**The release of this Chapter in Supp. 24-4 replaces Supp. 24-1, 1-52 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

## ARTICLE 1. GENERAL PROVISIONS

**R3-3-101. Definitions**

In addition to the definitions in A.R.S. §§ 3-341 and 3-361, the following terms apply to this Chapter:

“Acute toxicity” means adverse physiological effects that result from a single dose or single exposure to a chemical; or any poisonous effect produced by a single dose or single exposure to a chemical within a short period of time, usually less than 96 hours.

“ADEQ” means the Arizona Department of Environmental Quality.

“Adulterate” means to change a pesticide so that:

Its strength or purity falls below the standard of quality stated on the labeling under which it is sold,

Any substance has been substituted wholly or in part for the pesticide, or

Any constituent of the pesticide has been wholly or in part abstracted.

“Agricultural aircraft pilot” or “AAP” means any individual who pilots an agricultural aircraft to apply a pesticide.

“Agricultural commodity” means any plant, animal, plant product, or animal product produced for commercial or research purposes.

“Agricultural establishment” means any farm, ranch, forest, nursery, or greenhouse.

“Agricultural purpose” means use of a pesticide on an agricultural commodity. It excludes the sale or use of pesticides, in properly labeled packages or containers, for either home use, or use in swimming pools or spas.

“Agricultural use pesticide” means a pesticide product bearing a label requiring compliance with the Worker Protection Standard, and as prescribed by the agricultural use requirements on the label.

“Aircraft” means any mechanism used in flight.

“ALJ” means, according to A.R.S. § 41-1092, an individual or the Director who sits as an administrative law judge, who conducts administrative hearings in a contested case or an appealable agency action, and who makes decisions regarding the contested case or appealable agency action.

“Animal” means all vertebrate and invertebrate species, including, but not limited to, humans and other mammals, birds, fish and shellfish. A.R.S. § 3-341(3)

“Application site” means the specific location, crop, object, field, or other area to which a pesticide is or is intended to be applied.

“Applicator” means any individual who applies, or causes to have applied, any pesticide on an agricultural establishment or golf course.

“Associate Director” means the Associate Director of the Environmental Services Division.

“Authorized activities” means, for compliance with A.R.S. § 3-365(D), any organized activities scheduled at a school or child care facility that use the school or child care facility or the school or child care grounds and for which the sponsors or organizers of the activity have received the written approval of

a responsible administrative official of the school or child care facility.

“Buffer zone” means an area of land that allows pesticide deposition and residues to decline to a level that poses a reasonable certainty of no harm to a defined area.

“Bulk release” means the release of any pesticide or mixture of pesticides that poses a potential risk to property, human health, or the environment in volumes greater than those prescribed by the pesticide label for the application site. A pesticide dripping from a spray nozzle or minor splashing during mixing is not a bulk release.

“Certification plan” means an EPA authorized plan under 40 CFR § 171.303 (82 FR 1042, January 4, 2017, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-171/subpart-D/section-171.303>) for the certification of pesticide applicators to comply with the provisions of FIFRA. This material is incorporated by reference, on file with the Department, and does not include any later amendments or editions.

“Certified applicator” means any individual who is certified by the Department to use or supervise the use of any restricted use pesticide as a private, golf or commercial applicator.

“CEU” means continuing education unit.

“Child care facility” means any facility in which child care is regularly provided for compensation for five or more children not related to the proprietor and is licensed as a child care facility by the Arizona Department of Health Services. A.R.S. § 36-881(3). Child care facilities are commonly known as day care centers.

“Commercial applicator” or “PUC” means a certified applicator (whether or not the applicator is a private applicator with respect to some uses) who uses or supervises the use of a restricted use pesticide for any purpose or on any property other than for producing an agricultural commodity on property owned or controlled by:

The applicator;

The applicator’s employer; or

Another person, if the application is performed without compensation, other than trading of personal services between producers of agricultural commodities.

“Contamination” means a concentration of pesticide sufficient to violate state or federal water, soil, food, feed, or air contamination standards, except if legally applied.

“Continued pesticide application” means the continuance of an interrupted application of the same pesticide to the same application site within the same section, township, and range within the same reporting period.

“Custom application equipment” means aircraft, drones, remote-controlled equipment, and ground equipment used for pesticide application by a custom applicator.

“Custom applicator” or “CAL” means any person, except a person regulated by the PMD, who applies pesticides for hire, by drone, or by aircraft.

“Defoliation” means killing or artificially accelerating the drying of plant tissue with or without causing abscission.

“Device” means any instrument or contrivance that is intended to be used for trapping, destroying, repelling, or mitigating any

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

pest or any other form of plant or animal life, other than a human being and a bacterium, virus, or other microorganism on or in a living human being or other living animal. Device does not include firearms, mechanical traps, or equipment used for the application of pesticides if the application equipment is sold separately.

“Diluent” means any substance added to a pesticide before application to reduce the concentration of the active ingredient in the mixture.

“Direct release” means to apply a pesticide outside the boundaries of an application site, at the time of application, while the valve controlling the normal flow of pesticide from the application device is in the open position and the application device is not within the confines of the application site. Direct release does not mean the drift or discharge of a pesticide caused by a mechanical malfunction of the application device that is beyond the control of the operator. Direct release does not mean a release caused by accident, or done to avoid an accident that would have resulted in greater harm than that caused by the pesticide release.

“Disposal” means discarding a pesticide or pesticide container that results in the deposit, dumping, burning, or placing of the container or unused pesticide on land or into the air or water.

“Drift” means the physical movement of pesticide through the air at the time of a pesticide application from the application site to any area outside the boundaries of the application site. Drift does not include movement of a pesticide or associated degradation compounds to any area outside the boundaries of an application site if the movement is caused by erosion, run off, migration, volatility, or windblown soil particles that occur after application, unless specifically addressed on the pesticide label with respect to drift control requirements.

“Drone” means a remote-controlled pilotless aircraft or small flying device used to apply pesticides.

“Drone Pilot License” or “DPL” means any individual who pilots a drone to apply a pesticide.

“EPA” means the United States Environmental Protection Agency.

“Experimental use permit” means a permit issued by the EPA, or the Department according to A.R.S. § 3-350.01, to a person for the purpose of experimentation, which includes the accumulation of information necessary for the registration of a pesticide.

“Exposure” means the inhalation or ingestion of a pesticide, or eye or skin contact with a pesticide.

“FAA” means the Federal Aviation Administration.

“FIFRA” means the Federal Insecticide, Fungicide and Rodenticide Act, 7 U.S.C. §§ 136 et seq. (as amended P.L. 117-328, December 29, 2022, <https://www.govinfo.gov/content/pkg/COMPS-10326/uslm/COMPS-10326.xml>). This material is incorporated by reference throughout the Chapter, is on file with the Department and includes no later amendments or editions.

“Fumigant” means a substance or mixture of substances that produces gas vapor or smoke intended to control a pest in stored agricultural commodities or to control burrowing rodents.

“Golf applicator” or “PUG” means an applicator who uses or supervises the use of a restricted use pesticide for the maintenance of the ornamental and turf areas of the golf course that is owned or controlled by the applicator or the applicator’s employer.

“Handler” means any person, including a self-employed person:

Who is employed for any type of compensation by an agricultural establishment or commercial pesticide handling establishment to which this Article applies and who is:

Mixing, loading, transferring, or applying pesticides.

Disposing of pesticides or pesticide containers.

Handling opened containers of pesticides.

Acting as a flagger.

Cleaning, adjusting, handling, or repairing the parts of mixing, loading, or application equipment that may contain pesticide residues.

Assisting with the application of pesticides.

Entering a greenhouse or other enclosed area after the application and before the inhalation exposure level listed in the labeling has been reached or one of the ventilation criteria established under 40 CFR § 170.110(c)(3) of the Worker Protection Standard (August 21, 1992, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-170/subpart-B/section-170.110>) The incorporated reference is on file with the Department and does not include any later amendments or editions, or in the labeling has been met:

To operate ventilation equipment.

To adjust or remove coverings used in fumigation.

To monitor air levels.

Entering a treated area outdoors after application of any soil fumigant to adjust or remove soil coverings such as tarpaulins.

Performing tasks as a crop advisor:

During any pesticide application.

Before the inhalation exposure level listed in the labeling has been reached or one of the ventilation criteria established under 40 CFR § 170.110(c)(3) of the Worker Protection Standard (August 21, 1992, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-170/subpart-B/section-170.110>), or in the labeling has been met. The incorporated reference is on file with the Department and does not include any later amendments or editions.

During any restricted-entry interval.

The term does not include any person who is only handling pesticide containers that have been emptied or cleaned according to pesticide product labeling instructions or, in the absence of such instructions, have been subjected to triple-rinsing or its equivalent.

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

“Health care institution” means any institution that provides medical services, nursing services, health screening services, and other health-related services, and is licensed by the Arizona Department of Health Services.

“Highly toxic pesticide” means a pesticide with an acute oral LD<sub>50</sub> of 50 milligrams per kilogram of body weight or less, dermal LD<sub>50</sub> of 200 milligrams per kilogram of body weight or less, or inhalation LD<sub>50</sub> of 0.2 milligrams per liter of air or less, and the label bears the signal words “danger” and “poison” and shows a skull and crossbones.

“Immediate family” includes only spouse, children, stepchildren, foster children, parents, stepparents, foster parents, brothers, and sisters.

“Individual” means a human being.

“*Insect*” means any of the numerous small invertebrate animals generally having the body more or less obviously segmented, for the most part belonging to the class insecta, comprising six-legged, usually winged forms, as for example, beetles, bugs, bees, and flies, and to other allied classes of arthropods whose members are wingless and usually have more than six legs, as for example, spiders, mites, ticks, centipedes and wood lice. A.R.S. § 3-341(14)

“Integrated Pest Management” or “IPM” means a sustainable approach to managing pests that uses any combination of biological, chemical, cultural, genetic, manual, or mechanical tools or techniques in a way that minimizes health, environmental, and economic risks.

“*Label*” means the written, printed or graphic matter on, or attached to, the pesticide or device, or the immediate container thereof, and the outside container or wrapper of the retail package, if there is any, of the pesticide or device. A.R.S. § 3-341(15)

“Labeling” means all labels and other written, printed or graphic matter:

Upon the pesticide or device or any of its containers or wrappers.

Accompanying the pesticide or device at any time.

*To which reference is made on the label or in literature accompanying the pesticide or device, except when accurate, non-misleading reference is made to current official publications of the United States departments of agriculture or interior, the United States public health service, state experiment stations, state agricultural colleges or other similar federal institutions or official agencies of the state or other states authorized by law to conduct research in the field of pesticides.* A.R.S. § 3-341(16).

“LD<sub>50</sub>” means a statistically derived estimate of a single dose of pesticide that can be expected to cause death in 50 percent of laboratory test animals as determined by an EPA approved procedure. The LD<sub>50</sub> value is expressed in terms of weight of test substance per unit weight of the test animal (mg/kg)

“Livestock” means clovenhoofed animals, horses, mules, or asses.

“PCA” or “agricultural pest control advisor” means any individual who, as a requirement of, or incidental to, the individual’s employment or occupation:

Offers a written recommendation to a regulated grower or to any public or private agency concerning the control of any agricultural pest,

Claims to be an authority or general advisor on any agricultural pest or pest condition, or

Claims to be an authority or general advisor to a regulated grower on any agricultural pest.

“*Person*” means any individual, partnership, association, corporation or organized group of persons whether incorporated or not. A.R.S. § 3-341(19)

“Pest” means:

Any weed, insect, vertebrate pest, nematode, fungus, virus, bacteria or other pathogenic organisms.

*Any other form of terrestrial or aquatic plant or animal life, except virus, bacteria or other microorganism on or in living humans or other living animals, which the director declares to be a pest for the purpose of enforcement of this Article.* A.R.S. § 3-341(20)(b)

“*Pesticide*” means any substance or mixture of substances intended to be used for defoliating plants or for preventing, destroying, repelling or mitigating insects, fungi, bacteria, weeds, rodents, predatory animals or any form of plant or animal life which is, or which the director may declare to be, a pest which may infest or be detrimental to vegetation, humans, animals or households or which may be present in any environment. A.R.S. § 3-361(6)

“Pesticide container” means any container with an interior surface that is in direct contact with a pesticide.

“Pesticide Grower Permit” or “PGP” means a permit issued by the Department that allows a qualifying person to act as a regulated grower.

“*Pesticide use*” means the sale, processing, storing, transporting, handling or applying of a pesticide and disposal of pesticide containers. A.R.S. § 3-361(7)

“PMD” means the Pest Management Division of the Arizona Department of Agriculture.

“Private applicator” or “PUP” means a certified applicator who uses or supervises the use of a restricted use pesticide for producing an agricultural commodity on property owned or controlled by:

The applicator;

The applicator’s employer; or

Another person, if the pesticide is applied without compensation, other than trading of personal services between producers of agricultural commodities.

“Property boundary” means the legal boundary of the land on which a child care facility, health care institution, residence, or school sits, unless another boundary is established by a written agreement with the owner of the child care facility, health care institution, residence, or school. Under a written agreement, the parties shall not establish a boundary that is less than ten feet from the child care facility, health care institution, residence, or school.

“Ready-to-use” means a registered pesticide, in the manufacturer’s original container, that does not require dilution by the end user.

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

“Regulated grower” means a person who acquires or purchases pesticides or contracts for the application of pesticides to agricultural commodities, onto an agricultural establishment, or onto a golf course as a part of the person’s normal course of employment or activity as an owner, lessee, sublessee, sharecropper, or manager of the land to which the pesticide is applied.

“Reporting period” means no later than the Thursday following the calendar week in which an application is completed.

“Residence” means a dwelling place where one or more individuals are living.

“Responsible individual” means an individual at a seller’s location who is a certified applicator or is licensed as a PCA in Arizona by the Department, that has demonstrated competency in safe pesticide handling, and is aware they are designated by the seller under R3-3-203.

“Restricted use pesticide” means a pesticide classified as such by the EPA. A.R.S. § 3-361(8).

“School” means a public institution established for the purposes of offering instruction to pupils in programs for pre-school children with disabilities, kindergarten programs or any combination of grades one through twelve. A.R.S. § 15-101(19). School includes a private institution with membership in the North Central Association of Colleges and Schools serving students in kindergarten programs or any combination of grades one through twelve.

“Seller” means any person selling or offering for sale a restricted use pesticide or other type of pesticide intended to be used for an agricultural purpose.

“Service container” means a container filled with a pesticide by an applicator and is transported to an application site where the pesticide will be applied. A service container is not intended to be used as a container for the sale or distribution of a pesticide, and is not intended for the long-term storage of a pesticide, except for cases of an emergency where the integrity of the original packaging of a pesticide is compromised that would lead to a bulk release of a pesticide.

“Small scale test” means a test using a pesticide on land or water acreage as described at 40 CFR § 172.3(c)(1) or (2) (59 FR 45611, Sept. 1, 1994, as amended at 71 FR 35546, June 21, 2006; 73 FR 75599, Dec. 12, 2008, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-172/subpart-A/section-172.3>). This material is incorporated by reference, on file with the Department, and does not include any later amendments or editions.

“Spot application” means a treatment in an area other than a greenhouse or nursery operation that is restricted to an area of an application site that is less than the entire application site.

“Tag” means a custom application equipment license issued by the Department to a custom applicator licensee.

“Triple rinse” means to flush out a container at least three times, each time using a volume of water, or other diluent as specified on the label, equal to a minimum of 10 percent of the container’s capacity or a procedure allowed by the label that produces equivalent or better results.

“Unreasonable adverse effect” means any unreasonable risk to a human being or the environment, taking into account the economic, social, and environmental costs and benefits of the

use of any pesticide, or a human dietary risk from residues that result from a use of a pesticide in or on any food as documented by the Department through its investigation.

“Weed” means any plant which grows where not wanted. A.R.S. § 3-341(24)

“Worker Protection Standard” or “WPS” means the regulations as prescribed in 40 CFR §§ 170.1 et seq., excluding 40 CFR §§ 170.401(c)(4) and 170.501(c)(4) (as amended October 30, 2020, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-170>). This material is incorporated by reference, on file with the Department and does not include any later amendments or editions.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-101 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by exempt rulemaking at 19 A.A.R. 3130, effective September 16, 2013 (Supp. 13-3). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-102. Licensing Time-frames**

- A. Overall time-frame. The Department shall issue or deny a license within the overall time-frames listed in Table 1 after receipt of the complete application. The overall time-frame is the total of the number of days provided for the administrative completeness review and the substantive review.
- B. Administrative completeness review.
  1. The administrative completeness review time-frame established in Table 1 begins on the date the Department receives the application. The Department shall notify the applicant in writing within the administrative completeness review time-frame whether the application or request is incomplete. The notice shall specify what information is missing. If the Department does not provide notice to the applicant within the administrative completeness review time-frame, the Department considers the application complete.
  2. An applicant with an incomplete license application shall supply the missing information within the completion request period established in Table 1. The administrative completeness review time-frame is suspended from the date the Department mails the notice of missing information to the applicant until the date the Department receives the information.
  3. If the applicant fails to submit the missing information before the expiration of the completion request period, the Department shall close the file, unless the applicant requests an extension. An applicant whose file has been closed may obtain a license by submitting a new application.
- C. Substantive review. The substantive review time-frame established in Table 1 shall begin after the application is administratively complete.
  1. If the Department makes a comprehensive written request for additional information, the applicant shall submit the additional information identified by the request within the additional information period provided in Table 1. The substantive review time-frame is suspended from the date of the Department request until the information is received by the Department. If the applicant fails to provide the information identified in the written request

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

within the additional information period, the Department shall deny the license.

2. The Department shall issue a written notice granting or denying a license within the substantive review time-frame. If the application is denied, the Department shall send the applicant written notice explaining the reason for

the denial with citations to supporting statutes or rules, the applicant's right to seek a fair hearing, and the time period in which the applicant may appeal the denial.

**Historical Note**

Adopted effective October 8, 1998 (Supp. 98-4).

**ARTICLE 2. PERMITS, LICENSES, AND CERTIFICATION****R3-3-200. General; Applications; Renewals; Fees; Examinations; Exemptions**

- A. An applicant for certification, license or permit shall submit the appropriate completed application to the Department

accompanied by the appropriate fee prescribed in Table 1. Fees, for each year or portion of the year during which the certification, license or permit is valid.

- B. Applicants for a PGP, PSP, AAP, DPL, CAL, PCA or Certified Applicator are not transferable, and expire on December 31.
- C. Certifications, Licenses, or Permits are:

TITLE 3. AGRICULTURE

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

1. Valid for the year issued for new Certified Applicator or PCA applicants, except for those issued between October 1 and December 31 which are valid until December 31 of the next calendar year;
  2. Valid for one or two years, for all other applicants depending on the renewal period selected by the applicant; and
  3. Renewed for all categories of certification for the same renewal period.
- D. Education and CEU Requirements.**
1. Prior to submitting a new application for a PCA license, applicants shall complete the educational requirements according to R3-3-207.
  2. Prior to submitting a renewal application for a PCA license or certified applicator, applicants shall complete any CEU requirements pertinent to the category or categories in which renewal is being applied for.
  3. It is the applicant's responsibility to take CEUs pertinent to the category or categories for which the applicant is seeking to renew certification.
  4. The Department may screen renewal applications to ensure the CEU courses taken by the applicant are pertinent to the category or categories for which the applicant is seeking to renew licensure.
- E. Examinations.** In addition to the specific requirements found in R3-3-203 through R3-3-208, the following general provisions apply to this Article:
1. The Department shall administer examinations required under this Article by appointment at every Environmental Services office.
  2. An applicant shall demonstrate knowledge and understanding by scoring at least 75 percent on a written examination for each examination taken under this Article.
  3. An individual who fails an examination may retake it no more than two times in a six-month period and shall not retake an examination until at least seven days have elapsed from the date of the last examination.
  4. The Director may deny a certification or license after an opportunity for an administrative hearing is given, for any individual who is found cheating during the examination process and shall be prohibited from re-taking any examination required under this Article for no less than one year.
  5. The Director may revoke a certification or license after an opportunity for an administrative hearing is given, for an individual who is found cheating on an examination and shall be prohibited from re-taking any examination required under this Article for no less than one year.
  6. Cheating includes one or more of the following:
    - a. Computer or mobile device usage to search for answers to exam questions or to copy exam questions;
    - b. Use of copied exam answers in any form; or
    - c. Any other means in which the answers to the exam questions are obtained without using the knowledge of the exam taker.
- F. Renewal; expired license or certification.**
1. An applicant may renew an expired license without retaking the written examinations under R3-3-207 provided the applicant:
    - a. Within the licensing period, complies with the CEU requirements in R3-3-207;
    - b. Submits a completed application within 11 months after the expiration date of the license;
    - c. Does not provide any pest control-related service from the date the license expired until the date the renewal is effective;
    - d. Pays the license fee plus a \$10 late fee for each month the certification has been expired, with the late fee not exceeding \$110 (11 months); and
    - e. Obtains the required CEU's while the license is active.
  2. An applicant may renew an expired certification without retaking the written examinations under R3-3-208 provided the applicant:
    - a. Has satisfied the CEU requirements in R3-3-208(E)(3), within the current certification period;
    - b. Submits a completed renewal application within 11 months after the expiration date;
    - c. Does not provide any pesticide-related service from the date the certification expired until the date the renewal is effective;
    - d. Pays the renewal fee plus a \$10 late fee for each month, with the penalty not to exceed \$110 (11 months); and
    - e. Obtains the required CEU's while the certification is current.
  3. Applicants with expired certifications greater than 11 months shall complete the requirements for initial certification, including retaking and passing the applicable written examinations prescribed in this Section.4. Notwithstanding R3-3-200 (F)(1) or (2), in addition to any penalties or fines imposed for committing a violation according to Section R3-3-502(C)(1) or (G)(4), for operating with an expired license or certification, the applicant shall take any written examinations required to renew a PCA license or Certified Applicator.
- G. License and Fee Exemptions**
1. A person who applies pesticides in buildings or for structural pest control purposes is not required to apply for or possess any license or certification from the Department under this Article.
  2. A person who sells, offers for sale, delivers, or offers for delivery a general use pesticide, to be used for private, noncommercial use in or around the home or a person who sells general use pesticides for swimming pool or spa maintenance is not required to apply for or possess a seller's permit from the Department.
  3. A state, federal, tribal, or other governmental employee, who makes pest control recommendations or applies or supervises the use of restricted use pesticides while engaged in the performance of official duties shall meet the requirements of this Article, but is not required to pay a fee for any agricultural license, certification, or permit under this Article when used solely for work related purposes.
  4. A person who only furnishes information concerning label requirements governing a registered pesticide is not required to apply for or possess a PCA license from the Department.

  3. Name, physical address, mailing address, email address, if applicable, and daytime telephone number of the location selling a restricted use pesticide or a pesticide for an agricultural purpose;
  4. Permit renewal period;
  5. Name, email address, and daytime telephone number of the Arizona contact for each out-of-state seller, if applicable;
  6. Address where records required to be maintained under R3-3-401 will be kept;
  7. Whether the applicant has had a similar license, permit, or certification revoked, suspended, or denied in this or any other jurisdiction during the three years before the date of application; and
  8. The current seller permit number, if applicable.
- E. The Department shall not renew a seller permit unless the seller is in compliance with the provisions established in subsection (F), if applicable.
- F. A seller shall designate a different responsible individual for each physical location in this state that sells or offers for sale any restricted use pesticide or agricultural use pesticide. If a responsible individual terminates employment at an assigned location, the seller shall designate another responsible individual within 30 calendar days and notify the Department of the replacement.

2. If application work will be done for hire or exchange of services, a valid commercial applicator certification issued under R3-3-208.
- C.** The Department shall not issue or renew an AAP or DPL, and an existing AAP or DPL is invalid unless the applicant or license holder:
1. Has a valid commercial pilot's certificate issued by the FAA as prescribed under 14 CFR §§ 137.1 et seq. (amended March 5, 2018, <https://www.ecfr.gov/current/title-14/chapter-I/subchapter-G/part-137>). This material is incorporated by reference, is on file with the Department and does not include any later amendments or editions; or
  2. Has a valid drone pilot's certificate for a DPL that has been issued by the FAA under 14 CFR §§ 107.1 et seq. (amended January 15, 2021, <https://www.ecfr.gov/current/title-14/chapter-I/subchapter-F/part-107/subpart-A>). This material is incorporated by reference, is on file with the Department and does not include any later amendments or editions.
- D.** An individual applying for an AAP or DPL, initial or renewal, shall provide the following information on a form obtained from the Department:
1. Name and signature of the applicant;
  2. Date of application;
  3. Address, email address, and daytime telephone number of the applicant;
  4. License renewal period;
  5. Name, physical address, mailing address, email address, and daytime telephone number of the applicant's employer, if applicable;
  6. As applicable, a current copy of the applicant's:
    - a. Commercial pilot certificate issued by the FAA for an AAP applicant, if not previously filed with the Department; or
    - b. Drone pilot's certificate issued by the FAA for a DPL applicant, if not previously filed with the Department.
  7. Applicant's commercial applicator certification number;
  8. Whether the applicant has had a similar certification or license revoked, suspended, or denied in this or any other jurisdiction during the three years before the date of application and the nature of the violation; and
  9. Information and documentation indicating that the individual's presence in the United States is authorized under federal law according to A.R.S. § 41-1080, if not on file.
1. Name and signature of the applicant;
  2. Date of the license application;
  3. Name, physical address, mailing address, email address, if applicable, and daytime telephone number of the business;
  4. License renewal period;
  5. Whether the application is for ground or air custom application, or both;
  6. Names and current certification numbers of the commercial applicators employed by the business;
  7. Evidence of insurance coverage, showing the name of the insurance carrier, policy number, policy term, policy limits, and any applicable exclusions;
  8. Whether the applicant has had a similar license revoked, suspended, or denied in this or any other jurisdiction during the last three years, and the nature of the violation;
  9. The name and contact information for a contact person at the business if different than the applicant; and
  10. For individual applicants, information and documentation indicating that the individual's presence in the United States is authorized under federal law according to A.R.S. § 41-1080, if not on file.
- D.** The Department shall not issue or renew a CAL and an existing CAL is invalid unless the applicant or license holder:
1. Is a commercial applicator or employs at least one individual who is certified as a commercial applicator under R3-3-208; and
  2. Maintains or the business that employs the applicator or license holder maintains public liability, drift, and property damage insurance coverage with an aggregate amount of at least \$300,000 during the licensing period. The applicant or license holder shall provide evidence of insurance coverage to the Department upon initial application, for each renewal, or upon request of the Department;
- E.** A CAL holder may:
1. Temporarily relinquish a CAL if the custom applicator:
    - a. Advises the Department of termination of the insurance prescribed in subsection (D)(2), and the effective date of termination; and
    - b. Ceases to act as a custom applicator on the termination date.
  2. Reinstates the CAL within the same licensing time period, without again paying the fee as prescribed in under R3-3-200(A), if the custom applicator:
    - a. Purchases insurance as prescribed in subsection (D)(2), and
    - b. Notifies the Department of the effective date of the insurance.

**R3-3-207. Agricultural Pest Control Advisor (PCA) License; Exemption**

**A.** In addition to the provisions found under R3-3-200, the following apply to this Section.

**B.** An individual shall not act as a PCA without a valid PCA license issued by the Department. To advise in any of the categories listed in subsection (I), a PCA shall pass the specific examination associated with the category.

**C.** An individual, without a valid PCA license, applying for a PCA license shall provide the following information on a form obtained from the Department:

1. The applicant's name, address, email address, daytime telephone number, social security number, and signature;
2. Date of the application;
3. Name, physical address, mailing address, email address, and daytime telephone number of the applicant's employer, if applicable;
4. Examinations that the applicant has passed by category;
5. Whether the applicant has had a similar license revoked, suspended, or denied in this or any other jurisdiction during the last three years, and the nature of the violation resulting in the revocation, suspension, or denial; and
6. Information and documentation indicating that the individual's presence in the United States is authorized under federal law according to A.R.S. § 41-1080, if not on file.

**D.** An individual applying for a PCA license, except an individual who holds or has held a PCA license in this state within the previous five years shall meet one of the following five sets of qualifications:

1. College degree.
  - a. Possess a bachelor's degree (B.A. or B.S.), master's degree or doctorate degree in any subject; and
  - b. Have completed 42 semester hours (63 quarter units) of college-level curricula as specified in subsection (E).
2. Master's degree in a biological science.
  - a. Possess a master's degree in a biological science;
  - b. Have 12 months of work experience related to a core area listed in subsection (E); and
  - c. Have a letter from the institution, a faculty member, or a supervisor where the individual obtained the work experience certifying the time spent and describing the type of experience obtained by the individual.
3. Doctorate degree in a biological science.
  - a. Possess a doctorate degree in a biological science; and either
  - b. Meet the qualifications in subsection (D)(2)(b) and (D)(2)(c); or
  - c. Have a letter of recommendation from the faculty member that supervised the dissertation or the division head of the discipline.
4. Other education with unlicensed experience.
  - a. Have completed 42 semester hours (63 quarter units) of college-level curricula as specified in subsection (E);
  - b. Have 24 months of work experience related to a core area listed in subsection (E); and
  - c. Have a letter from the institution, a faculty member, or a supervisor where the individual obtained the work experience certifying the time spent and describing the type of experience obtained by the individual.
5. Other education with licensed experience.
  - a. Be currently licensed as a pest control advisor (PCA) or equivalent in another state; and
  - b. Have completed 42 semester hours (63 quarter units) of college-level curricula as specified in subsection (E), except that each year of verifiable licensed experience under subsection (D)(5)(a) within the previous 5 years qualifies for two semester hours up to 10 hours. The semester hours based on licensed experience do not reduce the minimum hours required from each individual core area.

TITLE 3. AGRICULTURE

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- c. The applicant shall provide proof of the equivalency of a license from another state.
- E. The 42 semester hours (63 quarter units) of college-level curricula specified in subsection (D) shall come from the core areas shown in Table 2, with at least the minimum indicated hours (or units) coming from each individual core area. A single course shall not count toward the minimum hours of more than one core area. At least one course from the pest management systems and methods core area shall emphasize integrated pest management principles. Each course completed must be awarded credit with a minimum passing grade of a "C" or a 2.0 GPA, or a passing score if taken on a pass or fail basis.
- F. Alternative curricula credits.
  1. A current crop advisor certificate issued by the American Society of Agronomy qualifies for three semester hours in one of the following core areas: physical, biological and earth sciences and mathematics; crop health; or production systems.
  2. Non-traditional courses such as a senior project, an internship, cooperative work experience, independent study, a dissertation or a thesis qualify for three semester hours in one of the core areas of crop health, pest management systems and methods, or production systems, as applicable.
  3. For applicants with a bachelor's, master's, or doctorate degree, at least one year of full-time related work experience qualifies for three semester hours in one of the core areas of pest management systems and methods or production systems, as applicable.
- G. In addition to the information required by subsection (C), an applicant shall submit to the Department:
  1. An official transcript verifying the courses completed and the degrees granted to the applicant;
  2. Documentation verifying alternative curricula relied on under subsection (F). Documentation of subsection (F)(2) and (F)(3) shall include a letter certifying completion and describing the activity from the institution, a faculty member or supervisor; and
  3. If applicable, the letter required for licensure under subsection (D).
- H. Renewal.
  1. The Department shall not renew a PCA license unless, before the expiration of the current license, the licensee completes 15 CEUs for each year of the renewal period or passes any applicable examination prescribed in subsection (I). The licensee shall complete CEU credit during the calendar years the current license is in effect. CEUs earned that are in excess of the requirements do not carry forward for use with future renewals.
  2. To obtain credit, the applicant shall provide the Department with documentation of completion of the CEU course.
  3. For license renewal, the license may only be renewed if the required CEUs are obtained and the renewal application and fees are received by the Department within the specified time period.
- I. Examinations. In addition to the core examination as prescribed in R3-3-208(E), an applicant shall demonstrate knowledge and understanding of integrated pest management in any of the following categories:
  1. Weed control,
  2. Invertebrate control,
  3. Nematode control,
  4. Plant pathogen control,
  5. Vertebrate pest control,
  6. Plant growth regulators, or
  7. Defoliation.
- J. Exemption. An individual operating in an official capacity for a college or university, providing recommendations in a not-for-profit capacity, or merely furnishing information concerning general and labeling usage of a registered pesticide is not considered an authority or general advisor for the purposes of this Chapter.

**R3-3-208. Applicator Certification (PUP, PUG, PUC); Categories; Competency; Examination; Renewal**

- A. In addition to the provisions found under R3-3-200, the following applies to this Section.
- B. An individual shall not act as a private (PUP), golf (PUG), or commercial (PUC) applicator unless the individual is 18 years of age and certified by the Department.
- C. An individual shall take and pass both the core exam and the appropriate category exam, or exams, they are seeking to show competency to become a certified applicator.
- D. Application. An individual applying for either PUP, PUG, or PUC applicator certification shall pay the applicable fee as prescribed in R3-3-200(A) and submit a completed application to the Department containing the following information on a form obtained from the Department:
  1. The applicant's name, address, email address if applicable, daytime telephone number, Social Security number, date of birth, and signature;
  2. Date of the application;
  3. If applicable, name, physical address, mailing address, email address, and daytime telephone number of the applicant's employer;
  4. Whether the application is for a PUP, PUG, or PUC applicator certification;
  5. Which category or categories the individual seeks certification;
  6. Whether the applicant has had a similar certification revoked, suspended, or denied in this or any other jurisdiction during the last three years, and the nature of the violation; and
  7. Information and documentation indicating that the individual's presence in the United States is authorized under federal law according to A.R.S. § 41-1080, if not on file.
- E. Examinations and Competency Standards.
  1. The Department shall ensure that the core examination tests the knowledge and understanding of 40 CFR § 171.103 for a PUC or PUG applicator license, or 40 CFR § 171.105 for a PUP applicator license, as amended January 4, 2017, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-171>. This material is incorporated by reference, on file with the Department, and does not include any later amendments or editions.
  2. Exam Categories and Competency Standards:
    - a. For commercial applicators:
      - i. examination and competency standards until the individual is renewing a private, golf, or commercial applicator certification. This provision shall expire on December 31, 2026.

**F. Renewal; CEU requirements.**

1. An applicant for renewal of an applicator certification shall select a one or two-year renewal period.
2. An applicant shall submit the completed application accompanied by the applicable fee for a one-year renewal or double the fee for a two-year renewal.
3. CEU requirements.
  - a. The Department shall not renew a private applicator or golf applicator certification unless, prior to the expiration of the current certification, the applicator completes three CEUs pertinent to the category or categories for which the applicant is seeking to renew licensure for each year of the renewal period.
  - b. The Department shall not renew a commercial applicator certification unless, prior to expiration of the current certification, the applicator completes six CEUs pertinent to the category or categories for which the applicant is seeking to renew for each year of the renewal period.
  - c. All CEU credit requirements shall be completed during the certification period, prior to renewal. CEU credits earned in excess of the requirements do not carry forward for use in subsequent renewals.
  - d. To obtain credit, the Department shall be provided with documentation of completion of the CEU course.

**G. Reciprocal Certification**

1. The Director may waive the examination requirements in whole or in part for an individual who is certified as an applicator by another State, Federal, or Tribal agency under an approved EPA certification plan.
  - a. A applicant must apply for Arizona reciprocal certification.
    - i. The applicant shall provide the information as prescribed in subsection (D).
    - ii. The applicant shall submit the Department required form to their state, federal, or tribal agency for verification of certification.
    - iii. Upon verification of the competency standards for each category of certification requested, the Department may issue a like category applicator license.
    - iv. The Department shall terminate an applicator's certification upon notification that the applicator's original certification has been terminated in the originating state, for any reason.
    - v. The applicant may request a hearing if the Department denies an application for a reciprocal certification based on the competencies approved by another state, federal, or tribal agency.
2. Anyone certified through reciprocal certification must notify the Department of termination of the originating-state's certification. Failure to notify the Department within three business days after the effective date of termination may result in revocation of the Arizona certification, and the applicant may not reapply for Arizona certification for a twelve-month period.

Former Section R3-3-210 repealed; new R3-3-210 renumbered from R3-3-211 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-211. CEU Course Approval; Subject Approval**

**A.** CEU course approval.

1. A person who wishes to have the Department determine whether a course qualifies for CEU credit shall submit the following information to the Department:

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- a. Name, address, email address, if applicable, and telephone number of the course's sponsor;
    - b. Signature of the sponsor or the sponsor's representative;
    - c. Course outline, listing the subjects and indicating the amount of time allocated for each subject;
    - d. Brief description of the information covered within each subject;
    - e. Brief biography of the presenter, demonstrating the presenter's qualifications;
    - f. Fees charged for attending the course;
    - g. Date and location of each session; and
    - h. Whether the course is open to the public.
  2. A person who requires prior notification of the number of CEUs that can be earned by completing an approved course before it is held shall submit the information required in subsection (A)(1) to the Department at least 14 business days before the course is held.
  3. The Department may modify the number of CEUs earned for a CEU course if the CEU course varies significantly in content or length from the approved curriculum. If the Department modifies the number of CEUs earned, the Department shall send a letter of modification to the course organizer, who shall be requested to inform all individuals who attended the course.
- B. Subject approval.** The Department shall provide enough information so that the applicator can determine if the CEUs are pertinent to the categories in which they are seeking renewal. The Department shall grant one hour of CEU credit for every 50 minutes of actual instruction in an approved program relating to agricultural pest control or any of the following subjects:
1. Those listed in R3-4-208(E);
  2. IPM; or
  3. Any other pesticide or pesticide use subject approved by the Associate Director.
- Historical Note**  
Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-211 (Supp. 91-4). Former Section R3-3-211 renumbered to R3-3-210; new R3-3-211 renumbered from R3-3-212 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).
- R3-3-212. Experimental Use Permit**
- A. Definitions**
1. "For the purpose of experimentation" means for research or testing purposes, including research or testing performed in order to accumulate information necessary to register under Section 3 of FIFRA and the regulations thereunder a pesticide not currently registered or a registered pesticide for a use not previously approved in the registration of the pesticide.
  2. "Research agency" means any organization engaged in research pertaining to the use of pesticides, including for the purpose of experimentation.
  3. "Structural pest management application" means a pesticide application covered by A.R.S. §§ 3-3601 et seq.
- B. A research agency or educational institution may use a pesticide that is not federally registered or use a federally registered pesticide for a use not previously approved in the registration of the pesticide for the purpose of experimentation:**
1. Under a valid experimental use permit issued by the Department, or
  2. If the testing will only occur on the grounds of a college or university agricultural center or campus or a research agency owned research facility, then a permit is not required.
- C. An applicant for an experimental use permit shall provide the following information to the Department:**
1. A copy of the EPA-approved experimental use permit issued according to Section 5 of FIFRA or, for applicants exempt from the requirement of a federal experimental use permit under 40 CFR § 172.3 (59 FR 45611, Sept. 1, 1994, as amended at 71 FR 35546, June 21, 2006; 73 FR 75599, Dec. 12, 2008, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-172/subpart-A/section-172.3>). This material is incorporated by reference, on file with the Department, and does not include any later amendments or editions;
  2. A statement of which federal exemption applies and an affidavit certifying that the experimental use will be in compliance with the applicable exemption;
  3. A statement of the purpose for which the experimental use permit will be used;
  4. Name, address, email address, and daytime telephone number of the person supervising the experimental use application;
  5. Name, address, email address, and daytime telephone number of the PGP and PCA, or the qualifying party if it is a structural pest management application, that are involved in the application of the experimental use pesticide;
  6. County, section, township, range, and field description, if needed, of the intended application site, or the street address if it is a structural pest management application;
  7. The crop and acreage to be treated, the amount (quantity, weight, volume or other appropriate unit of measure) of the agricultural commodity to be treated, or the number of structures if it is a structural pest management application;
  8. Total amount of active ingredient to be applied in this state;
  9. Application rate of formulation per acre or other appropriate measure for a structural pest management application;
  10. Method of application;
  11. Name, address, email address, and telephone number of the applicator applying the pesticide;
  12. Time period during which the application will be made; and
  13. Any special experimental use permit conditions imposed by the EPA, if applicable.
- Historical Note**

subsection (B) CFR citation corrected from 40 CFR.4 to 40 CFR 171.4 at the request of the Department, Office File No. M09-448, filed December 8, 2009 (Supp. 09-4). Repealed by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**ARTICLE 3. PESTICIDE USE, SALES, AND EQUIPMENT****R3-3-301. General**

- A.** A person shall not use, apply, or instruct another to apply a pesticide in a manner or for a use inconsistent with the pesticide labeling except that:
1. A pesticide may be applied at a dosage, concentration, or frequency less than that specified on the pesticide labeling unless the labeling specifically prohibits deviation from the specified dosage, concentration, or frequency.
  2. A pesticide may be applied against any target pest not specified on the labeling if the application is to an application site specified on the pesticide labeling, unless the labeling specifically prohibits use against the pest.
  3. A pesticide may be applied by any method of application not prohibited by the pesticide labeling unless the labeling specifically states that the pesticide may be applied only by the methods specified on the labeling.
  4. A pesticide may be mixed with a fertilizer if the labeling does not prohibit the mixture.
  5. A pesticide may be used in any manner that is consistent with Sections 5, 18, or 24 of FIFRA.
- B.** A person shall not use, apply, or store or instruct another to use, apply, or store a pesticide unless the pesticide is:
1. Registered with the Department and the EPA,
  2. Previously registered with the Department and the EPA and cancelled or suspended by the EPA with a current end-use provision in effect, or
  3. Registered with the Department for FIFRA 25(b) products.
- C.** Subsection (B) does not apply to a:
1. Pesticide registrant that temporarily stores pesticides produced for shipment out of the state;
  2. Person who uses a pesticide in Arizona under an Arizona issued experimental use permit; or
  3. Person who is using a pesticide for experimental purposes on the grounds of a college or university agricultural center or campus, or a company-owned research facility.
- D.** A person shall not sell, offer for sale, barter or otherwise supply any pesticide:
1. That has been altered, diluted, or mixed;
  2. That has been repackaged at an establishment not registered with the EPA; or
  3. Is not registered with the Department according to Article 7 of this Chapter.
- E.** A person shall not allow drift that causes any unreasonable adverse effect.
- F.** A person shall not cause the direct release of a pesticide and an individual shall not instruct an applicator in a manner to cause the direct release of a pesticide causing any unreasonable adverse effect.
- G.** Regulated grower responsibility.
1. After a pesticide is applied to an application site on an agricultural establishment, the regulated grower shall not harvest a crop from the application site, or permit livestock to graze the application site in violation of any provision of the pesticide labeling.
  2. Before a pesticide application, a regulated grower shall ensure that all individuals and livestock subject to the

regulated grower's control are outside the application site.

- H.** Emergency pest control measures. A person acting under a government-sponsored emergency program, shall not apply, cause, or authorize another to apply or cause a pesticide to come into contact with an individual, animal, or property outside the boundaries of the application site.
- I.** If possible when applying pesticides by aircraft or drone, a pilot shall fly crosswind, unless an obstacle does not permit it, and shall begin the application at the downwind side of the application site so that the pesticide is dispersed on the return swathe.
- J.** A person shall not apply a highly toxic pesticide, other than a pesticide registered by the EPA for ultra-low volume application, in a volume that is less than one gallon per acre in the final spray form. The content of that gallon shall be at least 50 percent water.
- K.** A buffer zone may receive direct application or drift of pesticides as permitted by law.
- L.** Requirements for Direct Supervision of Noncertified Applicators by Certified Applicators. Supervision of noncertified applicators shall be as prescribed in 40 CFR § 171.201(39 FR 36449, Oct. 9, 1974, as amended by FR 1040, January 4, 2018, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-171/subpart-C/section-171.201>). This material is incorporated by reference, on file with the Department, and does not include any later amendments or editions.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-301 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-302. Form 1080; Requirement for Written Recommendation**

- A.** Effective January 1, 2026 all Form 1080s must be on a form approved by the Department, made available by the Department, or electronically submitted through the Department's Form 1080 internet portal. A PCA or regulated grower shall provide the following information in sequential order as indicated in subsections (A)(1) through (25):
1. Name and permit number of the seller;
  2. Date the recommendation is written;
  3. Name and permit number of the PGP upon whose application site the pesticide will be applied;
  4. County where the application site is located;
  5. Pest conditions present;
  6. Whether the application site is within a pesticide management area under R3-3-304;
  7. Anticipated date of harvest;
  8. Restricted entry interval;
  9. Label days to harvest;
  10. Date recommended for the pesticide application;
  11. Specific application site being treated;
  12. Township, range, and section of the application site;
  13. Number of acres or application sites in each section being treated;
  14. Additional field description, if any;
  15. Brand name and EPA registration number of the pesticide to be applied or number of the pesticide regulated under Section 18 of FIFRA to be applied;

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

16. Rate and unit of measure per acre or dilution per 100 gallons;
  17. Total quantity of pesticide concentrate to be applied;
  18. Total acres to be treated and total volume per acre or total number of application sites to be treated;
  19. Whether the application includes an active ingredient that appears on the ADEQ groundwater protection list and is soil-applied as defined in A.A.C. R18-6-301;
  20. Whether a supplemental label is required;
  21. Method of pesticide application;
  22. Label restrictions or special instructions, if any;
  23. Name of the custom applicator making the application;
  24. Anticipated pesticide delivery location; and
  25. Signature of the regulated grower or PCA and credential number of the PGP or PCA making the recommendation.
- B.** A custom applicator shall not apply a pesticide unless the custom applicator has received a signed copy of the recommendation from the PCA or the regulated grower on the Form 1080 before the application. The custom applicator shall apply the pesticide according to the recommendation on the Form 1080 unless the recommendation conflicts with the pesticide label or labeling, in which case the custom applicator shall note these deviations on the Form 1080 and apply the pesticide according to the pesticide label or labeling, or as provided in R3-3-301(A).
- C.** Before the application of a pesticide recommended by a PCA, the PCA shall notify the regulated grower, or the regulated grower's representative, of the scheduled application date. If the application date or time changes from that scheduled with the regulated grower, the custom applicator shall notify the regulated grower of the revised date and time of the application.
- D.** After completing the application, the custom applicator shall sign the pesticide application report portion of Form 1080 to verify that the pesticide was applied according to the recommendation and provide the following information in writing on the form:
1. Date and start and end time of each application;
  2. Date and time of the first and last spot application and a general description of the location, if applicable;
  3. Wind direction and velocity;
  4. Tag number, if applicable;
  5. Name and credential number of the grower or custom applicator business;
  6. Signature and credential number of the applicator; or name of the application equipment operator, and if a restricted use pesticide is applied, the signature and credential number of the certified applicator; and
  7. Any deviation from the recommendation.
- E.** Reporting shall be as prescribed in R3-3-404.
- F.** Non-certified applicator records. When supervising a non-certified private, golf, or commercial applicator of a restricted use pesticide, records shall be kept as required in 40 CFR § 171.201(e) (39 FR 36449, Oct. 9, 1974 as amended by 82 FR 1040, January 4, 2018, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-171/subpart-C/section-171.201>). **Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-302 (Supp. 91-4). Section repealed; new Section made by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-303. Experimental Use**

- A.** At least 24 hours before the application, the person supervising the application shall provide the Department with the following information:
1. Exact date, time and location of the intended application by calling and leaving a message on the pesticide hotline answering machine, 1-800-423-8876; and
  2. Any changes to the experimental permit information that was provided according to R3-3-212.
- B.** An applicator shall not apply an experimental use pesticide in a manner other than that specified by the experimental use permit or other Department-approved labeling that is provided to the applicator. The applicator shall ensure that the labeling is at the application site when the application occurs.
- C.** An applicator involved in an experimental use pesticide application shall comply with R3-3-302 as applicable.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-303 (Supp. 91-4). Section repealed; new Section renumbered from R3-3-306 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-304. Pesticide Management Areas; Criteria for Designation**

- A.** The Associate Director shall annually publish a list of all locations within the state that are designated as pesticide management areas under A.R.S. § 3-366. The list is available at every Environmental Services Division office.
- B.** The Director shall designate a location as a pesticide management area if all of the following evaluation criteria are met:
1. The distance between the application site and the property boundary of any residence, school, child care facility, or health care institution is less than 1/4 mile;
  2. A pesticide is applied by aircraft;
  3. A pesticide complained about under subsection (B)(4) is highly toxic or odoriferous; and
  4. The Department receives complaints alleging pesticide misuse within a 12-month period from at least five or five percent, whichever is greater, of the residences located less than 1/4 mile from the application site or a complaint from any school, child care facility, or health care institution located less than 1/4 mile from the application site.
- C.** If, upon a written request from a person, or upon the Department's initiative, the Director determines that a pesticide management area no longer meets all of the criteria listed in subsection (B), the Director may remove the pesticide management area from the Department's annual list.
- D.** A person may petition the Department at any time to add or delete an area to or from the list of pesticide management areas. The petitioner shall address all of the criteria listed in subsection (B). The Director shall make a decision on each petition no later than 90 days from the date the petition was submitted.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-304 (Supp. 91-4). Section repealed; new Section renumbered from R3-3-308 and amended by final rulemaking at 10 A.A.R. 276, effective

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

March 6, 2004 (Supp. 04-1).

**R3-3-305. Pesticide Sales**

- A.** A seller shall only sell, offer for sale, deliver, or offer for delivery any restricted use pesticide to a person who:
1. Has a valid private, golf or commercial applicator certification issued by the Department for the use of a restricted use pesticide in the appropriate category;
  2. Works under the direct supervision of a person who has a valid private, golf or commercial applicator certification issued by the Department for the use of a restricted use pesticide in the appropriate category; or
  3. Has a valid certification from California, Nevada, Utah, Colorado, New Mexico or from an Arizona Indian tribe that allows the person to use a restricted use pesticide.
- B.** If a pesticide is sold for an agricultural purpose, in Arizona, the seller shall only sell, offer for sale, deliver, or offer for delivery any pesticide for an agricultural purpose after determining that the pesticide will be used by a person who has a PGP issued by the Department.
- C.** If a pesticide is sold for an agricultural purpose, the seller shall write the permit numbers of the seller and PGP on each sale and delivery ticket or invoice, and on each pesticide container or carton. If a pallet is delivered to an individual purchaser, the seller may write the seller and PGP numbers on the outside of the shrink-wrapped pallet.
- D.** A seller shall register with the Department the name and address of each salesperson and PCA employed for the purpose of selling pesticides in this state.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
Renumbered from R3-10-305 (Supp. 91-4). Section repealed; new Section renumbered from R3-3-309 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by exempt rulemaking at 19 A.A.R. 3130, effective September 16, 2013 (Supp. 13-3). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-306. Receipt of Restricted Use Pesticides by Noncertified Persons**

- A.** A person shall not sell, offer for sale, deliver, or offer for delivery a restricted use pesticide to another person other than a certified applicator without having first obtained written documentation from a certified applicator or a noncertified recipient that the material is to be applied by or under the supervision of a certified applicator.
- B.** The seller shall obtain one of the following types of written documentation to satisfy the requirement in subsection (A):
1. A photocopy or fax of the certificate issued to the certified applicator who will be applying or supervising application of the restricted use pesticide and:
    - a. A statement signed by the certified applicator, authorizing and identifying the noncertified individual to purchase or receive the restricted use pesticide for the certified applicator; or
    - b. A copy of a signed contract or agreement, authorizing and identifying the noncertified person to receive the restricted use pesticide for the certified applicator; or
  2. A form on file with the seller that contains the following information:
    - a. Name of any individual authorized to receive the restricted use pesticides for the certified applicator;

- b. Relationship of an authorized individual to the certified applicator (partner, employee, co-worker, or immediate family);
- c. List of the restricted use pesticides an authorized individual is allowed to receive, specifying the trade name and:
  - i. EPA registration number;
  - ii. State special local need registration number issued by the Department; or
  - iii. Emergency exemption number, issued by the EPA under Section 18 of FIFRA, if applicable.
- d. Signature of the authorized individual and the date signed; and
- e. Certified applicator's full name, signature, work address, work phone number, certification number, and certification categories.

- C.** A seller shall request proof of identification from any noncertified individual accepting restricted use pesticides on behalf of a certified applicator if the individual is unknown to the seller.
- D.** A noncertified individual who receives a restricted use pesticide on behalf of a certified applicator shall sign all sale documents for restricted use pesticides.
- E.** If, at the time of the sale of the restricted use pesticide, the noncertified individual receiving the pesticide satisfies the requirements of subsection (B) by presenting a signed statement, contract, or agreement, the seller shall maintain on file a copy of the signed statement, contract, or agreement.
- F.** The seller shall retain records of all sales or deliveries made and maintain the documents required by this Section for at least two years from the date of sale.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).

- D. A custom applicator shall not permit an individual who does not hold a valid agricultural drone pilot license and a valid commercial applicator certification to apply pesticides by drone.

**Historical Note**

Adopted effective January 17, 1989 (Supp. 89-1). Renumbered from R3-10-307 (Supp. 91-4). Former Section R3-3-307 repealed; new R3-3-307 renumbered from R3-3-312 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-308. Pesticide Containers and Pesticides; Storage and Disposal**

- A. Each person storing pesticides or non-triple rinsed pesticide containers shall:
1. Provide a secure, well-ventilated storage location;
  2. Verify that the containers are nonleaking and closed if not in use; and
  3. Conspicuously post a sign at the entrance to the storage area warning others that pesticides are stored inside.
- B. A person shall not place misleading wording or markings on a service container that are not related to the pesticide in the container.
- C. A person using a service container to store or transport a pesticide concentrate or registered ready-to-use pesticide, shall place a durable and legible label or tag on the service container that lists:
1. Name, email address, if applicable, and telephone number of the applicator or custom applicator using the pesticide;
  2. Brand or trade name of the pesticide;
  3. EPA registration number;
  4. Name and percentage of the active ingredient;
  5. Dilution, if any, in the service container;
  6. EPA-assigned signal word (danger, warning, or caution) for the registered label; and
  7. The phrase "KEEP OUT OF REACH OF CHILDREN."
- D. A person shall not store or transport any pesticide in a container that has been used for food, feed, beverages, drugs, or cosmetics, or, because of shape, size, or marking is identified with food, feed, beverages, drugs, or cosmetics.
- E. A person shall not dump, negligently store, or leave unattended any pesticide, service container, or pesticide container or part of a container, at any place or under any condition that will create a hazard to an individual, an animal, or property.
- F. A person shall not dispose of any pesticide or pesticide container except according to label directions and all applicable laws.
- G. Before a person disposes of any pesticide container, the person shall ensure that the following steps are taken:
1. After emptying each pesticide container other than a pressurized container, a paper bag, or a container designed for reuse with the same pesticide and described in R3-3-309, the container is triple rinsed and:
    - a. The rinsate is not discharged into the environment unless the discharge is performed according to label directions, and applicable laws;
    - b. The rinsate is placed into a service container or the application equipment for use on an application site, or the rinsate is disposed as allowed by the label;

- c. Each container is punctured or crushed after it is triple rinsed to render the container incapable of holding any material; and
2. A pesticide container that is a combustible bag or package is thoroughly emptied and either:
    - a. Folded and tied into bundles or otherwise secured, or
    - b. Enclosed securely in a secondary container that is labeled as containing pesticide residue.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-308 (Supp. 91-4). Former Section R3-3-308 renumbered to R3-3-304; new R3-3-308 renumbered from R3-3-313 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

**R3-3-309. Returnable, Reusable, Recyclable, and Reconditionable Pesticide Containers**

- A. A pesticide container, as defined in R3-3-101, labeled as a returnable, reusable container, or for which the label contains provisions for recycling or reconditioning, may be shipped according to label directions to a dealer, distributor, formulator, or a reconditioning or recycling facility that is operated in accordance with applicable laws.
- B. If a pesticide container is being held for shipment under subsection (A), the person holding the container shall, immediately after use, place it in a secure environment, inaccessible for any use other than shipment according to label directions.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-309 (Supp. 91-4). Former Section R3-3-309 renumbered to R3-3-305; new R3-3-309 renumbered from R3-3-314 and amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

**R3-3-310. Fumigation Use**

- A. An individual shall not perform a fumigation unless the individual is a certified fumigant applicator or a certified fumigant applicator is physically present in the immediate vicinity supervising the individual performing the fumigation.
- B. An individual storing, handling, or applying a fumigant shall follow all label requirements. If the label does not specify warning requirements, the individual shall comply with the following provisions:
1. Before the fumigation begins, warning signs shall be posted in visible locations on or in the immediate vicinity of all entrances to and on every side of the space or area being fumigated.
  2. Warning signs shall be printed in red on white background and shall:
    - a. State the English and Spanish words "DANGER/PELIGRO";
    - b. Contain a skull and crossbones symbol if shown on the product label;
    - c. State "Area or commodity under fumigation. DO NOT ENTER/NO ENTRE"; and
    - d. State the name of the fumigant, the date and time the fumigant was injected, and the name, email address, if applicable, and telephone number of the certified applicator.
- C. A certified fumigant applicator who engages in or who supervises another in the fumigation process shall ensure that the

**ARTICLE 4. RECORDKEEPING AND REPORTING****R3-3-401. Pesticide Seller Records**

- A.** A seller of any restricted use pesticide, or any agricultural use pesticide shall maintain all records showing the receipt, sale, delivery, or other disposition of the pesticide or device sold for at least two years from the date of sale. If a seller intends to change the location of the records, the seller shall file a signed statement with the Department before the move stating the new address.
- B.** When any agricultural use pesticide, or a restricted use pesticide is sold, delivered, or otherwise disposed of, a seller shall maintain the following records and information:
  1. Bill of lading or other similar record of the receipt of the pesticide at the selling establishment;
  2. Seller's dated sales receipt, delivery receipt, or invoice of the transaction, delivery, or other disposition of the pesticide;
  3. Name and address of the purchaser;
  4. PGP number, or the PMD license number of the purchaser, if applicable;
  5. State special local need registration number issued under Section 24 of FIFRA, if applicable;
  6. Emergency exemption permit number granted by the EPA under Section 18 of FIFRA, if applicable;
  7. Experimental use permit number, if applicable;

8. Pesticide brand name and the EPA registration number; and
9. Quantity of the pesticide sold to the purchaser.

- C.** In addition to the information required in subsection (B), when a restricted use pesticide is sold, delivered, or otherwise disposed of for use by a certified applicator, a seller shall maintain records that contain the following information:
  1. Name and address of the residence or principal place of business of each person to whom the restricted use pesticide is sold, delivered, or otherwise disposed of, and any records required under R3-3-306;
  2. Certified applicator's name, address, certification number, and the expiration date of the applicator's certification; and
  3. Categories in which the applicator is certified, if applicable.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-401 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by exempt rulemaking at 19 A.A.R. 3130, effective September 16, 2013 (Supp. 13-3). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-402. Private and Golf Applicator Records; Restricted Use Pesticide**

- A.** Following an application to an application site of a restricted use pesticide, a pesticide registered under Section 18 of FIFRA, or an experimental use permitted pesticide, a private applicator shall complete an application record on a form approved by the Department, which includes the following:
  1. Name of the private applicator and the applicator's certification number; as required,
  2. Name and permit number of the seller;
  3. Name of the pesticide applied and its EPA registration number;
  4. Date and time of application;
  5. Name of regulated grower;
  6. Method of application;
  7. Crop name or site and the number of acres treated with the pesticide;
  8. Rate per acre of the active ingredient or formulation of the pesticide;
  9. Total volume of pesticide used per acre; and
  10. County, township, range, and section of the field that received the application.
- B.** Following an application to a non-field of a restricted use pesticide, a pesticide registered under Section 18 of FIFRA, or an experimental use permitted pesticide, a private applicator or golf applicator shall complete an application record on a form approved by the Department, that includes the following:
  1. The information requested under subsection (A)(1) through (A)(6);
  2. Item treated;
  3. Rate per item treated;
  4. Total volume used in the application; and
  5. Application site location by county, township, range and section, or by physical address.
- C.** A private applicator and golf applicator shall retain records required by this Section for at least two years from the date of the private application.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).

Renumbered from R3-10-402 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by exempt rulemaking at 19 A.A.R. 3130, effective September 16, 2013 (Supp. 13-3). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-403. Bulk Release Report**

- A.** An applicator shall notify the Department at the Pesticide Hotline, 1-800-423-8876, as soon as practical after a bulk release, but no later than three hours after the bulk release. If the bulk release is on a public highway or railway, or results in the death of an individual, the applicator shall immediately call 911, then report the incident to the ADEQ's Environmental Emergency Response Unit by calling (602) 390-7894, within 24 Hours.
- B.** Within 30 days after a bulk release, the applicator shall provide a written report to the Department listing all details of the release, including:
1. Location and cause of the release;
  2. Disposition of the pesticide released;
  3. Measures taken to contain the bulk release;
  4. Name and EPA registration number of the pesticide released;
  5. Name, email address, if applicable, and telephone number of the applicator's contact person;
  6. Date and time of the release;
  7. Specific environment into which the release occurred;
  8. Known human exposure to the pesticide, if observed; and
  9. Estimated amount of pesticide or pesticide mixture released.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-403 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-404. Form 1080; Reports to the Department**

- A.** A custom applicator shall submit to the Department, by mail or fax, a completed and signed Form 1080, as prescribed in R3-3-302.
- B.** A regulated grower shall submit to the Department, by mail or fax, a completed and signed Form 1080, as prescribed in R3-3-302, for application of a pesticide containing an active ingredient that appears on the ADEQ groundwater protection list, and is soil-applied, as defined in A.A.C. R18-6-301.
- C.** A custom applicator or regulated grower may report continued pesticide applications and spot applications within the same reporting period on a single Form 1080.
- D.** A custom applicator or a regulated grower shall submit the Form 1080 to the Department during the reporting period.
- E.** A PCA or custom applicator shall retain a copy of each Form 1080 for at least two years from the date of the application.

**Historical Note**

Adopted effective January 17, 1989 (Supp. 89-1). Renumbered from R3-10-404 (Supp. 91-4). Section repealed; new Section made by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-405. Disposal Records; Agricultural Pesticide Concentrate**

An applicator shall maintain the following information for two years:

1. EPA registration number, product name, active ingredient, and amount of agricultural pesticide concentrate disposed of;
2. Date of disposal;
3. Method of disposal; and
4. Specific location of the disposal site, or name of licensed disposal contractor.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

**ARTICLE 5. NONEXCLUSIVE LISTS OF SERIOUS, NONSERIOUS, AND DE MINIMIS VIOLATIONS****R3-3-501. Serious Violations**

The following is a nonexclusive list of acts that are serious violations if exposure to the pesticide produces a substantial probability that death or serious physical harm could result, unless the violator did not, and could not with the exercise of reasonable diligence, as documented in the investigative record, know of such safety or human health risk, in which case the violation is nonserious:

1. Storing a pesticide or pesticide container improperly,
2. Dumping or disposing a pesticide or pesticide container in violation of this Chapter,
3. Leaving a pesticide or pesticide container unattended,
4. Spraying or applying a pesticide in a manner inconsistent with labeling instructions, or
5. Adulterating a pesticide.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4). Renumbered from R3-10-501 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

**R3-3-502. Nonserious Violations**

- A.** General violations. The following is a nonexclusive list of acts that are nonserious violations if the violation has a direct or immediate relationship to safety, health, or property damage, but does not constitute a de minimis violation or a serious violation, unless the violator did not, and could not with the exercise of reasonable diligence, know of such safety, health, or property damage risk in which case the violation is de minimis. A person shall not:

1. Improperly store, dump, or leave unattended any pesticide, pesticide container or part of a pesticide container, or service container.
2. Make a false statement or misrepresentation in an application for a permit, license, or certification, or a permit, license, or certification renewal.
3. Falsify any records or reports required to be made under Articles 2 through 4 of this Chapter.
4. Operate an aircraft, drone, or ground equipment in a faulty, careless, or negligent manner during the application of a pesticide.
5. Apply or instruct another to apply a pesticide so that it comes into contact with:
  - a. An individual;
  - b. An animal; or
  - c. Property, other than the application site being treated.
6. Use, apply, or instruct another to apply a pesticide in a manner or for a use inconsistent with its pesticide label or labeling except as provided by R3-3-301(A).

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

7. Unless being used under an approved EUP or being used on research facility, use, sell, apply, store, or instruct another to use, sell, apply, or store a pesticide:
    - a. That is not registered with the Department and the EPA, or
    - b. Outside the EPA authorized end-use provision if previously registered with the Department and the EPA and cancelled or suspended by the EPA.
  8. Fail to provide accurate or approved labeling when registering a pesticide.
  9. Using a restricted use pesticide without proper certification, or under the direct supervision of a properly certified applicator, when allowed.
- B. Seller violations.** A seller shall not:
1. Sell pesticides without a valid seller's permit issued by the Department according to R3-3-203;
  2. Provide a restricted use pesticide to a regulated grower or applicator who does not have a valid applicator certification;
  3. Fail to maintain records required under Articles 2 through 4 of this Chapter;
  4. Fail to maintain complete sales records of restricted use pesticides required under Articles 3 and 4 of this Chapter;
  5. Adulterate a pesticide;
  6. Make false or misleading claims about a pesticide to any person;
  7. Modify a label or labeling without proper authorization;
  8. Provide a pesticide to a person not authorized according to R3-3-306; or
  9. Provide an agricultural use pesticide to a person who does not have a valid PGP.
- C. PCA violations.** A PCA shall not:
1. Act as a PCA without a valid agricultural pest control advisor license issued by the Department according to R3-3-207,
  2. Make a false or fraudulent statement in any written recommendation about the use of a pesticide,
  3. Make a recommendation regarding the use of a pesticide in a specific category in which the individual is not licensed, or
  4. Make a written recommendation for the use of a pesticide in a manner inconsistent with its pesticide label or the exceptions as provided in R3-3-301(A).
- D. Agricultural aircraft pilot and drone pilot violations.** A pilot or drone pilot shall not apply a pesticide by aircraft or drone without a valid agricultural aircraft pilot license or drone pilot license, as applicable, issued by the Department according to A.A.C. R3-3-204.
- E. Custom applicator violations.** A custom applicator shall not:
1. Allow application equipment to be operated in a careless or reckless manner during the application of a pesticide,
  2. Make a custom application without a valid custom applicator's license issued by the Department according to R3-3-205,
  3. Make a custom application of a restricted use pesticide without supervision by a person with a valid commercial applicator certification issued by the Department according to R3-3-208,
  4. Allow an aircraft or drone to be operated during the application of a pesticide by an individual who does not have a valid agricultural aircraft pilot license (APL) or drone pilot license (DPL), as applicable, issued by the Department according to R3-3-204, or
5. Apply a pesticide without a written Form 1080 as prescribed in R3-3-302(A).
- F. Regulated grower violations.** A regulated grower shall not:
1. Purchase, apply, or use an agricultural use pesticide without a valid Pesticide Grower Permit (PSP) issued by the Department according to R3-3-201;
  2. Purchase, store, or apply a restricted use pesticide without being a certified applicator in the appropriate category;
  3. Purchase, store, or apply any restricted use pesticide on a golf course without being a golf applicator; or
  4. Allow a pesticide application on a golf course without having the proper protective equipment required by the label available to the applicator.
- G. Certified applicator violations.** A certified applicator shall not:
1. Allow the unsupervised application of a restricted use pesticide,
  2. Fail to maintain complete records required under Articles 2 through 4 of this Chapter, or
  3. Use a restricted use pesticide without a valid commercial applicator, private applicator, or golf applicator restricted use pesticide certification issued by the Department according to R3-3-208.
  4. Use a restricted use pesticide without restricted use pesticide certification in the proper category.
- H. Exemptions.** The following incidents are not pesticide use violations under this Section:
1. Exposure of an individual involved in the application who is wearing proper protective clothing and equipment;
  2. Exposure of an unknown trespassing individual, animal, or property that the applicator, working in a prudent manner, could not anticipate being at the application site; or
  3. Exposure of a person, animal, or property if the application is made according to a government-sponsored emergency program.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-502 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by exempt rulemaking at 19 A.A.R. 3130, effective September 16, 2013 (Supp. 13-3). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-503. De Minimis Violations**

- A. Seller violations.** It is a de minimis violation if a seller:
1. Fails to record seller and PGP numbers on containers, cartons, and delivery tickets;
  2. Fails to register the seller's responsible individual; or
  3. Fails to maintain complete records as required under Articles 2 through 4 of this Chapter.
- B. PCA violations.** It is a de minimis violation if a PCA:
1. Fails to put recommendations in writing as prescribed at R3-3-302(A),
  2. Fails to provide complete information required on written recommendations under R3-3-302,
  3. Fails to maintain complete records as required under Articles 2 through 4 of this Chapter, or
  4. Fails to obtain CEU credits pertinent to the categories license renewal is sought.
- C. Custom applicator violations.** It is a de minimis violation if a custom applicator:
1. Fails to maintain complete records required under Articles 2 through 4 of this Chapter, or

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

2. Fails to file reports as required under Articles 3 and 4 of this Chapter.
- D.** Regulated grower violations. It is a de minimis violation if a regulated grower:
  1. Fails to maintain complete records as required under Articles 2 through 4 of this Chapter; or
  2. Fails to file reports as required under Article 4 of this Chapter including whether the application includes a pesticide containing an active ingredient that appears on the ADEQ groundwater protection list, and is soil-applied, as defined in A.A.C. R18-6-301.
- E.** Certified applicator violations. A certified applicator shall not:
  1. Fail to file reports as required under Articles 3 and 4 of this Chapter; or
  2. Fail to obtain CEU credits pertinent to the categories that certification renewal is sought.
- F.** A third de minimis violation in a three-year period is a nonserious violation.
- G.** Exemptions. The following incidents are not a violation under this Section:
  1. Exposure of an individual involved in the application who is wearing proper protective clothing and equipment;
  2. Exposure of an unknown trespassing individual, animal, or property that the applicator, working in a prudent manner, could not anticipate being at the application site; or
  3. Exposure of a person, animal, or property if the application is made according to a government-sponsored emergency program.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-503 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-504. Mitigation**

- A.** A violation listed in R3-3-501 is a nonserious violation if:
  1. The violator did not, and could not with the exercise of reasonable diligence, know of the safety or human health risk involved; or
  2. The release is done to avoid an accident that would have resulted in greater harm than that caused by the pesticide release or is caused by mechanical malfunction beyond the control of the operator.
- B.** A violation listed in R3-3-502 is a de minimis violation if:
  1. The violator did not, and could not with the exercise of reasonable diligence, know of the safety, health, or property damage risk involved; or
  2. The release is done to avoid an accident that would have resulted in greater harm than that caused by the pesticide release or is caused by mechanical malfunction beyond the control of the operator.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-504 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1).

**R3-3-505. Unlisted Violations**

- A.** The Department shall classify a violation of Articles 2 through 4 of this Chapter or of A.R.S. Title 3, Chapter 2, Article 6 that is not listed in R3-3-501, R3-3-502, or R3-3-503 as a serious,

nonserious, or de minimis violation depending upon the specific factual circumstances surrounding the violation.

- B.** A third de minimis violation of the same or similar type in a three-year period is a nonserious violation.
- C.** According to A.R.S. § 3-370, in addition to the civil penalties prescribed by the section, a person who knowingly or willfully commits a violation of this Article may be charged as follows:
  1. For any nonserious violation of this Article that results in the harm to the environment or economy that results in the loss of \$10,000 or less may be found guilty of a class 1 misdemeanor; or
  2. For any serious violation of this Article that results in the harm to human or animal health, the environment, or the economy of \$10,000 or more may be found guilty of a class 6 felony.
- D.** In addition, the Director may deny, suspend or revoke an applicator certification for one or more of the following violations:
  1. Misuse of a pesticide;
  2. Falsifying records as required under Article 4 of this Chapter;
  3. A criminal conviction under section 14(b) of FIFRA;
  4. A final order imposing a civil penalty under section 14(a) of FIFRA; or
  5. A violation of State laws or regulation relevant to the State certification plan.

**Historical Note**

Adopted effective November 20, 1987 (Supp. 87-4).  
 Renumbered from R3-10-505 (Supp. 91-4). Amended by final rulemaking at 10 A.A.R. 276, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-506. Penalty and Fine Point System**

- A.** The ALJ shall assess points, as applicable, against a violator for the violation of each pesticide rule or statute, or the Associate Director shall assess points, as applicable, for the violation of each pesticide rule or statute upon entering into a negotiated settlement as a result of an informal settlement conference under A.R.S. § 41-1092.06, in accordance with the following point system. From each of subsections (A)(1) through (6), one choice shall be selected, unless otherwise appropriate, based upon supporting evidence in the record of the proceeding before the ALJ or Associate Director. Points shall be totaled for the violation of each pesticide rule or statute.
  1. Health effects.
 

a. No evidence of human exposure to pesticides and no evidence of the substantial probability of human exposure to pesticides.	0
b. Substantial probability of human exposure to pesticides but treatment not required by a physician, nurse, paramedic, or physician's assistant.	5-10
c. Evidence of human exposure to pesticides but treatment not required by a physician, nurse, paramedic, or physician's assistant.	11-20
d. Human exposure to pesticides that required treatment by a physician, nurse, paramedic, or physician's assistant, but which did not result in pesticide poisoning.	21-30

TITLE 3. AGRICULTURE

CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- e. Human exposure to pesticides that required either hospitalization for less than 12 hours or treatment as an outpatient for five consecutive days or less by a physician, nurse, paramedic, or physician's assistant for pesticide poisoning. 31-45
- f. Human exposure to pesticides that required either hospitalization for 12 hours or longer, or treatment as an outpatient for more than five consecutive days by a physician, nurse, paramedic, or physician's assistant for pesticide poisoning. 46-100
- g. Human exposure to pesticides resulting in death from pesticide poisoning (serious violation unless otherwise documented in the investigative record). 101-180
- 2. Environmental consequences and property damage. (Select one or more as evidence indicates.)

Additional Serious: same or substantially similar to current violation, points per violation	20	10

- 5. The length of time a violation has been allowed to continue by the violator after notification by the Department.
  - a. Less than one day. 0
  - b. One day but less than one week. 1-10
  - c. One week but less than one month. 11-20
  - d. One month but less than two months. 21-30
  - e. Two months or more. 31-40
- 6. Wrongfulness of conduct
  - a. Conduct resulting in a violation that does not cause any immediate damage to public health, safety, or property. 4-5
  - b. Conduct resulting in a violation that the evidence establishes may have a substantial probability of an immediate effect upon public health, safety, or property. 6-8

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- c. Conduct resulting in a violation that the evidence establishes had an immediate effect upon public health, safety, or property, but does not fall within subsection (6)(e). 9-10
- d. Conduct causing the substantial probability of serious physical injury, hospitalization, or sustained medical treatment for an individual, or degrading the pre-existing environmental quality of the air, water, or soil so as to cause a substantial probability of a threat to the public health, safety, or property. 20-35
- e. Conduct resulting in serious physical injury, hospitalization, or sustained medical treatment for an individual, or degrading the pre-existing environmental quality of the air, water, or soil so as to cause a substantial probability of a threat to the public health, safety, or property. 36-50

**B.** The ALJ or Associate Director, after determining points according to subsection (A) shall assess a fine or penalty, or fine and penalty, for each violation in accordance with the following schedules:

1. Nonserious violation as defined under A.R.S. § 3-361.
  - a. 53 points or less. A fine of \$50 to \$150; a penalty of one to three months' probation, with a condition of violating probation being one to three hours of continuing education.
  - b. 54 to 107 points. A fine of \$151 to \$300; a penalty of four to six months' probation with a condition of violating probation being one to 10 days' suspension.
  - c. 108 points or more. A fine of \$301 to \$500; a penalty of seven to 12 months' probation with a condition of violating probation being 15 to 30 days' suspension or revocation for a period of up to one year.
2. Serious violation as defined under A.R.S. § 3-361.
  - a. 46 points or less. A fine of \$1,000 to \$2,000; a penalty of one to three months' probation with a condition of violating probation being five to 10 days' suspension for a nonserious violation or 15 to 30 days' suspension for a serious violation.
  - b. 47 to 93 points. A fine of \$2,001 to \$5,000; a penalty of four to six months' probation with a condition of violating probation being 15 to 30 days' suspension for a nonserious violation and 31 to 90 days' suspension for a serious violation.
  - c. 94 points or more. A fine of \$5,001 to \$10,000; a penalty of probation for seven to 12 months with a condition of violating probation being two to four months' suspension for a nonserious violation and four to 12 months' suspension for a serious violation, or revocation for the remainder of the license year and an additional period of one to three years.
3. The first de minimis violation is not considered a violation of probation.

**ARTICLE 7. PESTICIDE****R3-3-701. Definitions**

In addition to the definitions in A.R.S. § 3-341, the following terms apply to this Article:

“Discontinuation” means when the registrant is no longer distributing a pesticide into Arizona.

“Official sample” means any sample of pesticide taken by the Associate Director, or the Associate Director’s agent, and designated as official.

“Pest” means, in addition to the pests declared in A.R.S. § 3-341(20), all birds, mammals, reptiles, amphibians, fish, slugs, snails, crayfish, roots, and plant parts.

**Historical Note**

Former rule 1; Former Section R3-3-01 repealed, new Section R3-3-01 adopted effective January 18, 1978 (Supp. 78-1). Amended effective December 29, 1978 (Supp. 78-6). Section R3-3-701 renumbered from R3-3-01 (Supp. 91-4). Section repealed; new Section adopted by final rulemaking at 5 A.A.R. 4419, effective November 3, 1999 (Supp. 99-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4,

2024 (Supp. 24-1).

**R3-3-702. Pesticide Registration; Fee**

- A.** Registration. Any person registering a pesticide shall comply with the ADEQ pre-registration requirements according to A.A.C. R18-6-102, prior to submitting a pesticide registration according to this Article, and provide the following documents and information on a form provided by the Department with a nonrefundable \$100 fee for each pesticide, for each year of the registration:
1. The name, address, telephone number, and signature of the applicant;
  2. The name and address of the company appearing on the label;
  3. The tax identification number or Social Security number of an individual applying;
  4. The date of the application;
  5. The brand and name of the pesticide being registered;
  6. The EPA registration number of the pesticide if applicable;
  7. The analytical methods for any analyses of residues for the active ingredients of the pesticide, when requested by the Department;
  8. The toxicological and safety data, when requested by the Department;
  9. The name and telephone number of the person providing the analytical methods, and toxicological and safety data;
  10. One pesticide label for any pesticide not previously registered;
  11. The material safety data sheet for each pesticide; and
  12. The license time-period option.
- B.** A pesticide registration is nontransferable, expires on December 31, and shall, at the option of the applicant, be valid for one or two years.
- C.** If an applicant elects a two-year pesticide registration, any additional pesticide registered during that two-year registration shall have the same registration end-date as any other pesticide currently registered by that applicant with the Department.

**Historical Note**

Former rule II; Former Section R3-3-02 renumbered and amended as Section R3-3-01, former Sections R3-3-11 and R3-3-12 renumbered and amended as Section R3-3-02 effective January 18, 1978 (Supp. 78-1). Amended subsection (C) effective January 1, 1979, subsection (D) effective January 1, 1982 (Supp. 78-6). Editorial corrections, subsection (B), paragraphs (6) through (9) (Supp. 79-6). Amended by deleting subsection (D) effective March 5, 1982 (Supp. 82-2). Section R3-3-702 renumbered from R3-3-02 (Supp. 91-4). Repealed effective April 11, 1994 (Supp. 94-2). ## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

(Supp. 24-1).

**R3-3-703. General Provisions**

- A.** Discontinued pesticides. In addition to the requirements for discontinued pesticides established in A.R.S. § 3-351(K), any person holding a pesticide found in the channels of trade following the two-year discontinuation period shall be responsible to register or dispose of the pesticide.
- B.** Sampling.
1. The Associate Director, or the Associate Director's agent, may sample, inspect, and analyze any pesticide distributed within the state to determine whether the pesticide is in compliance with the provisions of this Article and laws pertaining to this Article, or if a complaint has been filed with the Department.
  2. The analytical results of pesticide formulations as listed on a label shall comply with the allowed deviations listed in R3-3-704(B).
  3. The results of an official analyses of any pesticide not in compliance with the allowed deviations listed in R3-3-704(B) shall be sent to the Associate Director, to the registrant, or other responsible person. Upon request, and within 30 days, the Associate Director shall provide the registrant or other responsible person a portion of the noncompliant pesticide sample.

- C.** Prohibited acts. No person shall purchase a pesticide to repack the pesticide for distribution and sale without relabeling the repackaged container and complying with the provisions of FIFRA and 40 CFR §§ 156.3 et seq. (amended December 12, 2008, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-156>) and 40 CFR §§ 157.20 et seq. (amended December 12, 2008, <https://www.ecfr.gov/current/title-40/chapter-I/subchapter-E/part-157>). This material is incorporated by reference, is on file with the Department and includes no later amendments or additions.

**Historical Note**

Section R3-3-703 renumbered from R3-3-03 (Supp. 91-4). New Section adopted by final rulemaking at 5 A.A.R. 4419, effective November 3, 1999 (Supp. 99-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-704. Labels**

- A.** Within two weeks of a pesticide label revision, a registrant shall provide the Department with one pesticide label that has been revised since the pesticide was originally registered.
- B.** The Associate Director may request a copy of a pesticide label if the label on file is older than three years.

**C.** Table of allowed deviations of analytical results from label claims for active ingredients in pesticide formulas is as follows:

Claim %	HCV <sup>(1)</sup> %	HSD <sup>(2)</sup>	Allowed Deviations for “uniform” <sup>(3)</sup> samples		Allowed Deviations for “non-uniform” <sup>(4)</sup> samples

(2) HSD = Horwitz Standard Deviation =  $(\text{Claim \%}) \text{ HCV \%}/100$

(3) “Uniform” samples are homogeneous products which can be analyzed by established procedures. In most cases, validated analytical methods are available for these samples.

(4) “Non-uniform” samples are non-homogeneous samples or products which are difficult to sample or subsample. These products may not be uniformly mixed or packaged and include some special formulations like natural products. These types of samples include fertilizer containing pesticides, pesticides in pressurized containers, strips, plastic bands, collars, grain and other carriers. Natural product formulations such as rotenone and pyrethrin are also included in this group. When it is necessary to use methods which are not validated for accuracy, precision, and reproducibility in a specific matrix, the “non-uniform” guidelines may be used for allowed deviations. The Department may use judgment in placing a sample into the “uniform” or “non-uniform” category.

**R3-3-802. Licensure; Specialty Fertilizer Registration; Fees**

- A. Commercial fertilizer license. Any person applying for a commercial fertilizer license, under A.R.S. § 3-272, to manufacture or distribute commercial fertilizer, shall provide the following information on the license application provided by the Department with a nonrefundable fee of \$125 for each year of the license:
  1. The name, title, and signature of the applicant;
  2. The date of the application;
  3. The distributor or manufacturer name, mailing address, telephone, and email address;
  4. The tax identification number or Social Security number of an individual applying;
  5. The physical location, telephone, and email address of the distributor or manufacturer, if different than subsection (A)(3);
  6. The name, address, telephone, and email address of the distributor or manufacturer where inspection fees are paid, if different than subsection (A)(3); and
  7. The license time-period option.
- B. A commercial fertilizer license is nontransferable, expires on June 30, and shall, at the option of the applicant, be valid for one or two years.
- C. Specialty fertilizer registration.
  1. Any manufacturer or distributor whose name appears on a specialty fertilizer label shall provide the following information to the Department with a nonrefundable fee of \$50 per brand and grade of specialty fertilizer for each year of the registration:
    - a. The name, address, telephone number, email address and signature of the applicant;
    - b. The name and address of the company on the label;
    - c. The date of the application;
    - d. The grade, brand, and name of the specialty fertilizer;
    - e. The current specialty fertilizer label; and
    - f. The registration time-period option.
  2. A specialty fertilizer registration is nontransferable, expires on June 30, and shall, at the option of the applicant, be valid for one or two years.

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

3. If an applicant elects a two-year specialty fertilizer registration, any additional fertilizer registered during that two-year registration shall have the same registration end-date as other fertilizer currently registered by that applicant with the Department.

**Historical Note**

Former rule II; Former Section R3-3-22 repealed, former Section R3-3-25 renumbered and amended as Section R3-3-22 effective January 12, 1978 (Supp. 78-1). Section R3-3-802 renumbered from R3-3-22 (Supp. 91-4). Section repealed; new Section adopted by final rulemaking at 5 A.A.R. 4419, effective November 3, 1999 (Supp. 99-4). **R3-3-803. Tonnage Reports; Inspection Fee**

- A. Quarterly tonnage reports and inspection fee.
  1. The inspection fee for all commercial fertilizers, including specialty fertilizers, sold or distributed in Arizona is 25¢ per ton. The tonnage shall be rounded to the nearest whole ton.
  2. Any applicant applying for and receiving a new license after March 15, June 15, September 15, or December 15 is not required to file a quarterly tonnage report for the quarter in which the license application is issued. Any commercial fertilizer distributed in the final two weeks of the initial application quarter shall be included on the next full quarterly report. Any person who distributed commercial fertilizer without a license as required under A.R.S. § 3-272 shall pay all past due inspection fees and late penalties before a license is issued.
  3. Any licensee not estimating annual tonnage shall file the following information on a quarterly statement provided by the Department no later than the last day of January, April, July, and October of each year for the preceding calendar quarter and pay the inspection fees and any penalties, if applicable:
    - a. If the inspection fee is being passed on to the purchaser:
      - i. The assigned number and name of the currently licensed company;
      - ii. The commercial fertilizer by code or grade;
      - iii. The amount of commercial fertilizer in whole tons;
      - iv. The name, title, telephone number, and signature of the licensee or the licensee's authorized representative; and
      - v. The date of the report.
    - b. If the licensee pays tonnage fees for the distribution of a commercial fertilizer:
      - i. The grade;
      - ii. The amount of commercial fertilizer distribution by county;
      - iii. If the commercial fertilizer is dry, whether it is a bulk agricultural product, a bagged agricultural product, or a non-agricultural product;
      - iv. If the commercial fertilizer is liquid, whether it is an agricultural or non-agricultural product;
      - v. The name, title, telephone number, and signature of the licensee or the licensee's authorized representative; and
      - vi. The date of the report.

- B. Estimated tonnage report. A licensee may estimate the annual fertilizer material tonnage if it is 400 tons or less per year and the licensee does not pass the inspection fee responsibility to the purchaser.

1. The licensee shall submit the estimated annual commercial fertilizer tonnage report to the Department with the annual inspection fee no later than July 31 of each year. The tonnage report shall contain:
  - a. The estimated tonnage of commercial fertilizer to be distributed;
  - b. The grade;
  - c. The amount of distribution by county;
  - d. If the commercial fertilizer is dry, whether it is a bulk agricultural product, a bagged agricultural product, or a non-agricultural product;
  - e. If the commercial fertilizer is liquid, whether it is an agricultural or non-agricultural product;
  - f. The name, title, telephone number, and signature of the licensee or the licensee's authorized representative; and
  - g. The date of the report.
2. The licensee shall submit the inspection fee according to subsection (A)(1), which shall be for the amount declared in subsection (B)(1)(a), but not less than \$8 per year. The fee must be included with the annual tonnage report submitted to the Department no later than July 31 of each year. Adjustments for overestimates or underestimates for a licensee with 400 tons or less of actual tonnage sales shall be made on the next year's estimating form. Adjustments of underestimates of licensees with actual tonnage sales more than 400 tons shall be made no later than July 31 of each year.
3. The licensee shall verify the accuracy of the previous year's tonnage estimates to actual tonnage sales and submit the tonnage verification no later than July 31 of each year.
4. Overestimation of tonnage.
  - a. The Department shall not refund any inspection fee based on an overestimation if the licensee does not re-license in the subsequent year;
  - b. If a licensee applies for a license in the subsequent year, the Department shall apply any overestimation to the subsequent year's tonnage fees.

**R3-3-804. General Provisions**

- A. Labeling.
  1. The grade numbers for primary nutrients that accompany the brand name of a commercial fertilizer shall be listed on the label in the following order: total nitrogen, available phosphate, and soluble potash. Other guaranteed nutrient values shall not be included with the grade numbers unless:

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- a. The guaranteed nutrient value follows the grade number;
  - b. The guaranteed nutrient value is immediately preceded with the name of the claimed nutrient to which it refers in the guaranteed analysis; and
  - c. The name printed on the label is as prominent as the numbers.
2. The materials from which claimed nutrients are derived shall be listed on the label.
  3. No grade is required for fertilizer materials that claim no primary plant nutrient (i.e., 0-0-0).
  4. All guaranteed nutrients, except phosphate and potash, shall be stated in terms of elements.
  5. The label shall include the brand name of a fertilizer. Misleading or confusing numerals shall not be used in the brand name on the label.
  6. Fertilizer material not defined in the Official Publication may be used as fertilizer material if a definition or other method of analysis and agronomic data for fertilizer material is approved by the Associate Director.

**B. Claims and misleading statements.**

1. Any nutrient claimed as a fertilizer material shall be accompanied by a minimum guarantee for the nutrient. An ingredient shall not be claimed as a nutrient unless a laboratory method of analysis approved by the Associate Director exists for the nutrient.
2. Scientific data supporting the claim of improved efficacy or increased productivity shall be made available for inspection to the Associate Director upon request.
3. If the name of a fertilizer material is used as part of a fertilizer brand name, such as blood, bone or fish, the guaranteed nutrients shall be derived from or supplied entirely by the named fertilizer material.
4. Fertilizer material subject to this Article and applicable laws shall not bear false or misleading statements.

**C. Deficiencies.**

1. The value of a nutrient deficiency in a fertilizer material shall take into account total value of all nutrients at the guaranteed level and the price of the fertilizer material at the time of sale.
2. A deficiency in an official sample of mixed fertilizer resulting from non-uniformity is not distinguishable from a deficiency due to actual plant nutrient shortage and is subject to official action.

**D. All investigational allowances shall be conducted as prescribed in the Official Publication.****E. Leased fertilizer material storage containers shall be clearly labeled with the following:**

1. Grade numbers;
2. Brand name, if applicable; and
3. The statement, "Leased by (Name and address of lessor) to (Name and address of lessee)."

**ARTICLE 9. COMMERCIAL FEED****R3-3-901. Definitions**

In addition to the definitions in A.R.S. § 3-2601, the following terms apply to this Article:

*“Commercial feed” means all materials, except whole seeds unmixed or physically altered entire unmixed seeds, that are distributed for use as feed or for mixing in feed. Commercial feed includes raw agricultural commodities distributed for use as feed or for mixing in feed when the commodities are adulterated within the meaning of section 3-2611. A.R.S. § 3-2601(3)*

“Lot” means any distinct, describable, and measurable quantity that contains no more than 100 tons.

“Official Publication” means the publication “Official Publication” (2023), that contains the latest approved documents of the Association of American Feed Control Officials. This material is incorporated by reference, is on file with the Department and includes no later amendments or additions. A copy is available for inspection at the Department located at 1110 West Washington Street, Suite 450, Phoenix, AZ 85007, or online subscription may be purchased online at <https://www.aafco.org/Publications>.

“Pneumatic probe sampler” means a device for taking samples of grain and other particulate material from the bottom of a bin comprises two concentric tubes spaced sufficiently apart to permit passage of the material when entrained in a stream of air. The outer longer tube has a serrated edge to enable it to penetrate dense sections, while the inner, shorter tube is provided with helical vanes. Air, blown down the outer tube is caused to swirl in a vortex by the helical vanes, thereby entraining material lodged near the bottom of the outer tube. The air, together with entrained material, passes up the inner tube and is conducted to a cyclone separator to recover the sample. (U.S. Patent, US3580084A, May 25, 1971, Expired.)

**Historical Note**

Former rule I; Former Section R3-3-41 renumbered and amended as Section R3-3-42, new Section R3-3-41 adopted effective January 12, 1978 (Supp. 78-1). Amended effective April 13, 1978 (Supp. 78-2). Amended effective February 3, 1981 (Supp. 81-1). Section R3-3-901 renumbered from R3-3-41 (Supp. 91-4). Amended by final rulemaking at 5 A.A.R. 4419, effective November 3, 1999 (Supp. 99-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-902. Licensure; Fee; Ammoniation**

- A.** Any person applying for a commercial feed license to manufacture or distribute commercial feed shall provide the following information and a nonrefundable fee of \$10 for each year of the license:
1. A copy of the label of each commercial feed product intended for distribution within the state or not already filed by the applicant with the Department; and
  2. The following information on the license application provided by the Department:
    - a. The name, title, and signature of the applicant;
    - b. The distributor or manufacturer name, mailing address, telephone, and email address;

- c. The tax identification number or Social Security number of an individual applying;
- d. The date of the application;
- e. The physical location, telephone, and email address of the distributor or manufacturer, if different than subsection (A)(2)(b);
- f. The name, address, telephone, and email address of the distributor or manufacturer where inspection fees are paid, if different than subsection (A)(2)(b); and
- g. The license time-period option.

- B.** A commercial feed license is nontransferable, expires on June 30, and shall, at the option of the applicant, be valid for one or two years.
- C.** Ammoniation. Any person who ammoniates feed or feed material for distribution or sale shall obtain a commercial feed license and is responsible for all testing, labeling, or other requirements pertaining to commercial feed, unless the feed is ammoniated on the premises of the person using the ammoniated feed.

**Historical Note**

Former rule II; Former Section R3-3-42 renumbered and amended as Section R3-3-43, former Section R3-3-41 renumbered and amended as Section R3-3-42 effective January 12, 1978 (Supp. 78-1). Section R3-3-902 renumbered from R3-3-42 (Supp. 91-4). Section repealed; new Section adopted by final rulemaking at 5 A.A.R. 4419, effective November 3, 1999 (Supp. 99-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-903. Tonnage Reports; Inspection Fee**

- A.** Quarterly tonnage report and inspection fee.
1. The inspection fee for all commercial feed sold or distributed in Arizona is 20¢ per ton. The tonnage shall be rounded to the nearest whole ton.
  2. Any applicant applying for and receiving a new license after March 15, June 15, September 15, or December 15 is not required to file a quarterly tonnage report for the quarter in which the license application is issued, but shall report the tonnage on the following quarterly tonnage report. Any person who distributed commercial feed without a license as required under A.R.S. § 3-2609 shall pay all past due inspection fees and late penalties before a license is issued.
  3. Any licensee not estimating annual tonnage shall file the following information on a quarterly statement provided by the Department no later than the last day of January, April, July, and October of each year for the preceding calendar quarter and pay the inspection fees and any penalties, if applicable:
    - a. If the inspection fee is being passed on to the purchaser:
      - i. The commercial feed license number issued according to this Article and name of the currently licensed company;
      - ii. The amount of commercial feed in whole tons and by type, indicating whether the commercial feed is bagged or bulk;
      - iii. The name, title, telephone number, and signature of the licensee or the licensee’s authorized representative; and
      - iv. The date of the report.

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- b. If the licensee pays a tonnage fee for the distribution of a commercial feed:
      - i. The amount of commercial feed in whole tons and by type, indicating whether the commercial feed is bagged or bulk;
      - ii. The name, title, telephone number, and signature of the licensee or the licensee's authorized representative; and
      - iii. The date of the report.
  - B. Estimated tonnage report. A licensee may estimate the annual commercial feed tonnage if it is 400 tons or less per year and the licensee does not pass the inspection fee responsibility to the purchaser.
    - 1. The licensee shall submit the estimated annual commercial feed tonnage report to the Department with the annual inspection fee no later than July 31 of each year. The tonnage report shall contain:
      - a. The estimated tonnage of commercial feed to be distributed;
      - b. The amount of commercial feed in whole tons and by type, indicating whether the commercial feed is bagged or bulk;
      - c. The name, title, telephone number, and signature of the licensee or the licensee's authorized representative; and
      - d. The date of the report.
    - 2. The licensee shall submit the inspection fee according to subsection (A)(1), which shall be for the amount declared in subsection (B)(1)(a), but not less than \$8 per year. The fee must be included with the annual tonnage report submitted to the Department no later than July 31 of each year. Adjustments for overestimates or underestimates for licensees with 400 tons or less of actual tonnage sales shall be made on the next year's estimating form. Adjustments of underestimates of licensees with actual tonnage sales more than 400 tons shall be made no later than July 31 of each year.
    - 3. The licensee shall verify the accuracy of the previous year's tonnage estimates to actual tonnage sales and submit the tonnage verification no later than July 31 of each year.
    - 4. Overestimation of tonnage.
      - a. The Department shall not refund any inspection fee based on an overestimation if the licensee does not re-license in the subsequent year;
      - b. If a licensee applies for a license in the subsequent year, the Department shall apply any overestimation to the subsequent year's tonnage fees.
- A. A person shall not sell, offer for sale, store, transport, receive, trade or barter, any milk or milk product for commercial feed unless the milk or milk product:
  - 1. Meets Grade A milk standards as specified in A.A.C. R3-2-802;
  - 2. Is produced as prescribed in A.A.C. R3-2-805; or
  - 3. Is decharacterized with food coloring approved under the Federal Food, Drug, and Cosmetic Act, according to 21 CFR §§ 73.1 et seq. (amended November 10, 2022, <https://www.ecfr.gov/current/title-21/chapter-I/subchapter-A/part-73>) and 21 CFR §§ 74.101 et seq. (amended April 5, 1993, <https://www.ecfr.gov/current/title-21/chapter-I/subchapter-A/part-74/subpart-A>). This material is incorporated by reference, is on file with the Department and does not include any later amendments or editions, and the decharacterization:
    - a. Does not affect nutritive value; and
    - b. Matches the color on the Color Requirement card. Any person decharacterizing milk and milk products may obtain a Color Requirement card from the Arizona Department of Agriculture, at 1010 W. Washington Street, Phoenix, Arizona 85007, or by requesting by mail at 1802 West Jackson Street, #78, Phoenix Arizona 85007.
- B. Labeling. All milk or milk product commercial feed labels shall be approved by the Associate Director before use.
  - 1. The principal display panel of a decharacterized milk or milk product commercial feed container shall prominently state "WARNING - NOT FOR HUMAN CONSUMPTION" in capital letters. The letters shall be at least 1/4 inch on containers of 8 oz. or less and at least 1/2 inch on all other containers.
  - 2. The container label shall also bear the statement "This product has not been pasteurized and may contain harmful bacteria" in letters at least 1/8 inch in height.
- C. Milk or milk products intended for commercial feed shall not be displayed, sold, or stored at premises where food is sold or prepared for human consumption, unless it meets Grade A standards or is decharacterized and properly labeled as required in subsection (B).

mercial feed labeling, and expression of guarantees requirements prescribed in the Official Publication.

2. All feed with an expired "use by" or "expiration" date shall be removed from consumer access, and are not permitted for sale.
3. The label shall include the brand or product name, and shall indicate the intended use of the feed. The label shall not contain any false or misleading statements.
4. Directions for use and precautionary statements.
  - a. All labeling of whole cottonseed, commercial feed, and customer-formula feed containing any additive (including drugs, special purpose additives, or non-nutritive additives) shall clearly state its safe and effective use. The directions shall not require special knowledge of the purpose and use of the feed.
  - b. Directions for use and precautionary statements shall be provided for feed containing non-protein nitrogen as specified in R3-3-906.
  - c. All whole cottonseed or commercial feed, and customer-formula feed delivered to the consumer shall be accompanied by an accurate label, invoice, weight ticket or other documentation approved by the Department. The documentation shall be left with the consumer and shall contain the following:
    - i. "This feed contains 20 or less ppb aflatoxin and may be fed to any animal;" or
    - ii. "WARNING: This feed contains more than 20 ppb but not more than 300 ppb aflatoxin and shall not be fed to lactating animals whose milk is intended for human consumption."
    - iii. "DANGER: This feed has not been tested for aflatoxin and shall not be used as a feed until tested and found compliant with all state laws."
  - d. A distributor of whole cottonseed or cottonseed product intended for further processing, planting seed, or for any other purpose approved by the Director, shall document in writing to the Department that:
    - i. The lot of whole cottonseed or cottonseed product will not be used as commercial feed until the lot is tested and compliant with all state laws; and
    - ii. The documentation prescribed in subsection (B)(3)(c) is not required.
  - e. The distributor shall maintain the documentation for one year.
  - f. The lot of whole cottonseed or cottonseed product shall be labeled as follows: "WARNING: This material has not been tested for aflatoxin and shall not be distributed for feed or fed to any animal until tested and brought into full compliance with all state laws."

March 4, 2024 (Supp. 24-1).

**R3-3-906. Non-protein Nitrogen**

- A. Urea and other non-protein nitrogen products are acceptable ingredients in commercial feed for ruminant animals as a source of equivalent crude protein.
  1. If commercial feed contains more than 8.75% of equivalent crude protein from all forms of non-protein nitrogen or if the equivalent crude protein from all forms of non-protein nitrogen exceeds 1/3 of the total crude protein, the label shall include directions for the safe use of the feed and the following precautionary statement: "Caution: Use as Directed."
  2. The directions for use and the precautionary statement shall be printed and placed on the label so that an ordinary person under customary conditions of purchase and use can read and understand the directions.
- B. Non-protein nitrogen products are acceptable ingredients in commercial feeds distributed to non-ruminant animals as a source of nutrients other than equivalent crude protein. The maximum equivalent crude protein from non-protein nitrogen sources in non-ruminant rations shall not exceed 1.25% of the total daily ration.
- C. A medicated feed label shall contain feeding directions or precautionary statements, or both, with sufficient information to ensure that the feed is properly used.

**R3-3-910. Drug and Feed Additives****A. Drug and feed additive approval.**

1. Before a label is approved by the Associate Director for commercial feed containing additives (including drugs, other special purpose additives, or non-nutritive additives), the distributor may be required to submit evidence demonstrating the safety and efficacy of the commercial feed when used according to the label directions if the material is not recognized as a commercial feed.
2. If a complaint has been filed with the Department, the distributor may be required to submit evidence demonstrating the safety and efficacy of the commercial feed when used according to the label directions.

**B. Evidence of safety and efficacy of a commercial feed may be:**

1. If the commercial feed containing additives conforms to the requirements of "Food Additives Permitted in Feed and Drinking" in the Official Publication; or
2. If the commercial feed is a substance generally recognized as safe and is defined in the Official Publication or listed as a "Substances Generally Recognized as Safe in Animal Feeds" in the Official Publication.

**R3-3-913. Sampling Methods**

- A. Sampling commercial feed.** The methods of sampling commercial feed shall comply with the procedures established in the Official Method, 965.16 Sampling of Animal Feed, in the "Official Methods of Analysis of AOAC International, 22nd Edition (2023)", which is incorporated by reference, on file with the Department, and does not include any later amendments or editions of the incorporated matter. Copies are available for inspection at the Department located at 1110 West Washington Street, Suite 450, Phoenix, AZ 85007, or may be purchased from AOAC International, 2275 Research Boulevard, Suite 300, Rockville, Maryland 20850, or by purchasing

a print copy or subscribing online at <https://members.aoac.org/bookstore/>.

**B. Sampling whole cottonseed.**

1. Sample size - A gross sample not less than 30 pounds shall be taken from a lot. The gross sample shall consist of not less than 10 probes evenly spaced or 10 stream sample passes taken following the procedure prescribed in subsection (B)(4)(b).
2. Sample container - The sample container shall consist of a clean cloth, burlap, or paper or plastic mesh bags. The sample shall be delivered to the laboratory within 48 hours (excluding weekends and holidays), stored in a dry, well-aerated location, and the results of the analysis reported by a certified laboratory within five working days from receipt of sample.
3. Sampling equipment. Sampling equipment includes:
  - a. Scale, graduated in one-half pound increments, and any of the following:
  - b. Corkscrew trier, approximately 50 inches in length and capable of taking at least a three-pound sample,
  - c. Pneumatic probe sampler,
  - d. Stream sampler: A container at least 8 inches x 5 inches x 5 1/2 inches attached to a pole that enables the sampler to pass the container through falling streams of cottonseed,
  - e. Automatic stream samplers or other sampling equipment if scientific data documenting its ability to obtain a representative sample is approved by the Associate Director,
  - f. Canister style shop vacuum system of no less than 1.5 hp capable of holding 12 gallons, modified to hold a 15 ft. length of vacuum hose attached to a 13 ft. length of 3/4 inch PVC pipe.
4. Sampling procedure.
  - a. If a corkscrew trier or pneumatic probe sampler is used, at least 10 evenly spaced probes shall be taken per lot. The probed samples shall be taken according to the following patterns:

The probes shall penetrate at least 50 inches, and at least two of the 10 probes per sample shall reach the bottom of the lot being sampled. The probe shall be inserted at an angle perpendicular to the face of the lot.

