year program shall be as defined in A.R.S. § 15-881.
- C. For a student with a disability currently enrolled in special education, eligibility for ESY services shall be determined no later than 45 calendar days prior to the last day of the school year.
- D. The availability of an extended school year program is required for all students for whom the IEP team has determined that it is necessary in order to ensure a free appropriate public education. Student participation in an ESY program is not compulsory. ESY services are not required for all students with a disability.
- E. Factors that are inappropriate for consideration. Eligibility for participation shall not be based on need or desire for any of the following:
 1. A day care or respite care service for students with a disability;
 2. A program to maximize the academic potential of a student with a disability; and
 3. A summer recreation program for students with a disability.

Historical Note

New Section adopted by final rulemaking at 5 A.A.R. 3211, effective August 24, 1999 (Supp. 99-4). Amended by final rulemaking at 9 A.A.R. 4633, effective December 8, 2003 (Supp. 03-4).

ARTICLE 6. CERTIFICATION**R7-2-601. Definitions**

In this Article, the following definitions apply unless the context
 otherwise requires:

1. "Accredited institution" means a postsecondary institu-
 tion that has accreditation that is recognized by the U.S.
 Department of Education. An institution based outside
 the United States shall be considered accredited if a
 Department-approved foreign document evaluation firm
 verifies that it has accreditation in the foreign country that
 is comparable to accreditation that is recognized by the
 U.S. Department of Education.
2. "Accredited training" means training provided by an
 organization that has accreditation from an association
 approved by the Board.
3. "Appropriately certified" means holding the certificate,
 endorsement and approved area that is required for a
 teaching assignment.
4. "Approved area" means a subject area denoted on a
 teaching certificate that is taught in Arizona public
 schools.
5. "Board" means the State Board of Education.
6. "Capstone experience" means a culminating professional
 experience in a PreK through 12 setting that may include

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

student teaching or internships in administration, counseling, or school psychology, or alternative path PreK through 12 teaching.

7. "CTE" means Career and Technical Education.
8. "Department" means the Arizona Department of Education.
9. "Practicum" means a period of structured observation and practice of the skills being learned, supervised by an individual trained in that area. The commonly used terms "student teaching," "internship," "residency," or "observation course" are included in this definition.
10. "Professional development" means training to increase skills related to the occupation of education.
11. "Self-contained classroom" means a classroom in which the teacher teaches multiple subjects to one class of students.
12. "Single subject classroom" means a classroom in which the teacher teaches one subject to one class of students.
13. "Teaching experience" means full-time employment which included full responsibility for the planning and delivery of instruction and evaluation of student learning. Except for meeting the capstone experience requirement when applying for a standard teaching certificate, substitute teaching is not considered full-time teaching experience.

R7-2-602. Professional Teaching Standards

- A. The standards presented in this Section shall be the basis for approved teacher preparation programs, described in R7-2-604, and the Arizona Teacher Proficiency Assessment, described in R7-2-606.
- B. Standard 1. Learner Development: The teacher understands how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and designs and implements developmentally appropriate and challenging learning experiences. The teacher:
 1. Regularly assesses individual and group performance in order to design and modify instruction to meet learners' needs in each area of development (cognitive, linguistic, social, emotional, and physical) and scaffolds the next level of development.
 2. Creates developmentally appropriate instruction that takes into account individual learners' strengths, interests, and needs and that enables each learner to advance and accelerate his/her learning.

3. Collaborates with families, communities, colleagues, and other professionals to promote learner growth and development.
 4. Understands how learning occurs – how learners construct knowledge, acquire skills, and develop disciplined thinking processes – and knows how to use instructional strategies that promote student learning.
 5. Understands that each learner's cognitive, linguistic, social, emotional, and physical development influences learning and knows how to make instructional decisions that build on learners' strengths and needs.
 6. Identifies readiness for learning, and understands how development in any one area may affect performance in others.
 7. Understands the role of language and culture in learning and, consistent with Arizona law, knows how to modify instruction to make language comprehensible and instruction relevant, accessible, and challenging.
 8. Respects learners' differing strengths and needs and is committed to using this information to further each learner's development.
 9. Is committed to using learners' strengths as a basis for growth, and their misconceptions as opportunities for learning.
 10. Takes responsibility for promoting learners' growth and development.
- C. Standard 2. Learning Differences: The teacher uses understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards. The teacher:
1. Designs, adapts, and delivers instruction to address each student's diverse learning strengths and needs and creates opportunities for students to demonstrate their learning in different ways.
 2. Makes appropriate and timely provisions (e.g., pacing for individual rates of growth, task demands, communication, assessment, and response modes) for individual students with particular learning differences or needs.
 3. Designs instruction to build on learners' prior knowledge and experiences, allowing learners to accelerate as they demonstrate their understandings.
 4. Brings multiple perspectives to the discussion of content, including attention to learners' personal, family, and community experiences and cultural norms.
 5. Incorporates tools of language development into planning and instruction, including strategies for making content accessible to English language learners and for evaluating and supporting their development of English proficiency.
 6. Accesses resources, supports, and specialized assistance and services to meet particular learning differences or needs.
 7. Understands and identifies differences in approaches to learning and performance and knows how to design instruction that uses each learner's strengths to promote growth.
 8. Understands students with exceptional needs, including those associated with disabilities and giftedness, and knows how to use strategies and resources to address these needs.
 9. Knows about second language acquisition processes and knows how to incorporate instructional strategies and resources to support language acquisition.
 10. Understands that learners bring assets for learning based on their individual experiences, abilities, talents, prior

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- learning, and peer and social group interactions, as well as language, culture, family, and community values.
11. Knows how to access information about the values of diverse cultures and communities and how to incorporate learners' experiences, cultures, and community resources into instruction.
 12. Believes that all learners can achieve at high levels and persists in helping each learner reach his/her full potential.
 13. Respects learners as individuals with differing personal and family backgrounds and various skills, abilities, perspectives, talents, and interests.
 14. Makes learners feel valued and helps them learn to value each other.
 15. Values diverse languages and dialects and seeks to integrate them into his/her instructional practice to engage students in learning.
- D. Standard 3. Learning Environments:** The teacher works with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self motivation. The teacher:
1. Collaborates with learners, families, and colleagues to build a safe, positive learning climate of openness, mutual respect, support, and inquiry.
 2. Develops learning experiences that engage learners in collaborative and self-directed learning and that extend learner interaction with ideas and people locally and globally.
 3. Collaborates with learners and colleagues to develop shared values and expectations for respectful interactions, rigorous academic discussions, and individual and group responsibility for quality work.
 4. Manages the learning environment to actively and equitably engage learners by organizing, allocating, and coordinating the resources of time, space, and learners' attention.
 5. Uses a variety of methods to engage learners in evaluating the learning environment and collaborates with learners to make appropriate adjustments.
 6. Communicates verbally and nonverbally in ways that demonstrate respect for and responsiveness to the cultural backgrounds and differing perspectives learners bring to the learning environment.
 7. Promotes responsible learner use of interactive technologies to extend the possibilities for learning locally and globally.
 8. Intentionally builds learner capacity to collaborate in face-to-face and virtual environments through applying effective interpersonal communication skills.
 9. Understands the relationship between motivation and engagement and knows how to design learning experiences using strategies that build learner self-direction and ownership of learning.
 10. Knows how to help learners work productively and cooperatively with each other to achieve learning goals.
 11. Knows how to collaborate with learners to establish and monitor elements of a safe and productive learning environment including norms, expectations, routines, and organizational structures.
 12. Understands how learner diversity can affect communication and knows how to communicate effectively in differing environments.
 13. Knows how to use technologies and how to guide learners to apply them in appropriate, safe, and effective ways.
 14. Is committed to working with learners, colleagues, families, and communities to establish positive and supportive learning environments.
 15. Values the role of learners in promoting each other's learning and recognizes the importance of peer relationships in establishing a climate of learning.
 16. Is committed to supporting learners as they participate in decision making, engage in exploration and invention, work collaboratively and independently, and engage in purposeful learning.
 17. Seeks to foster respectful communication among all members of the learning community.
 18. Is a thoughtful and responsive listener and observer.
- E. Standard 4. Content Knowledge:** The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make these aspects of the discipline accessible and meaningful for learners to assure mastery of the content. The teacher:
1. Effectively uses multiple representations and explanations that capture key ideas in the discipline, guide learners through learning progressions, and promote each learner's achievement of content standards.
 2. Engages students in learning experiences in the discipline(s) that encourage learners to understand, question, and analyze ideas from diverse perspectives so that they master the content.
 3. Engages learners in applying methods of inquiry and standards of evidence used in the discipline.
 4. Stimulates learner reflection on prior content knowledge, links new concepts to familiar concepts, and makes connections to learners' experiences.
 5. Recognizes learner misconceptions in a discipline that interfere with learning, and creates experiences to build accurate conceptual understanding.
 6. Evaluates and modifies instructional resources and curriculum materials for their comprehensiveness, accuracy for representing particular concepts in the discipline, and appropriateness for his or her learners.
 7. Uses supplementary resources and technologies effectively to ensure accessibility and relevance for all learners.
 8. Creates opportunities for students to learn, practice, and master academic language in their content.
 9. Accesses school and/or district-based resources to evaluate the learner's content knowledge in his or her primary language.
 10. Understands major concepts, assumptions, debates, processes of inquiry, and ways of knowing that are central to the discipline(s) he or she teaches.
 11. Understands common misconceptions in learning the discipline and how to guide learners to accurate conceptual understanding.
 12. Knows and uses the academic language of the discipline and knows how to make it accessible to learners.
 13. Knows how to integrate culturally relevant content to build on learners' background knowledge.
 14. Has a deep knowledge of student content standards and learning progressions in the discipline(s) he or she teaches.
 15. Realizes that content knowledge is not a fixed body of facts but is complex, culturally situated, and ever evolving. The teacher keeps abreast of new ideas and under-

CHAPTER 2. STATE BOARD OF EDUCATION

standings in the field, and ensures instruction is consistent with Arizona's adopted academic standards.

16. Appreciates multiple perspectives within the discipline and facilitates learners' critical analysis of these perspectives.
 17. Recognizes the potential of bias in his or her representation of the discipline and seeks to appropriately address problems of bias.
 18. Commits to work toward each learner's mastery of disciplinary content and skills.
- F. Standard 5. Application of Content:** The teacher understands how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues. The teacher:
1. Develops and implements projects that guide learners in analyzing the complexities of an issue or question using perspectives from varied disciplines and cross-disciplinary skills (e.g., a water quality study that draws upon biology and chemistry to look at factual information and social studies to examine policy implications).
 2. Engages learners in applying content knowledge to real world problems through the lens of interdisciplinary themes (e.g., financial literacy, environmental literacy).
 3. Facilitates learners' use of current tools and resources to maximize content learning in varied contexts.
 4. Engages learners in questioning and challenging assumptions and approaches in order to foster innovation and problem solving in local and global contexts.
 5. Develops learners' communication skills in disciplinary and interdisciplinary contexts by creating meaningful opportunities to employ a variety of forms of communication that address varied audiences and purposes.
 6. Engages learners in generating and evaluating new ideas and novel approaches, seeking inventive solutions to problems, and developing original work.
 7. Facilitates learners' ability to develop diverse social and cultural perspectives that expand their understanding of local and global issues and create novel approaches to solving problems.
 8. Develops and implements supports for learner literacy development across content areas.
 9. Understands the ways of knowing in his/her discipline, how it relates to other disciplinary approaches to inquiry, and the strengths and limitations of each approach in addressing problems, issues, and concerns.
 10. Understands how current interdisciplinary themes (e.g., civic literacy, health literacy, global awareness) connect to the core subjects and knows how to weave those themes into meaningful learning experiences.
 11. Understands the demands of accessing and managing information as well as how to evaluate issues of ethics and quality related to information and its use.
 12. Understands how to use digital and interactive technologies for efficiently and effectively achieving specific learning goals.
 13. Understands critical thinking processes and knows how to help learners develop high level questioning skills to promote their independent learning.
 14. Understands communication modes and skills as vehicles for learning (e.g., information gathering and processing) across disciplines as well as vehicles for expressing learning.
 15. Understands creative thinking processes and how to engage learners in producing original work.
 16. Knows where and how to access resources to build global awareness and understanding, and how to integrate them into the curriculum.
 17. Is constantly exploring how to use disciplinary knowledge as a lens to address local and global issues.
 18. Values knowledge outside his/her own content area and how such knowledge enhances student learning.
 19. Values flexible learning environments that encourage learner exploration, discovery, and expression across content areas.
- G. Standard 6. Assessment:** The teacher understands and uses multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making. The teacher:
1. Balances the use of formative and summative assessment as appropriate to support, verify, and document learning.
 2. Designs assessments that match learning objectives with assessment methods and minimizes sources of bias that can distort assessment results.
 3. Works independently and collaboratively to examine test and other performance data to understand each learner's progress and to guide planning.
 4. Engages learners in understanding and identifying quality work and provides them with effective descriptive feedback to guide their progress toward that work.
 5. Engages learners in multiple ways of demonstrating knowledge and skill as part of the assessment process.
 6. Models and structures processes that guide learners in examining their own thinking and learning as well as the performance of others.
 7. Effectively uses multiple and appropriate types of assessment data to identify each student's learning needs and to develop differentiated learning experiences.
 8. Prepares all learners for the demands of particular assessment formats and makes appropriate accommodations in assessments or testing conditions, especially for learners with disabilities and language learning needs.
 9. Continually seeks appropriate ways to employ technology to support assessment practice both to engage learners more fully and to assess and address learner needs.
 10. Understands the differences between formative and summative applications of assessment and knows how and when to use each.
 11. Understands the range of types and multiple purposes of assessment and how to design, adapt, or select appropriate assessments to address specific learning goals and individual differences, and to minimize sources of bias.
 12. Knows how to analyze assessment data to understand patterns and gaps in learning, to guide planning and instruction, and to provide meaningful feedback to all learners.
 13. Knows when and how to engage learners in analyzing their own assessment results and in helping to set goals for their own learning.
 14. Understands the positive impact of effective descriptive feedback for learners and knows a variety of strategies for communicating this feedback.
 15. Knows when and how to evaluate and report learner progress against standards.
 16. Understands how to prepare learners for assessments and how to make accommodations in assessments and testing conditions, especially for learners with disabilities and language learning needs.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

17. Is committed to engaging learners actively in assessment processes and to developing each learner's capacity to review and communicate about their own progress and learning.
 18. Takes responsibility for aligning instruction and assessment with learning goals.
 19. Is committed to providing timely and effective descriptive feedback to learners on their progress.
 20. Is committed to using multiple types of assessment processes to support, verify, and document learning.
 21. Is committed to making accommodations in assessments and testing conditions, especially for learners with disabilities and language learning needs.
 22. Is committed to the ethical use of various assessments and assessment data to identify learner strengths and needs to promote learner growth.
- H. Standard 7. Planning for Instruction:** The teacher plans instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context. The teacher:
1. Individually and collaboratively selects and creates learning experiences that are appropriate for curriculum goals and content standards, and are relevant to learners.
 2. Plans how to achieve each student's learning goals, choosing appropriate strategies and accommodations, resources, and materials to differentiate instruction for individuals and groups of learners.
 3. Develops appropriate sequencing of learning experiences and provides multiple ways to demonstrate knowledge and skill.
 4. Plans for instruction based on formative and summative assessment data, prior learner knowledge, and learner interest.
 5. Plans collaboratively with professionals who have specialized expertise (e.g., special educators, related service providers, language learning specialists, librarians, media specialists) to design and jointly deliver as appropriate learning experiences to meet unique learning needs.
 6. Evaluates plans in relation to short- and long-range goals and systematically adjusts plans to meet each student's learning needs and enhance learning.
 7. Understands content and content standards and how these are organized in the curriculum.
 8. Understands how integrating cross-disciplinary skills in instruction engages learners purposefully in applying content knowledge.
 9. Understands learning theory, human development, cultural diversity, and individual differences and how these impact ongoing planning.
 10. Understands the strengths and needs of individual learners and how to plan instruction that is responsive to these strengths and needs.
 11. Knows a range of evidence-based instructional strategies, resources, and technological tools and how to use them effectively to plan instruction that meets diverse learning needs.

R7-2-604.02. Educator Preparation Program Approval Procedures

- A.** Professional preparation institutions with no Board approved educator preparation programs, seeking initial approval for an educator preparation program shall submit to the Department the information necessary to conduct a readiness review of the professional preparation institution. The Department shall prescribe forms to assist professional preparation institutions with providing all information required as part of the readiness review process. The required information, includes the following:
1. An institutional profile demonstrating program and financial stability, a description of the educator preparation program seeking approval, a listing of national or regional accreditations the institution's governance and administrative structures and student demographic data.
 2. A description of the professional preparation institution's vision, mission, philosophy and goals, and a description of how this information is shared with students, relevant staff and other relevant stakeholders.
 3. Data regarding the professional preparation institution's relevant staff, including the following:
 - a. Demographic data relating to the relevant staff for each educator preparation program seeking approval, including, at a minimum, educational degrees, staff to student ratio, experience teaching in a PreK through 12 setting, and, if available, ethnicity and gender data.
 - b. Definitions of titles and clarification of roles of individuals responsible for courses, seminars, or modules of study; field experiences; capstone experiences; and administration.
 - c. A description of the professional preparation institution's employment policies, including procedures for determining staff assignments, evaluation procedures and professional development opportunities and requirements.
- B.** The Department shall provide professional preparation institutions written notification, within 60 days of receiving readiness review materials, either indicating readiness to submit educator preparation programs for review or specifying any deficiencies. The institution has 30 days from receipt of the notice to supply the Department with all required information regarding identified deficiencies.
- C.** The Department shall initiate a review of the specific educator preparation programs being considered for Board approval. The Department shall prescribe forms to assist institutions with providing all information required as part of the educator preparation programs review. Professional Preparation Institutions with accreditation may submit accreditation documentation to be considered as part of the review process. To facilitate this review, institutions shall provide the Department with the following:
1. A description of the educator preparation programs being considered for Board approval. This shall include, at a minimum, the criteria for student entry into the program; a summary of the program courses, seminars, or modules of study; field experiences; and capstone experiences. The professional preparation institution must verify that it requires courses, seminars, or modules of study necessary to obtain a full Structured English Immersion endorsement if required for the certificate the candidate is seeking.
 2. A description of the field experience and capstone experience policies for the educator preparation programs being considered for Board approval. The review team shall verify that the field experience and capstone experience includes evidence of engagement in the application of relevant standards as articulated in the Board approved professional teaching standards or professional administrative standards and relevant national standards. Educator preparation programs applying for approval in school psychology and guidance counseling shall only be required to demonstrate compliance with applicable national standards.
 3. Evidence that candidates are provided instruction and practice in how to gather, evaluate, and synthesize multiple data sources and how to effectively use data in educational and classroom instructional decisions.
 4. Provide the Department with evidence that candidates are provided instruction and practice in how to appropriately integrate technology when working with students.
 5. A description of the assessment plan for measuring each candidate's competencies as they progress through courses, seminars, or modules of study and field experiences to ensure readiness for a capstone experience. The plan shall require, at a minimum, that candidates demonstrate competencies as articulated in the Board approved professional teaching standards or professional administrative standards, relevant Board approved academic standards, and relevant national standards. The plan shall also describe processes for utilizing performance-based assessments and for providing candidates with necessary remediation. Programs applying for approval in school psychology and guidance counseling shall only be required to demonstrate compliance with relevant national standards.
 6. A description of the procedures used to monitor and evaluate the operation, scope and quality of the educator preparation program being considered for approval. This shall include the use of internal and external evaluations, and may include stakeholder surveys, program completion employment information, and PreK through 12 student achievement data.
 7. An educator preparation program matrices demonstrating that program course, seminar, or module assessments, field experiences and capstone experiences measure candidates' success in meeting the Board approved professional teaching standards or professional administrative standards, and relevant national standards. Educator preparation programs applying for approval in school psychology and guidance counseling shall only be required to demonstrate compliance with relevant national standards.
 8. A plan for how the education preparation program will notify and assist program participants and partner schools if the educator preparation program closes.
- D.** The Department may schedule and conduct an onsite visit upon completion of the educator preparation programs review

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

for professional preparation institutions seeking initial approval. The onsite visit may include a tour of the professional preparation institution; a review of documentation and related evidence; and interviews of relevant staff, educator candidates, and local education agency, private agency or other PreK through 12 administrators who employ program completers.

- E. Upon completion of the review, and onsite review if applicable, the Department shall, within 90 days, provide the professional preparation institution with a program report of the Department's findings. This report shall cite any evidence showing deviation from each relevant standard Board approved professional teaching standard, professional administrative standard, and relevant national standard that applies to the educator preparation program. The professional preparation institution shall have 30 days from receipt of the Department's program report to submit a response addressing any identified deficiencies.
- F. Based upon the Department's program report, the Department shall recommend to the Board that the educator preparation program be approved or denied.
- G. The Board may grant educator preparation program approval for a period not to exceed six years or deny program approval.
- H. Within 60 days of the Board's action, a professional preparation institution may request reconsideration of the Board's decision to deny an educator preparation program.
- I. Professional preparation institutions with Board approval shall make available to the public a statement indicating the valid period for which the educator preparation program has been approved.
- J. Professional preparation institutions with Board approved educator preparation programs shall comply with the reporting requirements established by Title II of the Higher Education Act (P.L. 110-315).
- K. Each approved professional preparation institution shall submit a biennial report with the Department documenting educator preparation program activities for the previous two years. The biennial report shall include the following:
 - 1. A description of any substantive changes in courses, seminars, modules, assessments, field experiences or capstone experiences in Board approved educator preparation programs;
 - 2. Electronic access to relevant educator preparation program information;
 - 3. The name, title and original signature of the certification officer for the professional preparation institution;
 - 4. Relevant data on the educator preparation program, relevant staff, and candidates, which may include, but is not limited to, stakeholder surveys, completer data, and student achievement data required as a condition of initial or continuing program approval.
- L. The Department shall provide annual updates to the Board and make publicly available information summarizing the biennial reports to include, but not limited to, program status, deficiencies, and commendations.
- M. Board approved educator preparation programs shall provide their program completers with an institutional recommendation for issuance of the appropriate Arizona certification within 45 days.
- N. To maintain Board educator preparation program approval, the professional preparation institution shall be in continuous operation and training candidates in accordance with its mission and program objectives, fulfill all reporting requirements,

and maintain compliance with all applicable local, state, tribal and federal requirements.

- O. The Department shall provide a timeline for professional preparation institutions to submit educator preparation programs for approval.
- P. Professional preparation Institutions seeking renewal of educator preparation program approval shall submit the required preliminary documents for review at least six month prior to the program expiration date.

R7-2-604.03. Alternative Educator Preparation Program Approval Process

- A. An organization that includes, but is not limited to, universities under the jurisdiction of the Arizona Board of Regents, community colleges in this state, private postsecondary institutions licensed by this state, school districts, charter schools, professional organizations, nonprofit organizations, private entities and regional training centers that oversee one or more educator preparation program which wishes to offer a program for an alternative route for the certification of teachers and administrators in this State shall apply to the Department of Education for review to become an approved provider of such a program. The Department of Education shall convene a review team to review the application, using a rubric approved by the Board, and submit a recommendation to the Board. The application shall include:
 - 1. The name and location of the applicant;
 - 2. The name of the program;
 - 3. If the applicant is accredited, the name of the regional accrediting body and the accreditation status of the applicant;
 - 4. If the applicant is a private postsecondary educational institution, evidence that the applicant is licensed to operate by the State Board of Private Postsecondary Education pursuant to A.R.S. § 32-3021;
 - 5. A description of the budget of the program;
 - 6. A list of all staff members responsible for the administration of the program, the roles and responsibilities of each person and his or her credentials;
 - 7. The areas of certification for which the applicant will offer the program;
 - 8. A description of the program, which shall include:
 - a. The way in which the elements of the program will comply with the requirements of this Section and R7-2-602, R7-2-603 as applicable and A.R.S. § 15-501.01;
 - b. The application and review process for persons to enroll in the program, including a copy of all forms that will be used in the process;
 - c. A summary of the program courses, seminars, or modules of study; and
 - d. The supervised, school-based experiences the applicant will provide, including:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- i. The name of each school and school district that will participate in the supervised, school-based experience, evidenced by a letter or other communication from the school or school district that demonstrates interest in participating;
 - ii. The length of time for which a candidate will be required to participate in the supervised, school-based experience, including any orientation that the candidate must complete;
 - iii. The manner by which candidates will be mentored by an effective or highly effective teacher and evaluated during the supervised, school-based experience;
 - iv. How the supervised, school-based experience will promote the effectiveness of teachers and administrators, as appropriate; and
 - v. A copy of all forms that will be used for the supervised, school-based experience process;
9. If available, data on the efficacy of its preparation program which may include stakeholder surveys, completer data, and student achievement data;
10. A statement of the estimated time it will take a candidate enrolled in the program to complete the program, which shall allow for completion of the program within one year but not more than three years;
11. A description of the manner by which the applicant will evaluate the success or failure of each candidate enrolled in the program and track the progress of each such candidate, including a copy of all forms that will be used for the evaluation and tracking;
12. A description of how the applicant will evaluate the success of the program, which must include the information required for the evaluation pursuant to R7-2-604.02(K)(4);
13. A plan for how the education preparation program will notify and assist program participants and partner schools if the educator preparation program closes.
- B.** Upon receipt of an application for approval as an approved provider pursuant to subsection (A), the Department of Education shall convene a review team that shall:
 1. Examine the application;
 2. Determine whether to recommend that the State Board of Education grant its approval of the application based upon the requirements of this Section and the Board-approved rubric without any additional requirements; and
 3. Submit its recommendation to the State Board of Education within 90 days of receipt of the application.
- C.** The State Board of Education shall review the recommendation of the review team and provide to the applicant written notice of its approval or denial. The State Board of Education may grant provisional approval to an applicant pursuant to subsection (D). If the State Board of Education denies an application, the applicant may correct any deficiencies identified in the notice of denial and resubmit the application for review by the Department within 30 days of the denial. The review team shall review the resubmitted application and submit its recommendation to the Board within 60 days of receipt of the resubmitted application.
- D.** If the State Board of Education grants an applicant provisional approval, the applicant may offer the program for an alternative route to certification described in the application for the period prescribed by the State Board of Education. The applicant must remove all the provisions under which the approval was issued before the expiration of the provisional approval. If the applicant removes the provisions within the prescribed time, the State Board of Education will grant nonprovisional approval to the applicant as an approved provider. Provisional approval is valid for two years after the date on which the State Board of Education granted provisional approval. If an applicant does not remove all the provisions within the prescribed time, the provisional approval is automatically revoked.
- E.** Except as otherwise provided in subsection (D), if an applicant is approved as an approved provider pursuant to this Section, the approval is valid for six years after the date of approval. To continue the approval, the qualified provider must submit an application for renewal before the expiration of the approval to the Department of Education. If the application for renewal is approved by the State Board of Education, the renewal is valid for six years after the date of the approval.
- F.** If an approved provider intends to offer a program for an alternative route to certification for an area of certification that is different from the area of certification for which the qualified provider has been approved, the qualified provider must submit a new application pursuant to subsection (A) to offer a program for an alternative route to certification for that area of certification.
- G.** An approved provider shall provide its program completers with an institutional recommendation for issuance of the appropriate Arizona alternative path certification within 45 days. An approved provider seeking renewal of its program approval shall submit the required renewal application for review at least 90 days prior to the program expiration date.
- H.** Each qualified provider must submit a report once every two years which includes:
 1. A description of any substantive changes in courses, seminars, modules or assessments in the Board approved educator preparation programs;
 2. The name, title and original signature of the certification officer for the professional preparation institution; and
 3. Relevant data on the educator preparation program, relevant staff, and candidates, which may include, but is not limited to, stakeholder surveys, completer data, and student achievement data required as a condition of continuing program approval.
- I.** The Department shall:
 1. Present the results of the report to the State Board of Education; and
 2. After the results have been presented to the State Board of Education, post the report on the Department's website.
- J.** Each qualified provider shall cooperate with the State Board of Education and the Department in the evaluation of the effectiveness of this Section.

R7-2-604.04. Revocation of Approval of Qualified Provider:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

Notification of Intent; Requirements of Exit Plan

- A. The State Board of Education may revoke its approval of an approved provider if the Board determines that the program for an alternative route to certification offered by the qualified provider does not meet the applicable requirements of R7-2-604.03.
- B. Before the Board revokes its approval of an approved provider, the Board will notify the qualified provider of its intent to revoke approval. The notice must include the specific reasons upon which the Board is basing its decision. Not later than 30 days after the date on which the qualified provider receives the notice, the qualified provider may submit a written response to the Board which sets forth the reasons why approval should not be revoked. The Board will review the notice and any response submitted by the qualified provider and will determine whether to:
 - 1. Revoke the approval of the qualified provider;
 - 2. Allow the qualified provider to continue providing the program for an alternative route to certification if certain enumerated conditions are met; or
 - 3. Allow the continued approval of the qualified provider without conditions.
- C. If the Board revokes its approval of an approved provider, the qualified provider must provide an exit plan which includes a description of how the qualified provider will assist candidates enrolled in the program for an alternative route to certification in completing another program with a different qualified provider at no cost to the candidate.

R7-2-604.05. Classroom-Based Alternative Preparation Program Approval Process

- A. A school district or charter school may apply to the Board for approval as a classroom-based alternative preparation program provider. The Department shall facilitate the Board approval process and prescribe an application form that shall include the following:
 - 1. The name of the program and the school district or charter school applying;
 - 2. The areas of certification for which the applicant will offer the program;
 - 3. Verification that individuals enrolled in the program will have a bachelor's degree from an accredited institution, or will meet all of the following criteria:
 - a. Will be currently enrolled in an accredited public or private postsecondary institution's bachelor's degree program;
 - b. Will not be a contracted or permanent full-time teacher or teacher of record for any classroom of students, except those enrollees may be employed by the school district or charter school; and
 - c. Will not regularly instruct students without the presence of a full-time teacher, certificated teacher, instructional coach or instructional mentor unless the individual possesses other means of certification.
 - 4. Verification that individuals to be enrolled in the program will meet the background requirements and have a valid fingerprint card issued by the Arizona Department of Public Safety pursuant to A.R.S. § 15-534;
- 5. Data supporting the efficacy of its teacher preparation program, which may include stakeholder surveys, completer data and student achievement data. The school district or charter school may contract with a third party provider to provide the classroom-based alternative preparation program and may use that program's efficacy data to meet this requirement.
- 6. A list of all staff members responsible for administering the program and the roles and responsibilities of each person;
- 7. A description of the program, which shall include the following:
 - a. A program sequence or training schedule; and
 - b. Information regarding the mentoring and coaching of teacher candidates.
- 8. The school district or charter school may provide information on professional expectations, professional requirements, or student achievement requirements that exceed expectations and requirements of this Section, including requiring candidates to complete specified coursework or trainings.
- 9. A plan for how the program will notify and assist program participants if the program or school closes.
- B. Upon receipt of an application for approval as a classroom-based preparation program provider, the Department shall convene a review team that shall:
 - 1. Examine the application;
 - 2. Determine whether to recommend that the Board grant its approval of the application based upon the requirements of this Section and a Board-approved rubric; and
 - 3. Submit its recommendation to the State Board of Education within 90 days of receipt of the application.
- C. The State Board of Education shall review the recommendation of the review team and provide to the applicant written notice of its approval or denial.
- D. If the Board denies an applicant for program approval, the applicant may correct any deficiencies identified in the notice of denial and resubmit the application for review by the Department within 30 days of the denial. The review team shall review the resubmitted application and submit its recommendation to the Board within 60 days of receipt of the resubmitted application.
- E. If the Board approves an applicant as a classroom-based preparation program provider, the approval is valid for six years after the date of approval. To continue as a program provider, the school district or charter school shall apply for renewal before the expiration of its current approval. If the application for renewal is approved by the Board, the renewal is valid for six years after the date of the approval.
- F. Approved classroom-based alternative preparation program providers shall submit a new application pursuant to subsection (A) to offer a program in an additional certification area.
- G. Each qualified provider shall submit a report once every two years that includes:
 - 1. A description of any substantive changes in courses, seminars, modules or assessments in the Board approved classroom-based preparation programs;
 - 2. The name, title and original signature of the certification officer for the approved program provider;

R7-2-604.06. Locally Based School Leadership Preparation Program Approval Process

- A. A school district or charter school may apply to the Board for approval as a locally based school leadership preparation program provider. The Department shall administer the Board approval process and prescribe an application form, which shall include the following:
1. The name of the program and the school district or charter school applying;
 2. A list of all staff members responsible for administering the program and the roles and responsibilities of each person;
 3. The areas of certification for which the applicant will offer the program;
 4. A description of the program, which shall include the following:
 - a. A program sequence or training schedule; and
 - b. Information regarding the learning experiences, mentoring and coaching of school leader candidates.
 5. Evidence supporting the efficacy of the school district's or charter school's preparation program. A school district or charter school may contract with a third party provider to provide or assist in the preparation in the preparation program and may use that program's efficacy evidence to meet this requirement.
 6. Verification that individuals enrolled in the program will have a bachelor's degree from an accredited institution;
 7. Verification that individuals enrolled in the program will meet the background requirements and have a valid fingerprint card issued by the Arizona Department of Public Safety pursuant to A.R.S. § 15-534.
 8. A plan for how the program will notify and assist program participants if the program or school closes.
- B. Upon receipt of an application for approval as a locally-based school leadership preparation program provider, the Department shall convene a review team that shall:
1. Examine the application;
 2. Determine whether to recommend that the Board grant its approval of the application based upon the requirements of this Section and a Board-approved rubric; and
 3. Submit its recommendation to the State Board of Education within 90 days of receipt of the application.
- C. The State Board of Education shall review the recommendation of the review team and provide to the applicant written notice of its approval or denial.
- D. If the Board denies an applicant for program approval, the applicant may correct any deficiencies identified in the notice of denial and resubmit the application for review by the Department within 30 days of the denial. The review team

shall review the resubmitted application and submit its recommendation to the Board within 60 days of receipt of the resubmitted application.

- E. If the Board approves an applicant as a locally based school leadership preparation program provider, the approval is valid for six years after the date of approval. To continue as a locally based school leadership program provider, the school district or charter school shall apply for renewal before the expiration of its current approval. If the application for renewal is approved by the Board, the renewal is valid for six years after the date of the approval.
- G. Locally based leadership program providers shall provide program completers with an institutional recommendation for the appropriate locally based pathway standard administrative certificate within 45 days of program completion.

R7-2-607. General Certification Provisions

- A. The evaluation to determine qualification for certification shall not begin until an institutional recommendation or application for certification and official transcripts, and the appropriate fees have been received by the Department. Course descriptions, verification of employment, and other documents may also be required for the evaluation.
- B. Unless otherwise specified, a standard certificate shall be issued for 12 years and may be issued with deficiencies. Applicants may receive a standard certificate with the following deficiencies of requirements to be completed within three years: research-based phonics; reading instruction including for students with dyslexia; professionalism and ethics; and U.S. and Arizona Constitutions. If an applicant fails to meet these requirements within the prescribed time period, the Department of Education or the Board shall temporarily suspend the standard certificate, but the suspension is not considered a disciplinary action and the individual shall be allowed to correct the deficiency within the remaining time of the standard certification.
- C. The effective date of a new certificate shall be the date the evaluation is completed by the Department. The effective date of a renewed certificate shall be the date the evaluation for renewal is completed by the Department.
- D. Unless otherwise specified, all certificates and provisional endorsements issued for three years or less shall expire on the date of issuance in the year of expiration. All certificates issued for more than three years shall expire on the holder's birth date in the year of expiration.
- E. Only those degrees awarded by an accredited institution shall be considered to satisfy the requirements for certification.
- F. Professional preparation programs, courses, practica, and examinations required for certification shall be taken at an accredited institution or a Board-approved teacher preparation program.
- G. Only those courses in which the applicant received a passing grade or credit shall be considered to satisfy the requirements for certification.
- H. All certificates issued by the Department are considered to have been issued in conformance with these rules, except on a finding that an applicant submitted falsified or misrepresented documents, records, or facts in an application for certification or on a finding that a certificate was issued in error due to an error by the verifying authority or issuing authority. If the Department makes a finding pursuant to this subsection, the Department shall provide notice to the applicant of the finding. Within 60 days of the date of the notice, the applicant shall submit proof to the Department that the applicant meets the requirements for the certification. If the applicant is unable to provide proof they meet the requirements within 60 days of receipt of notice, the Department shall reclaim the certificate. Reclaiming a certificate pursuant to this subsection is not considered a disciplinary action but the Department shall refer the case for investigation pursuant to R7-2-1308 for findings that an applicant submitted falsified or misrepresented documents, records, or facts.
- I. The Department shall issue a comparable standard Arizona certificate described in R7-2-608, R7-2-609, R7-2-610, R7-2-611, R7-2-612 or R7-2-613 to an applicant who holds a valid certification from the National Board for Professional Teaching Standards, possess a valid fingerprint clearance card issued by the Arizona Department of Public Safety, and holds a bachelor's, master's or doctoral degree from an accredited institution. These applicants are exempt from all portions of the Arizona Teacher Proficiency Assessment.
- J. An applicant is not required to take any portion of the Arizona Teacher Proficiency Assessment if the applicant has at least three years of full-time teaching experience in any state, including this state, in the comparable area of certification or endorsement in which the person is applying for certification, regardless of whether the applicant was certified or uncertified. An applicant is not required to take any portion of the Arizona Administrator Proficiency Assessment if the person has at least three years of full-time experience in a school leadership position in any state, including this state, regardless of whether the applicant was certified or uncertified.
- K. An applicant is exempt from the testing requirements for Arizona certificates if the applicant passed corresponding portions of a professional or subject knowledge examinations, or administrator examination adopted by a state agency in another state that are similar to the Arizona Teacher Proficiency Assessments or the Arizona Administrator Proficiency Assessment.
- L. An applicant is exempt from the subject knowledge portion of the Arizona Teacher Proficiency Assessment if:
 1. The applicant provides verification of teaching courses relevant to a content area or subject matter for the last two consecutive years, and for a total of at least three years at one or more accredited postsecondary institutions; or
 2. The applicant obtained a bachelor's, master's or doctoral degree from an accredited institution in a relevant subject area; or
 3. The applicant provides verification of a minimum of five years of work experience that is relevant to a subject area of certification.
- M. Unless otherwise specified, individuals who hold a valid Arizona elementary, middle grades or secondary certificate, or a

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

special education certificate that includes grades six through 12, may add an approved area to their certificate by passing the appropriate subject area portion of the Arizona Teacher Proficiency Assessment or as provided in subsections (J), (K) and (L). Any approved area shall be specified on the certificate. If a proficiency assessment is not offered in a subject area, an approved area shall consist of a minimum of 24 semester hours of courses in the subject.