- b. If a canister style shop vacuum system is used, at least 15 evenly spaced probes shall be taken per lot. The sampling patterns specified in subsection

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

(B)(4)(a) shall be modified to allow for the additional samples.

- c. Stream samples shall be taken while the cottonseed is being discharged, if there is a uniform discharge flow over a set period of time. The sample shall consist of at least 10 evenly timed and spaced passes through the discharge flow, resulting in the sample size specified in subsection (B)(1).
- d. The gross sample shall be weighed to the nearest 1/2 pound but shall not be reduced in size. If any gross sample does not meet the minimum 30 pound weight, that gross sample shall be discarded and the sampling procedure repeated from the beginning. If the canister style shop vacuum gross sample is not at least 10 pounds, the sample shall be discarded and the sampling procedure repeated from the beginning.
- e. The Associate Director shall approve any modified sampling procedure if scientific data is provided that documents that representative samples will be obtained through the modified sampling procedure.

**R3-3-1003. Worker and Handler Trainees; Records****A. Trainer requirements.**

1. A person applying for pesticide safety trainer certification shall:

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

- a. Complete the Worker Protection Standard compliant pesticide safety training program administered by the Department; or
  - b. Hold a current PCA license or restricted use certification, issued by the Department for a PCA or certified applicator, as prescribed under R3-3-207 or R3-3-208.
2. An applicant shall submit a signed and dated affidavit to the Department verifying that each worker or handler will be trained according to the training requirements of the Worker Protection Standard. The affidavit shall include the applicant's name, address, email address, telephone and fax numbers, as applicable.
  3. Trainer certification is:
    - a. Nontransferable;
    - b. Valid for three years from the date issued under subsection (A)(1)(a), excluding the month in which the trainer was certified, and is renewable upon completion of the Worker Protection Standard compliant pesticide safety training program administered by the Department; or
    - c. Valid initially for one year from the date issued under subsection (A)(1)(b), excluding the month in which the trainer certification was issued; and
    - d. If the PCA license or restricted use certification remains current, is renewable for three years upon completion of the Worker Protection Standard compliant pesticide safety training administered by the Department.
  4. A trainer shall maintain the records required in subsection (B) for two years, excluding the month in which the verification card was issued.
  5. Upon request by the Department, the trainer shall make available worker and handler records prescribed in subsection (B) for inspection and copying by the Department.
  6. A trainer may issue a Worker Protection Standard training verification card to each handler or worker who successfully completes training, and shall maintain a record as required in subsection (B).
- B.** Training records shall include the following recorded in indelible ink:
1. Name and signature of the trained worker or handler;
  2. Training verification card number, if utilized;
  3. Issue and expiration date of the training verification card;
  4. A unique trainer-assigned identification number of the worker or handler;
  5. Name and signature of the trainer; and
  6. Address or location of where the training occurred, including city, county, and state.
- C.** A trainer shall permit the Assistant Director or designee to enter a place where worker safety training is being presented to observe and question trainers and attendees to determine compliance with the requirements of this Section.
- D.** The Department may suspend, revoke, or deny trainer certification if any of the following occur:
1. Failing to follow the worker and handler training requirements prescribed in 40 CFR §§ 170.401 and 170.501 of the WPS;
  2. Failing to maintain the training information prescribed in subsection (B);
  3. Failing to fulfill the requirements of the affidavit as prescribed in subsection (A)(2); or
  4. Having had a similar certification revoked, suspended, or denied in any jurisdiction within the last three years.

**R3-3-1004. Notification Requirements for Farm Labor Contractors**

- A.** The owner or operator of an agricultural establishment shall provide the farm labor contractor who performs work on that agricultural establishment with:
1. The location of the agricultural establishment's central posting site; and
  2. The restrictions on entering the treated area as specified in 40 CFR § 170.120(d) of the WPS, if a treated area is within 1/4 mile of where workers will be working and the treated area is not posted as allowed or required in 40 CFR § 170.120(a), (b) and (c) of the WPS.
- B.** The farm labor contractor shall:
1. Post or provide the worker in writing, with the information in 40 CFR § 170.122 of the WPS, or shall post or provide the worker in writing, the specific location of the central posting site for each agricultural establishment on which the worker will be working;
  2. Provide the worker with restrictions on entering a treated area as specified in 40 CFR § 170.120(d) of the WPS if the treated area on the agricultural establishment where a worker will be working is within 1/4 mile of where the worker is working, and the treated area is not posted as allowed or required in 40 CFR § 170.120(a), (b) and (c) of the WPS.

**R3-3-1005. Container Used For Mixing or Applying Pesticides**

- A.** All openings on containers used for applying pesticides shall be equipped with covers that prevent splashes and spills.
- B.** All containers shall:
1. Be translucent, or
  2. Have a means to indicate externally the internal liquid level in the container, or
  3. Have a filler hose nozzle that automatically stops the filling operation before the liquid pesticide mixture spills over the top of the container.
- C.** Any employer who mixes or applies any liquid pesticide mixture in a container with a capacity of more than 49 gallons shall have a handler present whenever pesticides are mixed or containers are filled to ensure that the liquid pesticide mixture does not spill over the top of the container.
- D.** Each handler, while mixing pesticides, shall protect the water supply from back-siphoning pesticide mixtures.

**R3-3-1006. Agricultural Emergency**

- A.** Any grower, a group of growers, or designee may request the Assistant Director for an agricultural emergency.
- B.** Possibility of agricultural emergency.
- If during business hours information is obtained showing that a declaration of an agricultural emergency is necessary, the requesting party shall notify the Department immediately and provide the following information:
    - The cause of the emergency,
    - The area where the emergency may occur,
    - An explanation of why early entry is necessary,
    - Why other methods cannot be used to avoid the early entry, and
    - The justification that substantial economic loss will occur.
  - The Assistant Director shall render a decision to the requesting party on whether an agricultural emergency exists, if the grower or requesting party submits written evidence that includes the information in subsection (B)(1), within four hours of receiving the information.
  - If a grower or requesting party does not submit the written documentation in subsection (B)(1) or if the Assistant Director questions the validity or adequacy of the written evidence of the emergency, the Assistant Director shall investigate a grower's entry into the restricted-entry interval area and advise the requesting party of the reasons for the denial of the agricultural emergency.
  - If the information in subsection (B)(1) is given orally, the requesting party shall notify the Department immediately and provide the Assistant Director with written evidence of the emergency within five days. The Assistant Director shall, within 10 business days of receipt of the written evidence of the emergency or completion of the investigation, issue a letter to the requesting party confirming or denying the request for an agricultural emergency.
- C.** Occurrence of agricultural emergency.
- If information is obtained after business hours, or during a weekend or holiday, showing that a declaration of agricultural emergency is necessary, the requesting party shall inform the Department, orally, the next business day following the emergency and provide the following information, in writing, within 72 hours of the emergency or notification:
    - The cause of the emergency,
    - The area where the emergency occurred,
    - A brief explanation of why early entry was necessary,
    - Why other methods could not be used to avoid the early entry, and
    - The justification that substantial economic loss would have occurred.
  - If a grower or requesting party does not submit the written evidence of the emergency in subsection (B)(1) or if the Assistant Director questions whether the written evidence of emergency could have occurred before the emergency, or the validity or adequacy of the written evidence of the emergency, the Assistant Director shall investigate a grower's entry into the restricted-entry interval area and advise the requesting party of the reasons for the denial.

- The Assistant Director shall within 10 business days of receipt of the evidence of emergency or completion of the investigation issue a letter to the requesting party confirming or denying the request for the agricultural emergency.

**Historical Note**

Adopted effective July 13, 1989 (Supp. 89-3). Section R3-3-1006 renumbered from R3-8-206 (Supp. 91-4). Section repealed; new Section adopted effective October 8, 1998 (Supp. 98-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-1007. Violations and Civil Penalties**

- A.** Serious violations. The base penalty for any serious violation is \$500 and no adjustment shall be made for mitigating circumstances. The penalty for a violation in which a person is killed or permanently disabled shall be the maximum allowed in A.R.S. §§ 3-3113 and 3-3114.
- B.** Nonserious violations. The Assistant Director shall calculate the base penalty for a nonserious violation and determine the civil penalty amount based on the factors prescribed in A.R.S. § 3-3113(I). If there are contributing or mitigating circumstances, the points may be adjusted, provided the adjustment is documented.

**VIOLATION GRAVITY FACTOR**

(1 - Lowest; 4 - highest)

VIOLATION	GRAVITY
Central Posting	1 - 2
Training	1 - 4
Decontamination	1 - 4
Personal Protective Equipment	1 - 4
Pesticide Application and Notice	1 - 4
Pesticide Application Restrictions	2 - 4
Other Requirements	1 - 4

- C.** Size-of-business. The Assistant Director shall use:
- The maximum number of employees at any one time during the previous 12 months from the date of notice, including only the Arizona branch offices to determine the size business category; or
  - A site-specific employee count, if the violation does not endanger employees at other locations of the business; or
  - The number of persons trained by a trainer during the previous 12 months that violate the training provisions of R3-3-1003.

**SIZE OF BUSINESS**

Size Category	Number of Employees or (Number of People Trained)
I	1 - 10
II	11 - 75
III	76 - 150
IV	More than 150

- D.** Base penalty. The Assistant Director shall calculate the base penalty for the alleged violation by using the violation gravity factor established in subsection (B) and applying the size-of-business category established in subsection (C).

**BASE PENALTY**

Gravity Factor	Size Category			
	I	II	III	IV
1	\$250	\$300	\$350	\$400
2	\$300	\$350	\$400	\$450
3	\$350	\$400	\$450	\$500
4	\$500	\$500	\$500	\$500

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

E. Combined or group violations. The Assistant Director may combine or group violations.

- Violations may be combined and assessed one penalty if the violation does not cause any immediate danger to public health or safety or damage to property. Example: Eight workers on a harvest crew have received no training and there is no evidence of exposure. This situation may result in only one training penalty being assessed against the employer.
- Violations may be grouped if they have a common element and it is apparent which violation has the highest gravity. The penalty for a grouped violation is assessed on the violation with the highest gravity. The penalty for a grouped violation is assessed according to the appropriate law or rule with the highest gravity. Example: Two crews from the same company are engaged in an improper handling activity and one crew is using a pesticide with a "danger" signal word, (skull and cross bones) while the other crew is using a pesticide with a "warning" signal word. This situation may result in the employer being assessed one penalty based on the penalty for the "danger" (skull and cross bones) violation.

**Historical Note**

Adopted effective July 13, 1989 (Supp. 89-3). Section R3-3-1007 renumbered from R3-8-207 (Supp. 91-4). Section repealed; new Section adopted effective October 8, 1998 (Supp. 98-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-1008. Penalty Adjustments**

A. The Assistant Director shall assign an appropriate number of points for each of the following five factors to increase the base penalty for a serious violation, or increase or decrease the base penalty for a nonserious violation.

- If the total adjustment points on a nonserious violation is less than 9, the base penalty is reduced; if it is more than 9, the base penalty is increased.
- If the total adjustment points on a serious violation is 3 or less, the base penalty shall be imposed; if it is more than 3, the base penalty is increased.
- If a violation is a repeated violation, as prescribed in R3-3-1011 for compliance history, a base penalty adjustment factor shall not be used to decrease the penalty.

15 or more	Base +100%	Base +100%

Example: A business employs 26 people in Town A and 14 people in Town B. In addition, 35 seasonal people are employed during the harvest. The total annual employee positions equal 75. The following violations are found during an inspection: (1) No training for 35 seasonal workers on the harvest crew; (2) No available decontamination supplies; (3) No safety poster at the central posting location; (4) No emergency telephone number posted, and no medical facility location posted at the central posting location; (5) No posted pesticide application information at the central posting location.

Step 1. Use the Violation Gravity Factor table to determine the gravity of the violation.

- |                                 |   |
|---------------------------------|---|
| (1) Training, 1-4 points        | 2 points, all 35 workers are combined;  |
| (2) Decontamination, 1-4 points | 3 points, no supplies were available and it has been 25 days since the most recent application; |

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

(3) - (5) Central Posting, 1-2 points 1 point since the violations concerns the same factor, they are combined. (There is evidence that the old poster blew away and the pesticide application information is kept available in the secretary's desk, but it is not 'readily' available.)

Step 2. Use the Size of Business table to determine the size category. 35 employees falls into the size category II.

Step 3. Use the *Base Penalty* table to determine the base penalty. Use column II based on the Size of Business determination from Step 2.

Violation 1	Gravity factor of 2	Equals a base penalty of \$350;
Violation 2	Gravity factor of 3	Equals a base penalty of \$400;
Violation 3, 4, and 5	Gravity factor of 1	Equals a base penalty of \$300

Step 4. Using the *Base Adjustment Factors* table to calculate the adjustments, if any. In this case, the base adjustments are uniform in all categories except #4, culpability.

Pesticide	It was a indirect relationship because of the timing of the application and when the workers were in the treated area.	1 point.
-----------	--	----------

Harm to Human Health	There was no harm to health and the pesticide had not been applied recently.	1 point.
----------------------	--	----------

Compliance History	This farm has no previous violation history.	0 points.
--------------------	--	-----------

Culpability	The supervisor attended a "train-the-trainer" course two years ago and should have been aware of the requirements of the worker protection standard. Therefore, for the first two violations the supervisor should have known about the requirements. For the last three violations, the central posting sight was not checked frequently enough to ensure compliance.	For violations 1 and 2, 4 points for knowing or should have known; For violations 3, 4, and 5, 2 points for negligence.
-------------	--	---

Good Faith	The inspector came back five days later and the workers were trained the day of the first inspection, the poster was posted and everything was in compliance.	Since the employer corrected the violations quickly. -1 point.
------------	---	--

Step 5. Add the points for each violation from Step 4.

Violation 1	1 + 1 + 0 + = 5 points 4 + -1
-------------	----------------------------------

Violation 2	1 + 1 + 0 + = 5 points 4 + -1
-------------	----------------------------------

Violations 3, 4, and 5	1 + 1 + 0 + = 3 points 2 + -1
------------------------	----------------------------------

Step 6. Using the Final Penalty Calculation table to determine the appropriate violation penalty adjustment that corresponds with the base adjustment factor point total. Use the definitions for nonserious or serious violations to determine the appropriate violation penalty adjustment column. In this case, use the nonserious penalty adjustment column.

Violation 1	5 points	Base - \$350 - 50% = \$175 = \$175
-------------	----------	--

Violation 2	5 points	Base - \$400 - 50% = \$200 = \$200
-------------	----------	--

Violation 3, 4, and 5	3 points	Base - \$300 - 80% = \$240 = \$60
Adjusted Penalty Total = \$435

Adopted effective July 13, 1989 (Supp. 89-3). Section R3-3-1008 renumbered from R3-8-208 (Supp. 91-4). Section repealed; new Section adopted effective October 8, 1998 (Supp. 98-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-1009. Failure to Abate**

- A. The Director shall include in a citation for an alleged violation of this Article a reasonable time to abate the violation.
- B. When a cited person timely files a request for hearing to contest a violation, the abatement period does not begin to run until the entry of a final order as long as the request for hearing was initiated in good faith and not solely for delay or avoidance of penalties. If a person contests only the amount of the proposed penalty, the person shall correct the violation within the originally prescribed abatement period.
- C. If the Director has reason to believe the cited person has failed to correct the violation within the abatement period, the Director shall notify the person by mail of the failure, the proposed penalty, and the right to request a hearing.
- D. On a showing by a cited person of a good faith effort to comply with the abatement requirements of a citation and that the abatement has not been completed because of factors beyond the person's reasonable control, the Department shall issue an order affirming or modifying the abatement requirements in the citation after an opportunity for a hearing.

**Historical Note**

Adopted effective October 8, 1998 (Supp. 98-4). Section heading corrected at request of the Department, Office File No. M11-60, filed February 23, 2011 (Supp. 09-4). Section R3-3-1008 renumbered from R3-8-208 (Supp. 91-4). Section repealed; new Section adopted effective October 8, 1998 (Supp. 98-4). Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-1010. Calculation of Additional Penalties For Unabated Violations**

- A. If the Director has reason to believe the cited person has failed to correct a serious or nonserious violation within the abatement period, the Director shall assess additional civil penalties on the cited person as follows:

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

1. The Director shall use R3-3-1007 and R3-3-1008 to calculate an additional daily penalty for each unabated violation.
  2. The additional daily penalty shall neither be less than the original penalty for the cited violation or exceed \$1,000 per day per violation.
  3. The additional daily penalty shall be multiplied by the number of calendar days the violation has continued unabated beyond the abatement period.
- B.** Notwithstanding subsection (A), the Director may reduce or eliminate the additional penalty based on:
1. The extent that the violation has been abated,
  2. The cited person's good faith effort in correcting the violation, and
  3. Whether the abatement has not been completed because of factors beyond the cited person's reasonable control.

**Historical Note**

Adopted effective October 8, 1998 (Supp. 98-4).  
 Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-1011. Repeated or Willful Violations**

- A.** The penalty for a repeated violation shall be calculated as follows:
1. The penalty for a repeated nonserious violation shall be doubled for the first repeated violation and tripled if the violation has been cited twice before.
  2. The penalty for a repeated serious violation shall be multiplied five times for the first repeated violation and seven times if the violation has been cited twice before.
  3. The penalty for a repeated serious violation in which someone is disabled or killed shall be multiplied 10 times for each repeated violation.
  4. A repeated violation having no initial penalty shall be assessed for the first repeated violation as determined by this Article.
  5. The penalty may be multiplied by 10, not to exceed the maximum penalty, if it is justified through appropriate documentation.
- B.** The Assistant Director may adjust the base penalty found under R3-3-1007(D) by a multiplier up to 10 for any willful violation.
- C.** The Assistant Director shall not use base adjustment factors in R3-3-1008 to reduce the penalty for any serious or nonserious willfully repeated violation.
- D.** Repeated violations are based on prior violations occurring within the previous three years.
- E.** The penalty for a repeated or willful violation shall not exceed \$10,000.

**Historical Note**

Adopted effective October 8, 1998 (Supp. 98-4).  
 Amended by final rulemaking at 30 A.A.R. 89 (January 19, 2024), effective March 4, 2024 (Supp. 24-1).

**R3-3-1012. Citation; Posting**

An employer shall post a citation prescribed at A.R.S. § 3-3110(C) for three days or until the violation is abated, whichever time period is longer.

**Historical Note**

**ARTICLE 11. ARIZONA NATIVE PLANTS****R3-3-1101. Definitions**

In addition to the definitions in A.R.S. § 3-901, the following terms apply to this Article:

"Authorized representative" means a project manager, project engineer, sub-contractor, or similar that is identified by the landowner on a Notice of Intent to Clear form, or amended form, as a person that has authorization from the landowner to salvage protected native plants on property owned or managed by the landowner.

"Certificate of inspection for interstate shipments" means a certificate to transport protected native plants out of the state.

"Collection" means a collection of one or more highly safeguarded native plants that are preserved, catalogued, and managed for the purpose of preserving that species of an Arizona native plant.

"Conservation" means prevention of exploitation, damage, destruction, or neglect of native plants while helping to ensure continued public use.

"Cord" means a specific type string or small rope issued by the Department for attaching tags and seals to protected native plants.

"Cord of wood" means a measurement of firewood equal to 128 cubic feet.

"Destroy" means to cause the death or irreparable damage of any protected native plant.

"Harvest restricted native plant permit" means a permit required to remove the by-products, fibers, or wood from a native plant listed in Appendix A, subsection (D).

"Highly safeguarded native plant" (A.R.S. § 3-903(B)(1)) means a group of plants that are threatened for survival or are in danger of extinction. Including the native plants listed in Appendix A, subsection (A) and those listed in the Endangered Species Act. The plants in this category may only be salvaged with the use of scientific or non-commercial salvage permits, tags and seals.

"Jurisdiction" means the applicability of the Arizona native plant laws of A.R.S. §§ 3-901 through 3-934 that apply within the boundaries of the state, except on designated Indian lands and federal lands. Federal land managers are to be cognizant of E.O. 13132 (64 FR 43255, August 10, 1999) when considering native plants on federal land. State law governs in areas within local political subdivision boundaries but does not prohibit more stringent native plant regulations or ordinances adopted by the political subdivision. Where the two are in conflict, state laws and rules supersede, or if complimentary, the most stringent of the two laws and rules shall apply.

"Original growing site" means a place where a plant is growing wild and is rooted to the ground or any property owned by the same landowner where a protected native plant is relocated or transplanted without an original transportation permit.

"Protected native plant" means any living plant or plant part listed in Appendix A and growing wild in Arizona.

"Protected native plant tag" means a tag issued by the Department to identify the lawful removal of a protected native plant, other than a saguaro cactus, from its original growing site.

"Saguaro tag" means a tag issued by the Department to identify a saguaro cactus being lawfully moved.

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

“Salvage” means to remove a protected native plant that would otherwise be destroyed in the land development process or other actions that would threaten the survival of the species of plant.

“Salvage assessed native plant” means plants categorized in Appendix A, subsection (C), as described by A.R.S. § 3-903(B)(3), that are to be afforded the exclusive protections, involving the use of salvage tags and annual salvage permits, provided in this Article. The category contains native plants that are not subject to theft or vandalism, but nevertheless have salvage value.

“Salvage assessed native plant permit” means a permit required to remove a native plant listed in Appendix A, subsection (C).

“Salvage restricted native plant” means plants categorized in Appendix A, subsection (B), as described by A.R.S. § 3-903(B)(2), that are to be afforded the exclusive protections involving the use of salvage permits, tags, and seals provided in this Article. This category includes native plants that may be salvaged and transplanted but are nevertheless subject to high potential for damage by theft or vandalism.

“Salvage restricted native plant permit” means a permit required to remove a native plant listed in Appendix A, subsection (B).

“Securely tie” means to fasten in a tight and secure manner to prevent the removal of tags, seals, or cord for reuse.

“Small Native Plant” means any protected plant eight inches in height or less.

“State agency” has the same meaning as in A.R.S. § 3-901(3) it contains “any agency or political subdivision of the state.”

**Historical Note**

**R3-3-1102. Protected Native Plant Destruction by a Private Landowner****A. Notice of intent.**

1. Before a protected native plant is destroyed, the private landowner shall provide notification of intended destruction, which shall include the following information to the Department on a form obtained from the Department:
  - a. Name, address, email address, and telephone number of the landowner;
  - b. Name, address, email address, and telephone number of the landowner’s agent, if applicable;
  - c. Valid documentation indicating land ownership, including but not limited to a parcel identification number, tax assessment, or deed;
  - d. Legal description, map, address, or other description of the area, including the number of acres to be cleared, in which the protected native plants subject to the destruction are located;
  - e. Earliest date of plant destruction; and
  - f. Landowner’s intent for the disposal or salvage of protected native plants on the land.
2. A landowner intending to destroy protected native plants on an area of less than one acre may submit the informa-

tion required in subsection (A)(1) to the Department verbally.

- B. A landowner shall not destroy a protected native plant until:
  1. The landowner receives a written confirmation from the Department that the notice has been received, and
  2. Notice is given to the Department within the following minimum time periods, starting from the time the notice was given to the Department:
    - a. Twenty days before the plants are destroyed over an area of less than one acre.
    - b. Thirty days before the plants are destroyed over an area of one acre or more but less than 40 acres.
    - c. Sixty days before the plants are destroyed over an area of 40 acres or more.
- C. The Department shall compile a list of names and contact information of salvagers or persons interested in native plant salvage. The persons on the list shall receive notifications of potential salvage opportunities. To be placed on the list, the salvager or other interested person shall submit to the Department’s licensing section the salvager or interested person’s name, email address, mailing address, telephone number, and payment of an annual \$35 nonrefundable fee. The Department shall send to all listed salvagers and interested persons an electronic copy of notices of intent (“NOI”), including those that indicate they are not allowing salvage. The electronic copy of the NOIs shall be sent out daily the next business day after the NOIs are received.
- D. A notice of intent is not required for the destruction of native plants on individually owned residential property of ten acres or less where initial building construction has already occurred.

**Historical Note**

New Section recodified from R3-4-602 at 10 A.A.R. 726, effective February 6, 2004 (Supp. 04-1). Amended by final rulemaking at 14 A.A.R. 811, effective May 3, 2008 (Supp. 08-1). Amended by final rulemaking at 30 A.A.R. 3865 (December 27, 2024), effective February 2, 2025 (Supp. 24-4).

**R3-3-1103. Disposal and Salvage of Protected Native Plants by a State Agency**

- A. A state agency intending to remove or destroy protected native plants, over an area of state land exceeding one-quarter acre, the state agency shall notify the Department in writing at least sixty days before the plants are removed or destroyed with the following information on a form obtained from the Department:
  1. Legal description, map, address, or other description of the area, including the number of acres to be cleared, in which the protected native plants subject to the destruction are located;
  2. A description of the number and type of plants to be removed or destroyed;
  3. Earliest date of plant destruction; and
  4. The state agency’s intent for the disposal or salvage of protected native plants on the land.
- B. A state agency intending to remove or destroy protected native plants shall propose a method of disposal or transfer from the following list:
  1. Relocated or transported to a different location on the same property or to another property owned by the state, without obtaining a permit;
  2. Donated to another state agency or political subdivision, by obtaining a non-commercial salvage permit; or

## TITLE 3. AGRICULTURE

## CHAPTER 3. DEPARTMENT OF AGRICULTURE - ENVIRONMENTAL SERVICES DIVISION

3. Donated to nonprofit organizations as provided in A.R.S. § 3-916;
  4. Salvaged or harvested by a member of the general public or a commercial dealer, if the person holds a salvage permit issued pursuant to R3-3-1104.
  5. Sold at a public auction, with appropriate cord sealing tags purchased and utilized by the buyer pursuant to R3-3-1106(B) and R3-3-1107;
  6. In situations where subsections (1) through (5) are not possible, the destruction or clearing of the land may begin 60 days after the notice, as prescribed in subsection (A), has been provided to the Department.
- C.** Any action by a state agency must occur within one year of the date disclosed in the notice.
- D.** A state agency filing a notice, as prescribed in subsection (A), to remove protected native plants are exempt from fees established for salvaged plants.
- E.** Notwithstanding subsection (B)(1) through (5), if the plants are highly safeguarded native plants, they shall first be made available to the holder of a valid scientific permit or a noncommercial salvage permit, by obtaining a current list of scientific permit and noncommercial salvage permit holders from the Department.
- F.** Pre-notification of intent shall not be required in an emergency, where imminent threat to the safety of a person or animal, or damage to personal or state property exists if protected native plants are not removed or destroyed by the state agency, provided the notice of intent is filed in conjunction with the removal or destruction of the native plant.
- i. Parcel identification number for the permitted site or other documents proving land ownership.
  2. Salvage restricted native plant permits and plant tags are valid for the calendar year in which they are issued. The tags expire at the end of the calendar year unless the permit is renewed.
  3. Exemptions. The following are exemptions for the requirements of this subsection.
    - a. Plants propagated or cultivated by human beings; or
    - b. Native plants collected or salvaged by a homeowners' association or any other community based organization if the plants are relocated in the community.
- C.** Salvage assessed native plant permits.
1. An applicant for a salvage assessed native plant permit shall submit the following information to the Department on a form obtained from the Department, as applicable, along with any applicable fees outlined in R3-3-1106:
    - a. Name, business name, address, email address, telephone number, and signature of the applicant;
    - b. Names of the salvage assessed plants to be collected.
  2. Salvage assessed native plant permits and plant tags are valid for the calendar year in which they are issued. The tags expire at the end of the calendar year unless the permit is renewed.
  3. Exemptions. The following are exemptions for the requirements of this subsection.
    - a. Plants propagated or cultivated by human beings; or
    - b. Native plants collected or salvaged by a homeowners' association or any other community based organization if the plants are relocated in the community.

**R3-3-1104. Protected Native Plant Permits**

- A.** A person shall not collect, transport, possess, sell, offer for sale, dispose, or salvage protected native plants unless that person is 18 years of age or older and possesses an appropriate permit.
- B.** Salvage restricted native plant permits.
1. An applicant for a salvage restricted native plant permit shall submit the following information to the Department on a form obtained from the Department, as applicable, along with any applicable fees outlined in R3-3-1106:
    - a. Name, business name, address, email address, telephone number, and signature of the applicant;
    - b. Name and number of plants to be removed;
    - c. Purpose of the plant removal;
    - d. Whether the applicant has a conviction for a violation of a state or federal statute regarding the protection of native plants within the previous five years;
    - e. Name, address, email address, telephone number, and signature of the landowner where the plants will be removed;
    - f. Location of the permitted site and size of acreage;
    - g. Destination address where the plants will be transplanted or temporarily held before being sold, gifted, or otherwise distributed to a permanent location;
    - h. Legal and physical description of the location of the original growing site; and
  2. Permits and unused receipts issued under this subsection are non-transferable and must be in the possession of the permit holder during harvesting and transport.
  3. Receipts for harvest restricted materials that are sold must be transferred to a purchaser as proof of ownership.
  4. Exemptions. The following are exemptions for the requirements of this subsection.
    - a. Material harvested from lands managed by the federal government provided a person is in possession of a valid permit issued by the federal land management agency.
    - b. Material harvested with written permission from a private land owner or tenant, from other than state-owned land or other public land, and:
      - i. Is one-hundred pounds or less for Yucca or Nolina fiber; or
- D.** Harvest restricted native plant permit and receipts.
1. Any person harvesting the wood, fiber, or by-product of a plant listed in Appendix A, subsection (D), of more than one-hundred pounds, or more than two cords of wood, shall apply for a harvest restricted permit and receipts by submitting the following information to the Department, on a form obtained from the Department, along with any applicable fees outlined in R3-3-1106(C)(2):
    - a. Name, address, email address and telephone number of the applicant applying for the permit;
    - b. The legal land description where the harvesting will take place;
    - c. For wood products, the number of cords to be collected;
    - d. For Nolina or Yucca fiber, the numbers of pounds to be collected;
    - e. Name, address, email address, telephone number, and signature of land owner or owners.
  2. Permits and unused receipts issued under this subsection are non-transferable and must be in the possession of the permit holder during harvesting and transport.
  3. Receipts for harvest restricted materials that are sold must be transferred to a purchaser as proof of ownership.
  4. Exemptions. The following are exemptions for the requirements of this subsection.
    - a. Material harvested from lands managed by the federal government provided a person is in possession of a valid permit issued by the federal land management agency.
    - b. Material harvested with written permission from a private land owner or tenant, from other than state-owned land or other public land, and:

- ii. Is two cords or less of wood.
  - c. The use of dead wood for campfires or cooking.
  - d. Dead harvest restricted plants, collected by a land owner or tenant.
- E. Scientific Permit. In addition to the requirements of R3-3-1105(A), the following application requirements apply:
  1. An applicant shall submit the following information to the Department on a form obtained from the Department, along with any applicable fees outlined in R3-3-1106:
    - a. Name, address, email address and telephone number of the company or research facility applying for the permit;
    - b. Name, title and experience of the person conducting the research project;
    - c. Purpose and intent of the research project;
    - d. Controls to be used;
    - e. Variables to be considered;
    - f. Time-frame for the project;
    - g. Anticipated results and plans for publication;
    - h. Reports and recordkeeping that will be used to monitor the project;
    - i. Project funding source;
    - j. Funding of the company or research facility;
    - k. Written authorization from the landowner for collection of the plants;
    - l. Date of the application; and
    - m. Signed affirmation by the applicant that the plants collected will not be sold or used for personal interests.
  2. A scientific permit is valid for the calendar year in which it is issued.
  3. A scientific permit holder may amend their permit anytime by submitting the updated information to the Department.
  4. An applicant may also submit proof of a current scientific permit issued by a federal agency or state political subdivision and any additional information to the requirements of R3-3-1104(E)(1) not provided in the existing scientific permit.
- F. Non-commercial Salvage Permit. In addition to the requirements of R3-3-1105(B), the following application requirements apply:
  1. An applicant shall submit the following information to the Department, on a form obtained from the Department, along with any applicable fees outlined in R3-3-1106:
    - a. Name, address, email address and telephone number of the applicant applying for the permit;
    - b. Proposed relocation site for the plants;
    - c. Written authorization from the landowner for collection of the plants;
    - d. The number, species, and description of the plants being salvaged;
    - e. Date of the application; and
    - f. Signed affirmation by the applicant that the plants collected will not be sold or used for personal interests.
  2. A non-commercial salvage permit is valid only for the transportation and the transplantation of the identified native plants indicated on the permit application. A non-commercial salvage permit holder may amend their permit anytime by submitting the updated information to the Department with written authorization from the landowner.
  3. A non-commercial salvage permit is valid for the calendar year in which they are issued. The tags expire at the end of the calendar year unless the permit is renewed.
  4. Plants propagated or cultivated by human beings are exempt from these requirements.
- G. Movement Permit. In addition to the saguaro tag obtained pursuant to R3-3-1106(C)(1)(a), any person moving or salvaging a saguaro cactus over four feet tall from a location other than its original growing location in Arizona and transplanting it to another location shall apply to the Department for a Movement Permit. The landowner from where the saguaro cactus is being moved shall provide the following information on the permit application, unless the applicant maintains a record of the original permit or verifies the Department has a record of a previous legal movement of the cactus by the applicant. Saguaro cactus that are propagated or cultivated by humans are exempt from this requirement.
  1. The name, mailing address, email address, telephone number, and signature of the landowner;
  2. The address or parcel identification number where the saguaro cactus is located;
  3. The name, mailing address, email address, and telephone number of the receiver;
  4. The name, mailing address, and telephone number of the carrier;
  5. The number, species, and description of the plant being removed;
  6. The parcel identification number of the property where the saguaro cactus is being moved; and
  7. The date of the application.
- H. Movement of protected native plants obtained outside Arizona.
  1. Any person moving a protected native plant obtained outside Arizona and transporting and planting it within the state shall declare the protected native plant at the nearest Department office location during normal business hours, office locations can be found by calling 602-542-3578 or by visiting the Department's website at <https://agriculture.az.gov/plantsproduce/native-plants>.
  2. To ensure compliance with A.A.C. R3-4-239, shipments originating from an area under quarantine for imported fire ants, the Department shall place the protected native plant under quarantine and direct the shipment to a certified quarantine holding area for inspection.
  3. After the plants have been declared, permit and seal fees have been paid, the permitting office shall issue a Movement Permit and appropriate number of seals.

person experienced in native plant removal and transplantation:

- a. Whenever possible, the permittee shall take specimens in such a way as to not reduce the population by retrieving minimal tissue, leaving the roots intact for perennial plants or utilizing other scientifically acceptable methods for the protection of the environment and remaining native plants.
  - b. If not already required by another agency or institution, and whenever possible, if the permittee takes multiple specimens, the permittee shall deposit at least one specimen at an Arizona university plant conservatory. If it is not possible to deposit a specimen at an Arizona university plant conservatory, the permittee shall provide the justification to the Department for noncompliance with this provision.
2. A scientific permit shall be issued if the applicant provides documentation that demonstrates the following:
    - a. A plan, pre-approved by the landowner, to restore the removal site to a natural appearance;
    - b. The removal and movement of the native plants shall be accomplished by a person experienced in native plant removal and transplantation;
    - c. The native plants used in the project shall remain accessible to the Department;
    - d. The ecology of the project site is beneficial to the growth of the specific plants in the project;
    - e. Arrangements exist for a suitable permanent planting site for the surviving plants after the project's completion; and
    - f. Description of plant disposition and research hypothesis.
  3. In addition to the requirements listed in subsection (A)(2), the following requirements apply to highly safeguarded native plants:
    - a. Permits may be issued only for collection for scientific purposes of highly safeguarded native plants whose existence or location is threatened by intended destruction or a change in land usage, and
    - b. If the permit may enhance the survival of the affected species.

**B. Noncommercial salvage permit:**

1. Highly safeguarded native plants may only be collected for conservation by a person holding a noncommercial salvage permit issued pursuant to R3-3-1104(F).
2. A noncommercial salvage permit shall be issued if all of the following conditions are met through documentation provided to the Department:
  - a. The native plants used in the project shall be accessible to the Department after transplant, and
  - b. The relocation site is beneficial to the growth of the specific plants in the project.
3. In addition to the requirements listed in subsection (B)(2), the following requirements apply to highly safeguarded native plants:
  - a. Permits may be issued only for collection for non-commercial salvage purposes of highly safeguarded native plants whose existence or location is threatened by intended destruction or a change in land usage, and
  - b. If the permit may enhance the survival of the affected species.

**R3-3-1106. Protected Native Plant Program Fees**

**A. Permit fees.**

1. In addition to any applicable fees for interstate shipment requiring a single shipment nursery stock inspection certification issued pursuant to R3-4-301(D), a person removing and transporting protected native plants shall submit the following applicable fee to the Department with the permit application:
  - a. Salvage assessed native plant permit, annual use, \$35;
  - b. Harvest restricted native plant permit, annual use, \$35;
  - d. Certificate of inspection for interstate shipments, \$15;
  - c. All other native plant permits, one-time use, \$7.
2. Exemptions. Protected native plants are exempt from fees if:
  - a. The protected native plants intended for personal use by a landowner are taken from one piece of land owned by the landowner to another piece of land also owned by the landowner, remain on the property of the landowner, and are not sold or offered for sale;
  - b. The protected native plants are collected for scientific purposes;
  - c. A landowner donates the protected native plant to a scientific, educational, or charitable institution;
  - d. Exempted pursuant to A.R.S. § 3-915;
  - e. Donated to a home-owners association or nonprofit organizations as provided in A.R.S. § 3-916; or
  - f. Donated to a state agency or political subdivision, under a non-commercial salvage permit.

**B. Tag and harvesting fees.**

1. Any person obtaining a saguaro tag or other protected native plant tag or receipt shall submit the following applicable fee to the Department at the time a tag is obtained:
  - a. Saguaro, \$8 per plant;
  - b. Trees cut for wood and listed in the harvest restricted category, \$6 per cord of wood;
  - c. Small native plant, \$.50 per plant;
  - d. Any other protected native plant referenced in A.R.S. § 3-903(B) and (C) and listed in Appendix A, \$6 per plant.
2. The fee for harvesting *nolina* or *yucca* parts is \$6 per ton. Payment shall be made to the Department in the following manner:
  - a. Unprocessed *nolina* or *yucca* fiber shall be weighed on a state-certified bonded scale; and
  - b. The harvester shall submit payment and weight certificates to the Department no later than the tenth day of the month following each harvest.

**C. Seal fees.** A person obtaining a seal shall submit a \$.15 per plant fee to the Department at the time a seal is obtained.

**D. Arizona native plant law education.** In addition to the following fees, charges for printed materials or pamphlets shall be assessed based upon printing and mailing costs:

**R3-3-1107. Tags, Seals, and Cord Use**

- A. Seals. Any person importing protected native plants shall obtain import seals from the Department and securely attach the seal directly to each protected native plant.
- B. Tag and cord attachment.
  1. A permittee shall attach a cord sealing tag to each protected native plant taken from its original growing site, using cord provided by the Department, before transport. No other type of rope, string, twine, or wire is allowed.
  2. The cord shall be securely tied around the plant, and the cord sealing tag placed directly over the knot in the cord and the ends pressed firmly together sealing the knot so that it cannot be removed without breaking the tag or cutting the cord.
  3. Upon loading the plant, every effort shall be made to allow visibility of the tag during transport.

**R3-3-1108. Recordkeeping; Salvage Assessed and Harvest Restricted Native Plants**

- A. Salvage Assessed Native Plants.
  1. A permittee shall maintain a record of each protected native plant removed under an annual permit for two years from the date of each transaction and allow Department inspection of the records during normal business hours. The transaction record shall include the date salvage assessed protected native plants were removed, the location where the plants were taken from, the location where the plants were replanted, and the permit and tag numbers.
  2. A permittee shall maintain a record of written permission granted by a landowner for the collection of salvage assessed native plants.
  3. Annually, by January 31, a permittee shall submit to the Department a copy of each transaction record for the prior calendar year.
- B. Harvest Restricted Native Plants. A permittee shall submit to the Department by the tenth day of each month the transaction records for the previous month, or a written statement that no transactions were conducted for that month.

**The release of this Chapter in Supp. 24-4 replaces Supp. 23-4, 1-9 pages.**

Please note that the Chapter you are about to replace may have rules still in effect after the publication date of this supplement. Therefore, all superseded material should be retained in a separate binder and archived for future reference.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Amended effective April 22, 1998 (Supp. 98-2). Amended by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3).

**R4-17-102. Time-frames for Licenses and Approvals**

- A. The overall time-frame described in A.R.S. § 41-1072(2) for a regular license or renewal license is set forth in Table 1.
- B. The administrative completeness review time-frame described in A.R.S. § 41-1072(1) for a regular license or renewal license is set forth in Table 1 and begins on the date the Board receives an application.
  1. If the application is not administratively complete, the Board shall send a deficiency notice to the applicant.
    - a. The deficiency notice shall state each deficiency and the information needed to complete the application.
    - b. Within the time provided in Table 1 for response to the deficiency notice, the applicant shall submit to the Board the missing information specified in the deficiency notice. The time-frame for the Board to finish the administrative completeness review is suspended from the date the Board mails the deficiency notice to the applicant until the date the Board receives the missing information.
    - c. If the applicant does not submit the missing information within the time to respond to the deficiency notice set forth in Table 1, the Board shall send a written notice to the applicant informing the applicant that the application is deemed withdrawn.
  2. If the application is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.
- C. The substantive review time-frame described in A.R.S. § 41-1072(3) for a regular license or renewal license is set forth in Table 1 and begins on the date the Board sends written notice of administrative completeness to the applicant.
  1. During the substantive review time-frame, the Board may make one comprehensive written request for additional information. The applicant shall submit the additional information within the time provided in Table 1 for response to a comprehensive written request for additional information. The time-frame for the Board to finish the substantive review is suspended from the date the Board mails the request until the Board receives the information.
  2. The Board shall issue a written notice informing the applicant that the application is deemed withdrawn if the applicant does not submit the requested additional information within the time-frame in Table 1.
  3. The Board shall issue a written notice of denial of a license or license renewal if the Board determines that the applicant does not meet all of the substantive criteria required by statute or this Chapter for licensure or license renewal.
  4. If the applicant meets all of the substantive criteria required by statute and this Chapter for a license or license renewal, the Board shall issue the license or license renewal to the applicant.

  - l. Whether the applicant has been named as a defendant in a malpractice matter currently pending or that resulted in a judgment or settlement entered against the applicant, and if so, an explanation;
  - m. Whether the applicant has ever been court-martialed or discharged other than honorably from any component of the uniformed services of the United States, and if so, an explanation;
  - n. Whether the applicant has ever been involuntarily terminated from a health professional position, resigned, or been asked to leave the health care position, and if so, an explanation;
  - o. Whether the applicant has ever been convicted of insurance fraud or received a sanction, including limitation, suspension, or removal from practice, imposed by any state or the federal government, and if so, an explanation; and
  - p. Whether the applicant, within the three years before the date of the application, has completed 45 hours in pharmacology or clinical management of drug therapy or is certified by a national commission on the certification of physician assistants or its successor;
6. A confidential questionnaire that includes answers to the following:
    - a. Whether the applicant currently has a medical condition that impairs the applicant's judgment or ability to practice medicine in a competent, ethical, and professional manner;
    - b. If the answer to subsection (A)(6)(a) is yes:
      - i. Provide an explanation of the medical condition; and
      - ii. If currently practicing under a monitoring agreement with a licensing board in another state, attach a copy of the monitoring agreement to the application; and
  7. Consistent with the Board's statutory authority, other information the Board may deem necessary to evaluate the applicant fully; and
  8. A sworn statement that complies with A.R.S. § 32-2522(C).
- B.** In addition to the requirements in subsection (A), an applicant shall submit the following to the Board:
    1. Documentation of citizenship or alien status that conforms to A.R.S. § 41-1080;
    2. Documentation of a legal name change if the applicant's legal name is different from that shown on the document submitted in accordance with subsection (B)(1);
    3. A form provided by the Board and completed by the applicant that lists all current or past employment with health professionals, health professions educational institutions, or health care institutions within five years before the date of application or since graduation from a physician assistant program, if less than five years, including each health professional's, health professions educational institution's, or health care institution's name, address, and dates of employment;
    4. Verification of any medical malpractice matter currently pending or resulting in a settlement or judgment against the applicant, including a copy of the complaint and either the agreed terms of settlement or the judgment and a narrative statement specifying the nature of the occurrence resulting in the medical malpractice action. An applicant who is unable to obtain a document required under this subsection may submit a written request for a waiver of the requirement. The applicant shall include the following information in a request for waiver:
      - a. The document for which waiver is requested;
      - b. Detailed description of efforts made by the applicant to provide the required document; and
      - c. Reason the applicant's inability to provide the required document is due to no fault of the applicant; and
    5. The fee required in R4-17-204.
  - C.** In addition to the requirements in subsections (A) and (B), an applicant shall have the following directly submitted to the Board:
    1. A copy of the applicant's certificate of successful completion of the PANCE or PANRE and the applicant's examination score provided by the NCCPA;
    2. An approved program form provided by the Board, completed and signed by the director or administrator of the approved program that granted the applicant a physician assistant degree, that includes the:
      - a. Applicant's full name,
      - b. Type of degree earned by the applicant,
      - c. Name of the physician assistant program completed by the applicant,
      - d. Starting and ending dates, and
      - e. Date the applicant's degree was granted.
  - D.** The Board's issuance of a regular license to an applicant certifies the applicant to issue, dispense, or administer schedule II or schedule III controlled substances, subject to the limits and requirements specified in A.R.S. § 32-2532. Additionally, beginning October 1, 2018, a physician assistant previously certified by the Board for 30-day prescription privileges for schedule II or schedule III controlled substances is certified for 90-day prescription privileges for schedule II or schedule III controlled substances that are not opioids or benzodiazepine.

Adopted effective July 8, 1986 (Supp. 86-4). Section repealed; new Section adopted effective April 22, 1998 (Supp. 98-2). Section repealed; new Section adopted by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). Amended by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4). Amended by final exempt rulemaking at 27 A.A.R. 1647, with an immediate effective date of September 22, 2021 (Supp. 21-3).

**R4-17-205. Continuing Medical Education; Request for Extension of Time**

- A.** Under A.R.S. § 32-2523(A), renewal of a license is conditioned on the licensee completing 40 hours of category I continuing medical education during each biennial license period.
- B.** During a licensee's first biennial license period, the licensee may complete a pro-rated number of continuing medical education hours established by the Board.
- C.** A licensee who is unable to complete the required hours of continuing medical education for any of the reasons in A.R.S. § 32-2523(E) may submit a written request to the Board for an extension no later than 30 days before expiration of the license that contains:
  - 1. The name, address, and telephone number of the licensee;
  - 2. The reason for the request;
  - 3. The number of continuing medical education hours completed during the biennial license period;
  - 4. The dates on which the remaining hours of continuing medical education are scheduled to be completed; and

- 5. The signature of the licensee.

- D.** The Board shall send a written notice of approval of the extension within seven days from the date of receipt of the request if the Board determines:

- 1. The extension is needed for a reason specified in A.R.S. § 32-2523(E),
- 2. The remaining hours of continuing medical education are scheduled to be completed within 30 days, and
- 3. The extension is in the best interest of the state.

**Historical Note**

Adopted effective April 22, 1998 (Supp. 98-2). Amended by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). Amended by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-206. License Renewal**

- A.** To renew a license, a licensee shall submit a completed application to the Board that includes:
  - 1. An application form that contains the licensee's:
    - a. First, last, and middle names;
    - b. Arizona license number;
    - c. Office, mailing, e-mail, and home addresses;
    - d. Office, mobile, and home telephone numbers;
  - 2. A questionnaire that includes answers to the following since the last renewal date:
    - a. Whether the licensee has had an application for a certificate, registration, or license refused or denied by any licensing authority, and if so, an explanation;
    - b. Whether the licensee has had the privilege of taking an examination for a professional license refused or denied by any entity, and if so, an explanation;
    - c. Whether the licensee has voluntarily surrendered a health care professional license, and if so, an explanation;
    - d. Whether the licensee has had a health professional license suspended or revoked, or whether any other disciplinary action has been taken against a health professional license held by the licensee, and if so, an explanation;
    - e. Whether the licensee has had any action taken against the applicant's privileges, including termination, resignation, or withdrawal by a health care institution or health profession regulatory authority, and if so, an explanation;
    - f. Whether the licensee has had a federal or state regulatory authority take any action against the licensee's authority to prescribe, dispense, or administer controlled substances including revocation, suspension, or denial, or whether the applicant surrendered the authority in lieu of any of these actions, and if so, an explanation;
    - g. Whether the licensee has been charged with, convicted of, pleaded guilty to, or entered into a plea of no contest to a felony or misdemeanor involving moral turpitude or an alcohol- or drug-related offense in any state, or has been pardoned or had a record expunged or vacated, and if so, an explanation;
    - h. Whether the licensee has been court-martialed or discharged other than honorably from any component of the uniformed services of the United States, and if so, an explanation;
    - i. Whether the licensee has been involuntarily terminated from a health professional position with any

city, county, state, or federal government, and if so, an explanation;

- j. Whether the licensee has been convicted of insurance fraud or a state or the federal government has sanctioned or taken any action against the licensee, such as suspension or removal from practice, and if so, an explanation;
- 3. Consistent with the Board's statutory authority, other information the Board may deem necessary to evaluate the licensee fully;
- 4. A dated and sworn statement by the licensee verifying that during the past biennial license period, the licensee completed at least 40 hours of Category I continuing medical education as required by A.R.S. § 32-2523;
- 5. The fee required in R4-17-204;
- 6. A confidential questionnaire that includes answers to the following:
  - a. Whether the licensee currently has a medical condition that impairs the licensee's judgment or ability to practice medicine in a competent, ethical, and professional manner;
  - b. If the answer to subsection (A)(6)(a) is yes:
    - i. Provide an explanation of the medical condition; and
    - ii. If currently practicing under a monitoring agreement with a licensing board in another state, attach a copy of the monitoring agreement to the application; and
- 7. If the document submitted under R4-17-203(B)(1) was a limited form of work authorization issued by the federal government, evidence that the licensee's presence in the U.S. continues to be authorized under federal law.

- B. Under A.R.S. §32-2523(A), the Board shall randomly select at least 10 percent of renewal applications submitted by licensees who are not currently certified by a national certification organization to verify compliance with the continuing medical education requirement specified in R4-17-205(A). If selected, a licensee shall submit to the Board documents that verify compliance with the continuing medical education requirement.

**Historical Note**

Adopted effective April 22, 1998 (Supp. 98-2). Amended by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). Amended by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4). Amended by final rulemaking at 28 A.A.R. 1757 (July 22, 2022), effective September 4, 2022 (Supp. 22-3).

**R4-17-207. Denial of License or Extension to Complete Continuing Education**

An applicant for a license who is denied the license or a physician assistant who is denied an extension to complete continuing medical education may request a hearing to contest the matter by filing a written notice with the Board within 30 days of receipt of notice of the Board's action. A hearing shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 6 and Article 10.

**Historical Note**

Adopted effective April 22, 1998 (Supp. 98-2). Amended by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3).

**R4-17-208. Expired****Historical Note**

Adopted effective April 22, 1998 (Supp. 98-2). Section expired under A.R.S. § 41-1056(E) at 11 A.A.R. 1569, effective March 31, 2005 (Supp. 05-2).

**ARTICLE 3. DUTIES OF THE EXECUTIVE DIRECTOR****R4-17-301. Dismissal of Complaint**

- A. The executive director, with concurrence of the investigative staff, shall dismiss a complaint if review shows the complaint is without merit and dismissal is appropriate.
- B. The executive director shall provide to the Board, at each regularly scheduled Board meeting, a list of physician assistants about whom complaints were dismissed since the preceding Board meeting.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Section R4-17-301 renumbered to R4-17-302; new Section R4-17-301 adopted effective April 22, 1998 (Supp. 98-2). Section repealed by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). New Section made by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-302. Referral to Formal Hearing**

- A. The executive director may refer a case directly to a formal hearing if the investigative staff, medical consultant, and lead Board member concur after review of the case that a formal hearing is appropriate.
- B. The executive director shall provide to the Board, at each regularly scheduled Board meeting, a list of the physician assistants whose cases were referred to formal hearing since the preceding Board meeting and indicate whether each case was referred because it involves revocation, suspension, out-of-state disciplinary action, or complexity.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Section repealed; new Section renumbered from R4-17-301 and amended effective April 22, 1998 (Supp. 98-2). Section repealed by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). New Section made by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-303. Non-disciplinary Consent Agreement**

The executive director may enter into a consent agreement under A.R.S. § 32-2505(C)(23) with a physician assistant to limit the physician assistant's practice or rehabilitate the physician assistant if there is evidence the physician assistant is mentally or physically unable to engage in the practice of medicine safely and the investigative staff, medical consultant, and lead Board member concur after review of the case that a consent agreement is appropriate.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Section renumbered to R4-17-304; new Section R4-17-303 adopted effective April 22, 1998 (Supp. 98-2). Section repealed by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). New Section made by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-304. Request for Inactive Status and License Cancellation**

- A. If a physician assistant requests inactive status or license cancellation, meets the requirements of A.R.S. §§ 32-2525 or 32-2528, and is not participating in the program defined under

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 17. ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS

A.R.S. § 32-2552(E), the executive director shall grant the request.

- B.** The executive director shall provide to the Board, at each regularly scheduled Board meeting, a list of the individuals granted inactive or cancelled license status since the preceding Board meeting.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Section R4-17-304 renumbered to R4-17-305; new Section R4-17-304 renumbered from R4-17-303 and amended effective April 22, 1998 (Supp. 98-2). Section repealed by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). New Section made by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-305. Referral to Formal Interview**

The executive director shall refer a case to a formal interview on a future Board meeting agenda if the investigative staff, lead Board member, and in cases involving quality of care, the medical consultant, concur after review of the case that a formal interview is appropriate.

**Historical Note**

New Section R4-17-305 renumbered from R4-17-304 and amended effective April 22, 1998 (Supp. 98-2). Section repealed by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). New Section made by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-306. Denial of License**

- A.** The executive director shall deny a license to an applicant if the executive director, in consultation with the investigative staff and medical consultant concur after review of the application, that the applicant does not meet the statutory requirements for licensure.
- B.** The executive director shall provide to the Board, at each regularly scheduled Board meeting, a list of the physician assistants whose applications were denied since the preceding Board meeting.

**Historical Note**

New Section made by final rulemaking at 22 A.A.R. 3700, effective February 6, 2017 (Supp. 16-4).

**R4-17-307. Appealing Executive Director Actions**

- A.** Any person aggrieved by an action taken by the executive director under the authority delegated in this Article may appeal that action to the Board. The aggrieved person shall file a written request with the Board no later than:
1. Thirty days after notification of the action, if personally served; or
  2. Thirty-five days after the date on the notification, if mailed.
- B.** The aggrieved person shall provide, in the written request, evidence showing:
1. An irregularity in the investigative process or the executive director's review deprived the party of a fair decision;
  2. Misconduct by Board staff, a Board consultant, or the executive director that deprived the party of a fair decision; or
  3. Material evidence newly discovered that could have a bearing on the decision and that, with reasonable diligence, could not have been discovered and produced earlier.

- C.** The fact that the aggrieved party does not agree with the executive director's action is not grounds for a review by the Board.
- D.** If an aggrieved person fails to submit a written request within the time specified in subsection (A), the Board is relieved of the requirement to review actions taken by the executive director. The executive director may, however, evaluate newly provided information that is material or substantial in content to determine whether the Board should review the case.
- E.** If a written request is submitted that meets the requirements of subsection (B):
1. The Board shall consider the written request at its next regularly scheduled meeting.
  2. If the written request provides new material or substantial evidence that requires additional investigation, the investigation shall be conducted as expeditiously as possible and the case shall be forwarded to the Board at the first possible regularly scheduled meeting.

**Historical Note**

New Section made by final rulemaking at 28 A.A.R. 1757 (July 22, 2022), effective September 4, 2022 (Supp. 22-3).

**ARTICLE 4. COLLABORATIVE PRACTICE; REGULATION****R4-17-401. Application for Certification of Clinical Practice Hours; Waiver of Documentation**

- A.** As required under A.R.S. § 32-2536(A), a physician assistant who is licensed by the Board and in good standing may apply to the Board for certification of the clinical practice hours required to practice collaboratively with a physician or entity. A physician assistant is in good standing if the physician assistant is not:
1. Under investigation by a regulatory authority, or
  2. Subject to a public or confidential probation order.
- B.** To be eligible to practice collaboratively with a physician or entity, a physician assistant shall have at least 8,000 hours of clinical practice, as described in subsection (E), obtained:
1. In the five years before the date of the application submitted under subsection (C), or
  2. In the 10 years before the date of the application submitted under subsection (C) if:
    - a. At least 2,000 hours of clinical practice were obtained in the three years before the date of application submitted under subsection (C); and
    - b. The physician assistant is currently certified by the National Commission on Certification of Physician Assistants.
- C.** To apply for certification of clinical practice hours, a physician assistant shall submit to the Board an application form, which is available on the Board's website.
- D.** In addition to complying with subsection (C), a physician assistant applying for certification of clinical practice hours shall have submitted directly to the Board by the document custodian or an individual with direct knowledge, documentation of hours of clinical practice performed by the physician assistant. Documentation may be submitted by multiple persons.
- E.** Clinical practice includes:
1. Performing medical services related directly to patient care;
  2. Providing instruction to physician assistants at an institution accredited by the Accreditation Review Commission on Education for the Physician Assistant. Time spent preparing to provide instruction or performing administrative

tive tasks related to providing instruction is not clinical practice.

- F. The Board may waive the documentation requirement specified under subsection (D). To obtain a waiver of the documentation requirement, the physician assistant shall submit to the Board a written request that includes the following information:
1. The physician assistant's name and license number;
  2. Date on the request for waiver;
  3. Identification and an estimate of the number of clinical hours for which documentation has not been submitted under subsection (D);
  4. Description of the physician assistant's efforts to have the documentation submitted as required under subsection (D);
  5. Explanation of why the documentation cannot be submitted;
  6. If applicable, evidence that supports the request for waiver; and
  7. The physician assistant's affirmation that the physician assistant has performed the required hours of clinical practice even though documentation has not been submitted.
- G. The Board shall waive the documentation requirement if the Board determines the documentation is unavailable for a reason beyond the control of the physician assistant requesting the waiver. In making this determination, the Board shall consider:
1. The sufficiency of the physician assistant's effort to have the documentation submitted;
  2. Evidence it is not possible to have the documentation submitted because:
    - a. The required document does not exist;
    - b. The individual or entity responsible for maintaining and submitting the documentation is unable to do so; or
    - c. Another reason beyond the control of the physician assistant; and
  3. Whether the Board is able to obtain the required documentation from another source.
- H. The Board shall document the Board's decision regarding a request for waiver submitted under subsection (F) in the official record regarding the application submitted under subsection (C). The Board's decision regarding a request for waiver is not subject to review or appeal.
- I. The Board shall maintain on the Board's website a list of physician assistants who have at least 8,000 hours of clinical practice certified by the Board and are eligible to practice in collaboration with a physician, physician group practice, or health care institution.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Section R4-17-401 renumbered to R4-17-402; new Section R4-17-401 adopted effective April 22, 1998 (Supp. 98-2). Section expired under A.R.S. § 41-1056(E) at 11 A.A.R. 1569, effective March 31, 2005 (Supp. 05-2). New Section made by final exempt rulemaking at 30 A.A.R. 63 (January 12, 2024), effective December 31, 2023 (Supp. 23-4).

**R4-17-402. Practicing Collaboratively with a Physician Assistant**

- A. Before practicing collaboratively with a physician assistant, the collaborating physician or entity shall verify that the physi-

cian assistant is qualified under A.R.S. § 32-2536 and R4-17-401 to practice collaboratively. The collaborating physician or entity shall maintain evidence of the verification as long as the physician assistant is employed by the collaborating physician or entity.

- B. A collaborating physician or entity shall designate one or more physicians by name or position as responsible for the oversight of the physician assistant. When requested by the Board, the collaborating physician or entity shall notify the Board of the identity of the physician designated as responsible for oversight of the physician assistant.
- C. The collaborating physician or entity shall ensure the physician assistant is competent to practice in any new area that is not substantially similar to the practice area in which the physician assistant previously practiced collaboratively. If the collaborating physician or entity determines the physician assistant needs additional education, training, and oversight, the collaborating physician or entity shall ensure additional education, training, and oversight is provided until the physician assistant acquires the necessary competence.
1. If the collaborating physician or entity determines a supervision agreement is warranted, the collaborating physician or entity shall require the physician assistant to enter a supervision agreement, as defined at A.R.S. § 32-2501, until the physician assistant acquires the education, experience, and competence necessary to practice in the practice setting or specialty in which the physician assistant has not previously practiced.
  2. The collaborating physician or entity shall document all actions taken under this subsection, including any additional education, training, and oversight or the initiation or termination of a supervision agreement, to ensure the actions are recorded in the employment file of the physician assistant. When requested by the Board, the collaborating physician or entity shall provide a copy of the information required under this subsection to the Board.
- D. The collaborating physician or entity shall make a determination required under subsection (C) in collaboration with the physician assistant.
- E. When certified under A.R.S. § 32-2536 to practice collaboratively, a physician assistant shall continue to collaborate or consult with or refer to the appropriate health care professional according to the policies of the practice setting at which the physician assistant is employed.

**Historical Note**

Adopted effective July 8, 1986 (Supp. 86-4). Section R4-17-402 renumbered to R4-17-403; new Section R4-17-402 renumbered from R4-17-401 and amended effective April 22, 1998 (Supp. 98-2). Section repealed by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3). New Section made by final exempt rulemaking at 30 A.A.R. 63 (January 12, 2024), effective December 31, 2023 (Supp. 23-4). The Governor's Regulatory Review Council determined subsections (B) through (G) exceeded the agency's statutory authority, were not authorized by statute, and therefore void under A.R.S. § 41-1033(K) at 30 A.A.R. 2665 (August 23, 2024), effective July 30, 2024; in consultation with the Arizona State Association of Physician Assistants the Board amended the voided provisions in a Notice of Final Exempt Rulemaking at 31 A.A.R. 129 (January 10, 2025), effective December 17, 2024 (Supp. 24-4).

**R4-17-403. Rehearing or Review**

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 17. ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS

- A. Except as provided in subsection (B), a party who is aggrieved by a decision issued by the Board may file with the Board, no later than 30 days after service of the decision, a written request for rehearing or review of the decision, specifying the grounds for rehearing or review. For purposes of this Section, a decision is considered to have been served when personally delivered to the party's last known home or business address or five days after the decision is mailed by certified mail to the party or the party's attorney.
- B. If the Board makes specific findings that the immediate effectiveness of the decision is necessary for the preservation of the public health and safety and determines that a rehearing or review of the decision is impracticable, unnecessary, or contrary to the public interest, the Board may issue the decision as a final decision without an opportunity for rehearing or review. If the Board issues the decision as a final decision, without an opportunity for a rehearing or review, the aggrieved party may make an application for judicial review within the time limits permitted for an application for judicial review of the Board's final decision under A.R.S. § 12-904.
- C. A party filing a request for rehearing or review may amend the request at any time before it is ruled upon by the Board. Another party may file a response within 15 days after the date the request or amended request for rehearing is filed. The Board may require a party to file supplemental memoranda explaining the issues raised in the request or response and may permit oral argument.
- D. The Board may grant a rehearing or review of a decision for any of the following causes materially affecting the requesting party's rights:
1. Irregularity in the Board's or administrative law judge's administrative proceedings or any order or abuse of discretion that deprived the party of a fair hearing;
  2. Misconduct of the Board, administrative law judge, or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence, or other errors of law that occurred at the hearing;
  7. The decision is the result of passion or prejudice; or
  8. The decision or findings of fact are not justified by the evidence or are contrary to law.
- E. The Board may affirm or modify a decision or grant rehearing or review on all or part of the issues for any of the reasons set forth in subsection (D). An order granting a rehearing or review shall specify each ground for the rehearing or review.
- F. No later than 30 days after a decision is issued by the Board, the Board on its own initiative may order a rehearing or review for any reason in subsection (D).
- G. When a request for rehearing or review is based on affidavits, a party shall serve the affidavits with the request. The opposing party may, within 10 days after service, serve opposing affidavits. The Board may extend the time for serving opposing affidavits for no more than 20 days for good cause shown or by written stipulation by the parties. The Board may permit reply affidavits.

**Historical Note**

New Section R4-17-403 renumbered from R4-17-402 and amended effective April 22, 1998 (Supp. 98-2). Amended by final rulemaking at 18 A.A.R. 2123, effective October 7, 2012 (Supp. 12-3).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

## CHAPTER 18. NATUROPATHIC PHYSICIANS MEDICAL BOARD

Authority: A.R.S. § 32-1501 et seq.

## Supp. 24-4

*Editor's Note: Laws 2008, 2nd Regular Session, Ch. 16 provided for a name change of the Naturopathic Physicians Board of Medical Examiners to Naturopathic Physicians Medical Board (Supp. 12-2).*

*Editor's Note: The Office of the Secretary of State publishes all Code Chapters on white paper (Supp. 02-3).*

*Editor's Note: This Chapter contains rules which were adopted under exemptions from the provisions of the Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to A.R.S. § 41-1005(25). Exemption from A.R.S. Title 41, Chapter 6 means that the Naturopathic Physicians Board of Medical Examiners did not submit these rules to the Governor's Regulatory Review Council for review; the Board did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Board was not required to hold public hearings on these rules; and the Attorney General did not certify these rules. Because this Chapter contains rules which are exempt from the regular rulemaking process, the Chapter is printed on blue paper.*

*Editor's Note: This Chapter has been reprinted due to an error in publishing text that was thought to be adopted and certified but in fact was rejected by the Attorney General on December 29, 1995 (Supp. 95-4). Text removed includes amendments made to R4-18-101 and adoption of Article 2, consisting of Sections R4-18-201 through R4-18-205. Removal of this text reflects the latest effective rules on file with the Office of the Secretary of State last modified Supp. 88-4 (reprinted Supp. 96-4).*

*Laws 1982, 6th S.S., Chs. 1 and 4 provided for a name change of the Naturopathic Board of Examiners to Naturopathic Physicians Board of Examiners.*

## CHAPTER 18. NATUROPATHIC PHYSICIANS MEDICAL BOARD

## ARTICLE 1. GENERAL PROVISIONS

**R4-18-101. Definitions**

In addition to the definitions in A.R.S. §§ 32-1501 through 32-1581, the following definitions apply to this Chapter unless otherwise specified:

1. “Administrative completeness review” means the Board’s process for determining that an applicant has provided, or caused to be provided, all of the application packet information and documentation required by statute or rule for an application for a license or a certificate.
2. “Applicant” means a person requesting from the Board an initial, temporary, or renewal license or certificate.
3. “Approved Specialty College or Program” means a post-doctoral training program that awards a medical specialist certificate, and is certified by a Specialty Board of Examiners, The American Association of Naturopathic Physicians (“AANP”) or another professional association or, another state’s licensing agency, and which is recognized by the Board.
4. “Chief medical officer” means a physician who is responsible for a clinical, preceptorship, internship, or postdoctoral training program’s compliance with state and federal laws, rules, and regulations.
5. “Continuing medical education” or “CME” means courses, seminars, lectures, programs, conferences, and workshops related to subjects listed in A.R.S. § 32-1525(B), that are offered or sanctioned by one of the organizations referenced in R4-18-205(B).
6. “Endorsement” means the procedure for granting a license in this state to an applicant who is currently licensed to practice naturopathic medicine by another state, district, or territory of the United States or by a foreign country that requires a written examination substantially equivalent to the written examination provided for in A.R.S. § 32-1525.
7. “Facility” means a health care institution as defined in A.R.S. § 36-401, office or clinic maintained by a health care institution or by an individual licensed under A.R.S. Title 32, Chapter 13, 14, 17, or 29, office or public health clinic maintained by a state or county, office or clinic operated by a qualifying community health center under A.R.S. § 36-2907.06, or an office or clinic operated by a corporation, association, partnership, or company authorized to do business in Arizona under A.R.S. Title 10.
8. “Informed consent” means a document, signed by a patient or the patient’s legal guardian, which contains the information in R4-18-802(A)(1), (A)(2), and (A)(3).
9. “Institutional review board” means a group of persons that is approved according to guidelines of the United States Department of Health and Human Services, Office for Human Research Protection, which reviews investigational or experimental protocols and approves their use on animals or humans for the purposes of protecting the subjects of the investigational or experimental protocol from undue harm and assures that the research and its review is carried out according to guidelines of the United States Department of Health and Human Services, Office for Human Research Protection.
10. “Internship” means clinical and didactic training by a doctor of naturopathic medicine certified by the Board according to A.R.S. § 32-1561.
11. “License” means a document issued by the Board that authorizes the individual to whom it is issued to practice naturopathic medicine.
12. “Medication” means the same as drug defined in A.R.S. § 32-1501(15) or natural substance defined in A.R.S. § 32-1501(23).
13. “National board” means any of the following:
  - a. The Federation of State Medical Licensing Boards,
  - b. The National Board of Chiropractic Examiners,
  - c. The National Board of Medical Examiners,
  - d. The National Board of Osteopathic Examiners, or
  - e. The North American Board of Naturopathic Examiners.
14. “Procedure” means an activity directed at or performed on an individual for improving health, treating disease or injury, or making a diagnosis.
15. “Protocol” means an explicit detailed plan of an experimental medical procedure or test that is approved by an institutional review board.
16. “Resident physician in training” means a person who holds a degree of doctor of naturopathic medicine and is certified by the Board to diagnose and treat patients under supervision in an internship, preceptorship, or a post doctoral training program.
17. “Substantive review” means the Board’s process for determining whether an applicant for licensure, certification, or approval meets the requirements of A.R.S. Title 32, Chapter 14 and this Chapter.
18. “Verified” means a notarized form dated, and signed by the applicant, affirming the information provided in the application, including any accompanying documents submitted by or on behalf of the applicant, is true and complete.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 18. NATUROPATHIC PHYSICIANS MEDICAL BOARD

August 9, 2002 (Supp. 02-3).

**R4-18-103. Duties of Board Committees**

A committee appointed by the Board chairman shall make a report to the Board based on the findings or investigations of the committee and may make recommendations for further action by the Board.

**Historical Note**

New Section made by final rulemaking at 8 A.A.R. 3702, effective August 9, 2002 (Supp. 02-3).

**R4-18-104. Repealed****Historical Note**

Adopted effective December 31, 1984 (Supp. 84-6). Amended by adding a new subsection (H) effective June 18, 1987 (Supp. 87-2). Section repealed by final rulemaking at 8 A.A.R. 3702, effective August 9, 2002 (Supp. 02-3).

**R4-18-105. Reserved****R4-18-106. Rehearing or Review of Decision**

- A. Except as provided in subsection (G), any party under the jurisdiction of the Board who is aggrieved by a decision issued by the Board regarding an appealable agency action, may file with the Board not later than 30 days after service of the decision, a written motion for rehearing or review of the decision specifying the particular grounds for the rehearing or review. For purposes of this Section, a decision is considered served when personally delivered or five days after mailing by certified mail to the party at the party's last known residence or place of business.
- B. A motion for rehearing or review under this Section may be amended at any time before it is ruled upon by the Board. A response may be filed within 15 days after service of the motion or amended motion by any other party. The Board may require the filing of written briefs upon the issue raised in the motion and may provide for oral argument.
- C. A rehearing or review of a decision may be granted by the Board for any of the following reasons materially affecting the party's rights:
  1. Irregularity in the proceedings of the Board, administrative law judge, or any abuse of discretion that deprives the moving party of a fair hearing;
  2. Misconduct of the Board or an administrative law judge;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing; or
  7. That the findings of fact or decision is not justified by the evidence, or is contrary to law.
- D. The Board may affirm or modify its decision or grant a rehearing or review, to all or any of the parties on all or part of the issues for the reasons specified in subsection (C). An order modifying a decision or granting a rehearing or review shall specify with particularity the grounds on which the rehearing or review is granted, and the rehearing or review shall cover only those matters specified.
- E. Not later than 35 days after the date a decision is rendered, the Board may, on its own initiative order a rehearing or review of its decision for any reason for which it might have granted a

rehearing or review on motion of a party. After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a motion for rehearing or review, timely served, for a reason not stated in the motion. In either case, the order shall specify the grounds for rehearing and review.

- F. When a motion for rehearing is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after service, serve opposing affidavits. The Board may extend this period for good cause.
- G. If the Board makes specific findings that the immediate effectiveness of the decision is necessary for the preservation of the public health and safety and determines that a rehearing or review of the decision is impracticable, unnecessary, or contrary to the public interest, the decision may be issued as a final decision without an opportunity for a rehearing or review. If a decision is issued as a final decision without an opportunity for rehearing or review, any application for judicial review of the decision shall be made within the time limits permitted for applications for judicial review of the Board's final decisions under A.R.S. Title 12, Chapter 7, Article 6.

**Historical Note**

Adopted effective December 31, 1984 (Supp. 84-6). Section repealed; new Section made by final rulemaking at 8 A.A.R. 3702, effective August 9, 2002 (Supp. 02-3). Amended by final rulemaking at 30 A.A.R. 3091 (October 25, 2024), effective December 1, 2024 (Supp. 24-4).

*Editor's Note: The following Section was adopted under an exemption from the provisions of A.R.S. Title 41, Chapter 6, pursuant to A.R.S. § 41-1005(25). Exemption from A.R.S. Title 41, Chapter 6 means the Board did not submit notice of proposed rulemaking to the Secretary of State for publication in the Arizona Administrative Register; the Board did not submit the rules to the Governor's Regulatory Review Council for review; and the Board was not required to hold public hearings on this Section (Supp. 99-3).*

**R4-18-205. Continuing Medical Education Requirements**

- A. Every calendar year, a physician shall complete 30 credit hours of approved continuing medical education activities. Ten credit hours shall be in pharmacology as it relates to the diagnosis, treatment, or prevention of disease. Eight credit hours shall be from programs approved by one or more of the organizations listed in subsection (B)(2). One hour of credit is allowed for every 50 minutes of participation in an approved

continuing medical education activity unless otherwise noted in R4-18-205(B).

- B. The following are approved continuing medical education activities:

1. Education certified as Category I by an organization accredited by the Accreditation Council on Continuing Medical Education;
2. Continuing medical educational programs in the clinical application of naturopathic medical philosophy that are approved by;
  - a. The American Association of Naturopathic Physicians or any of its constituent organizations,
  - b. The Arizona Naturopathic Medical Association, or
  - c. Any naturopathic licensing authority in the United States or Canada.
3. One credit hour may be claimed for each eight hour day of training in an internship training program, a preceptorship training program, or a postdoctoral training program approved by the Board. A maximum of eight hours per year may be claimed in this manner.
4. One credit hour, not to exceed eight credit hours, may be claimed for each eight hour day of research in subjects listed in A.R.S. § 32-1525(B), if the research is conducted by or sponsored by a school of naturopathic medicine that is accredited or a candidate for accreditation by:
  - a. The Council on Naturopathic Medical Education,
  - b. The Council for Higher Education Accreditation, or
  - c. An accrediting agency recognized by the United States Department of Education.
5. One credit hour may be claimed for each hour serving as an instructor of naturopathic medical students or other physicians in a program approved by one of the organizations listed in subsection (B)(2), or a school approved by the Board. A maximum of eight hours may be claimed in this manner.
6. A maximum of four credit hours may be claimed for preparing or writing for presentation or publication, a medically related paper, report, or book that is presented or published addressing current developments, skills, procedures, or treatment in the practice of naturopathic medicine. Credit may be claimed only for materials presented or published. Credit may be claimed once as of the date of publication or presentation.
7. A maximum of eight credit hours may be earned for the following activities that provide necessary understanding of current developments, skills, procedures, or treatment related to the practice of naturopathic medicine if the physician maintains a record for at least three years that includes the name of the activity, the date of the activity, and the amount of time to complete the activity:
  - a. Self-instruction that utilizes videotapes, audiotapes, films, filmstrips, slides, radio broadcasts, or computers;
  - b. Independent reading of scientific journals and books;
  - c. Preparation for specialty board certification or recertification examinations; or
  - d. Participation on a staff committee or quality of care or utilization review committee in a facility or government agency.

- C. The Board shall grant an extension of time to complete continuing medical education required in subsection (A) upon written application by a licensee if the licensee fails to meet the requirements due to illness, military service, medical or religious missionary activity, residence in a foreign country, or

  - b. A licensee requesting a certificate to dispense only.
2. "Auscultation" means the act of listening to sounds within the human body either directly or through the use of a stethoscope or other means.
  3. "Certificate to dispense" means an approval granted by the Board to dispense a natural substance, drug, or device.
  4. "Dispense" means the same as in A.R.S. § 32-1581(H).
  5. "Drug" means the same as in A.R.S. § 32-1501(15).
  6. "Hour" means 50 to 60 minutes of participation.
  7. "Medical record" means the same as in A.R.S. § 12-2291.
  8. "Nutrient" means the same as in A.R.S. § 32-1501(15)(a)(iii).
  9. "Physical examination" means an evaluation of the health of an individual's body using inspection, palpation, percussion, and auscultation to determine cause of illness or disease.

**Historical Note**

New Section made by final rulemaking at 19 A.A.R. 1302, effective July 6, 2013 (Supp. 13-2).

**R4-18-902. Qualifications for a Certificate to Dispense**

- A. To qualify for a certificate to dispense, an applicant shall have completed before the submission date of the application, Board approved training in the safe administration of natural substances, drugs, or devices.
- B. The Board approves documentation of the following as evidence of completion of Board approved training in the safe administration of natural substances, drugs, or devices:
  1. Graduation from an approved school of naturopathic medicine after January 1, 2005 as referenced in A.R.S. § 32-1525(B)(4); or
  2. Completion of a 60 hour or more pharmacological course on natural substances, drugs, or devices that is offered, approved, or recognized by one of the organizations in R4-18-205(B)(1) or (B)(2), or by passing of The North American Board of Naturopathic Examiners (NABNE) add on Parenteral Medicine Examination.
- C. If an applicant intends to administer a natural substance or drug intravenously, the Board approved training completed by the applicant shall include administration of a natural substance or drug by intravenous means.

**Historical Note**

- i. Full legal name;
    - ii. Naturopathic license number, if known; and
    - iii. Social Security number;
  - b. If a corporation, a statement of whether the corporation holds tax exempt status;
  - c. A statement of whether the applicant holds a drug enforcement number issued by the United States Drug Enforcement Administration, and if so, the drug enforcement number;
  - d. A statement of whether the applicant has ever had the authority to prescribe, dispense, or administer a natural substance, drug, or device limited, restricted, modified, denied, surrendered or revoked by a federal or state agency or court of law, and if so, an explanation that includes:
    - i. The name and address of the federal or state agency or court having jurisdiction over the matter, and
    - ii. The disposition of the matter;
  - e. A statement, signed by the applicant, that the applicant agrees to conform to all federal and state statutes, regulations, and rules; and
  - f. The date the application is submitted; and
2. Unless exempted by A.R.S. § 32-1530, the fee required by the Board.
- B.** A certificate holder shall renew a certificate to dispense on or before July 1 of each year by submitting:
- 1. An application to the Board that contains:
    - a. The applicant's full legal name;
    - b. If a corporation, a statement of whether the corporation holds tax exempt status;
    - c. A statement of whether the applicant has had the authority to prescribe, dispense, or administer a natural substance, drug, device limited, restricted, modified, denied, surrendered or revoked by a federal or state agency or court of law, during the one year period immediately preceding the renewal date and if so, an explanation that includes:
      - i. The name and address of the federal or state agency or court having jurisdiction over the matter; and
      - ii. The disposition of the matter; and
    - d. A statement, signed and dated by the applicant, verifying the information on the application is true and correct and the applicant is the licensee named on the application; and
  - 2. Unless exempted by A.R.S. § 32-1530, the fee required by the Board.
- C.** The Board shall grant or deny the certificate to dispense or renewal of certificate to dispense according to the time-frames in Article 7, Table 1 of this Chapter.

**Historical Note**

New Section made by final rulemaking at 19 A.A.R. 1302, effective July 6, 2013 (Supp. 13-2). Amended by final rulemaking at 30 A.A.R. 348 (February 23, 2024), effective April 1, 2024 (Supp. 24-1).

**R4-18-904. Dispensing; Intravenous Nutrients**

- A.** To prevent toxicity due to the excessive intake of a natural substance, drug, or device, before dispensing the natural substance, drug, or device to an individual, a certified physician shall:
- 1. Conduct a physical examination of the individual,

- 2. Conduct laboratory tests as necessary that determine the potential for toxicity of the individual, and
  - 3. Document the results of the physical examination and laboratory tests in the individual's medical record.
- B.** For the purposes of A.R.S. § 32-1504(A)(8), a substance is considered a nutrient suitable for intravenous administration if it complies with A.R.S. § 32-1501(15)(iii).

**Historical Note**

New Section made by final rulemaking at 19 A.A.R. 1302, effective July 6, 2013 (Supp. 13-2). Amended by emergency rulemaking at 21 A.A.R. 51, effective December 18, 2014, for 180 days (Supp. 14-4). **ARTICLE 10. DISPENSING OF A NATURAL SUBSTANCE, DRUG OR DEVICE****R4-18-1001. Certificate to Dispense Required**

- A.** A doctor of naturopathic medicine may dispense a natural substance, a drug, except a schedule II controlled substance that is an opioid, or a device to a patient for a condition that is being diagnosed or treated by the doctor. A doctor who holds a current medical license with the board shall obtain a certificate to dispense annually if the doctor:
- 1. Maintains a supply of Natural Substances as defined in A.R.S. § 32-1501(23), controlled substances as defined in A.R.S. § 32-1501(12), prescription-only drugs as defined in A.R.S. § 32-1501(17), or prescription-only devices as defined in A.R.S. § 32-1581(H)(i), excluding manufacturer's samples;
  - 2. Prescribes the items listed in subsection (A)(1) to a patient of the doctor for use outside the office;
  - 3. Obtains payment for the items listed in subsection (A)(1), including payment from a fulfillment center; or
  - 4. Administers substances approved for intravenous administration pursuant to A.R.S. § 32-1501(15)(a)(i)(ii)(iii).
- B.** To obtain a certificate to dispense, a doctor shall:
- 1. Submit the application form referenced in R4-18-903;
  - 2. Submit a copy of the doctor's current Drug Enforcement Administration certificate of registration, for each location from which the doctor will dispense a controlled substance; and
  - 3. Submit the fee required under R4-18-107, unless the doctor is exempt from paying the fee pursuant to A.R.S. § 32-1530. A doctor applying for exemption is required to submit proof of exempt status with the application.
- C.** A doctor shall renew the certificate to dispense by July 1 of each year. If a doctor makes a timely and complete application to renew the certificate, the doctor may continue to dispense until the Board approves or denies the renewal application.
- D.** If a doctor fails to submit a timely and complete application to renew the certificate to dispense, the doctor shall immediately cease dispensing.
- E.** If a doctor fails to comply with subsection (C), the doctor shall not dispense any natural substance, controlled substance, prescription-only drug, or prescription-only device, including substances approved for intravenous administration, until the doctor complies fully with subsection (B) and receives notice the Board approves the application.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 18. NATUROPATHIC PHYSICIANS MEDICAL BOARD

(February 23, 2024), effective April 1, 2024 (Supp. 24-1).

**R4-18-1002. Packaging and Inventory**

- A.** A doctor shall dispense all controlled substances and prescription-only drugs in appropriate containers that are in compliance with state and federal laws.
- B.** A doctor shall ensure the natural substance, drug or device dispensed is in compliance with labeling requirements outlined in A.R.S. § 32-1581(2). For the purpose of compliance with A.R.S. § 32-1581(2), if the natural substance or device dispensed does not require a prescription, the information required may be incorporated into an accompanying instruction sheet. For a natural substance that contains multiple ingredients, the strength of each ingredient is not required to be documented, only the brand name of the supplement is required for documentation. All ingredients and amounts administered by intravenous or intramuscular administration are required to be fully documented in the patient chart.
- C.** A doctor shall:
  - 1. Secure all controlled substances in a locked cabinet or room;
  - 2. Control access to the locked cabinet or room by a written procedure that include, at a minimum:
    - a. Designation of the persons who have access to the locked room, and
    - b. Procedures for recording requests for access to the locked cabinet or room;
  - 3. Make a written procedure required under subsection (C)(2) available on demand by the Board or its authorized representative for inspection and copying;
  - 4. Store prescription-only drugs so they are not accessible to patients; and
  - 5. Store controlled substances and prescription-only drugs not requiring refrigeration in an area where the temperature does not exceed 85 degrees Fahrenheit.
- D.** A doctor shall maintain an ongoing dispensing log for all controlled substances and prescription-only drugs dispensed by the physician. The dispensing log shall include the following:
  - 1. A separate inventory sheet for each controlled substance and prescription-only drug;
  - 2. The date the drug is dispensed;
  - 3. The patient's name;
  - 4. The name of the controlled substance or prescription-only drug, strength, dosage, form, and name of manufacturer;
  - 5. The number of dosage units dispensed;
  - 6. A running total of each controlled substance or prescription-only drug dispensed; and
  - 7. The written signature of the doctor next to each entry.
- E.** A doctor may use a computer to maintain the dispensing log required under subsection (D) if the dispensing log is password protected and quickly accessible through either on-screen viewing or printing a copy.
- F.** This Section does not apply to a prepackaged manufacturer sample of a controlled substance or prescription-only drug unless otherwise provided by federal law.

- G.** The doctor must report the dispensing of controlled substances in compliance with the Arizona Controlled Substance Prescription Monitoring Program.

**Historical note**

New Section made by final rulemaking at 30 A.A.R. 348 (February 23, 2024), effective April 1, 2024 (Supp. 24-1).

**R4-18-1003. Recordkeeping and Reporting Shortages**

- A.** A doctor who dispenses a controlled substance or prescription-only drug shall ensure an original prescription order for the controlled substance or prescription-only device is dated, consecutively numbered in the order in which it is originally dispensed, and filed separately from patient medical records. The doctor shall ensure original prescription orders are maintained in three separate files, as follows:
  - 1. Schedule II controlled substances;
  - 2. Schedule III, IV and V controlled substances; and
  - 3. Prescription-only drugs.
- B.** A doctor shall ensure purchase orders and invoices are maintained for all controlled substances and prescription-only drugs dispensed, whether for profit or not for profit, for three years from the date of the purchase order or invoice. Purchase orders and invoices shall be maintained in three separate files as follows:
  - 1. Schedule II controlled substances only;
  - 2. Schedule III, IV and V controlled substances; and
  - 3. All other prescription-only drugs.
- C.** A doctor who discovers a theft or loss of a prescription only drug from the doctors office shall:
  - 1. Immediately notify the local law enforcement agency,
  - 2. Provide the local law enforcement agency with a written report, and
  - 3. Send a copy of the report provided under subsection (C)(2) to the Drug Enforcement Administration and Board within seven days of the discovery.

**Historical note**

New Section made by final rulemaking at 30 A.A.R. 348 (February 23, 2024), effective April 1, 2024 (Supp. 24-1).

**R4-18-1004. Inspections**

- A.** A doctor shall cooperate with and allow access to the doctor's office and records for inspection of dispensing practices by the Board or its authorized representative.
- B.** The Board shall revoke a doctor's certificate to dispense if the doctor's license is suspended, revoked or surrendered.
- C.** The certificate automatically expires if:
  - 1. The doctor fails to renew the medical license in a timely manner; or
  - 2. The doctor fails to renew the certificate in a timely manner.
- D.** A doctor who holds a certificate and is not currently under investigation, may request the certificate be cancelled.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## CHAPTER 19. BOARD OF NURSING

Authority: A.R.S. § 32-1606 et seq.

## Supp. 24-4

*Editor's Note: The Arizona State Board of Nursing amended Sections in this Chapter under an exemption from the provisions of A.R.S. Title 41, Chapter 6 under Laws 2015, Chapter 262 § 22. Exemption from A.R.S. Title 41, Chapter 6 means the Board was not required to submit proposed rules for publication in the Arizona Administrative Register, conduct a public hearing on the rules, or required to submit the rules for approval by the Governor's Regulatory Review Council. Refer to the historical notes for more information (Supp. 16-2).*

## CHAPTER 19. BOARD OF NURSING

**ARTICLE 1. DEFINITIONS AND TIME-FRAMES****R4-19-101. Definitions**

“Abuse” means a misuse of power or betrayal of trust, respect, or intimacy by a nurse, nursing assistant, or applicant that causes or is likely to cause physical, mental, emotional, or financial harm to a client.

“Administer” means the direct application of a medication to the body of a patient by a nurse, whether by injection, inhalation, ingestion, or any other means.

“Admission cohort” means a group of students admitted at the same time to the same curriculum in a regulated nursing, nursing assistant, or advanced practice nursing program or entering the first clinical course in a regulated program at the same time. “Same time” means on the same date or within a narrow range of dates pre-defined by the program.

“Advance practice registered nurse (APRN)” means either a registered nurse practitioner (RNP), certified nurse midwife (CNM), certified registered nurse anesthetist (CRNA), or clinical nurse specialist (CNS), certified by the Board.

“Applicant” means a person seeking licensure, certification, prescribing, or prescribing and dispensing privileges, or an entity seeking approval or re-approval, if applicable, of a:

- CNS or RNP nursing program,
- Credential evaluation service,
- Nursing assistant training program,
- Nursing program,
- Nursing program change, or
- Refresher program.

“Approved national nursing accrediting agency” means an organization recognized by the United States Department of Education as an accrediting agency for a nursing program.

“Assign” means a nurse designates nursing activities to be performed by another nurse that are consistent with the other nurse’s scope of practice.

“Certificate or diploma in practical nursing” means the document awarded to a graduate of an educational program in practical nursing.

“Certified medication assistant” means a certified nursing assistant who meets Board qualifications and is additionally certified by the Board to administer medications under A.R.S. § 32-1650 et. seq.

“CES” means credential evaluation service.

“Client” means a recipient of care and may be an individual, family, group, or community.

“Clinical instruction” means the guidance and supervision provided by a nursing, nursing assistant or medication assistant program faculty member while a student is providing client care.

“CMA” means certified medication assistant.

“CNA” means a certified nursing assistant, as defined in A.R.S. § 32-1601(4).

“CNS” means clinical nurse specialist, as defined in A.R.S. § 32-1601(7).

“Collaborate” means to establish a relationship for consultation or referral with one or more licensed physicians on an as-needed basis. Supervision of the activities of a registered nurse practitioner by the collaborating physician is not required.

“Contact hour” means a unit of organized learning, which may be either clinical or didactic and is either 60 minutes in length or is otherwise defined by an accrediting agency recognized by the Board.

“Continuing education activity” means a course of study related to nursing practice that is awarded contact hours by an accrediting agency recognized by the Board, or academic credits in nursing or medicine by a regionally or nationally accredited college or university.

#### R4-19-102. Time-frames for Licensure, Certification, or Approval

##### A. In this Section:

1. “Administrative completeness” or “administratively complete” means Board receipt of all application components required by statute or rule and necessary to begin the substantive review time-frame.
2. “Application packet” means an application form provided by the Board and the documentation necessary to establish an applicant’s qualifications for licensure, certification, or approval.
3. “Comprehensive written request for additional information” means written communication after the administrative completeness time-frame by the Board to an applicant in person or at the address of record or electronic address identified on the application notifying the applicant that additional information, including missing documents is needed before the Board can grant the license. The written communication shall:
  - a. Contain a list of information required by statute or rule and necessary to complete the application or grant the license, and
  - b. Inform the applicant that the request suspends the running of days within the time-frame, and
  - c. Be effective on the date of issuance which is:
    - i. The date of its postmark, if mailed;
    - ii. The date of delivery, if delivered in person by a Board employee or agent; or
    - iii. The date of delivery to the electronic address if delivered electronically.
4. “Deficiency notice” means written communication by the Board to an applicant in person or at the address of record or electronic address identified on the application notifying the applicant that additional information, including missing documents, is needed to complete the application. The written communication shall:
  - a. Contain a list of information required by statute or rule and necessary to complete the application or grant the license;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- b. Inform the applicant that the request suspends the running of days within the time-frame; and
- c. Be effective on the date of issuance which is:
  - i. The date of its postmark, if mailed;
  - ii. The date of delivery, if delivered in person by a Board employee or agent; or
  - iii. The date of delivery to the electronic address if delivered electronically.
- 5. "Notice of administrative completeness" means written communication by the Board to an applicant in person or at the address of record or electronic address identified on the application notifying the applicant the application contains all information required by statute or rule to complete the application.
- 6. "Overall time-frame" has the same meaning as A.R.S. § 41-1072(2).
- 7. "Substantive review time-frame" has the same meaning as A.R.S. § 41-1072(3).
- B.** In computing the time-frames in this Section, the day of the act or event from which the designated period begins to run is not included. The last day of the period is included unless it is a Saturday, Sunday, or official state holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or official state holiday.
- C.** For each type of licensure, certification, or approval issued by the Board, the overall time-frame described in A.R.S. § 41-1072(2) is listed in Table 1. An applicant may submit a written request to the Board for an extension of time in which to provide a complete application. The request for an extension of time shall be submitted to the Board office before the deadline for submission of a complete application and shall state the reason that the applicant is unable to comply with the time-frame requirements in Table 1 and the amount of additional time requested. The Board may grant an extension of time based on whether the Executive Director of the Board finds that the applicant is unable to comply within the time-frame due to circumstances beyond the applicant's control and that the additional information can reasonably be supplied during the extension of time.
- D.** For each type of licensure, certification, or approval issued by the Board, the administrative completeness review time-frame described in A.R.S. § 41-1072(1) is listed in Table 1 and begins to run when the Board receives an application packet.
  - 1. If the application packet is not administratively complete, the Board shall send a deficiency notice to the applicant. The time for the applicant to respond to a deficiency notice begins to run on the date the deficiency notice is issued.
    - a. The deficiency notice shall list each deficiency.
    - b. The applicant shall submit to the Board the missing information listed in the deficiency notice within the period specified in Table 1 for responding to a deficiency notice. The time-frame for the Board to complete the administrative review is suspended until the Board receives the missing information.
    - c. If an applicant fails to provide the missing information listed in the deficiency notice within the period specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application.
    - d. If the applicant is the subject of an investigation, the Board may continue to process the application. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
  - 2. If the application packet is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.
  - 3. If the Board issues a license, certificate, or approval during the administrative completeness review time-frame, the Board shall not send a separate written notice of administrative completeness.
- E.** For each type of licensure, certification, or approval issued by the Board, the substantive review time-frame described in A.R.S. § 41-1072(3) is listed in Table 1 and begins to run on the date the notice of administrative completeness is issued.
  - 1. During the substantive review time-frame, an applicant may make a request to withdraw an application packet. The Board may deny the request to withdraw an application packet if the applicant is the subject of an investigation, based on information gathered during the investigation.
  - 2. If an applicant discloses or the Board receives allegations of unprofessional conduct as described in A.R.S. § 32-1601 or this Chapter, the Board shall review the allegations and may investigate the applicant. The Board may require the applicant to provide additional information as prescribed in subsection (E)(3) based on its assessment of whether the conduct is or might be harmful or dangerous to the health of a client or the public.
  - 3. During the substantive review time-frame, the Board may make one comprehensive written request for additional information. The applicant shall submit the additional information within the period specified in Table 1. The time-frame for the Board to complete the substantive review of the application packet is suspended from the date the comprehensive written request for additional information is issued until the Board receives the additional information.
  - 4. If the applicant fails to provide the additional information identified in the comprehensive written request for additional information within the time specified in Table 1, the Board shall close the applicant's file and send a notice to the applicant by U.S. mail and electronically, if an electronic address is included in the application. The Board may continue to process the application if the applicant is the subject of an investigation. Failure of the applicant to supply the requested information may result in denial of the license or certificate based on information gathered during the investigation.
  - 5. The Board shall grant licensure, conditional licensure, limited licensure, certification, or approval to an applicant:
    - a. Who meets the substantive criteria for licensure, certification, or approval required by A.R.S. Title 32, Chapter 15 and this Chapter; and
    - b. Whose licensure, certification, or approval is in the best interest of the public.
  - 6. The Board shall deny licensure, certification, or approval to an applicant:
    - a. Who fails to meet the substantive criteria for licensure, certification, or approval required by A.R.S. Title 32, Chapter 15 and this Chapter; or
    - b. Who has engaged in unprofessional conduct as described in A.R.S. § 32-1601 or this Chapter; and

TITLE 4. PROFESSIONS AND OCCUPATIONS

CHAPTER 19. BOARD OF NURSING

- c. Whose licensure, certification, or approval is not in the best interest of the public.
7. The Board's written order of denial shall meet the requirements of A.R.S. § 41-1076. The applicant may request a hearing by filing a written request with the Board within 30 days of receipt of the Board's order of denial. The Board shall conduct hearings in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

**ARTICLE 2. ARIZONA REGISTERED AND PRACTICAL NURSING PROGRAMS; REFRESHER PROGRAMS****R4-19-201. Organization and Administration****A.** The parent institution of a nursing program shall:

1. Be accredited as a post-secondary institution, college, or university, by an accrediting body that is recognized as an accrediting body by the U.S. Department of Education.
2. Hold Arizona Private Post-secondary board approval status, if applicable.
3. Submit evidence to the board of continuing accreditation after each reaccreditation review or action.
4. Operate any RN or PN program under its post-secondary accreditation if the parent institution holds both secondary and post-secondary accreditation.
5. Notify the Board within 15 days of any change or pending change in institutional accreditation status or reporting requirements.
6. Provide adequate fiscal, physical, learning resources and adequate human resources to recruit, employ and retain sufficient numbers of qualified faculty members to support program processes and outcomes necessary for compliance with this Article.
7. Center the administrative control of the nursing program in the nursing program administrator and shall provide the support and resources necessary to meet the requirements of R4-19-203 and R4-19-204.
8. Ensure that the nursing program is an integral part of the parent institution and shall have at a minimum equivalent status with other academic units of the parent institution.
9. Appoint a sole individual to the position of nursing program administrator, and fill any program administrator vacancies within 15 days.
10. Notify the Board of any changes in program administrator within 30 days and ensure that the individual appointed meets the requirements of, and fulfills the duties specified in R4-19-203.
11. Ensure that every registered nursing program faculty member holds a current Arizona registered nurse license in good standing or multi-state privilege to practice in Arizona under A.R.S., Title 32, Chapter 15, and that every faculty member meets one of the following:
  - a. If providing didactic instruction:
    - i. At least two years of experience as a registered nurse providing direct patient care; and
    - ii. A graduate degree. The majority of the faculty members of a registered nursing program shall hold a graduate degree with a major in nursing. If the graduate degree is not in nursing, the faculty member shall hold a minimum of a baccalaureate degree in nursing.
  - b. If providing clinical instruction only, as defined in R4-19-101:
    - i. The requirements for didactic faculty, or

- ii. A baccalaureate degree with a major in nursing and at least three years of experience as a registered nurse providing direct patient care.
- 12. Ensure that each practical nursing program faculty member holds a current Arizona registered nurse license in good standing or multi-state privilege to practice in Arizona under A.R.S. Title 32, Chapter 15, and that every faculty member meets the following:
  - a. At least two years of experience as a registered nurse providing direct patient care, and
  - b. A minimum of a baccalaureate degree with a major in nursing.

**B. A nursing program shall:**

- 1. Maintain an organizational chart that identifies the actual relationships, lines of authority, and channels of communication within the program, between the program, and between the program and the parent institution.
- 2. Develop, implement, and enforce written policies and procedures that provide:
  - a. A mechanism for student feedback into the development of academic policies and procedures and allow students to anonymously evaluate faculty, nursing courses, clinical experiences, resources and the overall program.
  - b. Personnel policies for didactic and clinical nursing faculty members including workload policies that facilitate safe and effective nursing education, including clinical experiences.
  - c. For clinical experiences, ensure that:
    - i. At least one nursing faculty member is assigned to no more than ten students while students are directly or indirectly involved in the care of patients, including precepted experiences.
    - ii. Faculty supervises all students in clinical areas in accordance with the acuity of the patient population, clinical objectives, demonstrated competencies of the student, and requirements established by the clinical agency.
    - iii. Either faculty or program-approved preceptors are on site supervising students during all patient care.
- 3. Provide the minimum number of qualified faculty members necessary for compliance with the provisions of this Article.
- 4. Develop and implement a written plan for the systematic evaluation of the total program that is based on program and student learning outcomes and that incorporates continuous improvement based on the evaluative data. The plan shall include measurable outcome criteria, logical methodology, frequency of evaluation, assignment of responsibility, actual outcomes and actions taken. The following areas shall be evaluated:
  - a. Internal structure of the program, its relationship to the parent institution, and compatibility of program policies and procedures with those of the parent institution;
  - b. Mission and goals consistent with those of the parent institution and compatible with current concepts in nursing education and practice appropriate for the type of nursing program offered;
  - c. Curriculum;
  - d. Education facilities, resources, and student support services;
  - e. Clinical resources;

- f. Student achievement of program educational outcomes;
- g. Admission and graduation data for each admission cohort, including, at a minimum, the number and percent of students who graduated within 100%, 150% or greater than 150% of time allotted in the curriculum plan.
- h. Graduate performance on the licensing examination;
- i. Protection of patient safety including but not limited to:
  - i. Student and faculty policies regarding supervision of students, practicing within scope and student safe practice;
  - ii. The integration of safety concepts within the curriculum;
  - iii. The application of safety concepts in the clinical setting; and
  - iv. Policies made under R4-19-203(C)(6).
- 5. Maintain current and accurate records of the following:
  - a. Student admission materials, courses taken, grades received, scores in any standardized tests taken, health and performance, and health information submitted to meet program or clinical requirements, for a minimum of three years after the fiscal year of program completion for academic records and one year after program completion for health records;
  - b. Faculty registered nursing license number issued by the board, evidence of fulfilling the requirements in R4-19-204, and performance evaluations for faculty employed by the parent institution. Records shall be kept current during the period of employment and retained for a minimum of three years after termination of employment;
  - c. Minutes of faculty and committee meetings for a minimum of three years;
  - d. Reports from accrediting agencies and the Board for a minimum of 10 years;
  - e. Curricular materials consistent with the requirements of R4-19-206 for the current curriculum and, previous curricula used within the past three years; and
  - f. Formal program complaints and grievances since the last site review with evidence of resolution for a minimum of three years.
- C. Prior to final approval for new nursing programs and by July 31, 2015 for existing programs, all RN nursing programs offering less than a bachelor's degree in nursing shall have a minimum of one articulation agreement with a Board approved and nationally accredited baccalaureate or higher nursing program that includes recognition of prior learning in nursing and recognition of foundational courses.

**R4-19-206. Curriculum**

- A. A nursing program shall provide a written program curriculum to students that includes:
  1. Student centered outcomes for the program;
  2. A curriculum plan that identifies the prescribed course sequencing and time required;
  3. Specific course information that includes:
    - a. A course description and outline including student centered and measurable didactic, clinical, and sim-

ulation objectives, if applicable, for each unit of instruction;

- b. Graded activities to demonstrate that course objectives have been met.

- B. A nursing program administrator and faculty members shall ensure that the curriculum:
  1. Is designed so that the student is able to achieve program objectives within the curriculum plan;
  2. Is logically consistent between and within courses and structured in a manner whereby each course builds on previous learning.
  3. Incorporates established professional standards, guidelines or competencies; and
  4. Is designed so that a student who completes the program will have the knowledge and skills necessary to function in accordance with the definition and scope of practice specified in A.R.S. for a practical nurse Title 32, Chapter 15 and A.A.C. Title 4 Chapter 19, for a registered or practical nurse, as applicable.
- C. A nursing program shall provide for progressive sequencing of classroom and clinical instruction sufficient to meet the goals of the program and be organized in such a manner to allow the student to form necessary links of theoretical knowledge, clinical reasoning, and practice.
  1. A nursing program curriculum shall provide coursework that includes, but is not limited to:
    - a. Content in the biological, physical, social, psychological and behavioral sciences, professional responsibilities, legal and ethical issues, history and trends in nursing and health care, to provide a foundation for safe and effective nursing practice consistent with the level of the nursing program;

- c. Neonates, infants, and children in varied settings.
- 4. A nursing program shall assign students only to those clinical agencies that provide the experience necessary to meet the established clinical objectives of the course.
- E. A nursing program may provide precepted clinical instruction. Programs offering precepted clinical experiences shall:
  - 1. Develop and enforce policies that require preceptors to:
    - a. Be licensed nurses at or above the level of the program either by holding an Arizona license in good standing, holding multi-state privilege to practice in Arizona under A.R.S. Title 32, Chapter 15, or if practicing in a federal facility, meet requirements of A.R.S. § 32-1631(5);
    - b. For LPN preceptors, practice under the supervision required by A.R.S. Title 32, Chapter 15.
  - 2. Develop and implement policies that require a faculty member of the program to:
    - a. Together with facility personnel, select preceptors that possess clinical expertise sufficient to accomplish the goals of the preceptorship;
    - b. Supervise the clinical instruction consistent with requirements of this Article, and
    - c. Maintain accountability for student education and evaluation.
- F. A nursing program may utilize simulation in accordance with the clinical objectives of the course. Unless approved under R4-19-214, a nursing program shall not utilize simulation for an entire clinical experience with any patient population identified in subsection (D) of this Section.
- G. A nursing program shall maintain at least a 80% NCLEX® passing rate for graduates taking the NCLEX-PN® or NCLEX-RN® for the first time within 12 months of graduation.
- H. At least 45% of students enrolled in the first nursing clinical course shall graduate within 100% of the prescribed period. "Prescribed period" means the time required to complete all courses and to graduate on time according to the nursing program's curriculum plan in place at the time the student entered the program, excluding the time to complete program pre-requisite or pre-clinical courses.

    - b. Evidence of institutional accreditation consistent with R4-19-201 and post-secondary approval, if applicable. The institution shall provide the most recent full reports including findings and recommendations of the applicable accrediting organization or approval agency. The Board may request additional accreditation or approval evidence.
  - c. Curriculum development documentation to include:
    - i. Student-centered outcomes for the program;
    - ii. A plan that identifies the prescribed course sequencing and time required; and
    - iii. Identification of established professional standards, guidelines or competencies upon which the curriculum will be based;
  - d. Name, qualifications, and job description of a nursing program administrator who meets the requirements of R4-19-203 and availability and job description of faculty who meet qualifications of R4-19-204;
  - e. Number of budgeted clinical and didactic faculty positions from the time of the first admission to graduation of the first class;
  - f. Evidence that the program has secured clinical sites for its projected enrollment that meet the requirements of R4-19-206;
  - g. Anticipated student enrollment per session and annually;
  - h. Documentation of planning for adequate academic facilities and secretarial and support staff to support the nursing program consistent with the requirements of R4-19-202;
  - i. Evidence of adequate program financial resources;
  - j. Tentative time schedule for planning and initiating the nursing program including faculty hiring, entry date and size of student cohorts, and obtaining and utilizing clinical placements from the expected date of proposal approval to graduation of the first cohort.
  - k. For a parent institution that has an existing nursing program in one or more U.S. jurisdictions including Arizona, evidence for each of its nursing programs that includes:
    - i. Program approval in good standing with no order entered in this or any other jurisdiction, which if entered by this state would constitute the denial of a license or a disciplinary action

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- within the meaning of A.R.S. § 32-1601, subsection 12, paragraphs (d), (e), (f), (g), (h); and
- ii. An NCLEX pass rate of at least 80% for the 12 months preceding the current application; or
  - iii. The parent institution successfully demonstrates to the Board that:
    - (1) The program is in the best interests of the public. The Board's consideration of what is in the best interests of the public shall include, but is not limited to, the geographic need for a new nursing program, the populations that would be served by the program, adequate program oversight, institutional financial security, adequacy of the program proposal, and a demonstrated history of cooperation with accrediting and regulatory bodies; and
    - (2) The program will be capable of meeting all other applicable requirements for the establishment of a nursing program.
- B.** The Board shall grant proposal approval to any parent institution that meets the requirements of subsection (A) if the Board deems that such approval is in the best interests of the public. Proposal approval expires one year from the date of Board issuance.
- C.** A parent institution that is denied proposal approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for proposal approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.
- D.** At a minimum of 180 days before planned enrollment of students, a parent institution that received proposal approval within the previous year may submit to the Board an electronic copy of an application for provisional approval. The parent institution shall ensure that the provisional approval application was written by or under the direction of a registered nurse who meets the program administrator requirements of R4-19-203(A) and includes the following information and documentation:
1. Name and address of parent institution;
  2. A self-study that provides evidence supporting compliance with R4-19-201 through R4-19-206, and
  3. Names and qualifications of:
    - a. The nursing program administrator;
    - b. Didactic nursing faculty or one or more nurse consultants who are responsible for developing the curriculum and determining nursing program admission, progression and graduation criteria;
  4. Plan for recruiting and hiring additional didactic faculty for the first semester or session of operation at least 60 days before classes begin;
  5. Plan for recruiting and hiring additional clinical nursing faculty at least 30 days before the clinical rotation begins;
  6. Final program implementation plan including dates and number of planned student admissions, recruitment and hire dates for didactic and clinical faculty for the period of provisional approval;
  7. Descriptions of available and proposed physical facilities with dates of availability; and
  8. Detailed written plan for clinical placements for all planned enrollments until graduation of the first class that is:
    - a. Based on current clinical availability and curriculum needs;
    - b. Confirms availability and commitment from proposed clinical agencies for the times and units specified.
- E.** Following an onsite evaluation conducted according to A.R.S. § 41-1009, the Board shall grant a two year provisional approval to a parent institution that meets the requirements of R4-19-201 through R4-19-206 if approval is in the best interest of the public. A parent institution that is denied provisional approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for provisional approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.
- F.** The provisional approval of a nursing program expires 12 months from the date of the grant of provisional approval if a class of nursing students is not admitted by the nursing program within that time.
- G.** One year after admission of the first nursing class into nursing courses, the program shall provide a report to the Board containing information on:
1. Implementation of the program including any differences from the plans submitted in the applications for proposal and provisional approval and an explanation of those differences; and
  2. The outcomes of the evaluation of the program according to the program's systematic evaluation plan under R4-19-201;
- H.** Following receipt of the report described in subsection (G), a representative of the Board shall conduct a site survey visit in accordance with A.R.S. § 41-1009 to determine compliance with this Article. A report of the site visit shall be provided to the Board.
- I.** If a nursing program with provisional approval fails to comply with requirements of A.R.S. Title 32, Chapter 15, or 4 A.A.C. 19, Article 4, the Board may initiate a disciplinary action. Prior to imposition of discipline against a provisional approval, the nursing program is entitled to a hearing conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.

## CHAPTER 19. BOARD OF NURSING

(Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 3289, with an immediate effective date of December 2, 2020 (Supp. 20-4).

**R4-19-211. Unprofessional Conduct in a Nursing Program; Reinstatement or Reissuance**

A. A disciplinary action, or denial of approval, may be issued against a nursing, refresher, pilot, or distance learning program for any of the following acts of unprofessional conduct:

1. A pattern of failure to maintain minimum standards of acceptable and prevailing educational or nursing practice, or any such failure related to student or patient health, welfare, or safety;
2. A pattern of deficiencies in compliance with the provisions of this Article, or any such deficiency related to student or patient health, welfare, or safety;
3. Utilization or substitution of students to meet staffing needs in health care facilities;
4. A pattern of non-compliance with the program's or parent institution's mission or goals, program design, objectives, or policies, or any such deficiency related to student or patient health, welfare, or safety;
5. Failure to provide the variety and number of clinical learning opportunities necessary for students to achieve program outcomes or minimal nursing competence;
6. Student enrollments without necessary faculty, facilities, or clinical experiences to achieve program outcomes or minimal nursing competence;
7. Ongoing or repetitive employment of unqualified faculty or program administrator;
8. Failure to comply with Board requirements within designated time-frames;
9. Fraud or deceit in advertising, promoting or implementing the program;
10. Material misrepresentation of fact in any application or information submitted to the Board;
11. Failure to allow Board staff to visit the program or conduct an investigation including failure to supply requested investigative documents;
12. Any other evidence that the program's conduct may be a threat to the safety and well-being of students, faculty, patients or potential patients;
13. Violation of any other state or federal laws, rules, or regulations that may indicate a threat to the safety or well-being of students, faculty, patients or potential patients.

B. If a program's approval was surrendered, rescinded, or denied, the program may reapply for reinstatement or reissuance of approval after a period prescribed by the Board, not to exceed five years. The program must comply with all application requirements in this Article, and further provide evidence of remediation of all violations that led to the rescission. The Board shall review the evidence, and reinstate or reissue approval of the program if the program has demonstrated remediation, complies with all program requirements in A.R.S. Title 32, Chapter 15, and this Chapter and reinstatement is in the best interests of the public. If reinstatement or reissuance is denied, the may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for approval. ## CHAPTER 19. BOARD OF NURSING

with all other applicable provisions of A.R.S. Title 32, Chapter 15 and this Chapter.

- B.** A program applying for a pilot program shall:
  1. Hold full approval in good standing; and
  2. Have no discipline in the past two years.
- C.** The following written information shall be provided to the Board at least 90 days prior to a Board meeting to seek approval for a pilot program:
  1. Identifying information including name of program, address, responsible party and contact information;
  2. A brief description of the current program, including accreditation and Board approval status;
  3. Identification of the regulation or regulations that the proposed innovative approach would violate without pilot program board approval;
  4. Length of time for which the innovative approach is requested;
  5. Description of the innovative approach, including rationale and objectives;
  6. Explanation of how the proposed innovation differs from approaches in the current program;
  7. Available evidence supporting the innovative approach;
  8. Identification of resources that support the proposed innovative approach;
  9. Expected impact the innovative approach will have on the program, including administration, students, faculty, and other program resources;
  10. Plan for implementation and evaluation of the proposed innovation, including timeline;
  11. Additional application information as requested by the Board.
- D.** The Board shall approve an application for a pilot program that is in the best interests of the public, and meets the following criteria:
  1. Eligibility criteria in subsection (B) and application criteria in subsection (C) are met;
  2. The innovative approach will not compromise the quality of education or safe practice of students;
  3. Resources are sufficient to support the innovative approach;
  4. Rationale with available evidence supports the implementation of the innovative approach;
  5. Implementation plan is reasonable to achieve the desired outcomes of the innovative approach;
  6. Timeline provides for a sufficient period to implement and evaluate the innovative approach; and
  7. Plan for periodic evaluation is comprehensive and supported by appropriate methodology.
- E.** The Board may:
  1. Deny the application or request additional information if the program does not meet the criteria in subsections (B) and (C), or otherwise is not in the best interests of the public. The program may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying an application for a pilot program. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, and 4 A.A.C. 19, Article 6 of this Chapter.
  2. Rescind the approval of the innovation, after an opportunity for a hearing in accordance with A.R.S. Title 41, Chapter 6, and Article 6 of this Chapter, or require the program to make modifications if:

- a. The Board receives substantiated evidence indicating adverse impact on the program, students, faculty, patients, or the public,
- b. The program fails to implement or evaluate the innovative approach as presented and approved, or
- c. The program fails to maintain eligibility criteria in subsection (B).

- F.** An education program that is granted approval for an innovation shall maintain eligibility criteria in subsection (B) and submit:
  1. Progress reports conforming to the evaluation plan annually or as requested by the Board; and
  2. A final evaluation report that conforms to the evaluation plan, detailing and analyzing the outcomes data.
- G.** If the innovative approach has achieved the desired outcomes and the final evaluation has been submitted, the program may request that the innovative approach be continued.
- H.** The Board may grant the request to continue approval if the innovative approach has achieved desired outcomes and is in the best interests of the public.
- I.** If the Board denies the request to continue approval of the pilot program, the program may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying renewal of the pilot program. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, and 4 A.A.C. 19, Article 6 of this Chapter.

**R4-19-217. Distance Learning Nursing Programs; Out-of-State Nursing Programs**

- A. An out-of-state nursing program that is in good standing in another state in the United States and plans to provide distance-based didactic instruction and on-ground clinical

instruction in Arizona shall comply with the application requirements of R4-19-207 and R4-19-208. The program shall employ at least one faculty member who is physically present in this state to coordinate the education and clinical experience.

- B. Any nursing program that delivers didactic instruction in Arizona by distance learning methods shall ensure that the methods of instruction are compatible with the program curriculum plan and enable a student to meet the goals, competencies, and objectives of the educational program and standards of the Board, A.R.S. Title 32, Chapter 15, and this Chapter.
  1. A distance learning nursing program shall establish a means for assessing individual student outcomes, and program outcomes including, at minimum, student learning outcomes, student retention, student satisfaction, and faculty satisfaction.
  2. For out-of-state nursing programs, the program shall be within the jurisdiction of and regulated by an equivalent United States nursing regulatory authority in the state from which the program originates, unless also providing clinical experience in Arizona.
  3. Didactic faculty members shall be licensed in the state of origination of a distance learning nursing program and in Arizona or hold a multi-state compact license unless exempt under A.R.S. § 32-1631(8). Clinical supervising faculty shall be licensed in the location of the clinical activity.
  4. A distance learning nursing program shall provide students with supervised clinical and laboratory experiences so that program objectives are met and didactic learning is validated by supervised, on-ground clinical and laboratory experiences.
  5. A distance-learning nursing program shall provide students with adequate access to technology, resources, technical support, and the ability to interact with peers, preceptors, and faculty.
- C. A nursing program, located in another state or territory of the United States, that wishes to provide clinical experiences in Arizona under A.R.S. § 32-1631(3), shall obtain Board approval before offering or conducting a clinical session. To obtain approval, the program shall submit a proposal package that contains:
  1. A self study, describing the program's compliance with R4-19-201 through R4-19-206; and
  2. A statement regarding, the number and type of student placements planned, and written commitment by the clinical facilities to provide the necessary clinical experiences, the name and qualifications of faculty licensed in Arizona and physically present in the facility who will supervise the experience and verification of good standing of the program in the jurisdiction of origin.
- D. The Board may require a nursing program approved under this Section to file periodic reports to determine compliance with the provisions of this Article. A program shall submit a report to the Board within 30 days of the date on a written request from the Board or by the due date stated in the request if the due date is after the normal 30-day period.
- E. The Board shall approve an application to conduct clinical instruction in Arizona that meets the requirements in A.R.S. Title 32, Chapter 15 and this Chapter, and is in the best interest of the public. An applicant who is denied approval to conduct clinical instruction in Arizona may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for approval. ## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

1. To demonstrate nursing program equivalency, one of the following:
    - a. If the applicant graduated from a Canadian nursing program, evidence of a passing score on the English language version of either the Canadian Nurses' Association Testing Service, the Canadian Registered Nurse Examination, NCLEX or an equivalent examination;
    - b. A Certificate or Visa Screen Certificate issued by the Commission on Graduates of Foreign Nursing Schools (CGFNS), or a report from CGFNS that indicates an applicant's program is substantially comparable to a U.S. program; or
    - c. A report from any other credential evaluation service (CES) approved by the Board.
  2. If a graduate of an international pre-licensure nursing program subsequently obtains a degree in nursing from an accredited U.S. nursing program, the requirement for a CES equivalency report may be waived by the Board, however the applicant is not eligible for a multi-state compact license.
  3. If an applicant's pre-licensure nursing program provided classroom instruction, textbooks, or clinical experiences in a language other than English, a test of written, oral, and spoken English is required. Clinical experiences are deemed to have been provided in a language other than English if the principal or official language of the country or region where the clinical experience occurred is a language other than English, according to the United States Department of State.
  4. An applicant who is required to demonstrate English language proficiency shall ensure that one of the following is submitted to the Board directly from the testing or certifying agency:
    - a. Evidence of a minimum score of 84 with a minimum speaking score of 26 on the Internet-based Test of English as a Foreign Language (TOEFL),
    - b. Evidence of a minimum score of 6.5 overall with minimum of 6.0 on each module of the Academic Exam of the International English Language Test Service (IELTS) Examination,
    - c. Evidence of a minimum score of 55 overall with a minimum score of 50 on each section of the Pearson Test of English Academic exam.
    - d. A Visa Screen Certificate from CGFNS,
    - e. A CGFNS Certificate,
    - f. Evidence of a similar minimum score on another written and spoken English proficiency exam determined by the Board to be equivalent to the other exams in this subsection, or
    - g. Evidence of employment for a minimum of 960 hours within the past five years as a nurse in a country or territory where the principal language is English, according to the United States Department of State.
- D.** An applicant for a registered nurse license shall attain one of the following:
1. A passing score on the NCLEX-RN;
  2. A score of 1600 on the NCLEX-RN, if the examination was taken before July 1988; or
  3. A score of not less than 350 on each part of the SBTPE for registered nurses.
- E.** An applicant for a practical nurse license shall attain:
1. A passing score on the NCLEX-PN;
  2. A score of not less than 350 on the NCLEX-PN, if the examination was taken before October 1988; or
  3. A score of not less than 350 on the SBTPE for practical nurses.
- F.** The Board shall grant a license to practice as a registered or practical nurse to any applicant who meets the criteria established in statute and this Article. An applicant who is denied a license by examination may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the license. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10.
- G.** If the Board receives an application from a graduate of a nursing program and the program's approval was rescinded under R4-19-212 at any time during the applicant's nursing education, the Board shall ensure that the applicant has completed a basic curriculum that is equivalent to that of a Board-approved nursing program and may do any of the following:
1. Grant licensure, if the program's approval was reinstated during the applicant's period of enrollment and the program provides evidence that the applicant completed a curriculum equivalent to that of a Board-approved nursing program;
  2. By order, require successful completion of remedial education while enrolled in a Board approved nursing program which may include clinical experiences, before granting licensure; or
  3. Return or deny the application if the education was not equivalent and no remediation is possible.

## CHAPTER 19. BOARD OF NURSING

- c. One of the following:
  - i. Completion of a pre-licensure nursing program that has been assigned a nursing program code by the National Council of State Boards of Nursing (NCSBN) at the time of program completion and the program meets educational standards substantially comparable to Board standards for educational programs in Article 2;
  - ii. If the applicant completed a pre-licensure nursing program that has been assigned a program code by the NCSBN but the program's approval was rescinded under A.R.S. § 32-1606(B)(8) or removed from the list of approved programs under A.R.S. § 32-1644(D) or R4-19-212 during the applicant's enrollment in the program, proof of completion of the program and completion of any remedial education required by the Board to mitigate the deficiencies in the applicant's initial nursing program;
  - iii. If the applicant graduated from a U.S. nursing program before 1986 and the applicant was issued an initial license in another state or territory of the United States without being required to obtain additional education or experience, proof both of program completion and initial licensure without additional educational or experiential requirements;
  - iv. If the applicant graduated from an international nursing program, proof of meeting the requirements in R4-19-301.
  - v. If the Board finds that the documentation submitted by the applicant does not fulfill one of the requirements in (B)(2)(b)(i) through (iv), but the applicant has submitted verified employer evaluations demonstrating applicant's safe practice as a registered or practical nurse in another state for a minimum of two years full-time during the past three years and applicant otherwise meets licensure requirements, the Board may grant a single-state only license if the Board determines that licensure is in the best interest of the public.

- C. The Board shall grant a license to practice as a registered or practical nurse to any applicant who meets the criteria established in statute and this Article. An applicant who is denied a license by endorsement may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the license. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10.

  2. An applicant is seeking a license by examination, meets the requirements of R4-19-312(D), and the Board receives the applicant's fingerprint card or fingerprints; or
  3. An applicant is seeking a license by endorsement, meets the requirements in R4-19-312(B), and the applicant submits evidence that the applicant has a current license in good standing in another state or territory of the United States or, if no current license, a previous license in good standing that was not the subject of an investigation or pending discipline; or
  4. An applicant who does not meet the practice requirements in R4-19-312(B) or (D), but provides evidence that the applicant has applied for enrollment in a refresher or other competency program approved by the Board, may practice nursing under a temporary license during the clinical portion of the program only.
- B. An applicant who has a criminal history, a history of disciplinary action by a regulatory agency, a pending complaint before the Board, or answers affirmatively to any criminal background or disciplinary question in the application is not eligible for a temporary license or extension of a temporary license without Board approval.

- C. A temporary license is valid for a maximum of 12 months unless extended for good cause under subsection (D) of this Section.
- D. An applicant with a temporary license may apply for and the Board, the Executive Director or the Executive Director's designee may grant an extension of the temporary license period for good cause. Good cause means reasons beyond the control of the temporary licensee, such as unavoidable delays in obtaining information required for licensure.
- E. An applicant who receives a temporary license but does not meet the criteria for a regular license within the established period under subsections (C) and (D) is no longer eligible for a temporary license except for the purpose of completing a refresher or other competency program under subsection (A)(4) of this Section.

Amended by final rulemaking at 18 A.A.R. 2485, effective September 11, 2012 (Supp. 12-3). Amended by final rulemaking at 19 A.A.R. 2852, effective September 11, 2013 (Supp. 13-3).

**R4-19-312. Practice Requirement**

- A. The Board shall not issue a license or renew the license of an applicant who does not meet the applicable requirements in subsections (B), (C), and (D).
- B. An applicant for licensure by endorsement or renewal shall either have completed a post-licensure nursing program or practiced nursing at the applicable level of licensure for a minimum of 960 hours in the five years before the date on which the application is received. This requirement is satisfied if the applicant verifies that the applicant has:
  1. Completed a post-licensure nursing education program at a school that is accredited under R4-19-201(A) and obtained a degree, or an advanced practice certificate in nursing within the past five years; or
  2. Practiced for a minimum of 960 hours within the past five years where the nurse:
    - a. Worked for compensation or as a volunteer, as a licensed nurse in the United States or an international jurisdiction, and performed one or more acts under A.R.S. § 32-1601(21) as an RN if applying for RN renewal or licensure or A.R.S. § 32-1601(17) as an LPN if applying for LPN renewal or licensure; or
    - b. Held a position for compensation or as a volunteer in the United States or an international jurisdiction that required or recommended, in the job description, the level of licensure being sought or renewed; or
    - c. Engaged in clinical practice as part of an RN-to-Bachelor of Science in Nursing, Masters, Doctoral or Nurse Practitioner program.
- C. Care of family members does not meet the requirements of subsection (B)(2) unless the applicant submits evidence:
  1. That the applicant is providing care as part of a medical foster home; or

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

2. That the specific care provided by the applicant was:
  - a. Ordered by another health care provider who is authorized to prescribe and was responsible for the care of the patient,
  - b. The type of care would typically be authorized by a third-party payer, and
  - c. The care was documented and reviewed by the health care provider.
- D. An applicant for licensure by either examination or endorsement, who does not meet the requirements of subsection (B), shall have completed the clinical portion of a pre-licensure nursing program within two years of the date of licensure.
- E. A licensee or applicant who fails to satisfy the requirements of subsection (B) or (D), shall submit evidence of satisfactory completion of a Board-approved refresher or competency program. The Board may issue a temporary license stamped "for refresher course only" to any applicant who meets all requirements of this Article except subsection (B) or (D) and provides evidence of applying for enrollment in a Board-approved refresher or competency program.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 792, effective April 3, 2004 (Supp. 04-1). Pursuant to authority of A.R.S. § 41-1011(C), Laws 2012, Ch. 152, § 1, provides for A.R.S. references to be corrected to reflect the renumbering of definitions. Therefore the A.R.S. citations in subsection (B)(2)(a) were updated. Agency request filed July 12, 2012, Office File No. M12-242 (Supp. 12-3). Section references updated under subsection (B)(2)(a) under Laws 2015, Ch. 262, effective July 1, 2016 (Laws 2015, Ch. 262, § 23) at file number R16-186 (Supp. 16-3). Amended by final rulemaking at 23 A.A.R. 1420, effective July 1, 2017 (Supp. 17-2).

**R4-19-313. Background**

- A. All applicants convicted of a sexual offense involving a minor or performing a sexual act against the will of another person shall be subject to a Board order under A.R.S. § 32-1664(F) and R4-19-405 unless the individual is precluded from licensure under A.R.S. § 32-1606(B)(17). If the evaluation identifies sexual behaviors of a predatory nature, the Board shall deny licensure or renewal of licensure.
- B. All individuals reporting a substance use disorder in the last five years may be subject to a Board order for an evaluation under A.R.S. § 32-1664(F) and R4-19-405 to determine safety to practice.
- C. The Board may order the evaluation of other individuals on a case-by-case basis under A.R.S. § 32-1664(F) and R4-19-405.

**Historical Note**

New Section made by final rulemaking at 19 A.A.R. 1308, effective July 6, 2013 (Supp. 13-2).

**ARTICLE 4. REGULATION****R4-19-401. Standards Related to Licensed Practical Nurse Scope of Practice**

- A. A licensed practical nurse shall engage in practical nursing as defined in A.R.S. § 32-1601 only under the supervision of a registered nurse or licensed physician.
- B. A LPN's nursing practice is limited to those activities for which the LPN has been prepared through basic practical nursing education in accordance with A.R.S. § 32-1637(1) and those additional skills that are obtained through subsequent

nursing education and within the scope of practice of a LPN as determined by the Board.

**C. A LPN shall:**

1. Practice within the legal boundaries of practical nursing within the scope of practice authorized by A.R.S. Title 32, Chapter 15 and 4 A.A.C. 19;
2. Demonstrate honesty and integrity;
3. Base nursing decisions on nursing knowledge and skills, the needs of clients, and licensed practical nursing standards;
4. Accept responsibility for individual nursing actions, decisions, and behavior in the course of practical nursing practice.
5. Maintain competence through ongoing learning and application of knowledge in practical nursing practice.
6. Protect confidential information unless obligated by law to disclose the information;
7. Report unprofessional conduct, as defined in A.R.S. § 32-1601(24) and further specified in R4-19-403 and R4-19-814, to the Board;
8. Respect a client's rights, concerns, decisions, and dignity;
9. Maintain professional boundaries; and
10. Respect a client's property and the property of others.

**D. In participating in the nursing process and implementing client care across the lifespan, a LPN shall:**

1. Contribute to the assessment of the health status of clients by:
  - a. Recognizing client characteristics that may affect the client's health status;
  - b. Gathering and recording assessment data;
  - c. Demonstrating attentiveness by observing, monitoring, and reporting signs, symptoms, and changes in client condition in an ongoing manner to the supervising registered nurse or physician;
2. Contribute to the development and modification of the plan of care by:
  - a. Planning episodic nursing care for a client whose condition is stable or predictable;
  - b. Assisting the registered nurse or supervising physician in identification of client needs and goals; and
  - c. Determining priorities of care together with the supervising registered nurse or physician;
3. Implement aspects of a client's care consistent with the LPN scope of practice in a timely and accurate manner including:
  - a. Following nurse and physician orders and seeking clarification of orders when needed;
  - b. Administering treatments, medications, and procedures;
  - c. Attending to client and family concerns or requests;
  - d. Providing health information to clients as directed by the supervising RN or physician or according to an established educational plan;
  - e. Promoting a safe client environment;
  - f. Communicating relevant and timely client information with other health team members regarding:
    - i. Client status and progress,
    - ii. Client response or lack of response to therapies,
    - iii. Significant changes in client condition, and
    - iv. Client needs and special requests, and
  - g. Documenting the nursing care the LPN provided;
4. Contribute to evaluation of the plan of care by:
  - a. Gathering, observing, recording, and communicating client responses to nursing interventions; and

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- b. Modifying the plan of care in collaboration with a registered nurse based on an analysis of client responses.
- E. A LPN assigns and delegates nursing activities. The LPN shall:
1. Assign nursing care within the LPN scope of practice to other LPNs;
  2. Delegate nursing tasks to unlicensed assistive personnel (UAPs). In maintaining accountability for the delegation, the LPN shall ensure that the:
    - a. UAP has the education, legal authority, and demonstrated competency to perform the delegated task;
    - b. Tasks delegated are consistent with the UAP's job description and can be safely performed according to clear, exact, and unchanging directions;
    - c. Results of the task are reasonably predictable;
    - d. Task does not require assessment, interpretation, or independent decision making during its performance or at completion;
    - e. Selected client and circumstances of the delegation are such that delegation of the task poses minimal risk to the client and the consequences of performing the task improperly are not life-threatening;
    - f. LPN provides clear directions and guidelines regarding the delegated task or, for routine tasks on stable clients, verifies that the UAP follows each written facility policy or procedure when performing the delegated task;
    - g. LPN provides supervision and feedback to the UAP; and
    - h. LPN observes and communicates the outcomes of the delegated task.

  9. Maintain professional boundaries;
  10. Respect a client's property and the property of others; and
  11. Advocate on behalf of a client to promote the client's best interest.
- C. In utilizing the nursing process to plan and implement nursing care for clients across the life-span, a RN shall:
1. Conduct a nursing assessment of a client in which the nurse:
    - a. Recognizes client characteristics that may affect the client's health status;
    - b. Gathers or reviews comprehensive subjective and objective data and detects changes or missing information;
    - c. Applies nursing knowledge in the integration of the biological, psychological, and social aspects of the client's condition; and
    - d. Demonstrates attentiveness by providing ongoing client surveillance and monitoring;
  2. Use critical thinking and nursing judgment to analyze client assessment data to:
    - a. Make independent nursing decisions and formulate nursing diagnoses; and
    - b. Determine the clinical implications of client signs, symptoms, and changes, as either expected, unexpected, or emergent situations;
  3. Based on assessment and analysis of client data, plan strategies of nursing care and nursing interventions in which the nurse:
    - a. Identifies client needs and goals;
    - b. Formulates strategies to meet identified client needs and goals;
    - c. Modifies defined strategies to be consistent with the client's overall health care plan; and
    - d. Prioritizes strategies based on client needs and goals;
  4. Provide nursing care within the RN scope of practice in which the nurse:
    - a. Administers prescribed aspects of care including treatments, therapies, and medications;
    - b. Clarifies health care provider orders when needed;
    - c. Implements independent nursing activities consistent with the RN scope of practice;
    - d. Institutes preventive measures to protect client, others, and self;
    - e. Intervenes on behalf of a client when problems are identified;
    - f. Promotes a safe client environment;
    - g. Attends to client concerns or requests;
    - h. Communicates client information to health team members including:
      - i. Client concerns and special needs;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- ii. Client status and progress;
  - iii. Client response or lack of response to interventions; and
  - iv. Significant changes in client condition; and
- 5. Evaluate the impact of nursing care including the:
  - a. Client's response to interventions;
  - b. Need for alternative interventions;
  - c. Need to communicate and consult with other health team members; and
  - d. Need to revise the plan of care;
- 6. Provide comprehensive nursing and health care education in which the RN:
  - a. Assesses and analyzes educational needs of learners;
  - b. Plans educational programs based on learning needs and teaching-learning principles;
  - c. Ensures implementation of an educational plan either directly or by delegating selected aspects of the education to other qualified persons; and
  - d. Evaluates the education to meet the identified goals;
- D.** A RN assigns and delegates nursing activities. The RN shall:
  - 1. Assign nursing care within the RN scope of practice to other RNs;
  - 2. Assign nursing care to a LPN within the LPN scope of practice based on the RN's assessment of the client and the LPN's ability;
  - 3. Supervise, monitor, and evaluate the care assigned to a LPN; and
  - 4. Delegate nursing tasks to UAPs. In maintaining accountability for the delegation, an RN shall ensure that the:
    - a. UAP has the education, legal authority, and demonstrated competency to perform the delegated task;
    - b. Tasks delegated are consistent with the UAP's job description and can be safely performed according to clear, exact, and unchanging directions;
    - c. Results of the task are reasonably predictable;
    - d. Task does not require assessment, interpretation, or independent decision making during its performance or at completion;
    - e. Selected client and circumstances of the delegation are such that delegation of the task poses minimal risk to the client and the consequences of performing the task improperly are not life-threatening;
    - f. RN provides clear directions and guidelines regarding the delegated task or, for routine tasks on stable clients, verifies that the UAP follows each written facility policy or procedure when performing the delegated task;
    - g. RN provides supervision and feedback to the UAP; and
    - h. RN observes and communicates the outcomes of the delegated task.

**R4-19-403. Unprofessional Conduct**

For purposes of A.R.S. § 32-1601(24)(d), any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public includes one or more of the following:

1. A pattern of failure to maintain minimum standards of acceptable and prevailing nursing practice;
2. Intentionally or negligently causing physical or emotional injury;
3. Failing to maintain professional boundaries or engaging in a dual relationship with a patient, resident, or any family member of a patient or resident;
4. Engaging in sexual conduct with a patient, resident, or any family member of a patient or resident who does not have a pre-existing relationship with the nurse, or any conduct in the work place that a reasonable person would interpret as sexual;
5. Abandoning or neglecting a patient who requires immediate nursing care without making reasonable arrangement for continuation of care;
6. Removing a patient's life support system without appropriate medical or legal authorization;
7. Failing to maintain for a patient record that accurately reflects the nursing assessment, care, treatment, and other nursing services provided to the patient;
8. Falsifying or making a materially incorrect, inconsistent, or unintelligible entry in any record:
  - a. Regarding a patient, health care facility, school, institution, or other work place location; or
  - b. Pertaining to obtaining, possessing, or administering any controlled substance as defined in the federal Uniform Controlled Substances Act, 21 U.S.C. 801 et seq., or Arizona's Uniform Controlled Substances Act, A.R.S. Title 36, Chapter 27;
9. Failing to take appropriate action to safeguard a patient's welfare or follow policies and procedures of the nurse's employer designed to safeguard the patient;
10. Failing to take action in a health care setting to protect a patient whose safety or welfare is at risk from incompetent health care practice, or to report the incompetent health care practice to employment or licensing authorities;
11. Failing to report to the Board a licensed nurse whose work history includes conduct, or a pattern of conduct, that leads to or may lead to an adverse patient outcome;
12. Assuming patient care responsibilities that the nurse lacks the education to perform, for which the nurse has failed to maintain nursing competence, or that are outside the scope of practice of the nurse;
13. Failing to supervise a person to whom nursing functions are delegated;
14. Delegating services that require nursing judgment to an unauthorized person;
15. Removing, without authorization, any money, property, or personal possessions, or requesting payment for services not performed from a patient, employer, co-worker, or member of the public.
16. Removing, without authorization, a narcotic, drug, controlled substance, supply, equipment, or medical record

- from any health care facility, school, institution, or other work place location;
17. A pattern of using or being under the influence of alcohol, drugs, or a similar substance to the extent that judgment may be impaired and nursing practice detrimentally affected, or while on duty in any health care facility, school, institution, or other work location;
  18. Obtaining, possessing, administering, or using any narcotic, controlled substance, or illegal drug in violation of any federal or state criminal law, or in violation of the policy of any health care facility, school, institution, or other work location at which the nurse practices;
  19. Providing or administering any controlled substance or prescription-only drug for other than accepted therapeutic or research purposes;
  20. Engaging in fraud, misrepresentation, or deceit in taking a licensing examination or on an initial or renewal application for a license or certificate;
  21. Impersonating a nurse licensed or certified under this Chapter;
  22. Permitting or allowing another person to use the nurse's license for any purpose;
  23. Advertising the practice of nursing with untruthful or misleading statements;
  24. Practicing nursing without a current license or while the license is suspended, or practicing as a nurse practitioner without current national certification, if required pursuant to R4-19-505;
  25. Failing to:
    - a. Furnish in writing a full and complete explanation of a matter reported pursuant to A.R.S. § 32-1664, or
    - b. Respond to a subpoena issued by the Board;
  26. Making a written false or inaccurate statement to the Board or the Board's designee in the course of an investigation;
  27. Making a false or misleading statement on a nursing or health care related employment or credential application concerning previous employment, employment experience, education, or credentials;
  28. If a licensee or applicant is charged with a felony or a misdemeanor involving conduct that may affect patient safety, failing to notify the Board in writing, as required under A.R.S. § 32-3208, within 10 days of being charged. The licensee or applicant shall include the following in the notification:
    - a. Name, address, telephone number, social security number, and license number, if applicable;
    - b. Date of the charge; and
    - c. Nature of the offense;
  29. Failing to notify the Board, in writing, of a conviction for a felony or an undesignated offense within 10 days of the conviction. The nurse or applicant shall include the following in the notification:
    - a. Name, address, telephone number, social security number, and license number, if applicable;
    - b. Date of the conviction; and
    - c. Nature of the offense;
  30. For a registered nurse granted prescribing privileges, any act prohibited under R4-19-511(D); or
  31. Practicing in any other manner that gives the Board reasonable cause to believe the health of a patient or the public may be harmed.

Amended by final rulemaking at 25 A.A.R. 919, effective June 3, 2019 (Supp. 19-2).

**R4-19-404. Re-issuance or Subsequent Issuance of License**

- A. The Board may restore a license to a nurse whose license has been suspended after the period of suspension if the licensee provides written evidence that all requirements or conditions prescribed or ordered in the consent agreement or Board order for suspension have been met to the satisfaction of the Board. The Board may place conditions or limitations on the restored license. The license of a nurse who fails to provide such evidence of fulfilling the requirements or conditions prescribed by the Board shall remain on suspended status until such submission and acceptance by the Board.
- B. A person whose nursing license is denied, revoked, or voluntarily surrendered under A.R.S. § 32-1663 may apply to the Board to issue or re-issue the license:
  1. Five years from the date of denial or revocation, or
  2. In accordance with the terms of a voluntary surrender agreement.
- C. A person who applies for issuance or re-issuance of a license under the conditions of subsection (B) is subject to the following terms and conditions:
  1. The person shall submit a written application for issuance or re-issuance of the license that contains substantial evidence that the basis for surrendering, denying, or revoking the license has been removed and that the issuance or re-issuance of the license will not be a threat to public health or safety.
  2. Safe practice.
    - a. Under A.R.S. § 32-1664(F), the Board for reasonable cause may require a combination of mental, physical, nursing competency, psychological, or psychiatric evaluations, or any combination of evaluations, reports, and affidavits that the Board considers necessary to determine the person's competence and conduct to safely practice nursing.
    - b. Under A.R.S. 32-1664(K) the Board may issue subpoenas and compel the attendance of witnesses and the production of records and documentary evidence relevant to the person's ability to safely practice nursing.

## CHAPTER 19. BOARD OF NURSING

3. After receipt of the application, the information required under subsection (C)(2), and the completion of an investigation, the Board shall place the application on the agenda of a regularly scheduled Board meeting.
4. After consideration of the application and any information required under subsection (C)(2), the Board may:
  - a. Grant the license with or without conditions or limitations;
  - b. If other licensure requirements have been met, grant, with or without conditions, a temporary license for the sole purpose of allowing the applicant to successfully complete an approved nurse refresher course; or
  - c. Deny the license if the Board determines that licensure might be harmful or dangerous to the health of a patient or the public.
5. If the Board orders a refresher course described in subsection (C)(4)(b) the Board shall consider the applicant's performance in the approved refresher course and any other evidence, if available, of the applicant's safety to practice, and either deny the license under subsection (C)(4)(c) or grant the license with or without conditions or limitations.
6. An applicant who is denied issuance or re-issuance of a license shall have 30 days from the date of issuance of the notice of denial from the Board to file a written request for hearing with the Board. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

**R4-19-405. Board-ordered Evaluations**

- A. Under A.R.S. § 32-1664(F), the Board may order a licensee or CNA certificate-holder to undergo an evaluation by an independent qualified evaluator for the purposes of determining the licensee's or certificate holder's safety and competence to practice. Evaluations may be in the areas of:
  1. Nursing knowledge or skills or both;
  2. Mental functioning, including but not limited to neuropsychological evaluation, and other cognition evaluations;
  3. Medical status including but not limited to medical review of drug screen results, chronic pain evaluation, physical examination, and biological testing;
  4. Psychiatric or psychological status including but not limited to substance abuse evaluation, boundary or sexual misconduct evaluations, and psychological testing; or
  5. Other similar evaluations that the Board determines are necessary to evaluate a licensee or certificate holder's ability to safely practice.
- B. Before making the decision to order the evaluation, the Board shall review the allegations and investigative findings.
- C. The Board retains the discretion to use an evaluator based on the evaluator's licensure history, the Board's past experience with the evaluator, and the quality of the evaluation provided. Before conducting a Board-ordered evaluation, a potential evaluator shall submit documentation that the evaluator:
  1. Possesses expertise and educational credentials in the area that the Board has ordered an evaluation;
  2. Holds a license or certificate in good standing with a licensing or certifying board located in the United States and discloses any past licensure disciplinary actions and criminal history;
  3. Will provide equipment and environmental conditions necessary to conduct a valid evaluation;
  4. Has no current or past treatment, collegial, or social relationship with the licensee or certificate holder, any family member of the licensee or certificate holder, or the licensee's or certificate holder's legal counsel;
  5. Will not enter into a treatment relationship with the licensee or certificate holder unless the relationship is unavoidable due to geographical location or the specific expertise of the evaluator; and
  6. Agrees to keep information provided by the Board under subsection (D) confidential as evidenced by a signed confidentiality agreement provided by the Board.

- D. Upon receipt of the evaluator's signed confidentiality agreement, the Board may provide confidential investigative information and documents to the evaluator for the purpose of disclosing the reason for the evaluation, the focus of the evaluation, and the conduct causing the Board to order the evaluation including:
  1. The complaint and all information that has been received during the investigation of the complaint. Documents may include but are not limited to employment records, medical records, arrest records, conviction and sentencing records, excluding FBI fingerprint results, drug screen results, pharmacy profiles, witness statements, past licensure history, and a summary of information obtained during investigative interviews; and
  2. The specific questions for which the Board is seeking answers; and
- E. The evaluator shall provide the following information to the Board:
  1. A professional report that is objective, thorough, timely, accurate, and defensible;
  2. Evaluation findings including diagnosis if appropriate and assessment of ability to practice safely;
  3. Recommendations for further evaluation, treatment, and remediation; and
  4. Suggestions for assuring safe practice and compliance with treatment and remediation recommendations, if any.

**Historical Note**

Adopted effective February 20, 1980 (Supp. 80-1). Former Section R4-19-46 renumbered and amended as Section R4-19-405 effective February 21, 1986 (Supp. 86-1). Repealed effective July 19, 1995 (Supp. 95-3). New Section made by final rulemaking at 14 A.A.R. 4621, effective January 31, 2009 (Supp. 08-4).

**ARTICLE 5. ADVANCED PRACTICE REGISTERED NURSING****R4-19-501. Roles and Population Foci of Advanced Practice Registered Nursing (APRN); Certification Programs**

- A. The Board recognizes the following APRN roles:
  1. Registered nurse practitioner (RNP) in a population focus;
  2. Clinical Nurse Specialist (CNS) in a population focus;
  3. Certified Registered Nurse Anesthetist (CRNA);
  4. Certified Nurse Midwife (CNM).

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- B.** RNPs and CNSs shall practice within one or more population foci, consistent with their education and certification. Population foci include:
1. Family-individual across the life span;
  2. Adult-gerontology primary or acute care;
  3. Neonatal;
  4. Pediatric primary or acute care;
  5. Women's health-gender related;
  6. Psychiatric-mental health;
  7. Other foci that have been recognized by the Board previously and new foci that meet the following conditions:
    - a. There is an accredited educational program and a national certifying process that meets the requirements of subsection (C); and
    - b. The focus is broad enough for an educational program to be developed that prepares a registered nurse to function both within the scope of practice of the role and population focus.
- C.** Certified Nurse Midwives shall practice within a population focus consistent with their education, specifically women's health gender-related care, including childbirth and neonatal care.
- D.** The Board shall accept advanced practice certifications from programs that meet the following qualifications:
1. The certification program:
    - a. Is accredited by the National Commission for Certifying Agencies, the Accreditation Board for Specialty Nursing Certification, or an equivalent organization as determined by the Board;
    - b. Establishes educational requirements for certification that are consistent with the requirements in R4-19-505;
    - c. Has an application process and credential review that requires an applicant to submit original source documentation of the applicant's education and clinical practice in the advanced practice role and population focus, if applicable, for which certification is granted; and
    - d. Is national in the scope of its credentialing.
  2. The certification program uses an examination as a basis for certification in the advanced practice role and population focus, as applicable that meets all of the following criteria:
    - a. The examination is based upon job analysis studies conducted using standard methodologies acceptable to the testing community both initially and every five years;
    - b. The examination assesses entry-level practice in the advanced practice role and population focus, if applicable;
    - c. The examination assesses the knowledge, skills, and abilities essential for the delivery of safe and effective advanced nursing care to clients;
    - d. Examination items are reviewed for content validity, cultural sensitivity, and correct scoring using an established mechanism, both before first use and periodically; items are reviewed for currency at least every three years;
    - e. The examination is evaluated for psychometric performance and conforms to psychometric standards that are routinely utilized for other types of high-stakes testing;
    - f. The passing standard is established using accepted psychometric methods and is re-evaluated periodically;
    - g. Examination security is maintained through established procedures;
    - h. A re-take policy is in place; and
    - i. Conditions for taking the certification examination are consistent with standards of the testing community;
  3. Certification is issued upon passing the examination and meeting all other certification requirements;
  4. The certification program periodically provides for re-certification that includes review of qualifications and continued competence;
  5. The certification program provides timely communication to the Board regarding licensee or applicant certification status, changes in an individual's certification status, exam results and changes in the certification program, including qualifications, test plan, and scope of practice; and
  6. The certification program has an evaluation process to provide quality assurance in its certificate program.
- E.** The Board shall determine whether a certification program meets the requirements of this Section. The following certification programs meet the requirements of this Section as of the effective date of this rulemaking:
1. For RNP, and CNM (consistent with R4-19-501(C) and (D)):
    - a. American Academy of Nurse Practitioner certification programs:
      - i. Adult nurse practitioner,
      - ii. Family nurse practitioner,
      - iii. Gerontologic nurse practitioner,
      - iv. Adult health-gerontological nurse practitioner.
    - b. American Nurses Credentialing Center certification programs:
      - i. Acute care nurse practitioner (adult/gerontology),
      - ii. Adult nurse practitioner,
      - iii. Family nurse practitioner,
      - iv. Gerontological nurse practitioner,
      - v. Pediatric nurse practitioner,
      - vi. Adult psychiatric and mental health nurse practitioner,
      - vii. Family psychiatric and mental health nurse practitioner,
      - viii. Adult health-gerontological nurse practitioner,
    - c. Pediatric Nursing Certification Board certification programs:
      - i. Pediatric nurse practitioner primary care,
      - ii. Pediatric nurse practitioner acute care,
    - d. National Certification Corporation for Obstetric, Gynecological, and Neonatal Nursing Specialties certification programs:
      - i. Women's health nurse practitioner,
      - ii. Neonatal nurse practitioner,
    - e. For a nurse-midwife, the American Midwifery Certification Board certification program in nurse midwifery,
    - f. AACN Certification Corporation certification programs:
      - i. Adult acute care nurse practitioner,
      - ii. Adult-gerontology acute care nurse practitioner,

2. For CNS:
    - a. AACN Certification Corporation certification programs:
      - i. Adult acute and critical care CNS,
      - ii. Pediatric acute and critical care CNS,
      - iii. Neonatal acute and critical care CNS,
    - b. American Nurses Credentialing Center certification:
      - i. Adult psychiatric-mental health CNS,
      - ii. Family psychiatric-mental health CNS,
      - iii. Gerontological CNS,
      - iv. Adult health CNS,
      - v. Pediatric CNS.
  3. For CRNA, the National Board of Certification and Recertification for Nurse Anesthetists.
- F.** The Board shall approve a certification program that meets the criteria established in this Section. An entity that seeks approval of a certification program and is denied approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10.

- R4-19-502. Requirements for APRN Programs**
- A.** An educational institution or other entity that offers an APRN program in this state for RNP, CNM, or CNS roles shall ensure that the program:
1. Is offered by or affiliated with a college or university that is accredited under A.R.S. § 32-1644;
  2. For new programs, the college or university offering the program has at least one additional nationally accredited nursing program as defined in R4-19-101 or otherwise provides substantial evidence of the ability to attain national APRN program accreditation for all graduating cohorts;
  3. Is a formal educational program, that is part of a masters or doctoral program or a post-masters program in nursing with a concentration in an advanced practice registered nursing role and population focus under R4-19-501;
  4. Is nationally accredited, or has achieved candidacy status for national accreditation by an approved national nursing accrediting agency as defined in R4-19-101;
  5. Offers a curriculum that covers the scope of practice for both the role of advanced practice as specified in A.R.S. § 32-1601 and the population focus including:
    - a. Three separate graduate level courses in:
      - i. Advanced physiology and pathophysiology, including general principles across the lifespan;
      - ii. Advanced health assessment, which includes assessment of all human systems, advanced assessment techniques, concepts and approaches;
    - iii. Advanced pharmacology, which includes pharmacodynamics, pharmacokinetics and pharmacotherapeutics of all broad category agents;
  - b. Diagnosis and management of diseases across practice settings including diseases representative of all systems;
  - c. Preparation that provides a basic understanding of the principles for decision making in the identified role;
  - d. Preparation in the core competencies for the identified APRN role including legal, ethical and professional responsibilities; and
  - e. Role preparation in an identified population focus under R4-19-501.
6. Verifies that each student has an unencumbered license to practice as an RN in the state of clinical practice;
7. Includes a minimum of 500 hours of faculty supervised clinical practice (programs that prepare students for more than one role or population focus shall have 500 hours of clinical practice in each role and population focus);
8. Notifies the Board of any changes in hours of clinical practice, accreditation status, denial or deferral of accreditation or program administrator and responds to Board requests for information;
9. Has financial resources sufficient to support accreditation standards and the educational goals of the program;
10. Establishes academic, professional, and conduct standards that determine admission to the program, progression in the program, and graduation from the program that are consistent with sound educational practices and recognized standards of professional conduct;
11. Establishes provisions for advanced placement for individuals holding a graduate degree in nursing who are seeking education in an APRN role and population focus, provided that advanced placement students master the same APRN competencies as students in the graduate-level APRN program; and
12. Provides the Board an application for approval under the provisions of R4-19-209(B) before making changes to the:
  - a. Scope of the program, or
  - b. Level of educational preparation provided.
- B.** A CNS, CNM, or RNP program shall appoint the following personnel:
1. An APRN program administrator who:
    - a. Holds a current unencumbered RN license or multi-state privilege to practice in Arizona and a current unencumbered APRN certificate issued by the Board;
    - b. Holds an earned doctorate in nursing or health-related field if appointed after the effective date of this Section;
    - c. Has at least two years clinical experience as an APRN; and
    - d. Holds current national certification as an APRN.
  2. A lead faculty member who is educated and certified both nationally and by the Board in the same role and population focus to coordinate the educational component for the role and population focus in the advanced practice registered nursing program.

## CHAPTER 19. BOARD OF NURSING

3. Nursing faculty to teach any APRN course that includes a clinical learning experience who have the following qualifications:
  - a. A current unencumbered RN license or multi-state privilege to practice registered nursing in Arizona,
  - b. A current unencumbered Arizona APRN certificate,
  - c. A graduate degree in nursing or a health related field in the population focus,
  - d. Two years of APRN clinical experience, and
  - e. Current knowledge, competence and certification as an APRN in the role and population focus consistent with teaching responsibilities.
4. Adjunct or part-time clinical faculty employed solely to supervise clinical nursing experiences shall meet all of the faculty qualifications for the APRN program they are teaching.
5. Interdisciplinary faculty who teach non-clinical courses shall have advanced preparation in the areas of course content.
6. Clinical preceptors may be used to enhance faculty-directed clinical learning experiences, but not to replace faculty. A clinical preceptor shall be approved by program administration or faculty and:
  - a. Hold a current unencumbered license or multistate privilege to practice as a registered nurse or physician in the state in which the preceptor practices or, if employed by the federal government, holds a current unencumbered RN or physician license in the United States;
  - b. Have at least one year clinical experience as a physician or an advanced practice nurse
  - c. Practice in a population focus comparable to that of the APRN program;
  - d. For nurse preceptors, have at least one of the following:
    - i. Current national certification in the advanced practice role and population focus of the course or program in which the student is enrolled;
    - ii. Current Board certification in the advanced practice role and population focus of the course or program in which the student is enrolled; or
    - iii. If an advanced practice preceptor cannot be found who meets the requirements of subsection (B)(6)(d)(i) or (ii), educational and experiential qualifications that will enable the preceptor to precept students in the program, as determined by the nursing program and approved by the Board.
- C. An entity that offers a CRNA program in Arizona shall maintain full national program accreditation with no limitations from the Council on Accreditation of Nurse Anesthesia Educational Programs or an equivalent agency approved by the Board. The program shall notify the Board of all program accreditation actions within 30 days of official notification by the accrediting agency.

**R4-19-503. Application for Approval of an Advanced Practice Registered Nursing Program; Approval by Board; Provisional Approval by Executive Director**

- A. An administrator of an educational institution that proposes to offer a CNS, CNM, or RNP program shall submit an application that includes all of the following information to the Board:
  1. Role, population focus that meets the criteria in R4-19-501 program administrator and lead faculty member as required in R4-19-502(B);
  2. Name, address, and evidence verifying institutional accreditation status of the affiliated educational institution and program accreditation status of current nursing programs offered by the educational institution;
  3. The mission, goals, and objectives of the program consistent with generally accepted standards for advanced practice education in the role and population focus of the program;
  4. List of the required courses, and a description, measurable objectives, and content outline for each required course consistent with curricular requirements in R4-19-502;
  5. A proposed time schedule for implementation of the program and attaining national accreditation;
  6. The total hours allotted for both didactic instruction and supervised clinical practicum in the program;
  7. A program proposal that provides evidence of sufficient financial resources, clinical opportunities and available faculty and preceptors for the proposed enrollment and planned expansion;
  8. A self-study that provides evidence of compliance with R4-19-502;
- B. An entity that wishes to offer a CRNA program shall submit evidence of current accreditation by the Council on Accreditation of Nurse Anesthesia Education Programs or an equivalent organization.
- C. The Board shall approve an advanced practice registered nursing program if approval is in the best interest of the public and the program meets the requirements of this Article. The Board may grant approval for a period of two years or less to an advanced practice nursing program where the program meets all the requirements of this Article except for accreditation by a national nursing accrediting agency, based on the program's presentation of evidence that it has applied for accreditation and meets accreditation standards.
- D. An educational institution or entity that is denied approval of an advanced practice registered nursing program may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying its application for approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- E. Approval of an advanced practice registered nursing program expires 12 months from the date of approval if a class of students is not admitted within that time.
- F. An advanced practice registered nursing program that has submitted an application according to this Section that meets the threshold requirements of the Nurse Practice Act, may receive

**R4-19-504. Notice of Deficiency; Unprofessional APRN Program Conduct**

- A.** The Board may periodically survey an advanced practice registered nursing program under its jurisdiction to determine whether criteria for approval are being met.
- B.** The Board shall, upon determining that an advanced practice registered nursing program is not in compliance with this Article, provide to the program administrator a written notice of deficiencies that establishes a reasonable time, based upon the number and severity of deficiencies, to correct the deficiencies. The time for correction may not exceed 18 months.
  1. The program administrator shall, within 30 days from the date of service of the notice of deficiencies, consult with the Board or designated Board representative and, after consultation, file a plan to correct each of the identified deficiencies.
  2. The program administrator may, within 30 days from the date of service of the notice of deficiencies, submit a written request for a hearing before the Board to appeal the Board's determination of deficiencies. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
  3. If the Board's determination is not appealed or is upheld upon appeal, the Board may conduct periodic evaluations of the program during the time of correction to determine whether the deficiencies have been corrected.
- C.** The Board shall, following a Board-conducted survey and report, rescind the approval or limit the ability of a program to admit students if the program fails to comply with R4-19-502 within the time set by the Board in the notice of deficiencies provided to the program administrator.
  1. The Board shall serve the program administrator with a written notice of proposed rescission of approval or limitation of admission of students that states the grounds for the rescission or limitation. The program administrator has 30 days to submit a written request for a hearing to show cause why approval should not be rescinded or admissions limited. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

2. Upon the effective date of a decision to rescind program approval, the affected advanced practice registered nursing program shall immediately cease operation and be removed from the official approved-status listing. An advanced practice registered nursing program that is ordered to cease operations shall assist currently enrolled students to transfer to an approved nursing program.
- D.** A disciplinary action, denial of approval, or notice of deficiency may be issued against an RNP or CNS nursing program for any of the following acts of unprofessional conduct:
  1. Failure to maintain minimum standards of acceptable and prevailing educational practice;
  2. For a program that was served with a notice of deficiencies within the preceding three years and timely corrected the noticed deficiencies, subsequent noncompliance with the standards in this Article;
  3. Utilization of students to meet staffing needs in health care facilities;
  4. Non-compliance with the program or parent institution mission or goals, program design, objectives, or policies;
  5. Failure to provide the variety and number of clinical learning opportunities necessary for students to achieve program outcomes or minimal competence;
  6. Student enrollments without adequate faculty, facilities, or clinical experiences;
  7. Ongoing or repetitive employment of unqualified faculty;
  8. Failure to comply with Board requirements within designated time-frames;
  9. Fraud or deceit in advertising, promoting or implementing a nursing program;
  10. Material misrepresentation of fact by the program in any advertisement, application or information submitted to the Board;
  11. Failure to allow Board staff to visit the program or conduct an investigation;
  12. Any other evidence that gives the Board reasonable cause to believe the program's conduct may be a threat to the safety and well-being of students, faculty or potential patients.

**Historical Note**

Former R4-19-504 renumbered to R4-19-505; new R4-19-504 made by final rulemaking at 11 A.A.R. 3804, effective November 12, 2005 (05-3). Amended by final rulemaking at 19 A.A.R. 1438, effective July 6, 2013 (Supp. 13-2). Amended by final rulemaking at 26 A.A.R. 3289, with an immediate effective date of December 2, 2020 (Supp. 20-4).

**R4-19-505. Requirements for Initial APRN Certification**

- A.** An applicant for certification as an advanced practice registered nurse, shall:
  1. Hold a current Arizona registered nurse (RN) license in good standing or an RN license in good standing from a compact party state with multistate privileges, and not be a participant in an alternative to discipline program in any jurisdiction; and
  2. Submit a verified application to the Board on a form provided by the Board that provides all of the following:
    - a. Full legal name and all former names used by the applicant;
    - b. Current address of record, including primary state of residence and telephone number;
    - c. Place and date of birth;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- d. RN license number, application for RN license, or copy of a multistate compact RN license;
  - e. Social security number for an applicant who lives or works in the United States;
  - f. Current e-mail address;
  - g. Educational background, including the name and location of basic nursing program, the institution that awarded the highest degree held and any and all advanced practice registered nursing education programs or schools attended including the number of years attended, the length of each program, the date of graduation or completion, and the type of degree or certificate awarded;
  - h. Role and population focus, as applicable for which the applicant is applying;
  - i. Current employer or practice setting, including address, position, and dates of service, if employed or practicing in nursing or health care;
  - j. Evidence of national certification or recertification as an advanced practice registered nurse in the role and population focus, if applicable, of the application and by a certification program that meets the requirements of R4-19-501(C). The applicant shall include the name of the certifying organization, population focus, certification number, date of certification, and expiration date;
  - k. For applicants holding a multistate compact RN license in a state other than Arizona:
    - i. State of original licensure and license number;
    - ii. State of current compact RN license, license number and expiration date;
    - iii. Date of taking RN licensure exam and name of exam;
    - iv. Whether the applicant ever submitted an application for and was granted an Arizona license and, if applicable, the date of Arizona licensure;
    - v. Other information related to the nurse's practice for the purpose of collecting nursing workforce data; and
    - vi. State of licensure and license number of all RN licenses held,
  - l. Responses regarding the applicant's background on the following subjects:
    - i. Current investigation or pending disciplinary action by a nursing regulatory agency in the United States or its territories;
    - ii. Undesignated offense and felony charges, convictions and plea agreements including deferred prosecution;
    - iii. Misdemeanor charges, convictions, and plea agreements, including deferred prosecution, that are required to be reported under A.R.S. § 32-3208;
    - iv. Actions taken on a nursing license by any other state;
    - v. Unprofessional conduct as defined in A.R.S. § 32-1601;
    - vi. Substance use disorder within the last five years;
    - vii. Current participation in an alternative to discipline program in any other state; and
  - m. Information that the applicant meets the criteria in R4-19-506(A) or (C).
3. Submit a fingerprint card on a form provided by the Board or prints if the applicant has not submitted fingerprints to the Board within the last two years.
  4. Submit an official transcript from an institution accredited under A.R.S. § 32-1644 either sent directly from the institution or obtained from a Board-approved database that provides evidence of:
    - a. A graduate degree with a major in nursing for RNP, CNM, and CNS Applicants, or
    - b. A graduate degree associated with a CRNA program for a CRNA applicant.
  5. The applicant shall cause the program to provide the Board with evidence of completion of an APRN program in the role and population focus of the application through submission of an official letter or other official program document sent either directly from the program, or from a Board-approved data base. The APRN program shall meet one of the following criteria during the period of the applicant's attendance in the program:
    - a. The program was part of a graduate degree, or postmasters program at an institution accredited under A.R.S. § 32-1644; or
    - b. The program was approved or recognized in the U.S jurisdiction of program location for the purpose granting APRN licensure or certification.
  6. For an applicant who completed an advanced practice or graduate program in a foreign jurisdiction, submit an evaluation from the Commission on Graduates of Foreign Nursing Schools or a Board-approved credential evaluation service that indicates the applicant's program is comparable to a U.S. graduate nursing or APRN program.
  7. Submit the required fee.
- B.** If the applicant satisfies all other requirements, the Board shall continue to certify:
1. An RNP or CNM without a graduate degree with a major in nursing if the applicant:
    - a. Meets all other requirements for certification; and
    - b. Ensures that the U.S. jurisdiction of an applicant's previous RNP or CNM licensure or certification submits evidence of the applicant's certification or licensure in the nurse practitioner role and population focus that either is current or was current at least six months before the application was received by the Board, and was originally issued:
      - i. Before January 1, 2001, if the RNP or CNM applicant lacks a graduate degree; or
      - ii. Before November 13, 2005 if the RNP's or CNM's graduate degree is in a health-related area other than nursing.
  2. An RNP, CNM, or CNS applicant without evidence of national certification who received initial advanced practice certification or licensure in another state not later than July 1, 2004 and provides evidence, directly from the jurisdiction, that the certification or licensure is current.
  3. A CNS applicant without evidence of completion of a CNS program who received initial certification or advanced practice licensure in this or another state not later than November 13, 2005 and provides evidence, directly from the jurisdiction, that the certificate or license is current.
  4. A CRNA who completed a CRNA program before the effective date of this Section without evidence of a graduate degree.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

5. A CNS applicant who completed a women's health clinical nurse specialist program that was part of a graduate degree in nursing program under subsection (A), without evidence of national certification upon submission of the following:
- A description of the applicant's scope of practice that is consistent with A.R.S. § 32-1601(7);
  - One of the following:
    - A letter from a faculty member who supervised the applicant during the graduate program attesting to the applicant's competence to practice within the defined scope of practice;
    - A letter from a current supervisor verifying the applicant's competence in the defined scope of practice; or
    - A letter from a physician, RNP, CNM, or CNS who has worked with the applicant within the past two years attesting to the applicant's competence in the defined scope of practice; and
  - A form verifying that the applicant has practiced a minimum of 500 hours in the population focus within the past two years, which may include clinical practice time in a CNS program.
- C. The Board shall issue a certificate to practice as an RNP, CNM, or CNS in a population focus, or as a registered nurse anesthetist, to a registered nurse who meets the criteria in this Section. An applicant who is denied a certificate may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying certification. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.

**Historical Note**

Adopted effective February 20, 1980 (Supp. 80-1). Former Section R4-19-56 repealed, new Section R4-19-56 adopted effective July 16, 1984 (Supp. 84-4). 2020 (Supp. 20-4).

**R4-19-506. Expiration of APRN Certificate; Practice Requirement; Renewal**

- A. An advanced practice certificate issued after July 1, 2004, expires when the certificate holder's RN license expires, or when national certification expires, whichever occurs first. Certificates issued on or before July 1, 2004, or those issued without proof of national certification under R4-19-505(B)(5) and (B)(2) do not expire unless the RN license expires under A.R.S. § 32-1642 or the nurse has not practiced advanced practice nursing at the applicable level of certification for a minimum of 960 hours in the five years before the date the application is received. This requirement is satisfied if the applicant verifies that the applicant has:
- Completed an advanced practice nursing education program within the past five years; or
  - Practiced for a minimum of 960 hours within the past five years where the nurse:
    - Worked for compensation or as a volunteer, as an APRN and performed one or more acts under A.R.S. § 32-1601(7) for a CNS, A.R.S. § 32-1601(20) for an RNP, A.R.S. § 32-1601(5) for a CNM, or A.R.S. § 32-1634.04 for a CRNA; or
    - Held a position for compensation or as a volunteer that required, preferred or recommended, in the job description, the level of advanced practice certification being sought or renewed.
- B. A registered nurse requesting renewal of an APRN certificate issued after July 1, 2004 shall provide evidence of current national certification or recertification under R4-19-505(A)(2)(j). This provision does not apply to a CNS granted a waiver of certification.
- C. An APRN who does not satisfy the practice requirement of subsection (A) shall complete coursework or continuing education activities at the graduate or advanced practice level that include, at minimum, 45 contact hours of advanced pharmacology and 45 contact hours in a subject or subjects related to the role and population focus of certification. Upon completion of the coursework, the nurse shall engage in a period of precepted clinical practice as specified in this subsection:
- Precepted clinical practice shall be directly supervised by an APRN in the same role and population focus as the certification being renewed or a physician who engages in practice with the same population focus as the certification being renewed.
  - Practice hours completed during the time-frame specified below may be applied to reduce the number of precepted clinical practice hours, except that in no case shall the hours be reduced by more than half the requirement. The nurse shall complete hours according to the following schedule:
    - 300 hours if the applicant has practiced less than 960 hours in only the last five years;
    - 600 hours if the applicant has not practiced 960 hours in the last five years, but has practiced at least 960 hours in the last six years;
    - 1000 hours if the applicant has not practiced at least 960 hours in the last six years, but has practiced 960 hours in the last seven to 10 years; or
    - If the nurse has not practiced 960 hours of advanced practice nursing in the role and population focus being renewed in more than 10 years, complete a program of study as recommended by an approved advanced practice nursing program that includes, at

minimum, 500 hours of faculty supervised clinical practice in the role and population focus of certification. An applicant who qualifies for any option in subsection (C)(2)(a) through (c) may complete the requirements of this subsection to satisfy the practice requirement.

- D. An applicant who, in addition to not meeting the requirements for continued APRN certification, does not meet the requirements for RN renewal, shall fulfill all RN renewal requirements before satisfying the requirements of this Section.
- E. The Board shall renew a certificate to practice as a registered nurse practitioner in a population focus, a clinical nurse specialist in a population focus, or a registered nurse anesthetist for a registered nurse who meets the criteria in this Section. An applicant who is denied renewal of a certificate may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying renewal of certification. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.

**R4-19-507. Temporary Advanced Practice Certificate; Temporary Prescribing and Dispensing Authority**

- A. Based on the registered nurse's qualifications, the Board may issue a temporary certificate to practice as a RNP, CNM, or a CNS in a population focus or a registered nurse anesthetist. A registered nurse who is applying for a temporary certificate shall:
  1. Apply for certification as an APRN;
  2. Submit an application for a temporary certificate;
  3. Demonstrate authorization to practice as a registered nurse in Arizona on either a permanent or temporary Arizona license in good standing or a multistate compact privilege;
  4. Meet all requirements of R4-19-505 or meet the requirements of R4-19-505 with the exception of national certification for RNP, CNM, and CNS applicants unless exempt under R4-19-505(B); and
  5. Submit evidence that the applicant:
    - a. Has applied for and is eligible to take an approved national advanced practice certification exam in the role and population focus of the application;
    - b. Has requested that the certification program transmit all exam results directly to the Board; or
    - c. For a CRNA, holds national certification according to R4-19-501.

- B. If an applicant fails to meet criteria for national advanced practice certification or has failed a certification exam, the applicant is not eligible for a temporary certificate.
- C. The Board may issue temporary prescribing and dispensing authority for RNP, CNM, or CNS applicants, if the applicant:
  1. Meets all application requirements for temporary certification in this Section,
  2. Applies for and meets all requirements for prescribing and dispensing authority under R4-19-511,
  3. Has been certified or licensed as an RNP, CNM, or CNS with prescribing and dispensing authority in the same role and population focus in another state or territory of the United States,
  4. Either holds current national certification as an RNP, CNM, or CNS in the population focus of the application or is exempt from national certification under R4-19-505(B), and
  5. Meets the practice requirement of R4-19-506(A)(2).
- D. Temporary certification as an APRN and temporary prescribing and dispensing authority expire in six months and may be renewed for an additional six months for good cause. Good cause means reasons beyond the control of the temporary certificate holder such as unavoidable delays in obtaining information required for certification.
- E. Notwithstanding subsection (D), the Board shall withdraw a temporary APRN certificate and temporary prescribing and dispensing authority under any one of the following conditions. The temporary certificate holder:
  1. Does not meet requirements for RN licensure in this state or the RN license is suspended or revoked,
  2. Fails to renew the RN license upon expiration,
  3. Loses the multistate compact privilege,
  4. Fails the national certifying examination, fails to maintain current national certification, as required by R4-19-505, or
  5. Violates a statute or rule of the Board.
- F. An applicant who is denied a temporary certificate or temporary prescribing and dispensing authority may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the temporary certification or authority. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.

December 2, 2020 (Supp. 20-4).

#### **R4-19-508. Standards Related to RNP, CNM, and CNS Scope of Practice**

- A.** An RNP, CNM, or CNS shall refer a patient to a physician or another health care provider if the referral will protect the health and welfare of the patient and consult with a physician and other health care providers if a situation or condition occurs in a patient that is beyond the RNP's, CNM's, or CNS's knowledge and experience.
- B.** In addition to the scope of practice permitted a registered nurse, the additional certification of an RNP, CNM, and CNS, under A.R.S. §§ 32-1601 (5), (9), and (20), as applicable, and 32-1606(B)(12), permits the RNP, CNM, and CNS to perform the following acts within the limits of the population focus of certification:
  - 1. Examine a patient and establish a medical diagnosis by client history, physical examination, and other criteria.
  - 2. For a patient who requires the services of a health care facility:
    - a. Admit the patient to the facility,
    - b. Manage the care the patient receives in the facility, and
    - c. Discharge the patient from the facility.
  - 3. Order and interpret laboratory, radiographic, and other diagnostic tests, and perform those tests that the RNP, CNM, or CNS is qualified to perform.
  - 4. Prescribe, order, administer and dispense therapeutic measures including pharmacologic agents and devices if authorized under R4-19-511, and non-pharmacological interventions including, but not limited to, durable medical equipment, nutrition, home health care, hospice, physical therapy and occupational therapy. (For the CNS, all prescribing is restricted according to A.R.S. § 32-1651.)
  - 5. Identify, develop, implement, and evaluate a plan of care for a patient to promote, maintain, and restore health.
  - 6. Perform therapeutic procedures that the RNP, CNM, or CNS is qualified to perform.
  - 7. Delegate therapeutic measures to qualified assistive personnel including medical assistants under R4-19-509.
  - 8. Perform additional acts that the RNP, CNM, or CNS is qualified to perform and that are generally recognized as being within the role and population focus of certification.
- C.** An RNP, CNM, or CNS shall only provide health care services including prescribing and dispensing within the RNP's, CNM's, or CNS's population focus and role and for which the RNP, CNM, or CNS is educationally prepared and for which competency has been established and maintained. Educational preparation means academic coursework or continuing education activities that include both theory and supervised clinical practice.

#### **R4-19-509. Delegation to Medical Assistants**

- A.** Under A.R.S. §§ 32-1456 and 32-1601(20), an RNP may delegate patient care to a medical assistant in an office or outpatient setting. The RNP shall verify that a medical assistant to whom the RNP delegates meets at least one of the following qualifications:
  - 1. Completed an approved medical assistant training program as defined in A.A.C. R4-16-101(3);
  - 2. If a graduate of an unapproved medical assistant training program, passed the medical assistant examination administered by either the American Association of Medical Assistants or the American Medical Technologists;
  - 3. Completed an unapproved medical assistant training program and was employed as a medical assistant on a continuous basis since completion of the program before February 2, 2000;
  - 4. Was directly supervised by the same registered nurse practitioner for at least 2000 hours before February 2, 2000; or
  - 5. Completed a medical services training program of the Armed Forces of the United States.
- B.** An RNP may delegate the following acts to a medical assistant who is under the direct supervision of the RNP and demonstrates competency in the performance of the act:
  - 1. Obtain vital signs;
  - 2. Perform venipuncture and draw blood;
  - 3. Perform capillary puncture;
  - 4. Perform pulmonary function testing;
  - 5. Perform electrocardiography;
  - 6. Perform patient screening using established protocols;
  - 7. Perform dosage calculations as applicable to written orders;

**R4-19-511. Prescribing and Dispensing Authority; Prohibited Acts**

- A. The Board shall authorize an RNP, CNM, or CNS to prescribe and dispense (P&D) drugs and devices within the RNP's, CNM's, or CNS's population focus only if the RNP, CNM, or CNS does all of the following:
1. Obtains authorization by the Board to practice as an RNP, CNM, or CNS;
  2. Applies for prescribing and dispensing privileges on the application for RNP, CNM, or CNS certification;
  3. Submits a completed verified application on a form provided by the Board that contains all of the following information:
    - a. Name, address, e-mail address and home telephone number;
    - b. Arizona registered nurse license number, or copy of compact license;
    - c. RNP, CNM, or CNS population focus;
    - d. RNP, CNM, or CNS certification number issued by the Board; and
    - e. Business address and telephone number;
  4. Submits evidence of a minimum of 45 contact hours of education within the three years immediately preceding the application, covering one or both of the following

topics consistent with the population focus of education and certification:

- a. Pharmacology, or
  - b. Clinical management of drug therapy, and
5. Submits the required fee.
- B. An applicant who is denied P & D authority may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the P & D authority. Board hearings shall comply with A.R.S. Title 41, Chapter 6, Article 10, and 4 A.A.C. 19, Article 6, of this Chapter.
- C. An RNP, CNM, or CNS shall not prescribe or dispense drugs or devices without Board authority or in a manner inconsistent with law. The Board may impose an administrative or civil penalty for each violation, suspend the RNP's, CNM's, or CNS's P & D authority, or impose other sanctions under A.R.S. § 32-1606(C). In determining the appropriate sanction, the Board shall consider factors such as the number of violations, the severity of each violation, and the potential for or existence of patient harm.
- D. In addition to acts listed under R4-19-403, for an RNP, CNM, or CNS who prescribes or dispenses a drug or device, a practice that is or might be harmful to the health of a patient or the public, includes one or more of the following:
1. Prescribing a controlled substance to oneself, a member of the RNP's, CNM's, or CNS's family or any other person with whom the RNP, CNM, or CNS has a relationship that may affect the RNP's, CNM's, or CNS's ability to use independent, objective and sound judgment when prescribing;
  2. Providing any controlled substance or prescription-only drug or device for other than accepted therapeutic purposes;
  3. Delegating the prescribing and dispensing of drugs or devices to any other person;
  4. Prescribing for a patient that is not in the RNP's, CNM's, or CNS's population focus of education and certification except as authorized in subsection (D)(5)(d); and
  5. Prescribing, dispensing, or furnishing a prescription drug or a prescription-only device to a person unless the RNP, CNM, or CNS has examined the person and established a professional relationship, except when engaging in one or more of the following:
    - a. Providing temporary patient care on behalf of the patient's regular treating and licensed health care professional;
    - b. Providing care in an emergency medical situation where immediate medical care or hospitalization is required by a person for the preservation or health, life, or limb;
    - c. Furnishing a prescription drug to prepare a patient for a medical examination; or
    - d. Prescribing antimicrobials to a person who is believed to be at substantial risk as a contact of a patient who has been examined and diagnosed with a communicable disease by the prescribing RNP, CNM, or CNS even if the contact is not in the population focus of the RNP's, CNM's, or CNS's certification.
  6. Prescribing or dispensing any controlled substance or prescription-only drug or device in a manner that is inconsistent with other state or federal requirements.
- E. An RNP, CNM, or CNS shall not dispense a Schedule II Controlled Substance that is an opioid, except for an opioid that is for medication assisted treatment for substance use disorders.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- F. A CNS's prescribing is additionally limited according to A.R.S. § 32-1651.
- G. A CRNA may apply for and obtain a prescribing-only certificate upon successful completion of all application requirements that are applicable to prescribing, as listed for other APRNs, and follow the same prescribing restrictions and administrative processes, as described in subsections (A) through (D), of this Section; and consistent with A.R.S. § 32-1634.04, and all other applicable laws.

**Historical Note**

Adopted effective November 25, 1996 (Supp. 96-4). Section repealed; new Section made by final rulemaking at 11 A.A.R. 3804, effective November 12, 2005 (Supp. 05-3). Emergency renewed with amendments at 24 A.A.R. 3335, filed and effective November 9, 2018, valid for an additional 180 days (Supp. 18-4). Emergency expired. Amended by final rulemaking at 25 A.A.R. 919, effective June 3, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 3289, with an immediate effective date of December 2, 2020 (Supp. 20-4).

**R4-19-512. Prescribing Drugs and Devices**

- A. An RNP, CNM, or CNS granted P & D authority by the Board may, within restrictions provided by law and applicable to each certificate:
1. Prescribe drugs and devices;
  2. Provide for refill of prescription-only drugs and devices for one year from the date of the prescription.
- B. An RNP, CNM, or CNS with P & D authority who wishes to prescribe a controlled substance shall obtain a DEA registration number before prescribing a controlled substance, and shall file the DEA registration number with the Board.
- C. An RNP, CNM, or CNS with a DEA registration number may prescribe, but may not exceed the limitations of each certification:
1. A Schedule II controlled substance as defined in the federal Controlled Substances Act, 21 U.S.C. § 801 et seq., or Arizona's Uniform Controlled Substances Act, A.R.S. Title 36, Chapter 27, but shall not prescribe refills of the prescription, and shall follow all other restrictions provided by law;
  2. A Schedule III or IV controlled substance, as defined in the federal Controlled Substances Act or Arizona's Uniform Controlled Substances Act, and may prescribe a maximum of five refills in six months; and
  3. A Schedule V controlled substance, as defined in the federal Controlled Substances Act or Arizona's Uniform Controlled Substances Act, and may prescribe refills for a maximum of one year.
- D. An RNP, CNM, or CNS whose DEA registration is revoked or expires shall not prescribe controlled substances. An RNP, CNM, or CNS whose DEA registration is revoked or limited shall report the action to the Board within 10 days of the revocation or limitation.
- E. In all outpatient settings or at the time of hospital discharge, an RNP, CNM, or CNS with P & D authority, who prescribed medication to a patient, shall personally provide the patient or the patient's representative with the name of the drug, direc-

tions for use, and any special instructions, precautions, or storage requirements necessary for safe and effective use of the drug if any of the following occurs:

1. A new drug is prescribed or there is a change in the dose, form, or direction for use in a previously prescribed drug;
  2. In the RNP's, CNM's, or CNS's professional judgment, these instructions are warranted; or
  3. The patient or patient's representative requests instruction.
- F. An RNP, CNM, or CNS with P & D authority shall ensure that all prescription orders contain the following:
1. The RNP's, CNM's, or CNS's name, address, telephone number, and population focus;
  2. The prescription date;
  3. The name of the patient and either the address of the patient or a blank for the address if the prescription is not being dispensed by the RNP, CNM, or CNS;
  4. The full name of the drug, strength, dosage form, and directions for use;
  5. The letters "DAW", "dispense as written", "do not substitute", "medically necessary" or any similar statement on the face of the prescription form if intending to prevent substitution of the drug;
  6. The RNP's, CNM's, or CNS's DEA registration number, if applicable; and
  7. The RNP's, CNM's, or CNS's signature.

**Historical Note**

Former R4-19-512 renumbered to R4-19-514; new R4-19-512 made by final rulemaking at 11 A.A.R. 3804, effective November 12, 2005 (05-3). Amended by final rulemaking at 19 A.A.R. 1438, effective July 6, 2013 (Supp. 13-2). Amended by final rulemaking at 26 A.A.R. 3289, with an immediate effective date of December 2, 2020 (Supp. 20-4).

**R4-19-513. Dispensing Drugs and Devices**

- A. An RNP, CNM, or CNS granted prescribing and dispensing authority by the Board may, within restrictions provided by law and applicable to each certificate:
1. Dispense drugs and devices to patients;
  2. Dispense samples of drugs packaged for individual use without a prescription order or additional labeling;
  3. Only dispense drugs and devices obtained directly from a pharmacy, manufacturer, wholesaler, or distributor; and
  4. Allow other personnel to assist in the delivery of medications provided that the RNP, CNM, or CNS retains responsibility and accountability for the dispensing process.
- B. If dispensing a drug or device, an RNP, CNM, or CNS with dispensing authority shall:
1. Ensure that the patient has a written prescription that complies with R4-19-512(F) and contains the address of the patient and inform the patient that the prescription may be filled by the prescribing RNP, CNM, or CNS or by a pharmacy of the patient's choice;
  2. Affix a prescription number to each prescription that is dispensed;
  3. Ensure that all original prescriptions are preserved for a minimum of seven years and make the original prescriptions available at all times for inspection by the Board of Nursing, Board of Pharmacy, and law enforcement officers in performance of their duties; and

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

4. Report the dispensing of controlled substances to the Board of Pharmacy's Controlled Substance Prescription Monitoring Program according to A.R.S. § 36-2608.
- C. An RNP, CNM, or CNS practicing in a public health facility operated by this state or a county or in a qualifying community health center under A.R.S. § 32-1921(D) and (F) may dispense drugs or devices to patients without a written prescription if the public health facility or the qualifying community health center adheres to all storage, labeling, safety, and recordkeeping rules of the Board of Pharmacy.
- D. An RNP, CNM, or CNS who dispenses a drug shall ensure that a label is affixed that contains all of the following information:
  1. Dispensing RNP's, CNM's, or CNS's name and population focus;
  2. Address and telephone number of the location from which the drug is dispensed;
  3. Date dispensed;
  4. Patient's name and address;
  5. Name and strength of the drug, quantity in the container, directions for use, and any cautionary statements necessary for the safe and effective use of the drug;
  6. Manufacturer and lot number; and
  7. Prescription order number.
- E. An RNP, CNM, or CNS who dispenses a drug or device shall ensure that the following information about the drug or device is entered into the patient's medical record:
  1. Name of the drug, strength, quantity, directions for use, and number of refills;
  2. Date dispensed;
  3. Therapeutic reason;
  4. Manufacturer and lot number; and
  5. Prescription order number.
- F. An RNP, CNM, or CNS with dispensing authority shall:
  1. Keep all drugs in a locked cabinet or room in an area that is not accessible to patients;
  2. If dispensing a controlled substance:
    - a. Control access by a written policy that specifies:
      - i. Those persons allowed access, and
      - ii. Procedures to report immediately the discovery of a shortage or illegal removal of drugs to a local law enforcement agency and provide that agency and the DEA with a written report within seven days of the discovery.
    - b. Maintain and make available to the Board upon request an ongoing inventory and record of:
      - i. A Schedule II controlled substance, as defined in the federal Controlled Substances Act or Arizona's Uniform Controlled Substances Act, separately from all other records, and a prescription for a Schedule II controlled substance in a separate prescription file; and
      - ii. A Schedule III, IV, or V controlled substance, as defined in the federal Controlled Substances Act or Arizona's Uniform Controlled Substances Act, in a form that is readily retrievable from other records.
- G. If a prescription order is refilled, an RNP, CNM, or CNS with P & D authority shall record the following information on the back of the prescription order or in the patient's medical record:
  1. Date refilled,
  2. Quantity dispensed if different from the full amount of the original prescription,
  3. RNP's, CNM's, or CNS's name or identifiable initials, and
  4. Manufacturer and lot number.
- H. Under the supervision of an RNP, CNM, or CNS with P & D authority, other personnel may:
  1. Receive and record a prescription refill request from a patient or a patient's representative;
  2. Receive and record a verbal refill authorization from the RNP including:
    - a. The RNP's, CNM's, or CNS's name;
    - b. Date of refill;
    - c. Name, directions for use, and quantity of drug; and
    - d. Manufacturer and lot number;
  3. Prepare and affix a prescription label; and
  4. Prepare a drug or device for delivery, provided that the dispensing RNP, CNM, or CNS:
    - a. Inspects the drug or device and initials the label before issuing to the patient to ensure compliance with the prescription; and
    - b. Ensures that the patient is informed of the name of the drug or device, directions for use, precautions, and storage requirements.

**R4-19-514. Standards Related to Clinical Nurse Specialist Scope of Practice**

In addition to the functions of a registered nurse, a CNS, according to A.R.S. § 32-1601(7), may perform one or more of the following for an individual, family, or group within the population focus of certification and for which competency has been maintained:

1. Conduct an advanced assessment, analysis, and evaluation of a patient's complex health needs;
2. Establish primary and differential health status diagnoses;
3. Direct health care as an advanced clinician;
4. Develop, implement, and evaluate a treatment plan according to a patient's need for specialized nursing care;
5. Establish nursing standing orders, algorithms, and practice guidelines related to interventions and specific plans of care;
6. Manage health care according to written protocols;
7. Facilitate system changes on a multidisciplinary level to assist a health care facility and improve patient outcomes cost-effectively;
8. Consult with the public and professionals in health care, business, and industry in the areas of research, case management, education, and administration;
9. Perform psychotherapy if certified as a clinical nurse specialist in psychiatric and mental health nursing;
10. Prescribe, order, administer, and dispense therapeutic measures including pharmacologic agents and devices if authorized under R4-19-511, and within the limitations of A.R.S. § 32-1651; and
11. Perform additional acts that the clinical nurse specialist is qualified to perform.

sion to each party. Each party may file a memorandum of objections for consideration at the next Board meeting that contains the reasons why the recommended decision is in error or requires correction, and includes appropriate citations to the record, statutes, or rules in support of each objection.

**Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Former Section R4-19-607 renumbered to R4-19-606; new Section R4-19-607 renumbered from R4-19-612 and amended by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2).

**R4-19-608. Rehearing or Review of Decision**

- A. A party may file a motion for rehearing or review of a decision under A.R.S. §§ 41-1092.09 and 32-1665.
- B. The Board may grant a rehearing or review of the decision for any of the following causes materially affecting the moving party's rights:
  1. Irregularity in the administrative proceedings of the Board or the administrative law judge, or any order, or abuse of discretion, which deprived the moving party of a fair hearing;
  2. Misconduct of the Board, the administrative law judge, or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or exclusion of evidence or other errors of law occurring during the pendency of the proceeding or at the administrative hearing; or
  7. The decision is not justified by the evidence or is contrary to law.
- C. Upon the Board's receipt of a motion for rehearing or review, the Board may affirm or modify the decision or grant a rehearing to all or any of the parties on all or part of the issues for any of the reasons in subsection (B). An order granting a rehearing shall specify with particularity the grounds for the order. Any rehearing shall cover only those specified matters.
- D. Within the time limits of A.R.S. § 41-1092.09, the Board may order a rehearing or review on its own initiative for any of the reasons in subsection (B). The Board shall specify the grounds for the rehearing or review in the order.
- E. When a motion for rehearing is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days of such service, serve opposing affidavits.

**Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Section expired under A.R.S. § 41-1056(E) at 8 A.A.R. 491, effective December 31, 2001 (Supp. 02-1). Section R4-19-608 renumbered from R4-19-614 and amended by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2).

**R4-19-609. Effectiveness of Orders**

- A. Except as provided in subsection (B), a decision is final upon expiration of the time for filing a request for rehearing or review or upon denial of such a request, whichever is later. If the Board grants a rehearing or review, the decision is stayed until another order is issued.
- B. If it finds that the public health, safety, or welfare imperatively requires emergency action, the Board may proceed under

A.R.S. § 41-1092.11(B), ordering summary suspension of a license while other proceedings are pending. If the Board orders a summary suspension, a party shall exhaust the party's administrative remedies by filing a motion for rehearing or review under A.R.S. § 41-1092.09(B) before seeking judicial review of the decision.

**R4-19-702. Petition for Rulemaking; Review of Agency Practice or Substantive Policy Statement; Objection to Rule Based Upon Economic, Small Business, or Consumer Impact**

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

A person may petition the Board, requesting the making of a final rule, or a review of an existing agency practice or substantive policy statement that the petitioner alleges to constitute a rule under A.R.S. § 41-1033, or objecting to a rule under A.R.S. § 41-1056.01, by filing a petition which contains the following:

1. The name, current address, and telephone number of the person submitting the petition.
2. For the making of a new rule, the specific language of the proposed rule.
3. For amendment of a current rule, the *Arizona Administrative Code* (A.A.C.) Section number, the Section heading, and the specific language of the current rule, with any language to be deleted stricken through but legible, and any new language underlined.
4. For repeal of a current rule, the A.A.C. Section number and Section heading proposed for repeal.
5. The reasons the rule should be made, specifically stating in reference to an existing rule, why the rule is inadequate, unreasonable, unduly burdensome, or otherwise not acceptable. The petitioner may provide additional supporting information including:
  - a. Any statistical data or other justification, with clear references to attached exhibits;
  - b. An identification of any person or segment of the public that would be affected and how they would be affected; and
  - c. If the petitioner is a public agency, a summary of relevant issues raised in any public hearing, or written comments offered by the public.
6. For a review of an existing agency practice or substantive policy statement alleged to constitute a rule, the reasons the existing agency practice or substantive policy statement constitutes a rule and the proposed action requested of the Board.
7. For an objection to a rule based upon the economic, small business, or consumer impact, evidence of any of the following grounds:
  - a. The actual economic, small business, or consumer impact significantly exceeded the impact estimated in the economic, small business, and consumer impact statement submitted during the making of the rule.
  - b. The actual economic, small business, or consumer impact was not estimated in the economic, small business, and consumer impact statement submitted during the making of the rule and that actual impact imposes a significant burden on persons subject to the rule.
  - c. The Board did not select the alternative that imposes the least burden and costs to persons regulated by the rule, including paperwork and other compliance costs, necessary to achieve the underlying regulatory objective.
8. The signature of the person submitting the petition.

**Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Amended by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2). Amended by final rulemaking at 19 A.A.R. 1419, effective July 6, 2013 (Supp. 13-2).

**R4-19-703. Oral Proceedings**

- A.** The Board shall schedule an oral proceeding on all rulemakings and publish the notice as prescribed in A.R.S. § 41-1023.

A Board member, the executive director, or a Board staff member shall serve as presiding officer at an oral proceeding.

- B.** The Board shall record all oral proceedings either by an electronic recording device or stenographically, and any resulting cassette tapes or transcripts, registers, and all written comments received shall become part of the official record.
- C.** The presiding officer shall conduct an oral proceeding according to A.R.S. § 41-1023; and
1. Request each person in attendance register;
  2. Obtain the following information from any person who intends to speak:
    - a. Name and whether the person represents another;
    - b. Position with regard to the proposed rule; and
    - c. Approximate length of time needed to speak;
  3. Open the proceeding by identifying the subject matter of the rules under consideration and the purpose of the proceeding;
  4. Present the agenda;
  5. Ensure that a Board representative explains the background and general content of the proposed rules;
  6. Limit comments to a reasonable period, and prevent undue repetition of comments;
  7. Announce the address for written public comments and the date and time for the close of record; and
  8. Close the proceeding if there are no persons in attendance within 15 minutes after the posted meeting time.

**Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Former Section R4-19-703 repealed; new Section R4-19-703 renumbered from R4-19-704 and amended by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2).

**R4-19-704. Petition for Altered Effective Date**

- A.** A person wishing to alter the effective date of a rule shall file a written petition that contains:
1. The name, current address, and telephone number of the person submitting the petition;
  2. Identification of the proposed rule;
  3. If the person is petitioning for an immediate effective date, a demonstration that the immediate date is necessary for one or more of the reasons in A.R.S. § 41-1032(A);
  4. If the person is petitioning for a later effective date, more than 60 days after filing of the rule, a demonstration under A.R.S. § 41-1032(B) that good cause exists for, and the public interest will not be harmed by, the later effective date; and
  5. The signature of the person submitting the petition.
- B.** The Board shall make a decision and notify the petitioner of the decision within 60 days of receipt of the petition.

**Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Former Section R4-19-704 renumbered to R4-19-703; new Section R4-19-704 renumbered from R4-19-705 and amended by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2).

**R4-19-705. Written Criticism of an Existing Rule**

- A.** Any person may file with the Board a written criticism of an existing rule that contains:
1. The rule addressed, and
  2. The reason the existing rule is inadequate, unduly burdensome, unreasonable, or improper.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- B. The Board shall acknowledge receipt of any criticism within 10 working days and shall place the criticism in the official record for review by the Board under A.R.S. § 41-1056.

**Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Former Section R4-19-705 renumbered to R4-19-704; new Section R4-19-705 renumbered from R4-19-706 and amended by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2).

**R4-19-706. Renumbered****Historical Note**

Adopted effective October 10, 1996 (Supp. 96-4). Renumbered to R4-19-705 by final rulemaking at 9 A.A.R. 1288, effective June 3, 2003 (Supp. 03-2).

**ARTICLE 8. CERTIFIED AND LICENSED NURSING ASSISTANTS AND CERTIFIED MEDICATION ASSISTANTS**

**R4-19-801. Common Standards for Nursing Assistant (NA) and Certified Medication Assistant (CMA) Training Programs**

**A. Program Administrative Responsibilities**

1. Any person or entity offering a training program under this Article shall, before accepting tuition from prospective students, and at all times thereafter, provide program personnel including a coordinator and instructors, as applicable, who meet the requirements of this Article.
2. If at any time, a person or entity offering a training program cannot provide a qualified instructor for its students, it shall immediately cease instruction and, if the training program cannot provide a qualified instructor within 5 business days, the training program shall offer all enrolled students a refund of all tuition and fees the students have paid to the program.
3. A training program shall obtain and maintain Board approval or re-approval as specified in this Article and A.R.S. § 32-1650.01 (B) before advertising the program, accepting any tuition, fees, or other funds from prospective students, or enrolling students.
4. A training program that uses external clinical facilities shall execute a written agreement with each external clinical facility.
5. A training program that requires students to pay tuition for the program shall:
  - a. Make all program costs readily accessible on the school's website with effective dates,
  - b. Publicly post any increases in costs on the school's website 30 days in advance of the increase;
  - c. Include in the cost calculation and public posting, all fees directly paid to the program including but not limited to tuition, lab fee, clinical fee, enrollment fee, insurance, books, uniform, health screening, credit card fee and state competency exam fee; and
  - d. Provide a description of all program costs to the student that are not directly paid to the program.
6. Before collecting any tuition or fees from a student, a training program shall notify each prospective student of Board requirements for certification and licensure including:
  - a. Legal presence in the United States; and
  - b. For licensure, criminal background check requirements, and ineligibility under A.R.S. § 32-1606(B)(15) and (16).

7. Within the first 14 days of the program and before 50% of program instruction occurs, a training program shall transmit to the Board-approved test vendor, accurate and complete information regarding each enrolled student for the purposes of tracking program enrollment, attrition and completion. Upon receipt of accurate completion information, the vendor shall issue a certificate of completion to the program for each successful graduate.
8. A training program shall provide the Board, or its designee, access to all training program records, students and staff at any time, including during an announced or unannounced visit. A program's refusal to provide such access is grounds for withdrawal of Board approval.
9. A training program shall provide each student with an opportunity to anonymously and confidentially evaluate the course instructor, curriculum, classroom environment, clinical instructor, clinical setting, textbook and resources of the program;
10. A training program shall provide and implement a plan to evaluate the program that includes the frequency of evaluation, the person responsible, the evaluative criteria, the results of the evaluation and actions taken to improve the program. The program shall evaluate the following elements at a minimum every two years:
  - a. Student evaluations consistent with subsection (A)(9);
  - b. First-time pass rates on the written and manual skills certification exams for each admission cohort;
  - c. Student attrition rates for each admission cohort;
  - d. Resolution of student complaints and grievances in the past two years; and
  - e. Review and revision of program policies.
11. A training program shall submit written documentation and information to the Board regarding the following program changes within 30 days of instituting the change:
  - a. For a change or addition of an instructor or coordinator, the name, RN license number, and documentation that the coordinator or instructor meets the applicable requirements of R4-19-802(B) and (C) for NA programs and R4-19-803 (B) for CMA programs;
  - b. For a change in classroom location, the previous and new location, and a description of the new classroom;
  - c. For a change in a clinical facility, the name and address of the new facility and a copy of the signed clinical contract;
  - d. For a change in the name or ownership of the training program, the former name or owners and the new name or owners; and
  - e. For a decrease in hours of the program, a written revised curriculum document that clearly highlights new content, strikes out deleted content and includes revised hours of instruction, as applicable.

**B. Policies and Procedures**

1. A training program shall promulgate and enforce written policies and procedures that comply with state and federal requirements, and are consistent with the policies and procedures of the parent institution, if any. The program shall provide effective and review dates for each policy or procedure.
2. A training program shall provide a copy of its policies and procedures to each student on or before the first day the student begins the program.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

3. The program shall promulgate and enforce the following policies with accompanying procedures:
  - a. Admission requirements including:
    - i. Criminal background, health and drug screening either required by the program or necessary to place a student in a clinical agency; and
    - ii. English language, reading and math skills necessary to comprehend course materials and perform duties safely.
  - b. Student attendance policy, ensuring that a student receives the hours and types of instruction as reported to the Board in the program's most recent application to the Board and as required in this Article. If absences are permitted, the program shall ensure that each absence is remediated by providing and requiring the student to complete learning activities that are equivalent to the missed curriculum topics, clinical experience or skill both in substance and in classroom or clinical time.
  - c. A final examination policy that includes the following provisions:
    - i. Require that its students score a minimum 75% correct answers on a comprehensive secure final examination with no more than one retake. The program may allow an additional retake following documented, focused remediation based on past test performance. Any retake examination must contain different items than the failed exam, address all course competencies, and be documented with score, date administered and proctor in the student record; and
    - ii. Require that each student demonstrate, to program faculty, satisfactory performance of each practical skill as prescribed in the curriculum before performance of that skill on patients or residents without the instructor's presence, direct observation, and supervision.
  - d. Student record maintenance policies consistent with subsection (D) including the retention period, the location of records and the procedure for students to access to their records.
  - e. Clinical supervision policies consistent with clinical supervision provisions of this Section, and:
    - i. R4-19-802(C) and (D) for NA programs, or
    - ii. R4-19-803(B) and (C) for CMA programs;
  - f. Student conduct policies for expected and unacceptable conduct in both classroom and clinical settings;
  - g. Dismissal and withdrawal policies;
  - h. Student grievance policy that includes a chain of command for grade disputes and ensures that students have the right to contest program actions and provide evidence in support of their best interests including the right to a third party review by a person or committee that has no stake in the outcome of the grievance;
    - i. Program progression and completion criteria.
- C. Classroom and clinical instruction
  1. During clinical training sessions, a training program shall ensure that each student is identified as a student by a name badge or another means readily observable to staff, patients, and residents.
  2. A training program shall not utilize, or allow the clinical facility to utilize, students as staff during clinical training sessions.
  3. A training program shall provide a clean, comfortable, distraction-free learning environment for didactic teaching and skill practice.
  4. A training program shall provide, in either electronic or paper format, a written curriculum to each student on or before the first day of class that includes a course description, course hours including times of instruction and total course hours, instructor information, passing requirements, course goals, and a topical schedule containing date, time and topic for each class session.
  5. For each unit or class session the program shall provide, to its students, written:
    - a. Measurable learner-centered objectives,
    - b. An outline of the material to be taught, and
    - c. The learning activities or reading assignment.
  6. A training program shall utilize an electronic or paper textbook corresponding to the course curriculum that has been published within the previous five years. Unless granted specific permission by the publisher, a training program shall not utilize copies of published materials in lieu of an actual textbook.
  7. A training program shall provide, to all program instructors and enrolled students, access to the following instructional and educational resources:
    - a. Reference materials, corresponding to the level of the curriculum; and
    - b. Equipment and supplies necessary to practice skills.
  8. A training program instructor shall:
    - a. Plan each learning experience;
    - b. Ensure that the curriculum meets the requirements of this Section;
    - c. Prepare written course goals, lesson objectives, class content and learning activities;
    - d. Schedule and achieve course goals and objectives by the end of the course; and
    - e. Require satisfactory performance of all critical elements of each skill under R4-19-802(H) for nursing assistant and R4-19-803(D)(4) for medication assistant before allowing a student to perform the skill on a patient or resident without the instructor's presence at the bedside.
  9. A qualified RN instructor shall be present at all times and during all scheduled classroom, skills laboratory and clinical sessions. In no instance shall a nursing assistant or other unqualified person provide any instruction, reinforcement, evaluation or independent activities in the classroom or skills laboratory.
  10. A qualified RN instructor shall supervise any student who provides care to patients or residents by:
    - a. Remaining in the clinical facility and focusing attention on student learning needs during all student clinical experiences;
    - b. Providing the instructor's current and valid contact information to students and facility staff during the instructor's scheduled teaching periods;
    - c. Observing each student performing tasks taught in the training program;
    - d. Documenting each student's performance each day, consistent with course skills and clinical objectives;
    - e. During the clinical session, engaging exclusively in activities related to the supervision of students; and

## CHAPTER 19. BOARD OF NURSING

f. Reviewing all student documentation.

**D. Records**

1. A training program shall maintain the following program records either electronically or in paper form for a minimum of three years for NA programs and five years for CMA programs:
  - a. Curriculum and course schedule for each admission cohort;
  - b. Results of state-approved written and manual skills testing;
  - c. Documentation of program evaluation under subsection (A)(10);
  - d. A copy of any Board reports, applications, or correspondence, related to the program; and
  - e. A copy of all clinical contracts, if using outside clinical agencies.
2. A training program shall maintain the following student records either electronically or in paper form for a minimum of three years for NA programs and five years for CMA programs:
  - a. A record of each student's legal name, date of birth, address, telephone number, e-mail address and Social Security number, if available;
  - b. A completed skill checklist containing documentation of student level of competency performing the skills in R4-19-802(F) for nursing assistant, and in R4-19-803(D)(4) for medication assistants;
  - c. An accurate attendance record, which describes any make-up class sessions and reflects whether the student completed the required number of hours in the course;
  - d. Scores for each test, quiz, or exam and whether such test, quiz, or exam was retaken; and
  - e. For NA programs only, a copy of a document providing proof of legal presence in the United States as specified in A.R.S. § 41-1080 to be remitted to the Board's designated testing vendor in order to facilitate timely placement of program graduates on a nursing assistant registry.

**E. Certifying Exam Passing Standard:** A training program and each site of a consolidated program under R4-19-802(E) shall attain, at a minimum, an annual first-time passing rate on the manual skill and written certifying examinations that is equal to the Arizona average pass rate for all candidates on each examination minus 20 percentage points. The Board may waive this requirement for programs with less than five students taking the exam during the year. The Board shall issue a notice of deficiency under R4-19-805 to any program with five or more students taking the exam that fails to achieve the minimum passing standard in any calendar year.

**F. Distance Learning; Innovative Programs**

1. A training program may be offered using real-time interactive distance technologies such as interactive television and web based conferencing if the program meets the requirements of this Article.
2. Before a training program may offer, advertise, or recruit students for an on-line, innovative or other non-traditional program, the program shall submit an application for innovative applications in education under R4-19-214 and receive Board approval.

**G. Site visits:** A training program shall permit the Board, and its designee, including another state agency, to conduct an onsite scheduled evaluation for initial Board approval and renewal of approval in accordance with R4-19-804 and announced or

unannounced site visits at any other time the Board deems necessary.