- N. If a language assessment is not offered through the Arizona Teacher Proficiency Assessment, a passing score on a nationally accredited test of a foreign language approved by the Board may demonstrate proficiency of that foreign language in lieu of the 24 semester hours of courses in that subject.
- O. A teacher's language proficiency in a Native American language shall be verified by a person, persons, or entity designated by the appropriate tribe in lieu of the 24 semester hours of courses in that subject.
- P. Teachers of homebound students shall hold the same certificate that is required of a classroom teacher.
- Q. Fingerprint clearance cards shall be issued by the Arizona Department of Public Safety.
- R. A person who surrenders their teaching certificate for any reason shall not submit an application for certification with the Board for a period of five years. A person re-applying after the five-year ban must apply under the current rules at the time of re-application.
- S. Notwithstanding any other provision, an individual with a deficiency in the Arizona and U.S. Constitutions who teaches an academic course that focuses primarily on history, government, social studies, citizenship, law or civics shall be issued a standard certificate subject to suspension in one year if that deficiency is not removed. The suspension is not considered a disciplinary action and the individual shall be allowed to correct that deficiency within the remaining time of the standard certification.
- T. As used in this Article, unless otherwise provided, "work experience" means paid or unpaid work, including teaching experience as a certificated or noncertificated educator at a public or private school, which demonstrates knowledge or skill relevant to a subject area. Work experience, and its relevance to a subject area, shall be verified with one of the following:
 1. A letter from a superintendent or personnel director that the applicant demonstrates knowledge or skill in the subject area that is comparable to holding a bachelor's degree, master's degree, or doctoral degree in that subject area, as identified in a resume;
 2. A letter from a public or private school superintendent or personnel director, in this state or in another state, that the applicant has the requisite experience teaching the most advanced Arizona academic standards, or comparable out-of-state standards, in the subject area sought; or
 3. If an applicant is unable to obtain a letter described in subsections (T)(1) or (2), the applicant may submit a letter from a current or former supervisor verifying that the applicant demonstrates knowledge or skill in the subject area that is comparable to holding a bachelor's degree, master's degree, or doctoral degree in that subject area, as determined by the Department.
- U. Single subject classroom teachers in grades six through 12 are required to be appropriately certified for the subject they teach for the greater part of their instructional schedule. If a teacher is assigned to two or more subjects for equal parts of their

instructional schedule, the teacher is required to be appropriately certified in each subject.

- V. The requirements to be considered appropriately certified for a self-contained, single subject, or other classroom shall be established in the Certification Guidelines for Teaching Assignments, which shall be approved by the Board and on file with the Department.

R7-2-614. Other Teaching Certificates

- A. Except as noted, all certificates are subject to the general certification provisions in R7-2-607.
- B. Substitute Certificate - PreK through 12
 - 1. The certificate is valid for six years and renewable by reapplication.
 - 2. The certificate entitles the holder to substitute in the temporary absence of a regular contract teacher. A person holding only a substitute certificate shall not be assigned a contract teaching position.
 - 3. An individual who holds a valid teaching or administrator certificate shall not be required to hold a substitute certificate to be employed as a substitute teacher.
 - 4. The requirements for issuance are:
 - a. A bachelor's degree, and
 - b. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.
- C. Emergency Substitute Certificate - PreK through 12
 - 1. The certificate is valid for two school years or part thereof. The expiration date shall be July 1 in the year of expiration.
 - 2. The certificate entitles the holder to substitute only in the district that has a verified emergency employment situation.
 - 3. The certificate entitles the holder to substitute in the temporary absence of a regular contract teacher. A person holding only an emergency substitute certificate shall not be assigned a contract teaching position.
 - 4. The holder of an emergency substitute certificate shall be limited to 120 days of substitute teaching in the same school each school year. A person holding an emergency substitute certificate may be exempt from the limit on teaching 120 days in the same school each school year if the school district superintendent provides verification to the Department that the position has been continuously advertised on a statewide basis at a minimum of three sites with at least one being a higher education institution and that an employable candidate was not found. An exemption from teaching 120 days shall not be granted to the same individual more than three times.
 - 5. The requirements for initial issuance are:
 - a. A high school diploma, General Education diploma, or associate's degree;
 - b. Verification from the school district superintendent that an emergency employment situation exists; and
 - c. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.
 - 6. The requirements for each reissuance are:
 - a. Two semester hours of academic courses completed since the last issuance of the Emergency Substitute Certificate. District in-service programs designed for professional development may substitute for academic courses. Fifteen clock hours of in-service is equivalent to one semester hour. In-service hours shall be verified by the district superintendent or personnel director. Academic courses and in-service programs completed pursuant to this Section may include classroom management and professionalism and ethics. Individuals who have earned 30 or more semester hours are exempt from this requirement.
 - b. Verification from the school district superintendent that an emergency employment situation exists, and
 - c. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.

- G.** Interim Principal Certificate – grades PreK through 12

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

1. The Interim Principal certificate authorizes the holder to administer instructional programs, supervise certified personnel, perform the duties, hold the title of principal or assistant principal as delineated in A.R.S. Title 15, and perform similar administrative duties. An individual who is enrolled in a locally-based school leadership program shall be limited to an administrative position at the school-level.
 2. The requirements are:
 - a. A bachelor's or more advanced degree; and
 - b. Verification of three years of full-time teaching in grades PreK through 12; and
 - c. Verification of enrollment in a Board approved alternative administrator preparation program, a Board approved locally based school leadership program, or a Board approved administrator preparation program; and
 - d. Verification that the certificate holder will be employed as a principal or assistant principal under the direct supervision of an Arizona certified principal, an Arizona certified superintendent, or the appropriate county school superintendent; and
 - e. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.
- H. Interim Superintendent Certificate – Grades PreK through 12:**
1. The superintendent certificate is optional, but may be required by local governing boards for individuals who hold the title or perform the duties of a superintendent, assistant superintendent or associate superintendent and who perform duties directly relevant to curriculum, instruction, certified employee evaluations, and instructional supervision
 2. The requirements are:
 - a. A master's degree or more advanced degree;
 - b. Three years of verified full-time teaching experience or related education services experience in a PreK through 12 setting;
 - c. Verification of enrollment in a Board approved alternative path to administrator certification program, or a Board approved administrator preparation program;
 - d. Verification that the holder of the interim certificate shall be employed as a superintendent, assistant superintendent, or associate superintendent and working under the direct supervision of an Arizona certified superintendent or the appropriate county school superintendent; and
 - e. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.
- I. Interim Administrative Certificate Extension**
1. The Interim Administrative certificate may be extended yearly for no more than two consecutive years at no cost to the applicant.
 2. The requirements to extend an Interim Administrative Certificate are:
 - a. Qualification and issuance of the initial Interim Administrative certificate;
 - b. Verification from the Board approved program provider that the applicant is enrolled and has made adequate progress towards completion of the Board approved alternative administrator preparation program, Board approved locally based leadership preparation program, or Board approved traditional administrator preparation program;
 - c. Verification that the holder meets the employment and supervision requirements for the Interim Administrative certificate as described in subsection (F)(2)(e), (G)(2)(d), and (H)(2)(d); and
 - d. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.
- J. The holder of an interim administrative certificate may apply for the appropriate Arizona standard administrative certificate with verification of the following:**
1. Successful completion of the Board approved alternative path to administrator certification program, Board approved locally based leadership program, or Board approved administrator preparation program; and
 2. A passing score on the required portion of the Arizona Administrator Proficiency Assessment; and
 3. A valid fingerprint clearance card issued by the Arizona Department of Public Safety.
 4. Individuals who have completed a locally based leadership program shall also submit verification from the superintendent of a school district or the principal of a charter school that the applicant has made satisfactory progress in the program sequence and model, which may include professional evaluations, observations of the applicant, student achievement data and demonstration of competencies, skills and knowledge associated with the relevant school leadership position.
- K. Interim Administrative Certificates – Public Health Emergency**
1. Notwithstanding this Section, an Interim Administrative Certificate entitling the holder to serve as a supervisor, principal, or superintendent may be issued to an applicant who meets the following requirements:
 - a. Completion of all requirements for the Standard Professional Supervisor, Standard Professional Principal, or Standard Professional Superintendent certificate, as described in subsection (B)(2), (C)(2), and (D)(2), with the exception of a passing score on the Arizona Administrator Proficiency Assessment.
 - b. Verification that the applicant was unable to take the Arizona Administrator Proficiency Assessment required for the Standard Professional Administrative certificate as the result of a public health emergency declared by the governor or a public health official.
 2. A certificate issued pursuant to this subsection shall be issued for one year and shall not be renewed or extended.

Historical Note

New Section made by final exempt rulemaking at 29 A.A.R. 183 (January 13, 2023), effective December 9, 2022 (Supp. 22-4).

R7-2-618. Fees

- A.** The Superintendent of Public Instruction or the Superintendent's designee shall collect proper fees for certification services and shall transmit the fees to the state Treasurer. The following fees are established for certification services:
- 1. Evaluation of qualification for a certificate: \$30.
 - 2. Evaluation of qualification for an endorsement: \$30.
 - 3. Issuance of a certificate, endorsement, or letter of non-qualification: \$30.
 - 4. Renewal of a certificate: \$20.
 - 5. Name change, duplicate copy, or changes of coding to existing files or certificates: \$20.
- B.** Fees shall be paid by credit or debit card, money order, cashier's check, certified check, business check, or personal check and shall be made payable to the order of the Arizona Department of Education. If a check offered in payment for services is not cleared by the financial institution, the applicant shall be notified to pay the fees by money order or certified check. If a certificate has been issued or renewed and payment is not received within two weeks of notification to the applicant, the Department may file a statement of complaint pursuant to R7-2-1302. If a certificate or renewal has not been issued, no certificate or renewal shall be issued until the fees are paid by cashier's check or money order.
- C.** Fees paid pursuant to this Section are not refundable.
- D.** Notwithstanding this Section and pursuant to A.R.S. § 41-1080.01, the Superintendent or the Superintendent's designee shall waive any certification fee for initial certification, including for endorsements, for any of the following individuals if the individual is applying for the specific certification or endorsement in this state for the first time:
- 1. Any individual applicant whose family income does not exceed 200 percent of the federal poverty guidelines;
 - 2. Any active duty military service member's spouse.
 - 3. Any honorably discharged veteran who has been discharged not more than two years before application.
- E.** Applicants who are requesting a waiver of a certification fee shall submit an attestation and appropriate documentation verifying that they meet the criteria as described in subsection (D).

R7-2-619. Renewal Requirements

- A.** A certificate may be renewed within six months of its expiration date except that an individual holding multiple valid certificates may renew all certificates at one time in order to align the expiration dates of each certificate. Certificates being aligned shall be renewed at the same time as the certificate that will expire first. Individuals seeking to align certificates shall meet the renewal requirements for each certificate being

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

aligned. Certificates that are renewed or aligned pursuant to this Section shall be valid for 12 years.

- B.** A certificate may be renewed within ten years after it expires. Individuals whose certificates have been expired for more than ten years shall reapply for certification under the requirements in effect at the time of reapplication. Nothing in this Section shall imply that an individual may be employed in a position that requires certification after the expiration of the relevant certificate.
- C.** Renewal of certificates requires the completion of continuing education credits after the most recent issuance or renewal of the certificate, except that continuing education credits completed during the valid term of the certificate that expires first meets the requirement of certificates being aligned. Fifteen hours of continuing education credits are required each year of the certificate term to renew a certificate, which may be accumulated in various increments per year prior to renewal. One hour of continuing education credit shall be equivalent to one clock hour of a professional development activity. Continuing education credits must relate to Arizona academic or professional educator standards or apply toward the attainment of an additional Arizona certificate, endorsement, or approved area, and may include training regarding suicide awareness and prevention; child abuse, human trafficking of children and the sexual abuse of children, including warning signs that a child may be a victim of child abuse, human trafficking, or sexual abuses; screening, intervention, accommodation, use of technology and advocacy for students with reading impairments, including dyslexia; or other training programs explicitly permitted or required by state law. Professional development that may be counted toward the required hours of continuing education credit shall consist of any of the following activities:
1. Courses related to education or a subject area taught in Arizona schools, taken from an accredited institution. Each semester hour of courses shall be equivalent to 15 clock hours of professional development. The required documentation shall be an official transcript.
 2. Professional activities such as conferences and workshops related to the profession of teaching or the field of public education. A maximum of 30 clock hours per year may be earned by attendance at professional conferences and workshops. The required documentation shall be a conference agenda and a statement or certificate from the sponsoring organization noting the clock hours earned.
 3. District-sponsored or school-sponsored in-services or activities which are specifically designed for professional development. The required documentation shall be written verification from the sponsoring district or school stating the dates of participation and the number of clock hours earned.
 4. Internships in business settings. The internship shall be based on an agreement between a business and a district or school with the stated objective of aligning teaching curriculum with workplace skills. A maximum of 80 clock hours may be earned through business internships. The required documentation shall be written verification by the sponsoring business and district or school stating the dates of participation and number of clock hours earned.
 5. Educational research. The research shall be sponsored by a research facility or an accredited institution or funded by a grant. The required documentation shall be the published report of the research or verification by the sponsoring agency; and a statement of the dates of participation and the number of clock hours earned.
- 6.** Serving in a leadership role of a professional organization that provides training, activities, or projects related to the profession of teaching or the field of public education. A maximum of 30 clock hours per year may be earned by serving in a leadership role of a professional organization. The required documentation shall be written verification by the governing body of the professional organization of the dates of service and clock hours earned.
- 7.** Serving on a visitation team for a school accreditation agency. A maximum of 60 clock hours per year may be earned by serving on a visitation team. The required documentation shall be written verification from the accreditation agency of the dates of service and clock hours earned.
- D.** An individual holding a Standard teaching certificate, a standard administrative certificate, or other professional certificate may renew the certificate for 12 years upon completion of 15 hours of continuing education credits each year of the certificate term which may be accumulated in various increments per year prior to renewal or with one of the following:
1. A valid professional license as a counselor, social worker, psychologist, or speech pathologist issued by the appropriate state agency in this state or in another state;
 2. A valid certificate issued by the National Board of Professional Teaching Standards;
 3. A valid Certificate of Clinical Competence in Speech-Language Pathology issued by the American Speech-Language Hearing Association; or
 4. A Nationally Certified School Psychologist credential issued by the National Association of School Psychologists.
- E.** An individual who is employed by a school or school district at the time of renewal shall submit the required documentation of professional development to the district superintendent, director of personnel, or other designated administrator for verification. A certified individual who is not employed by a school or school district at the time of renewal shall submit the required documentation of professional development to a county school superintendent, the dean of a college of education, or the Department for verification. The school or district official, county school superintendent, or the dean of a college of education shall verify on forms provided by the Department the number of hours of professional development completed by the individual during the valid period of the certificate being renewed.
- F.** The Department shall issue a Standard teaching certificate of the same type.
- G.** Notwithstanding any other provision in this Section, an individual with a valid fingerprint clearance card who has had a certificate or certificates expire for at least two years but not more than 10 years may renew the expired certificate or certificates and any endorsements or approved areas if the individual is in good standing. Individuals who apply for renewal under this provision are exempt from the continuing education requirements described in subsections (C) and (D). Standard certificates issued to that individual pursuant to this subsection shall be identical to the expired certificate or certificates.

R7-2-620. Certification Time-frames

- A.** For certification by the State Board of Education (Board), Certification Division (Division), the time-frames required by A.R.S. § 41-1072 et seq are:
 1. Overall time-frame: 165 days.
 2. Administrative review time-frame: 45 days.
 3. Substantive review time-frame: 120 days.
- B.** Administrative completeness review time-frame. The Division shall issue a written notice of administrative completeness or deficiency to an applicant for certification within 45 days of receipt of the application.
 1. If the Division determines that an application for certification is not administratively complete, the Division shall include a comprehensive list of the specific deficiencies in the written notice.
 2. If the Division issues a written notice of deficiency, the administrative completeness review time-frame and the overall time-frame are suspended from the date the notice is issued until the date that the Division receives the missing information from the applicant.
 3. If the Division does not issue a notice of administrative completeness or deficiency within 45 days of receipt of the application, the application is deemed administratively complete.
- C.** Substantive review time-frame. Within 120 days after the administrative completeness review time-frame is complete, the Division shall determine whether an applicant for certification meets all substantive criteria required by statute or rule.
 1. During the substantive review time-frame, the Division may make one comprehensive written request for additional information. If the Division issues a comprehensive written request for additional information, the substantive review time-frame and the overall time-frame are suspended from the date the request is issued until the date that the Division receives the additional information from the applicant.
 2. The Division and the applicant may mutually agree in writing to allow the Division to submit supplemental requests for additional information. If the Division issues a supplemental request by mutual written agreement for additional information, the substantive review time-frame and the overall time-frame are suspended from the date

the request is issued until the date that the Division receives the additional information from the applicant.

- D.** Overall time-frame. The Division shall issue a written notice that the Board has granted or denied a certificate no later than 165 days after receipt of an application for certification, or no later than the time-frame extension allowed under subsection (E).
 1. Written notice denying an applicant certification shall include justification for the denial with references to the statutes or rules on which the denial is based and an explanation of the applicant's right to appeal the denial.
 2. The explanation of an applicant's right to appeal the denial shall include the number of days the applicant has to file an appeal challenging the denial and the name and telephone number of the Executive Director of the Board as the contact person who can answer questions regarding the appeals process.
- E.** By mutual written agreement, the Division and an applicant for certification may extend the substantive review time-frame and the overall time-frame. An extension of the substantive review time-frame and the overall time-frame may not exceed 33 days.
- F.** If the Division does not issue to an applicant written notice granting or denying a certificate within the overall time-frame or any extension mutually agreed upon in writing, the Division shall refund to the applicant all fees charged, excuse payment of any fees that have not yet been paid, and pay all penalties required by A.R.S. § 41-1077.
- G.** The Division shall issue all written notices under this Section to the last known address of the applicant by regular, 1st-class mail. The written notices are deemed "issued" on the postmark date.
- H.** By August 1 of each year, the Division shall report to the Executive Director of the Board the Division's compliance with the overall time-frames for the prior fiscal year. The Division shall include the number of certificates issued or denied within the time-frames specified in this Section and the dollar amount of all fees returned or excused. The Division shall also include the amount of all penalties paid to the state general fund due to the Division's failure to comply with the time-frames.

Historical Note

Former R7-2-620 recodified to R7-2-621; new R7-2-620 recodified from R7-2-619 at 16 A.A.R. 68, effective December 8, 2008 (Supp. 10-1).

R7-2-621. Reciprocity

- A.** The Board shall issue a comparable standard Arizona certificate or endorsement as applicable, if one is established pursuant to this Article, to an applicant who holds a valid certificate or endorsement from another state and is in good standing with that other state. These applicants are exempt from all provisions of the Arizona Teacher proficiency examinations.
- B.** Standard certificates shall be valid for 12 years and are renewable.
- C.** The applicant shall possess a valid fingerprint clearance card issued by the Arizona Department of Public Safety.
- D.** The applicant shall have completed the required class or passed a satisfactory examination on the provisions and principles of the Constitutions of the United States and Arizona.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

E. Notwithstanding any other provision, the deficiencies allowed pursuant to Arizona Revised Statutes in Arizona Constitution and United States Constitution shall be satisfied prior to the issuance of the same type of certificate prescribed in this Article, but are subject to suspension as follows:

1. An applicant's standard Arizona teaching certificate shall be suspended three years from the date of issuance if the applicant has not completed the required class or passed a satisfactory examination on the provisions and principles of the Constitutions of the United States and Arizona.
2. An applicant's standard Arizona teaching certificate shall be suspended one year from the date of issuance if the applicant has not completed the required class or passed a satisfactory examination on the provisions and principles of the Constitutions of the United States and Arizona if the applicant applies for a certificate authorizing the person to teach an academic course that focuses predominantly on history, government, social studies, citizenship, law or civics.
3. The suspension for a deficiency in the Constitutions of the United States and Arizona is not considered a disciplinary action and the applicant shall be allowed to correct that deficiency within the remaining time of the standard certification.

R7-2-622. Qualification Requirements of Professional, Non-Teaching School Personnel**A. Definitions:**

1. "Educational Interpreter." For the purposes of this Section, "educational interpreter" means a person trained to translate in sign language for students identified to require such services through an Individualized Education Program (IEP) or a 504 accommodation plan in order to access academic instruction. This does not in any way restrict the provisions of R7-2-401(B)(14) which defines "interpreter" and provides that each student's IEP team determines the level of interpreter skill necessary for the provision of FAPE, nor does it restrict a school district's ability to develop a job description for someone in a position of "educational interpreter" that requires additional job responsibilities.
2. "Accommodation plan developed to comply with Section 504 of the Rehabilitation Act of 1973, 29 USC 794, et seq. ("504 accommodation plan")." For the purposes of this Section, "504 accommodation plan" means a plan developed for the purpose of specifying accommodations and/or services that will be implemented by classroom

teachers and other school personnel so that students will benefit from their educational program.

B. Educational Interpreters for the Hearing Impaired.

1. Persons employed by or contracting with schools and school districts to provide educational interpreting services for hearing impaired students must meet the following qualifications from and after January 1, 2005:
 - a. Have a high school diploma or GED;
 - b. Hold a valid fingerprint clearance card, and
 - c. Show proficiency in interpreting skills through one of the following:
 - i. A minimum passing score of 3.5 or higher on the Educational Interpreter Performance Assessment (EIPA), or
 - ii. Hold a valid Certificate of Interpretation (CI) and/or Certificate of Transliteration (CT) from the Registry of Interpreters for the Deaf (RID), or
 - iii. Hold a valid certificate from the National Association of the Deaf (NAD) at level 3 or higher.
 2. If a public education agency (PEA) is unable to find an individual meeting the above qualifications, the PEA may hire an individual with lesser qualifications, but the PEA is required to provide a professional development plan for the individual they employ to provide educational interpreting services. This professional development plan must include the following:
 - a. Proof of at least 24 hours of training in interpreting each year that a valid certification is not held or EIPA passing score is not attained, and
 - b. Documentation of a plan for the individual to meet the required qualifications within three years of employment. If the qualifications are not attained within three years, but progress toward attainment is demonstrated, the plan shall be modified to include an intensive program for up to one year to meet the provisions of subsection (B)(1).
 3. An individual employed under the provisions of subsection (B)(2) must also have the following:
 - a. A valid fingerprint clearance card, and
 - b. A high school diploma or GED.
- C. Compliance with these rules will be reviewed at the same time as a PEA is monitored for compliance with the requirements of the Individuals with Disabilities Education Act (IDEA), 20 U.S.C. § 1400, et seq.

Historical Note

New Section recodified from R7-2-621 at 16 A.A.R. 68, effective December 8, 2008 (Supp. 10-1).

R7-2-623. Certification Requirements in a Public Health Emergency

- A. As the result of a public health emergency declared by the governor, the Department may temporarily modify certification requirements established in this Article, subject to review and approval by the Board.
- B. A modification made pursuant to this Section shall:
 1. Not be more restrictive than requirements in effect at the time the public health emergency is declared.
 2. Comply with statutory requirements.
 3. Be limited to requirements that cannot be feasibly completed as the result of the public health emergency.
 4. Be in effect for no more than one year after Board approval.

ARTICLE 7. ADJUDICATIONS**R7-2-701. Definitions**

In this Article, unless the context otherwise specifies:

1. "Board" means the State Board of Education.
2. "Chairman" means the chairperson of the Professional Practices Advisory Committee, established pursuant to R7-2-205.
3. "Contested case" means any proceeding in which the legal rights, duties or privileges of a party are required by law to be determined by the State Board of Education after an opportunity for hearing.
4. "Department" means the Department of Education.
5. "Document" includes papers such as complaints, petitions, motions, responses and notices.
6. "Hearing body" means the Board or the Professional Practices Advisory Committee.
7. "Party" means each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party.
8. "PPAC" means the Professional Practices Advisory Committee, established pursuant to R7-2-205.
9. "Presiding officer" means a hearing officer, with either a minimum of three years of verified experience in the practice of law or a minimum of one year of verified experience in conducting hearings, who shall oversee hearings pursuant to this Article.
10. "Pupil" means any student enrolled in an Arizona public or private school defined in A.R.S. § 15-101. "Pupil" also means any student who was enrolled in an Arizona public or private school at the time of the events which are the subject of a proceeding.
11. "Victim" means any person who has been previously identified pursuant to state law as a victim in a criminal proceeding which is the basis for a contested case.

Historical Note

Adopted effective May 25, 1978 (Supp. 78-3). Former Section R7-2-701 repealed, new Section R7-2-701 adopted effective December 4, 1978 (Supp. 78-6). Amended effective June 27, 1979 (Supp. 79-3). Amended subsection (A) effective October 7, 1980 (Supp. 80-5). Amended by adding subsection (A)(6) effective April 6, 1984 (Supp. 84-2). Amended effective October 19, 1984 (Supp. 84-5). Section R7-2-701 repealed as an emergency, new Section R7-2-701 adopted as an emergency effective January 2, 1985 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 85-1). Emergency expired. Repealed effective December 17, 1987 (Supp. 87-4). New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by final exempt rulemaking at 21 A.A.R. 1775, effective May 20, 2013 (Supp. 15-3). Amended by final exempt rulemaking at 23 A.A.R. 725, effective January 23, 2017 (Supp. 17-1). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-702. Filing; Computation of Time; Extension of Time

- A.** All documents concerning a contested case shall be filed within the time limit, if any, for such filing.

- B.** All documents filed in any contested case shall be typewritten or legibly written on paper 8 1/2 by 11 inches in size, shall contain the name and address of the party or other correspondent, shall be properly captioned and designate the title and case number, shall state the name and address of each party served with a copy and how service was made, and shall be signed by the party or, if represented, by the party's attorney. The signature constitutes a certification that the signer has read the document, has a good faith basis for submission of the document, and that it is not filed for the purpose or delay or harassment.
- C.** In computing any period of time prescribed or allowed by this Article, or any notice or order concerning a contested case, the day of the act, event, or default from which the designated period of time begins to run shall not be included. When the period of time prescribed or allowed is less than 11 days, intermediate Saturdays, Sundays and legal holidays shall not be included in the computation. When that period of time is 11 days or more, intermediate Saturdays, Sundays and legal holidays shall be included in the computation. The last day of the period so computed shall be included, unless it is a Saturday, Sunday or legal holiday, in which event the period runs until the end of the next day which is not a Saturday, Sunday or a legal holiday.
- D.** Whenever a party has the right or is required to do some act within a prescribed period after the service of a notice or other document upon the party by another party, and the notice or other document is served by mail, five days shall be added to the prescribed period.
- E.** For good cause shown, the presiding officer may grant continuances and extensions of time for filing notices or other documents.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-703. Contested Cases; Notice; Hearing Records

- A.** In a contested case, the parties shall be afforded an opportunity for hearing after reasonable notice. The notice shall be given at least 20 days prior to the date set for the hearing.
- B.** The notice shall include:
1. A statement of the time, place and nature of the hearing.
 2. A statement of the legal authority and jurisdiction under which the hearing is to be held.
 3. A reference to the particular sections of the statutes and rules involved.
 4. A short and plain statement of the matters asserted. If a party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter upon application a more definite and detailed statement shall be furnished.
- C.** Opportunity shall be afforded all parties to respond and present evidence and argument on the issues involved.
- D.** The Board may dispose of any contested case by decision or approved stipulation, agreed settlement, consent agreement or by default.
- E.** A hearing before a hearing body in a contested case or any part thereof shall be recorded manually or by a recording device

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

and shall be transcribed on request of any party, unless otherwise provided by law. The cost of such transcript shall be paid by the party making the request, unless otherwise provided by law or unless assessment of the cost is waived by the Board.

- F. The Board or the presiding officer may reschedule the hearing, maintaining due regard for the interests of justice and the orderly and prompt conduct of the proceedings.
- G. The record in a contested case shall include:
 1. All pleadings, motions and interlocutory rulings.
 2. Evidence received or considered, including confidential evidence received in executive session.
 3. A statement of matters officially noticed.
 4. Objections and offers of proof and rulings thereon.
 5. Proposed findings of fact, conclusions of law and recommendations of the hearing body.
 6. All staff memoranda, other than privileged communications, or data submitted to the hearing body in connection with its consideration of the case.
 7. A victim impact statement, if submitted by the victim.
- H. Findings of fact shall be based exclusively on the evidence and on matters officially noticed.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by final exempt rulemaking at 21 A.A.R. 1775, effective May 20, 2013 (Supp. 15-3). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-704. Service; Proof of Service

- A. The Board shall serve notices of hearing, findings of fact, conclusions of law, and recommendations of the hearing body, and decisions and final orders of the Board, either by personal service or by certified mail. All other documents required to be served by the Board may be served by regular or certified mail or may be personally served.
- B. After service of a notice of hearing in a contested case, a copy of every document filed by a party, or individual seeking to intervene, shall be served on all parties to the contested case, or their lawyers if represented, at the same time the document is filed. Filing with the Board and service shall be completed by personal delivery, first-class mail or email.
- C. The following evidences completed service:
 1. If personally served, an affidavit of personal service, sworn to by the individual serving the document and stating the name of the individual upon whom it was served, where service was made, and the date of such service; or
 2. If served by certified mail, proof of delivery; or
 3. If served by email or regular mail, either a statement subscribed on the document filed, or an affidavit indicating the date mailed and listing those to whom it was mailed.
- D. When a party is represented by an attorney, service shall be made on the attorney. If a notice of hearing shows service on the Attorney General, all documents served thereafter shall be served on the Assistant Attorney General named on the notice of hearing or who later appears on behalf of the Attorney General, or if no Assistant Attorney General is named, then on the Attorney General, Education and Health Section, Education Unit.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by

final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-705. Hearings and Evidence

- A. Parties may participate in the hearing in person or through an attorney.
- B. The parties may submit proposed findings of fact and conclusions of law prior to the hearing. The presiding officer or hearing body may require that the parties submit proposed findings of fact and conclusions of law prior to the hearing or at the close of evidence.
- C. A hearing in a contested case shall be conducted in an informal manner and without adherence to the rules of evidence required in judicial proceedings. Irrelevant, immaterial or unduly repetitious evidence shall be excluded. A party to such proceedings may be represented by counsel and shall have the right to submit evidence in open hearing and conduct cross examination. Hearings may be held in any location or manner determined by the Board.
- D. Copies of documentary evidence may be received in the discretion of the presiding officer. Upon request, the parties shall be given an opportunity to compare the copy with the original.
- E. Notice may be taken of judicially cognizable facts. In addition, notice may be taken of generally recognized technical or scientific facts within the specialized knowledge of the hearing body. Parties shall be notified either before or during the hearing or by reference in preliminary reports or otherwise of the material noticed including any staff memoranda or data and they shall be afforded an opportunity to contest the material so noticed. The hearing body's experience, technical competence and specialized knowledge may be utilized in the evaluation of the evidence.
- F. If a party fails to appear at a hearing, the hearing body may proceed with the presentation of the evidence of the appearing party.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by final exempt rulemaking at 23 A.A.R. 725, effective January 23, 2017 (Supp. 17-1). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-706. Request for Hearing

When a request for a hearing is filed with the Board, the request shall be in writing and shall state the specific grounds which are the basis of the hearing request and the statute, rule or other legal basis entitling the person to a hearing.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4).

R7-2-707. Denial of Request for Hearing

If the Board denies the request for a hearing, the denial shall be in writing and shall state the reasons therefor. A denial of a request for hearing is final and not subject to further administrative review.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-2).

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Section repealed by final rulemaking at 11 A.A.R. 696, effective March 29, 2005 (Supp. 05-1).

R7-2-709. Rehearing and Review of Decisions

- A.** After a hearing is held, a party in a contested case who is aggrieved by a decision rendered by the Board may file with the Board, not later than 30 days after such decision has been made, a written motion for rehearing specifying the particular grounds therefor. A response may be filed within 15 days after service of such motion by any other party. The Board may require the filing of written briefs on the issues raised in the motion or response and may provide for oral argument.
- B.** A rehearing of a decision by the Board may be granted for any of the following causes materially affecting the moving party's rights:
 1. Irregularity in the administrative proceedings of the hearing body, or abuse of discretion, whereby the moving party was deprived of a fair hearing.
 2. Misconduct of the hearing body or the prevailing party.
 3. Accident or surprise which could not have been prevented by ordinary prudence.
 4. Newly discovered material evidence which could not with reasonable diligence have been discovered and produced at the hearing.
 5. Excessive or insufficient penalties.
 6. Error in the admission or rejection of evidence or other errors of law occurring at the administrative hearing.
 7. That the decision is not justified by the evidence or is contrary to the law.
- C.** The Board may affirm or modify the decision or grant a rehearing before a hearing body to all or any of the parties, on all or part of the issues, for any of the reasons set forth in subsection (B). An order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted, and the rehearing shall cover only those matters so specified.
- D.** After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing for a reason not stated in the motion. The order granting such a rehearing shall specify the grounds therefor.
- E.** Not later than 20 days after a decision is rendered, the Board may, on its own initiative, order a rehearing of its decision for any reasons for which it might have granted a rehearing on motion of a party. The order granting such a rehearing shall specify the grounds therefor.
- F.** When a motion for rehearing is based upon affidavits they shall be served with the motion. An opposing party may, within ten days after service of such motion, serve opposing affidavits and this period may be extended for an additional period not exceeding 20 days, by the Board for good cause shown or by written stipulation of the parties. Reply affidavits may be permitted.
- G.** After a hearing has been held and a final administrative decision has been entered, a party is not required to file a motion for rehearing or review of the decision in order to exhaust the party's administrative remedies.
- H.** Any party in a contested case who is aggrieved by a decision rendered by the Board may file with the Board, not later than 20 days after such decision has been made, a written request for review of the decision. If a review of the decision is granted, the Board may affirm or modify the previous decision.

R7-2-712. Subpoenas

- A.** The Board may issue subpoenas for the attendance of witnesses and for the production of books, records, documents and other evidence on its own volition or at the request of a party. The subpoena shall be signed by a Board employee designated by the Board.
- B.** A request for a hearing subpoena shall be in writing and served on each party at least seven days prior to the date set for hearing and shall state:
 1. The name of the contested case, the case number, and the time and place where the witness is expected to appear and testify;
 2. The name and address of the witness subpoenaed;
 3. The documents, if any, sought to be provided; and
 4. A brief statement of the relevance of testimony or documents.
- C.** On application of a party or the agency and for use as evidence, the presiding officer may permit a deposition to be taken, in the manner and upon the terms designated by the presiding officer, of a witness who cannot be subpoenaed or is unable to attend the hearing.
- D.** The individual to whom a subpoena is directed shall comply with its provisions unless, prior to the date set for appearance, the presiding officer grants a written request to quash or modify the subpoena. The request shall be submitted to the Board

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

and state the reasons why it should be granted. The presiding officer shall grant or deny such request by order.

- E. The party requesting the subpoena shall prepare it and cause it to be served upon the individual to whom it is directed and on all parties in the same manner as provided for service of subpoenas in civil matters before the superior court. The return of service shall be filed with the Board.
- F. A party, or the person served with a subpoena who objects to the subpoena, or any portion of it, may file an objection with the presiding officer. The objection shall be filed within five days after service of the subpoena, or at the outset of the hearing, if the subpoena is served fewer than five days before the hearing.
- G. If a subpoena issued for the Board is disobeyed, the Board may petition the superior court to enforce the subpoena pursuant to A.R.S. § 15-203.
- H. If a subpoena issued for a party other than the Board is disobeyed, the party may petition the superior court in the manner provided by law for the enforcement of subpoenas in a civil action.