**Historical Note**

**R4-19-802. Nursing Assistant (NA) Program Requirements****A. Organization and Administration**

1. A nursing assistant program may be offered by:
  - a. An educational institution licensed by the State Board for Private Postsecondary Education,
  - b. A public educational institution or a program funded by a local, state or federal governmental agency,
  - c. A health care institution licensed by the Arizona Department of Health Services or a federally authorized health care institution,
  - d. A private business that meets the requirements of this Article and all other legal requirements to operate a business in Arizona.
2. If a nursing assistant program is offered by a private business, the program shall meet the following requirements.
  - a. Hold insurance covering any potential or future claims for damages resulting from any aspect of the program or a hold a surety bond from a surety company with a financial strength rating of "A minus" or better by Best's Credit Ratings, Moody's Investors Service, Standard and Poor's rating service or another comparable rating service as determined by the Board in the amount of a minimum of \$15,000. The program shall ensure that:
    - i. Bond or insurance distributions are limited to students or former students with a valid claim for instructional or program deficiencies;
    - ii. The amount of the bond or insurance is sufficient to reimburse the full amount of collected tuition and fees for all students during all enrollment periods of the program; and
    - iii. The bond or insurance is maintained for an additional 24 months after program closure; and
  - b. Upon initial use and remodeling, provide the Board with a fire inspection report from the Office of the State Fire Marshall or the local authority with jurisdiction, indicating that each program classroom and skill lab location is in compliance with the applicable fire code.
3. Programs approved by the Board before the effective date of this Section shall comply with subsection (A)(2) within one year of the effective date. If a program does not charge tuition or fees, the bond requirement is waived.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

4. A Medicare or Medicaid certified long-term care facility-based nursing assistant program shall not require a student to pay a fee for any portion of the program including the initial attempt on the state competency exam.
  5. In addition to the policies required in R4-19-801(B), the Board may approve a nursing assistant program to offer an advanced placement option to a student with a background in health care. A nursing assistant program wishing to offer an advance placement option shall submit their advanced placement policy to the Board and receive approval before implementing the policy. The program shall include, at a minimum, the following provisions in its policy:
    - a. Advanced placement is limited to students with at least one year full-time employment in the direct provision of health care within the past five years or students who have successfully completed course work that included direct patient care experiences in allied health, medicine or nursing in the past five years.
    - b. The program, at a minimum, shall require an advanced placement student to meet the same outcomes as regular students on all examinations and skill performance demonstrations.
    - c. The program shall require an advanced placement student to successfully accomplish all clinical objectives during a minimum of 16 hours of clinical practice under the direct supervision and observation of a qualified instructor and in a long-term care facility.
    - d. Upon successful completion of advanced placement and any other program requirements, the program shall credit the graduate with the same number of didactic, laboratory and clinical hours as the regular graduate.
- B. Program coordinator qualifications and responsibilities**
1. Program coordinator qualifications include:
    - a. Holding a current, registered nurse license that is active and in good standing or multistate privilege to practice as an RN under A.R.S. Title 32, Chapter 15; and
    - b. Possessing at least two years of nursing experience at least one year of which is in the provision of long-term care facility services.
  2. A director of nursing in a health care facility may assume the role of a program coordinator for a nursing assistant training program that is housed in the facility but shall not function as a program instructor.
  3. A program coordinator's responsibilities include:
    - a. Supervising and evaluating the program;
    - b. Ensuring that instructors meet Board qualifications and there are sufficient instructors to provide for a clinical ratio not to exceed 10 students per instructor;
    - c. Ensuring that the program meets the requirements of this Article; and
    - d. Ensuring that the program meets federal requirements regarding clinical facilities under 42 CFR 483.151.
  4. Other than the director of nursing in a long-term care facility, a program coordinator may also serve as a program instructor.
- C. Program instructor qualifications and duties**
1. Program instructor qualifications include:
    - a. Holding a current, registered nurse license that is active and in good standing under A.R.S. Title 32, Chapter 15 and provide documentation of a minimum of one year full time or 1500 hours employment providing direct care as a registered nurse in any setting; and
    - b. At a minimum, one of the following:
      - i. Successful completion of a three semester credit course on adult teaching and learning concepts offered by an accredited post-secondary educational institution,
      - ii. Completion of a 40 hour continuing education program in adult teaching and learning concepts that was awarded continuing education credit by an accredited organization,
      - iii. One year of full-time or 1500 hours experience teaching adults as a faculty member or clinical educator, or
      - iv. One year of full time or 1500 hours experience supervising nursing assistants, either in addition to or concurrent with the one year of experience required in subsection (C)(1)(a).
  2. In addition to the program instruction requirements in R4-19-801(C), a nursing assistant program instructor shall provide on-site supervision for each student placed in a health care facility not to exceed 10 students per instructor;
- D. Clinical and classroom hour requirements and resources**
1. A nursing assistant training program shall ensure each graduate receives a minimum of 120 hours of total instruction consisting of:
    - a. Instructor-led teaching in a classroom setting for a minimum of 40 hours;
    - b. Instructor-supervised skills practice and testing in a laboratory setting for a minimum of 20 hours; and
    - c. Instructor-supervised clinical experiences for a minimum of 40 hours, consistent with the goals of the program. Clinical requirements include the following:
      - i. The program shall provide students with clinical orientation to any clinical setting utilized.
      - ii. The program shall provide a minimum of 20 hours of direct resident care in a long-term care facility licensed by the Department of Health Services, except as provided in subsection (iv). Direct resident care does not include orientation and clinical pre and post conferences.
      - iii. If another health care facility is used for additional required hours, the program shall ensure that the facility provides opportunities for students to apply nursing assistant skills similar to those provided to long-term care residents.
      - iv. If a long-term care facility licensed by the Department of Health Services is not available within 50 miles of the training program's classroom, the program may provide the required clinical hours in a facility or unit that cares for residents or patients similar to those residing in a long-term care facility.
  - d. To meet the 120 hour minimum program hour requirement, a NA program shall designate an additional 20 hours to classroom, skill or clinical instruction based upon the educational needs of the program's students and program resources.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

2. A nursing assistant training program shall ensure that equipment and supplies are in functional condition and sufficient in number for each enrolled student to practice required skills. At a minimum, the program shall provide:
  - a. Hospital-type bed, over-bed table, linens, linen protectors, pillows, privacy curtain, call-light and night-stand;
  - b. Thermometers, stethoscopes, including a teaching stethoscope, aneroid blood pressure cuffs, and a scale;
  - c. Realistic skill training equipment, such as a manikin or model, that provides opportunity for practice and demonstration of perineal care;
  - d. Personal care supplies including wash basin, towels, washcloths, emesis basin, rinse-free wash, tooth brushes, disposable toothettes, dentures, razor, shaving cream, emery board, orange stick, comb, shampoo, hair brush, and lotion;
  - e. Clothes for dressing residents including undergarments, socks, hospital gowns, shirts, pants and shoes or non-skid slippers;
  - f. Elimination equipment including fracture bed pans, bed pans, urinals, ostomy supplies, adult briefs, specimen cups, graduate cylinder, and catheter supplies;
  - g. Aseptic and protective equipment including running water, sink, soap, paper towels, clean disposable gloves, surgical masks, particulate respirator mask for demonstration purposes, gowns, hair protectors and shoe protectors;
  - h. Restorative equipment including wheelchair, gait belt, walker, anti-embolic hose, adaptive equipment, and cane;
  - i. Feeding supplies including cups, glasses, dishes, straws, standard utensils, adaptive utensils and clothing protectors;
  - j. Clean dressings, bandages and binders; and
  - k. Documentation forms.
- E. Consolidated Programs
  1. A nursing assistant program may request, in writing, to consolidate more than one site of a program under one program approval for convenience of administration. The site of a program is where didactic instruction occurs. The Board may approve the request for a consolidated program if all the following conditions are met:
    - a. The program is not based in a long-term care facility;
    - b. The program does not offer an innovative program as defined in R4-19-214 at any consolidated site;
    - c. A single RN administrator has authority and responsibility for all sites including hiring, retention and evaluation of all program personnel;
    - d. Curriculum and policies are identical for all sites;
    - e. Instructional delivery methods are substantially similar at all sites;
    - f. Didactic, lab practice and clinical hours are identical for all sites;
    - g. The program presents sufficient evidence that all sites have comparable resources, including classroom, skill lab, clinical facilities and staff. Evidence may include pictures, videos, documentation of equipment purchase and instructor resumes;
    - h. The program provides an application to the Board a minimum of 30 days before consolidation of the program or use of the new site;
    - i. The site is fully staffed before accepting students;
    - j. The program evaluates each site separately under R4-19-801(A)(9);
    - k. The program arranges for the test vendor to provide a separate program number for each site;
  2. There have been no substantiated complaints against the program or failure to follow the provisions of this Article in the past two years.
  3. The program shall notify the Board if a site is closed or has not been used in two years.
  4. A program that has been Board-approved as a consolidated program may request to add additional sites 30 days in advance of site utilization. The Board may approve the new site if the site meets the criteria in subsection (E)(1).
  5. The Board may deny a request to consolidate programs or add a site if the requirements of this section are not met. Denial of such a request is not a disciplinary action and does not affect the program's approval status.
  6. The Board shall not renew or visit any site that was not used in the previous approval period.
- F. Curriculum: a nursing assistant training program shall provide classroom and clinical instruction regarding each of the following subjects:
  1. Communication, interpersonal skills, and documentation;
  2. Infection control;
  3. Safety and emergency procedures, including abdominal thrusts for foreign body airway obstruction and cardio-pulmonary resuscitation;
  4. Patient or resident independence;
  5. Patient or resident rights, including the right to:
    - a. Confidentiality;
    - b. Privacy;
    - c. Be free from abuse, mistreatment, and neglect;
    - d. Make personal choices;
    - e. Obtain assistance in resolving grievances and disputes;
    - f. Security of a patient's or resident's personal property; and
    - g. Be free from restraints;
  6. Recognizing and reporting abuse, mistreatment or neglect to a supervisor;
  7. Basic nursing assistant skills, including:
    - a. Taking vital signs, height, and weight using standing, wheelchair and bed scales;
    - b. Maintaining a patient's or resident's environment;
    - c. Observing and reporting pain;
    - d. Assisting with diagnostic tests including obtaining specimens;
    - e. Providing care for patients or residents with drains and tubes including catheters and feeding tubes;
    - f. Recognizing and reporting abnormal patient or resident physical, psychological, or mental changes to a supervisor;
    - g. Applying clean bandages;
    - h. Providing peri-operative care; and
    - i. Assisting in admitting, transferring, or discharging patients or residents.
  8. Personal care skills, including:
    - a. Bathing, skin care, and dressing;
    - b. Oral and denture care;
    - c. Shampoo and hair care;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- d. Fingernail care;
  - e. Toileting, perineal, and ostomy care;
  - f. Feeding and hydration, including proper feeding techniques and use of assistive devices in feeding; and
9. Age specific, mental health, and social service needs, including:
- a. Modifying the nursing assistant's behavior in response to patient or resident behavior,
  - b. Demonstrating an awareness of the developmental tasks and physiologic changes associated with the aging process,
  - c. Responding to patient or resident behavior,
  - d. Allowing the resident or patient to make personal choices and providing and reinforcing other behavior consistent with the individual's dignity,
  - e. Providing culturally sensitive care,
  - f. Caring for the dying patient or resident, and
  - g. Using the patient's or resident's family as a source of emotional support for the resident or patient;
10. Care of the cognitively impaired patient or resident including:
- a. Understanding and addressing the unique needs and behaviors of patients or residents with dementia or other cognitive impairment,
  - b. Communicating with cognitively impaired patients or residents,
  - c. Reducing the effects of cognitive impairment, and
  - d. Appropriate responses to the behavior of cognitively impaired individuals.
11. Skills for basic restorative services, including:
- a. Body mechanics;
  - b. Resident self-care;
  - c. Assistive devices used in transferring, ambulating and dressing;
  - d. Range of motion exercises;
  - e. Bowel and bladder training;
  - f. Care and use of prosthetic and orthotic devices; and
  - g. Turning and positioning a resident in bed, transferring a resident between bed and chair and positioning a resident in a chair.
12. Health care team member skills including the role of the nursing assistant and others on the health care team, time management and prioritizing work; and
13. Legal aspects of nursing assistant practice, including:
- a. Requirements for licensure and registry placement and renewal.
  - b. Delegation of nursing tasks,
  - c. Ethics,
  - d. Advance directives and do-not-resuscitate orders, and
  - e. Standards of conduct under R4-19-814.
14. Body structure and function, together with common diseases and conditions.
- G.** Curriculum sequence: A nursing assistant training program shall provide a student with a minimum of 16 hours instruction in the subjects identified in subsections (F)(1) through (F)(6) before allowing a student to care for patients or residents.
- H.** Skills: A nursing assistant instructor shall verify and document that the following skills are satisfactorily performed by each student before allowing the student to perform the skill on a patient or resident without the instructor present:
- 1. Hand hygiene, gloving and gowning; and

- 2. Skills in subsection (F)(7), (8) and (11)(a), (c), (d), (f), and (g).

**I.** One-year approval: following receipt and review of a complete initial application as specified in R4-19-804 the Board may approve the program for a period that does not exceed one year, if requirements are met, without a site visit.

**J.** A Medicare or Medicaid certified long-term care facility-based program shall provide in its initial and each renewal application, a signed, sworn, and notarized document, executed by the program coordinator, affirming that the program does not require a nursing assistant student to pay a fee for any portion of the program including the initial attempt on the state competency exam.

more than three students for the next 12 hours of each student's clinical experience; and no more than five students for the next 16 hours of each student's clinical experience;

**C. Clinical and classroom hour requirements and resources**

1. A medication assistant training program shall ensure each graduate received a minimum of 100 hours of total instruction consisting of:
  - a. Instructor-led didactic instruction for a minimum of 45 hours;
  - b. Instructor supervised skill practice and testing for a minimum of 15 hours;
  - c. Instructor supervised medication administration for a minimum of 40 hours in a long-term care facility licensed by the Department of Health Services.
2. A medication assistant program shall ensure that equipment and supplies are in functional condition and sufficient in number for each enrolled student to practice required skills in subsection (D)(3) and (D)(4). At a minimum, the program shall provide the following:
  - a. A medication cart similar to one used in the clinical practice facility;
  - b. Simulated medications and packaging consistent with resident medications;
  - c. Pill crushers, pill splitters, medication cups and hand hygiene supplies;
  - d. Medication administration record forms; and
  - e. Current drug references, calculator and any other equipment used to administer medications safely.

**D. Curriculum: a medication assistant training program shall provide classroom and clinical instruction in each of the following subjects.**

1. Role of certified medication assistant (CMA) in Arizona including allowable acts, conditions, delegation and restrictions;
2. Principles of medication administration including:
  - a. Terminology,
  - b. Laws affecting drug administration,
  - c. Drug references,

**R4-19-804. Initial Approval and Re-Approval of Training Programs**

- A.** An applicant for initial training program approval shall submit an application packet to the Board at least 90 days before the expected starting date of the program. An applicant shall submit application documents in an electronic format.
- B.** The Board may impose disciplinary action including denial on any training program that has advertised, conducted classes, recruited or collected money from potential students before receiving Board approval or after expiration of approval except for completing instruction to students who enrolled before the expiration date.
- C.** A program applying for initial approval shall include all of the following in their application packet:
  1. Name, address, web address, telephone number, e-mail address and fax number of the program;
  2. Identity of all program owners or sponsoring institutions;
  3. Name, license number, telephone number, e-mail address and qualifications of the program coordinator as required in R4-19-802;
  4. Name, license number, telephone number, e-mail address and qualifications of each program instructor including clinical instructors as required in either R4-19-802 for NA programs or R4-19-803 for CMA programs;
  5. Name, telephone number, e-mail address and qualifications any person with administrative oversight of the training program, such as an owner, supervisor or director;
  6. Accreditation status of the training program, if any, including the name of the accrediting body and date of last review;
  7. Name, address, telephone number and contact person, for all health care institutions which will be clinical sites for the program;
  8. Medicare certification status of all clinical sites, if any;
  9. Evidence of program compliance with this Article including all of the following:
    - a. Program description that includes the length of the program, number of hours of clinical, laboratory and classroom instruction, and program goals consistent with federal, state, and if applicable, private postsecondary requirements;
    - b. A list and description of classroom facilities, equipment, and instructional tools the program will provide;
    - c. Written curriculum and course schedule according to the provisions of this Article;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- d. A copy of the documentation that the program will use to verify student attendance, instructor presence and skills;
  - e. Copy of signed, current clinical contracts;
  - f. The title, author, name, year of publication, and publisher of all textbooks the program will require students to use;
  - g. A copy of course policies and any other materials that demonstrate compliance with this Article and the statutory requirements in Title 32, Chapter 15;
  - h. A plan to evaluate the program that meets requirements in R4-19-801(A)(10);
  - i. An implementation plan including start date and a description of how the program will provide oversight to ensure all requirements of this Article are met;
  - j. A self-assessment checklist of the application contents and their location in the application, on a form provided by the Board; and
  - k. Other requirements as requested consistent with R4-19-802 for nursing assistant programs and R4-19-803 for medication assistant programs.
- D. Re-approval of Training Programs**
- 1. A training program applying for re-approval shall submit an electronic application and accompanying materials to the Board before expiration of the current approval. A program or site of a consolidated program that did not hold any classes in the previous approval period is not eligible for renewal of approval.
  - 2. The program shall include the following with the renewal application:
    - a. A program description and course goals;
    - b. Name, license number, and qualifications of current program personnel;
    - c. A copy of the current curriculum which meets the applicable requirements in either R4-19-802 or R4-19-803;
    - d. The dates of each program offering, number of students who have completed the program, and the results of the state-approved written and manual skills tests, including first-time pass rates since the last program review;
    - e. A copy of current program policies, consistent with R4-19-801;
    - f. Any change in resources, contracts, or clinical facilities since the previous approval or changes that were not previously reported to the Board;
    - g. The program evaluation plan with findings regarding required evaluation elements under R4-19-801(A)(10);
    - h. The title, author, year of publication, and publisher of the textbook used by the program;
    - i. Copies of the redacted records of one program graduate;
    - j. The total number of enrolled students and graduates for each year since the last approval;
    - k. The total number of persons taking the state-approved exam in the past two years; if the number is less than 10, a comprehensive plan to increase program enrollment;
    - l. A self-assessment checklist of the application contents and their location in the application, on a form provided by the Board; and
    - m. Other requirements as requested consistent with R4-19-802 for nursing assistant programs and R4-19-803 for medication assistant programs.
- E.** Upon determination of administrative completeness of either an initial or renewal application, the Board, through its authorized representative, shall schedule and conduct a site visit of a NA program, unless one year only approval is granted on an initial application. The Board may conduct a site visit of a CMA program. Site visits are for the purpose of verifying compliance with this Article. Site visits may be conducted in person or through the use of distance technology.
- F.** Following an evaluation of the program application and a site visit, if applicable, the Board may approve or renew the approval of the program for two years for a nursing assistant program and up to four years for a medication assistant program, if the program renewal application and site visit findings, as applicable, meet the requirements of this Article, and A.R.S. Title 32, Chapter 15 and renewal is in the best interest of the public. If the program does not meet these requirements, the Board may issue a notice of deficiency under R4-19-805 or take disciplinary action.
- G.** A program may request an administrative hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for program approval or renewal of approval. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- H.** The owner, operator, administrator or coordinator of a program that is denied approval or renewal of approval shall not be eligible to conduct, own or operate a new or existing program for a period of two years from the date of denial.

**R4-19-805. Deficiencies and Rescission of Program Approval, Unprofessional Program Conduct, Voluntary Termination, Disciplinary Action, and Reinstatement**

**A. Deficiencies**

- 1. Upon determining that a training program has not complied with this Article, the Board s may issue a written notice of deficiency to the program. The Board shall establish a reasonable period of time, based upon the number and severity of deficiencies, for correction of the deficiencies. Under no circumstances, however, shall the period for correction of deficiencies exceed six months.
  - a. Within ten days from the date that the notice of deficiency is served, the program shall submit a plan of correction to the Board.
  - b. The Board, through its authorized representative, may approve the plan of correction or require modifications to the plan if the plan does not adequately address the deficiencies.
  - c. The Board may conduct periodic evaluations and site visits during the period of correction to ascertain

## CHAPTER 19. BOARD OF NURSING

- the program's progress toward correcting the deficiencies.
- d. The Board shall evaluate the program's compliance, at a regularly scheduled Board meeting following the period of correction to determine whether the program has corrected the deficiencies.
2. The Board may rescind the approval of a training program or take other disciplinary action under A.R.S. § 32-1663, based on the number and severity of violations if the program engages in any of the following:
    - a. Failure to submit a plan of correction to the Board within ten days of service of a notice of deficiency.
    - b. Failure to comply with the requirements of this Article within the period set by the Board in the notice of deficiency;
    - c. Noncompliance with federal, state, or, if applicable, private postsecondary requirements;
    - d. Failure to permit a scheduled or unannounced Board site visit or failure to allow a Board representative access to program documents, staff or students during a site visit or investigation;
    - e. Loaning or transferring Board program approval to another entity or facility, including a facility with the same ownership;
    - f. Offering, advertising, recruiting, or enrolling students in a training program before Board approval is granted;
    - g. Conducting a training program after expiration of Board approval without filing an application for renewal of approval before the expiration date;
    - h. For a long-term care based nursing assistant program, charging for any portion of the program;
    - i. Committing an act of unprofessional program conduct.
- B. Unprofessional program conduct.** A notice of deficiency or a disciplinary action including denial of approval or rescission of approval may be issued against a training program for any of the following acts of unprofessional conduct:
1. Failing to maintain minimum standards of acceptable and prevailing educational practice;
  2. Any violation of this Article;
  3. Utilization of students as labor rather than for educational purposes in a health care facility;
  4. Failing to follow the program's or parent institution's mission or goals, program design, objectives, or policies;
  5. Failing to provide the classroom, laboratory or clinical teaching hours required by this Article or described in the program description;
  6. Enrolling students in a program without adequate faculty, facilities, or clinical experiences, as required by this Article;
  7. Permitting unqualified persons to supervise teaching-learning experiences in any portion of the program;
  8. Failing to comply with Board requirements within designated timeframes;
  9. Engaging in fraud, misrepresentation or deceit in advertising, recruiting, promoting or implementing the program;
  10. Making a false, inaccurate or misleading statement to the Board or the Board's designee in the course of an investigation, or on any application or information submitted to the Board or on the program's public website;
  11. Failing to supervise students in the clinical setting in accordance with this Article or allowing more than the maximum students per clinical instructor prescribed in this Article;
12. Engaging in any other conduct that gives the Board reasonable cause to believe the program's conduct may be a threat to the safety or welfare of students, faculty, patients or the public.
13. Failing to:
    - a. Furnish in writing a full and complete explanation of a matter reported pursuant to A.R.S. § 32-1664, or
    - b. Respond to a subpoena issued by the Board;
  14. Failing to take appropriate action to safeguard a patient's or resident's welfare or follow policies and procedures of the program or clinical site designed to safeguard the patient or resident;
  15. Failing to promptly provide make-up classroom, laboratory, or clinical hours, with adequate notice to students, equivalent educational content, and reasonable scheduling, when shortages of hours were caused by the program or program instructors;
  16. Failing to promptly remove, or adequately discipline or train, program instructors whose conduct violates this Article or may be a threat to the safety or welfare of students, patients, residents, or the public.
  17. Engaging in retaliatory, threatening, or intimidating conduct toward current, prospective or former program students, instructors, other staff, or the public, who make complaints about any aspect of the program to program staff or the Board.
- C. Disciplinary Action.** If the Board issues disciplinary action against the approval of a nursing assistant or medication assistant training program, the program may request a hearing by filing a written request with the Board within 30 days of service of the Board's order. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10, and 4 A.A.C. 19, Article 6.
- D. Voluntary termination**
1. If a training program is voluntarily terminating before renewal, the program shall submit a written notice of termination to the Board.
  2. The program coordinator shall continue the training program, including retaining necessary instructors, until the last student is transferred or has completed the training program.
  3. Within 15 days after the termination of a training program, the administrator or a program representative shall notify the Board in writing of the permanent location and availability of all program records.
  4. A program that fails to renew its approval with the Board shall be considered voluntarily terminated unless there is a complaint against the program.
- E. Re-issuance of approval**
1. If the Board revokes the approval of a training program, the owner, administrator or coordinator of the revoked program may apply for re-issuance of program approval after a period of two years by complying with the requirements of this Article. The owner, administrator and coordinator of a program that had its approval revoked shall not own, administer or coordinate a training program for a period of two years from the date of program revocation.
  2. If the Board, in lieu of revocation, accepts a voluntarily surrender of a program's approval, the program's owner, administrator or coordinator may apply for reissuance of the program's approval after a period of two years. The

owner, administrator and coordinator of a program that voluntarily surrendered its approval shall not own, administer or coordinate a training program for a period of two years from the date of the surrender of approval.

3. A training program owner, administrator or coordinator whose program approval was voluntarily surrendered or that had its approval rescinded or revoked shall submit a complete reissuance application packet in writing that contains all of the information and documentation required of programs applying for initial approval. In addition, the program shall provide substantial evidence that the basis for revocation or voluntary surrender no longer exist and that reissuance of program approval is in the best interest of the public.
4. The Board may reissue approval to a training program that meets the requirements of this Article. A program that is denied reissuance of approval may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying reissuance. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.

**R4-19-809. Nursing Assistant Licensure and Medication Assistant Certificate Renewal**

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- A.** An applicant for renewal of a LNA license or a CMA certificate shall:
1. Submit a verified application to the Board on a form furnished by the Board that provides all of the following information about the applicant:
    - a. Full legal name, address of record including county of residence, e-mail address and telephone number;
    - b. Marital status and ethnicity at the applicant's discretion;
    - c. Current health care employer including name, address, telephone number, dates of employment and type of setting;
    - d. If the applicant fails to meet the practice requirements in subsections (A)(2) for nursing assistant or (A)(3) for medication assistant renewal, documentation that the applicant has completed a Board-approved training program for the licensure or certification sought and passed both the written and manual skills portions of the competency examination within the past two years;
    - e. Responses to questions that address the applicant's background:
      - i. Any investigation or disciplinary action by a nursing regulatory agency or nursing assistant regulatory agency in the United States or its territories not previously disclosed by the applicant to the Board;
      - ii. Felony conviction or conviction of undesignated offense and date of absolute discharge of sentence since licensed, certified or last renewed, and
      - iii. Unprofessional conduct committed by the applicant as defined in A.R.S. § 32-1601 since the time of last renewal and not previously disclosed by the applicant to the Board;
      - iv. Any disciplinary action or investigation related to the applicant's nursing or nursing assistant license or medication assistant certificate, nursing assistant certificate or registry listing by any other state regulatory agency since issuance of the license or certificate, or since last renewal and not previously disclosed to the Board.
      - v. Explanation and supporting documentation for each affirmative answer to questions regarding the applicant's background;
    - f. For LNA renewal, employment as a nursing assistant, performing nursing assistant tasks for an employer or the applicant's performance of nursing assistant activities as part of a nursing or allied health program for a minimum of 160 hours every two years since the last license or certificate was issued, or
    - g. For CMA renewal, employment as a medication assistant for a minimum of 160 hours within the last 2 years, and
    - h. Pay applicable fees according to A.R.S. § 32-1643 and R4-19-808.
- B.** An applicant's license or certificate expires every two years on the last day of the applicant's birth month. If an applicant fails to timely renew the license or certificate, the applicant shall:
1. Not work or practice as an LNA or CMA until the Board issues a renewal license or certificate; and
  2. Pay any late fee imposed by the Board.
- C.** If an applicant's license or certificate was, or is currently, revoked, surrendered, denied, suspended or placed on probation in another jurisdiction, the applicant is not eligible to renew or reactivate the applicant's Arizona license or certificate until a review or investigation has been completed and a decision made by the Board.
- D.** The Board may renew an LNA license and CMA certificate of an applicant who meets the criteria established in statute and this Article. An applicant who is denied renewal of a license or certificate may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying renewal of the license or certificate. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6 of this Chapter.

**R4-19-810. Certified Nursing Assistant Registry; Licensed Nursing Assistant Registry**

- A.** The Board shall maintain a Certified Nursing Assistant (CNA) Registry and a Licensed Nursing Assistant (LNA) Registry. All individuals listed in either Registry shall provide proof to the Board, either directly or through the Board's test vendor, of legal presence in the United States as specified in A.R.S. § 41-1080. Both Registries meet the requirements of A.R.S. § 32-1606(B)(11).
1. To be placed on the CNA Registry, an applicant shall either:
    - a. Have successfully completed an approved nursing assistant training program and passed the nursing assistant written and manual skills competency evaluation within the past two years; or
    - b. For endorsement, be listed on another state's nursing assistant registry.
  2. To renew CNA Registry status under A.R.S. § 32-1642(E), an applicant shall submit an application that includes verified statements establishing:
    - a. Whether applicant has performed nursing assistant or nursing related services for at least eight hours within the past 24 months. An applicant must complete this work requirement to be eligible for renewal.
    - b. Whether the applicant's listing on any registry in any other state includes documented findings of abuse, neglect or misappropriation of property.
  3. The Executive Director shall include the following information in the CNA Registry for each registered individual:
    - a. Full legal name and any other names used;
    - b. Address of record;
    - c. County of residence;
    - d. The date of initial placement on the registry;

**R4-19-813. Performance of Nursing Assistant Tasks; Performance of Medication Assistant Tasks**

- A.** A CNA or LNA may perform the following tasks as delegated by a licensed nurse:
- 1. Tasks for which the nursing assistant has been trained through the curriculum identified in R4-19-802, and
  - 2. Tasks learned through inservice or educational training if the task meets the following criteria and the nursing assistant has demonstrated competence performing the task:
    - a. The task can be safely performed according to clear, exact, and unchanging directions;
    - b. The task poses minimal risk to the patient or resident and the consequences of performing the task improperly are not life-threatening or irreversible;
    - c. The results of the task are reasonably predictable; and
    - d. Assessment, interpretation, or decision-making is not required during the performance or at the completion of the task.
- B.** A licensed nursing assistant who is also certified as a medication assistant under A.R.S. § 32-1650.02 may administer medications under the conditions imposed by A.R.S. § § 32-1650 through 32-1650.07.
- C.** A licensed nursing assistant under this Article shall:
- 1. Recognize the limits of the licensee's personal knowledge, skills, and abilities;
  - 2. No change
  - 3. Inform the registered nurse, licensed practical nurse, or another person authorized to delegate the task about the licensee's ability to perform the task before accepting the assignment;
  - 4. Accept delegation, instruction, and supervision from a licensed nurse or another person authorized to delegate a task;
  - 5. Not perform any task that requires a judgment based on nursing knowledge;
  - 6. Acknowledge responsibility for personal actions necessary to complete an accepted assigned task;
  - 7. Follow the plan of care, if available;
  - 8. Observe, report, and record signs, symptoms, and changes in the patient or resident's condition in an ongoing and timely manner; and
  - 9. Retain responsibility for all assigned tasks without delegating any tasks to another person.

## CHAPTER 19. BOARD OF NURSING

2. Engaging in sexual conduct with a patient, resident, or any member of the patient's or resident's family who does not have a pre-existing relationship with the licensee or any conduct while on duty or in the presence of a patient or resident that a reasonable person would interpret as sexual;
3. Leaving an assignment or abandoning a patient or resident who requires care without properly notifying the immediate supervisor;
4. Failing to accurately and timely document care and treatment provided to a patient or resident, including, for a CMA, medications administered or not administered;
5. Falsifying or making a materially incorrect entry in a health care record;
6. Failing to follow an employer's policies and procedures, designed to safeguard the patient or resident;
7. Failing to take action to protect a patient or resident whose safety or welfare is at risk from potential or actual incompetent health care practice, or to report the practice to the immediate supervisor or a facility administrator;
8. Failing to report signs, symptoms, and changes in patient or resident conditions to the immediate supervisor in an ongoing and timely manner;
9. Violating the rights or dignity of a patient or resident;
10. Violating a patient or resident's right of privacy by disclosing confidential information or knowledge concerning the patient or resident, unless disclosure is otherwise required by law;
11. Neglecting or abusing a patient or resident physically, verbally, emotionally, or financially;
12. Failing to immediately report to a supervisor and the Board any observed or suspected abuse or neglect, including a resident or patient's report of abuse or neglect;
13. Soliciting, or borrowing, property or money from a patient or resident, or any member of the patient's or resident's family, or the patient's or resident's guardian;
14. Soliciting or engaging in the sale of goods or services unrelated to the licensee's health care assignment with a patient or resident, or any member of the patient or resident's immediate family, or guardians;
15. Removing, without authorization, any money, property, or personal possessions, or requesting payment for services not performed from a patient, resident, employer, co-worker, or member of the public.
16. Repeated use or being under the influence of alcohol, medication, or any other substance to the extent that judgment may be impaired and practice detrimentally affected or while on duty in any work setting;
17. Accepting or performing patient or resident care tasks that the licensee lacks the education, competence or legal authority to perform;
18. Removing, without authorization, narcotics, drugs, supplies, equipment, or medical records from any work setting;
19. Obtaining, possessing, using, or selling any narcotic, controlled substance, or illegal drug in violation of any employer policy or any federal or state law;
20. Permitting or assisting another person to use the licensee's license or CMA certificate holder's certificate or identity for any purpose;
21. Making untruthful or misleading statements in advertisements of the individual's practice as a licensed nursing assistant or certified medication assistant;
22. Offering or providing licensed nursing assistant or certified medication assistant services for compensation without a designated registered nurse supervisor;
23. Threatening, harassing, or exploiting an individual;
24. Using violent or abusive behavior in any work setting;
25. Failing to cooperate with the Board during an investigation by:
  - a. Not furnishing in writing a complete explanation of a matter reported under A.R.S. § 32-1664;
  - b. Not responding to a subpoena or written request for information issued by the Board;
  - c. Not completing and returning a Board-issued questionnaire within 30 days; or
  - d. Not informing the Board of a change of address or phone number within 10 days of each change;
26. Cheating on the competency exam or providing false information on an initial or renewal application for licensure or certification;
27. Making a false or inaccurate statement to the Board or the Board's designee during the course of an investigation;
28. Making a false or misleading statement on a nursing assistant, medication assistant or health care related employment or credential application;
29. If an applicant, licensee or CMA certificate holder is charged with a felony or a misdemeanor, involving conduct that may affect patient safety, failing to notify the Board, in writing, within 10 working days of being charged under A.R.S. § 32-3208. The applicant, licensee or CMA certificate holder shall include the following in the notification:
  - a. Name, current address, telephone number, Social Security number, and license and certificate number, if applicable;
  - b. Date of the charge; and
  - c. Nature of the offense;
30. Failing to notify the Board, in writing, of a conviction for a felony or an undesignated offense within 10 days of the conviction. The applicant, licensee or CMA certificate holder shall include the following in the notification:
  - a. Name, current address, telephone number, Social Security number, and license and CMA certificate number, if applicable;
  - b. Date of the conviction;
  - c. Nature of the offense;
31. For a medication assistant, performance of any acts associated with medication administration not specifically authorized by A.R.S. § 32-1650 et seq; and
32. Practicing in any other manner that gives the Board reasonable cause to believe that the health of a patient, resident, or the public may be harmed.
33. Violation of any other state or federal laws, rules or regulations.

**Historical Note**

**R4-19-815. Reissuance or Subsequent Issuance of a Nursing Assistant License or Medication Assistant Certificate**

- A.** A person whose LNA license or CMA certificate was denied, revoked, or voluntarily surrendered according to A.R.S. § 32-1663 may apply to the Board to issue or re-issue the license or certificate:
  - 1. Five years from the date of denial or revocation, or
  - 2. In accordance with the terms of a voluntary surrender agreement.
- B.** A person who applies for issuance or re-issuance of a license or certificate under the conditions of subsection (A) is subject to the following terms and conditions:
  - 1. The applicant shall submit a written application for issuance or re-issuance of the license or certificate that contains substantial evidence that the basis for surrendering, denying, or revoking the license or certificate has been removed and that the issuance or re-issuance of the license or certificate will not be a threat to public health or safety.
  - 2. Safe practice:
    - a. According to A.R.S. § 32-1664(F), the Board for reasonable cause may require a combination of mental, physical, nursing competency, psychological, or psychiatric evaluations, or any combination of evaluations, reports, and affidavits that the Board considers necessary to determine the person's competence and conduct to safely practice as an LNA or CMA.
    - b. The Board may require the applicant to be tested for competency, or retake and successfully complete a Board approved training program and pass the required examination, all at the applicant's expense.
- C.** The Board shall consider the application, and may designate a time for the applicant to address the Board at a regularly scheduled meeting.
- D.** After considering the application, the Board may:
  - 1. Grant certification or licensure, with or without conditions or limitations, or
  - 2. Deny the application.
- E.** An applicant who is denied issuance or re-issuance of LNA licensure or CMA certification may request a hearing by filing a written request with the Board within 30 days of service of the Board's order. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6, of this Chapter.

**Historical Note**

rulemaking at 26 A.A.R. 3289, with an immediate effective date of December 2, 2020 (Supp. 20-4).

**ARTICLE 9. LICENSED HEALTH AIDE****R4-19-901. Standards for Licensed Health Aide (LHA) Training Programs**

- A.** Organization and Administration: An LHA program may be offered only by an entity:
  - 1. Approved by Board;
  - 2. Approved by the Arizona Department of Health Services as a Medicare-certified home health agency service provider; and
  - 3. That meets the requirements of A.R.S. § 36-2939.
- B.** Instructor qualifications. An LHA instructor shall:
  - 1. Hold a current, registered nurse license that is active and in good standing or multistate privilege to practice as an RN under A.R.S. Title 32, Chapter 15;
  - 2. Possess at least two years of direct care nursing experience in pediatrics or medical/surgical care including medication administration, tracheostomy care, and enteral care and therapy for persons under 21 years of age.
- C.** Curriculum: An LHA program shall provide a basic curriculum that includes: nursing assistant skills, medication administration, tracheostomy care; and enteral care and therapy for persons under 21 years of age.
- D.** Competency Examination: An LHA program shall provide to the Board for approval a competency examination that includes a written portion and successful performance of the following skills for persons under 21 years of age, and specific to the LHA's singular patient:
  - 1. Nursing assistant skills,
  - 2. Medication administration,
  - 3. Tracheostomy care, and
  - 4. Enteral care and therapy.
- E.** Training requirements: The LHA program shall train and evaluate the LHA, both in writing and performance of LHA skills, as to the applicable, required competencies related to the healthcare needs of the individual patient for whom the LHA provides care; and provide ongoing assessments as to safety of LHA when performing LHA tasks.
- F.** Program Certificate Requirements: Upon satisfactory completion of the basic curriculum, the LHA program shall issue a program certificate to those students who demonstrate the skills and ability to safely administer care to the individual patient for whom they provide care.

**Historical Note**

New Section made by final exempt rulemaking (the Board solicited comments on draft rules) at 28 A.A.R. 111 (January 7, 2022), with an effective date of January 2, 2022 (Supp. 21-4).

**R4-19-902. Initial Approval and Renewal of Approval of LHA Training Programs**

- A.** An applicant for initial training program approval shall submit an electronic application packet to the Board at least 90 days before the expected starting date of the program.
- B.** A program applying for initial approval shall include all of the following in its application packet:
  - 1. Name, address, web address, telephone number, e-mail address and fax number of the program;
  - 2. Identity of all program owners or sponsoring institutions;
  - 3. Evidence of program compliance with all of the following:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 19. BOARD OF NURSING

- a. Program description that includes the length of the program, number of hours of instruction;
- b. A copy of the documentation that the program will use to verify student knowledge and skills;
- c. A copy of course policies and any other materials that demonstrate compliance with R4-19-901;
- C. A program seeking renewal of its approval shall submit an application for renewal containing the information required in this Section at least 90 days prior to the expiration of its current approval.
- D. LHA program approvals and renewals shall be for a period of four years.

**Historical Note**

**R4-19-903. Rescission of Program Approval, Unprofessional Program Conduct, Voluntary Termination, Disciplinary Action, and Reinstatement**

- A. The Board may take disciplinary action against an LHA program, including rescinding program approval, for any of the following acts of unprofessional conduct:
  - 1. Failing to comply with Board requirements within designated timeframes;
  - 2. Making a false, inaccurate or misleading statement to the Board or the Board's designee in the course of an investigation, or on any application or information submitted to the Board or on the program's public website;
  - 3. Engaging in any other conduct that gives the Board reasonable cause to believe the program's conduct may be a threat to the safety or welfare of students, instructors, patients or the public.
  - 4. Failing to:
    - a. Furnish in writing a full and complete explanation of a matter reported pursuant to A.R.S. § 32-1664, or
    - b. Respond to a subpoena issued by the Board;
  - 5. Failing to promptly remove, or adequately discipline or train, program instructors whose conduct violates this Article or may be a threat to the safety or welfare of students, patients, or the public.
- B. Disciplinary Action. An LHA program may request a hearing prior to the imposition of any disciplinary action by the Board by filing a written request with the Board within 30 days of service of the Board's notice of charges. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10, and 4 A.A.C. 19, Article 6.
- C. Voluntary termination.
  - 1. An LHA program that seeks to voluntarily terminate the program before its next renewal shall submit a written notice of termination to the Board.
  - 2. The program shall continue the training program, including retaining necessary instructors, until the last enrolled student has transferred or completed the training program.
  - 3. Within 15 days after the termination of a training program, a program representative shall notify the Board in writing of the permanent location and availability of all program records.
  - 4. A program that fails to renew its approval with the Board shall be considered voluntarily terminated unless there is a complaint against the program.

**Historical Note**

New Section made by final exempt rulemaking (the Board solicited comments on draft rules) at 28 A.A.R. 111 (January 7, 2022), with an effective date of January 2, 2022 (Supp. 21-4).

**R4-19-904. Licensed Health Aide (LHA) Licensure, Renewals, and Patient Safety Referral**

- A. An applicant for initial licensed health aide (LHA) licensure shall submit the following to the Board:
  - 1. A verified application on a form furnished by the Board that provides the following information about the applicant:
    - a. Full legal name and any and all former names used by the applicant;
    - b. Current address of record, including county of residence, e-mail address and telephone number;
    - c. Place and date of birth;
    - d. Social Security number;
    - e. Relationship to the patient that meets the definition of "family member" in R4-19-101;
    - f. Patient age and enrollment status in Arizona Long Term Care System ("ALTCS").
  - 2. Proof of satisfactory completion of an LHA training program that meets the requirements of this Article within the past two years;
  - 3. Proof the applicant has satisfactorily completed an LHA competency examination approved by the Board.
  - 4. Proof of United States citizenship or alien status as specified in A.R.S. § 41-1080; and
  - 5. Applicable fees under A.R.S. § 32-1643.
- B. An applicant who is denied licensure or certification may request a hearing by filing a written request with the Board within 30 days of service of the Board's order denying the application for certification. Hearings shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 10 and 4 A.A.C. 19, Article 6.
- C. An applicant's license expires every four years. If an applicant fails to timely renew the license, the applicant shall not work as an LHA until the board issues a renewal license. To renew LHA licensure, an applicant shall:
  - 1. Pay applicable fees pursuant to A.R.S. § 32-1643;
  - 2. Submit proof that applicant's patient still meets the age and eligibility requirements of A.R.S. § 36-2939;
  - 3. Submit a statement on a form provided by the Board and completed by the applicant's home health agency employer or support coordinator confirming that applicant has adequately maintained the skills and knowledge required for safe LHA care of the applicant's patient.
- D. The Board shall maintain a list, published on its website, of all LHA licensees.
- E. The Board shall submit a safety referral for any LHA for whom the Board has concerns regarding potential patient neglect or abuse to the Arizona Department of Economic Security.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

ications, and which collects, controls, and maintains all transaction information.

“Automated storage and distribution system” means a mechanical system that performs operations or activities other than counting, compounding, or administration, relative to the storage, packaging, or distributing of drugs or devices and that collects, controls, and maintains all transaction information.

“Batch” means a specific quantity of drug that has uniform character and quality, within specified limits, and is produced according to a single manufacturing order during the same cycle of manufacture.

“Beyond-use date” means:

A date determined by a pharmacist and placed on a prescription label at the time of dispensing to indicate a time beyond which the contents of the prescription are not recommended to be used; or

A date determined by a pharmacist and placed on a compounded pharmaceutical product’s label at the time of preparation as specified in R4-23-410(B)(3)(d), R4-23-410(I)(6)(e), or R4-23-410(J)(1)(d) to indicate a time beyond which the compounded pharmaceutical product is not recommended to be used.

“Biological safety cabinet” means a containment unit suitable for the preparation of low to moderate risk agents when there is a need for protection of the product, personnel, and environment, consistent with National Sanitation Foundation (NSF) standards, published in the National Sanitation Foundation Standard 49, Class II (Laminar Flow) Biohazard Cabinetry, NSF International P. O. Box 130140, Ann Arbor, MI, revised June 1987 edition, (and no future amendments or editions), incorporated by reference and on file with the Board.

“Care-giver” means a person who cares for someone who is sick or disabled or an adult who cares for an infant or child and includes a patient’s husband, wife, son, daughter, mother, father, sister, brother, legal guardian, nurse, or medical practitioner.

“Change of ownership,” as used in A.R.S. § 32-1901.01(A), means a change of at least 30 percent in voting stock or vested interest that has direct operational oversight.

“Community pharmacy” means any place under the direct supervision of a pharmacist where the practice of pharmacy occurs or where prescription orders are compounded and dispensed other than a hospital pharmacy or a limited service pharmacy.

“Component” means any ingredient used in compounding or manufacturing drugs in dosage form, including an ingredient that may not appear in the finished product.

“Compounding and dispensing counter” means a pharmacy counter working area defined in this Section where a pharmacist, intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist compounds, mixes, combines, counts, pours, or prepares and packages a prescription medication to dispense an individual prescription order or prepackages a drug for future dispensing.

“Computer system” means an automated data-processing system that uses a programmable electronic device to store, retrieve, and process data.

“Computer system audit” means an accounting method, involving multiple single-drug usage reports and audits, used to determine a computer system’s ability to store, retrieve, and process original and refill prescription dispensing information.

“Contact hour” means 50 minutes of participation in a continuing education activity sponsored by an Approved Provider.

“Container” means:

A receptacle, as described in the official compendium or the federal act, that is used in manufacturing or compounding a drug or in distributing, supplying, or dispensing the finished dosage form of a drug; or

A metal receptacle designed to contain liquefied or vaporized compressed medical gas and used in manufacturing, transfilling, distributing, supplying, or dispensing a compressed medical gas.

“Continuing education” means a structured learning process required of a licensee to maintain licensure that includes study in the general areas of socio-economic and legal aspects of health care; the properties and actions of drugs and dosage forms; etiology, characteristics and therapeutics of disease status; or pharmacy practice.

“Continuing education activity” means continuing education obtained through an institute, seminar, lecture, conference, workshop, mediated instruction, programmed learning course, or postgraduate study in an accredited college or school of pharmacy.

“Continuing education unit” or “CEU” means 10 contact hours of participation in a continuing education activity sponsored by an Approved Provider.

“Continuous quality assurance program” or “CQA program” means a planned process designed by a pharmacy permittee to identify, evaluate, and prevent medication errors.

“Correctional facility” has the same meaning as in A.R.S. §§ 13-2501 and 31-341.

“CRT” means a cathode ray tube or other mechanism used to view information produced or stored by a computer system.

“CSPMP” means the Controlled Substances Prescription Monitoring Program established under A.R.S. Title 36, Chapter 28.

“Current good compounding practices” means the minimum standards for methods used in, and facilities or controls used for, compounding a drug to ensure that the drug has the identity and strength and meets the quality and purity characteristics it is represented to possess.

“Current good manufacturing practice” means the minimum standard for methods used in, and facilities or controls used for manufacturing, processing, packing, or holding a drug to ensure that the drug meets the requirements of the federal act as to safety, and has the identity and strength and meets the quality and purity characteristics it is represented to possess.

“Cytotoxic” means a pharmaceutical that is capable of killing living cells.

“Day” means a calendar day unless otherwise specified.

“DEA” means the Drug Enforcement Administration as defined in A.R.S. § 32-1901.

Lump-sum inheritance payments,

Lump-sum insurance payments, or

Payments made to compensate for personal injury.

“Verified signature” or “signature verifying” means in relation to a Board license or permit application or report, form, or agreement, the hand-written or electronic signature of an individual who, by placing a hand-written or electronic signature on a hard-copy or electronic license or permit application or report, form, or agreement agrees with and verifies that the statements and information within or attached to the license or permit application or report, form, or agreement are true in every respect and that inaccurate reporting can result in denial or loss of a license or permit or report, form, or agreement.

“Veteran” means an individual who has served in the United States Armed Forces.

“Virtual manufacturer” means an entity that contracts for the manufacture of a drug or device for which the entity:

Owns the New Drug Application or Abbreviated New Drug Application number, as defined by the FDA, for a drug;

Owns the Unique Device Identification number, as defined by the FDA, for a prescription device;

Is not involved in the physical manufacture of the drug or device; and

Contracts with an Arizona-permitted manufacturing entity for the physical manufacture of the drug or device; or

If the contracted manufacturing entity is in a location not included in the definition at A.R.S. 32-1901 of other jurisdiction, the virtual manufacturer ensures the facility is inspected every time the virtual manufacturer submits an initial or renewal application and determined to comply with current good manufacturing practices as defined by the federal act and the official compendium.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

Virtual manufacturer includes an entity that may be identified as an own-label distributor, which contracts with a manufacturer to produce a drug or device and with another entity to package and label the drug or device, which is then sold under the distributor's name or another name.

"Virtual wholesaler" means an entity that engages in the wholesale distribution of a drug or device in, into, or out of Arizona but does not take physical possession of the drug or device. A virtual wholesaler distributes a drug or device only from a Board-permitted facility to:

A Board-permitted pharmacy, drug manufacturer, full-service drug wholesaler, or non-prescription drug wholesaler; or

A medical practitioner licensed under A.R.S. Title 32; and

Virtual wholesaler includes an entity that may be identified as a broker that buys and sells goods for others or a person that facilitates distribution of a drug, chemical, or device regulated by the Board.

"Wholesale distribution" means distribution of a drug to a person other than a consumer or patient, but does not include:

Selling, purchasing, or trading a drug or offering to sell, purchase, or trade a drug for emergency medical reasons. For purposes of this Section, "emergency medical reasons" includes transferring a prescription drug by a community or hospital pharmacy to another community or hospital pharmacy to alleviate a temporary shortage;

Selling, purchasing, or trading a drug, offering to sell, purchase, or trade a drug, or dispensing a drug as specified in a prescription;

Distributing a drug sample by a manufacturers' or distributors' representative; or

Selling, purchasing, or trading blood or blood components intended for transfusion.

"Wholesale distributor" means any person engaged in wholesale distribution of drugs, including: manufacturers; repackers; own-label distributors; private-label distributors; jobbers; brokers; warehouses, including manufacturers' and distributors' warehouses, chain drug warehouses, and wholesale drug warehouses; independent wholesale drug traders; and retail pharmacies that conduct wholesale distributions in the amount of at least 5% of gross sales.

Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1).

**R4-23-111. Notice of Hearing**

**A.** Except as provided in A.R.S. § 32-1928(B), the Board shall revoke, suspend, place on probation, or fine a licensee or permittee only after:

1. Notice is served under this Section, and
2. A hearing is conducted under R4-23-122.

**B.** The Board shall give notice of hearing to a party at least 30 days before the date set for the hearing in the manner described in R4-23-115(E) and (F). The notice shall include:

1. A statement of the date, time, place, and nature of the hearing;
2. A statement of the legal authority and jurisdiction for the hearing;
3. A reference to the particular section or sections of statute and rule involved; and
4. A statement of the violation or issue asserted by the Board.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-112. Ex Parte Communications**

A party shall not communicate, either directly or indirectly, with a Board member about any substantive issue in a pending matter unless:

1. All parties are present;
2. It is during a scheduled proceeding, where an absent party fails to appear after proper notice; or
3. It is by written motion with copies to all parties.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-113. Motions**

- A. Purpose. A party requesting a ruling from the Board shall file a motion. Motions may be made for rulings such as:
  1. Continuing or expediting a hearing under R4-23-116;
  2. Vacating a hearing under R4-23-117;
  3. Scheduling a prehearing conference under R4-23-118;
  4. Quashing a subpoena under R4-23-119;
  5. Requesting telephonic testimony under R4-23-120; and
  6. Reconsidering a previous order under R4-23-121.
- B. Form. Unless made during a prehearing conference or hearing, motions shall be made in writing and shall conform to the requirements of R4-23-115. All motions, whether written or oral, shall state the factual and legal grounds supporting the motion, and the requested action.
- C. Time limits. Absent good cause, or unless otherwise provided by law or these rules, written motions shall be filed with the Board office at least 15 days before the hearing. A party demonstrates good cause by showing that the grounds for the motion could not have been known in time, using reasonable diligence and:
  1. A ruling on the motion will further administrative convenience, expedition or economy; or
  2. A ruling on the motion will avoid undue prejudice to any party.
- D. Response to motion. A party shall file a written response stating any objection to the motion within five days of service, or as directed by the Board.
- E. Oral argument. A party may request oral argument when filing a motion or response. If necessary to develop a complete record, the Board shall grant oral argument.
- F. Rulings. Rulings on motions, other than those made during a prehearing conference or the hearing, shall be in writing and served on all parties.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-114. Computing Time**

In computing any time period, the Board shall exclude the day from which the designated time period begins to run. The Board shall include the last day of the period unless it falls on a Saturday, Sunday, or legal holiday. When the time period is 10 days or less, the Board shall exclude Saturdays, Sundays, and legal holidays.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-115. Filing Documents**

- A. Docket. The Board shall open a docket for each hearing. All documents filed in a matter with the Board shall be date stamped on the day received by the Board office and entered in the docket.
- B. Definition. "Documents" include papers such as complaints, answers, motions, responses, notices, and briefs.
- C. Form. A party shall state on the document the name and address of each party served and how service was made under subsection (E). A document shall contain the Board caption and the Board's docket number.
- D. Signature. A document filed with the Board shall be signed by the party or the party's attorney. A signature constitutes a certification that the signer has read the document, has a good faith basis for submission of the document, and that it is not filed for the purpose of delay or harassment.
- E. Filing and service. A copy of a document filed with the Board shall be served on all parties. Filing with the Board office and service shall be completed by personal delivery; first-class, certified, or express mail; or facsimile.
- F. Date of filing and service. A document is filed with the Board on the date it is received by the Board office, as established by the Board office's date stamp on the face of the document. A copy of a document is served on a party as follows:
  1. On the date it is personally served,
  2. Five days after it is mailed by first-class or express mail,
  3. On the date of the return receipt if it is mailed by certified mail, or
  4. On the date indicated on the facsimile transmission.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-116. Continuing or Expediting a Hearing; Reconvening a Hearing**

- A. Continuing or expediting a hearing. When ruling on a motion to continue or expedite, the Board shall consider such factors as:
  1. The time remaining between the filing of the motion and the hearing date;
  2. The position of other parties;
  3. The reasons for expediting the hearing or for the unavailability of the party, representative, or counsel on the date of the scheduled hearing;
  4. Whether testimony of an unavailable witness can be taken telephonically or by deposition; and
  5. The status of settlement negotiations.
- B. Reconvening a hearing. The Board may recess a hearing and reconvene at a future date by a verbal ruling.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-117. Vacating a Hearing**

The Board shall vacate a calendared hearing and return the matter to the Board office for further action, if:

1. The parties agree to vacate the hearing;
2. The Board dismisses the matter;
3. The non-Board party withdraws the appeal; or
4. Facts demonstrate to the Board that it is appropriate to vacate the hearing for the purpose of informal disposition, or if the action will further administrative convenience, expedition, and economy and does not conflict with law or cause undue prejudice to any party.

**Historical Note**

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-118. Prehearing Conference**

- A. Procedure. The Board may hold a prehearing conference. The conference may be held telephonically. The Board may issue a prehearing order outlining the issues to be discussed.
- B. Record. The Board may record any agreements reached during a prehearing conference by electronic or mechanical means, or memorialize them in an order.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-119. Subpoenas**

- A. Form. A party wanting the Board to issue a subpoena shall submit a written request to the Board and include:
  - 1. The caption and docket number of the matter;
  - 2. A list or description of any documents sought;
  - 3. The full name and home or business address of the custodian of the documents sought or all persons to be subpoenaed;
  - 4. The date, time, and place to appear or to produce documents according to the subpoena; and
  - 5. The name, address, and telephone number of the party, or the party's attorney, requesting the subpoena.
- B. The Board may require a brief statement of the relevance of testimony or documents requested.
- C. Service of subpoena. The Board shall serve a subpoena in a manner allowed by law.
- D. Objection to subpoena. If a party or the person served with a subpoena objects to the subpoena or any portion of the subpoena, the party or person may file an objection with the Board within five days after service of the subpoena or at the start of the hearing if the subpoena is served fewer than five days before the hearing.
- E. Quashing or modifying subpoenas. The Board shall quash or modify a subpoena if:
  - 1. It is unreasonable or oppressive, or
  - 2. The desired testimony or evidence may be obtained by an alternative method.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 30 A.A.R. 155 (January 26, 2024), effective March 4, 2024 (Supp. 24-1).

**R4-23-120. Telephonic Testimony**

The Board may grant a motion for telephonic testimony if:

- 1. Personal attendance by a party or witness at the hearing will present an undue hardship for the party or witness;
- 2. Telephonic testimony will not cause undue prejudice to any party; and
- 3. The proponent of the telephonic testimony pays for any cost of obtaining the testimony telephonically.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-121. Rights and Responsibilities of Parties**

- A. Generally. A party may present testimony and documentary evidence and argument with respect to the contested issue and may examine and cross-examine witnesses.

- B. Preparation. A party shall have all witnesses, documents, and exhibits available on the date of the hearing.
- C. Exhibits. A party shall provide a copy of each exhibit to all other parties at the time the exhibit is offered to the Board, unless the exhibit was previously provided to all other parties.
- D. Responding to orders. A party shall comply with an order issued by the Board concerning the conduct of a hearing. Unless an objection is made orally during a pre-hearing conference or hearing, a party shall file a motion requesting the Board to reconsider the order.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-122. Conduct of Hearing**

- A. Public access. Unless otherwise provided by law, all hearings are open to the public and may be conducted in an informal manner as prescribed in A.R.S. § 41-1092 et seq.
- B. Opening. The Board shall begin the hearing by reading the caption, stating the nature and scope of the hearing, and identifying the parties, counsel, and witnesses for the record.
- C. Stipulations. The Board shall enter into the record any stipulation, settlement agreement, or consent order entered into by any of the parties before or during the hearing.
- D. Opening statements. The party with the burden of proof may make an opening statement at the beginning of a hearing. All other parties may make statements in a sequence determined by the Board.
- E. Order of presentation. After opening statements, the party with the burden of proof shall begin the presentation of evidence, unless the parties agree otherwise or the Board determines that requiring another party to proceed first would be more expeditious or appropriate, and would not prejudice any other party. Copies of documentary evidence may be received in the discretion of the Board. Upon request, parties shall be given an opportunity to compare the copy with the original.
- F. Examination. A party shall conduct direct and cross examination of witnesses in the order and manner determined by the Board to expedite and ensure a fair hearing. The Board shall make rulings necessary to prevent argumentative, repetitive, or irrelevant questioning and to expedite the examination to the extent consistent with the disclosure of all relevant testimony and information. The Board may take notice of judicially cognizable facts. In addition, the Board may take notice of generally recognized technical or scientific facts within the Board's or its staff's specialized knowledge. A party shall be notified either before or during the hearing or by reference in preliminary reports of the material the Board notices. The Board may use the Board's or its staff's experience, technical competence, and specialized knowledge in the evaluation of the evidence.
- G. Closing argument. When all evidence has been received, parties shall have the opportunity to present closing oral argument, in a sequence determined by the Board. The Board may permit or require closing oral argument to be supplemented by written memoranda. The Board may permit or require written memoranda to be submitted simultaneously or sequentially, within time periods the Board may prescribe.
- H. Conclusion of hearing. Unless otherwise provided by the Board, the hearing is concluded upon the submission of all evidence, the making of final argument, and the issuing of a final decision or order of the Board.
- I. Decisions and orders. Unless otherwise provided by law, any final decisions or order adverse to a party in a hearing shall be in writing or stated in the record. Any final decision shall

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

include findings of fact and conclusions of law, separately stated. Findings of fact shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings. Unless otherwise provided by law, each party shall be notified either personally or by mail to the party's last known address of record of any decision or order. Upon request, a copy of the decision or order shall be delivered or mailed to each party and to each party's attorney of record.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-123. Failure of Party to Appear for Hearing**

If a party fails to appear at a hearing, the Board may proceed with the presentation of the evidence of the appearing party, or vacate the hearing and return the matter to the Board office for any further action.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-124. Witnesses; Exclusion from Hearing**

All witnesses at the hearing shall testify under oath or affirmation. At the request of a party, or at the discretion of the Board, the Board may exclude witnesses who are not parties from the hearing room so that they cannot hear the testimony of other witnesses.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-125. Proof**

- A. Standard of proof. Unless otherwise provided by law, the standard of proof is a preponderance of the evidence.
- B. Burden of proof. Unless otherwise provided by law:
  - 1. The party asserting a claim, right, or entitlement has the burden of proof;
  - 2. A party asserting an affirmative defense has the burden of establishing the affirmative defense; and
  - 3. The proponent of a motion shall establish the grounds to support the motion.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-126. Disruptions**

A person shall not interfere with access to or from the hearing room, or interfere, or threaten interference with the hearing. If a person interferes, threatens interference, or disrupts the hearing, the Board may order the disruptive person to leave or be removed.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-127. Hearing Record**

- A. Maintenance. The Board shall maintain the official administrative record of a matter.
- B. Transfer of record. Any party requesting a copy of the administrative record or any portion of the administrative record shall make a request to the Board office and shall pay the reasonable costs of duplication.
- C. Release of exhibits. Exhibits shall be released:
  - 1. Upon the order of a court of competent jurisdiction; or

- 2. Upon motion of the party who submitted the exhibits if the time for judicial appeal has expired and no appeal is pending.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-128. Rehearing or Review and Appeal of Decision**

- A. The Board shall provide for a rehearing and review of its decisions under A.R.S. Title 41, Chapter 6, Article 10, and this Section. For purposes of these rules, the terms "contested case" and "party" are defined in A.R.S. § 41-1001.
- B. A party to a contested case shall exhaust the party's administrative remedies by filing a motion for rehearing or review within 30 days after the service of the Board decision that is subject to rehearing or review in order to be eligible for judicial review under A.R.S. Title 12, Chapter 7, Article 6. The Board shall notify a party in its decision, that is subject to rehearing or review, that the party may file a motion for rehearing or review, and that failure to file a motion for rehearing or review within 30 days after service of the decision has the effect of prohibiting the party from seeking judicial review of the Board's decision.
- C. A party may amend a motion for rehearing or review at any time before the Board rules on the motion.
- D. The Board may grant a rehearing or review for any of the following reasons materially affecting a party's rights:
  - 1. Irregularity in the proceedings of the Board, or any order or abuse of discretion, that deprived the moving party of a fair hearing;
  - 2. Misconduct of the Board, its staff, its hearing officer, or the prevailing party;
  - 3. Accident or surprise that could not have been prevented by ordinary prudence;
  - 4. Newly discovered material evidence that could not, with reasonable diligence, have been discovered and produced at the hearing;
  - 5. Excessive or insufficient penalty;
  - 6. Error in the admission or rejection of evidence or other errors of law occurring at the hearing or during the progress of the proceedings;
  - 7. That the Board's decision is a result of passion or prejudice; or
  - 8. That the findings of fact or decision is not justified by the evidence or is contrary to law.
- E. The Board may affirm or modify a decision or grant a rehearing to all or any of the parties on all or part of the issues for any of the reasons in subsection (D). An order modifying a decision or granting a rehearing shall specify with particularity the grounds for the order.
- F. If a motion for rehearing or review is based upon affidavits, they shall be served with the motion. An opposing party may, within 15 days after service, serve opposing affidavits. The Board may extend this period for a maximum of 20 days, for good cause as described in subsection (I).
- G. Not later than 10 days after the date of a decision, after giving parties notice and an opportunity to be heard, the Board may grant a rehearing or review on its own initiative for any reason for which it might have granted relief on the motion of a party. The Board may grant a motion for rehearing or review, timely served, for a reason not stated in the motion.
- H. If a rehearing is granted, the Board shall hold the rehearing within 60 days after the order granting the rehearing is issued.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- I. The Board may extend all time limits listed in this Section upon a showing of good cause. A party demonstrates good cause by showing that the grounds for the party's motion or other action could not have been known in time, using reasonable diligence, and a ruling on the motion will:
1. Further administrative convenience, expedition, or economy; or
  2. Avoid undue prejudice to any party.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**R4-23-129. Notice of Judicial Appeal; Transmitting the Transcript**

- A. Notification to the Board office. Within 10 days of filing a complaint for judicial review of a final administrative decision of the Board, the party shall file a copy of the complaint with the Board office. The Board office shall then transmit the administrative record to the Superior Court.
- B. Transcript. A party requesting a transcript shall arrange for transcription at the party's expense. The Board office shall make a copy of the audio taped record available to the transcriber. The party arranging for transcription shall deliver the transcript, certified by the transcriber under oath to be a true and accurate transcription of the audio taped record, to the Board office, together with one unbound copy.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1132, effective May 1, 2004 (Supp. 04-1).

**ARTICLE 2. PHARMACIST LICENSURE****R4-23-201. General**

- A. License required. Before practicing as a pharmacist in Arizona, a person shall possess a valid pharmacist license issued by the Board.
- B. Methods of licensure. Licensure as a pharmacist shall be by:
1. Examination using a Board-approved testing method; or
  2. Reciprocity, as provided under A.R.S. § 32-1922(B).
- C. The Board may reinstate the license of a pharmacist who is practicing pharmacy in another jurisdiction and has an Arizona license that lapsed at least five years ago if the pharmacist:
1. Passes the MPJE or other Board-approved jurisprudence examination, and
  2. Pays all fees and penalties specified under A.R.S. § 32-1925(C).
- D. The Board may reinstate the license of a pharmacist who has not practiced pharmacy within the last 12 months before seeking reinstatement and whose Arizona license lapsed at least five years ago if the pharmacist:
1. Completes the requirements in subsection (C), and
  2. Appears before the Board to furnish satisfactory proof of fitness to be licensed as a pharmacist.
- E. Verification of license. A pharmacy permittee or pharmacist-in-charge shall not allow a person to practice as a pharmacist until the pharmacy permittee or pharmacist-in-charge verifies the person is currently licensed by the Board as a pharmacist.

**R4-23-202. Licensure by Examination**

- A. Eligibility. To be eligible for licensure as a pharmacist by examination, a person shall:
1. Have a degree in pharmacy from an approved school or college of pharmacy; or
  2. Qualify under the requirements of A.R.S. § 32-1922(D).
- B. Application.
1. An applicant for licensure by examination shall:
    - a. Submit a completed application on a form furnished by the Board, and
    - b. Submit with the application form:
      - i. The documents specified in the application form, and
      - ii. The application fee specified in R4-23-205.
  2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.
  3. An applicant for licensure by examination shall register for the NAPLEX and jurisprudence examination through NABP's registration process. When NABP determines the applicant is eligible to test, NABP will issue an authorization to test.
  4. The Board shall deem an application for licensure by examination invalid 12 months after the date the application is received. An applicant whose application form is invalid and who wishes to continue licensure procedures, shall submit a new application form and fee as specified under subsection (B)(1).
- C. Passing grade; notification; re-examination.
1. To pass the required examinations, an applicant shall receive a passing grade on both the NAPLEX and jurisprudence examination.
  2. The Board office shall retrieve an applicant's NAPLEX and jurisprudence examination scores from the NABP database no later than two weeks after the applicant's examination date.
  3. An applicant who fails the NAPLEX or jurisprudence examination may register with the NABP to retake the examination within the 12-month period defined in subsection (B)(4). An applicant who fails the NAPLEX or jurisprudence examination three times shall petition the Executive Director as specified in R4-23-401 for approval before retaking the examination. If the applicant fails the NAPLEX or jurisprudence examination four times, the applicant shall petition the Board as specified in R4-23-401 for Board consideration before taking the examination for a last time.
  4. For the purpose of licensure by examination, the Board office shall deem a passing score on the NAPLEX or jurisprudence examination invalid 24 months after the applicant's examination date. An applicant who fails to complete the licensure process within the 24-month period, and who wishes to continue licensure procedures, shall retake the examination or examinations.
- D. NAPLEX score transfer.
1. The Board office shall deem a score transfer received on the date the NABP transmits the applicant's official score transfer report to the Board office.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

2. An applicant who receives a passing score on the NAPLEX taken in another jurisdiction shall, within 12 months after the date the Board office receives the applicant's official NABP score transfer report, make application for licensure according to subsection (B). After 12 months, an applicant may reapply for licensure in this state under the provisions of subsection (B) or R4-23-203(B).
- E. Licensure.**
1. The Board office shall issue a certificate of licensure and a wall license to a successful applicant.
  2. A licensee shall maintain the certificate of licensure in the practice site for inspection by the Board or its designee or review by the public.
- F. Time frames for licensure by examination.**
1. The Board office shall complete an administrative completeness review within 60 days after the date the application form is received.
    - a. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the application form.
    - b. If the application form is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 60-day time frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
    - c. If the Board office does not provide the applicant with written notice regarding administrative completeness, the application form shall be deemed complete 60 days after receipt by the Board office.
  2. An applicant with an incomplete application form shall submit all of the missing information within 90 business days after service of the notice of incompleteness. If an applicant cannot submit all missing information within 90 business days after service of the notice of incompleteness, the applicant may send a written notice of a 30-day extension to the Board office postmarked or delivered no later than 90 business days after service of the notice of incompleteness.
  3. If an applicant fails to submit a complete application form within the time allowed under subsection (F)(2), the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a license shall apply again according to subsection (B).
  4. The Board office shall complete a substantive review of the applicant's qualifications in no more than 120 days after the date on which the administrative completeness review of an application form is complete.
    - a. The Board office shall deem the application invalid 12 months after the date the application for licensure by examination is received.
    - b. If the Board office finds deficiencies during the substantive review of the applicant's qualifications, the Board office shall issue a written request to the applicant for additional documentation.
    - c. The 120-day time frame for a substantive review is suspended from the date of a written request for additional documentation until the date all documentation is received. The applicant shall submit the additional documentation according to subsection (F)(2).
    - d. If the applicant and the Board office agree in writing, the 120-day substantive review time frame may be extended once for no more than 45 days.
  5. For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time frames for licensure by examination.
    - a. Administrative completeness review time frame: 60 days.
    - b. Substantive review time frame: 120 days.
    - c. Overall time frame: 180 days.
- G. License renewal.**
1. To renew a license, a pharmacist shall submit a completed license renewal application on a form furnished by the Board with the biennial renewal fee specified in R4-23-205.
  2. If the biennial renewal fee is not paid by November 1 of the renewal year specified in A.R.S. § 32-1925, the pharmacist license is suspended and the licensee shall not practice as a pharmacist. The suspended licensee shall pay a reinstatement penalty as provided in A.R.S. § 32-1925 and R4-23-205 to vacate the suspension.
  3. A licensee shall maintain the renewal certificate of licensure in the practice site for inspection by the Board or its designee or review by the public.
  4. Time frames for license renewals. The Board office shall follow the time frames established in subsection (F) when processing a renewal application.

**R4-23-204. Continuing Education Requirements**

- A. Under A.R.S. § 32-1936, continuing professional pharmacy education is mandatory for all licensees.
- General continuing education requirement. In accordance with A.R.S. § 32-1925(F), the Board shall not renew a license unless the licensee has, during the two years preceding the application for renewal, participated in 30 contact hours (3.0 CEUs) of continuing education activity sponsored by an Approved Provider as defined in R4-23-110.
  - Special continuing education requirement. The Board shall not renew a license unless:
    - A licensee certified under R4-23-411 to administer immunizations, vaccines, and emergency medications has participated in at least two contact hours of continuing education activity related to administering immunizations, vaccines, and emergency medications;
    - A licensee authorized to dispense controlled substances has participated in at least three contact hours of opioid-related, substance use disorder-related, or addiction-related continuing education activity; and
    - A licensee who dispenses self-administered hormonal contraceptives under a standing prescription order has participated in at least three contact hours of continuing education activity related to self-administered hormonal contraceptives.
  - A pharmacist is exempt from the continuing education requirement in subsections (A)(1) and (2) between the time of initial licensure and first renewal.
- B. Acceptance of continuing education units CEUs. The Board shall:
- Accept CEUs for continuing education activities sponsored only by an Approved Provider;
  - Accept CEUs accrued only during the two-year period immediately before licensure renewal;

- Not allow CEUs accrued in a biennial renewal period to be carried forward to the succeeding biennial renewal period;
- Allow a pharmacist who leads, instructs, or lectures to a group of health professionals on pharmacy-related topics in a continuing education activity sponsored by an Approved Provider to receive CEUs for a presentation by following the same attendance procedures as any other attendee of the continuing education activity; and
- Not accept as CEUs the performance of normal teaching duties within a learning institution by a pharmacist whose primary responsibility is the education of health professionals.

- C. Continuing education records and reporting CEUs. A pharmacist shall:
- Maintain continuing education records that:
    - Verify the continuing education activities the pharmacist participated in during the preceding five years; and
    - Consist of a statement of credit or a certificate issued by an Approved Provider at the conclusion of a continuing education activity;
  - At the time of licensure renewal, attest to the number of CEUs the pharmacist participated in during the renewal period on the biennial renewal form; and
  - When requested by the Board office, submit proof of continuing education participation within 20 days of the request.
- D. The Board may revoke, suspend, or place on probation the license of a pharmacist who fails to comply with continuing education participation, recording, or reporting requirements of this Section.
- E. A pharmacist who is aggrieved by any decision of the Board or its administrative staff concerning continuing education units may request a hearing before the Board.

**ARTICLE 3. INTERN TRAINING; INTERN PRECEPTORS****R4-23-301. Intern Licensure**

- A.** Licensure as an intern is for the purpose of complementing an individual's academic or experiential education in preparation for licensure as a pharmacist. An applicant may request a waiver of intern licensure requirements by submitting a written request as specified in R4-23-401 and appearing in person at a Board meeting.
- B.** The prerequisite for licensure as an intern is one of the following:
1. Current enrollment, in good standing, in an approved college or school of pharmacy;
  2. Graduation from a college or school of pharmacy along with:
    - a. Proof the applicant is certified by the Foreign Pharmacy Graduate Examination Committee (FPGEC), if applicable; or
    - b. Application for licensure as a pharmacist by examination or reciprocity; or
  3. By order of the Board if the Board determines the applicant needs intern training.
- C.** If an intern licensee stops attending pharmacy school classes without graduating, the licensee shall immediately stop practicing as an intern and surrender the intern license to the Board or the Board's designee no later than 30 days after the date of the last attended class, unless the licensee petitions the Board as specified in R4-23-401 and receives Board approval to continue working as an intern. A student re-entering a pharmacy program who wishes to continue internship training shall reapply for intern licensure.
- D.** Experiential training. The preceptor supervising an intern shall ensure the training received by the intern includes the activities and services encompassed by the term "practice of pharmacy" as defined in A.R.S. § 32-1901.
- E.** Out-of-state experiential training. The Board shall credit an intern for experiential training received outside this state if the Board determines the experiential training requirements of the jurisdiction in which the training was received are equal to the minimum requirements for experiential training in this state. An applicant seeking credit for experiential training received outside this state shall furnish a certified copy of the training records from:
1. The Board of Pharmacy or the intern licensing agency of the jurisdiction where the training was received; or
  2. In a jurisdiction without an intern licensing agency, the director of the applicant's approved college or school of pharmacy's experiential training program.
- F.** Verification of license. A pharmacy permittee or pharmacist-in-charge shall not allow an individual to practice as an intern until the pharmacy permittee or pharmacist-in-charge verifies the individual is currently licensed by the Board as an intern.
- G.** Intern application.
1. An applicant for licensure as an intern shall:
    - a. Submit a completed application on a form furnished by the Board, and
    - b. Submit with the application form:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- i. The documents specified in the application form, and
  - ii. The initial licensure fee specified in R4-23-205.
- 2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.
- H. Licensure.**
  - 1. If an applicant is found to be ineligible for intern licensure under statute and rule, the Board office shall issue a written notice of denial to the applicant.
  - 2. If an applicant is found to be eligible for intern licensure under statute and rule, the Board office shall issue a certificate of licensure and a wall license. An applicant who is assigned a license number and has been granted “open” status on the Board’s license verification site may begin practice as an intern before receiving the certificate of licensure.
  - 3. An applicant who is assigned a license number and has a “pending” status on the Board’s license verification site shall not practice as an intern until the Board office issues a certificate of licensure as specified in subsection (H)(2).
  - 4. A licensee shall maintain the certificate of licensure in the practice site for inspection by the Board or its designee or review by the public.
- I. Time frames for intern licensure.** The Board office shall follow the time frames established in R4-23-202(F).
- J. License renewal.**
  - 1. An intern whose license expires before the intern completes the education or training required for licensure as a pharmacist but fewer than six years after issuance of the initial intern license may renew the intern license for a period equal to the difference between the expiration date of the initial intern license and six years from the issue date of the initial intern license by paying a prorated renewal fee based on the intern initial license fee specified in R4-23-205.
  - 2. If an intern fails to graduate from an approved college or school of pharmacy within six years from the date the Board issues the initial intern license, the intern is not eligible for relicensure as an intern unless the intern obtains Board approval as specified in A.R.S. § 32-1923(E) and R4-23-401. To remain in good standing, an intern who receives Board approval for relicensure shall pay a prorated renewal fee for the number of months of licensure approved by the Board based on the intern initial license fee specified in R4-23-205 before the license expires.
  - 3. If an intern receives Board approval for relicensure and does not pay the renewal fee specified in subsection (J)(2) before the license expires, the intern license is suspended and the suspended licensee shall not practice as an intern until the suspended licensee pays a penalty as provided in A.R.S. § 32-1925 and R4-23-205 to vacate the suspension.
- K. Notification of training.** An intern who is employed as an intern outside the experiential training program of an approved college or school of pharmacy shall notify the Board within 10 days of starting or terminating training or changing training site.
- L. Change of address.** An intern shall notify the Board within 10 days after the intern’s employment or mailing address changes.

**R4-23-302. Training Site; Intern Preceptors; Training Time**

- A.** To receive credit for intern training hours, an intern shall train in a site that:
  - 1. Holds a valid Arizona pharmacy permit; or
  - 2. Is an alternative training site. For purposes of this Section, the term alternative training site is a non-pharmacy training site established and monitored by an approved college or school of pharmacy or other non-pharmacy site where pharmacy-related activities are performed and where an intern gains experience as specified in R4-23-301(D).
- B.** Intern preceptor. To be an intern preceptor, a pharmacist shall:
  - 1. Hold a current unrestricted pharmacist license;
  - 2. Have at least one year of experience as an actively practicing pharmacist; and
  - 3. If found guilty of violating any federal or state law relating to the practice of pharmacy, drug or device distribution, or recordkeeping or unprofessional conduct, enter into an agreement satisfactory to the Board that places restrictions on the pharmacist’s license.
- C.** Preceptor responsibilities. A preceptor is responsible for the actions of an intern during the training period. A preceptor shall give an intern the opportunity for skill development and provide the intern with timely and realistic feedback regarding the intern’s progress.
- D.** Training hours. An intern preceptor shall ensure the intern receives hours of experiential training consistent with the requirements of the ACPE.

**ARTICLE 4. PROFESSIONAL PRACTICES****R4-23-401. Time-frames for Board Approvals and Special Requests**

- A. To request a Board approval required by this Chapter or a special request to deviate from or waive compliance with a requirement of this Chapter, a person shall send a letter by regular mail, e-mail, or facsimile to the Board office, detailing the nature of the approval or special request, including the applicable Arizona Revised Statute or administrative code citation. This Section does not apply to a request from a person regarding the probation, suspension, or revocation of a license or permit.
- B. The Board office shall complete an administrative completeness review within 15 days from the date of receipt of a written request and immediately open a request file for the applicant.
  1. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the request.
  2. If the request is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 15-day time-frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
  3. If the Board office does not provide the applicant with notice regarding administrative completeness, the request is deemed complete 15 days after receipt by the Board office.
- C. An applicant with an incomplete request shall submit all of the missing information within 30 days of service of the notice of incompleteness.
  1. If an applicant cannot submit all missing information within 30 days of service of the notice of incompleteness, the applicant may send a written request for an extension

to the Board office post-marked or delivered no later than 30 days from service of the notice of incompleteness.

2. The written request for an extension shall document the reasons the applicant cannot meet the 30-day deadline.
3. The Board office shall review the request for an extension of the 30-day deadline and grant the request if the Board office determines that an extension of the deadline will enable the applicant to assemble and submit the missing information. An extension shall be for no more than 30 days. The Board office shall notify the applicant in writing of its decision to grant or deny the request for an extension. An applicant who requires an additional extension shall submit an additional written request according to subsections (C)(1) and (C)(2).
- D. If an applicant fails to submit a complete request within the time allowed, the Board office shall close the applicant's request file. An applicant whose request file is closed and who later wishes to obtain an approval or special request shall apply again according to subsection (A).
- E. From the date on which the administrative completeness review of a request is finished, the Board shall complete a substantive review of the applicant's request in no more than 120 days.
  1. The Board shall:
    - a. Approve the request,
    - b. Deny the request, or
    - c. If the Board determines deficiencies exist, request that the applicant produce additional documentation.
  2. If the Board approves or denies, the Board office shall issue a written approval or denial.
  3. If the Board finds deficiencies during the substantive review of a request, the Board office shall issue a written request to the applicant for additional documentation.
  4. The 120-day time-frame for a substantive review of a request for approval or special request is suspended from the date of a written request for additional documentation until the date of the next Board meeting after all documentation is received. The applicant shall submit the additional documentation according to subsection (C).
  5. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time-frame may be extended once for no more than 30 days.
- F. If the applicant fails to submit the additional information requested within the time allowed, the Board office shall close the applicant's request file. An applicant whose request file is closed and who later wishes to obtain an approval or special request shall apply again according to subsection (A).
- G. For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time-frames for a Board approval required by this Chapter or a special request to deviate from or waive compliance with a requirement of this Chapter:
  1. Administrative completeness review time-frame: 15 days;
  2. Substantive review time-frame: 120 days; and
  3. Overall time-frame: 135 days.

**R4-23-402. Pharmacist, Graduate Intern, and Pharmacy**

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

**Intern**

- A.** A pharmacist or a graduate intern or pharmacy intern under the supervision of a pharmacist shall perform the following professional practices in dispensing a prescription medication from a prescription order:
1. Receive, reduce to written form, and manually initial oral prescription orders;
  2. Obtain and record the name of the individual who communicates an oral prescription order;
  3. Obtain, or assume responsibility to obtain, from the patient, patient's agent, or medical practitioner and record, or assume responsibility to record, in the patient's profile, the following information:
    - a. Name, address, telephone number, date of birth (or age), and gender;
    - b. Individual history including known diseases and medical conditions, known drug allergies or drug reactions, and if available a comprehensive list of medications currently taken and medical devices currently used;
  4. Record, or assume responsibility to record, in the patient's profile, a pharmacist's, graduate intern's, or pharmacy intern's comments relevant to the patient's drug therapy, including other information specific to the patient or drug;
  5. Verify the legality and pharmaceutical feasibility of dispensing a drug based upon:
    - a. The patient's allergies,
    - b. Incompatibilities with medications the patient currently takes,
    - c. The patient's use of unusual quantities of dangerous drugs or narcotics,
    - d. A medical practitioner's signature, and
    - e. The frequency of refills;
  6. Verify that a dosage is within proper limits;
  7. Interpret the prescription order, which includes exercising professional judgment in determining whether to dispense a particular prescription;
  8. Compound, mix, combine, or otherwise prepare and package the prescription medication needed to dispense individual prescription orders;
  9. Prepackage or supervise the prepackaging of drugs by a pharmacy technician or pharmacy technician trainee under R4-23-1104. For drugs prepackaged by a pharmacy technician or pharmacy technician trainee, a pharmacist shall:
    - a. Verify the drug to be prepackaged;
    - b. Verify that the label meets the official compendium's standards;
    - c. Check the completed prepackaging procedure and product; and
    - d. Manually initial the completed label; or
    - e. For automated packaging systems, manually initial the completed label or a written log or initial a computer-stored log;
  10. Check prescription order data entry to ensure that the data input:
    - a. Is for the correct patient by verifying the patient's name, address, telephone number, gender, and date of birth or age;
    - b. Is for the correct drug by verifying the drug name, strength, and dosage form;
  - c. Communicates the prescriber's directions precisely by verifying dose, dosage form, route of administration, dosing frequency, and quantity; and
  - d. Is for the correct medical practitioner by verifying the medical practitioner's name, address, and telephone number;
  11. Except as provided in subsection (A)(12), make a final accuracy check of the completed prescription label including verification of medication, accuracy of patient's name, consistency with prescription order, and drug utilization review and initial in handwriting or by another method approved by the Board or its designee the finished label;
  12. If a technology-assisted verification of product program is used, make a final accuracy check of the completed prescription label including accuracy of patient's name, consistency with prescription order, and drug utilization review and initial in handwriting or by another method approved by the Board or its designee the finished label. If a technology-assisted verification of product program is used, verification of product is not required.
  13. Record, or assume responsibility to record, a prescription serial number and date dispensed on the original prescription order;
  14. Obtain, or assume responsibility to obtain, permission to refill a prescription order and record, or assume responsibility to record on the original prescription order:
    - a. Date dispensed,
    - b. Quantity dispensed, and
    - c. Name of medical practitioner or medical practitioner's agent who communicates permission to refill the prescription order;
  15. Reduce to written or printed form, or assume responsibility to reduce to written or printed form, a new prescription order received by:
    - a. Fax,
    - b. E-mail, or
    - c. Other means of communication;
  16. Verify, or assume responsibility to verify, that a completed prescription medication is sold only to the correct patient, patient's care-giver, or authorized agent;
  17. Record on the original prescription order the name or initials of the pharmacist, graduate intern, or pharmacy intern who originally dispenses the prescription order; and
  18. Record on the original prescription order the name or initials of the pharmacist, graduate intern, or pharmacy intern who dispenses each refill.
- B.** Only a pharmacist, graduate intern, or pharmacy intern shall provide oral consultation about a prescription medication to a patient or patient's care-giver in an outpatient setting, including a patient discharged from a hospital. The oral consultation is required whenever the following occurs:
1. The prescription medication has not been previously dispensed to the patient in the same strength or dosage form or with the same directions;
  2. The pharmacist, through the exercise of professional judgment, determines that oral consultation is warranted; or
  3. The patient or patient's care-giver requests oral consultation.
- C.** Oral consultation shall include:
1. Reviewing the name and strength of a prescription medication or name of a prescription-only device and the

- labeled indication of use for the prescription medication or prescription-only device;
2. Reviewing the prescription's directions for use;
  3. Reviewing the route of administration; and
  4. Providing oral information regarding special instructions and written information regarding side effects, procedure for missed doses, or storage requirements.
- D.** When, in the professional judgment of the pharmacist or graduate intern or pharmacy intern under the supervision of a pharmacist, or when circumstance precludes it, oral consultation may be omitted if the pharmacist, graduate intern, or pharmacy intern:
1. Personally provides written information to the patient or patient's care-giver that summarizes the information that would normally be orally communicated;
  2. Documents, or assumes responsibility to document, both the circumstance and reason for not providing oral consultation by a method approved by the Board or its designee; and
  3. Offers the patient or patient's care-giver the opportunity to communicate with a pharmacist, graduate intern, or pharmacy intern at a later time and provides a method for the patient or patient's care-giver to contact a pharmacist, graduate intern, or pharmacy intern at the pharmacy.
- E.** The pharmacist or graduate intern or pharmacy intern under the supervision of a pharmacist, through the exercise of professional judgment, may provide oral consultation that includes:
1. Common severe adverse effects, interactions, or therapeutic contraindications, and the action required if they occur;
  2. Techniques of self-monitoring drug therapy;
  3. The duration of the drug therapy; and
  4. Prescription refill information.
- F.** Nothing in subsection (B) requires a pharmacist, graduate intern, or pharmacy intern to provide oral consultation if a patient or patient's care-giver refuses the consultation.
- G.** Using a method approved by the Board or its designee, a pharmacist, graduate intern, or pharmacy intern shall document, or assume responsibility to document, that oral consultation is or is not provided.
- H.** Oral consultation documentation. When oral consultation is required as specified in subsection (B), a pharmacist, graduate intern, or pharmacy intern shall:
1. Document, or assume responsibility to document, that oral consultation is provided; or
  2. When a patient refuses oral consultation or a person other than the patient or patient's care-giver picks up a prescription and oral consultation is not provided, document, or assume responsibility to document, that oral consultation is not provided; or
  3. When a pharmacist, graduate intern, or pharmacy intern determines to omit oral consultation under subsection (D) and oral consultation is not provided, document, or assume responsibility to document, both the circumstance and reason that oral consultation is not provided; and
  4. Document, or assume responsibility to document, the name, initials, or identification code of the pharmacist, graduate intern, or pharmacy intern who did or did not provide oral consultation.
- I.** When a prescription is delivered to the patient or patient's care-giver outside the immediate area of a pharmacy and a pharmacist is not present, the prescription shall be accompanied by written or printed patient medication information that, in addition to the requirements in subsection (C), includes:
1. Approved use for the prescription medication;
  2. Possible adverse reactions;
  3. Drug-drug, food-drug, or disease-drug interactions;
  4. Missed dose information; and
  5. Telephone number of the dispensing pharmacy or another method approved by the Board or its designee that allows a patient or patient's care-giver to consult with a pharmacist.
- J.** A prescription medication or prescription-only device, delivered to a patient at a location where a licensed health care professional is responsible for administering the prescription medication to the patient, is exempt from the requirement of subsection (C).
- K.** A pharmacist, graduate intern, or pharmacy intern shall wear a badge indicating name and title while on duty.
- L.** Nothing in this Section prevents a hospital pharmacist from accepting a prescription order according to rules pertaining specifically to hospital pharmacies.

**R4-23-404. Unethical Practices**

- A.** Rebates prohibited. A pharmacist or pharmacy permittee shall not offer, deliver, receive, or accept any unearned rebate, refund, commission, preference, patronage dividend, discount, or other unearned consideration, whether in the form of money or otherwise, as compensation or inducement to refer a patient, client, or customer to any person, except for a rebate or premium paid completely and directly to a patient. A pharmacist or pharmacy permittee shall not:
1. Make payment to a medical practitioner in money or other consideration for a prescription order prescribed by the medical practitioner; or
  2. Make payment to a long-term care or assisted living facility or other health care institution in money, discount,

rental, or other consideration in an amount above the prevailing rate for:

- a. Prescription medication or devices dispensed or sold for a patient or resident of the facility or institution; or
- b. Drug selection or drug utilization review services, drug therapy management services, or other pharmacy consultation services provided for a patient or resident of the facility or institution.

**B.** Prescription order-blank advertising prohibited. A pharmacist or pharmacy permittee shall not:

1. Directly or indirectly furnish to a medical practitioner a prescription order-blank that refers to a specific pharmacist or pharmacy in any manner; or
2. Actively or passively participate in any arrangement or agreement where a prescription order-blank is prepared, written, or issued in a manner that refers to a specific pharmacist or pharmacy.

**C.** Fraudulent claim for service. A pharmacist or pharmacy permittee shall not claim the performance of a service that the pharmacist or pharmacy permittee knows or should know was not performed, such as, claiming to dispense a prescription medication that is not dispensed.

**D.** Fraudulent claim for a fee. A pharmacist or pharmacy permittee:

1. Shall not claim a fee for a service that is not performed or earned;
2. May divide a prescription order into two or more portions of prescription medication at the request of a patient, or for some other ethical reason, and charge a dispensing fee for the additional service; and
3. Shall not divide a prescription order merely to obtain an additional fee.

**E.** Prohibiting a prescription-only drug or device from being dispensed over the counter. A pharmacist shall ensure that:

1. A prescription-only drug or device is dispensed only after receipt of a valid prescription order from a licensed medical practitioner;
2. The dispensed prescription-only drug or device is properly prepared, packaged, and labeled according to this Chapter; and
3. The prescription order is filed according to this Chapter.

**F.** Drugs dispensed in the course of the conduct of a business of dispensing drugs through diagnosis by mail or the internet.

1. A pharmacist shall not dispense a drug from a prescription order if the pharmacist has knowledge, or reasonably should know under the circumstances, that the prescription order was issued on the basis of an internet-based questionnaire or an internet-based consultation without a medical practitioner-patient relationship as defined in R4-23-110.
2. A pharmacist who dispenses a prescription-only drug, prescription-only device, or controlled substance in violation of this Section is engaging in unethical conduct in violation of A.R.S. § 32-1901.01.

**Historical Note**

Section repealed by final rulemaking at 10 A.A.R. 230, effective March 6, 2004 (Supp. 04-1).

**R4-23-407. Prescription Requirements**

**A.** Prescription orders. A pharmacist shall ensure that:

1. A prescription order the pharmacist uses to dispense a drug or device includes the following information:
  - a. Date of issuance;
  - b. Name and address of the patient for whom or the owner of the animal for which the drug or device is dispensed;
  - c. Drug name, strength, and dosage form or device name;
  - d. Name of the manufacturer or distributor of the drug or device if the prescription order is written generically or a substitution is made;
  - e. Prescribing medical practitioner's directions for use;
  - f. Date of dispensing;
  - g. Quantity prescribed and if different, quantity dispensed;
  - h. For a prescription order for a controlled substance, the medical practitioner's address and DEA number;
  - i. For a written prescription order, the medical practitioner's signature;
  - j. For an electronically transmitted prescription order, the medical practitioner's digital or electronic signature;
  - k. For an oral prescription order, the medical practitioner's name and telephone number; and
  - l. Name or initials of the dispensing pharmacist;
2. A prescription order is kept by the pharmacist or pharmacy permittee as a record of the dispensing of a drug or device for seven years from the date the drug or device is dispensed;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

3. The dispensing of a drug or device complies with the packaging requirements of the official compendium and state and federal law; and
4. If the drug dispensed is a schedule II controlled substance that is an opioid, the drug is placed in a container that has a red cap and a warning label stating "CAUTION: OPIOID, Risk of Overdose and Addiction" or other similarly clear language indicating the possibility of overdose and addiction. Under delegation from the Board, the Executive Director may waive the red-cap requirement if implementing the requirement is not feasible because of the specific dosage form or packaging type.
- B.** Prescription refills. A pharmacist shall ensure that the following information is recorded on the back of a prescription order when it is refilled:
  1. Date refilled,
  2. Quantity dispensed,
  3. Name or approved abbreviation of the manufacturer or distributor if the prescription order is written generically or a substitution is made, and
  4. The name or initials of the dispensing pharmacist.
- C.** Prescription order adaptation. Except for a prescription order for a controlled substance, a pharmacist, using professional judgment, may make the following adaptations to a prescription order if the pharmacist documents the adaptation in the patient's record:
  1. Change the prescribed quantity if the prescribed quantity is not a package size commercially available from the manufacturer;
  2. Change the prescribed dosage form or directions for use if the change achieves the intent of the prescribing medical practitioner;
  3. Complete missing information on the prescription order if there is sufficient evidence to support the change; and
  4. Extend the quantity of a maintenance drug for the limited quantity necessary to achieve medication refill synchronization for the patient.
- D.** A pharmacist may furnish a copy of a prescription order to the patient for whom it is prescribed or to the authorized representative of the patient if the copy is clearly marked "COPY FOR REFERENCE PURPOSES ONLY" or other similar statement. A copy of a prescription order is not a valid prescription order and a pharmacist shall not dispense a drug or device from the information on a copy.
- E.** Transfer of prescription order information. For a transfer of prescription order information to be valid, a pharmacy permittee or pharmacist-in-charge shall ensure that:
  1. Both the original and the transferred prescription order are maintained for seven years after the last dispensing date;
  2. The original prescription order information for a Schedule III, IV, or V controlled substance is transferred only as specified in 21 CFR 1306.25;
  3. The original prescription order information for a non-controlled substance drug is transferred without limitation only up to the number of originally authorized refills;
  4. For a transfer within Arizona:
    - a. The transfer of original prescription order information for a non-controlled substance drug meets the following conditions:
      - i. The transfer of information is communicated electronically, verbally, or by fax directly between:
        - (1) Two licensed pharmacists,
        - (2) A licensed pharmacist and a licensed intern, or
        - (3) Two licensed interns;
      - ii. The following information is recorded by the transferring pharmacist or intern:
        - (1) The word "void" is written on the face of the invalidated original prescription unless it is an electronic or oral transfer and the transferred prescription order information is invalidated in the transferring pharmacy's computer system; and
        - (2) The name and identification code, number, or address and telephone number of the pharmacy to which the prescription is transferred, the name of the receiving pharmacist or intern, the date of transfer, and the name of the transferring pharmacist or intern is written on the back of the prescription or entered into the transferring pharmacy's computer system; and
      - iii. The following information is recorded by the receiving pharmacist or intern on the transferred prescription order:
        - (1) The word "transfer;"
        - (2) Date of issuance of the original prescription order;
        - (3) Original number of refills authorized on the original prescription order;
        - (4) Date of original dispensing;
        - (5) Number of valid refills remaining and the date of the last refill;
        - (6) Name and identification code, number, or address, telephone number, and original prescription number of the pharmacy from which the prescription is transferred;
        - (7) Name of the transferring pharmacist or intern; and
        - (8) Name of the receiving pharmacist or intern;
    - b. The transfer of original prescription order information for a Schedule III, IV, or V controlled substance meets the following conditions:
      - i. The transfer of information is communicated directly between two licensed pharmacists or interns electronically or verbally;
      - ii. The following information is recorded by the transferring pharmacist or intern:
        - (1) The word "void" is written on the face of the invalidated original prescription order unless it is an electronic or oral transfer and the transferred prescription order information is invalidated in the transferring pharmacy's computer system; and
        - (2) The name, address, and DEA number of the pharmacy to which the prescription is transferred, the name of the receiving pharmacist, the date of transfer, and the name of the transferring pharmacist is written on the back of the prescription order or entered into the transferring pharmacy's computer system; and
      - iii. The following information is recorded by the receiving pharmacist on the transferred prescription order:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- (1) The word “transfer;”
  - (2) Date of issuance of original prescription order;
  - (3) Original number of refills authorized on the original prescription order;
  - (4) Date of original dispensing;
  - (5) Number of valid refills remaining and the date of the last refill;
  - (6) Name, address, DEA number, and original prescription number of the pharmacy from which the prescription is transferred;
  - (7) Name of the transferring pharmacist; and
  - (8) Name of the receiving pharmacist;
5. For a transfer from out-of-state:
  - a. The transfer of original prescription order information for a non-controlled substance drug meets the conditions in subsections (E)(4)(a)(i) and (E)(4)(a)(iii); and
  - b. The transfer of original prescription order information for a Schedule III, IV, or V controlled substance meets the conditions in subsections (E)(4)(b)(i) and (E)(4)(b)(iii); and
6. For an electronic transfer, the electronic transfer of original prescription order information meets the following conditions:
  - a. The electronic transfer is between pharmacies owned by the same company using a common or shared database;
  - b. The electronic transfer of original prescription order information for a non-controlled substance drug is performed by a pharmacist or intern, pharmacy technician trainee, or pharmacy technician under the supervision of a pharmacist;
  - c. The electronic transfer of original prescription order information for a controlled substance is performed between two licensed pharmacists;
  - d. The electronic transfer of original prescription order information for a non-controlled substance drug meets the following conditions:
    - i. The transferring pharmacy’s computer system:
      - (1) Invalidates the transferred original prescription order information;
      - (2) Records the identification code, number, or address of the pharmacy to which the prescription order information is transferred;
      - (3) Records the name or identification code of the receiving pharmacist, intern, pharmacy technician trainee, or pharmacy technician; and
      - (4) Records the date of transfer; and
    - ii. The receiving pharmacy’s computer system:
      - (1) Records that a prescription transfer occurred;
      - (2) Records the date of issuance of the original prescription order;
      - (3) Records the original number of refills authorized on the original prescription order;
      - (4) Records the date of original dispensing;
      - (5) Records the number of valid refills remaining and the date of the last refill;
      - (6) Records the identification code, number, or address and original prescription number of the pharmacy from which the prescription is transferred;
  - e. The electronic transfer of original prescription order information for a controlled substance meets the following conditions:
    - i. The transferring pharmacy’s computer system:
      - (1) Invalidates the transferred original prescription order information;
      - (2) Records the identification code, number, or address, and DEA number of the pharmacy to which the prescription order information is transferred;
      - (3) Records the name or identification code of the receiving pharmacist;
      - (4) Records the date of transfer; and
      - (5) Records the name or identification code of the transferring pharmacist; and
    - ii. The electronic prescription order information received by the computer system of the receiving pharmacy includes the information required in subsection (E)(4)(b)(iii); and
  - f. In addition to electronic documentation of a transferred prescription order in the computer system, an original prescription order containing the requirements of this Section is filed in compliance with A.R.S. § 32-1964.
- F. Transmission of a prescription order from a medical practitioner to a pharmacy by fax.
  1. A medical practitioner or medical practitioner’s agent may transmit a prescription order for a Schedule III, IV, or V controlled substance, prescription-only drug, or non-prescription drug to a pharmacy by fax under the following conditions:
    - a. The prescription order is faxed only to the pharmacy of the patient’s choice;
    - b. The faxed prescription order:
      - i. Contains all the information required for a prescription order in A.R.S. §§ 32-1968 and 36-2525; and
      - ii. Is only faxed from the medical practitioner’s practice location, except that a nurse in a hospital, long-term care facility, or inpatient hospice may send a fax of a prescription order for a patient of the facility; and
    - c. The faxed prescription order shall contain the following additional information:
      - i. The date the prescription order is faxed;
      - ii. The fax number of the prescribing medical practitioner or the facility from which the prescription order is faxed, and the telephone number of the facility; and
      - iii. The name of the person who transmits the fax, if other than the medical practitioner.
  2. A medical practitioner or medical practitioner’s agent may fax a prescription order for a Schedule II controlled substance for information purposes only, unless the faxed prescription order meets the requirements of A.R.S. § 36-2525(F) and (G).

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

3. A pharmacy may receive a faxed prescription order for a Schedule II controlled substance for information purposes only, except a faxed prescription order for a Schedule II controlled substance that meets the requirements of A.R.S. § 36-2525(F) and (G) may serve as the original written prescription order.
  4. To meet the seven-year record retention requirement of A.R.S. § 32-1964, a pharmacy shall receive a faxed prescription order on plain paper or may make a photocopy of the faxed prescription order.
  5. A medical practitioner or the medical practitioner's agent may fax refill authorizations to a pharmacy if the faxed authorization includes the medical practitioner's telephone and fax numbers, the medical practitioner's signature or medical practitioner's agent's name, and date of authorization.
- G. Electronic transmission of a prescription order from a medical practitioner to a pharmacy.**
1. Unless otherwise prohibited by law, a medical practitioner or medical practitioner's agent may transmit a prescription order by electronic means, directly or through an intermediary, including an E-prescribing network, to the dispensing pharmacy as specified in A.R.S. § 32-1968.
  2. For electronic transmission of a Schedule II, III, IV, or V controlled substance prescription order, the medical practitioner and pharmacy shall ensure the transmission complies with any security or other requirements of federal law.
  3. The medical practitioner and pharmacy shall ensure all electronic transmissions comply with all the security requirements of state or federal law related to the privacy of protected health information.
  4. In addition to the information required to be included on a prescription order as specified in A.R.S. § 32-1968, a medical practitioner shall ensure an electronically transmitted prescription order includes:
    - a. The date of transmission; and
    - b. If the individual transmitting the prescription is not the medical practitioner, the name of the medical practitioner's authorized agent who transmits the prescription order.
  5. A pharmacy receiving an electronically transmitted prescription order shall maintain the prescription order as specified in A.R.S. § 32-1964 or R4-23-408(H)(2).
  6. A medical practitioner or medical practitioner's agent shall transmit an electronic prescription order only to the pharmacy of the patient's choice.
- H. Exceptions under A.R.S. § 36-2525 regarding electronic prescribing requirements:**
1. Medical practitioner exceptions. A medical practitioner who is authorized to prescribe a controlled substance may furnish a written prescription order in accordance with R4-23-407 rather than an electronically transmitted prescription order if the prescription order is written:
    - a. In this state to be filled in a jurisdiction outside this state;
    - b. For a medication that requires compounding two or more ingredients;
    - c. For a medication that is not in the E-prescribing database;
    - d. For an individual who is detained by or in custody of an Arizona or federal law enforcement agency; or
    - e. Under A.R.S. § 36-2525(N) or (O); and
  2. Pharmacist exceptions. A pharmacist may dispense a controlled substance from a written rather than electronically transmitted prescription order if the prescription order:
    - a. Is written by a medical practitioner who is not licensed in this state but rather, is licensed in a jurisdiction outside this state. The pharmacist is not required to verify whether the medical practitioner is licensed;
    - b. Is written for a medication that requires compounding two or more ingredients;
    - c. Is written for a medication that is not in the E-prescribing database;
    - d. Is written for an individual who is detained by or in custody of an Arizona or federal law enforcement agency; or
    - e. Is received under A.R.S. § 36-2525(D).

**R4-23-407.1. Dispensing an Opioid Antagonist****A. As used in this Section:**

1. "Community member" means any person in position to assist an individual at risk of experiencing an opioid-related overdose. This includes emergency first responders, peace officers or other law enforcement personnel, fire department personnel, school district employees, and personnel of a facility or center that provides services to individuals at risk of experiencing an opioid-related overdose.
2. "Opioid antagonist" means any drug approved by the U.S. Food and Drug Administration that binds to opioid receptors, effectively blocking or inhibiting the receptor and preventing the body from responding to the opioid. Naloxone hydrochloride is an opioid antagonist.
3. "Opioid-related overdose" means an acute condition caused by excessive opioids. An opioid-related overdose can be identified by a triad of symptoms: decreased level of consciousness, pinpoint pupils, and respiratory depression. Other symptoms may include seizures, muscle spasms, and coma or death. An opioid-related overdose requires medical assistance.

**B. When dispensing an opioid antagonist under A.R.S. § 32-1979, a pharmacist or pharmacy intern shall provide the following education to the individual to whom the opioid antagonist is dispensed:**

1. How to prevent an opioid-related overdose;
2. How to recognize an opioid-related overdose;
3. How to administer an opioid antagonist safely to an individual experiencing an opioid-related overdose;
4. Precautions regarding:
  - a. Potential side effects, and

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- b. Possible adverse events associated with administration of the opioid antagonist; and
- 5. Importance of seeking emergency medical assistance for the individual experiencing an opioid-related overdose before or after administering the opioid antagonist.
- C. Before dispensing an opioid antagonist under A.R.S. § 32-1979(A), a licensed pharmacist shall complete an opioid prevention and treatment training program that includes the following information:
  - 1. How to recognize the symptoms of an opioid-related overdose,
  - 2. How to respond to a suspected opioid-related overdose,
  - 3. How to administer all preparations of an opioid antagonist, and
  - 4. The information needed by an individual to whom an opioid antagonist is dispensed.
- D. A pharmacist who has completed an opioid prevention and treatment training program described in subsection (C):
  - 1. May administer an opioid antagonist to an individual the pharmacist believes is experiencing an opioid-related overdose, and
  - 2. Is exempt from civil liability under the terms of A.R.S. § 36-2267(B).
- E. Dispensing an opioid antagonist under A.R.S. § 32-1979 by invoice to a community member is not wholesale distribution as defined at A.R.S. § 32-1981.
- F. When dispensing an opioid antagonist on a standing order, as defined under A.R.S. § 32-1968, a pharmacist or pharmacy intern shall comply with R4-23-407 except subsection (A)(1)(b), R4-23-408, and R4-23-409.

**Historical Note**

New Section made by emergency rulemaking at 23 A.A.R. 31, effective December 15, 2016 for 180 days (Supp. 16-4). New Section made by final rulemaking before emergency expired at 23 A.A.R. 967, effective June 3, 2017 (Supp. 17-2). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2).

**R4-23-407.2. Dispensing a Self-administered Hormonal Contraceptive**

- A. Standard procedures. The first time a pharmacist dispenses a self-administered hormonal contraceptive under a standing prescription order, as authorized under A.R.S. § 32-1979.01, to a patient, the pharmacist shall:
  - 1. Determine the patient is at least 18 years old;
  - 2. Obtain from the patient a completed self-screening risk assessment based on nationally recognized guidelines;
  - 3. Provide the patient with written information prepared by the manufacturer of the hormonal contraceptive; and
  - 4. Provide the following information orally to the patient:
    - a. How hormonal contraception works;
    - b. When and how to take the self-administered hormonal contraceptive;
    - c. Risks associated with taking a self-administered hormonal contraceptive; and
    - d. When to seek medical assistance while taking a self-administered hormonal contraceptive.
- B. A pharmacist who dispenses a self-administered hormonal contraceptive under a standing prescription order shall have a patient complete the self-screening risk assessment based on nationally recognized guidelines, required under subsection (A)(2), annually.
- C. A pharmacist who dispenses a self-administered hormonal contraceptive under a standing prescription order shall main-

tain evidence of the patient's age at the time of initial dispensing and the completed nationally recognized self-screening risk assessment for at least seven years. The pharmacist shall ensure this information is readily retrievable and available to the Board on request.

- D. When dispensing a self-administered hormonal contraceptive under a standing prescription order, a pharmacist shall comply with R4-23-407 except subsection (A)(1)(b), R4-23-408, and R4-23-409.
- E. During each biennial renewal period, a pharmacist who dispenses self-administered hormonal contraceptives under a standing prescription order shall complete the three contact hours of continuing education specified under R4-23-204(A)(2)(c).

**Historical Note**

New Section made by final rulemaking 29 A.A.R. 1655 (July 28, 2023) with an immediate effective date of July 5, 2023 (Supp. 23-3).

**R4-23-408. Computer Records**

- A. Systems manual. A pharmacy permittee or pharmacist-in-charge shall:
  - 1. Develop, implement, and comply with policies and procedures for the following operational aspects of a computer system:
    - a. Examples of all output documentation provided by the computer system that contains original or refill prescription order or patient profile information;
    - b. Steps a pharmacy employee follows when the computer system is not operational due to scheduled or unscheduled system interruption;
    - c. Regular and routine backup file procedure and file maintenance, including secure storage of backup files;
    - d. Audit procedures, personnel code assignments, and personnel responsibilities; and
    - e. Quality assurance mechanism for data entry validation;
  - 2. Review biennially and, if necessary, revise the policies and procedures required under this Section;
  - 3. Document the review required under subsection (A)(2);
  - 4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee; and
  - 5. Make the policies and procedures available within the pharmacy for reference by pharmacy personnel and inspection by the Board or its designee.
- B. Computer system data storage and retrieval. A pharmacy permittee or pharmacist-in-charge shall ensure the computer system is capable of:
  - 1. Producing sight-readable information on all original and refill prescription orders and patient profiles;
  - 2. Providing online retrieval (via CRT display or hard-copy printout) of original prescription order information required in A.R.S. § 32-1968(C), R4-23-402(A), and R4-23-407(A);
  - 3. Providing online retrieval (via CRT display or hard-copy printout) of patient profile information required in R4-23-402(A);
  - 4. Providing documentation identifying the pharmacist responsible for dispensing each original or refill prescription order, except a pharmacy permittee with a computer system that is in use before the effective date of this Section that cannot provide documentation identifying the

## CHAPTER 23. BOARD OF PHARMACY

- dispensing pharmacist may continue to use the computer system by providing manual documentation identifying the dispensing pharmacist;
5. Producing a printout of all prescription order information, including a single-drug usage report that contains:
    - a. The name of the prescribing medical practitioner;
    - b. The name and address of the patient;
    - c. The quantity dispensed on each original or refill prescription order;
    - d. The date of dispensing for each original or refill prescription order;
    - e. The name or identification code of the dispensing pharmacist; and
    - f. The serial number of each prescription order; and
  6. Providing a printout of requested prescription order information to an individual pharmacy within 72 hours of the request if prescription order information is maintained in a centralized computer record system.
- C.** A pharmacy permittee or pharmacist-in-charge of a pharmacy that uses a pharmacy computer system:
1. Shall notify the D.E.A. and the Board in writing that original and refill prescription order information and patient profiles are stored in a pharmacy computer system;
  2. Shall comply with this Section if the pharmacy computer system's refill records are used as an alternative to the manual refill records required in R4-23-407(B);
  3. Is exempt from the manual refill recordkeeping requirements of R4-23-407(B), if the pharmacy computer system complies with the requirements of this Section; and
  4. Shall ensure that documentation of the accuracy of original and refill prescription order information entered into a computer system is provided by each pharmacist using the computer system and kept on file in the pharmacy for seven years from the date of the last refill. Documentation includes one of the following:
    - a. A hard-copy printout of each day's original and refill prescription order data that:
      - i. States original and refill data for prescriptions dispensed by each pharmacist is reviewed for accuracy;
      - ii. Includes the printed name of each dispensing pharmacist; and
      - iii. Is signed and initialed by each dispensing pharmacist; or
    - b. A log book or separate file of daily statements that:
      - i. States original and refill data for prescriptions dispensed by each pharmacist is reviewed for accuracy;
      - ii. Includes the printed name of each dispensing pharmacist; and
      - iii. Is signed and initialed by each dispensing pharmacist.
- D.** If a pharmacy computer system does not comply with the requirements of subsections (A), (B), and (F), the pharmacy permittee or pharmacist-in-charge shall bring the computer system into compliance within three months of a notice of noncompliance or violation letter. If the computer system is still noncompliant with subsection (A), (B), or (F) after three months, the pharmacy permittee or pharmacist-in-charge shall immediately comply with the manual recordkeeping requirements of R4-23-402 and R4-23-407.
- E.** If a pharmacy's personnel perform manual recordkeeping under subsection (D), the pharmacy's personnel shall continue manual recordkeeping until the pharmacist-in-charge sends proof, verified by a Board compliance officer, that the computer system complies with subsections (A), (B), and (F).
- F.** Security. To maintain the confidentiality of patient records, a pharmacy permittee or pharmacist-in-charge shall ensure:
1. The computer system has security and systems safeguards designed to prevent and detect unauthorized access, modification, or manipulation of prescription order information and patient profiles; and
  2. After a prescription order is dispensed, any alteration of prescription order information is documented, including the identification of the pharmacist responsible for the alteration.
- G.** A computer system that does not comply with all the requirements of subsections (A), (B), and (F) may be used in a pharmacy if:
1. The computer system was in use in the pharmacy before July 11, 2001, and
  2. The pharmacy complies with the manual recordkeeping requirements of R4-23-402 and R4-23-407.
- H.** Prescription records and retention.
1. Instead of filing the original hard-copy prescription order as required in A.R.S. § 32-1964, a pharmacy permittee or pharmacist-in-charge may use an electronic imaging recordkeeping system, if:
    - a. The system is capable of capturing, storing, and reproducing the exact image of a prescription order, including the reverse side of the prescription order if necessary;
    - b. Any notes of clarification of or alterations to a prescription order are directly associated with the electronic image of the prescription order;
    - c. A prescription order image and any associated notes of clarification of or alterations to the prescription order are retained for no fewer than seven years from the date the prescription order is last dispensed;
    - d. Policies and procedures for the use of an electronic imaging recordkeeping system are developed, implemented, reviewed, and revised in the same manner described in subsection (A) and complied with; and
    - e. The prescription is not for a controlled substance.
  2. If a pharmacy's computer system fields are automatically populated by an electronically transmitted prescription order, the automated record constitutes the original prescription order and a hard-copy or electronic image is not required if the computer system is capable of maintaining, printing, and providing all the prescription order information required in A.R.S. §§ 32-1968 and 36-2525 and R4-23-407(A) within 72 hours of a request by the Board, the Board's compliance officers, other authorized regulatory board agents, or authorized officers of the law.
- I.** A pharmacy permittee or pharmacist-in-charge shall make all prescription records available within 72 hours after a Board request.

**R4-23-409. Returning Drugs and Devices**

- A.** After a person for whom a drug is prescribed or the person's agent takes the drug from the premises where sold, distributed, or dispensed, a pharmacist or pharmacy permittee shall not accept the drug for return or exchange for the purpose of resale unless the pharmacist determines that:
1. The drug is in its original, manufacturer's, unopened container; and
  2. The drug or its container has not been subjected to contamination or deterioration.
- B.** The provisions of subsection (A) of this Section do not apply to a drug dispensed to:
1. A hospital inpatient as defined in R4-23-651; or
  2. A resident of a long-term care facility where a licensed health care professional administers the drug, and the pharmacist ensures and documents that the drug:
    - a. Has been stored in compliance with the requirements of the official compendium; and
    - b. Is not obviously contaminated or deteriorated.
- C.** After a person for whom a device is prescribed or the person's agent takes the device from the premises where sold, distributed, or dispensed, a pharmacist or pharmacy permittee shall not accept the device for return or exchange for the purpose of resale or reuse unless the pharmacist determines that:
1. The device is inspected and is free of defects;
  2. The device is rendered incapable of transferring disease; and
  3. The device, if resold or reused, is not claimed to be new or unused.

**R4-23-410. Current Good Compounding Practices**

- A.** This Section establishes the current good compounding practices to be used by a pharmacist licensed by the Board, in a pharmacy permitted by the Board, and in compliance with applicable federal and state law governing the practice of pharmacy.
- B.** A pharmacy permittee shall ensure compliance with the provisions in this subsection.
1. All substances for compounding that are received, stored, or used by the pharmacy permittee:
    - a. Meet official compendium requirements;
    - b. Are of high quality, such as Chemically Pure (CP), Analytical Reagent (AR), certified American Chemical Society (ACS), or Food Chemical Codex (FCC) grade; or
    - c. Are obtained from a source that, in the professional judgment of the pharmacist, is acceptable and reliable.
  2. Before compounding a pharmaceutical product in excess of the quantity dispensed in anticipation of receiving valid prescriptions for the pharmaceutical product, a pharmacist, employed by the pharmacy permittee, shall establish a history of compounding valid prescriptions for the pharmaceutical product.
  3. Neither the pharmacy permittee nor a pharmacist employed by the pharmacy permittee provides a compounded pharmaceutical product to a pharmacy, medical practitioner, or other person for dispensing or distributing except that a compounded pharmaceutical product may be provided to a medical practitioner to administer to a patient of the medical practitioner if each container is accompanied by the written list required in subsection (I)(5) and has a label that includes the following:
    - a. The pharmacy's name, address, and telephone number;
    - b. The pharmaceutical product's name and the information required in subsection (I)(4);
    - c. A lot or control number;
    - d. A beyond-use-date based upon the pharmacist's professional judgment, but not more than the maximum guidelines recommended in the Pharmacy Compounding Practices chapter of the official compendium unless there is published or unpublished stability test data that shows a longer period is appropriate;
    - e. The statement "Not For Dispensing;" and
    - f. The statement "For Office or Hospital Administration Only."
- C.** A pharmacy permittee shall ensure compliance with the organization, training, and personnel issues in this subsection.
1. Before dispensing a compounded pharmaceutical product, a pharmacist:
    - a. Inspects and approves or rejects, or assumes responsibility for inspecting and approving or rejecting, components, pharmaceutical product containers and closures, in-process materials, and labeling;
    - b. Prepares or assumes responsibility for preparing all compounding records;
    - c. Reviews all compounding records to ensure that no errors occur in the compounding process;
    - d. Ensures the proper use, cleanliness, and maintenance of all compounding equipment; and
    - e. Documents by hand-written initials or signature in the compounding record the completion of the requirements of subsections (C)(1)(a), (b), (c), and (d).
  2. A pharmacist engaged in compounding:
    - a. Complies with the current good compounding practices and applicable state pharmacy laws;
    - b. Maintains compounding proficiency through current awareness, training, and continuing education; and
    - c. Ensures that personnel engaged in compounding wear:
      - i. Clean clothing appropriate to the work performed; and
      - ii. Protective apparel, such as coats, aprons, gowns, gloves or masks to protect the personnel from chemical exposure and prevent pharmaceutical product contamination.
- D.** A pharmacy permittee shall ensure the security, safety, and quality of a compounded pharmaceutical product by conforming with the following standards:
1. Implement procedures to exclude from direct contact with components, pharmaceutical product containers and closures, in-process materials, labeling, and pharmaceutical products, any person with an apparent illness or open lesion that may adversely affect the safety or quality of a

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

compounded pharmaceutical product, until the illness or lesion, as determined by competent medical personnel, does not jeopardize the safety or quality of a compounded pharmaceutical product; and

2. Require all personnel to inform a pharmacist of any health condition that may adversely affect a compounded pharmaceutical product.
- E.** A pharmacy permittee shall provide compounding facilities that conform with the standards in this subsection.
1. In addition to the minimum area requirements of R4-23-609, R4-23-655, or R4-23-673, the compounding area:
    - a. Complies with the requirements in R4-23-611; and
    - b. Has sufficient space to permit efficient pharmacy practice, free movement of personnel, and visual surveillance by a pharmacist.
  2. If sterile pharmaceutical product or radiopharmaceutical product compounding is performed, the compounding area complies with the requirements of R4-23-670, R4-23-681, and R4-23-682.
  3. A clean, dry, and temperature-controlled area and, if required, a refrigerated area, in which to store properly labeled containers of bulk drugs, chemicals, and materials used in compounding, that complies with state statutes and rules.
- F.** To protect pharmaceutical product safety, identity, strength, quality, and purity, a pharmacy permittee shall ensure that equipment and utensils used in pharmaceutical product compounding are:
1. Of appropriate design, adequate size, and suitably located for proper operation, cleaning, and maintenance;
  2. Made of material that is not reactive, additive, or absorptive when exposed to components, in-process materials, or pharmaceutical products;
  3. Cleaned and protected from contamination before use;
  4. Inspected and determined suitable for use before initiation of compounding operations; and
  5. Routinely inspected, calibrated, or checked to make proper performance certain.
- G.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with procedures to prevent cross-contamination when pharmaceutical products that require special precautions to prevent cross-contamination, such as penicillin, are used in a compounding procedure. The procedures shall include either the dedication of equipment or the meticulous cleaning of contaminated equipment before its use in compounding other pharmaceutical products.
- H.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with control procedures for components and pharmaceutical product containers and closures, either written or electronically stored with printable documentation, that conform with the standards in this subsection.
1. Components and pharmaceutical product containers and closures are:
    - a. Stored off the floor,
    - b. Handled and stored to prevent contamination, and
    - c. Rotated so the oldest approved stock is used first.
  2. Container closure systems comply with official compendium standards.
  3. Pharmaceutical product containers and closures are clean and made of material that is not reactive, additive, or absorptive.
- I.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with pharma-

ceutical product compounding controls that conform with the standards in this subsection.

1. Pharmaceutical product compounding procedures are available in either written form or electronically stored with printable documentation:
  - a. To ensure that a finished pharmaceutical product has the identity, strength, quality, and purity it is purported or represented to possess, the procedures include, for each pharmaceutical product compounded, a description of:
    - i. The components, their manufacturer, lot number, expiration date, and amounts, the order of component addition, if applicable, and the compounding process;
    - ii. The equipment and utensils used; and
    - iii. The pharmaceutical product container and closure system proper for the sterility and stability of the pharmaceutical product as it is intended to be used.
  - b. To test the pharmaceutical product being compounded, the procedures monitor the output and validate the performance of compounding processes that may cause variability in the final pharmaceutical product, including assessing:
    - i. Dosage form weight variation;
    - ii. Adequacy of mixing to ensure uniformity and homogeneity; and
    - iii. Clarity, completeness, and pH of solutions, if applicable.
2. Components for pharmaceutical product compounding are accurately weighed, measured, or subdivided. To ensure that each weight, measure, or subdivision is correct as stated in the compounding procedures, a pharmacist:
  - a. Checks and rechecks, or assumes responsibility for checking and re-checking, the operations at each stage of the compounding process; and
  - b. Documents by hand-written initials or signature the completion and accuracy of the compounding process.
3. Compounding equipment and utensils are properly cleaned and maintained.
4. In addition to the labeling requirements of A.R.S. § 32-1968(D), the label contains:
  - a. A statement, symbol, designation, or abbreviation that the pharmaceutical product is a compounded pharmaceutical product, and
  - b. A beyond-use-date as specified in subsection (B)(3)(d).
5. A written list of the compounded pharmaceutical product's active ingredients is given to the patient at the time of dispensing.
6. When a component is removed from its original container and transferred to another container, the new container label contains, in full text or an abbreviated code system, the following:
  - a. The component name,
  - b. The manufacturer's or supplier's name,
  - c. The lot or control number,
  - d. The weight or measure,
  - e. The beyond-use-date as specified in subsection (B)(3)(d), and
  - f. The transfer date.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

**J.** A pharmacy permittee shall ensure that the pharmacist-in-charge stores any quantity of compounded pharmaceutical product produced in excess of the quantity dispensed in accordance with subsection (B):

1. In an appropriate container with a label that contains:
  - a. A complete list of components or the pharmaceutical product's name;
  - b. The preparation date;
  - c. The assigned lot or control number; and
  - d. A beyond-use-date as specified in subsection (B)(3)(d); and
2. Under conditions, dictated by the pharmaceutical product's composition and stability characteristics, that ensure its strength, quality, and purity.

**K.** A pharmacy permittee shall ensure that the pharmacist-in-charge establishes, implements, and complies with record-keeping procedures that comply with this subsection:

1. Pharmaceutical product compounding procedures and other records required by this Section are maintained by the pharmacy for not less than seven years, and
2. Pharmaceutical product compounding procedures and other records required by this Section are readily available for inspection by the Board or its designee.

**R4-23-411. Pharmacist-administered or Intern-administered Immunizations**

**A.** Authorization to administer immunizations, vaccines, and emergency medications, as defined at A.R.S. § 32-1974(N), to an eligible adult patient or eligible minor patient. As used in this Section, "eligible adult patient" means an eligible patient 13 years of age or older and "eligible minor patient" means an eligible patient at least three years of age but less than 13 years of age. A pharmacist or an intern in the presence of and under the immediate personal supervision of a pharmacist may administer, without a prescription, immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient, if:

1. Both the pharmacist and intern meet the qualifications and standards specified by A.R.S. § 32-1974 and this Section;
2. The Board authorizes both the pharmacist and intern as specified in subsection (D);
3. For an eligible adult patient, the immunization or vaccine is:
  - a. Recommended for adults by the United States Centers for Disease Control and Prevention; or
  - b. Recommended by the United States Centers for Disease Control and Prevention's Health Information for International Travel;
4. For an eligible adult patient, the immunization or vaccine is not on the Arizona Department of Health Services list specified in A.A.C. R9-6-1301 as required under A.R.S. § 32-1974(I);
5. For an eligible minor patient, the immunization or vaccine is for influenza or a booster dose as described under A.R.S. § 32-1974(B)(2); and
6. For an eligible minor patient, any immunizations or vaccines other than influenza or a booster dose as described

under A.R.S. § 32-1974(B)(2) are administered in response to a public health emergency declared by the Governor under A.R.S. § 36-787.

**B.** A pharmacist or an intern in the presence of and under the immediate personal supervision of a pharmacist, may administer, with a prescription, any immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient, if:

1. Both the pharmacist and intern meet the qualifications and standards specified by A.R.S. § 32-1974 and this Section; and
2. The Board authorizes both the pharmacist and intern as specified in subsection (D).

**C.** A pharmacist or intern who is authorized to administer immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient shall:

1. Not delegate the authority to any other pharmacist, intern, or employee not specifically authorized by rule; and
2. Maintain their current certificate for inspection by the Board or its designee or review by the public.

**D.** Qualifications to administer immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient. After receipt of a completed application form, the Board shall authorize the administration of immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient by a pharmacist or intern who meets the following qualifications:

1. Has a current license to practice pharmacy in this state,
2. Successfully completes a training program specified in subsection (E), and
3. Has a current certificate in basic cardiopulmonary resuscitation.

**E.** Immunizations training program requirements. A training program for pharmacists or interns to administer immunizations, vaccines, and emergency medications to an eligible adult patient or eligible minor patient shall include the following courses of study:

1. Basic immunology and the human immune response;
2. Mechanics of immunity, adverse effects, dose, and administration schedule of available vaccines;
3. Response to an emergency situation as a result of the administration of an immunization, vaccine, or medication including administering an emergency medication to counteract the adverse effects of the immunization, vaccine, or medication given;
4. Administration of intramuscular injections;
5. Other immunization administration methods; and
6. Recordkeeping and reporting requirements specified in subsection (F).

**F.** Recordkeeping and reporting requirements.

1. A pharmacist or intern authorized under this Section to administer immunizations, vaccines, and emergency medications to an eligible patient shall provide to the pharmacy the following information and documentation regarding each immunization, vaccine, or emergency medication administered:
  - a. The name, address, and date of birth of the patient;
  - b. The date of administration and site of injection;
  - c. The name, dose, manufacturer's lot number, and expiration date of the vaccine, immunization, or emergency medication;
  - d. The name and address of the patient's identified primary-care provider or physician;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- e. The name of the pharmacist or intern administering the immunization, vaccine, or emergency medication;
  - f. A record of the pharmacist's or intern's consultation with the patient determining that the patient is an eligible patient as defined in R4-23-110;
  - g. Consultation or other professional information provided to the patient by the pharmacist or intern;
  - h. The name and date of the immunization or vaccine information sheet provided to the patient; and
  - i. For an immunization or vaccine given to an eligible minor patient, a consent form signed by the minor's parent or guardian.
2. As required under A.R.S. § 32-1974(F)(1), the pharmacist or intern shall provide a written or electronic report to the patient's primary-care provider or physician containing the documentation required in subsection (F)(1)(a) through (d). The pharmacy shall document the time and date the report is sent and make the record of compliance with this subsection available in the pharmacy or on request, within 72 hours, for inspection by the Board or its designee.
3. A pharmacy's pharmacist-in-charge or permittee shall maintain the records required in subsection (F)(1) in the pharmacy or database for a minimum of seven years from the administration date.
- G.** Confidentiality of records. A pharmacist, intern, pharmacy permittee, or pharmacist-in-charge shall comply with applicable state and federal privacy statutes and rules when releasing patient health information.
- H.** Pharmacist-administered or intern-administered adult immunizations that require a prescription order. A pharmacist or intern authorized by the Board to administer adult immunizations or vaccines shall not administer any immunization or vaccine listed in A.A.C. R9-6-1301 without a prescription order. In addition to filing a prescription order as required in A.R.S. § 32-1964, a pharmacist or pharmacy intern who administers an immunization or vaccine listed in A.A.C. R9-6-1301 shall comply with the recordkeeping requirements of subsection (F)(1).

**R4-23-412. Emergency Refill Prescription Dispensing**

- A.** When a state of emergency is declared under A.R.S. § 32-1910(A) or (B) and the state of emergency results in individuals being unable to refill existing prescriptions, a pharmacist may work in the affected county, city, or town and may dispense a one-time emergency refill prescription of up to a 30-

day supply of a prescribed medication to an affected individual if both of the following apply:

1. In the pharmacist's professional opinion the medication is essential to the maintenance of life or to the continuation of therapy, and
  2. The pharmacist makes a good faith effort to reduce the information to a written prescription marked "emergency prescription" and files and maintains the prescription as required by law.
- B.** If the state of emergency declared under A.R.S. § 32-1910(A) or (B) continues for at least 21-days after the pharmacist dispenses an emergency prescription under subsection (A), the pharmacist may dispense one additional emergency refill prescription of up to a 30-day supply of the prescribed medication if the pharmacist complies with subsection (A)(2).
- C.** A pharmacist's authority to dispense emergency prescriptions under this Section ends when the declared state of emergency is terminated.

**Historical Note**

New Section made by final rulemaking at 14 A.A.R. 4400, effective January 3, 2009 (Supp. 08-4).

**R4-23-413. Temporary Recognition of Nonresident Licensure**

- A.** When a state of emergency is declared under A.R.S. § 32-1910(A) or (B):
1. A pharmacist who is not licensed in this state, but who is currently licensed in another state, may dispense prescription medications in those affected counties, cities, or towns in this state during the time that a declared state of emergency exists under A.R.S. § 32-1910(A) or (B) if both of the following apply:
    - a. The pharmacist provides proof of current licensure in another state, and
    - b. The pharmacist is engaged in a relief effort during a state of emergency.
  2. Acting under the direct supervision of a pharmacist, a pharmacy technician or pharmacy intern not licensed in this state, but currently licensed or registered in another state, may assist a pharmacist in dispensing prescription medications in affected counties, cities, or towns in this state during the time that a declared state of emergency exists under A.R.S. § 32-1910(A) or (B) if both of the following apply:
    - a. The pharmacy technician or pharmacy intern provides proof of current licensure or registration in another state, and
    - b. The pharmacy technician or pharmacy intern is engaged in a relief effort during a state of emergency.
- B.** The recognition of nonresident licensure or registration shall end with the termination of the declared state of emergency.

**R4-23-414. Reserved****R4-23-415. Impaired Licensees – Treatment and Rehabilitation**

- A.** The Board may contract with qualified organizations to operate a program for the treatment and rehabilitation of licensees impaired as the result of alcohol or other drug abuse, pursuant to A.R.S. § 32-1932.01.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- B.** Participants in the program are either “confidential” or “known.” Confidential participants are self-referred and may remain unidentified to the Board, subject to maintaining compliance with their program contract. Known participants are under Board order to complete a minimum tenure in the program. After a known participant completes the minimum tenure, the Board may terminate the Board order and reinstate the participant’s license to practice pharmacy.
- C.** The program contract with a qualified organization shall include as a minimum the following:
1. Duties and responsibilities of each party.
  2. Duration, not to exceed two years, of contract and terms of compensation.
  3. Quarterly reports from the program administrator to the Board indicating:
    - a. Identity of participants;
      - i. By name, if a known participant; or
      - ii. By case number, if a confidential participant;
    - b. Status of each participant, including;
      - i. Clinical findings;
      - ii. Diagnosis and treatment recommendations;
      - iii. Program activities; and
      - iv. General recovery and rehabilitation program information.
  4. The program administrator shall report immediately to the Board the name of any impaired licensee who poses a danger to self or others.
  5. The program administrator shall report to the Board, as soon as possible, the name of any impaired licensee:
    - a. Who refuses to submit to treatment,
    - b. Whose impairment is not substantially alleviated through treatment, or
    - c. Who violates the terms of their contract.
  6. The program administrator shall periodically provide informational programs to the profession, including approved continuing education programs on the topic of drug and chemical impairment, treatment, and rehabilitation.
- D.** Under A.R.S. § 32-1903(F), the Board may publish the names of participants under current Board orders.
- E.** The Board or its executive director may request the treatment records for any participant. The program administrator shall provide treatment records within 10 working days of receiving a written request from the Board or its executive director for such records. Upon request of the program administrator or the Board or its executive director, a program participant shall authorize a drug and alcohol treatment facility or program or a private practitioner or treatment program to release the participant’s records to the program administrator or the Board or its executive director.
- F.** On the recommendation of the program administrator or a Board member and by mutual consent, the program administrator, Board member, Board staff, and program participant may meet informally to discuss program compliance.

*New Article 5, consisting of Sections R4-23-501 through R4-23-505, made by final rulemaking at 14 A.A.R. 3410, effective October 4, 2008 (Supp. 08-3).*

#### R4-23-501. Controlled Substances Prescription Monitoring (CSPMP) Program Registration and Database Access

- A. Under A.R.S. § 36-2606, a medical practitioner who is issued a license under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 21, 25, or 29 and possesses a current DEA registration under the Federal Controlled Substances Act shall have a current CSPMP registration issued by the Board.
- B. Application.
  1. An applicant for CSPMP registration shall:
    - a. Submit a completed application for CSPMP registration electronically or manually on a form furnished by the Board, and
    - b. Submit with the application form the documents specified in the application form.
  2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.
- C. Registration. Within seven business days of receipt of a completed application specified in subsection (B), the Board office shall determine whether an application is complete. If the application is complete, the Board office shall issue a registration number and provide a current registration certificate to the applicant by mail or electronic transmission. If the application is incomplete, the Board office shall issue a written notice of incompleteness. An applicant with an incomplete application shall comply with the requirements of R4-23-202(F).
- D. Registration renewal. As specified in A.R.S. § 36-2606(C), the Board shall automatically suspend the registration of any registrant that fails to renew the registration on or before May 1 of the year in which the renewal is due. The Board shall vacate a suspension if the registrant submits a renewal application. A suspended registrant with CSPMP database access credentials is prohibited from accessing information in the prescription monitoring program database.
- E. CSPMP database access.
  1. A medical practitioner that chooses to use the CSPMP database shall request access from the CSPMP Director by completing an access user registration form electronically. Upon receipt of the access user registration form, the CSPMP Director or designee shall issue access credentials provided the medical practitioner is in compliance with the registration requirements of this Section.
  2. A pharmacist that chooses to use the CSPMP database shall request access from the CSPMP Director by completing an access user registration form electronically. Upon receipt of the access user registration form, the CSPMP Director or designee shall issue access creden-

tials provided the pharmacist has a current active pharmacist license.

3. A medical practitioner or pharmacist who is not licensed in Arizona may request access from the CSPMP Director by:
  - a. Completing an access user registration form electronically;
  - b. Printing the access user registration form;
  - c. Having the access user registration form signed and notarized; and
  - d. Mailing the notarized access user form along with a current copy of the applicant's nonresident state license and driver's license. Upon receipt of the notarized access user registration form and other required documents, the CSPMP Director or designee shall issue access credentials provided the nonresident licensed medical practitioner or pharmacist credentials show an current active license in another state.

#### R4-23-502. Requirements for Data Format and Transmission

- A. Each dispenser shall submit to the Board or its designee by electronic means information regarding each prescription dispensed for a controlled substance listed in Schedules II, III, and IV of A.R.S. Title 36, Chapter 27, the Arizona Uniform Controlled Substances Act. The information reported shall conform to the August 31, 2005 Version 003, Release 000 ASAP Rules-based Standard Implementation Guide for Prescription Monitoring Programs published by the American Society for Automation in Pharmacy as specified in A.R.S. § 36-2608(B). The information submitted for each prescription shall include:
  1. The name, address, telephone number, prescription number, and DEA registration number of the dispenser;
  2. The name, address, gender, date of birth, and telephone number of the person or, if for an animal, the owner of the animal for whom the prescription is written;
  3. The name, address, telephone number, and DEA registration number of the prescribing medical practitioner;
  4. The quantity and National Drug Code (NDC) number of the Schedule II, III, or IV controlled substance dispensed;
  5. The date the prescription was dispensed;
  6. The number of refills, if any, authorized by the medical practitioner;
  7. The date the prescription was issued;
  8. The method of payment identified as cash or third party; and
  9. Whether the prescription is new or a refill.
- B. A dispenser shall submit the required information electronically unless the Board or its designee approves a waiver as specified in subsection (D).

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- C. A dispenser's electronic data transfer equipment including hardware, software, and internet connections shall meet the privacy and security standards of the Health Insurance Portability and Accountability Act (HIPAA) of 1996, as amended, and A.R.S. § 12-2292, in addition to common internet industry standards for privacy and security. A dispenser shall ensure that each electronic transmission meets the following data protection requirements:
  - 1. Data shall be at least 128-bit encryption in transmission and at rest; and
  - 2. Data shall be transmitted via secure e-mail, telephone modem, diskette, CD-ROM, tape, secure File Transfer Protocol (FTP), Virtual Private Network (VPN), or other Board-approved media.
- D. A dispenser who does not have an automated recordkeeping system capable of producing an electronic report in the Board established format may request a waiver from electronic reporting by submitting a written request to the Board or its designee. The Board or its designee shall grant the request if the dispenser agrees in writing to report the data by submitting a completed universal claim form supplied by the Board or its designee.
- E. Unless otherwise approved by the Board, a dispenser shall report by the close of business on each Friday the required information for the previous week, Sunday through Saturday. If a Friday falls on a state holiday, the dispenser shall report the information on the following business day. The Board or its designee may approve a less frequent reporting period if a dispenser makes a showing that a less frequent reporting period will not reduce the effectiveness of the system or jeopardize the public health.
- 3. A professional licensing board established under A.R.S. Title 32, Chapter 7, 11, 13, 14, 15, 16, 17, 18, 21, 25, or 29. Except as required under subsection (B), the Board or its designee shall provide this information only if the requesting board states in writing that the information is necessary for an open investigation or complaint;
- 4. A local, state, or federal law enforcement or criminal justice agency. Except as required under subsection (B), the Board or its designee shall provide this information only if the requesting agency states in writing that the information is necessary for an open investigation or complaint;
- 5. The Arizona Health Care Cost Containment System Administration regarding individuals who are receiving services under A.R.S. Title 36, Chapter 29. Except as required under subsection (B), the Board or its designee shall provide this information only if the Administration states in writing that the information is necessary for an open investigation or complaint;
- 6. A person serving a lawful order of a court of competent jurisdiction;
- 7. A person who is authorized to prescribe or dispense a controlled substance and who performs an evaluation on an individual under A.R.S. § 23-1026; and
- 8. The Board staff for purposes of administration and enforcement of A.R.S. Title 36, Chapter 28 and this Article.
- D. The Board or its designee may provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used to identify individual patients or persons who received prescriptions from dispensers.

**R4-23-503. Access to Controlled Substances Prescription Monitoring Program Data**

- A. Except as provided in A.R.S. § 36-2604(B) and (C) and this Section, prescription information submitted to the Board or its designee is confidential and is not subject to public inspection.
- B. The Board or its designee shall review the prescription information collected under A.R.S. Title 36, Chapter 28 and R4-23-502. If the Board or its designee has reason to believe an act of unprofessional or illegal conduct has occurred, the Board or its designee shall notify the appropriate professional licensing board or law enforcement or criminal justice agency and provide the prescription information required for an investigation.
- C. The Board or its designee is authorized to release data collected by the program to the following:
  - 1. A person who is authorized to prescribe or dispense a controlled substance to assist that person to provide medical or pharmaceutical care to a patient or to evaluate a patient;
  - 2. An individual who requests the individual's own controlled substance prescription information under A.R.S. § 12-2293;

**R4-23-504. Computerized Central Database Tracking System Task Force**

- A. The Board shall appoint a task force to help it administer the computerized central database tracking system as specified in A.R.S. § 36-2603.
- B. The Task Force shall meet at least once each year and at the call of the chairperson to establish the procedures and conditions relating to the release of prescription information specified in A.R.S. § 36-2604 and R4-23-503.
- C. The Task Force shall determine:
  - 1. The information to be screened;
  - 2. The frequency and thresholds for screening; and
  - 3. The parameters for using the information to notify medical practitioners, patients, and pharmacies to educate and provide for patient management and treatment options.
- D. The Board shall review and approve the procedures and conditions established by the Task Force as needed but at least once every calendar year.

**ARTICLE 6. PERMITS AND DISTRIBUTION OF DRUGS****R4-23-601. General Provisions**

- A. Permit required to sell a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical. A person shall have a current Board permit to:
  1. Sell a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical in Arizona; or
  2. Sell a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical from outside Arizona and ship the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona.
- B. A medical practitioner is exempt from subsection (A) to administer a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical for the emergency needs of a patient.
- C. Permit fee. Permits are issued biennially on an odd- and even-year expiration based on the assigned permit number. The fee, specified in R4-23-205, is not refundable unless the Board fails to comply with the permit time frames established in R4-23-602.
- D. Record of receipt and disposal of narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals.
  1. Every person manufacturing a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, including repackaging or relabeling, shall prepare and retain for no fewer than three years the manufacturing, repackaging, or relabeling date for each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical.
  2. Every person receiving, selling, delivering, or disposing of a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical shall record and retain for no fewer than three years the following information:
    - a. The name, strength, dosage form, and quantity of each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical received, sold, delivered, or disposed;
    - b. The name, address, and license or permit number, if applicable, of the person from whom each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is received;
    - c. The name, address, and license or permit number, if applicable, of the person to whom each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is sold or delivered, or of the person who disposes of each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
    - d. The receipt, sale, deliver, or disposal date of each narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical.
  3. The record required in this subsection shall be available for inspection by the Board or its compliance officer during regular business hours.
  4. If the record required in this subsection is stored in a centralized recordkeeping system and not immediately available for inspection, a permittee, manager, or pharmacist-in-charge shall provide the record within four working days of the Board's or its compliance officer's request.
- E. Narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals damaged by water, fire, or from human or animal consumption or use. A person shall not sell or offer

**R4-23-602. Permit Application Process and Time frames**

- A. A person applying for a permit shall:
1. Submit a completed application for the desired permit electronically or manually on a form furnished by the Board, and
  2. Submit with the application form:
    - a. The documents specified in the application form, and
    - b. The permit fee specified in R4-23-205.
- B. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.
- C. Time frames for permits.
1. The Board office shall finish an administrative completeness review within 60 days from the date the application form is received.
    - a. The Board office shall issue a written notice of administrative completeness to the applicant if no deficiencies are found in the application form.
    - b. If the application form is incomplete, the Board office shall provide the applicant with a written notice that includes a comprehensive list of the missing information. The 60-day time frame for the Board office to finish the administrative completeness review is suspended from the date the notice of incompleteness is served until the applicant provides the Board office with all missing information.
    - c. If the Board office does not provide the applicant with written notice regarding administrative completeness, the application form shall be deemed complete 60 days after receipt by the Board office.
  2. An applicant with an incomplete application form shall submit to the Board office all of the missing information within 90 days of service of the notice of incompleteness.
    - a. If an applicant cannot submit all missing information within 90 days of service of the notice of incompleteness, the applicant may send a written request for an extension to the Board office postmarked or delivered no later than 90 days from service of the notice of incompleteness;
    - b. The written request for an extension shall document the reasons the applicant is unable to meet the 90-day deadline; and
  3. If an applicant fails to submit a complete application form within the time allowed, the Board office shall close the applicant's file. An applicant whose file is closed and who later wishes to obtain a permit shall submit a new application and fee as specified in subsection (A).
  4. For a nonprescription drug permit applicant, a compressed medical gas distributor permit applicant, and a durable medical equipment and compressed medical gas supplier permit applicant, the Board office shall issue a permit on the day the Board office determines an administratively complete application form is received.
  5. Except as described in subsection (C)(4), from the date on which the administrative completeness review of an application form is finished, the Board office shall complete a substantive review of the applicant's qualifications in no more than 120 days.
    - a. If an applicant is found to be ineligible, the Board office shall issue a written notice of denial to the applicant.
    - b. If an applicant is found to be eligible, the Board office shall recommend to the Board that the applicant be issued a permit. Upon receipt of the Board office's recommendation, the Board shall either issue a permit to the applicant or if the Board determines the applicant does not meet eligibility requirements, return the matter to the Board office.
    - c. If the Board office finds deficiencies during the substantive review of the application form, the Board office shall issue a written request to the applicant for additional documentation.
    - d. The 120-day time frame for a substantive review for the issuance or denial of a permit is suspended from the date of the written request for additional documentation until the date all documentation is received. The applicant shall submit the additional documentation according to subsection (C)(2).
    - e. If the applicant and the Board office mutually agree in writing, the 120-day substantive review time frame may be extended once for no more than 45 days.
  6. For the purpose of A.R.S. § 41-1072 et seq., the Board establishes the following time frames for permits:
    - a. Administrative completeness review time frame: 60 days.
    - b. Substantive review time frame:
      - i. Nonprescription drug permit, compressed medical gas distributor permit, and durable medical equipment and compressed medical gas supplier permit: none.
      - ii. Except as described in subsection (C)(6)(b)(i): 120 days.
    - c. Overall time frame:
      - i. Nonprescription drug permit, compressed medical gas distributor permit, and durable medical

- v. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or within two business days from the date of a request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
- vi. Maintain a copy of the current permit or license of each person that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
- vii. Provide permit and license records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5).
- b. A nonprescription drug wholesale permittee shall:
  - i. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical except in the original container packaged and labeled by the manufacturer or repackager;
  - ii. Not package, repackage, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical;
  - iii. Not sell or distribute any nonprescription drug, precursor chemical, or regulated chemical to anyone except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
  - iv. Maintain a record of the current permit or license of each person that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and
  - v. Provide permit and license records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5).
- c. Nothing in this subsection shall be construed to prevent the return of a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to the original source of supply.
- 3. Out-of-state drug sales.
  - a. A full-service drug wholesale permittee shall:
    - i. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical except in the original container packaged and labeled by the manufacturer or repackager;
    - ii. Not package, repackage, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical;
    - iii. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone except a person that is properly permitted, registered, licensed, or certified in another jurisdiction;
    - iv. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
    - v. Maintain a copy of the current permit, registration, license, or certificate of each person that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
    - vi. Provide permit, registration, license, and certificate records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5); and
  - b. A nonprescription drug wholesale permittee shall:
    - i. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical except in the original container packaged and labeled by the manufacturer or repackager;
    - ii. Not package, repackage, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical;
    - iii. Not sell or distribute any nonprescription drug, precursor chemical, or regulated chemical to anyone except a person that is properly permitted, registered, licensed, or certified in another jurisdiction;
    - iv. Maintain a record of the current permit, registration, license, or certificate of each person that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and

## CHAPTER 23. BOARD OF PHARMACY

- v. Provide permit, registration, license, or certificate records upon request, if immediately available, or within two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5).
- 4. Cash-and-carry sales.
  - a. A full-service drug wholesale permittee shall complete a cash-and-carry sale or distribution of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical only after:
    - i. Verifying the validity of the order;
    - ii. Verifying the identity of the pick-up person for each transaction by confirming that the person represented placed the cash-and-carry order; and
    - iii. For a prescription-only drug order, verifying that the cash-and-carry sale or distribution is used only to meet the immediate needs of a particular patient of the person that placed the cash-and-carry order; and
  - b. A nonprescription drug wholesale permittee shall complete a cash-and-carry sale or distribution of any nonprescription drug, precursor chemical, or regulated chemical only after:
    - i. Verifying the validity of the order; and
    - ii. Verifying the identity of the pick-up person for each transaction by confirming that the person represented placed the cash-and-carry order.
- H. Prescription-only drug returns or exchanges. A full-service drug wholesale permittee shall ensure that any prescription-only drug returned or exchanged by a pharmacy or chain pharmacy warehouse under A.R.S. § 32-1983(A) meets the following criteria:
  - 1. The prescription-only drug is not adulterated or counterfeited, except an adulterated or counterfeited prescription-only drug that is the subject of an FDA or manufacturer recall may be returned for destruction or subsequent return to the manufacturer;
  - 2. The quantity of prescription-only drug returned or exchanged does not exceed the quantity of prescription-only drug that the full-service drug wholesale permittee or a full-service drug wholesale permittee under common ownership sold to the pharmacy or chain pharmacy warehouse; and
  - 3. The pharmacy or chain pharmacy warehouse provides documentation that:
    - a. Lists the name, strength, and manufacturer of the prescription-only drug being returned or exchanged; and
    - b. States that the prescription-only drug was maintained in compliance with storage conditions prescribed on the drug label or manufacturer's package insert.
- I. Returned, outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, and contraband drugs.
  - 1. Except as specified in subsection (H)(1) for a prescription-only drug, a full-service drug wholesale permittee shall ensure that the return of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical meets the following criteria.
    - a. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, or otherwise deemed unfit for human or animal consumption shall be quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA.
    - b. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical whose immediate or sealed outer or secondary containers or product labeling are misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband shall be quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA. When the immediate or sealed outer or secondary containers or product labeling are determined to be misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband, the full-service drug wholesale permittee shall provide notice of the misbranding, counterfeiting, or contrabanding or suspected misbranding, counterfeiting, or contrabanding within three business days of the determination to the Board, FDA, and manufacturer or wholesale distributor from which the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical was acquired.
    - c. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that has been opened or used, but is not adulterated, misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband shall be identified as opened or used, or both, and quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it

was acquired as authorized by the Board and the FDA.

- d. If the conditions under which a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical shall be quarantined and physically separated from other narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals until the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA, except as provided in subsection (I)(1)(d)(i).
    - i. If examination, testing, or other investigation proves that the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical meets appropriate standards of safety, identity, strength, quality, and purity, it does not have to be destroyed or returned to the manufacturer or wholesale distributor.
    - ii. In determining whether the conditions under which a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical, the full-service drug wholesale permittee shall consider, among other things, the conditions under which the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical has been held, stored, or shipped before or during its return and the condition of the narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical and the condition of its container, carton, or product labeling as a result of storage or shipping.
  - e. For any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical identified under subsections (I)(1)(a) or (b), the full-service drug wholesale permittee shall ensure that the identified item or items and other evidence of criminal activity, and accompanying documentation is retained and not destroyed until its disposition is authorized by the Board and the FDA.
2. A nonprescription drug wholesale permittee shall ensure that the return of any nonprescription drug, precursor chemical, or regulated chemical meets the following criteria.
    - a. Any nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, or otherwise deemed unfit for human or animal consumption shall be quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA.
    - b. Any nonprescription drug, precursor chemical, or regulated chemical whose immediate or sealed outer or secondary containers or product labeling are misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband shall be quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA. When the immediate or sealed outer or secondary containers or product labeling are determined to be misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband, the nonprescription drug wholesale permittee shall provide notice of the misbranding, counterfeiting, or contrabanding or suspected misbranding, counterfeiting, or contrabanding within three business days of the determination to the Board, FDA, and manufacturer or wholesale distributor from which the nonprescription drug, precursor chemical, or regulated chemical was acquired.
    - c. Any nonprescription drug, precursor chemical, or regulated chemical that has been opened or used, but is not adulterated, misbranded, counterfeited, or contraband or suspected of being misbranded, counterfeited, or contraband, shall be identified as opened or used, or both, and quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired as authorized by the Board and the FDA.
    - d. If the conditions under which a nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the nonprescription drug, precursor chemical, or regulated chemical, the nonprescription drug, precursor chemical, or regulated chemical shall be quarantined and physically separated from other nonprescription drugs, precursor chemicals, or regulated chemicals until the nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

acquired as authorized by the Board and the FDA, except as provided in subsection (I)(2)(d)(i).

- i. If examination, testing, or other investigation proves that the nonprescription drug, precursor chemical, or regulated chemical meets appropriate standards of safety, identity, strength, quality, and purity, the nonprescription drug, precursor chemical, or regulated chemical does not need to be destroyed or returned to the manufacturer or wholesale distributor.
- ii. In determining whether the conditions under which a nonprescription drug, precursor chemical, or regulated chemical has been returned cast doubt on the safety, identity, strength, quality, or purity of the nonprescription drug, precursor chemical, or regulated chemical, the nonprescription drug wholesale permittee shall consider, among other things, the conditions under which the nonprescription drug, precursor chemical, or regulated chemical has been held, stored, or shipped before or during its return and the condition of the nonprescription drug, precursor chemical, or regulated chemical and the condition of its container, carton, or product labeling as a result of storage or shipping.
- e. For any nonprescription drug, precursor chemical, or regulated chemical identified under subsections (I)(2)(a) or (b), the nonprescription drug wholesale permittee shall ensure that the identified item or items and other evidence of criminal activity, and accompanying documentation is retained and not destroyed until its disposition is authorized by the Board and the FDA.
3. A full-service drug wholesale permittee and nonprescription drug wholesale permittee shall comply with the recordkeeping requirements of subsection (G) for all outdated, damaged, deteriorated, adulterated, misbranded, counterfeited and contraband narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals.

**J. Facility.** A full-service or nonprescription drug wholesale permittee shall:

1. Ensure that the facility occupied by the full-service or nonprescription drug wholesale permittee is of adequate size and construction, well-lighted inside and outside, adequately ventilated, and kept clean, uncluttered, and sanitary;
2. Ensure that the permittee's warehouse facility:
  - a. Is secure from unauthorized entry; and
  - b. Has an operational security system designed to provide protection against theft;
3. In a full-service drug wholesale facility, ensure that only authorized personnel may enter areas where any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is kept;
4. In a nonprescription drug wholesale facility, ensure that only authorized personnel may enter areas where any nonprescription drug, precursor chemical, or regulated chemical is kept;
5. In a full-service drug wholesale facility, ensure that any thermolabile narcotic or other controlled substance, pre-

scription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is stored in an area where room temperature is maintained in compliance with storage conditions prescribed on the product label;

6. In a nonprescription drug wholesale facility, ensure that any thermolabile nonprescription drug, precursor chemical, or regulated chemical is stored in an area where room temperature is maintained in compliance with storage conditions prescribed on the product label;
7. Make the facility available for inspection by a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901(5) during regular business hours;
8. In a full-service drug wholesale facility, provide a quarantine area for storage of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, otherwise deemed unfit for human or animal consumption, or that is in an open container; and
9. In a nonprescription drug wholesale facility, provide a quarantine area for storage of any nonprescription drug, precursor chemical, or regulated chemical that is outdated, damaged, deteriorated, adulterated, misbranded, counterfeited, or contraband or suspected of being adulterated, misbranded, counterfeited, or contraband, otherwise deemed unfit for human or animal consumption, or that is in an open container.

**K. Quality controls.**

1. A full-service drug wholesale permittee shall:
  - a. Ensure that any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that meets the criteria specified in subsection (I)(1) is not sold, distributed, or delivered to any person for human or animal consumption;
  - b. Ensure that a narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is not manufactured, packaged, repackaged, labeled, or relabeled by any of its employees;
  - c. Ensure that any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical stocked, sold, offered for sale, or delivered is:
    - i. Kept clean,
    - ii. Protected from contamination and other deteriorating environmental factors, and
    - iii. Stored in a manner that complies with applicable federal and state law and official compendium storage requirements;
  - d. Maintain manual or automatic temperature and humidity recording devices or logs to document conditions in areas where any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is stored; and
  - e. Develop and implement a program to ensure that:
    - i. Any expiration-dated narcotic or other controlled substance, prescription-only drug or

- device, nonprescription drug, precursor chemical, or regulated chemical is reviewed regularly;
- ii. Any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical that has less than 120 days remaining on the expiration date, or is deteriorated, damaged, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and
  - iii. Any quarantined narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired.
2. A nonprescription drug wholesale permittee shall:
    - a. Ensure that any nonprescription drug, precursor chemical, or regulated chemical that meets the criteria specified in subsection (I)(2) is not sold, distributed, or delivered to any person for human or animal consumption;
    - b. Ensure that a nonprescription drug, precursor chemical, or regulated chemical is not manufactured, packaged, repackaged, labeled, or relabeled by any of its employees;
    - c. Ensure that any nonprescription drug, precursor chemical, or regulated chemical stocked, sold, offered for sale, or delivered is:
      - i. Kept clean,
      - ii. Protected from contamination and other deteriorating environmental factors, and
      - iii. Stored in a manner that complies with applicable federal and state law and official compendium storage requirements;
    - d. Maintain manual or automatic temperature and humidity recording devices or logs to document conditions in areas where any nonprescription drug, precursor chemical, or regulated chemical is stored; and
    - e. Develop and implement a program to ensure that:
      - i. Any expiration-dated nonprescription drug, precursor chemical, or regulated chemical is reviewed regularly;
      - ii. Any nonprescription drug, precursor chemical, or regulated chemical that has fewer than 120 days remaining on the expiration date, or is deteriorated, damaged, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and
      - iii. Any quarantined nonprescription drug, precursor chemical, or regulated chemical is destroyed or returned to the manufacturer or wholesale distributor from which it was acquired.
- L. Fingerprint clearance.**
1. After receiving the state and federal criminal history record of a designated representative, the Board shall compare the record with the list of criminal offenses that preclude a designated representative from receiving a fingerprint clearance. If the designated representative's criminal history record does not contain any of the offenses listed in subsection (L)(2), the Board shall issue the designated representative a fingerprint clearance.
  2. The Board shall not issue a fingerprint clearance to a designated representative who is awaiting trial for or who has been convicted of committing or attempting or conspiring to commit one or more of the following offenses in this state or the same or similar offenses in another state or jurisdiction:
    - a. Unlawfully administering intoxicating liquors, controlled substances, dangerous drugs, or prescription-only drugs;
    - b. Sale of peyote;
    - c. Possession, use, or sale of marijuana, dangerous drugs, prescription-only drugs, or controlled substances;
    - d. Manufacture or distribution of an imitation controlled substance;
    - e. Manufacture or distribution of an imitation prescription-only drug;
    - f. Possession or possession with intent to use an imitation controlled substance;
    - g. Possession or possession with intent to use an imitation prescription-only drug; or
    - h. A felony offense involving sale, distribution, or transportation of, offer to sell, transport, or distribute, or conspiracy to sell, transport, or distribute marijuana, dangerous drugs, prescription-only drugs, or controlled substances.
  3. If the Board determines, after conducting a state and federal criminal history record check, that it is not authorized to issue a fingerprint clearance, the Board shall notify the full-service drug wholesale applicant or permittee that employs the designated representative that the Board is not authorized to issue a fingerprint clearance. This notice shall include the criminal history information on which the denial was based. This criminal history information is subject to dissemination restrictions under A.R.S. § 41-1750 and federal law.

**R4-23-607. Nonresident Permits**

- A. Permit. A person that is not a resident of Arizona shall not sell or distribute any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona without possessing both:
  1. A current Board-issued nonresident pharmacy permit, nonresident manufacturer permit, nonresident full-service or nonprescription drug wholesaler permit, or nonresident nonprescription drug permit; and
  2. A current equivalent license or permit issued by the licensing authority in the jurisdiction where the person resides.

- B. Application. To obtain a nonresident pharmacy, nonresident manufacturer, nonresident full-service or nonprescription drug wholesaler, or nonprescription drug permit, a person shall submit a completed application, on a form furnished by the Board, and the fee specified in R4-23-205.
- C. Notification. A permittee shall submit notification of any change required in this subsection using the permittee's online profile or as a written notice by mail, fax, or e-mail to the Board office within 10 days of the change.
  1. Nonresident pharmacy. A nonresident pharmacy permittee shall notify the Board of changes involving the type of pharmacy operated, address, telephone number, business name, or pharmacist-in-charge.
  2. Nonresident manufacturer. A nonresident manufacturer permittee shall notify the Board of changes involving listed drugs, address, telephone number, business name, or manager, including manager's telephone number.
  3. Nonresident drug wholesaler. A nonresident full-service or nonprescription drug wholesaler permittee shall notify the Board of changes involving the types of drugs sold or distributed, address, telephone number, business name, or manager or designated representative, including the manager's or designated representative's telephone number. For a change of designated representative, a nonresident full-service drug wholesaler permittee shall submit the documentation, fingerprints, and fee required with the application under subsection (B).
  4. Nonresident nonprescription drug retailer. A nonresident nonprescription drug permittee shall notify the Board of changes involving permit category, address, telephone number, business name, or manager, including manager's telephone number.
- D. Change of ownership. A nonresident permittee shall comply with R4-23-601(F).
- E. Drug sales.
  1. Nonresident pharmacy. A nonresident pharmacy permittee shall:
    - a. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance or prescription-only drug or device to anyone in Arizona except:
      - i. A pharmacy, drug manufacturer, or full-service drug wholesaler currently permitted by the Board;
      - ii. A medical practitioner currently licensed under A.R.S. Title 32; or
      - iii. An Arizona resident upon receipt of a valid prescription order for the resident;
    - b. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except:
      - i. A pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board;
      - ii. A medical practitioner currently licensed under A.R.S. Title 32; or
      - iii. An Arizona resident either upon receipt of a valid prescription order for the resident or in the original container packaged and labeled by the manufacturer;
    - c. Except for a drug sale that results from the receipt and dispensing of a valid prescription order for an Arizona resident, maintain a copy of the current permit or license of each person in Arizona that buys,

3. Nonresident full-service drug wholesaler. In addition to complying with the distributions restrictions specified in A.R.S. § 32-1983, a nonresident full-service drug wholesale permittee shall:
- a. Not sell, distribute, give away, or dispose of, any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona, except in the original container, packaged and labeled by the manufacturer or repackager;
- b. Not package, repack, label, or relabel any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona;
- c. Provide track and trace documents required under the Drug Supply Chain and Security Act upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901;
- d. Not sell, distribute, give away, or dispose of any narcotic or other controlled substance, prescription only drug or device, nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, or full service drug wholesaler currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
- e. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
- f. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical; and
- g. Provide permit and license records upon request, if immediately available, or in no more than two business days from the date of the request of a Board compliance officer or other authorized officer of the law as defined in A.R.S. § 32-1901.
4. Nonresident nonprescription drug wholesaler. A nonresident nonprescription drug wholesale permittee shall:
- a. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona, except in the original container, packaged and labeled by the manufacturer or repackager;
- b. Not package, repack, label, or relabel any nonprescription drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona;
- c. Not sell, distribute, give away, or dispose of any nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except a pharmacy, drug manufacturer, full-service or nonprescription drug wholesaler, or nonprescription drug retailer currently permitted by the Board or a medical practitioner currently licensed under A.R.S. Title 32;
- d. Maintain a copy of the current permit or license of each person in Arizona that buys, receives, or disposes of any nonprescription drug, precursor chemical, or regulated chemical; and

- a. Sell, distribute, give away, or dispose of a nonprescription drug, precursor chemical, or regulated chemical to anyone in Arizona except in the original container packaged and labeled by the manufacturer;
- b. Package, repack, label, or relabel any drug, precursor chemical, or regulated chemical for shipment or delivery to anyone in Arizona; or
- c. Sell, distribute, give away, or dispose of any drug, precursor chemical, or regulated chemical to anyone in Arizona that exceeds its expiration date, is contaminated or deteriorated from excessive heat, cold, sunlight, moisture, or other factors, or does not comply with federal law.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- F. When selling or distributing any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical into Arizona, a nonresident pharmacy, nonresident manufacturer, nonresident full-service or nonprescription drug wholesale, or nonprescription drug permittee shall comply with federal law, the permittee's resident state drug law, and this Section.

**Historical Note**

Former Rules 6.6110, 6.6120, and 6.6130; Amended effective August 10, 1978 (Supp. 78-4). Repealed effective July 24, 1985 (Supp. 85-4). New Section adopted by final rulemaking at 6 A.A.R. 4589, effective November 14, 2000 (Supp. 00-4). Amended by final rulemaking at 7 A.A.R. 3825, effective August 9, 2001 (Supp. 01-3). Amended by final rulemaking at 10 A.A.R. 232, effective March 6, 2004 (Supp. 04-1). Amended by final rulemaking at 13 A.A.R. 520, effective April 7, 2007 (Supp. 07-1). Amended by final rulemaking at 13 A.A.R. 3477, effective December 1, 2007 (Supp. 07-4).

Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). Amended by final rulemaking at 26 A.A.R. 223, effective March 14, 2020 (Supp. 20-1).

**R4-23-608. Change of Personnel and Responsibility**

- A. A community, hospital, or limited-service pharmacy permittee shall give the Board:
1. Notice by mail, facsimile, or electronic mail within ten days of employing or terminating a pharmacist; and
  2. Immediate notice of designating or terminating a pharmacist-in-charge.
- B. Responsibility of ownership and management. The owner and management of a pharmacy shall:
1. Ensure that pharmacists, interns, and other pharmacy employees comply with state and federal laws and administrative rules; and
  2. Not overrule a pharmacist in matters of pharmacy ethics and interpreting laws pertaining to the practice of pharmacy or the distribution of drugs and devices.
- C. The Board may suspend or revoke a pharmacy permit if the owner or management of a pharmacy violates subsection (B).

**Historical Note**

Former Rules 6.6140 and 6.6150; Amended subsection (A) effective August 9, 1983 (Supp. 83-4). Amended effective November 1, 1993 (Supp. 93-4). Amended by final rulemaking at 7 A.A.R. 4253, effective September 11, 2001 (Supp. 01-3).

**R4-23-609. Pharmacy Area of Community Pharmacy**

- A. Minimum area of community pharmacy. The minimum area of a community pharmacy, the actual area primarily devoted to stocking drugs restricted to pharmacists, and to the compounding and dispensing of prescription medication, exclusive of office area or other support function area, shall not be less than 300 square feet. A maximum of three pharmacy personnel may practice or work simultaneously in the minimum area. The pharmacy permittee shall provide an additional 60 square feet of floor area for each additional pharmacist, graduate intern, pharmacy intern, pharmacy technician, pharmacy technician trainee, or support personnel who may practice or work simultaneously. All of the allotted square footage area, including adequate shelving, shall lend itself to efficient pharmaceutical practice and permit free movement and visual surveillance of personnel by the pharmacist.

- B. Compounding and dispensing counter. On or after January 6, 2004, a pharmacy permit applicant or remodel or relocation applicant shall provide a compounding and dispensing counter that provides a minimum of three square feet of pharmacy counter working area of not less than 16 inches in depth and 24 inches in length for the practice of one pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee. For each additional pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee practicing simultaneously, there shall be an additional three square feet of pharmacy counter working area of not less than 16 inches in depth and 24 inches in length. The Board shall determine a pharmacy's total required compounding and dispensing counter area by multiplying the maximum number of personnel allowed in the pharmacy area using the requirements specified in subsection (A) by three square feet per person. A pharmacy permittee or pharmacist-in-charge may operate the pharmacy with a total pharmacy counter working area specified in subsection (A) that is equal to the actual maximum number of pharmacists, graduate interns, pharmacy interns, pharmacy technicians, and pharmacy technician trainees, working simultaneously in the pharmacy area times three square feet per person.
- C. Working area for compounding and dispensing counter. The aisle floor area used by the pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee at the compounding and dispensing counter shall extend the full length of the counter and be clear and continuous for a minimum of 36 inches from any counter, fixture, or structure.
- D. Area for patient counseling. On or after April 1, 1995, a pharmacy permit applicant or remodel or relocation applicant shall provide a separate and distinct patient counseling area that provides patient privacy. This subsection does not apply to a pharmacy exempt from the requirements of R4-23-402(B).
- E. Narcotic cabinet or safe. To prevent diversion, narcotics and other controlled substances may be:
1. Kept in a separate locked cabinet or safe, or
  2. Dispersed throughout the pharmacy's prescription-only drug stock.
- F. Building security standard of community pharmacy area. The pharmacy area shall be enclosed by a permanent barrier or partition from floor or counter to structural ceiling or roof, with entry doors that can be securely locked. The barrier shall be designed so that only a pharmacist can access the area where prescription-only drugs, narcotics, and other controlled substances are stored, compounded and dispensed. The permanent barrier may be constructed of other than a solid material. If constructed of a material other than a solid, the openings or interstices of the material shall not be large enough to permit removal of items in the pharmacy area through the barrier. Any material used in the construction of the permanent barrier must be of sufficient strength and thickness that it cannot be readily or easily removed, penetrated, or bent. The pharmacy permittee shall submit plans and specifications of the permanent barrier to the Board for approval.
- G. Drug storage and security.
1. The pharmacy permittee shall ensure that drugs and devices are stored in a dry, well-lit, ventilated, and clean and orderly area. The pharmacy permittee shall maintain the drug storage area at temperatures that ensure the integrity of the drugs before dispensing as stated in the official compendium defined in A.R.S. § 32-1901(55) or the manufacturer's or distributor's labeling.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

2. If the pharmacy permittee needs additional storage area for drugs that are restricted to sale by a pharmacist, the pharmacy permittee shall ensure that the area is contained by a permanent barrier from floor or counter to structural ceiling or roof. The pharmacy permittee shall lock all doors and gates to the drug storage area. Only a pharmacist with a key is permitted to enter the storage area, except in an extreme emergency.
- H. A pharmacy permittee or pharmacist-in-charge shall ensure that the pharmacy working counter area is protected from unauthorized access while the pharmacy is open for business by a barrier not less than 66 inches in height or another method approved by the Board or its designee.

**Historical Note**

Former Rules 6.6210, 6.6220, 6.6230, 6.6240, 6.6250, 6.6310, 6.6320, and 6.6330; Amended effective August 10, 1978 (Supp. 78-4). Amended effective August 9, 1983 (Supp. 83-4). Amended effective November 1, 1993 (Supp. 93-4). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 9 A.A.R. 5030, effective January 3, 2004 (Supp. 03-4). Amended by final rulemaking at 19 A.A.R. 97, effective March 10, 2013 (Supp. 13-1).

**R4-23-610. Community Pharmacy Personnel and Security Procedures**

- A. Every pharmacy shall have a pharmacist designated as the "pharmacist-in-charge."
  1. The pharmacist-in-charge shall ensure the communication and compliance of Board directives to the management, other pharmacists, interns, and technicians of the pharmacy.
  2. The pharmacist-in-charge shall:
    - a. Ensure that all pharmacy policies and procedures required under 4 A.A.C. 23 are prepared, implemented, and complied with;
    - b. Review biennially and, if necessary, revise all pharmacy policies and procedures required under 4 A.A.C. 23;
    - c. Document the review required under subsection (A)(2)(b);
    - d. Ensure that all pharmacy policies and procedures required under 4 A.A.C. 23 are assembled as a written or electronic manual; and
    - e. Make all pharmacy policies and procedures required under 4 A.A.C. 23 available in the pharmacy for employee reference and inspection by the Board or its staff.
- B. Personnel permitted in the pharmacy area of a community pharmacy include pharmacists, graduate interns, pharmacy interns, compliance officers, drug inspectors, peace officers acting in their official capacity, other persons authorized by law, pharmacy technicians, pharmacy technician trainees, support personnel, and other designated personnel. Pharmacy interns, graduate interns, pharmacy technicians, pharmacy technician trainees, support personnel, and other designated personnel shall be permitted in the pharmacy area only when a pharmacist is on duty, except in an extreme emergency as defined in R4-23-110.
  1. The pharmacist-in-charge shall comply with the minimum area requirements as described in R4-23-609 for a community pharmacy and for compounding and dispensing counter area.

2. A pharmacist employed by a pharmacy shall ensure that the pharmacy is physically secure while the pharmacist is on duty.
- C. In a community pharmacy, a pharmacist shall ensure that the pharmacy area, and any additional storage area for drugs that is restricted to access only by a pharmacist is locked when a pharmacist is not present, except in an extreme emergency.
- D. A pharmacist is the only person permitted by the Board to unlock the pharmacy area or any additional storage area for drugs restricted to access only by a pharmacist, except in an extreme emergency.
- E. A pharmacy permittee or pharmacist-in-charge shall ensure that any prescription-only drugs and controlled substances received in an area outside the pharmacy area are immediately transferred unopened to the pharmacy area. The pharmacist-in-charge shall ensure that any prescription-only drug and controlled substance shipments are opened and marked by pharmacy personnel in the pharmacy area under the supervision of a pharmacist, graduate intern, or pharmacy intern.
- F. A pharmacy permittee or pharmacist-in-charge may provide a small opening or slot through which a written prescription order or prescription medication container to be refilled may be left in the prescription area when the pharmacist is not present.
- G. A pharmacist shall ensure that prescription medication is not left outside the prescription area or picked up by the patient when the pharmacist is not present by either:
  1. Delivering the prescription medication to the patient, or
  2. Securing the prescription medication inside the locked pharmacy, except when using an automated storage and distribution system that complies with the requirements of R4-23-614.

**Historical Note**

Former Rules 6.6410, 6.6420, 6.6430, 6.6440, 6.6450, 6.6460, 6.6470, 6.6480, and 6.6490; Amended subsection (F), deleted subsection (I) effective August 9, 1983 (Supp. 83-4). Amended effective May 16, 1990 (Supp. 90-2). Amended effective November 1, 1993 (Supp. 93-4). Amended effective April 1, 1995; filed with the Secretary of State January 31, 1995 (Supp. 95-1). Amended by final rulemaking at 5 A.A.R. 4441, effective November 2, 1999 (Supp. 99-4). Amended by final rulemaking at 10 A.A.R. 4453, effective December 4, 2004 (Supp. 04-4). **R4-23-611. Pharmacy Facilities**

- A. Facilities. A pharmacy permittee or pharmacist-in-charge shall ensure that:
  1. A pharmacy's facilities are constructed according to state and local laws and ordinances;
  2. A pharmacy facility's:
    - a. Walls, ceilings, windows, floors, shelves, and equipment are clean and in good repair and order; and
    - b. Counters, shelves, aisles, and open spaces are not cluttered;
  3. Adequate trash receptacles are provided and emptied periodically during the day;
  4. A pharmacy facility of any pharmacy permit issued or pharmacy remodeled after February 1, 2014 provides access to toilet facilities either:
    - a. Within the pharmacy area, or

## CHAPTER 23. BOARD OF PHARMACY

- b. No further than a walking distance of 100 feet from the pharmacy area or an alternative distance approved by the Board or its designee;
  5. The toilet facilities are maintained in a sanitary condition and in good repair;
  6. All professional personnel and staff of the pharmacy keep themselves and their apparel clean while in the pharmacy area;
  7. No animals, except licensed assistant animals and guard animals, are allowed in the pharmacy;
  8. The pharmacy facility is kept free of insects and rodents; and
  9. There is a sink with hot and cold running water, other than a sink in a toilet facility, within the pharmacy area for use in preparing drug products.
- B. Supply of drugs and chemicals.** A pharmacy permittee or pharmacist-in-charge shall ensure that:
1. A pharmacy maintains a stock of drugs and chemicals that:
    - a. Are sufficient to meet the normal demands of the trading area or patient base the pharmacy serves; and
    - b. Meet all standards of strength and purity as established by the official compendiums;
  2. All stock, materials, drugs, and chemicals held for ultimate sale or supply to the consumer are not contaminated;
  3. Policies and procedures are developed, implemented, and complied with to prevent the sale or use of a drug or chemical:
    - a. That exceeds its expiration date;
    - b. That is deteriorated or damaged by reason of age, heat, light, cold, moisture, crystallization, chemical reaction, rupture of coating, disintegration, solidification, separation, discoloration, change of odor, precipitation, or other change as determined by organoleptic examination or by other means;
    - c. That is improperly labeled;
    - d. Whose container is defective; or
    - e. That does not comply with federal law; and
  4. The policies and procedures described in subsection (B)(3):
    - a. Are made available in the pharmacy for employee reference and inspection by the Board or its designee; and
    - b. Provide the following:
      - i. Any expiration-dated drug or chemical is reviewed regularly;
      - ii. Any drug or chemical that exceeds its expiration date, is deteriorated or damaged, improperly labeled, has a defective container, or does not comply with federal law, is moved to a quarantine area and not sold or distributed; and
      - iii. Any quarantined drug or chemical is properly destroyed or returned to its source of supply.

other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical will be sold or transferred;

3. Name and address of the location where the discontinuing pharmacy's records of purchase and disbursement of any narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical will be kept and the person responsible for the records. These records shall be kept for a minimum of three years from the date the pharmacy is discontinued;
  4. Name and address of the location where the discontinuing pharmacy's prescription files and patient profiles will be kept and the person responsible for the files and profiles. These records shall be kept for a minimum of seven years from the date the last original or refill prescription was dispensed; and
  5. The proposed date of discontinuing business operations.
- B.** The pharmacy permittee shall ensure that all pharmacy signs and symbols are removed from both the inside and outside of the premises.
- C.** The pharmacy permittee or pharmacist-in-charge shall ensure that all state permits and certificates of registration are returned to the Board office and that D.E.A. registration certificates and unused D.E.A. Schedule II order forms are returned to the D.E.A. Regional Office in Phoenix.
- D.** The pharmacist-in-charge of the pharmacy discontinuing business shall ensure that:
1. Only a pharmacist has access to the prescription-only drugs and controlled substances until they are transferred to the licensee, permittee, or registrant listed in subsection (A)(2);
  2. All narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals are removed from the premises on or before the date the pharmacy is discontinued; and
  3. All controlled substances are transferred as follows:
    - a. Take an inventory of all controlled substances that are transferred using the procedures in R4-23-1003;
    - b. Include a copy of the inventory with the controlled substances that are transferred;
    - c. Keep the original of the inventory with the discontinued pharmacy's records of narcotic or other controlled substance, prescription-only drug or device, nonprescription drug, precursor chemical, or regulated chemical purchase and disbursement for a minimum of three years from the date the pharmacy is discontinued;
    - d. Use a D.E.A. form 222 to transfer any Schedule II controlled substances; and
    - e. Transfer controlled substances that need destruction in the same manner as all other controlled substances.
- E.** Upon receipt of outdated or damaged controlled substances from a discontinued pharmacy, the licensee, permittee, or registrant described in subsection (A)(2) shall contact a D.E.A. registered reverse distributor for proper destruction of outdated or damaged controlled substances. If there are controlled substances a reverse distributor will not accept, the licensee, permittee, or registrant shall then contact the Board office and request an inspection for the purpose of drug destruction.
- F.** During the three-year record retention period specified in subsection (A)(3), the person described in subsection (A)(3) shall

provide to the Board upon its request a discontinued pharmacy's records of the purchase and disbursement of narcotics or other controlled substances, prescription-only drugs or devices, nonprescription drugs, precursor chemicals, or regulated chemicals.

- G.** During the seven-year record retention period specified in subsection (A)(4), the person described in subsection (A)(4) shall provide to the Board upon its request a discontinued pharmacy's records of prescription files and patient profiles.

**R4-23-614. Automated Storage and Distribution System**

- A.** Before using an automated storage and distribution system, a pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that the automated storage and distribution system and the policies and procedures comply with subsection (B); and
  2. Notify the Board in writing of the intent to use an automated storage and distribution system, including the type or name of the system.
- B.** A pharmacy permittee or pharmacist-in-charge shall establish policies and procedures for appropriate performance and use of the automated storage and distribution system that:
1. Ensure that the automated storage and distribution system is in good working order while maintaining appropriate recordkeeping and security safeguards;
  2. Ensure that an automated storage and distribution system used by the pharmacy that allows access to drugs or devices by a patient:
    - a. Only contains prescriptions that:
      - i. Do not require oral consultation as specified in R4-23-402(B); and
      - ii. Are properly labeled and verified by a pharmacist before placement into the automated storage and distribution system and subsequent release to patients;
    - b. Allows a patient to choose whether or not to use the system;
    - c. Is located either in a wall of a properly permitted pharmacy or within 20 feet of a properly permitted pharmacy if the automated storage and distribution system is secured against the wall or floor in such a manner that prevents the automated storage and distribution system's unauthorized removal;
    - d. Provides a method to identify the patient and only release that patient's prescriptions;
    - e. Is secure from access and removal of drugs or devices by unauthorized individuals;
    - f. Provides a method for a patient to obtain a consultation with a pharmacist if requested by the patient; and
    - g. Does not allow the system to dispense refilled prescriptions if a pharmacist determines that the patient requires oral counseling as specified in R4-23-402(B);
  3. Ensure that an automated storage and distribution system used by the pharmacy that allows access to drugs or

devices only by authorized licensed personnel for the purposes of administration based on a valid prescription order or medication order:

- a. Provides for adequate security to prevent unauthorized individuals from accessing or obtaining drugs or devices; and
  - b. Provides for the filling, stocking, or restocking of all drugs or devices in the system only by a Board licensee or other authorized licensed personnel; and
4. Implement an ongoing quality assurance program that monitors compliance with the established policies and procedures of the automated storage and distribution system and federal and state law.
- C. A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that the policies and procedures required under subsection (B) are prepared, implemented, and complied with;
  2. Review biennially and, if necessary, revise the policies and procedures required under subsection (B);
  3. Document the review required under subsection (C)(2);
  4. Assemble the policies and procedures as a written or electronic manual; and
  5. Make the policies and procedures available for employee reference and inspection by the Board or its staff within the pharmacy and at any location outside the pharmacy where the automated storage and distribution system is used.
- D. The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using an automated storage and distribution system if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), or (C).

**Historical Note**

New Section made by final rulemaking at 13 A.A.R. 616, effective April 7, 2007 (Supp. 07-1).

**R4-23-615. Mechanical Storage and Counting Device for a Drug in Solid, Oral Dosage Form**

- A. A pharmacy permittee or pharmacist-in-charge shall ensure that a mechanical storage and counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist complies with the following method to identify the contents of the device:
1. The drug name and strength are affixed to the front of each cell or cassette of the device;
  2. A paper or electronic log is kept for each cell or cassette that contains:
    - a. An identification of the cell or cassette by the drug name and strength or the number of the cell or cassette;
    - b. The drug's manufacturer or National Drug Code (NDC) number;
    - c. The expiration date and lot number from the manufacturer's stock bottle that is used to fill the cell or cassette. If multiple lot numbers of the same drug are added to a cell or cassette, each lot number and expiration date shall be documented, and the earliest expiration date shall become the expiration date of the mixed lot of drug in the cell or cassette;
    - d. The date the cell or cassette is filled;
    - e. Documentation of the identity of the licensee who placed the drug into the cell or cassette; and
- f. If the licensee who filled the cell or cassette is not a pharmacist, documentation of the identity of the pharmacist who supervised the non-pharmacist licensee who filled the cell or cassette; and
3. The paper or electronic log is available in the pharmacy for inspection by the Board or its designee for not less than two years.
- B. A pharmacy permittee or pharmacist-in-charge shall ensure that any drug previously counted by a mechanical storage and counting device for a drug in a solid, oral dosage form that has not left the pharmacy is not returned to the drug's cell, cassette, or stock bottle, unless the drug return method is approved by the Board or its designee as specified in subsection (G). This subsection does not prevent a pharmacy permittee or pharmacist-in-charge from using a manual or mechanical counting device to count and dispense a previously counted drug that has not left the pharmacy if the previously counted drug is dispensed before its beyond-use-date.
- C. A pharmacy permittee or pharmacist-in-charge shall ensure the accuracy of any mechanical storage and counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist by documenting completion of the following:
1. Training in the maintenance, calibration, and use of the mechanical storage and counting device for each employee who uses the mechanical storage and counting device;
  2. Maintenance and calibration of the mechanical storage and counting device as recommended by the device's manufacturer; and
  3. Routine quality assurance and accuracy validation testing for each mechanical storage and counting device.
- D. A pharmacy permittee or pharmacist-in-charge shall ensure that the documentation required in subsection (C) is available for inspection by the Board or its designee.
- E. A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that policies and procedures for the performance and use of a mechanical storage and counting device for a drug in a solid, oral dosage form are prepared, implemented, and complied with;
  2. Review biennially and, if necessary, revise the policies and procedures required under subsection (E)(1);
  3. Document the review required under subsection (E)(2);
  4. Assemble the policies and procedures as a written or electronic manual; and
  5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.
- F. The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using a mechanical storage and counting device for a drug in a solid, oral dosage form if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), (C), (D), or (E).
- G. Returning a drug previously counted by a mechanical storage and counting device for a drug in a solid, oral dosage form that has not left the pharmacy to the drug's cell or cassette.
1. Before returning a drug previously counted by a mechanical storage and counting device that has not left the pharmacy to the drug's cell or cassette, a pharmacy permittee or pharmacist-in-charge shall:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- a. Apply for approval from the Board or its designee for the drug return method to be used in returning the drug;
  - b. Develop a drug return method that uses technology, such as bar coding, to prevent drug return errors;
  - c. Provide documentation depicting the drug return method;
  - d. Demonstrate the drug return method for a Board Compliance Officer; and
  - e. Receive approval from the Board or its designee for the drug return method to be used in returning the drug.
2. Before approving a request to waive the drug return prohibition in subsection (B), the Board or its designee shall:
    - a. Receive a request in writing from the pharmacy permittee or pharmacist-in-charge;
    - b. Review the documentation of the drug return method; and
    - c. Receive a satisfactory inspection report from a Board Compliance Officer that the drug return method uses technology to prevent drug return errors.

**R4-23-616. Mechanical Counting Device for a Drug in Solid, Oral Dosage Form**

- A. A pharmacy permittee or pharmacist-in-charge shall ensure the accuracy of any mechanical counting device for a drug in a solid, oral dosage form that is used by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist by documenting completion of the following:
  1. Training in the maintenance, calibration, and use of the mechanical counting device for each employee who uses the mechanical counting device;
  2. Maintenance and calibration of the mechanical counting device as recommended by the device's manufacturer; and
  3. Routine quality assurance and accuracy validation testing for each mechanical counting device.
- B. A pharmacy permittee or pharmacist-in-charge shall ensure that the documentation required in subsection (A) is available for inspection by the Board or its designee.
- C. A pharmacy permittee or pharmacist-in-charge shall:
  1. Ensure that policies and procedures for the performance and use of a mechanical counting device for a drug in a solid, oral dosage form are prepared, implemented, and complied with;
  2. Review biennially and, if necessary, revise the policies and procedures required under subsection (C)(1);
  3. Document the review required under subsection (C)(2);
  4. Assemble the policies and procedures as a written or electronic manual; and
  5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.
- D. The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using a mechanical counting device for a drug in a solid, oral dosage form if the pharmacy permittee or the

pharmacy permittee's employees do not comply with the requirements of subsections (A), (B), or (C).

**R4-23-617. Temporary Pharmacy Facilities or Mobile Pharmacies**

- A. Pharmacies located in declared disaster areas, nonresident pharmacies, and pharmacies licensed or permitted in another state but not licensed or permitted in this state, if necessary to provide pharmacy services during a declared state of emergency, may arrange to temporarily locate to a temporary pharmacy facility or mobile pharmacy or relocate to a temporary pharmacy facility or mobile pharmacy if the pharmacist-in-charge of the temporary pharmacy facility or mobile pharmacy ensures that:
  1. The pharmacy is under the control and management of the pharmacist-in-charge or a supervising pharmacist designated by the pharmacist-in-charge;
  2. The pharmacy is located within or adjacent to the declared disaster area;
  3. The Board is notified of the pharmacy's location;
  4. The pharmacy is properly secured to prevent theft and diversion of drugs;
  5. The pharmacy's records are maintained in accordance with Arizona statutes and rules; and
  6. The pharmacy stops providing pharmacy services when the declared state of emergency ends, unless it possesses a current resident pharmacy permit issued by the Board under A.R.S. §§ 32-1929, 32-1930, and 32-1931.
- B. The Board shall have the authority to approve or deny temporary pharmacy facilities, mobile pharmacies, and shall make arrangements for appropriate monitoring and inspection of the temporary pharmacy facilities and mobile pharmacies on a case-by-case basis.
- C. A temporary pharmacy facility wishing to permanently operate at its temporary site shall apply for and have received a permit issued under A.R.S. §§ 32-1929, 32-1930, and 32-1931 by following the application process under R4-23-606.
- D. A mobile pharmacy, placed in operation during a declared state of emergency, shall not operate permanently.

**R4-23-618. Reserved****R4-23-619. Reserved****R4-23-620. Continuous Quality Assurance Program**

- A. Each pharmacy permittee shall implement or participate in a continuous quality assurance (CQA) program. A pharmacy permittee meets the requirements of this Section if it holds a current general, special or rural general hospital license from the Arizona Department of Health Services and is any of the following:
  1. Certified by the Centers for Medicare and Medicaid Services to participate in the Medicare or Medicaid programs;
  2. Accredited by the Joint Commission on the Accreditation of Healthcare Organizations; or
  3. Accredited by the American Osteopathic Association.
- B. A pharmacy permittee or the pharmacist-in-charge shall ensure that:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

1. The pharmacy develops, implements, and utilizes a CQ program consistent with the requirements of this Section and A.R.S. § 32-1973;
  2. The medication error data generated by the CQA program is utilized and reviewed on a regular basis, as required by subsection (D); and
  3. Training records, policies and procedures, and other program records or documents, other than medication error data, are maintained for a minimum of two years in the pharmacy or in a readily retrievable manner.
- C.** A pharmacy permittee or pharmacist-in-charge shall:
1. Ensure that policies and procedures for the operation and management of the pharmacy's CQA program are prepared, implemented, and complied with;
  2. Review biennially and, if necessary, revise the policies and procedures required under subsection (C)(1);
  3. Document the review required under subsection (C)(2);
  4. Assemble the policies and procedures as a written or electronic manual; and
  5. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its staff.
- D.** The policies and procedures shall address a planned process to:
1. Train all pharmacy personnel in relevant phases of the CQA program;
  2. Identify and document medication errors;
  3. Record, measure, and analyze data collected to:
    - a. Assess the causes and any contributing factors relating to medication errors, and
    - b. Improve the quality of patient care;
  4. Utilize the findings from subsections (D)(2) and (3) to develop pharmacy systems and workflow processes designed to prevent or reduce medication errors; and
  5. Communicate periodically, and at least annually, with pharmacy personnel to review CQA program findings and inform pharmacy personnel of any changes made to pharmacy policies, procedures, systems, or processes as a result of CQA program findings.
- E.** The Board's regulatory oversight activities regarding a pharmacy's CQA program are limited to inspection of the pharmacy's CQA policies and procedures and enforcing the pharmacy's compliance with those policies and procedures.
- F.** A pharmacy's compliance with this Section shall be considered by the Board as a mitigating factor in the investigation and evaluation of a medication error.

**Historical Note**

New Section made by final rulemaking at 18 A.A.R. 2603, effective December 2, 2012 (Supp. 12-4).

**R4-23-621. Shared Services**

- A.** Before participating in shared services, a pharmacy shall have either a current resident or non-resident pharmacy permit issued by the Board.
- B.** A pharmacy may provide or utilize shared services functions only if the pharmacies involved:
1. Have the same owner, or
  2. Have a written contract or agreement that outlines the services provided and the shared responsibilities of each party in complying with federal and state pharmacy statutes and rules, and
  3. Share a common electronic file or technology that allows access to information necessary or required to perform shared services in conformance with the pharmacy act and the Board's rules.
- C.** Notifications to patients.
1. Before using shared services provided by another pharmacy, a pharmacy permittee shall:
    - a. Notify patients that their orders may be processed or filled by another pharmacy; and
    - b. Provide the name of that pharmacy or, if the pharmacy is part of a network of pharmacies under common ownership and any of the network pharmacies may process or fill the order, notify the patient of this fact. The notification may be provided through a one-time written notice to the patient or through use of a sign in the pharmacy.
  2. If an order is delivered directly to the patient by a filling pharmacy and not returned to the requesting pharmacy, the filling pharmacy permittee shall ensure that the following is placed on the prescription container or on a separate sheet delivered with the prescription container:
    - a. The local, and if applicable, the toll-free telephone number of the pharmacy utilizing shared services that has access to the patient's records; and
    - b. A statement that conveys to the patient or patient's care-giver the following information: "Written information about this prescription has been provided for you. Please read this information before you take the medication. If you have questions concerning this prescription, a pharmacist is available during normal business hours to answer these questions at (insert the local and toll-free telephone numbers of the pharmacy utilizing shared services that has access to the patient's records)."
  3. The provisions of subsection (C) do not apply to orders delivered to patients in facilities where a licensed health care professional is responsible for administering the prescription medication to the patient.
- D.** A pharmacy permittee engaged in shared services shall:
1. Maintain manual or electronic records that identify, individually for each order processed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the order interpretation, order entry verification, drug utilization review, drug compatibility and drug allergy review, final order verification, therapeutic intervention, or refill authorization functions performed at that pharmacy;
  2. Maintain manual or electronic records that identify, individually for each order filled or dispensed, the name, initials, or identification code of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, and pharmacy technician trainee who took part in the filling, dispensing, and counseling functions performed at that pharmacy;
  3. Report to the Board as soon as practical the results of any disciplinary action taken by another state's pharmacy regulatory agency involving shared services;
  4. Maintain a mechanism for tracking the order during each step of the processing and filling procedures performed at the pharmacy;
  5. Provide for adequate security to protect the confidentiality and integrity of patient information; and
  6. Provide for inspection of any required record or information within 72 hours of any request by the Board or its designee.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- E. Each pharmacy permittee that provides or utilizes shared services shall develop, implement, review, revise, and comply with joint policies and procedures for shared services in the manner described in R4-23-610(A)(2). Each pharmacy permittee is required to maintain only those portions of the joint policies and procedures that relate to that pharmacy's operations. The policies and procedures shall:
1. Outline the responsibilities of each of the pharmacies;
  2. Include a list of the name, address, telephone numbers, and all license and permit numbers of the pharmacies involved in shared services; and
  3. Include policies and procedures for:
    - a. Notifying patients that their orders may be processed or filled by another pharmacy and providing the name of that pharmacy;
    - b. Protecting the confidentiality and integrity of patient information;
    - c. Dispensing orders when the filled order is not received or the patient comes in before the order is received;
    - d. Maintaining required manual or electronic records to identify the name, initials, or identification code and specific activity or activities of each pharmacist, graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee who performed any shared services;
    - e. Complying with federal and state laws; and
    - f. Operating a continuous quality improvement program for shared services, designed to objectively and systematically monitor and evaluate the quality and appropriateness of patient care, pursue opportunities to improve patient care, and resolve identified problems.
- F. Nothing in this Section shall prohibit an individual pharmacist licensed in Arizona, who is an employee of or under contract with a pharmacy, or an Arizona-licensed graduate intern, pharmacy intern, pharmacy technician, or pharmacy technician trainee, working under the supervision of the pharmacist, from accessing that pharmacy's electronic database from inside or outside the pharmacy and performing the order processing functions permitted by the pharmacy act, if both of the following conditions are met:
1. The pharmacy establishes controls to protect the confidentiality and integrity of patient information; and
  2. None of the database is duplicated, downloaded, or removed from the pharmacy's electronic database.

The following definitions apply to R4-23-651 through R4-23-659:

"Administration" means the giving of a dose of medication to a patient as a result of an order of a medical practitioner.

"Direct copy" means an electronic, facsimile or carbonized copy.

"Dispensing for hospital inpatients" means the interpreting, evaluating, and implementing a medication order including preparing for delivery a drug or device to an inpatient or inpatient's agent in a suitable container appropriately labeled for subsequent administration to, or use by, an inpatient (hereafter referred to as "dispensing").

"Drug distribution" means the delivery of drugs other than "administering" or "dispensing."

"Emergency medical situation" means a condition of emergency in which immediate drug therapy is required for the preservation of health, life, or limb of a person or persons.

"Floor stock" means a supply of essential drugs not labeled for a specific patient and maintained and controlled by the pharmacy at a patient care area for the purpose of timely administration to a patient of the hospital.

"Formulary" means a continually revised compilation of pharmaceuticals (including ancillary information) that reflects the current clinical judgment of the medical staff.

"Hospital pharmacy" means a pharmacy, as defined in A.R.S. § 32-1901, that holds a current permit issued by the Board pursuant to A.R.S. § 32-1931, and is located in a hospital as defined in A.R.S. § 32-1901.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

“Inpatient” means any patient who receives non-self-administered drugs from a hospital pharmacy for use while within a facility owned by the hospital.

“Intravenous admixture” means a sterile parenteral solution to which one or more additional drug products have been added.

“Medication order” means a written, electronic, or verbal order from a medical practitioner or a medical practitioner’s authorized agent for administration of a drug or device.

“On-call” means a pharmacist is available to:

Consult or provide drug information regarding drug therapy or related issues; or

Dispense a medication order and review a patient’s medication order for pharmaceutical and therapeutic feasibility under R4-23-653(E)(2) before any drug is administered to a patient, except as specified in R4-23-653(E)(1).

“Patient care area” means any area for the primary purpose of providing a physical environment that is owned by or operated in conjunction with a hospital, for a patient to obtain health care services, except those areas where a physician, dentist, veterinarian, osteopath, or other medical practitioner engages primarily in private practice.

“Repackaged drug” means a drug product that is transferred by pharmacy personnel from an original manufacturer’s container to another container properly labeled for subsequent dispensing.

“Satellite pharmacy” means a work area in a hospital setting under the direction of a pharmacist that is a remote extension of a centrally licensed hospital pharmacy and owned by and dependent upon the centrally licensed hospital pharmacy for administrative control, staffing, and drug procurement.

“Single unit” means a package of medication that contains one discrete pharmaceutical dosage form.

“Supervision” means the process by which a pharmacist directs the activities of hospital pharmacy personnel to a sufficient degree to ensure that all activities are performed accurately, safely, and without risk of harm to patients.

- A. The following rules are applicable to all hospitals as defined by A.R.S. § 32-1901 and hospital pharmacies as defined by R4-23-651.
- B. Before opening a hospital pharmacy, a person shall obtain a pharmacy permit as specified in R4-23-602 and R4-23-606.
- C. Discontinued hospitals. If a hospital license is discontinued by the state Department of Health Services, the pharmacy permittee or pharmacist-in-charge shall follow the procedures described in R4-23-613 for discontinuing a pharmacy.

**Historical Note**

Former Rules 6.7210, 6.7220, 6.7230, 6.7231, 6.7232,

and 6.7233. Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-653. Personnel: Professional or Technician**

- A. Each hospital pharmacy shall be directed by a pharmacist who is licensed to engage in the practice of pharmacy in Arizona and is referred to as the Director of Pharmacy. The Director of Pharmacy shall be the pharmacist-in-charge, as defined in A.R.S. § 32-1901 or shall appoint a pharmacist-in-charge. The Director of Pharmacy and the pharmacist-in-charge, if a different individual, shall:
  1. Be responsible for all the activities of the hospital pharmacy and for meeting the requirements of the Arizona Pharmacy Act and these rules;
  2. Ensure that the policies and procedures required by these rules are prepared, implemented, and complied with;
  3. Review biennially and, if necessary, revise the policies and procedures required under these rules;
  4. Document the review required under subsection (A)(3);
  5. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee; and
  6. Make the policies and procedures available within the pharmacy for employee reference and inspection by the Board or its designee.
- B. In all hospitals, a pharmacist shall be in the hospital during the time the pharmacy is open for pharmacy services, except for an extreme emergency as defined in R4-23-110. Pharmacy services shall be provided for a minimum of 40 hours per week, unless an exception for less than the minimum hours is made upon written request by the hospital and with express permission of the Board or its designee.
- C. In a hospital where the pharmacy is not open 24 hours per day for pharmacy services, a pharmacist shall be “on-call” as defined in R4-23-651 when the pharmacy is closed.
- D. The Director of Pharmacy may be assisted by other personnel approved by the Director of Pharmacy in order to operate the pharmacy competently, safely, and adequately to meet the needs of the hospital’s patients.
- E. Pharmacists. A pharmacist or a pharmacy intern or graduate intern under the supervision of a pharmacist shall perform the following professional practices:
  1. Verify a patient’s medication order before administration of a drug to the patient, except:
    - a. In an emergency medical situation; or
    - b. In a hospital where the pharmacy is open less than 24 hours a day for pharmacy services, a pharmacist shall verify a patient’s medication order within four hours of the time the pharmacy opens for pharmacy services;
  2. Verify a medication order’s pharmaceutical and therapeutic feasibility based upon:
    - a. The patient’s medical condition,
    - b. The patient’s allergies,
    - c. The pharmaceutical and therapeutic incompatibilities, and
    - d. The recommended dosage limits;
  3. Measure, count, pour, or otherwise prepare and package a drug needed for dispensing, except a pharmacy technician or pharmacy technician trainee may measure, count, pour, or otherwise prepare and package a drug needed for dispensing under the supervision of a pharmacist accord-

ing to written policies and procedures approved by the Board or its designee;

4. Compound, admix, combine, or otherwise prepare and package a drug needed for dispensing, except a pharmacy technician may compound, admix, combine, or otherwise prepare and package a drug needed for dispensing under the supervision of a pharmacist according to written policies and procedures approved by the Board or its designee;
  5. Verify the accuracy, correct procedure, compounding, admixing, combining, measuring, counting, pouring, preparing, packaging, and safety of a drug prepared and packaged by a pharmacy technician or pharmacy technician trainee according to subsections (E)(3) and (4) and according to the policies and procedures in subsection (G);
  6. Supervise drug repackaging and check the completed repackaged product as specified in R4-23-402(A);
  7. Supervise training and education in aseptic technique and drug incompatibilities for all personnel involved in the admixture of parenteral products within the hospital pharmacy;
  8. Consult with the medical practitioner regarding the patient's drug therapy or medical condition;
  9. When requested by a medical practitioner, patient, patient's agent, or when the pharmacist deems it necessary, provide consultation with a patient regarding the medication order, patient's profile, or overall drug therapy;
  10. Monitor a patient's drug therapy for safety and effectiveness;
  11. Provide drug information to patients and health care professionals;
  12. Manage the activities of pharmacy technicians, pharmacy technician trainees, other personnel, and systems to ensure that all activities are performed accurately, safely, and without risk of harm to patients;
  13. Verify the accuracy of all aspects of the original, completed medication order; and
  14. Ensure compliance by pharmacy personnel with a quality assurance program developed by the hospital.
- F.** Pharmacy technicians and pharmacy technician trainees. Before working as a pharmacy technician or pharmacy technician trainee, an individual shall meet the eligibility and licensure requirements prescribed in 4 A.A.C. 23, Article 11
- G.** Pharmacy technician policies and procedures. Before employing a pharmacy technician or pharmacy technician trainee, a Director of Pharmacy or pharmacist-in-charge shall develop the policies and procedures required under R4-23-1104.
- H.** Pharmacy technician training program.
1. A Director of Pharmacy or pharmacist-in-charge shall comply with the training program requirements of R4-23-1105 based on the needs of the hospital pharmacy;
  2. A pharmacy technician or pharmacy technician trainee shall:
    - a. Perform only those tasks for which training and competency have been demonstrated; and
    - b. Not perform professional practices reserved for a pharmacist, graduate intern, or pharmacy intern in subsection (E), except as specified in subsections (E)(3) and (4).
- I.** Supervision. A hospital pharmacy's Director of Pharmacy and the pharmacist-in-charge, if a different individual, shall supervise all of the activities and operations of a hospital pharmacy.

A pharmacist shall supervise all functions and activities of pharmacy technicians, pharmacy technician trainees, and other hospital pharmacy personnel to ensure that all functions and activities are performed competently, safely, and without risk of harm to patients.

**R4-23-654. Absence of Pharmacist**

- A.** If a pharmacist will not be on duty in the hospital, the Director of Pharmacy or pharmacist-in-charge shall arrange, before the pharmacist's absence, for the medical staff and other authorized personnel of the hospital to have access to drugs in the remote drug storage area defined in R4-23-110 or in the hospital pharmacy if a drug is not available in a remote drug storage area and is required to treat the immediate needs of a patient. A pharmacist shall be on-call during all absences.
- B.** If a pharmacist will not be on duty in the hospital pharmacy, the Director of Pharmacy or pharmacist-in-charge shall arrange, before the pharmacist's absence, for the medical staff and other authorized personnel of the hospital to have telephone access to an on-call pharmacist.
- C.** The hospital pharmacy permittee shall ensure that the hospital pharmacy is not without a pharmacist on duty in the hospital for more than 72 consecutive hours.
- D.** Remote drug storage area. The Director of Pharmacy or pharmacist-in-charge shall, in consultation with the appropriate committee of the hospital:
  1. Develop and maintain an inventory listing of the drugs to be included in a remote drug storage area; and
  2. Develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures that ensure proper storage, access, and accountability for drugs in a remote drug storage area.
- E.** Access to hospital pharmacy. If a drug is not available from a remote drug storage area and the drug is required to treat the immediate needs of a patient whose health may be compromised, the drug may be obtained from the hospital pharmacy according to the requirements of this subsection.
  1. The Director of Pharmacy or pharmacist-in-charge shall, in consultation with the appropriate committee of the hospital, develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures to ensure that access to the hospital pharmacy during the pharmacist's absence conforms to the following requirements:
    - a. Access is delegated to only one supervisory nurse in each shift;
    - b. The policy and name of supervisory nurse is communicated in writing to the medical staff of the hospital;
    - c. Access is delegated only to a nurse who has received training from the Director of Pharmacy, pharmacist-in-charge, or Director's designee in the procedures required for proper access, drug removal, and recordkeeping; and

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- d. Access is delegated by the supervisory nurse to another nurse only in an emergency.
2. If a nurse to whom authority is delegated to access the hospital pharmacy removes a drug from the hospital pharmacy, the nurse shall:
  - a. Record the following information on a form or by another method approved by the Board or its designee:
    - i. Patient's name;
    - ii. Drug name, strength, and dosage form;
    - iii. Quantity of drug removed; and
    - iv. Date and time of removal;
  - b. Sign or initial, if a corresponding signature is on file in the hospital pharmacy, the form recording the drug removal;
  - c. Attach the original or a direct copy of the medication order for the drug to the form recording the drug removal; and
  - d. Place the form recording the drug removal conspicuously in the hospital pharmacy.
3. Within four hours after a pharmacist returns from an absence, the pharmacist shall verify all records of drug removal that occurred during the pharmacist's absence according to R4-23-653(E).

Former Rules 6.7410, 6.7420, 6.7430, 6.7440, 6.7450, and 6.7460; Amended subsection (A) effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-655. Physical Facility**

- A. General. A hospital pharmacy permittee shall ensure that the hospital pharmacy has sufficient equipment and physical facilities for proper compounding, dispensing, and storage of drugs, including parenteral preparations.
- B. Minimum area of hospital pharmacy. The minimum area of a hospital pharmacy depends on the type of hospital, the number of beds, and the pharmaceutical services provided. Any hospital pharmacy permit issued or hospital pharmacy remodeled after January 31, 2003 shall provide a minimum hospital pharmacy area, the actual area primarily devoted to drug dispensing and preparation functions, exclusive of bulk drug storage, satellite pharmacy, and office areas that is not less than 500 square feet. The minimum area requirement, not including unusable area, may be varied upon approval by the Board for out-of-the-ordinary conditions or for systems that require less space.
- C. The Board may also require that a hospital pharmacy permittee or applicant provide:
  1. More than the minimum area if equipment, inventory, personnel, or other factors cause crowding to a degree that interferes with safe pharmacy practice;
  2. Additional dispensing, preparation, or storage areas because of the increased number of specific drugs prescribed per day, the increased use of intravenous and irrigating solutions, and the increased use of disposable and prepackaged products;
  3. Additional dispensing, preparation, or storage areas to handle investigational drugs, emergency drug kits, che-

- motherapeutics, alcohol and other flammables, poisons, external preparations, and radioisotopes, and to accommodate quality control procedures; and
  4. Additional office space to provide for an increased number of personnel, a drug information library, a poison information library, research support, teaching and conferences, and a waiting area.
- D. Hospital pharmacy area. A hospital pharmacy permittee shall ensure that the hospital pharmacy area is enclosed by a permanent barrier or partition from floor to ceiling with entry doors that can be securely locked, constructed according to R4-23-609(F).
  - E. Hospital pharmacy storage areas. The hospital pharmacy permittee, Director of Pharmacy, or pharmacist-in-charge shall ensure that all undispensed or undistributed drugs are stored in designated areas within the hospital pharmacy or other locked areas under the control of a pharmacist that ensure proper sanitation, temperature, light, ventilation, moisture control, segregation, and security.