Historical Note

R7-2-713. Conduct of Hearing

- A. The presiding officer may conduct all or part of the hearing by telephone, or other electronic means, as long as each party has an opportunity to participate in the entire proceeding as it takes place.
- B. Except for those hearings which may involve presentation of evidence protected by A.R.S. § 15-350, or which are otherwise closed pursuant to an express provision of law, all hearings are open to public observation.
- C. Conduct at any hearing that is disruptive or shows contempt for the proceedings shall be grounds for exclusion from further participation or observation.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 2353, (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-714. Testimony of Pupils

- A. All individuals present at a hearing regarding an action against a certificate shall:
 - 1. Keep confidential the name and identifying information of any pupil involved in the hearing, unless disclosure is with the consent of the pupil's parent or guardian or the pupil if the pupil is at least 18 years of age at the time of the hearing, or by order of the superior court. This action does not prevent disclosure of the pupil's name to any party to the hearing.
 - 2. Keep confidential the testimony of any pupil, all of which shall be taken in executive session, except that the Board office shall be furnished a confidential copy of the pupil's testimony as part of the complete transcript of the hearing. The individuals present during the executive session shall be determined by the presiding officer in consultation with the Attorney General's office except that the

respondent and counsel shall always be permitted to be present. The transcripts of testimony taken during executive session shall be maintained by the Board.

- B. The Board of Education or its designee shall:
 - 1. Make available a consent form which requires the signature of the pupil's parent or guardian or the pupil if the pupil is at least 18 years of age at the time of the hearing, prior to disclosure of the pupil's name;
 - 2. Assign a fictitious name to all witnesses identified as pupils on the witness lists provided by the complainant and respondent if not in receipt of written parental or guardian consent for disclosure;
 - 3. Notify hearing participants, prior to and during the hearing, of any fictitious names to be used.
- C. The presiding officer shall instruct all individuals present at the hearing of the confidentiality requirements of A.R.S. § 15-551 and this Section.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). The Section heading has been updated to title case to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-715. Evidence

- A. All witnesses shall testify under oath or affirmation. At the request of a party, or at the discretion of the presiding officer, the presiding officer may exclude witnesses who are not parties from the hearing room so that they cannot hear the testimony of other witnesses.
- B. The presiding officer shall have the power to administer oaths and affirmations.
- C. All parties shall have the right to present such oral or documentary evidence and to conduct such cross-examination as may be required for a full and fair disclosure of the facts.
- D. The presiding officer shall make rulings necessary to prevent argumentative, repetitive, or irrelevant questioning, to exclude evidence the presiding officer determines to be irrelevant, immaterial, or unduly repetitious, and to expedite the examination to the extent consistent with the disclosure of all relevant testimony and information.
- E. Unless otherwise ordered by the hearing body, documentary evidence shall be limited in size when folded to 8 1/2 by 11 inches. The submitting party shall identify documentary exhibits by number or letter and party and furnish a copy of each exhibit to each party present. One additional copy shall be furnished to the hearing body unless the hearing body otherwise directs. When evidence offered by any party appears in a larger work, containing other information, the party shall plainly designate the portion offered. If the evidence offered is so voluminous as would unnecessarily encumber the record, the book, paper, or document shall not be received in evidence but may be marked for identification and, if properly authenticated, the designated portion may be read into or photocopied for the record. All documentary evidence offered shall be subject to appropriate and timely objection.

R7-2-716. Stipulations

Parties to any contested case may stipulate, in writing, agreement upon any matter involved in the proceeding. If approved by the presiding officer, agreement on matters of procedure shall be binding upon the parties to the stipulation. No substantive matter agreed to by the parties shall be binding upon the Board unless incorporated into the decision of the Board.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021) effective September 27, 2021 (Supp. 21-4).

R7-2-717. Recommended Decisions

- A. A recommended decision, findings of fact and conclusions of law shall be prepared for the Board by the PPAC.
- B. A recommended decision, findings of fact and conclusions of law shall be delivered to the Board within 90 days after the close of the hearing or the date ordered for submission of proposed findings or legal memoranda, whichever comes last, unless the Board extends the period for good cause.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by final exempt rulemaking at 27 A.A.R. 2353, (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

R7-2-718. Decisions and Orders

- A. Any final decision or order adverse to a party in a contested case shall be in writing or stated in the record. Any final decision shall include findings of fact and conclusions of law, separately stated. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. Parties shall be notified either personally or by mail to their last known address of any decision or order.
- B. When the Board is the hearing body, the decision shall be rendered within 120 days following the final day of the hearing or the date ordered for submission of proposed findings of fact and conclusions of law or legal memoranda, whichever comes last.
- C. Within 30 days after receipt of any recommended decision from the PPAC, the Board shall render a decision to affirm, reverse, adopt, modify, supplement, amend or reject the findings of fact, conclusions of law and recommendations in whole or in part, may remand the matter to the hearing body with instructions, or may convene itself as the hearing body.
- D. If no request for rehearing or review has been timely filed by a party, a decision in a contested case is effective and final ten days from the date served on that party.

Historical Note

New Section adopted by final rulemaking at 7 A.A.R. 48, effective December 15, 2000 (Supp. 00-4). Amended by final exempt rulemaking at 27 A.A.R. 2353 (October 22, 2021) effective September 27, 2021 (Supp. 21-4).

ARTICLE 8. COMPLIANCE**R7-2-801. Compliance**

- A. Procedures governing noncompliance with laws and rules by school districts.

1. Scope. Except as may be otherwise directed by federal or state statute or by rules adopted by the State Board of Education, this Section shall govern the procedure for determining noncompliance by school districts with laws and rules concerning school districts, the enforcement of which is the statutory responsibility of the State Board of Education or the Department of Education.
2. Preliminary notice of noncompliance and response:
 - a. The Department of Education, upon its own initiative or at the direction of the State Board of Education, shall inform school districts by written notice that the district is in possible noncompliance with laws or rules, the enforcement of which is the statutory responsibility of the Board or the Department.
 - b. A preliminary notice of possible noncompliance shall detail in writing the nature of the possible noncompliance and shall identify:
 - i. The law or rule which the school district may be violating; and
 - ii. The manner in which the school district may be in noncompliance with the identified law or rule.
 - c. A school district may submit a written response to the Department of Education within 20 days of receipt of a preliminary notice of noncompliance.
 - d. Nothing contained in this Section is intended to preclude a reasonable attempt between Department of Education personnel and school district personnel to resolve administratively possible noncompliance prior to sending a written preliminary notice of noncompliance.
3. Scheduling a formal hearing
 - a. Recommendation by the Department of Education
 - i. After giving a school district preliminary notice as provided in this Section, the Department of Education shall submit a written recommendation to the State Board of Education. This recommendation shall be submitted within 10 days after receipt of a written response from the school district or if no response is received within 30 days of the issuance of the preliminary notice. The Department shall recommend one of the following courses of action to be taken by the Board.
 - (1) A formal hearing should be scheduled before noncompliance is probable and achieving voluntary compliance within a reasonable period of time under the circumstances is unlikely; or
 - (2) A formal hearing should not be scheduled at this time because, although noncompliance is probable, achieving voluntary compliance within a reasonable period of time is likely; or
 - (3) A formal hearing should not be scheduled because the school district is in compliance with the law or rule in question.
 - ii. Any written response of the school district to the preliminary notice of noncompliance shall accompany the written recommendation of the Department of Education.
 - b. Within 30 days of receipt of the recommendation of the Department of Education, the State Board of Education shall either:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- i. Schedule formal hearing;
 - ii. Postpone the decision to schedule a hearing for a stated time period not to exceed six months, or
 - iii. Dismiss the matter.
 - c. When the State Board of Education determines that a formal hearing is necessary, it shall be scheduled within 30 days after such determination, unless an extension of time is granted by the Board.
 - d. When a formal hearing is scheduled, the Board or its designee shall give notice of the hearing as provided in A.R.S. § 41-1009(A) and (B).
 - e. When the Board decides to postpone scheduling a formal hearing, the Board shall specify the extent of the postponement and the Department of Education shall report periodically, at least every 30 days, unless otherwise directed, with respect to progress by the school district toward compliance with the law or rule in question. At the end of the postponement period, the Board shall again make a determination whether to schedule a hearing, further postpone the determination, or dismiss the matter.
 - f. The Board may order further investigation by the Department of Education at any time, and admit into evidence any such report at any subsequent formal hearing.
4. Hearings held pursuant to this Section shall be conducted as provided in A.R.S. § 41-1010.
5. The Board's decision
- a. A decision by the State Board of Education shall be determined by a majority of the members of the Board and shall be based upon substantial evidence.
 - b. A decision shall be rendered within 30 days after the hearing.
 - c. Within 30 days after a decision is reached, copies of the written decision shall be delivered to the parties personally or by certified mail.
 - d. The parties shall have the opportunity to provide proposed findings of fact and conclusions of law to the Board no later than five days after the decision of the Board is received.
6. Rehearing procedure
- a. Any party aggrieved by a decision rendered by the Board may file with the Board, not later than 15 days after service of the decision, a written motion for rehearing or review of the decision, specifying the particular grounds therefor.
 - b. A motion to alter or amend a decision or order shall be filed not later than 15 days after service of the decision.
 - c. A motion for rehearing under this Section may be amended at any time before it is ruled upon by the Board.
 - d. A response may be filed within 10 days after service of such motion by any other party or by the Attorney General.
 - e. The Board may require the filing of written memoranda upon the issues raised in the motion and may provide for oral argument.
 - f. The Board may consolidate the hearing to consider the motion for rehearing with the requested rehearing.
 - g. A rehearing or review of the decision may be granted for any of the following causes materially affecting the moving party's rights:
 - i. Irregularity in the administrative proceedings of the agency or its hearing officer or the prevailing party, or any order, or abuse of discretion, whereby the moving party was deprived of a fair hearing;
 - ii. Misconduct of the Board of the prevailing party.
 - iii. Accident or surprise which could not have been prevented by ordinary prudence;
 - iv. Newly discovered material evidence which could not with reasonable diligence have been discovered and produced at the original hearing;
 - v. Excessive or insufficient penalty;
 - vi. Error in the admission or rejection of evidence or other errors of law occurring in the administrative hearing;
 - vii. The decision is not justified by the evidence or is contrary to law.
 - h. The Board may affirm or modify the decision or grant a rehearing to all or any of the parties and on all or part of the issues for any of the reasons set forth in subsection (A)(6). An order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted, and the rehearing shall cover only those matters so specified.
 - i. Not later than 15 days after a decision is rendered, the Board may on its own initiative order a rehearing or a review of its decision for any reason for which it might have granted a rehearing on motion of a party. After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing for a reason not stated in the motion. In either case, the order granting such a rehearing shall specify the grounds on which the order is based.
 - j. When a motion for rehearing is based upon affidavits, they shall be served with the motion. An opposing party may, within 10 days after such service, serve opposing affidavits, which period may be extended for an additional period not exceeding 20 days, by the Board for good cause shown, or by the parties by written stipulation. The Board may permit a reply affidavit by the moving party.
- B.** Waiver from administrative rules. Upon request of a school district acting either on its own behalf or on behalf of a school within the district's jurisdiction, the State Board of Education may grant a waiver exempting such district or school from specific administrative rules.
- 1. Requests
 - a. Requests for exemption from any State Board of Education rule shall include:
 - i. Evidence that the school or school district is currently in compliance with all state laws and State Board of Education rules;
 - ii. A statement identifying goals that will be accomplished and how the waiver will assist in enhancing school improvement;
 - iii. A three-year plan for school improvement;

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- iv. Identification of the specific rules for which the waiver is requested;
- v. Evidence of a public hearing held by the school or school district which provided for parental and public involvement and input into the proposed three-year plan.
- b. Requests for waiver may be granted by the State Board of Education for a period not to exceed three years. The State Board of Education may at any time rescind approved waivers at its discretion.
- c. Requests for waiver may be submitted by a local governing board and shall be made through the State Superintendent of Public Instruction for consideration by the State Board of Education.
- d. Local governing boards shall adopt policies and procedures which will allow their schools to request waivers from the State Board of Education and shall submit those policies and procedures to the Superintendent of Public Instruction prior to October 1, 1993. Those policies shall be consistent with the criteria specified in subsections (B)(1)(a) and (B)(3). Additionally, those policies shall provide that:
 - i. Requests for such waivers by schools be forwarded within 30 days of receipt by the governing board to the Superintendent of Public Instruction. Requests may include additional information as the governing board deems appropriate.
 - ii. Schools not be required to meet criteria other than those specified in subsection (B)(1)(a).
- 2. Reporting
 - a. Schools or school districts with State Board-approved waivers shall document progress obtained as a result of the waiver and report on or before June 30 of each year to the State Superintendent of Public Instruction.
 - b. A school district having a school with an approved waiver may report the effects that such waiver has had on the operation of the school district. Reports shall be submitted on or before June 30 of each year to the State Superintendent of Public Instruction.
 - c. The State Superintendent of Public Instruction shall report to the State Board of Education, on or before September 30 of each year, the status of those schools and school districts with approved waivers and, as a minimum, include the following:
 - i. The status of meeting the goals as stated in the three-year plan;
 - ii. Recommendations regarding approved continuance of the waiver, conditions for continuance of the waiver, revision of the three-year plan or rescission of the waiver.
- 3. Renewal. Upon request from a school district, on behalf of itself or a school within its jurisdiction, waivers may be approved by the State Board of Education for additional three-year periods. Requests shall be made through the State Superintendent of Public Instruction and requests from schools shall be forwarded by the local governing board to the State Superintendent of Public Instruction within 30 days from receipt.

Historical Note

Adopted effective February 27, 1980 (Supp. 80-1).
Amended effective April 9, 1993 (Supp. 93-2). The word

“rule” has been updated to “Section” to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-802. School and School District Compliance with the Uniform System of Financial Records and the Uniform System of Financial Records for Charter Schools

- A. Upon receipt of a report from the Auditor General that a school or school district has failed to comply with the Uniform System of Financial Records (“USFR”) or the Uniform System of Financial Records for Charter Schools (“USFRCS”) within 90 days after having received a notice of noncompliance from the Auditor General, the State Board of Education (“Board”) shall review the Auditor General’s report to determine whether the school or school district is in noncompliance.
- B. When the Board determines that a school or school district is in noncompliance with the USFR or USFRCS, it shall give written notice to the school or district of its determination. The written notice shall advise the school or district of the following:
 - 1. The Superintendent of Public Instruction shall withhold distribution of state funds to the school or district until such time as the Auditor General reports compliance with the USFR or USFRCS unless a hearing is requested by the school or district.
 - 2. The school or district has 10 days from the receipt of the written notice of noncompliance by the Board to submit a written request for a hearing.
 - 3. If the school or district makes a timely request for a hearing, the hearing will be held pursuant to the hearing procedures specified in R7-2-701 et seq.
- C. The Board’s decision
 - 1. The Board shall determine whether the school or school district was in compliance with the USFR or USFRCS within 90 days after having been informed of noncompliance by the Auditor General, and whether the district is in compliance with the USFR or USFRCS at the time of the hearing.
 - 2. A decision by the Board shall be determined by a majority of the members of the Board and shall be based upon substantial evidence.

Historical Note

Adopted effective February 27, 1980 (Supp. 80-1).
Amended subsections (A) and (E)(1) and (5) effective December 17, 1981 (Supp. 81-6). Amended effective December 31, 1998 (Supp. 98-4).

R7-2-803. Implementation of the Uniform System of Financial Records

All school districts shall implement the current version of the Uniform System of Financial Records, as prescribed by the Auditor General, in conjunction with the Department of Education. The Uniform System of Financial Records shall include standards to ensure that enrollment is determined by all school districts on a uniform basis.

Historical Note

Adopted effective November 10, 1980 (Supp. 80-6).
Amended effective February 20, 1997 (Supp. 97-1).

R7-2-804. Compliance with Federal Statutes or Regulations

- A. This Section prescribes procedures to be used in filing and processing written complaints alleging the failure of a public agency or school district to comply with federal statutes or regulations applicable to federal education programs con-

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

ducted and subject to Title 34, Code of Federal Regulations, § 76.780.

- B. The Arizona Department of Education (Department) shall accept and investigate complaints provided that the complaint:
 1. Is written and signed by the complaining party or his or her designated representative;
 2. Sets forth the facts forming the basis of the complaint; the facts set forth in the complaint, if true, could constitute noncompliance by a public agency or school district;
- C. Upon receipt of a complaint setting forth the criteria contained in (B), the Department shall immediately begin an impartial review which may include onsite investigations. If in the course of the review it is determined that the nature of the complaint is not a matter of noncompliance, the complainant will be so informed and advised of appropriate means of resolving the complaint.
- D. A written decision with specific findings shall be issued by the Department within 60 calendar days of receipt of the written complaint. If corrective action is required, such action shall be designated in the decision and shall include the time line for correction and possible consequences for continued noncompliance. A copy of the written decision shall be sent to the complaining party and the agency involved on or before the expiration of the 60-day period. An extension of this timeline will be permitted only if exceptional circumstances exist with respect to a particular complaint.
- E. If there appears to be a failure or refusal to comply with the applicable law or regulations, and if the noncompliance or refusal to comply cannot be corrected or avoided by informal means, compliance shall be effected by the Superintendent and the State Board of Education by any means authorized by law or by rule and regulation. The Superintendent shall retain jurisdiction over the issue of noncompliance with the law or regulations and shall retain jurisdiction over the implementation of any corrective action required. However, nothing herein shall preclude the availability of an informal resolution between the complainant and the agency or school district involved, nor shall this Section preclude the availability of any administrative hearing remedies to resolve such disputes or judicial review of such administrative remedies.
- F. If, pursuant to an investigation by the Department, the Superintendent finds a failure to comply with applicable law or regulations, he or she shall so inform the agency or school district and compliance shall be obtained by informal means whenever possible. If corrective action is required, such action shall be designated in this decision and shall include the time lines for correction and the possible consequences for continued noncompliance.
- G. A summary of each complaint received and investigated by the Department and the decision of the Superintendent shall be submitted annually to the State Board of Education for informational purposes only. Any personally identifiable information shall be deleted from the report to the State Board of Education.
- H. The complainant may request the U.S. Department of Education to review the final decision of the Superintendent. The Department shall inform a complainant of the procedures for requesting a review by the U.S. Department of Education.

Historical Note

Adopted effective February 11, 1983 (Supp. 83-1).
 Amended subsection (B) effective March 13, 1986 (Supp. 86-2). The Section heading has been updated to title case, the word "rule" has been updated to "Section." Both

changes reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-805. Education Division General Administrative Regulations

- A. This Section prescribes procedures to be used for appealing a decision by the Arizona Department of Education (Department) relating to federal programs administered by the Department and subject to the Education Division General Administrative Regulations (EDGAR) Title 34, Code of Federal Regulations § 75 and 76.
- B. A school district or public agency may request a hearing if it alleges that the Department violated a federal statute or regulation by:
 1. Terminating further assistance for an approved project;
 2. Ordering, in accordance with a final state audit resolution determination, the repayment of misspent or misapplied federal funds;
 3. Disapproving or failing to approve the application or project in whole or in part; or
 4. Failing to provide funds in amounts in accordance with the requirements of statutes and regulations.
 5. Not approving the school district or public agency's proposal for funding.
- C. When a school district or public agency requests a hearing, the Superintendent of Public Instruction (Superintendent) shall select a hearings appeals panel from Department staff other than those within the same division as the federal program area under which the appeal rose.
- D. Hearing procedures
 1. An applicant must request a hearing by notifying the Superintendent by certified mail of its decision to appeal a decision as set forth in subsection (B). If the applicant is or represents a school district, authorization to seek a hearing must come from the Governing Board of that school district.
 2. The request for hearing must set forth the nature of the complaint and the facts on which the complaint is based.
 3. The applicant shall request a hearing within 30 days of the date notice of the Department action was sent. For purposes of this Section, the date of notice by the Department is the date of sending notice of the Department action.
 4. A hearing shall be scheduled before the appeal panel within 30 days from the receipt of the request.
 5. The appeals panel chairperson shall give at least 10 days' notice of the hearing date to the complainant.
 6. The parties may submit written materials no later than five days prior to the hearing, such materials to consist of six copies.
 7. At the hearing the parties may present evidence in writing and through witnesses and may be represented by counsel.
 8. The length and order of the presentation may be determined by the appeals panel chairperson.
 9. If the complainant or authorized representative fails to appear at the designated time, place and date of the hearing, the appeal shall be considered closed and the process terminated.
- E. Decision. No later than five days after the hearing, the appeals panel shall forward to the Superintendent its recommendation relating to the school district or agency's request for review. Within 10 days after the hearing, the Superintendent shall issue his or her written ruling, including findings of fact and reasons for the ruling. If the Superintendent determines that

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

the Department's action was contrary to the statutes and regulations that govern the applicable program, the Superintendent shall rescind the action.

- F. Appeal. If the Superintendent does not rescind the Department action, the applicant may appeal to the U.S. Department of Education. The applicant shall file a notice of appeal with the U.S. Department of Education within 20 days after the applicant has been notified by the Superintendent of his or her decision by certified mail.
- G. State Board of Education submission. The Superintendent shall annually submit to the State Board of Education as an informational item summaries of all decisions including the findings of fact of hearing procedures conducted pursuant to this Section for State Board of Education review.

Historical Note

Adopted effective June 24, 1983 (Supp. 83-3). The Section heading has been updated to title case, the word "rule" has been updated to "Section," the phrase, "of this rule" has been removed to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-806. Repealed**Historical Note**

Adopted effective February 6, 1984 (Supp. 84-1). Section repealed by final rulemaking at 7 A.A.R. 182, effective December 15, 2000 (Supp. 00-4).

R7-2-807. Repealed**Historical Note**

Adopted as an emergency effective August 2, 1984 pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 84-4). Emergency expired. Permanent rule adopted effective November 27, 1984 (Supp. 84-6). Amended effective May 3, 1993 (Supp. 93-2). Repealed effective February 20, 1997 (Supp. 97-1).

R7-2-808. Pupil Participation in Extracurricular Activities

The following standards are effective for students in grade six, if part of a middle school, and grades seven through 12.

1. Definition. Extracurricular activities are:
 - a. All interscholastic activities which are of a competitive nature and involve more than one school where a championship, winner, or rating is determined; and all those endeavors of a continuous and ongoing nature for which no credit is earned in meeting graduation or promotional requirements and are organized, planned, and sponsored by the district consistent with district policy.
 - b. Activities which are an integral part of a credit class shall be excepted from the rule.
2. Eligibility requirements and ineligibility.
 - a. Eligibility. To be eligible to participate in extracurricular activities, a student shall be required to:
 - i. Earn a passing grade in each course in which the student is enrolled; and
 - ii. Maintain satisfactory progress toward promotion or graduation.
 - b. Ineligibility. When it is determined that a student has failed to meet the requirements specified for eligibility, the student shall be declared ineligible to participate in extracurricular activities and shall remain ineligible until the requirements of eligibility are met.

- i. The governing board shall establish the criteria for a passing grade and satisfactory progress toward promotion or graduation, taking into account the needs of children placed in special education programs pursuant to R7-2-401 et seq. Passing grades shall be determined on a cumulative basis, from the beginning of instruction to the recording of a final grade for the course.
- ii. Every nine weeks or less, as determined by the governing board, district personnel shall review the progress of students to determine their eligibility status. If a student is declared ineligible, the student shall remain ineligible until a subsequent check is performed and it is determined that the student meets the eligibility requirements specified in subsection (2)(a).

3. Each governing board shall adopt a policy and implement a program pursuant to that policy to provide:
 - a. Oral or written preliminary notice to all district students and their parents or guardian of pending ineligibility;
 - b. Written notice to students and their parents or guardians when ineligibility has been determined;
 - c. Educational support services to students declared ineligible because of this Section, as well as those notified of pending ineligibility.

Historical Note

Adopted effective December 31, 1986 (Supp. 86-6). Amended subsection (B) and added a new subsection (D) effective February 17, 1988 (Supp. 88-1). Amended subsection (A) effective August 15, 1988 (Supp. 88-3). Amended effective April 28, 1989 (Supp. 89-2). Amended effective December 20, 1991 (Supp. 91-4). Section R7-2-808 repealed, new Section adopted effective July 10, 1992 (Supp. 92-3). Amended effective September 20, 1996 (Supp. 96-3). Amended effective December 22, 1997 (Supp. 97-4). Numerals were corrected and the word "rule" was replaced with "Section" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-809. Emergency Administration of Auto-Injectable Epinephrine

- A. Applicability. This Section applies to:
1. Any school district or charter school that voluntarily chooses to stock auto-injectable epinephrine pursuant to A.R.S. § 15-157.
 2. All school districts and charter schools when required to stock auto-injectable epinephrine pursuant to A.R.S. § 15-157.
- B. Definitions. The following definitions are applicable to this Section:
1. "Anaphylactic shock" is a severe systemic allergic reaction, resulting from exposure to an allergen, which may result in death.
 2. "Auto-injectable epinephrine" means a disposable drug delivery device that is easily transportable and contains a premeasured single dose of epinephrine used to treat anaphylactic shock.
 3. "Standing order" means a prescription protocol or instructions issued by the chief medical officer of the department of health services, the chief medical officer of a county health department, a doctor of medicine licensed

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

pursuant to A.R.S. Title 32, Chapter 13, a doctor of naturopathic medicine licensed pursuant to A.R.S. Title 32, Chapter 14, a doctor of osteopathic medicine licensed pursuant to A.R.S. Title 32, Chapter 17, a nurse practitioner licensed pursuant to A.R.S. Title 32, Chapter 15 or a physician assistant licensed pursuant to A.R.S. Title 32, Chapter 25 for non-individual specific epinephrine.

- C. Annual training in the administration of auto-injectable epinephrine.
1. Each school district and charter school shall designate at least two school personnel for each school site who shall be required to receive annual training in the proper administration of auto-injectable epinephrine in cases of anaphylactic shock pursuant to standing order. One or more of the trained personnel may be a school nurse or athletic trainer if they are employed by the school.
 2. Training in the administration of auto-injectable epinephrine shall be conducted in accordance with minimum standards and curriculum developed by the Arizona Department of Health Services in consultation with the Arizona Department of Education.
 3. At a minimum, training shall include procedures to follow when responding to anaphylactic shock, including direction regarding summoning appropriate emergency care, and documenting, tracking and reporting of the event.
 4. Training shall also include standards and procedures for acquiring a supply of at least two juvenile doses and two adult doses of auto-injectable epinephrine, restocking auto-injectable epinephrine upon use or expiration, and storing all auto-injectable epinephrine at room temperature and in secure, easily accessible locations on school sites.
 5. Training shall be conducted via courses provided in collaboration with a public health organization or by a regulated health care professional, whose competencies include the administration of auto-injectable epinephrine, including but not limited to a licensed school nurse, certified emergency medical technician or licensed athletic trainer.
- D. Annual training on the recognition of anaphylactic shock symptoms and procedures to follow when anaphylactic shock occurs.
1. Each school district and charter school shall require all school site personnel to receive an annual training on the recognition of anaphylactic shock symptoms and procedures to follow when anaphylactic shock occurs.
 2. Training shall be conducted in accordance with minimum training standards developed by the Arizona Department of Health Services in consultation with the Arizona Department of Education and shall follow the most current guidelines issued by the American Academy of Pediatrics.
 3. Training shall be conducted in collaboration with a public health organization by a regulated health care professional whose competencies include the recognition of anaphylactic shock symptoms and procedures to follow when anaphylactic shock occurs, including but not limited to a licensed school nurse, certified emergency medical technician or licensed athletic trainer.
- E. Procedures for annually requesting a standing order for auto-injectable epinephrine.
1. Each school district or charter school shall obtain a standing order from its designated district or charter school physician licensed pursuant to A.R.S. Title 32, Chapter 13, 14, 17, 15, or 25 and if no such physician is available to provide a standing order, from the chief medical officer of the Department of Health Services or the chief medical officer of a county health department.
 2. Standing orders shall be renewed annually and upon the change of any designated school district or charter school physician.
 3. Standing orders shall identify the appropriate dosage of auto-injectable epinephrine to administer based upon weight and the frequency at which auto-injectable epinephrine may be administered if symptoms persist or return.
- F. Procedures for the administration of auto-injectable epinephrine in emergency situations.
1. All school districts and charters schools shall adopt procedures for the emergency administration of auto-injectable epinephrine by designated trained personnel.
 2. Procedures shall address, at a minimum, the following requirements:
 - a. Determining if symptoms indicate possible anaphylactic shock.
 - b. Selecting the appropriate dosage of auto-injectable epinephrine to administer pursuant to a standing order.
 - c. Injecting epinephrine via auto-injector pursuant to a standing order, noting the time and dose given.
 - d. Calling 911 to advise that anaphylactic shock is suspected and epinephrine was administered.
 - e. Keeping the person stable until emergency responders arrive.
 - f. Advising school medical personnel and administration of the incident.
 - g. Repeating dose pursuant to a standing order when symptoms persist and emergency responders have not arrived.
 - h. Providing emergency responders with used epinephrine auto-injector labeled with name, date and time administered.
 - i. Assuring that parents/guardians have been notified and advised to promptly alert student's primary care physician of the incident.
 - j. Completing written documentation of the incident, detailing who administered the injection, the rationale for administering the injection, the approximate time of the injection or injections, and notifications made to school administration, emergency responders, the student's parents or guardians, and the doctor or chief medical officer who issued the standing order.
 - k. Ordering replacement dose or doses of auto-injectable epinephrine.
 1. Reviewing any incident involving emergency administration of epinephrine to determine the adequacy of response.
- G. All school districts and charter schools shall report to the Arizona Department of Health Services all incidents of use of auto-injectable epinephrine pursuant to this Section in the format prescribed by the Arizona Department of Health Services.

Adopted effective July 30, 1992 (Supp. 92-3). Amended effective April 9, 1993 (Supp. 93-2). Repealed effective February 20, 1997 (Supp. 97-1). Amended by final exempt rulemaking at 21 A.A.R. 1784, effective February 24, 2014 (Supp. 15-3). Amended by final exempt rulemaking at 24 A.A.R. 3279, effective October 22, 2018 (Supp. 18-4). The word “rule” has been updated to “Section” to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 1531, effective August 27, 2021 (Supp. 21-3).

R7-2-810. Emergency Administration of Inhalers**A. Applicability.** This Section applies to:

1. Any school district or charter school that voluntarily chooses to stock inhalers pursuant to A.R.S. § 15-158.
2. All school districts when required to stock inhalers pursuant to A.R.S. § 15-158.

B. Definitions. The following definitions are applicable to this Section:

1. “Authorized Entity” refers to any school district or charter school.
2. “Bronchodilator” means Albuterol or another short-acting bronchodilator that is approved by the United States Food and Drug Administration for the treatment of respiratory distress.
3. “Inhaler” means a device that delivers a bronchodilator to alleviate symptoms of respiratory distress that is manufactured in the form of a metered-dose inhaler or dry-powder inhaler that includes a spacer or holding chamber that attaches to the inhaler to improve the delivery of the bronchodilator.
4. “Personnel” means employees at a school district or charter school or nurses who are under contract with the school district or charter school.
5. “Respiratory distress” includes the perceived or actual presence of coughing, wheezing or shortness of breath.
6. “Standing order” means a prescription protocol or instructions issued by the chief medical officer of a county health department, physicians licensed pursuant to A.R.S. Title 32, Chapter 13, 14, or 17, or nurse practitioners licensed pursuant to A.R.S. Title 32, Chapter 15.

C. Annual training on recognition of symptoms of respiratory distress and administration of inhalers:

1. Each school district and charter school that elects to administer inhalers shall designate at least two personnel at each school site who shall be required to be trained in the recognition of respiratory distress symptoms, the procedures to follow when respiratory distress occurs, and the administration of inhalers, as directed on the prescription protocol. While each school is required to have two trained personnel in order to implement the stock inhaler policies, schools may train as many personnel as they feel necessary.
2. Training in the administration of inhalers shall be conducted by a nationally recognized organization or professionally certified medical professionals that are experienced in training laypersons in emergency health treatment.
3. Training may be conducted online or in person and at a minimum shall include:
 - a. How to recognize signs and symptoms of respiratory distress in accordance with good clinical practice.
 - b. Standards and procedures for the storage of inhalers.
 - c. Standards and procedures for the administration of an inhaler, as directed on the prescription protocol.
 - d. If necessary, emergency follow-up procedures after the administration of an inhaler.

- c. Standards and procedures for the administration of an inhaler, as directed on the prescription protocol.
 - d. If necessary, emergency follow-up procedures after the administration of an inhaler.
4. The organization that conducts the training shall issue a certificate to each person who successfully completes the training. The personnel shall submit this certificate to the school.
 5. Annual training is required for all designated personnel of the school.
 6. School districts and charter schools shall maintain and make available on request a list of school personnel who are authorized to administer inhalers pursuant to a standing order.

D. Procedures for annually requesting a standing order and the prescription for the inhaler and holding chamber

1. Each participating school district or charter school shall obtain a standing order and prescription for inhalers and spacers or holding chambers pursuant to A.R.S. § 15-158 from the chief medical officer of a county health department, a physician licensed pursuant to A.R.S. Title 32, Chapter 13, 14, or 17, or a nurse practitioner pursuant to A.R.S. Title 32, Chapter 15.
2. Standing orders and prescriptions shall be requested and renewed annually.

E. Procedures for the administration of inhalers in emergency situations:

1. School districts and charter schools that elect to administer inhalers shall:
 - a. Prescribe and enforce policies and procedures for the emergency administration of inhalers by designated and trained medical and non-medical personnel.
 - b. Designate at least two personnel at each school to be trained to recognize respiratory distress and administer inhalers.
 - c. Require designated personnel to participate in annual training and provide a certificate of successful completion to the school.
 - d. Designate personnel who have completed the required training to be responsible for the storage, maintenance, control and general oversight of the inhalers and spacers or holding chambers acquired by the school.
 - e. Acquire and stock a supply of inhalers and spacers or holding chambers pursuant to a standing order prescription.
 - f. Store medication in a secure, temperature appropriate location, unlocked and readily accessible to designated personnel.
2. Pursuant to a standing order, school district or charter school personnel who are trained in the administration of inhalers may administer or assist in the administration of an inhaler to a pupil or adult whom the personnel believes in good faith to be exhibiting symptoms of respiratory distress while at school or a school-sponsored activity.
3. Procedures adopted by school districts and charter schools shall address at a minimum, the following requirements:
 - a. Determine if symptoms indicate possible respiratory distress or emergency and determine if the use of an inhaler will properly address the respiratory distress or emergency.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- b. Administer the correct dose of inhaler medication, as directed by the prescription protocol, regardless of whether the individual who is believed to be experiencing respiratory distress has a prescription for an inhaler and spacer or holding chamber or has been previously diagnosed with a condition requiring an inhaler.
 - c. Restrict physical activity, encourage slow breaths and allow the individual to rest.
 - d. Assure that trained personnel stay with the subject who has been administered inhaler medication until it is determined whether the medication alleviates symptoms.
 - e. If applicable, instruct office staff to notify the school nurse if the inhaler is administered by a trained but non-licensed person.
 - f. Instruct school staff to notify the parent or guardian.
 - g. Call 911 if severe respiratory distress continues. Advise that inhaler medication was administered and stay with the person until emergency medical responders arrive.
 - h. If the individual shows improvement, keep the individual under supervision until breathing returns to normal, with no more chest tightness or shortness of breath, and the individual can walk and talk easily.
 - i. Allow a student to return to class if breathing has returned to normal and all symptoms have resolved.
 - j. Notify a parent or guardian once the inhaler has been administered and the student has returned to class.
 - k. Document the incident detailing who administered the inhaler, the approximate time of the incident, notifications made to the school administration, emergency responders, and parents/guardians.
 - l. Retain the incident data on file at the school pursuant to the general records retention schedule regarding health records for school districts and charter schools established by the Arizona State Library, Archives and Public Records.
 - m. Order replacement inhalers, spacers and holding chambers as needed.
4. A school district or charter school may accept monetary donations for or apply for grants for the purchase of inhalers and spacers or holding chamber or may accept donations of inhalers and spacers or holding chambers directly from the product manufacturers.
- F. Immunity from civil liability is prescribed in A.R.S. § 15-158.**
- Historical Note**
- New Section made by final exempt rulemaking at 24 A.A.R. 146, effective August 9, 2018; filed in the Office on January 2, 2018 (Supp. 18-1). Amended by final exempt rulemaking at 24 A.A.R. 3279, effective October 22, 2018 (Supp. 18-4). The word “rule” has been updated to “Section” to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 27 A.A.R. 1531, effective August 27, 2021 (Supp. 21-3).
- R7-2-811. Emergency Administration of Seizure Management Plans and Medication**
- A. Applicability.** This Section applies to:
- 1. Any school district or charter school that has received a seizure management plan from a parent pursuant to A.R.S. § 15-160.02.
 - 2. All school districts and charter schools when required to stock seizure rescue medication or a medication prescribed to treat seizure disorder pursuant to A.R.S. § 15160.02.
 - 3. The State Board of Education shall adopt rules as necessary to administer this Section pursuant to A.R.S. § 15-160.02.
- B. Definitions.** The following definitions are applicable to this Section:
- 1. “Parent” is the guardian responsible for the student in question.
 - 2. “Seizure Management and Treatment Plan”, also known as a seizure action plan, outlines procedures recommended by the student’s parent and the student’s physician or registered nurse practitioner as defined in A.R.S. § 32-1601 and is signed by the student’s parent and the student’s physician or registered nurse practitioner.
 - 3. “Seizure rescue medication” is a medication prescribed by the student’s physician or registered nurse practitioner and is approved as an acute treatment, given at the time of the seizure to abort an ongoing or excessive number of seizures on an as need basis.
 - 4. “School Nurse” is a Registered Nurse (RN) or a Licensed Practical Nurse (LPN) employed by, or under contract with, a school district or charter school whose duties at the school include regular contact with students who have submitted a seizure management and treatment plan.
 - 5. “School Personnel” includes the school principal, guidance counselor, teacher, bus driver, or classroom aide whose duties at the school include regular contact with students who have submitted a seizure management and treatment plan.
- C. Quinquennial training in the administration of seizure management and treatment plans, stocking of seizure rescue medication, or stocking of a medication prescribed to treat seizure disorder.**
- 1. A school nurse who is employed or under contract with a school district or charter school that has received a seizure management and treatment plan shall complete an online course of instruction for school nurses regarding managing students with seizure disorders. This training must be approved by the State Board of Education. The minimum requirements of this training are defined pursuant to A.R.S. § 15-160.02. Information regarding training that has been approved by the State Board of Education shall be posted on the Board’s website.
 - a. Information regarding training that has been approved by the State Board of Education shall be posted on the Board’s website.
 - b. The training shall be initially completed within 30 days of receipt of the first seizure management and treatment plan.
 - c. A new hire who will have regular contact with a student who has previously submitted a seizure management and treatment plan shall be required to complete the training during the school’s new hire orientation unless the new hire can submit proof of successful completion within the last five years.
 - d. The training must be completed at least once in a five-year period.
 - 2. A school principal, guidance counselor, teacher, bus driver or classroom aide whose duties at the school include regular contact with students who have submitted a seizure management and treatment plan shall complete

an online course of instruction for school personnel regarding awareness of students with seizure disorders. This training must be completed at least once in a five-year period and be approved by the State Board of Education. The minimum requirements of this training are defined pursuant to A.R.S. § 15-160.02. Information regarding training that has been approved by the State Board of Education shall be posted on the Board's website.