**R4-23-656. Sanitation and Equipment**

A hospital pharmacy permittee or Director of Pharmacy shall ensure that a hospital pharmacy:

1. Has a professional reference library consisting of hard-copy or electronic media appropriate for the scope of pharmacy services provided by the hospital;
2. Has a sink, other than a sink in a toilet facility, that:
  - a. Has hot and cold running water;
  - b. Is within the hospital pharmacy area for use in preparing drug products; and
  - c. Is maintained in a sanitary condition and in good repair;
3. Maintains a room temperature within a range compatible with the proper storage of drugs;
4. Has a refrigerator and freezer with a temperature maintained within a range compatible with the proper storage of drugs requiring refrigeration or freezing; and
5. Has a designated area for a laminar air flow hood and other supplies required for the preparation of sterile products as specified in R4-23-670.

**Historical Note**

Former Rule 6.7480. Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4).

**R4-23-657. Security**

- A. Personnel security standards. A Director of Pharmacy shall ensure that:
  1. No one is permitted in the pharmacy unless a pharmacist is present except as provided in this Section and R4-23-654. If only one pharmacist is on duty in the pharmacy and that pharmacist must leave the pharmacy for an emergency or patient care duties, nonpharmacist personnel may remain in the pharmacy to perform duties as outlined

- in R4-23-653, provided that all C-II controlled substances are secured to prohibit access by other than a pharmacist, and that the pharmacist remains available in the hospital;
2. All hospital pharmacy areas are kept locked by key or programmable lock to prevent access by unauthorized personnel; and
  3. Pharmacists, pharmacy or graduate interns, pharmacy technicians, pharmacy technician trainees, and other personnel working in the pharmacy wear identification badges, including name and position, whenever on duty.

**B. Prescription blank security.** The Director of Pharmacy shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures for the safe distribution and control of prescription blanks bearing identification of the hospital.

**Historical Note**

Former Rule 6.7500; Amended effective Aug. 9, 1983 (Supp. 83-4). Section repealed, new Section adopted effective February 7, 1990 (Supp. 90-1). Amended by final rulemaking at 8 A.A.R. 4902, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-658. Drug Distribution and Control**

- A. General.** The Director of Pharmacy or pharmacist-in-charge shall in consultation with the medical staff, develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with written policies and procedures for the effective operation of a drug distribution system that optimizes patient safety.
- B. Responsibility.** The Director of Pharmacy is responsible for the safe and efficient procurement, dispensing, distribution, administration, and control of drugs, including the following:
1. In consultation with the appropriate department personnel and medical staff committee, develop a medication formulary for the hospital;
  2. Proper handling, distribution, and recordkeeping of investigational drugs; and
  3. Regular inspections of drug storage and preparation areas within the hospital.
- C. Physician orders.** A Director of Pharmacy or pharmacist-in-charge shall ensure that:
1. Drugs are dispensed from the hospital pharmacy only upon a written order, direct copy or facsimile of a written order, or verbal order of an authorized medical practitioner; and
  2. A pharmacist reviews the original, direct or facsimile copy, or verbal order before an initial dose of medication is administered, except as specified in R4-23-653(E)(1).
- D. Labeling.** A Director of Pharmacy or pharmacist-in-charge shall ensure that all drugs distributed or dispensed by a hospital pharmacy are packaged in appropriate containers and labeled as follows:
1. For use inside the hospital.
    - a. Labels for all single unit packages contain at a minimum, the following information:
      - i. Drug name, strength, and dosage form;
      - ii. Lot number and beyond-use-date; and
      - iii. Appropriate auxiliary labels;
    - b. Labels for repackaged preparations contain at a minimum the following information:
      - i. Drug name, strength, and dosage form;

- ii. Lot number and beyond-use-date;
  - iii. Appropriate auxiliary labels; and
  - iv. Mechanism to identify pharmacist accountable for repackaging;
- c. Labels for all intravenous admixture preparations contain at a minimum the following information:
- i. Patient's name and location;
  - ii. Name and quantity of the basic parenteral solution;
  - iii. Name and amount of drug added;
  - iv. Date of preparation;
  - v. Beyond-use-date and time;
  - vi. Guidelines for administration;
  - vii. Appropriate auxiliary label or precautionary statement; and
  - viii. Initials of pharmacist responsible for admixture preparation; and

2. For use outside the hospital. Any drug dispensed to a patient by a hospital pharmacy that is intended for self-administration outside of the hospital is labeled as specified in A.R.S. §§ 32-1963.01(C) and 32-1968(D) and A.A.C. R4-23-402.

- E. Controlled substance accountability.** A Director of Pharmacy or pharmacist-in-charge shall ensure that effective policies and procedures are developed, implemented, reviewed, and revised in the same manner described in R4-23-653(A) and complied with regarding the use, accountability, and record-keeping of controlled substances in the hospital, including the use of locked storage areas when controlled substances are stored in patient care areas.
- F. Emergency services dispensing.** If a hospital permits dispensing of drugs from the emergency services department when the pharmacy is unable to provide this service, the Director of Pharmacy, in consultation with the appropriate department personnel and medical staff committee shall develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with written policies and procedures for dispensing drugs for outpatient use from the hospital's emergency services department. The policies and procedures shall include the following requirements:
1. Drugs are dispensed only to patients who have been admitted to the emergency services department;
  2. Drugs are dispensed only by an authorized medical practitioner, not a designee or agent;
  3. The nature and type of drugs available for dispensing are designed to meet the immediate needs of the patients treated within the hospital;
  4. Drugs are dispensed only in quantities sufficient to meet patient needs until outpatient pharmacy services are available;
  5. Drugs are prepackaged by a pharmacist or a pharmacy intern, graduate intern, pharmacy technician, or pharmacy technician trainee under the supervision of a pharmacist in suitable containers and appropriately prelabeled with the drug name, strength, dosage form, quantity, manufacturer, lot number, beyond-use-date, and any appropriate auxiliary labels;
  6. Upon dispensing, the authorized medical practitioner completes the label on the prescription container that complies with the requirements of R4-23-658(D); and
  7. The hospital pharmacy maintains a dispensing log, hard-copy prescription, or electronic record, approved by the Board or its designee and includes the patient name and address, drug name, strength, dosage form, quantity,

Amended by final rulemaking at 12 A.A.R. 3032, effective October 1, 2006 (Supp. 06-3).

**R4-23-659. Administration of Drugs**

- A. Self-administration. A hospital shall not allow self-administration of medications by a patient unless the Director of Pharmacy or pharmacist-in-charge, in consultation with the appropriate department personnel and medical staff committee, develops, implements, reviews, and revises in the same manner described in R4-23-653(A) and complies with policies and procedures for self-administration of medications by a patient. The policies and procedures shall specify that self-administration of medications, if allowed, occurs only when:
  1. Specifically ordered by a medical practitioner, and
  2. The patient is educated and trained in the proper manner of self-administration.
- B. Drugs brought in by a patient. If a hospital allows a patient to bring a drug into the hospital and before a patient brings a drug into the hospital, the Director of Pharmacy or pharmacist-in-charge shall, in consultation with the appropriate department personnel and medical staff committee, develop, implement, review, and revise in the same manner described in R4-23-653(A) and comply with policies and procedures for a patient-owned drug brought into the hospital. The policies and procedures shall specify the following criteria for a patient-owned drug brought into the hospital:
  1. When policy allows the administration of a patient-owned drug, the drug is not administered to the patient unless:
    - a. A pharmacist or medical practitioner identifies the drug, and
    - b. A medical practitioner writes a medication order specifying administration of the identified patient-owned drug; and
  2. If a patient-owned drug will not be used during the patient's hospitalization, the hospital pharmacy's personnel shall:
    - a. Package, seal, and give the drug to the patient's agent for removal from the hospital; or
    - b. Package, seal, and store the drug for return to the patient at the time of discharge from the hospital.
- C. Drug samples. The Director of Pharmacy or pharmacist-in-charge is responsible for the receipt, storage, distribution, and accountability of drug samples within the hospital, including developing, implementing, reviewing, and revising in the same manner described in R4-23-653(A) and complying with specific policies and procedures regarding drug samples.

**R4-23-660. Investigational Drugs**

The Director of Pharmacy or pharmacist-in-charge shall ensure that:

1. The following information concerning an investigational drug is available for use by hospital personnel:
  - a. Composition,
  - b. Pharmacology,
  - c. Adverse reactions,
  - d. Administration guidelines, and
  - e. All other available information concerning the drug, and
2. An investigational drug is:
  - a. Properly stored in, labeled, and dispensed from the pharmacy, and
  - b. Not dispensed before the drug is approved by the appropriate medical staff committee of the hospital.

**R4-23-667. Reserved****R4-23-668. Reserved****R4-23-669. Reserved****R4-23-670. Sterile Pharmaceutical Products**

**A.** In addition to the minimum area requirement of R4-23-609(A) and R4-23-655(B) and before compounding a sterile pharmaceutical product, a pharmacy permittee, limited-service pharmacy permittee, or applicant shall provide a minimum sterile pharmaceutical product compounding area that is not less than 100 square feet of contiguous floor area, except any pharmacy permit issued or pharmacy remodeled before November 1, 2006 may continue to use a sterile pharmaceutical product compounding area that is not less than 60 square feet of contiguous floor area, until a pharmacy ownership change occurs that requires issuance of a new permit or the pharmacy is remodeled. The pharmacy permittee or the pharmacist-in-charge shall ensure that the sterile pharmaceutical product compounding area:

1. Is dedicated to the purpose of preparing and compounding sterile pharmaceutical products;
2. Is isolated from other pharmacy functions;
3. Restricts entry or access;
4. Is free from unnecessary disturbances in air flow;
5. Is made of non-porous and cleanable floor, wall, and ceiling material; and
6. Meets the minimum air cleanliness standards of an ISO Class 7 environment as defined in R4-23-110, except an ISO class 7 environment is not required if all sterile pharmaceutical product compounding occurs within an ISO class 5 environment isolator, such as a glove box, pharmaceutical isolator, barrier isolator, pharmacy isolator, or hospital pharmacy isolator.

**B.** In addition to the equipment requirements in R4-23-611 and R4-23-612 or R4-23-656 and before compounding a sterile pharmaceutical product, a pharmacy permittee, limited-service pharmacy permittee, or applicant shall ensure that a pharmacist who compounds a sterile pharmaceutical product has the following equipment:

1. Environmental control devices capable of maintaining a compounding area environment equivalent to an "ISO class 5 environment" as defined in R4-23-110. Devices capable of meeting these standards include: laminar air-flow hoods, hepa filtered zonal airflow devices, glove boxes, pharmaceutical isolators, barrier isolators, pharmacy isolators, hospital pharmacy isolators, and biological safety cabinets;
2. Disposal containers designed for needles, syringes, and other material used in compounding sterile pharmaceutical products and if applicable, separate containers to dispose of cytotoxic, chemotherapeutic, and infectious waste products;
3. Freezer storage units with thermostatic control and thermometer, if applicable;
4. Packaging or delivery containers capable of maintaining official compendial drug storage conditions;
5. Infusion devices and accessories, if applicable; and
6. In addition to the reference library requirements of R4-23-612, a current reference pertinent to the preparation of sterile pharmaceutical products.

**C.** Before compounding a sterile pharmaceutical product, the pharmacy permittee, limited-service pharmacy permittee, or pharmacist-in-charge shall:

1. Prepare, implement, and comply with policies and procedures for compounding and dispensing sterile pharmaceutical products,
2. Review biennially and if necessary revise the policies and procedures required under subsection (C)(1),
3. Document the review required under subsection (C)(2),
4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee, and
5. Make the policies and procedures available in the pharmacy for employee reference and inspection by the Board or its designee.

**D.** The assembled policies and procedures shall include, where applicable, the following subjects:

1. Supervisory controls and verification procedures to ensure the quality and safety of sterile pharmaceutical products;
2. Clinical services and drug monitoring procedures for:
  - a. Patient drug utilization reviews;
  - b. Inventory audits;
  - c. Patient outcome monitoring;
  - d. Drug information; and
  - e. Education of pharmacy and other health professionals;
3. Controlled substances;
4. Supervisory controls and verification procedures for:
  - a. Cytotoxics handling, storage, and disposal;
  - b. Disposal of unused supplies and pharmaceutical products; and
  - c. Handling and disposal of infectious wastes;
5. Pharmaceutical product administration, including guidelines for the first dosing of a pharmaceutical product;
6. Drug and component procurement;
7. Pharmaceutical product compounding, dispensing, and storage;
8. Duties and qualifications of professional and support staff;
9. Equipment maintenance;
10. Infusion devices and pharmaceutical product delivery systems;
11. Investigational drugs and their protocols;
12. Patient profiles;
13. Patient education and safety;
14. Quality management procedures for:
  - a. Adverse drug reactions;
  - b. Drug recalls;
  - c. Expired pharmaceutical products;
  - d. Beyond-use-dating for both standard-risk and substantial-risk sterile pharmaceutical products consistent with the requirements of R4-23-410(B)(3)(d);
  - e. Temperature and other environmental controls;
  - f. Documented process and product validation testing; and
  - g. Semi-annual certification of the laminar air flow hood or other ISO class 5 environment, other equipment, and the ISO class 7 environment, including documentation of routine cleaning and maintenance for each laminar air flow hood or other ISO class 5 environment, other equipment, and the ISO class 7 environment; and
15. Sterile pharmaceutical product delivery requirements for:
  - a. Shipment to the patient;
  - b. Security; and
  - c. Maintaining official compendial storage conditions.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- E.** Standard-risk sterile pharmaceutical product compounding. Before compounding a standard-risk sterile pharmaceutical product, a pharmacy permittee or pharmacist-in-charge shall ensure compliance with the following minimum standards:
1. Compounding occurs only in an ISO class 5 environment within an ISO class 7 environment, and the ISO class 7 environment may have a specified prep area inside the environment;
  2. Compounding sterile pharmaceutical products from sterile commercial drugs or sterile pharmaceutical otic or ophthalmic products from non-sterile ingredients occurs using procedures that involve only a few closed-system, basic, simple aseptic transfers and manipulations;
  3. Each person who compounds wears adequate personnel protective clothing for sterile preparation that includes gown, gloves, head cover, and booties. Each person who compounds is not required to wear personnel protective clothing when all sterile pharmaceutical compounding occurs within an ISO class 5 environment isolator, and the ISO Class 5 environment isolator is not inside an ISO Class 7 environment; and
  4. Each person who compounds completes an annual media-fill test to validate proper aseptic technique.
- F.** Substantial-risk sterile pharmaceutical product compounding. Before compounding a substantial-risk sterile pharmaceutical product, a pharmacy permittee or pharmacist-in-charge shall ensure compliance with the following minimum standards:
1. Compounding parenteral or injectable sterile pharmaceutical products from non-sterile ingredients occurs only in an ISO class 5 environment within an ISO class 7 environment and the ISO class 7 environment shall not have a prep area inside the environment;
  2. Each person who compounds wears adequate personnel protective clothing for sterile preparation that includes gown, gloves, head cover, and booties. Each person who compounds is not required to wear personnel protective clothing when all sterile pharmaceutical compounding occurs within an ISO class 5 environment isolator, and the ISO Class 5 environment isolator is not inside an ISO Class 7 environment; and
  3. Each person who compounds completes a semi-annual media-fill test that simulates the most challenging or stressful conditions for compounding using dry non-sterile media to validate proper aseptic technique.
- have access to particular areas of the limited-service pharmacy;
3. Implement procedures to guard against theft or diversion of drugs, including controlled substances; and
  4. Require all persons working in the limited-service pharmacy to wear badges, with their names and titles, while on duty.
- C.** To obtain permission to deviate from the minimum area requirement set forth in R4-23-609, R4-23-673, or R4-23-682, a limited-service pharmacy permittee shall submit a written request to the Board and include documentation that the deviation will facilitate experimentation or technological advances in the practice of pharmacy as defined in A.R.S. § 32-1901. If the Board determines the requested deviation from the minimum area requirement will enhance the practice of pharmacy and benefit the public, the Board shall grant the requested deviation.
- D.** The Board shall require more than the minimum area in a limited-service pharmacy when the Board determines that equipment, personnel, or other factors in the limited-service pharmacy cause crowding that interferes with safe pharmacy practice.
- E.** Before dispensing from a limited-service pharmacy, the limited-service pharmacy permittee or pharmacist-in-charge shall:
1. Prepare, implement, and comply with written policies and procedures for pharmacy operations and drug dispensing and distribution,
  2. Review biennially and if necessary revise the policies and procedures required under subsection (E)(1),
  3. Document the review required under subsection (E)(2),
  4. Assemble the policies and procedures as a written manual or by another method approved by the Board or its designee, and
  5. Make the policies and procedures available in the pharmacy for employee reference and inspection by the Board or its designee.

personnel of the correctional facility to have access to drugs in remote drug storage areas or, if a drug is not available in a remote drug storage area and is required to treat the immediate needs of a patient, in the limited-service correctional pharmacy.

1. The pharmacist-in-charge shall, in consultation with the appropriate committee of the correctional facility, develop and implement procedures to ensure that remote drug storage areas:
    - a. Contain only properly labeled drugs that might reasonably be needed and can be administered safely during the pharmacist's absence,
    - b. Contain drugs packaged only in amounts sufficient for immediate therapeutic requirements,
    - c. Are accessible only with a physician's written order,
    - d. Provide a written record of each drug withdrawn,
    - e. Are inventoried at least once each week, and
    - f. Are audited for compliance with the requirements of this rule at least once each month.
  2. The pharmacist-in-charge shall, in consultation with the appropriate committee of the correctional facility, develop and implement procedures to ensure that access to the limited-service correctional pharmacy when no pharmacist is on duty conforms to the following requirements:
    - a. Is delegated to only one nurse, who is in a supervisory position;
    - b. Is communicated in writing to medical staff of the correctional facility;
    - c. Is delegated only to a nurse who has received training from the pharmacist-in-charge in proper methods of access, removal of drugs, and recordkeeping procedures; and
    - d. Is delegated by the supervisory nurse to another nurse only in an emergency.
  3. When a nurse to whom authority to access the limited-service correctional pharmacy is delegated removes a drug from the limited-service correctional pharmacy, the nurse shall:
    - a. Record the following information on a form:
      - i. Patient's name,
      - ii. Name of the drug and its strength and dosage form,
      - iii. Dose prescribed,
      - iv. Amount of drug removed, and
      - v. Date and time of removal;
    - b. Sign the form recording the drug removal;
    - c. Attach the original or a direct copy of a physician's written order for the drug to the form recording the drug removal; and
    - d. Place the form recording the drug removal conspicuously in the limited-service correctional pharmacy.
  4. Within four hours after a pharmacist in the limited-service correctional pharmacy returns to duty following an absence in which the limited-service correctional pharmacy was accessed by a nurse to whom authority had been delegated, the pharmacist shall verify all records of drug removal according to R4-23-402.
- D.** When no pharmacist will be on duty in the correctional facility, the pharmacist-in-charge shall arrange, before there is no pharmacist on duty, for the medical staff and other authorized personnel of the correctional facility to have telephone access to a pharmacist.
- E.** The limited-service pharmacy permittee shall ensure that the limited-service correctional pharmacy is not without a pharmacist on duty for more than 96 consecutive hours.
- F.** In addition to the requirements of R4-23-671, the limited-service pharmacy permittee shall secure the limited-service correctional pharmacy as follows:
1. Permit no one to be in the limited-service correctional pharmacy unless a pharmacist is on duty except:
    - a. As provided in subsection (C)(3) when a pharmacist is not on duty; or
    - b. A pharmacy technician or pharmacy technician trainee may remain to perform duties in R4-23-1104(A), when a pharmacist is on duty and available in the correctional facility but temporarily absent from the pharmacy, provided:
      - i. All controlled substances are secured in a manner that prohibits access by persons other than a pharmacist;
      - ii. Activities performed by a pharmacy technician or pharmacy technician trainee while the pharmacist is temporarily absent are verified by the pharmacist immediately upon returning to the pharmacy;
      - iii. Any drug measured, counted, poured, or otherwise prepared and packaged by a pharmacy technician or pharmacy technician trainee while the pharmacist is temporarily absent is verified by the pharmacist immediately upon returning to the pharmacy; and
      - iv. Any drug that has not been verified by a pharmacist for accuracy is not dispensed, supplied, or distributed while the pharmacist is temporarily absent from the pharmacy; and
  2. Provide keyed or programmable locks to all areas of the limited-service correctional pharmacy.
- G.** The pharmacist-in-charge of a limited-service correctional pharmacy shall ensure that the written policies and procedures for pharmacy operations and drug distribution within the correctional facility include the following:
1. Physicians' orders, prescription orders, or both;
  2. Authorized abbreviations;
  3. Formulary system;
  4. Clinical services and drug utilization management including:
    - a. Participation in drug selection,
    - b. Drug utilization reviews,
    - c. Inventory audits,
    - d. Patient outcome monitoring,
    - e. Committee participation,
    - f. Drug information, and
    - g. Education of pharmacy and other health professionals;
  5. Duties and qualifications of professional and support staff;
  6. Products of abuse and contraband medications;
  7. Controlled substances;
  8. Drug administration;
  9. Drug product procurement;
  10. Drug compounding, dispensing, and storage;
  11. Stop orders;
  12. Pass or discharge medications;
  13. Investigational drugs and their protocols;
  14. Patient profiles;
  15. Quality management procedures for:

**R4-23-673. Limited-service Mail-order Pharmacy**

- A. The limited-service pharmacy permittee shall design and construct the limited-service mail-order pharmacy to conform with the following requirements:
  - 1. A dispensing area devoted to stocking, compounding, and dispensing prescription medications, which is physically separate from a non-dispensing area devoted to non-dispensing pharmacy services;
  - 2. A dispensing area of at least 300 square feet if three or fewer persons work in the dispensing area simultaneously;
  - 3. A dispensing area that provides 300 square feet plus 60 square feet for each person in excess of three persons if more than three persons work in the dispensing area simultaneously;
  - 4. Space in the dispensing area permits efficient pharmaceutical practice, free movement of personnel, and visual surveillance by the pharmacist;
  - 5. A non-dispensing area of at least 30 square feet for each person working simultaneously in the non-dispensing area; and
  - 6. Space in the non-dispensing area permits free movement of personnel and visual surveillance by the pharmacist; or
- B. The limited-service pharmacy permittee shall design and construct the limited-service mail-order pharmacy to conform with the following requirements:
  - 1. A contiguous area in which both dispensing and non-dispensing pharmacy services are provided;
  - 2. A contiguous area of at least 300 square feet if three or fewer persons work in the area simultaneously;
  - 3. A contiguous area that provides 300 square feet plus 60 square feet for each person in excess of three persons if more than three persons work in the area simultaneously; and
  - 4. Space in the contiguous area permits efficient pharmaceutical practice, free movement of personnel, and visual surveillance by the pharmacist.
- C. The limited-service pharmacy permittee shall ensure that the limited-service mail-order pharmacy complies with the standards for area, personnel, security, sanitation, and equipment set forth in R4-23-608, R4-23-609(B) through (H), R4-23-610 (A) and (C) through (F), R4-23-611, and R4-23-612.
- D. The pharmacist-in-charge of a limited-service mail-order pharmacy shall authorize only pharmacists, interns, pharmacy technicians, pharmacy technician trainees, compliance offi-

cers, drug inspectors, peace officers acting in their official capacities, support personnel, other persons authorized by law, and other designated personnel to be in the limited-service mail-order pharmacy.

- E. The pharmacist-in-charge of a limited-service mail-order pharmacy shall ensure that prescription medication is delivered to the patient or locked in the dispensing area when a pharmacist is not present in the pharmacy.
- F. In addition to the delivery requirements of R4-23-402, the limited-service pharmacy permittee shall, during regular hours of operation but not less than five days and a minimum 40 hours per week, provide toll-free telephone service to facilitate communication between patients and a pharmacist who has access to patient records at the limited-service mail-order pharmacy. The limited-service pharmacy permittee shall disclose this toll-free number on a label affixed to each container of drugs dispensed from the limited-service mail-order pharmacy.
- G. The pharmacist-in-charge of a limited-service mail-order pharmacy shall ensure that the written policies and procedures for pharmacy operations and drug distribution include the following:
  - 1. Prescription orders;
  - 2. Clinical services and drug utilization management for:
    - a. Drug utilization reviews,
    - b. Inventory audits,
    - c. Patient outcome monitoring,
    - d. Drug information, and
    - e. Education of pharmacy and other health professionals;
  - 3. Duties and qualifications of professional and support staff;
  - 4. Controlled substances;
  - 5. Drug product procurement;
  - 6. Drug compounding, dispensing, and storage;
  - 7. Patient profiles;
  - 8. Quality management procedures for:
    - a. Adverse drug reactions,
    - b. Drug recalls,
    - c. Expired and beyond-use-date drugs,
    - d. Medication or dispensing errors, and
    - e. Education of professional and support staff;
  - 9. Recordkeeping;
  - 10. Sanitation;
  - 11. Security;
  - 12. Drug delivery requirements for:
    - a. Transportation,
    - b. Security,
    - c. Temperature and other environmental controls,
    - d. Emergency provisions, and
  - 13. Patient education.

**R4-23-674. Limited-service Long-term Care Pharmacy**

- A. A limited-service pharmacy permittee shall ensure that the limited-service long-term care pharmacy complies with:
  - 1. The general requirements of R4-23-671;
  - 2. The professional practice standards of Article 4 and Article 11; and
  - 3. The permits and drug distribution standards of R4-23-606 through R4-23-612, R4-23-670, and this Section.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- B. If a limited-service long-term care pharmacy permittee contracts with a long-term care facility as a Provider Pharmacy, as defined in R4-23-110, the limited-service long-term care pharmacy permittee shall ensure that the long-term care consultant pharmacist and the pharmacist-in-charge of the limited-service long-term care pharmacy comply with R4-23-701, R4-23-701.01, R4-23-701.02, R4-23-701.03, R4-23-701.04, and this Section.
- C. The limited-service long-term care pharmacy permittee or pharmacist-in-charge shall ensure that prescription medication is delivered to the patient's long-term care facility or locked in the dispensing area of the pharmacy when a pharmacist is not present in the pharmacy.
- D. The pharmacist-in-charge of a limited-service long-term care pharmacy shall authorize only those individuals listed in R4-23-610(B) to be in the limited-service long-term care pharmacy.
- E. In consultation with the long-term care facility's medical director and director of nursing, the long-term care consultant pharmacist and pharmacist-in-charge of the long-term care facility's provider pharmacy may develop, if necessary, a medication formulary for the long-term care facility that ensures the safe and efficient procurement, dispensing, distribution, administration, and control of drugs in the long-term care facility.
- F. The limited-service long-term care pharmacy permittee or pharmacist-in-charge shall ensure that the written policies and procedures required in R4-23-671(E) include the following:
  - 1. Clinical services and drug utilization management for:
    - a. Drug utilization reviews,
    - b. Inventory audits,
    - c. Patient outcome monitoring,
    - d. Drug information, and

**R4-23-677. Automated Prescription-dispensing Kiosk Permit****A. General provisions.**

- 1. Only a person issued a Board permit under A.R.S. § 32-1929 to operate a pharmacy in Arizona may apply to the Board under A.R.S. § 32-1930 for a permit to operate an automated prescription-dispensing kiosk.
- 2. A pharmacy permittee described under subsection (A)(1) shall apply for a separate permit for each automated prescription-dispensing kiosk to be operated.
- 3. To obtain an automated prescription-dispensing kiosk permit, a pharmacy permittee shall submit a completed application, using a form available on the Board's website, and the fee specified in R4-23-205.
- 4. A pharmacy permittee to which the Board issues an automated prescription-dispensing kiosk permit shall designate a pharmacist in charge of the automated prescription-dispensing kiosk.
- 5. A pharmacy permittee to which the Board issues an automated prescription-dispensing kiosk permit shall not place the automated prescription-dispensing kiosk in a gas station or convenience store.

**B. Policies and procedures.** A pharmacy permittee to which the Board issues an automated prescription-dispensing kiosk permit shall:

- 1. Ensure policies and procedures are established for the appropriate performance and use of the automated prescription-dispensing kiosk. The policies and procedures shall address:
  - a. Maintaining a record of each transaction in a manner that attaches the record to the permit number of the automated prescription-dispensing kiosk;
  - b. Controlling access to the automated prescription-dispensing kiosk;
  - c. Operating the automated prescription-dispensing kiosk;
  - d. Training personnel who use the automated prescription-dispensing kiosk;
  - e. Maintaining patient services when the automated prescription-dispensing kiosk is not operating or the prescribed drug or device is not available;
  - f. Securing the automated prescription-dispensing kiosk against unauthorized removal of the kiosk or access to or removal of drugs or devices from the kiosk;
  - g. Assuring a patient receives the pharmacy services necessary for appropriate pharmaceutical care including consultation with a pharmacist;
  - h. Maintaining integrity of information in the system and patient confidentiality;

- i. Stocking and restocking the automated prescription-dispensing kiosk;
- j. Ensuring compliance with packaging and labeling requirements; and
- k. Removing drugs and devices from the automated prescription-dispensing kiosk without dispensing them and handling wasted or discarded drugs and devices;
- 2. Ensure the policies and procedures are implemented and complied with by all personnel using the automated prescription-dispensing kiosk;
- 3. Maintain the policies and procedures by:
  - a. Reviewing the policies and procedures biennially and making needed revisions, if any;
  - b. Documenting the review required under subsection (B)(3)(a);
  - c. Assembling the policies and procedures as a written or electronic manual; and
  - d. Making the policies and procedures available within the pharmacy permittee to which the Board issued an automated prescription-dispensing kiosk permit for reference by pharmacy personnel and inspection by the Board; and
- 4. Implement a quality assurance program to monitor compliance with the policies and procedures and all state and federal law.

**C. Change of ownership.** An automated prescription-dispensing kiosk permittee shall comply with R4-23-601(F).**D. An automated prescription-dispensing kiosk permittee shall renew the permit as specified under R4-23-602(D).****E. - iv. Radiation biology, and
  - v. Radiopharmaceutical chemistry;
  - c. Submit evidence of a minimum of 500 hours of clinical/practical nuclear pharmacy training under the supervision of an authorized nuclear pharmacist in the following areas:
    - i. Procuring radioactive materials;
    - ii. Compounding radiopharmaceuticals;
    - iii. Performing routine quality control procedures;
    - iv. Dispensing radiopharmaceuticals;
    - v. Distributing radiopharmaceuticals;
    - vi. Implementing basic radiation protection procedures; and
    - vii. Consulting and educating the nuclear medicine community, patients, pharmacists, other health professionals, and the general public; and
  - d. Submit written certification, signed by a preceptor who is an authorized nuclear pharmacist, that the above training was satisfactorily completed.
- B.** Radiopharmaceuticals are prescription-only drugs that require specialized techniques in their handling and testing, to obtain optimum results and minimize hazards.
1. A person shall not sell, barter, or otherwise dispose of, or be in possession of any radiopharmaceutical except under the conditions detailed in A.R.S. § 32-1929.
  2. A person shall not manufacture, compound, sell, or dispense any radiopharmaceutical unless the person is a pharmacist or a pharmacy intern acting under the direct supervision of a pharmacist in accordance with A.R.S. § 32-1961 and these rules, with the exception of the following, if the following are licensed by the Arizona Radiation Regulatory Agency to use radiopharmaceuticals in compliance with A.R.S. § 30-673;
    - a. A medical practitioner who administers a radiopharmaceutical to the medical practitioner's patient as provided in A.R.S. § 32-1921(A),
    - b. A hospital nuclear medicine department, and
    - c. A medical practitioner's office.
  3. The Board shall cooperate with the Arizona Radiation Regulatory Agency and other interested state and federal agencies, in the enforcement of these rules for the protection of the public. This cooperation may include exchange of licensing and other information, joint inspections, and other activities where indicated.
- C.** In addition to compliance with all the applicable federal and state laws and rules governing drugs, whether radioactive or not, a limited-service nuclear pharmacy permittee shall comply with all laws and rules of the Arizona Radiation Regulatory Agency and the U.S. Nuclear Regulatory Commission, including emergency and safety provisions.
- D.** A limited-service nuclear pharmacy permittee shall comply with the education, experience, and licensing requirements of the Arizona Radiation Regulatory Agency.
- E.** A limited-service nuclear pharmacy permittee shall ensure that radiopharmaceuticals are transferred only to a person or firm that holds a current Radioactive Materials License issued by the Arizona Radiation Regulatory Agency.
- A.** Before operating a limited-service nuclear pharmacy, a person shall obtain a permit in compliance with A.R.S. §§ 32-1929, 32-1930, and 32-1931, and R4-23-606.
  - B.** A permit to operate a limited-service nuclear pharmacy shall be issued only to a person who is or employs an authorized nuclear pharmacist and holds a current Arizona Radiation Regulatory Agency Radioactive Materials License. A limited-service nuclear pharmacy permittee that fails to maintain a current Arizona Radiation Regulatory Agency Radioactive Materials License shall be immediately suspended pending revocation by the Board. A limited-service nuclear pharmacy permittee shall have copies of Arizona Radiation Regulatory Agency inspection reports available upon request for Board inspection.
    1. A limited-service nuclear pharmacy permittee shall designate an authorized nuclear pharmacist as the pharmacist-in-charge. The pharmacist-in-charge shall be responsible to the Board:
      - a. For the operations of the pharmacy related to the practice of pharmacy and distribution of drugs and devices;
      - b. For communicating Board directives to the management, pharmacists, interns, and other personnel of the pharmacy; and
      - c. For the pharmacy's compliance with all federal and state pharmacy laws and rules.
    2. An authorized nuclear pharmacist shall directly supervise all personnel performing tasks in the preparation and distribution of radiopharmaceuticals and ancillary drugs.
    3. An authorized nuclear pharmacist shall be present whenever the limited-service nuclear pharmacy is open for business.
  - C.** A limited-service nuclear pharmacy permittee shall ensure that the limited-service nuclear pharmacy complies with the standards for personnel, area, security, sanitation, and general requirements in R4-23-608, R4-23-609, R4-23-610, R4-23-611, and R4-23-671.
    1. A limited-service nuclear pharmacy shall contain separate areas for:
      - a. Preparing and dispensing radiopharmaceuticals,
      - b. Receiving and shipping radiopharmaceuticals,
      - c. Storing radiopharmaceuticals, and
      - d. Decaying radioactive waste.
    2. The Board may require more than the minimum area in instances where equipment, inventory, personnel, or other factors cause crowding to a degree that interferes with safe pharmacy practice.
  - D.** The pharmacist-in-charge shall designate in writing, by title and specific area, the persons who may have access to particular pharmacy areas.
  - E.** A limited-service nuclear pharmacy permittee shall maintain records of acquisition, inventory, and disposition of radiopharmaceuticals, other radioactive substances, and other drugs in accordance with federal and state statutes and rules.
    1. A prescription order, in addition to the requirements in A.R.S. § 32-1968(C) and R4-23-407(A), shall contain:
      - a. The date and time of calibration of the radiopharmaceutical,
      - b. The name of the procedure for which the radiopharmaceutical is prescribed, and
      - c. The words "Physician's Use Only" instead of the name of the patient if the radiopharmaceutical is nontherapeutic or for a nonblood product.

1. A person shall not manufacture, process, transfill, package, or label a compressed medical gas in Arizona, or manufacture, process, transfill, package, or label a compressed medical gas outside Arizona and ship into Arizona without a current Board-issued resident or nonresident compressed medical gas distributor permit.
2. Before operating as a compressed medical gas distributor, a person shall register with the FDA as a medical gas manufacturer and comply with the drug listing requirements of the federal act.

**B. Application.** To obtain a resident or nonresident CMG distributor permit, a person shall submit to the Board a completed application form and the fee specified in R4-23-205.

1. A resident CMG distributor permit applicant shall include documentation of compliance with local zoning laws, if required by the Board.
2. A nonresident CMG distributor permit applicant that resides in a jurisdiction that issues an equivalent license or permit shall include a copy of the equivalent license or permit.

**C. Notification.** A resident or nonresident CMG distributor permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, e-mail or mailing address, or business name.**D. Change of ownership.** A resident or nonresident CMG distributor permittee shall comply with R4-23-601(F).**E. Relocation.**

1. No fewer than 30 days before a resident CMG distributor permittee relocates, the permittee shall electronically or manually submit a completed application for relocation using a form furnished by the Board, and the documentation required in subsection (B). A fee is not required with an application for relocation.

2. A nonresident CMG distributor permittee shall provide written notice by mail, fax, or e-mail to the Board office no fewer than 10 days before relocating.

**F.** A resident or nonresident CMG distributor permittee is authorized to sell or distribute a compressed medical gas under a compressed medical gas order only to durable medical equipment and compressed medical gas suppliers and other entities that are registered, licensed, or permitted to use, administer, or distribute compressed medical gases.**G.** Facility. A resident or nonresident CMG distributor permittee shall ensure the facility is clean, uncluttered, sanitary, temperature controlled, and secure from unauthorized access.**H.** Current Good Manufacturing Practice: A resident or nonresident CMG distributor permittee is required under federal law to follow the good manufacturing practice requirements of 21 CFR parts 210 and 211.**I.** Records: A resident or nonresident CMG distributor permittee shall:

1. Establish and implement written procedures for maintaining records pertaining to production, transfilling, process control, labeling, packaging, quality control, distribution, returns, recalls, training of personnel, complaints, and any information required by federal or state law.
2. Retain the records required by Section R4-23-601, this Section, and 21 CFR parts 210 and 211 for not fewer than three years or one year after the expiration date of the compressed medical gas, whichever is longer.
3. Make the records required by Section R4-23-601, this Section, and 21 CFR parts 210 and 211 available for inspection by the Board or its compliance officer, or if stored in a centralized recordkeeping system apart from the inspection location and not electronically retrievable, provide the records within four working days of a request by the Board or its compliance officer.

**J. Inspection.**

1. A resident CMG distributor permittee shall make the CMG distributor's facility available for inspection by the Board or its compliance officers under A.R.S. § 32-1904.
2. Within 10 days from the date of a request by the Board or its staff, a nonresident CMG distributor permittee shall provide a copy of the most recent inspection report completed by the permittee's resident licensing authority or the FDA or a copy of the most recent inspection report completed by a third-party auditor approved by the permittee's resident licensing authority or the Board or its designee. The Board may inspect, or may employ a third-party auditor to inspect, a nonresident permittee as specified in A.R.S. § 32-1904.

**K.** Permit renewal. To renew a CMG distributor permit, the permittee shall comply with R4-23-602(D).**L.** Nothing in this Section shall be construed to prohibit the emergency administration of oxygen by licensed health-care personnel, emergency medical technicians, first responders, fire fighters, law enforcement officers, and other emergency personnel trained in the proper use of emergency oxygen.**Historical Note**

**pressed Medical Gas (CMG) Supplier-Resident or Nonresident**

**A.** Permit. A person shall not sell, lease, or supply durable medical equipment or a compressed medical gas to a patient or consumer in Arizona for use in a home or residence without a current Board-issued resident or nonresident durable medical equipment and compressed medical gas supplier permit.

1. The permit requirements of this Section do not apply to the following unless there is a separate business entity engaged in the business of providing durable medical equipment or a compressed medical gas to a patient or consumer for use in a home or residence:
  - a. A medical practitioner licensed under A.R.S. Title 32;
  - b. A hospital, long-term care facility, hospice, or other health-care facility using durable medical equipment or a compressed medical gas in the normal course of treating a patient; and
  - c. A pharmacy.

2. Nothing in this Section shall be construed to prohibit a person with a current Board-issued nonprescription drug permit from the retail sale of nonprescription drugs or devices.

**B.** Application. To obtain a resident or nonresident DME and CMG supplier permit, a person shall submit a completed application form and fee specified in R4-23-205.

1. A resident DME and CMG supplier permit applicant shall include documentation of compliance with local zoning laws, if required by the Board.
2. A nonresident DME and CMG supplier permit applicant that resides in a jurisdiction that issues an equivalent license or permit shall include a copy of the equivalent license or permit.

**C.** Notification. A resident or nonresident DME and CMG supplier permittee shall submit using the permittee's online profile or provide written notice by mail, fax, or e-mail to the Board office within 10 days of changes involving the telephone or fax number, email or mailing address, or business name.

**D.** Change of ownership. A resident or nonresident DME and CMG supplier permittee shall comply with R4-23-601(F).

**E.** Relocation.

1. No fewer than 30 days before a resident DME and CMG supplier permittee relocates, the permittee shall submit a completed application for relocation electronically or manually on a form furnished by the Board, and the documentation required in subsection (B). A fee is not required with an application for relocation.
2. A nonresident DME and CMG supplier permittee shall provide written notice by mail, fax, or e-mail to the Board office no fewer than 10 days before relocating.

**F.** Orders. A resident or nonresident DME and CMG supplier shall sell, lease, or provide:

1. Durable medical equipment that is a prescription-only device, as defined in A.R.S. § 32-1901, only under a prescription or medication order from a medical practitioner; and
2. A compressed medical gas only under a compressed medical gas order from a medical practitioner.

**G.** Restriction. A DME and CMG supplier permit authorizes the permittee to procure, possess, and provide a prescription-only device or compressed medical gas to a patient or consumer as specified in subsection (F). A DME and CMG supplier permit does not authorize the permittee to procure, possess, or provide narcotics or other controlled substances, prescription-

only drugs other than compressed medical gases, precursor chemicals, or regulated chemicals.

**H.** Facility. A resident or nonresident DME and CMG supplier permittee shall ensure the facility is clean, uncluttered, sanitary, temperature controlled, and secure from unauthorized access. A permittee shall maintain separate and identified storage areas in the facility and in delivery vehicles for clean, dirty, contaminated, or damaged durable medical equipment or compressed medical gases.

**I.** A resident or nonresident DME and CMG supplier permittee shall not manufacture, process, transfill, package, or label a compressed medical gas, except as stated in subsection (K).

**J.** Records. A resident or nonresident DME and CMG supplier permittee shall establish and implement written procedures for maintaining records about acquisition, distribution, returns, recalls, training of personnel, maintenance, cleaning, and complaints.

**K.** A permittee shall:

1. Ensure a prescription order, medication order, or compressed medical gas order is obtained as specified in subsection (F);
2. Ensure each compressed medical gas container supplied by the permittee contains a label bearing the name and address of the permittee;
3. Ensure all appropriate warning labels are present on the durable medical equipment or compressed medical gas;
4. Retain the records required by Section R4-23-601 and this Section for not fewer than three years, or if supplying a compressed medical gas, one year after the expiration date of the compressed medical gas, whichever is longer; and
5. Make the records required by Section R4-23-601 and this Section available for inspection by the Board or its compliance officer, or if stored in a centralized recordkeeping system apart from the inspection location and not electronically retrievable for inspection, provide the records within four working days of a request by the Board or its staff.

**L.** Inspection.

1. A resident DME and CMG supplier permittee shall make the DME and CMG supplier's facility available for inspection by the Board or its compliance officers under A.R.S. § 32-1904.
2. Within 10 days from the date of a request by the Board or its staff, a nonresident DME and CMG supplier permittee shall provide a copy of the most recent inspection report completed by the permittee's resident licensing authority, or a copy of the most recent inspection report completed by a third-party auditor approved by the permittee's resident licensing authority or the Board or its designee. The Board may inspect, or may employ a third-party auditor to inspect, a nonresident permittee as specified in A.R.S. § 32-1904.

**M.** Permit renewal. To renew a resident or nonresident DME and CMG supplier permit, the permittee shall comply with in R4-23-602(D).

**N.** Nothing in this Section shall be construed to prohibit the emergency administration of oxygen by licensed health-care personnel, emergency medical technicians, first responders, fire fighters, law enforcement officers, and other emergency personnel trained in the proper use of emergency oxygen.

### ARTICLE 7. NON-PHARMACY LICENSED OUTLETS – GENERAL PROVISIONS

#### R4-23-701. Long-term Care Facilities Pharmacy Services: Consultant Pharmacist

A. The long-term care consultant pharmacist as defined in R4-23-110 shall:

1. Possess a valid Arizona pharmacist license issued by the Board;
2. Ensure the provision of pharmaceutical patient care services as defined in R4-23-110;
3. Review the distribution and storage of drugs and devices and assist the facility in establishing policies and procedures for the distribution and storage of drugs and devices;
4. Provide resident evaluation programs that relate to monitoring the therapeutic response and utilization of all drugs and devices prescribed or administered to residents, using as guidelines the most current indicators established by the Centers for Medicare and Medicaid Services, United States Department of Health and Human Services as required in 42 CFR 483.60 (revised October 1, 2010, incorporated by reference and on file with the Board. This incorporated material contains no future editions or amendments.);
5. Serve as a resource for pharmacy-related education services within the facility;
6. Participate in quality management of resident care in the facility; and
7. Communicate with the provider pharmacy regarding areas of mutual concern and resolution.

B. A long-term care consultant pharmacist shall ensure that:

1. When a provider pharmacy is not open for business, arrangements are made in advance by the long-term care consultant pharmacist, in cooperation with the pharmacist-in-charge of the provider pharmacy and the director of nursing and medical staff of the long-term care facility, for providing emergency drugs for the licensed nursing staff to administer to the residents of the facility using an emergency drug supply unit located at the facility;
2. The label and packaging of prescription-only and nonprescription drugs intended for use within a long-term care facility complies with state and federal law; and
3. The long-term care facility:
  - a. Stores controlled substances listed in A.R.S. § 36-2513 in a separately locked and permanently affixed compartment, unless the facility uses a single-unit package medication distribution system; and
  - b. Maintains accurate records of controlled substance administration or ultimate disposition.

C. The long-term care consultant pharmacist shall:

1. Ensure availability of records and reports designed to provide the data necessary to evaluate the drug use of each long-term care facility resident that include the following:
  - a. Provider pharmacy patient profiles and long-term care facility medication administration records;
  - b. Reports of suspected adverse drug reactions;
  - c. Inspection reports of drug storage areas with emphasis on detecting outdated drugs; and
  - d. Accountability reports, that include:
    - i. Date and time of administration,
    - ii. Name of the person who administered the drug,
    - iii. Documentation and verification of any wasted or partial doses,
    - iv. Exception reports for refused doses, and
    - v. All drug destruction forms; and
2. Identify and report drug irregularities and dispensing errors to the prescriber, the director of nursing of the facility, and the provider pharmacy.

D. A long-term care consultant pharmacist or pharmacist-in-charge of a provider pharmacy shall ensure that:

1. Discontinued or outdated drugs, including controlled substances, are destroyed or disposed of in a timely manner using methods consistent with federal, state, and local requirements and subject to review by the Board or its staff; and
2. Drug containers with illegible or missing labels are:
  - a. Identified; and
  - b. Replaced or relabeled by a pharmacist employed by the pharmacy that dispensed the prescription medication.

#### R4-23-701.01. Long-term Care Facilities Pharmacy Services: Provider Pharmacy

The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that:

1. A prescription medication is provided only by a valid prescription order for an individual long-term care facility resident, properly labeled for that resident, as specified in this subsection. Nothing in this Section shall prevent a provider pharmacy from supplying nonprescription drugs in a manufacturer's unopened container or emergency drugs using an emergency drug supply unit as specified in R4-23-701.02;
2. A prescription medication label for a long-term care facility resident complies with A.R.S. §§ 32-1968 and 36-2525 and contains:
  - a. The drug name, strength, dosage form, and quantity; and
  - b. The beyond-use-date;
3. Only a pharmacist employed by the pharmacy that dispensed the prescription medication may, through the exercise of professional judgment, relabel or alter a prescription medication label that is illegible or missing;
4. The provider pharmacy develops and implements drug recall policies and procedures that protect the health and safety of facility residents. The drug recall procedures shall include immediate discontinuation of any patient level recalled drug and notification of the prescriber and director of nursing of the facility; and
5. Drugs previously dispensed to a resident of the long-term care facility by another pharmacy, and drugs previously dispensed by the provider pharmacy, are not repackaged.

**R4-23-701.02. Long-term Care Facilities Pharmacy Services: Emergency Drugs**

- A.** The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that:
1. An emergency drug supply unit is available within the long-term care facility,
  2. Drugs contained in an emergency drug supply unit remain the property of the provider pharmacy, and
  3. Controlled substance drugs contained in an emergency drug supply unit are included in all inventories required under A.R.S. § 36-2523(B) and R4-23-1003(A).
- B.** An emergency drug supply unit shall meet the following criteria:
1. The drugs are necessary to meet the immediate and emergency therapeutic needs of long-term care facility residents as determined by the provider pharmacy's pharmacist-in-charge in consultation with the long-term care facility's medical director and nursing director;
  2. The purpose of the emergency drug supply unit in a long-term care facility is not to relieve a provider pharmacy of the responsibility for timely provision of the resident's routine drug needs, but to ensure that an emergency drug supply unit is available for facility residents in need of immediate and emergency therapeutic drugs; and
  3. The drugs are provided in a manufacturer's unit of use package or are prepackaged and labeled to include the drug name, strength, dosage form, manufacturer, lot number, and expiration date and provider pharmacy's name, address, telephone number, and pharmacist's initials.
- C.** The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that an emergency drug supply unit:
1. Is stored in an area that:
    - a. Is temperature controlled; and
    - b. Prevents unauthorized access;
  2. Contains on the exterior of the emergency drug supply unit a label to indicate that the contents are for emergency use only;
  3. Contains on the exterior of the emergency drug supply unit a complete list of the contents of the unit by drug name, strength, dosage form, and quantity and the provider pharmacy's name, address, and telephone number;
  4. Contains on the exterior of the emergency drug supply unit a label that indicates the date of the earliest drug expiration date;
  5. Contains on the exterior of the emergency drug supply unit a label that indicates the date of and pharmacist responsible for the last inspection of the emergency drug supply unit; and
  6. Is secured with a tamper-evident seal, or is locked and sealed in a manner that obviously reveals when the unit has been opened or tampered with.
- D.** The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Prepare, implement, review, and revise in the same manner described in R4-23-671(E) and comply with written policies and procedures for the storage and use of an emergency drug supply unit in a long-term care facility;

2. Make the policies and procedures available in the provider pharmacy and long-term care facility for employee reference and inspection by the Board or its staff;
  3. Ensure that the written policies and procedures include the following:
    - a. Drug removal procedures that require:
      - i. The long-term care facility's personnel receive a valid prescription order for each drug removed from the emergency drug supply unit,
      - ii. The long-term care facility's personnel notify the provider pharmacy when a drug is removed from the emergency drug supply unit,
    - b. Outdated drug replacement procedures, and
    - c. Security and inspection procedures;
  4. Exchange or restock the emergency drug supply unit weekly, or more often as necessary, to ensure the availability of an adequate supply of emergency drugs within the long-term care facility. Restocking of the emergency drug supply unit at the facility shall be completed by an Arizona licensed pharmacist employed by the provider pharmacy, or by an Arizona licensed intern, graduate intern, technician or technician trainee under the direct onsite supervision of an Arizona licensed pharmacist; and
  5. Educate pharmacy and long-term care facility personnel in the storage and use of an emergency drug supply unit.
- E.** In addition to the requirements of subsections (A) through (D), an automated emergency drug supply unit may be used provided:
1. The pharmacy permittee or pharmacist-in-charge of the provider pharmacy notifies the Board or its staff in writing of the intent to use an automated emergency drug supply unit, including the name and type of unit;
  2. The provider pharmacy is notified electronically when the automated emergency drug supply unit has been accessed;
  3. All events involving the access of the automated emergency drug supply unit are recorded electronically and maintained for not less than two years;
  4. The provider pharmacy is capable of producing a report of all transactions of the automated emergency drug supply unit including a single drug usage report as required in R4-23-408(B)(5) on inspection by the Board or its staff;
  5. The provider pharmacy develops written policies and procedures for:
    - a. Accessing the automated emergency drug supply unit in the event of a system malfunction or downtime,
    - b. Authorizing and modifying user access,
    - c. An ongoing quality assurance program that includes:
      - i. Training in the use of the automated emergency drug supply unit for all authorized users,
      - ii. Maintenance and calibration of the automated emergency drug supply unit as recommended by the device manufacturer; and
  6. Documentation of the requirements of subsection (E)(5)(c)(ii) is maintained for inspection by the Board or its staff for not less than two years.
- F.** The Board may prohibit a pharmacy permittee or pharmacist-in-charge of a provider pharmacy from using an automated emergency drug supply unit if the pharmacy permittee or pharmacy permittee's employees do not comply with the requirements of subsections (A) through (E).

The limited-service pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure that every emergency drug prescription order is evaluated according to the requirements of R4-23-402(A) by a pharmacist within 72 hours of the first dose of drug administered by long-term care facility personnel under the emergency drug prescription order.

**Historical Note**

Adopted effective December 18, 1992 (Supp. 92-4).  
Amended by final rulemaking at 9 A.A.R. 1064, effective May 4, 2003 (Supp. 03-1).

**R4-23-701.04. Long-term Care Facilities Pharmacy Services: Automated Dispensing Systems**

- A.** Before using an automated dispensing system as defined in R4-23-110, a pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Notify the Board or its staff in writing of the intent to use an automated dispensing system, including the name and type of system;
  2. Obtain a separate controlled substances registration at the location of each long-term care facility at which an automated dispensing system containing controlled substances will be located as required by federal law; and
  3. Maintain copies of the registrations required under subsection (A)(2) at the provider pharmacy for inspection by the Board or its staff.
- B.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure:
1. Drugs contained in an automated dispensing system remain the property of the provider pharmacy;
  2. Controlled substance drugs contained in an automated dispensing system are included in all inventories required under A.R.S. § 36-2523(B) and R4-23-1003(A);
  3. Schedule II drugs are not stocked in an automated dispensing system; and
  4. A separate emergency drug supply unit is available in the long-term care facility to meet the requirements of R4-23-701.02.
- C.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
1. Ensure that policies and procedures as required in subsection (D) for the use of an automated dispensing system in a long-term care facility are prepared, implemented, and complied with;
  2. Review biennially and, if necessary, revise the policies and procedures required under subsection (D);
  3. Document the review required under subsection (C)(2);
  4. Assemble the policies and procedures as a written or electronic manual; and
  5. Make the policies and procedures available for employee reference and inspection by the Board or its staff within the pharmacy and at any location outside of the pharmacy where the automated dispensing system is used.

- D.** A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall ensure the written policies and procedures include:

1. Drug removal procedures that include the following:
  - a. A drug is provided only by a valid prescription order for an individual long-term care facility resident;
  - b. A drug is dispensed from an automated dispensing system only after a pharmacist has:
    - i. Reviewed and verified the resident's prescription order as required by R4-23-402(A), and
    - ii. Electronically authorized the access for that drug for that particular resident; and
  - c. The automated dispensing system labels each individual drug packet with a resident specific label that complies with R4-23-701.01(2) and contains the resident's room number or facility identification number; and
2. Security procedures that include the following:
  - a. The pharmacy permittee or pharmacist-in-charge of the provider pharmacy is responsible for authorizing user access, including adding and removing users and modifying user access;
  - b. Each authorized user is a licensee of the Board or authorized licensed personnel of the long-term care facility; and
  - c. The automated dispensing system is secured at the long-term care facility by electronic or mechanical means or a combination thereof designed to prevent unauthorized access;
3. Drug stocking procedures that include the following:
  - a. Automated dispensing systems that use non-removable containers that do not allow prepackaging of the container as set out in subsection (D)(3)(b):
    - i. Are stocked at the long-term care facility by an Arizona licensed pharmacist employed by the provider pharmacy, or by an Arizona licensed intern, graduate intern, technician or technician trainee under the direct onsite supervision of an Arizona licensed pharmacist; and
    - ii. Utilize bar code or other technologies to ensure the correct drug is placed in the correct canister or container; and
  - b. Automated dispensing systems that use removable containers may be stocked at the long-term care facility by an authorized user provided:
    - i. The prepackaging of the container occurs at the provider pharmacy;
    - ii. A pharmacist verifies the container has been properly filled and labeled, and the container is secured with a tamper-evident seal;
    - iii. The individual containers are transported to the long-term care facility in a secure, tamper-evident shipping container; and
    - iv. The automated dispensing system uses microchip, bar-coding, or other technologies to ensure the containers are accurately loaded in the automated dispensing system; and
4. Recordkeeping and report procedures that include the following:
  - a. All events involving the access of the automated dispensing system are recorded electronically and maintained for not less than two years;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- b. The provider pharmacy is capable of producing a report of all transactions of the automated dispensing system including:
      - i. A single drug usage report that complies with R4-23-408(B)(5); and
      - ii. An authorized user history including date and time of access and type of transaction; and
    - c. The provider pharmacy has procedures to safeguard the storage, packaging, and distribution of drugs by monitoring:
      - i. Current inventory;
      - ii. Expiration dates;
      - iii. Controlled substance dispensing;
      - iv. Re-dispense requests; and
      - v. Wastage.
  - E. A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
    - 1. Ensure that an electronic log is kept for each container fill that includes:
      - a. An identification of the container by drug name and strength, and container number;
      - b. The drug's manufacturer or National Drug Code (NDC) number;
      - c. The expiration date and lot number from the manufacturer's stock bottle that is used to fill the container. If multiple lot numbers of the same drug are added to a container, each lot number and expiration date shall be documented;
      - d. The date the container is filled;
      - e. Documentation of the identity of the licensee who placed the drug into the container; and
      - f. If the licensee who filled the container is not a pharmacist, documentation of the identity of the pharmacist who supervised the non-pharmacist licensee; and
    - 2. Maintain the electronic log for inspection by the Board or its staff for not less than two years.
  - F. A pharmacy permittee or pharmacist-in-charge of a provider pharmacy shall:
    - 1. Implement an ongoing quality assurance program that monitors performance of the automated dispensing system and compliance with the established policies and procedures that includes:
      - a. Training in the use of the automated dispensing system for all authorized users,
      - b. Maintenance and calibration of the automated dispensing system as recommended by the device manufacturer,
      - c. Routine accuracy validation testing no less than every three months, and
      - d. Downtime and malfunction procedures to ensure the timely provision of medication to the long-term care facility resident, and
    - 2. Maintain documentation of the requirements of subsections (F)(1)(b) and (F)(1)(c) for inspection by the Board or its staff for not less than two years.
  - G. The Board may prohibit a pharmacy permittee or pharmacist-in-charge from using an automated dispensing system in a long-term care facility if the pharmacy permittee or the pharmacy permittee's employees do not comply with the requirements of subsections (A) through (F).

**R4-23-702. Hospice Inpatient Facilities**

- A. If a pharmacy permittee contracts to provide pharmacy services to the patients of a hospice inpatient facility as defined in R4-23-110, the pharmacy permittee shall ensure that:
  - 1. A prescription medication is provided only by a valid prescription order for an individual hospice inpatient facility patient, properly labeled for that patient, as specified in this subsection. Nothing in this section shall prevent a provider pharmacy from supplying non-prescription drugs in a manufacturer's unopened container;
  - 2. A prescription medication label for a hospice inpatient facility patient complies with A.R.S. §§ 32-1968 and 36-2525 and contains:
    - a. The drug name, strength, dosage form, and quantity; and
    - b. The beyond-use date; and
  - 3. If the label on the hospice inpatient facility patient's drug container becomes damaged or soiled, a pharmacist employed by the pharmacy that dispensed the drug container, through the exercise of professional judgment, may relabel the drug container. Only a pharmacist is permitted to label a drug container or alter the label of a drug container.
- B. A pharmacist may help hospice inpatient facility personnel develop written policies and procedures for the procurement, administration, storage, control, recordkeeping, and disposal of drugs in the facility.
- C. The provider pharmacy may contract with the hospice inpatient facility to provide pharmacist services at the facility that include evaluation of the patient's response to medication therapy, identification of potential adverse drug reactions, and recommended appropriate corrective action.
- D. A provider pharmacy that places an emergency drug supply unit at a hospice inpatient facility shall comply with the requirements of R4-23-701.02.
- E. A pharmacy shall not place an automated dispensing system as defined in R4-23-701.04 in a hospice inpatient facility.
- F. Drugs previously dispensed to a patient of the hospice inpatient facility by another pharmacy, and drugs previously dispensed by the provider pharmacy, shall not be repackaged.

**R4-23-703. Assisted Living Facilities**

- A. Before dispensing, selling, or delivering a prescription or non-prescription drug to an assisted living facility resident, a pharmacy permittee shall verify the assisted living facility has a current and active license issued by the Arizona Department of Health Services.
- B. A pharmacy permittee shall ensure that, except as provided under subsection (C):
  - 1. A controlled substance prescription drug is dispensed, sold, or delivered to an assisted living facility resident only after receiving a valid prescription order for the controlled substance prescription drug from the resident's medical practitioner; and

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

2. The controlled substance prescription drug is labeled in accordance with A.R.S. §§ 32-1963.01, 32-1968, and 36-2525 and includes the beyond-use date on the label.
- C. A pharmacy permittee may dispense, sell, or deliver to an assisted living facility resident a Schedule III, IV, or V controlled substance prescription if the pharmacy permittee:
  1. Receives a written or oral prescription order for the Schedule III, IV, or V controlled substance from:
    - a. The resident's medical practitioner,
    - b. An individual licensed by the Arizona Board of Nursing who is acting within the scope of practice of the individual's license, or
    - c. The manager or a caregiver of the assisted living facility if the resident's medical practitioner has a written agreement with the assisted living facility designating a representative of the assisted living facility as an agent of the medical practitioner and a licensed medical practitioner provided the prescription order;
  2. Complies with subsection (D)(2); and
  3. Labels the Schedule III, IV, or V controlled substance as specified under subsection (B)(2).
- D. A pharmacy permittee may dispense, sell, or deliver to an assisted living facility resident a non-controlled substance prescription or non-prescription drug if the pharmacy permittee:
  1. Receives a written or oral prescription order for the non-controlled substance prescription or non-prescription drug from:
    - a. The resident's medical practitioner,
    - b. An individual licensed by the Arizona Board of Nursing who is acting within the scope of practice of the individual's license, or
    - c. An assisted living facility manager or caregiver acting under the authority of a licensed medical practitioner;
  2. Determines the written or oral prescription order:
    - a. Meets the requirements of R4-23-407, and
    - b. Includes the name and title of the individual transmitting the prescription order; and
  3. Labels the non-narcotic prescription or non-prescription drug in accordance with A.R.S. §§ 32-1963.01 and 32-1968 and includes the beyond-use date on the label.
- E. If the label on an assisted living facility resident's drug container becomes damaged or soiled, a pharmacist employed by the pharmacy permittee that dispensed the drug container, through the exercise of professional judgment, may relabel the drug container. Only a pharmacist is permitted to label a drug container or alter the label of a drug container.
- F. A pharmacist may help assisted living facility personnel develop written policies and procedures regarding procuring, administering, storing, controlling, keeping records, and disposing of drugs in the facility and provide information concerning safe and effective supervision of drug self-administration.
- G. A pharmacy permittee shall not place an emergency drug supply unit as described in R4-23-701.02 or an automated dispensing system as described in R4-23-701.04 in an assisted living facility.
- H. A pharmacist shall not repackage a drug previously dispensed to an assisted living facility resident.

**ARTICLE 11. PHARMACY TECHNICIANS; PHARMACY TECHNICIAN TRAINEES**

*Article 11, consisting of R4-23-1101 through R4-23-1105, made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1).*

**R4-23-1101. Repealed****Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 102, effective March 10, 2013 (Supp. 13-1). Repealed by final rulemaking at 30 A.A.R. 3095 (October 25, 2024), effective November 30, 2024 (Supp. 24-4).

**R4-23-1102. Pharmacy Technician Licensure**

- A.** License required. A person shall not work as a pharmacy technician in Arizona unless the person possesses a license issued by the Board. A licensed pharmacy technician shall maintain the certificate of licensure, which is in good standing, at the practice site for inspection by the Board or its designee or review by the public. A license issued by the Board is not transferable.
- B.** Eligibility. An applicant for licensure as a pharmacy technician, as defined at A.R.S. § 32-1901, shall provide the Board proof the applicant is eligible under A.R.S. § 32-1923.01(A), including documentation the applicant:
  1. Passed a Board-approved pharmacy technician examination;
  2. Passed the Foreign Pharmacy Graduate Equivalency Examination, if applicable; or
  3. Graduated from a Board-approved pharmacy school.
- C.** Application.
  1. An applicant for licensure as a pharmacy technician shall:
    - a. Submit a completed application electronically or manually on a form furnished by the Board, and
    - b. Submit with the application form:
      - i. The documents specified in the application form,
      - ii. The initial licensure fee specified in R4-23-205, and
      - iii. The wall license fee specified in R4-23-205.
  2. The Board office shall deem an application form received on the date the Board office electronically or manually date-stamps the form.
- D.** Licensure.
  1. If an applicant is found to be ineligible for pharmacy technician licensure under statute and rule, the Board office shall issue a written notice of denial to the applicant.
  2. If an applicant is found to be eligible for pharmacy technician licensure under statute and rule, the Board office shall issue a certificate of licensure and a wall license. An applicant who is assigned a license number and granted "open" or "active" status on the Board's license verification site may begin practice as a pharmacy technician. An applicant shall not practice as a pharmacy technician if the Board's license verification site indicates any status other than "open" or "active."
- E.** License renewal.
  1. To renew a license, a pharmacy technician shall submit a completed license renewal application electronically or manually on a form furnished by the Board with the biennial renewal fee specified in R4-23-205.
  2. If the biennial renewal fee is not paid by November 1 of the renewal year specified in A.R.S. § 32-1925, the pharmacy technician license is suspended and the licensee shall not practice as a pharmacy technician. The licensee shall pay a reinstatement penalty as provided in A.R.S. § 32-1925 and R4-23-205 to vacate the suspension.
  3. Continuing education requirement. Under A.R.S. § 32-1925(H), continuing professional education is mandatory for a licensee.
    - a. The Board shall accept continuing education hours awarded only by an approved provider.
    - b. The Board shall not renew a pharmacy technician license unless the licensee successfully completes 20 continuing education hours during the two years since the licensee's last renewal date and attests to that on the biennial renewal form.
    - c. Special continuing education requirements. If applicable, during each two-year license period, a pharmacy technician:
      - i. Shall not administer a vaccine under R4-23-1104(B)(5) unless the pharmacy technician has successfully completed two continuing education hours relating to administration of vaccines; and
      - ii. As described under A.R.S. § 32-1925(H), shall successfully complete two continuing education hours regarding remote dispensing site pharmacy practices.
    - d. A pharmacy technician licensee is exempt from the continuing education requirement in subsection (E)(3)(b) between the time of initial licensure and first renewal.
    - e. A pharmacy technician licensee shall maintain for five years continuing education records that indicate the number of hours successfully completed and the approved provider of each continuing education. The pharmacy technician licensee shall make the records available to the Board on request.
    - f. The Board shall deem failure to comply with the continuing education requirements as unprofessional conduct and grounds for disciplinary action under A.R.S. § 32-1927.01.
    - g. A pharmacy technician who is aggrieved by a Board decision concerning continuing education may request a hearing before the Board.
- F.** Delinquent license for five or more consecutive years. The Board shall reinstate a delinquent Arizona pharmacy technician license only if the individual furnishes satisfactory proof of fitness to be licensed as a pharmacy technician and pays all fees for the two most recent renewal periods and penalty fees. Satisfactory proof includes:
  1. For an individual who is practicing as a pharmacy technician out-of-state with a pharmacy technician license issued by another jurisdiction:
    - a. Proof of current, unrestricted pharmacy technician licensure in another jurisdiction; and
    - b. Proof of employment as a pharmacy technician during the last 12 months; or
  2. For an individual who did not practice as a pharmacy technician within the last 12 months:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 23. BOARD OF PHARMACY

- a. Take and pass a Board-approved pharmacy technician examination, and
  - b. Complete 20 continuing education hours.
- G. Time frames for pharmacy technician licensure and license renewal. The Board office shall follow the time frames established in R4-23-202(F).
- H. Verification of license. A pharmacy permittee or pharmacist-in-charge shall not allow a person to practice as a pharmacy technician until the pharmacy permittee or pharmacist-in-charge verifies the person is currently licensed by the Board as a pharmacy technician.

**Historical Note**

New Section made by final rulemaking at 10 A.A.R. 1192, effective May 1, 2004 (Supp. 04-1). Amended by final rulemaking at 19 A.A.R. 102, effective March 10, 2013 (Supp. 13-1). Amended by final rulemaking at 19 A.A.R. 2911, effective November 10, 2013 (Supp. 13-3). Amended by final rulemaking at 25 A.A.R. 1015, effective June 1, 2019 (Supp. 19-2). **R4-23-1103. Pharmacy Technician Trainee Registration**

- A. Registration required. As indicated under A.R.S. § 32-1923.01, a person shall not work as a pharmacy technician trainee in Arizona unless the person has registered with the Board. A registered pharmacy technician trainee shall maintain the registration certificate at the practice site for inspection by the Board or its designee or review by the public. Registration as a pharmacy technician trainee is not transferable.
- B. Eligibility. An applicant for a 36-month, non-renewable registration as a pharmacy technician trainee shall provide the Board proof the applicant is eligible under A.R.S. § 32-1923.01(B).
- C. Application.
  - 1. An applicant for a 36-month, non-renewable registration as a pharmacy technician trainee shall:
    - a. Submit a completed application electronically on a form available on the Board's website, and
    - b. Submit with the application form:
      - i. The documents specified in the application form, and
      - ii. The registration fee specified in R4-23-205.
  - 2. The Board office shall deem an application form received on the date the Board office electronically date-stamps the form.
- D. Registration.
  - 1. If an applicant is found to be ineligible for registration as a pharmacy technician trainee under statute and rule, the Board office shall issue a written notice of denial to the applicant.
  - 2. If an applicant is found to be eligible for registration as a pharmacy technician trainee under statute and rule, the Board office shall issue a certificate of registration. An applicant who is assigned a registration number and granted "open" or "active" status on the Board's website may begin practice as a pharmacy technician trainee. An applicant shall not practice as a pharmacy technician trainee if the Board's website indicates any status other than "open" or "active."
- E. Time frames for pharmacy technician trainee registration. The Board office shall follow the time frames established in R4-23-202(F).

- F. Verification of registration. A pharmacy permittee or pharmacist-in-charge shall not allow a person to practice as a pharmacy technician trainee until the pharmacy permittee or pharmacist-in-charge verifies that the person is currently registered by the Board as a pharmacy technician trainee.

**R4-23-1104. Pharmacy Technicians and Pharmacy Technician Trainees**

- A. Permissible tasks of a pharmacy technician trainee. Acting in compliance with all applicable statutes and rules and under the supervision of a pharmacist, a pharmacy technician trainee registered under R4-23-1103 may assist an intern or pharmacist with the following when applicable to the pharmacy practice site:
  1. Record on the original prescription order the serial number of the prescription medication and date dispensed;
  2. Initiate or accept verbal or electronic refill authorization from a medical practitioner or medical practitioner's agent and record, on the original prescription order or by an alternative method approved by the Board or its designee, the medical practitioner's name, patient name, name and quantity of prescription medication, specific refill information, and name of medical practitioner's agent, if any;
  3. Record information in the refill record or patient profile;
  4. Enter information for a new or refill prescription medication as required under A.R.S. § 32-1964;
  5. Type and affix a label for the prescription medication. A pharmacist or intern working under the supervision of a pharmacist shall verify the accuracy of the label as described under R4-23-402(A)(11);
  6. Reconstitute a prescription medication, if a pharmacist checks the ingredients and procedure before reconstitution and verifies the final product after reconstitution;
  7. Retrieve, count, or pour a prescription medication, if a pharmacist verifies the contents of the prescription medication against the original prescription medication container or by an alternative drug identification method approved by the Board or its designee;
  8. Prepackage drugs in accordance with R4-23-402(A); and
  9. Measure, count, pour, or otherwise prepare and package a drug needed for hospital inpatient dispensing, if a pharmacist verifies the accuracy, measuring, counting, pouring, preparing, packaging, and safety of the drug before the drug is delivered to a patient care area.
- B. Permissible tasks of a pharmacy technician. Acting in compliance with all applicable statutes and rules and under the supervision of a pharmacist, a pharmacy technician licensed under R4-23-1102 may:
  1. Perform the tasks listed in subsection (A);
  2. After completing a pharmacy technician drug compounding training program developed by the pharmacy permittee or pharmacist-in-charge under R4-23-1105(C), assist a pharmacist or intern in compounding prescription medi-

cations and sterile or non-sterile pharmaceuticals in accordance with written policies and procedures, if the preparation, accuracy, and safety of the final product is verified by a pharmacist before dispensing;

3. Administer a vaccine when:
  - a. Administration of the vaccine is done under an order that complies with A.R.S. § 32-1974 and R4-23-411;
  - b. Administration of the vaccine is delegated by and done under the supervision of a pharmacist on duty who is certified under A.R.S. § 32-1974 to administer vaccines; and
  - c. There is documentation by the permittee that the pharmacy technician has completed the following:
    - i. A practical training program that is approved by the Accreditation Council for Pharmacy Education and includes hands-on injection technique and recognition and treatment of emergency reactions to vaccines; and
    - ii. Current certification in basic cardiopulmonary resuscitation.
4. Perform a task not related to professional judgment if the task is delegated to the pharmacy technician by the pharmacist on duty after the pharmacist on duty ensures the pharmacy technician is trained to do the task and there is documentation by the permittee of the training; and
5. A pharmacist on duty shall not delegate or attempt to delegate the following tasks to a pharmacy technician:
  - a. Administering an emergency medication,
  - b. Counseling a patient,
  - c. Conducting a drug utilization review,
  - d. Performing any task that requires the exercise of clinical judgment,
  - e. Issuing a prescription order,
  - f. Receiving a new prescription order for a controlled substance, or
  - g. Transferring by telephone an existing prescription order for a controlled substance.

- C. Prohibited activities. A pharmacy technician or pharmacy technician trainee shall not perform a professional practice reserved for a pharmacist or intern in accordance with R4-23-402 or R4-23-653 unless otherwise allowed by rule.
- D. A pharmacy technician or pharmacy technician trainee shall wear a badge indicating name and title while on duty.
- E. Before employing a pharmacy technician or pharmacy technician trainee, a pharmacy permittee or pharmacist-in-charge shall develop, implement, review, revise, and enforce, in the manner described in R4-23-653(A), policies and procedures addressing tasks to be performed by the pharmacy technician or pharmacy technician trainee that are consistent with state and federal law and the site at which the pharmacy technician or pharmacy technician trainee will be employed.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

TITLE 4. PROFESSIONS AND OCCUPATIONS  
CHAPTER 28. STATE REAL ESTATE DEPARTMENT

**ARTICLE 1. GENERAL PROVISIONS**

**R4-28-101. Definitions**

In addition to the definitions listed in A.R.S. § 32-2101 the following terms apply to this Chapter:

“Active license” or “active status license” means a current license issued by the Department to a broker or salesperson that states the name of the broker that employs the broker or salesperson and the location at which the salesperson or broker is employed. If referring to an employing broker, it means a currently licensed employing broker with a currently licensed designated broker of record.

“ADEQ” means the Arizona Department of Environmental Quality.

“ADWR” means the Arizona Department of Water Resources.

“Closing” means the final step of a real estate transaction, such as when the consideration is paid, all documents relating to the transaction are executed and recorded, or the deed is delivered or placed in escrow.

“Credit hour” means 50 minutes of instruction.

“Course” means a class, seminar, or presentation.

“D.b.a.” means ‘doing business as’ and is a name, other than a person’s legal name, authorized by the Department for a licensee’s use in conducting business.

“Distance learning course” means a course of instruction outside a traditional classroom situation consisting of computer-based interactive instructional material, requiring completion in the credit hours specified. A course that requires a student to read text, listen to audio tapes, or view video material without student participation, feedback, and remedial instruction is not a distance learning course.

“Immediate family” means persons related to an individual by blood, marriage, or adoption, including spouse, siblings, parents, grandparents, children, and grandchildren.

“Individual” means a natural person.

“Material change” means any significant change in the size or character of the development, development plan, or interest being offered, or a change that has a significant effect on the rights, duties, or obligations of the developer or purchaser, or use and enjoyment of the property by the purchaser.

“Non-resident license” means a license authorized under the provisions of 32-2122(A) issued to a person who has been domiciled in this state for less than one year and who does not meet any of the following:

- Has an Arizona driver’s license;
- Has an Arizona motor vehicle registration;
- Has been employed in Arizona;
- Has an Arizona voter registration;
- Has transferred banking services to Arizona;
- Has changed permanent address on all pertinent records;
- Is a domestic corporation or limited liability company;
- Has filed an Arizona income tax return with the Department of Revenue during the previous or current tax year;
- or

Has received benefits from any Arizona public service department or agency, such as welfare, food stamps, unemployment benefits, or worker’s compensation.

“Property interest” means a person’s ownership or control of a lot, parcel, unit, share, use in a development, including any right in a subdivided or unsubdivided land, a cemetery plot, a condominium, a time-share interval, a membership camping contract, or a stock cooperative.

**Historical Note**

Former Section R4-28-01 repealed, new Section R4-28-01 adopted effective May 1, 1980 (Supp. 80-3). Amended effective August 1, 1986 (Supp. 86-4). Former Section R4-28-01 renumbered without change as Section R4-28-101 (Supp. 87-1). Former Section R4-28-101 renumbered to R4-28-102, new Section R4-28-101 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 1886, effective May 2, 2000 (Supp. 00-2). Amended by final rulemaking at 8 A.A.R. 3640, effective August 6, 2002 (Supp. 02-3). Amended by final rulemaking at 11 A.A.R. 506, effective March 5, 2005 (Supp. 05-1).

**R4-28-102. Document Filing; Computation of Time**

- A. All documents shall be considered filed on the date received by the Department. An original or renewal application postmarked on or before the end of the application or renewal deadline shall be considered timely.
- B. In computing any period of time allowed by these rules or by an order of the Commissioner, the day of the act, event, or default from which the designated period of time begins to run is not included. The last day of the period is included unless it is Saturday, Sunday, or a legal holiday in which event the period runs until the end of the next day that is not a Saturday, Sunday, or legal holiday. Unless the time period is specified as calendar days, when the period of time allowed is less than 11 days, intermediate Saturdays, Sundays, and legal holidays are excluded from the computation.

**Historical Note**

Former Section R4-28-02 repealed, new Section R4-28-02 adopted effective May 1, 1980 (Supp. 80-3). Amended effective March 13, 1981 (Supp. 81-2). Former Section R4-28-02 renumbered without change as Section R4-28-102 (Supp. 87-1). Former Section R4-28-102 repealed, new Section R4-28-102 renumbered from R4-28-101 and amended by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 11 A.A.R. 506, effective March 5, 2005 (Supp. 05-1).

**R4-28-103. Licensing Time-frames**

- A. Overall time-frame. The Department shall issue or deny a license within the overall time-frames listed in Table 1 after receipt of a complete application. The overall time-frame is the total of the number of days provided for in the administrative completeness review and the substantive review.
- B. Administrative completeness review.
  1. The applicable administrative completeness review time-frame established in Table 1 begins on the date the Department receives the application. The Department shall notify the applicant in writing within the administrative completeness review time-frame whether the application is incomplete. The notice shall specify what information is missing. If the Department does not pro-

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

vide notice to the applicant, the license application shall be considered complete.

2. An applicant with an incomplete license application shall supply the missing information within the completion request period established in Table 1. The administrative completeness review time-frame is suspended from the date the Department mails the notice of missing information to the applicant until the date the Department receives the information.
  3. If the applicant fails to submit the missing information before expiration of the completion request period, the Department shall close the file, unless the applicant requests an extension in writing from the Department before expiration of the Response to Completion Request period in Table 1. The Department shall grant the applicant one extension for the number of days identified as the Response to Completion Request period for the type of license. An applicant whose file has been closed may obtain a license by submitting a new application.
- C. Substantive review.** The substantive review time-frame established in Table 1 begins after the application is administratively complete.
1. The Department may schedule an inspection.
  2. If the Department makes a comprehensive written request for additional information, the applicant shall submit the additional information identified by the request within the additional information period provided in Table 1. The substantive review time-frame is suspended from the date the Department mails the request until the information is received by the Department. If the applicant fails to provide the information identified in the written request the Department shall consider the application withdrawn unless the applicant requests in writing an extension from the Department before expiration of the Response to Additional Information period in Table 1. The Department shall grant the applicant one extension for the number of days identified in the Response to Additional Information period for the type of license.
  3. If the application is denied, the Department shall send the applicant written notice explaining the reason for the denial with citations to supporting statutes or rules, the applicant's right to seek a fair hearing, and the time period for appealing the denial.

**D. Renewals.** If an applicant for renewal of a salesperson's or broker's license submits a complete renewal application:

1. Before the expiration date and there are no changes in the applicant's license or qualifications pursuant to R4-28-301(A), the Department shall send the applicant notice that the license is renewed;
2. After the expiration date, or if a substantive review is required because the applicant wishes to make changes to or has answered in the affirmative any question on the license questionnaire, the Department shall process the application as a modified or amended application.

**Historical Note**

Amended as an emergency effective June 20, 1975 (Supp. 75-1). Former Section R4-28-03 repealed, new Section R4-28-03 adopted effective May 1, 1980 (Supp. 80-3). Former Section R4-28-03 renumbered without change as Section R4-28-103 (Supp. 87-1). Former Section R4-28-103 repealed, new Section R4-28-103 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 1886, effective May 2, 2000 (Supp. 00-2). Amended by final rulemaking at 11 A.A.R. 506, effective March 5, 2005 (Supp. 05-1).

**R4-28-104. Development Inspection Fee**

A fee shall be charged for a development site inspection pursuant to A.R.S. §§ 32-2182, 32-2194.02, 32-2195.02, 32-2197.05, and 32-2198.04, before or after issuance of a public report. Multiple inspections and fees may be required based on development circumstances.

**Historical Note**

New Section R4-28-104 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 8 A.A.R. 4917, effective January 5, 2003 (Supp. 02-4). Amended by final rulemaking at 11 A.A.R. 506, effective March 5, 2005 (Supp. 05-1).

**R4-28-105. Expired****Historical Note**

New Section R4-28-105 made by exempt rulemaking at 19 A.A.R. 201, effective January 16, 2013 (Supp. 13-1). Section expired under A.R.S. § 41-1056(J) at 25 A.A.R. 971, effective March 1, 2019 (Supp. 19-2).

**ARTICLE 3. LICENSURE**

**R4-28-301. General License Requirements; Non-resident License**

A. An applicant for any Department-issued license or license renewal including, if an entity, any officer, director, member, manager, partner, owner, trust beneficiary holding 10% or more beneficial interest, stockholder owning 10% or more stock, or other person exercising control of the entity, shall submit the following information to the Department:

1. A signed original licensure or renewal questionnaire, as applicable, disclosing any:
  - a. Conviction for a misdemeanor or felony, or deferral of a judgment or sentencing for a misdemeanor or felony;
  - b. Order, judgment, or adverse decision entered against the applicant involving fraud or dishonesty, or involving the conduct of any business or transaction in real estate, cemetery property, time-share intervals, membership camping contracts, or campgrounds;
  - c. Restriction, suspension, or revocation of a professional or occupational license, or registration currently or previously held by the applicant in any state, district, or possession of the United States or under authority of any federal or state agency; any civil penalty imposed under the license, or any denial of a license; or
  - d. Order, judgment, or decree permanently or temporarily enjoining the applicant from engaging in or continuing any conduct or practice in connection with the sale or purchase of real estate or cemetery property, time-share intervals, membership camping contracts, campgrounds, securities, or involving consumer fraud or violation of the racketeering laws

by the applicant, or payment from a recovery fund or fund of last resort due to the applicant's action or inaction.

2. If the applicant discloses information under subsection (A)(1), the applicant shall provide all of the following written documentation:
  - a. A signed written statement describing in detail the circumstances surrounding the matter disclosed;
  - b. A certified copy of any police report and court record that pertains to each crime for which the applicant has been convicted or for which sentencing or judgment has been deferred. If the applicant is unable to provide documents for each crime, the applicant shall provide written documentation from the court or agency having jurisdiction, stating the reason the records are unavailable.
  - c. Three written and dated references from individuals, 18 years or older and not related by blood or marriage to the applicant, who have known the applicant for at least one year before the date of the Department's receipt of the application. Each reference shall be dated no more than one year from the date the application is submitted to the Department and include the writer's name, address, and telephone number;
  - d. A 10-year work history, stating each employer's name and address, supervisor's name and telephone number, position held, and dates of employment, specifying any periods of unemployment;
  - e. A certified copy of all documents pertaining to every reprimand, censure or sanction, order assessing a civil penalty, or denying, suspending, restricting, or revoking any professional or occupational license currently held or held by the applicant within the last 10 years;
  - f. A certified copy of any civil judgment awarded by a court of competent jurisdiction against the applicant that included findings of fraud or dishonest dealings by the applicant;
  - g. A certified copy of any document evidencing a payment of a judgment on behalf of the applicant by any recovery fund administered by any state or professional or occupational licensing board, or repayment by the applicant as a judgment debtor to any recovery fund administered by any state or professional or occupational licensing board. If an Arizona real estate or subdivision recovery fund matter, a written disclosure of the file number, approximate date, and

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

approximate amount of payment and current repayment status satisfies this requirement.

- h. A certified copy of any temporary or permanent order of injunction entered against the applicant;
- i. Any other documentation that the applicant believes supports the applicant's qualifications for licensure.
- 3. A full set of fingerprints as prescribed in A.R.S. § 32-2108.01;
- 4. The appropriate license application and fee; and
- 5. Social security number, if the applicant is an individual.
- B.** In addition to the information required in subsection (A), an applicant for a salesperson's or broker's license shall provide information showing the person meet the qualifications listed in A.R.S. § 32-2124, A.A.C. R4-28-401, and R4-28-403. If disclosing censure, sanction, disciplinary action, or other order against any professional or occupational license currently or previously held by the applicant, the applicant shall submit a certified license history from each state in which the applicant holds, or has held, a professional or occupational license within the five years before the application.
- C.** The Department shall not issue a broker's license to any person who holds an active salesperson's license in this state. An active-status salesperson applying for broker's license may simultaneously submit a severance signed by the designated broker on behalf of the salesperson's employing broker under R4-28-303(E)(10) or may request to be administratively severed under R4-28-303(G).
- D.** The Department shall issue to a qualified person a license bearing the legal name of the licensee and any additional nickname, corporate, or dba name that the Commissioner finds is not detrimental to the public interest. A professional corporation or professional limited liability company licensed under A.R.S. § 32-2125(B) shall not adopt a dba name.
- E.** Every salesperson and broker holding a current license shall file with the Commissioner both the address of the salesperson's or broker's principal place of business, if any, and a current residence address.
- F.** Each salesperson, broker, school owner, director, administrator, and instructor shall, within 10 days of each occurrence, notify the Commissioner in writing of any change in information provided under subsection (A)(1)(a) through (d) and provide documentation listed in subsection (A)(2).
- G.** A licensee shall, within 14 calendar days or a later date determined by the Department, respond to a request from the Commissioner or the Commissioner's representative for any documents, electronic files, written statements, or other information required as a part of a complaint investigation, regardless of whether the licensee is named in the complaint.

**R4-28-303. License Renewal; Reinstatement; Changes of Personal Information, License, or License Status; Professional Corporation or Professional Limited Liability Company License; Administrative Severance**

**A. Renewal.**

1. If a salesperson or broker makes a timely and sufficient application for license renewal or a new license with reference to any activity of a continuing nature, the existing

license does not expire until the application has been finally determined by the Department, and, in case the application is denied or the terms of the new license limited, until the last day for seeking review of the Commissioner's order or a later date fixed by order of the reviewing court.

2. Any salesperson or broker applying for a license renewal shall submit the following information on the Application for License Renewal form:

- a. Any change or correction to the applicant's licensing information;
- b. Whether the renewal application is late;
- c. If the renewal is for an active license and is filed in paper format, the Department shall require the application to include the date and signature of the designated broker, authorized branch office manager, or authorized designee under A.R.S. § 32-2127(D). If signed by a branch manager or designee, the branch manager or designee shall attach a copy of the authorization or designation;
- d. The signature of the applicant, attesting to the truthfulness of the application information;
- e. A completed certification questionnaire, providing details and supporting documents for any affirmative response not previously disclosed in writing to the Department concerning judgments, orders, professional licenses, or convictions, as required under R4-28-301(A).
- f. To renew as designated broker for an employing broker, the designated broker shall complete and submit a signed Broker Supervision & Control Audit Declaration for the sole proprietorship or entity on whose behalf the broker acts as designated broker. The completed declaration shall:
  - i. Be dated and filed before or with the broker's renewal application, and submitted to the Department no earlier than 90 days before the broker's license expiration date;
  - ii. Be in the form prescribed by the Department;
  - iii. State the broker's compliance or non-compliance with, or the non-applicability of, specified statutes and rules; and
  - iv. Identify all of the broker's property management and trust accounts.

- B. Late renewal.** In addition to the information required in subsection (A), any person applying for renewal after the date of license expiration shall specify whether the person conducted unlawful license activities as described in R4-28-306.

**C. Reinstatement.**

1. Any salesperson or broker applying for license reinstatement under A.R.S. § 32-2131 shall, in addition to the requirements in R4-28-301(A), submit the following information on the Application For Reinstatement form:
  - a. The type of license and status requested;
  - b. The applicant's legal name, business address, and telephone number;
  - c. Whether the license was suspended, canceled, terminated, or revoked, and the date of and reason for the action;
  - d. The license number of the applicant;
  - e. The mailing address, if different than the business address;
  - f. The name, address, and telephone number of the employing broker, if applicable;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

- g. The employer's trade or d.b.a. name, if any;
  - h. The date of the application; and
  - i. The signature of the applicant attesting to the above information and that the applicant is aware of the provisions in A.R.S. §§ 32-2131, 32-2153, and 32-2160.01.
2. If the license was active at the time of suspension, cancellation, revocation, or termination, the applicant shall provide the information required under R4-28-306.
- D.** A salesperson or broker shall notify the Department in writing within 10 days of any change in the individual's personal information or qualifications. The salesperson or broker shall include in the notice the individual's name, signature, license number, and:
- 1. If disclosing information required under R4-28-301, such as a criminal conviction, adverse judgment, denial or restriction of or disciplinary action against a professional or occupational license, or recovery fund payment on the person's behalf, a written statement providing detailed information and, upon request by the Department, the supporting documentation identified in R4-28-301(A)(2);
  - 2. If requesting a change of personal name, written notice stating the prior name and new name, supporting documentation for the change, and applicable fee;
  - 3. If changing residence address or residential mailing address, written notice stating the prior address, new address and the date of the change;
  - 4. If changing residence telephone number or providing an additional telephone number or e-mail address, written notice of the prior and current number or e-mail address; or
  - 5. If becoming licensed as a professional corporation or professional limited liability company, or changing licensure as a professional corporation or professional limited liability company, the information required under subsection (F).
- E.** A designated broker shall notify the Department in writing within 10 days of any change in the employing broker's qualifications under R4-28-301, and shall provide notice of any proposed change in the employing broker's business information under this Section. An employing broker shall not conduct business under information described in subsections (E)(2), (3), (7), (9), (12), or (13) until the change is approved by the Department. The designated broker shall include in the notice the designated broker's name and signature, the employing broker's legal name, and:
- 1. If disclosing information required under R4-28-301 such as an adverse judgment, denial, or restriction of or disciplinary action against a professional or occupational license, or recovery fund payment on the person's own behalf or on behalf of any officer, director, member, manager, partner, owner, trust beneficiary holding 10 percent or more beneficial interest, stockholder owning 10 percent or more stock, or other person exercising control of the employing broker, file with the Department a written statement within 10 days of the occurrence, providing detailed information and, upon request by the Department, the supporting documentation identified in R4-28-301(A)(2);
  - 2. If changing the employing broker's legal name, written notice stating the current name and proposed name, supporting documentation, and applicable fee;
  - 3. If changing the employing broker's dba name, written notice stating the current dba name, if any, the proposed dba name, and applicable fee;
  - 4. If changing the employing broker's physical address, changing or adding a business mailing address, or changing the address of any branch office, written notice within 10 days of the change stating the prior address and new address, return all current licenses issued to the former address, and pay the applicable fee;
  - 5. If changing business telephone number, written notice within 10 days of the change, providing the prior and current number. The broker may provide additional telephone numbers or e-mail addresses;
  - 6. If changing the structure or membership of the employing broker as provided in A.R.S. § 32-2125 (G), written notice within 10 days of the change including supporting documentation identified in R4-28-302;
  - 7. If changing branch office managers at an established branch office of the employing broker, or changing the authority delegated to the branch office manager, the application form, applicable fee, and letter of authority that identifies the person appointed and specifies the duties delegated as provided by R4-28-304;
  - 8. If closing a branch office, a written statement informing the Department within 10 days of the closure, accompanied by the branch office license and Department form severing the employment of or transferring to another branch office each employee at the branch;
  - 9. If hiring a salesperson or broker, or transferring a salesperson or broker employed by the employing broker to another office of the employing broker, a change form that includes the name, license number, signature of the employee, and the branch office address where the employee will work, and applicable fee;
  - 10. If severing a licensee employed by the employing broker, written notice and return of the employee's license within 10 days of the severance;
  - 11. If opening or closing a broker's trust account, written notice within 10 days of the opening or closing that provides the name of the account, the account number, and the name and address of the bank where the account is located. If relocating or changing the name of a trust account, the designated broker shall include the information for the previous and new accounts;
  - 12. If appointing a temporary broker, submit the information specified in R4-28-305 and in accordance with provisions of A.R.S. §§ 32-2127 or 32-2133, as applicable; or
  - 13. If an employing broker is changing designated brokers, the information and documentation provided in R4-28-302(K).
- F.** In addition to the applicant's name, signature, license number, the name and address of the employing broker's office where the employee will work, and the change fee, a salesperson or broker shall submit the following information to be licensed as a professional corporation or professional limited liability company, to add or remove members of a licensed professional corporation or professional limited liability company, or to change the name of a licensed professional corporation or professional limited liability company:
- 1. Professional corporation.
    - a. The name of the professional corporation that includes the full or last name of each officer, director, and shareholder of the professional corporation as it appears in the Articles of Incorporation;

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

- i. Appraisal methodology;
    - ii. General finance, use of financial calculators, mathematics, and managing cash flow;
    - iii. History of development in metropolitan areas; and
    - iv. Introduction to property management.
  - 6. The Department may require an individual applying for renewal to obtain credit hours based upon significant current issues in the real estate community. The Department shall notify licensees of a new requirement by written notice published in printed or electronic format.
  - 7. The Department may grant continuing education credit for a course that does not have a certificate of approval under R4-28-404 if the applicant demonstrates to the satisfaction of the Commissioner that the course meets the requirements prescribed in R4-28-404 and the course content requirements of this Section.
  - 8. An applicant may substitute subject matter hours within a 90-hour broker's preclicensure course that meet the criteria for credit under subsections (A)(5)(a) through (A)(5)(h), if taken since the last license renewal, for the continuing education credit required in subsection (A)(2) or (3).
  - 9. If any change in the continuing education course requirements occurs during a renewal applicant's license period and the applicant has fully complied with the continuing education requirement in effect before the change occurs, the Department shall consider the renewal applicant to be in compliance with the continuing education requirements for the license period.
- B. Continuing education waiver.** Under A.R.S. § 32-2130, the Commissioner may waive all or a portion of the continuing education requirement or grant additional time to complete a continuing education requirement when a salesperson or broker submits a written request to the Commissioner and shows good cause for the waiver or additional time.
- 1. Good cause may include:
    - a. A person employed by the state or political subdivision establishes to the satisfaction of the Commissioner that the person's employment during the prior license period involved real estate-related matters;
    - b. Any officer or employee of the state whose license is on an inactive status due to a possible conflict of interest or other employment requirement;
    - c. The person demonstrates successful completion of a course on topics specifically related to the person's field of real estate practice;
    - d. An approved real estate instructor requests a waiver for a course the instructor has taught;
    - e. The salesperson or broker demonstrates other extraordinary circumstances.
  - 2. A salesperson or broker is granted additional time by the Commissioner to complete the continuing education requirement for license renewal shall complete the continuing education hours by the deadline or be subject to disciplinary action.
- C.** The Department shall not grant a person credit for more than nine hours of continuing education per day.
- D. Distance learning.**
- 1. Only a school holding a Certificate of Approval shall offer a distance learning course. The school shall obtain course approval from the Department before advertising the course as approved by the Department for credit hours and before issuing Department credit hours for the course to students.
- 2. The Department shall not approve a distance learning course unless it contains:
    - a. Individual modules of instruction for delivery on a computer or other interactive program;
    - b. At least one learning objective for each module of instruction. The learning objective shall ensure that if all the objectives are met, the entire content of the course is understood;
    - c. A structured learning method to enable the student to attain each learning objective;
    - d. A diagnostic assessment of the student's performance during each module of instruction;
      - i. The assessment shall measure what the student learned throughout the module of instruction, and
      - ii. Assess the comprehension of each concept covered in the module;
    - e. Remediation.
      - i. Repetition of a module if a student is deficient in a diagnostic assessment; and
      - ii. Continuous repetition of the module until the student understands the content material.
  - 3. An approved instructor shall teach and an approved instructor or the school director shall grade distance learning courses. The instructor or school director shall:
    - a. Provide the student with assistance, if required;
    - b. Obtain a signed certification statement from the student indicating that the student has completed each assignment of instruction; and
    - c. Certify the student as completing a distance learning course only if the student:
      - i. Completes all required instructional modules,
      - ii. Attends any required hours of live instruction or testing, or both, for a given course; and
      - iii. Passes a final examination.
  - 4. As part of its application for approval of a distance learning course, a school shall file a plan with the Department describing how the school will deal with hardware and software failure.
- Historical Note**
- Adopted effective May 1, 1980 (Supp. 80-3). Amended subsection (F) effective March 13, 1981 (Supp. 81-2). Former Section R4-28-11 renumbered without change as Section R4-28-402 (Supp. 87-1). **R4-28-502. Advertising by a Licensee**

- A.** A salesperson or broker acting as an agent shall not advertise property in a manner that implies that no salesperson or broker is taking part in the offer for sale, lease, or exchange.
- B.** Any salesperson or broker advertising the salesperson's or broker's own property for sale, lease, or exchange shall disclose the salesperson's or broker's status as a salesperson or broker, and as the property owner by placing the words "owner/agent" in the advertisement.
- C.** A salesperson or broker shall ensure that all advertising contains accurate claims and representations, and fully states factual material relating to the information advertised. A salesperson or broker shall not misrepresent the facts or create misleading impressions.
- D.** A school shall include its name, address and telephone number in all advertising of Department-approved courses. The school owner, director, or administrator shall supervise all advertising. The school owner shall ensure that the school's advertising is accurate.
- E.** A salesperson or broker shall ensure that all advertising identifies in a clear and prominent manner the employing broker's legal name or the dba name contained on the employing broker's license certificate.
- F.** A licensee who advertises property that is the subject of another person's real estate employment agreement shall display the name of the listing broker in a clear and prominent manner.
- G.** The designated broker shall supervise all advertising, for real estate, cemetery, or membership camping brokerage services.
- H.** A licensee shall not use the term "acre," either alone or modified, unless referring to an area of land representing 43,560 square feet.
- I.** Before placing or erecting a sign giving notice that specific property is being offered for sale, lease, rent, or exchange, a salesperson or broker shall secure the written consent of the property owner, and the sign shall be promptly removed upon request of the property owner.
- J.** The provisions of subsections (E) and (G) do not apply to advertising that does not refer to specific property.
- K.** Trade Names.
  1. Any broker using a trade name owned by another person on signs displayed at the place of business shall place the broker's name, as licensed by the Department on the signs;
  2. The broker shall include the following legend, "Each (TRADE NAME or FRANCHISE) office is independently owned and operated," or a similar legend approved by the Commissioner, in a manner to attract the attention of the public.
- L.** The use of an electronic medium, such as the Internet or web site technology, that targets residents of this state with the offering of a property interest or real estate brokerage services pertaining to property located in this state constitutes the dissemination of advertising as defined in A.R.S. § 32-2101(2).

**R4-28-503. Promotional Activities**

- A. A licensee shall not describe a premium offered at no cost or reduced cost to promote sales or leasing as an "award," or "prize," or use a similar term.
- B. A licensee shall clearly disclose to a person in writing the terms, costs, conditions, restrictions, and expiration date of an offer of a premium before the person participates in the offer.
- C. Unless otherwise provided by law, a person shall not solicit, sell, or offer to sell an interest in a development by conducting a lottery contest, drawing, or game of chance.
- D. A subdivider, time-share developer, or membership camping operator may apply for approval to conduct a lottery, contest, drawing, or game of chance, or award a premium under A.R.S. § 32-2197.17(J), by submitting to the Department the information under A.R.S. §§ 32-2183.01(I), 32-2197.17(J) or 32-2198.10(D), the applicable fee, if any, and:
  1. The name, address, telephone number, and fax number, if any, of the subdivider, time-share developer, or operator;
  2. The legal name of the broker;
  3. The public report number;
  4. The time and location for collecting entries for the lottery, contest, or drawing;
  5. The date, time, and site for selection of a winner; and
  6. The conditions and restrictions to enter, if any.

**Historical Note**

Former Section R4-28-15 repealed, new Section R4-28-15 adopted effective May 1, 1980 (Supp. 80-3). Amended effective August 1, 1986 (Supp. 86-4). Former Section R4-28-15 renumbered without change as Section R4-28-503 (Supp. 87-1). Section R4-28-503 amended by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 11 A.A.R. 506, effective March 5, 2005 (Supp. 05-1).

**R4-28-504. Development Advertising**

- A. If a developer obtains a conditional sales exemption, under R4-28-B1202, or registers a notice of intent with the Department to accept lot reservations under A.R.S. § 32-2181.03, the developer shall disclose on all advertising that only reservations or conditional sales contracts will be taken until the public report has been issued.
- B. Only a developer or the developer's authorized representative shall file advertising for a development under A.R.S. §§ 32-2183.01(A), 32-2194.05(A), 32-2195.05(A), 32-2197.17(A) or 32-2198.01(A)(6) with the Department.
- C. A developer shall ensure that advertisement of property in a development includes the name of the development as registered with the Department. The Commissioner may waive application of this subsection if the Commissioner determines that the public interest is not affected.
- D. A developer shall not advertise a monthly payment, total price, or interest rate that is not available to all prospective purchasers or is restricted, unless the lack of availability or the restriction is conspicuously disclosed to all prospective purchasers within the advertisement.
- E. A developer shall not advertise proposed or incomplete improvements unless the following requirements are met:
  1. The estimated date of completion is specified or, if there is no estimated date of completion, the developer includes a prominent disclosure in the advertisement that the improvement is proposed only and no warranty is

given or implied that the improvement will be completed; and

2. If a completion date is specified, the developer has submitted to the Department evidence to satisfactorily demonstrate to the Department that the completion and operation of the facilities are assured and that completion will be within the time represented in the advertisement or promotional material.
- F. The developer shall not reference a proposed public facility or project that purports to effect the value or utility of an interest in a development without disclosing in writing the existing status of the proposed facility. The developer shall base the disclosure upon information supplied or verified by the authority responsible for the public facility or project and shall forward the information to the Department.
- G. Pictorial or illustrative depictions, other than unmodified photographs of the property being offered, shall bear a prominent disclosure identifying the nature of the depiction, such as an artist's conception, and shall identify those improvements that are proposed and not in existence.
- H. When a pictorial representation is used in an advertisement for a specific development and is not an actual or accurate representation of the property, a statement within the advertisement shall prominently disclose the distance of the pictorial representation from the advertised property.
- I. If a map or diagram is used to show the location of the development in relation to other facilities, actual road miles from each facility to the development shall be shown on the map or diagram.
- J. A developer shall not expressly state or imply that a facility is available for the exclusive use of purchasers of lots or interests if a public right of access or public use of the facility exists.
- K. A developer shall not refer to availability for use of private clubs or facilities in which the owner will not acquire a proprietary interest through purchase of an interest in the development unless a disclosure is made in the advertisement. The disclosure shall affirmatively state the existence of the facilities and that availability for use by owners of an interest in the development is at the pleasure of the owners of the facility.
- L. When a standing body of water is described as a feature of a development, all advertising shall indicate the average surface area of the body of water. If a standing body of water or a flowing waterway described as a feature of a development is not permanent, or fluctuates substantially in size or volume, the developer shall disclose this fact in all advertisements describing the feature.
- M. At the time an incentive is offered to visit any place where a sales presentation for a development is to be made and before the recipient of the incentive makes the trip, the developer shall disclose in writing all conditions, limitations, or recipient qualifications that will be applied.
- N. A developer shall not include in advertising testimonials or endorsements that contain statements that a salesperson or broker would be precluded by law from making on the salesperson's or broker's behalf.