- a. Information regarding training that has been approved by the State Board of Education shall be posted on the Board's website.
 - b. The training shall be initially completed within 30 days of receipt of the first seizure management and treatment plan.
 - c. A new hire who will have regular contact with a student who has previously submitted a seizure management and treatment plan shall be required to complete the training during the school's new hire orientation unless the new hire can submit proof of successful completion within the last five years.
 - d. The training must be completed at least once in a five-year period.
3. Each school district and charter school shall have at least one school employee at the school, other than the school nurse, who has met the training requirements necessary to administer or assist with the self-administration of both of the following:
 - a. A seizure rescue medication or a medication prescribed to treat seizure disorder symptoms as approved by the United States Food and Drug Administration, or its successor agency.
 - b. A manual dose of prescribed electrical stimulation using a vagus nerve stimulator magnet as approved by the United States Food and Drug Administration, or its successor agency.
 4. The State Board of Education shall approve the school district or charter school course of instruction per the minimum training requirements pursuant to A.R.S. § 15-160.02.
 - a. All unapproved courses of instruction must be submitted to the State Board of Education for approval.
 - b. All courses of instruction shall issue a certificate to each person who successfully completes the training and the date of completion. The school personnel shall submit this certificate to the school.
 - c. Any approved courses of instruction that are altered must seek pre-approval from the State Board of Education. Approval from the State Board of Education must be gained prior to launching the updated course of instruction.
 5. School districts and charter schools shall maintain and make available on request:
 - a. List of school personnel who are authorized to administer seizure medication pursuant to the seizure management and treatment plan, the date the training was successfully completed, and the certificate signifying successful completion.
 - b. The school's course of instruction that is not consistent with (C)(1)(a) and (C)(2)(a) of this Section.
- D.** Procedures for the administration of seizure rescue medication, a medication prescribed to treat seizure disorder symptoms, or manual dose of prescribed electrical stimulation using a vagus nerve stimulator magnet.

1. All school districts and charter schools shall adopt procedures for the emergency administration of seizure rescue medication or medication prescribed to treat seizure disorder symptoms.
 2. All school districts and charter schools shall adopt procedures for the manual dose of prescribed electrical stimulation using a vagus nerve stimulator magnet.
 3. Procedures shall address, at minimum, the following requirements:
 - a. Basic seizure first aid steps with steps to keep the student safe and from injury during a seizure, guidelines for activating 911/the Emergency Medical System (EMS) and notifying the student's parent.
 - b. Steps to obtain a seizure management and treatment plan also known as a seizure action plan for students with a seizure disorder.
 - c. Designate personnel who have completed the required training to be responsible for the storage, maintenance, control, and general oversight of the items for students with seizures including a seizure action plan and medication.
 - d. Store the medication in a secure, temperature-appropriate location and readily accessible to designated personnel.
 - e. Store the vagus nerve stimulator magnet in a secure location, where it is readily accessible to designated personnel.
 - f. Documenting the incident detailing the seizure, location where the seizure began, actions taken as defined by the seizure action plan on file for the student, who administered the medication or vagus nerve stimulator magnet, the approximate time of the incident, student response to the medication or vagus nerve stimulator magnet, notifications made to the school administration, emergency responders, and parent, disposition per the seizure action plan, and any other pertinent details of the incident.
 - g. Steps to obtain an updated seizure action plan from the parent post-incident if found to be necessary.
 - h. Steps to obtain replacement medication for the student, if needed, in alignment with the student's seizure action plan.
- E.** Immunity from civil liability is prescribed in A.R.S. § 15-160.02.

Historical Note

New Section made by final exempt rulemaking at 30 A.A.R. 2547 (August 9, 2024), effective July 24, 2024 (Supp. 24-3).

ARTICLE 9. SCHOOL DISTRICT BUDGET AND ACCOUNTING**R7-2-901. Teacher Experience Index Provisions**

- A.** General purpose. These guidelines are provided for local governing boards to assist in development of policies identifying activities which contribute to the instructional programs at the local school level. The policies will define what constitutes a full-time vs. a part-time teacher position for the purpose of developing a school district's Teacher Experience Index.
- B.** Local governing boards may include the following activities in their policies as those which contribute toward an instructional program. This listing is not intended to be exclusive, and districts may utilize additional activities:
1. Classroom related:
 - a. Classroom instruction,

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- b. Preparation time,
 - c. Supervision,
 - d. Evaluation,
 - e. Curriculum development,
 - f. Housekeeping chores, i.e., daily reports, blackboard preparation, etc.
2. School related:
- a. Teacher conferences,
 - b. Parent conferences,
 - c. Professional association activities,
 - d. Professional days,
 - e. District directed reports,
 - f. Participation in activities related to education scheduled by county, state, or federal agencies.

Professional association activities must be, in the opinion of the local governing board, for a public purpose and must not be for the sole benefit of the professional association.

3. Other district related:
- a. Special assignments,
 - b. School board approved leave,
 - c. Home visitation,
 - d. Home instruction,
 - e. Off-site instruction,
 - f. Research,
 - g. In-service training.

In-service training activities are those approved by the local governing board and intended to promote the educational advancement of the youth of the district. These activities may be conducted either during the regular school day or at other times.

- C. A local governing board may exercise its option to contract with certified personnel on a less than full-time basis in order to meet local district needs.
- D. In those instances where a district may contract with certified personnel, and the responsibilities specified within the contract include activities not related to instruction, then the district must define in terms of "full-time equivalencies" that portion which is instruction-related.

Historical Note

Adopted as an emergency effective May 21, 1980, pursuant to A.R.S. § 41-1003, valid for only 90 days (Supp. 80-3). Former emergency adoption now adopted without change effective October 7, 1980 (Supp. 80-5).

R7-2-902. Independent Accounting Responsibility

- A. The governing board of a school district applying to operate with full independence from the county school superintendent as provided in A.R.S. § 15-914.01, shall apply to the State Board of Education and submit a plan for accounting responsibility to the county school superintendent of the county in which the school district is located and the Department of Education before January 1, which documents the following:
 1. Administrative and internal accounting controls designed to achieve compliance with the Uniform System of Financial Records and the following objectives:
 - a. Procedures for approving, preparing and signing vouchers and warrants;
 - b. Procedures to ensure verification of administrators' and teachers' certification records with the Department of Education for all classroom and administrative personnel required to hold a certificate by the State Board pursuant to A.R.S. § 15-203, before issuing warrants for their services;

- c. Procedures to account for all revenues, including allocation of certain revenues to funds as provided in the revenues section of the Uniform Accounting Manual for Arizona County School Superintendents;
- d. Procedures for reconciling the accounting records monthly to the county treasurer as provided in the reconciliations section of the Uniform Accounting Manual for Arizona County School Superintendents.

2. A compilation of resources required to implement accounting responsibility, including personnel, training and equipment, and a comprehensive analysis of the budgetary implications of accounting responsibility for the school district and the county treasurer.

- B. Before January 1 of the fiscal year preceding the fiscal year of implementation and before submitting an application to assume accounting responsibility, a school district shall apply for evaluation by the Auditor General. After completing the evaluation, the Auditor General may recommend approval or denial of accounting responsibility to the State Board of Education. The evaluation by the Auditor General shall be performed contingent on staff availability and may be billed to the school district at cost. Evaluation at a minimum shall include the following:

1. The most recent financial statements audited by an independent certified public accountant.
2. The most recent reports on internal control, compliance and uniform system of financial records compliance questionnaire prepared by an independent certified public accountant or procedural review completed by the Auditor General.
3. The working papers of the independent certified public accountant responsible for auditing the school district, if deemed appropriate by the Auditor General.
4. A procedural review if deemed appropriate by the Auditor General.

- C. Before January 1 of the fiscal year preceding the fiscal year of implementation and before submitting an application to assume accounting responsibility, a school district shall apply for evaluation by the county treasurer of the county in which the school district is located. After completing the evaluation, the county treasurer may recommend approval or denial of accounting responsibility to the State Board of Education. The evaluation by the county treasurer shall be performed contingent on staff availability and may be billed to the school district at cost. Evaluation by the county treasurer at a minimum shall include an analysis of the computer programming required for the county to manage the school districts funds.

- D. School districts that are approved by the State Board of Education to assume accounting responsibility shall contract with an independent certified public accountant for an annual financial and compliance audit. The Auditor General may reevaluate the school district annually based on the audit to determine compliance with the uniform system of financial records. If permitted by federal law, a school district may convert to a biennial audit schedule if the previous annual audit conducted pursuant to this subsection did not contain any significant negative findings. If a biennial audit of a school district conducted pursuant to this subsection contains any significant negative findings, the school district shall convert back to an annual audit schedule. If a school district is required to convert back to an annual audit schedule pursuant to this subsection because of significant negative findings, the school district may subsequently convert to a biennial audit schedule if the previous two annual audits did not contain any significant negative findings.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

For the purposes of this subsection, “significant negative finding” means a finding that results in the issuance of a letter of noncompliance from the Auditor General.

- E. Upon receipt of an accounting responsibility plan as prescribed in subsection (A), the county treasurer shall establish acceptable standards for interface by school districts with the county treasurer, including specifications for computer hardware and software compatibility and procedures to ensure the capacity of each school district to reconcile accounts with those of the county treasurer.
- F. Any school district that fails to maintain accounting standards as provided by the uniform system of financial records and that is found to be in noncompliance with the uniform system of financial records by the State Board of Education as provided in A.R.S. § 15-272 is not eligible to participate in the program provided by this Section.

Historical Note

Adopted effective February 4, 1988 (Supp. 88-1). The word “rule” has been updated to “Section” to reflect current standards in Chapter style and format (Supp. 21-2). Amended by final exempt rulemaking at 29 A.A.R. 1402 (June 23, 2023), with an effective date of May 22, 2023 (Supp. 23-2).

ARTICLE 10. SCHOOL DISTRICT PROCUREMENT**PART I. IN GENERAL****R7-2-1001. Definitions**

In Articles 10 and 11, unless the context otherwise requires:

1. “Acceptance period” means the period of time specified in the solicitation that a bid or proposal is irrevocable, except as specified in R7-2-1030.
2. “Actual energy production” means the actual amount of energy that flows from the energy production measure on an annual basis as measured by a meter in kilowatt hours alternating current.
3. “Advantageous to the school district” means in the best interest of the school district, but does not necessarily mean lowest bid/cost.
4. “Affiliate” means any person whose governing instruments require it to be bound by the decision of another person or whose governing board includes enough voting representatives of the other person to cause or prevent action, whether or not the power is exercised. It also may include persons doing business under a variety of names, or where there is a parent-subsidiary relationship between persons.
5. “Alternative project delivery methods for construction” means construction-manager-at-risk, design-build, and job-order-contracting construction services.
6. “Architect services,” “engineer services,” “land surveying services,” “geologist services” and “landscape architect services” mean those professional services within the scope of the practice of those services as provided in A.R.S. Title 32, Chapter 1, Article 1.

- tions of construction-manager-at-risk, design-build or job-order-contracting in this Section.
19. "Contract" means all types of agreements, including purchase orders, regardless of what they may be called, for the procurement of materials, services, construction or construction services, or the disposal of materials.
 20. "Contract modification" means any written alteration in the terms and conditions of any contract accomplished by mutual action of the parties to the contract.
 21. "Contractor" means any person who has a contract with a school district.
 22. "Cooperative purchasing" means procurement conducted by, or on behalf of, more than one public procurement unit.
 23. "Cost" means the aggregate cost of all materials and services, including labor performed by school district employees.
 24. "Cost data" means information concerning the actual or estimated cost of labor, material, overhead and other cost elements that have been actually incurred or that are expected to be incurred by the offeror or contractor in performing the contract.
 25. "Cost-plus-a-percentage-of-cost contract" means a contract that, prior to completion of the work, the parties agree that the fee will be a predetermined percentage of the cost of the work.
 26. "Data" means documented information, regardless of form or characteristic.
 27. "Days" means calendar days and shall be computed pursuant to A.R.S. § 1-243.
 28. "Defective data" means data that is inaccurate, incomplete or outdated.
 29. "Dentist" means a person licensed pursuant to A.R.S. Title 32, Chapter 11.
 30. "Descriptive literature" means information available in the ordinary course of business that shows the characteristics, construction or operation of an item offered in a bid or proposal.
 31. "Design-bid-build" means a project delivery method in which:
 - a. There is a sequential award of two separate contracts.
 - b. The first contract is for design services.
 - c. The second contract is for construction.
 - d. Design and construction of the project are in sequential phases.
 - e. Finance services, maintenance services and operations services are not included.
 32. "Design-build" means a project delivery method in which:
 - a. There is a single contract for design services and construction services, except that instead of a single contract for design services and construction services, the school district may elect separate contracts for preconstruction services and design services during the design phase, for construction and design services during the construction phase and for any other construction services.
 - b. Design and construction of the project may be either:
 - i. Sequential with the entire design complete before construction commences.
 - ii. Concurrent with the design produced in two or more phases and construction of some phases commencing before the entire design is complete.
 - c. Finance services, maintenance services, operations services, preconstruction services and other related services may be included.
 33. "Design professional" means an individual or firm that is registered by the state board of technical registration pursuant to A.R.S. Title 32, Chapter 1 to practice architecture, engineering, geology, landscape architecture or land surveying or any combination of those professions and any person employed by the registered individual or firm.
 34. "Design professional service contract" means a written agreement relating to the planning, design, construction administration, study, evaluation, consulting, inspection, surveying, mapping, material sampling, testing or other professional, scientific or technical services furnished in connection with any actual or proposed study, planning, survey, environmental remediation, construction, improvement, alteration, repair, maintenance, relocation, moving, demolition or excavation of a structure, street or roadway, appurtenance, facility or development or other improvement to land.
 35. "Design professional services" means architect services, engineer services, land surveying services, geologist services or landscape architect services or any combination of those services performed by or under the supervision of a design professional or an employee or subconsultant of the design professional.
 36. "Design requirements" means at a minimum:
 - a. The school district's written description of the project or service to be procured, including:
 - i. The required features, functions, characteristics, qualities and properties.
 - ii. The anticipated schedule, including start, duration and completion.
 - iii. The estimated budgets applicable to the specific procurement for design and construction and, if applicable, for operation and maintenance.
 - b. May include:
 - i. Drawings and other documents illustrating the scale and relationship of the features, functions and characteristics of the project, which shall all be prepared by a design professional who is registered pursuant to A.R.S. § 32-121.
 - ii. Additional design information or documents that the school district elects to include.
 37. "Design services" means architect services, engineer services or landscape architect services.
 38. "Designee" means the governing board member or school district employee who has been delegated procurement authority by the governing board as specified by board action.
 39. "Detailed record" means minutes, that shall include the date, time, place, persons in attendance and a summary of what was said by whom and the decisions made. The minutes may be made either in writing or by a recording.
 40. "Discussions" means an exchange or series of exchanges between the school district and a person who has submitted an unpriced technical offer or a proposal, resulting in an opportunity for the person to revise the unpriced technical offer or proposal prior to final evaluation by the school district.

Amended effective October 22, 1992 (Supp. 92-4).

Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1). Amended by final exempt rulemaking at 27 A.A.R. 2342, (October 22, 2021) effective September 27, 2021 (Supp. 21-4).

R7-2-1002. Applicability

- A. Articles 10 and 11 apply to every expenditure of public monies, including federal assistance monies and grants, by a school district as specified in A.R.S. § 15-213(A) for the procurement of all construction, materials and services when the total procurement cost exceeds the aggregate dollar amount specified in A.R.S. § 41-2535(A). If procurement involves the expenditure of federal assistance or contract monies, the school district shall comply with federal law and authorized regulations which are mandatorily applicable and which are not presently reflected in Articles 10 and 11.
- B. Articles 10 and 11 apply to the disposal of school district materials regardless of value.
- C. Articles 10 and 11 do not apply to:

1. Agreements for providing career and technological education and vocational education pursuant to A.R.S. § 15-789;
2. Contracts between a school district and other governments, including intergovernmental agreements and contracts pursuant to A.R.S. § 11-952, except as provided by R7-2-1191 through R7-2-1196. This exemption also includes the purchase of a fee or license from a local, state or federal public entity required by law to collect said fees;
3. Purchases for amounts not exceeding the aggregate dollar amount specified in A.R.S. § 41-2535(A). Such procurements shall comply with the guidelines prescribed by the Auditor General in the Uniform System of Financial Records pursuant to A.R.S. § 15-271;
4. Contracts for professional witnesses if the purpose of such contracts is to provide for professional services or testimony relating to an existing or probable judicial or administrative proceeding in which the school district is or may become a party;
5. Agreements negotiated by legal counsel representing the school district in settlement of litigation or threatened litigation;
6. Expenditures from student activity monies as defined in A.R.S. § 15-1121, if no district funds are involved;
7. Expenditures for governing board adopted textbooks as defined in A.R.S. § 15-721 and A.R.S. § 15-722, if purchased from the publisher;
8. The placement of a pupil in a private school that provides special education services if such placement is prescribed in the pupil's individualized education program and the private school has been approved by the Department of Education Division of Special Education pursuant to A.R.S. § 15-765;
9. Purchases of any products, materials and services directly from certified nonprofit agencies that serve individuals with disabilities as defined in A.R.S. § 41-2636, and Arizona Correctional Industries if the delivery and quality of the products, materials or services meet the school district's reasonable requirements;
10. The decision to participate in programs pursuant to A.R.S. § 15-382. A program authorized by A.R.S. § 15-382 is not required to engage in competitive bidding for the services necessary to administer the program or for the purchase of insurance or reinsurance;
11. The purchase of water, gas or electric utilities from a public service corporation. This exemption expressly does not apply to guaranteed energy cost savings contracts and guaranteed energy production contracts subject to A.R.S. § 15-213.01 and A.R.S. § 15-213.03;
12. Purchases of professional certifications, professional memberships, conference registrations, conference hotels and airfare that meets Arizona Department of Administration General Travel Principles and Policies;
13. Purchases, sales or leases of real estate. This exemption expressly does not apply to the services of a real estate broker as defined in A.R.S. § 32-2101;
14. Purchases of surplus property from the state or United States Federal Government in accordance with R7-2-1132;
15. Purchases in compliance with the terms and conditions of any grant, gift, bequest or cooperative agreement; and
16. The cost of special elections, including the preparation of ballots in accordance with A.R.S. § 15-406.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- D. Unless displaced by the particular provisions of Articles 10 and 11, the principles of law and equity, including the Uniform Commercial Code of this state, the common law of contracts as applied in this state and law relative to agency, fraud, misrepresentation, duress, coercion, and mistake supplement the provisions of Articles 10 and 11.

Historical Note

 Amended effective March 21, 1991 (Supp. 91-1).
 Amended effective March 6, 1997 (Supp. 97-1).
 Amended effective December 4, 1998 (Supp. 98-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1491, effective October 28, 2013 (Supp. 15-3). Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1003. General Provisions

- A. The school district shall not award a contract or incur an obligation on behalf of the school district unless it is reasonable to believe sufficient funds will be available for the procurement. If sufficient funds are not available when a solicitation is issued, the solicitation shall include a statement that funds are not currently available and that any contract awarded will be conditioned upon the availability of funds.
- B. Projects and purchases shall not be divided or sequenced into separate projects or purchases in order to avoid the limits prescribed in Articles 10 and 11.
- C. Any bid or proposal that is conditioned upon award to the bidder or offeror of both the particular contract being solicited and another school district contract shall be deemed nonresponsive or unacceptable.
- D. Except by mutual consent of the parties to the contract, rules in Articles 10 and 11 shall not change any commitment, right or obligation of a school district or of a contractor under a contract in existence on the effective date of the Section.
- E. If a contractor requests to change the name in which it holds a school district contract, the school district may, upon receipt of a document indicating the name change, enter into a contract modification with the contractor to effect the name change. The contract modification shall provide that no other terms and conditions of the contract are changed.
- F. The school district may allow electronic media transactions, including an electronic record or electronic signature, if consistent with state law and advantageous to the school district.
- G. Rights and duties arising from a school district contract may only be transferred, waived or assigned upon the express written consent of both parties.
- H. School district employees and public officers shall not purchase construction, materials or services for their own personal or business use from contracts entered into by the school district.
- I. A person who supervises or participates in contracts, purchases, payments, claims or other financial transactions, or who supervises or participates in the planning, recommending, selecting or contracting for materials, services, goods, construction, or construction services of a school district or school purchasing cooperative is subject to the penalties prescribed in A.R.S. § 15-213(N) if the person solicits, accepts or agrees to accept any personal gift or benefit from a person or vendor that has secured or has taken steps to secure a contract, purchase, payment, claim or financial transaction with a school district or school purchasing cooperative.

- J. Any person or vendor that has secured or has taken steps to secure a contract, purchase, payment, claim or financial transaction with a school district or school purchasing cooperative that offers, confers or agrees to confer any personal gift or benefit on a person who supervises or participates in contracts, purchases, payments, claims or other financial transactions, or on a person who supervises or participates in planning, recommending, selecting or contracting for materials, services, goods, construction or construction services of a school district or school purchasing cooperative is subject to the penalties prescribed in A.R.S. § 15-213(O).
- K. A person who serves on an evaluation committee for a procurement is subject to A.R.S. § 41-2616(C).
- L. A person who contracts for or purchases materials, services, goods, construction or construction services shall be subject to the penalties prescribed in A.R.S. § 15-213 and A.R.S. § 41-2616 for violations of and attempts to avoid Articles 10 and 11.
- M. Pursuant to A.R.S. § 15-213 and A.R.S. Title 41, Chapter 23, the Attorney General shall enforce the provisions of Articles 10 and 11 and may take action prescribed therein.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended effective March 21, 1991 (Supp. 91-1).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 24 A.A.R. 3283, effective October 22, 2018 (Supp. 18-4). Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1). The word "rule" has been changed to "Section" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-1004. Written Determinations

- A. Written determinations required by Articles 10 and 11, including for any specified professional services, construction, construction services or materials to an entity selected from a qualified select bidders list or through a school purchasing cooperative, shall specify the reasons for the determination, including how the determination was made.
- B. The school district is authorized to prescribe methods and operational procedures to be used in preparing written determinations.
- C. The school district shall place the written determination into the school district's procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 24 A.A.R. 3283, effective October 22, 2018 (Supp. 18-4).

R7-2-1005. Change orders and contract modifications

Any change order or contract modification that exceeds \$100,000 or five percent, whichever is greater, may be executed only if the governing board determines in writing that the change order or contract modification is advantageous to the school district and the price is determined to be fair and reasonable.

Historical Note

rulemaking at 21 A.A.R. 1525, effective July 1, 2014
(Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1006. Confidential Information

- A. If a person believes that a bid, proposal, response to a request for information, technical offer, statement of qualifications, specification, or protest contains confidential trade secrets or other proprietary data not to be disclosed as otherwise required by A.R.S. § 39-121, a statement advising the school district of this fact shall accompany the submission and the information shall be so identified wherever it appears. Contract terms and conditions, pricing, and information generally available to the public are not considered confidential information under this Section.
- B. Until a determination is made under subsection (C), the school district shall not disclose information designated as confidential under subsection (A) except to school district personnel having a legitimate interest in, or persons assisting the school district in evaluation of, the bid, proposal, response to a request for information, technical offer, statement of qualifications, specification, or protest.
- C. Upon receipt of a submission designating information as confidential, the school district shall make one of the following written determinations:
 - 1. The designated information is confidential and the school district shall not disclose the information except to school district personnel having a legitimate interest in, or persons assisting the school district in evaluation of, the bid, proposal, response to a request for information, technical offer, statement of qualifications, specification, or protest.
 - 2. The designated information is not confidential.
- D. The school district may request additional information, if necessary to make the determination required by subsection (C).
- E. If the school district determines that information submitted is not confidential, the person who made the submission shall be notified in writing. The notice shall specify that a request for review of the district representative's determination may be filed within 10 days of the date of the district representative's determination.
- F. A request for review of the district representative's determination shall be filed in writing with the district representative. The request for review shall state the precise legal or factual errors in the district representative's decision. If a request for review is received:
 - 1. The district representative shall consider the alleged legal or factual errors in the request for review of the district representative's determination and issue a final written determination to the person filing the request.
 - 2. Until the final determination is made under subsection (C)(2), the school district shall not disclose information designated as confidential under subsection (A) except to school district personnel having a legitimate interest in, or persons assisting the school district in evaluation of, the bid, proposal, response to a request for information, technical offer, statement of qualifications, specification, or protest.
- G. The school district may release information determined to not be confidential under subsection (C)(2) if:
 - 1. A request for review is not received by the district representative within the time period specified in the notice; or
 - 2. The district representative issues a final written determination under subsection (F)(1) that the designated information is not confidential.

R7-2-1007. Delegation of Procurement Authority

- A. The governing board may, in a public meeting held in conformity with A.R.S. Title 38, Chapter 3, Article 3.1, delegate procurement authority to a designee. Any delegation shall be accomplished by adopting a governing board policy for this purpose.
 - 1. Delegated procurement authority may include, but is not limited to the following:
 - a. Authority to make determinations required by Articles 10 and 11;
 - b. Authority to award contracts;
 - c. Authority to make sole source and emergency procurements; and
 - d. Authority to approve change orders and contract modifications.
 - 2. Delegated activities and functions shall be adequately separated among individuals so that one individual does not have complete authority over an entire procurement.
- B. Any delegation shall specify:
 - 1. The title of the school district employee or employees to whom authority is delegated;
 - 2. The activity or function authorized;
 - 3. Any limits or restrictions on the exercise of the delegated authority, including the maximum cost of any procurement;
 - 4. Whether the authority may be further delegated;
 - 5. The duration of the delegation; and
 - 6. The conditions and procedures for revocation and modification of the delegation.
- C. No person delegated such authority may participate in any aspect of a specific procurement if the person would receive any benefit directly or indirectly from a contract for such procurement. Violation of this prohibition may result in termination or other disciplinary action.
- D. Delegation of procurement authority does not abrogate the responsibility of the governing board to ensure compliance with Articles 10 and 11 notwithstanding the fact that school district personnel were authorized to make procurement decisions.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1008. Procurement Consultants and Procurement Advisory Groups

- A. The school district may contract with a procurement consultant to assist in drafting specifications, in the development of solicitations, or in the management of the procurement process. A procurement consultant may provide guidance or advice to a procurement evaluation committee, but shall not serve as a voting member of such committee. For the purposes of this Section, a school district employee or a contracted business manager or purchasing director for the school district is not a procurement consultant.
- B. The school district may appoint procurement advisory groups or evaluation committees to assist with respect to specifica-

tions, solicitation evaluations or procurement in specific areas. Members of such procurement advisory groups or evaluation committees are not procurement consultants as set forth in this Section. Non-school district employees serving on such procurement advisory groups or evaluation committees are not eligible to receive compensation but are eligible for reimbursement of expenses consistent with the school district's travel policy adopted pursuant to A.R.S. § 15-342(5).

- C. A procurement consultant, a member of a procurement advisory group, or a member of an evaluation committee who participates in any aspect of a specific procurement shall be prohibited from receiving any benefit directly or indirectly from a contract for such procurement, and shall sign a procurement disclosure statement that the person has no interest in the procurement other than that of a disclosed remote interest, as defined in A.R.S. § 38-502, will have no contact with any representative of a competing vendor related to the particular procurement except those contacts specifically authorized by these rules, and has not accepted any personal gift or benefit from a person or vendor that has secured or has taken steps to secure a contract, purchase, payment, claim or financial transaction with the school district or school purchasing cooperative. The procurement disclosure statements shall be retained in the procurement file.
- D. Specifications prepared by a procurement consultant or a procurement advisory group shall comply with R7-2-1010 through R7-2-1016.
- E. The school district shall not delegate to a procurement consultant, a procurement advisory group, or an evaluation committee the authority for the award or administration of any particular contract, or over any dispute, claim or litigation pertaining thereto, and a procurement consultant or a procurement advisory group shall not be authorized to obligate the school district in any manner.

R7-2-1009. Repealed**Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

PART II. SPECIFICATIONS**R7-2-1010. Preparation of Specifications**

- A. Specifications shall be prepared only by the school district or by contract pursuant to R7-2-1014 and R7-2-1015. Regardless of who prepares the specifications, the governing board retains the authority to disapprove all specifications.
- B. In an emergency under R7-2-1055, any necessary specifications may be utilized by the person designated in R7-2-1055 (C) without regard to the provisions of this Section.
- C. Content of specifications.
 - 1. A specification may provide alternate descriptions of materials, services, or construction items where two or more design, functional, or performance criteria will satisfactorily meet the school district's requirements.
- 2. To the extent practicable, a specification shall not include any solicitation term or condition or any contract term or condition.
- 3. If a specification for a common or general use item has been developed in accordance with R7-2-1011(A) or a qualified products list has been developed in accordance with R7-2-1011(D) for a particular material, service, or construction item, it shall be used unless the school district makes a written determination that its use is not advantageous to the school district and that another specification shall be used.
- 4. To the extent practicable, specifications shall emphasize functional or performance criteria. To facilitate the use of such criteria, the school district shall use reasonable efforts to include the principle functional or performance requirements as a part of their purchase requisitions.
- 5. All procurement solicitations for volatile organic compound containing commodities shall include a request for substitute commodities with lower or no volatile organic content. Substitute products shall not have increased toxicity compared to the original commodity.

Historical Note

Adopted effective October 22, 1992 (Supp. 92-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1011. Types of Specifications

- A. Specification for common or general use items. To the extent practicable, a specification for common or general use item shall be prepared and utilized when:
 - 1. A material, service or construction item is used repeatedly by the school district, and the characteristics of the material, service, or construction item, as commercially produced or provided, remain relatively stable while the frequency or volume of procurements is significant;
 - 2. The school district's recurring needs require uniquely designed or specially produced items; or
 - 3. The school district finds it to be advantageous to the school district.
- B. Brand name or equal specification. A brand name or equal specification may be used when the school district determines that use of a brand name or equal specification is advantageous to the school district.
- C. Brand name specification. A brand name specification may be prepared and utilized only if the school district makes a determination that only the identified brand name item will satisfy the school district's needs. If only one source can supply the requirement, the procurement shall be made pursuant to R7-2-1053.
- D. Qualified products list. A qualified products list may be prepared and utilized when:
 - 1. The school district determines that testing or examination of the materials or construction items prior to issuance of the solicitation is desirable or necessary in order to best satisfy the school district's requirements.
 - 2. The school district shall solicit as many potential suppliers as practicable to submit products for testing and examination to determine acceptability for inclusion on a qualified products list. Any potential supplier, even though not solicited, may offer its products for consideration in accordance with the schedule or procedure established for this purpose. The qualified products list shall not be modified after the solicitation is issued.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

3. Inclusion on a qualified products list shall be based on results of tests or examinations conducted in accordance with requirements established by the school district.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1012. Proprietary Specifications

The school district shall not use specifications in any way proprietary to one supplier unless the specification includes a statement of the reasons why no other specification is practicable, a description of the essential characteristics of the specified product and a statement specifically permitting an acceptable alternative product to be supplied.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1013. Recycled Products Use

- A. If the price of a recycled paper product that conforms to specifications is within five percent of a low bid product that is not recycled and the recycled product bidder is otherwise the lowest responsible and responsive bidder, the award shall be made to the bidder offering the recycled product. The governing board may adopt rules requiring a five percent preference for other products made from recycled materials.
- B. Specifications shall emphasize functional or performance criteria which, to the extent practicable, do not discriminate against the use of recycled materials.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1014. Maximum Practicable Competition

- A. Procurement of any materials, services, goods, construction or construction services pursuant to Article 10 or Article 11, shall seek to achieve maximum practicable competition.
- B. All specifications, including those prepared by architects, engineers, consultants and others for public contracts, shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the school district's needs and shall not be unduly restrictive.
- C. Unless otherwise permitted by R7-2-1010 through R7-2-1016, all specifications shall describe the school district's requirements in a manner that does not unreasonably exclude a material, service, or construction item. Proprietary specifications shall be used only as provided in R7-2-1012.
- D. To the extent practicable, the school district shall use accepted commercial specifications and shall procure standard commercial materials.
- E. Contracts for the preparation of specifications by persons other than the school district shall require the specification writer to adhere to R7-2-1010 through R7-2-1016.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 24 A.A.R. 3283, effective October 22, 2018 (Supp. 18-4).

R7-2-1015. Conflict of Interest

- A. No person preparing specifications pursuant to R7-2-1014 shall receive any direct or indirect benefit from the utilization of such specifications.
- B. The governing board may contract for the preparation of specifications with persons, including, but not limited to, consultants, architects, engineers, designers, and other draftsmen of specifications.
- C. If a person prepares a specification pursuant to subsection (B) of this Section, such person shall comply with the requirements of R7-2-1010 through R7-2-1016.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1016. Confidentiality

- A. Specifications and any written determination or other document generated or used in the development of a specification shall be available for public inspection pursuant to A.R.S. § 39-121, except to the extent that the withholding of such information is permitted or required by law.
- B. If the supplier believes that the specifications contain confidential trade secrets, test data, or similar information, a statement advising the school district of this fact shall accompany the specification in accordance with R7-2-1006.
- C. Qualified products lists test results shall be made available in a manner to protect the identity of the supplier.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1017. Reserved**PART III. REVERSE AUCTIONS****R7-2-1018. Reverse Auctions**

- A. Using reverse auctions
 1. If a governing board determines in writing that use of reverse auctions is more advantageous to the school district than other procurement methods prescribed by Articles 10 and 11, the school district may use reverse auctions for the purchase of materials.
 2. The written determination shall include, but is not limited to the following information:
 - a. An estimate of the number of prospective bidders;
 - b. An explanation of how reverse auctions will foster competition;
 - c. An explanation of why reverse auctions is more advantageous to the school district than other prescribed procurement methods; and
 - d. The scope and estimated total dollar value of the proposed procurement.
- B. Reverse auction procedures
 1. The school district shall develop and implement procedures prior to conducting procurement via reverse auctions. The procedures shall include:
 - a. The method or methods to ensure the integrity and security of the reverse auctions;
 - b. The method or methods for registering bidders for reverse auctions;
 - c. The method or methods for notifying vendors of reverse auction opportunities;
 - d. The method or methods for receiving reverse auction bids; and

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- e. The school district official or officials authorized to conduct reverse auctions.
- 2. School districts may require bidders to register before the date and time for opening the reverse auction for submission of bids and, as part of that registration, require bidders to agree to any terms, conditions or other requirements of the invitation for bids.
- 3. Notice of a reverse auction shall be issued at least 14 days before the date and time for opening the reverse auction for submission of bids, unless a shorter time is determined necessary by the school district. If a shorter time is necessary, the school district shall document the specific reasons in the procurement file. The reverse auction notice shall include:
 - a. The school district's requirements for registering prior to the opening date and time, if any;
 - b. The designated site on the Internet for bidder registration and bid submission;
 - c. A link to the designated site on the Internet;
 - d. The scheduled date and time for opening the reverse auction for bid submission; and
 - e. The scheduled date and time for closing the reverse auction for bid submission.
- 4. The school district shall issue the notice of reverse auction as follows:
 - a. Mail or otherwise furnish the notice of reverse auctions to all prospective bidders registered with the school district for the specific material being solicited.
 - b. Notice of reverse auction shall be given by the school district pursuant to R7-2-1022.
 - c. In addition to the notice provided in subsections (B)(4)(a) and (b), the school district may give such additional notice as the school district deems appropriate, including posting on a designated site on the Internet.
- 5. The school district shall prepare an invitation for bids that includes:
 - a. Notice that all information submitted by bidders will be made available for public inspection following the award of the contract, except for bid prices which will be made available to other bidders and the public when submitted by the bidder;
 - b. Information for submitting bids, including:
 - i. The date and time for opening the reverse auction for bid submission;
 - ii. The date and time for closing the reverse auction for bid submission;
 - iii. The provisions for extending the period for bid submission, if any;
 - iv. Instructions for submitting bids and other required information, including the designated site on the Internet for submitting bids;
 - v. Notice that bids shall be accepted electronically at the time and in the manner designated in the invitation for bids;
 - vi. Notice that bidders' prices shall be disclosed electronically to other bidders and the public on a real time basis;
 - vii. Notice that bidders may submit multiple prices and may reduce their bid prices until the reverse auction bidding is closed;
 - viii. Notice that the lowest price offered shall become the official bid price;
 - ix. Notice that the bidder is required to certify that submission of the bid did not involve collusion or other anticompetitive practices;
 - x. Notice that the bidder is required to declare whether the bidder has been debarred, suspended, or otherwise lawfully prohibited from participating in any public procurement activity, including, but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body;
 - c. The purchase description, specifications, delivery or performance schedule, and inspection and acceptance requirements, as applicable. If a brand name or equal specification is used, instructions that use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics needed to meet the school district's requirements and is not intended to limit or restrict competition. The invitation for bids shall state that products substantially equivalent to the brands designated qualify for consideration;
 - d. The factors to be used in bid evaluations, including criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery and suitability for a particular purpose. Only objectively measurable evaluation criteria shall be included in the invitation for bids. Examples of such criteria include, but are not limited to, transportation cost, energy cost, ownership cost and other identifiable costs. Evaluation factors need not be precise predictors, but to the extent possible the evaluation factors shall be reasonable estimates based upon information the school district has available concerning future use.
 - e. The contract terms and conditions, including:
 - i. Warranty and bonding or other security requirements, as applicable;
 - ii. The length of the contract and whether the contract will include an option for extension; and
 - iii. Any other contract terms and conditions;
 - f. The name of the district representative or district representatives;
 - g. The manner by which the bidder is required to acknowledge amendments;
 - h. The minimum required information in the bid;
 - i. The specific requirements for designating trade secrets and other proprietary data as confidential;
 - j. Any specific responsibility criteria;
 - k. A statement specifying where documents incorporated by reference may be obtained;
 - l. A statement that the school district may cancel the solicitation or reject a bid in whole or in part if deemed advantageous to the school district;
 - m. The date, time and location of bid opening;
 - n. A description of all information that will be recorded and available for public inspection at bid opening; and
 - o. Procurement of earth-moving, material-handling, road maintenance and construction equipment shall include as price evaluation criteria the total life cycle cost including residual value of the earth-moving, material-handling, road maintenance and construction equipment and, to the extent practicable, outright purchase.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

6. Amendments to invitations for bids shall be made in accordance with R7-2-1026.
- C. The school district shall accept reverse auction bids as follows:
 1. At the date and time for opening the reverse auction for bid submission, the school district shall begin accepting on-line bids and shall continue accepting bids until the reverse auction is officially closed.
 2. Bids shall be accepted electronically in the manner designated in the invitation for bids.
 3. All reverse auction on-line bids shall be posted electronically and updated on a real-time basis. Bidders' prices shall be disclosed to other bidders and the public.
 4. The identity of competing bidders shall not be disclosed until the reverse auction bidding is closed.
 5. Bidders shall have the opportunity to submit multiple prices and to reduce their bid prices.
 6. The lowest price offered shall become the official bid price.
- D. Bids made through a reverse auction are considered to be opened when a computer generated record of the information contained in all bids that were received by the designated site on the Internet not later than the scheduled or final closing date and time are reviewed publicly by the school district in the presence of one or more witnesses at the time and place designated in the invitation for bids. Bid opening shall not be later than 24 hours after the scheduled or final closing date and time.
- E. The contract shall be awarded to the lowest responsible and responsive bidder whose bid conforms in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.
- F. The school district shall not modify evaluation criteria after the closing date and time.
- G. In the event that multiple bidders submit identical prices for the same materials, bids will be considered in the order received with the first being considered to be the lowest bid.
- H. If only one bid is received in response to an invitation for bids, the school district shall proceed according to R7-2-1032.
- I. The date and time for closing a reverse auction for bid submission may be fixed or remain open depending on the materials being bid.
- J. After the reverse auction bidding has closed, a bidder may withdraw a bid or correct a mistake in accordance with R7-2-1030. Withdrawal of bids shall also be permitted as provided in R7-2-1028.
- K. The school district shall notify all bidders of an award.
- L. A copy of the invitation for bids shall be made available for public inspection at the school district office.
- M. A record of the bid prices received and the name of each bidder shall be open to public inspection following bid opening.
- N. A record of the reverse auction shall be maintained by the school district that will include all prices offered by all bidders. This record will become part of the procurement file.
- O. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all bids, available for public inspection.
 1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be

placed in the procurement file for the purpose of public inspection.

2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

R7-2-1019. Reserved**R7-2-1020. Reserved****PART IV. COMPETITIVE SEALED BIDDING****R7-2-1021. Method of Source Selection**

- A. Unless otherwise authorized by law, all school district contracts shall be awarded by competitive sealed bidding as provided in R7-2-1021 through R7-2-1032, except as provided in R7-2-1018, R7-2-1033 through R7-2-1068, R7-2-1100 through R7-2-1123, and R7-2-1196.
- B. A school district may conduct competitive sealed bidding electronically, provided that the electronic competitive sealed bidding process complies with the requirements of R7-2-1021 through R7-2-1032. A determination that conducting competitive sealed bidding electronically is advantageous to the school district shall be in writing and retained in the procurement file.
- C. When using electronic competitive sealed bidding, the school district shall determine whether electronic submission of bids is required or optional and state the electronic submission requirements in the public notice and the invitation for bids.

R7-2-1022. Notice of Competitive Sealed Bidding

- A. Adequate public notice of the invitation for bids shall be given as provided in R7-2-1024. Notice also may be given as provided in subsection (B). In the event there are four or fewer prospective bidders on the bidders list, then notice also shall be given as provided in subsection (B). If the invitation for bids is for the procurement of services other than those described in R7-2-1061 through R7-2-1068 and R7-2-1100 through R7-2-1123, notice also shall be given as provided in subsection (B).
- B. If required by subsection A, the notice shall include publication in the official newspaper of the county, within which the school district is located, as prescribed in A.R.S. § 11-255. The publication, shall occur in a reasonable time before bid opening, which shall not be less than 14 days before bid opening. The time of publication may be altered if deemed necessary pursuant to R7-2-1024(A).
- C. In addition to the notice provided in subsections (A) and (B), the school district may give such additional notice as the school district deems appropriate, including posting on a designated site on the Internet.

R7-2-1023. Prospective Bidders Lists

- A. The school district shall compile and maintain a prospective bidders list. Inclusion of the name of a person shall not indicate whether the person is responsible concerning a particular procurement or otherwise capable of successfully performing a school district contract.
- B. Persons desiring to be included on the prospective bidders list shall notify the school district. Upon notification, the school district shall mail or otherwise provide the person with the school district procedures for inclusion on the bidders list. Within 30 days after receiving the required information, the school district shall add the person to the prospective bidders list unless the school district makes a determination that inclusion is not advantageous to the school district.
- C. Persons who fail to respond to invitations for bids for two consecutive procurements of similar items may be removed from the applicable bidders list after notifying the person in writing. This notice shall not be required if the two invitations for bids which were not responded to both contained the notice that bidders' names may be removed from the bidders list if they fail to respond to invitations for bids for two consecutive procurements of similar items. Persons may be reinstated upon request.
- D. Prospective bidders lists shall be available for public inspection, unless the school district makes a written determination that it is advantageous to the school district that they be kept confidential or private and should not be open for inspection pursuant to A.R.S. § 39-121.

R7-2-1024. Invitation for Bids

- A. Invitation for bids shall be issued at least 14 days before the due date and time in the invitation for bids unless a shorter time is deemed necessary for a particular procurement as determined by the school district. If a shorter time is necessary, the school district shall document the specific reasons in the procurement file.
- B. Content.
 - 1. The invitation for bids shall include the following:
 - a. Notice that all information and bids submitted by bidders will be made available for public inspection following the award of the contract;
 - b. Instructions and information to bidders concerning bid submission requirements, including the means for bid submission such as, hand delivery, U.S. mail, electronic mail, facsimile, or other acceptable means, the bid due date and time, the address of the office at which bids or other documents are to be received, the bid acceptance period, and any other special information or requirements;
 - c. Whether the school district will consider partial bids for award of a contract;
 - d. Notification of whether the school district may award multiple contracts and the school district's

basis for determining whether to award multiple contracts. If multiple contracts may be awarded, the invitation for bids shall include the criteria the school district will use for selecting vendors for each contract under the multiple award, including, as applicable, whether contracts will be awarded by individual line items, groups of line items, or categories, whether contracts will be awarded incrementally, and whether contracts will be awarded by designated regions or locations;

- e. The basis for determining the lowest bidder or bidders;
- f. Procurement of earth-moving, material-handling, road maintenance and construction equipment shall include as price evaluation criteria the total life cycle cost including residual value of the earth-moving, material-handling, road maintenance and construction equipment and, to the extent practicable, the cost of outright purchase;
- g. The purchase description, specifications, delivery or performance schedule, and inspection and acceptance requirements, as applicable. If a brand name or equal specification is used, instructions that use of a brand name is for the purpose of describing the standard of quality, performance, and other characteristics needed to meet the school district's requirements and is not intended to limit or restrict competition. - j. The name of the district representative or district representatives;
- k. The manner by which the bidder is required to acknowledge amendments;
- l. The minimum information required in the bid;
- m. The specific requirements for designating trade secrets and other proprietary data as confidential;
- n. Any specific responsibility criteria;
- o. A statement specifying where documents incorporated by reference may be obtained;
- p. A statement that the school district may cancel the solicitation or reject a bid in whole or in part if deemed advantageous to the school district;
- q. Notice that the bidder is required to certify that submission of the bid did not involve collusion or other

anticompetitive practices and that the bidder has taken steps and exercised due diligence to ensure that no violation of A.R.S. § 15-213(O) has occurred;

- r. Notice that the bidder is required to declare whether the bidder has been debarred, suspended, or otherwise lawfully prohibited from participating in any public procurement activity, including, but not limited to, being disapproved as a subcontractor of any public procurement unit or other governmental body;
 - s. Any bid security required;
 - t. A description of all information that will be recorded and available for public inspection at bid opening; and
 - u. The date, time and location of any pre-bid conference.
2. When using electronic competitive sealed bidding, the invitation for bids shall specify whether electronic submission of bids is required or optional, the electronic submission requirements, and the electronic signature requirements.
- C. The school district shall mail or otherwise furnish invitation for bids or notices of the availability of invitation for bids to all prospective bidders registered with the school district for the specific material, service or construction being bid.
- D. A copy of the invitation for bids shall be made available for public inspection at the school district office.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended effective October 22, 1992 (Supp. 92-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1025. Pre-bid Conferences

- A. The school district may conduct a pre-bid conference to explain the procurement requirements.
- B. If a pre-bid conference is conducted, it shall be not less than seven days before the bid due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during a pre-bid conference are not amendments to the solicitation.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1026. Amendments to Invitation for Bids

- A. An amendment to an invitation for bids shall be issued if necessary to:
 - 1. Make changes in the invitation for bids;
 - 2. Correct defects or ambiguities;
 - 3. Furnish to other bidders information given to one bidder if the information will assist the other bidders in submitting bids or if the lack of the information will prejudice the other bidders;
 - 4. Provide additional information or instructions; or
 - 5. Set a later bid due date and time if the school district determines that an extension is advantageous to the school district.

- B. Amendments to an invitation for bids shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation for bids was distributed or made available. The school district shall make a copy of the amendments to an invitation for bids available for public inspection at the school district office. If the school district posted the invitation for bids or a notice of the availability of an invitation for bids on a designated site on the Internet, then the school district shall post any amendments to the invitation for bids on the same designated site on the Internet. The school district shall also do one or more of the following:
 - 1. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all prospective bidders to whom the invitation for bids was distributed;
 - 2. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all prospective bidders to whom the invitation for bids was distributed. Upon receipt of such notice of amendment, it is the responsibility of the prospective bidder to obtain the amendment.

- C. Amendments to invitation for bids shall be issued within a reasonable time before bid opening to allow prospective bidders to consider them in preparing their bids. If the school district determines that the bid due date and time does not permit sufficient time for bid preparation, the bid due date and time shall be extended in the amendment or, if necessary, by telephone, facsimile, email, or other communications methods, and confirmed in the amendment.
- D. A bidder shall acknowledge receipt of an amendment in the manner specified in the invitation for bids or the amendment on or before the bid due date and time.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1027. Pre-opening Modification or Withdrawal of Bids

- A. A bidder may modify or withdraw a bid in writing at any time before bid opening if the modification or withdrawal is received before the bid due date and time at the location designated in the invitation for bids for receipt of bids.
- B. All documents concerning a modification or withdrawal of a bid shall be retained in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1028. Late Bids, Late Withdrawals and Late Modifications

- A. A bid, modification or withdrawal is late if it is received at the location designated in the invitation for bids for receipt of bids after the bid due date and time.
- B. A late bid, late modification, or late withdrawal shall be rejected, unless the late bid, late modification, or late withdrawal would have been timely received but for the action or inaction of school district personnel and is received before contract award.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- C. Upon receiving a late bid, late modification, or late withdrawal, the school district shall record the time and date of receipt and promptly send written notice of late receipt to the bidder. The school district may discard the document 30 days after the date on the notice unless the bidder requests and provides funding for the document to be returned.
- D. All documents concerning acceptance of a late bid, late modification, or late withdrawal shall be retained in the procurement file.
 - c. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.
- B. A bidder who discovers a mistake in its bid after bid opening and before award, may request correction or withdrawal in writing and shall include all of the following in the written request:
 - 1. An explanation of the mistake and any other relevant information;
 - 2. A request for correction including the corrected bid or a request for withdrawal; and
 - 3. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1029. Receipt, Opening and Recording of Bids

- A. A school district shall maintain a record of bids and modifications received for each invitation for bids, shall record the time and date when each bid or modification is received, and shall store each unopened bid or modification in a secure place until the bid due date and time.
 - 1. If required to confirm a vendor's inquiry regarding receipt of its bid prior to the due date and time, a school district may open a bid to identify the vendor. If this occurs, the school district shall record the reason for opening the bid, the date and time the bid was opened, and the solicitation number. The school district shall secure the bid and retain it for public opening.
 - 2. One or more witnesses shall be present for the opening of a bid under subsection (A)(1).
- B. Bids and modifications shall be opened publicly at the date, time and place designated in the invitation for bids in the presence of one or more witnesses. The name of each bidder, the amount of each bid, and other relevant information deemed appropriate by the school district shall be recorded. The person opening the bids and all witnesses shall sign the record.
 - 1. The record created in subsection (B) shall be available for public inspection.
 - 2. The bids shall not be open for public inspection until after a contract is awarded.
- C. If correction or withdrawal of a bid after bid opening is permitted or denied under subsections (D), (F) and (J), the school district shall prepare a written determination showing that the relief was permitted or denied under this Section.
- D. After bid opening and before award, the school district shall either waive minor informalities in a bid or allow the bidder to correct them if correction is advantageous to the school district.
- E. After bid opening and before award, the bid may not be withdrawn and shall be corrected to the intended bid if a bid mistake and the intended bid are evident on the face of the bid.
- F. After bid opening and before award, the school district may permit a bidder to withdraw a bid if:
 - 1. A nonjudgmental mistake is evident on the face of the bid but the intended bid is not evident; or
 - 2. The bidder establishes by clear and convincing evidence that a nonjudgmental mistake was made.
- G. If correction or withdrawal of a bid after bid opening is permitted or denied under subsections (D), (F) and (J), the school district shall prepare a written determination showing that the relief was permitted or denied under this Section.
- H. Notwithstanding other provisions of this Section, after bid opening and before award, no corrections in bid prices or other provisions of bids prejudicial to the interest of the school district or fair competition shall be permitted.
- I. If a mistake in the bid is discovered after the award, the bidder may request withdrawal or correction in writing and shall include all of the following in the written request:
 - 1. An explanation of the mistake and any other relevant information;
 - 2. A request for correction including the corrected bid or a request for withdrawal; and
 - 3. The reasons why correction or withdrawal is consistent with fair competition and advantageous to the school district.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1030. Mistakes in Bids

- A. If an apparent mistake in a bid, relevant to the award determination, is discovered after opening and before award, a school district shall contact the bidder for written confirmation of the bid. If the bidder fails to act, the bidder is considered nonresponsive and the school district shall place a written determination that the bidder is nonresponsive in the procurement file. The school district shall designate a time-frame within which the bidder shall either:
 - 1. Confirm that no mistake was made and assert that the bid stands as submitted; or
 - 2. Acknowledge that a mistake was made and include all of the following in a written response:
 - a. An explanation of the mistake and any other relevant information;
 - b. A request for correction including the corrected bid or a request for withdrawal; and
- B. Based on the considerations of fair competition and the best interest of the school district, the school district may take one of the following actions regarding a bid mistake discovered after the award:
 - 1. Allow correction of the mistake, if the corrected bid amount is less than the next lowest bid;
 - 2. Cancel all or part of the award; or
 - 3. Deny correction or withdrawal.
- C. After cancellation of all or part of an award in accordance with subsection (J)(2), if the bid acceptance period has not expired, the school district may award all or part of the contract to the next lowest responsible and responsive bidder, based on the considerations of fair competition and the best interest of the school district.

R7-2-1031. Bid Evaluation and Award

- A.** As provided in subsection (C), the contract or contracts shall be awarded to the lowest responsible and responsive bidder or bidders whose bid or bids conform in all material respects to the requirements and evaluation criteria set forth in the invitation for bids. No criteria may be used in bid evaluation that are not set forth in the invitation for bids. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the lowest bidder.
- B.** A product acceptability evaluation shall be conducted solely to determine whether a bidder's product is acceptable as set forth in the invitation for bids and not whether one bidder's product is superior to another bidder's product. Any bidder's offering that does not meet the acceptability requirements shall be rejected as nonresponsive.
- C.** The school district shall award the contract to the single lowest responsible and responsive bidder for all materials or services, except that the school district may make a multiple award if the invitation for bids included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.
- D.** Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to offer the lowest cost in satisfying the school district's requirements. A multiple award shall be limited to the least number of suppliers the school district determines in writing to be necessary to meet the school district's requirements, and may include the following types of awards:
 - 1. Awards to the lowest responsible and responsive bidder for individual line items, groups of line items, or categories.
 - 2. Awards to the lowest responsible and responsive bidders for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of bidders necessary to meet the school district's requirements.
 - 3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the lowest responsible and responsive bidder, then the next lowest responsible and responsive bidder or bidders until the total definite quantity required is awarded.
 - 4. A regional award to the lowest responsible and responsive bidder in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.
- E.** The procurement file shall contain the basis on which the award or awards are made.
- F.** The school district shall not modify evaluation criteria after the bid due date and time.
- G.** A school district may appoint an evaluation committee to assist in the evaluation of bids. If bids are evaluated by an evaluation committee, the evaluation committee shall prepare an evaluation report for the school district. The school district may:
 - 1. Accept the findings of the evaluation committee;
 - 2. Request additional information from the evaluation committee; or
 - 3. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing bids or cancel the solicitation.
- H.** The school district may contact a bidder to confirm the school district's understanding of the bid. Such contact shall be prior to award. The school district shall obtain written confirmation from the bidder and shall retain the confirmation in the procurement file.
- I.** The contract or contracts shall be awarded during the bid acceptance period. If the bid acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the bid acceptance period is extended in accordance with subsection (J).
- J.** To extend the bid acceptance period, a school district shall notify all bidders in writing of an extension and request written concurrence from each bidder. To be eligible for a contract award, a bidder shall submit a written concurrence to the extension. The school district shall reject a bid as nonresponsive if written concurrence is not provided as requested.
- K.** A contract may not be awarded to a bidder submitting a higher quality item than that designated in the invitation for bids unless the bidder is also the lowest bidder as determined under subsection (A). This Section does not permit negotiations with any bidder, except as provided in subsection (L).
- L.** If all bids for a construction project exceed available monies as certified by the school district, and the lowest responsive bid from a responsible bidder does not exceed such monies by more than five percent, the school district may in situations in which time or economic considerations preclude resolicitation of work of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder, to bring the bid within the amount of available monies.
- M.** If there are two or more low responsive bids from responsible bidders that are identical in price and that meet all the requirements and criteria set forth in the invitation for bids, award shall be made by drawing lots in the presence of one or more witnesses.
- N.** A record showing the basis for determining the successful bidder shall be retained in the procurement file.
- O.** The school district shall notify all bidders of an award.
- P.** After a contract is awarded, the school district shall return any bid security provided by unsuccessful bidders.
- Q.** Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful bidder.
- R.** Within 10 days after a contract is awarded, the school district shall make the procurement file, including all bids, available for public inspection.
 - 1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable docu-

R7-2-1032. Only One Bid Received

If only one responsive bid is received in response to an invitation for bids, an award may be made to the single bidder if the school district determines in writing that the bidder is responsible, that the price submitted is fair and reasonable, and that either other prospective bidders had reasonable opportunity to respond, or there is not adequate time for resolicitation. Otherwise the bid may be rejected in whole or in part as may be specified in the invitation for bids if it is advantageous to the school district. The reasons for cancellation or rejection shall be made part of the procurement file and:

1. New bids may be solicited;
2. The proposed procurement may be canceled; or
3. If the school district determines that the need for the material or service continues and the acceptance of the one bid is not advantageous to the school district, the procurement may then be conducted as follows:
 - a. The school district may follow the sole source procurement procedure if R7-2-1053 applies.
 - b. Notwithstanding any other provision of Articles 10 and 11, the school district may make emergency procurements pursuant to R7-2-1055 and R7-2-1056 if an emergency condition exists pursuant to R7-2-1055.

R7-2-1033. Simplified School Construction Procurement Program

- A. The simplified school construction procurement program is applicable to construction projects which do not exceed the maximum amount specified in A.R.S. § 15-213(A)(2).
- B. To participate in the simplified school construction procurement program:
 1. Each county school superintendent shall maintain a prospective bidders list of persons who desire to receive solicitations to bid on school district construction projects within that county. The prospective bidders list shall be maintained in accordance with R7-2-1023;
 2. The prospective bidders list maintained pursuant to subsection (B)(1) shall be available for public inspection;
 3. A performance bond and a payment bond, as required by A.R.S. § 34-222, shall be provided for contracts for construction by contractors;
 4. All bids for construction shall be opened at a public opening and the bids shall remain confidential until the public opening;

5. All persons desiring to submit bids shall be treated equitably and the information related to each project shall be available to all eligible persons; and
6. Competition for construction projects under the simplified school construction procurement program shall be encouraged to the maximum extent possible. School districts shall submit information on each project to all persons listed on the prospective bidders list maintained by the county school superintendent pursuant to subsection (B)(1).

R7-2-1034. Reserved**PART V. MULTISTEP SEALED BIDDING****R7-2-1035. Multistep Sealed Bidding**

- A. The multistep sealed bidding method may be used if:
 1. Available specifications or purchase descriptions are not sufficiently complete to permit full competition without technical evaluations and discussions to ensure mutual understanding between each bidder and the school district;
 2. Definite criteria exist for evaluation of technical offers;
 3. More than one technically qualified source is expected to be available; and
 4. A fixed-price contract will be used.
- B. The multistep sealed bidding method may not be used for construction contracts.

R7-2-1036. Phase 1 of Multistep Sealed Bidding

- A. Multistep sealed bidding shall be initiated by the issuance of an invitation to submit technical offers. The invitation to submit technical offers shall be issued according to R7-2-1022 and R7-2-1024(A).
- B. The invitation to submit technical offers shall include the following information:
 1. Notice that the procurement shall be conducted in two phases;
 2. The best description of the material or services desired;
 3. A statement that unpriced technical offers only shall be considered in phase 1;
 4. The requirements for the technical offers, such as drawings and descriptive literature;
 5. The criteria for evaluating technical offers;
 6. The due date and time for receipt of technical offers and the location where technical offers shall be delivered or mailed;
 7. A statement that discussions may be held;
 8. A statement that only bids based on technical offers determined to be acceptable in phase 1 shall be considered for award;
 9. The name of the district representative or district representatives;

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

10. Notice that all technical offers submitted will be made available for public inspection following the award of the contract; and
 11. The date, time and location of any pre-technical offer conference.
- C. A school district may conduct a pre-technical offer conference open to all persons. If a pre-technical offer conference is conducted, it shall be not less than seven days before the technical offer due date and time, unless the school district makes a written determination that the specific needs of the procurement justify a shorter time. Statements made during the pre-technical offer conference shall not be considered modifications to the invitation to submit technical offers.
- D. The invitation to submit technical offers may be amended before or after the submission of the unpriced technical offers. Amendments to an invitation to submit technical offers shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original invitation to submit technical offers was distributed or made available. The school district shall make a copy of the amendments to an invitation to submit technical offers available for public inspection at the school district office. If the school district posted the invitation to submit technical offers or a notice of the availability of an invitation to submit technical offers on a designated site on the Internet, then the school district shall post any amendments to the invitation to submit technical offers on the same designated site on the Internet. The school district shall also do one or more of the following:
- a. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed;
 - b. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all persons to whom the invitation to submit technical offers was distributed. Upon receipt of such notice of amendment, it is the responsibility of the person to obtain the amendment.
2. Amendments shall be issued within a reasonable time before technical offer opening to allow persons to consider them in preparing their technical offers. If the school district determines that the technical offer due date and time does not permit sufficient time for technical offer preparation, the technical offer due date and time shall be extended in the amendment or, if necessary, telephone, facsimile, email, or other communications methods, and confirmed in the amendment.
3. A person shall acknowledge receipt of an amendment in the manner specified in the invitation to submit technical offers or the amendment on or before the technical offer due date and time.
- E. Unpriced technical offers shall not be opened publicly, but shall be opened in the presence of two or more district officials designated by the school district. The contents of unpriced technical offers shall not be disclosed to unauthorized persons. Late technical offers shall not be considered except under the circumstances set forth in R7-2-1028(B).
- F. Unpriced technical offers shall be evaluated solely in accordance with the criteria set forth in the invitation to submit technical offers and shall be determined to be either acceptable for further consideration or unacceptable. A determination that an unpriced technical offer is unacceptable shall be in writing, state the basis for the determination and be retained in the procurement file. If the school district determines a person's unpriced technical offer is unacceptable, the school district shall notify that person of the determination and that the person shall not be afforded an opportunity to amend the technical offer.
- G. The school district may conduct discussions with any person who submits an acceptable or potentially acceptable technical offer. During discussions, the school district shall not disclose any information derived from one unpriced technical offer to any other person. After discussions, the school district shall establish a due date and time for receipt of final technical offers and shall notify, in writing, persons submitting acceptable or potentially acceptable technical offers of the due date and time. The school district shall keep a detailed record of all discussions.
- H. At any time during phase 1, technical offers may be withdrawn.
- I. A copy of the invitation to submit technical offers shall be made available for public inspection at the school district office.

R7-2-1037. Phase 2 of Multistep Sealed Bidding

- A. Upon completion of phase 1, the school district shall issue an invitation for bids and conduct phase 2 under R7-2-1024 through R7-2-1032 as a competitive sealed bidding procurement, except that the invitation for bids shall be issued only to persons whose technical offers were determined to be acceptable in phase 1.
- B. Unpriced technical offers of unsuccessful persons shall be open to public inspection after contract award, except to the extent set forth in R7-2-1006.

- A. Competitive sealed proposals shall be solicited through a request for proposals. A request for proposals shall include the following:
1. Instructions to offerors, including:
 - a. Instructions and information to offerors concerning proposal submission requirements, including the means for proposal submission such as, hand delivery, U.S. mail, electronic mail, facsimile, or other acceptable means, the proposal due date and time, the address of the office at which proposals or other documents are to be received, the proposal acceptance period, and any other special information or requirements;
 - b. The manner by which the offeror is required to acknowledge amendments;
 - c. Notification of whether the school district may award multiple contracts and the school district's basis for determining whether to award multiple contracts. If multiple contracts may be awarded, the request for proposals shall include the criteria the school district will use for selecting vendors for each contract under the multiple award, including as applicable, whether contracts will be awarded by individual line items, groups of line items, or categories, whether contracts will be awarded incrementally, and whether contracts will be awarded by designated regions or locations;
 - d. The minimum information required in the proposal;
 - e. The specific requirements for designating trade secrets and other proprietary data as confidential;
 - f. Any specific responsibility criteria;
 - g. Whether the offeror is required to submit samples, descriptive literature, and technical data with the proposal;
 - h. Evaluation factors and the relative importance of price and other evaluation factors. Specific numerical weighting is not required;
 2. Specifications, including:

CHAPTER 2. STATE BOARD OF EDUCATION

4. When using electronic competitive sealed proposals, the request for proposals shall specify whether electronic submission of proposals is required or optional, the electronic submission requirements, and the electronic signature requirements.
- B. A request for proposals shall be issued at least 14 days before the due date and time for receipt of proposals unless a shorter time is determined necessary by the school district. If a shorter time is necessary, the school district shall document the specific reasons in the procurement file.
- C. Notice of the request for proposals shall be given by the school district pursuant to R7-2-1022 and R7-2-1024(C).
- D. Before submission of initial proposals, amendments to requests for proposals shall be made in accordance with R7-2-1026. After submission of proposals, amendments may be made in accordance with R7-2-1036(D).
- E. A copy of the request for proposals shall be made available for public inspection at the school district office.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended effective October 22, 1992 (Supp. 92-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1043. Pre-proposal Conferences

Pre-proposal conferences may be convened in accordance with R7-2-1025.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1044. Late Proposals, Modifications or Withdrawals

- A. An offeror may modify or withdraw a proposal in writing at any time before proposal opening if the modification or withdrawal is received before the proposal due date and time at the location designated in the request for proposals for receipt of proposals.
- B. Withdrawal of a proposal after proposal opening is permissible only in accordance with R7-2-1049.
- C. A proposal received after the due date and time for receipt of proposals is late and shall not be considered except under the circumstances set forth in R7-2-1028(B). A best and final offer received after the due date and time for receipt of best and final offers is late and shall not be considered except under the circumstances set forth in R7-2-1028(B).
- D. A modification of a proposal received after the due date and time for receipt of proposals is late and shall not be considered except under the circumstances set forth in R7-2-1028(B).
- E. A modification of a proposal resulting from an amendment issued after the due date and time for receipt of proposals or a modification of a proposal resulting from discussions shall be considered if received by the due date and time set forth in the amendment or by the due date and time for submission of best and final offers, whichever is applicable. If the modifications described in this subsection are received after the respective date and time described in this subsection, the modifications are late and shall not be considered except under the circumstances set forth in R7-2-1028(B).
- F. Upon receiving a late proposal, late modification, or late withdrawal, the school district shall record the time and date of receipt and promptly send written notice of late receipt to the offeror. The school district may discard the document 30 days

after the date on the notice unless the offeror requests and provides funding for the document to be returned.

- G. All documents concerning acceptance of a late proposal, late modification, or late withdrawal shall be retained in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1045. Receipt, Opening and Recording of Proposals

- A. A school district shall maintain a record of proposals and modifications received for each solicitation, shall record the time and date when each proposal or modification is received, and shall store each unopened proposal or modification in a secure place until the proposal due date and time.
 1. If required to confirm a vendor's inquiry regarding receipt of its proposal prior to the due date and time, a school district may open a proposal to identify the vendor. If this occurs, the school district shall record the reason for opening the proposal, the date and time the proposal was opened, and the solicitation number. The school district shall secure the proposal and retain it for public opening.
 2. One or more witnesses shall be present for the opening of a proposal under subsection (A)(1).
- B. Proposals and modifications shall be opened publicly at the date, time and place designated in the request for proposals in the presence of one or more witnesses. The name of each offeror and other relevant information deemed appropriate by the school district shall be recorded. The person opening the proposals and all witnesses shall sign the record. All other information contained in the proposals shall be confidential so as to avoid disclosure of contents prejudicial to competing offerors during the evaluation of proposals. Proposals and modifications shall be shown only to school district personnel having a legitimate interest in them or persons assisting the school district in evaluation.
 1. The record created in subsection (B) shall be available for public inspection.
 2. The proposals shall not be open for public inspection until after a contract is awarded.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
 Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1046. Evaluation of Proposals

- A. Evaluation of proposals and best and final offers shall be based on the evaluation factors set forth in the request for proposals. Specific numerical weighting may be used.
 1. If only one proposal is received in response to a request for proposals, the school district shall proceed according to R7-2-1032.
 2. The school district shall not modify evaluation factors or the relative importance of price and other evaluation factors after the proposal due date and time.
 3. A school district may appoint an evaluation committee to assist in the evaluation of proposals. If proposals are evaluated by an evaluation committee, the evaluation com-

CHAPTER 2. STATE BOARD OF EDUCATION

mittee shall prepare an evaluation report for the school district. The school district may:

- a. Accept the findings of the evaluation committee;
 - b. Request additional information from the evaluation committee; or
 - c. Reject the findings of the evaluation committee, in which case the school district shall appoint a new evaluation committee to evaluate the existing proposals or cancel the solicitation.
- B.** As part of its initial evaluation, the school district may contact an offeror to confirm the school district's understanding of the proposal. Such contact shall be prior to the determination that a proposal is acceptable for further consideration. The school district shall obtain written confirmation from the offeror and shall retain the confirmation in the procurement file.
- C.** The contract or contracts shall be awarded during the proposal acceptance period. If the proposal acceptance period expires prior to award of the contract or contracts, the procurement shall be canceled, unless the proposal acceptance period is extended in accordance with subsection (D).
- D.** To extend the proposal acceptance period, a school district shall notify all offerors in writing of an extension and request written concurrence from each offeror. To be eligible for a contract award, an offeror shall submit a written concurrence to the extension. The school district shall reject a proposal as nonresponsive if written concurrence is not provided as requested.
- E.** For the purpose of conducting discussions, the school district shall determine that proposals are either acceptable for further consideration or unacceptable.
- F.** A proposal is acceptable if it is determined to be reasonably susceptible of being awarded a contract in accordance with the evaluation criteria and a comparison and ranking of original proposals. Proposals to be considered reasonably susceptible of being awarded a contract shall, at a minimum, demonstrate the following:
1. Affirmative compliance with mandatory requirements designated in the solicitation.
 2. An ability to deliver goods or services on terms advantageous to the school district sufficient to be entitled to continue in the competition.
 3. That the proposal is technically acceptable as submitted.
- G.** A proposal is unacceptable if it is determined to not be reasonably susceptible of being awarded a contract. Those proposals that have no reasonable chance for award when compared on a relative basis with more highly ranked proposals will not be reasonably susceptible of being awarded a contract. The determination shall be in writing, state the basis for the determination and be retained in the procurement file. When there is doubt as to whether a proposal is reasonably susceptible of being awarded a contract, the proposal shall be considered acceptable.
- H.** If the school district determines an offeror's proposal is unacceptable, the school district shall notify that offeror of the determination and that the offeror shall not be afforded an opportunity to amend its proposal.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1047. Discussions with Individual Offerors

- A.** Discussions may be conducted with responsible offerors who submit proposals determined to be acceptable for further consideration. Discussions may be conducted to assure full understanding of the proposal in order to obtain the most advantageous contract for the school district based upon the requirements and evaluation factors in the request for proposals. Offerors shall be afforded fair treatment with respect to any opportunity for discussion and revision of proposals.
- B.** A school district shall establish procedures and schedules for conducting discussions. The school district shall ensure there is no disclosure of one offeror's price or any information derived from competing proposals to another offeror.
- C.** Discussions may be conducted orally or in writing. If oral discussions are conducted, the offeror shall confirm the discussions in writing.
- D.** If discussions are conducted, they shall be conducted with all offerors who submit proposals determined to be acceptable for further consideration. Proposals may not be revised during discussions.
- E.** The school district shall keep a detailed record of all discussions in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1048. Best and Final Offers

- A.** Only if discussions are conducted pursuant to R7-2-1047, the school district shall issue a written request for best and final offers to all offerors who submitted proposals determined to be acceptable pursuant to R7-2-1046(E). The request shall set forth the date, time and place for the submission of best and final offers.
- B.** Best and final offers shall be requested only once, unless the school district makes a determination that it is advantageous to the school district to conduct further discussions or change the school district's requirements.
- C.** The request for best and final offers shall inform offerors that, if they do not submit a notice of withdrawal or a best and final offer, their immediate previous offer will be construed as their best and final offer.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1049. Mistakes in Proposals

- A.** Prior to the due date and time for receipt of best and final offers, any offeror may withdraw a proposal in writing or correct any mistake by modifying the proposal.
- B.** After receipt of best and final offers, an offeror may withdraw a proposal or correct a mistake in accordance with R7-2-1030.
- C.** The offeror shall withdraw or correct its proposal in writing. The school district shall retain the written withdrawal or correction in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1050. Contract Award

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- A. As provided in subsection (B), the school district shall award a contract or contracts to the responsible offeror or offerors whose proposal or proposals are determined in writing to be most advantageous to the school district based on the factors set forth in the request for proposals. No factors or criteria may be used in proposal evaluation that are not set forth in the request for proposals. The amount of any applicable transaction privilege or use tax of a political subdivision of this state is not a factor in determining the most advantageous proposal.
- B. The school district shall award the contract to the offeror whose proposal is deemed most advantageous to the school district for all materials or services, except that the school district may make a multiple award if the request for proposals included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.
- C. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to be most advantageous to the school district in satisfying the school district's requirements. A multiple award shall be limited to the least number of contracts the school district determines in writing to be necessary to meet the school district's requirements, and may include the following types of awards:
1. Awards to the offerors most advantageous to the school district for individual line items, groups of line items, or categories.
 2. Awards to the offerors most advantageous to the school district for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of offerors necessary to meet the school district's requirements.
 3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the offeror whose proposal is determined to be the most advantageous to the school district, then to the offeror with the next most advantageous proposal, etc., until the total definite quantity required is reached.
 4. Regional awards to the offerors most advantageous to the school district in designated regions or locations only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.
- D. The school district shall notify all offerors of an award.
- E. The procurement file shall contain the basis on which the award or awards are made.
- F. After a contract is awarded, the school district shall return any bid security provided by the unsuccessful offerors.
- G. Upon execution of the contract, if performance and payment bonds were not required, or upon receipt of the specified bonds, if performance and payment bonds were required, the school district shall return any bid security provided by the successful offeror.
- H. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all proposals, available for public inspection.