**R4-28-802. Conveyance Documents**

- A. Upon execution of any transaction document a salesperson or broker shall, as soon as practical, deliver a legible copy of the signed document and final agreement to each party signing the document.
- B. During the term of a listing agreement, a salesperson or broker shall promptly submit to the salesperson's or broker's client all offers to purchase or lease the listed property. Upon receiving permission from the seller or lessor, the salesperson or broker acting on behalf of the seller or lessor may disclose to all offerors or their agents the existence and terms of all additional offers on the listed property. The salesperson or broker shall submit to the client all offers made prior to closing and is not released from this duty by the client's acceptance of an offer unless the client instructs the salesperson or broker in writing

to cease submitting offers or unless otherwise provided in the listing agreement, lease, or purchase contract. The salesperson or broker may voluntarily submit offers to the seller or lessor regardless of any limitations contained in the listing agreement and may submit offers after the listing agreement is terminated.

- C. Transaction statements. In addition to the requirements of A.R.S. §§ 32-2151.01 and 32-2174, the broker shall retain true copies of all receipts and disbursements, or copies of the executed and delivered escrow closing statements that evidence all receipts and disbursements in the transaction.

**R4-28-803. Contract Disclosures**

- A. A developer or the developer's agent shall ensure that any agreement or contract for the sale or lease of a property interest in a development that requires a public report contains substantially the following language in bold print or print larger than the other print used in the document above the signature portion of the document:

THE DEVELOPER SHALL GIVE A PROSPECTIVE PURCHASER A COPY OF THE PUBLIC REPORT AND AN OPPORTUNITY TO READ AND REVIEW IT BEFORE THE PROSPECTIVE PURCHASER SIGNS THIS DOCUMENT.

- B. A developer or the developer's agent shall ensure that any agreement or contract for the sale or lease of a property interest in a development conspicuously discloses the nature of the document at or near the top of the document.
- C. The contract shall indicate where the earnest money or down payment, if any, will be deposited and shall include the name of the title company, the name of the broker's trust account, or other depository.
- D. Any agreement or contract for the sale or lease of a property interest in a development where a down payment, earnest money deposit, or other advanced money, if any, is paid directly to the seller and not placed in a neutral escrow depository, shall conspicuously disclose this fact within the document, and the purchaser shall sign or initial this provision indicating approval in the space adjacent to or directly below the disclosure in the purchase contract or agreement of sale. The following disclosure shall be written in large or bold print and shall be included in the public report, purchase contract, and agreement of sale.

Prospective purchasers are advised that earnest money deposits, down payments, and other advanced money will not be placed in a neutral escrow. This money will be paid directly to the seller and may be used by the seller. This means the purchaser assumes a risk of losing the money if the seller is unable or unwilling to perform under the terms of the purchase contract.

**ARTICLE 11. PROFESSIONAL CONDUCT****R4-28-1101. Duties to Client**

- A. A licensee owes a fiduciary duty to the client and shall protect and promote the client's interests. The licensee shall also deal fairly with all other parties to a transaction.
- B. A licensee participating in a real estate transaction shall disclose in writing to all other parties any information the licensee possesses that materially or adversely affects the consideration to be paid by any party to the transaction, including:

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

1. Any information that the seller or lessor is or may be unable to perform;
  2. Any information that the buyer or lessee is, or may be, unable to perform;
  3. Any material defect existing in the property being transferred; and
  4. The existence of a lien or encumbrance on the property being transferred.
- C.** A licensee shall expeditiously perform all acts required by the holding of a license. A licensee shall not delay performance, either intentionally or through neglect.
- D.** A licensee shall not allow a controversy with another licensee to jeopardize, delay, or interfere with the initiation, processing, or finalizing of a transaction on behalf of a client. This prohibition does not obligate a licensee to agree to alter the terms of any employment or compensation agreement or to relinquish the right to maintain an action to resolve a controversy.
- E.** A real estate salesperson or broker shall not act directly or indirectly in a transaction without informing the other parties in the transaction, in writing and before the parties enter any binding agreement, of a present or prospective interest or conflict in the transaction, including that the:
1. Salesperson or broker has a license and is acting as a principal;
  2. Purchaser or seller is a member of the salesperson's, broker's, or designated broker's immediate family;
  3. Purchaser or seller is the salesperson's or broker's employing broker, or owns or is employed by the salesperson's or broker's employing broker; or
  4. Salesperson or broker, or a member of the salesperson's or broker's immediate family, has a financial interest in the transaction other than the salesperson's or broker's receipt of compensation for the real estate services.
- F.** A salesperson or broker shall not accept compensation from or represent more than one party to a transaction without the prior written consent of all parties.
- G.** A salesperson or broker shall not accept any compensation, including rebate or other consideration, directly or indirectly, for any goods or services provided to a person if the goods or services are related to or result from a real estate transaction, without that person's prior written acknowledgement of the compensation. This prohibition does not apply to compensation paid to a broker by a broker who represents a party in the transaction.
- H.** The services that a salesperson or broker provides to a client or a customer shall conform to the standards of practice and competence recognized in the professional community for the specific real estate discipline in which the salesperson or broker engages. A salesperson or broker shall not undertake to provide professional services concerning a type of property or service that is outside the salesperson's or broker's field of competence without engaging the assistance of a person who is competent to provide those services, unless the salesperson's or broker's lack of expertise is first disclosed to the client in writing and the client subsequently employs the salesperson or broker.
- I.** A salesperson or broker shall exercise reasonable care in ensuring that the salesperson or broker obtains information material to a client's interests and relevant to the contemplated transaction and accurately communicates the information to the client. A salesperson or broker is not required to have expertise in subject areas other than those required to obtain the salesperson's or broker's license. A salesperson or broker shall take reasonable steps to assist a client in confirming the accuracy of information relevant to the transaction.
- J.** A salesperson or broker shall not:
1. Permit or facilitate occupancy in a person's real property by a third party without prior written authorization from the person; or
  2. Deliver possession prior to closing unless expressly instructed to do so by the owner of the property or property interest being transferred.
- K.** A salesperson or broker shall recommend to a client that the client seek appropriate counsel from insurance, legal, tax, and accounting professionals regarding the risks of pre-possession or post-possession of a property.

**R4-28-A1202. Development Map; Location; Land Characteristics**

- A.** The applicant shall submit a legible copy, no larger than 11" x 17", of the recorded development map showing, as applicable:
1. The county recorder's recording information, including the book and page of maps and recording date;
  2. County or city approval;
  3. Applicable dedications;
  4. Monuments, distances, and bearings; and
  5. Registered land surveyor certification.
- B.** The applicant shall identify the location of the development, including the street, city, county, and state, and:
1. The miles and direction from the nearest city or town, if applicable; and
  2. The most direct route for getting to the development from a federal, state, county, or city road.
- C.** The application shall include a description of the physical characteristics of the land and any unusual factors that may affect it, such as if it has level or hilly terrain, rocky, loose, or alkaline soil, and
1. The gross acreage of the development;
  2. The total number of lots within the development, including a description of phasing, if applicable; and
  3. Whether and how lots are permanently or temporarily staked or marked for easy location.

**Historical Note**

Section R4-28-A1202 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-A1203. Flood and Drainage; Land Uses; Adverse Conditions**

The applicant shall state, or include as applicable:

1. Whether the development is subject to any known flooding or drainage problems and a letter bearing the signature and seal of a professional civil, city, and county engineer, or county flood district detailing the drainage conditions and flood hazards. The letter shall include the effect of any flood plain and its location, the effect of a 100 year frequency storm, and whether flood insurance is required.
2. Whether the development lots are subject to subsidence or expansive soils. If subsidence or expansive soils exist, a professional engineer's letter addressing the effects of the condition, remedies, and a buyer's on-going responsibilities in plain language;

3. A description of the existing and proposed land uses in the vicinity of the development that may cause a nuisance or adversely affect lot owners, such as freeways, airports, sewer plants, railroads, and canals, including:
  - a. Any unusual safety factors within or near the development, and
  - b. A description of all current and proposed adjacent land uses.
4. Whether the development is affected by any unusual or unpleasant odors, noises, pollutants, or other nuisances;
5. A description of any agricultural activity or condition in the area that may adversely affect a lot owner, including any odors, cultivation and related dust, agricultural burning, application of pesticides, or irrigation and drainage;
6. Whether the development lots are subject to any known geological or environmental condition that would or may be detrimental to a purchaser's health, safety, or welfare; or
7. Whether the development lots are located within the boundary of a federal, designated Superfund site or a state designated Water Quality Assurance Revolving Fund site.

**Historical Note**

Section R4-28-A1203 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-A1204. Utilities**

The applicant shall include information about electrical, telephone, and natural gas utilities available to the development, including:

1. The names, addresses, and telephone numbers of the electrical, telephone, and natural gas company that will provide service;
2. The location of existing electrical, telephone, and natural gas utilities in relation to the development;
3. The name of each person responsible for extending each utility to the lot lines;
4. The estimated completion date for extending each utility to the lot lines;
5. If the developer will only install conduit, a description of the arrangement made to complete operational utilities to lot lines;
6. The estimated cost a lot purchaser will be required to pay for completion of each utility to the purchaser's lot line, and, if the offer is for unimproved lots, the estimated costs to provide service from the lot line to the dwelling;
7. Upon completion of the utilities, other costs or requirements that must be addressed before the lot purchaser receives service, including the current service charges, hookup fees, turn-on fees, meter fees, and fees for pulling wire through conduit;
8. If propane gas will be used, a letter from the supplier stating that it will be providing service to the development, with a description of requirements to be met and costs to be paid by the lot purchaser for receiving the service; and
9. If street lights will be available, the person responsible for completion, the estimated completion date and the person who will pay for the electricity.

**Historical Note**

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

- a. If any streets are private, a description of what provisions have been made to assure purchasers of a legal right to use the private streets;
- b. Whether the streets are completed;
- c. The standards to which the streets will be or are constructed;
- d. If the streets are not completed, the person responsible for completion and the estimated completion date;
- e. The type of existing and proposed surfacing;
- f. The cost, if any, the lot purchaser will pay toward street completion;
- g. The name of the person responsible for exterior and interior street maintenance;
- h. Whether a city or county is responsible for maintaining the streets and the approximate date when streets will be accepted for maintenance; and
- i. The cost, if any, the lot purchaser will pay toward street maintenance.

**B.** The applicant shall demonstrate that there is permanent access to the land over terrain that may be traversed by conventional 2-wheel drive automobiles and emergency vehicles by providing any of the following information or documents necessary to make the demonstration:

1. A statement from a title insurance company, signed by an authorized title officer, affirming that legal access exists to the development and lots within the development. The statement shall:
  - a. Describe the legal access by listing all recorded instruments which establish legal access,
  - b. Be accompanied by a map on which legal access is shown with accurate references to the recorded instruments,
  - c. Be accompanied by a legible copy of each recorded instrument listed in the statement.
2. A statement bearing the seal and signature of a registered land surveyor or professional engineer, affirming that legal access to and within the development, as described in the title insurance company legal access statement, is over terrain that can be traversed by conventional 2-wheel drive automobiles and emergency vehicles. The statement shall affirm that:
  - a. The legal access corresponds with the actual physical access to the development and to the lots,
  - b. The legal access is permanent and describe how that permanence is assured.
3. The recorded subdivision map which shows approval by the applicable city or county officials.
4. Recorded easements or road dedications whether public or private. If private, the applicant shall ensure that development lot owners, emergency vehicles, and utility service providers have access rights.
5. Land, on which easements and roads are provided, is traversable by conventional 2-wheel drive automobiles and emergency vehicles.
6. Road maintenance programs that assure permanent access. Road maintenance programs include those administered by city or county governments, city or county improvement districts, or private property owner associations.
7. Recorded documentation that establishes legal and permanent access for development lot owners through federal or state lands.

improvements listed in subsections R4-28-A1204 through R4-28-A1210; and

2. Whether the assurances to complete and deliver the improvements have been approved by the county or city, where applicable, and if so, submit a copy of the county or city approval;
- B.** An applicant shall provide one or more of the following assurances for completion:
1. A surety or completion bond from an insurance company licensed in Arizona with a rating of good or higher from a rating agency and a copy of the rating. The bond shall specify which improvements are included and shall:
    - a. Be stipulated by and payable to a third party who is not the developer;
    - b. Be accepted and signed by all parties;
    - c. Include an expiration date not less than 90 days beyond the last improvement estimated completion date;
    - d. State when and how the third party may draw on the funds;
    - e. Be in an amount 10% greater than the estimated amount to complete all improvements; and
    - f. Include a registered engineer's, architect's, or contractor's cost estimate to complete the improvements.
  2. An irrevocable letter of credit from a financial institution licensed to do business in Arizona. The irrevocable letter of credit shall specify which improvements are included and shall:
    - a. Be stipulated by and payable to a third party who is not the developer;
    - b. Be accepted and signed by all parties;
    - c. Include an expiration date not less than 90 days beyond the last improvement estimated completion date;
    - d. State when and how the third party may draw on the funds;
    - e. Be in an amount 10% greater than the estimated amount to complete all improvements;
    - f. Include a registered engineer's, architect's, or contractor's cost estimate to complete the improvements;
    - g. State that repayment is the responsibility of the developer and not of the third party; and
    - h. State that the irrevocable letter of credit is noncancelable.
  3. A loan commitment and agreement from a lender licensed in Arizona. The loan commitment and agreement shall specify which improvements are included and shall:
    - a. Be stipulated by and payable to a third party who is not the developer;
    - b. Be accepted and signed by all parties;
    - c. Include an expiration date not less than 90 days beyond the last improvement estimated completion date;
    - d. State when and how the third party may draw on the funds;
    - e. Be in an amount 10% greater than the estimated amount to complete all improvements;
    - f. Include a registered engineer's, architect's, or contractor's cost estimate to complete the improvements; and
    - g. State that repayment is the responsibility of the developer and not of the third party even if the third party draws on the funds.
  4. A trust or escrow account with a financial institution or escrow company licensed in Arizona. The trust or escrow account shall specify which improvements are included and shall:
    - a. Be stipulated by and payable to a third party who is not the developer;
    - b. Be accepted and signed by all parties;
    - c. Include an expiration date not less than 90 Days beyond the last improvement estimated completion date;
    - d. State when and how the third party may draw on the funds;
    - e. Be in an amount 10% greater than the estimated amount to complete all improvements;
    - f. Include a registered engineer's, architect's, or contractor's cost estimate to complete the improvements; and
    - g. Directly pay for the improvements completed or release funds to the developer upon written verification from a registered engineer that the improvements have been completed in accordance with the plan.
  5. City and county trust agreement. A municipal or county government may enter into an assurance agreement with a trustee to hold a lot conveyance until improvements are completed:
    - a. The trustee is an escrow company licensed in Arizona, and
    - b. The agreement is recorded.
  6. Written escrow agreement. A developer may enter into a written escrow agreement with a title insurance company or escrow company to escrow all funds and prohibit close of escrow until all improvements are complete. The agreement shall contain the following stipulations:
    - a. The funds are not released nor the purchaser's deed or other relevant documents recorded until the developer's architect or engineer certifies to the Department and the escrow agent that the project is complete, ready for occupancy, and in compliance with all city and county requirements;
    - b. If the completion date is not met:
      - i. The developer will give purchasers notice that completion dates were not met and an updated completion schedule,
      - ii. A purchaser may, within 30 days of receiving the notice specified in subsection (B)(6)(b)(i), cancel and receive a full refund by sending written notice to the escrow agent,
      - iii. The public report is invalid and all sales are suspended; and
      - iv. The Department considers the public report valid if improvements are completed at a later date and the public report is complete and accurate.
  7. Subdivision assurances. The municipal or county government shall prohibit occupancy and an subdivider shall not close escrow on lots sold in a subdivision until all proposed or promised subdivision improvements are complete.
    - a. The subdivider shall submit an agreement or copy of the ordinance from the city or county prohibiting

occupancy until all proposed or promised subdivision improvements are complete.

- b. If improvements are completed in phases, the subdivider shall submit complete details of the phasing program, including approval of the phasing by the city or county and the completion schedule for the phases to the Department.
- c. The subdivider shall submit a written statement that no escrow will close on any lot until all subdivision improvements are complete. If a lot is within a phase of the subdivision where all improvements are complete and can be used and maintained separately from the improvements required for the entire subdivision the escrow may be closed.
- d. The subdivider shall submit a copy of the subdivider's purchase contract containing in large or bold print the condition that escrow will not close until the city or county issues its occupancy clearance and all subdivision improvements are complete.
- e. Any improvement offered or promised to a purchaser that is scheduled for completion in a later phase of completion shall have its completion assured by an alternative method of assurance listed in this Section.
- f. If the subdivider's sales include unimproved (vacant) lots, the subdivider shall deposit all earnest money into a neutral escrow depository until escrow closes.

8. Any other assurance satisfactory to the Department that is not listed in subsections (B)(1) through (B)(7).

- C. If the construction of any improvement is completed in phases, the applicant shall provide a description of the phased schedule of completion, including the lots in each phase and estimated completion dates.

Section R4-28-B1201 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).  
Section R4-28-B1201 expired under A.R.S. § 41-1056(J) at 30 A.A.R. 3144 (October 25, 2024), effective October 1, 2024 (Supp. 24-4).

**R4-28-B1202. Conditional Sales Exemption**

- A. Any developer applying for a special order of exemption authorizing the offer for sale of a subdivision lot or unsubdivided land before issuance of a public report shall provide the following information to the Department:
  1. The completed and executed Petition for Conditional Sales Exemption;
  2. The completed and executed subdivision or unsubdivided land application for a public report;
  3. The purchase contract containing all required contract disclosures and the Conditional Sales Addendum;

4. A current title report showing the ownership interest of the developer and acceptable condition of title;
5. A copy of the recorded development map, or if not recorded, a copy of the unrecorded map;
6. A copy of the Condominium Declaration, if applicable;
7. A Certificate of Assured Water Supply, or a letter from the ADWR or other evidence that the property is located in an area designated as having an assured water supply, if the property is located in a groundwater active management area;
8. A water adequacy report from the ADWR or evidence that the property is located in an area designated as having an adequate water supply, if the property is located outside of a groundwater active management area; and
9. Any other information revealed necessary after preliminary review.

- B. The conditional sales exemption shall expire upon issuance or denial of the public report, or upon issuance of an order to summarily suspend sales, to cease and desist, or a voluntary suspension of sales by the developer or owner.

**Historical Note**

Section R4-28-B1202 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-B1203. Material Change; Public Report Amendments**

- A. The developer shall notify the Department of all material changes in the information required by A.R.S. Title 32, Chapter 20, Articles 4, 7, 9, and 10, or 4 A.A.C. 28, Article 12, Part A.
- B. According to material changes reported in subsection (A), the Department may require the developer to amend the public report.
- C. Completion Date Extension.
  1. A developer may apply to the Department for an amendment to a public report to extend the completion date of any improvement by providing an affidavit from the developer attesting that each purchaser, owner, and the city or county officials responsible for improvements were provided written notice of the completion status of the improvement, including a list of all people who were provided notice.
  2. The Department may deny the application to extend the completion date beyond the first extension if a purchaser, owner, or city or county official opposes issuance of an amended public report to extend a completion date.
  3. If an extension is denied, the developer shall provide the Department with a written agreement to suspend sales until the improvement is complete or the Department may issue a summary suspension order as provided in A.R.S. § 32-2157(B).
- D. To amend a public report, a developer shall submit payment of the applicable amendment fee and the following information:
  1. The name and registration number of the development;
  2. The name and signature of the developer;
  3. A list of the changes to the development and sales offering or in the information previously provided to the Department;
  4. Status of sales as prescribed in subsections (C) and (E); and
  5. A purchase contract addendum, to be signed and dated by both seller and purchaser, acknowledging that the sale is conditioned upon issuance of the amended public report

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

and purchaser's receipt and acceptance of the amended public report.

**E. Suspension of sales.**

1. If necessary for the protection of purchasers, the Department may suspend approval to sell or lease pending amendment of the report.
2. In lieu of issuing a suspension order under A.R.S. § 32-2157, the Department may accept a developer's written agreement to suspend sales until the amended public report has been issued by the Department.

**F.** If the Department determines that a suspension of sales is not necessary for the protection of purchasers and approves the proposed disclosure of the change, sales may continue if the prospective purchaser is provided a copy of the current public report and disclosure of all changes before signing a contract. Completion of sales is conditioned upon the developer obtaining and delivering to each purchaser under contract the amended public report.**G.** Upon obtaining the amended report, the developer shall provide a copy to prospective purchasers in place of the earlier public report and obtain a receipt for the amended public report.**H.** If an application to amend a public report is denied, the Department shall notify the developer in writing of the statutory basis for the denial and of the developer's right to a fair hearing.**Historical Note**

Section R4-28-B1203 renumbered from R4-28-1203 and amended by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 1886, effective May 2, 2000 (Supp. 00-2).

**R4-28-B1204. Cemetery Notice; Amendments**

A change to information required pursuant to the provisions of Title 32, Chapter 20, Article 6, R4-28-301(A), or any other Section, requires amendment of the notice filed pursuant to A.R.S. 32-2194.01.

**R4-28-B1205. Expired****Historical Note**

Section R4-28-B1205 renumbered from R4-28-1201 and amended by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Section R4-28-B1205 expired under A.R.S. § 41-1056(J) at 30 A.A.R. 3144 (October 25, 2024), effective October 1, 2024 (Supp. 24-4).

**R4-28-B1206. Filing with HUD**

If the subdivider requests that a subdivision public report be certified by the Department for filing with HUD, the subdivider shall comply with the terms, conditions, and requirements of the HUD certification agreement.

**Historical Note**

Section R4-28-B1206 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-B1207. Subsequent Owner****A.** Except as provided in A.R.S. § 32-2181.02, any developer who is a successor in interest to six or more lots within a subdivision on which the Department previously issued a public

report shall file an application for and obtain a new public report before offering or selling any lot.

**B.** Any developer who is a successor in interest to six or more parcels within an unsubdivided land development on which the Department previously issued a public report shall file an application for and obtain a new public report before offering or selling any parcel.**C.** Any developer who is a successor in interest to 12 or more time-share intervals within a time-share project on which the Department previously issued a public report shall file an application for and obtain a new public report, before offering or selling any interval.**D.** The Department shall not issue a new public report to a subsequent owner of a development if the previous developer failed to complete proposed improvements in accordance with estimated completion dates specified in the previously issued public report until one of the following occurs:

1. The subsequent owner makes financial arrangements, as described in R4-28-A1211, in favor of the local governmental authority and for the benefit of purchaser, securing the owner's promise to complete the previously proposed improvements by a designated date; or
2. The subsequent owner becomes obligated to place all sales funds in a neutral escrow depository until the Department is furnished satisfactory evidence that all proposed improvements have been completed or accepted by the city or county; or
3. Permission is obtained by all previous purchasers in the development for completion of the proposed improvements by the new designated date for completion; or
4. The subsequent owner establishes to the satisfaction of the Department that adequate financial arrangements have been made to assure completion of the proposed improvements by the new designated date for completion.

**E.** A developer who is a new owner of property that is the subject of a pending application for a public report shall not replace or be substituted for the applicant of the pending application.**Historical Note**

Section R4-28-B1207 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1). Amended by final rulemaking at 6 A.A.R. 1886, effective May 2, 2000 (Supp. 00-2).

**R4-28-B1208. Public Report Correction**

If the public report contains an error, the Department shall correct the report at its own expense. Additional or changed information that was known to the developer before issuance of the report is not an error. The Department shall not correct the public report after it has been in effect for 10 days. After 10 days, the developer shall change the report through the development amendment process, established in R4-28-B1203, with payment of the applicable amendment fee.

**Historical Note**

Section R4-28-B1208 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-B1209. Options; Blanket Encumbrances; Releases****A.** The Department shall not issue or amend a public report for any lot held under option or subject to a blanket encumbrance if a condition precedent to the optionee's right to acquire the lot or to release from the blanket encumbrance shows that the lot shall:

1. Be acquired or released in a particular sequence,

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 28. STATE REAL ESTATE DEPARTMENT

2. Be acquired or released only after one or more additional lots have been acquired or released, or
  3. Not be released if the encumbrance is in default because of a cross-default provision contained in the encumbrance,
- B.** The developer may require payment of a premium to permit the acquisition or release of the lot.
- C.** When a blanket encumbrance clouds title to a development, the developer shall place a written statement from the holder of the blanket encumbrance in the public report application, quoting the provisions that enable a buyer to acquire title to a lot, free of the blanket encumbrance.

**Historical Note**

Section R4-28-B1209 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-B1210. Earnest Money**

The developer shall deposit earnest money and down payments in a neutral depository if:

1. The seller is in bankruptcy;
2. The sale is conditional pursuant to R4-28-B1202; or
3. The Department perceives a risk to the buyer.

**Historical Note**

Section R4-28-B1210 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-B1211. Recordkeeping**

If real property in a development is sold or leased by a developer without the services of a listing or selling broker, the developer shall keep all records as required by A.R.S. § 32-2151.01(A) and (C).

**Historical Note**

Section R4-28-B1211 adopted by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

Adopted effective May 1, 1980 (Supp. 80-3). Amended effective March 13, 1981 (Supp. 81-2). Former Section R4-28-33 renumbered without change as Section R4-28-1301 (Supp. 87-1). Section R4-28-1301 repealed by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-1302. Service of Pleadings Subsequent to Complaint and Notice**

- A.** Service of pleadings subsequent to complaint and notice of hearing shall be made by personal service or by mail to the last known address of record of the party or the party's counsel. If service is made by mail, response time shall be increased by five days. Service by mail is complete upon mailing.
- B.** Any person filing a pleading or brief with the Department shall also file with the Attorney General.

**Historical Note**

Adopted effective May 1, 1980 (Supp. 80-3). Former Section R4-28-34 renumbered without change as Section R4-28-1302 (Supp. 87-1). Section R4-28-1302 amended by final rulemaking at 5 A.A.R. 650, effective February 3, 1999 (Supp. 99-1).

**R4-28-1303. Information Obtained in an Investigation**

- A.** The Department shall ensure that information and documents in open audits and investigations remain confidential. Officers

and employees of the Department shall not make confidential information or documents available to anyone other than the Attorney General or the Attorney General's representative, or authorized employees of the Department, unless the Commissioner authorizes disclosure of the information or production of documents as being in the public interest.

- B.** Upon request, the Department shall disclose the existence of and make available for review audit and investigative files that were closed within five years of the request for the information, subject to redaction of confidential or privileged information such as date of birth, social security number, bank and trust account numbers, home address and telephone number of active-status licensees, criminal history reports, attorney-client privileged communications, work product, and information regarding settlement negotiations.

**Historical Note**

Adopted effective May 1, 1980 (Supp. 80-3). Former Section R4-28-35 renumbered without change as Section R4-28-1303 (Supp. 87-1). **R4-28-1304. Response; Default**

- A.** A response shall specifically admit, deny, or state that the party does not have, or is unable to obtain, sufficient information to admit or deny each allegation in the complaint. A statement of a lack of information shall have the effect of a denial. Any allegation not denied is deemed to be admitted. When a party intends in good faith to deny only a part of an allegation, the party shall admit so much of it as is true and shall deny the remainder.
- B.** If the party fails to file a response or after being served notice, fails to appear at a hearing within the time provided by the statute under which the hearing is commenced, the Department may file an Affidavit of Default against the party, and proceed to take action against the party based upon the allegations of the charges. This action may be taken before the hearing date established in the Notice of Hearing. The party may file a motion to vacate the default and any action taken by the Commissioner within 15 days after receiving a copy of the default and the action or order by the Commissioner. For good cause, the Commissioner may vacate a default and any action taken and reschedule a hearing.
- C.** Every response filed pursuant to this Section shall be signed by the filing party or by at least one attorney, in the attorney's individual name, who represents the party, and shall be verified.

**Historical Note**

Adopted effective May 1, 1980 (Supp. 80-3). Former Section R4-28-36 renumbered without change as Section R4-28-1304 (Supp. 87-1). Amended subsection (D) effective November 27, 1987 (Supp. 87-4). **R4-28-1310. Rehearing or Review of Decision; Response; Decision**

- A.** Unless otherwise provided by statute or rule, any party to a hearing before the Office of Administrative Hearings who is aggrieved by a decision rendered in a case may, pursuant to A.R.S. § 41-1092.09, file with the Commissioner a written motion for rehearing or review of the decision. The motion shall specify the particular grounds for rehearing or review.

The moving party shall serve copies upon all other parties. A motion for rehearing or review under this Section may be amended at any time before the Commissioner rules upon the motion.

- B.** A rehearing or review of the decision may be granted for any one of the following causes that materially affect the moving party's rights:
1. Irregularity in the proceedings or any order or abuse of discretion by the administrative law judge that deprived a party of a fair hearing;
  2. Misconduct by the Department, administrative law judge, or the prevailing party;
  3. Accident or surprise that could not have been prevented by ordinary prudence;
  4. Newly discovered material evidence that could not with reasonable diligence have been discovered and produced at the original hearing;
  5. Excessive or insufficient penalties;
  6. Error in the admission or rejection of evidence or other errors of law occurring during the proceeding;
  7. That the findings of fact or decision is arbitrary, capricious, or an abuse of discretion;
  8. That the findings of fact or decision is not supported by the evidence or is contrary to law.
- C.** Presenting specific grounds for rehearing or review, affidavits and relief sought.
1. Each party filing a motion for rehearing or review shall specify in the motion which of the grounds listed in subsection (B) the motion is based upon and shall set forth specific facts and law in support of the rehearing or review. The party may cite relevant portions of testimony by reference to pages or lines of the reporter's transcript of the hearing or to the date and time range of the Office of Administrative Hearings audio record, and may cite hearing exhibits by reference to the exhibit number.
  2. When a party files a motion for rehearing or review based upon an affidavit, the person shall attach the affidavit to the motion before filing the motion unless leave for later filing of an affidavit is granted by the Commissioner. The leave may be granted ex parte.
  3. Each party filing a motion for rehearing or review shall specify the specific relief sought by the motion, such as a different decision or penalty, a new hearing, a dismissal of the complaint, or other relief. A party may seek multiple forms of relief, in the alternative.
- D.** Any party may file a written response to the motion. An affidavit may be attached to and filed with the response and shall not be later filed unless leave for later filing of affidavits is granted by the Commissioner. The original response shall be filed with the Department pursuant to R4-28-102, within 15 days after the date the motion for rehearing or review is filed, and a copy shall be served upon all other parties to the hearing.
- E.** Within 30 days after a decision is rendered, the Commissioner may, on the Commissioner's own initiative, order a rehearing or review of a decision for any reason for which a motion for rehearing or review might have been granted. The Commissioner shall specify the grounds for rehearing or review in the order.
- F.** Upon review of a motion for rehearing or review of the decision, and any response, the Commissioner shall issue a ruling granting or denying the motion. If granted, the Commissioner may modify the decision or grant a rehearing. An order granting a rehearing shall specify with particularity the grounds on which the rehearing is granted, and the rehearing shall cover

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

**ARTICLE 1. GENERAL PROVISIONS****R4-46-101. Definitions**

The definitions in A.R.S. §§ 32-3601, 32-3651, and 32-3661 apply to this Chapter. Additionally, unless the context otherwise requires, in this Chapter:

“Accredited” means approved by an accrediting agency recognized by the Council for Higher Education Accreditation or the U.S. Secretary of Education.

“Administrative law judge” has the meaning stated at A.R.S. § 41-1092(1).

“AMC” means appraisal management company as defined at A.R.S. § 32-3661.

“Appealable agency action” has the meaning stated at A.R.S. § 41-1092(3).

“Appraisal practice” means valuation services performed by an individual acting as an appraiser, including but not limited to an appraisal or appraisal review.

“Appraiser” means an individual, other than a property tax agent as defined at A.R.S. § 32-3651, registered, licensed, or certified by the Department to complete valuation assignments regarding real estate competently in a manner that is independent, impartial, and objective.

“AQB” means the Appraisal Qualifications Board as defined at A.R.S. § 32-3601.

“Assignment” means the valuation service that an appraiser provides as a consequence of an agreement between the appraiser and a client.

“Classroom education” means appraisal education delivered in a setting where there is no geographical separation between the instructor and student.

“Complaint” means a written allegation against a party.

“Conditional dismissal” means an agreement which allows the Director to dismiss the complaint upon the respondent’s completion of a Department specified continuing education course.

“Contested case” has the meaning stated at A.R.S. § 41-1001(6).

“Conviction” means a judgment by any state or federal court of competent jurisdiction in a criminal case, regardless of whether an appeal is pending or could be taken, and includes any judgment or order based on a plea of no contest.

“Course owner” means a person or a combination of persons that own the proprietary rights to a course. A course owner may have developed the course or may have purchased the proprietary rights to the course.

“Department” has the meaning stated at A.R.S. § 6-101(5).

“Director” has the meaning stated at A.R.S. § 6-101(7).

“Disciplinary action” means any regulatory sanction imposed by the Director, other than remedial action imposed through a letter of remedial action, and may include corrective education, a civil money penalty, restriction on the nature and scope of the respondent’s practice, monitoring, probation, mentorship, suspension, revocation, or an acceptance of surrender of a license or certificate or a combination of the above.

“Distance education” means appraisal education delivered in a setting in which the learner and instructor are geographically separated.

“Federally Regulated Appraisal Management Company” has the meaning stated at A.R.S. § 32-3661(9).

“Investigation” means a fact-finding process and review that is initiated when the Department receives a complaint.

“Investigator” means an individual who is a Department employee or operates under a contract with the Department to carry out investigations of alleged violations.

“Jurisdictional criteria” means the statutory standards of A.R.S. §§ 6-123, 6-124, and A.R.S. Title 32, Chapter 36, used by the Department to determine whether a complaint falls within its jurisdiction.

“Letter of concern” means a non-disciplinary advisory letter to notify a respondent that the finding of the Director does not warrant disciplinary action, but is nonetheless cause for concern and that its continuation may result in disciplinary action.

“Letter of remedial action” means a non-disciplinary letter that requires a respondent to take remedial action when any minor violation of A.R.S. Title 32, Chapter 36 or this Chapter is found.

“Mentor” means a certified appraiser authorized by the Department to supervise the work product of an appraiser who is subject to disciplinary action by the Director.

“Party” means each person or agency named or admitted as a party or properly seeking and entitled to participate in any proceeding.

“Person” means a natural person or any legal or commercial entity including a corporation, business trust, estate, trust, partnership, limited partnership, joint venture, association, limited liability company, limited liability partnership, or limited liability limited partnership.

“Probation” means a term of oversight by the Department, imposed upon a respondent as part of a disciplinary action, which may include submission of logs, working under the supervision of a mentor, or other conditions intended to protect the public and educate the respondent.

“Property Tax Agent” has the meaning stated at A.R.S. § 32-3651(3).

“Remedial action” means any corrective remedy that is designed to assist the respondent in improving the respondent’s professional practice.

“Respondent” means an appraiser, course owner, property tax agent, or appraisal management company against whom a complaint has been filed or any other party responding to an investigation, an action, a motion or a proceeding before the Director.

“Secondary provider” means a person that purchases or otherwise lawfully acquires the right to provide a course independently of the course owner that retains proprietary rights to the course.

“USPAP” means the Uniform Standards of Professional Appraisal Practice, issued and updated by The Appraisal Foundation and made state law under A.R.S. § 32-3610.

**R4-46-107. Procedures for Processing Applications**

- A. To comply with A.R.S. Title 41, Chapter 6, Article 7.1, the following time-frames are established for processing applications for registration, licensure, certification, and designation, including renewal applications, and applications for course approval:
  - 1. The Department shall notify the applicant within 60 days after receipt of the application that it is either administratively complete or incomplete. If the application is incomplete, the Department shall specify in the notice what information is missing.
  - 2. A final decision shall be rendered not later than 60 days after the applicant successfully completes all requirements in statute or this Chapter.
  - 3. The overall time-frame for action is 120 days, 60 days for administrative completeness review and 60 days for substantive review.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 46. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - FINANCIAL INSTITUTIONS DIVISION -

- B.** An applicant whose application is incomplete shall supply the missing information within 60 days after the date of the notice unless the time-frame is extended by mutual agreement. The administrative completeness review time-frame stops running on the date of the Department's written notice of an incomplete application and resumes when the Department receives a complete application. If the applicant fails to submit a complete application within the specified time limit, the Department may reject the application and close the file. An applicant may reapply.
- C.** If the Director denies registration, licensure, certification, designation, or course approval to an applicant, the Department shall send the applicant written notice explaining:
1. The reason for denial, with citations to supporting statutes or rules,
  2. The applicant's right to seek a hearing to appeal the denial, and
  3. The time for appealing the denial.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**ARTICLE 2. REGISTRATION, LICENSURE, AND CERTIFICATION AS AN APPRAISER****R4-46-201. Appraiser Qualification Criteria**

- A.** Classifications. As specified in A.R.S. § 32-3612, Arizona recognizes five classifications of appraisers. These classifications are:
1. Registered trainee appraiser,
  2. State licensed real estate appraiser,
  3. State certified residential real estate appraiser,
  4. State certified general real estate appraiser, and
  5. Designated supervisory appraiser.
- B.** Qualification criteria. Except as provided elsewhere in this Article, an applicant for an original or renewal of a registration, licensure, certification, or designation shall meet the classification-specific qualification criteria established and updated January 1, 2022, by the AQB, which is incorporated by reference. A copy of the incorporated materials is on file with the Department and may be obtained from the Department or the Appraisal Foundation. This rule does not incorporate any later date or edition of this material.
- C.** Regardless of whether a transaction is federally related:
1. A state licensed residential appraiser is limited to the scope of practice in A.R.S. § 32-3612(3), and
  2. A state certified residential appraiser is limited to the scope of practice in A.R.S. § 32-3612(2).
- D.** If an applicant for registration, licensure, or certification meets the qualification criteria prescribed in A.R.S. Title 32, Chapter 36 and this Article, including evidence that the applicant has applied for a valid fingerprint clearance card pursuant to A.R.S. § 32-3620(B) and has submitted the application and the biennial National Registry fees specified in Section R4-46-106, the registration, license, or certificate that entitles the applicant to practice within the appropriate scope specified in A.R.S. § 32-3612 for the term specified in A.R.S. § 32-3616 shall be issued.

**Historical Note**

Adopted effective December 29, 1995 (Supp. 95-4).

Amended by final rulemaking at 13 A.A.R. 1381, effective June 2, 2007; subsections (D)(2)(f) and (D)(4) effective January 1, 2008 (Supp. 07-2). Amended by final rulemaking at 14 A.A.R. 1434, effective May 31, 2008 (Supp. 08-2). Amended by exempt rulemaking at 19 A.A.R. 4023, effective November 21, 2013 (Supp. 13-4). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-201.01. Application for Designation as a Supervisory Appraiser; Supervision of a Registered Trainee Appraiser**

- A.** An individual who wishes to act as a supervisory appraiser for a registered trainee appraiser shall:
1. Apply for and obtain designation as a supervisory appraiser before providing supervision to a registered trainee appraiser,
  2. Have been state certified for at least three years, and
  3. Apply for designation under A.R.S. § 32-3614.02.
- B.** To apply for designation as a supervisory appraiser, a certified appraiser shall submit to the Department:
1. An application for designation;
  2. A statement whether the applicant for designation has been disciplined in any jurisdiction in the last three years in a manner that affects the applicant's eligibility to engage in appraisal practice and if so, the name of the jurisdiction, date of the discipline, circumstances leading to the discipline, and date when the discipline was completed;
  3. Evidence that the applicant for designation completed a training course that complies with the course content established by the AQB and that is specifically oriented to the requirements and responsibilities of supervisory and trainee appraisers;
  4. A signed affirmation that the applicant for designation will comply with the USPAP Competency Rule for the property type and geographic location in which the supervision will be provided; and
  5. Any other information and documentation that is necessary to meet the qualification criteria established and updated by the AQB.
- C.** Supervision requirements:
1. A registered trainee appraiser may have more than one designated supervisory appraiser.
  2. A designated supervisory appraiser shall not supervise more than three registered trainee appraisers at any one time.
  3. A registered trainee appraiser shall maintain a separate appraisal log for each designated supervisory appraiser and, at a minimum, include the following in each log for each appraisal:
    - a. Type of property,
    - b. Date of report,
    - c. Address of appraised property,
    - d. Description of work performed by the registered trainee appraiser,
    - e. Scope of review and supervision provided by the designated supervisory appraiser,
    - f. Number of actual work hours worked by the registered trainee appraiser on the assignment, and

- g. Signature and state certificate number of the designated supervisory appraiser.
- 4. A designated supervisory appraiser shall provide to the Department in writing the name and address of each registered trainee appraiser within 10 days of engagement and notify the Department in writing within 10 days when the engagement ends.
- 5. If a registered trainee appraiser or designated supervisory appraiser fails to comply with the applicable requirements of this Section:
  - a. The registered trainee appraiser or the designated supervisory appraiser may be subject to disciplinary action under A.R.S. § 32-3631(A)(8), and
  - b. The Director may decline the experience credit hours logged during any period that the registered trainee appraiser or designated supervisory appraiser failed to comply with this Section. The registered trainee appraiser and designated supervisory appraiser shall provide documentation and justification of the non-compliance for review by the Director.

- f. Any other relevant records.
- 4. The Department may assign or contract with an investigator.
- 5. Under A.R.S. §§ 6-123(3), 6-124, 12-2212, and 32-3631(C), the Director may compel testimony or document production, regardless of whether an investigation is in process.

**B. Complaint Resolution**

- 1. Without limiting any other remedy allowed by statute, if the Director finds a violation of A.R.S. Title 32, Chapter 36, or this Chapter, the Director may:
  - a. Dismiss the matter based upon mitigating factors;
  - b. Issue a letter of concern;
  - c. Issue an order, which may include disciplinary action and/or remedial action; or
  - d. Resolve the matter by settlement.
- 2. Any time after a complaint has been filed against a respondent, the matter may be resolved by a settlement in which the respondent agrees to accept disciplinary action and/or remedial action by consent. If the Director determines that the proposed settlement will adequately protect the public, the Director may issue a letter of remedial action, or enter into another form of stipulation, agreed settlement, or consent with the respondent. The Director may also allow for a conditional dismissal.

**ARTICLE 4. APPRAISAL MANAGEMENT COMPANIES****R4-46-401. Application for Initial Registration**

- A. Unless exempt under A.R.S. § 32-3663 or 12 USC § 3353(c), a person shall not engage in business as an AMC and shall not provide any appraisal management services unless registered with the Department.
- B. To register under subsection (A), a person shall submit:
  1. A registration application, which is available from the Department and on its website, and provide the information and certifications required under A.R.S. § 32-3662(B);
  2. The name and contact information of the controlling person who will be the main contact for all communication between the Department and the AMC;
  3. For the controlling person, each officer, and each individual who owns 10% or more of the AMC:
    - a. A copy of a fingerprint clearance card application under A.R.S. § 41-1758.03, and
    - b. The certification required under A.R.S. §§ 32-3668(B)(3) or 32-3669(B)(1), as applicable;
  4. Proof of the surety bond required under A.R.S. § 32-3667 and R4-46-402; and
  5. The application fee specified under R4-46-106.
- C. If an AMC operates in Arizona under more than one name, other than a DBA, the controlling person of the AMC shall ensure that a complete application, as described in subsection (B), is submitted in each name under which the AMC will operate. However, if an individual previously submitted a copy of a valid fingerprint clearance card application under subsection (B), the individual is not required to resubmit the finger-

print clearance card unless the card has expired, or is suspended, or cancelled.

**R4-46-402. Bond Required**

- A. The surety bond required under A.R.S. § 32-3667 shall be in the amount of \$20,000 and shall be issued by a surety company authorized to do business in Arizona.
- B. The controlling person of a registered AMC shall ensure that the surety bond required under A.R.S. § 32-3667 requires the issuing surety company to provide written notice to the Department by registered or certified mail at least 30 days before the surety company cancels the bond and within 30 days after the surety company pays a loss under the bond.
- C. The surety bond required under A.R.S. § 32-3667 is to be used exclusively to ensure that a registered AMC pays:
  1. All amounts owed to persons that perform real estate appraisal services for the AMC, and
  2. All amounts adjudged against the AMC as a result of either negligent or improper real property appraisal services or appraisal management services or of a breach of contract in performing real property appraisal services or appraisal management services.
- D. The controlling person of a registered AMC shall ensure that the required surety bond is:
  1. Maintained in the amount of \$20,000;
  2. Funded to \$20,000 within seven days after being drawn down; and
  3. Maintained for at least one year after the AMC's registration expires, is revoked or surrendered, or otherwise ends.
- E. If the Department receives notice from the surety company of intent to cancel the required bond, the Department shall notify the controlling person of the AMC and require that the controlling person submit proof of a replacement bond before the existing bond is cancelled. Under A.R.S. § 32-3678, failure to maintain the required bond is grounds for disciplinary action.

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 46. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - FINANCIAL INSTITUTIONS DIVISION -

- F. If a registered AMC operates in Arizona under more than one name, other than a DBA, the controlling person shall ensure that a separate surety bond in the amount of \$20,000 is maintained in each name.
- G. If the name of a registered AMC is changed, the controlling person of the registered AMC shall ensure that a surety bond in the amount of \$20,000 is:
1. Maintained in the former name for one year after the name is changed, and
  2. Obtained in the registered AMC's new name.
- H. A person damaged by a registered AMC's failure to pay an obligation listed in subsection (C) has a right of action against the surety bond. The damaged person shall begin the action in a court of competent jurisdiction within one year after the AMC failed to pay the amount owed or the amount adjudged against the AMC.
- I. If the surety bond required under A.R.S. § 32-3667 is cancelled, liability of the issuing surety company is not limited or cancelled regarding any claim against the surety bond for actions by the AMC while the surety bond was in force.

**Historical Note**

**R4-46-403. Change in Controlling Person or Agent for Service of Process; Notice of Adverse Action**

- A. If any of the information submitted under R4-46-401(B)(2) changes, the controlling person of the registered AMC shall provide to the Department written notice of the change within 10 business days.
- B. If an individual becomes the controlling person of a registered AMC and the information required under R4-46-401(B)(3) was not previously submitted for the individual, the new controlling person shall ensure that the required information is submitted to the Department within 10 business days after the change in controlling person.
- C. If a registered AMC is required under A.R.S. § 32-3662(B)(4) to provide the name and contact information for an agent for service of process in this state, the controlling person of the AMC shall provide the Department written notice of any change in the information within 10 business days.
- D. If the regulated entity, the responsible person, any controlling person, or any direct or indirect owner of the firm has ever been, or is currently, the subject of any complaint, investigation, or disciplinary action against a license, certificate, registration, or membership by any state regulatory agency, or any professional or occupational credentialing authority that resulted in an adverse judgment against them, including any denial, or voluntary surrender, withdrawal, or resignation of a credential in lieu of disciplinary action, the controlling person of the AMC shall provide the Department with written notice of such action within 10 business days after such action has been finalized.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2). Amended by final rulemaking at 30 A.A.R.

3515 (November 22, 2024), effective January 5, 2025 (Supp. 24-4).

**R4-46-404. Application for Renewal Registration**

- A. Under A.R.S. § 32-3665, an initial registration for an AMC expires one year after the date of issuance. A renewal registration for an AMC expires two years after the date of issuance.
- B. To renew registration for an AMC, the controlling person of the registered AMC shall, within 60 days before expiration, submit:
1. A renewal registration application,
  2. The certifications required under A.R.S. § 32-3662(B),
  3. Proof of the surety bond required under A.R.S. § 32-3667 and R4-46-402,
  4. The renewal fee under R4-46-106,
  5. Evidence that each person who has at least a 10% ownership interest in the AMC and the controlling person have applied for a valid fingerprint clearance card unless a valid fingerprint clearance card is currently on file with the Department, and
  6. Disclose any changes to the percentage of ownership.
- C. If the controlling person of a registered AMC fails to comply with subsection (B) and the registration expires, the controlling person shall ensure that the AMC immediately ceases providing all appraisal management services. The Department may accept a renewal application after the expiration date if within 90 days of the date of expiration but shall assess a delinquent renewal fee in addition to the renewal fee.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-405. Certifications; National Registry Reporting**

- A. Under A.R.S. § 32-3672, the controlling person of a registered AMC is required to make certain certifications to the Department at the time the AMC's registration is renewed.
- B. To make the certifications required under A.R.S. § 32-3672, the controlling person of a registered AMC shall use a form that is available from the Department and on its website.
- C. The controlling person of a registered AMC shall make available to the Department, upon request, evidence that the certifications are true and that the systems, processes, and records certified are effective in protecting the public.
- D. In accordance with the provisions contained in 12 U.S.C. § 3338, each authorized representative or controlling person of an AMC that is either registered with the state or federally regulated and operating in Arizona shall annually submit an AMC National Registry Report to the Department at least 15 days prior to March 1st of each year for the period from January 1 to December 31 of the previous year. The AMC National Registry Report shall include:
1. Identifying information for the AMC;
  2. The number of appraisers who have performed an appraisal for the AMC in connection with a covered transaction in the state during the previous year, or from the commencement of business for AMCs not in existence for the entire previous year; and
  3. A signed affirmation by written declaration.
- E. The AMC shall pay, at the time it submits the National Registry Report to the Department, the fee required under 12 U.S.C. § 3338(a)(4).

## TITLE 4. PROFESSIONS AND OCCUPATIONS

## CHAPTER 46. DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS - FINANCIAL INSTITUTIONS DIVISION -

- F. A registered AMC or federally regulated AMC operating in Arizona who fails to timely submit a National Registry Report to the Department and to remit the AMC National Registry fee shall not appear on the AMC National Registry.
- G. Under A.R.S. § 32-3678, failure to comply with this Section is grounds for disciplinary action.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-406. Appeal for Waiver**

- A. Under A.R.S. §§ 32-3668 and 32-3669, an AMC for which registration is sought under R4-46-401 may not have an owner, controlling person, officer, or other individual with a financial interest in the AMC who has ever had a financial, real estate, or mortgage lending industry license or certificate refused, denied, canceled, voluntarily surrendered in lieu of revocation, or revoked in any state.
- B. When an appeal is made by the individual who has had a financial, real estate, or mortgage lending industry license or certificate refused, denied, canceled, voluntarily surrendered in lieu of revocation, or revoked in any state for a non-substantive cause and reinstated by the state that revoked the license or certificate, the Director has discretion to grant the appeal.
- C. To make an appeal for waiver under subsection (B), the individual shall submit an appeal for waiver form, which is available from the Department and on its website.
- D. In deciding whether to waive the requirement under subsection (B), the Director shall consider the following factors:
  1. Whether the refusal, denial, cancellation, voluntary surrender in lieu of revocation, or revocation of a license or certificate was based on a finding of fraud, dishonesty, misrepresentation, or deceit on the part of the appellant;
  2. The amount of time that has elapsed since the refusal, denial, cancellation, voluntary surrender in lieu of revocation, or revocation of the license or certificate;
  3. Whether the act leading to the refusal, denial, cancellation, voluntary surrender in lieu of revocation, or revocation of the license or certificate was an isolated occurrence or part of a pattern of conduct;
  4. Whether the act leading to the refusal, denial, cancellation, voluntary surrender in lieu of revocation, or revocation of the license or certificate appears to have been done for a self-serving purpose;
  5. The harm caused to victims, if any;
  6. Efforts at rehabilitation, if any, undertaken by the appellant and evidence regarding whether the rehabilitation efforts were successful;
  7. Restitution made by the appellant to victims, if any; and
  8. Other factors in mitigation or aggravation that the Director determines are relevant.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 30 A.A.R. 3515 (November 22, 2024), effective January 5, 2025 (Supp. 24-4).

**R4-46-407. Training Required**

- A. The controlling person of a registered AMC shall ensure that all employees and other individuals who work on behalf of the AMC and are responsible for selecting independent appraisers to perform real property appraisal services receive sufficient training to be qualified to comply with federal and state law regarding appraisal management services.
- B. The controlling person of a registered AMC shall ensure that the training required under subsection (A) includes at least the following:
  1. Overview of USPAP,
  2. Federal and state law applicable to real property appraisal services,
  3. Appraiser classifications and the scope of work for each classification,
  4. Factors that influence the complexity of an appraisal assignment, and
  5. Maintaining the independence of an appraiser.
- C. The controlling person of a registered AMC shall maintain a record of all training provided to an individual described under subsection (A) for one year beyond the termination of that individual's employment by or work on behalf of the AMC.
- D. The controlling person of a registered AMC shall make available to the Department, upon request, a copy of all materials used to provide the training required under this Section and the records maintained under subsection (C).

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2).

**R4-46-408. Voluntarily Relinquishing Registration**

- A. The controlling person of a registered AMC may voluntarily relinquish the AMC's registration if:
  1. No complaint is currently pending against the AMC,
  2. All amounts owed under subsection R4-46-402(C) have been paid, and
  3. The AMC is in good standing with the Department.
- B. To voluntarily relinquish an AMC's registration, the controlling person of the AMC shall enter into an agreement with the Director that provides the AMC shall:
  1. Cease engaging in business as an AMC and cease providing appraisal management services immediately, and
  2. Maintain the surety bond required under A.R.S. § 32-3667 for one year after the agreement is entered.

course satisfies the qualification criteria under subsection R4-46-201(B).

- C. A course owner shall ensure that the course is not offered as either qualifying or continuing education until the course owner receives notice that the course has been approved unless the course owner includes notice in the offering materials that course approval is pending and no credit may be claimed for participating in the course until approval is received.
- D. The Department shall include in the notice of course approval referenced in subsection (C):
  1. An index number for the approved course,
  2. The maximum number of hours of instruction (including examination time if applicable) that may be claimed for participating in the approved course, and
  3. Whether the course is approved as qualifying or continuing education.
- E. A course owner shall ensure that the course is not advertised or represented as approved until after receipt of the notice referenced in subsection (D). After receiving notice of course approval, the course owner may represent in any materials that the course is *approved*.
- F. As used in this Article:  
 “Continuing education” means the basic education requirement for renewal of a license or certification within the meaning of A.R.S. § 32-3625.

“Qualifying education” means the basic education requirement to apply as a state-licensed appraiser under A.R.S. § 32-3613(B) or state-certified real estate appraiser under A.R.S. § 32-3614(C).

**Historical Note**

Adopted effective December 29, 1995 (Supp. 95-4). Amended effective October 1, 1998; filed in the Office of the Secretary of State September 10, 1998 (Supp. 98-3). Amended by final rulemaking at 13 A.A.R. 1503, effective June 2, 2007 (Supp. 07-2). Amended by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-502. Approval of Distance-education Delivery Mechanism**

If a course is to be delivered by distance education, the course owner shall obtain approval of the course-delivery mechanism from one of the following sources if required:

1. An organization approved by the AQB that provides approval of course design and delivery;
2. An accredited institution of higher education that approves the content of the course and offers and awards academic credit for the distance-education course; or
3. An accredited institution of higher education that approves the content of the course and a distance-education approval organization that approves the course design and delivery, which includes interactivity.

**Historical Note**

Adopted effective December 29, 1995 (Supp. 95-4). Amended effective October 1, 1998; filed in the Office of the Secretary of State September 10, 1998 (Supp. 98-3). Section expired under A.R.S. § 41-1056(E) at 10 A.A.R. 1893, effective January 31, 2004 (Supp. 04-2). New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final

rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-503. Course Owners**

- A. Approval of a course granted to the course owner extends to a secondary provider. However, for a course delivered by distance education:
  1. A course owner’s approval of the course-delivery mechanism, as required under R4-46-502, does not extend to a secondary provider; and
  2. Both the course owner and secondary provider shall apply for and obtain approval of the course-delivery mechanism from a source listed in R4-46-502.
- B. If a course owner allows an approved course to be offered by a secondary provider, the course owner shall ensure that the secondary provider:
  1. Uses the course owner’s materials, including the same textbook and examination, if any;
  2. Allows only the number of hours specified by the Department under subsection R4-46-501(D);
  3. Uses an instructor who is qualified under the standards specified in subsection R4-46-506(7); and
  4. Adheres to the course owner’s policies regarding student attendance, course scheduling, and prerequisites, if any.
- C. Before allowing an approved course to be offered by a secondary provider using distance education, the course owner shall comply with subsection (B) and:
  1. Ensure that the secondary provider has obtained approval of the course-delivery mechanism from a source listed in R4-46-502, and
  2. Provide evidence that the secondary provider has obtained approval of the course-delivery mechanism for the approved course.
- D. A course owner shall be held responsible if a secondary provider, authorized by the course owner under subsection (B) or (C), violates any provision of this Article.

**Historical Note**

Adopted effective December 29, 1995 (Supp. 95-4). Amended effective October 1, 1998; filed in the Office of the Secretary of State September 10, 1998 (Supp. 98-3). Amended by final rulemaking at 13 A.A.R. 1503, effective June 2, 2007 (Supp. 07-2). Section repealed; new Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-504. Application for Course Approval**

Only a course owner may apply for course approval. To apply for course approval, a course owner shall submit to the Department:

1. An application for course approval, which is available from the Department and on its website;
2. Materials and other documents that demonstrate the course meets the minimum standards specified in R4-46-506;
3. If the course will be offered using distance education, evidence of approval of the course-delivery mechanism from a source listed in R4-46-502; and
4. The application fee specified under R4-46-106.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10,

2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-505. Course Approval without Application**

The Director approves without application the following:

1. A course approved through the AQB's voluntary Course Approval Program;
2. The 15-Hour National USPAP Course or its equivalent, approved by the AQB, if the course is taught by at least one instructor who is certified by the AQB as an USPAP instructor; and
3. The 7-Hour National USPAP Update Course or its equivalent, approved by the AQB, if the course is taught by at least one instructor who is certified by the AQB as an USPAP instructor.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-506. Minimum Standards for Course Approval**

The Director shall approve a course only if the course owner submits the following materials and documents with the application for approval required under R4-46-504 and demonstrates the course, including a course presented by distance education, meets the following minimum standards:

1. Course description. Clearly describe the subject matter content of the course.
2. Summary outline. Identify major topics and the number of classroom hours devoted to each.
3. Prerequisites. Specify necessary prerequisites for any course other than a course on:
  - a. Introductory real estate appraisal principles and practices, and
  - b. Appraisal standards and ethics.
4. Learning objectives. Specific learning objectives shall:
  - a. State clearly the specific knowledge and skills students are expected to acquire by completing the course;
  - b. Be consistent with the course description required under subsection (1);
  - c. Be consistent with the instructional materials described in subsection (5);
  - d. Be achievable in the number of hours allotted for the course;
  - e. If for qualifying education, specify the required core curriculum, module subtopic, and number of course hours; and
  - f. If for continuing education, specify the appraisal topic and number of course hours.
5. Instructional materials. Instructional materials used by students shall:
  - a. Cover the subject matter in sufficient depth to achieve the learning objectives specified in subsection (4);
  - b. Reflect current knowledge and practice in the field of appraisal;
  - c. Contain no significant errors;
  - d. Use correct grammar and spelling;
  - e. Be written in a clear, concise, and understandable manner;

- f. Be in a format that facilitates learning; and
  - g. Be bound or packaged and produced in a quality manner.
6. Examinations for qualifying education courses. Qualifying education courses shall include a series of examinations or a comprehensive final examination, or both. A course examination shall:
    - a. Contain enough questions to assess adequately whether a student acquired knowledge of the subject matter covered by the course;
    - b. Contain questions directed towards assessing whether students achieved the learning objectives specified in subsection (4);
    - c. Be allotted sufficient time for students to complete;
    - d. Contain questions on information adequately addressed in the instructional material required under subsection (5);
    - e. Contain questions that are written in a clear, accurate, and unambiguous manner;
    - f. Contain questions for which the intended answer is clearly the best answer choice;
    - g. Be proctored and closed-book; and
    - h. Have a criterion for passing that is announced before the examination is given.
  7. Instructor qualifications policy. The course owner has a written policy that requires use of instructors who meet at least one of the following:
    - a. Has a baccalaureate degree in any field and at least three years of experience directly related to the subject matter to be taught,
    - b. Has a master's degree in any field and one year of experience directly related to the subject matter to be taught,
    - c. Has a master's or higher degree in a field directly related to the subject matter to be taught,
    - d. Has at least five years of real estate appraisal teaching experience directly related to the subject matter to be taught, or
    - e. Has at least seven years of real estate appraisal experience directly related to the subject matter to be taught.
  8. Required policies. The course owner shall have the following written policies:
    - a. Attendance policy that ensures student attendance is verified.
      - i. Stipulate that to receive credit, a student must be present for the entire course;
      - ii. Include the instructor's name on the attendance record; and
      - iii. Maintain attendance records for five years;
    - b. Scheduling policy.
      - i. Provide that a student may participate in a maximum of eight hours of instruction in a day, and
      - ii. Provide that appropriate breaks are included during each class session, and
    - c. Completion certificate policy.
      - i. Require that a signed and dated completion certificate be issued promptly to all students who complete a course, and
      - ii. Require that a completion certificate contain all information required on the form of certification provided by the Department.

1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-507. Secondary Providers**

The Director shall hold a course owner responsible for the activities of a secondary provider who conducts the course owner's approved course in Arizona. To protect the integrity of the approval, a course owner shall have a written agreement with a secondary provider that requires the secondary provider to:

1. Use the materials required under subsection R4-46-506(5) and the examination required under subsection R4-46-506(6) without change;
2. Conduct the course in accordance with the policies required under R4-46-506(7) and (8);
3. Clearly state in advertising materials that the course has been lawfully acquired from the course owner and that approval was provided to the course owner and not to the secondary provider;
4. Cease using the materials and examination when the course approval expires under R4-46-510; and
5. If the course is to be delivered by distance learning, obtain approval of the course-delivery mechanism from a source listed in R4-46-502.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-508. Compliance Audit of Approved Courses**

- A. To improve the quality of education available to appraisers in this state, the Department may regularly audit approved courses for compliance with this Chapter.
- B. The Director shall identify approved courses for audit using the following to establish the priority of audits:
  1. Approved courses about which a complaint has been received,
  2. Approved courses of a course owner that is new to this state, and
  3. Approved courses that have not been audited in the last five years.
- C. On request from the Director, the course owner of an approved course shall provide the dates, times, and locations at which the approved course will be taught and the name of the instructor who will teach each presentation of the approved course.
- D. The audit of an approved course may be conducted by a volunteer auditor trained by the Department.
- E. The course owner of an approved course shall allow an auditor described under subsection (D) to attend the approved course at no charge.
- F. The auditor shall be identified to the instructor before the approved course starts.
- G. On request from the auditor, the course owner shall allow the auditor to examine records, materials, and other documents relevant to the approved course audited.
- H. After review by the Director, the Department shall provide a copy of the audit report to the course owner. If the audit identifies ways in which the approved course fails to comply with this Article, the Department shall:
  1. Work with the course owner to establish a correction plan to bring the course into compliance,

2. Establish a time within which the course owner is required to complete the correction plan and bring the course into compliance, and
  3. Inform the course owner of the manner in which to report the approved course is in compliance with this Article.
- I. Failure of a course owner to comply with this Article may lead to revocation of course approval.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-509. Changes to an Approved Course**

The Director encourages revisions and updates that improve and keep an approved course current. However, if any of the information provided under R4-46-506(1), (2), (4), or (5) changes so substantially as to alter the scope of the approved course as determined at the sole discretion of the Director, the course owner of the approved course shall submit a new application for approval under R4-46-504.

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-510. Renewal of Course Approval**

- A. Course approval expires a maximum of two years after approval is granted. Approval of a distance education course expires in two years or, if applicable, when the distance education delivery-mechanism approval required under R4-46-502 or approval under R4-46-505 expires, whichever is less.
- B. The Director may renew the approval of a course only if the information provided under R4-46-506(1), (2), (4), and (5) has not changed substantially.
- C. If an approved course meets the standard in subsection (B), the course owner may apply for renewal of course approval within 90 days before the course approval expires.
- D. To apply for renewal of course approval, a course owner shall submit a renewal application, which is available from the Department and on its website, and pay the renewal fee specified in subsection R4-46-106(A)(10).

**Historical Note**

New Section made by final rulemaking at 21 A.A.R. 1675, effective October 6, 2015 (Supp. 15-3). Amended by final rulemaking at 25 A.A.R. 1139, effective June 10, 2019 (Supp. 19-2). Amended by final rulemaking at 28 A.A.R. 893 (May 6, 2022), effective June 11, 2022 (Supp. 22-2).

**R4-46-511. Transfer of an Approved Course**

- A. A course owner that transfers the proprietary rights to an approved course shall provide written notice of the transfer to the Department. The course owner shall include in the notice the name of and contact information for the new course owner and the date of the transfer.
- B. The new course owner to which the proprietary rights to an approved course are transferred shall attach to the notice

**ARTICLE 6. PROPERTY TAX AGENTS**

**R4-46-601. Standards of Practice**

The Director may revoke or suspend a property tax agent's registration or otherwise discipline a property tax agent to the extent permitted by A.R.S. § 32-3654 for any of the following acts or omissions:

1. Engaging in an activity that leads to a conviction for a crime involving the tax profession;
2. Operating beyond the boundaries of an agreed relationship with an employer or a client;
3. Inferring or implying representation of a person or firm that the agent does not represent, or filing a document on behalf of a taxpayer without specific authorization of the taxpayer;
4. Violating the confidential nature of the property tax agent-client relationship, except as required by law;
5. Inappropriately offering or accepting anything of value with the intent of inducing or in return for a specific action;
6. Assigning, accepting, or performing a tax assignment that is contingent upon producing a predetermined analysis or conclusion;
7. Issuing an appraisal analysis or opinion, in the performance of a tax assignment, that fails to disclose bias or the accommodation of a personal interest;
8. Willfully furnishing inaccurate, deceitful, or misleading information, or willfully concealing material information in the performance of a tax assignment;

9. Preparing or using, in any manner, a resume or statement of professional qualifications that is misleading or false;
10. Promoting a tax agent practice or soliciting assignments by using misleading or false advertising;
11. Soliciting a tax assignment by assuring a specific result or by stating a conclusion regarding that assignment without analysis of the facts; or
12. Performing an appraisal, as defined by A.R.S. § 32-3601, unless licensed or certified by the Director as an appraiser.

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

  2. The email address or telephone number of the licensee, including the new email address or telephone number;
  3. An administrator, including the name, telephone number, and email address of the new administrator;
  4. A medical director, including the name, email address, and professional license number of the new medical director; or
  5. The name, telephone number, and email address of the individual acting on behalf of the licensee specified in R9-9A-103.
- F.** A licensee shall notify the Department in writing at least 30 calendar days before the effective date of a proposed modification, which includes a substantial improvement, enlargement, reduction, alteration, or other substantial change in the facility or another structure on the premises at the procurement organization, including:
1. The following information:
    - a. The name and license number of the licensee;
    - b. A description of the proposed modification;
    - c. Whether the modification will comply with local zoning ordinances, building codes, and fire codes;
    - d. The estimated date of completion of the modification;
    - e. The date the facility will be ready for a licensing inspection; and
    - f. The name, email address, and telephone number of an individual who may be contacted by the Department;
  2. A floor plan, drawn to scale, of each building in which a change will be made:
    - a. Showing the function of each room, and
    - b. Indicating the changes to be made; and
  3. A plan for ensuring the quality and security of non-transplant anatomical donations and non-transplant anatomical material are maintained during the modification.
- G.** For an anticipated change in the address of a procurement organization, a licensee shall:
1. Notify the Department in writing at least 30 calendar days before the anticipated change in the address, including:
    - a. The name and license number of the licensee;
    - b. The new address of the procurement organization;
    - c. The estimated date that the procurement organization plans to suspend acquisition, preparation, and distribution at the current address in anticipation of the change of address; and
    - d. The estimated date that the procurement organization plans to be ready to begin operations at the new address;
  2. Submit to the Department:
    - a. The application information, documentation, and fee required in R9-9A-104(B);
    - b. A plan for ensuring the quality and security of non-transplant anatomical donations and non-transplant anatomical material are maintained during the change of location; and
    - c. Documentation from the Arizona Corporation Commission that shows the change of address and indicates no change in structure or ownership of the procurement organization;
3. Ensure that the quality and security of non-transplant anatomical donations and non-transplant anatomical material are maintained during the change of address; and
  4. Not begin procurement organization activities at the new address until a new license has been issued according to subsection (M).
- H.** For an anticipated change of ownership of a procurement organization:
1. A licensee shall:
    - a. Notify the Department in writing at least 30 calendar days before the anticipated change of ownership, including the following information, in a Department-provided format:
      - i. The name and license number of the licensee;
      - ii. The name, email address, and telephone number of the person who is anticipated to assume ownership of the procurement organization;
      - iii. The estimated date that the procurement organization plans to suspend acquisition, preparation, and distribution in anticipation of the change of ownership;
      - iv. The estimated date that the change of ownership will occur;
      - v. The address and contact information for the location where the procurement organization records will be retained, according to R9-9A-201(B)(1)(b); and
      - vi. The name, email address, and telephone number of an individual who may be contacted by the Department;
    - b. If the licensee anticipates that any non-transplant anatomical donations or non-transplant anatomical material in the possession of the licensee will be transferred to the new owner, submit to the Department a plan for ensuring that the quality and security of the non-transplant anatomical donations and non-transplant anatomical material are maintained during the change of ownership; and
    - c. If the licensee anticipates that any non-transplant anatomical donations or non-transplant anatomical material in the possession of the licensee will not be transferred to the new owner, submit to the Department a plan for final disposition of the non-transplant anatomical donations and non-transplant anatomical material, consistent with the standard operating procedure for the final disposition of non-transplant anatomical donations and non-transplant anatomical material, according to R9-9A-201(B)(8); and
  2. The person identified in subsection (H)(1)(b) shall:
    - a. Submit to the Department the application information, documentation, and fee required in R9-9A-104(B);
    - b. Ensure that the quality and security of non-transplant anatomical donations and non-transplant anatomical material transferred from the licensee are maintained during the change of ownership; and
    - c. Not begin procurement organization activities until a license has been issued by the Department to the person according to R9-9A-109(C)(4).
- I.** If the Department receives the notification of termination of operation in subsection (A) or notice of a change in ownership in subsection (H)(1), the Department shall void the licensee's

license to operate a procurement organization as of the termination date specified by the licensee.

- J. If the Department receives a notification in subsection (B) of a procurement organization's loss of accreditation, the Department may conduct an inspection of the procurement organization to ensure compliance with the requirements in A.R.S. § 36-851.03 and this Subchapter.
- K. If the Department receives a notification in subsection (C) or (D) of a change in the legal name of the procurement organization or licensee, the Department shall:
  - 1. Determine whether the change affects the structure or ownership of the business organization;
  - 2. If the change does not affect the structure or ownership of the business organization, issue to the licensee an amended license showing the new legal name of the procurement organization or licensee and keeping the current license expiration date; and
  - 3. If the change affects the structure or ownership of the business organization:
    - a. Notify the licensee that the procurement organization is required to suspend acquisition, preparation, and distribution as of the date of the documentation required in subsection (C)(2) or (D)(2)(b), as applicable;
    - b. Require the licensee to specify the address and contact information for the location where the procurement organization records will be retained, according to R9-9A-201(B)(1)(b);
    - c. Notify the licensee that the licensee is responsible for ensuring that the quality and security of non-transplant anatomical donations and non-transplant anatomical material are maintained until:
      - i. A new license is issued under the new structure or ownership of the business organization; or
      - ii. The licensee no longer possesses any non-transplant anatomical donations or non-transplant anatomical material;
    - d. If the procurement organization plans to continue operations under the new structure or ownership of the business organization:
      - i. Require the submission of the application information, documentation, and fee required in R9-9A-104(B);
      - ii. Conduct an inspection of the procurement organization if appropriate; and
      - iii. Specify that procurement organization activities may not resume until a new license has been issued by the Department according to R9-9A-109(C)(4); and
    - e. Terminate the licensee's current license when the Department:
      - i. Issues a new license to the procurement organization under the new structure or ownership of the business organization, or
      - ii. Receives notification that the licensee no longer possesses any non-transplant anatomical donations or non-transplant anatomical material.
- L. If the Department receives a notification in subsection (F) of a proposed modification, the Department:
  - 1. May conduct an inspection of the premises; and
  - 2. If the procurement organization is compliant with A.R.S. Title 36, Chapter 7, Article 3, and this Subchapter, shall issue to the licensee an amended license that incorporates

the modification and retains the expiration date of the existing license.

- M. If the Department receives a notification, information, and documentation in subsection (G) for a change of address, regardless of whether the change affects the structure or ownership of the business organization, or a notification in subsection (H) that indicates a change in ownership, the Department:
  - 1. Shall notify the licensee that:
    - a. The procurement organization is required to suspend acquisition, preparation, and distribution as of the date specified in subsection (G)(1)(c) or (H)(1)(a)(iii), as applicable;
    - b. The licensee is responsible for ensuring that the quality and security of non-transplant anatomical donations and non-transplant anatomical material are maintained until:
      - i. A new license is issued to the licensee at the new address or to the new owner, as applicable; or
      - ii. The licensee no longer possesses any non-transplant anatomical donations or non-transplant anatomical material; and
    - c. Procurement organization activities may not occur after the date specified in subsection (G)(1)(c) or (H)(1)(a)(iii), as applicable, until a new license has been issued by the Department according to R9-9A-109(C)(4);
  - 2. May conduct an inspection of the procurement organization;
  - 3. If the application is compliant with A.R.S. Title 36, Chapter 7, Article 3, and this Subchapter, shall issue a new license to the applicant according to R9-9A-109(C)(4); and
  - 4. Shall terminate the licensee's current license when the Department:
    - a. Issues a new license to the procurement organization at the new address or to the new owner, as applicable; or
    - b. Receives notification that the licensee no longer possesses any non-transplant anatomical donations or non-transplant anatomical material.

**Historical Note**

R9-9A-106 made under Subchapter A, Article 1, by final expedited rulemaking at 30 A.A.R. 3657 (November 29, 2024), with an immediate effective date of November 5, 2024 (Supp. 24-4).

**R9-9A-107. Inspections**

- A. A non-accredited procurement organization is subject to inspection by the Department at any time to evaluate compliance with A.R.S. Title 36, Chapter 7, Article 3, and this Subchapter according to A.R.S. § 36-851.03(A)(5)(a) and (C).
- B. An accredited procurement organization is subject to inspection by the Department at any time to evaluate compliance with requirements in A.R.S. § 36-851.02(2) and the rules adopted pursuant to A.R.S. § 36-851.02(2).
- C. If the Department determines that a procurement organization is not in compliance with the applicable requirements in A.R.S. Title 36, Chapter 7, Article 3, and the rules in this Subchapter, the Department may:
  - 1. Take an enforcement action as described in R9-9A-108; or
  - 2. Require that the licensee submit to the Department, within 30 calendar days after written notice from the

## CHAPTER 9. DEPARTMENT OF HEALTH SERVICES - HUMAN REMAINS

Department, a plan of correction acceptable to the Department to address issues of compliance that:

- a. Describes how each identified instance of noncompliance will be corrected and reoccurrence prevented,
- b. Includes a date for correcting each instance of noncompliance that is appropriate to the actions necessary to correct the instance of noncompliance, and
- c. Includes the signature of the individual acting for the licensee according to R9-9A-102 and date signed.

**Historical Note**

R9-9A-107 made under Subchapter A, Article 1, by final expedited rulemaking at 30 A.A.R. 3657 (November 29, 2024), with an immediate effective date of November 5, 2024 (Supp. 24-4).

**R9-9A-108. Denial, Suspension, Revocation, Enforcement**

- A. The Department may:
  1. Deny a license as specified in subsection (B),
  2. Suspend or revoke a license under A.R.S. § 36-851.01(E) and subsection (B), or
  3. Assess or impose a civil penalty under A.R.S. § 36-851.01(E) and subsection (B).
- B. The Department may impose civil penalties, deny an application, or suspend or revoke a license to operate a procurement organization, if:
  1. An applicant or a licensee does not meet the application requirements contained in R9-9A-104 or R9-9A-105, as applicable;
  2. A licensee does not comply with applicable requirements in A.R.S. §§ 36-851.01 through 36-851.03 and this Subchapter;
  3. A licensee does not correct the deficiencies identified during an inspection according to the plan of correction;
  4. An applicant or a licensee provides false or misleading information to the Department; or
  5. The nature or number of violations revealed by any type of inspection or investigation of a procurement organization poses a direct risk to the life, health, or safety of a personnel member or member of the public.
- C. In determining which action in subsection (A) is appropriate, the Department shall consider:
  1. Repeated violations of statutes or rules,
  2. The pattern of violations,
  3. The severity of violations, and
  4. The number of violations.
- D. If the Department receives notice that a previously accredited procurement organization's accreditation has expired or has been suspended or revoked, the Department may suspend or revoke the procurement organization's license if the procurement organization does not comply with A.R.S. § 36-851.03 and this Subchapter.
- E. An applicant or a licensee may appeal the Department's determination in this Section according to A.R.S. Title 41, Chapter 6, Article 10.

**Historical Note**

R9-9A-108 made under Subchapter A, Article 1, by final expedited rulemaking at 30 A.A.R. 3657 (November 29, 2024), with an immediate effective date of November 5, 2024 (Supp. 24-4).

**R9-9A-109. Time-frames**

- A. The overall time-frame, as defined in A.R.S. § 41-1072, for a license granted by the Department under this Subchapter is set

forth in Table 1.1. The applicant or licensee and the Department may agree in writing to extend the substantive review time-frame, as defined in A.R.S. § 41-1072, and the overall time-frame. An extension of the substantive review time-frame and the overall time-frame may not exceed 25% of the overall time-frame.

- B. The administrative completeness review time-frame, as defined in A.R.S. § 41-1072, for a license granted by the Department under this Subchapter is set forth in Table 1.1 and begins on the date that the Department receives an application from an applicant or a licensee.
  1. The Department shall send a notice of administrative completeness or deficiencies to the applicant or licensee within the administrative completeness review time-frame:
    - a. A notice of deficiencies shall list each deficiency and the information or items needed to complete the application;
    - b. The administrative completeness review time-frame and the overall time-frame are suspended from the date that the notice of deficiencies is sent until the date that the Department receives all of the missing information or items from the applicant or licensee; and
    - c. If an applicant or a licensee fails to submit to the Department all of the information or items listed in the notice of deficiencies within the time-frame in Table 1.1 after the date that the Department sent the notice of deficiencies or within a time period the applicant or licensee and the Department agree upon in writing, the Department shall:
      - i. Consider the application withdrawn, and
      - ii. Send to the applicant or licensee a written notice setting forth the information required by A.R.S. § 41-1092.03.
  2. If the Department issues a license during the administrative completeness review time-frame, the Department shall not issue a separate written notice of administrative completeness.
- C. The substantive review time-frame is set forth in Table 1.1 and begins on the date of the notice of administrative completeness.
  1. As part of the substantive review of an application for a license, the Department may conduct an inspection that may require more than one visit to complete.
  2. The Department shall issue a license or send a written notice of denial of a license within the substantive review time-frame.
  3. During the substantive review time-frame, the Department may make one comprehensive written request for additional information, unless the applicant or licensee has agreed in writing to allow the Department to submit supplemental requests for information:
    - a. The Department shall send a comprehensive written request for additional information that includes a written statement of deficiencies, stating each statute and rule upon which noncompliance is based, if the Department determines that an applicant or a licensee, or the procurement organization, including the premises, are not in substantial compliance with A.R.S. Title 36, Chapter 7, Article 3, or this Subchapter;
    - b. An applicant or a licensee shall submit to the Department all of the information requested in a

## CHAPTER 9. DEPARTMENT OF HEALTH SERVICES - HUMAN REMAINS

comprehensive written request for additional information or a supplemental request for information, including, if applicable, documentation of the corrections required in a statement of deficiencies, within the time-frame in Table 1.1 after the date of the comprehensive written request for additional information or the supplemental request for information or within a time period the applicant or licensee and the Department agree upon in writing;

- c. The substantive review time-frame and the overall time-frame are suspended from the date that the Department sends a comprehensive written request for additional information or a supplemental request for information until the date that the Department receives all of the information requested, including, if applicable, documentation of corrections required in a statement of deficiencies; and
- d. If an applicant or a licensee fails to submit to the Department all of the information requested in a comprehensive written request for additional infor-

mation or a supplemental request for information, including, if applicable, documentation of corrections required in a statement of deficiencies, within the time-frame in Table 1.1, the Department shall:

- i. Deny the license, and
  - ii. Send to the applicant or licensee a written notice of denial setting forth the reasons for denial and all other information required by A.R.S. §§ 41-1076 and 41-1092.03.
4. The Department shall issue a license if the Department determines that the applicant or licensee and the procurement organization, including the premises, are in substantial compliance with A.R.S. Title 36, Chapter 7, Article 3, and this Subchapter.

**Historical Note**

R9-9A-109 made under Subchapter A, Article 1, by final expedited rulemaking at 30 A.A.R. 3657 (November 29, 2024), with an immediate effective date of November 5, 2024 (Supp. 24-4).

  - b. A.R.S. § 36-326, A.A.C. R9-19-301, A.A.C. R9-19-308, and, if applicable, A.A.C. R9-19-311 related to the movement of non-transplant anatomical donations and non-transplant anatomical material; and
3. Shall adopt, maintain, and implement standard operating procedures, as applicable to the procurement organization.

**B. A licensee of a procurement organization shall ensure that standard operating procedures are established, documented, and implemented that cover:**

1. The proper use and maintenance of donor consent forms, including that a donor consent form:
  - a. Includes:
    - i. The intended use of the non-transplant anatomical material,
    - ii. How the non-transplant anatomical material may be used,
    - iii. A statement that the non-transplant anatomical material will be treated with dignity at all times, and
    - iv. A statement that the non-transplant anatomical material may require international export to an end-user; and
  - b. Is maintained in the donor's record and retained for at least 10 years beyond the date of final disposition;
2. An electronic identification system for donors, which is established and maintained for non-transplant anatomical donations and non-transplant anatomical material, that:
  - a. Assigns a unique identification number to the donor and the associated non-transplant anatomical donation and non-transplant anatomical material,
  - b. Tracks the complete history of all non-transplant anatomical material, and
  - c. Records the date and staff member involved in each significant step of the operation from the time of

acquisition of the non-transplant anatomical donation through final disposition;

**3. The screening of end-users prior to release and transfer of non-transplant anatomical material that:**

- a. Require a written request for non-transplant anatomical material, containing:
  - i. The name and address of the educational or research establishment making the request;
  - ii. The name, title, and contact information of the individual at the educational or research establishment who will be accepting responsibility for the receipt, use, and disposition of the non-transplant anatomical material;
  - iii. A description of the intended use;
  - iv. The date and the approximate duration of use of the non-transplant anatomical material;
  - v. A description of the venue in which the non-transplant anatomical material will be used and the environmental and security measures of the venue to ensure the safe and ethical utilization of the non-transplant anatomical material;
  - vi. An assurance that universal precautions will be used when handling the non-transplant anatomical material;
  - vii. The proposed final disposition of the non-transplant anatomical material;
  - viii. An outline of proposed descriptive materials to be disseminated in connection with the use of the non-transplant anatomical material; and
  - ix. Other supporting documentation that is relevant to the request; and
- b. Include the criteria for approving requested non-transplant anatomical material for use, including:
  - i. The standards for acceptability of the educator or researcher for the use of non-transplant anatomical material;
  - ii. The appropriateness of the intended use;
  - iii. The types of venues in which the non-transplant anatomical material may be used;
  - iv. What final disposition of the non-transplant anatomical material may be proposed, unless the non-transplant anatomical material is returned to the procurement organization; and
  - v. The suitability of the proposed descriptive materials;

    - d. The evacuation plan listed in R9-9A-302(A)(5).
- B.** An administrator of a non-accredited procurement organization:
- 1. Is directly accountable to the licensee for the operations of the procurement organization, including all services and activities provided by or at the procurement organization;
  - 2. Has the authority and responsibility to manage the procurement organization, as specified in standard operating procedures; and
  - 3. Shall designate, in writing, an individual who is on the procurement organization's premises and is available and responsible for procurement organization operations when the administrator is not present on the premises.
- C.** A licensee of a non-accredited procurement organization shall ensure that the medical director:
- 1. Establishes, reviews, and approves standard operating procedures related to:
    - a. Donor eligibility, including:
      - i. The content and conducting of an acceptability assessment;
      - ii. The content and conducting of a physical assessment; and
      - iii. Screening for a condition, such as a viral or bacterial infection, that may affect the suitability of the non-transplant anatomical donation for use in education or research;
    - b. The criteria for and methods of verifying the suitability of a non-transplant anatomical donation for release for preparation;
    - c. The criteria and processes for the exceptional release of non-transplant anatomical material; and
    - d. Pre-established criteria for release of non-transplant anatomical material to an end-user;
  - 2. Reviews and, if necessary, revises all standard operating procedures of a medical nature at least every three years;
  - 3. Establishes a process for determining the eligibility of a donor, based on a comparison of the non-transplant anatomical donation with predetermined donor criteria;
  - 4. Prior to release for use or distribution, signs the donor eligibility statement and non-transplant anatomical material disposition or release statement;
  - 5. If designating another individual to perform tasks or functions assigned by the medical director, ensures that the individual:
    - a. Has the required training and education for performing the tasks or functions;
    - b. Has oversight when performing the tasks or functions assigned by the medical director; and
    - c. Performs the tasks or functions assigned by the medical director according to standard operating procedures, including, if applicable, the functions described in subsections (C)(3) and (4);
  - 6. Reviews activities performed by a designee at least once every three months according to standard operating procedures established by the licensee; and
  - 7. Establishes the criteria for ensuring that all appropriate parties are notified of confirmed positive infectious disease test results.
- D.** A licensee of a non-accredited procurement organization shall ensure that:
- 1. The following are established, maintained, and implemented in compliance with applicable state and federal laws and regulations:
    - a. A safety awareness and blood-borne pathogen training program, and
    - b. A cleaning program that mitigates potential cross-contamination between non-transplant anatomical donations; and
  - 2. The medical director reviews and approves standard operating procedures related to the programs in subsections (D)(1)(a) and (b).
- E.** A licensee of a non-accredited procurement organization shall ensure that the administrator:
- 1. Specifies activities involving non-transplant anatomical donations and non-transplant anatomical material that a technician may provide;
  - 2. Specifies the methods used to provide clinical oversight and training to personnel members, including when clinical oversight and training are provided to an individual or a group; and
  - 3. Creates and maintains a technician's personnel record that includes:
    - a. Documentation of all completed training and education; and
    - b. A written job description, including all primary duties.
- F.** A licensee of a non-accredited procurement organization shall ensure that a technician:
- 1. Is only assigned duties described in a written job description;
  - 2. Has the educational background, experience, and training sufficient to ensure that assigned tasks will be performed in accordance with the applicable standard operating procedures;

3. Provides a copy of a transcript or diploma in health science or other field of science for which the technician received a degree or certificate, if applicable; and
  4. Demonstrates competency to perform assigned tasks.
- G.** A licensee of a non-accredited procurement organization shall ensure that:
1. The qualifications, skill, and knowledge required for each type of personnel member is based on the activities and services the personnel member may provide, as established in the personnel member's job description; and
  2. A personnel member's qualifications, skills, and knowledge are verified and documented:
    - a. Before the personnel member provides procurement organization services, and
    - b. According to standard operating procedures.
- H.** A licensee of a non-accredited procurement organization shall ensure that a personnel member does not have direct interaction with non-transplant anatomical donations or non-transplant anatomical material unless specifically authorized by the licensee or administrator.
- I.** A licensee of a non-accredited procurement organization shall ensure a personnel record is established for the administrator, technicians, and other personnel members that includes:
1. The individual's name, date of birth, home address, and contact telephone number;
  2. The individual's starting date of employment or volunteer service and, if applicable, the ending date; and
  3. Documentation applicable to an individual's duties, as required by standard operating procedures, including the individual's:
    - a. Education and experience;
    - b. In-service education and continuing education, if applicable; and
    - c. Evidence of Hepatitis B vaccination or refusal of Hepatitis B vaccine for individuals whose job-related responsibilities involve the potential exposure to blood-borne pathogens.
- J.** A licensee of a non-accredited procurement organization shall ensure that a personnel record is:
1. Maintained throughout an individual's period of employment or volunteer service in or for the procurement organization,
  2. Maintained for at least three years after the last date that an individual's employment or volunteer service in or for the procurement organization, and
  3. Provided to the Department when requested.
- K.** A licensee of a non-accredited procurement organization shall ensure that a donor record:
1. Includes:
    - a. A copy of the donor consent form and any amendment to the consent form;
    - b. The name and contact information of the person responsible for the donor's anatomical gift; if applicable;
    - c. The donor's unique identifying number specified in R9-9A-201(B)(2)(a);
    - d. Documentation for registering the donor's death, as specified in A.A.C. R9-19-303 or A.A.C. R9-19-304, as applicable;
    - e. A disposition-transit permit specified in A.A.C. R9-19-308;
    - f. Any information from the donor referral source, including, as applicable:
      - ii. Donor eligibility;
- L.** A technician or other personnel member of a non-accredited procurement organization shall report to the administrator or medical director:
1. Any concern related to receiving, preparing, packaging, distributing, or transporting non-transplant anatomical donations or non-transplant anatomical material that may adversely affect the health and safety of others; and
- g.** All documents and permits that establish the chain of custody and identification of the individuals and organizations that had physical custody of the non-transplant anatomical donation or non-transplant anatomical material;
- h.** Medical records, including as applicable:
- i. The donor's physical assessment,
  - ii. Pathology and laboratory testing and reports,
  - iii. Physician summaries,
  - iv. Serological results,
  - v. Transfusion or infusion information, and
  - vi. Plasma dilution calculations;
- i.** Documentation related to activities involved in:
- i. Recovery of the non-transplant anatomical donation,
  - ii. Preparation and storage of the non-transplant anatomical material, and
  - iii. Distribution of the non-transplant anatomical material; and
- j.** Final disposition documentation, including all records related to chain of custody;
- 2.** Includes, if applicable:
- a. A human remains release form specified in A.A.C. R9-19-301;
  - b. Information for transporting human remains, as defined in A.R.S. § 36-301, into the state, as specified in A.A.C. R9-19-311;
  - c. The release of information by a medical examiner, as specified in A.R.S. § 36-861;
  - d. Cremation authorization documents; and
  - e. Documentation related to the use of the non-transplant anatomical donation or non-transplant anatomical material for a purpose other than for research, education, or another use specified in the donor consent form; and
- 3.** Is:
- a. Confidential and kept in a location with controlled access;
  - b. Stored in a manner to prevent unauthorized access;
  - c. Maintained in a manner to preserve the donor record's completeness and accuracy; and
  - d. Made available to:
    - i. The donor's known consentor;
    - ii. An agent legally authorized by the donor or other individual designated at the time a donor gives consent;
    - iii. An individual appointed by a court or authorized by state laws;
    - iv. An individual of a procurement organization as identified by standard operating procedures;
    - v. An individual from an approving accrediting body, if applicable; and
    - vi. An individual from the Department or other regulatory agency authorized by state and federal laws or regulations.

## TITLE 9. HEALTH SERVICES

## CHAPTER 9. DEPARTMENT OF HEALTH SERVICES - HUMAN REMAINS

2. Any personal health condition experienced by the technician or other personnel member related to receiving, preparing, packaging, distributing, or transporting non-transplant anatomical donations or non-transplant anatomical material.
- M. If an administrator or medical director of a non-accredited procurement organization receives a report specified in subsection (L), the administrator or medical director shall:
  1. Follow standard operating procedures to secure the area and eliminate exposure to others;
  2. Notify appropriate health and law enforcement agencies, as applicable; and
  3. Report the incident to the Department within seven calendar days after determining that a health condition in subsection (L) has occurred.
- N. If a non-accredited procurement organization owns or maintains a vehicle for transporting non-transplant anatomical donations and non-transplant anatomical material, an administrator shall ensure the vehicle is:
  1. Not used for a purpose other than transporting non-transplant anatomical donations and non-transplant anatomical material or conducting procurement organization business, and
  2. Only operated by a procurement organization technician or designated and authorized individual when transporting non-transplant anatomical donations or non-transplant anatomical material.
- O. If using another vehicle or type of transport for non-transplant anatomical donations or non-transplant anatomical material, an administrator of a non-accredited procurement organization shall ensure that the other vehicle or type of transport:
  1. Is properly equipped for the transportation of non-transplant anatomical donations or non-transplant anatomical material;
  2. Is compliant with all state laws and rules pertaining to transporting human remains; and
  3. If transport is by air, complies with applicable standards established by the International Air Transport Association and Transport Security Administration.
2. Has premises that are:
  - a. Sufficient to provide for a procurement organization's services and activities;
  - b. Cleaned and disinfected according to the procurement organization's standard operating procedures to prevent, minimize, and control illness and infection and mitigate potential cross-contamination between non-transplant anatomical donations and non-transplant anatomical material;
  - c. Clean and free from accumulations of dirt, garbage, and rubbish; and
  - d. Free from a condition or situation that may cause an individual to suffer physical injury;
3. Provides a restroom for clients that:
  - a. Is free from contamination from a non-transplant anatomical donation or non-transplant anatomical material;
  - b. Does not contain any items, materials, or devices associated with the preparation of non-transplant anatomical donations or non-transplant anatomical material; and
  - c. Is not used by technicians or other personnel members unless personal protective equipment is removed before entering; and
4. If the non-accredited procurement organization owns or maintains a vehicle for transporting non-transplant anatomical donations and non-transplant anatomical material:
  - a. Maintains the vehicle in a clean and sanitary condition,
  - b. Ensures that the floor of the vehicle or other locations on which non-transplant anatomical donations and non-transplant anatomical material are placed during transport have a surface capable of being cleaned and sanitized or disinfected, and
  - c. Requires that the vehicle is locked and secured at all times during transport of non-transplant anatomical donations or non-transplant anatomical material.
- B. A licensee of a non-accredited procurement organization shall ensure that:
  1. A pest control program is implemented and documented that requires:
    - a. A pest control service that uses certified applicators as specified in 3 A.A.C. 8, Article 2; and
    - b. Annual pest control service records to be retained for at least 12 months after the date of service; and
  2. The procurement organization does not engage in any practice or create any condition that would constitute a public health nuisance, as specified in A.R.S. § 36-601, or is contrary to the health laws of this state.
- C. A licensee of a non-accredited procurement organization shall ensure that:
  1. Areas used to receive or prepare non-transplant anatomical donations or to label or package non-transplant anatomical material:
    - a. Are properly ventilated;
    - b. Have sanitary flooring and drainage;
    - c. Are protected from dust, dirt, flies, and other contamination;
    - d. Are only used, as applicable, for examining and preparing non-transplant anatomical donations or for labeling or packaging non-transplant anatomical material;

**Historical Note**

R9-9A-203 made under Subchapter A, Article 2, by final expedited rulemaking at 30 A.A.R. 3657 (November 29, 2024), with an immediate effective date of November 5, 2024 (Supp. 24-4).

### **ARTICLE 3. ENVIRONMENTAL AND PHYSICAL PLANT STANDARDS FOR A NON-ACCREDITED PROCUREMENT ORGANIZATION**

#### **R9-9A-301. Environmental and Physical Plant Standards**

- A. A licensee of a non-accredited procurement organization shall ensure that the procurement organization:
  1. Is in a building that:
    - a. Has a commercial occupancy according to the local zoning jurisdiction;
    - b. Is free of any plumbing, electrical, ventilation, mechanical, or structural hazard that may jeopardize:
      - i. The security or quality of non-transplant anatomical donations or non-transplant anatomical material, or
      - ii. The health or safety of a personnel member or the public; and
    - c. Provides a separate and designated area for tissue recovery;

## CHAPTER 9. DEPARTMENT OF HEALTH SERVICES - HUMAN REMAINS

- e. Are thoroughly cleansed and disinfected with a 1% solution of chlorinated soda, or other suitable and effective disinfectant, immediately after an obvious spill of blood or other potentially infectious bodily fluid or material;
  - f. Contain the equipment, instruments, and supplies necessary for accomplishing the tasks for which the areas are used that are:
    - i. Sufficient to accomplish the tasks;
    - ii. Maintained in working condition;
    - iii. Maintained in a clean and sanitary condition and disinfected or sanitized, as applicable, after each use;
    - iv. Used according to the manufacturer's recommendations; and
    - v. If applicable, tested and calibrated according to the manufacturer's recommendations or, if there are no manufacturer's recommendations, as specified in standard operating procedures;
  - g. Are disinfected after each use to protect the health and safety of technicians and other personnel members;
  - h. Are maintained in a clean and sanitary condition at all times; and
  - i. Have proper and convenient receptacles for refuse, bandages, and all other waste materials; and
2. All refuse and waste products produced from receiving, preparing, packaging, distributing, and transporting non-transplant anatomical donations or non-transplant anatomical material are removed from the premises as needed.
- D.** A licensee of a non-accredited procurement organization shall ensure that the procurement organization has refrigerated areas for storing non-transplant anatomical donations and non-transplant anatomical material that:
1. Are only used for non-transplant anatomical donations or non-transplant anatomical material;
  2. Are maintained in working order;
  3. Are kept in a clean and sanitary condition;
  4. If a walk-in cooler, maintains a temperature between 36°F and 45°F;
  5. If a freezer, maintains a temperature at or below 32°F; and
  6. Are monitored by a temperature sensor system that:
    - a. Measures temperatures continuously and documents when a unit is out of the required temperature range, and
    - b. Alerts technicians or other designated individuals when temperatures are outside of the acceptable limits.
- E.** A licensee of a non-accredited procurement organization shall maintain documentation of equipment tests, calibrations, and repairs for at least 12 months after the date of testing, calibration, or repair.
- F.** A licensee of a non-accredited procurement organization shall ensure that:
1. Biohazardous material or medical waste and other potentially hazardous materials are removed and disposed of by a facility licensed by the Arizona Department of Environmental Quality pursuant to 18 A.A.C. 8 and 13; and
  2. Combustible or flammable liquids are stored in labeled containers or safety containers in a secured area and properly identified to ensure the health and safety of personnel members and the public.

**Historical Note**

**R9-9A-302. Emergency and Safety Standards**

- A.** An administrator of a non-accredited procurement organization shall ensure that:
1. Standard operating procedures are developed, documented, and maintained for the emergency transfer of non-transplant anatomical donations and non-transplant anatomical material to a designated back-up storage facility when the quality or security of non-transplant anatomical donations or non-transplant anatomical material may be compromised, including:
    - a. The situations that would require an emergency transfer, including time limits and temperature tolerance for loss of refrigeration capability;
    - b. The location of the back-up storage facility;
    - c. The actions to be taken by the administrator and personnel members;
    - d. The methods to be used for the emergency transfer;
    - e. Specific labeling indicating that the transported non-transplant anatomical donations and non-transplant anatomical material must remain untouched until returned to the licensed non-accredited procurement facility after the situation has been resolved; and
    - f. Requirements for the situation that resulted in an emergency transfer to be reviewed through the quality management program in R9-9A-203(A)(3) to prevent a recurrence;
  2. A first aid kit is available at the procurement organization;
  3. Smoke detectors are:
    - a. Installed according to building size and the requirements of the local zoning jurisdiction;
    - b. Maintained in an operable condition; and
    - c. Either battery operated or, if hard-wired into the electrical system of the procurement organization, have a back-up battery;
  4. A portable fire extinguisher that is labeled 2A-10-BC by the Underwriters Laboratory:
    - a. Is readily available for use;
    - b. For a disposable fire extinguisher, is replaced when the fire extinguisher's indicator reaches the red zone; and
    - c. For a non-disposable fire extinguisher, is serviced at least every 12 months and has a tag attached to the fire extinguisher that includes the date of service; and
  5. A written fire and evacuation plan is established and maintained.
- B.** An administrator of a non-accredited procurement organization shall:
1. Obtain a fire inspection conducted according to the time-frame established by the local fire department or the State Fire Marshal,
  2. Make any repairs or corrections stated on the fire inspection report, and
  3. Maintain documentation of a current fire inspection.

**R9-9A-303. Security Standards; Inventory Controls**

- A. A licensee of a non-accredited procurement organization shall ensure that access to the enclosed-locked areas where non-transplant anatomical donations and non-transplant anatomical material are located is limited to individuals authorized by the licensee or administrator.
- B. An administrator of a non-accredited procurement organization shall ensure that:
1. Standard operating procedures are developed, documented, and maintained to prevent unauthorized access to non-transplant anatomical donation or non-transplant anatomical material inventory that:
    - a. Restricts access to the areas of the building that contain non-transplant anatomical donations or non-transplant anatomical material inventory and donor records,
    - b. Provides for identification of authorized individuals, and
    - c. Specifies the methods for conducting electronic monitoring;
  2. Personnel or security equipment to deter and prevent unauthorized entrance into limited access areas are present and operational and include:
    - a. Devices or a series of devices to detect unauthorized intrusion, which may include a signal system interconnected with a radio-frequency device or other mechanical or electronic devices;
    - b. Exterior lighting to facilitate surveillance; and
    - c. Electronic monitoring using video cameras to provide coverage of:
      - i. Entrances to and exits from limited access areas, and
      - ii. Entrances to and exits from the buildings;
  3. Video recordings from the video cameras required in subsection (B)(2)(c) are retained for at least 30 calendar days;
  4. The electronic monitoring system in subsection (B)(2)(c) has a failure notification system that provides an audible and visual notification of any failure in the electronic monitoring system; and
5. Battery backup is present and operational to ensure the functioning of video cameras and recording equipment in the event of a power outage.
- C. A licensee of a non-accredited procurement organization shall establish and implement an inventory tracking system for non-transplant anatomical donations and non-transplant anatomical material that:
1. Contains information about all non-transplant anatomical donations received and non-transplant anatomical material released for distribution;
  2. Includes release documentation related to requirements in R9-9A-201(B), and R9-9A-203(C) and (K), for each item of non-transplant anatomical material prior to transferring the item of non-transplant anatomical material to inventory;
  3. Documents the date, time, and location for non-transplant anatomical material transferred for use, including:
    - a. The name of the individual performing the transfer, and
    - b. The name and contact information for an end-user or other person to which non-transplant anatomical material may be transferred;
  4. Documents the date, time, and location for items of non-transplant anatomical material that are moved between locations controlled by the procurement organization, including the name of the individual overseeing the move; and
  5. Ensures non-transplant anatomical material that can no longer be used is removed from inventory and disposed of according to applicable standard operating procedures for final disposition.

**Historical Note**

R9-9A-303 made under Subchapter A, Article 3, by final expedited rulemaking at 30 A.A.R. 3657 (November 29, 2024), with an immediate effective date of November 5, 2024 (Supp. 24-4).

## PREFACE

Under Arizona law, the Department of State, Office of the Secretary of State (Office), Administrative Rules Division, accepts state agency rule notice and other legal filings and is the publisher of Arizona rules. The Office of the Secretary of State does not interpret or enforce rules in the *Administrative Code*. Questions about rules should be directed to the state agency responsible for the promulgation of the rule.

Scott Cancelosi, Director  
ADMINISTRATIVE RULES DIVISION

### RULES

The definition for a rule is provided for under A.R.S. § 41-1001. “‘Rule’ means an agency statement of general applicability that implements, interprets, or prescribes law or policy, or describes the procedures or practice requirements of an agency.”

### THE ADMINISTRATIVE CODE

The *Arizona Administrative Code* is where the official rules of the state of Arizona are published. The *Code* is the official codification of rules that govern state agencies, boards, and commissions.

The *Code* is separated by subject into Titles. Titles are divided into Chapters. A Chapter includes state agency rules. Rules in Chapters are divided into Articles, then Sections. The “R” stands for “rule” with a sequential numbering and lettering outline separated into subsections.

Rules are codified quarterly in the *Code*. Supplement release dates are printed on the footers of each Chapter.