1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.
2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

Amended effective October 22, 1992 (Supp. 92-4).

Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1051. Reserved**R7-2-1052. Reserved****PART VII. SOLE SOURCE PROCUREMENTS****R7-2-1053. Sole Source Procurements**

- A. A contract may be awarded for a material, service or construction item without competition if the governing board determines in writing that there is only one source for the required material, service or construction item. The school district may require the submission of cost or pricing data in connection with an award under this Section. Sole source procurement shall be avoided, except when no reasonable alternative source exists.
- B. The governing board's determination shall be made before entering the contract and shall include the following information:
1. A description of the procurement need and the reason why there is only a single source available or why no reasonable alternative exists;
 2. The name of the proposed supplier;
 3. The duration and estimated total dollar value of the proposed procurement;
 4. Documentation that the price submitted is fair and reasonable; and
 5. A description of efforts made to seek other sources.
- C. The school district shall, to the extent practicable, negotiate with the single supplier a contract advantageous to the school district.
- D. A copy of the written determination of the basis for the sole source procurement and any cost or pricing data shall be retained in the procurement file by the school district. The school district shall keep a record of all sole source procurements pursuant to R7-2-1086.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1054. Reserved**PART VIII. EMERGENCY PROCUREMENTS****R7-2-1055. Emergency Procurement Procedure**

- A. An emergency condition creates an immediate and serious need for materials, services, or construction that cannot be met through normal procurement methods and seriously threatens the functioning of the school district, the preservation or pro-

tection of property or the public health, welfare or safety. Some examples of emergency conditions are floods, epidemics, or other natural disasters, riots, fire or equipment failures.

- B. An emergency procurement shall be limited to the materials, services, or construction necessary to satisfy the emergency need.
- C. The governing board shall designate a board member or members or school district official or officials authorized to make emergency procurements, and may prescribe limiting factors including maximum spending limits with regard to emergency procurements.
- D. The designated board member or district official shall:
 1. Select the contractor to perform the emergency work with as much competition as practicable under the circumstances;
 2. Obtain a price that is fair and reasonable under the circumstances;
 3. Prepare a written statement documenting the basis for the emergency, the basis for the selection of the particular contractor, and why the price paid was fair and reasonable. The statement shall be signed by the designated governing board member or district official authorized to initiate emergency procurements; and
 4. Convene a meeting of the governing board to approve the emergency procurement, unless the nature of the emergency requires that the procurement be made prior to governing board approval.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1056. Emergency Procurement Reporting

- A. If the nature of the emergency does not permit convening a meeting of the governing board to approve the emergency procurement, the designated board member or district official who makes an emergency procurement shall, at the first scheduled governing board meeting following the procurement, provide to the governing board a report concerning the emergency procurement including the following information:
 1. The written statement documenting the basis for the emergency, the basis for the selection of the particular contractor, and why the price paid was fair and reasonable; and
 2. Why it was impracticable to convene a meeting of the governing board.
- B. The information and documentation required in this Section shall be included in the procurement file.
- C. The school district shall keep a record of all emergency procurements pursuant to R7-2-1086.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

PART IX. REQUEST FOR INFORMATION

R7-2-1058. Request for Information

- A. The school district may issue a request for information to obtain data about services or materials available to meet a specific need. Notice of the request for information shall be issued in accordance with R7-2-1024(A) and R7-2-1024(C).
- B. Responses to a request for information are not offers and cannot be accepted to form a binding contract.
- C. Information contained in a response to a request for information may be withheld from public inspection until the subsequent procurement is awarded or terminated, two years from the date of the vendor's response, or upon commencement of a new procurement, whichever occurs first.
- D. There is no required format to be used for requests for information.

Historical Note

R7-2-1063. Request for Proposals

- A. Adequate notice of the need for services specified in R7-2-1061(A) shall be given by the school district through a request for proposals. The request for proposals shall be in accordance with R7-2-1042.
- B. In addition to providing notice of the request for proposals pursuant to R7-2-1022 and R7-2-1024(C), the school district shall provide notice to all persons who submitted statements of qualifications for the particular services solicited.
- C. If required to evaluate proposals, the request for proposals shall require all offerors who have not already done so to submit a statement of qualifications pursuant to R7-2-1062.
- D. Pre-proposal conferences may be convened in accordance with R7-2-1025.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1064. Receipt of Proposals

Proposals shall be received and opened in accordance with R7-2-1045. Late proposals, modifications, or withdrawals shall be considered in accordance with R7-2-1044.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1065. Evaluation of Proposals

Proposals shall be evaluated in accordance with R7-2-1046.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1066. Discussions with Individual Offerors

- A. As part of its initial evaluation, the school district may contact an offeror to confirm the school district's understanding of the proposal. Such contact shall be prior to the determination that a proposal is acceptable for further consideration. The school district shall obtain written confirmation from the offeror and shall retain the confirmation in the procurement file.
- B. The school district may conduct discussions with any offeror in accordance with R7-2-1047. If such discussions are conducted, the school shall issue a request for best and final offers pursuant to R7-2-1048.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1067. Mistakes in Proposals

Mistakes in proposals shall be addressed pursuant to R7-2-1049.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1068. Contract Award

- A. As provided in subsection (B), the school district shall award a contract or contracts to the responsible offeror or offerors best qualified based on the evaluation factors set forth in the

request for proposal and after making a written determination that the price is fair and reasonable. The school district shall not award a contract based solely on price. No factors or criteria may be used in proposal evaluation that are not set forth in the request for proposals.

- B. The school district shall award the contract to the best qualified offeror whose price is determined to be fair and reasonable for all services, except that the school district may make a multiple award if the request for proposals included notification that multiple contracts may be awarded, the school district's basis for determining whether to award multiple contracts, and the criteria for selecting vendors for the multiple contracts.
- C. Before making a multiple award, the school district shall determine in writing that a multiple award is necessary and is advantageous to the school district and shall establish procedures for the use of the multiple awarded contracts to ensure that purchases are made from the contracts determined by the school district to be most advantageous to the school district in satisfying the school district's requirements. A multiple award shall be limited to the least number of contracts the school district determines in writing to be necessary to meet the school district's requirements, and may include the following types of awards:
 - 1. Award to the best qualified offeror whose price is determined to be fair and reasonable for individual line items, groups of line items, or categories.
 - 2. Awards to the best qualified offerors whose prices are determined to be fair and reasonable for similar or identical line items, groups of line items, or categories only if the school district determines in writing that such awards are necessary to obtain the required quantity or delivery, and the awards are limited to the least number of offerors necessary to meet the school district's requirements.
 - 3. An incremental award only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery. The award shall be made to the best qualified person whose price is determined to be fair and reasonable, then to the next best qualified person whose price is determined to be fair and reasonable, etc., until the total definite quantity required is reached.
 - 4. Regional awards to the best qualified offerors whose prices are determined to be fair and reasonable in designated regions or locations only if the school district determines in writing that such an award is necessary to obtain the required quantity or delivery over widely scattered locations or a particular requirement is of a local nature.
- D. The school district shall notify all offerors of an award.
- E. The procurement file shall contain the basis on which the award or awards are made.
- F. Within 10 days after a contract is awarded, the school district shall make the procurement file, including all proposals, available for public inspection.
 - 1. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.
 - 2. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.

CHAPTER 2. STATE BOARD OF EDUCATION

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

PART XI. GUARANTEED ENERGY CONTRACTS**R7-2-1069. Guaranteed Energy Cost Savings Contracts**

- A.** A school district may procure a guaranteed energy cost savings contract with a qualified provider through competitive sealed proposals in accordance with R7-2-1041 through R7-2-1050.
1. The request for proposal evaluation factors required by R7-2-1042(A)(1)(h) shall include objective criteria for selecting the qualified provider, including the cost of the contract, the energy cost savings, the net projected energy savings, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope.
 2. Notwithstanding R7-2-1042(A)(1)(h), the request for proposals shall set forth the respective numerical weighting for each evaluation criterion.
 3. At the qualified provider's expense, the proposal shall include an independent third-party validation of cost savings calculations associated with each proposed energy cost savings measure by a licensed, registered professional engineer, with credentials from the national association of energy engineers, who has demonstrated experience in energy analysis. The school district shall approve the selection of the independent third party.
 4. A school district may enter into a guaranteed energy cost savings contract with a qualified provider if the school district determines that the energy savings project will pay for itself within the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest, if the recommendations in the proposal are followed. Notwithstanding this subsection, a school district may elect to use a shorter capital cost repayment schedule than required pursuant to this subsection. The school district shall retain the cost savings achieved by a guaranteed energy cost savings contract, and these cost savings may be used to pay for the contract and project implementation.
 5. A qualified provider is a person that is experienced in designing, implementing or installing energy cost savings measures, that has a record of established projects or measures of similar size and scope, that has demonstrated technical, operational, financial and managerial capabilities to design and operate cost savings measures and projects and that has the financial ability to satisfy guarantees for energy cost savings.
- B.** In selecting a contractor to perform any construction work related to performing the guaranteed energy cost savings contract, the qualified provider may:
1. Develop and use a prequalification process for contractors.
 2. Require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.
- C.** A study shall be performed by the selected qualified provider in order to establish the exact scope of the guaranteed energy cost savings contract, the fixed cost savings guarantee amount and the methodology for determining actual savings. The selected qualified provider will provide the school district with a final study report which validates that the fixed cost savings guarantee amount will meet or exceed the cost savings calculations contained within the original proposal. The study report shall be reviewed and approved by the school district before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved study report to the division of school facilities within the department of administration and the governor's office.
- D.** The information to develop the energy baseline shall be derived from historical energy costs or actual energy measurements or shall be calculated from energy measurements at the facility where energy cost savings measures are to be installed or implemented. The baseline shall be established before the installation or implementation of energy cost savings measures.
- E.** One or more school districts may enter into a financing agreement with a qualified provider or a financial institution, trustee or paying agent for the purchase and installation or implementation of energy cost savings measures. Any required financing may be obtained as part of the original competitive sealed proposal process from the qualified provider, or from a third-party financing institution that is procured separately in accordance with Articles 10 and 11.
- F.** The selected qualified provider shall provide a performance bond in accordance with R7-2-1103(A)(1)(c).
- G.** The selected qualified provider shall make public the information in the subcontractor's bids.
- H.** The guaranteed energy cost savings contract shall include the following:
1. A requirement that, in determining whether the projected energy savings calculations have been met, the energy savings shall be computed by comparing the energy baseline before installation or implementation of the energy cost savings measures with the energy consumed after installation or implementation of the energy cost savings measures. The qualified provider and the school district may agree to make modifications to the energy baseline only for any of the following:
 - a. Changes in utility rates.
 - b. Changes in the number of days in the utility billing cycle.
 - c. Changes in the square footage of the facility.
 - d. Changes in the operational schedule of the facility.
 - e. Changes in facility temperature.
 - f. Significant changes in the weather.
 - g. Significant changes in the amount of equipment or lighting used in the facility.
 - h. Significant changes in the nature or intensity of energy use such as the change of classroom space to laboratory space.
 2. A payment schedule, with payments over a period of not more than the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest, except a school district may elect to use a shorter capital cost repayment schedule than required pursuant to this subsection.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

3. A requirement that all payments, except obligations on termination of the contract before its expiration, be made pursuant to the terms of the financing agreement.
 4. A written guarantee from the qualified provider that the energy savings will meet or exceed the costs of the energy cost savings measures over the expected life of the energy cost savings measures implemented (according to the manufacturer's equipment standards), the term of the financial agreement or 25 years, whichever is shortest, except a school district may elect to use a shorter capital cost repayment schedule than required pursuant to this subsection. The school district shall ensure that the contractor:
 - a. For the term of the guaranteed energy cost savings contract, prepares a measurement and verification report on an annual basis in addition to an annual reconciliation of savings.
 - b. Reimburses the school district for any shortfall of guaranteed energy cost savings on an annual basis.
 - c. Uses the international performance and measurement and verification protocol standards or the federal energy management program standards to validate the savings guarantee.
 - I. A school district may use a simplified energy performance contract for projects that are less than \$500,000. Simplified energy performance contracts are not required to include an energy savings guarantee and shall comply with all requirements in this Section except for subsections (D), (H)(1)(a) through (h) and (H)(4)(a) through (c).
 - J. This Section does not apply to the construction of new buildings.
 - K. For all projects under this Section, the school district shall report to the division of school facilities within the department of administration and the governor's office:
 1. The name of the project.
 2. The name of the qualified provider.
 3. The total cost of the project.
 4. The expected energy cost savings and relevant escalators.
 5. The agreed-on baseline in the measurement and verification agreement in both kilowatt hours and dollars.
- Historical Note**
- New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1). Amended by final exempt rulemaking at 27 A.A.R. 2342 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).
- R7-2-1070. Guaranteed Energy Production Contracts**
- A. A school district may procure a guaranteed energy production contract with a qualified provider through competitive sealed proposals in accordance with R7-2-1041 through R7-2-1050.
 1. The request for proposals evaluation factors required by R7-2-1042(A)(1)(h) shall include objective criteria for selecting the qualified provider, including the guaranteed energy price, the guaranteed energy production, the quality of the technical approach, the quality of the project management plan, the financial solvency of the qualified provider and the experience of the qualified provider with projects of similar size and scope.
 2. Notwithstanding R7-2-1042(A)(1)(h), the request for proposals shall set forth the respective numerical weighting for each evaluation criterion.
 3. The school district may obtain any required financing as part of the original competitive sealed proposal process from the qualified provider, or from a third-party financing institution procured separately in accordance with Articles 10 and 11.
 4. When submitting a proposal for the installation of equipment, the qualified provider shall include information containing the guaranteed energy production associated with each proposed energy production measure. The school district shall review and approve this guarantee before the actual installation of any equipment. The qualified provider shall transmit a copy of the approved guarantee to the division of school facilities within the department of administration and the governor's office.
 5. A qualified provider is a person that is experienced in designing, implementing or installing energy cost savings measures, that has demonstrated technical, operational, financial and managerial capabilities to design and operate cost savings measures and projects and that has the financial ability to satisfy guarantees for guaranteed energy production, financial solvency and experience for projects of similar size and scope.
 - B. In selecting a contractor to perform any construction work related to performing the guaranteed energy production contract, the qualified provider may:
 1. Develop and use a prequalification process for contractors.
 2. Require the contractor to demonstrate that the contractor is adequately bonded to perform the work and that the contractor has not failed to perform on a prior job.
 - C. A guaranteed energy production contract shall include a guaranteed energy price, and a written guaranteed energy production as measured on an annual basis over the expected life of the energy production measures implemented or within 25 years, whichever is shorter. The school district shall ensure that the contractor:
 1. Prepares a measurement and verification report on an annual basis in addition to an annual reconciliation of any guaranteed energy production shortfall.
 2. Reimburses the school district for any guaranteed energy production shortfall on an annual basis by multiplying any energy production shortfall by either the difference between the guaranteed energy price and the effective utility rate, or an alternative method as mutually agreed on by the school district and the qualified provider.
 - D. The selected qualified provider shall provide a performance bond in accordance with R7-2-1103(A)(1)(c).
 - E. The selected qualified provider shall make public information in the subcontractor's bids.
 - F. For all projects under this Section, the school district shall report to the governor's office and the division of school facilities within the department of administration:
 1. The name of the project.
 2. The name of the qualified provider.
 3. The total cost of the project.
 4. The expected guaranteed energy production and guaranteed energy price, including relevant escalators, if applicable, over the term of the guaranteed energy production contract.
 - G. For all projects under this Section, the school district shall annually report the actual energy production and guaranteed energy price to the division of school facilities within the department of administration no later than October 15.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 27 A.A.R. 2342 (October 22, 2021), effective September 27, 2021 (Supp. 21-4).

PART XII. GENERAL CONTRACT REQUIREMENTS**R7-2-1071. Reserved****R7-2-1072. Cancellation of Solicitations; Rejection of Bids and Proposals**

Each solicitation issued by the school district shall state that the solicitation may be canceled or bids or proposals rejected if it is advantageous to the school district.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1073. Cancellation of Solicitation Before the Due Date and Time

- A. Before the due date and time, a solicitation may be canceled in whole or in part if the school district determines that cancellation is advantageous to the school district. The reasons for the cancellation shall be made part of the procurement file.
- B. The school district shall notify in writing all persons to whom the original notice or solicitation was distributed by the school district. Notice shall be in the same manner as the original notice or solicitation, including posting on a designated site on the Internet, as applicable.
- C. The school district shall not open bids or proposals after cancellation. The school district may discard the bid or proposal 30 days after notice is given in accordance with subsection (B), unless the bidder or offeror requests the bid or proposal be returned.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1074. Cancellation of Solicitation After Bid or Proposal Opening and Before Award

- A. After opening of bids or proposals but before award, a solicitation may be canceled in whole or in part if the school district determines that cancellation is advantageous to the school district. The reasons for the cancellation shall be made part of the procurement file.
- B. The school district shall notify bidders or offerors of the cancellation in writing.
- C. The school district shall retain bids or proposals received under the canceled solicitation in the procurement file. If the school district intends to issue another solicitation within six months after cancellation of the procurement, the school district shall withhold the bids or proposals from public inspection. After award of a contract under the subsequent solicitation, the school district shall make bids or proposals submitted in response to the canceled solicitation available for public inspection except for information determined to be confidential pursuant to R7-2-1006.
- D. In the event of cancellation, the school district shall promptly return any bid security provided by a bidder or offeror.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,

effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1075. Rejection of Individual Bids and Proposals

- A. A bid or proposal may be rejected in whole or in part if:
 - 1. The person responding to the solicitation is determined to be nonresponsive pursuant to R7-2-1076;
 - 2. It is nonresponsive or unacceptable;
 - 3. The proposed price is unreasonable; or
 - 4. It is otherwise not advantageous to the school district.
- B. Bidders or offerors whose bids or proposals are rejected shall be notified. A record of the rejection shall be retained in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1076. Responsibility of Bidders and Offerors

- A. The school district shall make a written determination that a bidder or offeror is responsible before awarding a contract to that bidder or offeror.
- B. If the school district determines a bidder or offeror is nonresponsive, the school district shall promptly send a determination to the bidder or offeror stating the basis for the determination. The school district shall file a copy of the determination in the procurement file.
- C. A finding of nonresponsibility shall not be construed as a violation of the rights of any person.
- D. If the school district included specific responsibility criteria in the solicitation, such criteria shall be considered in determining if a bidder or offeror is responsible.
- E. Factors to be considered in determining if a bidder or offeror is responsible may include:
 - 1. The bidder or offeror's financial, material, personnel or other resources, including subcontracts;
 - 2. The bidder or offeror's record of performance and integrity;
 - 3. Whether the bidder or offeror has been debarred or suspended; and
 - 4. Whether the bidder or offeror is qualified legally to contract with the school district.
- F. The unreasonable failure of a bidder or offeror to promptly supply information in connection with an inquiry with respect to responsibility shall be grounds for a determination of nonresponsibility with respect to the bidder or offeror.
- G. As required by A.R.S. § 41-2540(B), information furnished by a bidder or offeror pursuant to this Section shall not be disclosed outside of the school district without prior written consent by the bidder or offeror except to law enforcement agencies.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1077. Prequalification of Contractors for Materials, Services and Construction

- A. Prospective contractors may be prequalified for particular types of materials, services and construction. Prospective contractors have a continuing duty to provide the school district with information on any material change affecting the basis of

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

prequalification. Solicitation mailing lists of prospective contractors shall include the prequalified contractors.

- B. A prospective contractor need not be prequalified to be awarded a contract. Prequalification does not represent a determination of responsibility.
- C. The existence of a qualified product list pursuant to R7-2-1011(D) does not constitute prequalification of any prospective supplier of that product.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1078. Bid and Contract Security

- A. Bid and performance bonds or other security may be required for material or service contracts to guarantee faithful bid and contract performance if the governing board determines that such requirement is advantageous to the school district. In determining the amount and type of security required for each contract, the governing board shall consider the nature of the performance and the need for future protection to the school district. The requirement for bonds or other security shall be included in the solicitation.
- B. Bid or performance bonds shall not be used as a substitute for a determination of bidder or offeror responsibility.
- C. If a bid or proposal is withdrawn at any time before bid or proposal opening, any bid security shall be returned to the bidder or offeror.
- D. After the contract is awarded, any bid security shall be returned to the unsuccessful bidders or offerors. Upon execution of the contract, if performance bonds or other security were not required, or upon receipt of the specified bonds, if performance bonds or other security were required, the school district shall return any bid security provided by the successful bidder or offeror.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1079. Cost or Pricing Data

- A. The submission of current cost or pricing data may be required in connection with an award in situations in which analysis of the proposed price is essential to determine that the price is fair and reasonable. A contractor shall, except as provided in subsection (C), submit current cost or pricing data and shall certify that, to the best of the contractor's knowledge and belief, the cost or pricing data submitted is accurate, complete and current as of a mutually determined specified date before the date of either:
 1. The pricing of any contract awarded by competitive sealed proposals or pursuant to the sole source procurement authority, if the total contract price is expected to exceed \$100,000.
 2. The pricing of any change order or contract modification which is expected to increase the total contract price which will then exceed \$100,000.
- B. Any contract, change order or contract modification for which certified cost or pricing data is required shall contain a provision that the price to the school district shall be adjusted to exclude any significant amounts by which the school district finds that the price was increased because the contractor-fur-

nished cost or pricing data was inaccurate, incomplete or not current as of the date agreed on between the parties. Such adjustment by the school district may include profit or fee. The school district may reduce the contract price pursuant to R7-2-1081.

- C. The requirements of this Section may be waived if any of the following apply:
 1. The contract price is based on adequate price competition.
 2. The contract price is based on established catalog prices or market prices.
 3. Contract prices are set by law or regulation.
 4. It is determined in writing by the school district that the waiver is advantageous to the school district. The determination shall include the reasons why the waiver is advantageous to the school district.
- D. When applicable, the solicitation shall include a notice that certified cost or pricing data shall be submitted.
- E. In an emergency, cost or pricing data may be submitted at a reasonable time after the contract is awarded.
- F. A copy of all determinations by the school district that pertain to the submission of cost or pricing data shall be retained in the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1080. Refusal to Submit Cost or Pricing Data

- A. If the offeror fails to submit cost or pricing data in the required form, the school district may reject the proposal.
- B. If a contractor fails to submit data to support a price adjustment in the form required, the school district may:
 1. Reject the price adjustment; or
 2. Set the amount of the price adjustment subject to the contractor's rights under R7-2-1141 through R7-2-1185.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1081. Defective Cost or Pricing Data

- A. The school district may reduce the contract price if, upon determination, the cost or pricing data are defective.
- B. The contract price shall be reduced in the amount of the defect plus related overhead and profit or fee if the school district relied upon the defective data in awarding the contract.
- C. Any dispute as to the existence of defective cost or pricing data or the amount of an adjustment due to defective cost or pricing data may be appealed as a contract controversy under R7-2-1141 through R7-2-1185. Pending appeal, the adjusted contract price shall remain in effect.
- D. If certification of either current cost or pricing data is required, the awarded contract shall include notice of the right of the school district to a reduction in price if certified cost or pricing data are subsequently determined to be defective.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1082. Right to Inspect Plant

The school district may at reasonable times inspect the part of the plant or place of business of a contractor or any subcontractor which is related to the performance of any contract awarded or to be awarded by the school district.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).

R7-2-1083. Right to Audit Records

- A. The school district may, at reasonable times and places, audit the books and records of any person who submits cost or pricing data as provided in R7-2-1079 to the extent that the books and records relate to the cost or pricing data. Any person who receives a contract, change order or contract modification for which cost or pricing data is required shall maintain the books and records that relate to the cost or pricing data for five years after completion of the contract.
- B. The school district is entitled to audit the books and records of a contractor or any subcontractor under any contract or subcontract to the extent that the books and records relate to the performance of the contract or subcontract. The books and records shall be maintained by the contractor for a period of five years after completion of the contract and by the subcontractor for a period of five years after completion of the subcontract.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1084. Anticompetitive Practices

- A. If for any reason collusion or other anticompetitive practices are suspected among any bidders or offerors, a notice or the relevant facts shall be transmitted to the governing board and the attorney general. This Section does not require a law enforcement agency conducting an investigation into such practices to convey such notice to the school district.
- B. Upon submitting a bid or proposal, the bidder or offeror shall certify on a form prescribed by the school district that the submission of the bid or proposal did not involve collusion or other anticompetitive practices.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1085. Retention of Procurement Records

All procurement records shall be retained and disposed of in accordance with records retention guidelines and schedules approved by the Arizona State Library, Archives and Public Records.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1086. Record of Procurement Actions

- A. The school district shall maintain a record listing all contracts made under R7-2-1053, Sole source procurements, or R7-2-

1055, Emergency procurements, for a minimum of five years. The record shall contain:

1. Each contractor's name.
2. The amount and type of each contract.
3. A listing of the materials, services or construction procured under each contract.

- B. The record shall be available for public inspection.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1087. Contract Clauses

- A. The school district shall include in solicitations and contracts all contract clauses necessary to ensure the school district's interests are addressed. The school district may modify clauses for inclusion in any particular school district contract, provided that any variations are supported by a written determination that states the circumstances justifying the variation and provided that notice of any material variation is stated in the solicitation.
- B. All contract clauses shall be consistent with the provisions of Articles 10 and 11.
- C. The school district may permit or require the inclusion of clauses providing for appropriate remedies, adjustments in prices, time of performance or other contract provisions.
- D. A contract for the procurement of construction or construction services shall include a provision for the recovery of damages related to expenses incurred by the contractor for a delay for which the school district is responsible, that is unreasonable under the circumstances and that was not within the contemplation of the parties to the contract. This subsection does not void any provision in the contract that requires notice of delays, provides for arbitration or any other procedure for settlement or provides for liquidated damages.
- E. A provision, covenant, clause or understanding in, collateral to or affecting a construction contract or design professional service contract that makes the contract subject to the laws of another state or that requires any litigation, arbitration or other dispute resolution proceeding arising from the contract to be conducted in another state is against the public policy of this state and is void and unenforceable.
- F. A provision or clause for contract termination in accordance with A.R.S. § 38-511. The school district may cancel the Contract within three years after Contract execution without penalty or further obligation if any person significantly involved in initiating, negotiating, securing, drafting, or creating the Contract on behalf of the school district is or becomes at any time while the Contract, or an extension of the Contract is in effect an employee of or a consultant to any party to the Contract with respect to the subject matter of the Contract. The cancellation shall be effective when the Contractor receives written notice of the cancellation unless the notice specifies a later time.
- G. A provision or clause for contract termination if it appears that any person has not complied with A.R.S. § 15-213(O). The school district or school purchasing cooperative may, by written notice, terminate the Contract, in whole or in part, if the school district or school purchasing cooperative determines that any person or vendor has offered, conferred or agreed to confer any personal gift or benefit on any employee of the school district or school purchasing cooperative who super-

CHAPTER 2. STATE BOARD OF EDUCATION

vised or participated in the planning, recommending, selecting or contracting of the Contract.

- H. A provision or clause for contract termination for gratuities. The school district or school purchasing cooperative may, by written notice, terminate the Contract in whole or in part, if the school district or school purchasing cooperative determines that employment or a gratuity was offered or made by the Contractor or a representative of the Contractor to any officer or employee of the school district or school purchasing cooperative for the purpose of influencing the outcome of the procurement or securing the Contract, an amendment to the Contract, or favorable treatment concerning the Contract, including making of any determination or decision about contract performance.
- I. A covenant, clause or understanding in, collateral to or affecting a construction contract or subcontract or a design professional services contract or subcontract that purports to indemnify, to hold harmless or to defend the promisee of, from or against liability for loss or damage resulting from the negligence of the promisee or the promisee's agents, employees or indemnitee is against the public policy of this state and is void.
- J. If a design professional provides work, services, studies, planning, surveys or other preparatory work in connection with a public building or improvement, the school district or property owner may require that the design professional services contract or subcontract require the design professional to indemnify and hold harmless the school district or property owner, and its officers and employees, from liabilities, damages, losses and costs, including reasonable attorney fees and court costs, but only to the extent caused by the negligence, recklessness or intentional wrongful conduct of such design professional or other persons employed or used by such design professional in the performance of the contract or subcontract.
- K. A design professional services subcontract entered into in connection with a public building or improvement may also require any design professional to indemnify and hold harmless the school district or property owner and the indemnified design professional who executed the subcontract, and their respective owners, officers and employees, from liabilities, damages, losses and costs, including reasonable attorney fees and court costs, but only to the extent caused by the negligence, recklessness or intentional wrongful conduct of such design professional, or persons employed or used by the indemnifying design professional in connection with the subcontract.
- L. Nothing in this Section shall prohibit the requirement of insurance coverage that complies with this Section, including the designation of the school district or property owner as an additional insured on a general liability insurance policy or as a designated insured on an automobile liability policy provided in connection with a construction contract or subcontract or design professional services contract or subcontract.
- M. Notwithstanding subsection (I), a contractor who is responsible for the performance of a construction contract or subcontract may fully indemnify a person, firm, corporation, state or other agency for whose account the construction contract or subcontract is not being performed and that, as an accommodation, enters into an agreement with the contractor that permits the contractor to enter on or adjacent to its property to perform the construction contract or subcontract for others.
- N. Except as provided in subsections (J), (K) and (L), a design professional services contract or subcontract entered into in connection with a public building or improvement shall not require that a design professional defend, indemnify, insure or

hold harmless the school district or property owner or its employees, officers, directors, agents, contractors or subcontractors from any liability, damage, loss, claim, action or proceeding, and any contract provision that is not permitted by subsections (J), (K) and (L) is against the public policy of this state and is void.

- O. If any provision or condition contained in this Section conflicts with any provision of a contract between the school district and the federal government, such provision shall not apply to any construction contract or subcontract, or design professional services contract or subcontract to the extent such conflict exists, but all provisions of this Section with which there is no such conflict, shall apply.
- P. In this Section:
 1. "Construction contract or subcontract" means a written or oral agreement relating to the construction, alteration, repair, maintenance, relocation, moving, demolition or excavation of a structure, street or roadway, appurtenance, facility, development, or other improvement to land.
 2. "Design professional services" means architect services, engineer services, land surveying services, geologist services or landscape architect services or any combination of those services performed by or under the supervision of a design professional or any person employed by the design professional.
 3. "Design professional services contract or subcontract" means a written or oral agreement relating to the planning, design, construction administration, study, evaluation, consulting, inspection, surveying, mapping, material sampling, testing or other professional, scientific or technical services furnished in connection with any actual or proposed study, planning, survey, environmental remediation, construction, improvement, alteration, repair, maintenance, relocation, moving, demolition or excavation of a structure, street or roadway, appurtenance, facility, development or other improvement to land.
 4. "Other persons employed or used" means a subcontractor to a contractor or design professional in any tier, or any other person or entity who performs work or design professional services, or provides labor, services, materials or equipment in connection with a construction contract or subcontract or design professional service contract or subcontract subject to this Section.

R7-2-1092. Authority to Use Contract Types

Subject to the limitations of this Section, any type of contract that would be advantageous to the school district may be used, except that the use of a cost-plus-a-percentage-of-cost contract is prohibited.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1093. Multiterm Contracts

- A. Unless otherwise provided by law, multiterm contracts for materials or services and contracts for job-order-contracting construction services may be entered into if the duration of the contract and the conditions of renewal or extension, if any, are included in the invitation for bids or the request for proposals and if monies are available for the first fiscal period at the time the contract is executed. The duration of contracts for materials or services and contracts for job-order-contracting construction services shall be limited to no more than five years unless the governing board determines in writing before the procurement solicitation is issued that a contract of longer duration would be advantageous to the school district. Payment and performance obligations for succeeding fiscal periods are subject to the availability and appropriation of monies.
- B. Before the use of a multiterm contract, it shall be determined in writing by the governing board that:
 1. Estimated requirements cover the period of the contract and are reasonable and continuing.
 2. Such a contract will be advantageous to the school district by encouraging effective competition or otherwise promoting economies in school district procurement.
- C. The school district shall include in all multiterm contracts a clause specifying that the contract shall be canceled if monies are not appropriated or otherwise made available to support the continuation of performance in a subsequent fiscal year.
- D. If monies are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled and the contractor may only be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the materials or services delivered under the contract or which are otherwise not recoverable. The cost of cancellation may be paid from any appropriations available for such purposes.
- E. A contract for specified professional services shall have a term not to exceed five years after the date of contract award by the school district of the first contract under the procurement, except that the contract may continue in effect after the five year term for projects on which the rendering of specified professional services commences within the five year term.
- F. Notwithstanding this Section, contracts for auditors and auditing firms shall have a term as prescribed in A.R.S. § 15-213.

ARTICLE 11. SCHOOL DISTRICT PROCUREMENT (CONTINUED)

PART XIV. PROCUREMENT OF CONSTRUCTION

R7-2-1100. Construction Project Delivery Methods

- A. For the design-bid-build project delivery method, the school district shall procure:
 1. Design services pursuant to R7-2-1117 through R7-2-1123, except as authorized by R7-2-1053 and R7-2-1055.
 2. Construction by competitive sealed bidding pursuant to R7-2-1021 through R7-2-1032 and R7-2-1102 through R7-2-1105, except as authorized by R7-2-1033, R7-2-1053, R7-2-1055, and R7-2-1101.
- B. For construction-manager-at-risk, design-build and job-order-contracting project delivery methods, the school district shall procure construction services pursuant to R7-2-1102 through R7-2-1115.
- C. For construction-manager-at-risk project delivery method, the school district shall purchase design services pursuant to R7-2-1117 through R7-2-1123.
- D. For job-order-contracting project delivery method, the school district may include design services in the job-order-contracting construction services contract, but if the school district does not include design services in the contract, the school district shall procure any design services relating to construction services projects under the contract pursuant to R7-2-1117 through R7-2-1123.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1101. Qualified Select Bidders List

- A. The school district may use the qualified select bidders list method to determine the vendors who receive the notice of competitive sealed bidding for a construction contract. The qualified select bidders list shall be determined in accordance with this Section.
- B. Sealed prime contractor or construction materials supplier statements of qualifications shall be solicited through requests for qualifications.
 1. Notice of the request for qualifications shall be given by the school district pursuant to R7-2-1022 and R7-2-1024(C).
 2. Requests for qualifications shall be issued at least 21 days before the due date and time for submission.
 3. Use of the qualified select bidders list shall be restricted to the specific project identified in the request for qualifications.
 4. The qualified select bidders list shall consist of at least three prime contractors when a contractor is solicited or three construction material suppliers when material suppliers are solicited.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

5. The qualified select bidders list for any specific project is valid for one year but may be extended for an additional year, at the option of the school district.
- C. The request for qualifications shall include the following:
 1. Notice that all information and statements of qualifications submitted by persons will be made available for public inspection following the establishment of a qualified select bidders list.
 2. Instructions and information to persons concerning the statement of qualifications submission requirements, including the due date and time for submission, the address of the office at which the statements of qualifications are to be received, and any other special information.
 3. The anticipated evaluation period and selection of a qualified select bidders list.
 4. General information on the project site or sites, scope of work, schedule, evaluation criteria, project design and construction budget, or life cycle budget for a procurement that includes maintenance, operations, and finance services.
 5. The weight prescribed by the school district for each of the criteria to be used in making the evaluation.
 6. The criteria to be used in making the evaluation, which shall include at a minimum:
 - a. Person's capabilities and qualifications for performing the scope of work;
 - b. Person's project team, and key members' education, training and qualifications;
 - c. Method of approach, including subcontractor plan, safety plan;
 - d. Safety record and worker's compensation rate;
 - e. Projected construction schedule;
 - f. Current workload;
 - g. Five most recent representative examples of similar work along with references for each example;
 - h. Current bonding availability and capacity;
 - i. Any judgment or liens against the person within the last three years;
 - j. Any current unresolved bond claims against the person;
 - k. Any deficiency orders issued against the prime contractor by the Arizona Registrar of Contractors within the last three years; and
 - l. Any filing under the United States Bankruptcy Code, assignments for the benefit of creditors, or other measures taken for the protection against creditors during the last three years.
 7. The type of contract to be used.
 8. The name of the district representative or district representatives.
 9. The expiration date of the qualified select bidders list if less than one year.
 10. A statement that the school district reserves the right to conduct interviews as part of the evaluation process.
 11. The date, time and location of any pre-submittal conference.
- D. The school district may conduct a pre-submittal conference not less than 14 days prior to the statement of qualifications due date and time for the purposes of explaining the requirements of the request for qualifications.
- E. Amendments to request for qualifications.
 1. An amendment to a request for qualifications shall be issued if necessary to do any of the following:
 - a. Make changes in the request for qualifications;
 - b. Correct defects or ambiguities;
 - c. Furnish to persons information given to any other person, if the information will assist the persons in submitting their statements of qualifications or if the lack of the information will prejudice the persons;
 - d. Provide additional information or instructions; or
 - e. Extend the due date and time if the school district determines that an extension is advantageous to the school district.
 2. Amendments to a request for qualifications shall be so identified and the school district shall ensure that the amendments are distributed or made available to all persons to whom the original request for qualifications was distributed or made available. The school district shall make a copy of the amendments to a request for qualifications available for public inspection at the school district office. If the school district posted the request for qualifications or a notice of the availability of a request for qualifications on a designated site on the Internet, then the school district shall post any amendments to the request for qualifications on the same designated site on the Internet. The school district shall also do one or more of the following:
 - a. Distribute the amendment, by any method reasonably calculated to ensure delivery, to all persons to whom the request for qualifications was distributed;
 - b. Make the amendment available and issue a notice of amendment which contains instructions for obtaining copies of the amendment. The notice of amendment shall be distributed, by any method reasonably calculated to ensure delivery, to all persons to whom the request for qualifications was distributed. Upon receipt of such notice of amendment, it is the responsibility of the person to obtain the amendment.
 3. Amendments to request for qualifications shall be issued within a reasonable time before the due date and time to allow persons to consider them in preparing their statements of qualifications. If the school district determines that the due date and time in the request for qualifications does not permit sufficient time for statement of qualifications preparation, the due date and time shall be extended in the amendment or, if necessary, by telephone, facsimile, email, or other communications methods, and confirmed in the amendment.
 4. A person shall acknowledge receipt of an amendment in the manner specified in the request for qualifications or the amendment on or before the due date and time.
- F. Pre-submittal modification or withdrawal of statements of qualifications
 1. A person may modify or withdraw a statement of qualifications in writing at any time before the prescribed due date and time if the modification or withdrawal is received before the due date and time at the location designated in the request for qualifications for receipt of statements of qualifications.
 2. All documents concerning a modification or withdrawal of a statement of qualifications shall be retained in the procurement file.
- G. Late statements of qualifications, late withdrawals and late modifications
 1. A statement of qualifications, modification or withdrawal is late if it is received at the location designated in the

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

request for qualifications for receipt of statements of qualifications after the due date and time.

2. A late statement of qualifications, late modification, or late withdrawal shall be rejected, unless the statement of qualifications, modification or withdrawal would have been timely received but for the action or inaction of school district personnel and is received before the qualified select bidders list is established.
 3. Upon receiving a late statement of qualifications, late modification, or late withdrawal, the school district shall record the time and date of receipt and promptly send notice of late receipt to the person. The school district may discard the document 30 days after the date on the notice unless the person requests the document be returned.
 4. All documents concerning acceptance of a late statement of qualifications, late modification, or late withdrawal shall be retained in the procurement file.
- H. Receipt, opening and recording statements of qualifications**
1. A school district shall maintain a record of statements of qualifications and modifications received for each solicitation, shall record the time and date when each statement of qualifications or modification is received, and shall store each unopened statement of qualifications or modification in a secure place until the due date and time.
 - a. If required to confirm a vendor's inquiry regarding receipt of its statement of qualifications prior to the due date and time, a school district may open a statement of qualifications to identify the vendor. If this occurs, the school district shall record the reason for opening the statement of qualifications, the date and time the statement of qualifications was opened, and the solicitation number. The school district shall secure the statement of qualifications and retain it for public opening.
 - b. One or more witnesses shall be present for the opening of a statement of qualifications under subsection (H)(1)(a).
 2. Statements of qualifications and modifications shall be opened publicly at the date, time and location designated in the request for qualifications in the presence of one or more witnesses. The name of each person and any other relevant information deemed appropriate by the school district shall be recorded. The person opening the statements of qualifications and all witnesses shall sign the record.
 - a. The record created in subsection (H)(2) shall be available for public inspection.
 - b. The statements of qualifications shall not be open for public inspection until after the qualified select bidders list has been established.
- I. Establishing the qualified select bidders list.**
1. The qualified select bidders list shall be established by determining the highest rated persons from the statements of qualifications received. This will be a minimum of three and a maximum of five.
 2. For each qualified select bidders list process there will be established by the school district an evaluation committee composed of five members. These members shall include the project designer or construction material specifier, one member from the prime contracting or construction material supplier community that performs commensurate level work and is disinterested in this project, a school district facilities representative and two other members as designated by the school district.
3. The evaluation committee shall review and score each statement of qualifications received according to the established evaluation criteria. The committee shall rank the statements of qualifications in accordance with the scores.
 4. The committee may conduct interviews before making the final determination of the qualified select bidders list. The committee shall document the interviews in writing.
 5. The committee shall select at least three and not more than five of the highest scoring persons for the qualified select bidders list.
 6. The district representative shall review the committee's qualified select bidders list. The district representative shall:
 - a. Accept the list as submitted;
 - b. Return the list for additional committee review;
 - c. Reject the list and terminate the process.
 7. A one-year eligibility period for the qualified select bidders list shall begin on the date the district representative accepts it. The qualified select bidders list may be extended one year at the option of the school district.
 8. Once the qualified select bidders list is established, a written notice of the selected persons shall be sent to all the persons that submitted statements of qualifications.
 9. After the establishment of the qualified select bidders list, a written record showing the basis for determining the qualified select bidders list shall be prepared by the district representative and retained in the procurement file. Within 10 days after the qualified select bidders list has been established, the school district shall make the procurement file, including all statements of qualifications, available for public inspection.
 - a. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection.
 - b. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.
 10. The qualified select bidders shall be provided an invitation for bids in accordance with R7-2-1024 to R7-2-1032. For any projects not identified in the request for qualifications, the school district may not solicit bids on those projects under the qualified select bidders list either in the initial one-year period or the one-year extension period.
 11. The project identified in the request for qualifications shall have invitation for bids issued within the initial one-year period, or in the one-year extension period, to be awarded a contract under that qualified select bidders list.
- J. Terminating the process for insufficient response or selection**
1. In the event that less than three statements of qualifications are received, this procurement process shall cease and the school district may elect to reissue the request for qualifications or pursue other procurement methods.
 2. In the event that less than three persons are identified by the selection committee as being the most highly qualified, this procurement process shall cease and the school district may elect to reissue the request for qualifications or pursue other procurement methods.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- K. A copy of the request for qualifications shall be made available for public inspection at the school district office.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1102. Bid Security

- A. Bid security shall be required for all competitive sealed bidding for construction contracts, and for all competitive sealed proposals for design-build construction services or job-order-contracting construction services procured pursuant to R7-2-1111, if the price, excluding the cost of any finance services, maintenance services, operations services, design services, preconstruction services, or other related services included in the contract, is estimated by the school district to exceed the amount established by R7-2-1002(A).
- B. Invitations for bid on school district construction contracts and requests for proposals for design-build construction services or job-order-contracting construction services, shall require submission of bid security as follows:
1. For design-build construction services, ten percent of the contractor's bid.
 2. For design-build construction services awarded by competitive sealed proposals pursuant to R7-2-1111, ten percent of the school district's construction budget for the project as stated in the request for proposals, excluding finance services, maintenance services, operations services, design services, preconstruction services or any other related services included in the contract.
 3. For job-order-contracting construction services awarded by competitive sealed proposals pursuant to R7-2-1111, the amount prescribed by the school district in the request for proposals, but not more than ten percent of the school district's reasonably estimated budget for construction that the school district believes is likely to actually be done during the first year under the contract, excluding any finance services, maintenance services, operations services, design services, preconstruction services or other related services included in the contract.
- C. Acceptable bid security shall be limited to:
1. An annual or one-time bid bond executed and furnished as required by A.R.S. Title 34, Chapter 2 or 6, as applicable; or
 2. A certified check.
- D. The school district may issue a written determination to accept the bid security if the bid security fails to comply in a nonsubstantial manner when:
1. Only one bid or proposal is received and there is not sufficient time to rebid or resolicit proposals;
 2. The amount of the bid security submitted, although less than the amount required by the invitation for bids or request for proposals, is equal to or greater than the difference between the apparent low bid or highest scoring proposal and the next higher acceptable bid or next highest scoring proposal; or
 3. The bid security is inadequate as a result of modifying or correcting a bid in accordance with R7-2-1027 or R7-2-1030, if the bidder increases the amount of security to required limits within two days after notification.

- E. After the bids and proposals are opened, they are irrevocable for the period specified in the invitation for bids or request for proposals, except as provided in R7-2-1030. If a bidder or offeror is permitted to withdraw its bid before award, no action may be had against the bidder or offeror or the bid security.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1103. Contract Performance and Payment Bonds

- A. The following bonds or security is required and is binding on the parties to the contract if the value of a construction or construction services award exceeds the amount established by R7-2-1002(A):
1. A performance bond that is executed and furnished as required under Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal to 100 percent of the price specified in the contract conditioned on the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract, except that:
 - a. For job-order-contracting construction services, the performance bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district's reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
 - b. For construction-manager-at-risk construction services and design-build construction services, the amount of the performance bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services and other related services included in the contract. This bond is solely for the protection of the school district. The conditions and provisions of the performance bond regarding the surety's obligations shall follow the form required under A.R.S. § 34-222(G) or A.R.S. § 34-610(G), as applicable.
 - c. For guaranteed energy cost savings contracts and guaranteed energy production contracts, the amount of the performance bond shall be one hundred percent of the project amount to the school district for its faithful performance of the equipment installation.
 2. A payment bond that is executed and furnished as required by Arizona Revised Statutes Title 34, Chapter 2, Article 2 or Chapter 6, as applicable, in an amount equal

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

to one hundred percent of the price specified in the contract for the protection of all persons supplying labor or material to the contractor or its subcontractors for the performance of the construction provided for in the contract, except that:

- a. For job-order-contracting construction services, the payment bond shall cover the full amount of construction under the job-order-contracting construction services contract, shall not include any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract, may be a single bond for the full term of the contract, a separate bond for each year of a multiyear contract or a separate bond for each job order, as determined by the school district, and, if a single bond for the full term of the contract or a separate bond for each year of a multiyear contract, shall initially be based on the school district's reasonable estimate of the amount of construction that the school district believes is likely to actually be done during the full term of the contract or during the particular year of a multiyear contract, as applicable.
 - b. For construction-manager-at-risk construction services and design-build construction services, the amount of the payment bond shall be the price of construction and shall not include the cost of any design services, preconstruction services, finance services, maintenance services, operations services or other related services included in the contract. The conditions and provisions of the payment bond regarding the surety's obligations shall follow the form required under A.R.S. § 34-222(F) or A.R.S. § 34-610(F), as applicable.
- B.** For design-bid-build construction, the bonds prescribed in subsection (A) shall be provided on and at the same time as execution of the construction contract. For construction-manager-at-risk, design-build and job-order-contracting construction services, the bonds prescribed in subsection (A) shall be provided only on and at the same time as execution of a contract or contract modification that commits the contractor to provide construction for a fixed price, guaranteed maximum price or other fixed amount within a designated time frame.
- C.** If the prime contract or specifications require any persons supplying labor or materials in the prosecution of the work to furnish payment or performance bonds, these bonds shall be executed solely by a surety company or companies holding a certificate of authority to transact surety business in this state issued by the director of the Department of Insurance pursuant to Arizona Revised Statutes Title 20, Chapter 2, Article 1. Notwithstanding the provisions of any other statute, the bonds shall not be executed by an individual surety or sureties, even if the requirements of A.R.S. § 7-101 are satisfied.
- D.** If a contractor fails to deliver the required performance bond or payment bond, the contractor's bid shall be rejected, its bid security shall be enforced, and award of the contract shall be made pursuant to Articles 10 and 11.
- E.** This Section shall not be construed to limit the authority of the school district to require a performance bond or other security in addition to those bonds or in circumstances other than specified in subsection (A).
- F.** Any person who furnishes labor or material to the contractor or its subcontractors for the work provided in the contract, in respect of which a payment bond is furnished under this Sec-

tion, and who has not been paid in full within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made has the right to sue on the payment bond for any amount unpaid at the time the suit is instituted and to prosecute the action for the amount due the person. However, any person who has a contract with a subcontractor of the contractor, but no express or implied contract with the contractor furnishing the payment bond, has a right of action on the payment bond on giving the contractor, only, a written preliminary 20-day notice as provided for in A.R.S. § 33-992.01, subsection (C)(1), (2), (3), and (4) and subsections (D), (E), and (H), and upon giving written notice to the contractor within 90 days from the date on which the last of the labor was performed or material was supplied by the person for whom the claim is made. The person shall state in the notice the amount claimed and the name of the party for whom the labor was performed or to whom the material was supplied. The notice shall be personally served or sent by registered mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. The term "one hundred" was changed to "100" to reflect current standards in Chapter style and format (Supp. 21-2).

R7-2-1104. Contract Payment Retention and Substitute Security

- A.** Ten percent of all construction contract payments shall be retained by the school district as insurance of proper performance of the contract or, at the option of the contractor, a substitute security may be provided by the contractor pursuant to this Section. The contractor is entitled to all interest from any such substitute security. When the contract is fifty percent completed, one-half of the amount retained or securities substituted pursuant to this Section shall be paid to the contractor upon the contractor's request provided the contractor is making satisfactory progress on the contract and there is no specific cause or claim requiring a greater amount to be retained. After the contract is fifty percent completed, no more than five percent of the amount of any subsequent progress payments made under the contract shall be retained providing the contractor is making satisfactory progress on the project, except if at any time the governing board determines satisfactory progress is not being made, ten percent retention shall be reinstated for all progress payments made under the contract subsequent to the determination.
- B.** Notwithstanding subsection (A), there shall be no retention for job-order-contracting construction services contracts. The school district may elect to have no retention for construction-manager-at-risk and design-build construction services contracts. If the school district elects to have retention, then payment retention for construction-manager-at-risk and design-build contracts shall be in accordance with this Section.
- C.** Retention applies only to amounts payable for construction and does not apply to amounts payable for design services, preconstruction services, finance services, maintenance services, operations services, or any other related services included in the contract.
- D.** The form of substitute security is limited to the following:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

1. An assignment of time certificates of deposit by financial institutions licensed by this state;
2. Share certificate of a financial institution or credit union authorized to transact business in this state; or
3. Security issued or guaranteed as to principal and interest by:
 - a. The United States;
 - b. The state;
 - c. Counties, municipalities and school districts within this state.

E. Conditions for use of substitute security.

1. A contractor may submit substitute security to replace contract payment retention if:
 - a. The use of substitute security is requested of the school district or designee for work performed under the contract. The contractor shall have the option of submitting the substitute security:
 - i. Prior to each progress payment in an amount of no less than five percent of each progress payment; or
 - ii. Once, prior to the first progress payment in an amount no less than five percent of the total contract amount.
 - b. The interest earned on such security shall accrue to the benefit of the contractor, but shall be retained until the school district has approved completion and acceptance of all work to be performed under the contract;
 - c. The term of such security shall not mature until after the estimated contract completion date; and
 - d. The security shall mature no later than one year after the estimated contract completion date.
2. The substitute security shall not be released without written approval by the school district.
3. A contractor may submit a single substitute security for more than one project provided that:
 - a. The amount of such security is sufficient to cover the aggregate retention amount;
 - b. The school district determines that such single substitute security is advantageous to the school district; and
 - c. Such security complies with the requirements of subsection (E)(1).

F. Any retention shall be paid or substitute security shall be returned to the contractor within 60 days after final completion and acceptance of work under the contract. Retention of payments by a school district longer than 60 days after final completion and acceptance requires a specific written finding by the governing board of the reasons justifying the delay in payment. No school district may retain any monies after 60 days which are in excess of the amount necessary to pay the expenses the governing board reasonably expects to incur in order to pay or discharge the expenses determined in the finding justifying the retention of monies.**G. The school district shall not accept any substitute security unless accompanied by a signed and acknowledged waiver of any right or power of the obligor to set off any claim against either the school district or the contractor in relationship to the security assigned. In any instance in which the school district accepts substitute security as provided in this Section, any subcontractor undertaking to perform any part of the contract is entitled to provide such security to the contractor.****Historical Note**

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1105. Progress Payments

- A.** Progress payments may be made by the school district to the contractor on the basis of a duly certified and approved estimate of the work performed during the preceding month if the contractor agrees to adhere to the provisions of A.R.S. § 41-2577(B), (D), and (F). Payment shall be made within 14 days after the estimate of the work is certified and approved, except that a percentage of all estimates shall be retained as provided in R7-2-1104. The estimate of the work shall be deemed received by the school district on submission of the estimate of the work to the school district or a person designated by the school district for the submission, review or approval of the estimate of the work. An estimate of the work submitted under this Section shall be considered approved and certified after seven days from the date of submission unless before that time the school district or designee prepares and issues a specific written finding detailing those items in the estimate of the work that are not approved and certified under the contract or design professional service contract. The school district may withhold an amount from the progress payment sufficient to pay the expenses the school district reasonably expects to incur in correcting the deficiency set forth in the written finding. No contract for construction or design professional service contract may materially alter the rights of any contractor, subcontractor, design professional or material supplier to receive prompt and timely payment as provided under this Section. On completion and acceptance of separate divisions of the contract or design professional service contract on which the price is stated separately in the contract, payment may be made in full including retained percentages, less deductions, unless a substitute security has been provided pursuant to R7-2-1104.
- B.** Progress payments pursuant to subsection (A) are authorized for construction services and design professional services contracts. The requirements of subsection (A) apply only to amounts payable in a construction services contract for construction and in a contract for design services and do not apply to amounts payable in a contract for preconstruction services, finance services, maintenance services, operations services or any other related services included in the contract.
- C.** A subcontractor or design professional may notify the school district, in writing, requesting that the subcontractor or design professional be notified by the school district in writing within five days from payment of each progress payment made to the contractor. The subcontractor's or design professional's request remains in effect for the duration of the subcontractor's or design professional's work on the project.
- D.** If any payment to a contractor is delayed after the date due, interest shall be paid at the rate of one percent per calendar month, or a fraction of a calendar month, on such unpaid balance as may be due.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

Amended by final exempt rulemaking at 26 A.A.R. 597,
effective July 1, 2020 (Supp. 20-1).

R7-2-1106. Procurement of Construction Using Alternative Project Delivery Methods

- A.** A school district may use an alternative project delivery method if it determines in writing that such alternative project delivery method is advantageous to the school district. The following factors may be used for such determination:
1. Cost and cost control method;
 2. Value engineering;
 3. Market conditions;
 4. Schedule;
 5. Required specialized expertise;
 6. Technical complexity of the project; or
 7. Project management.
- B.** Use of alternative project delivery methods
1. Alternative project delivery methods for construction services shall be procured as provided in R7-2-1100.
 2. For design-build construction services and construction-manager-at-risk construction services, the school district is limited to one contract per procurement.
 - a. Alternatively, for construction-manager-at-risk construction services, a school district may elect separate contracts for preconstruction services during the design phase, for construction during the construction phase and for any other construction services.
 - b. Alternatively, for design-build construction services, a school district may elect separate contracts for preconstruction services and design services during the design phase, for construction and design services during the construction phase and for any other construction services.
 - c. If the school district enters into the first contract for preconstruction services or construction services the procurement ends. After execution of that first contract the school district may not use the procurement or the existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
 3. For job-order-contracting construction services, the school district may award a single contract, or multiple contracts for similar job-order-contracting construction services to be awarded to separate persons. If the school district enters into the number of contracts specified under the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any existing final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
 4. All construction-manager-at-risk construction services or design-build construction services included in a procurement shall be limited to construction services to be performed at a single location, a common location or, if the construction services are all for a similar purpose, multiple locations. For construction-manager-at-risk construction services and design-build construction services to be performed at multiple locations:
 - a. At the time the request for qualifications is issued, the school district shall intend to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.

- b. The request for qualifications shall include the information described in R7-2-1108(B)(2).
5. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1107, R7-2-1108, R7-2-1110, and R7-2-1111, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on the final list or for any other purpose in the selection process, except as provided in R7-2-1110(D) and R7-2-1111.
6. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.
7. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in R7-2-1106 through R7-2-1115:
 - a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed with the participating persons if there are at least two participating responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.
 - b. As to a request for qualifications to be negotiated pursuant to R7-2-1110(D), if only one responsive and responsible person responds to the request for qualifications or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing board determines in writing that the negotiated fee is fair and reasonable and that either other prospective persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.
 - c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1107. Selection Committee

- A.** The school district shall initiate an appropriately qualified selection committee for each request for qualifications. The school district shall ensure that selection committee members are competent to serve on the selection committee.
- B.** Each selection committee shall include at least one school district representative appointed by the school district.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- C. The selection committee shall not have more than seven members and shall include at least one person who is a senior management employee of a licensed contractor and one person who is an architect or an engineer who is registered pursuant to A.R.S. § 32-121.
- D. Non-school district employees serving on a selection committee shall not receive compensation from the school district for performing this service, but the school district may elect to reimburse non-school district members for travel, lodging and other expenses incurred in connection with service on a selection committee.
- E. A person who is a member of a selection committee shall not be a contractor or subcontractor under a contract awarded under the procurement or provide any specified professional services, construction, construction services, materials or other services under the contract.
- F. For the procurement of multiple contracts for job-order-contracting, the same selection committee shall be used for all contracts in the procurement.
- 3. General information on the project site, scope of work, schedule, selection criteria, project design and construction budget, or life cycle budget for a procurement that includes maintenance, operations, and finance services.
- 4. The criteria and the weight prescribed by the school district for each of the criteria to be used in making the evaluation.
 - a. All selection criteria shall be factors that demonstrate competence and qualifications for the type of construction services included in the procurement.
 - b. One of the criteria shall be the person's subcontractor selection plan or procedures to implement the school district's subcontractor selection plan.
 - c. If interviews will be held, state the selection criteria and relative weights to be used in selecting the persons to be interviewed. The request for qualifications may state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list. The final list selection criteria and relative weights may be different than the selection criteria and relative weights used to determine the persons to be interviewed. The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the school district's request for qualifications.
 - d. If interviews will not be held, state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list.
- 5. Whether one contract or multiple contracts may or will be awarded.
 - a. For design-build construction services, construction-manager-at-risk construction services, and a single contract for job-order-contracting construction services, state that one person may or will be awarded the contract.
 - b. For multiple contracts for similar job-order-contracting construction services, state the number of contracts that may or will be awarded, the job-order-contracting construction services to be performed under each of the contracts, and that each of the multiple contracts will be awarded to a separate person.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1108. Request for Qualifications

- A. Notice of the need for construction services shall be given by the school district pursuant to R7-2-1022 and R7-2-1024(C). Such notice shall be issued not less than 14 days in advance of when responses shall be received. The notice shall:
 - 1. Contain a statement of the construction services required that adequately describes the procurement and specifies how a request for qualifications containing specific information on the procurement may be obtained;
 - 2. Specify whether the procurement is for a single contract or, for job-order-contracting construction services only, for multiple contracts; and
 - 3. If the procurement is for multiple job-order-contracting construction services contracts:
 - a. Specify that multiple contracts may or will be awarded;
 - b. Specify the number of contracts that may or will be awarded; and
 - c. Describe the construction services to be performed under each contract.
- B. The request for qualifications shall include the following:
 - 1. Instructions and information to persons concerning the statement of qualifications submission requirements, including the due date and time for receipt of statements of qualifications, the address of the office at which the statements of qualifications are to be received, and any other special information.
 - 2. In a procurement of construction-manager-at-risk construction services or design-build construction services to be performed at multiple locations, include:
 - a. A brief description of the construction services to be performed at each location;
 - b. The estimated budget for the construction services to be performed at each location; and
 - c. A schedule for the construction services to be performed at each location that shows the school district's intent to commence all construction at each location within thirty months after execution of the first contract for preconstruction services or other construction services at any of the locations.
 - 6. In a procurement where the contract is to be negotiated under R7-2-1110(D):
 - a. State that there will be a single final list of at least three and not more than five persons for a design-build, construction-manager-at-risk, or single job-order-contracting construction services award.
 - b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.
 - 7. In a procurement in which the contract will be awarded under R7-2-1111:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- a. State that there will be a single final list and that the number of persons on the final list will be three for a design-build or single job-order-contracting construction services award.
 - b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.
8. The type of contract to be used.
 9. The name of the district representative or district representatives and the publicly available location of the school district's protest policy and procedures.
 10. If the school district will hold interviews as part of the selection process:
 - a. State that interviews will be held and that the interviews will be with at least three and not more than five persons for a design-build, construction-manager-at-risk, or single job-order-contracting construction services procurement.
 - b. In a procurement for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, state that interviews will be held and that the interviews will be with a specified number of persons. The specified number shall be stated in the request for qualifications, shall be determined by the school district and shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.
 11. The manner in which subcontractors shall be selected, either:
 - a. A requirement that each person submit a proposed subcontractor selection plan and a requirement that the proposed subcontractor selection plan shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone; or
 - b. A subcontractor selection plan adopted by the school district that applies to the person that is selected to perform the construction services and that requires subcontractors to be selected based on qualifications alone or on a combination of qualifications and price and not based on price alone and a requirement that each person shall submit a description of the procedures it proposes to use to implement the school district's subcontractor selection plan.
 12. Notice that all information and statements of qualifications submitted by persons will be made available for public inspection after the school district has entered into a single contract or all of the multiple contracts.
- C. A copy of the request for qualifications shall be made available for public inspection at the school district office.

Historical Note

New Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final

exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1109. Receipt and Opening of Statements of Qualifications, Technical Proposals and Price Proposals for Design-build and Job-order-contracting

- A. Statements of qualifications, technical proposals and price proposals shall be received and opened in accordance with R7-2-1045. Late statements of qualifications, proposals, modifications, or withdrawals shall be considered in accordance with R7-2-1044 and R7-2-1049.
- B. A school district may cancel a request for qualifications or a request for proposals, reject in whole or in part any or all statements of qualifications or proposals or determine not to enter into a contract as specified in the solicitation if it is advantageous to the school district. The school district shall make the reasons for cancellation, rejection or determination not to enter into a contract part of the procurement file.

Historical Note

New Section made by exempt rulemaking at 13 A.A.R. 1266, effective February 26, 2007 (Supp. 07-1). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1110. Committee Evaluation and Contract Award

- A. If interviews are specified in the request for qualifications:
 1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.
 2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list and to determine their order on the final list are not included in the request for qualifications:
 - a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
 - b. These selection criteria and relative weights may be different than the selection criteria and relative weight used to determine the persons to be interviewed.
 3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.
- B. Based solely on the selection criteria and relative weights for selection of the persons on the final list and their order on the final list, the selection committee shall select the persons for the final list and, in the case of a final list for a contract that will be negotiated under subsection (D), rank the persons in order of preference.
- C. The school district shall make the following notifications regarding the final lists:
 1. If the contract will be negotiated under subsection (D) before or at the same time as the school district notifies the highest ranking person on the final list that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- a. If interviews were held, the other persons interviewed.
 - b. If interviews were not held, the other persons that made submittals.
2. If the contract will be awarded under R7-2-1111, before or at the same time as the school district notifies the persons on the final list that they are on the final list, the school district shall send actual notice to each of the following persons that they are not on the final list or that other persons are on the final list:
 - a. If interviews were held, the other persons interviewed.
 - b. If interviews were not held, the other persons that made submittals.
- D. The school district shall conduct negotiations with persons on the final list as follows:
 1. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the construction services to be rendered.
 2. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
 3. If the procurement is for multiple contracts for similar job-order-contracting construction services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.
 4. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the construction services covered by the final list with any person with whom the school district terminated negotiations.

at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1111. Alternative Procedure for Design-build or Job-order-contracting Construction Services

- A. As an alternative to R7-2-1110(D), the school district may award a single contract for design-build construction services or a single or multiple contracts for similar job-order-contracting construction services pursuant to this Section.
- B. The school district shall use the selection committee appointed for the request for qualifications pursuant to R7-2-1107.
- C. The school district shall issue a request for proposals to the persons on the final list developed pursuant to R7-2-1110(A) through (C). The request for proposals shall be issued at least 14 days before the due date and time for receipt of proposals unless a shorter time is determined necessary by the school district.
- D. The request for proposals shall include the following:
 1. A statement that the procurement is for a single contract or, for similar job-order-contracting construction services only, for multiple contracts.
 2. If the procurement is for multiple contracts for similar job-order-contracting construction services, the notice shall specify that multiple contracts will be awarded, shall specify the number of contracts that will be awarded, shall specify the number of offerors to whom contracts will be awarded which shall be the number of contracts in the procurement, and shall describe the job-order-contracting services to be performed under each contract.
 3. Instructions and information to persons concerning the proposal submission requirements, including the due date and time for receipt of proposals, the address of the office at which proposals are to be received, the proposal acceptance period, and any other special information.
 4. The school district's project schedule and project final budget for design and construction or life cycle budget for a procurement that includes maintenance services or operations services.
 5. If a single contract will be awarded, a statement that the contract will be awarded to the person whose proposal receives the highest number of points under a scoring method. If multiple contracts for similar job-order-contracting services will be awarded, a statement that the multiple contracts will be awarded to a specified number of offerors whose proposals receive the highest number of points under a scoring method. The specified number of offerors will be the number of contracts included in the procurement.
 6. A description of the scoring method, including a list of the factors in the scoring method and the number of points allocated to each factor.
 7. For design-build constructions services only, the design requirements, including the required features, functions, characteristics, qualities and properties, the anticipated schedule, including start, duration and completion, and the estimated budgets applicable to the specific procurement for design and construction and, if applicable, for operation and maintenance. Drawings and other documents illustrating the scale and relationship of the features, functions and characteristics of the project, which shall all be prepared by an architect or engineer, as appropriate, and additional design information or documents specified by the school district, may also be included.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

8. A requirement that each offeror submit separately a technical proposal and a price proposal and that the offeror's entire proposal is responsive to the requirements in the request for proposals. For design-build construction services, the price in the price proposal shall be a fixed price or a guaranteed maximum price.
 9. A statement that in applying the scoring method, the selection committee will separately evaluate and score the technical proposal before opening, evaluating, and scoring the price proposal.
 10. If the school district desires to conduct discussions with offerors, a statement that discussions may be held and a requirement that each offeror submit a preliminary technical proposal before the discussions are held.
 11. Type of contract to be used.
 12. That offerors may designate as proprietary portions of the proposal.
 13. Notice that all information and proposals submitted by offerors, except as stated in subsection (D)(12), will be made available for public inspection after the school district has entered into a single contract or all of the multiple contracts.
 14. The contract terms and conditions, including warranty and bonding or other security requirements, as applicable.
 15. The name of the district representative or district representatives.
 16. If the request for proposals incorporates documents by reference, the request for proposals shall specify where such documents may be obtained.
- E.** The factors in the scoring method described in the request for proposals may include:
1. For design-build construction services only, demonstrated compliance with the design requirements.
 2. Offeror qualifications.
 3. Offeror financial capacity.
 4. Compliance with the school district's project schedule.
 5. For design-build construction services only, if the request for proposals specifies that the school district will spend its project budget and not more than its project budget and is seeking the best proposal for the project budget, compliance of the offeror's price or life cycle price for procurements that include maintenance services, operations services or finance services with the school district's budget as prescribed in the request for proposals.
 6. For design-build construction services if the request for proposals does not contain the specifications prescribed in subsection (E)(5) and for job-order-contracting construction services, the price or life cycle price for procurements that include maintenance services, operations services or finance services.
 7. An offeror quality management plan.
 8. Other evaluation factors that demonstrate competence and qualifications for the type of construction services in the request for proposals as determined by the school district, if any.
- F.** If determined by the school district and included in the request for proposals, the selection committee shall conduct discussions with all offerors that submit preliminary technical proposals. Discussions shall be for the purpose of clarification to ensure full understanding of, and responsiveness to, the solicitation requirements. Offerors shall be accorded fair treatment with respect to any opportunity for discussion and for clarification by the school district. Revision of preliminary technical proposals shall be permitted after submission of preliminary technical proposals and before award for the purpose of obtaining best and final proposals. In conducting any discussions, information derived from proposals submitted by competing offerors shall not be disclosed to other competing offerors.
- G.** After completion of any discussions pursuant to subsection (F) or if no discussions are held, each offeror shall submit separately its final technical proposal and its price proposal.
- H.** Before opening any price proposal, the selection committee shall open and evaluate the final technical proposals and score the final technical proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
- I.** After completion of the evaluation and scoring of all final technical proposals, the selection committee shall open, evaluate and score the price proposals, and complete scoring of the entire proposals using the scoring method in the request for proposals. No other factors or criteria may be used in evaluation and scoring.
- J.** The school district shall award the contract to the responsive and responsible offeror whose proposal receives the highest score under the method of scoring in the request for proposals. No other factors or criteria may be used in evaluation and award.
- K.** For procurements of multiple contracts for similar job-order-contracting construction services, the school district may award up to the number of contracts specified in the request for proposals.
- L.** Before or at the same time as the school district notifies the selected offeror of contract award, the school district shall notify all other offerors of the award.
- M.** For design-build construction services only, the school district shall award a stipulated fee equal to a percentage of the school district's project final budget for design and construction, as prescribed in the request for proposals, but not less than two-tenths of one percent of the project final budget for design and construction to each final list offeror who provides a responsive, but unsuccessful, proposal. If the school district does not award a contract, all responsive final list offerors shall receive the stipulated fee based on the school district's project final budget for design and construction as included in the request for proposals. The school district shall pay the stipulated fee to each offeror within 90 days after the award of the initial contract or the decision not to award a contract. In consideration for paying the stipulated fee, the school district may use any ideas or information contained in the proposals in connection with any contract awarded for the project, or in connection with a subsequent procurement, without any obligation to pay any additional compensation to the offerors. Notwithstanding the other provisions of this subsection, an offeror may elect to waive the stipulated fee. If an offeror elects to waive the stipulated fee, the school district may not use ideas and information contained in the offeror's proposal, except that this restriction does not prevent the school district from using any idea or information if the idea or information is also included in a proposal of an offeror that accepts the stipulated fee.
- N.** The procurement file shall contain the basis on which the award is made, including at a minimum the information and documents required under R7-2-1115.
- O.** A copy of the request for proposals shall be made available for public inspection at the school district office.

rulemaking at 21 A.A.R. 1525, effective July 1, 2014
(Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1112. Contractor Licenses, Contract and Performance Requirements

A. Notwithstanding any other Section:

1. The contractor for design-build or job-order-contracting construction services is not required to be registered to perform design services pursuant to A.R.S. Title 32, Chapter 1 if the person actually performing the design services on behalf of the contractor is appropriately registered.
2. The contractor for construction-manager-at-risk, design-build or job-order-contracting construction services shall be licensed to perform construction pursuant to A.R.S. Title 32, Chapter 10.
3. The school district shall obtain and maintain a record of proof in the procurement file that a construction or construction services provider that has been awarded a contract with the school district, or through a cooperative purchasing agreement, has a license in good standing to perform construction work pursuant to A.R.S. Title 32, Chapter 10. The license shall be active on the day the contract is awarded. This subsection does not require licensure for professions that are not licensed pursuant to A.R.S. Title 32, Chapter 10.