First Quarter: January 1 - March 31  
Second Quarter: April 1 - June 30  
Third Quarter: July 1 - September 30  
Fourth Quarter: October 1 - December 31

For example, the first supplement for the first quarter of 2022 is cited as Supp. 22-1. Supplements are traditionally released three to four weeks after the end of the quarter because filings are accepted until the last day of the quarter.

Please note: The Office publishes by Chapter, not by individual rule Section. Therefore there might be only a few Sections codified in each Chapter released in a supplement. This is why the Office lists only updated codified Sections on the previous page.

### RULE HISTORY

Refer to the HISTORICAL NOTE at the end of each Section for the effective date of a rule. The note also includes the *Register* volume and page number in which the notice was published (A.A.R.) and beginning in supplement 21-4, the date the notice was published in the *Register*.

### AUTHENTICATION OF PDF CODE CHAPTERS

The Office began to authenticate Chapters of the *Code* in Supp. 18-1 to comply with A.R.S. §§ 41-1012(B) and A.R.S. § 41-5505.

A certification verifies the authenticity of each *Code* Chapter posted as it is released by the Office of the Secretary of State. The authenticated pdf of the *Code* includes an integrity mark with a certificate ID. Users should check the validity of the signature, especially if the pdf has been downloaded. If the digital signature is invalid it means the document’s content has been compromised.

### HOW TO USE THE CODE

Rules may be in effect before a supplement is released by the Office. Therefore, the user should refer to issues of the *Arizona Administrative Register* for recent updates to rule Sections.

### ARIZONA REVISED STATUTE REFERENCES

The Arizona Revised Statutes (A.R.S.) are available online at the Legislature’s website, [www.azleg.gov](http://www.azleg.gov). An agency’s authority note to make rules is often included at the beginning of a Chapter. Other Arizona statutes may be referenced in rule under the A.R.S. acronym.

### SESSION LAW REFERENCES

Arizona Session Law references in a Chapter can be found at the Secretary of State’s website, [www.azsos.gov](http://www.azsos.gov) under Services-> Legislative Filings.

### EXEMPTIONS FROM THE APA

It is not uncommon for an agency to be exempt from the steps outlined in the rulemaking process as specified in the Arizona Administrative Procedures Act, also known as the APA (Arizona Revised Statutes, Title 41, Chapter 6, Articles 1 through 10). Other agencies may be given an exemption to certain provisions of the Act.

An agency’s exemption is written in law by the Arizona State Legislature or under a referendum or initiative passed into law by Arizona voters.

When an agency files an exempt rulemaking package with our Office it specifies the law exemption in what is called the preamble of rulemaking. The preamble is published in the *Register* online at [www.azsos.gov/rules](http://www.azsos.gov/rules), click on the *Administrative Register* link.

Editor’s notes at the beginning of a Chapter provide information about rulemaking Sections made by exempt rulemaking. Exempt rulemaking notes are also included in the historical note at the end of a rulemaking Section.

The Office makes a distinction to certain exemptions because some rules are made without receiving input from stakeholders or the public. Other exemptions may require an agency to propose exempt rules at a public hearing.

### PERSONAL USE/COMMERCIAL USE

This Chapter is posted as a public courtesy online, and is for private use only. Those who wish to use the contents for resale or profit should contact the Office about Commercial Use fees. For information on commercial use fees review A.R.S. § 39-121.03 and 1 A.A.C. 1, R1-1-113.

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

Authority: A.R.S. §§ 36-136(G), 36-2803 and 36-2854

## Supp. 24-4

*Editor's Note: Under A.R.S. 41-1011(C) Table 3.1 referenced in this Chapter now includes the table name Analytes for clarity. This change did not alter the sense, meaning or effect of any rule in this Chapter (Supp. 21-2).*

*Editor's Note: To assist with compliance of exempt rules filed and effective January 15, 2021, the Administrative Rules Division has expedited the publication of this Chapter and released it in Supp. 20-4. Multiple notice filings were received with amendments to the same Sections in this supplement release. For versioning of these Sections, refer to the published notice in the Arizona Administrative Register (Supp. 20-4).*

*Editor's Note: Section R9-17-102 and its historical note were inadvertently removed in Supp. 20-2; the Section and historical note have been restored as last amended in Supp. 19-3 (Supp. 20-3).*

*Editor's Note: This Chapter was adopted under a one-year exemption from the Arizona Administrative Procedure Act (A.R.S. Title 41, Chapter 6) pursuant to Proposition 203 passed by the voters in November 2010. Although exempt from certain provisions of the rulemaking process, Section 6 of the Proposition required the Department to provide the public with an opportunity to comment on these rules before publishing the exempted rules. The Department posted proposed rules for comment on its web site, conducted statewide public meetings and also posted public comments received on its web site. (Supp. 11-2).*

*Editor's Note: 9 A.A.C. 17, formerly contained the rules of the Department of Health Services - Pure Food Control. This Chapter expired under A.R.S. § 41-1056(E) at 13 A.A.R. 3531, effective August 31, 2007 (Supp. 07-3).*

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

## ARTICLE 1. GENERAL

**R9-17-101. Definitions**

In addition to the definitions in A.R.S. § 36-2801, the following definitions apply in this Chapter unless otherwise stated:

1. "Accreditation" means being deemed as technically competent under ISO 17025 by the:
  - a. American Association of Laboratory Accreditation,
  - b. Perry Johnson Laboratory Accreditation,
  - c. ANSI National Accreditation Board,
  - d. International Accreditation Services, or
  - e. Commission on Office Laboratory Accreditation.
2. "Acquire" means to obtain through any type of transaction and from any source.
3. "Activities of daily living" means ambulating, bathing, dressing, grooming, eating, toileting, and getting in and out of bed.
4. "Amend" means adding or deleting information on an individual's registry identification card that affects the individual's ability to perform or delegate a specific act or function.
5. "Analyte" means a specific substance for which testing is performed by a laboratory.
6. "Applicant" means:
  - a. An individual submitting an application for a registry identification card or to amend, change, or replace a registry identification card for a qualifying patient, designated caregiver, dispensary agent, or laboratory agent;
  - b. An entity submitting an application for a dispensary registration certificate or approval to operate a dispensary; or
  - c. An individual or entity submitting an application for a laboratory registration certificate, approval to test, or approval to change parameters.
7. "Batch" means:
  - a. When referring to cultivated medical marijuana, a specific lot of medical marijuana that is uniform in strain, grown from one or more seeds or cuttings that are planted and harvested at the same time, and cultivated under the same conditions;
  - b. When referring to marijuana products, a specific amount of a marijuana product infused, manufactured, or prepared for sale from the same set of ingredients at the same time; and
  - c. When referring to a laboratory testing medical marijuana or a marijuana product according to R9-17-404.03, a specific set of no more than 20 samples prepared and tested during the same run using the same equipment.
8. "Batch number" means a unique numeric or alphanumeric identifier assigned to a batch by a dispensary when:
  - a. The batch of medical marijuana is planted, or
  - b. The batch of a marijuana product is infused, manufactured, or prepared for sale.
9. "Calendar day" means each day, not including the day of the act, event, or default from which a designated period of time begins to run, but including the last day of the period unless it is a Saturday, Sunday, statewide furlough day, or legal holiday, in which case the period runs until the end of the next day that is not a Saturday, Sunday, statewide furlough day, or legal holiday.
10. "Change" means:
  - a. When used in relation to a registry identification card, adding or deleting information on an individual's registry identification card that does not substantively affect the individual's ability to perform or delegate a specific act or function;
  - b. When used in relation to a place, moving to a different location;
  - c. When used in relation to an individual, selecting a different individual to perform specific actions;
  - d. When used in relation to parameters, revising a laboratory's standard operating procedures or quality assurance plan, required in R9-17-404.06, due to:
    - i. Adding or removing a parameter,
    - ii. Altering a testing method, or
    - iii. Using a different instrument for performing a test; and
  - e. When used in relation to testing results, altering the testing results in any way and for any reason.
11. "Commercial device" means a "commercial device," as defined in A.R.S. § 3-3401, that is licensed or certified according to A.R.S. § 3-3451.
12. "Contaminant" means matter, pollutant, hazardous substance, or other substance that is not intended to be part of dispensed medical marijuana or a marijuana product.
13. "Cultivation site" means the one additional location where marijuana may be cultivated, infused, or prepared for sale by and for a dispensary.
14. "Current photograph" means an image of an individual, taken no more than 60 calendar days before the submission of the individual's application, in a Department-approved electronic format capable of producing an image that:
  - a. Has a resolution of at least 600 x 600 pixels but not more than 1200 x 1200 pixels;
  - b. Is 2 inches by 2 inches in size;
  - c. Is in natural color;
  - d. Is a front view of the individual's full face, without a hat or headgear that obscures the hair or hairline;
  - e. Has a plain white or off-white background; and
  - f. Has between 1 and 1 3/8 inches from the bottom of the chin to the top of the head.
15. "Denial" means the Department's final decision not to issue a registry identification card, a dispensary registration certificate, a laboratory registration certificate, or an approval of a change of dispensary or a dispensary's cultivation site location, to an applicant because the applicant or the application does not comply with the applicable requirements in A.R.S. Title 36, Chapter 28.1 or this Chapter.
16. "Dispensary" means the same as "nonprofit medical marijuana dispensary" as defined in A.R.S. § 36-2801.

New Section made by exempt rulemaking at 17 A.A.R. 734, effective April 14, 2011 (Supp. 11-2).

**R9-17-107. Time-frames**

- A.** Within the administrative completeness review time-frame for each type of approval in Table 1.1, the Department shall:
1. Issue a registry identification card, a dispensary registration certificate, an approval to operate a dispensary, an approval of a change to a dispensary registration certificate,

a laboratory registration certificate, an approval for testing, or an approval to add a parameter;

2. Provide a notice of administrative completeness to an applicant; or
  3. Provide a notice of deficiencies to an applicant, including a list of the information or documents needed to complete the application.
- B.** An application for approval to operate a dispensary or for a change to a dispensary registration certificate is not complete until the date the applicant states on a written notice provided to the Department according to R9-17-305 or R9-17-307, as applicable, that the dispensary is ready for an inspection by the Department.
- C.** A laboratory's application for approval for testing or to add a parameter is not complete until the date the applicant states on a written notice provided to the Department according to R9-17-402.01 or R9-17-404.07, as applicable, that the laboratory is ready for an inspection by the Department.
- D.** If the Department provides a notice of deficiencies to an applicant:
1. The administrative completeness review time-frame and the overall time-frame are suspended from the date of the notice of deficiencies until the date the Department receives the missing information or documents from the applicant; and
  2. The Department shall consider the application withdrawn if the applicant does not submit the missing information or documents to the Department within the time-frame in Table 1.1.
- E.** Within the substantive review time-frame for each type of approval in Table 1.1, the Department:
1. According to subsection (H), shall issue or deny:
    - a. A registry identification card, dispensary registration certificate, or laboratory registration certificate; or
    - b. Approval to operate a dispensary, approval for a change to a dispensary registration certificate, approval for testing, or approval to add a parameter;
  2. May complete an inspection that may require more than one visit to a dispensary and, if applicable, the dispensary's cultivation site;
  3. May complete an inspection that may require more than one visit to a laboratory; and
  4. May make one written comprehensive request for more information, unless the Department and the applicant agree in writing to allow the Department to submit supplemental requests for information.
- F.** If the Department issues a written comprehensive request or a supplemental request for information:
1. The substantive review time-frame and the overall time-frame are suspended from the date of the written comprehensive request or the supplemental request for information until the date the Department receives all of the information requested, and
  2. The applicant shall submit to the Department all of the information and documents listed in the written comprehensive request or supplemental request for information within the time-frame in Table 1.1.
- G.** If an applicant for an initial dispensary registration certificate is allocated a dispensary registration certificate as provided in R9-17-303, the Department shall provide a written notice to the applicant of the allocation of the dispensary registration certificate and issue the dispensary registration certificate.

TITLE 9. HEALTH SERVICES

CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- H.** If an application for an initial laboratory registration certificate is approved, the Department shall review the information and documents submitted according to R9-17-402(A)(4) and:
1. If the information and documents for at least one of the owners comply with the A.R.S. Title 36, Chapter 28.1 and this Chapter, the Department shall issue:
    - a. A laboratory agent registry identification card to any owner who complies with A.R.S. Title 36, Chapter 28.1 and this Chapter; and
    - b. The laboratory registration certificate; and
  2. If the information and documents submitted according to R9-17-402(A)(4) for an owner do not comply with A.R.S. Title 36, Chapter 28.1 and this Chapter, the Department shall deny the owner a laboratory agent registry identification card and provide notice to the owner and to the laboratory that includes:
    - a. The specific reasons for the denial; and
    - b. The process for requesting a judicial review of the Department's decision pursuant to A.R.S. Title 12, Chapter 7, Article 6.
- I.** The Department shall issue:
1. A registry identification card, renewal of a dispensary registration certificate, an approval to operate a dispensary, an approval for a change to a dispensary registration certificate, a renewal of a laboratory registration certificate, an approval for testing, or an approval to add a parameter, as applicable, if the Department determines that the applicant complies with A.R.S. Title 36, Chapter 28.1 and this Chapter;
  2. For an applicant for a registry identification card, a denial that includes the reason for the denial and the process for requesting judicial review if:
    - a. The Department determines that the applicant does not comply with A.R.S. Title 36, Chapter 28.1 and this Chapter; or
    - b. The applicant does not submit all of the information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information;
  3. For an applicant for an initial dispensary registration certificate, if the Department determines that the dispensary registration certificate application complies with A.R.S. Title 36, Chapter 28.1 and this Chapter:
    - a. A dispensary registration certificate, if not all available dispensary registration certificates have been allocated according to the criteria and processes in R9-17-303; or
    - b. Written notice that:
      - i. The dispensary registration certificate application complies with A.R.S. Title 36, Chapter 28.1 and this Chapter;
      - ii. The applicant was not allocated a dispensary registration certificate according to the criteria and processes in R9-17-303 because all available dispensary registration certificates have been allocated according to the criteria and processes in R9-17-303; and
      - iii. The written notice is not a denial and is not considered a final decision of the Department subject to administrative review; or
  4. For an applicant for a dispensary registration certificate, an approval to operate, an approval for a change to a dispensary registration certificate, a laboratory registration certificate, an approval for testing, or an approval to add a parameter, a denial that includes the reason for the denial and the process for administrative review if:
    - a. The Department determines that the applicant does not comply with A.R.S. Title 36, Chapter 28.1 and this Chapter; or
    - b. The applicant does not submit all of the information and documents listed in the written comprehensive request or supplemental request for information within 10 working days after the date of the comprehensive written request or supplemental request for information.

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

**R9-17-108. Expiration of a Registry Identification Card, Dispensary Registration Certificate, or Laboratory Registration Certificate**

- A. Except as provided in subsection (B), a registry identification card issued to a qualifying patient, designated caregiver, dispensary agent, or laboratory agent is valid for two years after the date of issuance.
- B. If the Department issues a registry identification card to a qualifying patient, designated caregiver, dispensary agent, or laboratory agent based on a request for a replacement registry identification card or an application to change or amend a registry identification card, the replacement, changed, or amended registry identification card shall have the same expiration date as the registry identification card being replaced, changed, or amended.
- C. Except as provided in subsection (D), a dispensary registration certificate is valid for two years after the date of issuance.
- D. If the Department issues an amended dispensary registration certificate based on a change of location or an addition of a cultivation site, the dispensary registration certificate shall have the same expiration date as the dispensary registration certificate previously held by the dispensary.
- E. An approval to operate a dispensary shall have the same expiration date as the dispensary registration certificate associated with the approval to operate the dispensary.
- F. A laboratory registration certificate is valid for two years after the original date of issuance.
- G. A laboratory's approval for testing shall have the same expiration date as the laboratory registration certificate associated with the laboratory's approval to test.

**R9-17-109. Notifications and Void Registry Identification Cards**

- A. The Department shall provide written notice that a cardholder's registry identification card is void and no longer valid under A.R.S. Title 36, Chapter 28.1 and this Chapter to a:
  - 1. Qualifying patient when the Department receives notification from:
    - a. The qualifying patient that the qualifying patient no longer has a debilitating medical condition, or
    - b. The physician who provided the qualifying patient's written certification that the:
      - i. Qualifying patient no longer has a debilitating medical condition,
      - ii. Physician no longer believes that the qualifying patient would receive therapeutic or palliative benefit from the medical use of marijuana, or
      - iii. Physician believes that the qualifying patient is not using the medical marijuana as recommended;
  - 2. Designated caregiver when:
    - a. The Department receives notification from the designated caregiver's qualifying patient that the designated caregiver no longer assists the qualifying patient with the medical use of marijuana, or

- b. The registry identification card for the qualifying patient that is listed on the designated caregiver's registry identification card is no longer valid;
  - 3. Dispensary agent when:
    - a. The Department receives the written notification, required in R9-17-310(A)(10), that the dispensary agent:
      - i. No longer serves as a principal officer, board member, or medical director for the dispensary;
      - ii. Is no longer employed by the dispensary; or
      - iii. No longer provides volunteer service at or on behalf of the dispensary; or
    - b. The registration certificate for the dispensary that is listed on the dispensary agent's registry identification card is no longer valid; or
  - 4. Laboratory agent when:
    - a. The Department receives the written notification, required in R9-17-404(10), that the laboratory agent no longer:
      - i. Serves as an owner for the laboratory,
      - ii. Is employed by the laboratory, or
      - iii. Provides volunteer service at or on behalf of the laboratory; or
    - b. The registration certificate for the laboratory that is listed on the laboratory agent's registration identification card is no longer valid.
- B. The Department shall void a qualifying patient's registry identification card:
  - 1. When the Department receives notification that the qualifying patient is deceased; or
  - 2. For a qualifying patient under 18 years of age, when the qualifying patient's designated caregiver's registry identification card is revoked.
- C. The written notice required in subsection (A) that a registry identification card is void is not a revocation and is not considered a final decision of the department subject to judicial review.

**R9-17-303. Dispensary Registration Certificate Allocation Process**

- A.** Each calendar year, the Department may review current valid dispensary registration certificates to determine if the Department may issue additional dispensary registration certificates pursuant to A.R.S. § 36-2804(C).
  1. If the Department determines that the Department may issue additional dispensary registration certificates, the Department shall post, on the Department's website, the information that the Department is accepting dispensary registration certificate applications, including the deadline for accepting dispensary registration certificate applications.
    - a. The Department shall post the information in subsection (A)(1) at least 30 calendar days before the date the Department begins accepting applications.
    - b. The deadline for submission of dispensary registration certificate applications is 10 working days after the date the Department begins accepting applications.
    - c. Sixty working days after the date the Department begins accepting applications, the Department shall determine if the Department received more dispensary registration certificate applications that are

complete and in compliance with A.R.S. Title 36, Chapter 28.1 and this Chapter to participate in the allocation process than the Department is allowed to issue.

- i. If the Department received more dispensary registration certificate applications than the Department is allowed to issue, the Department shall allocate any available dispensary registration certificates according to the priorities established in subsection (B).
  - ii. If the Department is allowed to issue a dispensary registration certificate for each dispensary registration certificate application the Department received, the Department shall allocate the dispensary registration certificates to those applicants.
2. If the Department determines that the Department is not allowed to issue additional dispensary registration certificates, the Department shall, on the Department's website:
  - a. Post the information that the Department is not accepting dispensary registration certificate applications, and
  - b. Maintain the information until the next review.
- B.** If the Department determined, according to subsection (A)(1)(c), that more dispensary registration certificate applications were received that are complete and are in compliance with A.R.S. Title 36, Chapter 28.1 and this Chapter to participate in the allocation process than the number of dispensary registration certificates the Department is allowed to issue, the Department shall allocate the dispensary registration certificates according to the following criteria:
  1. For dispensary registration certificate applications received for a county in which no dispensary is located:
    - a. If only one dispensary registration certificate application is received for a proposed dispensary located in the county, the Department shall allocate the dispensary registration certificate to that applicant; or
    - b. If more than one dispensary registration certificate application is received for a proposed dispensary located in the county, the Department shall prioritize and allocate a dispensary registration certificate to an applicant according to subsection (B)(2);
  2. For dispensary registration certificate applications received according to subsection (B)(1)(b), the Department shall prioritize and allocate a dispensary registration certificate to an applicant according to the following:
    - a. If only one dispensary registration certificate application is received for a proposed dispensary in a geographic area in the county, at a location that is at least 25 miles from another dispensary and from which another dispensary has moved, the Department shall allocate the dispensary registration certificate to that applicant;
    - b. If more than one dispensary registration certificate application is received for a proposed dispensary in a geographic area in the county, at a location that is at least 25 miles from another dispensary and from which another dispensary has moved, the Department shall:
      - i. Prioritize and allocate a dispensary registration certificate to an applicant based on which proposed dispensary location will provide dispensary services to the most qualifying patients within five miles of the proposed dispensary

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- location, as determined from the number of registry identification cards issued to qualifying patients; and
- ii. If two or more dispensary registration certificate applications specify the same location from which another dispensary has moved, comply with subsection (C); and
  - c. If no dispensary registration certificate applications are received for a proposed dispensary in a geographic area in the county, at a location that is at least 25 miles from another dispensary and from which another dispensary has moved, the Department shall allocate a dispensary registration certificate in the county as follows:
    - i. If only one dispensary registration certificate application is received for a proposed dispensary in a geographic area in the county at a location that is at least 25 miles from another dispensary, the Department shall allocate the dispensary registration certificate to that applicant;
    - ii. If more than one dispensary registration certificate application is received for a proposed dispensary in a geographic area in the county at a location that is at least 25 miles from another dispensary, the Department shall allocate a dispensary registration certificate to an applicant at a location that is at least 25 miles from another dispensary based on random drawing; and
    - iii. If no dispensary registration certificate is allocated according to subsection (B)(2)(c)(i) or (ii), the Department shall allocate a dispensary registration certificate to an applicant for a proposed dispensary located in the county based on random drawing;
  3. If additional dispensary registration certificates are available after dispensary registration certificates are allocated, for each county in which no dispensary is located, according to subsection (B)(1) or (2), the Department shall allocate the additional dispensary registration certificates for a location in any geographic area as follows:
    - a. If the number of dispensary registration certificate applications received for a proposed dispensary at a location that is at least 25 miles from another dispensary, including a dispensary allocated a dispensary registration certificate according to subsection (B)(1) or (2), and from which another dispensary has moved is less than or equal to the number of available dispensary registration certificates, the Department shall allocate the dispensary registration certificates to those applicants; or
    - b. If the number of dispensary registration certificate applications received for a proposed dispensary at a location that is at least 25 miles from another dispensary, including a dispensary allocated a dispensary registration certificate according to subsection (B)(1) or (2), and from which another dispensary has moved is greater than the number of available dispensary registration certificates, the Department shall:
      - i. Prioritize and allocate dispensary registration certificates to applicants based on which proposed dispensary location will provide dispensary services to the most qualifying patients within five miles of the proposed dispensary location, as determined from the number of registry identification cards issued to qualifying patients; and
      - ii. If two or more dispensary registration certificate applications specify the same location from which another dispensary has moved, comply with subsection (C);
  4. If additional dispensary registration certificates are available after dispensary registration certificates are allocated according to subsections (B)(1), (2), and (3), the Department shall allocate the dispensary registration certificates for a location in any geographic area as follows:
    - a. If the number of dispensary registration certificate applications received for a proposed dispensary at a location that is at least 25 miles from another dispensary, including a dispensary allocated a dispensary registration certificate according to subsection (B)(1), (2), or (3), is less than or equal to the number of available dispensary registration certificates, the Department shall allocate a dispensary registration certificate to those applicants; or
    - b. If the number of dispensary registration certificate applications received for a proposed dispensary at a location that is at least 25 miles from another dispensary, including a dispensary allocated a dispensary registration certificate according to subsection (B)(1), (2), or (3), is greater than the number of available dispensary registration certificates, the Department shall allocate a dispensary registration certificate to an applicant:
      - i. Based on random drawing; and
      - ii. If two or more dispensary registration certificate applications specify the same location, comply with subsection (C); and
  5. If additional dispensary registration certificates are available after dispensary registration certificates are allocated according to subsections (B)(1) through (4), for all dispensary registration certificate applications not allocated a dispensary registration certificate, the Department shall allocate a dispensary registration certificate to an applicant:
    - a. Based on random drawing; and
    - b. If two or more dispensary registration certificate applications specify the same location, comply with subsection (C).
  - C. The Department shall randomly select one dispensary registration certificate application for allocation of a dispensary registration certificate if:
    1. There is a tie or a margin of 0.1% or less in the scores generated by applying the criteria in subsection (B), or
    2. Two or more dispensary registration certificate applications specify the same location.
  - D. For purposes of subsection (B):
    1. "Five miles" includes the area contained within a circle that extends for five miles in all directions from a specific location, not the distance travelled from the specific location by road; and
    2. "25 miles" includes the area contained within a circle that extends for 25 miles in all directions from the center of a proposed dispensary location, not the distance travelled from one location to another location by road.

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- E.** If the Department does not allocate a dispensary registration certificate to an applicant that had submitted a dispensary registration certificate application that the Department determined was complete and in compliance with A.R.S. Title 36, Chapter 28.1 and this Chapter to participate in the allocation process, the Department shall provide a written notice to the applicant that states that, although the applicant's dispensary registration certificate application was complete and complied with A.R.S. Title 36, Chapter 28.1 and this Chapter, the Department did not allocate the applicant a dispensary registration certificate under the processes in this Section.
- F.** If the Department receives a dispensary registration certificate application at a time other than the time stated in subsection (B), the Department shall return the dispensary registration certificate application, including the application fee, to the applicant.

      - h. The day's ending medical marijuana and marijuana products inventory;
    - 2. For acquiring medical marijuana from a qualifying patient or designated caregiver:
      - a. A description of the medical marijuana acquired including the amount and strain,
      - b. The name and registry identification number of the qualifying patient or designated caregiver who provided the medical marijuana,
      - c. The name and registry identification number or license number, as applicable, of the dispensary agent or marijuana facility agent receiving the medical marijuana on behalf of the dispensary, and
      - d. The date of acquisition;
    - 3. For acquiring medical marijuana or a marijuana product from another dispensary or a marijuana establishment:
      - a. A description of the medical marijuana or marijuana product acquired including:
        - i. The amount, batch number, and strain of the medical marijuana or marijuana product;
- ii. For a marijuana product, the ingredients in order of abundance; and
  - iii. For an edible food product infused with medical marijuana or a marijuana product:
    - (1) The date of manufacture,
    - (2) The total weight of the marijuana-infused edible food product, and
    - (3) The estimated amount and batch number of the medical marijuana or marijuana product infused in the edible food product;
  - b. As applicable, either:
    - i. The name and registry identification number of the dispensary providing the medical marijuana or marijuana product, or
    - ii. The name and license number of the marijuana establishment providing the medical marijuana or marijuana product;
  - c. The name and registry identification number or license number, as applicable, of the dispensary agent or marijuana facility agent providing the medical marijuana or marijuana product;
  - d. The name and registry identification number or license number, as applicable, of the dispensary agent or marijuana facility agent receiving the medical marijuana or marijuana product on behalf of the dispensary; and
  - e. The date of acquisition;
- 4. For each batch of marijuana cultivated:
    - a. The batch number;
    - b. Whether the batch originated from marijuana seeds or marijuana cuttings;
    - c. The origin and strain of the marijuana seeds or marijuana cuttings planted;
    - d. The number of marijuana seeds or marijuana cuttings planted;
    - e. The date the marijuana seeds or cuttings were planted;
    - f. A list of all chemical additives, including nonorganic pesticides, herbicides, and fertilizers used in the cultivation;
    - g. The number of plants grown to maturity; and
    - h. Harvest information including:
      - i. Date of harvest,
      - ii. Final usable marijuana yield weight, and
      - iii. Name and registry identification number or license number, as applicable, of the dispensary agent or marijuana facility agent responsible for the harvest;
  - 5. For providing medical marijuana or a marijuana product to another dispensary or a marijuana establishment:
    - a. A description of the medical marijuana or marijuana product provided including:
      - i. The amount, batch number, and strain of the medical marijuana or marijuana product;
      - ii. For a marijuana product, the ingredients in order of abundance; and
      - iii. For an edible food product infused with medical marijuana or a marijuana product:
        - (1) The date of manufacture,
        - (2) The total weight of the marijuana-infused edible food product, and
        - (3) The estimated amount and batch number of the medical marijuana or marijuana product infused in the edible food product;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- b. The name and registry identification number or marijuana establishment license number, as applicable, of the other dispensary or the marijuana establishment;
- c. The name and registry identification number or license number, as applicable, of the dispensary agent or marijuana facility agent who received the medical marijuana or marijuana product on behalf of the other dispensary or the marijuana establishment; and
- d. The date the medical marijuana or marijuana product was provided;
- 6. For submitting marijuana or marijuana products to a laboratory agent or laboratory for testing:
  - a. The amount, strain, and batch number of the marijuana or marijuana product submitted;
  - b. The name and registry identification number of the laboratory;
  - c. The name and registry identification number of the laboratory agent who received the marijuana or marijuana product on behalf of the laboratory; and
  - d. The date the marijuana or marijuana product was submitted to the laboratory; and
- 7. For disposal of medical marijuana or a marijuana product that is not to be dispensed or used for making a marijuana product:
  - a. Description of and reason for the medical marijuana or marijuana product being disposed of including, if applicable:
    - i. The number of failed or other unusable plants, and
    - ii. The results of laboratory testing;
  - b. Date of disposal;
  - c. Method of disposal; and
  - d. Name and registry identification number or license number, as applicable, of the dispensary agent or marijuana facility agent responsible for the disposal.
- D. The individual designated in subsection (A) shall conduct and document an audit of the dispensary's inventory that is accounted for according to generally accepted accounting principles at least once every 30 calendar days.
  - 1. If the audit identifies a reduction in the amount of medical marijuana or a marijuana product in the dispensary's inventory not due to documented causes, the dispensary shall determine and document where the loss has occurred and take and document corrective action.
  - 2. If the reduction in the amount of medical marijuana or a marijuana product in the dispensary's inventory is due to suspected criminal activity by a dispensary agent or marijuana facility agent, the dispensary shall report the dispensary agent or marijuana facility agent to the Department and to the local law enforcement authorities.
- E. A dispensary shall:
  - 1. Maintain the documentation required in subsections (C) and (D) at the dispensary for at least five years after the date on the document, and
  - 2. Provide the documentation required in subsections (C) and (D) to the Department for review upon request.

**R9-17-317. Product Labeling and Packaging**

- A. A dispensary shall ensure that medical marijuana or a marijuana product provided by the dispensary to a qualifying patient or a designated caregiver is labeled with:
  - 1. The dispensary's registry identification number;
  - 2. The amount, strain, and batch number of the medical marijuana or marijuana product;
  - 3. The form of the medical marijuana or marijuana product;
  - 4. As applicable, the weight of the medical marijuana or marijuana product;
  - 5. In compliance with Table 3.1, the potency of the medical marijuana or marijuana product, based on laboratory testing results, including the number of milligrams per designated unit or percentage of:
    - a. Total tetrahydrocannabinol, reported according to R9-17-404.03(S)(3)(a);
    - b. Total cannabidiol, reported according to R9-17-404.03(S)(3)(b); and
    - c. Any other cannabinoid for which the dispensary is making a claim related to the effect of the cannabinoid on the human body;
  - 6. The following statement: "ARIZONA DEPARTMENT OF HEALTH SERVICES' WARNING: Marijuana use can be addictive and can impair an individual's ability to drive a motor vehicle or operate heavy machinery. Marijuana smoke contains carcinogens and can lead to an increased risk for cancer, tachycardia, hypertension, heart attack, and lung infection. Marijuana use may affect the health of a pregnant woman and the unborn child. KEEP OUT OF REACH OF CHILDREN";
  - 7. If not cultivated by the dispensary, whether the medical marijuana was obtained from a qualifying patient, a designated caregiver, a marijuana establishment, or another dispensary;
  - 8. If not infused or prepared for sale by the dispensary, whether the marijuana product was obtained from a marijuana establishment or another dispensary;
  - 9. For a marijuana product:
    - a. The ingredients in order of abundance; and
    - b. If the marijuana product contains ethanol, the percentage of ethanol in the marijuana product;
  - 10. The date of manufacture, harvest, or sale; and
  - 11. The registry identification number of the qualifying patient.
- B. If a dispensary provides medical marijuana cultivated, or a marijuana product infused or prepared for sale, by the dispensary to a marijuana establishment or another dispensary, the dispensary shall ensure that:
  - 1. The medical marijuana or marijuana product is labeled with:
    - a. The dispensary's registry identification number or marijuana establishment's license number, as applicable;
    - b. The amount, strain, and batch number of the medical marijuana or marijuana product; and
    - c. The date of harvest or sale; and

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

2. A copy of laboratory testing results for the medical marijuana or marijuana product is provided to the receiving dispensary or marijuana establishment.
- C. A dispensary shall ensure that medical marijuana or a marijuana product provided by the dispensary to a qualifying patient or a designated caregiver is dispensed in a container made of material that will not react with or leach into the medical marijuana or marijuana product.
- D. A dispensary shall ensure that medical marijuana or a marijuana product being submitted to a laboratory for testing is labeled according to requirements in R9-17-317.01(B)(5).
3. If the results of testing of the dispensary's medical marijuana and marijuana products for heavy metals, according to R9-17-404.03, indicate that the medical marijuana and marijuana products are in compliance with Table 3.1 for a period of at least six consecutive months:
  - a. Each batch of medical marijuana or a marijuana product is tested according to requirements in R9-17-404.03, R9-17-404.04, and Table 3.1 for all analytes except heavy metals; and
  - b. At least once every three months, each batch of medical marijuana or a marijuana product is tested according to requirements in R9-17-404.03 and Table 3.1 for heavy metals.

**R9-17-317.01. Analysis of Medical Marijuana or a Marijuana Product**

- A. Before offering a batch of medical marijuana or of a marijuana product for sale or dispensing to a qualifying patient or designated caregiver, a dispensary shall ensure that:
  1. Except as provided in subsection (A)(2) or (3), each batch of medical marijuana or marijuana product is tested in compliance with requirements in R9-17-404.03, R9-17-404.04, and Table 3.1;
  2. Each batch of a marijuana product is tested according to requirements in R9-17-404.03, R9-17-404.04, and Table 3.1 for, as applicable:
    - a. At least potency and microbial contaminants other than mycotoxins if the marijuana product was prepared from another marijuana product, such as a concentrate or tincture, that is in compliance with requirements in R9-17-404.03, R9-17-404.04, and Table 3.1, using none of the following:
      - i. A temperature above which any analyte could chemically decompose or react with a component of the marijuana product;
      - ii. A pressure above which any analyte could chemically decompose or react with a component of the marijuana product;
      - iii. A process by which any analyte in the marijuana product that is in compliance with requirements in R9-17-404.03, R9-17-404.04, and Table 3.1 may be further concentrated; or
      - iv. A solvent other than water; or
    - b. All analytes except:
      - i. Ethanol if the marijuana product is intended to contain ethanol; or
      - ii. For a marijuana product intended for topical application, isopropanol if the marijuana product is intended to contain isopropanol; and
- B. A dispensary shall ensure that:
  1. Until laboratory testing has been completed and testing results received by the dispensary that comply with requirements in R9-17-404.03, R9-17-404.04, and Table 3.1, a batch of marijuana or of a marijuana product is stored in a location away from medical marijuana and marijuana products offered for dispensing;
  2. Except as provided in subsection (D), only one sample of each batch of medical marijuana or marijuana product is collected according to ANSI/ASQ Standard Z1.4 (2018), General Inspection Level II, incorporated by reference, including no future editions, and available at <https://asq.org/quality-resources/z14-z19>, including:
    - a. Use, as applicable, of one of the following sampling methods:
      - i. Top, middle, and bottom sampling using a sample thief, a device consisting of two nested tubes with one or more aligned slots through which a sample may be collected and then sealed into the inner tube by rotating the outer tube;
      - ii. Star pattern sampling from the top, middle, and bottom of each storage container;
      - iii. Collecting discrete incremental units of a batch, such as every tenth unit or every twentieth drop; or
      - iv. Quartering until the sample reaches the size specified in subsection (B)(3); and
    - b. For sampling methods specified in subsections (B)(2)(a)(i) through (iii), quartering the volume of the aggregated portions collected to obtain the sample size specified in subsection (B)(3);
  3. The size of the sample provided to a laboratory is sufficient for testing and, if necessary, retesting;
  4. Each sample in subsection (B)(3) is packaged in a container made of:
    - a. The same material that would be used for dispensing, or
    - b. Another material that will not react with or leach into the sample;
  5. Each packaged sample is labeled with the:
    - a. The dispensary's registry identification number;
    - b. The amount, strain, and batch number of the medical marijuana or marijuana product;
    - c. The analytes for which testing is being requested;
    - d. The storage temperature for the marijuana or marijuana product; and
    - e. The date of sampling;
  6. A packaged sample in subsection (B)(4) is submitted to a laboratory that:

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- a. Has a laboratory registration certificate issued by the Department, and
    - b. Is approved for testing by the Department for an analyte for which testing is being requested;
  7. Except as specified in subsections (A)(2) and (3) and (C)(1), as applicable, the samples in subsection (B)(4) are tested for each analyte specified in Table 3.1 by a laboratory that is approved by the Department for testing the analyte;
  8. Only batches of marijuana or marijuana products for which laboratory testing results in subsection (B)(7) are in compliance with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1 are offered for sale or dispensing; and
  9. Except as provided in subsection (C), any batch of marijuana or marijuana product that does not comply with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1 is remediated, if applicable, or destroyed according to policies and procedures.
- C.** If a dispensary receives a final report of testing, specified in R9-17-404.06(B)(3), from a laboratory that indicates that a batch of medical marijuana or marijuana product does not comply with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1, the dispensary:
1. Within seven days after receiving the final report of testing, may request retesting of the remaining portion of the sample in subsection (B)(4) for all analytes that do not comply with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1 by no more than two other laboratories that are independent of a laboratory conducting a test included in the final report of testing and that are approved by the Department for testing the analytes;
  2. If the final report of testing conducted according to subsection (C)(1) from another, independent laboratory indicates that any analyte tested for according to subsection (C)(1) does not comply with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1, shall remediate, if applicable, or destroy the batch of medical marijuana or marijuana product according to policies and procedures; and
  3. If the final report of testing from each of the two other independent laboratories, allowed according to subsection (C)(1), indicates that all analytes tested for according to subsection (C)(1) comply with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1, may offer the batch of medical marijuana or marijuana product for sale or dispensing.
- D.** A dispensary may request retesting of a batch of medical marijuana or marijuana product using a second sample if:
1. The batch of marijuana or marijuana product is still in the possession of the dispensary;
  2. The dispensary receives notification from the Department, a marijuana establishment, or another dispensary that indicates that the final report of testing from a laboratory, specified in R9-17-404.06(B)(3), for the batch of medical marijuana or marijuana product may be inaccurate;
3. The dispensary:
- a. If the notification in subsection (D)(2) is from a marijuana establishment or another dispensary, informs the Department that the final report of testing may be inaccurate, providing the name of the notifying dispensary or marijuana establishment;
  - b. Collects the second sample according to subsections (B)(2) and (3);
  - c. Packages and labels the sample according to subsections (B)(4) and (5); and
  - d. Submits the sample to a second, independent laboratory that is approved by the Department for testing the analytes; and
4. The dispensary follows the requirements in subsections (C)(1) through (3) in determining whether the batch of medical marijuana or marijuana product:
- a. May be offered for sale or dispensing, or
  - b. Is required to be remediated, if applicable, or destroyed.
- E.** A dispensary shall ensure that remediation of a batch of marijuana or of a marijuana product that has undergone laboratory testing and does not comply with the requirements in R9-17-404.03, R9-17-404.04, and Table 3.1:
1. Is performed according to policies and procedures,
  2. Uses a method that is appropriate to address an analyte not in compliance with Table 3.1, and
  3. Does not introduce or produce a substance in a concentration that is known to be harmful to humans.
- F.** If a batch of medical marijuana or a marijuana product is remediated, a dispensary shall submit samples from the remediated batch for laboratory testing according to subsection (B).
- G.** A dispensary shall provide to the Department upon request a sample of the dispensary's inventory of medical marijuana or a marijuana product of sufficient quantity to enable the Department to conduct an analysis of the medical marijuana or marijuana product.

**R9-17-318. Security**

- A.** A dispensary shall ensure that access into areas of the dispensary or the dispensary's cultivation site where marijuana is cultivated, processed, as defined in A.R.S. § 36-2850, manufactured, or stored is limited to the dispensary's principal officers, board members, and authorized individuals, unless the individual is supervised by an individual authorized according to subsection (G)(2)(a).
- B.** A dispensary agent may transport marijuana, marijuana plants, marijuana products, and marijuana paraphernalia between the dispensary and:
  1. The dispensary's cultivation site,
  2. A qualifying patient,
  3. Another dispensary,
  4. A marijuana establishment licensed according to 9 A.A.C. 18, and
  5. A laboratory that has a laboratory registration certificate issued by the Department.
- C.** Before transportation, a dispensary agent shall:
  1. Complete a trip plan that includes:
    - a. The name of the dispensary agent in charge of transporting the marijuana, marijuana plants, marijuana products, or marijuana paraphernalia;
    - b. The date and start time of the trip;
    - c. A description of the marijuana, marijuana plants, marijuana products, or marijuana paraphernalia being transported;
    - d. Any anticipated stops during the trip, including the locations of the stops and arrival time and departure time for each location; and
    - e. The anticipated route of transportation; and
  2. Provide a copy of the trip plan in subsection (C)(1) to the dispensary.
- D.** During transportation, a dispensary agent shall:
  1. Carry a copy of the trip plan in subsection (C)(1) with the dispensary agent for the duration of the trip;
  2. Use a vehicle that has a current registration with the Arizona Department of Motor Vehicles, issued according to A.R.S. Title 28, Chapter 7, Article 2:
    - a. Without any marijuana identification;
    - b. Equipped with a global positioning system or other means for the dispensary to track the current location of the vehicle at any point in time;
    - c. Capable of providing electronic information about where the vehicle has been during at least the previous 90 days;
  3. Have a means of communication with the dispensary;
  4. Note the arrival time and departure time for each stop; and
  5. Ensure that the marijuana, marijuana plants, or marijuana products are stored in the locked compartment specified in subsection (D)(2)(e) and are not visible.
- E.** After transportation, a dispensary agent shall:
  1. Enter the end time of the trip and any changes to the trip plan on the trip plan required in subsection (C)(1), and
  2. Ensure that the updated trip plan is provided to the dispensary.
- F.** A dispensary shall:
  1. Maintain the documents required in subsection (C)(2) and (E) for at least two years after the date of the documentation;
  2. If transporting a sample to a laboratory for testing, provide a copy of the trip plan to the laboratory; and
  3. Provide a copy of the documents required in subsection (C)(2) and (E) to the Department for review upon request.
- G.** To prevent unauthorized access to medical marijuana at the dispensary and, if applicable, the dispensary's cultivation site, the dispensary shall have the following:
  1. Security equipment to deter and prevent unauthorized entrance into limited access areas that include:
    - a. Devices or a series of devices to detect unauthorized intrusion, which may include a signal system interconnected with a radio-frequency method, such as cellular, private radio signals, or other mechanical or electronic device;
  2. With an operational video surveillance system and recording equipment that:
    - i. Shows the interior of the vehicle, including the driver's seat and location of the marijuana, marijuana plants, or marijuana products being transported;
    - ii. Is turned on for the duration of a trip while medical marijuana or a marijuana product is in the vehicle; and
    - iii. Either stores the recording for at least 30 calendar days or transmits the recorded images at the time of recording to another location, where the recorded images are stored for at least 30 calendar days; and
  3. With a locked compartment in which any marijuana, marijuana plants, or marijuana products being transported may be stored during a trip;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- b. Exterior lighting to facilitate surveillance;
  - c. Electronic monitoring including:
    - i. At least one 19-inch or greater call-up monitor;
    - ii. A printer capable of immediately producing a clear still photo from any video camera image;
    - iii. Video cameras:
      - (1) Providing coverage of all entrances to and exits from limited access areas and all entrances to and exits from the building, capable of identifying any activity occurring in or adjacent to the building; and
      - (2) Having a recording resolution of at least 704 x 480 or the equivalent;
    - iv. A video camera at each point of sale location allowing for the identification of any qualifying patient or designated caregiver purchasing medical marijuana;
    - v. A video camera in each grow room capable of identifying any activity occurring within the grow room in low light conditions;
    - vi. Storage of video recordings from the video cameras for at least 30 calendar days;
    - vii. A failure notification system that provides an audible and visual notification of any failure in the electronic monitoring system; and
    - viii. Sufficient battery backup for video cameras and recording equipment to support at least five minutes of recording in the event of a power outage; and
  - d. Panic buttons in the interior of each building; and
2. Policies and procedures:
- a. That provide for the identification of authorized individuals;
  - b. That deter unauthorized removal of marijuana or marijuana products from the premises, including:
    - i. Restricting access to the areas of the dispensary that contain marijuana and, if applicable, the dispensary's cultivation site to authorized individuals only; and
    - ii. Ensuring that an individual other than an authorized individual is supervised by an authorized individual when in an area specified in subsection (G)(2)(b)(i);
  - c. That prevent loitering;
  - d. For conducting electronic monitoring; and
  - e. For the use of a panic button.

**R9-17-324. Dual Licensees**

- A. If a dispensary is a dual licensee, the dispensary shall:
  1. Provide marijuana and marijuana products, according to A.A.C. R9-18-309, to consumers, as defined in A.R.S. § 36-2850, at the same location as the dispensary dispenses medical marijuana and marijuana products to qualifying patients and designated caregivers;
  2. Notify the Department within five calendar days after beginning to operate on a for-profit basis, as allowed by A.R.S. § 36-2858(D)(2), and, if applicable, provide to the Department the documents required in R9-17-304(C)(2) for the new organizational or corporate structure;
  3. Comply with the requirements in A.R.S. § 36-2858(D)(3); and
  4. Comply with the requirements in A.R.S. § 36-2854(D) and A.A.C. R9-18-312.01.
- B. If a dispensary is a dual licensee, the entity holding the valid dispensary registration certificate may:
  1. Request that the dispensary's cultivation site, specified according to R9-17-305(A)(1)(e) or R9-17-307(A)(1), be transferred under the entity's marijuana establishment license according to A.A.C. R9-18-303(E)(3);
  2. Request approval of a change in the location in subsection (A)(1) by complying with the requirements in both:
    - a. R9-17-307(A), and
    - b. A.A.C. R9-18-306; or
  3. Transfer or assign both the dispensary registration certificate and the marijuana establishment license to the same entity.
- C. A dispensary that is a dual licensee is exempt from the requirements in:
  1. R9-17-310(A)(6), (13), and (14);
  2. R9-17-313; and
  3. R9-17-320(B)(4) and (5), but shall ensure that a dispensary agent or marijuana facility agent at the dispensary or the dispensary's cultivation site:

- a. Reports to a principal officer or board member of the dispensary any health condition experienced by the dispensary agent or marijuana facility agent that may adversely affect the safety or quality of any medical marijuana or marijuana products with which the dispensary agent or marijuana facility agent may come into contact; and
- b. If the principal officer or board member determines that a dispensary agent or marijuana facility agent has a health condition that may adversely affect the safety or quality of the medical marijuana or marijuana products, is prohibited from direct contact with any medical marijuana, marijuana products, or equipment or materials for processing medical marijuana, as defined in A.R.S. § 36-2850, or preparing marijuana products until the principal officer or board member determines that the dispensary agent's or marijuana facility agent's health condition will not adversely affect the medical marijuana or marijuana products.

- D. If the Department identifies an instance of noncompliance with a requirement of both this Chapter and 9 A.A.C. 18 during an inspection of a dual licensee, the Department shall note the instance of noncompliance on a notice of deficiencies associated with the dual licensee's marijuana establishment license under 9 A.A.C. 18, rather than on both the notice of deficiencies for the dispensary registration certificate and the notice of deficiencies for the marijuana establishment license.

7. If a business organization type other than those described in subsections (A)(2) through (6) is applying for a laboratory registration certificate, two individuals who are members of the business organization.

**B.** When a laboratory is required by this Chapter to provide information, sign documents, or ensure actions are taken, the individual or individuals in subsection (A) shall comply with the requirement on behalf of the laboratory.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 2421, effective August 27, 2019 (Supp. 19-3). Amended by exempt rulemaking at 27 A.A.R. 111, with an immediate effective date of January 15, 2021 (Supp. 20-4).

**R9-17-402. Applying for a Laboratory Registration Certificate**

**A.** To apply for a laboratory registration certificate, an applicant shall submit to the Department the following:

1. An application in a Department-provided format that includes:
  - a. The physical address of the laboratory;
  - b. The distance to the closest private school or public school from the laboratory;
  - c. The following information for the laboratory applying:
    - i. The legal name of the laboratory,
    - ii. Type of business organization,
    - iii. Mailing address,
    - iv. Telephone number, and
    - v. Email address;
  - d. The name of the owner designated to submit laboratory agent registry identification card applications on behalf of the laboratory;
  - e. The name, residence address, and date of birth of each owner;
  - f. The identifying number on the applicable card or document in subsection (A)(4)(d)(i) through (v);
  - g. The name, residence address, and date of birth of the technical laboratory director designated according to R9-17-404(3);
  - h. The name, residence address, and date of birth of each laboratory agent other than an owner or the technical laboratory director, if applicable;
  - i. Whether the laboratory agrees to allow the Department to submit supplemental requests for information;
  - j. A statement that, if the applicant is issued a laboratory registration certificate, the laboratory will not begin testing marijuana pursuant to R9-17-317.01 until the laboratory has been inspected and issued an approval for testing by the Department;
  - k. An attestation that the information provided to the Department to apply for a laboratory registration certificate is true and correct; and
  - l. The signatures of the owner of the laboratory, according to R9-17-401(A), and the technical laboratory director and the date each signed;
2. Policies and procedures that comply with the requirements in this Chapter that contain:
  - a. Inventory control;
  - b. A chain of custody and sample requirement process;

- c. A records retention process;
  - d. A secure method to transfer the portion of a sample remaining after testing to another laboratory with an approval for testing issued by the Department:
    - i. For testing of parameters or analytes that the laboratory receiving the sample from a dispensary is not approved by the Department to conduct, or
    - ii. For retesting at the request of a dispensary according to R9-17-317.01(C);
  - e. Security; and
  - f. A process for disposal of marijuana or marijuana products that are submitted to the laboratory for testing;
3. If the applicant is one of the business organizations in R9-17-401(A)(2) through (7), a copy of the business organization's articles of incorporation, articles of organization, or partnership or joint venture documents that include:
    - a. The name of the business organization,
    - b. The type of business organization, and
    - c. The names and titles of the individuals in R9-17-401(A);
  4. For each owner:
    - a. An attestation signed and dated by the owner that the owner has not been convicted of an excluded felony offense as defined in A.R.S. § 36-2801;
    - b. An attestation signed and dated by the owner that the owner does not have a direct or indirect familial or financial relationship with or interest in a dispensary, marijuana establishment, or related medical marijuana business entity or management company;
    - c. An attestation signed and dated by the owner that the laboratory will not test marijuana or marijuana products for a designated caregiver who the owner has a direct or indirect familial or financial relationship with;
    - d. An attestation signed and dated by the owner pledging not to divert marijuana to any individual who or entity that is not allowed to possess marijuana pursuant to A.R.S. Title 36, Chapter 28.1;
    - e. A copy the owner's:
      - i. Arizona driver's license issued on or after October 1, 1996;
      - ii. Arizona identification card issued on or after October 1, 1996;
      - iii. Arizona registry identification card;
      - iv. Photograph page in the owner's U.S. passport or a U.S. passport card; or
      - v. Arizona driver's license or identification card issued before October 1, 1996 and one of the following for the owner:
        - (1) Birth certificate verifying U.S. citizenship,
        - (2) U. S. Certificate of Naturalization, or
        - (3) U. S. Certificate of Citizenship; and
    - f. For the Department's criminal records check authorized in A.R.S. §§ 36-2804.01 and 36-2804.07:
      - i. The owner's fingerprints on a fingerprint card that includes:
        - (1) The owner's first name; middle initial, if applicable; and last name;
        - (2) The owner's signature;
        - (3) If different from the owner, the signature of the individual physically rolling the owner's fingerprints;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- (4) The owner's residence address;
  - (5) If applicable, the owner's surname before marriage and any names previously used by the owner;
  - (6) The owner's date of birth;
  - (7) The owner's Social Security number;
  - (8) The owner's citizenship status;
  - (9) The owner's gender;
  - (10) The owner's race;
  - (11) The owner's height;
  - (12) The owner's weight;
  - (13) The owner's hair color;
  - (14) The owner's eye color; and
  - (15) The owner's place of birth; or
  - ii. If the fingerprints and information required in subsection (A)(4)(f)(i) were submitted to the Department as part of an application for a designated caregiver registry identification card, dispensary agent registry identification card, or laboratory agent registry identification card within the previous six months, the registry identification number on the registry identification card issued to the owner as a result of the application;
5. If zoning restrictions have been enacted, a statement, in a Department-provided format, signed and dated within 60 calendar days before the date of the application by a representative of the local jurisdiction:
- a. Certifying that the laboratory is in compliance with any local zoning restrictions; and
  - b. Including:
    - i. Information identifying the local jurisdiction and the local jurisdiction's representative,
    - ii. The legal name of the laboratory, and
    - iii. The physical address of the laboratory as specified according to subsection (A)(1)(a);
6. A copy of documentation issued by the local jurisdiction to the laboratory authorizing occupancy of the building as a laboratory, such as a certificate of occupancy, a special use permit, or a conditional use permit;
7. A site plan drawn to scale of the laboratory location showing streets, property lines of the contiguous premises, buildings, parking areas, outdoor areas if applicable, fences, security features, fire hydrants if applicable, and access to water mains;
8. A building plan drawn to scale of the building where the laboratory is located showing the:
- a. Layout and dimensions of each room;
  - b. Name and function of each room;
  - c. Fire ratings of the materials used for ceilings, walls, doors, and floors of rooms used to store flammable substances;
  - d. Location of each fire protection device;
  - e. Layout of heating, air conditioning, exhaust, and ventilation systems;
  - f. Location and layout of refrigerated rooms or freezer rooms;
  - g. Location of each sink, safety shower, other water supply, or plumbing fixture;
  - h. Location of fixed or movable equipment and instruments that require dedicated electrical, water, vacuum, gas, or other building systems;
  - i. Location of security measures or equipment to protect from diversion of marijuana or marijuana products; and
  - j. Means of egress;
9. Documentation of accreditation of the location specified according to subsection (A)(1)(a) for which the applicant is applying for a laboratory registration certificate;
10. The laboratory's Transaction Privilege Tax Number issued by the Arizona Department of Revenue, if applicable; and
11. The applicable fee in R9-17-102 for applying for a laboratory registration certificate.
- B.** Within 72 hours after an owner receives a laboratory registration certificate pursuant to an application submitted according to subsection (A), the owner shall apply for a laboratory agent registry identification card, according to R9-17-405, for each laboratory agent, including a technical laboratory director.
- C.** A change in location of the laboratory's physical address or ownership requires a new application to be submitted according to subsection (A).
- D.** A separate laboratory registration certificate is required for each noncontiguous portion of a laboratory.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 2421, effective August 27, 2019 (Supp. 19-3). Amended by exempt rulemaking at 26 A.A.R. 734, with an immediate effective date of April 2, 2020; amended by exempt rulemaking at 26 A.A.R. 968, effective April 20, 2020 (Supp. 20-2). **R9-17-402.01. Applying for Approval for Testing**

To apply for approval for testing, an applicant shall submit to the Department, at least 60 calendar days before the expiration of the initial laboratory registration certificate for the laboratory, the following:

- 1. An application in a Department-provided format that includes:
  - a. The name and registry identification number of the laboratory;
  - b. The physical address of the laboratory;
  - c. The name of the applicant;
  - d. The name of the technical laboratory director designated according to R9-17-404(3);
  - e. For each parameter for which approval for testing is being requested:
    - i. The analyte to be tested for,
    - ii. The instruments and equipment to be used for testing, and
    - iii. The software to be used at the laboratory for instrument control and data reduction interpretation;
  - f. The laboratory's proposed hours of operation;
  - g. Whether the laboratory agrees to allow the Department to submit supplemental requests for information;
  - h. Whether the laboratory is ready for an inspection by the Department;
  - i. If the laboratory is not ready for an inspection by the Department, the date the laboratory will be ready for an inspection by the Department;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- j. An attestation that the information provided to the Department to apply for approval for testing is true and correct; and
- k. The signatures of the owner of the laboratory, according to R9-17-401(A), and the technical laboratory director and the date each signed;
- 2. For each parameter and analyte listed according to subsection (1)(e):
  - a. A copy of current accreditation;
  - b. The limit of quantitation for each matrix, according to R9-17-404.03(I);
  - c. A copy of a proficiency testing report;
  - d. A copy of the standard operating procedure; and
  - e. Documentation of the initial demonstration of capabilities for each matrix, according to R9-17-404.03(D);
- 3. Policies and procedures that comply with the requirements in this Chapter that include:
  - a. A quality assurance program and standards,
  - b. A process to ensure marijuana or marijuana products testing results are accurate, precise, and scientifically valid before reporting the results; and
  - c. A process to compile testing results into a single laboratory report to be provided to a dispensary; and
- 4. If different from the building plan submitted according to R9-17-402(A)(8), a building plan drawn to scale of the building where the laboratory is located showing the:
  - a. Layout and dimensions of each room;
  - b. Name and function of each room;
  - c. Fire ratings of the materials used for ceilings, walls, doors, and floors of rooms used to store flammable substances;

  - i. Location of security equipment to protect from diversion of marijuana or marijuana products; and
  - j. Means of egress.
- a. The physical address of the laboratory;
- b. The following information for the laboratory:
  - i. The legal name of the laboratory,
  - ii. The registry identification number for the laboratory,
  - iii. Type of business organization,
  - iv. Mailing address,
  - v. Telephone number, and
  - vi. Email address;
- c. The name of the owner designated to submit laboratory agent registry identification card applications on behalf of the laboratory;
- d. The name, residence address, and date of birth of each owner;
- e. The name, residence address, and date of birth of the technical laboratory director designated according to R9-17-404(3);
- f. The name, residence address, and date of birth of each laboratory agent, if applicable;
- g. Whether the laboratory agrees to allow the Department to submit supplemental requests for information;
- h. An attestation that the information provided to the Department to renew the laboratory registration certificate is true and correct; and
- i. The signatures of the owner of the laboratory, according to R9-17-401(A), and the technical laboratory director and the date each signed;
- 2. For each owner:
  - a. An attestation signed and dated by the owner that the owner has not been convicted of an excluded felony offense as defined in A.R.S. § 36-2801; and
  - b. An attestation signed and dated by the owner that the laboratory will not test medical marijuana and medical marijuana products for:
    - i. A dispensary, related medical marijuana business entity, or management company that the owner has a direct or indirect familial or financial relationship with or interest in; or
    - ii. A designated caregiver who the owner has a direct or indirect familial or financial relationship with;
- 3. For each current parameter and analyte, documentation of current accreditation;
- 4. If a change has been made to the standard operating procedure for a current parameter, a copy of the revised standard operating procedure;
- 5. If a change has been made in the quality assurance plan for a current parameter required in R9-17-404.03 or R9-17-404.04, a copy of the revised quality assurance plan; and
- 6. The applicable fee in R9-17-102 for applying to renew a laboratory registration certificate.

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

An owner of a laboratory with a laboratory registration certificate shall:

1. Comply with the:
  - a. Quality assurance requirements in R9-17-404.05,
  - b. Operation requirements in R9-17-404.06, and
  - c. Laboratory records and reports requirements in R9-17-404;
2. Maintain accreditation for each approved parameter and analyte;
3. Designate in writing a technical laboratory director who:
  - a. Has knowledge and experience in overseeing a laboratory as documented by:
    - i. A doctoral degree in chemistry, biochemistry, microbiology, or a similar laboratory science;
    - ii. A master's degree in chemistry, biochemistry, microbiology, or a similar laboratory science and at least two years of experience working in a laboratory and providing laboratory testing; or
    - iii. A bachelor's degree in chemistry, biochemistry, microbiology, or a similar laboratory science and at least four years of experience working in a laboratory and providing laboratory testing; and
  - b. Is responsible for:
    - i. Ensuring that all services and tests provided by the laboratory are performed in compliance with the requirements in this Article;
    - ii. Directing and supervising services and tests provided by the laboratory;
    - iii. Overseeing the work of all personnel in the laboratory;
    - iv. Providing ongoing training to laboratory agents, as applicable to the functions performed by a laboratory agent; and
    - v. Ensuring safety and hazardous substance control in the laboratory;
4. Notify the Department in writing within 20 business working days after any change in the technical laboratory director, providing the name and contact information for the new technical laboratory director;
5. Develop, document, and implement policies and procedures regarding:
  - a. Job descriptions and employment contracts, including:
    - i. Personnel duties, authority, responsibilities, and qualifications;
    - ii. Personnel supervision;
    - iii. Ongoing training, applicable to the functions performed by a laboratory agent;
    - iv. Training in and adherence to confidentiality requirements;
    - v. Periodic performance evaluations, including proficiency testing on a rotating basis among all laboratory agents performing similar functions; and
    - vi. Disciplinary actions;
  - b. Business records, such as manual or computerized records of assets and liabilities, monetary transactions, journals, ledgers, and supporting documents, including agreements, checks, invoices, and vouchers;
  - c. Inventory control, including:
    - i. Tracking;
    - ii. Accepting medical marijuana or marijuana products for testing;
    - iii. Transferring a portion of a sample prepared or selected according to subsection (5)(e)(v) to another laboratory for testing of parameters or analytes that the laboratory is not approved by the Department to conduct;
    - iv. Testing medical marijuana and marijuana products;
    - v. Providing a representative portion of the sample of tested medical marijuana or a marijuana product, which had been prepared or selected according to subsection (5)(e)(v), to up to two other laboratories, with an approval for testing issued by the Department, at the request of a dispensary according to R9-17-317.01(C);
    - vi. Retaining the residual portion of a sample accepted for testing from a dispensary for at least 14 days after sending the final report of testing required in R9-17-404.06(B)(3) to the dispensary; and
    - vii. Disposing of medical marijuana or a marijuana product such that the marijuana or marijuana product is unrecognizable or cannot otherwise be used and documenting:
      - (1) The method of disposal;
      - (2) Whether the medical marijuana or marijuana product was tested;
      - (3) If not tested, the reason for not testing;
      - (4) The laboratory agent overseeing the disposal; and
      - (5) The date of disposal;
  - d. Standard operating procedures, including:
    - i. The review and updating of standard operating procedures;
    - ii. Requirements for a laboratory agent to review current, new, or updated standard operating procedures applicable to the functions performed by the laboratory agent; and
    - iii. Documenting the review of standard operating procedures by applicable laboratory agents;
  - e. Laboratory records, including:
    - i. Maintenance and monitoring of instruments and equipment;
    - ii. Acceptance of medical marijuana and marijuana products for testing, including the specification of the analytes to be tested for;
    - iii. The chain of custody and applicable trip plan, according to R9-17-408, for a sample accepted by the laboratory for testing;
    - iv. The storage of a submitted sample prior to testing to maintain the integrity of the sample and analyte;
    - v. The process for ensuring that a homogeneous portion of a submitted sample is prepared or selected for testing, including:
      - (1) The aseptic removal of a homogeneous portion of the sample for testing according to R9-17-404.04; and
      - (2) Further preparation of a homogeneous portion of the sample, if necessary, for testing according to R9-17-404.03;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- vi. Ensuring testing results are accurate, precise, and scientifically valid before reporting the results;
  - vii. Reporting of testing results, including:
    - (1) Testing results obtained from another laboratory for testing of parameters or analytes that the laboratory is not approved by the Department to conduct, or
    - (2) Testing results provided to another laboratory from which the laboratory had received a portion of a sample for testing of parameters or analytes that the other laboratory is not approved by the Department to conduct;
  - viii. If applicable, transfer of a portion of a sample, according to subsection (5)(c)(v), to another laboratory with an approval for testing issued by the Department for testing of parameters or analytes that the laboratory is not approved by the Department to conduct, including:
    - (1) The name and registry identification number of the dispensary from which the sample was obtained,
    - (2) The name and registry identification number of the laboratory to which the portion of the sample is being transferred,
    - (3) The date of the transfer,
    - (4) The amount of sample being transferred,
    - (5) The name and registry identification number of the laboratory agent receiving the marijuana or marijuana products on behalf of the other laboratory;
    - (6) The parameters or analytes being tested by the other laboratory, and
    - (7) The testing results obtained from the other laboratory;
  - ix. If applicable, transfer of the portion of a sample remaining after testing, according to subsection (5)(c)(v), to no more than two other laboratories with an approval for testing issued by the Department at the request of a dispensary according to R9-17-317.01(C), including:
    - (1) The name and registry identification number of the dispensary,
    - (2) The name and registry identification number of the dispensary agent requesting the transfer on behalf of the dispensary,
    - (3) The date of the request,
    - (4) The amount of sample being transferred,
    - (5) The name and registry identification number of each other laboratory, and
    - (6) The name and registry identification number of the laboratory agent receiving the marijuana or marijuana products on behalf of each other laboratory;
  - x. Confidentiality; and
  - xi. Sample retention;
  - f. A quality assurance program and standards;
  - g. A records retention process; and
  - h. Security;
6. Review and document the review of laboratory policies and procedures at least once every 12 months after the issue date of the laboratory registration certificate and update as needed;
- 7. Ensure that each laboratory agent has the laboratory agent's registry identification card in the laboratory agent's immediate possession when the laboratory agent is working or providing volunteer services related to marijuana or marijuana products testing at the laboratory;
  - 8. Ensure that a laboratory agent accompanies any individual other than another laboratory agent associated with the laboratory when the individual is present in the area of the laboratory where marijuana or marijuana products are being tested or stored for testing;
  - 9. Not allow an individual who does not possess a laboratory agent registry identification card issued under the laboratory registration certificate to:
    - a. Serve as an owner for the laboratory,
    - b. Be employed by the laboratory, or
    - c. Provide volunteer services at or on behalf of the laboratory;
  - 10. Provide written notice to the Department, including the date of the event, within 10 working days after the date, when a laboratory agent no longer:
    - a. Serves as an owner for the laboratory,
    - b. Is employed by the laboratory, or
    - c. Provides volunteer services at or on behalf of the laboratory;
  - 11. Unless otherwise specified, maintain copies of any documentation required in this Chapter for at least two years after the date on the documentation and provide copies of the documentation to the Department for review upon request.

**Historical Note**

New Section made by exempt rulemaking at 25 A.A.R. 2421, effective August 27, 2019 (Supp. 19-3). Amended by exempt rulemaking at 26 A.A.R. 734, with an immediate effective date of April 2, 2020 (Supp. 20-2). Amended by exempt rulemaking at 26 A.A.R. 1905, with an immediate effective date of August 28, 2020 (Supp. 20-3). Amended by exempt rulemaking at 27 A.A.R. 111, with an immediate effective date of January 15, 2021 (Supp. 20-4). Amended by final rulemaking at 29 A.A.R. 2396 (October 13, 2023), effective October 1, 2023 (Supp. 23-3).

**R9-17-404.01. Compliance Monitoring**

- A. Submission of an application for a laboratory registration certificate constitutes permission for:
  - 1. The Department's entry to and inspection of the laboratory, and
  - 2. The Department to conduct proficiency testing according to R9-17-404.02.
- B. The Department shall conduct:
  - 1. An initial laboratory inspection; and
  - 2. A follow-up laboratory inspection, at least annually.
- C. The Department shall comply with A.R.S. § 41-1009 in conducting a laboratory inspection or investigation.
- D. The Department shall not accept allegations of a laboratory's noncompliance with A.R.S. Title 36, Chapter 28.1 or this Chapter from an anonymous source.
- E. If the Department receives an allegation of a laboratory's noncompliance with A.R.S. Title 36, Chapter 28.1 or this Chapter, the Department may conduct an unannounced inspection of the laboratory.
- F. If the Department determines that a laboratory is not in compliance with the requirements of A.R.S. Title 36, Chapter 28.1, or this Chapter, the Department:

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

1. Shall provide the owner, according to R9-17-401(A), and technical laboratory director with a written notice that includes the specific rule or statute that was violated; and
  2. May:
    - a. Take an enforcement action as described in R9-17-410; or
    - b. Require that the technical laboratory director submit to the Department, within 30 calendar days after written notice from the Department, a corrective action plan to address issues of compliance that do not directly affect the health or safety of a qualifying patient or laboratory agent that:
      - i. Describes how each identified instance of non-compliance will be corrected and reoccurrence prevented, and
      - ii. Includes a date for correcting each instance of noncompliance that is appropriate to the actions necessary to correct the instance of noncompliance.
- G.** Under A.R.S. § 41-1009(G) and (I), the Department's decision regarding whether a technical laboratory director may submit a corrective action plan on behalf of a laboratory or whether a deficiency has been corrected or has been corrected within a reasonable period of time is not an appealable agency action as defined by A.R.S. § 41-1092.
5. If proficiency testing is not provided by the Department, the laboratory selects a proficiency testing service and contracts with and pays the proficiency testing service directly for proficiency testing; and
  6. For any analyte not within the acceptance limit established by the Department or the proficiency testing service in subsection (C)(5), as applicable:
    - a. A corrective action plan:
      - i. Is submitted to the Department within 10 calendar days after failing to demonstrate competency in proficiency testing,
      - ii. Describes how each identified instance of failing to demonstrate competency will be corrected, and
      - iii. Includes a date for correcting the failure to demonstrate competency that is appropriate to the actions necessary to correct the instance of noncompliance; and
    - b. If the laboratory fails to demonstrate competency in proficiency testing for any analyte twice in a row, the laboratory does not test for the analyte until the laboratory has demonstrated competency in testing for the analyte by repeat proficiency testing.
- D.** The Department may submit proficiency testing samples to a laboratory at any time during the certification period.

**Historical Note**

New Section made by exempt rulemaking at 26 A.A.R. 734, with an immediate effective date of April 2, 2020 (Supp. 20-2).

**R9-17-404.02. Proficiency Testing**

- A.** At least once in each 12-month period, and more often if requested by the Department, a technical laboratory director shall have at least one laboratory agent, selected according to policies and procedures, participate in proficiency testing provided by the Department or a proficiency testing service that:
1. Includes at least one proficiency testing sample, in a matrix similar to the medical marijuana or marijuana products accepted for testing, for each parameter and analyte for which the laboratory has been approved or is requesting approval;
  2. Demonstrates the laboratory agent's competence in testing for the parameter; and
  3. If the laboratory has been approved or has requested approval to test an analyte by different methods, may use the same proficiency testing sample for each method.
- B.** To demonstrate competence in testing for a parameter, testing results reported for the parameter shall be within acceptance limits established by the Department, according to R9-17-404.03 or R9-17-404.04, or the proficiency testing service, as applicable.
- C.** A technical laboratory director shall ensure that:
1. Each sample for proficiency testing accepted at the laboratory is analyzed at the laboratory;
  2. Each sample for proficiency testing is tested according to R9-17-404.03 or R9-17-404.04, using the same procedures and techniques employed for routine sample testing;
  3. A proficiency testing service provides the results for each proficiency testing sample directly to the laboratory and the Department;
  4. If proficiency testing is provided by the Department, the laboratory submits to the Department payment for the actual costs of the materials for proficiency testing;

**R9-17-404.03. Method Criteria and References for Chemical Analyses**

- A.** In addition to the definitions in A.R.S. § 36-2801 and R9-17-101, the following definitions apply in this Section unless otherwise stated:
1. "Limit of quantitation" means the lowest concentration of an analyte that may be detected and the concentration of the analyte reliably and accurately determined.
  2. "Mid-level standard" means a standard that is between the highest concentration and lowest concentration of standards containing the same substances that are used as a reference when testing for the concentration of an analyte.
  3. "Response factor" means the ratio between a signal produced by an analyte relative to a signal produced by an internal standard at a specific concentration.
  4. "Retention time" means the length of time taken by an analyte to pass through a chromatography column.
  5. "Standard" means a sample of known concentration and containing specific substances that is used as a reference when testing for the concentration of an analyte.
- B.** To perform laboratory testing using chemical analytical methods for any of the analytes in Table 3.1, a laboratory may use:
1. An established national or international chemical method; or
  2. A laboratory-developed method that was validated according to:
    - a. AOAC - Appendix K: Guidelines for Dietary Supplements and Botanicals, 2013, which is incorporated by reference, includes no future editions or

- amendments, and is available at [http://www.coma.aoac.org/app\\_k.pdf](http://www.coma.aoac.org/app_k.pdf);
- b. USDA - Guidelines for the Validation of Chemical Methods for the FDA FVM Program, 2nd Edition, April 2015, which is incorporated by reference, includes no future editions or amendments, and is available at <https://www.fda.gov/media/81810/download>; or
  - c. ICH - Validation of Analytical Procedures: Text and Methodology Q2(R1) 2005, which is incorporated by reference, includes no future editions or amendments, and is available at [https://database.ich.org/sites/default/files/Q2\\_R1\\_Guideline.pdf](https://database.ich.org/sites/default/files/Q2_R1_Guideline.pdf) or <https://www.fda.gov/regulatory-information/search-fda-guidance-documents/q2-r1-validation-analytical-procedures-text-and-methodology>.
- C. A technical laboratory director shall ensure that all instruments and equipment used for testing medical marijuana or a marijuana product by chemical analytical methods are:
1. Set up, tuned, and calibrated according to:
    - a. Manufacturer's acceptance criteria, or
    - b. Criteria validated according to subsection (B), as applicable;
  2. Monitored and maintained according to AOAC - Guidelines for Laboratories Performing Microbiological and Chemical Analyses of Food, Dietary Supplements, and Pharmaceuticals, Appendix A: Equipment, August 2018, which is incorporated by reference, includes no future editions or amendments, and is available at <https://www.aoac.org/aoac-accreditation-guidelines-for-laboratories-alacc>; and
  3. Applicable for the analytes to be tested.
- D. A technical laboratory director shall ensure that for an initial demonstration of capability:
1. Before implementing a method or using a new instrument, at least four replicate reference samples including each analyte that are to be tested using the method or the instrument are:
    - a. Spiked into a clean matrix that is similar to the medical marijuana or marijuana product to be tested with a mid-level standard;
    - b. Taken through the entire sample preparation and analysis process;
    - c. Have a relative standard deviation of no more than 20%; and
    - d. Have an accuracy that meets the acceptance criteria in subsection (K)(2)(d);
  2. Whenever a significant change to instrumentation or to a standard operating procedure occurs, the laboratory demonstrates, as specified in subsection (D)(1), that acceptable precision and bias can still be obtained by the changed conditions; and
  3. Whenever a new laboratory agent who will be performing testing on medical marijuana or marijuana products is being trained, the laboratory agent demonstrates, as specified in subsection (D)(1), acceptable precision and bias.
- E. For potency testing or testing for pesticides, fungicides, growth regulators, mycotoxins, or residual solvents, a technical laboratory director shall ensure that the retention time window for each analyte is established by using the absolute retention time for each analyte and internal standard from the calibration verification standard, prepared according to subsection (H) or (J) as applicable, at the beginning of the analytical sequence.
- F. A technical laboratory director shall ensure that:
1. The laboratory complies with the following requirements related to calibration and standards:
    - a. Except as specified in subsection (F)(1)(c), a minimum of:
      - i. Five standards are used for an average response factor or for a linear model,
      - ii. Six standards are used for a quadratic model, and
      - iii. Seven standards are used for a cubic model;
    - b. An X-value of zero is not included as a calibration point;
    - c. A calibration curve for heavy metal testing includes a minimum of three standards and a calibration blank;
    - d. One standard is less than or equal to the limit of quantitation;
    - e. The maximum allowable concentration in Table 3.1 for an analyte, with or without dilution, is less than the concentration of the highest calibration standard for the analyte; and
    - f. As applicable, a standard is created containing a concentration of specific analytes that is a dilution factor from the maximum allowable concentration in Table 3.1 for the analyte and is used when performing multiple runs on a sample, with or without dilution, to cover the range of maximum allowable concentrations in Table 3.1;
  2. The acceptance criteria for testing is one of the following, as applicable:
    - a. The maximum relative standard deviation for the average calibration factor, for an external calibration model, or the response factor, for an internal calibration model, is no more than 20%; and
    - b. For linear and non-linear calibration models, the coefficient of determination ( $r^2$ ) is greater than or equal to 0.990 with no rounding;
  3. For chromatographic testing methods using internal standards for calibration:
    - a. The relative retention time of each analyte to the internal calibration standard is within 0.06 units;
    - b. The areas of the peaks for the internal standards in any sample are between 50 and 200% of the area of the peak of a mid-level standard used for calibration; and
    - c. The internal standards:
      - i. Have retention times similar to the analytes being tested for,
      - ii. Do not interfere with any of the analytes, and
      - iii. Have similar chemical properties as the analytes being tested for;
  4. For methods testing for heavy metals using internal standards, the internal standards:
    - a. Are appropriate for the analyte, and
    - b. Do not interfere with any of the analytes;
  5. When using a selective ion monitoring technique for data gathering, the integration window includes the entire analyte peak; and
  6. All standards included for calibration that are below the limit of quantitation have a signal-to-noise ratio of at least 3:1 according to ASTM E685-93, Standard Practice for Testing Fixed-Wavelength Photometric Detectors Used in Liquid Chromatography (2013), which is incorporated by reference, includes no future editions or amendments, and

**G.** To obtain an acceptable calibration, a technical laboratory director, for each calibration event:

1. May use any of the following options:
  - a. Perform instrument maintenance to optimize analyte responses, as long as all resulting calibration models meet the acceptance criteria appropriate for the analyte;
  - b. If the problem appears to be associated with a single standard:
    - i. Reanalyze that one standard, at the time of calibration and before any samples are analyzed, to rule out problems due to random error; and
    - ii. Recalculate and reevaluate the standard against the acceptance criteria;
  - c. Narrow the calibration range by replacing one or more of the calibration standards at the upper or lower ends of the curve;
  - d. Narrow the calibration range by removing data points from either extreme end of the range and recalculating the calibration function; or
  - e. Perform a new initial calibration according to subsection (F); and
2. May not:
  - a. Remove data points from within a calibration range while still retaining the extreme ends of the calibration range,
  - b. Use non-linear calibrations to compensate for detector saturation or to avoid proper instrument maintenance;
  - c. Use multiple points at the same calibration level if not also being done for all quality control samples, such as a sample required in subsection (K), and samples accepted for testing; or
  - d. Include calibration data from another calibration that was run at a different time.

**H.** A technical laboratory director shall ensure that, during each calibration event for initial calibration verification:

1. Standards are prepared either from a different source or from a different lot of standards from the same source than the source from which the initial calibration standards specified in subsection (F)(1) were obtained and must:
  - a. Be a mid-level standard; and
  - b. Contain all analytes being reported to comply with R9-17-317(A)(5); and
2. The following acceptance criteria are used:
  - a. For potency testing, 80 to 120% recovery of true value;
  - b. For testing for pesticides, fungicides, growth regulators, mycotoxins, or residual solvents other than butanes, 70 to 130% recovery of the true value;
  - c. For butanes, 60 to 140% recovery of the true value; and
  - d. For heavy metal testing, 90 to 110% recovery of the true value.

**I.** A technical laboratory director shall ensure that for the limit of quantitation:

1. The limit of quantitation is initially verified by the analysis of at least seven replicate samples, spiked with all analytes at the limit of quantitation, and processed through all preparation and analysis steps for each method;

2. The signal-to-noise ratio of the replicate samples in subsection (I)(1) is at least 5:1 according to ASTM E685-93, Standard Practice for Testing Fixed-Wavelength Photometric Detectors Used in Liquid Chromatography (2013), which is incorporated by reference, includes no future editions or amendments, and is available at <https://webstore.ansi.org/Standards/ASTM/astme685932013>;
3. The mean recovery of the replicate samples in subsection (I)(1) is:
  - a. For potency testing,  $\pm 20\%$  of the true value;
  - b. For testing for pesticides, fungicides, growth regulators, mycotoxins, or residual solvents,  $\pm 50\%$  of the true value; and
  - c. For heavy metal testing,  $\pm 35\%$  of the true value;
4. The relative standard deviation of the replicate samples in subsection (I)(1) is less than 20%;
5. The limit of quantitation is, as applicable, no greater than:
  - a. Half the maximum allowable concentrations for an analyte in Table 3.1;
  - b. For chlorfenapyr, cyfluthrin, or cypermethrin, the maximum allowable concentrations for the analyte in Table 3.1; or
  - c. 1.0 mg/g for each analyte for potency testing;
6. Any changes to specific sample amounts, dilutions, or volumes employed are reflected in the limit of quantitation stated on a sample report;
7. The signal-to-noise ratio in subsection (I)(2) is reverified each time the instrument used for testing is calibrated; and
8. Documentation of the current limit of quantitation is maintained for each analyte, matrix, and instrument.

**J.** Except as provided in subsection (P), a technical laboratory director shall ensure that for batch analysis:

1. Continuing calibration verification standards:
  - a. Are prepared and spiked with a mid-level concentration of all analytes from the same calibration standard source used to prepare the standards specified in subsection (F)(1); and
  - b. Have the following acceptance criteria:
    - i. For potency testing, 80 - 120% recovery of true value;
    - ii. For testing for pesticides, fungicides, growth regulators, or mycotoxins, or residual solvents other than butanes, 70 - 130% recovery of the true value;
    - iii. For butanes, 60 - 140% recovery of the true value; and
    - iv. For heavy metal testing, 90 - 110% recovery of the true value;
2. If internal standards are used in continuing calibration verification, the acceptability criteria of the internal standards is determined as follows:
  - a. For testing for pesticides, fungicides, growth regulators, mycotoxins, or residual solvents by mass spectrometry, if the area of the peak for an internal standard is different by a factor of two from the area of the respective standard in subsection (F)(1)(e), for the most recent initial calibration sequence, according to subsection (F):
    - i. The mass spectrometer is inspected for malfunctions and corrected, and
    - ii. Reanalysis of the continuing calibration verification meets acceptance criteria in subsection (J)(1)(b)(ii) before any samples are tested; and

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- b. For heavy metal testing:
      - i. The intensity of an internal standard is monitored for each analysis to ensure that the intensity does not vary by more than  $\pm 30\%$ , with respect to the intensity during the initial calibration in subsection (F); and
      - ii. If the intensity of an internal standard is outside the range also observed in the calibration blank required in subsection (F)(1)(c):
        - (1) Testing is stopped until the problem is corrected, the instrument is recalibrated, and the new calibration is verified;
        - (2) Reanalysis of the continuing calibration verification meets acceptance criteria in subsection (J)(1)(b)(iii) before any samples are tested; and
        - (3) The affected samples are retested; and
  - 3. The frequency of continuing calibration verification is as follows:
    - a. For testing by a method other than mass spectrometry:
      - i. At the beginning of the test;
      - ii. After every 20 samples, not counting a quality control sample, such as a sample required in subsection (K); and
      - iii. At the end of the test; and
    - b. For testing by mass spectrometry:
      - i. At the beginning of the testing,
      - ii. After every 12 hours of running, and
      - iii. At the end of the run.
- K. Except as provided in subsection (P), a technical laboratory director shall ensure that for batch analysis, which may contain no more than 20 samples accepted for testing:
  - 1. A method blank, with a matrix similar to each type of sample matrix to be tested within the batch:
    - a. Contains the same internal standards as the samples in the batch,
    - b. Is prepared and tested with each batch, and
    - c. Produces results below the limit of quantitation;
  - 2. Except as provided in subsection (R), a laboratory control sample and duplicate, with a matrix similar to each type of sample matrix to be tested within the batch:
    - a. Are prepared with a mid-level standard;
    - b. Are spiked before extraction;
    - c. Are carried through all stages of sample preparation and included with each analytical batch; and
    - d. Have either the following acceptance criteria:
      - i. For potency testing, 80 - 120% recovery of true value;
      - ii. For pesticides, fungicides, growth regulators, mycotoxins, or residual solvents other than butanes, 70 - 130% recovery of the true value or according to control limits derived according to R9-17-404.05(B)(10);
      - iii. For butanes, 60 - 140% recovery of the true value or acceptance criteria within statistically derived limits developed by the laboratory; and
      - iv. For heavy metal testing, 80 - 120% recovery of the true value or acceptance criteria within statistically derived limits developed by the laboratory;
  - 3. The relative percent difference for the laboratory control sample and duplicate for each analyte, calculated on the basis of concentration or amount, is no more than 20%; and
- 4. For all new matrix types to be tested, a matrix spike derived from a dispensary submitted sample:
  - a. Is prepared for each analyte in Table 3.1 with a mid-level standard;
  - b. Is carried through all stages of sample preparation and included with each analytical batch of up to 20 samples for each matrix type; and
  - c. Has either the following acceptance criteria or acceptance criteria within statistically derived limits developed by the laboratory:
    - i. For potency testing, 80 - 120% recovery of true value or according to control limits derived according to R9-17-404.05(B)(10);
    - ii. For testing for pesticides, fungicides, growth regulators, mycotoxins, or residual solvents, 70 - 130% recovery of the true value or according to control limits derived according to R9-17-404.05(B)(10); and
    - iii. For heavy metal testing, 75 - 125% recovery of the true value.
- L. A technical laboratory director shall ensure that:
  - 1. Except as provided in subsection (P), for potency testing or testing for pesticides, fungicides, growth regulators, mycotoxins, or residual solvents by mass spectrometry, the relative intensities of the characteristic ions agrees within 30% of the relative intensities of these ions in the reference spectrum; and
  - 2. For heavy metal testing, the intensity of each internal standard is monitored for each analysis to ensure that the intensity does not vary more than  $\pm 30\%$ , with respect to the intensity of the internal standard during the initial calibration specified in subsection (F).
- M. A technical laboratory director shall ensure that:
  - 1. In testing, by a method other than mass spectrometry, the resolution of chromatographic peaks is maintained so that the height of the valley between two chromatographic peaks is less than 50% of the lower peak height; and
  - 2. For testing by mass spectrometry methods, the resolution of chromatographic peaks is maintained so that the height of the valley between two chromatographic peaks is less than 50% of the average of the two peak heights.
- N. A technical laboratory director shall ensure that confirmation for testing for pesticides, fungicides, growth regulators, or residual solvents by a method other than mass spectrometry:
  - 1. Is performed using:
    - a. A second column:
      - i. That has a stationary phase dissimilar to the stationary phase in the primary column, and
      - ii. From which the analyte is eluted in a different order than from the primary column;
    - b. A different instrument type, such as gas chromatography followed by mass spectrometry;
    - c. Gas chromatography with two different types of detectors; or
    - d. Other recognized confirmation techniques;
  - 2. Meets the applicable criteria in subsections (D) through (M); and
  - 3. Includes as part of the confirmation of the analyte:
    - a. An evaluation of the agreement of the quantitative values of the results from both methods of testing; and

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

- b. Determination of the relative percent difference between the values.
- O. If the relative percent difference between the values obtained according to subsection (N) is more than 40%, a technical laboratory director shall ensure that:
1. The chromatograms are checked to see if an obviously overlapping peak is causing an erroneously high result, and the chromatographic conditions are reviewed; and
  2. Either:
    - a. If a problem is found with one of the tests, the result from the other test is reported; and
    - b. If there is no evidence of a chromatographic problem, the higher result is reported.
- P. A technical laboratory director may release testing results that are scientifically valid and defensible, according to R9-17-404.06(B)(3), with the following data qualifier notations if:
1. The target analyte detected in the calibration blank required in subsection (F)(1)(c) or the method blank specified in subsection (K)(1) is at or above the limit of quantitation, but the sample result:
    - a. For potency testing, is below the limit of quantitation - B1; or
    - b. When testing for pesticides, fungicides, growth regulators, mycotoxins, heavy metals, or residual solvents, is below the maximum allowable concentration in Table 3.1 for the analyte - B2;
  2. The limit of quantitation and the sample results were adjusted to reflect sample dilution - D1;
  3. The relative intensity of a characteristic ion in a sample analyte exceeded the acceptance criteria in subsection (L)(1) with respect to the reference spectra, indicating interference - I1;
  4. When testing for pesticides, fungicides, growth regulators, mycotoxins, heavy metals, or residual solvents, the percent recovery of a laboratory control sample is greater than the acceptance limits in subsection (K)(2)(c), but the sample's target analytes were not detected above the maximum allowable concentrations in Table 3.1 for the analytes in the sample - L1;
  5. The recovery from the matrix spike in subsection (K)(4) was:
    - a. High, but the recovery from the laboratory control sample in subsection (K)(2) was within acceptance criteria - M1,
    - b. Low, but the recovery from the laboratory control sample in subsection (K)(2) was within acceptance criteria - M2, or
    - c. Unusable because the analyte concentration was disproportionate to the spike level, but the recovery from the laboratory control sample in subsection (K)(2) was within acceptance criteria - M3;
  6. The analysis of a spiked sample required a dilution such that the spike recovery calculation does not provide useful information, but the recovery from the associated laboratory control sample in subsection (K)(2) was within acceptance criteria - M4;
  7. The analyte concentration was determined by the method of standard addition, in which the standard is added directly to the aliquots of the analyzed sample - M5;
  8. A description of the variance is described in the final report of testing according to R9-17-404.06(B)(3)(d)(ii) - N1;
  9. The relative percent difference for the laboratory control sample and duplicate exceeded the limit in subsection (K)(3), but the recovery in subsection (K)(2) was within acceptance criteria - R1;
  10. The relative percent difference for a sample and duplicate exceeded the limit in subsection (O) - R2; or
  11. The recovery from initial or continuing calibration verification standards is greater than the acceptance limits in subsection (H)(2) or (J)(1)(b) as applicable, but the sample's target analytes were not detected above the maximum allowable concentrations in Table 3.1 for the analytes in the sample - V1.
- Q. A technical laboratory director shall include in the final report of testing, according to R9-17-404.06(B)(3)(d)(iii), the following data qualifier notations if:
1. Sample integrity was not maintained - Q1;
  2. The sample is heterogeneous, and sample homogeneity could not be readily achieved using routine laboratory practices - Q2; or
  3. Testing result is for informational purposes only and cannot be used to satisfy dispensary testing requirements in R9-17-317.01(A) or labeling requirements in R9-17-317 - Q3.
- R. For batch analysis of samples to determine potency, a technical laboratory director may check precision by using either a duplicate laboratory control sample or a duplicate sample prepared from the medical marijuana or marijuana product being tested, according to requirements in subsections (K)(2) and (3).
- S. A technical laboratory director shall ensure that the reporting units for:
1. Pesticides, fungicides, growth regulators, heavy metals, or residual solvents are in parts per million (ppm);
  2. Mycotoxins are according to R9-17-404.04(I)(4); and
  3. Potency are:
    - a. In either:
      - i. Percent (w/w) relative to the bulk plant material or marijuana product, as applicable; or
      - ii. Number of milligrams per designated unit; and
    - b. For:
      - i. Total tetrahydrocannabinol, the sum of tetrahydrocannabinolic acid (THC-A), multiplied by 0.877, and delta-9-tetrahydrocannabinol ( $\Delta$ 9-THC); and
      - ii. Total cannabidiol, the sum of cannabidiolic acid (CBD-A), multiplied by 0.877, and cannabidiol (CBD).

    - b. Requirements for the specific method, as specified in subsection (A)(1)(a) or (b), as applicable;
  2. Monitored and maintained according to AOAC - Guidelines for Laboratories Performing Microbiological and Chemical Analyses of Food, Dietary Supplements, and Pharmaceuticals, 6.3: Facilities and Environmental Conditions, 6.4: Equipment, 7.7: Ensuring the Validity of Results, and Appendix A: Equipment, August 2018, which is incorporated by reference, includes no future editions or amendments, and is available at [www.aoac.org/aoac-accreditation-guidelines-for-laboratories-alacc](https://www.aoac.org/aoac-accreditation-guidelines-for-laboratories-alacc); and
  3. Applicable for the analytes to be tested.
- C.** A technical laboratory director shall ensure that:
1. The organisms required as controls are checked, as appropriate for their application:
    - a. To ensure there is no contamination with other organisms,
    - b. For verification of biochemical or other biological characteristics, and
    - c. To ascertain the number of organisms; and
  2. Documentation is maintained of the:
    - a. Checking required in subsection (C)(1), and
    - b. Traceability of the organisms in subsection (C)(1) from date of possession.
- D.** A technical laboratory director shall ensure that for an initial demonstration of capability:
1. Before implementing a method, at least four replicate reference samples for each analyte are:
    - a. Spiked with control organisms at an amount allowing for quantitation, and
    - b. Taken through the entire sample preparation and analysis process;
  2. Whenever a significant change to instrumentation or to a standard operating procedure occurs, the laboratory demonstrates, as specified in subsection (D)(1), that acceptable precision and bias can still be obtained by the changed conditions; and
  3. Whenever a new laboratory agent who will be performing testing on medical marijuana or marijuana products is being trained, the laboratory agent demonstrates, as specified in subsection (D)(1), acceptable precision and bias.
- E.** A technical laboratory director shall ensure that each batch of media or reagent:
1. Is examined to ensure it is suitable for use;
  2. If externally prepared, has a certificate of meeting quality control standards, issued by the manufacturer, before the batch of media or reagent is used;
  3. If internally prepared, has documentation of:
    - a. Instructions for preparation;
    - b. Traceability to dehydrated media or reagent concentrate;
    - c. Sterility, including, as applicable:
      - i. Autoclave records showing the date, run number, autoclave identifier, nature of the material being autoclaved, time at desired temperature, and name of the laboratory agent starting the autoclave; and
      - ii. For another sterilization method, records showing the date, type of sterilization method, nature of the material being sterilized, confirmation of the sterilization as applicable to the method, and name of the laboratory agent initiating the sterilization method;
  - d. Checking for the following, as applicable, including the name of the laboratory agent who performed the check and date of the check:
    - i. pH,
    - ii. Appearance,
    - iii. Fill volumes,
    - iv. Batch size, and
    - v. Quantity; and

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

4. Undergoes quality control verification, as applicable, including the name of the laboratory agent who performed the verification and date of verification, for:
  - a. The ability of media to sustain growth of the organism for which the media will be used;
  - b. If applicable, the ability of media to select for specific organisms or characteristics of an organism;
  - c. The ability of a reagent to function as intended; and
  - d. Sterility of the media or reagent before use.
- F. If test kits or other identification systems are used for laboratory testing, a technical laboratory director shall ensure that:
  1. Each lot of test kits or other identification systems undergoes quality control verification before use, including the name of the laboratory agent who performed the verification and date of verification, for:
    - a. Having a certificate of meeting quality control standards, issued by the manufacturer; and
    - b. Passing a visual inspection of physical characteristics;
  2. If an identification system is intended to speciate organisms, the identification system is tested with at least one control organism appropriate for the identification system to confirm acceptability; and
  3. For testing using ELISA:
    - a. The ELISA testing calibration curve has at least four standards;
    - b. The standards in subsection (F)(3)(a) bracket the maximum allowable contaminants in Table 3.1 for the analyte; and
    - c. For linear and non-linear calibration models, the coefficient of determination ( $r^2$ ) is greater than or equal to 0.990 with no rounding.
- G. A technical laboratory director shall ensure that:
  1. For testing for *Aspergillus* with a plating method:
    - a. One of the following plating media is used:
      - i. Malt extract agar, BAM Media M182;
      - ii. Dichloran rose bengal chloramphenicol agar, BAM Media M183; or
      - iii. Potato dextrose agar with rose bengal and chloramphenicol; and
    - b. Petrifilm™, Simplate™, or another pre-made plate that is unsuitable for growing spreading molds is not used;
  2. For testing for mycotoxins by any method, at least a 0.5 g sample is tested;
  3. For testing for *Aspergillus* or *Salmonella*, the samples are enriched using a validated AOAC method; and
  4. For samples that test “Detected” for *Aspergillus* or *Salmonella*:
    - a. A log is maintained identifying the samples, and
    - b. A sample is only retested when quality control standards have failed or when recommended by the instrument manufacturer.
- H. A technical laboratory director shall include in the final report of testing, according to R9-17-404.06(B)(3)(d)(iii), the following data qualifier notations if:
  1. The limit of quantitation and the sample results were adjusted to reflect sample dilution - D1;
  2. A description of the variance is described in the final report of testing according to R9-17-404.06(B)(3)(d)(ii) - N1;
  3. Sample integrity was not maintained - Q1;
  4. The sample is heterogeneous, and sample homogeneity could not be readily achieved using routine laboratory practices - Q2; or
  5. Testing result is for informational purposes only and cannot be used to satisfy dispensary testing requirements in R9-17-317.01(A) or labeling requirements in R9-17-317 - Q3.
- I. A technical laboratory director shall ensure that:
  1. The reporting units for *Escherichia coli* are colony forming units per gram (CFU/g);
  2. Reporting for *Salmonella* is “Detected” or “Not detected” in one gram;
  3. Reporting for *Aspergillus* is “Detected” or “Not detected” in one gram; and
  4. Reporting for mycotoxins includes:
    - a. Total aflatoxins in units of micrograms per kilogram ( $\mu\text{g/kg}$ ), and
    - b. Ochratoxin A in units of micrograms per kilogram ( $\mu\text{g/kg}$ ).

**R9-17-404.05. Quality Assurance**

- A. An owner holding a laboratory registration certificate or applicant shall ensure that the analytical data produced at the owner's or applicant's laboratory are of known and acceptable precision and accuracy, as prescribed by the method criteria for each analyte in R9-17-404.03 or R9-17-404.04, and are scientifically valid and defensible.
- B. An owner holding a laboratory registration certificate or applicant shall establish, implement, and comply with a written quality assurance plan that contains the following and is available at the laboratory for Department review:
  1. A title page identifying the laboratory and date of review and including the technical laboratory director's signature of approval;
  2. A table of contents;
  3. An organization chart or list of the laboratory personnel, including names, lines of authority, and identification of principal quality assurance personnel;
  4. A copy of the current laboratory registration certificate and a list of approved parameters;
  5. A statement of quality assurance objectives, including data quality objectives with precision and accuracy goals and the criteria for determining the acceptability of each testing;
  6. Specifications for preservation of samples;
  7. A procedure for documenting laboratory receipt of samples and tracking of samples during laboratory testing;
  8. A procedure for analytical instrument calibration, including frequency of calibration and complying with the requirements for calibration in subsection (D);
  9. A procedure for testing data reduction and validation and reporting of final results, including the identification and treatment of data outliers, the determination of the accuracy of data transcription, and all calculations;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

10. If using control limits derived by the laboratory as a basis for determining acceptance of a testing result, a procedure to ensure that the control limits are:
    - a. Statistically significant, valid, and defensible; and
    - b. Updated at least every 12 months;
  11. A statement of the frequency of all quality control checks;
  12. A statement of the acceptance criteria for all quality control checks;
  13. Preventive maintenance procedures and schedules;
  14. Assessment procedures for data acceptability, including appropriate procedures for manual integration of chromatograms and when manual integration is inappropriate;
  15. Corrective action procedures to be taken when results from analytical quality control checks are unacceptable, including steps to demonstrate the presence of any interference if the precision, accuracy, or limit of quantitation of the reported testing result is affected by the interference; and
  16. Procedures for chain-of-custody documentation, including procedures for the documentation and reporting of any deviation from the sample handling or preservation requirements.
- C. An owner holding a laboratory registration certificate or applicant shall ensure that a laboratory's written quality assurance plan is a separate document available at the laboratory and includes all of the components required in subsection (B), but an owner or applicant may satisfy the components required in subsections (B)(3) through (16) through incorporating by reference provisions in separate documents, such as standard operating procedures.
- D. An owner holding a laboratory registration certificate or applicant shall:
1. Have available at the laboratory all methods, equipment, reagents, and supplies necessary for the testing for which the owner or applicant is approved or is requesting approval;
  2. Use only reagents of a grade equal to or greater than that required by the method criteria in R9-17-404.03 or R9-17-404.04, and document the use of the reagents;
  3. Maintain and require each laboratory agent performing testing on medical marijuana or a marijuana product to comply with a complete and current standard operating procedure that meets the requirements for each method, as specified in R9-17-404.03 or R9-17-404.04, which shall include at least:
    - a. A description of all procedures to be followed, including the recording of the information required according to R9-17-404.06(B)(1)(g) and (k), when the method is performed;
    - b. A list of the concentrations for calibration standards, check standards, and spikes;
    - c. Requirements for instrumental conditions and set up;
    - d. A requirement for frequency of calibration;
    - e. The quantitative methods to be used to calculate the final concentration of an analyte in samples, including any factors used in the calculations and the calibration algorithm used; and
    - f. Requirements for preventative maintenance;
  4. Calibrate each instrument as required by the standard operating procedure, as specified in R9-17-404.03 or R9-17-404.04, for which the equipment is used;
  5. Maintain calibration documentation, including documentation that demonstrates the calculations performed using each calibration model;
  6. Develop, document, and maintain a current limit of quantitation, as specified in R9-17-404.03, for each compliance parameter for each instrument;
  7. For each parameter and analyte tested at the laboratory use the quality control acceptance criteria specified according to R9-17-404.03, R9-17-404.04, and Table 3.1;
  8. Discard or segregate all expired standards or reagents;
  9. Maintain a record showing the traceability of reagents; and
  10. Ensure that a calibration model is not used or changed to avoid necessary instrument maintenance.
- E. Except as provided in subsection (F), an owner holding a laboratory registration certificate or applicant shall ensure that each laboratory standard operating procedure is a separate document available at the laboratory and includes all of the components required in subsection (D)(3).
- F. An owner holding a laboratory registration certificate or applicant may satisfy the components required in subsections (D)(3)(e) and (f) through incorporating by reference provisions in separate documents, such as other standard operating procedures.

**R9-17-404.06. Operations**

- A. A technical laboratory director shall ensure that:
1. A sample of medical marijuana or a marijuana product accepted at the technical laboratory director's laboratory is analyzed:
    - a. Either:
      - i. At the laboratory with methods approved by the Department; or
      - ii. For testing of parameters or analytes that the laboratory is not approved by the Department to conduct, at another laboratory with an approval for testing issued by the Department;
    - b. As received; and
    - c. Within 10 calendar days after receipt;
  2. If an instrument or equipment used for testing medical marijuana or a marijuana product has a mechanism to track any changes made to testing results, the tracking mechanism is installed and activated;
  3. The facility and utilities required to operate equipment and perform testing of medical marijuana or marijuana products are maintained;
  4. Environmental controls are maintained within the laboratory to ensure that laboratory environmental conditions do not affect analytical results beyond quality control limits established for the methods performed at the laboratory;
  5. Storage, handling, and disposal of hazardous materials at the laboratory are in accordance with all state and federal regulations;

## TITLE 9. HEALTH SERVICES

## CHAPTER 17. DEPARTMENT OF HEALTH SERVICES - MEDICAL MARIJUANA PROGRAM

6. The laboratory complies with all applicable federal, state, and local occupational safety and health regulations; and
7. The following information is maintained for all laboratory agents providing supervisory, quality assurance, or analytical functions related to testing of medical marijuana or a marijuana product:
  - a. A summary of each laboratory agent's education and professional experience;
  - b. Documentation of each laboratory agent's applicable certifications and specialized training;
  - c. Information related to the laboratory agent's registry identification card;
  - d. Documentation of each laboratory agent's review of the quality assurance plan required under R9-17-404.05(B) and the methods and laboratory standard operating procedures for all testing of marijuana or marijuana products performed by the laboratory agent or for which the laboratory agent has supervisory or quality assurance responsibility;
  - e. Documentation of each laboratory agent's completion of training on the use of equipment and of proper laboratory technique, including the name of the laboratory agent, the name of the instructor, the duration of the training, and the date of completion of the training;
  - f. Documentation of each laboratory agent's completion of training classes, continuing education courses, seminars, and conferences that relate to the testing procedures used by the laboratory agent for testing of marijuana or marijuana products;
  - g. Documentation of each laboratory agent's completion of initial demonstration of capability, as required in R9-17-404.03(D)(3) or R9-17-404.04(D)(3), for each approved method performed by the laboratory agent;
  - h. Documentation of each laboratory agent's performance of proficiency testing; and
  - i. Documentation of each laboratory agent's completion of training related to instrument calibration that includes:
    - i. Instruction on each calibration model that the laboratory agent will use or for which the laboratory agent will review data;