B. In a procurement for construction-manager-at-risk construction services or design-build construction services, except for design-build contracts awarded pursuant to R7-2-1111, the school district shall enter into a written contract with the contractor for preconstruction services under which the school district shall pay the contractor a fee for preconstruction services in an amount agreed by the school district and the contractor, and the school district shall not request or obtain a fixed price or a guaranteed maximum price for the construction from the contractor or enter into a construction contract with the contractor until after the school district has entered into the written contract for preconstruction services and a preconstruction services fee.

C. Construction shall not commence under a construction services contract until the school district and contractor agree in writing on either a fixed price that the school district will pay or a guaranteed maximum price for the construction to be commenced. The construction to be commenced may be the entire project or may be one or more phased parts of the project.

D. For negotiated construction-manager-at-risk and design-build contracts, preconstruction services, general conditions, schedules, construction contingency, and construction fees shall be part of the contract. For design-build contracts awarded pursuant to a request for proposals, the fees shall be included in the vendor's proposal and shall become part of the awarded contract.

E. For job-order-contracting construction services only:

1. The maximum dollar amount of an individual job order for job-order-contracting construction services shall be one million dollars or a higher or lower amount prescribed by the governing board in a policy adopted in a public meeting held pursuant to A.R.S. Title 38, Chapter 3, Article 3.1. Requirements shall not be artificially divided or fragmented in order to constitute a job order that satisfies the requirements of this subsection.
2. If the contractor subcontracts or intends to subcontract part or all of the work under a job order and if the job-order-contracting construction services contract includes

descriptions of standard individual tasks, standard unit prices for standard individual tasks and pricing of job orders based on the number of units of standard individual tasks in the job order:

- a. The contractor has a duty to deliver promptly to each subcontractor invited to bid a coefficient to the contractor to do all or part of the work under one or more job orders a copy of the descriptions of all standard individual tasks on which the subcontractor is invited to bid and a copy of the standard unit prices for the individual tasks on which the subcontractor is invited to bid.
- b. If not previously delivered to the subcontractor, the contractor has a duty to promptly deliver to each subcontractor invited to or that has agreed to do any of the work included in any job order a copy of the description of each standard individual task that is included in the job order and that the subcontractor is invited to perform, the number of units of each standard individual task that is included in the job order and that the subcontractor is invited to perform, and the standard unit price for each standard individual task that is included in the job order and that the subcontractor is invited to perform.

F. For all construction services contracts, the contractor performing the construction services is permitted to self-perform part of the construction work, if and to the extent agreed in writing by the school district and the contractor. The school district may use methods other than competitive bidding to assure itself that the price the school district pays to the contractor for self-performed work is fair and reasonable. Permitted methods to evaluate fairness and reasonableness of the price of self-performed work include evaluation of the contractor's proposed scope of work and price for self-performed work by an estimator who is hired and paid by the school district, who is independent of the contractor and who may be an employee of the school district. Although the school district may elect to so require, nothing in Articles 10 and 11 shall be construed or interpreted to require the school district to require a contractor desiring to self-perform part of the construction work to competitively bid that part of the construction work against other contractors in a bid competition.

G. For all construction services contracts, the following requirements apply to the construction work to be performed by subcontractors and do not apply to construction work that the school district and the contractor agree in writing will be self-performed by the contractor:

1. The person selected to perform the construction services shall select subcontractors based on qualifications alone or on a combination of qualifications and price and shall not select subcontractors based on price alone. A qualifications and price selection may be a single-step selection based on a combination of qualifications and price or a two-step selection. In a two-step selection, the first step shall be based on qualifications alone and the second step may be based on a combination of qualifications and price or on price alone.
2. The school district shall include in each contract:
 - a. If the school district included its subcontractor selection plan in the request for qualifications, the school district's subcontractor selection plan and the procedures to implement the school district's subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

modifications to the procedures as the school district and the contractor agree.

- b. If the school district did not include its subcontractor selection plan in the request for qualifications, the subcontractor selection plan proposed by the awarded contractor in submitting its qualifications with those modifications as the school district and the contractor agree.

3. In making the selection of subcontractors, the contractor shall use the subcontractor selection plan and any procedures included in its contract.

- H. The school district shall include in each contract for construction services the full street or physical address of each separate location at which the construction will be performed and a requirement that the contractor and each subcontractor at any level include in each of its subcontracts the same address information. The contractor and each subcontractor at any level shall include in each subcontract the full street or physical address of each separate location at which construction work will be performed.

R7-2-1115. Procurement File Contents and Review

- A. At a minimum, the school district shall retain the following for each procurement under R7-2-1106 through R7-2-1114:

1. For each request for qualifications procurement process:
 - a. If interviews were not held:
 - i. The submittal of the person listed first on the final list and the submittal of each person with whom the school district enters into a contract.
 - ii. The final list.
 - iii. A list of the selection criteria and relative weight of selection criteria used to select the persons for the final list and to determine their order on the final list.
 - iv. A list that contains the name of each person that submitted qualifications and that shows the person's final overall rank or score.
 - v. Documents that show the final score or rank on each selection criteria of each person that submitted qualifications and that support the final overall rankings and scores of the persons that submitted qualifications. The school district shall retain the individual scoring sheets for individual selection committee members.
 - b. If interviews were held:
 - i. All submittals of the person listed first on the final list and the submittal of each person with whom the school district enters into a contract.
 - ii. The final list.
 - iii. A list of the selection criteria and relative weight of selection criteria used to select the persons for the final list and to determine their order on the final list.
 - iv. A list that contains the name of each person that was interviewed and that shows the person's final overall rank or score.
 - v. Documents that show the final score or rank on each selection criteria of each person that was interviewed and that support the final overall rankings and scores of the persons that were interviewed. The school district shall retain the individual scoring sheets for individual selection committee members.
 - vi. A list of the selection criteria and relative weight of the selection criteria used to select the persons for the short list to be interviewed.
 - vii. A list that contains the name of each person that submitted qualifications and that shows the person's final overall rank or score in the selection of the persons to be on the short list to be interviewed.
 - viii. Documents that show the final score or rank on each selection criteria of each person that submitted qualifications and that support the final overall rankings and scores of the persons that submitted qualifications. The school district shall retain the individual scoring sheets for individual selection committee members.
2. For each request for proposals procurement process under R7-2-1111:
 - a. The entire proposal submitted by the person that received the highest score in the scoring method in the request for proposals and the entire proposal submitted by each person with whom the school district enters into a contract.
 - b. The description of the scoring method, the list of factors in the scoring method and the number of

CHAPTER 2. STATE BOARD OF EDUCATION

points allocated to each factor, all as included in the request for proposals.

- c. A list that contains the name of each offeror that submitted a proposal and that shows the offeror's final overall score.
 - d. Documents that show the final score or rank on each factor in the scoring method in the request for proposals of each offeror that submitted a proposal and that support the final overall scores of the offerors that submitted proposals. The school district shall retain the individual scoring sheets for individual selection committee members.
- B.** Information relating to each procurement under R7-2-1106 through R7-2-1114 shall be made available to the public as follows:
- 1. Until the school district awards a single contract or all of the multiple contracts or terminates the procurement, only the name of each person on the final list may be made available to the public. All other information received by the school district in response to the request for qualifications shall be confidential in order to avoid disclosure of the contents that may be prejudicial to competing respondents during the selection process.
 - 2. After the school district awards a single contract or all of the multiple contracts or terminates the procurement, the school district shall make the contents of the procurement file, except the proposals and statements of qualifications submitted in response to a solicitation and the documents described in subsections (A)(1)(a)(v), (A)(1)(b)(v), (A)(1)(b)(viii), and (A)(2)(d), available to the public.
 - 3. After the school district has entered into a single contract or all of the multiple contracts or has terminated the procurement, the school district shall make the proposals and statements of qualifications and the documents described in subsections (A)(1)(a)(v), (A)(1)(b)(v), (A)(1)(b)(viii), and (A)(2)(d) available to the public.
 - 4. To the extent that an offeror designates and the school district concurs, trade secrets and other proprietary data contained in a proposal or statement of qualifications shall remain confidential.
 - 5. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.
- C.** The school district shall retain the records of a procurement under R7-2-1106 through R7-2-1114 in accordance with R7-2-1085.

PART XV. PROCUREMENT OF SPECIFIED PROFESSIONAL SERVICES**R7-2-1117. Procurement of Specified Professional Services**

- A.** Specified professional services, which is defined in R7-2-1001(120), as services of an architect, engineer, land surveyor, assayer, geologist and landscape architect, shall be procured as provided in R7-2-1117 through R7-2-1123, except as authorized in R7-2-1033, R7-2-1053, R7-2-1055, and R7-2-1122.
- B.** Prior to public notice of the need for specified professional services, the school district shall determine that the services to be acquired are specified professional services.
- C.** In the procurement of specified professional services:
 - 1. The school district shall specify whether the procurement is for a single contract or for multiple contracts. Multiple contracts may be awarded to separate persons or may be awarded to a single person as specified in the request for qualifications.
 - 2. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section and R7-2-1120 or R7-2-1121, including the selection of persons to be interviewed, the selection of persons to be on the final list, in determining the order of preference of persons on a final list or for any other purpose in the selection process except as provided in R7-2-1121.
 - 3. In determining the persons to participate in any interviews, in determining the persons to be on the final list, and in determining the order on the final list, the selection committee shall use and consider only the criteria and weighting of criteria in the request for qualifications. No other factors or criteria may be used in the evaluation, determinations and other actions.
 - 4. If the school district enters into the number of contracts specified in the request for qualifications, the procurement ends. After that time the school district may not use the procurement or any final list in the procurement as the basis for entering into a contract with any other person that participated in the procurement.
 - 5. Notwithstanding any other provision specifying the number of persons to be interviewed, the number of persons to be on a final list, or any other numerical specification in this Section or R7-2-1121:
 - a. If a smaller number of persons respond to the request for qualifications or if one or more persons drop out of the procurement so that there is a smaller number of persons participating in the procurement, the school district, as the school district determines necessary and appropriate, may elect to proceed with the participating persons if there are at least two participating responsive and responsible persons. Alternatively, the school district may elect to terminate the procurement.
 - b. As to a request for qualifications to be negotiated pursuant to R7-2-1121(D), if only one responsive and responsible person responds to the request for qualifications, or if one or more persons drop out of the procurement so that only one responsive and responsible person remains in the procurement, the school district may elect to proceed with the procurement with only one person if the governing

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

board determines in writing that the negotiated fee is fair and reasonable and that either other prospective persons had reasonable opportunity to respond or there is not adequate time for a resolicitation.

- c. If a person on the final list withdraws or is removed from the procurement and the selection committee determines that it is advantageous to the school district, the selection committee may replace that person on the final list with another person that submitted qualifications in the procurement and that is selected as the next most qualified.

D. The request for qualifications shall:

1. Provide instructions and information to persons concerning the statement of qualifications submission requirements, including the due date and time for receipt of statements of qualifications, the address of the office at which the statements of qualifications are to be received, and any other special information.
2. State whether one contract or multiple contracts may or will be awarded.
 - a. If one contract will be awarded, state that one contract may or will be awarded, describe the services to be performed under the contract and state that one person may or will be awarded the contract.
 - b. If multiple contracts may or will be awarded, state the number of contracts that may or will be awarded, the services to be performed under each of the multiple contracts, and either that each contract will be awarded to a separate person or that all of the contracts will be awarded to the same person.
3. State the number of persons to be included on the final list.
 - a. If a single contract will be awarded, state that there will be a single final list of at least three and not more than five persons.
 - b. If multiple contracts will be awarded to a single person, state that there will be a single final list of at least three and not more than five persons.
 - c. In a procurement for multiple contracts for similar specified professional services to be awarded to separate persons, state that there will be a single final list and the number of persons on the final list, which shall be the sum of the number of contracts that may or will be awarded plus another number that is determined by the school district and that is not more than five.
 - d. If multiple contracts for different specified professional services will be awarded to separate persons, state that there will be a separate final list for each type of specified professional services and that the number of persons on each final list will be equal to the number of contracts that may or will be awarded for each type of specified professional services plus a number determined by the school district not to exceed five.
4. State the selection criteria and relative weight to be used. All selection criteria shall be factors that demonstrate competence and qualifications for the type of specified professional services included in the procurement.
 - a. If interviews will be held, state the selection criteria and relative weights to be used in selecting the persons on the

final list and in determining their order on the final list. The final list selection criteria and relative weights may be different than the selection criteria and relative weights used to determine the persons to be interviewed. The request for qualifications also shall state whether the school district will select the persons on the final list and their order on the final list solely through the results of the interview process or through the combined results of both the interview process and the evaluation of statements of qualifications and performance data submitted in response to the request for qualifications.

- b. If interviews will not be held, state the selection criteria and relative weights to be used in selecting the persons on the final list and in determining their order on the final list.
5. State whether interviews will be held.
 - a. If a single contract will be awarded, state that there will be interviews with at least three and not more than five persons.
 - b. If multiple contracts will be awarded to a single person, state that there will be interviews with at least three and not more than five persons.
 - c. In a procurement for multiple contracts for similar specified professional services to be awarded to separate persons, state that interviews will be held and that the interviews will be with a specified number of persons. The specified number shall be stated in the request for qualifications, shall be determined by the school district and shall be the sum of the number of contracts that may or will be awarded, plus another number that is determined by the school district and that is not more than five.
 - d. If multiple contracts for different specified professional services will be awarded to separate persons, state that interviews will be held and that the interviews will be with a specified number of persons. The specified number shall be stated in the request for qualifications, shall be determined by the school district, shall be at least three times the number of contracts that may or will be awarded and shall not be more than five times the number of contracts that may or will be awarded.
6. The name of the district representative or district representatives and the publicly available location of the school district's protest policy or procedure.
7. Notice that all information and statements of qualifications submitted by persons will be made available for public inspection after the school district has entered into a single contract or all of the multiple contracts.
- E.** Statements of qualifications shall be received and opened in accordance with R7-2-1045. Late statements of qualifications, late modifications, or late withdrawals shall be considered in accordance with R7-2-1044 and R7-2-1049.
- F.** A copy of the request for qualifications shall be made available for public inspection at the school district office.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1118. Public Notice of Specified Professional Services

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- A. Notice of the need for specified professional services shall be given by the school district pursuant to R7-2-1022 and R7-2-1024(C). Such notice shall be issued not less than 14 days in advance of when responses shall be received.
- B. The notice shall:
1. Contain a statement of the services required that adequately describes the procurement and specifies how a request for qualifications containing specific information on the procurement may be obtained.
 2. Specify whether the procurement is for a single contract or for multiple contracts; and
 3. If the procurement is for multiple contracts:
 - a. Specify that multiple contracts may or will be awarded;
 - b. Specify the number of contracts that may or will be awarded; and
 - c. Describe the specified professional services to be performed under each contract.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4).
Amended by final exempt rulemaking at 21 A.A.R. 1525,
effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1119. Cancellation or Rejection of the Solicitation

A school district may cancel a request for qualifications, reject in whole or in part any or all statements of qualifications or determine not to enter into a contract as specified in the solicitation if it is advantageous to the school district. The school district shall make the reasons for cancellation, rejection or determination not to enter into a contract part of the procurement file.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1120. Specified Professional Services Selection Committee

- A. The school district shall initiate an appropriately qualified selection committee for each request for qualifications. The school district shall ensure that selection committee members are competent to serve on the selection committee.
- B. Each selection committee shall include at least one school district representative appointed by the school district.
- C. The school district shall determine the number and qualifications of the selection committee members. These members may be employees of the school district or non-school district appointees.
- D. Non-school district employees serving on a selection committee shall not receive compensation from the school district for performing this service, but the school district may elect to reimburse non-school district members for travel, lodging and other expenses incurred in connection with service on a selection committee.
- E. A person who is a member of a selection committee shall not be a contractor or subcontractor under a contract awarded under the procurement or provide any specified professional services or other services under the contract.
- F. For the procurement of multiple contracts for specified professional services, the same selection committee shall be used for all contracts in the procurement.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1121. Committee Evaluation and Selection

- A. If interviews are specified in the request for qualifications:
1. The selection committee shall determine the persons to be interviewed by evaluating the statements of qualifications and performance data submitted based solely on the selection criteria and relative weights in the request for qualifications to be used to determine the persons to be interviewed.
 2. If the selection criteria and relative weights to be used by the selection committee to select the persons on the final list or final lists and to determine their order on the final list or final lists are not included in the request for qualifications:
 - a. Before the interviews are held the school district shall distribute to the persons to be interviewed the selection criteria and relative weights to be used to select the persons on the final list and to determine their order on the final list.
 - b. These selection criteria and relative weight may be different than the selection criteria and relative weight used to determine the persons to be interviewed.
 3. The selection committee shall conduct interviews with the number of persons specified in the request for qualifications.
- B. Based solely on the selection criteria and relative weights for selection of the persons on the final list or final lists and their order on the final list or final lists, the selection committee shall select the persons for the final list or final lists and rank the persons on the final list or final lists in order of preference. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, and if a person submitted qualifications for more than one type of specified professional services, the person may be on more than one final list.
- C. Before or at the same time as the school district notifies the highest ranking person on the final list or final lists that it is the highest ranking person, the school district shall send actual notice to each of the following that it is not the highest ranking person or that another person is the highest ranking person:
1. If interviews were held, the other persons interviewed.
 2. If interviews were not held, the other persons that made submittals.
- D. The school district shall conduct negotiations with persons on the final list or final lists as follows:
1. The school district shall negotiate a contract with the highest qualified person for the required specified professional services at compensation determined in writing to be fair and reasonable to the school district. Contract negotiations shall be directed toward:
 - a. Making certain that the person has a clear understanding of the scope of the work, specifically, the essential requirements involved in providing the required services;
 - b. Determining that the person will make available the necessary personnel and facilities to perform the services within the required time; and
 - c. Agreeing upon compensation that is fair and reasonable.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

2. The negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this decision, the school district shall take into account the estimated value, the scope, the complexity and the nature of the specified professional services to be rendered.
3. If the procurement is for a single contract, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
4. If the procurement is for multiple contracts for specified professional services to be awarded to a single person on the final list, there is one final list and the school district shall enter into negotiations with the highest qualified person on the final list. If the school district is not able to negotiate a satisfactory contract with the highest qualified person on the final list, at compensation and on other contract terms the school district determines to be fair and reasonable, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
5. If the procurement is for multiple contracts for similar specified professional services to be awarded to separate persons, there is one final list and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on the final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.
6. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, there is a separate final list for each type of specified professional services and the school district shall enter into separate negotiations for contracts with the number of the highest qualified persons on each final list equal to the number of contracts to be awarded. If the school district is not able to negotiate a satisfactory contract with a person with whom the school district has commenced negotiations, the school district shall formally terminate negotiations with that person. The school district shall then undertake negotiations for a contract with the next most qualified person on the applicable final list with whom the school district is not then negotiating and with whom the school district has not previously negotiated in sequence until an agreement is reached for some or all of the multiple contracts included in the request for qualifications or a determination is made to reject all persons on the final list.
7. If the school district terminates negotiations with a person and commences negotiations with another person on the final list, the school district shall not recommence negotiations or enter into a contract for the specified professional services covered by the final list with any person with whom the school district terminated negotiations.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1122. Specified Professional Services Contracts Not Exceeding Certain Amounts

- A. A school district may procure a single contract or multiple contracts for specified professional services under this Section if the contract is for specified professional services by an architect or architect firm and the contract amount is \$250,000 or less or if the contract is for specified professional services by a person other than an architect and the contract amount is \$500,000 or less. For such procurements, the school district shall encourage persons engaged in the lawful practice of the profession to submit annually a statement of qualifications and experience.
- B. For each procurement of specified professional services under this Section, the school district shall establish a selection committee pursuant to R7-2-1120.
- C. The selection committee shall evaluate current statements of qualifications and experience on file with the school district, together with those that may be submitted by other persons regarding the procurement.
- D. The school district and the selection committee shall not request or consider fees, price, man-hours or any other cost information at any point in the selection process under this Section, including the selection of the persons to be interviewed, the selection of persons to be on a final list, in determining the order of preference of persons on a final list or for any other purpose in the selection process, except as provided in subsection (F).
- E. If possible and practicable, the selection committee shall conduct interviews regarding the procurement and the relative methods of furnishing the required specified professional services and, if possible, shall select, in order of preference and based on criteria established and published by the selection committee, one or more final lists of the persons deemed to be the most qualified to provide the specified professional services required. The selection committee shall base the selection of each final list and the order of preference on demonstrated competence and qualifications only.
 1. If the procurement is for a single contract or if the procurement is for multiple contracts to be awarded to a single person, there shall be one final list of three persons.
 2. If the procurement is for multiple contracts for different specified professional services to be awarded to separate persons, there shall be a separate final list of three persons for each contract.
 3. In a procurement for multiple contracts for similar specified professional services to be awarded to separate per-

CHAPTER 2. STATE BOARD OF EDUCATION

sons, there shall be one final list and the number of persons on the final list shall be the number of contracts, plus another number that is determined by the school district and that is not more than five.

- F.** The school district shall enter into negotiations with the highest qualified person on each final list or, in the case of a single final list for multiple contracts for the same specified professional services to be awarded to separate persons, the school district shall enter into negotiations with a number of the highest qualified persons on the final list equal to the number of contracts that may or will be awarded.
1. Negotiations shall include consideration of compensation and other contract terms that the school district determines to be fair and reasonable to the school district. In making this determination, the school district shall take into account the estimated value, the scope, the complexity and the nature of the specified professional services to be rendered.
 2. If the school district is unable to negotiate a satisfactory contract with a person with whom the school district is negotiating at a price and on other contract terms the school district determines to be fair and reasonable to the school district, the school district shall formally terminate negotiations with that person.
 3. The school district may undertake negotiations with the next most qualified person on the final list in sequence until an agreement is reached or a determination is made to reject all persons on the final list.
 4. If the school district terminates negotiations with a person on a final list and commences negotiations with another person on the final list, the school district shall not in that procurement recommence negotiations or enter into a contract or contracts with any person with whom the school district has terminated negotiations.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section repealed; new Section made by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1123. Procurement File Contents and Review for Procurements Conducted under R7-2-1117 through R7-2-1121

- A.** At a minimum, the school district shall retain the following for each procurement under R7-2-1117 through R7-2-1121:
1. If interviews were not held:
 - a. The submittal of the person listed first on the final list and the submittal of each person with whom the school district enters into a contract. If the procurement has multiple final lists, the school district shall retain the submittal of the person listed first on the final list and the submittal of each person with whom the school district enters into a contract, for each final list.
 - b. The final list or final lists.
 - c. A list of the selection criteria and relative weight of selection criteria used to select the persons for the final list or final lists and to determine their order on the final list or final lists.
 - d. A list that contains the name of each person that submitted qualifications and that shows the person's final overall rank or score.

- e. Documents that show the final score or rank on each selection criteria of each person that submitted qualifications and that support the final overall rankings and scores of the persons that submitted qualifications. The school district shall retain the individual scoring sheets for individual selection committee members.

2. If interviews were held:

- a. All submittals of the person listed first on the final list and the submittal of each person with whom the school district enters into a contract. If the procurement has multiple final lists, the school district shall retain the submittal of the person listed first on the final list and the submittal of each person with whom the school district enters into a contract, for each final list.
- b. The final list or final lists.
- c. A list of the selection criteria and relative weight of selection criteria used to select the persons for the final list or final lists and to determine their order on the final list or final lists.
- d. A list that contains the name of each person that was interviewed and that shows the person's final overall rank or score.
- e. Documents that show the final score or rank on each selection criteria of each person that was interviewed and that support the final overall rankings and scores of the persons that were interviewed. The school district shall retain the individual scoring sheets for individual selection committee members.
- f. A list of the selection criteria and relative weight of the selection criteria used to select the persons for the short list or short lists to be interviewed.
- g. A list that contains the name of each person that submitted qualifications and that shows the person's final overall rank or score in the selection of the persons to be on the short list or short lists to be interviewed.
- h. Documents that show the final score or rank on each selection criteria of each person that submitted qualifications and that support the final overall rankings and scores of the persons that submitted qualifications. The school district shall retain the individual scoring sheets for individual selection committee members.

B. Information relating to each procurement under R7-2-1117 through R7-2-1121 shall be made available to the public as follows:

1. Until the school district awards a single contract or all of the multiple contracts or terminates the procurement, only the name of each person on the final list may be made available to the public. All other information received by the school district in response to the request for qualifications shall be confidential in order to avoid disclosure of the contents that may be prejudicial to competing respondents during the selection process.
2. After the school district awards a single contract or all of the multiple contracts or terminates the procurement, the school district shall make the contents of the procurement file, except the statements of qualifications and the documents described in subsections (A)(1)(e), (A)(2)(e), and (A)(2)(h), available to the public.
3. After the school district has entered into a single contract or all of the multiple contracts or has terminated the pro-

curement, the school district shall make the statements of qualifications and the documents described in subsections (A)(1)(e), (A)(2)(e), and (A)(2)(h) available to the public.

4. To the extent that a person designates and the school district concurs, trade secrets and other proprietary data contained in a statement of qualifications shall remain confidential.
 5. If the procurement file contains information that is confidential under R7-2-1006, a copy of the applicable documents with the confidential information redacted shall be placed in the procurement file for the purpose of public inspection. The unredacted original copy of the confidential information shall be placed in a sealed envelope or other appropriate container, identified as confidential information, and maintained in the procurement file.
- C. The school district shall retain the records of a procurement under R7-2-1117 through R7-2-1121 in accordance with R7-2-1085.

- A. The school district shall ascertain or verify that materials, services, or construction items procured by the school district conform to specifications as set forth in the solicitation.
- B. The school district shall determine the fair market value of excess and surplus material.
- C. Disposition of surplus materials.
 1. Except as provided in A.R.S. § 15-342(7) related to sales or leases to the state, a county, a city, another school district, or a tribal government agency, and A.R.S. § 15-342(18) related to the disposition of surplus or outdated learning materials, educational equipment and furnishings, surplus materials, regardless of value, shall be offered through competitive sealed bids, public auction, on-line sales, established markets, trade in, posted prices or state surplus property. If unusual circumstances render

the above methods impractical, the school district may employ other disposition methods, including appraisal or barter, provided the school district makes a written determination that such procedure is advantageous to the school district. Only United States Postal Money Orders, certified checks, cashiers' checks or cash shall be accepted for sales of surplus material unless otherwise approved by the school district.

2. Competitive sealed bidding.
 - a. Notice for sale bids shall be publicly available from the school district at least 10 days before the due date set for bids. Notice of the sale bids shall be provided to prospective bidders, including those bidders on lists maintained by the school district pursuant to R7-2-1023. The notice for sale bids shall list the materials offered for sale, their location, availability for inspection, the terms and conditions of sale and instructions to bidders including the bid due date and time. Bids shall be opened publicly pursuant to the requirements of R7-2-1029.
 - b. The award shall be made in accordance with the provisions of the notice for sale bids to the highest responsive and responsible bidder, provided that the price offered by such bidder is acceptable to the school district. If the school district determines that the bid is not advantageous to the school district, the school district may reject the bids in whole or in part and may resolicit bids or the school district may negotiate the sale, provided that the negotiated sale price is higher than the highest responsive and responsible bidder's price.
3. Auctions shall be advertised in the official newspaper of the county as prescribed in A.R.S. § 11-255 or a newspaper of general circulation, in accordance with A.R.S. § 41-2533. The publication shall not be less than 14 days before the auction date. All the terms and conditions of any sale shall be available to the public at least 24 hours prior to the auction date. The school district or any agent acting on the school district's behalf may also advertise the auction in any other manner determined advantageous to the school district.
4. Internet-based on-line sales shall not be subject to the advertisement requirements in subsection (C)(3). For such disposal services, the school district shall post and maintain a notice explaining the use of Internet-based on-line sales on a designated site on the Internet. The notice shall include:
 - a. The name of the on-line sales provider and the designated site on the Internet where potential buyers may obtain information or participate in the on-line auctions;
 - b. A link to the Internet-based on-line sales service;
 - c. A link to the terms and conditions of sale;
 - d. Instructions for bidding on the Internet-based on-line sales site; and
 - e. A period of not less than 14 days for each Internet-based on-line sale during which persons may submit offers to purchase the specified materials.
5. Before surplus materials are disposed of by trade-in to a vendor for credit on an acquisition, the school district shall approve such disposal. The school district shall base this determination on whether the trade-in value is expected to exceed the value realized through the sale or other disposition of such materials.

CHAPTER 2. STATE BOARD OF EDUCATION

6. An employee of the school district or a governing board member, or an employee of a school district's agent conducting an auction on behalf of the school district, shall not directly or indirectly purchase or agree with another person to purchase surplus property if said employee or board member is, or has been, directly or indirectly involved in the purchase, disposal, maintenance, or preparation for sale of the surplus material.
7. State surplus property manager. The school district may enter into an agreement with the State Surplus Property Manager for the disposition of materials pursuant to Article 8 of the Arizona Procurement Code (A.R.S. § 41-2601 et seq.) and the rules adopted thereunder.
8. Pursuant to A.R.S. § 15-342(35), a school district may offer to sell outdated learning materials, educational equipment or furnishings at a posted price commensurate with the value of the items to pupils who are currently enrolled in that school district before those materials are offered for public sale.

R7-2-1142. Filing of a Protest

- A. Any interested party may protest a solicitation issued by the school district, a determination that a proposal is unacceptable, or the proposed award or the award of a school district contract. Protests shall be filed with the district representative.
- B. Content of protest. The protest shall be in writing and shall include the following information:
 1. The name, address and telephone number of the interested party;
 2. The signature of the interested party or the interested party's representative;
 3. Identification of the solicitation or contract number;
 4. A detailed statement of the legal and factual grounds of the protest including copies of relevant documents; and
 5. The form of relief requested.
- C. The interested party shall supply any other information requested by the district representative within 10 days of the request.
- D. The interested party may file a written request with the district representative for an extension of the time limit for providing additional information set forth in subsection (C). The written request shall be filed before the expiration of the time limit set forth in subsection (C) and shall set forth good cause as to the specific reason that the interested party is unable to provide the additional information within the 10 days. The district representative shall approve or deny the request in writing, state the reasons for the determination, and if an extension is granted, set forth a new date for submission of the filing.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1143. Time for Filing Protests

- A. Protests based upon alleged improprieties in a solicitation that are apparent before the due date and time for responses to the solicitation, shall be filed before the due date and time for responses to the solicitation.
- B. In cases other than those covered in subsection (A), the interested party shall file the protest within 10 days after the school district makes the procurement file available for public inspection.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- C. The interested party may file a written request with the district representative for an extension of the time limit for protest filing set forth in subsection (B). The written request shall be filed before the expiration of the time limit set forth in subsection (B) and shall set forth good cause as to the specific action or inaction of the school district that resulted in the interested party being unable to file the protest within the 10 days. The district representative shall approve or deny the request in writing, state the reasons for the determination, and, if an extension is granted, set forth a new date for submission of the filing.
- D. If the interested party shows good cause and it is advantageous to the school district, the district representative may consider any protest that is not filed timely.
- E. The district representative shall immediately give notice of the protest to the successful contractor if award has been made or, if no award has been made, to all interested parties.
- F. At any time the district representative or hearing officer may refer the protest to the governing board for resolution in accordance with R7-2-1152.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1144. Stay of Procurements During the Protest

The district representative may stay all or part of the procurement or contract if it is determined that there is a reasonable probability the protest will be upheld or that a stay is advantageous to the school district. The district representative shall notify the successful contractor if award has been made or, if no award has been made, all interested parties of the stay in writing no later than the time of issuance of the district representative's decision in accordance with R7-2-1145.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1145. Decision by the District Representative

- A. The district representative shall have the authority granted to the district representative by the governing board to settle and resolve a protest.
- B. The district representative shall issue a written decision within 14 days after a protest has been filed, or after additional information requested by the district representative has been submitted, pursuant to R7-2-1142. The decision shall include:
 1. A statement of the decision of the district representative with supporting rationale; and
 2. A paragraph substantially as follows: "This is the decision of the district representative of the _____ School District. The decision may be appealed to a hearing officer. If you appeal, you must file a written notice of appeal with the district representative within 30 days from the date of the decision."
- C. The district representative shall furnish a copy of the decision to the interested party by any method that provides evidence of receipt.
- D. On agreement of all interested parties, the time limit for decisions set forth in subsection (B) may be extended by the dis-

trict representative for good cause for a reasonable time not to exceed an additional 30 days. The district representative shall notify the interested party in writing that the time for the issuance of a decision has been extended and the date by which a decision will be issued.

- E. If the district representative fails to issue a decision within the time limits set forth in subsections (B) or (D), the interested party may proceed as if the district representative had issued an adverse decision.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1146. Remedies

- A. If the district representative sustains the protest in whole or part and determines that a solicitation, a determination that a proposal is unacceptable, proposed contract award, or contract award does not comply with Articles 10 and 11, the school district shall implement an appropriate remedy.
- B. In determining an appropriate remedy, the district representative shall consider all the circumstances surrounding the procurement or proposed procurement including, but not limited to, the seriousness of the procurement deficiency, the degree of prejudice to other interested parties or to the integrity of the procurement system, the good faith of the parties, the extent of performance, costs to the school district, the urgency of the procurement, the impact of the relief on the mission of the school district, and other relevant issues.
- C. An appropriate remedy may include one or more of the following:
 1. Decline to exercise an option to renew under the contract;
 2. Terminate the contract;
 3. Amend the solicitation;
 4. Issue a new solicitation;
 5. Award a contract consistent with procurement statutes and regulations; or
 6. Such other relief as is determined necessary to ensure compliance with Articles 10 and 11.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1147. Appeals to a Hearing Officer

- A. An appeal to a hearing officer from a decision entered or deemed to be entered by the district representative shall be filed with the district representative within 30 days from the date of decision.
- B. Content of appeal. The appeal shall contain:
 1. The information set forth in R7-2-1142(B); and
 2. The precise factual or legal error in the decision of the district representative from which an appeal is taken.
- C. All costs associated with conducting a hearing, including the costs of the hearing officer, shall be paid by the school district. If the hearing officer decides in favor of the school district, the other party shall reimburse the school district for the costs of the hearing within 30 days of receipt of a copy of the hearing officer's invoice.

TITLE 7. EDUCATION

CHAPTER 2. STATE BOARD OF EDUCATION

- D. The Executive Director of the State Board of Education ("Executive Director") shall prepare and maintain a list of individuals who meet the qualifications specified in R7-2-1185 to serve as hearing officers.
- E. A hearing officer may be selected by mutual agreement of both parties. If the parties are unable to mutually agree on a hearing officer, three hearing officers shall be selected randomly by the Executive Director and shall be screened to determine availability and possible bias. Once the Executive Director has selected three hearing officers who are available and show no evidence of bias, the three names shall be provided to both parties. Both parties have the opportunity to strike one name from the list provided, but shall do so within 14 calendar days from the date on which the Executive Director provided the list to the parties. If after the time period for striking a hearing officer has passed and more than one person remains on the list, the Executive Director shall select one of the remaining individuals on the list as the hearing officer unless either party objects for cause and provides such reason in writing to the Executive Director. If after the time period for striking a hearing officer has passed and there is only one person remaining on the list, the remaining individual shall be named as the hearing officer unless either party objects for cause and provides such reason in writing to the Executive Director. Objections for cause shall require specific evidence that the individual does not meet the criteria specified in R7-2-1185. The Executive Director shall review the evidence submitted and determine the qualifications of the individual. If the Executive Director determines that the individual is not qualified to serve as the hearing officer, the Executive Director shall repeat the process and select three additional hearing officers to be provided to the parties.
- F. Issuance of a school district purchase order shall constitute the official selection date of the hearing officer.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1148. Notice of Appeal

The district representative shall within three working days give notice of the filing of the appeal to the governing board and the successful contractor if award has been made.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R. 1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2.

R7-2-1149. Stay of Procurement During Appeal

If an appeal is filed and the procurement or contract was stayed by the district representative pursuant to R7-2-1144, the filing of an appeal shall automatically continue the stay unless the hearing officer makes a written determination that the award of the contract without delay is necessary to protect substantial interests of the school district. If no such determination is made, the stay shall automatically end upon written decision of the hearing officer pursuant to R7-2-1151 or R7-2-1181.

Historical Note

Adopted effective December 17, 1987 (Supp. 87-4). Section amended by final exempt rulemaking at 21 A.A.R.

1525, effective July 1, 2014 (Supp. 15-3); effective year corrected in Supp. 18-2. Amended by final exempt rulemaking at 26 A.A.R. 597, effective July 1, 2020 (Supp. 20-1).

R7-2-1150. District Representative's Response

- A. The district representative shall file a complete response to the appeal within 21 days from the date the appeal is filed or within five days after the hearing officer has been selected, whichever is later. At the same time, the district representative shall furnish a copy of the response to the appellant and to any interested party.
- B. The district representative may submit a written request to the hearing officer for an extension of the period for submission of response, identifying the reasons for the extension. The hearing officer shall approve or deny the request in writing, state the reasons for the determination, and, if an extension is granted, set forth a new date for the submission of filing a response. The hearing officer shall notify the district representative and the interested party of any extension.
- C. The interested party shall file comments on the district representative's response with the hearing officer within 10 days after receipt of the response. The interested party shall provide copies of the comments to the district representative and other interested parties.
